CONCENTRATION ELECTIVES: 1 COURSE; 3 CREDIT HOURS

Students are encouraged to take additional 2000-, 3000- or 4000-level Dance and Theatre courses to fulfill the remaining general elective requirement for the concentration.

Please consult Catalog for full listing of Dance and Theatre course titles and consult Oasis for current selected topics courses.

ADDITIONAL INFORMATION - DANCE B.F.A.

GPA REQUIREMENTS

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENTS

A student must receive a C grade or better in required prerequisite courses and major course for Dance majors.

RESIDENCY REQUIREMENT

Department and College of The Arts Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ACCREDITATION INFORMATION - DANCE B.A./B.F.A.

The University of South Florida is an accredited institutional member of the National Association of Schools of Dance (NASD).

ADVISING INFORMATION - SCHOOL OF THEATRE AND DANCE

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

For questions, TheatreAndDance@usf.edu

Plans of Study - Dance B.F.A., with Modern Dance Concentration

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see <https://www.usf.edu/undergrad/students/civics-literacy.aspx> or talk with your academic advisor.

Items that are critical are marked with a * and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

Performer
Choreographer
Art, Drama, and Music Teacher

Potential Entry Level Salary Range:

\$20,000 - \$40,000

Dance B.F.A., with Modern Dance Concentration - 2 Year Plan of Study

This plan assumes that the Dance BFA Major with a Modern Dance Concentration was placed into the major at the Level 3 modern dance technique and Level 1 in ballet, that the Major has fulfilled their general education requirements, that the Major has qualifying transfer credit for Choreography 1 and 2, and that the Major is beginning in the Fall semester. There are separate plans for those starting in the Spring and for completing the degree in 2.5-3 years. Please contact your advisor for these plans.

YEAR 1

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

SEMESTER 1 (FALL)

- * DAA 4616 - Choreography III **Credit(s): 2**
 - * DAN 2160 - Entry Seminar **Credit(s): 2**
 - DAA 3109 - Modern Dance III **Credit(s): 1-3**
 - DAA 2204 - Ballet I **Credit(s): 2**

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

THEATRE B.A., WITH DESIGN AND TECHNOLOGY CONCENTRATION **TOTAL DEGREE HOURS: 120**

Through its curriculum and production program, students have the opportunity to prepare for a professional career in the theatre or to continue their studies at the graduate level. Our exclusively undergraduate program boasts intensive studies in the disciplines of performance, design and theatre arts as well as a close working relationship with our nationally and internationally recognized faculty.

Certified Global Pathway Program

This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of High Impact Practices and Undergraduate Research website.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

STATE MANDATED COMMON COURSE PREREQUISITES - THEATRE B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students need not have completed a concentration of courses in theatre in order to consider a Theatre major at USF. However, admission to the upper-level Theatre Performance program is by audition and admission to the upper-level Design sequence is by portfolio review. If the student does not succeed in passing the audition or portfolio review certain Theatre program requirements may have to be repeated until successful completion of the audition or portfolio review can be achieved.

THE X000 Theatre and Culture- 3 credit hours*

THE X305 Script Analysis or THE X300 Dramatic Literature - 3 credit hours

THE X925 Colloquiums/Symposiums/Workshops- 1 credit hour

TPA X290 Tech Theatre Lab I- 1 credit hour

TPA X200 Introduction to Technical Theatre or TPA X210 Stagecraft I - 3 credit hours

TPP X190 Studio Theatre Performance I or TPP X110 Acting I - 1-3 credit hours

THE X000-X999 or TPA X000-X999 or TPP X000-X999 - 3 credit hours

THE X000-X999 or TPA X000-X999 or TPP X000-X999 - 3 credit hours

THE X000-X999 or TPA X000-X999 or TPP X000-X999 - 3 credit hours

*Any introductory course from THE X001-X035.

THEATRE REQUIRED COURSES: (44 CREDIT HOURS)

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

STATE MANDATED COMMON COURSE PREREQUISITES - THEATRE B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students need not have completed a concentration of courses in theatre in order to consider a Theatre major at USF. However, admission to the upper-level Theatre Performance program is by audition and admission to the upper-level Design sequence is by portfolio review. If the student does not succeed in passing the audition or portfolio review certain Theatre program requirements may have to be repeated until successful completion of the audition or portfolio review can be achieved.

THE X000 Theatre and Culture- 3 credit hours*

THE X305 Script Analysis or THE X300 Dramatic Literature - 3 credit hours

THE X925 Colloquiums/Symposiums/Workshops- 1 credit hour

TPA X290 Tech Theatre Lab I- 1 credit hour

TPA X200 Introduction to Technical Theatre or TPA X210 Stagecraft I - 3 credit hours

TPP X190 Studio Theatre Performance I or TPP X110 Acting I - 1-3 credit hours

THE X000-X999 or TPA X000-X999 or TPP X000-X999 - 3 credit hours

THE X000-X999 or TPA X000-X999 or TPP X000-X999 - 3 credit hours

THE X000-X999 or TPA X000-X999 or TPP X000-X999 - 3 credit hours

*Any introductory course from THE X001-X035.

THEATRE REQUIRED COURSES: (44 CREDIT HOURS)

THEATRE MAJOR CORE: 8 COURSES; 14 CREDIT HOURS

THE 2023 - Entry Seminar: Theatre as an Art Form **Credit(s): 1**

THE 4434 - Caribbean Theatre **Credit(s): 3**

THE 4480 - Drama-Special Topics **Credit(s): 3**

THEATRE CONCENTRATIONS: 8 COURSES; 24 CREDIT HOURS

Students must choose one of three concentrations for the B.A. degree:

Design and Technology

Performance

Theatre Arts

PERFORMANCE CONCENTRATION: 8 COURSES; 24 CREDIT HOURS

The theatre performance concentration enables the student to explore and develop acting skills. Core courses in the concentration delve into the craft and its fundamental elements. Students learn how to move their bodies and use their voices, to collaborate, to examine a scene and rehearse consciously. The advanced acting sequence emphasizes character development and improvisation practices, culminating in the performance of a complex, multi-layered character.

CONCENTRATION CORE: 5 COURSES; 15 CREDIT HOURS

TPP 3790 - Voice for Actors **Credit(s): 3**

TPP 3155 - Acting II **Credit(s): 3**

TPP 4180 - Acting III **Credit(s): 3**

TPP 4920 - Special Topics in Performance **Credit(s): 3**

TPP 3510 - Movement for Actors **Credit(s): 3**

CONCENTRATION ELECTIVES: 3 COURSES; 9 CREDIT HOURS

In addition to the Concentration Core courses, students must take 9 hours of upper-level Performance Elective (TPP) courses (TPP 3XXX and TPP 4XXX).

All Dance Minors must complete these courses (5 credit hours):

- DAA 3624 - Dance Improvisation **Credit(s): 2**
- DAN 2100 - Understanding the Dance Experience **Credit(s): 3**

MINOR STUDIO TECHNIQUE REQUIREMENT: 4 CREDIT HOURS

All Minors must complete at least 4 credit hours of Studio Technique classes.

More can be taken as electives for the minor. All students can take the Dance Fundamentals courses. Additionally, Dance minors may audition for Upper-Level technique courses. Please visit the Dance website for audition information and application. Note: Many major-level classes are limited access and require an audition for placement into these specific class and instructor approval. Dance Majors have priority in registering for dance classes.

- DAA 2100 - Fundamentals Of Modern Dance **Credit(s): 2**
- DAA 2104 - Modern Dance I **Credit(s): 2**
- DAA 2200 - Fundamentals Of Ballet **Credit(s): 2**
- DAA 2204 - Ballet I **Credit(s): 2**
- DAA 2500 - Fundamentals Of Jazz Dance **Credit(s): 2**
- DAA 3108 - Modern Dance II **Credit(s): 1-3**
- DAA 3109 - Modern Dance III **Credit(s): 1-3**
- DAA 3209 - Ballet III **Credit(s): 1-3**
- DAA 3214 - Ballet II **Credit(s): 1-3**
- DAA 4110 - Modern Dance IV **Credit(s): 1-4**
- DAA 4211 - Ballet IV **Credit(s): 1-3**

MINOR ELECTIVES: 9 CREDIT HOURS

Dance minors should complete at least 9 credit hours of electives, at least 6 hours of which needs to be at the 3000+ level. Many classes require an audition and placement into the class and instructor approval.

- DAA 2100 - Fundamentals Of Modern Dance **Credit(s): 2**
- DAA 2104 - Modern Dance I **Credit(s): 2**
- DAA 2200 - Fundamentals Of Ballet **Credit(s): 2**
- DAA 2204 - Ballet I **Credit(s): 2**
- DAA 2500 - Fundamentals Of Jazz Dance **Credit(s): 2**
- DAA 3108 - Modern Dance II **Credit(s): 1-3**
- DAA 3109 - Modern Dance III **Credit(s): 1-3**
- DAA 3209 - Ballet III **Credit(s): 1-3**
- DAA 3214 - Ballet II **Credit(s): 1-3**
- DAA 3395 - World Dance Topics **Credit(s): 1**
- DAA 3614 - Choreography I **Credit(s): 2**
- DAA 3615 - Choreography II **Credit(s): 2**
- DAA 4110 - Modern Dance IV **Credit(s): 1-4**
- DAA 4211 - Ballet IV **Credit(s): 1-3**
- DAN 3584 - Technical Theatre in Dance **Credit(s): 2**
- DAN 3714 - Dance Kinesiology **Credit(s): 3**
- DAN 4134 - Ballet History **Credit(s): 3**
- DAN 4135 - 20th Century Dance History **Credit(s): 3**

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

DAN 4162 - Research in Dance I **Credit(s): 3**
DAN 4163 - Research in Dance II **Credit(s): 2**
DAN 4434 - Laban Movement Analysis **Credit(s): 3**
DAN 4930 - Selected Topics In Dance **Credit(s): 1-3**

GPA REQUIREMENTS

Students must maintain an overall GPA of 2.0.

GRADING REQUIREMENT

The student choosing a Dance minor must achieve a grade of C or better in all courses applied to the minor in Dance.

OTHER INFORMATION

The Minor in Dance is an open-access program. No audition is required.

Dance Technique Courses: All students can take the Dance Fundamentals courses. Additionally, Dance minors may audition for Upper-Level technique courses. Please visit the Dance website for audition information and application.

Note: Many major-level classes are limited access and require an audition for placement into these specific class and instructor approval. Dance Majors have priority in registering for dance classes.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

THEATRE MINOR

TOTAL MINOR HOURS: 24

The Theatre minor is structured to give students an overview of drama and theatre, in terms of history, performance, and criticism. The curriculum involves the student in both the practical and theoretical aspects of the theatre process. The minor offers ample opportunities for students to apply their skills onstage and/or backstage.

THEATRE MINOR CORE (15 CREDIT HOURS)

- THE 2000 - Theater and Culture **Credit(s): 3**
- TPP 2110 - Acting I **Credit(s): 3**
- TPP 2190 - Studio Theatre Performance I **Credit(s): 1**
- TPA 2292 - Production Involvement I **Credit(s): 1**
- TPA 2200 - Introduction to Technical Theatre I **Credit(s): 3**
- TPA 2290L - Technical Theatre Lab I **Credit(s): 1**
- TPA 3007C - Introduction to Entertainment Design **Credit(s): 3**

THEATRE MINOR ELECTIVES (9 CREDIT HOURS)

In addition to the Theatre Minor Cores courses, students must take a minimum of 9 credits hours chosen from courses with the following prefix: THE, TPP, TPA and with the approval of the advisor.

All audition and portfolio requirements apply.

GPA REQUIREMENTS

Students must maintain an overall GPA of 2.0.

GRADING REQUIREMENTS

A minimum grade of C is required for minor courses.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

ADVANCED DANCE STUDIES CERTIFICATE

TOTAL CERTIFICATE HOURS: 12

This certificate is designed for students who possess a strong background in dance technique (ballet/modern). It is meant for individuals who would like to heighten their studies in dance and earn advanced level training.

CERTIFICATE REQUIREMENTS

Students are required to take 12 credit hours composed of the course options below. At least one semester of either Ballet IV or Modern Dance IV is required.

CERTIFICATE CORE (3 CREDIT HOURS)

Required course:

DAA 4211 - Ballet IV **Credit(s): 1-3**

or

DAA 4110 - Modern Dance IV **Credit(s): 1-4**

CERTIFICATE ELECTIVES (9 CREDIT HOURS)

Students choose nine credit hours of coursework from the following list of courses.

Note: Ballet and Modern classes may be repeated.

DAA 3109 - Modern Dance III **Credit(s): 1-3**

DAA 3209 - Ballet III **Credit(s): 1-3**

DAA 3624 - Dance Improvisation **Credit(s): 2**

DAA 3294 - Ballet Variations **Credit(s): 1**

DAA 4110 - Modern Dance IV **Credit(s): 1-4**

DAA 4211 - Ballet IV **Credit(s): 1-3**

DAA 4687 - Performance **Credit(s): 1-2**

GRADING REQUIREMENT

A grade of B- or higher in all courses is required.

RESIDENCY REQUIREMENT

A minimum of six (6) credit hours of coursework taken at USF is required to meet residency requirements.

OTHER REQUIREMENTS

Students must audition for placement through the dance program and place into at least the level III of ballet or modern in order to qualify to pursue the certificate.

OTHER INFORMATION

Any degree-seeking student not currently majoring in Dance B.F.A. or B.A. or any non-degree seeking student may pursue the Advanced Dance Studies certificate.

ADVISING INFORMATION

Intent to pursue the certificate should be discussed with the academic advisor for Dance, Nadine Niforos via email at nniforos@usf.edu or 813-974-1739.

DANCE MEDICINE AND SCIENCE CERTIFICATE

TOTAL CERTIFICATE HOURS: 18

This certificate is designed for students who are degree seeking (any major) OR non-degree seeking and who possess a strong interest in exploring the field of dance medicine and science. This certificate program will give students a basic understanding of issues pertaining to the health and wellness of dancers such as: typical injury and misalignment patterns, injury prevention and treatment, injury risk factors, effective conditioning, muscular analysis of dance movement, and current topics in dance medicine and science research. Undergirding this specialized study are support courses which address the structure and function of the musculo-skeletal system as well as the mechanical principles related to motor performance, the physiological effects of exercise, nutrition, and principles of motor development and skill acquisition. The capstone experience will be undertaken in the Research in Dance I and II courses where students will review research literature in the field and design an individualized research project exploring a relevant topic. Students are mentored throughout the forthcoming completion of the research project, and completion of the project is required to earn the certificate. The project should be fully completed within two (2) semesters after the Research in Dance II course. Students who are dance majors, health science majors, exercise science majors, or physical education majors interested in dance medicine and science, are encouraged to apply. Other majors are also welcome. Students are required to take 18 credit hours composed of the courses below. Intent to pursue the certificate should be discussed with the academic advisor for dance.

CERTIFICATE CORE (12 CREDIT HOURS)

- DAN 3714 - Dance Kinesiology **Credit(s): 3**
- BSC 2085 - Anatomy and Physiology I for Health Professionals **Credit(s): 3 ****
- BSC 2085L - Anatomy and Physiology Lab I for Nursing and other Healthcare Professionals **Credit(s): 1 ****
- DAN 4162 - Research in Dance I **Credit(s): 3**
- DAN 4163 - Research in Dance II **Credit(s): 2**

CERTIFICATE ELECTIVES (6 CREDIT HOURS)

Students choose six credit hours of coursework from the following list of courses.

- APK 3120 - Exercise Physiology **Credit(s): 3**
- ATR 2010C - Care and Prevention of Physical Injuries **Credit(s): 3**
- BSC 2086 - Anatomy and Physiology II for Nursing and other Healthcare Professionals **Credit(s): 3** and BSC 2086L - Anatomy and Physiology Lab II for Nursing and other Healthcare Professionals **Credit(s): 1 ***
- HLP 2081 - Personal Wellness: A Lifetime Commitment **Credit(s): 3**
- HUN 2201 - Nutrition **Credit(s): 3**
- PET 3031 - Motor Behavior **Credit(s): 3**
- PET 3312 - Biomechanics **Credit(s): 3 ****
- PET 3361 - Nutrition for Fitness and Sport **Credit(s): 3 *****

COURSE NOTES

*Anatomy and Physiology I and II for Nursing and other Healthcare Professionals with lab are required as pre-requisites for these courses. Non-major and major sections (for Exercise Science majors) of these courses are offered in alternating semesters.

**This course is restricted to health professions majors but open to other USF students pending space availability. Anatomy and Physiology transfer courses will also be accepted to meet this requirement. Special consideration for registration access will be given to students in the dance medicine certificate program.

***Exercise Science majors only. Permission may be granted on a case-by-case basis, pending space availability and instructor approval.

GPA REQUIREMENTS

Students must maintain an overall GPA of 2.0.

GRADING REQUIREMENT

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

A grade of C+ or higher in all courses is required.

RESIDENCY REQUIREMENT

A minimum of nine (9) credit hours of coursework taken at USF is required to meet residency requirements.

OTHER REQUIREMENTS

The Research in Dance courses should generally be taken last in the course sequence. Electives may be taken concurrently with the Research in Dance courses. Ideally, the student should take the Research in Dance II course last as it is part of the capstone research experience.

OTHER INFORMATION

Any degree-seeking student or any non-degree seeking student may pursue the Dance Medicine/Science certificate.

The Judy Genshaft Honors College offers an enriched learning experience that combines the resources of one of the country's top research universities with the personal attention and close-knit community you would expect from a top-tier small liberal arts institution. The College enrolls high-ability students from virtually every major at USF in an interdisciplinary program designed to provide future leaders with integrative ideas and skills that enhance the training they receive in their major area of study. The primary goals of the Judy Genshaft Honors College are to (1) cultivate Practical Wisdom through critical, creative, and collaborative interdisciplinary learning, (2) foster a nuanced global perspective on contemporary issues through an internationalized curriculum and study abroad experiences, and (3) encourage a rich and integrated understanding of personal, social, and environmental concerns through active and reflective community engagement.

Mission, Vision, Values

The mission of the Judy Genshaft Honors College is to cultivate intellectual creativity and critical thinking, ethical discernment, and the desire for a life of learning through both engaged action and skillful reflection. Through interdisciplinary inquiry and experiential learning, both locally and globally, we seek to foster Practical Wisdom. Our curriculum equips students to put ideas and values into practice in order to grow personally and contribute to the broader communities in which each plays a role. Because we value self-cultivation, we encourage creativity and purposeful play. Because we value community, we practice locally engaged collaborative learning. Because we value our environment, we practice careful cultivation and design. Because we value global thinking, we practice responsible citizenship and engaged learning in locations around the world.

Admission Requirements

Admission for FTIC Students

The Judy Genshaft Honors College actively recruits students who have demonstrated academic excellence through high test scores and high school GPA. We also know that excellence takes a variety of forms, and therefore we encourage applications from any student who wants to be considered on the basis of his/her achievements. The Judy Genshaft Honors College application requires an essay and resume. Applications are reviewed by a team of current Honors students, faculty, and staff. The application link can be found on our Admissions website at <https://www.usf.edu/honors/prospective-students/application-criteria.aspx>.

Admission for Transfer or Continuing USF Students

JUDY GENSHAFT HONORS COLLEGE

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The Judy Genshaft Honors College offers admission for students who are already enrolled as USF students, or who are transferring to USF from a state or community college. Information can be found on our Transfer/Continuing USF Students webpage at <https://www.usf.edu/honors/prospective-students/application-criteria.aspx>.

Program-Specific Requirements

General Requirements for Judy Genshaft Honors College Distinction

Completion of the Judy Genshaft Honors College curriculum with a USF GPA of 3.25 or above shall be noted on a student's diploma and transcript, and recognized at the Judy Genshaft Honors College graduation ceremony.

Academic Curriculum for FTIC Admits (15-18 credits)

First time in college students admitted to the Judy Genshaft Honors College will select and complete the academic curriculum with four core honors courses (two of which are required) and then select a research option.

Core Honors Courses:

- IDH 2010 - Acquisition of Knowledge [Required]
- IDH 3100 - Arts and Humanities
- IDH 3350 - Honors Natural Sciences
- IDH 3400 - Honors Social and Behavioral Sciences
- IDH 3600 - Seminar in Applied Ethics
- IDH 4200 - Geographical Perspectives Honors [Required]
- IDH 4930 - Selected Topics
- IDH 4950 - Honors Project

Research Options:

- Honors Thesis - IDH 4970 - Honors Thesis, taken twice (6 credits).
- Honors College Capstone - IDH 4950 - Honors Project, plus one core honors course (6 credits total). FTIC Engineering majors will have the additional core honors course waived.
- Departmental Honors - Complete the requirements for a university departmental honors program.

Academic Curriculum for Continuing USF or Transfer Student Admits (12 credits)

Students admitted to the Judy Genshaft Honors College after having been enrolled as a USF student, or as transfer students, will complete the academic curriculum with two core honors courses and then select a research option.

Core Honors Courses:

- 2 IDH core courses of your choice (6 credits).

Research Options:

- Honors Thesis - IDH 4970 - Honors Thesis, taken twice (6 credits).
- Honors Capstone - IDH 4950 - Honors Project, plus one core honors course (6 credits). FTIC Engineering majors will have the additional core honors course waived.
- Departmental Honors - Complete the requirements for a university departmental honors program.

Co-curricular Experiential Learning Requirements

All Honors students, both FTIC and Continuing/Transfer students, required to complete two experiential co-curricular components, community service and global engagement.

Options and guidelines for the community service experience are outlined on our website at <https://www.usf.edu/honors/current-students/community-service.aspx>.

Options and guidelines for the global experiences are outlined on our website at <https://www.usf.edu/honors/current-students/global-cultural-requirement.aspx>.

Grading Requirements and Policies

JUDY GENSHAFT HONORS COLLEGE

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Students in good standing have a minimum 3.25 USF GPA and a 3.25 Overall GPA (grade forgiveness is not included), are actively completing the requirements for the Judy Genshaft Honors College, and have completed an IDH core course in the last three semesters. Students in good standing have the privilege of priority status for course registration.

If a student's USF GPA falls below a 3.25 (but is 2.75 or higher), he or she will be placed on Honors Probation. Students on probation can continue to enroll in Honors courses and see their Honors Advisor. Students will be removed from the probationary status when the GPA reaches a 3.25 again.

If a student's GPA falls below 2.75, he or she will be dismissed from the Judy Genshaft Honors College. Additionally, any student who earns a "D" or "F" in an Honors course will be dismissed from the College. The university grade forgiveness policy does not apply to Judy Genshaft Honors College courses.

Judy Genshaft Honors Scholarships

The Judy Genshaft Honors College awards competitive scholarships to its new and continuing students (see: <https://www.usf.edu/honors/prospective-students/scholarships.aspx>).

In addition, thanks to the generosity of many donors, there are more than 30 competitive scholarships available exclusively to Honors College students. Students may apply for these Honors-specific awards, as well as, general USF scholarships (see <http://www.usf.edu/financial-aid/scholarships/index.aspx>). These applications typically open in November and are due in January for new students and April for continuing students.

Study Aboard Scholarships

Providing students with the opportunity to expand their global awareness and understanding through study abroad programs is central to our mission. Most Honors students will qualify for very generous travel scholarships to fund study abroad opportunities in locations around the world (see <https://www.usf.edu/honors/prospective-students/scholarships.aspx>).

Hosted Scholarship Programs

The Judy Genshaft Honors College hosts several scholarship programs for both Honors and non-Honors students, including the George Jenkins Scholars Program, the Holcombe Scholars Program, and the Robert and Susan Ableidinger Scholarship (see <https://www.usf.edu/honors/prospective-students/hosted-scholarships.aspx>).

Office of National Scholarships

Housed within the Judy Genshaft Honors College, the Office of National Scholarships recruits and mentors high achieving students from across USF, both undergraduate and graduate, and supports their applications for prestigious nationally competitive scholarships, fellowships and awards such as the Rhodes, Marshall, Mitchell, Fulbright, Goldwater and Truman. Some awards support graduate or professional study in the U.S., while others involve education abroad or independent research. These opportunities are open to all qualified USF students who wish to apply.

Director: Sayan Basu

Location/Phone: John and Grace Allen (ALN) 271; (813) 974-3087

Web Address: <https://www.usf.edu/ons/>

Judy Genshaft Honors College Living Learning Community (LLC) - Honors Housing at the Tampa and St. Petersburg campuses

The Honors LLC is a residential experience open to available to The Judy Genshaft Honors College students on the St. Petersburg and Tampa campuses. We strive to create a respectful and close-knit community while celebrating the diversity of our students. The focus of our community is to simultaneously develop our students' academic and extracurricular interests. To do so, we host programs and activities related to career exploration, networking, and connecting with the Honors faculty.

Special Baccalaureate-Level Programs

JUDY GENSHAFT HONORS COLLEGE

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Medical Humanities in a Global Context (MHGC) Pathway

With the support of a Humanities Connections Grant from the National Endowment for the Humanities (NEH), The Judy Genshaft Honors College has introduced a series of thematically integrated interdisciplinary courses that offer students a pathway through the Honors curriculum. These courses aim to cultivate more critical, holistic, and experiential perspectives on health and human experience in a global context.

Bachelor's/Master's Pathways

Judy Genshaft Honors College Pathway Programs

Students can earn their undergraduate, medical, or pharmacy degrees at an accelerated pace in one of The Judy Genshaft Honors College Bachelor's/Master's Pathways programs. For more information, see the Graduate Catalog.

Early Acceptance Programs

<https://www.usf.edu/honors/prospective-students/early-acceptance-programs.aspx>

The Judy Genshaft Honors College, in affiliation with Lake Erie College of Osteopathic Medicine (LECOM), offers eligible Judy Genshaft Honors College students Early Acceptance Admission Programs to the Doctor of Osteopathic Medicine (DO) and the Doctor of Dental Medicine (DMD).

Community Partnership Programs

<http://www.usf.edu/honors/accelerated-programs/partnerships.aspx>

We partner with many groups and organizations throughout Tampa Bay. These partnership programs allow students to learn and research outside of the classroom.

Dual Enrollment Program

<https://www.usf.edu/admissions/freshmen/admission-information/dual-enrollment/index.aspx>

Dual enrollment in USF classes is open to academically qualified students who are currently enrolled in public/private high schools and who are recommended by their guidance counselor or principal.

Early Admission Program

<https://www.usf.edu/admissions/freshmen/admission-information/dual-enrollment/index.aspx>

Under the Early Admission program, you may enter the University of South Florida (Tampa) as a regularly enrolled (matriculated), degree-seeking student prior to graduation from high school. Applicants must meet minimum Judy Genshaft Honors College eligibility criteria.

Muma College of Business

About the College

<http://www.usf.edu/business/>

The Muma College of Business offers courses of study leading to both undergraduate and graduate degrees. All degree programs in the Muma College of Business are fully accredited by AACSB International — The Association to Advance Collegiate Schools of Business.

Mission and Vision

Mission

We emphasize creativity and analytics to promote student success, produce scholarship with impact, and engage with all stakeholders in a diverse global environment.

Vision

Transforming minds: Transforming business. We aspire to be internationally recognized for developing business professionals who provide analytical and creative solutions in a global environment.

Accreditation

The Muma College of Business offers courses of study leading to both undergraduate and graduate degrees. All degree programs in the Muma College of Business are fully accredited by AACSB International — The Association to Advance Collegiate Schools of Business.

AACSB provides internationally recognized, specialized accreditation for business and accounting programs at the bachelor's, master's, and doctoral level. The AACSB Accreditation Standards challenge post-secondary educators to pursue excellence and continuous improvement throughout their business programs. AACSB Accreditation is known, worldwide, as the longest standing, most recognized form of specialized/professional accreditation an institution and its business programs can earn. AACSB-accredited schools have the highest quality faculty, relevant and challenging curriculum, and provide educational and career opportunities that are not found at other business schools.

Admission Progression Requirements for the Muma College of Business

Students interested in pursuing a degree offered by the Muma College of Business must complete the required prerequisites for entering the College in addition to other related criteria listed below.

Minimum of 60 semester hours of college credit earned

Minimum cumulative grade point average of 2.0 on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal.

Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA:

ACG X021/ACG X022 Financial Accounting (or ACG X001 & ACG X011)*

ACG X071 Managerial Accounting (or X301)*

CGS X100 Computers in Business (or acceptable Substitute, i.e., CGS X100C, CGS X530, CGS X570, CGS X531, CGS X0000, MAN X812)

ECO X013 Principles of Macroeconomics

ECO X023 Principles of Microeconomics

MAC X233 Elementary Calculus or MAC X230

STA X023 Introductory Statistics or QMB X100 or STA X122 (STA X023 and QMB X100 are preferred)

*Accounting majors must earn a C not C- in ACG 2021 & ACG 2071.

** Entrepreneurship majors must also complete a leadership course as a required pre-requisite.

In computing entry grade point average all business and economics courses taken for S or U grades will be converted to C or F, respectively.

A minimum score of 550 on paper and pencil or 213 on computerized TOEFL is required, when applicable.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Students must be admitted to the Muma College of Business at least one term before their anticipated graduation date.

For more information, see the General Requirements at the Muma College of Business website <http://www.usf.edu/business/undergraduate/requirements-general.aspx>.

Admission Requirements for Hospitality Management

Students must have a 2.0 overall and USF GPA and complete the following State Mandated Common Course Prerequisites:

ACG X021 or ACG X022 or (ACG X001 and ACG X011) - 3 credit hours
ACG X071 - 2-3 credit hours
ECO X013 - 3 credit hours
ECO X023 - 3 credit hours

Admission Requirements for First Time in College Students

First time in college students who meet the criteria below are granted direct entry to the Muma College of Business.

Admitted for Fall semester entry to USF as a degree seeking student OR
Test scores: SAT minimum 1210, Math 570 or ACT 25, Math 25 AND
Minimum weighted high school GPA: 3.5

First time in college students must meet the entrance requirements for their major, including GPA and state mandated pre-requisite courses, to enroll in upper-level major courses.

Early Admissions Program – The Bulls Business Network

Membership in the Bulls Business Network (BBN) is open to first time in college students who have completed a USF application and declared an intent to major in business, and meet the FTIC admission requirements (listed above). These freshmen are admitted directly to the Muma College of Business upon admission to USF (while the majority of students are fully admitted to the business college after two years of general course requirements). BBN members are eligible to live in the Bulls Business Community or the Zimmerman Advertising Program Community, residential programs described in the following section. BBN students have the opportunity to avoid mass lecture classes as smaller sections of core business classes are reserved exclusively for BBN members (availability is limited and determined by academic performance each semester). Students in the BBN may apply for special business scholarships as well as join business student organizations normally restricted only to juniors and seniors. For admission criteria, visit <http://www.usf.edu/business/undergraduate/bbn/>.

Living-Learning Communities - The Bulls Business Community or Zimmerman Advertising Program (ZAP)

Freshmen are encouraged to live on campus for the first year. As part of the Bulls Business Network, students are eligible to apply to the business-themed living learning communities, the Bulls Business Community (BBC) and Zimmerman Advertising Program Community (ZAP). Here, students are offered very different programming opportunities. An exclusive academic advisor and a graduate assistant aid students as they navigate the university and the college. Dinners with the dean, meetings with CEO's of various Tampa Bay businesses, improv sessions, study abroad opportunities, company tours and etiquette dinners are just a few of the beyond the books experiences provided to more than 100 business students living in Juniper Poplar. In addition, all BBC/ZAP students have the opportunity to apply to the Honors Program in Business. For further information about the BBC or ZAP please visit <https://www.usf.edu/business/undergraduate/bbc/>.

Honors Programs

The Business Honors Program at the University of South Florida is one of the most prestigious programs established to inspire passion and nurture exemplary potential in students. Our program blends rigorous coursework and research activities with special residential, service, international, and applied learning opportunities found inside and outside of the classroom. The Business Honors Program brings together distinct features that include:

Small classes that enhance learning
Study abroad program geared toward understanding the global business environment

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Summer internship opportunities with top-rated business companies
Comprehensive study in research and computational methods
Research opportunities associated with your Honors thesis
Corporate mentoring with industry leaders
Personalized advising

For more information, see <http://www.usf.edu/business/undergraduate/honors/program.aspx>.

Transfer Student Admission Requirements

In addition to general admission requirements, transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF. For more information, see <http://www.usf.edu/business/undergraduate/requirements-transfer.aspx>.

Students who transfer to the USF Muma College of Business must meet the following admission guidelines below:

Minimum of 60 semester hours of college credit earned.
Minimum cumulative grade point average of 2.0 on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal.
Completion all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.5 GPA in all seven (7) courses. The courses are:
Financial Accounting*: ACG X021/ACG X022 (or ACG X001 & ACG X011)
Managerial Accounting: ACG X071 (or ACG X301)
Computers in Business: CGS X100 (or acceptable substitute)
Principles of Macroeconomics: ECO X013
Principles of Microeconomics: ECO X023
Elementary Calculus**: MAC X233 or MAC 2230
Statistics**: QMB 2100 or STA 2023

*Accounting majors must earn a C not C- in ACG 2021 & ACG 2071.

**Hospitality Management majors only complete ECO 2013, ECO 2023, ACG 2021, and ACG 2071.

NOTES:

Entrepreneurship majors must complete a leadership course in addition to the seven pre-requisite courses listed above.

Associate of Arts Transfers

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Associate of Science Transfers

Florida College System students pursuing an Associate of Science (AS) program in General Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation of courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in General Business Administration may earn a major in only Management. Florida College System students pursuing an Associate of Science (AS) program in any other discipline should contact the B.S.A.S program in the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

College-Level Requirements

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

General Requirements for B.A./B.S. Degrees in Business

Students must satisfactorily complete a minimum of 120 semester hours. Of the minimum 120, at least 60 hours must be business courses, and a minimum of 54 hours must be non-business courses (i.e., all courses not normally offered by the Muma College of Business). Additional electives may be required to reach a minimum of 120 hours and can be either business or non-business.

As a part of the 120-hour requirements for the B.A. or B.S. degree, the following criteria also apply:

GPA: A minimum grade-point average of 2.0 must be achieved in the following areas:

- The major and minor fields
- College foundation courses
- All USF coursework
- Overall GPA (USF and all transfer work)

State Communication and Computation Requirements: Students must have satisfactorily completed the State Communication Requirement and State Computation Requirement.

Foreign Language: All students must satisfy the University's Foreign Language Entrance Requirement (refer to the Academic Policies and Procedures section of the catalog). For the Bachelor of Arts degree in Global Business, students must demonstrate competency in a foreign language equivalent to a minimum of three semesters in the same foreign language. The Muma College of Business does not approve American Sign Language for the Foreign Language Exit Requirement.

Residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 semester hours depending on major) of required business courses, including 12-18 semester hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

International Course Requirement: All business students are required to select at least one course that deals with contemporary international topics. Consult with a business advisor for approved courses.

Academic Dismissal: Students dismissed more than once from the University of South Florida for academic reasons will not be readmitted to the Muma College of Business.

Academic Progression: The Muma College of Business supports the USF degree progression policy. Failure to meet degree progress may result in removal from the college to a program more appropriate to ensure students' success.

Degree Requirements (120 credit hours)

Non-Business (54 hrs. minimum)

Enhanced General Education Requirements

- Communication/English Composition (ENC 1102 is required) (6 credit hours)
- General Education Core Mathematics and Quantitative Reasoning (Calculus and Statistics are required) (6 credit hours)
- General Education Core Natural Sciences (3 credit hours)
- General Education Core Social Sciences (ECO 2013 is required) (3 credit hours)
- General Education Core Humanities (3 credit hours)
- Human Cultural Diversity (BUL 3320* is required) (3 credit hours)
- Information & Data Literacy (CGS 2100 is required) (3 credit hours)
- Creative Thinking (ECO 2023 is required) (3 credit hours)
- Ethical Reasoning & Civic Engagement (GEB 4890* is required) (3 credit hours)
- High Impact Practice (ENC 3250 is recommended) (3 credit hours)

*Not required for Hospitality Management majors.

Non-Business Requirements for Business Majors

SPC 2608 - Public Speaking or COM 3110 - Communication For Business and the Professions

ENC 3250 - Professional Writing or ENC 3310 - Expository Writing or equivalent It is recommended that transfer students take ENC 3250 or ENC 3310 their first semester at USF.

Additional Elective Credits

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Students may or may not need to take additional hours to meet the minimum of 54 non-business credits (See "Electives" heading below for a suggested course)

Students must satisfy the State Civic Literacy Requirement (0-3 credits) See advisor for more information.

Business (63-66 hrs. minimum):

Foundation Courses in Business - Required - a minimum grade of C- in each foundation course with an overall 2.0 GPA (36 credit hours):

ACG 2021 - Principles of Financial Accounting *
ACG 2071 - Principles of Managerial Accounting *
QMB 2100 - Business and Economic Statistics I
BUL 3320 - Law And Business I
RMI 3004 - Principles of Risk Management
FIN 3403 - Principles of Finance **
GEB 3033 - Business Workplace Skills and Best Practices
ISM 3011 - Information Systems in Organizations ***
QMB 3200 - Business and Economic Statistics II
MAN 3025 - Principles of Management
MAN 4504 - Operations and Supply Chain Management
MAR 3023 - Basic Marketing ****
GEB 4890 - Strategic Management and Decision Making

*Accounting majors must earn C, not C-, in ACG 2021 & ACG 2071.

**Finance, Personal Finance, and Risk Management and Insurance majors must earn a C, not C-, in FIN 3403 with no more than two attempts.

***Business Analytics and Information Systems (B.A.I.S.) and Information Assurance and Cybersecurity Management majors must earn C, not C-, in ISM 3011.

****Advertising, Marketing, and Supply Chain Management majors must earn C, not C-, in MAR 3023.

*****Hospitality Management majors complete different core courses, see major requirements.

Major Requirements (18-27 credit hours)

Required Business Electives (6 credit hours):

CGS 2100 - Computers in Business
GEB 3033 - Business Workplace Skills and Best Practices

Electives in Business or Non-Business

Sufficient elective courses to reach a minimum of 120 hours (ranges from 0-3 credit hours if above requirements are met); minimum total hours 120.

Grading Requirements

Courses are not available for audit. All courses in the major or minor field and all foundation coursework in business must be taken on a graded basis.

D/F Policy

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

Other Requirements

Computer Requirement

All students entering the Muma College of Business are required to have a laptop computer that they can use in their classes and labs. The laptop computer must be capable of connecting to the internet wirelessly and accessing software applications through a central server, and have audio and video capabilities.

Collier Student Success Center (located on Tampa campus)

Located in BSN 2101

(813) 974-8155

<http://www.usf.edu/business/student-success/>

The Collier Student Success Center includes the Undergraduate Advising Office, Corporate Mentor Program, and Muma Study Abroad Initiatives. The Collier Student Success Center assists business students with academic advising and global experiences. The Corporate Mentor Program helps first generation in college students by providing professional development opportunities and corporate networking events designed to enhance career readiness at graduation.

Bellini Center for Talent Development (located on Tampa campus)

TVB 200

(813) 974-9033

<https://www.usf.edu/business/talent-development/index.aspx>

The Bellini Center for Talent Development is a career-development program for students and the Tampa Bay Business community creating a real world corporate environment in a classroom level setting. The Center will increase job placement for graduates while providing Tampa Bay businesses with a talent pipeline of employees uniquely prepared to meet their needs through a three-year plus certification.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

LYNN PIPPENGER SCHOOL OF ACCOUNTANCY

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ACCOUNTING B.S.

TOTAL DEGREE HOURS: 120

The objective of the baccalaureate degree program in Accountancy is to provide students with accounting and business knowledge that will serve as a basis for careers in industry, government, non-profit organizations, and public accountancy. The baccalaureate program also prepares students for entry into the Master of Accountancy (M.Acc.) professional degree program. The State of Florida requires completion of 120 semester hours to sit for the CPA examination and 150 semester hours are required for licensure.

UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

PROGRESSION REQUIREMENTS - ACCOUNTING B.S.

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Students must enroll in two courses their first semester within the Accounting major. During the first semester, one of which is required is ACG 3103. The second course is to be chosen from among ACG 3341, ACG 3401 or TAX 4001. Students are also required to complete at least one of these two required courses successfully with a grade of C (not C-) or higher on the first attempt. Students who are unable to pass both courses on the first attempt are assigned for major reselection. ("W" grades count as not passing with a grade of C or higher).

Students who pass one of these courses with a grade of C or higher, but either did not pass the other course with a grade of C or higher or withdrew from the other course are permitted a second attempt to retake that course. During a semester in which a student retakes one of the two required accounting courses, the student is only permitted to enroll in that one accounting course; the student may not enroll in any other accounting courses during that semester. Further, the student is required to pass the repeated accounting course with a grade of C or higher. If the student earns a grade of C- or lower or withdraws from that course, the student is assigned for major reselection.

Accounting majors may use the forgiveness policy only once in upper-level Accounting courses. One experiential learning course (e.g., ACG 4940 Accounting Internship) may be applied towards the 120-credit hour graduation requirement. Independent Research, ACG 4911, will not be accepted as credit toward the minimum major requirements.

Within the 120-semester-hour program, students must complete a minimum of 24 hours of upper-level Accounting coursework with a grade of C not C- in all courses. Accounting courses taken by Accounting majors on an S/U basis will not be counted toward the 120-hour graduation requirement, with the exception of ACG 4911 Independent Research.

GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

General Education Program (36 credit hours), including State Core General Education Requirements;
State Computation (6 credit hours);
State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
Minimum of 120 unduplicated credit hours;
A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
Major and college requirements in a chosen degree program;
Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
42 credit hours of upper-level coursework;
Civics Literacy;
Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - ACCOUNTING B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA in all seven (7) courses:

ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3-6 credit hours*
ACG X071 Managerial Accounting or ACG X301 - 3 credit hours*
CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 or CGS X101 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
MAC X233 Elementary Calculus - 3 credit hours

* Students must earn a C in ACG X021 and ACG X071.

All students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

ACG 4940 - Accounting Internship **Credit(s): 3**

TAX 4940 - IRS VITA Internship **Credit(s): 3**

ADDITIONAL INFORMATION - ACCOUNTING B.S.

OTHER REQUIREMENTS

Accounting major courses must be no older than five (5) years to count for major credit. This applies both to continuing USF Accounting majors, as well as Accounting major courses transferred in from other institutions. A student may petition the Director for an exception to the policy and the Director may grant or deny such petition, at his/her discretion.

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

RESIDENCY REQUIREMENTS

Major residency: Students must complete 18 hours of upper-level Accounting requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ACCOUNTING (FOR BUSINESS MAJORS ONLY) MINOR

The Accounting minor is available to all Undergraduate Muma College of Business students, except those majoring in Accounting.

TOTAL MINOR CREDIT HOURS: 12

MINOR CORE CREDIT HOURS: 12

Note: Students must take ACG 3103 during the first semester and at least one of the other three courses listed below during the same semester.

- ACG 3103 - Intermediate Financial Accounting I **Credit(s): 3**
- ACG 3341 - Cost Accounting and Control I **Credit(s): 3**
- ACG 3401 - Accounting Information Systems **Credit(s): 3**
- TAX 4001 - Concepts of Federal Income Taxation **Credit(s): 3**

GPA REQUIREMENTS

A GPA of 2.0 or higher must be achieved in all minor coursework. All attempts will be included in the GPA unless grade forgiveness has been used. Only one grade forgiveness may be used in the minor.

GRADING REQUIREMENTS

A grade of C (not C-) or better must be earned in each of the four upper-level Accounting courses taken.

RESIDENCY REQUIREMENT

Students must complete 12 hours in residency at USF.

OTHER REQUIREMENTS

The Lynn Pippenger School of Accountancy has additional admission requirements beyond the entry requirements to the Muma College of Business.

Successful completion of ACG 3103 - Intermediate Financial Accounting I and ACG 3341 - Cost Accounting and Control I or ACG 3401 - Accounting Information Systems or TAX 4001 with a minimum grade of C, not C- and no more than two attempts cumulatively between ACG 3103 and the selected co-requisite course. "W" grades count as an attempt.

The pre-requisites for ACG 3103 and all accounting minor coursework require students to earn a grade of C, not C- in both ACG 2021 and ACG 2071. Students who fail to obtain a minimum grade of C (not C-) in ACG 3103 and ACG Co-requisite within two cumulative attempts will be withdrawn from the minor, as appropriate. "W" grades count as an attempt.

Accounting courses must be no older than five (5) years to count for degree credit.

A student may petition the Director for an exception to the policy and the Director may grant or deny such a petition, at his/her discretion.

LEGAL STUDIES MINOR

The Muma College of Business in conjunction with the College of Arts and Sciences (CAS), offers a Legal Studies minor that is open to all USF students regardless of their major. The minor in Legal Studies provides students with real law for the real world. The minor will:

- Instill in students a strong, pragmatic understanding of legal concepts, public policy, law, and its applications while emphasizing the implications on societies and business;
- Complement existing CAS and COB majors;
- Develop students' ability to recognize legal issues and manage risks;
- Develop students analytical, problem solving and negotiation skills along with their ethical sensitivity;
- Develop students' ability to formulate and advocate positions, and to use those skills to effectively communicate; and
- Improve students' leadership skills, social business skills, marketability, and employment prospects

MINOR REQUIREMENTS

The Legal Studies Minor consists of:

Required Courses	6 hours
Elective Courses	<u>9 hours</u>
Total	15 hours

TOTAL MINOR CREDIT HOURS: 15

MINOR CORE COURSES (6 CREDIT HOURS)

- BUL 3320 - Law And Business I **Credit(s): 3**
- BUL 3321 - Law And Business II **Credit(s): 3**

MINOR ELECTIVES (9 CREDIT HOURS)

- CJL 3110 - Substantive Criminal Law **Credit(s): 3**
- INR 4403 - International Law **Credit(s): 3**
- MAN 4402 - Employment Laws **Credit(s): 3**
- POS 3697 - Environmental Law **Credit(s): 3**
- POS 4614 - Constitutional Law I **Credit(s): 3**
- or
- POS 4624 - Constitutional Law II **Credit(s): 3**

GPA REQUIREMENTS

Students must maintain a 2.0 GPA in all of the course work toward the minor.

GRADING REQUIREMENTS

A 2.0 GPA must be maintained in all of the coursework for the minor.

KATE TIEDEMANN SCHOOL OF BUSINESS AND FINANCE

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

FINANCE B.S.

TOTAL DEGREE HOURS: 120

The Finance major provides a broad-based, analytical program for students anticipating a career in the management of both large and small organizations. Finance provides a good background for students seeking general careers in business. Finance majors can elect to take courses in the following areas that prepare them for entry and advanced careers in: financial management of corporations, management of financial institutions, investments, financial services, insurance, and real estate. In addition, the program in Finance is designed to provide the skills required by students earning degrees in other business disciplines and by students who seek professional degrees in areas such as law and public administration. The Finance program offers courses that enable the graduate to identify and solve problems in the acquisition and allocation of funds by organizations in the public and private sectors in domestic and international settings. It provides the background necessary for managing wealth in a risky environment. Finance relies on an interdisciplinary approach that draws on economic theory, accounting, information systems, and the quantitative decision frameworks of statistics and mathematics. The major is designed to ensure that graduates are familiar with the tools of financial decision making and that they possess the skills to stay abreast of the developments in the field. Finance graduates will understand the functions and operations of financial markets, become familiar with computer applications in finance, and know how to access and utilize financial information. Course content is designed to provide majors with an appreciation of cooperative work skills and to enhance their verbal and written communication skills.

UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA in the seven (7) courses:

ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3-6 credit hours
ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 or CGS X101 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
MAC X233 Elementary Calculus - 3 credit hours

FINANCE REQUIRED COURSES: (57 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

BUL 3320 - Law And Business I **Credit(s): 3**
FIN 3403 - Principles of Finance **Credit(s): 3**
GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ADDITIONAL INFORMATION - FINANCE B.S.

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Within the 120-credit hour program, students must complete a minimum of 21 hours of upper-level Finance/Personal Finance coursework beyond FIN 3403 with a grade of C- in all courses. Finance courses taken by Finance/Personal Finance majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

RESIDENCY REQUIREMENTS

Major residency: Students must complete 15 hours of upper-level Finance/Personal Finance requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

INTERNSHIP OPPORTUNITIES

It is strongly recommended that Finance students take an internship course (FIN 4940 - Finance Internship or REE 4940 - Real Estate Internship) as part of their plan of study. For more information go to: <https://www.usf.edu/business/talent-development/internships.aspx>.

RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

FINANCE B.S., WITH CORPORATE FINANCE CONCENTRATION

TOTAL DEGREE HOURS: 120

The Finance major provides a broad-based, analytical program for students anticipating a career in the management of both large and small organizations. Finance provides a good background for students seeking general careers in business. Finance majors can elect to take courses in the following areas that prepare them for entry and advanced careers in: financial management of corporations, management of financial institutions, investments, financial services, insurance, and real estate. In addition, the program in Finance is designed to provide the skills required by students earning degrees in other business disciplines and by students who seek professional degrees in areas such as law and public administration. The Finance program offers courses that enable the graduate to identify and solve problems in the acquisition and allocation of funds by organizations in the public and private sectors in domestic and international settings. It provides the background necessary for managing wealth in a risky environment. Finance relies on an interdisciplinary approach that draws on economic theory, accounting, information systems, and the quantitative decision frameworks of statistics and mathematics. The major is designed to ensure that graduates are familiar with the tools of financial decision making and that they possess the skills to stay abreast of the developments in the field. Finance graduates will understand the functions and operations of financial markets, become familiar with computer applications in finance, and know how to access and utilize financial information. Course content is designed to provide majors with an appreciation of cooperative work skills and to enhance their verbal and written communication skills.

UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA in the seven (7) courses:

ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3-6 credit hours
ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or
ISM X000 or CGS X518 or CGS X101 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
MAC X233 Elementary Calculus - 3 credit hours

FINANCE REQUIRED COURSES: (57 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

BUL 3320 - Law And Business I **Credit(s): 3**
FIN 3403 - Principles of Finance **Credit(s): 3**
GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**
ISM 3011 - Information Systems and Organizations **Credit(s): 3**
MAN 3025 - Principles of Management **Credit(s): 3**
MAN 4504 - Operations and Supply Chain Management **Credit(s): 3**
MAR 3023 - Basic Marketing **Credit(s): 3**
QMB 3200 - Business and Economic Statistics II **Credit(s): 3**
RMI 3004 - Principles of Risk Management **Credit(s): 3**

Notes:

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Finance, Personal Financial Planning, and Risk Management and Insurance majors must earn a C, not a C-, in FIN 3403 with no more than two attempts.

Business Analytics and Information Systems (B.A.I.S.) and Information Assurance and Cybersecurity Management majors must earn C, not C-, in ISM 3011

Advertising, Marketing, and Supply Chain Management majors must earn a C, not a C-, in MAR 3023

OTHER BUSINESS REQUIRED COURSES (6 CREDIT HOURS)

CGS 2100 - Computers in Business **Credit(s): 3** (Meets general education requirement)

GEB 3033 - Business Workplace Skills and Best Practices **Credit(s): 3**

FINANCE SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each supporting course is required.

COM 3110 - Communication For Business and the Professions **Credit(s): 3**

OR

SPC 2608 - Public Speaking **Credit(s): 3**

ENC 3250 - Professional Writing **Credit(s): 3**

OR

ENC 3310 - Expository Writing **Credit(s): 3**

Contemporary International Topics Course **Credit(s): 3**

FINANCE MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

FIN 4443 - Financial Policies and Strategies **Credit(s): 3**

FIN 4453 - Financial Modeling and Analytics **Credit(s): 3**

FIN 4504 - Principles of Investments **Credit(s): 3**

FINANCE MAJOR (RESTRICTED) ELECTIVES: 4 COURSES; 12 CREDITS

Students complete a general Finance program of study or complete one of three (3) concentrations:

Investment Analysis

Corporate Finance

Real Estate

CORPORATE FINANCE CONCENTRATION: 4 COURSES; 12 CREDIT HOURS

Select a minimum of four of the following courses:

FIN 4414 - Advanced Corporation Finance **Credit(s): 3**

ACG 3103 - Intermediate Financial Accounting I **Credit(s): 3**

ACG 3113 - Intermediate Financial Accounting II **Credit(s): 3**

FIN 3604 - International Finance **Credit(s): 3**

FIN 4412 - Working Capital Management **Credit(s): 3**

FIN 4461 - Financial Statement Analysis **Credit(s): 3**

FIN 4940 - Finance Internship **Credit(s): 3**

XXX XXXX Any other Finance or Related Course with approval from Department Chair

ADDITIONAL INFORMATION - FINANCE B.S.

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Within the 120-credit hour program, students must complete a minimum of 21 hours of upper-level Finance/Personal Finance coursework beyond FIN 3403 with a grade of C- in all courses. Finance courses taken by Finance/Personal Finance majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

RESIDENCY REQUIREMENTS

Major residency: Students must complete 15 hours of upper-level Finance/Personal Finance requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

INTERNSHIP OPPORTUNITIES

It is strongly recommended that Finance students take an internship course (FIN 4940 - Finance Internship or REE 4940 - Real Estate Internship) as part of their plan of study. For more information go to: <https://www.usf.edu/business/talent-development/internships.aspx>.

RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

FIN 4504 - Principles of Investments **Credit(s): 3**

FINANCE MAJOR (RESTRICTED) ELECTIVES: 4 COURSES; 12 CREDITS

Students complete a general Finance program of study or complete one of three (3) concentrations:

Investment Analysis

Corporate Finance

Real Estate

INVESTMENT ANALYSIS CONCENTRATION: 4 COURSES; 12 CREDIT HOURS

Select a minimum of four of the following courses:

FIN 3604 - International Finance **Credit(s): 3**

FIN 4303 - Financial Institutions and Markets **Credit(s): 3**

FIN 4533 - Financial Option & Futures **Credit(s): 3**

FIN 4461 - Financial Statement Analysis **Credit(s): 3**

FIN 4514 - Advanced Investment Analysis and Management **Credit(s): 3**

FIN 4560 - Applied Securities Analysis **Credit(s): 3**

FIN 4940 - Finance Internship **Credit(s): 3**

XXX XXXX Finance or related course, with approval of Department Chair (3)

ADDITIONAL INFORMATION - FINANCE B.S.

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Within the 120-credit hour program, students must complete a minimum of 21 hours of upper-level Finance/Personal Finance coursework beyond FIN 3403 with a grade of C- in all courses. Finance courses taken by Finance/Personal Finance majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

RESIDENCY REQUIREMENTS

Major residency: Students must complete 15 hours of upper-level Finance/Personal Finance requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

INTERNSHIP OPPORTUNITIES

It is strongly recommended that Finance students take an internship course (FIN 4940 - Finance Internship or REE 4940 - Real Estate Internship) as part of their plan of study. For more information go to: <https://www.usf.edu/business/talent-development/internships.aspx>.

RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

FINANCE B.S., WITH REAL ESTATE CONCENTRATION

TOTAL DEGREE HOURS: 120

The Finance major provides a broad-based, analytical program for students anticipating a career in the management of both large and small organizations. Finance provides a good background for students seeking general careers in business. Finance majors can elect to take courses in the following areas that prepare them for entry and advanced careers in: financial management of corporations, management of financial institutions, investments, financial services, insurance, and real estate. In addition, the program in Finance is designed to provide the skills required by students earning degrees in other business disciplines and by students who seek professional degrees in areas such as law and public administration. The Finance program offers courses that enable the graduate to identify and solve problems in the acquisition and allocation of funds by organizations in the public and private sectors in domestic and international settings. It provides the background necessary for managing wealth in a risky environment. Finance relies on an interdisciplinary approach that draws on economic theory, accounting, information systems, and the quantitative decision frameworks of statistics and mathematics. The major is designed to ensure that graduates are familiar with the tools of financial decision making and that they possess the skills to stay abreast of the developments in the field. Finance graduates will understand the functions and operations of financial markets, become familiar with computer applications in finance, and know how to access and utilize financial information. Course content is designed to provide majors with an appreciation of cooperative work skills and to enhance their verbal and written communication skills.

SPECIALIZED ADMISSIONS - MUMA COLLEGE OF BUSINESS

This program has specialized admissions meaning students must complete additional requirements before entering the major. Please see Muma College of Business site for more information on Specialized Admissions requirements.

UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Civics Literacy;
Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA in the seven (7) courses:

ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3-6 credit hours
ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or
ISM X000 or CGS X518 or CGS X101 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
MAC X233 Elementary Calculus - 3 credit hours

FINANCE REQUIRED COURSES: (57 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

BUL 3320 - Law And Business I **Credit(s): 3**
FIN 3403 - Principles of Finance **Credit(s): 3**
GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**

PERSONAL FINANCIAL PLANNING B.S.

TOTAL DEGREE HOURS: 120

The Personal Financial Planning program aims to equip students with the knowledge and skills needed to pursue careers in the financial planning and related industry. A financial planner takes a "big picture" view of a client's financial situation and makes financial planning recommendations based on the client's needs in areas such as budgeting and saving, taxes, investments, insurance and retirement planning. Alternatively, the planner may work with a client on a single financial issue but still within the context of that client's overall situation.

ADMISSION STANDARDS FOR THE PROGRAM

To matriculate to the upper-division courses required for the B.S. Personal Financial Planning, students must earn a minimum grade of C- in the following courses and an overall 2.5 GPA in all seven (7) courses:

Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)
Managerial Accounting: ACG X071 (or ACG X301)
Computers in Business: CGS X100 (or acceptable substitute)
Principles of Macroeconomics: ECO X013
Principles of Microeconomics: ECO X023
Elementary Calculus: MAC X233 or MAC 2230
Statistics: QMB X100 or STA X023 or STA X122

PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

General Education Program (36 credit hours), including State Core General Education Requirements;
State Computation (6 credit hours);
State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
Minimum of 120 unduplicated credit hours;
A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
Major and college requirements in a chosen degree program;
Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
42 credit hours of upper-level coursework;
Civics Literacy;
Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA in the seven (7) courses:

ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3-6 credit hours
ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 or CGS X101 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
MAC X233 Elementary Calculus - 3 credit hours

REQUIRED COURSES: (57 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

BUL 3320 - Law And Business I **Credit(s): 3**
FIN 3403 - Principles of Finance **Credit(s): 3**
GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**
ISM 3011 - Information Systems in Organizations **Credit(s): 3**
MAN 3025 - Principles of Management **Credit(s): 3**
MAN 4504 - Operations and Supply Chain Management **Credit(s): 3**
MAR 3023 - Basic Marketing **Credit(s): 3**
QMB 3200 - Business and Economic Statistics II **Credit(s): 3**
RMI 3004 - Principles of Risk Management **Credit(s): 3**

Notes:

Finance, Personal Financial Planning, and Risk Management and Insurance majors must earn a C, not a C-, in FIN 3403 with no more than two attempts.

Business Analytics and Information Systems (B.A.I.S.) and Information Assurance and Cybersecurity Management majors must earn C, not C-, in ISM 3011

Advertising, Marketing, and Supply Chain Management majors must earn a C, not a C-, in MAR 3023

OTHER BUSINESS REQUIRED COURSES (6 CREDIT HOURS)

CGS 2100 - Computers in Business **Credit(s): 3** (Meets general education requirement)
GEB 3033 - Business Workplace Skills and Best Practices **Credit(s): 3**

ADDITIONAL INFORMATION - PERSONAL FINANCIAL PLANNING B.S.

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

In computing entry grade point average, all Business and Economics courses taken for S or U grades will be converted to C or F, respectively.

GRADING REQUIREMENTS

Students are required to earn a C- or higher in all Personal Finance courses that are counted toward the major requirements.

RESIDENCY REQUIREMENT

Major Residency: Students must complete 15 credit hours of upper-level Financial Planning/Finance requirements in residence at USF.

College Residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

INTERNSHIP OPPORTUNITIES

It is recommended that Finance students participate in an internship course (FIN 4940) as part of their plan of study. This course is offered on an S/U basis only.

RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

HFT 4937 - Hospitality Speaker Series **Credit(s): 1**

ADDITIONAL INFORMATION - HOSPITALITY MANAGEMENT B.S.

OTHER REQUIREMENTS

Industry Experience Requirements: Students must complete a total of 1000 hours of industry experience.

700 hours prior, concurrent or subsequent to taking HFT 4945
300 hours while enrolled in HFT 4945

GPA REQUIREMENTS

Students must earn at least a 2.00 overall GPA, USF GPA, and in the major to be certified for graduation.

GRADING REQUIREMENTS

In the required core courses, students may not receive a grade lower than "C-."

RESIDENCY REQUIREMENT

At least 50% of the major coursework must be completed at USF.

OTHER INFORMATION

HFT 2930, Special Topics in Hospitality, may be used to satisfy any outstanding lower-level electives. Students must see academic advisor regarding this course.

RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

SCHOOL OF INFORMATION SYSTEMS AND MANAGEMENT

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

BUSINESS ANALYTICS AND INFORMATION SYSTEMS B.S.

TOTAL DEGREE HOURS: 120

The Business Analytics and Information Systems (BAIS) major provides the skills and knowledge necessary to enter the rapidly changing world of business analytics and information systems. Potential career paths include data analyst, business intelligence analyst, business analyst, consulting, systems analyst, database administrator, project manager or a myriad of technology management roles in business.

UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA in the seven (7) courses:

ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3-6 credit hours
ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or
ISM X000 or CGS X518 or CGS X101 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
MAC X233 Elementary Calculus - 3 credit hours

BAIS REQUIRED COURSES: (57 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

BUL 3320 - Law And Business I **Credit(s): 3**
FIN 3403 - Principles of Finance **Credit(s): 3**
GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**
ISM 3011 - Information Systems in Organizations **Credit(s): 3**
MAN 3025 - Principles of Management **Credit(s): 3**
MAN 4504 - Operations and Supply Chain Management **Credit(s): 3**
MAR 3023 - Basic Marketing **Credit(s): 3**
QMB 3200 - Business and Economic Statistics II **Credit(s): 3**
RMI 3004 - Principles of Risk Management **Credit(s): 3**

Notes:

Finance, Personal Financial Planning, and Risk Management and Insurance majors must earn a C, not a C-, in FIN 3403 with no more than two attempts.
Business Analytics and Information Systems (B.A.I.S.) and Information Assurance and Cybersecurity Management majors must earn C, not C-, in ISM 3011
Advertising, Marketing, and Supply Chain Management majors must earn a C, not a C-, in MAR 3023

OTHER BUSINESS REQUIRED COURSES (6 CREDIT HOURS)

CGS 2100 - Computers in Business **Credit(s): 3** (Meets general education requirement)
GEB 3033 - Business Workplace Skills and Best Practices **Credit(s): 3**

BAIS SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ISM 4930 - Selected Topics in MIS **Credit(s): 1-3**

ISM 4940 - Business Analytics & Information Systems Internship **Credit(s): 3**

ADDITIONAL INFORMATION - BUSINESS ANALYTICS AND INFORMATION SYSTEMS B.S.

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Grade forgiveness may be used for only one upper-level major course.

Within the 120 credit hour program, students must complete a minimum of 24 hours of upper-level Business Analytics and Information Systems coursework with a grade of C not C- in all courses, including ISM 3011. BAIS courses taken by BAIS majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

RESIDENCY REQUIREMENTS

Major residency: Students must complete 18 hours of upper-level Business Analytics and Information Systems requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

INTERNSHIP OPPORTUNITIES

It is strongly recommended that Business Analytics and Information Systems students take an internship course (ISM 4940 - Business Analytics & Information Systems Internship) as part of their plan of study. For more information, please go to: <https://www.usf.edu/business/talent-development/internships.aspx>.

RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

Plans of Study - Business Analytics and Information Systems B.S.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see <https://www.usf.edu/undergrad/students/civics-literacy.aspx> or talk with your academic advisor.

Items that are critical are marked with a * and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

Business Analyst
Data Base Administrator
Network Administrator
IT Project Manager
IT Auditor
Developer/Software Engineer
Data Analyst
Business Intelligence Developer
Data Engineer

Potential Entry Level Salary Range:

\$30,000 - \$80,000

Business Analytics and Information Systems B.S. - 2 Year Plan of Study

YEAR 1

SEMESTER 1 (FALL)

- * ISM 3011 - Information Systems in Organizations **Credit(s): 3**
 - * ISM 3232 - Business Application Development **Credit(s): 3**
 - BUL 3320 - Law And Business I **Credit(s): 3**
 - GEB 3033 - Business Workplace Skills and Best Practices **Credit(s): 3**
 - MAR 3023 - Basic Marketing **Credit(s): 3**
- Total Credit Hours: 15**

SEMESTER 2 (SPRING)

- * ISM 3113 - Systems Analysis and Design **Credit(s): 3**
 - * Major Elective or Concentration **Credit(s): 3**
 - ENC 3250 - Professional Writing **Credit(s): 3**
 - OR ENC 3310 - Expository Writing **Credit(s): 3**
 - MAN 3025 - Principles of Management **Credit(s): 3**
 - QMB 3200 - Business and Economic Statistics II **Credit(s): 3**
- Total Credit Hours: 15**

SEMESTER 3 (SUMMER)

- * ISM 4212 - Database Design and Administration **Credit(s): 3**
 - FIN 3403 - Principles of Finance **Credit(s): 3**
- Total Credit Hours: 6**

YEAR 2

SEMESTER 4 (FALL)

- * ISM 4220 - Business Data Communications **Credit(s): 3**

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

BUSINESS ANALYTICS AND INFORMATION SYSTEMS B.S., WITH CYBERSECURITY CONCENTRATION

TOTAL DEGREE HOURS: 120

The Business Analytics and Information Systems (BAIS) major provides the skills and knowledge necessary to enter the rapidly changing world of business analytics and information systems. Potential career paths include data analyst, business intelligence analyst, business analyst, consulting, systems analyst, database administrator, project manager or a myriad of technology management roles in business.

SPECIALIZED ADMISSIONS - MUMA COLLEGE OF BUSINESS

This program has specialized admissions meaning students must complete additional requirements before entering the major. Please see Muma College of Business site for more information on Specialized Admissions requirements.

UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA in the seven (7) courses:

ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3-6 credit hours
ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 or CGS X101 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
MAC X233 Elementary Calculus - 3 credit hours

BAIS REQUIRED COURSES: (57 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

BUL 3320 - Law And Business I **Credit(s): 3**
FIN 3403 - Principles of Finance **Credit(s): 3**
GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**
ISM 3011 - Information Systems in Organizations **Credit(s): 3**
MAN 3025 - Principles of Management **Credit(s): 3**
MAN 4504 - Operations and Supply Chain Management **Credit(s): 3**
MAR 3023 - Basic Marketing **Credit(s): 3**
QMB 3200 - Business and Economic Statistics II **Credit(s): 3**
RMI 3004 - Principles of Risk Management **Credit(s): 3**

Notes:

Finance, Personal Financial Planning, and Risk Management and Insurance majors must earn a C, not a C-, in FIN 3403 with no more than two attempts.

Business Analytics and Information Systems (B.A.I.S.) and Information Assurance and Cybersecurity Management majors must earn C, not C-, in ISM 3011

Advertising, Marketing, and Supply Chain Management majors must earn a C, not a C-, in MAR 3023

OTHER BUSINESS REQUIRED COURSES (6 CREDIT HOURS)

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

CGS 2100 - Computers in Business **Credit(s): 3** (Meets general education requirement)

GEB 3033 - Business Workplace Skills and Best Practices **Credit(s): 3**

BAIS SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each Supporting course is required.

