The Bachelor of Arts in World Languages and Cultures offers students a solid foundation in language and linguistic skills, as well as knowledge of diverse cultures. Upon completion of the program, students will be able to interact and participate in a global environment.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- XXX XXXX * 6-12 credit hours * Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

REQUIRED COURSES: (6 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- LIN 3003 - Language Matters Credit(s): 3
- FOT 4131 - Understanding World Cultures Credit(s): 3

Required Concentrations: (24 credit hours)

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:
The French and Francophone Studies concentration offers solid academic and practical training in the language, literature, and culture of France and the French-speaking world in an engaged, full immersion environment. Students have the opportunity to attain an advanced level of French with regard to comprehension, reading, writing, and speaking. Successful students become conversant in many of the major issues, past and present, relating to French and Francophone cultures, literatures, and civilizations. French graduates are attractive to employers in numerous fields, in addition to graduate and professional schools. USF alumni in French may be found in such professions as education, business, foreign service, politics, law, and health.

The following courses are prerequisite/supporting courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

- **FRE 1120** - Beginning French I Credit(s): 4
- **FRE 1121** - Beginning French II Credit(s): 4
- **FRE 2200** - French III Credit(s): 3
- **FRE 2240** - Intermediate Spoken French in Cultural Context Credit(s): 3
- **FRE 2241** - Spoken French in Cultural Context Credit(s): 3
- **FRE 3234** - Reading in French Literature and Culture Credit(s): 3
- **FRE 3391** - French Cinema Credit(s): 3
- **FRE 3420** - Written French in Cultural Context Credit(s): 3
- **FRE 3440** - French For Business Credit(s): 3
- **FRE 3470** - Overseas Study Credit(s): 1-6
- **FRE 3500** - French Civilization Credit(s): 3
- **FRE 3502** - The Francophone World: A Global Culture Credit(s): 3
- **FRE 4421** - Advanced Written French in Cultural Context Credit(s): 3
- **FRE 4470** - French Linguistics Credit(s): 3
- **FRE 4471** - Advanced Overseas Study Credit(s): 1-6
- **FRE 4700** - French For Business Credit(s): 3
- **FRE 4930** - Selected Topics Credit(s): 1-3
- **FRT 3001** - Great French Love Stories in Translation Credit(s): 3
- **FRW 4100** - The French Novel Credit(s): 3
- **FRW 4101** - Introduction to French Drama and Poetry Credit(s): 3
- **Other USF FRE-, FRT-, FRW-** prefixed courses may be applied to the concentration, with prior approval from the World Languages faculty and advisor.

**DUAL CONCENTRATION IN FRENCH AND FRANCOPHONE STUDIES**

If taking French and Francophone Studies as a dual concentration, these are the requirements.

Note: When declaring a dual concentration, no FRT-prefixed courses may be used to fulfill the French and Francophone Studies concentration.

1. Prerequisite/Supporting Courses

The following courses are prerequisite/supporting courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

- **FRE 1120** - Beginning French I Credit(s): 4
- **FRE 1121** - Beginning French II Credit(s): 4
- **FRE 2200** - French III Credit(s): 3
- **FRE 2240** - Intermediate Spoken French in Cultural Context Credit(s): 3
- **FRE 2241** - Spoken French in Cultural Context Credit(s): 3
- **FRE 3234** - Reading in French Literature and Culture Credit(s): 3
- **FRE 3391** - French Cinema Credit(s): 3
- **FRE 3420** - Written French in Cultural Context Credit(s): 3
- **FRE 3440** - French For Business Credit(s): 3
- **FRE 3470** - Overseas Study Credit(s): 1-6
- **FRE 3500** - French Civilization Credit(s): 3
- **FRE 3502** - The Francophone World: A Global Culture Credit(s): 3
- **FRE 4421** - Advanced Written French in Cultural Context Credit(s): 3
- **FRE 4470** - French Linguistics Credit(s): 3
- **FRE 4930** - Selected Topics Credit(s): 1-3
- **FRW 4100** - The French Novel Credit(s): 3
- **FRW 4101** - Introduction to French Drama and Poetry Credit(s): 3
- **Other USF FRE-, FRT-, FRW-** prefixed courses may be applied to the concentration, with prior approval from the World Languages faculty and advisor.

3. Twelve (12) hours in another dual concentration.
WORLD LANGUAGES AND CULTURES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements):  2.0
General Education GPA (All USF courses which are applied to General Education requirements):   2.0
USF GPA:  2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.
USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research will assist students in understanding the various course options.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

REQUIRED COURSES: (6 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

• LIN 3003 - Language Matters Credit(s): 3• FOT 4131 - Understanding World Cultures Credit(s): 3

Required Concentrations: (24 credit hours)

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:
GERMAN CONCENTRATION: 8 COURSES; 24 CREDIT HOURS

The concentration in German prepares students to understand and critically evaluate the language and cultures of German-speaking countries. The program prepares students in communicative proficiency and cultural literacy so that they are able to competently engage in global and transcultural interactions in the 21st century. Students will be prepared for positions in education, international business, foreign affairs, the arts, politics, and international law.

PREREQUISITE/SUPPORTING COURSES

The following courses are prerequisite/supporting courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

- GER 1120 - Beginning German I Credit(s): 4
- GER 1121 - Beginning German II Credit(s): 4
- GER 2200 - German III Credit(s): 3

CONCENTRATION CORE: 3 COURSES; 9 CREDIT HOURS

Select three (3) courses from the following list.

- GER 3333 - German Language & Culture through Film Credit(s): 3
- GER 3420 - Composition I Credit(s): 3
- GER 3500 - The Germans - Past and Present Credit(s): 3
- GER 3501 - Urban Life & Culture in Germany Credit(s): 3
- GER 3573 - Cultural Observations in Germany Credit(s): 3
- GER 4410 - Conversation II Credit(s): 3
- GER 4421 - Composition II Credit(s): 3

CONCENTRATION ELECTIVES: 5 COURSES; 15 CREDIT HOURS

Select five (5) courses from the following list.

- GER 2200 - German III Credit(s): 3
- GER 2201 - German IV Credit(s): 3
- GER 2240 - Conversation I Credit(s): 3
- GET 3103 - German Literature in English Translation Credit(s): 3
- GET 3522 - Fantastic Films of Early German Cinema Credit(s): 3
- GET 3524 - German Popular Film Credit(s): 3
- GET 4250 - Dungeons Dragons & Dwarfs Germanic Myth & Pop Cult Credit(s): 3
- GET 4523 - New German Cinema to Present Credit(s): 3
- GET 4528 - German Directors in Hollywood Credit(s): 3
- GEW 4100 - Survey of German Literature I Credit(s): 3
- GEW 4101 - Survey of German Literature II Credit(s): 3
- GEW 4900 - Directed Study Credit(s): 1-3
- GEW 4930 - Selected Topics Credit(s): 1-3

DUAL CONCENTRATION IN GERMAN

If taking German as a dual concentration, these are the requirements.

1. Prerequisite/Supporting Courses

The following courses are prerequisite/supporting courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

- GER 1120 - Beginning German I Credit(s): 4
- GER 1121 - Beginning German II Credit(s): 4
- GER 2200 - German III Credit(s): 3

CONCENTRATION CORE: 3 COURSES; 9 CREDIT HOURS

Select three (3) courses from the following list.

- GER 3333 - German Language & Culture through Film Credit(s): 3
- GER 3420 - Composition I Credit(s): 3
- GER 3500 - The Germans - Past and Present Credit(s): 3
- GER 3501 - Urban Life & Culture in Germany Credit(s): 3
- GER 3573 - Cultural Observations in Germany Credit(s): 3
- GER 4410 - Conversation II Credit(s): 3
- GER 4421 - Composition II Credit(s): 3

CONCENTRATION ELECTIVES: 1 COURSE; 3 CREDIT HOURS

Select one course from the following list.
• GER 2201 - German IV Credit(s): 3
• GER 2240 - Conversation I Credit(s): 3
• GET 3103 - German Literature in English Translation Credit(s): 3
• GET 3522 - Fantastic Films of Early German Cinema Credit(s): 3
• GET 3524 - German Popular Film Credit(s): 3
• GET 4250 - Dungeons Dragons & Dwarfs Germanic Myth & Pop Cult Credit(s): 3
• GET 4523 - New German Cinema to Present Credit(s): 3
• GET 4528 - German Directors in Hollywood Credit(s): 3
• GET 4520 - Dungeons Dragons & Dwarfs Germanic Myth & Pop Cult Credit(s): 3
• GET 4523 - New German Cinema to Present Credit(s): 3
• GET 4528 - German Directors in Hollywood Credit(s): 3
• GEW 4100 - Survey of German Literature I Credit(s): 3
• GEW 4101 - Survey of German Literature II Credit(s): 3
• GEW 4900 - Directed Study Credit(s): 1-3
• GEW 4930 - Selected Topics Credit(s): 1-3

Twelve (12) hours in another dual concentration.

• World Languages and Cultures B.A., with Applied Linguistics Concentration
• World Languages and Cultures B.A., with Classics Concentration
• World Languages and Cultures B.A., with Chinese Language and Culture Concentration
• World Languages and Cultures B.A., with East Asian Languages and Cultures Concentration
• World Languages and Cultures B.A., with French and Francophone Studies Concentration
• World Languages and Cultures B.A., with Interdisciplinary Classical Civilizations Concentration
• World Languages and Cultures B.A., with Italian Concentration
• World Languages and Cultures B.A., with Russian Concentration
• World Languages and Cultures B.A., with Spanish and Latin American Studies Concentration

**NOTES:**
- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see [https://www.usf.edu/undergrad/students/civics-literacy.aspx](https://www.usf.edu/undergrad/students/civics-literacy.aspx) or talk with your academic advisor.
- Items that are critical are marked with a ✳️ and are included in the plan for a student to stay on track.
WORLD LANGUAGES AND CULTURES B.A., WITH INTERDISCIPLINARY CLASSICAL CIVILIZATIONS CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in World Languages and Cultures offers students a solid foundation in language and linguistic skills, as well as knowledge of diverse cultures. Upon completion of the program, students will be able to interact and participate in a global environment.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- XXX XXXX * 6-12 credit hours * Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

REQUIRED COURSES: (6 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- LIN 3003 - Language Matters Credit(s): 3• FOT 4131 - Understanding World Cultures Credit(s): 3Required Concentrations: (24 credit hours)

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:
INTERDISCIPLINARY CLASSICAL CIVILIZATIONS CONCENTRATION: 8 COURSES; 24 CREDIT HOURS

The concentration in Interdisciplinary Classical Civilizations is of special interest to students who wish to study broadly the literature, history art, and archaeology, philosophy, and religion of Greece, Rome and the Near East, equally emphasizing language and translation courses.

PREREQUISITE/SUPPORTING COURSES

The following courses are prerequisite/supporting courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

Latin

- LAT 1120 - Beginning Latin I Credit(s): 4
- LAT 1121 - Beginning Latin II Credit(s): 4
- LAT 2220 - Intermediate Latin Credit(s): 4
- GRE 1120 - Beginning Classical Greek I Credit(s): 4
- GRE 1121 - Beginning Classical Greek II Credit(s): 4
- GRE 2220 - Intermediate Classical Greek Credit(s): 4

CONCENTRATION CORE: 1 COURSE; 3 CREDIT HOURS

- CLT 3370 - Gods Heroes and Monsters in the Ancient World Credit(s): 3

CONCENTRATION INTERDISCIPLINARY FIELD ELECTIVES: 6 COURSES; 18 CREDIT HOURS

Choose six (6) 3000- and 4000-level courses from the following.

- ARH 4130 - Greek Art Credit(s): 3
- ARH 4151 - Roman Art Credit(s): 3
- CLA 3103 - Daily Life in Ancient Greece Credit(s): 3
- CLA 3124 - Daily Life in Ancient Rome Credit(s): 3
- CLA 3435 - Ancient Globalization: East and West in the Hellenistic World Credit(s): 3
- CLA 3503 - Ancient Medicine: Quacks, Doctors, and Magicians Credit(s): 3
- CLA 4501 - Women in Antiquity Credit(s): 3
- CLT 3103 - Epic Battles and Dramatic Reversals in Greek Thought Credit(s): 3
- CLT 3123 - Voyages and Metamorphoses in Roman Imagination Credit(s): 3
- EUH 2011 - Ancient History I Credit(s): 3
- EUH 2012 - Ancient History II Credit(s): 3
- EUH 3401 - Classical Greece Credit(s): 3
- EUH 3402 - Age of Alexander Credit(s): 3
- EUH 3412 - Roman Republic Credit(s): 3
- EUH 3413 - Roman Empire Credit(s): 3
- EUH 3415 - Ancient Israel and the Development of the Hebrew Bible Credit(s): 3
- HUM 2210 - Studies in Culture: The Classical Through Medieval Periods Credit(s): 3
- LIT 3374 - The Bible As Literature Credit(s): 3
- PHH 3062 - History of Western Philosophy: Ancient Philosophy Credit(s): 3
- PHP 4000 - Plato Credit(s): 3
- PHP 4010 - Aristotle Credit(s): 3
- POT 3013 - Classical Political Theory Credit(s): 3
- REL 3280 - Biblical Archaeology Credit(s): 3
- REL 4213 - Early Jewish Literature Credit(s): 3
- REL 4215 - Ancient Israel and the Development of the Hebrew Bible Credit(s): 3
- REL 4216 - Who Wrote the Bible (Genesis-Kings) Credit(s): 3

DUAL CONCENTRATION IN INTERDISCIPLINARY CLASSICAL CIVILIZATIONS

If taking Interdisciplinary Classical Civilizations as a dual concentration, these are the requirements.

1. Prerequisite/Supporting Courses

The following courses are prerequisite/supporting courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.
Latin

- LAT 1120 - Beginning Latin I Credit(s): 4
- LAT 1121 - Beginning Latin II Credit(s): 4
- LAT 2220 - Intermediate Latin Credit(s): 4 or Greek

- GRE 1120 - Beginning Classical Greek I Credit(s): 4
- GRE 1121 - Beginning Classical Greek II Credit(s): 4
- GRE 2220 - Intermediate Classical Greek Credit(s): 4.

**CONCENTRATION CORE: 1 COURSE; 3 CREDIT HOURS**

- CLT 3370 - Gods, Heroes and Monsters in the Ancient World Credit(s): 3
- Classic Field Electives: 1 course; 3 credit hours

Select one (1) course from the following list.

- CLA 3103 - Daily Life in Ancient Greece Credit(s): 3
- CLA 3124 - Daily Life in Ancient Rome Credit(s): 3
- CLT 3103 - Epic Battles and Dramatic Reversals in Greek Thought Credit(s): 3
- CLT 3123 - Voyages and Metamorphoses in Roman Imagination Credit(s): 3
- CLT 3132 - Voyages and Metamorphoses in Roman Imagination Credit(s): 3
- CLT 3511 - Greece and Rome in World Film Credit(s): 3
- CLT 3521 - American Greece, American Rome Credit(s): 3
- EUH 2011 - Ancient History I Credit(s): 3
- EUH 2012 - Ancient History II Credit(s): 3
- EUH 3401 - Classical Greece Credit(s): 3
- EUH 3402 - Age of Alexander Credit(s): 3
- EUH 3403 - Classical Greece Credit(s): 3
- EUH 3412 - Roman Republic Credit(s): 3
- HUM 2210 - Studies in Culture: The Classical Through Medieval Periods Credit(s): 3
- LIT 3101 - Literature of the Western World Through the Renaissance Credit(s): 3
- LIT 3374 - The Bible As Literature Credit(s): 3
- PHH 3062 - History of Western Philosophy: Ancient Philosophy Credit(s): 3
- PHP 4000 - Plato Credit(s): 3
- PHP 4010 - Aristotle Credit(s): 3
- POT 3013 - Classical Political Theory Credit(s): 3
- REL 3280 - Biblical Archaeology Credit(s): 3
- REL 4213 - Early Jewish Literature Credit(s): 3
- REL 4215 - Ancient Israel and the Development of the Hebrew Bible Credit(s): 3
- REL 4216 - Who Wrote the Bible (Genesis-Kings) Credit(s): 3
- REL 4250 - Jesus' Life and Teachings Credit(s): 3

Select two (2) 3000- and 4000-level courses from the following courses.

- ARH 4130 - Greek Art Credit(s): 3
- ARH 4151 - Roman Art Credit(s): 3
- CLA 3103 - Daily Life in Ancient Greece Credit(s): 3
- CLA 3124 - Daily Life in Ancient Rome Credit(s): 3
- CLA 3435 - Ancient Globalization: East and West in the Hellenistic World Credit(s): 3
- CLA 3503 - Ancient Medicine: Quacks, Doctors, and Magicians Credit(s): 3
- CLA 4501 - Women in Antiquity Credit(s): 3
- CLT 3103 - Epic Battles and Dramatic Reversals in Greek Thought Credit(s): 3
- CLT 3123 - Voyages and Metamorphoses in Roman Imagination Credit(s): 3
- CLT 3511 - Greece and Rome in World Film Credit(s): 3
- CLT 3521 - American Greece, American Rome Credit(s): 3
- EUH 2011 - Ancient History I Credit(s): 3
- EUH 2012 - Ancient History II Credit(s): 3
- EUH 3401 - Classical Greece Credit(s): 3
- EUH 3402 - Age of Alexander Credit(s): 3
- HUM 2210 - Studies in Culture: The Classical Through Medieval Periods Credit(s): 3

WORLD LANGUAGES AND CULTURES B.A. - ADDITIONAL INFORMATION

**GPA REQUIREMENTS**

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA 2.0

**GRADING REQUIREMENTS**

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.
RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research will assist students in understanding the various course options.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

REQUIRED COURSES: (6 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

• LIN 3003 - Language Matters Credit(s): 3
• FOT 4131 - Understanding World Cultures Credit(s): 3

Required Concentrations: (24 credit hours)

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:
ITALIAN CONCENTRATION: 8 COURSES; 24 CREDIT HOURS

The Interdisciplinary Italian concentration offers courses in Italian language, film, literature, history, cultural studies, Italian-American studies and the culture of food offered both in Italian and in English. The objective of the concentration is to prepare students to become receptive to the global concerns of our society increasing their capabilities in writing, speaking, intercultural literacy and effective citizenship, all skills that are useful in a variety of professions.

PREREQUISITE/SUPPORTING COURSES

The following courses are prerequisite/supporting courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

- ITA 1120 - Beginning Italian I Credit(s): 4
- ITA 1121 - Beginning Italian II Credit(s): 4
- ITA 2200 - Italian III Credit(s): 3

CONCENTRATION CORE: 3 COURSES; 9 CREDIT HOURS

Select three (3) courses from the following list.

- ITA 2240 - Italian Conversation Credit(s): 3
- ITA 3234 - Reading and Writing in Italian Credit(s): 3
- ITA 4930 - Special Topics Credit(s): 1-3
- ITT 4505 - Italian Americans on Screen Credit(s): 3
- ITT 4531 - Italian Food in Film Credit(s): 3

CONCENTRATION ELECTIVES: 5 COURSES; 15 CREDIT HOURS

Select five (5) courses from the following list.

- ITA 2201 - Italian IV Credit(s): 3
- ITA 3420 - Composition Credit(s): 3
- ITA 4930 - Special Topics Credit(s): 1-3
- ITT 3504 - Italian Culture Through Film Credit(s): 3
- ITW 4905 - Directed Study Credit(s): 1-3

DUAL CONCENTRATION IN ITALIAN

If taking Italian as a dual concentration these are the requirements.

1. Prerequisite/Supporting Courses

The following courses are prerequisite/supporting courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

- ITA 1120 - Beginning Italian I Credit(s): 4
- ITA 1121 - Beginning Italian II Credit(s): 4
- ITA 2200 - Italian III Credit(s): 32

CONCENTRATION CORE: 3 COURSES; 9 CREDIT HOURS

Select three (3) courses from the following list.

- ITA 2240 - Italian Conversation Credit(s): 3
- ITA 3234 - Reading and Writing in Italian Credit(s): 3
- ITA 4930 - Special Topics Credit(s): 1-3
- ITT 4505 - Italian Americans on Screen Credit(s): 3
- ITT 4531 - Italian Food in Film Credit(s): 33

CONCENTRATION ELECTIVES: 1 COURSE; 3 CREDIT HOURS

Select one course from the following list.

- ITA 2201 - Italian IV Credit(s): 3
- ITA 3420 - Composition Credit(s): 3
- ITT 3504 - Italian Culture Through Film Credit(s): 3
- ITW 4905 - Directed Study Credit(s): 1-3. Twelve (12) hours in another dual concentration.

The Bachelor of Arts in World Languages and Cultures offers students a solid foundation in language and linguistic skills, as well as knowledge of diverse cultures. Upon completion of the program, students will be able to interact and participate in a global environment.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

STATE MANDATED COMMON PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- XXX XXXX * 6-12 credit hours*Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

REQUIRED COURSES: (6 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- LIN 3003 - Language Matters Credit(s): 3
- FOT 4131 - Understanding World Cultures Credit(s): 3

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:
The concentration in Russian seeks to prepare its students to understand the language, literature, and culture of Russia. One of the concentration's primary goals is to prepare students to be able to interact productively with Russian speakers. The concentration seeks to develop the highest possible level of proficiency in the Russian language in each of its students as a foundation for both academic understanding and everyday communication. In order to achieve this goal, the Russian concentration treats language and culture as an inextricably bound up nexus that has to be inculcated at every step of the learning process.

**PREREQUISITE/SUPPORTING COURSES**

The following courses are prerequisite/supporting courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

- RUS 1120 - Beginning Russian I Credit(s): 4
- RUS 1121 - Beginning Russian II Credit(s): 4
- RUS 2220 - Intermediate Russian I Credit(s): 4

**CONCENTRATION CORE: 1 COURSE; 4 CREDIT HOURS**

- RUS 2221 - Intermediate Russian II Credit(s): 4

**CONCENTRATION ELECTIVES: 7 COURSES; 20 CREDIT HOURS**

Select seven (7) courses from the following list.

- RUS 3240 - Russian Language & Culture through Film Credit(s): 3
- RUS 3470 - Overseas Study Credit(s): 1-6
- RUS 4241 - Russian Language & Culture through Film II Credit(s): 3
- RUS 3500 - Russian Civilization Credit(s): 3
- RUT 3110 - Nineteenth Century Russian Literature in English Credit(s): 3
- RUS 4900 - Selected Topics Credit(s): 1-3
- RUS 4905 - Directed Study Credit(s): 1-3

One course from an EUH-, an INR- or a PHI-prefixed course, dealing with Russia (prior approval from an advisor is required).

**DUAL CONCENTRATION IN RUSSIAN**

If taking Russian as a dual concentration, these are the requirements.

1. Prerequisite/Supporting Courses

The following courses are prerequisite/supporting courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

- RUS 1120 - Beginning Russian I Credit(s): 4
- RUS 1121 - Beginning Russian II Credit(s): 4
- RUS 2220 - Intermediate Russian I Credit(s): 4

**CONCENTRATION CORE: 1 COURSE; 4 CREDIT HOURS**

- RUS 2221 - Intermediate Russian II Credit(s): 4

**CONCENTRATION ELECTIVES: 3 COURSES; 8 CREDIT HOURS**

Select three (3) courses from the following list.

- RUS 3240 - Russian Language & Culture through Film Credit(s): 3
- RUS 3470 - Overseas Study Credit(s): 1-6
- RUS 3500 - Russian Civilization Credit(s): 3
- RUS 4241 - Russian Language & Culture through Film II Credit(s): 3
- RUS 4900 - Selected Topics Credit(s): 1-3
- RUT 3111 - Twentieth-Century Russian Literature in English Credit(s): 3
- RUS 4905 - Directed Study Credit(s): 1-3

One course from an EUH-, an INR- or a PHI-prefixed course, dealing with Russia (prior approval from an advisor is required).

4. Twelve (12) hours in another dual concentration.
• World Languages and Cultures B.A., with Applied Linguistics Concentration
• World Languages and Cultures B.A., with Classics Concentration
• World Languages and Cultures B.A., with Chinese Language and Culture Concentration
• World Languages and Cultures B.A., with East Asian Languages and Cultures Concentration
• World Languages and Cultures B.A., with French and Francophone Studies Concentration
• World Languages and Cultures B.A., with German Concentration
• World Languages and Cultures B.A., with Interdisciplinary Classical Civilizations Concentration
• World Languages and Cultures B.A., with Italian Concentration
• World Languages and Cultures B.A., with Spanish and Latin American Studies Concentration

WORLD LANGUAGES AND CULTURES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.
USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research will assist students in understanding the various course options.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

REQUIRED CORE COURSES: (6 CREDIT HOURS)

- LIN 3003 - Language Matters Credit(s): 3
- FOT 4131 - Understanding World Cultures Credit(s): 3

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:
SPANISH AND LATIN AMERICAN STUDIES CONCENTRATION: 8 COURSES; 24 CREDIT HOURS

The Interdisciplinary Spanish and Latin American Studies concentration focuses on the language and culture of the Spanish-speaking world. Spanish is a global language, the second most spoken native language in the world. The historical ties with Spain, the proximity of Spanish America, and the presence of many Spanish speakers in the United States make knowledge of Spanish and the culture of the Spanish-speaking world highly relevant to students in all disciplines.

Please note the following restrictions:
• No more than six credit hours of coursework between 2240-2999 may be applied to the Spanish concentration.
• A student may take no more than one course with an SPT prefix.
• SPN 2240 Conversation I and SPN 2341 may also be counted as Concentration Electives, unless the course has been used to fulfill another concentration and/or major requirement.
• The requirements of SPN 3300 or SPN 2340 may be waived for qualified students. These students will take an additional course to satisfy the concentration requirements.

Prerequisite/Supporting Courses

• SPN 1120 - Beginning Spanish I Credit(s): 4
• SPN 1121 - Beginning Spanish II Credit(s): 4
• SPN 2200 - Spanish III Credit(s): 3
• SPN 2240 - Conversation I Credit(s): 3

CONCENTRATION CORE: 2 COURSES; 6 CREDIT HOURS

• SPW 3030 - Introduction to Hispanic Literary Studies Credit(s): 3

Select one course from the following list:
• SPN 2340 - Advanced Spanish for Native Speakers I Credit(s): 3
• SPN 2341 - Advanced Spanish for Native Speakers II Credit(s): 3
• SPN 3300 - Advanced Spanish Grammar and Composition Credit(s): 3

CONCENTRATION ELECTIVES: 6 COURSES; 18 CREDIT HOURS

Select six (6) courses from the following list of courses.
• SPN 2241 - Conversation II Credit(s): 3
• SPN 2340 - Advanced Spanish for Native Speakers I Credit(s): 3
• SPN 2341 - Advanced Spanish for Native Speakers II Credit(s): 3
• SPN 3300 - Advanced Spanish Grammar and Composition Credit(s): 3
• SPN 3391 - Latin American Cinema Credit(s): 3
• SPN 3440 - Spanish for Business and International Trade I Credit(s): 3
• SPN 3441 - Spanish for Business and International Trade II Credit(s): 3
• SPN 3500 - Spanish Civilization Credit(s): 3
• SPN 3514 - The Three Cultures of Medieval Spain Credit(s): 3
• SPN 3520 - Spanish-American Civilization Credit(s): 3
• SPN 3564 - Spain Today: Culture and Politics in the Media Credit(s): 3
• SPN 4301 - Expository Writing Credit(s): 3
• SPN 4410 - Advanced Conversation Credit(s): 3
• SPN 4470 - Advanced Overseas Study Credit(s): 1-6
• SPN 4700 - Spanish Linguistics Credit(s): 3
• SPT 3100 - Masterpieces of Hispanic Literature Credit(s): 3
• SPW 3030 - Introduction to Hispanic Literary Studies Credit(s): 3
• SPW 3393 - Spanish Culture Through Literature and Film Credit(s): 3
• SPW 3512 - Religion in Hispanic Literature and Film Credit(s): 3
• SPW 4101 - Survey of Spanish Literature I Credit(s): 3
• SPW 4130 - Early Latin America Through Literature and Film Credit(s): 3
• SPW 4131 - Survey of Spanish-American Literature II Credit(s): 3
• SPW 4145 - Sex and Subversion in Spanish Art, Lit, and Film Credit(s): 3
• SPW 4311 - The Creative Genius of the Golden Age Credit(s): 3
• SPW 4930 - Selected Topics Credit(s): 1-3

Other USF SPN-, SPT-, SPW-prefixed courses may be applied to the concentration, with prior approval from the World Languages faculty and advisor.

DUAL CONCENTRATION IN SPANISH AND LATIN AMERICAN STUDIES

If taking Spanish and Latin American Studies as a dual concentration, these are the requirements.

Note: When declaring a dual concentration, no SPT-prefixed courses may be used to fulfill the Spanish and Latin American Studies concentration.

1. Prerequisite/Supporting Courses
The following courses are prerequisite/supporting courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

- SPN 1120 - Beginning Spanish I  Credit(s): 4• SPN 1121 - Beginning Spanish II  Credit(s): 4• SPN 2200 - Spanish III  Credit(s): 3• SPN 2240 - Conversation I  Credit(s): 3

**CONCENTRATION CORE: 2 COURSES; 6 CREDIT HOURS**

Note: The requirements of SPN 3300 or SPN 2340 may be waived for qualified students. These students will take an additional course to satisfy the concentration requirements.

- SPW 3030 - Introduction to Hispanic Literary Studies  Credit(s): 3

Select one course from the following list.

- SPN 2340 - Advanced Spanish for Native Speakers I  Credit(s): 3• SPN 2341 - Advanced Spanish for Native Speakers II  Credit(s): 3• SPN 3300 - Advanced Spanish Grammar and Composition  Credit(s): 3

**CONCENTRATION ELECTIVES: 2 COURSES; 6 CREDIT HOURS**

Select 2 courses from the following list of courses.

- SPN 2240 - Conversation I  Credit(s): 3• SPN 2241 - Conversation II  Credit(s): 3• SPN 2340 - Advanced Spanish for Native Speakers I  Credit(s): 3• SPN 2341 - Advanced Spanish for Native Speakers II  Credit(s): 3• SPN 3300 - Advanced Spanish Grammar and Composition  Credit(s): 3

4. Twelve (12) hours in another dual concentration.

- World Languages and Cultures B.A., with Applied Linguistics Concentration• World Languages and Cultures B.A., with Classics Concentration• World Languages and Cultures B.A., with Chinese Language and Culture Concentration• World Languages and Cultures B.A., with East Asian Languages and Cultures Concentration• World Languages and Cultures B.A., with French and Francophone Studies Concentration• World Languages and Cultures B.A., with German Concentration• World Languages and Cultures B.A., with Interdisciplinary Classical Civilizations Concentration• World Languages and Cultures B.A., with Italian Concentration• World Languages and Cultures B.A., with Russian Concentration

**WORLD LANGUAGES AND CULTURES B.A. - ADDITIONAL INFORMATION**

Total Credit Hours: 6

### YEAR 3

#### SEMESTER 7 (FALL)
- Concentration Course (3)
-  TGEE - Ethical Reasoning & Civic Engagement - INT - Internship (3)
-  General/Unrestricted Elective (3)
Total Credit Hours: 12

#### SEMESTER 8 (SPRING)
- Concentration Course (3)
-  Unrestricted Elective (3)
-  Unrestricted Elective (3)
-  General/Unrestricted Elective (3)
-  General/Unrestricted Elective (3)
Total Credit Hours: 15

#### SEMESTER 9 (SUMMER)
- General/Unrestricted Elective (3)
Total Credit Hours: 3

### YEAR 4

#### SEMESTER 10 (FALL)
- Concentration Course (3)
-  Unrestricted Elective (3)
-  Unrestricted Elective (3)
-  General/Unrestricted Elective (3)
-  General/Unrestricted Elective (3)
Total Credit Hours: 15

#### SEMESTER 11 (SPRING)
- TGEH - High Impact Practice - CST - Capstone (3)
-  Concentration Course (3)
-  General/Unrestricted Elective (3)
-  General/Unrestricted Elective (3)
-  General/Unrestricted Elective (3)
Total Credit Hours: 12

## 2 YEAR PLAN OF STUDY - WORLD LANGUAGES AND CULTURES B.A.

### NOTES:
- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see [https://www.usf.edu/undergrad/students/civics-literacy.aspx](https://www.usf.edu/undergrad/students/civics-literacy.aspx) or talk with your academic advisor.
- Items that are critical are marked with a ✳️ and are included in the plan for a student to stay on track.

### YEAR 1

#### SEMESTER 1 (FALL)
- ✳️ LIN 3003 - Language Matters (3)
-  Concentration Course (3)
-  Concentration Course (3)
-  SCIV - Civics Literacy (3)
Total Credit Hours: 13
SEMESTER 2 (SPRING)

- FOT 4131 - Understanding World Cultures Credit(s): 3
- Concentration Course Credit(s): 3
- Concentration Course Credit(s): 4
- General/Unrestricted Elective Credit(s): 3
Total Credit Hours: 16

SEMESTER 3 (SUMMER)

Please consider pursing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 2

SEMESTER 4 (FALL)

- Concentration Course Credit(s): 3
- General/Unrestricted Elective Credit(s): 3
- General/Unrestricted Elective Credit(s): 3
- General/Unrestricted Elective Credit(s): 3
- General/Unrestricted Elective Credit(s): 3
Total Credit Hours: 15

SEMESTER 5 (SPRING)

- Concentration Course Credit(s): 3
- Concentration Elective Credit(s): 3
- Concentration Elective Credit(s): 3
- Unrestricted Elective Credit(s): 3
- General/Unrestricted Elective Credit(s): 3
- Unrestricted Elective Credit(s): 1
Total Credit Hours: 16
CHINESE LANGUAGE MINOR

TOTAL MINOR HOURS: 18

The minor in Chinese Language is designed for majors in any field who wish to demonstrate in-depth knowledge of Chinese language, culture and society. The minor in Chinese Language is designed to equip students with a foundation in Chinese language and culture necessary to successfully interact with Chinese people.

MINOR REQUIREMENTS

A total of 18 semester hours is required for the minor in Chinese Language. Of those 18 hours, 12 hours are to be fulfilled with required core courses in language and culture. An additional 6 hours are to be fulfilled with electives selected in consultation with a Chinese faculty advisor.

MINOR CORE (12 CREDIT HOURS)

- CHI 3241 - Advanced Chinese Conversation I Credit(s): 3
- CHI 3242 - Advanced Chinese Conversation II Credit(s): 3
- CHT 3500 - Introduction to Chinese Culture Credit(s): 3
- CHT 3110 - Traditional Chinese Literature in Translation Credit(s): 3 or
- CHT 3124 - Modern Chinese Literature in Translation Credit(s): 3
- Minor Electives (6 Credit Hours)

GPA REQUIREMENTS

Minor GPA (all USF courses which are applied to minor requirements): 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENT

A minimum of 10 of the 18 hours required for the minor must be completed in residence at USF.

ADVISING INFORMATION

USF students schedule advising appointments online through the USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx

For questions, email Languagesadvise@usf.edu.
CLASSICS MINOR

TOTAL MINOR HOURS: 17

The interdisciplinary minor is designed to make the study of the ancient world available to students, in a programmatic way, without the requirement of learning Latin or Greek. Students learn about the history, literature, art and culture of antiquity in courses that emphasize the study of primary texts in English translation.

MINOR REQUIREMENTS

The Classics minor requires 17 credit hours, which are divided between language and civilization requirements.

MINOR CORE (17 CREDIT HOURS)

Language Requirements (8 Credit Hours)

Students are required to take at least two (2) successive courses in a single language, Latin or Ancient Greek (LAT, LNW, GRE, GRW).

CIVILIZATION REQUIREMENTS (9 CREDIT HOURS)

Students are required to take three (3) of the core courses offered by Classics:

• CLA 3103 - Daily Life in Ancient Greece Credit(s): 3
• CLA 3124 - Daily Life in Ancient Rome Credit(s): 3
• CLT 3103 - Epic Battles and Dramatic Reversals in Greek Thought Credit(s): 3
• CLT 3123 - Voyages and Metamorphoses in Roman Imagination Credit(s): 3
• CLT 3370 - Gods Heroes and Monsters in the Ancient World Credit(s): 3

GPA REQUIREMENTS

Minor GPA (all USF courses which are applied to minor requirements): 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

CAS Minor Academic Residency Requirement: 50% of minor must be completed at USF.

ADVISING INFORMATION

USF students schedule advising appointments online through the USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx

For questions, email Languagesadvise@usf.edu.
French and Francophone Studies Minor

French is a truly global language, the official or second language of over forty countries worldwide and an important tool in business and diplomacy. Our faculty offer a large variety of courses in literature and culture across different media, genres, centuries, and geographical regions. Our faculty is attentive and our students form a close community.

The placement record for our graduates is impressive, including students who go on to obtain advanced academic degrees and professional degrees such as law and business. Others apply their French to teaching, politics, academic administration, and federal government jobs.

**TOTAL MINOR CREDIT HOURS: 15**

**MINOR CORE CREDIT HOURS: 0**

**MINOR ELECTIVE CREDIT HOURS: 15**

- Select 15 hours of FRE or FRW courses above FRE 2200 (French III).
- One course (3 credits) may be an FRT course given in English.

**GPA Requirement**

A GPA of 2.0 or better in the minor is required for certification.

**GRADING REQUIREMENT**

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

**RESIDENCY REQUIREMENTS**

CAS Minor Academic Residency Requirement: 50% of minor must be completed at USF.

**OTHER REQUIREMENTS**

The French minor strongly encourages study abroad and provides advice on the same. USF World offers several programs in France and Francophone countries.

**ADVISING INFORMATION**

USF students schedule advising appointments online through the USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

For questions, email advising@usfsp.edu.
GERMAN STUDIES MINOR

TOTAL MINOR HOURS: 15

The 15-credit hour minor in German Studies provides students with advanced oral and written proficiency in German, as well as an in-depth familiarity of the culture(s) of the German-speaking countries.

MINOR REQUIREMENTS

The minor in German Studies comprises mid-to-advanced language and culture classes.

MINOR CORE (6 CREDIT HOURS)

Students should select 6 hours of 3000- or 4000-level GEW or GER coursework in German (taught in German).

MINOR ELECTIVES (9 CREDIT HOURS)

Students should select 9 hours of 2000-, 3000-, or 4000-level GER, GET or GEW coursework in German.

GPA REQUIREMENTS

Minor GPA (all USF courses which are applied to minor requirements): 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

CAS Minor Academic Residency Requirement: 50% of minor must be completed at USF.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx

For questions, email Languagesadvise@usf.edu.
INTERDISCIPLINARY CLASSICAL CIVILIZATIONS MINOR

TOTAL MINOR HOURS: 15

MINOR CORE (15 CREDIT HOURS)

The ICC Minor (15 hours) can be fulfilled in one of two ways:

OPTION 1: COURSES ARE DIVIDED BY LEVEL, WITH THE "FIELD" OF STUDY UNRESTRICTED (15 CREDIT HOURS):

- Two courses (6 hours) from the ICC Minor "Core:" CLA 3103 - Daily Life in Ancient Greece or CLT 3103 - Epic Battles and Dramatic Reversals in Greek Thought; CLA 3124 - Daily Life in Ancient Rome or CLT 3123 - Voyages and Metamorphoses in Roman Imagination; CLT 3370 - Gods, Heroes, and Monsters in the Ancient World.
- Three (3) credit hours from 2000- or 3000-level courses in Anthropology, History, Philosophy and Religious Studies, selected with the guidance and approval of the Coordinator.
- Six (6) credit hours from 3000- or 4000-level courses in Anthropology, History, Philosophy and Religious Studies, selected with the guidance and approval of the Coordinator.

OPTION 2: COURSES ARE ORGANIZED ALONG AN INTERDISCIPLINARY PRINCIPLE (15 CREDIT HOURS):

- Two courses (6 hours) from the ICC Minor "Core:" CLA 3103 - Daily Life in Ancient Greece or CLT 3103 - Epic Battles and Dramatic Reversals in Greek Thought; CLA 3124 - Daily Life in Ancient Rome or CLT 3123 - Voyages and Metamorphoses in Roman Imagination; CLT 3370 - Gods, Heroes, and Monsters in the Ancient World.
- Nine (9) credit hours from the Interdisciplinary Requirements. The student will complete three (3) 3-credit courses, one each from three of the following four fields: Anthropology, History, Philosophy, Religious Studies.

GPA REQUIREMENTS

Minor GPA (all USF courses which are applied to minor requirements): 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

CAS Minor Academic Residency Requirement: 50% of minor must be completed at USF.

ADVISING INFORMATION

USF students schedule advising appointments online through the USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx

ITALIAN MINOR

TOTAL MINOR HOURS: 15

MINOR REQUIREMENTS

MINOR CORE (6 CREDIT HOURS)

• ITA 2240 - Italian Conversation Credit(s): 3 
• ITA 2241 - Italian Conversation II Credit(s): 3  
• ITA 3420 - Composition Credit(s): 3

MINOR ELECTIVES (9 CREDIT HOURS)

Students must select 9 hours in 3000- or 4000-level courses except courses in translation.

GPA REQUIREMENTS

Minor GPA (all USF courses which are applied to minor requirements): 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

CAS Minor Academic Residency Requirement: 50% of minor must be completed at USF.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx

For questions, email Languagesadvise@usf.edu.
LINGUISTICS MINOR

TOTAL MINOR HOURS: 15

The linguistics minor can complement any language major, as well as many other majors. In the linguistics minor, you will have the opportunity to take upper-level classes focusing on language, culture, pedagogy and theoretical linguistics. The minor can prepare you for teaching a foreign language in the United States, teaching English overseas, working for a company in which there are multinational employees, and other similar careers. It will also give you a foundation to pursue graduate work in applied linguistics or languages. Knowledge of the structure of language will help you hone your analytic thinking skills, which can be transferred to other areas such as succeeding on the LSAT or entering a career in the field of computer science. Linguistics courses can also help you improve your writing-related skills, oral communication skills, and intercultural communication.

MINOR REQUIREMENTS

MINOR CORE (3 CREDIT HOURS)

• LIN 3010 - Introduction to Linguistics Credit(s): 3
• Minor Electives (12 Credit Hours)
  • ANT 3610 - Linguistic Anthropology Credit(s): 3
  • CLT 3040 - Scientific and Medical Terminology Credit(s): 3
  • FLE 4390 - Teaching Foreign/Second Languages Credit(s): 3
  • FRE 4700 - French Linguistics Credit(s): 3
  • LIN 2002 - Language, Culture & Film Credit(s): 3
  • LIN 3003 - Language Matters Credit(s): 3
  • LIN 4350 - Sound Systems in American English Credit(s): 3
  • LIN 4600 - Sociolinguistics: Language and Society Credit(s): 3
  • LIN 4609 - Language and Technology Credit(s): 3
  • LIN 4671 - Traditional English Grammar Credit(s): 3
  • LIN 4701 - Psycholinguistics Credit(s): 3
  • LIN 4721 - Second Language Acquisition Credit(s): 3
  • LIN 4930 - Selected Topics Credit(s): 1-3 (may be repeated; title must be different)
  • SPA 3004 - Introduction to Language Development and Disorders Credit(s): 3
  • SPN 4700 - Spanish Linguistics Credit(s): 3
  • TSL 4362 - Methodology of Teaching English Overseas Credit(s): 3

GPA REQUIREMENTS

A minimum 2.0 GPA is required.

GRADING REQUIREMENT

A minimum grade of C- or better must be attained in each course.

RESIDENCY REQUIREMENT

A minimum of nine (9) hours must be completed at the University of South Florida.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa campus website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx

For questions, email Languagesadviser@usf.edu.
MODERN GREEK MINOR

TOTAL MINOR HOURS: 16

MINOR REQUIREMENTS

MINOR CORE (16 CREDIT HOURS)

- GRK 2220 - Modern Greek III Credit(s): 4
- GRK 2221 - Modern Greek IV Credit(s): 4
- Two, four-credit hour GRK 4905 Directed Studies Courses

GPA REQUIREMENTS

Minor GPA (all USF courses which are applied to minor requirements): 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

CAS Minor Academic Residency Requirement: 50% of minor must be completed at USF.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa Campus Website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx

For questions, email Languagesadvise@usf.edu.
RUSSIAN STUDIES MINOR
TOTAL MINOR HOURS: 15

MINOR REQUIREMENTS

MINOR CORE (8 CREDIT HOURS)

- RUS 2220 - Intermediate Russian I Credit(s): 4
- RUS 2221 - Intermediate Russian II Credit(s): 4

Minor Electives (7 Credit Hours)

Select seven (7) hours in 3000- or 4000-level courses. Please contact a World Languages advisor to plan the appropriate coursework.

- RUS 3240 - Russian Language & Culture through Film Credit(s): 3
- RUS 3470 - Overseas Study Credit(s): 1-6
- RUS 4241 - Russian Language & Culture through Film II Credit(s): 3
- RUS 4900 - Selected Topics Credit(s): 1-3
- RUS 4905 - Directed Study Credit(s): 1-3
- RUT 3110 - Nineteenth Century Russian Literature in English Credit(s): 3
- RUT 3111 - Twentieth-Century Russian Literature in English Credit(s): 3

GPA REQUIREMENTS

Minor GPA (all USF courses which are applied to minor requirements): 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

CAS Minor Academic Residency Requirement: 50% of minor must be completed at USF.

OTHER REQUIREMENTS

Prerequisites: RUS 1120 - Beginning Russian I (4 credit hours) and RUS 1121 - Beginning Russian II (4 credit hours).

Students may be able to place out of prerequisites if they pass a proficiency test. Heritage students will be placed in languages courses according to their proficiency.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Tampa Campus Website: https://www.usf.edu/arts-sciences/students/academic-advising/index.aspx

For questions, email Languagesadvise@usf.edu.
SPANISH MINOR

The Spanish minor provides students with linguistic and cultural competencies that enhance preparation for many disciplines such as business, hospitality management, mass communications, and education as well as pre-law and pre-medicine.

MINOR REQUIREMENTS

The minor in Spanish consists of a minimum of six courses beyond Spanish III (SPN 2200) or equivalent: two (2) required courses (6 credit hours) and four (4) upper-level elective courses (12 credit hours).

TOTAL MINOR CREDIT HOURS: 18

MINOR CORE CREDIT HOURS: 6

Notes:

* Students who place out of Spanish IV may substitute a SPN or SPW course beyond SPN 2201.

** Native speakers may substitute SPN 2340 Advanced Spanish for Native Speakers I or SPN 2341 Advanced Spanish for Native Speakers II for SPN 3300. In the case of highly qualified students, an upper level SPN/SPW course can be substituted.

- SPN 2201 - Spanish IV Credit(s): 3
- SPN 3300 - Advanced Spanish Grammar and Composition Credit(s): 3

MINOR ELECTIVE CREDIT HOURS: 12

Select 12 hours of SPN, SPW courses at 3000, 4000 level. (One SPT prefix course may be taken as part of the 12 hours.)

Students must complete a minimum of six (6) credits and two (2) courses exclusive to the minor that will not count toward the student's major or other minors. These credits/courses must be completed at USF.

GPA REQUIREMENT

A GPA of 2.0 or better in the minor is required for certification.

GRADING REQUIREMENT

All coursework completed for the Spanish Minor must have a grade of "C" or better to satisfy program requirements. Each minor course must be taken for a letter grade. No course may be taken Pass/Fail.

RESIDENCY REQUIREMENTS

CAS Minor Academic Residency Requirement: 50% of minor must be completed at USF.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss courses planning, degree progression, and career preparation.

Certificate
JAPANESE CERTIFICATE

TOTAL CERTIFICATE HOURS: 15-17

The certificate is constructed for individuals who are pursuing a bachelor's degree in any field as well as non-degree seeking students and desire to advance their Japanese learning. By developing individuals' knowledge and understanding for the Japanese language and culture, this certificate will prepare them for working in Japan or for Japanese companies, working as a foreign service officer in the U.S. Department of State, or applying for the Japanese Exchange and Teaching (JET) program, etc. in the future. The certificate is offered through the Department of World Languages.

CERTIFICATE REQUIREMENTS

Students must complete the following two courses or their equivalents before applying to the certificate program.

- JPN 1120 - Modern Japanese I Credit(s): 4
- JPN 1121 - Modern Japanese II Credit(s): 4

Certificate Core (11 Credit Hours)

- JPN 2220 - Modern Japanese III Credit(s): 4
- JPN 2221 - Modern Japanese IV Credit(s): 4
- JPN 3400 - Japanese V Credit(s): 3

Certificate Electives (4-6 Credit Hours)

Students choose two (2) courses from the following list of electives:

- JPN 4020 - Japanese Calligraphy Credit(s): 1
- JPT 4957 - Japan Study Program: Culture, History and Society Credit(s): 3
- JPN 3401 - Japanese VI Credit(s): 3

GPA REQUIREMENTS

A minimum 2.0 GPA is required.

GRADING REQUIREMENT

A minimum grade of C (2.0) or higher must be attained in each course.

RESIDENCY REQUIREMENT

A minimum of 9 credit hours must be completed at the University of South Florida. In case of study abroad programs, exceptions can be made.

OTHER REQUIREMENTS

Relevant courses not listed as requirements or electives and offered in other departments may be substituted with the approval of the coordinator.

1003
About the College

Established in 2008, the College of Behavioral & Community Sciences is breaking new ground by combining knowledge gained through the behavioral sciences with knowledge gained from the community. Our emphasis on Behavioral Science reflects a focus on individuals, emphasizing behavioral research that examines the problems and challenges people encounter, as well as their need for clinical and supportive services. Our emphasis on Community Science reflects our commitment to understanding the larger contextual factors that have an impact on the well-being and safety of individuals and their families, such as the effectiveness of systems and policies that impact and support the well-being of individuals. We accomplish this by engaging community and neighborhood stakeholders in a partnered, participatory manner and by collaborating with local, state, and national organizations in both the public and private sectors.

The College of Behavioral & Community Sciences serves approximately 3,000 students with eight (8) undergraduate, (11) eleven master's, and seven (7) doctoral programs housed in six (6) academic departments/schools. The College is the home of the Louis de la Parte Florida Mental Health Institute, one of the largest behavioral health research and training institutes in the country as well as 17 specialized Research Centers and Institutes. Our aim is nothing less than to be among the most influential resources for behavioral and community sciences in the region, nation, and world.

Mission, Vision, Values

Mission

To advance knowledge through interdisciplinary teaching, research, and service that improves the capacity of individuals, families, and diverse communities to promote productive, satisfying, healthy, and safe lives across the lifespan.

Vision

College of Behavioral and Community Sciences envisions the college as a globally recognized leader that creates innovative solutions to the complex conditions that affect the behavior and well-being of individuals, families, and diverse communities.

Values

Inclusion and diversity in all its dimensions are core values that permeate the teaching, research, and service activities of College of Behavioral and Community Sciences. As members of the higher education community, the College of Behavioral and Community Sciences values shared governance, academic freedom, and professional responsibility.

Principles That Guide Our Work

In implementing our work, College of Behavioral and Community Sciences strives to incorporate Interdisciplinary approaches to teaching, research, and service; engagement with community partners; and student participation in research, service, and global initiatives.
College-Level Requirements

Entrance Requirement to Declare a Major in the College of Behavioral and Community Sciences: Students must have a minimum 2.00 cumulative grade point average in any previously attempted USF/overall college-level coursework prior to declaring a major in the College of Behavioral and Community Sciences. Exceptions will be considered on an individual basis, with departmental approval required, by the CBCS Academic Regulations Committee.

Major Residency Requirement

College of Behavioral and Community Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Behavioral and Community Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

Other Information - Departmental Minor

Students may not use courses in the major for the minor, unless approved by the department offering the minor.

Graduation Requirements

EACH STUDENT IS RESPONSIBLE FOR MEETING GRADUATION REQUIREMENTS AS FOLLOWS:

- Complete at least 120 accepted semester hours with a minimum USF cumulative Grade Point Average (GPA) and overall GPA of 2.00. All grades including "D"s and "F"s are used to calculate USF, overall, and major GPAs for students in the College of Behavioral and Community Sciences.
- Maintain major GPA of 2.00 in USF coursework.
- Complete the Foreign Language Entrance Requirement. Students pursuing a B.A. degree must also complete the Foreign Language Exit Requirement.
- Satisfy the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math). Transfer students who enter USF with 60 or more semester hours from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission are considered to have met the communication portion of this Regulation.
- Complete 36 hours of General Education State Core courses and Enhanced General Education Curriculum (for more information, see section titled "Enhanced General Education" in Academic Policies and Procedures section).
- Complete at least 9 semester hours at a Florida public university in the Florida State University System during summer terms if entering USF with fewer than 60 semester hours.
- Complete all major course requirements.
- Complete Civics Literacy requirement.
- Satisfy the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- Complete a minimum of 42 hours of upper-level courses (numbered 3000 or above).
- Complete the Audit option only during the first 5 (five) days of classes.
- Complete the CIVICS LITERACY requirement.
- Students must apply for graduation by the end of the fourth week of their final semester (See Registrar's calendar for exact dates.). For late application information, please refer to the Application for Graduation section of the Academic Policy and Procedures division of the catalog.
Global Pathways

http://www.usf.edu/gcp/students/index.aspx

A Global Pathway is an undergraduate major or degree program that has significant global content. Global Pathways provide students with the opportunity to practice and apply global competencies through the major or degree program. The following programs are designated as Global Pathway Programs:

Communication Sciences & Disorders
https://www.usf.edu/cbcs/csd/

Social Work
https://www.usf.edu/cbcs/social-work/

Certificates

Undergraduate Research in Behavioral & Community Sciences Certificate

The Undergraduate Research Certificate provides students with a planned sequence of courses to support their systematic development as undergraduate researchers and prepare them for graduate school. The Undergraduate Research Certificate is a cross-departmental initiative within the College of Behavioral & Community Sciences. See https://www.usf.edu/cbcs/undergraduate/certificates.aspx.

Addictions and Substance Abuse Profession Certificate

Undergraduate Advising Information

Please visit the College of Behavioral and Community Sciences website for advisor information at http://www.usf.edu/cbcs/undergraduate/advising.aspx.

To schedule an advising appointment:

- Prospective or current students with an active UID can schedule an appointment online: https://usf.appiancloud.com/suite/sites/archivum/page/archivum/report/daQEig
- Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major: https://www.usf.edu/undergrad/students/advising.aspx
The Undergraduate Research certificate is designed for students interested in attending graduate school or pursuing research careers. Students complete a systematic undergraduate research preparation program consisting of a minimum of 13 hours of coursework, many of which will count toward their general education requirements or requirements for their major.

**CERTIFICATE REQUIREMENTS**

**CERTIFICATE CORE (13 CREDIT HOURS)**

- IDS 1505 - Introduction to Research in Behavioral and Community Sciences **Credit(s): 2**
- IDS 2600 - Applications of Research in Community Settings **Credit(s): 1**
- Advanced Research Course (MHS 4741 or MHS 4731)
- STA 2122 - Social Science Statistics **Credit(s): 3** (or approved Statistics course)
  - Research Methods Course (PSY 3213; CCJ 3701; GEY 4401; SOW 3401; MHS 4931 or equivalent)
  - Directed Research or Thesis

**GPA REQUIREMENTS**

An overall USF GPA of at least 2.0 must be maintained.

**RESIDENCY REQUIREMENTS**

Students must complete 50% of the minor requirements at USF.

**ADVISING INFORMATION**

For questions about the minor, please email BHC_Advise@usf.edu.
SCHOOL OF AGING STUDIES
AGING SCIENCES B.S.

TOTAL DEGREE HOURS: 120

The Bachelor of Science degree in Aging Sciences entails 36 credit hours of required coursework. In this program, the course of study provides students with an education in aging sciences and some exposure to the various career opportunities in the field of aging. This degree is especially appropriate for students who plan to pursue graduate or professional work in aging, allied health or a related field, or who plan to work with older adults in careers such as care management, social services, or program development.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx

Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx

International: https://www.usf.edu/admissions/international/admission-information/index.aspx

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

STA X122 Social Science Statistics or QMB X150 or STA X014 or STA X023 or STA X024 or QMB X100 - 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

TOTAL MAJOR HOURS: 36

MAJOR CORE (21 CREDIT HOURS)

GEY 2000 - Introduction to Aging Sciences Credit(s): 3
GEY 3601 - Physical Changes and Aging Credit(s): 3
GEY 4401 - Research Methods in Aging Credit(s): 3
GEY 4612 - Psychology of Aging Credit(s): 3
GEY 4628 - Health, Ethnicity, and Aging Credit(s): 3
GEY 4641 - Death and Dying Credit(s): 3

REQUIRED CAPSTONE COURSE
Students will choose one.

Note: These courses are School capstone experience courses and do not qualify to meet the General Education requirement.

- GEY 4945 - Internship Credit(s): 1-9 (Should be taken for 3 credits)
- GEY 4690 - Senior Seminar in Aging Credit(s): 3
- GEY 4917 - Directed Research in Aging Credit(s): 1-4 (Should be taken for 3 credits)

MAJOR ELECTIVES (15 CREDIT HOURS)

B.S. students complete 15 additional elective hours. Students should meet frequently with the departmental advisor to plan courses and internship that will prepare them for their career goals.

- DEP 2004 - The Life Cycle Credit(s): 3
- GEY 3503 - Administration of Assisted Living Facilities Credit(s): 3
- GEY 3625 - Sociological Aspects of Aging Credit(s): 3
- GEY 4101 - Aging in Special Populations Credit(s): 3
- GEY 4102 - Aging in Modern Literature and Film Credit(s): 3
- GEY 4104 - Healthy Global Aging Credit(s): 3
- GEY 4231 - Elder Abuse and Neglect Credit(s): 3
- GEY 4322 - Care Management for Older Adults Credit(s): 3
- GEY 4360 - Counseling for Older Adults Credit(s): 3
- GEY 4475 - Program Evaluation in an Aging Society Credit(s): 3
- GEY 4507 - Understanding Policies and Practices of Long Term Care Credit(s): 3
- GEY 4520 - Legal Aspects of Health Care Administration Credit(s): 3
- GEY 4608 - Alzheimer's Disease Management Credit(s): 3
- GEY 4632 - Economics of Aging Credit(s): 3
- GEY 4635 - Business Management in an Aging Society Credit(s): 3
- GEY 4647 - Ethical and Legal Issues in Aging Credit(s): 3
- GEY 4900 - Directed Readings in Aging Credit(s): 1-3

GRADING REQUIREMENTS

A grade of lower than "C-" in Aging Sciences courses will not be counted toward fulfilling the requirements for the major.

OTHER REQUIREMENTS

Concentration in Aging Sciences/Gerontology are available in the following majors:

- Bachelor of Science in Applied Science: Aging Sciences, offered through Undergraduate Studies
- Bachelor of General Studies: Aging Sciences, offered through Undergraduate Studies
- Bachelor of Arts in Interdisciplinary Social Sciences: Aging Sciences, offered through the College of Arts and Sciences
- Bachelor of Science in Behavioral Healthcare: Aging and Behavioral Health, offered through the College of Behavioral and Community Sciences
- Bachelor of Science in Health Sciences: Aging Health Studies, offered through the College of Arts and Sciences

RESEARCH OPPORTUNITIES
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript to document the experience. The Office of Undergraduate Research will assist students in understanding the various course options.

**INTERNSHIP OPPORTUNITIES**

Students who have completed a major portion (usually in the final 2 semesters of the program) of the Aging Sciences program of study may opt to apply for an internship to fulfill the major capstone requirement required for graduation. Internships are selective and awarded to students who demonstrate considerable professional readiness and have developed well-defined professional goals that will be enriched and advanced through an internship. Internships are typically worth 3 credit hours.

**ADVISING INFORMATION**

Contact the undergraduate advisor as early as possible in your career at the University of South Florida. Students should plan to meet frequently with the advisor to plan courses and internship that will prepare the student for career goals.

Undergraduate Advisor: Megan Anthony at megananthony@usf.edu.

**4 YEAR PLAN OF STUDY - AGING SCIENCES B.S.**

**NOTES:**

- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
- Items that are critical are marked with a ✳️ and are included in the plan for a student to stay on track.

**Potential Entry Level Job Titles:**

- Social Service Administration
- Community Health Educator
- Social and Human Service Assistant
- Aging Services Manager
- Hospice Associate
- Geriatric Care Manager
- Activities Director
- Staff Researcher
Potential Entry Level Salary Range:
$30,000 - $45,000

The Bachelor of Science Degree in Long Term Care Administration provides students with a basic education in gerontology and allows graduates of the program to sit for the licensure examination to become Nursing Home Administrators. It is especially appropriate for students who intend to begin working immediately following completion of the degree program.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

**Freshman:** https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx

**Transfer:** https://www.usf.edu/admissions/transfer/admission-information/index.aspx

**International:** https://www.usf.edu/admissions/international/admission-information/index.aspx

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- ACG X021 or ACG X024 or (ACG X001 and ACG X011) - 3-6 credit hours
- ACG X071 or ACG X301 - 3 credit hours
- ECO X023 - 3 credit hours
- CGS X061 or CGS X100 or ISM X000 - 3-4 credit hours
- STA X023 - 3 credit hours

TOTAL MAJOR HOURS: 39

MAJOR CORE (39 CREDIT HOURS)

- GEY 2000 is a pre-requisite for GEY 4608. Please register to prepare for major core courses.
- MAN 3025 is a pre-requisite for MAN 3301. Please register to prepare for major core courses.
- GEY 3601 - Physical Changes and Aging **Credit(s): 3**
- GEY 4475 - Program Evaluation in an Aging Society **Credit(s): 3**
- GEY 4507 - Understanding Policies and Practices of Long Term Care **Credit(s): 3**
- GEY 4508 - Health Care Operations **Credit(s): 3**
- GEY 4509 - Regulatory and Clinical Operations **Credit(s): 3**
GEY 4520 - Legal Aspects of Health Care Administration **Credit(s): 3**
GEY 4608 - Alzheimer's Disease Management **Credit(s): 3**
GEY 4641 - Death and Dying **Credit(s): 3**
GEY 4945 - Internship **Credit(s): 1-9** (Should be taken for 9 credits)
ISM 3011 - Information Systems in Organizations **Credit(s): 3**
MAN 3301 - Human Resource Management **Credit(s): 3**

**OTHER PROGRAM INFORMATION**

Students in the B.S. program will only be allowed to register for the full-time internship (GEY 4945) after successful completion of all major prerequisites and all but one of the required courses. Because the B.S. internship requires full-time effort, students will be allowed to take no more than three (3) credits concurrent with the B.S. internship.

NOTE: a Level 2 background check is required for most Internships, possibly at the student's expense.

Students interested in either Aging Sciences or Long Term Care Administration majors should contact the School of Aging Studies [http://www.usf.edu/cbcs/aging-studies/advising/index.aspx](http://www.usf.edu/cbcs/aging-studies/advising/index.aspx) as early as possible in their careers at the University of South Florida.

**GRADING REQUIREMENT**

A grade of lower than "C-" in Aging Sciences and Business courses will not be counted toward fulfilling the requirements for the major.

**RESEARCH OPPORTUNITIES**

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

**INTERNSHIP OPPORTUNITIES**

A full-time (650 hours) internship is required for students completing the Bachelor of Science Degree in Long Term Care Administration. The internship, scheduled during the last semester of the program after successful completion of all major prerequisites and all but one of the required courses, is intended to prepare students for entry-level positions in nursing home administration. Students should expect to meet with the advisor the semester prior to the internship in preparation of their internship experience.

**ADVISING INFORMATION**

Students are strongly encouraged to meet each semester with the departmental advisor to plan courses and internship that will prepare the student for career goals.

Undergraduate Advisor: Megan Anthony at megananthony@usf.edu.

### AGING SCIENCES MINOR

An undergraduate minor is available for students interested in pursuing careers in aging in conjunction with any undergraduate major. It may be particularly beneficial to students majoring in such disciplines as anthropology, business, communication sciences and disorders, government and international affairs, nursing, psychology, public health, health care, social work, and sociology.

**MINOR REQUIREMENTS**

The minor in Aging Sciences consists of a minimum of five (5) courses (15 credit hours).

**TOTAL MINOR CREDIT HOURS: 15**

**MINOR CORE CREDIT HOURS: 9**

<table>

**GPA REQUIREMENTS**

A minimum overall 2.0 GPA in minor coursework.
GRADING REQUIREMENTS

A grade of C- or lower in any Aging Sciences courses will not be counted toward the minor.

A maximum of 3 credits of S/U coursework may be counted toward the minor.

ADVISING INFORMATION

Students are strongly encouraged to meet each semester with the departmental advisor to plan courses that align with career goals.

Undergraduate Advisor: Megan Anthony at megan anthony@usf.edu.

RESIDENCY REQUIREMENTS

Fifty percent (50%) of the minor must be completed through USF coursework.
DEPARTMENT OF CHILD AND FAMILY STUDIES
ADDICTIONS STUDIES MINOR

TOTAL MINOR HOURS: 18

The Addictions Studies minor is for students seeking knowledge and skills in the field of addiction treatment and is especially valuable for those seeking state level Certification as an Addictions Professional or those seeking to prepare for a graduate program in Counseling. The Addictions Studies minor is open to all students. The minor will provide students with the skills to successfully enter the field of addictions counseling and work towards state level certification.

MINOR REQUIREMENTS (18 HOURS)

- RCS 4051 - Addictions Counseling and Coordination of Services Credit(s): 3
- RCS 4502 - Group Counseling for Addictive Disorders Credit(s): 3
- RCS 4503 - Addiction Treatment with Special Populations Credit(s): 3
- or MHS 4455 - Drug Abuse Prevention and Treatment Credit(s): 3
- RCS 4504 - Therapeutic Communication Skills for Addiction Counseling Credit(s): 3
- RCS 4452 - Introduction to Assessment and Treatment Approaches for Addictive Disorders Credit(s): 3
- RCS 4453 - Overview of Addictive Disorders Credit(s): 3
- or MHS 4453 - Applied Psychopharmacology in Drug Abuse and Dependency Credit(s): 3

GRADING REQUIREMENTS

A grade of B- or higher is required in every course in the minor.
If a student gets a grade lower than a B- in a course, the student must retake that course to stay in the minor.

RESIDENCY REQUIREMENT

Fifty percent (50%) of the minor must be completed through USF coursework.

ADVISING INFORMATION

Students may contact department for general questions at 813-974-2855 or vbuckles@usf.edu.
The Applied Behavior Analysis (ABA) minor is for students seeking knowledge and skills in the field and is especially valuable for those seeking to become a Board Certified Assistant Behavior Analyst (BCaBA)® or those seeking to prepare for a graduate program in ABA. The ABA minor is open to all students.

MINOR REQUIREMENTS

MINOR CORE (18 CREDIT HOURS)

MHS 3204 - Fundamentals of Applied Behavior Analysis Credit(s): 3
or
CLP 4414 - Behavior Modification Credit(s): 3 (Students who take CLP 4414 may not be eligible to take the national certification exam. Contact the ABA minor coordinator with questions.)
MHS 4202 - Behavioral Assessment and Intervention Planning Credit(s): 3
MHS 4206 - Applied Behavior Analysis in Autism and Development Disabilities Credit(s): 3
MHS 4412 - Research Methods and Ethical Issues in Behavior Analysis Credit(s): 3
MHS 4943 - Practicum Seminar in Applied Behavior Analysis Credit(s): 3
MHS 4704 - Ethics, Supervision, and Management in Applied Behavior Analysis Credit(s): 3

GRADING REQUIREMENTS

A grade of B- or higher is required in every course in the minor. If a student gets a grade lower than a B- in a course, the student must retake that course to stay in the minor.

RESIDENCY REQUIREMENT

Fifty percent (50%) of the minor must be completed through USF coursework.

ADVISING INFORMATION

Students may contact department for general questions at 813-974-3096 or aneal@usf.edu.
ADDICTIONS AND SUBSTANCE ABUSE PROFESSIONAL CERTIFICATE

TOTAL CERTIFICATE HOURS: 15

The Addictions and Substance Abuse Certificate is designed for students interested in pursuing a career working in the addiction and substance abuse field. Completion of the certificate program meets partial requirement for state certification as an addiction professional (CAP). According to the Florida Certification Board, the CAP designation is a professional substance abuse credential for people who assess, develop, and provide substance abuse treatment services and plans. Individuals holding the CAP are recognized and hold the practice rights of "qualified professionals" per Chapter 397, F.S. Therefore, this credential will allow students to practice in substance abuse field. This certificate program is beneficial to persons in sociology, social work, psychology, criminology, pre-med, nursing, and any closely related human service field.

GPA REQUIREMENTS

An overall USF GPA of at least 2.50 must be maintained.

GRADING REQUIREMENT

A grade of "B" (not B-) must be obtained in all courses applying toward the certificate.

ADVISING INFORMATION

Email Vicky Buckles (vbuckles@usf.edu) with questions.
ASL INTERPRETING B.A.

CERTIFIED GLOBAL PATHWAYS PROGRAM

The ASL Interpreting major seeks to educate students to become sign language interpreters. The major includes instruction in both the theory and practice of sign language interpretation. A program of 49 credit hours is planned for the student majoring in ASL Interpreting. Students entering the major must demonstrate proficiency in ASL at the intermediate level prior to beginning the first semester of core courses in the major. Proficiency is demonstrated through successful completion of the ASL prerequisites courses listed below (or equivalent transfer courses) with a minimum grade of B- or higher in each course.

This program has been certified as a Global Pathway. Global Pathway programs have significant global content and align with the goals of USF’s Quality Enhancement Plan, the Global Citizens Project. Students in Global Pathway programs are well positioned to earn the Global Citizen Award and become eligible to apply for a study abroad scholarship offered by the Global Citizens Project.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University’s Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

STATE MANDATED COMMON COURSE PREREQUISITES

- ASL X140C Basic Sign Language - 4 credit hours
- ASL X150C Intermediate Sign Language - 4 credit hours
- ASL X160C Advanced American Sign Language - 4 credit hours
- ASL X201 or ASL X200 or ASL X220 American Sign Language IV - 3-4 credit hours
- ASL X301 or ASL X300 Structure of Sign Language - 3 credit hours

Note: USF accepts ASLX160C and ASLX220C as alternatives for their respective ASLX160 and ASLX220 courses.

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

TOTAL MAJOR HOURS: 49

- ASL 3324 - Advanced ASL Discourse **Credit(s): 3**
- ASL 3514 - Deaf Culture **Credit(s): 3**
- ASL 4202 - American Sign Language 5 **Credit(s): 3**
- INT 3004 - Fundamentals of Interpreting **Credit(s): 3**
- INT 3110 - Language and Cognitive Processing Skills in English **Credit(s): 1**
- INT 3111 - Language and Cognitive Skills in ASL **Credit(s): 3**
- INT 3112 - Translation from English and from ASL **Credit(s): 3**
- INT 3205 - Interpreting I **Credit(s): 3**
- INT 3481 - Specialized Terminology **Credit(s): 3**
- INT 4190 - Senior Seminar in Interpreter Training **Credit(s): 3**
- INT 4206 - Interpreting II **Credit(s): 3**
- INT 4208 - Interpreting III **Credit(s): 3**
INT 4211 - Transliterating Credit(s): 3
INT 4235 - Advanced Receptive Voicing Credit(s): 3
INT 4947 - Interpreting Practicum II Credit(s): 3
SPA 3002 - Introduction to Communication Sciences and Disorders Credit(s): 3
SPA 3470 - Culture and Diversity in CSD Credit(s): 3

OTHER REQUIREMENTS

Graduation within the ASL Interpreting major also requires successful completion of the Center for the Assessment of Sign Language Interpreters (CASLI) written NIC examination.

Students entering the ASL Interpreting major must demonstrate proficiency in ASL at the intermediate level prior to beginning the first semester of core courses in the major. Proficiency is demonstrated through successful completion of the ASL prerequisite courses listed below (or equivalent transfer courses) with a minimum grade of B- or higher in each course.

ASL INTERPRETING B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Students must have an overall 2.0 GPA in core.

GRADING REQUIREMENTS

A student must receive a "C-" grade or better in all courses within the major (some prerequisites may require higher minimum grades).

Any student who receives a grade of "D+" or lower in two or more USF Communication Sciences and Disorders courses will be required to pursue major reselection. If a student changes within the CSD major, pursuant to receiving two or more "D+" or lower grades, and earns and additional "D+" or lower grade in any major course, the student will be required to pursue major reselection. In other words, any student with three "D+" or lower grades in USF Communication Sciences and Disorders courses will be required to pursue major reselection.

Note: Students may use grade forgiveness to improve GPA, but all "D+" or lower grades will count towards the maximum allowed total "D+" or lower grades in the major whether grade forgiven or not.

FOREIGN LANGUAGE REQUIREMENT

In addition to the foreign language entrance requirement, all students applying for a Bachelor of Arts degree from USF must demonstrate competency in a foreign language. To demonstrate this competency, students may take either two semesters of a beginning college-level foreign language or one semester of a higher-level course and earn a letter grade of "C" (no "S" grades) or above in the appropriate level course or demonstrate equivalent competency by passing an examination. Students may fulfill this requirement by demonstrating fluency in a language other than English and proficiency in English, as demonstrated in successful coursework or examination in English.
RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION

For questions related to advising, please contact our advisor at ASLAdvise@usf.edu.

GLOBAL PATHWAYS CERTIFIED PROGRAM

The Bachelor of Arts in Language, Speech, and Hearing Science prepares students for graduate studies and/or work in communication sciences and disorders or related fields. This program includes required coursework in a variety of topics within communication sciences and disorders.

This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award and become eligible to apply for a study abroad scholarship offered by the Global Citizens Project.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- **Transfer**: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- **International**: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 45 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.
FOREIGN LANGUAGE REQUIREMENT

In addition to the foreign language entrance requirement, all students applying for a Bachelor of Arts degree from USF must demonstrate competency in a foreign language. To demonstrate this competency, students may take either two semesters of a beginning college-level foreign language or one semester of a higher-level course and earn a letter grade of "C" (no "S" grades) or above in the appropriate level course or demonstrate equivalent competency by passing an examination. Students may fulfill this requirement by demonstrating fluency in a language other than English and proficiency in English, as demonstrated in successful coursework or examination in English. Two semesters of American Sign Language are accepted to meet this requirement, but a student may take any foreign language to meet the requirement.

STATE MANDATED COMMON PREREQUISITES

- BSC X000-X999 Biological Sciences – 3 credit hours
- STA X000-X999 Statistics – 3 credit hours
- PHY X000-X999 Physics or CHM X000-X999 Chemistry – 3 credit hours
- PSY X000-X999 Psychology or EXP X000-X999 Experimental Psychology or CLP X000-X999 Clinical Psychology or DEP X000-X999 Developmental Psychology or SYG X000-X999 Sociology, General or SYD X000-X999 Sociology of Demography/Area Studies/Sociological Minorities or SYO X000-X999 Social Organization or SYP X000-X999 Social Processes or FYC X000-X999 Family, Youth and Community or FAD X000-X999 Home Economics: Family Development – 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

GRADING REQUIREMENT

A minimum grade of C- is required for each course.

GPA REQUIREMENTS

A cumulative GPA of 2.00 or better must be achieved in minor coursework in order for a student to be certified for graduation with a minor in Deaf Studies.

RESIDENCY REQUIREMENT

Fifty percent (50%) of the minor must be completed through USF coursework.

OTHER REQUIREMENTS

Seat availability in ASL courses is limited and is first-come/first-serve, with priority consideration given to ITT and DST majors needing ASL coursework to meet a major requirement to graduate. Declaring the minor does not guarantee seat availability; therefore, students should attempt to register as soon as possible each semester.

ADVISING INFORMATION

For questions about the minor, email csdadvising@bcs.usf.edu.
DEPARTMENT OF CRIMINOLOGY
CRIMINOLOGY B.A.

TOTAL DEGREE HOURS: 120

The Bachelor of Arts degree in Criminology provides students with the skills and knowledge needed in the wide variety of agencies that comprise the criminal justice system, these include law enforcement, detention, the judiciary, corrections, juvenile justice, probation and parole. Also, the undergraduate program prepares criminology students to pursue a graduate degree in Criminology or related disciplines. The undergraduate program in Criminology introduces students to the theory, issues, and methodology of the causes of crime and the criminal justice system. The program provides students with the critical thinking skills necessary for the consumption and production of criminological research. Upon graduation, students must be able to delineate the main theoretical explanations of crime and delinquency, demonstrate knowledge of research methods used in the fields of criminology and criminal justice, and provide an understanding of the structure and process of the U.S. system of criminal justice.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx

Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx

International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.
STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

There are no State Mandated Common Course Prerequisites for this major.

REQUIRED SUPPORTING COURSES (1 COURSE, 3 CREDIT HOURS)

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

NOTE: STA 2122 or STA 2023 supporting course requirement is excluded from the Major Hours, Major GPA and Major Residency.

STA 2122 - Social Science Statistics Credit(s): 3
or
STA 2023 - Introductory Statistics I Credit(s): 3

MAJOR REQUIREMENTS (15 CREDIT HOURS)

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

CCJ 3024 - Survey of the Criminal Justice System Credit(s): 3
CCJ 3117 - Theories of Criminal Behavior Credit(s): 3
CCJ 3701 - Research Methods in Criminal Justice I Credit(s): 3

OTHER REQUIRED COURSE: 1 COURSE; 3 CREDIT HOURS

CCJ 4934 - Seminar in Criminology Credit(s): 3

MAJOR (RESTRICTED) ELECTIVES (24 CREDIT HOURS)

Choose 8 courses (24 credit hours) of electives from the following list of courses.

Note: CCJ 4940 may be taken S/U.

CCJ 3014 - Crime and Justice in America Credit(s): 3
CCJ 3336 - Prisoner Reentry and Recidivism: When Inmates Come Home Credit(s): 3
CCJ 3621 - Patterns of Criminal Behavior Credit(s): 3
CCJ 3644 - White Collar Crime Credit(s): 3
CCJ 3666 - Victimology Credit(s): 3
CCJ 3718 - Applied Statistics in Crime Credit(s): 3
CCJ 4072 - Introduction to Crime Mapping with ArcGIS Credit(s): 3
CCJ 4224 - Miscarriages of Justice Credit(s): 3
CCJ 4361 - Death Penalty Credit(s): 3
CCJ 4450 - Criminal Justice Administration Credit(s): 3
CCJ 4487 - Ethics and the Criminal Justice System Credit(s): 3
GPA REQUIREMENTS

An overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENT

In order to graduate, students must maintain an average best attempt 2.0 GPA in all courses counted toward the major.

"D" RULE

Criminology majors are limited to one grade of "D+" or lower in their major coursework. Any student who receives a grade of "D+" or lower in more than one USF Criminology major course will either need to utilize grade forgiveness in order to comply with the rule or seek major reselection. Future registration in Criminology major courses will be restricted for students who are not in compliance with the "D" rule. If a student has exhausted all available grade forgiveness opportunities and remains in non-compliance with the "D" rule, the student will be required to seek major reselection.
RESIDENCY REQUIREMENT

A minimum of 30 credit hours of major course work must be taken in residence at the University of South Florida. Therefore, no more than 6 credit hours of transfer work (two courses) will be accepted to meet major requirements.

FOREIGN LANGUAGE REQUIREMENT

In addition to the foreign language entrance requirement, all students applying for a Bachelor of Arts degree from USF must demonstrate competency in a foreign language. To demonstrate this competency, students may take either two semesters of a beginning college-level foreign language or one semester of a higher-level course and earn a letter grade of "C" (no "S" grades) or above in the appropriate level course or demonstrate equivalent competency by passing an examination. Students may fulfill this requirement by demonstrating fluency in a language other than English and proficiency in English, as demonstrated in successful coursework or examination in English.

OTHER REQUIREMENTS

Criminology students are required to take a capstone course--CCJ 4934 Seminar in Criminology (3)--where they produce a research paper to demonstrate their competencies.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

The department provides all students with the opportunity to engage in an internship with a federal, state or local criminal justice related agency within one of the surrounding counties. Internships available with more than 100 agencies afford students the opportunity to network and gain practical experience in conjunction with their degree. Internships maybe taken for up to nine (9) credit hours of Criminology electives, and grades are awarded on a S/U (satisfactory/unsatisfactory) basis. To meet eligibility requirements for the internship, students must successfully complete CCJ 3024, CCJ 3117, six (6) hours of Criminology electives, and have a USF and a major GPA of 2.0 or higher.

ACCELERATED PROGRAMS

An Accelerated BA+MA Criminal Justice Program is available to students who meet specific requirements. See the USF 2020-2021 Graduate Catalog for more information on Accelerated Majors.

FORENSIC STUDIES AND JUSTICE B.S.

The Bachelor of Science in Forensic Studies and Justice provides pre-law and law enforcement-minded students with a critical analytical education to help improve the use of evidence in investigations, especially in the criminal justice system. The major teaches about forensic applications in criminal justice, cognitive biases, structured analytical techniques, and case study analysis within a systems thinking paradigm to provide a solid background to reduce errors in and improve investigations. The objective of the undergraduate major in Forensic Studies and Justice is to develop a sound educational basis either for law school, graduate work, or professional training in one or more of the technical areas comprising the modern criminal justice system, like investigators, analysts, agents, or technicians at the local, state, and federal levels. By tailoring electives, students can create areas of professional emphasis like white-collar crime, human trafficking, victims’ advocates, environmental crimes, and others.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES

There are no State Mandated Common Prerequisites for this degree program.

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students should be aware that by university regulation they are obligated to establish academic residency by completing the equivalent of one academic year (30 semester hours) in “on-campus” courses. All undergraduate transfer students electing Forensic Studies as their major will be required, moreover, to take a minimum of 30 credit hours in major coursework at the University of South Florida. The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.
## MAJOR REQUIREMENTS (24 CREDIT HOURS)

### REQUIRED SUPPORTING COURSES (1 COURSE, 3 CREDIT HOURS)

- STA 2122 - Social Science Statistics **Credit(s): 3**
- or
- STA 2023 - Introductory Statistics **Credit(s): 3**

### MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- CCJ 3024 - Survey of the Criminal Justice System **Credit(s): 3**
- CCJ 3117 - Theories of Criminal Behavior **Credit(s): 3**
- CCJ 3701 - Research Methods in Criminal Justice **Credit(s): 3**

### OTHER REQUIRED COURSES: 4 COURSES; 12 CREDIT HOURS

- CJE 4244 - Analytic Forensic Case Studies **Credit(s): 3**
- CCJ 4487 - Ethics and the Criminal Justice System **Credit(s): 3**
- CJE 3650 - Introduction to Forensic Science **Credit(s): 3**
- CJE 4731 - Forensic Investigations **Credit(s): 3**

### MAJOR (RESTRICTED) ELECTIVES (15 CREDIT HOURS)

Students choose 15 credit hours from the following list of courses.

- CCJ 3621 - Patterns of Criminal Behavior **Credit(s): 3**
- CCJ 3666 - Victimology **Credit(s): 3**
- CCJ 4450 - Criminal Justice Administration **Credit(s): 3**
- CCJ 4900 - Directed Readings **Credit(s): 1-3**
- CCJ 4910 - Directed Research **Credit(s): 1-3**
- CCJ 4930 - Critical Issues in Policing **Credit(s): 3**
- CCJ 4933 - Selected Topics in Criminology **Credit(s): 3**
- CCJ 4934 - Seminar in Criminology **Credit(s): 3**
- CCJ 4940 - Internship for Criminal Justice Majors **Credit(s): 3**
- CJC 4010 - American Correctional Systems **Credit(s): 3**
- CJE 4010 - Juvenile Justice System **Credit(s): 3**
- CJE 4114 - American Law Enforcement Systems **Credit(s): 3**
- CJL 3110 - Substantive Criminal Law **Credit(s): 3**
- CJL 3502 - Introduction to Courts **Credit(s): 3**
- CJL 4410 - Criminal Rights and Procedures **Credit(s): 3**

## GPA REQUIREMENTS

2.00 or higher Major GPA.
"D" RULE
Forensic Studies and Justice majors are limited to one grade of "D+" or lower in their major coursework. Any student who receives a grade of "D+" or lower in more than one USF major course will either need to utilize grade forgiveness in order to comply with the rule or seek major reselection. Future registration in the major courses will be restricted for students who are not in compliance with the "D" rule. If a student has exhausted all available grade forgiveness opportunities and remains in non-compliance with the "D" rule, the student will be required to seek major reselection.

GRADING REQUIREMENTS
In order to graduate, students must maintain an average best attempt 2.0 GPA in all courses counted toward the major.

OTHER REQUIREMENTS
No more than six (6) hours of CCJ 4900, CCJ 4910 or any combination of the two will be accepted toward the minimum number of hours in the major.

RESIDENCY REQUIREMENTS
These residence requirements are designed to ensure that transfer students who subsequently receive their baccalaureate degree from the University of South Florida with a major in Forensic Studies will have been exposed to the same body of knowledge in their major as those students who complete all or a major portion of their coursework at the University of South Florida.

RESEARCH OPPORTUNITIES
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

CRIMINOLOGY MINOR

The objective of the undergraduate minor in Criminology is to develop an educational basis either for graduate work or for professional training in the modern urban criminal justice system.

TOTAL MINOR CREDIT HOURS: 18

MINOR CORE CREDIT HOURS: 6

- CCJ 3024 - Survey of the Criminal Justice System Credit(s): 3
- CCJ 3117 - Theories of Criminal Behavior Credit(s): 3

MINOR ELECTIVE CREDIT HOURS: 12

Students are to select 12 hours (4 courses) from the list of electives:

- CCJ 3014 - Crime and Justice in America Credit(s): 3
- CCJ 3336 - Prisoner Reentry and Recidivism: When Inmates Come Home Credit(s): 3
- CCJ 3621 - Patterns of Criminal Behavior Credit(s): 3
- CCJ 3644 - White Collar Crime Credit(s): 3
- CCJ 3666 - Victimology Credit(s): 3
- CJC 4010 - American Correctional Systems Credit(s): 3
- CCJ 4072 - Introduction to Crime Mapping with ArcGIS Credit(s): 3
- CCJ 4224 - Miscarriages of Justice Credit(s): 3
- CCJ 4361 - Death Penalty Credit(s): 3
- CCJ 4450 - Criminal Justice Administration Credit(s): 3
- CCJ 4487 - Ethics and the Criminal Justice System Credit(s): 3
- CCJ 4604 - Abnormal Behavior and Criminality Credit(s): 3
- CCJ 4613 - Forensic Psychology Credit(s): 3
- CCJ 4651 - Drugs and Crime Credit(s): 3
- CCJ 4662 - Race and Crime Credit(s): 3
- CCJ 4670 - Women and Crime Credit(s): 3
- CCJ 4681 - Domestic Violence Credit(s): 3
- CCJ 4690 - Sex Offenders Credit(s): 3
- CCJ 4794 - Environmental Criminology Credit(s): 3
- CCJ 4930 - Critical Issues in Policing Credit(s): 3
- CCJ 4933 - Selected Topics in Criminology Credit(s): 3
  (Examples include: Serial Killers, Gangs, Crime & Public Policy, Cybercrime). Repeatable when taken under different titles.
- CJE 3444 - Crime Prevention Credit(s): 3
- CJE 3650 - Introduction to Forensic Science Credit(s): 3
- CJE 4010 - Juvenile Justice System Credit(s): 3
- CJE 4114 - American Law Enforcement Systems Credit(s): 3
- CJE 4610 - Criminal Investigation Credit(s): 3
- CJL 3110 - Substantive Criminal Law Credit(s): 3
- CJL 3502 - Introduction to Courts Credit(s): 3
- CJL 4115 - Environmental Law and Crime Credit(s): 3
- CJL 4410 - Criminal Rights and Procedures Credit(s): 3
- DSC 3013 - Terrorism and Homeland Security Credit(s): 3
- DSC 3594 - Introduction to Intelligence Analysis Credit(s): 3

GPA REQUIREMENT
A minimum GPA of 2.0 or higher in minor coursework.

