The Undergraduate Catalog is published at http://ugs.usf.edu/catalogs.php

General Use Guidelines:

The announcements, information, policies, rules, regulations, and procedures set forth in this Catalog are for information only and are subject to continual review and change without notice. As the Catalog may change each year, the most current catalog shall apply with exceptions to be approved by the appropriate academic Dean. For further information, see USF System Policy #10-059.

To the extent the catalog references and incorporates Florida Board of Governor and USF Board of Trustee Regulations, USF Policies, and state or federal statutes, it is important to note that the Regulations, Policies and Statutes require separate promulgation outside of the catalog and that promulgation may not coincide with the publication of the Catalog. Accordingly, the most recent and current adopted Regulation, Policy or statute should be applied when following this Catalog. See http://regulationspolicies.usf.edu/regulations-and-policies/regulations-policies-procedures.asp

The University of South Florida is committed to the principles of equal education, equal access, and equal employment opportunities without regard to race, color, marital status, sex, religion, national origin, disability, age, or Vietnam or disabled veteran status as provided by law and in accordance with the University’s respect for personal dignity. These principles are applied in the conduct of University programs and activities and the provision of facilities and services.

Campus Visit Experience

Visiting USF is one of the best ways to experience what this institution has to offer. While each of USF campuses have designed campus visit experiences to best reflect their distinctive identity, the goal is for our guests to depart with their questions and their next steps determined.

USF Tampa

The USF Campus Visit experience includes the following:

- **A Tour of Campus** - Student-led by our Green & Gold Guides, the tour will give you an up-close view of our top-rated academic facilities, a spacious suite-style residence hall, delicious dining options, student support offices, high-tech recreation center, and other points of interest. In addition, you will hear from current USF students about what life is really like on our dynamic campus!

- **An Information Session** - Presented by an admissions professional, the session will provide an overview of the university, admissions requirements, financial aid, dining services, residential life, scholarships and campus life.

Campus visits are offered Monday-Friday at 10:00 a.m. and 2:00 p.m. and last approximately 2.5 hours. Tours also are offered on most Saturdays at 10:00 a.m. during the academic year (September through April). Individual and family tours and groups are available.

Please visit the Office of Admissions for more information and to schedule a visit at https://www.usf.edu/admissions/freshmen/visit-campus/campus-tour/campus-visit-experience.aspx

A Virtual Campus Tour is available at https://www.usf.edu/about-usf/tour.aspx

USF Saint Petersburg

The Campus Tour at USF St. Petersburg conveys our commitment to a culture community. Students experience our breezy, waterfront campus with one of our student Navigators while learning about USF St. Petersburg’s academic programs, student organizations, and waterfront recreations such as sailing or kayaking. Our campus tours feature our various academic and student life spaces, some of which have earned impressive ratings for their focus on sustainability.

Before the tour, you will receive an information session from an admissions professional. Designed to guide prospective students through the application process, the session provides details on the admission requirements and scholarships.

Lasting 90 to 120 minutes, USFSP’s Campus Tours are offered Monday through Friday, and on select Saturdays. The tour schedule changes each semester but they are typically offered each weekday (except for holidays) at 10:00am and 2:00pm.

To schedule your USFSP Campus Tour, please register at https://www.usfsp.edu/undergraduate-admissions/visit-us/tour. If you have questions about the tour, please contact the Navigator Campus Tours Office at 727-873-4562.

USF Sarasota-Manatee

Campus tours at USF Sarasota-Manatee are designed to help students gain an appreciation for the culture of the campus and local community, and help prospective students see why USF Sarasota-Manatee students choose to receive a preeminent education in a small school atmosphere. Guests take a guided tour of our campus: walking our halls, stepping into the classrooms, and laying beneath the pines in one of our hammocks. The tours are conducted by our Campus Experience guides who share the history and statistics of the campus, while helping flesh out the experience through their unique student lens.

Prior to the tour, students will receive an information session from an admissions counselor. This presentation will help to set the context for the tour, explain the programs and opportunities available on campus, and explain the application and scholarship process.
Tours typically last between 30 to 45 minutes, and are offered Monday, Wednesday, and Fridays at 10:00am and 3:00pm. Tour schedules may change during summer semesters and holiday hours.

To schedule a USF Sarasota-Manatee Campus Tour, please register at www.usfsm.edu/visit. If you have questions about the tour or other visit opportunities, such as Open Houses, please contact the Campus Experience team at 941-359-4331.

In 2018, the Florida Board of Governors designated USF as a Preeminent State Research University, placing USF in the most elite category among the state’s 12 public universities.

For additional Administrative areas, visit [https://www.usf.edu/about-usf/administrative-units.aspx](https://www.usf.edu/about-usf/administrative-units.aspx)

Mission and Goals

Mission

Led by outstanding faculty and professional staff, the University of South Florida conducts innovative scholarship, creative activity and basic and translational research, and delivers a world-class educational experience promoting the success of our talented and diverse undergraduate, graduate, and professional students. As a public metropolitan research university, USF, in partnership with our communities, serves the people of Florida, the nation, and the world by fostering intellectual inquiry and outcomes that positively shape the future - regionally, nationally and globally.

Goals

1. To promote the lifelong success of well-educated, highly skilled, and adaptable alumnae/alumni who lead enriched lives, are engaged citizens and thrive in a dynamic global market.
2. To conduct high-impact research and innovation to advance frontiers of knowledge, solve global problems and improve lives.
3. To be a major social and economic engine creating robust global, national and regional partnerships to build a prosperous and sustainable future for our regional communities and the State of Florida.
4. To provide a safe, inclusive and vibrant community for learning, discovery, creative activities and transformative experiences enabled through adaptive design of physical, social and digital environments.
5. To practice continuous visionary planning and sound management throughout USF to ensure a strong and sustainable financial base, and to adapt proactively to emerging opportunities in a dynamic environment.

Commitment to Honor & Living the Commitment

As an ethical community, the University of South Florida is dedicated to the ideals of excellence in student development, academic learning, scholarship and research. By joining this community, each member is expected to accept and live these commitments.

I resolve to maintain the honor and integrity of the university community in pursuit of student development, academic learning, scholarship and research.

*Living the Commitment:* A commitment to this resolution upholds our core values of honesty, diligence and trust within our academic and professional lives. This means that authentic and sincere efforts motivate our work while we strive for genuine, trustworthy interactions.

I resolve to respect the dignity and intrinsic value of all persons.

*Living the Commitment:* A commitment to this resolution requires appreciation for another's personal right to explore freely, to express oneself responsibly, and to participate actively in building an environment of mutual respect and inclusion for each individual. This means that we will support equal rights and opportunities for all people, while exhibiting behaviors which are compassionate and considerate to others.

I resolve to contribute to the progress and greater good of the community.
ABOUT USF

Living the Commitment: A commitment to this resolution motivates us to serve the University with words and actions that generate a positive impact on the future of the whole community. This means that active and creative thought and contributions within a collegial environment will expand both the nature and scope of knowledge and the quality of community life.

I resolve to strive for excellence and discovery for myself, others, and the University.

Living the Commitment: A commitment to this resolution confirms the shared values that make the University a strong community. We hold high expectations for our own academic and professional work. Concurrently, we endeavor to support the success of others as we all seek to contribute to the mission of the University.

About the University of South Florida

USF is the fastest-rising university in America, according to U.S. News and World Report's (U.S. News) 2021 Best Colleges rankings. Over the past 10 years, USF has risen 78 spots among all universities and 54 spots among public universities, more than any other university in the country. This is the second consecutive year USF is among the top 50 public universities in the nation, according to U.S. News. Learn more about USF Points of Pride.

Accreditation

The University of South Florida (USF) is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate, baccalaureate, master’s, specialist and doctorate degrees.

Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, or call 404-679-4500 for questions about the accreditation of the University of South Florida.

Normal inquiries about the institution, such as admission requirements, financial aid, educational programs, etc., should be addressed directly to the institution and not to the Commission’s Office.

For more information, visit https://www.usf.edu/about-usf/accreditation.aspx.

In addition to SACSCOC accreditation, which applies to the institution, many academic programs are accredited by specialized accreditors that focus on specific academic disciplines.

The University of South Florida and all colleges, departments and programs therein establish certain academic requirements that must be met before a degree is granted. These requirements concern such things as curricula and courses, majors and minors, and academic residence. Advisors, directors, department chairs, and deans are available to help the student understand and meet these requirements, but the student is responsible for fulfilling them. At the end of a student's course of study, if requirements for graduation have not been satisfied, the degree will not be granted. For this reason, it is important for all students to acquaint themselves with all regulations and to remain currently informed throughout their college careers and to be responsible for completing requirements. Courses, programs, and requirements described in the catalog may be suspended, deleted, restricted, supplemented, or changed in any other manner at any time at the sole discretion of the University and the USF Board of Trustees.
The University Library for the Tampa campus offers access to an extensive selection of print and electronic resources, including books, maps, e-journal, e-books, and countless databases. There is also a collection of audio/visual materials including videos, CDs, DVDs, and even LPs. Students and faculty also have access to specialized research assistance and information literacy instruction from our librarians. Assistance is available from research and reference librarians either by appointment, on-line via our website, by phone, or in a classroom setting.

The University Library for the St. Petersburg campus is home to the Nelson Poynter Memorial Library, and serves as a partner in teaching, learning and research. The St. Petersburg campus Library connects students and faculty to a variety of information sources, innovative opportunities, and diverse perspectives.

The University Library for the Sarasota-Manatee campus Library offers students, faculty, and staff access to the extensive holdings of the University Libraries, which include: over 1.3 million print books; over 52,000 e-journal subscriptions; over 443,000 e-books; and over 800 databases containing articles, media and other materials. Our librarians provide reference and research assistance in all courses of study, and can help you to better organize and execute your search for the things you need to get the job done.

In addition to the University Libraries, there are three special libraries. On the Tampa campus is the Shimberg Health Sciences Library (https://health.usf.edu/Shimberg-library/), serving the needs of USF Health, consisting of the Colleges of Medicine, Nursing, Pharmacy, Physical Therapy, and Public Health; and the Louis de la Parte Florida Mental Health Institute (FMHI) Research Library (https://www.usf.edu/cbcs/fmhi/), serving the College of Behavioral and Community Sciences. The Jane Bancroft Cook Library serves as a joint-use facility shared by New College and the Sarasota-Manatee campus.

Points of Pride

- USF Athletics serves nearly 450 student-athletes that train and compete in the athletic district located on the east end of the Tampa campus.
- USF fields 19 men's and women's varsity teams competing in 11 different sports, 18 at the NCAA Division I level in the American Athletic Conference.
- USF has won 19 conference titles since joining the American Athletic Conference in 2013, including at least three in five of the previous six seasons.
- USF has claimed 120 conference titles since it began intercollegiate competition in 1965.
- Bulls received 11 Conference Coach, Player or Rookie of the Year awards in 2018-19 and five were named All-American.
- 11 USF programs reached national post-season competition in the 2018-2019 season.
- Six USF programs achieved a Top 25 national ranking during the 2018-19 season and also the 2017-18 season, including the football program that posted a program record string of 20 straight weeks ranked in the Top 25. The Bulls had nine teams ranked in 2016-17.
- USF softball coach Ken Eriksen was named the head coach of the U.S. Olympic Women's Softball Team for the 2020 Games in Tokyo.
- The USF football team posted a pair of 10-plus win seasons, three straight seasons appearing in the Top 25 rankings and four straight bowl game appearances between 2015-18.
- Head Football Coach Jeff Scott came to USF after serving as co-offensive coordinator at Clemson and helped lead the Tigers to five straight College Football Playoff appearances, two national titles and a 70-5 record while he led the offense.
- The USF men's basketball team won a program record 24 games in 2018-19 and the CBI postseason championship. The women's basketball team has earned a postseason appearance in 15 of the last 16 seasons.
- USF Athletics has posted a combined annual grade-point average over 3.0 for each of the last four years and is currently in the midst of a program record string of 10 straight semesters with a combined term GPA over 3.0.
- USF Athletics has posted a Graduation Success Rate of 80 percent or better for six straight years.
- USF has seen more than 300 student-athletes earn their degree since 2016-17.
- USF student-athletes, coaches and staff contributed 4,277 hours of community service in 2018-19 and have logged more than 14,000 hours over the past three years.
- The Lee Roy Selmon Athletic Center is the hub of USF Athletics and includes state-of-the-art space for academic support services, life skills training, mentoring and team-building.
- USF has invested more than $70 million in recent years in renovating and maintaining some of the top athletic facilities in the nation and is currently raising funds for the construction of a new multi-million-dollar USF Football Center.
- USF student support is a big part of the Bulls' athletics success with an average of nearly 8,000 students per game attending home football games in recent seasons and student attendance increasing across all USF sporting events.

ABOUT USF

The USF Alumni Association is a nonprofit organization composed of former students and friends of the University of South Florida. The mission is to provide meaningful ways for USF Bulls to support, protect and promote their university. Additionally, the USF Alumni Association supports several student programs, including: Student Alumni Association - the largest student organization at USF; USF Ambassadors - student representatives for the university; and, Order of the Golden Brahman - USF's newest student service and leadership organization. There are more than 365,000 USF graduates worldwide who are critical to USF in achieving its goals.

Advancement/USF Foundation

The USF Foundation connects the university with donors who want to make a difference by providing private, philanthropic support to promote student success, academic initiatives, research and other strategic priorities of the University of South Florida. The USF Foundation is governed by an elected board whose members serve as advocates for the university, its colleges, campuses and units. Each volunteer board member is guided by a mission to promote private support, advocate for the university and manage the university's endowment.

For more information, visit foundation.usf.edu.

USF Policies

The Office of General Council website has helpful links to University of South Florida regulations and University policies. We hope that you will find these resources beneficial and we actively seek your input regarding additional content. For more information, visit http://regulationspolicies.usf.edu/

Undergraduate Academic Integrity Policy Statement

USF Regulation 3.027 - Academic Integrity of Students
https://usf.app.box.com/v/usfregulation3027

Academic integrity is the foundation of the University of South Florida's commitment to the academic honesty and personal integrity of its university community. Academic integrity is grounded in certain fundamental values, which include honesty, respect and fairness. Broadly defined, academic honesty is the completion of all academic endeavors and claims of scholarly knowledge as representative of one's own efforts. Knowledge and maintenance of the academic standards of honesty and integrity as set forth by the university are the responsibility of the entire academic community, including the instructional faculty, staff and students.

Diversity and Equal Opportunity Policy

USF Policy 0-007 Diversity and Equal Opportunity: Discrimination and Harassment
https://usf.app.box.com/v/usfpolicy0-007

The University of South Florida is a diverse community that values and expects respect and fair treatment of all people. USF strives to provide a work and study environment for faculty, staff and students that is free of discrimination and harassment on the basis of race, color, marital status, sex, religion, national origin, disability, age, or genetic information, as provided by law. USF protects its faculty, staff, and students from discrimination and harassment based on sexual orientation, as well as gender identity and expression. USF is also committed to the employment and advancement of qualified veterans with disabilities and veterans protected under the Vietnam Era Veterans' Readjustment Assistance Act, as amended (VEVRAA). As part of the effort to maintain an environment that is comfortable for all people and to ensure consistency with state and federal laws, the USF establishes this policy.

Discrimination, harassment and retaliation are prohibited within USF, and complaints of such conduct are to be filed with one of the two designated offices within the USF, specifically the Office of Diversity, Inclusion & Equal Opportunity (https://www.usf.edu/diversity/) or the Student Conduct and Ethical Development Office (https://www.usf.edu/student-affairs/student-conduct-ethical-development/index.aspx). The designated office will review such complaints and provide appropriate response including counseling, mediation, and/or referral for disciplinary action, up to and including termination from employment and/or expulsion from the USF.

In addition, DIEO and OSRR will, as part of their internal processes, report any conduct that may be criminal in nature, such as bias-motivated crimes, to the appropriate law enforcement entities as set forth in section [IV.B] of the policy.

Additionally, discriminatory conduct in the form of sexual misconduct/sexual harassment is also prohibited. (Please see USF Policy 0-004, Sexual Misconduct/Sexual Harassment (Including Battery).

Examples of prohibited conduct* include, but are not limited to:
### Title IX Policy

The University of South Florida community is most successful when it is based on respect and fair treatment of all people. USF strives to provide a work and study environment for faculty, staff and students that is free of discrimination and sexual harassment, including sexual violence. As part of the effort to maintain an environment that is comfortable for all people, USF establishes this Policy.

Sexual harassment, including sexual violence, is prohibited within USF, and complaints of such conduct are to be filed with the Office of Diversity, Inclusion and Equal Opportunity. The designated office will review such complaints and provide appropriate response including counseling, mediation (in limited circumstances), and/or referral for disciplinary action, up to and including termination from employment and/or expulsion from USF.

Pursuant to Title IX, the University does not discriminate on the basis of sex in educational programs or activities that it operates. Such protection extends to both employees and students. Any questions or inquiries concerning the application of Title IX may be referred to the Title IX Coordinator, the Title IX Senior Deputy Coordinator, to any of the University's Title IX Deputy Coordinators, or to the Office for Civil Rights (OCR). The most up-to-date information on the University's Title IX Coordinator and Deputy Coordinators can be found in the webpage for the Office of Diversity, Inclusion and Equal Opportunity, located at https://www.usf.edu/diversity/.

**The Title IX Coordinator is:**
Araiña Muñiz
USF Title IX Office
4202 E. Fowler Avenue, ALN 172
Tampa, Florida 33620
(813) 974-9901
arainamuniz@usf.edu

Discrimination and harassment on the basis of race, color, marital status, sex, religion, national origin, disability, age, genetic information, gender identity and expression, sexual orientation, or veteran status are also prohibited. (Please see USF Policy Number 0-007, Diversity & Equal Opportunity: Discrimination & Harassment https://usf.app.box.com/v/usfpolicy0-007).

When appropriate, the University will take steps to prevent the recurrence of harassment, including sexual violence, and to correct any discriminatory effects of harassment on the complainant and others.
Student Accessibility Services

USF Policy: 0-108 Disability and Accommodations (Public/Employees/Students)
https://usf.app.box.com/v/usfpolicy0-108

Student Accessibility Services
813.974.4309 (Office)
sa-sds-information@usf.edu
https://www.usf.edu/student-affairs/student-accessibility/

In accordance with Section 504 of the Rehabilitation Act, the Americans with Disabilities Act and the ADA Amendments Act, Student Accessibility Services is dedicated to providing reasonable accommodations to students with disabilities to ensure full participation in all aspects of USF campus and student life. Reasonable accommodations are provided for students with temporary or permanent disabilities.

The student initiates the process by identifying herself/himself to the SAS Office and completing an application. Students must provide documentation of a disability. Please visit our website for guidelines and verification forms. All documentation is reviewed by the professional staff of SAS and, when necessary, reviewed by consultants with expertise in specific disability areas. In some cases, students are requested to provide more documentation than originally submitted. In cases where documentation is not available, please consult with SAS. Once approved, the SAS coordinator and the student will sign an accommodation plan outlining academic accommodations.

Each semester the student is responsible for giving each of her/his professors a memorandum of accommodation. Accommodations may include, but are not limited to, note taking services, extended test time, books in electronic/audio format, and assistive technology. The accommodations should maintain the academic integrity of the course and never alter the level of ability or mastery the individual is required to demonstrate.

Drug-Free Workplace/Drug-Free Schools Policy Statement

USF Policy 0-610 Drug-Free Workplace
https://usf.app.box.com/v/usfpolicy0-610

The unlawful manufacture, distribution, possession, or use of alcohol or a controlled substance is prohibited on the property of or in connection with any of the activities of the USF. No employee/student is to report to work/class while under the influence of illegal drugs or alcohol. Any employee or student determined to have violated this policy shall be subject to disciplinary action for misconduct. Violation of this policy by an employee/student will be reason for evaluation/treatment for a drug/alcohol use disorder or for disciplinary action up to and including termination/expulsion in accordance with applicable collective bargaining agreements, policies, and procedures, or referral for prosecution consistent with local, state, and federal law.

Tobacco and Smoke-Free Campus

USF Policy, 6-026, Tobacco and Smoke-Free Policy
https://usf.app.box.com/v/usfpolicy6-026

The University of South Florida is committed to providing a safe and healthy learning, living, and working environment for the campus community. This Policy intends to reduce the health risks related to smoking, tobacco, and related products, as well as to reduce the smoking and tobacco-related waste from USF.

STATEMENT OF POLICY

Smoking, tobacco use, and use of related products are prohibited on all property owned, leased, or operated by USF. This includes, but is not limited to, all indoor and outdoor areas and properties. Additionally, no smoking and/or tobacco products will be sold or advertised on USF campuses. This Policy applies to all faculty, staff, students, vendors, and visitors.

The President or designee may allow smoking in specifically designated areas of campus for clinical treatment purposes, including smoking cessation programs, or research-related purposes.
ENFORCEMENT
The success of this policy relies on the thoughtfulness, consideration, and cooperation of smokers and nonsmokers, not only to comply but to encourage others to comply with the Policy. Any student who repeatedly refuses to abide by this Policy may be considered in violation of the Student Code of Conduct and will be handled accordingly. Repeat violations by any faculty or staff member will be handled through normal University processes.

All attendees at public events, such as conferences, meetings, public lectures, social and cultural events using USF facilities and grounds are required to abide by this Policy. Organizers of such events are responsible both for communicating and enforcing this Policy with attendees.

Visitors, contractors, and other individuals on campus who are in violation of this Policy should be reminded of the Policy and asked to comply by discarding the smoking/tobacco product. Continuing violations may also result in disciplinary action as deemed appropriate by University officials.

Campus Alcoholic Beverages Policy

USF Policy 30-023 Alcohol Policy
(https://usf.app.box.com/v/usfpolicy30-023)

As an open public university, the USF does not prohibit the legal consumption of alcohol on its campuses. We recognize that as part of a well-planned and structured program, the serving and consumption of alcohol may take place. Therefore, the intent of this Policy is to establish guidelines and procedures for the legal and responsible use of alcohol at USF campus events. The use of alcoholic beverages by members of the USF community is at all times subject to the applicable alcoholic beverages laws and ordinances of the State of Florida, and the city and county of each USF campus location. No person may sell, furnish or give alcohol to any person under the age of twenty-one (21).

Non-Degree Seeking Students ...........................................................................................................47
The Office of Admissions assists prospective students with learning about the opportunities available to them at the University of South Florida. The Office is responsible for processing applications for admission for undergraduate students (first time in college - FTIC, transfer, and former students returning - FSR, including international students). Admission to the University of South Florida requires evidence of ability to successfully complete academic work, the capacity to think creatively, and strong motivation. The minimum admission requirements are designed to help identify applicants whose academic background indicates the potential for success at USF; however, achieving minimum admission requirements does not guarantee acceptance.

The admission of new students at all levels is on a selective basis within curricular, space, and fiscal limitations. The selection process may include such factors as grades, test scores, date of application completion, the pattern of courses completed, educational objectives, past conduct, and portfolios. Preference for admission in any term will be given to those applicants whose credentials indicate the greatest promise of academic success.

The University encourages applications for admission from all qualified applicants and does not discriminate based on race, color, marital status, sex, religion, national origin, disability, age, sexual orientation, veteran status, genetic information and gender identity and expression, or as otherwise prohibited by state or federal law, in the admission process. Students are offered admission to USF in accordance with the mission and goals of the University and within enrollment limitations established by the Department of Education, State University System of Florida, and the Florida Legislature.

Admissions Application

The Office of Admissions accepts either application below. A $30 (in U.S. currency) nonrefundable application fee is required. Only one application needs to be submitted from either:

- Institutional Application: The online USF Undergraduate admissions application found on the Office of Admissions web page at https://www.usf.edu/admissions
- Coalition Application: Can be found at http://www.coalitionforcollegeaccess.org
- Common Application: Can be found at https://www.commonapp.org/

When to Apply

Applications for admission are accepted as early as nine months before the requested entry term. Applications for admission and the non-refundable application fee should be submitted by the preferred deadline date for the requested entry term or by the application deadline for the requested degree program (see specific Programs (A-Z) in this catalog), whichever is earlier.

FRESHMAN (FTIC) SUMMER/FALL SEMESTER START

- July 1 – Application opens
- November 1 – Priority admissions deadline
- January 15 – Application completion deadline for students to qualify for admissions scholarships
- April 1 – Final application deadline
- May 1 – Admissions deposit deadline

FRESHMAN (FTIC) SPRING SEMESTER START

- February 1 – Application opens
- October 1 – Preferred admissions deadline
- December 1 – Admissions deposit deadline
TRANSFER SUMMER SEMESTER START
- September 1 – Application opens
- March 15 – Final application deadline
- April 15 – Final Completion deadline

TRANSFER FALL SEMESTER START
- September 1 – Application opens
- June 1 – Final application deadline
- July 15 – Final Completion deadline

TRANSFER SPRING SEMESTER START
- February 1 – Application opens
- October 1 – Final application deadline
- November 15 – Final Completion deadline

FORMER STUDENT RETURNING (FSR) SEMESTER START
Please complete application no later than 20 business days prior to the first day of your desired term of entry

Who Should Apply

The University of South Florida offers a variety of programs to meet the diverse needs of the student body. You can apply if you are any one of the following:

- A High School Senior or First Time in College (FTIC) seeking a Bachelor's degree.
- An Undergraduate student with some college credits seeking a Bachelor's degree.
- A non-U.S. citizen seeking an Undergraduate degree.
- Seeking courses and programs for training, professional advancement, certification or personal growth.

An application for admission must be submitted by all students who have not been admitted to and enrolled in a USF degree program within the last three terms. Former or continuing USF degree-seeking students must file another application for admission when applying for a second-degree program, another level of study or readmission (see Readmission). Any previously enrolled student will be required to pay the $30 application fee. Documents submitted requesting a waiver of the $30 application fee are considered by the Dean of Admissions based upon the determination that the payment of this fee creates a documented severe financial hardship and serves as a deterrent from submitting the application.

Changing Requested Term of Entry

Applicants may update their application for admission for up to one year from the originally requested term of admission. All requests for changes of entry term must specify any academic work attempted that was not reflected on the original application and must be received by the appropriate published application deadline for the new term of entry or degree program specified, whichever is earlier. Additionally, any issues related to criminal or academic misconduct that was not reflected on the initial application must be reported in writing to the Office of Admissions. A new application and fee must be submitted when applicants wish to be considered for admission for a term that begins more than twelve months after the originally requested entry term.

An applicant who requests a new entry term must meet the admissions requirements in effect for the new term requested. Entry for some programs is limited to specified terms.

Important Dates & Deadlines

Apply early! Admissions decisions are made on a rolling basis as applications are completed and all supporting documents are received. You may apply as early as August of your senior year. FTIC (First Time in College) applications are considered for the Spring, Summer and Fall semesters.
## General Admission Policies

### Transcripts and Other Admission Documents

All official transcripts, test scores, and any other required credentials must be received directly from the issuing agencies. It is the applicant's responsibility to initiate the request for credentials to the issuing agencies and to assure their receipt by the Office of Admissions. (See "Minimum Requirements for Admission" for information concerning required documentation). Official transcripts from all previous institutions are required.

All credentials and documents submitted become the property of USF. The originals or copies of the originals will not be returned to the applicant or forwarded to another institution, agency, or person.

### Provisional Admission

An applicant admitted on a provisional basis must submit the requested missing credentials, such as official final transcripts or test scores, which confirm eligibility for admission before a second registration will be permitted.

### Conditional Offers of Admission

Some applicants may be offered admission to the University of South Florida with the condition that they enroll in an alternate term, campus and/or program that differs from that requested on the application for admission, or that they meet the conditions outlined in the acceptance offer. For example, a freshman applicant may be offered admission to the summer or spring term due to enrollment limits and/or admission criteria. Continued enrollment is contingent on meeting all conditions of admission.

### Admission Denials

Any applicant - freshman or transfer - who does not meet minimum admission requirements and is denied admission may submit an appeal to the Faculty Committee on Student Admissions for reconsideration of the admissions decision.

Undergraduate applicants - freshman or transfer - who are denied admission as a degree-seeking student may not enroll as a non-degree seeking student. Please see information on Non-Degree Seeking Student.

Receipt of final official credentials that fail to substantiate eligibility will result in rescinding of admission and denial of continued enrollment in subsequent terms.

An application for admission or a residency declaration submitted by or on behalf of a student that contains false, fraudulent, or incomplete statements may result in denial of admission, further registration and/or degrees awarded.

The University may refuse admission to a student whose record shows previous misconduct not in the best interest of citizens of the University community.

USF Regulation 3.018 https://usf.app.box.com/v/usfregulation3018

### Required Proof of Immunity

All students must have proof of immunity as follows:

- **MEASLES**: Proof of Immunity.
- **RUBEOLA**: Proof of Immunity.
- **HEPATITIS B**: Proof of Immunity or signed waiver declining the vaccine.
- **MENINGITIS**: Proof of Immunity or signed waiver declining the vaccine.

All students must complete and sign the USF Medical History & Immunization History Form or provide supporting documentation and electronic signature on their student OASIS account. For instructions see https://www.usf.edu/student-affairs/student-health-services/immunizations/index.aspx

For students that applied to USF using an international address, a Tuberculosis screening is also required. For details, see https://usf.app.box.com/v/usfpolicy33-003.
For detailed information regarding USF's Immunization Policy and Requirements, see https://usf.app.box.com/v/usfpolicy33-002.

The USF Student Health Services Compliance Office administers state and USF mandates for the Tampa, St. Petersburg, and Sarasota-Manatee campuses.

For questions, contact 813-974-4056 or immunization@shs.usf.edu.

**Sarasota – Manatee campus Orientation Office**
8350 North Tamiami Trail (SMC B130)
941-359-4342
Sar-Orientation@usf.edu
https://www.sarasotamanatee.usf.edu/admissions/orientation/index.aspx

Orientation is required for all newly admitted students. All newly admitted students must complete Orientation for the campus to which they are admitted prior to beginning classes.

The Orientation experience is designed to meet the requirements of a student's home campus located in Tampa, St. Petersburg, or Sarasota-Manatee. Orientation provides an introduction to the campus community and facilitates a seamless transition into the academic and social environments unique to the identified home campus and the University of South Florida at large.

Primary facilitation of Orientation resides with the designated office(s) at each USF campus location. See USF Policy 10-035 Mandatory Orientation for New Undergraduate Students.

### Residency for Tuition Purposes

Florida BOG 7.005 Residency for Tuition Purposes

Residency refers to whether you are an in-state Florida resident or an out-of-state resident, and this classification determines your rate of tuition. Most importantly, living in or attending school in Florida will not, in itself, establish legal residence for tuition purposes.

When you apply to the university, your initial residency classification is determined by the Office of Admissions. Failure to provide sufficient documentation in the residency section of the admissions application will result in a non-Florida or out-of-state residency classification for tuition purposes.

You have until the last day of classes in your first term to request that the Office of Admissions re-evaluate your residency status by providing sufficient documentation. However, if your residency status is listed as non-Florida at the time that classes begin, you will be assessed out-of-state tuition charges.

Once you have completed your first term at USF, you can request a reclassification of your residency status from the Office of the Registrar (https://www.usf.edu/registrar/services/residency/).
Limited Access Programs

Undergraduates seeking entrance to limited access degree programs must meet special program requirements in addition to requirements for admission to the University. The admission criteria and procedures for limited access programs at USF furnish equal access to A.A. degree holders from Florida public colleges, transfers from other SUS institutions and USF students of equivalent status. Transfer applicants with 60 or more transferable semester hours who are seeking admission to limited access programs must meet the grade point average requirement and pre-requisites specified by the program to be eligible for admission to USF. Transfer applicants with 30 to 59 transferable semester hours who are seeking admission to certain limited access programs such as Nursing may be required to meet a higher transfer grade point average requirement that would allow eventual admission to those particular degree programs.

USF, with approval of the Board of Governors and the Articulation Coordinating Committee, has established the following undergraduate programs as limited access:

- Accounting
- Advertising
- Biomedical Engineering
- Business Analytics and Information Systems
- Dance
- Entrepreneurship
- Exercise Science
- Finance
- General Business
- Graphic Design
- International Business
- Management
- Marketing
- Physical Education
- Social Work
- All College of Education Teacher Certification programs
- Nursing All degree programs in the College of Nursing

The admissions requirements for these degree programs may be found with other program information in appropriate sections of this catalog.

Foreign Language Entrance Requirement (FLENT)

USF Regulation 3.007
(https://usf.app.box.com/v/usfregulation3007)
FL BOG Regulation 6.002
FL BOG Regulation 6.004
(https://www.flbog.edu/wp-content/uploads/6.004-Transfer-Student-Admission_FINAL.pdf)

All applicants admitted to the State University System (SUS) are expected to have demonstrated competency of foreign language or American Sign Language equivalent to the second high school level or higher. A limited number of students not meeting the high school foreign language requirement may be admitted; however, these students must fulfill the foreign language requirement prior to completion of the baccalaureate degree.

Satisfaction of the foreign-language admissions requirement by having two (2) sequential units of the same foreign language in high school, or eight (8) credit hours of the same foreign language in college, or documented equivalent proficiency.
Opportunities for Accelerated Progress toward Undergraduate Degrees

USF provides several options by which students may accelerate their progress toward completing the baccalaureate degree. These options recognize knowledge which has been acquired prior to or during attendance at USF and provide the opportunity to earn University credit. Options that may be utilized to accelerate progress include the following:

- Recognition of satisfactory performance on standardized tests offered through recognized examination programs. See http://ugs.usf.edu/credit-by-exam/ for a complete listing of exams and course equivalencies.
- Recognition of the International Baccalaureate Diploma Program. Students who earn the IB Diploma will be awarded 30 semester hours of college credit and sophomore standing. Credit for standard level exams with a score of 4 or higher may be awarded to those students who do not earn the IB diploma.
- Dual enrollment as a non-degree-seeking student at USF or a community college prior to graduation from high school (see https://www.usf.edu/honors/accelerated-programs/dual-enrollment.aspx [Public/Private High/Home School]). Florida College System students should follow eligibility criteria for non-degree seeking students (below).
- Early admission for high school students (see Early Admission Freshmen).
- Courses completed through USF Distance Learning. See: http://www.usf.edu/innovative-education/programs/online-programs/courses.aspx.
- Courses completed through the Florida Distance Learning Consortium. See https://www.floridashines.org/.
- Courses completed through the State University System Correspondence Study program.

Credits may be earned through a combination of the above options. Students should contact their college advisors for further information concerning the application of this credit toward their degree requirements.

Internal processes (such as auditions, portfolio reviews, and placement tests) utilized in the various departments for the sole purpose of determining a student’s most appropriate area, level, or section placement in a program of study are not to be construed as examining mechanisms for the granting of credit.

Minimum Requirements for Admission

Freshman Applicants

BOG Regulation 6.002
USF Regulation 3.018
https://usf.app.box.com/v/usfregulation3018

Any freshman applicant who meets minimum admission requirements as stated in Florida Board of Governors Regulation 6.002 is encouraged to submit an application. Each state university reserves the right under Florida BOG regulation to establish admission criteria that exceeds Florida BOG minimums.

To be considered for admission, freshman (FTIC – First Time in College) applicants must submit:

- USF Application for Admission
- Non-refundable $30 application fee
- Official high school transcript
- Official GED scores if applicable
- SAT or ACT scores

Although USF has minimum freshman admission requirements, meeting these minimum standards does not guarantee admission. Applicants selected for admission usually exceed the eligibility requirements; however, USF also considers applicants who do not fully meet minimum requirements but who have important attributes, special talents or unique circumstances that may contribute to a representative and diverse student body. These freshman applicants are considered for admission based on other appropriate evidence of ability to do successful academic work at USF.
The University sets admission requirements found on the Undergraduate Admissions web homepage. Please refer to https://www.usf.edu/admissions/freshmen/index.aspx for the current admission requirements. Admission to the University is selective; therefore, meeting requirements does not guarantee admission.

The institution reserves the right to validate any applicant's admission materials including transcripts and test scores (via a testing agency) such as SAT, ACT, TOEFL, PTE-A or IELTS used in the admission process if, in the judgment of University officials, there is reason to warrant this validation. See https://usf.app.box.com/v/usfregulation3018

- A diploma from a public or accredited high school or the state-approved General Education Development (GED) diploma is required for freshman admission. Early Admission Program students are exempted from this requirement.
- For freshman applicants earning a high school diploma, the following college preparatory academic units (year-long courses or equivalents) normally offered in grades nine through twelve are required:
  - Four (4) units of English (three of the four must incorporate substantial writing requirements);
  - Four (4) units of mathematics (Algebra I and above);
  - Three (3) units of natural sciences (two of the three must incorporate substantial laboratory requirements);
  - Three (3) units of social sciences (history, civics, political science, economics, sociology, psychology, and geography);
  - Two (2) units of the same foreign language; and
  - Two (2) additional units of academic electives.
- USF recalculates high school grade point average for admission that enhances credits for accelerated coursework with a grade of C or higher by adding one quality point for grades earned in Advanced Placement courses, International Baccalaureate courses, AICE (Advanced International Certificate of Education) and dual enrollment courses; and one-half quality point for any grade earned in certain courses designated as honors or advanced by school districts or independent schools.
- Official test scores from the College Board SAT or from the NRCCUA ACT exam must be submitted. When scores are provided from multiple administrations of an admission test, the combination of the highest individual subtest scores are used to determine eligibility for admission (i.e., super-scoring).
- As a minimum, each freshman applicant must meet one of the following:
  a. At least a "B" average (3.0 on a 4.0 scale) as computed by USF in required high school academic units in English, mathematics, natural science, social science and foreign language; or
  b. A combination of admission test scores and a high school GPA equivalent to a 2.5 (on a 4.0 scale) as computed by USF in the required high school academic units in English, mathematics, natural science, social science and foreign language, and scores on the College Board SAT or NRCCUA ACT that meet college placement minimums per the Florida Board of Governors.
- Applicants with a GED diploma must have an average score of 174 or higher on each of the five GED tests.

Florida College System

High school graduates planning to start their college education at a Florida College System institution should confer with the guidance counselor and ask that their academic program be planned with the assistance of the USF Undergraduate Catalog that is available at https://catalog.usf.edu. This catalog, prepared by the USF Office of Undergraduate Studies, explicitly describes the undergraduate program requirements and Florida's common prerequisites that should be followed to ensure maximum ease of transfer into the student's upper-level programs on a par with their native USF counterparts.
Admissions Deposit

Freshmen admitted to the University of South Florida are required to submit a $200 non-refundable admission deposit by May 1 for either Summer or Fall, or by December 1 for Spring admission.

The admission deposit will be credited to the student’s account and applied toward their first-semester tuition. The admission deposit will be waived for admitted freshmen who demonstrate significant financial need on a FAFSA (Free Application for Federal Student Aid) submitted by USF’s priority deadline.

Admitted freshmen are encouraged to pay the deposit online via OASIS (USF’s Online Access Student Information System). Online payment is the University’s preferred payment method. Checks and money orders submitted to the Cashier’s Office (SVC 1039) are also acceptable forms of payment.

Early University Programs (Earning USF Credit While Attending Public High School, Private High School, or Home School)

USF Regulation 3.018 https://usf.app.box.com/v/usfregulation3018

Highly capable, mature high school students enrolled in a strong college-preparatory curriculum may apply during their Junior year for early admission dual enrollment. To be considered for early admission, students must meet this criteria:

Have minimum scores on one of the following tests:

- SAT: 1300, with at least 580 in Evidence-based Reading and Writing.
- ACT: 29, with at least 29 in English.

Have a minimum high school GPA of 3.8 as calculated by USF.

Early admissions students complete their high school senior year by attending USF fulltime as regularly enrolled, degree-seeking students. Students in the early admission program must take courses that are creditable toward the high school diploma and the associate or baccalaureate degree. For more information about Early Admission qualifications, policies, and application procedures, see https://www.usf.edu/dual.

Dual Enrollment

Dual enrollment in USF classes is open to academically qualified students currently enrolled in public/private high schools and home schools who are recommended by their guidance counselor or principal and meet the university’s criteria.

Have proof of one of the following sets of test scores:

- SAT: 560 Evidence-based Reading and Writing and 530 Math
- ACT: 21 Reading, 21 English, and 21 Math
- PERT: 123 Math, 106 Reading and 103 Writing

Have a 3.5 weighted grade point average or higher on a 4.0 scale.

Dual enrollment students are non-degree-seeking students at USF and may only take courses which are creditable toward their high school diploma. Per F.S. 1007.271. USF offers dual enrollment courses on its three campuses and online for courses not accessible from institutions of the Florida College System. By special agreement with specific school districts, USF offers some courses on high school campuses. For more information about Dual Enrollment qualifications, policies, and application procedures, see https://www.usf.edu/dual.
Credit by Examination

http://ugs.usf.edu/credit-by-exam/

The University of South Florida awards credit-by-examination based on the minimum guidelines as established by the Articulation Coordinating Committee (ACC) available on https://www.floridashines.org/, pursuant to Florida Statute 1007.27 (http://www.leg.state.fl.us/statutes/index.cfm?App_mode=Display_Statute&Search_String=&URL=1000-1099/1007/Sections/1007.27.html), and approved by the State Board of Education and Board of Governors.

Students may receive up to 45 semester hours of credit towards the baccalaureate degree upon successful completion of any of the examinations listed below. For more information, see USF Policy 10-017 (https://usf.app.box.com/v/usfpolicy10-017). Performance levels necessary to achieve credit have been established and are listed under each exam. Credit earned through one examination program may not be duplicated by another examination or course.

- Advanced Placement (AP)
- Advanced International Certificate of Education Program (AICE)
- Caribbean Advanced Proficiency Exams (CAPE)
- College Level Examination Program (CLEP)
- DSST (formerly DANTES Subject Standardized Tests)
- Excelsior (EXCEL)
- General Certificate of Secondary Education
- German Abitur
- Global Assessment Certificate
- International Baccalaureate (IB)

The University of South Florida evaluates all credits earned and grades received for admitted undergraduate students in college-level courses at other accredited institutions. Credits earned at international institutions or during study abroad are also evaluated for transfer. Please contact the Office of Admissions (https://www.usf.edu/admissions/) or International Studies for admission requirements (https://www.usf.edu/admissions/international/admission-information/undergraduate/).

USF Testing Services accommodates USF and non-USF customers. For more information, see https://www.usf.edu/testing-services/.

Additional information on exam credits is published by the Florida Department of Education at http://www.fldoe.org/core/fileparse.php/5421/urlt/0078391-acc-cbe.pdf.

First Year Academic Programs

Tampa campus - Student Services Building (SVC) 2002
(813) 974-4051
http://www.usf.edu/undergrad/academic-foundations/index.aspx

The goal of First Year Academic Programs is to equip students for academic and personal success at University of South Florida and beyond. Making the transition from high school or from another institution to a major research university is both exciting and challenging. We offer a number of academic courses designed to support students during this time of adjustment and acclimation. The elective credit earned from these courses can be applied to any undergraduate degree program. For more information about our course offerings for First Year Students and Transfer Students, visit our website at https://www.usf.edu/undergrad/academic-foundations/index.aspx.

FUSE
Student Services Building (SVC) 2002
(813) 974-4051
transfer-advising@usf.edu

Fuse is transfer program between the University of South Florida and eight Florida state colleges. This partnership provides a seamless academic pathway for students to complete an associate degree with guaranteed admission to USF.
Students admitted to the Fuse Transfer Program must follow an academic graduation pathway (https://www.usf.edu/undergrad/transfer/student-success/fuse/graduation-paths/index.aspx), which provides a seamless transition from one of our eight FCS partner schools to USF. Adherence to the graduation pathway allows for timely completion of both the Associate of Arts (AA) and bachelor's degrees. Students admitted to the program have guaranteed admission to their selected major, offered in the Fuse Transfer Program, provided they meet all requirements of the program upon completion of their AA.

Students seeking admission into limited or restrictive access majors will have to meet additional requirements such as prerequisites, GPA, and/or test scores.

Community Scholars: The Community Scholars initiative is an alternative admission opportunity for first-time-in-college (FTIC) students who apply to the University of South Florida. Created by the Regional Chancellor at the St. Petersburg campus, the Community Scholars program grants select FTICs who are not immediately admissible for the Summer or Fall the opportunity to attend institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission during Fall where they must successfully complete at least 12 transferrable credit hours with a minimum 2.5 GPA. During the Fall, they will have access to St. Petersburg campus academic advisors who will provide course recommendations. Upon successful completion of these academic requirements in the Fall, participants in the program transfer to the St. Petersburg campus the following Spring semester with a one-time transfer award. For questions about Community Scholars, please contact the Office of Admissions at 727-873-4142.

Pinellas Access to Higher Education: PATHe is a collaborative partnership between the St. Petersburg campus and St. Petersburg College (SPC) that aims to provide equitable, flexible, and attainable pathways to higher education for Pinellas County, FL students. Pinellas County first-time-in-college (FTIC) applicants who are not immediately admissible to USF and selected St. Petersburg as their home campus may be eligible for PATHe. With the joint support of PATHe counselors, students afforded this opportunity will receive academic advisement to help them earn an Associate in Arts degree from SPC before they transition to the St. Petersburg campus to complete their baccalaureate degree. For questions about PATHe, please contact the Compass Student Experience Office at 727-873-4003.

Second Bachelor's Degree Applicants

A student who has already graduated from an accredited four-year institution must earn a minimum of an additional 30 semester hours of USF undergraduate courses to apply toward their second baccalaureate degree. Students must also meet the University's regular graduation requirements, as well as, the requirements of the college awarding the degree and the residency requirements.

A second bachelor's degree applicant is any degree-seeking undergraduate applicant who has earned a bachelor's degree at USF or another institution and wishes to earn an additional bachelor's degree. A college graduate seeking to earn an additional bachelor's degree is considered a second bachelor's degree student.

For more information on requirements, please see the information on the Office of Admissions's website at https://www.usf.edu/admissions/transfer/admission-information/requirements-deadlines.aspx.

Readmission (Former Student Returning)

https://usf.app.box.com/v/usfregulation3018 (see item 8).

A former student returning (FSR) is any degree-seeking undergraduate student who has not earned their bachelor's degree, who has not been enrolled at USF in any of the last three terms, and who wishes to re-enroll in the University. In order to be considered for readmission, a former student should file a new application for admission with the Office of Admissions (https://www.usf.edu/admissions/transfer/) at least 20 business days prior to the start of classes for the term of requested re-entry. A new $30 application fee is required.

Undergraduate students returning to seek a baccalaureate degree must:

- Be in good academic standing and eligible to return to USF as well as the last institution attended as a degree-seeking student. For all college-level academic courses attempted at any institution since last enrolling in USF, the applicant's transfer GPA must meet or exceed the GPA required of new transfer students at the time of readmission.
Former students who have attended one or more institutions since their last enrollment must request official transcripts of all work attempted at the other institution(s) be sent to the appropriate Office of Undergraduate Admissions. Acceptability of transfer credits toward completion of degree programs will be determined by the college of the student's major.

The Academic Regulations Committees (ARC) have the Power to Approve (PTA) petitions for undergraduate or non-degree seeking students that fail to maintain a 2.0 GPA and are Academically Dismissed (AD) from USF. (Refer to the Academic Probation and Academic Dismissal Policies in the Undergraduate Catalog.) Academic Regulations Committees also may approve the readmission of students who qualify for Academic Renewal to have portions of their academic record not counted in the determination of the GPA for graduation purposes. (Refer to the Academic Renewal Policy in the Undergraduate Catalog.)

Transient students and non-degree-seeking students are not considered former students returning. Former or continuing USF degree-seeking students must file another application for admission and pay the non-refundable $30 application fee when applying for a second degree program, another level of study or readmission.

The Office of Admissions will evaluate the acceptability of transfer of credits taken at other accredited institutions since last enrolled at USF. The college of the student's major will determine which courses are applicable for the student's major. In some instances, exact course equivalents will also be determined by other colleges that offer the same or similar course(s) as a part of their programs of study.

A Former Student Returning is any degree-seeking undergraduate student who:
- Has not earned his/her degree,
- Has not been enrolled at USF in any of the last three consecutive terms, and
- Wishes to re-enroll in the University. Otherwise, you are considered a continuing student and can still register.

Non-degree seeking students are not considered Returning Students and are not required to submit an application through the Office of Admissions at https://www.usf.edu/admissions/.

Change of Campus

New FTIC and Transfer Admits and Former Student Returning:
Any newly admitted student or former student returning who wishes to change campus BEFORE the beginning of their admit term must do so via the Office of Admissions by updating their admissions application. Please note that these requests may NOT be granted due to defined enrollment constraints by campus or college. New students will pay fees according to a consolidated fee structure and will NOT experience any impacts when changing campus.

Continuing Student:
Previous restrictions on movement between campuses have been officially REMOVED from USF Regulation 3.007. There are no current policies or regulations that restrict or govern when or why an undergraduate student can change campuses between Sarasota-Manatee, St. Petersburg, or Tampa. In the absence of prescription, change of campus for continuing students will be processed like the change of major, in that, decision-making is decentralized within the academic colleges.

If an undergraduate student wishes to change their campus of record in Banner:
As of July 1st 2020, it is no longer necessary to receive approval from the Office of Undergraduate Studies to process a change of campus (i.e., the change of institution form is discontinued). Due to ongoing SACSCOC reaffirmation, students are REQUIRED to change campuses if they choose to change to a major/program that is not affiliated with their current campus. Please remember students do NOT need to change campuses to register for courses on a different USF campus; they are NOT prohibited from registering for courses on any campus based on their declared campus.

Process Guidelines
1. Change of campus requests should ONLY be processed for future terms and not the student's current active term (this is the same as major changes).
2. Students changing campus BUT program/major remains unchanged: Advisors are permitted to change campus IF the student's program/major is offered on that campus.
3. Students changing program/major AND campus: The student's selected major MUST be offered on that campus to change majors and campus. If it is a multi-campus program/major, then it is within the College's discretion to determine which campus is the campus of record in the Student Information System (e.g., Banner).

Notes:

- Student Fees: Consolidation governance allows continuing students to grandfather in the localized fees they paid PRIOR to consolidation. If a continuing student decides to change campuses (either in conjunction with a major change or independently), they will experience a change to fee amounts charged. More information can be found on the Student Financial Services website.
- Scholarships: If a student has a campus-specific scholarship, it may be impacted by a change of campus (whether connected to a major change OR made independently), including but not limited to adjusted award amounts or loss of eligibility.
- International Students: Students are issued an I-20 based on their home campus and are only eligible for on-campus employment at the campus listed on their I-20. Students should take at least ½ the courses at the campus listed on their I-20. In the event an international student changes campus, ISS has an alert that is triggered by the change in Banner and they will be issued a new I-20. No action needed by the Colleges or Undergraduate Studies.
- Housing: Changing campus does not automatically move housing assignments. If a student's change in campus prompts a desire to change their on-campus housing assignment, the student should contact the Housing & Residential Education office of their current campus to inquire about the process and options available (housing@usf.edu for Tampa campus or housing@usfsp.edu for St. Petersburg campus).

Undergraduate Transfer Applicants

BOG Regulation 6.004 - Admission of Undergraduate, Degree-Seeking Transfer Students
https://www.flbog.edu/wp-content/uploads/6.004-Transfer-Student-Admission_FINAL.pdf

USF Regulation 3.018
https://usf.app.box.com/v/usfregulation3018

For more information, please visit the Office of Admissions website at: https://www.usf.edu/admissions/transfer/

Applicants with fewer than 60 transferrable semester credits are considered lower-level transfers (12-29 credits) and mid-level (30-59 credits); upper-level transfers are those with 60 or more transferrable semester credits (see below). Regardless of category, grade point averages (GPA) for purpose of admission will be computed based only on grades earned in courses that are acceptable for transfer credit and as calculated by USF.

- Transfer applicants must be in good standing and eligible to reenroll at the last accredited institution attended as a degree-seeking student.
- All transfer applicants are required to meet satisfactory academic progress criteria as determined by the U.S. Department of Education. USF has specific transfer admission requirements which may include a completion of specific percentage of courses attempted. An excessive number of course withdrawals as well as failed and repeated courses could negatively affect admissibility as a transfer to USF
- Transfer applicants must submit official transcripts from all post-secondary colleges and schools attended.
- Grade point averages for the purpose of admission will be computed based on grades earned in courses acceptable for transfer credit; incomplete grades will be computed as failures.
- Transfer applicants must have completed two credits of one foreign language or American Sign Language in high school or the equivalent to eight to ten semester hours in the undergraduate institution(s) attended or demonstrate equivalent foreign language competence as described in BOG Regulation 6.004.
Transfer of Credit to USF

USF will accept credits only from institutions accredited by one of the accrediting agencies/commissions recognized by USF. However, USF reserves the right to deny credit for specific courses. The receipt and evaluation of total transfer credit are the responsibility of the Office of Admissions (https://www.usf.edu/admissions/). The Office of the Registrar creates transfer course equivalencies and maintains transfer course catalogs. From these resources, the College of the student's major will determine which courses are applicable toward a specific degree and will assign equivalent courses.

For students completing courses at a Florida State College or University, please review the Statewide Course Numbering System for course equivalencies (https://flscns.fldoe.org/).

USF subscribes fully to all of the provisions of the Statewide Articulation Agreement (Rule 6A-10.024) and strongly recommends that students complete the Associate of Arts degree or, in certain prior-approved areas, the Associate of Science degree, before transferring. Special details for students who do not plan to complete the associate degree requirements are available from the Office of Undergraduate Admissions (https://www.usf.edu/admissions/). Also, all transfer students should refer to other entries about undergraduate transfers in the Admissions section of this catalog.

Additional information on the State University System of Florida and Board of Governors policies for transfer students is available at https://www.flbog.edu/universities/admissions-transfers/transfer-students/

Articulation Agreement

6A-10.024 Articulation Between and Among Universities, Community Colleges, and School Districts
http://ugs.usf.edu/articulation-agreements/

It is the intent of the Board of Governors and the State Board of Education to facilitate articulation and seamless integration of the education system by agreeing to the provisions of this rule. The authority to adopt and amend this rule aligns with the Constitutional power given the Board of Governors for the state university system and the statutory authority given the State Board of Education for the district school boards, the community college system, and the Department of Education.

State universities and community colleges shall publish with precision and clarity in their official catalogs the admission, course, and prerequisite requirements of the institution, each unit of the institution, each program, and each specialization.

The agreement defines and establishes the Associate of Arts degree from a Florida public state or community college as the basis for all articulation rights. Among these guarantees, the following are central to the transfer process:

Admission into the State University System

- A.A. graduates will be granted admission to a university within the SUS, but not necessarily to the university or program of choice.
- A.A. graduates will have the same opportunity to enroll in a university limited access program or a program with selective admission requirements, as the native university student (i.e., students who entered the university as an FTIC).
- Upon transferring to a state university, A.A. graduates will be awarded at least 60 credit hours towards the baccalaureate degree, exclusive of occupational courses and basic required physical education courses.
- Credits that are part of the A.A. degree earned through articulated acceleration mechanisms, such as dual enrollment, International Baccalaureate, early admission, Advanced Placement, Advanced International Certificate of Education Program, and Credit by Exam, will be transferable to the state university.
- As participants in the Statewide Course Numbering System, receiving institutions must accept all courses taken at the transfer institution if the courses at each institution have the same prefix and the same last three digits of the course number.
- The university catalog in effect the year the A.A. degree student first enrolled at a Florida College System institution will remain in effect for the student's entire program, provided the student maintains continuous enrollment as defined in that catalog.
• Once a student has completed the general education core and this fact is noted on the transcript, regardless of whether or not an A.A. degree is awarded, no other state university or community college to which the student may transfer can require additional courses to the general education core.

• A separate agreement establishes the Associate of Science (A.S.) degree for articulation into specialized programs.

• Included in these transfer guarantees is the right of appeal. Students may appeal to the university and to the Statewide Articulation Coordinating Committee. Students who have questions or want more information about the articulation agreement should contact the Office of Undergraduate Studies at (813) 974-4051 or ugs-dean@usf.edu.

Credit for Online Coursework

USF Policy 10-071 Award of Credit for Online Coursework
https://usf.app.box.com/v/usfpolicy10-071

BOG Regulation 6.020

Undergraduate students who are admitted to the University of South Florida and who have completed online college-level courses prior to initial enrollment in undergraduate education may request that the University evaluate that work to determine if credit might be awarded. Award of credit for that work must meet the following conditions:

• USF faculty have determined the online course content and learning outcomes to be comparable to a course offered at the institution;

• Online courses meet the quality and accreditation standards intended for a transfer course; and

• The subject area faculty, have determined that the online course is relevant to the student's intended program of study.

Students wishing to have such online coursework evaluated for the purpose of receiving credit should inform Office of Undergraduate Studies, or the Chief Academic Officer at their branch campus, upon being admitted but prior to enrolling in classes at the university. If credit for the online coursework was awarded by another institution of higher education the student must submit an official transcript reflecting the award of credit and the transferability of that work will be determined with the same processes and criteria for other transferred courses, including coursework recommended for credit by the American Council on Education (ACE).

For more information regarding the process to have coursework evaluated and/or further information on the policy, please visit the USF Policy 10-071 (https://usf.app.box.com/v/usfpolicy10-071).

Credit for Military Training

BOG Regulation 6.013

USF Regulation 6.0025
https://usf.app.box.com/v/usfregulation60025

College credit will be granted to students with military training or coursework that is recognized by the American Council on Education (ACE) subject to institution transfer practices and limitations on amount and level of transfer credit. Military training or coursework will be subject to the same treatment as any other transfer credit evaluated, with utilization of the ACE Guide to the Evaluation of Educational Experiences in the Armed Services for determining equivalency and alignment of military coursework with appropriate University courses. If the coursework fulfills a general education or major course or degree requirement, the credit will be granted for meeting that requirement towards graduation. Appropriate course credit may include free elective course credit toward the degree.

Credit that was previously evaluated and awarded by another college-degree granting institution and that is appropriate to the transfer student's major will be accepted, subject to institution transfer limitations. Credit awarded for military education and training will be noted on the transcript and documentation of the credit equivalency evaluation will be maintained. Credit awarded for military education and training will not count in the excess hours fee per BOG Regulation 7.003 (https://www.flbog.edu/wp-content/uploads/Amended-Regulation-7.003.pdf). Priority course registration will be provided for each veteran of the United States Armed Forces who is receiving the GI Bill.
Transfer Credit

USF Regulation 3.018
https://usf.app.box.com/v/usfregulation3018

- The receipt and evaluation of transfer credit is the responsibility of the Office of Admissions (https://www.usf.edu/admissions/). The Office of Admissions will evaluate the acceptability of total credits transferable to the University. The college of the student's major will assign equivalent courses in determining which courses are applicable toward a specific degree at the University. In some instances, exact course equivalents will also be determined by other colleges that offer the same or similar courses as part of their programs of study. Transfer students should be prepared with personal copies of their transcripts of all past course work to discuss advisement and placement with the appropriate academic advisor and should contact the college of their major soon after registration so that an official evaluation may be completed. Transfer students from non-Florida institutions should also be prepared to submit course syllabi to assist USF faculty in the official evaluation.

- USF will consider credits from any accredited institutions at the time the credits are earned. Credits earned at an institution that is currently in "candidacy" status will not be considered for transfer credit until such time as the awarding institution receives full accreditation. Courses approved for transfer by the Statewide Course Numbering System (SCNS) from non-accredited institutions will be considered for transfer credits the same as credits from an accredited institution if the course is offered at USF.

- Admitted students who wish to transfer courses from colleges or universities that are not accredited may request a review of those courses by contacting their academic advisors to initiate the process. Students will be asked to submit detailed information about the content and standards for each course to be reviewed, including, but not limited to a detailed syllabus that contains the course description, prerequisites and co-requisites, major learning outcomes, textbooks, and the academic qualifications of the instructor. These materials will be submitted to the appropriate department and the office of Undergraduate Studies for review by the faculty and the process may take some time, during which no credit will be awarded until the department review is completed. Only those courses that appear to match courses currently offered by the university will be reviewed for transfer.

- USF reserves the right to deny credit for specific courses. USF does not award transfer credit from institutions that it determines to be occupational, college preparatory/remedial, or vocational in nature, or for other reasons as determined by the Office of Articulation, except for work that is specifically approved as part of the Bachelor of Science in Applied Science program or approved by the academic department of the student's major.

- Associate of Arts (A.A.) degree holders from Florida public accredited institutions will be considered as having met USF general education requirements and are automatically awarded 60 semester hours of credit. A course-by-course transfer credit evaluation will be done for all out-of-state and private in-state A.A. degree holders.

- All courses from a Florida College System Institution/University bearing the same State Common Course prefix and last three numbers as a USF course are automatically transferred and transfer students may not be required to repeat these courses, unless a college age-of-record policy is involved. That same automatic transferability of credits applies to courses completed at non-accredited institutions actively participating in the State Common Course Numbering System. Excluded are graduate courses, studio courses in art, internships, practicums, and performing arts courses such as dance, theater performance, voice, and instrumental music.

- All undergraduate degree programs at USF require a minimum of 42 hours of upper-level work that would have been completed at a four-year college or university. This policy does not affect approved articulated programs based on the A.S. degree. For information regarding specific articulated A.S. degree programs, consult the Office of Undergraduate Studies, B.S.A.S. Program.

- Credit will not be awarded for GED tests.

- Military service-school courses will be evaluated with reference to the recommendation of the American Council of Education when official credentials have been presented. Such recommendation, however, is not binding upon the University.
ADMISSIONS AND RELATED MATTERS

For ROTC and military science courses taken after Fall Quarter 1975, the maximum credit will vary with each college. A student must confer with his/her college advisor to determine the acceptability for his/her major. ROTC and military science courses taken prior to Fall 1975 are not acceptable for transfer credit.

- A maximum of 45 semester hours of College Level Examination Program (subject and general examinations) credits can be accepted for transfer credit.
- A maximum of 30 semester hours of extension, correspondence, and military service education credits can be applied toward a degree.
- Grades earned in transferred courses are not computed in the student's USF GPA except for the purposes of admission to limited access programs, the awarding of honors at graduation, and class ranking of baccalaureate students.
- International postsecondary credentials must be sent with a certified English translation, with associated costs to be paid by the student.
- A continuously-enrolled USF degree-seeking student must obtain prior written approval from the college of the student's major in order for courses taken at another accredited institutions to be applied to the USF degree program.

General Education Transfer Credits

Transfer students are under the Enhanced General Education curriculum. Please reference Enhanced General Education in the Undergraduate Catalog on USF Enhanced General Education requirements. Students should work with their advisor to have transfer credit evaluated for Enhanced General Education credit.

Lower-Level Transfer Applicants (12 to 59 transferable semester credits)

USF Regulation 3.018
https://usf.app.box.com/v/usfregulation3018 (see item 4d)

To be considered for admission, transfer applicants with fewer than 60 transferable semester credits must submit a USF Admissions Application. Also, the applicant must submit a $30 non-refundable application fee, an official transcript from each previous college attended, an official high school transcript, official GED scores if applicable, official SAT or ACT scores, and a IELTS or TOEFL score if applicable.

Lower-level transfer applicants who will enter USF with 12-59 transferable semester credits must minimally meet the following requirements to be considered for admission in good standing; however, satisfying these minimum requirements does not guarantee admission. Some programs may have additional requirements including GPAs and course pre-requisites. For programs with selective criteria, see https://www.usf.edu/admissions/transfer/admission-information/requirements-deadlines/index.aspx.

- Transfer applicants with less than 30 semester hours of transferable college credit (lower level) must meet all Freshman Admission requirements (see Sec. (4)(b)5.).
- Applicants with 30 or more and 59 or less transferrable semester hours must have successfully completed (C or higher) at least one English Composition course and one college level mathematics course that consists of three (3) semester credit hours. High school transcripts are required to demonstrate completion of the foreign language admission requirement.
- Lower level transfer students who do not meet the foreign language requirements must satisfy the foreign language requirement prior to admission to the upper division and may not exceed 5 percent of the number of freshmen enrolled in the prior academic year.
- Please refer to the International Applicants section for additional requirements for international applicants.
Upper-Level Transfer Applicants (60 or more transferable semester credits)

USF Regulation 3.018  
https://usf.app.box.com/v/usfregulation3018  (see item 4e)

To be considered for admission, transfer applicants with 60 or more transferable semester credits must submit a USF application for admission, a non-refundable application fee, an official transcript from each previous college attended, and a TOEFL or IELTS score if applicable. Final transcripts with any degree awarded, or a minimum of 60 semester hours of transferable credit earned prior to initial enrollment at USF, must be submitted to determine final admissions eligibility.

Any transfer student with 60 or more semester hours who designates a desire for admission to a limited access undergraduate program must meet the overall admission GPA criteria of that program in order to be admitted to the University. Some programs may have additional requirements including GPAs and course pre-requisites. For programs with selective criteria, see https://www.usf.edu/admissions/transfer/admission-information/requirements-deadlines/index.aspx.

For further information regarding Upper-Level Transfer admissions requirements, visit https://usfweb2.usf.edu/admissions/.

- Admission as a junior to the upper division of USF will be granted-within curricular, space and fiscal limitations to an Associate of Arts degree graduate of a state-approved Florida public college or university or a transfer applicant from an SUS institution who has received the AA degree/certificate. The admission of AA degree transfers from Florida public colleges and universities is governed by the Florida Articulation Agreement (BOG Resolution adopting Rule 6A-10.024) Articulation Between and Among Universities, Community Colleges, and School Districts).
- Undergraduate transfer students who have not earned the AA degree/certificate from a public community/junior college or state university in Florida or who have attended another college after receipt of the AA degree/certificate from a public community/junior college or state university in Florida must have an overall 2.0 grade point average on a 4.0 scale in all college level courses attempted and acceptable to transfer.
- Associate of Arts degree holders who are not exempt from the foreign language requirement and all other upper level transfer students admitted without meeting the foreign language admission requirement (see Sec. (4)(d)2.) must satisfy the foreign language requirement prior to graduation.

International Student Admission Requirements

International Applicants (Non-resident Aliens)

USF Regulation 3.018  
https://usf.app.box.com/v/usfregulation3018  (item 7)

- International undergraduate applicants who are not permanent U.S. residents (BOG Regulation 6.009) must submit applications for admission, application fees and all required supporting documents by the published deadlines. Applicants living outside of the United States are encouraged to submit required documentation no later than three (3) months prior to the date of desired entry to USF or the deadline for the degree program, whichever is earlier.
- Supporting documentation includes the "Financial Support Requirements" form to show proof of availability of financial resources sufficient to cover all educational, maintenance, personal and travel expenses while attending USF without financial assistance from USF; all transcripts identifying subjects and grades from the first year of secondary work to the time of application or graduation when applying as an entering freshman or a transfer with less than 60 hours of transferable postsecondary credit; appropriate diploma(s), certificate(s), degree(s), mark-sheet(s) and/or examination(s) passed, from the home country, as evidence of United States equivalent qualifications and academic preparation for the degree program requested; and "Transfer Clearance Form" signed by the International Student Advisor, if currently enrolled in a U.S. Institution. Each International applicant must submit a signed health history form, including proof of
immunizations as required by USF Policy 33-002, and proof of adequate health insurance coverage as required by USF Regulation 6.0162.

- All transcripts must be in English. It is the applicant's responsibility to have the transcript(s) translated before submitting them as part of their admission credentials. All transcripts not in English must be accompanied by a certified English literal translation; foreign postsecondary transcripts must be evaluated by one of the credential evaluation services identified and published by the appropriate international admissions office. Documents signed by a notary or other public official with no educational affiliation will not be accepted.

- Applicants whose native language is not English, from non-English speaking countries, or who have not earned a degree in the United States must provide, taken within 2 years of the desired term of entry, a minimum IELTS score of 6.5, a minimum PTE-A score of 53, a minimum Test of English as a Foreign Language (TOEFL) score of 79 (internet-based test), 213 (computer-based test) or 550 (written test), a minimum IELA score of 176 (with minimum subscores of 169) or a minimum FCE score of 176 (with minimum subscores of 169). Official Scores must be submitted to USF directly from the testing agency. See https://usf.app.box.com/v/usfregulation3018 for more information.

- The English Proficiency requirements may be waived for an undergraduate applicant, if the applicant has: completed successfully the equivalent of English Comp I; has submitted SAT or ACT test scores sufficient to validate English reading and writing proficiency as determined by the Board of Governors of the State University System of Florida; or successfully completed one year of study at a US institution of higher education

- Applicants who earn a baccalaureate or equivalent degree at a foreign institution where English is the language of instruction (for the institution and not just the major) may meet this requirement. However, other related factors (including test scores) will also be considered.

Some post-secondary international credentials may be evaluated by the Office for International Admissions (https://www.usf.edu/admissions/international/), while others may require an official course-by-course evaluation completed by an independent credential evaluation service, with associated costs to be paid by the student.

Language Requirements for International Students

If your English Proficiency falls below these published minimums, then please contact INTO USF for admission to our pathway programs or our English Language Programs.

Mandatory Health Insurance for International Students on F and J Visas

BOG 6.009 (6)
USF Regulation 6.0162
https://usf.app.box.com/v/usfregulation60162

International students must demonstrate that they have adequate health insurance coverage prior to enrollment. International students in J visa classes must also demonstrate that their accompanying spouse and dependents have adequate health insurance coverage prior to enrollment. Adequate health insurance for international students in F and J visa classes must include:

- Coverage period for full academic year, including annual breaks
- Medical benefits of at least $100,000 per person per accident or illness per policy year.
- Basic medical benefits to include hospital and physician office visits.
- Mental health care to include hospital and clinician office visits.
- Female students must have maternity benefits covered as any other temporary medical condition.
• Prescription drug benefits.
• Medical Evacuation $50,000.
• Repatriation of mortal remains $25,000.
• Insurance carrier must have an "A" rating.
• Medical claims must be paid in U.S. dollars payable on a U.S. financial institution.

To comply with this regulation, USF Student Health Services Compliance Office must receive adequate documentation a minimum of two weeks prior to enrollment. USF Student Health Services sponsors a medical insurance for international students that meets and exceeds the federal, state, and university requirements. Policy information, current costs, and enrollment process are available at https://www.usf.edu/student-affairs/student-health-services/insurance/inscompliance.aspx.

The USF Student Health Services Compliance Office administers state and USF mandates for the Tampa, St. Petersburg, and Sarasota-Manatee campuses.

For questions, contact 813-974-5407 or insurance@shs.usf.edu.

Other Admissions Information

Judy Genshaft Honors College

4202 E. Fowler Avenue, ALN 241
Tampa, FL 33620
(813) 974-3087
contacts@honors.usf.edu
https://www.usf.edu/honors/

Located on all three USF campuses, the Judy Genshaft Honors College offers educational experiences grounded in the Liberal Arts tradition, centered on creative interdisciplinary inquiry and the cultivation of practical wisdom, and intended for students regardless of major. The primary goals of the College are to develop superior critical thinking skills through intensive interdisciplinary seminars and undergraduate research, foster a nuanced global perspective on contemporary issues through an internationalized curriculum and study abroad experiences, and encourage a rich understanding of social concerns through structured community engagement.

First-Time-in-College (FTIC) students can join the Judy Genshaft Honors College by direct admission or admission by application. Students who reach our academic criteria through test scores and GPA will be directly admitted into the College.

Students can also be accepted through our application, which includes an essay and list of extracurricular activities. We employ a holistic review process and take into consideration more than test scores.

Enrollees Receiving VA and Social Security Benefits

VA Benefits

Located on all three USF campuses, the Judy Genshaft Honors College offers educational experiences grounded in the Liberal Arts tradition, centered on creative interdisciplinary inquiry and the cultivation of practical wisdom, and intended for students regardless of major. The primary goals of the College are to develop superior critical thinking skills through intensive interdisciplinary seminars and undergraduate research, foster a nuanced global perspective on contemporary issues through an internationalized curriculum and study abroad experiences, and encourage a rich understanding of social concerns through Ten federal public laws currently provide education/job-training programs for VA-eligible students.

Five programs serve most students:

• Chapter 30 for U.S. Military Veterans
• Chapter 31 for Disabled U.S. Military Veterans
• Chapter 33 for U.S. Military Veterans or dependents of veterans
• Chapter 35 for Spouse and Children of Deceased or 100 percent (permanent and totally) Disabled Veterans (service connected), and
Chapter 1606 for personnel in the National Guard or U.S. Military Reserves.

Chapter 1607 for personnel in the National Guard or U.S. Military Reserves called or ordered to active duty in response to a war or national emergency (contingency operation) as declared by the President or Congress. Members may be eligible after serving 90 consecutive days on active duty after September 11, 2001.

USF’s Office of Veterans Success (https://www.usf.edu/student-affairs/veterans/), located in the Grace and Allen Building (ALN 130), coordinates veterans services and specific program information. Eligible students must submit an Application for Educational Benefits and request certification for full-time or part-time educational benefits in accordance with VA rules and regulations.

This office also can provide confirmation of student status for VA health care or other benefits. Additionally, the University of South Florida provides military training to college credit evaluation and encourages all veterans to request this service from the campus veterans advocate.

A full-time Fall and Spring semester undergraduate load for VA benefits is twelve (12) credits per semester; a full-time Fall and Spring semester graduate load is 9 credits. Summer terms full and part-time enrollment requirements differ. Students should refer to the USF VA website for specific information about Summer credit requirements.

The Atlanta Regional Processing Office of the U.S. Department of Veterans Affairs determines eligibility based on official service records, evidence submitted by the student and applicable laws. Students with established VA program eligibility at another college or university must submit a Change of Program or Place of Training and a USF enrollment verification request to Office of Veteran Success. They can be contacted at 813-974-2291 or email vetserve@usf.edu.

Chapter 30, 1606 and 1607 program participants are required to verify attendance each month to the federal VA. Verification can be done on the Web Automated Verification of Enrollment (WAVE) page, or veterans can call 1.877.823.2378.

At the end of the term, if an undergraduate student's cumulative grade point average falls below a 2.0 (C) average, the student will receive an academic warning. If at the end of the next term of enrollment, the cumulative GPA remains below 2.0, the student's educational benefits will be terminated and the DVA will be notified of the student's unsatisfactory progress for VA pay purposes. Students must meet the conditions for USF readmission to become eligible again for VA educational programs.

Social Security Benefits

Inquiries related to Social Security benefits should be directed to the student's local Social Security Office. The Office of the Registrar (https://www.usf.edu/registrar/) will complete enrollment certificates after the Add/Drop period for the applicable academic term issued by the Social Security Administration for students eligible to receive educational benefits, as long as the student is a full-time undergraduate.

A full-time undergraduate load for Social Security benefits is twelve (12) credits per semester; a full-time graduate load is nine (9) credits.

Transient Students

USF Policy 10.001

An undergraduate transient student is one who comes to the University from another accredited institution and wishes to take courses at USF for one term only before returning to the parent institution. Transient students from other Florida State University or Florida State Colleges may enroll at USF by completing the Transient Student Admissions Application available at https://www.floridashines.org/ . All other Transient Students must apply as non-degree-seeking students.

See Non-Degree-Seeking Students for more information.
ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2021-2022 UNDERGRADUATE CATALOG

Cross Enrollment/Transient Student - USF/Florida College System

For current USF students wishing to study at another institution: A transient student form is used when a USF student wishes to take courses at a Florida public institution outside of the University of South Florida. Students wishing to take courses at public institutions in Florida must complete the Transient Admissions Application (https://www.floridashines.org/succeed-in-college/take-a-course-at-another-school). This application is used to request approval for courses taken as cross enrollment (enrollment at USF and the other institution) or transient enrollment (courses taken only at another institution). Completed applications are automatically sent within three business days to the student's advisor/college office and to the Office of the Registrar and typically processed within three business days.

Students interested in taking courses at a private or out-of-state institution must complete the Transient Form located on the Office of the Registrar's website at: https://www.usf.edu/registrar/documents/forms/outgoing-transient-student-form.pdf.

Please keep in mind that transient or cross enrollment in courses that are available at USF during Fall and Spring semesters will only be approved in very extenuating circumstances. However, transient enrollment in the Summer will be approved if the student resides and the courses are offered at institutions outside of Pinellas, Pasco and Hillsborough counties. First term, first time in college freshmen are not eligible for USF awarded financial aid if granted transient student status.

For more information, visit Undergraduate Studies website at: https://www.usf.edu/undergrad/academic-processes/transient-and-cross-enrollment.aspx.

Non-Degree Seeking Students

Non-degree seeking student enrollment is offered on a space-available basis and has been established for those individuals who, while not interested in earning a degree, would like to enroll in all levels of University courses. Teachers needing to take courses for certification purposes, high school students (with the permission of their respective guidance counselor), individuals interested in taking courses for self-enrichment, and senior citizens who audit are examples of those eligible to enroll as non-degree seeking. Senior citizen auditors only are absolved from paying the $30 non-refundable application processing fee; more information on the Senior Citizen Audit registration process may found under Student Tuition and Fees in this catalog. Former USF undergraduate degree-seeking students may only enroll as non-degree seeking students if they have completed their previous degree program or earned an equivalent degree at another institution. Should the latter be the case, an official transcript (reflecting the degree) from that institution must be sent to the Office of the Admission prior to registration.

Applicants denied undergraduate admission to USF as degree-seeking students will not be permitted to enroll as non-degree-seeking students, unless the degree-seeking admission denial was more than five years prior to the application to be a non-degree seeking student. In this case, the hold will be overridden to allow a potential non-degree seeking student to enroll. Any applicant denied undergraduate, degree-seeking admission who currently attends a Florida State University System institution, will have the hold overridden, providing an approved transient application from the current Florida State University System institution is received by USF.

Performance in courses taken as a non-degree seeking student will not qualify an applicant for admission as a degree-seeking student. Similarly, courses taken as a non-degree-seeking student will not be utilized in determining an applicant's grade point average for purposes of admission.

A non-degree-seeking student who has been dismissed from USF is not eligible for admission to USF as a degree-seeking student at the undergraduate level and may not petition using the ARC Reinstatement process. If extenuating circumstances contributed to the academic dismissal and the student meets other admissions requirements, a request for waiver of this rule may be submitted to the Faculty Committee on Student Admissions. This rule does not apply to a student who has earned a degree from an accredited institution subsequent to academic dismissal.

Individuals enrolling as non-degree seeking students who plan to make formal degree-seeking application to the University may not apply more than 14 semester hours toward an undergraduate degree unless enrolled in a Pathways program offered through INTO USF or other approved programs. Students earning a second baccalaureate degree or enrolling in an approved program may request an exception for transfer of additional USF non-degree credit hours through the Dean's Office in the Office of Undergraduate Studies.

Non-degree seeking students who have not enrolled in USF within three terms of admission must file another non-degree application and pay another non-refundable application fee when applying for readmission.
Non-degree-seeking students are subject to the same academic policies as undergraduate degree-seeking students and must adhere to deadline dates published on the Office of the Registrar’s Important Dates and Deadlines webpage (https://www.usf.edu/registrar/calendars/index.aspx) Non-degree seeking students are not eligible to receive University Honors or participate in the USF/Florida College cross-registration program. Non-degree-seeking students also are not eligible to live in University housing or receive financial aid. Non-degree seeking students are subject to the academic probation and dismissal policy listed in this catalog. Non-degree seeking students who are academically dismissed from the University may appeal to the Academic Regulations Committee (ARC) through the ARC representative in the Office of Academic Advocacy (https://www.usf.edu/undergrad/academic-advocacy/) or through the ARC representative at the appropriate branch campus. Potential non-degree seeking students should also refer to the section of the catalog of the college(s) offering the course(s) of interest to them to determine whether any special college requirements exist which must be met prior to enrolling.

Senior Citizen Tuition Fee Waiver

Florida residents who are 60 years of age or older as of registration day, and have lived in Florida for the last 12 consecutive months, may enroll on a space available basis in certain undergraduate and graduate courses without paying fees. For more information, visit https://www.usf.edu/registrar/resources/index.aspx. A parking permit, purchased from Parking Services (https://www.usf.edu/administrative-services/parking/), is required.

The Senior Citizen Tuition Waiver covers a maximum of 12 credit hours per term and is applicable only if the student registers for these courses on the designated registration day. Due to the non-degree seeking status, academic credit is not awarded, examinations are not required, and grades are not assigned. The student's status for that class is an audit, and his/her presence in the classroom is as a listener. For more information see, https://usf.app.box.com/v/usfpolicy10-006 (page 5-6).

Senior Citizen registration requests are processed on the sixth day of the term. Students need not be present in order to register; the application and registration worksheet may be submitted by mail, fax, or email. Forms submitted after the registration deadline will not be processed.

Many courses require departmental approval, prerequisites, or have other restrictions which may limit registration. You must acquire the necessary permits in advance of registration on a Senior Citizen Audit Registration Worksheet: https://www.usf.edu/registrar/resources/index.aspx

Additionally, the permits must be submitted electronically in OASIS by the issuing department ahead of registration.

Students may not pre-register for courses in which they plan to use the Senior Citizen Tuition Fee Waiver. The waiver will not be processed if a senior citizen pre-registers and then submits a Senior Citizen Tuition Waiver application for those courses (https://www.usf.edu/registrar/documents/forms/senior-citizen-tuition-waiver.pdf).

It is the student’s responsibility to complete and submit the waiver application, allowing sufficient time for the application to reach the Office of the Registrar by the registration deadline.

Academic Scholarships .................................................................................................................................................... 52

Financial Aid Dates and Deadlines .............................................................................................................................. 52
The University of South Florida makes every effort to ensure that all qualified students have access to an education. All student financial aid programs are administered or coordinated through the Office of Financial Aid (OFA).

OFA's website provides step-by-step guidance through the financial aid application process. USF's Online Access Student Information System (OASIS) allows students to monitor the status of their financial aid from application to disbursement of funds.

All students wishing to receive financial aid are encouraged to start the financial aid process as early as possible. The first step is to complete and submit the Free Application for Federal Student Aid (FAFSA) online. For more detailed guidance and information, log onto the OFA website https://www.usf.edu/financial-aid/apply/ or stop by the Office of Financial Aid. Use our Contact Us page at https://www.usf.edu/financial-aid/questions/ to reach our offices. Save time and use our Chatbot 'Finn' to find answers to common financial aid questions.

Get ahead start on a financial plan to attend USF by using our Cost Calculator (http://usfas.forest.usf.edu/cc/cc.html). The Cost Calculator will give you an estimate of how much it will cost to attend USF. By inputting your costs and financial aid, you will know if you have the financial resources to pay your USF bill.

The Student Financial Services (SFS) office, located in Student Services room 1039 is responsible for all charges on the student account (bill), payments, Florida Pre-Paid, third party payments, and refunds. Visit their website for more information: https://www.usf.edu/business-finance/controller/student-services/index.aspx

Financial Aid

In addition to finding a wealth of information on the web regarding your financial aid, you can monitor your aid application status via OASIS: https://myusf.edu/.

The first step in obtaining financial aid is filing the Free Application for Federal Student Aid (FAFSA) at https://studentaid.gov/h/apply-for-aid/fafsa Be sure to list the University of South Florida, school code #001537, as a school in order for us to receive your FAFSA information and award financial aid funds.

Since many programs are funded on a limited basis, it is to your advantage to apply early. Priority application dates and detailed information regarding financial aid are provided each year on the OFA website. Check out USF's scholarship information at https://www.usf.edu/financial-aid/scholarships/ OFA communicates important information regarding aid exclusively via the student's USF e-mail account; check your USF email frequently!

Tuition deferments are automatically provided for qualified financial aid applicants. More information can be found at https://www.usf.edu/financial-aid/deferments/.

If you withdraw from USF, either officially or unofficially, before the end of a semester, you may be required to repay all or a portion of the aid you received. For detailed information on the Federal Return of Title IV Funds requirement, go to https://www.usf.edu/financial-aid/know-this/withdraw.aspx.

Each USF campus has financial representatives available to assist you:

- Tampa: (813) 974-4700
- Sarasota-Manatee: (941) 359-4459
- St. Petersburg: (727) 553-4128

Financial Aid Application Procedures

The Free Application for Federal Student Aid (FAFSA) can be filed electronically at https://studentaid.gov/h/apply-for-aid/fafsa:

- Using the IRS Data Retrieval Tool (DRT) found within the FAFSA is the most accurate and secure method of providing the required federal tax information.
• If selected for verification, applicants who use the unchanged data generated by the IRS DRT will not be required to provide federal tax return transcripts from the IRS to the financial aid office. More information about verification can be found at [https://www.usf.edu/financial-aid/verification/index.aspx](https://www.usf.edu/financial-aid/verification/index.aspx).

• Students who are selected for verification who did not use the IRS Data Retrieval Tool, or changed data after using the tool, may be required to submit IRS tax return transcripts to verify tax information.

• Students selected for verification are advised to submit all requested documents within ten business days of being notified what requirements are needed. Students should have a completed financial aid file no later than 60 days prior to the beginning of a semester.

• Late or incomplete submission of documents can result in delayed disbursements or possible loss of eligibility for aid.

Information provided on the Student Aid Report (SAR) should be reviewed thoroughly;

• Review all correspondence, follow instructions on the SAR, and follow through within 5 – 10 business days. Delays can be costly as well as frustrating.

### Student Eligibility Requirements and Conditions for Receiving Financial Aid

**Financial Aid Terms & Conditions**

Financial aid award offers are based on full-time enrollment and reflects your eligibility based on your grade level, residency status and other program specific criteria at the time of the award offer. If you enroll less than full time, your cost of attendance will be reduced to reflect your enrollment status and award amounts adjusted accordingly. Award amounts may be revised starting 30 days prior to the start of each semester, based on your credit hour enrollment and the length of your courses.

**NOTE:** If you received an aid offer after these adjustments started in a given semester, your cost of attendance and award amounts may already reflect your enrollment.

If you do not enroll in the fall semester, your initial offer is void and you will be re-awarded if you enroll in the spring. This may result in a loss of previously awarded aid funds.

Your eligibility for financial aid funds requires you to satisfy the following terms and conditions:

1. **Enroll as a degree seeking student.**
2. **Meet the specific enrollment requirements** ([https://www.usf.edu/financial-aid/enrollment-status.aspx](https://www.usf.edu/financial-aid/enrollment-status.aspx)) and academic requirements to receive funds for each financial aid program you have been awarded. More information about the requirements for your specific awards is available in OASIS ([https://bannersso.usf.edu/ssomanager/c/SSB](https://bannersso.usf.edu/ssomanager/c/SSB)) after you accept these Terms and Conditions.
3. **Report funds** you expect to receive from sources not shown on your award notice to minimize delay in your aid being paid. Examples of such sources include tuition waivers, fellowships, scholarships, veteran’s benefits, or vocational rehabilitation benefits. Notify us immediately via OASIS. Choose 'Financial Aid,' then 'My Award & Loan Information,' then 'Resources/Additional Information' tab. Enter the resource information and submit. Your financial aid offer may need to be reduced and aid repaid.
4. **Attend class.** Attendance is required to receive financial aid (including student loans). If you drop some classes ([https://www.usf.edu/financial-aid/know-this/drop-credits.aspx](https://www.usf.edu/financial-aid/know-this/drop-credits.aspx)) , stop attending all classes, or totally withdraw ([https://www.usf.edu/financial-aid/know-this/withdraw.aspx](https://www.usf.edu/financial-aid/know-this/withdraw.aspx)) you may be required to immediately repay some financial aid (including student loans).
5. **Check your financial aid Satisfactory Academic Progress (SAP) status** ([https://www.usf.edu/financial-aid/sap/index.aspx](https://www.usf.edu/financial-aid/sap/index.aspx)) each semester in OASIS. Under the Financial Aid tab, click 'My Award and Loan Information'. Your SAP status each semester must be eligible at your degree level in order to receive funds from most financial aid programs.
6. **Check OASIS** each semester to see that you have satisfied all requirements to receive financial aid. Choose 'Financial Aid,' then 'My Requirements, Bookstore Authorizations and Deferments.'
7. **Verification** ([https://www.usf.edu/financial-aid/verification/](https://www.usf.edu/financial-aid/verification/)) must be completed and your FAFSA ([https://studentaid.gov/h/apply-for-aid/fafsa](https://studentaid.gov/h/apply-for-aid/fafsa)) information updated (if required) before your aid can be disbursed. If you do not complete verification promptly when requested, aid previously offered may be cancelled.
Academic Scholarships

The Office of Financial Aid (OFA) provides prospective and currently enrolled students with a central location to access scholarship information. The office administers the Florida Bright Futures Scholarships, and a variety of privately-funded scholarships made possible through the generosity of friends and alumni of the University of South Florida. OFA also manages the scholarship renewal process for students who have been awarded scholarships through the Office of Admissions (https://www.usf.edu/admissions/). An online search for USF scholarships may be found at https://www.usf.edu/financial-aid/scholarships/.

The Office of Admissions offers a number of scholarships based on academic merit to students planning to enter USF for the first time as a freshman or upper-level transfer student. These scholarships are highly competitive. The criteria noted for the various scholarships are used as minimum starting points for consideration; meeting or exceeding the minimum requirements will not guarantee selection.

To be considered for Florida resident merit-based scholarships from the Office of Admissions, students must submit a complete admissions application prior to the application deadline. For additional information about the awarding process, please visit https://www.usf.edu/admissions/freshmen/admissions-scholarships/index.aspx.

For non-Florida residents, a limited number of out-of-state tuition waivers are available based on academic performance. See https://www.usf.edu/admissions/freshmen/admissions-scholarships/nonflorida.aspx for more information.

The individual colleges of USF administer some scholarships directly through the Dean’s Office in each college.

Financial Aid Dates and Deadlines

Make sure you meet all deadlines and respond promptly to requests to submit additional documents. For a Checklist and Priority Dates, see https://www.usf.edu/financial-aid/checklist.aspx.

Student Accounting Services

Student Financial Services Locations:
Tampa Campus - Student Services Building (SVC 1039)
St. Pete Campus - Bayboro Hall (Room 132)
Sarasota Campus – Room B-116

The Office of Student Accounting is here to serve the students who attend our university by maintaining accurate financial records and communicating with students concerning their accounts. Our department is primarily responsible for: tuition assessment, refund processing, recording of waivers, administration of the Florida Prepaid and third party programs, and daily communication with customers.

Florida Residency Classification for Tuition Purposes

Florida K-20 Education Code, Florida Statutes, section 1009.21 and University Policy/Procedure concerning Florida Residency for tuition purposes

In determining residency classification, students fall into one of two categories:

1. **Independent students** - Students not claimed on parent's or legal guardian's federal income tax statement or whose parents do not provide 50 percent or more of their support.

2. **Dependent students** - Students, regardless of age, who are eligible to be claimed as dependents by parent or legal guardian on federal income tax statement or whose parents provide 50% or more of their support.

Rental receipts, leases, employment records, tax returns, school/college records are NOT evidence of establishing a legal Florida residence. Students who are dependent on out-of-state parents or who come to Florida for educational purposes are generally ineligible for reclassification to Florida status. In rare cases, the law allows some students (e.g., military, public school teachers, etc.) who do not meet the basic requirements to be classified as Florida residents for tuition purposes.

The following persons may be considered for Florida residency for tuition purposes: U.S. citizens, lawful permanent residents, permanent resident aliens, or a legal aliens granted indefinite stay by the INS, and non US citizens as permitted by Florida statute. Qualifying independent students or dependent students’ parents/legal guardians must establish and maintain a legal Florida residence for at least twelve months before the first day of classes of the term for which Florida residency status is sought.

The student is required to provide USF documentation of 12 months legal residence before a student is classified as a Florida resident for tuition purposes. A student is required to submit a Florida Residency Declaration and the documentation required by USF to establish Florida residency for tuition purposes no later than the fifth day of classes in the term for which the initial classification is sought.

The following is acceptable, non-conclusive evidence of the establishment of a legal residence in Florida. Two documents must be dated that they were issued at least 12 months before the first day of classes of the term for which Florida residency is sought for the initial classification.

**Required Documentation**

At least one of the two necessary documents must be from this list:

- Florida Driver's License
- Florida Voter Registration card
- Florida Vehicle Registration
- State of Florida identification card
- Proof of a permanent Florida home which is occupied as your primary residence
- Proof of a Florida homestead exemption
- Proof of permanent full-time employment in Florida (one or more jobs for at least 30 hours per week for a 12-month period; i.e. official employer letterhead) is required
STUDENT TUITION AND FEES

UNIVERSITY OF SOUTH FLORIDA 2021-2022 UNDERGRADUATE CATALOG

- Transcripts from a Florida high school for two or more years if the student's Florida high school diploma or GED was earned within the last twelve (12) months

Additional Documentation may include:

- A document evidencing verifiable family ties to a Florida resident, as defined by tuition purposes.
- A declaration of domicile in Florida (the date that the Clerk of Circuit Court notes the declaration was established shall be 12 months prior to the start date for the term in which you are applying for consideration)
- A Florida professional occupational license
- Proof of Florida-based charitable or professional organization membership
- Documents of evidence of Florida incorporation
- Documents supporting the applicant's claim of Florida residence status including, but not limited to, proof of 12 consecutive months of payment of utility bills, a lease agreement or official state, Federal or court documents depicting Florida legal ties
- Documents that demonstrate verifiable family ties to a Florida resident, as defined by Regulation for tuition purposes.

For more information regarding initial residency for tuition purposes and residency tuition waiver exceptions visit https://www.usf.edu/admissions/freshmen/admission-information/residency-information.aspx or email admission@usf.edu.

Change of Residency Status

Residency for tuition purposes is defined by state law. The University must adhere to the criteria set forth in Florida School Code (SB-20E) Section 1009.21 Florida Statutes (http://www.leg.state.fl.us). This statute applies to all institutions of higher learning in Florida. Staff at the University of South Florida cannot make exception to the rules set forth by the state nor can staff make exceptions based on financial hardship or extenuating circumstances.

The Office of the Registrar (https://www.usf.edu/registrar/) must receive the student's Request for Reclassification and supporting documentation no later than the end of the first week of classes for the term in which they are requesting reclassification. Requests submitted after the deadline will be considered for a future term only. There are no exceptions to the mandated deadline for submission.

Requests to re-evaluate a student's classification in a previous term will not be considered, except in cases of documented University error. If you have questions or concerns about your particular circumstances, contact residency@usf.edu.

Residency Reclassification for Current Students

If you believe you qualify as a Florida resident for tuition purposes, complete the Florida Residency for Tuition Purposes Request, attach copies of supporting documentation, and submit the package no later than the end of the fifth day of classes in the term for which you seek reclassification. Original documentation must be available for review. Additional documentation other than what is described may be required by the University. Where two documents are required for initial classification, three documents of the same duration are required for reclassification.

A Florida "resident for tuition purposes" is a person who has or a dependent person whose parent or legal guardian has established and maintained legal residence in Florida for at least 12 months. Other persons not meeting the 12-month legal residence requirement may be classified as Florida residents for tuition purposes in Florida only if they fall within one of the limited special categories authorized by the Florida Legislature and the Florida Board of Education. All other persons are ineligible for classification as a Florida "resident for tuition purposes."

IT IS IMPORTANT TO KNOW:

- The following persons may be considered for Florida residency for tuition purposes: U.S. citizens, lawful permanent residents, permanent resident aliens, or a legal aliens granted indefinite stay by the U.S. Department of Homeland Security, and non US citizens as permitted by Florida statute.
- Documents supporting the establishment of legal residence must be dated, issued, or filed 12 months before the first day of classes of the term for which reclassification is sought. All documentation is subject to verification.
STUDENT TUITION AND FEES

UNIVERSITY OF SOUTH FLORIDA 2021-2022 UNDERGRADUATE CATALOG

- Living in or attending school in Florida will not in itself establish legal residence.
- Students who depend on out-of-state parents for support are presumed to be legal residents of the same state as their parents.
- Residence in Florida must be for the purpose of establishing a permanent home and not merely incident to enrollment at an institution of higher education.

COPIES OF DOCUMENTATION

A copy of you and your parents' most recent tax transcript or other documentation may be requested to establish dependence/independence.

- **DEPENDENT:** A person for whom 50% or more of his/her support is provided by another as defined by the IRS.
- **INDEPENDENT:** A person who provides more than 50% of his/her support.

A copy of a marriage license is required in all cases of a spouse claiming a partner's residency.