SPC 2608 - Public Speaking **Credit(s): 3**

OR

COM 3110 - Communication For Business and the Professions **Credit(s): 3**

ENC 3250 - Professional Writing **Credit(s): 3**

OR

ENC 3310 - Expository Writing **Credit(s): 3**

Contemporary International Topics Course **Credit(s): 3**

BAIS MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

ISM 3232 - Business Application Development **Credit(s): 3**

It is recommended that ISM 3232 be taken concurrently with ISM 3011.

ISM 4212 - Database Design and Administration **Credit(s): 3**

BAIS OTHER REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

ISM 3113 - Systems Analysis and Design **Credit(s): 3**

ISM 4300 - Managing Information Resources **Credit(s): 3**

ISM 4220 - Business Data Communications **Credit(s): 3** (Recommended for students interested in cyber security career)

OR

ISM 4402 - Business Intelligence **Credit(s): 3** (Recommended for students interested in mainstream business analytics careers)

BAIS MAJOR (RESTRICTED) ELECTIVES: 2 COURSES; 6 CREDIT HOURS

Students complete a General BAIS program of study (6 credit hours) or complete the Cybersecurity concentration (6 credit hours):

Cybersecurity

CYBERSECURITY CONCENTRATION: 3 COURSES; 9 CREDIT HOURS

CONCENTRATION CORE: 1 COURSE; 3 CREDIT HOURS

ISM 4323 - Information Security and IT Risk Management **Credit(s): 3**

CONCENTRATION ELECTIVES: 2 COURSES; 6 CREDIT HOURS

Select 2 courses from the following list of courses.

Note: If ISM 4220 or ISM 4402 are used to satisfy the major requirements, it cannot be used to fulfill the elective requirements.

ISM 4220 - Business Data Communications **Credit(s): 3**

ISM 4402 - Business Intelligence **Credit(s): 3**

ISM 4041 - Global Cyber Ethics **Credit(s): 3**

ISM 4432 - Software Testing **Credit(s): 3**

ISM 4940 - Business Analytics & Information Systems Internship **Credit(s): 3**

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ADDITIONAL INFORMATION - BUSINESS ANALYTICS AND INFORMATION SYSTEMS B.S.

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Grade forgiveness may be used for only one upper-level major course.

Within the 120 credit hour program, students must complete a minimum of 24 hours of upper-level Business Analytics and Information Systems coursework with a grade of C not C- in all courses, including ISM 3011. BAIS courses taken by BAIS majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

RESIDENCY REQUIREMENTS

Major residency: Students must complete 18 hours of upper-level Business Analytics and Information Systems requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

INTERNSHIP OPPORTUNITIES

It is strongly recommended that Business Analytics and Information Systems students take an internship course (ISM 4940 - Business Analytics & Information Systems Internship) as part of their plan of study. For more information, please go to: <https://www.usf.edu/business/talent-development/internships.aspx>.

Plans of Study - Business Analytics and Information Systems B.S., with Cybersecurity Concentration

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see <https://www.usf.edu/undergrad/students/civics-literacy.aspx> or talk with your academic advisor.

Items that are critical are marked with a * and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

Business Analyst
Data Base Administrator
Network Administrator
IT Project Manager
IT Auditor
Developer/Software Engineer
Data Analyst
Business Intelligence Developer
Data Engineer

Potential Entry Level Salary Range:

\$30,000 - \$80,000

INFORMATION ASSURANCE AND CYBERSECURITY MANAGEMENT, B.S.

TOTAL DEGREE HOURS: 120

The Information Assurance and Cybersecurity Management (IACM) major has strong practical focus while grounded in robust theoretical approaches to develop a solid foundation of knowledge and skills necessary for information assurance and cybersecurity professionals. The key focus of the program is on the management of the cybersecurity function in organizations. Topics such as network security, database management, cloud security, risk management, cybersecurity governance, policies, and planning, and cybersecurity analytics and protocols are covered as they relate to managing the availability, integrity, authentication, confidentiality, and non-repudiation of the information infrastructure as well as managing its restoration, integrating protection, detection, and reaction capabilities.

SPECIALIZED ADMISSIONS - MUMA COLLEGE OF BUSINESS

This program has specialized admissions meaning students must complete additional requirements before entering the major. Please see Muma College of Business site for more information on Specialized Admissions requirements.

UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA in the seven (7) courses:

ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3-6 credit hours
ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 or CGS X101 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
MAC X233 Elementary Calculus - 3 credit hours

REQUIRED COURSES: (63 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

BUL 3320 - Law And Business I **Credit(s): 3**
FIN 3403 - Principles of Finance **Credit(s): 3**
GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**
ISM 3011 - Information Systems in Organizations **Credit(s): 3**
MAN 3025 - Principles of Management **Credit(s): 3**
MAN 4504 - Operations and Supply Chain Management **Credit(s): 3**
MAR 3023 - Basic Marketing **Credit(s): 3**
QMB 3200 - Business and Economic Statistics II **Credit(s): 3**
RMI 3004 - Principles of Risk Management **Credit(s): 3**

Notes:

Finance, Personal Financial Planning, and Risk Management and Insurance majors must earn a C, not a C-, in FIN 3403 with no more than two attempts.

Business Analytics and Information Systems (B.A.I.S.) and Information Assurance and Cybersecurity Management majors must earn C, not C-, in ISM 3011

Advertising, Marketing, and Supply Chain Management majors must earn a C, not a C-, in MAR 3023

OTHER BUSINESS REQUIRED COURSES (6 CREDIT HOURS)

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

CGS 2100 - Computers in Business **Credit(s): 3** (Meets general education requirement)
GEB 3033 - Business Workplace Skills and Best Practices **Credit(s): 3**

SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each Supporting course is required.

SPC 2608 - Public Speaking **Credit(s): 3**
OR
COM 3110 - Communication For Business and the Professions **Credit(s): 3**
ENC 3250 - Professional Writing **Credit(s): 3**
OR
ENC 3310 - Expository Writing **Credit(s): 3**
Contemporary International Topics Course **Credit(s): 3**

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

ISM 3232 - Business Application Development **Credit(s): 3 ***
ISM 4212 - Database Design and Administration **Credit(s): 3**
ISM 3113 - Systems Analysis and Design **Credit(s): 3**

* It is recommended that ISM 3232 be taken concurrently with ISM 3011

MAJOR OTHER REQUIRED COURSES: 6 COURSES; 18 CREDIT HOURS

ISM 4220 - Business Data Communications **Credit(s): 3**
ISM 4323 - Information Security and IT Risk Management **Credit(s): 3**
ISM 4263 - Cloud Solution Architectures **Credit(s): 3**
ISM 4321 - Cybersecurity Threat Intelligence **Credit(s): 3**
ISM 4570 - Cybersecurity Governance and Planning **Credit(s): 3**
ISM 4641 - Python for Business Analytics **Credit(s): 3**

ADDITIONAL INFORMATION - INFORMATION ASSURANCE AND CYBERSECURITY MANAGEMENT B.S.

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Grade forgiveness may be used for only one upper-level major course.

Within the 120-semester-hour program, students must complete a minimum of 27 hours of upper-level Information Assurance and Cybersecurity Management (IACM) coursework with a grade of C- in all courses, except ISM 3011, for which a minimum grade of C must be earned.

INTERNSHIP OPPORTUNITIES

For more information on internship opportunities, please go to: <https://www.usf.edu/business/talent-development/internships.aspx>.

RESIDENCY REQUIREMENTS

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Major residency: Students must complete 18 hours of upper-level Information Assurance and Cybersecurity Management requirements in residence at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

MANAGEMENT B.S.

Total Degree Hours: 120

The undergraduate major in Management prepares students to manage and lead all aspects of organizations. It also prepares students for graduate study in business and other fields. Mastery of course content enables students to inspire themselves, others, teams, and organizations to coordinate efforts to provide effective outcomes. Content covered includes ethics and virtue, organizational behavior, human resources, domestic and international cultural differences, and negotiating skills. A capstone course integrates the learning objectives of the major in a study of a real company where students demonstrate that they can now apply effectively what they have learned.

SPECIALIZED ADMISSIONS - MUMA COLLEGE OF BUSINESS

This program has specialized admissions meaning students must complete additional requirements before entering the major. Please see Muma College of Business site for more information on Specialized Admissions requirements.

UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA in the seven (7) courses:

ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3-6 credit hours
ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 or CGS X101 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
MAC X233 Elementary Calculus - 3 credit hours

MANAGEMENT REQUIRED COURSES: (54 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

BUL 3320 - Law And Business I **Credit(s): 3**
FIN 3403 - Principles of Finance **Credit(s): 3**
GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**
ISM 3011 - Information Systems in Organizations **Credit(s): 3**
MAN 3025 - Principles of Management **Credit(s): 3**
MAN 4504 - Operations and Supply Chain Management **Credit(s): 3**
MAR 3023 - Basic Marketing **Credit(s): 3**
QMB 3200 - Business and Economic Statistics II **Credit(s): 3**
RMI 3004 - Principles of Risk Management **Credit(s): 3**

Notes:

Finance, Personal Financial Planning, and Risk Management and Insurance majors must earn a C, not a C-, in FIN 3403 with no more than two attempts.

Business Analytics and Information Systems (B.A.I.S.) and Information Assurance and Cybersecurity Management majors must earn C, not C-, in ISM 3011

Advertising, Marketing, and Supply Chain Management majors must earn a C, not a C-, in MAR 3023

MANAGEMENT B.S., WITH AGING SERVICES MANAGEMENT CONCENTRATION

Total Degree Hours: 120

The undergraduate major in Management prepares students to manage and lead all aspects of organizations. It also prepares students for graduate study in business and other fields. Mastery of course content enables students to inspire themselves, others, teams, and organizations to coordinate efforts to provide effective outcomes. Content covered includes ethics and virtue, organizational behavior, human resources, domestic and international cultural differences, and negotiating skills. A capstone course integrates the learning objectives of the major in a study of a real company where students demonstrate that they can now apply effectively what they have learned.

SPECIALIZED ADMISSIONS - MUMA COLLEGE OF BUSINESS

This program has specialized admissions meaning students must complete additional requirements before entering the major. Please see Muma College of Business site for more information on Specialized Admissions requirements.

UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA in the seven (7) courses:

ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3-6 credit hours
ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 or CGS X101 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
MAC X233 Elementary Calculus - 3 credit hours

MANAGEMENT REQUIRED COURSES: (54 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

BUL 3320 - Law And Business I **Credit(s): 3**
FIN 3403 - Principles of Finance **Credit(s): 3**
GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**
ISM 3011 - Information Systems in Organizations **Credit(s): 3**
MAN 3025 - Principles of Management **Credit(s): 3**
MAN 4504 - Operations and Supply Chain Management **Credit(s): 3**
MAR 3023 - Basic Marketing **Credit(s): 3**
QMB 3200 - Business and Economic Statistics II **Credit(s): 3**
RMI 3004 - Principles of Risk Management **Credit(s): 3**

Notes:

Finance, Personal Financial Planning, and Risk Management and Insurance majors must earn a C, not a C-, in FIN 3403 with no more than two attempts.

Business Analytics and Information Systems (B.A.I.S.) and Information Assurance and Cybersecurity Management majors must earn C, not C-, in ISM 3011

Advertising, Marketing, and Supply Chain Management majors must earn a C, not a C-, in MAR 3023

OTHER BUSINESS REQUIRED COURSES (6 CREDIT HOURS)

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

CGS 2100 - Computers in Business **Credit(s): 3** (Meets general education requirement)
GEB 3033 - Business Workplace Skills and Best Practices **Credit(s): 3**

MANAGEMENT SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each Supporting course is required.

COM 3110 - Communication For Business and the Professions **Credit(s): 3**

OR

SPC 2608 - Public Speaking **Credit(s): 3**

ENC 3250 - Professional Writing **Credit(s): 3**

OR

ENC 3310 - Expository Writing **Credit(s): 3**

Contemporary International Topics Course **Credit(s): 3**

MANAGEMENT MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

MAN 3240 - Organizational Behavior Analysis **Credit(s): 3**

MAN 3301 - Human Resource Management **Credit(s): 3**

MAN 4737 - Integrated Management Applications **Credit(s): 3**

MANAGEMENT MAJOR (RESTRICTED) ELECTIVES: 4 COURSES; 12 CREDIT HOURS

Students complete a general Management program of study or **one** of four concentrations (3 courses; 9 credit hours):

Aging Services Management

Human Resources Management

Project Management

Responsible and Inclusive Organizational Leadership

Students take an additional General Management Major Elective (1 course; 3 credit hours)

AGING SERVICES MANAGEMENT CONCENTRATION: 3 COURSES; 9 CREDIT HOURS

CONCENTRATION CORE: 3 COURSES, 9 CREDIT HOURS

GEY 3601 - Physical Changes and Aging **Credit(s): 3**

GEY 3625 - Sociological Aspects of Aging **Credit(s): 3**

GEY 4612 - Psychology of Aging **Credit(s): 3**

GENERAL MANAGEMENT MAJOR ELECTIVES: 1 COURSE; 3 CREDIT HOURS

Select a minimum of one course from the following list of General Management Major Electives.

MAN 3093 - Healthcare Management **Credit(s): 3**

MAN 4063 - Management Ethics **Credit(s): 3**

MAN 4280 - Organizational Development and Change **Credit(s): 3**

MAN 4282 - Organizational Assessment **Credit(s): 3**

MAN 4600 - International Management **Credit(s): 3**

MAN 4631 - Global Perspectives and Management Choices **Credit(s): 3**

MAN 4743 - Response of Business to Global Environmental Problems **Credit(s): 3**

MAN 4930 - Selected Topics in Management **Credit(s): 1-3**

MAN 4931 - Independent Research **Credit(s): 1-4**

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MAN 4940 - Management Internship **Credit(s): 3**

ADDITIONAL INFORMATION - MANAGEMENT B.S.

OTHER REQUIREMENTS

Within the 120 credit hour program, students must complete a minimum of 21 credit hours of upper-level Management coursework beyond MAN 3025. Management courses taken by Management majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

RESIDENCY REQUIREMENTS

Major residency: Students must complete 15 credit hours of upper-level Management requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

INTERNSHIP OPPORTUNITIES

It is recommended that Management students participate in an internship course (MAN 4940) as part of their plan of study.

RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

MANAGEMENT SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each Supporting course is required.

COM 3110 - Communication For Business and the Professions **Credit(s): 3**

OR

SPC 2608 - Public Speaking **Credit(s): 3**

ENC 3250 - Professional Writing **Credit(s): 3**

OR

ENC 3310 - Expository Writing **Credit(s): 3**

Contemporary International Topics Course **Credit(s): 3**

MANAGEMENT MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

MAN 3240 - Organizational Behavior Analysis **Credit(s): 3**

MAN 3301 - Human Resource Management **Credit(s): 3**

MAN 4737 - Integrated Management Applications **Credit(s): 3**

MANAGEMENT MAJOR (RESTRICTED) ELECTIVES: 4 COURSES; 12 CREDIT HOURS

Students complete a general Management program of study or **one** of four concentrations (3 courses; 9 credit hours):

Aging Services Management

Human Resources Management

Project Management

Responsible and Inclusive Organizational Leadership

Students take an additional General Management Major Elective (1 course; 3 credit hours)

HUMAN RESOURCES MANAGEMENT CONCENTRATION: 3 COURSES; 9 CREDIT HOURS

This concentration provides students with the knowledge and skills necessary to obtain entry-level positions and to succeed in the field of Human Resources Management. Upon successful completion of this concentration, students will develop an understanding of the different functions encompassed within this particular discipline such as managing compensation, benefits, training and development, recruitment, staffing, employee retention, performance evaluation, employment law, as well as developing an appreciation of the importance of obtaining and enhancing diversity in the workplace.

CONCENTRATION CORE: 2 COURSES; 6 CREDIT HOURS

MAN 4329 - People Analytics **Credit(s): 3**

MAN 4402 - Employment Laws **Credit(s): 3**

CONCENTRATION ELECTIVE: 1 COURSE; 3 CREDIT HOURS

ADDITIONAL INFORMATION - MANAGEMENT B.S.

OTHER REQUIREMENTS

Within the 120 credit hour program, students must complete a minimum of 21 credit hours of upper-level Management coursework beyond MAN 3025. Management courses taken by Management majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

RESIDENCY REQUIREMENTS

Major residency: Students must complete 15 credit hours of upper-level Management requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

INTERNSHIP OPPORTUNITIES

It is recommended that Management students participate in an internship course (MAN 4940) as part of their plan of study.

RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MANAGEMENT B.S., WITH PROJECT MANAGEMENT CONCENTRATION

Total Degree Hours: 120

The undergraduate major in Management prepares students to manage and lead all aspects of organizations. It also prepares students for graduate study in business and other fields. Mastery of course content enables students to inspire themselves, others, teams, and organizations to coordinate efforts to provide effective outcomes. Content covered includes ethics and virtue, organizational behavior, human resources, domestic and international cultural differences, and negotiating skills. A capstone course integrates the learning objectives of the major in a study of a real company where students demonstrate that they can now apply effectively what they have learned.

SPECIALIZED ADMISSIONS - MUMA COLLEGE OF BUSINESS

This program has specialized admissions meaning students must complete additional requirements before entering the major. Please see Muma College of Business site for more information on Specialized Admissions requirements.

UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA in the seven (7) courses:

ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3-6 credit hours
ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 or CGS X101 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
MAC X233 Elementary Calculus - 3 credit hours

MANAGEMENT REQUIRED COURSES: (54 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

BUL 3320 - Law And Business I **Credit(s): 3**
FIN 3403 - Principles of Finance **Credit(s): 3**
GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MANAGEMENT B.S., WITH RESPONSIBLE AND INCLUSIVE ORGANIZATIONAL LEADERSHIP CONCENTRATION

Total Degree Hours: 120

The undergraduate major in Management prepares students to manage and lead all aspects of organizations. It also prepares students for graduate study in business and other fields. Mastery of course content enables students to inspire themselves, others, teams, and organizations to coordinate efforts to provide effective outcomes. Content covered includes ethics and virtue, organizational behavior, human resources, domestic and international cultural differences, and negotiating skills. A capstone course integrates the learning objectives of the major in a study of a real company where students demonstrate that they can now apply effectively what they have learned.

SPECIALIZED ADMISSIONS - MUMA COLLEGE OF BUSINESS

This program has specialized admissions meaning students must complete additional requirements before entering the major. Please see Muma College of Business site for more information on Specialized Admissions requirements.

UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA in the seven (7) courses:

ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3-6 credit hours
ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 or CGS X101 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
MAC X233 Elementary Calculus - 3 credit hours

MANAGEMENT REQUIRED COURSES: (54 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

BUL 3320 - Law And Business I **Credit(s): 3**
FIN 3403 - Principles of Finance **Credit(s): 3**
GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**
ISM 3011 - Information Systems in Organizations **Credit(s): 3**
MAN 3025 - Principles of Management **Credit(s): 3**
MAN 4504 - Operations and Supply Chain Management **Credit(s): 3**
MAR 3023 - Basic Marketing **Credit(s): 3**
QMB 3200 - Business and Economic Statistics II **Credit(s): 3**
RMI 3004 - Principles of Risk Management **Credit(s): 3**

Notes:

Finance, Personal Financial Planning, and Risk Management and Insurance majors must earn a C, not a C-, in FIN 3403 with no more than two attempts.

Business Analytics and Information Systems (B.A.I.S.) and Information Assurance and Cybersecurity Management majors must earn C, not C-, in ISM 3011

Advertising, Marketing, and Supply Chain Management majors must earn a C, not a C-, in MAR 3023

OTHER BUSINESS REQUIRED COURSES (6 CREDIT HOURS)

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

CGS 2100 - Computers in Business **Credit(s): 3** (Meets general education requirement)
GEB 3033 - Business Workplace Skills and Best Practices **Credit(s): 3**

MANAGEMENT SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each Supporting course is required.

COM 3110 - Communication For Business and the Professions **Credit(s): 3**

OR

SPC 2608 - Public Speaking **Credit(s): 3**

ENC 3250 - Professional Writing **Credit(s): 3**

OR

ENC 3310 - Expository Writing **Credit(s): 3**

Contemporary International Topics Course **Credit(s): 3**

MANAGEMENT MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

MAN 3240 - Organizational Behavior Analysis **Credit(s): 3**

MAN 3301 - Human Resource Management **Credit(s): 3**

MAN 4737 - Integrated Management Applications **Credit(s): 3**

MANAGEMENT MAJOR (RESTRICTED) ELECTIVES: 4 COURSES; 12 CREDIT HOURS

Students complete a general Management program of study or **one** of four concentrations (3 courses; 9 credit hours):

Aging Services Management

Human Resources Management

Project Management

Responsible and Inclusive Organizational Leadership

Students take an additional General Management Major Elective (1 course; 3 credit hours)

RESPONSIBLE AND INCLUSIVE ORGANIZATIONAL LEADERSHIP CONCENTRATION: 4 COURSES; 12 CREDIT HOURS

Society faces numerous grand challenges such as social inequalities and injustice, poverty, the erosion of democracy, environmental degradation, threats to human health, and aging populations. These challenges affect large numbers of people and need to be addressed with innovative leadership. This concentration emphasizes a new form of leadership--*responsible and inclusive organizational (RIO) leadership*—and is designed for students interested in contributing to efforts aimed at solving society's most intractable problems. Through this concentration, students will develop knowledge about RIO leadership and its importance for addressing societal challenges and diverse stakeholders' interests. Students will better understand the most pressing problems and stakeholder concerns while developing ethical reasoning and leadership skills ranging from micro leadership for inclusiveness and team building to macro leadership for social and environmental change.

CONCENTRATION CORE: 2 COURSES; 6 CREDIT HOURS

MAN 4063 - Management Ethics **Credit(s): 3**

MAN 4743 - Response of Business to Global Environmental Problems **Credit(s): 3**

CONCENTRATION ELECTIVES: 2 COURSES; 6 CREDIT HOURS

Students must choose two courses from the following list:

ENT 4214 - Entrepreneurial Leadership **Credit(s): 3**

ENT 4803 - Sustainable Entrepreneurship **Credit(s): 3**

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MAN 4280 - Organizational Development and Change **Credit(s): 3**

MAN 4402 - Employment Laws **Credit(s): 3**

MAN 4600 - International Management **Credit(s): 3**

ADDITIONAL INFORMATION - MANAGEMENT B.S.

Other Requirements

Within the 120 credit hour program, students must complete a minimum of 21 credit hours of upper-level Management coursework beyond MAN 3025. Management courses taken by Management majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

RESIDENCY REQUIREMENTS

Major residency: Students must complete 15 credit hours of upper-level Management requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

INTERNSHIP OPPORTUNITIES

It is recommended that Management students participate in an internship course (MAN 4940) as part of their plan of study.

RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

BUSINESS ANALYTICS AND INFORMATION SYSTEMS (FOR BUSINESS MAJORS ONLY) MINOR

The Business Analytics and Information System minor is available to all undergraduate Business students (except those majoring in Business Analytics and Information Systems).

MINOR REQUIREMENTS

For Business majors only.

TOTAL MINOR CREDIT HOURS: 12

MINOR CORE CREDIT HOURS: 6

Any two (2) out of the following three (3) courses:

ISM 3113 - Systems Analysis and Design **Credit(s): 3**

ISM 4212 - Database Design and Administration **Credit(s): 3**

QMB 4250 - Business Analytics **Credit(s): 3**

MINOR ELECTIVE CREDIT HOURS: 6

Six (6) hours of approved ISM electives.

GPA REQUIREMENT

A grade point average of 2.0 or better must be achieved in the minor course work at USF and in all minor courses completed at other institutions.

GRADING REQUIREMENT

A 2.0 overall in the courses for the minor is required, with no minimum grade in any course.

RESIDENCY REQUIREMENT

Nine (9) of the 12 credit hours for the minor must be taken at USF.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

HEALTHCARE ADMINISTRATION MINOR

This minor is open to students from all colleges.

To qualify for the Healthcare Administration Minor, students must successfully complete a minimum of fifteen (15) semester hours in Healthcare Administration coursework (nine (9) credit hours of required courses and six (6) credit hours of elective courses). A statement attesting to the completion of the Minor in Healthcare Administration will appear on the student's official transcript.

Non-College of Business Students

To avoid unnecessary delays, it is strongly recommended that Non-Business majors take ECO 2023 - Economic Principles (Microeconomics) to fulfill the TGEC - Creative Thinking requirement (Enhanced General Education) as this course is a pre-requisite for the required course, ECP 3530 - Economics of Health.

TOTAL CREDIT HOURS: 15

MINOR CORE (9 CREDIT HOURS)

ECP 3530 - Economics of Health **Credit(s): 3**
MAN 3093 - Healthcare Management **Credit(s): 3**
MAR 4712 - Healthcare Marketing **Credit(s): 3**

MINOR ELECTIVES (6 CREDIT HOURS)

Additional Selected Topics courses may also qualify as HCA electives. Students should consult with an advisor about any additional approved courses.

Select two of the following courses.

ECO 4504 - Public Finance **Credit(s): 3**
GEB 4894 - Healthcare Strategy **Credit(s): 3**
HSA 3170 - Healthcare Finance **Credit(s): 3** NOTE: This class may not be used as an elective for FIN majors.
ISM 3011 - Information Systems in Organizations **Credit(s): 3**
MAN 3301 - Human Resource Management **Credit(s): 3**
MAR 3400 - Professional Selling **Credit(s): 3**
MAR 4503 - Buyer Behavior **Credit(s): 3**

GPA REQUIREMENTS

A grade point average (GPA) of 2.0 or higher must be achieved in the coursework for the minor.

GRADING REQUIREMENTS

No grade below a C- will be accepted for the major and concentration coursework.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MANAGEMENT (FOR BUSINESS MAJORS ONLY) MINOR

The focus of the Management minor is to provide an introductory understanding to non-management business majors about the theories and practices of Management. Students will be familiarized with the tools and techniques that managers use to plan, organize, lead people and processes in organizations.

MINOR REQUIREMENTS

The Management minor is available to all Undergraduate Muma College of Business students, except those majoring in Management.

TOTAL MINOR CREDIT HOURS: 12

MINOR CORE (6 CREDIT HOURS)

MAN 3240 - Organizational Behavior Analysis **Credit(s): 3**
MAN 3301 - Human Resource Management **Credit(s): 3**

MINOR ELECTIVES (6 CREDIT HOURS)

Select two (2) courses from the following list or any other approved Management elective.

MAN 3093 - Healthcare Management **Credit(s): 3**
MAN 4063 - Management Ethics **Credit(s): 3**
MAN 4280 - Organizational Development and Change **Credit(s): 3**
MAN 4282 - Organizational Assessment **Credit(s): 3**
MAN 4402 - Employment Laws **Credit(s): 3**
MAN 4441 - Negotiation and Conflict Resolution **Credit(s): 3**
MAN 4600 - International Management **Credit(s): 3**
MAN 4631 - Global Perspectives and Management Choices **Credit(s): 3**
MAN 4930 - Selected Topics in Management **Credit(s): 1-3**

GPA REQUIREMENTS

A GPA of 2.0 or better must be achieved in the minor course work at USF and in all minor courses completed at other institutions.

GRADING REQUIREMENTS

A grade of "C" or higher in all minor course work.

RESIDENCY REQUIREMENTS

Students must take nine (9) of the 12 credit hours for the minor must be taken at USF.

OTHER REQUIREMENTS

Following courses not eligible to be used as electives:

MAN 4931 - Independent Research **Credit(s): 1-4**
MAN 4940 - Management Internship **Credit(s): 3**

BUSINESS ANALYTICS AND INFORMATION SYSTEMS CERTIFICATE

This certificate is designed exclusively for non-business majors. This program provides the information systems and business analytics knowledge - without having to pursue a business minor - that will help students in these and other disciplines land a job where they can apply their skills in a corporate systems or analytics setting. There are no pre-requisites to begin the certificate and the sections set aside for this program are created with the non-business major in mind. While there is no specific point of entry for the program, there is a preferred sequence of coursework, starting with the Information Systems in Organizations class and ending with a specialized Business Intelligence course. All courses are available online.

CERTIFICATE REQUIREMENTS

CERTIFICATE CORE (15 CREDIT HOURS)

- ISM 3011 - Information Systems in Organizations **Credit(s): 3**
- ISM 3113 - Systems Analysis and Design **Credit(s): 3**
- ISM 3232 - Business Application Development **Credit(s): 3**
- ISM 4212 - Database Design and Administration **Credit(s): 3**
- ISM 4547 - Excel with Data Modeling for Business Analytics **Credit(s): 3**

GPA REQUIREMENTS

A grade point average of 2.00 or better must be achieved in the certificate coursework at USF and in all certificate courses completed at other institutions.

RESIDENCY REQUIREMENT

At least 12 hours of the required 15 credit hours must be taken in residence at USF.

SCHOOL OF MARKETING AND INNOVATION

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ADVERTISING B.S.

TOTAL DEGREE HOURS: 120

The Advertising major in the Muma College of Business is unique in that it is a collaborative effort between the Zimmerman School of Advertising and Mass Communications in the College of Arts and Sciences and the Marketing Department in the Muma College of Business. The major complements an existing Advertising track in the Mass Communications major and provides students the opportunity to combine the creative, media, and account planning aspects of advertising with knowledge, skills, and abilities in accounting, economics, finance, information systems, management, marketing and strategy.

SPECIALIZED ADMISSIONS - MUMA COLLEGE OF BUSINESS

This program has specialized admissions meaning students must complete additional requirements before entering the major. Please see Muma College of Business site for more information on Specialized Admissions requirements.

UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA in the seven (7) courses:

ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3-6 credit hours
ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 or CGS X101 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
MAC X233 Elementary Calculus - 3 credit hours

REQUIRED COURSES (66 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

BUL 3320 - Law And Business I **Credit(s): 3**
FIN 3403 - Principles of Finance **Credit(s): 3**
GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**
ISM 3011 - Information Systems in Organizations **Credit(s): 3**
MAN 3025 - Principles of Management **Credit(s): 3**
MAN 4504 - Operations and Supply Chain Management **Credit(s): 3**
MAR 3023 - Basic Marketing **Credit(s): 3**
QMB 3200 - Business and Economic Statistics II **Credit(s): 3**
RMI 3004 - Principles of Risk Management **Credit(s): 3**

Notes:

Finance, Personal Financial Planning, and Risk Management and Insurance majors must earn a C, not a C-, in FIN 3403 with no more than two attempts.

Business Analytics and Information Systems (B.A.I.S.) and Information Assurance and Cybersecurity Management majors must earn C, not C-, in ISM 3011

Advertising, Marketing, and Supply Chain Management majors must earn a C, not a C-, in MAR 3023

OTHER BUSINESS REQUIRED COURSES (6 CREDIT HOURS)

MUMA COLLEGE OF BUSINESS

MAR 4231 - Retailing Management **Credit(s): 3**
MAR 4333 - Marketing Communications Management **Credit(s): 3**
MAR 4403 - Sales Management **Credit(s): 3**
MAR 4712 - Healthcare Marketing **Credit(s): 3**
MAR 4824 - Marketing Management Problems **Credit(s): 3**

ADDITIONAL INFORMATION - ADVERTISING B.S.

OTHER REQUIREMENTS

All Advertising majors must participate a study abroad experience.
All Advertising majors must live in the Zimmerman Advertising Program (ZAP) Living Learning Community during their freshman year.

GPA REQUIREMENTS

At least a minimum of a C (not C-) grade must be earned in each course. An overall GPA of 2.0 is required in the major for graduation.

RESIDENCY REQUIREMENT

In the major, 15 of the 21 Advertising hours and 12 of the 17 Marketing hours must be taken in residency at USF.

INTERNSHIP OPPORTUNITIES

Advertising students will be required to complete internships as part of their degree program.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ENTREPRENEURSHIP B.S.

TOTAL DEGREE HOURS: 120

A major in Entrepreneurship is intended for those students interested in the possibility of self-venturing or who may someday work in an existing entrepreneurial firm. Upon completion of this major, students will be especially prepared to leverage their knowledge to work in management positions within high growth, innovative firms or to take their own idea to market and create a new venture. This major utilizes an interdisciplinary approach to education thus providing a well-rounded knowledge of business.

Students will learn the creative nature of idea/opportunity identification and evaluation, the unique skills necessary to build an entrepreneurial firm, and the ability to interact with local community resources and mentors. In addition, students can develop their business concepts and start a new venture in the Student Innovation Incubator.

Further information about the Entrepreneurship major can be found at <http://www.usf.edu/entrepreneurship/>.

SPECIALIZED ADMISSIONS - MUMA COLLEGE OF BUSINESS

This program has specialized admissions meaning students must complete additional requirements before entering the major. Please see Muma College of Business site for more information on Specialized Admissions requirements.

UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

General Education Program (36 credit hours), including State Core General Education Requirements;

State Computation (6 credit hours);

State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);

Minimum of 120 unduplicated credit hours;

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;

Major and college requirements in a chosen degree program;

Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);

Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;

42 credit hours of upper-level coursework;

Civics Literacy;

Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - ENTREPRENEURSHIP

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA in all seven (7) courses:

- ACG X021 Principles of Financial Accounting - 3 credit hours
- ACG X071 Managerial Accounting - 3 credit hours
- CGS X100 Computers in Business - 3 credit hours
- ECO X013 Principles of Macroeconomics - 3 credit hours
- ECO X023 Principles of Microeconomics - 3 credit hours
- STA X023 Introductory Statistics* or STA X122 or QMB X100* - 3 credit hours
- LDR XXXX Any Leadership prefixed course or SLS X261 - 3 credit hours
- MAC X233 Business Calculus - 3 credit hours

* STA X023 and QMB X100 preferred

REQUIRED COURSES: (60 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

ADDITIONAL INFORMATION - ENTREPRENEURSHIP B.S.

GPA REQUIREMENTS

A 2.0 GPA in all major course work at USF and an overall 2.0 GPA including transfer work.

GRADING REQUIREMENTS

A minimum grade of C- is required in all Entrepreneurship classes.

RESIDENCY REQUIREMENTS

Major residency: Students must complete 18 hours of upper-level Entrepreneurship requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GLOBAL BUSINESS B.A., WITH BUSINESS ANALYTICS AND INFORMATION SYSTEMS CONCENTRATION

TOTAL DEGREE HOURS: 120

Global Business refers to a business that is conducted across national borders. Firms face difficult challenges due to differences in country-specific political, economic, social, cultural, technological, institutional, regulatory, and organizational contexts.

The Bachelor of Arts in Global Business provides students with the knowledge, skills, and experience necessary for successful careers in the global business environment. Graduates will have not only a Global Business major, but also a concentration in one of the functional areas of business (Finance, Management, Marketing, and Business Analytics and Information Systems). With this preparation, graduates will find employment in many manufacturing, service or knowledge-based industries with global markets, global suppliers, global sources of finance and/or a globally diverse workforce. The Global Business program is unique in that it combines preparation in business administration with language studies and a meaningful overseas work or study experience.

SPECIALIZED ADMISSIONS - MUMA COLLEGE OF BUSINESS

This program has specialized admissions meaning students must complete additional requirements before entering the major. Please see Muma College of Business site for more information on Specialized Admissions requirements.

UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA in the seven (7) courses:

- ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3-6 credit hours
- ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
- CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 or CGS X101 - 3 credit hours
- ECO X013 Principles of Macroeconomics - 3 credit hours
- ECO X023 Principles of Microeconomics - 3 credit hours
- STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
- MAC X233 Elementary Calculus - 3 credit hours

GLOBAL BUSINESS REQUIRED COURSES: (60 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

- BUL 3320 - Law And Business I **Credit(s): 3**
- FIN 3403 - Principles of Finance **Credit(s): 3**
- GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**
- ISM 3011 - Information Systems in Organizations **Credit(s): 3**
- MAN 3025 - Principles of Management **Credit(s): 3**
- MAN 4504 - Operations and Supply Chain Management **Credit(s): 3**
- MAR 3023 - Basic Marketing **Credit(s): 3**
- QMB 3200 - Business and Economic Statistics II **Credit(s): 3**
- RMI 3004 - Principles of Risk Management **Credit(s): 3**

- ISM 4432 - Software Testing **Credit(s): 3**
- ISM 4940 - Business Analytics & Information Systems Internship **Credit(s): 3**

ADDITIONAL INFORMATION - GLOBAL BUSINESS B.A.

OTHER REQUIREMENTS

An approved study abroad or overseas internship must be completed as part of the degree requirements. Courses used to satisfy a major in Accounting, Business Analytics and Information Systems, Finance, Management, or Marketing may not be used to satisfy the concentration requirement for the Global Business major. Courses used for a Global Business concentration cannot be used for a major.

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF.
An overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Within the 120-semester-hour program, students must complete a minimum of 27 hours of upper-level coursework with a grade of C- in all courses.

RESIDENCY REQUIREMENTS

Major residency: Nine (9) of the 12 required major core credit hours must be taken at USF. At least 9 credit hours of concentration coursework must be taken in residence at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses. Normally, independent study and independent research courses do not fulfill this requirement.

INTERNSHIP OPPORTUNITIES

It is strongly recommend that students do an internship as part of their study abroad experience. For more information, please go to: <https://www.usf.edu/business/talent-development/internships.aspx>.

RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GLOBAL BUSINESS B.A., WITH FINANCE CONCENTRATION

TOTAL DEGREE HOURS: 120

Global Business refers to a business that is conducted across national borders. Firms face difficult challenges due to differences in country-specific political, economic, social, cultural, technological, institutional, regulatory, and organizational contexts.

The Bachelor of Arts in Global Business provides students with the knowledge, skills, and experience necessary for successful careers in the global business environment. Graduates will have not only a Global Business major, but also a concentration in one of the functional areas of business (Finance, Management, Marketing, and Business Analytics and Information Systems). With this preparation, graduates will find employment in many manufacturing, service or knowledge-based industries with global markets, global suppliers, global sources of finance and/or a globally diverse workforce. The Global Business program is unique in that it combines preparation in business administration with language studies and a meaningful overseas work or study experience.

SPECIALIZED ADMISSIONS - MUMA COLLEGE OF BUSINESS

This program has specialized admissions meaning students must complete additional requirements before entering the major. Please see Muma College of Business site for more information on Specialized Admissions requirements.

UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA in the seven (7) courses:

ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3-6 credit hours
ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 or CGS X101 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
MAC X233 Elementary Calculus - 3 credit hours

GLOBAL BUSINESS REQUIRED COURSES: (60 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

BUL 3320 - Law And Business I **Credit(s): 3**
FIN 3403 - Principles of Finance **Credit(s): 3**
GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**
ISM 3011 - Information Systems in Organizations **Credit(s): 3**
MAN 3025 - Principles of Management **Credit(s): 3**
MAN 4504 - Operations and Supply Chain Management **Credit(s): 3**
MAR 3023 - Basic Marketing **Credit(s): 3**
QMB 3200 - Business and Economic Statistics II **Credit(s): 3**
RMI 3004 - Principles of Risk Management **Credit(s): 3**

Notes:

FIN 3604 - International Finance **Credit(s): 3**

ADDITIONAL INFORMATION - GLOBAL BUSINESS B.A.

OTHER REQUIREMENTS

An approved study abroad or overseas internship must be completed as part of the degree requirements. Courses used to satisfy a major in Accounting, Business Analytics and Information Systems, Finance, Management, or Marketing may not be used to satisfy the concentration requirement for the Global Business major. Courses used for a Global Business concentration cannot be used for a major.

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF.
An overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Within the 120-semester-hour program, students must complete a minimum of 27 hours of upper-level coursework with a grade of C- in all courses.

RESIDENCY REQUIREMENTS

Major residency: Nine (9) of the 12 required major core credit hours must be taken at USF. At least 9 credit hours of concentration coursework must be taken in residence at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses. Normally, independent study and independent research courses do not fulfill this requirement.

INTERNSHIP OPPORTUNITIES

It is strongly recommend that students do an internship as part of their study abroad experience. For more information, please go to: <https://www.usf.edu/business/talent-development/internships.aspx>.

RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

CGS 2100 - Computers in Business **Credit(s): 3** (Meets general education requirement)

GEB 3033 - Business Workplace Skills and Best Practices **Credit(s): 3**

GLOBAL BUSINESS SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each Supporting course is required.

COM 3110 - Communication For Business and the Professions **Credit(s): 3**

OR

SPC 2608 - Public Speaking **Credit(s): 3**

ENC 3250 - Professional Writing **Credit(s): 3**

OR

ENC 3310 - Expository Writing **Credit(s): 3**

One foreign language course above the beginning language sequence, in the same language as the beginning foreign language sequence **Credit(s): 3**

GLOBAL BUSINESS MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

GEB 3373 - International Business **Credit(s): 3**

MAN 4631 - Global Perspectives and Management Choices **Credit(s): 3**

GLOBAL BUSINESS MAJOR (RESTRICTED) ELECTIVES: 6 COURSES; 18 CREDIT HOURS

GLOBAL BUSINESS MAJOR ELECTIVES: 2 COURSES; 6 CREDIT HOURS

Select two courses from the following list of International Business courses:

FIN 3604 - International Finance **Credit(s): 3**

ISM 4041 - Global Cyber Ethics **Credit(s): 3**

MAN 4600 - International Management **Credit(s): 3**

MAR 4156 - International Marketing **Credit(s): 3**

CONCENTRATION: 4 COURSES; 12 CREDIT HOURS

Students must declare and complete a 12 credit hour concentration from the following list:

Business Analytics and Information Systems

Marketing

Finance

Management

MANAGEMENT CONCENTRATION: 4 COURSES; 12 CREDIT HOURS

CONCENTRATION CORE: 4 COURSES; 12 CREDIT HOURS

MAN 3240 - Organizational Behavior Analysis **Credit(s): 3**

MAN 3301 - Human Resource Management **Credit(s): 3**

MAN 4282 - Organizational Assessment **Credit(s): 3**

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MAN 4743 - Response of Business to Global Environmental Problems **Credit(s): 3**

ADDITIONAL INFORMATION - GLOBAL BUSINESS B.A.

OTHER REQUIREMENTS

An approved study abroad or overseas internship must be completed as part of the degree requirements. Courses used to satisfy a major in Accounting, Business Analytics and Information Systems, Finance, Management, or Marketing may not be used to satisfy the concentration requirement for the Global Business major. Courses used for a Global Business concentration cannot be used for a major.

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF.
An overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Within the 120-semester-hour program, students must complete a minimum of 27 hours of upper-level coursework with a grade of C- in all courses.

RESIDENCY REQUIREMENTS

Major residency: Nine (9) of the 12 required major core credit hours must be taken at USF. At least 9 credit hours of concentration coursework must be taken in residence at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses. Normally, independent study and independent research courses do not fulfill this requirement.

INTERNSHIP OPPORTUNITIES

It is strongly recommend that students do an internship as part of their study abroad experience. For more information, please go to: <https://www.usf.edu/business/talent-development/internships.aspx>.

RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GLOBAL BUSINESS B.A., WITH MARKETING CONCENTRATION

TOTAL DEGREE HOURS: 120

Global Business refers to a business that is conducted across national borders. Firms face difficult challenges due to differences in country-specific political, economic, social, cultural, technological, institutional, regulatory, and organizational contexts.

The Bachelor of Arts in Global Business provides students with the knowledge, skills, and experience necessary for successful careers in the global business environment. Graduates will have not only a Global Business major, but also a concentration in one of the functional areas of business (Finance, Management, Marketing, and Business Analytics and Information Systems). With this preparation, graduates will find employment in many manufacturing, service or knowledge-based industries with global markets, global suppliers, global sources of finance and/or a globally diverse workforce. The Global Business program is unique in that it combines preparation in business administration with language studies and a meaningful overseas work or study experience.

SPECIALIZED ADMISSIONS - MUMA COLLEGE OF BUSINESS

This program has specialized admissions meaning students must complete additional requirements before entering the major. Please see Muma College of Business site for more information on Specialized Admissions requirements.

UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA in the seven (7) courses:

ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3-6 credit hours
ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 or CGS X101 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
MAC X233 Elementary Calculus - 3 credit hours

GLOBAL BUSINESS REQUIRED COURSES: (60 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

BUL 3320 - Law And Business I **Credit(s): 3**
FIN 3403 - Principles of Finance **Credit(s): 3**
GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MARKETING B.S.

TOTAL DEGREE HOURS: 120

Marketing is a dynamic field with many dimensions, including product selection and planning, product distribution, pricing, and promotion. Marketing poses many challenges and yields generous rewards for those who meet these challenges. Marketing operations are carried out domestically and internationally in all business organizations that offer a good or service. Many marketing concepts are applicable to the operations of non-profit organizations such as governmental, educational, and healthcare institutions, as well as charitable and political campaigns. Marketing operations provide the most visible links between the firm or institution and its many publics. Marketing deals with people who are constantly changing in their needs, wants, and desires; and coupled with these changing tastes is a fiercely competitive environment sustained by all the resources of a rapidly evolving technology. These forces lead to much of the challenge and dynamic nature of marketing.

The Marketing program prepares students for initial entry and management positions in many areas of marketing with a curriculum that is concerned with:

- Understanding how to attract and retain customers;
- Having the ability to find and analyze information;
- Being able to design, collect, and analyze marketing information to be used in managerial decision making;
- Using digital and traditional media to reach customers;
- Having personal communication skills that businesses demand;
- Being capable of writing an actionable marketing plan;
- Understanding and being able to apply the latest marketing concepts, including marketing automation.

SPECIALIZED ADMISSIONS - MUMA COLLEGE OF BUSINESS

This program has specialized admissions meaning students must complete additional requirements before entering the major. Please see Muma College of Business site for more information on Specialized Admissions requirements.

UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
42 credit hours of upper-level coursework;
Civics Literacy;
Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA in the seven (7) courses:

ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3-6 credit hours
ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 or CGS X101 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
MAC X233 Elementary Calculus - 3 credit hours

MARKETING REQUIRED COURSES: (57 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

BUL 3320 - Law And Business I **Credit(s): 3**
FIN 3403 - Principles of Finance **Credit(s): 3**
GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**
ISM 3011 - Information Systems in Organizations **Credit(s): 3**

MAR 4XXX Any Upper-Level MAR Course **Credit(s): 3**

ADDITIONAL INFORMATION - MARKETING B.S.

OTHER REQUIREMENTS

Within the 120-semester-hour program, students must complete a minimum of 21 hours in Marketing beyond MAR 3023 Basic Marketing.

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

Within the 120-semester-hour program, students must complete a minimum of 21 hours of upper-level Marketing coursework with a grade of C- in all courses, except MAR 3023 Basic Marketing, in which a minimum grade of C must be earned.

Marketing courses taken by Marketing majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

RESIDENCY REQUIREMENTS

Major residency: Students must complete 15 hours of upper-level Marketing requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

INTERNSHIP OPPORTUNITIES

It is strongly recommended that Marketing and Supply Chain students take an internship course (MAR 4940 - Marketing Internship/Practicum or SCM 4941 - Supply Chain Management Internship) as part of their plan of study. For more information go to: <https://www.usf.edu/business/talent-development/internships.aspx>.

RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

MARKETING MAJOR (RESTRICTED) ELECTIVES: 4 COURSES; 12 CREDIT HOURS

Students complete a General Marketing program of study or complete one of four concentrations:

Digital Marketing

Entrepreneurship

Sales

Sport and Entertainment Management

DIGITAL MARKETING CONCENTRATION: 4 COURSES; 12 CREDIT HOURS

CONCENTRATION CORE: 3 COURSES; 9 CREDIT HOURS

MAR 4333 - Marketing Communications Management **Credit(s): 3**

MAR 4503 - Buyer Behavior **Credit(s): 3**

SPB 4717 - Social Media in Sport Marketing **Credit(s): 3**

CONCENTRATION ELECTIVE: 1 COURSE; 3 CREDIT HOURS

Select one of the following courses:

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MAR 3400 - Professional Selling **Credit(s): 3**

MAR 4940 - Marketing Internship/Practicum **Credit(s): 3**

ADDITIONAL INFORMATION - MARKETING B.S.

OTHER REQUIREMENTS

Within the 120-semester-hour program, students must complete a minimum of 21 hours in Marketing beyond MAR 3023 Basic Marketing.

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

Within the 120-semester-hour program, students must complete a minimum of 21 hours of upper-level Marketing coursework with a grade of C- in all courses, except MAR 3023 Basic Marketing, in which a minimum grade of C must be earned.

Marketing courses taken by Marketing majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

RESIDENCY REQUIREMENTS

Major residency: Students must complete 15 hours of upper-level Marketing requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

INTERNSHIP OPPORTUNITIES

It is strongly recommended that Marketing and Supply Chain students take an internship course (MAR 4940 - Marketing Internship/Practicum or SCM 4941 - Supply Chain Management Internship) as part of their plan of study. For more information go to: <https://www.usf.edu/business/talent-development/internships.aspx>.

RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MARKETING B.S., WITH ENTREPRENEURSHIP CONCENTRATION

TOTAL DEGREE HOURS: 120

Marketing is a dynamic field with many dimensions, including product selection and planning, product distribution, pricing, and promotion. Marketing poses many challenges and yields generous rewards for those who meet these challenges. Marketing operations are carried out domestically and internationally in all business organizations that offer a good or service. Many marketing concepts are applicable to the operations of non-profit organizations such as governmental, educational, and healthcare institutions, as well as charitable and political campaigns. Marketing operations provide the most visible links between the firm or institution and its many publics. Marketing deals with people who are constantly changing in their needs, wants, and desires; and coupled with these changing tastes is a fiercely competitive environment sustained by all the resources of a rapidly evolving technology. These forces lead to much of the challenge and dynamic nature of marketing.

The Marketing program prepares students for initial entry and management positions in many areas of marketing with a curriculum that is concerned with:

- Understanding how to attract and retain customers;
- Having the ability to find and analyze information;
- Being able to design, collect, and analyze marketing information to be used in managerial decision making;
- Using digital and traditional media to reach customers;
- Having personal communication skills that businesses demand;
- Being capable of writing an actionable marketing plan;
- Understanding and being able to apply the latest marketing concepts, including marketing automation.

SPECIALIZED ADMISSIONS - MUMA COLLEGE OF BUSINESS

This program has specialized admissions meaning students must complete additional requirements before entering the major. Please see Muma College of Business site for more information on Specialized Admissions requirements.

UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
42 credit hours of upper-level coursework;
Civics Literacy;
Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA in the seven (7) courses:

ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3-6 credit hours
ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 or CGS X101 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
MAC X233 Elementary Calculus - 3 credit hours

MARKETING REQUIRED COURSES: (57 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

BUL 3320 - Law And Business I **Credit(s): 3**
FIN 3403 - Principles of Finance **Credit(s): 3**
GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**
ISM 3011 - Information Systems in Organizations **Credit(s): 3**
MAN 3025 - Principles of Management **Credit(s): 3**

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MARKETING B.S., WITH SALES CONCENTRATION

TOTAL DEGREE HOURS: 120

Marketing is a dynamic field with many dimensions, including product selection and planning, product distribution, pricing, and promotion. Marketing poses many challenges and yields generous rewards for those who meet these challenges. Marketing operations are carried out domestically and internationally in all business organizations that offer a good or service. Many marketing concepts are applicable to the operations of non-profit organizations such as governmental, educational, and healthcare institutions, as well as charitable and political campaigns. Marketing operations provide the most visible links between the firm or institution and its many publics. Marketing deals with people who are constantly changing in their needs, wants, and desires; and coupled with these changing tastes is a fiercely competitive environment sustained by all the resources of a rapidly evolving technology. These forces lead to much of the challenge and dynamic nature of marketing.

The Marketing program prepares students for initial entry and management positions in many areas of marketing with a curriculum that is concerned with:

- Understanding how to attract and retain customers;
- Having the ability to find and analyze information;
- Being able to design, collect, and analyze marketing information to be used in managerial decision making;
- Using digital and traditional media to reach customers;
- Having personal communication skills that businesses demand;
- Being capable of writing an actionable marketing plan;
- Understanding and being able to apply the latest marketing concepts, including marketing automation.

SPECIALIZED ADMISSIONS - MUMA COLLEGE OF BUSINESS

This program has specialized admissions meaning students must complete additional requirements before entering the major. Please see Muma College of Business site for more information on Specialized Admissions requirements.

UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
42 credit hours of upper-level coursework;
Civics Literacy;
Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA in the seven (7) courses:

ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3-6 credit hours
ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 or CGS X101 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
MAC X233 Elementary Calculus - 3 credit hours

MARKETING REQUIRED COURSES: (57 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

BUL 3320 - Law And Business I **Credit(s): 3**
FIN 3403 - Principles of Finance **Credit(s): 3**
GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**
ISM 3011 - Information Systems in Organizations **Credit(s): 3**

MAR 3613 - Marketing Research **Credit(s): 3**
MAR 3700 - Digital Marketing **Credit(s): 3**
MAR 4824 - Marketing Management Problems **Credit(s): 3**

MARKETING MAJOR (RESTRICTED) ELECTIVES: 4 COURSES; 12 CREDIT HOURS

Students complete a General Marketing program of study or complete one of four concentrations:

Digital Marketing
Entrepreneurship
Sales
Sport and Entertainment Management

SALES CONCENTRATION: 4 COURSES; 12 CREDIT HOURS

MAR 3400 - Professional Selling **Credit(s): 3**
MAR 4403 - Sales Management **Credit(s): 3**
MAR 4415 - Advanced Professional Selling **Credit(s): 3**
MAR 4940 - Marketing Internship/Practicum **Credit(s): 3**

ADDITIONAL INFORMATION - MARKETING B.S.

OTHER REQUIREMENTS

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Within the 120-semester-hour program, students must complete a minimum of 21 hours in Marketing beyond MAR 3023 Basic Marketing.

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

Within the 120-semester-hour program, students must complete a minimum of 21 hours of upper-level Marketing coursework with a grade of C- in all courses, except MAR 3023 Basic Marketing, in which a minimum grade of C must be earned.

Marketing courses taken by Marketing majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

RESIDENCY REQUIREMENTS

Major residency: Students must complete 15 hours of upper-level Marketing requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

INTERNSHIP OPPORTUNITIES

It is strongly recommended that Marketing and Supply Chain students take an internship course (MAR 4940 - Marketing Internship/Practicum or SCM 4941 - Supply Chain Management Internship) as part of their plan of study. For more information go to: <https://www.usf.edu/business/talent-development/internships.aspx>.

RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

GRADING REQUIREMENTS

Within the 120-semester-hour program, students must complete a minimum of 21 hours of upper-level Marketing coursework with a grade of C- in all courses, except MAR 3023 Basic Marketing, in which a minimum grade of C must be earned.

Marketing courses taken by Marketing majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

RESIDENCY REQUIREMENTS

Major residency: Students must complete 15 hours of upper-level Marketing requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

INTERNSHIP OPPORTUNITIES

It is strongly recommended that Marketing and Supply Chain students take an internship course (MAR 4940 - Marketing Internship/Practicum or SCM 4941 - Supply Chain Management Internship) as part of their plan of study. For more information go to: <https://www.usf.edu/business/talent-development/internships.aspx>.

RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

SUPPLY CHAIN MANAGEMENT B.S.

TOTAL DEGREE HOURS: 120

The B.S. in Supply Chain Management equips students with the knowledge and skills needed to pursue careers in the supply chain industry. Supply chain management is a business function that ensures the efficient and effective management of the flow of goods, services and finances among firms around the world to transform raw materials into finished products along with management reverse flows (e.g., defective or damaged products, product returns, end-of-life disposal) in a sustainable manner. Graduates from this program enter the workforce in supply chain positions across multiple types of companies including manufacturing, distribution, transportation, and retailing. Students gain field-based experience through a required internship and a project in the capstone course.

UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

General Education Program (36 credit hours), including State Core General Education Requirements;
State Computation (6 credit hours);
State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
Minimum of 120 unduplicated credit hours;
A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
Major and college requirements in a chosen degree program;
Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
42 credit hours of upper-level coursework;
Civics Literacy;
Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA in the seven (7) courses:

ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3-6 credit hours
ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 or CGS X101 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
MAC X233 Elementary Calculus - 3 credit hours

REQUIRED HOURS: (57 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

BUL 3320 - Law And Business I **Credit(s): 3**
FIN 3403 - Principles of Finance **Credit(s): 3**
GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**
ISM 3011 - Information Systems in Organizations **Credit(s): 3**
MAN 3025 - Principles of Management **Credit(s): 3**
MAN 4504 - Operations and Supply Chain Management **Credit(s): 3**
MAR 3023 - Basic Marketing **Credit(s): 3**
QMB 3200 - Business and Economic Statistics II **Credit(s): 3**
RMI 3004 - Principles of Risk Management **Credit(s): 3**

Notes:

Finance, Personal Financial Planning, and Risk Management and Insurance majors must earn a C, not a C-, in FIN 3403 with no more than two attempts.
Business Analytics and Information Systems (B.A.I.S.) and Information Assurance and Cybersecurity Management majors must earn C, not C-, in ISM 3011
Advertising, Marketing, and Supply Chain Management majors must earn a C, not a C-, in MAR 3023

OTHER BUSINESS REQUIRED COURSES (6 CREDIT HOURS)

CGS 2100 - Computers in Business **Credit(s): 3** (Meets general education requirement)
GEB 3033 - Business Workplace Skills and Best Practices **Credit(s): 3**

ADDITIONAL INFORMATION - SUPPLY CHAIN MANAGEMENT B.S.

GPA REQUIREMENT

Students must earn a 2.0 GPA on all major coursework and have an overall 2.0 major GPA including any applicable transfer work.

GRADING REQUIREMENTS

Students must complete a minimum of 21 hours of upper-level Supply Chain Management coursework beyond MAN 4504 - Operations and Supply Chain Management with a grade of C- in all courses.

RESIDENCY REQUIREMENT

Major residency: Students must complete 15 hours of upper-level Supply Chain Management requirements in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses. Normally, independent study and independent research courses do not fulfill this requirement.

RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ENTREPRENEURSHIP AND INNOVATION MINOR FOR BUSINESS AND INDUSTRIAL ENGINEERING MAJORS

This is an interdisciplinary entrepreneurship minor available to USF Business and Industrial Engineering majors (other majors should take the Entrepreneurship and Innovation Minor for Non-Business and Non-Industrial Engineering Majors). This minor focuses on successful opportunity recognition; encourages application of creativity and innovation; and, develops leadership skills for new venture creation and organizational growth. This minor teaches valuable, real-world skills that will complement the major -- whether students would like to increase their entrepreneurial business skills, pursue their own business ideas, or learn ways to bring innovation and entrepreneurial leadership into existing positions and businesses.

MINOR REQUIREMENTS

For Business and Industrial Engineering majors only. The minor requires a total of 12 credit hours.

TOTAL MINOR CREDIT HOURS: 12

MINOR CORE CREDIT HOURS: 9

ENT 3613 - Creativity and Innovation in Entrepreneurial Firms **Credit(s): 3**

OR EIN 4200 - Creativity in Technology **Credit(s): 3** (Engineering students only)

ENT 4014 - New Venture Formation **Credit(s): 3**

ENT 4244 - Scalability in Entrepreneurial Firms **Credit(s): 3**

OR ENT 4424 - Fundamentals of Venture Capital and Private Equity **Credit(s): 3**

MINOR ELECTIVE CREDIT HOURS: 3

Choose 3 credit hours:

Any upper level Entrepreneurship courses with an ENT prefix (excluding ENT 3003 and ENT 3004)

GPA REQUIREMENT

A GPA of 2.0 or better must be achieved in the course work at USF and in all minor courses completed at other institutions.

GRADING REQUIREMENT

No minor course with a grade of "C" or less.

RESIDENCY REQUIREMENTS

Students must take nine (9) of the 12 hours required in residency at USF.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ENTREPRENEURSHIP AND INNOVATION MINOR FOR NON-BUSINESS AND NON-INDUSTRIAL ENGINEERING MAJORS

This is an interdisciplinary entrepreneurship minor available to all USF undergraduate majors (except Business and Industrial Engineering -- these students should take the Entrepreneurship and Innovation Minor for Business and Industrial Minor). This minor provides a focus on successful opportunity recognition; encourages application of creativity and innovation; and, develops leadership skills for new venture creation and organizational growth. The Minor teaches valuable, real-world skills that will complement any major -- whether students would like to increase their entrepreneurial business skills, pursue their own business ideas, or learn ways to bring innovation and entrepreneurial leadership into existing positions and businesses.

MINOR REQUIREMENTS

For Non-Business and Non-Industrial Engineering majors only. The minor requires a total of 12 credit hours.

TOTAL MINOR CREDIT HOURS: 12

MINOR CORE CREDIT HOURS: 9

ENT 3003 - Principles of Business in Entrepreneurship **Credit(s): 3**

ENT 3613 - Creativity and Innovation in Entrepreneurial Firms **Credit(s): 3**

OR EIN 4200 - Creativity in Technology **Credit(s): 3** (Engineering students only)

ENT 4014 - New Venture Formation **Credit(s): 3**

MINOR ELECTIVE CREDIT HOURS: 3

Choose 3 credit hours:

ENT 4244 - Scalability in Entrepreneurial Firms **Credit(s): 3**

OR

ENT 4424 - Fundamentals of Venture Capital and Private Equity **Credit(s): 3**

GPA REQUIREMENT

A GPA of 2.0 or better must be achieved in the course work at USF and in all minor courses completed at other institutions.

GRADING REQUIREMENT

No minor course with a grade of "C" or less.

RESIDENCY REQUIREMENTS

Students must take nine (9) of the 12 hours required in residency at USF.

MARKETING (FOR BUSINESS MAJORS ONLY) MINOR

The Marketing Minor is an excellent complement to all other business majors. All business majors will be challenged to develop and grow client bases, communicate and promote products and services to relevant target audiences, build distribution efficiencies, invest in cutting edge product development, and understand critical marketing research. A minor in Marketing can help any business major develop and implement these critical competitive advantages and set themselves apart from their peers.

MINOR REQUIREMENTS

The Marketing minor is available to all Undergraduate Muma College of Business students, except those majoring in Marketing.

TOTAL MINOR CREDIT HOURS: 12

MINOR CORE CREDIT HOURS: 12

12 hours of upper-level marketing courses excluding MAR 4824 and MAR 3023

GPA REQUIREMENT

A grade point average of 2.0 or better in the minor.

GRADING REQUIREMENT

A grade of C- or better in all courses for the minor.

RESIDENCY REQUIREMENT

Students must take nine (9) of the 12 required minor hours at USF.

BALDWIN RISK PARTNERS SCHOOL OF RISK MANAGEMENT AND INSURANCE

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

RISK MANAGEMENT AND INSURANCE B.S.

TOTAL DEGREE HOURS: 120

The Risk Management and Insurance major prepares individuals to plan, manage, and analyze the financial and monetary aspects of the insurance industry. It provides a broad based, analytical program for students anticipating a career in either the property casualty insurance or life/health insurance fields. The curriculum in risk management and insurance provides students with the knowledge necessary to analyze the impact of risk and uncertainty upon people, businesses and society. Graduates in risk management and insurance find a variety of career opportunities open to them as risk analysts within the business community and government; as brokers/agents providing professional risk management counseling and market placement services for clients; as consultants and personal financial planners; and in the underwriting, marketing, claims adjusting, planning, governmental relations, and financial management activities of insurers.

The major is designed to ensure that graduates are familiar with the tools of risk management and insurance decision making and that they possess the skills to stay abreast of the developments in the field. It includes preparation in principles of accounting, financial instruments, capital planning, asset and debt management, budgeting, financial analysis, and investment portfolio management. Risk Management and Insurance graduates will understand the functions and operations of insurance providers. Course content is designed to provide majors with an appreciation of cooperative work skills and to enhance their verbal and written communication skills.

UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA in the seven (7) courses:

ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3-6 credit hours
ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or
ISM X000 or CGS X518 or CGS X101 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
MAC X233 Elementary Calculus - 3 credit hours

REQUIRED COURSES: (57 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

BUL 3320 - Law And Business I **Credit(s): 3**
FIN 3403 - Principles of Finance **Credit(s): 3**
GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**
ISM 3011 - Information Systems in Organizations **Credit(s): 3**
MAN 3025 - Principles of Management **Credit(s): 3**
MAN 4504 - Operations and Supply Chain Management **Credit(s): 3**
MAR 3023 - Basic Marketing **Credit(s): 3**
QMB 3200 - Business and Economic Statistics II **Credit(s): 3**
RMI 3004 - Principles of Risk Management **Credit(s): 3**

Notes:

MAR 3400 - Professional Selling **Credit(s): 3**

MAR 4415 - Advanced Professional Selling **Credit(s): 3**

MAR 4941 - Student Consulting **Credit(s): 3**

FIN 3XXX - 4XXX **Credit(s): 3**

RMI 3XXX - 4XXX **Credit(s): 3**

ADDITIONAL INFORMATION - RISK MANAGEMENT AND INSURANCE B.S.

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GRADING REQUIREMENTS

Within the 120 credit hour program, students must complete a minimum of 21 hours of upper-level Risk Management and Insurance coursework with a grade of C not C- in all courses, including FIN 3403.

RESIDENCY REQUIREMENTS

Major Residency: Students must complete 15 hours of upper-level Risk Management and Insurance requirements in residency at USF.

College Residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

RISK MANAGEMENT AND INSURANCE MINOR (FOR BUSINESS MAJORS ONLY)

The Risk Management and Insurance minor is available to all Undergraduate Muma College of Business students, except those majoring in Risk Management and Insurance. A grade of C (not C-) or better must be earned in each of the required courses counted for the minor. A GPA of 2.0 or higher must be achieved in all minor coursework. All attempts will be included in the GPA unless grade forgiveness has been used.

This program is for Business majors only.

TOTAL MINOR CREDIT HOURS: 12

MINOR CORE COURSES (12 CREDIT HOURS)

12 hours of upper-level RMI courses excluding RMI 3004

GPA REQUIREMENTS

A grade point average of 2.00 or better must be achieved in the minor coursework and in all minor courses completed at other institutions.

All attempts will be included in the GPA unless grade forgiveness has been used.

GRADING REQUIREMENTS

A grade of "C" (not C-) or better must be earned in each of the Risk Management and Insurance courses that are counted toward the minor requirements.

GENERAL BUSINESS STUDIES B.S.

TOTAL DEGREE HOURS: 120

The General Business Studies major provides students with substantial preparation in core areas of business and prepares them for positions in a business world that is increasingly interdisciplinary and values cross-functional abilities.

SPECIALIZED ADMISSIONS - MUMA COLLEGE OF BUSINESS

This program has specialized admissions meaning students must complete additional requirements before entering the major. Please see Muma College of Business site for more information on Specialized Admissions requirements.

UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.5 GPA in the seven (7) courses:

ACG X021 Principles of Financial Accounting or ACG X022 or (ACG X001 & ACG X011) - 3-6 credit hours
ACG X071 Managerial Accounting or ACG X301 - 3 credit hours
CGS X100 Computers in Business or CGS X100C or CGS X570 or CGS X060 or CGS X531 or CGS X000 or ISM X000 or CGS X518 or CGS X101 - 3 credit hours
ECO X013 Principles of Macroeconomics - 3 credit hours
ECO X023 Principles of Microeconomics - 3 credit hours
STA X023 Introductory Statistics or STA X122 or QMB X100 - 3 credit hours
MAC X233 Elementary Calculus - 3 credit hours

REQUIRED COURSES: (54 CREDIT HOURS)

BUSINESS FOUNDATION COURSES (REQUIRED OF ALL BUSINESS MAJORS): 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

BUL 3320 - Law And Business I **Credit(s): 3**
FIN 3403 - Principles of Finance **Credit(s): 3**
GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**
ISM 3011 - Information Systems in Organizations **Credit(s): 3**
MAN 3025 - Principles of Management **Credit(s): 3**
MAN 4504 - Operations and Supply Chain Management **Credit(s): 3**
MAR 3023 - Basic Marketing **Credit(s): 3**
QMB 3200 - Business and Economic Statistics II **Credit(s): 3**
RMI 3004 - Principles of Risk Management **Credit(s): 3**

Notes:

Finance, Personal Financial Planning, and Risk Management and Insurance majors must earn a C, not a C-, in FIN 3403 with no more than two attempts.
Business Analytics and Information Systems (B.A.I.S.) and Information Assurance and Cybersecurity Management majors must earn C, not C-, in ISM 3011
Advertising, Marketing, and Supply Chain Management majors must earn a C, not a C-, in MAR 3023

OTHER BUSINESS REQUIRED COURSES (6 CREDIT HOURS)

CGS 2100 - Computers in Business **Credit(s): 3** (Meets general education requirement)
GEB 3033 - Business Workplace Skills and Best Practices **Credit(s): 3**

MUMA COLLEGE OF BUSINESS

SUPPORTING REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of C- in each Supporting course is required.

SPC 2608 - Public Speaking **Credit(s): 3**

OR

COM 3110 - Communication For Business and the Professions **Credit(s): 3**

ENC 3250 - Professional Writing **Credit(s): 3**

OR

ENC 3310 - Expository Writing **Credit(s): 3**

Contemporary International Topics Course (3)

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

Students must complete three (3) upper-level courses from at least one of the following Business areas: Accounting, Business Analytics and Information Systems, Entrepreneurship, Finance, Management, or Marketing.

Accounting Area: Nine (9) credit hours of earned ACG 3000-4999 coursework.

Business Analytics and Information Systems Area: Nine (9) credit hours of earned ISM 3000-4999 coursework.

Entrepreneurship Area: Nine (9) credit hours of earned ENT 3000-4999 coursework.

Finance Area: Nine (9) credit hours of earned FIN 3000-4999 coursework.

Management Area: Nine (9) credit hours of earned MAN 3000-4999 coursework.

Marketing Area: Nine (9) credit hours of earned MKT 3000-4999 coursework.

BUSINESS OR NON-BUSINESS COURSE ELECTIVES: 3 COURSES; 9 CREDIT HOURS

As part of the General Business Studies major, students may choose to apply three (3) upper-level courses outside the Business area. The upper-level courses do not have to be from a specific discipline, however only two (2) of the three (3) courses may fulfill other degree requirements.

ADDITIONAL INFORMATION - GENERAL BUSINESS STUDIES B.S.

GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Within the 120-credit hour program, students must complete a minimum of 12 credit hours with a grade of C- or higher for all Business and non-Business courses applied for the major core and electives. Business courses taken by General Business Studies majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work. Best attempts will be used when calculating the GPA.

RESIDENCY REQUIREMENTS

Major residency: Of the total nine (9) credit hours of major Business coursework, six (6) must be taken in residency at USF. Of the total nine (9) credit hours of elective coursework, six (6) must be taken in residency at USF.

College residency: Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

(813) 974-3367
afrotc@usf.edu
<https://www.usf.edu/undergrad/air-force-rotc/>

Here at USF, we are Detachment 158 of the Air Force Reserve Officer Training Corps (AFROTC) – Home of the “Flying Bulls.” The AFROTC curriculum we offer includes 16 credit hours of instruction by active duty Air Force officers. A cadet who successfully completes the AFROTC program and a Bachelor’s degree will earn an Air Force commission and enter active duty in the United States Air Force as a Second Lieutenant. AFROTC is offered in a variety of three-to-five year programs and cadets must be enrolled full-time; i.e., carry at least 12 credit hours each fall and spring semester. In addition to their academic work, AFROTC cadets are also required to take a 2-hour non-credit leadership laboratory (LLAB) each semester. Cadets wear Air Force uniforms during LLAB, plan and execute leadership training, and learn Air Force customs and courtesies. Furthermore, AFROTC cadets must attend two physical training sessions on Tuesdays and Thursdays of each week to prepare them to successfully complete the Air Force Physical Fitness Assessment each semester. Physical training sessions are an hour long and begin at 5:45am.

AFROTC scholarships may be available for eligible cadets who meet highly competitive nationwide criteria established by AFROTC Headquarters. The scholarships may pay all tuition, fees, books, and a \$300 - \$500 per month tax-free stipend. For more information about scholarship criteria, contact us or visit www.afrotc.com for the most current scholarship information. An AFROTC scholarship is not required to enter or even complete the AFROTC program.

Students may join AFROTC at the beginning of the fall or spring semester. To get more information about our program or to start the process of becoming an AFROTC cadet, please contact our Air Force ROTC Office at USF via afrotc@usf.edu or phone 813-974-3367 or visit us in person on the 4th floor of the CWY Building, located just north of the USF Campus Recreation Center GPS 12303 USF Genshaft Drive.

The program is divided into two categories. The General Military Course (GMC) consists of first and second year cadets. The Professional Officer Course (POC) is made up of the third and fourth year cadets. To enter the POC, a cadet must complete Field Training during the summer between second and third year. Field Training is intensive military leadership evaluation and training conducted at Maxwell Air Force Base AL.

GENERAL MILITARY COURSE (GMC)

The GMC consists of four one-hour courses offered in the fall and spring only. Each semester you are in GMC must include a two-hour LLAB and physical fitness sessions twice weekly. It is possible to take these 1-hour courses simultaneously to compress the GMC period from 2 years to 1 ½, or even 1 year. However, the 2-year program is the preferred approach. During GMC, cadets are introduced to the structure and core values of the U.S. Air Force as well as its storied history. Unless you are a scholarship cadet and in your second year of the program, you have no military obligation whatsoever and can leave at any time while in GMC. The program is designed like this so you can see if a career as an Air Force officer is right for you.

GMC Courses:

AFR 1101 (Fall) – Heritage and Values of the United States Air Force Part 1 (1 credit)
AFR 1120 (Spring) – Heritage and Values of the United States Air Force Part 2 (1 credit)
AFR 2130 (Fall) – Team and Leadership Fundamentals Part I (1 credit)
AFR 2140 (Spring) – Team and Leadership Fundamentals Part 2 (1 credit)
FIELD TRAINING (FT)

Prior to entering the Professional Officer Course, cadets must successfully complete Field Training (FT) at Maxwell Air Force Base, Montgomery, Alabama which will test their leadership potential. Earning a FT slot is competitive and

ROTC PROGRAMS

selection is based on several performance criteria such as GPA, standardized test scores, and Physical Fitness Assessment scores.

Professional Officer Course (POC)

The POC consists of four semesters of three-hour courses offered only in the fall and spring. Each semester you are in POC must include a two-hour LLAB and physical fitness sessions twice weekly. Unlike GMC, the POC cannot be compressed and requires 2 years to complete. POC cadets learn and apply leadership and time management principles and are responsible for the design and execution of all cadet activities. Active duty officers are available full-time to guide and mentor POC cadets to ensure they provide quality training for all the cadets in the program. POC cadets conduct the leadership seminars and manage the cadet corps. To develop POC cadets and prepare them to enter active duty, emphasis is placed on small group discussions and presentations on topics such as management, communication skills and national defense policy. As a POC cadet, you sign an Air Force Reserve contract. This entitles you to a monthly stipend of \$300 to \$500 during the academic year whether or not you receive an AFROTC scholarship.

POC Courses:

AFR 3220 (Fall) – Leading People and Effective Communication Part 1 (3 credits)

AFR 3231 (Spring) – Leading People and Effective Communication Part 2 (3 credits)

AFR 4201 (Fall) – National Security Affairs and Preparation for Active Duty Part I (3 credits)

AFR 4211 (Spring) – National Security Affairs and Preparation for Active Duty Part 2 (3 credits)

Both GMC and POC cadets must also enroll in AFR 2001 (Fall/Spring) – AFROTC Leadership Lab (0 credit – S/U grade only)

Just like physical training, all Air Force ROTC cadets must participate in LLAB every semester. LLAB is a cadet-run course that provides excellent opportunities to develop your leadership and followership skills. Our goal in AFROTC is to develop leaders for the Air Force, so LLAB is an essential piece of your development as a future Air Force officer.

FURNISHED ITEMS

The Air Force ROTC detachment provides all required items free of charge that you'll need in the program to include a variety of uniforms and all AFR course material.

Air Force Careers

In addition to pilot careers, there are a multitude of USAF career options for officer candidates. To assist cadets in selecting an Air Force career, we bring in active duty officers from various career fields each semester to talk with our cadets. We also visit nearby military bases and coordinate orientation flights in actual USAF aircraft. With this background, cadets can make an informed decision on the career path that interest them most. Competition for flying careers occur in the first year of the POC. The selection for non-flying careers occurs at the beginning of the second year in POC.

Military Science - Army ROTC

C.W. Bill Young Hall (CWY) 405
(813) 974-4065
usofl@usf.edu
<https://www.goarmy.com/rotc/schools/university-of-south-florida.html>

The Department of Military Science for Army Reserve Officers Training Corps (AROTC) was established to select and prepare students to serve as officers in the Regular and Reserve components of the United States Army. The curriculum is designed to develop students' leadership potential and improve students' planning, organizational, and managerial skills.

Army ROTC training is divided into two phases: the first two years constitute the Basic Course; the last two the Advanced Course. The Department offers both a four- and a two-year program, each leading to a commission as a Second Lieutenant in the United States Army. The four-year program requires completion of the Basic Course, a five-week field training course, and the Advanced Course. Students with prior active military service or previous training at military schools may be exempt from some or all of the Basic Course. Students with questions concerning the various options should contact the Professor of Military Science for more information. Enrollment is open to qualified students at all levels, including graduate students. Offerings are published each semester.

Army ROTC training provides scholarships, pay, free uniforms and textbooks for scholarship and/or contracted Cadets. Scholarships are awarded on a competitive basis in all academic majors. The scholarship pays full tuition or room and board, books, lab and mandatory fees, and certain other academic expenses.

Additional Skills Training

Airborne School, Air Assault School, and the Northern Warfare School are available to both Basic and Advanced Course students during semester breaks. Additional skills training is also available during the academic year to include first aid, rappelling, orienteering, etc.

Basic Course

The Basic Course consists of four semesters of classroom instruction of one and a half hour each week and a leadership lab. Students incur no military commitment by participating in the Basic Course. In lieu of attending the basic course classroom instruction, a student may attend the four-week Leadership Training Course at Fort Knox, Kentucky during the summer of the student's sophomore year.

Advanced Course

The Advanced Course consists of four semesters of classroom instruction of three hours each week, leadership lab, physical fitness and field training exercises, and a five-week training phase at Leadership Development and Assessment Course. Students registering for the Advanced Course must have met all requirements for Basic Course completion. The Advanced Course is designed to prepare the student who desires to be a Professional Army Officer for duty in the Active Army, Reserve or National Guard. Additional training is available to selected Cadets at both US based and overseas active Army units.

Job Opportunities

The newly commissioned Officer can be guaranteed Reserve or National Guard duty, or compete for an Active Duty commission. Prior to commissioning, the student may request to serve in a number of career fields to include aviation, infantry, armor, engineering, medical, law enforcement, logistics, and personnel administration.

REQUIREMENTS FOR AN ROTC COMMISSION

Students who desire to earn a commission as a Second Lieutenant in the United States Army must meet the following requirements: four semesters of the ROTC Advanced Course, successful completion of the Professional Military Education Courses (written communication skills, computer literacy, and military history), attendance at Leadership Development and Assessment Course, maintain and graduate with a minimum of a 2.0 GPA, successful completion of the Army Physical Fitness Test, compliance with the Army height and weight standards, and other requirements of the United States Army.

Naval Science - Army ROTC

C.W. Bill Young Hall (CWY) 406

(813) 974-4789

nrotc-naval@usf.edu

<https://www.usf.edu/undergrad/naval-rotc/>

<https://www.nrotc.navy.mil/>

The Naval Science Program at the University of South Florida is administered by the Naval Reserve Officers Training Corps (NROTC) Unit. This program affords selected men and women the opportunity to receive instruction in Navy- and Marine Corps-specific courses which, in conjunction with the baccalaureate degree, will qualify them for a commission in the United States Navy or Marine Corps. Students enrolled in the university who are physically and mentally qualified are eligible to apply for the NROTC program. As naval officers, USF NROTC graduates become eligible for varied careers, serving in aviation squadrons, on surface ships, on submarines in the nuclear power program, at naval installations all over the world, or in the numerous sub-specialties as an officer of the Marines Corps. With the consent of the Professor of Naval Science, any student, although not enrolled in the NROTC program, is eligible for enrollment in naval science courses. The USF NROTC unit offers participation through three programs: (1) the Navy-Marine Corps Scholarship Program, (2) the Navy-Marine Corps College Program, and (3) the Three-/Two-Year NROTC Scholarship Program.

The Navy-Marine Corps Four-Year Scholarship Program

The NROTC National Scholarship Program is open to young men and women of all races, creeds, and national origins who are United States citizens. Students are selected on their own merit to become officers in the United States Navy and Marine Corps. Scholarship students are appointed Midshipmen, U.S. Navy Reserve. The Navy pays for tuition, fees, textbooks, uniforms, and a monthly subsistence allowance of up to \$400.00 for four years. Scholarship students are normally selected through national competition during their senior year in high school. Although it is not a requirement, a student in the NROTC Scholarship Program is encouraged to pursue a major in engineering, mathematics, chemistry, or physics to meet the technological requirements of the Navy. Other fields of study for a major leading to a Baccalaureate degree are permitted, with the approval of the Professor of Naval Science. Regardless of the major, every Navy scholarship student must complete one year of physics and one year of calculus.

Students must complete certain Navy- and Marine Corps-specific courses and complete a program of courses as prescribed by the Professor of Naval Science. Upon graduation, and successful completion of the naval science curriculum, the midshipman will receive a commission as Ensign in the U.S. Navy or Second Lieutenant in the U.S. Marine Corps and serve on active duty for a minimum of five years.

The Navy-Marine Corps College Program

The NROTC College Program is designed to train and educate well-qualified young men and women for commissioning. Students in the College Program compete for three- or two-year scholarships which must be earned prior to commencement of a student's junior year. The Navy or Marine Corps pays for uniforms and naval science textbooks for freshmen and sophomores. Each student is eligible to apply for a two- or three-year scholarship through the NROTC unit based on past academic performance, potential, physical fitness, and advisor evaluations. This scholarship covers tuition, fees, books and a stipend akin to the four-year scholarship. Other students may receive Advanced Standing which only provides a stipend. Those students who do not obtain a scholarship or Advanced Standing by their junior year will be dropped from the program. A college program midshipman only acquires a military service obligation after entering the advanced courses at the beginning of the junior year.

Although there are no restrictions on the major college program students may pursue, it is highly recommended that they pursue a course of study similar to that of scholarship students. Students must complete certain Navy- and Marine Corps-specific courses and complete a program of courses as prescribed by the Professor of Naval Science. Students, upon graduation and successful completion of the naval science curriculum, receive a commission as an Ensign in the U.S. Navy or a Second Lieutenant in the U.S. Marine Corps and serve on active duty for a minimum of three years.

Three-Year/Two-Year NROTC Scholarship Program

ROTC PROGRAMS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The three-year/two-year scholarship program is offered for students commencing their second or third year of college. Applications must be submitted by May 31st during the freshman or sophomore year. Qualifications for acceptance to this program include demonstrated ability to excel in a math, physical science, or engineering major.

Regardless of the major, every scholarship student must complete one year of calculus-based physics and one year of calculus. Students must complete certain Navy- and Marine Corps-specific courses and complete a program of courses as prescribed by the Professor of Naval Science. Upon graduation, and successful completion of the naval science curriculum, the midshipman will receive a commission as an Ensign in the U.S. Navy or a Second Lieutenant in the U.S. Marine Corps and serve on active duty for a minimum of five years.

Summer Training

NROTC scholarship students are required to complete several weeks of training during each summer recess, including the summer before they enter college. NROTC College Program students do not qualify for summer training, except for the summer before they enter college.

The summer before all NROTC students begin college, they will spend approximately three weeks at New Student Indoctrination (NSI) at Naval Station Great Lakes, outside of Chicago, IL. NSI is designed to standardize basic militarization and provide uniform training not available on campus. The training is being accomplished on the same base and in the same facilities that train every enlisted Sailor. NSI provides basic training in five warfighting competencies – Fire Fighting, Damage Control, Seamanship, Watchstanding and Small Arms Handling and Marksmanship – to begin creating basically trained, smartly disciplined, tough and courageous future Navy and Marine Corps Officers.

During the next summer training period, each scholarship student will receive instruction in aviation training, marine combat training, surface warfare indoctrination, and submarine indoctrination in either Norfolk, Virginia, or San Diego, California. The third summer training period occurs aboard operational ships of the U.S. Fleet. During the final summer training period, candidates for the U.S. Navy will perform training aboard operational ships, submarines, or aviation squadrons, shadowing a junior officer. Outstanding midshipmen also have the opportunity to cruise with allied navies through the Midshipman Foreign Exchange Program. During the final summer training period, candidates for U.S. Marine Corps commissions will complete Officer Candidates School (OCS) at the U.S. Marine Corps Base, Quantico, Virginia. OCS is a six-week training program designed to prepare midshipmen for commissioning by providing basic military instruction and physical training. An evaluation of midshipmen is made to ensure that they possess the leadership, academic, and physical qualifications required for appointment.

Transportation costs to and from the training sites, subsistence, quarters, and training pay is provided to every participating student.

SPECIFIED UNIVERSITY COURSES

In addition to satisfying requirements for a Baccalaureate degree, students must satisfactorily complete the following four-year curriculum guide, including required naval science courses and specified university courses.

All students: NSC 1110 – Introduction to Naval Science (generally taken as a freshman)
All students: NSC 2231 – Principles of Naval Management I (generally taken as a sophomore)
Navy options only: NSC 2121 – Naval Ships Systems I (generally taken as a junior)
Navy options only: NSC 3214C – Navigation/Naval Operations II (generally taken as a senior)
Marine options only: NSC 3225 – Fundamentals of Maneuver Warfare (generally taken as a sophomore or junior, depending on offerings)

Courses offered in the spring:

All students: NSC 1140 – Seapower and Maritime Affairs (generally taken as a freshman)
Navy options only: NSC 2212C – Navigation/Naval Operations I (generally taken as a sophomore)
Marine options only: NSC 2220 – Evolution of Warfare (generally taken as a sophomore or junior, depending on offerings)
Navy options only: NSC 3123 – Naval Ships Systems II (generally taken as a junior)
All students: NSC 4232 – Principles of Naval Management II (generally taken as a senior)

ROTC PROGRAMS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Courses required every fall and spring semester:

All students: NSC 1101L – 001 – Naval Science Laboratory

Marine options only: NSC 1101L – 002 – Naval Science Laboratory (Semper Fi)

Navy options only: NSC 1101L – 003 – Naval Science Laboratory (Blue and Gold)

Depending on a student's program (e.g., Navy, Marine Corps, scholarship, college program), they will also be required to take non-naval science courses. Examples include courses in calculus, physics, English, military history or national security policy, and world cultures or regional studies.

Furnished Items

All uniforms, textbooks, and equipment needed by the student for naval science courses are furnished by the Navy and Marine Corps.

Use of Navy Science Courses as University Electives

Academic departments within the university may, according to their own policies, accept naval science courses as electives to fulfill requirements in their academic program.

The Joint Military Leadership Center (JMLC)

4202 E. Fowler Avenue, SVC 2002
Tampa, FL 33612
(813) 974-4051

<https://www.usf.edu/undergrad/jmlc/index.aspx>

Consistent with the mission of the University of South Florida, a global, research university, The Joint Military Leadership Center focuses on preparing future commissioned officers to lead in a joint, multi-national environment through providing and maintaining a unique, state of the art, joint training facility for ROTC; sponsorship of joint activities; and promotion of joint planning and inter-service cooperation.

Programs

The Joint Military Leadership Center develops and implements educational programs to enhance the quality of the ROTC curriculum. Students will gain a better understanding and appreciation for the capabilities, limitations and culture of each military service and the challenges and value of joint operations. These programs include:

Sponsorship of relevant speakers from the Department of Defense, the Armed Services, Unified Combatant Commands, and the Senior National Representatives of the Coalition at U.S. Central Command.

An ROTC Living Learning Community (LLC) established in the university's Housing and Residential Education Department. See <https://www.usf.edu/housing/residential-learning/llc-interest/rotc.aspx>.

Student visits to MacDill Air Force Base and Unified Combatant Commands - U.S Central Command (USCENTCOM) and U.S. Special Operations Command (USSOCOM).

Promotion of cross-cultural competence and study of foreign languages and cultures.

The Joint Military Leadership Center focuses on preparing future commissioned officers to lead in a joint, multi-national environment through providing and maintaining a unique, state of the art, joint training facility for ROTC; sponsorship of joint activities; and promotion of joint planning and inter-service cooperation.

(It integrates academic endeavors with meaningful experiences within myriad student development programs. Together, they aim to provide coordinated opportunities for students to develop their identities and intellectual competencies for successful careers and lifelong learning.

Mission, Vision, Values

Our goal is to help ensure that students graduate from the University of South Florida with a world-class education, in a timely fashion, confident in the skills and knowledge they need to succeed in their post-baccalaureate careers, and with the conviction that enrolling at USF was the best decision of their lives. All departments within Undergraduate Studies (UGS) are focused squarely on helping USF meet its Strategic Plan goals.

Undergraduate Studies shares these key values with the greater University of South Florida community:

- High-quality education and excellence in teaching and learning
- Diversity of students, faculty, and staff
- Affordable and accessible education
- Community engagement and public service
- Focus and discipline in aligning the budget with institutional priorities.
- A campus life with broad academic, cultural, and athletic opportunities
- Success and achievement of its students, faculty, staff, and alumni
- Collegiality, academic freedom, and professional responsibility
- Efficiency and transparent accountability

Academic Programs Overview

UNDERGRADUATE STUDIES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Uniquely positioned in the Office of Undergraduate Studies, the Academic Programs unit consists of a highly specialized team working together to empower students in educational transition for life-long success through individualized advising and meaningful academic experiences. Academic Programs oversees two-degree completion programs (the Bachelor of General Studies (BGS) and the Bachelor of Science in Applied Science (BSAS)), the Exploratory Curriculum Track (ECM), four undergraduate studies minors and two courses (Academic Foundations and Academic Transitions). This team is responsible for certifying undergraduate studies minors and bachelor degrees, developing corporate partnership programs for the local community, offering specialized Academic Advising services to students, and certifying AA certificates.

Undergraduate Studies Academic Programs Mission Statement

The mission of UGS Academics is to empower students in educational transition for life-long success through individualized advising and meaningful academic experiences.

Baccalaureate-Level Degree Programs

Bachelor of General Studies

The Bachelor of General Studies is a degree completion program that provides nontraditional students options for completing their educational goals. USF's Bachelor of General Studies Degree (B.G.S.) is a customized, interdisciplinary degree that allows students to choose an academic program that fits their educational and professional goals.

Students pursuing a Bachelor of General Studies degree are restricted from declaring a minor, due to USF's degree progression policy.

Students pursuing a Bachelor of General Studies degree are restricted from declaring a minor, due to USF's degree progression policy. Students may not pursue the Bachelor of General Studies as a second major, co-degree (concurrent degree), dual degree, or second or post-baccalaureate degree. Baccalaureate degree holders who wish to pursue further education are encouraged to pursue admission into a graduate degree program of study.

The following concentrations are available for the B.G.S. degree:

- Aging Sciences
- Behavioral Healthcare
- Business
- Computer Systems Technology
- Criminal Justice
- Educational Foundations
- Environmental Policy
- Information Architecture: Information Studies
- Leadership Studies
- Public Administration
- Public Health
- Urban Studies
- Women's Studies

Bachelor of General Studies (BGS) Admission Requirements

<https://www.usf.edu/undergrad/programs/bgs/application.aspx>

To be admitted into the Bachelor of General Studies (BGS) program, applicants must:

- Have earned 60 or more credits at institutions accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission.
- Have a gap in education of three years or more.
- Complete a screening process conducted by an Academic Advisor.
- Be in good standing with most recent former educational institution.
- Demonstrate ability and desire to complete the degree (personal statement).

BGSadvise@usf.edu

Bachelor of Science in Applied Science (B.S.A.S)

The B.S.A.S. degree program designed specifically for Associate in Science (A.S.) degree graduates from a Florida public community or state college. The B.S.A.S. degree is designed to serve Florida's A.S. graduates who desire a bachelor's degree for self-enrichment, advancement in their current career or to qualify for higher-level employment in other settings. A.S. graduates looking for a flexible Bachelor's degree program will find the BSAS degree recognizes the value of academic work already completed. Most students can complete their concentrations and exit requirements within an additional 60 credit hours.

USF will award up to 60 transfer credits from the A.S. degree (applicable only to the BSAS program). Up to 42 hours of technical coursework may be eligible for transfer into the B.S.A.S. program. The remaining 18 credit hours of transferable General Education coursework from the A.S. will be matched against USF requirements to determine which courses remain outstanding for the fulfillment of the University's 36 credit hour General Education requirements.

Students may not pursue the Bachelor of Sciences in Applied Science (B.S.A.S.) as a second major, co-degree (concurrent degree), dual degree, or second or post-baccalaureate degree. Students that have earned a Bachelor degree from USF or other institutions who wish to pursue further education are encouraged to pursue admission into a graduate degree program of study or contact the college associated with the bachelor degree program of their choice.

The following concentrations are available for the B.S.A.S. degree:

- Aging Sciences
- Behavioral Healthcare
- Computer Systems Technology
- Criminal Justice
- Environmental Policy
- Information Architecture: Information Studies
- Leadership Studies
- Public Administration
- Public Health
- Urban Studies

Bachelor of Science in Applied Science (B.S.A.S) Admission Requirements

Students admitted to the BSAS must have a completed A.S. degree from a public Florida community or state college and will have completed a minimum of 18 credit hours of transferable General Education coursework, which should include writing and math courses that meet Gordon Rule requirements.

A completed Associate of Science (A.S.) degree from a Florida public community or state college.

At least 18 credit hours of transferrable general education coursework.

Successful completion of ENC 1101 or equivalent English composition courses.

Successful completion of at least one college-level math or quantitative reasoning.**

** MAT 1033 is not considered college-level math.

NOTE: To be admitted students must have a transcript that indicates completion of the A.S. degree. Keiser University AS degrees are also accepted (as long as criteria above has been met).

Exploratory Curriculum Track

The Exploratory Curriculum Track (ECM) allows USF students to register for up to 36 credit hours before they must officially declare a major. During this time they will focus on satisfying the 2019-2020 State and USF General Education requirements, which are needed for any major at USF. These courses are a great way to learn about career fields and academic disciplines that students may not be familiar with yet.

The cornerstone of the Exploratory Curriculum (ECM) track is the customized student success course entitled U-Decide, a first-year experience course with a significant major/career exploration component (offered as either SLS 2901 - Academic Foundations Seminar or IDS 2378 - Critical Thinking: Foundations of Interdisciplinary Knowledge and Inquiry). The goal of the course and the entire Exploratory Curriculum experience is to equip students with the ability to make decisions regarding their future. The economic and career landscape is always changing, and this new generation of students needs to be able to adapt at a much higher rate than previous generations.

PROGRAM REQUIREMENTS

The only program requirement for the Exploratory Curriculum (ECM) is the registration and completion of the mandatory U-Decide course during a student's first Fall or Spring semester (offered as either SLS 2901 - Academic Foundations Seminar or IDS 2378 - Critical Thinking: Foundations of Interdisciplinary Knowledge and Inquiry). The course is not offered during any Summer semesters.

PROGRAM ADMISSION INFORMATION

To be admitted to the Exploratory Curriculum (ECM), a student should be at or below 36 college credits at the time of orientation. If a student is in AP, IB, Dual Enrollment, AICE or any other college credit accruing program in high school, please reach out to the Exploratory advisor for further options. You can reach the ECM advisor at ECMadvise@usf.edu.

Minors

Aerospace Studies

<https://www.usf.edu/undergrad/programs/minors/aerospace-studies.aspx>

This program will provide the student an understanding of management and leadership concepts as they relate to military officers.

Leadership Studies

<https://www.usf.edu/student-affairs/leadership-civic-engagement/leadership-development/leadership-studies-minor.aspx>

The program has a unique approach to leadership education that combines practical theories and opportunities for

UNDERGRADUATE STUDIES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

students to study the characteristics of authority, leadership, social and role dynamics, political processes and the values that orient their careers.

Military Leadership

<https://www.usf.edu/undergrad/programs/minors/military-science.aspx>

This minor lays out a leadership framework that allows students to apply leadership concepts learned in the classroom.

Naval Science and Leadership

<https://www.usf.edu/undergrad/programs/minors/naval-science-and-leadership.aspx>

The minor lays out a framework by which the Navy and Marine Corps conduct routine operations and planning and it also provides a foundation in design theory with a practical application to naval platforms and weapon systems.

Associate of Arts

Students may apply for the Associate of Arts (AA) at USF. For more information on AA requirements at USF, please refer to USF Regulation 3.019. For other questions about an USF AA, visit <https://www.usf.edu/undergrad/programs/aa-degree.aspx> or email aacerts@usf.edu.

UNDERGRADUATE STUDIES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

APPLIED SCIENCE B.S.A.S., WITH AGING SCIENCES CONCENTRATION

TOTAL DEGREE HOURS: 120

Workforce projections for the 21st Century indicate there will be an ongoing need for people with specific skills and abilities to fill Florida's growing number of specialized, scientific, industrial and technological positions. Florida's two-year colleges offer many exceptional programs that meet these demands through their Associate in Science (A.S.) degrees. Although these applied and technical degrees provide excellent preparation for students seeking jobs that require specific knowledge, skills and abilities, they have not generally transferred very efficiently into four-year bachelor's degree programs. The Bachelor of Science in Applied Science has been developed by USF under certain provisions of Florida legislation to remove constraints from the transfer process, recognize some past coursework as transferable credit to the university, and afford exciting new opportunities for those with an A.S. degree from a Florida public state or community college to pursue and acquire a distinctive bachelor's degree from the University of South Florida.

Students may not pursue the Bachelor of Sciences in Applied Science (B.S.A.S.) as a second major, co-degree (concurrent degree), dual degree, or second or post-baccalaureate degree. Students that have earned a Bachelor degree from USF or other institutions who wish to pursue further education are encouraged to pursue admission into a graduate degree program of study or contact the college associated with the bachelor degree program of their choice.

UNIVERSITY ADMISSIONS - UNDERGRADUATE STUDIES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

GRADUATION REQUIREMENTS - APPLIED SCIENCE B.S.A.S.

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - APPLIED SCIENCE B.S.A.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

UNDERGRADUATE STUDIES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Students should complete at least 18 credit hours of the general education requirements as part of their A.S. degree, which should include the State Communication Requirement and State Computation Requirement courses to fulfill these requirements while at the community or state college. Students must complete ENC 1101 and at least one college-level math course to be admitted into the Applied Science program.

USF will award up to 60 transfer credits from the A.S. degree (applicable only to the B.S.A.S. program). Up to 42 hours of technical coursework may be eligible for transfer into the B.S.A.S. program. The remaining 18 credit hours of transferable General Education coursework from the A.S. will be matched against USF requirements to determine which courses remain outstanding for the fulfillment of the University's 36 credit hour General Education requirements.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

There are no State Mandated Common Prerequisites for this degree program.

APPLIED SCIENCE REQUIRED COURSE: (3 CREDIT HOURS)

MAJOR CORE COURSE: 1 COURSE; 3 CREDIT HOURS

IDS 4934 - Senior Capstone for BSAS/BGS **Credit(s): 3**

APPLIED SCIENCE MAJOR (RESTRICTED) ELECTIVES: 7 COURSES; 21 CREDIT HOURS

Students complete an Applied Science program of study and one concentration in:

- Aging Sciences
- Behavioral Healthcare
- Criminal Justice
- Environmental Policy
- Information Studies: Information Architecture
- Leadership Studies
- Public Service and Leadership
- Public Health
- Urban Studies

AGING SCIENCES CONCENTRATION: 7 COURSES; 21 CREDIT HOURS

CONCENTRATION CORE: 4 COURSES; 12 CREDIT HOURS

- GEY 2000 - Introduction to Aging Sciences **Credit(s): 3**

ADDITIONAL INFORMATION - APPLIED SCIENCE B.S.A.S.

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF.
An overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

A minimum grade of C- or better must be earned in each concentration course.

RESEARCH OPPORTUNITIES - APPLIED SCIENCE B.S.A.S.

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912 - Undergraduate Research Experience, IDS 4914 - Advanced Undergraduate Research Experience or IDH 4910 - Honors Undergraduate Research courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) will assist students in understanding the various course options.

If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

UNDERGRADUATE STUDIES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Students should complete at least 18 credit hours of the general education requirements as part of their A.S. degree, which should include the State Communication Requirement and State Computation Requirement courses to fulfill these requirements while at the community or state college. Students must complete ENC 1101 and at least one college-level math course to be admitted into the Applied Science program.

USF will award up to 60 transfer credits from the A.S. degree (applicable only to the B.S.A.S. program). Up to 42 hours of technical coursework may be eligible for transfer into the B.S.A.S. program. The remaining 18 credit hours of transferable General Education coursework from the A.S. will be matched against USF requirements to determine which courses remain outstanding for the fulfillment of the University's 36 credit hour General Education requirements.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

There are no State Mandated Common Prerequisites for this degree program.

APPLIED SCIENCE REQUIRED COURSE: (3 CREDIT HOURS)

MAJOR CORE COURSE: 1 COURSE; 3 CREDIT HOURS

IDS 4934 - Senior Capstone for BSAS/BGS **Credit(s): 3**

APPLIED SCIENCE MAJOR (RESTRICTED) ELECTIVES: 7 COURSES; 21 CREDIT HOURS

Students complete an Applied Science program of study and one concentration in:

- Aging Sciences
- Behavioral Healthcare
- Criminal Justice
- Environmental Policy
- Information Studies: Information Architecture
- Leadership Studies
- Public Service and Leadership
- Public Health
- Urban Studies

ENVIRONMENTAL POLICY CONCENTRATION: 8 COURSES; 21 CREDIT HOURS

CONCENTRATION CORE: 3 COURSES; 7 CREDIT HOURS

EVR 2001 - Introduction to Environmental Science **Credit(s): 3**
EVR 2001L - Environmental Science Lab **Credit(s): 1**
EVR 2861 - Introduction to Environmental Policy **Credit(s): 3**

UNDERGRADUATE STUDIES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

APPLIED SCIENCE B.S.A.S., WITH INFORMATION STUDIES: INFORMATION ARCHITECTURE CONCENTRATION

TOTAL DEGREE HOURS: 120

Workforce projections for the 21st Century indicate there will be an ongoing need for people with specific skills and abilities to fill Florida's growing number of specialized, scientific, industrial and technological positions. Florida's two-year colleges offer many exceptional programs that meet these demands through their Associate in Science (A.S.) degrees. Although these applied and technical degrees provide excellent preparation for students seeking jobs that require specific knowledge, skills and abilities, they have not generally transferred very efficiently into four-year bachelor's degree programs. The Bachelor of Science in Applied Science has been developed by USF under certain provisions of Florida legislation to remove constraints from the transfer process, recognize some past coursework as transferable credit to the university, and afford exciting new opportunities for those with an A.S. degree from a Florida public state or community college to pursue and acquire a distinctive bachelor's degree from the University of South Florida.

Students may not pursue the Bachelor of Sciences in Applied Science (B.S.A.S.) as a second major, co-degree (concurrent degree), dual degree, or second or post-baccalaureate degree. Students that have earned a Bachelor degree from USF or other institutions who wish to pursue further education are encouraged to pursue admission into a graduate degree program of study or contact the college associated with the bachelor degree program of their choice.

UNIVERSITY ADMISSIONS - UNDERGRADUATE STUDIES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

GRADUATION REQUIREMENTS - APPLIED SCIENCE B.S.A.S.

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - APPLIED SCIENCE B.S.A.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

UNDERGRADUATE STUDIES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Students should complete at least 18 credit hours of the general education requirements as part of their A.S. degree, which should include the State Communication Requirement and State Computation Requirement courses to fulfill these requirements while at the community or state college. Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

GRADUATION REQUIREMENTS - APPLIED SCIENCE B.S.A.S.

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - APPLIED SCIENCE B.S.A.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

UNDERGRADUATE STUDIES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Students should complete at least 18 credit hours of the general education requirements as part of their A.S. degree, which should include the State Communication Requirement and State Computation Requirement courses to fulfill these requirements while at the community or state college. Students must complete ENC 1101 and at least one college-level math course to be admitted into the Applied Science program.

USF will award up to 60 transfer credits from the A.S. degree (applicable only to the B.S.A.S. program). Up to 42 hours of technical coursework may be eligible for transfer into the B.S.A.S. program. The remaining 18 credit hours of transferable General Education coursework from the A.S. will be matched against USF requirements to determine which courses remain outstanding for the fulfillment of the University's 36 credit hour General Education requirements.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

There are no State Mandated Common Prerequisites for this degree program.

APPLIED SCIENCE REQUIRED COURSE: (3 CREDIT HOURS)

MAJOR CORE COURSE: 1 COURSE; 3 CREDIT HOURS

IDS 4934 - Senior Capstone for BSAS/BGS **Credit(s): 3**

APPLIED SCIENCE MAJOR (RESTRICTED) ELECTIVES: 7 COURSES; 21 CREDIT HOURS

Students complete an Applied Science program of study and one concentration in:

- Aging Sciences
- Behavioral Healthcare
- Criminal Justice
- Environmental Policy
- Information Studies: Information Architecture
- Leadership Studies
- Public Service and Leadership
- Public Health
- Urban Studies

PUBLIC SERVICE AND LEADERSHIP CONCENTRATION: 7 COURSES; 21 CREDIT HOURS

The concentration in Public Service and Leadership provides an introduction to career opportunities in public service for students from all academic disciplines. It is a smart choice for any student considering future employment in the public sector, as well as for those who would like to "give back" and "make a difference" in their careers.

CONCENTRATION CORE: 3 COURSES; 9 CREDIT HOURS

- LDR 3301 - Leadership in Public and Community Service **Credit(s): 3**
- PAD 3003 - Introduction to Public and Community Service **Credit(s): 3**
- PUP 4002 - Public Policy **Credit(s): 3**

CONCENTRATION ELECTIVES: 4 COURSES; 12 CREDIT HOURS

Select four courses from the following list:

- PAD 4144 - Nonprofit Organizations and Public Policy **Credit(s): 3**
- PAD 4204 - Public Financial Administration **Credit(s): 3**
- PAD 4415 - Personnel & Supervision in Today's Diverse Organizations **Credit(s): 3**
- PAD 4712 - Managing Information Resources in the Public Sector **Credit(s): 3**
- PAD 4930 - Selected Topics in Public Administration and Public Policy **Credit(s): 3**
- POS 2112 - State and Local Government and Politics **Credit(s): 3**
- POS 3182 - Florida Politics and Government **Credit(s): 3**

UNDERGRADUATE STUDIES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

URP 4050 - Introduction to Urban Planning **Credit(s): 3**
URS 3002 - Introduction to Urban Studies **Credit(s): 3**

ADDITIONAL INFORMATION - APPLIED SCIENCE B.S.A.S.

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF.
An overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

A minimum grade of C- or better must be earned in each concentration course.

RESEARCH OPPORTUNITIES - APPLIED SCIENCE B.S.A.S.

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912 - Undergraduate Research Experience , IDS 4914 - Advanced Undergraduate Research Experience or IDH 4910 - Honors Undergraduate Research courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) will assist students in understanding the various course options.

UNDERGRADUATE STUDIES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

APPLIED SCIENCE B.S.A.S., WITH URBAN STUDIES CONCENTRATION

TOTAL DEGREE HOURS: 120

Workforce projections for the 21st Century indicate there will be an ongoing need for people with specific skills and abilities to fill Florida's growing number of specialized, scientific, industrial and technological positions. Florida's two-year colleges offer many exceptional programs that meet these demands through their Associate in Science (A.S.) degrees. Although these applied and technical degrees provide excellent preparation for students seeking jobs that require specific knowledge, skills and abilities, they have not generally transferred very efficiently into four-year bachelor's degree programs. The Bachelor of Science in Applied Science has been developed by USF under certain provisions of Florida legislation to remove constraints from the transfer process, recognize some past coursework as transferable credit to the university, and afford exciting new opportunities for those with an A.S. degree from a Florida public state or community college to pursue and acquire a distinctive bachelor's degree from the University of South Florida.

Students may not pursue the Bachelor of Sciences in Applied Science (B.S.A.S.) as a second major, co-degree (concurrent degree), dual degree, or second or post-baccalaureate degree. Students that have earned a Bachelor degree from USF or other institutions who wish to pursue further education are encouraged to pursue admission into a graduate degree program of study or contact the college associated with the bachelor degree program of their choice.

UNIVERSITY ADMISSIONS - UNDERGRADUATE STUDIES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

EXPLORATORY CURRICULUM: ARTS AND HUMANITIES PATHWAY

Total Degree Hours: 36

The Exploratory Curriculum (ECM) allows USF students to register for up to 36 credit hours before they must officially declare a major. During this time, they will focus on satisfying the State and USF General Education requirements, which are needed for any major at USF. These courses are a great way to learn about career fields and academic disciplines that students may not be familiar with yet.

The cornerstone of the Exploratory Curriculum (ECM) is the customized student success course entitled U-Decide, a first-year experience course with a significant major/career exploration component (offered as IDS 2378 - Critical Thinking: Foundations of Interdisciplinary Knowledge and Inquiry). The goal of the course and the Exploratory Curriculum experience is to equip students with the ability to make decisions regarding their future. The economic and career landscape is always changing, and this new generation of students needs to be able to adapt at a much higher rate than previous generations.

Disclaimer: The Exploratory program is not a major from which you can graduate. During the program, a student will focus on satisfying the Enhanced General Education (Gen Ed.) requirements, which are needed for any major at USF. These courses are a great way to learn about career fields and academic disciplines that you may not be familiar with yet while staying on path for a timely graduation.

STATE MANDATED COMMON COURSE PREREQUISITES - EXPLORATORY CURRICULUM

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

The following is language approved by those colleges with BAS degree programs: Admission to Bachelor of Applied Science (B.A.S.) degree programs usually requires an Associate in Science (A.S.) or Associate in Applied Science (A.A.S.) degree in a related area. If a student has earned an Associate in Arts (A.A.) degree, or an A.S. degree, an A.A.S. degree, or its equivalent in an unrelated area, the student may be admitted on a case-by-case basis with approval of the appropriate academic administrator. Some majors may have licensure or other types of requirements prior to admittance. Due to the variance in specialized B.A.S. degree programs and concentrations, students are strongly encouraged to consult with an academic advisor at the B.A.S. degree-granting institution. Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

There are no specified common prerequisites for this major.

ADMISSION INFORMATION - EXPLORATORY CURRICULUM

To be admitted to the Exploratory Curriculum (ECM), a student should be at or below 36 college credits at the time of orientation. If a student is in AP, IB, Dual Enrollment, AICE or any other college credit accruing program in high school, please reach out to the Exploratory advisor for further options. You can reach the ECM advisor at ECMadvise@usf.edu.

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The only program requirement for the Exploratory Curriculum (ECM) is the registration and completion of the mandatory U-Decide course during a student's first Fall or Spring semester (offered as IDS 2378 - Critical Thinking: Foundations of Interdisciplinary Knowledge and Inquiry). The course is not offered during any Summer semesters.

IDS 2378 - Critical Thinking: Foundations of Interdisciplinary Knowledge and Inquiry **Credit(s): 3**

ARTS AND HUMANITIES PATHWAY: 11 COURSES; 33 CREDIT HOURS

This Pathway is designed for students interested in learning more about Communication-based careers such as Advertising, PR, Journalism, and social media. Students interested in learning how to use an English major to achieve high paying jobs will benefit from this Pathway, as well as, those interested in a global career such as World Languages and Cultures, Art History, or Studio Art. Students wanting to learn more about the Accelerated Master program in Architecture can use this Pathway as a foundation. Finally, this Pathway is recommended for those awaiting entry into an Art major based on an audition in Music or Dance.

Students from this Pathway often go into any of the following majors:

Architecture	Classics	Humanities	Philosophy
Art Studio	Communication	History	Religious Studies
Art History	Dance	Mass Communications	Theatre
American Studies	English	Music	World Languages

PATHWAY SUGGESTED COURSES: 8 COURSES; 24 CREDIT HOURS

ENC 1101 - Composition I **Credit(s): 3**
SYG 2000 - Introduction to Sociology **Credit(s): 3**
MAC 1105 - College Algebra **Credit(s): 3** for Architecture
LIT 2000 - Introduction to Literature **Credit(s): 3**
ART 2201C - Concepts and Practices I **Credit(s): 3**
or
DAN 2100 - Understanding the Dance Experience **Credit(s): 3**
REL 2300 - Introduction to World Religions **Credit(s): 3**
ARH 2050 - History of Visual Arts I **Credit(s): 3**
MMC 3602 - Media and Society **Credit(s): 3**

PATHWAY ELECTIVES: 3 COURSES; 9 CREDIT HOURS

MGF 1106 - Finite Mathematics **Credit(s): 3**
MGF 1107 - Mathematics for Liberal Arts **Credit(s): 3**
AST 2002 - Descriptive Astronomy **Credit(s): 3**

ADDITIONAL INFORMATION - EXPLORATORY CURRICULUM

ACCREDITATION INFORMATION

The University of South Florida (USF) is accredited by the Southern Association of Colleges and Schools' Commission on Colleges.

RESEARCH OPPORTUNITIES - EXPLORATORY CURRICULUM

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

EXPLORATORY CURRICULUM REQUIRED COURSE : (3 CREDIT HOURS)

The only program requirement for the Exploratory Curriculum (ECM) is the registration and completion of the mandatory U-Decide course during a student's first Fall or Spring semester (offered as IDS 2378 - Critical Thinking: Foundations of Interdisciplinary Knowledge and Inquiry). The course is not offered during any Summer semesters.

IDS 2378 - Critical Thinking: Foundations of Interdisciplinary Knowledge and Inquiry **Credit(s): 3**

BUSINESS PATHWAY: 11 COURSES; 33 CREDIT HOURS

This Pathway is designed for students who need help deciding their exact role in a large business world. Do you want to work for Amazon or start your own company? Do you want to work with technology or with people? Do you want to produce creative ads on TV or make sustainable products for the environment? Do you want to work across the country or across the world?

Students in this Pathway often go into any of the following majors:

Accounting	Finance	Personal Finance
Business Analytics & Intelligence	Global Business	Sales
Economics	Management	Sports/Entertainment Management
Entrepreneurship	Marketing	Supply Chain Management

PATHWAY SUGGESTED COURSES: 6 COURSES; 18 CREDIT HOURS

MAC 1105 - College Algebra **Credit(s): 3**
SPC 2608 - Public Speaking **Credit(s): 3**
ECO 2013 - Economic Principles (Macroeconomics) **Credit(s): 3**
MAC 2233 - Business Calculus **Credit(s): 3**
CGS 2100 - Computers in Business **Credit(s): 3**
ECO 2023 - Economic Principles (Microeconomics) **Credit(s): 3**

PATHWAY ELECTIVES: 5 COURSES; 15 CREDIT HOURS

ENC 1101 - Composition I **Credit(s): 3**
ENC 1102 - Composition II **Credit(s): 3**
BSC 1005 - Biological Principles for Non-Majors **Credit(s): 3**
PHI 2010 - Introduction to Philosophy **Credit(s): 3**
REL 2300 - Introduction to World Religions **Credit(s): 3**

ADDITIONAL INFORMATION - EXPLORATORY CURRICULUM

ACCREDITATION INFORMATION

The University of South Florida (USF) is accredited by the Southern Association of Colleges and Schools' Commission on Colleges.

RESEARCH OPPORTUNITIES - EXPLORATORY CURRICULUM

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

UNDERGRADUATE STUDIES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

EXPLORATORY CURRICULUM: GLOBAL AND SOCIAL SCIENCES PATHWAY

Total Degree Hours: 36

The Exploratory Curriculum (ECM) allows USF students to register for up to 36 credit hours before they must officially declare a major. During this time, they will focus on satisfying the State and USF General Education requirements, which are needed for any major at USF. These courses are a great way to learn about career fields and academic disciplines that students may not be familiar with yet.

The cornerstone of the Exploratory Curriculum (ECM) is the customized student success course entitled U-Decide, a first-year experience course with a significant major/career exploration component (offered as IDS 2378 - Critical Thinking: Foundations of Interdisciplinary Knowledge and Inquiry). The goal of the course and the Exploratory Curriculum experience is to equip students with the ability to make decisions regarding their future. The economic and career landscape is always changing, and this new generation of students needs to be able to adapt at a much higher rate than previous generations.

Disclaimer: The Exploratory program is not a major from which you can graduate. During the program, a student will focus on satisfying the Enhanced General Education (Gen Ed.) requirements, which are needed for any major at USF. These courses are a great way to learn about career fields and academic disciplines that you may not be familiar with yet while staying on path for a timely graduation.

STATE MANDATED COMMON COURSE PREREQUISITES - EXPLORATORY CURRICULUM

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

The following is language approved by those colleges with BAS degree programs: Admission to Bachelor of Applied Science (B.A.S.) degree programs usually requires an Associate in Science (A.S.) or Associate in Applied Science (A.A.S.) degree in a related area. If a student has earned an Associate in Arts (A.A.) degree, or an A.S. degree, an A.A.S. degree, or its equivalent in an unrelated area, the student may be admitted on a case-by-case basis with approval of the appropriate academic administrator. Some majors may have licensure or other types of requirements prior to admittance. Due to the variance in specialized B.A.S. degree programs and concentrations, students are strongly encouraged to consult with an academic advisor at the B.A.S. degree-granting institution.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

There are no specified common prerequisites for this major.

ADMISSION INFORMATION - EXPLORATORY CURRICULUM

To be admitted to the Exploratory Curriculum (ECM), a student should be at or below 36 college credits at the time of orientation. If a student is in AP, IB, Dual Enrollment, AICE or any other college credit accruing program in high school, please reach out to the Exploratory advisor for further options. You can reach the ECM advisor at ECMadvise@usf.edu.

GENERAL STUDIES B.G.S., WITH AGING SCIENCES CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of General Studies (BGS) major is a customized, interdisciplinary degree completion major that provides students with options to choose an appropriate academic major that fits their educational and professional goals. The BGS major provides mid-career, adult students with the opportunity to integrate completion of the baccalaureate degree into their established lifestyle.

Students pursuing a Bachelor of General Studies degree are restricted from declaring a minor/certificate, due to USF's degree progression policy.

Students may not pursue the Bachelor of General Studies as a second major, co-degree (concurrent degree), dual degree, or second or post-baccalaureate degree. Baccalaureate degree holders who wish to pursue further education are encouraged to pursue admission into a graduate degree program of study.

UNIVERSITY ADMISSIONS - UNDERGRADUATE STUDIES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

GRADUATION REQUIREMENTS - GENERAL STUDIES B.G.S.

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - GENERAL STUDIES B.G.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

All Florida College System students are encouraged to complete the Associate degree. Students should consult with an academic advisor in their major degree area at the intended transfer institution.

There are no State Mandated Common Prerequisites for this program.

RESEARCH OPPORTUNITIES - GENERAL STUDIES B.G.S.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

GENERAL STUDIES B.G.S., WITH BEHAVIORAL HEALTHCARE CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of General Studies (BGS) major is a customized, interdisciplinary degree completion major that provides students with options to choose an appropriate academic major that fits their educational and professional goals. The BGS major provides mid-career, adult students with the opportunity to integrate completion of the baccalaureate degree into their established lifestyle.

Students pursuing a Bachelor of General Studies degree are restricted from declaring a minor/certificate, due to USF's degree progression policy.

Students may not pursue the Bachelor of General Studies as a second major, co-degree (concurrent degree), dual degree, or second or post-baccalaureate degree. Baccalaureate degree holders who wish to pursue further education are encouraged to pursue admission into a graduate degree program of study.

UNIVERSITY ADMISSIONS - UNDERGRADUATE STUDIES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

GRADUATION REQUIREMENTS - GENERAL STUDIES B.G.S.

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - GENERAL STUDIES B.G.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

All Florida College System students are encouraged to complete the Associate degree. Students should consult with an academic advisor in their major degree area at the intended transfer institution.

UNDERGRADUATE STUDIES

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

A minimum grade of C- or better must be earned in each concentration course.

RESEARCH OPPORTUNITIES - GENERAL STUDIES B.G.S.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

GENERAL STUDIES B.G.S., WITH ENVIRONMENTAL POLICY CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of General Studies (BGS) major is a customized, interdisciplinary degree completion major that provides students with options to choose an appropriate academic major that fits their educational and professional goals. The BGS major provides mid-career, adult students with the opportunity to integrate completion of the baccalaureate degree into their established lifestyle.

Students pursuing a Bachelor of General Studies degree are restricted from declaring a minor/certificate, due to USF's degree progression policy.

Students may not pursue the Bachelor of General Studies as a second major, co-degree (concurrent degree), dual degree, or second or post-baccalaureate degree. Baccalaureate degree holders who wish to pursue further education are encouraged to pursue admission into a graduate degree program of study.

UNIVERSITY ADMISSIONS - UNDERGRADUATE STUDIES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

GRADUATION REQUIREMENTS - GENERAL STUDIES B.G.S.

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - GENERAL STUDIES B.G.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

All Florida College System students are encouraged to complete the Associate degree. Students should consult with an academic advisor in their major degree area at the intended transfer institution.

There are no State Mandated Common Prerequisites for this program.

GENERAL STUDIES B.G.S., WITH URBAN STUDIES CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of General Studies (BGS) major is a customized, interdisciplinary degree completion major that provides students with options to choose an appropriate academic major that fits their educational and professional goals. The BGS major provides mid-career, adult students with the opportunity to integrate completion of the baccalaureate degree into their established lifestyle.

Students pursuing a Bachelor of General Studies degree are restricted from declaring a minor/certificate, due to USF's degree progression policy.

Students may not pursue the Bachelor of General Studies as a second major, co-degree (concurrent degree), dual degree, or second or post-baccalaureate degree. Baccalaureate degree holders who wish to pursue further education are encouraged to pursue admission into a graduate degree program of study.

UNIVERSITY ADMISSIONS - UNDERGRADUATE STUDIES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

GRADUATION REQUIREMENTS - GENERAL STUDIES B.G.S.

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - GENERAL STUDIES B.G.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

All Florida College System students are encouraged to complete the Associate degree. Students should consult with an academic advisor in their major degree area at the intended transfer institution.

There are no State Mandated Common Prerequisites for this program.

Credit(s): 3

Study of basic accounting principles including the recording and reporting of financial activity. The preparation and interpretation of financial statements.

ACG 2071 - Principles of Managerial Accounting

Credit(s): 3

A study of the accountant's role in assisting management in the planning and controlling of business activities.

Prerequisite(s): ACG 2021 with a grade of C- or better, OR ACG 2011 with a minimum grade of C-, OR ACG 2021C with a minimum grade of C-.
Pre-requisite level: UG. Concurrency: No for all.

ACG 3074 - Managerial Accounting for Non-Business Majors

Credit(s): 3

The study of the uses of accounting data internally by managers in planning and controlling the affairs of organizations.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, TGEI - Information and Data Literacy

Other Information: Does not count towards major or CPA requirements. Not available for credit for Business majors.

ACG 3103 - Intermediate Financial Accounting I

Credit(s): 3

Theory and methodology underlying financial reporting, including the FASB's conceptual framework, the accounting process, financial statements, accounting changes, present value applications, and current assets.

Prerequisite(s): ACG 2021 with a minimum grade of C AND ACG 2071 with a minimum

grade of C.

CoPrerequisite(s): ACG 3341 with a minimum grade of C or ACG 3401 with a minimum grade of C or TAX 4001 with a minimum grade of C.

ACG 3113 - Intermediate Financial Accounting II

Credit(s): 3

Continuation of ACG 3103. Topics covered include property, plant and equipment, intangibles, current liabilities, long-term debt, leases, tax allocation, statement of cash flows.

Prerequisite(s): ACG 3103 with a minimum grade of C and (ACG 3341 with a minimum grade of C or ACG 3401 with a minimum grade of C or TAX 4001 with a minimum grade of C)

ACG 3341 - Cost Accounting and Control I

Credit(s): 3

Deals with cost accounting systems for different entities, cost behavior patterns, cost-volume-profit analysis, relevant information for decision making, and budgets and standard costs for planning and control.

Prerequisite(s): ACG 2021 with a minimum grade of C AND ACG 2071 with a minimum grade of C.

CoPrerequisite(s): ACG 3103 with a minimum grade of C.

ACG 3401 - Accounting Information Systems

Credit(s): 3

This course provides students with a basic understanding of well-controlled information systems in a variety of technological environments with added emphasis on the collection, processing, and reporting of accounting information.

Prerequisite(s): ACG 2021 with a minimum grade of C AND ACG 2071 with a minimum grade of C.

CoPrerequisite(s): CO-PRE-REQUISITE: ACG 3103 with a minimum grade of C.

ACG 4123 - Intermediate Financial Accounting III

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Theory and practice underlying stockholders' equity, dilutive securities and EPS, derivatives, revenue recognition, post-retirement benefits, error analysis, full disclosure, and other current accounting topics.

Prerequisite(s): ACG 3113 with a grade of C or better, not C-

ACG 4351 - Cost Accounting and Control II**Credit(s): 3**

Application of the material covered in ACG 3341 with specific emphasis on cost allocations, performance measurements, analysis of current cost accounting systems and accounting in today's environment (giving consideration to the influences of the international environment).

Course Attribute(s): GCPC - Global Citizens Project Course

Prerequisite(s): ACG 3103 and ACG 3341 with a grade of C or better, not C-

UN SDG(s):

SD08 - Decent Work

ACG 4632 - Auditing I**Credit(s): 3**

This course provides a sound conceptual foundation of basic auditing process from the perspective of the public accounting profession. Professional standards, ethics, legal responsibilities, and the utilization of technology are addressed.

Prerequisite(s): ACG 3113 and ACG 3401

ACG 4642 - Auditing II**Credit(s): 3**

Further development of material covered in ACG 4632, with special emphasis on additional reporting topics and audit techniques not previously addressed.

Prerequisite(s): ACG 4632 with a grade of C or better, not C-

ACG 4684 - Fraud Examinations**Credit(s): 3**

This course furthers problem solving ability by

increasing the student's knowledge of fraud and forensic examinations. Topics covered include the nature of fraud, detecting and preventing fraud, and various methods of proof for forensic examinations.

Prerequisite(s): ACG 3401 with a minimum grade of C

ACG 4901 - Independent Study**Credit(s): 1-3**

Specialized independent study determined by the students' needs and interests.

Restriction(s):

S-U Grade System

ACG 4911 - Independent Research**Credit(s): 1-4**

Individual study contract with instructor and director required. The research project will be mutually determined by the student and instructor.

ACG 4912 - Undergraduate Research**Credit(s): 3**

In this course, students will conduct a project that enables them, individually or in groups, to pose or work from a defined research question, apply methods of inquiry to generate findings, and share the findings with others.

Course Attribute(s): TGEH - High Impact Practice, UGR - Undergraduate Research

ACG 4931 - Selected Topics in Accounting**Credit(s): 1-3**

The course content will depend on student demand and instructor's interest.

Prerequisite(s): ACG 3103 with a minimum grade of C. Pre-requisite level: UG.
Concurrency: No.

ACG 4940 - Accounting Internship**Credit(s): 3**

The course consists of two components: an academic component focused on professional development skills and an on-site experiential

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

learning experience comprised of at least 120 hours of on-site experience.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

Restriction(s):
Majors Only

Other Information: At least 80 credits earned. A 2.75 GPA on Business courses. Admitted to the major.

ACG 4970 - Accounting Honors Thesis

Credit(s): 3

This course is the climax of an undergraduate experience in the College of Business. Thesis development supports critical investigation to develop explanations or solutions to academically interesting business problems or opportunities.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

ADV 2214 - Graphic Programs in Mass Communications

Credit(s): 3

Introduction to visual communication theory and applications, emphasizing the history, principles, and practices of design in mass media. Students will apply principles to develop and construct media content for global audiences.

Prerequisite(s): MMC 3602 with a C or better (Concurrent: Y)

Other Information: This course may be repeated up to three times.

ADV 3008 - Introduction to Advertising

Credit(s): 3

A study of the structures, functions, and persuasive language of advertising in mass media with attention to social, political, economic, and legal aspects.

Prerequisite(s): MMC 2100 or ADV 2214 with a C or better

ADV 3101 - Advertising Creativity

Credit(s): 3

Study of copywriting and art direction in the creation of advertising messages for alternative media platforms. Restricted to majors only.

Prerequisite(s): ADV 3008 with a C or better

ADV 3300 - Advertising Media Strategy

Credit(s): 3

Problems, techniques, strategy of media research, planning, budgeting and effective utilization in advertising.

Prerequisite(s): ADV 3008 with a C or better

ADV 3500 - Advertising Research

Credit(s): 3

Overview of scientific research methods as used in advertising. Emphasis on the acquisition, analysis, and evaluation of primary and secondary data, and the principles of survey and experimental research.

Prerequisite(s): ADV 3008

ADV 4204 - Advanced Advertising Creativity

Credit(s): 3

Focused on producing advertising messages, the curriculum integrates: ethics, branding, consumer insight, message strategy, concepting, persuasion, copywriting, design, and presentations. Students learn to execute effective advertising messages.

Prerequisite(s): ADV 3101 with a C or better

ADV 4301 - Advanced Media Strategy

Credit(s): 3

Emphasizing decision making and critical thinking, this advanced course prepares students for the complexities of advertising media planning, implementation, and evaluation.

Prerequisite(s): ADV 3300 with a C or better

ADV 4310 - Digital Media

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

This course focuses on the impact of new communication technologies on consumer behavior and advertising practice. Students will learn the nature of digital media options and how to incorporate them into advertising planning.

Prerequisite(s): ADV 3300 with a C or better

ADV 4600 - Advertising Management**Credit(s): 3**

Application of analytical planning concepts to advertising planning and decision-making. Case study method used to explore advertising and promotional programs; media and creative strategies; consumer, retail, industrial, and public service applications.

Prerequisite(s): ADV 3008 with a C or better

ADV 4710 - Portfolio Building**Credit(s): 3**

This course goes beyond the basics of copy and layout to develop a broader understanding of the creative advertising process. It stresses creativity and organizational ability in portfolio building, along with technical skills in portfolio production.

Prerequisite(s): ADV 3101 with a C or better

ADV 4800 - Advertising Campaigns**Credit(s): 3**

Advanced advertising course requiring planning and production of complete general advertising campaign, including research, production methods, budgeting, and media schedules.

Prerequisite(s): ADV 3101 with a C or better, and ADV 3300 with a C or better, and PUR 3500 with a C or better

AFA 2000 - Introduction to the Black Experience**Credit(s): 3**

Fundamental perspectives on the nature and significance of the Black Experience in Africa and black communities in the Americas.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, CASB - Social &

Behavioral Sciences, ELWP - Literature and Writing, SMEL - General Education Elective, SPHU - Humanities, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

AFA 2380 - History and Theory of Genocide**Credit(s): 3**

This course examines the concept of genocide; its origins in human history and the evolution of international law aimed at defining and criminalizing genocide.

Course Attribute(s): CAGC - Human & Cultural Diversity in a Global Context

AFA 3110 - Key Issues in Black Thought**Credit(s): 3**

The course explores leading voices of resistance and social change that have influenced African American and African diasporic intellectual history, black public consciousness, political action, and social theory while emphasizing secondary research skills and collaborative learning. Topics vary.

Course Attribute(s): CLB - Collaborative Learning, TGEE - Ethical Reasoning and Civic Engagement

UN SDG(s):

SD10 - Reduced Inequality

AFA 4335 - Black Women in America**Credit(s): 3**

An interdisciplinary survey of the contemporary experience of black women in America, including the African roots, myths, and realities surrounding that experience.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, CPST - Capstone Learning Experience

AFA 4350 - African American Community Research**Credit(s): 3**

This interactive, field experience course

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

introduces students to active and applied research methodologies and the uses of this research in Black urban communities.

AFA 4430 - Afro-Diasporic Literature and Political Movements

Credit(s): 3

The course studies the literary and socio-political movements of the Black Diaspora, dating from the 19th to the 20th century. Centered within a diasporic approach, it offers a comparative examination of literary, historical, and theoretical works.

Course Attribute(s): CPST - Capstone Learning Experience, HHCP - Human Historical Context & Process

AFA 4713 - Haiti: Legacy of Resilience and Freedom

Credit(s): 3

To acquire a more in-depth understanding of the country's leadership history in order to contribute to the longstanding nation-building projects of the republic. Students examine seminal texts from historians, literary scholars and political scientists.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

- SD01 - No Poverty
- SD03 - Good Health and Well-being
- SD04 - Quality Education
- SD08 - Decent Work
- SD11 - Sustainable Cities-Communities

AFA 4900 - Directed Readings

Credit(s): 2-3

Independent readings in a particular area of African and African American Studies, selected by student and instructor.

AFA 4905 - Independent Study

Credit(s): 1-3

Specialized study determined by the student's needs and interests. Contract required prior to registration.

UN SDG(s):

- SD10 - Reduced Inequality

AFA 4931 - Selected Topics in Africana Studies

Credit(s): 1-3

Topics offered are selected to reflect student needs and faculty interests. In depth study in such areas as the Black Student and the American Educational Process; the Black Experience in the Americas; European Expansion in Africa to 19th century; Contemporary Economic Problems in Africa.

AFA 4936 - Capstone in Africana Studies

Credit(s): 3

In this exit course, majors will produce an independent capstone project related to the people of the African diaspora. Course seats are reserved for Africana Studies majors. Africana Studies minors, Latin American and Caribbean Studies Certificate students, and others may petition for enrollment.

Course Attribute(s): CST - Capstone, TGEH - High Impact Practice

Prerequisite(s): AFA 3110 with a minimum grade of C.

UN SDG(s):

- SD10 - Reduced Inequality

AFA 4940 - Internship in Africana Studies

Credit(s): 3-6

Supervised practical work-and-learning experience related to issues central to Africana Studies under professional supervision. Earn academic credit under the direction of a faculty member in Africana Studies, completing periodic written and oral reports to the faculty member coordinating the internship.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

Prerequisite(s): AFA 2000

UN SDG(s):

- SD10 - Reduced Inequality

AFH 3100 - African History to 1850

Credit(s): 3

Introductory survey of African history, from the beginning of the continent's recorded history, to

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

1850. Course teaches skills reflected in the core foundations of knowledge in the General Education Curriculum.

Course Attribute(s): CAHU - Humanities, HHCP - Human Historical Context & Process

AFH 3200 - African History since 1850

Credit(s): 3

Introductory survey of the history of Africa since 1850. Course looks at the state of the African continent in 1850 and the local and global factors that have shaped Africa's history since that time.