**GRADING REQUIREMENT**

Students minoring in criminology will be subject to the Department's "2 D/F" rule (no more than one D+ or below allowed in a Criminology course).

Courses for the minor may not be taken on an S/U basis.

**RESIDENCY REQUIREMENTS**

A minimum of 12 semester hours must be completed at USF.

**OTHER REQUIREMENTS**

Students who are minoring in Criminology will not be permitted to register for CCJ 4934 - Seminar in Criminology capstone requirement as it is designated for Criminology majors only.

At least 9 credit hours must be completed at USF.

CCJ 4934 Seminar in Criminology and CCJ 4940 Internship are restricted to Criminology majors only. Students in the minor are not eligible to take these two courses.

**ADVISING INFORMATION**

Contact the undergraduate advisor.

Tampa: https://www.usf.edu/cbcs/criminology/undergraduate/appointments.aspx

Sarasota Manatee: http://usfsm.edu/academics/academic-resources/academic-advising/index.aspx
DEPARTMENT OF MENTAL HEALTH LAW AND POLICY
BEHAVIORAL HEALTHCARE B.S., WITH APPLIED BEHAVIOR ANALYSIS CONCENTRATION

TOTAL DEGREE HOURS: 120

Service delivery to individuals with developmental disabilities, Autism spectrum disorders, and other behaviors that may limit functioning is addressed with very specific behavioral techniques. This concentration is appropriate for individuals desiring certification in the field or as a complement to other service delivery strategies.

Behavioral health problems, such as mental and substance use disorders, are among the greatest public health challenges facing our communities. New, scientifically-based approaches are available to treat and prevent many behavioral health problems. Students will be exposed to treatment approaches as well as to issues in the organization, financing, delivery, and outcomes of behavioral health services. The emphasis of the curricula is on practices that have been scientifically validated and the delivery of services within the context of current funding, policies and trends. Students must also demonstrate behaviors that are congruent with the professional standards and values of the profession. Students desiring a career in this field should be aware that fingerprinting, a background check, and drug screen may be required to work in this field. Failure to pass one of these checks would be cause to terminate a student from the major. Students may be responsible for any associated costs.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- PSY X012 Introduction to Psychological Science - 3 credit hours
- STA XXXX Any level Statistics course or PSY X204 Psychological Statistics - 3 credit hours
- SYG X000 Introduction to Sociology or SYG X010 Contemporary Social Problems - 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with their academic advisor in their major degree area.
The B.S. in Behavioral Healthcare prepares students for entry-level positions in agencies that provide a variety of treatment services for individuals with diagnosed mental health, substance use, and/or behavioral issues. Other students may be preparing for graduate programs in human services and/or research. The program provides students with three options for concentration in (1) Behavioral Health Across the Lifespan, (2) Children’s Behavioral Healthcare, (3) Applied Behavior Analysis. The curriculum emphasizes evidence-based practices utilizing a recovery-focused, holistic and strength-based approach to behavioral healthcare.

NOTE: *MHS 3411 should be taken during the student's first semester of major coursework; a minimum grade of "B-" is required.

- MHS 3411 - Multidisciplinary Behavioral Healthcare Services **Credit(s):** 3  
- MHS 2031 - Mental Health and Addictive Disorders **Credit(s):** 3  
- MHS 3063 - Cultural Diversity, Health and Behavioral Health **Credit(s):** 3  
- MHS 3753 - Research Methods in Behavioral Healthcare **Credit(s):** 3  
- MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment **Credit(s):** 3  
- MHS 4703 - Legal, Ethical and Professional Issues in BHC **Credit(s):** 3  
- MHS 4723 - Professional Seminar in Behavioral Healthcare **Credit(s):** 3

**APPLIED BEHAVIOR ANALYSIS**

Service delivery to individuals with developmental disabilities, Autism spectrum disorders, and other behaviors that may limit functioning is addressed with very specific behavioral techniques. This concentration is appropriate for individuals desiring certification in the field or as a complement to other service delivery strategies.

**TOTAL CONCENTRATION HOURS: 21**

**CONCENTRATION CORE (3 CREDIT HOURS)**

- MHS 4002 - Behavioral Health Systems Delivery **Credit(s):** 3
  
  or

- MHS 4490 - Behavioral Healthcare Issues for Children **Credit(s):** 3

**REQUIRED COURSES (18 CREDIT HOURS)**

- MHS 3204 - Fundamentals of Applied Behavior Analysis **Credit(s):** 3  
- MHS 4202 - Behavioral Assessment and Intervention Planning **Credit(s):** 3  
- MHS 4206 - Applied Behavior Analysis in Autism and Development Disabilities **Credit(s):** 3  
- MHS 4412 - Research Methods and Ethical Issues in Behavior Analysis **Credit(s):** 3  
- MHS 4704 - Ethics, Supervision, and Management in Applied Behavior Analysis **Credit(s):** 3  
- MHS 4943 - Practicum Seminar in Applied Behavior Analysis **Credit(s):** 3
BEHAVIORAL HEALTHCARE B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS
Students must maintain a minimum cumulative GPA of 2.50 in major coursework while enrolled in the program. Students falling below the 2.50 GPA requirement will be allowed no more than one semester to improve their GPA to the threshold.

GRADING REQUIREMENT
A grade of lower than "C-" in any Behavioral Healthcare major course will not be counted toward fulfilling the requirements for the major.

"D" RULE
Behavioral Healthcare majors are limited to two (2) grades of "D+" or lower in their major coursework. Any student who receives a grade of D+ or lower in more than two (2) major courses will be required to seek major reselection. Note: Students may use grade forgiveness to improve GPA, but all "D+" or lower grades will count toward the maximum allowed total "D+" grades, regardless of whether grade forgiveness has been applied.

RESIDENCY REQUIREMENT
At least 18 hours of major coursework must be taken in residence at USF Tampa.

RESEARCH OPPORTUNITIES
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4910 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

OTHER INFORMATION
A concentration in Behavioral Healthcare is offered through the Bachelor of Science in Applied Science (BSAS) degree program for Florida A.S. transfers as well as the Bachelor of General Studies (BGS) for returning students. Both majors are offered through Undergraduate Studies.

A concentration in Multidisciplinary Behavioral Sciences is available through the Interdisciplinary Social Sciences (ISS) major, which is offered by the College of Arts & Sciences.

ADVISING INFORMATION
For questions related to advising please contact BHC Advising at bhc_advise@usf.edu.

A concentration in Multidisciplinary Behavioral Sciences is available through the Interdisciplinary Social Sciences (ISS) major, which is offered by the College of Arts & Sciences.

ADVISING INFORMATION

For questions related to advising please contact BHC Advising at bhc_advise@usf.edu.

4 YEAR PLAN OF STUDY - BEHAVIORAL HEALTHCARE B.S., WITH BEHAVIORAL HEALTH ACROSS THE LIFESPAN CONCENTRATION

NOTE:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Items that are critical are marked with a ✴️ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

Case Manager
Emergency Screener
Family Service Coordinator
Research Associate

Potential Entry Level Salary Range:

$25,000 - $40,000

YEAR 1

SEMESTER 1 (FALL)

✴️ ENC 1101 - Composition I Credit(s): 3
TGEC - Creative Thinking Credit(s): 3
PSY 2012 - Introduction to Psychological Science Credit(s): 3
SGEM - General Education Core Mathematics Credit(s): 3
General Elective Credit(s): 3

NOTE: SCIV - Civics Literacy (Civics Literacy requirement) needs to be fulfilled prior to graduation. See advisor.

Total Credit Hours: 15

SEMESTER 2 (SPRING)
COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2021-2022 UNDERGRADUATE CATALOG

SPECIFIC COURSE SELECTIONS

SEMESTER 1 (FA/SP)

* ENC 1102 - Composition II Credit(s): 3
* STA 2122 - Social Science Statistics Credit(s): 3
* MHS 2031 - Mental Health and Addictive Disorders Credit(s): 3
* General Elective Credit(s): 3

Total Credit Hours: 15

SEMESTER 3 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 2

SEMESTER 4 (FALL)

* SYG 2000 - Introduction to Sociology Credit(s): 3
  or SYG 2010 - Contemporary Social Problems Credit(s): 3
  Note: SYG 2000 meets SGES - General Education Core Social Sciences requirement
* TGED - Human & Cultural Diversity Credit(s): 3
* SGEH - General Education Core Humanities Credit(s): 3
* MHS 3063 - Cultural Diversity, Health and Behavioral Health Credit(s): 3
* General Elective Credit(s): 3

- Upper Level Elective Credit(s): 3
- Apply for Graduation

Total Credit Hours: 15
BEHAVIORAL HEALTHCARE B.S., WITH CHILDREN'S BEHAVIORAL HEALTHCARE CONCENTRATION

TOTAL DEGREE HOURS: 120

Not-for-profit agencies in the community provide services that address a wide spectrum of children's issues ranging from prevention to inpatient or residential care. This concentration is designed for students considering a career in children's mental health.

Behavioral health problems, such as mental and substance use disorders, are among the greatest public health challenges facing our communities. New, scientifically-based approaches are available to treat and prevent many behavioral health problems. Students will be exposed to treatment approaches as well as to issues in the organization, financing, delivery, and outcomes of behavioral health services. The emphasis of the curricula is on practices that have been scientifically validated and the delivery of services within the context of current funding, policies and trends. Students must also demonstrate behaviors that are congruent with the professional standards and values of the profession. Students desiring a career in this field should be aware that fingerprinting, a background check, and drug screen may be required to work in this field. Failure to pass one of these checks would be cause to terminate a student from the major. Students may be responsible for any associated costs.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- **PSY X012 Introduction to Psychological Science** - 3 credit hours
- **STA XXXX** Any level Statistics course or **PSY X204 Psychological Statistics** - 3 credit hours
- **SYG X000 Introduction to Sociology** or **SYG X010 Contemporary Social Problems** - 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with their academic advisor in their major degree area.
TOTAL MAJOR HOURS: 42

MAJOR CORE (21 CREDIT HOURS)

The B.S. in Behavioral Healthcare prepares students for entry-level positions in agencies that provide a variety of treatment services for individuals with diagnosed mental health, substance use, and/or behavioral issues. Other students may be preparing for graduate programs in human services and/or research. The program provides students with three options for concentration in (1) Behavioral Health Across the Lifespan, (2) Children's Behavioral Healthcare, (3) Applied Behavior Analysis. The curriculum emphasizes evidence-based practices utilizing a recovery-focused, holistic and strength-based approach to behavioral healthcare.

NOTE: *MHS 3411 should be taken during the student's first semester of major coursework; a minimum grade of "B-" is required.

- MHS 3411 - Multidisciplinary Behavioral Healthcare Services Credit(s): 3
- MHS 2031 - Mental Health and Addictive Disorders Credit(s): 3
- MHS 3063 - Cultural Diversity, Health and Behavioral Health Credit(s): 3
- MHS 3753 - Research Methods in Behavioral Healthcare Credit(s): 3
- MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment Credit(s): 3
- MHS 4703 - Legal, Ethical and Professional Issues in BHC Credit(s): 3
- MHS 4723 - Professional Seminar in Behavioral Healthcare Credit(s): 3

CHILDREN'S BEHAVIORAL HEALTH CONCENTRATION

Not-for-profit agencies in the community provide services that address a wide spectrum of children's issues ranging from prevention to inpatient or residential care. This concentration is designed for students considering a career in children's mental health.

TOTAL CONCENTRATION HOURS: 21

CONCENTRATION CORE (3 CREDIT HOURS)

Students must take MHS 4425 - Field Experience in Behavioral Healthcare (application needed two semesters before taking the course). The application, application deadlines, and additional information about the course can be found on the Field Experience webpage: http://www.usf.edu/cbcs/mhlp/students/field-experience.asp

- MHS 4490 - Behavioral Healthcare Issues for Children Credit(s): 3
- or
- MHS 4002 - Behavioral Health Systems Delivery Credit(s): 3

REQUIRED COURSES (12 CREDIT HOURS)

- MHS 4074 - Child Development and Trauma Credit(s): 3
- MHS 4425 - Field Experience in Behavioral Healthcare Credit(s): 3
- MHS 4434 - Behavioral Health and the Family Credit(s): 3
- MHS 4455 - Drug Abuse Prevention and Treatment Credit(s): 3

CONCENTRATION ELECTIVE COURSES (6 CREDIT HOURS)

Select two elective courses:

- MHS 3204 - Fundamentals of Applied Behavior Analysis Credit(s): 3
- MHS 4203 - Practical Skills-Children's Behavioral Healthcare Credit(s): 3
- MHS 4413 - Applied Data Analysis for Behavioral Health Research Credit(s): 3
- MHS 4452 - Co-Occurring Disorders Credit(s): 3
- MHS 4453 - Applied Psychopharmacology in Drug Abuse and Dependency Credit(s): 3
- MHS 4454 - Alcohol Drugs and Crime Credit(s): 3
- MHS 4731 - Writing for Research and Publication in Behavioral and Community Sciences Credit(s): 3
GPA REQUIREMENTS

Students must maintain a minimum cumulative GPA of 2.50 in major coursework while enrolled in the program. Students falling below the 2.50 GPA requirement will be allowed no more than one semester to improve their GPA to the threshold.

GRADING REQUIREMENT

A grade of lower than "C-" in any Behavioral Healthcare major course will not be counted toward fulfilling the requirements for the major.

"D" RULE

Behavioral Healthcare majors are limited to two (2) grades of "D+" or lower in their major coursework. Any student who receives a grade of D+ or lower in more than two (2) major courses will be required to seek major reselection. Note: Students may use grade forgiveness to improve GPA, but all "D+" or lower grades will count toward the maximum allowed total "D+" grades, regardless of whether grade forgiveness has been applied.

RESIDENCY REQUIREMENT

At least 18 hours of major coursework must be taken in residence at USF Tampa.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4910 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

OTHER INFORMATION

A concentration in Behavioral Healthcare is offered through the Bachelor of Science in Applied Science (BSAS) degree program for Florida A.S. transfers as well as the Bachelor of General Studies (BGS) for returning students. Both majors are offered through Undergraduate Studies.

A concentration in Multidisciplinary Behavioral Sciences is available through the Interdisciplinary Social Sciences (ISS) major, which is offered by the College of Arts & Sciences.

ADVISING INFORMATION

For questions related to advising please contact BHC Advising at bhc_advise@usf.edu.

The minor in Behavioral Healthcare is available to students interested in pursuing a career in the field of behavioral health in conjunction with any undergraduate major. It should be particularly beneficial to persons majoring in disciplines such as psychology, social work, sociology, anthropology, gerontology, long term care administration, pre-med, criminology, and nursing.

MINOR REQUIREMENTS: 15

MINOR CORE (15 CREDIT HOURS)

*NOTE: A student completing a field placement in Psychology, Social Work, or other human services discipline may request an exemption (from the advisor) from MHS 4425 and may substitute an approved elective. Students must apply to take MHS 4425 Field Experience in Behavioral Healthcare two semesters before taking the course. This course has three prerequisites: MHS 3411 with a B- or higher, MHS 4002, and MHS 4408. The application, application deadlines, and additional information about the course can be found on the Field Experience webpage.

- MHS 3411 - Multidisciplinary Behavioral Healthcare Services Credit(s): 3
- MHS 4002 - Behavioral Health Systems Delivery Credit(s): 3
- MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment Credit(s): 3
- MHS 4723 - Professional Seminar in Behavioral Healthcare Credit(s): 3
- MHS 4425 - Field Experience in Behavioral Healthcare Credit(s): 3 *

GPA REQUIREMENTS

A GPA of 2.00, or better in this minor is required for completion.

RESIDENCY REQUIREMENT

Fifty percent (50%) of the minor must be completed through USF coursework.

ADVISING INFORMATION

For questions about the BHC minor, email bhc_advise@usf.edu.
CHILDREN'S BEHAVIORAL HEALTHCARE MINOR

The minor in Children's Behavioral Healthcare is available to students interested in pursuing a career in the field of children's behavioral health in conjunction with any undergraduate major. It should be particularly beneficial to persons majoring in disciplines such as psychology, social work, sociology, anthropology, pre-med, criminology, nursing, public health, and education.

A minor in Children's Behavioral Healthcare consists of a minimum of 15 credit hours.

TOTAL MINOR CREDIT HOURS: 15

MINOR CORE CREDIT HOURS: 6

- MHS 3411 - Multidisciplinary Behavioral Healthcare Services Credit(s): 3
- MHS 4490 - Behavioral Healthcare Issues for Children Credit(s): 3

MINOR ELECTIVE CREDIT HOURS: 9

Select 9 credit hours from the following courses:

- MHS 3063 - Cultural Diversity, Health and Behavioral Health Credit(s): 3
- MHS 3204 - Fundamentals of Applied Behavior Analysis Credit(s): 3
- MHS 4074 - Child Development and Trauma Credit(s): 3
- MHS 4203 - Practical Skills-Children's Behavioral Healthcare Credit(s): 3
- MHS 4434 - Behavioral Health and the Family Credit(s): 3
- MHS 4455 - Drug Abuse Prevention and Treatment Credit(s): 3
- MHS 4723 - Professional Seminar in Behavioral Healthcare Credit(s): 3
- MHS 4931 - Selected Topics Credit(s): 1-3

GPA REQUIREMENTS

A GPA of 2.00 or better in this minor is required for completion.

RESIDENCY REQUIREMENTS

Fifty percent (50%) of the minor must be completed through USF coursework.

ADVISING INFORMATION

For questions, please contact BHC_Advise@usf.edu.
FORENSIC BEHAVIORAL HEALTH MINOR

TOTAL MINOR HOURS: 15

The minor in Forensic Behavioral Health is available to students interested in pursuing the interaction of mental and substance use disorders with the criminal justice system. It should be particularly beneficial for students in disciplines such as criminology, psychology, social work, sociology, anthropology, public health, and pre-law.

MINOR REQUIREMENTS

Prior to enrolling in courses for the minor, students should complete at least one introductory course (3 credit hours) in Behavioral or Social Sciences. Students should consult with the Behavioral Healthcare academic advisor to determine applicable courses.

MINOR CORE (12 CREDIT HOURS)

- CCJ 4613 - Forensic Psychology Credit(s): 3
- MHS 4022 - Adult Psychopathology in the Community Credit(s): 3
- MHS 4452 - Co-Occurring Disorders Credit(s): 3
- MHS 4455 - Drug Abuse Prevention and Treatment Credit(s): 3

MINOR ELECTIVES (3 CREDIT HOURS)

Students must choose one of the following courses:

- MHS 4023 - Recovery Oriented Mental Health Services Credit(s): 3
- MHS 4453 - Applied Psychopharmacology in Drug Abuse and Dependency Credit(s): 3
- MHS 4454 - Alcohol Drugs and Crime Credit(s): 3
- MHS 4703 - Legal, Ethical and Professional Issues in BHC Credit(s): 3

GPA REQUIREMENTS

A GPA of 2.00 or better in this minor is required for completion.

GRADING REQUIREMENTS

A minimum overall 2.0 GPA in minor coursework is required for completion of the minor.

RESIDENCY REQUIREMENT

Fifty percent (50%) of the minor must be completed through USF coursework.

ADVISING INFORMATION

For questions about the minor, please contact: bhc_advise@usf.edu.
SCHOOL OF SOCIAL WORK
SOCIAL WORK B.S.W.

TOTAL DEGREE HOURS: 120

The University of South Florida offers a program of study leading to a Bachelor of Social Work (B.S.W.) degree in the School of Social Work, College of Behavioral & Community Sciences. The B.S.W. has been developed in accordance with the guidelines of the Council on Social Work Education, the national accrediting body for social work education programs, and in accordance with the recommendations of the National Association of Social Workers. The B.S.W. program is fully accredited by the Council on Social Work Education and is a limited access program. The primary objective of the B.S.W. program is the preparation of the graduate for beginning level professional practice as a social work generalist. The secondary objectives of the B.S.W. program are to:

Provide for the social work human resources needs of the university service district (the central Florida west coast area), the State of Florida, and the Southeast Region;
Prepare graduates for additional professional training at the graduate level in social work or in related human service professions;
Provide an exposure to social work as a profession and to contemporary issues in the social welfare field.

In preparing the B.S.W. graduate for beginning professional practice, the curriculum provides students with an opportunity to develop a knowledge base and skill base as a "generalist" practitioner. Students will develop an understanding of various methods of intervention and skills in their application to a variety of client systems. For example, intervention methods may take the form of individual and group counseling, resource development, consultation, teaching, advocacy, etc. Client systems may be individuals, families, groups, organizations, or communities. The student will develop an understanding of the dynamics of human behavior in individual, group and organizational contexts and the influences of the socio-cultural environment upon those behaviors. The student will learn about the development of social welfare systems and institutions and the social, economic, and political processes affecting policy development and program implementation. The student will develop an understanding of the utilization of basic social research skills particularly related to the processes of problem-solving, planning, and evaluation. The student will also become aware of the value base of the profession and engage in a self-examination process as it relates to the development and reflection of ethical and effective professional practice. The B.S.W. program places great emphasis on the development of a professionally responsible graduate in terms of one's obligations to the client system served, the profession itself, the organization in which one works, and to the general public which ultimately provides any profession with legitimacy.

CERTIFIED GLOBAL PATHWAYS PROGRAM

This program has been certified as a Global Pathway. Global Pathway programs have significant global content and align with the goals of USF's Quality Enhancement Plan, the Global Citizens Project. Students in Global Pathway programs are well positioned to earn the Global Citizen Award and become eligible to apply for a study abroad scholarship offered by the Global Citizens Project. Study abroad opportunities are available through the School of Social Work and have included travel to India and Spain.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
International: https://www.usf.edu/admissions/international/admission-information/index.aspx

LIMITED ACCESS

THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS (LIMITED ACCESS) AS LISTED IN THIS SECTION.
The Social Work Program is a limited access program that requires students to complete a formal application to the BSW program during the semester of finishing all requirements for eligibility into the major. The School of Social Work admits all eligible, qualified applicants.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- BSC X005 or BSC X085 or BSC X010 or PCB X099 - 3 credit hours
- ECO X000 or ECO X023 or ECO X013 - 3 credit hours
- PSY X012 - 3 credit hours
- SYG X000 or SYG X010 - 3 credit hours
- POS X041 - 3 credit hours

USF PREREQUISITE COURSES

One course in each of the following five areas must be completed for admission to the major.

AMERICAN GOVERNMENT
- POS 2041 - American National Government Credit(s): 3

HUMAN BIOLOGY
- Take one (1) of the following.
  - BSC 1005 - Biological Principles for Non-Majors Credit(s): 3
  - BSC 1020 - The Biology of Humans Credit(s): 3
  - BSC 2085 - Anatomy and Physiology I for Health Professionals Credit(s): 3

ECONOMICS
- Take one (1) of the following.
  - ECO 1000 - Basic Economics Credit(s): 3
  - ECO 2013 - Economic Principles (Macroeconomics) Credit(s): 3
  - ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3

PSYCHOLOGY
- PSY 2012 - Introduction to Psychological Science Credit(s): 3

SOCIOLOGY
- Take one (1) of the following.
  - SYG 2000 - Introduction to Sociology Credit(s): 3
SYG 2010 - Contemporary Social Problems Credit(s): 3

REQUIRED FOUNDATION COURSE FOR THE MAJOR (3 CREDIT HOURS)

This course is open to all majors, but it is a prerequisite and foundation course for the Social Work major. Although it is required for the major, it is not counted in the total hours for the major. Students typically take this course at USF.

SOW 3203 - Introduction to Social Work Credit(s): 3

TOTAL MAJOR HOURS: 41

MAJOR CORE (41 CREDIT HOURS)

A major in Social Work requires 41 credits in a lock-step (pre-set) schedule.

STUDENTS MUST TAKE THE FOLLOWING COURSES DURING THEIR FIRST SEMESTER ADMITTED IN THE PROGRAM (15 CREDIT HOURS):

SOW 3101 - Human Behavior and the Social Environment I Credit(s): 3
SOW 3210 - The American Social Welfare System Credit(s): 3
SOW 3401 - Research and Statistics For Social Work Credit(s): 3
SOW 4341 - Multi-Methods of Social Work Practice I: Micro-System Intervention Credit(s): 3
SOW 4522 - Multicultural America in a Global Society Credit(s): 3

ONCE THE ABOVE COURSES HAVE BEEN SUCCESSFULLY COMPLETED, STUDENTS MUST TAKE THE FOLLOWING COURSES DURING THEIR 2ND SEMESTER IN THE PROGRAM (14 CREDIT HOURS):

SOW 3102 - Human Behavior and the Social Environment II Credit(s): 3
SOW 4233 - Social Welfare Policy and Program Analysis Credit(s): 3
SOW 4315 - Social Work Case Management with Special Populations Credit(s): 3
SOW 4343 - Multi-Methods of Social Work Practice II: Macro-System Intervention Credit(s): 3
SOW 4414 - Social Work Data Management Credit(s): 2

ONCE ALL ABOVE COURSES HAVE SUCCESSFULLY BEEN COMPLETED, STUDENTS MUST TAKE THE FOLLOWING COURSES (12 CREDIT HOURS):

SOW 4510C - Integrative Seminar and Field Placement Credit(s): 9
SOW 4602 - Social Work Practice in Mental Health and Health Care Credit(s): 3

GPA REQUIREMENTS

Admission to the University and a minimum USF/Overall GPA of 2.75.

Students must also maintain a minimum GPA of 2.75 in core courses in the major while enrolled in the program and demonstrate behaviors that are congruent with professional standards and values as described previously in order to remain in the major.
GRADING REQUIREMENT

Completion of the five common course prerequisites with a minimum grade of "C" or better (2.0) in each course. A grade of "C-" is not acceptable.

Students must successfully complete their BSW core courses by earning a "C" or better. A grade of "C-" is not acceptable.

If Introduction to Social Work is completed at another institution, the student must have earned a grade of "B" or better in that course.

A syllabus must be provided by the student and reviewed in the School of Social Work prior to approval of any transfer of social work courses.

COURSE GRADE REQUIREMENT

SOW 3203 - Introduction to Social Work requires a minimum grade of "B" for eligibility into the major. A grade of "B-" is not acceptable.

OTHER INFORMATION

During the first semester of junior year, the following requirements must be fulfilled in order to remain in the social work major:

- 2.75 overall GPA, 2.75 USF GPA.
- Completion of the five State Mandated Prerequisites (no grade of "C-" or below).
- Completion of the SOW 3203 foundation course (no grade of "B-" or below).
- Submission of the BSW application.

USF Bachelor of Science Social Work graduates may be eligible for admission into USF's Master of Social Work Advanced Standing programs.

Membership in the National Social Work Honor Society, Phi-Alpha/Delta Sigma chapter at the University of South Florida is available to students who meet eligibility criteria. Phi Alpha is a national honor society for social work students who have attained excellence in scholarship. Its mission is to provide a network among students of social work and to promote humanitarian goals and ideals.

FOREIGN LANGUAGE REQUIREMENT

Students must meet the University's FLENT (Foreign Language Entrance Requirement), which requires successful completion of two high school credits in one foreign language or successful completion of 2 semesters (8 credits) in one foreign language in college, or demonstrating equivalent foreign language competence on the basis of scores determined by the ACC CLEP or demonstrating equivalent foreign language competence through other means approved by USF (such as a Placement Exam). American Sign Language may also be completed for FLENT.

RESEARCH OPPORTUNITIES

The diverse research interests of the faculty in the School of Social Work provide a wide array of opportunities for students to interface with evidence based research studies. Current research interests include treatment of childhood trauma; quality of care outcomes for vulnerable populations with particular emphasis on older adults with co-occurring mental and physical health disorders; health effects of intimate partner violence; implications of health care practices and interventions involving Latinos; reduction of health and mental health disparities for Haitians, and the development of psycho-social resources in community and long-term care settings.
INTERNSHIP OPPORTUNITIES

Hands-on, practical experience is integrated in the core curriculum through the 460 hours of field placement that students complete during their final semester in the program. The School of Social Work has partnerships for the field experiences with an abundance of agencies in the surrounding communities. Students have many choices for the populations and environments in which they would like to develop their skills and prepare for professional employment. Internship (field placement) areas include child welfare, substance abuse, medical social work, mental health, children and adolescent services, forensic mental health, domestic violence, veteran's services, court/justice system, crisis management, elder care, hospice and homelessness.

ACCREDITATION INFORMATION

The School of Social Work programs are accredited by the Council on Social Work Education (CSWE).

ADVISING INFORMATION

Advising is available in office, by phone and email. We welcome students to contact our advisor to learn more about the social work profession and the BSW degree.

Amy Weisz, MSW, LCSW; 813-974-7292; aweisz@usf.edu; MHC 1405.

4 YEAR PLAN OF STUDY - SOCIAL WORK B.S.W.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
Items that are critical are marked with a ✳ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

Social Worker
Victim Advocate
Child Welfare Specialist
Family Development Specialist
Case Manager
Crisis Center Counselor

Potential Entry Level Salary Range:

$30,000 - $49,000
YEAR 1

SEMESTER 1 (FALL)

- ENC 1101 - Composition I Credit(s): 3
- BSC 1005 - Biological Principles for Non-Majors Credit(s): 3
- SGEM - General Education Core Mathematics Credit(s): 3
- SYG 2000 - Introduction to Sociology Credit(s): 3
  - or SYG 2010 - Contemporary Social Problems Credit(s): 3
    (SYG 2000 meets SGES - General Education Core Social Sciences requirement)
- SLS 2901 - Academic Foundations Seminar Credit(s): 1-3

NOTE: SCIV - Civics Literacy requirement needs to be fulfilled prior to graduation. See advisor.

Total Credit Hours: 15

SEMESTER 2 (SPRING)

- ENC 1102 - Composition II Credit(s): 3
- SGEM - General Education Core Mathematics Credit(s): 3
- TGED - Human & Cultural Diversity Credit(s): 3
- Elective Credit(s): 3
- Elective Credit(s): 2

Total Credit Hours: 14

SEMESTER 3 (SUMMER)

- Elective Credit(s): 3

Total Credit Hours: 3

YEAR 2

SEMESTER 4 (FALL)

- POS 2041 - American National Government Credit(s): 3
- PSY 2012 - Introduction to Psychological Science Credit(s): 3
- Elective Credit(s): 2
- TGEC - Creative Thinking Credit(s): 3
- TGEE - Ethical Reasoning & Civic Engagement Credit(s): 3

Total Credit Hours: 14

SEMESTER 5 (SPRING)

- TGEI - Information and Data Literacy Credit(s): 3
- SGEH - General Education Core Humanities Credit(s): 3
- General Elective Credit(s): 3
- ECO 1000 - Basic Economics Credit(s): 3
  - or ECO 2013 - Economic Principles (Macroeconomics) Credit(s): 3
  - or ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3

Muma College of Business

About the College

http://www.usf.edu/business/

The Muma College of Business offers courses of study leading to both undergraduate and graduate degrees. All degree programs in the Muma College of Business are fully accredited by AACSB International — The Association to Advance Collegiate Schools of Business.

Mission and Vision

Mission

We emphasize creativity and analytics to promote student success, produce scholarship with impact, and engage with all stakeholders in a diverse global environment.

Vision

Transforming minds: Transforming business. We aspire to be internationally recognized for developing business professionals who provide analytical and creative solutions in a global environment.

Accreditation

The Muma College of Business offers courses of study leading to both undergraduate and graduate degrees. All degree programs in the Muma College of Business are fully accredited by AACSB International — The Association to Advance Collegiate Schools of Business.

AACSB provides internationally recognized, specialized accreditation for business and accounting programs at the bachelor’s, master’s, and doctoral level. The AACSB Accreditation Standards challenge post-secondary educators to pursue excellence and continuous improvement throughout their business programs. AACSB Accreditation is known, worldwide, as the longest standing, most recognized form of specialized/professional accreditation an institution and its business programs can earn. AACSB-accredited schools have the highest quality faculty, relevant and challenging curriculum, and provide educational and career opportunities that are not found at other business schools.

Admission Requirements for the Muma College of Business

Limited Access Programs

The following programs are offered as limited access: Advertising, Accounting, Business Analytics and Information Systems, Entrepreneurship**, Finance, General Business Studies, Global Business, Information Assurance and Cybersecurity Management, Marketing, Management, and Personal Finance.

Students interested in pursuing a degree in the above areas offered by the Muma College of Business must complete the required prerequisites for entering the College in addition to other related criteria listed below.

- Minimum of 60 semester hours of college credit earned
- Minimum cumulative grade point average of 2.5 on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal.
- Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:
  - ACG X021/ACG X022 Financial Accounting (or ACG X001 & ACG X011)*
  - ACG X071 Managerial Accounting (or X301)*
  - CGS X100 Computers in Business (or acceptable Substitute, i.e., CGS X100C, CGS X530, CGS X570, CGS X531, CGS X0000, MAN X812)
  - ECO X013 Principles of Macroeconomics
  - ECO X023 Principles of Microeconomics
  - MAC X233 Elementary Calculus or MAC X230
  - STA X023 Introductory Statistics or QMB X100 or STA X122 (STA X023 and QMB X100 are preferred)
*Accounting majors must earn a C not C- in ACG 2021 & ACG 2071.
** Entrepreneurship majors must also complete a leadership course as a required pre-requisite.

In computing entry grade point average all business and economics courses taken for S or U grades will be converted to C or F, respectively.

A minimum score of 550 on paper and pencil or 213 on computerized TOEFL is required, when applicable.

Students must be admitted to the Muma College of Business at least one term before their anticipated graduation date.

For more information, see the General Requirements at the Muma College of Business website http://www.usf.edu/business/undergraduate/requirements-general.aspx.

**Admission Requirements for Non-Limited Access Programs**

Muma College of Business offers the following non-limited access programs: Hospitality Management, Risk Management and Insurance, and Supply Chain Management.

**Hospitality Management**: Students must have a 2.0 overall and USF GPA and complete the following State Mandated Common Course Prerequisites:

- ACG X021 or ACG X022 or (ACG X001 and ACG X011) - 3 credit hours
- ACG X071 - 2-3 credit hours
- ECO X013 - 3 credit hours
- ECO X023 - 3 credit hours

**Risk Management and Insurance**: To matriculate to the upper-division courses required for the B.S/RMI, students must earn a minimum grade of C- in the following courses and an overall 2.0 GPA in all seven (7) courses:

- Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)
- Managerial Accounting: ACG X071 (or ACG X301)
- Computers in Business: CGS X100 (or acceptable substitute)
- Principles of Macroeconomics: ECO X013
- Principles of Microeconomics: ECO X023
- Elementary Calculus: MAC X233 or MAC X230
- Statistics: QMB X100 or STA X023 or STA X122

**Supply Chain Management**: Completion of the following Common Prerequisites with a grade of B- or higher in each course:

- ECO X013
- ECO X023
- MAC X233 or MAC X311 Analytic Geometry and Calculus I or MAC X281
- QMB X100 or STA X023 Statistics or STA X024 or STA X122 or STA X032 or STA X037 or ESI X213
- ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 and ACG X011)
- ACG X071 Principles of Managerial Accounting or ACG X301 or ACG X072
- CGS X100 or CGS X570 or CGS X531 or CGS X092 or BUL X241 Law, Public Policy, Negotiation & Business or PHI X600 or BUL X131 or MAN X440 or GEB X350

**Admission Requirements for First Time in College Students**

First time in college students who meet the criteria below are granted direct entry to the Muma College of Business.

- Admitted for Fall semester entry to USF as a degree seeking student OR
- Test scores: SAT minimum 1210, Math 570 or ACT 25, Math 25 AND
  - Minimum weighted high school GPA: 3.5

First time in college students must meet the entrance requirements for their major, including GPA and state mandated pre-requisite courses, to enroll in upper-level major courses.

**Early Admissions Program – The Bulls Business Network**
Membership in the Bulls Business Network (BBN) is open to first time in college students who have completed a USF application and declared an intent to major in business, and meet the FTIC admission requirements (listed above). These freshmen are admitted directly to the Muma College of Business upon admission to USF (while the majority of students are fully admitted to the business college after two years of general course requirements). BBN members are eligible to live in the Bulls Business Community or the Zimmerman Advertising Program Community, residential programs described in the following section. BBN students have the opportunity to avoid mass lecture classes as smaller sections of core business classes are reserved exclusively for BBN members (availability is limited and determined by academic performance each semester). Students in the BBN may apply for special business scholarships as well as join business student organizations normally restricted only to juniors and seniors. For admission criteria, visit http://www.usf.edu/business/undergraduate/bbn/.

Living-Learning Communities - The Bulls Business Community or Zimmerman Advertising Program (ZAP)

Freshmen are encouraged to live on campus for the first year. As part of the Bulls Business Network, students are eligible to apply to the business-themed living learning communities, the Bulls Business Community (BBC) and Zimmerman Advertising Program Community (ZAP). Here, students are offered very different programming opportunities. Two exclusive academic advisors and a graduate assistant aid students as they navigate the university and the college. Dinners with the dean, meetings with CEO's of various Tampa Bay businesses, improv sessions, study abroad opportunities, company tours and etiquette dinners are just a few of the beyond the books experiences provided to less than 200 business students living on five floors in Endeavor Hall. In addition, all BBC/ZAP students have the opportunity to apply to the Honors Program in Business. For further information about the BBC or ZAP please visit https://www.usf.edu/business/undergraduate/bbc/.

Honors Programs

The Business Honors Program at the University of South Florida is one of the most prestigious programs established to inspire passion and nurture exemplary potential in students. Our program blends rigorous coursework and research activities with special residential, service, international, and applied learning opportunities found inside and outside of the classroom. The Business Honors Program brings together distinct features that include:

- Small classes that enhance learning
- Study abroad program geared toward understanding the global business environment
- Summer internship opportunities with top-rated business companies
- Comprehensive study in research and computational methods
- Research opportunities associated with your Honors thesis
- Corporate mentoring with industry leaders
- Personalized advising

For more information, see http://www.usf.edu/business/undergraduate/honors/program.aspx.

Transfer Student Admission Requirements

In addition to general admission requirements, transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF. For more information, see http://www.usf.edu/business/undergraduate/requirements-transfer.aspx.

Students who transfer to the USF Muma College of Business must meet the following admission guidelines below:

- Minimum of 60 semester hours of college credit earned.
- Minimum cumulative grade point average of 2.5 on all college-level work (for limited access programs) and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal.
- Completion all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.0 GPA in all seven (7) courses. The courses are:
  - Financial Accounting*: ACG X201/ACG X202 (or ACG X001 & ACG X011)
  - Managerial Accounting: ACG X071 (or ACG X301)
Computers in Business: CGS X100 (or acceptable substitute)
Principles of Macroeconomics: ECO X013
Principles of Microeconomics: ECO X023
Elementary Calculus**: MAC X233 or MAC 2230
Statistics**: QMB 2100 or STA 2023

*Accounting majors must earn a C not C- in ACG 2021 & ACG 2071.
**Hospitality Management majors only complete ECO 2013, ECO 2023, ACG 2021, and ACG 2071.

NOTES:

Entrepreneurship majors must complete a leadership course in addition to the seven pre-requisite courses listed above.

Supply Chain Management majors must earn a B- or better in each of the seven pre-requisite courses listed above.

See Admission Requirements information for Limited Access Programs and Non-Limited Access Programs.

Associate of Arts Transfers

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Associate of Science Transfers

Florida College System students pursuing an Associate of Science (AS) program in General Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation of courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S.in General Business Administration may earn a major in only Management. Florida College System students pursuing an Associate of Science (AS) program in any other discipline should contact the B.S.A.S program in the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

College-Level Requirements

General Requirements for B.A./B.S. Degrees in Business

Students must satisfactorily complete a minimum of 120 semester hours. Of the minimum 120, at least 60 hours must be business courses, and a minimum of 54 hours must be non-business courses (i.e., all courses not normally offered by the Muma College of Business). Additional electives may be required to reach a minimum of 120 hours and can be either business or non-business. NOTE: Beginning Fall 2013 the Muma College of Business will establish each fall a new minimum overall GPA required to satisfy the limited access GPA admission requirement. The minimum overall GPA will range between a 2.5 with a maximum required GPA of a 2.75. Students will be notified each fall as to the minimum entrance GPA required for the following fall semester. Notification will occur through CANVAS and updated at http://www.usf.edu/business/undergraduate/requirements-general.aspx.

As a part of the 120-hour requirements for the B.A. or B.S. degree, the following criteria also apply:

GPA: A minimum grade-point average of 2.0 must be achieved in the following areas:
- The major and minor fields
- College foundation courses
- All USF coursework
Overall GPA (USF and all transfer work)

State Communication and Computation Requirements: Students must have satisfactorily completed the State Communication Requirement and State Computation Requirement.

Foreign Language: All students must satisfy the University's Foreign Language Entrance Requirement (refer to the Academic Policies and Procedures section of the catalog). For the Bachelor of Arts degree in Global Business, students must demonstrate competency in a foreign language equivalent to a minimum of three semesters in the same foreign language. The Muma College of Business does not approve American Sign Language for the Foreign Language Exit Requirement.

Residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 semester hours depending on major) of required business courses, including 12-18 semester hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

International Course Requirement: All business students are required to select at least one course that deals with contemporary international topics. Consult with a business advisor for approved courses.

Academic Dismissal: Students dismissed more than once from the University of South Florida for academic reasons will not be readmitted to the Muma College of Business.

Academic Progression: The Muma College of Business supports the USF degree progression policy. Failure to meet degree progress may result in removal from the college to a program more appropriate to ensure students' success.

Degree Requirements (120 credit hours)

Non-Business (54 hrs. minimum)

Enhanced General Education Requirements

- Communication/English Composition (ENC 1102 is required) (6 credit hours)
- General Education Core Mathematics and Quantitative Reasoning (Calculus and Statistics are required) (6 credit hours)
- General Education Core Natural Sciences (3 credit hours)
- General Education Core Social Sciences (ECO 2013 is required) (3 credit hours)
- General Education Core Humanities (3 credit hours)
- Human Cultural Diversity (BUL 3320* is required) (3 credit hours)
- Information & Data Literacy (CGS 2100 is required) (3 credit hours)
- Creative Thinking (ECO 2023 is required) (3 credit hours)
- Ethical Reasoning & Civic Engagement (GEB 4890* is required) (3 credit hours)
- High Impact Practice (3 credit hours)

*Not required for Hospitality Management majors.

Non-Business Requirements for Business Majors

- SPC 2608 - Public Speaking or COM 3110 - Communication For Business and the Professions
- ENC 3250 - Professional Writing or ENC 3310 - Expository Writing or equivalent It is recommended that transfer students take ENC 3250 or ENC 3310 their first semester at USF.
Additional Elective Credits

Students may or may not need to take additional hours to meet the minimum of 54 non-business credits (See "Electives" heading below for a suggested course)

Students must satisfy the State Civic Literacy Requirement (0-3 credits) See advisor for more information.

Business (63-66 hrs. minimum):

Foundation Courses in Business - Required - a minimum grade of C- in each foundation course with an overall 2.0 GPA (36 credit hours):

- ACG 2021 - Principles of Financial Accounting *
- ACG 2071 - Principles of Managerial Accounting *
- QMB 2100 - Business and Economic Statistics I
- BUL 3320 - Law And Business I
- FIN 3403 - Principles of Finance **
- GEB 3033 - Business Workplace Skills and Best Practices
- ISM 3011 - Information Systems in Organizations ***
- QMB 3200 - Business and Economic Statistics II
- MAN 3025 - Principles of Management
- MAN 4504 - Operations and Supply Chain Management
- MAR 3023 - Basic Marketing ****
- GEB 4890 - Strategic Management and Decision Making

*Accounting majors must earn C, not C-, in ACG 2021 & ACG 2071.

**Finance, Personal Finance, and Risk Management and Insurance majors must earn a C, not C-, in FIN 3403 with no more than two attempts.

***Business Analytics and Information Systems (B.A.I.S.) and Information Assurance and Cybersecurity Management majors must earn C, not C-, in ISM 3011.

****Advertising, Marketing, and Supply Chain Management majors must earn C, not C-, in MAR 3023.

*****Supply Chain Management majors must earn a B- or higher in ACG 2021, ACG 2071, and QMB 2100.

******Hospitality Management majors complete different core courses, see major requirements.

Major Requirements (18-27 credit hours)

Required Business Electives (3 credit hours):

- CGS 2100 - Computers in Business*

*Supply Chain Management Majors must earn a minimum grade of B- or higher.

Electives in Business or Non-Business

Sufficient elective courses to reach a minimum of 120 hours (ranges from 0-3 credit hours if above requirements are met); minimum total hours 120.

Grading Requirements

Courses are not available for audit. All courses in the major or minor field and all foundation coursework in business must be taken on a graded basis.
D/F Policy

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

Other Requirements

Computer Requirement

All students entering the Muma College of Business are required to have a laptop computer that they can use in their classes and labs. The laptop computer must be capable of connecting to the internet wirelessly and accessing software applications through a central server, and have audio and video capabilities.

Concurrent Degrees

Business Analytics and Information Systems with a concentration in Healthcare Business and Biomedical Sciences

The dual-degree program in Biomedical Sciences (BMS) and Business Analytics and Information Systems (BAIS), with a concentration in Healthcare Business (HCBC) meets the needs of the marketplace for medical professionals who are well versed in the use of information technology. Combining a Business degree with a focus in analytics with a traditional Pre-Med Biomedical Science degree gives students the skills needed to manage a private practice or medical research program that involves data analytical skills.

INITIAL ELIGIBILITY REQUIREMENTS

Admission to the Muma College of Business as a first-year student

3.8 weighted high school GPA, as calculated by USF’s Office of Undergraduate Admissions

SAT score of at least 1300, which is based off the new SAT, with minimum 600 math OR ACT score of at least 27

Declared intent to obtain dual degrees in these programs

Exam Credit/Concurrent Enrollment Coursework

• Students admitted into this concurrent program are expected to have completed 17-26 credit hours through exam credit and/or dual enrollment coursework (e.g., AP, IB, dual enrollment or other mechanisms) prior to starting their degree program at USF.

  o For example, if the student plans to start in the fall, courses may be completed in the summer if needed. These courses meet requirements for the business degree and/or the MCAT.

  o Note: College credit for science courses obtained through the International Baccalaureate (IB) or the Advanced International Certificate of Education (AICE) may need to be repeated for consideration of admission into a medical school program because medical schools generally do not accept exam credit scores in place of science coursework.

Course 1 Credits

ENC 1101 - Composition I (e.g., AP English Literature/English Language, score of 3 or above) 3 credit hours

ENC 1102 (e.g., AP English Literature/English Language, score of 4 or above) 3 credit hours

MAC 2311 (e.g., AP Calculus AB, score of 3 or above) OR MAC 1147 Precalculus Algebra and Trigonometry (e.g. Mathematics, score of 3 or above) (May be waived with an SAT Math score of 650 or higher, and/or an ACT Math score of 29 or higher) 4 credit hours

CHM 2045 & CHM 2045L General Chemistry I with Laboratory (e.g., AP Chemistry, score of 4 or above) 4 credit hours

BSC 2010 & BSC 2010L Cellular Process with Laboratory (e.g., AP Biology, score of 4 or above) 4 credit hours

ECO 2013 (Macroeconomics) (e.g., Economics: Macro score of 3 or above) 3 credit hours

ECO 2023 (Microeconomics) (e.g., Economics: Micro score of 3 or above) 3 credit hours
Total 24 credit hours

CONTINUATION REQUIREMENTS

At the end of the first summer semester, students must attain both an overall and science/math grade point average (GPA) of at least 3.60, without the use of grade forgiveness. If students transfer in a GPA, the overall and science/math GPAs from all coursework completed at USF must also be 3.60 or higher.

First-year science requirements must be completed by the summer of the first year.

Students who do not meet progression requirements must exit the dual-degree program and will be directed to academic advising in the appropriate discipline.

Students should plan to meet with a Health Professions advisor and Business advisor each semester to confirm accuracy and receive individual recommendations. For more information, see http://www.usf.edu/business/undergraduate/bais/.

Students are responsible for verifying that the courses indicated above meet the requirements of their specific programs of interest.

In addition to meeting with a Health Professions Advisor, students should meet with their Academic Advisor (for their major) each semester to ensure they are also meeting graduation requirements.

Undergraduate Advising Information

The Undergraduate Advising Office assists business students with academic advising, course permitting, and registration.

Advising Services:

Orientation for freshmen and transfer students.

Academic advising and program information for pre-business and fully admitted students who have applied to the Muma College of Business and declared business as their intended major.

Evaluation of undergraduate transcripts for all declared and admitted business transfer students.

Assist students with their degree progression, retention, and timely graduation.

Certification of graduation.

Tampa campus:
BSN 2102
(813) 974-4290 or schedule an advising appointment online at https://www.usf.edu/business/undergraduate/advising/appointments.aspx

Office Hours:
Monday - Thursday 8:00am - 6:00pm
Friday 8:00am - 4:00pm (Friday is reserved for walk-in’s only)
Please refer to website for most current office hours and advising availability information: https://www.usf.edu/business/undergraduate/advising/

For questions email bsnadvising@usf.edu

Be sure to include your name, U#, and contact information with your question.

To schedule an advising appointment:

Prospective or current students with an active UID can schedule an appointment online:

Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major:

(813) 974-8155
http://www.usf.edu/business/student-success/
LYNN PIPPENGER SCHOOL OF ACCOUNTANCY
ACCOUNTING B.S.

TOTAL DEGREE HOURS: 120

The objective of the baccalaureate degree program in Accountancy is to provide students with accounting and business knowledge that will serve as a basis for careers in industry, government, non-profit organizations, and public accountancy. The baccalaureate program also prepares students for entry into the Master of Accountancy (M.Acc.) professional degree program. The State of Florida requires completion of 120 semester hours to sit for the CPA examination and 150 semester hours are required for licensure.

LIMITED ACCESS

Students who transfer to the USF Muma College of Business must meet the following admission guidelines below:

- Minimum of 60 semester hours of college credit earned.
- Minimum cumulative grade point average of 2.5 (applies only to limited access programs) on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal.
- Completion of all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.0 GPA in all seven (7) courses. The courses are:
  a. Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)*
  b. Managerial Accounting: ACG X071 (or ACG X301)*
  c. Computers in Business: CGS X100 (or acceptable substitute)
  d. Principles of Macroeconomics: ECO X013
  e. Principles of Microeconomics: ECO X023
  f. Elementary Calculus: MAC X233 or MAC 2230
  g. Statistics: QMB X100 or STA X023 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

UNIVERSITY ADMISSION

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- **Transfer**: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- **International**: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.
Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:

- ACG X021 Principals of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3-6 credit hours
- ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
- CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 or CGS X101 - 3 credit hours
- ECO X013 Principles of Macroeconomics - 3 credit hours
- ECO X023 Principles of Microeconomics - 3 credit hours
- STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
- MAC X233 Elementary Calculus - 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

**SUPPORTING REQUIRED COURSES: 5 COURSES; 15 CREDIT HOURS**

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each supporting course is required.

- SPC 2608 - Public Speaking Credit(s): 3
  
  or

- COM 3110 - Communication For Business and the Professions Credit(s): 3
- ENC 3250 - Professional Writing Credit(s): 3
  
  or

- ENC 3310 - Expository Writing Credit(s): 3
- Contemporary International Topics Course (3)
- Behavioral Science or Humanities Course (3)
- Ethics or Political Science Course (3)

**REQUIRED COURSES: (60 CREDIT HOURS)**
BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C in each Foundation course with an overall 2.0 GPA is required.

- BUL 3320 - Law And Business Credit(s): 3
- FIN 3403 - Principles of Finance Credit(s): 3
- GEB 3033 - Business Workplace Skills and Best Practices Credit(s): 3
- ISM 3011 - Information Systems in Organizations Credit(s): 3
- QMB 3200 - Business and Economic Statistics II Credit(s): 3
- MAN 3025 - Principles of Management Credit(s): 3
- MAR 3023 - Basic Marketing Credit(s): 3
- GEB 4890 - Strategic Management and Decision Making Credit(s): 3

MAJOR CORE COURSES: 6 COURSES; 18 CREDIT HOURS

- ACG 3103 - Intermediate Financial Accounting I Credit(s): 3
- ACG 3341 - Cost Accounting and Control I Credit(s): 3
- ACG 3113 - Intermediate Financial Accounting II Credit(s): 3
- ACG 3401 - Accounting Information Systems Credit(s): 3
- ACG 4632 - Auditing I Credit(s): 3
- TAX 4001 - Concepts of Federal Income Taxation Credit(s): 3

MAJOR (RESTRICTED) ELECTIVES: (6 CREDIT HOURS)

Choose two (2) courses from the following list:

- ACG 4123 - Intermediate Financial Accounting III Credit(s): 3
- ACG 4351 - Cost Accounting and Control II Credit(s): 3
- ACG 4642 - Auditing II Credit(s): 3
- ACG 4931 - Selected Topics in Accounting Credit(s): 1-3
- ACG 4940 - Accounting Internship Credit(s): 3
- TAX 4940 - IRS VITA Internship Credit(s): 3

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Students must enroll in two courses their first semester within the Accounting major. During the first semester, one of which is required is ACG 3103. The second course is to be chosen from among ACG 3341, ACG 3401 or TAX 4001. Students are also required to complete at least one of these two required courses successfully with a grade of C (not C-) or higher on the first attempt. Students who are unable to pass both courses on the first attempt are assigned for major reselection. ("W" grades count as not passing with a grade of C or higher).

Students who pass one of these courses with a grade of C or higher, but either did not pass the other course with a grade of C or higher or withdrew from the other course are permitted a second attempt to retake that course. During a semester in which a student retakes one of the two required accounting courses, the student is only permitted to enroll in that one accounting course; the student may not enroll in any other accounting courses during that semester. Further, the student is required to pass the repeated accounting course with a grade of C or higher. If the student earns a grade of C- or lower or withdraws from that course, the student is assigned for major reselection.
Accounting majors may use the forgiveness policy only once in upper-level Accounting courses. One experiential learning course (e.g., ACG 4940 Accounting Internship) may be applied towards the 120-credit hour graduation requirement. Independent Research, ACG 4911, will not be accepted as credit toward the minimum major requirements.

Within the 120-semester-hour program, students must complete a minimum of 24 hours of upper-level Accounting coursework with a grade of C not C- in all courses. Accounting courses taken by Accounting majors on an S/U basis will not be counted toward the 120-hour graduation requirement, with the exception of ACG 4911 Independent Research.

**D/F POLICY**

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

**RESIDENCY REQUIREMENTS**

**Major residency:** Students must complete 18 hours of upper-level Accounting requirements in residency at USF.

**College residency:** Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

**OTHER REQUIREMENTS**

Accounting major courses must be no older than five (5) years to count for major credit. This applies both to continuing USF Accounting majors, as well as Accounting major courses transferred in from other institutions. A student may petition the Director for an exception to the policy and the Director may grant or deny such petition, at his/her discretion.

**RESEARCH OPPORTUNITIES**

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

4 YEAR PLAN OF STUDY - ACCOUNTING B.S.

NOTES:
SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
Items that are critical are marked with a ✳️ and are included in the plan for a student to stay on track.

YEAR 1

SEMMTER 1 (FALL)

✳️ ENC 1101 - Composition I Credit(s): 3
✳️ MAC 2233 - Business Calculus Credit(s): 3
✳️ CGS 2100 - Computers in Business Credit(s): 3
SPC 2608 - Public Speaking Credit(s): 3
    or COM 3110 - Communication For Business and the Professions Credit(s): 3
Non-Business Elective Credit(s): 3
Civics Literacy Exam

Total Credit Hours: 15

SEMMTER 2 (SPRING)

✳️ ENC 1102 - Composition II Credit(s): 3
✳️ ECO 2013 - Economic Principles (Macroeconomics) Credit(s): 3
SGEN - General Education Core Natural Sciences Credit(s): 3
SGEH - General Education Core Humanities Credit(s): 3
Non-Business Elective Credit(s): 3
Civics Literacy Exam

Total Credit Hours: 15

SEMMTER 3 (SUMMER)
Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 2

SEMESTER 4 (FALL)

- ACG 2021 - Principles of Financial Accounting Credit(s): 3
- Non-Business Elective Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
- Ethics or Political Science Credit(s): 3
- Non-Business Elective Credit(s): 3

Total Credit Hours: 15

SEMESTER 5 (SPRING)

- ACG 2071 - Principles of Managerial Accounting Credit(s): 3
- QMB 2100 - Business and Economic Statistics I Credit(s): 3
- GEB 3033 - Business Workplace Skills and Best Practices Credit(s): 3
- Behavioral Science or Humanities Credit(s): 3
- ISM 3011 - Information Systems in Organizations Credit(s): 3

Total Credit Hours: 15

SEMESTER 6 (SUMMER)

- QMB 3200 - Business and Economic Statistics II Credit(s): 3
- MAR 3023 - Basic Marketing Credit(s): 3

Total Credit Hours: 6

YEAR 3

SEMESTER 7 (FALL)

- ACG 3103 - Intermediate Financial Accounting I Credit(s): 3
- ACG 3401 - Accounting Information Systems Credit(s): 3
- ENC 3250 - Professional Writing Credit(s): 3
- or ENC 3310 - Expository Writing Credit(s): 3
- BUL 3320 - Law And Business I Credit(s): 3
- Non-Business Elective Credit(s): 3

Total Credit Hours: 15

SEMESTER 8 (SPRING)

- ACG 3341 - Cost Accounting and Control I Credit(s): 3
- ACG 3113 - Intermediate Financial Accounting II Credit(s): 3
- MAN 3025 - Principles of Management Credit(s): 3
- MAN 4504 - Operations and Supply Chain Management Credit(s): 3

Total Credit Hours: 12

SEMESTER 9 (SUMMER)

- TAX 4001 - Concepts of Federal Income Taxation Credit(s): 3
Total Credit Hours: 3

YEAR 4

SEMESTER 10 (FALL)

- ACG 4632 - Auditing I Credit(s): 3
- FIN 3403 - Principles of Finance Credit(s): 3
- Major Elective Credit(s): 3
- TGEH - High Impact Practice Credit(s): 3
- Apply for Graduation

Total Credit Hours: 12

SEMESTER 11 (SPRING)

- GEB 4890 - Strategic Management and Decision Making Credit(s): 3
- Major Elective Credit(s): 3
- Contemporary International Topics Credit(s): 3
- Non-Business Elective Credit(s): 3

Total Credit Hours: 12

Total Credit Hours: 12
ACCOUNTING (FOR BUSINESS MAJORS ONLY) MINOR

The Accounting minor is available to all Undergraduate Muma College of Business students, except those majoring in Accounting.

TOTAL MINOR CREDIT HOURS: 12

MINOR CORE CREDIT HOURS: 12

Note: Students must take ACG 3103 during the first semester and at least one of the other three courses listed below during the same semester.

- ACG 3103 - Intermediate Financial Accounting I Credit(s): 3
- ACG 3341 - Cost Accounting and Control I Credit(s): 3
- ACG 3401 - Accounting Information Systems Credit(s): 3
- TAX 4001 - Concepts of Federal Income Taxation Credit(s): 3

GPA REQUIREMENTS

A GPA of 2.0 or higher must be achieved in all minor coursework. All attempts will be included in the GPA unless grade forgiveness has been used. Only one grade forgiveness may be used in the minor.

GRADING REQUIREMENTS

A grade of C (not C-) or better must be earned in each of the four upper-level Accounting courses taken.

RESIDENCY REQUIREMENT

Students must complete 12 hours in residency at USF.

OTHER REQUIREMENTS

The Lynn Pippenger School of Accountancy has additional admission requirements beyond the entry requirements to the Muma College of Business.

Successful completion of ACG 3103 - Intermediate Financial Accounting I and ACG 3341 - Cost Accounting and Control I or ACG 3401 - Accounting Information Systems or TAX 4001 with a minimum grade of C, not C- and no more than two attempts cumulatively between ACG 3103 and the selected co-requisite course. "W" grades count as an attempt.

The pre-requisites for ACG 3103 and all accounting minor coursework require students to earn a grade of C, not C- in both ACG 2021 and ACG 2071. Students who fail to obtain a minimum grade of C (not C-) in ACG 3103 and ACG Co-requisite within two cumulative attempts will be withdrawn from the minor, as appropriate. "W" grades count as an attempt.

Accounting courses must be no older than five (5) years to count for degree credit.

A student may petition the Director for an exception to the policy and the Director may grant or deny such a petition, at his/her discretion.

LEGAL STUDIES MINOR

The Muma College of Business in conjunction with the College of Arts and Sciences (CAS), offers a Legal Studies minor that is open to all USF students regardless of their major. The minor in Legal Studies provides students with real law for the real world. The minor will:

- Instill in students a strong, pragmatic understanding of legal concepts, public policy, law, and its applications while emphasizing the implications on societies and business;
- Complement existing CAS and COB majors;
- Develop students' ability to recognize legal issues and manage risks;
- Develop students analytical, problem solving and negotiation skills along with their ethical sensitivity;
- Develop students' ability to formulate and advocate positions, and to use those skills to effectively communicate; and
- Improve students' leadership skills, social business skills, marketability, and employment prospects

FINANCE B.S.

TOTAL DEGREE HOURS: 120

The Finance major provides a broad-based, analytical program for students anticipating a career in the management of both large and small organizations. Finance provides a good background for students seeking general careers in business. Finance majors can elect to take courses in the following areas that prepare them for entry and advanced careers in: financial management of corporations, management of financial institutions, investments, financial services, insurance, and real estate. In addition, the program in Finance is designed to provide the skills required by students earning degrees in other business disciplines and by students who seek professional degrees in areas such as law and public administration. The Finance program offers courses that enable the graduate to identify and solve problems in the acquisition and allocation of funds by organizations in the public and private sectors in domestic and international settings. It provides the background necessary for managing wealth in a risky environment. Finance relies on an interdisciplinary approach that draws on economic theory, accounting, information systems, and the quantitative decision frameworks of statistics and mathematics. The major is designed to ensure that graduates are familiar with the tools of financial decision making and that they possess the skills to stay abreast of the developments in the field. Finance graduates will understand the functions and operations of financial markets, become familiar with computer applications in finance, and know how to access and utilize financial information. Course content is designed to provide majors with an appreciation of cooperative work skills and to enhance their verbal and written communication skills.

LIMITED ACCESS

Students who transfer to the USF Muma College of Business must meet the following admission guidelines below:

- Minimum of 60 semester hours of college credit earned.
- Minimum cumulative grade point average of 2.5 (applies only to limited access programs) on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal.
- Completion of all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.0 GPA in all seven (7) courses. The courses are:
  - a. Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)*
  - b. Managerial Accounting: ACG X071 (or ACG X301)*
  - c. Computers in Business: CGS X100 (or acceptable substitute)
  - d. Principles of Macroeconomics: ECO X013
  - e. Principles of Microeconomics: ECO X023
  - f. Elementary Calculus: MAC X233 or MAC 2230
  - g. Statistics: QMB X100 or STA X023 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
Major and college requirements in a chosen degree program:
  Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
  Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
  42 credit hours of upper-level coursework;
  Civics Literacy;
  Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state and community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state and community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

- ACG X021 or ACG X022 or (ACG X001 and ACG X011)
- ACG X071 or ACG X301
- CGS X100 or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518
- ECO X013
- ECO X023
- STA X023 or STA X122 or QMB X100
- MAC X233

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.
SUPPORTING REQUIRED COURSES (3 COURSES; 9 CREDIT HOURS)

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each supporting course is required.

- SPC 2608 - Public Speaking Credit(s): 3
- or
- COM 3110 - Communication For Business and the Professions Credit(s): 3
- ENC 3250 - Professional Writing Credit(s): 3
- or
- ENC 3310 - Expository Writing Credit(s): 3
- Contemporary International Topics Course

FINANCE REQUIRED COURSES: (45 CREDIT HOURS)

BUSINESS FOUNDATION REQUIRED COURSES (9 COURSES; 27 CREDIT HOURS)

A minimum grade of C- in each Foundation course with an overall 2.0 GPA is required. Finance majors must earn a C, not a C-, in FIN 3403 with no more than two attempts.

- BUL 3320 - Law And Business I Credit(s): 3
- FIN 3403 - Principles of Finance Credit(s): 3
- GEB 3033 - Business Workplace Skills and Best Practices Credit(s): 3
- ISM 3011 - Information Systems in Organizations Credit(s): 3
- QMB 3200 - Business and Economic Statistics II Credit(s): 3
- MAN 3025 - Principles of Management Credit(s): 3
- MAN 4504 - Operations and Supply Chain Management Credit(s): 3
- MAR 3023 - Basic Marketing Credit(s): 3
- GEB 4890 - Strategic Management and Decision Making Credit(s): 3

MAJOR CORE (3 COURSES; 9 CREDIT HOURS)

- FIN 4453 - Financial Modeling and Analytics Credit(s): 3
- FIN 4504 - Principles of Investments Credit(s): 3
- FIN 4443 - Financial Policies and Strategies Credit(s): 3

FINANCE MAJOR (RESTRICTED) ELECTIVES (12 CREDIT HOURS)

Students complete a Finance program of study or complete one of three (3) concentrations:

- Investment Analysis
- Corporate Finance
- Real Estate

GENERAL FINANCE MAJOR ELECTIVES: FOUR (4) COURSES; 12 CREDIT HOURS

Select a minimum of four of the following courses.

- FIN 3144 - Financial Planning Fundamentals Credit(s): 3
- FIN 3233 - Money and Banking Credit(s): 3
- FIN 3604 - International Finance Credit(s): 3
- FIN 4128 - Personal Financial Planning Process and Development Credit(s): 3
- FIN 4303 - Financial Institutions and Markets Credit(s): 3
- FIN 4412 - Working Capital Management Credit(s): 3
FIN 4414 - Advanced Corporation Finance Credit(s): 3
FIN 4461 - Financial Statement Analysis Credit(s): 3
FIN 4514 - Advanced Investment Analysis and Management Credit(s): 3
FIN 4533 - Financial Option & Futures Credit(s): 3
FIN 4560 - Applied Securities Analysis Credit(s): 3
FIN 4940 - Finance Internship Credit(s): 3
RMI 3011 - Principles of Insurance Credit(s): 3
REE 3043 - Real Estate Decision Making Credit(s): 3
REE 4940 - Real Estate Internship Credit(s): 3
Any other Finance or Related Course with approval from Department Chair

FINANCE B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Within the 120-credit hour program, students must complete a minimum of 21 hours of upper-level Finance/Personal Finance coursework beyond FIN 3403 with a grade of C- in all courses. Finance courses taken by Finance/Personal Finance majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

D/F POLICY

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

OTHER REQUIREMENTS

Major residency: Students must complete 15 hours of upper-level Finance/Personal Finance requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.
INTERNSHIP OPPORTUNITIES

It is strongly recommended that Finance students take an internship course (FIN 4940 - Finance Internship or REE 4940 - Real Estate Internship) as part of their plan of study. For more information go to: https://www.usf.edu/business/student-success/internships/.

Total Credit Hours: 12
FINANCE B.S., WITH CORPORATE FINANCE CONCENTRATION

TOTAL DEGREE HOURS: 120

The Finance major provides a broad-based, analytical program for students anticipating a career in the management of both large and small organizations. Finance provides a good background for students seeking general careers in business. Finance majors can elect to take courses in the following areas that prepare them for entry and advanced careers in: financial management of corporations, management of financial institutions, investments, financial services, insurance, and real estate. In addition, the program in Finance is designed to provide the skills required by students earning degrees in other business disciplines and by students who seek professional degrees in areas such as law and public administration. The Finance program offers courses that enable the graduate to identify and solve problems in the acquisition and allocation of funds by organizations in the public and private sectors in domestic and international settings. It provides the background necessary for managing wealth in a risky environment. Finance relies on an interdisciplinary approach that draws on economic theory, accounting, information systems, and the quantitative decision frameworks of statistics and mathematics. The major is designed to ensure that graduates are familiar with the tools of financial decision making and that they possess the skills to stay abreast of the developments in the field. Finance graduates will understand the functions and operations of financial markets, become familiar with computer applications in finance, and know how to access and utilize financial information. Course content is designed to provide majors with an appreciation of cooperative work skills and to enhance their verbal and written communication skills.

LIMITED ACCESS

Students who transfer to the USF Muma College of Business must meet the following admission guidelines below:

- Minimum of 60 semester hours of college credit earned.
- Minimum cumulative grade point average of 2.5 (applies only to limited access programs) on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal.
- Completion of all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.0 GPA in all seven (7) courses. The courses are:
  a. Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)*
  b. Managerial Accounting: ACG X071 (or ACG X301)*
  c. Computers in Business: CGS X100 (or acceptable substitute)
  d. Principles of Macroeconomics: ECO X013
  e. Principles of Microeconomics: ECO X023
  f. Elementary Calculus: MAC X233 or MAC 2230
  g. Statistics: QMB X100 or STA X023 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
Major and college requirements in a chosen degree program:
Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
42 credit hours of upper-level coursework;
Civics Literacy;
Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state and community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state and community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

ACG X021 or ACG X022 or (ACG X001 and ACG X011)
ACG X071 or ACG X301
CGS X100 or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518
ECO X013
ECO X023
STA X023 or STA X122 or QMB X100
MAC X233

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

SUPPORTING REQUIRED COURSES (3 COURSES; 9 CREDIT HOURS)

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each supporting course is required.

SPC 2608 - Public Speaking Credit(s): 3
or
COM 3110 - Communication For Business and the Professions Credit(s): 3
ENC 3250 - Professional Writing Credit(s): 3
or
ENC 3310 - Expository Writing Credit(s): 3
Contemporary International Topics Course
FINANCE REQUIRED COURSES: (45 CREDIT HOURS)

BUSINESS FOUNDATION REQUIRED COURSES (9 COURSES; 27 CREDIT HOURS)

A minimum grade of C- in each Foundation course with an overall 2.0 GPA is required. Finance majors must earn a C, not a C-, in FIN 3403 with no more than two attempts.

- BUL 3320 - Law And Business I Credit(s): 3
- FIN 3403 - Principles of Finance Credit(s): 3
- GEB 3033 - Business Workplace Skills and Best Practices Credit(s): 3
- ISM 3011 - Information Systems in Organizations Credit(s): 3
- QMB 3200 - Business and Economic Statistics II Credit(s): 3
- MAN 3025 - Principles of Management Credit(s): 3
- MAN 4504 - Operations and Supply Chain Management Credit(s): 3
- MAR 3023 - Basic Marketing Credit(s): 3
- GEB 4890 - Strategic Management and Decision Making Credit(s): 3

MAJOR CORE (3 COURSES; 9 CREDIT HOURS)

FIN 4453 - Financial Modeling and Analytics Credit(s): 3
FIN 4504 - Principles of Investments Credit(s): 3
FIN 4443 - Financial Policies and Strategies Credit(s): 3

FINANCE MAJOR (RESTRICTED) ELECTIVES (12 CREDIT HOURS)

Students complete a Finance program of study or complete one of three (3) concentrations:

- Investment Analysis
- Corporate Finance
- Real Estate

CORPORATE FINANCE CONCENTRATION (4 COURSES; 12 CREDIT HOURS)

Select a minimum of four of the following courses:

- FIN 4414 - Advanced Corporation Finance Credit(s): 3
- ACG 3103 - Intermediate Financial Accounting I Credit(s): 3
- ACG 3113 - Intermediate Financial Accounting II Credit(s): 3
- FIN 3604 - International Finance Credit(s): 3
- FIN 4412 - Working Capital Management Credit(s): 3
- FIN 4461 - Financial Statement Analysis Credit(s): 3
- FIN 4940 - Finance Internship Credit(s): 3
- XXX XXXX Any other Finance or Related Course with approval from Department Chair
FINANCE B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Within the 120-credit hour program, students must complete a minimum of 21 hours of upper-level Finance/Personal Finance coursework beyond FIN 3403 with a grade of C- in all courses. Finance courses taken by Finance/Personal Finance majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

D/F POLICY

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

OTHER REQUIREMENTS

Major residency: Students must complete 15 hours of upper-level Finance/Personal Finance requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

It is strongly recommended that Finance students take an internship course (FIN 4940 - Finance Internship or REE 4940 - Real Estate Internship) as part of their plan of study. For more information go to: https://www.usf.edu/business/student-success/internships/.

ADVISING INFORMATION

Tampa campus location: BSN 2102
(813) 974-4290 or schedule an advising appointment online at https://www.usf.edu/business/undergraduate/advising/appointments.aspx

MAJOR CORE (3 COURSES; 9 CREDIT HOURS)

- FIN 4453 - Financial Modeling and Analytics Credit(s): 3
- FIN 4504 - Principles of Investments Credit(s): 3
- FIN 4443 - Financial Policies and Strategies Credit(s): 3

FINANCE MAJOR (RESTRICTED) ELECTIVES (12 CREDIT HOURS)

Students complete a Finance program of study or complete one of three (3) concentrations:

- Investment Analysis
- Corporate Finance
- Real Estate

INVESTMENT ANALYSIS CONCENTRATION (4 COURSES; 12 CREDIT HOURS)

Select a minimum of four of the following courses:

- FIN 3604 - International Finance Credit(s): 3
- FIN 4303 - Financial Institutions and Markets Credit(s): 3
- FIN 4533 - Financial Option & Futures Credit(s): 3
- FIN 4461 - Financial Statement Analysis Credit(s): 3
- FIN 4514 - Advanced Investment Analysis and Management Credit(s): 3
- FIN 4560 - Applied Securities Analysis Credit(s): 3
- FIN 4940 - Finance Internship Credit(s): 3
- XXX XXXX Finance or related course, with approval of Department Chair (3)
FINANCE B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Within the 120-credit hour program, students must complete a minimum of 21 hours of upper-level Finance/Personal Finance coursework beyond FIN 3403 with a grade of C- in all courses. Finance courses taken by Finance/Personal Finance majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

D/F POLICY

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

OTHER REQUIREMENTS

Major residency: Students must complete 15 hours of upper-level Finance/Personal Finance requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

It is strongly recommended that Finance students take an internship course (FIN 4940 - Finance Internship or REE 4940 - Real Estate Internship) as part of their plan of study. For more information go to: https://www.usf.edu/business/student-success/internships/.

FINANCE B.S., WITH REAL ESTATE CONCENTRATION

TOTAL DEGREE HOURS: 120

The Finance major provides a broad-based, analytical program for students anticipating a career in the management of both large and small organizations. Finance provides a good background for students seeking general careers in business. Finance majors can elect to take courses in the following areas that prepare them for entry and advanced careers in: financial management of corporations, management of financial institutions, investments, financial services, insurance, and real estate. In addition, the program in Finance is designed to provide the skills required by students earning degrees in other business disciplines and by students who seek professional degrees in areas such as law and public administration. The Finance program offers courses that enable the graduate to identify and solve problems in the acquisition and allocation of funds by organizations in the public and private sectors in domestic and international settings. It provides the background necessary for managing wealth in a risky environment. Finance relies on an interdisciplinary approach that draws on economic theory, accounting, information systems, and the quantitative decision frameworks of statistics and mathematics. The major is designed to ensure that graduates are familiar with the tools of financial decision making and that they possess the skills to stay abreast of the developments in the field. Finance graduates will understand the functions and operations of financial markets, become familiar with computer applications in finance, and know how to access and utilize financial information. Course content is designed to provide majors with an appreciation of cooperative work skills and to enhance their verbal and written communication skills.

LIMITED ACCESS

Students who transfer to the USF Muma College of Business must meet the following admission guidelines below:

Minimum of 60 semester hours of college credit earned.
Minimum cumulative grade point average of 2.5 (applies only to limited access programs) on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal.
Completion of all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.0 GPA in all seven (7) courses. The courses are:
   a. Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)*
   b. Managerial Accounting: ACG X071 (or ACG X301)*
   c. Computers in Business: CGS X100 (or acceptable substitute)
   d. Principles of Macroeconomics: ECO X013
   e. Principles of Microeconomics: ECO X023
   f. Elementary Calculus: MAC X233 or MAC 2230
   g. Statistics: QMB X100 or STA X023 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

General Education Program (36 credit hours), including State Core General Education Requirements;
State Computation (6 credit hours);
State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
Minimum of 120 unduplicated credit hours;
A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;

1064
Major and college requirements in a chosen degree program:
Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
42 credit hours of upper-level coursework;
Civics Literacy;
Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state and community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state and community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

ACG X021 or ACG X022 or (ACG X001 and ACG X011)
ACG X071 or ACG X301
CGS X100 or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518
ECO X013
ECO X023
STA X023 or STA X122 or QMB X100
MAC X233

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

SUPPORTING REQUIRED COURSES (3 COURSES; 9 CREDIT HOURS)

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each supporting course is required.

SPC 2608 - Public Speaking Credit(s): 3

or

COM 3110 - Communication For Business and the Professions Credit(s): 3
ENC 3250 - Professional Writing Credit(s): 3

or

ENC 3310 - Expository Writing Credit(s): 3
Contemporary International Topics Course
FINANCE REQUIRED COURSES: (45 CREDIT HOURS)

BUSINESS FOUNDATION REQUIRED COURSES (9 COURSES; 27 CREDIT HOURS)

A minimum grade of C- in each Foundation course with an overall 2.0 GPA is required. Finance majors must earn a C, not a C-, in FIN 3403 with no more than two attempts.

- BUL 3320 - Law And Business I Credit(s): 3
- FIN 3403 - Principles of Finance Credit(s): 3
- GEB 3033 - Business Workplace Skills and Best Practices Credit(s): 3
- ISM 3011 - Information Systems in Organizations Credit(s): 3
- QMB 3200 - Business and Economic Statistics II Credit(s): 3
- MAN 3025 - Principles of Management Credit(s): 3
- MAN 4504 - Operations and Supply Chain Management Credit(s): 3
- MAR 3023 - Basic Marketing Credit(s): 3
- GEB 4890 - Strategic Management and Decision Making Credit(s): 3

MAJOR CORE (3 COURSES; 9 CREDIT HOURS)

- FIN 4453 - Financial Modeling and Analytics Credit(s): 3
- FIN 4504 - Principles of Investments Credit(s): 3
- FIN 4443 - Financial Policies and Strategies Credit(s): 3

FINANCE MAJOR (RESTRICTED) ELECTIVES (12 CREDIT HOURS)

Students complete a Finance program of study or complete one of three (3) concentrations:

- Investment Analysis
- Corporate Finance
- Real Estate

REAL ESTATE CONCENTRATION (4 COURSES; 12 CREDIT HOURS)

CONCENTRATION CORE (1 COURSE; 3 CREDIT HOURS)

REE 3043 - Real Estate Decision Making Credit(s): 3

ELECTIVES (3 COURSES; 9 CREDIT HOURS)

Select a minimum of three of the following courses:

- FIN 3144 - Financial Planning Fundamentals Credit(s): 3
- FIN 4303 - Financial Institutions and Markets Credit(s): 3
- FIN 4461 - Financial Statement Analysis Credit(s): 3
- RMI 3011 - Principles of Insurance Credit(s): 3
- REE 4940 - Real Estate Internship Credit(s): 3
- XXX XXXX Any other Finance or Related Course with approval from Department Chair

FINANCE B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.
Within the 120-credit hour program, students must complete a minimum of 21 hours of upper-level Finance/Personal Finance coursework beyond FIN 3403 with a grade of C- in all courses. Finance courses taken by Finance/Personal Finance majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

**D/F POLICY**

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

**OTHER REQUIREMENTS**

Major residency: Students must complete 15 hours of upper-level Finance/Personal Finance requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

**RESEARCH OPPORTUNITIES**

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

**INTERNSHIP OPPORTUNITIES**

It is strongly recommended that Finance students take an internship course (FIN 4940 - Finance Internship or REE 4940 - Real Estate Internship) as part of their plan of study. For more information go to: https://www.usf.edu/business/student-success/internships/.

SEMESTER 5 (SPRING)

- FIN 4443 - Financial Policies and Strategies Credit(s): 3
- Major Elective/Concentration Credit(s): 3
  GEB 4890 - Strategic Management and Decision Making Credit(s): 3
  General/Unrestricted Elective Credit(s): 3

Total Credit Hours: 12
PERSONAL FINANCIAL PLANNING B.S.

TOTAL DEGREE HOURS: 120

The Personal Financial Planning program aims to equip students with the knowledge and skills needed to pursue careers in the financial planning and related industry. A financial planner takes a "big picture" view of a client's financial situation and makes financial planning recommendations based on the client's needs in areas such as budgeting and saving, taxes, investments, insurance and retirement planning. Alternatively, the planner may work with a client on a single financial issue but still within the context of that client's overall situation.

ADMISSION STANDARDS FOR THE PROGRAM

To matriculate to the upper-division courses required for the B.S. Personal Financial Planning, students must earn a minimum grade of C- in the following courses and an overall 2.0 GPA in all seven (7) courses:

- Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)
- Managerial Accounting: ACG X071 (or ACG X301)
- Computers in Business: CGS X100 (or acceptable substitute)
- Principles of Macroeconomics: ECO X013
- Principles of Microeconomics: ECO X023
- Elementary Calculus: MAC X233 or MAC 2230
- Statistics: QMB X100 or STA X023 or STA X122

STATE MANDATED COMMON COURSE PREREQUISITES

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state and community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state and community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA.

- ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 and ACG X011) - 3 credit hours
- ACG X071 Managerial Accounting I or ACG X301 - 2-3 credit hours
- CGS X100 Computer Literacy Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or IMS X00 - 3-4 credit hours
- ECO X013 Principles of Economics Macro - 3 credit hours
- ECO X023 Principles of Economics Micro - 3 credit hours
- MAC X233 Calculus for Business & Social Science I - 3-4 credit hours
- STA X023 Statistics or QMB X100 or STA X122 - 3-4 credit hours

REQUIRED SUPPORTING COURSES (3 COURSES; 9 CREDIT HOURS)
The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

- SPC 2608 - Public Speaking Credit(s): 3
- or COM 3110 - Communication For Business and the Professions Credit(s): 3
- ENC 3250 - Professional Writing Credit(s): 3
- or ENC 3310 - Expository Writing Credit(s): 3

Contemporary International Topics Course

**BUSINESS FOUNDATION COURSES (9 COURSES; 27 CREDIT HOURS)**

A minimum grade of C- in each Foundation course with an overall 2.0 GPA is required. Personal Financial Planning majors must earn a C, not a C-, in FIN 3403 with no more than two attempts.

- BUL 3320 - Law And Business I Credit(s): 3
- FIN 3403 - Principles of Finance Credit(s): 3
- GEB 3033 - Business Workplace Skills and Best Practices Credit(s): 3
- GEB 4890 - Strategic Management and Decision Making Credit(s): 3
- ISM 3011 - Information Systems in Organizations Credit(s): 3
- MAN 3025 - Principles of Management Credit(s): 3
- MAN 4504 - Operations and Supply Chain Management Credit(s): 3
- MAR 3023 - Basic Marketing Credit(s): 3
- QMB 3200 - Business and Economic Statistics II Credit(s): 3

**MAJOR REQUIREMENTS (21 CREDIT HOURS)**

Major requirements for the Personal Financial Planning B.S. Degree:

**MAJOR CORE (7 COURSES; 21 CREDIT HOURS)**

- FIN 3144 - Financial Planning Fundamentals Credit(s): 3
- FIN 4128 - Personal Financial Planning Process and Development Credit(s): 3
- FIN 4132 - Estate Planning Credit(s): 3
- FIN 4504 - Principles of Investments Credit(s): 3
- RMI 3011 - Principles of Insurance Credit(s): 3
- RMI 4135 - Retirement Planning and Employee Benefits Credit(s): 3
- TAX 4001 - Concepts of Federal Income Taxation Credit(s): 3

**GPA REQUIREMENTS**

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

In computing entry grade point average, all Business and Economics courses taken for S or U grades will be converted to C or F, respectively.

**GRADING REQUIREMENTS**

Students are required to earn a C- or higher in all Personal Finance courses that are counted toward the major requirements.
D/F POLICY

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

RESIDENCY REQUIREMENT

Major Residency: Students must complete 15 credit hours of upper-level Financial Planning/Finance requirements in residence at USF.

College Residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

RESEARCH OPPORTUNITIES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research will assist students in understanding the various course options.

INTERNSHIP OPPORTUNITIES

It is recommended that Finance students participate in an internship course (FIN 4940) as part of their plan of study. This course is offered on an S/U basis only.

SCHOOL OF HOSPITALITY AND TOURISM MANAGEMENT
HOSPITALITY MANAGEMENT B.S.

TOTAL DEGREE HOURS: 120

The Bachelor of Science in Hospitality Management, in School of Hospitality & Tourism Management (SHTL) at the Sarasota-Manatee campus location, prepares graduates for global leadership positions in the hospitality industry through foundational knowledge of hospitality operations and experiences that develop critical thinkers who promote diversity, ethical responsibility, lifelong learning, and community engagement.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION STANDARDS FOR THE PROGRAM

Students must have a 2.0 overall and USF GPA and complete the following State Mandated Common Course Prerequisites:

- ACG X021 or ACG X022 or (ACG X001 and ACG X011) - 3 credit hours
- ACG X071 - 2-3 credit hours
- ECO X013 - 3 credit hours
- ECO X023 - 3 credit hours

STATE MANDATED COMMON COURSE PREREQUISITES

- ACG X021 or ACG X022 or (ACG X001 and ACG X011) - 3 credit hours
- ACG X071 - 2-3 credit hours
- ECO X013 - 3 credit hours
- ECO X023 - 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

REQUIRED COMMUNICATION COURSES (6 CREDIT HOURS)

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

- COM 3110 - Communication For Business and the Professions Credit(s): 3
- SPC 2608 - Public Speaking Credit(s): 3
- ENC 3310 - Expository Writing Credit(s): 3
- ENC 3250 - Professional Writing Credit(s): 3

MAJOR REQUIREMENTS (54 CREDIT HOURS)

MAJOR REQUIRED (CORE) COURSES (49 CREDIT HOURS)

300 required internship hours must be completed during HFT 4945 within the Hospitality Industry. Departmental approval needed and must be in senior standing.
FIN 3403 - Principles of Finance Credit(s): 3
FSS 3231 - Introduction to Food Production Management Credit(s): 3
HFT 3003 - Introduction to Hospitality and Tourism Credit(s): 3
HFT 3263 - Restaurant Management Credit(s): 3
HFT 3423 - Hospitality Information Systems Credit(s): 3
HFT 3424 - Cost Control in Hospitality Operations Credit(s): 3
HFT 3503 - Hospitality Marketing and Sales Credit(s): 3
HFT 3603 - Hospitality Industry Law & Leadership Ethics Credit(s): 3
HFT 3803C - Restaurant Operations: Advanced Food & Beverage Management Credit(s): 3
HFT 4221 - Human Resources Management Credit(s): 3
HFT 4253 - Lodging Management Credit(s): 3
HFT 4295 - Hospitality Leadership & Strategic Management Credit(s): 3
HFT 4323 - Facilities Management in Hospitality Operations Credit(s): 3
HFT 4471 - Management Accounting and Finance in the Hospitality Industry Credit(s): 3
HFT 4937 - Hospitality Speaker Series Credit(s): 1
HFT 4945 - Hospitality Advanced Internship Credit(s): 3
MAN 3025 - Principles of Management Credit(s): 3

MAJOR ELECTIVES (5 CREDIT HOURS)

Students may choose any upper level HFT courses from the following:

HFT 3700 - Tourism Management Credit(s): 3
HFT 3770 - Cruise Line Operations and Management Credit(s): 3
HFT 3861 - Beverage Management Credit(s): 3
HFT 3894 - International Food and Culture Credit(s): 3
HFT 4243 - Issues in Hospitality Management Credit(s): 3
HFT 4277 - Club Management Credit(s): 3
HFT 4468 - Hospitality Revenue Management Credit(s): 3
HFT 4757 - Event Management Credit(s): 3
HFT 4930 - Special Topics in Hospitality Credit(s): 1-3
HFT 4937 - Hospitality Speaker Series Credit(s): 1

LOWER-LEVEL ELECTIVES

HFT 2930, Special Topics in Hospitality, may be used to satisfy any outstanding lower-level electives.