Veterans Benefits

USF is approved for the education of veterans, eligible dependents, members of the selected reserve, and active-duty personnel who are eligible for benefits under public laws now in effect. All degree programs currently offered at USF are approved by the Department of Veterans Affairs.

How to Apply

Students who may be eligible for benefits are urged to contact the Office of Veterans Success at https://www.usf.edu/student-affairs/veterans/. Once admitted, peer counselors will guide the student veteran through the process of requesting Veterans Educational Benefits through our online Clockworks system. You can contact the Office of Veterans Success at ovs@usf.edu or come by the office at ALN 190 or call 813-974-2291.

Eligibility

To be eligible for full-time VA benefits at USF, undergraduate students must enroll for 12 or more semester hours, and graduate students must enroll for 9 or more semester hours each normal academic term. Additional information for obtaining education benefits can be found at https://www.usf.edu/student-affairs/veterans/apply/index.aspx.

Out-of-State Waiver

HB 7015-Florida GI Bill, created the "Congressman C.W. Bill Young Tuition Waiver Program." This will waive out-of-state tuition fees for honorably discharged veterans of the U.S. Armed Forces, Reserves, or National Guard who physically reside in Florida while enrolled at an institution in the State University System of Florida. Persons who are entitled to and use educational assistance provided by the United States Department of Veterans Affairs also qualify for this waiver if they physically reside in Florida while enrolled at the University. Tuition and fees charged to a veteran or person who qualifies for the out-of-state fee waiver under this section may not exceed the tuition and fees charged to a resident student enrolled in the same program. Information on requirements and deadlines for the Out-of-State Waiver is found at https://www.usf.edu/student-affairs/veterans/admissions/outofstatefeewaiver.aspx. For more information regarding residency for tuition purposes and residency tuition waiver exceptions visit: https://www.usf.edu/admissions/other/residency/ or email residency@usf.edu.

Tuition Deferment

The tuition deferment program for Veterans is set up through USF and the VA. Due to VA payments being delayed at times, a tuition deferment gives the student and the VA an extra 90 days past the start of the semester to pay for a student's tuition and fees. See Veterans Benefits and Transition Act of 2018, Section 103 PL 115-407.

Special Populations Waiver

Out of State Waiver Eligibility Process: Bill HB 851-Postsecondary Education Tuition and Fees (https://www.usf.edu/registrar/services/forms.aspx) allows students, including but not limited undocumented students who meet certain guidelines, to receive waivers to attend college at Florida resident (in-state) tuition rates. These non-resident students, who do not have sufficient ties to Florida as set forth under Florida School Code (SB-20E) section 1009.21, Florida Statutes, may qualify for an out-of-state tuition waiver.
Child Protection & Welfare Tuition Exemption: Section 402.403, Florida Statutes, established the Child Protection and Child Welfare Personnel Tuition Exemption Program for the purpose of recruiting and retaining high-performing individuals who are employed as child protection and child welfare personnel. For those personnel who meet the requirements of the program up to six credit hours of courses per term are exempt from the payment of tuition and fees at an institution in the State University System of Florida.

For more information regarding residency for tuition purposes and residency tuition waiver exceptions visit: https://www.usf.edu/registrar/services/residency/ or email residency@usf.edu.

School Costs and Fees

Registration fees are assessed in accordance with University Board of Trustees rules, per USF Regulation 4.0102. Tuition and fees are based on a number of factors, including undergraduate or graduate status, residency and the type of housing chosen. However, even if you live out of state, our costs often competitive with the in-state rates at your local university.

USF’s Cost of Attendance can be found on the Financial Aid website https://www.usf.edu/financial-aid/cost-of-attendance/.

- Students Living On-Campus
- Students Living Off-Campus with Parents
- Students Living Off-Campus Not with Parents

Fees

The levels of the Activity and Service Fee, the Health Fee, and the Athletic fee are determined on each campus by a student fee committee appointed by the President of the University and the Student Government President. The committee includes USF faculty and students with the majority of the committee being students. The fees may be reviewed on a yearly basis.

Registration fees are assessed in accordance with University Board of Trustees rules. All fees are subject to change without prior notice. The University will make every effort to advertise any such changes if they occur.

1. Admissions Application Fee – (Each application - not refundable) $30.00
2. Non-Degree Application Fee – (Each application - not refundable) $30.00
3. Tuition

Schedule/Fee Statements are not mailed. Tuition is due by the fifth day of each term. Students may view and/or pay their current term fees online by accessing the "Tuition, Fees & Payments" option in OASIS - https://webauth.usf.edu. The student is responsible for paying fees in full by the appropriate due date as stated at https://www.usf.edu/business-finance/controller/student-services/deadline-dates.aspx. Failure to do so may result in cancellation of the student's registration. Checks are payable to USF.

To avoid a $100.00 late payment fee, all tuition fees must be paid by the fifth day of the term. The University cannot be responsible for lost or misdirected U.S. Mail. A student whose registration has been cancelled may request registration reinstatement through the fourth week of class for the academic term.

Note: All students who successfully petition for reinstatement from financial cancellation due to non-payment will be assessed a $100.00 late registration fee along with a $100.00 late payment fee. Upon approval for reinstatement, all fees and other debts owed to the University must be paid in full by cash, money order, check or credit card before reinstatement will be affected.

Current fees are posted on the OASIS website.

1. Students who only register for a co-op assignment must pay a minimum of one (1) hour at the level of the co-op assignment.
3. Late Registration Fee
   - All degree seeking students who initiate (i.e., those students who have not enrolled for any courses during early or regular registration) their registration during the late registration period will be automatically assessed a $100.00 late registration fee.
4. **Financial Aid Disbursement**

Upon satisfaction of eligibility criteria, financial aid will be credited to student accounts after the drop/add period is over. Monies in excess of charges will be electronically deposited to each student’s checking account via eDeposit, or checks will be mailed to student’s local address. Students are encouraged to setup an eDeposit account in OASIS.

5. **Cancellation for Non-Payment of Fees**

Students not on an authorized deferred payment of fees and who have not paid their tuition and fees in full by the applicable bill due date will have their registration for that term cancelled. This means, specifically, that a student will receive no credit for any courses taken during that term.

6. **Intern Certificate of Participation**

Individuals who have supervised interns may register for courses during a term by presenting their intern Certificate of Participation. The Intern Participation Certificate states that certificate holders are entitled to a waiver of only matriculation fees for a maximum of six (6) credit hours instruction during a single term. Certificates are valid for three years from the date of issuance.

Fees must be paid by the fifth day of the term. The University cannot be responsible for lost or misdirected U.S. Mail.

7. **Employee Tuition Program**

The USF Employee Tuition Program authorizes full-time USF employees who are appointed to established positions, to enroll in USF credit courses, up to six credit hours per semester. Summer terms A, B, and C are all part of one semester. Employees must be appointed prior to the first day of class and is expected to be employed full-time past the end of the semester for which they are enrolled.

8. **Tuition Deferment for VA Students**

Students receiving VA benefits, who have applied in writing no later than the date specified by the Office of Veteran Success, have until the VA deferment bill due date to pay tuition in full. If the application is late, students are not eligible for a deferment and could be dropped from classes and receive late fees.

9. **Florida Prepaid College Program**

Students who are eligible to receive benefits under this program may be responsible for the local fees, differential fees, and other fees depending upon which Florida Prepaid plan they are enrolled in.

10. **Mailed Payments**

To avoid cancellation of registration or a $100.00 late payment fee, all fee payments must be received by the applicable fee payment deadline.

11. **Returned Registration Checks**

A student’s current registration is subject to cancellation if the check presented in payment of those fees is returned to the University unpaid. Dishonored fee payment checks must be redeemed within 10 calendar days to avoid cancellation of a student’s current registration. **A $100.00 late payment fee and a $25.00 administrative charge will be assessed on any registration check returned unpaid to the University.**
Payment of Accounts Due to the University

Charges against students for loss or breakage of University equipment, books, fines and other charges are due immediately. Delinquent accounts may be considered sufficient cause for cancellation of registration. University regulations prohibit registration and the release of transcripts and diplomas for any student whose account with the University is delinquent. Delinquent accounts may be turned over to a collection agency and all collection fees including legal fees will be added to the student account balance. Financial aid from a succeeding academic year cannot be used to repay prior academic year debts.

Payments should be made by the appropriate deadline and can be:

- Dropped in the applicable campus drop-box (checks and money orders only)
- Mailed to the University of South Florida, P.O. Box 864571, Orlando, FL 32886-4571
- Made online by accessing OASIS

Payment Procedures

Payment must be received no later than the fee payment deadlines as specified on the Important Dates & Deadlines page - https://www.usf.edu/registrar/calendars/.

The primary form of payment of most account holders is on-line through OASIS via the myUSF portal. Students can pay using an eCheck or a credit card in this system. Payments cannot be transacted by telephone.

Acceptable Forms of Payment

USF accepts online credit/debit cards or eCheck in your OASIS account, via postal mail by check or money order, or by cash or money order in the drop-box located on the applicable campus. For complete details, please visit the University Controller's Office at https://www.usf.edu/business-finance/controller/student-services/cashiers/index.aspx.

If your bill is to be paid by an outside agency (government sponsor or other third-party sponsor), your scholarship agency should notify the University in advance by letter stating the amount and length of time of the award and whom to bill for tuition. Keep the original copy in case the immigration officer at the port-of-entry or the University Student Financial Services requests it.

- eCheck (recommended) – check payments can be made in OASIS by entering the routing and account number from your checking account paper checks.
  - Benefits: There is no additional cost to pay using this method and payments post immediately.
- Credit Card – MasterCard, American Express, and Discover credit card payments can be made in OASIS. A 2.5% convenience fee will be charged.
- Mailed Check/Money Order – Checks and money orders (with student ID included) can be mailed to the address below. Please allow sufficient time for the checks to be received before the due date:

  University of South Florida
  P.O. Box 864571
  Orlando, FL 32886-4571

  If you have questions regarding charges or payments on your student account or questions about your 1098-T (https://www.usf.edu/business-finance/controller/student-services/accountsreceivable/1098t.aspx) please call 813-974-6056 or email SFSHELP@USF.EDU. You can also visit SVC 1039 on the Tampa campus.

- For questions about your FAFSA or financial aid awards, please contact the Office of Financial Aid (https://www.usf.edu/financial-aid/questions/).

Other Forms of Payment

Tuition and fees may be partially or completely paid by Financial Aid, Florida Prepaid, tuition waivers, or departmental grants. The student is responsible to pay any amount that is not covered by these types of payments by the applicable due date.
Financial Aid

For details on how financial aid works at USF, visit https://www.usf.edu/financial-aid/know-this/index.aspx.

Due to federal regulations, there are restrictions on what financial aid information can be discussed with students and/or their parents over the phone and via email. Students are now required to present a photo ID when visiting the Office of Financial Aid. If a dependent student, the student must have a completed Privacy Release for Dependent Students on file annually in order for financial aid information to be released to parent(s). These restrictions protect the student's personal financial information and assure that only the student has access to the financial aid record.

Florida Prepaid College Plan

The University of South Florida downloads a file from Florida Prepaid and automatically bills for all Florida Prepaid College students with tuition plans that are enrolled for Fall, Spring and/or Summer terms. Dorm plans are billed for students with dorm charges for Fall and Spring terms only. Payment is limited to the maximum amount allowed of the student's available prepaid plan balance.

To determine the student's portion of the fees, use the form at https://www.usf.edu/business-finance/controller/student-services/student-accounting/florida_prepaid_worksheet.pdf. Find the number of hours registered for in the hour's column, and then find the amount under the student's prepaid plan. Subtract the amount that prepaid will cover from the balance of the Fee Assessment on OASIS. The student is responsible for the difference. The amount Prepaid is estimated to pay can also be viewed in the memo section of the Account Summary by Term on OASIS. The student's portion of the tuition not covered by Florida Prepaid is due by the Financial Aid deferment deadline of the semester. Payment deadlines can be found at https://www.usf.edu/business-finance/controller/student-services/deadline-dates.aspx.

For questions concerning USF procedures or student account, contact the customer service department:

Email: SFShelp@usf.edu
Phone: (813) 974-6056

Florida Bright Futures

The Florida Bright Futures Scholarship Program (https://www.floridastudentfinancialaidsg.org/SAPBFMAIN/SAPBFMAIN) rewards students for their academic achievements during high school by providing funding for them to pursue post-secondary educational and career goals in Florida.

For more information on this program, including details on how to receive funding at USF, visit: https://www.usf.edu/financial-aid/brightfutures/index.aspx.

Homeless Fee Exemption

Florida Statue 1009.25(f)
http://www.leg.state.fl.us/statutes/index.cfm?App_mode=Display_Statute&URL=1000-1099/1009/Sections/1009.25.html

A student who is homeless may be exempt from paying tuition and fees. The statute defines a homeless student as one who "lacks a fixed, regular, and adequate nighttime residence or whose primary nighttime residence is a public or private shelter designed to provide temporary residence for individuals intended to be institutionalized, or a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings."

If you think you may be eligible for the homeless exemption, you should speak with your Case Manager or Homeless Liaison Officer from the shelter or with a case manager from USF Student Outreach and Support (https://www.usf.edu/student-affairs/student-outreach-support). Student Outreach and Support can be reached at (813) 974-6130.
Tuition Waivers

USF may waive tuition and fees as follows:

- Any dependent child of a special risk member killed in the line of duty, per Sections 112.19 and 112.191, Florida Statutes.
- Certain members of active Florida National Guard are entitled to a waiver of tuition and fees pursuant to Section 250.10, Florida Statutes.
- A student enrolled through the Florida Linkage Institutes Program is entitled to a waiver of the non-resident tuition and fees pursuant to Section 288.8175(6), Florida Statutes.
- Intern supervisors for institutions within the State University System may be given one non-transferable certificate (fee waiver) for each full academic term during which the person serves as an intern supervisor, pursuant to 1009.26, Florida Statutes.
- Persons 60 years of age or older who are Florida residents, as provided by Chapter 1009.26, Florida Statutes.
- A student who is or was at the time he or she reached 18 years of age in the custody of the Department of Children and Families or who, after spending at least 6 months in the custody of the department after reaching 16 years of age, was placed in a guardianship by the court. Or a student who is or was at the time he or she reached 18 years of age in the custody of a relative or nonrelative under s. 39.5085 or who was adopted from the Department of Children and Families after May 5, 1997, pursuant to Chapter 1009.25, Florida Statutes.
- Purple Heart recipients pursuant to Chapter 1009.26, Florida Statutes.
- Non-Florida resident fee for qualified students including the Deferred Action for Childhood Arrivals (DACA), as provided by Chapter 1009.26, Florida Statutes.
- Non-Florida resident fee for a veteran; C.W. "Bill" Young Veteran Tuition Waiver, as provided in Chapter 1009.26, Florida Statutes.

Waivers can be brought in person to Tampa Campus SVC 1039 or mailed to:

UCO-Student Accounting
University of South Florida
4202 E. Fowler Ave ALN 147
Tampa, FL 33620

The non-Florida student financial aid fee may not be waived for students receiving an out-of-state tuition and fee waiver.

Third Party Billings

Third party billing is a service offered to outside agencies and companies requesting to be invoiced for a student's tuition and fees. A third party cannot be an individual (i.e. a student's parent). If you are a student and are expecting an outside agency to pay for your tuition and fees, the Student Accounting Office must be provided with an authorization to bill that agency.

An authorization is a written statement, preferably on agency letterhead, giving the University permission to bill that agency. An authorization should contain the following information:

- Billing Address
- Contact person (name, phone number, e-mail)
- Student's full name and U ID number
- Specific semesters that will be paid
- Specific charges that will be paid

Examples of authorizations include: Vocational Rehabilitation authorizations, financial letters of guarantee, tuition assistance forms, letters of credit, and vouchers.
If your agency does not have a standard letter of authorization, please use the Third Party Billing Agreement Form - https://www.usf.edu/business-finance/controller/student-services/student-accounting/tpb_agreement_form.pdf

QUESTIONS? Email questions related to third party billing to ThirdParty@usf.edu.

Senior Citizens Tuition

Florida residents 60 years of age or older prior to the first day of classes in the term of registration may enroll on a space available basis in certain undergraduate and graduate courses without paying fees.

Eligible Senior Citizens must supply their registration materials to the Office of the Registrar by the 5th business day of the term. No registrations will be processed after the 6th business day of the term. Class registrations affected via OASIS by the student prior to the Senior Citizen Registration date will incur a fee liability that cannot be waived.

New Senior Citizen students, or those who have not enrolled at USF in the past 3 consecutive terms, must provide two forms of state-issued identification (Driver's License; Voter Registration; Vehicle Registration) with their registration materials. The Senior Citizen Tuition Waiver Program is limited to bonafide residents of Florida. Persons shall be considered Florida Residents provided they have resided and held domicile in the state for at least twelve months immediately preceding the first day of classes for the term. This data is validated through state-issued documents.

Senior Citizen students are required to purchase parking permits to park on campus.

All courses require college/departmental approval on the Senior Citizen Auditor registration worksheet. Many courses have prerequisites or have other restrictions which may limit student eligibility to register.

Senior Citizen students who are enrolled for classes which require their physical presence on campus must complete and submit the Medical History Form. Failure to submit the required documentation will block registration.

State Employee Six-Hours-Free Course Benefit

Admitted USF degree-seeking or non-degree seeking students who are employed by the State of Florida may apply to waive tuition up to a maximum of 6 credit hours (excluding selected directed individual study or research, internship practicum, music & theatre performance, Cooperative education, PACE, lifelong learning, continuing education and correspondence courses).

State employees must also acquire all necessary employer approvals on the state employee Tuition Waiver Request form. For more information, visit https://www.usf.edu/business-finance/controller/student-services/student-accounting/waivers-state.aspx

State employees, like all other USF students, register via OASIS but only on or after 5 p.m. two business days before the first day of classes each term. For example, state employee students register after 5 p.m. on Thursday preceding the first day of a term when classes begin on a Monday. Any state employee who registers at any time before the approved this registration start- time and day forfeits eligibility to use the State Employee Tuition Waiver and will be held fully liable for all USF tuition and fees.

Tuition Waiver Request forms must be completed and returned to the USF Student Accounting Office by the fourth day of class to avoid the $100 Late Payment Fee and potential class cancellation. State of Florida employees, who are not employed by the Florida State University System, will earn taxable income equal to the value of tuition waived for both undergraduate and graduate level courses. Since the value of tuition waived is taxable, it is subject to Federal Income Tax, Social Security and Medicare taxes (FICA), and reported to the Department of Financial Services, Bureau of State Payrolls; each term by the appropriate Division of Human Resources sees that all appropriate taxes are withheld.

Since tuition rates for Florida residents are lower than rates for non-residents, it is important for all state employees utilizing Tuition Waiver Request forms to verify their residency status is correct.
STUDENT TUITION AND FEES

UNIVERSITY OF SOUTH FLORIDA 2021-2022 UNDERGRADUATE CATALOG

Direct Deposit

1. Tuition is due at the end of the fifth day of classes each term.
2. Financial aid is paid on the sixth day of classes after enrollment is confirmed.
3. If students do not have a tuition deferment or have not paid their bill by the end of the fifth day of classes, their enrollment will be cancelled.
4. Any excess balance remaining will either be e-deposited to your personal bank account, (Log into OASIS to sign up for E-Deposit) or the Student Financial Services will mail a check to the address listed for the student in OASIS.

Refund of Tuition/Fees Payment Release of Tuition/Fees Liability

The following refunds, less deductions for unpaid debts to the University, are authorized. A Refund Request Form (https://www.usf.edu/business-finance/controller/student-services/student-accounting/refund_request.pdf) must be completed and submitted per the instructions on the form. A two-week waiting period is observed for each refund to be sure checks have cleared.

1. 100 percent of registration fees and tuition will be refunded if notice of withdrawal from the University is approved prior to the end of drop/add period and written documentation is received from the student.
2. 25 percent of registration fees and tuition paid less building and capital improvement fees, will be refunded if notice of withdrawal from all courses from the University is approved prior to the end of the fourth week of classes (summer term is prior to the end of the third week of classes) and written documentation is received from the student.

Fee Adjustment Request After Fifth Day of the Term

One-hundred percent (100%) of tuition and fees may be refunded if, within six (6) months of the end of the term to which the refund is applicable, a student who has withdrawn from a course completes and files with the Office of the Registrar a Fee Adjustment Request Form https://www.usf.edu/registrar/fee_adjustment.aspx citing circumstances outside of the student's control which are confirmed and approved by the Fee Adjustment Committee. Circumstances to be considered within this six month period include:

1. Illness of a student of such severity or duration, as confirmed in writing by a physician, to preclude completion of the course(s),
2. Death of the student or death in the immediate family (parent, spouse, child or sibling),
3. Active military duty,
4. University error, or
5. Other documented exceptional circumstances beyond the control of the student which precluded completion of the course(s) accompanied by letter of explanation.

Special requests for an extension of the six (6) month deadline must include specific facts indicating special circumstances which (i) were beyond the control of the student (ii) clearly impaired the student's physical or mental ability to correct their academic/financial record at the University and (iii) are supported by written explanation and verifiable documentation.

Pursuant to Public Law 102-325, the Higher Education Amendments of 1992, students attending the University for the first time who withdraw are entitled to a pro rata refund of tuition, fees, room and board.

A student who receives financial aid and subsequently changes the enrollment status which results in a refund in accordance with this section, will have the appropriate share of the refund returned to the University’s financial aid programs in accordance with the Financial Aid Policy on Refunds and Repayments.

The University of South Florida will approve a waiver of the Late Payment fee if the student is unable to make payment on time due to circumstances determined by the University to be exceptional and beyond the control of the student. A Late Payment Fee Waiver Request Form (https://www.usf.edu/financial-aid/know-this/withdraw.aspx) may be completed and submitted to the Student Financial Services, SVC 1039.
Past Due Accounts

The University will cancel the registration of a student whose registration fees have not been paid in full by the deadline as indicated on the Office of the Registrar’s Important Dates & Deadlines webpage (https://www.usf.edu/registrar/calendars/index.aspx). This means, specifically, that a student will receive no credit for any courses taken during that term. This includes students that registered for Alternative Calendar courses using OASIS and courses that start prior to the first week of classes.

If the student is only taking Alternative Calendar courses that were not registered using OASIS and have a start date after the first week of classes, register after the first week of classes or have an authorized deferred payment of fees, their registration may not be cancelled.

Late Fees

Late Payment Fees apply to students who do not pay their fees or obtain a full fee deferment by the payment deadline. The Late Payment Fee is $100 per term.

Late Registration Fees are charged to students who enroll following the close of the regular registration period for the term, who re-register, or who enroll for the first time during Late Registration and Drop/Add period. The Late Registration Fee is $100.00 per term.

Both a Late Payment Fee and a Late Registration Fee are charged to students who are dropped for non-payment.

Summer term is divided into sessions, and the late fee is charged per session.

Auditing Privileges and Fees

Only an admitted student may register to audit a course; as an auditor, the student is not allowed to take exams, earn grades, or receive credit. The student's status for that class is an audit. The student's presence in the classroom is as a listener, which means an instructor may limit auditing student's participation in class, including class projects and other interactive, graded or ungraded activities. For more information see, https://usf.app.box.com/v/usfpolicy10006.

Audit status may only be obtained at the Office of the Registrar and only during the first five days of the term by filing a Course Audit Form (http://www.registrar.usf.edu/forms/Course%20Audit%20Form22010-11-03_16_27_53.pdf). A date-stamped permit from the college/department where the course is being offered must accompany a Course Audit Form to the Office of the Registrar. In-state fees are assessed for all audited courses.

Cancellation before First Class Day

Students who do not drop a class via OASIS before the term begins may only cancel their registration by notifying the Office of the Registrar in writing prior to the first day of classes. For more information, see https://www.usf.edu/business-finance/controller/student-services/cancellation.aspx.

If fees have already been paid, the student may request a full refund of fees from the Student Financial Services.

Excess Hours Surcharge

BOG Regulation 7.003 (21)  
USF Regulation 4.0107  
https://usf.app.box.com/v/usfregulation40107 see item 6

The Excess Credit Hour Surcharge is a state mandated fee that requires universities to add a surcharge to each credit hour that is more than 120% of hours needed for completion of your degree or 144 hours for 120 credit hour degree programs for First Time in College Students beginning in Fall 2019 or after. An Excess Hour Fee shall be assessed to designated undergraduate students pursuant to the provisions of BOG Regulation 7.003(21).

Effective Fall 2019, USF will calculate an excess hour threshold for each student based on the number of credit hours required for the degree. For any student who changes degree programs, the excess hour threshold must be adjusted only if the number of credit hours required to complete the new degree program exceeds that of the original degree program.
The surcharge is assessed only on the tuition portion of the semester hour cost, not on the fees. The number of total program hours required for the baccalaureate degree will be identified by the student's declared major. This is typically 120 semester hours, although, some programs have been approved to require more than 120 semester hours.

For further information, visit https://www.usf.edu/registrar/services/excess-hours/index.aspx.

No institution may waive the excess hours surcharge; the language of the statute is mandatory.

**Repeat Course Surcharges**

Section 1009.285 of Florida Statutes

A student enrolled in the same undergraduate college-credit course more than twice shall pay tuition at 100 percent of the full cost of instruction and shall not be included in calculations of full-time equivalent enrollments for state funding purposes. However, students who withdraw or fail a class due to extenuating circumstances may be granted an exception only once for each class, provided that approval is granted according to policy established by the Florida College System institution board of trustees or the university board of trustees. Each Florida College System institution and state university may review and reduce fees paid by students due to continued enrollment in a college-credit class on an individual basis contingent upon the student's financial hardship. For purposes of this section, first-time enrollment in a class shall mean enrollment in a class beginning fall semester 1997, and calculations of the full cost of instruction shall be based on the system wide average of the prior year's cost of undergraduate programs for the Florida College System institutions and the state universities. Boards of trustees may make exceptions to this section for individualized study, elective coursework, courses that are repeated as a requirement of a major, and courses that are intended as continuing over multiple semesters, excluding the repeat of coursework more than two times to increase grade point average or meet minimum course grade requirements.

The University may grant exceptions to this rule based on extenuating circumstances and financial hardship. However, the University may only approve one appeal per course. The exceptions included in the Statute are extenuating circumstances and financial hardship and are defined as follows:

Extenuating circumstances are those circumstances determined by the University to be exceptional and beyond the control of the student and may include but not be limited to serious illness, death of an immediate family member (parent, step-parents, spouse, child, sibling, or grandparents), orders for active duty; or University error. In all cases, supporting documentation must be submitted with the request for a waiver of this surcharge.

The criteria used by the universities for determining financial hardship should include, but not be limited to, qualification for federal need-based financial aid. Students with other documented financial hardships may also be considered.

For consideration, the student must fill out a Repeat Course Surcharge Waiver (see https://www.usf.edu/registrar/fee_adjustment.aspx) and provide supporting documentation. Submit the completed form with documentation to the Office of the Registrar (https://www.usf.edu/registrar/).

</table>
The Office of the Registrar provides student, academic, and administrative services, and is responsible for maintaining each student's academic record from the time of admission through graduation. Staff coordinate registration and drop/add activities, process grades, prepare transcripts, and process graduation applications. Staff also review and act on student requests for reclassification of residency, name changes and other student record information updates.

The Office of the Registrar provides information and services to students in the University’s Online Access Student Information System (OASIS). Using their Net ID and password, students can register and drop/add courses, process address changes, access registration appointment time and hold information, request privacy, view their grades and order transcripts.

Although technology is leveraged to provide better service, staff provide service in-person and via phone and email.

The Office of the Registrar maintains the official academic records for all students and course registrations for currently enrolled students.

### Getting Started

#### NetID and USF e-mail address
Almost all online activity at USF including MyUSF, Canvas and student email requires your USF NetID. Create a student NetID to activate your official USF student email account ([https://netid.usf.edu/una/?display=active](https://netid.usf.edu/una/?display=active)).

#### MyUSF
MyUSF is the window to all of your technology needs including access to Canvas.

#### Canvas
Access Canvas through MyUSF. Canvas is a learning management software that enables you to complete class assignments, read course documents, post discussions, communicate with classmates, and check your grades for each assignment, and access your email. Virtually all professors use Canvas as a way to communicate noteworthy information to their students.

#### OASIS
Student self-service access via MyUSF. OASIS provides online access to your personal student information and self-service functionality. In OASIS, you can register, pay tuition and fees, and see midterm and final grades.

### Network Access

Before you begin using the USF network, your computer or mobile device must be registered. Once registered, you are able to surf the USF network. The following items are needed:

- A valid USF email address
- Computer's network adapter address (also known as physical address or mac address)
- A non-USF email address
- A valid phone number

For any University technology questions or concerns, contact the Information Technology Help Desk ([https://www.usf.edu/it/about-us/helpdesk.aspx](https://www.usf.edu/it/about-us/helpdesk.aspx)) at (813) 974-1222.
Registration Information

Registration for Admitted Degree-Seeking Students

Continuing degree-seeking students may register via OASIS on or after their registration appointment date and time for their next term's courses. Registration occurs during the preceding term. More information is available at https://www.usf.edu/registrar/register/index.aspx.

Registered students may make course schedule adjustments from the time of their initial registration through the first week of classes. Deadlines for each term are published at: https://www.usf.edu/registrar/calendars/index.aspx.

Degree-seeking students not registered prior to the first day of classes may register late during the drop/add week (first week of classes); a $100.00 late registration fee is charged for not having initiated registration on time. To avoid financial cancellation, fees are due for all registered courses of record on the fifth day of classes (end of drop/add period).

Administrative Holds

A student may be placed on administrative hold by failure to meet obligations to the University. Students with administrative holds may not be allowed to register, receive a diploma, or receive an official transcript. Settlement of financial accounts must be made at the University Cashier's Office. Each student placed on administrative hold may determine via OASIS which office to contact in order to clear the obligation. For a current list of common administrative holds, see https://www.usf.edu/registrar/services/holds.aspx.

Late Registration

USF Regulation 4.0101
https://usf.app.box.com/v/usfregulation40101

All eligible students* attempting to register for the first time after active registration ends must:

1. Obtain approval from the authorized college/department Academic Regulations Committee.
2. Have the registration processed at the Office of the Registrar (https://www.usf.edu/registrar/), SVC 1034.

*An eligible student must be:
1. A continuing USF student,
2. A new student admitted late, or
3. A late readmitted former student returning after three or more semesters.

Late Payment of Fees

All degree-seeking students who wait to initiate or attempt registration for the first time during the Late Registration (drop/add period) will be automatically assessed a $100.00 late registration fee.

All non-degree seeking students who have not registered for any courses by the end of Late Registration (drop/add period) will automatically be assessed a $100.00 late registration fee.

Any students who successfully petition for late registration or reinstatement following financial cancellation will be automatically assessed a $100.00 late registration fee.

Requests to waive the $100 late registration fee must be submitted to the Office of the Registrar using the Late Registration Fee Waiver Request form (https://www.usf.edu/registrar/documents/forms_2019/late_registration_waiver_request_form_2019.pdf).

Waiver of Late Fees

USF will approve a waiver of the Late Payment fee if the student is unable to make payment on time due to circumstances determined by the University to be exceptional and beyond the control of the student. Requests for a waiver must meet one of the conditions listed below to be considered:

- University error which precludes timely payment of registration fees. A supporting email from an appropriate USF official's USF email or letter on University letterhead and signed by an appropriate University official or an appropriate official University document must be included with your petition.
Extraordinary circumstances such as severe illness, death of an immediate family member (parent, step-parent, spouse, child, sibling or grandparent), or call to active duty that precludes timely payment of registration fees. Appropriate documentation (note from physician, copy of military orders, etc.) must be included with your petition.

If you have any questions, contact the Student Financial Services at 813-974-6056.

Return the completed and signed petition form (https://www.usf.edu/business-finance/controller/student-services/late_pay_waiver.pdf) and all relevant documentation to SVC 1039. You can also email your packet it sfscommittee@usf.edu or send via mail:

Student Financial Services
University of South Florida
4202 E. Fowler Ave, ALN 147
Tampa, FL 33620

Course Information

Course Load/Maximum Hours

A normal enrollment for undergraduates is defined as 15 credit hours per semester. With academic advisor approval, students are allowed to take a maximum number of 18 credit hours per semester in Fall and Spring and 14 credit hours in the Summer session.

Students may request an exemption to the maximum amount of credit hours allowed per semester through their academic advisor.

Course Prerequisites/Co-requisites

A prerequisite is a course in which credit must be earned prior to enrollment in another course. A corequisite is a course that must be taken concurrently with another course. A concurrent prerequisite may be taken either prior to or at the same time (concurrently) as another course.

It is the student's responsibility to review prerequisite and co-requisite information as stated in the course description. Transient and Visiting Students should follow these outlined steps to receive permission to register for a course with requisites. All other non-degree students should contact the academic department for permission to enter any course that requires a prerequisite or co-requisite. USF reserves the right to drop a student who does not meet the course requisites from the appropriate course(s). A student whose registration is cancelled will receive an email notification from the Office of the Registrar to the student's USF email account.

Courses Outside Degree Programs

Unless otherwise stipulated by external accreditation agreements, students whose academic programs require courses in other disciplines shall be given the same access to those courses as students in those majors.

Directed Independent Study

Students who wish to study or do research under the direction of a faculty member for topics or areas not detailed in regularly scheduled courses may make arrangements for such study as a directed independent study. Credit hours and requirements are determined by the director of the study.

Registration requires the approval of the faculty member who will supervise the study and the department chair, in addition to the completion of the USF Contract for Independent Study & Directed Research. Each College and/or Department has their own form; students should contact their Academic Advisor for more information.

Directed studies are available for approved subject area prefixes and levels and are designated by the last three digits of the course number. For example, ARH 4905 designates a senior level directed independent study in Art History.
**STUDENT REGISTRATION AND RECORDS**

**UNIVERSITY OF SOUTH FLORIDA 2021-2022 UNDERGRADUATE CATALOG**

**Add**

After a student has completed registration on the date assigned, the student may continue to add more courses until the fifth day of classes, otherwise known as the end of drop/add period outlined in the Office of the Registrar’s Important Dates and Deadlines.

For undergraduate students requesting that certain University policies be waived through the Academic Regulations Committee (ARC) petition process, this process can be used to late add a course after the add/drop deadline, limited to second week of classes. Petitions received after the second week of classes will not be processed.

ARC petitions are reviewed by Colleges. Contact and submit relevant documentation to the ARC representative in the College of your declared major. It is the student's responsibility to obtain, complete and submit all documentation required by this process. Incomplete petitions will not be considered.

The process and forms are available on the ARC website ([https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/index.aspx](https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/index.aspx)). The forms below are required:

**Drop**

A student may drop courses during the drop/add period. Dropped courses not to appear on the student's transcript. No tuition or fees will be assessed for courses dropped by the fifth day of classes.

To avoid fee liability and academic penalty, the student is responsible for dropping all undesired courses by the end of the drop/add period specified in the Office of the Registrar's Important Dates and Deadlines. Students are required to attend the first class meeting of courses for which they registered.

Although the University has a mandatory first day attendance policy and faculty may drop students from courses, it is students' sole responsibility to ensure they drop to avoid fee liability. A faculty member's failure to exercise the right to drop a student for failure to attend the first day is not a university error and is not justification for a refund.

**Withdraw**

A student may withdraw from courses between the second and tenth week of the semester; these weeks are different for courses in Summer session and alternative calendars. See the Office of the Registrar's Important Dates and Deadlines.

Tuition and fees will not be refunded for course withdrawals, and the student's academic record will reflect a "W" grade for each course withdrawal. Under specific conditions, consideration for refund of tuition and fees for course withdrawals may be requested by submitting a Fee Adjustment Request form ([https://www.usf.edu/registrar/documents/forms_2019/fee_adjustment_request_2019.pdf](https://www.usf.edu/registrar/documents/forms_2019/fee_adjustment_request_2019.pdf)) accompanied by supporting documentation to the Office of the Registrar. Per Florida Board of Governor Regulation 7.002, "A written appeal for a refund or other appeal action must be submitted to the University within six (6) months of the close of the semester to which the refund or other appeal action is applicable." Students who withdraw may not continue to attend class.

All undergraduate students will be limited to a total of five course withdrawals while enrolled as a degree-seeking or a non-degree seeking undergraduate student. The five course withdrawals will be limited to three course withdrawals for students with less than 60 semester credit hours, and two course withdrawals for students with more than or equal to 60 semester credit hours. Only in extenuating circumstances will approval be granted for more than five course withdrawals. Appeals for additional course withdrawals due to extenuating circumstances must be submitted to the Academic Regulations Committee in the college of the student's academic major.

Students should be mindful of the Excess Hour Surcharge Policy when requesting late adds or late withdrawals. See [https://usf.app.box.com/v/usfregulation40102](https://usf.app.box.com/v/usfregulation40102).

All undergraduate students enrolled in graduate-level courses will be limited to a total of two course withdrawals while enrolled as a degree-seeking or non-degree seeking student taking graduate courses at USF. Only in extenuating circumstances will approval be granted for more than two course withdrawals. To withdraw from a graduate course after the drop period, submit an **ARC Petition** ([http://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/](http://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/)) to the College of your major.
Individual Class Withdrawal

A student who withdraws may receive a grade of "W" up until the posted deadline to withdraw without academic penalty for each term see the Office of the Registrar's Important Dates and Deadlines.

Students withdrawals from individual courses are enacted self-service via OASIS after the end of drop/add; beginning the sixth day of classes each semester.

A student who receives financial aid and withdraws or drops courses that result in a refund will have all financial aid grants, scholarships and student loans reimbursed by any refund until those programs are paid in full; this does not include private loans. For more information, visit www.usf.edu/finaid.

Courses from which a student successfully withdraws will reflect a "W" grade on the student's academic transcript.

Withdrawals for Active Duty Military

Any student enrolled in a college credit course shall not incur academic or financial penalties by virtue of performing military service on behalf of our country. Except in cases where the student and faculty member agree that completion is imminent and possible, the University encourages withdrawal and possible eligible refund without academic penalty when a student is performing military service. If the course is no longer offered when the student seeks to resume study, an equivalent course may be selected. If the student chooses to withdraw, the student's record shall reflect that the withdrawal is due to active military service.

The provisions of this section shall apply to:

1. Students who are currently on active duty with any unit of the United States Armed Forces who receive orders that require reassignment to a different duty station or absence from class for an extended period of time during the semester in which they are enrolled; and
2. Students who are members of a National Guard, Air National Guard, or other military reserve unit who receive orders calling them to active duty for operational or training purposes during the semester in which they are enrolled, excluding any regularly scheduled weekend and annual training duty; and
3. Students who are veterans of the United States Armed Forces and who are recalled to active duty during the semester in which they are enrolled; and
4. Students who enlist in any branch of the United States Armed Forces and whose induction date falls within the semester in which they are enrolled.

Contact the Office of Veteran Success (https://www.usf.edu/student-affairs/veterans/) for assistance at ALN 130 or (813) 974-2291.

Appeal for Retroactive Withdrawal

USF Policy 10-006 Registration Changes Including Course Change, Cancellations, Withdrawals, and Auditing
https://usf.app.box.com/v/usfpolicy10-006

A student who has an unexpected life event or other extenuating circumstances during a term may request an exception to USF's dates and deadlines. A retroactive withdrawal may be requested whenever there are circumstances beyond the student's control, which make it impossible to complete a course. To initiate the appeal process, the student must submit a Petition to the Academic Regulations Committee.

The Academic Regulations Committee (ARC) Petition process occurs at the college level. Students engaging in this process should contact and submit the relevant documentation to the ARC representative in the college of their declared major. It is the student's responsibility to obtain, complete and submit all required documentation required; incomplete petitions will not be considered.

Students should be mindful of the Excess Hour Surcharge Policy (https://usf.app.box.com/v/usfregulation40102) when requesting late adds or late withdrawals.

Petitions may be approved if the ARC determines that you experienced extenuating circumstances beyond your control of such severity that the physical or mental ability to drop by the drop deadline was impaired. Such circumstances need to be supported by independent, objective and verifiable documentation. Per Florida Board of Governor Regulation 7.002, "A written appeal for a refund or other appeal action must be submitted to the University within six (6) months of the close of the semester to which the refund or other appeal action is applicable."
All submitted documentation is subject to verification. Submission of false, forged or fraudulent information will result in a referral to the Office of Student Rights and Responsibilities.

When possible, the student is responsible for ensuring that all applicable courses are dropped or withdrawn from before beginning this process. See Instructions:

1. Complete Part 1 of the ARC Petition with [https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/forms.aspx](https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/forms.aspx)

2. Complete Part 2; be sure to indicate the year and term for which you are petitioning. Petitions are limited to one term per petition. Requests for multiple terms (Fall and Spring semester and Summer session) require multiple petitions. Check the appropriate box to indicate whether you are petitioning for a "Late Withdrawal," "Total Withdrawal," or "Withdrawal Limit Exception." Ensure that you complete information in Part 2 for each course included in your petition.

3. Students requesting for withdrawals for medical reasons do not typically need to include instructor documentation forms with their petition, but you should be prepared to obtain these forms if requested by your college’s ARC. If requested, for all courses included in your petition, complete Parts 1 and 2 of the Instructor’s Documentation form with your information, and have the course instructor fill out Part 3, sign the form and return it to you. If the instructor has left the University, the student make seek assistance from the applicable Department Chairperson.

4. If you are petitioning for a Late Withdrawal, Total Withdrawal or Withdrawal Limit Exception for medical reasons, complete Part 1 of the Medical Documentation Form (PDF), and have Part 2 completed by your physician. The Medical Documentation Form should be returned in a sealed envelope from the physician's office (see instructions on form).

5. All petition requests should be accompanied by a personal statement detailing the nature of your request, and a clear statement of why you feel that you should be granted the requested exception. This statement should include what happened and when it happened, with relevant dates included. You should also include any supporting documentation that can substantiate the claims made in your personal statement.
   - If you are petitioning to withdraw from select courses in a semester, yet keep other courses, you will need to explicitly address why your situation impacted only those courses to be dropped and not the others.
   - If you stop attending class and have no documentation addressing what prevented a timely withdrawal from the class, your petition will be denied.

6. Ensure that ALL forms are filled out completely with all the relevant information for your petition type, and that all the proper signatures are obtained. Submit original copies of all the completed forms, your personal statement, and any supporting documentation to the ARC representative in the college of your major (see listing of ARC representatives on the ARC Petition form). Retain copies for your own records.

7. Decisions regarding ARC petitions can be expected within two weeks of submission, if the ARC package is complete.

8. Approved petitions for medical withdrawals will result in a "WC" grade for all applicable courses; "WC" grades denote withdrawals for extenuating circumstances. ARC decisions do not affect fee liability. Students must complete a Fee Adjustment Request through the Office of the Registrar to address fee liability.

9. ARC petition decisions by the College ARC may be appealed to the next level in the college. Final appeals to the college decision can be made to the Office of Undergraduate Studies [https://www.usf.edu/undergrad/](https://www.usf.edu/undergrad/) in SVC 2002, (813) 974-4051.
Student Records/Transcripts

Student Records Policy

Pursuant to the provisions of the Family Educational Rights and Privacy Act (FERPA; 20 USC Par. 1232g), 34 CFR Par. 99.1 et seq, Florida Statutes Sub. Par. 1002.22 and 1006.52 and USF Regulation 2.0021, Florida Administrative Code, students have the right to:

1. Inspect and review their education records
2. Privacy in their education records
3. Challenge the accuracy of their education records
4. Report violations to the FERPA Office, Department of Education, 400 Madison Avenue, SW, Washington, D.C. 20202 and/or bring actions in Florida Circuit Court for violations of USF Regulation 2.0021, Florida Administrative Code.
5. Copies of the University's student records policy, USF Rule 6C4-2.0021, may be obtained from:

Release of Student Information

USF Regulation 2.0021

https://usf.app.box.com/v/usfregulation20021

Students must inform the Office of the Registrar if they wish to limit the disclosure of their education records by changing their privacy status (https://www.usf.edu/registrar/resources/privacy.aspx). Such requests must be received within the first two weeks of the semester and will remain in effect until the student changes their status.
Confidentiality Policy

In the interest of openness and building trust with our students, USF affords students the right to limit data usage and sharing of their information, without having to request non-disclosure of directory information under the Family Education Rights and Privacy Act (FERPA). Pursuant to the requirements of FERPA, the following types of information designated by law as "directory information" can be released, if the student has not requested privacy or non-disclosure:

- The student's name
- The student's major field of study
- The student's participation in officially recognized activities and sports
- The weight and height of members of athletic teams
- The student's dates of attendance, part-time or full-time status, and degrees and awards received
- The student's photographic image independent of any additional personal identifiers

All other student data is considered to be protected. For more information, see https://usf.app.box.com/v/usfregulation20021.

Students must notify the Office of the Registrar in writing if they refuse to permit the University to:

1. Include their information and other designated elements in the online student directory.
2. Release directory information about themselves to any third party. Such notification must be received by the Office of the Registrar no later than the end of the second week of classes of the academic term or the student will be deemed to have waived his/her right of refusal until the next academic term. To request confidentiality, go to https://www.usf.edu/registrar/resources/privacy.aspx.

Student Information Changes

Notifications regarding changes to name, residency, and citizenship should be filed promptly using the appropriate form(s) accompanied by verifiable supporting legal documentation with the Office of the Registrar (https://www.usf.edu/registrar/). Change of local, permanent, and emergency contact addresses; name; or other information affecting the student's permanent academic record may be completed by currently enrolled students by using selecting the appropriate form at https://www.usf.edu/registrar/services/forms.aspx.

Changes of address may also be completed via OASIS at https://oasis.usf.edu/.

Transcript Request

Transcripts may be released only by authorization of the student. In OASIS, visit the Student tab and select "Student Records" to order a transcript online. Additional ordering options and information are available at https://www.usf.edu/registrar/resources/transcript.aspx. The student must have no hold or financial obligation preventing release of the transcript. NOTE: All holds preventing release of a transcript must be resolved within 30 days of the request, or the order will be cancelled.

Transcripts may be requested in person Monday - Friday, between the hours of 9:00 a.m. - 4:30 p.m. During non-peak periods, transcripts are normally mailed/ready for pick-up within the same day the request is received.

Explain any special instructions such as "hold for your degree to be posted," "hold for your current term grades to be posted," or "hold for a grade change to be processed." Degrees post to transcripts approximately six weeks after Commencement. If you are currently enrolled, term grades are posted approximately one week after the end of term. See https://www.usf.edu/registrar/calendars/index.aspx for exact date. Check to see if all grades are in OASIS by selecting "Student Records" and "Final Grades" on the Student tab.

Official transcripts for students who previously attended New College of USF or participated in the M.D. program of the College of Medicine must be requested directly from those institutions:

- **New College of Florida**
  - Office of Records and Registration
  - 5800 Bay Shore Road, Building D-115
  - Sarasota, FL 34243-2109

- **USF College of Medicine**
  - Office of the Registrar
  - 12901 Bruce B. Downs Blvd., MDC 32
  - Tampa, FL 33612-3742

Office of Undergraduate Studies

4202 E. Fowler Avenue, SVC 2002
Tampa, FL 33612
(813) 974-4051
ugs-dean@usf.edu
http://www.usf.edu/undergrad/

The Office of Undergraduate Studies (UGS) works in partnership with the academic colleges in the development, review, and enhancement of the undergraduate programs to assist faculty to provide outstanding undergraduate education for students. The members of the UGS team work with faculty to establish and administer academic policies, assist with undergraduate curriculum development and review and support proposals for new and revised programs and courses through the various approval processes. In addition to assisting with the academic programs offered by the colleges, Undergraduate Studies offers a number of academic programs.

Undergraduate Studies provides strong set of student success focused departments and initiatives designed to make it more likely that students will successfully navigate the complexities of the transition to college and the baccalaureate experience. UGS integrates academic endeavors with meaningful experiences within myriad student development programs. Together, the departments and initiatives of UGS aim to provide coordinated opportunities for students to develop their identities and intellectual competencies for successful careers and lifelong learning.

Orientation for New Undergraduate Students

USF Policy 10-035
https://usf.app.box.com/v/usfpolicy10-035

Orientation is required for all newly admitted students. All newly admitted students must complete Orientation for the campus to which they are admitted prior to beginning classes. The Orientation experience is designed to meet the requirements of a student's home campus located in Tampa, St. Petersburg, or Sarasota-Manatee. Orientation provides an introduction to the campus community and facilitates a seamless transition into the academic and social environments unique to the identified home campus and the University of South Florida at large. Primary facilitation of Orientation resides with the designated office(s) at each USF campus.

General Course Policies

Academic Credit Hours

USF Policy 10-065 Credit Hours
https://usf.app.box.com/v/usfpolicy10-065

I. PURPOSE & INTENT
Academic credit provides the basis for quantifying the amount of engaged learning time expected of a typical student enrolled in traditional classroom settings, laboratories, studios, internships and other forms of experiential learning, and distance and Correspondence Education.

This Policy is intended to ensure that all credit-bearing courses and programs offered by the University of South Florida (USF) meet the requirements of the Federal definition of a credit hour and the Credit Hours Policy Statement issued by the SACSCOC.

II. STATEMENT OF POLICY
Credit hours are a measure of learning, and support a wide range of activities, including the transfer of students from one institution to another, awarding financial aid, and credentialing for employment. Because of the significance of awarding credit hours, an institution is obligated to ensure that credit hours for courses and programs conform to the commonly accepted standards of higher education, as stated in the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) Policy Statement on Credit Hours and Principles of Accreditation 10.7 (Policies for Awarding Credit), 10.8 (Evaluating and Awarding Academic Credit), and 10.9 (Cooperative Academic Arrangements).
Federal Definition of a Student Credit Hour: A credit hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates the following: (1) not less than one hour of classroom or direct faculty instruction and a minimum of two hours of out of class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time, or (2) at least an equivalent amount of work as required in item (1) above for other academic activities as established by the institution including laboratory work, internships, cooperative education, practica, studio work, independent research, and other academic work leading to the award of credit hours.

Academic Learning Compacts

In accordance with the Board of Governors Policy Guideline PG 05.02.15, each baccalaureate program develops and implements "Academic Learning Compacts." The Academic Learning Compacts include concise statements of what program graduates will know and be able to do (i.e., the expected core student learning outcomes). Each Academic Learning Compact includes the following components:

- Identifies the expected core student learning outcomes for program graduates in the areas of:
  - Content/discipline knowledge and skills
  - Communication skills
  - Critical Thinking skills

USF Policy 10-060 Academic Learning Compacts & Student Learning Outcomes
https://usf.app.box.com/v/usfpolicy10-060

Student learning outcomes at the University of South Florida are designed for the evaluation of programs. Every academic and student support program at USF must have an active assessment plan on file in the institutional assessment management system. All undergraduate academic programs must meet the requirements of BOG Regulation 8.016, Academic Learning Compacts. This Regulation requires the ongoing assessment of critical thinking skills, communication skills, and content/discipline knowledge and skills. Institutions may have Academic Learning Compacts (ALC) requirements beyond these three content areas.

USF has a specific Policy on Credit Hours which can be accessed at https://usf.app.box.com/v/usfpolicy10-065.

Semester System

USF operates on a semester system. Fall semester begins in August and Spring semester begins in January. Summer sessions begin in May and July. See the Important Dates & Deadlines at https://www.usf.edu/registrar/calendars/index.aspx.

Academic Load

The maximum load of an undergraduate student is 18 hours (Fall & Spring semesters) and 14 hours (Summer term), unless approval is received from the dean or an authorized representative of the student's college.

In the Fall or Spring semester, 12 hours is the minimum load for a student to be considered as full-time.

Full-time Undergraduate Student Definition - Summer term

- Sessions "A" & "B" (6 weeks)
- For Academic purposes: 6 hours or more each session
- For Financial Aid purposes: must enroll for 12 hours (undergraduate) in any combination of Sessions "A," "B," or "C"

Session "C" (10 weeks)

- For Academic purposes: 9 hours or more
- For Financial Aid purposes: must enroll for 12 hours (undergraduate) in any combination of Sessions "A," "B," or "C"

Students receiving Veterans' Affairs benefits should confirm their Summer term enrollment with the Office of Veterans' Services or Veterans' Coordinator.
Undergraduates may not enroll in 6000-level courses or higher without approval of the college/department in which the course is offered.

**Availability of Courses**

USF does not commit itself to offer all the courses, programs, and majors listed in this catalog unless there is sufficient demand to justify them. Some courses, for example, may be offered only in alternate semesters or years, or even less frequently if there is little demand.

**Class Standing**

The classification of a degree-seeking student is based upon the number of semester hours earned. A student's class is determined by the number of credits they have earned without relation to their GPA.

<table>
<thead>
<tr>
<th>Classification</th>
<th>Credits Passed</th>
</tr>

</tr>
</tbody>
</table>

**Academic Programs and Progression**

**College Policies for Academic Progress**

Colleges may determine and implement standards of academic progress for undergraduate students in addition to those established by USF. Students who do not meet the academic standards of progress set by their Colleges will be placed on probation and may be disenrolled. The College dean is responsible for implementing standards of academic progress and for notifying students of their probationary or disenrollment status.

Colleges may restrict the course selections and the number of hours a student may take that do not apply toward completion of degree requirements. Students who exceed this limit may have part or all of their registration canceled.

NOTE: Colleges are responsible for publicizing and students are responsible for knowing their college's policies for academic progress.

**Student's Choice of Catalog**

USF Catalogs - USF Policy 10-059  
https://usf.app.box.com/v/usfpolicy10-059

**I. PURPOSE & INTENT**

The University of South Florida (USF) publishes undergraduate and graduate catalogs on each campus. Catalogs are not contracts, but are the source of general information including USF, its campuses, community, curricular offerings, degree and admission requirements, academic calendar, and facilities available to students, faculty and staff.

**II. STATEMENT OF POLICY**

USF reserves the right to change or modify academic requirements, course information, and curricula as authorized by the USF Board of Trustees, Florida Board of Governors or Florida law. Revisions to catalogs will not alter provisions, terms, fees, or requirements under existing University regulations or policies.

The catalogs is revised each academic year. The catalogs will be updated without notice as degree programs or curricula changes are approved by the appropriate USF authority, the Florida Board of Governors or Florida law.
In the event of conflict between any provisions in the catalog and any USF regulations or policies, the document most currently revised or adopted by the USF Board of Trustees shall prevail.

A degree-seeking student may choose any USF catalog published during his/her continuous enrollment. As degree-seeking students will be enrolled over the course of several terms, the catalogs may change. In the event of a conflict, to the extent possible, the University will make every effort to apply the appropriate catalog that protects the interest of the student. However, in the case of policy and program changes, or issues of accreditation and legislative changes, the most current catalog will be applied, if necessary.

Continuous Enrollment

Continuous enrollment is defined as enrolling as a degree seeking student at least one term each twelve (12) month period. Therefore, students cannot choose a USF catalog published prior to or during an academic year in which they did not maintain continuous enrollment. Each catalog is considered to be published during the academic year printed on the title page.

If a student does not maintain continuous enrollment, the student becomes inactive and must reapply.

If the student cannot meet all of the graduation requirements specified in the catalog of their choice due to decisions and policy changes by the University, course offerings, etc., appropriate substitutions will be determined by the department chairperson of the student's major.

USF's policies are subject to change and apply to all students regardless of their choice of catalog. If the student's graduation requirements are affected by changes in University policies, appropriate arrangements will be made to not penalize the student.

Transient Enrollment (formerly Cross Enrollment)

The Office of Admissions (https://www.usf.edu/admissions/) will determine the acceptability of transfer credits for continuing, degree-seeking students who take courses at an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission. However, prior written approval must be obtained from the college of the student's major if these credits are to be applicable to the USF degree program. A properly-executed Transient Student form request through Florida Shines should be used when taking classes at another Florida State University or College.

Degree Program

BOG Regulation 8.011

A degree program is an organized curriculum leading to a degree in an area of study recognized as an academic discipline by the higher education community as demonstrated by assignment of a Classification of Instructional Programs (CIP) code by the National Center for Educational Statistics (https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55).

Each degree program shall have a designated faculty effort and instructional resources, and shall include at least one program major, but may have multiple majors.

Major

Academic Major

USF Regulation 3.038
https://usf.app.box.com/v/usfregulation3038

A major represents a degree-seeking student's primary field of study and is often referred to as a "program of study." A major shall be reasonably associated with the academic discipline within the degree program under which it is offered and shall share common core courses with any other majors within the same degree program. The majors appear on the diploma and on the official transcript.
An accelerated program allows highly qualified undergraduate students to complete a bachelor's degree and a master's degree in a select few majors on an accelerated timeline. These programs commonly offer a shorter duration to completion of both degrees. Students complete a portion of the required graduate coursework while classified as an undergraduate student and have the coursework count towards both degrees. As soon as the student completes the undergraduate degree requirements, the student is converted to graduate student status, where the remaining graduate requirements are fulfilled. A list of approved accelerated programs within the Honors College can be found at https://www.usf.edu/honors/accelerated-programs/accelerated.aspx.

Declaration or Change of Major

It is advantageous for students to make early decisions about their major, to be on track and to remain on-track toward their degrees and to graduate in a timely manner. With 96 Majors, 75 Minors, 137 Concentrations, and 29 Certificates to choose from, USF allows students considerable options in their early course choices. Students are encouraged to declare a major upon entry to the university. If they are unable to select or declare a major formally or a pre-major, they should follow the exploratory curriculum that best matches their interests.

First Time in College (FTIC) students must be officially declared in a major or a pre-major before they register for more than 36 credits, including credit earned via Advanced Placement, International Baccalaureate, or Dual Enrollment coursework. See https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx and click on GPA & Test Requirements. Students will not be allowed to register for further credit coursework at the University until they have declared a major or pre-major.

Transfer students should declare their majors upon entry to the University. Transfer students with 60 or more semester hours must declare a major and will not be allowed to register for further credit coursework at the University until they have declared a major or a pre-major.

Many resources are made available by the University to assist students in making career decisions and choosing their majors. The process for Changing a Major is the same as Declaring a Major. Students are encouraged to visit with their academic advisor and to visit Career Services at https://www.usf.edu/career-services/

Double Majors & Concurrent Degrees Declaration

USF Policy 10-505 Degree Progression and Completion Deadlines for Undergraduate Students
https://usf.app.box.com/v/usfpolicy10-505

PURPOSE & INTENT

The University of South Florida (USF) is committed to facilitating undergraduate students through their academic progress to degree. This Policy is intended to guide students to on-time degree completion without earned excess credit hours as defined by the state of Florida in §1001.92, F.S., §1001.7065, F.S. and §1009.286, F.S.

STATEMENT OF POLICY

1. Students who have completed all degree requirements will be required to graduate within four years. If a student does not apply for graduation when academic records indicates all degree requirements for the declared major have been met based on the university degree audit system, the university will initiate the degree certification process without an application.
   - Undergraduates must complete the online graduation application for online graduating student survey by the On-Time graduation deadline (https://www.usf.edu/registrar/calendars/index.aspx) for the term in which they expect to graduate.
   - If denied graduation, a student must re-apply for the next applicable term.
   - Students must apply before the On-Time graduation deadline for the term in which they expect to graduate in order to appear in the Commencement brochure. During the Fall and Spring semesters, students are able to apply for graduation up until the last day of class. During Summer term, students may apply for graduation up to the last day of the term.
Any curricular or co-curricular work added to a student's declared primary major must be completed prior to or during the same academic term that the student's major requirements are completed. Students should be approved to pursue additional curricular and/or co-curricular work only if it can be completed within eight semesters for first time in college (FTIC) students, excluding summer and alternative calendar terms, and without exceeding her/his excess credit hour surcharge (ECHS) threshold. Transfer students should complete in eight semesters accounting for prior postsecondary enrollment, excluding summer and alternative calendar terms. Examples of this work include, but are not limited to: minors, certificates, double majors, concurrent degrees, the Honors program, study abroad experiences, and/or work-based learning (e.g., coops, internships, etc.). Access to the Excess Hour Counter is available on the Office of the Registrar’s website (https://www.usf.edu/registrar/).

2. FTIC or transfer students who have 120 earned credit hours or more will not be allowed to enroll in courses that are not required for completion of the declared primary major based on the university degree audit system. Exceptions are provided for students in baccalaureate degree programs with prior approval from the Board of Governors to require more than 120 credit hours for completion. Students in those programs will not be allowed to enroll in courses outside of their major requirements once the approved credit hour threshold for the major has been reached.

3. Advisors and students must follow the guidelines listed below regarding major changes. The final decision to allow a student to change to a new major rests with the college of the new major. Colleges will review student requests to change major by evaluating the student's degree progression as documented in the university degree audit system. Students will review the expected number of years required for degree completion, with special attention to the likelihood that the change may result in ECHS, with an advisor in the new major. The colleges are expected to restrict those changes such that students graduate within the number of years specified in (A) through (C) above and without incurring or increasing ECHS potential.

4. A student will be reselected (RSL) from the primary declared major by the academic college if it is determined they are not meeting degree progression standards. Examples of degree progression standards include, but are not limited to, requirements specified in this policy, college or major D/F grade policies, course repeat/withdrawal policies and/or requirements for admission into major. Specific progression requirements for individual academic programs are listed in the undergraduate catalog under each academic major (http://ugs.usf.edu/catalogs.php). Any student reselected (RSL) from the officially declared major after 60 earned hours must be reviewed by the student's current academic advisor for ECHS and degree progression before changing majors. FTIC students will be allowed to change to those majors that can be completed within eight semesters (eight semesters for transfer students accounting for previous postsecondary enrollment), excluding summer and alternative calendar terms, and without incurring ECHS.

5. In the event a student would like to request an exception to any aspect of the above policy, a request must be submitted, in writing, to the Dean of Undergraduate Studies with documentation that provides clear evidence to justify the need to extend enrollment. Only requests submitted prior to the student's undergraduate application for graduation will be considered. Exceptions will not be granted for students wishing to extend enrollment in order to retake courses where earned grades already meet the minimum graduation requirements or to complete additional coursework for admission to graduate programs.

**Academic Minor**

**USF Regulation 03.038**

https://usf.app.box.com/v/usfregulation3038

An academic minor is an optional complement to a bachelor's degree in a particular field, leading to specific educational goals. A student may declare a minor at any point during the first term of enrollment and thereafter as a degree-seeking student, but is expected to declare it as early as possible but prior to applying for graduation. Students should obtain prior approval with the specific requirements and forms from the college and department in which the minor is offered. The department may require the same admission or retention standards as required for the major. Minors are recorded on the transcript.

Each academic minor conforms to these University requirements:

- A minor is a minimum of 12 semester hours.
- Students must complete a minimum of 6 credits and two courses exclusive to the minor that will not count toward the student's major or other minors. These credits/courses must be completed at USF and must be upper level courses.
USF coursework for a minor must have a minimum GPA of 2.00; some minors have higher minimum GPA requirements.

- Only an undergraduate, degree-seeking student at USF is eligible for a minor.
- A minor can be applied for and awarded only in conjunction with applying for and receiving a baccalaureate degree.
- A maximum of 3 credits of S/U coursework may be counted toward the minor.

**Concentration**

USF Regulation 03.038
https://usf.app.box.com/v/usfregulation3038

A *concentration* is a structured plan of study which is offered as part of a major and enhances or complements the degree to be awarded in a manner which leads to specific educational or occupational goals, and/or from different disciplines that provide an interdisciplinary focus.

The number of credit hours for a concentration varies, but cannot equal or exceed the number of credit hours established for the major at a degree level - i.e., the number of credit hours for a concentration must be a subset of the credit hours required for the major. The concentration appears on the official transcript.

Each undergraduate concentration conforms to these University requirements:

1. At least 50 percent of the required coursework must be earned from the USF institution awarding the concentration.
2. USF coursework for a concentration must have a minimum GPA of 2.00; some majors/concentrations have higher minimum GPA requirements.
3. Only an undergraduate, degree-seeking student at USF is eligible to pursue a concentration.
4. A concentration can be applied for and received only in conjunction with applying for and receiving a baccalaureate degree.

**Undergraduate Certificate**

USF Regulation 03.038
https://usf.app.box.com/v/usfregulation3038

A *certificate* is an organized set of courses offered as a distinct area of study that leads to specific educational or occupational goals. Certificates may consist of courses that are part of a major or courses that are created outside of a major. The number of credit hours for a certificate shall be set by the university. The credential is the "certificate" (i.e., the student does not earn a degree).

Each undergraduate certificate conforms to these university requirements:

1. Students must be admitted as undergraduate, degree seeking or non-degree seeking to be eligible to receive an undergraduate certificate.
2. A minimum of 12 semester hours of credit used to satisfy the requirements of a certificate must be from USF courses; at least 50 percent of the required coursework must be earned from the institution awarding the certificate.
3. USF coursework for a certificate must have a minimum GPA of 2.00; some undergraduate certificates have higher minimum GPA requirements.
4. In pursing a certificate, the student should consider the Excess Credit Hour Surcharge (https://www.usf.edu/registrar/resources/excess-hours/index.aspx) required by the State for excess credit hours; courses that lead to professional certification may be excluded from excess hours, but certificates on their own are generally not excluded from excess hours.
Two Degrees (USF Students)

A student at USF may receive two baccalaureate degrees provided they meet university graduation requirements for both degrees. In addition to the minimum 120 semester credit hours that apply toward the first degree, the student must also earn at least a minimum of 30 semester credit hours in USF undergraduate courses that will apply toward the second degree. The student must also meet the requirements of the college awarding the degree within 10 semesters of the first degree's starting date. While independent notification of intent to earn co-degrees (concurrent) may be made to each department or college at entry into the university, the student will need to formally declare the co-degrees (concurrent) to Undergraduate Studies (https://www.usf.edu/undergrad/) after earning at least 45 credit hours but no more than 95 credit hours (excluding accelerated credits). In those cases when two different USF colleges are conferring degrees, the student should maintain status as a continuing student and both colleges should be informed of the student's progress toward degree completion before the student applies for graduation from either college.

In declaring a second degree, the student should consider the Excess Credit Hour Surcharge (https://www.usf.edu/registrar/resources/excess-hours/index.aspx) required by the state for excess credit hours beyond the official limit. Both degrees will be awarded in the same term at the completion of the degrees.

Second Baccalaureate Degree (Transfer Students)

A student who has already graduated from an accredited four-year institution must earn a minimum of an additional 30 semester hours of USF undergraduate courses to apply toward their second baccalaureate degree. Students must also meet the University's regular graduation requirements, as well as the requirements of the College awarding the degree and the residency requirements. Students should meet with their Academic Advisor to review graduation requirements (https://www.usf.edu/undergrad/students/advising-offices.aspx).

Availability of a Baccalaureate Degree for Students Enrolled in or Graduated from a Five-Year Master's Program

A student may enroll in a baccalaureate degree program while enrolled in or after graduation from a five-year master's degree program. In consultation with an advisor in the five-year program and an advisor in the baccalaureate-level program and with the approval of the college dean(s) offering the program(s), the student is required to complete the following:

1. Satisfy degree requirements for the five-year master's program.
2. Satisfy requirements for the baccalaureate-level program.

General Classroom Policies

Course Attendance at First Class Meeting

USF Policy 10-006
Registration Changes Including Course Change, Cancelations, Withdrawals, and Auditing
https://usf.app.box.com/v/usfpolicy10-006

All instructors teaching undergraduate and graduate courses are required to take attendance on the first day of class and to drop students who do not attend the first day of class. Students who experience extenuating circumstances that are beyond their control and who are unable to attend a first class meeting must notify the instructor via email using the course management system (i.e., Canvas) for that course prior to the first class meeting to request waiver of the first class attendance requirement. Although instructors are authorized to affect the drop, students are fundamentally responsible for knowing their registration status, and the student must ensure that his/her registration status reflects the drop by the end of the drop/add period. For Saturday only courses or courses that begin on a Saturday, students are expected to contact the Office of the Registrar to drop the course(s).

Distance learning students must log-in to their course(s) and complete an academic activity by the first day of their online course(s). Students who are unable to log-in to their course(s) due to circumstances beyond their control must notify the instructor or the department prior to the calendar start date of the course to request waiver of the first class attendance requirement.
Course Syllabus

USF Policy - Syllabi Policy 11-008
https://usf.app.box.com/v/usfpolicy11-008

A syllabus is an academic agreement that establishes the academic relationship between instructors and students in a course, and is used as the basis for communication and accountability. It communicates course expectations, organizes information, sets the tone for the learning environment, maps the path of student learning, and provides accountability. A carefully constructed syllabus helps clarify course goals and learning objectives, assessment and evaluation standards, grading policies, and expectations for student and faculty behavior.

The Southern Association of Colleges and Schools Commission on Colleges Criteria for Accreditation require that a syllabus be placed on file in the department for each course taught and that students must be provided written information about the goals and requirements of each course, the nature of the course content, and the methods of evaluation to be employed.

For more information about the components of a course syllabus, visit https://www.usf.edu/atle/teaching/syllabus.asp.

For the Statement of Policy, see https://usf.app.box.com/v/usfpolicy11-008.

Course Notes and Recording

USF Policy 10-048
https://usf.app.box.com/v/usfpolicy10-048

I. PURPOSE & INTENT
As part of the education and learning experience, enrolled students routinely take course lecture notes. With the permission of the instructor, students may record lectures as well. Lecture notes and recordings involve the intellectual property rights of instructors and the University of South Florida's (USF) regulation of the commercial use of such notes or recordings. This policy sets forth limitations on, and USF's regulation of the use of notes and recordings.

II. STATEMENT OF POLICY
A. Students may take notes during class sessions and, with the permission of the instructor or as authorized by the Student Accessibility Services (https://www.usf.edu/student-affairs/student-accessibility/) and with the instructor's knowledge, make a recording of the lecture/presentation. Such notes and recordings may be used for individual or group study, or for other noncommercial purposes reasonably arising from the student's enrollment.

B. Notes, recordings, handouts and other material provided by the instructor cannot be exchanged or distributed for commercial purposes or for any purpose not related to a student's study or enrollment absent the express written authorization of the instructor.

C. Selling or distributing notes, handouts, etc. without authorization or using them for any commercial purpose without the express written permission of USF and the instructor is a violation of the USF Student Code of Conduct - USF Regulation 6.0021 (https://usf.app.box.com/v/usfregulation60021).

D. Commercial Activities on the USF Campus: USF Regulation 6.026 (https://usf.app.box.com/v/usfregulation6026) concerning distribution of material and solicitation on campus, prohibit commercial activity on campus with certain expressly enumerated exceptions. Unless authorized by USF in advance and explicitly permitted by the instructor, the sale or taking of class notes and/or recordings constitutes unauthorized commercial activity in violation of the foregoing regulation.

General Attendance

Students are expected to attend classes. An academic program or individual instructor may require a specified level of attendance as a condition for successfully completing a course. Likewise, instructors may assign a portion of final course grades based on attendance and participation. Faculty must inform students of attendance requirements on syllabi.
Instructors should accommodate excused absences by making arrangements with students ahead of time (when possible) or by providing a reasonable amount of time to make up missed work. Arranging to make up missed work is the responsibility of the student. For graded work that requires participation in situ (e.g., discussions, group activities, and some labs), instructors will attempt to provide reasonable alternatives that accomplish the same learning outcomes. Nevertheless, an instructor may determine that missing a certain amount of participation-dependent activities (whether excused or not) precludes successful accomplishment of learning outcomes. In cases like this, instructors, academic advisors, or academic deans may advise students to withdraw from such courses. In cases where excused absences are anticipated in advance, advice on successful accomplishment of learning outcomes can be given at (or before) the start of a term.

There are two categories of excused absences for which accommodations will be made:

- **Scheduled absences** involve time conflicts that are known in advance, for which students have notified their instructors. Acceptable reasons for scheduled absences include observation of religious holy days, court-imposed legal obligations (e.g., jury duty and subpoenas), special requirements of other courses and University-sponsored events (e.g., performances, athletic events, judging trips), and requirements of military service. Employment schedules, athletic training and practice schedules, and personal appointments are not valid reasons for scheduled absences.

- **Unscheduled absences** involve unforeseen emergencies such as illness, injury, hospitalization, deaths in the immediate family, consequences of severe weather, and other crises. Students should contact instructors as soon as possible in these cases. Instructors may require documentation or verification to excuse unscheduled absences.

Care will be given to schedule required classes and examinations in view of customarily observed religious holy days. No student shall be compelled to attend class or sit for an examination at a day or time prohibited by his or her religious belief.

Any student who believes they have been treated unfairly with regard to the above may seek review of a complaint through Office of Diversity, Inclusion and Equal Opportunity (https://www.usf.edu/diversity/equal-opportunity/index.aspx).

**Procedures for Excused Absences and Make-up Work**

Students must notify their instructors of scheduled absences (for approved reasons as noted above) at the beginning of each academic term. Pointing out specific conflicts with scheduled examinations or other scheduled assignments/activities should be part of this notification. In the event of an emergency unscheduled absence (as described above), students must contact their instructors as soon as possible and provide documentation if required.

If an excused absence coincides with an examination, the student:

1. Will be given a reasonable opportunity to make up the exam, or
2. Will not have that work averaged into the student's grade, as agreed to between the student and the instructor.

Counting the missed examination as a lowest score to be dropped at the end of the term does not constitute a reasonable opportunity. If an excused absence coincides with other graded work (e.g., homework collection, quizzes, presentations, activities, etc.), the student shall be given a reasonable opportunity to make up such work or shall not have that work averaged into the student's grade, at the discretion of the instructor.

As noted above, however, an instructor may determine that excessive absences (whether excused or not) may threaten or preclude a student's successful completion of a course. Similarly, making up work for unexcused absences may be allowed or declined entirely at the discretion of the instructor.
Documented Jury Duty

The university respects the need for all citizens to serve on a jury when called to duty. If a student serves as a juror, class absences will be considered excused when the student provides advance notice to the instructor, the instructor acknowledges the request, and the student provides written verification of jury selection and proof of service.

Any potential student juror may notify the court of conflicts or undue hardship and request an excuse from service. The individual student must make the decision as to whether jury service will present an undue hardship and then take the affirmative action to request to be excused from service and may need to provide a written explanation to the court. If a student does not request to be excused and is selected to serve, the student may miss a prolonged period of time resulting in the inability to complete the academic requirements of classes.

Documented Medical Attention for Illness

Students are excused for absences due to documented illnesses that require medical attention. While students should not attend class with infectious conditions, even if medical attention is not sought, the decision to excuse absences from undocumented illnesses is at the discretion of the individual instructor. Consideration should also be given to students whose dependent children experience serious illness. Extended illnesses may interfere with the successful completion of courses, and in such cases a student should contact his or her College by the deadline to drop a course. After the drop deadline, students may submit an Academic Regulations Committee (ARC) Petition to drop or withdraw for medical reasons (https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/index.aspx). Students may find additional information through their College ARC representative.

Alternative Academic Process for Seriously Traumatized Students

An alternative academic process is provided for those seriously traumatized students who have received assistance from the Center for Victim Advocacy and Violence Prevention (https://www.usf.edu/student-affairs/victim-advocacy/index.aspx) or the Counseling Center (https://www.usf.edu/student-affairs/counseling-center/) or Student Health Services (https://www.usf.edu/student-affairs/student-health-services/services/index.aspx) when the professionals of those centers have reviewed the personal and confidential information related to the student's experience to determine appropriate actions for the student.

The USF Center for Victim Advocacy and Violence Prevention, the Counseling Center and Student Health Services will assist in determining appropriate actions, including waiving certain academic regulations to accommodate the student's needs. The appropriate center will send the student petition with the recommended action to the Associate Dean of Undergraduate Studies (https://www.usf.edu/undergrad/) who will assist with the process after reviewing the request.

Medical Amnesty (Student Reporting)

The University of South Florida (USF) supports an inclusive learning environment that promotes the health and safety of all members of the University community.

This Medical Amnesty Policy (https://usf.app.box.com/v/usfpolicy30-004) seeks to diminish fear of University-imposed disciplinary or conduct sanctions in emergency situations due to alcohol or other drug use or misuse.

Any student who qualifies for amnesty under this policy will not be charged with violations of any of the USF Student Codes of Conduct as those Codes relate to consumption and/or use of alcohol and/or drugs. Under this Policy, students who seek or receive emergency medical assistance for themselves or students who seek assistance for another student experiencing an emergency related to the consumption of alcohol and/or other drug use or misuse may qualify for amnesty. Although students who qualify for amnesty may be exempt from the Student Conduct (https://usf.app.box.com/v/usfregulation60021) process, they may be required to complete educational measures and pay for any incurred cost associated with those requirements.
Early Notification of Instructor Requirement for University Sponsored Activities

The university recognizes the importance of participation in university-sponsored activities such as musical and theatrical performances, athletic competition, and debate. It also recognizes that such participation may result in conflicts with scheduled class times. It is the responsibility of participating students to provide a full list of anticipated conflicting days to instructors by the end of the first week of the term, and directors and advisors of university activity programs have an obligation to assist students with this task. Students are responsible for identifying potential absences specific to a particular class and notifying individual instructors of these conflicts, especially for conflicts with scheduled examinations.

Please note that a general schedule for a team or ensemble does not satisfy this notification requirement. Students should provide instructors with addenda (e.g., end-of-season tournaments, newly scheduled events, or rescheduled events) that result in new conflicts as soon as they are available. Directors and advisors of university activity programs should consult with participating students prior to registration to help them choose courses that do not have excessive anticipated conflicts.

Early Notification Requirement for Observed Religious Days

USF Policy 10-045
https://usf.app.box.com/v/usfpolicy10-045

STATEMENT OF POLICY
All students, faculty, and staff within USF have a right to expect reasonable accommodation of their religious observances, practices and beliefs. USF will, at the beginning of each academic term, provide written notice of the class schedule and formal examination periods. USF, through its faculty, will make every attempt to schedule required classes and examinations in view of customarily observed religious holidays of those religious groups or communities comprising USF's constituency.

Students are expected to attend classes and take examinations as determined by USF. No student shall be compelled to attend class or sit for an examination at a day or time prohibited by his or her religious belief. However, students should review the course requirements and meeting days and times to avoid foreseeable conflicts, as excessive absences in a given term may prevent a student from completing the academic requirements of a specific course.

Students are expected to notify their instructors at the beginning of each academic term if they intend to be absent for a class or announced examination, in accordance with this Policy. Students absent for religious reasons, as noticed to the instructor at the beginning of each academic term, will be given reasonable opportunities to make up any work missed. In the event that a student is absent for religious reasons on a day when the instructor collects work for purposes of grading (homework, pop quiz, etc.), the student shall be given a reasonable opportunity to make up such work or shall not have that work averaged into the student's grade at the discretion of the instructor.

If a student believes that an instructor or program has not responded reasonably to a timely notice of expected observance of religious days, they may seek review of a complaint through the University's Office of Diversity, Inclusion, and Equal Opportunity at https://www.usf.edu/diversity/forms/index.aspx.

Final Examinations

DFCCS
https://usf.app.box.com/v/usfpolicy10-005

Examinations in academic subjects are, for most courses, an integral part of the learning process and one part of a procedure for evaluating student performance and determining grades. The University of South Florida requires certain standards for the examination process in order to protect the academic integrity of courses and the best interests of both the student and instructor. Although this policy primarily addresses examinations for undergraduate courses, graduate courses with final exams during the examination week should follow the schedule for exams that is provided with the course schedule for that academic term.
Testing in General

In each academic course the student is expected to undergo a meaningful testing and evaluation that will reveal the student's intellectual growth in the subject matter covered or otherwise reflect the achievement of the course objectives.

The instructor has the responsibility of maintaining a fair and impartial testing and examination procedure, has the right to define and structure the testing process, and shall not be restricted as to form, style, or content of the examination. It is USF policy that all students facing an examination (of any type) shall have equal notice of said examination. USF regards the routine use of all or part of the same formal examination for successive academic terms as unsound policy except when used with adequate safeguards such as a random selection of questions from a large pool.

Test Free Week

For each fall and spring semester, the last full week of classes before final examinations is designated as Test Free Week. The intent of this policy is to establish a one week period of substantial and predictable study time for students.

During the Test Free Week period, regular lectures are expected to continue, including the introduction of new content, as deemed appropriate by the instructor. However, no exams will be given. Quizzes of no more than 10 short answer questions that can be taken in 15 minutes or less are allowable to cover new material introduced during the Test Free Week. Due dates for mandatory graded submissions of any kind (i.e., papers, presentations, projects, and practicums) that fall within Test Free Week must be listed on the syllabus provided at the start of the course. Mandatory final examinations may not be given during the Test Free Week period. Refer to the Office of the Registrar's website for specific dates and calendars for each academic term (https://www.usf.edu/registrar/calendars/).

Final Course Examinations

The last six (6) days of the Fall and Spring semesters shall be set aside for final examinations and any final examination of a comprehensive nature must be given during this designated period. The length of the final exam will be at the discretion of the instructor, however, no more than two hours shall be allotted for each final examination.

1. Final Exam Matrix: The Final Exam Matrix is designed to facilitate a conflict free schedule for greater student success in the exam process. The Office of the Registrar provides the Matrix and all courses must comply with the Matrix as it is published with no deviations. All makeup exams, either for block exams or the individual exams will be scheduled during the time period allotted for students that require a make-up exam.

2. Conflicts: If a student has a direct conflict of scheduled examinations that are scheduled according to the Final Exam Matrix, the student may petition the appropriate instructor to reschedule one of the student's examinations. If a student has three or more examinations scheduled on the same day, the student may petition the appropriate instructor to reschedule one of the student's examinations, or the student may elect to take all exams on the same day. If a make-up exam is requested, it will be scheduled during the make-up exam time as posted on the Final Exam Matrix.

Academic Regulations Committee

Certain academic regulations for the University are managed by the Academic Regulations Committee (ARC) within each college. For specific information, please see https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/. Each college's ARC regularly reviews petitions submitted by undergraduate students. Undergraduate students must petition and secure approval from their college's ARC to return to the university after having been academically dismissed or to receive special consideration regarding an academic regulation, including late or retroactive drop of a course, late registration or late add of a course, deletion of a course, and withdrawal from a term. The ARC representatives or designees in each college meet with the student, assist with the petition process, and serve on their college's ARC. Representatives from the college ARC's also meet formally to review ARC policies and procedures for the university.

Each college's ARC will reexamine petitions when the student provides new and substantive information directly related to the petition or evidence that an error was made. A final ARC decision may be appealed first through the appropriate college Dean or designee within ten business days of the initial decision. Then the Dean of Undergraduate Studies (or the Designee) may hear an appeal.
The university has implemented a statute of limitations on student petitions for retroactive drops and withdrawals. A student will be limited to six months from the end of the course to submit a petition to their college for retroactive drops and withdrawals; late adds must be requested no later than the second week of the term.

To petition the committee, completed forms should be submitted to the respective College Advising Office for ARC review. In some cases, a consultation with an ARC representative is required. Students may contact their ARC representative for details regarding their submission. Detailed information and the appropriate forms may be obtained by visiting the ARC’s website (https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/). Students will receive notification of the committee's decision by mail/email.

If a student is requesting consideration for financial reimbursement, the student must also submit a Fee Adjustment Request (https://www.usf.edu/registrar/documents/forms_2019/fee_adjustment_request_2019.pdf) to the Office of the Registrar within six months of the applicable semester end date and following final petition decision.

Academic Integrity of Students

Academic Integrity of Students - USF Regulation 3.027
https://usf.app.box.com/v/usfregulation3027

PURPOSE & INTENT
Academic integrity is the foundation of the University of South Florida's commitment to the academic honesty and personal integrity of its university community. Academic integrity is grounded in certain fundamental values, which include honesty, respect and fairness. Broadly defined, academic honesty is the completion of all academic endeavors and claims of scholarly knowledge as representative of one's own efforts. Knowledge and maintenance of the academic standards of honesty and integrity as set forth by the university are the responsibility of the entire academic community, including the instructional faculty, staff and students.

STATEMENT OF REGULATION
This Regulation asserts fairness in that it requires notice to any student accused of a violation of academic integrity and provides a directive for discussion between the instructor and student to seek a fair and equitable resolution. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. Academic Grievance Procedures for Students

Academic Grievance Procedure for Students - USF Policy 10-002
https://usf.app.box.com/v/usfpolicy10-002

PURPOSE & INTENT
The purpose of this Policy is to provide all undergraduate and graduate students taking courses within USF an opportunity for objective review of facts and events pertinent to the cause of the academic grievance.

STATEMENT OF POLICY
Review of the facts and events pertinent to the cause of the academic grievance will be accomplished in a collegial, non-judicial atmosphere rather than an adversarial one, and shall allow the parties involved to participate. All parties will be expected to act in a professional and civil manner. These guidelines are meant to govern all colleges (exclusive of the MD and DPT programs within the College of Medicine and the College of Pharmacy to the extent they maintain procedures and processes for issues regarding professionalism). However, USF may have unique titles and specific administrative levels. Accordingly, USF shall determine the appropriate levels and titles for review at the time a student initiates an appeal ensuring that if it is determined the matter is an academic grievance there is at least one committee level review and recommendation to an administrator to accept or reject.

In the case of Academic Integrity violations, the appeal or grievance of a decision or academic action regarding Academic Integrity is contained in Academic Integrity of Students, USF Policy 3.027 (https://usf.app.box.com/v/usfregulation3027).

For more information, please see the Office of General Counsel Regulations and Policies website https://usf.app.box.com/v/usfpolicy10-002

Disruption of Academic Process

USF Regulation 3.025
https://usf.app.box.com/v/usfregulation3025

PURPOSE & INTENT
Disruptive students in the academic setting hinder the educational process. Although disruptive student conduct is already prohibited by the University of South Florida Student Code of Conduct and any person may make a direct referral regarding student conduct to the Office of Student Conduct and Ethical Development (SCED) (https://www.usf.edu/student-affairs/student-conduct-ethical-development/) at any time for a conduct review and possible university wide sanction. This Academic Disruption Regulation provides the steps an Instructor may take to immediately address a student disrupting a class or academic setting including restricting a student from class, assigning an academic sanction or other immediate sanction. This is considered an Academic process and provides for academic sanctions. An Instructor may/must make additional referrals to SCED for a more comprehensive review and additional conduct sanctions which are considered separate from the Academic process.

STATEMENT OF REGULATION
This Regulation provides a mechanism for the Instructor to ensure a positive academic environment. Although academic discussion may include disagreement with the course Instructor during times when the Instructor permits discussion, it is not in itself disruptive behavior and is not prohibited; the Instructor sets the parameters for classroom interaction. Some disruptive students may have emotional or mental health disorders. Although such students may be considered disabled and are protected under the Rehabilitation Act/ADA, they are held to the same standards of conduct as any student.

Misconduct occurring on premises of USF which adversely affects the University community and/or the pursuit of its mission is already prohibited by the Student Code of Conduct (https://usf.app.box.com/v/usfregulation60021) and will be handled by those procedures.

For more information, please see the Office of General Counsel Regulations and Policies website https://usf.app.box.com/v/usfregulation3025.
Grading Policies

Grades and Progress Towards Degree Requirements
The university is interested in each student making reasonable progress towards their educational goals and will aid each student through guidance and faculty advising. To make students aware of their academic progress, the university has enacted a system of grading and policies of Academic Probation and Academic Dismissal that indicates whether or not a student is showing sufficient progress toward meeting degree requirements. Notations of Grades, Academic Probation and Academic Dismissal are posted to the student's academic record.

When a student is academically dismissed from the University and is ineligible to re-enroll, it may be in the student's best interest to re-evaluate educational goals with an academic advisor in the college of the student's major. If the student's poor academic performance has resulted from extenuating circumstances, or if after a period of time the student has gained adequate maturity and motivation, the student may petition the Academic Regulations Committee for permission to re-enroll. See https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/ for information on petitioning.

Grading System
USF faculty may use a plus/minus grading system to assign student grades. The use of the plus/minus grading system is at the discretion of the individual faculty member.

A student's measure of academic achievement is recorded on the academic record based on the following grading system:

<table>
<thead>
<tr>
<th>Plus/Minus Grades</th>
<th>Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>4.00</td>
</tr>
<tr>
<td>A Excellent performance</td>

</tr>
</tbody>
</table>

Note: The grade of "C-" will satisfy specified minimum requirements for the State Mandated Communication and Computation Requirements courses, General Education, and the common prerequisites unless otherwise specified in the Catalog.
"I" Grade Policy

An "I" grade indicates incomplete coursework and may be awarded to undergraduate students. Undergraduate rules apply to non-degree-seeking students. An incomplete may be awarded to an undergraduate student only when a small portion of the student's work is missing and only when the student is otherwise earning a passing grade. The instructor will be required to complete the I-grade contract online when posting the semester grade at the end of the term, identifying the remaining coursework to be completed, the student's last day of attendance, and the percent of work accomplished to this point. This online contract will be automatically sent to the student's email and to the Office of the Registrar.

Until removed, the "I" is not computed in the GPA for undergraduate students. The time limit for removing the "I" is to be set by the instructor of the course; this time limit may not exceed two semesters. "I" grades not removed by the end of the time limit will be changed to "IF" or "IU," whichever is appropriate. If an instructor is willing, they may accept work from a student after an I grade has changed to an IF or IU grade, and assign the student a final grade in the course, unless the student has graduated. Whether or not the student is in residence, any change to "IF" grades will be calculated in the cumulative GPA and, if applicable, the student will be placed on appropriate probation or academically dismissed. Students should not re-register for courses in which they are only completing previous course requirements to change an "I" grade; if a student wants to audit a course for review in order to complete course requirements, full fees must be paid.

"M" Grade Policy

An "M" is automatically assigned as a default grade when the instructor does not submit a grade for a student. Undergraduate rules also apply to non-degree-seeking students. Unless a change of grade is submitted, the "M" grade will remain on the transcript and will not be computed in the student's GPA.

S/U Grade System

Certain courses have been designated as S/U courses. The "S" and "U" grades are used to indicate the student's final grade. These S/U only courses are identified with (S/U only) after the course definition in this catalog.

Mechanism for Assigning S/U Grades

"S" and "U" grades are not computed in the student's GPA. The method by which a student receives an "S" or "U" grade in an option course will consist of the following:

- A written agreement signed by both instructor and student shall be filed with such offices as may be designated by the college. The college shall set the deadline (no later than the last day of classes for the term) for the student to decide if they wish to take the course on an S/U basis.
- The instructor shall assign final letter grades A, B, C, D, F, or I, but will transmit to the Registrar "S" or "U" consistent with the following:
  - Letter grade, A, B, C, or C- shall be equivalent to a letter grade of "S."
  - Letter grades D or F shall be equivalent to a letter grade of "U."

No-option Courses

Certain courses have been designated as S/U courses. The "S" and "U" grades are used to indicate the student's final grade. No grading system option is available to students or faculty in these courses.

Option Courses

Any undergraduate course may be taken on an S/U basis by a student under the following conditions and restrictions:

1. Required courses in the major may not be taken on an S/U basis.
2. A maximum of three (3) credits of S/U coursework may be counted toward the minor.
3. Specifically designated required courses in the distribution requirements of the student's college may not be taken on an S/U basis.
4. Courses to satisfy the State Mandated Communication Requirement and Computation Requirement and General Education may not be taken on an S/U basis.
5. Courses to satisfy the B.A. Foreign Language requirement may not be taken on an S/U basis.
6. All elective courses for the major and all elective courses in the distribution requirements and all other free elective courses may be taken on an S/U basis except where:
   a. The certifying college restricts the number of courses that may be taken on an S/U basis in any one or all of the above areas or restricts the total number of S/U courses that can be accepted for all of the above areas.
   b. The certifying college specifies that certain courses may not be taken on an S/U basis.
   c. The instructor of a course refuses to allow the course to be taken on an S/U basis.

Grade Point Average

The university uses the quality points in the Grading System. The grade point average (GPA) is computed by dividing the total number of quality points by the total hours attempted at USF. The total quality points are calculated by multiplying the number of credits assigned to each course by the quality point value of the grade given. Credit hours for courses with grades of "I, IU, M, N, S, U, W, WC, Z" and courses that have a repeat indicator of "E" on the academic transcript are subtracted from the total hours attempted before the GPA is calculated.

Credit hours for repeated USF coursework will be awarded only once per course unless the course is an university-approved repeatable course. "D, F, FF, IF and MF" grades, however, for repeated USF coursework will be counted in the computation of the student's GPA as many times as those grades for that course are recorded. If a student originally earns a "C" or higher in a course that may not be repeated for additional credit, and then earns a "C" or higher on a subsequent enrollment, the new grade is not computed in the GPA unless the Grade Forgiveness Policy is applied.

Mid-Term Grades

USF Policy 10-504

PURPOSE & INTENT
The University of South Florida (USF) is committed to student success and providing the necessary information to enable students to manage their academic progress. This Policy is one of many university initiatives directed at assisting students in effectively meeting their academic goals.

STATEMENT OF POLICY
It is the student's responsibility to be aware of their academic standing and grade status in all courses. In an attempt to assist the student in evaluating academic status mid-term, the university requires instructors to submit midterm grades electronically for each student enrolled in 1000, 2000, 3000 and 4000 level courses. Instructors are not required to report mid-term grades for alternate calendar courses, study abroad, directed studies, internships, practicum, field experiences, directed research, undergraduate research, independent studies, and other courses that do not follow the normal course schedule for the academic term; however it is expected that instructors will provide feedback to students regarding progress at an appropriate midpoint for the course.

PROCESS STEPS
Midterm grades are submitted after Week 7 or, for summer courses, soon after the midpoint of the time period that the course is conducted. The purpose of the Midterm Grade Report is to provide students in 1000, 2000, 3000 and 4000 level courses with information on whether they are making sufficient progress toward meeting the course requirements. This information is available to students in OASIS as a progress report for all students in Lower Level and early Upper Level courses. This Early Warning System provides midterm grade information that assists students and their advisors in determining if academic progress is sufficient in the course at a time where the student may be permitted to drop the course (although beyond the drop/add period resulting in fee liability) and receive a "W" for the course. This is an academic action only and does not support any financial refund or adjustment and students will remain responsible for all applicable registration fees for the course(s). The academic action will permit a "W" grade to reflect on the student's permanent academic record. Students who drop may not continue attending class. Drop deadlines for each semester and summer sessions are listed in the Academic Calendar and are listed on the Office of the Registrar's Important Dates and Deadlines (https://www.usf.edu/registrar/calendars/index.aspx).
Grade Forgiveness Policy

USF's grade forgiveness policy permits a student to repeat a course and have the repeated grade computed in the cumulative grade point average (GPA) in place of the original grade, providing the repeat grade is posted as “D-” or higher (exception - see Honors at Graduation within this section) and is higher than the first grade. Normally, grade forgiveness may only be applied to a specific course that a student chooses to repeat. Under unusual circumstances, a different but similar course may be used if the substitute course has been previously approved by the College Dean and is on file in the Office of the Registrar.

No course taken on the S/U grade basis may have the grade forgiveness applied. Similarly, the grade forgiveness policy cannot apply to any course in which the grade of “FF” has been recorded.

Any undergraduate or non-degree seeking student who wishes to implement grade forgiveness must:

2. Adhere to the following conditions:
   A. A limitation of applying grade forgiveness to three USF courses with no more than one repeat per course.
   B. Once you utilize grade forgiveness, it cannot be rescinded.
   C. With prior approval of the college dean, a course different from a course on the approved list may be substituted in the following cases:
      i. The substitute course is a change in prefix, number, hours, or title, but not a substantive change in content from the original course.
      ii. The substitute course replaces a course no longer offered by the institution.
      iii. The substitute course was approved by the Director Student Accessibility Services (https://www.usf.edu/student-affairs/student-accessibility/) and the Dean of Undergraduate Studies (https://www.usf.edu/undergrad/) as an appropriate alternative for a student with disabilities.
   D. The repeated course must be taken under the standard grading system (A - F) and the latest grade must be posted as “D-” or higher (grades of S/U are not permitted) and be higher than the first grade.
   E. All grades remain on the transcript. The original course grade will be annotated with “E” to indicate that the course has subsequently been repeated and the original grade is not computed in the GPA.
   F. Individual colleges may have further restrictions; therefore, the student should consult with your college.

This policy is applicable to undergraduate and non-degree-seeking students only, and applies to 1000-to-5000-level courses. Once students have been awarded a bachelor's degree from USF, they may not repeat a course and be forgiven the original grade, taken prior to graduation.