Course Attribute(s): CAHU - Humanities, HHCP - Human Historical Context & Process

AFR 1101 - The Foundation of the United States Air Force Pt 1

Credit(s): 1

Intro Air Force Reserve Officer Training Corps (AFROTC) & US Air Force (USAF) includes lessons in officership/professionalism and an intro to communication skills. AFR 2001 Lead Lab augments course providing followership and leadership experiences.

AFR 1120 - The Foundations of the United States Air Force Pt 2

Credit(s): 1

A study of Air Force installations, Core Values, Leadership, Team Building, and Diversity within Armed Forces. AFR 2001 Lead Lab augments course providing followership and leadership experiences, utilizing leadership and management principles.

AFR 2001 - Air Force ROTC Leadership Laboratory

Credit(s): 0

Leadership Laboratory is required for each of the Aerospace Studies courses. It meets one hour and 45 minutes per week. Instruction is conducted within the framework of an organized cadet corps with a progression of experiences designed to develop each student's leadership potential. Leadership Laboratory involves a study of Air Force customs and courtesies; drill and ceremonies; career opportunities in the Air Force; and the life and work of an Air Force junior officer. Students develop their leadership

potential in a practical laboratory, which typically includes field trips to Air Force installations.

AFR 2130 - Evolution of USAF Air and Space Power, Part I

Credit(s): 1

A study of air power from balloons and dirigibles through the jet age. Emphasis is on the employment of air power in WWI and WWII and how it affected the evolution of air power concepts and doctrine.

Corequisite(s): AFR 2001

AFR 2140 - Evolution of USAF Air and Space Power, Part II

Credit(s): 1

A historical review of air power employment in military and nonmilitary operations in support of national objectives. Emphasis is on the period from post WWII to present.

Corequisite(s): AFR 2001

AFR 3220 - Air Force Management and Leadership I

Credit(s): 3

An integrated management course emphasizing the individual as a manager in an Air Force milieu. The individual motivational and behavioral processes, leadership, communication, and group dynamics are covered to provide a foundation for the development of the junior officer's professional skills as an Air Force officer (officership). The basic managerial processes involving decision making, utilization of analytic aids in planning, organizing, and controlling in a changing environment are emphasized as necessary professional concepts.

Corequisite(s): AFR 2001

AFR 3231 - Air Force Management and Leadership II

Credit(s): 3

A continuation of the study of Air Force advancement and leadership. Concentration is on organizational and personal values, management of forces in change, organizational power, politics, and managerial strategy and tactics are discussed within the context of the

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

military organization. Actual Air Force cases are used to enhance the learning and communication processes.

Corequisite(s): AFR 2001

AFR 4201 - National Security Affairs & Preparation for Active Duty I

Credit(s): 3

Examines national sec proc, regional studies, adv leadership ethics, AF doctrine with concentration on military as profession, communication/officership/mil justice/civil control of mil/prep for active duty, current issues affecting military professionalism.

Corequisite(s): AFR 2001

AFR 4211 - National Security Affairs & Preparation for Active Duty II

Credit(s): 3

Cont study national sec proc, reg studies, adv leader ethics, & AF doct. Spec topics include reg stud Europe, Mid East, Russia (former Soviet Republics), perform feedback, effective performance report writing, enl/off eval sys, ops risk mngmt to prep students for active duty.

Corequisite(s): AFR 2001

AFS 2250 - Culture and Society in Africa

Credit(s): 3

Topics include: African religion, value systems, art and the aesthetics, family and life-cycle, impact of Islam and Christianity and conflict of cultures.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

AFS 4910 - Individual Research

Credit(s): 1-3

Course consists of advanced undergraduate research on Africana Studies topic selected by student and professor. Topics vary. The course allows students to develop research skills and independent work discipline.

Prerequisite(s): 2000 level introductory course
Restriction(s):
Consent of Instructor or Department

AMH 2010 - American History I

Credit(s): 3

This class is an introductory survey of American history from Columbus and "First Contact" to Reconstruction.

Course Attribute(s): CAHU - Humanities, HHCP - Human Historical Context & Process, SMEL - General Education Elective, SMSS - Social Sciences

AMH 2020 - American History II

Credit(s): 3

A history of the United States with attention given to relevant developments in the Western Hemisphere from 1877 to the present.

Course Attribute(s): CASB - Social & Behavioral Sciences, HHCP - Human Historical Context & Process, SCIV - Civics Literacy, SGES - General Education Core Social Sciences, SMEL - General Education Elective, SMSS - Social Sciences, SPSS - Social Sciences

AMH 2401 - Segregation in the United States

Credit(s): 3

This course examines the history and ongoing challenge of racial segregation in the United States and reviews scholarship concerning its causes and effects.

UN SDG(s):
SD10 - Reduced Inequality

AMH 3098 - Race in America

Credit(s): 3

This course explores the histories of race, ethnicity, immigration, racism, and racial formation in the United States. The course will treat race as both a social construction and a category of lived experience that has had very real historical effects.

AMH 3130 - The American Revolutionary Era

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Emphasis on the causes of the American revolution, the nature of Constitution-making, and the establishment of the federal system. Also examines the significance of loyalism, violence, and slavery in American society from 1750-1789.

AMH 3140 - The Age of Jefferson

Credit(s): 3

A comprehensive study of American society and political culture from 1789-1828. Focuses on demographic trends, party systems, expansionism, Indian policy, labor, and ethno-cultural conflicts.

AMH 3160 - The Age of Jackson

Credit(s): 3

The United States from 1828-1850, with emphasis on social and political conflict. Consideration of evangelicalism, reform, labor movements, urbanization, and political activity in the antebellum era.

AMH 3170 - The Civil War and Reconstruction

Credit(s): 3

An examination of political, social, and economic climate of the 1850's that led to the American Civil War. The course does focus upon the war itself in its military, diplomatic, and political consequences through the end of the Reconstruction (1877).

AMH 3201 - The United States, 1877-1914

Credit(s): 3

A study of America from the end of Reconstruction to World War I. Ranging over political, social, and international developments, the course covers industrialization, immigration, unions, reform, feminism, race relations and imperialism.

AMH 3231 - The United States, 1914-1945

Credit(s): 3

The United States from World War I to the end of World War II. Covering political, social and international developments, the course examines the lives of Americans, including minorities and

women, during war, prosperity, and the Great Depression.

AMH 3270 - The United States since 1945

Credit(s): 3

A study of America's role in the Cold War, in Vietnam, and in the post-Cold War era. Also examines domestic developments, such as the consumer culture, protest movements, and abuses of political power.

AMH 3321 - History of AIDS

Credit(s): 3

This course will look at the history of HIV/AIDS in the United States and how it affected and was affected by American culture, religion, politics, and science. Students will research how AIDS impacted other communities around the world.

AMH 3341 - American Food and Drink History

Credit(s): 3

Traces the history of American food and beverages from the pre-contact era to the present. Examines the cultural, social, economic, and global aspects of food production and consumption and the intersection between food culture, traditions, and history.

AMH 3390 - 19th Century America History

Credit(s): 3

A comprehensive history of society, culture, and politics in the long nineteenth century, 1783-1914. Focuses on the development of liberalism, capitalism, democracy, imperialism, slavery, and religion.

AMH 3402 - Southern History, 1607-1865

Credit(s): 3

The history of the U.S. South from European exploration to the Civil War. Topics covered include: slavery, black culture and resistance, agrarianism, women and gender, honor culture, the pro-slavery argument, sectionalism, and the Civil War.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

AMH 3421 - Early Florida

Credit(s): 3

A history of colonial Florida under the Spanish and English. Florida as an area of discovery, colonization, and imperial conflict; the emergence of Florida within the regional setting.

AMH 3423 - Modern Florida

Credit(s): 3

An historical survey of Florida from the territorial period to the modern era. An examination of the social, political, and economic changes occurring in Florida between 1821 and the 1980s.

AMH 3428 - Doing Local History: Tampa Bay

Credit(s): 3

An introduction to the history of Tampa and Tampa Bay, and to the practice of public history. Partnerships with local historical sites/museums/practitioners allow students to work on a project of historical significance to the community.

Course Attribute(s): CEL - Community Engaged Learning, TGEE - Ethical Reasoning and Civic Engagement

UN SDG(s):

- SD04 - Quality Education
- SD11 - Sustainable Cities-Communities

AMH 3500 - American Labor History

Credit(s): 3

A study of American workers from the colonial period to the present. Examines the changing nature of work, its effects on workers (including minorities and women), and their responses as expressed in strikes, unions, and political action.

AMH 3512 - U.S. Foreign Relations

Credit(s): 3

U.S. relations with the world, 1776-present. Includes diplomatic, economic, cultural, and military relations. The course also examines immigration and other global influences on U.S. domestic history and analyzes changes in internationalist thought.

AMH 3519 - United States in the Middle East

Credit(s): 3

This course overviews the major development/interactions between the United States and the Middle East from 1945 – the present.

AMH 3530 - Immigration History

Credit(s): 3

A study of the composition and character of the "American" people with emphasis on the period from 1840s to the 1920s. Examines old world backgrounds of immigrants and their responses to the new world's social, economic and political conditions.

AMH 3533 - The Irish in America

Credit(s): 3

This course examines the origins of Irish migration, the history of Irish people and their descendants in America, and the connections and interactions between the Irish at home and abroad.

AMH 3561 - American Women I

Credit(s): 3

A study of women in the evolution of American society from European origins to 1877. Women's roles in the family, economy, politics, wars, and reform movements will be examined.

AMH 3562 - American Women II

Credit(s): 3

A study of women in the evolution of American society from 1877 to the present. Women's roles in the family, economy, politics, immigration, wars, religion and reform movements will be examined.

AMH 3571 - African American History to 1865

Credit(s): 3

This course surveys the history of people of African-descent in the U.S. from the beginning of the Atlantic Slave Trade to 1865. Major topics include the rise & fall of slavery, ethnic & racial identities, resistance, gender, culture, and

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

community.

Course Attribute(s): CAHU - Humanities, HHCP
- Human Historical Context & Process

AMH 3572 - African American History since 1865

Credit(s): 3

This course explores the history of African Americans since 1865. Major topics include the struggle for equality, class and gender dimensions of the Black freedom struggle, and the varied approaches in the fight against oppression and inequality.

Course Attribute(s): CAHU - Humanities, HHCP
- Human Historical Context & Process

AMH 3630 - American Environmental History

Credit(s): 3

History of the American Environment and the ways in which different cultural groups have perceived, used, managed and conserved it, from Colonial times to present.

AMH 3674 - American Slavery and Abolition

Credit(s): 3

This course looks at the 300 years in which race-based chattel slavery was part of American life. It uses historical texts and scholarship to show students the issues, logics, realities, and consequences of slavery for the United States. Students will engage in in-class discussion and work with primary sources to explore the past.

AML 3031 - American Literature From the Beginnings to 1860

Credit(s): 3

A study of representative works from the period of early settlement through American Romanticism, with emphasis on such writers as Cooper, Irving, Bryant, Hawthorne, Emerson, Melville, Thoreau, and Poe, among others.

Prerequisite(s): ENC 1102 with a grade of C- or better

AML 3032 - American Literature From 1860 to 1912

Credit(s): 3

A study of representative works of selected American Realists and early Naturalists, among them Whitman, Dickinson, Twain, James, Howells, Crane, Dreiser, Wharton, Robinson, Dunbar, and Johnson.

Prerequisite(s): ENC 1102 with a grade of C- or better

AML 3051 - American Literature From 1912-1945

Credit(s): 3

A study of poetry, drama, and fiction by such writers as Pound, Stein, Fitzgerald, Hemingway, Faulkner, Porter, Toomer, Cummings, Williams, Anderson, Steinbeck, Wright, West, Stevens, Henry Miller, and others.

Prerequisite(s): ENC 1102 with a grade of C- or better

AML 3243 - American Literature 1945 to the Present

Credit(s): 3

This course traces some of the critical developments in Contemporary American literature, investigating forms of experimentation in contemporary works and relating various thematic modes to aesthetics, literary genres, and important cultural events.

Prerequisite(s): ENC 1102 with a grade of C- or better

AML 3604 - African American Literature

Credit(s): 3

A study of black American literature from the nineteenth century to the present, including the works of such writers as W.E.B. Dubois, Jean Toomer, Langston Hughes, Richard Wright, Ralph Ellison, LeRoi Jones, and Nikki Giovanni.

Course Attribute(s): 6AC - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, ELWP - Literature and Writing, WRIN - Writing Intensive Capstone

Prerequisite(s): ENC 1102 with a grade of C- or better

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

AML 3630 - U.S. Latino/Latina Literature in English

Credit(s): 3

This 3000-level literature course surveys American English literature by Latino/Latina writers (with Spanish American ancestry). Authors may include Piri Thomas, Sandra Cisneros, Esmeralda Santiago, Luis Valdéz, Tomás Rivera, Oscar Hijuelos, etc.

Course Attribute(s): SMCD - Community Engagement & Diversity Pillar

Prerequisite(s): ENC 1102 with a grade of C- or better

AML 3641 - Native American Literature and Film

Credit(s): 3

A survey of Native American literature and films written and produced from the 1960s to the present. It will emphasize the cultural and political contexts out of which these productions emerge by analyzing political cartoons, articles, discourses, etc.

Prerequisite(s): ENC 1102 with a grade of C- or better

AML 3674 - Asian American Literature and Film

Credit(s): 3

This course is a critical survey of Asian American popular culture, especially literature and film. We will emphasize the social and political contexts out of which these productions emerge by analyzing political cartoons, news articles, and discourses.

Prerequisite(s): ENC 1102 with a grade of C- or better

AML 4111 - Nineteenth-Century American Novel

Credit(s): 3

A study of the American novel from its beginnings through 1900, including such novelists as Cooper, Hawthorne, Melville, James, Twain, Crane, and Dreiser, among others.

Prerequisite(s): ENC 1102 with a grade of C- or better

AML 4121 - Twentieth-Century American Novel

Credit(s): 3

A study of major trends and influences in American prose fiction from 1900 to the present, including works by such writers as Hemingway, London, Wharton, Fitzgerald, Faulkner, West, Mailer, Bellow, Ellison, Donleavy, Updike, Vonnegut, and others.

Prerequisite(s): ENC 1102 with a grade of C- or better

AML 4261 - Literature of the South

Credit(s): 3

A study of the major writers of the Southern Renaissance, including writers such as Faulkner, Wolfe, Caldwell, Hellman, McCullers, O'Connor, Warren, Styron, Tate, Davidson, and Dickey.

Prerequisite(s): ENC 1102 with a grade of C- or better

AML 4300 - Selected American Authors

Credit(s): 3

The study of two or three related major authors in American literature. The course may include such writers as Melville and Hawthorne, Hemingway and Faulkner, James and Twain, Pound and Eliot, Stevens and Lowell, etc. Specific topics will vary. May be taken twice for credit with different topics.

Prerequisite(s): ENC 1102 with a grade of C- or better

AML 4931 - American Literary Movements and Genres

Credit(s): 3

Looks at a movement or genre in American literature (19th-century novel, Harlem Renaissance, Puritan sermons, etc). Building on skills from survey courses, class requires heavy but focused reading, familiarity with literary scholarship, and writing.

Prerequisite(s): ENC 1102 with a grade of C- or better

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

AML 4933 - Studies in American Literature and Culture

Credit(s): 3

This course examines a particular topic or theme, varying with individual selection, in the American literary tradition.

Prerequisite(s): ENC 1102 with a grade of C- or better

AMS 2030 - Introduction to American Studies

Credit(s): 3

An overview of American Studies, the interdisciplinary study of American culture. Analysis of the arts and literature, including music; social issues; popular culture; material culture; cultural diversity; and social change.

Course Attribute(s): CAHU - Humanities, HHCP - Human Historical Context & Process

AMS 2201 - Colonial American Culture

Credit(s): 3

An examination of cultural patterns in America as they developed between 1600 and 1780 with an emphasis on the texture of everyday life.

AMS 2270 - Twentieth-Century American Culture

Credit(s): 3

An examination of cultural patterns in America from 1900 to the present with emphasis on the texture of everyday life.

Course Attribute(s): CAHU - Humanities, HHCP - Human Historical Context & Process, CLB - Collaborative Learning, TGEE - Ethical Reasoning and Civic Engagement

UN SDG(s):

- SD05 - Gender Equality
- SD10 - Reduced Inequality
- SD12 - Responsible Consumption
- SD16 - Peace

AMS 3212 - Nineteenth-Century American Culture

Credit(s): 3

An examination of cultural patterns in America from 1776 to 1900 with an emphasis on the texture of everyday life.

AMS 3302 - Architecture and the American Environment

Credit(s): 3

By means of slides, lectures and discussion, this course examines 350 years of American architectural history. Architectural styles, aesthetics and the relation between a building and its social environment are stressed.

AMS 3601 - Material Culture and American Society

Credit(s): 3

By means of slides, lectures and student projects, examines connections between artifacts and American cultural attitudes from 17th century to present. Topics include: architecture, furniture, gravestones, toys, and the material subcultures of women, African-Americans and communal societies.

AMS 3605 - Working Class Culture in America

Credit(s): 3

An interdisciplinary examination of the cultural identity of American working class families from WWII to present.

Course Attribute(s): CPST - Capstone Learning Experience

AMS 3700 - Racism in American Society

Credit(s): 3

This course examines the roots and contemporary structures of racism in America. Students develop critical, working definitions of race that account for change over time, geography, and co-constructed vectors of power such as class, gender, and sexuality.

Course Attribute(s): CASB - Social & Behavioral Sciences, CEL - Community Engaged Learning, GCPC - Global Citizens Project Course, TGEE - Ethical Reasoning and Civic Engagement

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

UN SDG(s):

SD04 - Quality Education
SD05 - Gender Equality
SD08 - Decent Work
SD09 - Industry
SD10 - Reduced Inequality
SD11 - Sustainable Cities-Communities
SD16 - Peace

AMS 3930 - Selected Topics in American Studies

Credit(s): 1-3

Offerings include Cultural Darwinism in America, America Through Foreign Eyes, and The Female Hero in American Culture.

AMS 4305 - Photography and American Society

Credit(s): 3

A survey of photography as an art and a craft in America since the mid-nineteenth century. Attention devoted to technological innovations, leading personalities, major movements, and memorable icons. Open to majors and non-majors.

AMS 4804 - Major Ideas in America

Credit(s): 3

Investigates the role of one or more influential ideas in American culture, for example: individualism, identity, community, dissent, reform, utopianism, democracy. Emphasizes the critical analysis of a variety of primary texts. Topic varies.

Course Attribute(s): CPST - Capstone Learning Experience

AMS 4910 - Individual Research

Credit(s): 1-4

The content of the course will be governed by student demand and instructor interest. Instructor approval required prior to registration.

AMS 4930 - Selected Topics in American Studies

Credit(s): 1-3

An upper-level elective course on variable more specialized topics in American Studies, such

as: Tourism; Aging in American Theater; Marriage Culture; Performance Arts in American Society; Truth and Reality in U.S. Documentary; The Seventies as a Cultural Era; and Cultures of the American Southwest.

AMS 4932 - Topics in American Film

Credit(s): 3

Topical course on American film genres and themes. Variable topics such as: series on a region, performer, subject, or period of time.

AMS 4935 - Senior Seminar in American Studies

Credit(s): 3

The American Studies Senior Seminar focuses on the writing of a substantial research paper. Topic varies.

Course Attribute(s): CPST - Capstone Learning Experience

Prerequisite(s): AMS 4936 with a grade of C- or better

AMS 4936 - American Studies Pro-Seminar

Credit(s): 3

A course emphasizing the analysis of primary works in relation to cultural contexts, the integration of secondary sources, and the construction of a written argument. Topic varies.

Prerequisite(s): HUM 3804 with a grade of B or better

AMS 4940 - Internship in American Studies

Credit(s): 1-3

A structured, out-of-class learning experience designed to provide first-hand, practical training in careers related to American Studies.

Restriction(s):

Majors Only
Permit Required
S-U Grade System

Other Information: Repeatable up to 6 credit hours.

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ANS 3006 - Introduction to Animal Science

Credit(s): 3

This course will survey the role of poultry, beef cattle, dairy cows, swine, horses, sheep, goats, and aquaculture species in serving humans. Attention will be focused on the nutrition, growth, reproduction, and genetics, in addition to the historical and modern approaches used for each animal industry.

Prerequisite(s): BSC 2011 with a C- or better, and BSC 2011L with a C- or better

ANT 2000 - Introduction to Anthropology

Credit(s): 3

The cross-cultural study of the human species in biological and social perspective. Surveys the four major branches of anthropology: physical anthropology, archaeology, linguistic anthropology, and cultural anthropology.

Course Attribute(s): CASB - Social & Behavioral Sciences, SGES - General Education Core Social Sciences, SMEL - General Education Elective, SMSS - Social Sciences, SPSS - Social Sciences

ANT 2410 - Cultural Anthropology

Credit(s): 3

Students are exposed to methods and concepts for cross cultural study of the world's peoples. Case studies demonstrate variations in human adaptation and encourage an understanding of and appreciation for diverse cultures and their values.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CAGC - Human & Cultural Diversity in a Global Context, SMEL - General Education Elective, SMSS - Social Sciences, SPSS - Social Sciences, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

ANT 2464 - Global Health from a Social Science Perspective

Credit(s): 3

Using global health as a lens, this course will introduce students to critical interdisciplinary

challenges that will shape the world in the future. It combines classroom and experiential learning while accessing the extraordinary resources of London.

Course Attribute(s): CAGC - Human & Cultural Diversity in a Global Context

ANT 2511 - Biological Anthropology

Credit(s): 3

This is an overview of biological anthropology. It covers areas such as evolutionary theory and genetics (critical thinking and scientific process), human variation (diversity), and epidemiology (environment). It also has a historical component.

Course Attribute(s): CANL - Natural Sciences (Life Science), SPNS - Natural Sciences

Prerequisite(s): ANT 2511L with a grade of C- or better (Concurrent: Y)

Corequisite(s): ANT 2511L

ANT 2511L - Biological Anthropology Laboratory

Credit(s): 1

This is a lab companion to an overview of biological anthropology. The students will be doing laboratories which are relevant to the class topics covered in the lecture hall in ANT 2511.

Prerequisite(s): ANT 2511 with a grade of C- or better (Concurrent: Y)

Corequisite(s): ANT 2511

ANT 2721 - Anthropology of Urban Education in a Globalizing Age

Credit(s): 3

How can anthropology address the major issues in education in the Greater Tampa Bay area? Classwork will help students develop proposals that address pressing educational concerns facing Tampa residents.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, TGEC - Creative Thinking

UN SDG(s):

SD04 - Quality Education

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ANT 3005 - The Anthropological Perspective

Credit(s): 3

Presents the basic concepts of anthropology as they are relevant to contemporary life. Aims at enabling the student to understand the anthropologist's cross-cultural view of the human species as adapting through biosocial means to life on this planet.

Restriction(s):

Non-Majors Only

Other Information: May not be counted for credit toward an anthropology major.

ANT 3101 - Archaeology

Credit(s): 3

Focuses on critical thinking about the past, archaeological research. Methods, theory, web resources, and scientific analysis in the study of world prehistory, from human origins to modern times.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CAGC - Human & Cultural Diversity in a Global Context, HHCP - Human Historical Context & Process, TGEI - Information and Data Literacy

ANT 3610 - Linguistic Anthropology

Credit(s): 3

This course studies language comparatively in cultural and social contexts and examines the role of language in the interpretation of human experience.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD10 - Reduced Inequality

ANT 4012 - Fantastic Archaeology

Credit(s): 3

Mysteries including the Lost Continent of Atlantis, Ancient Astronauts, Piltdown Man, Psychic Archaeology, Noah's Ark, and the Shroud of Turin will be examined, while emphasizing skills in critical thinking that have much wider practical applications.

Restriction(s):

Graduate Standing
Junior Standing
Senior Standing

ANT 4034 - Theories of Culture

Credit(s): 3

The major concepts that form the anthropological view of humanity are viewed in historical perspective. Basic ideas of the western philosophical tradition are analyzed from the Greeks to the 19th century when they became incorporated into the new discipline of anthropology. 20th century anthropological developments on these themes are considered.

ANT 4114 - Seminar in Archaeological Method and Theory

Credit(s): 3

Preliminary understanding of basic archaeological methods and theories; examines major theoretical paradigms; learn and practice different types of field methods and analyses of specific materials (i.e., ceramics, lithics, bone, etc.).

Restriction(s):

Majors Only

ANT 4142 - Old World Archaeology

Credit(s): 3

The archaeology of Europe, Asia and Africa, from the earliest humans through the emergence of state-level societies in many parts of the Old World. The course will focus on comparative aspects of economic, social, political, and religious organization in the prehistoric Near East, Egypt, China, the Aegean, Europe and Africa.

Prerequisite(s): ANT 3101 with a grade of C- or better

ANT 4143 - European Archaeology

Credit(s): 3

The archaeology of Europe, from the first Paleolithic inhabitants to the fall of Roman civilization. The course will focus on ancient material culture while emphasizing social and economic questions such as the emergence of modern humans, the adoption of agriculture, the

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

development of complex societies, and the rise of civilization.

Prerequisite(s): ANT 3101 with a grade of C- or better

ANT 4153 - North American Archaeology

Credit(s): 3

An examination of the evidence regarding the human settlement of North America from its beginnings through the development of aboriginal culture to the period of European conquest. Emphasis on the comparative study of material culture at selected sites from all time periods. No field work is involved.

Prerequisite(s): ANT 3101 with a grade of C- or better

ANT 4158 - Florida Archaeology

Credit(s): 3

Culture history and culture process over 10,000 years from the time of the first people in Florida (Paleo-Indians) through the elaborate Weeden Island and Safety Harbor burial and temple mound cultures to the Spanish entrada and consequences of European conquest. Review of temporal and spatial relationships within the entire eastern U.S. and elsewhere. May be part of a summer (or other semester) field school, combined with Field Methods in Archaeology and Laboratory Methods in Archaeology.

Prerequisite(s): ANT 3101 with a grade of C- or better

ANT 4163 - Mesoamerican Archaeology

Credit(s): 3

The chronological sequence from its beginnings through Protohistoric development is described and analyzed. Cultures such as the Maya, Aztec, Mixtec, Zapotec, Olmec, and Toltec are included, with emphasis on the environmental setting and the relationship between cultural ecology and the growth of civilization.

Prerequisite(s): ANT 3101 with a grade of C- or better

ANT 4165 - South American Archaeology

Credit(s): 3

Describes and analyzes the sequence of cultural development in prehistoric South America. Cultures such as the Inca, Chavin, Mochica, Wari, Chimu are included. Emphasis on the environmental setting and the relationship between cultural ecology and the growth of civilization.

Prerequisite(s): ANT 3101 with a grade of C- or better

ANT 4167 - Maya, Aztec, and Inka Civilizations

Credit(s): 3

This course explores three major civilizations of the pre-Spanish New World from a comparative archaeological framework. Students will gain a broad understanding of the Maya, the Aztecs, and the Inka, as they compare to one another.

ANT 4172 - Historical Archaeology

Credit(s): 3

A survey and analysis of archaeology focused on the historic period. Laboratory research with data recovered from historic sites in addition to class work.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, GCPC - Global Citizens Project Course

Prerequisite(s): ANT 3101 with a grade of C- or better

UN SDG(s):
SD16 - Peace

ANT 4176 - Archaeology of Africa

Credit(s): 3

Examine western myths of Africa as a Dark Continent of unsophisticated peoples; fossils revealing Africa as home of the first people; rock art/megaliths of earliest food producers; lives of the ancient pyramid builders; earliest Christian Kingdom.

ANT 4178 - The History & Archaeology of the African Diaspora

Credit(s): 3

Rich contributions made by African peoples to life

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ways outside its borders; reviewing the history of the African Diaspora; identify the earliest migrations of the African peoples into Europe and Southwest Asia.

ANT 4180 - Laboratory Methods in Archaeology

Credit(s): 3

Data and materials recovered from archaeological survey and excavation are processed in the laboratory; includes artifact cleaning, cataloging, identification, and analysis; soil flotation; reconstruction and conservation of artifacts, mapmaking, etc. May be offered as part of a summer (or other semester) field session. May be combined with Florida Archaeology and Field Methods in Archaeology.

Prerequisite(s): ANT 3101 with a grade of C- or better

ANT 4181 - Museum Methods

Credit(s): 3

Design, preparation and installation of exhibits in the Department of Anthropology Teaching Exhibit Gallery. Emphasis on theory, research, design, and construction. Discussion of museum-related issues such as administration and curation.

Prerequisite(s): ANT 3101 with a grade of C- or better

Restriction(s):

Consent of Instructor or Department Permit Required

ANT 4183C - Archaeological Science

Credit(s): 4

This course focuses on the application of scientific methods of analysis to archaeological materials including bone, stone, pottery, and metal. Methods include absolute dating, remote sensing, optical and SEM microscopy, elemental and isotope analysis. Laboratory sections provide hands-on experience with a variety of archaeological materials and analytical methods.

Prerequisite(s): ANT 3101 with a grade of C- or better

ANT 4185 - Ancient Diets

Credit(s): 3

Study of archaeological remains informing us

about ancient diet, including fauna and flora, microscopic soil and ceramic residues, chemical analyses of human tissues, coprolites, gut contents, tooth wear patterns, visual/artistic and written information.

Prerequisite(s): ANT 3101 with a grade of C- or better

Restriction(s):

Permit Required

ANT 4197 - Archaeology of Death and Burial

Credit(s): 3

This course examines mortuary practices cross-culturally and from an archaeological perspective to reveal both similarities and differences in the ways that societies around the world and through time deal with death and bury the dead.

ANT 4241 - Anthropology of Religion

Credit(s): 3

The cross-cultural study of the social and cultural aspects of religion will be explored. Religious activities in traditional and modern societies will be discussed. Ritual behavior, religious practitioners, and symbols of belief will be considered.

Course Attribute(s): 6AC - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, EMWP - Major Works and Major Issues, WRIN - Writing Intensive Capstone

Prerequisite(s): ANT 2000 with minimum grade of C- OR ANT 2410 with a minimum grade of C-.

ANT 4243 - The Middle East and North Africa

Credit(s): 3

Studying the beliefs and practices of Middle Eastern and North African societies through the perspective and engagement with humanity that is anthropology. The focus is on different Islamic societies, and the effects on them of western influence.

Prerequisite(s): ANT 2410 with a grade of C- or better

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ANT 4260 - Ancient Trade

Credit(s): 3

This course focuses on long-distance trade and contact in ancient times, based on archaeological evidence and scientific studies, and how this informs us about sociopolitical systems and economic relations and how they vary over time and space.

Prerequisite(s): ANT 2511 with a grade of C- or better

Restriction(s):
Permit Required

ANT 4285 - Oral History

Credit(s): 3

A survey of history, methods and current applications of oral history research from an anthropological perspective.

Course Attribute(s): GCPC - Global Citizens Project Course

Prerequisite(s): ANT 2410 with a grade of C- or better

UN SDG(s):
SD16 - Peace

ANT 4302 - Gender in Cross-Cultural Perspective

Credit(s): 3

Examines roles of women, men, other genders and social, economic, and political aspects of sex and gender, from a biocultural, 4-field anthropological perspective, emphasizing non-Western societies and cross-cultural comparison in past and present.

Course Attribute(s): CPST - Capstone Learning Experience, EMWP - Major Works and Major Issues, HHCP - Human Historical Context & Process

Prerequisite(s): ANT 2410 with a grade of C- or better

ANT 4312 - North American Indians

Credit(s): 3

An examination of the evidence for the origin and antiquity of human beings in North America and of patterns of regional development until the period of contact with European colonists.

Emphasis on varieties of ecological adaptation, social, political and religious systems, enculturation and worldview, folklore and visual art.

Prerequisite(s): ANT 2410 with a grade of C- or better

ANT 4340 - The Caribbean

Credit(s): 3

Main themes include: the depopulation of the aboriginal population and the resettlement of the area via slavery, indenture, and migration; contemporary ethnic heterogeneity; economic problems of Third World microstates; development of a modern social and political consciousness. Religious diversity, music, the graphic arts, and the literature of the contemporary Caribbean will also be surveyed.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

Prerequisite(s): ANT 2410 with a grade of C- or better

Restriction(s):
Junior Standing
Majors Only
Senior Standing

ANT 4352 - Peoples of Africa

Credit(s): 3

Dispel myths & stereotypes of Africa; focus on African geography, history, Western misperceptions of Africa, African worldviews, philosophy, literature, health issues, debt relief, refugees, & food acquisition, security.

ANT 4390 - Visual Anthropology

Credit(s): 3

The use of photographic techniques for the cross-cultural recording and analysis of human activities. The study of ethnographic photography as both art and science, and the production of an anthropological study that expresses the goal of "visual literacy." Review and evaluation of the uses of visual techniques and the evidence they provide to the social scientist.

Prerequisite(s): ANT 2410 with a grade of C- or better

Restriction(s):

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Consent of Instructor or Department

ANT 4401 - Exploring Cross-Cultural Diversity

Credit(s): 3

This course will address a variety of challenging issues related to the general topic of cross-cultural diversity in contemporary American life.

Course Attribute(s): CLB - Collaborative Learning, CPST - Capstone Learning Experience, TGEE - Ethical Reasoning and Civic Engagement

ANT 4403 - Environmental Anthropology

Credit(s): 3

Explores cultural, social, political, and economic dimensions of contemporary environmental problems. Emphasis placed on the links between local-level environmental degradation and broader regional and global forces.

Prerequisite(s): ANT 2410 with a grade of C- or better

ANT 4432 - The Individual and Culture

Credit(s): 3

The relationship between the individual and society is studied cross-culturally. Main themes include child-rearing practices, psychosomatic illness and curing. Discussion of theories and models of personality development with special reference to their applicability to the emerging field of cross-cultural mental health planning.

Course Attribute(s): 6AC - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, EMWP - Major Works and Major Issues

Prerequisite(s): ANT 2410 with a grade of C- or better

ANT 4442 - Urban Life and Culture

Credit(s): 3

The cross-cultural study of urbanization, urbanism and human problems associated with metropolitan environments. Emphasis on the

ethnography of city life and its relationship to the practical applications of urban research.

Prerequisite(s): ANT 2410 with a grade of C- or better

ANT 4445 - Ancient Cities and Sustainability

Credit(s): 3

This course is an introduction to the process of urbanism and the rise of pre-industrial cities around the world. The course will focus on the challenges that have faced urban dwellers through the ages and how they have met/failed to meet those challenges

ANT 4462 - Health, Illness, and Culture

Credit(s): 3

The study of health and human behavior in cross-cultural perspective. Main themes include: the impact of disease on the development of human culture; comparative studies of curing practices; medical systems in their relationship to ideology. Emphasis on understanding the role of medicine, and the behavior of both practitioners and patients in modern societies.

Course Attribute(s): GCPC - Global Citizens Project Course

Prerequisite(s): ANT 2410 with a grade of C- or better

UN SDG(s):
SD03 - Good Health and Well-being

ANT 4465 - Anthropology of Food

Credit(s): 3

Examines the ways that anthropologists write and think about food, beginning with the basic anthropological perspective on food, then looking at food as a part of social rules and the life passage.

Course Attribute(s): GCPC - Global Citizens Project Course

Prerequisite(s): ANT 2410 with a minimum grade of C-

UN SDG(s):
SD01 - No Poverty
SD03 - Good Health and Well-being
SD12 - Responsible Consumption

ANT 4467 - Food, Health, and Culture

Credit(s): 3

Basic human nutritional needs & their evolutionary foundation; reconstruction of past diets; relationship between food, health & medicine; food & disease; food in religion; gender and food; food in cross-cultural perspective; political economy of food.

Prerequisite(s): ANT 2000 with a grade of C- or better, and ANT 2410 with a grade of C- or better, and ANT 2511 with a grade of C- or better

Restriction(s):
Majors Only

ANT 4468 - Biocultural Bases of Health and Disease

Credit(s): 3

Study of the socio-cultural and evolutionary bases of health and disease, including such factors as evolution, genetics, environment, and socio-economics.

Prerequisite(s): ANT 2511 with a grade of C- or better & BSC 1005 with a grade of C- or better

ANT 4472 - Work and Migration in the Americas

Credit(s): 3

With a focus on the intersections of class, race, gender, and citizenship, this course examines experiences of work and migration in the Americas to better understand the consequences of globalization.

Prerequisite(s): ANT 2410 with a grade of C- or better

ANT 4475 - Anthropology of Childhood

Credit(s): 3

This course is an exploration of the emerging subfield of anthropology and childhood, engaging with literature on children, childhoods, and youth around the globe. Students read a wide variety of perspectives on anthropology and childhood.

ANT 4495 - Methods in Cultural Research

Credit(s): 3

The stages in the development and execution of ethnological research are discussed and practiced. Literature search, hypothesis formation, selection of data collection techniques, elicitation of information, data analysis, and report presentation are stressed. Research design models from the case literature are studied and supervised research in the local community is designed and carried out.

Restriction(s):

Consent of Instructor or Department
Junior Standing

Senior Standing

ANT 4516 - Human Variation

Credit(s): 3

An overview of evolution and biological variations of human races. Anatomical, morphological, and physiological patterns are surveyed geographically. Cultural influences on racial biology are explored.

Prerequisite(s): ANT 2511 with a grade of C- or better

ANT 4520C - Forensic Anthropology

Credit(s): 4

This course is designed to familiarize students with forensic anthropology through lectures and lab work. Students will learn human skeletal biology for personal identification and cause of death. This course is restricted to majors and is not repeatable.

Prerequisite(s): ANT 2511 with a grade of C- or better

ANT 4525 - Human Osteology and Osteometry

Credit(s): 3

The identification of human skeletal remains, including: instrumentation and procedures; techniques for determining age at death, sex, and ancestry; and measurement of the human skeleton for comparative purposes.

Prerequisite(s): ANT 2511 with a grade of C- or better and ANT 2511L with a grade of C- or better

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ANT 4532 - Anthropology of Infectious and Contagious Diseases

Credit(s): 3

This course is on communicable diseases and their transmission, cures, and change with time and technology. We will situate infectious and contagious diseases in their historical and cultural context by looking at the anthropology of these ideas.

Prerequisite(s): ANT 2410 with a grade of C- or better

Corequisite(s): ANT 2511

ANT 4536 - Bioarchaeology

Credit(s): 3

The study of human skeletal remains from archaeological sites, drawing on techniques from archaeology, anatomy, biology, chemistry, pathology, demography, and history to reconstruct individual lives and collective population histories across the globe.

Prerequisite(s): ANT 2511 with a grade of C- or better and ANT 2511L with a grade of C- or better

ANT 4586 - Prehistoric Human Evolution

Credit(s): 3

A survey of the fossil record from the early primates through the ascent of Homo sapiens, focusing on the human lineage. Biosocial patterns and cultures of the past are also covered.

Prerequisite(s): ANT 2511 with a grade of C- or better

ANT 4593 - Evolution and Health

Credit(s): 3

Using an evolutionary framework to develop scientific hypotheses, this course inquires into the origins and causes of illness. Students will use a variety of critical methods to track down evolutionary explanations for disease.

Course Attribute(s): CST - Capstone, TGEH - High Impact Practice

Prerequisite(s): ANT 2511 with a grade of C- or better

ANT 4620 - Language and Culture

Credit(s): 3

Examines the relationships between language and culture in cross-cultural perspective. Explores the extent to which languages shape the world views of their speakers. Emphasis on the nature and degree of fit between linguistics and other cultural systems of knowledge.

Course Attribute(s): 6AC - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

Prerequisite(s): ANT 3610 with a grade of C- or better

ANT 4701 - Applied Anthropology

Credit(s): 3

A review of approaches to applying the anthropological perspective to contemporary human problems. Discussion of the historical development of applied anthropology, the ethics of applied research, and careers in applied settings.

Course Attribute(s): CPST - Capstone Learning Experience, GCPC - Global Citizens Project Course

UN SDG(s):

SD03 - Good Health and Well-being
SD05 - Gender Equality
SD06 - Clean Water and Sanitation
SD10 - Reduced Inequality

ANT 4824 - Archaeological Field Methods

Credit(s): 4-12

Offered as all or part of a summer (or other semester) field session. May or may not be combined with Florida Archaeology and Laboratory Methods in Archaeology. Students learn appropriate methods of archaeological survey, excavation, data and materials recovery, recording, and processing.

Prerequisite(s): ANT 3101 with a grade of C- or better

ANT 4932 - Honors Seminar

Credit(s): 3

Seminar designed to provide the honors student with an opportunity to present, discuss and defend his/her own research and to explore in-depth topics in several areas of anthropology.

Restriction(s):

Consent of Instructor or Department
Majors Only
Permit Required

Other Information: Honors program students only.

ANT 4935 - Rethinking Anthropology

Credit(s): 3

This course is the senior seminar in anthropology. The objectives are to reflect upon and integrate major material covered in previous courses, to reflect upon the status on the discipline of anthropology, and to allow students

to determine where they see themselves within the discipline. We will reflect upon the four fields of anthropology and ethics, as well as key issues such as evolution, race, and culture, and students are encouraged to integrate their knowledge from previous classes.

Course Attribute(s):

6AC - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

Restriction(s):

Majors Only

Other Information: Also open to Anthropology minors.

ANT 4940 - Directed Internship Including Practicum

Credit(s): 2-4

Individual guidance in a selected internship. Contract required prior to registration. Majors and non-majors. May be repeated for credit; max 6 total hours.

Restriction(s):

Consent of Instructor or Department
Permit Required
S-U Grade System

ANT 4970 - Honors Thesis

Credit(s): 3

The student under the supervision of a faculty member will formalize, conduct, analyze, and report in writing a research project in anthropology.

Prerequisite(s): ANT 4932 with a grade of C- or better

Restriction(s):

Consent of Instructor or Department
Majors Only
Permit Required
S-U Grade System

Other Information: Honors program students only.

APK 3110 - Exercise Physiology I

Credit(s): 3

A study of the effects of physical activity on the body. Topics include acute and chronic

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

adaptation of the cardiovascular, muscular, metabolic, hormonal, and energy systems to exercise. Open to non-majors.

APK 3120 - Exercise Physiology

Credit(s): 3

This course is designed to explore physiological adjustments and adaptations that occur as the result of exercise. The main focus will be on exercise-induced changes in the metabolic, cardiovascular, respiratory, neuromuscular, and endocrine systems.

Prerequisite(s): BSC X086 with a minimum grade of B AND BSC X086L with a minimum grade of B AND (MAC X105 or MAC X140 or MAC X147 or MAC X311) with a minimum grade of B

Restriction(s):
Majors Only

Other Information: Exercise Science Majors

APK 4134 - Exercise Physiology II

Credit(s): 3

A study of Exercise Physiology focusing on the adult. Includes specific populations such as the obese, heart patients, arthritics, elderly, and high performance athletes.

APK 4136 - Exercise Prescription

Credit(s): 3

This course will concentrate on cognitive reasoning for selection of exercise tests and appropriate exercise prescription as a result of data interpretation. These tests will encompass the following: aerobic capacity, muscular strength, muscular endurance, body composition, flexibility as well as other parameters of physical fitness.

Prerequisite(s): APK 3120 with a C or better

Restriction(s):

Majors Only

Other Information: Field of Study Restriction: Include Health Science and Exercise Science Majors

APK 4138C - Applications of Strength and Conditioning

Credit(s): 3

Applications of Strength and Conditioning is designed to provide practical exposure to concepts and practices within the field of strength and conditioning. This course will cover content related to exercise technique, assessment, and program design.

Prerequisite(s): PET 4093 with a minimum grade of C

Restriction(s):
Permit Required

ARA 1120 - Modern Arabic I

Credit(s): 4

An intensive study of basic skills: pronunciation, listening comprehension, speaking and some composition.

ARA 1121 - Modern Arabic II

Credit(s): 4

A continuation of ARA 1120. More sophisticated oral/aural skills are attained. Basic reading skills are acquired.

Prerequisite(s): C- or better in ARA 1120

ARA 2220 - Modern Arabic III

Credit(s): 4

For language students who intend to attain basic proficiency.

Prerequisite(s): C- or better in ARA 1121

ARA 2221 - Modern Arabic IV

Credit(s): 4

Practice of writing, speaking and listening skills for language students who intend to attain basic proficiency.

Prerequisite(s): C- or better in ARA 2220

Other Information: Continuation of ARA2220.

ARA 4905 - Directed Study

Credit(s): 1-5

Permits study options in Arabic not available in regularly scheduled curriculum at departmental discretion.

Restriction(s):

ARC 2112L - Architectural Freehand Drawing Methods

Credit(s): 4

This course provides an introduction to basic freehand drawing with an emphasis on observational drawing, mapping, gesture, and drawing as a means of orientation. The student is introduced to a wide range of drawing methods, media and concepts.

ARC 2131C - Introduction to Architectural Design and Graphics

Credit(s): 4

An introduction to fundamental "critical thinking" and graphic communication skills in architecture.

ARC 2135C - Introduction to Architectural Design & Graphics II

Credit(s): 4

This course explores fundamental issues of space-making and perception of space, scale and habitation. In addition, this course builds on the skills and knowledge developed in the first introductory course through analysis and interpretation of specific works.

Prerequisite(s): ARC 2131.

ARC 2180 - Introduction to Digital Architecture

Credit(s): 3

The Introduction to Digital Architecture course introduces students to various software utilized by Architects in the field such as, AutoCad, Sketch-up, StudioMax, Photoshop, etc.

ARC 2211 - Introduction to Architecture

Credit(s): 3

An introduction to the analysis and interpretation of the architecture and urban design of various cultures.

Course Attribute(s): CAHU - Humanities, HHCP - Human Historical Context & Process

ARC 2701 - Architectural History I

Credit(s): 3

Overview of the built environment from prehistory through the Middle Ages. Buildings and cities in their geographical, topographical, political, aesthetic, social, technological and economic context.

ARC 2702 - Architectural History II

Credit(s): 3

Overview of the built environment from the Middle Ages to the present. Buildings and cities in their geographical, topographical, political, aesthetic, social, technological and economic context.

ARC 4376 - Architecture for Real Estate & Development

Credit(s): 3

The course introduces the basic processes necessary for large scale projects and developments. Numerous professions are explained from varying points of view to allow participants to better understand how buildings get built and land developed.

ARC 4541 - Physics for Architects

Credit(s): 3

Physics for Architects is a study of physical concepts / problems applicable to current and future graduate architecture student, creating a foundation for technical issues of structures, environmental technology & construction methods.

Prerequisite(s): MAC 1105

Restriction(s):

Majors Only
Permit Required

ARC 4784 - The City

Credit(s): 3

This course examines the history of the city, as both idea and reality, with a particular focus on Western cities, and the 20th century. The course is open to undergraduates and students in the Graduate Architecture Program.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon

SD17 - Partnerships

ARH 3001 - Introduction To Art

Credit(s): 3

This online course investigates the histories of art, asking a range of questions about periods, cultures, styles of art making. We explore the experience of viewing art, inquiring into its many forms and definitions, historically and in the present.

Course Attribute(s): CAFA - Fine Arts, HHCP - Human Historical Context & Process

ARH 4115 - Ancient Egyptian and Near Eastern Art

Credit(s): 3

A study of the art and cultures of ancient Egypt and the Near East, from the prehistoric period through the conquests of Alexander the Great.

Other Information: ARH 2050 recommended but not required.

ARH 4130 - Greek Art

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

A comprehensive study of ancient Greek sculpture, painting, architecture, and other artistic media from the Bronze Age through the Hellenistic period.

Other Information: ARH 2050 or EUH 2011 recommended but not required.

ARH 4151 - Roman Art**Credit(s): 3**

A comprehensive study of ancient Roman sculpture, painting, architecture, and other artistic media from the founding of Rome through the reign of Constantine.

Other Information: ARH 2050 or EUH 2011 recommended but not required.

ARH 4200 - Medieval Art**Credit(s): 3**

A comprehensive study of early Christian, Byzantine and Medieval painting, sculpture, architecture and manuscript illumination.

Restriction(s):

Consent of Instructor or Department
Permit Required

ARH 4301 - Renaissance Art**Credit(s): 3**

A comprehensive study of Renaissance and Mannerist painting, sculpture and architecture in Italy and Northern Europe.

Restriction(s):

Consent of Instructor or Department

Permit Required

ARH 4455 - Modern Political Iconography

Credit(s): 3

The course explores art in which political themes are considered to be the source and determinant of aesthetic decisions. The dominant iconographic theme is the iconography of revolution, rebellion, and other forms of political struggle in 20th Century art and film.

ARH 4571 - Themes in Islamic Art and Architecture

Credit(s): 3

This course examines Islamic art and architecture in relationship to the cultural, religious, and sociopolitical values and practices that unified Muslims from Europe to South Asia from the advent of Islam in the seventh century to the present day.

Restriction(s):

Consent of Instructor or Department
Permit Required

Prerequisite(s): ARH 2050

Restriction(s):

Consent of Instructor or Department

ARH 4475C - Contemporary Issues in Art

Credit(s): 3

Focuses upon the productions, themes and processes of artists working in the present time. This course will investigate the relationship of materials and media used by contemporary artists to the subject and content of artists' productions/products as well as conceptual processes.

ARH 4573 - Visual Cultures of the Middle East

Credit(s): 3

This course focuses on the relationship between Islamic visual cultures and the Muslim faith as manifested in painting, calligraphy, architecture, sculpture, photography, dance, theatre, and film from the seventh century until the present day.

Course Attribute(s): EMWP - Major Works and Major Issues

Prerequisite(s): ARH 4450

ARH 4710 - History of Photography

Credit(s): 3

Comprehensive overview of the history of photography from its inception to the present day with an emphasis on the relationship of photography to the visual arts and popular culture.

ARH 4530 - Asian Art

Credit(s): 3

An introduction to concepts of the arts of China, Japan and other Far Eastern countries.

Course Attribute(s): 6AC - State

Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, HHCP - Human Historical Context & Process, WRIN - Writing Intensive Capstone

Restriction(s):

Consent of Instructor or Department

emphasis on artmaking technology and research, cultural perspectives and theoretical/critical analytical capabilities. The course is open to majors and non-majors. It is not repeatable for credit.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

ARH 4724 - History of Graphic Design

Credit(s): 3

This course surveys the design profession and the graphic design discipline. Students will explore graphic styles from the turn of the century to contemporary works, highlighting the innovations of influential designers throughout history.

Course Attribute(s): 6AC - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

ARH 4744 - Selected Topics in the History of Film

Credit(s): 3

In-depth investigation of a selected period, development, or school in the history of film as art.

ARH 4800 - Critical Studies in Art History

Credit(s): 3

Specialized intensive studies in art history. Specific subject matter varies. To be announced at each course offering.

Course Attribute(s): 6AC - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

Prerequisite(s): Two advanced Art Histories

ARH 4890 - Paris Art History

Credit(s): 3

This course will explore issues central to the history and criticism of art through the rich visual

culture of Paris. Themes will include art and national identity, orientalism, the avant-garde and the role of the museum in the evolution of modern art.

Prerequisite(s): Minimum 8 hours of art history at the undergraduate level or equivalent.

ARH 4930 - Art History: Selected Topics

Credit(s): 1-3

Lecture/discussion course designed to offer areas of expertise of visiting scholars or specific interests of resident faculty.

ARH 4940 - Art History Practicum

Credit(s): 1

Short description: This course facilitates a summative assessment as well as vocational guidance for the Art History major in preparation for formulating and realizing future vocational goals.

Long description: This course is required for all Art History majors and is ideally taken in the last semester of degree instruction. Students will receive individualized guidance as they revise and submit their degree assessment papers, also meant to serve as application writing samples for graduate school or employment. Students will receive vocational direction as they prepare curriculum vitae and job and graduate school applications.

Prerequisite(s): Open to declared Art History majors in their final semester of degree instruction.

Corequisite(s): None.

CoPrerequisite(s): None.

Restriction(s):

Senior Standing
Majors Only

ART 2201C - Concepts and Practices I

Credit(s): 3

Introduce students to diverse art studio practices and concepts where topics include forms of communication, sourcing inspiration, and critical theory. Studio projects are augmented by lecture, discussion, reading, writing and critical analysis.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CAFA - Fine Arts, TGEC - Creative Thinking

ART 2203C - Concepts and Practices II

Credit(s): 3
Continuation of ART 2201 building on diverse art studio practice and concepts including crafting an artistic self, measuring success, and examining the artists role. Art projects are augmented by lecture, discussion, reading, writing and critiques.

Course Attribute(s): CAFA - Fine Arts

Prerequisite(s): ART 2201C

ART 2251 - Illustration I

Credit(s): 3
This course introduces the philosophy behind illustration and its uses in the industry. Assignments focus on black-and-white and/or color techniques using contrast, values, composition, and function.

Prerequisite(s): ART 2301C with a minimum grade of C-

ART 2301C - Beginning Drawing

Credit(s): 3
Projects exploring the methods, media, and concepts of drawing.

ART 2344 - Beginning Drawing for Graphic Arts

Credit(s): 3
Techniques of visual representation through various drawing media focusing on applications specific for Illustration and Graphic Design.

ART 2345 - Intermediate Drawing for Graphic Arts

Credit(s): 3
Students will explore complex drawing concepts and techniques, with an emphasis on composition, design, illustration, and rendering as well as the aesthetics that lie within the discipline of drawing and their application within concept based assignments.

Prerequisite(s): ART 2344 with a minimum grade of C

ART 2400C - Beginning Printmaking

Credit(s): 3
This course is designed as an introduction to the medium of printmaking. It concentrates on the technical production of various print media including: intaglio, relief, monoprint and serigraphy (screen printing).

Restriction(s):
Majors Only

ART 2430 - Silkscreen

Credit(s): 3
Fundamental processes and design for silkscreen printmaking. Specific instructions in hand-cut, screen-print and photo techniques. Planning of individual design problems is stressed.

Prerequisite(s): ART 2400C with a minimum grade of C

ART 2500C - Beginning Painting

Credit(s): 3
Projects in painting with emphasis on the exploration of methods and media and the development of individual concepts.

Restriction(s):
Majors Only

ART 2602 - Digital Imaging

Credit(s): 3
This course explores the fundamentals of graphic design; students develop an understanding to the industry and design principles through projects emphasizing the process of design, exposure to contemporary designers and methods of investigation.

Restriction(s):
Majors Only

ART 2701C - Beginning Sculpture

Credit(s): 3
Projects in sculpture with emphasis on

ART 3610C - Digital Modeling

Credit(s): 3

Exploration of 3D digital modeling techniques for the creative arts. Provides study in the history, theory, and practices of 3D digital modeling. Students model, texture, and light models in a 3D environment.

Other Information: Course is not repeatable.

ART 3612C - Beginning Film and Video

Credit(s): 3

An introductory exploration of the use of film, video, and sound as media for making contemporary art. Emphasis is on all levels of production, concept development, and the history and theory of media, moving image and sound.

ART 3613C - Live Action Filmmaking

Credit(s): 3

Students develop a comprehensive understanding of Independent Cinema by producing short film projects. Topics include scriptwriting, professional production tools and practices, and exhibition. Non-repeatable. For majors and non-majors with prerequisite.

Prerequisite(s): ART 3612C.

ART 3616C - Computer Animation

Credit(s): 3

Hands-on exploration of issues, principles, and practices involved in the creation of 2D animation. Traditional methods are combined with animation and imaging software. Focus is on individual creative growth.

Prerequisite(s): ART 3612C

Restriction(s):
Majors Only

Other Information: Not repeatable.

ART 3618 - Technology Essentials for Artists

Credit(s): 3

Course provides foundation in the use of technology for Fine Arts majors. Technical and critical skills used to deploy media in the documentation, presentation and promotion of their production in traditional art mediums are explored.

Restriction(s):
Permit Required

Other Information: Non-repeatable.

ART 3635 - Selected Topics in Film and Video

Credit(s): 3

Selected Topics in Film and Video is an intermediate course providing focused exploration on content specific to the discipline. It furthers the development of skills and critical discourse in the field.

Prerequisite(s): ART 2201C (with minimum grade of C) AND ART 2203C (with a minimum grade of C) AND ART 2301C (with a minimum

grade of C) AND ART 3310C (with a minimum grade of C) AND ART 3612C (with a minimum grade of C) AND ART 3613C (with a minimum grade of C) AND ARH 2050 (with a minimum grade of C) AND ARH 2051 (with a minimum grade of C).

ART 3640 - The Art of Video Games

Credit(s): 3

The Art of Video Games investigates the emerging role that fine art plays within the video game medium. Students research connections between contemporary art practice and the commercial video game industry and create their own video game.

ART 3709C - Intermediate Sculpture

Credit(s): 3

This course expands upon the principles and processes introduced in Beginning Sculpture, developing a higher level of technical competence and critical sophistication. Repeatable up to 15 hours.

Prerequisite(s): ART 2201C, ART 2203C, ART 2301C, ART 2701C, ART 3310C, ARH 2050, ARH 2051.

ART 3712C - Multiples, Molds, and Bronzecasting

Credit(s): 3

Continued studies and projects in sculpture with an emphasis on the nature of multiples explored through advanced mold making and bronzecasting. This course may not be repeated for credit. The conceptual implications of the multiple will be taught through reading, lecture, discussion and demonstration.

Prerequisite(s): ART 2701C and ART 3709C

Restriction(s):
Majors Only

ART 3735 - Selected Topics in Sculpture

Credit(s): 3

Selected Topics in Sculpture is an intermediate course providing focused exploration of content specific to the discipline. It furthers the development of skills and critical discourse in the field. Repeatable up to 15 hours.

Prerequisite(s): ART 2203C, ARH 2050, ARH 2051, ART 2301C, ART 3310C, ART 2701C, ART 3709C

Restriction(s):
Majors Only

ART 3761C - Intermediate Ceramics

Credit(s): 3

Intermediate problems in ceramics and emphasis on the exploration of methods and media and the development of individual concepts. Repeatable up to 15 hours.

Prerequisite(s): ART 2201C, ART 2203C, ART 2301C, ART 2750C, ART 3310C, ARH 2050, ARH 2051.

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The Real World offers studio students the opportunity to analyze their experiences as art majors and explore options available to visual artists upon completion of their degree.

Prerequisite(s): ART 3618

Restriction(s):

Majors Only

Other Information: Restrictions:

Field of Study Include: Studio Art

Student Attribute Include: Studio Art

Level Include: Undergraduate

Degree Include: BFA

College Include: FA

Access - Studio Art Majors ONLY

ART 4023 - Animation Process

Credit(s): 3

A CONTINUED STUDY IN THE PRACTICES OF ANIMATION FOR MAKING DIGITAL ART.

Prerequisite(s): With the prerequisite we decided to remove them from this course.

Restriction(s):

Majors Only

ART 4320C - Advanced Drawing

Credit(s): 3

Continued projects in drawing.

Prerequisite(s): ART 3939, ARH 4450, ARH 4475C

Restriction(s):

Consent of Instructor or Department

Majors Only

Permit Required

Other Information: 15 hours of Intermediate courses in the discipline with major GPA 3.25 are required prior to taking this course. This course is repeatable.

ART 4402C - Advanced Printmaking

Credit(s): 3

This course is designed as an advanced printmaking studio and emphasizes content and meaning in visual imagery. The student is

encouraged to work in a specific printmaking medium (intaglio, relief, lithography or screen printing) and develop a cohesive series of images.

Prerequisite(s): ART 3939, ARH 4450, ARH 4475C

Restriction(s):

Consent of Instructor or Department

Majors Only

Permit Required

Other Information: 12 hours of Intermediate courses in the discipline and a 3.25 major GPA are required prior to taking this course. This course is repeatable.

ART 4520C - Advanced Painting

Credit(s): 3

Continued projects in painting.

Prerequisite(s): ART 3939, ARH 4450, ARH 4475C,

Restriction(s):

Consent of Instructor or Department

Majors Only

Permit Required

Other Information: 12 hours of Intermediate courses in the discipline and a 3.25 major GPA are required prior to taking this course. The course is repeatable.

ART 4614C - Advanced Film and Video

Credit(s): 3

Advanced exploration of issues and practices in the creation of experimental moving images in video and film. Continues an approach to film, video, sound and moving images with a focus on individual and group projects.

Prerequisite(s): ART 2201C (with minimum grade of C) AND ART 2203C (with a minimum grade of C) AND ART 2301C (with a minimum grade of C) AND ART 3310C (with a minimum grade of C) AND ART 3612C (with a minimum grade of C) AND ART 3613C (with a minimum grade of C) AND ART 3635C (with a minimum grade of C) AND ARH 2050 (with a minimum grade of C) AND ARH 2051 (with a minimum grade of C) AND ARH 4450 (with a minimum grade of C) AND ART 3939 (with a minimum grade of C)

Restriction(s):

Majors Only

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Permit Required

Other Information: 12 hours of Intermediate courses in the discipline and a 3.25 major GPA are required prior to taking this course. This course is repeatable.

ART 4634C - Visual Design for the Internet

Credit(s): 3

This upper level course builds upon the concepts students encountered in the introductory level graphic design courses and focuses upon web content creation and animation techniques.

Restriction(s):
Majors Only

ART 4642 - Digital Fabrications for Artists

Credit(s): 3

Study and use of digital imaging and modeling software (CAD, CAM) for creation of physical artworks using CNC (digital fabrications) equipment; Grounded in contemporary and historical practices.

Restriction(s):
Permit Required

Other Information: Course repeatable up to 6 credits.

ART 4710C - Advanced Sculpture

Credit(s): 3

Continued problems in sculpture. Repeatable.

Prerequisite(s): ART 3939, ARH 4450, ARH 4475C

Restriction(s):
Consent of Instructor or Department
Majors Only
Permit Required

Other Information: 12 hours of Intermediate courses in the discipline and a 3.25 major GPA are a required prior to taking this course. This course is repeatable.

ART 4782C - Advanced Ceramics

Credit(s): 3

Continued problems in ceramics.

Prerequisite(s): ART 3939, ARH 4450, ARH 4475C

Restriction(s):
Consent of Instructor or Department
Majors Only
Permit Required

Other Information: 12 hours of Intermediate courses in the discipline and a 3.25 major GPA are required prior to taking this course. The course is repeatable.

ART 4806 - Theme Studio

Credit(s): 3
Theme Studio

Prerequisite(s): All preparation courses plus course in Studio Workshop I.

Restriction(s):
Majors Only

ART 4814 - Paris Art Studio

Credit(s): 3

This course will explore contemporary and historic Paris as a subject and source for artmaking, drawing upon a range of concepts and strategies that emphasize imaginative encounters with its space, streets, museums, architecture and people.

Prerequisite(s): ART 2201C

ART 4900 - Directed Reading

Credit(s): 1-4

A course of reading and study in an area of special concern governed by student demand, instructor interest and/or department requirements. Registration is by contract only. Repeatable.

Other Information: Registration by contract only.

ART 4905 - Directed Study

Credit(s): 1-4

Independent studies in the various areas of Visual Arts. Course of study and credits must be assigned prior to registration. Repeatable.

Restriction(s):
Consent of Instructor or Department
Permit Required

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Other Information: Registration by contract only.

ART 4930 - Selected Topics In Art

Credit(s): 1-3

The content of this course will be determined by student demand and instructor interest. Open University offerings under this number may not be counted for degree credit for art majors. Repeatable.

Restriction(s):

Consent of Instructor or Department
Permit Required

ART 4940 - Art and Art History Internship

Credit(s): 3

The Art Internship requires students to engage in art or art history related activities that expand upon their traditional academic experience. This course is a contract that a student will procure and complete an internship at various sites.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

Restriction(s):

Majors Only
Permit Required

ART 4941 - Avant-garde: Professional Practices for BA Studio Majors

Credit(s): 1

Avant-garde: Professional Practices for BA Studio Majors offers studio students the opportunity to analyze their experiences as art majors and explore options available to visual artists upon completion of their degree.

Prerequisite(s):

Open to BA Studio Art students in their final semester of degree instruction.

Restriction(s):

Senior Standing
Majors Only

ART 4970C - Senior Thesis

Credit(s): 4

The creation of a coherent body of advanced

level artwork that is supported by a written document describing processes working procedures, research, context and content of the artwork itself.

Restriction(s):

Consent of Instructor or Department
Majors Only
Permit Required

ASH 2270 - Southeast Asian History

Credit(s): 3

This course examines the origins and development of Southeast Asian history over the past two millennia. Southeast Asia is comprised of Burma, Thailand, Laos, Cambodia, Vietnam, Malaysia, Singapore, Brunei, Indonesia, the Philippines, and East Timor.

Course Attribute(s): CAHU - Humanities, HHCP - Human Historical Context & Process

ASL 2140C - American Sign Language I

Credit(s): 4

This course will introduce basic skills in production and comprehension, including the manual alphabet and numbers, of American Sign Language (ASL) as used by the Deaf community. This course will introduce conversational norms, culturally appropriate behaviors, and use of basic grammar concepts. One hour of laboratory course work is included.

Restriction(s):

Permit Required

ASL 2150C - American Sign Language II

Credit(s): 4

This course will continue to develop emerging receptive and expressive American Sign Language (ASL). This course will describe and demonstrate intermediate grammatical features of ASL. Activities will increase fluency and accuracy of ASL sentences, including use of fingerspelling and numbers. One hour of laboratory course work is included.

Prerequisite(s): ASL 2140C

Restriction(s):

Permit Required

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ASL 2160 - American Sign Language III

Credit(s): 3

This course will reinforce and refine production and comprehension skills in American Sign Language (ASL). A practice-oriented approach with demonstration of advanced grammatical features of ASL focusing on increasing fluency and accuracy of ASL sentences, including mouth morphemes, depicting verbs, and use of space.

Prerequisite(s): ASL 2150C

Restriction(s):

Permit Required

ASL 2220 - American Sign Language IV

Credit(s): 3

This course will continue to develop advanced comprehension and production in American Sign Language (ASL). This course will include advanced non-manual markers, specialized vocabulary, and complex sentence structures through dialogues and narrative discourse.

Course Attribute(s): GCPC - Global Citizens Project Course

Prerequisite(s): ASL 2160

ASL 2300 - Linguistics of ASL

Credit(s): 3

This course will introduce the major linguistic structures of American Sign Language (ASL); focusing on features unique to ASL in the categories of phonology, morphology, syntax, semantics, and pragmatics. This course provides opportunities to analyze ASL texts and apply concepts discussed to ASL production.

Prerequisite(s): ASL 2160

ASL 3005 - History of the Deaf Community

Credit(s): 3

Topics in the history of the Deaf community in the U.S. from the Eighteenth Century to the present,

including language, culture, identities, education, labor, political, eugenics, and organizations.

ASL 3202 - American Sign Language V

Credit(s): 3

This course will continue to hone advanced comprehension and production in American Sign Language (ASL). This course will include complex use and recognition of depicting verbs in specialized contexts and sentence structures through dialogues, narrative discourse, and presentations. One-hour laboratory course work is included.

Prerequisite(s): ASL 2220 with B- or higher

ASL 3324 - ASL Narratives - Analysis Comprehension and Fluency

Credit(s): 3

This course will introduce aspects of American Sign Language critical to the interpreting process. Skills include advanced receptive and expressive fingerspelling, use of space, summarizing and paraphrasing, and analysis of various discourse types.