Note: Must see academic advisor regarding this course.

INDUSTRY EXPERIENCE REQUIREMENTS

Students must complete a total of 1000 hours of industry experience.

700 hours prior, concurrent or subsequent to taking HFT 4945
300 hours while enrolled in HFT 4945
GRADUATION REQUIREMENTS

General Education Program (36 credit hours), including State Core General Education Requirements;
State Computation (6 credit hours);
State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
Minimum of 120 unduplicated credit hours;
A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA
average on all college-level coursework;
Major and college requirements in a chosen degree program;
Nine (9) credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit
hours);
Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
42 credit hours of upper-level coursework;
Civics Literacy;
Foreign language admissions coursework.

Unless otherwise stipulated below, students in SHTL majors must meet all graduation requirements of USF. In
addition, SHTL majors must meet the following requirements of the college:

All transfer work will be reviewed by the advising office and the Dean of SHTL.
Students must earn at least a 2.00 overall GPA, USF GPA, and in the major to be certified for graduation.
At least 50% of the major coursework must be completed at USF.

GPA REQUIREMENTS

Students must earn at least a 2.00 overall GPA, USF GPA, and in the major to be certified for graduation.

GRADING REQUIREMENTS

In the required core courses, students may not receive a grade lower than "C-.

RESIDENCY REQUIREMENT

At least 50% of the major coursework must be completed at USF.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options
exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in
an undergraduate research course should consult with their academic advisor to understand how the credit will apply
towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS
4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document
the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

Students work with the USF Career Center and internship coordinator, as well as, SHTL faculty.

CERTIFICATE
HOSPITALITY MANAGEMENT CERTIFICATE

This international certificate is only available to universities that have executed an agreement with USF.

CERTIFICATE REQUIREMENTS

CERTIFICATE CORE COURSES (12 CREDIT HOURS)

Four of the following courses:

- HFT 3003 - Introduction to Hospitality and Tourism Credit(s): 3
- HFT 3263 - Restaurant Management Credit(s): 3
- HFT 3423 - Hospitality Information Systems Credit(s): 3
- HFT 3424 - Cost Control in Hospitality Operations Credit(s): 3
- HFT 3503 - Hospitality Marketing and Sales Credit(s): 3
- HFT 3603 - Hospitality Industry Law & Leadership Ethics Credit(s): 3
- HFT 4221 - Human Resources Management Credit(s): 3
- HFT 4253 - Lodging Management Credit(s): 3
- HFT 4471 - Management Accounting and Finance in the Hospitality Industry Credit(s): 3
- HFT XXXX: Any other hospitality course

GPA REQUIREMENTS

An overall 2.0 GPA on the courses applied to the certificate is required.

GRADING REQUIREMENT

A grade of no less than a C- in any one of the Certificate core courses is required.

SCHOOL OF INFORMATION SYSTEMS AND MANAGEMENT
BUSINESS ANALYTICS AND INFORMATION SYSTEMS B.S.

TOTAL DEGREE HOURS: 120

The Business Analytics and Information Systems (BAIS) major provides the skills and knowledge necessary to enter the rapidly changing world of business analytics and information systems. Potential career paths include data analyst, business intelligence analyst, business analyst, consulting, systems analyst, database administrator, project manager or a myriad of technology management roles in business.

LIMITED ACCESS

Students who transfer to the USF Muma College of Business must meet the following admission guidelines below:

- Minimum of 60 semester hours of college credit earned.
- Minimum cumulative grade point average of 2.50 on all college-level work and a minimum of 2.00 on all credit attempted at USF, including any prior to renewal.
- Completion of all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.00 GPA in all seven (7) courses. The courses are:
  a. Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)*
  b. Managerial Accounting: ACG X071 (or ACG X301)*
  c. Computers in Business: CGS X100 (or acceptable substitute)
  d. Principles of Macroeconomics: ECO X013
  e. Principles of Microeconomics: ECO X023
  f. Elementary Calculus: MAC X233 or MAC 2230
  g. Statistics: QMB X100 or STA X023 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

UNIVERSITY ADMISSIONS

Admission to the program is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES
Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:

* *(ACG X021 & ACG X022) or (ACG X001 & ACG X011) - 6 credit hours
  *ACG X071 or ACG X301 - 3 credit hours
  CGS X100 or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 - 3 credit hours
  ECO X013 Principles of Macroeconomics - 3 credit hours
  ECO X023 Principles of Microeconomics - 3 credit hours
  MAC X233 Elementary Calculus or MAC X311 - 3-4 credit hours
  STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

**SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS**

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each Supporting course is required.

SPC 2608 - Public Speaking **Credit(s): 3**

or

COM 3110 - Communication For Business and the Professions **Credit(s): 3**

ENC 3250 - Professional Writing **Credit(s): 3**

or

ENC 3310 - Expository Writing **Credit(s): 3**

Contemporary International Topics Course (3)

**REQUIRED COURSES: (51 CREDIT HOURS)**

**BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS**

A minimum grade of C- in each Foundation course with an overall 2.0 GPA is required.

*BAIS majors must earn a C and not a C- in ISM 3011.
MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

ISM 3232 - Business Application Development Credit(s): 3
ISM 4212 - Database Design and Administration Credit(s): 3

MAJOR OTHER REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

ISM 3113 - Systems Analysis and Design Credit(s): 3
ISM 4300 - Managing Information Resources Credit(s): 3
ISM 4402 - Business Intelligence Credit(s): 3
or
ISM 4220 - Business Data Communications Credit(s): 3

MAJOR (RESTRICTED) ELECTIVES: (9 CREDIT HOURS)

Students complete a BAIS program of study (9 credit hours) or complete one of two (2) concentrations (9 credit hours): Cybersecurity or Healthcare Business.

GENERAL BUSINESS ANALYTICS AND INFORMATION SYSTEMS MAJOR ELECTIVES (3 COURSES; 9 CREDIT HOURS)

Select three (3) courses from the following list of courses.

ISM 4041 - Global Cyber Ethics Credit(s): 3
ISM 4141 - Java Programming Credit(s): 3
ISM 4153 - Enterprise Resource Planning Systems Credit(s): 3
ISM 4234 - Object-Oriented Design and Development Credit(s): 3
ISM 4252 - Mainframe Technologies Credit(s): 3
ISM 4314 - Project Management Credit(s): 3
ISM 4323 - Information Security and IT Risk Management Credit(s): 3
ISM 4381 - Information Systems for Healthcare Analytics Credit(s): 3
ISM 4382 - Global Information Systems Credit(s): 3
ISM 4432 - Software Testing Credit(s): 3
ISM 4480 - Electronic Commerce Systems Credit(s): 3
ISM 4542 - Statistical Programming for Business Analytics Credit(s): 3
ISM 4571 - Cybersecurity Cases Credit(s): 3
ISM 4930 - Selected Topics in MIS Credit(s): 1-3
ISM 4940 - Business Analytics & Information Systems Internship Credit(s): 3
MAN 4505 - Healthcare Operations Management Credit(s): 3
Other Approved ISM Electives

BUSINESS ANALYTICS AND INFORMATION SYSTEMS B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS
Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively. Grade forgiveness may be used for only one upper-level major course. Within the 120 credit hour program, students must complete a minimum of 24 hours of upper-level Business Analytics and Information Systems coursework with a grade of C not C- in all courses, including ISM 3011. BAIS courses taken by BAIS majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

D/F POLICY

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and CGS 2100 (or equivalent).

RESIDENCY REQUIREMENTS

Major residency: Students must complete 18 hours of upper-level Business Analytics and Information Systems requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

OTHER REQUIREMENTS

It is recommended that ISM 3232 be taken concurrently with ISM 3011. ISM 4402 is recommended for students interested in mainstream business analytics careers, while ISM 4220 is recommended for students interested in cyber security career. ISM 4905 will not count as an ISM elective.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

It is strongly recommended that Business Analytics and Information Systems students take an internship course (ISM 4940 - Business Analytics & Information Systems Internship) as part of their plan of study. For more information please go to: https://www.usf.edu/business/student-success/internships/.

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

UNIVERSITY ADMISSIONS

Admission to the program is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES
Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:

* (ACG X021 & ACG X022) or (ACG X001 & ACG X011) - 6 credit hours
* ACG X071 or ACG X301 - 3 credit hours
  CGS X100 or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 - 3 credit hours
  ECO X013 Principles of Macroeconomics - 3 credit hours
  ECO X023 Principles of Microeconomics - 3 credit hours
  MAC X233 Elementary Calculus or MAC X311 - 3-4 credit hours
  STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

**SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS**

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each Supporting course is required.

SPC 2608 - Public Speaking **Credit(s): 3**

or

COM 3110 - Communication For Business and the Professions **Credit(s): 3**

ENC 3250 - Professional Writing **Credit(s): 3**

or

ENC 3310 - Expository Writing **Credit(s): 3**

Contemporary International Topics Course (3)
REQUIRED COURSES: (51 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation course with an overall 2.0 GPA is required.

*BAIS majors must earn a C and not a C- in ISM 3011.

- BUL 3320 - Law And Business I Credit(s): 3
- FIN 3403 - Principles of Finance Credit(s): 3
- GEB 3033 - Business Workplace Skills and Best Practices Credit(s): 3
- ISM 3011 - Information Systems in Organizations Credit(s): 3
- QMB 3200 - Business and Economic Statistics II Credit(s): 3
- MAN 3025 - Principles of Management Credit(s): 3
- MAN 4504 - Operations and Supply Chain Management Credit(s): 3
- MAR 3023 - Basic Marketing Credit(s): 3
- GEB 4890 - Strategic Management and Decision Making Credit(s): 3

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- ISM 3232 - Business Application Development Credit(s): 3
- ISM 4212 - Database Design and Administration Credit(s): 3

MAJOR OTHER REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

- ISM 3113 - Systems Analysis and Design Credit(s): 3
- ISM 4300 - Managing Information Resources Credit(s): 3
- ISM 4402 - Business Intelligence Credit(s): 3
  or
- ISM 4220 - Business Data Communications Credit(s): 3

MAJOR (RESTRICTED) ELECTIVES: (9 CREDIT HOURS)

Students complete a BAIS program of study (9 credit hours) or complete one of two (2) concentrations (9 credit hours): Cybersecurity or Healthcare Business.

CYBERSECURITY CONCENTRATION: 3 COURSES; 9 CREDIT HOURS

CONCENTRATION CORE (1 COURSE; 3 CREDIT HOURS)

- ISM 4323 - Information Security and IT Risk Management Credit(s): 3

CONCENTRATION ELECTIVES (2 COURSES; 6 CREDIT HOURS)

Select 2 courses from the following list of courses.

Note: If ISM 4220 or ISM 4402 are used to satisfy the major requirements, it cannot be used to fulfill the elective requirements.

- ISM 4220 - Business Data Communications Credit(s): 3
- ISM 4402 - Business Intelligence Credit(s): 3
- ISM 4041 - Global Cyber Ethics Credit(s): 3
- ISM 4432 - Software Testing Credit(s): 3
- ISM 4571 - Cybersecurity Cases Credit(s): 3
- ISM 4940 - Business Analytics & Information Systems Internship Credit(s): 3

BUSINESS ANALYTICS AND INFORMATION SYSTEMS B.S. - ADDITIONAL INFORMATION
GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Grade forgiveness may be used for only one upper-level major course.

Within the 120 credit hour program, students must complete a minimum of 24 hours of upper-level Business Analytics and Information Systems coursework with a grade of C not C- in all courses, including ISM 3011.

BAIS courses taken by BAIS majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

D/F POLICY

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and CGS 2100 (or equivalent).

RESIDENCY REQUIREMENTS

Major residency: Students must complete 18 hours of upper-level Business Analytics and Information Systems requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

OTHER REQUIREMENTS

It is recommended that ISM 3232 be taken concurrently with ISM 3011.

ISM 4402 is recommended for students interested in mainstream business analytics careers, while ISM 4220 is recommended for students interested in cyber security career.

ISM 4905 will not count as an ISM elective.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student’s official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

It is strongly recommended that Business Analytics and Information Systems students take an internship course (ISM 4940 - Business Analytics & Information Systems Internship) as part of their plan of study. For more information please go to: https://www.usf.edu/business/student-success/internships/.

4 YEAR PLAN OF STUDY - BUSINESS ANALYTICS AND INFORMATION SYSTEMS
B.S.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see
https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
Items that are critical are marked with a ✳️ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

• Business Analyst
• Data Base Administrator
• Network Administrator
• IT Project Manager
• IT Auditor
• Developer/Software Engineer
• Data Analyst
• Business Intelligence Developer
• Data Engineer

Potential Entry Level Salary Range:

$30,000 - $80,000
YEAR 1

SEMESTER 1 (FALL)

- ENC 1101 - Composition I Credit(s): 3
- MAC 2233 - Business Calculus Credit(s): 3
- CGS 2100 - Computers in Business Credit(s): 3
- SPC 2608 - Public Speaking Credit(s): 3
  or COM 3110 - Communication For Business and the Professions Credit(s): 3
- Non-Business Elective Credit(s): 3

Total Credit Hours: 15

SEMESTER 2 (SPRING)

- ENC 1102 - Composition II Credit(s): 3
- ECO 2013 - Economic Principles (Macroeconomics) Credit(s): 3
- SGEN - General Education Core Natural Sciences Credit(s): 3
- SGEH - General Education Core Humanities Credit(s): 3
- General/Unrestricted Elective Credit(s): 3
- SCIV - Civics Literacy

Total Credit Hours: 15

SEMESTER 3 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 2

SEMESTER 4 (FALL)

- ACG 2021 - Principles of Financial Accounting Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
- Non-Business Elective Credit(s): 3
- Non-Business Elective Credit(s): 3
- Non-Business Elective Credit(s): 3

Total Credit Hours: 15

SEMESTER 5 (SPRING)

- ACG 2071 - Principles of Managerial Accounting Credit(s): 3
- QMB 2100 - Business and Economic Statistics Credit(s): 3
- ISM 3011 - Information Systems in Organizations Credit(s): 3
- GEB 3033 - Business Workplace Skills and Best Practices Credit(s): 3
- Non-Business Elective Credit(s): 3

Total Credit Hours: 15
SEMESTER 6 (SUMMER)

- ISM 3232 - Business Application Development Credit(s): 3
- MAN 3025 - Principles of Management Credit(s): 3

Total Credit Hours: 6

YEAR 3

SEMESTER 7 (FALL)

- ISM 3113 - Systems Analysis and Design Credit(s): 3
- Major Elective or Concentration Credit(s): 3
- QMB 3200 - Business and Economic Statistics II Credit(s): 3
- MAR 3023 - Basic Marketing Credit(s): 3
- ENC 3250 - Professional Writing Credit(s): 3
  or ENC 3310 - Expository Writing Credit(s): 3

Total Credit Hours: 15

SEMESTER 8 (SPRING)

- ISM 4212 - Database Design and Administration Credit(s): 3
- Major Elective or Concentration Credit(s): 3
- FIN 3403 - Principles of Finance Credit(s): 3
- Non-Business Elective Credit(s): 3

Total Credit Hours: 12

SEMESTER 9 (SUMMER)

- MAN 4504 - Operations and Supply Chain Management Credit(s): 3

Total Credit Hours: 3

YEAR 4

SEMESTER 10 (FALL)

- ISM 4220 - Business Data Communications Credit(s): 3
  or ISM 4402 - Business Intelligence Credit(s): 3
- Major Elective or Concentration Credit(s): 3
- TGEH - High Impact Practice - INT - Internship Credit(s): 3

Total Credit Hours: 12
BUSINESS ANALYTICS AND INFORMATION SYSTEMS B.S., WITH HEALTHCARE BUSINESS CONCENTRATION

TOTAL DEGREE HOURS: 120

The Business Analytics and Information Systems (BAIS) major provides the skills and knowledge necessary to enter the rapidly changing world of business analytics and information systems. Potential career paths include data analyst, business intelligence analyst, business analyst, consulting, systems analyst, database administrator, project manager or a myriad of technology management roles in business.

LIMITED ACCESS

Students who transfer to the USF Muma College of Business must meet the following admission guidelines below:

- Minimum of 60 semester hours of college credit earned.
- Minimum cumulative grade point average of 2.50 on all college-level work and a minimum of 2.00 on all credit attempted at USF, including any prior to renewal.
- Completion of all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.00 GPA in all seven (7) courses. The courses are:
  - Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)*
  - Managerial Accounting: ACG X071 (or ACG X301)*
  - Computers in Business: CGS X100 (or acceptable substitute)
  - Principles of Macroeconomics: ECO X013
  - Principles of Microeconomics: ECO X023
  - Elementary Calculus: MAC X233 or MAC 2230
  - Statistics: QMB X100 or STA X023 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

UNIVERSITY ADMISSIONS

Admission to the program is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES
Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:

* (ACG X021 & ACG X022) or (ACG X001 & ACG X011) - 6 credit hours
* ACG X071 or ACG X301 - 3 credit hours
CGS X100 or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
MAC X233 Elementary Calculus or MAC X311 - 3-4 credit hours
STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

**SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS**

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each Supporting course is required.

SPC 2608 - Public Speaking **Credit(s): 3**

or

COM 3110 - Communication For Business and the Professions **Credit(s): 3**

ENC 3250 - Professional Writing **Credit(s): 3**

or

ENC 3310 - Expository Writing **Credit(s): 3**

Contemporary International Topics Course (3)
REQUIRED COURSES: (51 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation course with an overall 2.0 GPA is required.

*BAIS majors must earn a C and not a C- in ISM 3011.

- BUL 3320 - Law And Business I Credit(s): 3
- FIN 3403 - Principles of Finance Credit(s): 3
- GEB 3033 - Business Workplace Skills and Best Practices Credit(s): 3
- ISM 3011 - Information Systems in Organizations Credit(s): 3
- QMB 3200 - Business and Economic Statistics II Credit(s): 3
- MAN 3025 - Principles of Management Credit(s): 3
- MAN 4504 - Operations and Supply Chain Management Credit(s): 3
- MAR 3023 - Basic Marketing Credit(s): 3
- GEB 4890 - Strategic Management and Decision Making Credit(s): 3

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- ISM 3232 - Business Application Development Credit(s): 3
- ISM 4212 - Database Design and Administration Credit(s): 3

MAJOR OTHER REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

- ISM 3113 - Systems Analysis and Design Credit(s): 3
- ISM 4300 - Managing Information Resources Credit(s): 3
- ISM 4402 - Business Intelligence Credit(s): 3
  or
- ISM 4220 - Business Data Communications Credit(s): 3

MAJOR (RESTRICTED) ELECTIVES: (9 CREDIT HOURS)

Students complete a BAIS program of study (9 credit hours) or complete one of two (2) concentrations (9 credit hours): Cybersecurity or Healthcare Business.

HEALTHCARE BUSINESS CONCENTRATION: 3 COURSES; 9 CREDIT HOURS

CONCENTRATION CORE (1 COURSE; 3 CREDIT HOURS)
- ISM 4381 - Information Systems for Healthcare Analytics Credit(s): 3

ELECTIVES: (2 COURSES; 6 CREDIT HOURS)

Select 2 courses from the following list of courses:

- BCH 3053 - General Biochemistry Credit(s): 3
- ISM 4402 - Business Intelligence Credit(s): 3
- ISM 4542 - Statistical Programming for Business Analytics Credit(s): 3 ***
- ISM 4940 - Business Analytics & Information Systems Internship Credit(s): 3 *
- LIS 4477 - Clinical Decision Support Credit(s): 3
- MAN 4505 - Healthcare Operations Management Credit(s): 3 ***

***If this course is used to satisfy the major requirements, it cannot be used to fulfill the elective requirements.
* Internship location should be in a healthcare related field.

BUSINESS ANALYTICS AND INFORMATION SYSTEMS B.S. - ADDITIONAL INFORMATION
GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Grade forgiveness may be used for only one upper-level major course.

Within the 120 credit hour program, students must complete a minimum of 24 hours of upper-level Business Analytics and Information Systems coursework with a grade of C not C- in all courses, including ISM 3011.

BAIS courses taken by BAIS majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

D/F POLICY

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and CGS 2100 (or equivalent).

RESIDENCY REQUIREMENTS

Major residency: Students must complete 18 hours of upper-level Business Analytics and Information Systems requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

OTHER REQUIREMENTS

It is recommended that ISM 3232 be taken concurrently with ISM 3011.

ISM 4402 is recommended for students interested in mainstream business analytics careers, while ISM 4220 is recommended for students interested in cyber security career.

ISM 4905 will not count as an ISM elective.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNship OPPORTUNITIES

It is strongly recommended that Business Analytics and Information Systems students take an internship course (ISM 4940 - Business Analytics & Information Systems Internship) as part of their plan of study. For more information please go to: https://www.usf.edu/business/student-success/internships/.

4 YEAR PLAN OF STUDY - BUSINESS ANALYTICS AND INFORMATION SYSTEMS
B.S.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see
https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Items that are critical are marked with a ✗ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

Business Analyst
Data Base Administrator
Network Administrator
IT Project Manager
IT Auditor
Developer/Software Engineer
Data Analyst
Business Intelligence Developer
Data Engineer

Potential Entry Level Salary Range:

$30,000 - $80,000
YEAR 1

SEMESTER 1 (FALL)

- ENC 1101 - Composition I Credit(s): 3
- MAC 2233 - Business Calculus Credit(s): 3
- CGS 2100 - Computers in Business Credit(s): 3
- SPC 2608 - Public Speaking Credit(s): 3
  or COM 3110 - Communication For Business and the Professions Credit(s): 3
- Non-Business Elective Credit(s): 3

Total Credit Hours: 15

SEMESTER 2 (SPRING)

- ENC 1102 - Composition II Credit(s): 3
- ECO 2013 - Economic Principles (Macroeconomics) Credit(s): 3
- SGEN - General Education Core Natural Sciences Credit(s): 3
- SGEH - General Education Core Humanities Credit(s): 3
- General/Unrestricted Elective Credit(s): 3
- SCIV - Civics Literacy

Total Credit Hours: 15

SEMESTER 3 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 2

SEMESTER 4 (FALL)

- ACG 2021 - Principles of Financial Accounting Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
- Non-Business Elective Credit(s): 3
- Non-Business Elective Credit(s): 3
- Non-Business Elective Credit(s): 3

Total Credit Hours: 15

SEMESTER 5 (SPRING)

- ACG 2071 - Principles of Managerial Accounting Credit(s): 3
- QMB 2100 - Business and Economic Statistics Credit(s): 3
- ISM 3011 - Information Systems in Organizations Credit(s): 3
- GEB 3033 - Business Workplace Skills and Best Practices Credit(s): 3
- Non-Business Elective Credit(s): 3

Total Credit Hours: 15
SEMMER 6 (SUMMER)

- ISM 3232 - Business Application Development Credit(s): 3
- MAN 3025 - Principles of Management Credit(s): 3

Total Credit Hours: 6

YEAR 3

SEMMER 7 (FALL)

- ISM 3113 - Systems Analysis and Design Credit(s): 3
- Major Elective or Concentration Credit(s): 3
- QMB 3200 - Business and Economic Statistics II Credit(s): 3
- MAR 3023 - Basic Marketing Credit(s): 3
- ENC 3250 - Professional Writing Credit(s): 3
  or ENC 3310 - Expository Writing Credit(s): 3

Total Credit Hours: 15

SEMMER 8 (SPRING)

- ISM 4212 - Database Design and Administration Credit(s): 3
- Major Elective or Concentration Credit(s): 3
- FIN 3403 - Principles of Finance Credit(s): 3
- Non-Business Elective Credit(s): 3

Total Credit Hours: 12

SEMMER 9 (SUMMER)

- MAN 4504 - Operations and Supply Chain Management Credit(s): 3

Total Credit Hours: 3

YEAR 4

SEMMER 10 (FALL)

- ISM 4220 - Business Data Communications Credit(s): 3
  or ISM 4402 - Business Intelligence Credit(s): 3
- Major Elective or Concentration Credit(s): 3
- TGEH - High Impact Practice - INT - Internship Credit(s): 3
- BUL 3320 - Law And Business I Credit(s): 3
- Apply for Graduation

Total Credit Hours: 12

SEMMER 11 (SPRING)

- ISM 4300 - Managing Information Resources Credit(s): 3
- GEB 4890 - Strategic Management and Decision Making Credit(s): 3
- Non-Business Elective Credit(s): 3
- Contemporary International Topics Credit(s): 3

Total Credit Hours: 12
2 YEAR PLAN OF STUDY - BUSINESS ANALYTICS AND INFORMATION SYSTEMS
B.S.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Items that are critical are marked with a ✴️ and are included in the plan for a student to stay on track.

YEAR 1

SEMESTER 1 (FALL)

✴️ ISM 3011 - Information Systems in Organizations Credit(s): 3
✴️ ISM 3232 - Business Application Development Credit(s): 3
GEB 3033 - Business Workplace Skills and Best Practices Credit(s): 3

- Contemporary International Topics Credit(s): 3

Total Credit Hours: 12
INFORMATION ASSURANCE AND CYBERSECURITY MANAGEMENT, B.S.

TOTAL DEGREE HOURS: 120

The Information Assurance and Cybersecurity Management (IACM) major has strong practical focus while grounded in robust theoretical approaches to develop a solid foundation of knowledge and skills necessary for information assurance and cybersecurity professionals. The key focus of the program is on the management of the cybersecurity function in organizations. Topics such as network security, database management, cloud security, risk management, cybersecurity governance, policies, and planning, and cybersecurity analytics and protocols are covered as they relate to managing the availability, integrity, authentication, confidentiality, and non-repudiation of the information infrastructure as well as managing its restoration, integrating protection, detection, and reaction capabilities.

LIMITED ACCESS

Students who transfer to the USF Muma College of Business must meet one of the following admission guidelines below:

Minimum of 60 semester hours of college credit earned.
Minimum cumulative grade point average of 2.50 on all college-level work and a minimum of 2.00 on all credit attempted at USF, including any prior to renewal.
Completion of all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.00 GPA in all seven (7) courses. The courses are:

a. Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)*
b. Managerial Accounting: ACG X071 (or ACG X301)*
c. Computers in Business: CGS X100 (or acceptable substitute)
d. Principles of Macroeconomics: ECO X013
e. Principles of Microeconomics: ECO X023
f. Elementary Calculus: MAC X233 or MAC 2230
g. Statistics: QMB X100 or STA X023 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

UNIVERSITY ADMISSIONS

Admission to the program is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admissioninformation/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admissioninformation/index.aspx
International: https://www.usf.edu/admissions/international/admissioninformation/index.aspx

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

General Education Program (36 credit hours), including State Core General Education Requirements;
State Computation (6 credit hours);
State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
Minimum of 120 unduplicated credit hours;
A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
Major and college requirements in a chosen degree program;
Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;  
42 credit hours of upper-level coursework;  
Civics Literacy;  
Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:

- ACG X021 or ACG X022 Financial Accounting or (ACG X001 & ACG X011) - 3 credit hours
- ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
- CGS X100 Computers in Business or CGS X100C or CGS X530 or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 - 3-4 credit hours
- ECO X013 Principles of Macroeconomics - 3 credit hours
- ECO X023 Principles of Microeconomics - 3 credit hours
- MAC X233 Elementary Calculus or MAC X230 - 3-4 credit hours
- STA X023 Introductory Statistics or QMB X100 or STA X122 - 3 credit hours

SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each Supporting course is required.

- SPC 2608 - Public Speaking Credit(s): 3
- or
- COM 3110 - Communication For Business and the Professions Credit(s): 3
- ENC 3250 - Professional Writing Credit(s): 3
- or
- ENC 3310 - Expository Writing Credit(s): 3
- Contemporary International Topics Course (3)

REQUIRED COURSES: (57 CREDIT HOURS)
BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation course with an overall 2.0 GPA is required, except ISM 3011 - Information Systems in Organizations, where a grade of C (not a C-) is required.

- BUL 3320 - Law And Business I Credit(s): 3
- FIN 3403 - Principles of Finance Credit(s): 3
- GEB 3033 - Business Workplace Skills and Best Practices Credit(s): 3
- ISM 3011 - Information Systems in Organizations Credit(s): 3
- QMB 3200 - Business and Economic Statistics II Credit(s): 3
- MAN 3025 - Principles of Management Credit(s): 3
- MAN 4504 - Operations and Supply Chain Management Credit(s): 3
- MAR 3023 - Basic Marketing Credit(s): 3
- GEB 4890 - Strategic Management and Decision Making Credit(s): 3

*IAMC majors must earn a C and not a C- in ISM 3011

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- ISM 3232 - Business Application Development Credit(s): 3
- ISM 4212 - Database Design and Administration Credit(s): 3
- ISM 3113 - Systems Analysis and Design Credit(s): 3

MAJOR OTHER REQUIRED COURSES: 6 COURSES; 18 CREDIT HOURS

- ISM 4220 - Business Data Communications Credit(s): 3
- ISM 4323 - Information Security and IT Risk Management Credit(s): 3
- ISM 4263 - Cloud Solution Architectures Credit(s): 3
- ISM 4321 - Cybersecurity Threat Intelligence Credit(s): 3
- ISM 4570 - Cybersecurity Governance and Planning Credit(s): 3
- ISM 4641 - Python for Business Analytics Credit(s): 3

MAJOR (RESTRICTED) ELECTIVES: 0 CREDIT HOURS

There are no elective requirements.

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Grade forgiveness may be used for only one upper-level major course.

Within the 120-semester-hour program, students must complete a minimum of 27 hours of upper-level Information Assurance and Cybersecurity Management (IAMC) coursework with a grade of C- in all courses, except ISM 3011, for which a minimum grade of C must be earned.

D/F POLICY

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).
RESIDENCY REQUIREMENTS

**Major residency:** Students must complete 18 hours of upper-level Information Assurance and Cybersecurity Management requirements in residence at USF.

**College residency:** Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

OTHER REQUIREMENTS

- It is recommended that ISM 3232 be taken concurrently with ISM 3011.
- It is recommended that IACM majors take COP 2030 - Programming Concepts I as an enhanced GE requirement.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION

MANAGEMENT B.S.

TOTAL DEGREE HOURS: 120

The undergraduate major in Management prepares students to manage and lead all aspects of organizations. It also prepares students for graduate study in business and other fields. Mastery of course content enables students to inspire themselves, others, teams, and organizations to coordinate efforts to provide effective outcomes. Content covered includes ethics and virtue, organizational behavior, human resources, domestic and international cultural differences, and negotiating skills. A capstone course integrates the learning objectives of the major in a study of a real company where students demonstrate that they can now apply effectively what they have learned.

LIMITED ACCESS

Students who transfer to the USF Muma College of Business must meet the following admission guidelines below:

- Minimum of 60 semester hours of college credit earned.
- Minimum cumulative grade point average of 2.50 on all college-level work and a minimum of 2.00 on all credit attempted at USF, including any prior to renewal.
- Completion of all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.00 GPA in all seven (7) courses. The courses are:
  a. Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)*
  b. Managerial Accounting: ACG X071 (or ACG X301)*
  c. Computers in Business: CGS X100 (or acceptable substitute)
  d. Principles of Macroeconomics: ECO X013
  e. Principles of Microeconomics: ECO X023
  f. Elementary Calculus: MAC X233 or MAC 2230
  g. Statistics: QMB X100 or STA X023 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

UNIVERSITY ADMISSIONS

Admission to the program is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:

(ACG X021 & ACG X022 Financial Accounting) or (ACG X001 & ACG X011)* - 3 credit hours
ACG X071 Managerial Accounting or ACG X301* - 3 credit hours
CGS X100 Computers in Business or CGS X100C or CGS X530 or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
MAC X233 Elementary Calculus or MAC X230
STA X023 Introductory Statistics or QMB X100 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each Supporting course is required.

SPC 2608 - Public Speaking Credit(s): 3
or
COM 3110 - Communication For Business and the Professions Credit(s): 3
ENC 3250 - Professional Writing Credit(s): 3
or
ENC 3310 - Expository Writing Credit(s): 3
Contemporary International Topics Course

REQUIRED COURSES: (45 CREDIT HOURS)
### BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation course with an overall 2.0 GPA is required.

- **BUL 3320 - Law And Business** I Credit(s): 3
- **FIN 3403 - Principles of Finance** Credit(s): 3
- **GEB 3033 - Business Workplace Skills and Best Practices** Credit(s): 3
- **ISM 3011 - Information Systems in Organizations** Credit(s): 3
- **QMB 3200 - Business and Economic Statistics II** Credit(s): 3
- **MAN 3025 - Principles of Management** Credit(s): 3
- **MAN 4504 - Operations and Supply Chain Management** Credit(s): 3
- **MAR 3023 - Basic Marketing** Credit(s): 3
- **GEB 4890 - Strategic Management and Decision Making** Credit(s): 3

### MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- **MAN 3240 - Organizational Behavior Analysis** Credit(s): 3
- **MAN 3301 - Human Resource Management** Credit(s): 3
- **MAN 4737 - Integrated Management Applications** Credit(s): 3

### MAJOR (RESTRICTED) ELECTIVES: (12 CREDIT HOURS)

Students complete a Management program of study or complete one of three (3) concentrations: Human Resources Management; Project Management; or Aging Services Management. In addition to the concentration courses (9 credit hours), students will select an additional Management elective course to equal 12 credit hours.

### GENERAL MANAGEMENT MAJOR ELECTIVES: 4 COURSES; 12 CREDIT HOURS

- **MAN 3093 - Healthcare Management** Credit(s): 3
- **MAN 4063 - Management Ethics** Credit(s): 3
- **MAN 4280 - Organizational Development and Change** Credit(s): 3
- **MAN 4282 - Organizational Assessment** Credit(s): 3
- **MAN 4402 - Employment Laws** Credit(s): 3
- **MAN 4430 - Seminar in Negotiations and Administration of Labor Agreements** Credit(s): 3
- **MAN 4441 - Negotiation and Conflict Resolution** Credit(s): 3
- **MAN 4600 - International Management** Credit(s): 3
- **MAN 4631 - Global Perspectives and Management Choices** Credit(s): 3
- **MAN 4802 - Entrepreneurship and Small Business Management** Credit(s): 3
- **MAN 4804 - Small Business Management Counseling** Credit(s): 3
- **MAN 4930 - Selected Topics in Management** Credit(s): 1-3
- **MAN 4931 - Independent Research** Credit(s): 1-4
- **MAN 4940 - Management Internship** Credit(s): 3

### MANAGEMENT B.S. - ADDITIONAL INFORMATION

#### GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.
GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

RESIDENCY REQUIREMENTS

Major residency: Students must complete 15 credit hours of upper-level Management requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

OTHER REQUIREMENTS

Within the 120 credit hour program, students must complete a minimum of 21 credit hours of upper-level Management coursework beyond MAN 3025. Management courses taken by Management majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

It is recommended that Management students participate in an internship course (MAN 4940) as part of their plan of study.

Total Credit Hours: 12
MANAGEMENT B.S., WITH AGING SERVICES MANAGEMENT CONCENTRATION

TOTAL DEGREE HOURS: 120

The undergraduate major in Management prepares students to manage and lead all aspects of organizations. It also prepares students for graduate study in business and other fields. Mastery of course content enables students to inspire themselves, others, teams, and organizations to coordinate efforts to provide effective outcomes. Content covered includes organizational behavior, human resources, cross-cultural differences, ethics, and negotiating skills. A capstone course integrates the learning objectives of the major in a study of a real company where students demonstrate that they can now apply effectively what they have learned.

LIMITED ACCESS

Students who transfer to the USF Muma College of Business must meet the following admission guidelines below:

- Minimum of 60 semester hours of college credit earned.
- Minimum cumulative grade point average of 2.50 on all college-level work and a minimum of 2.00 on all credit attempted at USF, including any prior to renewal.
- Completion of all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.00 GPA in all seven (7) courses. The courses are:
  - a. Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)*
  - b. Managerial Accounting: ACG X071 (or ACG X301)*
  - c. Computers in Business: CGS X100 (or acceptable substitute)
  - d. Principles of Macroeconomics: ECO X013
  - e. Principles of Microeconomics: ECO X023
  - f. Elementary Calculus: MAC X233 or MAC 2230
  - g. Statistics: QMB X100 or STA X023 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

UNIVERSITY ADMISSIONS

Admission to the program is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
STATE MANDATED COMMON COURSE PREREQUISITES

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:

(ACG X021 & ACG X022 Financial Accounting) or (ACG X001 & ACG X011)* - 3 credit hours
ACG X071 Managerial Accounting or ACG X301* - 3 credit hours
CGS X100 Computers in Business or CGS X100C or CGS X530 or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
MAC X233 Elementary Calculus or MAC X230
STA X023 Introductory Statistics or QMB X100 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each Supporting course is required.

SPC 2608 - Public Speaking Credit(s): 3
or
COM 3110 - Communication For Business and the Professions Credit(s): 3
ENC 3250 - Professional Writing Credit(s): 3
or
ENC 3310 - Expository Writing Credit(s): 3
Contemporary International Topics Course

REQUIRED COURSES: (45 CREDIT HOURS)
BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation course with an overall 2.0 GPA is required.

- BUL 3320 - Law And Business I Credit(s): 3
- FIN 3403 - Principles of Finance Credit(s): 3
- GEB 3033 - Business Workplace Skills and Best Practices Credit(s): 3
- ISM 3011 - Information Systems in Organizations Credit(s): 3
- QMB 3200 - Business and Economic Statistics II Credit(s): 3
- MAN 3025 - Principles of Management Credit(s): 3
- MAN 4504 - Operations and Supply Chain Management Credit(s): 3
- MAR 3023 - Basic Marketing Credit(s): 3
- GEB 4890 - Strategic Management and Decision Making Credit(s): 3

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- MAN 3240 - Organizational Behavior Analysis Credit(s): 3
- MAN 3301 - Human Resource Management Credit(s): 3
- MAN 4737 - Integrated Management Applications Credit(s): 3

MAJOR (RESTRICTED) ELECTIVES: (12 CREDIT HOURS)

Students complete a Management program of study or complete one of three (3) concentrations: Human Resources Management; Project Management; or Aging Services Management. In addition to the concentration courses (9 credit hours), students will select an additional Management elective course to equal 12 credit hours.

AGING SERVICES MANAGEMENT CONCENTRATION: FOUR (4) COURSES; 12 CREDIT HOURS

CONCENTRATION CORE: (3 COURSES, 9 CREDIT HOURS)

- GEY 3601 - Physical Changes and Aging Credit(s): 3
- GEY 3625 - Sociological Aspects of Aging Credit(s): 3
- GEY 4612 - Psychology of Aging Credit(s): 3

ELECTIVES: (1 COURSE; 3 CREDIT HOURS)

Select a minimum of one course from the list of General Management Major Electives.

- MAN 3093 - Healthcare Management Credit(s): 3
- MAN 4063 - Management Ethics Credit(s): 3
- MAN 4280 - Organizational Development and Change Credit(s): 3
- MAN 4282 - Organizational Assessment Credit(s): 3
- MAN 4402 - Employment Laws Credit(s): 3
- MAN 4430 - Seminar in Negotiations and Administration of Labor Agreements Credit(s): 3
- MAN 4441 - Negotiation and Conflict Resolution Credit(s): 3
- MAN 4600 - International Management Credit(s): 3
- MAN 4631 - Global Perspectives and Management Choices Credit(s): 3
- MAN 4743 - Response of Business to Global Environmental Problems Credit(s): 3
- MAN 4802 - Entrepreneurship and Small Business Management Credit(s): 3
- MAN 4804 - Small Business Management Counseling Credit(s): 3
- MAN 4930 - Selected Topics in Management Credit(s): 1-3
- MAN 4931 - Independent Research Credit(s): 1-4
- MAN 4940 - Management Internship Credit(s): 3

MANAGEMENT B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS
Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

**GRADING REQUIREMENTS**

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

MANAGEMENT B.S., WITH HUMAN RESOURCES MANAGEMENT CONCENTRATION

TOTAL DEGREE HOURS: 120

The undergraduate major in Management prepares students to manage and lead all aspects of organizations. It also prepares students for graduate study in business and other fields. Mastery of course content enables students to inspire themselves, others, teams, and organizations to coordinate efforts to provide effective outcomes. Content covered includes organizational behavior, human resources, cross-cultural differences, ethics, and negotiating skills. A capstone course integrates the learning objectives of the major in a study of a real company where students demonstrate that they can now apply effectively what they have learned.

LIMITED ACCESS

Students who transfer to the USF Muma College of Business must meet the following admission guidelines below:

- Minimum of 60 semester hours of college credit earned.
- Minimum cumulative grade point average of 2.50 on all college-level work and a minimum of 2.00 on all credit attempted at USF, including any prior to renewal.
- Completion of all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.00 GPA in all seven (7) courses. The courses are:
  - a. Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)*
  - b. Managerial Accounting: ACG X071 (or ACG X301)*
  - c. Computers in Business: CGS X100 (or acceptable substitute)
  - d. Principles of Macroeconomics: ECO X013
  - e. Principles of Microeconomics: ECO X023
  - f. Elementary Calculus: MAC X233 or MAC 2230
  - g. Statistics: QMB X100 or STA X023 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

UNIVERSITY ADMISSIONS

Admission to the program is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- **Transfer**: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- **International**: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
Civics Literacy; Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:

(ACG X021 & ACG X022 Financial Accounting) or (ACG X001 & ACG X011)* - 3 credit hours
ACG X071 Managerial Accounting or ACG X301* - 3 credit hours
CGS X100 Computers in Business or CGS X100C or CGS X530 or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
MAC X233 Elementary Calculus or MAC X230
STA X023 Introductory Statistics or QMB X100 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each Supporting course is required.

SPC 2608 - Public Speaking Credit(s): 3
or
COM 3110 - Communication For Business and the Professions Credit(s): 3
ENC 3250 - Professional Writing Credit(s): 3
or
ENC 3310 - Expository Writing Credit(s): 3
Contemporary International Topics Course

REQUIRED COURSES: (45 CREDIT HOURS)
BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation course with an overall 2.0 GPA is required.

- BUL 3320 - Law And Business I Credit(s): 3
- FIN 3403 - Principles of Finance Credit(s): 3
- GEB 3033 - Business Workplace Skills and Best Practices Credit(s): 3
- ISM 3011 - Information Systems in Organizations Credit(s): 3
- QMB 3200 - Business and Economic Statistics II Credit(s): 3
- MAN 3025 - Principles of Management Credit(s): 3
- MAN 4504 - Operations and Supply Chain Management Credit(s): 3
- MAR 3023 - Basic Marketing Credit(s): 3
- GEB 4890 - Strategic Management and Decision Making Credit(s): 3

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- MAN 3240 - Organizational Behavior Analysis Credit(s): 3
- MAN 3301 - Human Resource Management Credit(s): 3
- MAN 4737 - Integrated Management Applications Credit(s): 3

MAJOR (RESTRICTED) ELECTIVES: (12 CREDIT HOURS)

Students complete a Management program of study or complete one of three (3) concentrations: Human Resources Management; Project Management; or Aging Services Management. In addition to the concentration courses (9 credit hours), students will select an additional Management elective course to equal 12 credit hours.

HUMAN RESOURCES MANAGEMENT CONCENTRATION: 4 COURSES; 12 CREDIT HOURS

This concentration provides students with the knowledge and skills necessary to obtain entry-level positions and to succeed in the field of Human Resources Management. Upon successful completion of this concentration, students will develop an understanding of the different functions encompassed within this particular discipline such as managing compensation, benefits, training and development, recruitment, staffing, employee retention, performance evaluation, employment law, as well as developing an appreciation of the importance of obtaining and enhancing diversity in the workplace.

CONCENTRATION CORE (2 COURSES; 6 CREDIT HOURS)

- MAN 4329 - People Analytics Credit(s): 3
- MAN 4402 - Employment Laws Credit(s): 3

CONCENTRATION ELECTIVES (2 COURSES; 6 CREDIT HOURS)

Select a minimum of one course from of the following courses.

- ENT 4024 - Small Business Management - Entrepreneurship Credit(s): 3
- GEY 4635 - Business Management in an Aging Society Credit(s): 3
- MAN 4063 - Management Ethics Credit(s): 3
- MAN 4441 - Negotiation and Conflict Resolution Credit(s): 3
- MAN 4600 - International Management Credit(s): 3
- MAN 4631 - Global Perspectives and Management Choices Credit(s): 3
- MAN 4940 - Management Internship Credit(s): 3

IN ADDITION, SELECT A MINIMUM OF ONE COURSE FROM THE LIST OF GENERAL MANAGEMENT MAJOR ELECTIVES.

- MAN 3093 - Healthcare Management Credit(s): 3
- MAN 4063 - Management Ethics Credit(s): 3
- MAN 4280 - Organizational Development and Change Credit(s): 3
- MAN 4282 - Organizational Assessment Credit(s): 3
MUMA COLLEGE OF BUSINESS

1. MANAGEMENT B.S. - ADDITIONAL INFORMATION

   GPA REQUIREMENTS

   Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

   GRADING REQUIREMENTS

   In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

   All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

   RESIDENCY REQUIREMENTS

   Major residency: Students must complete 15 credit hours of upper-level Management requirements in residency at USF.

   College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

   OTHER REQUIREMENTS

   Within the 120 credit hour program, students must complete a minimum of 21 credit hours of upper-level Management coursework beyond MAN 3025. Management courses taken by Management majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

   RESEARCH OPPORTUNITIES

   Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.
It is recommended that Management students participate in an internship course (MAN 4940) as part of their plan of study.

- Minimum of 60 semester hours of college credit earned.
- Minimum cumulative grade point average of 2.50 on all college-level work and a minimum of 2.00 on all credit attempted at USF, including any prior to renewal.
- Completion of all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.00 GPA in all seven (7) courses. The courses are:
  a. Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)*
  b. Managerial Accounting: ACG X071 (or ACG X301)*
  c. Computers in Business: CGS X100 (or acceptable substitute)
  d. Principles of Macroeconomics: ECO X013
  e. Principles of Microeconomics: ECO X023
  f. Elementary Calculus: MAC X233 or MAC 2230
  g. Statistics: QMB X100 or STA X023 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

UNIVERSITY ADMISSIONS

Admission to the program is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
STATE MANDATED COMMON COURSE PREREQUISITES

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:

- (ACG X021 & ACG X022 Financial Accounting) or (ACG X001 & ACG X011)* - 3 credit hours
- ACG X071 Managerial Accounting or ACG X301* - 3 credit hours
- CGS X100 Computers in Business or CGS X100C or CGS X530 or CGS X570 or CGS X060 or CGS X531 or
  CGS X000 or ISM X000 or CGS X518 or
  ECO X013 Principles of Macroeconomics - 3 credit hours
- ECO X023 Principles of Microeconomics - 3 credit hours
- MAC X233 Elementary Calculus or MAC X230
- STA X023 Introductory Statistics or QMB X100 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each Supporting course is required.

- SPC 2608 - Public Speaking Credit(s): 3
  or
- COM 3110 - Communication For Business and the Professions Credit(s): 3
- ENC 3250 - Professional Writing Credit(s): 3
  or
- ENC 3310 - Expository Writing Credit(s): 3
- Contemporary International Topics Course

REQUIRED COURSES: (45 CREDIT HOURS)
**BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS**

A minimum grade of C- in each Foundation course with an overall 2.0 GPA is required.

- BUL 3320 - Law And Business I  Credit(s): 3
- FIN 3403 - Principles of Finance  Credit(s): 3
- GEB 3033 - Business Workplace Skills and Best Practices  Credit(s): 3
- ISM 3011 - Information Systems in Organizations  Credit(s): 3
- QMB 3200 - Business and Economic Statistics II  Credit(s): 3
- MAN 3025 - Principles of Management  Credit(s): 3
- MAN 4504 - Operations and Supply Chain Management  Credit(s): 3
- MAR 3023 - Basic Marketing  Credit(s): 3
- GEB 4890 - Strategic Management and Decision Making  Credit(s): 3

**MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS**

- MAN 3240 - Organizational Behavior Analysis  Credit(s): 3
- MAN 3301 - Human Resource Management  Credit(s): 3
- MAN 4737 - Integrated Management Applications  Credit(s): 3

**MAJOR (RESTRICTED) ELECTIVES: (12 CREDIT HOURS)**

Students complete a Management program of study or complete one of three (3) concentrations: Human Resources Management; Project Management; or Aging Services Management. In addition to the concentration courses (9 credit hours), students will select an additional Management elective course to equal 12 credit hours.

**PROJECT MANAGEMENT CONCENTRATION: 4 COURSES; 12 CREDIT HOURS**

This concentration provides students with the knowledge and skills necessary to obtain entry-level positions and to succeed in the field of Human Resources Management. Upon successful completion of this concentration, students will develop an understanding of the different functions encompassed within this particular discipline such as managing compensation, benefits, training and development, recruitment, staffing, employee retention, performance evaluation, employment law, as well as developing an appreciation of the importance of obtaining and enhancing diversity in the workplace.

**CONCENTRATION CORE (3 COURSES; 9 CREDIT HOURS)**

- ISM 4314 - Project Management  Credit(s): 3
- MAN 4441 - Negotiation and Conflict Resolution  Credit(s): 3
- MAN 4930 - Selected Topics in Management  Credit(s): 1-3 (Selected Topics taken as Business Analysis)

**CONCENTRATION ELECTIVES (1 COURSE; 3 CREDIT HOURS)**

Select a minimum of one course from the list of General Management Major Electives.

- MAN 3093 - Healthcare Management  Credit(s): 3
- MAN 4063 - Management Ethics  Credit(s): 3
- MAN 4280 - Organizational Development and Change  Credit(s): 3
- MAN 4282 - Organizational Assessment  Credit(s): 3
- MAN 4402 - Employment Laws  Credit(s): 3
- MAN 4430 - Seminar in Negotiations and Administration of Labor Agreements  Credit(s): 3
- MAN 4600 - International Management  Credit(s): 3
- MAN 4631 - Global Perspectives and Management Choices  Credit(s): 3
- MAN 4802 - Entrepreneurship and Small Business Management  Credit(s): 3
- MAN 4930 - Selected Topics in Management  Credit(s): 1-3
- MAN 4931 - Independent Research  Credit(s): 1-4
- MAN 4940 - Management Internship  Credit(s): 3
- MAN 4743 - Response of Business to Global Environmental Problems  Credit(s): 3
MUMA COLLEGE OF BUSINESS

MAN 4804 - Small Business Management Counseling Credit(s): 3

MANAGEMENT B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

RESIDENCY REQUIREMENTS

Major residency: Students must complete 15 credit hours of upper-level Management requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

OTHER REQUIREMENTS

Within the 120 credit hour program, students must complete a minimum of 21 credit hours of upper-level Management coursework beyond MAN 3025. Management courses taken by Management majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

It is recommended that Management students participate in an internship course (MAN 4940) as part of their plan of study.

The Business Analytics and Information System minor is available to all undergraduate Business students (except those majoring in Business Analytics and Information Systems).

**MINOR REQUIREMENTS**

For Business majors only.

**TOTAL MINOR CREDIT HOURS: 12**

**MINOR CORE CREDIT HOURS: 6**

Any two (2) out of the following three (3) courses:

- ISM 3113 - Systems Analysis and Design Credit(s): 3
- ISM 4212 - Database Design and Administration Credit(s): 3
- QMB 4250 - Business Analytics Credit(s): 3

**MINOR ELECTIVE CREDIT HOURS: 6**

Six (6) hours of approved ISM electives.

**GPA REQUIREMENT**

A grade point average of 2.0 or better must be achieved in the minor course work at USF and in all minor courses completed at other institutions.

**GRADING REQUIREMENT**

A 2.0 overall in the courses for the minor is required, with no minimum grade in any course.

**RESIDENCY REQUIREMENT**

Nine (9) of the 12 credit hours for the minor must be taken at USF.

**ADVISING INFORMATION - MUMA COLLEGE OF BUSINESS**

HEALTHCARE ADMINISTRATION MINOR

This minor is open to students from all colleges.

To qualify for the Healthcare Administration Minor, students must successfully complete a minimum of fifteen (15) semester hours in Healthcare Administration coursework (nine (9) credit hours of required courses and six (6) credit hours of elective courses). A statement attesting to the completion of the Minor in Healthcare Administration will appear on the student's official transcript.

Non-College of Business Students

To avoid unnecessary delays, it is strongly recommended that Non-Business majors take ECO 2023 - Economic Principles (Microeconomics) to fulfill the TGEC - Creative Thinking requirement (Enhanced General Education) as this course is a pre-requisite for the required course, ECP 3530 - Economics of Health.

TOTAL CREDIT HOURS: 15

MINOR CORE (9 CREDIT HOURS)

- ECP 3530 - Economics of Health Credit(s): 3
- MAN 3093 - Healthcare Management Credit(s): 3
- MAR 4712 - Healthcare Marketing Credit(s): 3

MINOR ELECTIVES (6 CREDIT HOURS)

Additional Selected Topics courses may also qualify as HCA electives. Students should consult with an advisor about any additional approved courses.

Select two of the following courses.

- ECO 4504 - Public Finance Credit(s): 3
- GEB 4894 - Healthcare Strategy Credit(s): 3
- GEB 4905 - Independent Study Credit(s): 1-3
- HSA 3170 - Healthcare Finance Credit(s): 3 NOTE: This class may not be used as an elective for FIN majors.
- ISM 3011 - Information Systems in Organizations Credit(s): 3
- MAN 3301 - Human Resource Management Credit(s): 3
- MAR 3400 - Professional Selling Credit(s): 3
- MAR 4503 - Buyer Behavior Credit(s): 3

GPA REQUIREMENTS

A grade point average (GPA) of 2.0 or higher must be achieved in the coursework for the minor.

GRADING REQUIREMENTS

No grade below a C- will be accepted for the major and concentration coursework.

BUSINESS ANALYTICS AND INFORMATION SYSTEMS CERTIFICATE

This certificate is designed exclusively for non-business majors. This program provides the information systems and business analytics knowledge without having to pursue a business minor - that will help students in these and other disciplines land a job where they can apply their skills in a corporate systems or analytics setting. There are no pre-requisites to begin the certificate and the sections set aside for this program are created with the non-business major in mind. While there is no specific point of entry for the program, there is a preferred sequence of coursework, starting with the Information Systems in Organizations class and ending with a specialized Business Intelligence course. All courses are available online.

CERTIFICATE REQUIREMENTS

CERTIFICATE CORE (15 CREDIT HOURS)

- ISM 3011 - Information Systems in Organizations Credit(s): 3
- ISM 3113 - Systems Analysis and Design Credit(s): 3
- ISM 3232 - Business Application Development Credit(s): 3
- ISM 4212 - Database Design and Administration Credit(s): 3
- ISM 4547 - Excel with Data Modeling for Business Analytics Credit(s): 3

GPA REQUIREMENTS

A grade point average of 2.00 or better must be achieved in the certificate coursework at USF and in all certificate courses completed at other institutions.

RESIDENCY REQUIREMENT

At least 12 hours of the required 15 credit hours must be taken in residence at USF.

ADVERTISING B.S.

TOTAL DEGREE HOURS: 120

The Advertising major in the Muma College of Business is unique in that it is a collaborative effort between the Zimmerman School of Advertising and Mass Communications in the College of Arts and Sciences and the Marketing Department in the Muma College of Business. The major complements an existing Advertising track in the Mass Communications major and provides students the opportunity to combine the creative, media, and account planning aspects of advertising with knowledge, skills, and abilities in accounting, economics, finance, information systems, management, marketing and strategy.

LIMITED ACCESS

THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

Admission to the Muma College of Business is based upon availability of faculty and space within each discipline. The Muma College of Business has many upper-level, limited access programs, which means that it has admission requirements in addition to those of the University in general. Students interested in pursuing a degree in the areas offered by the Muma College of Business must complete the required prerequisites for entering the College in addition to other related criteria listed below.

Students must satisfy the following criteria:

- Minimum of 60 semester hours of college credit earned.
- Minimum of a cumulative grade point average of 2.5 on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal.
- Completion of the State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA.
- In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.
- A minimum score of 550 on paper and pencil or 213 on computerized TOEFL is required, when applicable.
- Students must be admitted to the Muma College of Business at least one term before their anticipated graduation date.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

STATE MANDATED COMMON COURSE PREREQUISITES

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.
Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:

- ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3 credit hours
- ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
- CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 - 3 credit hours
- ECO X013 Principles of Macroeconomics - 3 credit hours
- ECO X023 Principles of Microeconomics - 3 credit hours
- STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
- MAC X233 Elementary Calculus - 3 credit hours

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

REQUIRED SUPPORTING COURSES FOR THE MAJOR (3 CREDIT HOURS)

The following courses are prerequisite and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

MMC 3602 - Mass Communications and Society Credit(s): 3

MAJOR REQUIREMENTS (36 CREDIT HOURS)

MAJOR CORE (23 CREDIT HOURS)

Within the 120-semester hour program listed in the Business General Requirement section (including the state mandated common prerequisites), students should:

- Complete all courses listed below with a minimum grade of C, not C-.
- Participate in a study abroad experience.
- Live in the Zimmerman Advertising Program (ZAP) Living Learning Community during their freshmen year.

REQUIRED COURSES FOR ADVERTISING MAJOR:

- ADV 3008 - Introduction to Advertising Credit(s): 3
- ADV 3101 - Advertising Creativity Credit(s): 3
- ADV 3300 - Advertising Media Strategy Credit(s): 3
- ADV 4600 - Advertising Management Credit(s): 3
- ADV 4800 - Advertising Campaigns Credit(s): 3
- ADV 4940 - Advertising Internship Credit(s): 1-3 (two 1 credit experiences)
- MAR 3613 - Marketing Research Credit(s): 3
- MAR 4503 - Buyer Behavior Credit(s): 3

MAJOR ELECTIVES (13 CREDIT HOURS)

REQUIRED BUSINESS ELECTIVES

MAR 3823 - Marketing Management Credit(s): 3

CHOOSE TWO COURSES (6 HOURS) FROM BELOW:

- MAR 4933 - Selected Topics in Marketing Credit(s): 1-3
- Social Media Applications
UPPER-LEVEL MARKETING ELECTIVES
- MAR 3400 - Professional Selling Credit(s): 3
- MAR 4156 - International Marketing Credit(s): 3
- MAR 4213 - Logistics and Physical Distribution Management Credit(s): 3
- MAR 4231 - Retailing Management Credit(s): 3
- MAR 4333 - Marketing Communications Management Credit(s): 3
- MAR 4403 - Sales Management Credit(s): 3
- MAR 4712 - Healthcare Marketing Credit(s): 3
- MAR 4824 - Marketing Management Problems Credit(s): 3

REQUIRED NON-BUSINESS ELECTIVES
- GEB 2935 - Selected Topics in Business Credit(s): 1-3 Speaker Series (1 credit)
- SLS 2901 - Academic Foundations Seminar Credit(s): 1-3

ADVERTISING B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS
At least a minimum of a C (not C-) grade must be earned in each course. An overall GPA of 2.0 is required in the major for graduation.

RESIDENCY REQUIREMENT
In the major, 15 of the 21 Advertising hours and 12 of the 17 Marketing hours must be taken in residency at USF.

RESEARCH OPPORTUNITIES
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES
Advertising students will be required to complete internships as part of their degree program.

ENTREPRENEURSHIP B.S.

TOTAL DEGREE HOURS: 120

A major in Entrepreneurship is intended for those students interested in the possibility of self-venturing or who may someday work in an entrepreneurial firm. Upon completion of this major, students will be specially prepared to leverage their knowledge to work in management positions within high-growth, innovative firms or to take their own idea to market. This major utilizes an interdisciplinary approach to education thus providing a well-rounded knowledge of business.

Students will learn the creative nature of idea/opportunity identification and evaluation, the unique skills necessary to build an entrepreneurial firm, and the ability to interact with local community resources and mentors.

Further information about the Entrepreneurship major can be found at http://www.usf.edu/entrepreneurship/.

LIMITED ACCESS

Admission to the Muma College of Business is based upon availability of faculty and space within each discipline. The Muma College of Business is an upper-level, limited access college, which means that it has admission requirements in addition to those of the University in general. Students interested in pursuing a degree in the areas offered by the Muma College of Business must complete the required prerequisites for entering the College in addition to other related criteria listed below.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- **Transfer**: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- **International**: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

ADMISSION STANDARDS FOR THE PROGRAM

Students must satisfy the following criteria:

- Minimum of 60 semester hours of college credit earned.
- Minimum of a cumulative grade point average of 2.5 on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal. NOTE: Beginning Fall 2013 the Muma College of Business will establish each fall a new minimum overall GPA required to satisfy the limited access GPA admission requirement.

STATE MANDATED COMMON COURSE PREREQUISITES

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.
Florida College System students pursuing an Associate of Science (A.S.) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

- ACG X021 Financial Accounting – 3 credit hours

**MAJOR ELECTIVES (9 CREDIT HOURS)**

ANY ONE COURSE FROM THE FOLLOWING RECOMMENDED ELECTIVES:

- ENT 4024 - Small Business Management - Entrepreneurship Credit(s): 3
- ENT 4214 - Entrepreneurial Leadership Credit(s): 3
- ENT 4803 - Sustainable Entrepreneurship Credit(s): 3
- ENT 4901 - Independent Research in Entrepreneurship Credit(s): 1-3
- ENT 4943 - Internship in Entrepreneurship Credit(s): 1-3
- ENT 4945 - Student Consulting in High Growth Ventures Credit(s): 3

CHOOSE 6 HOURS:

- MAR 4933 - Selected Topics in Marketing Credit(s): 1-3 International Entrepreneurship I (Study Abroad)
- MAR 4933 - Selected Topics in Marketing Credit(s): 1-3 International Entrepreneurship II (Study Abroad)
- MAR 4933 - Selected Topics in Marketing Credit(s): 1-3 New Product Development Projects

**GPA REQUIREMENTS**

A 2.0 GPA in all major course work at USF and an overall 2.0 GPA including transfer work.

**GRADING REQUIREMENTS**

A minimum grade of C- is required in all Entrepreneurship classes.
D/F Policy

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

Residency Requirements

Major Residency: Students must complete 18 hours of upper-level Entrepreneurship requirements in residency at USF.

College Residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

Research Opportunities

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

GLOBAL BUSINESS B.A., WITH BUSINESS ANALYTICS AND INFORMATION SYSTEMS CONCENTRATION

TOTAL DEGREE HOURS: 120

Global Business refers to a business that is conducted across national borders. Firms face difficult challenges due to differences in country-specific political, economic, social, cultural, technological, institutional, regulatory, and organizational contexts.

The Bachelor of Arts in Global Business provides students with the knowledge, skills, and experience necessary for successful careers in the global business environment. Graduates will have not only a Global Business major, but also a concentration in one of the functional areas of business (Finance, Management, Marketing, and Business Analytics and Information Systems). With this preparation, graduates will find employment in many manufacturing, service or knowledge-based industries with global markets, global suppliers, global sources of finance and/or a globally diverse workforce. The Global Business program is unique in that it combines preparation in business administration with language studies and a meaningful overseas work or study experience.

LIMITED ACCESS

Students who transfer to the USF Muma College of Business must meet the following admission guidelines below:

- Minimum of 60 semester hours of college credit earned.
- Minimum cumulative grade point average of 2.5 (applies only to limited access programs) on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal.
- Completion of all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.0 GPA in all seven (7) courses. The courses are:
  - a. Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)*
  - b. Managerial Accounting: ACG X071 (or ACG X301)*
  - c. Computers in Business: CGS X100 (or acceptable substitute)
  - d. Principles of Macroeconomics: ECO X013
  - e. Principles of Microeconomics: ECO X023
  - f. Elementary Calculus: MAC X233 or MAC 2230
  - g. Statistics: QMB X100 or STA X023 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;  
42 credit hours of upper-level coursework;  
Civics Literacy;  
Foreign language admissions coursework.

**STATE MANDATED COMMON COURSE PREREQUISITES**

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration and economics courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration or economics. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:

(ACG X021 & ACG X022) or (ACG X001 & ACG X011) - 6 credit hours  
ACG X071 or ACG X301 - 3 credit hours  
CGS X100 or CGS X100C or CGS X570 or CGS X518 or CGS X060 or CGS X531 or CGS X000 or ISM X000 - 3 credit hours  
ECO X013 Macroeconomics - 3 credit hours  
ECO X023 Microeconomics - 3 credit hours  
STA X023 or STA X122 or QMB X100 - 3 credit hours  
MAC X233 Business Calculus - 3 credit hours

Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

**SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS**

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each Supporting course is required.

SPC 2608 - Public Speaking **Credit(s): 3**  
or  
COM 3110 - Communication For Business and the Professions **Credit(s): 3**  
ENC 3250 - Professional Writing **Credit(s): 3**  
or  
ENC 3310 - Expository Writing **Credit(s): 3**

One foreign language course above the beginning language sequence, in the same language as the beginning foreign language sequence (3)
REQUIRED COURSES: (42 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

- BUL 3320 - Law And Business I Credit(s): 3
- FIN 3403 - Principles of Finance Credit(s): 3
- GEB 3033 - Business Workplace Skills and Best Practices Credit(s): 3
- ISM 3011 - Information Systems in Organizations Credit(s): 3
- QMB 3200 - Business and Economic Statistics II Credit(s): 3
- MAN 3025 - Principles of Management Credit(s): 3
- MAN 4504 - Operations and Supply Chain Management Credit(s): 3
- MAR 3023 - Basic Marketing Credit(s): 3
- GEB 4890 - Strategic Management and Decision Making Credit(s): 3

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- GEB 3373 - International Business Credit(s): 3
- MAN 4631 - Global Perspectives and Management Choices Credit(s): 3

MAJOR (RESTRICTED) ELECTIVES: (18 CREDIT HOURS)

GLOBAL BUSINESS MAJOR ELECTIVES: 2 COURSES; 6 CREDIT HOURS
Select two courses from the following list of International Business courses:

- FIN 3604 - International Finance Credit(s): 3
- ISM 4041 - Global Cyber Ethics Credit(s): 3
- MAR 4156 - International Marketing Credit(s): 3
- MAN 4600 - International Management Credit(s): 3

OVERSEES BUSINESS INTERNSHIP STUDY ABROAD EXPERIENCE
An approved study abroad or overseas internship must be completed as part of the degree requirements.

CONCENTRATION (12 CREDIT HOURS)

In addition, students must declare and complete a 12-credit hour concentration from the following list:

- Business Analytics and Information Systems
- Marketing
- Finance
- Management

BUSINESS ANALYTICS AND INFORMATION SYSTEMS CONCENTRATION: 4 COURSES; 12 CREDIT HOURS

CONCENTRATION CORE: (3 COURSES; 9 CREDIT HOURS)

- ISM 3113 - Systems Analysis and Design Credit(s): 3
- ISM 4212 - Database Design and Administration Credit(s): 3
- ISM 4382 - Global Information Systems Credit(s): 3

ELECTIVE: SELECT A MINIMUM OF ONE OF THE FOLLOWING COURSES (1 COURSE; 3 CREDIT HOURS)

- ISM 3115 - Business Informatics Credit(s): 3
- ISM 3232 - Business Application Development Credit(s): 3
- ISM 4041 - Global Cyber Ethics Credit(s): 3
- ISM 4141 - Java Programming Credit(s): 3
ISM 4153 - Enterprise Resource Planning Systems **Credit(s): 3**
ISM 4213 - Advanced Database Administration **Credit(s): 3**
ISM 4220 - Business Data Communications **Credit(s): 3**
ISM 4233 - Information System Interface Design **Credit(s): 3**
ISM 4234 - Object-Oriented Design and Development **Credit(s): 3**
ISM 4252 - Mainframe Technologies **Credit(s): 3**
ISM 4300 - Managing Information Resources **Credit(s): 3**
ISM 4314 - Project Management **Credit(s): 3**
ISM 4323 - Information Security and IT Risk Management **Credit(s): 3**
ISM 4402 - Business Intelligence **Credit(s): 3**
ISM 4432 - Software Testing **Credit(s): 3**
ISM 4480 - Electronic Commerce Systems **Credit(s): 3**
ISM 4940 - Business Analytics & Information Systems Internship **Credit(s): 3**

**GLOBAL BUSINESS B.A. - ADDITIONAL INFORMATION**

**GPA REQUIREMENTS**

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF. An overall 2.0 GPA average on all college-level coursework.

**GRADING REQUIREMENTS**

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Within the 120-semester-hour program, students must complete a minimum of 27 hours of upper-level coursework with a grade of C- in all courses.

**D/F POLICY**

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Major residency: Students must complete 18 hours of upper-level Business coursework in residency at USF (9 major core and 9 concentration).

**RESIDENCY REQUIREMENTS**

Major residency: Nine (9) of the 12 required major core credit hours must be taken at USF. At least 9 credit hours of concentration coursework must be taken in residence at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses. Normally, independent study and independent research courses do not fulfill this requirement.
OTHER REQUIREMENTS

Courses used to satisfy a major in Accounting, Business Analytics and Information Systems, Finance, Management, or Marketing may not be used to satisfy the concentration requirement for the Global Business major. Courses used for a Global Business concentration cannot be used for a major.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

It is strongly recommend that students do an internship as part of their study abroad experience. For more information go to: https://www.usf.edu/business/student-success/internships/.

GLOBAL BUSINESS B.A., WITH FINANCE CONCENTRATION

TOTAL DEGREE HOURS: 120

Global Business refers to a business that is conducted across national borders. Firms face difficult challenges due to differences in country-specific political, economic, social, cultural, technological, institutional, regulatory, and organizational contexts.

The Bachelor of Arts in Global Business provides students with the knowledge, skills, and experience necessary for successful careers in the global business environment. Graduates will have not only a Global Business major, but also a concentration in one of the functional areas of business (Finance, Management, Marketing, and Business Analytics and Information Systems). With this preparation, graduates will find employment in many manufacturing, service or knowledge-based industries with global markets, global suppliers, global sources of finance and/or a globally diverse workforce. The Global Business program is unique in that it combines preparation in business administration with language studies and a meaningful overseas work or study experience.

LIMITED ACCESS

Students who transfer to the USF Muma College of Business must meet the following admission guidelines below:

- Minimum of 60 semester hours of college credit earned.
- Minimum cumulative grade point average of 2.5 (applies only to limited access programs) on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal.
- Completion of all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.0 GPA in all seven (7) courses. The courses are:
  - Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)*
  - Managerial Accounting: ACG X071 (or ACG X301)*
  - Computers in Business: CGS X100 (or acceptable substitute)
  - Principles of Macroeconomics: ECO X013
  - Principles of Microeconomics: ECO X023
  - Elementary Calculus: MAC X233 or MAC 2230
  - Statistics: QMB X100 or STA X023 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
42 credit hours of upper-level coursework; 
Civics Literacy; 
Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration and economics courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration or economics. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:

(AWG X021 & AGX X022) or (AGX X001 & AGX X011) - 6 credit hours
AGX X071 or AGX X301 - 3 credit hours
AGS X100 or AGS X100C or AGS X570 or AGS X518 or AGS X060 or AGS X531 or AGS X000 or ISM X000 - 3 credit hours
ECO X013 Macroeconomics - 3 credit hours
ECO X023 Microeconomics - 3 credit hours
STA X023 or STA X122 or QMB X100 - 3 credit hours
MAC X233 Business Calculus - 3 credit hours

Accounting majors must earn a C not C- in AGX 2021 and AGX 2071.

SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each Supporting course is required.

SPC 2608 - Public Speaking Credit(s): 3
or
COM 3110 - Communication For Business and the Professions Credit(s): 3
ENC 3250 - Professional Writing Credit(s): 3
or
ENC 3310 - Expository Writing Credit(s): 3
One foreign language course above the beginning language sequence, in the same language as the beginning foreign language sequence (3)
## REQUIRED COURSES: (42 CREDIT HOURS)

### BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

- **BUL 3320 - Law And Business I** Credit(s): 3
- **FIN 3403 - Principles of Finance** Credit(s): 3
- **GEB 3033 - Business Workplace Skills and Best Practices** Credit(s): 3
- **ISM 3011 - Information Systems in Organizations** Credit(s): 3
- **QMB 3200 - Business and Economic Statistics II** Credit(s): 3
- **MAN 3025 - Principles of Management** Credit(s): 3
- **MAN 4504 - Operations and Supply Chain Management** Credit(s): 3
- **MAR 3023 - Basic Marketing** Credit(s): 3
- **GEB 4890 - Strategic Management and Decision Making** Credit(s): 3

### MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- **GEB 3373 - International Business** Credit(s): 3
- **MAN 4631 - Global Perspectives and Management Choices** Credit(s): 3

### MAJOR (RESTRICTED) ELECTIVES: (18 CREDIT HOURS)

Select two courses from the following list of International Business courses:

- **ISM 4382 - Global Information Systems** Credit(s): 3
- **ISM 4041 - Global Cyber Ethics** Credit(s): 3
- **MAR 4156 - International Marketing** Credit(s): 3
- **MAN 4600 - International Management** Credit(s): 3

### OVERSEES BUSINESS INTERNSHIP STUDY ABROAD EXPERIENCE

An approved study abroad or overseas internship must be completed as part of the degree requirements.

### CONCENTRATION (12 CREDIT HOURS)

In addition, students must declare and complete a 12-credit hour concentration from the following list:

- Business Analytics and Information Systems
- Marketing
- Finance
- Management

### FINANCE CONCENTRATION: 4 COURSES; 12 CREDIT HOURS

**CONCENTRATION CORE: (4 COURSES; 12 CREDIT HOURS)**

- **FIN 4504 - Principles of Investments** Credit(s): 3
- **FIN 4303 - Financial Institutions and Markets** Credit(s): 3
- **FIN 4414 - Advanced Corporation Finance** Credit(s): 3
- **FIN 3604 - International Finance** Credit(s): 3

### GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF.
An overall 2.0 GPA average on all college-level coursework.
GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Within the 120-semester-hour program, students must complete a minimum of 27 hours of upper-level coursework with a grade of C- in all courses.

D/F POLICY

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Major residency: Students must complete 18 hours of upper-level Business coursework in residency at USF (9 major core and 9 concentration).

RESIDENCY REQUIREMENTS

Major residency: Nine (9) of the 12 required major core credit hours must be taken at USF. At least 9 credit hours of concentration coursework must be taken in residence at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses. Normally, independent study and independent research courses do not fulfill this requirement.

OTHER REQUIREMENTS

Courses used to satisfy a major in Accounting, Business Analytics and Information Systems, Finance, Management, or Marketing may not be used to satisfy the concentration requirement for the Global Business major. Courses used for a Global Business concentration cannot be used for a major.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

It is strongly recommend that students do an internship as part of their study abroad experience. For more information go to: https://www.usf.edu/business/student-success/internships/.

GLOBAL BUSINESS B.A., WITH MANAGEMENT CONCENTRATION

TOTAL DEGREE HOURS: 120

Global Business refers to a business that is conducted across national borders. Firms face difficult challenges due to differences in country-specific political, economic, social, cultural, technological, institutional, regulatory, and organizational contexts.

The Bachelor of Arts in Global Business provides students with the knowledge, skills, and experience necessary for successful careers in the global business environment. Graduates will have not only a Global Business major, but also a concentration in one of the functional areas of business (Finance, Management, Marketing, and Business Analytics and Information Systems). With this preparation, graduates will find employment in many manufacturing, service or knowledge-based industries with global markets, global suppliers, global sources of finance and/or a globally diverse workforce. The Global Business program is unique in that it combines preparation in business administration with language studies and a meaningful overseas work or study experience.

LIMITED ACCESS

Students who transfer to the USF Muma College of Business must meet the following admission guidelines below:

- Minimum of 60 semester hours of college credit earned.
- Minimum cumulative grade point average of 2.5 (applies only to limited access programs) on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal.
- Completion of all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.0 GPA in the seven (7) courses. The courses are:
  a. Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)*
  b. Managerial Accounting: ACG X071 (or ACG X301)*
  c. Computers in Business: CGS X100 (or acceptable substitute)
  d. Principles of Macroeconomics: ECO X013
  e. Principles of Microeconomics: ECO X023
  f. Elementary Calculus: MAC X233 or MAC 2230
  g. Statistics: QMB X100 or STA X023 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
42 credit hours of upper-level coursework;
Civics Literacy;
Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student’s program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration and economics courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration or economics. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:

(ACG X021 & ACG X022) or (ACG X001 & ACG X011) - 6 credit hours
ACG X071 or ACG X301 - 3 credit hours
CGS X100 or CGS X100C or CGS X570 or CGS X518 or CGS X060 or CGS X531 or CGS X000 or ISM X000 - 3 credit hours
ECO X013 Macroeconomics - 3 credit hours
ECO X023 Microeconomics - 3 credit hours
STA X023 or STA X122 or QMB X100 - 3 credit hours
MAC X233 Business Calculus - 3 credit hours

Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each Supporting course is required.

SPC 2608 - Public Speaking Credit(s): 3
or
COM 3110 - Communication For Business and the Professions Credit(s): 3
ENC 3250 - Professional Writing Credit(s): 3
or
ENC 3310 - Expository Writing Credit(s): 3

One foreign language course above the beginning language sequence, in the same language as the beginning foreign language sequence (3)
REQUIRED COURSES: (42 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

- ISM 4382 - Global Information Systems Credit(s): 3
- ISM 4041 - Global Cyber Ethics Credit(s): 3
- MAN 4600 - International Management Credit(s): 3
- MAR 4156 - International Marketing Credit(s): 3

OVERSEES BUSINESS INTERNSHIP STUDY ABROAD EXPERIENCE
An approved study abroad or overseas internship must be completed as part of the degree requirements.

CONCENTRATION (12 CREDIT HOURS)

In addition, students must declare and complete a 12-credit hour concentration from the following list:

- Business Analytics and Information Systems
- Marketing
- Finance
- Management

MANAGEMENT CONCENTRATION: 4 COURSES; 12 CREDIT HOURS

CONCENTRATION CORE: (4 COURSES; 12 CREDIT HOURS)
- MAN 3240 - Organizational Behavior Analysis Credit(s): 3
- MAN 3301 - Human Resource Management Credit(s): 3
- MAN 4282 - Organizational Assessment Credit(s): 3
- MAN 4743 - Response of Business to Global Environmental Problems Credit(s): 3

GLOBAL BUSINESS B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS
A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF.
An overall 2.0 GPA average on all college-level coursework.

**GRADING REQUIREMENTS**

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Within the 120-semester-hour program, students must complete a minimum of 27 hours of upper-level coursework with a grade of C- in all courses.

**D/F POLICY**

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Major residency: Students must complete 18 hours of upper-level Business coursework in residency at USF (9 major core and 9 concentration).

**RESIDENCY REQUIREMENTS**

Major residency: Nine (9) of the 12 required major core credit hours must be taken at USF. At least 9 credit hours of concentration coursework must be taken in residence at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses. Normally, independent study and independent research courses do not fulfill this requirement.

**OTHER REQUIREMENTS**

Courses used to satisfy a major in Accounting, Business Analytics and Information Systems, Finance, Management, or Marketing may not be used to satisfy the concentration requirement for the Global Business major. Courses used for a Global Business concentration cannot be used for a major.

**RESEARCH OPPORTUNITIES**

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

**INTERNSHIP OPPORTUNITIES**

It is strongly recommend that students do an internship as part of their study abroad experience. For more information go to: https://www.usf.edu/business/student-success/internships/.

Total Credit Hours: 12
GLOBAL BUSINESS B.A., WITH MARKETING CONCENTRATION

TOTAL DEGREE HOURS: 120

Global Business refers to a business that is conducted across national borders. Firms face difficult challenges due to differences in country-specific political, economic, social, cultural, technological, institutional, regulatory, and organizational contexts.

The Bachelor of Arts in Global Business provides students with the knowledge, skills, and experience necessary for successful careers in the global business environment. Graduates will have not only a Global Business major, but also a concentration in one of the functional areas of business (Finance, Management, Marketing, and Business Analytics and Information Systems). With this preparation, graduates will find employment in many manufacturing, service or knowledge-based industries with global markets, global suppliers, global sources of finance and/or a globally diverse workforce. The Global Business program is unique in that it combines preparation in business administration with language studies and a meaningful overseas work or study experience.

LIMITED ACCESS

Students who transfer to the USF Muma College of Business must meet the following admission guidelines below:

- Minimum of 60 semester hours of college credit earned.
- Minimum cumulative grade point average of 2.5 (applies only to limited access programs) on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal.
- Completion of all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.0 GPA in all seven (7) courses. The courses are:
  a. Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)*
  b. Managerial Accounting: ACG X071 (or ACG X301)*
  c. Computers in Business: CGS X100 (or acceptable substitute)
  d. Principles of Macroeconomics: ECO X013
  e. Principles of Microeconomics: ECO X023
  f. Elementary Calculus: MAC X233 or MAC 2230
  g. Statistics: QMB X100 or STA X023 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
42 credit hours of upper-level coursework;
Civics Literacy;
Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration and economics courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration or economics. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:

(ACG X021 & ACG X022) or (ACG X001 & ACG X011) - 6 credit hours
ACG X071 or ACG X301 - 3 credit hours
CGS X100 or CGS X100C or CGS X570 or CGS X518 or CGS X060 or CGS X531 or CGS X000 or ISM X000 - 3 credit hours
ECO X013 Macroeconomics - 3 credit hours
ECO X023 Microeconomics - 3 credit hours
STA X023 or STA X122 or QMB X100 - 3 credit hours
MAC X233 Business Calculus - 3 credit hours

Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each Supporting course is required.

SPC 2608 - Public Speaking Credit(s): 3
or
COM 3110 - Communication For Business and the Professions Credit(s): 3
ENC 3250 - Professional Writing Credit(s): 3
or
ENC 3310 - Expository Writing Credit(s): 3
One foreign language course above the beginning language sequence, in the same language as the beginning foreign language sequence (3)
REQUIRED COURSES: (42 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

GLOBAL BUSINESS B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF.
An overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.
Within the 120-semester-hour program, students must complete a minimum of 27 hours of upper-level coursework with a grade of C- in all courses.

D/F POLICY

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Major residency: Students must complete 18 hours of upper-level Business coursework in residency at USF (9 major core and 9 concentration).

RESIDENCY REQUIREMENTS

Major residency: Nine (9) of the 12 required major core credit hours must be taken at USF. At least 9 credit hours of concentration coursework must be taken in residence at USF.
College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses. Normally, independent study and independent research courses do not fulfill this requirement.

OTHER REQUIREMENTS

Courses used to satisfy a major in Accounting, Business Analytics and Information Systems, Finance, Management, or Marketing may not be used to satisfy the concentration requirement for the Global Business major. Courses used for a Global Business concentration cannot be used for a major.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.
INTERNSHIP OPPORTUNITIES

It is strongly recommend that students do an internship as part of their study abroad experience. For more information go to: https://www.usf.edu/business/student-success/internships/.

MARKETING B.S.

TOTAL DEGREE HOURS: 120

Marketing is a dynamic field with many dimensions, including product selection and planning, product distribution, pricing, and promotion. Marketing poses many challenges and yields generous rewards for those who meet these challenges. Marketing operations are carried out domestically and internationally in all business organizations that offer a good or service. Many marketing concepts are applicable to the operations of non-profit organizations such as governmental, educational, and healthcare institutions, as well as charitable and political campaigns. Marketing operations provide the most visible links between the firm or institution and its many publics. Marketing deals with people who are constantly changing in their needs, wants, and desires; and coupled with these changing tastes is a fiercely competitive environment sustained by all the resources of a rapidly evolving technology. These forces lead to much of the challenge and dynamic nature of marketing.

The Marketing program prepares students for initial entry and management positions in many areas of marketing with a curriculum that is concerned with:

- Understanding how to attract and retain customers;
- Having the ability to find and analyze information;
- Being able to design, collect, and analyze marketing information to be used in managerial decision making;
- Using digital and traditional media to reach customers;
- Having personal communication skills that businesses demand;
- Being capable of writing an actionable marketing plan;
- Understanding and being able to apply the latest marketing concepts, including marketing automation.

Within the 120-semester-hour program, students must complete a minimum of 21 hours in Marketing beyond MAR 3023 Basic Marketing. Students choose to enroll as either:

- a Marketing major or
- a Marketing major with a concentration in Digital Marketing or
- a Marketing major with a concentration in Entrepreneurship or
- a Marketing major with a concentration in Sales or
- a Marketing major with a concentration in Sport and Entertainment Management

LIMITED ACCESS

Students who transfer to the USF Muma College of Business must meet the following admission guidelines below:

- Minimum of 60 semester hours of college credit earned.
- Minimum cumulative grade point average of 2.50 on all college-level work and a minimum of 2.00 on all credit attempted at USF, including any prior to renewal.
- Completion of all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.00 GPA in all seven (7) courses. The courses are:
  a. Financial Accounting: ACG X211/ACG X222 (or ACG X001 & ACG X011)*
  b. Managerial Accounting: ACG X071 (or ACG X301)*
  c. Computers in Business: CGS X100 (or acceptable substitute)
  d. Principles of Macroeconomics: ECO X013
  e. Principles of Microeconomics: ECO X023
  f. Elementary Calculus: MAC X233 or MAC 2230
  g. Statistics: QMB X100 or STA X023 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.
Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

**GRADUATION REQUIREMENTS**

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

**STATE MANDATED COMMON COURSE PREREQUISITES**

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (A.S.) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:

- (ACG X021 & ACG X022) or (ACG X001 & ACG X011) - 6 credit hours
- ACG X071 or ACG X301 - 3 credit hours
- CGS X100 or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or CGS X518 or ISM X000 - 3 credit hours
- ECO X013 Macroeconomics - 3 credit hours
**SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS**

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each supporting course is required.

- SPC 2608 - Public Speaking **Credit(s): 3**
- or
- COM 3110 - Communication For Business and the Professions **Credit(s): 3**
- ENC 3250 - Professional Writing **Credit(s): 3**
- or
- ENC 3310 - Expository Writing **Credit(s): 3**
- Contemporary International Topics Course **(3)**

**REQUIRED COURSES: (42 CREDIT HOURS)**

**BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS**

A minimum grade of C- in each Foundation course with an overall 2.0 GPA is required, except MAR 3023 Basic Marketing, where a grade of C (not C-) is required.