The policy applies only to courses taken originally and repeated at USF.

Academic Standing Policies

Good Academic Standing

Undergraduate students are expected to maintain a 2.00 or higher cumulative USF grade point average (GPA). Students are in good standing if they meet the minimum GPA standards based on GPA hours. A student must be in good academic standing in order to graduate.

Students on probation or suspension are not considered to be in good academic standing.

Academic Probation, Dismissal, or Suspension

The first time an undergraduate student’s USF grade point average (GPA) falls below a cumulative 2.0, the student will be placed on academic probation. From the beginning of academic probation, the student must maintain at least a 2.0 GPA each term, and may not totally withdraw from any semester without cause.
Any student who withdraws from all classes after the fifth day of classes while on academic probation will be academically dismissed. Once on academic probation, academic advising prior to registration is mandatory until you are removed from probationary status. You may remain on academic probation indefinitely as long as you maintain a GPA of 2.0 or greater each semester. If at any time while on academic probation, the student's semester GPA falls below a 2.0, you will be academically dismissed from the university. Once academically dismissed, you may only return to USF under the university’s Academic Renewal policies. If academically dismissed from USF, you may not return to USF as a non-degree seeking student.

First year, first time in college (FTIC) students may be granted a one-time only academic dismissal deferment, allowing an additional semester of enrollment. Students will work with the Office of Academic Advocacy (https://www.usf.edu/undergrad/academic-advocacy/) to create a plan for academic success in the deferred semester. It should be noted that deferring academic dismissal will not extend financial aid canceled due to poor academic performance.

The determination and notification of probationary status or academic dismissal is made by the Office of the Registrar; academic standing is noted on the student's transcript. A student who attends another college or university following academic dismissal will be classified as a transfer student and readmission will be based on the total record accumulated from all colleges and universities attended.

Once a student's semester and USF GPA is at or above 2.0, the academic probation status will be removed.

If a student is academically dismissed or falls below a 2.0 GPA from USF and subsequently receives a baccalaureate degree from another four-year institution, that student, when accepted to the University with the post-baccalaureate status, will have his/her academic standing updated.

For detailed information on the Academic Integrity of Students policy, see USF Regulation 3.027 at https://usf.app.box.com/v/usfregulation3027.

Reinstatement

Students placed on Academic Dismissal may only return to USF under the University's Academic Renewal policies (https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/reinstatement.aspx). Academic Renewal allows students previously dismissed or former students returning with a USF GPA below 2.00 to renew their pursuit of baccalaureate degrees without the responsibility of having to overcome the entire burden of low grades and low grade-point-averages. To facilitate this opportunity, students who qualify for Academic Renewal may, with the approval of the Academic Regulations Committee and/or the Office of Undergraduate Studies, have portions of their academic record excluded from their grade point averages (GPAs). To be eligible for academic renewal, the student must select a major in which they will graduate according to the degree progression policy. The entire academic record however will continue to be reflected on their transcripts even though a selected portion will not be counted in their GPAs. Academic Renewal students are admitted with the same terms of academic probation and dismissal as all other undergraduate students.

If academically dismissed from USF a student may not return to USF as a non-degree seeking student.

Undergraduate Dismissal Policy

Individual undergraduate programs may have stricter guidelines listed in the university catalog. Students can be dismissed from an undergraduate program by the college dean for the following reasons:

1. Failing to meet professional standards of the discipline,
2. Denied reinstatement after academic suspension,
3. Being suspended for the third time.

Appeal of Dismissal

An undergraduate degree-seeking student may appeal a dismissal in writing to the Provost (or designee).

For more information on the Academic Integrity of Students, see USF Regulation 3.027 at https://usf.app.box.com/v/usfregulation3027.
Non-Degree Students Academic Standing

A student who is not seeking a degree while at USF, but enrolls in classes is classified as a non-degree student. Although not seeking a degree, such a student is subject to the same Academic Warning, Academic Probation, Academic Suspension, and Reinstatement policies as a degree-seeking student by level of courses in which the student enrolled.

Dean's List

Full-time undergraduate students who demonstrate superior academic achievement during one semester will be honored on a "Dean's List." To be eligible for the Dean's List, a student must meet the following criteria:

- Complete 12 hours of graded (A-F) USF coursework with no Incomplete, Unsatisfactory and/or W grades during the semester.
- Earn a semester GPA in USF coursework, as designated by the College of their major, as follows:
  - College of Arts and Sciences = 3.9 GPA
  - College of Behavioral and Community Sciences = 3.9 GPA
  - Muma College of Business = 3.9 GPA
  - College of Education = 3.9 GPA
  - College of Engineering = 3.9 GPA
  - College of Nursing = 3.9 GPA
  - College of Public Health = 3.9 GPA
  - College of the Arts = 3.9 GPA
  - Office of Undergraduate Studies = 3.9 GPA

If a student is coded in two undergraduate majors from two different colleges, the student may be honored with Dean's List from each college, presuming the student meets the required GPA threshold for each individual college.

Dean's List is determined at the end of the semester, after grades are posted. If an Incomplete grade is changed after grades processing is finalized, the student will not retroactively receive Dean's List designation.

Students registered in the Student Accessibility Services office whose approved accommodations include a reduced academic load are eligible by meeting the above parameters with at least nine (9) credit hours of graded USF coursework completed in the semester and the recommendation from that office, to be confirmed by the Dean of the college of the student's major.

The Dean of the College in which the student is majoring or the Dean of Undergraduate Studies, for students currently enrolled in an exploratory curriculum, will recognize this academic honor. Students who are eligible should contact their College Advising Office or Student Accessibility Services for information.

Students are eligible to earn the Dean's List designation only once for the entire summer and intersession semesters.

Academic Record

The student's academic record shall not be changed after the student has graduated.

Academic Renewal

https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/reinstatement.aspx

The Academic Renewal policy allows students previously dismissed from the University or former students returning with a USF grade point average (GPA) below 2.00 to renew their pursuit of baccalaureate degrees without the responsibility of having to overcome the entire burden of low grades and low grade-point-averages. To facilitate this opportunity, students who qualify for academic renewal may, with the approval of the Academic Regulations (ARC) Committee, have portions of their academic record excluded from calculation of their GPAs.

To be eligible for academic renewal, the student must select a major in which they will graduate according to the degree progression policy. The entire academic record, however, will continue to be reflected on the transcript even though a selected portion will not be counted in the GPA. Academic renewal students are admitted with the same terms of academic probation and dismissal as other undergraduate students. Academic renewal will only be applied to a student's academic record one time at USF. Students returning to the University under academic renewal may incur excess hours and associated monetary penalty.
ACADEMIC POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2021-2022 UNDERGRADUATE CATALOG

Academic Renewal I (AR-1)

Students who have been academically dismissed or former students returning with a USF grade point average (GPA) below 2.00 may petition the Academic Regulations Committee (ARC) to return to the University under AR-1. A student will be considered for reinstatement to the University under academic renewal 1 after completing all requirements for the Associate of Arts degree or equivalent (including General Education, State Communication and Computation Requirements) at a two- or four-year college other than USF. Academic Renewal 1 students will enter USF as an upper-level student and their USF GPAs will be calculated from that point forward. While AR-1 is required for students who have earned less than 60 credit hours, it is not restricted to those students. In order to graduate following re-admission under AR-1, all USF and major residency and degree requirements must be met.

Students must:

1. Complete the AA degree. Official transcripts must be received by the Office of Admissions.
2. Meet with the academic advisor in the major they intend to pursue upon return and complete the Academic Advising Record for Reinstatement Through Academic Renewal I or II form.
3. Complete the Reinstatement After Academic Dismissal form, and check the box for "AR1."
4. Write personal statements addressing why they should be considered for reinstatement, how they have overcome specific barriers that previously affected academic success and a clear rationale for pursuit of the selected major.
5. Forms are available at https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/forms.aspx.

Submit the Reinstatement Petition packet (steps 1 through 4) to the Academic Regulations Committee (ARC) representative in the College of the major they intend to pursue upon return to USF.

Academic Renewal II (AR-II)

Academic Renewal II is available to students who were academically dismissed or former students returning with a USF grade point average (GPA) below 2.00 and have 60 or more earned credits from USF or other institutions of higher education. These students will be considered for reinstatement to the University under Academic Renewal II, after a break in USF enrollment for at least three semesters. Students may choose to complete major prerequisites at another institution during this time, but are not required to do so. Students who choose to take courses at another institution should meet with the academic advisor of their intended USF major prior to enrolling in courses elsewhere. Following readmission under Academic Renewal II, students will have their USF GPA calculated from that point forward. In order to graduate following readmission under ARII, all USF and major residency and degree requirements must be met.

1. Official transcripts must be received in the Office of Admissions if student was enrolled at another institution during their year away from USF.
2. Complete the Academic Advising Record for Reinstatement Through Academic Renewal I or II form with the academic advisor in the major they intend to pursue upon return.
3. Complete the Reinstatement After Academic Dismissal form, and check the box for "ARII."
4. Write personal statements addressing why they should be considered for reinstatement, how they have overcome specific barriers that previously affected academic success and a clear rationale for pursuit of the selected major.
5. Forms are available at https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/forms.aspx.

Submit the Reinstatement Petition packet (steps 1 through 4) to the Academic Regulations Committee (ARC) representative in the College of the major they intend to pursue upon return to USF.
Academic Renewal will only be applied to a student's record one time at USF. Students readmitted under academic renewal may be excluded from admission to limited access programs and will only be considered for University Honors at graduation if they meet the criteria using all attempted grades earned. Students returning to the University under Academic Renewal may incur excess hours and associated monetary penalty. For more information, see https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/reinstatement.aspx.

General Education Requirements and Lower-Level Course Policies

General Education State Requirements - BOG Regulation 8.005

Satisfactory completion of general education requirements consists of completing 36 hours of general education, where 21 hours come from:

1. **Six (6) semester hours of English Composition coursework** (State Communication Requirement; formerly known as Gordon Rule courses) and **six (6) semester hours of coursework in which the student is required to demonstrate college-level English Language writing skills through multiple assignments**. Students awarded college credit in English based on their demonstration of writing skills through dual enrollment, advanced placement, or international baccalaureate instruction shall be considered to have satisfied this requirement to the extent of the college credit awarded.

2. **Six (6) semester hours of mathematics coursework** (State Computation Requirement; formerly known as Gordon Rule courses) at the level of college algebra or higher. Applied logic, statistics and other computation-based coursework that may not be offered by a mathematics department may be used to fulfill three (3) of the six (6) hours required by this section. Students awarded college credit based on their demonstration of mathematics skills at the level of college algebra or higher through dual enrollment, advanced placement, or international baccalaureate instruction shall be considered to have satisfied this requirement to the extent of the college credit awarded.

3. For students entering the University as a first-time-in-college student beginning Fall term 2015, at least one (1) course from each of the general education subject areas listed below in this section. These courses comprise the general education core as required per section 1007.25(3), Florida Statutes.

   1. One of the following courses in Communication:
      - ENC X101 English Composition I;
      - A course with an ENC prefix for which ENCX101 is a direct prerequisite.

   2. One of the following courses in Humanities:
      - ARH X000 Art Appreciation;
      - HUM X020 Introduction to Humanities;
      - LIT X000 Introduction to Literature;
      - MUL X010 Introduction to Music Literature/Music Appreciation;
      - PHI X010 Introduction to Philosophy;
      - THE X000 Theatre Appreciation.

   3. One of the following courses in Mathematics:
      - MAC X105 College Algebra;
      - MAC X311 Calculus I;
      - MGF X106 Liberal Arts Mathematics I;
4. One of the following courses in Natural Sciences:
   - AST X002 Descriptive Astronomy;
   - BSC X005 General Biology;
   - BSC X010 General Biology I;
   - BSC X085 Anatomy and Physiology I;
   - CHM X020 Chemistry for Liberal Studies;
   - CHM X045 General Chemistry I;
   - ESC X000 Introduction to Earth Science;
   - EVR X001 Introduction to Environmental Science;
   - PHY X020 Fundamentals of Physics;
   - PHY X048 General Physics with Calculus;
   - PHY X053 General Physics I;
   - A natural science course for which one of the above general education core course options in natural science is a direct prerequisite.

5. One of the following courses in Social Sciences:
   - AMH X020 Introductory Survey Since 1877;
   - ANT X000 Introduction to Anthropology;
   - ECO X013 Macroeconomics;
   - POS X041 American Government;
   - PSY X012 Introduction to Psychology;
   - SYG X000 Principles of Sociology.

NOTE: Students who transfer into a state university or between state universities shall be required to meet the above general education core requirements if the students were classified as first-time-in-college at their original postsecondary institution Fall Term 2015 and thereafter. Any course accepted by an institution in the Florida College System or State University System as meeting the general education core at that institution shall be accepted as meeting the core requirements at all institutions. All credit earned by other transfer students shall be evaluated by the receiving institution on a course-by-course basis to determine core equivalency. Credit earned through an acceleration mechanism in Section 1007.27, Florida Statutes and Board of Governors Regulation 6.006, will meet the related general education core course requirement.
Board of Governors Basic Requirements: (established by Florida state law and the Board of Governors Regulation 6.017 (https://www.flbog.edu/wp-content/uploads/6-017-2014_9_19CriteriaforAwardingBaccalaureateDegree.pdf) and 8.005 (https://www.flbog.edu/wp-content/uploads/8_005GeneralEducationCore_final.pdf)

USF Enhanced General Education Curriculum

The remaining fifteen (15) hours of a student's required thirty-six (36) general education hours are fulfilled by completing USF Enhanced General Education curriculum. It was created to provide a more relevant, coherent, rigorous and student-centered curriculum for intentional learners. The curriculum integrates the values of general education through all levels of the undergraduate experience and is designed to develop baccalaureate graduates who have well-rounded intellectual and practical skills, personal and social responsibility, and integrative and applied learning experiences.

Students must receive a minimum grade of C- in each course that is used to fulfill any requirement in the general education curriculum. S/U grades are not acceptable for general education courses. Those courses completed satisfactorily and applied to meet general education requirements must have an overall GPA of 2.0. Courses may be counted for both the major AND the Enhanced General Education requirements.

All general education courses at USF teach critical and analytical thinking, problem solving, and written communication. A student is expected to take a minimum of three (3) credit hours in each of the following areas:

1. Creative Thinking - Students will:
   - Demonstrate responsiveness within an established disciplinary context to new information, experiences, and ideas through a process of re-evaluating the ideas and/or approaches.
   - Create an original contribution within a specific discipline.
   - Evaluate the limitations imposed on any new approach or solution within a discipline to propose original contributions to problems.
   - Synthesize disparate or conflicting thoughts when evaluating questions/problems to form cohesive and collaborative solutions.
   - Break down complex problems to examine, propose, and support potential solutions, even if those solutions deviate from acceptable, mainstream solutions.

2. Information & Data Literacy - Students will:
   - Use research tools and indicators of authority to determine the credibility of sources, while identifying any legal and ethical restrictions placed on the use of information.
   - Critically interpret quantitative evidence (such as graphs, tables, charts) in order to identify false claims, incorrect use of evidence, or contradictory statements.
   - Contribute to scholarly conversations using discipline-appropriate communication in different modalities, such as local online communities, guided discussions, undergraduate research journals, and conference presentations/poster sessions.
   - Revise submitted coursework by integrating new sources of information and determining relevance of existing sources.
   - Critically compare and contrast opposing claims regarding the same fact or hypothesis, when the various sides are credible according to discipline-specific indicators of authority.
   - Summarize the key changes in scholarly perspective over time on a particular topic within a specific discipline.
   - Formulate questions for research based on information gaps or on reexamination of existing, possibly conflicting, data, then use the questions as a guide to organize information in meaningful ways.

3. Human & Cultural Diversity - Students will:
   - Demonstrate the ability to see issues from the perspective(s) of other groups/cultures by describing the values and communication styles found in groups different from one's own and the way in which those differences can affect styles of verbal and nonverbal communication.
   - Define personal values and beliefs using appropriate language and communication methods that consider others' points of view and respect differences.
Analyze how diversity affects interactions with major societal institutions (such as health care, criminal justice, education, employment, voting, and military) from contemporary and/or historical perspectives.

Weigh options/planned actions (such as policies and practices) to formulate possible solutions to reduce inequality and disparities in access and success in major societal institutions (such as health care, criminal justice, education, employment, voting, military).

Analyze the ethical, social, and environmental challenges of global systems to formulate possible solutions regarding international cooperation and collaboration.

4. Ethical Reasoning & Civic Engagement - Students will be able to:
   - Demonstrate the capacity to collect data within and apply explanatory and predictive models to local communities.
   - Connect and extend knowledge (facts, theories, etc.) from their own academic fields of study to civic engagement and their own participation in civic life, politics, and government.
   - Demonstrate the ability to comprehend, express, and adapt to ideas based on others’ perspectives.
   - Work across and within community contexts to achieve a civic aim.
   - Independently and accurately apply ethical perspectives and concepts to ethical questions or civic projects as appropriate and demonstrate the ability to consider the full implications of this application.
   - Demonstrate an ability to recognize ethical and professional responsibilities.

5. High Impact Practice - Students will:
   - Engage in meaningful critical reflection in required coursework.
   - Under professional oversight, utilize contextually appropriate behaviors, tools, techniques and/or dispositions.
   - Integrate discipline-specific knowledge into the contextualized experience.
   - Synthesize discipline-appropriate learning via a culminating assignment.

**NOTE:** Some courses in the High Impact Practice area may only have specific sections that count towards the general education requirement. Please always refer to the current course schedule to make sure you are registering for a section that counts towards the Enhanced General Education requirements.

State Communication Requirement and State Computation Requirement

BOG 6.017 Other Assessment Procedures for College-Level Communication and Computation Skills
https://www.flbog.edu/wp-content/uploads/6-017-2014__9__19CriteriaforAwardingBaccalaureateDegree.pdf

Prior to receipt of an Associate in Arts degree from a Florida College System institution or university or prior to entry into the upper division of a public university or college, a student shall complete successfully the following:

1. Six (6) semester hours of English coursework and six (6) semester hours of additional coursework in which the student is required to demonstrate college-level writing skills through multiple assignments. Each institution shall designate the courses that fulfill the communication requirement of the section. These course designations shall be submitted to the Statewide Course Numbering System (SCNS). An institution to which a student transfers shall accept courses so designated by sending institution as meeting the communication requirements outlined in this section.

2. Six (6) semester hours of mathematics coursework at the level of college algebra or higher. For the purposes of this rule, applied logic, statistics and other such computation coursework which may not be placed within a mathematics department may be used to fulfill three (3) hours of the six (6) hours required by this section.

3. Students awarded college credit in English based on their demonstration of writing skills through dual enrollment, advanced placement, or international baccalaureate instruction pursuant to 6A-10.024, and students awarded college credit based on their demonstration of mathematics skills at the level of college algebra or higher through one or more of the acceleration mechanisms in 6A-10.024, shall be considered to have the requirements in subsections 6.017(2), to the extent of the college credit awarded.
Students must achieve a proficiency level of at least a C- in the required writing and math courses in order to receive credit. Courses to satisfy the Communication and Computation requirements may not be taken on an S/U basis. Please visit the Course Search feature within the USF Undergraduate catalog to search for courses that meet these requirements. The attribute for Communication is 6ACT and for Computation is 6AMT.

Note: The Communication and Computation Requirements are considered met for any student entering the University with an A.A. from a Florida College System institution. CLEP general/subject examinations in Mathematics, Calculus, College Algebra, College Algebra/Trigonometry, and Trigonometry may satisfy this requirement. See https://www.flbog.edu/wp-content/uploads/ArticulationRegulation.pdf 6A-019.024 and 6-017.

First Year Composition

All first-time-in-college students are required to take First Year Composition (a sequential two-semester course of study) in accordance with the following conditions:

1. First-time-enrolled students (a) who do not intend to take the CLEP Freshman English Test or (b) who have been notified of failing CLEP prior to registration and who do not intend to attempt the exam a second time must take ENC 1101 and ENC 1102 sequentially. If a student fails ENC 1101, he/she must repeat it before proceeding to ENC 1102. Students should normally take these courses during their freshman year, but these courses are in high demand, and it is possible that registration space will not always be available.

2. First-time-enrolled students (a) who have not taken CLEP prior to their arrival on campus or (b) who have failed but wish to repeat the test should attempt CLEP during their first nine (9) weeks. During this semester, they should not enroll in ENC 1101. If a student either fails or does not attempt the CLEP examination during his/her first nine (9) weeks, the student normally should take ENC 1101 in the following semester. In this case, the student will normally complete the sequence by the first semester of his/her sophomore year.

These policies do not apply to first-time-enrolled students who can meet the First Year Composition requirement with credit transferred from another institution or those with appropriate AP or IB English credit.

Associate in Arts

USF Regulation 3.019 https://usf.app.box.com/v/usfregulation3019

All students must satisfy the General Education Requirements of USF and must satisfy the requirements listed in section 1007.25, Florida Statutes and in State Board of Education Rule 6A-10.030, prior to receiving an Associate in Arts Degree.

1. To receive the Associate in Arts, the student must complete sixty (60) hours of university credit; at least twenty (20) of the last thirty (30) credit hours or a total of thirty-six (36) credit hours must be completed at USF. The minimum grade point average must be 2.0 based on work attempted at USF. In addition, a transfer student must have a GPA of 2.0 or higher when combined with transfer work accepted and evaluated by the USF Office of Admissions. Physical Education and military science credits do not count toward the Associate in Arts Degree. In addition, a transfer student must have a GPA of 2.0 or higher when combined with transfer work accepted and evaluated by the USF Office of Admissions. Physical Education and military science credits do not count toward the Associate in Arts Degree. All students must satisfy the General Education Requirements of USF and must satisfy the requirements listed in section 1007.25, Florida Statutes and in State Board of Education Rule 6A-10.030, prior to receiving an Associate in Arts Degree.

2. Beginning with students initially entering a Florida College System institution or State University System institution in 2014-2015 and thereafter, coursework for an Associate in Arts Degree shall include demonstration in competency in a foreign language pursuant to Florida Statute http://www.leg.state.fl.us/Statutes/index.cfm?App_mode=Display_Statute&URL=1000-1099/1007/Sections/1007.262.html (Also known as USF’s FLENT requirement).

3. To apply online for an Associate in Arts Degree, please visit the "Apply for Graduation" website. The deadline to apply for a certificate in each semester is stated in the Academic Calendar in the catalog and on the "Apply for Graduation" website.

4. The Associate in Arts Degree must be awarded prior to the term that the student becomes eligible for the baccalaureate degree.
5. Final processing for the Associate in Arts will be done after grades are processed at the end of the semester for which the student applied. All work, including transfer work, taken in that semester will be evaluated with respect to the requirements for the Associate in Arts Degree.

6. Any incomplete grades shown on the permanent record of an Associate in Arts applicant at the time grades are processed will be treated as an "F" in the calculation of grade point average. Transfer students who completed a substantial portion of the Associate in Arts Degree requirements at another institution in the Florida College System will be encouraged to notify that institution of the additional USF credits that may be transferred to that institution towards conferral of that degree. If the former institution will not confer the Associate in Arts Degree with the addition of USF transfer credits, but is eligible for the Associate in Arts Degree at USF, then USF will confer the Associate in Arts Degree.

7. The General Education Requirements will be based on the approved University policy in effect in the catalog year the student chooses according to the University policy regarding the choice of catalog. The consideration of whether or not General Education Requirements are met will be made without consideration of the student's choice of major at the time he/she applies.

8. University of South Florida credit hours will be broadly defined to include USF sponsored student exchange programs and the University of Florida Correspondence Division. The grades from these institutions, (except those earned through the University of Florida Correspondence Division) are recorded on the permanent record at USF, and included in the grade point average calculation, and will be counted in the student's grade point average as work attempted at USF for the Associate in Arts Degree.

9. An applicant who has not been enrolled at USF for three semesters may be contacted to ascertain whether or not that applicant meets the residency requirements.

10. In approving any application for the Associate in Arts Degree, satisfactory/unsatisfactory grades will be accepted according to the approved University policy in effect during the terms of the student's enrollment without regard for the student's declared major. Students must be aware that if they have taken any courses on a satisfactory/unsatisfactory basis where such grades are not acceptable by the college of the major, the students may be required to repeat particular courses for a traditional letter grade or take additional courses for a traditional letter grade to meet the college requirements.

11. All University of South Florida colleges with undergraduate programs will accept the Associate in Arts from USF. That is, the student will be placed, at least, at the junior level and will be considered to have met the University's General Education Requirements. The applicability of the courses taken by the student toward his/her major program will be determined by the college of the student's major. Similarly, any special requirements for a student's professional certification (e.g., Education and Engineering) are not necessarily met by the Associate in Arts Degree, but could be included as part of the General Education Requirements. Thus, students should check with their colleges concerning meeting any special requirements in an efficient manner.

12. The awarding of the Associate in Arts Degree is posted on the permanent record but does not alter the calculation of the grade point average nor does it interrupt the accumulation of the student's record.

13. Students who follow a baccalaureate degree program as recommended by a college will not necessarily be eligible for the Associate in Arts Degree prior to the completion of ninety (90) credit hours.

Language Requirements

Foreign Language Entrance Requirement (FLENT)

FLENT (Foreign Language Entrance Requirement) Florida Statutes 1007.262

USF Regulation USF 3.007 - Degree Requirements: Baccalaureate/Undergraduate
(https://usf.app.box.com/s/e2h7f92r8xidcpbk0w1hm1qewr59g2j item 2)
The Florida Department of Education shall identify the competencies demonstrated by students upon the successful completion of two (2) credits of sequential high school foreign language instruction. For the purpose of determining postsecondary equivalence, the department shall develop rules through which Florida College System institutions correlate such competencies to the competencies required of students in the colleges' respective courses. Based on this correlation, each Florida College System institution shall identify the minimum number of postsecondary credits that students must earn in order to demonstrate a level of competence in a foreign language at least equivalent to that of students who have completed two (2) credits of such instruction in high school. The department may also specify alternative means by which students can demonstrate equivalent foreign language competence, including means by which a student whose native language is not English may demonstrate proficiency in the native language. A student who demonstrates proficiency in a native language other than English is exempt from a requirement of completing foreign language courses at the secondary or Florida College System level.

Satisfaction of the foreign-language admissions requirement by having two (2) sequential units of the same foreign language in high school, or eight (8) semester hours of the same foreign language in college, or documented equivalent proficiency.

Foreign Language Graduation Requirement (FLEX)

All students pursuing a B.A. degree must meet the foreign language exit requirement which for most students will require completing two semesters of the same foreign language or for some majors sign language. Students who already have knowledge of a foreign language may "place out" of the requirement. The following statements summarize the methods for completing FLEX.

1. Two semesters of the same foreign language (e.g., SPN 1120 and SPN 1121), or sign language for some majors, with no less than a "D" in the first semester and no less than a "C" in the second semester. "S" or "P" grades may not be substituted.
2. Completion of the second semester or higher of a foreign language with no less than a "C." (The first semester was not taken because of placement).
3. Successfully passing the USF language placement test by placing into the third course or higher. http://languages.usf.edu/foreign/
4. Subject CLEP credit for two semesters.
5. AP Credit for two semesters.
6. For students with a Native language other than English, they can meet the FLEX requirement if:
   - There is official documentation of the student's TOFEL/IELTS score as an indication of proficiency in another language
   - Student earns passing grades (C- or better) in ENC 1101 and ENC 1102 (or equivalents) demonstrating English language proficiency

American Sign Language

The following programs accept American Sign Language Competency for the exit requirement: Africana Studies, Aging Sciences, Anthropology, Chemistry, Communication, Communication Sciences and Disorders, Criminology, Digital Communication and Multimedia Journalism, Economics, English, History, Humanities and Cultural Studies, Interdisciplinary Social Sciences, Mass Communications, Political Science, Psychology, Religious Studies, Sociology, Sustainability Studies, Women's and Gender Studies, and all programs in the College of Education and College of The Arts.

Approval is needed by the student's program/department major.

Students electing to take the examination in French, German, Italian, Portuguese, Russian, Spanish, Ancient or Modern Greek, or Latin should apply to the Director of the Department of World Languages. Students taking the examination in New Testament Greek or Hebrew should apply to the Chairperson of Religious Studies. Students taking the examination in American Sign Language should apply to the Chairperson of Communication Sciences and Disorders.
Graduation and Commencement

Graduation Requirements (Baccalaureate)

USF Regulation 3.007 - Degree Requirements: Baccalaureate/Undergraduate

1. General Education requirements (36 hours) must be completed prior to graduation per USF Regulation 3.007 and BOG 6.017 requirements.
2. Civics Literacy - Baccalaureate degree-seeking students initially entering a state university fall semester 2018 and thereafter must demonstrate competency in civic literacy (see Civics Literacy section of Catalog or https://www.usf.edu/undergrad/students/civics-literacy.aspx).
3. Updates of changes to State and BOG Requirements - Students will be held to the most current standards established by the BOG or state law.
4. In addition to Florida Board of Governors and/or state requirements, USF has the following USF specific minimum requirements that are designed to assure the academic integrity of the degree programs at each System Institution:
   a. Successful completion of a minimum of 120 unduplicated semester credit hours through university coursework, acceleration mechanisms, and/or transfer credit, including courses specifically approved as repeatable for credit (e.g. practica, ensembles and field experiences);
   b. A minimum adjusted grade point average (GPA) of 2.00 on all course work taken at USF and an overall 2.00 on all college-level work attempted;
   c. Satisfactory completion of major requirements in a chosen degree program, including additional requirements set by the college offering the degree, as published in the current Undergraduate Catalog;
   d. Successful completion of at least forty-two (42) semester hours in courses numbered 3000 and above;
   e. Successful completion of at least 25% of the total credit hours required for the degree program must be in courses offered by USF;
   f. Registration and successful completion of at least thirty (30) of the last sixty (60) semester hours must be completed at USF. CLEP credit does not count toward academic residence. Colleges may have specific academic residency requirements for specified degrees and students are responsible for reviewing the current Undergraduate Catalog to ensure compliance;
   g. Students who have entered a university in the State of Florida University System (SUS) with fewer than sixty (60) hours of credit are required to earn at least nine (9) hours prior to graduation by attendance in one or more summer terms in courses offered by USF or any one of the SUS institutions. This requirement may be waived in cases of unusual hardship to the individual;
   h. Bachelors of Arts Foreign Language Exit (FLEX): All students pursuing a B.A. degree must meet the foreign language exit requirement which for most students will require completing two semesters of the same foreign language. Sign Language is an acceptable foreign language for some majors as stipulated in program requirements found in the Undergraduate Catalog. Students who already have knowledge of a foreign language may "place out" of the requirement. The following statements summarize the methods for completing FLEX.
      1. Two semesters of the same foreign language (e.g., SPN 1120 and SPN 1121) with no less than a "D" in the first semester and no less than a "C" in the second semester. "S" or "P" grades may not be substituted. Sign Language is an acceptable foreign language for some majors as stipulated in program requirements found in the Undergraduate Catalog.
      2. Completion of the second semester or higher of a foreign language with no less than a "C". (This applies if the first semester was not taken because of placement).
      3. Successfully passing the USF Language Placement Test by placing into the third course or higher. http://languages.usf.edu/foreign/
      4. Subject CLEP credit for two semesters.
      5. AP Credit for two semesters.
6. For students with a Native language other than English, they can meet the FLEX requirement if:
   a. There is official documentation of the student’s TOFEL/ITELS scores as an indication of proficiency in another language.
   b. Students earn passing grades (C- or better) in ENC 1101 and ENC 1102 (or equivalents) demonstrating English language proficiency.

i. Program and/or College Requirements: All students must be aware of and satisfactorily complete any additional requirements that may be required by a specific program and/or college from which they are earning the degree as set forth in the current Undergraduate Catalog.

j. General Academic Approval: Successful completion of academic coursework constituting the student's program of study, minor, honors thesis, or certification examination does not guarantee award of the baccalaureate degree. Faculty judgment of the academic performance of the student is inherent in the educational process in determining whether the award of the baccalaureate degree or admission into higher-level degree program is warranted.

**Degree Progression**

USF Policy 10-505 - Degree Progression and Completion Deadlines for Undergraduate Students
https://usf.app.box.com/v/usfpolicy10-505

A. Students who have completed all degree requirements will be required to graduate within four years. If a student does not submit the Online Graduation Application for Degree when academic records indicates all degree requirements for the declared major have been met based on the university degree audit system, the University will initiate the degree certification process without an application.

1. Undergraduates must complete the Online Graduation Application for Degree and the Online Graduating Senior Survey by the official University deadline (https://www.usf.edu/registrar/) for the term in which they expect to graduate. Degree application deadlines are available in the Academic Calendar found in the Undergraduate Catalog.
2. If denied for graduation, a student must re-apply for the next applicable term.
3. Students must apply before the On-Time graduation deadline for the term in which they expect to graduate in order to appear in the Commencement brochure. During the Fall and Spring semesters, students are able to apply for graduation up until the last day of class. During Summer term, students may apply for graduation up to the last day of the term.
Summer Enrollment Requirement

All students entering USF with fewer than 60 semester hours of credit are required to earn at least nine semester hours of credit prior to graduation by attendance during one or more Summer terms in courses offered by USF or any one of the State University System of Florida institutions. The University may waive the application of this rule in cases of unusual hardship.

A student who wishes to have the rule waived must complete a Request for Waiver of Mandatory Summer Enrollment Form available in the Office of the Registrar (https://www.usf.edu/registrar/documents/forms_2019/summer_waiver_request_form_2019.pdf). After submission of the form to the Office of the Registrar, the student will receive notification to their USF email of the action taken.

Civics Literacy Requirement

USF Civics Literacy website: https://www.usf.edu/undergrad/students/civics-literacy.aspx

- All students earning a baccalaureate degree will need to complete the Civics Literacy requirement as stated in Florida Statute 1007.25 (http://www.leg.state.fl.us/Statutes/index.cfm?App_mode=Display_Statute&URL=1000-1099/1007/Sections/1007.25.html). For information on the exact requirement, please visit the USF Civics Literacy website: https://www.usf.edu/undergrad/students/civics-literacy.aspx.
Steps for Graduation

The Office the Registrar has complete information regarding graduation requirements (see https://www.usf.edu/registrar/services/apply-for-graduation/index.aspx; Click "Apply For Graduation" on left menu).

**STEP 1: Apply for graduation (receive a diploma) and complete the graduation survey.**

Login into OASIS using MyUSF and then follow these steps:

1. Enter your Net ID and self-assigned password.
2. Click on "My Resources."
3. Click on "OASIS."
4. Click on "Student."
5. Near the bottom of the list, select "Apply for Graduation."
6. Please be sure to check the address in OASIS as that is where your diploma will be sent.

The Office of Decision Support requires all graduation applicants to take a survey; that survey affronts the online graduation application.

**IMPORTANT NOTES:** This does not automatically add the student to the Commencement ceremony. Please read below for further details to complete that process and see other important information about graduation.

The student is responsible for checking with your college for any additional graduation requirements and earlier application deadlines they may require.

Any student who completes the graduation survey and applies after the published deadline will not be included in the Commencement brochure. Applying late may also possibly prevent the application from being processed in time for the degree to be awarded until the next term, even if all degree requirements are met. In order for a degree statement to appear on your transcript, a graduation survey and application must be submitted whether or not the student attends Commencement.

**STEP 2: Clear financial obligations.** Financial obligations must be cleared prior to graduation or your diploma will be held upon request of the Student Financial Services. Ensure that all fees are paid to the university in full. These include parking, library, etc. or a hold will be placed on the student record. This will prevent release of the student's diploma and transcripts until all fees are collected and the hold is released.

**STEP 3: Check grades.** It is the student's responsibility to clear all "I" (incomplete grades) for courses required for graduation, and to provide official hard copy transcripts of all transferred course work needed for graduation at least one term prior to graduation.

**STEP 4: Check current class schedule.** You should notify your college of any change or error in their schedule for the current semester, including any adds/drops or withdrawals. Contact the Office of the Registrar if your name does not appear on a class roll for a course in which you believe you are registered.

**STEP 5: Check name in student record.** Students may designate a preferred first and/or middle name to appear on their diploma. The student must signify on the form if the changed name is to be listed on your diploma instead of the one in your student record. It is critical that upper/lower case letters, accents, and punctuation be clearly indicated on the application.

**STEP 6: RSVP for Commencement.** Graduation and Commencement require two different processes. See requirements for Commencement at https://www.usf.edu/commencement/.

Student Information Changes

Notifications regarding changes to legal name, residency, and citizenship should be filed promptly using the appropriate form(s) accompanied by verifiable supporting legal documentation with the Office of the Registrar (https://www.usf.edu/registrar/). Change of local, permanent, and emergency contact addresses; preferred name; and other student record information may be completed by currently enrolled students by selecting the appropriate form at https://www.usf.edu/registrar/services/forms.aspx.

Academic Residence
Any credits transferred into the University of South Florida must be processed as transfer credits from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission.

Candidates for graduation must have completed at least 30 hours of the last 60 hours of their undergraduate credits in courses offered by USF. Individual colleges and programs may have more stringent requirements, approved by the University, such as the number of specific courses in the major that must be completed. Exceptions to the above rules may be made for students who are enrolled at other universities in USF approved exchanges, study abroad programs or co-op training programs. CLEP credit does not count toward academic residence.

Students must successfully complete at least 50 percent of the required courses in the major in courses offered by USF. In cases of hardship or lack of course availability, individual exceptions may be approved by the respective college Dean or designee to help ensure timely graduation.
Posthumous Degrees or Degrees in Memoriam

USF may award a posthumous baccalaureate degree to a student who was in good standing at the University at the time of their death and who had completed all substantive requirements for the degree.

To award a non-thesis degree, the student must have completed all courses required for the degree. Courses required for the degree, in which the student was enrolled at the time of death, must have been completed to the satisfaction of the faculty so that passing grades might be posted. All other requirements must have been satisfied as well.

To award a thesis degree, all courses must be completed as described above and the thesis must be sufficiently complete to the satisfaction of the faculty so that certification of completion may be posted to the student's record.

Procedures for Award of Posthumous Degrees or Degrees in Memoriam

Department chairpersons, or appropriate faculty members, on their own initiative or upon request of a student's family, may recommend a posthumous, or an in memoriam degree, by forwarding the recommendation to the appropriate college Dean. If approved by the Dean, the request, accompanied by the supporting documentation, will be forwarded to the Dean of Undergraduate Studies (https://www.usf.edu/undergrad/) respective to the degree type at USF for approval. If the Dean or Chief Academic Officer approves the recommendation, the Office of the Registrar (https://www.usf.edu/registrar/) will be notified. Posthumous degrees and in memoriam degrees may also be presented to the student's family in an appropriate setting, which may include Commencement held in fall and spring.

Diplomas for posthumous degrees will be identical to other degrees awarded in the same colleges and majors. Diplomas for Degrees in Memoriam will be prepared to read "Bachelor of Arts in Memoriam," "Bachelor of Science in Memoriam," etc., depending upon the degree the student was pursuing at the time of death. Undergraduate students who have not chosen a major at the time of death will be awarded the "Bachelor of Arts in Memoriam."

Honors at Graduation

To be considered for honors at graduation, a baccalaureate candidate must have completed at least 40 credits of graded upper level work at USF and have earned a grade point average (GPA) of 3.50 or higher for all graded coursework attempted at USF. For those students in programs requiring multiple clinical experiences (such as Nursing and Education), a baccalaureate candidate must have completed at least 30 hours of graded upper level coursework and have earned a GPA of 3.50 or higher for all graded coursework attempted at USF. In addition, to be eligible for honors, transfer students and USF students who have postsecondary work elsewhere must have an overall GPA of 3.50 or higher counting all USF courses, as well as, all transferable work attempted at other institutions. The forgiveness policy at USF or other institutions and plus/minus grades awarded at other institutions are not applicable in computing the GPA for honors. In addition, students with a record of academic dishonesty appearing on any transcripts may graduate from a degree program after meeting all degree requirements, but will not be eligible for honors at graduation, including the honor of graduating from the Honors College or a departmental honors program.

- Candidates with a USF GPA of 3.50 or higher and an overall GPA of 3.50 but below 3.70 shall receive a diploma designation of cum laude (with honor).
- Candidates with a USF GPA of 3.50 or higher and an overall GPA of 3.70 but below 3.90 shall receive a diploma designation of magna cum laude (with high honor).
- Candidates with a USF GPA of 3.50 or higher and an overall GPA of 3.90 or above shall receive a diploma designation of summa cum laude (with highest honor).

In addition, each Dean has the option to select on the basis of exceptional achievement 1% of the college's graduates or one student per semester for graduating with distinction.

Undergraduate candidates with an overall GPA of 4.00 are recognized at the commencement ceremony as King O'Neal Scholars. They will be recognized during the ceremony and presented with a certificate and medallion from the Alumni Association.

For purposes of honors recognition at the Commencement ceremony, students must have a 3.50 GPA before the term in which they plan to graduate to have honors recognized publicly at the Commencement ceremony.
The GPA is not rounded up when determining honors at graduation (e.g., 3.69 is not the same as 3.70). The forgiveness policy at USF and other institutions and plus/minus grades awarded at other institutions will not be applicable in computing the GPA for honors. In addition, students with a record of academic dishonesty appearing on any transcript(s) will not be eligible for honors at graduation.

Commencement Ceremony

Commencement ceremonies are held at the end of each academic semester. Ceremonies are held three times a year (Spring, Summer and Fall) with multiple ceremonies hosted in a day.

Students register to participate in a Commencement ceremony through the Commencement website, https://usfweb2.usf.edu/commencement/. Registration for that term's ceremony is open on the first day of classes for that term.

Deadline for ceremony registration varies by campus. Registration is open to all undergraduate students.

Remember - Graduation is separate process from the Commencement ceremony.

To participate in the Commencement ceremony:

1. Apply to graduate at the Office of the Registrar; submit your application to graduate to receive your diploma at https://www.usf.edu/registrar/services/graduation.aspx.

2. Register for Commencement ceremony at https://usfweb2.usf.edu/commencement/. Information regarding the ceremony will be mailed to students who apply to graduate by the end of the fourth week of the term.

NOTES:

- Students do not receive their diploma at the Commencement ceremony.
- The list of student names published in the Commencement ceremony program is taken from the list of students who applied to graduate by the end of the fourth week of the term. Students who have elected certain levels of privacy on their records will not have their names published in the Commencement ceremony program.
- Commencement is a most dignified ceremony.
- Academic regalia is required and there is a cost of regalia.
- There is no fee to participate in a Commencement ceremony for graduates and their families and guests.

Additional information about Commencement can be found at https://usfweb2.usf.edu/commencement/ or by calling (813) 974-1816.

Health and Wellness Center

Wellness Center Location
Undergraduate Studies

4202 E. Fowler Avenue, SVC 2002
Tampa, FL 33612
(813) 974-4051
ugs-dean@usf.edu
https://www.usf.edu/undergrad/

The Office of Undergraduate Studies (UGS) works in partnership with the academic colleges in the development, review and enhancement of the undergraduate programs to assist faculty in providing outstanding undergraduate education for students. The members of the UGS team work with faculty to establish and administer academic policies, assist with undergraduate curriculum development and review, and support proposals for new and revised programs and courses through the various approval processes. In addition to assisting with the academic programs offered by the colleges, Undergraduate Studies offers a number of academic programs to help students successfully navigate the complexities of the transition to college and the baccalaureate experience.

Student Success

Tampa campus
4202 E. Fowler Avenue, CGS 401
Tampa, FL 33620
(813) 974-5649
https://www.usf.edu/student-success/index.asp

Student Success' main focus is to support USF's undergraduate student population by removing the barriers that slow or halt students' progression while enriching the student experience on the path to graduation. We believe that every student will succeed if given the opportunity to do so – and we provide those opportunities through our many departments. Our unit includes the Admissions, Enrollment Planning & Management, Community Engagement & Career Readiness, Undergraduate Studies, Community Development & Student Engagement, and Health & Wellness departments, virtually all of which you will find represented in this catalog.

Dean of Students

University of South Florida (Tampa campus)
4202 E. Fowler Avenue, MSC 4301
Tampa, FL 33620
(813) 974-6677
https://www.usf.edu/student-affairs/dean-of-students/index.aspx

Mission
The mission of the Dean of Students Office is to support student learning and development through community building, advocacy, and student engagement.

Goals

- Identify and implement interventions designed to reduce barriers to student success focusing on advocacy, intervention, and emergency response.
- Collaborate with institutional partners to address the needs of the student body targeting identity populations (commuters, graduate students, international students, etc.)
- Collaborate with institutional partners to identify and address community behaviors that impede student success.
- Create, sustain, and enhance programming initiatives that contribute to community building at USF.

Values
- Advocacy
- Student Empowerment
- Collaboration
- Community
- Conscientious use of best practices
Programs and Services

- Facilitate the Non-academic grievance process
- Advocate and help students navigate university and personal concerns
- President's Lunch-n-Learn
- Respect-a-Bull
- Emergency response
- Off Campus Safety Task Force

Academic Resources

Academic Advocacy

4202 E. Fowler Avenue, SVC 2002
Tampa, FL 33620
(813) 974-4051
https://usf.edu/oaa

The Office of Academic Advocacy (OAA) is dedicated to serving undergraduate students in their pursuit of timely progression to graduation. We work individually with students in academic distress to review their options, and we collaborate with academic departments, colleges and university personnel to improve retention and progression to graduation.

Undergraduate students identified as experiencing barriers to retention, progression, or graduation may receive direct outreach from OAA to review their progress and to advise them towards graduation. Major advisors and university department staff can refer a student to OAA when they perceive an academic barrier for that student.

Tampa campus student inquiries and requests for appointments can be submitted via the Office of Academic Advocacy Student Intake Form. For comparable Academic Advocacy resources on the St. Petersburg campus, please visit COMPASS Advocacy. For comparable resources on the Sarasota-Manatee campus, please visit Student Support.

Academic Success Center

Learning support services are available to all USF students on all three campuses. Each campus has a dedicated center that offers a supportive environment conducive to helping students achieve their highest learning potential. All services are free to enrolled USF students

The Academic Success Center (Tampa campus)
4202 E. Fowler Avenue, LIB 206
Tampa, FL 33620
(813) 974-2713
https://www.usf.edu/undergrad/academic-success-center/index.aspx

The Academic Success Center offers a range of options for subject-specific tutoring, a comprehensive Writing Studio, a Math Lab, and other learning support services in the form of workshops, courses for credit, and specialized program support for several student cohorts ranging from first-year access programs to graduate students.

Debbie Nye Sembler Academic Student Success Center (St. Petersburg campus)
140 7th Ave. S., DAV 107
St. Petersburg, FL 33701
(727) 873-4632
https://www.stpetersburg.usf.edu/student-life/student-success-center/

The Debbie Nye Sembler Academic Student Success Center (SSC) offers: subject-specific appointment and drop-in tutoring; Supplemental Instruction sessions for historically challenging courses like chemistry and psychological statistics; and writing consultations either face-to-face or through its online service. Each semester, the SSC also hosts a variety of workshops focused on key learning strategies and techniques.
Academic Success Center (Sarasota-Manatee campus)
8350 N. Tamiami Trail, SMC B130
Sarasota, FL 34243
(941) 359-4342
https://www.sarasotamanatee.usf.edu/academics/academic-resources/tutoring.aspx

The Academic Success Center (ASC) provides academic support to students through subject tutoring, writing consultations, interactive workshops and resource materials. Tutoring is offered face-to-face, through small group sessions, or via online virtual sessions in select subjects and courses. Writing style guides for APA, MLA, Chicago style and other resources are also available to students.

Corporate Training and Professional Education
4202 E. Fowler Avenue, LIB 608
Tampa, FL 33620
(813) 974-5550
CE-Inquiries@usf.edu
https://www.usf.edu/continuing-education/index.aspx

The University of South Florida's Office of Corporate Training and Professional Education works to extend the reach of USF's academic programs, and promotes advanced professional development in order to contribute to building a world class workforce in the Tampa Bay Area. We offer professional certificate programs in Elite People Management, Organization Development and Leadership, Project Management, Process Improvement (Lean Six Sigma Certifications), and HR Professionalism. We also offer nationally recognized certification preparation courses for the SHRM CP (the gold standard in Human Resources certification), PMI's Project Management Professional certification and PMI's Professional in Business Analysis certification.

USF's Office of Corporate Training and Professional Education is also proud to announce the launch of the USF Paralegal Certificate Program, the APICS CLTD Exam Preparation Course and the USF 5G Power Skills Certification. Students learn from world-class faculty and industry practitioners in courses that are accessible, affordable, and professionally relevant. The USF Office of Corporate Training and Professional Education also offers test preparation courses for undergraduate and graduate college entrance exams.

Education Abroad

Tampa campus
4202 E. Fowler Avenue, CGS 101
Tampa, FL 33620
(813) 974-4314
EducationAbroad@usf.edu
https://educationabroad.global.usf.edu/

Education Abroad offers a variety of study abroad opportunities for students and faculty around the world. Programs include: semester exchanges, dual degree programs, summer and short term programs, international internships, and service learning. Programs range from one week to one year and award academic credit. Education Abroad facilitates the incoming and outgoing exchange process and works closely with our international partner universities to develop new academic programming and exchanges. The Education Abroad Office provides extensive planning assistance for both students and faculty program leaders, including pre-departure orientation sessions. The staff members have extensive experience in study abroad and are able to offer seasoned, insightful advising and information to anyone considering or planning a study abroad experience. For more information on How To Apply, visit our website at: https://educationabroad.global.usf.edu/.
The English Language Program's mission is to support the University of South Florida in its mission to increase global literacy and global engagement by providing an academic learning environment where international students can develop their English language proficiency. Our faculty deliver content-based language courses designed to help students acquire knowledge, think critically, communicate ideas, and demonstrate their competence in English through integrated tasks and projects. These courses provide international students with a foundation for success in reaching their academic and professional goals at the University of South Florida.

**Programs and Courses**

The English Language Program offers a variety of programs for students. Programs include Academic English courses, as well as customized programs for various groups. The mentoring program provides an opportunity for master's and doctoral students to get hands-on teaching experience while working closely with one of our experienced teachers. We also work with organizations both at USF and elsewhere to help train language teachers.

- **Academic English Program** - The Academic English Program provides intensive English and academic skills training to students interested in studying at USF. The project-based, content-focused curriculum helps prepare students for the demands of attending an American university.

- **Special Programs** - The ELP offers a variety of Special Programs, custom-designed for groups including programs for teens, academic researchers, military personnel, English teachers, and executives.

- **EAP Courses** - The ELP provides curriculum and instruction for five English academic courses for students enrolled in the INTO USF Pathway Program. Visit INTO USF Pathway Program (https://www.usf.edu/intousf/programs/pathways.aspx), for information.

**Global Citizens Project**

4202 E. Fowler Avenue, SVC 2049
Tampa, FL 33620
(813) 974-5444
USFGCP@usf.edu
https://www.usf.edu/gcp/

The Global Citizens Project is a university-wide initiative aimed at enhancing undergraduate students’ global competencies through the development of new and improved curricular and co-curricular experiences. USF envisions itself as a global research university dedicated to student success.

The Global Citizens Project is made possible through our reaffirmation of accreditation process by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). Every 10 years as part of our reaffirmation by SACSCOC, USF must develop a Quality Enhancement Plan, or QEP. A QEP is a plan to enhance student learning in a particular area that is deemed important by the university and aligns with the university's strategic plan. We have selected global citizenship as the area of learning to focus on this reaffirmation cycle and so have named our QEP, The Global Citizens Project.
INTO University of South Florida

4202 East Fowler Avenue, FAO100
Tampa, Florida 33620 USA
813 905 4686
FAX: 1 813 905 9686
INTOadmissions@usf.edu
https://www.intostudy.com/usf/apply
WhatsApp: +1 813 441 2574

The Academic English Program at INTO USF will prepare you for university study at both the undergraduate and graduate levels. This unique curriculum is created to work in small groups with other students to complete academic projects.

Program Structure:

- 6 levels of instruction from beginner to advanced
- 18 hours of classes per week
- 3 hours of interest groups per week
- 3-7 hours of outside cultural activities per week
- 15-20 hours of homework to prepare for classes
- 2 hours of Academic English Extended Learning instruction (optional, but may be required for sponsored students)

Office for Undergraduate Research

University of South Florida
4202 E. Fowler Avenue, LIB 122
Tampa, FL 33612
https://www.usf.edu/our

The Office of Undergraduate Research (OUR) engages students from admissions to graduation in the pursuit of undergraduate research: an inquiry or creative project that makes an original contribution to their discipline. We are committed to OUR students, OUR community, and OUR future through targeted activities to generate meaningful narratives for inspiring exemplary support. We seek to empower the next generation of citizen scholars, equipped with 21st century workforce skills for a global environment, to fulfill USF’s vision for students: lifelong success.

SMART Lab

Additional math tutoring and learning support are available to students at both the Tampa and St. Petersburg campuses via the SMART Lab and the MathLab. These resources are free and dedicated to students enrolled in certain introductory math courses. While a SMART Lab location is not available at the Sarasota-Manatee campus, all USF students can take advantage of the Labs at either of the other two campuses.

SMART Lab (Tampa campus)
4202 E. Fowler Avenue, LIB 232
Tampa, FL 33620
(813) 974-9944
smartlab@usf.edu
https://www.usf.edu/undergrad/academic-success-center/smart-lab/

The SMART Lab is an innovative learning environment dedicated to supporting students in introductory math courses through tutoring assistance and technology. In the 324-computer lab, students enrolled in SMART Lab courses use software to complete assignments at their own pace, receive instant feedback as they learn mathematics by doing, and get on-demand assistance from instructors, tutors or teaching assistants.
Our goal is to help students build a foundation of study skills that will allow them to learn mathematics and progress towards becoming independent learners. To seek help in SMART Lab courses, complete lab work, or ask additional questions visit us during our hours of operation on the second floor of the Library, LIB 232.

The MathLab (St. Petersburg campus)
140 7th Ave. S., HWH 232
St. Petersburg, FL 33701
(727) 873-4632
https://www.stpetersburg.usf.edu/student-life/student-success-center/mathlab/

Like the SMART Lab in Tampa, The MathLab also supports students in introductory math courses through tutoring assistance and technology. In the 30-computer lab located on the second floor of H. William Heller Hall, HWH 232, students enrolled in certain math courses, like College Algebra, use software to complete their homework and can get on-demand support from tutors or instructors. This lab also serves as the primary testing location for College Algebra, as well as the retest location for other introductory math courses.

Student Conduct and Ethical Development (SCED)
University of South Florida
4202 E. Fowler Ave, ALN 109
Tampa, FL 33620
(O) 813-974-9443
(F) 813-974-7383
studentconduct@usf.edu
usf.edu/sced

Student Conduct and Ethical Development (SCED) supports the goals, mission, values, and visions of the University of South Florida by promoting responsibility and adherence to the standards of behavior outlined in the Student Code of Conduct. SCED collaborates with the community to advocate for a safe environment that promotes personal accountability and supports student success. SCED facilitates educational opportunities through meaningful interactions with students to encourage their academic, emotional, and professional development. The goal of SCED is to create environments that empower students to engage as ethical citizens in a diverse global society.

Student Conduct and Ethical Development receives referrals regarding alleged violations of the Student Code of Conduct. Any member of the University community may refer a student for an alleged violation of the Student Code of Conduct. All referrals must be submitted using the online Student Conduct and Ethical Development Referral form. The referral link is https://usf-advocate.symplicity.com/public_report/index.php/pid585443.

For the most current version of the Student Code of Conduct (USF Regulation 6.0021), visit http://regulationspolicies.usf.edu/regulations/pdfs/regulation-usf6.0021.pdf.

Tutoring Hub

Tutoring services are available to all USF students on all three campuses. Each campus has a dedicated center that offers a supportive environment conducive to helping students achieve their highest learning potential. All services are free to enrolled USF students.

The Academic Success Tutoring Hub (Tampa campus)
University of South Florida
4202 E. Fowler Avenue, LIB 206
Tampa, FL 33620
(813) 974-2713
ascotampa@usf.edu
https://www.usf.edu/undergrad/academic-success-center/tutoring/

The Tutoring Hub at the Academic Success Center offers USF students tutoring assistance in a wide variety of subjects. Help is available on a drop-in basis or via appointments in a collaborative peer-to-peer group setting. A list of the courses tutored can be found on our website (https://www.usf.edu/undergrad/academic-success-center/tutoring/courses-tutored.aspx).
The Student Success Center (SSC) offers free appointment and drop-in peer tutoring across a wide variety of subject areas for students who want to improve their knowledge of course content and study habits.

The SSC also provides Supplemental Instruction (SI) for some of the more historically challenging courses. SI is a peer-facilitated learning enhancement model designed to impact the way students learn difficult content and provides students with a systematic and structured approach for processing the course material.

Academic Success Center (Sarasota-Manatee campus)
8350 N. Tamiami Trail, SMC B130
Sarasota, FL 34243
(941) 359-4342
https://www.sarasotamanatee.usf.edu/academics/academic-resources/tutoring.aspx

The Academic Success Center (ASC) provides free tutoring and writing consultations to actively enrolled students on a drop-in basis or by appointment. Tutoring is offered face-to-face, through small group sessions, or via online virtual sessions in select subjects and courses, including Accounting, Biology, Chemistry, Finance, Math, Statistics, Physics, and Spanish. Writing consultants are available to help individual writers think through their work, understand the writing process, and develop strategies for planning, drafting, and revising. They assist writers during all stages of the writing process. The ASC employs peer undergraduate and graduate student tutors who have met rigorous eligibility requirements.

University Libraries
4202 E. Fowler Ave. LIB 122
Tampa FL 33620
(813) 974-1611
libraryservicesdesk@usf.edu
https://www.lib.usf.edu/

The University Library on the Tampa campus offers access to an extensive selection of print and electronic resources, including books, maps, e-journal, e-books, and countless databases. There is also a collection of audio/visual materials including videos, CDs, DVDs, and even LPs.

The University Library on the Tampa campus is a comfortable and inviting place for students and faculty to meet, study, conduct research, and complete group assignments. Library facilities provide wireless access, electrical connections for laptops, individual and group study seating and instructional labs. The Learning Commons (LC) on the first floor has over 140 computer workstations, as well as the Library Services Desk, a state-of-the-art Digital Media Commons, the Digital Heritage and Humanities Collections and the IT Helpdesk. The Academic Success Center, on the second floor, includes the SMART Lab, with an additional 354 computer workstations and the Writing Studio. Other Library partners include the Office for Undergraduate Research, Division of Health Professions Advising and a Starbucks’s Café.

Students and faculty also have access to specialized research assistance and information literacy instruction from our librarians. Assistance is available from research and reference librarians either by appointment, on-line via our website, by phone, or in a classroom setting.

In addition to the University Library on the Tampa campus, there are two special libraries. On the Tampa campus, there are the Shimberg Health Sciences Library (https://health.usf.edu/Shimberg-library/), serving the needs of USF Health consisting of the Colleges of Medicine, Nursing, Pharmacy, Physical Therapy, and Public Health; and, the Louis de la Parte Florida Mental Health Institute (FMHI) Research Library (https://lib.usf.edu/fmhi/), serving the College of Behavioral and Community Sciences. In addition, the St. Petersburg campus is home to the Nelson Poynter Memorial Library; and, the Jane Bancroft Cook Library serves as a joint-use facility shared by New College and the Sarasota-Manatee campus.
Testing Services (Tampa Campus)

4202 E. Fowler Avenue, NEC 116
Tampa, FL 33620
(813) 974-2742
testing@admin.usf.edu
https://www.usf.edu/testing-services/

Testing Services is an auxiliary unit within Innovative Education. It supports the university's strategic efforts to ensure student success and program innovation by administering entrance and placement, certification and licensure, distance learning and pre-employment exams for numerous agencies, businesses and institutions.

Testing Services accommodates USF and non-USF customers, and delivers more than 1,000 exams per month. Students and professionals alike may take advantage of Testing Services' portfolio of exams.

In 2013, Testing Services was awarded Test Center Certification by the National College Testing Association (NCTA), a non-profit organization of testing professionals working in post-secondary institutions, in companies with test-related products and services, and in other professional testing venues.

The Writing Studio

Writing support is available to students from all three campuses. Both undergraduate and graduate students can benefit from in-person appointments or online writing sessions to serve their writing needs.

The Academic Success Writing Studio (Tampa campus)
University of South Florida
4202 E. Fowler Avenue, LIB 233
Tampa, FL 33620
(813) 974-8293
https://www.usf.edu/undergrad/academic-success-center/writing-studio/

The Writing Studio encourages students to engage in writing as a recursive practice through sustained research, analysis, and reflection. The Studio's mission is to support USF students as they develop writing, reading, and critical thinking practices appropriate for their majors and future professions.

The Studio is proud to serve writers at all levels of study, from all disciplines, and at all stages of the writing process. Our peer consultants are experienced undergraduate and graduate students and professional writers from a variety of disciplines. We offer face-to-face consultations as well as occasional workshops for campus partners. In keeping with best practices for Writing Studios, we do not provide copyediting services. Our approach emphasizes non-directive feedback, Socratic questioning, and active learning.

Debbie Nye Sembler Academic Student Success Center (St. Petersburg campus)
140 7th Ave. S., DAV 107
St. Petersburg, FL 33701
(727) 873-4632

The Student Success Center (SSC) offers academic writing support for undergraduate and graduate students alike. The center offers appointments and drop-in sessions, as well as asynchronous online consultations. Writing consultants will not copyedit for students, but instead, they offer holistic support that addresses all aspects of writing such as organization, clarity of ideas, supporting evidence, and proper formatting.

Learning Support Services (Sarasota-Manatee campus)
8350 N. Tamiami Trail, SMC B130
Sarasota, FL 34243
(941) 359-4418
http://www.usfsm.edu/academics/academic-resources/information-commons/tutoring.aspx

Learning Support Services (LSS) provides free writing consultations to actively enrolled students on a drop-in basis or by appointment. Writing consultants are available to help individual writers think through their work, understand the writing process, and develop strategies for planning, drafting, and revising. They assist writers during all stages of the writing process, from helping students learn to revise their own work to concentrating on content, argumentation (thesis or focus), development, organization, and to a lesser extent, format (APA, MLA, Chicago Style, etc.). LSS employs undergraduate and graduate students who have met rigorous eligibility requirements, are recommended by faculty, and are fully trained to assist their peers.
Academic Advising Resources for Undergraduate Students

Undergraduate Academic Advising Offices

Advising is available to help guide you through your Plan of Study and serve as a resource while obtaining your degree. Plan on meeting with your advisor once a semester.

**New Admits – First Year & Transfer:**
Please refer to your Orientation (link: https://www.usf.edu/orientation/index.aspx) materials and MyBullsPath online in the Archivum platform for more information about how to begin your academic advising experience at USF.

**Continuing Students:**
Please visit Archivum appointment scheduling to schedule an appointment or to access the virtual drop-in portal for your academic college (Appointment and drop-in availability varies by location – visit location webpages below for more details).

Degree Works Academic Advising

Degree Works is a web-based degree audit and tracking system helping students and academic advisors monitor progress toward degree completion. It provides academic information related to degree progress and displaying courses required and completed in the student's degree program. Access Degree Works using the student's activated USF NetID.

Note: Graduate, professional, and non-degree seeking students do not use Degree Works at this time.

Academic Program Services & Resources

College Reach-Out Program (CROP)

University of South Florida
4202 E. Fowler Avenue, SVC 2002
Tampa, FL 33612
(813) 974-4051
anixon@usf.edu
https://www.usf.edu/undergrad/crop/index.aspx

Success Is a Journey, Not a Destination!

College Reach-Out Program (CROP) is a statewide pre-college program established in 1983 designed to increase the number of students who successfully enter and complete a postsecondary institution. The program’s primary objective is to strengthen the educational motivation and preparation of low-income and educationally disadvantaged students in grades 7 through 12, representing various cultural backgrounds, who “otherwise would be unlikely to seek admission to a community college, state university or independent post-secondary institution without special support and recruitment efforts.”

Office of Community Engagement and Partnerships (OCEP)

4202 E. Fowler Avenue, ALN 185
Tampa, FL 33620
(813) 974-6709
https://www.usf.edu/engagement/

At the Tampa campus Office of Community Engagement and Partnerships (OCEP), we work with faculty across disciplines to develop a range of community engaged learning (CEL) courses with real-world impact. Students are able to complement their classroom learning with experiential opportunities that provide valuable service to our local and global communities, and become better equipped to succeed.

Community Engaged Learning is considered a "high-impact practice" (HIP), or "an investment of time and energy over an extended period that has unusually positive effects on student engagement in educationally purposeful behavior" (Kuh 2010: vi). A HIP is effective with students because it allows students to interact with faculty and peers about substantive matters; increases the likelihood that students will experience diversity; provides frequent feedback about their performance; offers opportunities for students to see how what they are learning works in different settings, on and off campus; and bring students' values and beliefs into awareness, helping them to better understand themselves in relation to others and the larger world (Kuh 2008).
Center for Civic Engagement (St. Petersburg campus)
140 7th Avenue South
St. Petersburg, FL 33701
(727) 873-4773
https://www.stpetersburg.usf.edu/student-life/center-for-civic-engagement/

At the St. Petersburg campus Office of Civic Engagement, we use the Citizen Scholar Model. The objective of the Citizen Scholar Model is to combine academic instruction with implementation of concepts learned in the classroom into the local community. The local community is broadly defined to include business, educational, and social service agencies as well as local laboratories’ faculty use to further their research agendas. We envision these types of experiential and community engaged learning opportunities will become a feature in every academic program.

External Affairs and Government Relations
Office of Community Engagement
8350 North Tamiami Trail
Sarasota, FL 34243
www.sarasotamanatee.usf.edu/engage/
941-359-4694

The Sarasota-Manatee campus strives to be known as a community-engaged campus committed to the long-term success of our region, our state and our world. As a proud public university, we recognize the importance of meeting the needs of our local community in preparing students for life beyond graduation.

External Affairs serves to connect our campus in collaborative partnership with local organizations to address issues that positively impact our community. We believe that through this engagement, our students, faculty and staff become knowledgeable, involved citizens within the community we serve and will contribute meaningfully to the overall social and economic success of the region, state and nation. Community engagement is at the core of our mission, vision and strategic plan as a university.

The Office of Community Engagement supports these values by:

- Assessing community needs.
- Developing and coordinating strategic, mutually beneficial partnerships.
- Reporting and reflecting on the impact of these collaborations to our university and the communities that we serve.

Experiential Learning Programs

University of South Florida
4202 E. Fowler Avenue, ALN 185
Tampa, FL 33620
(813) 974-4829
https://www.usf.edu/engagement/students/experiential_learning_programs.aspx

Experiential learning is an essential part of higher education at all levels. Internships, practicums, field experiences, professional field placements, clinical residencies, service-learning and cooperative learning all provide opportunities to bridge theory and practice while preparing students for successful transition into the world of work.

USF offers a wide variety of experiential learning programs in many disciplines. Browse experiential learning programs by college and department by visiting our website.

First Year Academic Programs (Tampa campus)

Student Services Building (SVC) 2002
(813) 974-4051
http://www.usf.edu/undergrad/academic-foundations/index.aspx

The goal of First Year Academic Programs is to equip students for academic and personal success at University of South Florida and beyond. Making the transition from high school or from another institution to a major research university is both exciting and challenging. We offer a number of academic courses designed to support students during this time of adjustment and acclimation. The elective credit earned from these courses can be applied to any undergraduate degree program. For more information about our course offerings for First Year Students and Transfer Students, visit our website at https://www.usf.edu/undergrad/academic-foundations/index.aspx.
Fuse is transfer program between the University of South Florida and eight Florida state colleges. This partnership provides a seamless academic pathway for students to complete an associate degree with guaranteed admission to USF.

Students admitted to the Fuse Transfer Program must follow an academic graduation pathway (https://www.usf.edu/undergrad/transfer-student-success/fuse/graduation-paths/index.aspx), which provides a seamless transition from one of our eight FCS partner schools to USF. Adherence to the graduation pathway allows for timely completion of both the Associate of Arts (AA) and bachelor's degrees. Students admitted to the program have guaranteed admission to their selected major, offered in the Fuse Transfer Program, provided they meet all requirements of the program upon completion of their AA.

Students seeking admission into limited or restrictive access majors will have to meet additional requirements such as prerequisites, GPA, and/or test scores.

Community Scholars: The Community Scholars initiative is an alternative admission opportunity for first-time-in-college (FTIC) students who apply to the University of South Florida. Created by the Regional Chancellor at the St. Petersburg campus, the Community Scholars program grants select FTICs who are not immediately admissible for the Summer or Fall the opportunity to attend another institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission during Fall where they must successfully complete at least 12 transferrable credit hours with a minimum 2.5 GPA. During the Fall, they will have access to the St. Petersburg campus academic advisors who will provide course recommendations. Upon successful completion of these academic requirements in the Fall, participants in the program transfer to the St. Petersburg campus the following Spring semester with a one-time transfer award. For questions about Community Scholars, please contact the Office of Admissions at 727-873-4142.

Pinellas Access to Higher Education: PATHe is a collaborative partnership between the St. Petersburg campus and St. Petersburg College (SPC) that aims to provide equitable, flexible, and attainable pathways to higher education for Pinellas County, FL students. Pinellas County first-time-in-college (FTIC) applicants who are not immediately admissible to USF and select the St. Petersburg campus as their home campus may be eligible for PATHe. With the joint support of PATHe counselors, students afforded this opportunity will receive academic advisement to help them earn an Associate in Arts degree from SPC before they transition to the St. Petersburg campus to complete their baccalaureate degree. For questions about PATHe, please contact the Compass Student Experience Office at 727-873-4003.

New Student and Family Experience

The USF New Student and Family Experience cultivates community and fosters a sense of belonging to aid a student's transition into our community. As students navigate their academic, social, institutional, and emotional adjustment to college, staff and student leaders, on all three campuses, are available to provide care, support, and guidance. Through institutional, community, and individualized offerings, students establish a connection to USF, participate in shared USF traditions, identify a support network, gain an understanding of tools and resources, and receive support to remove barriers to ensure their continued enrollment. Our units also provide families support throughout their student's time at USF. Staff are available to answer family questions, connect families to valuable resources, and provide individualized support so families can help their student navigate their transition into our community and progress towards their degree.

Tampa campus

The offices of New Student Connections and Parent and Family Engagement provide programs and services to students enrolled on the Tampa campus, and their families.

Student Support Services (Tampa campus)

University of South Florida
4202 E. Fowler Avenue, SVC 2002
Tampa, FL 33612
(813) 974-4301
UGS-AskSSS@usf.edu
https://www.usf.edu/undergrad/sss/index.aspx

The Student Support Services Program (SSS) is a federally funded retention program designed for students who have been identified as having an academic need and either first generation college student, as having low-income family status, or both. Based on evidenced based research SSS is designed to significantly increase the retention and graduation rates of the participants it is funded to serve. We are committed to providing proactive, intrusive, comprehensive and innovative services to enhance our student's success at USF. SSS provides a plethora of services including individualized academic advising, counseling, coaching, SSS Summer Program, Living Learning Community, financial aid assistance, social and cultural enrichment programs, employment and workshops that broaden career perspectives, improve academic skills, promote self-confidence and address various non-cognitive factors.

Student Benefits

- The summer program is free to all students who complete a FAFSA and meet low-income requirements (tuition, housing, books, meals)
- Receive personalized academic advising and counseling
- Receive priority summer housing and participate in the SSS Living Learning Community
- Receive a head start on the fall curriculum
- Enhance study-skills and problem solving
- Explore career goals or major choice
- Discover the campus and the surrounding Tampa Bay area
- Make friends at the university
Contractual Agreement
Program participants are expected to abide by the SSS contractual agreement made upon their entrance to the institution. Following the guidelines has successfully benefited our students in that an average of 85-95% have remained in good academic standing each year.

As a student in our program, you are responsible to maintain contact with your SSS counselor, participate in student success workshops, become a member of the S Club, utilize the SSS computer lab, and participate in program events and activities.

Upward Bound Program
University of South Florida
4202 E. Fowler Avenue, SVC 2002
Tampa, FL 33612
(813) 974-4051
https://www.usf.edu/undergrad/ub/

The University of South Florida Upward Bound Program (UBP) is a TRIO college-access program funded by the United States Department of Education.

- The goal of UBP is to increase the rate at which participants complete secondary education and enroll in and graduate from institutions of post-secondary education.
- USF UBP serves Hillsborough County high school students (https://www.usf.edu/undergrad/ub/program-eligibility.aspx) living in low-income households or households in which neither parent holds a bachelor's degree (first-generation college students).
- Services (https://www.usf.edu/undergrad/ub/services.aspx) also include instruction, tutoring, counseling, mentoring, cultural enrichment, campus tours, and a college residential experience.

Student Services and Resources
Arts & Culture
https://www.usf.edu/campus-life/arts-culture.aspx

The Arts at USF thrive with more than 300 yearly concerts, performances, exhibitions, lectures, symposia and festivals open to students and the community, many free of charge.

- College of The Arts Events - https://www.usf.edu/arts/
- Botanical Gardens - http://gardens.usf.edu/

University of South Florida Athletics Department
4202 E. Fowler Ave., ATH 100
Tampa, FL 33620
(813) 974-2125
http://gousfbulls.com/

The University of South Florida Athletic Department is committed to providing all student-athletes with opportunities to receive a world-class education, win championships, and develop into the leaders of tomorrow while embracing our partnerships within the Tampa Bay community. All Intercollegiate Athletics programs are hosted on the Tampa campus, with the exception of the Sailing program, which is housed on the St. Petersburg campus.
Recreation (St. Petersburg campus)
140 7th Ave. South, SLC 1901
St. Petersburg, FL 33713
(727) 873-4589
www.stpetersburg.usf.edu/student-life/facilities/campus-rec/

Our goal is to provide members of the USF community the opportunity to become engaged in physical or leisure activities on the level they desire. Whether you are looking for a team sport, to explore the outdoors or to de-stress with a yoga class; we have it all for you.

We offer a variety of programs to meet your needs including Intramural Sport, Sport Clubs, Fitness, Outdoor Recreation and Aquatics. And, to help you stay active we have:

- Two outdoor basketball courts
- Two sand volleyball courts
- One multiuse recreation field
- A heated outdoor pool
- Several water vessels such as sailboats, kayaks, canoes and paddleboards

Further, our 9,000 square-foot Fitness Center facility is dedicated to providing fitness opportunities for all USF Students. The Fitness Center features two fitness studios, a designated cardio area, strength training equipment and free weights. The Campus Recreation Fitness Center is home to the Personal Training and Group Fitness programs. Recreational sports equipment is available for checkout to enhance your experiences at the outdoor courts and recreation field.

The Edge is a brand new facility designed as a welcoming, enjoyable and space place for students to spend leisure time. It is comprised of many multifunctional spaces such as the lounge and gaming area, which offers a variety of engaging options like video game consoles, foosball, billiards, darts and shuffle board. Students can mingle and relax on the West Deck overlooking the waterfront or take a break from studying to watch one of the multiple TV's in the lounge. Many events are hosted within the lounge and gaming areas, but the two multipurpose rooms provide additional space to meet student event needs. Students are also able to rent out a bike for the day through the Bike Share program which is housed out of the Edge.

Along our beautiful waterfront on the St. Petersburg campus, the Haney Landing Sailing Center houses our Outdoor Recreation program which offers canoes, kayaks, paddleboards, and sailboats on a drop-in basis and we are happy to teach students how to use all of the watercraft we offer for check out. We regularly offer sailing courses, keel boating courses, and powerboating courses. The boathouse also provides students with some comfortable beach furniture that can be found along the sea wall and on the beach. During the fall and spring, the Outdoor Recreation program offers an assortment of trips including snorkeling, sailing, fishing, climbing, hiking, and paddling.

Looking for a job? Campus Recreation is the largest student employer on campus. No experience? No problem, we can still help you find a job that's right for you.

St. Petersburg campus: https://www.stpetersburg.usf.edu/student-life/facilities/campus-rec/

Recreation & Fitness Services (Sarasota-Manatee campus)
8350 N. Tamiami Trail A-108
Sarasota, FL 34243
(941) 359-4268

The Sarasota-Manatee campus is proud to cultivate inclusiveness, foster community and promote healthy lifestyle choices through competition, sports and personal wellness.

Stay healthy in our new Fitness Center! The space is fully equipped with free weights, cardiovascular machines and multi-station gym equipment, and an aux cable to connect your phone to the fitness center speakers. Equipment checkout service is available.

Stay healthy in our new Fitness Center! The space is fully equipped with free weights, cardiovascular machines and multi-station gym equipment, and an aux cable to connect your phone to the fitness center speakers. Equipment checkout service is available.

Play and Exercise - No one said you can't have fun while earning your degree and preparing for your career – it's half the college experience! At the Sarasota-Manatee campus, you can work out in our fitness center, play volleyball, enter a flag football tournament, compete in the annual students vs. faculty basketball game or slow things down with our group yoga classes.
Recreation & Wellness Services Department (Tampa campus)

4202 E. Fowler Avenue, REC 111
Tampa, FL 33620
(813) 974-7084
Email form: http://www.sa.usf.edu/forms/campus-rec/form.asp?type=question

The University of South Florida Recreation & Wellness Department is home to three recreation facilities on the Tampa campus. There is a state-of-the-art fitness facility, located on the Tampa campus, which spans over 180,000 square feet. The Recreation & Wellness Center offers a wealth of space and activities including:

- Two Gymnasiums, with the ability to host Badminton, Basketball, and Volleyball Contests
- An indoor suspended track
- Five four-walled racquetball courts and one squash court
- An indoor heated pool
- Racquetball & Handball Courts
- Multipurpose Rooms
- Tennis Courts

In addition to the indoor facilities, the Recreation & Wellness Department also has the following facilities:

- The newest 2 story satellite fitness facility located in the Village housing area (The FIT)
  - Cardio, Strength & Conditioning Equipment & Outdoor heated pool
- The satellite fitness facility located in the USF Health area (The WELL)
  - Cardio, Strength & Conditioning Equipment & Group Fitness Studio

In addition, the Recreation & Wellness Department offers a variety of intramural sports, sport clubs, aquatic programming, adventure travel, an outdoor resource center, and a fitness program complete with daily group fitness classes. The Recreation Center also has an equipment check out service, daily use lockers, and expansive cardio and fitness floors with state of the art cardio and strength equipment.

The Recreation & Wellness Department also maintains outdoor facilities for use by USF students, faculty, staff, and other affiliate members. These facilities include 13 football and soccer fields, 2 softball fields, 16 tennis courts, a 1.2 mile shaded running trail, and USF Riverfront Park (located at 6550 E. Fletcher Ave.) Includes canoe/kayak/paddleboard rentals, picnic facilities, challenge course, disc golf, and sand volleyball.

Career Services

4202 E. Fowler Ave. SVC 2088
Tampa, FL 33620-6930
(813) 974-2171
CareerServices@usf.edu
https://www.usf.edu/career-services/

For students: Find information about selecting a major (or picking a new one!), information about career options, how to secure an internship or co-op, and resources for your job search. You can also check out important information about upcoming events and our Career Preparedness Certification program.

For parents, family, and friends of current USF students: Visit our website to review the content that we’ve put together specifically for you! This information can help you guide your student as they navigate their career development path.

We’re a member of the Florida Career Centers (FCC) organization, a consortium representing many of the career services leaders at State University System institutions. The FCC meets 3 times per year, throughout the state, collaborating with area employers and serving as the host of the Statewide Job Fair, held annually in May. We’re also proud to be a member of the National Association of Colleges and Employers, a national organization committed to providing standards, ethical guidelines, advocacy, and guidance on key issues for our profession.
Suit-A-Bull

4202 E. Fowler Ave. SVC-2060
Tampa, FL 33620-6930.
(813) 974-1407
https://www.usf.edu/career-services/students/suit-a-bull.aspx

Suit-A-Bull, organized by Enactus at USF in partnership with the office of Career Services, is a free suit rental service for USF students. Suit-A-Bull has over 600 items including suits, jackets, pants and shirts for both men and women.

Center for Leadership & Civic Engagement

Marshall Student Center, Student Life Tower
4202 E. Fowler Ave, MSC 1300
Tampa, FL 33620
Main Office: (813) 974-7595
https://www.usf.edu/CLCE

The Center for Leadership and Civic Engagement (CLCE) trains, educates, and develops USF community members to be effective, ethical, and positively engaged leaders among the global community. Our programs help each student discover their passion and talents while developing their skills and understanding of leadership and active citizenship.

For similar services at the Sarasota Manatee campus, please contact the Office of Student Engagement.
https://www.sarasotamanatee.usf.edu/campus-life/student-engagement/

For similar services at the St. Petersburg campus, please contact the Department of Student Life & Engagement.

Counseling Center

4202 E Fowler Ave. SVC-2124
Tampa, FL 33620-6930.
813-974-2831
www.usf.edu/student-affairs/counseling-center/

Mental health services are available on all USF campuses to help students navigate the challenges of college life and take advantage of opportunities for personal growth. The websites listed below will tell you about the mental health services, workshops, counseling and treatment programs available on each campus, including contact information, location, hours of operation, and twenty-four hour access for mental health emergencies.

St. Petersburg campus: www.stpetersburg.usf.edu/student-life/wellness/index.aspx/

Dining Services

Tampa campus
4202 E. Fowler Avenue, AXA 0094
Tampa, FL 33620
813-974-5021
https://usf.campusdish.com/

The campus dining experience is an integral part of the University of South Florida with over 25 dining locations on campus to serve you. Visit Dining Services website to view dining locations and all of the wonderful options offered.

Meal Plan

Meal plans are convenient, flexible, and loaded with options. Each meal plan comes with meal swipes to use at our three dining halls and dining dollars to use at one of our various retail locations. The ability to dine at all of the dining locations all across campus gives students a range of menus and offerings. Students will get guaranteed value, whether they eat on campus three times a week or three times a day! We've got students covered.

See our Meal Plan options at our website at https://usf.campusdish.com/MealPlans.

Diversity, Inclusion and Equal Opportunity

4202 E. Fowler Avenue, ALN 172
Tampa, FL 33620
(813) 974-4373
https://www.usf.edu/diversity/

We foster an institutional climate that is welcoming, inclusive, and safe for students, faculty, staff and visitors. As a system-wide office we promote initiatives that contribute to the diversity of our institution and celebrate the rich heritage in our campus community and the region. We provide oversight for equal employment opportunity, as well as processes to mitigate harassment and discrimination. Additionally, we coordinate Title IX services in conjunction with other units to prevent sexual violence and create a culture of safety.

Faith-Based Organizations

The Religious and Spiritual Life at USF is a network of member faith communities committed to an agreed upon set of ethical standards. We provide access to programs, services, and activities that encourage a campus atmosphere of healthy religious and spiritual expression. This is accomplished through meetings, resources allocation, and collaboration between member organizations and the Division of Student Success.

For more information, visit https://www.usf.edu/student-affairs/dean-of-students/resources/religious-and-spiritual-life.aspx

Feed-A-Bull Food Pantry

Tampa campus
4202 E. Fowler Avenue, SVC 0002
Tampa, FL 33620
(813) 974-5884
feedabull@usf.edu

Feed-A-Bull is a campus food pantry initiative spearheaded by Student Health Services and Feeding America Tampa Bay. Feed-A-Bull was created to address food insecurity by providing supplemental food to enrolled students in need, as well as education and resources to students related to purchasing and preparing balanced food on a budget.

Feed-A-Bull is the confidential Tampa campus food pantry available to enrolled USF students. Food pantries are operated on all University of South Florida campuses; students may utilize the campus pantry most convenient for them.
STUDENT SERVICES AND RESOURCES

Fraternity & Sorority Life

4202 E. Fowler Avenue, MSC 2300
Tampa, FL 33620
(813) 974-1001
campus@usf.edu

Hours: Monday - Friday, 8:00 a.m. - 5:00 p.m.

Being a member of a Greek lettered organization at the University of South Florida is a great opportunity to develop as a person and to enhance the collegiate experience. Through membership development programs that the office hosts to philanthropies created by each organization, members of the Greek community are exposed to multiple learning and growth opportunities. Being a member of a fraternity/sorority means joining an organization that is bigger than yourself where you learn about personal values and ethics and finding that organization that has the values and morals that align with your own. This aspect is something that is unique to a Greek Lettered organization and that no other student organization can offer to the average student.

USF Student Health Services operates clinics on all USF campuses

The services provided by Student Health Services, in collaboration with the other Wellness departments, can help USF students achieve and maintain a healthy lifestyle and enhance academic success. We combine a wide range of medical, counseling, prevention, and wellness services; all services are subsidized by tuition, allowing us to offer general medical consultations at no out-of-pocket cost and quality specialty services at student rates. For medical services, we can bill private insurance so you don't delay medical treatment or necessary medication. Campus clinics operate with an open-access appointment system in order to accommodate same day appointments. Students are scheduled for the first available appointment, via tele-health and in person, based on the type and urgency of your medical symptoms. Health Services respects patient confidentiality. We utilize electronic health records and medical records are managed in a strictly confidential manner. Medical services and any applicable fees are campus-specific. For campus services, locations, and operational hours, click on the links provided.

**Housing & Residence Education**

University of South Florida
4202 East Fowler Avenue RAR229
Tampa, Florida 33620-7700
813-974-0001
housing@usf.edu
[https://www.usf.edu/housing/](https://www.usf.edu/housing/)

The transition to college is a big one. We want you to know that the residential experience at USF is characterized by support, strong interpersonal connections, and academic engagement. We are here for you, and our residents are here for each other.

**Information Technology Services**

4202 E. Fowler Avenue, SVC 4010
Tampa, FL 33620
(813) 974-1222
help@usf.edu
[https://www.usf.edu/it/index.aspx](https://www.usf.edu/it/index.aspx)

Students can find many of the resources they need to attend class at our website [https://www.usf.edu/it/index.aspx](https://www.usf.edu/it/index.aspx). Learn about MyUSF, how to print on campus, information on connecting to the wireless network, and more.

**Wireless Services**

Wi-Fi is available in nearly all academic buildings and many outdoor areas utilizing the USF-Gold, USF, USF-Guest, or eduroam networks. Students can use Wi-Fi compatible devices anywhere service is provided; most locations also support the higher speed 802.11a/n/ac standards. Wi-Fi service is provided free of charge to current USF students, faculty and staff. USF has a computer network that covers practically the entirety of the campus, with almost all buildings having fiber optic cable into wiring centers to allow for high-speed connections to the redundant, double-starred 10 Gigabit per second campus backbone. For more information, visit [https://www.usf.edu/it/class-prep/wireless.aspx](https://www.usf.edu/it/class-prep/wireless.aspx).
Marshall Student Center
4202 E. Fowler Avenue, MSC 4100
Tampa, FL 33620
(813) 974-3180
https://www.usf.edu/student-affairs/msc/

The Phyllis P. Marshall Student Center is the heart of campus. At over 230,000 square feet the MSC welcomes over 10,000 students, staff, and visitors every day. The Marshall Student Center is a vibrant gathering place that strengthens a person's connectivity to USF, cultivates a sense of community, and hosts campus traditions by providing exceptional facilities, event services, and student employment opportunities.

Multicultural Affairs
4202 E. Fowler Avenue, MSC 3300
Tampa, FL 33620
(813) 974-5111
sa-OMA@usf.edu
https://www.usf.edu/student-affairs/multicultural-affairs/

Monday-Friday from 9:00 a.m.- 5:00 p.m.

The Office of Multicultural Affairs coordinates educational, cultural, and social programs to foster experiences, which create interculturally mature global citizens who are prepared to thrive in diverse environments. While promoting intercultural dialogue, awareness, advocacy and respect for diversity, OMA helps students understand and appreciate a multitude of identities. Through programming, trainings, and direct connections with our staff and services, OMA creates an inclusive environment enabling students to become conscientious global citizens.

Parking and Transportation Services
4202 E Fowler Avenue, PSB101
Tampa, Florida 33620-7700
(813) 974-3990
psweb@usf.edu
https://www.usf.edu/administrative-services/parking/

Our division is responsible for the overall management of the Bull Runner Transit System and parking facilities and services. We are committed to providing guidance and assistance to the USF community and our guests with all their parking and transportation needs in a professional and courteous manner.

Parking on Campus

Bus Service (Bull Runner)

Bike Parking & Bikes

Electric Vehicle Charging Stations

The Tampa Campus currently has five electric vehicle (EV) charging stations as part of the ChargePoint Network. ChargePoint is the world's largest and most open electric vehicle charging network with over 25,300 locations. For more information, see https://www.usf.edu/administrative-services/parking/parking/ev-charging-stations.aspx.

ChargePoint allows EV drivers to find and check charging station availability in real time at https://na.chargepoint.com/charge_point.
Postal Services -

Tampa campus
4202 E Fowler Ave STOP PPA109
Tampa, FL 33620-9951
(813) 974-2606
E-Mailbull@admin.usf.edu
https://www.usf.edu/administrative-services/facilities/services/post-office/

The USF Post Office is responsible for providing mail service to students and employees as well as operating a full service post office that is open to the public. The USF Post Office contract unit is open to the public for retail sales.

The USF Post Office rents university owned mailboxes for personal use. These mailboxes are accessible 24 hours a day, seven days a week. However, mail that is too large to fit in the mailbox and mail that requires a signature, needs to be retrieved during Post Office business hours.

Business Hours: 9:00 a.m. to 4:00 p.m., Monday-Friday

SOCAT

Students of Concern Assistance Team (SOCAT)

The Students of Concern Assistance Team (SOCAT) is an interdisciplinary team, which reviews referrals for students whose behavior presents a disruption to campus or a concern for safety. SOCAT meets weekly, or as needed, to assess referrals, develop action plans, and monitor red flag behaviors across the campus community.

SOCAT is an interdisciplinary committee made up of representatives from across the USF community including the Dean of Students Office, Housing and Residential Education, University Police, Counseling Center, Student Rights and Responsibilities, Student Health Services, Undergraduate Studies and Graduate Studies. Additionally, we may consult with Students with Disability Services, Veteran Success, Center for Victim Advocacy, or other campus resources as needed.
Student Accessibility Services

Student Accessibility Services (SAS) envisions a university culture defined by equitable access to education, intentional inclusion, and the commitment to dismantling ableism. The mission of the SAS team is to:

- Facilitate opportunities for student success by promoting equitable education and providing academic accommodations to students with disabilities.
- Educate students, faculty, and staff on matters of accessibility, ableism, and ally development.
- Promote accessibility, inclusivity and equity through our actions, attitudes, and values.

Contact Information for the SAS Team is as follows:

USF Student Government & Advising Group

USF Student Government Association (SG) is run by more than 150 students and advised by a group of full-time advisors across our three campuses. We are here for you—the students of USF—to serve your needs and be your voice. We welcome you to get involved with us either directly as a student employee, elected student official or volunteer, indirectly by attending the events we sponsor or fund through campus departments, and/or by using the various services and resources provided. For more detailed information, please visit our website.

Web: https://www.usf.edu/student-affairs/student-government/
Email: studentgovernment@usf.edu

**Student Government Mission**
To provide effective student representation before all vested bodies of influence, for the purpose of giving guidance and stewardship concerning the allocation and expenditure of our student finances to serve in the best interest of our student body; and to provide ourselves with the highest caliber of enriching and educational activities and services.

Office of Student Engagement

Sarasota-Manatee campus
8350 N. Tamiami Trail, SMC A117
Sarasota, FL 34243
941-359-4711
studentengagement@usf.edu
www.sarasotamanatee.usf.edu/campus-life/student-engagement/

The Office of Student Engagement provides co-curricular experiences for students that encourage relationship building and personal and professional growth. The programs and services offered foster student development, enhance the overall educational experience, and prepare students to be contributing members of a diverse global society. Student Engagement accomplishes this by offering students the opportunity to participate in campus events and programs, join student organizations, become student leaders, and learn about campus traditions, such as Week of Welcome and Homecoming. Currently, there are over 30 active student organizations, and students are encouraged to get involved with any of these student clubs and organizations that the Sarasota-Manatee campus has to offer.

Center for Student Involvement

4202 E. Fowler Avenue, MSC 4100
Tampa, FL 33620
(813) 974-1001

At USF, there are so many ways that you can get involved with campus and the community while having fun and exploring your passions! Our office exists to not only coordinate many of these activities, but to help you find just the right ones for you. Stop by our office and we will point you in the right direction and/or explore the opportunities. Attend, volunteer, or plan – just get involved to make some of the best memories and friends of your college years!
Student Ombuds (Tampa campus)

Services available on all three campuses. Please contact the Tampa campus office to schedule an appointment.
4202 E. Fowler Avenue, ALN 191
Tampa, FL 33620
(813) 974-0835
ombuds@usf.edu
https://www.usf.edu/student-ombuds

The Student Ombuds Office provides confidential, impartial, informal and independent services to students with complaints or concerns about the University. The mission of the Student Ombuds Office is to facilitate fair and equitable resolution processes that promote student success.

Student Outreach and Support (SOS)

4202 E. Fowler Ave, SVC 2058
Tampa, FL 33620
813-974-6130
www.usf.edu/socatreferral

Student Outreach and Support (SOS) is the case management office for SOCAT that provides direct-services to all active Tampa campus students that exhibit or identify difficulties related to personal, emotional, or behavioral distress. SOS helps students manage life stressors that can impact academics and personal well-being by identifying student needs, removing barriers and reducing distress. After receiving a referral for services, the office helps students through a variety of interventions, university services, community referrals and case management.

Environmental Health & Safety

4202 E. Fowler Avenue, OPM 100
Tampa, FL 33620
(813) 974-4036
https://www.usf.edu/administrative-services/environmental-health-safety/tobacco-free/

USF is committed to providing a safe, healthy and enjoyable learning, living and working environment. On January 4, 2016, USF campuses became entirely tobacco and smoke free. Smoking and use of tobacco products are not allowed in any indoor or outdoor area, including parking garages, grounds, sidewalks or recreational areas. This policy also includes the use of e-cigarettes.

By becoming tobacco and smoke free across our campuses, USF hopes to promote overall health and wellness for the university community and create a more attractive and enjoyable campus experience by completely eliminating smoking and tobacco product use.

USF Federal Credit Union

The USF Federal Credit Union offers the convenience of full-service banking on campus and the ability to access your accounts worldwide using digital banking. With access to 30,000 fee-free ATMs and 5,000 shared branches nationwide through the CO-OP network, students and parents can easily make deposits and withdrawals. Enjoy no monthly fees and no minimum balance with our Evolve checking account. Federally insured by NCUA.

USF Card

USFCard Center (Tampa campus)
(813) 974-2357
idcard@usf.edu
https://www.usf.edu/it/class-prep/usf-card.aspx

The USFCard is the official identification card of the University of South Florida. The USFCard is a multi-functional card with digitized photo and electronic identification and validation for departments needing to verify student and/or employee status. The USFCard was designed as a platform for a multitude of services and functions. Please visit the USFCard Center website for instructions on how to obtain your USFCard.

Cardholder Responsibilities

A. Use of the USFCard by anyone other than the person to whom it was issued is strictly prohibited.
B. The cardholder is subject to disciplinary actions or other penalties for improper use of the card.
C. The cardholder is responsible for any and all losses associated with the card.
D. Punching holes, marking on the card, adding stickers or altering the card in any way is strictly prohibited.

Veteran Success

The Office of Veteran Success (OVS) mission is to provide a seamless transition for our nation's veterans from military life, through campus life into a meaningful career by providing high quality services and opportunities for academic success, personal growth, and professional development. The vision of OVS is to empower student veterans to achieve their definition of success beyond service. OVS serves the entire military-connected population across all three campuses in Tampa, St. Petersburg, and Sarasota-Manatee; student veterans, veteran dependents using GI Bill, active-duty service members, and members of the active Reserve and National Guard.

Wellness consists of different dimensions, such as emotional, environmental, intellectual, social and physical. When you take care of each one, you can be your best and excel in all areas of your life.

Most students cite stress and anxiety as major challenges to achieving their goals. We have many resources to help you be well and excel on campus. Our services and resources are designed so you can start develop lifelong healthy habits that can have a positive impact on your college success.