Prerequisite(s): ASL 2220 with B- or higher, ASL 2300 with B- or higher

ASL 3505 - Advanced Deaf Cultural Studies

Credit(s): 3

Advanced concepts relative to American Deaf culture, including cultural conflicts, tensions, and contradictions. Comprehensive study of the Deaf-World through analysis of historical events, current issues, and expressions of Deaf people themselves.

Prerequisite(s): ASL 3514 with a minimum grade of C-

ASL 3514 - Deaf Culture

Credit(s): 3

This is an introduction to Deaf culture, the emergence of the Deaf community as a linguistic and cultural group, and the history of American Sign Language. Students will study cultural norms, values, and rules of social behavior of the Deaf community.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, GCPC - Global Citizens Project Course, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes), WRIN - Writing Intensive Capstone

UN SDG(s):
SD10 - Reduced Inequality

ASL 3517 - Audism Linguicism and Systems of Oppression

Credit(s): 1
Examines various forms of oppression through a comparative study spanning cultures and communities. Examines parallels between common forms of oppression and forms specific to the Deaf-World.

Prerequisite(s): ASL 2140C with a minimum grade of B-, ASL 2150C with a minimum grade of B-, ASL 2160 with a minimum grade of B-, ASL 2220 with a minimum grade of B-, ASL 2300 with a minimum grade of B-

ASL 4405 - Sign Language Codes

Credit(s): 3
A review of the sign systems (SEE I, SEE II, LOVE, and Signed English) used to code messages through the use of sign. The student will have the opportunity to practice one of the sign systems.

ASL 4435 - Fundamentals of Fingerspelling

Credit(s): 2
A concentrated study of technique in fingerspelling emphasizing clarity and rhythm in expression as well as receptive understanding.

Restriction(s):
Consent of Instructor or Department Permit Required

ASL 4515 - Leadership, Advocacy and Issues in Deaf Studies

Credit(s): 3
This course introduces the student to current issues and topics in the political and advocacy arenas of the American Deaf Community,

including Federal Laws and regulations impacting Deaf and Hard of Hearing children and adults.

Prerequisite(s): ASL 3202 with a minimum grade of C

ASL 4602 - Methods of Teaching American Sign Language

Credit(s): 3
This course introduces students to current theories in curriculum design for teaching American Sign Language (ASL). Instructional methods/materials in second language acquisition and the teaching of ASL included as well.

Prerequisite(s): ASL 2220 with a minimum grade of C-, ASL 2300 with a minimum grade of C-, LIN 4721 with a minimum grade of C-

ASL 4700 - ASL Literature

Credit(s): 3
This course will explore the role of ASL literature (such as visual-spatial stories, plays, poetry, etc.) used and created by culturally Deaf individuals so as to understand its purpose and importance within the Deaf community.

Prerequisite(s): ASL 2140C with a minimum grade of B-, ASL 2150C with a minimum grade of B-, ASL 2160 with a minimum grade of B-, ASL 2220 with a minimum grade of B-, ASL 2300 with a minimum grade of B-

ASN 3012 - Japan Today

Credit(s): 3
Area study courses are multi-disciplinary in nature and deal with one or more countries of a region. Each course combines some measure of political, economic, historical, religious, geographic, anthropological, and sociological analysis in dealing with salient features and current problems.

ASN 3014 - China Today

Credit(s): 3
Area study courses are multi-disciplinary in nature and deal with one or more countries of a region. Each course combines some measure of political, economic, historical, religious, geographic, anthropological, and sociological

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

analysis in dealing with salient features and current problems.

ASN 3030 - The Middle East

Credit(s): 3

Area study courses are multi-disciplinary in nature and deal with one or more countries of a region. Each course combines some measure of political, economic, historical, religious, geographic, anthropological, and sociological analysis in dealing with salient features and current problems.

ASN 3201 - East Asian Cinema

Credit(s): 3

This survey course focuses primarily on recent masterpieces from Japan, mainland China, Hong Kong, Taiwan, and South Korea. We will look at directors, studios, genres, and film movements that leave a lasting mark on film history.

ASN 4414 - Introduction to East Asian Cultures

Credit(s): 3

This course introduces major texts that have contributed to the cultural foundations of Chinese, Japanese and Korean civilizations. We will examine the transformation of East Asian civilizations and their critical importance in the contemporary world.

AST 2002 - Descriptive Astronomy

Credit(s): 3

An introductory and overview of astronomy course. It is designed to introduce a broad range of topics in astronomy that will be discussed in greater detail in more advanced classes.

Course Attribute(s): CANP - Natural Sciences (Physical Science), SGEN - General Education Core Natural Sciences, SMEL - General Education Elective, SMNS - Natural Sciences

AST 2004 - Stellar Astronomy and Cosmology

Credit(s): 3

AST2004 is an introduction and overview of the Stellar astronomy and Cosmology. It is designed to complement AST2003 to give a comprehensive overview of the science of

Astronomy.

Course Attribute(s): CANP - Natural Sciences (Physical Science)

AST 3033 - Contemporary Thinking in Astronomy

Credit(s): 3

Seminar designed to assist the layman, with no scientific background, in comprehending contemporary developments in Astronomy. Necessary background material is provided by the instructor and a text. Topics covered in recent years include the space program, pulsars, x-ray astronomy, black holes, extra-terrestrial life, interacting galaxies, cosmology.

Restriction(s):

Junior Standing
Senior Standing

AST 3044 - Archaeoastronomy

Credit(s): 3

Astronomical concepts and observational techniques used by prehistoric/ancient peoples for detecting change of seasons, constructing calendars, predicting eclipses, etc. Particular attention is given to Stonehenge, and to works of N.A. Indians, the Maya and Aztecs, and the Egyptians. Lec.-Lab.

Restriction(s):

Junior Standing
Senior Standing

AST 3930 - Selected Topics in Astronomy

Credit(s): 1-3

Course content will depend upon the interest of the faculty member and student demand.

AST 4217 - Stellar Astrophysics

Credit(s): 3

An introduction to the physics of stars, including their birth, chemical make-up, interior processes, evolution, and eventual end states. Topics will include the H-R diagram, polytropic models, white dwarfs, neutron stars, black holes, and supernovae.

Prerequisite(s): PHY 3101 with a C- or better

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

AST 4721L - Astrophysics Laboratory

Credit(s): 3

Advanced-level laboratory in astronomy and astrophysics expanding on topics covered in Modern Physics. Experiments include photometry, emission and absorption spectroscopy, speed-of-light measurement, data analysis, and telescope observations.

Prerequisite(s): PHY 3822L with a C- or better
CoPrerequisite(s): PHY 3822L with a minimum grade of C-

ATR 1000 - Introduction to Athletic Training

Credit(s): 3

The purpose of this course is to familiarize students with the field of athletic training and the preparation necessary to become an athletic trainer.

ATR 2010C - Care and Prevention of Physical Injuries

Credit(s): 3

Principles and techniques of conditioning athletes for competition; prevention and care of injuries in physical education and athletic activities.

ATR 3123 - Foundations of Athletic Training

Credit(s): 3

Foundational topics in athletic training including anatomy review as it relates to diagnosis and treatment of athletic injuries. Other topic areas to include pharmacology, environmental issues and other current topics in athletic training.

ATR 3132 - Kinesiology and Pathomechanics

Credit(s): 3

A study of the structure and function of the skeletal and muscular systems and of mechanical principles related to psycho-motor performance. Open to non-majors.

ATR 4504 - Seminar in Sports Medicine

Credit(s): 3

The advanced study, writing, reflection and discussion of current athletic training issues. Emphasis is on professional preparation, scientific inquiry, credentialing, governance, employment practices, ethics, and scope of practice issues.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

Prerequisite(s): ATR 4432.

ATR 4902 - Independent Study in Sports Medicine

Credit(s): 1-3

S/U Only. Specialized independent study determined by the student's needs and interests. Repeatable 1 time.

BCH 3023 - Introductory Biochemistry

Credit(s): 3

Introduction to the chemistry and intermediary metabolism of biologically important substances.

Prerequisite(s): CHM 2211 with a grade of C or better and BSC 2010 with a grade of C or better

Restriction(s):
Permit Required

BCH 3023L - Basic Biochemistry Laboratory

Credit(s): 2

Practical work in determination and characterization of important biomolecules. Lec.-lab.

Prerequisite(s): BCH 3053 or BCH 4033 with a C or better

CoPrerequisite(s): BCH 3053 with a minimum grade of C or BCH 4033 with a minimum grade of C

BCH 3053 - General Biochemistry

Credit(s): 3

This course is a one-semester, introductory course in Biochemistry. This course is open to all majors and strongly recommended for

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Biomedical Science majors. This course is not repeatable for credit.

Prerequisite(s): CHM 2210 with a C or better, and BSC 2010 with a C or better

Other Information: Course is not repeatable.

BCH 4033 - Advanced Biochemistry I

Credit(s): 3

Introduction to the chemistry and intermediary metabolism of biologically important substances.

Prerequisite(s): CHM 2211 with a C or better, and BSC 2010 with a C or better

BCH 4034 - Advanced Biochemistry II

Credit(s): 3

An advanced undergraduate course emphasizing such topics as metabolic regulation, DNA and RNA structure and function, receptors, channels, antibodies, and contraction.

Prerequisite(s): BCH 4033 with a C or better

BME 3053 - Computer Programming for BME

Credit(s): 3

Computer usage in biomedical engineering. Use of computer methods to solve biomedical engineering problems. Solution of linear and nonlinear algebraic and differential equations that arise in biomedical engineering. Optimization methods.

Prerequisite(s): MAC 2283 or MAC 2313 with minimum grade C & PHY 2049 or PHY 2061 with minimum grade C or AP equivalent

CoPrerequisite(s): EGN 3433 with a minimum grade of C or MAP 2302 with a minimum grade of C

Other Information: Field of Study Include: EBI, EPBI

Level Include: Undergraduate

College Include: EN

BME 3082 - Ethics for Biomedical Engineers

Credit(s): 3

This course raises students' awareness about current ethical and professional issues in biomedical engineering. Students develop skills that broaden their perspectives and prepare them to engage in the society through practice in the biomedical field.

Course Attribute(s): CLB - Collaborative Learning, TGEE - Ethical Reasoning and Civic Engagement

CoPrerequisite(s): BME 4056C with a minimum grade of C

BME 3312 - Molecular and Cellular Engineering

Credit(s): 3

This course is designed to convey the basics of biological systems and the roles that engineers play in industrial biology to engineering students (primarily) and to students that are majoring in other sciences.

Prerequisite(s): BSC 2010 minimum grade C or AP equivalent

CoPrerequisite(s): CHM 2210 minimum grade C

Other Information: Field include: EBI
Class include: 3J and 4R

College include: EN

Level include: UG

BME 3632 - Biomedical Transport Process

Credit(s): 3

Introduce principles of momentum, mass and heat transport. Mathematical modeling of transport in one dimension and obtain solutions for fluxes and profiles. To utilize them to obtain engineering quantities.

Prerequisite(s): EGN 3343 with a minimum grade of C and (EGN 3433 with a minimum grade of C or MAP 2302 with a minimum grade of C)

Restriction(s):
Majors Only
Permit Required

BME 4056C - Biomedical Engineering Lab I

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 2

Biomedical instrumentation design, data acquisition, processing and analysis of physiological systems, including cardiovascular, respiratory, nervous and muscular systems.

Prerequisite(s): BME 4503 with a minimum grade of C, BME 4508 with a minimum grade of C

CoPrerequisite(s): EGN 3443 with a minimum grade of C, BME 4409 with a grade of C or better.

Restriction(s):

Majors Only
Permit Required

BME 4057C - Biomedical Engineering Lab II

Credit(s): 2

Experimental design, testing and analysis of molecular, cellular and tissue engineering systems, including biomaterials, biomechanics and fluid transport in biological systems.

Prerequisite(s): BME 4056C with a minimum grade of C, EGN 3443 with a minimum grade of C

CoPrerequisite(s): BME 3312 with a minimum grade of C, BME 3632 with a minimum grade of C

Restriction(s):

Majors Only
Permit Required

BME 4100 - Introduction to Biomedical Engineering

Credit(s): 3

An overview of biomedical engineering, including material and energy balances on human subjects, biomechanics, biomaterials, cellular and tissue engineering, biomedical imaging, neuro-engineering, cardiovascular systems, nanomedicine, drug delivery, engineering ethics, intellectual property and product development.

Prerequisite(s): CHM 2045 minimum grade C or AP equivalent

CoPrerequisite(s): MAC 2281 or MAC 2311 minimum grade C or AP equivalent

Other Information: Field of Study include: EPBI, EBI

Level include: UG

College include: EN

BME 4406 - Engineering of Biological Systems

Credit(s): 3

This course is designed to convey the basics of biological systems and the roles that engineers play in industrial biology to engineering students (primarily) and to students that are majoring in other sciences. Not repeatable for credit. For majors and non-majors.

Prerequisite(s): CHM 2210

BME 4409 - Engineering Physiology

Credit(s): 3

General physiology of nerve, muscle, heart, and lung tissue, along with quantitative models of physiological processes at cell, tissue, and/or system level.

Prerequisite(s): EGN 3433 with a minimum grade of C or MAP 2302 with a minimum grade of C, PHY 2049 with a minimum grade of C or PHY 2061 with a minimum grade of C or Physics C:Elcty/Mgntsm with a minimum score of 4, BSC 2010 with a minimum grade of C

Restriction(s):

Majors Only

BME 4423 - Connectomics

Credit(s): 3

Students will learn the subcellular structure of neurons, their connection patterns (connectome), and methods to analyze the connectome as a graph, and to classify different types of neurons. Students will compare connectomes from the simplest to the most complex.

Prerequisite(s):

BSC 2010 with a grade of "C" or better, and

EGN 3433 with a grade of "C" or better or MAP 2302 with a grade of "C" or better, and

BME 3053 with a grade of "C" or better

BME 4440 - Introduction to Bioastronautics

Credit(s): 3

This course will discuss the space environment,

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

impacts of microgravity on human physiology, countermeasures, human factors in spacesuit and spacecraft design, astronaut training, life support systems, mission planning, and private space flight.

Prerequisite(s): EGN 3343

BME 4503 - Biomedical Instrumentation

Credit(s): 3

Engineering and medical bases of application, measurement and processing of signals to and from living systems. Biomedical transducers for measurements of movement, biopotentials, pressure, flow, concentrations, and temperature are discussed.

CoPrerequisite(s): EGN 3373 with a minimum grade of C

Restriction(s):
Majors Only
Permit Required

BME 4508 - Biomedical Signals and Systems Analysis

Credit(s): 3

Application of analytical methods and computational modelling to the analysis of biochemical, bioelectrical, and biomechanical processes.

Prerequisite(s): EGN 3433 with a minimum grade of C or MAP 2302 with a minimum grade of C, BME 3053 with a minimum grade of C, PHY 2049 with a minimum grade of C or Physics C:Elcty/Mgntsm with a minimum score of 4

Restriction(s):
Majors Only
Permit Required

BME 4509 - Bioelectronics

Credit(s): 3

This course covers bioelectrical phenomena and systems, emphasizing electronics for biomedical applications. The objective is to discuss application-specific electrical systems pertaining to the human body for diagnostics, therapeutics, and advanced in-vivo systems.

Prerequisite(s): None

Corequisite(s): None
CoPrerequisite(s): None

BME 4571 - Nanomedicine

Credit(s): 3

This course will provide a basic knowledge of the principles, technology and applications of nanotechnology in medicine with special emphasis on recombinant DNA technology, protein engineering, drug delivery, biomaterials, MEMs & tissue engineering.

BME 4882 - Biomedical Engineering Design I

Credit(s): 3

Teams work with a client in the development of projects that incorporate various aspects of Biomedical Engineering. Emphasizes formal engineering design principles; engineering ethics, risk analysis, safety in design and FDA regulations are reviewed.

CoPrerequisite(s): BME 4056C with a minimum grade of C or BME 4057C with a minimum grade of C

Restriction(s):
Majors Only
Permit Required

BME 4883C - Biomedical Engineering Design II

Credit(s): 3

Teams work with an industry and/or other clients in the development of projects that incorporate various aspects of Biomedical Engineering. Emphasis is put on formal engineering design principles, ethics, entrepreneurship, and safety.

Course Attribute(s): CST - Capstone, TGEH - High Impact Practice

Prerequisite(s): BME 4882 with a minimum grade of C

Restriction(s):
Majors Only
Permit Required

BME 4914 - Biomedical Engineering Research Experience

Credit(s): 0-3

Supervised research determined by the needs

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

and interests of the student.

Restriction(s):

Majors Only
S-U Grade System

Other Information: Number of Times
Repeatable: 3

BME 4931 - Selected Topics in Biomedical Engineering

Credit(s): 1-3

Selected topics in biomedical engineering, which can include biomechanics, biomedical instrumentation and sensors, tissue and cellular engineering, and clinical engineering and health systems.

BME 4943 - Biomedical Engineering Industry Internship Experience

Credit(s): 0-3

Experiential learning course in engineering and biomedical industries that synergies acquired biomedical engineering theoretical knowledge to practical industry applications. Experience will include direct supervision by the industry and a USF faculty.

Restriction(s):

Majors Only
Permit Required
S-U Grade System

Other Information: Maximum Hours
Repeatable: 3

BOT 3015C - General Botany

Credit(s): 4

A general survey of the plant kingdom. Introduction to plant anatomy, morphology, physiology, genetics, reproduction, classification, evolution and ecology. This course is a combined lecture and lab class. A lab fee will be assessed.

Prerequisite(s): BSC 2010 or BSC 2011, with a minimum grade of C- or better

BOT 3152C - Field Botany

Credit(s): 3

A field course emphasizing Identification and classification of native and naturalized flowering plants of Florida including historical, climatic, and

floristic aspects of plant communities. Fieldwork required. Lecture and Laboratory.

Course Attribute(s): CEL - Community Engaged Learning, TGEH - High Impact Practice

Prerequisite(s): BSC 2011 with a C- or better, BSC 2011L with a C- or better

BOT 3850 - Medical Botany

Credit(s): 3

Study of agents that are produced by plants and that are toxic or psychoactive in human beings or are useful as remedies. Lecture only.

Course Attribute(s): CEL - Community Engaged Learning, TGEE - Ethical Reasoning and Civic Engagement

Prerequisite(s): BSC 2010 with a C- or better, and BSC 2011 with a C- or better, and CHM 2210 with a C- or better

BOT 4184C - Biology of Coastal Plants

Credit(s): 4

A field course in coastal plants with emphasis on ecology and functional morphology. Fieldwork will stress the ecological aspects of plants in the coastal environment of Florida. Fieldwork required. Lecture and Lab.

Prerequisite(s): BOT 3015C with a C- or better

BOT 4404C - Phycology

Credit(s): 4

An introduction to freshwater and marine algae, their classification, distribution and ecology. Lecture and laboratory. This course is a combined lecture and lab class. A lab fee will be assessed.

Prerequisite(s): BSC 2010 or BSC 2011 or BOT 3015C, with a minimum grade of C- or better.

BOT 4714C - Plant Taxonomy

Credit(s): 4

An introduction to plant taxonomy, including the principles and methods of systematic botany and classification. Lab and field exercises provided experience in plant identification. Emphasis on native and introduced plants of peninsular

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Florida.

Prerequisite(s): BSC 2011 with a minimum grade of C

BOT 4851 - Plants and Human Health

Credit(s): 3

This course is a study about the natural history and nature of plant chemical constituents, and about the historic, present, and future roles of plants in human health.

Prerequisite(s): BSC 2010 or BSC 2011 with a C- or better

BSC 1005 - Biological Principles for Non-Majors

Credit(s): 3

A comprehensive introduction to living systems, including the scientific basis of biology, cell structure and function, genetic mechanisms, human anatomy and physiology, and ecological and evolutionary processes.

Course Attribute(s): CANL - Natural Sciences (Life Science), SGEN - General Education Core Natural Sciences, SMEL - General Education Elective, SMNS - Natural Sciences, SPNS - Natural Sciences

BSC 1020 - The Biology of Humans

Credit(s): 3

This non-science majors course deals with the principles and applications of human biology. Topics include: scientific literacy, cell structure and function, anatomy and physiology, genetics, infectious diseases, and biotechnology.

Course Attribute(s): CANL - Natural Sciences (Life Science)

BSC 2010 - Cellular Processes

Credit(s): 3

This course deals with biological systems at the cellular and subcellular levels. Topics include an introduction to biochemistry, cell structure and function, enzymes, respiration, mitosis and meiosis, genetics and gene expression.

Course Attribute(s): CANL - Natural Sciences (Life Science), SGEN - General Education Core Natural Sciences, SMEL - General Education

Elective, SMNS - Natural Sciences, SPNS - Natural Sciences

Prerequisite(s): BSC 2010L with a C- or better (Concurrent: Y)

Corequisite(s): BSC 2010L

BSC 2010L - Cellular Processes Laboratory

Credit(s): 1

Laboratory portion of Biology I Cellular Processes relating to cellular and subcellular structure and function. Mitosis, meiosis, and Mendelian genetics will be stressed.

Prerequisite(s): BSC 2010 with a C- or better (Concurrent: Y)

Corequisite(s): BSC 2010.

BSC 2011 - Biodiversity

Credit(s): 3

Biodiversity is an analysis of biological systems at the organismal level: evolution, speciation, history of life, and ecology.

Course Attribute(s): CANL - Natural Sciences (Life Science), SMEL - General Education Elective, SMNS - Natural Sciences

Prerequisite(s): BSC 2011L with a C- or better (Concurrent: Y)

Corequisite(s): BSC 2011L

BSC 2011L - Biodiversity Laboratory

Credit(s): 1

Laboratory portion of Biology II Diversity relating to organismal structure and function. Microscopy, as well as, plant and animal development will be stressed.

Prerequisite(s): BSC 2011 with a C- or better (Concurrent: Y)

Corequisite(s): BSC 2011.

BSC 2085 - Anatomy and Physiology I for Health Professionals

Credit(s): 3

Introduction to the normal structure, function and selected pathological conditions for physiologic systems. Focus on understanding how the body functions in preparing for careers in nursing or health-related professions.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Course Attribute(s): CANL - Natural Sciences (Life Science), SGEN - General Education Core Natural Sciences, SPNS - Natural Sciences

Corequisite(s): BSC 2085L.

BSC 2085L - Anatomy and Physiology Lab I for Nursing and other Healthcare Professionals

Credit(s): 1

Laboratory exercises and virtual dissections linked to the basic content of Anatomy & Physiology I for Health Professionals.

Corequisite(s): BSC 2085.

BSC 2086 - Anatomy and Physiology II for Nursing and other Healthcare Professionals

Credit(s): 3

Introduction of normal structure, function and selected pathological conditions for physiologic systems. Focus on understanding how the body functions in preparing for careers in nursing or health-related professions.

Course Attribute(s): CANL - Natural Sciences (Life Science)

Prerequisite(s): BSC 2085 and BSC 2085L.

Corequisite(s): BSC 2086L.

BSC 2086L - Anatomy and Physiology Lab II for Nursing and other Healthcare Professionals

Credit(s): 1

Laboratory exercises and virtual dissections linked to the basic content of Anatomy & Physiology II for Health Professionals.

Prerequisite(s): BSC 2085 and BSC 2085L.

Corequisite(s): BSC 2086.

BSC 2093C - Human Anatomy and Physiology I

Credit(s): 4

Basic biochemistry, cell structure and function, tissues, anatomical terminology, anatomy and physiology of the integumentary, skeletal, muscular, and nervous systems. Lecture and

Laboratory.

Prerequisite(s): BSC 2010 with a C- or better, and BSC 2010L with a C- or better, and BSC 2011 with a C- or better, and BSC 2011L with a C- or better, and CHM 2045 with a C- or better

BSC 2094C - Human Anatomy and Physiology II

Credit(s): 4

Anatomy and physiology of the autonomic nervous, endocrine, circulatory, lymphatic, immune, respiratory, digestive, excretory, and reproductive systems. Lecture and Laboratory.

Prerequisite(s): BSC 2093C with a C- or better

BSC 2932 - Selected Topics in Biology

Credit(s): 1-3

The course content will depend on student demand and instructor's interest.

BSC 2933 - Honors Seminar II: Philosophy And Ethics Of Science

Credit(s): 3

Enrollment is limited to department of biology honors students. Introduction to the nature of science. Historical perspectives, modes of reasoning, science vs. Pseudoscience, science as an intellectual process, ethics, and resolving dilemmas.

Prerequisite(s): BSC 2011, BSC 2011L, BSC 2932, CHM 2045.

Restriction(s):

Consent of Instructor or Department

BSC 2934 - Honors Seminar III: Scientific Approaches

Credit(s): 3

The course will begin to familiarize students with the process of conducting scientific research.

Prerequisite(s): BSC 2933

Restriction(s):

Majors Only

Other Information: Department of Biology Honors Students

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

BSC 2938 - Honors Seminar I

Credit(s): 1

Enrollment is limited to Department of Biology Honors students. Course is designed to introduce Honors students to various research fields and current research in the Department. Faculty members present research seminars and discuss their work.

Prerequisite(s): BSC 2010, BSC 2010L & CHM 2045.

Corequisite(s): BSC 2011, BSC 2011L.

BSC 3022 - Biology of Aging

Credit(s): 3

An overview of cellular and molecular aspects of the aging process in human systems will be explored through lecture, discussion and virtual formats. For non-majors.

Prerequisite(s): BSC 1005 or BSC 1020 or BSC 2010 or BSC 2011 or BSC 2085 with a C- or better

BSC 3312 - Marine Biology

Credit(s): 3

A survey of the marine environment, the types of organisms found inhabiting a variety of marine habitats, and the adaptations of the organisms to those habitats. Emphasis is placed on shallow water Florida environments. Lecture only.

Prerequisite(s): BSC 2010 with a C- or better, and BSC 2010L with a C- or better, BSC 2011 with a C- or better, and BSC 2011L with a C- or better, and CHM 2046 with a C- or better

BSC 3368C - Tropical Marine Ecology and Conservation Field Course

Credit(s): 3

This course is a field-intensive experience to give students a better understanding of research and monitoring techniques used by marine biologists, as well as ecological principles relevant to coral reef ecosystems and relevant conservation strategies.

Prerequisite(s): BSC 2011 with a C or better, and BSC 2011L with a C or better

Restriction(s):

Permit Required

BSC 3402L - Experimental Biology Lab

Credit(s): 2

Introduction to the philosophy & methodology of scientific practice by classroom discussion and laboratory as well as field experience. Students learn: philosophical & practical difference between physical/historical science, hypothesis generation/testing, etc.

Prerequisite(s): BSC 2010 or BSC 2011, with a minimum grade of C- or better.

BSC 3453 - Research Methods in Biology

Credit(s): 3

This course utilizes a hands-on, application-oriented approach to enhance student understanding of: framing scientific questions based on scientific literature; experimental design; data analysis; writing technical reports; and presenting seminars.

Prerequisite(s): BSC 2010 and BSC 2010L with a grade of C- or better **OR** BSC 2011 and BSC 2011L with a grade of C- or better, **AND** STA 2023 with a grade of C- or better

BSC 3848 - Scientific Communication

Credit(s): 1

This course will be taken in conjunction with an upper level biology lab course. Students will work on developing and communication research questions and experimental designs with peers in both written and oral formats.

Prerequisite(s): ENC 1101 with a minimum grade of C, and ENC 1102 with a minimum grade of C

Other Information: Number of Times

Repeatable: 3

BSC 4052 - Conservation Biology

Credit(s): 3

This course provides an extensive introduction to current models and empirical study in conservation biology, including substantial hands-on experience with programming methods for study of data and models.

Course Attribute(s): GCPC - Global Citizens Project Course

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): PCB 3043 with a C- or better, and MAC 2241 or MAC 2281 or MAC 2311 with a C- or better

UN SDG(s):

SD06 - Clean Water and Sanitation
SD11 - Sustainable Cities-Communities
SD12 - Responsible Consumption
SD13 - Climate Action
SD14 - Life Below Water
SD15 - Life on Land

BSC 4057 - Environmental Issues

Credit(s): 3

Study of biological, economic, ethical, legal, political and social issues relating to current environmental problems.

Course Attribute(s): EMWP - Major Works and Major Issues, SMCD - Community Engagement & Diversity Pillar

Prerequisite(s): BSC 2011 with a C or better, and BSC 2011L with a C or better

Other Information: Not for major's credit.

BSC 4102 - Knowing Life

Credit(s): 3

In this course, students will investigate how the science of biology works, including how biological knowledge is obtained, how ideas are tested, and the pitfalls of biological investigation.

Course Attribute(s): 6AC - State Communication Requirement, CST - Capstone, TGEH - High Impact Practice

Prerequisite(s): BSC 2010 with a minimum grade of C-, AND BSC 2011 with a minimum grade of C-

BSC 4284 - Symbiosis and the Environment

Credit(s): 3

This course will provide an overview of the diversity of mutualistic symbioses and their critical roles in the natural environment. We will take an integrative approach, spanning ecosystems to molecules, to study these associations.

Prerequisite(s): PCB 3043 with a C- or better

BSC 4313C - Advanced Marine Biology

Credit(s): 4

A detailed analysis of marine environment in the Tampa Bay or surrounding area. Field and laboratory work will provide direct experience with the system.

Prerequisite(s): BSC 3312 with a C- or better

BSC 4315 - Deep Sea Biology

Credit(s): 3

This course explores the evolution, ecology, and physiology of deep-sea organisms, as well as the interconnectedness of deep-sea organisms and ecosystems with the surface ocean.

Prerequisite(s): BSC 3312 with a C- or better

BSC 4333 - Ecology Of Aquatic Vascular Plants

Credit(s): 3

A study of aquatic vascular plants, biological adaptations to aquatic environments, factors influencing community composition, how they influence and are influenced by their habitats; includes a survey of key vascular plant in a wide range of communities.

Prerequisite(s): BSC 2010 or BSC 2011 or BOT 3015C with a C- or better

BSC 4444 - Genomics

Credit(s): 3

We will be using genomic data available from multiple bioinformatics databases to answer an open-ended question fundamental to organismal evolution. The emphasis is to hone scientific inquiry skills in fledgling researchers.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, CST - Capstone, TGEH - High Impact Practice, WRIN - Writing Intensive Capstone

Prerequisite(s): PCB 3063 with a C- or better

BSC 4444L - Genomics Laboratory

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 1

Laboratory exercises linked to the Genomics lecture course.

Prerequisite(s): BSC 4444 with a C- or better (Concurrent: Y)

BSC 4452 - Computational Biology

Credit(s): 3

This course provides a general overview of the data-analytical and theoretical methods, mathematical modeling and computational simulation techniques available to study biological and social systems.

Prerequisite(s): CHM 2046 with a C- or better, and MAC 2242 or MAC 2282 or MAC 2312 with a C- or better, and STA 2023 with a C- or better, and PHY 2049 or PHY 2054 with a C- or better

BSC 4454C - Digital Dinosaurs

Credit(s): 3

Synopsis: This course provides a comprehensive exploration, including some hands-on training, of the cutting-edge digital tools used in paleontology. While the subject matter will focus on dinosaurs, the techniques will be applicable to a variety of disciplines.

Science is increasingly becoming more digital, and this is particularly true for paleontology, the study of ancient life. New digital tools are allowing paleontologists to image, study, share, and interact with fossils in powerful and exciting ways. From unlocking secrets hidden in ancient fossils to bringing dinosaurs "back to life" in 3D form, motion, and even color, these new insights also provide a better understanding of the evolution of living dinosaurs: birds.

Digital Dinosaurs will provide a comprehensive exploration, including some hands-on training, of such cutting-edge hardware and software tools.

Lectures will include the history, theory, and application of these approaches: what did the Beatles have to do with the development of X-ray scanning? How can a piece of cardboard transform a smartphone into virtual reality headgear? And how fast could *Tyrannosaurus rex* actually run? While the subject matter will focus on dinosaurs, the techniques will be applicable to a variety of other STEAM disciplines, from biology and geology to art and architecture. **Labs** will span the entire virtual workflow:

- digital scanning of "analog dinosaurs" (fossils)
- 3D reconstruction and analysis
- visualization approaches, including virtual reality
- the animation techniques (and dinosaurs) used in *Jurassic World*
- rapid prototyping methods such as 3D printing

The "real-world" **exams** will represent the entire scientific pipeline in professional academia: idea/hypothesis generation, research, and proposal writing (**Midterm**), followed by data generation/analysis, publication, and presentation (**Final Project**).

Prerequisite(s): BSC 2011 with a C- or better

BSC 4851 - Biology of Film

Credit(s): 3

This course is designed to be a synthetic capstone experience in biology where students are asked to perform open-ended critical evaluations of cinematic representations of biological phenomena.

Course Attribute(s): CST - Capstone, TGEH - High Impact Practice

Prerequisite(s): BSC 2010 with a minimum grade of C-, BSC 2011 with a minimum grade of C-

Restriction(s):
Senior Standing

BSC 4866 - Restoration Ecology

Credit(s): 3

A lecture/discussion-based course that explores the application of ecological principles to rebuilding of ecosystems; examples from Florida are emphasized.

Prerequisite(s): PCB 3043 with a C- or better

BSC 4905 - Independent Study

Credit(s): 1-3

Specialized independent study determined by the student's needs and interests. The written contract required by the Department of Biology specifies the regulations governing independent

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

study.

Restriction(s):

S-U Grade System

Other Information: May be taken by majors for free elective credit.

BSC 4910 - Undergraduate Research

Credit(s): 1-4

S/U only. Junior standing and 3.0 GPA required. Individual investigation with faculty supervision. Written contract by Department is necessary prior to registration.

CoPrerequisite(s): PCB 3023 or PCB 3043 or PCB 3063 or PCB 3712 and CHM 2211.

BSC 4933 - Selected Topics in Biology

Credit(s): 1-4

The course content will depend on student demand and instructor's interest.

BSC 4935 - Seminar in Cell and Molecular Biology

Credit(s): 1

This seminar course provides opportunity for students to attend and critique departmental seminars and to read, interpret, and critique research papers from the primary literature. These will be done orally and in written assignments.

Prerequisite(s): PCB 3023 with a C- or better, PCB 3063 with a C- or better, MCB 3410 with a C- or better

BSC 4937 - Seminar in Marine Biology

Credit(s): 3

Course focuses on developing the student's understanding of contemporary research in the field of Marine. Background information presented and assigned reading will vary according to instructor.

Prerequisite(s): BSC 3312 with a C- or better and PCB 3043 or PCB 3712 with a C- or better

BSC 4938 - Biology Capstone

Credit(s): 3

This course is intended to provide advanced undergraduates with a "capstone" experience in biology and provides the opportunity to synthesize and apply learning from other courses as they explore a specific topic, which will vary.

Course Attribute(s): 6AC - State Communication Requirement, 6ACM - State Communication Requirement, SMCC - Communication & Critical Thinking Pillar

Restriction(s):

Permit Required

BSC 4940 - Biology Internship

Credit(s): 3

A course to oversee and guide students internship experience. Internship will be coordinated with a mentor external to the course. Students will use an online platform to discuss internship experiences and progress and present results.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

Prerequisite(s): BSC 2010 or BSC 2011 with a C- or better

BUL 3320 - Law And Business I

Credit(s): 3

This course covers the nature of legal and societal institutions and environments, the major aspects of public, private, commercial and business related law including diversity, discrimination law and global dispute resolution.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, GCPC - Global Citizens Project Course, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

UN SDG(s):

SD16 - Peace

BUL 3321 - Law And Business II

Credit(s): 3

Legal problems in marketing of goods, nature of property, sales of personal property, securing of credit granted, nature and use of negotiable instruments.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): BUL 3320.

BUL 4930 - Business Law: Selected Topics

Credit(s): 3

The course content will capture an important current is this legal issue and depend on student demand and available instructor expertise/interest.

Other Information: Course restricted to sophomore level and above.

CAP 4034 - Computer Animation Fundamentals

Credit(s): 3

An introductory course to computer animation. Topics include storyboarding, camera control, hierarchical character modeling, inverse kinematics, keyframing, motion capture, dynamic simulation, and facial animation.

Prerequisite(s): COP 3514

Corequisite(s): COP 4530

CAP 4103 - Mobile Biometrics

Credit(s): 3

Topics include foundations of biometric systems, mobile biometric modalities and features, and adversary attacks.

Prerequisite(s): COP 3514 with a minimum grade of B

Restriction(s):
Majors Only

CAP 4111 - Introduction to Augmented and Virtual Reality

Credit(s): 3

This course introduces students to computer graphics techniques, computer vision techniques, and hardware designs that make augmented and virtual reality systems immersive.

Prerequisite(s): COP 4530 with a minimum grade of C-

Restriction(s):
Majors Only

CAP 4136 - Malware Analysis and Reverse Engineering

Credit(s): 3

This course will introduce students to the technical definition of malware, to the various malware analysis techniques (including reverse engineering of malware), and how to mitigate a malware attack.

Prerequisite(s): COP 3515 with a minimum grade of C-

CAP 4160 - Brain-Computer Interfaces

Credit(s): 3

This course involves the exploration of new forms of Human-Computer Interaction (HCI) based on a passive measurement of neurophysiological states (cognitive and affective). These include measuring cognitive workload and affective engagement. Students will read research papers in several related disciplines (i.e. Neuroscience, Cognitive Psychology, Cognitive Science, Medical BCI, Computational Neuroscience, and others) and present and discuss them in the course. We will explore the uses of non-invasive ubiquitous electroencephalographic (EEG) brain technologies. Also, students will learn the basics of other brain imaging technologies such as near-infrared spectroscopy (fNIRS) and Functional Magnetic Resonance Imaging (fMRI) and how they relate to the field of computing. We will also explore ways to use such measurements as a form of machine control.

Prerequisite(s): COP 3514 with a minimum grade of B

Restriction(s):
Junior Standing
Senior Standing

CAP 4401 - Image Processing Fundamentals

Credit(s): 3

Practical introduction to a range of fundamental image processing algorithms. Extensive programming, with emphasis on image analysis and transformation techniques. Image transformation and manipulation.

Prerequisite(s): COP 4530.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

CAP 4410 - Computer Vision

Credit(s): 3

Introduction to topics such as image formation, segmentation, feature extraction, matching, shape recovery, texture analysis, object recognition, and dynamic scene analysis.

Prerequisite(s): COP 4530.

Credit(s): 3

The concepts and principles of computer processing of natural language, including linguistic phenomena, formal methods, and applications.

Prerequisite(s): COP 4530 with a minimum grade of C-

Restriction(s):
Majors Only

CAP 4621 - Introduction to Artificial Intelligence

Credit(s): 3

Introduction to Artificial Intelligence covers basic concepts, tools, and techniques used to produce artificial intelligence. Basic machine learning concepts. Use of different software tools for searching, reasoning and learning.

Prerequisite(s): COP 4530 with a minimum grade of C-

CAP 4662 - Introduction to Robotics

Credit(s): 3

An introduction to the fundamentals of robotics. Students will learn the fundamentals of robotics including kinematics, inverse kinematics, Jacobian, velocity, configuration space, motion planning, and path planning algorithms.

Prerequisite(s): COP 4530, EGN 4450

CAP 4628 - Affective Computing

Credit(s): 3

The study of systems that can recognize, interpret, process, and simulate human affect. Topics may include physiology of emotion, lie detection, wearable devices, music, gaming, and ethical concerns associated with affective computing.

Prerequisite(s): COP 4530 with a minimum grade of C

CAP 4744 - Interactive Data Visualization

Credit(s): 3

This course introduces the techniques used for developing effective visual analysis tools. The course covers principles from perception and design, and the algorithms used in visualizing a broad range of data types.

Prerequisite(s): COP 4530 with a minimum grade of C-

Restriction(s):
Majors Only

CAP 4637 - Automated Reasoning and Theorem Proving

Credit(s): 3

This course covers the principles of automated reasoning/mechanical theorem proving. Topics to be covered include propositional logic, predicate logic, skolem standard forms, various resolution principles and methods, and non-classical logics.

Prerequisite(s): COP 4530 with a minimum grade of C-

Restriction(s):
Majors Only

CAP 4773 - Social Media Mining

Credit(s): 3

This course introduces useful techniques to model, analyze, and understand large-scale social media, with focus on social network analysis, user modeling, bot detection, and dynamical processes over social and information networks.

Prerequisite(s): COP 4530 with a minimum grade of C-, CDA 3201 with a minimum grade of C-

Restriction(s):
Majors Only

CAP 4641 - Natural Language Processing

CAP 4790 - Data and Security Analytics

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

The course provides a detailed understanding of Data as a valuable asset of the organization and the need to secure it. Data also requires analytics to provide insights into trends and context of technical, economic, and social and environments.

CBH 4004 - Comparative Psychology

Credit(s): 3

The study of the evolution of behavior, similarities, and differences in capacities for environmental adjustment and for behavioral organization among important types of living beings.

Prerequisite(s): PSY 2012 with a C or better

CCE 4031 - Construction Management

Credit(s): 3

Fundamentals of construction management. Topics include: general definitions, organizational roles, types of contracts, analysis of labor and equipment, cost estimating, contractor cash flow analysis, planning and scheduling, project control, construction administration, quality and safety management, and use of computer software in construction management.

Prerequisite(s): EGN 3613C.

CCJ 3014 - Crime and Justice in America

Credit(s): 3

This course is a non-technical survey of the nature of crime in the United States and the ways in which our society seeks to deal with juvenile and adult offenders and victims of crime.

Course Attribute(s): CASB - Social & Behavioral Sciences

CCJ 3024 - Survey of the Criminal Justice System

Credit(s): 3

An introduction to the structure and operation of law enforcement, prosecution, the courts, and corrections. Also includes brief coverage of major reported crimes.

CCJ 3026 - Crime and Social Justice

Credit(s): 3

This experiential learning course examines the concepts of justice, conflict, social change and movement theories with regard to crime and criminal justice reform. Topics covered will include intersectionality and crime, critical race theory, feminist theory, police community relations, immigration and crime, miscarriages of justice, systems of oppression, activism, advocacy, grassroots movements, and political resistance mobilization.

CCJ 3058 - Professionalism in Criminology and Criminal Justice

Credit(s): 3

This course explores the essential characteristics of a criminal justice professional and makes use of reflection and self-awareness to demonstrate the importance of communication, critical thinking, conflict management skills.

Course Attribute(s): CST - Capstone, TGEH - High Impact Practice

Prerequisite(s): CCJ 3024 with a minimum grade of C-, CCJ 3117 with a minimum grade of C

Restriction(s):

Junior Standing
Majors Only
Senior Standing

CCJ 3075 - Introduction to Cybercrime

Credit(s): 3

This course provides an introduction to cybercrime. Topics include the various types of cybercrimes, theories used to understand cybercrime, cybercrime offenders and victims, and the best practices for preventing cybercrime.

CCJ 3081 - Combating Cybercrime

Credit(s): 3

Cybercrime has been with us since the advent of the computer. However, as our reliance on computers and Internet of Things (IoT) has grown, the amount of cyber-related crime and malfeasance has grown exponentially. Computers have allowed criminals to "scale-up" their reach and the consequences and financial gains of their plunders. Accordingly, every state

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

and the federal government have enacted laws prohibiting unauthorized use of computers, and in recent years, governments have tried to harmonize these laws internationally.

CCJ 3083 - Cyber Violence

Credit(s): 3

This course explores current and emerging issues in cyberviolence, such as cyberbullying, harassment, image-based abuse, crimes against children, deviant subcultures and cyber terrorism.

CCJ 3117 - Theories of Criminal Behavior

Credit(s): 3

Provides a basic understanding of the complex factors related to crime, with concentration on principal theoretical approaches to the explanation of crime.

Restriction(s):

Junior Standing

CCJ 3120 - Hate Crime

Credit(s): 3

Crimes motivated by animus towards a specific group are not new, and at times, these crimes have even been committed with government approval. However, in the past several decades, the public, media, and law enforcement have focused on hate crime. We will examine the causes and consequences of hate crimes and the social contexts they occur. We will also critically examine the official response.

CCJ 3336 - Prisoner Reentry and Recidivism: When Inmates Come Home

Credit(s): 3

Students will study prisoner reentry and recidivism in the U.S. by working with local organizations to understand the challenges facing ex-inmates and assist those attempting to combat these challenges and ease an ex-inmate's reintegration into society.

Course Attribute(s): SMCD - Community Engagement & Diversity Pillar

CCJ 3621 - Patterns of Criminal Behavior

Credit(s): 3

Reviews the nature and extent of the crime problem. The course will concentrate on major patterns of offender behavior including crimes against the person, property crimes, violent crimes, economic/white collar offense, syndicated (organized) crimes, consensual crimes, female crime, political crime, and will examine criminal career data.

Restriction(s):

Junior Standing

CCJ 3623 - Violence

Credit(s): 3

This course addresses the issue of violence in society from abroad, critical theory, and multi-disciplinary perspective. The course considers mainly "street type" violence as defined by criminal laws. It also considers other forms of violence: terrorism, gangs, genocide, corporate violence, etc. We will look at correlates of violence: location, age, gender, inequality, socioeconomic status, race, education, and triggering factors.

CCJ 3632 - Serial Killers

Credit(s): 3

This course provides an in-depth, scholarly examination of serial murderers and their victims. Supported by extensive data and research, some of the most prominent murderers of our time, addressing the highest-profile serial killer type--the sexual predator--as well as a wide variety of other types (male, female, team, healthcare, and serial killers from outside the U.S.) will be examined.

CCJ 3644 - White Collar Crime

Credit(s): 3

This course is designed to introduce you to the topic of white-collar crime, including crime that is committed in or by corporate and other types of organizational entities.

CCJ 3666 - Victimology

Credit(s): 3

This course examines the field of Victimology. It covers the victim's role in the criminal justice process, patterns and theories of victimology, victim-offender relationships and victims' rights.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

CCJ 3701 - Research Methods in Criminal Justice I

Credit(s): 3

Introduces the student to some of the fundamentals of knowledge-generating processes in criminal justice.

Prerequisite(s): a grade of C or better (a grade of C- is not acceptable) in CCJ 3117

Restriction(s):

Junior Standing

CCJ 3718 - Applied Statistics in Crime

Credit(s): 3

This course is designed as a beginning undergraduate level statistics course for criminology majors. In addition to learning how and when to apply appropriate statistical tests, students will learn a number of basic statistical concepts. Majors Only.

CCJ 4072 - Introduction to Crime Mapping with ArcGIS

Credit(s): 3

This course is designed to cover the basic concepts and applications of mapping with ArcGIS to explore or explain crime or crime-related issues or outcomes.

CCJ 4224 - Miscarriages of Justice

Credit(s): 3

To provide a critical examination of the current functioning of the American criminal justice system and to discuss how procedures used by police, prosecutors, defense attorneys, judges, and corrections agents potentially produce miscarriages of justice.

CCJ 4361 - Death Penalty

Credit(s): 3

The primary purpose of this class is to provide a critical examination of capital punishment in the United States. It will also delve into the key dimensions of the death penalty debate and justifications for the death penalty and arguments for abolition.

CCJ 4450 - Criminal Justice Administration

Credit(s): 3

This course is designed to provide an in-depth examination of both the practical and theoretical aspects of the administration of criminal justice agencies. The major focus will be on law enforcement and correctional agencies.

Restriction(s):

Junior Standing

CCJ 4487 - Ethics and the Criminal Justice System

Credit(s): 3

Ethics applied to issues in policing, courts, and investigations.

CCJ 4604 - Abnormal Behavior and Criminality

Credit(s): 3

A systematic introduction to the relationship between mental illness and criminality, with focus on psychiatric labeling of deviant behavior and its implications for the handling of the criminal offender.

Restriction(s):

Junior Standing

CCJ 4613 - Forensic Psychology

Credit(s): 3

An upper-level course designed to provide students with an overview of the interdisciplinary field of psychology and law. The course explores how the disciplines of psychology and law can benefit from an exchange of ideas, and thus improve both fields.

CCJ 4651 - Drugs and Crime

Credit(s): 3

An in-depth examination of the relationship between mind-altering substances (both legal and illegal) and crime in our society. Topics include the legalization debate, organized crime drug cartels, and the relationship between legality and dangerousness.

Course Attribute(s): 6AC - State

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Communication Requirement, TGEI - Information and Data Literacy

CCJ 4662 - Race and Crime

Credit(s): 3

The course focuses on race (racial bias, racial inferiority, cultural norms and adaptations) and social class (structural deficiencies, economic deprivation, economic exploitation, social capital) as they relate to one another, crime and life in general.

CCJ 4670 - Women and Crime

Credit(s): 3

This course is designed to provide an overview of the roles of women in society and how those roles affect the treatment of women in the criminal justice system as victims, offenders, and employees.

CCJ 4681 - Domestic Violence

Credit(s): 3

This course is designed to examine the criminal justice systems response to domestic violence by focusing on the interactions between battered persons and the individual components of the criminal justice system.

CCJ 4690 - Sex Offenders

Credit(s): 3

This course is designed to cultivate a psychological, criminological, and legal understanding of sex crimes and sex offenders. This course will provide an overview of current theoretical and clinical issues related to sexual offenders and sexual offenses.

CCJ 4794 - Environmental Criminology

Credit(s): 3

This course is designed to explore issues related to the crime hot spots and the relationship between crime hot spots and environmental factors.

CCJ 4900 - Directed Readings

Credit(s): 1-3

(a) Students wishing to enroll must make

arrangements with a faculty member during the semester prior to actually taking the course.(b) A minimum of four 4 CCJ courses must have been completed satisfactorily prior to enrollment.(c) First consideration will be given to Criminology majors.(d) Individual faculty members may add additional requirements at their discretion. No more than six hours of CCJ 4900, CCJ 4910 or any combination of the two will be accepted toward the minimum number of hours required for the major. This course is specifically designed to enable advanced students the opportunity to do in-depth independent work in the area of criminal justice. Each student will be under the close supervision of a faculty member of the program.

Restriction(s):

Junior Standing
S-U Grade System

CCJ 4910 - Directed Research

Credit(s): 1-3

(a) Students wishing to enroll must make arrangements with a faculty member during the semester prior to actually taking the course.(b) A minimum of four 4 CCJ courses must have been completed satisfactorily prior to enrollment.(c) First consideration will be given to Criminology majors.(d) Individual faculty members may add additional requirements at their discretion. No more than six hours of CCJ 4900, CCJ 4910 or any combination of the two will be accepted toward the minimum number of hours required for the major. This course is designed to provide students with a research experience in which they will work closely with faculty on the development and implementation of research projects in the area of criminal justice.

Prerequisite(s): A minimum of four 4 CCJ courses must have been completed satisfactorily prior to enrollment.

Restriction(s):

Junior Standing
S-U Grade System

CCJ 4930 - Critical Issues in Policing

Credit(s): 3

Focuses on some of the most critical issues in law enforcement today including: understanding and controlling police use of deadly force; police deviance; police prejudice and discrimination; violence-prone police officers; substance abuse by police officers; and administrative review of alleged police brutality.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Restriction(s):

Junior Standing

CCJ 4933 - Selected Topics in Criminology

Credit(s): 3

Lecture course. Topic varies and is designed to address a wide variety of issues in criminology and criminal justice. Open to non-majors with CI.

Restriction(s):

Junior Standing

CCJ 4934 - Seminar in Criminology

Credit(s): 3

These variable topic seminars are used for the in-depth study and discussion of the relationships among culture, gender, ethics, age, society, and criminal behavior. Such examinations may include the options the criminal justice does (or does not) have to deal with these interactions, and the ethics and efficacy of the system's response. Open to non-majors with CI.

Course Attribute(s): 6AC - State

Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, CPST - Capstone Learning Experience, EMWP - Major Works and Major Issues

Prerequisite(s): a grade of C or better (a grade of C- is not acceptable) in CCJ 3701.

Restriction(s):

Senior Standing

CCJ 4939 - Senior Capstone Seminar

Credit(s): 3

This course is designed to provide students with the opportunity to demonstrate their understanding of the American criminal justice system and crime theories, and show competency in research methods, critical thinking, and scholarly writing.

Course Attribute(s): 6AC - State

Communication Requirement, 6ACM - State Communication Requirement, SMCC - Communication & Critical Thinking Pillar

Prerequisite(s): CCJ 3024, CCJ 3117, CCJ 3701.

CCJ 4940 - Internship for Criminal Justice Majors

Credit(s): 3

The internship will consist of placement with one or more of the agencies comprising the criminal justice system. This course will enable the students to gain meaningful field experience related to their future careers. The three-hour block of credit will require a minimum of ten hours of work per week during a fall or spring term, fifteen hours per week in summer, within the host agencies in addition to any written work or reading assignments. See requirements for the B.A. degree in Criminology for the number of hours required.

Prerequisite(s): A minimum of 12 hours in the major.

Restriction(s):

S-U Grade System
Senior Standing

Other Information: No more than 9 hours of CCJ 4940 will be accepted toward the elective hours required for the major.

CJE 3213 - Digital Forensics

Credit(s): 3

The purpose of this course is to introduce students to the study of digital forensics. Students will be provided with a review of the tools and techniques of forensic examination as well as the nature and patterns of behavior of those who commit such crimes. An overview of the major analytical apparatus and artifacts will be presented as well as how different cyberattacks, exploits, and intrusions are carried out.

CDA 3103 - Computer Organization

Credit(s): 3

Introduction to computer hardware, logic elements and Boolean algebra, computer arithmetic, the central processing unit, assembly language programming, input/output, and memory.

Prerequisite(s): COP 2510 min Grade B and DPR

Restriction(s):

Consent of Instructor or Department

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

CDA 3201 - Computer Logic and Design

Credit(s): 3

CSE and EE majors. Others by special permission. Advanced coverage of Boolean Algebra, introduction to minimization of combinational logic circuits, analysis and synthesis of sequential circuits, testing of logic circuits and programmable logic devices.

Prerequisite(s): CDA 3103 (grade of B or better) and COP 3514 (grade of B or better)

Corequisite(s): CDA 3201L

Restriction(s):

Consent of Instructor or Department Majors Only

CDA 3201L - Computer Logic and Design Lab

Credit(s): 1

Laboratory component of the Computer Logic and Design class.

Corequisite(s): CDA 3201

CDA 4203 - Computer System Design

Credit(s): 3

Design Methods, Top-Down design, Building Blocks, Instruction and addressing models, minicomputer design, interfacing.

Prerequisite(s): CDA 3201, CDA 3201L.

CDA 4203L - Computer System Design Lab

Credit(s): 1

This lab introduces the student to the concept of system design. Several projects are given including building timing circuits, memory-based and communication circuits, and microcomputer-based designs.

Corequisite(s): CDA 4203.

CDA 4205 - Computer Architecture

Credit(s): 3

Principles of the design of computer systems, processors, memories, and switches. Consideration of the register transfer representation of a computer, ALU's and their

implementation, control units, memory and I/O, and the hardware support of operation systems.

Prerequisite(s): CDA 3201, CDA 3201L.

Corequisite(s): CDA 4205L

CDA 4205L - Computer Architecture Lab

Credit(s): 1

Laboratory component of the Computer Architecture class.

Prerequisite(s): CDA 3201 with a minimum grade of C-

Corequisite(s): CDA 4205

Restriction(s):

Majors Only

CDA 4213 - CMOS-VLSI Design

Credit(s): 3

Covers analysis and design of CMOS processing technology, CMOS logic and circuit design, layout timing and delay, and power and thermal issues. CMOS transistor theory. VLSI system design, case studies and rapid prototype chip design.

Prerequisite(s): CDA 3201, CDA 3201L.

CDA 4213L - CMOS-VLSI Design Lab

Credit(s): 1

Scalable CMOS layout design, circuit extraction, transistor-level and lay-out level simulation, SPICE parameters/modeling, transistor sizing, standard and macro-cell based layout, static/dynamic CMOS, combinational/sequential block layout, memory I/O design.

Prerequisite(s): CDA 3201, CDA 3201L

Corequisite(s): CDA 4213.

CDA 4253 - Field Programmable Gate Array System Design and Analysis

Credit(s): 3

Covers analysis and design of digital systems using VHDL simulation. Provides experience with field programmable logic gates and gate arrays. Introduces the requirements for field programmable systems; testing of circuitry, and analysis of system design.

Prerequisite(s): CDA 3201, CDA 3201L.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

CDA 4321 - Cryptographic Hardware and Embedded Systems

Credit(s): 3

Efficient hardware implementation of cryptographic algorithms is presented to meet the performance and cost requirements of computing platforms from handheld to server-level computers. Cryptographic implementation attacks and countermeasures are covered.

Prerequisite(s): CDA 3201 with a minimum grade of C-

CDA 4322 - Principles of Secure Hardware Design

Credit(s): 3

This course introduces the fundamentals of hardware security for integrated circuits, intellectual property, and reconfigurable devices, including hardware security primitives, Trojans, physical and side-channel attacks, and emerging countermeasures.

Prerequisite(s): CDA 3201 with a minimum grade of C, CDA 3201L with a minimum grade of C

Restriction(s):
Majors Only

CDA 4323 - Practical Hardware Security

Credit(s): 3

This course introduces practical aspects of hardware security for integrated circuits and reconfigurable hardware, with hands-on assignments introducing physical, side channel, and system-level attacks and countermeasures.

Prerequisite(s): CDA 3201 with a minimum grade of C, CDA 3201L with a minimum grade of C

CDA 4622 - Introduction to Mobile Robotics for Information Technology

Credit(s): 3

Introduction to mobile robot systems covering aspects that include robot architectures, sensors, actuators, control and behavior. Students will learn and experience mobile robot systems using either Physical Robots or Simulated Robots.

Prerequisite(s): COP 2512

CDA 4623 - Advanced Mobile Robotics for Information Technology

Credit(s): 3

The course gives an overview of advanced mobile robotic systems covering aspects that include path planning and collision avoidance. Additional themes may vary such as collaboration and competition in multiple Physical or Simulated robots.

Prerequisite(s): CDA 4622

CEG 4011 - Geotechnical Engineering I

Credit(s): 3

Fundamental and experimental concepts in soil mechanics with emphasis on soil properties, soil moisture, soil structure, and shearing strength.

Prerequisite(s): EGN 3353, EGN 3331.

CEG 4011L - Geotechnical Engineering Laboratory

Credit(s): 1

Demonstrates and experiments verifying theoretical bases of Geotechnical Engineering.

CoPrerequisite(s): CEG 4011 with a minimum grade of C-

Restriction(s):
Permit Required

CEG 4012 - Geotechnical Engineering II

Credit(s): 3

Design of retaining walls, earth slopes, foundations to control settlement, soil stabilization and foundations subjected to dynamic loads. Computer applications to soil mechanics will be covered.

Prerequisite(s): CEG 4011.

CEG 4850 - Capstone Geotechnical/Transportation Design

Credit(s): 3

A capstone geotechnical/transportation design experience for seniors in Civil and Environmental Engineering. Design of embankment and

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

pavement bases. Comprehensive surface streets, open highway intersection and site design, plan preparation.

Course Attribute(s): CPST - Capstone Learning Experience, CST - Capstone, TGEH - High Impact Practice

Prerequisite(s): CEG 4011, TTE 4004. CR: CEG 4012, CGN 4851, TTE 4005

CEN 3722 - Human Computer Interfaces for Information Technology

Credit(s): 3

The basics of HCI in terms of psychology, computers, and their integration into design and practice are discussed. A life-cycle development framework is presented where user needs, functionality, interaction, and usability are taken into account.

Prerequisite(s): COP 3515

CEN 4020 - Software Engineering

Credit(s): 3

An overview of software engineering techniques for producing high quality software. Student will participate in a software development team.

Course Attribute(s): CST - Capstone, TGEH - High Impact Practice

Prerequisite(s): COP 4530 with a minimum grade of C-

CEN 4072 - Software Testing

Credit(s): 3

The course provides the fundamental principles and tools for testing and validating large-scale software systems. The course is open to majors as well as non-majors.

Prerequisite(s): COP 2510, COP 4530.

CEN 4360 - Mobile Applications Development for IT

Credit(s): 3

The development architecture for mobile apps is presented as are a number of development tools. Students design and implement mobile apps of varying complexity with a focus on the project

development process.

Prerequisite(s): COP 3515

CES 3102 - Structures I

Credit(s): 3

Analysis of simple structural systems, both determinate and indeterminate. Moment area theorems; influence lines; introduction to steel design.

Prerequisite(s): EGN 3331

CES 4605 - Concepts of Steel Design

Credit(s): 3

Introduction to steel design and AISC Manual of Steel Construction: Design of tension members; compression members; beams; beam columns; and bolted, welded, and riveted connections.

Prerequisite(s): CES 3102.

CES 4702 - Concepts of Concrete Design

Credit(s): 3

Introduction to concrete design and the ACI Building Code Requirements for reinforced concrete: Design of flexural reinforcement in beams and slabs, design of shear reinforcement, design of concrete columns.

Prerequisite(s): CES 3102.

CES 4704 - Capstone Structural/Materials Design

Credit(s): 3

A Capstone Materials design experience for seniors in Civil and Environmental Engineering. This course will provide students with a focused design experience aimed to design for durability and reliability.

Prerequisite(s): EGN 3365, CES 4605, CES 4702.

CES 4750 - Capstone Structural/Geotechnical/ Material Design

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

A capstone structural/ geotechnical/ materials design experience for seniors in Civil and Environmental Engineering. Design of structures and foundations made of steel and reinforced concrete.

Course Attribute(s): CPST - Capstone Learning Experience, CST - Capstone, TGEH - High Impact Practice

Prerequisite(s): EGN 3365, CES 4605, CES 4702, CEG 4011

CoPrerequisite(s): CGN 4851, CEG 4012 or TTE 4005.

CGN 3021L - Civil Engineering Laboratory

Credit(s): 3

Performance of experiments to reinforce principles of hydraulics, materials engineering and transportation engineering.

CoPrerequisite(s): CWR 4202 with a minimum grade of C-, EGN 3365 with a minimum grade of C-, TTE 4004 with a minimum grade of C-

Restriction(s):

Permit Required

CGN 4122 - Professional and Ethical Issues in Engineering

Credit(s): 3

The ethical, legal and other professional responsibilities of engineers to society, their clients, and the profession. Prepares a student for public lives as a citizen, community member, and practitioner. Includes preparation of contracts and specifications and the ethics of engineer client agreements.

Course Attribute(s): CEL - Community Engaged Learning, GCPC - Global Citizens Project Course, TGEE - Ethical Reasoning and Civic Engagement

UN SDG(s):

SD03 - Good Health and Well-being
SD04 - Quality Education
SD05 - Gender Equality
SD06 - Clean Water and Sanitation

SD09 - Industry

SD10 - Reduced Inequality
SD11 - Sustainable Cities-Communities
SD12 - Responsible Consumpt
SD16 - Peace
SD17 - Partnerships

CGN 4851 - Concrete Construction Materials

Credit(s): 3

Classifications and production of cements. Design and testing of concrete mixes to produce desired properties.

Prerequisite(s): EGN 3365

CGN 4905 - Independent Study

Credit(s): 1-5

Specialized independent study determined by the students' needs and interests.

Restriction(s):

S-U Grade System

CGN 4933 - Special Topics in Civil and Environmental Engineering

Credit(s): 1-3

New technical topics of interest to civil engineering students.

CGS 1540 - Introduction to Databases for Information Technology

Credit(s): 3

An introduction to databases, their uses, design, and implementation with IT applications. Query languages, data organization, and modeling are covered. The course emphasizes standard practices for managing information.

CGS 2060 - Introduction to Computers and Computer Programming

Credit(s): 3

Introduction to computer programming using a modern high-level language and the application of computational methods to problem solving. Overview of computer systems and their application and role in society.

Course Attribute(s): 6AM - State Computation

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Requirement, 6AMT - Gordon Computation
Requirement, 6AMT - State Computation
Requirement, CAQR - Quantitative Reasoning

Restriction(s):
Majors Only

Other Information: No credit for Engineering Majors.

Other Information: IT program

CGS 2100 - Computers in Business

Credit(s): 3

A study of the use and impact of computers in all areas of business organizations. Course includes hands-on experience and the use of software packages for business analysis.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, TGEI - Information and Data Literacy

CGS 3374C - Architecture & Operating Systems

Credit(s): 3

The course provides a comprehensive and integrated understanding of computer functions. It combines both computer hardware organization and supporting operating systems structures to enhance the students' problem solving skills.

Prerequisite(s): CGS 3373 with a minimum grade of C-

CGS 3303 - IT Concepts

Credit(s): 3

Elements of computers are discussed. Core areas of IT are introduced: human computer interaction, information management, networking, system administration and maintenance, system integration and architecture, and web systems and technologies.

Prerequisite(s): CGS 1540

CGS 3850 - Web Development: JavaScript & jQuery

Credit(s): 3

JavaScript is used to develop interactive Web pages/sites. OO language, with its dynamic functionality, is quickly inserted into a Web page. Used on WWW it is the most popular programming language worldwide & is the basis for the jQuery Library.

Prerequisite(s): CGS 3853.

CGS 3343 - Health Information Systems for Information Technology

Credit(s): 3

Overview of information systems used in health care industry; processes used in the acquisition, application and evaluation of software and hardware systems along with effective use and capturing of data as well as the related HIPAA and security issues.

Prerequisite(s): CGS 1540

CGS 3853 - Web Systems for IT

Credit(s): 3

Examines how web sites are developed. Focus on client-side and server-side scripting including HTML, JavaScript, and CSS. A substantial project requiring the design and implementation of an online web site is required.

Prerequisite(s): CEN 3722

CGS 3373C - Data Networking & Communications

Credit(s): 3

The course is a breadth-first view of computing technology fundamentals & networking concepts. Major concepts are presented so as to make clear the "big picture" of the discipline. Course is one of several that form the foundation of the BSIT degree.

CGS 4857 - Android Web Applications (w/HTML5, CSS3, JavaScript)

Credit(s): 3

A mobile web application is one built with core client web technologies. Students will learn to develop designs for mobile devices; these will also work as desktop web apps if the browser uses the same versions of technologies (HTML5, CSS3, JavaScript).

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): CGS 3853, CGS 3850, CGS 4856.

CHI 1100 - Practical Chinese

Credit(s): 1-3

This course is an introductory course in Practical Chinese. It is designed for students with various levels of proficiency

CHI 1120 - Modern Chinese I

Credit(s): 4

Mandarin. An intensive study of basic skills: pronunciation, listening, comprehension, speaking, and some composition.

CHI 1121 - Modern Chinese II

Credit(s): 4

A continuation of CHI 1120. More sophisticated oral/aural skills are attained. Basic reading skills are acquired.

Prerequisite(s): C- or better in CHI 1120

CHI 1955 - Overseas Study in China

Credit(s): 1-6

Intensive study of Chinese language in China involving classroom instruction and cultural excursions conducted in Chinese. Must be enrolled in Tier I of the USF Chinese Learning in the Culture program in Qingdao. Students from other institutions eligible.

Restriction(s):

Consent of Instructor or Department

CHI 2220 - Modern Chinese III

Credit(s): 4

For language students who intend to attain basic proficiency.

Prerequisite(s): C- or better in CHI 1121

CHI 2221 - Modern Chinese IV

Credit(s): 4

Practice of writing, speaking and listening skills for language students who intend to attain basic proficiency.

Prerequisite(s): C- or better in CHI 2220
Other Information: Continuation of CHI 2220.