- BUL 3320 - Law And Business I **Credit(s): 3**
- FIN 3403 - Principles of Finance **Credit(s): 3**
- GEB 3033 - Business Workplace Skills and Best Practices **Credit(s): 3**
- ISM 3011 - Information Systems in Organizations **Credit(s): 3**
- QMB 3200 - Business and Economic Statistics II **Credit(s): 3**
- MAN 3025 - Principles of Management **Credit(s): 3**
- MAN 4504 - Operations and Supply Chain Management **Credit(s): 3**
- MAR 3023 - Basic Marketing **Credit(s): 3**
- GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**

**MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS**

- MAR 3613 - Marketing Research **Credit(s): 3**
- MAR 3700 - Digital Marketing **Credit(s): 3**
- MAR 4824 - Marketing Management Problems **Credit(s): 3**

**MAJOR (RESTRICTED) ELECTIVES: (12 CREDIT HOURS)**

Students complete a Marketing program of study or complete one of four (4) concentrations: Digital Marketing; Entrepreneurship; Sales; Sport and Entertainment Management.

**GENERAL MARKETING MAJOR ELECTIVES: 2 REQUIRED AND 2 MAJOR ELECTIVE COURSES; 12 CREDIT HOURS**

**REQUIRED (2 COURSES; 6 CREDIT HOURS)**
- MAR 3400 - Professional Selling **Credit(s): 3**
- MAR 4333 - Marketing Communications Management **Credit(s): 3**

**ELECTIVES (2 COURSES; 6 CREDIT HOURS)**

Select a minimum of two (2) of the following courses.
MUMA COLLEGE OF BUSINESS

MAR 4156 - International Marketing Credit(s): 3
MAR 4231 - Retailing Management Credit(s): 3
MAR 4503 - Buyer Behavior Credit(s): 3
MAR 4712 - Healthcare Marketing Credit(s): 3
MAR 4841 - Services Marketing Credit(s): 3
MAR 4940 - Marketing Internship/Practicum Credit(s): 3
MAR 4XXX Any Upper-Level MAR Course

MARKETING B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS
Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS
Within the 120-semester-hour program, students must complete a minimum of 21 hours of upper-level Marketing coursework with a grade of C- in all courses, except MAR 3023 Basic Marketing, in which a minimum grade of C must be earned.

Marketing courses taken by Marketing majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

D/F POLICY
All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

RESIDENCY REQUIREMENTS
Major residency: Students must complete 15 hours of upper-level Marketing requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

RESEARCH OPPORTUNITIES
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.
INTERNSHIP OPPORTUNITIES

It is strongly recommended that Marketing and Supply Chain students take an internship course (MAR 4940 - Marketing Internship/Practicum or SCM 4941 - Supply Chain Management Internship) as part of their plan of study. For more information go to: https://www.usf.edu/business/student-success/internships/.

MARKETING B.S., WITH DIGITAL MARKETING CONCENTRATION

TOTAL DEGREE HOURS: 120

Marketing is a dynamic field with many dimensions, including product selection and planning, product distribution, pricing, and promotion. Marketing poses many challenges and yields generous rewards for those who meet these challenges. Marketing operations are carried out domestically and internationally in all business organizations that offer a good or service. Many marketing concepts are applicable to the operations of non-profit organizations such as governmental, educational, and healthcare institutions, as well as charitable and political campaigns. Marketing operations provide the most visible links between the firm or institution and its many publics. Marketing deals with people who are constantly changing in their needs, wants, and desires; and coupled with these changing tastes is a fiercely competitive environment sustained by all the resources of a rapidly evolving technology. These forces lead to much of the challenge and dynamic nature of marketing.

The Marketing program prepares students for initial entry and management positions in many areas of marketing with a curriculum that is concerned with:

- Understanding how to attract and retain customers;
- Having the ability to find and analyze information;
- Being able to design, collect, and analyze marketing information to be used in managerial decision making;
- Using digital and traditional media to reach customers;
- Having personal communication skills that businesses demand;
- Being capable of writing an actionable marketing plan;
- Understanding and being able to apply the latest marketing concepts, including marketing automation.

Within the 120-semester-hour program, students must complete a minimum of 21 hours in Marketing beyond MAR 3023 Basic Marketing. Students choose to enroll as either:

- a Marketing major or
- a Marketing major with a concentration in Digital Marketing or
- a Marketing major with a concentration in Entrepreneurship or
- a Marketing major with a concentration in Sales or
- a Marketing major with a concentration in Sport and Entertainment Management

LIMITED ACCESS

Students who transfer to the USF Muma College of Business must meet the following admission guidelines below:

- Minimum of 60 semester hours of college credit earned.
- Minimum cumulative grade point average of 2.50 on all college-level work and a minimum of 2.00 on all credit attempted at USF, including any prior to renewal.
- Completion of all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.00 GPA in all seven (7) courses. The courses are:
  - a. Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)*
  - b. Managerial Accounting: ACG X071 (or ACG X301)*
  - c. Computers in Business: CGS X100 (or acceptable substitute)
  - d. Principles of Macroeconomics: ECO X013
  - e. Principles of Microeconomics: ECO X023
  - f. Elementary Calculus: MAC X233 or MAC 2230
  - g. Statistics: QMB X100 or STA X023 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.
Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

**GRADUATION REQUIREMENTS**

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

**STATE MANDATED COMMON COURSE PREREQUISITES**

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (A.S.) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:

- (ACG X021 & ACG X022) or (ACG X001 & ACG X011) - 6 credit hours
- ACG X071 or ACG X301 - 3 credit hours
- CGS X100 or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or CGS X518 or ISM X000 - 3 credit hours
- ECO X013 Macroeconomics - 3 credit hours
ECO X023 Microeconomics - 3 credit hours
STA X023 or STA X122 or QMB X100 - 3 credit hours
MAC X233 Business Calculus - 3 credit hours

SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each supporting course is required.

- SPC 2608 - Public Speaking Credit(s): 3
  or
- COM 3110 - Communication For Business and the Professions Credit(s): 3
- ENC 3250 - Professional Writing Credit(s): 3
  or
- ENC 3310 - Expository Writing Credit(s): 3

Contemporary International Topics Course (3)

REQUIRED COURSES: (42 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation course with an overall 2.0 GPA is required, except MAR 3023 Basic Marketing, where a grade of C (not C-) is required.

- BUL 3320 - Law And Business I Credit(s): 3
- FIN 3403 - Principles of Finance Credit(s): 3

The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

RESIDENCY REQUIREMENTS

**Major residency:** Students must complete 15 hours of upper-level Marketing requirements in residency at USF.

**College residency:** Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

It is strongly recommended that Marketing and Supply Chain students take an internship course (MAR 4940 - Marketing Internship/Practicum or SCM 4941 - Supply Chain Management Internship) as part of their plan of study. For more information go to: https://www.usf.edu/business/student-success/internships/.

Total Credit Hours: 12
MARKETING B.S., WITH ENTREPRENEURSHIP CONCENTRATION

TOTAL DEGREE HOURS: 120

Marketing is a dynamic field with many dimensions, including product selection and planning, product distribution, pricing, and promotion. Marketing poses many challenges and yields generous rewards for those who meet these challenges. Marketing operations are carried out domestically and internationally in all business organizations that offer a good or service. Many marketing concepts are applicable to the operations of non-profit organizations such as governmental, educational, and healthcare institutions, as well as charitable and political campaigns. Marketing operations provide the most visible links between the firm or institution and its many publics. Marketing deals with people who are constantly changing in their needs, wants, and desires; and coupled with these changing tastes is a fiercely competitive environment sustained by all the resources of a rapidly evolving technology. These forces lead to much of the challenge and dynamic nature of marketing.

The Marketing program prepares students for initial entry and management positions in many areas of marketing with a curriculum that is concerned with:

- Understanding how to attract and retain customers;
- Having the ability to find and analyze information;
- Being able to design, collect, and analyze marketing information to be used in managerial decision making;
- Using digital and traditional media to reach customers;
- Having personal communication skills that businesses demand;
- Being capable of writing an actionable marketing plan;
- Understanding and being able to apply the latest marketing concepts, including marketing automation.

Within the 120-semester-hour program, students must complete a minimum of 21 hours in Marketing beyond MAR 3023 Basic Marketing. Students choose to enroll as either:

a. Marketing major or
b. Marketing major with a concentration in Digital Marketing or
c. Marketing major with a concentration in Entrepreneurship or
d. Marketing major with a concentration in Sales or
e. Marketing major with a concentration in Sport and Entertainment Management

LIMITED ACCESS

Students who transfer to the USF Muma College of Business must meet the following admission guidelines below:

Minimum of 60 semester hours of college credit earned.
Minimum cumulative grade point average of 2.50 on all college-level work and a minimum of 2.00 on all credit attempted at USF, including any prior to renewal.
Completion of all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.00 GPA in all seven (7) courses. The courses are:

- a. Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)*
- b. Managerial Accounting: ACG X071 (or ACG X301)*
- c. Computers in Business: CGS X100 (or acceptable substitute)
- d. Principles of Macroeconomics: ECO X013
- e. Principles of Microeconomics: ECO X023
- f. Elementary Calculus: MAC X233 or MAC 2230
- g. Statistics: QMB X100 or STA X023 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.
Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

**Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx  
**Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx  
**International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

### GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

### STATE MANDATED COMMON COURSE PREREQUISITES

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (A.S.) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:

- (ACG X021 & ACG X022) or (ACG X001 & ACG X011) - 6 credit hours  
- ACG X071 or ACG X301 - 3 credit hours  
- CGS X100 or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or CGS X518 or ISM X000 - 3 credit hours  
- ECO X013 Macroeconomics - 3 credit hours
ECO X023 Microeconomics - 3 credit hours  
STA X023 or STA X122 or QMB X100 - 3 credit hours  
MAC X233 Business Calculus - 3 credit hours

**SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS**

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each supporting course is required.

- SPC 2608 - Public Speaking **Credit(s): 3**
- or
- COM 3110 - Communication For Business and the Professions **Credit(s): 3**
- ENC 3250 - Professional Writing **Credit(s): 3**
- or
- ENC 3310 - Expository Writing **Credit(s): 3**
- Contemporary International Topics Course (3)

**REQUIRED COURSES: (42 CREDIT HOURS)**

**BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS**

A minimum grade of C- in each Foundation course with an overall 2.0 GPA is required, except MAR 3023 Basic Marketing, where a grade of C (not C-) is required.

- BUL 3320 - Law And Business I **Credit(s): 3**
- FIN 3403 - Principles of Finance **Credit(s): 3**
- GEB 3033 - Business Workplace Skills and Best Practices **Credit(s): 3**
- ISM 3011 - Information Systems in Organizations **Credit(s): 3**
- QMB 3200 - Business and Economic Statistics II **Credit(s): 3**
- MAN 3025 - Principles of Management **Credit(s): 3**
- MAN 4504 - Operations and Supply Chain Management **Credit(s): 3**
- MAR 3023 - Basic Marketing **Credit(s): 3**
- GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**

**MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS**

- MAR 3613 - Marketing Research **Credit(s): 3**
- MAR 3700 - Digital Marketing **Credit(s): 3**
- MAR 4824 - Marketing Management Problems **Credit(s): 3**

**MAJOR (RESTRICTED) ELECTIVES: (12 CREDIT HOURS)**

Students complete a Marketing program of study or complete one of four (4) concentrations: Digital Marketing; Entrepreneurship; Sales; Sport and Entertainment Management.

**ENTREPRENEURSHIP CONCENTRATION: 3 REQUIRED COURSES AND 1 RESTRICTED ELECTIVE; 12 CREDIT HOURS**

**CONCENTRATION CORE (3 COURSES; 9 CREDIT HOURS)**

- ENT 3613 - Creativity and Innovation in Entrepreneurial Firms **Credit(s): 3**
- ENT 4014 - New Venture Formation **Credit(s): 3**
- MAR 3400 - Professional Selling **Credit(s): 3**

**ELECTIVE: (1 COURSE; 3 CREDIT HOURS)**
Select a minimum of one of the following courses:

- ENT 4024 - Small Business Management - Entrepreneurship Credit(s): 3
- MAR 4503 - Buyer Behavior Credit(s): 3
- MAR 4940 - Marketing Internship/Practicum Credit(s): 3

MARKETING B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

Within the 120-semester-hour program, students must complete a minimum of 21 hours of upper-level Marketing coursework with a grade of C- in all courses, except MAR 3023 Basic Marketing, in which a minimum grade of C must be earned.

Marketing courses taken by Marketing majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

D/F POLICY

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

RESIDENCY REQUIREMENTS

**Major residency:** Students must complete 15 hours of upper-level Marketing requirements in residency at USF.

**College residency:** Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNERSHIP OPPORTUNITIES

It is strongly recommended that Marketing and Supply Chain students take an internship course (MAR 4940 - Marketing Internship/Practicum or SCM 4941 - Supply Chain Management Internship) as part of their plan of study. For more information go to: https://www.usf.edu/business/student-success/internships/.

MARKETING B.S., WITH SALES CONCENTRATION

TOTAL DEGREE HOURS: 120

Marketing is a dynamic field with many dimensions, including product selection and planning, product distribution, pricing, and promotion. Marketing poses many challenges and yields generous rewards for those who meet these challenges. Marketing operations are carried out domestically and internationally in all business organizations that offer a good or service. Many marketing concepts are applicable to the operations of non-profit organizations such as governmental, educational, and healthcare institutions, as well as charitable and political campaigns. Marketing operations provide the most visible links between the firm or institution and its many publics. Marketing deals with people who are constantly changing in their needs, wants, and desires; and coupled with these changing tastes is a fiercely competitive environment sustained by all the resources of a rapidly evolving technology. These forces lead to much of the challenge and dynamic nature of marketing.

The Marketing program prepares students for initial entry and management positions in many areas of marketing with a curriculum that is concerned with:

- Understanding how to attract and retain customers;
- Having the ability to find and analyze information;
- Being able to design, collect, and analyze marketing information to be used in managerial decision making;
- Using digital and traditional media to reach customers;
- Having personal communication skills that businesses demand;
- Being capable of writing an actionable marketing plan;
- Understanding and being able to apply the latest marketing concepts, including marketing automation.

Within the 120-semester-hour program, students must complete a minimum of 21 hours in Marketing beyond MAR 3023 Basic Marketing. Students choose to enroll as either:

a. Marketing major or
b. Marketing major with a concentration in Digital Marketing or
c. Marketing major with a concentration in Entrepreneurship or
d. Marketing major with a concentration in Sales or
e. Marketing major with a concentration in Sport and Entertainment Management

LIMITED ACCESS

Students who transfer to the USF Muma College of Business must meet the following admission guidelines below:

- Minimum of 60 semester hours of college credit earned.
- Minimum cumulative grade point average of 2.50 on all college-level work and a minimum of 2.00 on all credit attempted at USF, including any prior to renewal.
- Completion of all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.00 GPA in all seven (7) courses. The courses are:
  a. Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)*
  b. Managerial Accounting: ACG X071 (or ACG X301)*
  c. Computers in Business: CGS X100 (or acceptable substitute)
  d. Principles of Macroeconomics: ECO X013
  e. Principles of Microeconomics: ECO X023
  f. Elementary Calculus: MAC X233 or MAC 2230
  g. Statistics: QMB X100 or STA X023 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.
Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

**GRADUATION REQUIREMENTS**

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA  
  average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit  
  hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

**STATE MANDATED COMMON COURSE PREREQUISITES**

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward  
USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately  
credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally  
complete the general education requirements and the State Mandated Common Prerequisites at a Florida College  
System institution. As a rule, AA students should avoid taking any business courses at the state or community college  
that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and  
accounting, as well as other business administration courses, taken at the lower division level that are offered as  
upper division courses at USF will not be accepted for upper division credit in business administration. In general,  
business courses taken at the lower level, at technical schools, or as part of professional or military training, are not  
applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon  
proper validation of such courses. Validation consists of successfully completing specified advanced courses in the  
discipline.

Florida College System students pursuing an Associate of Science (A.S.) program in Business Administration are  
fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to  
the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma  
College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should  
contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course  
transferability and degree articulation.

Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in  
each course and an overall 2.0 GPA:

- (ACG X021 & ACG X022) or (ACG X001 & ACG X011) - 6 credit hours  
- ACG X071 or ACG X301 - 3 credit hours  
- CGS X100 or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or CGS X518 or ISM X000 -  
  3 credit hours  
- ECO X013 Macroeconomics - 3 credit hours
ECO X023 Microeconomics - 3 credit hours
STA X023 or STA X122 or QMB X100 - 3 credit hours
MAC X233 Business Calculus - 3 credit hours

SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each supporting course is required.

- SPC 2608 - Public Speaking Credit(s): 3
  or
- COM 3110 - Communication For Business and the Professions Credit(s): 3
- ENC 3250 - Professional Writing Credit(s): 3
  or
- ENC 3310 - Expository Writing Credit(s): 3
- Contemporary International Topics Course (3)

REQUIRED COURSES: (42 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation course with an overall 2.0 GPA is required, except MAR 3023 Basic Marketing, where a grade of C (not C-) is required.

- BUL 3320 - Law And Business I Credit(s): 3
- FIN 3403 - Principles of Finance Credit(s): 3
- GEB 3033 - Business Workplace Skills and Best Practices Credit(s): 3
- ISM 3011 - Information Systems in Organizations Credit(s): 3
- QMB 3200 - Business and Economic Statistics II Credit(s): 3
- MAN 3025 - Principles of Management Credit(s): 3
- MAN 4504 - Operations and Supply Chain Management Credit(s): 3
- MAR 3023 - Basic Marketing Credit(s): 3
- GEB 4890 - Strategic Management and Decision Making Credit(s): 3

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- MAR 3613 - Marketing Research Credit(s): 3
- MAR 3700 - Digital Marketing Credit(s): 3
- MAR 4824 - Marketing Management Problems Credit(s): 3

MAJOR (RESTRICTED) ELECTIVES: (12 CREDIT HOURS)

Students complete a Marketing program of study or complete one of four (4) concentrations: Digital Marketing; Entrepreneurship; Sales; Sport and Entertainment Management.

SALES CONCENTRATION: 4 REQUIRED COURSES; 12 CREDIT HOURS

- MAR 3400 - Professional Selling Credit(s): 3
- MAR 4403 - Sales Management Credit(s): 3
- MAR 4415 - Advanced Professional Selling Credit(s): 3
- MAR 4940 - Marketing Internship/Practicum Credit(s): 3

MARKETING B.S. - ADDITIONAL INFORMATION
GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

Within the 120-semester-hour program, students must complete a minimum of 21 hours of upper-level Marketing coursework with a grade of C- in all courses, except MAR 3023 Basic Marketing, in which a minimum grade of C must be earned.

Marketing courses taken by Marketing majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

D/F POLICY

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

RESIDENCY REQUIREMENTS

Major residency: Students must complete 15 hours of upper-level Marketing requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

It is strongly recommended that Marketing and Supply Chain students take an internship course (MAR 4940 - Marketing Internship/Practicum or SCM 4941 - Supply Chain Management Internship) as part of their plan of study. For more information go to: https://www.usf.edu/business/student-success/internships/.

Monday - Thursday 8:00am - 6:00pm
Friday 8:00a.m. - 4:00p.m. (Friday is reserved for walk-in's only)
Please refer to website for most current office hours and advising availability information: https://www.usf.edu/business/undergraduate/advising/

For questions email bsnadvising@usf.edu
Be sure to include your name, U#, and contact information with your question.
### 4 YEAR PLAN OF STUDY - MARKETING B.S.

#### NOTES:

- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
- Items that are critical are marked with a ✴️ and are included in the plan for a student to stay on track.

**Potential Entry Level Job Titles:**

- Sales Agent
- Retail Store Manager
- Marketing Coordinator
- Account Executive
- Social Media Marketing Coordinator
- Marketing Analyst

**Potential Entry Level Salary Range:**

$30,000 - $50,000

### YEAR 1

#### SEMESTER 1 (FALL)

- ✴️ ENC 1101 - Composition I Credit(s): 3
- ✴️ MAC 2233 - Business Calculus Credit(s): 3
- ✴️ CGS 2100 - Computers in Business Credit(s): 3
- SPC 2608 - Public Speaking Credit(s): 3
  - or COM 3110 - Communication For Business and the Professions Credit(s): 3
- Non-Business Elective Credit(s): 3
- Civics Literacy Exam

**Total Credit Hours: 15**
SEMESTER 2 (SPRING)

- ENC 1102 - Composition II Credit(s): 3
- ECO 2013 - Economic Principles (Macroeconomics) Credit(s): 3
- SGEH - General Education Core Humanities Credit(s): 3
- SGHE - General Education Core Natural Sciences Credit(s): 3
- Non-Business Elective Credit(s): 3

Total Credit Hours: 15

SEMESTER 3 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 2

SEMESTER 4 (FALL)

- ACG 2021 - Principles of Financial Accounting Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
- Non-Business Elective Credit(s): 3
- Non-Business Elective Credit(s): 3
- General/Unrestricted Elective Credit(s): 3

Total Credit Hours: 15

SEMESTER 5 (SPRING)

- QMB 2100 - Business and Economic Statistics I Credit(s): 3
- ACG 2071 - Principles of Managerial Accounting Credit(s): 3
- GEB 3033 - Business Workplace Skills and Best Practices Credit(s): 3
- Non-Business Elective Credit(s): 3
- MAR 3023 - Basic Marketing Credit(s): 3

Total Credit Hours: 15

SEMESTER 6 (SUMMER)

- QMB 3200 - Business and Economic Statistics II Credit(s): 3
- MAR 3700 - Digital Marketing Credit(s): 3

Total Credit Hours: 6
YEAR 3

SEMESTER 7 (FALL)

- MAR 3613 - Marketing Research Credit(s): 3
- ENC 3250 - Professional Writing Credit(s): 3
  or ENC 3310 - Expository Writing Credit(s): 3
- ISM 3011 - Information Systems in Organizations Credit(s): 3
- Major Elective/Concentration Credit(s): 3
- Non-Business Elective Credit(s): 3

Total Credit Hours: 15

SEMESTER 8 (SPRING)

- FIN 3403 - Principles of Finance Credit(s): 3
- Major Elective/Concentration Credit(s): 3
- Non-Business Elective Credit(s): 3

Total Credit Hours: 12

SEMESTER 9 (SUMMER)

- MAN 4504 - Operations and Supply Chain Management Credit(s): 3

Total Credit Hours: 3

YEAR 4

SEMESTER 10 (FALL)

- BUL 3320 - Law And Business I Credit(s): 3
- TGEH - High Impact Practice Credit(s): 3 - Recommend MAR 4940
- Major Elective/Concentration Credit(s): 3
- Non-Business Elective Credit(s): 3
- Apply for Graduation

MARKETING B.S., WITH SPORT AND ENTERTAINMENT MANAGEMENT CONCENTRATION

TOTAL DEGREE HOURS: 120

Marketing is a dynamic field with many dimensions, including product selection and planning, product distribution, pricing, and promotion. Marketing poses many challenges and yields generous rewards for those who meet these challenges. Marketing operations are carried out domestically and internationally in all business organizations that offer a good or service. Many marketing concepts are applicable to the operations of non-profit organizations such as governmental, educational, and healthcare institutions, as well as charitable and political campaigns. Marketing operations provide the most visible links between the firm or institution and its many publics. Marketing deals with people who are constantly changing in their needs, wants, and desires; and coupled with these changing tastes is a fiercely competitive environment sustained by all the resources of a rapidly evolving technology. These forces lead to much of the challenge and dynamic nature of marketing.

The Marketing program prepares students for initial entry and management positions in many areas of marketing with a curriculum that is concerned with:

- Understanding how to attract and retain customers;
- Having the ability to find and analyze information;
- Being able to design, collect, and analyze marketing information to be used in managerial decision making;
- Using digital and traditional media to reach customers;
- Having personal communication skills that businesses demand;
- Being capable of writing an actionable marketing plan;
- Understanding and being able to apply the latest marketing concepts, including marketing automation.

Within the 120-semester-hour program, students must complete a minimum of 21 hours in Marketing beyond MAR 3023 Basic Marketing. Students choose to enroll as either:

- a Marketing major or
- a Marketing major with a concentration in Digital Marketing or
- a Marketing major with a concentration in Entrepreneurship or
- a Marketing major with a concentration in Sales or
- a Marketing major with a concentration in Sport and Entertainment Management

LIMITED ACCESS

Students who transfer to the USF Muma College of Business must meet the following admission guidelines below:

- Minimum of 60 semester hours of college credit earned.
- Minimum cumulative grade point average of 2.50 on all college-level work and a minimum of 2.00 on all credit attempted at USF, including any prior to renewal.
- Completion of all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.00 GPA in all seven (7) courses. The courses are:
  - a. Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)*
  - b. Managerial Accounting: ACG X071 (or ACG X301)*
  - c. Computers in Business: CGS X100 (or acceptable substitute)
  - d. Principles of Macroeconomics: ECO X013
  - e. Principles of Microeconomics: ECO X023
  - f. Elementary Calculus: MAC X233 or MAC 2230
  - g. Statistics: QMB X100 or STA X023 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.
UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (A.S.) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:

- (ACG X021 & ACG X022) or (ACG X001 & ACG X011) - 6 credit hours
- ACG X071 or ACG X301 - 3 credit hours
- CGS X100 or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or CGS X518 or ISM X000 - 3 credit hours
- ECO X013 Macroeconomics - 3 credit hours
### Supporting Required Courses: 3 Courses; 9 Credit Hours

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each supporting course is required.

- **SPC 2608 - Public Speaking** Credit(s): 3
  - or
- **COM 3110 - Communication For Business and the Professions** Credit(s): 3
- **ENC 3250 - Professional Writing** Credit(s): 3
  - or
- **ENC 3310 - Expository Writing** Credit(s): 3
  - Contemporary International Topics Course (3)

### Required Courses: (42 Credit Hours)

**Business Foundation Courses (Required of All Business Majors): 9 Courses; 27 Credit Hours**

A minimum grade of C- in each Foundation course with an overall 2.0 GPA is required, except MAR 3023 Basic Marketing, where a grade of C (not C-) is required.

- **BUL 3320 - Law And Business I** Credit(s): 3
- **FIN 3403 - Principles of Finance** Credit(s): 3
- **GEB 3033 - Business Workplace Skills and Best Practices** Credit(s): 3
- **ISM 3011 - Information Systems in Organizations** Credit(s): 3
- **QMB 3200 - Business and Economic Statistics II** Credit(s): 3
- **MAN 3025 - Principles of Management** Credit(s): 3
- **MAN 4504 - Operations and Supply Chain Management** Credit(s): 3
- **MAR 3023 - Basic Marketing** Credit(s): 3
- **GEB 4890 - Strategic Management and Decision Making** Credit(s): 3

**Major Core Courses: 3 Courses; 9 Credit Hours**

- **MAR 3613 - Marketing Research** Credit(s): 3
- **MAR 3700 - Digital Marketing** Credit(s): 3
- **MAR 4824 - Marketing Management Problems** Credit(s): 3

**Major (Restricted) Electives: (12 Credit Hours)**

Students complete a Marketing program of study or complete one of four (4) concentrations: Digital Marketing; Entrepreneurship; Sales; Sport and Entertainment Management.

### Sport and Entertainment Management Concentration: 3 Required Courses and 1 Restricted Elective; 12 Credit Hours

**Concentration Core (3 Courses; 9 Credit Hours)**

- **SPB 4712 - Sport Marketing** Credit(s): 3
- **SPB 4717 - Social Media in Sport Marketing** Credit(s): 3
- **MAR 4503 - Buyer Behavior** Credit(s): 3

**Elective: (1 Course; 3 Credit Hours)**
Select a minimum of one of the following courses:

- MAR 4940 - Marketing Internship/Practicum **Credit(s): 3**
- MAR 3400 - Professional Selling **Credit(s): 3**

**MARKETING B.S. - ADDITIONAL INFORMATION**

**GPA REQUIREMENTS**

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

**GRADING REQUIREMENTS**

Within the 120-semester-hour program, students must complete a minimum of 21 hours of upper-level Marketing coursework with a grade of C- in all courses, except MAR 3023 Basic Marketing, in which a minimum grade of C must be earned.

Marketing courses taken by Marketing majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

**D/F POLICY**

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

**RESIDENCY REQUIREMENTS**

**Major residency:** Students must complete 15 hours of upper-level Marketing requirements in residency at USF.

**College residency:** Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

**RESEARCH OPPORTUNITIES**

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

**INTERNSHIP OPPORTUNITIES**

It is strongly recommended that Marketing and Supply Chain students take an internship course (MAR 4940 - Marketing Internship/Practicum or SCM 4941 - Supply Chain Management Internship) as part of their plan of study. For more information go to: https://www.usf.edu/business/student-success/internships/.

Total Credit Hours: 12
SUPPLY CHAIN MANAGEMENT B.S.

TOTAL DEGREE HOURS: 120

The B.S. in Supply Chain Management equips students with the knowledge and skills needed to pursue careers in the supply chain industry. Supply chain management is a business function that ensures the efficient and effective management of the flow of goods, services and finances among firms around the world to transform raw materials into finished products along with management reverse flows (e.g., defective or damaged products, product returns, end-of-life disposal) in a sustainable manner. Graduates from this program enter the workforce in supply chain positions across multiple types of companies including manufacturing, distribution, transportation, and retailing. Students gain field-based experience through a required internship and a project in the capstone course.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admission/freshmen/admission-information/requirements-deadlines.aspx

Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx

International: https://www.usf.edu/admissions/international/admission-information/index.aspx

STATE MANDATED COMMON COURSE PREREQUISITES

Florida public state and community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state and community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in Finance, Marketing, Management, and Accounting, as well as other Business Administration courses, taken at the lower division level that are offered as upper division courses at USF, will not be accepted for upper division credit in the Muma College of Business.

In general, Business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs in the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Completion of the following Common Prerequisites with a grade of B- or higher in each course and an overall 3.0 GPA in the prerequisite courses:

- ECO X013 Macroeconomics - 3 credit hours
- ECO X023 Microeconomics - 3 credit hours
- MAC X233 or MAC X311 or MAC X281 - 3-4 credit hours
- QMB X100 or STA X023 or STA X024 or STA X122 or STA X032 or STA X037 or ESI X213 - 3 credit hours
- ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 and ACG X011) - 3-6 credit hours
- ACG X071 or ACG X301 or ACG X072 - 3 credit hours
- CGS X100* or CGS X570 or CGS X531 or CGS X092 or BUL X241 or PHI X600 or BUL X131 or MAN X440 or GEB X350 - 2-3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

* Recommended by USF's Muma College of Business.
TOTAL MAJOR HOURS: 21

MAJOR CORE (21 CREDIT HOURS)

- SCM 3005 - Supply Chain Management Credit(s): 3
- SCM 3144 - Global Sourcing Credit(s): 3
- SCM 4120 - Global Commerce Credit(s): 3
- SCM 4210 - Logistics and Physical Distribution Management Credit(s): 3
- SCM 4420 - Supply Chain Analytics Credit(s): 3
- SCM 4941 - Supply Chain Management Internship Credit(s): 3
- SCM 4950 - Supply Chain Management Capstone Project Credit(s): 3

UPPER-LEVEL COURSES (21 CREDIT HOURS)

Students must complete a minimum of 21 hours of upper-level Supply Chain Management coursework beyond MAN 4504 - Operations and Supply Chain Management with a grade of C- in all courses.

GPA REQUIREMENT

Students must earn a 2.0 GPA on all major coursework and have an overall 2.0 major GPA including any applicable transfer work.

RESIDENCY REQUIREMENT

Major residency: Students must complete 15 hours of upper-level Supply Chain Management requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses. Normally, independent study and independent research courses do not fulfill this requirement.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ENTREPRENEURSHIP AND INNOVATION MINOR FOR BUSINESS AND INDUSTRIAL ENGINEERING MAJORS

This is an interdisciplinary entrepreneurship minor available to USF Business and Industrial Engineering majors (other majors should take the Entrepreneurship and Innovation Minor for Non-Business and Non-Industrial Engineering Majors). This minor focuses on successful opportunity recognition; encourages application of creativity and innovation; and, develops leadership skills for new venture creation and organizational growth. This minor teaches valuable, real-world skills that will complement the major -- whether students would like to increase their entrepreneurial business skills, pursue their own business ideas, or learn ways to bring innovation and entrepreneurial leadership into existing positions and businesses.

MINOR REQUIREMENTS

For Business and Industrial Engineering majors only. The minor requires a total of 12 credit hours.

TOTAL MINOR CREDIT HOURS: 12

MINOR CORE CREDIT HOURS: 6

ENT 3613 - Creativity and Innovation in Entrepreneurial Firms Credit(s): 3

or

EIN 4200 - Creativity in Technology Credit(s): 3 (Engineering students only)

ENT 4014 - New Venture Formation Credit(s): 3

MINOR ELECTIVE CREDIT HOURS: 6

Choose 6 credit hours:

Any upper level Entrepreneurship courses with an ENT prefix (excluding ENT 3003 and ENT 3004)

MAR 4933 - Selected Topics in Marketing: Int'l ENT 1 & 2 Study Abroad (6 hours total)

MAR 4933 - Selected Topics in Marketing: New Product Development Projects (3)

EIN 4933 - Special Topics in Industrial Engineering: Product Development (3) (Engineering students only)

GPA REQUIREMENT

A GPA of 2.0 or better must be achieved in the course work at USF and in all minor courses completed at other institutions.

GRADING REQUIREMENT

No minor course with a grade of "C" or less.

RESIDENCY REQUIREMENTS

Students must take nine (9) of the 12 hours required in residency at USF.

INTERNATIONAL BUSINESS MINOR

The minor in International Business provides business students the opportunity to study international topics related to Finance, Global Information Systems, Management, Marketing, and Global Perspectives. This minor prepares students to work in an internationally diverse workforce or employment abroad.

MINOR REQUIREMENTS

The minor in International Business is available to all students in the Muma College of Business.

TOTAL MINOR CREDIT HOURS: 12

MINOR CORE (12 CREDIT HOURS)

REQUIRED COURSES (6 CREDIT HOURS)
- GEB 3373 - International Business Credit(s): 3
- MAN 4631 - Global Perspectives and Management Choices Credit(s): 3

PLUS ANY 2 OF THE FOLLOWING (6 TOTAL CREDIT HOURS)
- FIN 3604 - International Finance Credit(s): 3
- ISM 4382 - Global Information Systems Credit(s): 3
- MAN 4600 - International Management Credit(s): 3
- MAR 4156 - International Marketing Credit(s): 3

GPA REQUIREMENTS

A grade point average of 2.00 or better must be achieved in the minor coursework and in all minor courses completed at other institutions.

GRADING REQUIREMENTS

Students are required to earn a "C" or higher in International Business courses that are counted toward the minor requirements.

RESIDENCY REQUIREMENT

Students must take nine (9) of the 12 hours required in residency at USF.

OTHER RECOMMENDATIONS

Competency to effectively communicate in a foreign language is strongly advised.

MARKETING (FOR BUSINESS MAJORS ONLY) MINOR

The Marketing Minor is an excellent complement to all other business majors. All business majors will be challenged to develop and grow client bases, communicate and promote products and services to relevant target audiences, build distribution efficiencies, invest in cutting edge product development, and understand critical marketing research. A minor in Marketing can help any business major develop and implement these critical competitive advantages and set themselves apart from their peers.

MINOR REQUIREMENTS

The Marketing minor is available to all Undergraduate Muma College of Business students, except those majoring in Marketing.

TOTAL MINOR CREDIT HOURS: 12

MINOR CORE CREDIT HOURS: 12

12 hours of upper-level marketing courses excluding MAR 4824 and MAR 3023

GPA REQUIREMENT

A grade point average of 2.0 or better in the minor.

GRADING REQUIREMENT

A grade of C- or better in all courses for the minor.

RESIDENCY REQUIREMENT

Students must take nine (9) of the 12 required minor hours at USF.

SCHOOL OF RISK MANAGEMENT AND INSURANCE
The Risk Management and Insurance major prepares individuals to plan, manage, and analyze the financial and monetary aspects of the insurance industry. It provides a broad based, analytical program for students anticipating a career in either the property casualty insurance or life/health insurance fields. The curriculum in risk management and insurance provides students with the knowledge necessary to analyze the impact of risk and uncertainty upon people, businesses and society. Graduates in risk management and insurance find a variety of career opportunities open to them as risk analysts within the business community and government; as brokers/agents providing professional risk management counseling and market placement services for clients; as consultants and personal financial planners; and in the underwriting, marketing, claims adjusting, planning, governmental relations, and financial management activities of insurers.

The major is designed to ensure that graduates are familiar with the tools of risk management and insurance decision making and that they possess the skills to stay abreast of the developments in the field. It includes preparation in principles of accounting, financial instruments, capital planning, asset and debt management, budgeting, financial analysis, and investment portfolio management. Risk Management and Insurance graduates will understand the functions and operations of insurance providers. Course content is designed to provide majors with an appreciation of cooperative work skills and to enhance their verbal and written communication skills.

UNIVERSITY ADMISSIONS

Admission to the program is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION STANDARDS FOR THE PROGRAM

To matriculate to the upper-division courses required for the B.S/RMI, students must earn a minimum grade of C- in the following courses and an overall 2.0 GPA in all seven (7) courses:

- Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)
- Managerial Accounting: ACG X071 (or ACG X301)
- Computers in Business: CGS X100 (or acceptable substitute)
- Principles of Macroeconomics: ECO X013
- Principles of Microeconomics: ECO X023
- Elementary Calculus: MAC X233 or MAC X230
- Statistics: QMB X100 or STA X023 or STA X122

STATE MANDATED COMMON COURSE PREREQUISITES

ACG X021 or ACG X022 or (ACG X001 & ACG X011) Principles of Financial Accounting - 3 credit hours
ACG X071 or ACG X301 - 3 credit hours
CGS X100 or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 - 3 credit hours
ECO X013 - 3 credit hours
ECO X023 - 3 credit hours
MAC X233 Elementary Calculus or MAC X230 - 3-4 credit hours
STA X023 or QMB X100 or STA X122 - 3-4 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

REQUIRED COURSES: (57 CREDIT HOURS)

SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS
MUMA COLLEGE OF BUSINESS

SPC 2608 - Public Speaking Credit(s): 3
or
COM 3110 - Communication For Business and the Professions Credit(s): 3
ENC 3250 - Professional Writing Credit(s): 3
or
ENC 3310 - Expository Writing Credit(s): 3
Contemporary International Topics Course (3)

BUSINESS FOUNDATION COURSES: 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation course with an overall 2.0 GPA is required.

Required of ALL Business majors.

BUL 3320 - Law And Business I Credit(s): 3
FIN 3403 - Principles of Finance Credit(s): 3 *
GEB 3033 - Business Workplace Skills and Best Practices Credit(s): 3
ISM 3011 - Information Systems in Organizations Credit(s): 3
QMB 3200 - Business and Economic Statistics II Credit(s): 3
MAN 4504 - Operations and Supply Chain Management Credit(s): 3
MAN 3025 - Principles of Management Credit(s): 3
MAR 3023 - Basic Marketing Credit(s): 3
GEB 4890 - Strategic Management and Decision Making Credit(s): 3

*RMI majors must earn a C not C- in FIN 3403.

MAJOR REQUIRED COURSES: 5 COURSES; 15 CREDITS

Core Required Courses: 4

RMI 3011 - Principles of Insurance Credit(s): 3
RMI 4115 - Life & Health Insurance Products Credit(s): 3
RMI 4292 - Property and Casualty Insurance Operations Credit(s): 3
RMI 4354 - Enterprise Risk Management Credit(s): 3

ADDITIONAL REQUIRED CORE COURSE: 1

Please select one of the following:

FIN 4303 - Financial Institutions and Markets Credit(s): 3
MAR 4841 - Services Marketing Credit(s): 3
RMI 3305 - Natural Disasters and Community Recovery Credit(s): 3

MAJOR REQUIRED ELECTIVES: 6 CREDITS

Electives may be selected from among those 3000 or 4000 level classes that have RMI or FIN as prefixes, as well as MAN 3240, MAN 4802, MAR 4841, and MAR 3400.

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

GRADING REQUIREMENTS

Within the 120 credit hour program, students must complete a minimum of 21 hours of upper-level Risk Management and Insurance coursework with a grade of C not C- in all courses, including FIN 3403.
D/F POLICY

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

OTHER REQUIREMENTS

MAJOR RESIDENCY

Students must complete 15 hours of upper-level Risk Management and Insurance requirements in residency at USF.

COLLEGE RESIDENCY

Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

MUMA COLLEGE OF BUSINESS

MUMA COLLEGE OF BUSINESS UNDERGRADUATE DEAN'S OFFICE
GENERAL BUSINESS STUDIES B.S.

TOTAL DEGREE HOURS: 120

The General Business Studies major provides students with substantial preparation in core areas of business and prepares them for positions in a business world that is increasingly interdisciplinary and values cross-functional abilities.

LIMITED ACCESS

Students who transfer to the USF Muma College of Business must meet the following admission guidelines below:

- Minimum of 60 semester hours of college credit earned.
- Minimum cumulative grade point average of 2.5 (applies only to limited access programs) on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal.
- Completion all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.0 GPA in all seven (7) courses. The courses are:
  - Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)*
  - Managerial Accounting: ACG X071 (or ACG X301)*
  - Computers in Business: CGS X100 (or acceptable substitute)
  - Principles of Macroeconomics: ECO X013
  - Principles of Microeconomics: ECO X023
  - Elementary Calculus: MAC X233 or MAC 2230
  - Statistics: QMB X100 or STA X023 or STA X122

*Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.
Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in Finance, Marketing, Management, and Accounting, as well as other Business Administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:

- ACG X021 or ACG X022 or (ACG X001 & ACG X011) - 3 credit hours
- ACG X071 or ACG X301 - 3 credit hours
- CGS X100 or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 - 3 credit hours
- ECO X013 Macroeconomics - 3 credit hours
- ECO X023 Microeconomics - 3 credit hours
- STA X023 or STA X122 or QMB X100 - 3 credit hours
- MAC X233 Business Calculus - 3 credit hours

Accounting majors must earn a C not C- in ACG 2021 and ACG 2071.

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each Supporting course is required.

- SPC 2608 - Public Speaking Credit(s): 3
- or
- COM 3110 - Communication For Business and the Professions Credit(s): 3
- ENC 3250 - Professional Writing Credit(s): 3
- or
- ENC 3310 - Expository Writing Credit(s): 3
- Contemporary International Topics Course (3)

REQUIRED COURSES: (36 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation course with an overall 2.0 GPA is required.

- BUL 3320 - Law And Business I Credit(s): 3
**FIN 3403 - Principles of Finance Credit(s): 3**
**GEB 3033 - Business Workplace Skills and Best Practices Credit(s): 3**
**ISM 3011 - Information Systems in Organizations Credit(s): 3**
**QMB 3200 - Business and Economic Statistics II Credit(s): 3**
**MAN 3025 - Principles of Management Credit(s): 3**
**MAR 4504 - Operations and Supply Chain Management Credit(s): 3**
**MAN 4504 - Basic Marketing Credit(s): 3**
**GEB 4890 - Strategic Management and Decision Making Credit(s): 3**

**MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS**

Students must complete three (3) upper-level courses from at least one of the following Business areas: Accounting, Business Analytics and Information Systems, Entrepreneurship, Finance, Management, or Marketing.

- Accounting Area: Nine (9) credit hours of earned ACG 3000-4999 coursework.
- Business Analytics and Information Systems Area: Nine (9) credit hours of earned ISM 3000-4999 coursework.
- Entrepreneurship Area: Nine (9) credit hours of earned ENT 3000-4999 coursework.
- Finance Area: Nine (9) credit hours of earned FIN 3000-4999 coursework.
- Management Area: Nine (9) credit hours of earned MAN 3000-4999 coursework.
- Marketing Area: Nine (9) credit hours of earned MKT 3000-4999 coursework.

**MAJOR (RESTRICTED) ELECTIVES: (9 CREDIT HOURS)**

**BUSINESS OR NON-BUSINESS COURSE ELECTIVES: 3 COURSES; 9 CREDIT HOURS**

As part of the General Business Studies major, students may choose to apply three (3) upper-level courses outside the Business area. The upper-level courses do not have to be from a specific discipline, however only two (2) of the three (3) courses may fulfill other degree requirements.

**GPA REQUIREMENTS**

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work. Best attempts will be used when calculating the GPA.

**GRADING REQUIREMENTS**

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Within the 120-credit hour program, students must complete a minimum of 12 credit hours with a grade of C- or higher for all Business and non-Business courses applied for the major core and electives. Business courses taken by General Business Studies majors on an S/U basis will not be counted toward the 120-hour graduation requirement.
D/F POLICY

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

RESIDENCY REQUIREMENTS

Major residency: Of the total nine (9) credit hours of major Business coursework, six (6) must be taken in residency at USF. Of the total nine (9) credit hours of elective coursework, six (6) must be taken in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

About the College

As the home to more than 2,200 students and 130 faculty members across three campuses, the University of South Florida's College of Education values high-quality education and excellence in research, teaching, and learning. Our college is nationally accredited by the Council for the Accreditation of Educator Preparation (CAEP) and our educator preparation programs are fully approved by the Florida Department of Education.

At a time when the skills and pedagogy of classroom teachers and school administrators is more important than ever, the USF College of Education offers state-of-the-art teacher training and collaborative and collegial graduate studies designed to empower educational leaders. Working closely with our partners in the school districts across the Tampa Bay region, we seek to work with our community to extend proven educational initiatives and discover new ways of preparing life-long learners in an era of increasing access to knowledge and technology.

Mission and Vision

Mission

The Mission of the College of Education is to promote transformative education and social justice through rigorous research, innovative teaching, as well as locally and globally engaged partnerships.

Vision

The USF College of Education envisions itself as a leader in regional, national and international education. Leadership in education encompasses:

- Academic excellence
- Research, scholarship, and inquiry that renews the educational process
- Collaboration that serves communities, institutions, and individuals
- Preparation that builds on academic excellence, scholarship, clinical practice, and collaboration and that contributes to a just and productive society

Accreditation

The USF College of Education is proud to be nationally accredited by the Council for the Accreditation of Educator Preparation (CAEP). CAEP accreditation is a voluntary process designed to ensure high-quality practices through a rigorous evaluation process consisting of self-evaluation, on-site accreditation evaluators, and ongoing assessment.

Admission Requirements

Educator Preparation Programs

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in Student Academic Services by making an appointment. (https://www.usf.edu/education/undergraduate/academic-advising/index.aspx).

Effective July 1, 2021, the State of Florida changed its requirement for students to pass the General Knowledge Test (GKT) for admission to teacher preparation programs. The GKT is no longer required for admission. Accordingly, the College of Education's admission criteria for undergraduate teacher preparation programs include the following:

- Successful admission to the University of South Florida
- An application to the College of Education's Teacher Preparation Programs
- A minimum overall GPA of 2.50 (on a 4.0 scale)
Completion of or enrollment in appropriate prerequisite coursework for the student's intended major. (https://www.usf.edu/education/undergraduate/academic-advising/prerequisite-checklists.aspx).

Prior to graduation, however, undergraduate students are required to submit proof of passing scores on all parts of the Florida Teacher Certification Exam (General Knowledge Test, the Professional Education Test, and appropriate subject area examinations). Please see the following URL for additional information: https://www.usf.edu/education/resources-for-educators/teacher-certification/general-knowledge-test.aspx). This change applies to students enrolled in the following undergraduate degree programs:

- Early Childhood Education (ESOL and Reading Endorsements)
- Education (ESOL and Reading Endorsements)
- Elementary Education (ESOL and Reading Endorsements)
- English Education (ESOL Endorsement)
- Exceptional Student Education (ESOL and Reading Endorsements)
- Mathematics Education (Grades 6-12)
- Middle School Mathematics Education (Grades 5-9)
- Physical Education
- Science Education
- Social Science Education

**Exercise Science Program**

The Exercise Science program is designed to equip future exercise professionals with the knowledge and skills to meet the diverse health and performance needs of our population through the integration of coursework with laboratory-based and field-based experiential learning. It is a highly competitive, limited access program. Enrollment is limited to a select number of students each fall semester based on the successful completion of specific courses and a composite GPA. Students seeking admission are encouraged to make an appointment with an academic advisor in Student Academic Services by making an appointment. (https://www.usf.edu/education/undergraduate/academic-advising/index.aspx)

Students should take the following steps to be considered for the program:

- Submit an application to the University of South Florida.
- Submit an application to the College of Education for the Exercise Science program. (https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx)
- Applicants must have a minimum overall GPA of 2.50
- Applicants must have successfully completed specific prerequisite courses with an identified minimum grade to be eligible for admission. Learn more by reviewing the major-specific Prerequisite Checklists (https://www.usf.edu/education/undergraduate/academic-advising/prerequisite-checklists.aspx)

**Program-Specific Requirements**

**Background Checks and Fingerprinting**

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.
Insurance

As all undergraduate programs in the college will require a field-based internship, students are encouraged to purchase liability insurance before entering any course with field experience. Student Academic Services can provide resources to students regarding coverage options.

Graduation Requirements

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:

- Meet with your academic advisor each semester to review your progress toward degree.
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
- Earn a minimum overall GPA of 2.5
- Complete any required certification exams
- Apply to graduate. ([https://www.usf.edu/education/academics/graduation-information.aspx](https://www.usf.edu/education/academics/graduation-information.aspx))

Time Limits for Coursework

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

Courses completed within the last five years may be accepted toward graduation. Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught. Courses completed ten years ago or longer will count as elective credit only toward graduation.

Baccalaureate-Level Degree Programs

Global Pathways

[https://www.usf.edu/gcp/students/index.aspx](https://www.usf.edu/gcp/students/index.aspx)

A Global Pathway is an undergraduate major or degree program that has significant global content. Global Pathways provide students with the opportunity to practice and apply global competencies through the major or degree program. The following programs are designated as Global Pathway Programs:

Global Studies in Education Minor

Exceptional Student Education
[https://www.usf.edu/education/areas-of-study/exceptional-student-education/](https://www.usf.edu/education/areas-of-study/exceptional-student-education/)

Bachelor of Science

EARLY CHILDHOOD EDUCATION: PRE KINDERGARTEN/PRIMARY (ESOL AND READING ENDORSEMENTS)
[HTTPS://WWW.USF.EDU/EDUCATION/AREAS-OF-STUDY/EARLY-CHILDHOOD-EDUCATION/](HTTPS://WWW.USF.EDU/EDUCATION/AREAS-OF-STUDY/EARLY-CHILDHOOD-EDUCATION/)

The program embraces a pedagogy of social justice with community-engaged scholarship and active participation in linguistically, culturally, and socio-economically diverse settings. The program prepares students to acquire the skills and dispositions necessary to advocate for positive change in the lives of children, families, and communities.

EDUCATION (ESOL AND READING ENDORSEMENTS)
[HTTPS://WWW.USFSP.EDU/BS-EDUCATION/](HTTPS://WWW.USFSP.EDU/BS-EDUCATION/)

This program is uniquely designed to integrate the pedagogy, content, and clinical experiences necessary for graduates to gain certification in Exceptional Student Education as well as Elementary Education.
EDUCATIONAL STUDIES
HTTPS://WWW.USFSP.EDU/COLLEGE-OF-EDUCATION/ACADEMICS/

The BS in Educational Studies prepares individuals for a variety of career paths such as teaching English abroad, informing educational policy, non-profit work, and childcare, among many others. It also serves as the minimum educational credential for graduate school. This pathway does not lead to teacher certification, nor is it a teacher preparation program. Experiential learning, foundations of education, as well as an exploration of best practices associated with teaching and learning comprise this program of study; effectively preparing graduates to pursue an educationally-focused career outside of the Florida public school system.

ELEMENTARY EDUCATION (ESOL AND READING ENDORSEMENTS)
HTTPS://WWW.USF.EDU/EDUCATION/AREAS-OF-STUDY/ELEMENTARY-EDUCATION/

The B.S. in Elementary Education Program develops teachers who possess sound instructional practices as well as an inquiry mindset that allows teachers to differentiate instruction to enhance student learning.

ENGLISH EDUCATION (ESOL ENDORSEMENT)
HTTPS://WWW.USF.EDU/EDUCATION/AREAS-OF-STUDY/ENGLISH-EDUCATION/

The Bachelor of Science degree in English Education prepares students to develop content knowledge related to structures and functions of language, diverse literatures (including print and non-print texts and multimedia), adolescent literacy and writing theories and processes. This program is a joint program between the College of Education and the College of Arts and Sciences.

EXCEPTIONAL STUDENT EDUCATION (ESOL AND READING ENDORSEMENTS)
HTTPS://WWW.USF.EDU/EDUCATION/AREAS-OF-STUDY/EXCEPTIONAL-STUDENT-EDUCATION/

The Exceptional Student Education program prepares teachers to work with children who have emotional and behavioral disorders, intellectual disabilities, and specific learning disabilities. The undergraduate program is a state-approved program that leads to certification in Exceptional Student Education and an endorsement in teaching English Speakers of a Second Language (ESOL).

EXERCISE SCIENCE
HTTPS://WWW.USF.EDU/EDUCATION/AREAS-OF-STUDY/EXERCISE-SCIENCE/

The Bachelor of Science in Exercise Science prepares students for careers in strength and conditioning, corporate fitness, community-based fitness, cardiac rehabilitation and physical therapy school. Students will explore the science of human movement through curriculum in the biological, psychological and social sciences, including health, nutrition, exercise psychology, anatomy, physiology and biomechanics.

SOCIAL SCIENCE EDUCATION
HTTPS://WWW.USF.EDU/EDUCATION/AREAS-OF-STUDY/SOCIAL-SCIENCE-EDUCATION/

The Social Science Education Program engages students with methods of inquiry and pedagogy in the social studies. Attention is given to both an interdisciplinary curriculum and to individual social disciplines including history, geography, civics and government, economics, anthropology, psychology, sociology and related fields of study.

Bachelor of Arts or Bachelor of Science

MATHEMATICS EDUCATION
HTTPS://WWW.USF.EDU/EDUCATION/AREAS-OF-STUDY/MATHEMATICS-EDUCATION/

The Bachelor of Science (B.S.) in Mathematics Education is a 120 credit hour program. The program explores educational foundations, methods, and theory and practice of teaching mathematics at grades 6-12. It is designed to prepare effective teachers of middle and high school mathematics who are knowledgeable, reflective, caring, and are able to meet the needs of a diverse student population.

PHYSICAL EDUCATION
HTTPS://WWW.USF.EDU/EDUCATION/AREAS-OF-STUDY/PHYSICAL-EDUCATION/

The Bachelor of Science in Physical Education is designed for those who wish to qualify for Florida certification in teaching Physical Education for students in Kindergarten through 12th grade. This degree is a two-year program of study.
SCIENCE EDUCATION
HTTPS://WWW.USF.EDU/EDUCATION/AREAS-OF-STUDY/SCIENCE-EDUCATION/

The Bachelor of Science (B.S.) in Science Education explores educational foundations and methods to prepare educators in middle and secondary schools. It also explores the theory and practice of teaching science education. The objective is to prepare reflective and caring educators

Bachelor of Arts

INTERDISCIPLINARY EDUCATION
https://www.usf.edu/education/areas-of-study/interdisciplinary-education/#:~:text=The%20PhD%20concentration%20in%20Interdisciplinary%2C%20an%20individualized%20program%20of%20study.

The Interdisciplinary Education degree leads to a Bachelor of Arts designed for those not seeking positions as classroom teachers, which would require certification through the Elementary Education degree. The Interdisciplinary Education degree shares common courses with the Elementary Education degree; therefore, it is possible to transfer from Elementary Education into Interdisciplinary Education without losing time toward completion.

Minors

FOREIGN LANGUAGE EDUCATION
HTTPS://WWW.USF.EDU/EDUCATION/DOCUMENTS/ADVISING/UNDERGRADUATE/MINOR-GUIDE-FOREIGN-LANGUAGE-EDU.PDF

The minor in Foreign Language Education is for students who are pursuing a degree in another field and who have an interest in teaching a foreign language. The courses in the minor give students a foundation in methods of teaching a foreign or second language. Completing this does not result in Florida teaching certification.

GLOBAL STUDIES IN EDUCATION
HTTPS://WWW.USF.EDU/EDUCATION/DOCUMENTS/ADVISING/UNDERGRADUATE/MINOR-GUIDE-GLOBAL-STUDIES-EDUCATION.PDF

Students pursuing a minor in Global Studies in Education will gain knowledge about the relationships between education and the increasingly globalized world and learn how to apply this knowledge within diverse fields and professional settings. This interdisciplinary minor integrates educational, sociological, and psychological perspectives.

PROFESSIONAL TRAINING OPTION
HTTPS://CATALOG.USF.EDU/PREVIEW_PROGRAM.PHP?CATOID=13&POID=4848

The Professional Training Option (PTO) is an approved alternative teacher certification program that leads to temporary certification. A Temporary Teaching Certificate enables educators to complete the Professional Certificate requirements while teaching full-time. It is designed for students interested in teaching at the secondary level in English, Social Science, or Science in the State of Florida.

SCIENCE OF PHYSICAL ACTIVITY
HTTPS://WWW.USF.EDU/EDUCATION/DOCUMENTS/ADVISING/UNDERGRADUATE/MINOR-GUIDE-SCIENCE-PHYSICAL-ACTIVITY.PDF

Students pursuing a minor in Science of Physical Activity gain experience working with physically active individuals, and learn skills that translate to work in after-school programs, recreation environments, or fitness centers. Completing this minor does not result in Florida teaching certification.
Concentrations

A concentration is any organized set of courses that is offered as part of a major and enhances or complements the degree program to be awarded in a manner that leads to specific educational or occupational goals, and/or from different disciplines that provide an interdisciplinary focus.

Undergraduate Advising Information

USF College of Education
Student Academic Services (SAS)
4202 East Fowler Avenue, EDU 106
Tampa, FL 33620
Phone: 813-974-2979
https://www.usf.edu/education/undergraduate/academic-advising/index.aspx

Sarasota-Manatee campus
SMC 107
Phone: 941-359-4330

Office Hours: Monday - Friday, 8:00 a.m. - 5:00 p.m.

The Student Academic Services (SAS) office provides academic advising to prospective students, newly admitted students, and continuing students in undergraduate and Master of Arts in Teaching programs within the College of Education. Our office is committed to serving the University of South Florida's mission, and the College of Education's mission: collaborating with our academic departments and empowering our students to meet their academic and professional goals.

Follow these guidelines to make an appointment with an academic advisor:

  Prospective or current students with an active UID can schedule an appointment online:

  Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major:
  https://www.usf.edu/undergrad/students/advising.aspx
DEPARTMENT OF CURRICULUM, INSTRUCTION, AND LEARNING
EARLY CHILDHOOD EDUCATION (ESOL AND READING ENDORSEMENTS) B.S.

TOTAL DEGREE HOURS: 120

Early Childhood Education is a field of study that includes the teaching and learning of young children. This includes the preparation of prospective teachers through both coursework and extensive field experiences in various early childhood settings to enable them to integrate theory with teaching practices. Successful completion of this state-approved program will make the prospective teachers eligible for the Florida Early Childhood Teaching Certification Pre-Kindergarten/Primary (age 3 – grade 3). The objective of the program is to provide prospective teachers with the necessary knowledge, skills, and dispositions required to teach Pre-K through 3rd grade students, with a particular focus on understanding developmentally appropriate practice; providing inclusive, differentiated, and culturally responsive instruction; utilizing technology to enhance student learning, and demonstrating ongoing professional development.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION REQUIREMENTS

Students seeking admission to this program must meet the following Department of Education's Teacher Educator Certification requirements:

- Successful admission to the University of South Florida
- An application to the College of Education’s Teacher Preparation Programs
- A minimum overall GPA of 2.50 (on a 4.0 scale)
- Completion of or enrollment in appropriate prerequisite coursework for the student’s intended major.

Applications can be found at https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx.

REQUIREMENTS AFTER ADMISSION INTO THE EARLY CHILDHOOD PROGRAMS

- Maintain at least a 2.50 GPA in professional education and specialization coursework. If a student falls below 2.50 GPA he/she may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.
- Receive a grade of C- or higher in all required courses to progress to the following semester or he/she may be dismissed and/or required to meet with departmental Professional Standards Committee.
- Pay for costs in addition to tuition, fees, and books such as:
  - Transportation to and from school sites required in courses and internships
  - Criminal background checks and fingerprinting for internships
  - Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)
READING ENDORSEMENT

Students may complete a state-approved program to be eligible for licensure in Early Childhood Education Pre-Kindergarten/Primary (age 3 - Grade 3). The current program of studies includes both coursework and extensive field experiences in early childhood settings to enable students to integrate theory with teaching practice. Graduation is dependent upon successful completion of the required courses, associated internships, and critical tasks demonstrating the Florida Educator Accomplished Practices. Early Childhood majors will be eligible for certification in Pre-Kindergarten/Primary (age 3 - Grade 3). Students must pass all Chalk and Wire assignments and upload every assignment to their Chalk and Wire account in order to graduate from the program.

The College of Education offers a full ESOL Endorsement for all Early Childhood Education major graduates. The special requirements for ESOL endorsement through infusion are as follows:

- Successful completion of TSL 4080 and TSL 4251, with a minimum grade of 70 percent or better on all sections of the ESOL Comprehensive Exam administered in the two ESOL courses;
- Successful completion of a 20-hour early ESOL field experience in TSL 4080;
- Successful completion of a late ESOL field experience where students plan, implement, and evaluate lessons for one or more ESOL students over 10 days; and
- Successful completion of all Chalk and Wire assignments as required, including from the two ESOL courses and the ESOL-infused classes.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

EDF X005 Introduction to Education - 3 credit hours

A minimum of 6 semester hours with an international or diversity focus is required. Eligible courses will be determined by the Florida College System institution or university where the student is currently earning the Associate in Arts or baccalaureate degree. Foreign language courses may be used to meet this requirement.

FOR EDUCATION MAJORS: General education courses will be determined by the college or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution's existing catalog and delineated in the Statewide Course Numbering System.
TOTAL MAJOR HOURS: 72

MAJOR CORE (72 CREDIT HOURS)

PROFESSIONAL EDUCATION CORE (30 CREDIT HOURS)
- EDF 4124 - Child Growth and Learning Credit(s): 3
- EEC 4941 - Field Experience I Credit(s): 3

- EEX 4201 - Young Children With Special Needs Credit(s): 3
- RED 4312 - Emergent Literacy Strategies and Assessment Credit(s): 3
- RED 4943 - Practicum in Supporting Students with Reading Difficulties Credit(s): 3

GPA REQUIREMENTS
Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses.

GRADING REQUIREMENTS
Students must earn a C- or higher in all upper-level courses in the major.

RESEARCH OPPORTUNITIES
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES
All students will enroll in multiple clinical experiences throughout the program which will provide them with the opportunity to engage in the practice of teaching.

ACCREDITATION
This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

EDUCATION (ESOL AND READING ENDORSEMENTS) B.S.

TOTAL DEGREE HOURS: 120

The USF College of Education is accredited under the National Council for Accreditation of Teacher Education (NCATE) standards through the CAEP Accreditation system. All teacher education programs must meet the requirements of Chapter 5.066, Rules of the State Board of Education of Florida, and have "Approved Program" status.

The USF College of Education offers an undergraduate degree program recognized for accomplishing defined learning outcomes, supported by a foundation of applied research, and dedicated to meeting the needs of the diverse communities and students it serves. In pursuit of this mission, faculty in the College of Education is guided by a respect for evidence, the pursuit of scholarship, and the ethics of community responsibility. The College of Education seeks to prepare exemplary teachers and other educational personnel for roles in a diverse and changing society. It promotes lifelong learning and continually strives to meet the educational needs of all learners.

The College of Education is committed to a continuous and systematic examination of the professional program of teacher education. Each subdivision of the college maintains professional standards through ongoing appraisals of candidate learning outcomes.

For information concerning required courses in the major, students should consult the "Programs" section accessible from the USF site. Other important information is available from the College of Education website https://www.usfsp.edu/bs-education/.

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
International: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION REQUIREMENTS FOR STUDENTS ENTERING TEACHER EDUCATION PROGRAMS

Students who wish to teach in a particular subject area or field should begin preliminary coursework during their first year in college. However, students are not admitted to the teacher education program until they complete the admissions requirements listed below.

Students may apply for admission to the College of Education by contacting the Academic Advisor at dbarcelo@usfsp.edu or (727) 873-4507.

Admission to the upper-level teacher education program is contingent upon meeting the following preliminary college requirements:

1. Completion of the University’s General Education requirements with a minimum grade of C- in general education core. (See General Education Information section of the catalog.) Students with a Florida public AA degree will meet all general education requirements. However, general education courses with a grade of D+ or below will need to be repeated for a grade of C- or above to fulfill prerequisites for the College of Education. Note: Students should contact an academic advisor to make certain they are enrolled in courses appropriate to their intended major.

2. Completion of Prerequisites

3. Minimum GPA: An overall minimum GPA of 2.50 on all attempted hours.
4. Additional criteria as may be established by each program. Credit requirements in each major include courses in the following categories: Professional Education Core, Teaching Specialization Preparation, and Liberal Arts Exit Requirements. For questions concerning General Education Requirements, refer to the General Education Information section of the catalog. See specific requirements for the Bachelor of Science Degree in Education below.

TIME LIMITATIONS

The College of Education may accept professional education and specialization coursework completed at this university or at other accredited institutions as follows:

Courses completed within the last five years may be accepted if all competencies are met.

Courses completed over five years but less than ten years ago must have the approval of the faculty of the program in which the equivalent course is taught.

Courses completed ten years ago or longer will count as elective credit only.

APPLICATION INFORMATION

The admission process to the College of Education (COE) is separate and in addition to admission to USF. After receiving acceptance to USF, students should attend a new student advising session where they will receive information about the degree program and register for courses for their first semester. Call (727) 873-4511 to schedule an advising session.

STATE MANDATED COMMON COURSE PREREQUISITES

General education courses will be determined by the community college or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution's existing catalog or in the Community College Counseling Manual.

Students are advised that the Education specialization may require an enrollment of more than the traditional four semesters of the junior and senior years in order to complete the program specialization courses and the required sequence of internships.

The Program of Study is designed to address Florida Education Competencies.

EDF X005 Introduction to Education – 3 credit hours.

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

FOR EDUCATION MAJORS: General education courses will be determined by the community college or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution's existing catalog and delineated in the Statewide Course Numbering System.

PREREQUISITES

Note: The following prerequisites are required for all Education majors.

In addition to EDF 2085 a minimum of 6 semester hours with an international or diversity focus is required. Eligible courses will be determined by the community college or university where the student is currently earning the Associate in Arts or baccalaureate degree.

EDF 2005 - Introduction to the Teaching Profession Credit(s): 3
EDF 2085 - Education, Diversity, and Global Society Credit(s): 3

LAE 4343 - Writing across the Curriculum Credit(s): 2
LAE 4414 - Children’s and Young Adult Literature: Diverse Portrayals of the Human Experience Credit(s): 3
MAE 4314 - Mathematics for all Students Credit(s): 4
EDG 4376 - Literacy/Literature and Social Studies/ESE Credit(s): 4
SCE 4313 - Science for all Students Credit(s): 3
RED 4348 - Literacy Development Credit(s): 3
EDG 3943 - Integrated Clinical Experience Grades K-5 Credit(s): 3
EDG 4934 - Final Intern Seminar Credit(s): 1
EEX 4880 - Integrated Clinical Experience: ESE Secondary 6-12 Credit(s): 2-3
ADDITIONAL REQUIREMENTS

Students are advised that the Education specialization may require an enrollment of more than the traditional four semesters of the junior and senior years in order to complete the program specialization courses and the required sequence of internships.

The Program of Study is designed to address Florida Education Competencies.

INTERNSHIP

QUALIFICATIONS FOR INTERNSHIP EXPERIENCE

The final internship experience involves observing and teaching both in an elementary and exceptional education classroom. Internship sites include the entire spectrum of educational settings available in the local school districts served by USF. Students may not enroll in additional courses during the semester in which the final internship occurs. Special requirements for enrollment in the final internship and seminar courses are:

- Completion of General Education, "State Communication and State Mathematics Requirements -formerly Gordon Rule," and all other program prerequisites (includes passing all sections of the General Knowledge Test, GKT) prior to the first internship.
- Documentation of passing scores on all portions of the Florida Teacher Certification Examinations (FTCE), (General Knowledge Test, Subject Area Exam in both Elementary Education and Exceptional Student Education, and Professional Education) prior to the college-stated deadline.
- Completion of an application for the final internship by the posted deadlines. Applications for final internship are available through a COE Internship Application Portal in Canvas. Completion of all professional education and specialization course work.
- A combined grade point average of 2.5 in professional education and specialization course work as well as an overall USF GPA of 2.5.
- Students must earn a "C-" grade or higher in required major courses. S/U grades will not apply toward qualifying for internship.
- Students must complete all other requirements as prescribed by their program.
- Some school districts have additional requirements, which must also be met by the application deadlines. Please contact the Internship Coordinator, Dr. Heather Duncan, for information related to Hillsborough and Hernando school districts.
- Interns are guests of the school districts in which they are placed and as such they may be removed from their placement with or without cause by either the school or the college. If students are asked to leave their schools for any reason, the college is under no obligation to find another placement until the following semester and/or until remediation activities have taken place.

APPLICATION REQUIREMENTS AND DATES OF IMPORTANCE

Complete online applications by the deadline date (see below under Final Internship. (Late Applications will not be accepted).

APPLICATION REQUIREMENTS

K-5: **EDG 3943** Integrated Clinical Experience K-5: Students spend two full teacher days per week in a supervised in-school experience and attend seminars as scheduled.

6-12: **EEX 4880** Integrated Clinical Experience 6-12: Students spend two full teacher days per week in a supervised internship experience in classroom settings and attend seminars as scheduled.

Final Internship: **EDG 4944** Integrated Final Internship: The teacher candidate is required to demonstrate professional competencies during one semester of fulltime internship in a public elementary school and attend seminars. This internship will be split between a general education classroom and an ESE classroom; eight weeks in each setting. All candidates will also be
FINGERPRINTING INFORMATION

All school districts in Florida require students to complete the fingerprinting process prior to beginning date of internships. The cost of the fingerprinting process is the sole responsibility of the intern. Most Florida school districts screen in accordance with Florida Statute 435.03 or 435.04. Pinellas County uses 435.04 (Level 2) screening standard. Be sure to consult school district policy for the district in which you will be interning.

PROGRAM PORTFOLIO REQUIREMENTS

The Florida Department of Education (FLDOE) and the National Association of Colleges of Teacher Education (NCATE) standards through the CAEP Accreditation system require all accredited programs to document individual student performance based on state and national standards. Students are required to demonstrate their achievement of state standards with portfolio assessment one time during coursework and one time during final internship. This program requires Florida Educator Accomplished Practices and ESOL Competencies portfolios. Students are required to upload their critical assignments to the Foliodata system for instructors to grade. Students must reach 80% proficiency on all critical assignments to pass the course. This is indicated in the course syllabi and each submission is evaluated by the course instructor. The entire portfolio process will be introduced during EDG 4012 – the Standards Based Education course.

TEACHER EDUCATION PROGRAM COLLEGE REQUIREMENTS FOR GRADUATION

To be certified by the College of Education for graduation, a student must have earned a minimum of 120-semester hours' credit.
Successful completion of all program requirements for ESOL Endorsement and Reading Endorsement.
A minimum overall USF grade-point average of 2.50 or a minimum GPA of 2.50 in teaching specialization courses and a minimum GPA of 2.50 in the Professional Education sequence
Satisfactory completion of the final internship.
Passing scores on the Elementary and Exceptional Student Education FTCE Subject Area and Professional Education subtests prior to graduation
Successful completion of the major requirements in a state-approved teacher education program (which includes general preparation, teaching specialization, and professional preparation).
A minimum of 8 credits in professional courses in addition to internship and 12 credits in specialization courses must have been earned at USF.
A minimum of 30 hours after admittance to a Bachelor's of Science in Education program and meet all University requirements.
All critical assignments must be uploaded to Foliodata system, evaluated by the course instructor and earn a successful completion at the "Met" level on all Florida Educator Accomplished Practices (FEAPs)

GPA REQUIREMENT

An overall minimum GPA of 2.50 on all attempted hours.

GRADING REQUIREMENT

A grade of C- or better must be earned in all coursework.
RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ACCREDITATION

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

ACADEMIC ADVISING

For prospective and current College of Education students with a home campus of Tampa, please select the following link for information about scheduling an advising appointment: https://www.usf.edu/education/about-us/advising.aspx

For prospective and current College of Education students with a home campus of Sarasota-Manatee, please select the following link for information about scheduling an advising appointment: https://www.sarasotamanatee.usf.edu/academics/academic-resources/academic-advising/

For prospective and current College of Education students with a home campus of St. Pete, please select the following link for information about scheduling an advising appointment: https://www.stpetersburg.usf.edu/academics/academic-resources/academic-advising/advisor/index.aspx
## 4 YEAR PLAN OF STUDY - EDUCATION B.S.

### NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see [https://www.usf.edu/undergrad/students/civics-literacy.aspx](https://www.usf.edu/undergrad/students/civics-literacy.aspx) or talk with your academic advisor.

Items that are critical are marked with a ✴️ and are included in the plan for a student to stay on track.

### Potential Entry Level Job Titles:
- Elementary School Teacher
- High School Teacher
- Middle School Teacher

### Potential Entry Level Salary Range:
$45,000 - $47,000

EDUCATIONAL STUDIES B.S.

TOTAL DEGREE HOURS: 120

This degree will prepare students to engage in educational settings but not limited to settings such as museums, non-profit organizations, community based organizations and businesses where teaching and training are an integral part of the organization.

All majors will be assigned to a specified sequence of courses to be followed throughout the program enrollment. Coursework will include internships and field experience. Field experiences usually begin during the second semester of student's enrollment with increasing involvement throughout the program.

Please be advised that degree and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria. The current program of study includes both coursework and extensive field experience in elementary, middle, secondary or other appropriate educational settings to enable students to integrate theory with teaching practice. Students are responsible for providing transportation to their field experience and internship sites. Students who withdraw from or who have unsatisfactory grades in the field experiences or internships must petition the college before they will be allowed to repeat the internships. Students must have an overall USF GPA of 2.5 and a GPA of 2.5 in the combined Professional Core and Teaching Specialization prior to final internship and graduation. Part-time students in Education (those planning to take 9 hours or fewer per semester) must meet program and internship requirements associated with the program. These requirements include being available to participate in the internships during regular school or business hours. Because of state and national accreditation requirements, students who take any of the required professional education core courses or education specialization courses at institutions accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission may be required to submit additional assignments to meet graduation requirements for the USF College of Education.

In addition to the courses listed below, students must complete "Preliminary Requirements for Students entering Teacher Education Programs."

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

  Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx

  Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx

  International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS FOR THE PROGRAM

Teacher Education Program College Requirements for Graduation

1. To be certified by the College of Education for graduation, a student must have earned a minimum of 120-semester hours credit.

2. Successful completion of all program requirements for the degree in Educational Studies

3. A minimum overall USF grade-point average of 2.50 or a minimum GPA of 2.50 in teaching specialization courses and a minimum GPA of 2.50 in the Professional Education sequence Satisfactory completion of the final internship.

4. Successful completion of the major requirements of the Educational Studies degree (which includes general preparation, teaching specialization, and professional preparation). A minimum of 8 credits in professional courses in addition to internship and 12 credits in specialization courses must have been earned at USF. A minimum of 30 hours after admittance to a Bachelor's of Science Educational Studies program and meet all University requirements.
Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students should be aware that by university regulation they are obligated to establish academic residency by completing the equivalent of one academic year (30 semester hours) in "on-campus" courses. All undergraduate transfer students electing Forensic Studies as their major will be required, moreover, to take a minimum of 30 credit hours in major coursework at the University of South Florida. The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

EDF X005 Introduction to Education – 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

FOR EDUCATION MAJORS: General education courses will be determined by the community college or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution's existing catalog and delineated in the Statewide Course Numbering System.

PREREQUISITES

These prerequisites must be met by transfer students as well as USF students. A grade of "C-" is the minimum acceptable grade.

EDF 2005 - Introduction to the Teaching Profession Credit(s): 3
EDF 2085 - Education, Diversity, and Global Society Credit(s): 3

USF INTERNATIONAL/DIVERSITY/RECOMMENDED COURSES: (6 CREDIT HOURS)

Select two (2) courses for six (6) credit hours from the list below

AMH 2010 - American History I Credit(s): 3
AMH 2020 - American History II Credit(s): 3
ANT 2000 - Introduction to Anthropology Credit(s): 3

EDG 4934 - Final Intern Seminar Credit(s): 1

INTERNSHIP EXPERIENCE

QUALIFICATIONS FOR INTERNSHIP EXPERIENCE

The final internship experience involves observing and teaching both in educational setting but not limited to settings such as museums, non-profit organizations, community-based organizations and businesses. Internship sites include the entire spectrum of educational settings available in the community served by USF St. Petersburg campus. Other than Final Internship Seminar, students may not enroll in additional courses during the semester in which the final internship occurs.

INTERNSHIP APPLICATION REQUIREMENTS AND DATES OF IMPORTANCE

FINAL INTERNSHIP ADMISSION REQUIREMENTS

Complete coursework by the following dates: Spring semester final internship – December 1st, fall semester final internship – August 1st.

A combined grade point average of 2.5 in professional education and specialization course work as well as an overall USF GPA of 2.5.

Complete all required coursework with a minimum grade of C- or higher.

FINAL INTERNSHIP EXIT REQUIREMENTS:

Complete coursework and any other university graduation requirements.
FINGERPRINTING INFORMATION

All agencies in Florida require students to complete the fingerprinting process prior to beginning date of internships. The cost of the fingerprinting process is the sole responsibility of the intern. Most Florida school districts screen in accordance with Florida Statute 435.03 or 435.04. Pinellas County uses 435.04 (Level 2) screening standard. Be sure to consult organizational policy for the agency in which you will be interning. Complete online applications by the deadline date posted in The Internship Portal in Canvas.

GPA REQUIREMENTS

An overall minimum GPA of 2.50 on all attempted hours.

GRADING REQUIREMENTS

A grade of C- or better must be earned in all coursework.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

The Bachelor of Science program in Elementary Education is designed for students who wish to pursue a career as an elementary classroom teacher. The program of study includes both coursework and extensive field experience in elementary school settings to enable the students to integrate theory with teaching practice.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

PROGRAM ADMISSION REQUIREMENTS

Students seeking admission to this program must meet the following Department of Education's Teacher Educator Certification requirements:

- Successful admission to the University of South Florida
- An application to the College of Education’s Teacher Preparation Programs
- A minimum overall GPA of 2.50 (on a 4.0 scale)
- Completion of or enrollment in appropriate prerequisite coursework for the student’s intended major.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- **EDF X005** Introduction to Education - 3 credit hours

A minimum of 6 semester hours with an international or diversity focus is required. Eligible courses will be determined by the Florida College System institution or university where the student is currently earning the Associate in Arts or baccalaureate degree. Foreign language courses may be used to meet this requirement.

FOR EDUCATION MAJORS: General education courses will be determined by the college or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution's existing catalog and delineated in the Statewide Course Numbering System.
Satisfactory completion of the following requirements:

- General Education Program, including State Core General Education Requirements; State Computation and State Communication (36 credit hours);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

### REQUIRED COURSES: (76 CREDIT HOURS)

### OPTIONAL: ELEMENTARY EDUCATION WITH ESOL ENDORSEMENT

The College of Education offers a full ESOL Endorsement for all Elementary Education major graduates. The special requirements for ESOL endorsement through infusion are as follows:

- Successful completion of the following coursework:
  - TSL 4080 - ESOL 1 - Curriculum and Pedagogy of ESOL | Credit(s): 3 |
  - TSL 4081 - ESOL 2 - Literacy Development in English Language Learners | Credit(s): 3 |
  - TSL 4251 - ESOL 3 - Applying Linguistics to ESOL Teaching and Testing | Credit(s): 3 |
- A minimum grade of 70 percent or better on all three sections of the ESOL Comprehensive Exam administered in the three ESOL courses;
- Successful completion of a 20-hour early ESOL field experience in TSL 4080;
Successful completion of a late ESOL field experience where students plan, implement, and evaluate lessons for one or more ESOL students over 10 days; and
Successful completion of all Chalk and Wire assignments as required, including from the three ESOL courses and the ESOL-infused classes.

GPA REQUIREMENTS

Maintain at least a 2.50 GPA in professional education and specialization coursework. If a student falls below 2.50 GPA he/she may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

GRADING REQUIREMENTS

Receive a grade of C- or higher in all required courses to progress to the following semester or he/she may be dismissed and/or required to meet with departmental Professional Standards Committee.

A minimum “C-” grade or “S” in required major courses.

OTHER REQUIREMENTS

Elementary Education with ESOL Endorsement/Reading Endorsement: Students will complete a state-approved program to be eligible for certification in Elementary Education (Grades K-6).
Degree and certification requirements are subject to change in accordance with state mandates.
Passing scores on all Florida Teacher Certification Exams: the General Knowledge Test, the K-6 Subject Area Exam, and the Professional Education Exam.
Completion of all General Education requirements and all other program prerequisites.
Transportation to and from school sites required in courses and internships.
Criminal background checks and fingerprinting for internships.

INTERNSHIP OPPORTUNITIES

Transportation to and from school sites required in courses and internships.
Criminal background checks and fingerprinting for internships, as required by the school district in which the student is placed.
The current program of study includes both coursework and extensive field experience in elementary school settings to enable students to integrate theory with teaching practice.
All elementary education students are required to demonstrate the Accomplished Practices (APs) through core assignments in courses and internships.

RESEARCH OPPORTUNITIES

Undergraduate students in this degree program will participate in undergraduate research. Several courses are a part of the program of study to show mentored undergraduate research activity on a student’s official transcript. For example, IDS 2912 (0 credit), IDS 4914 (0 credit), and EDE 4802 (3 credits). The IDS courses will not impact degree credits or GPA, but will show on an official transcript and document the experience.

ACCREDITATION

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

ADVISING INFORMATION

ENGLISH EDUCATION (ESOL ENDORSEMENT) B.S.

TOTAL DEGREE HOURS: 120

The English Education Program is designed to prepare students to develop content knowledge related to structures and functions of language, diverse literature (including print and non-print texts and multimedia), adolescent literacy, and writing theories and processes. This program is a joint program between the College of Education and the College of Arts and Sciences. Students will learn pedagogical content knowledge, including how to select English Language Arts curriculum, how to implement instructional practices like discussion and peer review, how to assess student compositions, and how to reflect on their pedagogical practices.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- **Transfer**: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- **International**: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education - 3 credit hours
- ENC X101 Composition I - 3 credit hours
- ENC X102 Composition II - 3 credit hours
- SPC X017 or SPC X608 - 3 credit hours
- LIT X000 - X999 or AML X000 - X999 or ENL X000 - X999 - 3 credit hours

FOR EDUCATION MAJORS: General education courses will be determined by the college or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution's existing catalog and delineated in the Statewide Course Numbering System.

A minimum of 6 semester hours with an international or diversity focus is required. Eligible courses will be determined by the Florida College System institution or university where the student is currently earning the Associate in Arts or baccalaureate degree. Foreign language courses may be used to meet this requirement.

ADMISSION REQUIREMENTS

Students seeking admission to this program must meet the following Department of Education's Teacher Educator Certification requirements:

- Successful admission to the University of South Florida
- An application to the College of Education’s Teacher Preparation Programs
- A minimum overall GPA of 2.50 (on a 4.0 scale)
- Completion of or enrollment in appropriate prerequisite coursework for the student’s intended major.
Applications can be found at https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx.

ADDITIONAL SPECIALIZATION
LAE 4323 - Methods of Teaching English: Middle School Credit(s): 3 (Fall Semester Only)
LAE 4335 - Methods of Teaching English: High School Credit(s): 3 (Spring Semester Only)
LAE 4464 - Adolescent Literature for Middle and Secondary Students Credit(s): 3 Spring semester Only
LAE 4530 - Methods of Teaching English: Practicum Credit(s): 3 (Fall Semester Only)
LAE 4936 - Senior Seminar in English Education Credit(s): 3
LAE 4940 - Internship: English Education Credit(s): 9

RECOMMENDED COURSES
Literature Course (3 hours) - select from LIT, AML, ENL (LIT 2000 or ENL 3334 recommended)
English Electives (9 hours) - to include advanced composition and mediacy (CRW 2100 or CRW X111 and MMC 2100 or ENC X310 and LIT X301 recommended)

In addition to the courses listed, students must complete "Preliminary Requirements for Students entering Teacher Education Programs."

The College of Education offers a full ESOL Endorsement for all English Education major graduates. The special requirements for ESOL endorsement through infusion are as follows:

Successful completion of:
FLE 4317 and FLE 4316 with a minimum grade of 70 percent or better on part one and part two of the ESOL Comprehensive Exam administered in the two ESOL courses;
A 20-hour early ESOL field experience in FLE 4317;
A late ESOL field experience where students plan, implement, and evaluate lessons for one or more ESOL students over 10 days;
An ESOL binder, containing all ESOL-related assignments taken in the College of Education and an ESOL-performance Standards Checklist that documents the completion of the necessary number of standards.

GPA REQUIREMENTS
Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses.

GRADING REQUIREMENT
Students must earn a C- or higher in all upper-level courses in the major.

RESEARCH OPPORTUNITIES
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student’s official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES
All students will enroll in multiple clinical experiences throughout the program which will provide them with the opportunity to engage in the practice of teaching.
ACCREDITATION

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

INTERDISCIPLINARY EDUCATION B.A., WITH CRIMINOLOGY CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Education degree leads to a Bachelor of Arts designed for those not seeking positions as classroom teachers, which would require certification through the Elementary Education degree. The Interdisciplinary Education degree shares common courses with the Elementary Education degree; therefore, it is possible to transfer from Elementary Education into Interdisciplinary Education without losing time toward completion.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:
- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION STANDARDS FOR THE PROGRAM

The program is designed to start upper-level courses in summer semester for a spring graduation in senior year.

STATE MANDATED COMMON COURSE PREREQUISITES

These prerequisites must be met by USF students with a grade of "C-" as the minimum acceptable grade.

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students should be aware that by university regulation they are obligated to establish academic residency by completing the equivalent of one academic year (30 semester hours) in "on-campus" courses. All undergraduate transfer students electing Forensic Studies as their major will be required, moreover, to take a minimum of 30 credit hours in major coursework at the University of South Florida. The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

EDF X005 Intro. to Education and Field Experience – 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

FOR EDUCATION MAJORS: General education courses will be determined by the community college or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution’s existing catalog and delineated in the Statewide Course Numbering System.

TOTAL CREDIT HOURS: 122

TOTAL MAJOR HOURS: 36

MAJOR CORE COURSES (30 HOURS)
- EDE 4223 - Creative Experiences: Using Arts-Based Inquiry & Design Thinking for Problem-Based Learning Credit(s): 3
- EDE 4323 - Planning for Instruction of Diverse Learners Credit(s): 3
- EDE 4947 - Clinical Education I Credit(s): 3
- EDF 3122 - Learning and the Developing Child Credit(s): 3
- EDF 4904 (Pending Approval)
- EDF 3604 - Schools and Society Credit(s): 3
- EEX 4084 - Instruction for Exceptional and Diverse Students Credit(s): 3

MAJOR ELECTIVE COURSES (6 HOURS)
Select two (2) courses from the following list.