Wellness Center Location

**Tampa campus Center for Student Well-Being**
SVC 2127
4202 East Fowler Avenue
Tampa, FL 33620
(813) 974-1818
[https://www.usf.edu/student-affairs/wellbeing/](https://www.usf.edu/student-affairs/wellbeing/)

The Center for Student Well-Being aims to increase knowledge, awareness, and access to health and wellness resources in order to facilitate behavior change leading to academic and lifelong success. The Center for Student Well-Being offers both professional and peer-led presentations and outreach on a wide variety of college health topics including but not limited to: healthy routines, stress management, alcohol and other substances, healthy relationships, sexual health, and disease prevention. The Center for Student Well-Being is also home to the REACH Peer Health Educators.

Hours of operation are Monday – Friday; 8:00 a.m. – 5:00 p.m.

**St. Petersburg campus Wellness Center**
SLC 2200
140 7th Avenue South
St. Petersburg, FL 33701
(727) 873-4422
[https://www.stpetersburg.usf.edu/student-life/wellness/index.aspx](https://www.stpetersburg.usf.edu/student-life/wellness/index.aspx)

The Wellness Center's services are provided to assist the St. Petersburg campus community in achieving and maintaining balanced living in regards to physical, emotional, vocational and relational functioning, with an emphasis on collaboration, prevention, and wellness. Within this integrated Center, students will find services and resources provided in the following areas:

- Student Health Services,
- Counseling Services,
- Center for Student Wellbeing and
- Center for Victim Advocacy and Violence Prevention.

Please visit our website for hours of operation based on the needed service.

**Sarasota-Manatee campus**
SMD 105
8350 N. Tamiami Trail
Sarasota, FL 34243
(941) 487-4254

Students at the Sarasota-Manatee campus have access to a wide variety of counseling, wellness and health services through the Counseling & Wellness Center (CWC).

  Academic Plan of Study .................................................................................................................... 150
Florida's Statewide Course Numbering System

Courses in this catalog are identified by prefixes and numbers that were assigned by Florida's Statewide Course Numbering System (SCNS). This numbering system is used by all public postsecondary institutions in Florida and by participating nonpublic institutions. The major purpose of this system is to facilitate the transfer of courses between participating institutions. Students and administrators can use SCNS (https://flscns.fldoe.org/) to obtain course descriptions and specific information about course transfer between participating Florida institutions.

Each participating institution controls the title, credit, and content of its own courses and recommends the first digit of the course number to indicate the level at which students normally take the course. Course prefixes and the last three digits of the course numbers are assigned by members of faculty discipline committees appointed for that purpose by the Florida Department of Education. Individuals nominated to serve on these committees are selected to maintain a representative balance as to type of institution and discipline field or specialization.

The course prefix and each digit in the course number have a meaning in the SCNS. The listing of prefixes and associated courses is referred to as the "SCNS taxonomy." Descriptions of the content of courses are referred to as "statewide course profiles."

Example of a Course Identifier

<table>
<thead>
<tr>
<th>Prefix</th>
<th>Level Code (first digit)</th>
<th>Century Code (second digit)</th>
<th>Decade Code (third digit)</th>
<th>Unit Code (fourth digit)</th>
<th>Lab Code</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENC</td>
<td>1</td>
<td>1</td>
<td>0</td>
<td>1</td>
<td></td>
</tr>
<tr>
<td>English Composition</td>
<td>Lower Level (Freshman)</td>
<td>Freshman Composition</td>
<td>Freshman Composition Skills</td>
<td>Freshman Composition Skills 1</td>
<td>No laboratory component in this course</td>
</tr>
</tbody>
</table>

General Rules for Course Equivalencies

Equivalent courses at different institutions are identified by the same prefixes and same last three digits of the course number and are guaranteed to be transferable between participating institutions that offer the course, with a few exceptions, as listed below in Exceptions to the General Rule for Equivalency.

For example, a freshman composition skills course is offered by many different public and nonpublic postsecondary institutions. Each institution uses "ENC_101" to identify its freshman composition skills course. The level code is the first digit and represents the year in which students normally take the course at a specific institution. In the SCNS taxonomy, "ENC" means "English Composition," the century digit "1" represents "Freshman Composition," the decade digit "0" represents "Freshman Composition Skills," and the unit digit "1" represents "Freshman Composition Skills I."

In the sciences and certain other areas, a "C" or "L" after the course number is known as a lab indicator. The "C" represents a combined lecture and laboratory course that meets in the same place at the same time. The "L" represents a laboratory course or the laboratory part of a course that has the same prefix and course number but meets at a different time or place.

Transfer of any successfully completed course from one participating institution to another is guaranteed in cases where the course to be transferred is equivalent to one offered by the receiving institution. Equivalencies are established by the same prefix and last three digits and comparable faculty credentials at both institutions. For example, ENC 1101 is offered at a community college. The same course may be offered at a state university as ENC 2101. A student who has successfully completed ENC 1101 at a Florida College System institution is guaranteed to receive transfer credit for ENC 2101 at the state university if the student transfers. The student cannot be required to take ENC 2101 again since ENC 1101 is equivalent to ENC 2101 if the minimum grade has been earned in the course. Transfer credit must be awarded for successfully completed equivalent courses and used by the receiving institution to determine satisfaction of requirements by transfer students on the same basis as credit awarded to the native students. It is the prerogative of the receiving institution, however, to offer transfer credit for courses successfully completed that have not been designated as equivalent.

NOTE: Credit generated at institutions on the quarter-term system may not transfer the equivalent number of credits to institutions on the semester-term system. For example, 4.0 quarter hours often transfers as 2.67 semester hours.
Authority for Acceptance of Course Equivalent

Excerpted item 7: Any student who transfers among postsecondary institutions that are fully accredited by a regional or national accrediting agency recognized by the United States Department of Education and that participate in the statewide course numbering system shall be awarded credit by the receiving institution for courses satisfactorily completed by the student at the previous institutions. Credit shall be awarded if the courses are judged by the appropriate statewide course numbering system faculty committees representing school districts, public postsecondary educational institutions, and participating nonpublic postsecondary educational institutions to be academically equivalent to courses offered at the receiving institution, including equivalency of faculty credentials, regardless of the public or nonpublic control of the previous institution. The Department of Education shall ensure that credits to be accepted by a receiving institution are generated in courses for which the faculty possess credentials that are comparable to those required by the accrediting association of the receiving institution. The award of credit may be limited to courses that are entered in the statewide course numbering system. Credits awarded pursuant to this subsection shall satisfy institutional requirements on the same basis as credits awarded to native students.

Exceptions to the General Rule for Equivalency

Since the initial implementation of the SCNS, specific disciplines or types of courses have been exempted from the guarantee of transfer for equivalent courses. These include courses that must be evaluated individually or courses in which the student must be evaluated for mastery of skill and technique. The following courses are exceptions to the general rule for course equivalencies and may not transfer:

1. Courses not offered by the receiving institution.
2. Courses at non-accredited institutions, courses offered prior to the established transfer date of the course in question.
3. Courses in the 900-999 series are not automatically transferable, and must be evaluated individually. These include such courses as Special Topics, Internships, Apprenticeships, Practica, Study Abroad, Theses, and Dissertations.
5. Graduate courses.
6. Internships, apprenticeships, practica, clinical experiences, and study abroad courses with numbers other than those ranging from 900-999.
7. Applied courses in the performing arts (Art, Dance, Interior Design, Music, and Theatre) and skills courses in Criminal Justice (academy certificate courses) are not guaranteed as transferable. These courses need evidence of achievement (e.g., portfolio, audition, interview, etc.).

Note: Transferability is at the discretion of the receiving institution.

Questions about the SCNS should be directed to Kyna Betancourt, USF's SCNS contact via email at kbetancourt@usf.edu or to the Florida Department of Education, Office of Articulation, 1401 Turlington Building, Tallahassee, Florida 32399-0400.

Course Prefix

The course prefix is a three-letter designator for a major division of an academic discipline, subject matter area, or subcategory of knowledge. The prefix is not intended to identify the department in which a course is offered. Rather, the content of a course determines the assigned prefix to identify the course.
Other General Course Information

Courses offered for credit by the University of South Florida are listed in the USF Course Inventory (click Course Search in the left menu navigation or visit https://usfweb.usf.edu/academic-programs/course-inventory). When viewing a course within the USF Course Inventory, the first line of each description includes the SCNS prefix and number and title of the course. The College and Department are listed below this information. The Course Description, Credit Hours, Attributes, and requisite information is listed under this information. Please note: Credits separated by a hyphen indicate variable credit hours.

The following abbreviations are utilized in various course information:

- **PR** Prerequisite
- **CI** With the consent of the instructor
- **CC** With the consent of the chairperson of the department or program
- **CP** Co-prerequisite
- **CR** Co-requisite
- **DPR** Departmental Permit Required
- **S/U** S/U Grade System
- **Lec** Lecture
- **Lab** Laboratory

Note: The University reserves the right to substitute, not offer, or add courses that are listed in this catalog.

**CIVICS LITERACY**

- **SCIV** - Civics Literacy

**GLOBAL CITIZENS PROJECT**

- **GCPC** - Global Citizens Project Course

**Course Level Definition**

<tr>
<td>2000-2999 Sophomore Level</td>
<td>4000-4999 Senior Level</td>
<td>6000-Up Graduate Level</td>
</tr>
</tbody>
</table>

**Course Descriptions**

Course information can be found in the USF Course Inventory (click Course Search in the left menu navigation or visit https://usfweb.usf.edu/academic-programs/course-inventory) within the Undergraduate Catalog. This online resource provides a search function by course prefix, college, department, or title. In addition, course attributes for State Communication and Computation Requirements, General Education, Global Citizens Project, and Undergraduate Research are also available.

The USF Course Inventory provides details regarding course description, credit hours, requisites (Pre, Co, and Co-Pre), repeat limits, restrictions, and attributes.

**Academic Plan of Study**

The Undergraduate Academic Plans of Study are located within each program after the curriculum information. Both 4 Year Plans and 2 Year Plans of Study are provided, along with information about Potential Entry Level Job Titles and Potential Entry Level Salary Range. They are also available at http://ugs.usf.edu/plans-of-study.

Note: From academic year 2012-2013 to 2018-2019, the Academic Plan of Study were called Eight Semester Plans, and are available in the Undergraduate Catalog Archive.

College of Arts and Sciences

About the College

USF College of Arts and Sciences (CAS) is committed to promoting globally-competitive undergraduate, graduate and professional programs that support interdisciplinary inquiry, intellectual development and skill acquisition.

USF’s academic programs are designed to meet the needs of all learners, including traditional learners, special needs learners, adults interested in advancing their careers, veterans and distance learners. Undergraduates are strongly encouraged to take advantage of a wide range of undergraduate research opportunities and study abroad programs.

Students in the College of Arts and Sciences focus on a specific discipline, but degree programs and opportunities for research and internships encourage students to get a broad, interdisciplinary liberal arts education. The CAS Office of Graduate and Undergraduate Studies helps to oversee the administration of these programs and provides resources for faculty members and students to facilitate effective learning.

Mission, Vision, Values

The College of Arts and Sciences is the intellectual heart of the University of South Florida. We are a community of teachers and scholars united in the belief that broadly educated people are the basis of a just, free, and prosperous society. By focusing on the big questions facing all of humanity, we prepare students for successful personal and professional lives. By conducting innovative, interdisciplinary research and scholarship, we advance knowledge in ways that prepare us to address vexing social problems and enhance quality of life for people and communities.

The College of Arts and Sciences aspires to be a national model for integrating the humanities, social sciences, and natural sciences into a dynamic, trans-disciplinary entity focused on knowledge generation, global problem solving, skills development, and real-world applications. We will nurture academic success for a diverse population by creating engaged, inclusive learning environments that prepare students for productive personal and professional lives as global citizens. Through innovative, interdisciplinary research, creative activities, and mutually beneficial community partnerships, the college seeks to become a global leader in scholarship that addresses vexing social and environmental challenges and consequently enhances quality of life for all.

Campus Housing Opportunities

BioLife – First Year Interest Group Housing at the St. Petersburg campus
The BioLife First Year Interest Group is an academic-based community open to first-year students majoring in Biology at the St. Petersburg campus. This community offers residents the opportunity to learn together about the interdisciplinary nature of biology, engage with faculty in the Biological Sciences program, participate in civic engagement activities with a biology focus, and explore potential career opportunities. For more information, visit: https://www.usfsp.edu/housing/residential-community-programs/#toggle-id-2

STEM Living Learning Community – Housing for STEM majors at the Tampa campus
The STEM Living Learning Community (LLC), located in Cypress Hall, is a stimulating living learning environment that was created to meet the needs of STEM students interested in various science, technology, engineering, psychology, and math areas. The goals of the STEM LLC are to assist students in achieving academic and personal success while fostering an understanding of the multiple career pathways available to graduating STEM students. The STEM LLC is open to the following majors: Biomedical Sciences, Biology (all related biology), Cellular and Molecular Biology, Chemistry (all related chemistry), Computer Science, Engineering, Geology/Geological Sciences, Health Sciences, Mathematics, Physics, Psychology and Statistics. To learn more and apply, visit: https://www.usf.edu/housing/residential-learning/llc-major/STEM.aspx

Rising Health Professionals Living Learning Community – Pre-Health Housing at the Tampa campus
Live with other students preparing to become a health professional in the Rising Health Professionals LLC, located in Beacon Hall. Explore a range of careers open to Pre-Health track students via experiential learning opportunities, faculty mentoring and peer connections. Benefit from in-hall academic advising and tutoring in required Pre-Health track courses. The LLC is open to any student on the Pre-Health track in the College of Arts and Sciences. To learn more and apply, visit: https://www.usf.edu/housing/residential-learning/llc-major/rising-health.aspx
Zimmerman Advertising Program Living Learning Community – Housing for first-year ZAP students at the Tampa campus

The Zimmerman Advertising Program Living Learning Community (ZAP LLC) is for first-year undergraduates who know that they want to be future leaders in the advertising industry, such as Brand Managers and Chief Marketing Officers. Expand your understanding of this exciting career aspiration with the shared experiences of a built-in peer network. The ZAP LLC creates unique opportunities to interact with Business and Mass Communications faculty; tour agencies, media and marketing firms; interact with working professionals; and prepare for internships. Visit the ZAP Website to learn more.

Admission Requirements, Initial Major Declaration and Change of Major

Admission to the College of Arts and Sciences is open to students who have been accepted to the University of South Florida and who declare a major in a particular field provided that students are able to meet degree progression standards per USF Policy 10-505.

Undergraduate students must submit a formal declaration of major for admission into the College. This usually occurs during orientation and advising for new students. Students who wish to change their major after matriculation also need to seek approval. Declaration and Change of major requests should be completed online at https://www.usf.edu/arts-sciences/students/undergraduate/declare-a-cas-major.aspx. To ensure students are able to meet degree progression standards per USF Policy 10-505, the Office of Admissions and College of Arts and Sciences staff will review student records before processing declaration or change of major requests. Students who cannot complete the requested major within degree progression limits will not be permitted to pursue the major. Students preparing for a science or mathematics career must plan their courses carefully because of the sequential nature of the curricula. Students seeking entrance into a health professional school or the medical technology internship program require specialized counseling, therefore, immediate application for admission into the College is strongly recommended.

College-Level Graduation Requirements

Students must complete all State and University level graduation requirements.
Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree. When earning a double major/dual degree, a maximum of two (2) departmental courses or eight (8) credit hours may be used to satisfy requirements between majors. Students should check with the college and respective departments when pursuing more than one major/degree. The only exception whereby a student may apply more than eight (8) credit hours of overlapping coursework to their majors_degrees are those students who pursue double majors or two degrees between the College of Education and the College of Arts and Sciences. The College of Arts and Sciences defines a "major" as those courses taught by the department where the major is housed.

In the case of interdisciplinary programs (Biomedical Sciences, Interdisciplinary Natural Sciences, International Studies, Environmental Science and Policy, French International Studies & Business Concentration, Spanish International Studies & Business Concentration and Interdisciplinary Social Sciences) overlapping coursework between double majors/dual degrees requires prior approval. Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.
"D" grades are not acceptable in the major and supporting sciences for all natural sciences majors (Biomedical Sciences; Cell Biology, Microbiology, and Molecular Biology; Integrative Biology; Interdisciplinary Natural Sciences; Medical Technology; Chemistry; Geology; Math; Physics, and Physical Sciences). "D" grades are not acceptable for the major area in Anthropology, Communication, English, Geography, History, Humanities, Mass Communications, Philosophy, Psychology, and Sociology.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

Other Information - Health Professions
The University of South Florida is an excellent location to prepare for a career in the health professions. The Veterans Administration Hospital, University of South Florida Medical Center, Shriners Hospital for Children, H. Lee Moffitt Cancer Center and Research Institute, University of South Florida Mental Health Institute, University of South Florida Health Byrd Alzheimer’s Institute, and Florida Hospital Tampa, are within walking distance of the campus, and offer students excellent opportunities for shadowing, clinical volunteering and research. The Division of Health Professions Advising (DHPA) in the College of Arts and Sciences, offers programs designed to prepare students for admission to allopathic medicine (M.D.), osteopathic medicine (D.O.), chiropractic medicine, dentistry, optometry, podiatry, veterinary medicine, pharmacy, physician assistant, anesthesiologist assistant, occupational therapy and physical therapy. Most of these health professions require four years of undergraduate pre-professional preparation, followed by four years of training in a professional school. A few well-prepared students with exceptional qualifications may be admitted to some professional schools, as early as the completion of the junior year of pre-professional work. The pre-professional programs do not meet requirements for a degree; therefore, students must choose a major in addition to fulfilling their pre-professional requirements. Most pre-professional students major in biology, biomedical sciences, or chemistry, because of their interest in a health profession. There is considerable overlap between the pre-professional curriculum and the above majors’ requirements. However, there is no specific major required for admission into a health profession. Entrance into all professional schools or programs is competitive, and students should begin establishing a record of academic excellence within their first year at USF. Furthermore, it is essential that students also pursue courses in the social sciences and humanities. Students must have shadowing and clinical volunteer experiences related to their intended profession. Students considering one of the health professions should visit the DHPA website at https://www.usf.edu/arts-sciences/health-professions/ . They can also contact the Division by email at healthprofadvise@usf.edu . Admitted students to USF should declare their interest in a health profession when they attend Orientation. The following websites provide information on the study of medicine, physical therapy, pharmacy and physicians assistant programs at the University of South Florida. Allopathic Medicine (MD), visit https://health.usf.edu/medicine/Physical Therapy, visit https://health.usf.edu/medicine/dptPharmacy, visit https://health.usf.edu/pharmacy/Physicians Assistant, visit https://health.usf.edu/medicine/pa/General

Requirements for Health Professions Schools
The following courses prepare students for admission to professional schools of chiropractic medicine, dentistry, allopathic medicine, osteopathic medicine, podiatric medicine, optometry, veterinary medicine, and pharmacy. All of these professional schools have in common the following course requirements, which should be completed by the end of the junior year, the usual time of application: Biology

BSC 2010 - Cellular Processes/BSC 2010L - Cellular Processes Laboratory

BSC 2011 - Biodiversity/BSC 2011L - Biodiversity Laboratory
Chemistry
CHM 2045 - General Chemistry I/CHM 2045L - General Chemistry I Laboratory
CHM 2046 - General Chemistry II/CHM 2046L - General Chemistry II Laboratory
CHM 2210 - Organic Chemistry I/CHM 2210L - Organic Chemistry Laboratory I
CHM 2211 - Organic Chemistry II/CHM 2211L - Organic Chemistry Laboratory II

Physics
PHY 2053 - General Physics I/PHY 2053L - General Physics I Laboratory
PHY 2054 - General Physics II/PHY 2054L - General Physics II Laboratory

Some schools require calculus and some require one or two courses in biochemistry. CLEP credit is not generally accepted by professional schools. Some schools do not accept AP or IB credit and have specific restrictions for accepting dual enrollment credits. Students should check with the school of their choice regarding acceptable acceleration credit. To be competitive for acceptance into health professions schools, students need to take upper level natural science coursework. B.S. in Biomedical Sciences for Early Admission Students

Students planning on early admission should begin studies at a 4-year institution, as professional schools require at least 1 year of studies at a university prior to application. Depending upon the professional school, additional science courses may be required or strongly recommended as indicated in the preceding sections. Exposure to a health profession is also strongly recommended. Students who are admitted to an accredited U.S. medical or dental school after completing their junior year at the University of South Florida may be awarded the B.S. degree in Biomedical Sciences from the College of Arts and Sciences subject to the following conditions:

- Transfer of a minimum of 30 semester hours of science courses from an accredited medical or dental school.
- Completion of a minimum of 90 semester hours of credit with a minimum grade point average of 00 prior to transfer to the medical or dental school.
- Completion of the following courses with at least a C in each course:
  - Completion of the University's General Education Requirements.
  - Completion of the last 30 hours prior to transfer to a medical or dental school in residence at the University of South Florida.

Students that are admitted to professional schools of veterinary medicine, optometry, physical therapy, or podiatric medicine prior to completion of their degree may also be able to transfer courses from the professional school and receive their Bachelor's degree. However, approval of the courses to be transferred must be obtained on an individual basis from the College of Arts and Sciences, and in some cases, it may be necessary for students to complete more than 90 hours prior to leaving the University of South Florida.
Global Pathways

https://www.usf.edu/gcp/students/index.aspx

A Global Pathway is an undergraduate major or degree program that has significant global content. Global Pathways provide students with the opportunity to practice and apply global competencies through the major or degree program. The following programs are designated as Global Pathway Programs:

- Anthropology
  https://www.usf.edu/arts-sciences/departments/anthropology/

- Interdisciplinary Social Sciences
  https://www.usf.edu/career-services/students/wcidwami-interdisciplinary-social-sciences.aspx

- Religious Studies
  http://religious-studies.usf.edu/

UNDERGRADUATE ADVISING INFORMATION

The College of Arts and Sciences' decentralized advising provides students the opportunity to work with a professional who has specialized knowledge and understanding of the major requirements, course offerings, and undergraduate research and career opportunities in their field. In addition to major advising, the college offers pre-professional advising for students intending to pursue careers in law and the health professions. Each program has its own advising office. The advisor should be contacted for information on curriculum planning, graduation requirements, and admission to professional schools.

Undergraduate Advisors List

http://www.usf.edu/arts-sciences/students/academic-advising/undergraduate-advising.aspx

To schedule an advising appointment:

- Prospective or current students with an active UID can schedule an appointment online:
- Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major:
  https://www.usf.edu/undergrad/students/advising.aspx
- Health Professions Advising: Please refer to http://cas.usf.edu/healthprofessions/advising/.
- Pre Law Advising: Please email questions to PreLawAdvise@usf.edu.
COLLEGE OF ARTS AND SCIENCES UNDERGRADUATE DEAN'S OFFICE
SUSTAINABILITY STUDIES B.A.

TOTAL DEGREE HOURS: 120

The Sustainability Studies Bachelor of Arts degree at University of South Florida will prepare graduates for careers in industrial settings, commercial outlets, not-for-profit organizations, and government agencies. A degree in Sustainability Studies allows the individual to become the point of contact for managers, owners, and politicians when implementing new technologies and policies. Sustainability Studies provides the tools to safeguard the well-being of future generations, increase profits today, and understand the role science plays in developing new technologies to address societal challenges.

The program establishes a foundation in Sustainability Studies by integrating the natural sciences, social sciences and business into the core curriculum. This distinctive core curriculum makes it unique in the state, providing students with a broad base of skills, knowledge, and abilities, in the context of a recognizable and valued program of preparation for careers or graduate studies.

A degree in sustainable studies will increase the value of a degree in:

**Business:** By understanding how sustainability concepts can increase efficiency and profits and provide corporate direction to deal with the ever-changing policy landscape.

**Social Science and Policy:** To help create and implement new policies, laws, and techniques to create a stable and enriched future and to protect the well-being of future generations.

**Science:** By enhancing the understanding behind new technologies and the ability to help businesses and government agencies to implement sustainable processes.

Students must complete 120 course hours, including all required prerequisite and core courses. The curriculum includes all university and college degree requirements.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx

- **Transfer:** https://www.usf.edu/admissions/transfer/admission-information/index.aspx

- **International:** https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students should be aware that by university regulation they are obligated to establish academic residency by completing the equivalent of one academic year (30 semester hours) in "on-campus" courses. All undergraduate transfer students electing Sustainability Studies as their major will be required, moreover, to take a minimum of 30 credit hours in major coursework at the University of South Florida. The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

There are no specified common prerequisites for this major. All Florida College System students are encouraged to complete the Associate degree. Students should consult with an academic advisor in their major degree area at the intended transfer institution.
MAJOR REQUIREMENTS

MAJOR REQUIRED (CORE) COURSES (33 CREDIT HOURS)

The core courses are designed to provide students with a broad interdisciplinary knowledge base in business, social sciences and the natural sciences to prepare students for a wide variety of careers or graduate work in fields related to sustainability studies.

NATURAL SCIENCE

EVR 2001 - Introduction to Environmental Science Credit(s): 3
CHM 3080 - Chemistry for Sustainability Credit(s): 3
PHY 2036 - The Physics of Sustainability Credit(s): 3

SOCIAL SCIENCE

EVR 3874 - Sustainable Human Systems Credit(s): 3
EVR 4878 - Methods for Environmental Policy Analysis and Sustainability Credit(s): 3
GEO 3112 - Qualitative Research Methods in Geography Credit(s): 3

BUSINESS

ENT 3004 - Principles of Entrepreneurship Credit(s): 3
ENT 4803 - Sustainable Entrepreneurship Credit(s): 3
GEB 3373 - International Business Credit(s): 3

CAPSTONE

ISS 4942 - Practicing Sustainability Credit(s): 4

MAJOR ELECTIVES (6 CREDIT HOURS)

Select two (2) courses for a total of six (6) credit hours from the list below:

ANT 4403 - Environmental Anthropology Credit(s): 3
ANT 4442 - Urban Life and Culture Credit(s): 3
ANT 4467 - Food, Health, and Culture Credit(s): 3
ANT 4495 - Methods in Cultural Research Credit(s): 3
CPO 4034 - Politics of the Developing Areas Credit(s): 3
ECP 3201 - Economics of Women and Work Credit(s): 3
ECP 3302 - Environmental Economics Credit(s): 3
ECS 3013 - Economic Development Credit(s): 3
EVR 2861 - Introduction to Environmental Policy Credit(s): 3
EVR 4027 - Wetland Environments Credit(s): 3
EVR 4051 - Environmental Field Methods Credit(s): 3
EVR 4114 - Climate Change Credit(s): 3
GEO 3352 - The Human Footprint on the Landscape Credit(s): 3
GEO 4340 - Natural Hazards Credit(s): 3
GEO 4372 - Global Conservation Credit(s): 3
GEO 4379 - Geographic Perspectives on Environment Credit(s): 3
GIS 4302C - GIS for Sustainability Credit(s): 4
GLY 4734 - Beaches and Coastal Environments Credit(s): 3
PHI 3640 - Environmental Ethics Credit(s): 3
PUP 4203 - Environmental Politics and Policy Credit(s): 3
GPA REQUIREMENTS

An overall average of 2.50 GPA or greater in all core courses.
A transfer student must have a 2.0 GPA or higher when combined with all work attempted at other institutions.

GRADING REQUIREMENTS

A minimum of score of C (not C-) or greater in all core courses.

INTERNSHIP OPPORTUNITIES

The Sustainability Studies Degree requires a Senior Capstone Course ISS 4942 Practicing Sustainability (fully vetted) which enables students to choose either a Practicum experience or an Internship. A wide range of internship experiences are available to students, including opportunities with:

- Pinellas Community Composting Alliance - (Food Justice & Sustainability Program)
- Keep Pinellas Beautiful
- Feeding Florida - Fresh Access Bucks Program - (Food Justice & Sustainability Program)
- Brick Street Farms
- Southwest Florida Water Management District - FARMS (Facilitating Agricultural Resource Management Systems) program
- The Florida Aquarium - Corals research / regeneration
- Rocky Mountain Biological Laboratory - plant taxonomy / research
- Florida Wildlife Corridor
- Environmental Protection Commission
- Montana Conservation Corps via Americorps
- Reef Monitoring Inc
- Tampa Bay Network to End Hunger (Food Justice & Sustainability Program)
- Bartlett Park Community Garden (Food Justice & Sustainability Program)
- WunderFarms (Food Justice & Sustainability Program)
- Edible Peace Patch (Food Justice & Sustainability Program)
- Surfriders Foundation - Rise Above Plastics

Please note this is not an exhaustive list.

RESIDENCY REQUIREMENT

Students are required to complete 50% of the Sustainability Studies major at USF.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through the USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

ZIMMERMAN SCHOOL OF ADVERTISING AND MASS COMMUNICATIONS
INTEGRATED PUBLIC RELATIONS AND ADVERTISING B.S.

TOTAL DEGREE HOURS: 120

The Bachelor of Science in Integrated Public Relations and Advertising will prepare students for leadership positions in the quickly evolving fields of public relations advertising, and integrated marketing communications. This major meets workforce demand. Graduates will understand the integrative nature of modern persuasive communication and be able to incorporate technology. Graduates will also find themselves assisting clients with strategic marketing and corporate strategies with absolute accountability in a vastly more complicated digital media environment.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students desiring to transfer to USF should complete an A.A. degree at a Florida College System institution. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the University's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

There are no State Mandated Common Prerequisites for this program. All Florida College System students are encouraged to complete the Associate degree. Students should consult with an academic advisor in their major degree area at the intended transfer institution.

TOTAL MAJOR HOURS: 48

MAJOR CORE (33 HOURS)

MASS COMMUNICATIONS B.A., WITH BROADCAST NEWS CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in Mass Communications is a pre-professional, hands-on program that prepares students for careers in communication, especially broadcast journalism, digital media, and promotional communication. The program has two concentrations: Broadcast-News and Broadcast-Program and Production.

Graduates should understand the structure and functions of media systems as well as the basic processes of mass communication. Students learn 21st century writing and video skills that prepare them for a variety of media jobs. The Tampa media market, which consistently ranks in the top 15 in the country, provides students with opportunities to learn from industry professionals who visit classes and host students in their workplaces. While pursuing their studies, students are strongly encouraged to expand their learning beyond the classroom by completing internships and working in the field.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx

MASS COMMUNICATIONS B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENT

Major GPA (All USF courses which are applied to major requirements): 2.5
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

A C (2.0) or better to meet major course requirements unless specified elsewhere. Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.
RESIDENCY REQUIREMENTS

Department Major Academic Residency Requirement - At least 30 hours of major coursework must be completed at USF.

College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

OTHER REQUIREMENTS

Sign Language may be used as an option by Mass Communications majors to fulfill the Foreign Language EXIT requirement.

A maximum of nine (9) semester hours in Mass Communications courses will be accepted from a community college or other lower-level program toward a degree in Mass Communications. It is suggested that the nine hours include the equivalent of the School core curriculum and one sequence introductory course. Approval by an appropriate advisor is required.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, email MassComAdvise@usf.edu.

Total Credit Hours: 13
The Bachelor of Arts in Mass Communications is a pre-professional, hands-on program that prepares students for careers in communication, especially broadcast journalism, digital media, and promotional communication. The program has two concentrations: Broadcast-News and Broadcast-Program and Production.

Graduates should understand the structure and functions of media systems as well as the basic processes of mass communication. Students learn 21st century writing and video skills that prepare them for a variety of media jobs. The Tampa media market, which consistently ranks in the top 15 in the country, provides students with opportunities to learn from industry professionals who visit classes and host students in their workplaces. While pursuing their studies, students are strongly encouraged to expand their learning beyond the classroom by completing internships and working in the field.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- **Transfer**: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- **International**: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

18 credit hours of coursework not including ENC or LIT prefix courses beyond the 36 hours of general education requirements. Questions should be directed to the institution.

There are no specified common prerequisites for this major. All Florida College System students are encouraged to complete the Associate degree. Students should consult with an academic advisor in their major degree area at the intended transfer institution.

REQUIRED SUPPORTING COURSES FOR THE MAJOR: 2 COURSES; 6 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student’s final semester.

A minimum grade of C in each supporting course is required.

- ENC 1101 - Composition I **Credit(s): 3**
- ENC 1102 - Composition II **Credit(s): 3**

TOTAL MAJOR HOURS: 45

MAJOR CORE (2 COURSES; 6 CREDIT HOURS)

Note: MMC 2100 and MMC 3602 must be taken prior to beginning any concentration coursework.

- MMC 2100 - Writing for the Mass Media **Credit(s): 3**
- MMC 3602 - Mass Communications and Society **Credit(s): 3**
MAJOR (RESTRICTED) ELECTIVES: (39 CREDIT HOURS)

Students complete one of two (2) concentrations:

Broadcast-News
Broadcast-Program and Production.

BROADCAST PROGRAM AND PRODUCTION CONCENTRATION (13 COURSES; 39 CREDIT HOURS)

CONCENTRATION CORE COURSES (7 COURSES; 21 CREDIT HOURS)

- MMC 4208 - Media Law and Ethics Credit(s): 3
- RTV 2100 - Writing For Radio and TV Credit(s): 3
- RTV 3001 - Introduction to Telecommunications Credit(s): 3
- RTV 3301 - Broadcast News Credit(s): 3
- RTV 4321 - Electronic Field Production Credit(s): 3
- RTV 4500 - Telecommunications Programming and Management Credit(s): 3
- RTV 4542 - TV Production and Direction Credit(s): 3

CONCENTRATION ELECTIVES (6 COURSES; 18 CREDIT HOURS)

Students select 18 credit hours from the following list of courses:

- JOU 2100 - Beginning Reporting Credit(s): 3
- JOU 3101 - Advanced Reporting Credit(s): 3
- JOU 3302 - Critical Writing: Editorials, Reviews, Columns Credit(s): 3
- JOU 4181 - Public Affairs Reporting Credit(s): 3

MASS COMMUNICATIONS MINOR

The minor in Mass Communications is available to students pursuing any other major at USF.

MINOR REQUIREMENTS

The minor in Mass Communications requires a minimum of 18 hours of School coursework.

TOTAL MINOR CREDIT HOURS: 18

MINOR CORE CREDIT HOURS: 6

- MMC 2100 - Writing for the Mass Media Credit(s): 3
- MMC 3602 - Mass Communications and Society Credit(s): 3

MINOR ELECTIVE CREDIT HOURS: 12

Twelve (12) hours may be selected from among School offerings and must include a minimum of nine (9) hours at the 3000-level or higher.

Any course with a prefix of: MMC, ADV, JOU, PGY, PUR, RTV, VIC

GPA REQUIREMENT

A 2.5 GPA in all minor coursework must be maintained.

GRADING REQUIREMENTS

A "C" (2.0) OR BETTER IS REQUIRED TO MEET MINOR COURSE REQUIREMENTS.

RESIDENCY REQUIREMENTS

Fifty percent (50%) of the minor must be completed through USF coursework.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx

For questions, email MassComadvise@usf.edu.

ST. PETE CAMPUS WEBSITE: HTTPS://WWW.USFSP.EDU/ACADEMIC-ADVISING/
FOR QUESTIONS, EMAIL ADVISING@USFSP.EDU

OTHER REQUIREMENTS

All major course prerequisites must be met. Students who wish to minor must apply for admission to the Zimmerman School of Advertising & Mass Communications and must meet all admission standards required of majors. Please see the Major in Mass Communications for more admission information.
DEPARTMENT OF ANTHROPOLOGY
ANTHROPOLOGY B.A.

Certified Global Pathway

Anthropology aims at comprehending people as biological and social beings. It is concerned with all forms of people through time and space. This holistic and broad-ranging view is reflected by the presence within the Anthropology program of four branches or sub-fields: Archaeology, Biological Anthropology, Cultural Anthropology, and Linguistics. Exposure to anthropological information and the cross-cultural perspective produces heightened sensitivity in the student to the world about him/her. This helps the student to adopt an intellectual posture of disciplined skepticism with respect to any scheme that purports to define and account for regularities in human life. Students majoring in other fields may find Anthropology coursework an exciting and valuable supplement to their primary academic interest.

This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award and become eligible to apply for a study abroad scholarship offered by the Global Citizens Project.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx

Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx

International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

ANT X000-X999 Two Introductory Courses in Anthropology (ANT prefix) - 3 credit hours each (6 total credit hours)

MAJOR REQUIREMENTS (19 CREDIT HOURS)

REQUIRED COURSES (7 COURSES, 19 CREDIT HOURS)

- ANT 2410 - Cultural Anthropology Credit(s): 3
- ANT 2511 - Biological Anthropology Credit(s): 3
- ANT 2511L - Biological Anthropology Laboratory Credit(s): 1
- ANT 3101 - Archaeology Credit(s): 3
- ANT 3610 - Linguistic Anthropology Credit(s): 3
- ANT 4034 - Theories of Culture Credit(s): 3
**MAJOR (RESTRICTED) ELECTIVES (18 CREDIT HOURS)**

Choose a minimum of 18 hours of 4000-level elective coursework, including at least one course from each subfield, from the courses listed below. **A minimum of three (3) of these 18 credits must be selected from the list of Methods Subfield courses.**

Note: A course may not be used to satisfy more than one subfield requirement.

### ARCHAEOLOGY SUBFIELD

- **ANT 4012** - Fantastic Archaeology  
  Credit(s): 3
- **ANT 4114** - Seminar in Archaeological Method and Theory  
  Credit(s): 3
- **ANT 4142** - Old World Archaeology

**GPA REQUIREMENTS**

- **Major GPA** (All USF courses which are applied to major requirements): 2.5
- **General Education GPA** (All USF courses which are applied to General Education requirements): 2.0
- **USF GPA**: 2.0
- **Overall GPA**: 2.0
GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

OTHER REQUIREMENTS

Anthropology majors are urged to become competent readers and speakers of a relevant foreign language (which may include American Sign Language, Latin, or Greek, depending on their interests). They are also urged to enhance their English reading, writing, speaking and critical thinking capabilities and develop their skills in computational, statistical and other forms of quantitative analysis at every opportunity. Students are encouraged to fulfill General Education and Exit requirements with courses relevant to their interests in anthropology whenever possible. In pursuit of all these goals, they should meet with the department's undergraduate advisor at least once each semester to discuss such topics as academic progress, future course plans, Anthropology's Honors Program, summer field schools, job opportunities, graduate education and professional careers in anthropology.

OPTIONAL HONORS PROGRAM

The purpose of the Honors Program is to provide outstanding Anthropology undergraduates with advanced, individually tailored training in areas of anthropology of interest to them. The program, operating independently of the major itself, involves a year of coursework and research culminating in the writing of an Honors thesis. Students in the first semester of their junior year, prior to completion of 90 semester hours, may apply to the program.

Admission is competitive, based on the student's overall academic record:

- Minimum overall 3.25 GPA,
- 3.5 GPA for USF Anthropology coursework,
- A two-page, personal statement indicating research interests, and
- A letter of recommendation and commitment from a faculty member of the Department of Anthropology.

Successful completion of the program requires:

- Maintenance of an overall 3.25 GPA,
- Maintenance of a 3.5 GPA in the major,
- Completion of ANT 4932 Honors Seminar, with a grade of B or better,
- Completion of ANT 4970 (3) (Honors Thesis) with a grade of "S,"
- Presentation of the research at the Department's Honors Colloquium, and
- Completion of all other requirements for graduation.

Please see the Anthropology Department undergraduate advisor for further information and application forms.

RESEARCH OPPORTUNITIES

There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. Students may do a ANT 4901 - Directed Reading or ANT 4905 - Individual Research with credits applying to the major. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options (http://www.usf.edu/undergrad/undergraduate-research/).

INTERNSHIP OPPORTUNITIES
Through the internship program, anthropology students have the opportunity to receive educational, hands-on training from various organizations, agencies, companies or institutions for credit. The course includes an exploration of the ethics of applied anthropology and careers in applied settings, such as community organizing, forensics, public/community health, or cultural resource management. Students will complete field journals and receive feedback from advisers throughout. This course fulfills selective credits required for the completion of the anthropology program. For more information, please visit: http://anthropology.usf.edu/internships/.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

ANTHROPOLOGY MINOR

Students in many other programs will find an anthropological perspective of benefit. The minor program is structured to allow the student maximum flexibility in course selection within a broadly defined progression of anthropological concerns. Thus, the student is able to tailor a minor in anthropology to best suit specific wants and needs in the context of an overall curriculum.

MINOR REQUIREMENTS

The minor in Anthropology consists of a minimum of 15 credit hours. Students will normally begin progress toward the minor by taking at least one course from the minor core, as these often serve as prerequisites for the electives. No more than seven (7) credit hours from the minor core will count to the minor.

TOTAL MINOR CREDIT HOURS: 15

MINOR CORE CREDIT HOURS: 3-7

- ANT 2000 - Introduction to Anthropology Credit(s): 3
- ANT 2410 - Cultural Anthropology Credit(s): 3
- ANT 2511 - Biological Anthropology Credit(s): 3
- ANT 2511L - Biological Anthropology Laboratory Credit(s): 1
- ANT 3101 - Archaeology Credit(s): 3
- ANT 3610 - Linguistic Anthropology Credit(s): 3

MINOR ELECTIVE CREDIT HOURS: 9-12

Any combination of 4000 level elective courses in Archaeology, Biological Anthropology and Cultural Anthropology can be chosen.

GPA REQUIREMENTS

A 2.0 GPA is required for the minor.

GRADING REQUIREMENTS

A C (2.0) average is required for the minor.

RESIDENCY REQUIREMENT

Fifty percent (50%) of the minor must be completed through USF coursework.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, email ANTadvise@usf.edu.

St. Pete campus website: https://www.usfsp.edu/academic-advising/
For questions, email advising@usfsp.edu.Biomedical Anthropology Minor

This minor prepares undergraduates for futures in medical-related disciplines such as medicine, nursing, and dentistry. The required courses give students a strong foundation on evolutionary and cross-cultural factors affecting human biological variation. The elective course list provides students with ample choices among more specialized topics in biomedical anthropology.

MINOR REQUIREMENTS: 19

The minor in Biomedical Anthropology consists of a minimum of 19 credit hours.

MINOR CORE (7 CREDIT HOURS)
ANT 2511 - Biological Anthropology Credit(s): 3
ANT 2511L - Biological Anthropology Laboratory Credit(s): 1
ANT 4516 - Human Variation Credit(s): 3

MINOR ELECTIVES (12 CREDIT HOURS)

Students must choose among any of the following courses for a total of twelve (12) credit hours:

ANT 2410 - Cultural Anthropology Credit(s): 3
ANT 4520C - Forensic Anthropology Credit(s): 4
ANT 4462 - Health, Illness, and Culture Credit(s): 3
ANT 4465 - Anthropology of Food Credit(s): 3
ANT 4468 - Biocultural Bases of Health and Disease Credit(s): 3
ANT 4525 - Human Osteology and Osteometry Credit(s): 3
ANT 4532 - Anthropology of Infectious and Contagious Diseases Credit(s): 3
ANT 4593 - Evolution and Health Credit(s): 3
ANT 4930 - Special Topics in Anthropology Credit(s): 1-3, when taught as:
  - Nutritional Anthropology
  - Paleopathology
  - Neuroanthropology
  - Brain and Culture
  - Global Health
  - Human Reproductive Ecology
  - Anthropology of Human Growth and Development
  - Human Sexuality
  - Research in Physician-Patient Interaction

  Note: ANT 4930 should be taken for 3 hours.

GPA REQUIREMENTS

A 2.0 GPA is required for the minor.

GRADING REQUIREMENT

A C (2.0) average is required for all courses that count toward the minor.

RESIDENCY REQUIREMENT

Fifty percent (50%) of the minor must be completed through USF coursework.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, email ANTadvise@usf.edu.
DEPARTMENT OF CELL BIOLOGY, MICROBIOLOGY, AND MOLECULAR BIOLOGY
CELL AND MOLECULAR BIOLOGY B.S.

TOTAL DEGREE HOURS: 120

The Cell and Molecular Biology degree program will provide a strong foundation in general biology with an emphasis on biomedical-related areas, and focusing on the cellular and molecular processes that occur within cells. Many recent breakthroughs in this field have shed light on how cells function in the context of the whole organism. The fields of genomics/computational biology are contributing knowledge to underlying gene regulation, cell-cell interactions, and organismal-environmental interactions. Advances in cell and molecular biology are leading to new treatments for age-related diseases including cancer.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx

Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx

International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in the following prerequisite courses:

(BSC X010 and BSC X010L Biology I with Lab) or BSC X010C or BSC X040C - 4 credit hours
(BSC X011 and BSC X011L Biology II with Lab) or BSC X011C or (ZOO X010 and ZOO X010L) or (BOT X010 and BOT X010L) or BSC X041C or ZOO X010C or BOT X010C - 4 credit hours
(CHM X045 and CHM X045L Chemistry I with Lab) or CHM X045C or (CHM X040 and CHM X041) - 4-6 credit hours
(CHM X046 and CHM X046L Chemistry II with Lab) or CHM X046C - 4 credit hours
(CHM X210 & CHM X210L)&nbsp;and (CHM X211 & CHM X211L)&nbsp;&nbsp;or&amp;&nbsp;(CHM X210C &amp; CHM X211C) - 8-10 credit hours
(PHY X053 & PHY X053L) and (PHY X054 &amp; PHY X054L) or (PHY X048 &amp; PHY X048L) and (PHY X049 &amp; PHY X049L)&nbsp;&nbsp;or (PHY X053C and PHY X054C) and (PHY X048C &amp; PHY X049C) - 8-10 credit hours
MAC X311 or MAC X233 or MAC X253 or MAC X281 or MAC X241 - 3-4 credit hours
MAC X312 or MAC X282 or MAC X234 or STA X023 or STA X024 or STA X321 - 3-4 credit hours
The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

The minimum acceptable grade for the Required Supporting courses is a grade of C-.

**Note:** The course sequence that will count toward the Support Courses requirement is based on which sequence (Organic Chemistry or Physics) the student took to meet the common prerequisite requirement. If the Organic Chemistry sequence was taken to fulfill the common prerequisite requirement, the Physics sequence will meet the supporting courses requirement. The opposite is true if the Physics requirement was used to meet the common course requirement.

### ORGANIC CHEMISTRY SEQUENCE

- CHM 2210 - Organic Chemistry I **Credit(s):** 3
- CHM 2210L - Organic Chemistry Laboratory I **Credit(s):** 2
- CHM 2211 - Organic Chemistry II **Credit(s):** 3
- CHM 2211L - Organic Chemistry Laboratory II **Credit(s):** 2

### PHYSICS SEQUENCE

- **Physics Option 1** - Take these 4 courses
  - PHY 2048 - General Physics I - Calculus Based **Credit(s):** 3
  - PHY 2048L - General Physics I Laboratory **Credit(s):** 1
  - PHY 2049 - General Physics II - Calculus Based **Credit(s):** 3
  - PHY 2049L - General Physics II Laboratory **Credit(s):** 1

  or **Physics Option 2** - Take these 4 courses
  - PHY 2053 - General Physics I **Credit(s):** 3
  - PHY 2053L - General Physics I Laboratory **Credit(s):** 1
  - PHY 2054 - General Physics II **Credit(s):** 3
  - PHY 2054L - General Physics II Laboratory **Credit(s):** 1

### TOTAL MAJOR HOURS: 32

### MAJOR CORE (17 CREDITS HOURS)

- MCB 3410 - Cell Metabolism **Credit(s):** 3
- PCB 3063 - General Genetics **Credit(s):** 3
- PCB 3063L - General Genetics Laboratory **Credit(s):** 1
- PCB 3023 - Cell Biology **Credit(s):** 3
- PCB 3023L - Cell Biology Laboratory **Credit(s):** 1
- PCB 4024 - Molecular Biology of the Cell **Credit(s):** 3

Students choose one (1) course from the following list of courses.

- PCB 4026 - Molecular Biology of the Gene **Credit(s):** 3
- PCB 4109 - Cancer Biology **Credit(s):** 3
MAJOR (RESTRICTED) ELECTIVES (15 CREDIT HOURS)

Students choose a minimum of 15 credit hours of electives from the following list of courses.

- BCH 3053 - General Biochemistry Credit(s): 3
- BSC 4434 - Bioinformatics Credit(s): 3
- BSC 4905 - Independent Study Credit(s): 1-3 (Students take this course for 1 credit hour.)
- BSC 4910 - Undergraduate Research Credit(s): 1-4
- BSC 4933 - Selected Topics in Biology Credit(s): 1-4 *
- MCB 3020 - General Microbiology Credit(s): 3
- MCB 3020L - General Microbiology Laboratory Credit(s): 1
- MCB 4503 - Virology Credit(s): 3
- PCB 3043 - Principles of Ecology Credit(s): 3
- PCB 3043L - Principles of Ecology Laboratory Credit(s): 1
- PCB 3712 - General Physiology Credit(s): 3
- PCB 3713L - General Physiology Laboratory Credit(s): 1
- PCB 4024 - Molecular Biology of the Cell Credit(s): 3
- PCB 4026 - Molecular Biology of the Gene Credit(s): 3
- PCB 4109 - Cancer Biology Credit(s): 3
- PCB 4234 - Principles of Immunology Credit(s): 3
- PCB 4522C - Experimental Genetics and Cell Biology Credit(s): 3
- PCB 4663 - Human Genetics Credit(s): 3
- PCB 4744 - Biomedical Physiology Credit(s): 3
- ZOO 4753 - Human Histology & Molecular Pathology of Disease Credit(s): 3
- ZOO 4694 - Developmental Biology Credit(s): 3

*Selected Topics courses require advanced approval from the Undergraduate Program Director or Advisor.

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF.
An overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENT

A student must receive a C- grade or better in all Department of Cell Biology, Microbiology, and Molecular Biology courses and supporting courses in the natural sciences, except if they are used as general elective courses. This specification applies to both USF and transfer courses.

D/F POLICY

Effective Fall 2018, all students in the below listed programs must successfully complete the below science and math coursework without earning 3 D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major.

Furthermore, any student who requests a change of major to one offered in the below identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Any continuing student who was previously forced to select a different major based on previous versions of this policy may now be eligible to pursue the majors listed below, but only if they meet both the criteria described here as well as the Degree Progression Policy 10-505 criteria. Students who are able to complete one of the below majors by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception and should contact the School of Natural Sciences and Mathematics Advising Office for instructions.
Grade Forgiveness will NOT apply to the mandated requirement of changing majors. Included Departments/Divisions: Division of Health Professions Advising; Department of Chemistry; Department of Cell Biology, Microbiology and Molecular Biology; and Department of Integrative Biology. Included courses: BCH 3053; BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440; MAT 1033; MAC 1105; MAC 1147; MAC 2211; MAC 2212; MAC 2241; MAC 2242; MAC 2281, MAC 2282, MAC 2311; MAC 2312; MCB 3020; PCB 3023; PCB 3063; PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; STA 2023.

RESIDENCY REQUIREMENT

A minimum of 20 credits hours of courses must be taken in residency and be applicable to the major.

RESEARCH OPPORTUNITIES

A maximum of 2 credit hours of Undergraduate Research (BSC 4910) may be taken in a single semester, and a maximum of 4 credit hours of Undergraduate Research may be applied as electives.

ACCELERATED NON-THESIS B.S./M.S. PROGRAM

Accelerated B.S. in Cell and Molecular Biology and M.S. in Biology with a concentration in Cell and Molecular Biology (Non-Thesis)

This program allows Cell and Molecular Biology majors to take graduate courses for the elective part of the major and apply them to a non-thesis M.S. degree in Biology with a concentration in Cell and Molecular Biology. Successful students will be able to earn the M.S. degree in two additional semesters beyond the completion of the B.S. degree.

For more information, see the Graduate Catalog for Accelerated Majors.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, email Bioadvise@usf.edu.

4 YEAR PLAN OF STUDY - CELL AND MOLECULAR BIOLOGY B.S.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Items that are critical are marked with a ✷ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

Biologist
Biochemist
Microbiologist
Medical Scientist
Chemist
Biological Technician
Chemical Technician
Researcher / Research Associate
Laboratory Technologist / Biotechnology

Potential Entry Level Salary Range:

$40,000 - $60,000

MICROBIOLOGY B.S.

TOTAL DEGREE HOURS: 120

This degree specializes in the study of bacteria and other microbes, primarily at the cell and molecular level, and focuses on disease-causing microbes. The Microbiology core and elective requirements include specialized microbiology courses necessary to qualify for certification by the National Registry of Microbiologists, American Society of Microbiology, and employment in microbiology and related fields. Many microbiology majors plan to apply to medical or dental school, while others plan careers as professional microbiologists in industry and government. Others become teachers or aspire to graduate training in microbiology.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

   Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx

   Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx

   International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

(BSC X010 and BSC X010L) or BSC X010C or BSC X040C - 4 credit hours
(BSC X011 and BSC X011L) or BSC X011C or BSC X041C - 4 credit hours
(CHM X045 and CHM X045L) or CHM X045C or (CHM X040 and CHM X041) - 4 credit hours
(CHM X046 and CHM X046L) or CHM X046C - 4 credit hours
[(CHM X210 and CHM X210L) and (CHM X211 and CHM X211L0) or (CHM X210C and CHM X211C) or [(PHY X053 and PHY X053L) and (PHY X054 and PHY X054L)] or [(PHY X048 and PHY X048L) and (PHY X049 and PHY X049L)] or (PHY 2053C and PHY 1054C) or (PHY 2048C and PHY 2049C) - 10 credit hours
MAC X311 or MAC X233 or MAC X253 or MAC X281 - 4 credit hours
MAC X312 or MAC X282 or MAC X234 or STA X023 or STA X024 or STA X321 - 4 credit hours

REQUIRED SUPPORTING COURSES FOR THE MAJOR (32-34 CREDIT HOURS)

The following courses are prerequisite and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

CHM 2045 - General Chemistry | Credit(s): 3
CHM 2045L - General Chemistry | Laboratory Credit(s): 1
## CHM 2046 - General Chemistry II  
Credit(s): 3

CHM 2046L - General Chemistry II Laboratory  
Credit(s): 1

CHM 2210 - Organic Chemistry I  
Credit(s): 3

CHM 2210L - Organic Chemistry Laboratory I  
Credit(s): 2

CHM 2211 - Organic Chemistry II  
Credit(s): 3

CHM 2211L - Organic Chemistry Laboratory II  
Credit(s): 2

MAC 2241 - Life Sciences Calculus I  
Credit(s): 3 and

MAC 2242 - Life Sciences Calculus II  
Credit(s): 3 (STA 2023 Introductory Statistics I may be substituted for any Calculus II)

or  
MAC 2281 - Engineering Calculus I  
Credit(s): 4 and

MAC 2282 - Engineering Calculus II  
Credit(s): 4 (STA 2023 Introductory Statistics I may be substituted for any Calculus II)

or  
MAC 2311 - Calculus I  
Credit(s): 4 and

MAC 2312 - Calculus II  
Credit(s): 4 (STA 2023 Introductory Statistics I may be substituted for any Calculus II)

</table>
MCB 4905 - Microbiology Undergraduate Research Credit(s): 1-4 (1 or 2 credit hours/semester, no more than 4 credits total)
MCB 4933 - Selected Topics in Microbiology Credit(s): 1-3 *
MCB 4934 - Seminar in Microbiology Credit(s): 1
PCB 4234 - Principles of Immunology Credit(s): 3
ZOO 4753 - Human Histology & Molecular Pathology of Disease Credit(s): 3

* Selected topics approved for the major by the Department of Cell Biology, Microbiology and Molecular Biology.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

D/F POLICY

Effective Fall 2018, all students in the below listed programs must successfully complete the below science and math coursework without earning 3 D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major.

Furthermore, any student who requests a change of major to one offered in the below identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Any continuing student who was previously forced to select a different major based on previous versions of this policy may now be eligible to pursue the majors listed below, but only if they meet both the criteria described here as well as the Degree Progression Policy 10-505 criteria. Students who are able to complete one of the below majors by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception and should contact the School of Natural Sciences and Mathematics Advising Office for instructions.

Grade Forgiveness will NOT apply to the mandated requirement of changing majors. Included Departments/Divisions: Division of Health Professions Advising; Department of Chemistry; Department of Cell Biology, Microbiology and Molecular Biology; and Department of Integrative Biology. Included courses: BCH 3053; BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440; MAT 1033; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281, MAC 2282, MAC 2311; MAC 2312; MCB 3020; PCB 3023; PCB 3063; PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; STA 2023.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.
USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES

A maximum of 2 credit hours of MCB 4905 - Microbiology Undergraduate Research may be taken in a single semester, and a maximum of 4 credit hours of Undergraduate Research may be applied as electives.
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx

# MICROBIOLOGY MINOR

**TOTAL MINOR HOURS: 26**

The Microbiology minor exists to recognize those students who wish to add a limited but sound understanding of microbiology to their major.

### GPA REQUIREMENTS

A minimum 2.0 average in the 26 credits is required for obtaining this minor.

### GRADING REQUIREMENT

A grade of C- is the minimum acceptable grade for courses in the minor. Students must have less than 3 D and/or F grades in Microbiology minor lecture courses.

### RESIDENCY REQUIREMENT

Students must complete a minimum of 8 hours in Microbiology minor coursework at USF.

### OTHER INFORMATION

Students who are declared in any Biology or Microbiology major offered by the Department of Cell Biology, Microbiology, and Molecular Biology or the Department of Integrative Biology are ineligible for this minor.

### ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

**Tampa campus Website:** [https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx](https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx)

For questions, email Bioadvise@usf.edu.
DEPARTMENT OF CHEMISTRY
BIOMEDICAL SCIENCES B.S.

TOTAL DEGREE HOURS: 120

The Biomedical Sciences degree serves as a gateway into a variety of health-professional programs such as Medicine, Pharmacy, Dentistry, and Physician Assistant. Required courses include Biology, Chemistry, Math, and Physics. This degree provides the flexibility to choose advanced-level science coursework based on academic and professional interests. Students contemplating graduate study should pursue a major in the discipline of their interest, such as Biology, Chemistry, or Microbiology.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

  Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
  Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
  International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- BSC X010C or (BSC X010 and BSC X010L) - 4 credit hours
- BSC X011C or (BSC X011 and BSC X011L) - 4 credit hours
- CHM X045C or (CHM X045 and CHM X045L) - 4 credit hours
- CHM X046C or (CHM X046 and CHM X046) - 4 credit hours
- CHM X210C or (CHM X210 and CHM X210L) - 5 credit hours
- CHM X211C or (CHM X211 and CHM X211L) - 5 credit hours
  - (PHY X053 and PHY X053L) and (PHY X054 and PHY X054L) - 8 credit hours OR
  - PHY X053C and PHY X054C - 8 credit hours OR
  - (PHY X048 and PHY X048L) and (PHY X049 & Phy X049L - credit hours) - 8 credit hours OR
  - (BSC X093 and BSC X093L) and (BSC X094 and BSC X094L) - 8 credit hours OR
  - BSC X093C and BSC X094C - 8 credit hours
- MAC X241 or MAC X281 or MAC X311 - 3-4 credit hours
- MAC X242 or MAC X282 or MAC X312 or STA X023 or STA X024 - 3-4 credit hours
TOTAL MAJOR HOURS: 61-62

MAJOR CORE (40 CREDIT HOURS)

TIER 1

REQUIRED BIOLOGY COURSES (8 CREDIT HOURS)

- BSC 2010 - Cellular Processes [Credit(s): 3]
- BSC 2010L - Cellular Processes Laboratory [Credit(s): 1]
- BSC 2011 - Biodiversity [Credit(s): 3]
- BSC 2011L - Biodiversity Laboratory [Credit(s): 1]

REQUIRED CHEMISTRY COURSES (18 CREDIT HOURS)

- CHM 2045 - General Chemistry I [Credit(s): 3]
- CHM 2045L - General Chemistry I Laboratory [Credit(s): 1]
- CHM 2046 - General Chemistry II [Credit(s): 3]
- CHM 2046L - General Chemistry II Laboratory [Credit(s): 1]
- CHM 2210 - Organic Chemistry I [Credit(s): 3]
- CHM 2210L - Organic Chemistry Laboratory I [Credit(s): 2]
- CHM 2211 - Organic Chemistry II [Credit(s): 3]
- CHM 2211L - Organic Chemistry Laboratory II [Credit(s): 2]

REQUIRED MATHEMATICS COURSES (6 CREDIT HOURS)

- MAC 2241 - Life Sciences Calculus I [Credit(s): 3] (MAC 2311 and MAC 2281 are also acceptable for the major.)
- MAC 2242 - Life Sciences Calculus II [Credit(s): 3]
- or
- STA 2023 - Introductory Statistics I [Credit(s): 3] (MAC 2312 and MAC 2282 are also acceptable for the major.)

REQUIRED PHYSICS COURSES (8 CREDIT HOURS)

- PHY 2053 - General Physics I [Credit(s): 3]
- PHY 2053L - General Physics I Laboratory [Credit(s): 1]
- PHY 2054 - General Physics II [Credit(s): 3]
- PHY 2054L - General Physics II Laboratory [Credit(s): 1]
  Note: Students may substitute Human Anatomy or Physiology I and II (BSC 2093C & BSC 2094C or BSC 2085, BSC 2085L & BSC 2086, BSC 2086L) for Physics I & II.

MAJOR ELECTIVES (21-22 CREDIT HOURS)

TIER 2

REQUIRED BIOMEDICAL ELECTIVES (7-8 CREDIT HOURS)

- BCH 3053 - General Biochemistry [Credit(s): 3]
- MCB 3020 - General Microbiology [Credit(s): 3] and MCB 3020L [Credit(s): 1]
  - or chose one lecture PCB 3063 or PCB 3023 and one lab PCB 3063L, PCB 3023L or BCH 3023L.
MINIMUM OF 14 CREDITS FROM THE FOLLOWING TO INCLUDE

- Upper-level Biology course (3 hour minimum lecture course)
- Upper-level Chemistry course (3 hour minimum lecture course)
- Upper-level Chemistry or Biology course (3 hour minimum lecture course)
- Upper-level Chemistry or Biology Lab (1 hour minimum)
- Upper-level Additional Biomedical electives (4 hours minimum)

HSC 4504 - Foundations of Public Health Immunology  Credit(s): 3 ***
PHZ 4702 - Applications of Physics to Biology and Medicine I  Credit(s): 4
PHZ 4703 - Applications of Physics to Biology and Medicine II  Credit(s): 4

***Students may not use both HSC 4504 and PCB 4234 to meet Tier 2 required Biomedical Electives requirements.

GRADING REQUIREMENT

C (2.0) or better to meet major course requirements unless specified elsewhere

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

D/F POLICY

Effective Fall 2018, all students in the below listed programs must successfully complete the below science and math coursework without earning 3 D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major.

Furthermore, any student who requests a change of major to one offered in the below identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Any continuing student who was previously forced to select a different major based on previous versions of this policy may now be eligible to pursue the majors listed below, but only if they meet both the criteria described here as well as the Degree Progression Policy 10-505 criteria. Students who are able to complete one of the below majors by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception and should contact the School of Natural Sciences and Mathematics Advising Office for instructions.

Grade Forgiveness will NOT apply to the mandated requirement of changing majors. Included Departments/Divisions: Division of Health Professions Advising; Department of Chemistry; Department of Cell Biology, Microbiology and Molecular Biology; and Department of Integrative Biology. Included courses: BCH 3053; BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440; MAT 1033; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281; MAC 2282; MAC 2311; MAC 2312; MCB 3020; PCB 3023; PCB 3063; PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; STA 2023.

GPA REQUIREMENT

Major GPA (all USF courses which are applied to major requirements): 2.0
Gen Ed GPA (all USF courses which are applied to gen ed requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0
RESIDENCY REQUIREMENT

Department Major Academic Residency Requirement - At least seven (7) credits of Chemistry coursework, upper or lower level, must be completed at USF, and At least 12 credit hours of major-applicable, upper-level natural science courses must be completed at USF.

College Academic Residency Requirement - Interdisciplinary majors do not have an additional college academic resident requirement.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

OTHER PROGRAM INFORMATION

General Electives. Courses over and above the required courses should be taken to complete a 120 hour program. Additional courses in computer programming, economics, management, engineering, statistics, writing, and other applied disciplines are strongly recommended to strengthen the degree for subsequent professional employment.

Transfer Credit: It is strongly recommended that students transferring from community/state colleges to the University of South Florida complete whole sequences of chemistry courses, such as general and organic chemistry, before they transfer. Even though courses may carry the same common course number, topics covered may vary significantly from school to school.

OTHER REQUIREMENTS

No duplicate credit allowed.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

BACHELOR’S/MASTER’S PATHWAYS

Students majoring in Biomedical Sciences have the option to pursue one of the following Bachelor’s/Master’s Pathways:

   B.S. Biomedical Sciences/PharmD Pharmacy

For more information, see the Graduate Catalog.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

CHEMISTRY B.A.

TOTAL DEGREE HOURS: 120

The Chemistry B.A. gives students exposure to analytical, inorganic, organic and physical chemistry while providing the flexibility to take additional elective courses. Students interested in professional, law, or graduate school or those who anticipate working in careers related to secondary education or business will find this degree attractive. The B.A. student whose goals include graduate study should supplement this curriculum by addition and/or substitution of a selection of advanced courses from the B.S. program. The Bachelor of Arts in Chemistry provides opportunities for curricula individually tailored to meet many career objectives.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- (CHM X045 and CHM X045L) or (CHM X040 and CHM X041) or CHM X045C - 4-6 credit hours
- (CHM X046 and CHM X046L) or CHM X046C - 4 credit hours
- MAC X311 or MAC X281 - 4 credit hours
- MAC X312 or MAC X282 - 4 credit hours
- [(CHM X210 and CHM X210L) and (CHM X211 and X211L)] or (CHM X210C and CHM X211C) - 10 credit hours
- [(PHY X048 and PHY X048L)* and (PHY X049 and PHY X049L)*] or (PHY X048C and PHY X049C)* or [(PHY X053 and PHY X053L)** and (PHY X054 and PHY X054L)**] or (PHY X053C and PHY X054C)** - 8-10 credit hours

* The PHY X048 and PHY X049 sequence is required for the Bachelor in Science degree. It is an option for the Bachelor in Arts degree.

** The PHY X053 and PHY X054 sequence is not accepted for the Bachelor in Science degree.
The following courses are prerequisite and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student’s final semester.

MAC 2311 - Calculus I Credit(s): 4 *
MAC 2312 - Calculus II Credit(s): 4 *

*MAC 2281 - Engineering Calculus I is accepted for MAC 2311 - Calculus I and MAC 2282 - Engineering Calculus II is accepted for MAC 2312 - Calculus II.

Students must complete one of the below Physics sequences for a total of 8 credit hours:

PHY 2053 - General Physics I Credit(s): 3
PHY 2053L - General Physics I Laboratory Credit(s): 1
PHY 2054 - General Physics II Credit(s): 3
PHY 2054L - General Physics II Laboratory Credit(s): 1

or

PHY 2048 - General Physics I - Calculus Based Credit(s): 3
PHY 2048L - General Physics I Laboratory Credit(s): 1
PHY 2049 - General Physics II - Calculus Based Credit(s): 3
PHY 2049L - General Physics II Laboratory Credit(s): 1

*Notes: PHY 2060 - Enriched General Physics I with Calculus may substitute for PHY 2048 - General Physics I - Calculus Based requirement. PHY 2061 - Enriched General Physics II with Calculus may substitute for PHY 2049 - General Physics II - Calculus Based requirement.

In addition to the above requirements, students choosing to complete the Biochemistry/Biotechnology Concentration must also complete the following two courses:

BSC 2010 - Cellular Processes Credit(s): 3
BSC 2010L - Cellular Processes Laboratory Credit(s): 1

REQUIRED COURSES: 22 CREDIT HOURS

MAJOR CORE (22 HOURS)

CHM 2045 - General Chemistry I Credit(s): 3
CHM 2045L - General Chemistry I Laboratory Credit(s): 1
CHM 2046 - General Chemistry II Credit(s): 3
CHM 2046L - General Chemistry II Laboratory Credit(s): 1
CHM 2210 - Organic Chemistry I Credit(s): 3
CHM 2210L - Organic Chemistry Laboratory I Credit(s): 2
CHM 2211 - Organic Chemistry II Credit(s): 3
CHM 2211L - Organic Chemistry Laboratory II Credit(s): 2
CHM 3120C - Elementary Analytical Chemistry Credit(s): 4

MAJOR (RESTRICTED) ELECTIVES: (25 CREDIT HOURS)

Students complete either a General Chemistry program of study or a Biochemistry/Biotechnology concentration.
GENERAL CHEMISTRY COURSES: 25 CREDIT HOURS

REQUIRED COURSES (4 COURSES; 11 CREDIT HOURS)

CHM 3610 - Intermediate Inorganic Chemistry Credit(s): 3
CHM 3610L - Intermediate Inorganic Chemistry Laboratory Credit(s): 1
CHM 4410 - Physical Chemistry I Credit(s): 4
CHM 4413 - Biophysical Chemistry Credit(s): 3

MAJOR ELECTIVES (6 CREDIT HOURS)

Students must choose six (6) credit hours of coursework at 3000-level or above; may not include more than 1 hour of CHM 4970.

BCH 3023L - Basic Biochemistry Laboratory Credit(s): 2
BCH 4033 - Advanced Biochemistry I Credit(s): 3
BCH 4034 - Advanced Biochemistry II Credit(s): 3
CHM 3415C - Physical Chemistry Methods Credit(s): 4
CHM 4060 - Use of Chemical Literature Credit(s): 1
CHM 4070 - Historical Perspectives in Chemistry Credit(s): 3
CHM 4130C - Methods of Instrument Analysis Credit(s): 4
CHM 4131C - Methods of Chemical Investigation II Credit(s): 4
CHM 4230 - Spectroscopic Analysis of Organic Compounds Credit(s): 3
CHM 4274 - Introduction to Drug Discovery Credit(s): 3
CHM 4292 - Introduction to Medicinal Chemistry Credit(s): 3
CHM 4300 - Biomolecules I Credit(s): 3
CHM 4307 - Bio-Orgaic Chemistry Credit(s): 3
CHM 4410L - Physical Chemistry Laboratory Credit(s): 1
CHM 4411 - Physical Chemistry II Credit(s): 4
CHM 4455 - Chemistry of High Polymers Credit(s): 3
CHM 4611 - Advanced Inorganic Chemistry Credit(s): 3
CHM 4932 - Selected Topics in Chemistry Credit(s): 1-3 *
CHM 4970 - Undergraduate Research Credit(s): 1-3
CHS 4300 - Fundamentals of Clinical Chemistry Credit(s): 3
CHS 4301L - Clinical Laboratory Credit(s): 2

*Contact Advisor for approval of CHM 4932 Courses

REQUIRED NATURAL SCIENCE OR ENGINEERING ELECTIVES (8 CREDIT HOURS)

Students must choose eight (8) hours of required natural science or engineering electives from the following suggested list of courses.

BSC 2010 - Cellular Processes Credit(s): 3
and
BSC 2010L - Cellular Processes Laboratory Credit(s): 1
BSC 2011 - Biodiversity Credit(s): 3
and
BSC 2011L - Biodiversity Laboratory Credit(s): 1
GLY 2000L - Essentials of Geology Laboratory Credit(s): 1
GLY 2100 - History of Life Credit(s): 3
and
GLY 2100L - History of Life Laboratory Credit(s): 1
EVR 2001 - Introduction to Environmental Science Credit(s): 3
and
EVR 2001L - Environmental Science Lab Credit(s): 1
CGS 2060 - Introduction to Computers and Computer Programming Credit(s): 3
STA 2023 - Introductory Statistics Credit(s): 3

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

A C (2.0) or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

D/F POLICY

Effective Fall 2018, all students in the below listed programs must successfully complete the below science and math coursework without earning 3 D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major.

Furthermore, any student who requests a change of major to one offered in the below identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Any continuing student who was previously forced to select a different major based on previous versions of this policy may now be eligible to pursue the majors listed below, but only if they meet both the criteria described here as well as the Degree Progression Policy 10-505 criteria. Students who are able to complete one of the below majors by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception and should contact the School of Natural Sciences and Mathematics Advising Office for instructions.

Grade Forgiveness will NOT apply to the mandated requirement of changing majors. Included Departments/Divisions: Division of Health Professions Advising; Department of Chemistry; Department of Cell Biology, Microbiology and Molecular Biology; and Department of Integrative Biology. Included courses: BCH 3053; BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440; MAT 1033; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281; MAC 2282; MAC 2311; MAC 2312; MCB 3020; PCB 3023; PCB 3063; PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; STA 2023.

RESIDENCY REQUIREMENTS

Department Major Academic Residency Requirement - At least nine (9) hours of upper-level chemistry courses must be completed at USF.

College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF
RESEARCH OPPORTUNITIES

The Department of Chemistry offers the opportunity for students to participate in undergraduate research with Chemistry faculty. Students can apply for the Academic Research Experience for Undergraduates (REU) Program and find more information here: http://chemistry.usf.edu/undergraduate/reu/. Students who wish to enroll in an undergraduate research course with a Chemistry faculty member should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in a 0 credit research course. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Academic Advisors in the Department of Chemistry, as well as the Office for Undergraduate Research, can assist students in understanding the various course options.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, email ChemAdvise@usf.edu.

4 YEAR PLAN OF STUDY - CHEMISTRY B.A.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Items that are critical are marked with a ✳️ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

Chemist
Chemical Engineer
Chemistry Teacher, Secondary Education

Potential Entry Level Salary Range:

$30,000 - $55,000

YEAR 1

SEMICESTER 1 (FALL)

ENC 1101 - Composition I Credit(s): 3SGEH - General Education Core Humanities Credit(s): 3

CHEMISTRY B.A., WITH BIOCHEMISTRY/BIOTECHNOLOGY CONCENTRATION

TOTAL DEGREE HOURS: 120

The Biochemistry/Biotechnology concentration offers a unique opportunity for students to pursue later studies and/or professional emphasis in Biochemistry and Biotechnology along with a strong foundation in the chemical knowledge and skills that are essential to these areas.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx

Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx

International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

CHEMISTRY B.A.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

(CHM X045 and CHM X045L) or (CHM X040 and CHM X041) or CHM X045C - 4-6 credit hours
(CHM X046 and CHM X046L) or CHM X046C - 4 credit hours
MAC X311 or MAC X281 - 4 credit hours
MAC X312 or MAC X282 - 4 credit hours
[(CHM X210 and CHM X210L) and (CHM X211 and X211L)] or (CHM X210C and CHM X211C) - 10 credit hours
[(PHY X048 and PHY X048L)* and (PHY X049 and PHY X049L)*] or (PHY X048C and PHY X049C)* or [(PHY X053 and PHY X053L)** and (PHY X054 and PHY X054L)**] or (PHY X053C and PHY X054C)** - 8-10 credit hours

* The PHY X048 and PHY X049 sequence is required for the Bachelor in Science degree. It is an option for the Bachelor in Arts degree.

** The PHY X053 and PHY X054 sequence is not accepted for the Bachelor in Science degree.
REQUIRED SUPPORTING COURSE FOR THE MAJOR (16-20 CREDIT HOURS)

The following courses are prerequisite and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

MAC 2311 - Calculus I Credit(s): 4 *
MAC 2312 - Calculus II Credit(s): 4 *

*MAC 2281 - Engineering Calculus I is accepted for MAC 2311 - Calculus I and MAC 2282 - Engineering Calculus II is accepted for MAC 2312 - Calculus II.

Students must complete one of the below Physics sequences for a total of 8 credit hours:

PHY 2053 - General Physics I Credit(s): 3
PHY 2053L - General Physics I Laboratory Credit(s): 1
PHY 2054 - General Physics II Credit(s): 3
PHY 2054L - General Physics II Laboratory Credit(s): 1

or

PHY 2048 - General Physics I - Calculus Based Credit(s): 3
PHY 2048L - General Physics I Laboratory Credit(s): 1
PHY 2049 - General Physics II - Calculus Based Credit(s): 3
PHY 2049L - General Physics II Laboratory Credit(s): 1

*Notes: PHY 2060 - Enriched General Physics I with Calculus may substitute for PHY 2048 - General Physics I - Calculus Based requirement. PHY 2061 - Enriched General Physics II with Calculus may substitute for PHY 2049 - General Physics II - Calculus Based requirement.

In addition to the above requirements, students choosing to complete the Biochemistry/Biotechnology Concentration must also complete the following two courses:

BSC 2010 - Cellular Processes Credit(s): 3
BSC 2010L - Cellular Processes Laboratory Credit(s): 1

REQUIRED COURSES: 22 CREDIT HOURS

MAJOR CORE (22 HOURS)

CHM 2045 - General Chemistry I Credit(s): 3
CHM 2045L - General Chemistry I Laboratory Credit(s): 1
CHM 2046 - General Chemistry II Credit(s): 3
CHM 2046L - General Chemistry II Laboratory Credit(s): 1
CHM 2210 - Organic Chemistry I Credit(s): 3
CHM 2210L - Organic Chemistry Laboratory I Credit(s): 2
CHM 2211 - Organic Chemistry II Credit(s): 3
CHM 2211L - Organic Chemistry Laboratory II Credit(s): 2
CHM 3120C - Elementary Analytical Chemistry Credit(s): 4

MAJOR (RESTRICTED) ELECTIVES: (25 CREDIT HOURS)

Students complete either a General Chemistry program of study or a Biochemistry/Biotechnology concentration.

BIOCHEMISTRY/BIOTECHNOLOGY CONCENTRATION COURSES: 21 CREDIT HOURS

REQUIRED CONCENTRATION COURSES (5 COURSES: 12 CREDIT HOURS)

BCH 3023L - Basic Biochemistry Laboratory Credit(s): 2
BCH 4033 - Advanced Biochemistry I Credit(s): 3
BCH 4034 - Advanced Biochemistry II Credit(s): 3
PCB 3023 - Cell Biology Credit(s): 3
PCB 3023L - Cell Biology Laboratory Credit(s): 1
CONCENTRATION ELECTIVES (9 CREDIT HOURS)

Students must choose nine (9) credit hours of coursework at 3000-level or above; may not include more than 1 credit hour of CHM 4970.

- CHM 3415C - Physical Chemistry Methods Credit(s): 4
- CHM 3610 - Intermediate Inorganic Chemistry Credit(s): 3
- CHM 3610L - Intermediate Inorganic Chemistry Laboratory Credit(s): 1

- CHM 4411 - Physical Chemistry II Credit(s): 4
- CHM 4413 - Biophysical Chemistry Credit(s): 3
- CHM 4455 - Chemistry of High Polymers Credit(s): 3
- CHM 4932 - Selected Topics in Chemistry Credit(s): 1-3 *
  *Contact Advisor for approval of CHM 4932 Courses
- CHM 4970 - Undergraduate Research Credit(s): 1-3

CHEMISTRY B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

- Major GPA (All USF courses which are applied to major requirements): 2.0
- General Education GPA (All USF courses which are applied to General Education requirements): 2.0
- USF GPA: 2.0
- Overall GPA 2.0

GRADING REQUIREMENTS

A C (2.0) or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

D/F POLICY

Effective Fall 2018, all students in the below listed programs must successfully complete the below science and math coursework without earning 3 D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major.

Furthermore, any student who requests a change of major to one offered in the below identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Any continuing student who was previously forced to select a different major based on previous versions of this policy may now be eligible to pursue the majors listed below, but only if they meet both the criteria described here as well as the Degree Progression Policy 10-505 criteria. Students who are able to complete one of the below majors by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception and should contact the School of Natural Sciences and Mathematics Advising Office for instructions.
Grade Forgiveness will NOT apply to the mandated requirement of changing majors. Included Departments/Divisions: Division of Health Professions Advising; Department of Chemistry; Department of Cell Biology, Microbiology and Molecular Biology; and Department of Integrative Biology. Included courses: BCH 3053; BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440; MAT 1033; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281, MAC 2282, MAC 2311; MAC 2312; MCB 3020; PCB 3023; PCB 3063; PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; STA 2023.

RESIDENCY REQUIREMENT

Department Major Academic Residency Requirement - At least nine (9) hours of upper-level chemistry courses must be completed at USF.

College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

RESEARCH OPPORTUNITIES

The Department of Chemistry offers the opportunity for students to participate in undergraduate research with Chemistry faculty. Students can apply for the Academic Research Experience for Undergraduates (REU) Program and find more information here: http://chemistry.usf.edu/undergraduate/reu/. Students who wish to enroll in an undergraduate research course with a Chemistry faculty member should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in a 0 credit research course. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Academic Advisors in the Department of Chemistry, as well as the Office for Undergraduate Research, can assist students in understanding the various course options.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx

CHEMISTRY B.S.

TOTAL DEGREE HOURS: 120

The Bachelor of Science in Chemistry is designed for students wishing to continue with graduate training in chemistry and closely allied disciplines and the degree is certified by the American Chemical Society. The Bachelor of Science in Chemistry provides a firm foundation in all five disciplines of chemistry: organic, physical chemistry, inorganic, analytical and biochemistry. Students interested in research, the pursuit of an advanced degree, employment in the chemical industry, or who want to teach at the secondary education level may find this degree attractive. The curriculum for the B.S. degree in Chemistry meets the requirements for degree certification by the American Chemical Society.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

  - **Freshman**: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
  - **Transfer**: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
  - **International**: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

  - Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.(CHM X045 and CHM X045L) or (CHM X040 and CHM X041) or CHM X045C - 4-6 credit hours
  - (CHM X046 and CHM X046L) or CHM X046C - 4 credit hours
  - MAC X311 or MAC X281 - 4 credit hours
  - MAC X312 or MAC X282 - 4 credit hours
  - [(CHM X210 and CHM X210L) and (CHM X211 and X211L)] or (CHM X210C and CHM X211C) - 10 credit hours
  - [(PHY X048 and PHY X048L)* and (PHY X049 and PHY X049L)] or (PHY X048C and PHY X049C)* or [(PHY X053 and PHY X053L)** and (PHY X054 and PHY X054L)**] or (PHY X053C and PHY X054C)** - 8 credit hours

* The PHY X048 and PHY X049 sequence is required for the Bachelor in Science degree. It is an option for the Bachelor in Arts degree.

** The PHY X053 and PHY X054 sequence is not accepted for the Bachelor in Science degree.
REQUIRED SUPPORTING COURSES FOR THE MAJOR (22 CREDIT HOURS)

The following courses are prerequisite and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

MAC 2311 - Calculus I Credit(s): 4 and MAC 2312 - Calculus II Credit(s): 4
or
MAC 2281 - Engineering Calculus I Credit(s): 4 and MAC 2282 - Engineering Calculus II Credit(s): 4
PHY 2048 - General Physics I - Calculus Based Credit(s): 3 (PHY 2060 - Enriched General Physics I with Calculus may substitute for PHY 2048) and PHY 2048L - General Physics I Laboratory Credit(s): 1
PHY 2049 - General Physics II - Calculus Based Credit(s): 3 (PHY 2061 - Enriched General Physics II with Calculus may substitute for PHY 2049) and PHY 2049L - General Physics II Laboratory Credit(s): 1
BSC 2010 - Cellular Processes Credit(s): 3
One 3000-level Natural Science or Engineering course (PHY 3101 suggested)
or One 2000-level Natural Science course (BSC 2011, GLY 2010, GLY 2100, EVR 2001)

TOTAL MAJOR HOURS: 54

MAJOR CORE (54 CREDIT HOURS)

The required sequence of Chemistry courses should be started immediately in the freshman year; the mathematics and physics requirements should be completed before the junior year as preparation for CHM 4410 Physical Chemistry I (B.S. degree), a course which is to be taken in the third year. CHM 4410 is a prerequisite to other advanced courses required for the B.S. degree in chemistry. Students are strongly encouraged to complete CHM 3415C prior to their registration in CHM 4410.

Students are required to complete 54 credits of degree applicable Chemistry coursework.

CHM 2045 - General Chemistry I Credit(s): 3
CHM 2045L - General Chemistry I Laboratory Credit(s): 1
CHM 2046 - General Chemistry II Credit(s): 3
CHM 2046L - General Chemistry II Laboratory Credit(s): 1
CHM 2210 - Organic Chemistry I Credit(s): 3
CHM 2210L - Organic Chemistry Laboratory I Credit(s): 2
CHM 2211 - Organic Chemistry II Credit(s): 3
CHM 2211L - Organic Chemistry Laboratory II Credit(s): 2
BCH 4033 - Advanced Biochemistry I Credit(s): 3
CHM 3120C - Elementary Analytical Chemistry Credit(s): 4
CHM 3415C - Physical Chemistry Methods Credit(s): 4
CHM 3610 - Intermediate Inorganic Chemistry Credit(s): 3
CHM 3610L - Intermediate Inorganic Chemistry Laboratory Credit(s): 1
CHM 4060 - Use of Chemical Literature Credit(s): 1
CHM 4130C - Methods of Instrument Analysis Credit(s): 4
CHM 4131C - Methods of Chemical Investigation II Credit(s): 4
CHM 4410 - Physical Chemistry I Credit(s): 4
CHM 4410L - Physical Chemistry Laboratory Credit(s): 1
CHM 4411 - Physical Chemistry II Credit(s): 4
CHM 4611 - Advanced Inorganic Chemistry Credit(s): 3

GRADING REQUIREMENTS

A grade of C (2.0) or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

D/F POLICY
Effective Fall 2018, all students in the below listed programs must successfully complete the below science and math coursework without earning 3 D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major.

Furthermore, any student who requests a change of major to one offered in the below identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Any continuing student who was previously forced to select a different major based on previous versions of this policy may now be eligible to pursue the majors listed below, but only if they meet both the criteria described here as well as the Degree Progression Policy 10-505 criteria. Students who are able to complete one of the below majors by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception and should contact the School of Natural Sciences and Mathematics Advising Office for instructions.

Grade Forgiveness will NOT apply to the mandated requirement of changing majors. Included Departments/Divisions: Division of Health Professions Advising; Department of Chemistry; Department of Cell Biology, Microbiology and Molecular Biology; and Department of Integrative Biology. Included courses: BCH 3053; BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440; MAT 1033; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281, MAC 2282, MAC 2311; MAC 2312; MCB 3020; PCB 3023; PCB 3063; PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; STA 2023.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0 General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

Residency Requirements

Department Major Academic Residency Requirement - At least Nine (9) hours of upper-level chemistry courses must be completed at USF.

College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

OTHER PROGRAM INFORMATION

General Electives. Courses over and above the required courses should be taken to complete a 120 hour program. Additional courses in computer programming, economics, management, engineering, statistics, writing, and other applied disciplines are strongly recommended to strengthen the degree for subsequent professional employment.

Transfer Credit: It is strongly recommended that students transferring from community/state colleges to the University of South Florida complete whole sequences of chemistry courses, such as general and organic chemistry, before they transfer. Even though courses may carry the same common course number, topics covered may vary significantly from school to school.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student’s official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.
USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx

Total Credit Hours: 12
INTERDISCIPLINARY NATURAL SCIENCES B.S.

TOTAL DEGREE HOURS: 120

The Interdisciplinary Natural Sciences degree serves the academic and career goals of undergraduate students who seek a broad education in the Natural Sciences (Biology, Chemistry, Physics, Mathematics, Geology). Students select a sequence of upper-level courses based on career goals, choosing three of the five natural science areas. Students interested in secondary education, public health, and other fields may choose this degree.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students desiring to transfer to USF should complete an A.A. degree at a Florida College System institution. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the University’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

There are no specified common prerequisites for this major. All Florida College System students are encouraged to complete the Associate degree. Students should consult with an academic advisor in their major degree area at the intended transfer institution.

TOTAL MAJOR HOURS: 62-64

MAJOR CORE (38-40 CREDIT HOURS)

**TIER 1**

Two introductory courses in each of the five (5) natural sciences areas: Mathematics, Physics, Chemistry, Biology, Geology. Choose from the following courses:

**MATHEMATICS COURSES**

- MAC 2241 - Life Sciences Calculus I Credit(s): 3 (*MAC 2311 and MAC 2312 are also acceptable for the major.)
- MAC 2242 - Life Sciences Calculus II Credit(s): 3 (*MAC 2281 and MAC 2282 are also acceptable for the major.)
- or
- STA 2023 - Introductory Statistics I Credit(s): 3

**BIOLOGY COURSES**

- BSC 2010 - Cellular Processes Credit(s): 3
- BSC 2010L - Cellular Processes Laboratory Credit(s): 1
- BSC 2011 - Biodiversity Credit(s): 3
- BSC 2011L - Biodiversity Laboratory Credit(s): 1

**CHEMISTRY COURSES**
CHM 2045 - General Chemistry I Credit(s): 3
CHM 2045L - General Chemistry I Laboratory Credit(s): 1
CHM 2046 - General Chemistry II Credit(s): 3
CHM 2046L - General Chemistry II Laboratory Credit(s): 1

GEOLOGY COURSES
GLY 2010 - Dynamic Earth: Introduction to Physical Geology Credit(s): 3
GLY 2000L - Essentials of Geology Laboratory Credit(s): 1
GLY 2100 - History of Life Credit(s): 3
GLY 2100L - History of Life Laboratory Credit(s): 1

PHYSICS COURSES
PHY 2053 - General Physics I Credit(s): 3
PHY 2053L - General Physics I Laboratory Credit(s): 1
PHY 2054 - General Physics II Credit(s): 3
PHY 2054L - General Physics II Laboratory Credit(s): 1

or
PHY 2048 - General Physics I - Calculus Based Credit(s): 3 (PHY 2060 - Enriched General Physics I with
Calculus may substitute for PHY 2048)
PHY 2048L - General Physics I Laboratory Credit(s): 1
PHY 2049 - General Physics II - Calculus Based Credit(s): 3 (PHY 2061 - Enriched General Physics II with
Calculus may substitute for PHY 2049)
PHY 2049L - General Physics II Laboratory Credit(s): 1

MAJOR ELECTIVES (24 CREDIT HOURS)

TIER 2

Students are required to complete a minimum total of 24 credit hours. A minimum of 6 credit hours of structured,
upper-level (3000-level or higher) courses in three of the five natural sciences areas is required. The remaining six
credits of upper-level courses can be taken in any of the three Tier 2 Natural Science areas that the student has
selected. All Tier 2 courses in the sciences will be selected by the individual student, but must be chosen from the list
of courses approved for department major credit.

GPA REQUIREMENTS

Major GPA (all USF courses which are applied to major requirements): 2.0
Gen Ed GPA (all USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENT

Students must achieve a C (2.0) or better to meet major course requirements unless specified elsewhere.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into
higher level courses.

D/F POLICY

D/F Policy: The following three departments, the Department of Chemistry, the Department of Cell Biology,
Microbiology and Molecular Biology and the Department of Integrative Biology have instituted a procedure to provide
students with the best opportunity to progress toward their degree requirements.

Effective Fall 2018, all students in the below listed programs must successfully complete the below science and math
coursework without earning 3 D and/or F grades. Students unable to successfully complete these courses within
these prescribed parameters will be required to select a different major and will not be permitted to take any
additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by
these departments will be dependent on students meeting the prescribed parameters regardless of their major.
Furthermore, any student who requests a change of major to one offered in the below identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Any continuing student who was previously forced to select a different major based on previous versions of this policy may now be eligible to pursue the majors listed below, but only if they meet both the criteria described here as well as the Degree Progression Policy 10-505 criteria. Students who are able to complete one of the below majors by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception and should contact the School of Natural Sciences and Mathematics Advising Office for instructions.

Grade Forgiveness will NOT apply to the mandated requirement of changing majors. Included Departments/Divisions: Division of Health Professions Advising; Department of Chemistry; Department of Cell Biology, Microbiology and Molecular Biology; and Department of Integrative Biology. Included courses: BCH 3053; BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440; MAT 1033; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281, MAC 2282, MAC 2311; MAC 2312; MCB 3020; PCB 3023; PCB 3063; PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; STA 2023.

**RESIDENCY REQUIREMENT**

**Department Major Academic Residency Requirement** - at least 12 credit hours of major-applicable, upper-level natural science courses must be completed at USF.

**College Academic Residency Requirement** - Interdisciplinary majors do not have an additional college academic resident requirement.

**USF Academic Residency Requirement** - 30 of the last 60 hours earned must be from USF.

**RESEARCH OPPORTUNITIES**

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

**ADVISING INFORMATION**

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

Apply for Graduation

Total Credit Hours: 14
MEDICAL TECHNOLOGY B.S.

TOTAL DEGREE HOURS: 120

The University of South Florida offers a four-year program leading to the Bachelor of Science degree in Medical Technology. The first three years are completed on campus; the fourth year (12 months) is completed at one of three affiliated hospitals in Florida, located in Tampa, St. Petersburg, and Jacksonville. Admission to the fourth year is limited by the number of openings in affiliated hospitals and, at the present time, is competitive. Selection for the clinical program is made by the hospitals and students not admitted to a clinical program will need to select an alternate degree. Generally, hospitals require a minimum GPA of 2.50 to a 2.75, and our students admitted to clinical programs in recent years have had a mean GPA of 3.4 or higher. Students successfully completing this program will be granted a Bachelor of Science degree in Medical Technology.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- **BSC X010C or BSC X011C or (BSC X010 and BSC X010L) or (BSC X011 and BSC X011L)** - 4 credit hours
- **BSC X093C or BSC X085C or ZOO X733C or (BSC X093 and BSC X093L) or (BSC X085 and BSC X085L) or (ZOO X733 and ZOO X733L) or (ZOO X731 and ZOO X731L)** - 4 credit hours
- **BSC X094C or BSC X086C or PCB X703C or (BSC X094 and BSC X094L) or (BSC X086 and BSC X086L) or (PCB X703 and PCB X703L) or (PCB X134 and PCB X134L)** - 4 credit hours
- **CHM X045C or (CHM X045 and CHM X045L)** - 4 credit hours
- **CHM X046C or (CHM X046 and CHM X046L)** - 4 credit hours
- **CHM X210C or (CHM X210 and CHM X210L)** - 5 credit hours
- **CHM X211C or (CHM X211 and CHM X211L)** - 5 credit hours
- **MCB X013C or MCB X020C or MCB X010C or (MCB X020 and MCB X020L) or (MCB X023 and MCB X023L) or (MCB X010 and MCB X010L)** - 4 credit hours

CLINICAL TRAINING

Upon successful completion of this curriculum and acceptance by one of the affiliated hospitals, the student will complete twelve (12) continuous months of training at that hospital. Hospital programs begin in July or early August each year and some hospitals also have programs beginning in January. During this clinical training, the student will continue to be registered as a full-time student at the University and will receive a total of 30 credit hours of coursework in the following courses, which will be taught at the hospital.

MLS 4038  - Introduction to Medical Technology  Credit(s): 1-2  
MLS 4860  - Clinical Urinalysis and Body Fluids  Credit(s): 2  
MLS 4861  - Clinical Immunology  Credit(s): 2  
MLS 4862  - Clinical Hematology  Credit(s): 6  
MLS 4863  - Clinical Microbiology  Credit(s): 6  
MLS 4864  - Clinical Chemistry  Credit(s): 6  
MLS 4865  - Clinical Immunohematology  Credit(s): 6  
MLS 4866  - Clinical Laboratory Management and Education  Credit(s): 1  

GPA REQUIREMENTS
COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2021-2022 UNDERGRADUATE CATALOG

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A C (2.0) or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

D/F POLICY

Effective Fall 2018, all students in the below listed programs must successfully complete the below science and math coursework without earning 3 D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major.

Furthermore, any student who requests a change of major to one offered in the below identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Any continuing student who was previously forced to select a different major based on previous versions of this policy may now be eligible to pursue the majors listed below, but only if they meet both the criteria described here as well as the Degree Progression Policy 10-505 criteria. Students who are able to complete one of the below majors by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception and should contact the School of Natural Sciences and Mathematics Advising Office for instructions.

Grade Forgiveness will NOT apply to the mandated requirement of changing majors. Included Departments/Divisions: Division of Health Professions Advising; Department of Chemistry; Department of Cell Biology, Microbiology and Molecular Biology; and Department of Integrative Biology. Included courses: BCH 3053; BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281, MAC 2282, MAC 2311; MAC 2312; MCB 3020; PCB 3023; PCB 3063; PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; STA 2023.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

OTHER PROGRAM INFORMATION

All courses required for admission to the clinical program must be completed prior to beginning the clinical year. These requirements include:

- A minimum of 90 semester hours (excluding physical education).
- All university Enhanced General Education or FKL Liberal Arts requirements.
- State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math).
- All sciences and mathematics requirements listed below, including common prerequisites and those specific to USF, with a "C" or higher in each course.