CHI 3241 - Advanced Chinese Conversation I

Credit(s): 3

This is the first of a two-course sequence in advanced spoken Mandarin Chinese at the third-year level. Particular emphasis is placed on student performance in commonly encountered contexts in Chinese culture, both formal and informal.

Prerequisite(s): C- or better in CHI 2221

CHI 3242 - Advanced Chinese Conversation II

Credit(s): 3

This is the second of a two-course sequence in advanced spoken Mandarin Chinese at the third-year level. Particular emphasis is placed on student performance in commonly encountered contexts in Chinese culture, both formal and informal.

Prerequisite(s): C- or better in CHI 3241

CHI 4443 - Networking in China and America

Credit(s): 3

Intensive study of Chinese language and culture at the upper division. Focus on interaction skills necessary to interact in business and professional settings.

Prerequisite(s): CHI 2221 with a grade of C- or better

CHI 4905 - Directed Study

Credit(s): 1-5

Permits study options in Modern Chinese not available in the regularly scheduled curriculum at departmental discretion.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 1-3

Varied topics.

CHM 2020 - Chemistry for Liberal Studies I

Credit(s): 3

This course is designed for liberal arts students to learn basic chemical principles. Students will learn about reactions, energy and the scientific method. The course will have an emphasis on the chemistry of global climate change.

Course Attribute(s): CANP - Natural Sciences (Physical Science), SGEN - General Education Core Natural Sciences, SMEL - General Education Elective, SMNS - Natural Sciences, SPNS - Natural Sciences

CHM 2023 - Chemistry for Today

Credit(s): 3

An introduction to the principles and applications of modern chemistry including the properties of matter, structural view of matter and reactions, quantitative relations in chemical reactions, technological aspects and societal impact.

Other Information: No credit for science majors.

CHM 2045 - General Chemistry I

Credit(s): 3

Principles and applications of chemistry including properties of substances and reactions, thermochemistry, atomic-molecular structure and bonding, periodic properties of elements and compounds.

Course Attribute(s): CANP - Natural Sciences (Physical Science), SGEN - General Education Core Natural Sciences, SMEL - General Education Elective, SMNS - Natural Sciences, SPNS - Natural Sciences

Prerequisite(s): MAC 1105 or higher with a C or better and one-year High School Chemistry

CHM 2045L - General Chemistry I Laboratory

Credit(s): 1

Laboratory portion of General Chemistry I. Introduction to laboratory techniques; study of properties of elements and compounds; synthesis and analysis of natural and commercial

materials.

Prerequisite(s): CHM 2045 with a C or better or CHS 2440 with a C or better (Concurrent: Y)
CoPrerequisite(s): CHM 2045.

CHM 2046 - General Chemistry II

Credit(s): 3

Principles and applications of chemistry including solutions, chemical thermodynamics, kinetics, equilibria, aqueous chemistry, electrochemistry, and nuclear chemistry.

Course Attribute(s): CANP - Natural Sciences (Physical Science), SMEL - General Education Elective, SMNS - Natural Sciences

Prerequisite(s): CHM 2045 or CHS 2440 with a C or better

CHM 2046L - General Chemistry II Laboratory

Credit(s): 1

Laboratory portion of General Chemistry II. Continuation of chemistry laboratory.

Prerequisite(s): CHM 2045L or CHS 2440L with a C or better and CHM 2046 (Concurrent: Y)
CoPrerequisite(s): CHM 2046 with a minimum grade of C

CHM 2210 - Organic Chemistry I

Credit(s): 3

Fundamental principles of organic chemistry. Lecture.

Prerequisite(s): CHM 2046 with a C or better.

CHM 2210L - Organic Chemistry Laboratory I

Credit(s): 2

Laboratory portion of Organic Chemistry I. Introduction of organic laboratory principles and techniques. Lec.-lab.

Course Attribute(s): GCPC - Global Citizens Project Course

Prerequisite(s): CHM 2046L with a C or better and CHM 2210 with a C or better
CoPrerequisite(s): CHM 2200 or CHM 2210.

SD03 - Good Health and Well-being
SD04 - Quality Education
SD11 - Sustainable Cities-Communities
SD12 - Responsible Consumption
SD13 - Climate Action

CHM 2414C - Science of Cooking

Credit(s): 3

An active, experiential-learning environment of interdisciplinary explorations of science as a process, information, and techniques underlying contextually interesting topics pertaining to delicious substances.

Course Attribute(s): SMNS - Natural Sciences

CHM 3080 - Chemistry for Sustainability

Credit(s): 3

This course introduces a range of science and chemical concepts required for understanding and implementing sustainable technology, plans, and policies. Topics include mass and energy balances, water chemistry, energy production, and system theory.

Course Attribute(s): TGEE - Ethical Reasoning and Civic Engagement, UGR - Undergraduate Research

Prerequisite(s): CHM 2020 with a minimum grade of C or CHM 2023 with a minimum grade of C or CHM 2045 with a minimum grade of C, CHM 2045L with a minimum grade of C.

CHM 3120C - Elementary Analytical Chemistry

Credit(s): 4

Fundamentals of gravimetric, volumetric, spectrophotometric analysis. Lec.-lab.

Prerequisite(s): CHM 2046 with a C or better and CHM 2046L with a C or better

CHM 3415C - Physical Chemistry Methods

Credit(s): 4

This class will familiarize chemistry majors with the analytical and numerical math of physical chemistry and the use of specialized software for symbolic and numerical math and visualization.

Prerequisite(s): CHM 2046 with a C or better and MAC 2282 or MAC 2312 or MAC 2242 with a C or better

CHM 3610 - Intermediate Inorganic Chemistry

Credit(s): 3

Fundamental principles of inorganic chemistry including atomic structure, bonding theories and structural consequences, transition metal chemistry and illustrative laboratory work.

Prerequisite(s): CHM 2046 with a C or better and CHM 2046L with a C or better

CHM 3610L - Intermediate Inorganic Chemistry Laboratory

Credit(s): 1

Illustrative laboratory work concerning the fundamental principles of inorganic chemistry including atomic structure, bonding, transition metal chemistry, structural consequences and spectroscopic methods.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): CHM 3610 with a C or better
(Concurrent: Y)
Corequisite(s): CHM 3610.

CHM 3941 - Peer Leading in Chemistry

Credit(s): 3

The purpose of this course is to prepare students for the role of peer leader. Peer leaders work with students enrolled in chemistry courses on a regular basis. The course involves coverage of chemistry concepts and training in pedagogical techniques.

Prerequisite(s): CHM 2045 or CHS 2440 with a C or better
CoPrerequisite(s): CHM 2046

Restriction(s):
Permit Required

CHM 4035 - Environmental Chemistry I

Credit(s): 3

Application of geochemical principles to environmental issues, with a focus on aquatic and terrestrial environments.

Prerequisite(s): CHM 2046 with a C or better, and CHM 2046L with a C or better

CHM 4038 - Environmental Chemistry II

Credit(s): 3

This course introduces the students to the principles of atmospheric chemistry and climate. This includes studying atmospheric oxidation process of primary air pollutants, remote sensing and numerical modeling in addition to climate change and energy.

Prerequisite(s): CHM 2211 with a C or better

CHM 4060 - Use of Chemical Literature

Credit(s): 1

Discussions and assignments using abstracts, bibliographies, indices, encyclopedias, journals, patent files, electronic databases, and other information sources to obtain chemical and technical material and including written and oral

presentations. Career information and opportunities also discussed.

Prerequisite(s): CHM 2211 with a C or better

CHM 4070 - Historical Perspectives in Chemistry

Credit(s): 3

A study in depth of the historical and philosophical aspects of outstanding chemical discoveries and theories. Lec.-dis.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

Prerequisite(s): CHM 2046 with a C or better and CHM 2046L with a C or better

CHM 4130C - Methods of Instrument Analysis

Credit(s): 4

Theory and applications of instrumental methods in chemical research, chemical synthesis and analysis; electrochemical and calorimetric techniques, separation methods, spectroscopy, statistical analysis of data, computer data handling, and individual projects. Lec.-lab.

Prerequisite(s): CHM 3120C with a C or better and CHM 2211 with a C or better and CHM 2211L

Restriction(s):
Senior Standing

CHM 4131C - Methods of Chemical Investigation II

Credit(s): 4

Continuation of CHM 4130C . Lec.-lab.

Prerequisite(s): CHM 4060 with a C or better and CHM 4130C with a C or better and CHM 4410 with a C or better

CHM 4230 - Spectroscopic Analysis of Organic Compounds

Credit(s): 3

The objective is to provide the student with a thorough understanding of the theory and use of spectroscopic techniques (MS, IR, UV-vis, and

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

NMR,) and their use in identification of organic compounds from the spectroscopic data from techniques discussed.

Prerequisite(s): CHM 2211 with a C or better

CHM 4274 - Introduction to Drug Discovery

Credit(s): 3

This course explores the entire drug discovery process, from initial target identification and hit generation through lead optimization and clinical trials to FDA approval. Case studies will be used to illustrate the process.

Prerequisite(s): BSC 2010 with a C or better and CHM 2211 with a C or better

Restriction(s):
Permit Required

CHM 4292 - Introduction to Medicinal Chemistry

Credit(s): 3

This course in medicinal chemistry is designed to acquaint students with modern applications of chemical techniques and methods to the discovery, design and synthesis of molecules that interact with biomolecular targets and thereby serve as new drugs.

Prerequisite(s): CHM 2211 with a C or better and BCH 3053 or BCH 4033 with a C or better

Restriction(s):
Permit Required

CHM 4300 - Biomolecules I

Credit(s): 3

Nature, structure, elucidation, synthesis and (in selected cases) organic chemical mechanisms of biochemical involvement of the major classes of organic compounds found in living systems.

Prerequisite(s): CHM 2211 with a C or better

CHM 4307 - Bio-Organic Chemistry

Credit(s): 3

Discussion of current research directions in the field of chemical biology.

Prerequisite(s): BCH 3053 or BCH 4033 with a C or better

CHM 4410 - Physical Chemistry I

Credit(s): 4

Thermodynamics, the state of matter and solutions are presented. The course includes a recitation.

Prerequisite(s):

CHM 2046 with a C or better and CHM 2046L with a C or better and MAC 2242 or MAC 2282 or MAC 2312 with a C or better and PHY 2054 or PHY 2049 or PHY 2061 with a C or better and PHY 2054L or PHY 2049L with a C or better and CHM 3415C with a C or better (Concurrent: Y)

CHM 4410L - Physical Chemistry Laboratory

Credit(s): 1

A physical chemistry laboratory with emphasis on modern techniques and instruments. Lab.

Prerequisite(s): CHM 4410 with a C or better

CHM 4411 - Physical Chemistry II

Credit(s): 4

Introduction to quantum mechanics and molecular spectroscopy. Chemical Kinetics and statistical mechanics are also presented. The course includes a recitation.

Prerequisite(s):

CHM 2046 with a C or better and MAC 2242 or MAC 2282 or MAC 2312 with a C or better and PHY 2054 or PHY 2049 or PHY 2061 with a C or better and CHM 3415C with a C or better

CHM 4413 - Biophysical Chemistry

Credit(s): 3

This course will cover spectroscopy, bonding and kinetics with emphasis placed on biological molecules and biochemical reactions.

Prerequisite(s):

CHM 2046 with a C or better and CHM 2046L with a C or better and MAC 2242 or MAC 2282 or MAC 2312 with a C or better and PHY 2049 or PHY 2054 or PHY 2061 with a C or better and CHM 4410 with a C or better

CHM 4418 - Functional Porous Materials

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

The design and application of porous materials including porous organic polymers, porous carbon materials, zeolites, and metal-organic frameworks are presented.

Prerequisite(s): CHM 3610 with a C or better

Restriction(s):
Permit Required

CHM 4455 - Chemistry of High Polymers**Credit(s): 3**

The purpose of this course is to prepare students for scientific careers in polymer science and technology or in related fields. The course involves coverage of chemistry concepts involving synthesis and characterization of polymeric materials.

Prerequisite(s): CHM 2210 with a C or better

CHM 4611 - Advanced Inorganic Chemistry**Credit(s): 3**

An advanced descriptive and theoretical treatment of inorganic compounds.

Prerequisite(s): CHM 4410 with a C or better and CHM 3610 with a C or better

CHM 4803 - Safety in the Chemistry Laboratory**Credit(s): 1**

This is a course designed to develop a solid foundation in the fundamentals of safety in the chemistry laboratory and a strong safety ethic that can support good lab practices in academia, industry or any other lab setting.

Prerequisite(s): CHM 2211L with a C or better

CHM 4905 - Independent Study**Credit(s): 1-3**

Specialized independent study determined by the student's needs and interests. The written contract required by the College of Arts and Sciences specifies the regulations governing independent study.

Restriction(s):
S-U Grade System

CHM 4932 - Selected Topics in Chemistry**Credit(s): 1-3**

The course content will depend on the interest of faculty members and student demand.

CHM 4970 - Undergraduate Research**Credit(s): 1-3**

Restriction(s):
S-U Grade System

CHS 2440 - General Chemistry for Engineers**Credit(s): 3**

Introduction to important concepts and principles of chemistry with emphasis on areas considered most relevant in an engineering context.

Prerequisite(s): MAC 1105 or higher with a C or better and one-year High School Chemistry

CHS 2440L - General Chemistry for Engineers Lab**Credit(s): 1**

Laboratory portion of General Chemistry for Engineers. Introduction to laboratory techniques, study of properties of elements, synthesis and analysis of natural and commercial materials.

Prerequisite(s): CHS 2440 with a C or better (Concurrent: Y)

Corequisite(s): CHS 2440.

CHS 4300 - Fundamentals of Clinical Chemistry**Credit(s): 3**

Theoretical and practical aspects of the analysis of various body fluids, with emphasis on the medical significance.

Prerequisite(s): BCH 3053 or BCH 4033 with a C or better

CHS 4301L - Clinical Laboratory**Credit(s): 2**

Laboratory experience in some of the most important clinical determinations. Lec.-Lab.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): CHS 4300 with a C or better
(Concurrent: Y)

CHS 4411 - Chemistry and Microbiology of Beer

Credit(s): 3

A series of investigations into the chemistry and microbiology underlying the various aspects of beer, its brewing process, and its pairings with food.

Prerequisite(s): CHM 2045 or CHS 2440 with a grade of C or better

CHT 3110 - Traditional Chinese Literature in Translation

Credit(s): 3

This course is a general survey of traditional Chinese literature from the beginnings to the Qing Dynasty (1911). Major genres including philosophical texts, poetry, fiction, drama, and prose are explored in English translation.

CHT 3124 - Modern Chinese Literature in Translation

Credit(s): 3

An introductory survey of modern Chinese literature in translation. The course begins with the end of the Qing Dynasty (1644-1911) and extends into contemporary China. Taught in English and open to all majors. The course is not repeatable.

CHT 3500 - Introduction to Chinese Culture

Credit(s): 3

An introductory survey of Chinese cultural traditions with an emphasis on themes important to successful interaction in contemporary Chinese society. The language of instruction is English.

CHT 3512 - Contemporary Chinese Language and Society

Credit(s): 3

An introductory survey of modern Chinese language and society taught in English and open to all majors. Course activities revolve around developing an understanding of Chinese

language and society in the Reform Era (1976-present).

CHT 3520 - Chinese Film

Credit(s): 3

A survey of Chinese film taught in English and open to all majors. This course traces the development of Chinese film and the Chinese film industry from its beginnings in the early 1900s through the contemporary period.

CIS 3213 - Foundations of Cybersecurity

Credit(s): 3

The fundamentals of cyber security are introduced. Students learn to identify attack phases, understand the adversary's motivations, the resources and techniques they use, and the intended end-game. Techniques for mitigating threats are described.

Prerequisite(s): COP 2512

Restriction(s):
Permit Required

CIS 3303 - Unified Modeling Language

Credit(s): 3

The Unified Modeling Language (UML) is a world-class visual language for analysis and design of object-oriented systems. This course examines the various graphical tools and their applications in the context of extended case studies.

Other Information: Working knowledge of an Object-Oriented programming language (not Visual Basic).

CIS 3360 - Principles of Information Security

Credit(s): 3

Board review of Information Security and related elements. Includes terminology, history of the discipline, overview of information security program management. Suitable for IS, criminal justice, political science, accounting information systems students

Restriction(s):
Majors Only

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Other Information: Applied Science (BSAS) students

CIS 3362 - Cryptography and Information Security

Credit(s): 3

This course examines classical cryptography, entropy, stream and block ciphers, public key versus symmetric cryptography, one-way and trap-door functions, plus other specific tools and techniques in popular use.

Prerequisite(s): MAD 2104 with a grade of C or better

CIS 3363 - Information Technology Systems Security

Credit(s): 3

This course covers foundations of systems security, including availability, authentication, access control, network penetration/defense, reverse engineering, cyber physical systems, forensics, supply chain management security, and secure systems design.

Prerequisite(s): CIS 3213 with a minimum grade of C-, COP 2513 with a minimum grade of C, MAD 2104 with a minimum grade of C

CIS 3367 - Architecting Operating System Security

Credit(s): 3

This course examines tools and techniques for securing Windows and Linux operating systems. Students will acquire knowledge and skills to perform audit assessments and implement enterprise-wide operating system security.

Prerequisite(s): CIS 3360 with a grade of C or better

CIS 3433 - System Integration and Architecture for IT

Credit(s): 3

Role of systems architecture in systems integration, performance, and effectiveness. Principles and concepts of "devops" (development operations) interplay between IT applications roll-out and related organizational processes.

Prerequisite(s): CGS 3303

CIS 3615 - Secure Software Development

Credit(s): 3

Information is power. It also has value. Thus, there is an incentive for unscrupulous individuals to steal information. This course covers a number of different techniques to help developers to build enterprise-level systems that are secure and safe.

Prerequisite(s): COP 3515 with a minimum grade of C-

CIS 4083 - Cloud Computing for IT

Credit(s): 3

This is a hand-on class in the methods and technologies of cloud computing. Upon completion of this course students will be able to create, configure, build, deploy, and manage a variety of cloud based solutions.

Prerequisite(s): COP 3515 with a minimum grade of C-

Restriction(s):
Majors Only

CIS 4200 - Penetration Testing for IT

Credit(s): 3

Penetration testing and related software tools are presented. Legalities and various cyber-attacks such distributed denial of service, man-in-the-middle, and password attacks are covered. Methods to correct security flaws are given.

Prerequisite(s): COP 3515 with a minimum grade of C-

CIS 4203 - Cyber Forensics and Investigations

Credit(s): 3

Teaches the methods of acquiring, preserving, retrieving, and presenting data that have been processed electronically and stored on computer media for use in legal proceedings. Focus on MS Windows systems.

Prerequisite(s): COP 2030 and MAD 2104

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

CIS 4204 - Ethical Hacking

Credit(s): 3

Provides an understanding of computing, networking, exploitation techniques, used for IT security. In testing, a legal ethical hacker tries to penetrate a system, finds its weakest link and analyzes ways to correct security flaws.

Prerequisite(s): COP 2030 and MAD 2104

CIS 4212 - Privacy-Preserving and Trustworthy Cyber-Infrastructures

Credit(s): 3

This course will explore emerging cyber-security technologies addressing security issues of cyber-infrastructures. It will cover privacy-enhancing and trustworthy techniques for cloud computing and internet of thing systems.

CoPrerequisite(s): COP 4530 with a minimum grade of C-

Restriction(s):

Junior Standing
Majors Only
Senior Standing

CIS 4216 - Aggressive Hacking - What Hackers Do

Credit(s): 3

Commonly known as Red Teaming, the course provides an understanding of computing, networking, programming concepts, and exploitation techniques, related to computer security. Focus of the course is to legally break-test into systems to improve security.

Prerequisite(s): CGS 3373 with a minimum grade of C-, CGS 3374 with a minimum grade of C-, COP 2250 with a minimum grade of C- or COP 2030 with a minimum grade of C-

CIS 4219 - Human Aspects of Cybersecurity

Credit(s): 3

This course will study the human aspects of cybersecurity and cover such topics as: identity management, social engineering, societal behaviors, privacy and security, and individual awareness and understanding of cybersecurity.

Prerequisite(s): CIS 3363 with a minimum grade of C-

CIS 4250 - Ethical Issues and Professional Conduct

Credit(s): 3

This course introduces students to ethical issues and professional responsibilities arising in the computer sciences. Students will develop ethical solutions to real-world problems and present them.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, CLB - Collaborative Learning, CPST - Capstone Learning Experience, TGEE - Ethical Reasoning and Civic Engagement

Restriction(s):

Majors Only
Senior Standing

Other Information: Department of Computer Science and Engineering students

CIS 4253 - Ethics for Information Technology

Credit(s): 3

This course covers the professional code of ethics and a survey of ethical issues in computing such as intellectual property, security, privacy, and copyright. Class discussions cover ethical responsibilities of IT professionals and issues that are shaping our society.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, CEL - Community Engaged Learning, SMLE - Leadership & Ethics Pillar, TGEE - Ethical Reasoning and Civic Engagement

Restriction(s):

Junior Standing
Majors Only
Permit Required
Senior Standing

Other Information: Basic computer skills.

CIS 4342 - NoSQL Databases

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

This course covers various types of unstructured data management technologies, also known as NoSQL databases, such as Columnar, Key-Value, Graphic and Document databases; their schema-free characteristics (ACID) for storage, retrieval and data quality.

Prerequisite(s): COP 2250

CIS 4344 - Big Data Architecture with Hadoop**Credit(s): 3**

This course provides students with necessary skills and knowledge to develop practical Big data solutions based on the Hadoop eco-system. Topics include fundamentals of Hadoop 2.x, the HDFS, MapReduce, Spark, Data Analytics using Pig, Hive and YARN.

Prerequisite(s): COP 2250

CIS 4345 - Big Data Storage and Analysis with Hadoop**Credit(s): 3**

This is an introductory course for big data storage and analysis in Hadoop cluster. Topics include Hadoop file system, Hadoop cluster architectures, Hadoop ecosystems, and big data processing frameworks MapReduce, Spark, Pig and Hive.

Prerequisite(s): COP 3514 with a minimum grade of B

Restriction(s):
Majors Only

CIS 4361 - Information Assurance and Security Management for IT**Credit(s): 3**

The CIANA model, information security management techniques, and security concerns are presented. Topics include access control systems, network security, security management practices, cryptography, disaster recovery planning, and others.

Prerequisite(s): COP 3515

Restriction(s):
Junior Standing
Senior Standing

CIS 4365 - Computer Security Policies and Disaster Preparedness**Credit(s): 3**

When an organization's functioning is interrupted by disasters, accidents, or natural events, a loss of data and/or productivity may occur. The impact on the organization is determined by how prepared it is for dealing with these disruptions.

Prerequisite(s): CIS 3360.

CIS 4368 - Database Security and Audits**Credit(s): 3**

An in-depth look at database security concepts and auditing techniques. Hands-on approach when examining security techniques. Examines different security strategies and advancements in implementation as well as problem solving.

Prerequisite(s): COP 3718

CIS 4387 - Mobile and Wireless Security**Credit(s): 3**

Mobile/wireless systems provide untethered network connectivity anywhere/anytime. Securing these systems have unique challenges due to travels outside physically protected spaces and limited battery & processing power. This course addresses these issues.

Prerequisite(s): CGS 3373 with a minimum grade of C-, CGS 3374 with a minimum grade of C-, COP 2030 with a minimum grade of C- or COP 2250 with a minimum grade of C-

CIS 4510 - IT Project Management**Credit(s): 3**

This course covers the general aspects of project management and emphasizes the important, special considerations which apply to information technology projects. Supporting software is used extensively.

CIS 4514 - Requirements Led PM/PM Software & Tools**Credit(s): 3**

This course focuses on an innovative approach to using project requirements to manage the

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

project development life cycle.

Prerequisite(s): CIS 4510.

CIS 4518 - Quality & Testing w/ Agile in Project Management

Credit(s): 3

This course explains concepts & principles of tenets of quality management & practical methodologies to implement them. It covers little q & big Q; addresses thinking, misconceptions & alternative theories, focusing on big Q to build a case for change.

Prerequisite(s): CIS 4510

CIS 4524 - IT Project Schedule & Cost Control

Credit(s): 3

Students will develop fundamental skills in estimating, scheduling, cost control, and reporting, essential for successful information technology projects.

Prerequisite(s): CIS 4510

CIS 4525 - Contract Management & Negotiations

Credit(s): 3

Today's dynamic performance-based work environment requires partnerships and alliances to obtain a marketable mix of skills, tools and business practices. The course covers key aspects of contract negotiation planning, documenting and closing contracts.

Prerequisite(s): CIS 4510

CIS 4622 - Hands-on Cybersecurity

Credit(s): 3

This course covers hands-on skills for cybersecurity -- how to perform common offense and defense activities on computer networks, penetration testing, software exploit basics, basic network forensics, and basics on incident response.

Prerequisite(s): COP 2513 with a minimum grade of C

CIS 4623 - Practical Cybersecurity

Credit(s): 3

This course covers how to protect the security of real-world systems -- configuring host/network security settings, penetration testing, software exploit basics, and basics on incident response and forensics.

Prerequisite(s): COP 3514 with a minimum grade of B

Restriction(s):
Majors Only

CIS 4900 - Independent Study in Computer Science

Credit(s): 1-5

Specialized independent study determined by the needs and interests of the student.

Prerequisite(s): COP 4530 and CDA 3201

Restriction(s):
Consent of Instructor or Department
S-U Grade System

CIS 4910 - Computer Science and Engineering Project

Credit(s): 3

Offers a focused team-based design experience incorporating appropriate engineering standards and multiple realistic constraints. Projects are proposed by industry and/or other partners and are completed within a defined development process.

Course Attribute(s): CST - Capstone, TGEH - High Impact Practice

Prerequisite(s): COP 4530

CIS 4915 - Supervised Research in Computer Science

Credit(s): 1-5

Supervised research determined by the needs and interests of the student.

Prerequisite(s): COP 4530 and CDA 3201

Restriction(s):
Consent of Instructor or Department
S-U Grade System

CIS 4916 - Cyber Security and IT Capstone Project

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 2

This course introduces students to the process of research and systematic inquiry and facilitates the mastery of research skills needed to complete projects where an understanding of research methods is critical.

Course Attribute(s): 6AC - State Communication Requirement, 6ACM - State Communication Requirement, SMCC - Communication & Critical Thinking Pillar

Restriction(s):

Senior Standing

CIS 4930 - Special Topics in Computer Science I**Credit(s): 1-3**

Special topics in computer science and computer engineering.

Prerequisite(s): COP 4530 and CDA 3201

Restriction(s):

Consent of Instructor or Department

CIS 4932 - Special Topics for Information Technology**Credit(s): 1-3**

Topics to be chosen by students and instructor permitting newly developing sub-disciplinary special interests to be explored.

CIS 4935 - Senior Project in Information Technology**Credit(s): 4**

This course is the capstone project for IT majors. Students are required to design, implement, and deliver a complete IT solution to a problem leveraging discipline-specific, critical thinking, and communication skills acquired in this major.

Course Attribute(s): 6AC - State Communication Requirement, 6ACM - State Communication Requirement, CPST - Capstone Learning Experience, CST - Capstone, SMCC - Communication & Critical Thinking Pillar, TGEH - High Impact Practice

Restriction(s):

Majors Only
Permit Required
Senior Standing

CIS 4940 - Industry Internship**Credit(s): 0-6**

Individual study as practical computer science and/or computer engineering work under industrial supervision with a faculty approved outline and end-of-semester report.

Prerequisite(s): COP 4530 and CDA 3201

Restriction(s):

Consent of Instructor or Department
S-U Grade System

CIS 4947 - Industry Internship for IT**Credit(s): 1-5**

Practical information technology work under industrial supervision with a faculty-approved outline and end-of-semester report.

Restriction(s):

Consent of Instructor or Department
S-U Grade System
Senior Standing

CJC 4010 - American Correctional Systems**Credit(s): 3**

Analysis of the different treatment philosophies and techniques currently in use in the field, with special attention to experimental and demonstration programs.

Restriction(s):

Junior Standing

CJE 3444 - Crime Prevention**Credit(s): 3**

This course is designed to provide an exploration of the various theoretical bases and their approaches to reducing crime in settings such as neighborhoods, parking lots, retail stores, and social media.

Course Attribute(s): 6AC - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - State Communication Requirement, 6ACT - State Communication Requirement

CJE 3650 - Introduction to Forensic Science

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

This course provides students an appreciation of 'real life' forensic science and its role in the justice system. The class introduces students to the scientific techniques employed by the forensic science community. Not restricted or repeatable.

CJE 3656 - Introduction to Crime Analysis**Credit(s): 3**

An introduction to the field of crime analysis; the use of Geographic Information Systems (GIS); crime mapping techniques. Not restricted. Not repeatable.

Prerequisite(s): CCJ 3701, CCJ 3718, CJE 3444

CJE 3689 - Cybercrime Investigations**Credit(s): 3**

This course will introduce students to the skills and best practices for basic computer forensics investigation and analysis. Students will learn how to gather and analyze digital evidence and use critical thinking skills to solve computer-based crimes. Case studies will be used to illustrate and further explore these theoretical topics and techniques.

CJE 3701 - Gangs**Credit(s): 3**

This course offers an introduction to street gangs. It explores historical and contemporary research on gangs and gang members.

CJE 4010 - Juvenile Justice System**Credit(s): 3**

Provides coverage of the juvenile and family courts, their clientele, and the complex of human services agencies and facilities that contribute to efforts at juvenile correctional intervention.

Restriction(s):

Junior Standing

CJE 4114 - American Law Enforcement Systems**Credit(s): 3**

This course provides a comprehensive

examination of the American law enforcement system at the federal, state and local levels and an assessment of career opportunities within the community.

Restriction(s):

Junior Standing

CJE 4244 - Analytic Forensic Case Studies**Credit(s): 3**

Case-based inquiry of major cases and forensic failures in the criminal justice system to determine root cause issues, remediations, and prevention of errors using forensic evidence.

Prerequisite(s): CJE 4647 with a minimum grade of C, CJE 4731 with a minimum grade of C

Other Information: Number of Times

Repeatable: 1

CJE 4610 - Criminal Investigation**Credit(s): 3**

Covers the major components of criminal investigation, with special attention to the scientific aspects of criminal investigation and the management of major cases.

CJE 4647 - Crime Scene Sciences**Credit(s): 3**

Crime Scene Sciences covers crime scene processing, including the recognition, recovery, and recording of physical evidence of all types.

CJE 4731 - Forensic Investigations**Credit(s): 3**

The use and abuse of physical and forensic evidence in investigations; cognitive biases that can create problems in investigations; structured analytic techniques to reduce bias and improve objectivity; introduction to case-based inquiry and analysis.

Prerequisite(s): CJE 3650 with a minimum grade of C

CJL 3110 - Substantive Criminal Law**Credit(s): 3**

Examines the historical basis of the American criminal law system, the substantive elements of

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

the crime, and court procedures.

SD16 - Peace
SD17 - Partnerships

Restriction(s):

Junior Standing

CJL 3502 - Introduction to Courts

Credit(s): 3

Offers understanding of process & functions of US court system. Define & identify different aspects of law & crime; examine aspects of Federal & State court systems; trial process; examine roles of court workers; sentencing. Not restricted or repeatable.

CJL 4115 - Environmental Law and Crime

Credit(s): 3

The course provides students with an introduction to issues in the area of environmental crime and environmental law.

Restriction(s):

Junior Standing

CJL 4410 - Criminal Rights and Procedures

Credit(s): 3

Emphasizes the Constitutional issues and rules that are applied and enforced by the courts while processing criminal cases.

Restriction(s):

Junior Standing

CLA 3103 - Daily Life in Ancient Greece

Credit(s): 3

This course surveys the major social, political, and cultural aspects of the ancient Greek world, examined both topically and chronologically across the centuries of the Ancient Greece, c. 1400 to 146 BCE.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, CAHU - Humanities, CLB - Collaborative Learning, GCPC - Global Citizens Project Course, TGEH - High Impact Practice

UN SDG(s):

CLA 3124 - Daily Life in Ancient Rome

Credit(s): 3

This course surveys the major social, political, and cultural aspects of the ancient Roman world, topically and chronologically, from 753 B.C.E to 476 CE, through the literary, historical, and artistic records of the Romans.

Course Attribute(s): CAHU - Humanities, CLB - Collaborative Learning, GCPC - Global Citizens Project Course, TGEH - High Impact Practice

UN SDG(s):

SD16 - Peace
SD17 - Partnerships

CLA 3435 - Ancient Globalization: East and West in the Hellenistic World

Credit(s): 3

The military campaigns of Alexander the Great brought the Greek culture into the 'Near' and 'Middle' East, from modern Turkey to India. The course examines the multicultural world that emerged, its effect on Rome, and parallels with modern globalization.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD05 - Gender Equality
SD16 - Peace
SD17 - Partnerships

CLA 3503 - Ancient Medicine: Quacks, Doctors, and Magicians

Credit(s): 3

This course will investigate the historical importance of Greek and Roman medicine and cover its main developments from its beginnings around 1000 BCE until the dethronement of Hippocratic/Galenic theories around the 17th c. CE.

CLA 3930 - Selected Topics

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

An examination of various aspects of Greek and Roman Culture, based on ancient sources, literary and archaeological. Repeatable as topics vary.

CLA 4501 - Women in Antiquity**Credit(s): 3**

Women in Antiquity surveys the social, political, and cultural life of women in the ancient Mediterranean world, historically and thematically, through lecture, reading, video, and slide presentations.

Course Attribute(s): 6AC - State

Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, GCPC - Global Citizens Project Course

UN SDG(s):

SD05 - Gender Equality
SD10 - Reduced Inequality
SD16 - Peace
SD17 - Partnerships

CLP 2001 - Psychology of Adjustment**Credit(s): 3**

Genetic, organic, and learned factors involved in the processes of personal adjustment; applications of mental health principles to everyday living.

CLP 4134 - Abnormal Child Psychology**Credit(s): 3**

This course provides an integration of theory, etiology, research, treatment, and prevention of maladaptive behavior from infancy through adolescence.

Prerequisite(s): PSY 3213 with a C or better

CLP 4143 - Abnormal Psychology**Credit(s): 3**

Descriptions, theoretical explanations, research evidence, and treatment of maladaptive behavior.

Prerequisite(s): PSY 3213 with a grade of C or better

CLP 4302 - Introduction to Clinical Psychology**Credit(s): 3**

This course provides an introduction to clinical psychology, including coverage of theories of behavior change and research designs. Evidence-based practices and mental health careers will be covered.

Prerequisite(s): PSY 3213 with a C or better and CLP 4143 with a C or better

CLP 4314 - Health Psychology**Credit(s): 3**

This course provides survey of contributions of psychology to the promotion and maintenance of health and prevention and treatment of illness. Topics will include: coping with stress, substance use, chronic illnesses, and diversity issues in health.

Prerequisite(s): PSY 3213 with a grade of C or better.

CLP 4414 - Behavior Modification**Credit(s): 3**

Introduction to behavior analysis, and application of learning principles, behavioral measurement, research designs, and interventions in treatment settings.

Prerequisite(s): PSY 3213 with a grade of C or better

CLP 4433 - Psychological Tests and Measurement**Credit(s): 3**

A consideration of the instruments for intellectual and personality assessment including their applications, development, and potential abuses.

Prerequisite(s): PSY 3213 with a grade of C or better

Other Information: Students may not receive credit for both CLP 4433 and EDF 4430.

CLP 4620 - Ethics in Psychology and Health**Credit(s): 3**

The purpose of this course is to review the

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ethical, legal, and professional standards that direct the activities of health and mental health professionals. Ethical issues will be reviewed and an ethical decision making model will be presented.

Prerequisite(s): PSY 3213

CLP 4941 - Community Practicum in Selected Topics

Credit(s): 1-9

Service-learning for student to apply psychological principles learned in the classroom to volunteer experiences. Community is defined at the local, national and international level. Free-standing practicum or with a corequisite course.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

Prerequisite(s): PSY 2012 with a minimum grade of C-, PSY 3204 with a minimum grade of C-

Restriction(s):
Permit Required

CLT 2044 - Wordpower from Latin and Greek

Credit(s): 3

Study of Greek/Latin elements as a means of building English vocabulary. Examination of Greek/Latin-based terminology from various scientific fields, its adoption into English and current usage. Attention given to Greek/Latin stems, prefixes, suffixes.

CLT 3040 - Scientific and Medical Terminology

Credit(s): 3

A course in the Greek and Latin word elements used in science and technology.

CLT 3103 - Epic Battles and Dramatic Reversals in Greek Thought

Credit(s): 3

This class investigates the most important texts of the Archaic and Classical Greek world, which are analyzed in both in a chronological sequence (c. 700 to 399 BCE) and by genre (epic poetry, philosophy, lyric, history, and drama).

Course Attribute(s): CLB - Collaborative Learning, GCPC - Global Citizens Project Course, TGEH - High Impact Practice

UN SDG(s):
SD04 - Quality Education

CLT 3370 - Gods Heroes and Monsters in the Ancient World

Credit(s): 3

Classical Mythology surveys the myths, legends, and sagas of the Greeks and Romans chronologically (c. 1200 BCE to 17 CE) and thematically, through literature (prose and poetry), iconography (art and architecture), and film (documentary and dramatic.)

Course Attribute(s): CAHU - Humanities, CLB - Collaborative Learning, GCPC - Global Citizens Project Course, TGEH - High Impact Practice

UN SDG(s):
SD17 - Partnerships

CLT 3511 - Greece and Rome in World Film

Credit(s): 3

This course surveys cinematic representations of ancient Greece and Rome to illustrate the imaginative power of film and television to shape modern perceptions of the Greco-Roman past across and between global cultures.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):
SD16 - Peace
SD17 - Partnerships

CLT 3521 - American Greece, American Rome

Credit(s): 3

This course investigates the intellectual influence of Classical antiquity in the United States from the first colonies to the aftermath of 9/11. Students will contextualize and evaluate Greek and Roman models in American "formal" and "popular" culture.

Course Attribute(s): GCPC - Global Citizens Project Course

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

UN SDG(s):
SD16 - Peace

CNT 4004 - Computer Networks I

Credit(s): 3

An introduction to the design and analysis of computer communication networks. Topics include application layer protocols, Internet protocols, network interfaces, local and wide area networks, wireless networks, bridging and routing, and current topics.

Prerequisite(s): COP 3514 min grade B
CoPrerequisite(s): COP 4530 min grade C-

Other Information: Field of Study Include:
BCS or ECP or CPE
Student Attribute Include: ULDP

College Include: EN

CNT 4104 - Computer Information Networks for Information Technology

Credit(s): 3

Presents the design and analysis of computer networks. The emphasis is on application- and Internet-layer protocols. Network interfaces, Internet protocols, wireless networks, routing, and security issues are introduced.

Prerequisite(s): COP 3515
Corequisite(s): CNT 4104L

CNT 4104L - Computer Information Networks Laboratory for Information Technology

Credit(s): 1

This lab provides a hands-on introduction to computer networking and the protocols used to coordinate and control communications on them.

Prerequisite(s): COP 3515
Corequisite(s): CNT 4104

CNT 4403 - Network Security and Firewalls

Credit(s): 3

This course surveys network security standards and emphasizes applications that are widely used on the Internet and for corporate networks.

This course also examines Firewalls and related tools used to provide both network and perimeter security.

Prerequisite(s): CNT 4104

CNT 4411 - Computing and Network Security

Credit(s): 3

The course is a study of fundamental concepts and principles of computing and network security. The course covers basic security topics, including symmetric and public key cryptography, digital signatures, hash functions, and network security protocols.

Prerequisite(s): COT 3100 Discrete Structures with a minimum grade of C-
CoPrerequisite(s): COP 4530 Data Structures with a minimum grade of C-

CNT 4419 - Secure Coding

Credit(s): 3

Principles and practices for secure computing and writing secure software, including software for performing information management and networking and communications.

Prerequisite(s): COP 4530 with a minimum grade of C-

CNT 4603 - System Administration and Maintenance for Information Technology

Credit(s): 3

Examines the activities related to the selection, installation and management of computer systems. Covers concepts essential to the administration of OS, networks, and services. Covers system documentation, policies and procedures.

Prerequisite(s): CNT 4104 with a minimum grade of C-

Restriction(s):
Majors Only

CNT 4716C - Network Programming for IT

Credit(s): 3

This course presents the fundamentals of

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

network programming in C# .NET. In this course, the student will learn how to use the Visual Studio development environment to create Windows client and server applications. Topics include network object oriented programming, the study of network protocols, client/server applications, peer-to-peer applications, ASP.NET, Web Services, cloud computing and an introduction to Windows 8 Phone development.

Prerequisite(s): CNT-4104 : Computer Information Networks for Information Technology or equivalent (min grade C-)

Other Information: Field of Study Include: ITC or CYR or EYB

Student Attribute Include: ULDP

Level **EXCLUDE:** Graduate

College Include: EN

Access - Majors ONLY : BSCyS and BSIT

CNT 4800 - Network Science

Credit(s): 3

This course introduces the science of networks via elements of graph theory and practical analysis of real-life datasets.

Prerequisite(s): COP 4530 with a minimum grade of C-

Restriction(s):
Majors Only

COM 2000 - Introduction to Communication

Credit(s): 3

Introduction to the roles, contexts, and issues in contemporary human communication. Required of Communication majors.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD10 - Reduced Inequality

SD16 - Peace

COM 2130 - Communication Skills for Health Professionals

Credit(s): 3

Skills-oriented course for students interested in health sciences: basic tools for communicating

clearly with patients, clients and non-medical audiences; also brings scholarly understanding of general communication-related issues in medical professions.

COM 3014 - Communication, Gender and Identity

Credit(s): 3

Examines the communicative origins and implications of gender roles.

Course Attribute(s): 6AC - State Communication Requirement, SMCD - Community Engagement & Diversity Pillar, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

COM 3051 - Analyzing Culture and Media

Credit(s): 3

Applies theories of media and media industries to analysis of media texts to investigate relationships among culture, media, representation, and democracy. Majors only; non-majors by permit only. May not be repeated for credit.

COM 3052 - Cultural Studies and Communication

Credit(s): 3

Application of theories and methods of Cultural Studies to communication research. Emphasis on critical analysis of processes by which culture is produced, circulated, and negotiated.

Restriction(s):
Majors Only

Other Information: Non-Majors by permit only. Not repeatable for credit.

COM 3110 - Communication For Business and the Professions

Credit(s): 3

Identification of communication situations specific to business and the professions. Analysis of variables related to communication objectives and preparation of oral presentations in the form of informational reports, conference management, persuasive communications, interviews, and public hearings.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Majors Only

Restriction(s):

Non-Majors Only

Other Information: Non-Majors by permit only. Not repeatable for credit.

COM 3120 - Organizational Communication

Credit(s): 3

A survey of communication concepts which impact upon organizational effectiveness.

COM 4022 - Health Communication

Credit(s): 3

Application of communication theory and research to the health context including provider-patient communication, health information campaigns, and health beliefs and behavior. Special attention to the value issues in health communication.

COM 3122 - Interview Communication

Credit(s): 3

A study of communication theory relative to persuasive interviewing with an emphasis on career interview situations.

Course Attribute(s): SMCD - Community Engagement & Diversity Pillar

COM 3413 - Communication and Visual Culture

Credit(s): 3

Examines the nature and practices of seeing as fundamental to communication with special emphasis on cultural and rhetorical implications of visual practices in aesthetic, political, and social arenas.

COM 4027 - Intercultural Health Communication

Credit(s): 3

This course aims to help students understand how intercultural complexities influence communication on health in multiple contexts, such as health care, global health crises, health identity, health literacy, and media campaigns on health.

COM 4020 - Communicating Illness, Grief, and Loss

Credit(s): 3

Focus on stories of illness, grief, and loss to make sense of these experiences; to understand the cultural and rhetorical influences on how stories are told; and to explore the context of everyday life, romantic relationship, families, institutions, and culture in which they occur.

COM 4030 - Women and Communication

Credit(s): 3

Examines women's patterns of communication in a variety of contexts. Also offered under Women's Studies.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

COM 4021 - Family Communication and the End of Life

Credit(s): 3

Explores theories and practices of family communication at end-of-life through language, relationships, bioethics, and case analysis techniques.

COM 4124 - Communication and Organizational Change

Credit(s): 3

An advanced course covering current issues in organizational transformation (e.g., organizational dialogue, learning organizations, reengineering, work teams), and the role communication processes play in such changes.

Restriction(s):

COM 4151 - Communication and Working Life in Cont Orgs

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Explores workers and organizations through socialization, self-presentation, technologies, identity issues, and work-family balance.

Restriction(s):

Majors Only

Other Information: Non-Majors by permit only. Not repeatable for credit.

COM 4152 - Communication and Leadership**Credit(s): 3**

Effective leadership today relies less on control and more on the strategic use of communication to build relationships and guide behavior. This course examines the various ways leaders can communicate more effectively in contemporary organizations.

COM 4321 - Applied Research Methods**Credit(s): 3**

Applied Research Methods will introduce you to the concepts, methods, and approaches by which communication research is designed, conducted, interpreted, and critically evaluated. You will gather, organize, analyze and present data and literature by building an awareness of the relationship between researcher and the process of research, including reflexivity and ethics.

Course Attribute(s): UGR - Undergraduate Research

UN SDG(s):

SD04 - Quality Education

COM 4374 - Critical Issues in Social Media**Credit(s): 3**

The course examines the relationship of social media to culture. We will explore theories about social media; analyze social media; investigate questions of democracy, resistance, and oppression.

Restriction(s):

Junior Standing
Senior Standing

COM 4414 - Race and Gender in Popular Film and Television**Credit(s): 3**

Explores representations of race and gender in contemporary TV and film and utilizes feminist and critical race theories to interrogate social inequalities. Majors only. Non-majors by permit only. May not be repeated for credit.

COM 4530 - Influencing Public Opinion**Credit(s): 3**

Explores foundations, history, measurement techniques, and persuasive strategies of public opinion research and practice from rhetorical perspectives.

Other Information: Not repeatable for credit.

COM 4702 - Communication, Language, and Mental Illness**Credit(s): 3**

Explores intersection of mental illness and communication as language, talk-in-interaction, and discourse as social practice.

Restriction(s):

Majors Only

Other Information: Non-Majors by permit only. Not repeatable for credit.

COM 4710 - Writing Lives**Credit(s): 3**

Emphasizes writing stories about our lives and the lives of others as a way to understand, cope with and communicate social experiences.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

Restriction(s):

Junior Standing
Senior Standing

COM 4744 - Critical Issues in Reality Television

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

This course examines contemporary reality TV, investigating why it has become popular and what it can tell us about culture. We look at inequality, oppression and disenfranchisement, in the context of surveillance (the shows use surveillance techniques).

Restriction(s):

Junior Standing
Senior Standing

COM 4931 - Special Topics in Media Analysis**Credit(s): 3**

Selects contemporary topics in media, media genres, and forms to examine how social issues are reflected and changed. Majors only; non-majors by permit only. May be repeated for credit as topics change for 9 total credits.

COM 4958 - Communication Senior Capstone**Credit(s): 3**

This capstone course for the Communication major features projects linking theory to practice, real world communication situations, and critical analysis of audiences and issues.

Course Attribute(s): CPST - Capstone Learning Experience, CST - Capstone, GCPC - Global Citizens Project Course, TGEH - High Impact Practice

Prerequisite(s): COM 2000 with a minimum grade of C- AND SPC 3301 with a minimum grade of C- AND ORI 3004 with a minimum grade of C- AND SPC 3544 with a minimum grade of C-

UN SDG(s):

SD01 - No Poverty
SD02 - Zero Hunger
SD03 - Good Health and Well-being
SD04 - Quality Education
SD05 - Gender Equality
SD06 - Clean Water and Sanitation
SD07 - Affordable and Clean Energy
SD08 - Decent Work
SD09 - Industry
SD10 - Reduced Inequality
SD11 - Sustainable Cities-Communities
SD12 - Responsible Consumption
SD13 - Climate Action
SD14 - Life Below Water
SD15 - Life on Land
SD16 - Peace

SD17 - Partnerships

COP 2030 - Programming Concepts I**Credit(s): 3**

This course covers basic programming concepts using the Python language for implementation and developing problem solving skills.

COP 2250 - Object-Oriented Programming (Java SE)**Credit(s): 3**

This course introduces students to object-oriented programming concepts using Java but via a specially designed Integrated Development Environment (BlueJ). This enables students to directly create objects of any class to interact with their methods.

COP 2510 - Programming Concepts**Credit(s): 3**

An examination of a modern programming language emphasizing programming concepts and design methodology.

Prerequisite(s): MAC 2281 with a minimum grade of B, or MAC 2311 with a minimum grade of B, or equivalent

Restriction(s):
Majors Only

COP 2512 - Programming Fundamentals for Information Technology**Credit(s): 3**

An introduction to computer programming using a modern high-level language with IT applications. Topics include variables, types, expressions, and assignment, control structures, I/O, functions, and structured decomposition.

COP 2513 - Object Oriented Programming for Information Technology**Credit(s): 3**

An introduction to object oriented programming emphasizing an objects first approach with applications to IT. Objects, methods, and classes are studied in detail. Students design and implement object-oriented programs to solve IT

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

problems.

Prerequisite(s): COP 2512

COP 2700 - Database Systems Basics

Credit(s): 3

Database systems are described with particular emphasis on Relational Database Management Systems (RDBMS). SQLite is the target RDBMS. It is programmatically driven with the Python language and OpenOffice base.

Prerequisite(s): COP 2030.

COP 2930 - Special Topics for Information Technology

Credit(s): 1-3

Special topics course.

COP 2931 - Special Topics for Information Technology

Credit(s): 1-3

Special topics course.

COP 3259 - Advanced Programming in JAVA

Credit(s): 3

Advanced JAVA

Prerequisite(s): COP 2250.

COP 3331 - Object Oriented Software Design

Credit(s): 3

Design of a computer program using an Object-Oriented programming language. Extension of programming knowledge from a procedural language to an object-oriented language. Analysis of program requirements.

Prerequisite(s): COP 3514

CoPrerequisite(s): CDA 3103

COP 3353 - User-Level Introduction to Linux for IT

Credit(s): 3

Description Introduction to a modern Linux

distribution; installation in a desktop-friendly virtualized environment, users and software packages management, usage of the shell for navigation, and text processing command line tools.

Prerequisite(s): COP 2512

COP 3375 - Data Structures and Algorithms w/ Python

Credit(s): 3

The course provides a comprehensive understanding of the various data structures used to store and retrieve data, and which structures to use when. It integrates theoretical study with hands-on programming to enhance students' problem solving skills.

Prerequisite(s): COP 2030 with a minimum grade of C-

COP 3415 - Data Structures and Algorithms

Credit(s): 3

This course is intended to be a first course on data structures and algorithms, implemented using the Python language. As such it deals with abstract data types and data structures. It also deals with writing algorithms and problem solving.

Prerequisite(s): COP 3375.

COP 3514 - Program Design

Credit(s): 3

The class extends students' programming knowledge by systematically considering the concepts involved in program design and creation. Students will also build upon their previous programming experience by learning to use the C programming language in a networked environment.

Prerequisite(s): COP 2510 or comparable introductory programming course

Restriction(s):

Consent of Instructor or Department Permit Required

COP 3515 - Advanced Program Design for Information Technology

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Covers problem solving with an emphasis on the creation of programs to be developed and maintained in a variety of environments from small to large IT organizations. Concepts relating to program efficiency are studied.

Prerequisite(s): MAD 2104 and (COP 2513 or COP 2250)

COP 3718 - Database Systems Design**Credit(s): 3**

This course provides an in-depth treatment of working with Relational Database Management System (DBMS), with particular reference to MySQL. It also shows how to interface with MySQL using both PHP and Java languages.

Prerequisite(s): COP 2700.

COP 3722 - Advanced Database Systems Design**Credit(s): 3**

This course presents contemporary data modeling and database design techniques in a vendor-neutral manner. Students will learn to create conceptual, logical, and physical data models, specialized techniques for handling temporal and analytical data.

Prerequisite(s): COP 3718 and COP 2700

COP 4020 - Programming Languages**Credit(s): 3**

An introduction to the specification, design, and analysis of programming languages. Topics include syntax, operational semantics, type systems, type safety, lambda calculus, functional programming, polymorphism, side effects, and objects.

Prerequisite(s): COP 4530.

COP 4313 - Symbolic Computations in Mathematics**Credit(s): 3**

Students will write programs to solve problems in various areas of mathematics including calculus and linear algebra with symbolic programming systems such as Maple, Mathematical, or Macsyma.

Course Attribute(s): 6AM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement

Prerequisite(s): MAP 2302 with a minimum grade of C AND (MAS 3105 with a minimum grade of C OR MAS 3114 with a minimum grade of C)

COP 4365 - Software System Development**Credit(s): 3**

Analysis, design, and development of software systems using objective methodology with object oriented programming and advanced software development tools (such as integrated development environments).

Prerequisite(s): COP 4530.

COP 4368 - Adv Object-Oriented Programming for IT**Credit(s): 3**

Advanced object-oriented programming techniques and applications. Topics include GUI design, visual objects, event handling, data validation, interfaces, database connection, etc.

Prerequisite(s): COP 2513 *with a minimum grade of C*

Corequisite(s): none

CoPrerequisite(s): none

COP 4376 - Java-Based Python (Jython)**Credit(s): 3**

Focus is on the Python language as used with the Jython (Java-based) interpreter in a Java EE environment – Python enables the best of two worlds by bridging between the elegant, expressive code of the Python world and the "enterprise ready" Java world.

Prerequisite(s): COP 3259 and COP 3375
Other Information: working knowledge of Java.

COP 4520 - Computing in Massively Parallel Systems

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

This course will cover basics in large-scale parallel computing and CUDA programming, and advanced techniques for parallel code optimization and domain-specific case studies.

Prerequisite(s): COP 4530 with a minimum grade of C-

COP 4530 - Data Structures**Credit(s): 3**

Understand and implement fundamentals of concise data structure and organization for program efficiency, clarity and simplification. Implementation of different data types and structures. Understanding of current data structures. Functional programming concepts will be covered.

Prerequisite(s): COP 3514 minimum grade of B and CDA 3103 minimum grade of B and COT 3100 minimum grade of C

Restriction(s):
Majors Only

COP 4538 - Data Structures and Algorithms for Information Technology**Credit(s): 3**

Formalizes the concepts of algorithm and time complexity. Data structures such as heaps, lists, queues, stacks, and various forms of trees are covered. Students design and analyze algorithms. Numerous classic algorithms are covered.

Prerequisite(s): COP 3515

COP 4564 - Application Maintenance & Debugging for IT**Credit(s): 3**

Addresses the software-development cycle and code maintenance, as well as software correctness. Various code testing strategies and debugging methods are presented along with tools for software maintenance and debugging.

Prerequisite(s): COP 3515

COP 4600 - Operating Systems**Credit(s): 3**

Introduction to systems programming. Design of

operating systems. Concurrent processing, synchronization, and storage management policies.

Prerequisite(s): COP 4530.

COP 4620 - Compilers**Credit(s): 3**

Introduction to techniques for compiling software; lexical, syntactic, and semantic analyses; abstract syntax trees; symbol tables; code generation and optimization.

Prerequisite(s): COP 4530

COP 4656 - Software Development for Mobile Devices**Credit(s): 3**

This course covers software development for mobile devices, mainly cellular phones. The primary goal of the course is to teach students how to design, develop, and deploy complete market-ready applications for mobile devices.

Prerequisite(s): COP 4530

COP 4663 - Mobile Applications Development**Credit(s): 3**

This course provides the beginning programmer with a strong foundation necessary to build mobile applications for mobile devices

Prerequisite(s): COP 2030, COP 2250, and COP 3375

COP 4703 - Advanced Database Systems for Information Technology**Credit(s): 3**

Database management systems are presented, covering relational, CODASYL, network, hierarchical, and object-oriented models. Backups and database server admin are covered. Best practices for information management are covered.

Prerequisite(s): COP 4538 with a minimum grade of C-

Restriction(s):
Majors Only

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

COP 4710 - Database Design

Credit(s): 3

This course covers the fundamentals and applications of database management systems, including data models, relational database design, query languages, and web-based database applications.

Prerequisite(s): COP 4530 with a grade of C-

COP 4834 - Data-Driven Web Sites

Credit(s): 3

This course builds on students' knowledge of Web development and databases by adding server-side scripting using the PHP language to interact with the MySQL database system to build transaction processing and report generating systems over the Internet.

Restriction(s):

Junior Standing
Senior Standing

Other Information: Completion of prerequisites for admission to IT program.

COP 4854 - Rich Internet Applications

Credit(s): 3

This capstone course introduces needed technologies in the context of applications to explain links with one another. A number of tools (captured under Rich Internet Applications) are needed to make all of these existing technologies work together.

Prerequisite(s): CGS 3850, CGS 3853, COP4816.

COP 4883 - Java Programming for Information Technology

Credit(s): 3

This course covers object-oriented programming in Java and Java foundation classes. Topics include classes, inheritance, interfaces, graphical user interfaces (GUIs), event-driven programming, exception handling, and networking.

Prerequisite(s): COP 4538

COP 4900 - Independent Study in Information Technology

Credit(s): 1-5

Specialized independent study determined by the needs and interests of the student.

Restriction(s):

Permit Required
S-U Grade System
Senior Standing

Other Information: Class Include: 4R and 5B

COP 4931 - Special Topics for Information Technology

Credit(s): 3

Topics to be chosen by students and instructor permitting newly developing sub-disciplinary special interests to be explored.

Other Information: COURSE RESTRICTIONS
Field of Study Include: CYR or EYB or ITC

Student Attribute Include: ULDP

Class Include: 4R and 5B

College Include: EN

Access: Majors only.

COT 3100 - Introduction to Discrete Structures

Credit(s): 3

Introduction to set algebra, propositional calculus and finite algebraic structures as they apply to computer systems.

Prerequisite(s): MAC 2281 or equivalent.

COT 4210 - Automata Theory and Formal Languages

Credit(s): 3

Introduction to the theory and application of various types of computing devices and the languages they recognize.

Prerequisite(s): COT 3100 with a minimum grade of C-

COT 4400 - Analysis of Algorithms

Credit(s): 3

Design principles and analysis techniques applicable to various classes of computer

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

algorithms frequently used in practice.

SD16 - Peace

Prerequisite(s): COT 3100, COP 4530.

COT 4521 - Computational Geometry

Credit(s): 3

Computational geometry is the study of efficient algorithms to solve geometric problems. Topics covered include Polygonal Triangulations, Polygon Partitioning, Convex Hulls, Voronoi Diagrams, Arrangements, Search and Intersection, and Motion Planning.

Prerequisite(s): COP 4530, COT 4400.

COT 4601 - Quantum Computing and Quantum Algorithms

Credit(s): 3

Introduction to and survey of quantum computing. Theory of qubits and quantum computation are studied including entanglement, superdense coding, quantum teleportation, and current topics. Students will also program simulated and real quantum computers.

Prerequisite(s): CDA 3103 Computer Organization min grade B or permission of instructor and COP 4530 Data Struct. min grade C- or permission of instructor

and EGN 4450 Linear Systems min grade C

CPO 2002 - Introduction to Comparative Politics

Credit(s): 3

Comparison and analysis of representative European and non-Western political systems.

Course Attribute(s): SPSS - Social Sciences

CPO 3614 - Politics of Eastern Europe

Credit(s): 3

Comparative analysis of formal structures of government and politics of eastern european countries. Actual operation of their political systems and factors that influenced their transition to democracy and market-based economies.

UN SDG(s):

CPO 3643 - Russian Politics

Credit(s): 3

This course examines Russia's domestic politics and foreign policy from the late Soviet period to the present day.

CPO 3700 - Comparative Law

Credit(s): 3

Addresses the politics of law and courts in comparative perspective in regions and country cases around the world. Regions and country cases vary with instructor. May include themes such as: judicial power and politics, judicial independence, rights revolutions, legal mobilization, legal profession, legal culture, and/or constitutional development in comparative perspective.

UN SDG(s):

SD16 - Peace

CPO 4034 - Politics of the Developing Areas

Credit(s): 3

An analysis of the ideologies, governmental structures, and political processes of selected nations of the non-Western world.

Course Attribute(s): GCPC - Global Citizens Project Course

CPO 4930 - Comparative Government and Politics of Select Areas

Credit(s): 3

Studies political systems with common elements. Structure, process, domestic and foreign politics, and regional roles are considered.

CRW 2100 - Narration and Description

Credit(s): 3

A study of narrative and descriptive techniques in prose. By making the student sensitive to language usage, the course is designed to bridge the gap between expository writing and imaginative writing.

Course Attribute(s): 6AC - State

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Communication Requirement, 6ACP - State
Communication Requirement, 6ACT - Gordon
Communication Requirement, 6ACT - State
Communication Requirement

CRW 3013 - Creative Writing

Credit(s): 3

This course will introduce students to the fundamental tools of creative writing: how to generate ideas, recognize and develop a writers voice, choose a form and genre, assess and edit creative work, and how professional writers work on their craft.

Prerequisite(s): ENC 1102 with a grade of C- or better

CRW 3111 - Form and Technique of Fiction

Credit(s): 3

A study of short narrative forms such as the anecdote, tale, character sketch, incident, monologue, epistolary story, and short story as they have been used in the development of fiction and as they exist today.

Course Attribute(s): 6AC - State
Communication Requirement, 6ACP - State
Communication Requirement, 6ACT - Gordon
Communication Requirement, 6ACT - State
Communication Requirement

CRW 3112 - Fiction I

Credit(s): 3

An introduction to fiction writing, beginning with a practical study of the various elements of fiction and proceeding through the many processes of revision to arrive at a completed work of art.

Course Attribute(s): 6AC - State
Communication Requirement, 6ACT - Gordon
Communication Requirement, 6ACT - State
Communication Requirement

Prerequisite(s): CRW 3111 with a grade of C- or better

CRW 3121 - Fiction II

Credit(s): 3

A fiction workshop that provides individual and peer guidance for the student's writing and that encourages the development of critical skills

Course Attribute(s): 6AC - State
Communication Requirement, 6ACT - Gordon
Communication Requirement, 6ACT - State
Communication Requirement, CST - Capstone,
TGEH - High Impact Practice

Prerequisite(s): CRW 3112 with a grade of C- or better

CRW 3211 - Form and Technique of Nonfiction

Credit(s): 3

A study of short nonfiction narrative forms such as the micro memoir, flash nonfiction, list essay, and braided essay, and core nonfiction writing techniques, including scene, summary, dialogue, detail and elaboration, metaphor, pacing, character and theme.

CRW 3212 - Nonfiction I

Credit(s): 3

An examination of the diverse strategies employed in the forms of nonfiction, including but not limited to memoir, essay, researched essay, micro-memoir, braided essays, nature writing, food writing, writing about place, and/or literary journalism.

CRW 3221 - Nonfiction II

Credit(s): 3

A nonfiction workshop that provides individual and peer guidance for the student's writing and that encourages the development of critical skills.

Prerequisite(s): CRW 3111 or CRW 3211 with a grade of C or better

CRW 3311 - Form and Technique of Poetry

Credit(s): 3

An examination of the techniques employed in fixed forms from the couplet through the sonnet to such various forms as the rondel, ballad, villanelle, sestina, etc. Principles in the narrative, dramatic, and lyric modes are also explored.

CRW 3312 - Poetry I

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

An introduction to poetry writing utilizing writing exercises employing poetic language and devices; the exercises progress to the writing of both rhymed and unrhymed metrical and non-metrical forms.

Prerequisite(s): CRW 3311 with a grade of C- or better

CRW 3321 - Poetry II**Credit(s): 3**

A poetry workshop that provides individual and peer guidance for the student's writing and that encourages the development of critical skills.

Course Attribute(s): CST - Capstone, TGEH - High Impact Practice

Prerequisite(s): CRW 3312 with a minimum grade of C-

CRW 4924 - Advanced Creative Writing**Credit(s): 3**

This course provides advanced training in a specific genre or mode of writing; focuses on a single theme or genre; will further develop student capabilities in reading, critical thinking, and written expression. Repeatable for 6 credits.

Prerequisite(s): CRW 3013 with a grade of C- or better

CRW 4930 - Selected Topics in Creative Writing**Credit(s): 1-3**

The focus of the course will be governed by student demand and instructor interest. Topics to be covered may include writing the literary essay, writing in mixed genres, and utilizing popular conventions in serious works. May be taken twice for credit with different topics.

Prerequisite(s): 12 hours of CRW courses

CTS 3165 - Linux Essentials**Credit(s): 3**

This course describes installation and configuration of Ubuntu Linux as a powerful desktop workstation capable of competing with the leading desktop operating system, but at a

much lower cost. A wide variety of applications are installed to cover many areas.

CTS 4337 - Linux Workstations System Administration for IT**Credit(s): 3**

Students learn to install, configure, tune, and administer a Linux system. Administration focuses on managing user accounts, file systems, and processes. System commands are presented and students learn to write basic scripts.

Prerequisite(s): COP 3353

CTS 4348 - Linux Administration**Credit(s): 3**

The course provides the breadth and depth of material necessary to effectively implement and manage Linux servers in real-world business environments.

Prerequisite(s): CTS 3165.

CTS 4805 - Web Development Tools**Credit(s): 3**

This course builds on web design concepts and extends them to build and maintain complete Web Sites using the current de facto industry-standard integrated web site development environment/applications.

CWR 4202 - Hydraulics**Credit(s): 3**

Fundamental and applied aspects of pipe flow, free surface flow, and unsteady flow for hydraulic systems.

Prerequisite(s): EGN 3353.

CWR 4202L - Civil Engineering Hydraulics Laboratory**Credit(s): 1**

Performance of experiments to reinforce principles of hydraulics engineering.

Corequisite(s): CWR 4202

Restriction(s):

Junior Standing
Majors Only

Senior Standing

CWR 4540 - Water Resources Engineering I

Credit(s): 3

A study of the engineering principles involved in sustaining and managing the quantity and quality of water available for human activities with particular emphasis on surface water and ground water hydrology.

Prerequisite(s): CWR 4202.

CWR 4541 - Water Resources Engineering II

Credit(s): 3

The course is intended to be a technical elective for students specializing in water resources or environmental engineering. Material in the course covers subsurface hydrology including both soil vadose zone processes and the ground water flow.

Prerequisite(s): EGN 3353, CWR 4202.

CWR 4620 - Ecological Engineering

Credit(s): 3

This course explores ecological principles and engineering design techniques to enable the creation and rehabilitation of ecosystems for the benefit of nature and society. Particular applications to be covered include water pollution control (wastewater and stormwater), and ecosystem restoration (freshwater/coastal wetlands, and rivers).

Prerequisite(s): CHM 2045 min grade C or CHS 2440 min grade C or AP25 min score 4 AND

CWR 4540 min grade C

UN SDG(s):

SD06 - Clean Water and Sanitation
SD11 - Sustainable Cities-Communities
SD13 - Climate Action
SD14 - Life Below Water
SD15 - Life on Land

CWR 4812 - Capstone Water Resources-Environmental Design

Credit(s): 3

A capstone water resources design experience for seniors in Civil and Environmental Engineering. A design-oriented course to design both industrial and domestic water treatment and water transport systems and hydraulic systems.