- EDM 4406 - Contemporary Issues in STEM Education Credit(s): 3
- LAE 4424 - Teaching Children's Literature Credit(s): 3
- SCE 4310 - Teaching Elementary School Science Credit(s): 3
- SSE 4313 - Teaching Elementary (K-6) Social Studies Credit(s): 3
- TSL 4080 - ESOL 1 - Curriculum and Pedagogy of ESOL Credit(s): 3
- TSL 4081 - ESOL 2 - Literacy Development in English Language Learners Credit(s): 3

INTERDISCIPLINARY EDUCATION CONCENTRATIONS (3 COURSES; 9 CREDIT HOURS)
Select One Concentration Area: Criminology, Education, English, Gerontology, History, Leadership, Political Science, Professional and Technical Communication, Psychology, or Sociology.

CRIMINOLOGY CONCENTRATION CORE (3 COURSES; 9 CREDIT HOURS)
Any 3XXX-4XXX level course with the following prefix: CCJ, CJC, CJE, CJI, CJI, DSC (3 credits)
- CCJ 3024 - Survey of the Criminal Justice System Credit(s): 3
- CCJ 3117 - Theories of Criminal Behavior Credit(s): 3

INTERDISCIPLINARY EDUCATION B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS
Students are required to have a 2.5 major GPA and 2.5 USF GPA.

GRADING REQUIREMENTS
Minimum grade of C in all major courses.

RESEARCH OPPORTUNITIES
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNERSHIP OPPORTUNITIES
- EDE 4947 - Clinical Education I Credit(s): 3

## 4 YEAR PLAN OF STUDY - INTERDISCIPLINARY EDUCATION B.A.

### YEAR 1

#### SEMESTER 1 (FALL)

- **ENC 1101 - Composition I** Credit(s): 3
- **SLS 2XXX** Credit(s): 3
- **SGEM** - General Education Core Mathematics Credit(s): 3
- **AMH 2020 - American History II** Credit(s): 3
  or **POS 2041 - American National Government** Credit(s): 3

Total Credit Hours: 12

#### SEMESTER 2 (SPRING)

- **ENC 1102 - Composition II** Credit(s): 3
- **EDF 2005 - Introduction to the Teaching Profession** Credit(s): 3
- **SGEN** - General Education Core Natural Sciences Credit(s): 3
- **6AMT** - State Computation Requirement Credit(s): 3
- General Elective Credit(s): 3

Total Credit Hours: 15

#### SEMESTER 3 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

### YEAR 2

#### SEMESTER 4 (FALL)

- **EME 2040 - Technology for Leading and Learning** Credit(s): 3
  or **EDE 4223 - Creative Experiences: Using Arts-Based Inquiry & Design Thinking for Problem-Based Learning** Credit(s): 3 (Recommended)
- **Foreign Language 1 (FLEX)** Credit(s): 4
- **LAE 4414 - Children's and Young Adult Literature: Diverse Portrayals of the Human Experience** Credit(s): 3 (Recommended)
- **SGEH** - General Education Core Humanities Credit(s): 3

Total Credit Hours: 13

#### SEMESTER 5 (SPRING)

- **TGEI - Information and Data Literacy** Credit(s): 3
- **TGEH - High Impact Practice** Credit(s): 3
- **Foreign Language 2 (FLEX)** Credit(s): 4
- General/Unrestricted Elective Credit(s): 3

Total Credit Hours: 13
SEMESTER 6 (SUMMER)

General/Unrestricted Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3

Total Credit Hours: 9

YEAR 3

SEMESTER 7 (FALL)

- RED 4333 - Content Area Reading Credit(s): 3
- EDF 3604 - Schools and Society Credit(s): 3
- EDF 3122 - Learning and the Developing Child Credit(s): 3
- EDE 4223 - Creative Experiences: Using Arts-Based Inquiry & Design Thinking for Problem-Based Learning Credit(s): 3
- TSL 4240 - Applied Linguistics in Teaching Diverse Students Credit(s): 3
- Pass GKT Exam via FL DOE

Total Credit Hours: 15

SEMESTER 8 (SPRING)

- EEX 4084 - Instruction for Exceptional and Diverse Students Credit(s): 3
- RED 4310 - Reading and Learning to Read Credit(s): 3
- EDE 4323 - Planning for Instruction of Diverse Learners Credit(s): 3
- Major Elective Credit(s): 3
- Major Elective Credit(s): 3

Total Credit Hours: 15

SEMESTER 9 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 4

SEMESTER 10 (FALL)

- EDE 4947 - Clinical Education I Credit(s): 3
- Interdisciplinary Education Concentration Core Credit(s): 3
- Interdisciplinary Education Concentration Core Credit(s): 3
- Interdisciplinary Education Concentration Core Credit(s): 3
- General Elective Credit(s): 3

Total Credit Hours: 15
SEMESTER 11 (SPRING)

EDG 4909 - Directed Studies **Credit(s): 1-4** (Students must take for 3 credit hours)
General/Unrestricted Elective **Credit(s): 3**
General/Unrestricted Elective **Credit(s): 3**
General/Unrestricted Elective **Credit(s): 3**
General Elective **Credit(s): 1**

※ Apply for Graduation

**Total Credit Hours: 13**
2 YEAR PLAN OF STUDY - INTERDISCIPLINARY EDUCATION B.A.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor. Items that are critical are marked with a ✳️ and are included in the plan for a student to stay on track.

YEAR 1

SEMESTER 1 (FALL)

✳️ Submit passing GKT scores before first term
✳️ RED 4333 - Content Area Reading Credit(s): 3
EDF 3604 - Schools and Society Credit(s): 3
EDF 3122 - Learning and the Developing Child Credit(s): 3
EDE 4223 - Creative Experiences: Using Arts-Based Inquiry & Design Thinking for Problem-Based Learning Credit(s): 3
TSL 4240 - Applied Linguistics in Teaching Diverse Students Credit(s): 3
Total Credit Hours: 15

SEMESTER 2 (SPRING)

EEX 4084 - Instruction for Exceptional and Diverse Students Credit(s): 3
RED 4310 - Reading and Learning to Read Credit(s): 3
✳️ EDE 4323 - Planning for Instruction of Diverse Learners Credit(s): 3
Major Elective Credit(s): 3
Major Elective Credit(s): 3
Total Credit Hours: 15

SEMESTER 3 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 2

SEMESTER 4 (FALL)

EDE 4947 - Clinical Education I Credit(s): 3
Interdisciplinary Emphasis Elective Credit(s): 3
Interdisciplinary Emphasis Elective Credit(s): 3
Interdisciplinary Emphasis Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3
Total Credit Hours: 15

SEMESTER 5 (SPRING)

EDE 4909 - Directed Study: Elementary Education Credit(s): 1-3 (Must be taken for 3 credit hours)
General/Unrestricted Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3
Apply for Graduation

1364
INTERDISCIPLINARY EDUCATION B.A., WITH ENGLISH CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Education degree leads to a Bachelor of Arts designed for those not seeking positions as classroom teachers, which would require certification through the Elementary Education degree. The Interdisciplinary Education degree shares common courses with the Elementary Education degree; therefore, it is possible to transfer from Elementary Education into Interdisciplinary Education without losing time toward completion.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION STANDARDS FOR THE PROGRAM

The program is designed to start upper-level courses in summer semester for a spring graduation in senior year.

STATE MANDATED COMMON COURSE PREREQUISITES

These prerequisites must be met by USF students with a grade of “C-” as the minimum acceptable grade.

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students should be aware that by university regulation they are obligated to establish academic residency by completing the equivalent of one academic year (30 semester hours) in "on-campus" courses. All undergraduate transfer students electing Forensic Studies as their major will be required, moreover, to take a minimum of 30 credit hours in major coursework at the University of South Florida. The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

EDF X005 Intro. to Education and Field Experience – 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

FOR EDUCATION MAJORS: General education courses will be determined by the community college or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution's existing catalog and delineated in the Statewide Course Numbering System.

TOTAL CREDIT HOURS: 122

TOTAL MAJOR HOURS: 36

MAJOR CORE COURSES (30 HOURS)

- EDE 4223 - Creative Experiences: Using Arts-Based Inquiry & Design Thinking for Problem-Based Learning Credit(s): 3
- EDE 4323 - Planning for Instruction of Diverse Learners Credit(s): 3
- EDE 4947 - Clinical Education I Credit(s): 3
- EDF 3122 - Learning and the Developing Child Credit(s): 3
- EDF 4904 (Pending Approval)
- EDF 3604 - Schools and Society Credit(s): 3
- EEX 4084 - Instruction for Exceptional and Diverse Students Credit(s): 3
- RED 4310 - Reading and Learning to Read Credit(s): 3
MAJOR ELECTIVE COURSES (6 HOURS)
Select two (2) courses from the following list.

- EDM 4406 - Contemporary Issues in STEM Education Credit(s): 3
- LAE 4424 - Teaching Children's Literature Credit(s): 3
- SCE 4310 - Teaching Elementary School Science Credit(s): 3
- SSE 4313 - Teaching Elementary (K-6) Social Studies Credit(s): 3
- TSL 4080 - ESOL 1 - Curriculum and Pedagogy of ESOL Credit(s): 3
- TSL 4081 - ESOL 2 - Literacy Development in English Language Learners Credit(s): 3

INTERDISCIPLINARY EDUCATION CONCENTRATIONS (3 COURSES; 9 CREDIT HOURS)
Select One Concentration Area: Criminology, Education, English, Gerontology, History, Leadership, Political Science, Professional and Technical Communication, Psychology, or Sociology.

ENGLISH CONCENTRATION (3 COURSES, 9 CREDIT HOURS)
- AML 3XXX (3 credits)
- ENL 3XXX (3 credits)
- Any 3XXX-4XXX level course with the following prefix: ENG, AML, ENL, LIT (3 credits)

GPA REQUIREMENTS
Students are required to have a 2.5 major GPA and 2.5 USF GPA.

GRADING REQUIREMENTS
Minimum grade of C in all major courses.

RESEARCH OPPORTUNITIES
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES
- EDE 4947 - Clinical Education I Credit(s): 3

INTERDISCIPLINARY EDUCATION B.A., WITH HISTORY CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Education degree leads to a Bachelor of Arts designed for those not seeking positions as classroom teachers, which would require certification through the Elementary Education degree. The Interdisciplinary Education degree shares common courses with the Elementary Education degree; therefore, it is possible to transfer from Elementary Education into Interdisciplinary Education without losing time toward completion.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION STANDARDS FOR THE PROGRAM

The program is designed to start upper-level courses in summer semester for a spring graduation in senior year.

STATE MANDATED COMMON COURSE PREREQUISITES

These prerequisites must be met by USF students with a grade of "C-" as the minimum acceptable grade.

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students should be aware that by university regulation they are obligated to establish academic residency by completing the equivalent of one academic year (30 semester hours) in "on-campus" courses. All undergraduate transfer students electing Forensic Studies as their major will be required, moreover, to take a minimum of 30 credit hours in major coursework at the University of South Florida. The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

EDF X005 Intro. to Education and Field Experience – 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

FOR EDUCATION MAJORS: General education courses will be determined by the community college or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution's existing catalog and delineated in the Statewide Course Numbering System.

TOTAL CREDIT HOURS: 122

TOTAL MAJOR HOURS: 36

MAJOR CORE COURSES (30 HOURS)

- EDE 4223 - Creative Experiences: Using Arts-Based Inquiry & Design Thinking for Problem-Based Learning Credit(s): 3
- EDE 4323 - Planning for Instruction of Diverse Learners Credit(s): 3
- EDE 4947 - Clinical Education I Credit(s): 3
- EDF 3122 - Learning and the Developing Child Credit(s): 3
- EDG 4904 (Pending Approval)
- EDF 3604 - Schools and Society Credit(s): 3
- EEX 4084 - Instruction for Exceptional and Diverse Students Credit(s): 3
- RED 4310 - Reading and Learning to Read Credit(s): 3
MAJOR ELECTIVE COURSES (6 HOURS)
Select two (2) courses from the following list.

- EDM 4406 - Contemporary Issues in STEM Education Credit(s): 3
- LAE 4424 - Teaching Children's Literature Credit(s): 3
- SCE 4310 - Teaching Elementary School Science Credit(s): 3
- SSE 4313 - Teaching Elementary (K-6) Social Studies Credit(s): 3
- TSL 4080 - ESOL 1 - Curriculum and Pedagogy of ESOL Credit(s): 3
- TSL 4081 - ESOL 2 - Literacy Development in English Language Learners Credit(s): 3

INTERDISCIPLINARY EDUCATION CONCENTRATIONS (3 COURSES; 9 CREDIT HOURS)
Select One Concentration Area: Criminology, Education, English, Gerontology, History, Leadership, Political Science, Professional and Technical Communication, Psychology, or Sociology.

HISTORY CONCENTRATION (3 COURSES, 9 CREDIT HOURS)
• Any 3XXX-4XXX level course with the following prefix: AMH, EUH, HIS (9 total credits)

INTERDISCIPLINARY EDUCATION B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS
Students are required to have a 2.5 major GPA and 2.5 USF GPA.

GRADING REQUIREMENTS
Minimum grade of C in all major courses.

RESEARCH OPPORTUNITIES
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student’s official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

TSL 4080 - ESOL 1 - Curriculum and Pedagogy of ESOL Credit(s): 3
TSL 4081 - ESOL 2 - Literacy Development in English Language Learners Credit(s): 3

INTERDISCIPLINARY EDUCATION CONCENTRATIONS (3 COURSES; 9 CREDIT HOURS)
Select One Concentration Area: Criminology, Education, English, Gerontology, History, Leadership, Political Science, Professional and Technical Communication, Psychology, or Sociology.
POT 3003 - Introduction to Political Theory Credit(s): 3
• Any 3XXX-4XXX level course with the following prefix - CPO, POS, POT (2 courses, 6 credits total)

INTERDISCIPLINARY EDUCATION B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS
Students are required to have a 2.5 major GPA and 2.5 USF GPA.

GRADING REQUIREMENTS
Minimum grade of C in all major courses.

RESEARCH OPPORTUNITIES
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

EDE 4947 - Clinical Education I Credit(s): 3

ADVISING INFORMATION
Please contact the academic advisor, Cristyne Ramirez at cristynr@usf.edu.

For prospective and current College of Education students with a home campus of Tampa, please select the following link for information about scheduling an advising appointment: https://www.usf.edu/education/about-us/advising.aspx

SEMESTER 6 (SUMMER)

General/Unrestricted Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3

Total Credit Hours: 9

YEAR 3

SEMESTER 7 (FALL)

- RED 4333 - Content Area Reading Credit(s): 3
- EDF 3604 - Schools and Society Credit(s): 3
- EDF 3122 - Learning and the Developing Child Credit(s): 3
- EDE 4223 - Creative Experiences: Using Arts-Based Inquiry & Design Thinking for Problem-Based Learning Credit(s): 3
- TSL 4240 - Applied Linguistics in Teaching Diverse Students Credit(s): 3
- Pass GKT Exam via FL DOE

Total Credit Hours: 15

SEMESTER 8 (SPRING)

- EEX 4084 - Instruction for Exceptional and Diverse Students Credit(s): 3
- RED 4310 - Reading and Learning to Read Credit(s): 3
- EDE 4323 - Planning for Instruction of Diverse Learners Credit(s): 3
- Major Elective Credit(s): 3
- Major Elective Credit(s): 3

Total Credit Hours: 15

SEMESTER 9 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 4

SEMESTER 10 (FALL)

- EDE 4947 - Clinical Education I Credit(s): 3
- Interdisciplinary Education Concentration Core Credit(s): 3
- Interdisciplinary Education Concentration Core Credit(s): 3
- Interdisciplinary Education Concentration Core Credit(s): 3
- General Elective Credit(s): 3

Total Credit Hours: 15
SEMESTER 11 (SPRING)

EDG 4909 - Directed Studies Credit(s): 1-4 (Students must take for 3 credit hours)
General/Unrestricted Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3
General Elective Credit(s): 1

* Apply for Graduation

Total Credit Hours: 13
NOTES:
SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
Items that are critical are marked with a ✴️ and are included in the plan for a student to stay on track.

YEAR 1

SEMESTER 1 (FALL)

✴️ Submit passing GKT scores before first term
✴️ RED 4333 - Content Area Reading Credit(s): 3
EDF 3604 - Schools and Society Credit(s): 3
EDF 3122 - Learning and the Developing Child Credit(s): 3
EDE 4223 - Creative Experiences: Using Arts-Based Inquiry & Design Thinking for Problem-Based Learning Credit(s): 3
TSL 4240 - Applied Linguistics in Teaching Diverse Students Credit(s): 3

Total Credit Hours: 15

SEMESTER 2 (SPRING)

EEX 4084 - Instruction for Exceptional and Diverse Students Credit(s): 3
RED 4310 - Reading and Learning to Read Credit(s): 3
✴️ EDE 4323 - Planning for Instruction of Diverse Learners Credit(s): 3
Major Elective Credit(s): 3
Major Elective Credit(s): 3

Total Credit Hours: 15

SEMESTER 3 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 2

SEMESTER 4 (FALL)

EDE 4947 - Clinical Education I Credit(s): 3
Interdisciplinary Emphasis Elective Credit(s): 3
Interdisciplinary Emphasis Elective Credit(s): 3
Interdisciplinary Emphasis Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3

Total Credit Hours: 15
SEMESTER 5 (SPRING)

EDE 4909 - Directed Study: Elementary Education  Credit(s): 1-3  (Must be taken for 3 credit hours)
General/Unrestricted Elective  Credit(s): 3
General/Unrestricted Elective  Credit(s): 3
General/Unrestricted Elective  Credit(s): 3
General/Unrestricted Elective  Credit(s): 3
Apply for Graduation

Total Credit Hours: 15
INTERDISCIPLINARY EDUCATION B.A., WITH PROFESSIONAL AND TECHNICAL COMMUNICATION CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Education degree leads to a Bachelor of Arts designed for those not seeking positions as classroom teachers, which would require certification through the Elementary Education degree. The Interdisciplinary Education degree shares common courses with the Elementary Education degree; therefore, it is possible to transfer from Elementary Education into Interdisciplinary Education without losing time toward completion.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requ"requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION STANDARDS FOR THE PROGRAM

The program is designed to start upper-level courses in summer semester for a spring graduation in senior year.

STATE MANDATED COMMON COURSE PREREQUISITES

These prerequisites must be met by USF students with a grade of "C-" as the minimum acceptable grade.

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students should be aware that by university regulation they are obligated to establish academic residency by completing the equivalent of one academic year (30 semester hours) in "on-campus" courses. All undergraduate transfer students electing Forensic Studies as their major will be required, moreover, to take a minimum of 30 credit hours in major coursework at the University of South Florida. The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

EDF X005 Intro. to Education and Field Experience – 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

FOR EDUCATION MAJORS: General education courses will be determined by the community college or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution's existing catalog and delineated in the Statewide Course Numbering System.

TOTAL CREDIT HOURS: 122

TOTAL MAJOR HOURS: 36

MAJOR CORE COURSES (30 HOURS)

- EDE 4223 - Creative Experiences: Using Arts-Based Inquiry & Design Thinking for Problem-Based Learning Credit(s): 3
- EDE 4323 - Planning for Instruction of Diverse Learners Credit(s): 3
- EDE 4947 - Clinical Education I Credit(s): 3
- EDF 3122 - Learning and the Developing Child Credit(s): 3
- EDF 4904 (Pending Approval)
- EDF 3604 - Schools and Society Credit(s): 3
- EEX 4084 - Instruction for Exceptional and Diverse Students Credit(s): 3
RED 4310 - Reading and Learning to Read Credit(s): 3
RED 4333 - Content Area Reading Credit(s): 3
TSL 4240 - Applied Linguistics in Teaching Diverse Students Credit(s): 3

MAJOR ELECTIVE COURSES (6 HOURS)
Select two (2) courses from the following list.
- EDM 4406 - Contemporary Issues in STEM Education Credit(s): 3
- LAE 4424 - Teaching Children's Literature Credit(s): 3
- SCE 4310 - Teaching Elementary School Science Credit(s): 3
- SSE 4313 - Teaching Elementary (K-6) Social Studies Credit(s): 3
- TSL 4080 - ESOL 1 - Curriculum and Pedagogy of ESOL Credit(s): 3
- TSL 4081 - ESOL 2 - Literacy Development in English Language Learners Credit(s): 3

INTERDISCIPLINARY EDUCATION CONCENTRATIONS (3 COURSES; 9 CREDIT HOURS)
Select One Concentration Area: Criminology, Education, English, Gerontology, History, Leadership, Political Science, Professional and Technical Communication, Psychology, or Sociology.

PROFESSIONAL & TECHNICAL COMMUNICATION CONCENTRATION (3 COURSES, 9 CREDIT HOURS)
- ENC 3250 - Professional Writing Credit(s): 3
- Any 3XXX-4XXX level course with ENC prefix (2 courses, 6 credits total)

INTERDISCIPLINARY EDUCATION B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS
Students are required to have a 2.5 major GPA and 2.5 USF GPA.

GRADING REQUIREMENTS
Minimum grade of C in all major courses.

RESEARCH OPPORTUNITIES
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

Apply for Graduation

Total Credit Hours: 15
INTERDISCIPLINARY EDUCATION B.A., WITH SOCIOLOGY CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Education degree leads to a Bachelor of Arts designed for those not seeking positions as classroom teachers, which would require certification through the Elementary Education degree. The Interdisciplinary Education degree shares common courses with the Elementary Education degree; therefore, it is possible to transfer from Elementary Education into Interdisciplinary Education without losing time toward completion.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION STANDARDS FOR THE PROGRAM

The program is designed to start upper-level courses in summer semester for a spring graduation in senior year.

STATE MANDATED COMMON COURSE PREREQUISITES

These prerequisites must be met by USF students with a grade of "C-" as the minimum acceptable grade.

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students should be aware that by university regulation they are obligated to establish academic residency by completing the equivalent of one academic year (30 semester hours) in "on-campus" courses. All undergraduate transfer students electing Forensic Studies as their major will be required, moreover, to take a minimum of 30 credit hours in major coursework at the University of South Florida. The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

EDF X005 Intro. to Education and Field Experience – 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

FOR EDUCATION MAJORS: General education courses will be determined by the community college or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution's existing catalog and delineated in the Statewide Course Numbering System.

TOTAL CREDIT HOURS: 122

TOTAL MAJOR HOURS: 36

MAJOR CORE COURSES (30 HOURS)

- EDE 4223 - Creative Experiences: Using Arts-Based Inquiry & Design Thinking for Problem-Based Learning Credit(s): 3
- EDE 4323 - Planning for Instruction of Diverse Learners Credit(s): 3
- EDE 4947 - Clinical Education I Credit(s): 3
- EDF 3122 - Learning and the Developing Child Credit(s): 3
- EDF 4904 (Pending Approval)
- EDF 3604 - Schools and Society Credit(s): 3
- EEX 4084 - Instruction for Exceptional and Diverse Students Credit(s): 3
- RED 4310 - Reading and Learning to Read Credit(s): 3
RED 4333 - Content Area Reading Credit(s): 3
TSL 4240 - Applied Linguistics in Teaching Diverse Students Credit(s): 3

MAJOR ELECTIVE COURSES (6 HOURS)

Select two (2) courses from the following list.

- EDM 4406 - Contemporary Issues in STEM Education Credit(s): 3
- LAE 4424 - Teaching Children's Literature Credit(s): 3
- SCE 4310 - Teaching Elementary School Science Credit(s): 3
- SSE 4313 - Teaching Elementary (K-6) Social Studies Credit(s): 3
- TSL 4080 - ESOL 1 - Curriculum and Pedagogy of ESOL Credit(s): 3
- TSL 4081 - ESOL 2 - Literacy Development in English Language Learners Credit(s): 3

INTERDISCIPLINARY EDUCATION CONCENTRATIONS (3 COURSES; 9 CREDIT HOURS)

Select One Concentration Area: Criminology, Education, English, Gerontology, History, Leadership, Political Science, Professional and Technical Communication, Psychology, or Sociology.

SOCIOCY CONCENTRATION (3 COURSES, 9 CREDIT HOURS)

- SYA 3110 - Classical Theory Credit(s): 3
  - Any 3XXX-4XXX level course with the following prefix: SYA, SYD, SYG, SYO, SYP (2 courses, 6 credit hours total)

INTERDISCIPLINARY EDUCATION B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Students are required to have a 2.5 major GPA and 2.5 USF GPA.

GRADING REQUIREMENTS

Minimum grade of C in all major courses.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

- EDE 4947 - Clinical Education I Credit(s): 3

MATHEMATICS EDUCATION B.A.

TOTAL DEGREE HOURS: 120

The Bachelors in Mathematics Education program explores educational foundations, methods, and theory and practice of teaching mathematics at grades 6-12. This program is designed to prepare effective teachers of middle and high school mathematics who are knowledgeable, reflective, caring, and are able to meet the needs of a diverse student population.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION REQUIREMENTS

Students seeking admission to this program must meet the following Department of Education's Teacher Educator Certification requirements:

- Successful admission to the University of South Florida
- An application to the College of Education's Teacher Preparation Programs
- A minimum overall GPA of 2.50 (on a 4.0 scale)
- Completion of or enrollment in appropriate prerequisite coursework for the student’s intended major.

Applications can be found at https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

- EDF X005 Introduction to Education and Field Experience - 3 credit hours
- MAC X311 Calculus I - 4 credit hours
- MAC X312 Calculus II - 4 credit hours
- MAC X000-X999 or MTG X000-X999 or MAS X000-X999 - 4 credit hours

A minimum of 6 semester hours with an international or diversity focus is required. Eligible courses will be determined by the community college or university where the student is currently earning the Associate in Arts or baccalaureate degree. Foreign language courses may be used to meet this requirement.
FOR EDUCATION MAJORS: General education courses will be determined by the college or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution’s existing catalog and delineated in the Statewide Course Numbering System.

MATHEMATICS EDUCATION B.A./B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Students must maintain an overall GPA of 2.5 to continue to the next term. In addition, students in educator preparation programs must also earn a minimum 2.5 GPA in their professional core and specialization coursework to continue to the next term.
GRADING REQUIREMENTS

Students are required to earn a C- or higher in all upper-level major coursework.

RESIDENCY REQUIREMENTS

A student must complete 32 hours of major coursework at USF to meet residency requirements.

INTERNSHIP OPPORTUNITIES

Students enrolled in courses requiring field experience (Practicum & Internship courses) are required to undergo a background check and fingerprinting.

ACCREDITATION

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

The Bachelors in Mathematics Education program explores educational foundations, methods, and theory and practice of teaching mathematics at grades 6-12. This program is designed to prepare effective teachers of middle and high school mathematics who are knowledgeable, reflective, caring, and able to meet the needs of a diverse student population.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION REQUIREMENTS

Students seeking admission to this program must meet the following Department of Education's Teacher Educator Certification requirements:

- Earn a 2.5 overall GPA;
- Complete all general education and state mandated common prerequisite courses with a C- or higher in each;
- Pass all sections of the General Knowledge Test. Information can be found at https://www.usf.edu/education/academics/teacher-certification/general-knowledge-test.aspx;
- Submit an application to Student Academic Services, EDU 106, 813-974-2979.

Applications can be found at https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx.

Students must complete General Education and the General Knowledge Test before admission to a teacher preparation program (see http://www.leg.state.fl.us/statutes/index.cfm?App_mode=Display_Statute&Search_String=&URL=1000-1099/1004/Sections/1004.04.html).

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- **EDF X005 Introduction to Education and Field Experience** - 3 credit hours
- **MAC X311 Calculus I** - 4 credit hours
- **MAC X312 Calculus II** - 4 credit hours
- **MAC X000-X999 or MTG X000-X999 or MAS X000-X999** - 4 credit hours
A minimum of 6 semester hours with an international or diversity focus is required. Eligible courses will be determined by the community college or university where the student is currently earning the Associate in Arts or baccalaureate degree. Foreign language courses may be used to meet this requirement.

FOR EDUCATION MAJORS: General education courses will be determined by the college or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution's existing catalog and delineated in the Statewide Course Numbering System.

MATHEMATICS EDUCATION B.S.

TOTAL DEGREE HOURS: 120

The Bachelors in Mathematics Education program explores educational foundations, methods, and theory and practice of teaching mathematics at grades 6-12. This program is designed to prepare effective teachers of middle and high school mathematics who are knowledgeable, reflective, caring, and are able to meet the needs of a diverse student population.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx

Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx

International: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION REQUIREMENTS

Students seeking admission to this program must meet the following Department of Education's Teacher Educator Certification requirements:

- Successful admission to the University of South Florida
- An application to the College of Education’s Teacher Preparation Programs
- A minimum overall GPA of 2.50 (on a 4.0 scale)
- Completion of or enrollment in appropriate prerequisite coursework for the student’s intended major.

Applications can be found at https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education and Field Experience - 3 credit hours
- MAC X311 Calculus I - 4 credit hours
- MAC X312 Calculus II - 4 credit hours
- MAC X000-X999 or MTG X000-X999 or MAS X000-X999 - 4 credit hours

A minimum of 6 semester hours with an international or diversity focus is required. Eligible courses will be determined by the community college or university where the student is currently earning the Associate in Arts or baccalaureate degree. Foreign language courses may be used to meet this requirement.
FOR EDUCATION MAJORS: General education courses will be determined by the college or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution's existing catalog and delineated in the Statewide Course Numbering System.

SCIENCE EDUCATION B.A., WITH BIOLOGY EDUCATION CONCENTRATION

TOTAL DEGREE HOURS: 120

Science Education explores educational foundations and methods to prepare educators in middle and secondary schools. It also explores the theory and practice of teaching science education. The objective is to prepare reflective and caring educators for a career in middle and high schools.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION REQUIREMENTS

Admission to an educator preparation program is contingent upon meeting the following Department of Education’s Teacher Educator Certification requirements:

- Successful admission to the University of South Florida
- An application to the College of Education’s Teacher Preparation Programs
- A minimum overall GPA of 2.50 (on a 4.0 scale)
- Completion of or enrollment in appropriate prerequisite coursework for the student’s intended major.

Applications can be found at https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx

STATE MANDATED COMMON COURSE PREREQUISITES - SCIENCE EDUCATION B.A./B.S., WITH BIOLOGY CONCENTRATION

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- **EDF X005** Introduction to Education and Field Experience - 3 credit hours
- \([\text{BSC X010 and BSC X010L} \text{ and } \text{BSC X011 and BSC X011L}] \) or **BSC X011C** - 4-8 total credit hours
- Select one of the following options
  - **CHM X045C** - 4 credit hours
  - **PHY X048C** - 4 credit hours
  - **CHM X046C** - 4 credit hours
  - **PHY X049C** - 4 credit hours
  - **CHM X045 and CHM X045L** - 4 credit hours
  - **CHM X046** and **CHM X046L** - 4 credit hours
PHY X048 and PHY X048L - 4 credit hours
PHY X049 and PHY X049L - 4 credit hours
PHY X053 and PHY X053L - 4 credit hours
PHY X054 and PHY X054L - 4 credit hours
MAC X241 Life Sciences Calculus I - 3 credit hours

A minimum of 6 semester hours with an international or diversity focus is required.

Eligible courses will be determined by the community college or university where the student is currently earning the Associate in Arts or baccalaureate degree. Foreign language courses may be used to meet this requirement.

FOR EDUCATION MAJORS: General education courses will be determined by the community college or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution's existing catalog and delineated in the Statewide Course Numbering System.

SCIENCE EDUCATION B.A./B.S. TOTAL MAJOR HOURS: 35

MAJOR CORE: 35 HOURS

BIOLOGY EDUCATION CONCENTRATION

REQUIRED SUPPORTING COURSES FOR THE CONCENTRATION (16 CREDIT HOURS)

The following courses are supporting courses for this concentration. They are required for the concentration, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

Students must receive a C- or better to meet the major requirements.

Note: * These courses only need to be taken if they were not chosen as the State Mandated Common Course Prerequisite Option.

BSC 2010 - Cellular Processes Credit(s): 3
BSC 2010L - Cellular Processes Laboratory Credit(s): 1
BSC 2011 - Biodiversity Credit(s): 3

SCIENCE EDUCATION B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS
Once admitted, students must maintain a 2.5 overall GPA and earn a 2.5 in all upper-level coursework in the major including Core and Specialization courses.

GRADING REQUIREMENTS
Students must earn a C- or higher in all upper-level courses in the major.
Students must receive a C- or better to meet the major requirements.

RESEARCH OPPORTUNITIES
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNESHIP OPPORTUNITIES
All students will enroll in multiple clinical experiences throughout the program which will provide them with the opportunity to engage in the practice of teaching.

ACCREDITATION
This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

- TGEH - High Impact Practice Credit(s): 3
  
  Apply for Graduation
  
  Total Credit Hours: 12
SCIENCE EDUCATION B.A., WITH PHYSICS EDUCATION CONCENTRATION

TOTAL DEGREE HOURS: 120

Science Education explores educational foundations and methods to prepare educators in middle and secondary schools. It also explores the theory and practice of teaching science education. The objective is to prepare reflective and caring educators for a career in middle and high schools.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION REQUIREMENTS

Admission to an educator preparation program is contingent upon meeting the following Department of Education’s Teacher Educator Certification requirements:

- Successful admission to the University of South Florida
- An application to the College of Education’s Teacher Preparation Programs
- A minimum overall GPA of 2.50 (on a 4.0 scale)
- Completion of or enrollment in appropriate prerequisite coursework for the student’s intended major.

Applications can be found at https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx

STATE MANDATED COMMON COURSE PREREQUISITES - SCIENCE EDUCATION B.A./B.S., WITH PHYSICS CONCENTRATION

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- **EDF X005 Introduction to Education and Field Experience** - 3 credit hours
- **MAC X311 Calculus I** - 4 credit hours
- **MAC X312 Calculus II** - 4 credit hours
- **MAC X313 Calculus III** - 4 credit hours
  - [(CHM X045 and CHM X045L) and (CHM X046 and CHM X046L)] or (CHM X045C and CHM X046C) - 8 total credit hours
  - [(PHY X048 and PHY X048L) and (PHY X049 and PHYX049L)] or (PHY X048C and PHY X049C) - 8-10 total credit hours
A minimum of 6 semester hours with an international or diversity focus is required.

Eligible courses will be determined by the community college or university where the student is currently earning the Associate in Arts or baccalaureate degree. Foreign language courses may be used to meet this requirement.

FOR EDUCATION MAJORS: General education courses will be determined by the community college or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution’s existing catalog and delineated in the Statewide Course Numbering System.

SCIENCE EDUCATION B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Once admitted, students must maintain a 2.5 overall GPA and earn a 2.5 in all upper-level coursework in the major including Core and Specialization courses.

GRADING REQUIREMENTS

Students must earn a C- or higher in all upper-level courses in the major.

Students must receive a C- or better to meet the major requirements.

RESEARCH OPPORTUNITIES
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

All students will enroll in multiple clinical experiences throughout the program which will provide them with the opportunity to engage in the practice of teaching.

ACCREDITATION

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

  Apply for Graduation

Total Credit Hours: 12
SCIENCE EDUCATION B.S., WITH CHEMISTRY EDUCATION CONCENTRATION

TOTAL DEGREE HOURS: 120

Science Education explores educational foundations and methods to prepare educators in middle and secondary schools. It also explores the theory and practice of teaching science education. The objective is to prepare reflective and caring educators for a career in middle and high schools.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION REQUIREMENTS

Admission to an educator preparation program is contingent upon meeting the following Department of Education's Teacher Educator Certification requirements:

- Successful admission to the University of South Florida
- An application to the College of Education's Teacher Preparation Programs
- A minimum overall GPA of 2.50 (on a 4.0 scale)
- Completion of or enrollment in appropriate prerequisite coursework for the student’s intended major.

Applications can be found at https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx

STATE MANDATED COMMON COURSE PREREQUISITES - SCIENCE EDUCATION B.A./B.S., WITH CHEMISTRY CONCENTRATION

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education and Field Experience - 3 credit hours
- MAC X311 Calculus I - 4 credit hours
  - [(CHM X045 and CHM X045L) and (CHM X046 and CHM X046L)] - 8 total credit hours
  - [(PHY X048 and PHY X048L) and (PHY X049 and PHY X049L)] or [(PHY X053 and PHY X053L) and (PHY X054 and PHY X054L)] or (PHY X048C and PHY X049C) or (PHY X053C and PHY X054C) - 8-10 total credit hours

A minimum of 6 semester hours with an international or diversity focus is required.
Eligible courses will be determined by the community college or university where the student is currently earning the Associate in Arts or baccalaureate degree. Foreign language courses may be used to meet this requirement.

FOR EDUCATION MAJORS: General education courses will be determined by the community college or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution's existing catalog and delineated in the Statewide Course Numbering System.

SCIENCE EDUCATION B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Once admitted, students must maintain a 2.5 overall GPA and earn a 2.5 in all upper-level coursework in the major including Core and Specialization courses.

GRADING REQUIREMENTS

Students must earn a C- or higher in all upper-level courses in the major.
Students must receive a C- or better to meet the major requirements.

RESEARCH OPPORTUNITIES
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

**INTERNSHIP OPPORTUNITIES**

All students will enroll in multiple clinical experiences throughout the program which will provide them with the opportunity to engage in the practice of teaching.

**ACCREDITATION**

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

Total Credit Hours: 13
SEMESTER 5 (SPRING)

TGEH - High Impact Practice Credit(s): 3
SCE 4936 - Senior Seminar in Science Education Credit(s): 3 (Students take this course for 9 hours)
Apply for Graduation

Total Credit Hours: 12
SOCIAL SCIENCE EDUCATION B.S.

TOTAL DEGREE HOURS: 120

Social Science Education explores educational foundations and methods to prepare educators in middle and secondary schools. It also explores the theory and practice of teaching social science education. The objective is to prepare reflective and caring educators. Prepares students for a career in middle and high schools.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION REQUIREMENTS

Admission to an educator preparation program is contingent upon meeting the following Department of Education's Teacher Educator Certification requirements:

- Successful admission to the University of South Florida
- An application to the College of Education’s Teacher Preparation Programs
- A minimum overall GPA of 2.50 (on a 4.0 scale)
- Completion of or enrollment in appropriate prerequisite coursework for the student’s intended major.

Applications can be found at https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education and Field Experience - 3 credit hours
- AMH X010 American History I - 3 credit hours
- AMH X020 American History II - 3 credit hours
- POS X041 American National Government - 3 credit hours
- ECO X000-X999 or SYG X000-X999 or ANT X000-X999 or PSY X000-X999 or GEA X000-X999 - 3 credit hours

A minimum of 6 semester hours with an international or diversity focus is required. Eligible courses will be determined by the Florida College System institution or university where the student is currently earning the Associate in Arts or baccalaureate degree. Foreign language courses may be used to meet this requirement.
FOR EDUCATION MAJORS: General education courses will be determined by the community college or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution's existing catalog and delineated in the Statewide Course Numbering System.

TOTAL MAJOR HOURS: 87

- SSE 4333 - Teaching Middle Grades Social Science Credit(s): 3
SSE 4334 - Teaching Secondary Grades Social Science Credit(s): 3
SSE 4335 - Teaching Social Science Themes Credit(s): 3 *
SSE 4333 - Global and Multicultural Perspectives in Education Credit(s): 3
SSE 4600 - Reading and Basic Skills in the Social Studies Class Credit(s): 3
SSE 4936 - Senior Seminar in Social Science Education Credit(s): 3
SSE 4940 - Internship: Social Science Education Credit(s): 9 **
  *SSE 4333 must be successfully completed prior to SSE 4335.
  **Only SSE 4936 can be taken at the same time as SSE 4940.

GPA REQUIREMENTS

Once admitted, students must maintain a 2.5 overall GPA and earn a 2.5 in all upper-level coursework in the major including Core and Specialization courses.

GRADING REQUIREMENT

Students must earn a C- or higher in all upper-level courses in the major.

RESIDENCY REQUIREMENT

Students must successfully complete at least 50 percent (50%) of the required courses in the major in courses offered by USF conferring the degree. In cases of hardship or lack of course availability, individual exceptions may be approved by the respective college Dean or designee to help ensure timely graduation.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

SSE 4334 - Student observations take place in assigned schools, Criminal Background Clearance not required
SSE 4335 - Students teach on multiple occasions in assigned Middle or High School, Current Criminal Background Clearance required
SSE 4940 - Students teach full-time in assigned middle or high school, Current Criminal Background Clearance required

ACCREDITATION

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

EDUCATION MINOR

This minor in Education is approved by the Florida Department of Education to provide professional preparation according to Rule 6A-5.066, F.A.C., for those who seek an approved alternative route to Florida Certification. The minor builds understanding of learners and learning for those earning a baccalaureate degree in a discipline other than education. The program complements discipline expertise by building knowledge and skills of effective teaching. The minor provides rigorous instruction in creating a safe learning environment in P-12 classrooms, effective instructional planning and teaching strategies for diverse learners, and using assessment data to inform instruction with field experiences incorporated into coursework. The coursework will build understanding of learning and learners in the prekindergarten-grade 12 environment. Thus, participants in this minor will develop understanding and skill in how to teach their discipline. The minor does not need to be declared. A student wishing to receive a minor in Education should complete the course requirements described under "Required Courses." Successful completion of the Minor in Education results in the following endorsement on the student's transcript: "Completed State-Approved Professional Training Option."

MINOR REQUIREMENTS

MINOR CORE COURSES (18 CREDIT HOURS)

- ESE 4322 - Classroom Management for Diverse School and Society Credit(s): 3
  - Subsequent credit for ESE 5344 is not permitted.
- EDF 3122 - Learning and the Developing Child Credit(s): 3
  - Education majors or minors only
- EDF 4430 - Measurement for Teachers Credit(s): 3
  - Education majors or minors only
  - See advisor to waive prerequisites
- EDE 4323 - Planning for Instruction of Diverse Learners Credit(s): 3
  - See advisor to waive prerequisites
- RED 4333 - Content Area Reading Credit(s): 3
- TSL 4344 - Foundations of Teaching ESOL in Mainstream Classes Credit(s): 3
  - NOTE: TSL 4240 - Applied Linguistics in Teaching Diverse Students can be taken as a prerequisite or corequisite

ADVISING INFORMATION

Contact: Cristyne Ramirez
Email: cristynr@usf.edu
Website: http://www.usfsm.edu/academics/academic-resources/academic-advising/

To schedule an advising appointment:

Prospective or current students with an active UID can schedule an appointment online: https://usf.appiancloud.com/suite/sites/archivum/page/archivum/report/daQEig

Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major: https://usf.appiancloud.com/suite/sites/archivum/page/archivum/report/daQEig
FOREIGN LANGUAGE EDUCATION MINOR

TOTAL MINOR HOURS: 12

This undergraduate minor in Foreign Language Education may be of interest to students who are getting a bachelor's degree in another field and may be interested in teaching a foreign language in the future. This minor would give the student a foundation in methods of teaching a foreign or second language. Please note that the minor in Foreign Language Education does not result in Florida teaching certification.

MINOR CORE (12 HOURS)

- TSL 4324 - ESOL Competencies and Strategies Credit(s): 1-3
- FLE 4333 - Methods of Teaching Foreign Languages and ESOL in the Secondary School Credit(s): 3
- FLE 4314 - Methods of Teaching Foreign Languages and ESOL in the Elementary School Credit(s): 3
- FLE 4290 - Technology in the Foreign and Second Language Classroom Credit(s): 3

GPA REQUIREMENTS

Students must earn an overall GPA of 2.0.

GRADING REQUIREMENTS

Students must earn a C- or higher in all courses in the minor.

ADVISING INFORMATION

To schedule an advising appointment:

Prospective or current students with an active UID can schedule an appointment online: https://usf.appiancloud.com/suite/sites/archivum/page/archivum/report/daQEig

Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major: https://www.usf.edu/undergrad/students/advising.aspx
GLOBAL STUDIES IN EDUCATION MINOR

TOTAL MINOR HOURS: 15

CERTIFIED GLOBAL PATHWAY PROGRAM

This program has been certified as a Global Pathway. Global Pathway programs have significant global content and align with the goals of USF’s Quality Enhancement Plan, the Global Citizens Program. Students in Global Pathway programs are well positioned to earn the Global Citizen Award and become eligible to apply for a study abroad scholarship offered by the Global Citizens Project.

MINOR REQUIREMENTS

MINOR CORE (9 CREDIT HOURS)

- EDF 3514 - History of Education in the United States Credit(s): 3
- EEX 4742 - Narrative Perspectives on Exceptionality: Cultural and Ethical Issues Credit(s): 3
- EDF 4490 - Global Studies in Research Design Credit(s): 3

MINOR ELECTIVES (6 CREDIT HOURS)

Choose two electives from the following list.

- EDF 3604 - Schools and Society Credit(s): 3
- SYO 4250 - Sociology of Education Credit(s): 3
- DEP 4053 - Developmental Psychology Credit(s): 3
- EDF 3122 - Learning and the Developing Child Credit(s): 3
- EDF 3214 - Human Development and Learning Credit(s): 3
- EDF 4124 - Child Growth and Learning Credit(s): 3
- SSE 4380 - Global and Multicultural Perspectives in Education Credit(s): 3
- EDF 2005 - Introduction to the Teaching Profession Credit(s): 3
- EDF 2085 - Education, Diversity, and Global Society Credit(s): 3
- EDG 4909 - Directed Studies Credit(s): 1-4
- EVT 4651 - Equity in Schools and the Workplace Credit(s): 3

GPA REQUIREMENTS

Student must earn an overall GPA of 2.0.

GRADING REQUIREMENTS

Students must earn a C- or higher in all courses.

OTHER REQUIREMENTS

Students seeking to substitute a course they have taken or are planning to take for one of the electives listed below should consult with an academic advisor in Student Academic Services, EDU 106, 813-974-2979.

ADVISING INFORMATION

To schedule an advising appointment:

Prospective or current students with an active UID can schedule an appointment online: https://usf.appiancloud.com/suite/sites/archivum/page/archivum/report/daQEig
Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major:
https://www.usf.edu/undergrad/students/advising.aspx
The Professional Training Option (PTO) is an approved alternative teacher certification program designed for students interested in teaching at the secondary level in English, Social Science, or Science in the State of Florida. Qualified majors include: English, Journalism, History, Political Science, Biology, Psychology, and Environmental Science and Policy, and World Languages.

**GRADUATION REQUIREMENTS FOR THE PROGRAM**

Passing General Knowledge Test (GKT) scores must be submitted prior to graduation.

Certification requires submission of transcripts to the Florida Department of Education, as passing scores on the Professional Education Test and appropriate Subject Area portion of the Florida Teacher Certification Examination (FTCE). For more on testing, please see www.fl.nesinc.com.

**MINOR REQUIREMENTS (21 CREDIT HOURS)**

**MINOR CORE (21 CREDIT HOURS)**

Coursework completed in clusters. You must finish one cluster before moving to the next:

**FIRST CLUSTER**
- EEX 4070 - Integrating Exceptional Students in the Regular Classroom Credit(s): 2-3
- FLE 4317 - Teaching Students with Limited English Proficiency Credit(s): 3

**SECOND CLUSTER**
- EDG 4909 - Directed Studies Credit(s): 1-4
- ESE 4341 - Secondary Teaching Methods Credit(s): 3
- EDF 4430 - Measurement for Teachers Credit(s): 3
  
  or
  
  EDF 4440 - Measurement Concepts and Assessment of All Students Credit(s): 4

**THIRD CLUSTER**
- ESE 4322 - Classroom Management for Diverse School and Society Credit(s): 3
- EDG 4941 - Practicum in Secondary Teaching Credit(s): 3
  
  Note: Both courses should be taken concurrently in final semester of minor completion.

**GPA REQUIREMENTS**

An overall minimum GPA of 2.50 on all attempted hours.

A minimum 2.5 GPA is required in all coursework.

**GRADING REQUIREMENTS**

A minimum grade of C- is required in all coursework.

**ADVISING INFORMATION**

Location: Heller Hall 203 (St. Petersburg campus)
Contact person(s) – Dr. Deanna Bullard

Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major:
https://www.usf.edu/undergrad/students/advising.aspx
DEPARTMENT OF EDUCATIONAL AND PSYCHOLOGICAL STUDIES
EXERCISE SCIENCE B.S.

TOTAL DEGREE HOURS: 120

Exercise Science includes the study of the biological and behavioral aspects of exercise, fitness assessment and exercise prescription, behavior modification, and the clinical aspects of exercise. The Exercise Science major integrates classroom study with hands-on practical experiences. The major is structured such that graduates qualify for professional certifications such as ACSM's Certified Exercise Physiologist, and NSCA's Certified Strength and Conditioning Specialist, and for positions relating to health promotion, strength and conditioning, clinical rehabilitation, personal fitness training, and sport performance. In addition, the Exercise Science major prepares students for admissions to professional schools such as physical therapy, physician assistant, occupational therapy, chiropractic and athletic training.

Students who successfully complete the undergraduate Exercise Science major earn a Bachelor of Science in Exercise Science.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following URLs:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

LIMITED ACCESS

The Exercise Science major is limited access and enrollment is limited to 36 students each fall semester. Selection of the 36 students is based on the admission criteria below.

GUIDELINES FOR APPLYING TO THE COLLEGE OF EDUCATION EXERCISE SCIENCE MAJOR

These guidelines apply to all students seeking admission to the major regardless of whether they are seeking General or Early Admissions.

OVERVIEW OF ADMISSIONS PROCESS

Students seeking admission to the major must be admitted to USF. If admitted to the program, their home campus will change to Tampa.

The Exercise Science major is a limited access major. As such, students are not guaranteed admission. Exercise Science admits only 36 students each fall, and admission to the major is competitive.

Admissions are available through two mechanisms: Early Admissions and General Admissions. Both are detailed below.

Completed applications should be submitted to Student Academic Services, EDU 106/Fax 813-974-3391. Transfer students applying to the major should submit unofficial transcripts along with the College of Education Exercise Science Application.

CRITERIA FOR EARLY ADMISSIONS

Students must apply by June 1 and fulfill the following criteria to be considered for Early Admissions:

- Attainment of minimum of 3.0 overall GPA.
- Completion of at least 5 of the 7 prerequisite requirements and attainment of a minimum grade of a B or higher in each:
  - (CHM X045 and CHM X045L) or CHM X030 or CHM X045C – 4 credit hours
  - HUN X201 or HSC X100 – 3 credit hours
(BSC X085 and BSC X085L) or (PET X322 and PET X322L) or (BSC X093 and BSC X093L) or APK X100C or
BSC X085C or BSC X093C – 3-4 credit hours
APX 105C or (BSC X086 and BSC X086L) or (BSC X094 and BSC X094L) or PET X323C – 4 credit hours
STA X023 or MAC X147 – 4 credit hours
MAC X105 or MAC X140 or MAC X147 or MAC X311 – 4 credit hours
SPC X608 – 3 credit hours

All remaining prerequisites must be completed no later than the second Friday in August prior to the first day of fall classes. Transfer students are advised to submit unofficial transcripts to Student Academic Services reflecting the remaining prerequisites by second Friday in August.

Selection of students for Early Admissions is based on overall GPA. No more than 30 students with the highest overall GPAs will be admitted via Early Admissions. If an Early Admit is unable to fulfill the remaining prerequisites as outlined above, Early Admissions will be revoked and the applicant will be considered among the General Admissions pool. Applicants not admitted via Early Admissions will be considered among the General Admissions pool.

CRITERIA FOR GENERAL ADMISSIONS

Students must apply by July 25 and fulfill the following minimum requirements to be considered for General Admissions:

- Attainment of minimum 2.5 overall GPA.
- Completion of and attainment of a minimum of a C- grade or higher in the following prerequisite courses no later than the second Friday in August prior to the first day of fall classes.
- CHM X045 and CHM X045L or CHM X030 or CHM X045C – 4 credit hours
- HUN X201 or HSC X100 – 3 credit hours
- (BSC X085 and BSC X085L) or (PET X322 and PET X322L) or (BSC X093 and BSC X093L) or APK X100C or
  BSC X085C or BSC X093C – 3-4 credit hours
- APX 105C or (BSC X086 and BSC X086L) or (BSC X094 and BSC X094L) or PET X323C – 4 credit hours
- STA X023 or MAC X147 – 4 credit hours
- MAC X105 or MAC X140 or MAC X147 or MAC X311 – 4 credit hours
- SPC X608 – 3 credit hours

Selection of students for General Admissions is based on overall GPA and seats remaining. Those students with the highest overall GPAs will be admitted and a wait list will be formed as needed.

REQUIREMENTS AFTER ADMISSION

By August 1st, students will be informed if they have been accepted into the major. Students accepted into the major must inform the College of Education’s advising office by August 15th whether they will be enrolling in fall exercise science courses. Once admitted, students are required to meet the following requirements:

- Complete an online College of Education orientation and attend an Exercise Science orientation the week prior to the beginning of the fall semester.
- In addition to tuition, fees, and books the student is responsible for the following costs:
  - Material and supply fee for PET 3384;
  - Student membership for the Exercise Science student organization;
  - Professional liability insurance for practicum, internships, and other hands-on experiences;
  - Student membership in at least one professional organization;
  - Transportation to and from field experiences required in courses including the practicum, internships, and other hands-on experiences;
  - Possible requirements of practicum/internship sites such as health/medical exam, immunizations/vaccines, criminal background check, finger printing, drug/alcohol screening, personal health insurance, uniforms, and parking;
  - Possible costs associated with obtaining physician clearance (e.g., medical exam and/or tests) prior to participation in physical activity/exercise. Students complete a Pre-Activity Screening Questionnaire (PASQ) based on American College of Sports Medicine guidelines to determine if physician clearance is needed; and,
Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, etc.).

Receive a grade of C- or higher in all required courses and maintain a 2.5 GPA (overall and in major) in order to progress to the next semester.

Complete 15 hours of volunteer community service for a non-profit health and wellness organization.

Sign and submit an orientation document as prescribed.

### STATE MANDATED COMMON COURSE PREREQUISITES

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- (CHM X045 and CHM X045L) or CHM X030 or CHM X045C – 3-4 credit hours
- HUN X201 or HSC X100 – 3 credit hours
- (BSC X085 and BSC X085L) or (PET X322 and PET X322L) or (BSC X093 and BSC X093L) or APK X100C or BSC X085C or BSC X093C – 3-4 credit hours
- APK X105C or (BSC X086 and BSC X086L) or (BSC X094 and BSC X094L) or PET X323C – 4 credit hours
- STA X023 or MAC X147 – 4 credit hours
- MAC X105 or MAC X140 or MAC X147 or MAC X311 – 4 credit hours
- SPC X608 Public Speaking – 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

### RECOMMENDED SUPPORTING COURSES

The following are recommended supporting courses. The grades in these courses will not be used to calculate the common course prerequisite GPA for admission.

- PEM 2131 - Weight Training **Credit(s): 2**
- HLP 2081 - Personal Wellness: A Lifetime Commitment **Credit(s): 3**
- PSY 2012 - Introduction to Psychological Science **Credit(s): 3**

### NOTES

Though no computer course is recommended, students need to possess excellent computer skills, i.e., MS applications.

By August 1st, students will be informed if they have been accepted into the major. Students accepted into the major must inform the College of Education's advising office by August 15th whether they will be enrolling in fall exercise science courses. Once admitted, students are required to meet the following requirements:

- Complete an online College of Education orientation and attend an Exercise Science orientation he week prior to the beginning of the fall semester.
- In addition to tuition, fees, and books the student is responsible for the following costs:
  - Material and supply fee for PET 3384;
  - Student membership in the Exercise Science student organization;
  - Professional liability insurance for practicum, internships, and other hands-on experiences;
  - Student membership in at least one professional organization;
  - Transportation to and from field experiences required in courses including practicum, internships, and other hands-on experiences;
  - Possible requirements of practicum/internship sites such as health/medical exam, immunizations/vaccines, criminal background check, finger printing, drug/alcohol screening, personal health insurance, uniforms, and parking;
Possible costs associated with obtaining physician clearance (e.g., medical exam and/or tests) prior to participation in physical activity/exercise. Students complete a Pre-Activity Screening Questionnaire (PASQ) based on American College of Sports Medicine guidelines to determine if physician clearance is needed; Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, etc.).

3. Receive a grade of C- or higher in all required courses and maintain a 2.5 GPA (overall and in major) in order to progress to the next semester.
4. Complete 15 hours of volunteer community service for a non-profit health and wellness organization.
5. Sign and submit an orientation documents as prescribed.

TOTAL MAJOR HOURS: 54-57

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

APK 3120 - Exercise Physiology Credit(s): 3
PET 4765 - Scientific Principles of Athletic Coaching Credit(s): 3

REQUIRED COURSES: (48-51 CREDIT HOURS)

PET 3211 - Stress, Health, and Disease Credit(s): 3
PET 3314 - Survey in Exercise Science Credit(s): 3
PET 4219 - Exercise Psychology Credit(s): 3
PET 3361 - Nutrition for Fitness and Sport Credit(s): 3
PET 3312 - Biomechanics Credit(s): 3
PET 3384 - Exercise Testing and Prescription Credit(s): 3
PET 3076 - Physical Activity in Diverse Populations Credit(s): 3
PET 3370 - Science of Weight Management Credit(s): 3
PET 3940 - Practicum in Fitness/Wellness Credit(s): 3
APK 4138C - Applications of Strength and Conditioning Credit(s): 3
PET 4093 - Strength and Conditioning Credit(s): 3
PET 4413 - Administration of Fitness and Wellness Centers Credit(s): 3
PET 4550 - Clinical Exercise Testing and Prescription Credit(s): 3
PET 4088 - Individualized Fitness/Wellness Programming Credit(s): 3
PET 4941 - Internship in Fitness/Wellness Credit(s): 6-9

GPA REQUIREMENTS

Once admitted, students must maintain a 2.5 overall GPA and earn a 2.5 in all major coursework.

GRADING REQUIREMENTS

Students must earn a C- or higher in all major coursework.
OTHER REQUIREMENTS

The Exercise Science major is a full-time major. Students must be available for classes from 8:00 am – 5:00 pm, Monday through Thursday each semester. Additional time commitments may be necessary for course work such as PET 3940 (Practicum) and PET 4941 (Internship).

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student’s official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

## COLLEGE OF EDUCATION

**UNIVERSITY OF SOUTH FLORIDA 2021-2022 UNDERGRADUATE CATALOG**

### 4 YEAR PLAN OF STUDY - EXERCISE SCIENCE B.S.

**NOTES:**

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Items that are critical are marked with a ✴️ and are included in the plan for a student to stay on track.

**Potential Entry Level Job Titles:**

- Physical Therapist
- Strength/Conditioning Coach
- Physician Assistant

**Potential Entry Level Salary Range:**

$39,000 - $100,000

### YEAR 1

#### SEMESTER 1 (FALL)

- CHM 2045 - General Chemistry I **Credit(s):** 3
  - and CHM 2045L - General Chemistry I Laboratory **Credit(s):** 1
- ENC 1101 - Composition I **Credit(s):** 3
- SPC 2608 - Public Speaking **Credit(s):** 3
- MAC 1105 - College Algebra **Credit(s):** 3
- SCIV - Civics Literacy **Credit(s):** 3

**Total Credit Hours: 16**

#### SEMESTER 2 (SPRING)

- TGEC - Creative Thinking - HSC 4631 - Critical Issues in Public Health (Recommended) **Credit(s):** 3
  - BSC 2085 - Anatomy and Physiology I for Health Professionals **Credit(s):** 3
    - and BSC 2085L - Anatomy and Physiology Lab I for Nursing and other Healthcare Professionals **Credit(s):** 1
- ENC 1102 - Composition II **Credit(s):** 3
- STA 2023 - Introductory Statistics I **Credit(s):** 3
  - General/Unrestricted Elective **Credit(s):** 3

**Total Credit Hours: 16**

### Semester 3 (Summer)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.
YEAR 2

SEMESTER 4 (FALL)

- HUN 2201 - Nutrition Credit(s): 3
- SGEH - General Education Core Humanities Credit(s): 3
- BSC 2086 - Anatomy and Physiology II for Nursing and other Healthcare Professionals Credit(s): 3
  and BSC 2086L - Anatomy and Physiology Lab II for Nursing and other Healthcare Professionals Credit(s): 1
- General/Unrestricted Elective Credit(s): 3

Total Credit Hours: 13

SEMESTER 5 (SPRING)

- TGED - Human & Cultural Diversity Credit(s): 3
- SGES - General Education Core Social Sciences - PSY 2012 - Introduction to Psychological Science (Recommended) Credit(s): 3
- General/Unrestricted Elective Credit(s): 3
- General/Unrestricted Elective Credit(s): 3

Total Credit Hours: 12

SEMESTER 6 (SUMMER)

Please consider pursing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 3

CERTIFIED GLOBAL PATHWAY PROGRAM

The undergraduate program is a state-approved program that leads to certification in Exceptional Student Education (ESE).

This program has been certified as a Global Pathway. Global Pathway programs have significant global content and align with the goals of USF’s Quality Enhancement Plan, the Global Citizens Project. Students in Global Pathway programs are well-positioned to earn the Global Citizen Award and become eligible to apply for a study abroad scholarship offered by the Global Citizens Project.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

**Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx

**Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx

**International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION REQUIREMENTS

Students seeking admission to this program must meet the following Department of Education's Teacher Educator Certification requirements:

- Successful admission to the University of South Florida
- An application to the College of Education’s Teacher Preparation Programs
- A minimum overall GPA of 2.50 (on a 4.0 scale)
- Completion of or enrollment in appropriate prerequisite coursework for the student’s intended major.

Applications can be found at https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx.

The College of Education offers a full ESOL Endorsement for all Special Education major graduates. The special requirements for ESOL endorsement through infusion are as follows:

Successful completion of:

- FLE 4317 and FLE 4316 with a minimum grade of 70% or better on part one and part two of the ESOL Comprehensive Exam administered in the two ESOL courses;
- A 20-hour early ESOL field experience in FLE 4317;
- A late ESOL field experience where students plan, implement, and evaluate lessons for one or more ESOL students over a 10 days; and
- An ESOL binder, containing all ESOL-related assignments taken in the College of Education and an ESOL performance Standards Checklist that documents the completion of the necessary number of standards.

The special education requirements for the Reading Endorsement through infusion are as follows:

- Completion of specialized courses with a grade of C or S;
- Completion of RED 4724, RED 4312, and LAE 4311 with a grade of C;
- A 60-hour field experience with a grade of S where students demonstrate application of all reading competencies, and
- A Reading Endorsement binder containing the Demonstration of Accomplishment Documentation Form and supporting artifacts.
Students are required to meet University and College of Education entrance requirements prior to enrollment in the Department. Upon admission, students affiliate with the campus on which they wish to take their program of studies. Students may not register for courses on other campuses without permission. For the Tampa campus, students are assigned to cohorts. All courses are taken with the assigned cohort. The program sequence includes four semesters of part-time field experience and one semester of full-time internship. All part-time field experiences must be successfully completed as a member of a cohort concurrently enrolled in linked specified courses in designated local schools. Final internships are assigned only to designated school districts where partnerships exist. Field experiences begin during the first semester of a student's enrollment with increasing involvement throughout the program. Students are responsible for providing transportation to their field-experience sites. Cohorts are seated in the fall semester of each year.

Students must complete General Education and the General Knowledge Test before admission to a teacher preparation program (see http://www.leg.state.fl.us/statutes/index.cfm?App_mode=Display_Statute&Search_String=&URL=1000-1099/1004/Sections/1004.04.html).

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

EDF X005 Introduction to Education and Field Experience - 3 credit hours

A minimum of 6 semester hours with an international or diversity focus is required. Eligible courses will be determined by the community college or university where the student is currently earning the Associate in Arts or baccalaureate degree. Foreign language courses may be used to meet this requirement.

FOR EDUCATION MAJORS: General education courses will be determined by the college or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution's existing catalog and delineated in the Statewide Course Numbering System.

TOTAL MAJOR HOURS: 66

MAJOR CORE (66 CREDIT HOURS)

PROFESSIONAL EDUCATION CORE (27 CREDIT HOURS)

EEX 4942 - Practicum in Exceptional Teacher Candidate Education Credit(s): 1-4 Students take this course for 3 credit hours.

EDP 3271 - Child Development within a School Context Credit(s): 1

EDP 3272 - Learning within a School Context Credit(s): 1

EDP 4275 - Enhancing Children's Learning and Development within a School Context Credit(s): 1

EDF 3604 - Schools and Society Credit(s): 3

EDF 4430 - Measurement for Teachers Credit(s): 3

FLE 4316 - Language Principles and Acquisition Credit(s): 1-3 Students take this course for 3 credit hours.

FLE 4317 - Teaching Students with Limited English Proficiency Credit(s): 3

EEX 4944 - Final Internship Credit(s): 1-12 Students take this course for 3 credit hours.

EXCEPTIONAL STUDENT EDUCATION CORE (39 CREDIT HOURS)
Students seeking the B.S. degree with certification in Exceptional Student Education are required to take the following courses:

- EEX 4202 - Context and Foundations **Credit(s): 6**
- EEX 4240 - Beginning to Teach **Credit(s): 6**
- EEX 4241 - Creating Effective Learning Environments **Credit(s): 3**
- EEX 4242 - Enhancing Expertise in Teaching and Instructional Decision Making **Credit(s): 6**
- EEX 4244 - Becoming a Special Education Teacher **Credit(s): 3**
- EEX 4742 - Narrative Perspectives on Exceptionality: Cultural and Ethical Issues **Credit(s): 3**
- LAE 4311 - Teaching Print and Multimodal Texts in Elementary Education **Credit(s): 3**
- MAE 4310 - Teaching Elementary School (K-6) Mathematics I **Credit(s): 3**
- RED 4312 - Emergent Literacy Strategies and Assessment **Credit(s): 3**
- RED 4724 - Intermediate Literacy Strategies and Assessment I **Credit(s): 3**

**GPA REQUIREMENTS**

Once admitted, students must maintain a 2.5 overall GPA and earn a 2.5 in all upper-level coursework in the major including Core and Specialization courses.

**GRADING REQUIREMENT**

Students must complete all required courses with a grade of C- or better and successfully complete program key assessments in order to progress to the next semester.

**COURSE GRADE REQUIREMENT**

Students must earn a C- or higher in all upper-level courses in the major.

**RESEARCH OPPORTUNITIES**

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

**INTERNSHIP OPPORTUNITIES**

All students will enroll in multiple clinical experiences throughout the program which will provide them with the opportunity to engage in the practice of teaching.

**OTHER INFORMATION**

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

**PHYSICAL EDUCATION B.A.**

**TOTAL DEGREE HOURS: 120**

Physical Education includes the study of kinesiology, physical skill development, pedagogy, coaching, curriculum development and assessment, and administration of physical activity programs. The Physical Education major offers students extensive preparation in theory and methodology courses leading to K-12 teaching certification. The Physical Education Program also offers a minor in the Science of Physical Activity.

**LIMITED ACCESS**

Students seeking admission to this program must meet the following Department of Education's Teacher Educator Certification requirements:

- Successful admission to the University of South Florida
- An application to the College of Education’s Teacher Preparation Programs
- A minimum overall GPA of 2.50 (on a 4.0 scale)
- Completion of or enrollment in appropriate prerequisite coursework for the student’s intended major.

Applications can be found at [https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx](https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx).

**REQUIREMENTS AFTER ADMISSION**

Students accepted into the physical education program must meet the following additional requirements:

- Sign an agreement to abide by the standards set forth in the College of Education Professional Disposition and Ethical Standards Policy and Procedures document.
- Pay for costs in addition to tuition, fees, and books such as:
  - Attendance at the state professional organization conference (minimally 1 year)
  - Student membership in the state physical education professional organization
  - Transportation to and from school sites required in courses and internships
  - Physical Education Teacher Education uniform for internships
  - Criminal background checks and finger printing for internships
  - Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, professional file, etc.)
  - Electronic assignment portfolio throughout program
- Complete professional development plans throughout the program.
- Complete and pass individual development plans in identified skill areas during the program.

**UNIVERSITY ADMISSIONS**

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- **Transfer:** [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- **International:** [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

**STATE MANDATED COMMON COURSE PREREQUISITES**

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.
If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

EDF X005 Introduction to Education and Field Experience - 3 credit hours
BSC X085 - 3 credit hours
BSC X086 or PET X622 - 2-3 credit hours
Skill Development Courses in Physical Activities - 4 credit hours
Conditioning, Fitness and Wellness Course in Physical Education Activities - 3 credit hours

A minimum of 6 semester hours with an international or diversity focus is required. Eligible courses will be determined by the community college or university where the student is currently earning the Associate in Arts or baccalaureate degree. Foreign language courses may be used to meet this requirement.

FOR EDUCATION MAJORS: General education courses will be determined by the community college or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution's existing catalog and delineated in the Statewide Course Numbering System.

GPA REQUIREMENTS

Once admitted, students must maintain a 2.5 overall GPA and earn a 2.5 in all upper-level coursework in the major including Core and Specialization courses.

GRADING REQUIREMENTS

Receive a grade of C- or higher in all required courses and maintain a 2.5 overall GPA and a 2.5 Core and Specialization GPA to be eligible to intern and graduate.

RESIDENCY REQUIREMENTS

Students successfully must complete at least 50 percent (50%) of the required courses in the major in courses offered by USF conferring the degree. In cases of hardship or lack of course availability, individual exceptions may be approved by the respective college Dean or designee to help ensure timely graduation.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNERSHIP OPPORTUNITIES

Physical Education students will complete four clinical experiences. The final internship consists of two courses, each of 7 weeks. One will be performed at the elementary level and one at the middle or high school level. Passing grades in internship will only be possible if all sections of the Florida Teacher Certification Exam are taken and passed prior to graduation.

OTHER INFORMATION

PHYSICAL EDUCATION ELECTIVE PROGRAM

Physical Education elective offerings are designed to provide opportunities for all students in the University to acquire knowledge and movement skills related to an active healthy lifestyle. Laboratory experiences in over twenty-five different exercise and sports activities allow students to select and develop proficiency appropriate for leisure pursuit and personal development. Special competency courses provide for in-depth study in such areas as personal wellness, current issues in sports, and first aid.

PHYSICAL EDUCATION B.S.

TOTAL DEGREE HOURS: 120

Physical Education includes the study of kinesiology, physical skill development, pedagogy, coaching, curriculum development and assessment, and administration of physical activity programs. The Physical Education major offers students extensive preparation in theory and methodology courses leading to K-12 teaching certification. The Physical Education Program also offers a minor in the Science of Physical Activity.

LIMITED ACCESS

Students seeking admission to this program must meet the following Department of Education's Teacher Educator Certification requirements:

- Successful admission to the University of South Florida
- An application to the College of Education's Teacher Preparation Programs
- A minimum overall GPA of 2.50 (on a 4.0 scale)
- Completion of or enrollment in appropriate prerequisite coursework for the student’s intended major.

Applications can be found at https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx.

REQUIREMENTS FOR THE B.S. DEGREE IN PHYSICAL EDUCATION

Physical Education is a two-year program that includes mandatory attendance during the summer session between the first and second years. The Physical Education program only admits students in the Fall Semester of each year. Students proceed through the program in cohorts and are required to complete all required courses each semester with a grade of "C-" or better in order to progress to the next semester. Students who do not complete the requirements will be dismissed from the program and may reapply for the next cohort.

The Physical Education program is a full-time program. Students must be available for classes from 8:00 am - 5:00 pm, Monday through Friday each semester. Additional time commitments may be necessary for course work in the evenings.

REQUIREMENTS AFTER ADMISSION

Students accepted into the physical education program must meet the following additional requirements:

- Sign an agreement to abide by the standards set forth in the College of Education Professional Disposition and Ethical Standards Policy and Procedures document.
- Pay for costs in addition to tuition, fees, and books such as:
  - Attendance at the state professional organization conference (minimally 1 year)
  - Student membership in the state physical education professional organization
  - Transportation to and from school sites required in courses and internships
  - Physical Education Teacher Education uniform for internships
  - Criminal background checks and finger printing for internships
  - Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, professional file, etc.)
  - Electronic assignment portfolio throughout program
- Complete professional development plans throughout the program.
- Complete and pass individual development plans in identified skill areas during the program.
Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx

Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx

International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

**STATE MANDATED COMMON COURSE PREREQUISITES**

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

EDF X005 Introduction to Education and Field Experience - 3 credit hours
BSC X085 - 3 credit hours
BSC X086 or PET X622 - 2-3 credit hours
Skill Development Courses in Physical Activities - 4 credit hours
Conditioning, Fitness and Wellness Course in Physical Education Activities - 3 credit hours

A minimum of 6 semester hours with an international or diversity focus is required. Eligible courses will be determined by the community college or university where the student is currently earning the Associate in Arts or baccalaureate degree. Foreign language courses may be used to meet this requirement.

FOR EDUCATION MAJORS: General education courses will be determined by the community college or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution's existing catalog and delineated in the Statewide Course Numbering System.

or
EDF 3604 - Schools and Society Credit(s): 3
PET 4510 - Measurement and Evaluation in Physical Education Credit(s): 3
or
EDF 4430 - Measurement for Teachers Credit(s): 3
RED 4333 - Content Area Reading Credit(s): 3
TSL 4324 - ESOL Competencies and Strategies Credit(s): 1-3

GPA REQUIREMENTS
Once admitted, students must maintain a 2.5 overall GPA and earn a 2.5 in all upper-level coursework in the major including Core and Specialization courses.

GRADING REQUIREMENTS
Receive a grade of C- or higher in all required courses and maintain a 2.5 overall GPA and a 2.5 Core and Specialization GPA to be eligible to intern and graduate.

RESIDENCY REQUIREMENTS
Students successfully must complete at least 50 percent (50%) of the required courses in the major in courses offered by USF conferring the degree. In cases of hardship or lack of course availability, individual exceptions may be approved by the respective college Dean or designee to help ensure timely graduation.

RESEARCH OPPORTUNITIES
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES
Physical Education students will complete four clinical experiences. The final internship consists of two courses, each of 7 weeks. One will be performed at the elementary level and one at the middle or high school level. Passing grades in internship will only be possible if all sections of the Florida Teacher Certification Exam are taken and passed prior to graduation.

PET 4942 - Physical Education Pre-Internship: Elementary Credit(s): 3
PET 4944 - Physical Education Pre-Internship: Secondary Credit(s): 3
PET 4946 - Internship in Physical Education: Elementary Credit(s): 6
PET 4947 - Internship in Physical Education: Secondary Credit(s): 6
Physical Education Elective Program

Physical Education elective offerings are designed to provide opportunities for all students in the University to acquire knowledge and movement skills related to an active healthy lifestyle. Laboratory experiences in over twenty-five different exercise and sports activities allow students to select and develop proficiency appropriate for leisure pursuit and personal development. Special competency courses provide for in-depth study in such areas as personal wellness, current issues in sports, and first aid.

ADVISING INFORMATION

For prospective and current College of Education students with a home campus of Tampa, please select the following link for information about scheduling an advising appointment: https://www.usf.edu/education/about-us/advising.aspx

For prospective and current College of Education students with a home campus of Sarasota-Manatee, please select the following link for information about scheduling an advising appointment:
https://www.sarasotamanatee.usf.edu/academics/academic-resources/academic-advising/

For prospective and current College of Education students with a home campus of St. Pete, please select the following link for information about scheduling an advising appointment:
https://www.stpetersburg.usf.edu/academics/academic-resources/academic-advising/advisor/index.aspx

SCIENCE OF PHYSICAL ACTIVITY MINOR

TOTAL MINOR HOURS: 11-12

Students who successfully complete the minor in the Science of Physical Activity will have a background in basic physical activity knowledge which may assist individuals interested in coaching and working with adults and children in physical activity settings.

MINOR REQUIREMENTS

The minor in the Science of Physical Activity is 11-12 hours. Students must have completed 45 hours of undergraduate coursework, be considered at the junior level, have an overall GPA of 2.5, and have a major in a program other than Physical Education.

MINOR CORE (9 CREDIT HOURS)

- APK 3120 - Exercise Physiology Credit(s): 3
- PET 3031 - Motor Behavior Credit(s): 3
- PET 4510 - Measurement and Evaluation in Physical Education Credit(s): 3

MINOR ELECTIVES (2-3 CREDIT HOURS)

Students must choose one of the following courses:

- PET 4820 - Sport Skill Proficiency Credit(s): 3
- SPM 3012 - Issues in Sport Credit(s): 3

GPA REQUIREMENTS

Students must earn an overall GPA of 2.0

GRADING REQUIREMENTS

Students must earn a C- or higher in each course.

ADVISING INFORMATION

To schedule an advising appointment:

Prospective or current students with an active UID can schedule an appointment online: https://usf.appiancloud.com/suite/sites/archivum/page/archivum/report/daQEig

Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major: https://www.usf.edu/undergrad/students/advising.aspx

College of Engineering

About the College

The College of Engineering offers undergraduate and graduate programs to prepare students for a broad spectrum of professional careers in engineering. Laboratory experiences, as well as real-world participation in technological problem solving, are key aspects of a student's education. The laboratory and research facilities of the College of Engineering, close collaboration with professional societies and the many industries in the metropolitan Tampa Bay area provide a wide range of experiential learning opportunities for College of Engineering students at the University of South Florida. The college offers undergraduate degrees in Biomedical Engineering, Chemical Engineering, Civil Engineering, Computer Engineering, Computer Science, Cybersecurity, Electrical Engineering, Industrial Engineering, Information Technology, and Mechanical Engineering. In addition, the college offers minors in Biomedical Engineering, Computer Science, and Information Technology. The degree programs of the College are developed with an emphasis on three broad aspects of engineering and technological activity: design, research, and the operation of complex technological systems. The undergraduate degree programs provide a strong, broad-based, fundamental education as preparation for careers in industry and government, or as preparation for advanced studies in professional schools of engineering, technology, science, law, business, and medicine.

At the graduate level, students work in close collaboration with faculty, pursuing advanced topics within their disciplines which will result in advancements in their fields and society at large. Students who are interested in advanced design or research should pursue a traditional or accelerated program leading to a Master of Science degree in the designated discipline. The supervision of the academic programs is the function of the administrative departments together with several coordinators. Each department is responsible for specific professional programs, faculty, laboratories, and student advising.

The Departments and Programs section that follows contains descriptions of the baccalaureate degrees offered by the College. Students interested in particular programs offered by the College of Engineering should direct their inquiries to the College of Engineering's Office of Student Services. Information is also available on the College's website: https://www.usf.edu/engineering/.

Mission, Vision, Values

MISSION
To profoundly shape and impact lives through the steadfast pursuit of world-class engineering research, education, and innovation.

VISION
We aspire to be at the forefront of engineering research and education, cultivating knowledgeable, passionate engineers who are dedicated to need-based, solutions-oriented engineering.

VALUES
We share a culture of excellence, characterized by an emphasis on students, research, innovation, partnership, inclusivity, agility, and the future.

Accreditation

The USF Bachelor of Science degree programs in Chemical Engineering, Civil Engineering, Computer Engineering, Electrical Engineering, Industrial Engineering, and Mechanical Engineering are accredited by the Engineering Accreditation Commission of ABET (http://www.abet.org/).

The USF Bachelor of Science degree program in Computer Science is accredited by the Computing Accreditation Commission of ABET (http://www.abet.org/).
Professional Registration

Students who have attained senior status, and are in good academic standing in an EAC/ABET-accredited engineering program, are eligible to register for examinations leading to licensure as a professional engineer. The first examination, called the Fundamentals of Engineering (FE) Exam, is offered by the Florida Board of Professional Engineers and is usually taken the semester prior to graduation. In addition to the knowledge acquired through the engineering curriculum, many students take advantage of review courses offered in the College of Engineering to prepare for the FE examination. Registering for the FE exam during the senior year is strongly encouraged.

Students in the University Honors College

College of Engineering students participating in the University Honors Program are able to complete their Engineering Bachelor's degree in four years. Students who qualify for the Honors Program at USF should contact the Honors College or Engineering Student Services to learn about the benefits of this prestigious program.

Army, Air Force and Naval R.O.T.C. for Students

The academic and technological knowledge from a College of Engineering degree grants a distinct advantage to individuals interested in a military appointment or career. This is especially true for those participating in one of the ROTC programs at USF.

Bachelor's/Master's Pathway Programs

Well-qualified students who, at the beginning of their senior year, are clearly interested in graduate study are invited to apply to the individual Bachelor's/Master's Pathways academic programs offered by various departments within the College of Engineering.

Housing

The Engineering Living Learning Community – College of Engineering Housing at the Tampa campus

The Engineering Living Learning Community provides extra support and services for College of Engineering students. Freshmen and continuing residents have a built-in network of peer support, tutoring services, and academic support programs right in the hall. The LLC is open to all first time in college and returning Engineering LLC students declared in the College of Engineering. To learn more and apply, visit https://www.usf.edu/housing/residential-learning/llc-major/engineering.aspx.

The BioLife First Year Interest Group is an academic-based community open to first-year students majoring in Biology at the St. Petersburg campus. This community offers residents the opportunity to learn together about the interdisciplinary nature of biology, engage with faculty in the Biological Sciences program, participate in civic engagement activities with a biology focus, and explore potential career opportunities. For more information, visit: https://www.usfsp.edu/housing/residential-community-programs/.

Women Advancing and Rising in Engineering (A.R.E.) Living Learning Community – Housing for Female Engineering Students at the Tampa campus

If you are determined to succeed in a career in engineering, then commit to rising with other students in the Women A.R.E. Living Learning Community. This LLC empowers students to advance in their academic pursuits in the College of Engineering by connecting them to special opportunities for in-hall tutoring, peer mentoring, faculty mentoring, and career readiness workshops. This LLC is located in Poplar Hall and open to all first time in college and returning women students enrolled in the College of Engineering. To learn more and apply, visit: https://www.usf.edu/housing/residential-learning/llc-major/women-are.aspx.

STEM Living Learning Community – Housing for STEM majors at the Tampa campus

The STEM Living Learning Community (LLC), located in Cypress Hall, is a stimulating living learning environment that was created to meet the needs of STEM students interested in various science, technology, engineering, psychology, and math areas. The goals of the STEM LLC are to assist students in achieving academic and personal success while fostering an understanding of the multiple career pathways available to graduating STEM students. The STEM LLC is open to the following majors: Biomedical Sciences, Biology (all related biology), Cellular and Molecular Biology, Chemistry (all related chemistry), Computer Science, Engineering, Geology/Geological Sciences, Health Sciences, Mathematics, Physics, Psychology and Statistics. To learn more and apply, visit: https://www.usf.edu/housing/index.aspx
College-Level Requirements

Minimum Continuation Requirements

All College of Engineering undergraduate students must meet the following criteria:

- Maintain a cumulative 2.0 USF GPA
- Maintain a cumulative 2.0 Overall GPA
- Earn a minimum 2.0 semester GPA
- Earn the required grade in math, science and college courses in no more than two (2) registered attempts. Grades of W, IF, U, and R are considered attempts.

Warning

Students who do not meet the required minimum semester GPA are initially given a warning.

Probation

Students will be placed on probation if they have any of the following:

- Two semesters with a term GPA under 2.0 or
- Less than a 2.0 cumulative USF GPA or
- Less than a 2.0 Overall GPA.

Students on probation will be ineligible for further registration in the College. In order to continue, students must obtain individually designed academic plans approved by their academic advisor and will be closely monitored.

Failure to meet the terms of the academic plans will result in the reselection of a major outside the College of Engineering.

Reselect Major

In addition to the conditions outlined above, students who fail to meet the grade requirement in math, science and college courses in no more than two (2) registered attempts must reselect a major outside the College of Engineering. Please keep in mind that the College provides a wide range of services to assist in selecting a new academic and career path.

Academic Dismissal

Students academically dismissed from the University of South Florida, or those who leave on probation, may choose to attend another post-secondary institution, and reapply to USF after their overall GPA meets minimum requirements. The College may consider them for readmission if they meet the minimum College of Engineering admission requirements for transfer students, as well as the program entrance requirements for their intended major as published in the University of South Florida Undergraduate Catalog for their term of readmission.

Other Requirements

Years to Degree

The College of Engineering requires that a student completes the baccalaureate degree within five years after beginning the specialization courses for their major. Specialization courses taken more than five years prior to graduation will not be counted toward the degree. Exceptions may be granted by the academic department.

University, College and Program Requirements

The College requirements described in this section above are in addition to requirements set forth in the University policy and procedures section and the departmental sections of this catalog. It is the student’s responsibility to complete all university, college, program and curricular requirements prior to graduation.

Student Laptop Computer Requirement

All students entering the College of Engineering are required to have a laptop computer that they can use in their major classes and labs.
Disruption of Academic Process and Academic Dishonesty

The College of Engineering will maintain an environment that encourages all to study and conduct engineering research free from undue disruption. Disruption of the Academic Process is a matter the College is obliged to report to Student Judicial Services. Academic dishonesty, in any form, is taken very seriously by the College of Engineering and will result in sanctions. The most serious penalty is dismissal from the University. (See University policies - Academic Integrity of Students)

Admission Requirements

Preparation for Entering the College of Engineering

High school students anticipating a career in engineering or computer science must present a strong academic record that includes four years of advanced high school mathematics (analytical geometry, trigonometry, pre-calculus, calculus) and science, including chemistry and physics. High school students seeking to matriculate into the Information Technology or Cybersecurity program of study must present a strong academic record that includes at least three years of highly advanced high school mathematics (analytical geometry, trigonometry, pre-calculus) and science, including physics. Prospective students who lack sufficient preparation in high school may need additional preparatory coursework.

Newly admitted first year students are required to take and successfully complete the university's Math Placement Test (MPT) first two subjects, basic algebra and college algebra. Students who completed pre-calculus or calculus in high school will also take the MPT for pre-calculus/trigonometry. A score of 12 out of 15 on the MPT subject exams is passing. Students who successfully complete all three MPT subjects are encourage to start in Calculus I fall term for degree progression. More information about the MPT is online at http://math.usf.edu/placement/ . Exemption for students who have already received credit for calculus I.

All summer admits are required to enroll in a 3-credit math preparatory course during the Summer B session and earn a minimum grade of "S" satisfactory. Students who are unable to successfully complete the course may be redirected to another major as stated in the university Degree Progression policy 10-505.

First year summer admits and conditional admits will participate in at least one College of Engineering academic support program geared toward successful degree progression their first fall/spring semester. Examples of an academic support program include course-based learning communities, weekly academic guidance sessions, and/or weekly tutoring.

Admission Requirements for First Year Students

First time in college students and lower division students with less than 30 credits, who meet the criteria below, are granted entry into the College of Engineering:

Admitted to the University of South Florida as a degree seeking student;
Meets at least one of the below requirements:
SATM - a minimum quantitative score of 610 or
ACTM - a minimum score of 26 or
Have a minimum High School GPA of 3.6 on the USF adjusted scale.

Those students who do not meet the above criteria can be admitted to the College after satisfactorily meeting transfer student admission requirements.

Additional requirements must be met prior to admission to specific degree programs. Biomedical Engineering is a limited access program. Students interested in biomedical engineering need to refer to their major section in catalog. For the specific state mandated common prerequisite courses for each program within the College of Engineering, please see the section entitled, "State Mandated Common Prerequisites" located under the major section of the catalog.

Admission Requirements for Transfer Students

Lower-level transfer students who have completed at least 30 credit hours of post-secondary course work and meet the criteria below will be granted entry into the College of Engineering.