General Electives. Courses over and above the required courses should be taken to complete a 120 hour program. Additional courses in computer programming, economics, management, engineering, statistics, writing, and other applied disciplines are strongly recommended to strengthen the degree for subsequent professional employment.

Transfer Credit: It is strongly recommended that students transferring from community/state colleges to the University of South Florida complete whole sequences of chemistry courses, such as general and organic chemistry, before they transfer. Even though courses may carry the same common course number, topics covered may vary significantly from school to school.
Effective Fall 2018, all students in the below listed programs must successfully complete the below science and math coursework without earning 3 D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major.

Furthermore, any student who requests a change of major to one offered in the below identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Any continuing student who was previously forced to select a different major based on previous versions of this policy may now be eligible to pursue the majors listed below, but only if they meet both the criteria described here as well as the Degree Progression Policy 10-505 criteria. Students who are able to complete one of the below majors by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception and should contact the School of Natural Sciences and Mathematics Advising Office for instructions. Grade Forgiveness will NOT apply to the mandated requirement of changing majors.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

HSC 4504 - Foundations of Public Health Immunology Credit(s): 3
or PCB 4234 - Principles of Immunology Credit(s): 3
BCH 3053 - General Biochemistry Credit(s): 3
STA 2023 - Introductory Statistics I Credit(s): 3
General Elective Credit(s): 4

Total Credit Hours: 16

SEMESTER 3 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 2

SEMESTER 4 (FALL)

MLS 4862 - Clinical Hematology Credit(s): 6
MLS 4865 - Clinical Immunohematology Credit(s): 6

Total Credit Hours: 12

SEMESTER 5 (SPRING)

MLS 4864 - Clinical Chemistry Credit(s): 6
MLS 4863 - Clinical Microbiology Credit(s): 6

Total Credit Hours: 12

SEMESTER 6 (SUMMER)

MLS 4038 - Introduction to Medical Technology Credit(s): 1-2 Students take this course for 1 credit hour.
MLS 4860 - Clinical Urinalysis and Body Fluids Credit(s): 2
MLS 4861 - Clinical Immunology Credit(s): 2
MLS 4866 - Clinical Laboratory Management and Education Credit(s): 1

Total Credit Hours: 6
CHEMISTRY MINOR

The Chemistry minor provides a broad and general exposure to the traditional areas of the chemical sciences. This minor is a natural companion to careers in biology, physics, geology, environmental science, genetics, science education, etc. A science minor is an excellent credential in the eyes of future employers and enhances opportunities for students interested in medical, allied health or other professional schools.

TOTAL MINOR CREDIT HOURS: 27

MINOR CORE CREDIT HOURS: 18

- CHM 2045 - General Chemistry I Credit(s): 3
- CHM 2045L - General Chemistry I Laboratory Credit(s): 1
- CHM 2046 - General Chemistry II Credit(s): 3
- CHM 2046L - General Chemistry II Laboratory Credit(s): 1
- CHM 2210 - Organic Chemistry I Credit(s): 3
- CHM 2210L - Organic Chemistry Laboratory I Credit(s): 2
- CHM 2211 - Organic Chemistry II Credit(s): 3
- CHM 2211L - Organic Chemistry Laboratory II Credit(s): 2

- CHM 4932 - Selected Topics in Chemistry Credit(s): 1-3
- CHS 4300 - Fundamentals of Clinical Chemistry Credit(s): 3

GPA REQUIREMENT

A 2.0 GPA is required for the minor.
GRADING REQUIREMENT

A grade of C (2.0) or better is required for each course in the Chemistry minor. Courses in the chemistry minor must be taken with letter grade (A, B, C, D, F, I) except those courses which are graded S/U only.

A maximum of 3 credits of S/U coursework may be counted toward the minor.

OTHER REQUIREMENTS

Chemistry, Biomedical Sciences, Interdisciplinary Natural Sciences, Medical Technology majors and environmental Chemistry majors are not eligible for the minor in Chemistry. Students must complete a minimum of 6 credits and two courses exclusive to the minor that will not count toward the student's major or other minors. These credits/courses must be completed at USF and must be upper level courses.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

For questions, email usfsp-advising@usf.edu.
DEPARTMENT OF COMMUNICATION
COMMUNICATION B.A.
TOTAL DEGREE HOURS: 120

The Bachelor of Arts in Communication is a liberal arts degree that prepares students to communicate effectively and ethically in personal and professional relationships and in both face-to-face and mediated contexts. More specifically this degree prepares students to:

- Collaborate, work, and lead in culturally-diverse teams and organizations;
- Develop advanced communication skills and competencies in oral, written, social media, and/or other forms of communication;
- Analyze and create messages, presentations, and persuasive communication strategies;
- Understand, build, and strengthen personal and professional identities and relationships;
- Study and critique culture and media including: media organizations, communication technologies, and mediated content (e.g., television, film, music, print, computer, Internet, and social media);
- Apply communication knowledge and related skills in one or more specialized contexts (e.g., health care; media; marketing; law; politics; profits and not-for-profits; government; public advocacy; social movements; religion; world cafés; public dialogues; performance; intimate and family relationships);
- Engage in undergraduate communication research; and
- Become active and productive U.S. and global citizens.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- SPC X608 Public Speaking - 3 credit hours
TOTAL MAJOR HOURS: 39

MAJOR CORE (27 CREDIT HOURS)

REQUIRED CORE COURSES (18 CREDIT HOURS)

There are six required core courses including one prerequisite and one department capstone. Once enrolled in the major, students should take the first five core courses listed below as early as possible and take the department capstone course [which also fulfills the University's Capstone Experience (CST) requirement] late in the students’ junior year or early in the students’ senior year.

- SPC 2608 - Public Speaking Credit(s): 3 (prerequisite for the Communication major)
- COM 2000 - Introduction to Communication Credit(s): 3 (students must take this course during their first semester in the major, if not taken previously)
- ORI 3004 - Communication as Performance Credit(s): 3
- SPC 3301 - Interpersonal Communication Credit(s): 3
- SPC 3544 - Persuasion and Media Credit(s): 3
- COM 4958 - Communication Senior Capstone Credit(s): 3 [or other Communication course approved as a University Capstone (CPST)]

REQUIRED DISTRIBUTION AREA COURSES (9 CREDIT HOURS)

Students must take one course in each of the three distribution areas (Communication and Human Relationships, Public Communication and Media, and Applied Communication) for a total of three courses.

COMMUNICATION AND HUMAN RELATIONSHIPS (SELECT ONE COURSE)

Communication and Human Relationships focuses on the role of communication in constructing, sustaining, and changing human relationships. This area includes the study of intimate relationships (family, friendships, and romantic); professional relationships (patient-health care provider); personal identity (self-awareness and personal narrative); verbal and nonverbal communication (talk, conversations, and writing); performance (performing literary and real-life relationships); and communication and cultural diversity (communicating across differences based on gender, sexuality/sexual orientation, race/ethnicity/nationality, social class, abilities, age/age cohorts, spirituality, and religion).

- COM 3014 - Communication, Gender and Identity Credit(s): 3
- COM 4030 - Women and Communication Credit(s): 3
- COM 4490 - Communication and Love Credit(s): 3
- COM 4702 - Communication, Language, and Mental Illness Credit(s): 3
- COM 4710 - Writing Lives Credit(s): 3
- ORI 4150 - Performing Nonfiction Credit(s): 3
- ORI 4460 - Performing Relationships Credit(s): 3
- SPC 3212 - Communication Theory Credit(s): 3
- SPC 3710 - Communication and Cultural Diversity Credit(s): 3
- SPC 4307 - Talk in Relationships Credit(s): 3
- SPC 4431 - Family Communication Credit(s): 3
- SPC 4701 - Intercultural Communication Credit(s): 3
- COM 3052 - Cultural Studies and Communication Credit(s): 3
Public Communication and Media focuses on the critical study and analyses of communication, culture, and media in the public sphere. Specific areas include media and media texts (television, film, music, print, Internet and social media), media literacy skills; culture, social institutions, and power; public opinion and memory; political discourse, social protest and social movements; and public performances of literature and other texts. Approaches include critical and cultural studies, rhetorical studies, performance studies, diversity studies (e.g., gender, race, and class), and culture and identity studies.

Applied Communication focuses on advanced communication skills, communication practice, and how communication practice in specialized contexts informs and is informed by communication theory and research. Advanced communication skills include leadership (working in teams and organizations); oral communication (interviewing, performing, public speaking, creating presentations); written, digital and electronic communication, and undergraduate research. The specialized contexts of “applied” communication includes for profit corporations, not-for-profit organizations, health care institutions, tourism, religious institutions, families, civic organizations and communities in both domestic and global settings.

Major Electives (12 Credit Hours)
ADDITIONAL DEPARTMENTAL ELECTIVES (12 CREDIT HOURS)

Students must take additional 3000- or 4000-level Communication courses to fulfill the remaining 12 hour elective requirement.

Please consult Catalog for full listing of Communication course titles, and consult Oasis for current SPC 4930 - Selected Topics courses. Faculty strongly recommend that students interested in a specialization within their major select and take at least 9 of these 12 elective hours within one of the three Department Distribution Areas: Communication and Human Relationships, Public Communication and Media, or Applied Communication.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

OTHER REQUIREMENTS

SERVICE LEARNING

SPC 4714 - Communication, Culture and Community Credit(s): 3

STATE COMMUNICATION (FORMERLY KNOWN AS GORDON RULE WRITING) COURSES

COM 4020 - Communicating Illness, Grief, and Loss Credit(s): 3 (Recommended)
COM 4030 - Women and Communication Credit(s): 3 (Recommended)
COM 4710 - Writing Lives Credit(s): 3 (Recommended)
SPC 3425 - Group Communication Credit(s): 3 (Recommended)

GLOBAL CITIZENS CERTIFIED COURSES (GCPC)

COM 2000 - Introduction to Communication Credit(s): 3
ORI 4019 - Performing Identity and Culture Credit(s): 3

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

OPTIONAL HONORS PROGRAM

The Honors Program in Communication provides an opportunity for exceptional undergraduate students in Communication to work closely with a faculty member in an intensive research experience. Each Honors student is required to complete and defend an undergraduate Honors Thesis. Application to the program ordinarily occurs during the second semester of the junior year or prior to completion of 90 semester hours. Students interested in the Honors Program should consult the department for further information about admission and program requirements.

Admission to the program is based on the student's overall academic record, performance in communication courses, and recommendations of faculty. To be admitted to the program, a student should have at least a 3.5 GPA in all Communication courses and a 3.0 cumulative GPA. Students are required to complete 3 hours of Honors Reading and 3 hours of Honors Thesis.
OTHER PROGRAM INFORMATION

Communication Career Pathways Information
Available on the Department of Communication website.

Student Organizations
- Lambda Pi Eta National Honorary Society
- Communication Council

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

COMMUNICATION MINOR

TOTAL MINOR HOURS: 18

The minor in Communication prepares students to communicate effectively and ethically in a variety of relationships and contexts (see description of the major). Students may choose to emphasize a particular area of study including human relationships, health communication, public communication, media and culture, public advocacy, performance, organizational communication, leadership, diversity, or applied communication.

MINOR REQUIREMENTS (18 CREDIT HOURS)

The minor in Communication requires a minimum of 18 hours of departmental coursework.

MINOR ELECTIVES (12 CREDIT HOURS)

Twelve credit hours may be selected from among departmental offerings and must include a minimum of 6 hours at the 3000-level or higher.

GPA REQUIREMENTS

A grade point average of 2.0 minimum is required for this minor.

GRADING REQUIREMENT

A grade of "C-minus" is required for a departmental course to count toward a Communication minor. Courses may not be taken S/U where a grade option exists.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx

DEPARTMENT OF ECONOMICS
ECONOMETRICS AND QUANTITATIVE ECONOMICS B.S.

TOTAL DEGREE HOURS: 120

The B.S. in Econometrics and Quantitative Economics is a baccalaureate degree focusing on the more analytical and applied aspects of economics, including forecasting, program and business evaluation, benefit/cost analysis and economic impact analysis.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx

Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx

International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- ECO X013 and ECO X023 or ECO XXXX and ECO XXXX - 3 credit hours each for 6 total credit hours

If transfer students do not take ECO 2013 and ECO 2023 to meet the State Mandated Common Prerequisite courses, they will be expected to complete ECO 2013 and ECO 2023 prior to taking upper-level Economics courses.

TOTAL MAJOR HOURS: 27

MAJOR CORE (6 COURSES; 18 CREDIT HOURS)

- ECO 1000 - Basic Economics (if taken before both ECO 2013 - Economic Principles (Macroeconomics) and ECO 2023 - Economic Principles (Microeconomics)) if student receives a C- or better may be substituted for a maximum of 3 hours of upper level elective credit.

- MAC 2233 - Business Calculus or MAC 2311 - Calculus I (or the equivalent) is an acceptable substitute for ECO 2052 - Analytical Tools for Economists.

- QMB 3200 - Business and Economic Statistics II is an acceptable substitute for STA 2023 - Introductory Statistics I.

- ECO 2052 - Analytical Tools for Economists, MAC 2233 - Business Calculus, or MAC 2311 - Calculus I (or the equivalent) must be taken as a prerequisite for ECO 3101 - Intermediate Price Theory and ECO 3203 - Intermediate Macroeconomics.
ECP 3703 - Managerial Economics may be substituted for ECO 3101 - Intermediate Price Theory. Students may not take both for credit.

ECO 2052 - Analytical Tools for Economists Credit(s): 3  
ECO 3101 - Intermediate Price Theory Credit(s): 3

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENT

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

COURSE GRADE REQUIREMENT

Students must obtain a grade of "C-" or higher in ECO 3101 or ECP 3703 in order to enroll in any course for which ECO 3101 or ECP 3703 is a prerequisite. Some courses require a grade of "B-" or higher in ECO 3101 or ECP 3703.

D/F Policy

All students entering USF for the first time, in Fall 2012 or later, who earn 3 (three) D and/or F grades in any of the following courses at USF: ECO 2013, ECO 2023, ECO 3101, ECO 3203, STA 2023 (or QMB 2100 or QMB 3200) and ECO 2052 (or MAC 2233 or MAC 2311 or equivalent) will be required to change their major to a major more appropriate to their goals and academic performance, and to a major that is not conferred by the Department of Economics through the College of Arts and Sciences. All continuing USF students who entered USF prior to Fall 2012 and who have not earned any D or F grades in any of the following courses at USF: ECO 2013, ECO 2023, ECO 3101, ECO 3203, STA 2023 (or QMB 2100 or QMB 3200) and ECO 2052 (or MAC 2233 or MAC 2311 or equivalent) by the beginning of Fall 2012, will also be allowed 3 (three) D and/or F grades in those courses before being required to change their major to a major more appropriate to their goals and academic performance, and to a major that is not conferred by the Department of Economics through the College of Arts and Sciences.

All continuing USF students who entered USF prior to Fall 2012 and who have earned 1 (one) or more D or F grades in any of the following courses at USF: ECO 2013, ECO 2023, ECO 3101, ECO 3203, STA 2023 (or QMB 2100 or QMB 3200) and ECO 2052 (or MAC 2233 or MAC 2311 or equivalent) by the beginning of Fall 2012, will only be allowed 2 (two) more D and/or F grades in those courses before being required to change their major to a major more appropriate to their goals and academic performance, and to a major that is not conferred by the Department of Economics through the College of Arts and Sciences.

Grade Forgiveness will NOT apply to the mandated requirement of changing majors.

Appeals to the required change of major will be handled in the Economics Department and ONLY those students whose appeal is based on exceptional circumstances will be considered.

RESIDENCY REQUIREMENT

Department Major Academic Residency Requirement - Minimum of 18 hours of upper-level Economics coursework must be completed at USF.

College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

**COLLEGE OF ARTS & SCIENCES**

**ADVISING INFORMATION**

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

TOTAL DEGREE HOURS: 120

Economics offers a clear and logical way of thinking about complicated issues such as unemployment, inflation, pollution, and crime. The Department of Economics offers broad course choices allowing students to tailor their programs to provide training for professional careers in business, teaching, government, and law. Students interested in majoring or minoring in economics should contact the undergraduate advisor in the Department of Economics for more information.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- **Transfer**: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- **International**: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES (6 CREDIT HOURS)

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- ECO X000-X999 - 6 total credit hours

TOTAL MAJOR HOURS: 33

MAJOR CORE (6 COURSES; 18 CREDIT HOURS)

ECO 1000 (if taken before both ECO 2013 and ECO 2023) may be substituted for a maximum of 3 hours of Economics Elective credit.

ECP 3703 Managerial Economics may be substituted for ECO 3101. Students may not take both for credit.

Students may substitute QMB 3200 for STA 2023.

Students may substitute (MAC 2233 or MAC 2311 or an equivalent Calculus course) for ECO 2052.

- ECO 2013 - Economic Principles (Macroeconomics) **Credit(s): 3**
- ECO 2023 - Economic Principles (Microeconomics) **Credit(s): 3**
- ECO 3101 - Intermediate Price Theory **Credit(s): 3**
- ECO 3203 - Intermediate Macroeconomics **Credit(s): 3**
- ECO 2052 - Analytical Tools for Economists **Credit(s): 3**
- STA 2023 - Introductory Statistics I **Credit(s): 3**
MAJOR (RESTRICTED) ELECTIVES: (15 CREDIT HOURS)

Choose 5 courses (15 credit hours) of Economics electives numbered 3000 or higher from the list of potential elective courses.

Notes: No more than 3 hours credit hours of ECO 4914 - Independent Research may be applied toward the major.

- ECO 3622 - American Economic History Credit(s): 3
- ECO 3703 - International Economics Credit(s): 3
- ECO 4105 - Advanced Price Theory Credit(s): 3
- ECO 4201 - Advanced Macroeconomic Theory Credit(s): 3
- ECO 4270 - Economic Growth Credit(s): 3
- ECO 4303 - History of Economic Thought Credit(s): 3
- ECO 4400 - Game Theory and Economic Applications Credit(s): 3
- ECO 4401 - Introduction to Mathematical Economics Credit(s): 3
- ECO 4421 - Introduction to Econometrics Credit(s): 3
- ECO 4422 - Time Series Analysis and Forecasting Credit(s): 3
- ECO 4504 - Public Finance Credit(s): 3
- ECO 4704 - International Trade and Policy Credit(s): 3
- ECO 4713 - International Macroeconomics Credit(s): 3
- ECP 3125 - Economics of Inequality Credit(s): 3
- ECP 3201 - Economics of Women and Work Credit(s): 3
- ECP 3203 - Labor Economics Credit(s): 3

ECONOMICS MINOR

Economics focuses on critical thinking and problem solving skills, which means the Minor in Economics can pair well with any Major.

MINOR REQUIREMENTS

All students, regardless of college, can earn a minor in Economics by satisfactorily completing 18 hours in Economics.

TOTAL MINOR CREDIT HOURS: 18

MINOR CORE CREDIT HOURS: 6

- ECO 2013 - Economic Principles (Macroeconomics) Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3

MINOR ELECTIVE CREDIT HOURS: 12

Students must choose twelve (12) credit hours of Economics electives numbered 3000 or higher (may include QMB 3200 and FIN 3233).

ECO 1000, if taken before both ECO 2013 and ECO 2023 and student receives a C- or better, may be substituted for 3 hours of upper-level economics elective credit.

GRADING REQUIREMENT

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade for all minor and supporting minor courses.

GPA REQUIREMENT

A grade point average of 2.0 or higher must be achieved in the minor course work at USF and in all minor courses completed at any institution.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

DEPARTMENT OF ENGLISH
ENGLISH B.A., WITH CREATIVE WRITING CONCENTRATION

TOTAL DEGREE HOURS: 120

A bachelor’s degree in English prepares students for any field that values critical thinking, high reading comprehension, clear and effective writing, and the ability to interpret and analyze language. It provides two concentrations from which students must choose one: Creative Writing and Literary Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- ENC X101 or ENC X000-X999* - 3 credit hours
- ENC X102 or ENC X000-X999* - 3 credit hours

* Six semester hours of English coursework in which the student is required to demonstrate college-level English skills through multiple assignments.

Choose four courses from the following list:

---

295
ENGLISH B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.5
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENT

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

OTHER REQUIREMENTS

Students must complete a minimum of 6 credit hours at the 4000 level.

Students declaring English as a second major need to complete 30 credit hours. To do so, they must make a written request to the Undergraduate Director at the time they declare English as a second major. Courses taken in the first major may not count toward the 30 hours in English as a second major.

OPTIONAL HONORS PROGRAM

The Department of English Honors Program provides a carefully selected group of seniors with opportunities for advanced scholarship:

- Closer contact with faculty tutors than students in the regular major program;
- An opportunity to work and exchange ideas in the stimulating environment of a small group of fellow students with similar aims and abilities;
- An opportunity to develop individual initiative and sophisticated critical skills.

The English Honors Program will benefit those interested in graduate work, advanced professional study, or greater intellectual challenges.

ADMISSIONS CRITERIA

Students may apply for the program after completing 60 hours of coursework. Applicants should have a GPA of 3.30 in the major and an overall GPA of 3.00 and should submit signatures of recommendation from two English faculty supporting their applications.

After screening all applications, the Department's Honors Committee will select participants for each year's program.

REQUIREMENTS FOR COMPLETION OF DEPARTMENTAL HONORS

The Honors student will complete the requirements of his/her chosen English major as described in the current catalog.
The Honors program requires 9 hours of Honors-level work. All Honors students are required to complete at least one (three-hour) Honors seminar (ENG 4935 or ENG 4936).

Students may select from the following options to fulfill the remaining six hours of credit in Honors: Up to two more (three-hour) Honors seminars (ENG 4935 or ENG 4936).

A three-hour independent study. The independent study should be connected to an eligible upper-level course in the major being taught in that semester.**A list of courses available for this option will be made available prior to registration each semester. Students will attend some or all of the scheduled course meetings but will be enrolled in an independent study with the instructor. The independent study will be considered a special "Honors section" of the course and will require additional work that may include extra reading, class presentations, and advanced research-based writing. To enroll in an independent study, students will need written permission of the instructor, who will determine an Honors-appropriate workload for the course. The proposed plan for independent study must be approved by the Honors Committee and filed with the Undergraduate Director prior to registration. Students may count a maximum of one independent study in fulfillment of their degree requirements.

A three-hour Honors thesis, supervised by a member of the English faculty. The Director of the English Honors Program will serve as instructor of record for the thesis hours. Under the direction of the instructors of the Honors seminars and/or the Director of the English Honors Program, the student will choose a member of the English Department faculty to serve as director of his/her thesis and one or two additional faculty members to serve as readers of the thesis. The completed thesis must be at least 25-pages in length, not including bibliography.

A three-hour graduate-level course. Enrollment in a graduate course is limited to Honors students in their final semester and requires written permission of the Undergraduate Director, Graduate Director, and the instructor of the course. To be eligible, students must have completed at least one Honors seminar with a grade of A- or higher.

To graduate with Departmental Honors, the student must satisfy the following requirements: Complete 9 hours of English Honors courses as described above with a 3.30 GPA; Complete all major requirements with a 3.30 GPA and academic coursework with an overall GPA of 3.0. The student who completes all requirements above will graduate with Honors in English.

**Faculty who are willing to accommodate the extra needs of Honors students will notify the Undergraduate Director before registration to have their course put on the list of eligible courses. The Honors student will enroll in an independent study but will attend the scheduled course and complete the bulk of the reading and written requirements for the course in addition to a special Honors project for the course (this could include a formal presentation of research, an independent research project, a longer research paper, a long annotated bibliography, a larger collection of creative work, etc. The independent study represents 3 hours of coursework.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

- LIT 4386 - British and American Literature by Women **Credit(s):** 3
- LIT 4931 - Studies in World Literature and Culture **Credit(s):** 3

**ENGLISH B.A. - ADDITIONAL INFORMATION**
GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.5
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

OTHER REQUIREMENTS

Students must complete a minimum of 6 credit hours at the 4000 level.

Students declaring English as a second major need to complete 30 credit hours. To do so, they must make a written request to the Undergraduate Director at the time they declare English as a second major. Courses taken in the first major may not count toward the 30 hours in English as a second major.

OPTIONAL HONORS PROGRAM

The Department of English Honors Program provides a carefully selected group of seniors with opportunities for advanced scholarship:

- Closer contact with faculty tutors than students in the regular major program;
- An opportunity to work and exchange ideas in the stimulating environment of a small group of fellow students with similar aims and abilities;
- An opportunity to develop individual initiative and sophisticated critical skills.

The English Honors Program will benefit those interested in graduate work, advanced professional study, or greater intellectual challenges.

ADMISSIONS CRITERIA

Students may apply for the program after completing 60 hours of coursework. Applicants should have a GPA of 3.30 in the major and an overall GPA of 3.00 and should submit signatures of recommendation from two English faculty supporting their applications.

After screening all applications, the Department's Honors Committee will select participants for each year's program.

REQUIREMENTS FOR COMPLETION OF DEPARTMENTAL HONORS

The Honors student will complete the requirements of his/her chosen English major as described in the current catalog.

The Honors program requires 9 hours of Honors-level work. All Honors students are required to complete at least one (three-hour) Honors seminar (ENG 4935 or ENG 4936).

Students may select from the following options to fulfill the remaining six hours of credit in Honors: Up to two more (three-hour) Honors seminars (ENG 4935 or ENG 4936).

A three-hour independent study. The independent study should be connected to an eligible upper-level course in the major being taught in that semester. **A list of courses available for this option will be made available prior to registration each semester. Students will attend some or all of the scheduled course meetings but
will be enrolled in an independent study with the instructor. The independent study will be considered a special "Honors section" of the course and will require additional work that may include extra reading, class presentations, and advanced research-based writing. To enroll in an independent study, students will need written permission of the instructor, who will determine an Honors-appropriate workload for the course. The proposed plan for independent study must be approved by the Honors Committee and filed with the Undergraduate Director prior to registration. Students may count a maximum of one independent study in fulfillment of their degree requirements.

A three-hour Honors thesis, supervised by a member of the English faculty. The Director of the English Honors Program will serve as instructor of record for the thesis hours. Under the direction of the instructors of the Honors seminars and/or the Director of the English Honors Program, the student will choose a member of the English Department faculty to serve as director of his/her thesis and one or two additional faculty members to serve as readers of the thesis. The completed thesis must be at least 25-pages in length, not including bibliography.

A three-hour graduate-level course. Enrollment in a graduate course is limited to Honors students in their final semester and requires written permission of the Undergraduate Director, Graduate Director, and the instructor of the course. To be eligible, students must have completed at least one Honors seminar with a grade of A- or higher.

To graduate with Departmental Honors, the student must satisfy the following requirements: Complete 9 hours of English Honors courses as described above with a 3.30 GPA; Complete all major requirements with a 3.30 GPA and academic coursework with an overall GPA of 3.0. The student who completes all requirements above will graduate with Honors in English.

**Faculty who are willing to accommodate the extra needs of Honors students will notify the Undergraduate Director before registration to have their course put on the list of eligible courses. The Honors student will enroll in an independent study but will attend the scheduled course and complete the bulk of the reading and written requirements for the course in addition to a special Honors project for the course (this could include a formal presentation of research, an independent research project, a longer research paper, a long annotated bibliography, a larger collection of creative work, etc. The independent study represents 3 hours of coursework.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

PROFESSIONAL AND TECHNICAL COMMUNICATION B.A.

TOTAL DEGREE HOURS: 120

The Bachelor of Arts degree in Professional and Technical Communication prepares students to use their writing and communication skills to solve problems in a variety of workplaces and settings. The B.A. program affords students the opportunity to make and produce a wide variety of documents and texts using technological tools and media; to assess existing structures and to propose alternative solutions; and to learn the value of diversity, culture, and ethics.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University’s Undergraduate Admission Requirements that may be found by clicking on the following urls:

   Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
   Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
   International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

   ENC X101 or ENC X000-X999* – 3 credit hours
   ENC X102 or ENC X000-X999* – 3 credit hours
   ENC X210 Technical Writing – 3 credit hours
   SPC X608 Public Speaking – 3 credit hours

*Any ENC XXXX equivalent to English Composition I and English Composition II.

REQUIRED COURSES: (36 CREDIT HOURS)

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

ENC 3242 - Technical Communication for Majors Credit(s): 3
ENC 4260C - Technical and Professional Communication Capstone Credit(s): 3
ENC 4311 - Advanced Composition Credit(s): 3
MAJOR (RESTRICTED) ELECTIVES: (27 CREDIT HOURS)

PROFESSIONAL AND TECHNICAL COMMUNICATION ELECTIVES: 6 COURSES; 18 CREDIT HOURS

Students choose 18 credit hours of Professional and Technical Communication electives from the following list of courses.

- LIS 2005 - Information Literacy Credit(s): 3
- ENC 3250 - Professional Writing Credit(s): 3
- ENC 3310 - Expository Writing Credit(s): 3
- ENC 3331 - Client and Civic Communication Credit(s): 3
- ENC 3371 - Rhetorical Theory for Technical Communication Credit(s): 3
- ENC 3373 - Rhetoric of Marginalized Communities Credit(s): 3
- ENC 3376 - Multimodal Composition Credit(s): 3
- ENC 3416 - New Media for Technical Communication Credit(s): 3
- ENC 4212 - Professional & Technical Editing Credit(s): 3
- ENC 4218 - Visual Rhetoric for Technical Communication Credit(s): 3
- ENC 4264 - Managerial Communications Credit(s): 3
- ENC 4906 - Professional & Technical Writing Independent Study Credit(s): 3
- ENC 4931 - Selected Topics in Professional and Technical Writing Credit(s): 3
- ENC 4940 - Technical and Professional Communication Internship Credit(s): 3

OTHER ELECTIVE COURSES: 3 COURSES; 9 CREDIT HOURS

Select nine (9) credit hours of electives from the Major Restricted Electives listed above. Students may choose six of the nine credit hours from electives outside of the Department, in consultation with their advisor.

GPA REQUIREMENTS

The major GPA is a 2.0.

GRADING REQUIREMENTS

A minimum grade of C- or better is required to meet major course.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

OTHER REQUIREMENTS

Students will be required to compile a portfolio of their work throughout the degree program. It is completed and presented during the capstone course.

The requirements for the Professional and Technical Communication degree allow for open electives of any ENC or ENG course, as well as electives outside the major. Students are encouraged to use these credits to pursue a minor or certificate that will broaden and enrich their major studies. Students may elect to pursue any minor.
The Department of English Honors Program provides a carefully selected group of seniors with opportunities for advanced scholarship:

- Closer contact with faculty tutors than students in the regular major program;
- An opportunity to work and exchange ideas in the stimulating environment of a small group of fellow students with similar aims and abilities;
- An opportunity to develop individual initiative and sophisticated critical skills.

The English Honors Program will benefit those interested in graduate work, advanced professional study, or greater intellectual challenges.

ADMISSIONS CRITERIA

Students may apply for the program after completing 60 hours of coursework. Applicants should have a GPA of 3.30 in the major and an overall GPA of 3.00 and should submit signatures of recommendation from two English faculty supporting their applications.

After screening all applications, the Department's Honors Committee will select participants for each year's program.

REQUIREMENTS FOR COMPLETION OF DEPARTMENTAL HONORS

The Honors program requires 9 hours of Honors-level work. All Honors students are required to complete at least one (three-hour) Honors seminar (ENG 4935 or ENG 4936).

Students may select from the following options to fulfill the remaining six hours of credit in Honors: Up to two more (three-hour) Honors seminars (ENG 4935 or ENG 4936).

A three-hour independent study. The independent study should be connected to an eligible upper-level course in the major being taught in that semester. **A list of courses available for this option will be made available prior to registration each semester. Students will attend some or all of the scheduled course meetings but will be enrolled in an independent study with the instructor. The independent study will be considered a special "Honors section" of the course and will require additional work that may include extra reading, class presentations, and advanced research-based writing. To enroll in an independent study, students will need written permission of the instructor, who will determine an Honors-appropriate workload for the course. The proposed plan for independent study must be approved by the Honors Committee and filed with the Undergraduate Director prior to registration. Students may count a maximum of one independent study in fulfillment of their degree requirements.

A three-hour Honors thesis, supervised by a member of the English faculty. The Director of the English Honors Program will serve as instructor of record for the thesis hours. Under the direction of the instructors of the Honors seminars and/or the Director of the English Honors Program, the student will choose a member of the English Department faculty to serve as director of his/her thesis and one or two additional faculty members to serve as readers of the thesis. The completed thesis must be at least 25-pages in length, not including a bibliography.

A three-hour graduate-level course. Enrollment in a graduate course is limited to Honors students in their final semester and requires written permission of the Undergraduate Director, Graduate Director, and the instructor of the course. To be eligible, students must have completed at least one Honors seminar with a grade of A- or higher.

3. To graduate with Departmental Honors, the student must satisfy the following requirements:

- Complete 9 hours of English Honors courses as described above with a 3.30 GPA;
- Complete all major requirements with a 3.30 GPA and academic coursework with an overall GPA of 3.0.
4. The student who completes all requirements above will graduate with Honors in English.

**Faculty who are willing to accommodate the extra needs of Honors students will notify the Undergraduate Director before registration to have their course put on the list of eligible courses. The Honors student will enroll in an independent study but will attend the scheduled course and complete the bulk of the reading and writing requirements for the course in addition to a special Honors project for the course (this could include a formal presentation of research, an independent research project, a longer research paper, a long annotated bibliography, a larger collection of creative work, etc. The independent study represents 3 hours of coursework.

**RESEARCH OPPORTUNITIES**

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

**INTERNERSHIP OPPORTUNITIES**

It is highly recommended that students take advantage of participating in an internship. The Department of English and the Professional and Technical Communication program have developed a number of long-term relationships with organizations. Talk to your advisor or one of the faculty about these opportunities.

**ADVISING INFORMATION**

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

THE Creative Writing minor is designed for aspiring writers of fiction, poetry, creative nonfiction, comics, and many other genres. Students learn to read others' work and produce their own with attention to cultural and philosophical contexts. As they explore their individual interests in small, workshop-oriented classes, they also gain valuable career competencies and skills necessary to enter multiple graduate programs.

GPA REQUIREMENTS

A grade of below C- will not be counted toward fulfilling the minor requirements.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, email Englishadvise@usf.edu.
LITERARY STUDIES MINOR

TOTAL MINOR CREDIT HOURS: 15

The Literary Studies minor (LTS) is designed to provide curious students with the opportunity to study a wide range of works from a diverse collection of authors. Students engage with fiction, drama, graphic novels, poetry, nonfiction, comics, and film while developing analytical thinking skills and gaining empathy for multiple perspectives. Classes are discussion-driven and build both valuable career competencies and skills necessary to enter multiple graduate programs.

MINOR CORE CREDIT HOURS: 15

Select five courses that fit the categories below:

- One AML course from the Literary Studies concentration
- One ENL course from the Literary Studies concentration
- One 4000-level literature course from the Literary Studies concentration (AML, ENG, ENL, or LIT prefix)
- One 3000- or 4000-level literature course from the Literary Studies concentration
- One additional course (any level) from the Literary Studies concentration

GPA REQUIREMENT

A grade point average of 2.0 minimum is required for this minor.

GRADING REQUIREMENT

The minor course minimum grade is a "C" (2.00). A grade of C- will not be counted toward fulfilling the minor requirements.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, email EnglishAdvise@usf.edu.

Sarasota-Manatee campus website: http://usfsm.edu/academics/academic-resources/academic-advising/index.aspx
For questions, email sar-advising@usf.edu.
The Professional and Technical Communication minor is designed to provide students with both a practical and theoretical orientation to communication in a variety of media and genres. In doing so, it helps prepare them for multiple professional pathways to work as innovative professional or technical communicators in a variety of fields – from government to non-profit to business to medicine – as well as providing the skills necessary to enter multiple graduate programs. Please review the PTC minor handout to learn more.

MINOR REQUIREMENTS

The minor in Professional and Technical Communication (PTC) consists of four (4) courses (12 credit hours).

TOTAL MINOR CREDIT HOURS: 12

MINOR CORE CREDIT HOURS: 3

- ENC 3242 - Technical Communication for Majors Credit(s): 3

MINOR ELECTIVE CREDIT HOURS: 9

Select three (3) courses from the following list.

- ENC 3250 - Professional Writing Credit(s): 3
- ENC 3310 - Expository Writing Credit(s): 3
- ENC 3371 - Rhetorical Theory for Technical Communication Credit(s): 3
- ENC 3416 - New Media for Technical Communication Credit(s): 3
- ENC 4212 - Professional & Technical Editing Credit(s): 3
- ENC 4218 - Visual Rhetoric for Technical Communication Credit(s): 3
- ENC 4264 - Managerial Communications Credit(s): 3
- ENC 4906 - Professional & Technical Writing Independent Study Credit(s): 3
- ENC 4931 - Selected Topics in Professional and Technical Writing Credit(s): 3
- ENC 4946 - Professional & Technical Writing Internship Credit(s): 3

GPA REQUIREMENT

A grade point average of 2.0 minimum is required for this minor.

GRADING REQUIREMENT

The minor course minimum grade is a "C" (2.00). A grade of below C- will not be counted toward fulfilling the minor requirements.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisors each semester to discuss course planning, degree progression, and career preparation.

SCHOOL OF GEOSCIENCES
ENVIRONMENTAL SCIENCE AND POLICY B.S., WITH ENVIRONMENTAL ANALYSIS CONCENTRATION

TOTAL DEGREE HOURS: 120

This B.S. in Environmental Science and Policy emphasizes the understanding of interrelationships between social phenomena and the natural (i.e., biological-physical-chemical) environment. It is intended to: (1) increase student awareness of these interconnections in their everyday lives; (2) introduce students to a variety of social science perspectives (including politics and policies), along with hard environmental science perspectives, that help students make sense of these connections; (3) identify the contributions of each of these perspectives to our understanding of environmental problems; (4) discuss how natural resource management and environmental policy reflect these perspectives; and (5) produce graduates who promote sustainability in all facets of human enterprise.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- BSC X010C or (BSC X010 and BSC X010L) - 4 credit hours
- CHM X045C or (CHM X045 and CHM X045L) - 4 credit hours
  - CHM X046C or (CHM X046 and CHM X046L) - 4 credit hours
- GLY X010C or (GLY X010 and GLY X010L) - 4 credit hours
- MAC X311 - 4 credit hours
- MCB X013C - 4 credit hours
- STA X023 - 3 credit hours

REQUIRED COURSES: (23 CREDIT HOURS)

MAJOR CORE COURSES: 9 COURSES; 23 CREDIT HOURS

- EVR 2001 - Introduction to Environmental Science Credit(s): 3
- EVR 2001L - Environmental Science Lab Credit(s): 1
- EVR 2861 - Introduction to Environmental Policy Credit(s): 3
- GEO 4372 - Global Conservation Credit(s): 3
- GIS 3006 - Mapping and Geovisualization Credit(s): 3
- EVR 4921 - Environmental Science and Policy Seminar Credit(s): 1
EVR 3218 - Wildlife Research Techniques Credit(s): 3
or
EVR 4114 - Climate Change Credit(s): 3
GEO 4340 - Natural Hazards Credit(s): 3
or
GEO 3280 - Environmental Hydrology Credit(s): 3
EVR 4910 - Environmental Science and Policy Project Credit(s): 3-12
or
EVR 4940 - Environmental Science Internship Credit(s): 3-12

MAJOR (RESTRICTED) ELECTIVES: (21 CREDIT HOURS)

Students complete an Environmental Science and Policy program of study to include one of three Concentrations as follows: Environmental Science, Environmental Analysis or Environmental Policy and Sustainability.

ENVIRONMENTAL ANALYSIS CONCENTRATION: 7 COURSES; 21 CREDIT HOURS

REQUIRED (2 COURSES; 6 CREDIT HOURS)

EVR 4051 - Environmental Field Methods Credit(s): 3
GIS 4043C - Geographic Information Systems Credit(s): 3

ELECTIVES (5 COURSES; 15 CREDIT HOURS)

Select a minimum of five of the following courses:

GIS 4035C - Remote Sensing of the Environment Credit(s): 3
EVR 4027 - Wetland Environments Credit(s): 3
EVR 4104 - Karst Environments Credit(s): 3
EVR 4163 - Forest Ecology and Management Credit(s): 3
GEO 4265 - Soil Genesis and Classification Credit(s): 3
GEO 4284 - Water Resources Management Credit(s): 3
URP 4052 - Urban and Regional Planning Credit(s): 3
URP 4050 - City Planning and Community Development Credit(s): 3
MET 4106C - Climate Studies Credit(s): 4
GEO 3280 - Environmental Hydrology Credit(s): 3
GEO 4340 - Natural Hazards Credit(s): 3
GIS 4302C - GIS for Sustainability Credit(s): 4
GLY 4734 - Beaches and Coastal Environments Credit(s): 3
GIS 4300 - Environmental Modeling with GIS Credit(s): 3
GEO 3164C - Research Methods in Geography Credit(s): 3

ENVIRONMENTAL SCIENCE AND POLICY B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.
RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student’s official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

All students are required to complete an internship or research project as a part of the major. EVR 4910 and EVR 4940 fulfill this requirement and are included in the Major Course Courses above. Speak to the undergraduate advisor concerning internship opportunities. See advising information below.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, email GeoAdvise@usf.edu.

St. Pete campus website: https://www.stpetersburg.usf.edu/academics/academic-resources/academic-advising/about/index.aspx
For questions, email usfsp-advising@usf.edu.

- GEO 3602 - Urban Geography Credit(s): 3
- GEO 4340 - Natural Hazards Credit(s): 3
- GEO 4471 - Political Geography Credit(s): 3
- GIS 4302C - GIS for Sustainability Credit(s): 4
- POS 3182 - Florida Politics and Government Credit(s): 3
- REL 4188 - Religion and Ecology Seminar Credit(s): 3
- URP 4052 - Urban and Regional Planning Credit(s): 3
- GEO 4284 - Water Resources Management Credit(s): 3
- GEO 4265 - Soil Genesis and Classification Credit(s): 3
- GIS 4043C - Geographic Information Systems Credit(s): 3
- GIS 4300 - Environmental Modeling with GIS Credit(s): 3
- GEO 3352 - The Human Footprint on the Landscape Credit(s): 3

ENVIRONMENTAL SCIENCE AND POLICY B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS
Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

All students are required to complete an internship or research project as a part of the major. EVR 4910 and EVR 4940 fulfill this requirement and are included in the Major Course Courses above. Speak to the undergraduate advisor concerning internship opportunities. See advising information below.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

- Concentration Elective **Credit(s): 3**
- Concentration Elective **Credit(s): 3**
- Note: EVR 4940 or EVR 4910 should be taken as 3 credit hours.

Total Credit Hours: 13
ENVIRONMENTAL SCIENCE AND POLICY B.S., WITH ENVIRONMENTAL SCIENCE CONCENTRATION

TOTAL DEGREE HOURS: 120

This B.S. in Environmental Science and Policy emphasizes the understanding of interrelationships between social phenomena and the natural (i.e., biological-physical-chemical) environment. It is intended to: (1) increase student awareness of these interconnections in their everyday lives; (2) introduce students to a variety of social science perspectives (including politics and policies), along with hard environmental science perspectives, that help students make sense of these connections; (3) identify the contributions of each of these perspectives to our understanding of environmental problems; (4) discuss how natural resource management and environmental policy reflect these perspectives; and (5) produce graduates who promote sustainability in all facets of human enterprise.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- **Transfer:** [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- **International:** [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- **BSC X010C or (BSC X010 and BSC X010L) - 4 credit hours**
- **CHM X045C or (CHM X045 and CHM X045L) - 4 credit hours**
- **CHM X046C or (CHM X046 and CHM X046L) - 4 credit hours**
- **GLY X010C or (GLY X010 and GLY X010L) - 4 credit hours**
- **MAC X311 - 4 credit hours**
- **MCB X013C - 4 credit hours**
- **STA X023 - 3 credit hours**

REQUIRED COURSES: (23 CREDIT HOURS)

**MAJOR CORE COURSES: 9 COURSES; 23 CREDIT HOURS**

- **EVR 2001 - Introduction to Environmental Science Credit(s): 3**
- **EVR 2001L - Environmental Science Lab Credit(s): 1**
- **EVR 2861 - Introduction to Environmental Policy Credit(s): 3**
- **GEO 4372 - Global Conservation Credit(s): 3**
- **GIS 3006 - Mapping and Geovisualization Credit(s): 3**

or
GEO 3280 - Environmental Hydrology Credit(s): 3
EVR 4910 - Environmental Science and Policy Project Credit(s): 3-12
or
EVR 4940 - Environmental Science Internship Credit(s): 3-12

MAJOR (RESTRICTED) ELECTIVES: (21 CREDIT HOURS)

Students complete an Environmental Science and Policy program of study to include one of three Concentrations as follows: Environmental Science, Environmental Analysis or Environmental Policy and Sustainability.

ENVIRONMENTAL SCIENCE CONCENTRATION: 7 COURSES; 21 CREDIT HOURS

CHOOSE 2 COURSES (MINIMUM OF 6 CREDIT HOURS) FROM THE FOLLOWING LIST:

MAC 2242 - Life Sciences Calculus II Credit(s): 3
or
MAC 2282 - Engineering Calculus II Credit(s): 4
or
MAC 2312 - Calculus II Credit(s): 4
CHM 2210 - Organic Chemistry I Credit(s): 3
and
CHM 2210L - Organic Chemistry Laboratory I Credit(s): 2
CHM 3080 - Chemistry for Sustainability Credit(s): 3
CHM 3120C - Elementary Analytical Chemistry Credit(s): 4
GLY 2010 - Dynamic Earth: Introduction to Physical Geology Credit(s): 3
or
GEO 2200 - Introduction to Physical Geography Credit(s): 3

SELECT A MINIMUM OF 5 COURSES (15 CREDIT HOURS) OF THE FOLLOWING COURSES:

BSC 3312 - Marine Biology Credit(s): 3
ENV 4417 - Water Quality and Treatment Credit(s): 3
EVR 4027 - Wetland Environments Credit(s): 3
EVR 4104 - Karst Environments Credit(s): 3
EVR 4114 - Climate Change Credit(s): 3
EVR 4163 - Forest Ecology and Management Credit(s): 3
EVR 3218 - Wildlife Research Techniques Credit(s): 3
EVR 4807 - Sustainable Healthy Environments Credit(s): 3
EVR 4051 - Environmental Field Methods Credit(s): 3
EVR 4930 - Selected Topics Credit(s): 1-3
EVR 4033 - Environmental Regulation Credit(s): 3
EVR 4873 - Environmental Policy and Sustainability Credit(s): 3
GEO 3280 - Environmental Hydrology Credit(s): 3
GEO 4210 - Process Geomorphology Credit(s): 3
GEO 4265 - Soil Genesis and Classification Credit(s): 3
GLY 3104C - Stratigraphy and Paleontology Credit(s): 4
GLY 3552C - Sedimentary Rocks and Processes Credit(s): 4
GEO 4284 - Water Resources Management Credit(s): 3
GEO 4340 - Natural Hazards Credit(s): 3
GIS 4035C - Remote Sensing of the Environment Credit(s): 3
GIS 4043C - Geographic Information Systems Credit(s): 3
GLY 4734 - Beaches and Coastal Environments Credit(s): 3
GLY 4822C - Hydrogeology Credit(s): 4
MET 4106C - Climate Studies Credit(s): 4
PCB 3043 - Principles of Ecology Credit(s): 3
and

The Bachelor of Arts in Geography and Geographic Information Systems offers courses in Physical Geography, Human Geography, and Geographic Information Systems. Human Geography courses focus on the social and spatial effects of the growth of cities, including issues such as the historical evolution of urban form and function, land-use changes and conflicts, economic restructuring, the growth and decline of inner cities, and urban racial and ethnic relations. Physical Geography courses focus on major environmental systems including the hydrosphere, atmosphere, and biosphere. Geographic Information Systems (GIS) courses provide skills in GIS and technology, remote sensing, geovisualization, and spatial analysis and modelling. Particular emphasis is placed on the human modification of the natural environment and the global interconnections of the major earth systems.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

STATE MANDATED COMMON COURSE PREREQUISITES

- GEO XXXX* – 3 credit hours
- GEO XXXX* – 3 credit hours

* Two introductory courses in Geography with GEO prefix.

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

REQUIRED COURSES: (19 CREDIT HOURS)

**MAJOR CORE COURSES: 7 COURSES; 19 CREDIT HOURS**

- GEO 2200 - Introduction to Physical Geography **Credit(s): 3**
- GEO 2400 - Human Geography **Credit(s): 3**
- GIS 3006 - Mapping and Geovisualization **Credit(s): 3**
- GIS 4043C - Geographic Information Systems **Credit(s): 3**
- GEO 4340 - Natural Hazards **Credit(s): 3**
- EVR 4910 - Environmental Science and Policy Project **Credit(s): 3-12**
- GEO 4933 - Geography Colloquium **Credit(s): 1**

**MAJOR (RESTRICTED) ELECTIVES: (18 CREDIT HOURS)**

Students completing a Geography and Geographic Information Systems program of study will complete one of three concentrations: Geography, Geographic Information Systems, or Society and Environment.
GEOGRAPHIC INFORMATION SYSTEMS CONCENTRATION: 6 COURSES; 18 CREDIT HOURS

CONCENTRATION CORE: 3 COURSES; 9 CREDIT HOURS

- GEO 3164C - Research Methods in Geography Credit(s): 3
- GIS 4035C - Remote Sensing of the Environment Credit(s): 3
- EVR 3218 - Wildlife Research Techniques Credit(s): 3

CONCENTRATION (RESTRICTED) ELECTIVES: 3 COURSES; 9 CREDIT HOURS

Choose 3 courses (9 credit hours) from the following list of courses:

- EDG 3801 - Cybersecurity and the Everyday Citizen Credit(s): 3
- EVR 4027 - Wetland Environments Credit(s): 3
- EVR 4051 - Environmental Field Methods Credit(s): 3
- GEO 3112 - Qualitative Research Methods in Geography Credit(s): 3
- GEO 3280 - Environmental Hydrology Credit(s): 3
- GEO 3602 - Urban Geography Credit(s): 3
- GEO 4265 - Soil Genesis and Classification Credit(s): 3
- GEO 4450 - Medical Geography Credit(s): 3
- GEO 4502 - Economic Geography Credit(s): 3
- GEO 4930 - Selected Topics Credit(s): 1-3
- GIS 4300 - Environmental Modeling with GIS Credit(s): 3
- GIS 4302C - GIS for Sustainability Credit(s): 4
- IDC 2000C - Introduction to Scientific Computing Credit(s): 3
- URP 4050 - City Planning and Community Development Credit(s): 3
- URP 4052 - Urban and Regional Planning Credit(s): 3

GEOGRAPHY AND GEOGRAPHIC INFORMATION SYSTEMS B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.
RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

Speak to the undergraduate advisor concerning internship opportunities. See advising information below.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Total Credit Hours: 13
GEOGRAPHY AND GEOGRAPHIC INFORMATION SYSTEMS B.A., WITH GEOGRAPHY CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in Geography and Geographic Information Systems offers courses in Physical Geography, Human Geography, and Geographic Information Systems. Human Geography courses focus on the social and spatial effects of the growth of cities, including issues such as the historical evolution of urban form and function, land-use changes and conflicts, economic restructuring, the growth and decline of inner cities, and urban racial and ethnic relations. Physical Geography courses focus on major environmental systems including the hydrosphere, atmosphere, and biosphere. Geographic Information Systems (GIS) courses provide skills in GIS and technology, remote sensing, geovisualization, and spatial analysis and modelling. Particular emphasis is placed on the human modification of the natural environment and the global interconnections of the major earth systems.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

- GEO XXXX* – 3 credit hours
- GEO XXXX* – 3 credit hours

* Two introductory courses in Geography with GEO prefix.

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

REQUIRED COURSES: (19 CREDIT HOURS)

**MAJOR CORE COURSES: 7 COURSES; 19 CREDIT HOURS**

- GEO 2200 - Introduction to Physical Geography Credit(s): 3
- GEO 2400 - Human Geography Credit(s): 3
- GIS 3006 - Mapping and Geovisualization Credit(s): 3
- GIS 4043C - Geographic Information Systems Credit(s): 3
- GEO 4340 - Natural Hazards Credit(s): 3
- EVR 4910 - Environmental Science and Policy Project Credit(s): 3-12
- GEO 4933 - Geography Colloquium Credit(s): 1

**MAJOR (RESTRICTED) ELECTIVES: (18 CREDIT HOURS)**

Students completing a Geography and Geographic Information Systems program of study will complete one of three concentrations: Geography, Geographic Information Systems, or Society and Environment.
GEOGRAPHY CONCENTRATION: 6 COURSES; 18 CREDIT HOURS

CONCENTRATION CORE: 3 COURSES; 9 CREDIT HOURS

- GEA 2000 - World Regional Geography Credit(s): 3
- GEO 4502 - Economic Geography Credit(s): 3
- EVR 4114 - Climate Change Credit(s): 3

CONCENTRATION (RESTRICTED) ELECTIVES: 3 COURSES; 9 CREDIT HOURS

Choose 3 courses (9 credit hours) from the following list of courses:

- GEO 3164C - Research Methods in Geography Credit(s): 3
- GIS 4035C - Remote Sensing of the Environment Credit(s): 3
- EVR 3218 - Wildlife Research Techniques Credit(s): 3
- GEO 3112 - Qualitative Research Methods in Geography Credit(s): 3
- GEO 2400 - Human Geography Credit(s): 3
- GEO 3352 - The Human Footprint on the Landscape Credit(s): 3
- GEO 3602 - Urban Geography Credit(s): 3
- GEO 4210 - Process Geomorphology Credit(s): 3
- GEO 4372 - Global Conservation Credit(s): 3
- GEO 4284 - Water Resources Management Credit(s): 3
- GEO 4471 - Political Geography Credit(s): 3
- GEO 4930 - Selected Topics Credit(s): 1-3

2 YEAR PLAN OF STUDY - GEOGRAPHY AND GEOGRAPHIC INFORMATION SYSTEMS B.A.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Items that are critical are marked with a ✴️ and are included in the plan for a student to stay on track.

YEAR 1

SEMMETER 1 (FALL)

GEO 2200 - Introduction to Physical Geography Credit(s): 3✴️ GIS 3006 - Mapping and Geovisualization Credit(s): 3Upper-Level Elective Credit(s): 3
Concentration Core Credit(s): 3
Upper-Level Elective Credit(s): 2

Total Credit Hours: 14

SEMMETER 2 (SPRING)

✴️ GIS 4043C - Geographic Information Systems Credit(s): 3GEO 2400 - Human Geography Credit(s): 3
Concentration Core Credit(s): 3
Upper-Level Elective Credit(s): 4

Total Credit Hours: 13

SEMMETER 3 (SUMMER)

Foreign Language Exit Credit(s): 4
Upper-Level Elective Credit(s): 3

Total Credit Hours: 7
YEAR 2

SEMESTER 4 (FALL)

- GEO 4340 - Natural Hazards Credit(s): 3
- Concentration Core Credit(s): 3
- Foreign Language Exit Credit(s): 4
- Concentration Elective Credit(s): 3

Total Credit Hours: 13

SEMESTER 5 (SPRING)

- Concentration Elective Credit(s): 3
- Upper-Level Elective Credit(s): 3
- Upper-Level Elective Credit(s): 3

EVR 4910 - Environmental Science and Policy Project Credit(s): 3
GEO 4933 - Geography Colloquium Credit(s): 1

Total Credit Hours: 13
The Bachelor of Arts program is designed primarily for the liberal arts student who has an interest in careers in Geoscience education or environmental policy and law. A student who elects the B.A. program and decides to pursue the geology profession or attend graduate school will need at least field geology in his/her program.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

(CHM X045 and CHM X045L) or (CHM X040 and CHM X041) or CHM X045C - 4-6 credit hours
(CHM X046 and CHM X046L) or CHM X046C - 4 credit hours
MAC X311 or MAC X281 - 4 credit hours
GLY X010C or (GLY X010 and GLY X010L) - 4 credit hours
(PHY X048C &nbsp;and PHY X049C)* or [(PHY X048 & PHY X048L) and (PHY X049 & PHY X049L)] or (PHY X053C and PHY X054C) - 8-10 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

*The choice of Physics sequence depends on the area of Geology specialization.

Required Geology STRONGLY recommended.

REQUIRED SUPPORTING COURSES FOR THE MAJOR (22-23 CREDIT HOURS)

CHM 2045 - General Chemistry I Credit(s): 3
CHM 2045L - General Chemistry I Laboratory Credit(s): 1
CHM 2046 - General Chemistry II Credit(s): 3
CHM 2046L - General Chemistry II Laboratory Credit(s): 1
GLY 3866 - Computational Geology Credit(s): 3

or
MAC 2282 - Engineering Calculus II Credit(s): 4
or
MAC 2312 - Calculus II Credit(s): 4
MAC 2281 - Engineering Calculus I Credit(s): 4
or
MAC 2311 - Calculus I Credit(s): 4
or
MAC 2241 - Life Sciences Calculus I Credit(s): 3
PHY 2048 - General Physics I - Calculus Based Credit(s): 3 (PHY 2060 may substitute for PHY 2048)
PHY 2048L - General Physics I Laboratory Credit(s): 1
PHY 2049 - General Physics II - Calculus Based Credit(s): 3 (PHY 2061 may substitute for PHY 2049)
PHY 2049L - General Physics II Laboratory Credit(s): 1 (recommended)

or
PHY 2053 - General Physics I Credit(s): 3
PHY 2053L - General Physics I Laboratory Credit(s): 1
PHY 2054 - General Physics II Credit(s): 3
PHY 2054L - General Physics II Laboratory Credit(s): 1
STA 2023 - Introductory Statistics I Credit(s): 3
or
STA 2122 - Social Science Statistics Credit(s): 3

TOTAL MAJOR HOURS: 38

MAJOR CORE (23 CREDIT HOURS)

INTRODUCTORY SEQUENCE* (8 CREDIT HOURS)

GLY 2000L - Essentials of Geology Laboratory Credit(s): 1
GLY 2090 - Preparing for a Career in Geology Credit(s): 1
GLY 2100 - History of Life Credit(s): 3

One course, chosen from:

ESC 2000 - Introduction to Earth Science Credit(s): 3
GLY 2010 - Dynamic Earth: Introduction to Physical Geology Credit(s): 3

Or other comparable acceptable course offerings, as approved by the undergraduate advisor.

CORE COURSES (15 CREDIT HOURS)

GEO 3280 - Environmental Hydrology Credit(s): 3
GLY 3311C - Mineralogy, Petrology, Geochemistry Credit(s): 4
GLY 3402C - Structural Geology and Tectonics Credit(s): 4
GLY 3552C - Sedimentary Rocks and Processes Credit(s): 4

MAJOR ELECTIVES (15 CREDIT HOURS)

EVR 4027 - Wetland Environments Credit(s): 3
EVR 4033 - Environmental Regulation Credit(s): 3
EVR 4104 - Karst Environments Credit(s): 3
GEO 4210 - Process Geomorphology Credit(s): 3
GEO 4265 - Soil Genesis and Classification Credit(s): 3
GEO 4284 - Water Resources Management Credit(s): 3
GEO 4340 - Natural Hazards Credit(s): 3
GIS 4043C - Geographic Information Systems Credit(s): 3
GLY 3866 - Computational Geology Credit(s): 3
GLY 4324C - Physical Volcanology Credit(s): 4 *

* Other 3000- or 4000-level GLY course, as approved by the undergraduate advisor.

**QUANTITATIVE REQUIREMENT**

Of these upper-level electives, at least three (3) hours must be drawn from courses identified by the department as including high-quantitative content. Courses that meet this requirement are indicated with a *. Other comparable quantitative offerings in geology may be approved by the undergraduate advisor.

**GPA REQUIREMENTS**

- **Major GPA** (All USF courses which are applied to major requirements): 2.0
- **General Education GPA** (All USF courses which are applied to General Education requirements): 2.0
- **USF GPA**: 2.0
- **Overall GPA**: 2.0

**GRADING REQUIREMENTS**

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

**RESIDENCY REQUIREMENTS**

- **Department and College of Arts & Sciences Major Academic Residency Requirement** - 50% of major must be completed at USF.
- **USF Academic Residency Requirement** - 30 of the last 60 hours earned must be from USF.

**RESEARCH OPPORTUNITIES**

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

**ADVISING INFORMATION**

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation. Website: [https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx](https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx)

For questions, email GeoAdvise@usf.edu.

### GEOLOGY B.S.

**TOTAL DEGREE HOURS: 120**

The Bachelor of Science degree program provides the student with a hands-on foundation in the fundamentals of geosciences. As a result of faculty interests and geographic locations, several geologic sub-disciplines are emphasized, including applied geophysics, coastal geology, geochemistry, geomorphology, geoscience education, hydrogeology, paleobiology, petrology, and volcanology. However, the wide variety of courses and electives offered by the Geology, Environmental Sciences, and Geography programs within the School of Geosciences provides students with programs of study that can be tailored to fit individual needs while maintaining a sound background in all general aspects of geology.

### UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

### STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- (CHM X045 and CHM X045L General Chemistry I) or CHM X045C or (CHM X040 and CHM X041) - 4-6 credit hours
- (CHM X046 and CHM X046L General Chemistry II) or CHM X046C - 4 credit hours
- MAC X311 Calculus I or MAC X281 - 4 credit hours
- GLY X010C Introduction to Physical Geology or (GLY X010 and GLY X010L) - 4 credit hours
- (PHY X048C General Physics and Laboratory I and PHY X049C)* or [(PHY X048 & PHY X048L) and (PHY X049 & X049L)] or (PHY X053C and PHY X054C)* - 8-10 credit hours

**FOR ALL MAJORS:** Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

* The choice of Physics sequence depends on the area of Geology specialization.

### REQUIRED SUPPORTING COURSES FOR THE MAJOR (25-27 CREDIT HOURS)

- CHM 2045 - General Chemistry I **Credit(s): 3**
- CHM 2045L - General Chemistry I Laboratory **Credit(s): 1**
## Major Core (33 Credit Hours)

### Introductory Sequence* (8 Credit Hours)

- **GLY 2000L - Essentials of Geology Laboratory** Credit(s): 1
- **GLY 2100 - History of Life** Credit(s): 3
- **GLY 2090 - Preparing for a Career in Geology** Credit(s): 1

One course, chosen from:

- **ESC 2000 - Introduction to Earth Science** Credit(s): 3
- **GLY 2010 - Dynamic Earth: Introduction to Physical Geology** Credit(s): 3

Or other comparable acceptable course offerings, as approved by the undergraduate advisor.

### Core Courses (19 Credit Hours)

- **GEO 3280 - Environmental Hydrology** Credit(s): 3 *
- **GLY 3104C - Stratigraphy and Paleontology** Credit(s): 4
- **GLY 3311C - Mineralogy, Petrology, Geochemistry** Credit(s): 4
- **GLY 3402C - Structural Geology and Tectonics** Credit(s): 4
- **GLY 3552C - Sedimentary Rocks and Processes** Credit(s): 4

### Capstone Sequence (6 Credit Hours)

- **GLY 4948 - Practical and Applied Geology: Field Experience** Credit(s): 2 (multiple sections and topics offered)
FIELD MAPPING REQUIREMENT

MAJOR ELECTIVES (14 CREDIT HOURS)

- EVR 4027 - Wetland Environments Credit(s): 3
- EVR 4033 - Environmental Regulation Credit(s): 3
- EVR 4104 - Karst Environments Credit(s): 3
- GEO 4210 - Process Geomorphology Credit(s): 3
- GEO 4265 - Soil Genesis and Classification Credit(s): 3
- GEO 4284 - Water Resources Management Credit(s): 3
- GEO 4340 - Natural Hazards Credit(s): 3
- GIS 4043C - Geographic Information Systems Credit(s): 3
- GLY 4324C - Physical Volcanology Credit(s): 4 *
- GLY 4480 - Seismology Credit(s): 4 *
- GLY 4554C - Sedimentary Environments Credit(s): 4
- GLY 4720C - Aqueous and Environmental Geochemistry Credit(s): 4
- GLY 4822C - Hydrogeology Credit(s): 4 *
- GLY 4780 - Geological Field Studies Credit(s): 1-3

Other 3000- or 4000-level GLY courses, as approved by the undergraduate advisor.

QUANTITATIVE REQUIREMENT

OPTIONAL GEOPHYSICS EMPHASIS

- MAC 2282 - Engineering Calculus II Credit(s): 4 (recommended)
  or
- MAC 2312 - Calculus II Credit(s): 4 (instead of GLY 3866)
- MAC 2313 - Calculus III Credit(s): 4
  or
- MAC 2283 - Engineering Calculus III Credit(s): 4

GPA REQUIREMENTS

- Major GPA (All USF courses which are applied to major requirements): 2.0
- General Education GPA (All USF courses which are applied to General Education requirements): 2.0
- USF GPA: 2.0
- Overall GPA: 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.
RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

OPTIONAL HONORS PROGRAM

The purpose of the Honors Program is to provide a select group of undergraduate Geology majors an opportunity to undertake an intensive, individualized research experience. The culmination of the program is the completion and presentation of an honors thesis. To apply, interested students should contact the Geology undergraduate advisor during the second semester of the student's junior year. Admission to the program requires a GPA of 3.50 in the major and an overall GPA of 3.2.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation. Website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, email GeoAdvise@usf.edu.

YEAR 4

SEMESTER 10 (FALL)

- TGEE - Ethical Reasoning & Civic Engagement Credit(s): 3
- Major Elective - Quantitative Credit(s): 4
- TGEH - High Impact Practice Credit(s): 3
- Major Elective Credit(s): 3
- General Elective Credit(s): 3

Total Credit Hours: 16

SEMESTER 11 (SPRING)

- Major Elective Credit(s): 4
- Apply for Graduation
- Major Elective Credit(s): 4
- General Elective Credit(s): 3
- General Elective Credit(s): 3

Total Credit Hours: 14

2 YEAR PLAN OF STUDY - GEOLOGY B.S.
NOTES:
SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor. Items that are critical are marked with a ✳️ and are included in the plan for a student to stay on track.

YEAR 1

SEMESTER 1 (FALL)
- GLY 3311C - Mineralogy, Petrology, Geochemistry Credit(s): 4
- Major Elective Course Credit(s): 3
- MAC 2311 - Calculus I Credit(s): 4
- General Elective Credit(s): 2
Total Credit Hours: 13

SEMESTER 2 (SPRING)
- GLY 3402C - Structural Geology and Tectonics Credit(s): 4
- GLY 3552C - Sedimentary Rocks and Processes Credit(s): 4
- MAC 2312 - Calculus II Credit(s): 4
- Upper Level General Elective Credit(s): 2
Total Credit Hours: 14

SEMESTER 3 (SUMMER)
- GLY 4947 - Practical and Applied Geology: Laboratory Experience Credit(s): 2
- GLY 4947 - Practical and Applied Geology: Laboratory Experience Credit(s): 2
- GLY 4947 - Practical and Applied Geology: Laboratory Experience Credit(s): 2
Total Credit Hours: 6

YEAR 2

SEMESTER 4 (FALL)
- GEO 3280 - Environmental Hydrology Credit(s): 3
- GLY 3104C - Stratigraphy and Paleontology Credit(s): 4
- Major Elective Course Credit(s): 3
- PHY 2048 - General Physics I - Calculus Based Credit(s): 3
  or PHY 2053 - General Physics I Credit(s): 3
- PHY 2048L - General Physics I Laboratory Credit(s): 1
  or PHY 2053L - General Physics I Laboratory Credit(s): 1
Total Credit Hours: 14

SEMESTER 5 (SPRING)
- Major Elective Course Credit(s): 3
- Major Elective Course Credit(s): 3
- Major Quantitative Elective Course Credit(s): 3
- PHY 2049 - General Physics II - Calculus Based Credit(s): 3
  or PHY 2054 - General Physics II Credit(s): 3
- PHY 2049L - General Physics II Laboratory Credit(s): 1
  or PHY 2054L - General Physics II Laboratory Credit(s): 1
Total Credit Hours: 13
ENVIRONMENTAL SCIENCE AND POLICY MINOR

This degree emphasizes the understanding of interrelationships between social phenomena and the natural (i.e., biological-physical-chemical) environment. It is intended to

1. Increase student awareness of these interconnections in their everyday lives;
2. Introduce students to a variety of social science perspectives (including politics and policies) along with hard environmental science perspectives, that help students make sense of these connections;
3. Identify the contributions of each of these perspectives to our understanding of environmental problems;
4. Discuss how natural resource management and environmental policy reflect these perspectives; and
5. Produce graduates who promote sustainability in all facets of human enterprise.

TOTAL MINOR CREDIT HOURS: 16

MINOR CORE CREDIT HOURS: 7

- EVR 2001 - Introduction to Environmental Science [Credit(s): 3]
- EVR 2001L - Environmental Science Lab [Credit(s): 1]
- EVR 2861 - Introduction to Environmental Policy [Credit(s): 3]

MINOR ELECTIVE CREDIT HOURS: 9

Select nine (9) hours from the following list:

- EVR 3218 - Wildlife Research Techniques [Credit(s): 3]
- EVR 4027 - Wetland Environments [Credit(s): 3]
- EVR 4033 - Environmental Regulation [Credit(s): 3]
- EVR 4051 - Environmental Field Methods [Credit(s): 3]
- EVR 4104 - Karst Environments [Credit(s): 3]
- EVR 4114 - Climate Change [Credit(s): 3]
- EVR 4163 - Forest Ecology and Management [Credit(s): 3]
- EVR 4807 - Sustainable Healthy Environments [Credit(s): 3]
- EVR 4873 - Environmental Policy and Sustainability [Credit(s): 3]
- EVR 4930 - Selected Topics [Credit(s): 1-3]
- GEO 3280 - Environmental Hydrology [Credit(s): 3]
- GEO 4265 - Soil Genesis and Classification [Credit(s): 3]
- GEO 4284 - Water Resources Management [Credit(s): 3]
- GEO 4340 - Natural Hazards [Credit(s): 3]
- GEO 4372 - Global Conservation [Credit(s): 3]
- GLY 4734 - Beaches and Coastal Environments [Credit(s): 3]
- GIS 3006 - Mapping and Geovisualization [Credit(s): 3]
- GIS 4035C - Remote Sensing of the Environment [Credit(s): 3]
- GIS 4043C - Geographic Information Systems [Credit(s): 3]
- GIS 4300 - Environmental Modeling with GIS [Credit(s): 3]
- GIS 4302C - GIS for Sustainability [Credit(s): 4]
- MET 4106C - Climate Studies [Credit(s): 4]
- BSC 4057 - Environmental Issues [Credit(s): 3]
- ECP 3302 - Environmental Economics [Credit(s): 3]
- PHI 3640 - Environmental Ethics [Credit(s): 3]
- PUP 4203 - Environmental Politics and Policy [Credit(s): 3]
- POS 3697 - Environmental Law [Credit(s): 3]

GPA REQUIREMENT

Minimum GPA in the minor of 2.0.
GRADING REQUIREMENT

Unless stated otherwise, a grade of C- is the minimum acceptable grade.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

**Tampa campus website:** https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, email Geoadvise@usf.edu.

**St. Pete campus website:** https://www.usfsp.edu/academic-advising/
For questions, email advising@usfsp.edu.

**Sarasota-Manatee campus website:** http://usfsm.edu/academics/academic-resources/academic-advising/index.aspx
For questions, email sar-advising@usf.edu.
GEOGRAPHIC INFORMATION SYSTEMS AND TECHNOLOGY MINOR

Geographic information systems (GIS) and related spatial technologies enable us to acquire, archive, analyze, and communicate information regarding people, places, and other processes on or near the Earth's surface. The mission of the minor in the GIST program is to provide students:

- Broad understanding of the fundamental theories and concepts underlying geographic information science,
- Hands-on experience with contemporary GIS, remote sensing, and global positioning systems hardware and software, and
- Practical skills with the application of geospatial analysis to contemporary problems in environmental management, urban planning, business management, disease and health management, crime analysis, and other fields.

TOTAL MINOR CREDIT HOURS: 15-16

MINOR CORE CREDIT HOURS: 12

- GIS 3006 - Mapping and Geovisualization Credit(s): 3
- GEO 3164C - Research Methods in Geography Credit(s): 3
- GIS 4035C - Remote Sensing of the Environment Credit(s): 3
- GIS 4043C - Geographic Information Systems Credit(s): 3

Minor Elective Hours: 3-4

Students choose one of the following courses:

- EVR 3218 - Wildlife Research Techniques Credit(s): 3
- EVR 4051 - Environmental Field Methods Credit(s): 3
- GEO 4450 - Medical Geography Credit(s): 3
- GIS 4300 - Environmental Modeling with GIS Credit(s): 3
- GIS 4302C - GIS for Sustainability Credit(s): 4

GPA REQUIREMENT

A minimum grade point average of 2.00 is required.

GRADING REQUIREMENT

A grade of below "C-" will not be counted toward fulfilling the minor requirements.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, email GeoAdvise@usf.edu.

St. Pete campus Website: https://www.usfsp.edu/academic-advising/
For questions, email advising@usfsp.edu.Geology Minor

Sixteen (16) credit hours are required. The completion of the introductory sequence courses (4 credit hours) listed and any three Geology Core courses (12 hours).

MINOR REQUIREMENTS

Sixteen (16) credit hours are required. The completion of the introductory sequence courses (4 credit hours) listed and any three Geology Core courses (12 hours).

MINOR CORE (4 CREDIT HOURS)
NOTE: GLY 2010 is a pre-requisite for the required Core Courses. Students must complete this course prior to beginning the Core Courses sequence as a part of the Introductory sequence.

INTRODUCTORY SEQUENCE (4 CREDIT HOURS)

One course, chosen from:

- GLY 2010 - Dynamic Earth: Introduction to Physical Geology Credit(s): 3
- Or other comparable acceptable course offerings, as approved by the undergraduate advisor
- GLY 2000L - Essentials of Geology Laboratory Credit(s): 1

MINOR ELECTIVES (12 CREDIT HOURS)

Choose three of the following Geology courses:

- GEO 3280 - Environmental Hydrology Credit(s): 3
- GLY 3104C - Stratigraphy and Paleontology Credit(s): 4
- GLY 3311C - Mineralogy, Petrology, Geochemistry Credit(s): 4
- GLY 3402C - Structural Geology and Tectonics Credit(s): 4
- GLY 3552C - Sedimentary Rocks and Processes Credit(s): 4

GPA REQUIREMENT

A minimum grade point average of 2.00 is required.

GRADING REQUIREMENT

A grade of below "C-" will not be counted toward fulfilling the minor requirements.

OTHER INFORMATION

TEACHER EDUCATION PROGRAMS

Prospective elementary and secondary school teachers desiring to teach science should include basic courses in geology and related sciences as part of their curriculum.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx

For questions, email Geoadvise@usf.edu.
DEPARTMENT OF HISTORY
HISTORY B.A.  
TOTAL DEGREE HOURS: 120

The discipline of History embraces a diverse world of ideas, peoples, and events. Our faculty seek to inform and to question, to provoke, and to challenge our students to a higher level of understanding of the past. History at the University of South Florida (USF) offers the student an opportunity to explore civilizations from around the globe and from the ancient through contemporary eras. Students are encouraged to move beyond traditional memorization of material to a critical level of thinking, analysis, and synthesis. Accomplished History majors are attractive to all kinds of employers in any number of fields, as well as to graduate and professional schools. USF History alumni may be found in such diverse professions as law, medicine, business, government, foreign-service, politics, and education.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida college System institution, they must be completed before the degree is granted.

   AFH X000-X999 or AMH X000-X999 or ASH X000-X999 or EUH X000-X999 or HIS X000-X999 or LAH X000-X999 or WOH X000-X999 - 6 total credit hours (2 courses)

Do not duplicate course selection.

REQUIRED COURSES: (30 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- HIS 3002 - Historical Methods and Materials Credit(s): 3
- HIS 4936 - Pro-Seminar in History Credit(s): 3

MAJOR (RESTRICTED) ELECTIVES: 24 CREDIT HOURS

Research Skills, Practical Experience, Professional Development or Historical Methods Requirement: 1 course; 3 credit hours

Select one course from the following list:
<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>HIS 4104</td>
<td>Theory and Methods of History</td>
<td>3</td>
</tr>
<tr>
<td>HIS 4940</td>
<td>History Internship</td>
<td>1-3</td>
</tr>
<tr>
<td>HIS 4936</td>
<td>Pro-Seminar in History</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td><em>Must be a different topic than the topic taken for the major core course.</em></td>
<td></td>
</tr>
<tr>
<td></td>
<td>4000-level Digital Humanities Course</td>
<td></td>
</tr>
</tbody>
</table>

**LOWER-LEVEL COURSE REQUIREMENT: 1 COURSE; 3 CREDIT HOURS**

Select one lower-level course from the following list.

Note: The lower-level course may not be the same course taken to meet the State Mandated Common Prerequisites requirement.

- AMH 2010 - American History I
- AMH 2020 - American History II
- ASH 2270 - Southeast Asian History
- EUH 2011 - Ancient History I
- EUH 2012 - Ancient History II
- EUH 2022 - The Medieval West
- EUH 2030 - Modern European History I
- EUH 2031 - Modern European History II
- HIS 2931 - Special Topics
- IDS 2192 - Global History and Politics Since 1945
- LAH 2020 - Latin American Civilization
- WOH 2022 - Global History since 1750

**UPPER-LEVEL COURSE REQUIREMENT: 6 COURSES, 18 CREDIT HOURS**

Select six 3000- and/or 4000-level courses from the following suggested list.

Note: HIS 3938 Major Issues in History may be taken three times (three different topics), as part of this requirement.

- AMH 3098 - Race in America
- AFH 3100 - African History to 1850
- AMH 3130 - The American Revolutionary Era
- AMH 3140 - The Age of Jefferson
- AMH 3160 - The Age of Jackson
- AMH 3170 - The Civil War and Reconstruction
- AFH 3200 - African History since 1850
- AMH 3201 - The United States, 1877-1914
- AMH 3231 - The United States, 1914-1945
- AMH 3270 - The United States since 1945
- AMH 3341 - American Food and Drink History
- AMH 3342 - Globalization and U.S. Culture
- AMH 3390 - 19th Century America History
- AMH 3402 - Southern History, 1607-1865
- AMH 3403 - The South since 1865
- AMH 3421 - Early Florida
- AMH 3423 - Modern Florida
- AMH 3500 - American Labor History
- AMH 3512 - U.S. Foreign Relations
- AMH 3530 - Immigration History
- AMH 3533 - The Irish in America
- AMH 3545 - War and American Empire
- AMH 3561 - American Women I
- AMH 3562 - American Women II
- AMH 3571 - African American History to 1865

379
AMH 3572 - African American History since 1865 Credit(s): 3
AMH 4940 - Early American History and Archaeology Internship Credit(s): 6
ASH 3404 - Modern China Credit(s): 3
EUH 3142 - Italy During the Renaissance Credit(s): 3
EUH 3181 - Medieval Culture Credit(s): 3
EUH 3185 - Viking History Credit(s): 3
EUH 3202 - History of 17th and 18th Century Europe Credit(s): 3
EUH 3205 - History of Nineteenth Century Europe Credit(s): 3
EUH 3206 - History of Twentieth Century Europe Credit(s): 3
EUH 3401 - Classical Greece Credit(s): 3
EUH 3402 - Age of Alexander Credit(s): 3
EUH 3412 - Roman Republic Credit(s): 3
EUH 3413 - Roman Empire Credit(s): 3
EUH 3451 - Modern France and its Empire Credit(s): 3
EUH 3501 - British History to 1688 Credit(s): 3
EUH 3533 - Celtic History Credit(s): 3
EUH 3575 - History of Imperial Russia, 1689-1917 Credit(s): 3
EUH 3576 - History of the Soviet Union, 1917-1991 Credit(s): 3
EUH 3676 - Early Christians, Pagans, and Heretics Credit(s): 3
HIS 3308 - War and Society Credit(s): 3
HIS 3930 - Special Topics Credit(s): 3
HIS 3938 - Major Issues in History Credit(s): 3
HIS 4900 - Directed Reading Credit(s): 1-4
HIS 4920 - Colloquium in History Credit(s): 2-4
HIS 4940 - History Internship Credit(s): 1-3
LAH 3130 - Colonial Latin America Credit(s): 3
LAH 3200 - Modern Latin America Credit(s): 3
LAH 3430 - History of Mexico Credit(s): 3
WOH 3209 - Terrorism in World History Credit(s): 3
WOH 3245 - History of Sports from National to Global Contexts Credit(s): 3
WOH 3293 - Islam in World History Credit(s): 3
WST 4310 - History of Feminism in the U.S. Credit(s): 3

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0
GRADING REQUIREMENTS
A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.
Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.
USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

OTHER REQUIREMENTS

RESEARCH OPPORTUNITIES
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION
USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

- Upper-Level Elective Credit(s): 3
- Major Upper-Level Elective Credit(s): 3
- HIS 4936 - Pro-Seminar in History Credit(s): 3
- Upper-Level Elective Credit(s): 4

Total Credit Hours: 13
HISTORY MINOR

The discipline of history embraces a diverse world of ideas, people, and events and seeks to inform and to question, to provoke and to challenge students to a higher level of understanding of the past. The minor in History consists of a minimum of eighteen (18) credit hours.

MINOR REQUIREMENTS

A minor in History is an excellent complement to any undergraduate degree that benefits from a humanities discipline.

TOTAL MINOR CREDIT HOURS: 18

MINOR CORE (18 CREDIT HOURS)

- Students must select six (6) credit hours from 2000-level History Department course offerings.
- Students must select twelve (12) credit hours from 3000- and 4000 upper-level History Department course offerings.

GPA REQUIREMENT

The student must maintain a 2.0 GPA in the minor.

GRADING REQUIREMENT

A minimum grade of "C" of better must be attained in each minor course.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, email Historyadvise@usf.edu.

For questions, email sar-advising@usf.edu.
DEPARTMENT OF HUMANITIES AND CULTURAL STUDIES
The Humanities program offers an interdisciplinary curriculum that investigates the visual arts, music, literature, film, and the social and historical contexts from which they emerge.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/re...eadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students desiring to transfer to USF should complete an A.A. degree at a Florida College System institution. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the University's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

There are no State Mandated Common Prerequisites for this program. All Florida College System students are encouraged to complete the Associate degree. Students should consult with an academic advisor in their major degree area at the intended transfer institution.

TOTAL MAJOR HOURS: 36

MAJOR CORE (9 CREDIT HOURS)

Students must complete the following required courses for the major (9 credit hours):

- HUM 3804 - Cultural Studies Theory and Method **Credit(s)**: 3
- HUM 4331 - Humanities Pro-Seminar **Credit(s)**: 3
- HUM 4931 - Seminar in Humanities **Credit(s)**: 3

Students choose one concentration (27 Credit Hours)

Students choose one 27 credit-hour concentration from the following list of concentrations:

- American Studies
- Film and New Media Studies
- Humanities
- American Studies (AMSC)

The American Studies concentration is an interdisciplinary concentration dealing with the study of the United States.
TOTAL CONCENTRATION HOURS: 36

CONCENTRATION CORE (9 CREDIT HOURS)

Required courses for the concentration:

AMS 2270 - Twentieth-Century American Culture Credit(s): 3
HUM 1020 - Introduction to Humanities Credit(s): 3

Students select one course from the following list:

FIL 1002 - Introduction to Film Studies Credit(s): 3
HUM 2522 - Introduction to the Cultural Study of Popular Music Credit(s): 3

CONCENTRATION ELECTIVES (18 CREDIT HOURS)

Students take an additional 18 credit hours of upper-level coursework from Humanities and Cultural Studies courses.

FIL 4053 - The Hollywood Blockbuster Credit(s): 3
FIL 4308 - Documentary and Experimental Cinema Credit(s): 3
FIL 4808 - Ethics and Film Credit(s): 3
FIL 4831 - Black American Cinema Credit(s): 3
FIL 4832 - Horror Film Credit(s): 3
FIL 4834 - The Movie Musical Credit(s): 3
FIL 4870 - Film, Sound, and Music Credit(s): 3
FIL 4873 - New American Auteurs Credit(s): 3
FIL 4883 - Media, Ecology, and the Moving Image Credit(s): 3
HUM 3557 - Jews, Christians, and Muslims: Medieval Light on Modern Issues Credit(s): 3

HUMANITIES AND CULTURAL STUDIES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES

The Humanities major offers six credit hours of undergraduate research through the senior-year sequence (HUM 4331 and HUM 4931).

INTERNSHIP OPPORTUNITIES
The Department of Humanities & Cultural Studies (HCS) offers an internship for Tampa-based, degree-seeking students declared as HUM or AMS majors and who have earned at least 12 credit hours of approved courses in the major prior to starting the internship. This internship consists of supervised work-and-learning experience in humanities and cultural issues under the direction of a University faculty member/administrator and an employee of a participating sponsor organization. The internship counts as a major elective for all concentrations. Students participating in the internship must enroll in the HUM 4940 - Internship in Humanities & Cultural Studies class (and, in some instances, AMS 4940 to make sure the credits equal 3). This class earns up to 3 semester hours of academic credit. Students report to the HCS Internship Coordinator weekly through formal status reports via web form. A final professional portfolio and final reflection paper are significant parts of this experience. For more information please visit the Department's internship page: https://www.usf.edu/arts-sciences/departments/humanities-cultural-studies/undergraduate/internship/index.aspx.

BACHELOR'S/MASTER'S PATHWAYS

This program intends for students to complete a B.A. in Humanities and Cultural Studies with a concentration in Film and New Media Studies and M.A. Liberal Arts with a concentration in Film Studies over the span of five years. Completion of this program allows students to complete 12 credit hours toward the M.A. in during their junior or senior year in the Humanities and Cultural Studies major. Students who decide not to pursue the M.A. but who complete the B.A. requirements will receive the B.A. degree.

See Graduate Catalog for more information on Bachelor's/Master's Pathways.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

The Humanities program offers an interdisciplinary curriculum that investigates the visual arts, music, literature, film, and the social and historical contexts from which they emerge.

**UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES**

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

**STATE MANDATED COMMON COURSE PREREQUISITES**

Students desiring to transfer to USF should complete an A.A. degree at a Florida College System institution. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the University's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

There are no State Mandated Common Prerequisites for this program. All Florida College System students are encouraged to complete the Associate degree. Students should consult with an academic advisor in their major degree area at the intended transfer institution.

**TOTAL MAJOR HOURS: 36**

**MAJOR CORE (9 CREDIT HOURS)**

Students must complete the following (9 Credit Hours)

Students must complete the following required courses for the major (9 credit hours):

- HUM 3804 - Cultural Studies Theory and Method **Credit(s): 3**
- HUM 4331 - Humanities Pro-Seminar **Credit(s): 3**
- HUM 4931 - Seminar in Humanities **Credit(s): 3**

Students choose one concentration (27 Credit Hours)

Students choose one 27 credit-hour concentration from the following list of concentrations:

- American Studies
- Film and New Media Studies
- Humanities
- American Studies (AMSC)

The Film and New Media Studies concentration is designed to teach students how to think actively, critically, and creatively, about the art of the moving image. To this end, it surveys significant examples of moving-image culture, including films from Hollywood and other global industries; experiments in documentary, avant-garde, and art cinema; and works from television, digital video, and the Internet.
TOTAL CONCENTRATION HOURS: 36

CONCENTRATION CORE (12 CREDIT HOURS)

Required courses for the concentration

- HUM 2250 - Studies in Culture: The Twentieth Century Credit(s): 3
- AMS 2270 - Twentieth-Century American Culture Credit(s): 3
- FIL 1002 - Introduction to Film Studies Credit(s): 3
- FIL 3052 - Foundations of Film & New Media Credit(s): 3
- FIL 3077 - Contemporary Film & New Media Credit(s): 3

CONCENTRATION ELECTIVES (15 CREDIT HOURS)

Students take an additional 15 credit hours of upper-level coursework from Humanities and Cultural Studies with an AMS, FIL, or HUM prefix.

There are no State Mandated Common Prerequisites for this program. All Florida College System students are encouraged to complete the Associate degree. Students should consult with an academic advisor in their major degree area at the intended transfer institution.

TOTAL MAJOR HOURS: 36

MAJOR CORE (9 CREDIT HOURS)

Students must complete the following required courses for the major (9 credit hours):

- HUM 3804 - Cultural Studies Theory and Method Credit(s): 3
- HUM 4331 - Humanities Pro-Seminar Credit(s): 3
- HUM 4931 - Seminar in Humanities Credit(s): 3

Students choose one concentration (27 Credit Hours)

Students choose one 27 credit-hour concentration from the following list of concentrations:

- American Studies
- Film and New Media Studies
- Humanities
- American Studies (AMSC)

The Humanities concentration is the study of humanity itself and uses specifically the seven arts to investigate and analyze the fundamental human activities. The seven arts which include painting, sculpture, architecture, music, dance, literature, theatre, and cinema are the branches of learning responsible for human sentiments, aspirations and opinions.
TOTAL CONCENTRATION HOURS: 36

CONCENTRATION CORE (9 CREDIT HOURS)

Students select two courses from the following list:

- AMS 2270 - Twentieth-Century American Culture Credit(s): 3
- HUM 2210 - Studies in Culture: The Classical Through Medieval Periods Credit(s): 3
- HUM 2230 - European Humanities: Renaissance - 20th Century Credit(s): 3
- HUM 2250 - Studies in Culture: The Twentieth Century Credit(s): 3
- HUM 2273 - Eastern and Western Culture Since 1400 Credit(s): 3

Students select one course from the following list:

- FIL 1002 - Introduction to Film Studies Credit(s): 3
- HUM 2522 - Introduction to the Cultural Study of Popular Music Credit(s): 3

CONCENTRATION ELECTIVES (18 CREDIT HOURS)

Students take an additional 18 credit hours of upper-level coursework from Humanities and Cultural Studies courses.

- FIL 4053 - The Hollywood Blockbuster Credit(s): 3
- FIL 4308 - Documentary and Experimental Cinema Credit(s): 3
- FIL 4808 - Ethics and Film Credit(s): 3
- FIL 4831 - Black American Cinema Credit(s): 3
- FIL 4832 - Horror Film Credit(s): 3
- FIL 4834 - The Movie Musical Credit(s): 3
- FIL 4870 - Film, Sound, and Music Credit(s): 3
- FIL 4873 - New American Auteurs Credit(s): 3
- FIL 4883 - Media, Ecology, and the Moving Image Credit(s): 3
- HUM 3557 - Jews, Christians, and Muslims: Medieval Light on Modern Issues Credit(s): 3

HUMANITIES AND CULTURAL STUDIES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

- Major GPA (All USF courses which are applied to major requirements): 2.0
- General Education GPA (All USF courses which are applied to General Education requirements): 2.0
- USF GPA: 2.0
- Overall GPA: 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.
RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES

The Humanities major offers six credit hours of undergraduate research through the senior-year sequence (HUM 4331 and HUM 4931).

INTERNSHIP OPPORTUNITIES

The Department of Humanities & Cultural Studies (HCS) offers an internship for Tampa-based, degree-seeking students declared as HUM or AMS majors and who have earned at least 12 credit hours of approved courses in the major prior to starting the internship. This internship consists of supervised work-and-learning experience in humanities and cultural issues under the direction of a University faculty member/administrator and an employee of a participating sponsor organization. The internship counts as a major elective for all concentrations.

Students participating in the internship must enroll in the HUM 4940 - Internship in Humanities & Cultural Studies class (and, in some instances, AMS 4940 to make sure the credits equal 3). This class earns up to 3 semester hours of academic credit. Students report to the HCS Internship Coordinator weekly through formal status reports via web form. A final professional portfolio and final reflection paper are significant parts of this experience. For more information please visit the Department's internship page: https://www.usf.edu/arts-sciences/departments/humanities-cultural-studies/undergraduate/internship/index.aspx.

BACHELOR'S/MASTER'S PATHWAYS

This program intends for students to complete a B.A. in Humanities and Cultural Studies with a concentration in Film and New Media Studies and M.A. Liberal Arts with a concentration in Film Studies over the span of five years. Completion of this program allows students to complete 12 credit hours toward the M.A. in during their junior or senior year in the Humanities and Cultural Studies major. Students who decide not to pursue the M.A. but who complete the B.A. requirements will receive the B.A. degree.

See Graduate Catalog for more information on Bachelor's/Master's Pathways.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, email HCSAdvise@usf.edu.
NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Items that are critical are marked with a ✳️ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

Teacher
Arts, Design, Entertainment, and Media
Training & Education
Editor
Community and Social Service
Author

Potential Entry Level Salary Range:
$18,000 - $45,000

YEAR 1

SEMMER 1 (FALL)

ENC 1101 - Composition I Credit(s): 3
SGEM - General Education Core Mathematics Credit(s): 3
SGEH - General Education Core Humanities Credit(s): 3
TGEC - Creative Thinking Credit(s): 3

NOTE: SCIV - Civics Literacy requirement needs to be fulfilled prior to graduation. See advisor.

</table>
AMERICAN STUDIES MINOR

TOTAL MINOR HOURS: 18

American Studies is an interdisciplinary field dealing with the study of the United States. By means of a combination of foundational lecture courses, core seminars, American Studies courses, and courses from relevant disciplines (literature, history, the arts, and the social or behavioral sciences), students in the American Studies program explore diverse aspects of the American experience locally, nationally, and globally.

MINOR REQUIREMENTS

A total of 18 credit hours is required for the minor in American Studies. At least 8 credit hours for the minor must be USF coursework.

MINOR CORE (6 CREDIT HOURS)

AMS 2030 - Introduction to American Studies Credit(s): 3
AMS 2270 - Twentieth-Century American Culture Credit(s): 3

MINOR ELECTIVES (12 CREDIT HOURS)

Twelve (12) hours of upper-level AMS courses or other courses approved by the undergraduate advisor.

GPA REQUIREMENTS

A minimum grade point average of 2.00 is required.

GRADING REQUIREMENTS

A grade of below "C-" will not be counted toward fulfilling the minor requirements.

RESIDENCY REQUIREMENT

At least 8 credit hours for the minor must be USF coursework.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, HCSadvise@usf.edu.
FILM AND NEW MEDIA STUDIES MINOR

TOTAL MINOR HOURS: 18

The Minor in Film and New Media Studies is designed to train students in the historical contexts and analytical skills necessary to understand how film and new media (including television, video games, and Internet culture) communicate cultural values and shape our apprehensions of the world.

MINOR REQUIREMENTS

The minor consists of 18 credit hours.

MINOR CORE (9 CREDIT HOURS)

- FIL 1002 - Introduction to Film Studies Credit(s): 3
- FIL 3052 - Foundations of Film & New Media Credit(s): 3
- FIL 3077 - Contemporary Film & New Media Credit(s): 3

MINOR ELECTIVES (9 CREDIT HOURS)

Students take an additional nine (9) credit hours of upper-level coursework from Humanities and Cultural Studies with an AMS, FIL, or HUM prefix.

GPA REQUIREMENTS

A minimum grade point average of 2.00 is required.

GRADING REQUIREMENTS

A grade of below "C-" will not be counted toward fulfilling the minor requirements.

RESIDENCY REQUIREMENTS

At least 8 credit hours for the minor must be USF coursework.

ADvising INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

Tamps campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, HCSadvise@usf.edu.
The Humanities program offers an interdisciplinary curriculum that investigates the visual arts, music, and literature, film, and the social and historical contexts from which they emerge.

MINOR REQUIREMENTS

The curriculum for the Humanities minor is comparable to that of the program for the B.A. degree, but it is less comprehensive.

MINOR CORE (18 CREDIT HOURS)

Students take eighteen (18) credit hours of upper-level coursework from Humanities and Cultural Studies with an AMS, FIL, or HUM prefix.

No more than six of these eighteen hours may be taken below the 3000 level.