Course Attribute(s): CPST - Capstone Learning Experience, CST - Capstone, TGEH - High Impact Practice

Prerequisite(s): CWR 4540 with min grade C- and ENV 4417 with min grade C-

CWR 4540 - Water Resources Engineering I

CoPrerequisite(s): CGN 4122 with min grade C- and EGN 3615 with min grade C-

UN SDG(s):

SD03 - Good Health and Well-being
SD06 - Clean Water and Sanitation
SD11 - Sustainable Cities-Communities

DAA 2100 - Fundamentals Of Modern Dance

Credit(s): 2

A studio class for students with a serious interest in concert modern dance. Emphasis upon correct alignment, development of strength, rhythmic and dynamic activity, as well as spatial and locomotor patterns. May be repeated up to six credit hours.

DAA 2104 - Modern Dance I

Credit(s): 2

A studio class for students with a serious interest in concert modern dance. Further emphasis on correct alignment, development of strength, rhythmic and dynamic activity as well as spatial and locomotor patterns. May be repeated up to 8 credit hours.

Other Information: Admission by placement audition.

DAA 2200 - Fundamentals Of Ballet

Credit(s): 2

A studio class for students with a serious interest in Ballet. Emphasis on correct alignment of the body and a progressive development of positions and barre exercises as well as the application of combinations in center work using classical Ballet vocabulary (French terms). May be repeated.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

DAA 2204 - Ballet I

Credit(s): 2

A studio class for students with a serious interest in Ballet. Further emphasis on correct alignment of the body and a progressive development of positions and barre exercises as well as the application of combinations in center work using classical Ballet vocabulary (French terms). May be repeated.

Other Information: Admission by placement audition.

DAA 2500 - Fundamentals Of Jazz Dance

Credit(s): 2

A basic movement course in Jazz Dance involving dance vocabulary, alignment, styles and simple rhythmic patterns. May be repeated up to 6 credits.

DAA 2504 - Jazz Dance

Credit(s): 2

A technique class for the intermediate level dancer to become acquainted with the dance styles and forms of musical theatre and concert jazz dance. Emphasis is on highly stylized movement with a strong rhythmic base. May be repeated.

Prerequisite(s): DAA 2500

Other Information: Admission by placement audition.

DAA 3108 - Modern Dance II

Credit(s): 1-3

Study of principles of modern dance technique. Practical work in exercises and movement phrases, utilizing changing rhythms and dynamics. Concert and performance attendance required. May be repeated.

Other Information: Admission by placement audition

DAA 3109 - Modern Dance III

Credit(s): 1-3

Continuation of DAA 3108. Further emphasis on style and phrasing. Work on projecting mood and quality by dancing and rehearsing in more

advanced choreography, leading to performance. May be repeated.

Other Information: Admission by placement audition

DAA 3209 - Ballet III

Credit(s): 1-3

Continuation of DAA 3208. Intensification of barre exercises for the development of strength and form. Application of phrasing and movement. Material covered as practical work in class for concerts and performances. May be repeated.

Other Information: Admission by placement audition

DAA 3214 - Ballet II

Credit(s): 1-3

Positions and barre exercises. Emphasis on correct alignment of the body and the application of simple step combinations in centre work. The use of ballet vocabulary (French terms). Material is covered almost totally as practical work in class with a few outside projects. Concert and performance attendance required. May be repeated.

Other Information: Admission by placement audition

DAA 3294 - Ballet Variations

Credit(s): 1

This course provides instruction in various forms of ballet. Semester courses include: Pointe technique, Men's Class, Character Dance, Spanish Dance and Partnering. BFA Ballet concentration students are required to complete two semester hours. May be repeated.

Prerequisite(s): DAA 3209

DAA 3395 - World Dance Topics

Credit(s): 1

Students will experience fundamental knowledge of dance representing various world cultures. In addition to a dance/movement component, a connection will be made to historical, spiritual/religious, ethnological and environmental indigenous aspects of people involved in dance as a cultural experience. May be repeated.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

DAA 3614 - Choreography I

Credit(s): 2

Focus is upon movement invention and concepts of time, space and force. Integration of basic musical foundations and compositional structures, i.e. ABA and Canon, theme/ variations. Research of various musical genres, rhythms and styles.

Corequisite(s): DAA 3108 or DAA 3214

DAA 3615 - Choreography II

Credit(s): 2

This course focuses on the use of choreographic devices/tools for movement inspiration, improvisation for generating movement, creating meaning, and music and its relation to the art form of dance (i.e. meter, tempo, rhythm, and style).

Prerequisite(s): DAA 3614

DAA 3624 - Dance Improvisation

Credit(s): 2

Exploring various methods of spontaneously creating dance movement in individual and group situations. Focus is upon movement expression as communication and as a revealing aspect of self-hood.

Course Attribute(s): GCPC - Global Citizens Project Course

Restriction(s):

Majors Only
Non-Majors Only
Permit Required

UN SDG(s):

SD16 - Peace

DAA 3654 - Repertory I

Credit(s): 1

The development and performance of solo and/or group dances.

Other Information: Admission by audition

DAA 3684 - Repertory II

Credit(s): 1

The development and performance of solo and/or

group dances.

Other Information: Admission by audition

DAA 3686 - Junior Performance Project

Credit(s): 1

Required for junior dance majors. Involves rehearsal and performance of work presented by a senior dance major in the dance program. Open to all university students proficient in dance techniques and concurrently enrolled in technique courses. Repeatable.

Other Information: Admission by audition

DAA 4110 - Modern Dance IV

Credit(s): 1-4

Intense work on the growth of personal performance styles. Equal emphasis will be given to training the body in the development of technical excellence. May be repeated.

Other Information: Admission by audition

DAA 4211 - Ballet IV

Credit(s): 1-3

Perfecting the execution of barre work. Intensification of centre work. More stress on aesthetic quality of movement and phrasing. Students expected to be proficient in pointe work. Outside projects, concerts, and performances are required. May be repeated.

Other Information: Admission by audition

DAA 4616 - Choreography III

Credit(s): 2

Course emphasis is primarily on group choreography, along with a final project where students work with incorporating text and movement. Continuation of the study of meter, tempo, rhythm, and style in music, as well as dynamics and phrasing.

Prerequisite(s): DAA 3615

Corequisite(s): DAA 3109 or above, or DAA 3209 or above

DAA 4617 - Choreography IV

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 2

The focus of this course is taking choreography beyond the stage, structured around two main projects: creating a site-specific work, and filming/editing a dance video project, including creating an audio score. Introduction to music editing.

Prerequisite(s): DAA 4616

DAA 4687 - Performance**Credit(s): 1-2**

Open to all university students proficient in dance techniques and concurrently enrolled in Technique. Involves rehearsal and performance of works presented by the department. May be repeated.

Other Information: Admission by audition.

DAA 4694 - Senior Choreography Project**Credit(s): 1-5**

The creation of an original group work and solo within the senior's major concentration-ballet or modern. To be performed and presented with the concurrence of a faculty advisor.

Restriction(s):

Majors Only
Senior Standing

Other Information: Dance majors

DAE 4340 - Dance Pedagogy: Secondary Curriculum**Credit(s): 3**

This course is designed to meet the needs of students in Dance Education to understand the scope and sequence of dance curriculum design and teaching methods appropriate to the secondary student.

DAE 4340L - Dance Pedagogy: Internship**Credit(s): 1**

This course is designed to meet the needs of students interested in teaching at the secondary level (Middle/High School). It provides an internship experience where students have the opportunity to develop their teaching skills in a public school setting.

Corequisite(s): DAE 4340

Restriction(s):

Majors Only
Permit Required

DAE 4394 - Senior Seminar In Dance Education**Credit(s): 2**

This course represents a synthesis of the teacher candidates courses and is required concurrently with the internship.

Corequisite(s): DAE 4940

DAN 2100 - Understanding the Dance Experience**Credit(s): 3**

A study of dance through lectures, discussions, concert attendance, and studio practice. Designed to develop awareness and insight of dance through creation, discussion, observation, writing, and movement experiences.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, TGEC - Creative Thinking

Restriction(s):

Majors Only
Non-Majors Only
Permit Required

DAN 2160 - Entry Seminar**Credit(s): 2**

This is a study of dance-related career opportunities through lectures, assigned reading and video viewing. This course will aid majors in understanding dance as an aesthetic art form through discussion and critical evaluation.

DAN 3584 - Technical Theatre in Dance**Credit(s): 2**

An introductory course in technical production including lighting, sound, scenic, stage management/production and front of house. Requires load-in hours/crew assignments during USF Fall and Spring Dance Concerts.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

DAN 3714 - Dance Kinesiology

Credit(s): 3

This course will give the student an understanding of basic human anatomy and how it functions in relation to movement, injury prevention, teaching and performance. Individual structural differences and how these affect movement potential will also be studied. There will be an emphasis on the kinesiological analysis of movement with the goal of increased efficiency, enhanced performance and injury prevention.

DAN 4134 - Ballet History

Credit(s): 3

This is a lecture course in dance history stemming from its roots in Renaissance court dance through the mid-20th century focusing primarily on the history of ballet as an art form.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

DAN 4135 - 20th Century Dance History

Credit(s): 3

Designed for majors and non-majors, this course will trace the development of dance as an art form in the 20th Century. It is designed to develop awareness and insight through lecture, discussion, video, observation and writing. Students will be required to attend at least two dance performances.

Course Attribute(s): CPST - Capstone Learning Experience, HHCP - Human Historical Context & Process

DAN 4162 - Research in Dance I

Credit(s): 3

This course will introduce basic research tools and methodologies for conducting research in the dance genre, and will serve the student in preparing for future research based study in the field of dance. Interdisciplinary linkages will be explored.

Restriction(s):
Junior Standing

Other Information: Dance majors

DAN 4163 - Research in Dance II

Credit(s): 2

This course will build upon the research methods and processes introduced in the Research in Dance 1 course. Students in the BA degree track in dance are required to take this course to develop their research proposal for the independent research project.

Prerequisite(s): DAN 4162 with a minimum grade of C-

Restriction(s):
Permit Required

DAN 4180 - Dance Senior Seminar

Credit(s): 2

A study of career opportunities in performance, teaching, research, design, and choreography. To aid majors in self-appraisal as artists and develop methods to further their potential in the professional world. Discussion, critical evaluation and projects.

Course Attribute(s): GCPC - Global Citizens Project Course

Restriction(s):
Senior Standing

Other Information: Dance majors **UN SDG(s):**
SD16 - Peace

DAN 4434 - Laban Movement Analysis

Credit(s): 3

Specialized study in movement theories, body alignment, and movement patterns focusing on the scientific and analytical basis of movement in dance with consideration for developmental processes, technique, creative expression, and performance.

DAN 4906 - Directed Study

Credit(s): 1-5

Independent studies in the various areas of Dance. Must receive approval prior to registration. May be repeated.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

DAN 4930 - Selected Topics In Dance

Credit(s): 1-3

The content of the course will be governed by student and instructor interest. May be repeated by majors.

DEP 2004 - The Life Cycle

Credit(s): 3

An examination of individuals and the physical, cognitive, personality, and social changes which occur throughout the entire life span.

Course Attribute(s): SMEL - General Education Elective, SMSS - Social Sciences

DEP 4053 - Developmental Psychology

Credit(s): 3

Survey of methods, empirical findings, and theoretical interpretations in the study of human development.

Prerequisite(s): PSY 2012 with a C or better

DEP 4220 - Autism Spectrum Disorders

Credit(s): 3

Overview of research; information about causes of disorder; historical and philosophical views; biological & psychological research; efforts to help individuals live productive & independent lives; recent controversies; integrative approach to treatment.

Prerequisite(s): PSY 3213 with a C or better

DIG 3020C - Digital Public History

Credit(s): 3

This course explores a wide range of digital applications on public history focusing on the impact 3D visualization has got on public historians, curators, museum educators, docents and local and global public.

DIG 3119C - Digital Drawing

Credit(s): 3

Exploration of digital vector and raster based illustration and design. Students synthesize

traditional drawing and painting skills with digital tools. Includes study of digital imaging, drawing systems, color theory, and idea generation.

Prerequisite(s): ART 2301C with a minimum grade of C

Restriction(s):
Permit Required

DIG 3184 - Motion Design

Credit(s): 3

This course introduces motion graphics fundamentals, design principles, and techniques, including visual rhythm, kinetic typography, multiplanar effects, and established and emerging industry techniques.

Prerequisite(s): FIL 3720C, DIG 3465C, ART 3616C

DIG 3306C - 3D Animation

Credit(s): 3

Hands-on exploration of 3D animation. Through a series of structured experiments, exercises and projects students produce short animated films. Emphasis is on 3D workflows, animation principles, visual storytelling, dynamic motion, and performance.

Restriction(s):
Permit Required

DIG 3323C - Digital Sculpture

Credit(s): 3

Hands-on exploration of high-polygon digital sculpting for art and design. Students digitally sculpt figures and organic forms for 2D images, animation, 3D environments, and digital fabrication. Includes study of history, theory, and practices.

Restriction(s):
Permit Required

DIG 3465C - Visual Storytelling

Credit(s): 3

This is an intermediate course focused on digital storytelling for animation and film. Students explore story development, storyboarding, and the creation of animatics. Includes study of pre-production and conventions of cinematography.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): ART 3612C with a minimum grade of C

Restriction(s):
Permit Required

DSC 3013 - Terrorism and Homeland Security

Credit(s): 3

This course will introduce you to the phenomena of contemporary terrorism and extremism. Emphasis will be placed on extremism as a foundation for terrorist behavior, types of terrorism, and how governments and law enforcement agencies respond to terrorism

DSC 3594 - Introduction to Intelligence Analysis

Credit(s): 3

This course is designed for understanding how the intelligence community's history, structure, procedures, and functions affect policy decisions. It will explore challenges facing the intelligence community by examining NSA and CIA programs.

EAP 1850 - English for International Students I

Credit(s): 6

This course supports the development of academic English for international students, with an emphasis on processing, analyzing, and integrating information from academic texts and lectures, and applying pragmatic skills in university interactions.

EAP 1851 - English for International Students II

Credit(s): 6

This course supports the development of academic English for international students, with an emphasis on researching and producing papers and presentations in a variety of academic genres with appropriate academic language use.

EAS 4121 - Hydro and Aerodynamics

Credit(s): 3

Advanced fluid dynamics, ideal and viscous

flows, applications to flow around immersed bodies.

Prerequisite(s): EML 3701, MAP 2302.

EBD 4011 - Introduction to Behavior Disorders

Credit(s): 3

Survey of emotional, behavioral and social disorders in children and youth. History of the field, definitions, classifications, theoretical approaches, intervention techniques, classroom management, service delivery models, trends and issues.

Prerequisite(s): EEX 4012, or equivalent

EBD 4909 - Directed Study: Behavior Disorders

Credit(s): 1-3

To extend competency in teaching field.

Restriction(s):

Consent of Instructor or Department
Permit Required
Senior Standing

EBD 4941 - Undergraduate Supervised Practicum in Behavior Disorders

Credit(s): 1-6

Supervised field experience in assessment, classroom management, and clinical teaching with children who have emotional and behavioral disabilities.

Prerequisite(s): EEX 4012

Restriction(s):

Consent of Instructor or Department
Permit Required
S-U Grade System

ECH 3002 - Introduction to Chemical and Biomolecular Engineering

Credit(s): 2

Introduce chemical and biomedical engineering careers through discussion, videos, industrial/academic speakers, problems by virtual experiments to gather data for modeling and analysis with software tools.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Other Information: Non-repeatable for credit.

ECH 3023 - Material and Energy Balances

Credit(s): 3

Integration of previous knowledge into the definition of reactors and separation processes, through the hierarchical use of material balance, phenomenological and energy balance equations. Representation of streams as arrows and processes as black boxes in Box Flow Diagrams, BFD. Application of degree of freedom analysis.

Prerequisite(s): PHY 2048 with a minimum grade of C or PHY 2060 with a minimum grade of C or Physics C : Mechanics with a minimum score of 4, MAC 2282 with a minimum grade of C or MAC 2312 with a minimum grade of C or Calculus BC with a minimum score of 4, CHM 2046 with a minimum grade of C or Chemistry with a minimum score of 5, ECH 3854 with a minimum grade of C-

Restriction(s):
Permit Required

ECH 3101 - Chemical Engineering Thermodynamics I

Credit(s): 3

Introduction to foundational concepts in classical thermodynamics including entropy, work, first and second laws, and properties of ideal and real substances. Applications to chemical engineering cycles, processes, and unit operations.

Prerequisite(s): ECH 3023 with a minimum grade of C-

CoPrerequisite(s): EGN 3433 with a minimum grade of C or MAP 2302 with a minimum grade of C

Restriction(s):
Majors Only

ECH 3240L - Chemical Engineering Laboratory I

Credit(s): 2

Laboratory experiments in chemical engineering topics, such as mass and energy balances, transport phenomena and thermodynamics. Accompanied by lectures on safety, data analysis, and obtaining information.

CoPrerequisite(s): ECH 4267 with a minimum grade of C-

Restriction(s):
Permit Required

ECH 3266 - Transport Phenomena I

Credit(s): 3

Introduce principles of momentum, mass and heat transport. Mathematical modeling of transport in one dimension and obtain solutions for fluxes and profiles. To utilize them to obtain engineering quantities.

Prerequisite(s): ECH 3023 min grade C and (MAP 2302 OR EGN 3433 with min grade C)

Restriction(s):
Majors Only
Permit Required

Other Information: Non-repeatable for credit.

ECH 3702 - Instrument Systems I

Credit(s): 3

Basic concepts of electric circuits and their applications. Resistors, capacitors, inductors, logic operations, junction devices. Programmable Logic controllers, ladder diagrams.

Prerequisite(s): MAP 2302 or EGN 3433, EGN 3343 and ECH 3023

ECH 3783 - Sustaining the Earth: An Engineering Approach

Credit(s): 3

It provides a global perspective on ecological principles revealing how all the world's life is connected and sustained within the biosphere and how technology provides the tools to design solutions in the context of social and environmental development.

Course Attribute(s): 6AC - State Communication Requirement, 6ACM - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - State Communication Requirement, GCPC - Global Citizens Project Course, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ECH 3854 - Engineering Computations

Credit(s): 3

Engineering statistics and programming in MATLAB, with applications to ChBME problems. Includes numerical representations, matrix indexing, nested loops, conditional statements.

CoPrerequisite(s): MAC 2282 with a minimum grade of C or MAC 2312 with a minimum grade of C or Calculus BC with a minimum score of 4

Restriction(s):
Permit Required

Other Information: Non-repeatable for credit.

ECH 4123 - Chemical Engineering Thermodynamics II

Credit(s): 3

Correlation of thermodynamic properties of real systems and solutions. Description of multicomponent, multiphase systems in equilibrium. Applications to separation processes and reactor design.

Prerequisite(s): ECH 3023, EGN 3343, MAP 2302 or EGN 3433

ECH 4241L - Chemical Engineering Laboratory II

Credit(s): 2

Laboratory experiments in reaction engineering, process control, heat and mass transfer. Lectures on theoretical concepts explored, sensors and data acquisition, data analysis, uncertainty analysis and experimental design.

Prerequisite(s): ECH 3240L, ECH 4504, and ECH 4418

Restriction(s):
Permit Required

ECH 4267 - Transport Phenomena II

Credit(s): 3

Introduce application of unsteady and steady state modeling in mass, momentum, and heat transfer. Explain design based on transport processes for equipment such as heat exchangers, packed beds, mixing tanks etc.

Prerequisite(s): ECH 3266 and ECH 4123 and

ECH 4846

Restriction(s):
Majors Only
Permit Required

ECH 4323 - Process Dynamics and Control

Credit(s): 3

Modeling of process dynamics. Simulation of dynamic systems. Analysis and synthesis of feedback control systems. Stability. Design of feedback control systems. Concepts of advanced control systems.

Prerequisite(s): ECH 4418

ECH 4418 - Separation Processes

Credit(s): 3

Design of stage-wise and continuous separation processes for gas absorption, distillation, adsorption, liquid-liquid extraction, membrane separations. Utilization of process simulators and design case studies.

Prerequisite(s): ECH 3266 and ECH 4123 and ECH 4846

CoPrerequisite(s): ECH 4267

Restriction(s):
Majors Only
Permit Required

ECH 4504 - Kinetics and Reaction Engineering

Credit(s): 3

The course introduces design of commercial chemical reactors, emphasizing synthesis of chemical kinetics and transport phenomena.

Prerequisite(s): CHM 2046 with a minimum grade of C or Chemistry with a minimum score of 5, ECH 4846 with a minimum grade of C-, ECH 4123 with a minimum grade of C-, ECH 3266 with a minimum grade of C-

Other Information: Non-repeatable for credit.

ECH 4535 - Catalysis: Concepts and Applications

Credit(s): 3

Descriptions of thermodynamic, dynamic, and structural features of surfaces, Analysis of the chemical bonds at surfaces, Assessment of

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

unique properties of surfaces and exploitation in applications including heterogeneous catalysis.

CoPrerequisite(s): ECH 4123 with a minimum grade of C-

Restriction(s):
Permit Required

ECH 4605 - Product and Process Systems Engineering

Credit(s): 3

Methods of process and product cost estimation, profitability analysis, selection among alternatives, and optimization. Uncertainty and risk analysis. Safety. Batch process design and operation. Introduction to process synthesis and product design.

Prerequisite(s): ECH 4267 with a minimum grade of C-, ECH 4418 with a minimum grade of C-

Restriction(s):
Permit Required

ECH 4615C - Product and Process Design

Credit(s): 3

Synthesis and analysis of economically feasible and environmentally acceptable chemical processes and products; design of safe chemical production and treatment facilities; Computer aided design; Cases studies and design projects

Course Attribute(s): CPST - Capstone Learning Experience, CST - Capstone, TGEH - High Impact Practice

Prerequisite(s): ECH 4605, ECH 4504, ECH 4418

CoPrerequisite(s): ECH 4323C

ECH 4680C - Product Development

Credit(s): 3

Product development, focusing on the early stages (product identification, consumer and market research, prototype testing, innovation/creativity, etc.). Ethical, cultural and economic diversity aspects will be developed thru community involvement.

Course Attribute(s): CEL - Community Engaged Learning, GCPC - Global Citizens Project Course, TGEE - Ethical Reasoning and Civic

Engagement

Prerequisite(s): ECH 4267 with a minimum grade of C-, ECH 4418 with a minimum grade of C-

Restriction(s):
Junior Standing
Senior Standing

UN SDG(s):
SD12 - Responsible Consumpt

ECH 4715 - Chemical Process Safety and Ethics

Credit(s): 2

An introduction to the concepts and practice of chemical process safety and ethics

CoPrerequisite(s): ECH 4605 with a minimum grade of C-

Restriction(s):
Permit Required

ECH 4804 - Synthetic Fuel Production

Credit(s): 3

Descriptions of historic developments in transportation fuel production, current oil and gas industry methods for fuel production; Analyses of futuristic synthetic fuel production. Assessment of proposed future fuel economies.

Course Attribute(s): GCPC - Global Citizens Project Course

CoPrerequisite(s): ECH 4123 with a minimum grade of C-

Restriction(s):
Permit Required

UN SDG(s):
SD07 - Affordable and Clean Energy
SD11 - Sustainable Cities-Communities
SD13 - Climate Action

ECH 4846 - Numerical Methods in Chemical Engineering

Credit(s): 3

Computer usage in chemical engineering. Use of computer methods to solve chemical engineering problems. Solution of linear and nonlinear algebraic and differential equations that arise in chemical engineering. Optimization methods.

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): ECH 3023 with a minimum grade of C-
Restriction(s):
Permit Required

ECH 4905 - Independent Study

Credit(s): 1-4
Specialized independent study determined by the student's needs and interests. Students must have contract with instructor.

ECH 4931 - Special Topics in Chemical Engineering II

Credit(s): 1-3
Chemical Engineering Special Topics Course.

ECH 4936 - Undergraduate Seminar

Credit(s): 1
Introduction to the profession. Career development. Information sources for Chemical Engineers. Professional organizations. Ethics in the profession. Safety and Chemical Engineering. Lifelong learning. Leadership in the profession. Legal issues.

CoPrerequisite(s): ECH 3023

ECH 4944 - Industry Internship

Credit(s): 1-3
Individual study as practical chemical and biomedical engineering related work under industrial supervision with a faculty approved outline and end-of-semester report.

Prerequisite(s): ECH 3023
Restriction(s):
Consent of Instructor or Department Permit Required
S-U Grade System

Other Information: Course is not repeatable.

ECO 1000 - Basic Economics

Credit(s): 3
Survey of economic principles and issues. Scarcity, choice, markets, prices, the monetary system, unemployment, inflation, international trade and finance.

Course Attribute(s): CASB - Social & Behavioral Sciences

Other Information: No credit after completing either ECO 2023 or ECO 2013.

ECO 2013 - Economic Principles (Macroeconomics)

Credit(s): 3
ECO 2013 introduces students to basic economic terminology, definitions and measurements of macroeconomic data, simple macroeconomic models, fiscal and monetary policy, and international macroeconomic linkages.

Course Attribute(s): CASB - Social & Behavioral Sciences, SGES - General Education Core Social Sciences, SMEL - General Education Elective, SMSS - Social Sciences, SPSS - Social Sciences

ECO 2023 - Economic Principles (Microeconomics)

Credit(s): 3
Introduction to the theory of price determination. How an economy decides what to produce, how to produce, and how to distribute goods and services.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, SMEL - General Education Elective, SMSS - Social Sciences, TGEC - Creative Thinking

ECO 2052 - Analytical Tools for Economists

Credit(s): 3
Mathematical tools required for the study of undergraduate economics. Topics include algebra, graphing, and basic differential and integral calculus required for students to succeed in undergraduate economics courses.

ECO 3101 - Intermediate Price Theory

Credit(s): 3
MAC 2281 The price system and allocation of scarce resources between competing uses. May not receive credit for ECO 3101.

Prerequisite(s): ECO 2023 with a C- or better

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

and ECO 2052 or MAC 2233 or MAC 2241 or MAC 2281 or MAC 2311 with a C- or better

ECO 3203 - Intermediate Macroeconomics

Credit(s): 3

Determination of income, employment, prices, and interest rates. Aggregate demand and aggregate supply.

Prerequisite(s): ECO 2023 with a C- or better and ECO 3101 with a C- or better and ECO 2052 or MAC 2233 or MAC 2241 or MAC 2281 or MAC 2311 with a C- or better

ECO 3622 - American Economic History

Credit(s): 3

Growth and evolution of American economic institutions from Colonial times to the present.

Prerequisite(s): ECO 2013 with a C- or better and ECO 2023 with a C- or better

ECO 3703 - International Economics

Credit(s): 3

Role of international trade in the U.S. economy. Gains from trade, balance of payments, exchange rate determination, balance of payments stability, and international commercial policy.

Course Attribute(s): EMWP - Major Works and Major Issues

Prerequisite(s): ECO 2013 with a C- or better and ECO 2023 with a C- or better

ECO 4105 - Advanced Price Theory

Credit(s): 3

An advanced survey of special topics in microeconomics: borrowing and saving, decision making under uncertainty, markets for capital and labor, game theory, production and exchange efficiency, social welfare, and efficiency consequences of market and non-market allocation.

Prerequisite(s): ECO 3101 with a B- or better

ECO 4201 - Advanced Macroeconomic Theory

Credit(s): 3

An advanced analysis of a particular topic or topics in macroeconomics. Areas of study include the theories of money, growth, and business cycles. Discussions of how such theories accord with the data are also presented.

Prerequisite(s): ECO 3203 with a B- or better

ECO 4270 - Economic Growth

Credit(s): 3

This course provides an introduction to the theory of economic growth, the process whereby the level of real output per capita increases over time. Emphasis is on the role of factor accumulation and productivity growth and their underlying fundamentals.

Prerequisite(s): ECO 3101 with a C- or better

ECO 4303 - History of Economic Thought

Credit(s): 3

Development of economic thought from Plato to Marshall.

Prerequisite(s): ECO 2013 with a C- or better and ECO 2023 with a C- or better

ECO 4400 - Game Theory and Economic Applications

Credit(s): 3

This course is an introduction to game theory, the study of strategic behavior among parties having opposed, mixed or similar interests.

Prerequisite(s): ECO 2013 with a C- or better and ECO 2023 with a C- or better

ECO 4401 - Introduction to Mathematical Economics

Credit(s): 3

Mathematical models of optimizing behavior and economic equilibrium.

Prerequisite(s): ECO 2013 with a C- or better and ECO 2023 with a C- or better and ECO 2052 or MAC 2233 or MAC 2241 or MAC 2281 or

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MAC 2311 with a C- or better

Restriction(s):

Consent of Instructor or Department

ECO 4421 - Introduction to Econometrics

Credit(s): 3

Survey of basic econometric techniques. Regression analysis employed to estimate consumption, investment, demand, cost, and production functions. Examines problems of auto-correlation, heteroscedasticity, multicollinearity, and specification errors.

Prerequisite(s): ECO 3101 with a C- or better and QMB 3200 or STA 2023 with a B- or better

ECO 4422 - Time Series Analysis and Forecasting

Credit(s): 3

This course covers the basics of forecasting and time series analysis as used in economics, finance, and business. Time series topics will include linear regression, ARIMA models, trend modeling, seasonal adjustments and volatility modeling.

Prerequisite(s): ECO 4421 with a minimum grade of C-

ECO 4504 - Public Finance

Credit(s): 3

The public sector and its contribution to economic welfare. Government expenditures and revenues. Resource allocation, income distribution, stabilization, and economic growth.

Prerequisite(s): ECO 3101 with a C- or better

ECO 4704 - International Trade and Policy

Credit(s): 3

Advanced analysis of international trade theory and commercial policy, international economic integration, multinational enterprise.

Prerequisite(s): ECO 3101 with a C- or better

ECO 4713 - International Macroeconomics

Credit(s): 3

Advanced analysis of international macroeconomic relationships. Foreign exchange market, international monetary system balance of payments.

Prerequisite(s): ECO 3101 with a C- or better

ECO 4914 - Independent Research

Credit(s): 1-3

Individual study contract with instructor and department chairperson required. The research project will be mutually determined by the student and instructor. May be repeated up to 6 hours.

ECO 4935 - Selected Topics in Economics

Credit(s): 1-3

Topics to be selected by the instructor or instructors on pertinent economic issues.

ECO 4970 - Economics Honors Thesis

Credit(s): 3

This course is the climax of an undergraduate experience in the College of Business. Thesis development supports critical investigation to develop explanations or solutions to academically interesting business problems or opportunities.

ECP 3008 - Economics of Tourism

Credit(s): 3

The economics of tourism is concerned with the allocation of scarce resources to satisfy consumers' demand for tourism and with the impact of tourism at the macroeconomic and microeconomic levels. The demand- and supply-side characteristics of tourism combine to provide assessments of the wider impacts of tourism, ranging from measuring the size of tourism with input-output models, to quantifying the impact of additional tourism demand through computable general equilibrium models and assessing the importance of tourism in economic development.

Prerequisite(s): ECO 2023 - Principles of Microeconomics with a minimum grade of C-

ECP 3125 - Economics of Inequality

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Economic facts, theories and policies concerning income inequality, poverty and discrimination in the U.S. economy and elsewhere in the world.

Prerequisite(s): ECO 1000 or ECO 2013 or ECO 2023 with a C- or better

ECP 3201 - Economics of Women and Work**Credit(s): 3**

Survey of research on women, men and work in the labor market and the household. Focuses on the economic status of women. Includes historical perspective, examination of the family as an economic unit, changing work roles, and gender differences in occupation and earnings.

Course Attribute(s): EMWP - Major Works and Major Issues

Prerequisite(s): ECO 1000 with a C- or better or ECO 2013 and ECO 2023 with a C- or better

ECP 3203 - Labor Economics**Credit(s): 3**

Determinants of wage and employment levels; occupational, industrial and geographical wage differentials; union and public policy effects on labor markets; the economics of discrimination; inflation, and unemployment.

Course Attribute(s): SMLE - Leadership & Ethics Pillar

Prerequisite(s): ECO 3101 with a C- or better

ECP 3302 - Environmental Economics**Credit(s): 3**

An economic analysis of environmental issues. The economics of resource use and pollution control are examined using the concepts of externalities, cost-benefit analysis, public goods, and property rights.

Course Attribute(s): EMWP - Major Works and Major Issues

Prerequisite(s): ECO 3101 with a C- or better

ECP 3303 - Economics and the Environment**Credit(s): 3**

Intro to economic analysis centered on environmental issues and their impact on local communities. Economics of resource use and pollution examined using concepts of externalities, cost-benefit analysis, policy instruments. Course only Study Abroad.

Course Attribute(s): EDR - Education Abroad, TGEE - Ethical Reasoning and Civic Engagement, TGEH - High Impact Practice

ECP 3403 - Industrial Organization**Credit(s): 3**

Behavior of firms and market structure when the standard assumption of perfect competition in the market is violated. Existence of market power, how firms create and maintain it, implications of market power, and related public policy issues.

Prerequisite(s): ECO 3101 with a C- or better

ECP 3413 - Economics of Regulation and Antitrust**Credit(s): 3**

Economic analysis of the rationale and performance of government regulation and antitrust policy. Examination of antitrust issues such as price fixing, mergers, and monopolization, and issues regulating electric utilities, airlines, trucking, consumer product safety, product quality, and the environment.

Prerequisite(s): ECO 2013 with a C- or better and ECO 2023 with a C- or better

ECP 3530 - Economics of Health**Credit(s): 3**

Application of economic methods to health care topics such as demand for medical care, public and private health insurance, physician and hospital supply of medical care, government regulations, and national healthcare systems.

Prerequisite(s): ECO 3101 with a C- or better

ECP 3613 - Urban Economics**Credit(s): 3**

The role of space in understanding urban areas and their problems. Economic forces determining where people and firms locate within urban areas. Urban economic growth and development,

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

land-use regulation, urban sprawl, transportation, urban government.

Prerequisite(s): ECO 3101 with a C- or better

ECP 3623 - Regional Economics

Credit(s): 3

Survey of regional economics covers theories of location and land use of households and firms; central place theory; spatial structure of urban economy; regional income determination; interregional migration; and urban and regional policy analysis.

Prerequisite(s): ECO 3101 with a C- or better

ECP 4451 - Law and Economics

Credit(s): 3

Advanced analysis of the economic impact of tort, criminal, property, and contract law as well as in the formation and adjudication of law.

Prerequisite(s): ECO 2013 with a C- or better and ECO 2023 with a C- or better

ECP 4510 - Economics of Education

Credit(s): 3

Economic analysis of the goals of education in American society. Topics include theories of human capital and signaling, private returns to schooling, social welfare benefits and role of the public sector, and factors affecting educational productivity.

Prerequisite(s): ECO 3101 with a C- or better or ECO 2023 and ECO 2013 with a B- or better

ECP 4704 - Economics of Business Strategy

Credit(s): 3

This course examines strategies businesses can employ to improve their abilities to compete profitably. Employs game theory to examine horizontal and vertical boundaries of firm, strategic diversification, pricing, and entry deterrence.

Prerequisite(s): ECO 3101 with a C- or better

ECS 3013 - Economic Development

Credit(s): 3

Economic development in emerging nations.

Prerequisite(s): ECO 2013 with a C- or better and ECO 2023 with a C- or better

ECS 4003 - Comparative Economic Systems

Credit(s): 3

The major economic systems: traditional, capitalism, democratic socialism, communism and fascism.

Prerequisite(s): ECO 1000 or ECO 2013 or ECO 2023 with a C- or better

ECS 4430 - Economics of Latin America

Credit(s): 3

The course examines key aspects of economic reform efforts in Latin America and the Caribbean and the challenges facing the region at the beginning of the 21st century.

Course Attribute(s): EMWP - Major Works and Major Issues

Prerequisite(s): ECO 1000 with a C- or better or ECO 2013 and ECO 2023 with a C- or better

ECT 4905 - Independent Study: Industrial-Technical Education

Credit(s): 1-4

Specialized independent study determined by the student's needs and interests.

Restriction(s):

Senior Standing

Other Information: Not repeatable

EDE 4301 - Instructional Planning for Diverse Learners

Credit(s): 3

This course examines the legal issues affecting classroom/school management, school safety, professional ethics and elementary school methods. The course explores the current knowledge of best practices of a variety of teaching and management strategies and methods deemed appropriate for a diverse elementary classroom setting including ESOL students and other exceptionalities.

Restriction(s):
Majors Only

Other Information: Department of Childhood Education student

EDE 4302 - The Learning Environment

Credit(s): 3

This course covers the practical, theoretical, and ethical aspects of the learning environment, including the current knowledge of best practices of a variety of management strategies and

methods appropriate for a diverse elementary classroom setting.

Prerequisite(s): EDE 4947, RED 4310, EEX 4084, and MAE 4310

Corequisite(s): EDE 4948

EDE 4323 - Planning for Instruction of Diverse Learners

Credit(s): 3

This course will explore various theoretical and philosophical beliefs regarding effective instruction. Students will plan rigorous, integrated lessons inclusive of national & state standards & benchmarks while meeting diverse learners' needs.

Prerequisite(s): EDE 4223, EDF 3604, EDF 3122, all with a minimum grade of C-

EDE 4504 - Creating and Differentiating Learning Environments

Credit(s): 3

Approaches to managing the elementary instructional environment and specific strategies for maintaining a safe, positive classroom climate are examined as well as current knowledge of innovative best practices in differentiated instruction.

EDE 4802 - The Teacher as Researcher

Credit(s): 3

This course prepares teacher candidates to conduct teacher research within their classrooms. This research is presented as a paper which is revised across the semester that summarizes the classroom research.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

Corequisite(s): EDE 4940

Restriction(s):
Majors Only

EDE 4940 - Internship: Elementary Education

Credit(s): 3-12

Teacher candidate required to demonstrate professional competencies during full day internship in a public or private elementary school.

Course Attribute(s): CPST - Capstone Learning Experience

Prerequisite(s): EDE 4941 and EDE 4942

Corequisite(s): EDE 4802

Restriction(s):

Majors Only

Other Information: Repeatable for credit (total 10 min - 12 max hrs).

EDE 4941 - Childhood Education Internship Level I

Credit(s): 3

Students spend six hours per week in a supervised in-school experience and attend weekly seminar.

Corequisite(s): RED 4310

Restriction(s):

Majors Only

S-U Grade System

Other Information: Elementary Education student

EDE 4942 - Childhood Education Internship Level II

Credit(s): 3-6

Students spend two days per week in a supervised internship experience in classroom settings and attend a weekly seminar. Course is restricted to Elementary Education majors. Course is repeatable for credit, for a total of 6 credit hours.

Prerequisite(s): EDE 4941, RED 4310, EDF 3122, LAE 4314, EDE 4301, MAE 4310, SCE 4310, LAE 3414, SSE 4313, EME 2040.

EDE 4943 - Alternative Setting Field Experience

Credit(s): 3

This alternative setting field experience course provides Undergraduate Teacher Candidates with opportunities to work with children in non-traditional, diverse settings and integrate course and field experiences to facilitate learning.

Prerequisite(s): EDE 4942.

EDE 4944 - Childhood Education Internship Level III

Credit(s): 3

This internship experience complements foundational coursework expected in the Elementary Education program. Students spend two full days per week in an internship experience in K-6 classrooms. The classroom experiences are supplemented by a weekly seminar.

Prerequisite(s): EDE 4942.

EDE 4947 - Clinical Education I

Credit(s): 3

Students will work in an elementary classroom for 3 hours per day of student contact time throughout the semester, learning to plan and instruct pupils and begin to understand the structure and operation of the school.

Prerequisite(s): EDF 3122 with a minimum grade of C-

Corequisite(s): EEX 4084

EDE 4948 - Clinical Education II

Credit(s): 6

Students will teach in an assigned elementary school for 14 weeks. Candidates/mentors assess their teaching abilities and personal attributes necessary to the profession through a process of dialogue and reflection.

Prerequisite(s): EDE 4947, EDE 4323, MAE 4310, and RED 4511

The teacher candidate is required to demonstrate professional competencies during one semester of full day internship in a public elementary school. Candidates are expected to perform all teaching duties and responsibilities including a weekly seminar.

Prerequisite(s): EDE 4948

Restriction(s):
Permit Required
S-U Grade System

EDF 2005 - Introduction to the Teaching Profession

Credit(s): 3

Introductory survey course required for admission into the College of Education. A broad overview of the history, sociology and philosophy of education in the United States focuses on education as a field of study and teaching as a profession. Includes lecture and field experience.

Course Attribute(s): SMEL - General Education Elective

EDF 2085 - Education, Diversity, and Global Society

Credit(s): 3

The course explores the role of formal and informal education within an increasingly diverse and global society. The course covers sociocultural approaches to education with a focus on immigration, race, gender, language, sexuality, and ability.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, GCPC - Global Citizens Project Course, SMEL - General Education Elective, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

UN SDG(s):

SD04 - Quality Education
SD10 - Reduced Inequality

EDF 3122 - Learning and the Developing Child

Credit(s): 3

Preadolescent child growth and development, learning theory, and behavioral analysis applied to instruction and to the organization and management of classroom.

Prerequisite(s): General psychology

Restriction(s):
Majors Only

Other Information: College of Education student

EDF 3132 - Child and Adolescent Development

Credit(s): 3

Course critically examines developmental stages and characteristics of individuals from infancy through adolescence with application to learners in educational settings. Includes the needs of English Language Learners and students with varying abilities.

EDF 3214 - Human Development and Learning

Credit(s): 3

Application of respondent and operant learning principles to classroom learning, teaching models for different instructional goals, analysis of teacher behavior, micro-teaching.

SD15 - Life on Land
SD16 - Peace
SD17 - Partnerships

**EDG 3801 - Cybersecurity and the
Everyday Citizen****Credit(s): 3**

This course explores the human side of cybersecurity in a globally connected world. We will focus on personal, social and policy issues as well as address strategies to secure our digital footprints and promote safe interactions.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, GCPC - Global Citizens Project Course, TGEI - Information and Data Literacy

UN SDG(s):

SD16 - Peace

**EDG 3943 - Integrated Clinical
Experience Grades K-5****Credit(s): 3**

Practical application in a clinical setting of knowledge acquired in the classroom. Includes placements for elementary and exceptional student education.

**EDG 4012 - Standards Based
Education**

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 1

This course is designed to introduce students to standards-based education, linking program outcomes for student learning with the relevant state and national educational standards. The course is restricted to majors and is not repeatable for credit.

Prerequisite(s): FLE 4317 for undergraduate

EDG 4376 - Literacy/Literature and Social Studies/ESE**Credit(s): 4**

The purpose of this course is to extend competency in teaching through an integrated approach integrating literacy, literature, and social studies for all students.

EDG 4444 - Instructional Design and Classroom Management**Credit(s): 3**

Examines the legal issues affecting classroom/school management, school safety, professional ethics, & elementary school methods; explores best practices of a variety of teaching/management strategies deemed appropriate for diverse elementary settings.

EDG 4909 - Directed Studies**Credit(s): 1-4****Restriction(s):**

Permit Required
Senior Standing

EDG 4934 - Final Intern Seminar**Credit(s): 1**

The Seminar provides a ongoing continuous improvement activities throughout the full time student teaching experience. It also provides opportunities for the candidates to examine their experiences in their student teaching classroom settings.

Corequisite(s): EDG 4944

Other Information: Achieve passing scores on the GKT

EDG 4941 - Practicum in Secondary Teaching**Credit(s): 3**

This course is a clinical experience designed to provide pre-service teachers with opportunities to work with students in grades six through 12 in classroom settings. Candidates will be in their schools for 60 hours during the term.

Restriction(s):

S-U Grade System

EDG 4944 - Integrated Final Internship**Credit(s): 3-12**

This course provides full-time general education and an ESE classroom experience for candidates to integrate the theoretical knowledge from university course work and previous field experiences to master state and university standards.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

Corequisite(s): EDG 4934

Restriction(s):

Majors Only

EDM 3403 - Middle Level Education**Credit(s): 3**

Middle level teacher candidates will learn the tenets of middle level education for today's young adolescent learner, with an emphasis on the developmental needs of young adolescent learners and the latest trends and issues in middle level education.

Restriction(s):

Majors Only

Other Information: College of Education and Middle School Science Education Program or the Middle School Mathematics Education Program student

EDM 3620 - Teaching the Young Adolescent Learner**Credit(s): 3**

Middle level teacher candidates will learn about the links between the developmental needs of young adolescents, learning theories, middle level curriculum, middle level instructional strategies, ethical behavior and professional competence.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Restriction(s):
Majors Only

Other Information: College of Education and Middle School Science or Math Program student

EDM 4406 - Contemporary Issues in STEM Education

Credit(s): 3
Provides middle school mathematics and science teacher candidates opportunities to explore STEM issues and their role in the STEM pipeline, experience integrated STEM learning opportunities, and develop problem and place-based learning activities.

Course Attribute(s): CPST - Capstone Learning Experience

Corequisite(s): MAE 4942

Restriction(s):
Majors Only

EDP 2210 - Learning in the Real World

Credit(s): 3
This course provides a real-world perspective on learning and development. Using theories and concepts grounded in educational psychology, students observe and creatively investigate how learning and development occur across the life span.

Course Attribute(s): 6AC - State Communication Requirement, TGEC - Creative Thinking

EDP 3271 - Child Development within a School Context

Credit(s): 1
An introductory course designed to acquaint students with cognitive developmental theories and research that can be applied within a school context. Emphasis on the elementary school years. Restricted to Elementary or Special Education major.

Restriction(s):
Majors Only

Other Information: Elementary Education

Program or the Special Education Program student

EDP 3272 - Learning within a School Context

Credit(s): 1
An introductory course designed to acquaint students with brain development and learning that can be applied within a school context. Emphasis on the elementary school years. Restricted to Elementary or Special Education majors.

Restriction(s):
Majors Only

Other Information: Elementary Education Program or the Special Education Program student

EDP 3273 - Learning and Development within the School Context

Credit(s): 3
An introductory course designed to acquaint students with developmental theories and research that can be applied within a school context. This course is required and restricted for the undergraduate elementary education program.

Restriction(s):
Consent of Instructor or Department Permit Required

EDP 4275 - Enhancing Children's Learning and Development within a School Context

Credit(s): 1
A course that helps students to design instruction while considering individual differences & theories and research in child development and learning. Emphasis on the Elementary School years. Restricted to elementary or Special Education majors.

Restriction(s):
Majors Only

Other Information: Elementary Education Program or the Special Education Program student

EEC 4008 - Teaching Literature and Writing in Early Childhood

Credit(s): 3

This course is designed to provide pre-service teachers with the skills necessary to implement a coordinated literature program and an integrated writing curriculum.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

Restriction(s):

Junior Standing
Majors Only
Senior Standing

EEC 4203 - Programs for Young Children

Credit(s): 3

Develops students' understanding of historical and social foundations of early childhood education, establishing professional beliefs regarding teaching young children, and developing an appropriate learning environment.

Restriction(s):

Majors Only

Other Information: Early Childhood major

EEC 4211 - Science for Young Children

Credit(s): 3

The purpose of this course is for pre-service teachers to apply research-based learning theories to plan and teach science effectively in the Early Childhood classroom. Enrollment is restricted to majors.

Prerequisite(s): EDF 4124

Restriction(s):
Majors Only

Other Information: Early Childhood major

EEC 4212 - Integrated Curriculum: Social Sciences/Humanities & Art

Credit(s): 3

Develops an understanding of appropriate

curriculum experiences in social science, humanities, and arts for kindergarten and primary grades with an emphasis on integrated experiences, and sociological influences such as culture, ethnicity, language and gender impact understandings, values, and learning.

Prerequisite(s): EDF 4124

Restriction(s):
Majors Only

Other Information: Early Childhood major

EEC 4303 - Creative and Affective Experiences for Young Children

Credit(s): 3

Develops students' understandings of young children's creative expression through art, music, movement, play and drama. Emphasizes how to plan, implement, and evaluate appropriate learning experiences as well as selection of appropriate instructional materials.

Restriction(s):

Majors Only

Other Information: Early Childhood major

EEC 4307 - Cognitive Experiences for Young Children

Credit(s): 3

Emphasizes theoretical and practical aspects of cognitive development for children ages 3 through 6 with focus on planning integrated experiences and content in science, mathematics, and social sciences.

Prerequisite(s): EDF 4124

Restriction(s):
Majors Only

Other Information: Early Childhood major

EEC 4321 - Mathematics for Young Children

Credit(s): 3

The purpose of this course is for pre-service teachers in the Early Childhood Program to apply research-based learning theories to plan and teach math effectively in the Early Childhood classroom.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

EEC 4404 - Family, School and Community Partnerships

Credit(s): 3

Focus on developing an understanding of traditional and non-traditional family structures and parenting and diverse cultures for the early childhood educator. Implications will guide the professional development of family involvement strategies.

EEC 4408 - Child, Family & Teacher Relations

Credit(s): 3

Focuses on developing an understanding of traditional and non-traditional families, structural and life style variations and parenting in diverse cultures and at-risk families. Implications from these understandings will guide development of a parent involvement plan that includes effective ways to communicate with parents, conference with parents, and plan parent meetings and home visits.

Prerequisite(s): EDF 4124

Restriction(s):
Majors Only

Other Information: Early Childhood major

EEC 4604 - Classroom Management and Guidance of Young Children

Credit(s): 3

This course for early childhood education majors explores the current knowledge of guidance procedures and techniques for managing classrooms for children ages 3 to 8 years old.

Corequisite(s): LAE 3414, EEC 4408, RED 4310.

Restriction(s):
Majors Only

Other Information: Early Childhood major

EEC 4613 - Assessment and Evaluation of Young Children

Credit(s): 3

This course focuses on assessment and evaluation procedures when working with young children ages 3-8. It examines appropriate ways of observing and documenting children, and ways

of implementing, interpreting, and utilizing multiple assessment data.

EEC 4614 - Current Trends and Issues in Early Childhood Education

Credit(s): 3

This course focuses on the current trends and issues in the field of early childhood education. It examines how the political and societal underpinnings of the early education system are influencing schools, teachers, young children, and their families.

EEC 4706 - Language and Emerging Literacy

Credit(s): 3

Provides knowledge of language development and emerging literacy for typical and atypical development in children from birth to third grade, including ESOL children.

Prerequisite(s): EDF 4124

Restriction(s):
Majors Only

Other Information: Early Childhood major

EEC 4909 - Directed Study: Early Childhood Education

Credit(s): 1-3

To extend knowledge in teaching field.

Restriction(s):
Senior Standing

EEC 4936 - Senior Seminar in Early Childhood Education

Credit(s): 3

This course focuses on helping the student synthesize university coursework and experiences in a full-time Pre-K and primary teaching placement. Emphasis is placed on planning and implementing developmentally appropriate teaching-learning experiences.

Course Attribute(s): CPST - Capstone Learning Experience, TGEH - High Impact Practice, UGR - Undergraduate Research

Corequisite(s): EEC 4940
Restriction(s):

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Majors Only
Senior Standing

Other Information: Early Childhood ED major

EEC 4940 - Internship: Early Childhood

Credit(s): 9

Teacher candidate is required to demonstrate professional competences during one semester of full-time final internship teaching young children ages 3 through 8.

Corequisite(s): EEC 4936

Restriction(s):
S-U Grade System

EEC 4941 - Field Experience I

Credit(s): 3

Field placement with three and four year olds where teacher candidates have opportunities to apply knowledge and skills in authentic situations and become objective observers of young children's development. Weekly seminars are conducted in conjunction with the field experience which provide teacher candidates an opportunity for reflection on their understandings.

Restriction(s):
Majors Only

Other Information: Early Childhood major

EEC 4942 - Field Experience II

Credit(s): 3

Field placement in kindergarten or primary grade where teacher candidates have opportunities to apply knowledge and skills in authentic situations. Emphasis on developing deeper understanding of children's development and implications of development for program planning for both typical and atypical children.

Restriction(s):
Majors Only

Other Information: Early Childhood major

EEC 4943 - Field Experience III

Credit(s): 3

Field placement in kindergarten or primary grade where teacher candidates have opportunities to

apply knowledge and skills in authentic situations. Focus on developing deeper understanding of growth and development and relationship to curriculum planning with an emphasis on self-evaluation of knowledge, skills, and dispositions essential for teaching.

Restriction(s):
Majors Only

Other Information: Early Childhood major

EEE 3302 - Electronics I

Credit(s): 3

A course in the physical principles of electronic devices with emphasis on semi-conductor electronics. Includes the analysis and design of amplifiers and switching circuits.

Prerequisite(s): EGN 3373 min grade C
Other Information: Field of Study Include: EEL
Student Attribute Include: ULDP

College Include: EN

Access - Majors ONLY

ONLINE Course: 50-79%-Hybrid and Less than 50%-Primarily Classroom

Please Update CIP in Banner.

EEE 3394 - Electrical Engineering Science I - Electronic Materials

Credit(s): 3

This course provides electrical and computer engineering students with a strong background in material science and quantum physics as they relate to electrical/electronic material and device properties and applications.

Prerequisite(s): CHS 2440 with a minimum grade of C or CHM 2045 with a minimum grade of C or Chemistry with a minimum score of 4, PHY 2048 with a minimum grade of C or PHY 2060 with a minimum grade of C or Physics C : Mechanics with a minimum score of 4
CoPrerequisite(s): MAC 2283 with a minimum grade of C or MAC 2313 with a minimum grade of C

Restriction(s):
Majors Only

EEE 4260C - Bioelectricity

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Bioelectricity, generation and transmission from cells through tissues. Electrical activity in and among cells is explored from historical models through hands-on laboratory experience.

Other Information: Student Attribute Include: ULDP
College Include: EN

EEE 4271 - Bioelectronics**Credit(s): 3**

This is the second course in the series covering bioelectrical phenomena and systems. In this course the focus is electronics for biomedical applications, and the objective is to discuss electrical systems pertaining to the human body.

Restriction(s):

Junior Standing
Majors Only
Senior Standing

EEE 4274 - MEMS I: Chemical/Biomedical Sensors and Microfabrication**Credit(s): 3**

The course gives an introduction to MEMS, microfabrication techniques and processes as well as basic design principles of biological and chemical Sensors. The course concentrates on basics of MEMS, different processes involved and principles of sensing.

EEE 4301 - Electronics II**Credit(s): 3**

Provides further study in electronic circuits. Includes feedback and frequency response techniques in amplifier design.

Prerequisite(s): EEE 3302.

EEE 4314C - Integrated Circuit Technology**Credit(s): 3**

Physics and Chemistry of integrated circuit and discrete device fabrication, materials limitations, processing schemes, failure and yield analysis. A laboratory is integral to the course.

Prerequisite(s): EEE 4351C minimum grade C
Other Information: Field of Study Include: EEL

College Include: EN

EEE 4351C - Semiconductor Devices**Credit(s): 3**

An introduction to the fundamentals of semiconductor materials and semiconductor device operation.

Prerequisite(s): EEE 3394.

EEE 4359 - Analog CMOS/VLSI Design**Credit(s): 3**

This course covers Analog CMOS/VLSI design with topics ranging from devices to circuits and their simulations, and basics of layout design and their simulations.

Prerequisite(s): EEE 3302

Corequisite(s): EEE 4301

EEE 4410 - System on a Chip**Credit(s): 3**

This course addresses the newly emerging area of "system on a chip", which is envisioned as the next revolution beyond integrated circuits. Students will learn the principles and techniques that are expected to apply to this future technology.

Prerequisite(s): EGN 3373

Restriction(s):

Majors Only
Senior Standing

EEE 4423 - Quantum Computing and Communications**Credit(s): 3**

While silicon computing is heading toward its quantum limit, new technology frontier of computing and communications to fully take advantage of quantum mechanics by Nobel laureate Dr. R.P. Feynman emerges as one of the most critical technologies for human beings. This course aims at basic knowledge of quantum computing, from qubits, logic gates, algorithms, to quantum computer structure. Due to the integral nature of computing and communications, quantum information, error correcting codes, cryptography, and communications, serves the second part of this course. This course orienting technology toward

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

quantum supremacy is developed suitable for undergraduate seniors.

Prerequisite(s): (EGN 3443 or STA 4442 with a min grade of C) and (EGN 3420 or EGN 4450 or MAS 3105 with a min grade of C)

UN SDG(s):

SD09 - Industry

EEE 4506 - Biomedical Image Processing

Credit(s): 3

2D signal processing: image enhancement; edge detection and image segmentation. Medical imaging: 3D computerized tomography, magnetic resonance imaging; single photon emission computed tomography; positron emission tomography; radiographs.

Restriction(s):

Majors Only
Senior Standing

EEE 4530 - Flexible Electronics and Thin-Film Solar Cells

Credit(s): 3

The course focuses on materials science for designing and characterizing flexible electronics and thin-film solar cells.

Prerequisite(s): EEE 3394 with a min grade C

Other Information: Field of Study Include: EEL
College Include: ENUN **SDG(s):**

SD07 - Affordable and Clean Energy
SD11 - Sustainable Cities-Communities
SD13 - Climate Action

EEE 4746 - Wireless Mobile Computing and Security

Credit(s): 3

This course provides a systematic view of designing and securing wireless mobile computing systems and networks.

EEE 4748 - Cryptography and Data Security

Credit(s): 3

This course provides an systematic overview and essential knowledge for engineering students to understand concepts and mechanisms in

cryptography and data security in engineering applications.

Restriction(s):

Junior Standing
Senior Standing

EEE 4774 - Data Analytics

Credit(s): 3

This course aims to teach the fundamentals of Machine Learning and Statistical Data Analysis. It will cover the related theory in statistical inference and learning, practical Machine Learning algorithms, and several applications in various fields.

Prerequisite(s): EGN 3443 with a minimum grade of C

EEL 2161 - Programming with C

Credit(s): 3

An introductory course to provide the fundamentals of computer language for electrical engineering students. Skills on syntax, functions, data, input and output, algorithm, and creating solutions for engineering problems using C.

EEL 3100 - Network Analysis and Design

Credit(s): 3

A third course in linear circuit analysis and design. Transient and steady-state responses of passive RLC networks to various functions.

Prerequisite(s): EGN 3420 with a minimum grade of C and EGN 3374 with a minimum grade of B.

EEL 3115L - Laboratory I

Credit(s): 1

Basic circuit theory applications; computer-aided design tools, electrical measurement techniques.

Prerequisite(s): EGN 3373 with a minimum grade of C

EEL 3116L - Laboratory II

Credit(s): 1

This laboratory is designed to introduce electrical engineering students to the design, building and

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

testing of active electronic networks. Computer Aided Design tools and computer data acquisition strategies are examined in greater detail.

Prerequisite(s): EEL 3115L and EEE 3302.

EEL 3163C - Computer Tool Lab

Credit(s): 1

An introductory course to provide the knowledge on using Matlab and Simulink for solving wide range of problems in the field of electrical engineering - differential equation, convolution, Fourier Series and Transform, Laplace Transform, DSP, and etc.

Prerequisite(s): EEL 2161 with a minimum grade of C

Corequisite(s): EEL 4102

Restriction(s):

- Junior Standing
- Majors Only
- Permit Required
- Senior Standing

EEL 3472C - Electrical Engineering Science II - Electromagnetics

Credit(s): 4

Electromagnetic field theory, including charge distributions, static and dynamic electromagnetic fields, transmission lines and dynamic electromagnetic fields, transmission lines and optics.

Prerequisite(s): EGN 3420 with a minimum grade of C, EEE 3394 with a minimum grade of C

Restriction(s):

- Majors Only

EEL 3705 - Fundamentals of Digital Circuits

Credit(s): 3

Binary number systems; truth functions; Boolean algebra; canonical forms; minimization of combinational logic circuits; synchronous and Asynchronous logic circuits. HDL's introduction.

Restriction(s):

- Majors Only

Other Information: EE student

EEL 3705L - Fundamentals of Digital Circuits Laboratory

Credit(s): 1

Develop designs and demonstrate logic concepts. Schematic capture for design implementation, simulation and design verification.

Prerequisite(s): EEL 3705

EEL 3924 - Makecourse-Art: Leonardo in the New Millennium

Credit(s): 3

This course aims to introduce students to the design of products with functional and aesthetic beauty. All students will design a device combining the engineering design process with artistic methodology.

EEL 4010 - MAKE Hands-On Engineering Design

Credit(s): 3

The primary objective of the course is to introduce students to the creative design of devices following the engineering design process. The course will teach students the essential design skills needed for the design of "mechatronic" devices (i.e. devices incorporating electronic, mechanical and software based components). After taking this course students will have basic knowledge in computer aided design, electronic circuit development, programming concepts and control systems

EEL 4030 - Electrical Systems Environments

Credit(s): 3

Dynamics, vibration, thermodynamics, and heat transfer in electrical, electronic, and electromechanical systems and their environments.

Prerequisite(s): MAP 2302 and PHY 2049

EEL 4102 - Signals and Systems

Credit(s): 3

Provides further study in the analysis of signals and linear systems. Includes time and frequency domain points of view such as Laplace and Fourier analysis as well as convolution.

Prerequisite(s): EGN 3420 with a minimum grade of C, EGN 3374 with a minimum grade of C

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Corequisite(s): EEL 3163C

Majors Only

Restriction(s):
Majors Only

EEL 4206L - Electromechanical Energy System Lab

Credit(s): 1

This course aims to provide students with hands-on experience related to Electric Mechanical Conversion Systems.

Prerequisite(s): EGN 3374 with a minimum grade of C

Corequisite(s): EGN 3375

EEL 4212 - Energy Delivery Systems

Credit(s): 3

The course provides the students the fundamentals and analysis of the electric power delivery system to facilitate the integration of distributed energy resources, e.g. solar energy.

Prerequisite(s): EEL 4241 with a minimum grade of C

Restriction(s):
Majors Only

EEL 4213 - Industrial Power Distribution 1

Credit(s): 3

Prepares the student to design electrical power systems for industrial applications. Source configurations, transformer connections, symmetrical and asymmetrical fault calculations, protective device sizing, arc flash calculations.

Prerequisite(s): EGN 3375 with a minimum grade of C

EEL 4214 - Electric (Utility) Distribution Systems

Credit(s): 3

Familiarizes the student with electric utility power distribution systems. Modeling loads; distribution transformers; subtransmission lines, substations, and distribution primary and secondary; power system calcs, voltage regulation, protection methods.

Prerequisite(s): EGN 3375 with a minimum grade of C, EEL 4213 with a minimum grade of C

Restriction(s):

EEL 4224 - Electric Machines and Drives

Credit(s): 3

This course examines power electronic for motor control. AC motor control objectives and realization through power electronic converters will be discussed and validated through Matlab/SimPowersystems based circuit simulation.

Prerequisite(s): EGN 3375 with a minimum grade of C, EEL 4241 with a minimum grade of C

Restriction(s):
Majors Only

EEL 4241 - Power Electronics

Credit(s): 3

This course covers circuit topologies used to convert electricity from one form to another. The course will emphasize switch mode building blocks, variety of converters based on the building block, Pulse Width Modulation based control, and applications.

Prerequisite(s): EGN 3373 with a minimum grade of B or EGN 3374 with a minimum grade of B

Restriction(s):
Majors Only

EEL 4251 - Power System Analysis

Credit(s): 3

This course will introduce analysis and operation of power systems. The topics covered in this course include per unit system, load flow analysis, voltage stability, economic dispatch, state estimation and power system economics.

Prerequisite(s): EGN 3374 with a minimum grade of B, EGN 3375 with a minimum grade of C

Restriction(s):
Majors Only

EEL 4252 - Power Systems II

Credit(s): 3

Power system control and stability will be covered in this course. The two main controls in power system are voltage control and frequency control. The mechanism of the two types of

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

control & power system stability will be examined.

Prerequisite(s): EGN 3375 with a minimum grade of C, EEL 4102 with a minimum grade of C

Restriction(s):
Majors Only

EEL 4258 - Industrial Power Distribution 2

Credit(s): 3

Prepares the student to design electrical power systems for industrial applications. Raceway design, switchgear and motor control centers, ladder logic, motor application, lighting systems.

Prerequisite(s): EEL 4213 with a minimum grade of C

Restriction(s):
Majors Only

EEL 4271 - Power System Protection

Credit(s): 3

Protection philosophy; electromechanical and microprocessor relays; device coordination; instrument transformers; distance and differential relays; non-radial line, transformer, and generator/motor protection.

Prerequisite(s): EGN 3375 with a minimum grade of C, EEL 4213 with a minimum grade of C

Restriction(s):
Majors Only

EEL 4283 - Sustainable Energy

Credit(s): 3

This course aims to introduce students to concepts of sustainable energy conversion. Solar, wind, hydroelectricity, hydrogen, biomass and geothermal energy conversion methods as well as main storage technologies will be discussed.

EEL 4295 - Power Quality

Credit(s): 3

Basic power quality concepts including interruptions, voltage sags and swells, transient overvoltages, and harmonics. Emphasis on identifying and designing means of mitigation for commonly-encountered power quality problems.

Prerequisite(s): EGN 3375 with a minimum

grade of C

Restriction(s):
Majors Only

EEL 4420 - RF & Microwave Measurements

Credit(s): 2-3

This course introduces students to the theory and applications of modern radio frequency and microwave measurements. Topics to be included are network analyzer, spectrum analyzer, noise, power, and non-linear distortion measurements. Modern trends also treated are the use of on-wafer measurements for transistor characterization and the evaluation of monolithic microwave integrated circuits.

Prerequisite(s): EEL 4423L

EEL 4421 - RF/Microwave Circuits I

Credit(s): 3

Introduction to passive microwave circuit design. Investigate the characteristics of transmission lines used in modern microwave systems, the tools used for analysis, and some common circuit topologies for matching, filtering and power distribution. Part one of a two-part sequence. EE majors only. Not available on an S/U basis.

CoPrerequisite(s): EEL 4423C, with a minimum grade of C

EEL 4422 - RF/Microwave Circuits II

Credit(s): 3

Introduction to active RF/Microwave circuit design. Investigate the characteristics of amplifiers and oscillators used in modern microwave systems, the tools used for analysis, and some common circuit topologies for biasing and matching. Substantial coverage of stability analysis, constant gain methods and noise figure. Part two of a two-part sequence. EE majors only. Not available on an S/U basis.

Prerequisite(s): EEL 4421.

EEL 4423C - Wireless Circuits & Systems Design Laboratory

Credit(s): 3

An extensive hands-on introduction to wireless radio frequency and microwave circuits and systems, involving modern measurements,

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

fabrication and computer-aided design experiences at both component and sub -system levels. Not available on an S/U basis.

Prerequisite(s): EEL 3472C with a minimum grade of C

Restriction(s):
Majors Only

EEL 4461 - Antenna Theory

Credit(s): 3

Fundamental principles of antennas and application of EM theory for antenna analysis and design. Different types of antennas and their applications are introduced with particular focus on linear, loop, patch antennas and antenna arrays.

Prerequisite(s): EEL 3472C with a minimum grade of C or EEL 4423L with a minimum grade of C

Restriction(s):
Majors Only

EEL 4512C - Introduction to Communication Systems

Credit(s): 3

Provides an introduction to the fundamental principles and techniques of analog and digital communication systems. Theory is put into practice by investigating a variety of applications. Lectures and projects develop understanding of modern communication systems design and analysis.

Prerequisite(s): EEL 4102 with a minimum grade of C

EEL 4567 - Electro-Optics

Credit(s): 3

An introduction to the field of electro-optics, including visible and infra-red sources and detectors, radiometry, optical and electronic components, and fiber optics.