Fully admitted to the University of South Florida as a degree-seeking student with at least 30 earned credits.
Meet one of the following (A, B or C):
A. Students pursuing a major in engineering (see below for computer engineering) must have successfully completed two of the following four courses and must have earned a minimum grade of B or better (no B-) in at least one of the requirements (maximum two attempts allowed to earn required grade and a withdrawal is considered an attempt):

- Calculus I (MAC X281 or MAC X311 or equivalent)
- Calculus II (MAC X282 or MAC X312 or equivalent)
- Calculus-based Physics I plus lab (PHY X048L or PHY X045L)
- Chemistry I with lab (CHM X045 and CHM X045L) or CHM X045C or (CHS X440 and CHS X440L)

B. Students pursuing a major in computer science or computer engineering must have successfully completed the above listed two of four courses for engineering and in addition have completed the following required courses and must have earned a minimum grade of B or better (no B-) (maximum two (2) attempts to earn required grade and a withdrawal is considered an attempt).

- Programming Concepts (COP 2510 or equivalent)

C. Students pursuing a major in information technology or cybersecurity must have successfully completed two of the following three courses and must have earned a minimum grade of B or better (no B-) in at least one of the requirements (maximum two attempts allowed to earn required grade and a withdrawal is considered an attempt):

- Introductory Statistics I (STA X023 or STA X122)
- Pre-Calculus Algebra and Trigonometry [MAC X147 or (MAC X140 and MAC X114)] or MAC 2233 Business Calculus
- Any Physics course (PHY 1000 - PHY 2999) - 3 credit hours

Successful completion of courses requires earning a minimum grade of C (no C-) within the allowable number of attempts.

In addition, the student must have successfully completed the following required course and must have earned a minimum grade of B or better (no B-) (maximum two (2) attempts to earn required grade and a withdrawal is considered an attempt)

- Introduction to Databases for IT (CGS 1540 or equivalent)

Upper-level transfer students who meet all of the criteria below, will be granted entry into the College of Engineering.

Fully admitted to the University of South Florida as a degree-seeking student;
Meet one of the following (A, B or C):

Students pursuing a major in engineering (see below for computer engineering) must have successfully completed all of the following courses and must have earned a minimum grade of B or better (no B-) in at least one of the requirements (maximum two attempts allowed to earn required grade and a withdrawal is considered an attempt):

- Calculus I (MAC X281 or MAC X311 or equivalent)
- Calculus II (MAC X282 or MAC X312 or equivalent)
- Calculus-based Physics I plus lab (PHY X048L or PHY X045L)

B. Students pursuing a major in computer science or computer engineering must have successfully completed the above listed two of four courses for engineering and in addition must have completed the following required course and must have earned a minimum grade of B or better (no B-) (maximum two attempts to earn required grade and a withdrawal is considered an attempt)

- Programming Concepts (COP 2510 or equivalent)

C. Students pursuing a major in information technology or cybersecurity must have successfully completed all of the following courses and must have earned a minimum grade of B or better (no B-) in at least one of the courses (maximum two (2) attempts allowed to earn required grade and a withdrawal is considered an attempt)

- Introductory Statistics I (STA X023 or STA X122)
- Pre-Calculus Algebra and Trigonometry [MAC X147 or (MAC X140 and MAC X114)] or MAC 2233 Business Calculus
- Any Physics course (PHY 1000 - PHY 2999) - 3 credit hours
Successful completion of courses requires earning a minimum grade of C (no C-) within the allowable number of attempts.

In addition, the student must have successfully completed the following required course and must have earned a minimum grade of B or better (no B-) (maximum two (2) attempts to earn required grade and a withdrawal is considered an attempt):

Introduction to Databases for IT (CGS 1540 or equivalent)

Florida College System transfer students who have met the minimum criteria above and have completed the prerequisites required for their major with the minimum grades and GPA and course attempts required by the academic department are accepted directly into the College of Engineering and into the specific program/major. Biomedical Engineering is a limited access program. Students interested in Biomedical Engineering need to refer to their major section in the catalog.

For the specific state-mandated common prerequisite courses for each program within the College of Engineering, please see the section entitled, "State Mandated Common Prerequisites" located under the major section of the catalog.

The USF College of Engineering will accept transfer credit from non-Florida Statewide Common Course Numbering System courses when appropriate if the transferred course has been passed with a grade of C or better, and it is determined to be equivalent in both content and quality. In some cases, credit for a course may be granted, but the hours accepted may be less than the hours earned at another school. In general, engineering and technology courses taken at technical schools, or as part of professional or military training, are not applicable to the degree programs of the College of Engineering. Transfer students should be prepared to submit detailed course syllabi from the previous institution if requested.

While credit for work from other institutions may be granted subject to the conditions of the previous paragraph, at least 30 credit hours including a minimum number of semester hours of engineering coursework, specified by the degree-granting department, must be taken at USF to receive the Baccalaureate degree. Prospective transfer students may contact the Office of Engineering Student Services at (813) 974-2684 to request an assessment.

Graduation Requirements

Minimum Graduation Requirements

All undergraduate students admitted to any academic program in the College of Engineering must maintain a minimum cumulative GPA of 2.0 in each of the following categories:

- Overall Undergraduate GPA
- USF GPA
- Math and Science courses (best attempt)
- Engineering Courses
- Courses within the major

As stated in USF Policy 10-505, students not meeting minimum GPA requirements for graduation may be redirected to another major.

Graduation Application Procedures

Each College of Engineering student is required to complete an application for graduation and graduation checklist. Students should meet with their program advisor to review graduation qualifications and obtain approval well in advance of the College graduation application deadline. The graduation application deadline for the college is set prior to the university deadline and is posted on the College of Engineering Student Services website or department website.

Note: Applications are generally due before the beginning of the graduating term. Individual academic departments may have a graduation application deadline that precedes the college one.
Baccalaureate-Level Degree Programs

Bachelor of Science

Biomedical Engineering (BSBE)  
https://www.usf.edu/engineering/bme/

Biomedical Engineering is the confluence of engineering, biology and medicine. Main application areas are the development and testing of new medical devices, systems and drugs/medications to prevent or cure illnesses and medical conditions.

Chemical Engineering (BSCH)  
https://www.usf.edu/engineering/chbme/

Students take course work in advanced chemistry, thermodynamics, fluids, heat and mass transfer, separation processes, and reaction systems. The program prepares students upon graduation to pursue careers in industry or with government organizations.

Civil Engineering (BSCE)  
https://www.usf.edu/engineering/cee/#&slider1=3

Civil engineers design and supervise the construction of roads, buildings, airports, tunnels, dams, bridges, and water supply and sewage systems. Students can focus on these specialties: structures, water resources, environmental, transportation, and geotechnical.

Computer Engineering (BSCP)  
https://www.usf.edu/engineering/cse/

The Computer Engineering program emphasizes the application of engineering principles to the design of computer hardware and software, and devotes additional time to computer architecture and advanced topics in hardware design, including extensive laboratory work. Students in this program also acquire a background in engineering topics through related coursework in the College.

Computer Science (BSCS)  
https://www.usf.edu/engineering/cse/

The Computer Science program focuses on the design, development, and application of software systems. Additional course work in algorithms, discrete structures, object-oriented design, data structures, operating systems, digital logic design, computer architecture, and a wide range of advanced electives extend and supplement the core.

Cybersecurity (BSCYS)  
https://www.usf.edu/engineering/cse/

The Cybersecurity program focuses on technology, people, information, and processes to enable assured cyber operations in the context of adversaries. The program is built on a technical foundation of computing and information technology. Students in this program acquire a background in cybersecurity related to information, software, systems, users, and organizations including aspects of policy, human factors, risk management, ethics, and impact on society.

Electrical Engineering (BSEE)  
https://www.usf.edu/engineering/ee/

The program offers study in all areas fundamental to electrical engineering and the electrical sciences - circuit analysis and design, bioelectrical systems, mechatronics and robotics, embedded systems, wireless circuits and systems, communication systems, power and energy, MEMS, and nano- and micro- devices and systems.

Industrial Engineering (BSIE)  
https://www.usf.edu/engineering/imse/

Industrial engineering is ideal for individuals interested in formulating mathematical, statistical, and computer simulation models of complex systems in manufacturing, logistics, information, healthcare, transportation, financial, utilities, entertainment, and service. IE’s analyze model results to make engineering decisions for improving system performance and developing public policies.
Information Technology (BSIT)
https://www.usf.edu/engineering/cse/

The Information Technology program focuses on programming, databases, networking, human-computer interaction, web systems, and cybersecurity to meet the technology requirements of business, government, healthcare, education, and other organizations. Students in this program acquire the right combination of fundamental knowledge and practical expertise to solve computing technology problems and meet user needs.

Mechanical Engineering (BSME)
https://www.usf.edu/engineering/me/

Mechanical engineering is a discipline that applies the principles of physics and materials science for analysis, design, manufacturing, and maintenance of mechanical systems. It is the branch of engineering that involves the production and usage of heat and mechanical power for the design, production, and operation of machines and tools. It is one of the oldest and broadest engineering disciplines.

Minors

Biomedical Engineering
https://www.usf.edu/engineering/undergraduate/

This 15 credit hour program is open to all engineering majors (except Biomedical Engineering) and other students that meet the prerequisites

Computer Science
https://www.usf.edu/engineering/undergraduate/

This 18 credit hour program is open to all students except for department majors. The minor is particularly attractive to students in other engineering majors, and students in the maths and sciences.

Information Technology
https://www.usf.edu/engineering/undergraduate/

The Information Technology minor covers key topics in the discipline - a 21-credit hour program that is attractive to students in other engineering depts. and students in mathematics and the sciences (physics, chemistry, biology) who have no background in software development. The IT minor is open to all students, except students majoring in Computer Science, Computer Engineering, Cybersecurity, and Information Technology, who meet the prerequisites.
Undergraduate Advising Information

Effective pursuit of studies within the College of Engineering requires careful attention to both the sequence and the type of courses taken. The college curriculum differs in key respects from the study plans of other majors even in the first year. Professional advisors in the College of Engineering provide individualized academic planning and guidance. New students must attend the University's Orientation program. They will be introduced to the college advisors during this program and receive advisement for their first semester. The student and advisors jointly work out a plan of study that meets both the student's career objectives and the College of Engineering's degree requirements. While the College provides advising services to assist students with academic planning, the student is responsible for knowing and meeting all performance standards and graduation requirements.

All majors are initially advised in the Office of Engineering Student Services. Please visit https://www.usf.edu/engineering/student-services/academic-advising/index.aspx for a list of advisors and their contact information.

Contact Information

University of South Florida
Engineering Student Services
4202 E. Fowler Avenue, ENG030
Tampa, FL 33620-5350
https://www.usf.edu/engineering/student-services/

Office Hours: Monday through Friday from 8 am until 5 pm
Office Location: ENC 1302, Engineering Building III room 1302
Main Phone: 813-974-2684

To schedule an advising appointment:

Prospective or current students with an active UID can schedule an appointment online: https://usf.appiancloud.com/suite/sites/archivum/page/archivum/report/daQEig
Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major:
https://www.usf.edu/undergrad/students/advising.aspx
DEPARTMENT OF CHEMICAL, BIOLOGICAL, AND MATERIALS ENGINEERING
CHEMICAL ENGINEERING B.S.C.H.

TOTAL DEGREE HOURS: 131

Students pursuing the Bachelor of Science in Chemical Engineering take coursework in advanced chemistry, thermodynamics, fluids, heat, and mass transfer, numerical methods, separation processes, reacting systems, instrumentation, control, and plant and product design. Students must also satisfactorily complete a design project as part of their major. Chemical engineering students must maintain a GPA of 2.0 in required departmental courses. Therefore, it is imperative that the students retain close contact with their advisor. Students completing this major normally initiate their careers in manufacturing, environmental, and biological enterprises. Chemical engineers are found in administrative, technical, and research positions in these industries. Main products of these industries are petrochemicals, polymers, fibers, natural and synthetic fuels, electronic materials, fertilizers, pharmaceuticals, biomaterials, etc.

MISSION STATEMENT

The mission of the Department of Chemical & Biomedical Engineering is to prepare graduates with fundamental knowledge and contemporary skills for the development, economic design, and safe operation of chemical and biological systems, processes, products, and methods in a manner compatible with societal values.

PROGRAM EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES

PROGRAM EDUCATIONAL OBJECTIVES

The overall objective of the Bachelor's Degree Program in Chemical Engineering at the University of South Florida is to prepare graduates for successful careers in the chemical engineering and related professions. Accordingly, graduates of this program who have chosen to pursue a career in engineering shall achieve the following within a few years after graduation:

- Demonstrate professional engineering competence by holding positions of increasing responsibility in industry, business, government and/or educational institutions
- Publish papers, reports, patents and/or technical presentations at local, national, international meetings or within the professional organization/company that they are affiliated with.
- Continue to improve their technical skills, knowledge and understanding through continuing education, pursuit of advanced degrees, and/or pursuit of professional license in their chosen profession.

Please refer to the mission statement on the department website for additional information.

STUDENT OUTCOMES

The graduates of the B.S. degree program in Chemical Engineering Program at USF will demonstrate that they have:

- An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
- An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
- An ability to communicate effectively with a range of audiences.
- An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
- An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
- An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
- An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.
- An ability to analyze the hazards associated with chemical, physical and/or biological processes.
STUDENT ENROLLMENT DATA
Student enrollment data are posted on the departmental web site: [https://www.usf.edu/engineering/chbme/](https://www.usf.edu/engineering/chbme/).

UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING
Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- **Transfer**: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- **International**: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

For Admission information specific to the College of Engineering, see the information at College of Engineering.

DEPARTMENTAL POLICIES
In addition to the College of Engineering's graduation requirements, the department has the following policies:

- Mandatory academic advising of students for each term.
- Exit interviews as a graduation requirement.

CHEMICAL ENGINEERING DEGREE PROGRAM PROGRESSION REQUIREMENTS
In addition to meeting the College of Engineering's continuation requirements, students majoring in the Chemical Engineering program must meet all of the following progression requirements to continue in the major:

- **First Year Students**: must complete ECH 3023 Material and Energy Balances with a minimum grade of C (C is insufficient) by no later than the end of the fifth semester (not counting summers). Upper level transfer students must meet the same course and grade requirement by the end of the third semester (not counting summers). The semester count begins upon admission to USF. Students are encouraged to complete this course as soon as possible upon entry at the university.
- Each student must not accumulate more than a total of three (3) grades of D, F, or W, in any combination, for the collection of required major specialization courses.

Students unable to satisfy these progression requirements will be required to reselect their major.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to their intended department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

The following are transferable courses from the Florida College System Institution that will be accepted in the Math/Science/Engineering areas:
Mathematics:

Courses at USF

- MAC 2281 or MAC 2311 - Calculus I
- MAC 2312 - Calculus II
- MAC 2283 - Engineering Calculus III or MAC 2313 - Calculus III
- MAP 2302 - Differential Equations

Courses at a Florida College System Institution

- MAC X311 or MAC X281 - 4 credit hours
- MAC X312 or MAC X282 - 4 credit hours
- MAC X313 or MAC X283 - 4 credit hours
- MAP X302 or MAP X305 - 3 credit hours

Natural Sciences:

Courses at USF

- CHM 2045 - General Chemistry I/CHM 2045L - General Chemistry I Laboratory or CHS 2440 - General Chemistry for Engineers/CHS 2440L - General Chemistry for Engineers Lab
- CHM 2046/CHM 2046L
- PHY 2048 - General Physics I - Calculus Based/PHY 2048L - General Physics I Laboratory
- PHY 2049 - General Physics II - Calculus Based/PHY 2049L - General Physics II Laboratory

Courses at a Florida College System Institution

- (CHM X045 and CHM X045L) or CHM X045C or (CHS X440 and CHS X440L) - 4 credit hours
- (CHM X046 and CHM X046L) or CHM X046C - 4 credit hours
- (PHY X048 and PHY X048L) or PHY X048C - 4 credit hours
- (PHY X049 and PHY X049L) or PHY X049C or (PHY X044 and PHY X049L) - 4 credit hours

TOTAL MAJOR HOURS: 110

MAJOR CORE (95 CREDIT HOURS)

MATH AND SCIENCE (42 CREDIT HOURS)

- MAC 2281 - Engineering Calculus I Credit(s): 4
  or
- MAC 2311 - Calculus I Credit(s): 4
- MAC 2282 - Engineering Calculus II Credit(s): 4
  or
- MAC 2312 - Calculus II Credit(s): 4
- MAC 2283 - Engineering Calculus III Credit(s): 4
  or
- MAC 2313 - Calculus III Credit(s): 4
- EGN 3433 - Modeling and Analysis of Engineering Systems Credit(s): 3
  or
- MAP 2302 - Differential Equations Credit(s): 3
- CHM 2045 - General Chemistry I Credit(s): 3
- CHM 2045L - General Chemistry I Laboratory Credit(s): 1
- CHM 2046 - General Chemistry II Credit(s): 3
- CHM 2046L - General Chemistry II Laboratory Credit(s): 1
- PHY 2048 - General Physics I - Calculus Based Credit(s): 3
- PHY 2048L - General Physics I Laboratory Credit(s): 1
- PHY 2049 - General Physics II - Calculus Based Credit(s): 3
- PHY 2049L - General Physics II Laboratory Credit(s): 1
- CHM 2210 - Organic Chemistry I Credit(s): 3
- CHM 2210L - Organic Chemistry Laboratory I Credit(s): 2
BSC 2010 - Cellular Processes Credit(s): 3
CHM 2211 - Organic Chemistry II Credit(s): 3
or
BCH 3053 - General Biochemistry Credit(s): 3

BASIC ENGINEERING (3 CREDIT HOURS)
EGN 3000 - Foundations of Engineering Credit(s): 0-3
EGN 3000L - Foundations of Engineering Lab Credit(s): 3

SPECIALIZATION (50 CREDIT HOURS)
ECH 3002 - Introduction to Chemical and Biomolecular Engineering Credit(s): 2
ECH 3854 - Engineering Computations Credit(s): 3
ECH 3023 - Material and Energy Balances Credit(s): 3
ECH 3101 - Chemical Engineering Thermodynamics I Credit(s): 3
ECH 4123 - Chemical Engineering Thermodynamics II Credit(s): 3
ECH 3266 - Transport Phenomena I Credit(s): 3
ECH 4846 - Numerical Methods in Chemical Engineering Credit(s): 3
ECH 4418 - Separation Processes Credit(s): 3
ECH 4267 - Transport Phenomena II Credit(s): 3
ECH 3240L - Chemical Engineering Laboratory I Credit(s): 2
ECH 4504 - Kinetics and Reaction Engineering Credit(s): 3
ECH 4605 - Product and Process Systems Engineering Credit(s): 3
ECH 4680C - Product Development Credit(s): 3
EMA 4003 - Introduction to Materials Science Credit(s): 3
ECH 4241L - Chemical Engineering Laboratory II Credit(s): 2
ECH 4323 - Process Dynamics and Control Credit(s): 3
ECH 4615C - Product and Process Design Credit(s): 3
ECH 4715 - Chemical Process Safety and Ethics Credit(s): 2

MAJOR ELECTIVES (15 CREDIT HOURS)
15 hours of Departmental Upper-Level Electives.
Note: Consult with the department undergraduate advisor for additional departmental and/or science electives and special topics courses that may be available.

BME 4100 - Introduction to Biomedical Engineering Credit(s): 3
BME 4406 - Engineering of Biological Systems Credit(s): 3
BME 4409 - Engineering Physiology Credit(s): 3
BME 4571 - Nanomedicine Credit(s): 3
BME 4931 - Selected Topics in Biomedical Engineering Credit(s): 1-3
ECH 4905 - Independent Study Credit(s): 1-4
ECH 3702 - Instrument Systems I Credit(s): 3
ECH 4931 - Special Topics in Chemical Engineering II Credit(s): 1-3
ECH 4936 - Undergraduate Seminar Credit(s): 1
ECH 4944 - Industry Internship Credit(s): 1-3
ENV 4053C - Fate and Transport of Chemicals in the Environment Credit(s): 3

GPA REQUIREMENTS
Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

GRADING REQUIREMENTS
Many courses required for the B.S. degree in Chemical Engineering have other prerequisite courses. Prerequisite courses must be completed with a grade of "C" or better (C- is insufficient) before the student is allowed to take the course. This applies to prerequisite courses taken in other departments as well. The passing grade for terminal courses which are not prerequisite courses is a D-.

RESIDENCY REQUIREMENTS

Transfer students must complete a minimum of 18 hours of approved specialization courses in the major at USF. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in Chemical Engineering degree program.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the College of Engineering and pursue actual internships during their sophomore, junior and senior years.

BACHELOR'S/MASTER'S PATHWAYS

Students majoring in Chemical Engineering have the option to pursue one of the following Bachelor's/Master's Pathways:

- B.S.C.H. in Chemical Engineering and M.S.B.E. in Biomedical Engineering
- B.S.C.H. in Chemical Engineering and M.S.C.H. in Chemical Engineering
- B.S.C.H. in Chemical Engineering and M.S.E.M. in Engineering Management
- B.S.C.H. in Chemical Engineering and M.S.M.S.E. in Materials Science and Engineering

For more information, see the Graduate Catalog.

ACCREDITATION INFORMATION

The Bachelor of Science in Chemical Engineering degree program is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.
Colleges of Engineering

ADVISING INFORMATION

For questions about college and departmental admission, transferring from another institution or registration for prerequisite courses: http://www.usf.edu/engineering/student-services/academic-advising/index.aspx.

For questions specific to Chemical Engineering courses and curriculum: http://www.usf.edu/engineering/chbme/undergraduate/index.aspx.

4 YEAR PLAN OF STUDY - CHEMICAL ENGINEERING B.S.C.H.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Items that are critical are marked with an ✳️ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

- Chemical Engineer
- Project Engineer
- Process Engineer
- Applications Engineer
- Production Engineer
- Process Control Engineer

Potential Entry Level Salary Range:

$65,000 - $93,000

YEAR 1

SEMESTER 1 (FALL)

### 2 YEAR PLAN OF STUDY - CHEMICAL ENGINEERING B.S.C.H.

**NOTES:**

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see [https://www.usf.edu/undergrad/students/civics-literacy.aspx](https://www.usf.edu/undergrad/students/civics-literacy.aspx) or talk with your academic advisor.
YEAR 1

SEMESTER 1 (SUMMER)

- ECH 3023 - Material and Energy Balances Credit(s): 3
- EGN 3000 - Foundations of Engineering Credit(s): 0-3

Total Credit Hours: 6

SEMESTER 2 (FALL)

- ECH 3854 - Engineering Computations Credit(s): 3
- ECH 3101 - Chemical Engineering Thermodynamics I Credit(s): 3
- ECH 3002 - Introduction to Chemical and Biomolecular Engineering Credit(s): 2
- EMA 4003 - Introduction to Materials Science Credit(s): 3
- Upper-level Department Elective Credit(s): 3

Total Credit Hours: 14

SEMESTER 3 (SPRING)

- ECH 4123 - Chemical Engineering Thermodynamics II Credit(s): 3
- ECH 3266 - Transport Phenomena I Credit(s): 3
- ECH 4846 - Numerical Methods in Chemical Engineering Credit(s): 3
- Upper Level Department Elective Credit(s): 3

Total Credit Hours: 12

YEAR 2

SEMESTER 4 (SUMMER)

- ECH 4267 - Transport Phenomena II Credit(s): 3
- ECH 4418 - Separation Processes Credit(s): 3
- Upper Level Department Elective Credit(s): 3

Total Credit Hours: 9

SEMESTER 5 (FALL)

- ECH 4504 - Kinetics and Reaction Engineering Credit(s): 3
- ECH 3240L - Chemical Engineering Laboratory I Credit(s): 2
- ECH 4605 - Product and Process Systems Engineering Credit(s): 3
- ECH 4680C - Product Development Credit(s): 3 Note: ECH 4680C meets TGEH - Ethical Reasoning & Civic Engagement.
- ECH 4715 - Chemical Process Safety and Ethics Credit(s): 2
- Free Elective Credit(s): 3

Total Credit Hours: 16

SEMESTER 6 (SPRING)

- ECH 4241L - Chemical Engineering Laboratory II Credit(s): 2
- ECH 4615C - Product and Process Design Credit(s): 3 Note: ECH 4615C meets TGEH - High Impact Practice
- ECH 4323 - Process Dynamics and Control Credit(s): 3
- Upper Level Department Elective Credit(s): 3
Upper Level Department Elective Credit(s): 3

Total Credit Hours: 14
DEPARTMENT OF CIVIL AND ENVIRONMENTAL ENGINEERING
CIVIL ENGINEERING B.S.C.E.
TOTAL DEGREE HOURS: 131

Civil engineers will be entrusted by society to create a sustainable world and enhance the global quality of life. Civil engineers will serve as master planners, designers, constructors, and operators of society's economic and social engine, the built environment (i.e., infrastructure); innovators and integrators of ideas and technology across the public, private, and academic sectors; managers of risk and uncertainty caused by natural events, accidents, and other threats; stewards of the natural environment and its resources; and, leaders in discussions and decisions shaping public environmental and infrastructure policy.

MISSION STATEMENT

The Bachelor of Science in Civil Engineering in the Department of Civil and Environmental Engineering at the University of South Florida will provide undergraduate students with strong, broad-based, engineering education which gives them the basic intellectual and organization skills that allow them to work with complex systems with technological, social and environmental components.

As many of the major's graduates begin work upon graduation in industry or with governmental organizations, the curriculum is designed to prepare students for these roles by requiring a number of courses in the various fields of civil engineering and by providing limited specialization in one given area. The curriculum is designed to encourage lifelong learning and to prepare students for undertaking advanced studies in engineering or in other professional areas.

PROGRAM'S EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES

The Civil Engineering major and curriculum of the Department of Civil and Environmental Engineering are designed to meet the needs of all students within the context of the Major's Mission Statement. The Major Educational Objectives associated with the Major's Mission Statement are:

- Graduates can obtain positions in both public and private organizations.
- Graduates are continuing their professional development by extending their professional knowledge through independent learning, continuing education courses, conferences, workshops, short courses, graduate study and involvement in professional societies.
- Graduates who are working in public or private organizations which encourage professional registration, will have made appropriate progress towards achieving that registration.

The following list defines the Student Outcomes of the Civil and Environmental Engineering program:

- An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics
- An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors
- An ability to communicate effectively with a range of audiences
- An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts
- An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
- An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions
- An ability to acquire and apply new knowledge as needed, using appropriate learning strategies

Please refer to the mission statement on the department website for additional information.
UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

**Freshman:** [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)

**Transfer:** [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)

**International:** [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

For Admission information specific to the College of Engineering, see the information at College of Engineering.

CIVIL ENGINEERING MINIMUM REQUIREMENTS FOR PROGRESSION IN THE UPPER DIVISION

Civil Engineering students who have fully met the below requirements and are in good academic standing, may progress into the upper division of the major. Prior to progression into the upper division, a student may be permitted to take no more than two departmental engineering courses. The Department may have continuation requirements which specify minimum performance standards in core engineering courses which must be met before further registration in the Department is granted.

Completion of with a minimum grade of a C in each course and a 3.0 GPA (based on best attempt with a maximum of two attempts) in these prerequisites:

- Calculus I (MAC 2311 or MAC 2281) and Calculus II (MAC 2312 or MAC 2282) and Calculus III (MAC 2313 or MAC 2283)
- Calculus-based Physics I with Lab (PHY 2048 and PHY 2048L)
- Calculus-based Physics II with Lab (PHY 2049 and PHY 2049L)
- General Chemistry I with Lab (CHM 2045 and CHM 2045L) or (CHS 2440 and CHS 2440L)

A minimum overall GPA of 2.0
A minimum USF GPA of 2.0

MINIMUM CONTINUATION REQUIREMENTS FOR THE CIVIL ENGINEERING DEPARTMENT

Continuation requires a minimum grade of C- as well as a 2.5 GPA (based on best attempt) for the following courses:

- EGN 3311 - Statics
- EGN 3331 - Mechanics of Materials
- EGN 3353 - Basic Fluid Mechanics
- EGN 3365 - Materials Engineering I

DEPARTMENTAL POLICIES

In addition to the College's graduation requirements, the department has the following policies:

- All students must participate in mandatory advising prior to each term.
- All students must participate in department assessment activities and successfully complete an exit interview before graduating.
- All students must consider the advice of the Department to complete and pass the Fundamentals of Engineering Exam (F.E. Exam).
- All students must periodically provide writing samples as part of the department's writing assessment program.
- Students must pass the capstone design course with a grade of C- or better during the calendar year of graduation.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to their intended department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all of the other admissions requirements of the University and College.

The following are transferable courses from a Florida College System institution that will be accepted in the Math/Science/Engineering areas:

**Mathematics:**

**Courses at USF**

MAC 2281 - Engineering Calculus I or MAC 2311
MAC 2282 - Engineering Calculus II or MAC 2312
MAC 2283 - Engineering Calculus III or MAC 2313
MAP 2302 - Differential Equations

**Courses at a Florida College System Institution**

MAC X311 or MAC X281 - 4 credit hours
MAC X312 or MAC X282 - 4 credit hours
MAC X313 or MAC X283 - 4 credit hours
MAP X302 or MAP X305 - 3 credit hours

**Natural Sciences:**

**Courses at USF**

CHM 2045 - General Chemistry I/CHM 2045L - General Chemistry I Laboratory or CHS 2440 - General Chemistry for Engineers/CHS 2440L - General Chemistry for Engineers Lab
PHY 2048 - General Physics I - Calculus Based/PHY 2048L - General Physics I Laboratory
PHY 2049 - General Physics II - Calculus Based/PHY 2049L - General Physics II Laboratory

**Courses at a Florida College System Institution**

(CHM X045 and CHM X045L) or CHM X045C or (CHS X440 and CHS X440L) - 4 credit hours
(PHY X048 and PHY X048L) or PHY X048C or (PHY X041 and PHY X048L) - 4-5 credit hours
(PHY X049 and PHY X049L) or PHY X049C or (PHY X044 and PHY X049L) or (PHY X042 and PHY X049L) - 4-5 credit hours
## TOTAL MAJOR HOURS: 117

### MAJOR CORE (117 HOURS)

#### MATH AND SCIENCE (27 CREDIT HOURS)

CWR 4202 - Hydraulics Credit(s): 3
ENV 4004L - Environmental Engineering Lab Credit(s): 1
CEG 4011 - Geotechnical Engineering I Credit(s): 3
CEG 4011L - Geotechnical Engineering Laboratory Credit(s): 1
CGN 4122 - Professional and Ethical Issues in Engineering Credit(s): 3
CGN 3021L - Civil Engineering Laboratory Credit(s): 3

TECHNICAL WRITING (3 CREDIT HOURS)
ENC 3246 - Communication for Engineers Credit(s): 3

CAPSTONE DESIGN (3 CREDIT HOURS)

STRUCTURES/MATERIALS/GEOTECHNICAL TRACK

CES 4750 - Capstone Structural/Geotechnical/ Material Design Credit(s): 3

GEOTECHNICAL/TRANSPORTATION TRACK

CEG 4850 - Capstone Geotechnical/Transportation Design Credit(s): 3

ENVIRONMENTAL/WATER RESOURCES TRACK

CWR 4812 - Capstone Water Resources/Environmental Design Credit(s): 3

CIVIL ENGINEERING TRACK (18 CREDITS) AND CAPSTONE DESIGN REQUIREMENTS

Civil Engineering students choose one of the three tracks listed below:

STRUCTURES/MATERIALS/GEOTECHNICAL TRACK

CES 4702 - Concepts of Concrete Design Credit(s): 3
CES 4605 - Concepts of Steel Design Credit(s): 3
CGN 4851 - Concrete Construction Materials Credit(s): 3
CEG 4012 - Geotechnical Engineering II Credit(s): 3

or

TTE 4005 - Transportation Engineering II Credit(s): 3

Technical Elective (six credit hours total, from the approved list of courses)

CES 4750 - Capstone Structural/Geotechnical/ Material Design Credit(s): 3

GEOTECHNICAL/TRANSPORTATION TRACK

CGN 4851 - Concrete Construction Materials Credit(s): 3
CEG 4012 - Geotechnical Engineering II Credit(s): 3
TTE 4005 - Transportation Engineering II Credit(s): 3

Technical Elective (nine credit hours total, from the approved list of courses)

CEG 4850 - Capstone Geotechnical/Transportation Design Credit(s): 3

ENVIRONMENTAL/WATER RESOURCES TRACK

ENV 4417 - Water Quality and Treatment Credit(s): 3
CWR 4540 - Water Resources Engineering I Credit(s): 3
CEG 4012 - Geotechnical Engineering II Credit(s): 3

or

TTE 4005 - Transportation Engineering II Credit(s): 3

Technical Elective (nine credit hours total, from the approved list of courses)
CWR 4812 - Capstone Water Resources/Environmental Design Credit(s): 3

TECHNICAL ELECTIVE COURSES FOR THE TRACKS

In addition to designated common coursework in engineering mechanics, civil, and environmental engineering, students undertake a concentration of 18 hours of coursework plus a 3 hour capstone design course and a 3 hour Professional and Ethical Issues in Engineering. These courses are based on the student's choice of track.

Consult with the department undergraduate advisor for additional electives that may be available. The approved list of technical elective courses for the tracks include:

- CCE 4031 - Construction Management Credit(s): 3
- CGN 4933 - Special Topics in Civil and Environmental Engineering Credit(s): 1-3
- CWR 4541 - Water Resources Engineering II Credit(s): 3
- ENV 4053C - Fate and Transport of Chemicals in the Environment Credit(s): 3
- SUR 2101C - Engineering Land Surveying Credit(s): 3
- TTE 4003 - Transportation and Society Credit(s): 3

GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, 2.0 overall GPA, and 2.5 continuation GPA.

GRADING REQUIREMENTS

Unless otherwise stated, the minimum acceptable grade in all BSCE required courses is a C- or higher.

A total of only two D grades are allowed in all BSCE required engineering, and most specialization courses. Students cannot graduate with Ds in the following lists of courses that correspond to their track (specialty):

RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES
The College of Engineering and USF’s Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the College of Engineering and pursue actual internships during their sophomore, junior and senior years.

**BACHELOR'S/MASTER'S PATHWAYS**

Students majoring in Civil Engineering have the option to pursue one of the following Bachelor's/Master's Pathways:

- B.S.C.E. in Civil Engineering and M.S.C.E. in Civil Engineering
- B.S.C.E. in Civil Engineering and M.S.E.M. in Engineering Management
- B.S.C.E. in Civil Engineering and M.S.E.V. in Environmental Engineering
- B.S.C.E. in Civil Engineering and M.S.M.S.E. in Materials Science and Engineering

For more information, see the Graduate Catalog.

**ACCREDITATION INFORMATION**

The Bachelor of Science degree in Civil Engineering is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

**ADVISING INFORMATION**

All incoming freshman and transfer students must meet with one of the college advisors in the Engineering Student Services (ESS).

**Engineering Student Services**

Website

Students who have completed the entrance requirements and are accepted into the major:
# 4 Year Plan of Study - Civil Engineering B.S.C.E.

## Notes:
- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see [https://www.usf.edu/undergrad/students/civics-literacy.aspx](https://www.usf.edu/undergrad/students/civics-literacy.aspx) or talk with your academic advisor.
- Items that are critical are marked with a ✳️ and are included in the plan for a student to stay on track.

### Potential Entry Level Job Titles:
- Environmental Engineer
- Project Engineer
- Civil Engineer
- Geotechnical Engineer
- Structural Engineer
- Design Engineer

### Potential Entry Level Salary Range:
$45,000 - $70,000

ENVIRONMENTAL ENGINEERING B.S.E.V.

TOTAL CREDIT HOURS: 120

GLOBAL CITIZENS PATHWAY

Environmental engineers solve complex problems, supporting human and environmental needs while mitigating adverse environmental, health, and economic impacts associated with human activities. The degree is an interdisciplinary engineering program designed to provide students with a strong foundation in both theoretical and applied aspects of environmental engineering. It emphasizes traditional areas of transport, fate, and treatment of chemical, physical, and microbial pollutants in water, air, and soil along with important 21st-century themes of infrastructure, sustainability, health, data science, community engagement, and global citizenship. Coursework covers fundamental science and engineering concepts applied to environmental processes, natural and built environments, and engineering design, as well as applied learning experiences including community-engaged laboratory projects and a capstone design course that partners with stakeholders to solve local environmental problems.

Graduates are trained to integrate considerations of risk, uncertainty, sustainability, life-cycle principles, and environmental impacts into their problem solving, to apply concepts of professional practice and project management, and to understand the roles and responsibilities of public institutions and private organizations pertaining to environmental policy and regulations. The world needs environmental engineers to provide economic and social opportunities for: an increasing population, reliable water and wastewater systems, improved air quality and transportation systems, protection of public and environmental health, management of nutrient pollution that adversely impacts water bodies, ecosystem and brownfield restoration, other infrastructure improvements, advancing global health and food systems, managing wastes in a more sustainable manner, and developing strategies to mitigate global climate change. Graduates have local and global employment opportunities with industry, engineering design firms, local/state/federal governments, and nongovernmental organizations, along with numerous opportunities to advance their education at the Master's or Ph.D. levels.

MISSION STATEMENT

The Bachelor of Science in Environmental Engineering in the Department of Civil and Environmental Engineering at the University of South Florida will provide undergraduate students with strong, broad-based, engineering education which gives them the basic intellectual and organization skills that allow them to work with complex systems with technological, social and environmental components.

As many of the major's graduates begin work upon graduation in industry or with governmental organizations, the curriculum is designed to prepare students for these roles by requiring a number of courses in the various fields of environmental engineering and by providing limited specialization in one given area. The curriculum is designed to encourage lifelong learning and to prepare students for undertaking advanced studies in engineering or in other professional areas.

PROGRAM'S EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES

The Environmental Engineering major and curriculum of the Department of Civil and Environmental Engineering are designed to meet the needs of all students within the context of the Major's Mission Statement. The Major Educational Objectives associated with the Major's Mission Statement are:

- Graduates can obtain positions in both public and private organizations.
- Graduates are continuing their professional development by extending their professional knowledge through independent learning, continuing education courses, conferences, workshops, short courses, graduate study and involvement in professional societies.
- Graduates who are working in public or private organizations, which encourage professional registration, will have made appropriate progress towards achieving that registration.

The following list defines the Student Outcomes of the Civil and Environmental Engineering program:

- An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics (critical thinking skill)
COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2021-2022 UNDERGRADUATE CATALOG

An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors (critical thinking skill).

An ability to communicate effectively with a range of audiences (communication skill).

An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts (critical thinking skill).

An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives (communication skill).

An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions (critical thinking skill).

An ability to acquire and apply new knowledge as needed, using appropriate learning strategies (critical thinking skill).

ABET accreditation program criteria also require that graduates of the program have the ability to design environmental engineering systems that include considerations of risk, uncertainty, sustainability, life-cycle principles, and environmental impacts, to apply concepts of professional practice and project management, and to understand the roles and responsibilities of public institutions and private organizations pertaining to environmental policy and regulations. A cumulating capstone design experiences allows students to use modern engineering techniques, skills and tools to design appropriate environmental systems to meet the needs of a local community.

Assessment of student learning outcomes will be performed through a variety of mechanisms that include core task assessments, examinations, assignments, and capstone experiences. Also, students’ achievement of the identified core learning outcomes will be measured. The results of the assessments will be used to improve student achievement and program effectiveness.

UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Engineering, see the information at College of Engineering.

ENVIRONMENTAL ENGINEERING MINIMUM REQUIREMENTS FOR PROGRESSION IN THE UPPER DIVISION

Environmental Engineering students who have fully met the below requirements and are in good academic standing, may progress into the upper division of the major. Prior to progression into the upper division, a student may be permitted to take no more than two departmental Engineering courses. The Department may have continuation requirements that specify minimum performance standards in core Engineering courses that must be met before further registration in the Department is granted.

Completion of each of the following prerequisite courses with a minimum grade of a C in each course and a 3.0 GPA (based on best attempt with a maximum of two attempts):

- Calculus I (MAC 2311 or MAC 2281) and Calculus II (MAC 2312 or MAC 2282) and Calculus III (MAC 2313 or MAC 2283)
- Calculus-based Physics I with Lab (PHY 2048 and PHY 2048L)
- Calculus-based Physics II with Lab (PHY 2049 and PHY 2049L)
- General Chemistry I with Lab (CHM 2045 and CHM 2045L) or (CHS 2440 and CHS 2440L)

A minimum overall GPA of 2.0
A minimum USF GPA of 2.0

MINIMUM CONTINUATION REQUIREMENTS FOR ENVIRONMENTAL ENGINEERING

1597
Continuation requires a minimum grade of C-, as well as a 2.5 GPA (based on best attempt), for the following courses:

- EGN 3311 - Statics
- EGN 3353 - Basic Fluid Mechanics

DEPARTMENTAL POLICIES

In addition to the College's graduation requirements, the department has the following policies:

- All students must participate in mandatory advising prior to each term.
- All students must participate in department assessment activities and successfully complete an exit interview before graduating.
- All students must consider the advice of the Department to complete and pass the Fundamentals of Engineering Exam (F.E. Exam).
- All students must periodically provide writing samples as part of the department's writing assessment program. Students must pass the capstone design course with a grade of C- or better during the calendar year of graduation.
- All students must pass the capstone design course with a grade of C- or better during the calendar year of graduation.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to their intended department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all of the other admissions requirements of the University and College.

The following are transferable courses from a Florida College System institution that will be accepted in the Math/Science/Engineering areas:

**Mathematics:**

**Courses at USF**

- MAC 2281 - Engineering Calculus I or MAC 2311 - Calculus I
- MAC 2282 - Engineering Calculus II or MAC 2312 - Calculus II
- MAC 2282 - Engineering Calculus II or MAC 2313 - Calculus III
- MAP 2302 - Differential Equations
Courses at a Florida College System Institution

MAC X311 or MAC X281 - 4 credit hours
MAC X312 or MAC X282 - 4 credit hours
MAC X313 or MAC X283 - 4 credit hours
MAP X302 or MAP X305 - 3 credit hours

Natural Sciences:

Courses at USF

(CHM 2045 - General Chemistry I and CHM 2045L - General Chemistry I Laboratory) or (CHS 2440 - General Chemistry for Engineers and CHS 2440L - General Chemistry for Engineers Lab)
CHM 2046 - General Chemistry II and CHM 2046L - General Chemistry II Laboratory
PHY 2048 - General Physics I - Calculus Based and PHY 2048L - General Physics I Laboratory
PHY 2049 - General Physics II - Calculus Based and PHY 2049L - General Physics II Laboratory

Courses at a Florida College System Institution

(CHM X045 and CHM X045L) or CHM X045C or (CHS X440 and CHS X440L) - 4 credit hours
(CHM X046 and CHM X046L) or CHM X046C - 4 credit hours
(PHY X048 and PHY X048L) or PHY X048C - 4 credit hours
(PHY X049 and PHY X049L) or PHY X049C or (PHY X044 and PHY X049L) – 4 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

REQUIRED SUPPORTING COURSES (10 CREDIT HOURS)

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

BSC 2010 - Cellular Processes - 3 credit hours
BSC 2010L - Cellular Processes Laboratory - 1 credit hour
EGN 1113 - Introduction to Design Graphics - 3 credit hours Note: ETD 1320 Introduction to Computer Aided Drafting is an acceptable substitute
GLY 3850 - Geology For Engineers - 3 credit hours Note: ESC 2000 - Introduction to Earth Science or GLY 2010 - Dynamic Earth: Introduction to Physical Geology are acceptable substitutes

REQUIRED MAJOR COURSES (58 CREDIT HOURS)

BASIC ENGINEERING (15 CREDIT HOURS)

EGN 3000 - Foundations of Engineering Credit(s): 0-3
EGN 3000L - Foundations of Engineering Lab Credit(s): 3 *
EGN 3343 - Thermodynamics I Credit(s): 3
EGN 3443 - Probability and Statistics for Engineers Credit(s): 3

or

STA 2023 - Introductory Statistics I Credit(s): 3

Note: Students are strongly encouraged to take EGN 3443, if they have not transferred STA 2023 to USF.

EGN 3615 - Engineering Economics with Social and Global Implications Credit(s): 3 *
EGN 4453 - Numerical & Computer Tools I in Civil & Env Eng Credit(s): 3

* Note: Any TGEC - Creative Thinking course will count for students transferring to USF with a Florida Public A.A.

CONTINUATION COURSES (6 CREDIT HOURS)

EGN 3311 - Statics Credit(s): 3
EGN 3353 - Basic Fluid Mechanics Credit(s): 3

1599
SPECIALIZATION COURSES (34 CREDIT HOURS)

- CGN 4122 - Professional and Ethical Issues in Engineering Credit(s): 3
- CWR 4202 - Hydraulics Credit(s): 3
- CWR 4202L - Civil Engineering Hydraulics Laboratory Credit(s): 1
- CWR 4540 - Water Resources Engineering I Credit(s): 3
- ENV 2061 - Engineering Sustainable and Healthy Environments Credit(s): 2
- ENV 4001 - Environmental Systems Engineering Credit(s): 3
- ENV 4004L - Environmental Engineering Lab Credit(s): 1
- ENV 4053C - Fate and Transport of Chemicals in the Environment Credit(s): 3
- ENV 4071 - Environmental Site Assessment Credit(s): 3
- ENV 4102 - Air Pollution Fundamentals Credit(s): 3
- ENV 4417 - Water Quality and Treatment Credit(s): 3
- ENV 4612 - Green Engineering for Sustainability Credit(s): 3
- ENV 4618 ENVISION Sustainable Communities

CAPSTONE DESIGN (3 CREDIT HOURS)

- CWR 4812 - Capstone Water Resources/Environmental Design Credit(s): 3

UNRESTRICTIVE/GENERAL ELECTIVES (9 CREDIT HOURS)

The Department suggests the following list of technical electives student make take to supplement their Environmental Engineering knowledge and meet the credit hour requirements of the degree program. The courses may be utilized to fulfill unrestricted/general electives.

BASIC AND ENVIRONMENTAL SCIENCES TECHNICAL ELECTIVE OPTIONS

- CHM 2210 - Organic Chemistry I Credit(s): 3
- ENV 4082 - Environmental Field Sampling Credit(s): 3
- EVR 4027 - Wetland Environments Credit(s): 3
- GLY 4734 - Beaches and Coastal Environments Credit(s): 3

CRITICAL INFRASTRUCTURE TECHNICAL ELECTIVE OPTIONS

- CCE 4031 - Construction Management Credit(s): 3
- CWR 4541 - Water Resources Engineering II Credit(s): 3
- CWR 4620 Ecological Engineering
- ENV 4351 - Solid Waste Engineering Credit(s): 2
- SUR 2101C - Engineering Land Surveying Credit(s): 3
- TTE 4003 - Transportation and Society Credit(s): 3
DATA SCIENCE TECHNICAL ELECTIVE OPTIONS

- EGN 4454 - Numerical & Computer Tools II in Civil & Env Eng Credit(s): 3
- GEO 3164C - Research Methods in Geography Credit(s): 3
- GIS 3006 - Mapping and Geovisualization Credit(s): 3
- GIS 4035C - Remote Sensing of the Environment Credit(s): 3
- GIS 4043C - Geographic Information Systems Credit(s): 3

HEALTH AND SAFETY TECHNICAL ELECTIVE OPTIONS

- HSC 3503 - Principles of Toxicology Credit(s): 3
- HSC 4213 - Environmental and Occupational Risk Analysis Credit(s): 3
- HSC 4430 - Occupational Health and Safety Credit(s): 3

ENERGY TECHNICAL ELECTIVE OPTIONS

- EEL 4283 - Sustainable Energy Credit(s): 3
- ENV 2073 - Global Warming: Science and Politics of a Contemporary Issue Credit(s): 3

GLOBAL CITIZENS TECHNICAL ELECTIVE OPTIONS

- GEO 4340 - Natural Hazards Credit(s): 3
- HSC 4211 - Health, Behavior and Society Credit(s): 3
- HSC 4624 - Foundations of Global Health Credit(s): 3
- PHC 4250 - Crisis Leadership in Disasters Credit(s): 3

EDUCATION ABROAD TECHNICAL ELECTIVE OPTION

Students are able to take 3-6 credit hours of their Technical electives through education abroad programs. The specific education abroad course(s) must be approved in advance by the Department.

GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Basic Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, 2.0 overall GPA, and 2.5 continuation GPA.

GRADING REQUIREMENTS

Unless otherwise stated, the minimum acceptable grade in all BSENV required courses is a C- or higher.

A total of only two D grades are allowed in all BSENV required Basic Engineering, and most specialization courses.

RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved Specialization courses in the major at USF. The minimum number of USF Specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic Engineering courses are not considered Specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved Specialization hours taken in the degree-granting department beyond those Specialization hours required for the first degree.
RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

The College of Engineering and USF’s Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the College of Engineering and pursue actual internships during their sophomore, junior and senior years.

ADVISING INFORMATION

All incoming freshman and transfer students must meet with one of the college advisors in the Engineering Student Services (ESS).

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING
COMPUTER ENGINEERING B.S.C.P.

TOTAL DEGREE HOURS: 120

The Computer Engineering program emphasizes the application of engineering principles to the design of computer hardware and software, and devotes additional time to computer architecture and advanced topics in hardware design, including extensive laboratory work. Students in this program also acquire a broad background in engineering topics through related coursework in the College.

MISSION STATEMENT

In keeping with the mission of the College of Engineering, the Department of Computer Science and Engineering strives for excellence in teaching, research, and public service. Specifically, the Department aspires to:

- Lead the advancement of computer science, computer engineering, information technology, and cybersecurity through internationally recognized research and education, as well as technology transfer.
- Prepare students for full and ethical participation in a diverse society and encourage lifelong learning.
- Educate students in the best practices of the field as well as integrate the latest research into the curriculum.
- Foster the development of problem solving and communication skills as an integral component of the profession.
- Provide quality learning experiences through effective classroom practices, active learning styles of teaching, and opportunities for meaningful interactions between students and faculty.

PROGRAM EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES

The Department has established the following program educational objectives for Computer Engineering graduates.

**Objective 1:** Our graduates will apply their knowledge and skills to succeed in their careers and/or obtain advanced degrees.

**Objective 2:** Our graduates will function ethically and responsibly, and will remain informed and involved as full participants in our profession and society.

**Objective 3:** Our graduates will creatively solve problems, communicate effectively, and successfully function in multi-disciplinary teams.

**Objective 4:** Our graduates will apply principles and practices of computing grounded in mathematics and science to successfully complete hardware and/or software-related engineering projects to meet customer business objectives and/or productively engage in research.

The following are the Student Outcomes. Graduates of the program will have an ability to:

- Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
- Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
- Communicate effectively with a range of audiences.
- Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
- Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
- Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
- Acquire and apply new knowledge as needed, using appropriate learning strategies.

Student enrollment data is posted on the Department website.
UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Engineering, see the information at College of Engineering.

COMPUTER ENGINEERING MINIMUM REQUIREMENTS FOR PROGRESSION INTO THE UPPER DIVISION

Computer Engineering students who have fully met the below requirements and are in good academic standing, may progress into the upper level of the major. Prior to progression into the upper level, a student may take no more than two Departmental courses. The department may have continuation requirements, which specify minimum performance standards in core major courses which must be met before further registration in the department is granted.

Completion of:
ENC 1101 - Composition I and ENC 1102 - Composition II
Calculus I (MAC 2311 or MAC 2281) and Calculus II (MAC 2312 or MAC 2282)
Calculus-based Physics I with Lab (PHY 2048 and PHY 2048L)

All students must complete the equivalent of USF Composition I & II, Engineering Calculus I & II, and Calculus-based General Physics I (with lab) with minimum grades of C in each course (grades of C- are insufficient). The minimum overall grade average in these five courses required for progression to the upper level is between 3.0 and 3.5 for any given year. The minimum acceptable grade average will be posted on the Department’s website one year prior to the fall semester that the revised grade average is applicable. The computed grade average is based on the best attempts in these courses. These requirements must be met with a maximum of two attempts allowed for each course.

Completion of COP 2510 with a minimum grade of B (grade of B- is insufficient) or another introductory programming course covering a modern programming language, with an emphasis on programming concepts and design methodology with a minimum grade of B (grade of B- is insufficient).

A minimum overall GPA of 2.0
A minimum USF GPA of 2.0

MINIMUM CONTINUATION REQUIREMENTS FOR THE COMPUTER ENGINEERING MAJOR

Students meeting the above requirements may progress to either of the Computer Engineering or Computer Science degree tracks; however, continuation in the major will be allowed only for students who complete CDA 3103 and COP 3514 with minimum grades of B, based on best attempts in each course (grades of B- are insufficient). These requirements must be met with a maximum of two attempts allowed for each course.

DEPARTMENTAL POLICIES

In addition to the College’s graduation requirements, the Department has the following policies:

Mandatory academic advising and/or mentoring of students.
Exit interview and/or survey as a graduation requirement
STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to the Department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

**Mathematics:**

**Courses at USF**

MAC 2281 - Engineering Calculus I or MAC 2311
MAC 2282 - Engineering Calculus II or MAC 2312
MAC 2283 - Engineering Calculus III or MAC 2313
MAP 2302 - Differential Equations

**Courses at a Florida College System Institution**

MAC X311 or MAC X281 - 4 credit hours
MAC X312 or MAC X282 - 4 credit hours
MAC X313 or MAC X283 - 4 credit hours
MAP X302 Differential Equations - 3 credit hours

**Natural Sciences:**

**Courses at USF**

CHM 2045 - General Chemistry I/CHM 2045L - General Chemistry I Laboratory or CHS 2440 - General Chemistry for Engineers/CHS 2440L - General Chemistry for Engineers Lab
PHY 2048 - General Physics I - Calculus Based PHY 2048L - General Physics I Laboratory
PHY 2049 - General Physics II - Calculus Based PHY 2049L - General Physics II Laboratory
COP XXXX - Introduction Programming in C, C++, JAVA or equivalent language

**Courses at a Florida College System Institution**

(CHM X045 and CHM X045L) or CHM X045C or CHM X440C - 4 credit hours
(PHY X048 and PHYX048L) or PHY X048C - 5 credit hours
(PHY X049 and PHY X049L) or PHY X049C - 5 credit hours
COP XXXX Intro Programming in C, C++, JAVA or equivalent Language

Note: Introductory Programming in C, C++, Java, or equivalent language. Choose programming language required by the university to which the student wishes to transfer.

**MAJOR ELECTIVES (12 CREDIT HOURS)**

Departmental upper-level technical electives are classified as "software", "hardware", and "theory". Computer Engineering students must choose 6 hours of hardware electives and an additional, non-overlapping 6 hours of "software", "hardware", or "theory" technical electives in the Department.

Note: The Department website undergraduate section contains the most up to date list of Departmental upper-level technical electives. Additional electives may be available with a special topics course number (typically, CIS 4930). The prerequisite for Departmental upper-level technical electives is CDA 3201 Computer Logic and Design and COP 4530 Data Structures. Consult with the Department Undergraduate Advisor to learn more about available electives. A maximum of six (6) hours of CIS 4900 and/or any other supervised individual study (including CIS 4915 and CIS 4940) are allowed as Department credit.

OTHER COURSES

CIS 4212 - Privacy-Preserving and Trustworthy Cyber-Infrastructures Credit(s): 3
CIS 4345 - Big Data Storage and Analysis with Hadoop Credit(s): 3
CIS 4623 - Practical Cybersecurity Credit(s): 3
CIS 4900 - Independent Study in Computer Science Credit(s): 1-5
CIS 4915 - Supervised Research in Computer Science Credit(s): 1-5
CIS 4940 - Industry Internship Credit(s): 0-6

GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

GRADING REQUIREMENTS

Unless otherwise stated, the minimum acceptable grade in all BSCP required math, science, and engineering courses is a C or higher (C- is insufficient). The minimum acceptable grade in specialization courses is a C-, except as stated in the major progression and continuation requirements.

COURSE GRADE REQUIREMENTS

Continuation in the major requires successful completion of CDA 3103 and COP 3514 with minimum grades of B, based on best attempts in each course. Grades of B- are insufficient. These requirements must be met with a maximum of two attempts allowed for each course.

RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the College of Engineering and pursue actual internships during their sophomore, junior and senior years. See the Department Undergraduate Advisor for more information on earning academic credit for internships.

ACCREDITATION INFORMATION
The Bachelor of Science in Computer Engineering degree is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

ADVISING INFORMATION

Department Undergraduate Advisor: http://www.usf.edu/engineering/cse/undergraduate/contacts.aspx

4 YEAR PLAN OF STUDY - COMPUTER ENGINEERING B.S.C.P.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Items that are critical are marked with a ✳ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

Hardware Developer
Hardware Tester
Software Developer
Software Tester

Potential Entry Level Salary Range:

$55,000 - $85,000

Total Credit Hours: 16
COMPUTER SCIENCE B.S.C.S.

TOTAL DEGREE HOURS: 120

The Computer Science program focuses on the design, development, and application of software systems. Additional course work in algorithms, discrete structures, object oriented design, data structures, operating systems, digital logic design, computer architecture, and a wide range of advanced electives extend and supplement the core.

MISSION STATEMENT

In keeping with the mission of the College of Engineering, the Department of Computer Science and Engineering strives for excellence in teaching, research, and public service. Specifically, the Department aspires to:

- Lead the advancement of computer science, computer engineering, information technology, and cybersecurity through internationally recognized research and education, as well as technology transfer.
- Prepare students for full and ethical participation in a diverse society and encourage lifelong learning.
- Educate students in the best practices of the field as well as integrate the latest research into the curriculum.
- Foster the development of problem solving and communication skills as an integral component of the profession.
- Provide quality learning experiences through effective classroom practices, active learning styles of teaching, and opportunities for meaningful interactions between students and faculty.

PROGRAM EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES

The Department has established the following program educational objectives for Computer Science graduates.

Objective 1: Our graduates will apply their knowledge and skills to succeed in their careers and/or obtain advanced degrees.

Objective 2: Our graduates will function ethically and responsibly, and will remain informed and involved as full participants in our profession and society.

Objective 3: Our graduates will creatively solve problems, communicate effectively, and successfully function in multi-disciplinary teams.

Objective 4: Our graduates will apply principles and practices of computing grounded in mathematics and science to successfully complete software-related projects to meet customer business objectives and/or productively engage in research.

The following are the Student Outcomes. Graduates of the program will have an ability to:

- Analyze a complex computing problem and to apply principles of computing and other relevant disciplines to identify solutions.
- Design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program's discipline.
- Communicate effectively in a variety of professional contexts.
- Recognize professional responsibilities and make informed judgments in computing practice based on legal and ethical principles.
- Function effectively as a member or leader of a team engaged in activities appropriate to the program's discipline.
- Apply computer science theory and software development fundamentals to produce computing-based solutions.

[CS]

Student Enrollment Data

Student enrollment data is posted on the Department website.
Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- Transfer: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- International: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

For Admission information specific to the College of Engineering, see the information at College of Engineering.

**COMPUTER SCIENCE MINIMUM REQUIREMENTS FOR PROGRESSION INTO THE UPPER DIVISION**

Computer Science students who have fully met the below requirements and are in good academic standing, may progress into the upper level of the major. Prior to progression into the upper level, a student may take no more than two Departmental courses. The department may have continuation requirements, which specify minimum performance standards in core major courses which must be met before further registration in the department is granted.

Completion of:

- ENC 1101 - Composition I and ENC 1102 - Composition II
- Calculus I (MAC 2311 or MAC 2281) and Calculus II (MAC 2313 or MAC 2282)
- Calculus-based Physics I with Lab (PHY 2048 and PHY 2048L)

All students must complete the equivalent of USF Composition I & II, Engineering Calculus I & II, and Calculus-based General Physics I (with lab) with minimum grades of C in each course (grades of C- are insufficient). The minimum overall grade average in these five courses required for progression to the upper level is between 3.0 and 3.5 for any given year. The minimum acceptable grade average will be posted on the Department's website one year prior to the fall semester that the revised grade average is applicable. The computed grade average is based on the best attempts in these courses. These requirements must be met with a maximum of two attempts allowed for each course.

Completion of COP 2510 with a minimum grade of B (grade of B- is insufficient) or another introductory programming course covering a modern programming language, with an emphasis on programming concepts and design methodology with a minimum grade of B (grade of B- is insufficient).

A minimum overall GPA of 2.0
A minimum USF GPA of 2.0

**MINIMUM CONTINUATION REQUIREMENTS FOR THE COMPUTER SCIENCE MAJOR**

Students meeting the above requirements may progress to either of the Computer Science or Computer Engineering degree tracks; however, continuation in the major will be allowed only for students who complete CDA 3103 and COP 3514 with minimum grades of B, based on best attempts in each course (grades of B- are insufficient). These requirements must be met with a maximum of two attempts allowed for each course.

**DEPARTMENTAL POLICIES**

In addition to the College's graduation requirements, the Department has the following policies:

- Mandatory academic advising and/or mentoring of students.
- Exit interview and/or survey as a graduation requirement.
STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to the Department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

- COP XXXX* - 3 credit hours
- MAC X311 or MAC X281 Calculus I - 4 credit hours
- MAC X312 or MAC X282 Calculus II - 4 credit hours
- (PHY X048 and PHY X048L or PHY X048C General Physics I with Lab - 4 credit hours)
- (PHY X049 and PHY X049L or PHY X049C General Physics I with Lab - 4 credit hours)
- XXX XXXX** - 6 credit hours

*Introductory Programming in C, C++, Java, or equivalent language. Choose programming language required by the university to which the student wishes to transfer.

**Science courses for Science majors.

MAJOR REQUIREMENTS (96 CREDIT HOURS)

MAJOR CORE (75 HOURS)

MATH AND SCIENCE (20 CREDIT HOURS)

MAC 2281 - Engineering Calculus I Credit(s): 4
or
MAC 2311 - Calculus I Credit(s): 4
MAC 2282 - Engineering Calculus II Credit(s): 4
or
MAC 2312 - Calculus II Credit(s): 4
MAC 2283 - Engineering Calculus III Credit(s): 4
or
MAC 2313 - Calculus III Credit(s): 4
PHY 2048 - General Physics I - Calculus Based Credit(s): 3
PHY 2048L - General Physics I Laboratory Credit(s): 1
PHY 2049 - General Physics II - Calculus Based Credit(s): 3
PHY 2049L - General Physics II Laboratory Credit(s): 1
### BASIC ENGINEERING (8 CREDIT HOURS)

- EGN 3000 - Foundations of Engineering Credit(s): 0-3
- EGN 3000L - Foundations of Engineering Lab Credit(s): 3
- EGN 3443 - Probability and Statistics for Engineers Credit(s): 3
- EGN 4450 - Introduction to Linear Systems Credit(s): 2

### SPECIALIZATION (38 CREDIT HOURS)

- COP 2510 - Programming Concepts Credit(s): 3
- COP 3514 - Program Design Credit(s): 3
- COP 4530 - Data Structures Credit(s): 3
- COP 4600 - Operating Systems Credit(s): 3
- CDA 3103 - Computer Organization Credit(s): 3
- CDA 3201 - Computer Logic and Design Credit(s): 3
- CDA 3201L - Computer Logic and Design Lab Credit(s): 1
- CDA 4205 - Computer Architecture Credit(s): 3
- CDA 4205L - Computer Architecture Lab Credit(s): 1
- CEN 4020 - Software Engineering Credit(s): 3
- COT 3100 - Introduction to Discrete Structures Credit(s): 3
- COT 4400 - Analysis of Algorithms Credit(s): 3
- CDA 4205 - Computer Architecture Credit(s): 3
- CIS 4250 - Ethical Issues and Professional Conduct Credit(s): 3

### COMPOSITION AND TECHNICAL WRITING (9 CREDIT HOURS)

- ENC 1101 - Composition I Credit(s): 3
- ENC 1102 - Composition II Credit(s): 3
- ENC 3246 - Communication for Engineers Credit(s): 3

### MAJOR ELECTIVES (21 CREDIT HOURS)

Note: The Department website undergraduate section contains the most up to date list of Departmental upper-level technical electives. Additional electives may be available with a special topics course number (typically, CIS 4930). The prerequisite for Departmental upper-level technical electives is CDA 3201 Computer Logic and Design and COP 4530 Data Structures. Consult with the Department Undergraduate Advisor to learn more about available electives. A maximum of six (6) hours of CIS 4900 and/or any other supervised individual study (including CIS 4915 and CIS 4940) are allowed as Department credit.

### SOFTWARE ELECTIVES

- CAP 4034 - Computer Animation Fundamentals Credit(s): 3
- CAP 4063 - Web Application Design Credit(s): 3
- CAP 4111 - Introduction to Augmented and Virtual Reality Credit(s): 3
- CAP 4401 - Image Processing Fundamentals Credit(s): 3
- CAP 4410 - Computer Vision Credit(s): 3
- CAP 4662 - Introduction to Robotics Credit(s): 3
- CAP 4773 - Social Media Mining Credit(s): 3
- CAP 4800 - Systems Simulation Credit(s): 3
- CEN 4072 - Software Testing Credit(s): 3
- CEN 4721 - User Interface Design Credit(s): 3
- CIS 4364 - Cryptology and Information Security Credit(s): 3
- CNT 4004 - Computer Networks I Credit(s): 3
- CNT 4411 - Computing and Network Security Credit(s): 3
- CNT 4504 - Computer Networks II Credit(s): 3
- CNT 4800 - Network Science Credit(s): 3
- COP 3257 - JAVA for Experienced Programmers Credit(s): 3
COLLEGE OF ENGINEERING

COP 4020 - Programming Languages Credit(s): 3
COP 4365 - Software System Development Credit(s): 3
COP 4520 - Computing in Massively Parallel Systems Credit(s): 3
COP 4620 - Compilers Credit(s): 3
COP 4656 - Software Development for Mobile Devices Credit(s): 3
COP 4710 - Database Design Credit(s): 3

HARDWARE ELECTIVES

CDA 4203 - Computer System Design Credit(s): 3
CDA 4203L - Computer System Design Lab Credit(s): 1
CDA 4213 - CMOS-VLSI Design Credit(s): 3
CDA 4213L - CMOS-VLSI Design Lab Credit(s): 1
CDA 4253 - Field Programmable Gate Array System Design and Analysis Credit(s): 3
CDA 4322 - Principles of Secure Hardware Design Credit(s): 3
CDA 4621 - Control of Mobile Robots Credit(s): 3

THEORY ELECTIVES

COT 4115 - Advanced Discrete Structures with Cryptology Credit(s): 3
COT 4210 - Automata Theory and Formal Languages Credit(s): 3
COT 4521 - Computational Geometry Credit(s): 3

OTHER COURSES

CIS 4212 - Privacy-Preserving and Trustworthy Cyber-Infrastructures Credit(s): 3
CIS 4345 - Big Data Storage and Analysis with Hadoop Credit(s): 3
CIS 4623 - Practical Cybersecurity Credit(s): 3
CIS 4900 - Independent Study in Computer Science Credit(s): 1-5
CIS 4910 - Computer Science and Engineering Project Credit(s): 3
CIS 4915 - Supervised Research in Computer Science Credit(s): 1-5
CIS 4940 - Industry Internship Credit(s): 0-6

GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

GRADING REQUIREMENTS

Unless otherwise stated, the minimum acceptable grade in all BSCS required math, science, and engineering courses is a C or higher (C- is insufficient). The minimum acceptable grade in specialization courses is a C-, except as stated in the major progression and continuation requirements.
COURSE GRADE REQUIREMENTS

Continuation in the major requires successful completion of CDA 3103 and COP 3514 with minimum grades of B, based on best attempts in each course. Grades of B- are insufficient. These requirements must be met with a maximum of two attempts allowed for each course.

RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the College of Engineering and pursue actual internships during their sophomore, junior and senior years. See the Department Undergraduate Advisor for more information on earning academic credit for internships.

BACHELOR’S/MASTER’S PATHWAYS

Students majoring in Computer Science have the option to pursue one of the following Bachelor's/Master's Pathways:

- B.S.C.S. in Computer Science and M.S.C.S. in Computer Science

For more information, see the Graduate Catalog.

ACCREDITATION INFORMATION

The Bachelor of Science in Computer Science degree is accredited by the Computing Accreditation Commission of ABET, http://www.abet.org.

ADVISING INFORMATION

Department Undergraduate Advisor: http://www.usf.edu/engineering/cse/undergraduate/contacts.aspx
4 YEAR PLAN OF STUDY - COMPUTER SCIENCE B.S.C.S.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Items that are critical are marked with a ✗ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

- Software Developer
- Software Tester
- Software Engineer
- Device Application Developer
- Cloud Software Developer

Potential Entry Level Salary Range:

$55,000 - $85,000

YEAR 1

SEMESTER 1 (FALL)

- MAC 2281 - Engineering Calculus I Credit(s): 4
  or MAC 2311 - Calculus I Credit(s): 4
- ENC 1101 - Composition I Credit(s): 3
- EGN 3000L - Foundations of Engineering Lab Credit(s): 3 (Meets TGEC - Creative Thinking requirement)
  ✗ EGN 3000 - Foundations of Engineering Credit(s): 0-3
- Natural Science Elective (Life or Physical) Credit(s): 3

NOTE: SCIV - Civics Literacy requirement needs to be fulfilled prior to graduation. See advisor.

Total Credit Hours: 13

SEMESTER 2 (SPRING)

- MAC 2282 - Engineering Calculus II Credit(s): 4
  or MAC 2312 - Calculus II Credit(s): 4
- ENC 1102 - Composition II Credit(s): 3
- PHY 2048 - General Physics I - Calculus Based Credit(s): 3
- COP 2510 - Programming Concepts Credit(s): 3
- PHY 2048L - General Physics I Laboratory Credit(s): 1

Total Credit Hours: 14

SEMESTER 3 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.
## YEAR 2

### SEMESTER 4 (FALL)

- **MAC 2283** - Engineering Calculus III  **Credit(s): 4**
  - or **MAC 2313** - Calculus III  **Credit(s): 4**
- **PHY 2049** - General Physics II - Calculus Based  **Credit(s): 3**
- **PHY 2049L** - General Physics II Laboratory  **Credit(s): 1**
- **CDA 3103** - Computer Organization  **Credit(s): 3**
- **COP 3514** - Program Design  **Credit(s): 3**

Total Credit Hours: 14

### SEMESTER 5 (SPRING)

- **CDA 3201** - Computer Logic and Design  **Credit(s): 3**
- **CDA 3201L** - Computer Logic and Design Lab  **Credit(s): 1**
- **SGEH** - General Education Core Humanities  **Credit(s): 3**
- **COT 3100** - Introduction to Discrete Structures  **Credit(s): 3**
- **COP 4530** - Data Structures  **Credit(s): 3**

Total Credit Hours: 13

### SEMESTER 6 (SUMMER)

- **SGES** - General Education Core Social Sciences  **Credit(s): 3**
- Natural Science Elective (Life or Physical)  **Credit(s): 3**
- **EGN 3443** - Probability and Statistics for Engineers  **Credit(s): 3**  (meets TGEI - Information and Data Literacy requirement)

Total Credit Hours: 9

## YEAR 3

### SEMESTER 7 (FALL)

- **TGED** - Human & Cultural Diversity  **Credit(s): 3**
- **CDA 4205** - Computer Architecture  **Credit(s): 3**
- **CDA 4205L** - Computer Architecture Lab  **Credit(s): 1**
- **EGN 4450** - Introduction to Linear Systems  **Credit(s): 2**  (meets TGEI - Information and Data Literacy requirement)
- **CSE Elective**  **Credit(s): 3**
- **CSE Software Elective**  **Credit(s): 3**

Total Credit Hours: 15

### SEMESTER 8 (SPRING)

- **ENC 3246** - Communication for Engineers  **Credit(s): 3**
- **COT 4400** - Analysis of Algorithms  **Credit(s): 3**
- **CSE Elective**  **Credit(s): 3**
- **CSE Software Elective**  **Credit(s): 3**
- **General Elective**  **Credit(s): 3**

Total Credit Hours: 15
CYBERSECURITY B.S.C.Y.S.

TOTAL DEGREE HOURS: 120

The Cybersecurity major focuses on technology, people, information, and processes to enable assured cyber operations in the context of adversaries. The program is built on a technical foundation of computing and information technology. Students in this program acquire a background in cybersecurity related to information, software, systems, users, and organizations including aspects of policy, human factors, risk management, ethics, and impact on society.

MISSION STATEMENT

In keeping with the mission of the College of Engineering, the Department of Computer Science and Engineering strives for excellence in teaching, research, and public service. Specifically, the Department aspires to:

- Lead the advancement of computer science, computer engineering, information technology, and cybersecurity through internationally recognized research and education, as well as technology transfer.
- Prepare students for full and ethical participation in a diverse society and encourage lifelong learning.
- Educate students in the best practices of the field as well as integrate the latest research into the curriculum.
- Foster the development of problem solving and communication skills as an integral component of the profession.
- Provide quality learning experiences through effective classroom practices, active learning styles of teaching, and opportunities for meaningful interactions between students and faculty.

PROGRAM EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES

The Department has established the following program educational objectives for the Cybersecurity graduates.

Objective 1: Our graduates will apply their knowledge and skills to succeed in their careers and/ or obtain an advanced degree.

Objective 2: Our graduates will function ethically and responsibly, and will remain informed and involved as full participants in our profession and society.

Objective 3: Our graduates will creatively solve problems, communicate effectively, and successfully function in multi-disciplinary teams.

Objective 4: Our graduates will develop and apply principles and practices of cybersecurity to protect computing equipment, data, process, and people from adversaries and exposure.

The following are the Student Outcomes. Graduates of the program will have an ability to:

- Analyze a complex computing problem and to apply principles of computing and other relevant disciplines to identify solutions.

- Design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program's discipline.

- Communicate effectively in a variety of professional contexts.

- Recognize professional responsibilities and make informed judgments in computing practice based on legal and ethical principles.

- Function effectively as a member or leader of a team engaged in activities appropriate to the program’s discipline.

- Apply security principles and practices to maintain operations in the presence of risks and threats.

Student Enrollment Data

Student enrollment data is posted on the Department website.

UNIVERSITY ADMISSIONS
Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

**Freshman:** [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)

**Transfer:** [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)

**International:** [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

For Admission information specific to the College of Engineering, see the information at College of Engineering.

**CYBERSECURITY MINIMUM REQUIREMENTS FOR PROGRESSION INTO THE UPPER DIVISION**

Cybersecurity students who have fully met the below requirements and are in good standing may progress into the upper division for the major. Prior to progression into the upper division, a student may be permitted to take no more than two Departmental courses. The department may have continuation requirements, which specify minimum performance standards in core major courses which must be met before further registration in the department is granted.

Completion of with a minimum acceptable grade for each of the courses is C (grades of C- are insufficient).

- **MAD 2104** – Discrete Mathematics
- **STA 2023** – Introductory Statistics
- **PHY 2020** – Conceptual Physics
- **MAC 1147** – Pre-calculus with Algebra and Trigonometry

All students must complete the equivalent of USF Discrete Mathematics (MAD 2104), Introductory Statistics (STA 2023), Conceptual Physics (PHY 2020), and Pre-calculus with Algebra and Trigonometry (MAC 1147) with minimum grades of C in each course (grades of C- are insufficient). The minimum overall grade average in these four courses required for progression to the upper level is between 2.0 and 3.5 for any given year. The minimum acceptable grade average will be posted on the department's website one year prior to the fall semester that the revised grade average is applicable. The computed grade average is based on the best attempts in these courses. These requirements must be met with a maximum of two attempts allowed for each course.

2. A minimum overall GPA of 2.0.

3. A minimum USF GPA of 2.0.

4. Completion of CGS 1540 with a minimum grade of B (grade of B- is insufficient) or another introductory database course with a minimum grade of B (grade of B- is insufficient).

**DEPARTMENTAL POLICIES**

In addition to the College's graduation requirements, the Department has the following policies:

- Mandatory academic advising and/or mentoring of students.
- Exit interview and/or survey as a graduation requirement.

**STATE MANDATED COMMON COURSE PREREQUISITES**

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.
The minimum acceptable grade in state mandated prerequisite courses is a C or higher (C- is insufficient).

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2021-2022 UNDERGRADUATE CATALOG

LIS 4414 - Information Policy and Ethics Credit(s): 3 (College of Arts & Sciences course)
CIS 4935 - Senior Project in Information Technology Credit(s): 4
ISM 4323 - Information Security and IT Risk Management Credit(s): 3 (Muma College of Business course)

COMPOSITION AND TECHNICAL WRITING (9 CREDIT HOURS)

ENC 1101 - Composition I Credit(s): 3
ENC 1102 - Composition II Credit(s): 3
ENC 3246 - Communication for Engineers Credit(s): 3

MAJOR ELECTIVES (9 CREDIT HOURS)

The Department website undergraduate section contains the most up-to-date list of Approved Cybersecurity Electives. These posted lists also describe the required pre-requisites for the electives. Additional electives may be available with a Special Topics course number (e.g., COP 4931). Consult with the Department Undergraduate Advisor to learn more about available electives. A maximum of nine (9) hours combined of COP 4900 Independent Study and CIS 4947 Industry Internship for Information Technology are allowed as Department Elective credit, with no more than 3 hours in any one given company for CIS 4947 credit

College of Engineering – Department of Computer Science and Engineering

Please see advisor for a list of applicable courses.

College of Arts and Sciences – School of Information

   CIS 3360 - Principles of Information Security Credit(s): 3
   CIS 3362 - Cryptography and Information Security Credit(s): 3
   LIS 4779 - Health Information Security Credit(s): 3

Muma College of Business – Department of Information Systems Decision Sciences

   CIS 4203 - Cyber Forensics and Investigations Credit(s): 3
   ISM 4041 - Global Cyber Ethics Credit(s): 3
   ISM 4571 - Cybersecurity Cases Credit(s): 3

College of Education – Department of Teaching and Learning

   EDG 3801 - Cybersecurity and the Everyday Citizen Credit(s): 3

INDUSTRY INTERNSHIP

The Department of Computer Science and Engineering and the College of Engineering recommend that BSCYS students complete an industry internship. Students may earn up to nine credit hours, as elective, for CIS 4947 Industry Internship for IT, no more than three credit hours in any one given company. Internships for CIS 4947 must be in the area of Cybersecurity.

GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

GRADING REQUIREMENT
Unless otherwise stated, the minimum acceptable grade in all major required math, science, and engineering courses is a C or higher (C- is insufficient). The minimum acceptable grade in state mandated prerequisite courses is a C or higher (C- is insufficient). The minimum acceptable grade in specialization courses is a C-, expect as stated in the program progression and continuation requirements.

RESIDENCY REQUIREMENT

Transfer students must complete a minimum number of approved major core courses in the major at USF. The minimum number of USF major core credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A concurrent degree (dual degree) student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

OTHER REQUIREMENTS

Currently, a student pursuing the Cybersecurity major may not pursue a second major while simultaneously enrolled in the Cybersecurity undergraduate major.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION

Department Undergraduate Advisor: http://www.usf.edu/engineering/cse/undergraduate/contacts.aspx

4 YEAR PLAN OF STUDY - CYBERSECURITY B.S.C.Y.S.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Items that are critical are marked with a ✳ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

- Cybersecurity Specialist
- Information Technology Security Specialist
- Cybersecurity Consultant
- Information Security Analyst
- Penetration and Vulnerability Tester

Potential Entry Level Salary Range:

$45,000 - $75,000

YEAR 1

SEMESTER 1 (FALL)

- ✳ CGS 1540 - Introduction to Databases for Information Technology Credit(s): 3
- MAC 1147 - Precalculus Algebra and Trigonometry Credit(s): 4
- EGN 3000 - Foundations of Engineering Credit(s): 0-3
SEMESTER 2 (SPRING)

- COP 2512 - Programming Fundamentals for Information Technology Credit(s): 3
- MAD 2104 - Discrete Mathematics Credit(s): 3
- ENC 1102 - Composition II Credit(s): 3
- PHY 2020 - Conceptual Physics Credit(s): 3
- SGHE - General Education Core Humanities Credit(s): 3

Total Credit Hours: 15

SEMESTER 3 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 2

SEMESTER 4 (FALL)

- COP 2513 - Object Oriented Programming for Information Technology Credit(s): 3
- CGS 3303 - IT Concepts Credit(s): 3
- ECO 2013 - Economic Principles (Macroeconomics) Credit(s): 3 (Meets SGES - General Education Core Social Sciences requirement)
- STA 2023 - Introductory Statistics I Credit(s): 3

Total Credit Hours: 12

SEMESTER 5 (SPRING)

- CIS 3213 - Foundations of Cybersecurity Credit(s): 3
- COP 3515 - Advanced Program Design for Information Technology Credit(s): 3
- PSY 2012 - Introduction to Psychological Science Credit(s): 3 (Meets SGES - General Education Core Social Sciences requirement)
- SGEN - General Education Core Natural Sciences Credit(s): 3

INFORMATION TECHNOLOGY B.S.I.T.

TOTAL DEGREE HOURS: 120

The Information Technology program focuses on programming, databases, networking, human-computer interaction, web systems, and cybersecurity to meet the technology requirements of business, government, healthcare, education, and other organizations. Students in this program acquire the right combination of fundamental knowledge and practical expertise to solve computing technology problems and meet user needs.

MISSION STATEMENT

In keeping with the mission of the College of Engineering, the Department of Computer Science and Engineering strives for excellence in teaching, research, and public service. Specifically, the Department aspires to:

- Lead the advancement of computer science, computer engineering, information technology, and cybersecurity through internationally recognized research and education, as well as technology transfer.
- Prepare students for full and ethical participation in a diverse society and encourage lifelong learning.
- Educate students in the best practices of the field as well as integrate the latest research into the curriculum.
- Foster the development of problem solving and communication skills as an integral component of the profession.
- Provide quality learning experiences through effective classroom practices, active learning styles of teaching, and opportunities for meaningful interactions between students and faculty.

PROGRAM EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES

The Department has established the following program educational objectives for the Computer Engineering graduates.

Objective 1: Our graduates will apply their knowledge and skills to succeed in their careers and/or obtain an advanced degree.

Objective 2: Our graduates will function ethically and responsibly, and will remain informed and involved as full participants in our profession and society.

Objective 3: Our graduates will creatively solve problems, communicate effectively, and successfully function in multi-disciplinary teams.

Objective 4: Our graduates will apply principles and practices of information technology to identify, implement, and enable effective technologies and apply fundamental computing knowledge to solve information technology problems.

The following are the Student Outcomes. Graduates of the program will have an ability to:

- Analyze a complex computing problem and to apply principles of computing and other relevant disciplines to identify solutions.
- Design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program’s discipline.
- Communicate effectively in a variety of professional contexts.
- Recognize professional responsibilities and make informed judgments in computing practice based on legal and ethical principles.
- Function effectively as a member or leader of a team engaged in activities appropriate to the program’s discipline.
- Identify and analyze user needs and to take them into account in the selection, creation, integration, evaluation, and administration of computing-based systems.

Student Enrollment Data

Student enrollment data is posted on the Department website.
UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- **Transfer**: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- **International**: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

For Admission information specific to the College of Engineering, see the information at College of Engineering.

INFORMATION TECHNOLOGY MINIMUM REQUIREMENTS FOR PROGRESSION INTO THE UPPER DIVISION

Information Technology students who have fully met the below requirements and are in good standing may progress into the upper division of the major. Prior to progression into the upper division, a student may be permitted to take no more than two Departmental courses. The department may have continuation requirements, which specify minimum performance standards in core major courses which must be met before further registration in the department is granted.

Completion of with a minimum grade of C in each course (grades of C- are insufficient)
- MAD 2104 – Discrete Mathematics
- STA 2023 – Introductory Statistics
- PHY 2020 – Conceptual Physics
- MAC 1147 – Pre-calculus with Algebra and Trigonometry

All students must complete the equivalent of USF Discrete Mathematics (MAD 2104), Introductory Statistics (STA 2023), Conceptual Physics (PHY 2020), and Pre-calculus with Algebra and Trigonometry (MAC 1147) with minimum grades of C in each course (grades of C- are insufficient). The minimum overall grade average in these four courses required for progression to the upper level is between 2.0 and 3.5 for any given year. The minimum acceptable grade average will be posted on the department's website one year prior to the fall semester that the revised grade average is applicable. The computed grade average is based on the best attempts in these courses. These requirements must be met with a maximum of two attempts allowed for each course.

2. A minimum overall GPA of 2.0
3. A minimum USF GPA of 2.0
4. Completion of CGS 1540 with a minimum grade of B (grade of B- is insufficient) or another introductory database course with a minimum grade of B (grade of B- is insufficient).

DEPARTMENTAL POLICIES

In addition to the College's graduation requirements, the department has the following policies:

- Mandatory academic advising and/or mentoring of students.
- Exit interview and/or survey as a graduation requirement.
STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

The minimum acceptable grade in state mandated prerequisite courses is a C or higher (C- is insufficient).

- MAC X000-X999 or MAD X000-X999 or MAC X2333 Any Pre-Calculus course - 3 credit hours
- PHI X000-X999 Philosophy - 3 credit hours
- PSY X000-X999 Psychology - 3 credit hours
- CGS X000-X999 Any Database course - 3 credit hours
- STA X023 or STA X122 - 3 credit hours
- ECO X013 Economic Principles II Macroeconomics - 3 credit hours
- COP X000-X999 or CTS Any Computer Programming or Computer Technology & Skills course - 3 credit hours

Note: Introductory Programming in C, C++, Java, or equivalent language. Choose programming language required by the university to which the student wishes to transfer.

TOTAL MAJOR HOURS: 102

MAJOR CORE (87 HOURS)

MATH AND SCIENCE (16 CREDIT HOURS)

- STA 2023 - Introductory Statistics I Credit(s): 3
- MAC 1147 - Precalculus Algebra and Trigonometry Credit(s): 4
- MAD 2104 - Discrete Mathematics Credit(s): 3
- PHY 2020 - Conceptual Physics Credit(s): 3
- SGEN - General Education Core Natural Sciences Elective

BREADTH (9 CREDIT HOURS)

- PSY 2012 - Introduction to Psychological Science Credit(s): 3
- ECO 2013 - Economic Principles (Macroeconomics) Credit(s): 3
- INR 3033 - International Political Cultures Credit(s): 3 *

* If you are planning to transfer into the Computer Engineering program after obtaining an AA degree, a substitute for this course should be taken as part of your two-year degree program at the lower level to be equated into USF's upper-level curriculum. Please refer to the Fuse Graduation Pathway, or your advisor, for guidance on equivalent lower-level courses. See https://www.usf.edu/undergrad/transfer-student-success/fuse/graduation-paths/index.aspx for more information.
BASIC ENGINEERING (3 CREDIT HOURS)

EGN 3000 - Foundations of Engineering Credit(s): 0-3
EGN 3000L - Foundations of Engineering Lab Credit(s): 3

SPECIALIZATION (50 CREDIT HOURS)

COP 4703 - Advanced Database Systems for Information Technology Credit(s): 3

COMPOSITION AND TECHNICAL WRITING (9 CREDIT HOURS)

ENC 1101 - Composition I Credit(s): 3
ENC 1102 - Composition II Credit(s): 3
ENC 3246 - Communication for Engineers Credit(s): 3

MAJOR ELECTIVES (15 CREDIT HOURS)

The Department website undergraduate section contains the most up-to-date list of Approved IT Electives. These posted lists also describe the required pre-requisites for the electives. Additional electives may be available with a Special Topics course number (e.g., COP 4931). Consult with the Department Undergraduate Advisor to learn more about available electives. A maximum of nine (9) hours combined of COP 4900 Independent Study and CIS 4947 Industry Internship for Information Technology are allowed as Department credit, with no more than 3 hours in any one given company for CIS 4947 credit.