GPA REQUIREMENTS

GRADING REQUIREMENTS

RESIDENCY REQUIREMENTS

At least 8 credit hours for the minor must be USF coursework.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx

INFORMATION SCIENCE B.S., WITH DATA SCIENCE AND ANALYTICS CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Science in Information Science program is meant to prepare students for leadership careers in a wide array of environments and contexts related to the emerging knowledge economy. Concentrations are available in five high-demand job areas:

- Information Security
- Health Informatics
- Data Science and Analytics
- Intelligence Analysis
- Web-Development Technologies

The program integrates critical skills in information technology with the solid theoretical and disciplinary foundations of Information Science. Emphasis is given to understanding how people interact with information and technology; the complexities of the information society; information creation, storage, and organization applications and theories; information architecture; and related knowledge and skills needed to design, implement, and evaluate new tools and approaches to solve emerging information problems.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

**Freshman:** [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)

**Transfer:** [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)

**International:** [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- STA X023 Introductory Statistics I or STA X122 Social Science Statistics course - 3 Credit Hours
- MAD X107 or MAD X105 or MAD X104 Discrete Math course or MAC X148 Mathematics (Calculus and Pre-calculus) or MAC X106 (Combined College Algebra/Pre-Calculus) - 3 Credit Hours
- COP X220 C Programming or COP X030 Programming Concepts I or COP X006 Orientation to Programming course - 3 Credit Hours
- COP X513 Object Oriented Programming (OOP) for IT or COP X800 Java Programming or COP X334 OOP in C++/t or COP X272C C/C++/Java Programming (L) or COP X210 Pascal Programming I or COP X551 Intro to OOP or COP X250 OOP (Java SE) course - 3 Credit Hours
- CGS X540 Intro to Databases for IT or CGS X542 Database Management Systems or LIS X780 Database Concepts or COP X710 Database Design course - 3 Credit Hours
TOTAL MAJOR HOURS: 39

MAJOR CORE (18 CREDIT HOURS)

ENC 3249 - Communication for IT Professionals Credit(s): 3
LIS 3261 - Introduction to Information Science Credit(s): 3
LIS 3353 - IT Concepts for Information Professionals Credit(s): 3
LIS 4204 - Information Behaviors Credit(s): 3
LIS 4414 - Information Policy and Ethics Credit(s): 3
LIS 4934 - Information Science Senior Capstone Credit(s): 3

CONCENTRATIONS

Students must choose one of the following 21-credit hour concentrations:

- Data Science and Analytics
- Health Informatics
- Information Security
- Intelligence Analysis
- Web Development Technologies

Note: Some elective courses from outside the school are only offered face-to-face, rather than online. There are a sufficient number of online electives, however, to meet the needs of students who do not wish to take on-campus courses.

TOTAL CONCENTRATION HOURS: 21

CONCENTRATION CORE (18 CREDIT HOURS)

Area of emphasis in deep knowledge discovery through data exploration, analysis, and inference.

LIS 4273 - Advanced Statistics and Analytics Credit(s): 3
LIS 4317 - Introduction to Visual Analytics Credit(s): 3
LIS 4370 - R Programming for Data Science Credit(s): 3
LIS 4761 - Introduction to Data & Text Mining Credit(s): 3
LIS 4800 - Introduction to Data Science Credit(s): 3
LIS 4805 - Predictive Analytics Credit(s): 3

CONCENTRATION ELECTIVES (3 CREDIT HOURS)

Students choose three (3) credit hours of electives from the following list.

Additional course options may be approved by the advisor or Program Director.

IDS 4942 - Community Internship Credit(s): 1-4
LIS 2005 - Information Literacy Credit(s): 3
LIS 3352 - Interaction Design Credit(s): 3
LIS 3361 - World Wide Web Page Design and Management Credit(s): 3
LIS 3783 - Information Architecture Credit(s): 3
LIS 4029 - Professional & Technical Comm. for Analysts Credit(s): 3
LIS 4365 - Web Design Technologies Credit(s): 3
LIS 4477 - Clinical Decision Support Credit(s): 3
LIS 4482 - Networks and Communication Credit(s): 3
HIM 4658 - Management of Health Information Systems Credit(s): 3
LIS 4776 - Health Information Technology Credit(s): 3
LIS 4779 - Health Information Security Credit(s): 3
LIS 4785 - Introduction to Health Informatics Credit(s): 3
LIS 4930 - Selected Topics in Information Studies Credit(s): 3 (topic must be approved by the advisor program director)
INFORMATION SCIENCE B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

- Major GPA (all USF courses which are applied to major requirements): 2.0
- Gen Ed GPA (all USF courses which are applied to gen ed requirements): 2.0
- USF GPA: 2.0
- Overall GPA: 2.0

GRADING REQUIREMENTS

- A "C" (2.0) or better to meet major course requirements unless specified elsewhere

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESEARCH OPPORTUNITIES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research will assist students in understanding the various course options.

RESIDENCY REQUIREMENTS

- CAS Major Academic Residency Requirement: Fifty percent (50%) of the major must be taken at USF.
- USF Academic Residency Requirement: Thirty (30) of the last 60 hours earned must be from USF.

ADVISING INFORMATION

- USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.
- [Tampa campus website](https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx)
- For questions, email infostudiesadvise@usf.edu.
4 YEAR PLAN OF STUDY - INFORMATION SCIENCE B.S.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Items that are critical are marked with a ✳️ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

- Clinical Data Manager
- Data Scientist
- Desktop Support Technician
- Database Administrator
- Informatics Optimization Specialist
- IT Audit Manager
- Medical Records and Health Information Technician
- Web Administrator
- Web Developer (Information Architect)

Potential Entry Level Salary Range:

$35,000 - $75,000

- LIS 3353 - IT Concepts for Information Professionals Credit(s): 3
- LIS 4204 - Information Behaviors Credit(s): 3
- LIS 4414 - Information Policy and Ethics Credit(s): 3
- LIS 4934 - Information Science Senior Capstone Credit(s): 3

CONCENTRATIONS

Students must choose one of the following 21-credit hour concentrations:

- Data Science and Analytics
- Health Informatics
- Information Security
- Intelligence Analysis
- Web Development Technologies

Note: Some elective courses from outside the school are only offered face-to-face, rather than online. There are a sufficient number of online electives, however, to meet the needs of students who do not wish to take on-campus courses.

TOTAL CONCENTRATION HOURS: 21

CONCENTRATION CORE (18 CREDIT HOURS)

Areas of emphasis: design, development, adoption, and application of IT-based innovations in healthcare services delivery, management, and planning.

- HIM 4658 - Management of Health Information Systems Credit(s): 3
- LIS 4477 - Clinical Decision Support Credit(s): 3
- LIS 4482 - Networks and Communication Credit(s): 3
- LIS 4776 - Health Information Technology Credit(s): 3
- LIS 4779 - Health Information Security Credit(s): 3
- LIS 4785 - Introduction to Health Informatics Credit(s): 3

CONCENTRATION ELECTIVES (3 CREDIT HOURS)

Students choose three (3) credit hours of electives from the following list.

Additional course options may be approved by the advisor or Program Director.

- IDS 4942 - Community Internship Credit(s): 1-4
- LIS 2005 - Information Literacy Credit(s): 3
- LIS 3352 - Interaction Design Credit(s): 3
- LIS 3361 - World Wide Web Page Design and Management Credit(s): 3
- LIS 3783 - Information Architecture Credit(s): 3
- LIS 4029 - Professional & Technical Comm. for Analysts Credit(s): 3
- LIS 4273 - Advanced Statistics and Analytics Credit(s): 3
- LIS 4317 - Introduction to Visual Analytics Credit(s): 3
- LIS 4365 - Web Design Technologies Credit(s): 3
- LIS 4370 - R Programming for Data Science Credit(s): 3
- LIS 4761 - Introduction to Data & Text Mining Credit(s): 3
- LIS 4800 - Introduction to Data Science Credit(s): 3
- LIS 4805 - Predictive Analytics Credit(s): 3
LIS 4930 - Selected Topics in Information Studies **Credit(s): 3** (topic must be approved by the advisor or program director)

**INFORMATION SCIENCE B.S. - ADDITIONAL INFORMATION**

**GPA REQUIREMENTS**

Major GPA (all USF courses which are applied to major requirements): 2.0
Gen Ed GPA (all USF courses which are applied to gen ed requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

**GRADING REQUIREMENTS**

A "C" (2.0) or better to meet major course requirements unless specified elsewhere

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

**RESEARCH OPPORTUNITIES**

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research will assist students in understanding the various course options.

**RESIDENCY REQUIREMENTS**

CAS Major Academic Residency Requirement: Fifty percent (50%) of the major must be taken at USF.

USF Academic Residency Requirement: Thirty (30) of the last 60 hours earned must be from USF.

**ADVISING INFORMATION**

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

For questions, email infostudiesadvise@usf.edu.
COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2021-2022 UNDERGRADUATE CATALOG

4 YEAR PLAN OF STUDY - INFORMATION SCIENCE B.S.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor. Items that are critical are marked with a ✴️ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

Clinical Data Manager
Data Scientist
Desktop Support Technician
Database Administrator
Informatics Optimization Specialist
IT Audit Manager
Medical Records and Health Information Technician
Web Administrator
Web Developer (Information Architect)

Potential Entry Level Salary Range:

$35,000 - $75,000

YEAR 1

SEMESTER 1 (FALL)

ENC 1101 - Composition I Credit(s): 3
SGEM - General Education Core Mathematics Credit(s): 3
SGEH - General Education Core Humanities Credit(s): 3
TGEC - Creative Thinking Credit(s): 3
Unrestricted Elective (Recommend SLS 2901 - Academic Foundations Seminar Credit(s): 1-3)

NOTE: SCIV - Civics Literacy requirement needs to be fulfilled prior to graduation. See advisor.

Total Credit Hours: 15

SEMESTER 2 (SPRING)

ENC 1102 - Composition II Credit(s): 3
STA 2023 - Introductory Statistics I Credit(s): 3
SGES - General Education Core Social Sciences Credit(s): 3
COP 2030 - Programming Concepts I Credit(s): 3
TGEI - Information and Data Literacy (Recommend LIS 2005 - Information Literacy Credit(s): 3)

Total Credit Hours: 15

SEMESTER 3 (SUMMER)

TGED - Human & Cultural Diversity Credit(s): 3

Total Credit Hours: 3
YEAR 2

SEMESTER 4 (FALL)

MAD 2104 - Discrete Mathematics Credit(s): 3 SGEN - General Education Core Natural Sciences Credit(s): 3
COP 2250 - Object-Oriented Programming (Java SE) Credit(s): 3 Unrestricted Elective Credit(s): 3

Total Credit Hours: 15
INFORMATION SCIENCE B.S., WITH INFORMATION SECURITY CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Science in Information Science program is meant to prepare students for leadership careers in a wide array of environments and contexts related to the emerging knowledge economy. Concentrations are available in five high-demand job areas:

- Information Security
- Health Informatics
- Data Science and Analytics
- Intelligence Analysis
- Web-Development Technologies

The program integrates critical skills in information technology with the solid theoretical and disciplinary foundations of Information Science. Emphasis is given to understanding how people interact with information and technology; the complexities of the information society; information creation, storage, and organization applications and theories; information architecture; and related knowledge and skills needed to design, implement, and evaluate new tools and approaches to solve emerging information problems.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- STA X023 Introductory Statistics I or STA X122 Social Science Statistics course - 3 Credit Hours
- MAD X107 or MAD X105 or MAD X104 Discrete Math course or MAC X148 Mathematics (Calculus and Pre-calculus) or MAC X106 (Combined College Algebra/Pre-Calculus) - 3 Credit Hours
- COP X220 C Programming or COP X030 Programming Concepts I or COP X006 Orientation to Programming course - 3 Credit Hours
- COP X513 Object Oriented Programming (OOP) for IT or COP X800 Java Programming or COP X334 OOP in C++I or COP X272C C/C++/Java Programming (L) or COP X210 Pascal Programming I or COP X551 Intro to OOP or COP X250 OOP (Java SE) course - 3 Credit Hours
- CGS X540 Intro to Databases for IT or CGS X542 Database Management Systems or LIS X780 Database Concepts or COP X710 Database Design course - 3 Credit Hours
MAJOR Core (18 Credit Hours)

- ENC 3249 - Communication for IT Professionals Credit(s): 3
- LIS 3261 - Introduction to Information Science Credit(s): 3
- LIS 3353 - IT Concepts for Information Professionals Credit(s): 3
- LIS 4204 - Information Behaviors Credit(s): 3
- LIS 4414 - Information Policy and Ethics Credit(s): 3
- LIS 4934 - Information Science Senior Capstone Credit(s): 3

Concentrations

Students must choose one of the following 21-credit hour concentrations:

- Data Science and Analytics
- Health Informatics
- Information Security
- Intelligence Analysis
- Web Development Technologies

Note: Some elective courses from outside the school are only offered face-to-face, rather than online. There are a sufficient number of online electives, however, to meet the needs of students who do not wish to take on-campus courses.

TOTAL CONCENTRATION HOURS: 21

CONCENTRATION Core (18 Credit Hours)

Area of emphasis: cybersecurity and protecting information or data from unauthorized access, use, misuse, disclosure, destruction, modification, or disruption.

- CIS 3360 - Principles of Information Security Credit(s): 3
- CIS 3367 - Architecting Operating System Security Credit(s): 3
- CIS 4204 - Ethical Hacking Credit(s): 3
- CIS 4361 - Information Assurance and Security Management for IT Credit(s): 3
- CIS 4365 - Computer Security Policies and Disaster Preparedness Credit(s): 3
- LIS 4482 - Networks and Communication Credit(s): 3

CONCENTRATION ELECTIVES (3 Credit Hours)

Students choose any three (3) credit hours of electives from the following list.

- CAP 4790 - Data and Security Analytics Credit(s): 3
- CIS 3362 - Cryptography and Information Security Credit(s): 3
- CIS 3615 - Secure Software Development Credit(s): 3
- CIS 4203 - Cyber Forensics and Investigations Credit(s): 3
- CIS 4216 - Aggressive Hacking - What Hackers Do Credit(s): 3
- CNT 4403 - Network Security and Firewalls Credit(s): 3
- IDS 4942 - Community Internship Credit(s): 1-4
- LIS 2005 - Information Literacy Credit(s): 3
- LIS 3352 - Interaction Design Credit(s): 3
- LIS 3361 - World Wide Web Page Design and Management Credit(s): 3
- LIS 3783 - Information Architecture Credit(s): 3
- LIS 4209 - Professional & Technical Comm. for Analysts Credit(s): 3
- LIS 4273 - Advanced Statistics and Analytics Credit(s): 3
- LIS 4317 - Introduction to Visual Analytics Credit(s): 3
INFORMATION SCIENCE B.S. - ADDITIONAL INFORMATION

**GPA REQUIREMENTS**

For questions, email infostudiesadvise@usf.edu.

4 YEAR PLAN OF STUDY - INFORMATION SCIENCE B.S.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literate.aspx or talk with your academic advisor.

Items that are critical are marked with a ✴️ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

Clinical Data Manager
Data Scientist
Desktop Support Technician
Database Administrator
Informatics Optimization Specialist
IT Audit Manager
Medical Records and Health Information Technician
Web Administrator
Web Developer (Information Architect)

Potential Entry Level Salary Range:

$35,000 - $75,000

YEAR 1

SEMESTER 1 (FALL)

ENC 1101 - Composition I Credit(s): 3
SGEM - General Education Core Mathematics Credit(s): 3
SGEH - General Education Core Humanities Credit(s): 3
TGEC - Creative Thinking Credit(s): 3
Unrestricted Elective (Recommend SLS 2901 - Academic Foundations Seminar Credit(s): 1-3)

NOTE: SCIV - Civics Literacy requirement needs to be fulfilled prior to graduation. See advisor.

Total Credit Hours: 15

SEMESTER 2 (SPRING)

ENC 1102 - Composition II Credit(s): 3
STA 2023 - Introductory Statistics I Credit(s): 3
SGES - General Education Core Social Sciences Credit(s): 3
COP 2030 - Programming Concepts I Credit(s): 3
TGED - Human & Cultural Diversity Credit(s): 3

Total Credit Hours: 15

SEMESTER 3 (SUMMER)

TGED - Human & Cultural Diversity Credit(s): 3
Total Credit Hours: 3

YEAR 2

SEMESTER 4 (FALL)

MAD 2104 - Discrete Mathematics Credit(s): 3
SGEN - General Education Core Natural Sciences Credit(s): 3
COP 2250 - Object-Oriented Programming (Java SE) Credit(s): 3
Unrestricted Elective Credit(s): 3

Total Credit Hours: 12

SEMESTER 5 (SPRING)

LIS 2780 - Database Concepts Credit(s): 3
Unrestricted Elective Credit(s): 3

Total Credit Hours: 12

SEMESTER 6 (SUMMER)

Unrestricted Elective Credit(s): 3

Total Credit Hours: 6

YEAR 3

SEMESTER 7 (FALL)

LIS 3261 - Introduction to Information Science Credit(s): 3
LIS 3353 - IT Concepts for Information Professionals Credit(s): 3
ENC 3249 - Communication for IT Professionals Credit(s): 3
Concentration Course Credit(s): 3

Total Credit Hours: 15

SEMESTER 8 (SPRING)

LIS 4204 - Information Behaviors Credit(s): 3
Concentration Course Credit(s): 3

Total Credit Hours: 12
SEMESTER 9 (SUMMER)
Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.
Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 4

SEMESTER 10 (FALL)
LIS 4414 - Information Policy and Ethics Credit(s): 3 (meets TGEE - Ethical Reasoning & Civic Engagement requirement) Concentration Course Credit(s): 3
Concentration Course Credit(s): 3
Upper-Level Elective Credit(s): 3
Upper-Level Elective Credit(s): 3
Total Credit Hours: 15

SEMESTER 11 (SPRING)
LIS 4934 - Information Science Senior Capstone (meets TGEH - High Impact Practice requirement) Credit(s): 3
Concentration Course Credit(s): 3
Unrestricted Elective Credit(s): 3
Unrestricted Elective Credit(s): 3
Upper-Level Elective Credit(s): 3
Apply for Graduation
Total Credit Hours: 15

Apply for Graduation
INFORMATION SCIENCE B.S., WITH WEB DEVELOPMENT TECHNOLOGIES CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Science in Information Science program is meant to prepare students for leadership careers in a wide array of environments and contexts related to the emerging knowledge economy. Concentrations are available in five high-demand job areas:

- Information Security
- Health Informatics
- Data Science and Analytics
- Intelligence Analysis
- Web-Development Technologies

The program integrates critical skills in information technology with the solid theoretical and disciplinary foundations of Information Science. Emphasis is given to understanding how people interact with information and technology; the complexities of the information society; information creation, storage, and organization applications and theories; information architecture; and related knowledge and skills needed to design, implement, and evaluate new tools and approaches to solve emerging information problems.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- STA X023 Introductory Statistics I or STA X122 Social Science Statistics course - 3 Credit Hours
- MAD X107 or MAD X105 or MAD X104 Discrete Math course or MAC X148 Mathematics (Calculus and Pre-calculus) or MAC X106 (Combined College Algebra/Pre-Calculus) - 3 Credit Hours
- COP X220 C Programming or COP X030 Programming Concepts I or COP X006 Orientation to Programming course - 3 Credit Hours
- COP X513 Object Oriented Programming (OOP) for IT or COP X800 Java Programming or COP X334 OOP in C++ or COP X272C C/C++/Java Programming (L) or COP X210 Pascal Programming I or COP X551 Intro to OOP or COP X250 OOP (Java SE) course - 3 Credit Hours
- CGS X540 Intro to Databases for IT or CGS X542 Database Management Systems or LIS X780 Database Concepts or COP X710 Database Design course - 3 Credit Hours
MAJOR CORE (18 CREDIT HOURS)

- ENC 3249 - Communication for IT Professionals Credit(s): 3
- LIS 3261 - Introduction to Information Science Credit(s): 3
- LIS 3353 - IT Concepts for Information Professionals Credit(s): 3
- LIS 4204 - Information Behaviors Credit(s): 3
- LIS 4414 - Information Policy and Ethics Credit(s): 3
- LIS 4934 - Information Science Senior Capstone Credit(s): 3

CONCENTRATIONS

Students must choose one of the following 21-credit hour concentrations:

- Data Science and Analytics
- Health Informatics
- Information Security
- Intelligence Analysis
- Web Development Technologies

Note: Some elective courses from outside the school are only offered face-to-face, rather than online. There are a sufficient number of online electives, however, to meet the needs of students who do not wish to take on-campus courses.

TOTAL CONCENTRATION HOURS: 21

Area of emphasis: full-stack (front-end and back-end) Web Development and Design.

CONCENTRATION CORE (18 CREDIT HOURS)

The following courses are required for the concentration.

- CIS 3360 - Principles of Information Security Credit(s): 3
- LIS 3352 - Interaction Design Credit(s): 3
- LIS 3361 - World Wide Web Page Design and Management Credit(s): 3
- LIS 3783 - Information Architecture Credit(s): 3
- LIS 4365 - Web Design Technologies Credit(s): 3
- LIS 4482 - Networks and Communication Credit(s): 3

CONCENTRATION ELECTIVES (3 CREDIT HOURS)

Student choose three (3) credit hours of electives from the following list.

Additional course options may be approved by the advisor or program director.

- CEN 3722 - Human Computer Interfaces for Information Technology Credit(s): 3
- CGS 3853 - Web Systems for IT Credit(s): 3
- CIS 4361 - Information Assurance and Security Management for IT Credit(s): 3
- CIS 4365 - Computer Security Policies and Disaster Preparedness Credit(s): 3
- IDS 4942 - Community Internship Credit(s): 1-4
- LIS 2005 - Information Literacy Credit(s): 3
- LIS 4029 - Professional & Technical Comm. for Analysts Credit(s): 3
- LIS 4477 - Clinical Decision Support Credit(s): 3
- LIS 4776 - Health Information Technology Credit(s): 3
- LIS 4779 - Health Information Security Credit(s): 3
- LIS 4785 - Introduction to Health Informatics Credit(s): 3
- HIM 4658 - Management of Health Information Systems Credit(s): 3
- LIS 4930 - Selected Topics in Information Studies Credit(s): 3 (Topic must be approved by the advisor or program director)
GPA REQUIREMENTS

Major GPA (all USF courses which are applied to major requirements): 2.0
Gen Ed GPA (all USF courses which are applied to gen ed requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

A "C" (2.0) or better to meet major course requirements unless specified elsewhere

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESEARCH OPPORTUNITIES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research will assist students in understanding the various course options.

RESIDENCY REQUIREMENTS

CAS Major Academic Residency Requirement: Fifty percent (50%) of the major must be taken at USF.

USF Academic Residency Requirement: Thirty (30) of the last 60 hours earned must be from USF.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

INTELLIGENCE STUDIES MINOR

TOTAL MINOR HOURS: 12

The Minor in Intelligence Studies provides an introductory foundation to the profession and practice of intelligence. Students are acquainted with the structure and function of the US Intelligence Community; ethical and professional issues in the intelligence field; intelligence analytic methods; tools and techniques for collecting/analyzing data and information from publicly available sources; and professional writing and briefing skills that are essential for effective analytic communication. This minor can complement undergraduate majors such as Political Science, International Studies, Foreign Language studies, Criminology, Business, or Social/Behavioral Sciences.

MINOR REQUIREMENTS

MINOR CORE (12 CREDIT HOURS)

- LIS 4029 - Professional & Technical Comm. for Analysts Credit(s): 3
- LIS 4671 - Introduction to Intelligence Studies Credit(s): 3
- LIS 4672 - Critical Thinking & Methods for Intel Analysis Credit(s): 3
- LIS 4673 - Open Source Intelligence (OSINT) Credit(s): 3

GPA REQUIREMENTS

A GPA of 3.0, or better is required to meet the requirements of the minor.

RESIDENCY REQUIREMENT

Six (6) credit hours must be taken at USF.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, email InfoStudiesadvice@usf.edu.
DEPARTMENT OF INTEGRATIVE BIOLOGY
BIOLOGY B.S.

TOTAL MAJOR HOURS: 120

The Bachelor of Science in Biology provides a broad, robust foundation in the biological sciences. It prepares students for graduate programs in biology (e.g. zoology, botany, conservation biology, microbiology, marine biology, ecology and evolution) as well as professional degrees in medicine, dentistry, veterinary medicine and pharmacology, or biology careers with industry and government agencies. The program emphasizes the development of critical thinking and communication skills, as well as competency in experimental design, data analysis and methodology for lab and field research. The concentrations allow students to focus coursework according to their interests. A wide range of skill-building opportunities are available to students through undergraduate research, internships, study abroad, service learning, and field courses. 

University Admissions - College of Arts & Sciences

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

REQUIRED SUPPORTING COURSES FOR THE MAJOR: 4 COURSES; 8-10 CREDIT HOURS

Students choose one of two supporting course sequence options, based on the completed common course prerequisites. The two course sequence options are as follows.

A minimum grade of C- is required in each Required Supporting course.
Note: The course sequence that will count toward the Supporting Courses requirement is based on which sequence (Organic Chemistry or Physics) the student took to meet the Common Prerequisite requirement. If the Organic Chemistry sequence was taken to fulfill the Common Prerequisite requirement, the Physics sequence will meet the Supporting Courses requirement. The opposite is true if the Physics requirement was used to meet the Common Prerequisite requirement.

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student’s final semester.

1. ORGANIC CHEMISTRY I AND II, WITH LABORATORIES (10 CREDIT HOURS)

CHM 2210 - Organic Chemistry I Credit(s): 3
CHM 2210L - Organic Chemistry Laboratory I Credit(s): 2
CHM 2211 - Organic Chemistry II Credit(s): 3
CHM 2211L - Organic Chemistry Laboratory II Credit(s): 2

2. PHYSICS I AND II (CALCULUS-BASED OR GENERAL), WITH LABORATORIES (8 CREDIT HOURS)

PHY 2053 - General Physics I Credit(s): 3
PHY 2053L - General Physics I Laboratory Credit(s): 1
PHY 2054 - General Physics II Credit(s): 3
PHY 2054L - General Physics II Laboratory Credit(s): 1

or the following courses

PHY 2048 - General Physics I - Calculus Based Credit(s): 3
PHY 2048L - General Physics I Laboratory Credit(s): 1
PHY 2049 - General Physics II - Calculus Based Credit(s): 3
PHY 2049L - General Physics II Laboratory Credit(s): 1

REQUIRED COURSES: (28 CREDIT HOURS)

Note: A course used to complete one major requirement/area may not be used to fulfill other major requirements.

MAJOR CORE COURSES: 5 COURSES; 11 CREDIT HOURS

PCB 3043 - Principles of Ecology Credit(s): 3
PCB 3043L - Principles of Ecology Laboratory Credit(s): 1
PCB 3063 - General Genetics Credit(s): 3
PCB 3063L - General Genetics Laboratory Credit(s): 1
PCB 4674 - Organic Evolution Credit(s): 3

MAJOR (RESTRICTED) ELECTIVES: (17 CREDIT HOURS)

Students complete a General Biology program of study or complete one of four concentrations: Animal Biology, Medical Biology, Ecology and Evolution or Plant Biology. The concentrations are a minimum of 13 credit hours. Students who declare a concentration will take a maximum of 4 additional credit hours to meet the total major electives requirement (which is a minimum of 17 credit hours).

If students do not declare a concentration, they will follow the General Biology program of study and take a minimum of 17 credit hours to meet the major electives requirement.
GENERAL BIOLOGY MAJOR ELECTIVES: 5 COURSES; 17 CREDITS

STRUCTURE/FUNCTION REQUIREMENT: 1 COURSE; 3 CREDIT HOURS

Select a minimum of one of the following courses.

*Registration in Selected Topics courses requires prior Departmental approval.

**Elective Courses**

- BOT 3015C - General Botany Credit(s): 4
- BSC 2093C - Human Anatomy and Physiology I Credit(s): 4
- BSC 2094C - Human Anatomy and Physiology II Credit(s): 4
- BSC 4933 - Selected Topics in Biology Credit(s): 1-4 *
- MCB 4404 - Microbial Physiology and Genetics Credit(s): 3

and

- MCB 4404L - Microbial Physiology and Genetics Laboratory Credit(s): 1
- PCB 3023 - Cell Biology Credit(s): 3
- PCB 3712 - General Physiology Credit(s): 3

and

- PCB 3713L - General Physiology Laboratory Credit(s): 1
- PCB 4723 - Animal Physiology Credit(s): 3
- ZOO 3713C - Comparative Vertebrate Anatomy Credit(s): 5
- ZOO 4377 - Functional Morphology Credit(s): 3

**Biodiversity/Ecology Requirement: 1 Course; 3 Credit Hours**

Select a minimum of one of the following courses.

*Registration in Selected Topics courses requires prior Departmental approval.

**Elective Courses**

- BOT 3152C - Field Botany Credit(s): 3
- BOT 4601 - Plant Ecology Credit(s): 3
- BSC 3312 - Marine Biology Credit(s): 3
- BSC 4052 - Conservation Biology Credit(s): 3
- BSC 4333 - Ecology of Aquatic Vascular Plants Credit(s): 3
- BSC 4933 - Selected Topics in Biology Credit(s): 1-4 *
- MCB 3020 - General Microbiology Credit(s): 3

and

- MCB 3020L - General Microbiology Laboratory Credit(s): 1
- MCB 4202 - Ecology of Infectious Diseases Credit(s): 3
- MCB 4277 - Insect-Borne Diseases and Global Health Credit(s): 3
- MCB 4503 - Virology Credit(s): 3
- ZOO 3205C - Advanced Invertebrate Zoology Credit(s): 4
- ZOO 4233 - Parasitology Credit(s): 3
- ZOO 4307 - Vertebrate Zoology Credit(s): 3

and

- ZOO 4307L - Vertebrate Zoology Laboratory Credit(s): 1
- ZOO 4454 - Fish Biology Credit(s): 3

and

- ZOO 4454L - Fish Biology Lab Credit(s): 1
- ZOO 4513 - Animal Behavior Credit(s): 3
ADDITIONAL COURSE REQUIREMENT: 3 COURSES; 9 CREDIT HOURS

Select a minimum of three upper-level courses with a BOT, BSC, MCB, PCB, or ZOO prefix, with the exception of those intended for non-majors. *

Additionally, OCB 3108 - Marine Field Studies Credit(s): 4, PHZ 4702 - Applications of Physics to Biology and Medicine I Credit(s): 4, and BCH 3053 - General Biochemistry Credit(s): 3 are approved by the department.

Additional electives as approved for the major by the department.

Note: *BSC 4933 - Selected Topics in Biology cannot be taken as an elective credit without prior departmental approval.

MAJOR LABORATORY COURSE REQUIREMENT: 2 LAB COURSES; 2 CREDIT HOURS

A minimum of two courses from the Major Structure/Function option, Major Biodiversity/Ecology Option, and major Electives must include a laboratory component (Both "L" and "C" courses approved for the major count towards this requirement).

BIOLOGY B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

D/F POLICY

Effective Fall 2018, all students in the below listed programs must successfully complete the below science and math coursework without earning 3 D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major.

Furthermore, any student who requests a change of major to one offered in the below identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Any continuing student who was previously forced to select a different major based on previous versions of this policy may now be eligible to pursue the majors listed below, but only if they meet both the criteria described here as well as the Degree Progression Policy 10-505 criteria. Students who are able to complete one of the below majors by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception and should contact the School of Natural Sciences and Mathematics Advising Office for instructions.

Grade Forgiveness will NOT apply to the mandated requirement of changing majors. Included Departments/Divisions: Division of Health Professions Advising; Department of Chemistry; Department of Cell Biology, Microbiology and Molecular Biology; and Department of Integrative Biology. Included courses: BCH 3053; BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440; MAT 1033; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281; MAC 2282; MAC 2311; MAC 2312; MCB 3020; PCB 3023; PCB 3063; PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; STA 2023.
RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

OTHER REQUIREMENTS

A maximum of four credit hours of BSC 4910 Undergraduate Research and BSC 4940 Internship may be applied to the Biology major.

No pass/fail or S/U minimum grades for major coursework.

A course(s) used to complete one major requirement may not be used to fulfill another major requirement.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

A maximum of four credit hours of BSC 4910 Undergraduate Research and BSC 4940 Internship may be applied to the Biology major.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

Total Credit Hours: 12
BIOLOGY B.S., WITH ANIMAL BIOLOGY CONCENTRATION

TOTAL MAJOR HOURS: 120

The Bachelor of Science in Biology provides a broad, robust foundation in the biological sciences. It prepares students for graduate programs in biology (e.g., zoology, botany, conservation biology, microbiology, marine biology, ecology and evolution) as well as professional degrees in medicine, dentistry, veterinary medicine and pharmacology, or biology careers with industry and government agencies. The program emphasizes the development of critical thinking and communication skills, as well as competency in experimental design, data analysis and methodology for lab and field research. The concentrations allow students to focus coursework according to their interests. A wide range of skill-building opportunities are available to students through undergraduate research, internships, study abroad, service learning, and field courses.

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- (BSC X010 and BSC X010L Biology I with Lab) or BSC X010C or BSC X040C - 4 credit hours
- (BSC X011 and BSC X011L Biology II with Lab) or BSC X011C or BSC X041C - 4 credit hours
- (CHM X045 and CHM X045L Chemistry I with Lab) or CHM X045C or (CHM X040 and CHM X041) - 4-6 credit hours
- CHM X046C or (CHM X046 & CHM X046L Chemistry II with Lab) - 4 credit hours
- MAC X311 or MAC X233 or MAC X253 or MAC X281 or MAC X241 - 3-4 credit hours
- (PHY X054 & PHY X053L & PHY X048L & PHY X053) or (PHY X048 & PHY X048L & PHY X049 & PHY X049L) or (PHY X049L & PHY X054 & PHY X048L & PHY X053) or (CHM X210C & CHM X211C) or (CHM X210 & CHM X210L & CHM X211 & CHM X211L) - 8-10 credit hours
- STA X024 or STA X321 or STA X023 or MAC X234 or MAC X312 or MAC X282 - 3-4 credit hours

REQUIRED SUPPORTING COURSES FOR THE MAJOR: 4 COURSES; 8-10 CREDIT HOURS

Students choose one of two supporting course sequence options, based on the completed common course prerequisites. The two course sequence options are as follows.

A minimum grade of C- is required in each Required Supporting course.
Note: The course sequence that will count toward the Supporting Courses requirement is based on which sequence (Organic Chemistry or Physics) the student took to meet the Common Prerequisite requirement. If the Organic Chemistry sequence was taken to fulfill the Common Prerequisite requirement, the Physics sequence will meet the Supporting Courses requirement. The opposite is true if the Physics requirement was used to meet the Common Prerequisite requirement.

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

1. ORGANIC CHEMISTRY I AND II, WITH LABORATORIES (10 CREDIT HOURS)

CHM 2210 - Organic Chemistry I Credit(s): 3
CHM 2210L - Organic Chemistry Laboratory I Credit(s): 2
CHM 2211 - Organic Chemistry II Credit(s): 3
CHM 2211L - Organic Chemistry Laboratory II Credit(s): 2

2. PHYSICS I AND II (CALCULUS-BASED OR GENERAL), WITH LABORATORIES (8 CREDIT HOURS)

PHY 2053 - General Physics I Credit(s): 3
PHY 2053L - General Physics I Laboratory Credit(s): 1
PHY 2054 - General Physics II Credit(s): 3
PHY 2054L - General Physics II Laboratory Credit(s): 1
or the following courses
PHY 2048 - General Physics I - Calculus Based Credit(s): 3
PHY 2048L - General Physics I Laboratory Credit(s): 1
PHY 2049 - General Physics II - Calculus Based Credit(s): 3
PHY 2049L - General Physics II Laboratory Credit(s): 1

REQUIRED COURSES: (28 CREDIT HOURS)

Note: A course used to complete one major requirement/area may not be used to fulfill other major requirements.

MAJOR CORE COURSES: 5 COURSES; 11 CREDIT HOURS

PCB 3043 - Principles of Ecology Credit(s): 3
PCB 3043L - Principles of Ecology Laboratory Credit(s): 1
PCB 3063 - General Genetics Credit(s): 3
PCB 3063L - General Genetics Laboratory Credit(s): 1
PCB 4674 - Organic Evolution Credit(s): 3

MAJOR (RESTRICTED) ELECTIVES: (17 CREDIT HOURS)

Students complete a General Biology program of study or complete one of four concentrations: Animal Biology, Medical Biology, Ecology and Evolution or Plant Biology. The concentrations are a minimum of 13 credit hours. Students who declare a concentration will take a maximum of 4 additional credit hours to meet the total major electives requirement (which is a minimum of 17 credit hours).

If students do not declare a concentration, they will follow the General Biology program of study and take a minimum of 17 credit hours to meet the major electives requirement.
ANIMAL BIOLOGY CONCENTRATION: 5 COURSES; 17 CREDIT HOURS

CONCENTRATION CORE: 1 COURSE; 4 CREDIT HOURS

Select a minimum of one of the following courses.

NOTE: Course not completed in the Concentration Core may be taken toward the Restricted Electives requirement.

- ZOO 3205C - Advanced Invertebrate Zoology Credit(s): 4
  or
- ZOO 4307 - Vertebrate Zoology Credit(s): 3
  and
- ZOO 4307L - Vertebrate Zoology Laboratory Credit(s): 1

RESTRICTED ELECTIVES: 3 COURSES; 9 CREDIT HOURS

Select a minimum of three (3) courses from of the following list and/or chose unused courses from the concentration core section above.

*Registration in Selected Topics courses requires prior Departmental approval.

Note: A course used as a concentration core requirement cannot also be used to meet the restricted elective requirement.

- BSC 3312 - Marine Biology Credit(s): 3
- BSC 4052 - Conservation Biology Credit(s): 3
- BSC 4444 - Genomics Credit(s): 3
- BSC 4933 - Selected Topics in Biology Credit(s): 1-4 *
- PCB 3712 - General Physiology Credit(s): 3
- PCB 4723 - Animal Physiology Credit(s): 3
- PCB 4744 - Biomedical Physiology Credit(s): 3
- ZOO 3205C - Advanced Invertebrate Zoology Credit(s): 4
- ZOO 3407 - Biology of Sharks and Rays Credit(s): 3
- ZOO 3713C - Comparative Vertebrate Anatomy Credit(s): 5
- ZOO 4233 - Parasitology Credit(s): 3
- ZOO 4307 - Vertebrate Zoology Credit(s): 3
  and
- ZOO 4307L - Vertebrate Zoology Laboratory Credit(s): 1
- ZOO 4377 - Functional Morphology Credit(s): 3
- ZOO 4454 - Fish Biology Credit(s): 3
- ZOO 4513 - Animal Behavior Credit(s): 3
- ZOO 4694 - Developmental Biology Credit(s): 3

ADDITIONAL CONCENTRATION ELECTIVE: 1 COURSE; 3 CREDIT HOURS

Select a minimum of three upper-level courses with a BOT, BSC, MCB, PCB, or ZOO prefix, with the exception of those intended for non-majors.*

Additionally, OCB 3108 - Marine Field Studies Credit(s): 4, PHZ 4702 - Applications of Physics to Biology and Medicine I Credit(s): 4, and BCH 3053 - General Biochemistry Credit(s): 3 are approved by the department.

Additional electives as approved for the major by the department.

Note: *BSC 4933 - Selected Topics in Biology cannot be taken as an elective credit without prior departmental approval.
MAJOR LABORATORY COURSE REQUIREMENT: 1 LAB COURSES; 1 CREDIT HOUR

A minimum of one course from the restricted electives and additional course requirement must include a laboratory component (Both “L” and “C” courses approved for the major count for this requirement).

BIOLOGY B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

D/F POLICY

Effective Fall 2018, all students in the below listed programs must successfully complete the below science and math coursework without earning 3 D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. ### 2 YEAR PLAN OF STUDY - BIOLOGY B.S.

**NOTES:**

- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

- Items that are critical are marked with a ✳️ and are included in the plan for a student to stay on track.

### YEAR 1

#### SEMESTER 1 (FALL)

- PCB 3063 - General Genetics **Credit(s):** 3
- PCB 3063L - General Genetics Laboratory **Credit(s):** 1
- **Upper-level Elective** Credit(s): 3

- PHY 2053 - General Physics I **Credit(s):** 3
- PHY 2053L - General Physics I Laboratory **Credit(s):** 1

**Total Credit Hours: 14**

#### SEMESTER 2 (SPRING)

- PCB 3043 - Principles of Ecology **Credit(s):** 3
- PCB 3043L - Principles of Ecology Laboratory **Credit(s):** 1
- PHY 2054 - General Physics II **Credit(s):** 3
- PHY 2054L - General Physics II Laboratory **Credit(s):** 1

- **General/Unrestricted Elective** Credit(s): 3

**Total Credit Hours: 15**

#### SEMESTER 3 (SUMMER)

- **Upper-level Elective** Credit(s): 3
- **Upper-level Elective** Credit(s): 3

**Total Credit Hours: 6**
YEAR 2

SEMESTER 4 (FALL)

- Major Elective/Concentration Credit(s): 4
- Major Elective/Concentration Credit(s): 4
- Major Elective/Concentration Credit(s): 3
- General/Unrestricted Elective Credit(s): 2

Total Credit Hours: 13

SEMESTER 5 (SPRING)

- PCB 4674 - Organic Evolution Credit(s): 3
- Upper-Level Elective Credit(s): 3
- Major Elective/Concentration Credit(s): 3
- Major Elective/Concentration Credit(s): 3
- Apply for Graduation

Total Credit Hours: 12
BIOLOGY B.S., WITH ECOLOGY AND EVOLUTION CONCENTRATION

TOTAL MAJOR HOURS: 120

The Bachelor of Science in Biology provides a broad, robust foundation in the biological sciences. It prepares students for graduate programs in biology (e.g. zoology, botany, conservation biology, microbiology, marine biology, ecology and evolution) as well as professional degrees in medicine, dentistry, veterinary medicine and pharmacology, or biology careers with industry and government agencies. The program emphasizes the development of critical thinking and communication skills, as well as competency in experimental design, data analysis and methodology for lab and field research. The concentrations allow students to focus coursework according to their interests. A wide range of skill-building opportunities are available to students through undergraduate research, internships, study abroad, service learning, and field courses.

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- (BSC X010 and BSC X010L Biology I with Lab) or BSC X010C or BSC X040C - 4 credit hours
- (BSC X011 and BSC X011L Biology II with Lab) or BSC X011C or BSC X041C - 4 credit hours
- (CHM X045 and CHM X045L Chemistry I with Lab) or CHM X045C or (CHM X040 and CHM X041) - 4-6 credit hours
- CHM X046C or (CHM X046 & CHM X046L Chemistry II with Lab) - 4 credit hours
- MAC X311 or MAC X233 or MAC X253 or MAC X281 or MAC X241 - 3-4 credit hours
- (PHY X054 & PHY X055L & PHY X048L & PHY X053) or (PHY X048 & PHY X048L & PHY X049 & PHY X049L)
  or (PHY X049L & PHY X054 & PHY X048L & PHY X053) or (CHM X210C & CHM X211C) or (CHM X210 &
  CHM X210L & CHM X211 & CHM X211L) - 8-10 credit hours
- STA X024 or STA X321 or STA X023 or MAC X234 or MAC X312 or MAC X282 - 3-4 credit hours

REQUIRED SUPPORTING COURSES FOR THE MAJOR: 4 COURSES; 8-10 CREDIT HOURS

Students choose one of two supporting course sequence options, based on the completed common course prerequisites. The two course sequence options are as follows.

A minimum grade of C- is required in each Required Supporting course.
Note: The course sequence that will count toward the Supporting Courses requirement is based on which sequence (Organic Chemistry or Physics) the student took to meet the Common Prerequisite requirement. If the Organic Chemistry sequence was taken to fulfill the Common Prerequisite requirement, the Physics sequence will meet the Supporting Courses requirement. The opposite is true if the Physics requirement was used to meet the Common Prerequisite requirement.

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

1. ORGANIC CHEMISTRY I AND II, WITH LABORATORIES (10 CREDIT HOURS)

- CHM 2210 - Organic Chemistry I Credit(s): 3
- CHM 2210L - Organic Chemistry Laboratory I Credit(s): 2
- CHM 2211 - Organic Chemistry II Credit(s): 3
- CHM 2211L - Organic Chemistry Laboratory II Credit(s): 2

2. PHYSICS I AND II (CALCULUS-BASED OR GENERAL), WITH LABORATORIES (8 CREDIT HOURS)

- PHY 2053 - General Physics I Credit(s): 3
- PHY 2053L - General Physics I Laboratory Credit(s): 1
- PHY 2054 - General Physics II Credit(s): 3
- PHY 2054L - General Physics II Laboratory Credit(s): 1
- or the following courses
- PHY 2048 - General Physics I - Calculus Based Credit(s): 3
- PHY 2048L - General Physics I Laboratory Credit(s): 1
- PHY 2049 - General Physics II - Calculus Based Credit(s): 3
- PHY 2049L - General Physics II Laboratory Credit(s): 1

REQUIRED COURSES: (28 CREDIT HOURS)

Note: A course used to complete one major requirement/area may not be used to fulfill other major requirements.

MAJOR CORE COURSES: 5 COURSES; 11 CREDIT HOURS

- PCB 3043 - Principles of Ecology Credit(s): 3
- PCB 3043L - Principles of Ecology Laboratory Credit(s): 1
- PCB 3063 - General Genetics Credit(s): 3
- PCB 3063L - General Genetics Laboratory Credit(s): 1
- PCB 4674 - Organic Evolution Credit(s): 3

MAJOR (RESTRICTED) ELECTIVES: (17 CREDIT HOURS)

Students complete a General Biology program of study or complete one of four concentrations: Animal Biology, Medical Biology, Ecology and Evolution or Plant Biology. The concentrations are a minimum of 13 credit hours. Students who declare a concentration will take a maximum of 4 additional credit hours to meet the total major electives requirement (which is a minimum of 17 credit hours).

If students do not declare a concentration, they will follow the General Biology program of study and take a minimum of 17 credit hours to meet the major electives requirement.
ECOLOGY AND EVOLUTION CONCENTRATION: 5 COURSES; 17 CREDIT HOURS

CONCENTRATION CORE: 2 COURSES; 7 CREDIT HOURS

EVOLUTION/BIODIVERSITY

Select a minimum of one course from the following list.

- BOT 3015C - General Botany Credit(s): 4
- MCB 3020 - General Microbiology Credit(s): 3

and

- MCB 3020L - General Microbiology Laboratory Credit(s): 1
- ZOO 3205C - Advanced Invertebrate Zoology Credit(s): 4
- ZOO 4307 - Vertebrate Zoology Credit(s): 3

and

- ZOO 4307L - Vertebrate Zoology Laboratory Credit(s): 1

ECOLOGY

Select a minimum of one course from the following list.

*Registration in Selected Topics courses requires prior Departmental approval.

- BOT 4601 - Plant Ecology Credit(s): 3
- BSC 4052 - Conservation Biology Credit(s): 3
- BSC 4933 - Selected Topics in Biology Credit(s): 1-4 *
- PCB 3306 - Stream Ecology Credit(s): 3
- PCB 4315 - Marine Ecology Credit(s): 3

RESTRICTED ELECTIVES: 2 COURSES, 6 CREDIT HOURS

Select a minimum of two courses from the following list and/or choose unused courses from the Evolution/Biodiversity and Ecology sections above.

*Registration in Selected Topics courses requires prior Departmental approval.

Note: A course used as a concentration core requirement cannot also be used to meet the restricted elective requirement.

- BSC 3312 - Marine Biology Credit(s): 3
- BSC 4057 - Environmental Issues Credit(s): 3
- BSC 4333 - Ecology Of Aquatic Vascular Plants Credit(s): 3
- BSC 4444 - Genomics Credit(s): 3
- BSC 4933 - Selected Topics in Biology Credit(s): 1-4 *
- BOT 3015C - General Botany Credit(s): 4
- BOT 3152C - Field Botany Credit(s): 3
- BOT 4404C - Phycology Credit(s): 4
- BOT 4601 - Plant Ecology Credit(s): 3
- BOT 4714C - Plant Taxonomy Credit(s): 4
- MCB 3020 - General Microbiology Credit(s): 3

and

- MCB 3020L - General Microbiology Laboratory Credit(s): 1
- MCB 4202 - Ecology of Infectious Diseases Credit(s): 3
- MCB 4277 - Insect-Borne Diseases and Global Health Credit(s): 3
- MCB 4503 - Virology Credit(s): 3
- OCB 3108 - Marine Field Studies Credit(s): 4
- PCB 3306 - Stream Ecology Credit(s): 3
- PCB 4315 - Marine Ecology Credit(s): 3
- PCB 4402 - Disease Ecology Credit(s): 3
ZOO 3205C - Advanced Invertebrate Zoology Credit(s): 4
ZOO 4233 - Parasitology Credit(s): 3
ZOO 4307 - Vertebrate Zoology Credit(s): 3

and
ZOO 4307L - Vertebrate Zoology Laboratory Credit(s): 1
ZOO 4454 - Fish Biology Credit(s): 3

and
ZOO 4454L - Fish Biology Lab Credit(s): 1
ZOO 4512 - Sociobiology Credit(s): 3
ZOO 4513 - Animal Behavior Credit(s): 3

ADDITIONAL CONCENTRATION ELECTIVE: 1 COURSE; 3 CREDIT HOURS

Select a minimum of three upper-level courses with a BOT, BSC, MCB, PCB, or ZOO prefix, with the exception of those intended for non-majors.*

Additionally, OCB 3108 - Marine Field Studies Credit(s): 4, PHZ 4702 - Applications of Physics to Biology and Medicine I Credit(s): 4, and BCH 3053 - General Biochemistry Credit(s): 3 are approved by the department.

Additional electives as approved for the major by the department.

Note: * BSC 4933 - Selected Topics in Biology cannot be taken as an elective credit without prior departmental approval.

MAJOR LABORATORY COURSE REQUIREMENT: 1 LAB COURSES; 1 CREDIT HOUR

A minimum of one course from the restricted electives and additional course requirement must include a laboratory component (Both "L" and "C" courses approved for the major count for this requirement).

BIOLOGY B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

D/F POLICY

Effective Fall 2018, all students in the below listed programs must successfully complete the below science and math coursework without earning 3 D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major.

Furthermore, any student who requests a change of major to one offered in the below identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Any continuing student who was previously forced to select a different major based on previous versions of this policy may now be eligible to pursue the majors listed below, but only if they meet both the criteria described here as well as the Degree Progression Policy 10-505 criteria. Students who are able to complete one of the below majors by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception and should contact the School of Natural Sciences and Mathematics Advising Office for instructions.
Grade Forgiveness will NOT apply to the mandated requirement of changing majors. Included Departments/Divisions: Division of Health Professions Advising; Department of Chemistry; Department of Cell Biology, Microbiology and Molecular Biology; and Department of Integrative Biology. Included courses: BCH 3053; BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440; MAT 1033; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281, MAC 2282, MAC 2311; MAC 2312; MCB 3020; PCB 3023; PCB 3063; PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; STA 2023.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

OTHER REQUIREMENTS

A maximum of four credit hours of BSC 4910 Undergraduate Research and BSC 4940 Internship may be applied to the Biology major.

No pass/fail or S/U minimum grades for major coursework.

A course(s) used to complete one major requirement may not be used to fulfill another major requirement.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

A maximum of four credit hours of BSC 4910 Undergraduate Research and BSC 4940 Internship may be applied to the Biology major.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

BIOLOGY B.S., WITH MEDICAL BIOLOGY CONCENTRATION

TOTAL MAJOR HOURS: 120

The Bachelor of Science in Biology provides a broad, robust foundation in the biological sciences. It prepares students for graduate programs in biology (e.g. zoology, botany, conservation biology, microbiology, marine biology, ecology and evolution) as well as professional degrees in medicine, dentistry, veterinary medicine and pharmacology, or biology careers with industry and government agencies. The program emphasizes the development of critical thinking and communication skills, as well as competency in experimental design, data analysis and methodology for lab and field research. The concentrations allow students to focus coursework according to their interests. A wide range of skill-building opportunities are available to students through undergraduate research, internships, study abroad, service learning, and field courses.

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information(requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

(BSC X010 and BSC X010L Biology I with Lab) or BSC X010C or BSC X040C - 4 credit hours
(BSC X011 and BSC X011L Biology II with Lab) or BSC X011C or BSC X041C - 4 credit hours
(CHM X045 and CHM X045L Chemistry I with Lab) or CHM X045C or (CHM X040 and CHM X041) - 4-6 credit hours
CHM X046C or (CHM X046 & CHM X046L Chemistry II with Lab) - 4 credit hours
MAC X311 or MAC X233 or MAC X253 or MAC X281 or MAC X241 - 3-4 credit hours
(PHY X054 & PHY X053L & PHY X048L & PHY X053) or (PHY X048 & PHY X048L & PHY X049 & PHY X049L) or (PHY X049L & PHY X054 & PHY X048L & PHY X053) or (CHM X210C & CHM X211C) or (CHM X210 & CHM X210L & CHM X211 & CHM X211L) - 8-10 credit hours
STA X024 or STA X321 or STA X023 or MAC X234 or MAC X312 or MAC X282 - 3-4 credit hours

REQUIRED SUPPORTING COURSES FOR THE MAJOR: 4 COURSES; 8-10 CREDIT HOURS

Students choose one of two supporting course sequence options, based on the completed common course prerequisites. The two course sequence options are as follows.

A minimum grade of C- is required in each Required Supporting course.
Note: The course sequence that will count toward the Supporting Courses requirement is based on which sequence (Organic Chemistry or Physics) the student took to meet the Common Prerequisite requirement. If the Organic Chemistry sequence was taken to fulfill the Common Prerequisite requirement, the Physics sequence will meet the Supporting Courses requirement. The opposite is true if the Physics requirement was used to meet the Common Prerequisite requirement.

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

1. ORGANIC CHEMISTRY I AND II, WITH LABORATORIES (10 CREDIT HOURS)

CHM 2210 - Organic Chemistry I [Credit(s): 3]
CHM 2210L - Organic Chemistry Laboratory I [Credit(s): 2]
CHM 2211 - Organic Chemistry II [Credit(s): 3]
CHM 2211L - Organic Chemistry Laboratory II [Credit(s): 2]

2. PHYSICS I AND II (CALCULUS-BASED OR GENERAL), WITH LABORATORIES (8 CREDIT HOURS)

PHY 2053 - General Physics I [Credit(s): 3]
PHY 2053L - General Physics I Laboratory [Credit(s): 1]
PHY 2054 - General Physics II [Credit(s): 3]
PHY 2054L - General Physics II Laboratory [Credit(s): 1]
or the following courses
PHY 2048 - General Physics I - Calculus Based [Credit(s): 3]
PHY 2048L - General Physics I Laboratory [Credit(s): 1]
PHY 2049 - General Physics II - Calculus Based [Credit(s): 3]
PHY 2049L - General Physics II Laboratory [Credit(s): 1]

REQUIRED COURSES: (28 CREDIT HOURS)

Note: A course used to complete one major requirement/area may not be used to fulfill other major requirements.

MAJOR CORE COURSES: 5 COURSES; 11 CREDIT HOURS

PCB 3043 - Principles of Ecology [Credit(s): 3]
PCB 3043L - Principles of Ecology Laboratory [Credit(s): 1]
PCB 3063 - General Genetics [Credit(s): 3]
PCB 3063L - General Genetics Laboratory [Credit(s): 1]
PCB 4674 - Organic Evolution [Credit(s): 3]

MAJOR (RESTRICTED) ELECTIVES: (17 CREDIT HOURS)

Students complete a General Biology program of study or complete one of four concentrations: Animal Biology, Medical Biology, Ecology and Evolution or Plant Biology. The concentrations are a minimum of 13 credit hours. Students who declare a concentration will take a maximum of 4 additional credit hours to meet the total major electives requirement (which is a minimum of 17 credit hours).

If students do not declare a concentration, they will follow the General Biology program of study and take a minimum of 17 credit hours to meet the major electives requirement.
MEDICAL BIOLOGY CONCENTRATION: 5 COURSES; 17 CREDIT HOURS

CONCENTRATION CORE: 2 COURSES; 8 CREDIT HOURS

Select a minimum of 2 courses (8 credit hours) from the following list.

- BSC 2093C - Human Anatomy and Physiology I Credit(s): 4
- MCB 3020 - General Microbiology Credit(s): 3
  and
- MCB 3020L - General Microbiology Laboratory Credit(s): 1
- PCB 3023 - Cell Biology Credit(s): 3
  and
- PCB 3023L - Cell Biology Laboratory Credit(s): 1
- PCB 3712 - General Physiology Credit(s): 3
  and
- PCB 3713L - General Physiology Laboratory Credit(s): 1

RESTRICTED ELECTIVES: 2 COURSES, 6 CREDIT HOURS

Select a minimum of two courses (6 credit hours) from the following list.

*Registration in Selected Topics courses requires prior Departmental approval.

Note: A course used as a concentration core requirement cannot also be used to meet the restricted elective requirement.

- BCH 3023 - Introductory Biochemistry Credit(s): 3
  and
- BCH 3023L - Basic Biochemistry Laboratory Credit(s): 2
- BCH 3053 - General Biochemistry Credit(s): 3
- BOT 3850 - Medical Botany Credit(s): 3
- BOT 4851 - Plants and Human Health Credit(s): 3
- BSC 2093C - Human Anatomy and Physiology I Credit(s): 4
- BSC 2094C - Human Anatomy and Physiology II Credit(s): 4
- BSC 2932 - Selected Topics in Biology Credit(s): 1-3 *
- BSC 4444 - Genomics Credit(s): 3
- BSC 4933 - Selected Topics in Biology Credit(s): 1-4 *
- MCB 3020 - General Microbiology Credit(s): 3
  and
- MCB 3020L - General Microbiology Laboratory Credit(s): 1
- MCB 4503 - Virology Credit(s): 3
- PCB 3023 - Cell Biology Credit(s): 3
  and
- PCB 3023L - Cell Biology Laboratory Credit(s): 1
- PCB 3712 - General Physiology Credit(s): 3
  and
- PCB 3713L - General Physiology Laboratory Credit(s): 1
- PCB 4109 - Cancer Biology Credit(s): 3
- PCB 4234 - Principles of Immunology Credit(s): 3
- PCB 4402 - Disease Ecology Credit(s): 3
- PCB 4663 - Human Genetics Credit(s): 3
- PCB 4744 - Biomedical Physiology Credit(s): 3
- PHZ 4702 - Applications of Physics to Biology and Medicine I Credit(s): 4
- ZOO 3713C - Comparative Vertebrate Anatomy Credit(s): 5

ADDITIONAL COURSE REQUIREMENT: 1 COURSE; 3 CREDIT HOURS
Select a minimum of three upper-level courses with a BOT, BSC, MCB, PCB, or ZOO prefix, with the exception of those intended for non-majors.*

Additionally, OCB 3108 - Marine Field Studies Credit(s): 4, PHZ 4702 - Applications of Physics to Biology and Medicine I Credit(s): 4, and BCH 3053 - General Biochemistry Credit(s): 3 are approved by the department.

Additional electives as approved for the major by the department.

Note: *BSC 4933 - Selected Topics in Biology cannot be taken as an elective credit without prior departmental approval.

</tbody>
</table>

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

D/F POLICY

Effective Fall 2018, all students in the below listed programs must successfully complete the below science and math coursework without earning 3 D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major.

Furthermore, any student who requests a change of major to one offered in the below identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Any continuing student who was previously forced to select a different major based on previous versions of this policy may now be eligible to pursue the majors listed below, but only if they meet both the criteria described here as well as the Degree Progression Policy 10-505 criteria. Students who are able to complete one of the below majors by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception and should contact the School of Natural Sciences and Mathematics Advising Office for instructions.

Grade Forgiveness will NOT apply to the mandated requirement of changing majors. Included Departments/Divisions: Division of Health Professions Advising; Department of Chemistry; Department of Cell Biology, Microbiology and Molecular Biology; and Department of Integrative Biology. Included courses: BCH 3053; BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440; MAT 1033; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281, MAC 2282, MAC 2311; MAC 2312; MCB 3020; PCB 3023; PCB 3063; PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; STA 2023.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.
OTHER REQUIREMENTS

A maximum of four credit hours of BSC 4910 Undergraduate Research and BSC 4940 Internship may be applied to the Biology major.
No pass/fail or S/U minimum grades for major coursework.
A course(s) used to complete one major requirement may not be used to fulfill another major requirement.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student’s official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

A maximum of four credit hours of BSC 4910 Undergraduate Research and BSC 4940 Internship may be applied to the Biology major.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, email BioAdvise@usf.edu.

BIOLOGY B.S., WITH PLANT BIOLOGY CONCENTRATION

TOTAL MAJOR HOURS: 120

The Bachelor of Science in Biology provides a broad, robust foundation in the biological sciences. It prepares students for graduate programs in biology (e.g. zoology, botany, conservation biology, microbiology, marine biology, ecology and evolution) as well as professional degrees in medicine, dentistry, veterinary medicine and pharmacology, or biology careers with industry and government agencies. The program emphasizes the development of critical thinking and communication skills, as well as competency in experimental design, data analysis and methodology for lab and field research. The concentrations allow students to focus coursework according to their interests. A wide range of skill-building opportunities are available to students through undergraduate research, internships, study abroad, service learning, and field courses.

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

(BSC X010 and BSC X010L Biology I with Lab) or BSC X010C or BSC X040C - 4 credit hours
(BSC X011 and BSC X011L Biology II with Lab) or BSC X011C or BSC X041C - 4 credit hours
(CHM X045 and CHM X045L Chemistry I with Lab) or CHM X045C or (CHM X040 and CHM X041) - 4-6 credit hours
CHM X046C or (CHM X046 & CHM X046L Chemistry II with Lab) - 4 credit hours
MAC X311 or MAC X233 or MAC X253 or MAC X281 or MAC X241 - 3-4 credit hours
(PHY X054 & PHY X053L & PHY X048L & PHY X053) or (PHY X048 & PHY X048L & PHY X049 & PHY X049L)
or (PHY X049L & PHY X054 & PHY X048L & PHY X053) or (CHM X210C & CHM X211C) or (CHM X210 &
CHM X210L & CHM X211 & CHM X211L) - 8-10 credit hours
STA X024 or STA X321 or STA X023 or MAC X234 or MAC X312 or MAC X282 - 3-4 credit hours

REQUIRED SUPPORTING COURSES FOR THE MAJOR: 4 COURSES; 8-10 CREDIT HOURS

Students choose one of two supporting course sequence options, based on the completed common course prerequisites. The two course sequence options are as follows.

A minimum grade of C- is required in each Required Supporting course.
Note: The course sequence that will count toward the Supporting Courses requirement is based on which sequence (Organic Chemistry or Physics) the student took to meet the Common Prerequisite requirement. If the Organic Chemistry sequence was taken to fulfill the Common Prerequisite requirement, the Physics sequence will meet the Supporting Courses requirement. The opposite is true if the Physics requirement was used to meet the Common Prerequisite requirement.

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

1. ORGANIC CHEMISTRY I AND II, WITH LABORATORIES (10 CREDIT HOURS)

MAJOR (RESTRICTED) ELECTIVES: (17 CREDIT HOURS)

Students complete a General Biology program of study or complete one of four concentrations: Animal Biology, Medical Biology, Ecology and Evolution or Plant Biology. The concentrations are a minimum of 13 credit hours. Students who declare a concentration will take a maximum of 4 additional credit hours to meet the total major electives requirement (which is a minimum of 17 credit hours).

If students do not declare a concentration, they will follow the General Biology program of study and take a minimum of 17 credit hours to meet the major electives requirement.
PLANT BIOLOGY CONCENTRATION: 5 COURSES; 17-19 CREDIT HOURS

CONCENTRATION CORE: 1 COURSE; 4 CREDIT HOURS

BOT 3015C - General Botany Credit(s): 4

ADDITIONAL COURSE REQUIREMENT: 1 COURSE; 3 CREDIT HOURS

Select a minimum of three upper-level courses with a BOT, BSC, MCB, PCB, or ZOO prefix, with the exception of those intended for non-majors.*

Additionally, OCB 3108 - Marine Field Studies Credit(s): 4, PHZ 4702 - Applications of Physics to Biology and Medicine I Credit(s): 4, and BCH 3053 - General Biochemistry Credit(s): 3 are approved by the department.

Additional electives as approved for the major by the department.

Note: *BSC 4933 - Selected Topics in Biology cannot be taken as an elective credit without prior departmental approval.

MAJOR LABORATORY COURSE REQUIREMENT: 1 LAB COURSES; 1 CREDIT HOUR

A minimum of one course from the restricted electives and additional course requirement must include a laboratory component (Both "L" and "C" courses approved for the major count for this requirement).

RESTRICTED ELECTIVES: 3 COURSES, 9 CREDIT HOURS

Select a minimum of three courses from the following list.

*Registration in Selected Topics courses requires prior Departmental approval.

Note: A course used a concentration core requirement cannot also be used to meet the restricted elective requirement.

BOT 3152C - Field Botany Credit(s): 3
BOT 3850 - Medical Botany Credit(s): 3
BOT 4404C - Phycology Credit(s): 4
BOT 4601 - Plant Ecology Credit(s): 3
BOT 4714C - Plant Taxonomy Credit(s): 4
BOT 4851 - Plants and Human Health Credit(s): 3
BSC 4333 - Ecology Of Aquatic Vascular Plants Credit(s): 3
BSC 4933 - Selected Topics in Biology Credit(s): 1-4 *

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

A maximum of four credit hours of BSC 4910 Undergraduate Research and BSC 4940 Internship may be applied to the Biology major.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx

For questions, email BioAdvise@usf.edu.
# 4 Year Plan of Study - Biology B.S.

**Notes:**

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see [https://www.usf.edu/undergrad/students/civics-literacy.aspx](https://www.usf.edu/undergrad/students/civics-literacy.aspx) or talk with your academic advisor. Items that are critical are marked with a ✴️ and are included in the plan for a student to stay on track.

**Potential Entry Level Job Titles:**

- Physician Assistant
- Project Manager
- Veterinarian

**Potential Entry Level Salary Range:**

$60,000 - $70,000

MARINE BIOLOGY B.S.

TOTAL MAJOR HOURS – 120

The undergraduate Marine Biology program explores the ecology of marine environments and the nature of organisms inhabiting the oceans. The objective of this program is to augment the students’ foundation in basic biology with specialized knowledge and skills in marine biology that address contemporary issues such as coastal resilience, coastal pollution, diseases of marine organisms and restoring damaged habitats. An emphasis on data collection and research methods in the field and laboratory will ready students for employment in places such as consulting firms, environmental agencies, aquaria, and parks, while also preparing them for graduate school. Internships, undergraduate research experiences, upper-level seminars, and reading from the primary literature will develop critical thinking skills and prepare students to address the many complex issues in marine biology, thereby practicing critical thinking and the application of science to grand societal/economic challenges.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx

Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx

International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

State Mandated Program Prerequisites for Concentration

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

A minimum grade of C- is required in each Common Prerequisite course.

(BSC X010 and BSC X010L) or BSC X010C or BSC X040C - 4 credit hours
(BSC X011 and BSC X011L) or BSC X011C - 4 credit hours
(CHM X045 and CHM X045L) or CHM X045C or (CHM X040 and CHM X041) - 4 credit hours
(CHM X046 and CHM X046L) or CHM X046C - 4 credit hours
(CHM X210 and CHM X210L) or CHM X210C or (PHY X048 and PHY X048L) or PHY X048C or PHY X053C or (PHY X053 & PHY X053L) - 4 credit hours
(CHM X211 and CHM X211L) or CHM X211C or (PHY X054 and PHY X054L) or PHY X054C or PHY X049C or (PHY X049 and PHY X049L) - 4 credit hours
MAC X311 or MAC X233 or MAC X281 or MAC X253 - 3-4 credit hours
STA X014 or STA X023 or MAC X234 or MAC X312 or STA X024 or MAC X282 - 4 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.
The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C is required in each Required Supporting course.

Students choose one of two supporting course sequence options, based on the completed common course prerequisites. The two course sequence options are as follows.

Note: The course sequence that will count toward the Supporting Courses requirement is based on which sequence (Organic Chemistry or Physics) the student took to meet the Common Prerequisite requirement. If the Organic Chemistry sequence was taken to fulfill the Common Prerequisite requirement, the Physics sequence will meet the Supporting Courses requirement. The opposite is true if the Physics requirement was used to meet the Common Prerequisite requirement.

1. ORGANIC CHEMISTRY I AND II, WITH LABORATORIES (10 CREDIT HOURS)

- CHM 2210 - Organic Chemistry I [Credit(s): 3]
- CHM 2210L - Organic Chemistry Laboratory I [Credit(s): 2]
- CHM 2211 - Organic Chemistry II [Credit(s): 3]
- CHM 2211L - Organic Chemistry Laboratory II [Credit(s): 2]

2. PHYSICS I AND II (CALCULUS-BASED OR GENERAL), WITH LABORATORIES (8 CREDIT HOURS)

- Physics Option 1
  - PHY 2048 - General Physics I - Calculus Based [Credit(s): 3]
  - PHY 2048L - General Physics I Laboratory [Credit(s): 1]
  - PHY 2049 - General Physics II - Calculus Based [Credit(s): 3]
  - PHY 2049L - General Physics II Laboratory [Credit(s): 1]
- or Physics Option 2
  - PHY 2053 - General Physics I [Credit(s): 3]
  - PHY 2053L - General Physics I Laboratory [Credit(s): 1]
  - PHY 2054 - General Physics II [Credit(s): 3]
  - PHY 2054L - General Physics II Laboratory [Credit(s): 1]

TOTAL MAJOR HOURS: 32

MARINE BIOLOGY CORE (14 CREDIT HOURS)

- BSC 3312 - Marine Biology [Credit(s): 3]
- PCB 3043 - Principles of Ecology [Credit(s): 3]
- PCB 3043L - Principles of Ecology Laboratory [Credit(s): 1]
- PCB 3063 - General Genetics [Credit(s): 3]
- PCB 3063L - General Genetics Laboratory [Credit(s): 1]
- PCB 4674 - Organic Evolution [Credit(s): 3]
MAJOR (RESTRICTED) ELECTIVES: (18 CREDIT HOURS)

Students are required to take six major elective courses from the list below, including at least one course in each of the four categories.

Note: Courses that are listed in more than one category may be used to fill only one major requirement (category).

MARINE BIOLOGY CAPSTONE

- PCB 4312 Marine Ecosystems Dynamics
- BSC 4313C - Advanced Marine Biology Credit(s): 4
- PCB 4315 - Marine Ecology Credit(s): 3
- BSC 4937 - Seminar in Marine Biology Credit(s): 2

MARINE BIOLOGY STRUCTURES

- BOT 4404C - Phycology Credit(s): 4
- MCB 4404 - Microbial Physiology and Genetics Credit(s): 3
  - and
- MCB 4404L - Microbial Physiology and Genetics Laboratory Credit(s): 1
- OCE 4655C - Scanning Electron Microscopy Credit(s): 4
- PCB 3712 - General Physiology Credit(s): 3
  - and
- PCB 3713L - General Physiology Laboratory Credit(s): 1
- ZOO 3205C - Advanced Invertebrate Zoology Credit(s): 4
- ZOO 3713C - Comparative Vertebrate Anatomy Credit(s): 5
- ZOO 4307 - Vertebrate Zoology Credit(s): 3
  - and
- ZOO 4307L - Vertebrate Zoology Laboratory Credit(s): 1
- ZOO 4454 - Fish Biology Credit(s): 3
  - and
- ZOO 4454L - Fish Biology Lab Credit(s): 1
- ZOO 4485 - Marine Mammal Biology Credit(s): 3

MARINE ECOLOGY AND ECOSYSTEMS

- BSC 4052 - Conservation Biology Credit(s): 3
- BSC 4284 - Symbiosis and the Environment Credit(s): 3
- BSC 4315 - Deep Sea Biology Credit(s): 3
- BSC 4866 - Restoration Ecology Credit(s): 3
- FAS 4403 - Marine Aquaculture Credit(s): 3
- OCB 4204 - Coral Reef Ecology Credit(s): 3
- PCB 4312 Marine Ecosystems Dynamics
- PCB 4315 - Marine Ecology Credit(s): 3

FIELD STUDIES IN MARINE BIOLOGY

- BSC 3368C - Tropical Marine Ecology and Conservation Field Course Credit(s): 3
- BSC 4313C - Advanced Marine Biology Credit(s): 4
- OCB 3108 - Marine Field Studies Credit(s): 4
OTHER ELECTIVES

- BSC 4057 - Environmental Issues Credit(s): 3
- BSC 4444 - Genomics Credit(s): 3
- BSC 4910 - Undergraduate Research Credit(s): 1-4
- BSC 4940 - Biology Internship Credit(s): 3

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENT

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

D/F POLICY

Effective Fall 2018, all students in the below listed programs must successfully complete the below science and math coursework without earning 3 D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major.

Furthermore, any student who requests a change of major to one offered in the below identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Any continuing student who was previously forced to select a different major based on previous versions of this policy may now be eligible to pursue the majors listed below, but only if they meet both the criteria described here as well as the Degree Progression Policy 10-505 criteria. Students who are able to complete one of the below majors by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception and should contact the School of Natural Sciences and Mathematics Advising Office for instructions.

Grade Forgiveness will NOT apply to the mandated requirement of changing majors. Included Departments/Divisions: Division of Health Professions Advising; Department of Chemistry; Department of Cell Biology, Microbiology and Molecular Biology; and Department of Integrative Biology. Included courses: BCH 3053; BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440; MAT 1033; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281; MAC 2282; MAC 2311; MAC 2312; MCB 3020; PCB 3023; PCB 3063; PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; STA 2023.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.
USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

OTHER REQUIREMENTS

- A maximum of four credit hours of BSC 4910 - Undergraduate Research and BSC 4940 - Biology Internship may be applied to the Biology major.
- No pass/fail or S/U grades for major coursework.
- A course(s) used to complete one major requirement may not be used to fulfill another major requirement.
RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

A maximum of four credit hours of BSC 4910 - Undergraduate Research and BSC 4940 - Biology Internship may be applied to the Biology major.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

BIOLOGY MINOR

MINOR REQUIREMENTS: 18

MINOR CORE COURSES (8 CREDIT HOURS)

The following four (4) courses are required (8 credit hours)

BSC 2010 - Cellular Processes Credit(s): 3
BSC 2010L - Cellular Processes Laboratory Credit(s): 1
BSC 2011 - Biodiversity Credit(s): 3
BSC 2011L - Biodiversity Laboratory Credit(s): 1

MINOR ELECTIVES (10 CREDIT HOURS)

Ten (10) credits of any upper-level courses with the prefixes (excluding coursework indicated for non-majors):

BOT
BSC
MCB
PCB
ZOO

GPA REQUIREMENTS

Students in the Biology minor must maintain a 2.0 grade point average.

GRADING REQUIREMENTS

A minimum grade of C- is required for all courses and labs.

OTHER INFORMATION

Students who are declared in any Biology or Microbiology major offered by the Department of Cell Biology, Microbiology, and Molecular Biology or the Department of Integrative Biology are ineligible for this minor.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

SCHOOL OF INTERDISCIPLINARY GLOBAL STUDIES
AFRICANA STUDIES B.A.

TOTAL DEGREE HOURS: 120

Africana Studies is a liberal arts program offering a Bachelor of Arts in Africana Studies and a Minor in Africana Studies. This program provides all students with the opportunity to study the history, culture, and lived experiences of people of African descent—on the African continent and throughout the world. Students will study the influence of Africa and people of African descent on the world-at-large, as well as, the social construction of race and racism. The Africana Studies curriculum encourages the development of critical thinking skills while also challenging students to explore new ideas, seek new connections, and become actively engaged in the global community.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **International**: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students desiring to transfer to USF should complete an A.A. degree at a Florida College System institution. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the University’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the University.

There are no State Mandated Common Prerequisites for this program.

TOTAL MAJOR HOURS: 36

MAJOR CORE (15 CREDIT HOURS)

- AFA 2000 - Introduction to the Black Experience Credit(s): 3
- AFH 3100 - African History to 1850 Credit(s): 3
- AFH 3200 - African History since 1850 Credit(s): 3
- AMH 3571 - African American History to 1865 Credit(s): 3
- AMH 3572 - African American History since 1865 Credit(s): 3

MAJOR ELECTIVES (21 CREDIT HOURS)

Students will take seven additional elective courses from the following list of courses:

- AFA 4150 - Africa and the United States Credit(s): 3
- AFA 4335 - Black Women in America Credit(s): 3
- AFA 4350 - African American Community Research Credit(s): 3
- AFA 4430 - Afro-Diasporic Literature and Political Movements Credit(s): 3
- AFA 4900 - Directed Readings Credit(s): 2-3
- AFA 4931 - Selected Topics in Africana Studies Credit(s): 1-3
- AFS 2250 - Culture and Society in Africa Credit(s): 3
- AML 3604 - African American Literature Credit(s): 3
- AML 4624 - Black Women Writers Credit(s): 3
- AMS 3700 - Racism in American Society Credit(s): 3
ANT 4340 - The Caribbean Credit(s): 3

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.
USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options (https://www.usf.edu/undergrad/undergraduate-research/).

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions email: AFAadvise@usf.edu
NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Items that are critical are marked with a ✳️ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

Secondary Education
Public Service
Social Services
International Relations
Primary Education

Potential Entry Level Salary Range:

$30,000 - $40,000

INTERNATIONAL STUDIES B.A.
TOTAL DEGREE HOURS: 120

The major in International Studies enables students to undertake programs of study which emphasize: (a) preparation for careers in international activities, or (b) the study of particular international themes or topics, or (c) the study of particular regions or cultures. Each student develops a course of study designed to fulfill his or her career and educational goals in consultation with the International Studies advisor.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students desiring to transfer to USF should complete an A.A. degree at a Florida College System institution. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the University’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the University.

There are no State Mandated Common Prerequisites for this program.

TOTAL MAJOR HOURS: 36

MAJOR CORE (18 CREDIT HOURS)

The major consists of a minimum of 36 credit hours. At least 27 of these credit hours (nine courses) must be from the International Studies Program offerings.

- INR 3011 - Globalization **Credit(s): 3**
- INR 4083 - Conflict in the World **Credit(s): 3**
- INR 3038 - International Wealth and Power **Credit(s): 3**
  - or
- CPO 4034 - Politics of the Developing Areas **Credit(s): 3**
- INR 3202 - International Human Rights **Credit(s): 3**
  - or
- INR 4502 - International Organizations **Credit(s): 3**
  - Two (2) area studies courses from the INT upper-division electives (3 credit hours each)

MAJOR ELECTIVES (18 CREDIT HOURS)

The additional 18 credit hours must include at least three elective courses (9 credit hours) from within the International Studies discipline offered in the School of Interdisciplinary Global Studies; the remaining 9 credit hours can be selected from courses offered from other departments which are approved by the major advisor as having adequate international or cross-cultural content. Please see the International Studies advisor for a full list of courses to meet the INT elective requirements.
With the approval of the major advisor, credits earned in INR 4900 and INR 4910 may be used to augment or substitute for the foregoing requirements. Students must pass a 2000-level foreign language course (that is, at least one semester of foreign language study beyond the first year introductory courses), or complete one year of study of a non-Western language. Students who are bilingual or who are already conversationally fluent or who can translate with facility from a foreign language text are exempt from the above course requirement, but the INT faculty may require demonstration of proficiency.

Students are encouraged, but not required, to engage in study abroad programs, a large number of which have been approved by the USF Education Abroad Department. Credits earned in such programs apply toward graduation and many also apply to the International Studies major. A limited number of internships in the Tampa Bay area are available to provide students with real-world experience while earning credits in the major. Also, USF is affiliated with The Washington Center, an internship program in the nation's Capital.

**GRADING REQUIREMENTS**

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

**RESIDENCY REQUIREMENT**

- **Department Major Academic Residency Requirement**: At least 21 hours of the major coursework must be completed at USF.
- **College of Arts & Sciences Major Academic Residency Requirement**: 50% of major must be completed at USF.
- **USF Academic Residency Requirement**: 30 of the last 60 hours earned must be from USF.

**RESEARCH OPPORTUNITIES**

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

**INTERNSHIP OPPORTUNITIES**

The School of Interdisciplinary Global Studies encourages students majoring in International Studies to complete an internship as part of their undergraduate degree program. While an internship is not required for the degree, it does provide the student with valuable, real world experience that can assist the student in preparation for a career after finishing the International Studies degree. The School of Interdisciplinary Global Studies allows up to 6 credits of paid or unpaid internship with an appropriate international focus to count as an INT elective. In order to qualify for credit, the internship does need to be approved by the International Studies Internship faculty advisor. Additionally, in order to earn credit for the internship, students will be required to register for INR 4943 - Internship in International Studies and complete all requirements for this course in order to earn credit. For more information, please visit https://www.usf.edu/arts-sciences/departments/school-of-interdisciplinary-global-studies/index.aspx.

**ADvising INFORMATION**

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

The undergraduate program leading to a B.A. degree in Political Science offers a general purpose, career flexible degree with a number of more specialized areas of focus. The program is designed for students interested in and seeking to understand political problems, issues, and the nature of the political process, as well as the philosophical and legal basis of political structures and processes at local, state, national, and international levels. Satisfying the degree requirements prepares students for positions in the public and private sectors, for law school, for graduate work in political science, international relations, public administration, and related disciplines, for positions in education, and for applied political activity.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the University.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the University's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the University.

Students should complete the following prerequisite courses at the lower level prior to entering the University. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- POS X041 American Government or POS X000-X999 Political Science or INR X000-X999 International Relations or CPO X000-X999 Comparative Politics - 3 credit hours
- POS X000-X999 Political Science or INR X000-X999 International Relations or CPO X000-X999 Comparative Politics - 3 credit hours

REQUIRED SUPPORTING COURSE: 1 COURSE; 3 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

- ECO 1000 - Basic Economics Credit(s): 3
- or
- ECO 2013 - Economic Principles (Macroeconomics) Credit(s): 3
- or
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
A minimum of 36 credit hours is required to satisfy the requirements of the major. Students must take the 12 credit hours of required core courses in Political Science coursework. No more than six (6) credit hours can be taken from POS 4905, POS 4910 and POS 4941. Students enrolled in the Washington, D.C. semester program or the Tallahassee Internship program, may have this rule altered by their advisor. (A GPA of 3.0 is required to enroll in these courses; the Chair may grant special exception for students with a GPA between 2.70 and 2.99).

MAJOR CORE COURSES: 4 COURSES; 12 CREDIT HOURS

Note: Either CPO 2002 or INR 2002 must be taken as a core course. The course that counts toward the major core is dependent upon the course the student took to satisfy the common course prerequisites. The other may be taken as a major elective.

CPO 2002 - Introduction to Comparative Politics Credit(s): 3
or
INR 2002 - Introduction to International Relations Credit(s): 3
POS 2041 - American National Government Credit(s): 3
POS 3713 - Empirical Political Analysis Credit(s): 3
POT 3003 - Introduction to Political Theory Credit(s): 3

MAJOR (RESTRICTED) ELECTIVES: 24 CREDIT HOURS

FIELD AREAS: 8 COURSES; 24 CREDIT HOURS

Choose 8 courses (24 credit hours) of electives from the seven fields listed below with at least one course from Field I, one course from Field II or III, and one course from any of Fields IV, V, VI, or VII.

FIELD I: POLITICAL THEORY

POT 3013 - Classical Political Theory Credit(s): 3
POT 4054 - Modern Political Theory Credit(s): 3
POT 4064 - Contemporary Political Thought Credit(s): 3
POT 4204 - American Political Thought Credit(s): 3
POT 4936 - Selected Topics in Political Theory Credit(s): 3

FIELD II: COMPARATIVE GOVERNMENT AND POLITICS

AFA 2380 - History and Theory of Genocide Credit(s): 3
AFA 4931 - Selected Topics in Africana Studies Credit(s): 1-3
AFS 2250 - Culture and Society in Africa Credit(s): 3
ANT 4340 - The Caribbean Credit(s): 3
ASN 3012 - Japan Today Credit(s): 3
ASN 3014 - China Today Credit(s): 3
ASN 3030 - The Middle East Credit(s): 3
CPO 4034 - Politics of the Developing Areas Credit(s): 3
CPO 4930 - Comparative Government and Politics of Select Areas Credit(s): 3
EUS 3000 - Europe Credit(s): 3
EUS 3022 - Russia Credit(s): 3
LAS 3002 - Latin America Credit(s): 3

FIELD III: INTERNATIONAL RELATIONS

AFA 2380 - History and Theory of Genocide Credit(s): 3
AFA 4150 - Africa and the United States Credit(s): 3
INR 3011 - Globalization Credit(s): 3
INR 3018 - World Ideologies Credit(s): 3
INR 3033 - International Political Cultures Credit(s): 3
INR 3038 - International Wealth and Power Credit(s): 3
INR 3084 - International Terrorism Credit(s): 3 
INR 3102 - American Foreign Policy Credit(s): 3 
INR 3141 - Global Security Policy Credit(s): 3 
INR 3202 - International Human Rights Credit(s): 3 
INR 3336 - Intelligence and U.S. Foreign Policy Credit(s): 3 
INR 4035 - International Political Economy Credit(s): 3 
INR 4083 - Conflict in the World Credit(s): 3 
INR 4254 - Africa in World Affairs Credit(s): 3 
INR 4403 - International Law Credit(s): 3 
INR 4502 - International Organizations Credit(s): 3 

FIELD IV: AMERICAN NATIONAL AND STATE GOVERNMENTS 

AMS 3700 - Racism in American Society Credit(s): 3 
POS 2080 - The American Political Tradition Credit(s): 3 
POS 2112 - State and Local Government and Politics Credit(s): 3 
POS 3173 - Southern Politics Credit(s): 3 
POS 3182 - Florida Politics and Government Credit(s): 3 
POS 3453 - Political Parties and Interest Groups Credit(s): 3 
POS 4204 - Political Behavior, Public Opinion, and Elections Credit(s): 3 
POS 4413 - The American Presidency Credit(s): 3 
POS 4424 - The American Congress Credit(s): 3 
PUP 4323 - Women and Politics Credit(s): 3 

FIELD V: URBAN GOVERNMENT AND POLITICS 

POS 3142 - Introduction to Urban Politics and Government Credit(s): 3 
URP 4050 - City Planning and Community Development Credit(s): 3 

FIELD VI: PUBLIC POLICY 

INR 3102 - American Foreign Policy Credit(s): 3 
PUP 4002 - Public Policy Credit(s): 3 
PUP 4203 - Environmental Politics and Policy Credit(s): 3 
PUP 4323 - Women and Politics Credit(s): 3 
URP 4050 - City Planning and Community Development Credit(s): 3 

FIELD VII: LAW AND POLITICS 

AMS 3700 - Racism in American Society Credit(s): 3 
INR 4403 - International Law Credit(s): 3 
POS 3691 - Introduction to Law and Politics Credit(s): 3 
POS 3697 - Environmental Law Credit(s): 3 
POS 4614 - Constitutional Law I Credit(s): 3 
POS 4624 - Constitutional Law II Credit(s): 3 
POS 4693 - Women and Law I Credit(s): 3 

ADDITIONAL ELECTIVES 

The following courses are not included within any of the seven fields, but may still be used as elective hours: 

AMH 3571 - African American History to 1865 Credit(s): 3 
AMH 3572 - African American History since 1865 Credit(s): 3 
PAD 3003 - Introduction to Public and Community Service Credit(s): 3 
PAD 4144 - Nonprofit Organizations and Public Policy Credit(s): 3 
PAD 4204 - Public Financial Administration Credit(s): 3 
PAD 4415 - Personnel & Supervision in Today's Diverse Organizations Credit(s): 3

**GPA REQUIREMENTS**

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

**GRADING REQUIREMENT**

C- or better to meet major course requirements unless specified elsewhere. Will vary by area. For Political Science, a C- or higher is required in courses used for the major core.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher-level courses.

**RESIDENCY REQUIREMENT**

Department Major Academic Residency Requirement - at least 21 hours of the major coursework must be completed at USF.

College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

**OTHER REQUIREMENTS**

All Political Science majors are required to take at least three (3) credit hours of Economics coursework.

**RESEARCH OPPORTUNITIES**

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

Political Science has a fieldwork program that allows students to obtain part-time internships with state and local government and with political parties at the state and local level. Academic credit is available for such internships. For further information, please refer to http://gia.usf.edu/el/.

512
OTHER INFORMATION

The Political Science major offers many courses that are beneficially for students planning to attend law school. Courses listed under Field VII Law and Politics on the Political Science undergraduate curriculum are recommended to be taken as major electives by students on a pre-law career pathway. The pre-law career pathway is an option for students of all majors at USF. The courses in Field VII are often of particular interest to Political Science majors planning to attend law school but may be taken by others as well. Those planning to pursue law school are recommended to complete courses in Field VII that can help them develop skills and competencies for their future legal studies. Students can self-enroll into the Pre-law Canvas page via this link. Additional resources can be found via https://www.usf.edu/arts-sciences/departments/school-of-interdisciplinary-global-studies/programs/undergraduate-programs/pre-law_track.aspx. Majors planning to attend law are encouraged to meet with their major academic advisor to develop an academic plan to prepare for their future legal studies & to discuss the Law School Admission Exam (LSAT.) Advising Information

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

AML 4624 - Black Women Writers Credit(s): 3  
AMS 3700 - Racism in American Society Credit(s): 3  
ANT 4340 - The Caribbean Credit(s): 3  
INR 4254 - Africa in World Affairs Credit(s): 3

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx  
For questions, email AFAadvise@usf.edu
INTERNATIONAL STUDIES MINOR

TOTAL MINOR HOURS: 18

MINOR REQUIREMENTS

The minor in International Studies is a set of International Studies courses taken by a student that approximates one-half of the upper-level credits required for a major. The minor consists of 18 credit hours made up of six courses as follows:

MINOR CORE (12 CREDIT HOURS)

- INR 3011 - Globalization Credit(s): 3
- INR 4083 - Conflict in the World Credit(s): 3
- INR 3038 - International Wealth and Power Credit(s): 3
  or
- CPO 4034 - Politics of the Developing Areas Credit(s): 3
- INR 3202 - International Human Rights Credit(s): 3
  or
- INR 4502 - International Organizations Credit(s): 3

MINOR ELECTIVES (6 CREDIT HOURS)

Two (2) upper-level courses (6 credit hours) chosen from the International Studies Program’s offerings.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, email INTadvise@usf.edu.
The minor in Political Science is available to students in any major and will introduce students to the process of political inquiry and institutions as the international, federal, state and local levels.

MINOR REQUIREMENTS

A minor in Political Science requires the completion of a minimum of 18 credit hours.

TOTAL MINOR CREDIT HOURS: 18

MINOR ELECTIVE CREDIT HOURS: 18

Students must choose 6 credit hours from the following list.

- CPO 2002 - Introduction to Comparative Politics Credit(s): 3
- INR 2002 - Introduction to International Relations Credit(s): 3
- POS 2041 - American National Government Credit(s): 3
- POT 3003 - Introduction to Political Theory Credit(s): 3

An additional 12 credit hours of courses included in the Political Science major are required.

GPA REQUIREMENTS

Minimum 2.0 in the minor.

GRADING REQUIREMENTS

A grade of C- or better is required in all core coursework.

A maximum of three (3) credits of S/U coursework may be counted toward the minor.

RESIDENCY REQUIREMENT

Students must have nine (9) hours of minor courses in residency at USF.

Students must complete a minimum of 2 USF courses (6 credit hours) at the 3000+ level that are not used to meet requirements in their academic major or other minors.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx

WST 4262 - Literature by Women of Color in the Diaspora Credit(s): 3

FOREIGN LANGUAGE REQUIREMENT

Two semesters of course work in a relevant language such as: Spanish, Portuguese, French, or an Amerindian language such Quechua, Haitian Creole, etc.

OTHER INFORMATION

The program is open to all majors in all colleges.
Course offerings can be checked at: http://islac.usf.edu/course/.

ADVISING INFORMATION

For information and advice about the certificate program, contact the Institute for the Study of Latin America and The Caribbean (ISLAC), SOC 365, call 974-4177, or send an email to Oladunni Adepitan at oadepitan@usf.edu.
DEPARTMENT OF JOURNALISM AND DIGITAL COMMUNICATION
DIGITAL COMMUNICATION AND MULTIMEDIA JOURNALISM B.A.

TOTAL MAJOR HOURS: 120

The Bachelor of Arts in Digital Communication and Multimedia Journalism is a hands-on program that allows students to prepare for careers in journalism, digital media, promotional communication, web development, photography, videography, and other jobs requiring the production of digital media content.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx

Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx

International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

ENC X101 Composition I - 3 credit hours
ENC X102 Composition II - 3 credit hours
MMC X000-X999 Mass Media Communication or MMC X540 Media Aesthetics - 3 credit hours (Majors must take MMC 2100)

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

Note: A grade of 'C' or higher is required for all common prerequisites.

REQUIRED COURSES: (27 CREDIT HOURS)

MAJOR CORE COURSES (9 COURSES; 27 CREDIT HOURS)

MMC 3602 - Mass Communications and Society Credit(s): 3
VIC 3001 - Visual Literacy Credit(s): 3
JOU 3346C - Multimedia Reporting Credit(s): 3
MMC 4200 - History and Principles of Communications Law Credit(s): 3
MMC 4203 - Communication Ethics Credit(s): 3
JOU 2100 - Beginning Reporting Credit(s): 3
JOU 3101 - Advanced Reporting Credit(s): 3
JOU 4188 - Neighborhood News Bureau Credit(s): 3
JOU 4950 - Senior Capstone Seminar Credit(s): 2-3

* Note: Majors are required to take JOU 4950 for 3 credit hours.

MAJOR OTHER REQUIRED COURSE (3 CREDIT HOURS)

ANT 2410 - Cultural Anthropology Credit(s): 3
MAJOR ELECTIVES (18 CREDIT HOURS)

Select six courses (18 credit hours) from the following list of courses.

NOTE: Up to 6 credit hours of MMC 4945 - Internship may count toward the Major Electives.

JOU 3308 - Magazine Article and Feature Writing Credit(s): 3
MMC 3140 - Web Publishing Credit(s): 3
MMC 3734 - Social Media as Mass Communication Credit(s): 3
MMC 4131 - Video Storytelling Credit(s): 3
MMC 4133 - Video Storytelling II Credit(s): 3
MMC 4945 - Internship Credit(s): 1-3 (up to 6 credit hours)
MMC 4936 - Selected Topics in Mass Communications Studies Credit(s): 1-3
PGY 3610C - Photojournalism I Credit(s): 3
PGY 3620 - Photojournalism II Credit(s): 3
RTV 3411 - Race, Gender, & Class Issues in the Media Credit(s): 3
VIC 4311 - InfoGraphics Design Credit(s): 3

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

A 2.5 GPA in Digital Communication and Multimedia Journalism coursework is required for graduation.

D/F POLICY

A grade of "D" or "F" will not be counted toward meeting major requirements.

RESIDENCY REQUIREMENTS

Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours.

FOREIGN LANGUAGE REQUIREMENTS

Sign Language may be used as an option for students to fulfill the Foreign Language EXIT requirement.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

OTHER INFORMATION

Most Digital Communication and Multimedia Journalism courses have prerequisites as specified in the course descriptions (these prerequisites are separate from the State Mandated Common Prerequisites for program admission listed below). Refer to each prerequisite listed to determine progressive prerequisites for each course. Students should also note that the Digital Communication and Multimedia Journalism major is a four-semester program at a minimum and the majority of courses are offered only during the day.

All material submitted by students as assignments in writing, reporting, editing, photography and electronic news gathering and production classes is subject to publication or broadcast. The Department uses a variety of online, print and electronic media outlets.

Students are required to complete a minimum of 72 credit hours outside the major.
USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation. St. Pete campus website: https://www.stpetersburg.usf.edu/academics/academic-resources/academic-advising/advisor/index.aspx

SEMESTER 5 (SPRING)

- JOU 4188 - Neighborhood News Bureau  Credit(s): 3
- JOU 4950 - Senior Capstone Seminar  Credit(s): 2
  
- Students take this course for 3 credit hours.