CAP 4136 - Malware Analysis and Reverse Engineering Credit(s): 3
CEN 4360 - Mobile Applications Development for IT Credit(s): 3
CGS 3845 - Electronic Commerce Credit(s): 3
CIS 4200 - Penetration Testing for IT Credit(s): 3
CIS 4361 - Information Assurance and Security Management for IT Credit(s): 3
CIS 4412 - Resource Management for IT Credit(s): 3
CIS 4947 - Industry Internship for IT Credit(s): 1-5
CNT 4403 - Network Security and Firewalls Credit(s): 3
COP 3353 - User-Level Introduction to Linux for IT Credit(s): 3
COP 4564 - Application Maintenance & Debugging for IT Credit(s): 3
COP 4883 - Java Programming for Information Technology Credit(s): 3
CTS 4337 - Linux Workstations System Administration for IT Credit(s): 3
COP 4900 - Independent Study in Information Technology Credit(s): 1-5

GPA REQUIREMENTS
Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

**GRADING REQUIREMENT**

Unless otherwise stated, the minimum acceptable grade in all BSIT required math, science, and engineering courses is a C or higher (C- is insufficient). The minimum acceptable grade in state mandated prerequisite courses is a C or higher (C- is insufficient). The minimum acceptable grade in a specialization course is a C-, expect as stated in the major progression and continuation requirements.

**RESIDENCY REQUIREMENT**

Transfer students must complete a minimum number of approved major core courses in the major at USF. The minimum number of USF major core credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A concurrent degree (dual degree) student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

**RESEARCH OPPORTUNITIES**

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

**INTERNSHIP OPPORTUNITIES**

The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the engineering college and pursue actual internships during their sophomore, junior, and senior years. See the Department Undergraduate Advisor for more information on earning academic credit for internships.

**BACHELOR'S/MASTER'S PATHWAYS**

Students majoring in Information Technology have the option to pursue the following Bachelor's/Master's Pathways:

- B.S.I.T. in Information Technology and M.S.I.T. Information Technology

For more information, see the Graduate Catalog.

**ADVISING INFORMATION**

4 YEAR PLAN OF STUDY - INFORMATION TECHNOLOGY B.S.I.T.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor. Items that are critical are marked with a ✳️ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

- Information Technology Specialist
- System Administrator
- Database Administrator
- Network Administrator

Potential Entry Level Salary Range:

$45,000 - $75,000

YEAR 1

SEMESTER 1 (FALL)

- EGN 3000 - Foundations of Engineering Credit(s): 0-3
- ENC 1101 - Composition I Credit(s): 3
- MAC 1147 - Precalculus Algebra and Trigonometry Credit(s): 4
  ✳️ CGS 1540 - Introduction to Databases for Information Technology Credit(s): 3
- EGN 3000L - Foundations of Engineering Lab Credit(s): 3 Note: TGEC - Creative Thinking requirement is met with EGN 3000L.

Total Credit Hours: 13

SEMESTER 2 (SPRING)

- ✳️ MAD 2104 - Discrete Mathematics Credit(s): 3
- ENC 1102 - Composition II Credit(s): 3
- PHY 2020 - Conceptual Physics Credit(s): 3
  ✳️ COP 2512 - Programming Fundamentals for Information Technology Credit(s): 3
- SGEH - General Education Core Humanities Credit(s): 3

Total Credit Hours: 15

SEMESTER 3 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

Approved IT Elective Credit(s): 3  
Approved IT Elective Credit(s): 3

Total Credit Hours: 13
COMPUTER SCIENCE MINOR

TOTAL MINOR HOURS: 15

The Computer Science minor covers key topics in the discipline and is an 15 credit hour program that is expected to be attractive to students in other Engineering departments and to students in Mathematics and the Sciences (including Physics, Chemistry, and Biology).

MINOR REQUIREMENTS

The Computer Science minor is open to all students, except for students majoring in Computer Science, Computer Engineering, Information Technology, and Cybersecurity who meet the prerequisites described below.

MINOR CORE (9 CREDIT HOURS)

- COP 3514 - Program Design Credit(s): 3
- CDA 3103 - Computer Organization Credit(s): 3
- COP 4530 - Data Structures Credit(s): 3

MINOR ELECTIVES (6 CREDIT HOURS)

Two Departmental electives of student's choice for which prerequisites have been met. See the Computer Science degree program for a list of electives.

OTHER REQUIREMENTS

Students must register with the Department Undergraduate Advisor prior to starting this minor program. Consultation with the Department Undergraduate Advisor will ensure that students are informed of all offered courses. All catalog prerequisites and registration requirements must be met for enrollment in any of the courses required for the minor.

All students desiring to pursue the minor must meet the same prerequisites, entry, and continuation requirements as a Departmental major.

Note: Introduction to Discrete Structures (COT 3100 or equivalent) is required as a prerequisite for COP 4530 Data Structures and COT 4400 Analysis of Algorithms.

GPA REQUIREMENTS

All students desiring to pursue the minor must meet the same continuation requirements as a Departmental major.

GRADING REQUIREMENTS

Continuation in the minor requires successful completion of CDA 3103 and COP 3514 with minimum grades of B, based on best attempts in each course. Grades of B- are insufficient. These requirements must be met with a maximum of two attempts allowed for each course.

OTHER INFORMATION

Specialty tracks in hardware, software, and theory can be defined in consultation with the Department Undergraduate Advisor. A specific pre-graduate school track intended for students planning to seek admission into the Department graduate program has been defined with 9 hours of electives. The electives are as follows.

Note: These electives may have prerequisites not met by the Minor Core.

- COT 4400 - Analysis of Algorithms Credit(s): 3
- COP 4600 - Operating Systems Credit(s): 3
- CDA 4205 - Computer Architecture Credit(s): 3

ADVISING INFORMATION

### INFORMATION TECHNOLOGY MINOR

**TOTAL MINOR HOURS: 21**

The Information Technology minor covers key topics in the discipline and is a 21 credit hour program that is expected to be attractive to students in other Engineering departments and to students in Mathematics and the Sciences (including Physics, Chemistry, and Biology) who have no background in software development.

### MINOR REQUIREMENTS

The Information Technology minor is open to all students, except for students majoring in Computer Science, Computer Engineering, Information Technology, and Cybersecurity, who meet the prerequisites described below.

### MINOR CORE (15 CREDIT HOURS)

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>

<tr>
<td>COP 3515</td>
<td>Advanced Program Design for Information Technology</td>
<td>3</td>
</tr>
</tbody>
</table>

### MINOR ELECTIVES (6 CREDIT HOURS)

Two Departmental electives of student's choice (in consultation with the Department Undergraduate Advisor) for which prerequisites have been met.

### GPA REQUIREMENTS

Successful completion of the minor requires a minimum 2.0 GPA in the above listed courses.

### OTHER REQUIREMENTS

Students must register with the Department Undergraduate Advisor prior to starting this minor program. Consultation with the Department Undergraduate Advisor will ensure that students are informed of all offered courses. All catalog prerequisites and registration requirements must be met for enrollment in any of the courses taken for the minor.

All students desiring to pursue the minor must meet the same prerequisites, entry, and continuation requirements as a Departmental major.

Note: Discrete Mathematics (MAD 2104 or equivalent) is required as a prerequisite for COP 3515 - Advanced Program Design for Information Technology.

### ADVISING INFORMATION

Department Undergraduate Advisor:
https://www.usf.edu/engineering/student-services/academic-advising/
DEPARTMENT OF ELECTRICAL ENGINEERING
ELECTRICAL ENGINEERING B.S.E.E.

TOTAL DEGREE HOURS: 128

The Electrical Engineering major offers study in all areas fundamental to the analysis, design, and development of electrical devices and systems. The areas covered by the major include foundational topics such as circuits and electrical power, to applications such as Internet of Things, Smart Grid, Security, and Data Analytics. The major offers curriculum tracks that include: Bioelectrical Systems, Communication Systems, Energy, Power and Sustainability, Mechatronics, Robotics and Embedded Systems, Micro and Nano-scale Systems and Wireless Systems. Additional information on these areas may be found at: http://www.usf.edu/engineering/ee/documents/trackdescriptions.pdf. Well-equipped laboratories reinforce fundamental concepts, while providing real world hands-on exposure.

MISSION STATEMENT

The mission of the Electrical Engineering Department in the College of Engineering at the University of South Florida is to provide a high quality education in electrical engineering for our students and practicing professionals; create new knowledge and solve real world problems via innovative research, and disseminate this information for the benefit of society; and to engage in effective regional, national and international service and outreach.

PROGRAM EDUCATIONAL OBJECTIVES & STUDENT OUTCOMES

EDUCATIONAL OBJECTIVES

The Electrical Engineering Department in the College of Engineering at the University of South Florida is committed to graduating electrical engineers who shall within a few years of graduation:

- Demonstrate a progression in technical competence and increasing responsibility in the practice of engineering, and the ability to contribute to the diversity of thought and creativity in the workplace.
- Engage in written and oral professional communication within and beyond the engineering community.
- Continue to develop professionally through life-long learning, advanced education, and other creative pursuits in science and technology.

STUDENT OUTCOMES

- An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics
- An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors
- An ability to communicate effectively with a range of audiences
- An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts
- An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives
- An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions
- An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

Please refer to the mission statement on the department website for additional information.

STUDENT ENROLLMENT DATA

Student enrollment data can be found at the department's website: https://www.usf.edu/engineering/ee/about-us/factsandtrends.aspx.
UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

**Freshman:** [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)

**Transfer:** [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)

**International:** [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

For Admission information specific to the College of Engineering, see the information at College of Engineering.

ELECTRICAL ENGINEERING MINIMUM REQUIREMENTS FOR PROGRESSION INTO THE UPPER DIVISION

Electrical Engineering students who have fully met the below requirements and are in good academic standing, may progress into the upper division of the major. Prior to progression into the upper division, a student may be permitted to take no more than two departmental engineering courses beyond the first two years. Upon admission to the department all students must meet with the Undergraduate Program Coordinator, to discuss their pathway to graduation, and the department's Academic Integrity policies. The Department has continuation requirements which specify minimum performance standards in core major courses which must be met before further registration in the Department is granted.

Completion of:

- Calculus I (MAC 2311 or MAC 2281) and Calculus II (MAC 2312 or MAC 2282) and Calculus III (MAC 2313 or MAC 2283)
- Calculus-based Physics I with Lab (PHY 2048 and PHY 2048L)
- General Chemistry I with Lab (CHM 2045 and CHM 2045L) or (CHS 2440 and CHS 2440L)

A minimum grade of C in each course and a 3.0 GPA based upon the best attempt in these courses (maximum two attempts) for guaranteed progression to the upper division, OR a 2.75 GPA based upon the best attempt in these courses for a conditional progression to the upper division pending review of complete transcript.

2. A minimum overall GPA of 2.0

3. A minimum USF GPA of 2.0

MINIMUM CONTINUATION REQUIREMENT FOR THE ELECTRICAL ENGINEERING DEPARTMENT

Continuation in the major requires successful completion of EGN 3433 - Modeling and Analysis of Engineering Systems or MAP 2302 - Differential Equations with a grade of B (not B-) or higher (best attempt).

DEPARTMENTAL POLICIES

In addition to the College's graduation requirement, the department has the following policies:

- Students must consult with an academic advisor for the development of their individual academic study plan, and selection and approval of their Electrical Engineering Technical Electives.
- To schedule an appointment with an EE undergraduate advisor, send an email to: ENG-EEAdvising@usf.edu
- Students must complete Exit interviews as a graduation requirement.
STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to the department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

Mathematics:

Courses at USF

MAC 2281 - Engineering Calculus I or MAC 2311 - Calculus I
MAC 2282 - Engineering Calculus II or MAC 2312 - Calculus II
MAC 2283 - Engineering Calculus III or MAC 2313 - Calculus III
MAP 2302 - Differential Equations

Courses at a Florida College System Institution

MAC X311 or MAC X281 - 4 credit hours
MAC X312 or MAC X282 - 4 credit hours
MAC X313 or MAC X283 - 4 credit hours
MAP X302 or MAP X305 - 3 credit hours

Natural Sciences:

Courses at USF

CHM 2045 - General Chemistry I/CHM 2045L - General Chemistry I Laboratory or CHS 2440 - General Chemistry for Engineers/CHS 2440L - General Chemistry for Engineers Lab
PHY 2048 - General Physics I - Calculus Based/PHY 2048L - General Physics I Laboratory
PHY 2049 - General Physics II - Calculus Based/PHY 2049L - General Physics II Laboratory

Courses at a Florida College System Institution

(CHM X045 and CHM X045L) or CHM X045C or (CHS X440 and CHS X440L)* - 4 credit hours
(PHY X048 and PHY X048L) or PHY X048C - 4-5 credit hours
(PHY X049 and PHY X049L) or PHY X049C or (PHY X044 and PHY X049L) or (PHY X042 and PHY X049L) - 4-5 credit hours

*CHS X440 if 4 credit hours with included laboratory.

EGS 3071 - Professional Formation of Engineers 2  
Credit(s): 1

EGS 3072 - Professional Formation of Engineers 3  
Credit(s): 1

ELECTIVE CORE (12 CREDIT HOURS)

Students must choose four (4) out of the six (6) courses listed below. Each course serves as a "gateway" to the Technical Tracks (see technical tracks and technical electives lists below).

- EEE 3302 - Electronics I  
  Credit(s): 3  
  (Gateway Course for Technical Track #1)
- EEL 4512C - Introduction to Communication Systems  
  Credit(s): 3  
  (Gateway Course for Technical Track #2)
- EGN 3375 - Electromechanical Systems  
  Credit(s): 3  
  (Gateway Course for Technical Track #3)
- EEL 4657 - Linear Control Systems  
  Credit(s): 3  
  (Gateway Course for Technical Track #4)
- EEE 4351C - Semiconductor Devices  
  Credit(s): 3  
  (Gateway Course for Technical Track #5)
- EEL 4423C - Wireless Circuits & Systems Design Laboratory  
  Credit(s): 3  
  (Gateway Course for Technical Track #6)

MAJOR SPECIALIZATION (14 CREDIT HOURS)

Students must choose a minimum of two (2) technical tracks as areas of specialization and select at least two (2) 3-credit hour courses and one (1) 1-credit hour laboratory from courses listed under each track, except Track 6 in which the lab component is included in the Gateway course. Courses cannot be double counted across tracks.

See Track and Technical Electives lists below; graduate-level courses are also available under each track area.

TRACK 1: BIOELECTRICAL SYSTEMS

- EEE 4260C - Bioelectricity  
  Credit(s): 3
- EEE 4271 - Bioelectronics  
  Credit(s): 3
- EEE 4410 - System on a Chip  
  Credit(s): 3
- EEE 4506 - Biomedical Image Processing  
  Credit(s): 3
- EEL 3116L - Laboratory II  
  Credit(s): 1

TRACK 2: COMMUNICATION SYSTEMS

- EEL 4595 - Mobile and Personal Communication  
  Credit(s): 3
- EEL 4727C - Digital Signal Processing with Field Programmable  
  Credit(s): 3
- EEL 4756 - Digital Signal Processing  
  Credit(s): 3
- EEL 4936 - Special Electrical Engineering Topics II  
  Credit(s): 1-3
- EEL 4743L - Microprocessor Laboratory  
  Credit(s): 1
- EEL 4423C - Wireless Circuits & Systems Design Laboratory  
  Credit(s): 3

TRACK 3: ENERGY, POWER, AND SUSTAINABILITY

- EEL 4212 - Energy Delivery Systems  
  Credit(s): 3
- EEL 4214 - Electric (Utility) Distribution Systems  
  Credit(s): 3
- EEL 4224 - Electric Machines and Drives  
  Credit(s): 3
- EEL 4241 - Power Electronics  
  Credit(s): 3
- EEL 4251 - Power System Analysis  
  Credit(s): 3
- EEL 4252 - Power Systems II  
  Credit(s): 3
- EEL 4271 - Power System Protection  
  Credit(s): 3
- EEL 4283 - Sustainable Energy  
  Credit(s): 3
- EEL 4295 - Power Quality  
  Credit(s): 3
- EEL 4206L - Electromechanical Energy System Lab  
  Credit(s): 1

TRACK 4: MECHATRONICS, ROBOTICS, AND EMBEDDED SYSTEMS

- EEL 3100 - Network Analysis and Design  
  Credit(s): 3
- EEL 4657L - Linear Control Systems Laboratory  
  Credit(s): 1
EEL 4740 - Embedded Systems Credit(s): 3
EEL 4743L - Microprocessor Laboratory Credit(s): 1
EEL 4744 - Microprocessor Principles and Applications Credit(s): 3
EGN 3060 - Mechatronics for Innovation Credit(s): 3

TRACK 5: MICRO AND NANO-SCALE SYSTEMS
- EEE 3302 - Electronics I Credit(s): 3
- EEE 4274 - MEMS I: Chemical/Biomedical Sensors and Microfabrication Credit(s): 3
- EEE 4301 - Electronics II Credit(s): 3
- EEE 4359 - Analog CMOS/VLSI Design Credit(s): 3
- EEL 3116L - Laboratory II Credit(s): 1
- EEL 4567 - Electro-Optics Credit(s): 3

TRACK 6: WIRELESS CIRCUITS AND SYSTEMS
- EEL 4420 - RF & Microwave Measurements Credit(s): 2-3
- EEL 4421 - RF/Microwave Circuits I Credit(s): 3
- EEL 4422 - RF/Microwave Circuits II Credit(s): 3
- EEL 4461 - Antenna Theory Credit(s): 3

CAPSTONE DESIGN SEQUENCE (6 CREDIT HOURS)
- EEL 4906 - EE Design 1 Credit(s): 3
- EEL 4914 - EE Design 2 Credit(s): 3

Please note that the capstone design sequence including the EEL 4906 - EE Design 1 and the EEL 4914 - EE Design 2 courses, must be taken within the final year of the student's degree program.

TECHNICAL WRITING (3 CREDIT HOURS)
- ENC 3246 - Communication for Engineers Credit(s): 3

MAJOR ELECTIVES (17 CREDIT HOURS)
Select 17 credit hours of course and laboratory work from any of the Electrical Engineering upper-level (3000- or 4000-level) courses listed in the Undergraduate Catalog. Students may choose more coursework under the two specialization tracks, or choose breadth over depth by choosing courses in other Electrical Engineering areas. Students can complete up to 3 credit hours of general technical elective courses at the 3000 and 4000 levels, with prior department approval. These include the following options:

i) an engineering course outside of the Electrical Engineering department (courses in physics, math, biology etc. can also be approved);

ii) the EEL 4936 - Special Electrical Engineering Topics II - Leadership in Engineering course;

iii) an external full-time internship within the electrical engineering discipline.

GPA REQUIREMENTS
Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA

GRADING REQUIREMENT
Unless otherwise stated, the minimum acceptable grade in BSEE required math, science, engineering and specialization courses is a C or higher (C- is insufficient).

RESIDENCY REQUIREMENT
Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the engineering college and pursue actual internships during their sophomore, junior, and senior years.

Students seeking to secure an internship, are strongly encouraged to sign up on Handshake (https://usf.joinhandshake.com/login) and complete their profile. Internships cannot be used toward course credit. Students who wish for this activity to appear on their official transcripts, they can sign up for a 0-credit internship course (EGN 3940 - Professional Engineering Internship).

BACHELOR'S/MASTER'S PATHWAYS

Students majoring in Electrical Engineering have the option to pursue one of the following Bachelor's/Master's Pathways:

- B.S.E.E. in Electrical Engineering and M.S.E.E in Electrical Engineering
- B.S.E.E. in Electrical Engineering and M.S.E.M. in Engineering Management
- B.S.E.E. in Electrical Engineering and M.S.M.S.E. in Materials Science and Engineering

For more information, see the Graduate Catalog.

ACCREDITATION INFORMATION

The Bachelor of Science in Electrical Engineering degree is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.
ADVISING INFORMATION

All incoming freshman and transfer students must meet with one of the college advisors in the Engineering Student Services (ESS).

Engineering Student Services
Office: Engineering Building III (ENC) 1302
Phone: (813) 974-2684
Email: ENG-EEAdvising@usf.edu
Website

Electrical Engineering students progressing into the upper-division should meet with the EE Department Undergraduate Advisor with any questions.

Dr. Ferekides
UG, Program Director

4 YEAR PLAN OF STUDY - ELECTRICAL ENGINEERING B.S.E.E.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Items that are critical are marked with a ✳️ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

Systems Engineer
Design Engineer
Process Engineer
Biomedical Engineer
Hardware Engineer
Government Service Technical Service Representative

Potential Entry Level Salary Range:

$40,000 - $70,000
YEAR 1

SEMESTER 1 (FALL)

- MAC 2281 - Engineering Calculus I Credit(s): 4
  - or MAC 2311 - Calculus I Credit(s): 4
- CHM 2045 - General Chemistry I Credit(s): 3
  - or CHS 2440 - General Chemistry for Engineers Credit(s): 3
- ENC 1101 - Composition I Credit(s): 3
- CHM 2045L - General Chemistry I Laboratory Credit(s): 1
  - or CHS 2440L - General Chemistry for Engineers Lab Credit(s): 1
- EGN 3000L - Foundations of Engineering Lab Credit(s): 3
  - or EGN 3000 - Foundations of Engineering Credit(s): 0-3

NOTE: SCIV - Civics Literacy requirement needs to be fulfilled prior to graduation. See advisor.
NOTE: TGEC - Creative Thinking is met with EGN 3000L

Total Credit Hours: 14

SEMESTER 2 (SPRING)

- MAC 2282 - Engineering Calculus II Credit(s): 4
  - or MAC 2312 - Calculus II Credit(s): 4
- ENC 1102 - Composition II Credit(s): 3
- PHY 2048 - General Physics I - Calculus Based Credit(s): 3
- PHY 2048L - General Physics I Laboratory Credit(s): 1
- EEL 3705 - Fundamentals of Digital Circuits Credit(s): 3

Total Credit Hours: 14

SEMESTER 3 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 2

SEMESTER 4 (FALL)

- MAC 2283 - Engineering Calculus III Credit(s): 4
  - or MAC 2313 - Calculus III Credit(s): 4
- EGN 3420 - Engineering Analysis Credit(s): 4
- EEE 3394 - Electrical Engineering Science I - Electronic Materials Credit(s): 3
- EEL 3705L - Fundamentals of Digital Circuits Laboratory Credit(s): 1
- SGEH - General Education Core Humanities Credit(s): 3

Total Credit Hours: 15
COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2021-2022 UNDERGRADUATE CATALOG

SEMESTER 5 (SPRING)

- EGN 3373 - Electrical Systems I Credit(s): 3
- EGN 3433 - Modeling and Analysis of Engineering Systems Credit(s): 3
  or MAP 2302 - Differential Equations Credit(s): 3
- EEL 3472C - Electrical Engineering Science II - Electromagnetics Credit(s): 4
  or
- PHY 2049 - General Physics II - Calculus Based Credit(s): 3
  and
- PHY 2049L - General Physics II Laboratory Credit(s): 1
- EEL 2161 - Programming with C Credit(s): 3
- EGS 2070 - Professional Formation of Engineers 1 Credit(s): 1

Total Credit Hours: 14

SEMESTER 6 (SUMMER)

- EGN 3374 - Introduction to Electrical Systems II Credit(s): 3
- EGN 3443 - Probability and Statistics for Engineers Credit(s): 3
- EGN 3615 - Engineering Economics with Social and Global Implications Credit(s): 3
- NOTE: TGEI - Information and Data Literacy is met with EGN 3443
- NOTE: TGED - Human & Cultural Diversity is met with EGN 3615

Total Credit Hours: 9

YEAR 3

SEMESTER 7 (FALL)

- EEL 3115L - Laboratory I Credit(s): 1
- EE Core Technical Elective Credit(s): 3
- EE Core Technical Elective Credit(s): 3
- EEL 4102 - Signals and Systems Credit(s): 3
- EEL 3163C - Computer Tool Lab Credit(s): 1
- ENC 3246 - Communication for Engineers Credit(s): 3
- EGS 3071 - Professional Formation of Engineers 2 Credit(s): 1

Total Credit Hours: 15

SEMESTER 8 (SPRING)

- EE Core Technical Elective Credit(s): 3
- EE Core Technical Elective Credit(s): 3
- EE Track Elective Credit(s): 3
- EE Track Elective Credit(s): 3
- EE Track Elective Lab Credit(s): 1
- EGS 3072 - Professional Formation of Engineers 3 Credit(s): 1
- Upper-Level Department Elective Lab Credit(s): 1
- NOTE: TGEE - Ethical Reasoning & Civic Engagement is meet with EGS 2070, EGS 3071 and EGS 3072 (3 hours total)

Total Credit Hours: 15
SEMMESTER 9 (SUMMER)
Internship/Co-op Participation
Total Credit Hours: 0

YEAR 4

SEMMESTER 10 (FALL)

EEL 4906 - EE Design 1 Credit(s): 3
Upper-Level Department Elective Credit(s): 3
EE Track Elective Credit(s): 3
EE Track Elective Credit(s): 3
Upper-Level Department Elective Lab Credit(s): 1
Upper-Level Department Elective Credit(s): 3

Total Credit Hours: 16

SEMMESTER 11 (SPRING)

EEL 4914 - EE Design 2 Credit(s): 3
Upper-Level Department Elective Credit(s): 3
Upper-Level Department Elective Credit(s): 3
General Elective (proposing Upper-Level Department Elective) Credit(s): 3
General Elective (proposing Upper-Level Department Elective Lab) Credit(s): 1
SGES - General Education Core Social Sciences Credit(s): 3
Note: TGEH - High Impact Practice is met with EEL 4914

Total Credit Hours: 16

2 YEAR PLAN OF STUDY - ELECTRICAL ENGINEERING B.S.E.E.

NOTES:
SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
Items that are critical are marked with a ✳️ and are included in the plan for a student to stay on track.

YEAR 1

SEMMESTER 1 (FALL)

EEE 3394 - Electrical Engineering Science I - Electronic Materials Credit(s): 3
EGN 3373 - Electrical Systems I Credit(s): 3
EEL 3705 - Fundamentals of Digital Circuits Credit(s): 3
EGN 3420 - Engineering Analysis Credit(s): 4
EEL 2161 - Programming with C Credit(s): 3
EGS 2070 - Professional Formation of Engineers 1 Credit(s): 1
EGN 3000 - Foundations of Engineering Credit(s): 0-3
NOTE: EGS 2070, EGS 3071, and EGS 3072 meet Gen Ed TGEE
NOTE: SCIV - Civics Literacy needs to be fulfilled prior to graduation. See advisor.

Total Credit Hours: 17

SEMMESTER 2 (SPRING)

EGN 3374 - Introduction to Electrical Systems II Credit(s): 3
EEL 3472C - Electrical Engineering Science II - Electromagnetics Credit(s): 4
EEL 3705L - Fundamentals of Digital Circuits Laboratory Credit(s): 1
EEL 3163C - Computer Tool Lab Credit(s): 1
EEL 3115L - Laboratory I Credit(s): 1
EE Core Elective (see list) Credit(s): 3
EE Core Elective (see list) Credit(s): 3
EGS 3071 - Professional Formation of Engineers 2 Credit(s): 1
  or EGS 3072 - Professional Formation of Engineers 3 Credit(s): 1
NOTE: Transfers with Calc-Based Physics II and Lab completed will use EEL 3472C towards an EE Tech Elect and Lab.
Total Credit Hours: 17

SEMMESTER 3 (SUMMER)

EEL 4102 - Signals and Systems Credit(s): 3
EE Core Elective (see list) Credit(s): 3
EE Core Elective (see list) Credit(s): 3
ENC 3246 - Communication for Engineers Credit(s): 3
EGN 3615 - Engineering Economics with Social and Global Implications Credit(s): 3
EGN 3443 - Probability and Statistics for Engineers Credit(s): 3
Total Credit Hours: 18

YEAR 2

DEPARTMENT OF INDUSTRIAL AND MANAGEMENT SYSTEMS ENGINEERING

SEMMESTER 4 (FALL)

EE Track Elective Credit(s): 3
EGS 3072 - Professional Formation of Engineers 3 Credit(s): 1
EEL 4906 - EE Design 1 Credit(s): 3
EE Track Elective Credit(s): 3
EE Track Lab Credit(s): 1
EE Technical Elective Credit(s): 3
EE Technical Elective Credit(s): 3
Total Credit Hours: 17

SEMMESTER 5 (SPRING)

EE Track Elective Credit(s): 3
EEL 4914 - EE Design 2 Credit(s): 3
EE Track Elective Credit(s): 3
EE Track Lab Credit(s): 1
EE Technical Elective Credit(s): 3
Approved Technical Elective Credit(s): 3
NOTE: EEL 4914 meets Gen Ed TGEH
Total Credit Hours: 16
INDUSTRIAL ENGINEERING B.S.I.E.

TOTAL DEGREE HOURS: 120

Industrial engineering (IE) is a field of study intended for individuals who are interested in formulating mathematical, statistical, and computer simulation models of complex systems in manufacturing, logistics, information, healthcare, transportation, financial, utilities, entertainment, and service. IEs connect big data sets and models to make engineering decisions for improving system performance and developing public policies. Unlike traditional disciplines in engineering, the scope of the industrial engineering field is very broad.

MISSION STATEMENT

The mission of the IMSE Department is to:

- Assure student success through a high-quality education which integrates the latest research and practices of the field;
- Pursue excellence in interdisciplinary research and innovation;
- Engage with the profession and the community.

Please see the mission statement on the department website for additional information.

PROGRAM EDUCATIONAL OBJECTIVES

Our graduates are expected to:

- Have applied concepts industrial engineering effectively and creatively
- Have demonstrated effective communication and teamwork
- Have engaged in community service and leadership
- Have continued to pursue life-long learning

STUDENT OUTCOMES

The graduates of the B.S. degree program in Industrial Engineering at USF will demonstrate that they have an ability to:

- Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
- Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social environmental, and economic factors.
- Communicate effectively with a range of audiences.
- Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
- Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
- Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
- Acquire and apply new knowledge as needed, using appropriate learning strategies.

Student Enrollment Data

Student enrollment data is posted on the Department website.
Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- **Transfer:** [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- **International:** [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

For Admission information specific to the College of Engineering, see the information at College of Engineering.

**INDUSTRIAL ENGINEERING MINIMUM REQUIREMENTS FOR PROGRESSION INTO THE UPPER DIVISION**

Industrial Engineering students who have fully met the below requirements and are in good academic standing, may progress into the upper division for the major. Prior to progression into the upper division, a student may be permitted to take no more than two departmental Engineering courses. The department may have continuation requirements which specify minimum performance standards in core major courses which must be met before further registration in the department is granted.

Completion of with a minimum grade of C in each course and a 3.0 GPA based upon the best attempt in these courses:

- Calculus I (MAC 2311 or MAC 2281) and Calculus II (MAC 2312 or MAC 2282) and Calculus III (MAC 2313 or MAC 2283)
- Calculus-based Physics I with Lab (PHY 2048 and PHY 2048L)
- Calculus-based Physics II with Lab (PHY 2049 and PHY 2049L)
- General Chemistry I with Lab (CHM 2045 and CHM 2045L) or (CHS 2440 and CHS 2440L)

A minimum overall GPA of 2.5

A minimum USF GPA of 2.5

Students who meet the minimum USF GPA and overall GPA requirements, but not the preferred qualifications (#1 above) may submit a Conditional Progression form to the IMSE Undergraduate Committee for consideration. Forms for the Fall term are due by October 1st and Spring term are due by March 1st.

**MINIMUM CONTINUATION REQUIREMENT FOR THE INDUSTRIAL ENGINEERING DEPARTMENT**

Continuation in the major requires successful completion of EGN 3443 - Probability and Statistics for Engineers with a grade of B (not B-) or higher (best attempt).

**DEPARTMENTAL POLICIES**

The Department has the following policies:

- Mandatory academic advising of students for each term,
- Exit interviews as a graduation requirement,
- Students are encouraged to take the FE Exam.

**STATE MANDATED COMMON COURSE PREREQUISITES**

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.
Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to the department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

**Mathematics:**

**Courses at USF**

- MAC 2281 - Engineering Calculus I or MAC 2311
- MAC 2282 - Engineering Calculus II or MAC 2312
- MAC 2283 - Engineering Calculus III or MAC 2313
- MAP 2302 - Differential Equations

**Courses at a Florida College System Institution**

- MAC X311 or MAC X281 - 4 credit hours
- MAC X312 or MAC X282 - 4 credit hours
- MAC X313 or MAC X283 - 4 credit hours
- MAP X302 or MAP X305 - 3 credit hours

**Natural Sciences:**

**Courses at USF**

- CHM 2045 - General Chemistry I/CHM 2045L - General Chemistry I Laboratory or CHS 2440 - General Chemistry for Engineers/CHS 2440L - General Chemistry for Engineers Lab
- PHY 2048 - General Physics I - Calculus Based/PHY 2048L - General Physics I Laboratory
- PHY 2049 - General Physics II - Calculus Based/PHY 2049L - General Physics II Laboratory

**Courses at a Florida College System Institution**

- (CHM X045 and CHM X045L) or CHM X045C (4 credit hours)
- (CHS X440 and CHS X440L) - 4 credit hours
- (PHY X048 and PHY X048L) or PHY X048C - 4 credit hours
- (PHY X049 and PHY X049L) or PHY X049C or (PHY X044 and PHY X049L) - 4 credit hours

**TOTAL MAJOR HOURS: 105**

**MAJOR CORE (98 CREDIT HOURS)**

The BSIE Senior Design Project is a full academic year experience. Therefore EIN 4890 (Senior Design Project I) and EIN 4891 (Senior Design Project II) must be taken sequentially and completed within the same academic year.

**MATH AND SCIENCE (27 CREDIT HOURS)**

- MAC 2281 - Engineering Calculus I Credit(s): 4
- MAC 2311 - Calculus I Credit(s): 4
- MAC 2282 - Engineering Calculus II Credit(s): 4
- MAC 2312 - Calculus II Credit(s): 4
- MAC 2283 - Engineering Calculus III Credit(s): 4
- MAC 2313 - Calculus III Credit(s): 4
- MAP 2302 - Differential Equations Credit(s): 3
- EGN 3433 - Modeling and Analysis of Engineering Systems Credit(s): 3
- CHS 2440 - General Chemistry for Engineers Credit(s): 3

MAJOR ELECTIVES (7 CREDIT HOURS)

Seven (7) credit hours of Departmental Upper-Level Electives (Industrial Engineering Technical Elective)

- EIN 4142 - Project Management Credit(s): 3
- EIN 4172 - ISO 9000/14000 Credit(s): 3
- EIN 4173 - Quality Management Systems Credit(s): 3
- EIN 4180 - Principles of Engineering Management Credit(s): 3
- EIN 4200 - Creativity in Technology Credit(s): 3
- EIN 4213 - Engineering Systems Safety Credit(s): 3
- EIN 4214 - Occupational Safety Engineering Credit(s): 3
- EIN 4385 - Management of Technical Change Credit(s): 3
- EIN 4453 - Advanced Lean Six Sigma Credit(s): 3
- EIN 4933 - Special Topics in Industrial Engineering Credit(s): 1-3
- ESI 4326 - Engineering the Supply Chain Credit(s): 3
- EIN 4940 - Industry Internship Credit(s): 0-3

GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

GRADING REQUIREMENTS

Unless otherwise stated, the minimum acceptable grade in all BSIE required math, science, engineering, and specialization courses is a C or higher (C- is insufficient).

Major Course Grade Requirement

Continuation in the major requires successful completion of EGN 3443 - Probability and Statistics for Engineers with a grade of B (not B-) or higher (best attempt).

RESIDENCY REQUIREMENT

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student’s official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.
INTERNSHIP OPPORTUNITIES

The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the engineering college and pursue actual internships during their sophomore, junior, and senior years. The IMSE department strongly encourages all BSIE students to pursue internship opportunities and provides continual information to students as new opportunities become available.

ACCREDITATION INFORMATION

The Bachelor of Science in Industrial Engineering degree is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

ADVISING INFORMATION

Students who wish to declare Industrial Engineering as their major must apply to be admitted into the department. A department application and an IE flowchart with courses completed must be obtained from Engineering Student Services in Engineering Building III (ENC) 1302 prior to an initial advising appointment request in the department. This should be done when the four core prerequisites of EGN 1113 - Introduction to Design Graphics, EGN 3443 - Probability and Statistics for Engineers, EGN 4450 - Introduction to Linear Systems, and EGN 3615 - Engineering Economics with Social and Global Implications have been satisfactorily completed, and the minimum entrance requirements are met. The first departmental advising session will be scheduled with the Undergraduate Director, Dr. Kingsley Reeves. Subsequently, the student will be assigned to an IE faculty as their permanent advisor for the remainder of their semesters until completion of their degree.

4 YEAR PLAN OF STUDY - INDUSTRIAL ENGINEERING B.S.I.E.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Items that are critical are marked with a ☑️ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

- Data Analyst
- Health Care Optimization Manager
- Manufacturing Product and Process Improvement Engineer
- Transportation Systems Analysis and Design Analyst
- Logistics Director in U.S. Military

Potential Entry Level Salary Range:

$60,000 - $72,000

YEAR 1

SEMESTER 1 (FALL)

MAC 2281 - Engineering Calculus I Credit(s): 4
or MAC 2311 - Calculus I Credit(s): 4
CHM 2045 - General Chemistry I Credit(s): 3
or CHS 2440 - General Chemistry for Engineers Credit(s): 3

Industrial Engineering Technical Elective Credit(s): 3

Total Credit Hours: 15
DEPARTMENT OF MECHANICAL ENGINEERING
MECHANICAL ENGINEERING B.S.M.E.

TOTAL DEGREE HOURS: 120

Students pursuing the Bachelor of Science in Mechanical Engineering take coursework in thermodynamics, heat transfer, instrumentation, measurements, computer-aided design, solid and fluid mechanics, dynamics, machine analysis and design, mechanical design, manufacturing processes, vibrations and controls. This is supplemented by elective coursework in such areas as sustainability, internal combustion engines, refrigeration and air conditioning, mechanical design, robotics, propulsion, manufacturing, bio-engineering, alternative energy, thermal design, composite materials, and tribology. Laboratories are available for basic instrumentation, thermal and fluid sciences, solid mechanics, data acquisition, controls, CAD/CAE, and vibrations. Graduates of this major are employed in design, manufacturing, contracting, operations, marketing, and management in virtually all segments of industry and government, including, but not limited to: aeronautics, aerospace and propulsion; automotive, internal combustion engines, fuel cells and transportation; propulsion systems; power generation; heating, ventilation and air conditioning; structures and machinery design; mining and oil exploration; paper, textile, food, and petrochemical industries/processing/manufacturing; micro and nano materials and semiconductors; and biomaterials and bioengineering. There are abundant career opportunities in a wide range of industries because mechanical equipment is required in every aspect of modern industry.

MISSION STATEMENT

The Mission of the Department of Mechanical Engineering in the College of Engineering at the University of South Florida is to provide a quality undergraduate and graduate education for students entering the mechanical engineering profession or seeking careers in related fields: to advance scientific knowledge through basic and applied research; to disseminate technical information through scholarly publications, conferences and continuing education; to advance the profession through service within the associated societies, and to promote activities which serve global development.

PROGRAM EDUCATIONAL OBJECTIVES AND ABET STUDENT OUTCOMES

PROGRAM EDUCATIONAL OBJECTIVES

Our Graduates, within a few years after graduation, will successfully:

A. Apply concepts of science, mathematics, computation, and mechanical engineering, including design theory, experimental techniques and manufacturing.

B. Pursue a productive career using strong critical thinking, innovation, and problem solving skills.

C. Demonstrate professional growth and leadership by using effective communication skills and participating in multi-disciplinary collaborations.

D. Engage in life-long learning and pursue continued career development with professional and ethical responsibility.

ABET STUDENT OUTCOMES

The graduates of the B.S. degree program in Mechanical Engineering at USF will demonstrate that they have an ability to:

Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.

Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.

Communicate effectively with a range of audiences.

Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.

Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.

Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
Acquire and apply new knowledge as needed, using appropriate learning strategies.

The curriculum must require students to apply principles of engineering, basic science, and mathematics (including multivariate calculus and differential equations); to model, analyze, design, and realize physical systems, components or processes; and prepare students to work professionally in either thermal or mechanical systems while requiring topics in each area.

STUDENT ENROLLMENT DATA

Student enrollment data is posted on the Department website.

UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- Transfer: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- International: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

For Admission information specific to the College of Engineering, see the information at College of Engineering.

MECHANICAL ENGINEERING MINIMUM REQUIREMENTS FOR PROGRESSION INTO THE UPPER DIVISION

Mechanical Engineering students who have fully met the below requirements and are in good academic standing, may progress into the upper division of the major. Prior to progression into the upper division, a student may be permitted to take no more than two departmental engineering courses. The department may have continuation requirements which specify minimum performance standards in core major courses which must be met before further registration in the department is granted.

Completion of the following courses with a cumulative 3.0 GPA based on best attempt (maximum two attempts) and a minimum grade of C in each course:

- Calculus I (MAC 2311 or MAC 2281)
- Calculus II (MAC 2312 or MAC 2282)
- Calculus III (MAC 2313 or MAC 2283)
- Calculus-based Physics I with Lab (PHY 2048 and PHY 2048L)
- Calculus-based Physics II with Lab (PHY 2049 and PHY 2049L)
- General Chemistry I with Lab (CHM 2045 and CHM 2045L) or (CHS 2440 and CHS 2440L)

A minimum overall GPA of 2.5
A minimum USF GPA of 2.5

MINIMUM CONTINUATION REQUIREMENTS FOR DEPARTMENT OF MECHANICAL ENGINEERING

Completion of EGN 3311 Statics and EGN 3321 Dynamics with a minimum grade of "C+" in each course (grade of C is insufficient). Completion of EML 3500 - Mechanics of Solids and EGN 3343 - Thermodynamics I with a minimum grade of C in each course (C- is insufficient).

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.
Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to the department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

**Mathematics:**

**Courses at USF**
- MAC 2281 - Engineering Calculus I
- MAC 2282 - Engineering Calculus II
- MAC 2283 - Engineering Calculus III
- MAP 2302 - Differential Equations

**Courses at a Florida College System Institution**
- MAC X311 or MAC X281 - 4 credit hours
- MAC X312 or MAC X282 - 4 credit hours
- MAC X313 or MAC X283 - 4 credit hours
- MAP X302 or MAP X305 - 3 credit hours

**Natural Sciences:**

**Courses at USF**
- CHM 2045 - General Chemistry I & CHM 2045L - General Chemistry I Laboratory
- CHS 2440 - General Chemistry for Engineers & CHS 2440L - General Chemistry for Engineers Lab
- PHY 2048 - General Physics I - Calculus Based & PHY 2048L - General Physics I Laboratory
- PHY 2049 - General Physics II - Calculus Based & PHY 2049L - General Physics II Laboratory

**Courses at a Florida College System Institution**
- (CHM X045 & CHM X045L) or CHM X045C or (CHS X440 & CHS X440L) or (CHS X440 & CHM X045L) - 4 credit hours
- (PHY X048 & PHY X048L) or PHY X048C or (PHY X041 & PHY X048L) - 4-5 credit hours
- (PHY X049 & PHY X049L) or PHY X049C or (PHY X044 & PHY X049L) or (PHY X042 & PHY X049L) - 4-5 credit hours

**TOTAL MAJOR HOURS: 108**

PHY 2048 - General Physics I - Calculus Based Credit(s): 3
PHY 2048L - General Physics I Laboratory Credit(s): 1
PHY 2049 - General Physics II - Calculus Based Credit(s): 3
PHY 2049L - General Physics II Laboratory Credit(s): 1

BASIC ENGINEERING (24 CREDIT HOURS)

EGN 3000 - Foundations of Engineering Credit(s): 0-3
EGN 3000L - Foundations of Engineering Lab Credit(s): 3
EGN 3311 - Statics Credit(s): 3
EGN 3321 - Dynamics Credit(s): 3
EGN 3615 - Engineering Economics with Social and Global Implications Credit(s): 3
EGN 3365 - Materials Engineering I Credit(s): 3
EGN 3373 - Electrical Systems I Credit(s): 3
EGN 3343 - Thermodynamics I Credit(s): 3
EGN 3365 - Materials Engineering I Credit(s): 3
EGN 3443 - Probability and Statistics for Engineers Credit(s): 3

SPECIALIZATION (48 CREDIT HOURS)

EML 3035 - Programming Concepts for Mechanical Engineers Credit(s): 3
EML 3500 - Mechanics of Solids Credit(s): 3
EML 3022 - Computer Aided Design and Engineering Credit(s): 3 (CAD)
EML 3041 - Computational Methods Credit(s): 3
EML 3262 - Kinematics and Dynamics of Machinery Credit(s): 3
EML 3701 - Fluid Systems Credit(s): 3
EML 4325 - Mechanical Manufacturing Processes Credit(s): 3
EML 3303 - Mechanical Engineering Lab I Credit(s): 3
EML 4123 - Heat Transfer Credit(s): 3
EML 4501 - Machine Design Credit(s): 3
EML 4106C - Thermal Systems and Economics Credit(s): 3
EML 4220 - Vibrations Credit(s): 3
EML 4302 - Mechanical Engineering Laboratory II Credit(s): 3
EML 4312 - Mechanical Controls Credit(s): 3
EML 4551 - Capstone Design Credit(s): 3
EML 4550 - Capstone Design

MAJOR ELECTIVES (9 CREDIT HOURS)

9 hours of Upper-Level Departmental Electives (Technical Design Elective) from the list below or a course approved by the departmental academic advisor.

BME 4440 - Introduction to Bioastronautics Credit(s): 3
EAS 4121 - Hydro and Aerodynamics Credit(s): 3
EML 4141 - Thermal Management of Electronic Systems Credit(s): 3
EML 4230 - Introduction to Composite Materials Credit(s): 3
EML 4310 - Microcontrollers Credit(s): 3
EML 4326 - Advanced Materials Processing Credit(s): 3
EML 4419 - Propulsion I Credit(s): 3
EML 4421 - Internal Combustion Engines Credit(s): 3
EML 4450 - Alternative & Renewable Energy Credit(s): 3
EML 4503 - Sustainable Design and Materials Credit(s): 3
EML 4536 - Applied Finite Element Analysis Credit(s): 3
EML 4552 - Senior Mechanical Design Credit(s): 3
GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

GRADING REQUIREMENTS

The minimum acceptable grade in all BSME required math and science courses is a C or higher (C- is insufficient). The minimum acceptable grade in engineering and specialization courses which are prerequisites to other degree required courses is a C-, except as stated in the Department Continuation Requirements. The passing grade for terminal engineering and specialization courses is a C-.

COURSE GRADE REQUIREMENT

Continuation requires completion of EGN 3311 - Statics and EGN 3321 - Dynamics with a minimum grade of "C+" in each course (grade of C is insufficient). Also, completion of EML 3500 - Mechanics of Solids and EGN 3343 - Thermodynamics I with a minimum grade of C in each course (C- is insufficient).

RESIDENCY REQUIREMENT

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the engineering college and pursue actual internships during their sophomore, junior, and senior years.

ACCREDITATION INFORMATION

The Bachelor of Science in Mechanical Engineering degree is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

DEPARTMENT OF MEDICAL ENGINEERING
MISSION STATEMENT

The mission of the USF Department of Medical Engineering is to advance excellence in biomedical engineering education through a joint venture between the Morsani College of Medicine and the College of Engineering by conducting innovative translational research, developing impactful cutting-edge technologies, and preparing highly talented students for success as multidisciplinary global leaders across the fields of engineering, healthcare, and biomedical sciences.

PROGRAM EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES

The graduates from the Department of Medical Engineering undergraduate biomedical engineering major are expected to achieve the following educational objectives:

To develop into successful, ethical biomedical engineers, healthcare professionals, or other related practitioners guided by an interdisciplinary curriculum, extracurricular activities and targeted internship experience.

To continue to pursue and expand their technical and professional knowledge and skills through academic and industrial training and lifelong learning.

To contribute to the local, national and global communities using experiences and skills acquired through their biomedical engineering education at the University of South Florida (USF).

ABET STUDENT LEARNING OUTCOMES

The graduates of the B.S. degree program in Biomedical Engineering at USF will demonstrate that they have:

An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.

An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.

An ability to communicate effectively with a range of audiences.

An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.

An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.

An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.

An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

Furthermore, the structure of the curriculum provide both breadth and depth across the range of engineering and science topics consistent with the program educational objectives and student outcomes. The curriculum prepares graduates with experience in:

(a) Applying principles of engineering, biology, human physiology, chemistry, calculus-based physics, mathematics (through differential equations) and statistics;

(b) Solving bio/biomedical engineering problems, including those associated with the interaction between living and non-living systems;

(c) Analyzing, modeling, designing, and realizing bio/biomedical engineering devices, systems, components, or processes; and

(d) Making measurements on and interpreting data from living systems.
Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
Transfer: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
International: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

For Admission information specific to the College of Engineering, see the information at College of Engineering.

**ENTRANCE REQUIREMENTS**

College of Engineering students who have fully met the below admission requirements and are in good academic standing, may declare a major in Biomedical Engineering. Prior to being admitted to a department, a student may be permitted to take no more than two departmental engineering courses. Once admitted, the department may have continuation requirements which specify minimum performance standards in core engineering courses which must be met before further registration in the department is granted.

**MINIMUM TRANSFER ADMISSION REQUIREMENTS**

Completion of:

- Calculus I (MAC 2311 or MAC 2281) and Calculus II (MAC 2312 or MAC 2282) and Calculus III (MAC 2313 or MAC 2283)
- Differential Equations (MAP 2302 or EGN 3433)
- Calculus-based Physics I with Lab (PHY 2048 and PHY 2048L)
- Calculus-based Physics II with Lab (PHY 2049 and PHY 2049L)
- General Chemistry I with Lab (CHM 2045 and CHM 2045L)
- General Chemistry II with Lab (CHM 2046 and CHM 2046L)
- Biology I with Lab (BSC 2010 and BSC 2010L)
- Organic Chemistry I with Lab (CHM 2210 and CHM 2210L)

Note: A minimum grade of C in each course and a 3.5 cumulative GPA (based on best attempt) in these courses. No more than two attempts allowed for the prerequisite courses. The above courses are taught in a semester-based system. Transfer courses must be reviewed by respective STEM departments to determine equivalency to the above prerequisite requirements.

A minimum overall GPA of 2.0.
A minimum USF GPA of 2.0.

**DEPARTMENTAL POLICIES**

In addition to the college's graduation requirements, the department has the following policies:

Mandatory academic advising of students for each term.
Exit interviews as a graduation requirement.
LIMITED ACCESS

This major has additional admissions requirements as listed in this section.

The Biomedical Engineering major is limited access due to the following reasons: 1) limited space, equipment and other instructional facilities, including required laboratories; and 2) the program is of such a nature that in order to demonstrate potential for success in the program, applicants must attain a grade point average as noted below.

First-Year Students:

Incoming first-year students who are interested in the Biomedical Engineering Major program should meet the following criteria to ensure success in this rigorous limited-access program:

- Recommended minimum SAT Math 710 or ACT Math 30
- Recommended minimum High School Weighted GPA of 4.0 (as determined by USF Undergraduate Admissions)
- Ideally, students will have completed advanced high school courses in Chemistry, Physics, Calculus and Biology.

Sophomores:

Current USF students must meet the following minimum requirements to be considered for admission to the upper-division program.

- Minimum cumulative 3.5 GPA for the prerequisite courses, as listed below (best attempt);*
- Minimum grade of C in each prerequisite course listed below;
- No more than two attempts allowed for the prerequisite courses listed below (withdrawals included);
- Completion of the first three semesters of the BME plan of study by the end of the third semester after matriculation to the University with a minimum 3.2 cumulative GPA for those semesters;
- Completed BME departmental online application.

*Only the best attempt in each prerequisite course as listed below, is considered for admission into the BME program.

During the fall semester of the sophomore year, BME majors apply for admission to the upper-division BME major, which begins in the spring semester of the sophomore year.

Continuation Requirement:

In addition to the requirements above, in order for students to be allowed to continue into the upper-division BME major beginning in the fall semester of the junior year, they must also earn a 3.2 or higher Engineering GPA (includes all College of Engineering courses) by the end of the fourth semester of the BME plan of study.

Transfers:

Transfer students must meet the following minimum requirements to be considered for admission into the BME program.

- Completed BME departmental online application:
  - Minimum 2.0 cumulative (overall) GPA;
  - Minimum cumulative 3.5 GPA in the prerequisite courses listed below;
  - Minimum grade of C in each prerequisite course listed below;
  - No more than two attempts allowed for the prerequisite courses listed below (withdrawals included).

Applicants who do not meet the minimum admission requirements as stated above will not be eligible for admission into the BME program.

Transfer applications are referred to the department only after the USF Office of Admissions (including official transcripts) considers them complete. Applications are reviewed periodically and not on a rolling basis. The date of review may vary depending on the number of applications received.

Transfer applicants coming from out-of-state or private Florida institutions will be considered on a space available basis only.

PREREQUISITE COURSES FOR ADMISSION TO THE UPPER-DIVISION MAJOR

Calculus I (MAC 2311 or MAC 2281)
Calculus II (MAC 2312 or MAC 2282)
Calculus III (MAC 2313 or MAC 2283)
Differential Equations (MAP 2302 or EGN 3433)
Calculus-based Physics I with Lab (PHY 2048 and PHY 2048L)
Calculus-based Physics II with Lab (PHY 2049 and PHY 2049L)
General Chemistry I with Lab (CHM 2045 and CHM 2045L)
General Chemistry II with Lab (CHM 2046 and CHM 2046L)
Biology I with Lab (BSC 2010 and BSC 2010L)

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to their intended department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

The following are transferable courses from the Florida College System Institution that will be accepted in the Math/Science/Engineering areas:

**Mathematics:**

(MAC X311 and MAC X312 and MAC X313) or (MAC X281 and MAC X282 and MAC X283) - 4 credit hours
MAP X302 or MAP X305 or ECH X301 - 3 credit hours
STA X037 or STA X023 - 3 credit hours

**Natural Sciences:**

CHM X045C or (CHM X045 and CHM X045L) or (CHM X095 and CHM X095L) or CHS X440C or (CHM X440 and CHM X440L) - 4 credit hours
PHY X048C or [PHY X048 and (PHY X048L or PHY X064L)] - 5 credit hours
PHY X049C or [PHY X049 and (PHY X049L or PHY X064L)] - 5 credit hours
(CHM X046 and CHM X046L) or (CHM X096 and CHM X096L) or CHM X046C - 4 credit hours
BSC X010C or [BSC X010 and (BSC X010L or BSC X044L)] - 4 credit hours
CHM X210C or (CHM X217 and CHM X210L) or (CHM X210 and CHM X210L) - 4 credit hours
TOTAL MAJOR HOURS: 111

MAJOR CORE (98 HOURS)

### TECHNICAL WRITING (3 CREDIT HOURS)

- **ENC 3246 - Communication for Engineers Credit(s): 3**

### MAJOR ELECTIVE INFORMATION

Students will choose a focused set of courses in the BME Specialization track or a STEM Specialization track. In addition, students are required to engage in 1 credit of professional elective in the form of UG research or internship.

### MAJOR ELECTIVE COURSES (13 HOURS):

- 6 hours of BME Upper-Level Electives
- 6 hours of STEM Upper-Level Electives (Students pursuing Medical School will take CHM 2211 Organic Chemistry II and CHM 2211L and Biodiversity BSC 2011 and BSC 2011L)
- 1 hour professional elective BME 4914 (Undergraduate Research) or BME 4943 (Industry Internship)

### BME SPECIALIZATION TRACK COURSE OPTIONS

- BME 4440 - Introduction to Bioastronautics Credit(s): 3
- BME 4571 - Nanomedicine Credit(s): 3
- BME 4931 - Selected Topics in Biomedical Engineering Credit(s): 1-3
- ECH 4504 - Kinetics and Reaction Engineering Credit(s): 3
- EEE 4260C - Bioelectricity Credit(s): 3
- EEE 4271 - Bioelectronics Credit(s): 3
- EEE 4274 - MEMS I: Chemical/Biomedical Sensors and Microfabrication Credit(s): 3
- EEE 4506 - Biomedical Image Processing Credit(s): 3
- EML 4575 - Principles of Fracture Mechanics Credit(s): 3

### STEM SPECIALIZATION TRACK COURSE OPTIONS

1. Any Engineering course at 3xxx or 4xxx level.
2. Any BSC or CHM or MCB or PCB or PHY or Math courses in 3xxx or 4xxx level for Science major.

### PROFESSIONAL ELECTIVES (1 CREDIT HOUR)

- BME 4914 - Biomedical Engineering Research Experience Credit(s): 0-3
- BME 4943 - Biomedical Engineering Industry Internship Experience Credit(s): 0-3

### GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.
GRADING REQUIREMENT

A total of one D grade is allowed in all BSBE required courses. Students will be required to discuss with the department advisor grade application.

Unless otherwise stated, the minimum acceptable grade in BSBE required math, science, engineering and specialization courses is a C or higher (C- is insufficient).

RESIDENCY REQUIREMENT

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic Engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

BACHELOR'S/MASTER'S PATHWAYS

Students majoring in Biomedical Engineering have the option to pursue one of the following Bachelor's/Master's Pathways:

- B.S.B.E. Biomedical Engineering/M.S.B.E. Biomedical Engineering

For more information, see the Graduate Catalog.

ADVISING INFORMATION

All incoming freshman and transfer students must meet with the Medical Engineering Department undergraduate advisor.

SEMESTER 5 (SPRING)

- BME 4883C - Biomedical Engineering Design II Credit(s): 3
- BME Elective Credit(s): 3
- STEM Elective Credit(s): 3
- STEM Elective Credit(s): 3
- ENC 3246 - Communication for Engineers Credit(s): 3

Total Credit Hours: 15
The Biomedical Engineering Minor is open only to non-Engineering students majoring in STEM fields (including Biology, Chemistry, Mathematics, and Physics) who satisfy the prerequisites listed below and are interested in engineering approaches to biomedical problems. The 15-credit minor covers key topics in the discipline. The minor also fulfills the majority of coursework requirements for non-Engineering applicants to the Master's degree program in Biomedical Engineering.

**MINOR REQUIREMENTS: 15**

**ENGINEERING SCIENCE CORE (9 CREDIT HOURS)**

Students must complete any three (9 credit hours) of the following engineering science courses:

- EGN 3311 - Statics Credit(s): 3
- EGN 3343 - Thermodynamics I Credit(s): 3
- EGN 3373 - Electrical Systems I Credit(s): 3
- EGN 3331 - Mechanics of Materials Credit(s): 3 or
- EGN 3365 - Materials Engineering I Credit(s): 3

**BIOMEDICAL ENGINEERING ELECTIVES (6 CREDIT HOURS)**

Students must complete any two (6 credit hours) of the following biomedical engineering courses:

- BCH 3053 - General Biochemistry Credit(s): 3
- BME 4100 - Introduction to Biomedical Engineering Credit(s): 3
- BME 4503 - Biomedical Instrumentation Credit(s): 3

**PREREQUISITE COURSES:**

**BIOLOGY I**

- BSC 2010 - Cellular Processes Credit(s): 3

**CALCULUS I/II/III**

- MAC 2241 - Life Sciences Calculus I Credit(s): 3
- MAC 2242 - Life Sciences Calculus II Credit(s): 3
- MAC 2283 - Engineering Calculus III Credit(s): 4
  or
- MAC 2281 - Engineering Calculus I Credit(s): 4
- MAC 2282 - Engineering Calculus II Credit(s): 4
- MAC 2283 - Engineering Calculus III Credit(s): 4
  or
- MAC 2311 - Calculus I Credit(s): 4
- MAC 2312 - Calculus II Credit(s): 4
- MAC 2313 - Calculus III Credit(s): 4

**DIFFERENTIAL EQUATIONS**

- MAP 2302 - Differential Equations Credit(s): 3
  or
- EGN 3433 - Modeling and Analysis of Engineering Systems Credit(s): 3
CHEMISTRY I/II

CHM 2045 - General Chemistry I  Credit(s): 3
CHM 2046 - General Chemistry II  Credit(s): 3

PHYSICS I/II

PHY 2048 - General Physics I - Calculus Based  Credit(s): 3
PHY 2049 - General Physics II - Calculus Based  Credit(s): 3

or

PHY 2053 - General Physics I  Credit(s): 3
PHY 2054 - General Physics II  Credit(s): 3

STATISTICS

STA 2023 - Introductory Statistics I  Credit(s): 3

or

EGN 3443 - Probability and Statistics for Engineers  Credit(s): 3

OTHER REQUIREMENTS

Student must register with the Department of Medical Engineering's undergraduate advisor prior to starting this minor program.

Successful completion of the minor requires a minimum 2.0 GPA in minor courses.

The Judy Genshaft Honors College offers an enriched learning experience that combines the resources of one of the country's top research universities with the personal attention and close-knit community you would expect from a top-tier small liberal arts institution. The College enrolls high-ability students from virtually every major at USF in an interdisciplinary program designed to provide future leaders with integrative ideas and skills that enhance the training they receive in their major area of study. The primary goals of the Judy Genshaft Honors College are to (1) cultivate Practical Wisdom through critical, creative, and collaborative interdisciplinary learning, (2) foster a nuanced global perspective on contemporary issues through an internationalized curriculum and study abroad experiences, and (3) encourage a rich and integrated understanding of personal, social, and environmental concerns through active and reflective community engagement.

Mission, Vision, Values

The mission of the Judy Genshaft Honors College is to cultivate intellectual creativity and critical thinking, ethical discernment, and the desire for a life of learning through both engaged action and skillful reflection. Through interdisciplinary inquiry and experiential learning, both locally and globally, we seek to foster Practical Wisdom. Our curriculum equips students to put ideas and values into practice in order to grow personally and contribute to the broader communities in which each plays a role. Because we value self-cultivation, we encourage creativity and purposeful play. Because we value community, we practice locally engaged collaborative learning. Because we value our environment, we practice careful cultivation and design. Because we value global thinking, we practice responsible citizenship and engaged learning in locations around the world.

Admission Requirements

Admission for FTIC Students

The Judy Genshaft Honors College actively recruits students who have demonstrated academic excellence through high test scores and high school GPA. We also know that excellence takes a variety of forms, and therefore we encourage applications from any student who wants to be considered on the basis of his/her achievements. The Judy Genshaft Honors College application requires an essay and resume. Applications are reviewed by a team of current Honors students, faculty, and staff. The application link can be found on our Admissions website at https://www.usf.edu/honors/prospective-students/application-criteria.aspx.

Admission for Transfer or Continuing USF Students

The Judy Genshaft Honors College offers admission for students who are already enrolled as USF students, or who are transferring to USF from a state or community college. Information can be found on our Transfer/Continuing USF Students webpage at https://www.usf.edu/honors/prospective-students/application-criteria.aspx.

Program-Specific Requirements
General Requirements for Judy Genshaft Honors College Distinction

Completion of the Judy Genshaft Honors College curriculum with a USF GPA of 3.25 or above shall be noted on a student's diploma and transcript, and recognized at the Judy Genshaft Honors College graduation ceremony.

Academic Curriculum for FTIC Admits (15-18 credits)

First time in college students admitted to the Judy Genshaft Honors College will select and complete the academic curriculum with four core honors courses (two of which are required) and then select a research option.

Core Honors Courses:

- IDH 2010 - Acquisition of Knowledge [Required]
- IDH 3100 - Arts and Humanities
- IDH 3350 - Honors Natural Sciences
- IDH 3400 - Honors Social and Behavioral Sciences
- IDH 3600 - Seminar in Applied Ethics
- IDH 4200 - Geographical Perspectives Honors [Required]
- IDH 4930 - Selected Topics
- IDH 4950 - Honors Project

Research Options:

- Honors College Capstone - IDH 4950 - Honors Project, plus one core honors course (6 credits total). FTIC Engineering majors will have the additional core honors course waived.

Academic Curriculum for Continuing USF or Transfer Student Admits (12 credits)

Students admitted to the Judy Genshaft Honors College after having been enrolled as a USF student, or as transfer students, will complete the academic curriculum with two core honors courses and then select a research option.

Core Honors Courses:

- 2 IDH core courses of your choice (6 credits).

Research Options:

- Honors Capstone - IDH 4950 - Honors Project, plus one core honors course (6 credits). FTIC Engineering majors will have the additional core honors course waived.

Departmental Honors - Complete the requirements for a university departmental honors program.

Co-curricular Experiential Learning Requirements

All Honors students, both FTIC and Continuing/Transfer students, required to complete two experiential co-curricular components, community service and global engagement.

Options and guidelines for the community service experience are outlined on our website at https://www.usf.edu/honors/current-students/community-service.aspx.

Options and guidelines for the global experiences are outlined on our website at https://www.usf.edu/honors/current-students/global-cultural-requirement.aspx).
Grading Requirements and Policies

Students in good standing have a minimum 3.25 USF GPA and a 3.25 Overall GPA (grade forgiveness is not included), are actively completing the requirements for the Judy Genshaft Honors College, and have completed an IDH core course in the last three semesters. Students in good standing have the privilege of priority status for course registration.

If a student's USF GPA falls below a 3.25 (but is 2.75 or higher), he or she will be placed on Honors Probation. Students on probation can continue to enroll in Honors courses and see their Honors Advisor. Students will be removed from the probationary status when the GPA reaches a 3.25 again.

If a student's GPA falls below 2.75, he or she will be dismissed from the Judy Genshaft Honors College. Additionally, any student who earns a "D" or "F" in an Honors course will be dismissed from the College. The university grade forgiveness policy does not apply to Judy Genshaft Honors College courses.

Judy Genshaft Honors Scholarships

The Judy Genshaft Honors College awards competitive scholarships to its new and continuing students (see: https://www.usf.edu/honors/prospective-students/scholarships.aspx). In addition, thanks to the generosity of many donors, there are more than 30 competitive scholarships available exclusively to Honors College students. Students may apply for these Honors-specific awards, as well as, general USF scholarships (see http://www.usf.edu/financial-aid/scholarships/index.aspx). These applications typically open in November and are due in January for new students and April for continuing students.

Study Abroad Scholarships

Providing students with the opportunity to expand their global awareness and understanding through study abroad programs is central to our mission. Most Honors students will qualify for very generous travel scholarships to fund study abroad opportunities in locations around the world (see https://www.usf.edu/honors/prospective-students/scholarships.aspx).

Hosted Scholarship Programs

The Judy Genshaft Honors College hosts several scholarship programs for both Honors and non-Honors students, including the George Jenkins Scholars Program, the Holcombe Scholars Program, and the Robert and Susan Ableidinger Scholarship (see https://www.usf.edu/honors/prospective-students/hosted-scholarships.aspx).

Office of National Scholarships

Housed within the Judy Genshaft Honors College, the Office of National Scholarships recruits and mentors high achieving students from across USF, both undergraduate and graduate, and supports their applications for prestigious nationally competitive scholarships, fellowships and awards such as the Rhodes, Marshall, Mitchell, Fulbright, Goldwater and Truman. Some awards support graduate or professional study in the U.S., while others involve education abroad or independent research. These opportunities are open to all qualified USF students who wish to apply.

Director: Sayan Basu
Location/Phone: John and Grace Allen (ALN) 271; (813) 974-3087
Web Address: https://www.usf.edu/ons/

Judy Genshaft Honors College Living Learning Community (LLC) - Honors Housing at the Tampa and St. Petersburg campuses

The Honors LLC is a residential experience open to available to Judy Genshaft Honors College students on the St. Petersburg and Tampa campuses. We strive to create a respectful and close-knit community while celebrating the diversity of our students. The focus of our community is to simultaneously develop our students’ academic and extracurricular interests. To do so, we host programs and activities related to career exploration, networking, and connecting with the Honors faculty.
Medical Humanities in a Global Context (MHGC) Pathway
With the support of a Humanities Connections Grant from the National Endowment for the Humanities (NEH), the Judy Genshaft Honors College has introduced a series of thematically integrated interdisciplinary courses that offer students a pathway through the Honors curriculum. These courses aim to cultivate more critical, holistic, and experiential perspectives on health and human experience in a global context.

Bachelor's/Graduate's Pathways
http://www.usf.edu/honors/accelerated-programs/accelerated.aspx
Students can earn their undergraduate, medical, or pharmacy degrees at an accelerated pace in one of the Honors College accelerated programs. For more information, see the Graduate Catalog.

Early Acceptance Programs
https://www.usf.edu/honors/prospective-students/early-acceptance-programs.aspx The Judy Genshaft Honors College, in affiliation with Lake Erie College of Osteopathic Medicine (LECOM), offers eligible Judy Genshaft Honors College students Early Acceptance Admission Programs to the Doctor of Osteopathic Medicine (DO) and the Doctor of Dental Medicine (DMD).

Community Partnership Programs
http://www.usf.edu/honors/accelerated-programs/partnerships.aspx
We partner with many groups and organizations throughout Tampa Bay. These partnership programs allow students to learn and research outside of the classroom.

Dual Enrollment Program
https://www.usf.edu/admissions/freshmen/admission-information/dual-enrollment/index.aspx
Dual enrollment in USF classes is open to academically qualified students who are currently enrolled in public/private high schools and who are recommended by their guidance counselor or principal.

Early Admission Program
https://www.usf.edu/admissions/freshmen/admission-information/dual-enrollment/index.aspx
Under the Early Admission program, you may enter the University of South Florida (Tampa) as a regularly enrolled (matriculated), degree-seeking student prior to graduation from high school. Applicants must meet minimum Judy Genshaft Honors College eligibility criteria.

College of Nursing

About the College

The College of Nursing is a world-class nursing program shaping the nursing profession and is an integral part of USF Health and the University of South Florida. We strive to live by our mission – Preparing 21st-Century Nurses to Promote Health and Wellness in Our Community and Around the World. We lead as a result of our dedicated faculty and staff committed to student success and as demonstrated by our exceptional rankings.

At the College of Nursing, the faculty and staff strive to assist students in excelling in a high-impact, innovative research and entrepreneurial environment. Students can choose from a baccalaureate, master’s, Doctorate of Nursing Practice, and Ph.D. Nursing science degrees. We offer the V-CARE pathway, a Bachelor of Science in Nursing pathway, created for service members and veterans who have completed training as Army or Air Force medics and Navy corpsmen.

Mission, Vision, Values

Mission: USF College of Nursing provides innovation and leadership in preparing 21st-century nurses to demonstrate excellence in research, education, and clinical care while promoting health and wellness in our community and around the world.

Vision: By educating students from diverse demographics, we ensure that our USF Bull nurses mirror the populations they serve.

Values: Respect, Integrity, Inclusion, Excellence, Innovation, Partnership

Accreditation

The baccalaureate degree program in nursing at the University of South Florida is accredited by the Commission on Collegiate Nursing Education, 655 K Street NW, Suite 750, Washington, DC 20001, 202-887-6791.

The University of South Florida (USF) is accredited by the Southern Association of Colleges and Schools' Commission on Colleges to award associate, baccalaureate, master’s, specialist and doctorate degrees.

Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, or call 404-679-4500 for questions about the accreditation of the University of South Florida.

College-Level Requirements

The College of Nursing is a limited access college and uses selective criteria for the admission of students. Any student who applies to the undergraduate program in the College of Nursing is initially coded as "pre-nursing" prior to official acceptance to the College of Nursing. Final admission to all Nursing programs is conditional upon passing a Level 2 background check.

Admission Requirements

In addition to University admission requirements, the College of Nursing has additional admission requirements for each pathway. Please review admission requirements for the specific pathway to which you are applying.

Background Checks, Fingerprinting, Drug Testing and Immunizations

All students who are admitted to the College of Nursing are required to complete a background check, drug screening, and immunization verification. In addition, students are mandated to carry health insurance during their enrollment in the College of Nursing. All required documentation should be submitted via https://portal.castlebranch.com/ud98

The requirements are as follows: MMR, Varicella, Hepatitis B, Documentation of a Tdap booster, TB skin test, CPR certification from the American Heart Association, a flu shot, HIPPA, and health insurance. All requirements must be completed by the first week of class to matriculate.

The Castle Branch account must be created with a USF email address, which is only available to students who have been admitted to the College of Nursing.

Final admission to all nursing majors is conditional upon passing a Level 2 background check. Students who do not pass the level 2 background check will not be refunded the cost by either the college or Castle Branch.
Program-Specific Requirements

Students must be admitted by the USF Office of Admissions before they can submit their application to the College of Nursing (Students must have the Tampa campus as their home campus).

Student Computer Requirement

https://usf.box.com/s/ytq1ettwdjr1qi0e01issc4gn00dxii

All USF College of Nursing students are required to have a laptop/notebook computer with wireless internet connection. Students are also required to have a compatible webcam and microphone; the webcam and microphone should either be built into your notebook or be a portable model. Specific information on requirements can be found via the link provided.

Students in all nursing courses are expected to meet these requirements to successfully participate in their courses. Failure to meet these technology standards may result in inability to complete course or program requirements. It is the student’s responsibility to ensure all requirements are met prior to the start of the semester.

Nursing Living Learning Community – Housing at the Tampa campus

The Nursing LLC, located in Poplar Hall, creates a unique opportunity for nursing, pathway students to live and study together. Students co-enroll in critical prerequisite course work, participate in special events and activities designed to introduce them to the healthcare profession, and network with College of Nursing administrators, faculty, and student leaders. Students also enjoy in-hall academic advising throughout the year, as well as in-hall tutoring for selected courses! To learn more and apply, visit: https://www.usf.edu/housing/residential-learning/llc-major/pre-nursing.aspx

Nursing Programs

Nursing: RN to BSN

https://health.usf.edu/nursing/undergraduate/programs/rn-to-bs

The RN to BSN (NRN) is for students currently licensed to practice as a Registered Nurse. The RN to BSN pathway allows an RN with a diploma or an associate’s degree in nursing from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission to earn a Bachelor of Science in Nursing.

Criteria for Nursing: RN to BSN Degree:

- Admission to the University of South Florida (Tampa campus) as a degree-seeking undergraduate student.
- Completed application to the College of Nursing prior to the published deadline for the intended term of entry.
- An overall GPA of 2.50 or higher on all undergraduate work (excluding Associate of Science Nursing courses).
- Associate’s Degree in Nursing from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission; nursing diplomas will be evaluated on a case by case basis.
- Residence in the state of Florida with evidence of a current Florida RN licensure in good standing.
- Completion of the following prerequisite courses by the application deadline for the intended term of entry with a minimum grade of “C” in each:
  - English Composition I (3) ENC 1101
  - English Composition II (3) ENC 1102

Nursing: Accelerated Second Degree
The Accelerated Second Bachelor's Degree pathway (SBN) is for students who have a baccalaureate degree in another field and a minimum undergraduate GPA of 3.00. Students with a bachelor's degree in a non-nursing field and who have completed all the nursing pre-requisite courses may be considered for admission into the Accelerated Second Bachelor's Degree pathway; upon completion, students will earn a second bachelor's degree. This is a full-time limited access program, as mandated by the state, and is structured sequentially. Admission is competitive.

Criteria for Accelerated Second Bachelor's Degree

Admission to the University of South Florida (Tampa campus), as a degree-seeking undergraduate student.

Completed application to the College of Nursing prior to the published deadline for the intended term of entry.

Completion of first bachelor's degree from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission at the time of application to the USF College of Nursing.

Minimum 3.0 cumulative GPA on all undergraduate work.

Completion of at least seven of the eight nursing prerequisite courses by the published deadline for the intended term of entry.

Note: Any outstanding nursing prerequisites must be completed by the program state date, with a minimum grade of C or better, while maintaining a cumulative GPA greater than or equal to 3.0.

Participation in a formal interview with College of Nursing faculty, if selected.

If a student receives a grade of less than C in any two prerequisite courses while declared as pre-nursing, the student will be required to select another major at the University of South Florida. Grade forgiveness will not apply to the mandated requirement of changing the major. In addition, if a student does not meet the minimum GPA to be eligible to apply for admission following 60 completed hours and all prerequisite courses attempted, the student will be required to select another major at the University of South Florida.

Nursing: Upper Division

The Upper Division pathway (NUR) is our traditional baccalaureate nursing pathway for students who have completed nursing prerequisite courses and university general education requirements. This is a full-time limited access program, as mandated by the state, and is structured sequentially. Admission is competitive.

Criteria for Nursing: Upper Division:

Completion of English Composition I, English Composition II, and State General Education Mathematics requirement by published application deadline.

Completion of the University's foreign language entrance requirement (FLENT) and University General Education requirement by the intended term of entry.

Participation in a formal interview with College of Nursing faculty, if selected.

If a student receives a grade of less than C in any two prerequisite courses while declared as pre-nursing, the student will be required to select another major at the University of South Florida. Grade forgiveness will not apply to the mandated requirement of changing the major. In addition, if a student does not meet the minimum GPA to be eligible to apply for admission following 60 completed hours and all prerequisite courses attempted, the student will be required to select another major at the University of South Florida.

Nursing: Veteran to BSN (V-CARE)
The Veteran to BSN (V-CARE) pathway allows service members and veterans with medical training experience as Army or Air Force medics or Navy corpsmen the opportunity to receive a Bachelor's of Science in Nursing degree. Graduates may then take the National Council Licensure Examination (NCLEX) to earn their RN license. Prerequisites can be completed at an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission with completion of nursing coursework at the Tampa campus.

The V-CARE pathway is a full-time limited access program, as mandated by the state, and is structured sequentially. Admission is competitive.

Criteria for Nursing: Veteran to BSN (V-CARE):

- Admission to the University of South Florida (Tampa campus) as a degree-seeking undergraduate student.
- Completed application to the College of Nursing prior to the published deadline for the intended term of entry.
- Applicants must have U.S. Army Medic, U.S. Air Force Medic, or U.S. Navy Corpsman training and experience to be a candidate for the V-CARE pathway.
- Minimum 3.0 cumulative GPA on all undergraduate coursework.
- Completion of the nursing prerequisite courses by the published application deadline for the intended term of entry.
  - Students who do not have all prerequisite courses completed by the Fall admission cycle may be eligible for conditional admission.
  - Note: Any outstanding nursing prerequisite courses must be completed by the program start date, with a C or better, while maintaining a cumulative GPA greater than or equal to 3.0.
- Completion of English Composition I, English Composition II, and State General Education Mathematics requirement by the published application deadline.
- Participation in a formal interview with College of Nursing faculty, if selected.
- Completion of the University's foreign language entrance requirement (FLENT) and University General Education requirements by the intended term of entry.
- Submission of a professional resume.

Grading & Progression Policy

In addition to the University's policies on progression, The College of Nursing holds a progression policy for all students within the nursing undergraduate program. Students admitted to all nursing pathways at The College of Nursing are required to earn a minimum grade of C in didactic courses and an S in lab/clinical courses. Progression in the pathways is based on GPA, course content and overall performance in lab/clinical. Failure to meet the grade minimum may result in dismissal from the College.

For further information on progression and grading policies, please visit the College of Nursing Handbook: https://health.usf.edu/nursing/current-students/handbooks.
NCLEX-RN Examination

Upon successful completion of the program requirements and upon recommendation by the Dean, graduates are eligible to take the National Council Licensure Examination (NCLEX-RN) leading to the registered nurse (RN) license to practice nursing.

The College of Nursing cannot guarantee that the Board of Nursing will authorize students with criminal or substance abuse histories to complete NCLEX-RN licensure examination. Therefore, it is of the utmost importance (1) to address such situations with the College of Nursing and the Board of Nursing as early as possible and (2) to notify the College of Nursing Compliance Officer within 72 hours on any changes in conduct records, including arrests, convictions, changes to RN license status, or other activities that impact the background investigation or the ability to practice that occur at any time during their program of study.

Other Nursing Pathways

Freshman Nursing Pathways

Freshmen Nursing Pathway (FNR) is a distinct pathway for first time in college (FTIC) students who have been admitted to the university as nursing majors. Those students who meet high SAT/ACT scores and a competitive high school GPA will be offered admissions into the Freshmen Nursing Pathway. Students admitted into this pathway will follow progression criteria established by the College of Nursing to remain in the pathway. This is a full-time limited access program, as mandated by the state, and is structured sequentially. Admission is competitive.

Maintain a 3.6 overall GPA.
Complete the Nursing state-mandated prerequisites at the University of South Florida with a minimum grade of "B" or better.
5 of 8 prerequisite courses completed by the fall semester of the student’s sophomore year. The remaining three prerequisite courses must be completed in the fall semester of the sophomore year.
Complete General Education requirements and the Foreign Language Entrance Requirement (FLENT) by the end of the spring semester of the sophomore year.
Complete the Civics Literacy requirement by the end of the spring semester of the sophomore year.
Participate in a formal interview with the College of Nursing faculty and receive a passing score.
Successfully complete NUR 3825 - Introduction to the Profession of Nursing (2 credits) Grade of "C" or better (Nursing Progression Policy).

USF/HCC Concurrent Pathway

The University of South Florida (USF) & Hillsborough Community College (HCC) Concurrent Pathway allows students to enroll in select RN to BSN courses at USF as a non-degree student (beginning in second semester of Year 1) while completing the ASN degree at HCC. Students will remain in non-degree status at USF until awarded the ASN. After graduating from HCC'S ASN program, students will be eligible to sit for the National Licensure Exam for Registered Nurses (NCLEX-RN).

Criteria for Admissions:
Students must complete the steps for admission as a degree-seeking student at USF/HCC before they may be considered for the Concurrent Pathway.
Students must have a cumulative GPA of at least a 3.0.
Students must meet the definition of residency at each institution to qualify for in-state tuition.
Student must be admitted into HCC's nursing program.
Students must be admitted as non-degree seeking students into USF and be eligible for admission as a degree-seeking student into USF's College of Nursing upon completion of the ASN portion of the USF/HCC Concurrent Pathway.

As a condition of membership in the USF/HCC Concurrent Pathway, students must meet the following requirements:
Maintain active enrollment status at both institutions.
Comply with your designated plan of study.*
Have a minimum overall GPA of 3.0 for admissions into the concurrent program. Comply with each institution's policy regarding progression & compliance. Acquire a valid RN license within 3 months of completion of the ASN.**

* If students are not successful in following the plan of study, they can no longer remain in the USF/HCC Concurrent Pathway.

** If a student is not able to obtain a valid RN license within 3 months of completing the ASN, the student will be unable to take the remaining RN to BSN courses at USF until they have successfully passed. Students who are off plan for the USF/HCC Concurrent Pathway will no longer be able to remain in the USF/HCC Concurrent Pathway but can apply for the RN to BSN pathway at USF through Undergraduate Admissions and the College of Nursing.

Nursing Honors Program B.S. to PhD Accelerated Pathway

The Honors College has partnered with the USF College of Nursing to provide first-time in college (FTIC) freshmen with an accelerated pathway into the USF PhD program. This pathway allows Honors College students majoring in nursing the opportunity to receive admission to the College of Nursing and complete a PhD in Nursing Science degree in seven years, provided that the student continues to meet all the benchmarks of the program, including a successful interview with the College of Nursing. This is a full-time limited access program, as mandated by the state, and is structured sequentially. Admission is competitive.

Criteria for Admission:
- Admission to the University of South Florida's (Tampa campus) Honors College as a Nursing student.
- Minimum SAT score of 1360 or a combined ACT of 29.
- Minimum 3.8+ weighted high school GPA, as calculated by USF Office of Undergraduate Admissions.
- U.S. Citizenship or permanent residency (this pathway does not admit international applicants).

As a condition of membership in the Nursing Honors Program B.S. to PhD Accelerated Pathway, students must meet the following requirements:
- Maintenance of a 3.6 GPA with grades of B or better in all state-mandated nursing prerequisites.
- Adherence to approved program plan of study.
- Completion of BSN degree and successful Florida RN licensure by the start of the PhD program.

Baccalaureate Degree Pathways

Global Pathways

http://www.usf.edu/gcp/students/index.aspx

A Global Pathway is an undergraduate major or degree program that has significant global content and align with the goals of USF’s Quality Enhancement Plan, the Global Citizens Project. Global Pathways provide students with the opportunity to practice and apply global competencies through the major or degree program. Students in the Global Pathway programs are well-positioned to earn the Global Citizen Award and become eligible to apply for a study abroad scholarship offered by the Global Citizens Project. The following programs are designated as Global Pathway Programs:

Nursing – BSN Upper Division Major
http://health.usf.edu/nursing/
Bachelor of Science in Nursing

Accelerated Second Bachelor's Degree
http://health.usf.edu/nursing/academics/second-degree
The Accelerated Second Bachelor's Degree pathway is for students who have a baccalaureate degree in another field and a minimum undergraduate GPA of 3.00. Students with a bachelor's degree in a non-nursing field and who have completed all the nursing pre-requisite courses may be considered for admission into the Accelerated Second bachelor's Degree pathway; upon completion, students will earn a second bachelor's degree. This is a full-time limited access program, as mandated by the state, and is structured sequentially. Admission is competitive.

RN to BSN (Online)
https://health.usf.edu/nursing/undergraduate/programs/rn-to-bs
The RN to BSN (NRN) pathway is for students currently licensed to practice as a Registered Nurse. The RN to BSN option allows an RN with a diploma or an associate's degree in nursing from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission to earn a Bachelor of Science in Nursing.

Upper Division
https://health.usf.edu/nursing/undergraduate/programs/upper-division
The Upper Division pathway (NUR) is our traditional baccalaureate nursing pathway for students who have completed nursing prerequisite courses and university general education requirements. This is a full-time limited access program, as mandated by the state, and is structured sequentially. Admission is competitive.

Veteran to BSN (V-CARE)
https://health.usf.edu/nursing/undergraduate/programs/vbsn
The Veteran to BSN (V-CARE) pathway allows service members and veterans with medical training experience as Army or Air Force medics and Navy corpsmen the opportunity to receive a Bachelor of Science in Nursing degree. Graduates may then take the National Council Licensure Examination (NCLEX) to earn their RN license. Prerequisites can be completed at an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission with completion of nursing coursework at the Tampa campus. The V-CARE pathway is a full-time limited access program, as mandated by the state, and is structured sequentially. Admission is competitive.

Advising Information
Advising for the College of Nursing is available for admitted nursing students at the USF Health Wellness, Engagement, Leadership & Learning (W.E.L.L.) building (MDA) location at 12901 Bruce B. Downs Blvd., MDC 22, Tampa, FL 33612-4766. See for more information.

The College of Nursing Student Affairs Office is open from 8:00 AM to 5:00 PM on weekdays and closed on University holidays. You may schedule an appointment to meet with an advisor by scheduling online via https://usf.appiancloud.com/.

In order to schedule a meeting with an advisor in this college, please use https://usf.appiancloud.com/.

Prospective Students: For more information, see https://confluence.usf.edu/display/CON/Information+Sessions
NURSING: ACCELERATED SECOND BACHELOR'S DEGREE PATHWAY B.S.N.

TOTAL DEGREE HOURS: 62

The Accelerated Second Bachelor's Degree (SBN) pathway is for students who have a baccalaureate degree in another field and a minimum undergraduate GPA of 3.00. Students with a bachelor's degree in a non-nursing field and who have completed all the Nursing prerequisite courses may be considered for admission into the Accelerated Second Bachelor's Degree pathway; upon completion, students will earn a second bachelor's degree.

LIMITED ACCESS

This major has additional admissions requirements as listed in this section.

This is a full-time, limited access program, as mandated by the State, and is structured sequentially. Admission is competitive. Any student who applies to the undergraduate program in the College of Nursing is initially coded as "Pre-Nursing" prior to official acceptance to the College of Nursing.

Admissions Requirements:

- Admission to the University of South Florida (Tampa), as a degree-seeking undergraduate student.
- Completed application to the College of Nursing prior to the published deadline for the intended term of entry.
- Completion of first bachelor's degree from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission at the time of application to the USF College of Nursing.
- Minimum 3.0 cumulative GPA on all undergraduate work.
- Completion of at least seven of the eight Nursing prerequisite courses by the published deadline for the intended term of entry
  - Note: Any outstanding Nursing prerequisites must be completed by the program state date, with a minimum grade of C or better, while maintaining a cumulative GPA greater than or equal to 3.0.
- Participation in a formal interview with College of nursing faculty, if selected.

If a student receives a grade of less than C in any two prerequisite courses while declared as pre-nursing, the student will be required to select another major at the University of South Florida. Grade forgiveness will not apply the mandated requirement of changing the major. In addition, if a student does not meet the minimum GPA to be eligible to apply for admission following 60 completed hours and all prerequisite courses attempted, the student will be required to select another major at the University of South Florida.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- Transfer: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- International: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)
STATE MANDATED COMMON COURSE PREREQUISITES

The state-mandated nursing common prerequisites are required to be completed before the published application deadline for the intended term of entry. A grade of "C" or better is required while maintaining a cumulative GPA equal to or greater than 3.0.

All courses not approved by the Florida State Course Numbering System (includes all Florida public colleges, universities, and College System institutions) used to satisfy these prerequisite requirements will be evaluated individually on the basis of content and will require a catalog course description and a copy of the syllabus for assessment.

- BSC X085C or (BSC X085 and BSC X085L) or BSC X093C or (BSC X093 and BSC X093L) - 4 credit hours
- BSC X086C or (BSC X086 and BSC X086L) or BSC X094C or (BSC X094 and BSC X094L) - 4 credit hours
- CHM XXXX or BCH XXXX or BSC XXXX or PCB XXXX or PHY XXXX - 3 credit hours
- DEP X004 or DEP X054 or DEP X000 - 3 credit hours
- HUN X201 - 3 credit hours
- MCB X010C or (MCB X010 and MCB X010L) or MCB X013C or (MCB X000 and MCB X000L) or (MCB X004 and MCB X004L) - 4 credit hours
- PSY XXXX or SOP XXXX or SYG XXXX - 3 credit hours
- STA X014 or STA X023 or STA X122 - 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

NOTE: Epidemiology (3 credits) is recommended but not required.

TOTAL MAJOR HOURS: 62

GPA REQUIREMENTS

Minimum 3.0 cumulative GPA on all undergraduate work.
**COLLEGE OF NURSING**

**GRADING REQUIREMENT**

Please refer to the USF College of Nursing Student Handbook for grade and progression requirements.

**COURSE GRADE REQUIREMENT**

All nursing courses must be passed with a C or better in didactic and an S in clinical.

**RESEARCH OPPORTUNITIES**

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

NURSING: R.N. TO BACHELOR OF SCIENCE IN NURSING PATHWAY B.S.N.

TOTAL DEGREE HOURS: 120

Plans of Study

The RN to BSN (NRN) pathway is for students currently licensed to practice as a Registered Nurse. The RN to BSN option allows an RN with a diploma or an associate's degree in nursing from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission to earn a Bachelor of Science in Nursing.

LIMITED ACCESS

THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

The College of Nursing is a limited-access program. Any student who applies to the undergraduate program in the College of Nursing is initially coded as "pre-nursing" prior to official acceptance to the College of Nursing.

Admissions Requirements:

- Admission to the University of South Florida (Tampa Campus) as a degree-seeking undergraduate student.
- Completed application to the College of Nursing prior to the published deadline for the intended term of entry.
- An overall GPA of 2.50 or higher on all undergraduate work (excluding Associate of Science Nursing courses).
- Associate's Degree in Nursing from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission; nursing diplomas will be evaluated on a case by case basis.
- Residence in the state of Florida with evidence of a current Florida RN licensure in good standing.
- Completion of the following pre-requisite courses by the application deadline for the intended term of entry with a minimum grade of "C" in each:
  - ENC 1101 - Composition I Credit(s): 3
  - ENC 1102 - Composition II Credit(s): 3

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

STATE MANDATED COMMON COURSE PREREQUISITES

The University's Enhanced General Education requirements and College of Nursing's prerequisite/support courses may be completed through the A.A. degree from a Florida College System institution. If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. The A.A. degree satisfies admission requirements only if courses are carefully selected and include the required major prerequisite/support courses.

The College of Nursing requires certain courses within the Enhanced General Education requirement for the natural, social and behavioral sciences, and mathematics. Students must complete the prerequisite courses listed below prior to being admitted to the RN to BSN's major. All prerequisite courses must be completed with a grade of "C" or higher.
All courses not approved by the Florida State Course Numbering System (includes all Florida public colleges, universities, and College System institutions) used to satisfy these prerequisite requirements will be evaluated individually on the basis of content and will require a catalog course description and a copy of the syllabus for assessment.

- BSC X085C or (BSC X085 and BSC X085L) or BSC X093C or (BSC X093 and BSC X093L) - 4 credit hours
- BSC X086C or (BSC X086 and BSC X086L) or BSC X094C or (BSC X094 and BSC X094L) - 4 credit hours
- CHM XXXX or BCH XXXX or BSC XXXX or PCB XXXX or PHY XXXX - 3 credit hours
- DEP X004 or DEP X054 or DEP X000 - 3 credit hours
- HUN X201 - 3 credit hours
- MCB X010C or (MCB X010 and MCB X010L) or MCB X013C or (MCB X000 and MCB X000L) or (MCB X004 and MCB X004L) - 4 credit hours
- PSY XXXX or SOP XXXX or SYG XXXX - 3 credit hours
- STA X014 or STA X023 or STA X122 - 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

NOTE: Epidemiology (3 credits) is recommended but not required.

TOTAL MAJOR HOURS: 30

MAJOR CORE (15 CREDIT HOURS)

- NUR 3805 - Nursing as a Profession Credit(s): 3
- NUR 4895 - Educational Role of the Nurse in Healthcare Credit(s): 3

The Upper Division pathway (NUR) is for traditional baccalaureate nursing pathway for students who have completed all nursing prerequisite courses and university general education requirements.

This pathway has been certified as a Global Pathway. A Global Pathway is an undergraduate major or degree program that has significant global content and align with the goals of USF’s Quality Enhancement Plan, the Global Citizens Project. Global Pathways provide students with the opportunity to practice and apply global competencies through the major or degree program. Students in Global Pathway programs are well positioned to earn the Global Citizen Award and become eligible to apply for a study abroad scholarship offered by the Global Citizens Project.

LIMITED ACCESS

THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

This is a full-time limited access program, as mandated by the state, and is structured sequentially. Admission is competitive. Any student who applies to the undergraduate program at the College of Nursing is initially coded as "pre-nursing" prior to official acceptance to the College of Nursing.

ADMISSIONS REQUIREMENTS:

- Admission to the University of South Florida (Tampa campus), as a degree seeking undergraduate student.
- Completed application to the College of Nursing prior to the published deadline for the intended term of entry.
- Minimum 3.20 cumulative GPA on all undergraduate work.
- Completion of at least seven of the eight nursing pre-requisites courses by published application deadline for the intended term of entry.
  - Note: Any outstanding nursing prerequisites must be completed by the program start date, with a C or better, while maintaining a cumulative GPA equal to or greater than 3.0.
- Completion of English Composition I, English Composition II, and State General Education Mathematics requirement by the published application deadline.
- Participation in a formal interview with the College of Nursing faculty, if selected.
- Completion of the University's foreign language entrance requirement (FLENT) and University General Education requirement by the intended term of entry.

If a student receives a grade less than a C in any two prerequisite courses while declared as pre-nursing, the student will be required to select another major at the University of South Florida. Grade forgiveness will not apply to the mandated requirement of changing the major. In addition, if a student does not meet the minimum GPA requirement to be eligible to apply for admission following 60 completed hours and all prerequisite courses attempted, the student will be required to select another major at the University of South Florida.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx
STATE MANDATED COMMON COURSE PREREQUISITES

The state-mandated nursing common pre-requisites are required to be completed before the published application deadline for the intended term of entry. A grade of 'C' or better is required while maintaining a cumulative GPA equal to or greater than 3.0.

The University's Enhanced General Education requirements and College of Nursing's prerequisite/support courses may be completed through the A.A. degree from a Florida College System institution. If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. The A.A. degree satisfies admission requirements only if courses are carefully selected and include the required major prerequisite/support courses.

The College of Nursing requires certain courses within the Enhanced General Education requirement for the natural, social and behavioral sciences, and mathematics. Students must complete the prerequisite courses listed below prior to being admitted to the Upper Division pathway. All prerequisite courses must be completed with a grade of "C" or higher.

All courses not approved by the Florida State Course Numbering System (includes all Florida public colleges, universities, and College System institutions) used to satisfy these prerequisite requirements will be evaluated individually on the basis of content and will require a catalog course description and a copy of the syllabus for assessment.

- BSC X085C or (BSC X085 and BSC X085L) or BSC X093C or (BSC X093 and BSC X093L) - 4 credit hours
- BSC X086C or (BSC X086 and BSC X086L) or BSC X094C or (BSC X094 and BSC X094L) - 4 credit hours
- CHM XXXX or BCH XXXX or BSC XXXX or PCB XXXX or PHY XXXX - 3 credit hours
- DEP X004 or DEP X054 or DEP X000 - 3 credit hours
- HUN X201 - 3 credit hours
- MCB X010C or (MCB X010 and MCB X010L) or MCB X013C or (MCB X000 and MCB X000L) or (MCB X004 and MCB X004L) - 4 credit hours
- PSY XXXX or SOP XXXX or SYG XXXX - 3 credit hours
- STA X014 or STA X023 or STA X122 - 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

NOTE: Epidemiology (3 credits) is recommended but not required.

### GPA Requirements

Minimum 3.20 cumulative GPA on all undergraduate work.

### Grading Requirement

Please refer to the USF College of Nursing Student Handbook for grade and progression requirements.

### Course Grade Requirement

All nursing courses must be passed with a C or better in didactic and an S in clinical.

### Residency Requirement

### Research Opportunities

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

### 4 Year Plan of Study - Nursing: Upper Division B.S.

#### Notes:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see [https://www.usf.edu/undergrad/students/civics-literacy.aspx](https://www.usf.edu/undergrad/students/civics-literacy.aspx) or talk with your academic advisor.

Items that are critical are marked with a ✳️ and are included in the plan for a student to stay on track.

#### Potential Entry Level Job Titles:

- Intensive Care Nurse
- Neonatal Nurse
- Medical Surg Nurse
- Community Health Nurse
- Emergency Department Nurse

#### Potential Entry Level Salary Range:

$41,000 - $79,000

Total Credit Hours: 14
NURSING: V-CARE B.S.N.

TOTAL DEGREE HOURS: 120

The Veteran to BSN (V-CARE) major allows service members and veterans with medical training experience as medics and corpsmen the opportunity to receive a Bachelor of Science in Nursing degree. The V-CARE major is typically completed in consecutive semesters (after prerequisites, Foreign Language, and General Education requirements). Graduates may then take the National Council Licensure Examination (NCLEX) to earn their RN license. Prerequisites can be completed at an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission with completion of nursing coursework at the Tampa campus.

LIMITED ACCESS

THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

This is a full-time limited access program, as mandated by the state, and is structured sequentially. Admission is competitive.

ADMISSION REQUIREMENTS

Admission to the University of South Florida (Tampa campus) as a degree seeking undergraduate student.
Completed application to the College of Nursing prior to the published deadline for the intended term of entry.
Applicants must have U.S. Army Medic, U.S. Air Force Medic, or U.S. Navy Corpsman training and experience to be a candidate for the V-CARE major.
Minimum 3.0 cumulative GPA on all undergraduate coursework.
Completion of the Nursing prerequisite courses by the published application deadline for the intended term of entry.
   Students who do not have all prerequisite courses completed by the intended term of entry may be eligible for conditional admission.
   Note: Any outstanding Nursing prerequisite courses must be completed by the program start date, with a C or better, while maintaining a cumulative GPA greater than or equal to 3.0.
Completion of English Composition I, English Composition II and State General Education Mathematics requirement by the published application deadline.
Participation in a formal interview with College of Nursing faculty, if selected.
Completion of the University's foreign language entrance requirement (FLENT) and University General Education requirements.
Submission of a professional resume.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx

Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx

International: https://www.usf.edu/admissions/international/admission-information/index.aspx
STATE MANDATED COMMON COURSE PREREQUISITES

The state-mandated nursing common pre-requisites are required to be completed before the published application deadline for the intended term of entry. A grade of 'C' or better is required while maintaining a cumulative GPA equal to or greater than 3.0.

The University's Enhanced General Education requirements and College of Nursing's prerequisite/support courses may be completed through the A.A. degree from a Florida College System institution. If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. The A.A. degree satisfies admission requirements only if courses are carefully selected and include the required major prerequisite/support courses.

The College of Nursing requires certain courses within the Enhanced General Education requirement for the natural, social and behavioral sciences, and mathematics. Students must complete the prerequisite courses listed below prior to being admitted to the V-CARE major. All prerequisite courses must be completed with a grade of "C" or higher.

All courses not approved by the Florida State Course Numbering System (includes all Florida public colleges, universities, and College System institutions) used to satisfy these prerequisite requirements will be evaluated individually on the basis of content and will require a catalog course description and a copy of the syllabus for assessment.

- BSC X085C or (BSC X085 and BSC X085L) or BSC X093C or (BSC X093 and BSC X093L) - 4 credit hours
- BSC X086C or (BSC X086 and BSC X086L) or BSC X094C or (BSC X094 and BSC X094L) - 4 credit hours
- CHM XXXX or BCH XXXX or BSC XXXX or PCB XXXX or PHY XXXX - 3 credit hours

About the College

3010 USF Banyan Circle
Tampa, FL 33612
(813) 974-4633
https://health.usf.edu/publichealth

Location: The College of Public Health is located on the corner of Bruce B. Downs Avenue and Fletcher Avenue in the North-West corner of USF.

With selfless dedication, we promise to use our transformational research and interdisciplinary approach to passionately solve problems and create conditions that allow every person the universal right to health and well-being. Our Practice is Our Passion. Degree programs are offered in multiple platforms to accommodate student needs. On-campus courses are available throughout the day and evening. The College offers almost 100 courses online, including 6 complete degree programs. College of Public Health (COPH) students embrace opportunities to see public health in practice in a variety of global settings. Through study abroad courses, international field experiences, and other opportunities, students annually travel to more than 20 countries, including Panama, Belize, Uganda, Malaysia and Ecuador among others.

Mission, Vision, Values

Mission

Our collective mission is to provide excellence in public health education, leadership, advocacy, research and service; to nurture and motivate our students; and to deliver enhanced health and well-being to all humankind through collaborative partnerships with researchers, educators, health professionals and administrators.

Vision

Our vision is to be the exemplary catalyst for public health innovation and advancement of the profession, locally and globally.

COPH Core Values

Social responsibility
Social justice
Multidisciplinary approach
Global perspective
Altruism
Diversity and inclusiveness
Leadership
Academic excellence

Accreditation

The College of Public Health is accredited by the Council on Education in Public Health (CEPH) http://ceph.org/. CEPH (800 Eye Street, NW, Suite 202, Washington, D.C. 20001-3710) is an independent agency that is recognized by the US Department of Education to accredit schools of public health. The College has been reaccredited for seven years, through July 1st, 2026; this is the maximum possible number of years attainable in a reaccreditation cycle.

College-Level Requirements

Admission Requirements

Admission to the College of Public Health is open to students who have been accepted into the University of South Florida and have declared a major in the College of Public Health. Please be advised that the Public Health major is offered on the Tampa campus. The Health Sciences major is offered on both the Tampa and St. Petersburg campuses.
Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

**Declaration of Major:** Students should meet with an advisor as soon as possible to ensure timely degree progression. Upon review, the College of Public Health will approve or deny the major declaration.

**Declaration of Minor:** Students must complete a minimum of 6 credits and two courses exclusive to the minor that will not count toward the student's major or other minors. These credits/courses must be completed at USF and must be upper level courses.

**Graduation Requirements**

Must successfully complete (C- or higher) a minimum of 120 unduplicated credit hours with a USF and cumulative GPA of a 2.0 or higher.

Must meet the Foreign Language Entrance Requirement.

Students must satisfy State Communication Requirement and State Computation Requirement. Transfer students who enter the University of South Florida with 60 or more semester hours from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission are considered to have met the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math).

Complete the General Education Core and State Communication and Computation Requirement of 36 hours.

Complete all major course requirements.

None of the coursework taken for the major may be taken as an S/U grade, unless S/U is the only grading option available.

The Audit option is available only during the first five (5) days of classes.

Complete a minimum of 42 hours of upper-level courses (numbered 3000 or above).

Thirty (30) of the last 60 semester hours must be completed at USF to fulfill the residency requirement.

**Baccalaureate-Level Degree Programs**

When earning a double major/concurrent degree, a maximum of two (2) departmental or programmatic courses or eight (8) credit hours may be used to satisfy requirements between majors. Students should check with the college and respective departments when pursuing more than one major/degree.

Health Sciences, as an interdisciplinary program, requires prior approval for overlapping coursework between double majors/concurrent degrees.
Bachelor of Science in Health Sciences

https://health.usf.edu/publichealth/undergrad/bshs

The Bachelor of Science in Health Sciences is a highly interdisciplinary degree and offers a valuable combination of hard science, social science, and humanities. This high-quality program offers classroom-based & distance instruction to prepare students for many exciting careers in one of the nation's fastest-growing industries. Courses in the program are offered from 5 different colleges and more than 20 departments at USF. Students can choose to focus their degree based on the health career they plan to pursue after graduation. Students take core foundational courses in Health Science then choose from 5 concentrations (30 credits from one concentration or a combination of 15 credits from two different concentrations) for their advanced studies based on their career goals.

Depending on the concentrations chosen students can go on to everything from clinical graduate programs to social services, administrative and technology positions. The flexible and interdisciplinary nature of this exciting degree prepares tomorrow's healthcare leaders with a strong foundation for success.

Career Options: This program prepares students for clinical graduate programs such physical and occupational therapy, physician assistant programs and athletic training, as well as healthcare administration graduate programs, social and behavioral programs, public health or employment in a wide range of health related areas including community agencies, hospitals, or pharmaceutical companies.

Students can focus their studies in one concentration (30 credits) or a combination of 2 concentrations (15 credits in each) depending on career goals.

Concentrations include:

Aging Health Studies and Health Information Technology Concentration
Aging Health Studies and Health Care Administration Concentration
Aging Health Studies Concentration
Biological Health Sciences and Aging Health Studies Concentration
Biological Health Sciences and Health Information Technology Concentration
Biological Health Sciences and Health Care Administration Concentration
Biological Health Sciences and Social and Behavioral Health Sciences Concentration
Biological Health Sciences Concentration
Health Information Technology Concentration
Health Care Administration and Health Information Technology Concentration
Health Care Administration Concentration
Social and Behavioral Health Sciences and Aging Health Studies Concentration
Social and Behavioral Health Sciences and Health Information Technology Concentration
Social and Behavioral Health Sciences and Health Care Administration Concentration
Social and Behavioral Health Sciences Concentration

Global Pathways
https://www.usf.edu/gcp/students/index.aspx

A Global Pathway is an undergraduate major or degree program that has significant global content. Global Pathways provide students with the opportunity to practice and apply global competencies through the major or degree program.
Bachelor of Science

Bachelor of Science in Public Health
https://health.usf.edu/publichealth/undergrad/bshs

USF offers the first Bachelor of Science in Public Health housed in an accredited College of Public Health in Florida. The Bachelor of Science in Public Health at the University of South Florida provides students with a flexible degree emphasizing skill development to promote future academic and career success within public health and clinical health professions. Students majoring in public health can pursue specialized coursework in pre-health, epidemiology, biostatistics, food safety, infection control, nutrition, global health, environmental and occupational health, and health coaching, among others. This innovative curriculum can be completed either fully online or through a mix of online and classroom-based courses. The B.S. in Public Health provides student-centered courses required for entry-level public health jobs found in government agencies, health corporations, community non-profit organizations and health care facilities.

Accelerated Programs

The College offers a several programs the Fast Track from BSPH to MPH/MSPH for USF Honors Students.

Minors

The College of Public Health offers the following minors. For more information, see https://health.usf.edu/publichealth/undergrad/minors

General Public Health
The goal of the general Public Health minor is to develop in a broad range of students an understanding and appreciation of the field of Public Health.

Community-Engaged Homeland Security & Emergency Management
The Community-Engaged Homeland Security and Emergency Management minor provides a broad foundation of homeland security and emergency management coursework for individuals interested in pursuing a career in local, state or national government and military careers.

Environmental Health
The Environmental Health minor provides students with a broad range of courses necessary to pursue an advanced degree in the field of Environmental and Occupational Health and Safety or to seek entry-level employment in a related field and is preparatory for careers in: environmental science, industrial hygiene, toxicology, risk assessment, and related health sciences careers.

Infection Control
The Infection Control minor is based on the competencies in the National Board Certification Exam for infection control. The minor provides a foundation of infection prevention and control principles for individuals interested in pursuing a career in infection prevention and control at a healthcare facility or alternate setting; or those who need this knowledge base to pursue opportunities at a local, state or national public health department; a governmental agency; an academic and/or research institution; or any other applicable arena.

Nutrition
The Nutrition science minor is both personally and professionally relevant, emphasizing health promotion, optimal human performance, disease prevention, quality of life and longevity. Career opportunities that are complemented by a nutrition minor include public health, health sciences, food technology, psychology, gerontology, social work, health promotion and communication, with potential employment in the public and/or private sector.
Undergraduate Advising Information

Undergraduate Advising
College of Public Health
3010 USF Banyan Circle
Tampa, FL 33612
(813) 974-4633
UG-PublicHealthAdvising@health.usf.edu

http://health.usf.edu/publichealth/undergrad/advising

The advising team at the USF College of Public Health provides guidance on academic policies, requirements, and processes. Just as each College of Public Health student is unique, so is each degree plan. Advising is determined to working alongside students to design individualized plans while providing compassionate guidance in their educational journey.

Undergraduate Students can schedule an appointment with an advisor via Archivum.

To schedule an advising appointment:

- Prospective or current students with an active UID can schedule an appointment online: https://usf.appiancloud.com/suite/sites/archivum/page/archivum/report/daQEig
- Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major: https://www.usf.edu/undergrad/students/advising.aspx
HEALTH SCIENCES B.S., WITH AGING HEALTH STUDIES AND HEALTH CARE ADMINISTRATION CONCENTRATION

TOTAL DEGREE HOURS: 120

Plans of Study
This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS
Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS
Satisfactory completion of the following requirements:
- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.
# Required Courses: (12 Credit Hours)

## Major Core Courses: 2 Courses; 6 Credit Hours

- **HSC 2000** - Introduction to Health Professions  
  Credit(s): 3
- **CLT 3040** - Scientific and Medical Terminology  
  Credit(s): 3

## Other Required Courses: (6 Credit Hours)

### Ethics Course: 1 Course; 3 Credit Hours

Choose one from the following list:
- **CLP 4620** - Ethics in Psychology and Health  
  Credit(s): 3
- **PHI 3633** - Biomedical Ethics  
  Credit(s): 3
- **PHI 3636** - Professional Ethics  
  Credit(s): 3

### Outside the Major Course: 1 Course; 3 Credit Hours

Choose one from the following list:
- **ACG 2021** - Principles of Financial Accounting  
  Credit(s): 3
- **ECO 2023** - Economic Principles (Microeconomics)  
  Credit(s): 3
- **ANT 2511** - Biological Anthropology  
  Credit(s): 3
- **ANT 2410** - Cultural Anthropology  
  Credit(s): 3
- **COM 2000** - Introduction to Communication  
  Credit(s): 3
- **COM 2130** - Communication Skills for Health Professionals  
  Credit(s): 3
- **GEY 2000** - Introduction to Aging Sciences  
  Credit(s): 3
- **SYG 2000** - Introduction to Sociology  
  Credit(s): 3

## Major Concentration Electives: (30 Credit Hours)

Students complete a Health Sciences program of study and one of five concentrations in: Aging Health Studies, Biological Health Sciences, Health Information Technology, Health Care Administration, Social and Behavioral Health Sciences.

Students choose 30 credit hours in one (1) concentration or 15 credit hours each in two (2) concentrations.
AGING HEALTH STUDIES AND HEALTH CARE ADMINISTRATION CONCENTRATION: (10 COURSES; 30 CREDIT HOURS)

AGING HEALTH STUDIES CONCENTRATION

Students choose fifteen (15) credit hours from the following list of courses.

- BSC 3022 - Biology of Aging Credit(s): 3
- GEY 3601 - Physical Changes and Aging Credit(s): 3
- GEY 4322 - Care Management for Older Adults Credit(s): 3
- GEY 4360 - Counseling for Older Adults Credit(s): 3
- GEY 4507 - Understanding Policies and Practices of Long Term Care Credit(s): 3
- GEY 4608 - Alzheimer's Disease Management Credit(s): 3
- GEY 4628 - Health, Ethnicity, and Aging Credit(s): 3
- GEY 4641 - Death and Dying Credit(s): 3
- GEY 4935 - Special Topics in Gerontology Credit(s): 3
- HSC 4211 - Health, Behavior and Society Credit(s): 3
- HSC 4630 - Understanding U.S. Health Care Credit(s): 3
- HSC 4851 - Health Sciences Internship Credit(s): 3
- LIS 4930 - Selected Topics in Information Studies Credit(s): 3
- MHS 4931 - Selected Topics Credit(s): 1-3
- PAD 4930 - Selected Topics in Public Administration and Public Policy Credit(s): 3
- PHC 4931 - Health Care Ethics Credit(s): 3
- SOW 3210 - The American Social Welfare System Credit(s): 3
- SPA 3002 - Introduction to Communication Sciences and Disorders Credit(s): 3
- SPA 4257 - Adult Communication Disorders Credit(s): 3

HEALTH CARE ADMINISTRATION CONCENTRATION

Students choose fifteen (15) credit hours from the following list of courses.

- ACG 2071 - Principles of Managerial Accounting Credit(s): 3
- ECP 3530 - Economics of Health Credit(s): 3
- GEY 4635 - Business Management in an Aging Society Credit(s): 3
- HSA 3170 - Healthcare Finance Credit(s): 3
- HSC 4211 - Health, Behavior and Society Credit(s): 3
- HSC 4624 - Foundations of Global Health Credit(s): 3
- HSC 4630 - Understanding U.S. Health Care Credit(s): 3
- HSC 4631 - Critical Issues in Public Health Credit(s): 3
- HSC 4851 - Health Sciences Internship Credit(s): 3
- HSC 4933 - Special Topics in Public Health Credit(s): 1-3
- ISM 3011 - Information Systems in Organizations Credit(s): 3
- LIS 4930 - Selected Topics in Information Studies Credit(s): 3
- MAN 3025 - Principles of Management Credit(s): 3
- MAN 3093 - Healthcare Management Credit(s): 3
- MAN 3301 - Human Resource Management Credit(s): 3
- MAR 3400 - Professional Selling Credit(s): 3
- MAR 4503 - Buyer Behavior Credit(s): 3
- MAR 4712 - Healthcare Marketing Credit(s): 3
- MMC 4936 - Selected Topics in Mass Communications Studies Credit(s): 1-3
- PAD 3003 - Introduction to Public and Community Service Credit(s): 3
- PAD 4204 - Public Financial Administration Credit(s): 3
- PAD 4415 - Personnel & Supervision in Today's Diverse Organizations Credit(s): 3
- PAD 4712 - Managing Information Resources in the Public Sector Credit(s): 3
- PAD 4930 - Selected Topics in Public Administration and Public Policy Credit(s): 3
PHC 4101 - Overview of Public Health Programs and Policies Credit(s): 3
PHC 4931 - Health Care Ethics Credit(s): 3
PHI 3636 - Professional Ethics Credit(s): 3
PUP 4002 - Public Policy Credit(s): 3
SYO 4400 - Medical Sociology Credit(s): 3

Two SPC, MMC, and/or COM courses may apply to this concentration.

SPC 3710 - Communication and Cultural Diversity Credit(s): 3
SPC 4930 - Selected Topics Credit(s): 1-3
  Patient Provider Communication
  Intercultural Health Communication

HEALTH SCIENCES B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS
A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS
Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

RESIDENCY REQUIREMENT
Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES
A maximum of 4 credits of Undergraduate Research (IDS 4910) may be applied to the major with a maximum of 1 credit per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

HEALTH SCIENCES B.S., WITH AGING HEALTH STUDIES AND HEALTH INFORMATION TECHNOLOGY CONCENTRATION

TOTAL DEGREE HOURS: 120

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours
MAC X105 College Algebra – 3 credit hours
PSY X012 Introduction to Psychological Science – 3 credit hours
STA X000-X999 or STA X023 or STA X014 – 3 credit hours
DEP X053 or DEP X004 or DEP X000 or CLP X140 – 3 credit hours
APK X0105C or (BSC X085 and BSC X085L) or BSC X093 or BSC X094 – 3-4 credit hours
ENC X210 or ENC X254 – 3 credit hours

REQUIRED COURSES: (12 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

HSC 2000 - Introduction to Health Professions Credit(s): 3
CLT 3040 - Scientific and Medical Terminology Credit(s): 3

OTHER REQUIRED COURSES: (6 CREDIT HOURS)

ETHICS COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:
CLP 4620 - Ethics in Psychology and Health Credit(s): 3
PHI 3633 - Biomedical Ethics Credit(s): 3
PHI 3636 - Professional Ethics Credit(s): 3

OUTSIDE THE MAJOR COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:
ACG 2021 - Principles of Financial Accounting Credit(s): 3
ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
ANT 2511 - Biological Anthropology Credit(s): 3
ANT 2410 - Cultural Anthropology Credit(s): 3
COM 2000 - Introduction to Communication Credit(s): 3
COM 2130 - Communication Skills for Health Professionals Credit(s): 3
GEY 2000 - Introduction to Aging Sciences Credit(s): 3
SYG 2000 - Introduction to Sociology Credit(s): 3

MAJOR CONCENTRATION ELECTIVES: (30 CREDIT HOURS)

Students complete a Health Sciences program of study and one of five concentrations in: Aging Health Studies, Biological Health Sciences, Health Information Technology, Health Care Administration, Social and Behavioral Health Sciences.

Students choose 30 credit hours in one (1) concentration or 15 credit hours each in two (2) concentrations.

AGING HEALTH STUDIES AND HEALTH INFORMATION TECHNOLOGY CONCENTRATION: (10 COURSES; 30 CREDIT HOURS)

Students choose fifteen (15) credit hours from the following list of courses:
AGING HEALTH STUDIES CONCENTRATION

Students choose fifteen (15) credit hours from the following list of courses.

- BSC 3022 - Biology of Aging Credit(s): 3
- GEY 3601 - Physical Changes and Aging Credit(s): 3
- GEY 4322 - Care Management for Older Adults Credit(s): 3
- GEY 4360 - Counseling for Older Adults Credit(s): 3
- GEY 4507 - Understanding Policies and Practices of Long Term Care Credit(s): 3
- GEY 4608 - Alzheimer's Disease Management Credit(s): 3
- GEY 4628 - Health, Ethnicity, and Aging Credit(s): 3
- GEY 4935 - Special Topics in Gerontology Credit(s): 3
- HSC 4211 - Health, Behavior and Society Credit(s): 3
- HSC 4630 - Understanding U.S. Health Care Credit(s): 3
- HSC 4851 - Health Sciences Internship Credit(s): 3
- LIS 4930 - Selected Topics in Information Studies Credit(s): 3
- MHS 4931 - Selected Topics Credit(s): 1-3
- PAD 4930 - Selected Topics in Public Administration and Public Policy Credit(s): 3
- PHC 4931 - Health Care Ethics Credit(s): 3
- SOW 3210 - The American Social Welfare System Credit(s): 3
- SPA 3002 - Introduction to Communication Sciences and Disorders Credit(s): 3
- SPA 4257 - Adult Communication Disorders Credit(s): 3

HEALTH INFORMATION TECHNOLOGY CONCENTRATION

Students choose fifteen (15) credit hours from the following list of courses.

- HSC 4851 - Health Sciences Internship Credit(s): 3
- ISM 3113 - Systems Analysis and Design Credit(s): 3
- LIS 3261 - Introduction to Information Science Credit(s): 3
- LIS 3352 - Interaction Design Credit(s): 3
- LIS 3353 - IT Concepts for Information Professionals Credit(s): 3
- LIS 3361 - World Wide Web Page Design and Management Credit(s): 3
- LIS 3783 - Information Architecture Credit(s): 3
- LIS 4204 - Information Behaviors Credit(s): 3
- LIS 4365 - Web Design Technologies Credit(s): 3
- LIS 4380 - Information and Social Media Credit(s): 3
- LIS 4414 - Information Policy and Ethics Credit(s): 3
- LIS 4477 - Clinical Decision Support Credit(s): 3
- LIS 4482 - Networks and Communication Credit(s): 3
- LIS 4776 - Health Information Technology Credit(s): 3
- LIS 4779 - Health Information Security Credit(s): 3
- LIS 4785 - Introduction to Health Informatics Credit(s): 3
- LIS 4930 - Selected Topics in Information Studies Credit(s): 3
- PAD 4712 - Managing Information Resources in the Public Sector Credit(s): 3
- SPC 4930 - Selected Topics Credit(s): 1-3
HEALTH SCIENCES B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

RESIDENCY REQUIREMENT

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES

A maximum of 4 credits of Undergraduate Research (IDS 4910) may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

TOTAL DEGREE HOURS: 120

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

- BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours
- MAC X105 College Algebra – 3 credit hours

HEALTH SCIENCES B.S., WITH BIOLOGICAL HEALTH SCIENCES AND AGING HEALTH STUDIES CONCENTRATION

TOTAL DEGREE HOURS: 120

Plans of Study
This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS
Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:
- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS
Satisfactory completion of the following requirements:
- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.
COLLEGE OF PUBLIC HEALTH

REQUIRED COURSES: (12 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- HSC 2000 - Introduction to Health Professions Credit(s): 3
- CLT 3040 - Scientific and Medical Terminology Credit(s): 3

OTHER REQUIRED COURSES: (6 CREDIT HOURS)

ETHICS COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:
- CLP 4620 - Ethics in Psychology and Health Credit(s): 3
- PHI 3633 - Biomedical Ethics Credit(s): 3
- PHI 3636 - Professional Ethics Credit(s): 3

OUTSIDE THE MAJOR COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:
- ACG 2021 - Principles of Financial Accounting Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
- ANT 2511 - Biological Anthropology Credit(s): 3
- ANT 2410 - Cultural Anthropology Credit(s): 3
- COM 2000 - Introduction to Communication Credit(s): 3
- COM 2130 - Communication Skills for Health Professionals Credit(s): 3
- GEY 2000 - Introduction to Aging Sciences Credit(s): 3
- SYG 2000 - Introduction to Sociology Credit(s): 3

MAJOR CONCENTRATION ELECTIVES: (30 CREDIT HOURS)

Students complete a Health Sciences program of study and one of five concentrations in: Aging Health Studies, Biological Health Sciences, Health Information Technology, Health Care Administration, Social and Behavioral Health Sciences.

Students choose 30 credit hours in one (1) concentration or 15 credit hours each in two (2) concentrations.
BIOLOGICAL HEALTH SCIENCES AND AGING HEALTH STUDIES
CONCENTRATION: (10 COURSES; 30 CREDIT HOURS)

BIOLOGICAL HEALTH SCIENCES CONCENTRATION

Students choose fifteen (15) credit hours from the following list of courses.

- ANT 4462 - Health, Illness, and Culture Credit(s): 3
- ANT 4520C - Forensic Anthropology Credit(s): 4
- APK 3120 - Exercise Physiology Credit(s): 3
- BSC 3022 - Biology of Aging Credit(s): 3
- BSC 4933 - Selected Topics in Biology Credit(s): 1-4
- CHM 2023 - Chemistry for Today Credit(s): 3
  or
- CHM 2045 - General Chemistry I Credit(s): 3 and CHM 2045L - General Chemistry I Laboratory Credit(s): 1
- CHM 2046 - General Chemistry II Credit(s): 3 and CHM 2046L - General Chemistry II Laboratory Credit(s): 1
- DEP 4053 - Developmental Psychology Credit(s): 3
- GEY 3601 - Physical Changes and Aging Credit(s): 3
- HSC 4430 - Occupational Health and Safety Credit(s): 3
- HSC 4504 - Foundations of Public Health Immunology Credit(s): 3
- HSC 4551 - Survey of Human Diseases Credit(s): 3
- HSC 4573 - Foundations of Food Safety Credit(s): 3
- HSC 4624 - Foundations of Global Health Credit(s): 3
- HSC 4933 - Special Topics in Public Health Credit(s): 1-3
- HUN 3272 - Sports Nutrition Credit(s): 3
- HUN 3296 - Nutrition and Disease Credit(s): 3
- LIS 4785 - Introduction to Health Informatics Credit(s): 3
- LIS 4930 - Selected Topics in Information Studies Credit(s): 3
- MCB 3020 - General Microbiology Credit(s): 3
- MCB 3020L - General Microbiology Laboratory Credit(s): 1
- PCB 3063 - General Genetics Credit(s): 3
- PCB 3063L - General Genetics Laboratory Credit(s): 1
- PHC 3302 - Introduction to Environmental & Occupational Health Credit(s): 3
- PHC 3320 - Environmental Health Science Credit(s): 3
- PHC 4030 - Introduction to Epidemiology Credit(s): 3
- PHC 4101 - Overview of Public Health Programs and Policies Credit(s): 3
- PHY 2020 - Conceptual Physics Credit(s): 3
  or
- PHY 2053 - General Physics I Credit(s): 3 and PHY 2053L - General Physics I Laboratory Credit(s): 1
- PHY 2054 - General Physics II Credit(s): 3 and PHY 2054L - General Physics II Laboratory Credit(s): 1
- SPC 4930 - Selected Topics Credit(s): 1-3
- ZOO 4512 - Sociobiology Credit(s): 3
COMMUNICATION SCIENCES & DISORDERS CLUSTER

These courses are recommended for students interested in pursuing graduate degrees in Communication Sciences.

- SPA 3002 - Introduction to Communication Sciences and Disorders Credit(s): 3
- SPA 3004 - Introduction to Language Development and Disorders Credit(s): 3
- SPA 3030 - Introduction to Hearing Science Credit(s): 3
- SPA 3101 - Anatomy and Physiology of the Speech and Hearing Mechanism Credit(s): 3
- SPA 4104 - Neuroanatomy for Speech, Language and Hearing Credit(s): 3

AGING HEALTH STUDIES CONCENTRATION

Students choose fifteen (15) credit hours from the following list of courses.

- BSC 3022 - Biology of Aging Credit(s): 3
- GEY 3601 - Physical Changes and Aging Credit(s): 3
- GEY 4322 - Care Management for Older Adults Credit(s): 3
- GEY 4507 - Understanding Policies and Practices of Long Term Care Credit(s): 3
- GEY 4608 - Alzheimer's Disease Management Credit(s): 3
- GEY 4628 - Health, Ethnicity, and Aging Credit(s): 3
- GEY 4641 - Death and Dying Credit(s): 3
- GEY 4935 - Special Topics in Gerontology Credit(s): 3
- HSC 4211 - Health, Behavior and Society Credit(s): 3
- HSC 4630 - Understanding U.S. Health Care Credit(s): 3
- HSC 4851 - Health Sciences Internship Credit(s): 3
- LIS 4930 - Selected Topics in Information Studies Credit(s): 3
- MHS 4931 - Selected Topics Credit(s): 1-3
- PAD 4930 - Selected Topics in Public Administration and Public Policy Credit(s): 3
- PHC 4931 - Health Care Ethics Credit(s): 3
- SOW 3210 - The American Social Welfare System Credit(s): 3
- SPA 3002 - Introduction to Communication Sciences and Disorders Credit(s): 3
- SPA 4257 - Adult Communication Disorders Credit(s): 3

HEALTH SCIENCES B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

 Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

RESIDENCY REQUIREMENT

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.
RESEARCH OPPORTUNITIES

A maximum of 4 credits of Undergraduate Research (IDS 4910) may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student’s official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

HEALTH SCIENCES B.S., WITH BIOLOGICAL HEALTH SCIENCES AND HEALTH INFORMATION TECHNOLOGY CONCENTRATION

TOTAL DEGREE HOURS: 120

Plans of Study
This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- **Transfer**: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- **International**: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

- **BSC X000-X999** or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours
- **MAC X105** College Algebra – 3 credit hours
- **PSY X012** Introduction to Psychological Science – 3 credit hours
- **STA X000-X999** or STA X023 or STA X014 - 3 credit hours
- **DEP X053** or DEP X004 or DEP X000 or CLP X140 – 3 credit hours
- **APK X0105C** or (BSC X085 and BSC X085L) or BSC X093 or BSC X094 – 3-4 credit hours
ENC X210 or ENC X254 – 3 credit hours

REQUIRED COURSES: (12 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- HSC 2000 - Introduction to Health Professions Credit(s): 3
- CLT 3040 - Scientific and Medical Terminology Credit(s): 3

OTHER REQUIRED COURSES: (6 CREDIT HOURS)

ETHICS COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:
- CLP 4620 - Ethics in Psychology and Health Credit(s): 3
- PHI 3633 - Biomedical Ethics Credit(s): 3
- PHI 3636 - Professional Ethics Credit(s): 3

OUTSIDE THE MAJOR COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:
- ACG 2021 - Principles of Financial Accounting Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
- ANT 2511 - Biological Anthropology Credit(s): 3
- ANT 2410 - Cultural Anthropology Credit(s): 3
- COM 2000 - Introduction to Communication Credit(s): 3
- COM 2130 - Communication Skills for Health Professionals Credit(s): 3
- GEY 2000 - Introduction to Aging Sciences Credit(s): 3
- SYG 2000 - Introduction to Sociology Credit(s): 3

MAJOR CONCENTRATION ELECTIVES: (30 CREDIT HOURS)

Students complete a Health Sciences program of study and one of five concentrations in: Aging Health Studies, Biological Health Sciences, Health Information Technology, Health Care Administration, Social and Behavioral Health Sciences.

Students choose 30 credit hours in one (1) concentration or 15 credit hours each in two (2) concentrations.
BIOLOGICAL HEALTH SCIENCES AND HEALTH INFORMATION TECHNOLOGY CONCENTRATION: (10 COURSES; 30 CREDIT HOURS)

BIOLOGICAL HEALTH SCIENCES CONCENTRATION

Students choose fifteen (15) credit hours from the following list of courses.

- ANT 4462 - Health, Illness, and Culture Credit(s): 3
- ANT 4520C - Forensic Anthropology Credit(s): 4
- APK 3120 - Exercise Physiology Credit(s): 3
- BSC 3022 - Biology of Aging Credit(s): 3
- BSC 4933 - Selected Topics in Biology Credit(s): 1-4
- CHM 2023 - Chemistry for Today Credit(s): 3
  or
- CHM 2045 - General Chemistry I Credit(s): 3 and CHM 2045L - General Chemistry I Laboratory Credit(s): 1
- CHM 2046 - General Chemistry II Credit(s): 3 and CHM 2046L - General Chemistry II Laboratory Credit(s): 1
- DEP 4053 - Developmental Psychology Credit(s): 3
- GEY 3601 - Physical Changes and Aging Credit(s): 3
- HSC 4430 - Occupational Health and Safety Credit(s): 3
- HSC 4504 - Foundations of Public Health Immunology Credit(s): 3
- HSC 4551 - Survey of Human Diseases Credit(s): 3
- HSC 4573 - Foundations of Food Safety Credit(s): 3
- HSC 4624 - Foundations of Global Health Credit(s): 3
- HSC 4933 - Special Topics in Public Health Credit(s): 1-3
- HUN 3272 - Sports Nutrition Credit(s): 3
- HUN 3296 - Nutrition and Disease Credit(s): 3
- LIS 4785 - Introduction to Health Informatics Credit(s): 3
- LIS 4930 - Selected Topics in Information Studies Credit(s): 3
- MCB 3020 - General Microbiology Credit(s): 3
- MCB 3020L - General Microbiology Laboratory Credit(s): 1
- PCB 3063 - General Genetics Credit(s): 3
- PCB 3063L - General Genetics Laboratory Credit(s): 1
- PHC 3302 - Introduction to Environmental & Occupational Health Credit(s): 3
- PHC 3320 - Environmental Health Science Credit(s): 3
- PHC 4030 - Introduction to Epidemiology Credit(s): 3
- PHC 4101 - Overview of Public Health Programs and Policies Credit(s): 3
- PHY 2020 - Conceptual Physics Credit(s): 3
  or
- PHY 2053 - General Physics I Credit(s): 3 and PHY 2053L - General Physics I Laboratory Credit(s): 1
- PHY 2054 - General Physics II Credit(s): 3 and PHY 2054L - General Physics II Laboratory Credit(s): 1
- SPC 4930 - Selected Topics Credit(s): 1-3
- ZOO 4512 - Sociobiology Credit(s): 3
COMMUNICATION SCIENCES & DISORDERS CLUSTER

These courses are recommended for students interested in pursuing graduate degrees in Communication Sciences.

- SPA 3002 - Introduction to Communication Sciences and Disorders Credit(s): 3
- SPA 3004 - Introduction to Language Development and Disorders Credit(s): 3
- SPA 3030 - Introduction to Hearing Science Credit(s): 3
- SPA 3101 - Anatomy and Physiology of the Speech and Hearing Mechanism Credit(s): 3
- SPA 4104 - Neuroanatomy for Speech, Language and Hearing Credit(s): 3

HEALTH INFORMATION TECHNOLOGY CONCENTRATION

Students choose fifteen (15) credit hours from the following list of courses.

- HSC 4851 - Health Sciences Internship Credit(s): 3
- ISM 3113 - Systems Analysis and Design Credit(s): 3
- LIS 3261 - Introduction to Information Science Credit(s): 3
- LIS 3352 - Interaction Design Credit(s): 3
- LIS 3353 - IT Concepts for Information Professionals Credit(s): 3
- LIS 3361 - World Wide Web Page Design and Management Credit(s): 3
- LIS 3783 - Information Architecture Credit(s): 3
- LIS 4204 - Information Behaviors Credit(s): 3
- LIS 4365 - Web Design Technologies Credit(s): 3
- LIS 4380 - Information and Social Media Credit(s): 3
- LIS 4414 - Information Policy and Ethics Credit(s): 3
- LIS 4477 - Clinical Decision Support Credit(s): 3
- LIS 4482 - Networks and Communication Credit(s): 3
- LIS 4776 - Health Information Technology Credit(s): 3
- LIS 4779 - Health Information Security Credit(s): 3
- LIS 4785 - Introduction to Health Informatics Credit(s): 3
- LIS 4930 - Selected Topics in Information Studies Credit(s): 3
- PAD 4712 - Managing Information Resources in the Public Sector Credit(s): 3
- SPC 4930 - Selected Topics Credit(s): 1-3

HEALTH SCIENCES B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

RESIDENCY REQUIREMENT

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES

A maximum of 4 credits of Undergraduate Research (IDS 4910) may be applied to the major with a maximum of 1 credit taken per semester.
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

TOTAL DEGREE HOURS: 120

Plans of Study
This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS
Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:
- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS
Satisfactory completion of the following requirements:
- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.
REQUIRED COURSES: (12 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

HSC 2000 - Introduction to Health Professions Credit(s): 3
CLT 3040 - Scientific and Medical Terminology Credit(s): 3

OTHER REQUIRED COURSES: (6 CREDIT HOURS)

ETHICS COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:
CLP 4620 - Ethics in Psychology and Health Credit(s): 3
PHI 3633 - Biomedical Ethics Credit(s): 3
PHI 3636 - Professional Ethics Credit(s): 3

OUTSIDE THE MAJOR COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:
ACG 2021 - Principles of Financial Accounting Credit(s): 3
ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
ANT 2511 - Biological Anthropology Credit(s): 3
ANT 2410 - Cultural Anthropology Credit(s): 3
COM 2000 - Introduction to Communication Credit(s): 3
COM 2130 - Communication Skills for Health Professionals Credit(s): 3
GEY 2000 - Introduction to Aging Sciences Credit(s): 3
SYG 2000 - Introduction to Sociology Credit(s): 3

MAJOR CONCENTRATION ELECTIVES: (30 CREDIT HOURS)

Students complete a Health Sciences program of study and one of five concentrations in: Aging Health Studies, Biological Health Sciences, Health Information Technology, Health Care Administration, Social and Behavioral Health Sciences.

Students choose 30 credit hours in one (1) concentration or 15 credit hours each in two (2) concentrations.
BIOLOGICAL HEALTH SCIENCES AND SOCIAL AND BEHAVIORAL HEALTH SCIENCES CONCENTRATION: (10 COURSES; 30 CREDIT HOURS)

BIOLOGICAL HEALTH SCIENCES CONCENTRATION

Students choose fifteen (15) credit hours from the following list of courses.

- ANT 4462 - Health, Illness, and Culture Credit(s): 3
- ANT 4520C - Forensic Anthropology Credit(s): 4
- APK 3120 - Exercise Physiology Credit(s): 3
- BSC 3022 - Biology of Aging Credit(s): 3
- BSC 4933 - Selected Topics in Biology Credit(s): 1-4
- CHM 2023 - Chemistry for Today Credit(s): 3
- or CHM 2045 - General Chemistry I Credit(s): 3 and CHM 2045L - General Chemistry I Laboratory Credit(s): 1
- CHM 2046 - General Chemistry II Credit(s): 3 and CHM 2046L - General Chemistry II Laboratory Credit(s): 1
- GEY 3601 - Physical Changes and Aging Credit(s): 3
- HSC 4430 - Occupational Health and Safety Credit(s): 3
- HSC 4504 - Foundations of Public Health Immunology Credit(s): 3
- HSC 4551 - Survey of Human Diseases Credit(s): 3
- HSC 4573 - Foundations of Food Safety Credit(s): 3
- HSC 4624 - Foundations of Global Health Credit(s): 3
- HSC 4933 - Special Topics in Public Health Credit(s): 1-3
- HUN 3272 - Sports Nutrition Credit(s): 3
- HUN 3296 - Nutrition and Disease Credit(s): 3
- LIS 4785 - Introduction to Health Informatics Credit(s): 3
- LIS 4930 - Selected Topics in Information Studies Credit(s): 3
- MCB 3020 - General Microbiology Credit(s): 3
- MCB 3020L - General Microbiology Laboratory Credit(s): 1
- PCB 3063 - General Genetics Credit(s): 3
- PCB 3063L - General Genetics Laboratory Credit(s): 1

- PHC 3320 - Environmental Health Science Credit(s): 3
- PHC 4030 - Introduction to Epidemiology Credit(s): 3
- PHC 4101 - Overview of Public Health Programs and Policies Credit(s): 3
- PHY 2020 - Conceptual Physics Credit(s): 3
- or PHY 2053 - General Physics I Credit(s): 3 and PHY 2053L - General Physics I Laboratory Credit(s): 1
- PHY 2054 - General Physics II Credit(s): 3 and PHY 2054L - General Physics II Laboratory Credit(s): 1
- SPC 4930 - Selected Topics Credit(s): 1-3
- ZOO 4512 - Sociobiology Credit(s): 3

COMMUNICATION SCIENCES & DISORDERS CLUSTER

These courses are recommended for students interested in pursuing graduate degrees in Communication Sciences.

- SPA 3002 - Introduction to Communication Sciences and Disorders Credit(s): 3
- SPA 3004 - Introduction to Language Development and Disorders Credit(s): 3
- SPA 3030 - Introduction to Hearing Science Credit(s): 3
- SPA 3101 - Anatomy and Physiology of the Speech and Hearing Mechanism Credit(s): 3
- SPA 4104 - Neuroanatomy for Speech, Language and Hearing Credit(s): 3

BEHAVIORAL HEALTH SCIENCES CONCENTRATION

Students choose fifteen (15) credit hours from the following list of courses.
Mental Health Cluster

These courses are for students interested in Mental Health professions.

Note: Special Topics courses are chosen in advance of registration, in coordination with an academic advisor.

- MHS 3411 - Multidisciplinary Behavioral Healthcare Services Credit(s): 3
- MHS 4002 - Behavioral Health Systems Delivery Credit(s): 3
- MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment Credit(s): 3
- MHS 4703 - Legal, Ethical and Professional Issues in BHC Credit(s): 3
- MHS 4931 - Selected Topics Credit(s): 1-3

Substance Abuse Cluster

These courses are for students interested in Substance Abuse Counseling and Treatment professions.

Note: Special Topics courses are chosen in advance of registration, in coordination with an academic advisor.

- MHS 3411 - Multidisciplinary Behavioral Healthcare Services Credit(s): 3
- MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment Credit(s): 3
- MHS 4703 - Legal, Ethical and Professional Issues in BHC Credit(s): 3
- MHS 4931 - Selected Topics Credit(s): 1-3
- PSB 3444 - Drugs and Behavior Credit(s): 3

Health Sciences B.S. - Additional Information

GPA Requirements

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.
GRADING REQUIREMENTS

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

RESIDENCY REQUIREMENTS

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES

A maximum of 4 credits of Undergraduate Research (IDS 4910) may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

HEALTH SCIENCES B.S., WITH BIOLOGICAL HEALTH SCIENCES CONCENTRATION

TOTAL DEGREE HOURS: 120

Plans of Study

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- Transfer: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- International: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.
REQUIRED COURSES: (12 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- HSC 2000 - Introduction to Health Professions Credit(s): 3
- CLT 3040 - Scientific and Medical Terminology Credit(s): 3

OTHER REQUIRED COURSES: (6 CREDIT HOURS)

ETHICS COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:
- CLP 4620 - Ethics in Psychology and Health Credit(s): 3
- PHI 3633 - Biomedical Ethics Credit(s): 3
- PHI 3636 - Professional Ethics Credit(s): 3

OUTSIDE THE MAJOR COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:
- ACG 2021 - Principles of Financial Accounting Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
- ANT 2511 - Biological Anthropology Credit(s): 3
- ANT 2410 - Cultural Anthropology Credit(s): 3
- COM 2000 - Introduction to Communication Credit(s): 3
- COM 2130 - Communication Skills for Health Professionals Credit(s): 3
- GEY 2000 - Introduction to Aging Sciences Credit(s): 3
- SYG 2000 - Introduction to Sociology Credit(s): 3

MAJOR CONCENTRATION ELECTIVES: (30 CREDIT HOURS)

Students complete a Health Sciences program of study and one of five concentrations in: Aging Health Studies, Biological Health Sciences, Health Information Technology, Health Care Administration, Social and Behavioral Health Sciences.

Students choose 30 credit hours in one (1) concentration or 15 credit hours each in two (2) concentrations.
BIOLOGICAL HEALTH SCIENCES CONCENTRATION: 10 COURSES; 30 CREDIT HOURS

Select 10 courses (30 credit hours) from the following list of courses:

- ANT 4462 - Health, Illness, and Culture Credit(s): 3
- ANT 4520C - Forensic Anthropology Credit(s): 4
- APK 3120 - Exercise Physiology Credit(s): 3
- BSC 3022 - Biology of Aging Credit(s): 3
- BSC 4933 - Selected Topics in Biology Credit(s): 1-4
- CHM 2023 - Chemistry for Today Credit(s): 3
- or
- CHM 2045 - General Chemistry I Credit(s): 3 and CHM 2045L - General Chemistry I Laboratory Credit(s): 1
- CHM 2046 - General Chemistry II Credit(s): 3 and CHM 2046L - General Chemistry II Laboratory Credit(s): 1
- DEP 4053 - Developmental Psychology Credit(s): 3
- GEY 3601 - Physical Changes and Aging Credit(s): 3
- HSC 4430 - Occupational Health and Safety Credit(s): 3
- HSC 4504 - Foundations of Public Health Immunology Credit(s): 3
- HSC 4551 - Survey of Human Diseases Credit(s): 3
- HSC 4573 - Foundations of Food Safety Credit(s): 3
- HSC 4624 - Foundations of Global Health Credit(s): 3
- HSC 4933 - Special Topics in Public Health Credit(s): 1-3
- HUN 3272 - Sports Nutrition Credit(s): 3
- or
- PHY 2020 - Conceptual Physics Credit(s): 3
- or
- PHY 2053 - General Physics I Credit(s): 3 and PHY 2053L - General Physics I Laboratory Credit(s): 1
- PHY 2054 - General Physics II Credit(s): 3 and PHY 2054L - General Physics II Laboratory Credit(s): 1
- SPC 4930 - Selected Topics Credit(s): 1-3
- ZOO 4512 - Sociobiology Credit(s): 3

COMMUNICATION SCIENCES & DISORDERS CLUSTER

Major Elective Credit(s): 3

Total Credit Hours: 15

HEALTH SCIENCES B.S., WITH HEALTH CARE ADMINISTRATION AND HEALTH INFORMATION TECHNOLOGY CONCENTRATION

TOTAL DEGREE HOURS: 120

Plans of Study
This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- **Transfer**: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- **International**: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

- **BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C** – 4 credit hours
- **MAC X105 College Algebra** – 3 credit hours
- **PSY X012 Introduction to Psychological Science** – 3 credit hours
- **STA X000-X999 or STA X023 or STA X014** – 3 credit hours
- **DEP X053 or DEP X004 or DEP X000 or CLP X140** – 3 credit hours
- **APK X0105C or (BSC X085 and BSC X085L) or BSC X093 or BSC X094** – 3-4 credit hours
REQUIRED COURSES: (12 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- HSC 2000 - Introduction to Health Professions Credit(s): 3
- CLT 3040 - Scientific and Medical Terminology Credit(s): 3

OTHER REQUIRED COURSES: (6 CREDIT HOURS)

ETHICS COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- CLP 4620 - Ethics in Psychology and Health Credit(s): 3
- PHI 3633 - Biomedical Ethics Credit(s): 3
- PHI 3636 - Professional Ethics Credit(s): 3

OUTSIDE THE MAJOR COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- ACG 2021 - Principles of Financial Accounting Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
- ANT 2511 - Biological Anthropology Credit(s): 3
- ANT 2410 - Cultural Anthropology Credit(s): 3
- COM 2000 - Introduction to Communication Credit(s): 3
- COM 2130 - Communication Skills for Health Professionals Credit(s): 3
- GEY 2000 - Introduction to Aging Sciences Credit(s): 3
- SYG 2000 - Introduction to Sociology Credit(s): 3

MAJOR CONCENTRATION ELECTIVES: (30 CREDIT HOURS)

Students complete a Health Sciences program of study and one of five concentrations in: Aging Health Studies, Biological Health Sciences, Health Information Technology, Health Care Administration, Social and Behavioral Health Sciences.

Students choose 30 credit hours in one (1) concentration or 15 credit hours each in two (2) concentrations.
HEALTH CARE ADMINISTRATION AND HEALTH INFORMATION TECHNOLOGY CONCENTRATION: (10 COURSES; 30 CREDIT HOURS)

HEALTH CARE ADMINISTRATION CONCENTRATION

Students choose fifteen (15) credit hours from the following list of courses.

- ACG 2071 - Principles of Managerial Accounting Credit(s): 3
- ECP 3530 - Economics of Health Credit(s): 3
- GEF 4635 - Business Management in an Aging Society Credit(s): 3
- HSA 3170 - Healthcare Finance Credit(s): 3
- HSC 4211 - Health, Behavior and Society Credit(s): 3
- HSC 4624 - Foundations of Global Health Credit(s): 3
- HSC 4630 - Understanding U.S. Health Care Credit(s): 3
- HSC 4631 - Critical Issues in Public Health Credit(s): 3
- HSC 4851 - Health Sciences Internship Credit(s): 3
- HSC 4933 - Special Topics in Public Health Credit(s): 1-3
- ISM 3011 - Information Systems in Organizations Credit(s): 3
- LIS 4930 - Selected Topics in Information Studies Credit(s): 3
- MAN 3025 - Principles of Management Credit(s): 3
- MAN 3093 - Healthcare Management Credit(s): 3
- MAN 3301 - Human Resource Management Credit(s): 3
- MAR 3400 - Professional Selling Credit(s): 3
- MAR 4503 - Buyer Behavior Credit(s): 3
- MAR 4712 - Healthcare Marketing Credit(s): 3
- MMC 4936 - Selected Topics in Mass Communications Studies Credit(s): 1-3
- PAD 3003 - Introduction to Public and Community Service Credit(s): 3
- PAD 4204 - Public Financial Administration Credit(s): 3
- PAD 4415 - Personnel & Supervision in Today's Diverse Organizations Credit(s): 3
- PAD 4712 - Managing Information Resources in the Public Sector Credit(s): 3
- PAD 4930 - Selected Topics in Public Administration and Public Policy Credit(s): 3
- PHC 4101 - Overview of Public Health Programs and Policies Credit(s): 3
- PHC 4931 - Health Care Ethics Credit(s): 3
- PHI 3636 - Professional Ethics Credit(s): 3
- PUP 4002 - Public Policy Credit(s): 3
- SYO 4400 - Medical Sociology Credit(s): 3

Two SPC, MMC, and/or COM courses may apply to this concentration.

- SPC 3710 - Communication and Cultural Diversity Credit(s): 3
- SPC 4930 - Selected Topics Credit(s): 1-3
  Patient Provider Communication
  Intercultural Health Communication

HEALTH INFORMATION TECHNOLOGY CONCENTRATION

Students choose fifteen (15) credit hours from the following list of courses.

- HSC 4851 - Health Sciences Internship Credit(s): 3
- ISM 3113 - Systems Analysis and Design Credit(s): 3
- LIS 3261 - Introduction to Information Science Credit(s): 3
- LIS 3352 - Interaction Design Credit(s): 3
- LIS 3353 - IT Concepts for Information Professionals Credit(s): 3
- LIS 3361 - World Wide Web Page Design and Management Credit(s): 3

**HEALTH SCIENCES B.S. - ADDITIONAL INFORMATION**

**GPA REQUIREMENTS**

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

**GRADING REQUIREMENTS**

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

**RESIDENCY REQUIREMENT**

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

**RESEARCH OPPORTUNITIES**

A maximum of 4 credits of Undergraduate Research (IDS 4910) may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

Plans of Study
This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS
Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS
Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.
REQUIRED COURSES: (12 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- HSC 2000 - Introduction to Health Professions Credit(s): 3
- CLT 3040 - Scientific and Medical Terminology Credit(s): 3

OTHER REQUIRED COURSES: (6 CREDIT HOURS)

ETHICS COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- CLP 4620 - Ethics in Psychology and Health Credit(s): 3
- PHI 3633 - Biomedical Ethics Credit(s): 3
- PHI 3636 - Professional Ethics Credit(s): 3

OUTSIDE THE MAJOR COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- ACG 2021 - Principles of Financial Accounting Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
- ANT 2511 - Biological Anthropology Credit(s): 3
- ANT 2410 - Cultural Anthropology Credit(s): 3

**HEALTH SCIENCES B.S. - ADDITIONAL INFORMATION**

**GPA REQUIREMENTS**

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

**GRADING REQUIREMENTS**

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.
**RESIDENCY REQUIREMENT**

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

**RESEARCH OPPORTUNITIES**

A maximum of 4 credits of Undergraduate Research (IDS 4910) may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

HEALTH SCIENCES B.S., WITH HEALTH INFORMATION TECHNOLOGY CONCENTRATION

TOTAL DEGREE HOURS: 120

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- Transfer: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- International: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

GRADUATION REQUIREMENTS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

- BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours
MAC X105 College Algebra – 3 credit hours
PSY X012 Introduction to Psychological Science – 3 credit hours
STA X000-X999 or STA X023 or STA X014 – 3 credit hours
DEP X053 or DEP X004 or DEP X000 or CLP X140 – 3 credit hours
APK X0105C or (BSC X085 and BSC X085L) or BSC X093 or BSC X094 – 3-4 credit hours
ENC X210 or ENC X254 – 3 credit hours

REQUIRED COURSES: (12 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

HSC 2000 - Introduction to Health Professions Credit(s): 3
CLT 3040 - Scientific and Medical Terminology Credit(s): 3

OTHER REQUIRED COURSES: (6 CREDIT HOURS)

ETHICS COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

CLP 4620 - Ethics in Psychology and Health Credit(s): 3
PHI 3633 - Biomedical Ethics Credit(s): 3
PHI 3636 - Professional Ethics Credit(s): 3

OUTSIDE THE MAJOR COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

ACG 2021 - Principles of Financial Accounting Credit(s): 3
ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
ANT 2511 - Biological Anthropology Credit(s): 3
ANT 2410 - Cultural Anthropology Credit(s): 3
COM 2000 - Introduction to Communication Credit(s): 3
COM 2130 - Communication Skills for Health Professionals Credit(s): 3
GEY 2000 - Introduction to Aging Sciences Credit(s): 3
SYG 2000 - Introduction to Sociology Credit(s): 3

MAJOR CONCENTRATION ELECTIVES: (30 CREDIT HOURS)

Students complete a Health Sciences program of study and one of five concentrations in: Aging Health Studies, Biological Health Sciences, Health Information Technology, Health Care Administration, Social and Behavioral Health Sciences.

Students choose 30 credit hours in one (1) concentration or 15 credit hours each in two (2) concentrations.
HEALTH INFORMATION TECHNOLOGY CONCENTRATION: 10 COURSES; 30 CREDIT HOURS

Select 10 courses (30 credit hours) from the following list of courses:

- HSC 4851 - Health Sciences Internship Credit(s): 3
- ISM 3113 - Systems Analysis and Design Credit(s): 3
- LIS 3261 - Introduction to Information Science Credit(s): 3
- LIS 3352 - Interaction Design Credit(s): 3
- LIS 3353 - IT Concepts for Information Professionals Credit(s): 3
- LIS 3361 - World Wide Web Page Design and Management Credit(s): 3
- LIS 3783 - Information Architecture Credit(s): 3
- LIS 4204 - Information Behaviors Credit(s): 3
- LIS 4365 - Web Design Technologies Credit(s): 3
- LIS 4380 - Information and Social Media Credit(s): 3
- LIS 4414 - Information Policy and Ethics Credit(s): 3
- LIS 4477 - Clinical Decision Support Credit(s): 3
- LIS 4482 - Networks and Communication Credit(s): 3
- LIS 4776 - Health Information Technology Credit(s): 3
- LIS 4779 - Health Information Security Credit(s): 3
- LIS 4785 - Introduction to Health Informatics Credit(s): 3
- LIS 4930 - Selected Topics in Information Studies Credit(s): 3
- PAD 4712 - Managing Information Resources in the Public Sector Credit(s): 3
- SPC 4930 - Selected Topics Credit(s): 1-3

HEALTH SCIENCES B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

RESIDENCY REQUIREMENT

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES

A maximum of 4 credits of Undergraduate Research (IDS 4910) may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

COM 2130 - Communication Skills for Health Professionals Credit(s): 3
GEY 2000 - Introduction to Aging Sciences Credit(s): 3
SYG 2000 - Introduction to Sociology Credit(s): 3

MAJOR CONCENTRATION ELECTIVES: (30 CREDIT HOURS)

Students complete a Health Sciences program of study and one of five concentrations in: Aging Health Studies, Biological Health Sciences, Health Information Technology, Health Care Administration, Social and Behavioral Health Sciences.

Students choose 30 credit hours in one (1) concentration or 15 credit hours each in two (2) concentrations.

SOCIAL AND BEHAVIORAL HEALTH SCIENCES AND AGING HEALTH STUDIES CONCENTRATION: (10 COURSES; 30 CREDIT HOURS)

SOCIAL AND BEHAVIORAL HEALTH SCIENCES CONCENTRATION

Students choose fifteen (15) credit hours from the following list of courses.

CLP 4143 - Abnormal Psychology Credit(s): 3
COM 4020 - Communicating Illness, Grief, and Loss Credit(s): 3
COM 4021 - Family Communication and the End of Life Credit(s): 3
COM 4022 - Health Communication Credit(s): 3
COM 4225 - Global & Cultural Issues in Health Communication Credit(s): 3
COM 4702 - Communication, Language, and Mental Illness Credit(s): 3
HSC 4172 - Women's Health: A Public Health Perspective Credit(s): 3
HSC 4211 - Health, Behavior and Society **Credit(s):** 3
HSC 4579 - Foundations of Maternal and Child Health **Credit(s):** 3
HSC 4631 - Critical Issues in Public Health **Credit(s):** 3
HSC 4933 - Special Topics in Public Health **Credit(s):** 1-3
LIS 4776 - Health Information Technology **Credit(s):** 3
LIS 4930 - Selected Topics in Information Studies **Credit(s):** 3
MHS 4022 - Adult Psychopathology in the Community **Credit(s):** 3
MHS 4452 - Co-Occurring Disorders **Credit(s):** 3
MHS 4490 - Behavioral Healthcare Issues for Children **Credit(s):** 3
PAD 4930 - Selected Topics in Public Administration and Public Policy **Credit(s):** 3
PHI 4930 - Selected Topics **Credit(s):** 1-3
SOP 4330 - Social Psychology of HIV/AIDS **Credit(s):** 3
SOW 3102 - Human Behavior and the Social Environment II **Credit(s):** 3
SOW 3203 - Introduction to Social Work **Credit(s):** 3
SOW 3210 - The American Social Welfare System **Credit(s):** 3
SPC 4930 - Selected Topics **Credit(s):** 1-3
SYO 4400 - Medical Sociology **Credit(s):** 3
WST 4320 - Politics and Issues in Women's Health **Credit(s):** 3

**MENTAL HEALTH CLUSTER**

These courses are for students interested in Mental Health professions.

   Note: Special Topics courses are chosen in advance of registration, in coordination with an academic advisor.

   MHS 3411 - Multidisciplinary Behavioral Healthcare Services **Credit(s):** 3
   MHS 4002 - Behavioral Health Systems Delivery **Credit(s):** 3
   MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment **Credit(s):** 3
   MHS 4703 - Legal, Ethical and Professional Issues in BHC **Credit(s):** 3
   MHS 4931 - Selected Topics **Credit(s):** 1-3

**SUBSTANCE ABUSE CLUSTER**

These courses are for students interested in Substance Abuse Counseling and Treatment professions.

   Note: Special Topics courses are chosen in advance of registration, in coordination with an academic advisor.

   MHS 3411 - Multidisciplinary Behavioral Healthcare Services **Credit(s):** 3
   MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment **Credit(s):** 3
   MHS 4703 - Legal, Ethical and Professional Issues in BHC **Credit(s):** 3
   MHS 4931 - Selected Topics **Credit(s):** 1-3
   PSB 3444 - Drugs and Behavior **Credit(s):** 3

**AGING HEALTH STUDIES CONCENTRATION**

Students choose fifteen (15) credit hours from the following list of courses.

   BSC 3022 - Biology of Aging **Credit(s):** 3
   GYE 3601 - Physical Changes and Aging **Credit(s):** 3
   GYE 4322 - Care Management for Older Adults **Credit(s):** 3
   GYE 4360 - Counseling for Older Adults **Credit(s):** 3
   GYE 4507 - Understanding Policies and Practices of Long Term Care **Credit(s):** 3
   GYE 4608 - Alzheimer's Disease Management **Credit(s):** 3
   GYE 4628 - Health, Ethnicity, and Aging **Credit(s):** 3
   GYE 4641 - Death and Dying **Credit(s):** 3
   GYE 4935 - Special Topics in Gerontology **Credit(s):** 3
   HSC 4211 - Health, Behavior and Society **Credit(s):** 3
   HSC 4630 - Understanding U.S. Health Care **Credit(s):** 3
HEALTH SCIENCES B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

RESIDENCY REQUIREMENT

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES

A maximum of 4 credits of Undergraduate Research (IDS 4910) may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

HEALTH SCIENCES B.S., WITH SOCIAL AND BEHAVIORAL HEALTH SCIENCES AND HEALTH CARE ADMINISTRATION CONCENTRATION

TOTAL DEGREE HOURS: 120

Plans of Study
This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS
Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS
Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.
REQUIRED COURSES: (12 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- HSC 2000 - Introduction to Health Professions Credit(s): 3
- CLT 3040 - Scientific and Medical Terminology Credit(s): 3

OTHER REQUIRED COURSES: (6 CREDIT HOURS)

ETHICS COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- CLP 4620 - Ethics in Psychology and Health Credit(s): 3
- PHI 3633 - Biomedical Ethics Credit(s): 3
- PHI 3636 - Professional Ethics Credit(s): 3

OUTSIDE THE MAJOR COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- ACG 2021 - Principles of Financial Accounting Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
- ANT 2511 - Biological Anthropology Credit(s): 3
- ANT 2410 - Cultural Anthropology Credit(s): 3
- COM 2000 - Introduction to Communication Credit(s): 3
- COM 2130 - Communication Skills for Health Professionals Credit(s): 3
- GEY 2000 - Introduction to Aging Sciences Credit(s): 3
- SYG 2000 - Introduction to Sociology Credit(s): 3

MAJOR CONCENTRATION ELECTIVES: (30 CREDIT HOURS)

Students complete a Health Sciences program of study and one of five concentrations in: Aging Health Studies, Biological Health Sciences, Health Information Technology, Health Care Administration, Social and Behavioral Health Sciences.

Students choose 30 credit hours in one (1) concentration or 15 credit hours each in two (2) concentrations.
SOCIAL AND BEHAVIORAL HEALTH SCIENCES AND HEALTH CARE ADMINISTRATION CONCENTRATION: (10 COURSES; 30 CREDIT HOURS)

SOCIAL AND BEHAVIORAL HEALTH SCIENCES CONCENTRATION

Students choose fifteen (15) credit hours from the following list of courses.

- CLP 4143 - Abnormal Psychology Credit(s): 3
- COM 4020 - Communicating Illness, Grief, and Loss Credit(s): 3
- COM 4021 - Family Communication and the End of Life Credit(s): 3
- COM 4022 - Health Communication Credit(s): 3
- COM 4225 - Global & Cultural Issues in Health Communication Credit(s): 3
- COM 4702 - Communication, Language, and Mental Illness Credit(s): 3
- HSC 4172 - Women’s Health: A Public Health Perspective Credit(s): 3
- HSC 4211 - Health, Behavior and Society Credit(s): 3
- HSC 4579 - Foundations of Maternal and Child Health Credit(s): 3
- HSC 4631 - Critical Issues in Public Health Credit(s): 3
- HSC 4933 - Special Topics in Public Health Credit(s): 1-3
- LIS 4776 - Health Information Technology Credit(s): 3
- LIS 4930 - Selected Topics in Information Studies Credit(s): 3
- MHS 4022 - Adult Psychopathology in the Community Credit(s): 3
- MHS 4452 - Co-Occurring Disorders Credit(s): 3
- MHS 4490 - Behavioral Healthcare Issues for Children Credit(s): 3
- PAD 4930 - Selected Topics in Public Administration and Public Policy Credit(s): 3
- PHI 4930 - Selected Topics Credit(s): 1-3
- SOP 4330 - Social Psychology of HIV/AIDS Credit(s): 3
- SOW 3102 - Human Behavior and the Social Environment II Credit(s): 3
- SOW 3203 - Introduction to Social Work Credit(s): 3
- SOW 3210 - The American Social Welfare System Credit(s): 3
- SPC 4930 - Selected Topics Credit(s): 1-3
- SYO 4400 - Medical Sociology Credit(s): 3
- WST 4320 - Politics and Issues in Women’s Health Credit(s): 3

MENTAL HEALTH CLUSTER

These courses are for students interested in Mental Health professions.

Note: Special Topics courses are chosen in advance of registration, in coordination with an academic advisor.

- MHS 3411 - Multidisciplinary Behavioral Healthcare Services Credit(s): 3
- MHS 4002 - Behavioral Health Systems Delivery Credit(s): 3
- MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment Credit(s): 3
- MHS 4703 - Legal, Ethical and Professional Issues in BHC Credit(s): 3
- MHS 4931 - Selected Topics Credit(s): 1-3

SUBSTANCE ABUSE CLUSTER

These courses are for students interested in Substance Abuse Counseling and Treatment professions.

Note: Special Topics courses are chosen in advance of registration, in coordination with an academic advisor.

- MHS 3411 - Multidisciplinary Behavioral Healthcare Services Credit(s): 3
- MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment Credit(s): 3
- MHS 4703 - Legal, Ethical and Professional Issues in BHC Credit(s): 3
- MHS 4931 - Selected Topics Credit(s): 1-3
- PSB 3444 - Drugs and Behavior Credit(s): 3

HEALTH CARE ADMINISTRATION CONCENTRATION
Students choose fifteen (15) credit hours from the following list of courses.

- ACG 2071 - Principles of Managerial Accounting **Credit(s): 3**
- ECP 3530 - Economics of Health **Credit(s): 3**
- GEY 4635 - Business Management in an Aging Society **Credit(s): 3**
- HSA 3170 - Healthcare Finance **Credit(s): 3**
- HSC 4211 - Health, Behavior and Society **Credit(s): 3**
- HSC 4624 - Foundations of Global Health **Credit(s): 3**
- HSC 4630 - Understanding U.S. Health Care **Credit(s): 3**
- HSC 4631 - Critical Issues in Public Health **Credit(s): 3**
- HSC 4851 - Health Sciences Internship **Credit(s): 3**
- HSC 4930 - Special Topics in Public Health **Credit(s): 1-3**
- ISM 3011 - Information Systems in Organizations **Credit(s): 3**
- LIS 4930 - Selected Topics in Information Studies **Credit(s): 3**
- MAN 3025 - Principles of Management **Credit(s): 3**
- MAN 3093 - Healthcare Management **Credit(s): 3**
- MAN 3301 - Human Resource Management **Credit(s): 3**
- MAR 3400 - Professional Selling **Credit(s): 3**
- MAR 4503 - Buyer Behavior **Credit(s): 3**
- MAR 4712 - Healthcare Marketing **Credit(s): 3**
- MMC 4936 - Selected Topics in Mass Communications Studies **Credit(s): 1-3**
- PAD 3003 - Introduction to Public and Community Service **Credit(s): 3**
- PAD 4204 - Public Financial Administration **Credit(s): 3**
- PAD 4415 - Personnel & Supervision in Today's Diverse Organizations **Credit(s): 3**
- PAD 4712 - Managing Information Resources in the Public Sector **Credit(s): 3**
- PAD 4930 - Selected Topics in Public Administration and Public Policy **Credit(s): 3**
- PHC 4101 - Overview of Public Health Programs and Policies **Credit(s): 3**
- PHC 4931 - Health Care Ethics **Credit(s): 3**
- PHI 3636 - Professional Ethics **Credit(s): 3**
- PUP 4002 - Public Policy **Credit(s): 3**
- SYO 4400 - Medical Sociology **Credit(s): 3**

Two SPC, MMC, and/or COM courses may apply to this concentration.

- SPC 3710 - Communication and Cultural Diversity **Credit(s): 3**
- SPC 4930 - Selected Topics **Credit(s): 1-3**
  - Patient Provider Communication
  - Intercultural Health Communication
HEALTH SCIENCES B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

### 2 YEAR PLAN OF STUDY - HEALTH SCIENCES B.S.

**NOTES:**

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see [https://www.usf.edu/undergrad/students/civics-literacy.aspx](https://www.usf.edu/undergrad/students/civics-literacy.aspx) or talk with your academic advisor.

Items that are critical are marked with a ✰ and are included in the plan for a student to stay on track.

### YEAR 1

#### SEMESTER 1 (FALL)
HSC 2000 - Introduction to Health Professions Credit(s): 3
CLT 3040 - Scientific and Medical Terminology Credit(s): 3
PHI 3633 - Biomedical Ethics Credit(s): 3
  or CLP 4620 - Ethics in Psychology and Health Credit(s): 3
Upper-Level Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3

Total Credit Hours: 15

SEMESTER 2 (SPRING)

Major Elective Credit(s): 3
Upper-Level Elective Credit(s): 3
Upper-Level Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3

Total Credit Hours: 12

SEMESTER 3 (SUMMER)

Major Elective Credit(s): 3
Major Elective Credit(s): 3

Total Credit Hours: 6

YEAR 2

SEMESTER 4 (FALL)

COM 2000 - Introduction to Communication Credit(s): 3
  or SYG 2000 - Introduction to Sociology Credit(s): 3
  or GEY 2000 - Introduction to Aging Sciences Credit(s): 3
  or ANT 2511 - Biological Anthropology Credit(s): 3
  or ACG 2021 - Principles of Financial Accounting Credit(s): 3
  or ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
  or ANT 2410 - Cultural Anthropology Credit(s): 3
  or COM 2130 - Communication Skills for Health Professionals Credit(s): 3
Major Elective Credit(s): 3
Major Elective Credit(s): 3
General/Unrestricted Elective Credit(s): 3

Total Credit Hours: 12

SEMESTER 5 (SPRING)

Major Elective Credit(s): 3
Major Elective Credit(s): 3
Major Elective Credit(s): 3
Major Elective Credit(s): 3
Major Elective Credit(s): 3

Total Credit Hours: 15

HEALTH SCIENCES B.S., WITH SOCIAL AND BEHAVIORAL HEALTH SCIENCES AND HEALTH INFORMATION TECHNOLOGY CONCENTRATION

TOTAL DEGREE HOURS: 120
Plans of Study
This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS
Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS
Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

- BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours
- MAC X105 College Algebra – 3 credit hours
- PSY X012 Introduction to Psychological Science – 3 credit hours
- STA X000-X999 or STA X023 or STA X014 - 3 credit hours
REQUIRED COURSES: (12 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- HSC 2000 - Introduction to Health Professions Credit(s): 3
- CLT 3040 - Scientific and Medical Terminology Credit(s): 3

OTHER REQUIRED COURSES: (6 CREDIT HOURS)

ETHICS COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:
- CLP 4620 - Ethics in Psychology and Health Credit(s): 3
- PHI 3633 - Biomedical Ethics Credit(s): 3
- PHI 3636 - Professional Ethics Credit(s): 3

OUTSIDE THE MAJOR COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:
- ACG 2021 - Principles of Financial Accounting Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
- ANT 2511 - Biological Anthropology Credit(s): 3
- ANT 2410 - Cultural Anthropology Credit(s): 3
- COM 2000 - Introduction to Communication Credit(s): 3
- COM 2130 - Communication Skills for Health Professionals Credit(s): 3
- GEY 2000 - Introduction to Aging Sciences Credit(s): 3
- SYG 2000 - Introduction to Sociology Credit(s): 3

MAJOR CONCENTRATION ELECTIVES: (30 CREDIT HOURS)

Students complete a Health Sciences program of study and one of five concentrations in: Aging Health Studies, Biological Health Sciences, Health Information Technology, Health Care Administration, Social and Behavioral Health Sciences.

Students choose 30 credit hours in one (1) concentration or 15 credit hours each in two (2) concentrations.

SOCIAL AND BEHAVIORAL HEALTH SCIENCES AND HEALTH INFORMATION TECHNOLOGY CONCENTRATION: (10 COURSES; 30 CREDIT HOURS)

SOCIAL AND BEHAVIORAL HEALTH SCIENCES CONCENTRATION

Students choose fifteen (15) credit hours from the following list of courses.
- CLP 4143 - Abnormal Psychology Credit(s): 3
- COM 4020 - Communicating Illness, Grief, and Loss Credit(s): 3
- COM 4021 - Family Communication and the End of Life Credit(s): 3
- COM 4022 - Health Communication Credit(s): 3
- COM 4225 - Global & Cultural Issues in Health Communication Credit(s): 3
- COM 4702 - Communication, Language, and Mental Illness Credit(s): 3
- HSC 4172 - Women's Health: A Public Health Perspective Credit(s): 3
- HSC 4211 - Health, Behavior and Society Credit(s): 3
- HSC 4579 - Foundations of Maternal and Child Health Credit(s): 3
- HSC 4631 - Critical Issues in Public Health Credit(s): 3
HSC 4933 - Special Topics in Public Health Credit(s): 1-3
LIS 4776 - Health Information Technology Credit(s): 3
LIS 4930 - Selected Topics in Information Studies Credit(s): 3
MHS 4022 - Adult Psychopathology in the Community Credit(s): 3
MHS 4452 - Co-Occurring Disorders Credit(s): 3
MHS 4490 - Behavioral Healthcare Issues for Children Credit(s): 3
PAD 4930 - Selected Topics in Public Administration and Public Policy Credit(s): 3
PHI 4930 - Selected Topics Credit(s): 1-3
SOP 4330 - Social Psychology of HIV/AIDS Credit(s): 3
SOW 3102 - Human Behavior and the Social Environment II Credit(s): 3
SOW 3203 - Introduction to Social Work Credit(s): 3
SOW 3210 - The American Social Welfare System Credit(s): 3
SPC 4930 - Selected Topics Credit(s): 1-3
SYO 4400 - Medical Sociology Credit(s): 3
WST 4320 - Politics and Issues in Women's Health Credit(s): 3

MENTAL HEALTH CLUSTER

These courses are for students interested in Mental Health professions.

Note: Special Topics courses are chosen in advance of registration, in coordination with an academic advisor.

MHS 3411 - Multidisciplinary Behavioral Healthcare Services Credit(s): 3
MHS 4002 - Behavioral Health Systems Delivery Credit(s): 3
MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment Credit(s): 3
MHS 4703 - Legal, Ethical and Professional Issues in BHC Credit(s): 3
MHS 4931 - Selected Topics Credit(s): 1-3

SUBSTANCE ABUSE CLUSTER

These courses are for students interested in Substance Abuse Counseling and Treatment professions.

Note: Special Topics courses are chosen in advance of registration, in coordination with an academic advisor.

MHS 3411 - Multidisciplinary Behavioral Healthcare Services Credit(s): 3
MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment Credit(s): 3
MHS 4703 - Legal, Ethical and Professional Issues in BHC Credit(s): 3
MHS 4931 - Selected Topics Credit(s): 1-3
PSB 3444 - Drugs and Behavior Credit(s): 3
HEALTH INFORMATION TECHNOLOGY CONCENTRATION

Students choose fifteen (15) credit hours from the following list of courses.

- ISM 3113 - Systems Analysis and Design Credit(s): 3
- LIS 3261 - Introduction to Information Science Credit(s): 3
- LIS 3352 - Interaction Design Credit(s): 3
- LIS 3353 - IT Concepts for Information Professionals Credit(s): 3
- LIS 3361 - World Wide Web Page Design and Management Credit(s): 3
- LIS 3783 - Information Architecture Credit(s): 3
- LIS 4204 - Information Behaviors Credit(s): 3
- LIS 4365 - Web Design Technologies Credit(s): 3
- LIS 4380 - Information and Social Media Credit(s): 3
- LIS 4414 - Information Policy and Ethics Credit(s): 3
- LIS 4477 - Clinical Decision Support Credit(s): 3
- LIS 4482 - Networks and Communication Credit(s): 3
- LIS 4776 - Health Information Technology Credit(s): 3
- LIS 4779 - Health Information Security Credit(s): 3
- LIS 4785 - Introduction to Health Informatics Credit(s): 3
- LIS 4930 - Selected Topics in Information Studies Credit(s): 3
- PAD 4712 - Managing Information Resources in the Public Sector Credit(s): 3
- SPC 4930 - Selected Topics Credit(s): 1-3

HEALTH SCIENCES B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

RESIDENCY REQUIREMENT

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES

A maximum of 4 credits of Undergraduate Research (IDS 4910) may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.