- Foreign Language Exit  Credit(s): 4
- Major Elective  Credit(s): 3
- Apply for Graduation

Total Credit Hours: 13
DEPARTMENT OF MATHEMATICS AND STATISTICS
MATHEMATICS B.A., WITH APPLIED/COMPUTATIONAL MATHEMATICS CONCENTRATION

TOTAL DEGREE HOURS: 120

The mathematics program offers a diversity of courses designed not only to enable the student to pursue a profession in mathematics itself, but also to enhance the student's competence in the fields of engineering, the physical sciences, the life sciences, and the social sciences. The program emphasizes the broad nature of modern mathematics and its close associations with the real world and prepares students for careers in industry or secondary education as well as entry into graduate school.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

  - Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
  - Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
  - International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

MAC X311 Calculus I - 4 credit hours
MAC X312 Calculus II - 4 credit hours
MAC X313 Calculus III - 4 credit hours
(BSC X010 and BSC X010L) or (CHM X045 and CHM X045L) or (PHY X048 and PHY X048L) or (GLY X010 and GLY X010L) or BSC X010C or CHM X045C or PHY X048C or GLY X010C - 4-5 credit hours
MAP X302 - 4 credit hours
COP X271C or COP X210 or COPY X270 or COP X272C or COP X001 or COP X500 or COP X006 - 3-4 credit hours

NOTE that all universities require a 'C' grade or better for admission.

TOTAL MAJOR HOURS: 30

MAJOR CORE (15 CREDIT HOURS)

Minimum 30 credit hours; 15 credit hours in major coursework and 15 credit hours in concentration coursework. Upon completing the three requirements below (15 credit hours), students are required to complete one of the following three concentrations: Applied/Computational Mathematics, Pure Mathematics, or General Mathematics.

CORE REQUIREMENT (9 CREDIT HOURS)
Majors must complete the following three courses (9 credit hours):

- MAS 3105 - Linear Algebra Credit(s): 3
- MAS 3156 - Vector Calculus Credit(s): 3
- MGF 3301 - Bridge to Abstract Mathematics Credit(s): 3

**ALGEBRA REQUIREMENT (3 CREDIT HOURS)**

Majors must complete the following course (3 credit hours):

- MAS 4301 - Elementary Abstract Algebra Credit(s): 3

**SYMBOLIC COMPUTATIONS REQUIREMENT (3 CREDIT HOURS)**

Majors must complete the following course (3 credit hours):

- COP 4313 - Symbolic Computations in Mathematics Credit(s): 3

**APPLIED/COMPUTATIONAL MATHEMATICS**

This concentration is designed for majors whose interests lie in applications and/or computations. Majors who complete this concentration will be well prepared to explore problems from science, industry, and government.

**TOTAL CONCENTRATION HOURS: 15**

**CONCENTRATION CORE (12 CREDIT HOURS)**

Majors in this concentration must complete at least one (1) course (three credit hours) in each of the following areas: Numerical/Algorithms, Partial Differential Equations and Applications, Discrete Mathematics, and Statistics/Probability.

Additionally students must choose one elective course.

**NUMERICAL/ALGORITHMS REQUIREMENT**

Choose one course.

- MAD 4401 - Numerical Analysis I Credit(s): 3
- MAD 4402 - Numerical Analysis II Credit(s): 3
- MAP 4202 - Optimization Credit(s): 3

**PARTIAL DIFFERENTIAL EQUATIONS AND APPLICATIONS REQUIREMENT**

Choose one course.

- MAP 4341 - Introduction to Partial Differential Equations Credit(s): 3

**DISCRETE MATHEMATICS REQUIREMENT**

Choose one course.

- MAD 4203 - Introduction to Combinatorics Credit(s): 3
- MAD 4301 - Introduction to Graph Theory Credit(s): 3
- MAD 4504 - Theory of Computation Credit(s): 3
- MAD 4471 - Introduction to Cryptography and Coding Theory Credit(s): 3
STATISTICS/PROBABILITY REQUIREMENT

Choose one course.

- STA 4321 - Introduction to Mathematical Statistics I  
  Credit(s): 3
- STA 4442 - Introduction to Probability  
  Credit(s): 3

CONCENTRATION ELECTIVES (3 CREDIT HOURS)

Majors must complete at least one (1) course (three credit hours) from the following electives. This course may NOT be used to fulfill any of the above requirements.

One course from another department that is of high mathematical content may also be taken as an elective, with the prior approval of the department chair.

- MAD 4203 - Introduction to Combinatorics  
  Credit(s): 3
- MAD 4301 - Introduction to Graph Theory  
  Credit(s): 3
- MAD 4401 - Numerical Analysis I  
  Credit(s): 3
- MAD 4402 - Numerical Analysis II  
  Credit(s): 3
- MAD 4504 - Theory of Computation  
  Credit(s): 3
- MAD 4471 - Introduction to Cryptography and Coding Theory  
  Credit(s): 3
- MAP 4202 - Optimization  
  Credit(s): 3
- MAP 4341 - Introduction to Partial Differential Equations  
  Credit(s): 3
- MAT 4930 - Selected Topics in Mathematics  
  Credit(s): 1-3 (may be taken as an elective with the prior approval of the department chair)

MATHEMATICS B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

- Major GPA (All USF courses which are applied to major requirements): 2.0
- General Education GPA (All USF courses which are applied to General Education requirements): 2.0
- USF GPA: 2.0
- Overall GPA: 2.0

GRADING REQUIREMENTS

C- or better are required for courses in the mathematics major and minor and in the statistics major. However, C- is not an acceptable grade for any course that is being used as a prerequisite for a follow-on course. For these courses, a grade of C (2.0 grade points) or better is required. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENT

- Department Major Academic Residency Requirement: At least 12 hours of the major coursework must be completed at USF.
- College of Arts & Sciences Major Academic Residency Requirement: 50% of major must be completed at USF
- USF Academic Residency Requirement: 30 of the last 60 hours earned must be from USF

OTHER PROGRAM INFORMATION

Those interested in pursuing advanced degrees in Mathematics may also be interested in the Honors Program and/or the Accelerated BA/MA Program, both detailed below.
RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

OPTIONAL HONORS PROGRAM

HONORS PROGRAM IN MATHEMATICS

The program is designed for students who wish to obtain a B.A. degree that will indicate unusual strength in the field of mathematics. Successful completion of the program will be prominently displayed on the student's diploma and will be recorded on the official USF transcript of the student's work.

Students are eligible for admission to the program when they:

- have completed MAS 4301 - Elementary Abstract Algebra;
- have at least a 3.0 GPA for all college courses; and
- have at least a 3.5 GPA for all Mathematics courses.

Applications are submitted to the Undergraduate Committee in the Department of Mathematics and Statistics. The requirements for a B.A. degree in Mathematics with Honors are as follows:

- Completion of the requirements of the major in Mathematics;
- Completion of MAA 4211 - Intermediate Analysis I;
- Completion of MAT 4970 Mathematics Senior Thesis;

- Completion of eight Mathematics courses at or above the 4000-level;

- At least a 3.0 average for all college courses; and
- At least a 3.5 average for all Mathematics courses.

At least 3 (and usually 6) credit hours of Mathematics Senior Thesis are required. There will be a thesis committee and the thesis will need to be successfully defended.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, MathAdvise@usf.edu.
4 YEAR PLAN OF STUDY - MATHEMATICS B.A., WITH APPLIED/COMPUTATIONAL MATHEMATICS CONCENTRATION

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Items that are critical are marked with a ✴️ and are included in the plan for a student to stay on track.

TOTAL MAJOR HOURS: 30

MAJOR CORE (15 CREDIT HOURS)

Minimum 30 credit hours; 15 credit hours in major coursework and 15 credit hours in concentration coursework. Upon completing the three requirements below (15 credit hours), students are required to complete one of the following three concentrations: Applied/Computational Mathematics, Pure Mathematics, or General Mathematics.
CORE REQUIREMENT (9 CREDIT HOURS)

Majors must complete the following three courses (9 credit hours):

- MAS 3105 - Linear Algebra Credit(s): 3
- MAS 3156 - Vector Calculus Credit(s): 3
- MGF 3301 - Bridge to Abstract Mathematics Credit(s): 3

ALGEBRA REQUIREMENT (3 CREDIT HOURS)

Majors must complete the following course (3 credit hours):

- MAS 4301 - Elementary Abstract Algebra Credit(s): 3

SYMBOLIC COMPUTATIONS REQUIREMENT (3 CREDIT HOURS)

Majors must complete the following course (3 credit hours):

- COP 4313 - Symbolic Computations in Mathematics Credit(s): 3

GENERAL MATHEMATICS

This concentration is designed for students whose interests lie in both applications and theory. Students who complete this concentration will be exposed to a variety of topics to help prepare the student for future endeavors in either aspect.

TOTAL CONCENTRATION HOURS: 15

CONCENTRATION CORE (6 CREDIT HOURS)

Majors in this concentration must complete at least one (1) course (three credit hours) in each of the following areas: Applied Mathematics, Pure Mathematics. Additionally students must choose three elective courses.

APPLIED MATHEMATICS REQUIREMENT (3 CREDIT HOURS)

Majors in this concentration must complete one (1) course from the list below.

- MAD 4401 - Numerical Analysis I Credit(s): 3
- MAD 4402 - Numerical Analysis II Credit(s): 3
- MAD 4504 - Theory of Computation Credit(s): 3
- MAD 4471 - Introduction to Cryptography and Coding Theory Credit(s): 3
- MAP 4202 - Optimization Credit(s): 3
- MAP 4341 - Introduction to Partial Differential Equations Credit(s): 3
- STA 4321 - Introduction to Mathematical Statistics I Credit(s): 3
- STA 4442 - Introduction to Probability Credit(s): 3

PURE MATHEMATICS REQUIREMENT (3 CREDIT HOURS)

Majors in this concentration must complete one (1) course from the list below.

- MAA 4211 - Intermediate Analysis I Credit(s): 3
- MAA 4212 - Intermediate Analysis II Credit(s): 3
- MAA 4402 - Complex Variables Credit(s): 3
- MAD 4203 - Introduction to Combinatorics Credit(s): 3
- MAD 4301 - Introduction to Graph Theory Credit(s): 3
- MAS 4302 - Elementary Abstract Algebra II Credit(s): 3
- MTG 4214 - Modern Geometry Credit(s): 3
- MTG 4254 - Differential Geometry Credit(s): 3
- MTG 4302 - Introduction to Topology Credit(s): 3

CONCENTRATION ELECTIVES (9 CREDIT HOURS)
Majors in this concentration must complete three (3) courses (9 credit hours) from the list below. These courses may NOT be used to fulfill any of the above requirements.

One course from another department that is of high mathematical content may also be taken as an elective, with the prior approval of the department chair.

- MAA 4211 - Intermediate Analysis I  Credit(s): 3
- MAA 4212 - Intermediate Analysis II  Credit(s): 3
- MAA 4402 - Complex Variables  Credit(s): 3
- MAD 4203 - Introduction to Combinatorics  Credit(s): 3
- MAD 4301 - Introduction to Graph Theory  Credit(s): 3
- MAD 4401 - Numerical Analysis I  Credit(s): 3
- MAD 4402 - Numerical Analysis II  Credit(s): 3
- MAD 4504 - Theory of Computation  Credit(s): 3
- MAD 4471 - Introduction to Cryptography and Coding Theory  Credit(s): 3
- MAP 4202 - Optimization  Credit(s): 3
- MAP 4341 - Introduction to Partial Differential Equations  Credit(s): 3
- MAS 4302 - Elementary Abstract Algebra II  Credit(s): 3
- MTG 4214 - Modern Geometry  Credit(s): 3
- MTG 4254 - Differential Geometry  Credit(s): 3
- MTG 4302 - Introduction to Topology  Credit(s): 3
- MAT 4930 - Selected Topics in Mathematics  Credit(s): 1-3 (may be taken as an elective with the prior approval of the department chair)

MATHEMATICS B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

- Major GPA (All USF courses which are applied to major requirements): 2.0
- General Education GPA (All USF courses which are applied to General Education requirements): 2.0
- USF GPA: 2.0
- Overall GPA: 2.0

GRADING REQUIREMENTS

C- or better are required for courses in the mathematics major and minor and in the statistics major. However, C- is not an acceptable grade for any course that is being used as a prerequisite for a follow-on course. For these courses, a grade of C (2.0 grade points) or better is required. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENT

- Department Major Academic Residency Requirement - At least 12 hours of the major coursework must be completed at USF.
- College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF
- USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF
Those interested in pursuing advanced degrees in Mathematics may also be interested in the Honors Program and/or the Accelerated BA/MA Program, both detailed below.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. MATHEMATICS B.A., WITH PURE MATHEMATICS CONCENTRATION

TOTAL DEGREE HOURS: 120

The mathematics program offers a diversity of courses designed not only to enable the student to pursue a profession in mathematics itself, but also to enhance the student's competence in the fields of engineering, the physical sciences, the life sciences, and the social sciences. The program emphasizes the broad nature of modern mathematics and its close associations with the real world and prepares students for careers in industry or secondary education as well as entry into graduate school.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- MAC X311 Calculus I - 4 credit hours
- MAC X312 Calculus II - 4 credit hours
- MAC X313 Calculus III - 4 credit hours
- (BSC X010 and BSC X010L) or (CHM X045 and CHM X045L) or (PHY X048 and PHY X048L) or (GLY X010 and GLY X010L) or BSC X010C or CHM X045C or PHY X048C or GLY X010C - 4-5 credit hours
- MAP X302 - 4 credit hours
- COP X271C or COP X210 or COPY X270 or COP X272C or COP X001 or COP X500 or COP X006 - 3-4 credit hours

NOTE that all universities require a 'C' grade or better for admission.

TOTAL MAJOR HOURS: 30

MAJOR CORE (15 CREDIT HOURS)

Minimum 30 credit hours; 15 credit hours in major coursework and 15 credit hours in concentration coursework. Upon completing the three requirements below (15 credit hours), students are required to complete one of the following three concentrations: Applied/Computational Mathematics, Pure Mathematics, or General Mathematics.
CORE REQUIREMENT (9 CREDIT HOURS)

Majors must complete the following three courses (9 credit hours):

- MAS 3105 - Linear Algebra  **Credit(s): 3**
- MAS 3156 - Vector Calculus  **Credit(s): 3**
- MGF 3301 - Bridge to Abstract Mathematics  **Credit(s): 3**

ALGEBRA REQUIREMENT (3 CREDIT HOURS)

Majors must complete the following course (3 credit hours):

- MAS 4301 - Elementary Abstract Algebra  **Credit(s): 3**

SYMBOLIC COMPUTATIONS REQUIREMENT (3 CREDIT HOURS)

Majors must complete the following course (3 credit hours):

- COP 4313 - Symbolic Computations in Mathematics  **Credit(s): 3**

PURE MATHEMATICS

This concentration is designed for majors whose interests lie in mathematical theory. Majors who complete this concentration will be well prepared to continue mathematical studies in graduate school and/or to explore mathematical theory in government and industry.

TOTAL CONCENTRATION HOURS: 15

CONCENTRATION CORE (12 CREDIT HOURS)

Students in this concentration will need to complete Analysis requirement and complete one course in the following areas: Algebra and Discrete Mathematics, Advanced Analysis, Geometry and Topology. Additionally students must choose one elective course.

ANALYSIS REQUIREMENT

Majors in this concentration must complete the following course:

- MAA 4211 - Intermediate Analysis I  **Credit(s): 3**

Majors in this concentration must also complete one (1) course (three credit hours) in each of the following areas:

ALGEBRA AND DISCRETE MATHEMATICS REQUIREMENT

Choose one course.

- MAD 4203 - Introduction to Combinatorics  **Credit(s): 3**
- MAD 4301 - Introduction to Graph Theory  **Credit(s): 3**
- MAD 4504 - Theory of Computation  **Credit(s): 3**
- MAD 4471 - Introduction to Cryptography and Coding Theory  **Credit(s): 3**
- MAS 4302 - Elementary Abstract Algebra II  **Credit(s): 3**

ADVANCED ANALYSIS REQUIREMENT

Choose one course.

- MAA 4212 - Intermediate Analysis II  **Credit(s): 3**
- MAA 4402 - Complex Variables  **Credit(s): 3**
- MAP 4341 - Introduction to Partial Differential Equations  **Credit(s): 3**
GEOMETRY AND TOPOLOGY REQUIREMENT

Choose one course.

- MTG 4214 - Modern Geometry Credit(s): 3
- MTG 4254 - Differential Geometry Credit(s): 3
- MTG 4302 - Introduction to Topology Credit(s): 3

CONCENTRATION ELECTIVES (3 CREDIT HOURS)

Majors must complete at least one (1) course (three credit hours) from the following electives. This course may NOT be used to fulfill any of the above requirements.

One course from another department that is of high mathematical content may also be taken as an elective, with the prior approval of the department chair.

- MAA 4212 - Intermediate Analysis II Credit(s): 3
- MAA 4402 - Complex Variables Credit(s): 3
- MAD 4203 - Introduction to Combinatorics Credit(s): 3
- MAD 4301 - Introduction to Graph Theory Credit(s): 3
- MAD 4504 - Theory of Computation Credit(s): 3
- MAD 4471 - Introduction to Cryptography and Coding Theory Credit(s): 3
- MAP 4341 - Introduction to Partial Differential Equations Credit(s): 3
- MAS 4302 - Elementary Abstract Algebra II Credit(s): 3
- MTG 4214 - Modern Geometry Credit(s): 3
- MTG 4254 - Differential Geometry Credit(s): 3
- MTG 4302 - Introduction to Topology Credit(s): 3
- MAT 4930 - Selected Topics in Mathematics Credit(s): 1-3 (may be taken as an elective with the prior approval of the department chair)

MATHEMATICS B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

- Major GPA (All USF courses which are applied to major requirements): 2.0
- General Education GPA (All USF courses which are applied to General Education requirements): 2.0
- USF GPA: 2.0
- Overall GPA: 2.0

GRADING REQUIREMENTS

C- or better are required for courses in the mathematics major and minor and in the statistics major. However, C- is not an acceptable grade for any course that is being used as a prerequisite for a follow-on course. For these courses, a grade of C (2.0 grade points) or better is required. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENT

- Department Major Academic Residency Requirement - At least 12 hours of the major coursework must be completed at USF.
- College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF
- USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

548
OTHER PROGRAM INFORMATION

Those interested in pursuing advanced degrees in Mathematics may also be interested in the Honors Program and/or the Accelerated BA/MA Program, both detailed below.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

OPTIONAL HONORS PROGRAM

HONORS PROGRAM IN MATHEMATICS

The program is designed for students who wish to obtain a B.A. degree that will indicate unusual strength in the field of mathematics. Successful completion of the program will be prominently displayed on the student's diploma and will be recorded on the official USF transcript of the student's work.

Students are eligible for admission to the program when they:

- have completed MAS 4301 - Elementary Abstract Algebra;
- have at least a 3.0 GPA for all college courses; and
- have at least a 3.5 GPA for all Mathematics courses.

Applications are submitted to the Undergraduate Committee in the Department of Mathematics and Statistics. The requirements for a B.A. degree in Mathematics with Honors are as follows:

- Completion of the requirements of the major in Mathematics;
- Completion of MAA 4211 - Intermediate Analysis I;
- Completion of MAT 4970 Mathematics Senior Thesis;
- Completion of eight Mathematics courses at or above the 4000-level;
- At least a 3.0 average for all college courses; and
- At least a 3.5 average for all Mathematics courses.

At least 3 (and usually 6) credit hours of Mathematics Senior Thesis are required. There will be a thesis committee and the thesis will need to be successfully defended.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, MathAdvise@usf.edu.
### 4 YEAR PLAN OF STUDY - MATHEMATICS B.A., WITH PURE MATHEMATICS CONCENTRATION

**NOTES:**
- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
- Items that are critical are marked with a ✴️ and are included in the plan for a student to stay on track.

**Potential Entry Level Job Titles:**
- Data Analyst
- Actuary
- Engineer/Computer and Information Technology
- Film Animation
- Computer Systems Analyst
- Cryptographer

**Potential Entry Level Salary Range:**
- $30,000 - $60,000

### YEAR 1

#### SEMESTER 1 (FALL)
- SGEN Supporting Science and Lab (CHM, BSC, GLY, PHY) **Credit(s): 4**
- ✴️ MAC 2281 - Engineering Calculus I **Credit(s): 4**
  - or MAC 2311 - Calculus I **Credit(s): 4**
- ENC 1101 - Composition I **Credit(s): 3** (meets SGEC - General Education Core Communication requirement)
- SGEH - General Education Core Humanities **Credit(s): 3**

NOTE: SCIV - Civics Literacy requirement needs to be fulfilled prior to graduation. See advisor.

Total Credit Hours: 14

#### SEMESTER 2 (SPRING)
- TGEI - Information and Data Literacy **Credit(s): 3**
- ✴️ MAC 2282 - Engineering Calculus II **Credit(s): 4**
  - or MAC 2312 - Calculus II **Credit(s): 4**
- ENC 1102 - Composition II **Credit(s): 3** (meets TGEN requirement)
- **Credit(s): 3**
- Supporting Science and Lab (CHM, BSC, GLY, PHY) **Credit(s): 4**

Total Credit Hours: 14

#### SEMESTER 3 (SUMMER)
- TGEI - Information and Data Literacy **Credit(s): 3**
- General Elective **Credit(s): 3**

Total Credit Hours: 6
YEAR 2

SEMESTER 4 (FALL)

- MAC 2283 - Engineering Calculus III Credit(s): 4
  or MAC 2313 - Calculus III Credit(s): 4
- Foreign Language Level I Credit(s): 4
- TGED - Human & Cultural Diversity Credit(s): 3
- SGES - General Education Core Social Sciences Credit(s): 3

Total Credit Hours: 14

SEMESTER 5 (SPRING)

- Foreign Language Level II Credit(s): 4
- MGF 3301 - Bridge to Abstract Mathematics Credit(s): 3
- MAP 2302 - Differential Equations Credit(s): 3
  General Elective Credit(s): 3

Total Credit Hours: 13

SEMESTER 6 (SUMMER)

- Upper-Level Elective Credit(s): 3
- Upper-Level Elective Credit(s): 3

Total Credit Hours: 6

YEAR 3

SEMESTER 7 (FALL)

- MAS 3105 - Linear Algebra Credit(s): 3
- MAS 3156 - Vector Calculus Credit(s): 3
- General Elective Credit(s): 3
- TGEE - Ethical Reasoning & Civic Engagement Credit(s): 3

Total Credit Hours: 14

SEMESTER 8 (SPRING)

- MAS 4301 - Elementary Abstract Algebra Credit(s): 3
- MAA 4211 - Intermediate Analysis I Credit(s): 3
- COP 4313 - Symbolic Computations in Mathematics Credit(s): 3
- General Elective Credit(s): 3

Total Credit Hours: 15

SEMESTER 9 (SUMMER)

Please consider pursing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.
COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2021-2022 UNDERGRADUATE CATALOG

YEAR 4

SEMESTER 10 (FALL)

- Major Upper-level Elective Credit(s): 3
- Major Geometry and Topology Elective Credit(s): 3
- Upper-Level Elective Credit(s): 3
- General Elective Credit(s): 3

Total Credit Hours: 12

SEMESTER 11 (SPRING)

- Major Advanced Analysis Elective Credit(s): 3
- Major Algebra and Discrete Elective Credit(s): 3
- Upper-Level Elective Credit(s): 3
- General Elective Credit(s): 3
- Apply for Graduation

Total Credit Hours: 12

2 YEAR PLAN OF STUDY - MATHEMATICS B.A., WITH PURE MATHEMATICS CONCENTRATION

NOTES:
- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
- Items that are critical are marked with an ✳️ and are included in the plan for a student to stay on track.

YEAR 1

SEMESTER 1 (FALL)

MAS 3105 - LINEAR ALGEBRA CREDIT(S): 3
MGF 3301 - BRIDGE TO ABSTRACT MATHEMATICS CREDIT(S): 3
FLEX SEMESTER 1 CREDIT(S): 4

- Upper Level General Elective Credit(s): 3

Total Credit Hours: 13

SEMESTER 2 (SPRING)

MAA 4211 - Intermediate Analysis I Credit(s): 3
Major Algebra and Discrete Elective Course Credit(s): 3
FLEX SEMESTER 2 CREDIT(S): 4

- Upper Level General Elective Credit(s): 3

Total Credit Hours: 13

SEMESTER 3 (SUMMER)

Science Elective Course Credit(s): 3
Science Elective Lab Credit(s): 1
Upper Level General Elective Credit(s): 3

Total Credit Hours: 7

YEAR 2
SEMESTER 4 (FALL)

- COP 4313 - Symbolic Computations in Mathematics Credit(s): 3
- MAS 4301 - Elementary Abstract Algebra Credit(s): 3
- Major Elective Course Credit(s): 3
- Science Elective Course Credit(s): 3
- Science Elective Lab Credit(s): 1

Total Credit Hours: 13

SEMESTER 5 (SPRING)

- MAS 3156 - Vector Calculus Credit(s): 3
- Major Geometry and Topology Elective Course Credit(s): 3
- Major Advanced Analysis Elective Course Credit(s): 3
- Upper Level General Elective Credit(s): 3
- General Elective Credit(s): 2
- Apply for Graduation

Total Credit Hours: 14
The Bachelor of Science in Mathematics: Computational and Applied will prepare graduates for careers in mathematics, statistics, data analytics, and other fields that rely on employees with excellent quantitative skills. Graduates may be employed in a wide array of industries including aerospace, banking, computing, consulting, data analytics, data sciences, electronics, energy, finance, government, medical device development, transportation, and many others.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students are required to take a four (4) credit hour general education core natural science course and its associated lab prior to being admitted into this program. Please select a course at your institution that includes both lecture and lab options.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- COP X030 or COP X360 or COP X222 or COP X250 - 3 credit hours
- STA X023 - 3 credit hours
- MAC X311 Calculus I - 4 credit hours
- MAC X312 Calculus II - 4 credit hours
- MAC X313 Calculus III - 4 credit hours
- MAP X302 - 3 credit hours
- (PHY X053 & PHY X053L) or (PHY X048 & PHY X048L) or (PHY X020 & PHY X020L) or (EVR X001 & EVR X001L) or (ESC X000 & ESC X000L) or (BSC X085 & BSC X085L) or (BSC X010 & BSC X010L) or (BSC X005 & BSC X005L) or (AST X002 & AST X002L) - 4 credit hours

TOTAL MAJOR HOURS: 30

MAJOR CORE (12 CREDIT HOURS)

- MAS 3156 - Vector Calculus Credit(s): 3
- MAS 3114 - Computational Linear Algebra
- MAP 4103 - Mathematical Modeling Credit(s): 3

SYMBOLIC COMPUTATIONS REQUIREMENT

Select one of the following courses:

- COP 4313 - Symbolic Computations in Mathematics Credit(s): 3
- COP 2030 - Programming Concepts I Credit(s): 3

DATA ANALYTICS & BUSINESS INTELLIGENCE CONCENTRATION
This concentration provides solid foundation in mathematical modeling and data analytics and emphasizes their integration into business environment.

**TOTAL CONCENTRATION HOURS: 18**

**CONCENTRATION CORE (15 CREDIT HOURS)**

Majors in this concentration must complete the following 15 core concentration credit hours:

- STA 4102 - Computational Methods for Applied Statistics  
  Credit(s): 3
- STA 4321 - Introduction to Mathematical Statistics I  
  Credit(s): 3
- STA 4442 - Introduction to Probability  
  Credit(s): 3
- ISM 4117 - Data Mining and Predictive Analytics
- ISM 4930 - Selected Topics in MIS  
  Credit(s): 1-3

**CONCENTRATION ELECTIVES (3 CREDIT HOURS)**

Majors in this concentration must complete one course (three credit hours) from the list below.

- ACG 2021 - Principles of Financial Accounting  
  Credit(s): 3
- ECO 2013 - Economic Principles (Macroeconomics)  
  Credit(s): 3
- FIN 3403 - Principles of Finance  
  Credit(s): 3
- MAR 3023 - Basic Marketing  
  Credit(s): 3
- MAN 3025 - Principles of Management  
  Credit(s): 3

**MATHMATICS: COMPUTATIONAL & APPLIED B.S. - ADDITIONAL INFORMATION**

**GPA REQUIREMENTS**

- Major GPA (All USF courses which are applied to major requirements): 2.0
- General Education GPA (All USF courses which are applied to General Education requirements): 2.0
- USF GPA: 2.0
- Overall GPA: 2.0

**GRADING REQUIREMENTS**

In general, grades of C- or better are required for courses in the mathematics major and minor and in the statistics major. However, C- is not an acceptable grade for any course that is being used as a prerequisite for a follow-on course. For these courses, a grade of C (2.0 grade points) or better is required.

**RESIDENCY REQUIREMENTS**

- Department Major Academic Residency Requirement - At least 12 hours of the major coursework must be completed at USF.
- College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.
- USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

**RESEARCH OPPORTUNITIES**

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

**ADVISING INFORMATION**
USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Total Credit Hours: 15

SEMESTER 9 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 4

SEMESTER 10 (FALL)

- ISM 4117 - Data Mining and Predictive Analytics Credit(s): 3
- MAP 4103 - Mathematical Modeling Credit(s): 3
- ISM 4930 - Selected Topics in MIS Credit(s): 3
- 1-TGEH - Ethical Reasoning & Civic Engagement Credit(s): 3
- General Elective Credit(s): 3

Total Credit Hours: 14

SEMESTER 5 (SPRING)

ISM 4930 - Selected Topics in MIS Credit(s): 1-3
Major Elective Credit(s): 3
Upper Level Elective Credit(s): 3
General Elective Credit(s): 3

Total Credit Hours: 12
MATHEMATICS: COMPUTATIONAL & APPLIED B.S., WITH MATHEMATICS CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Science in Mathematics: Computational and Applied will prepare graduates for careers in mathematics, statistics, data analytics, and other fields that rely on employees with excellent quantitative skills. Graduates may be employed in a wide array of industries including aerospace, banking, computing, consulting, data analytics, data sciences, electronics, energy, finance, government, medical device development, transportation, and many others.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students are required to take a four (4) credit hour general education core natural science course and its associated lab prior to being admitted into this program. Please select a course at your institution that includes both lecture and lab options.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- COP X030 or COP X360 or COP X222 or COP X250 - 3 credit hours
- STA X023 - 3 credit hours
- MAC X311 Calculus I - 4 credit hours
- MAC X312 Calculus II - 4 credit hours
- MAC X313 Calculus III - 4 credit hours
- MAP X302 - 3 credit hours
- (PHY X053 & PHY X053L) or (PHY X048 & PHY X048L) or (PHY X020 & PHY X020L) or (EVR X001 & EVR X001L) or (ESC X000 & ESC X000L) or CHM X045 & CHM X045L) or CHM X020 & CHM X020L) or (BSC X085 & BSC X085L) or (BSC X010 & BSC X010L) or (BSC X005 & BSC X005L) or (AST X002 & AST X002L) - 4 credit hours

TOTAL MAJOR HOURS: 30

MAJOR CORE (12 CREDIT HOURS)

- MAS 3156 - Vector Calculus Credit(s): 3
- MAS 3114 - Computational Linear Algebra
- MAP 4103 - Mathematical Modeling Credit(s): 3

SYMBOLIC COMPUTATIONS REQUIREMENT

Select one of the following courses:

- COP 4313 - Symbolic Computations in Mathematics Credit(s): 3
- COP 2030 - Programming Concepts I Credit(s): 3

MATHEMATICS CONCENTRATION
This concentration emphasizes the broad nature of modern mathematics and its close associations with the real world.

TOTAL CONCENTRATION HOURS: 18

CONCENTRATION CORE (12 CREDIT HOURS)

Majors in this concentration must complete the following 12 core concentration credit hours:

- MAD 4401 - Numerical Analysis I [Credit(s): 3]
- STA 4102 - Computational Methods for Applied Statistics [Credit(s): 3]
- STA 4321 - Introduction to Mathematical Statistics I [Credit(s): 3]
- STA 4442 - Introduction to Probability [Credit(s): 3]

CONCENTRATION ELECTIVES (6 CREDIT HOURS)

Majors in this concentration must complete two (3) courses (six credit hours) from the list below. These courses may NOT be used to fulfill any of the above requirements.

* May be taken as an elective with the prior approval of the department chair.

- MAA 4211 - Intermediate Analysis I [Credit(s): 3]
- MAA 4402 - Complex Variables [Credit(s): 3]
- MAD 4203 - Introduction to Combinatorics [Credit(s): 3]
- MAD 4301 - Introduction to Graph Theory [Credit(s): 3]
- MAD 4402 - Numerical Analysis II [Credit(s): 3]
- MAD 4471 - Introduction to Cryptography and Coding Theory [Credit(s): 3]
- MAP 4341 - Introduction to Partial Differential Equations [Credit(s): 3]
- MAT 4930 - Selected Topics in Mathematics [Credit(s): 1-3 *]

MATHEMATICS: COMPUTATIONAL & APPLIED B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

- Major GPA (All USF courses which are applied to major requirements): 2.0
- General Education GPA (All USF courses which are applied to General Education requirements): 2.0
- USF GPA: 2.0
- Overall GPA: 2.0

GRADING REQUIREMENTS

In general, grades of C- or better are required for courses in the mathematics major and minor and in the statistics major. However, C- is not an acceptable grade for any course that is being used as a prerequisite for a follow-on course. For these courses, a grade of C (2.0 grade points) or better is required.

RESIDENCY REQUIREMENTS

- Department Major Academic Residency Requirement - At least 12 hours of the major coursework must be completed at USF.
- College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.
- USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.
RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, MathAdvise@usf.edu

St. Pete campus website: https://www.stpetersburg.usf.edu/academics/academic-resources/academic-advising/advisor/index.aspx

Statistics is a science of information gathering, data analysis, and decision making. It is a discipline that blends the applied with the theoretical and our courses reflect this mix. These courses provide an excellent preparation for careers in industrial statistics, actuarial science, biostatistics, and statistical research.

**UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES**

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- **Transfer:** [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- **International:** [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

**STATE MANDATED COMMON COURSE PREREQUISITES**

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- **COP X000-X999** Computer Programming* - 3 credit hours
- **MAC X311** Calculus I - 4 credit hours
- **MAC X312** Calculus II - 4 credit hours
- **MAC X313** Calculus III - 4 credit hours
- **(BSC X000-X999 & BSC X000-X999L)** or **(CHM X000-X999 & CHM X000-X999L)** or **(PHY X000-X999 & PHY X000-X999L)** or **(GLY X000-X999 & GLY &nbsp;X000-X999L)** - 4-5 credit hours
- **STA X000-X999** Statistics - 3 credit hours

* COP must be a scientific programming course designed for computer science majors.

** Two science with lab courses must be a science courses designed for science majors.

**NOTE that all universities require a 'C' grade or better for admission.**
Total Major Hours: 46

Major Core (31 Credit Hours)

Students must complete the following four courses plus completion of one of the four lab-based Science courses (19 credit hours):

- MAC 2311 - Calculus I Credit(s): 4
- or
- MAC 2281 - Engineering Calculus I Credit(s): 4
- MAC 2312 - Calculus II Credit(s): 4
- or
- MAC 2282 - Engineering Calculus II Credit(s): 4
- MAC 2313 - Calculus III Credit(s): 4
- or
- MAC 2283 - Engineering Calculus III Credit(s): 4
- STA 4102 - Computational Methods for Applied Statistics Credit(s): 3

Lab-Based Science Courses

Plus completion of one of the four lab-based Science courses below:

- BSC XXXX / XXXXL
- CHM XXXX / XXXXL
- PHY XXXX / XXXXL
- GLY XXXX / XXXXL

Required Courses (12 Credit Hours)

- STA 2023 - Introductory Statistics I Credit(s): 3
- STA 3024 - Introductory Statistics II Credit(s): 3
- STA 4321 - Introduction to Mathematical Statistics I Credit(s): 3
- STA 4442 - Introduction to Probability Credit(s): 3

Concentration Electives (15 Credit Hours)

Students must complete five courses from the following list of electives (Minimum 15 credit hours).

One or two courses from another department which are of high statistical content may be taken as electives, with the prior approval of the Chair of the department.

- STA 4930 - Selected Topics in Statistics may be taken as electives, with the prior approval of the Chair of the department.
- MAP 2302 - Differential Equations Credit(s): 3
- MAS 3105 - Linear Algebra Credit(s): 3
- STA 4222 - Sample Survey Design Credit(s): 3
- STA 4322 - Introduction to Mathematical Statistics II Credit(s): 3
- STA 4502 - Nonparametric Statistical Methods Credit(s): 3
- STA 4504 - Categorical Data Analysis Credit(s): 3
- STA 4702 - Multivariate Statistical Methods Credit(s): 3
- STA 4852 - Applied Time Series Credit(s): 3
GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENT

C- or better are required for courses in the mathematics major and minor and in the statistics major. However, C- is not an acceptable grade for any course that is being used as a prerequisite for a follow-on course. For these courses, a grade of C (2.0 grade points) or better is required. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENT

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx

MINOR CORE (21 CREDIT HOURS)

MAC 2311 - Calculus I Credit(s): 4
or
MAC 2281 - Engineering Calculus I Credit(s): 4
MAC 2312 - Calculus II Credit(s): 4
or
MAC 2282 - Engineering Calculus II Credit(s): 4
MAC 2313 - Calculus III Credit(s): 4
or
MAC 2283 - Engineering Calculus III Credit(s): 4
MGF 3301 - Bridge to Abstract Mathematics Credit(s): 3
MAS 3105 - Linear Algebra Credit(s): 3
MAS 3156 - Vector Calculus Credit(s): 3

MINOR ELECTIVES (6 CREDIT HOURS)

Complete any two (2) Mathematics courses from the following list.

One course from another department which is of high mathematical content may also be taken as an elective, with the prior approval of the department chair.

COP 4313 - Symbolic Computations in Mathematics Credit(s): 3
MAA 4211 - Intermediate Analysis I Credit(s): 3
MAA 4212 - Intermediate Analysis II Credit(s): 3
MAA 4402 - Complex Variables Credit(s): 3
MAD 4203 - Introduction to Combinatorics Credit(s): 3
MAD 4301 - Introduction to Graph Theory Credit(s): 3
MAD 4401 - Numerical Analysis I Credit(s): 3
MAD 4402 - Numerical Analysis II Credit(s): 3
MAD 4504 - Theory of Computation Credit(s): 3
MAD 4471 - Introduction to Cryptography and Coding Theory Credit(s): 3
MAP 2302 - Differential Equations Credit(s): 3
MAP 4202 - Optimization Credit(s): 3
MAP 4341 - Introduction to Partial Differential Equations Credit(s): 3
MAS 4301 - Elementary Abstract Algebra Credit(s): 3
MAS 4302 - Elementary Abstract Algebra II Credit(s): 3
MTG 4214 - Modern Geometry Credit(s): 3
MTG 4254 - Differential Geometry Credit(s): 3
MTG 4302 - Introduction to Topology Credit(s): 3
STA 4321 - Introduction to Mathematical Statistics I Credit(s): 3
STA 4442 - Introduction to Probability Credit(s): 3
MAT 4930 - Selected Topics in Mathematics Credit(s): 1-3 may be taken as an elective with the prior approval of the department chair.

RESIDENCY REQUIREMENT
A student wishing to receive a minor in Mathematics is required to take a minimum of eight (8) credit hours of required courses in the Department of Mathematics and Statistics at the Tampa campus.

OTHER INFORMATION

The minor in Mathematics is open to all students. Students with majors in the sciences, engineering, business, and the social sciences are particularly encouraged to pursue the minor.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa Campus Website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, email Mathadvise@usf.edu.
PHYSICAL SCIENCES B.A.

TOTAL DEGREE HOURS: 120

The degree in Physical Sciences will prepare students for employment in technical fields requiring a background in one or more of the physical sciences.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- CHM X045C or (CHM X040 and CHM X041) or (CHM X045 and CHM X045L) - 4-6 credit hours
- CHM X046C or (CHM X046 and CHM X046L) - 4 credit hours
- MAC X311 or MAC X281 - 4 credit hours
- MAC X312 or MAC X282 - 4 credit hours
- MAC X313 or MAC X283 - 4 credit hours
- [(PHY X048 and PHY X048L) and (PHY X049 and PHY X049L)] or (PHY X048C and PHY X049C) - 4 credit hours

REQUIRED SUPPORTING COURSES FOR THE MAJOR (28 CREDIT HOURS)

The following courses are prerequisite and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

- CHM 2045 - General Chemistry I Credit(s): 3
- CHM 2045L - General Chemistry I Laboratory Credit(s): 1
- CHM 2046 - General Chemistry II Credit(s): 3
- CHM 2046L - General Chemistry II Laboratory Credit(s): 1
- MAC 2311 - Calculus I Credit(s): 4
  - or
- MAC 2281 - Engineering Calculus I Credit(s): 4
- MAC 2312 - Calculus II Credit(s): 4
MAC 2282 - Engineering Calculus II Credit(s): 4
MAC 2313 - Calculus III Credit(s): 4

or
MAC 2283 - Engineering Calculus III Credit(s): 4
PHY 2048 - General Physics I - Calculus Based Credit(s): 3
PHY 2048L - General Physics I Laboratory Credit(s): 1

or
PHY 2060 - Enriched General Physics I with Calculus Credit(s): 3 is strongly recommended
PHY 2049 - General Physics II - Calculus Based Credit(s): 3
PHY 2049L - General Physics II Laboratory Credit(s): 1

or
PHY 2061 - Enriched General Physics II with Calculus Credit(s): 3 is strongly recommended

TOTAL MAJOR HOURS: 25

MAJOR CORE (6 CREDIT HOURS)

COMPUTATIONAL SCIENCE REQUIREMENT (6 CREDIT HOURS)

Choose any two of the following courses:
COP 4313 - Symbolic Computations in Mathematics Credit(s): 3
GLY 3866 - Computational Geology Credit(s): 3
PHZ 4151C - Computational Physics Credit(s): 3
MAD 4401 - Numerical Analysis I Credit(s): 3
MAD 4471 - Introduction to Cryptography and Coding Theory Credit(s): 3
MAD 4504 - Theory of Computation Credit(s): 3

MAJOR ELECTIVES (19 CREDIT HOURS)

Choose 19 credit hours from the following list of courses.

Other courses may count, subject to approval by the Physics Undergraduate Coordinator. A maximum of 12 credit hours may be included from courses in Chemical, Biomedical, Electrical, Mechanical, and Civil Engineering that have either PHY 2049, PHY 2061 or CHM 2046 as prerequisites.

Note: Students may need to satisfy additional prerequisites prior to taking some of the listed courses.

AST 4721L - Astrophysics Laboratory Credit(s): 3
CHM 2210 - Organic Chemistry I Credit(s): 3
CHM 2210L - Organic Chemistry Laboratory I Credit(s): 2
CHM 3120C - Elementary Analytical Chemistry Credit(s): 4
CHM 3610 - Intermediate Inorganic Chemistry Credit(s): 3
CHM 3610L - Intermediate Inorganic Chemistry Laboratory Credit(s): 1
CHM 4410 - Physical Chemistry I Credit(s): 4
CHM 4410L - Physical Chemistry Laboratory Credit(s): 1
CHM 4413 - Biophysical Chemistry Credit(s): 3
ESC 2000 - Introduction to Earth Science Credit(s): 3
GEO 3280 - Environmental Hydrology Credit(s): 3
GLY 2010 - Dynamic Earth: Introduction to Physical Geology Credit(s): 3
GLY 3311C - Mineralogy, Petrology, Geochemistry Credit(s): 4
MAP 2302 - Differential Equations Credit(s): 3
MAS 3105 - Linear Algebra Credit(s): 3
MAS 3156 - Vector Calculus Credit(s): 3
MGF 3301 - Bridge to Abstract Mathematics Credit(s): 3
OCE 2001 - Introduction to Oceanography Credit(s): 3

**May not count for both the computational science and major electives requirements.**

### GPA REQUIREMENTS

- **Major GPA:** (all USF courses which are applied to major requirements): 2.0
- **Gen Ed GPA:** (all USF courses which are applied to general education requirements): 2.0
- **USF GPA:** 2.0
- **Overall GPA:** 2.0

### GRADING REQUIREMENTS

- C- or better to meet major course requirements unless specified elsewhere

**Note:** Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

### RESIDENCY REQUIREMENT

- **Department Major Academic Residency Requirement:** A minimum of 13 credits in Physical Science major must be completed at USF.
- **College Academic Residency Requirement:** Interdisciplinary majors do not have an additional college academic resident requirement.
- **USF Academic Residency Requirement:** 30 of the last 60 hours earned must be from USF.

### RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

### ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

**Tampa campus website:** [https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx](https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx)

For questions, email PhysicsAdvise@usf.edu.

### 4 YEAR PLAN OF STUDY - PHYSICAL SCIENCES B.A.

**NOTES:**

- **SCIV:** Civics Literacy needs to be completed prior to graduation. For more information, see [https://www.usf.edu/undergrad/students/civics-literacy.aspx](https://www.usf.edu/undergrad/students/civics-literacy.aspx) or talk with your academic advisor.
- Items that are critical are marked with a ✳️ and are included in the plan for a student to stay on track.

**Potential Entry Level Job Titles:**
Laboratory Technician

Potential Entry Level Salary Range:
$30,000 - $60,000

YEAR 1

Apply for Graduation

Total Credit Hours: 12
The B.A. program is designed for students who are not currently planning to attend physics graduate school and/or who want to pursue parallel studies in other fields such as mathematics, biology, chemistry, computer science, engineering, business, pre-med, pre-law, and teacher education.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

  - **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
  - **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
  - **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- CHM X045C or (CHM X045 and CHM X045L) or (CHM X040 and CHM X041) - 4-6 credit hours
- CHM X046C or (CHM X046 and CHM X046L) - 4 credit hours
- MAC X311 or MAC X281 - 4 credit hours
- MAC X312 or MAC X282 - 4 credit hours
- MAC X313 or MAC X283 - 4 credit hours
- [(PHY X048 and PHY X048L) and (PHY X049 and PHY X049L)] or (PHY X048C and PHY X049C) - 4 credit hours

REQUIRED SUPPORTING COURSES FOR THE MAJOR (20 CREDIT HOURS)

The following courses are prerequisite and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

- CHM 2045 - General Chemistry I **Credit(s): 3**
- CHM 2045L - General Chemistry I Laboratory **Credit(s): 1**
- CHM 2046 - General Chemistry II **Credit(s): 3**
- CHM 2046L - General Chemistry II Laboratory **Credit(s): 1**
- MAC 2311 - Calculus I **Credit(s): 4**
  - **or**
- MAC 2281 - Engineering Calculus I **Credit(s): 4**
- MAC 2312 - Calculus II **Credit(s): 4**
or
MAC 2282 - Engineering Calculus II Credit(s): 4
MAC 2313 - Calculus III Credit(s): 4
or
MAC 2283 - Engineering Calculus III Credit(s): 4

TOTAL MAJOR HOURS: 33

MAJOR CORE (31 CREDIT HOURS)

PHYSICS COURSES (33 CREDIT HOURS)

NOTES:
*PHY 2060 may substitute for PHY 2048 and PHY 2061 may substitute for PHY 2049.
**AST 4721L - Astrophysics Laboratory may substitute for PHY 4823L - Advanced Laboratory with department approval.

PHY 2048 - General Physics I - Calculus Based Credit(s): 3 *
PHY 2048L - General Physics I Laboratory Credit(s): 1
PHY 2049 - General Physics II - Calculus Based Credit(s): 3 *

PHY 3323 - Electricity and Magnetism I Credit(s): 3
PHY 4823L - Advanced Laboratory Credit(s): 3 **
PHY 4930 - Undergraduate Seminar Credit(s): 1
PHY 4604 - Introduction to Quantum Mechanics Credit(s): 3

MAJOR ELECTIVES (2 CREDIT HOURS)

Plus two (2) credit hours of Physics electives subject to approval of undergraduate advisor.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A C (2.0) or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

Department Major Academic Residency Requirement - At least 20 hours of the major must be completed at USF.
College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.
USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ACCELERATED B.A./M.A.T. PROGRAM

Accelerated B.A. in Physics and M.A.T. in Science Education

This program intends for students to complete a B.A. in Physics (College of Arts and Sciences) and M.A.T. in Science Education (College of Education) over the span of five years. Students completing this program will be eligible for high school and/or middle school science teacher certification. Completion of this program requires students to complete 12 credit hours toward the M.A.T. in Science Education during their senior year in the Physics (B.A.) major.

OTHER INFORMATION

Teacher Education Programs
For information concerning the degree programs for secondary school teachers, see College of Education, Department of Secondary Education.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, email PhysicsAdvise@usf.edu.

## ASTRONOMY MINOR

**TOTAL MINOR HOURS: 12**

The Astronomy Minor provides an in-depth overview of Astronomy from a mainly conceptual perspective. Any student wanting to learn more about the universe can earn the Minor in Astronomy regardless of their degree, including physics majors.

### MINOR REQUIREMENTS

A minor in Astronomy consists of 12 credit hours.

### MINOR CORE (12 CREDIT HOURS)

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credit(s)</th>
</tr>
</thead>
<tbody>
<tr>
<td>AST 2002</td>
<td>Descriptive Astronomy</td>
<td>3</td>
</tr>
<tr>
<td>AST 2004</td>
<td>Stellar Astronomy and Cosmology</td>
<td>3</td>
</tr>
<tr>
<td>AST 3033</td>
<td>Contemporary Thinking in Astronomy</td>
<td>3</td>
</tr>
<tr>
<td>AST 3044</td>
<td>Archaeoastronomy</td>
<td>3</td>
</tr>
</tbody>
</table>

### GPA REQUIREMENTS

A minimum 2.0 GPA average in the 12 credit hours is required for obtaining this minor.

### GRADING REQUIREMENT

A "C-" is the minimum acceptable grade for any course in the minor.

### OTHER INFORMATION

None of the courses for the Astronomy minor count towards a Physics B.A. or B.S.

### ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

**Tampa campus website:** https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx

For questions, email Physicsadvise@usf.edu.
BIOMEDICAL PHYSICS MINOR

The minor in Biomedical Physics combines the fundamental knowledge of physics acquired through the General Physics course sequence with applications covering a wide spectrum of topics of interest to students pursuing a future clinical or research career in biology, medicine, and other related areas.

MINOR REQUIREMENTS: 16

A minor in Biomedical Physics consists of 16 credit hours.

MINOR CORE CREDIT HOURS: 16

*NOTE: PHY 2060 may substitute for PHY 2048, and PHY 2061 may substitute for PHY 2049

PHY 2048 - General Physics I - Calculus Based Credit(s): 3 *
  or
PHY 2053 - General Physics I Credit(s): 3
PHY 2048L - General Physics I Laboratory Credit(s): 1
  or
PHY 2053L - General Physics I Laboratory Credit(s): 1
PHY 2049 - General Physics II - Calculus Based Credit(s): 3 *
  or
PHY 2054 - General Physics II Credit(s): 3
PHY 2049L - General Physics II Laboratory Credit(s): 1
  or
PHY 2054L - General Physics II Laboratory Credit(s): 1
PHZ 4702 - Applications of Physics to Biology and Medicine I Credit(s): 4
PHZ 4703 - Applications of Physics to Biology and Medicine II Credit(s): 4

GPA REQUIREMENT

A minimum 2.0 GPA average in the 16 credit hours is required for obtaining this minor.

GRADING REQUIREMENT

A "C-" is the minimum acceptable grade for any course in the minor.

OTHER REQUIREMENTS

The Biomedical Physics minor is not available to Physics majors.

Physics majors with an interest in Biophysics should consider taking the Biophysics course, which is available as an upper-level elective.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, email Physicsadvise@usf.edu.
PHYSICS MINOR

TOTAL MINOR HOURS: 17

MINOR REQUIREMENTS

MINOR CORE (11 CREDIT HOURS)

NOTE: * PHY 2060 may substitute for PHY 2048 and PHY 2061 may substitute for PHY 2049.

- PHY 2048 - General Physics I - Calculus Based Credit(s): 3 *
- PHY 2048L - General Physics I Laboratory Credit(s): 1
- PHY 2049 - General Physics II - Calculus Based Credit(s): 3 *
- PHY 2049L - General Physics II Laboratory Credit(s): 1
- PHY 3101 - Modern Physics Credit(s): 3

MINOR ELECTIVES (6 CREDIT HOURS)

Students must choose six (6) credit hours of upper-level physics electives from the following list, subject to approval by the undergraduate advisor.

- AST 3930 - Selected Topics in Astronomy Credit(s): 1-3
- AST 4217 - Stellar Astrophysics Credit(s): 3
- AST 4721L - Astrophysics Laboratory Credit(s): 3
- PHY 3220 - Classical Mechanics Credit(s): 4
- PHY 3323 - Electricity and Magnetism I Credit(s): 3
- PHY 3822L - Intermediate Laboratory Credit(s): 3
- PHY 4324 - Electricity and Magnetism II Credit(s): 3
- PHY 4424 - Optics Credit(s): 3
- PHY 4523 - Statistical Physics Credit(s): 3
- PHY 4604 - Introduction to Quantum Mechanics Credit(s): 3
- PHY 4605 - Quantum Mechanics II Credit(s): 3
- PHY 4744C - Introduction to Electronics and Test Instrumentation Credit(s): 3
- PHY 4823L - Advanced Laboratory Credit(s): 3
- PHY 4936 - Selected Topics in Physics Credit(s): 1-3
- PHZ 3113 - Mathematical Methods in Physics Credit(s): 3
- PHZ 4434 - Materials Physics Credit(s): 3

GPA REQUIREMENTS

A minimum 2.0 GPA average in the 17 credit hours is required for obtaining this minor.

GRADING REQUIREMENT

A "C-" is the minimum acceptable grade for any course in the minor.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, email Physicsadvise@usf.edu.
DEPARTMENT OF PHILOSOPHY
This degree prepares our majors to go on to graduate school, medical school, law school, or choose to enter the workforce in a wide variety of public, private, governmental, and non-profit agencies. Faculty in the department collaborate with an extensive group of disciplines, providing students across campus with a site for interdisciplinary learning and teaching. Given the intensity and rigor of the study, including analytical reading and critical writing, our majors make themselves extremely attractive to potential employers.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx

Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx

International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students desiring to transfer to USF should complete an A.A. degree at a Florida College System institution. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the University’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

There are no specified common prerequisites for this major. All Florida College System students are encouraged to complete the Associate degree. Students should consult with an academic advisor in their major degree area at the intended transfer institution.

TOTAL MAJOR HOURS: 36

MAJOR CORE (15 CREDIT HOURS)

Courses for the major are divided into four groups: history, logic, capstone, and electives. Within the history and elective groups, students have considerable latitude in selecting their courses; however, it is expected that they do so in consultation with their major advisor and Philosophy faculty with a view toward achieving a balanced program of study.

Students pursuing Philosophy as a second major are required to complete 30 hours in Philosophy coursework.

I. HISTORY OF PHILOSOPHY (9 CREDIT HOURS)

Choose three of the following courses:

- PHH 3062 - History of Western Philosophy: Ancient Philosophy Credit(s): 3
- PHH 3280 - Medieval and Renaissance Philosophy Credit(s): 3
- PHH 3420 - Early Modern Philosophy Credit(s): 3
- PHH 3442 - Late Modern Philosophy Credit(s): 3
- PHH 4440 - Continental Philosophy Credit(s): 3
- PHH 4600 - Contemporary Philosophy Credit(s): 3
- PHH 4820 - Chinese Philosophy Credit(s): 3
- PHM 4331 - Modern Political Philosophy Credit(s): 3
- PHP 3786 - Existentialism Credit(s): 3
- PHP 4000 - Plato Credit(s): 3
COLLEGE OF ARTS & SCIENCES

<td>Analytical Philosophy</td>
<td>3</td>
</tr>
</tbody>
</table>

II. LOGIC (3 CREDIT HOURS)

Choose one of the following courses:

- PHI 3130 - Formal Logic
- PHI 2101 - Introduction to Formal Logic

III. CAPSTONE SEMINAR (3 CREDIT HOURS)

- PHI 4938 - Philosophy Capstone Seminar

MAJOR ELECTIVES (21 CREDIT HOURS)

Choose seven courses (21 credit hours) from the following prefixes: PHH, PHI, PHM and PHP. (Fifteen credit hours for students taking Philosophy as a second major) No more than six elective hours taken at the 1000 and 2000 level may count toward the Philosophy major. Courses taken to fulfill the nine hours of History of Philosophy requirement (I.) will not count toward elective hours in the major.

GPA REQUIREMENTS

- Major GPA (All USF courses which are applied to major requirements): 2.0
- General Education GPA (All USF courses which are applied to General Education requirements): 2.0
- USF GPA: 2.0
- Overall GPA: 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENT

- Department Major Academic Residency Requirement: No more than six hours of Philosophy electives and three hours of required Philosophy coursework taken at institutions other than USF may count toward the major.
- College of Arts & Sciences Major Academic Residency Requirement: 50% of major must be completed at USF
- USF Academic Residency Requirement: 30 of the last 60 hours earned must be from USF

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.
Honors Program

The Honors Program in Philosophy allows superior students to pursue philosophical studies at a more advanced level than is customary in undergraduate Philosophy programs. Students in the Honors Program will be required to do independent research and to write and defend an undergraduate thesis.

ADMISSION CRITERIA

Students must already have declared a major in Philosophy.
Students must complete nine (9) hours in Philosophy at the 3000-level or higher (PHI 2101 may count toward the nine hours).
Students must have an overall grade point average of 3.5 or better, and their grade point average in Philosophy coursework must be at least a 3.50 or better.
Students who wish to be considered for the Honors Program must request to be nominated by a member of the faculty. Once nominated by a faculty member, a majority of the faculty who have taught the student must approve the student's admission to the Honors Program.

PROGRAM REQUIREMENTS

In addition to completing the requirements for the Major in Philosophy, students must meet the following requirements:

Students cannot receive a grade lower than a "B" in any Philosophy course, and their GPA in Philosophy coursework must be at least 3.50 to remain in, or be graduated from, the Honors Program.
Students must write a senior thesis and undergo an oral examination on the thesis before a committee of two Philosophy faculty members. Students will register for three hours in directed study in Philosophy (PHI 4905 or IDH equivalent), with supervision of Philosophy faculty, for work on their thesis. Students who are in the Honors College may use the same project to count for both Philosophy Honors and an Honors College thesis. In such cases, the student shall not register for directed study in PHI 4905 - Directed Study as part of completing the thesis.
Students must complete 36 credit hours in Philosophy.

OTHER INFORMATION

Students pursuing Philosophy as a second major are required to complete 30 hours in Philosophy coursework. To do so they must make a written request to the Undergraduate Director at the time they declare their Philosophy major.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

PHILOSOPHY MINOR

TOTAL MINOR HOURS: 18

MINOR REQUIREMENTS

A minor in Philosophy consists of the completion of at least 18 credit hours, which includes the following courses:

MINOR CORE (6 CREDIT HOURS)

HISTORY OF PHILOSOPHY (6 CREDIT HOURS)

Choose two of the following courses:

- PHH 3062 - History of Western Philosophy: Ancient Philosophy **Credit(s): 3**
- PHH 3280 - Medieval and Renaissance Philosophy **Credit(s): 3**
- PHH 3420 - Early Modern Philosophy **Credit(s): 3**
- PHH 3442 - Late Modern Philosophy **Credit(s): 3**
- PHH 4440 - Continental Philosophy **Credit(s): 3**
- PHH 4600 - Contemporary Philosophy **Credit(s): 3**
- PHH 4820 - Chinese Philosophy **Credit(s): 3**
- PHM 4331 - Modern Political Philosophy **Credit(s): 3**
- PHP 3786 - Existentialism **Credit(s): 3**
- PHP 4000 - Plato **Credit(s): 3**
- PHP 4010 - Aristotle **Credit(s): 3**
- PHP 4410 - Kant **Credit(s): 3**
- PHP 4784 - Analytical Philosophy **Credit(s): 3**
- PHP 4788 - Philosophy of Marxism **Credit(s): 3**

MINOR ELECTIVES (12 CREDIT HOURS)

Choose four courses (12 credit hours) from the following prefixes: PHH, PHI, PHM and PHP. No more than three elective hours taken at the 1000- and 2000-level may count toward the Philosophy minor. Courses taken to fulfill the six hours of History of Philosophy requirement will not count toward elective hours in the minor.

GRADING REQUIREMENT

No course taken on an "S/U" basis may be applied toward the minor.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, email Philosophyadvise@usf.edu.
DEPARTMENT OF PSYCHOLOGY
PSYCHOLOGY B.A.

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in Psychology offers students a well-rounded liberal arts education, relevant to many areas of study both inside and outside of the social and behavioral sciences. The program provides excellent training for qualified students who wish to pursue graduate work in such disciplines as Clinical, Cognitive and Neural Sciences or Industrial Psychology, Education, Gerontology, Counseling, Management, Medicine, Law, and other human service programs. The undergraduate program emphasizes the breadth of psychology while allowing students electives to pursue a particular aspect of the field in-depth.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- **Transfer**: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- **International**: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- BSC X0XX or BSC X20X or ZOO X010 - 3 credit hours
- PSY X012 - 3 credit hours
- PSY XXXX or CLP XXXX or DEP XXXX or EAB XXXX or EXP XXXX or INP XXXX or PCO XXXX or PPE XXXX or PSB XXXX or SOP XXXX - 3 credit hours
- STA XXXX - 3 credit hours

REQUIRED COURSES: (22 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 7 CREDIT HOURS

- PSY 3204 - Psychological Statistics **Credit(s): 3** or any approved Statistics course (STA 2023, STA 2122 or QMB 2100).
- PSY 3213 - Research Methods in Psychology **Credit(s): 4**

OTHER REQUIRED COURSES: 5 COURSES; 15 CREDIT HOURS

After the introductory Psychology requirements have been successfully met (PSY 3204 or the specific equivalent courses - STA 2023, STA 2122 or QMB 2100), students may choose among courses within the following categories to satisfy this requirement.

Note: ** Indicates courses requiring PSY 3213.
METHODS COURSE: (1 COURSE; 3 CREDIT HOURS)

- CLP 4433 - Psychological Tests and Measurement Credit(s): 3 **
- PSY 4205 - Experimental Design and Analysis Credit(s): 3 **

COGNITIVE AND NEURAL SCIENCES (2 COURSES; 6 CREDIT HOURS)

- EXP 4204C - Perception Credit(s): 3 **
- EXP 4304 - Motivation Credit(s): 3 **
- EXP 4404 - Psychology of Learning Credit(s): 3 **
- EXP 4640 - Psychology of Language Credit(s): 3 **
- EXP 4680C - Cognitive Psychology Credit(s): 3 **
- PSB 4004C - Physiological Psychology Credit(s): 3 **

SOCIAL/APPLIED PSYCHOLOGY (2 COURSES; 6 CREDIT HOURS)

- CLP 4143 - Abnormal Psychology Credit(s): 3 **
- CLP 4314 - Health Psychology Credit(s): 3 **
- DEP 4053 - Developmental Psychology Credit(s): 3 **
- INP 4004 - Industrial Psychology Credit(s): 3 **
- PPE 4003 - Personality Credit(s): 3 **
- SOP 4004 - Social Psychology Credit(s): 3 **

MAJOR (RESTRICTED) ELECTIVES: (9 CREDIT HOURS)

Students complete a Psychology program of study or one of two concentrations: Diversity or Advanced Research Experience in Psychology.

GENERAL PSYCHOLOGY MAJOR ELECTIVES (3 COURSES; 9 CREDIT HOURS)

Choose nine credit hours from the following list of courses.

Please note: A course used to fulfill one of the major requirements (concentration, other requirements, etc.) may not be used to also fulfill the major elective requirement.

PSY 4931 - Selected Topics: Seminar may be repeated three (3) times for credit under three different topics.

Notes:
* Indicates a course requiring enrollment of 3 credit hours.
** Indicates courses requiring PSY 3213.

- CBH 4004 - Comparative Psychology Credit(s): 3 **
- CLP 4134 - Abnormal Child Psychology Credit(s): 3 **
- CLP 4143 - Abnormal Psychology Credit(s): 3 **
- CLP 4302 - Introduction to Clinical Psychology Credit(s): 3 **
- CLP 4314 - Health Psychology Credit(s): 3 **
- CLP 4414 - Behavior Modification Credit(s): 3 **
- CLP 4433 - Psychological Tests and Measurement Credit(s): 3 **
- CLP 4620 - Ethics in Psychology and Health Credit(s): 3 **
- CLP 4941 - Community Practicum in Selected Topics Credit(s): 1-9 *
- DEP 4053 - Developmental Psychology Credit(s): 3 **
- DEP 4220 - Autism Spectrum Disorders Credit(s): 3 **
- EXP 4104 - Sensory Processes Credit(s): 3 ** **
- EXP 4204C - Perception Credit(s): 3 **
- EXP 4304 - Motivation Credit(s): 3 **
- EXP 4404 - Psychology of Learning Credit(s): 3 **
- EXP 4640 - Psychology of Language Credit(s): 3 **
- EXP 4680C - Cognitive Psychology Credit(s): 3 **
- GEY 4612 - Psychology of Aging Credit(s): 3
### IDS 4942 - Community Internship
Credit(s): 1-4 *

### INP 4004 - Industrial Psychology
Credit(s): 3 **

### PPE 4003 - Personality
Credit(s): 3 **

### PSB 3444 - Drugs and Behavior
Credit(s): 3

### PSB 3842 - Sleep and Dreams
Credit(s): 3

### PSB 4004C - Physiological Psychology
Credit(s): 3 **

### PSY 3630 - Psychology of Human-Animal Interactions
Credit(s): 3

### PSY 4205 - Experimental Design and Analysis
Credit(s): 3 **

### PSY 4215 - Discovering Research in Psychology
Credit(s): 3 **

### PSY 4913 - Directed Study
Credit(s): 1-3 **

<td>2.0</td>
</tr>
<tr>
<td>USF GPA:</td>
<td>2.0</td>
</tr>
<tr>
<td>Overall GPA 2.0</td>
<td></td>
</tr>
</tbody>
</table>

#### GRADING REQUIREMENTS

C- or higher must be attained in each course in the major, except for PSY 2012, PSY 3204 (or other qualifying statistics course) and PSY 3213, where a C or better is required. Will vary by area.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in the common prerequisite courses.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

#### D/F POLICY

Department of Psychology students are expected to complete their major coursework in a timely fashion. Students who receive a total of three (3) D and/or F grades in Psychology major coursework will no longer be eligible to continue in the Psychology major and will be required to change their major to a field outside of the Department of Psychology. Grade forgiveness will not exclude a D or F grade from counting for this rule.

Students who began as Psychology majors prior to Fall 2012 will be provided a phase-in period. Specifically, students who accumulated D and/or F grades in Psychology coursework at USF prior to Fall 2012 will be allowed to count any and all prior non-pass grades as one (1) D/F grade. Beginning Fall 2012, these students can still receive two (2) more D and/or F grades at USF before being required to choose a new major.

Once Psychology major students have received three (3) D and/or F grades in Psychology major coursework, they will be removed from all Department of Psychology courses for which they are currently registered, removed from the Psychology major and placed into a non-major code, and emailed the notice of changes to their @mail.usf.edu account. Students will then need to select a new major, declare the new major with the appropriate college, and register for courses which apply to their new major.

The D/F Rule application is final and effective from the beginning of Fall 2012. To be considered for an appeal, a student must meet at least one of the following criteria:
Can (and must) complete all degree or minor requirements within one semester, with no more than ten (10) hours of Psychology area requirements. No longer have 3 D/F grades because the Academic Regulations Committee approved a late withdrawal/drop for one or more of the Psychology courses. No longer have 3 D/F grades because of an instructor change of grade in one or more of the Psychology area courses.

To appeal, the student must send an email to psychad@usf.edu; in the Subject line indicate D/F Appeal and in the body include name, student's U# and a complete explanation of the reason for the appeal. Appeals will be adjudicated by the Undergraduate Coordinator and students notified of results by email. Undergraduate Coordinator decisions may be appealed in writing to the Psychology department's Undergraduate Program Committee.

RESIDENCY REQUIREMENT

Department Major Academic Residency Requirement - At least 15 hours of the major coursework must be completed at USF.

College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

Continuation Requirements

PSY 3204 or other approved statistics course is the prerequisite to PSY 3213.

OTHER REQUIREMENTS

PSY 3204 or any other approved statistics course is the prerequisite to PSY 3213. No more than a total of three (3) credit hours of the following courses may count toward the major:

- PSY 4913 - Directed Study
- PSY 4970 - Honors Thesis
- CLP 4941 - Community Practicum in Selected Topics
- IDS 4942 - Community Internship
- PSY 4931 - Selected Topics: Seminar may be repeated three (3) times for credit under three different topics.

The following courses do not count toward the major requirements:

- DEP 3103 - Child Psychology
- SOP 3742 - Psychology of Women
- SYP 3000 - Social Psychology
- PSY 4932 - Honors Seminar
- PSY 4974 - Honors Seminar in Psychology - Second Semester

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

OPTIONAL HONORS PROGRAM
The purpose of the Honors Program is to provide a select group of qualified undergraduate Psychology majors an opportunity to undertake an intensive individualized research experience. The culmination of the Honors Program is the completion and defense of an honors thesis. Application for the program will take place during the first semester of the student's junior year or, typically, prior to completion of 90 semester credits. Admission to the program is competitive and based on the student's overall academic record, performance in psychology courses, a letter of recommendation from a member of the Department of Psychology's faculty, agreement of a faculty member to serve as the thesis advisor, and strong performance in the Discovering Research in Psychology course, if offered.

Successful completion of the program requires:

- A GPA of 3.50 in all major coursework,
- An overall GPA of 3.25 at USF, and,
- Completion of 43 hours in Psychology including PSY 4932 - Honors Seminar, PSY 4974 - Honors Seminar in Psychology - Second Semester, and 6 hours of PSY 4970 - Honors Thesis.

Please see the Department of Psychology's website (http://psychology.usf.edu) for details and the application form.

**ADVISING INFORMATION**

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

PSYCHOLOGY B.A., WITH ADVANCED RESEARCH EXPERIENCE IN PSYCHOLOGY CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in Psychology offers students a well-rounded liberal arts education, relevant to many areas of study both inside and outside of the social and behavioral sciences. The program provides excellent training for qualified students who wish to pursue graduate work in such disciplines as Clinical, Cognitive and Neural Sciences or Industrial Psychology, Education, Gerontology, Counseling, Management, Medicine, Law, and other human service programs. The undergraduate program emphasizes the breadth of psychology while allowing students electives to pursue a particular aspect of the field in-depth.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- BSC X0XX or BSC X20X or ZOO X010 - 3 credit hours
- PSY 4913 - Directed Study
- PSY 4970 - Honors Thesis
- CLP 4941 - Community Practicum in Selected Topics
- IDS 4942 - Community Internship
- PSY 4931 - Selected Topics: Seminar may be repeated three (3) times for credit under three different topics.
- STA XXXX - 3 credit hours

REQUIRED COURSES: (22 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 7 CREDIT HOURS

- PSY 3204 - Psychological Statistics Credit(s): 3 or any approved Statistics course (STA 2023, STA 2122 or QMB 2100).
- PSY 3213 - Research Methods in Psychology Credit(s): 4
OTHER REQUIRED COURSES: 5 COURSES; 15 CREDIT HOURS

After the introductory Psychology requirements have been successfully met (PSY 3204 or the specific equivalent courses - STA 2023, STA 2122 or QMB 2100), students may choose among courses within the following categories to satisfy this requirement.

Note: ** Indicates courses requiring PSY 3213.

METHODS COURSE: (1 COURSE; 3 CREDIT HOURS)

- CLP 4433 - Psychological Tests and Measurement Credit(s): 3 **
- PSY 4205 - Experimental Design and Analysis Credit(s): 3 **

COGNITIVE AND NEURAL SCIENCES (2 COURSES; 6 CREDIT HOURS)

- EXP 4204C - Perception Credit(s): 3 **
- EXP 4304 - Motivation Credit(s): 3 **
- EXP 4404 - Psychology of Learning Credit(s): 3 **
- EXP 4640 - Psychology of Language Credit(s): 3 **
- EXP 4680C - Cognitive Psychology Credit(s): 3 **
- PSB 4004C - Physiological Psychology Credit(s): 3 **

SOCIAL/APPLIED PSYCHOLOGY (2 COURSES; 6 CREDIT HOURS)

- CLP 4143 - Abnormal Psychology Credit(s): 3 **
- CLP 4314 - Health Psychology Credit(s): 3 **
- DEP 4053 - Developmental Psychology Credit(s): 3 **
- INP 4004 - Industrial Psychology Credit(s): 3 **
- PPE 4003 - Personality Credit(s): 3 **
- SOP 4004 - Social Psychology Credit(s): 3 **

MAJOR (RESTRICTED) ELECTIVES: (9 CREDIT HOURS)

Students complete a Psychology program of study or one of two concentrations: Diversity or Advanced Research Experience in Psychology.

ADVANCED RESEARCH EXPERIENCE IN PSYCHOLOGY CONCENTRATION (3 COURSES; 9 CREDIT HOURS)

Notes:
^ Indicates a course requiring enrollment of 3 credit hours.
* Indicates courses requiring PSY 3213.

CONCENTRATION CORE: 1 COURSE; 3 CREDIT HOURS

Note: PSY 4205 cannot be used to fulfill the General and Concentration Methods requirement.

- PSY 4205 - Experimental Design and Analysis Credit(s): 3 *

CONCENTRATION ELECTIVES: 2 COURSES; 6 CREDIT HOURS

Choose one of the following courses.

Notes:
^ Indicates a course requiring enrollment of 3 credit hours.
* Indicates courses requiring PSY 3213.

- PSY 4938 - Pro Seminar Credit(s): 3 *
- PSY 4215 - Discovering Research in Psychology Credit(s): 3 *
- PSY 4913 - Directed Study Credit(s): 1-3 **

And
Choose 1 course (3 credit hours) of additional Psychology coursework, in consultation with an advisor. However, if STA 2023 or STA 2122 is substituted for PSY 3204 and a student declares the Advanced Research Experience in Psychology concentration, the student will be required to take PSY 3204 which will replace these three credit hours.

### MAJOR (RESTRICTED) ELECTIVES

Choose nine credit hours from the following list of courses. Please note: A course used to fulfill one of the major requirements (concentration, other requirements, etc.) may not be used to also fulfill the major elective requirement. PSY 4931 - Selected Topics: Seminar may be repeated three (3) times for credit under three (3) different topics.

Note: ^ Indicates a course requiring enrollment of 3 credit hours.

Note: * Indicates courses requiring PSY 3213.

**PSYCHOLOGY B.A. - ADDITIONAL INFORMATION**
GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

C- or higher must be attained in each course in the major, except for PSY 2012, PSY 3204 (or other qualifying statistics course) and PSY 3213, where a C or better is required. Will vary by area.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in the common prerequisite courses

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

D/F POLICY

Department of Psychology students are expected to complete their major coursework in a timely fashion. Students who receive a total of three (3) D and/or F grades in Psychology major coursework will no longer be eligible to continue in the Psychology major and will be required to change their major to a field outside of the Department of Psychology. Grade forgiveness will not exclude a D or F grade from counting for this rule.

Students who began as Psychology majors prior to Fall 2012 will be provided a phase-in period. Specifically, students who accumulated D and/or F grades in Psychology coursework at USF prior to Fall 2012 will be allowed to count any and all prior non-pass grades as one (1) D/F grade. Beginning Fall 2012, these students can still receive two (2) more D and/or F grades at USF before being required to choose a new major.

Once Psychology major students have received three (3) D and/or F grades in Psychology major coursework, they will be removed from all Department of Psychology courses for which they are currently registered, removed from the Psychology major and placed into a non-major code, and emailed the notice of changes to their @mail.usf.edu account. Students will then need to select a new major, declare the new major with the appropriate college, and register for courses which apply to their new major.

The D/F Rule application is final and effective from the beginning of Fall 2012. To be considered for an appeal, a student must meet at least one of the following criteria:

- Can (and must) complete all degree or minor requirements within one semester, with no more than ten (10) hours of Psychology area requirements.
- No longer have 3 D/F grades because the Academic Regulations Committee approved a late withdrawal/drop for one or more of the Psychology courses.
- No longer have 3 D/F grades because of an instructor change of grade in one or more of the Psychology area courses.

To appeal, the student must send an email to psychad@usf.edu; in the Subject line indicate D/F Appeal and in the body include name, student's U# and a complete explanation of the reason for the appeal. Appeals will be adjudicated by the Undergraduate Coordinator and students notified of results by email.

Undergraduate Coordinator decisions may be appealed in writing to the Psychology department's Undergraduate Program Committee.
Department Major Academic Residency Requirement - At least 15 hours of the major coursework must be completed at USF.

College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

Continuation Requirements

PSY 3204 or other approved statistics course is the prerequisite to PSY 3213.

OTHER REQUIREMENTS

PSY 3204 or any other approved statistics course is the prerequisite to PSY 3213. No more than a total of three (3) credit hours of the following courses may count toward the major:

- PSY 4913 - Directed Study
- PSY 4970 - Honors Thesis
- CLP 4941 - Community Practicum in Selected Topics
- IDS 4942 - Community Internship
- PSY 4931 - Selected Topics: Seminar may be repeated three (3) times for credit under three different topics.

The following courses do not count toward the major requirements:

- DEP 3103 - Child Psychology
- SOP 3742 - Psychology of Women
- SYP 3000 - Social Psychology
- PSY 4932 - Honors Seminar
- PSY 4974 - Honors Seminar in Psychology - Second Semester

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

OPTIONAL HONORS PROGRAM

The purpose of the Honors Program is to provide a select group of qualified undergraduate Psychology majors an opportunity to undertake an intensive individualized research experience. The culmination of the Honors Program is the completion and defense of an honors thesis. Application for the program will take place during the first semester of the student's junior year or, typically, prior to completion of 90 semester credits. Admission to the program is competitive and based on the student's overall academic record, performance in psychology courses, a letter of recommendation from a member of the Department of Psychology's faculty, agreement of a faculty member to serve as the thesis advisor, and strong performance in the Discovering Research in Psychology course, if offered.

Successful completion of the program requires:

- A GPA of 3.50 in all major coursework,
- An overall GPA of 3.25 at USF, and,
- Completion of 43 hours in Psychology including PSY 4932 - Honors Seminar, PSY 4974 - Honors Seminar in Psychology - Second Semester, and 6 hours of PSY 4970 - Honors Thesis.

Please see the Department of Psychology's website (http://psychology.usf.edu) for details and the application form.
USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

- Upper-Level Elective **Credit(s): 3**
- Upper-Level Elective **Credit(s): 3**
- General/Unrestricted Elective **Credit(s): 3**

Apply for Graduation

Total Credit Hours: 15
The Bachelor of Arts in Psychology offers students a well-rounded liberal arts education, relevant to many areas of study both inside and outside of the social and behavioral sciences. The program provides excellent training for qualified students who wish to pursue graduate work in such disciplines as Clinical, Cognitive and Neural Sciences or Industrial Psychology, Education, Gerontology, Counseling, Management, Medicine, Law, and other human service programs. The undergraduate program emphasizes the breadth of psychology while allowing students electives to pursue a particular aspect of the field in-depth.

**UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES**

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

**STATE MANDATED COMMON PREREQUISITES**

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- BSC X0XX or BSC X20X or ZOO X010 - 3 credit hours
- PSY 4913 - Directed Study
- PSY 4970 - Honors Thesis
- CLP 4941 - Community Practicum in Selected Topics
- IDS 4942 - Community Internship
- PSY 4931 - Selected Topics: Seminar may be repeated three (3) times for credit under three different topics.
- STA XXXX - 3 credit hours

Required Courses: (22 credit hours)

**MAJOR CORE COURSES: 2 COURSES: 7 CREDIT HOURS**

- PSY 3204 - Psychological Statistics **Credit(s): 3** or any approved Statistics course (STA 2023, STA 2122 or QMB 2100).
- PSY 3213 - Research Methods in Psychology **Credit(s): 4**
OTHER REQUIRED COURSES: 5 COURSES; 15 CREDIT HOURS

After the introductory Psychology requirements have been successfully met (PSY 3204 or the specific equivalent courses - STA 2023, STA 2122 or QMB 2100), students may choose among courses within the following categories to satisfy this requirement.

Note: ** Indicates courses requiring PSY 3213.

METHODS COURSE: (1 COURSE; 3 CREDIT HOURS)
- CLP 4433 - Psychological Tests and Measurement Credit(s): 3 **
- PSY 4205 - Experimental Design and Analysis Credit(s): 3 **

COGNITIVE AND NEURAL SCIENCES (2 COURSES; 6 CREDIT HOURS)
- EXP 4204C - Perception Credit(s): 3 **
- EXP 4304 - Motivation Credit(s): 3 **
- EXP 4404 - Psychology of Learning Credit(s): 3 **
- EXP 4640 - Psychology of Language Credit(s): 3 **
- EXP 4680C - Cognitive Psychology Credit(s): 3 **
- PSB 4004C - Physiological Psychology Credit(s): 3 **

SOCIAL/APPLIED PSYCHOLOGY (2 COURSES; 6 CREDIT HOURS)
- CLP 4143 - Abnormal Psychology Credit(s): 3 **
- CLP 4314 - Health Psychology Credit(s): 3 **
- DEP 4053 - Developmental Psychology Credit(s): 3 **
- INP 4004 - Industrial Psychology Credit(s): 3 **
- PPE 4003 - Personality Credit(s): 3 **
- SOP 4004 - Social Psychology Credit(s): 3 **

MAJOR (RESTRICTED) ELECTIVES: (9 CREDIT HOURS)

Students complete a Psychology program of study or one of two concentrations: Diversity or Advanced Research Experience in Psychology.

DIVERSITY CONCENTRATION (3 COURSES; 9 CREDIT HOURS)

CONCENTRATION CORE: (2 COURSES; 6 CREDIT HOURS)

Choose from the following list of courses.
- SOP 4450 - Psychology of Religion Credit(s): 3
- SOP 4702 - Psychology of Gender Credit(s): 3
- SOP 4723 - Cross-Cultural Psychology Credit(s): 3
- SOP 4744 - Women’s Mental Health Credit(s): 3
- SOP 4777 - Psychology of Human Sexuality Credit(s): 3 *

CONCENTRATION ELECTIVE: (1 COURSE; 3 CREDIT HOURS)

Choose 1 course (3 credit hours) of additional Psychology coursework, in consultation with an advisor. CLP 4314 - Health Psychology is recommended. An additional course from the concentration core also will satisfy the elective requirement.
### MAJOR (RESTRICTED) ELECTIVES

The Psychology elective courses may be chosen from the courses listed in the above categories beyond the required number for each group and/or any of the courses.

**Notes:**
- ^ Indicates a course requiring enrollment of 3 credit hours.
- * Indicates courses requiring PSY 3213.

PSYCHOLOGY B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

C- or higher must be attained in each course in the major, except for PSY 2012, PSY 3204 (or other qualifying statistics course) and PSY 3213, where a C or better is required. Will vary by area.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in the common prerequisite courses.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

D/F POLICY

Department of Psychology students are expected to complete their major coursework in a timely fashion. Students who receive a total of three (3) D and/or F grades in Psychology major coursework will no longer be eligible to continue in the Psychology major and will be required to change their major to a field outside of the Department of Psychology. Grade forgiveness will not exclude a D or F grade from counting for this rule.

Students who began as Psychology majors prior to Fall 2012 will be provided a phase-in period. Specifically, students who accumulated D and/or F grades in Psychology coursework at USF prior to Fall 2012 will be allowed to count any and all prior non-pass grades as one (1) D/F grade. Beginning Fall 2012, these students can still receive two (2) more D and/or F grades at USF before being required to choose a new major.

Once Psychology major students have received three (3) D and/or F grades in Psychology major coursework, they will be removed from all Department of Psychology courses for which they are currently registered, removed from the Psychology major and placed into a non-major code, and emailed the notice of changes to their @mail.usf.edu account. Students will then need to select a new major, declare the new major with the appropriate college, and register for courses which apply to their new major.

The D/F Rule application is final and effective from the beginning of Fall 2012. To be considered for an appeal, a student must meet at least one of the following criteria:

1. Can (and must) complete all degree or minor requirements within one semester, with no more than ten (10) hours of Psychology area requirements.
2. No longer have 3 D/F grades because the Academic Regulations Committee approved a late withdrawal/drop for one or more of the Psychology courses.
3. No longer have 3 D/F grades because of an instructor change of grade in one or more of the Psychology area courses.

To appeal, the student must send an email to psychad@usf.edu: in the Subject line indicate D/F Appeal and in the body include name, student's U# and a complete explanation of the reason for the appeal. Appeals will be adjudicated by the Undergraduate Coordinator and students notified of results by email.

Undergraduate Coordinator decisions may be appealed in writing to the Psychology department's Undergraduate Program Committee.

RESIDENCY REQUIREMENT

Department Major Academic Residency Requirement - At least 15 hours of the major coursework must be completed at USF.

College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

CONTINUATION REQUIREMENTS
OTHER REQUIREMENTS

PSY 3204 or any other approved statistics course is the prerequisite to PSY 3213. No more than a total of three (3) credit hours of the following courses may count toward the major:

- PSY 4913 - Directed Study
- PSY 4970 - Honors Thesis
- CLP 4941 - Community Practicum in Selected Topics
- IDS 4942 - Community Internship
- PSY 4931 - Selected Topics: Seminar may be repeated three (3) times for credit under three different topics.

The following courses do not count toward the major requirements:

- DEP 3103 - Child Psychology
- SOP 3742 - Psychology of Women
- SYP 3000 - Social Psychology
- PSY 4932 - Honors Seminar
- PSY 4974 - Honors Seminar in Psychology - Second Semester

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

OPTIONAL HONORS PROGRAM

The purpose of the Honors Program is to provide a select group of qualified undergraduate Psychology majors an opportunity to undertake an intensive individualized research experience. The culmination of the Honors Program is the completion and defense of an honors thesis. Application for the program will take place during the first semester of the student's junior year or, typically, prior to completion of 90 semester credits. Admission to the program is competitive and based on the student's overall academic record, performance in psychology courses, a letter of recommendation from a member of the Department of Psychology's faculty, agreement of a faculty member to serve as the thesis advisor, and strong performance in the Discovering Research in Psychology course, if offered.

Successful completion of the program requires:

- A GPA of 3.50 in all major coursework,
- An overall GPA of 3.25 at USF, and,
- Completion of 43 hours in Psychology including PSY 4932 - Honors Seminar, PSY 4974 - Honors Seminar in Psychology - Second Semester, and 6 hours of PSY 4970 - Honors Thesis.

Please see the Department of Psychology's website (http://psychology.usf.edu) for details and the application form.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

PSYCHOLOGY MINOR

The purpose of the minor is to help students majoring in other disciplines obtain an appropriate psychology background that will complement their work in their major.

MINOR REQUIREMENTS

A minor in Psychology consists of a minimum of 18 credit hours, comprising of PSY 2012, PSY 3204 (or any approved statistics course), and any four (4) upper-level psychology courses listed within the minor elective category, except PSY 4913 and DEP 3103.

TOTAL MINOR CREDIT HOURS: 18

MINOR CORE CREDIT HOURS: 6

PSY 2012 - Introduction to Psychological Science Credit(s): 3
PSY 3204 - Psychological Statistics Credit(s): 3 or any approved statistics course (STA XXXX, QMB 2100)

MINOR ELECTIVE CREDIT HOURS: 12

Four (4) upper-level psychology courses from the following list.

^ Indicates a course requiring enrollment of 3 credit hours.
* Indicates courses requiring PSY 3213.

CBH 4004 - Comparative Psychology Credit(s): 3
CLP 4134 - Abnormal Child Psychology Credit(s): 3 *
CLP 4143 - Abnormal Psychology Credit(s): 3 *
CLP 4302 - Introduction to Clinical Psychology Credit(s): 3 *
CLP 4314 - Health Psychology Credit(s): 3 *
CLP 4414 - Behavior Modification Credit(s): 3 *
CLP 4433 - Psychological Tests and Measurement Credit(s): 3 *
CLP 4620 - Ethics in Psychology and Health Credit(s): 3 *
CLP 4941 - Community Practicum in Selected Topics Credit(s): 1-9 ^
DEP 4053 - Developmental Psychology Credit(s): 3
DEP 4220 - Autism Spectrum Disorders Credit(s): 3 *
EXP 4104 - Sensory Processes Credit(s): 3
EXP 4204C - Perception Credit(s): 3
EXP 4304 - Motivation Credit(s): 3 *
EXP 4404 - Psychology of Learning Credit(s): 3 *
EXP 4640 - Psychology of Language Credit(s): 3 *
EXP 4680C - Cognitive Psychology Credit(s): 3 *
GEY 4612 - Psychology of Aging Credit(s): 3
IDS 4942 - Community Internship Credit(s): 1-4 ^
INP 4004 - Industrial Psychology Credit(s): 3 *
PPE 4003 - Personality Credit(s): 3
PSB 3444 - Drugs and Behavior Credit(s): 3
PSB 3842 - Sleep and Dreams Credit(s): 3
PSB 4004C - Physiological Psychology Credit(s): 3
PSY 4205 - Experimental Design and Analysis Credit(s): 3 *
PSY 4215 - Discovering Research in Psychology Credit(s): 3 *
PSY 4931 - Selected Topics: Seminar Credit(s): 3 *
PSY 4938 - Pro Seminar Credit(s): 3 *
SOP 4004 - Social Psychology Credit(s): 3
SOP 4330 - Social Psychology of HIV/AIDS Credit(s): 3
SOP 4450 - Psychology of Religion Credit(s): 3
GPA REQUIREMENT

A GPA of 2.0 or better in the minor is required for certification.

GRADING REQUIREMENT

Students minoring in Psychology must obtain a "C" or better in PSY 2012 and PSY 3204 (or any approved statistics course).

In addition, a "C-" or better is required for all other courses that count toward the Psychology minor.

RESIDENCY REQUIREMENTS

A minimum of 6 credit hours must be obtained from upper-level electives at USF, that are unique to the minor.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

SCHOOL OF PUBLIC AFFAIRS
### PUBLIC SERVICE AND LEADERSHIP MINOR

**TOTAL MINOR HOURS: 15**

The minor in Public Service and Leadership provides an introduction to career opportunities in public service for students from all academic disciplines. It is a smart choice for any student considering future employment in the public sector, as well as for those who would like to "give back" and "make a difference" in their careers.

### MINOR REQUIREMENTS

The minor in Public Service and Leadership consists of 15 credit hours.

### MINOR CORE (9 CREDIT HOURS)

# URBAN STUDIES MINOR

TOTAL MINOR HOURS: 15

Understanding the economic, social, cultural, political and spatial phenomena of urban areas, and how they came to be, is essential if one is to thrive in today's world. The Urban Studies minor offers students the opportunity to supplement their education and training with a focus on the problems and potentials of the urban world around us. Eighty percent of Americans live in one of the country's nearly 400 major metropolitan areas. The Urban Studies curriculum begins with an interdisciplinary Introduction to Urban Studies and then weaves the multidisciplinary urban offerings into a coherent understanding of urban life. This highly interdisciplinary minor is a great complement to any degree program. Students who are interested in pursuing a Masters of Urban and Regional Planning are strongly encouraged to consider this field of study.

## MINOR REQUIREMENTS

The minor in Urban Studies consists of 15 credit hours.

### MINOR CORE (9 CREDIT HOURS)

DEPARTMENT OF RELIGIOUS STUDIES
RELIGIOUS STUDIES B.A.

TOTAL DEGREE HOURS: 120

Certified Global Pathway Program

In Religious Studies, students are exposed to a cross-cultural and multi-disciplinary study of the way in which both individuals and civilizations are deeply influenced by human religious experience. The goal is to enable the educated person to understand better the various ways in which religious values and institutions shape human behavior through a comparative study of religions and cultures. Such an education is invaluable for careers as diverse as journalism, law, medicine, business, as well as careers more directly related to the practice of religion. Majors in Religious Studies will also find courses designed to give them the methodological, theoretical and linguistic skills needed to go on to advanced graduate study in the field.

This program has been certified as a Global Pathway. Global Pathway programs have significant global content and align with the goals of USF's Quality Enhancement Plan, the Global Citizens Project. Students in Global Pathway programs are well positioned to earn the Global Citizen Award and become eligible to apply for a study abroad scholarship offered by the Global Citizens Project.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students desiring to transfer to USF should complete an A.A. degree at a Florida College System institution. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the University's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

There are no State Mandated Common Prerequisites for this program. All Florida College System students are encouraged to complete the Associate degree. Students should consult with an academic advisor in their major degree area at the intended transfer institution.

Students are encouraged to take several Religion courses with the REL prefix.

TOTAL MAJOR HOURS: 36

MAJOR CORE (36 CREDIT HOURS)

Students must choose a total of 36 credit hours from Religious Studies courses. Transfer students may not apply more than 12 hours taken elsewhere toward the major at the University of South Florida.

Students declaring Religious Studies as a second major need to complete 30 credit hours. To do so they must make a written request to the Undergraduate Director at the time they declare the second major.

All majors must take the following (15 credit hours):

- REL 3308 - World Religions Credit(s): 3
- REL 3040 - Introduction to Religious Studies Credit(s): 3
- REL 3043 - Introduction to Major Religious Texts Credit(s): 3
- REL 4931 - Seminar in Religion Credit(s): 3
Completion 21 additional credit hours that satisfy the following requirements:

Complete 21 additional credit hours of Religious Studies courses, of which at least 18 credit hours must be at the 3000- and/or 4000-level (see listing below) and of which no more than 6 credit hours can be the following variable credit individualized courses: REL 3900 - Directed Readings or REL 4910 - Undergraduate Research.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENT

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.
Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENT

Department Major Academic Residency Requirement - At least 24 hours of the major coursework must be completed at USF.
College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF
USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

OPTIONAL HONORS PROGRAM

Honors Program in Religious Studies

The purpose of the Honors Program in Religious Studies is to provide outstanding undergraduates with advanced and individualized learning opportunities in Religious Studies and their areas of special interest in this field. In addition, it will serve to facilitate more direct contact between students in the program and their faculty mentors. In this program, students who have demonstrated significant academic achievement will inquire into issues and questions in the study of religion at an advanced level under the guidance of faculty members with demonstrated expertise in their fields of study and a strong commitment to teaching. Upon completion of the program, the student's transcript will state that the student graduated with Honors in Religious Studies.

Application for the program should be submitted during a student's Junior year. However, students who are in their senior year may be considered for admission, providing that they apply in the Fall Term, and meet the admission requirements. Accepted students will be notified of their admission to the Honors Program in the Spring Term. For seniors who are accepted into the program, they will be notified by the end of the Fall Term, in which they applied.

ADMISSIONS CRITERIA

The student must have an overall GPA of at least 3.25.
The student must have completed REL 3040 - Introduction to Religious Studies and at least 12 additional hours of course work in the Religious Studies Department.
The student's GPA in Religious Studies courses is to be at least 3.5.
The student is to furnish a letter of recommendation from a Religious Studies faculty member who is familiar with the applicant's work.
The student is to furnish a statement from a Religious Studies faculty member expressing her/his willingness to serve as chair of the applicant's thesis committee.
The student is to submit a brief statement of qualification for the program and his or her area(s) of special interest.
REQUIREMENTS FOR COMPLETION OF DEPARTMENTAL HONORS

- Complete of a USF degree with an overall GPA of 3.25 or higher.
- Completion of the requirements for a Religious Studies major with a GPA of 3.5 or higher in the major.
- Completion of at least five (5) credit hours of research intensive courses with a minimum grade of B. This may be in any combination of the following: a. REL 4911 - Undergraduate Research b. REL 4931 - Seminar in Religion c. A 4000-level course or higher that has a research intensive component, signified by the including of a 0-credit IDS 4914.

Honors students are to work with their advisor to select and refine one piece of the student's written work.

This should be presented either at the Office of Undergraduate Research’s annual Symposium in the Spring Semester of their senior year and/or in a separate venue arranged by the student and advisor.

HONORS PROGRAM COMMITTEE

Administration of the Honors Program will be the responsibility of the department's Honors Committee. This committee will review applications, select participants, and in general oversee and evaluate the program. It is within the power of the committee to allow exceptions to admission criteria and criteria for graduation with departmental honors. The Religious Studies Honors Program should not be confused with the University Honors College, although students may participate simultaneously in both programs.

REL 4911 - Undergraduate Research Credit(s): 1-4 (Honors Thesis) (five credit hours)
REL 4937 - Selected Topics: Fall Honors Seminar Credit(s): 3 (Honors Seminar)

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

RELIGION AND HEALTH MINOR

The goal of the Religion and Health minor is to prepare students entering healthcare professions to recognize, understand and show concern for varying religious beliefs, traditions, and values at the intersection of a patient’s individual healthcare needs.

With courses such as World Religions for Healthcare Professionals, Health, Ethics and Religion, and Religious Perspectives on Health, Death, and Dying, the minor provides students with courses addressing general understanding of the intersection of religion and health such as issues surrounding sickness, health, birth, and death. While it is impossible for healthcare professionals to be familiar with all religious traditions, this minor exposes them to a variety of traditions as well as teaching self-awareness and willingness to make decisions reflecting concern for a patient’s needs and desires. The most important translatable skill from this minor is the recognition and respect for varying cultures, beliefs, ways of life, religions, and the way those impact healthcare decision making. This minor prepares students for their lives as members of communities, professionals in society, and as individuals part of the larger global world.

This minor provides directly translatable skills to complement a wide variety of majors related to the healthcare profession including, but not limited to, Health Sciences, Public Health, Nursing, Pre-Med, etc.

REQUIRED COURSES

There are two required courses for this minor.

REL 3040 - Introduction to Religious Studies Credit(s): 3
REL 3850 - World Religions for Healthcare Professionals Credit(s): 3

ELECTIVE COURSES

Student needs 9 credit hours of electives listed below to fulfill the minor.

REL 3167 - Sustainable Development and Religion Credit(s): 3
REL 3192 - Agrarianism and the Sacred Credit(s): 3
REL 3375 - Issues in Caribbean Religions Credit(s): 3
REL 3851 - Health, Ethics, and Religion Credit(s): 3
REL 4108 - Religion and Food Credit(s): 3
REL 3852 - Religious Perspectives on Health, Death, & Dying Credit(s): 3
RELIGIOUS STUDIES MINOR
TOTAL MINOR HOURS: 18

MINOR REQUIREMENTS
Students choose a total of 18 credit hours from Religious Studies courses.

MINOR CORE (6 CREDIT HOURS)
All minors must take:
   REL 3040 - Introduction to Religious Studies Credit(s): 3
   REL 3043 - Introduction to Major Religious Texts Credit(s): 3

MINOR ELECTIVES (12 CREDIT HOURS)
An additional 12 credit hours chosen from Religious Studies courses are required.

GRADING REQUIREMENT
Only letter grades will be counted for coursework taken for the minor.

OTHER INFORMATION
It is the prerogative of the Department of Religious Studies to determine whether courses taken at other universities may be applied toward the minor at USF. This will be decided as soon as the student declares a minor in the Department of Religious Studies at USF.

Transfer students may not apply more than 6 credit hours taken elsewhere toward the minor at USF. Requests for transfer of credit must be made to the Undergraduate Director in writing when declaring a minor.

ADVISING INFORMATION
USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx
For questions, email RELadvise@usf.edu.
DEPARTMENT OF SOCIOLOGY
INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH AFRICANA STUDIES CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida college System institution, they must be completed before the degree is granted.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours
REQUIRED SUPPORTING COURSES (1 COURSE, 3 CREDIT HOURS)

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

STA 2122 - Social Science Statistics Credit(s): 3

TOTAL MAJOR HOURS: 42

MAJOR CORE (3 COURSES, 9 CREDIT HOURS)

ISS 3010 - Introduction to the Social Sciences Credit(s): 3
ISS 3300 - Research Methods in Social Sciences Credit(s): 3
ISS 4935 - Seminar in the Social Sciences Credit(s): 3

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

DIVERSITY AND GLOBAL CONTEXT COURSES (2-3 COURSES; 6-9 CREDIT HOURS)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900, which will count)
- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor)
- International Studies (Courses with INR, CPO prefixes, except INR 4900, which will count)
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910, which will count)
- Upper-Level Courses (3000-/4000-level courses with ISS prefix)

AFRICANA STUDIES CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)

Choose either Option 1 or Option 2.

OPTION 1

AFA 2000 - Introduction to the Black Experience Credit(s): 3
Three courses (9 credit hours) of 3000-/4000-level coursework with an AFA prefix.

OPTION 2

Four courses (12 credit hours) of 3000-/4000-level coursework with an AFA prefix
INTERDISCIPLINARY SOCIAL SCIENCES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OTHER REQUIREMENTS

- Students declare two concentrations.
- American Sign Language will satisfy the Foreign Language Exit Requirement.

RESEARCH OPPORTUNITIES

All ISS majors participate in a Senior Research Project as part of the requirements for ISS 4935 - Seminar in the Social Sciences. Other research opportunities may be provided in courses related to the student's area of concentration or courses selected in the Diversity and Global Context category. ISS advisors can assist students in selecting courses that provide these research opportunities.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Total Credit Hours: 12

### SEMESTER 5 (SPRING)

- ✴️ ISS 4935 - Seminar in the Social Sciences **Credit(s): 3**
- Concentration Elective **Credit(s): 3**
- Upper-Level Elective **Credit(s): 4**
- Apply for Graduation

Total Credit Hours: 13
INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH AGING SCIENCES CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

  - Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
  - Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
  - International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida college System institution, they must be completed before the degree is granted.

Select two courses (6 credit hours total) from the following courses within the social sciences:

  - ANT XXXX - 3 credit hours
  - CPO XXXX - 3 credit hours
  - ECO XXXX - 3 credit hours
  - GEO XXXX - 3 credit hours
  - INR XXXX - 3 credit hours
  - ISS XXXX - 3 credit hours
  - POS XXXX - 3 credit hours
  - SYA XXXX - 3 credit hours
  - SYD XXXX - 3 credit hours
  - SYG XXXX - 3 credit hours
  - SYO XXXX - 3 credit hours
  - SYP XXXX - 3 credit hours
REQUIRED SUPPORTING COURSES (1 COURSE, 3 CREDIT HOURS)

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

STA 2122 - Social Science Statistics  Credit(s): 3

TOTAL MAJOR HOURS: 42

MAJOR CORE (3 COURSES, 9 CREDIT HOURS)

ISS 3010 - Introduction to the Social Sciences  Credit(s): 3
ISS 3300 - Research Methods in Social Sciences  Credit(s): 3
ISS 4935 - Seminar in the Social Sciences  Credit(s): 3

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

DIVERSITY AND GLOBAL CONTEXT COURSES (2-3 COURSES; 6-9 CREDIT HOURS)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900, which will count)
- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor)
- International Studies (Courses with INR, CPO prefixes, except INR 4900, which will count)
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910, which will count)
- Upper-Level Courses (3000-/4000-level courses with ISS prefix)

AGING SCIENCES CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)

GEY 2000 - Introduction to Aging Sciences  Credit(s): 3
Choose 3 courses (9 credit hours) of 3000-/4000-level coursework with a GEY prefix

INTERDISCIPLINARY SOCIAL SCIENCES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

A grade of C- or better is required in all core courses.
No more than two grades of D are acceptable in the major.
No transfer courses with grades of D are acceptable for credit in the major.

OTHER REQUIREMENTS

Students declare two concentrations.
American Sign Language will satisfy the Foreign Language Exit Requirement.
RESEARCH OPPORTUNITIES

All ISS majors participate in a Senior Research Project as part of the requirements for ISS 4935 - Seminar in the Social Sciences. Other research opportunities may be provided in courses related to the student's area of concentration or courses selected in the Diversity and Global Context category. ISS advisors can assist students in selecting courses that provide these research opportunities.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH ANTHROPOLOGY CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida college System institution, they must be completed before the degree is granted.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- **ANT XXXX** - 3 credit hours
- **CPO XXXX** - 3 credit hours
- **ECO XXXX** - 3 credit hours
- **GEO XXXX** - 3 credit hours
- **INR XXXX** - 3 credit hours
- **ISS XXXX** - 3 credit hours
- **POS XXXX** - 3 credit hours
- **SYA XXXX** - 3 credit hours
- **SYD XXXX** - 3 credit hours
- **SYG XXXX** - 3 credit hours
- **SYO XXXX** - 3 credit hours
- **SYP XXXX** - 3 credit hours
REQUIRED SUPPORTING COURSES (1 COURSE, 3 CREDIT HOURS)

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

DIVERSITY AND GLOBAL CONTEXT COURSES (2-3 COURSES; 6-9 CREDIT HOURS)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900, which will count)
- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor)
- International Studies (Courses with INR, CPO prefixes, except INR 4900, which will count)
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910, which will count)
- Upper-Level Courses (3000-/4000-level courses with ISS prefix)

ANTHROPOLOGY CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)

</tbody>
</table>

Choose 3 courses (9 credit hours) of 3000-/4000-level coursework with an ANT prefix
INTERDISCIPLINARY SOCIAL SCIENCES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS
Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

A grade of C- or better is required in all core courses.
No more than two grades of D are acceptable in the major.
No transfer courses with grades of D are acceptable for credit in the major.

OTHER REQUIREMENTS
Students declare two concentrations.
American Sign Language will satisfy the Foreign Language Exit Requirement.

RESEARCH OPPORTUNITIES
All ISS majors participate in a Senior Research Project as part of the requirements for ISS 4935 - Seminar in the Social Sciences. Other research opportunities may be provided in courses related to the student's area of concentration or courses selected in the Diversity and Global Context category. ISS advisors can assist students in selecting courses that provide these research opportunities.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION
USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH COMMUNICATION SCIENCES AND DISORDERS CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida college System institution, they must be completed before the degree is granted.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours
REQUIRED SUPPORTING COURSES (1 COURSE, 3 CREDIT HOURS)

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

STA 2122 - Social Science Statistics **Credit(s): 3**

TOTAL MAJOR HOURS: 42

MAJOR CORE (3 COURSES, 9 CREDIT HOURS)

- ISS 3010 - Introduction to the Social Sciences **Credit(s): 3**
- ISS 3300 - Research Methods in Social Sciences **Credit(s): 3**
- ISS 4935 - Seminar in the Social Sciences **Credit(s): 3**

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

DIVERSITY AND GLOBAL CONTEXT COURSES (2-3 COURSES; 6-9 CREDIT HOURS)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900, which will count)
- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor)
- International Studies (Courses with INR, CPO prefixes, except INR 4900, which will count)
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910, which will count)
- Upper-Level Courses (3000-/4000-level courses with ISS prefix)

COMMUNICATION SCIENCES AND DISORDERS CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)

Choose four courses (12 credit hours) from the following list.

- SPA 3002 - Introduction to Communication Sciences and Disorders **Credit(s): 3**
- SPA 3004 - Introduction to Language Development and Disorders **Credit(s): 3**
- SPA 3011 - Introduction to Speech Science **Credit(s): 3**
- SPA 3030 - Introduction to Hearing Science **Credit(s): 3**
- SPA 3101 - Anatomy and Physiology of the Speech and Hearing Mechanism **Credit(s): 3**
- SPA 3112 - Applied Phonetics in Communication Disorders **Credit(s): 3**
- SPA 3310 - Introduction to Disorders of Hearing **Credit(s): 3**
- SPA 3470 - Culture and Diversity in CSD **Credit(s): 3**
- SPA 4901 - Research Methods in Communication Sciences and Disorders **Credit(s): 3**
GPA REQUIREMENTS
Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS
A grade of C- or better is required in all core courses.
No more than two grades of D are acceptable in the major.
No transfer courses with grades of D are acceptable for credit in the major.

OTHER REQUIREMENTS
Students declare two concentrations.
American Sign Language will satisfy the Foreign Language Exit Requirement.

RESEARCH OPPORTUNITIES
All ISS majors participate in a Senior Research Project as part of the requirements for ISS 4935 - Seminar in the Social Sciences. Other research opportunities may be provided in courses related to the student's area of concentration or courses selected in the Diversity and Global Context category. ISS advisors can assist students in selecting courses that provide these research opportunities.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION
USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

DIVERSITY AND GLOBAL CONTEXT COURSES (2-3 COURSES; 6-9 CREDIT HOURS)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900, which will count)
- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor)
- International Studies (Courses with INR, CPO prefixes, except INR 4900, which will count)
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910, which will count)
- Upper-Level Courses (3000-/4000-level courses with ISS prefix)

DEAF STUDIES CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 14 CREDIT HOURS)

ASL 2140C - Basic American Sign Language Credit(s): 4
ASL 2150C - Intermediate American Sign Language Credit(s): 4
ASL 3514 - Deaf Culture Credit(s): 3
SYO 4430 - Disability and Society Credit(s): 3

or

ISS 3420 - Interdisciplinary Approaches to Disability Studies Credit(s): 3

or

1 course (3 credit hours) of 3000-/4000-level coursework with an ASL or an INT prefix

INTERDISCIPLINARY SOCIAL SCIENCES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

A grade of C- or better is required in all core courses.
No more than two grades of D are acceptable in the major.
No transfer courses with grades of D are acceptable for credit in the major.

OTHER REQUIREMENTS

Students declare two concentrations.
American Sign Language will satisfy the Foreign Language Exit Requirement.

RESEARCH OPPORTUNITIES

All ISS majors participate in a Senior Research Project as part of the requirements for ISS 4935 - Seminar in the Social Sciences. Other research opportunities may be provided in courses related to the student's area of concentration or courses selected in the Diversity and Global Context category. ISS advisors can assist students in selecting courses that provide these research opportunities.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISIN INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH ECONOMICS CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida college System institution, they must be completed before the degree is granted.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours
The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

STA 2122 - Social Science Statistics Credit(s): 3

TOTAL MAJOR HOURS: 42

MAJOR CORE (3 COURSES, 9 CREDIT HOURS)

ISS 3010 - Introduction to the Social Sciences Credit(s): 3
ISS 3300 - Research Methods in Social Sciences Credit(s): 3
ISS 4935 - Seminar in the Social Sciences Credit(s): 3

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

DIVERSITY AND GLOBAL CONTEXT COURSES (2-3 COURSES; 6-9 CREDIT HOURS)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900, which will count)
- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor)
- International Studies (Courses with INR, CPO prefixes, except INR 4900, which will count)
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910, which will count)
- Upper-Level Courses (3000-/4000-level courses with ISS prefix)

ECONOMICS CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)

ECO 2013 - Economic Principles (Macroeconomics) Credit(s): 3
ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
Choose 2 courses (6 credit hours) of 3000-/4000-level coursework with ECO, ECP, ECS prefixes

INTERDISCIPLINARY SOCIAL SCIENCES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

A grade of C- or better is required in all core courses.
No more than two grades of D are acceptable in the major.
No transfer courses with grades of D are acceptable for credit in the major.

OTHER REQUIREMENTS

Students declare two concentrations.
American Sign Language will satisfy the Foreign Language Exit Requirement.
RESEARCH OPPORTUNITIES

All ISS majors participate in a Senior Research Project as part of the requirements for ISS 4935 - Seminar in the Social Sciences. Other research opportunities may be provided in courses related to the student's area of concentration or courses selected in the Diversity and Global Context category. ISS advisors can assist students in selecting courses that provide these research opportunities.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

- Concentration Elective Credit(s): 3
- Diversity and Global Context Credit(s): 3

Total Credit Hours: 12

#### SEMESTER 5 (SPRING)

- ✳️ ISS 4935 - Seminar in the Social Sciences Credit(s): 3
- Concentration Elective Credit(s): 3
- Upper-Level Elective Credit(s): 4
- Apply for Graduation

Total Credit Hours: 13
INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH GEOGRAPHY CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida college System institution, they must be completed before the degree is granted.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours
The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

STA 2122 - Social Science Statistics  
Credit(s): 3

**TOTAL MAJOR HOURS: 42**

**MAJOR CORE (3 COURSES, 9 CREDIT HOURS)**

<table>
<thead>
<tr>

<td>Seminar in the Social Sciences</td>
<td>3</td>
</tr>
</tbody>
</table>

**OTHER REQUIREMENTS (6-9 CREDIT HOURS)**

**DIVERSITY AND GLOBAL CONTEXT COURSES (2-3 COURSES; 6-9 CREDIT HOURS)**

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900, which will count)
- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor)
- International Studies (Courses with INR, CPO prefixes, except INR 4900, which will count)
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910, which will count)
- Upper-Level Courses (3000-/4000-level courses with ISS prefix)

**GEOGRAPHY CONCENTRATION**

**CONCENTRATION REQUIREMENTS (4 COURSES; 13 CREDIT HOURS)**

<table>
<thead>
<tr>

<td>Human Geography</td>
<td>3</td>
</tr>
</tbody>
</table>

Choose 1 course (3 credit hours) of 3000-/4000-level coursework with a GEO or a GIS prefix.
CHOOSE 1 COURSE (THREE CREDIT HOURS) FROM THE FOLLOWING LIST.

GIS 3006 - Mapping and Geovisualization Credit(s): 3
GEO 4379 - Geographic Perspectives on Environment Credit(s): 3

INTERDISCIPLINARY SOCIAL SCIENCES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS
Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS
A grade of C- or better is required in all core courses.
No more than two grades of D are acceptable in the major.
No transfer courses with grades of D are acceptable for credit in the major.

OTHER REQUIREMENTS
Students declare two concentrations.
American Sign Language will satisfy the Foreign Language Exit Requirement.

RESEARCH OPPORTUNITIES
All ISS majors participate in a Senior Research Project as part of the requirements for ISS 4935 - Seminar in the Social Sciences. Other research opportunities may be provided in courses related to the student's area of concentration or courses selected in the Diversity and Global Context category. ISS advisors can assist students in selecting courses that provide these research opportunities.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION
USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Total Credit Hours: 72
## Interdisciplinary Social Sciences B.A., With Government and Global Affairs Concentration

### Total Degree Hours: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

### University Admissions - College of Arts & Sciences

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- **Transfer**: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- **International**: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

### State Mandated Common Course Prerequisites

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida college System institution, they must be completed before the degree is granted.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- **ANT XXXX** - 3 credit hours
- **CPO XXXX** - 3 credit hours
- **ECO XXXX** - 3 credit hours
- **GEO XXXX** - 3 credit hours
- **INR XXXX** - 3 credit hours
- **ISS XXXX** - 3 credit hours
- **POS XXXX** - 3 credit hours
- **SYA XXXX** - 3 credit hours
- **SYD XXXX** - 3 credit hours
- **SYG XXXX** - 3 credit hours
- **SYO XXXX** - 3 credit hours
- **SYP XXXX** - 3 credit hours
REQUIRED SUPPORTING COURSES (1 COURSE, 3 CREDIT HOURS)

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

STA 2122 - Social Science Statistics Credit(s): 3

TOTAL MAJOR HOURS: 42

MAJOR CORE (3 COURSES, 9 CREDIT HOURS)

ISS 3010 - Introduction to the Social Sciences Credit(s): 3
ISS 3300 - Research Methods in Social Sciences Credit(s): 3
ISS 4935 - Seminar in the Social Sciences Credit(s): 3

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

DIVERSITY AND GLOBAL CONTEXT COURSES (2-3 COURSES; 6-9 CREDIT HOURS)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900, which count)
- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor)
- International Studies (Courses with INR, CPO prefixes, except INR 4900, which will count)
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910, which will count)
- Upper-Level Courses (3000-/4000-level courses with ISS prefix)

GOVERNMENT AND GLOBAL AFFAIRS CONCENTRATION

CONCENTRATION REQUIREMENTS (5 COURSES; 15 CREDIT HOURS)

Choose 5 courses (15 credit hours) from the following list of courses. A maximum of three (3) courses may be taken from a single department.

- AMH 3130 - THE AMERICAN REVOLUTIONARY ERA CREDIT(S): 3
- AMH 3140 - THE AGE OF JEFFERSON CREDIT(S): 3
- AMH 3201 - THE UNITED STATES, 1877-1914 CREDIT(S): 3
- AMH 3231 - THE UNITED STATES, 1914-1945 CREDIT(S): 3
- AMH 3423 - MODERN FLORIDA CREDIT(S): 3
- CPO 2002 - INTRODUCTION TO COMPARATIVE POLITICS CREDIT(S): 3
- CPO 4034 - POLITICS OF THE DEVELOPING AREAS CREDIT(S): 3
- ECO 2013 - ECONOMIC PRINCIPLES (MACROECONOMICS) CREDIT(S): 3
- ECO 2023 - ECONOMIC PRINCIPLES (MICROECONOMICS) CREDIT(S): 3
- ECO 3703 - INTERNATIONAL ECONOMICS CREDIT(S): 3
- INR 3102 - AMERICAN FOREIGN POLICY CREDIT(S): 3
INTERDISCIPLINARY SOCIAL SCIENCES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

A grade of C- or better is required in all core courses.
No more than two grades of D are acceptable in the major.
No transfer courses with grades of D are acceptable for credit in the major.

OTHER REQUIREMENTS

Students declare two concentrations.
American Sign Language will satisfy the Foreign Language Exit Requirement.

RESEARCH OPPORTUNITIES

All ISS majors participate in a Senior Research Project as part of the requirements for ISS 4935 - Seminar in the Social Sciences. Other research opportunities may be provided in courses related to the student's area of concentration or courses selected in the Diversity and Global Context category. ISS advisors can assist students in selecting courses that provide these research opportunities.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH HISTORY CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida college System institution, they must be completed before the degree is granted.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours

REQUIRED SUPPORTING COURSES (1 COURSE, 3 CREDIT HOURS)
The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

STA 2122 - Social Science Statistics Credit(s): 3

TOTAL MAJOR HOURS: 42

MAJOR CORE (3 COURSES, 9 CREDIT HOURS)

ISS 3010 - Introduction to the Social Sciences Credit(s): 3
ISS 3300 - Research Methods in Social Sciences Credit(s): 3
ISS 4935 - Seminar in the Social Sciences Credit(s): 3

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

DIVERSITY AND GLOBAL CONTEXT COURSES (2-3 COURSES; 6-9 CREDIT HOURS)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900, which will count)
- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor)
- International Studies (Courses with INR, CPO prefixes, except INR 4900, which will count)
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910, which will count)
- Upper-Level Courses (3000-/4000-level courses with ISS prefix)

HISTORY CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)

Choose 4 courses (12 credit hours) of 3000-/4000-level coursework with AFH, AMH, ASH, EUH, HIS, LAH prefixes

INTERDISCIPLINARY SOCIAL SCIENCES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

A grade of C- or better is required in all core courses.
No more than two grades of D are acceptable in the major.
No transfer courses with grades of D are acceptable for credit in the major.

OTHER REQUIREMENTS

Students declare two concentrations.
American Sign Language will satisfy the Foreign Language Exit Requirement.

RESEARCH OPPORTUNITIES
All ISS majors participate in a Senior Research Project as part of the requirements for ISS 4935 - Seminar in the Social Sciences. Other research opportunities may be provided in courses related to the student's area of concentration or courses selected in the Diversity and Global Context category. ISS advisors can assist students in selecting courses that provide these research opportunities.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

**ADVISING INFORMATION**

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH HUMANITIES CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida college System institution, they must be completed before the degree is granted.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours
REQUIRED SUPPORTING COURSES (1 COURSE, 3 CREDIT HOURS)

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

STA 2122 - Social Science Statistics Credit(s): 3

TOTAL MAJOR HOURS: 42

MAJOR CORE (3 COURSES, 9 CREDIT HOURS)

ISS 3010 - Introduction to the Social Sciences Credit(s): 3
ISS 3300 - Research Methods in Social Sciences Credit(s): 3
ISS 4935 - Seminar in the Social Sciences Credit(s): 3

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

DIVERSITY AND GLOBAL CONTEXT COURSES (2-3 COURSES; 6-9 CREDIT HOURS)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900, which will count)
- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor)
- International Studies (Courses with INR, CPO prefixes, except INR 4900, which will count)
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910, which will count)
- Upper-Level Courses (3000-/4000-level courses with ISS prefix)

HUMANITIES CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)

Choose 1 course (3 credit hours) of 2000-level coursework with an HUM prefix
Choose 3 courses (9 credit hours) of 3000-/4000-level coursework with an HUM prefix

INTERDISCIPLINARY SOCIAL SCIENCES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OTHER REQUIREMENTS

Students declare two concentrations.
American Sign Language will satisfy the Foreign Language Exit Requirement.
RESEARCH OPPORTUNITIES

All ISS majors participate in a Senior Research Project as part of the requirements for ISS 4935 - Seminar in the Social Sciences. Other research opportunities may be provided in courses related to the student’s area of concentration or courses selected in the Diversity and Global Context category. ISS advisors can assist students in selecting courses that provide these research opportunities.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student’s official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

# 4 Year Plan of Study - Interdisciplinary Social Sciences B.A.

## Notes:
- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
- Items that are critical are marked with a ✳️ and are included in the plan for a student to stay on track.

## Year 1

### Semester 1 (Fall)
- ENC 1101 - Composition I **Credit(s): 3**
- SGES - General Education Core Social Sciences **Credit(s): 3**
- SGEM - General Education Core Mathematics **Credit(s): 3**
- SGEH - General Education Core Humanities **Credit(s): 3**
- Civics Literacy Exam
- Total Credit Hours: 12

### Semester 2 (Spring)
- ENC 1102 - Composition II **Credit(s): 3**
- STA 2122 - Social Science Statistics **Credit(s): 3**
- TGEC - Creative Thinking **Credit(s): 3**
- TGED - Human & Cultural Diversity **Credit(s): 3**
- TGEI - Information and Data Literacy **Credit(s): 3**
- Total Credit Hours: 15

### Semester 3 (Summer)
- Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.
- Questions about opportunities? Schedule an appointment with your academic advisor.

## Year 2

### Semester 4 (Fall)
- ISS 3010 - Introduction to the Social Sciences **Credit(s): 3**
- SGEN - General Education Core Natural Sciences **Credit(s): 3**
- Diversity and Global Context **Credit(s): 3**
- Introductory courses in a Social Sciences discipline **Credit(s): 3**
- Concentration Elective **Credit(s): 3**
- Total Credit Hours: 15

### Semester 5 (Spring)
- Diversity and Global Context **Credit(s): 3**
- Concentration Elective **Credit(s): 3**
- Concentration Elective **Credit(s): 3**
- General/Unrestricted Elective **Credit(s): 3**
- Total Credit Hours: 12
SEMESTER 6 (SUMMER)
Diversity and Global Context Credit(s): 3
Total Credit Hours: 3

YEAR 3

SEMESTER 7 (FALL)
Foreign Language Exit Credit(s): 4
Concentration Elective Credit(s): 3
Concentration Elective Credit(s): 3
Concentration Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3
Total Credit Hours: 16

SEMESTER 8 (SPRING)
Foreign Language Exit Credit(s): 4
ISS 3300 - Research Methods in Social Sciences Credit(s): 3
Concentration Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3
Total Credit Hours: 16

SEMESTER 9 (SUMMER)
General/Unrestricted Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3
Total Credit Hours: 6

YEAR 4

SEMESTER 10 (FALL)
ISS 4935 - Seminar in the Social Sciences Credit(s): 3
TGEH - Ethical Reasoning & Civic Engagement Credit(s): 3
Upper-Level Elective Credit(s): 3
Upper-Level Elective Credit(s): 3
Apply for Graduation
Total Credit Hours: 12

SEMESTER 11 (SPRING)
TGEH - High Impact Practice - INT - Internship Credit(s): 3
General/Unrestricted Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3
Total Credit Hours: 13
2 YEAR PLAN OF STUDY - INTERDISCIPLINARY SOCIAL SCIENCES

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Items that are critical are marked with a ✳️ and are included in the plan for a student to stay on track.

YEAR 1

SEMESTER 1 (FALL)

✳️ ISS 3010 - Introduction to the Social Sciences Credit(s): 3
✳️ STA 2122 - Social Science Statistics Credit(s): 3
Concentration Elective Credit(s): 3

Total Credit Hours: 12

SEMESTER 2 (SPRING)

Foreign Language Exit Credit(s): 4
Diversity and Global Context Credit(s): 3
Diversity and Global Context Credit(s): 3
Concentration Elective Credit(s): 3
Concentration Elective Credit(s): 3

Total Credit Hours: 16

SEMESTER 3 (SUMMER)

Foreign Language Exit Credit(s): 4
Upper-Level Elective Credit(s): 3

Total Credit Hours: 7

YEAR 2

SEMESTER 4 (FALL)

✳️ ISS 3300 - Research Methods in Social Sciences Credit(s): 3
Concentration Elective Credit(s): 3
Diversity and Global Context Credit(s): 3

Total Credit Hours: 12

SEMESTER 5 (SPRING)

✳️ ISS 4935 - Seminar in the Social Sciences Credit(s): 3
Concentration Elective Credit(s): 3
Upper-Level Elective Credit(s): 4
Apply for Graduation

Total Credit Hours: 13
INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH INTEGRATED COMMUNITY RESEARCH CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida college System institution, they must be completed before the degree is granted.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours
REQUIRED SUPPORTING COURSES (1 COURSE, 3 CREDIT HOURS)

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

STA 2122 - Social Science Statistics Credit(s): 3

TOTAL MAJOR HOURS: 42

MAJOR CORE (3 COURSES, 9 CREDIT HOURS)

ISS 3010 - Introduction to the Social Sciences Credit(s): 3
ISS 3300 - Research Methods in Social Sciences Credit(s): 3
ISS 4935 - Seminar in the Social Sciences Credit(s): 3

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

DIVERSITY AND GLOBAL CONTEXT COURSES (2-3 COURSES; 6-9 CREDIT HOURS)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900, which will count)
- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor)
- International Studies (Courses with INR, CPO prefixes, except INR 4900, which will count)
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910, which will count)
- Upper-Level Courses (3000-/4000-level courses with ISS prefix)

INTEGRATED COMMUNITY RESEARCH CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)

ISS 3311 - Applied Statistics for the Social Sciences Credit(s): 3
ISS 3937 - Interdisciplinary Inquiry Credit(s): 3

CHOOSE 2 COURSES (6 CREDIT HOURS) OF THE FOLLOWING THEORY AND RESEARCH COURSES.

CCJ 3117 - Theories of Criminal Behavior Credit(s): 3
LDR 4104 - Theories of Leadership Credit(s): 3
POT 3003 - Introduction to Political Theory Credit(s): 3
SYA 3110 - Classical Theory Credit(s): 3
ISS 4308 - Interdisciplinary Community Research Credit(s): 3
SYD 4601 - Community Building and Social Change Credit(s): 3

INTERDISCIPLINARY SOCIAL SCIENCES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS
Students must maintain a minimum grade point average of 2.0 in the major to graduate.

**GRADING REQUIREMENTS**

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

**OTHER REQUIREMENTS**

- Students declare two concentrations.
- American Sign Language will satisfy the Foreign Language Exit Requirement.

**RESEARCH OPPORTUNITIES**

All ISS majors participate in a Senior Research Project as part of the requirements for ISS 4935 - Seminar in the Social Sciences. Other research opportunities may be provided in courses related to the student’s area of concentration or courses selected in the Diversity and Global Context category. ISS advisors can assist students in selecting courses that provide these research opportunities.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

**ADVISING INFORMATION**

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH INTERNATIONAL STUDIES CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida college System institution, they must be completed before the degree is granted.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- **ANT XXXX** - 3 credit hours
- **CPO XXXX** - 3 credit hours
- **ECO XXXX** - 3 credit hours
- **GEO XXXX** - 3 credit hours
- **INR XXXX** - 3 credit hours
- **ISS XXXX** - 3 credit hours
- **POS XXXX** - 3 credit hours
- **SYA XXXX** - 3 credit hours
- **SYD XXXX** - 3 credit hours
- **SYG XXXX** - 3 credit hours
- **SYO XXXX** - 3 credit hours
- **SYP XXXX** - 3 credit hours
REQUIRED SUPPORTING COURSES (1 COURSE, 3 CREDIT HOURS)

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

<table>

TOTAL MAJOR HOURS: 42

MAJOR CORE (3 COURSES, 9 CREDIT HOURS)

- ISS 3010 - Introduction to the Social Sciences  Credit(s): 3
- ISS 3300 - Research Methods in Social Sciences  Credit(s): 3
- ISS 4935 - Seminar in the Social Sciences      Credit(s): 3

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

DIVERSITY AND GLOBAL CONTEXT COURSES (2-3 COURSES; 6-9 CREDIT HOURS)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900, which will count)
- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor)
- International Studies (Courses with INR, CPO prefixes, except INR 4900, which will count)
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910, which will count)
- Upper-Level Courses (3000-/4000-level courses with ISS prefix)

INTERNATIONAL STUDIES CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)

Choose 4 courses (12 credit hours) of 3000-/4000-level coursework with ASH, ASN, EUH, EUS, INR, LAH, LAS, RUS, RUT prefixes

INTERDISCIPLINARY SOCIAL SCIENCES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.
OTHER REQUIREMENTS

Students declare two concentrations. American Sign Language will satisfy the Foreign Language Exit Requirement.

RESEARCH OPPORTUNITIES

All ISS majors participate in a Senior Research Project as part of the requirements for ISS 4935 - Seminar in the Social Sciences. Other research opportunities may be provided in courses related to the student's area of concentration or courses selected in the Diversity and Global Context category. ISS advisors can assist students in selecting courses that provide these research opportunities.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION

- Apply for Graduation

Total Credit Hours: 13
INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH LATIN AMERICAN, CARIBBEAN, AND LATINO STUDIES CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida college System institution, they must be completed before the degree is granted.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- **ANT XXXX** - 3 credit hours
- **CPO XXXX** - 3 credit hours
- **ECO XXXX** - 3 credit hours
- **GEO XXXX** - 3 credit hours
- **INR XXXX** - 3 credit hours
- **ISS XXXX** - 3 credit hours
- **POS XXXX** - 3 credit hours
- **SYA XXXX** - 3 credit hours
- **SYD XXXX** - 3 credit hours
- **SYG XXXX** - 3 credit hours
- **SYO XXXX** - 3 credit hours
- **SYP XXXX** - 3 credit hours
REQUIRED SUPPORTING COURSES (1 COURSE, 3 CREDIT HOURS)

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

STA 2122 - Social Science Statistics Credit(s): 3

TOTAL MAJOR HOURS: 42

MAJOR CORE (3 COURSES, 9 CREDIT HOURS)

ISS 3010 - Introduction to the Social Sciences Credit(s): 3
ISS 3300 - Research Methods in Social Sciences Credit(s): 3
ISS 4935 - Seminar in the Social Sciences Credit(s): 3

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

DIVERSITY AND GLOBAL CONTEXT COURSES (2-3 COURSES; 6-9 CREDIT HOURS)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900, which will count)
- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor)
- International Studies (Courses with INR, CPO prefixes, except INR 4900, which will count)
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910, which will count)
- Upper-Level Courses (3000-/4000-level courses with ISS prefix)

LATIN AMERICAN, CARIBBEAN, AND LATINO STUDIES CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)

Choose 4 courses (12 credit hours) of 3000-/4000-level coursework relating to Latin America, the Caribbean, and/or the Latino/Latina diaspora selected from at least four of the following areas:

- Anthropology/Sociology/Philosophy
- Political Science/International Studies
- Geography/History
- Education/Social Work
- Global Studies/Public Health

Note: Courses require prior approval from the ISS Advisor.

SUGGESTED LIST OF COURSES

- ANT 4165 - South American Archaeology Credit(s): 3
- ANT 4316 - Ethnic Diversity in the United States Credit(s): 3
- ANT 4323 - Mexico and Central America Credit(s): 3
- ANT 4340 - The Caribbean Credit(s): 3
ANT 4472 - Work and Migration in the Americas Credit(s): 3
GEA 3405 - Geography of Latin America Credit(s): 3
LAH 3430 - History of Mexico Credit(s): 3
LAH 3743 - Spanish America in the Age of Revolution Credit(s): 3
LAS 3002 - Latin America Credit(s): 3
LAS 3116 - Latin America Through Film Credit(s): 3
LAS 4023 - African Diaspora in Latin American and the Caribbean Credit(s): 3
LAS 4934 - Selected Topics: Latin American Studies Credit(s): 1-3
LAS 4940 - Internship in Latin American and the Caribbean Credit(s): 1-9
SOW 4522 - Multicultural America in a Global Society Credit(s): 3
SSE 4380 - Global and Multicultural Perspectives in Education Credit(s): 3
SYD 4238 - Immigrants to America Credit(s): 3
SYG 3235 - Latina/Latino Lives Credit(s): 3
SYO 4204 - Religion and Immigration Credit(s): 3

INTERDISCIPLINARY SOCIAL SCIENCES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

A grade of C- or better is required in all core courses.
No more than two grades of D are acceptable in the major.
No transfer courses with grades of D are acceptable for credit in the major.

OTHER REQUIREMENTS

Students declare two concentrations.
American Sign Language will satisfy the Foreign Language Exit Requirement.

RESEARCH OPPORTUNITIES

All ISS majors participate in a Senior Research Project as part of the requirements for ISS 4935 - Seminar in the Social Sciences. Other research opportunities may be provided in courses related to the student's area of concentration or courses selected in the Diversity and Global Context category. ISS advisors can assist students in selecting courses that provide these research opportunities.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH MASS COMMUNICATIONS CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida college System institution, they must be completed before the degree is granted.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours
REQUIRED SUPPORTING COURSES (1 COURSE, 3 CREDIT HOURS)

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

STA 2122 - Social Science Statistics Credit(s): 3

TOTAL MAJOR HOURS: 42

MAJOR CORE (3 COURSES, 9 CREDIT HOURS)

ISS 3010 - Introduction to the Social Sciences Credit(s): 3
ISS 3300 - Research Methods in Social Sciences Credit(s): 3
ISS 4935 - Seminar in the Social Sciences Credit(s): 3

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

DIVERSITY AND GLOBAL CONTEXT COURSES (2-3 COURSES; 6-9 CREDIT HOURS)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900, which will count)
- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor)
- International Studies (Courses with INR, CPO prefixes, except INR 4900, which will count)
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910, which will count)
- Upper-Level Courses (3000-/4000-level courses with ISS prefix)

MASS COMMUNICATIONS CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)

MMC 3602 - Mass Communications and Society Credit(s): 3

CHOOSE 3 COURSES (9 CREDIT HOURS) FROM THE FOLLOWING LIST OF COURSES.

Total Credit Hours: 13
INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH MULTIDISCIPLINARY BEHAVIORAL SCIENCES CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida college System institution, they must be completed before the degree is granted.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours
REQUIRED SUPPORTING COURSES (1 COURSE, 3 CREDIT HOURS)

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

STA 2122 - Social Science Statistics Credit(s): 3

TOTAL MAJOR HOURS: 42

MAJOR CORE (3 COURSES, 9 CREDIT HOURS)

ISS 3010 - Introduction to the Social Sciences Credit(s): 3
ISS 3300 - Research Methods in Social Sciences Credit(s): 3
ISS 4935 - Seminar in the Social Sciences Credit(s): 3

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

DIVERSITY AND GLOBAL CONTEXT COURSES (2-3 COURSES; 6-9 CREDIT HOURS)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900, which will count)
- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor)
- International Studies (Courses with INR, CPO prefixes, except INR 4900, which will count)
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910, which will count)
- Upper-Level Courses (3000-/4000-level courses with ISS prefix)

MULTIDISCIPLINARY BEHAVIORAL SCIENCES CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)

- MHS 3411 - Multidisciplinary Behavioral Healthcare Services Credit(s): 3
- MHS 4002 - Behavioral Health Systems Delivery Credit(s): 3
- MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment Credit(s): 3

CHOOSE 1 COURSES (3 CREDIT HOURS) FROM THE FOLLOWING LIST OF COURSES.

- MHS 4425 - Field Experience in Behavioral Healthcare Credit(s): 3
- MHS 4906 - Directed Study Credit(s): 1-4
- MHS 4931 - Selected Topics Credit(s): 1-3
INTERDISCIPLINARY SOCIAL SCIENCES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OTHER REQUIREMENTS

- Students declare two concentrations.
- American Sign Language will satisfy the Foreign Language Exit Requirement.

RESEARCH OPPORTUNITIES

All ISS majors participate in a Senior Research Project as part of the requirements for ISS 4935 - Seminar in the Social Sciences. Other research opportunities may be provided in courses related to the student's area of concentration or courses selected in the Diversity and Global Context category. ISS advisors can assist students in selecting courses that provide these research opportunities.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH PSYCHOLOGY CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida college System institution, they must be completed before the degree is granted.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours
REQUIRED SUPPORTING COURSES (1 COURSE, 3 CREDIT HOURS)

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

TOTAL MAJOR HOURS: 42

MAJOR CORE (3 COURSES, 9 CREDIT HOURS)

ISS 3010 - Introduction to the Social Sciences Credit(s): 3
ISS 3300 - Research Methods in Social Sciences Credit(s): 3
ISS 4935 - Seminar in the Social Sciences Credit(s): 3

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

DIVERSITY AND GLOBAL CONTEXT COURSES (2-3 COURSES; 6-9 CREDIT HOURS)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900, which will count)
- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor)
- International Studies (Courses with INR, CPO prefixes, except INR 4900, which will count)
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910, which will count)
- Upper-Level Courses (3000-/4000-level courses with ISS prefix)

PSYCHOLOGY CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 13 CREDIT HOURS)

PSY 3213 - Research Methods in Psychology Credit(s): 4

Choose 3 courses (9 credit hours) of 3000-/4000-level coursework with PSY, PSB, CLP, DEP, EXP, PPE, SOP prefixes

INTERDISCIPLINARY SOCIAL SCIENCES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

A grade of C- or better is required in all core courses.
No more than two grades of D are acceptable in the major.
No transfer courses with grades of D are acceptable for credit in the major.

OTHER REQUIREMENTS

Students declare two concentrations.
American Sign Language will satisfy the Foreign Language Exit Requirement.

RESEARCH OPPORTUNITIES

All ISS majors participate in a Senior Research Project as part of the requirements for ISS 4935 - Seminar in the Social Sciences. Other research opportunities may be provided in courses related to the student's area of concentration or courses selected in the Diversity and Global Context category. ISS advisors can assist students in selecting courses that provide these research opportunities.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:
- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida college System institution, they must be completed before the degree is granted.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours
REQUIRED SUPPORTING COURSES (1 COURSE, 3 CREDIT HOURS)

The following courses are supporting courses for this major. They are required for the major, but are not counted in
the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be
awarded if these courses have not been taken by the end of the student's final semester.

STA 2122 - Social Science Statistics Credit(s): 3

TOTAL MAJOR HOURS: 42

MAJOR CORE (3 COURSES, 9 CREDIT HOURS)

ISS 3010 - Introduction to the Social Sciences Credit(s): 3
ISS 3300 - Research Methods in Social Sciences Credit(s): 3
ISS 4935 - Seminar in the Social Sciences Credit(s): 3

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

DIVERSITY AND GLOBAL CONTEXT COURSES (2-3 COURSES; 6-9 CREDIT HOURS)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or
concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than
9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be
selected from courses in the following categories:

Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900 , which will count)
Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 Interdisciplinary
Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an
advisor)
International Studies (Courses with INR, CPO prefixes, except INR 4900, which will count)
Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910, which will count)
Upper-Level Courses (3000-/4000-level courses with ISS prefix)

PUBLIC ADMINISTRATION CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)

Choose 4 courses (12 credit hours) of 3000-/4000-level coursework with PAD or URS prefixes

INTERDISCIPLINARY SOCIAL SCIENCES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

A grade of C- or better is required in all core courses.
No more than two grades of D are acceptable in the major.
No transfer courses with grades of D are acceptable for credit in the major.

OTHER REQUIREMENTS

Students declare two concentrations.
American Sign Language will satisfy the Foreign Language Exit Requirement.
RESEARCH OPPORTUNITIES

All ISS majors participate in a Senior Research Project as part of the requirements for ISS 4935 - Seminar in the Social Sciences. Other research opportunities may be provided in courses related to the student's area of concentration or courses selected in the Diversity and Global Context category. ISS advisors can assist students in selecting courses that provide these research opportunities.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH PUBLIC HEALTH CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida college System institution, they must be completed before the degree is granted.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours
REQUIRED SUPPORTING COURSES (1 COURSE, 3 CREDIT HOURS)

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

STA 2122 - Social Science Statistics Credit(s): 3

TOTAL MAJOR HOURS: 42

MAJOR CORE (3 COURSES, 9 CREDIT HOURS)

- ISS 3010 - Introduction to the Social Sciences Credit(s): 3
- ISS 3300 - Research Methods in Social Sciences Credit(s): 3
- ISS 4935 - Seminar in the Social Sciences Credit(s): 3

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

DIVERSITY AND GLOBAL CONTEXT COURSES (2-3 COURSES; 6-9 CREDIT HOURS)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900, which will count)
- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor)
- International Studies (Courses with INR, CPO prefixes, except INR 4900, which will count)
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910, which will count)
- Upper-Level Courses (3000-/4000-level courses with ISS prefix)

PUBLIC HEALTH CONCENTRATION

CONCENTRATION REQUIREMENTS (5 COURSES; 15 CREDIT HOURS)

- HSC 4537 - Medical Terminology Credit(s): 3
- HSC 4551 - Survey of Human Diseases Credit(s): 3
- PHC 4030 - Introduction to Epidemiology Credit(s): 3
- PHC 4101 - Overview of Public Health Programs and Policies Credit(s): 3

CHOOSE 1 COURSE (3 CREDIT HOURS) FROM THE FOLLOWING LIST OF COURSES

- HSC 2017 - Careers in Public Health Credit(s): 3
- HSC 2100 - Contemporary Health Science Credit(s): 3
- HSC 2130 - Sex, Health, and Decision-Making Credit(s): 3
- HSC 4172 - Women's Health: A Public Health Perspective Credit(s): 3
- HSC 4213 - Environmental and Occupational Risk Analysis Credit(s): 3

**SEMESTER 1 (FALL)**

- ENC 1101 - Composition I **Credit(s): 3**
- SGES - General Education Core Social Sciences **Credit(s): 3**
- SGEM - General Education Core Mathematics **Credit(s): 3**
- SGEH - General Education Core Humanities **Credit(s): 3**
- Civics Literacy Exam

Total Credit Hours: 12

**SEMESTER 2 (SPRING)**

- ENC 1102 - Composition II **Credit(s): 3**
- STA 2122 - Social Science Statistics **Credit(s): 3**
- TGEC - Creative Thinking **Credit(s): 3**
- TGED - Human & Cultural Diversity **Credit(s): 3**
- TGEI - Information and Data Literacy **Credit(s): 3**

Total Credit Hours: 15

**SEMESTER 3 (SUMMER)**

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.
YEAR 2

SEMESTER 4 (FALL)

ISS 3010 - Introduction to the Social Sciences Credit(s): 3
SGEN - General Education Core Natural Sciences Credit(s): 3
Diversity and Global Context Credit(s): 3
Introductory courses in a Social Sciences discipline Credit(s): 3
Concentration Elective Credit(s): 3

Total Credit Hours: 15

SEMESTER 5 (SPRING)

Diversity and Global Context Credit(s): 3
Concentration Elective Credit(s): 3
Concentration Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3

Total Credit Hours: 12

SEMESTER 6 (SUMMER)

Diversity and Global Context Credit(s): 3

Total Credit Hours: 3

YEAR 3

SEMESTER 7 (FALL)

Foreign Language Exit Credit(s): 4
Concentration Elective Credit(s): 3
Concentration Elective Credit(s): 3
Concentration Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3

Total Credit Hours: 16

SEMESTER 8 (SPRING)

Foreign Language Exit Credit(s): 4
ISS 3300 - Research Methods in Social Sciences Credit(s): 3
Concentration Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3

Total Credit Hours: 16

SEMESTER 9 (SUMMER)

General/Unrestricted Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3

Total Credit Hours: 6
YEAR 4

SEMESTER 10 (FALL)

ISS 4935 - Seminar in the Social Sciences Credit(s): 3
TGEE - Ethical Reasoning & Civic Engagement Credit(s): 3
Upper-Level Elective Credit(s): 3
Upper-Level Elective Credit(s): 3
Apply for Graduation

Total Credit Hours: 12

SEMESTER 11 (SPRING)

TGEH - High Impact Practice - INT - Internship Credit(s): 3
General/Unrestricted Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 4

Total Credit Hours: 13
## 2 YEAR PLAN OF STUDY - INTERDISCIPLINARY SOCIAL SCIENCES

### NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see [https://www.usf.edu/undergrad/students/civics-literacy.aspx](https://www.usf.edu/undergrad/students/civics-literacy.aspx) or talk with your academic advisor. Items that are critical are marked with a ✴️ and are included in the plan for a student to stay on track.

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours
REQUIRED SUPPORTING COURSES (1 COURSE, 3 CREDIT HOURS)

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

STA 2122 - Social Science Statistics Credit(s): 3

TOTAL MAJOR HOURS: 42

MAJOR CORE (3 COURSES, 9 CREDIT HOURS)

ISS 3010 - Introduction to the Social Sciences Credit(s): 3
ISS 3300 - Research Methods in Social Sciences Credit(s): 3
ISS 4935 - Seminar in the Social Sciences Credit(s): 3

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

DIVERSITY AND GLOBAL CONTEXT COURSES (2-3 COURSES; 6-9 CREDIT HOURS)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900, which will count)
- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor)
- International Studies (Courses with INR, CPO prefixes, except INR 4900, which will count)
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910, which will count)
- Upper-Level Courses (3000-/4000-level courses with ISS prefix)

Religious Studies Concentration

CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)

REL 3040 - Introduction to Religious Studies Credit(s): 3

Choose 3 courses (9 credit hours) of 3000-/4000-level coursework with a REL prefix

INTERDISCIPLINARY SOCIAL SCIENCES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OTHER REQUIREMENTS

Students declare two concentrations.
American Sign Language will satisfy the Foreign Language Exit Requirement.

RESEARCH OPPORTUNITIES

All ISS majors participate in a Senior Research Project as part of the requirements for ISS 4935 - Seminar in the Social Sciences. Other research opportunities may be provided in courses related to the student's area of concentration or courses selected in the Diversity and Global Context category. ISS advisors can assist students in selecting courses that provide these research opportunities.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Apply for Graduation

Total Credit Hours: 13
INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH SOCIAL RELATIONS AND POLICY CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida college System institution, they must be completed before the degree is granted.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours
The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

STA 2122 - Social Science Statistics **Credit(s): 3**

**TOTAL MAJOR HOURS: 42**

**MAJOR CORE (3 COURSES, 9 CREDIT HOURS)**

- ISS 3010 - Introduction to the Social Sciences **Credit(s): 3**
- ISS 3300 - Research Methods in Social Sciences **Credit(s): 3**
- ISS 4935 - Seminar in the Social Sciences **Credit(s): 3**

**OTHER REQUIREMENTS (6-9 CREDIT HOURS)**

**DIVERSITY AND GLOBAL CONTEXT COURSES (2-3 COURSES; 6-9 CREDIT HOURS)**

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900, which will count)
- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor)
- International Studies (Courses with INR, CPO prefixes, except INR 4900, which will count)
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910, which will count)
- Upper-Level Courses (3000-/4000-level courses with ISS prefix)

**SOCIAL RELATIONS AND POLICY CONCENTRATION**

**CONCENTRATION REQUIREMENTS (5 COURSES; 15 CREDIT HOURS)**

Up to 3 Sociology courses with the following prefixes: SYD, SYO, or SYP (3 credits each course).

- AMH 3562 - American Women II **Credit(s): 3**
- AMH 3572 - African American History since 1865 **Credit(s): 3**
- ANT 4302 - Gender in Cross-Cultural Perspective **Credit(s): 3**
- CLP 4143 - Abnormal Psychology **Credit(s): 3**
- ECP 3203 - Labor Economics **Credit(s): 3**
- EDF 3802 - The Dynamics of Unity **Credit(s): 3**
- GEY 3625 - Sociological Aspects of Aging **Credit(s): 3**
- GEY 4322 - Care Management for Older Adults **Credit(s): 3**
- GEY 4647 - Ethical and Legal Issues in Aging **Credit(s): 3**
- INR 3202 - International Human Rights **Credit(s): 3**
- LDR 3331 - Leading in the Workplace **Credit(s): 3**
- LDR 4114 - Survey of Leadership Readings **Credit(s): 3**
LDR 4204 - Ethics and Power in Leadership Credit(s): 3
POS 4693 - Women and Law I Credit(s): 3
SOP 4004 - Social Psychology Credit(s): 3
SOP 4777 - Psychology of Human Sexuality Credit(s): 3
SOW 3101 - Human Behavior and the Social Environment I Credit(s): 3
SOW 3102 - Human Behavior and the Social Environment II Credit(s): 3
SOW 3203 - Introduction to Social Work Credit(s): 3
SOW 3210 - The American Social Welfare System Credit(s): 3
SOW 4522 - Multicultural America in a Global Society Credit(s): 3
SSE 4380 - Global and Multicultural Perspectives in Education Credit(s): 3
SYA 4910 - Individual Research Credit(s): 1-3
SYA 4930 - Topics in Sociology Credit(s): 3

Total Credit Hours: 13
The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida college System institution, they must be completed before the degree is granted.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours
REQUIRED SUPPORTING COURSES (1 COURSE, 3 CREDIT HOURS)

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

STA 2122 - Social Science Statistics Credit(s): 3

TOTAL MAJOR HOURS: 42

MAJOR CORE (3 COURSES, 9 CREDIT HOURS)

ISS 3010 - Introduction to the Social Sciences Credit(s): 3
ISS 3300 - Research Methods in Social Sciences Credit(s): 3
ISS 4935 - Seminar in the Social Sciences Credit(s): 3

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

DIVERSITY AND GLOBAL CONTEXT COURSES (2-3 COURSES; 6-9 CREDIT HOURS)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900, which will count)
- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor)
- International Studies (Courses with INR, CPO prefixes, except INR 4900, which will count)
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910, which will count)
- Upper-Level Courses (3000-/4000-level courses with ISS prefix)

SOCIETY CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)

SYG 2000 - Introduction to Sociology Credit(s): 3
SYA 3110 - Classical Theory Credit(s): 3
Choose 2 courses (6 credit hours) of 3000-/4000-level coursework with SYA, SYD, SYG, SYO, SYP prefixes

INTERDISCIPLINARY SOCIAL SCIENCES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OTHER REQUIREMENTS

Students declare two concentrations.
American Sign Language will satisfy the Foreign Language Exit Requirement.

RESEARCH OPPORTUNITIES

All ISS majors participate in a Senior Research Project as part of the requirements for ISS 4935 - Seminar in the Social Sciences. Other research opportunities may be provided in courses related to the student's area of concentration or courses selected in the Diversity and Global Context category. ISS advisors can assist students in selecting courses that provide these research opportunities.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

# 4 Year Plan of Study - Interdisciplinary Social Sciences B.A.

## Year 1

### Semester 1 (Fall)
- ENC 1101 - Composition I **Credit(s): 3**
- SGES - General Education Core Social Sciences **Credit(s): 3**
- SGEM - General Education Core Mathematics **Credit(s): 3**
- SGEH - General Education Core Humanities **Credit(s): 3**
- Civics Literacy Exam

**Total Credit Hours: 12**

### Semester 2 (Spring)
- ENC 1102 - Composition II **Credit(s): 3**
- STA 2122 - Social Science Statistics **Credit(s): 3**
- TGEC - Creative Thinking **Credit(s): 3**
- TGED - Human & Cultural Diversity **Credit(s): 3**
- TGEI - Information and Data Literacy **Credit(s): 3**

**Total Credit Hours: 15**

### Semester 3 (Summer)
Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

## Year 2

### Semester 4 (Fall)
- ISS 3010 - Introduction to the Social Sciences **Credit(s): 3**
- SGEN - General Education Core Natural Sciences **Credit(s): 3**
- Diversity and Global Context **Credit(s): 3**
- Introductory courses in a Social Sciences discipline **Credit(s): 3**
- Concentration Elective **Credit(s): 3**

**Total Credit Hours: 15**

### Semester 5 (Spring)
- Diversity and Global Context **Credit(s): 3**
- Concentration Elective **Credit(s): 3**
- Concentration Elective **Credit(s): 3**
- General/Unrestricted Elective **Credit(s): 3**

**Total Credit Hours: 12**

---

**Notes:**
- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
- Items that are critical are marked with a ✴️ and are included in the plan for a student to stay on track.

SOCIOMETRY B.A.

TOTAL DEGREE HOURS: 120

The Sociology major is designed to provide students with a broad liberal arts education and a greater understanding and insight into the social systems and processes that bear upon everyday lives. Opportunities for students with Bachelor's degrees in Sociology are quite varied. Some go on to work for human service agencies; others work in personnel, criminal justice, and urban planning; others enter graduate programs in sociology, education, law, medicine, or social work. Toward these ends, all students are encouraged to become skilled in the use of computers and libraries.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

SYA XXXX or SYD XXXX or SYG XXXX or SYO XXXX or SYP XXXX- 6 credit hours total

REQUIRED SUPPORTING COURSES FOR THE MAJOR: 3 HOURS

The following courses are prerequisite and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics Credit(s): 3 or its equivalent.

TOTAL MAJOR HOURS: 36

Major Core (12 hours)

The major consists of a minimum of 36 credit hours of Sociology coursework plus STA 2122 Social Science Statistics or its equivalent.

The minimum of 36 credit hours in Sociology must include the following four core courses (12 credit hours).

Note: SYG 2000 may be replaced with an upper level sociology elective if a total of 12 or more hours of sociology coursework is completed before declaring a Sociology major.

- SYG 2000 - Introduction to Sociology Credit(s): 3
- SYA 3110 - Classical Theory Credit(s): 3
- SYA 3300 - Research Methods Credit(s): 3 (PR: STA 2122 Social Science Statistics or its equivalent)
- SYA 4935 - Senior Seminar Credit(s): 3
MAJOR ELECTIVES (24 HOURS)

The remaining 24 hours of Sociology coursework may be comprised of any upper-level courses offered by the Sociology department. In addition, SYG 2010 Contemporary Social Problems may count toward these 24 hours of electives. No more than three hours each of SYA 4910 Individual Research and SYA 4949, Sociological Internship, may count toward the 24 hours of electives. Please note that all Sociology students can take ISS listed electives for Sociology credit in the Major and Minor only.

AREAS OF CONCENTRATION

Sociology majors may choose to complete an optional area of concentration in either "Inequality and Social Justice" or "Identity and Community" by completing one required course and three elective courses (all with a grade of C- or better) listed within the area selected. In some cases, it may be possible to complete both areas of concentration, however, students may count a particular course as an elective for only one area of concentration.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENT

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.
Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENT

Department Major Academic Residency Requirement - At least 27 hours of the major coursework must be completed at USF.
College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.
USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES

To register for Individual Research (SYA 4910) students must make arrangements with the individual faculty member with whom they wish to take the course well in advance of the semester in which the course will be taken. Departmental approval of the contract agreed upon by the student and faculty is required before the student can register for the course.

The department also offers a course, on a limited basis, Sociological Research Experience (SYA 4304). If the course is scheduled to be offered, please contact the instructor listed for approval to be admitted to the course.

INTERNERNSHIP OPPORTUNITIES

The Sociology Internship (SYA 4949) is offered if the student is concurrently enrolled in "Disability and Society" (SYO 4430), "Sustainable Consumption" (SYD 4512), and a few other specific courses, and only with permission of the instructor of that course. If you are interested in an internship connected to a specific course, please contact the undergraduate program director, Erica Toothman, at eltoothman@usf.edu for further guidance and information.

This course is taught as an S/U (Satisfactory/Unsatisfactory) grade and only for 1-3 credit hours. Further information about Service Internship opportunities can be found on the Sociology department's webpage at https://www.usf.edu/arts-sciences/departments/sociology/academic-programs/undergraduate/internship-community-engagement/index.aspx
OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct social scientific research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall. If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Erica Toothman at eltoothman@usf.edu for Sociology or Melissa Sloan at melissasloan@usf.edu for Interdisciplinary Social Sciences for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

• Junior standing.  • 12 semester hours of Sociology course work with a major GPA of 3.0 by the end of the semester in which application is made.  • Overall USF GPA of 3.0 or higher.  • Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

• Completion of all requirements for the major.  • Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).  • USF overall and major GPA of at least 3.0.  • Successful completion of the Honors Seminar.  • Successful completion of the Honors Thesis (SYA 4910 and the thesis itself).  • Applications for the Undergraduate Honors Program in Sociology or Interdisciplinary Social Sciences are available in the Sociology department (CPR 209). Please make an appointment with the Undergraduate Program Director, Erica Toothman at eltoothman@usf.edu for Sociology or Melissa Sloan at melissasloan@usf.edu for Interdisciplinary Social Sciences before completing the application.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation. Tampa campus Website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx

For questions, email ISSadvise@usf.edu.

SOCIOLGY B.A., WITH IDENTITY AND COMMUNITY CONCENTRATION

TOTAL DEGREE HOURS: 120

The Sociology major is designed to provide students with a broad liberal arts education and a greater understanding and insight into the social systems and processes that bear upon everyday lives. Opportunities for students with Bachelor's degrees in Sociology are quite varied. Some go on to work for human service agencies; others work in personnel, criminal justice, and urban planning; others enter graduate programs in sociology, education, law, medicine, or social work. Toward these ends, all students are encouraged to become skilled in the use of computers and libraries.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- SYA XXXX or SYD XXXX or SYG XXXX or SYO XXXX or SYP XXXX - 3 credit hours
- SYA XXXX or SYD XXXX or SYG XXXX or SYO XXXX or SYP XXXX - 3 credit hours

Required Supporting Courses for the Major (3 Credit Hours)

The following courses are prerequisite and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics Credit(s): 3 or its equivalent.

TOTAL MAJOR HOURS: 36

MAJOR CORE (12 CREDIT HOURS)

The major consists of a minimum of 36 credit hours of Sociology coursework plus STA 2122 - Social Science Statistics or its equivalent.

The minimum of 36 credit hours in Sociology must include the following four core courses (12 credit hours):

- SYG 2000 - Introduction to Sociology Credit(s): 3 (May be replaced with an upper level sociology elective if a total of 12 or more hours of sociology coursework is completed before declaring a Sociology major)
- SYA 3110 - Classical Theory Credit(s): 3
- SYA 3300 - Research Methods Credit(s): 3
- SYA 4935 - Senior Seminar Credit(s): 3
MAJOR ELECTIVES (24 CREDIT HOURS)

The remaining 24 hours of Sociology coursework may be comprised of any upper-level courses offered by the Sociology department. In addition, SYG 2010 - Contemporary Social Problems may count toward these 24 hours of electives. No more than three hours each of SYA 4910 - Individual Research and SYA 4949 - Sociological Internship, may count toward the 24 hours of electives.

AREAS OF CONCENTRATION

Sociology majors may choose to complete an optional area of concentration in either "Inequality and Social Justice" or "Identity and Community" by completing one required course and three elective courses (all with a grade of C- or better) listed within the area selected. In some cases, it may be possible to complete both areas of concentration, however, students may count a particular course as an elective for only one area of concentration.

IDENTITY AND COMMUNITY CONCENTRATION

The Department of Sociology offers an optional area of concentration in "Identity and Community" for Sociology majors. Courses included in this area of concentration focus on the changing relationships among individuals and their communities in light of technological advances, globalization, environmental crises, political developments, and social problems. This area of concentration will be listed on your official transcript and can be useful as you market your skills to potential employers after graduation.

CONCENTRATION CORE (3 HOURS)

- SYP 4111 - Identity and Community Credit(s): 3

CONCENTRATION ELECTIVES (21 HOURS)

Select nine (9) credit hours of coursework from the following list.

The remaining 12 hours of Sociology coursework may be comprised of any upper-level courses offered by the Sociology department.

- SYA 4121 - Queer Theory Credit(s): 3
- SYD 3700 - Racial and Ethnic Relations Credit(s): 3
- SYD 4410 - Urban Sociology Credit(s): 3
- SYD 4411 - Urban Life Credit(s): 3
- SYG 3235 - Latina/Latino Lives Credit(s): 3
- SYO 3120 - Sociology of Families Credit(s): 3
- SYO 3200 - Sociology of Religion Credit(s): 3
- SYO 3460 - Sociology of the Media Credit(s): 3
- SYO 4204 - Religion and Immigration Credit(s): 3
- SYO 4573 - Social Networks Credit(s): 3
- SYO 4573 - Sociology of Deviance Credit(s): 3
- SYP 4420 - Consumer Culture Credit(s): 3
- SYP 4510 - Sociological Aspects of Deviance Credit(s): 3
- SYP 4650 - Sport in Society Credit(s): 3
- SYP 4675 - Animals & Society Credit(s): 3
- SYP 4763 - Sociology of Childhood and Youth Credit(s): 3
- SYA 4304 - Sociological Research Experience Credit(s): 1-3 - with approval
- SYA 4910 - Individual Research Credit(s): 1-3 - with approval
- SYA 4949 - Sociological Internship Credit(s): 1-6 - with approval
- SYA 4930 - Topics in Sociology Credit(s): 3 ** Approved topics

- Contemporary Bodies
- Transitions to Adulthood
- Self and Society
- Muslims in America
- Social Media and Globalization
- Sociology of Culture
- Afro-Brazilian Culture and Society - summer study abroad course

SOCIOLGY B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

- Major GPA (All USF courses which are applied to major requirements): 2.0
- General Education GPA (All USF courses which are applied to General Education requirements): 2.0
- USF GPA: 2.0
- Overall GPA: 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.
RESIDENCY REQUIREMENT

- Department Major Academic Residency Requirement - At least 27 hours of the major coursework must be completed at USF.
- College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.
- USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research will assist students in understanding the various course options.

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct sociological research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall. If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Erica Toothman at eltoothman@usf.edu for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology coursework with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Seminar.
- Successful completion of the Honors Thesis (SYA 4910 and the thesis itself).
- Applications for the Undergraduate Honors Program in Sociology are available in the Sociology department (CPR 209). Please make an appointment with the Undergraduate Program Director, Erica Toothman at eltoothman@usf.edu before completing the application.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

• SYA 4935 - Senior Seminar Credit(s): 3
MAJOR ELECTIVES (24 CREDIT HOURS)

The remaining 24 hours of Sociology coursework may be comprised of any upper-level courses offered by the Sociology department. In addition, SYG 2010 - Contemporary Social Problems may count toward these 24 hours of electives. No more than three hours each of SYA 4910 - Individual Research and SYA 4949 - Sociological Internship, may count toward the 24 hours of electives.

AREAS OF CONCENTRATION

Sociology majors may choose to complete an optional area of concentration in either "Inequality and Social Justice" or "Identity and Community" by completing one required course and three elective courses (all with a grade of C- or better) listed within the area selected. In some cases, it may be possible to complete both areas of concentration, however, students may count a particular course as an elective for only one area of concentration.

INEQUALITY AND SOCIAL JUSTICE CONCENTRATION

The Department of Sociology offers an optional area of concentration in "Inequality and Social Justice" for sociology majors. Course included in this area of concentration focus on the political, social, and academic intersections among inequalities and the strategies we can implement to address them in a just manner. This area of concentration will be listed on your official transcript and can be useful as you market your skills to potential employers after graduation.

CONCENTRATION CORE (3 HOURS)

• SYO 4536 - Inequalities and Social Justice Credit(s): 3

CONCENTRATION ELECTIVES (21 HOURS)

Select nine (9) credit hours of coursework from the following list. The remaining 12 hours of Sociology coursework may be comprised of any upper-level courses offered by the Sociology department.

• SYA 4121 - Queer Theory Credit(s): 3• SYD 3700 - Racial and Ethnic Relations Credit(s): 3• SYD 4512 - Sustainable Consumption Credit(s): 3• SYD 4800 - Gender and Society Credit(s): 3• SYG 3011 - Social Problems Through Film Credit(s): 3• SYG 3235 - Latina/Latino Lives Credit(s): 3• SYO 3120 - Sociology of Families Credit(s): 3• SYO 3530 - Social Inequalities in a Global Society Credit(s): 3• SYO 4204 - Religion and Immigration Credit(s): 3• SYO 4250 - Sociology of Education Credit(s): 3• SYO 4400 - Medical Sociology Credit(s): 3• SYO 4430 - Disability and Society Credit(s): 3• SYO 4572 - Hidden Structures of Social Life Credit(s): 3• SYP 3060 - Sociology of Sexualities Credit(s): 3• SYP 3562 - Family Violence Credit(s): 3• SYP 4420 - Consumer Culture Credit(s): 3• SYP 4510 - Sociological Aspects of Deviance Credit(s): 3• SYP 4513 - Elite Deviance Credit(s): 3• SYP 4651 - Gender, Sport, and the Body Credit(s): 3• SYA 4304 - Sociological Research Experience Credit(s): 1-3 - with approval• SYA 4910 - Individual Research Credit(s): 1-3 - with approval• SYA 4949 - Sociological Internship Credit(s): 1-6 - with approval• SYA 4930 - Topics in Sociology Credit(s): 3 ** Approved topics

• Religion and Immigration• LGBT Youth in Education• Sociology of the Body• Children of Immigration• Environment and Society• Political Sociology• Gender and Social Movements• Afro-Brazilian Culture and Society - summer study abroad course• Stratification and Mobility• Social Media and Globalization• Social Movements

SOCIOLOGY B.A.- ADDITIONAL INFORMATION

GPA REQUIREMENTS

• Major GPA (All USF courses which are applied to major requirements): 2.0• General Education GPA (All USF courses which are applied to General Education requirements): 2.0• USF GPA: 2.0• Overall GPA: 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.
RESIDENCY REQUIREMENT

- Department Major Academic Residency Requirement - At least 27 hours of the major coursework must be completed at USF.
- College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.
- USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research will assist students in understanding the various course options.

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct sociological research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall. If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Erica Toothman at eltoothman@usf.edu for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Seminar.
- Successful completion of the Honors Thesis (SYA 4910 and the thesis itself).
- Applications for the Undergraduate Honors Program in Sociology are available in the Sociology department (CPR 209). Please make an appointment with the Undergraduate Program Director, Erica Toothman at eltoothman@usf.edu before completing the application.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation. Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx

For questions, SOCadvise@usf.edu.
# 4 Year Plan of Study - Sociology B.A., with Inequality and Social Justice Concentration

## Notes:
- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
- Items that are critical are marked with a ✴️ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:
- Program Manager
- Sales / Marketing Assistant
- Social Science Research Assistant
- Non-Profit Case Manager
- Protective Services
- Teaching

Potential Entry Level Salary Range:
$20,000 - $45,000

## Year 1

### Semester 1 (Fall)

843
SOCIOLGY MINOR

Sociology is the study of human social relationships and institutions. Sociology's subject matter is diverse, ranging from crime to religion, from the family to the state, from the divisions of race and social class to the shared beliefs of a common culture, and from social stability to radical change in whole societies.

TOTAL MINOR CREDIT HOURS: 18

MINOR CORE CREDIT HOURS: 6

• SYG 2000 - Introduction to Sociology Credit(s): 3
• SYA 3110 - Classical Theory Credit(s): 3

MINOR ELECTIVE CREDIT HOURS: 12

Please note that all Sociology students can take ISS listed electives for Sociology credit in the Major and Minor only. Any 12 additional credit hours from prefixes SYA, SYD, SYG, SYO, SYP. Can include but not limited to:

• SYA 4121 - Queer Theory Credit(s): 3
• SYA 4910 - Individual Research Credit(s): 1-3
• SYA 4930 - Topics in Sociology Credit(s): 3
• SYA 4949 - Sociological Internship Credit(s): 1-6
• SYD 3700 - Racial and Ethnic Relations Credit(s): 3
• SYD 4238 - Immigrants to America Credit(s): 3
• SYD 4410 - Urban Sociology Credit(s): 3
• SYD 4411 - Urban Life Credit(s): 3
• SYD 4512 - Sustainable Consumption Credit(s): 3
• SYD 4601 - Community Building and Social Change Credit(s): 3
• SYD 4800 - Gender and Society Credit(s): 3
• SYD 3011 - Social Problems Through Film Credit(s): 3
• SYG 3235 - Latina/Latino Lives Credit(s): 3
• SYO 3120 - Sociology of Families Credit(s): 3
• SYO 3200 - Sociology of Religion Credit(s): 3
• SYO 3460 - Sociology of the Media Credit(s): 3
• SYO 3530 - Social Inequalities in a Global Society Credit(s): 3
• SYO 3400 - Medical Sociology Credit(s): 3
• SYO 4430 - Disability and Society Credit(s): 3
• SYO 4536 - Inequalities and Social Justice Credit(s): 3
• SYO 4572 - Hidden Structures of Social Life Credit(s): 3
• SYO 4573 - Social Networks Credit(s): 3
• SYP 3000 - Social Psychology Credit(s): 3

• SYP 4513 - Elite Deviance Credit(s): 3
• SYP 4550 - Drugs and Society Credit(s): 3
• SYP 4650 - Sport in Society Credit(s): 3
• SYP 4651 - Gender, Sport, and the Body Credit(s): 3
• SYP 4675 - Animals & Society Credit(s): 3
• SYP 4763 - Sociology of Childhood and Youth Credit(s): 3

GPA Requirement

A minimum 2.0 grade point average is required for the Minor.

GRADING REQUIREMENT

Only courses in which a grade of "C-" or better is attained will count toward the minor hours.

RESIDENCY REQUIREMENTS

Nine (9) hours in residency at USF.

OTHER REQUIREMENTS

No more than three hours of SYA 4910 - Individual Research and no more than three hours of SYA 4949 - Sociological Internship may count toward the 18 hour minimum.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

DEPARTMENT OF WOMEN'S AND GENDER STUDIES
WOMEN'S AND GENDER STUDIES B.A.

TOTAL DEGREE HOURS: 120

The Women's and Gender Studies major focuses on feminist research and practice. WGS promotes social justice through the discovery and production of knowledge that emerges from feminist perspectives on culture and society. Students learn the analytic skills to engage the intersections of gender, race, ethnicity, class, sexuality, ability, and nationality in order to become responsible citizens in a diverse transnational environment. We expose limits in traditional higher education caused by excluding women and other marginalized groups and create knowledge that is transformative and inclusive. We connect academic work to the social, political, and economic world outside the university; in linking knowledge, research, and activism, students learn to think critically about social inequalities.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

• Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
• Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
• International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON COURSE PREREQUISITES

Students desiring to transfer to USF should complete an A.A. degree at a Florida College System institution. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the University's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

There are no State Mandated Common Prerequisites for this program. All Florida College System students are encouraged to complete the Associate degree. Students should consult with an academic advisor in their major degree area at the intended transfer institution.

TOTAL MAJOR HOURS: 36

MAJOR CORE (15 CREDIT HOURS)

Students must choose a total of 36 credit hours from Women's and Gender Studies courses. Transfer students may not apply more than 12 hours taken elsewhere toward the major at the University of South Florida.

Students taking Women's and Gender Studies as a second major need to complete 30 credit hours. To do so, they must make a written request to the Undergraduate Director at the time they declare Women's and Gender Studies as a second major. Courses taken in the first major may not count toward the 30 hours in Women's and Gender Studies as a second major.

• WST 3015 - Introduction to Women's Studies Credit(s): 3
• WST 3311 - Issues in Feminism Credit(s): 3
• WST 4002 - Feminist Research Methods Credit(s): 3
• WST 4522 - Classics in Feminist Theory Credit(s): 3
• WST 4561 - Contemporary Feminist Theory Credit(s): 3
• WST 4935 - Capstone/Senior Project Credit(s): 3

MAJOR ELECTIVES (21 CREDIT HOURS)

The remaining 21 hours of Women's & Gender Studies coursework may be comprised of any courses offered by the Women's & Gender Studies department, including approved cross-listed courses. No more than twelve (12) hours of WST 4930 & may count toward the 36 hour minimum.
GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements):  2.0
General Education GPA (All USF courses which are applied to General Education requirements):   2.0
USF GPA:  2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.
Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.
USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research will assist students in understanding the various course options.

INTERNSHIP OPPORTUNITIES

Women's and Gender Studies offers a number of internship opportunities to both majors and minors. Students work on-site and directly with a local organization and can earn from 1-3 credits. Majors may repeat the internship for a maximum of 6 credit hours; minors may repeat once for a maximum of 3 credit hours. Students interested in the internship should contact the Internship Director, Dr. Wendland.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.
Tampa campus website:  https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx

QUEER AND SEXUALITY STUDIES MINOR

TOTAL MINOR HOURS: 18

The minor in Queer and Sexuality Studies is available to students pursuing any other major at USF. It requires a minimum of 18 hours of interdisciplinary coursework.

MINOR REQUIREMENTS: 18 HOURS

MINOR CORE (6 CREDIT HOURS)

Choose 6 hours from:
- WST 3602 - Introduction to LGBTQ Cultures Credit(s): 3
- WST 3380 - Sexualities Studies Credit(s): 3
- WST 4645 - Queer Theory Credit(s): 3
- SYA 4121 - Queer Theory Credit(s): 3

Minor Electives (12 Credit Hours)

Must include a minimum of six (6) hours at the 4000-level or higher.

Twelve (12) credit hours selected from:
- Any course in the Minor Core not counted toward the Core
- WST 2600 - Human Sexual Behavior Credit(s): 3
- WST 3334 - Queer Film & Television Credit(s): 3
- WST 4930 - Selected Topics Credit(s): 1-3
- HIS 3930 - Special Topics Credit(s): 3
- SYA 4121 - Queer Theory Credit(s): 3
- WST 4930 Credit(s): 1-3
- LGBT Youth in Education
- AFA 4931 - Selected Topics in Africana Studies Credit(s): 1-3

GPA REQUIREMENTS

Minor GPA (all USF courses which are applied to minor requirements): 2.0

GRADING REQUIREMENT

- A grade of "C-" is required for a departmental course to count toward a Women's and Gender Studies minor.
- Courses may not be taken S/U, where a grade option exists.

RESIDENCY REQUIREMENTS

CAS Minor Academic Residency Requirement: 50% of minor must be completed at USF.

OTHER INFORMATION

Students may petition the undergraduate advisor to focus their minor on a specific area within Women's and Gender Studies, such as sexualities, women's health or social justice.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

DEPARTMENT OF WORLD LANGUAGES
WORLD LANGUAGES AND CULTURES B.A., WITH APPLIED LINGUISTICS CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in World Languages and Cultures offers students a solid foundation in language and linguistic skills, as well as knowledge of diverse cultures. Upon completion of the program, students will be able to interact and participate in a global environment.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- XXX XXXX * 6-12 credit hours * Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

REQUIRED COURSES: (6 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- LIN 3003 - Language Matters Credit(s): 3
- FOT 4131 - Understanding World Cultures Credit(s): 3

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:
APPLIED LINGUISTICS CONCENTRATION: 8 COURSES; 24 CREDIT HOURS

The Applied Linguistics concentration will help students comprehend a broad range of language-related issues to better understand how language functions both in the lives of individuals and in society. The coursework in this concentration will prepare students for a wide range of career options, including pedagogical preparation for language teaching domestically or internationally, cross-cultural competency for careers in industry, and foundational knowledge in applied linguistics to be successful in graduate work in the field.

PREREQUISITE/SUPPORTING COURSES

The following courses are prerequisite/supporting courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives:

- Completion of 11-12 credit hours of any foreign language through the intermediate level or demonstrated proficiency by testing.

CONCENTRATION CORE: 2 COURSES; 6 CREDIT HOURS

- LIN 3010 - Introduction to Linguistics Credit(s): 3
- LIN 4721 - Second Language Acquisition Credit(s): 3

CONCENTRATION RESTRICTED ELECTIVES: 6 COURSES; 18 CREDIT HOURS

Select six courses from the following list.

Note: Of these six elective courses, one literature or culture course can be substituted (e.g. Russian Literature in Translation, Introduction to Chinese Culture).

- FLE 4390 - Teaching Foreign/Second Languages Credit(s): 3
- LIN 2002 - Language, Culture & Film Credit(s): 3
- LIN 4350 - Sound Systems in American English Credit(s): 3
- LIN 4600 - Sociolinguistics: Language and Society Credit(s): 3
- LIN 4609 - Language and Technology Credit(s): 3
- LIN 4701 - Psycholinguistics Credit(s): 3
- LIN 4903 - Directed Reading Credit(s): 1-3
- LIN 4930 - Selected Topics Credit(s): 1-3
- TSL 4362 - Methodology of Teaching English Overseas Credit(s): 3

DUAL CONCENTRATION IN APPLIED LINGUISTICS

If taking Applied Linguistics as a dual concentration, these are the requirements.

1. Prerequisite/Supporting Courses

The following courses are prerequisite/supporting courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives:

- Completion of 11-12 credit hours of any foreign language through the intermediate level or demonstrated proficiency by testing.

CONCENTRATION CORE: 2 COURSES; 6 CREDIT HOURS

- LIN 3010 - Introduction to Linguistics Credit(s): 3
- LIN 4721 - Second Language Acquisition Credit(s): 33.

CONCENTRATION ELECTIVES: 2 COURSES; 6 CREDIT HOURS

Select 2 courses from the following list.

- FLE 4390 - Teaching Foreign/Second Languages Credit(s): 3
- LIN 2002 - Language, Culture & Film Credit(s): 3
- LIN 4350 - Sound Systems in American English Credit(s): 3
- LIN 4600 - Sociolinguistics: Language and Society Credit(s): 3
- LIN 4609 - Language and Technology Credit(s): 3
- LIN 4701 - Psycholinguistics Credit(s): 3
- LIN 4903 - Directed Reading Credit(s): 1-3
- LIN 4930 - Selected Topics Credit(s): 1-3
- TSL 4362 - Methodology of Teaching English Overseas Credit(s): 34. Twelve (12) hours in another dual concentration.
WORLD LANGUAGES AND CULTURES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research will assist students in understanding the various course options.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

WORLD LANGUAGES AND CULTURES B.A., WITH CHINESE LANGUAGE AND CULTURE CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in World Languages and Cultures offers students a solid foundation in language and linguistic skills, as well as knowledge of diverse cultures. Upon completion of the program, students will be able to interact and participate in a global environment.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- XXX XXXX * 6-12 credit hours *Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

REQUIRED COURSES: (6 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- LIN 3003 - Language Matters Credit(s): 3
- FOT 4131 - Understanding World Cultures Credit(s): 3

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:
CHINESE LANGUAGE AND CULTURE: CONCENTRATION: 8 COURSES; 24 CREDIT HOURS

The Chinese Language and Culture concentration is designed for students who wish to achieve advanced level proficiency in modern Mandarin Chinese language at the same time they develop the sociocultural skills necessary for interaction with Chinese counterparts in professional contexts. Chinese is spoken by more than one billion people across the globe and has been designated a national Critical Language in the US government. High-level Chinese language skills equip students to be highly competitive for China-related jobs in government, international business, international law, education and the non-profit sector.

PREREQUISITE/SUPPORTING COURSES: 4 COURSES; 16 CREDIT HOURS

The following courses are prerequisite/supporting courses for this concentration. They are required for the concentration, but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

- CHI 1120 - Modern Chinese I Credit(s): 4
- CHI 1121 - Modern Chinese II Credit(s): 4
- CHI 2220 - Modern Chinese III Credit(s): 4
- CHI 2221 - Modern Chinese IV Credit(s): 4

CONCENTRATION CORE: 3 COURSES; 9 CREDIT HOURS

- CHI 3241 - Advanced Chinese Conversation I Credit(s): 3
- CHI 3242 - Advanced Chinese Conversation II Credit(s): 3
- CHI 4443 - Networking in China and America Credit(s): 3

Concentration Culture, Literature, and Film Electives: 4 courses; 12 credit hours

Select four courses from the following list.

- CHI 4930 - Special Topics Credit(s): 1-3
- CHT 3110 - Traditional Chinese Literature in Translation Credit(s): 3
- CHT 3124 - Modern Chinese Literature in Translation Credit(s): 3
- CHT 3500 - Introduction to Chinese Culture Credit(s): 3
- CHT 3512 - Contemporary Chinese Language and Society Credit(s): 3
- CHT 3520 - Chinese Film Credit(s): 3

12 Concentration Advanced Language Elective: 1 course; 3 credit hours

Select one course in advanced language courses (3000-4000 level), study abroad coursework in a USF program in China, or coursework in culture, literature, and film. These three credit hours of electives should be planned with a World Languages advisor.

DUAL CONCENTRATION IN CHINESE LANGUAGE AND CULTURE

If taking Chinese Language and Culture as a dual concentration these are the requirements.

1. Prerequisite/Supporting Courses:

The following courses are prerequisite/supporting courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

- CHI 1120 - Modern Chinese I Credit(s): 4
- CHI 1121 - Modern Chinese II Credit(s): 4
- CHI 2220 - Modern Chinese III Credit(s): 4

CONCENTRATION CORE: 2 COURSES; 7 CREDIT HOURS

- CHI 2221 - Modern Chinese IV Credit(s): 4
- CHI 3241 - Advanced Chinese Conversation I Credit(s): 3

CONCENTRATION ELECTIVES: 2 COURSES; 6 CREDIT HOURS

Select two courses from the following list.

- CHI 3242 - Advanced Chinese Conversation II Credit(s): 3
- CHI 4443 - Networking in China and America Credit(s): 3
- CHI 4905 - Directed Study Credit(s): 1-5
- CHT 3110 - Traditional Chinese Literature in Translation Credit(s): 3
- CHT 3124 - Modern Chinese Literature in Translation Credit(s): 3
- CHT 3500 - Introduction to Chinese Culture Credit(s): 3
- CHT 3512 - Contemporary Chinese Language and Society Credit(s): 3
- CHT 3520 - Chinese Film Credit(s): 3

12 Twelve (12) hours in another dual concentration.
WORLD LANGUAGES AND CULTURES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

• Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
• Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
• International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

• XXX XXXX * 6-12 credit hours*Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

REQUIRED COURSES: (6 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

• LIN 3003 - Language Matters Credit(s): 3• FOT 4131 - Understanding World Cultures Credit(s): 3

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:
CLASSICS CONCENTRATION: 7 COURSES; 24 CREDIT HOURS

The Classics concentration is an interdisciplinary humanities field. We provide instruction in the Greek and Latin languages and in the Greek and Roman civilization, literature, mythology and religion. Faculty offer courses in diverse aspects of the Greek and Roman world and mentor students in the acquisition of specific applied skills through their studies. The Classics section combines the intimacy of a small liberal arts college with the wide-ranging educational and professional possibilities of a large state university. This concentration is of special interest to students who wish to teach Latin and Greek at the pre-college level, and to those who plan graduate study in a humanistic discipline including law and medicine.

PREREQUISITE/SUPPORTING COURSES

The following courses are prerequisite/supporting courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

Select one of two required language tracks in either Latin or Greek.

Latin Language Track
- LAT 1120 - Beginning Latin I Credit(s): 4
- LAT 1121 - Beginning Latin II Credit(s): 4
- LAT 2220 - Intermediate Latin Credit(s): 4

Greek Language Track
- GRE 1120 - Beginning Classical Greek I Credit(s): 4
- GRE 1121 - Beginning Classical Greek II Credit(s): 4
- GRE 2220 - Intermediate Classical Greek Credit(s): 4

CONCENTRATION CORE: 1 COURSE; 3 CREDIT HOURS

- CLT 3370 - Gods Heroes and Monsters in the Ancient World Credit(s): 3

Select one of two required language tracks in either Latin or Greek.

LAT 2221 - Intermediate Latin II Credit(s): 4

CONCENTRATION ELECTIVES: 6 COURSES; 17-18 CREDIT HOURS

Select any six (6) courses with a CLA or CLT prefix, which have not been used for another requirement within the major and/or concentration.

DUAL CONCENTRATION IN CLASSICS

If taking Classics as a dual concentration, these are the requirements.

1. Prerequisite/Supporting Courses

The following courses are prerequisite/supporting courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

Select one of two required language tracks in either Latin or Greek.

Latin Language Track
- LAT 1120 - Beginning Latin I Credit(s): 4
- LAT 1121 - Beginning Latin II Credit(s): 4
- LAT 2220 - Intermediate Latin Credit(s): 4

Greek Language Track
- GRE 1120 - Beginning Classical Greek I Credit(s): 4
- GRE 1121 - Beginning Classical Greek II Credit(s): 4
- GRE 2220 - Intermediate Classical Greek Credit(s): 4

CONCENTRATION CORE: 2 COURSES; 6 CREDIT HOURS

- CLT 3370 - Gods Heroes and Monsters in the Ancient World Credit(s): 3
- LAT 2221 - Intermediate Latin II Credit(s): 4
CONCENTRATION ELECTIVES: 2 COURSES; 6 CREDIT HOURS

Select any two courses with a CLA or CLT prefix, which have not been used for another requirement within the major and/or concentration.

4. Twelve (12) hours in another dual concentration.

• World Languages and Cultures B.A., with Applied Linguistics Concentration
• World Languages and Cultures B.A., with Chinese Language and Culture Concentration
• World Languages and Cultures B.A., with East Asian Languages and Cultures Concentration
• World Languages and Cultures B.A., with French and Francophone Studies Concentration
• World Languages and Cultures B.A., with German Concentration
• World Languages and Cultures B.A., with Italian Concentration
• World Languages and Cultures B.A., with Russian Concentration
• World Languages and Cultures B.A., with Spanish and Latin American Studies Concentration

WORLD LANGUAGES AND CULTURES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research will assist students in understanding the various course options.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

WORLD LANGUAGES AND CULTURES B.A., WITH EAST ASIAN LANGUAGES AND CULTURES CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in World Languages and Cultures offers students a solid foundation in language and linguistic skills, as well as knowledge of diverse cultures. Upon completion of the program, students will be able to interact and participate in a global environment.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:
• Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
• Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
• International: https://www.usf.edu/admissions/international/admission-information/index.aspx
For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

• XXX XXXX * 6-12 credit hours*Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

REQUIRED COURSES: (6 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:
EAST ASIAN LANGUAGES AND CULTURES CONCENTRATION: 7 COURSES; 23 CREDIT HOURS

The East Asian Languages and Cultures concentration is designed to provide students with opportunities to develop broad understandings of East Asia as a region through interdisciplinary explorations into the languages, literatures, cultures, film, humanities, history, geography, arts, and political institutions of China, Japan, and Korea. USF has strong programs in Chinese and Japanese, two critical languages that serve as the core of the East Asian Languages and Cultures concentration. The concentration prepares students be highly attractive in the global marketplace and to be immediate contributors to globally-oriented organizations, companies, and institutions with strong language skills as well as broad sociocultural knowledge that situates the use of those languages in two or more countries in the region. High-level critical language skills equip students to be highly competitive for Japan- and China-related jobs in government, international business, international law, law enforcement, defense, intelligence, and the non-profit sector.

PREREQUISITE/SUPPORTING COURSES: 2 COURSES; 8 CREDIT HOURS

The following courses are prerequisite/supporting courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. A student chooses either Chinese or Japanese coursework from the following list. Students may also demonstrate proficiency by testing.

Chinese Coursework
- CHI 1120 - Modern Chinese I Credit(s): 4
- CHI 1121 - Modern Chinese II Credit(s): 4
- CHI 2220 - Modern Chinese III Credit(s): 4
- JPN 1120 - Modern Japanese I Credit(s): 4
- JPN 1121 - Modern Japanese II Credit(s): 4
- JPN 2220 - Modern Japanese III Credit(s): 4

CONCENTRATION CORE: 2 COURSES; 7 CREDIT HOURS

Japanese Focused Required Language Courses
- JPN 2221 - Modern Japanese IV Credit(s): 4
- JPN 3400 - Japanese V Credit(s): 3
- CHI 2221 - Modern Chinese IV Credit(s): 4
- CHI 3241 - Advanced Chinese Conversation I Credit(s): 3

Select one course from the following list.
- ASN 3201 - East Asian Cinema Credit(s): 3
- ASN 4414 - Introduction to East Asian Cultures Credit(s): 3

CONCENTRATION LITERATURE, CULTURE, AND FILM REQUIREMENT: 4 COURSES; 11 CREDIT HOURS

Select four (4) courses from the following list.
- ARH 4530 - Asian Art Credit(s): 3
- ASN 3012 - Japan Today Credit(s): 3
- CHI 4905 - Directed Study Credit(s): 1-5
- CHI 4930 - Special Topics Credit(s): 1-3
- CHT 3110 - Traditional Chinese Literature in Translation Credit(s): 3
- CHT 3124 - Modern Chinese Literature in Translation Credit(s): 3
- CHT 3512 - Contemporary Chinese Language and Society Credit(s): 3
- CHT 3520 - Chinese Film Credit(s): 3
- JPN 4020 - Japanese Calligraphy Credit(s): 1
- JPN 4930 - Selected Topics Credit(s): 1-3

CONCENTRATION ELECTIVES: 1 COURSE; 3 CREDIT HOURS

Select one course in Chinese or Japanese language courses, study abroad coursework in a USF program in China or Japan, or coursework in culture, literature, and film with a significant focus on China, Japan, or East Asia as a region. These electives should be planned with a World Languages advisor.

DUAL CONCENTRATION IN EAST ASIAN LANGUAGES AND CULTURES

If taking East Asian Languages and Cultures as a dual concentration, these are the requirements.

1. Prerequisite/Supporting Courses
The following courses are prerequisite/supporting courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. A student chooses either Chinese or Japanese coursework from the following list. Students may also demonstrate proficiency by testing.

**Chinese Coursework**
- CHI 1120 - Modern Chinese I Credit(s): 4
- CHI 1121 - Modern Chinese II Credit(s): 4
- CHI 2220 - Modern Chinese III Credit(s): 4
- or Japanese Coursework
- JPN 1120 - Modern Japanese I Credit(s): 4
- JPN 1121 - Modern Japanese II Credit(s): 4
- JPN 2220 - Modern Japanese III Credit(s): 4

**CONCENTRATION CORE: 2 COURSES; 7 CREDIT HOURS**

- JPN 2221 - Modern Japanese IV Credit(s): 4
- JPN 3400 - Japanese V Credit(s): 3
- or Chinese Core
- CHI 2221 - Modern Chinese IV Credit(s): 4
- CHI 3241 - Advanced Chinese Conversation I Credit(s): 3

**CONCENTRATION ELECTIVES: 5 CREDIT HOURS**

- Regional Focus
  - Select one course from the following list.
    - ASN 3201 - East Asian Cinema Credit(s): 3
    - ASN 4414 - Introduction to East Asian Cultures Credit(s): 3
- Literature, Culture, Film
  - Select one course from the following list.
    - ARH 4530 - Asian Art Credit(s): 3
    - ASN 3012 - Japan Today Credit(s): 3
    - CHI 4905 - Directed Study Credit(s): 1-5
    - CHI 4930 - Special Topics Credit(s): 1-3
    - CHT 3110 - Traditional Chinese Literature in Translation Credit(s): 3
    - CHT 3124 - Modern Chinese Literature in Translation Credit(s): 3
    - CHT 3500 - Introduction to Chinese Culture Credit(s): 3
    - CHT 3512 - Contemporary Chinese Language and Society Credit(s): 3
    - CHT 3520 - Chinese Film Credit(s): 3
    - JPN 4020 - Japanese Calligraphy Credit(s): 1
    - JPN 4930 - Selected Topics Credit(s): 1-3
- Twelve (12) hours in another dual concentration.
  - World Languages and Cultures B.A., with Applied Linguistics Concentration
  - World Languages and Cultures B.A., with Classics Concentration
  - World Languages and Cultures B.A., with French and Francophone Studies Concentration
  - World Languages and Cultures B.A., with German Concentration
  - World Languages and Cultures B.A., with Interdisciplinary Classical Civilizations Concentration
  - World Languages and Cultures B.A., with Italian Concentration
  - World Languages and Cultures B.A., with Russian Concentration
  - World Languages and Cultures B.A., with Spanish and Latin American Studies Concentration

**WORLD LANGUAGES AND CULTURES B.A. - ADDITIONAL INFORMATION**