Prerequisite(s): EEL 3115L, EEL 3116L, EEL 4471.

EEL 4595 - Mobile and Personal Communication

Credit(s): 3

Providing the students with a comprehensive

knowledge of most technical aspects, operations, and applications of second/third/fourth generations and future cellular mobile and personal communication technology.

EEL 4635 - Digital Control Systems

Credit(s): 3

Review of linear control systems, sampling process, discrete time linear systems analysis, Z-transforms, modeling and design of digital control systems, digital implementation of analog controller, state space representation, concepts of observability and controllability, concepts of nonlinear digital controls and optimal controls.

Prerequisite(s): EEL 4657 Linear Control Systems minimum grade C

Corequisite(s): None

CoPrerequisite(s): None

Other Information: Field of Study Include: EEL

Student Attribute Include: ULDP

College Include: EN

EEL 4657 - Linear Control Systems

Credit(s): 3

Analysis and design of linear feedback controls systems. State Variable descriptions to include block diagrams, signal-flow graphs, stability, Routh Hurwitz analysis, Root Locus methods, Bode plots, PID compensators, & introduction to full-state feedback

Prerequisite(s): EGN 3374 with a minimum grade of C

EEL 4657L - Linear Control Systems Laboratory

Credit(s): 1

This laboratory introduces students to the techniques needed for the design and implementation of automatic industrial control systems. Students will learn the basics of the software and hardware used for the design and implementation of control systems.

Corequisite(s): EEL 4657

EEL 4663 - Applied Robotics

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

This course provides a solid foundation of robotics including kinematics, programming, safety, common applications, and integration of robotic systems following a System Engineering approach. Concepts are emphasized using a hands-on approach. Students will develop projects and implement solutions to each of the topics discussed in class

Prerequisite(s): EEL 4657 with a minimum grade of C.

EEL 4680 - Applied Mechatronics**Credit(s): 3**

This course present mechatronics as the integration of mechanical & electrical systems, electronics, computer software and control systems via multidisciplinary applications to promote innovation.

Prerequisite(s): EEL 4657 with a minimum grade of C

EEL 4727C - Digital Signal Processing with Field Programmable**Credit(s): 3**

Development of real-time digital signal processing systems from algorithm to hardware using DSP, FPGA and hybrid DSP/FPGA rapid prototyping platforms. The course has both lecture and laboratory components.

Prerequisite(s): EEL 4102 and EEL 4512C

EEL 4740 - Embedded Systems**Credit(s): 3**

This course covers the principles of hardware and software design for higher-end embedded systems inherent in many hardware platforms and applications being developed for engineering and science.

CoPrerequisite(s): EEL 2161 with a minimum grade of C, EEL 3705L with a minimum grade of C

Restriction(s):

Majors Only
Permit Required

EEL 4743L - Microprocessor Laboratory**Credit(s): 1**

Application of microprocessors and microcontrollers for data entry, processing, display and real time signal input/output and control.

Corequisite(s): EEL 4744.

EEL 4744 - Microprocessor Principles and Applications**Credit(s): 3**

Functional Description. Arithmetic and Logic capabilities. Control and Timing. Interrupts and priority systems. Software design and documentation. Distributed function processing.

Prerequisite(s): EEL 4705.

EEL 4756 - Digital Signal Processing**Credit(s): 3**

Sampling and quantization of signals; frequency-domain representations, transforms; digital filtering filter structures; DFT, FFT; multi-rate processing, Special analysis.

Prerequisite(s): EEL 4102

EEL 4782 - Data Networks and Systems and Security**Credit(s): 3**

The objective of this course is to provide a technical and operational introduction to data/computer communication networks, including network management and security.

Prerequisite(s):

**EEL 2161 min
grade C (Basic
course in
programming,
e.g., EEL 2161 or
equivalent,**

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

and familiarity with computers required.)

Restriction(s):

Graduate Standing

Other Information: Exclude Graduate (GR)

EEL 4835 - Programming Design

Credit(s): 3

This course provides essential knowledge for engineering students to design computer programs to solve various tasks in real-world applications.

Prerequisite(s): EEL 2161 with a minimum grade of C

Restriction(s):
Majors Only

EEL 4872 - AI and Security in Cyber Physical Systems

Credit(s): 3

This course will introduce challenges and opportunities in the use of artificial intelligence (AI) in cyber physical systems (CPSs). The course will provide students with skills to design and analyze CPSs that are intelligent, autonomous, reliable, secure and privacy preserving with the help of AI technologies. Various examples of CPSs and AI technologies will be discussed in different application domains including smart cities, smart grids, vehicular networks, health and biomedical systems, and robotics systems with a focus on their security aspects.

Prerequisite(s): EEL 4835 Programming Design

EEL 4905 - Independent Study

Credit(s): 1-5

Specialized independent study determined by the students' needs and interests.

Restriction(s):
S-U Grade System

EEL 4906 - EE Design 1

Credit(s): 3

An introduction of engineering design with applications specific to practical engineering problems. Included are discussion of real-world issues as economics, safety, ethics and the environment.

EEL 4914 - EE Design 2

Credit(s): 3

Students apply the knowledge acquired in the classroom to design a system which meets a predetermined set of specifications. Students work individually or in small groups with a faculty member (project director) in their area of interest. (Majors only.)

Course Attribute(s): CPST - Capstone Learning Experience, CST - Capstone, TGEH - High Impact Practice

Prerequisite(s): EEL 4906

Restriction(s):
Senior Standing

EEL 4935 - Special Electrical Engineering Topics I

Credit(s): 1-3

EEL 4936 - Special Electrical Engineering Topics II

Credit(s): 1-3

EEL 4937 - Special Electrical Engineering Topics III

Credit(s): 1-3

EEX 3751 - Enhancing Family Involvement in Education

Credit(s): 2

This course is designed for pre-service teachers to examine the development of partnerships with families of students with disabilities and their communities to address the educational needs of all students.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

EEX 4012 - Foundations of Special Education

Credit(s): 3

Characteristics and needs of children who have learning disabilities, emotional disabilities, hearing impairments, mental retardation, physical handicaps, speech impairments, visual limitations, and who are gifted and talented.

Restriction(s):

Consent of Instructor or Department Permit Required

EEX 4070 - Integrating Exceptional Students in the Regular Classroom

Credit(s): 2-3

Designed for non-special education majors. Includes basic identification techniques and strategies to promote academic and social integration and interaction of "mainstreamed" exceptional students. Concurrent field experience projects are included. This course is certified as a Global Citizens course and may be used to fulfill partial requirements of the Global Citizen Awards upon successful completion of the course (final grade of B or higher).

Course Attribute(s): GCPC - Global Citizens Project Course

Other Information: No credit for department majors. **UN SDG(s):**

SD04 - Quality Education
SD10 - Reduced Inequality
SD16 - Peace

EEX 4084 - Instruction for Exceptional and Diverse Students

Credit(s): 3

Teacher candidates will review the concepts of differentiated instruction, universal design for learning, and inclusionary classroom practices for exceptional and diverse students with an emphasis on using arts integration.

Prerequisite(s): EDE 4223 with a minimum grade of C-

Corequisite(s): EDE 4947

EEX 4201 - Young Children With Special Needs

Credit(s): 3

Focuses on developing an understanding of the wide range of needs and services for young children with special needs

EEX 4202 - Context and Foundations

Credit(s): 6

This course is restricted to majors and forms the foundation for understanding the context of schools including curriculum, characteristics of students with disabilities, the nature of special education, and the role of the special education teacher.

Course Attribute(s): 6AC - State Communication Requirement, CEL - Community Engaged Learning, GCPC - Global Citizens Project Course, TGEH - High Impact Practice

Corequisite(s): EEX 4942

Restriction(s):
Majors Only

Other Information: College of Education major
UN SDG(s):

SD04 - Quality Education

EEX 4240 - Beginning to Teach

Credit(s): 6

This course is second in a sequence that focuses on Beginning to Teach in Special Education, allowing teacher candidates to use their understandings think critically and to solve problems.

Course Attribute(s): GCPC - Global Citizens Project Course

Prerequisite(s): EEX 4202 with a minimum grade of C-

Corequisite(s): EEX 4942

UN SDG(s):
SD04 - Quality Education

EEX 4241 - Creating Effective Learning Environments

Credit(s): 3

This course is third in a sequence for majors and focuses on Creating Effective Learning Environments in Special Education allowing teacher candidates to apply their understandings in a variety of school contexts with a small group of students.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): EEX 4240, EEX 4942
Corequisite(s): EEX 4942

EEX 4242 - Enhancing Expertise in Teaching and Instructional Decision Making

Credit(s): 6

This course is fourth in sequence for majors and focuses on Enhancing Expertise in Teaching and Instructional Decision-Making.

Prerequisite(s): EEX 4241, EEX 4942
Corequisite(s): EEX 4942

EEX 4244 - Becoming a Special Education Teacher

Credit(s): 3

This course is designed to allow teacher candidates to demonstrate mastery of instructional planning, implementation of instruction, and data-based instructional decision-making during their final internship.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

Prerequisite(s): EEX 4242, EEX 4942
Corequisite(s): EEX 4944

EEX 4742 - Narrative Perspectives on Exceptionality: Cultural and Ethical Issues

Credit(s): 3

This course is designed to offer students a meaningful way to interpret and understand exceptionalities.

Course Attribute(s): 6AC - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, CPST - Capstone Learning Experience, ELWP - Literature and Writing, GCPC - Global Citizens Project Course

UN SDG(s):
SD04 - Quality Education

EEX 4764 - Instructional and Adaptive Technologies for Exceptionalities

Credit(s): 3

This course is designed to enhance the use of technology for students with profound and severe exceptionalities as well as for the general classroom.

Restriction(s):
Majors Only

Other Information: BXE major

EEX 4880 - Integrated Clinical Experience: ESE Secondary 6-12

Credit(s): 2-3

An integrated clinical experience designed to provide pre-service teachers with opportunities to work with students in grades 6-12, for reading endorsement and certification in ESE K-12. Candidates will be in their schools two full days per week.

EEX 4894 - Clinical Teaching in Special Education

Credit(s): 3

Effective teaching principles, instructional management procedures, and specialized teaching techniques for exceptional students.

Restriction(s):
Consent of Instructor or Department Permit Required

EEX 4909 - Directed Study: Exceptional Student Education

Credit(s): 1-3

To extend competency in teaching field.

Restriction(s):
Consent of Instructor or Department Permit Required
Senior Standing

EEX 4942 - Practicum in Exceptional Teacher Candidate Education

Credit(s): 1-4

Each practicum is linked to a specific course and provides opportunities for teacher candidates to apply what they are learning in the field.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Practicum is restricted to majors.

Prerequisite(s): EEX 4202, EEX 4942, EEX 4240, EEX 4241.

EEX 4944 - Final Internship

Credit(s): 1-12

The course fulfills the Florida Department of Education, teacher certification requirement for a full-time internship in a K-12 accredited school for Exceptional Student Education Majors only. It is not repeatable.

Prerequisite(s): EEX 4942

Corequisite(s): EEX 4244

EGN 1113 - Introduction to Design Graphics

Credit(s): 3

An introductory course covering the principles of technical drawing by employing traditional and Computer-Aided-Drafting (CAD) techniques using AutoCAD. Students will also learn to apply these concepts to civil design and engineering plans preparation.

EGN 3000 - Foundations of Engineering

Credit(s): 0-3

Introduction to the USF College of Engineering disciplines and the engineering profession. Course will provide you with knowledge of resources to help you succeed. Course topics include academic policies and procedures, study skills, and career planning.

EGN 3000L - Foundations of Engineering Lab

Credit(s): 3

Introduction to Engineering and its disciplines incorporating examples of tools and techniques used in design and presentation. Laboratory exercises will include computer tools, engineering design, team projects, and oral and written communication skills.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, TGEC - Creative Thinking

EGN 3060 - Mechatronics for Innovation

Credit(s): 3

To present mechatronics as the integration of mechanical & electrical systems, electronics, computer software and control systems via multidisciplinary applications while fostering a dialog among artists, STEM educators and engineers to promote innovation.

Prerequisite(s): MAC 2282 or MAC 2312 or AP68 score of 4

EGN 3311 - Statics

Credit(s): 3

Principles of statics, mechanical equilibrium, forces, moments, plane trusses. Lec.-pro.

Prerequisite(s): PHY 2048.

EGN 3321 - Dynamics

Credit(s): 3

Dynamics of discrete particles; kinematics and kinetics for rigid bodies. Lec.

Prerequisite(s): EGN 3311

EGN 3331 - Mechanics of Materials

Credit(s): 3

Stress, strain, Hooke's Law; torsion, beam, column analysis; combined stresses; inelastic effects, limit design. Lec.

Prerequisite(s): EGN 3311, with a minimum grade of C-

EGN 3331L - Mechanics of Materials Laboratory

Credit(s): 1

Experiments in mechanics of deformable bodies.

Prerequisite(s): EGN 3311 with a minimum grade of C-

CoPrerequisite(s): EGN 3331 with a minimum grade of C-

Restriction(s):
Permit Required

EGN 3343 - Thermodynamics I

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Axiomatic introduction to thermodynamic concepts of energy, entropy, work and heat. Properties of ideal and real substances. Applications: power production and refrigeration, phase equilibria.

Prerequisite(s): PHY 2048, PHY 2049, MAC 2283 or MAC 2313, all with a grade of C or better (not C-)

EGN 3353 - Basic Fluid Mechanics**Credit(s): 3**

Fundamental and experimental concepts in ideal and viscous fluid theory; momentum and energy consideration, introduction to hydraulics, pipe flow. Lecture.

Prerequisite(s): EGN 3311 with a minimum grade of C-.

EGN 3365 - Materials Engineering I**Credit(s): 3**

Structure and property relationships in engineering materials, i.e., metal, ceramic and polymer systems. Environmental effects are also treated.

Prerequisite(s): CHM 2045

Corequisite(s): EGN 3311

EGN 3373 - Electrical Systems I**Credit(s): 3**

A first course in electrical systems: AC/DC circuit analysis, electronics (diodes, transistors, operational amplifiers), digital circuits (logic gates, K-maps), control systems concepts (final value theorem), electrical safety, and AC power.

CoPrerequisite(s): EGN 3433 with a minimum grade of B or MAP 2302 with a minimum grade of B

EGN 3374 - Introduction to Electrical Systems II**Credit(s): 3**

A second course in linear passive circuits (following EGN 3373). An extension of the physical principles and models, AC/DC steady-state, transient analysis and power analysis techniques.

Prerequisite(s): EGN 3373

Corequisite(s): MAP 2302

EGN 3375 - Electromechanical Systems**Credit(s): 3**

Analysis of electromechanical device performance: transformers, transducers, DC motors and generators, AC motors and alternators.

Prerequisite(s): EGN 3374, with a minimum grade of B.

EGN 3420 - Engineering Analysis**Credit(s): 4**

Introduction to fundamentals of functions, matrices, matrix calculations, simultaneous equations, vector space, vector analysis, vector calculus, vector algebra, Laplacian operator, linear transformations, eigenvalues and eigenvectors.

Prerequisite(s): MAC 2282

Restriction(s):

Majors Only

Permit Required

EGN 3433 - Modeling and Analysis of Engineering Systems**Credit(s): 3**

Dynamic analysis of electrical, mechanical, hydraulic and thermal systems; Laplace transforms; numerical methods; use of computers in dynamic systems; analytical solution to first and second order ODEs. Restricted to majors.

Prerequisite(s): (MAC 2282 with a min grade C or MAC 2312 with a min grade C or AP68 Calculus BC with a min score 4)

AND

(PHY 2048 with a min grade C or PHY 2060 with a min grade C or AP80 Physics C: Mechanics with a min score 4)

EGN 3443 - Probability and Statistics for Engineers**Credit(s): 3**

An introduction to concepts of probability and statistical analysis with special emphasis on critical interpretation of data, comparing and contrasting claims, critical thinking, problem

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

solving, and writing.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, TGEI - Information and Data Literacy

Prerequisite(s): MAC 2282.

EGN 3615 - Engineering Economics with Social and Global Implications

Credit(s): 3

Presents basic economic models used to evaluate engineering project investments with an understanding of the implications of human and cultural diversity on financial decisions through lectures, problem solving, and critical writing.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CASB - Social & Behavioral Sciences, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

EGN 3940 - Professional Engineering Internship

Credit(s): 0

Professional or interdisciplinary work period in engineering or career-related field. Enrollment limited to one semester and/or one summer per academic year. Offered on a S/U basis only. Restricted to engineering majors.

EGN 4450 - Introduction to Linear Systems

Credit(s): 2

Study and application of matrix algebra, differential equations and calculus of finite differences.

Prerequisite(s): MAC 2282.

EGN 4453 - Numerical & Computer Tools I in Civil & Env Eng

Credit(s): 3

Computer basics, computer programming operations, flow charts, developing simple computer programs, vector and matrix algebra, equation solving techniques.

Prerequisite(s): MAC 2281, PHY 2048

EGN 4454 - Numerical & Computer Tools II in Civil & Env Eng

Credit(s): 3

Numerical Methods including numerical integration, root finding, numerical differentiation and integration, eigen-values, and eigen-vectors, data modeling. Development of computer programs to perform these operations.

Prerequisite(s): EGN 4453

CoPrerequisite(s): MAP 2302

EGN 4905 - Independent Study

Credit(s): 1-5

Specialized independent study determined by the students' needs and interests.

EGN 4930 - Special Topics in Engineering

Credit(s): 0-3

New technical topics of interest to engineering students.

EGS 2040 - History of Technology

Credit(s): 3

Covers the evolution of technology and its influence on society from pre-historic man to the modern day. Topics include: seven technological ages of man, methods of producing power, materials, transportation, communication and calculation, and technology and society.

EGS 2070 - Professional Formation of Engineers 1

Credit(s): 1

Designed with your professional and personal goals in mind, this course will introduce you to engineering and ethical best practices; helping you broaden your educational experience and giving you insight to enhance your future career opportunities.

Course Attribute(s): CEL - Community Engaged Learning, TGEE - Ethical Reasoning and Civic Engagement

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

EGS 3011 - Research Design, Methods, & Interpretation

Credit(s): 3

This course has primarily been designed to build skills in the area of critical thinking about scientific information, studies, and data. A second component is how to make scientifically sound decisions some of which require the use of basic statistics

Course Attribute(s): 6AC - State Communication Requirement, TGEI - Information and Data Literacy

Prerequisite(s): MAC 1105 with a minimum grade of C or SAT Math with a minimum score of 550 or SAT Math Section with a minimum score of 570 or CPT College Level Math with a minimum score of 60 or ACT Math with a minimum score of 24 or Calculus AB with a minimum score of 3 or MAC 1147 with a minimum grade of C

EGS 3071 - Professional Formation of Engineers 2

Credit(s): 1

Introduction to professional careers in technology development, research and academia. Includes Engineering lab tours, faculty guest lectures, and the incorporation of local/global community perspectives into the creation of innovative solutions.

Course Attribute(s): CEL - Community Engaged Learning, TGEE - Ethical Reasoning and Civic Engagement

Prerequisite(s): EGS 2070 with a minimum grade of C

EGS 3072 - Professional Formation of Engineers 3

Credit(s): 1

Introduction to Engineering Design Concepts, Innovation, and Entrepreneurship. Learn to create designs, products, and solutions using ethical engineering and business principles that meet societal needs.

Course Attribute(s): CEL - Community Engaged Learning, TGEE - Ethical Reasoning and Civic Engagement

Prerequisite(s): EGS 3071 with a minimum grade of C

EGS 3720 - Globalization and Technology

Credit(s): 3

This course explores the fundamental processes underlying globalization with particular emphasis on the role of technological development in both historical and contemporary context.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CAGC - Human & Cultural Diversity in a Global Context, HHCP - Human Historical Context & Process, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

EIN 4142 - Project Management

Credit(s): 3

Provide principles and techniques for planning, scheduling and managing projects in engineering and related environments. Applies analytical tools and techniques including software to solve project management problems. Not restricted. Non-repeatable.

Prerequisite(s): EGN 3443

EIN 4172 - ISO 9000/14000

Credit(s): 3

This course covers analysis of ISO 9000 and ISO 14000 publications with a view towards understanding the documentation process, auditing for registration purposes, and the relationship to the quality systems and programs.

EIN 4173 - Quality Management Systems

Credit(s): 3

This course presents the functions and responsibilities of the quality organization. Quality Management Systems concepts and tools for continuous improvement, include Baldrige Criteria, ISO 9000, and 6-Sigma, are analyzed for sequence of use and application.

EIN 4180 - Principles of Engineering Management

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Emphasis is placed on management practice in an engineering-intensive context. Topics include management theory, planning and control, strategic management, organizing, ethics, leadership, innovation and change, and communication skills.

Restriction(s):

Permit Required

EIN 4200 - Creativity in Technology**Credit(s): 3**

This course is designed to aid in re-opening the creativity within ourselves so that each life can be a work of art. Exploration and discovery of the individual's higher SELF helps to develop their complete potential and creativity in all parts of life.

EIN 4213 - Engineering Systems Safety**Credit(s): 3**

This course presents the theory and practical implications of concepts of system safety related to the life cycle of a product/system, analysis of the fundamental concepts, design implications, and specifications of safety in a human machine environment.

Prerequisite(s): EGN 3443

Restriction(s):

Permit Required

EIN 4214 - Occupational Safety Engineering**Credit(s): 3**

Introduction to the principles of designing, maintaining, and managing a free-hazard workplace, including mechanical, fall/lifting, climate/environmental, electrical, fire, explosive and pressure. Covers design issues, warnings, and personal protective equipment.

Restriction(s):

Permit Required

EIN 4241 - Human-Machine Systems Engineering**Credit(s): 3**

This course presents the theory and practical implications of concepts of human machine

systems engineering including operation analysis and workspace design, work measurement, standard data, ergonomics, and labor costing.

Prerequisite(s): EGN 3615 with a minimum grade of C

Restriction(s):

Majors Only

Other Information: Field of Study Include: EIE
College Include: EN

Access - Majors ONLY – BSIE Industrial Engineering

EIN 4333 - Production Control**Credit(s): 3**

Planning and control of production systems. Includes: forecasting and inventory control models, scheduling and sequencing, MRP, CPM/PERT, and resource requirements.

Prerequisite(s): ESI 4312.

EIN 4451 - Statistical Methods of Lean Six Sigma**Credit(s): 3**

The course introduces the field of Lean and Six Sigma and emphasizes the Statistical tools used by them. The class delves in detail into the tools and methodologies that comprise the field and establishes their impact on the continuous improvements of business and organizational processes.

EIN 4601C - Automation and Robotics**Credit(s): 3**

Introduction to the practices and concepts of automation as applied to material handling, inventory storage, material transfer, industrial processes and quality control.

Prerequisite(s): EIN 4621.

EIN 4621 - Manufacturing Processes**Credit(s): 3**

The study of basic manufacturing processes and precision assembly. CAD/CAM including NC programming.

Prerequisite(s): EGS 1113.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

EIN 4890 - Industrial Engineering Senior Design Project I

Credit(s): 3

This is the first of a two-part Senior Design Project course sequence to provide experiential learning opportunities on new product development and tech-based engineering entrepreneurship while integrating industrial engineering concepts.

Course Attribute(s): CPST - Capstone Learning Experience, CST - Capstone, TGEE - Ethical Reasoning and Civic Engagement

CoPrerequisite(s): EIN 4333 with a minimum grade of C, ESI 4221 with a minimum grade of C

Restriction(s):

Junior Standing
Majors Only
Permit Required
Senior Standing

Other Information: The BSIE Senior Design Project is a full academic year experience. Therefore EIN 4890 (Senior Design Project I) and EIN 4891 (Senior Design Project II) must be taken sequentially and completed within the same academic year.

EIN 4891 - Industrial Engineering Senior Design Project II

Credit(s): 3

This is the second of a two-part Senior Design Project course sequence to provide experiential learning opportunities on new product development and tech-based engineering entrepreneurship while integrating industrial engineering concepts.

Course Attribute(s): CPST - Capstone Learning Experience, CST - Capstone, TGEH - High Impact Practice

Prerequisite(s): EIN 4890 with a minimum grade of C

CoPrerequisite(s): ESI 4523 with a minimum grade of C

Restriction(s):

Majors Only
Permit Required
Senior Standing

Other Information: The BSIE Senior Design Project is a full academic year experience.

Therefore EIN 4890 (Senior Design Project I) and EIN 4891 (Senior Design Project II) must be taken sequentially and completed within the same academic year.

EIN 4933 - Special Topics in Industrial Engineering

Credit(s): 1-3

Special topics related to economic analysis, optimization, human factors, manufacturing and automation aspect of industrial systems. Repeatable up to 5 credit hours.

EIN 4940 - Industry Internship

Credit(s): 0-3

Individual study as practical industrial and management systems engineering related work under industrial supervision with faculty approval and assessment.

Other Information: Field of Study Include: EIE
College Include: EN

Access - Majors ONLY – BSIE Industrial Engineering

ONLINE Course: 80-99%-Primarily Distance Learning

EMA 4003 - Introduction to Materials Science

Credit(s): 3

Introduction to the main families of materials and principles behind their design, selection, development, and behavior. Relationship of properties to structure and processing of materials.

Prerequisite(s): CHM 2046 with a minimum grade of C or Chemistry with a minimum score of 5

Other Information: Not repeatable for credit.

EME 2040 - Technology for Leading and Learning

Credit(s): 3

Designed as an introduction to technology and its role in communication, presentation, & learning processes. Topics include productivity software, ethical & social issues, mobile apps, interactive multimedia, and models for tech integration/usage.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, SMSS - Social Sciences, TGEC - Creative Thinking

EME 4390 - Digital Identity

Credit(s): 3

Students examine identity in a digital world. Topics covered include identifying digital identity, managing digital identities, examining marginalized digital identities, and the governing of digital identities. This is primarily a project-based course.

Course Attribute(s): CEL - Community Engaged Learning, TGEE - Ethical Reasoning and Civic Engagement

EML 3022 - Computer Aided Design and Engineering

Credit(s): 3

This course is intended for developing graphics design concepts in undergraduate students. Learning engineering drawing fundamentals, design views, design and analysis of mechanical engineering power transmission components using computer aided software.

EML 3035 - Programming Concepts for Mechanical Engineers

Credit(s): 3

Solution of engineering and science problems using programming language such as Visual Basic or Maple. Topics include fundamentals of programming, controlling program flow and arrays.

Prerequisite(s): MAC 2281, PHY 2048

Restriction(s):

Majors Only
Permit Required

EML 3041 - Computational Methods

Credit(s): 3

Techniques to solving engineering problems using numerical methods. Topics include roots of equations, matrix algebra, simultaneous linear equations, numerical integration and differentiation, and curve fitting.

Prerequisite(s): MAP 2302 with a minimum

grade of C- or EGN 3433 with a minimum grade of C- and EML 3035 with a minimum grade of C- and EGN 3343 with a minimum grade of C and EML 3500 with a minimum grade of C

EML 3262 - Kinematics and Dynamics of Machinery

Credit(s): 3

Kinematics of machines and mechanisms; position, velocity, and acceleration analysis of mechanisms; cams; gear trains; inertia forces in mechanisms; flywheels; balancing of rotating masses.

Prerequisite(s): EGN 3321, EML 3022, both courses with a minimum grade of C-; and EGN 3343, EML 3500, both courses with a minimum grade of C

EML 3303 - Mechanical Engineering Lab I

Credit(s): 3

Engineering laboratory measurements. Use of the library and the writing of technical reports. Experiments in the measurement of temperature, pressure, fluid flow, psychrometrics, concentration, viscosity. Mass-energy balances of simple systems.

Prerequisite(s): EGN 3443

Corequisite(s): EML 3701, EML 3500

EML 3500 - Mechanics of Solids

Credit(s): 3

Stress and deflection analysis of machine parts, variable loads, endurance limits, fasteners, bearings, power transmission, code consideration of pressure and vacuum vessels, elements of design.

Prerequisite(s): EGN 3311

EML 3701 - Fluid Systems

Credit(s): 3

Principles of fluid flow; piping and duct systems; fluid machinery; metering of compressible and incompressible flow; boundary layer theory; dimensional analysis; introduction to aerodynamics.

Prerequisite(s): EGN 3321 (Minimum Grade: C+), and EML 3022 (Minimum Grade: C-), and

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

EGN 3343 (Minimum Grade: C), and EML 3500 (Minimum Grade: C).

EML 4106C - Thermal Systems and Economics

Credit(s): 3

Power and refrigeration cycles; fuels and combustion; internal combustion engine cycles; co-generation; nuclear energy; methods of economic analysis.

Prerequisite(s): EGN 3343 and EML 3500, both courses with a minimum grade of C

EML 4123 - Heat Transfer

Credit(s): 3

Conduction, convection and radiant heat transfer; thermal properties of materials; role of fluid flow in convective heat transfer; design and selection of heat exchangers.

Prerequisite(s): EML 3701, EML 3041

EML 4141 - Thermal Management of Electronic Systems

Credit(s): 3

Introduction to principles of thermal management for controlling heat dissipation in electronics systems. Passive & active thermal management techniques for electronic systems & components are considered with regard to fundamental heat transfer modes.

Prerequisite(s): EML 4123

EML 4220 - Vibrations

Credit(s): 3

Natural frequency, damping and resonance in single-degree-of-freedom systems. Vibration isolation and absorption. Lagrange's equations. Multi-degree of freedom systems. Introduction to vibration of continuous systems and predictive maintenance.

Prerequisite(s): EML 3262, EML 3041 (Grade of C- required)

EML 4230 - Introduction to Composite Materials

Credit(s): 3

The course introduces manufacturing types and applications of advanced composites. Students study micromechanical and macromechanical behavior of a lamina and analyze and design a laminated structure made of advanced composite materials.

Prerequisite(s): EML 3500 and EML 3041.

EML 4284 - Compliant Mechanisms

Credit(s): 3

This course presents methods for the design of compliant mechanisms, mechanisms that gain some or all of their motion from the deflection of flexible members. The course treats mechanism analysis, synthesis, and design applications.

Prerequisite(s): EML 3262

EML 4302 - Mechanical Engineering Laboratory II

Credit(s): 3

Continuation of EML 3303 with emphasis on material and energy balances, stress analysis and vibrations. Lec.-lab. The Team-Project-Time Approach.

Prerequisite(s): EML 3303.

EML 4310 - Microcontrollers

Credit(s): 3

To introduce students to microcontroller technology, and to provide them with an understanding of the concepts and principles used to interface input and output devices to microcontrollers, program microcontrollers, and to develop applications.

Corequisite(s): EML 4312.

EML 4312 - Mechanical Controls

Credit(s): 3

Introduces the concept of dynamic systems. Modeling of dynamic systems. Laplace Transforms. Transfer Functions. Block Diagrams. Characteristic equation. Time response of first and second order systems. Stability of dynamic systems. Routh stability criterion. Frequency response of dynamic systems. Polar plots and Bode plots. Introduction to state space model.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): EGN 3321 (Minimum Grade: C+), and EGN 3373 (Minimum Grade: C-), and EML 3041 (Minimum Grade: C-).

EML 4325 - Mechanical Manufacturing Processes

Credit(s): 3

Description of mechanical material cutting, forming and fabrication methods, as used in modern industrial manufacturing processes.

Prerequisite(s): EGN 3365 with a minimum grade of C- and EGN 3343 and EML 3500 both with a minimum grade of C

EML 4395 - Motor Selection and Control

Credit(s): 3

Standard electrical voltages; power wiring in industrial plants; NEMA motor designs and their uses; techniques for estimating motor starting times and temperature rise; motor selection, starting, and operating safety interlocks; conventional starting and control systems; programmable controllers; electrical code requirements for conductors and protective devices.

Prerequisite(s): ENG 3373

EML 4419 - Propulsion I

Credit(s): 3

Introduction to the design of propulsion systems. Basic analysis of internal combustion, jet and rocket engines. Application to ground and air transportation. Advanced propulsion concepts. Special topics for class discussion.

Prerequisite(s): EML 3701, EML 3500

EML 4421 - Internal Combustion Engines

Credit(s): 3

This course is for the application of thermodynamics, chemistry, dynamics of machinery, electronics and fluid mechanics. Topics covered are: introduction of engines, fuels and combustion, numerical modeling, ignition, fuel systems, balance of reciprocating mechanisms and emission control of exhaust pollutants.

Prerequisite(s): EGN 3343 and EML 3500, both courses with a minimum grade of C

EML 4450 - Alternative & Renewable Energy

Credit(s): 3

An overview of energy conversion for electrical power generation and transportation, both conventional and sustainable. The course is aimed at mechanical engineering seniors and includes hands-on design projects.

Prerequisite(s): EML 3500 and EGN 3343

EML 4501 - Machine Design

Credit(s): 3

Designed to teach students to apply the principles of engineering mechanics, materials and manufacturing to the design/analysis of machine elements and mechanical systems. Emphasis is given toward good design practice as well as pitfalls that can result in a catastrophic failure.

Prerequisite(s): EML 3500 (Minimum grade: C), and EML 3022 (Minimum grade: C-), and EML 3262 (Minimum grade: C-), and EML 4325 (Minimum grade: C-).

EML 4503 - Sustainable Design and Materials

Credit(s): 3

This course integrates sustainability into the design of engineered products. Topics include materials selection and function performance, design for the 4 Rs, end-of-life concerns and product life cycle assessment methods.

Prerequisite(s): EML 4501

EML 4536 - Applied Finite Element Analysis

Credit(s): 3

Theory and practical applications of Finite Element Method, Matrix methods, Linear and Non-linear structural analysis of Trusses, Beams, Frames and three-dimensional machine components/assemblies. Buckling and modal analysis. ANSYS/Solidworks simulations.

Prerequisite(s): EML 3022 with a minimum grade of C-, EML 3500 with a minimum grade of

C

CoPrerequisite(s): EML 4501 with a minimum grade of C-

Restriction(s):
Majors Only
Permit Required

EML 4542 - Materials Selection

Credit(s): 3

This course will cover the basic concepts and strategies of materials selection for engineering applications using Ashby method. It will also cover structure, property, processing and performance relationships of engineering materials (steel, non-ferrous alloys, ceramics, polymeric materials, and composites).

Prerequisite(s): EGN 3365 Materials Engineering I, min grade C-
EML 3500 Mechanics of Solids, min grade C

EGN 3343 Thermodynamics, min grade C

EML 4550 - Capstone I - Ethics

Credit(s): 3

Comprehensive study of Ethics, Design process, Communication, Human factors and safety in engineering design, Teamwork skills, and Meaningful critical reflection

Course Attribute(s): CST - Capstone, TGEE - Ethical Reasoning and Civic Engagement

Prerequisite(s): EML 4501 with a minimum grade of C-

CoPrerequisite(s): EML 4123 Heat Transfer with a minimum grade of C-.

Restriction(s):
Majors Only

College Include: EN

Majors Only **UN SDG(s):**

SD09 - Industry

EML 4551 - Capstone II - Design

Credit(s): 3

Comprehensive design or feasibility project requiring application of previously acquired engineering knowledge; use of ANSYS, CAD and SolidWorks.

Course Attribute(s): CPST - Capstone Learning Experience, CST - Capstone, TGEH - High Impact Practice

Prerequisite(s): EML 4501 with a minimum grade of C- and, EML 4106C with a minimum grade of C- and, EML 4550 with a minimum grade of C-.

CoPrerequisite(s): EML 4312 with a minimum grade of C- and, EML 4302 with a minimum grade of C-

Restriction(s):
Majors Only
Permit Required

EML 4552 - Senior Mechanical Design

Credit(s): 3

Comprehensive design or feasibility study project. In some cases may be a continuation of EML 4551.

EML 4575 - Principles of Fracture Mechanics

Credit(s): 3

Introduction to failure and fracture of linear and nonlinear engineering materials, as well as designing against fracture in modern materials.

Prerequisite(s): EML 3500, EGN 3343

EML 4593 - Haptics

Credit(s): 3

Course covers the theory and implementation of haptic interfaces and rendering, teleoperation, modeling, control and stability of feedback for robotic systems and virtual environments, and the related human haptic sensing capabilities.

Prerequisite(s): EML 3041; EML 4312

EML 4601 - Air Conditioning Design

Credit(s): 3

Application of thermodynamics, heat transfer, and fluid flow to sizing of HVAC systems. Heating and cooling calculations, air requirements,

ALL COURSES LISTING

equipment sizing. Energy Code requirements. Design project.

Prerequisite(s): EGN 3343 and EML 3500, both courses with a minimum grade of C

EML 4702 - Fluid Dynamics II

Credit(s): 3

The Fluid Dynamics II course is a senior level technical elective for Mechanical Engineering Students. The goal of the course is develop an advanced understanding of fluid dynamics applied to mechanical engineering as well as to other related fields.

Prerequisite(s): EGN 3343, EGN 3321 and EML 3701

EML 4703 - Mechanics of Compressible Fluids

Credit(s): 3

Introduction to kinetic theory of gases, compressible flow equations, isentropic flow, flow with friction and heat transfer, compression and expansion in supersonic flow, normal and oblique shock waves and Prandtl-Meyer expansions.

Prerequisite(s): EML 3701, EGN 3343

EML 4905 - Independent Study

Credit(s): 1-4

Specialized independent study determined by the student's needs and interests.

EML 4930 - Special Topics in Mechanical Engineering

Credit(s): 1-3

Selected Topics

ENC 1101 - Composition I

Credit(s): 3

This course helps prepare students for academic work by emphasizing expository writing, the basics of library research, and the conventions of academic discourse.

Course Attribute(s): 6AC - State Communication Requirement, 6ACM - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon

Communication Requirement, 6ACT - State Communication Requirement, CAEC - English Composition, HHCP - Human Historical Context & Process, SGEC - General Education Core Communication, SMCO - Communication, SPCO - Communication

Other Information: Scores of: ST11 of 440 or TFL4 of 550 or TFIT of 079 or EAC1 of 17 or EAC3 of 18.

ENC 1102 - Composition II

Credit(s): 3

This course emphasizes argument, research, and style. As students engage in creative and critical thinking, they learn to support assertions based on audience and purpose; students apply library research, strategies for revision, and peer response.

Course Attribute(s): 6AC - State Communication Requirement, 6ACM - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, CAEC - English Composition, SMCO - Communication, SPCO - Communication, TGEN - ENC 1102

Prerequisite(s): ENC 1101 with a grade of C- or better

ENC 1130 - Improving College-Level Writing

Credit(s): 3

This class approaches writing as a process and utilizes prewriting, drafting, revising, and editing. Through intensive reading and writing practice, the curriculum will address grammar, mechanics, punctuation, word usage, and essay structure.

ENC 2210 - Technical Writing

Credit(s): 3

Effective presentation of technical and semi-technical information. Will not count toward the English major.

Course Attribute(s): 6AC - State Communication Requirement, 6ACM - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, SMEL - General Education Elective

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): ENC 1102 with a grade of C- or better

ENC 3241 - Scientific Writing and Presentation

Credit(s): 3

A course designed to give students the skills necessary to prepare professional materials for science writing assignments, presentations, or publication.

Prerequisite(s): ENC 1101 with a minimum grade of C, ENC 1102 with a minimum grade of C

Restriction(s):
Majors Only

ENC 3242 - Technical Communication for Majors

Credit(s): 3

The study of the range of possible careers for technical communicators with special emphasis on the issues that professional writers face in various workplace contexts and on the skills needed in word processing.

Course Attribute(s): SMLE - Leadership & Ethics Pillar

Prerequisite(s): ENC 1102 with a grade of C- or better

ENC 3246 - Communication for Engineers

Credit(s): 3

Focuses on writing concerns of engineers. Deals with the content, organization, format, and style of specific types of engineering documents. Provides opportunity to improve oral presentations.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

Prerequisite(s): ENC 1102 with a grade of C- or better

ENC 3249 - Communication for IT Professionals

Credit(s): 3

This course is devoted to the written and oral communication concerns of the 21st Century information technology professional. Students will be engaged individual and team development of professional and technical documents relevant to the IT field.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

Prerequisite(s): ENC 1102 with a grade of C- or better

Restriction(s):
Majors Only

Other Information: Information Technology major

ENC 3250 - Professional Writing

Credit(s): 3

The course is an introduction to the techniques and types of professional writing, including correspondence and reports. It is designed to help strengthen skills of effective business and professional communication in both oral and written modes.

Course Attribute(s): 6AC - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone, CLB - Collaborative Learning, TGEH - High Impact Practice

Prerequisite(s): ENC 1102 with a grade of C- or better

Restriction(s):
Graduate Standing

Other Information: Exclude Graduate.

ENC 3266 - Research Methods for Professional and Technical Communication

Credit(s): 3

Students will be introduced to the idea of research as inquiry and as a knowledge-making enterprise that is used in the workplace to solve problems or answer questions. By examining a variety of research methods, students will learn how to develop an idea, plan a research project,

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

go about gathering data (whatever "data" may be), perform analysis, and present their work.

ENC 3310 - Expository Writing

Credit(s): 3

This is a course that teaches the techniques for writing effective prose, (excluding fiction), in which student essays are extensively criticized, edited, and discussed in individual sessions with the instructor and with peers.

Course Attribute(s): 6AC - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, SMCD - Community Engagement & Diversity Pillar, WRIN - Writing Intensive Capstone

Prerequisite(s): ENC 1102 with a grade of C- or better

ENC 3330 - Rhetorical Traditions

Credit(s): 3

Examine texts from the rhetorical tradition alongside contemporary examples of rhetoric and engage questions that arise from the study of rhetoric; apply rhetoric to teaching, literary criticism, professional writing, publishing, politics, and law.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENC 3331 - Client and Civic Communication

Credit(s): 3

This course provides the groundwork for writing in civic life and explores working definitions of key terms: civic engagement, ethics, rhetoric, writing, composing and technology.

Course Attribute(s): CEL - Community Engaged Learning, TGEE - Ethical Reasoning and Civic Engagement

Prerequisite(s): ENC 1102 with a grade of C- or better

ENC 3370 - Writing Technologies

Credit(s): 3

This course introduces students to essential writing and design technologies they will use in their careers and provides students the opportunity to practice writing and design while building a technological literacy around the use of new tools.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENC 3371 - Rhetorical Theory for Technical Communication

Credit(s): 3

This course provides undergraduates exposure to key rhetorical theorists and concepts, placing special emphasis on the relationships between rhetor, audience, context, and medium. This course is open to all students and is not restricted or repeatable.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENC 3373 - Rhetoric of Marginalized Communities

Credit(s): 3

Study mainstream and marginalized communities in an interactive seminar featuring discussion, collaboration, essay writing, presentations, electronic media, and the development of a final project/ portfolio negotiated between each student and instructor. Study mainstream and marginalized communities in an interactive seminar featuring discussion, collaboration, essay writing, presentations, electronic media, and the development of a final project/ portfolio negotiated between each student and instructor.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENC 3376 - Multimodal Composition

Credit(s): 3

Compose with still and moving images, color, music, sound, and gesture. Write between modes, media, and genres of texts and events, and use traditional writing processes to create a multimodal project.

Prerequisite(s): ENC 1102 with a grade of C- or better

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ENC 3416 - New Media for Technical Communication

Credit(s): 3

The study and production of digital media with special emphasis on emergent and evolving applications.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENC 3435 - Rhetoric and Gaming

Credit(s): 3

This course applies different theoretical lens to broaden students' understandings of videogames. Students familiarize themselves with the major genres of writing predominant in the videogame industry. Students work together to design and implement a game.

ENC 3445 - Introduction to the English Major

Credit(s): 3

This course introduces students to analytical approaches, critical readings, and forms of writing typically found within the English major.

Prerequisite(s): ENC 1102 with a minimum grade of C- or better.

ENC 4212 - Professional & Technical Editing

Credit(s): 3

This course helps students meet professional and technical editing challenges in the workplace. Assignments concern research, interviewing, writing, editing, and the technology needed for successful results. Unrestricted to majors, not repeatable.

Prerequisite(s): ENC 2210 with a grade of C or better

ENC 4218 - Visual Rhetoric for Technical Communication

Credit(s): 3

The study and production of visual rhetoric with special emphasis on print and digital document design and technical graphics.

Prerequisite(s): ENC 1102 with a grade of C or better

ENC 4260 - Technical and Professional Communication Capstone

Credit(s): 3

This portfolio-based capstone course allows students to further develop and demonstrate mastery and integration of the skills, principles, and knowledge gained from their professional and technical communication coursework.

Course Attribute(s): 6AC - State Communication Requirement, CST - Capstone, TGEH - High Impact Practice

Prerequisite(s): ENC 2210 or ENC 3310 with a minimum grade of C

ENC 4264 - Managerial Communications

Credit(s): 3

This course is designed to strengthen written, oral, and non-verbal skills in the context of managerial communication tasks. The course presents communication skills as integral to management strategy and as vital to workplace success. Non-restricted to majors.

Prerequisite(s): ENC 2210 with a grade of C or better

ENC 4268 - Senior Seminar in Professional & Technical Writing

Credit(s): 3

This course helps students consolidate learning from previous Professional and Technical Writing courses to prepare for professional employment by performing advanced assignments guided by professional mentors and instructor.

Course Attribute(s): 6AC - State Communication Requirement, 6ACM - State Communication Requirement, SMCC - Communication & Critical Thinking Pillar

Restriction(s):
Senior Standing

Other Information: This is a required course for the major and is not repeatable.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ENC 4311 - Advanced Composition

Credit(s): 3

Instruction and practice in writing effective, lucid, and compelling prose, with special emphasis on style, logical argumentation, and critical thinking.

Prerequisite(s): ENC 2210 with a grade of C or better

ENC 4351 - Writing for Publication

Credit(s): 3

Develop the knowledge and skills necessary to write & publish professional papers and become familiar with the requirements of journals in an area of specialization and to provide first-hand experience with the publication process.

Prerequisite(s): ENC 1102 with a grade of C- or better.

ENC 4353 - Public Rhetorics

Credit(s): 3

This course explores the role of rhetoric in the ways communities and individuals empower themselves to frame issues, tackle problems, and promote change. Students will adopt various roles and responsibilities to practice organizing and advocating positions.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENC 4377 - Advanced Rhetoric

Credit(s): 3

Study rhetorical cultures and produce rhetorical performances in an interactive seminar featuring discussion, collaboration, essay writing, presentations, electronic media, and the development of a final project/portfolio.

Prerequisite(s): ENC 1102 with a grade of C- or better.

ENC 4403 - Grant Writing

Credit(s): 3

This course will teach students the mechanics of grant and proposal writing and the skills that can be effectively learned to procure funding from those organizations.

Prerequisite(s): ENC 1102 with a grade of C or better

ENC 4431 - Writing and New Media

Credit(s): 3

Engage social networking, interactivity, virtual communities, and the issues that emerge in the creation, consumption, distribution, and publication of digital media. Students research, and create a variety of social media for a wide range of purposes.

Prerequisite(s): ENC 1102 with a grade of C- or better.

ENC 4906 - Professional & Technical Writing Independent Study

Credit(s): 3

This course focuses on such individually chosen topics as communications crisis management and PR strategy through written assignments, selected readings, and in-person or online meetings. Not restricted to majors; may be repeated for credit.

Prerequisite(s): ENC 2210 with a grade of C or better

ENC 4931 - Selected Topics in Professional and Technical Writing

Credit(s): 3

Focus of the course will be determined by student demand and instructor interest. Topics to be covered may include legal writing, the conventions of business writing, writing in the medical fields, and writing for the social sciences. May be taken twice for credit with different topics.

Prerequisite(s): ENC 2210 with a grade of C or better

ENC 4940 - Technical and Professional Communication Internship

Credit(s): 3

Supervised work-and-learning experience in technical and professional communication under the direction of an employee of a participating firm and a University faculty member. 10-12 hrs per week of student time for regular term; 13-16 per week in summer.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Course Attribute(s): 6AC - State Communication Requirement, INT - Internship, TGEH - High Impact Practice

Prerequisite(s): ENC 3242 with a grade of C or better

Restriction(s):
Permit Required

Other Information: At least 12 undergraduate credit hours in upper division Professional and Technical Writing classes

ENC 4946 - Professional & Technical Writing Internship

Credit(s): 3

This course is a custom-designed internship for those students enrolled in the Professional and Technical Writing major. Students work with a company or organization on real-world communications assignments under the guidance of a supervisor.

Prerequisite(s): ENC 3242 with a minimum grade of C

Restriction(s):
Majors Only

Other Information: Approved application and approved formal internship agreement. The course may not be repeated for credit.

ENG 3014 - Introduction to Literary Methodology

Credit(s): 3

This course prepares English majors and minors with the basic critical and technical skills and understanding for subsequent literary study in 3000- and 4000-level courses towards the major. Substantial writing. Required of LIT majors. Recommended during first 2 semesters of LIT major.

ENG 3113 - Film as Narrative Art

Credit(s): 3

This course will examine the role of narrative as it appears in national and international cinema and study different theoretical and historical perspectives of cinematic narrative and cinematic techniques and interpretation.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENG 3674 - Film and Culture

Credit(s): 3

Students will be introduced to key concepts and techniques of Film Studies, including the history of film; an examination of film genres; an overview of foreign cinema; and the study of issues of class, race, gender, and sexuality.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, CPST - Capstone Learning Experience, TGEC - Creative Thinking, WRIN - Writing Intensive Capstone

Restriction(s):
Junior Standing
Senior Standing

ENG 4013 - Literary Criticism

Credit(s): 3

A study of the works of major literary critics from Aristotle to the present, with emphasis on their meaning, their implied world view, and their significance for our own time and literature. Required for Literature majors. Recommended before 4000-level literature courses.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENG 4042 - Studies in Theory and Criticism

Credit(s): 3

A survey or focused study of criticism and theory, including literary and rhetorical, ancient and contemporary.

Prerequisite(s): ENC 1102 with a grade of C- or better.

ENG 4060 - History of the English Language

Credit(s): 3

The evolution of language from Anglo-Saxon through Middle English to Modern English. Development of the English lexicon. Changes in the pronunciation, syntactic, and semantic systems; discussion of the forms which influenced them.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): ENC 1102 with a grade of C- or better

ENG 4818 - Feminist Digital Humanities

Credit(s): 3

A study of the foundational concepts and analytical tools of feminist digital humanities. Students will read feminist authors and literature within a digital humanities framework and conduct digital humanities projects.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENG 4906 - Individual Research

Credit(s): 1-4

Directed study in special projects.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENG 4907 - Directed Reading

Credit(s): 3

Readings in special topics.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENG 4934 - Senior Literature Seminar

Credit(s): 3

The Senior Literature Seminar will be the capstone course for literature majors, emphasizing the degree-program outcomes. Students will develop and synthesize the knowledge and skills gained in the literature major, as they will explore a specific topic, which will vary. This is a required course for English majors.

Course Attribute(s): 6AC - State Communication Requirement, 6ACM - State Communication Requirement, CST - Capstone, SMCC - Communication & Critical Thinking Pillar, TGEH - High Impact Practice

Prerequisite(s): ENC 1102 with a grade of C- or better

Restriction(s):
Senior Standing

ENG 4935 - Honors Seminar I

Credit(s): 3

Variable topics. Students will be expected to participate in class discussion, make formal presentations, and complete a major research project.

Prerequisite(s): ENC 1102 with a grade of C- or better

Corequisite(s): ENG 4936.

Restriction(s):
Majors Only

Other Information: English Honors Program

ENG 4936 - Honors Seminar II

Credit(s): 3

Variable topics. Students will be expected to participate in class discussion, make formal presentations, and complete a major research project.

Prerequisite(s): ENC 1102 with a grade of C- or better

Corequisite(s): ENG 4935

Restriction(s):
Majors Only

Other Information: English Honors Program

ENG 4940 - Internship in English

Credit(s): 1-4

Supervised field experience in a writing and/or reading oriented position relevant to the English major. Restricted to majors. Nonrepeatable.

Prerequisite(s): ENC 1102 with a grade of C- or better

Restriction(s):
Majors Only

Other Information: ENG major

ENG 4950 - Senior Portfolio

Credit(s): 3

This course provides a capstone experience for integrating the skills and knowledge acquired throughout the program of study into a portfolio of diverse texts for sharing and showcasing beyond the university community.

Course Attribute(s): 6AC - State Communication Requirement, CST - Capstone,

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

TGEH - High Impact Practice

Prerequisite(s): ENG 3014 with a minimum grade of C-

Restriction(s):
Senior Standing

ENG 4955 - English Studies Abroad

Credit(s): 1-6

The study of English abroad. Readings and topics vary but will reflect the location of the course. How knowledge of a place shapes reading practices and how writing invests physical locations with significance and meaning.

Course Attribute(s): EDR - Education Abroad, GCPC - Global Citizens Project Course, TGEH - High Impact Practice

Prerequisite(s): ENC 1102 with a grade of C- or better

UN SDG(s):
SD04 - Quality Education

ENG 4970 - Honors Thesis

Credit(s): 3

For students writing English Honors theses.

Prerequisite(s): ENG 4935 or ENG 4936 with a grade of C- or better

ENL 3015 - British Literature to 1616

Credit(s): 3

A survey of representative prose, poetry, and drama from its beginnings through the Renaissance, including such poems and figures as *Beowulf*, Chaucer, Malory, More, Hooker, Skelton, Wyatt, Sidney, Spenser, Shakespeare, Donne, and Jonson.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENL 3016 - Studies in 17th and 18th Century British Literature

Credit(s): 3

This is a topics course focusing on 17th and 18th century British literature. It satisfies a historical distribution requirement for the English major, LIT, and may be taken more than once for credit.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENL 3017 - Studies in 19th Century British Literature

Credit(s): 3

This is a topics course focusing on British Literature primarily of the years 1800-1900. It satisfies a historical distribution requirement for the English major, LIT, and may be taken more than once for credit.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENL 3230 - British Literature 1616-1780

Credit(s): 3

A survey of 17th Century and Neoclassical Literature, including such figures as Donne, Herbert, Crashaw, Vaughan, Marvell, Milton, Pope, Swift, Johnson, Boswell, and Goldsmith.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENL 3251 - British Literature 1780-1900

Credit(s): 3

The poetry and poetics of the Romantic figures, with attention to the continuing importance of Romantic thinking in contemporary affairs and letters; a survey of representative figures of the Victorian and Edwardian periods, including poetry, prose, and drama.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENL 3270 - British Literature, 1900 to the Present

Credit(s): 3

This course surveys major movements and authors in British literature from 1900 to the present, situating literary works within historical and cultural contexts.

Prerequisite(s): ENC 1102, with a minimum grade of C- or better.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ENL 3273 - British Literature 1900-1945

Credit(s): 3

Survey of poetry, drama, and fiction of such writers as Eliot, Yeats, Thomas, Conrad, Shaw, Joyce, Lawrence, Huxley, Woolf, Forster, Waugh, Owen, Auden, O'Casey, and others.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENL 3331 - Early Shakespeare

Credit(s): 3

A study of from five to eight of Shakespeare's comedies, histories, and early tragedies, ending with *Hamlet*. Special attention to developing the student's ability to read and interpret the text.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENL 3332 - Late Shakespeare

Credit(s): 3

A study of from five to eight of Shakespeare's problem plays, major tragedies, and late romances. Special attention to developing the student's ability to read and interpret the text.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENL 3333 - Shakespeare

Credit(s): 3

This course studies conditions, conventions & mode of representations of the early modern stage and examines Shakespeare's uses of them. Along with analyzing plays in these contexts, students will experience interpretation through performance.

Prerequisite(s): ENC 1102 with a grade of C- or better.

ENL 3334 - Shakespeare from an Historical Perspective

Credit(s): 3

This course introduces students to at least six of Shakespeare's plays. The course will focus on artistic elements of the plays; the political, social, and intellectual milieu of the period; as well as

issues of class, race, and gender. Will not count toward English major.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, CAHU - Humanities, HHCP - Human Historical Context & Process

ENL 4112 - Eighteenth-Century British Novel

Credit(s): 3

This course studies exemplary British novels from the eighteenth century, the distinctive literary features of the novel in this formative period, and the critical questions surrounding the emergence of this genre.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENL 4122 - 19th Century British Novel

Credit(s): 3

Study of the 19th-century British novel, including works by novelists such as Thackeray, Dickens, Eliot, Hardy, Trollope, and others. Analysis of the characteristics of the novels and their historical, social, cultural, and political contexts.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENL 4132 - British Novel: Conrad to the Present

Credit(s): 3

A critical study of British fiction from 1900 to the present, with emphasis on such writers as Conrad, Lawrence, Joyce, Woolf, Huxley, Orwell, Burgess, Murdoch, Golding, and others.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENL 4203 - Introduction to Old English

Credit(s): 3

This course will give students a reading knowledge of the Old English language and introduce them to its literature.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): ENC 1102 with a grade of C- or better

ENL 4303 - Selected British Authors

Credit(s): 3

The study of two or three major figures in British Literature. The course may include such writers as Fielding and Austen, Keats and Yeats, Joyce and Woolf. Specific topics will vary. May be taken twice for credit with different topics.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENL 4311 - Chaucer

Credit(s): 3

An intensive study of *The Canterbury Tales* and major critical concerns.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENL 4341 - Milton

Credit(s): 3

Study of the poetry and major prose of John Milton, with special emphasis on *Paradise Lost*.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENL 4501 - Studies in Medieval and Early Modern Literature

Credit(s): 3

This course will examine specific eras, genres, and authors within medieval and early modern literature.

Prerequisite(s): ENC 1102 with a grade of C- or better

ENL 4930 - Selected Topics

Credit(s): 3

This course examines a specific literary movement or genre in British literature (ie, Shakespearean genre, Romanticism).

Prerequisite(s): ENC 1102 with a grade of C- or better.

ENL 4931 - Studies In British Literature And Culture

Credit(s): 3

This course examines a particular topic or theme, varying with individual selection, in the British literary tradition.

Prerequisite(s): ENC 1102, with a minimum grade of C-

ENT 3003 - Principles of Business in Entrepreneurship

Credit(s): 3

Introduction to business principles in entrepreneurship for non-business and non-industrial engineering students. Provides basic foundation in entrepreneurship, finance and accounting. Helps students to understand the role of entrepreneurship in society.

ENT 3004 - Principles of Entrepreneurship

Credit(s): 3

Study of the principles related to entrepreneurship and entrepreneurial activity. Emphasis is placed on understanding the differences between small business and entrepreneurship. An introduction to skill sets required for entrepreneurial success.

Other Information: Entrepreneurship minors and anyone who has already taken ENT 4014 - New Venture Formation are excluded from taking this course

ENT 3004 and ENT 4014 are considered course equivalents. Therefore, academic credit may not be given for both courses.

ENT 3613 - Creativity and Innovation in Entrepreneurial Firms

Credit(s): 3

This class is designed to prepare the student in the use of creative thinking tools and a mindset equipped to explore possibilities and create options to establish a competitive advantage in an increasingly complex and uncertain environment.

ENT 4014 - New Venture Formation

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Course for Business and Industrial Engineering students. Integrates business principles with entrepreneurship and venture creation. Synthesizes theoretical and practical aspects of entrepreneurial new business creation.

Prerequisite(s): ENT 3003 or (MAN 3025 and ACG 2021)

Restriction(s):
Junior Standing

Other Information: ENT 3004 and ENT 4014 are considered course equivalents. Therefore, academic credit may not be given for both courses.

Students in the Entrepreneurship major or anyone that has taken ENT 3004 Principles of Entrepreneurship should not take ENT 4014.

ENT 4024 - Small Business Management - Entrepreneurship

Credit(s): 3

Study the factors involved in starting and managing a small to medium sized company. Emphasis on conduct of pre-business feasibility, start-up of business, successful management of firm, and options for succession or termination.

ENT 4214 - Entrepreneurial Leadership

Credit(s): 3

Focuses on entrepreneurial leaders & experiences that have led to their success and failures. Guest entrepreneurs will present their experiences & engage in open discussion. Concepts conveyed by speakers will be expanded on by the instructor.

ENT 4244 - Scalability in Entrepreneurial Firms

Credit(s): 3

Addresses the greatest challenge for a high growth firm--scalability. Scalability issues throughout the firm will be addressed including change management, culture, leadership, human resources, financial, funding, marketing, strategy and business modeling.

Prerequisite(s): ENT 3613 with a minimum grade of C- or better.

ENT 4424 - Fundamentals of Venture Capital and Private Equity

Credit(s): 3

Elective course for business and industrial engineering students. Integrates basic principles of venture financing through an examination of both venture capital and private equity in entrepreneurial new business creation and growth.

Prerequisite(s): ENT 3004 OR ENT 4014

ENT 4803 - Sustainable Entrepreneurship

Credit(s): 3

This course will focus on how to design, grow, and lead sustainable enterprises. Students will learn that economic sustainability is integrally linked to the environmental and social outcomes a business venture achieves.

Prerequisite(s): ENT 3003 with a minimum grade of C-.

Restriction(s):
Junior Standing
Senior Standing

ENT 4940 - Internship in Entrepreneurship

Credit(s): 3

This 3-credit hour course consists of two components – an academic component that focuses on professional development skills and an on-site experiential learning experience. Prior to the on-site experience students will work on professional development skills that can translate to the on-site experience and their careers. The on-site experience is expected to average 10 hours per week for a total of 120 hours over the course of the semester and provide students with valuable industry experience and the ability to apply their knowledge of business/industry practices.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

Other Information: To be eligible for the course the student must have at least 80 credits and a 2.75 GPA on business courses.

ENT 4945 - Student Consulting in High Growth Ventures

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Students will work directly as consultants to high growth potential firms in the Gazelle Lab business accelerator program. Students will analyze feasibility, environmental concerns, financial benchmarking, executive summaries, and the investor pitch.

ENV 2061 - Engineering Sustainable and Healthy Environments**Credit(s): 2**

Case studies are used to explore the technical and non-technical perspectives involved with designing and managing equitable and enduring infrastructure that reduces environmental contamination and health risks from exposure to environmental hazards.

Prerequisite(s): PHY 2048 with a minimum grade of C or PHY 2060 with a minimum grade of C or Physics C : Mechanics with a minimum score of 4, CHM 2045 with a minimum grade of C or CHS 2440 with a minimum grade of C or Chemistry with a minimum score of 4

Restriction(s):

Majors Only
Permit Required

ENV 2073 - Global Warming: Science and Politics of a Contemporary Issue**Credit(s): 3**

Non-technical introduction to the greenhouse effect and how human activities purportedly affect the global climate. Investigation of the relationship between science and the political process. Proposed policies to address global warming.

Course Attribute(s): CANP - Natural Sciences (Physical Science)

ENV 4001 - Environmental Systems Engineering**Credit(s): 3**

Introduction to environmental engineering. Protection of human health, air, water, and land resources. Sustainable design, water quality, solid and hazardous waste management, air quality control, contaminated environments. Application of mass balances.

Course Attribute(s): GCPC - Global Citizens Project Course

Corequisite(s): EGN 3353

Restriction(s):

Permit Required

UN SDG(s):

SD06 - Clean Water and Sanitation
SD07 - Affordable and Clean Energy
SD11 - Sustainable Cities-Communities
SD12 - Responsible Consumption
SD13 - Climate Action

ENV 4004L - Environmental Engineering Lab**Credit(s): 1**

Laboratory experience in the measuring of environmental engineering parameters.

Prerequisite(s): EGN 3353 with a minimum grade of C-

CoPrerequisite(s): ENV 4001 with a minimum grade of C-

ENV 4053C - Fate and Transport of Chemicals in the Environment**Credit(s): 3**

Investigates how chemical properties, physical processes, and environmental characteristics all influence the fate and transport of chemicals in natural and engineered systems. Includes theory, practical examples, and laboratory experiment.

Prerequisite(s): ENV 4001 with a minimum grade of C-

ENV 4071 - Environmental Site Assessment**Credit(s): 3**

All of the fundamental elements of environmental site assessments, including a review of pertinent laws and regulations, the process of interviews, file reviews, and the site reconnaissance, through the use of procedures based on the Scientific Method.

Prerequisite(s): CHM 2045 with a minimum grade of C- or CHS 2440 with a minimum grade of C

Restriction(s):

Permit Required

ENV 4082 - Environmental Field Sampling

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

This course is designed to provide students with an interest in the field of environmental science/engineering, with the highest level of practical, hands-on environmental field training to help them advance their careers.

Prerequisite(s): CHM 2045 with a minimum grade of C- or CHS 2440 with a minimum grade of C

Restriction(s):
Permit Required

Other Information: Must be in the College of Engineering

ENV 4102 - Air Pollution Fundamentals**Credit(s): 3**

An introduction to ambient air pollution control. Emphasis is given to principles underlying our understanding of air pollution, its sources, its effects, along with approaches for its management.

Prerequisite(s): CHM 2046 with a minimum grade of C or Chemistry with a minimum score of 5

Restriction(s):
Junior Standing
Senior Standing

ENV 4351 - Solid Waste Engineering**Credit(s): 2**

Introduction to the principles of integrated municipal solid waste management; waste minimization, recycle and disposal options. Design of landfill disposal systems. Course restricted to Civil and Environmental Engineering majors.

ENV 4417 - Water Quality and Treatment**Credit(s): 3**

An introduction to municipal water supply and waste water treatment. Topics include water requirements and waste volumes, water quality, physical and chemical treatment processes, and advanced wastewater treatment processes.

Prerequisite(s): EGN 3353

ENV 4612 - Green Engineering for Sustainability**Credit(s): 3**

Offers an overview of principles of green engineering including innovation, inherency, interdisciplinary, integration, and international, with an emphasis on applications of green engineering principles in different design stages.

Restriction(s):
Permit Required

ENV 4620 - Envision Sustainable Communities**Credit(s): 3**

This course explores how infrastructure projects can be conceived and designed with relevant partners to make our societies more sustainable and equitable. Criteria used by the Envision™ rating system are reviewed, and applied to built infrastructure projects relevant to civil and environmental engineers.

Other Information: Restrictions:
Field of Study Include: ECE or EVE

College Include: ENUN **SDG(s):**

SD01 - No Poverty
SD02 - Zero Hunger
SD03 - Good Health and Well-being
SD04 - Quality Education
SD05 - Gender Equality
SD06 - Clean Water and Sanitation
SD07 - Affordable and Clean Energy
SD08 - Decent Work
SD09 - Industry
SD10 - Reduced Inequality
SD11 - Sustainable Cities-Communities
SD12 - Responsible Consumption
SD13 - Climate Action
SD14 - Life Below Water
SD15 - Life on Land
SD16 - Peace
SD17 - Partnerships

ENV 3004C - Introduction to Entomology**Credit(s): 4**

An introduction to general aspects of insect morphology, development, and classification. The identification of local forms will be emphasized. Fieldwork required. Lecture and Laboratory.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): BSC 2010 with a C- or better and BSC 2010L with a C- or better and BSC 2011 with a C- or better and BSC 2011L with a C- or better and CHM 2045 with a C- or better

ESC 2000 - Introduction to Earth Science

Credit(s): 3

An introductory course in the Earth Sciences. Topics covered include geology, weather, climate change, ocean dynamics, and the history of the Earth, the solar system and beyond

Course Attribute(s): CANP - Natural Sciences (Physical Science), SGEN - General Education Core Natural Sciences, SPNS - Natural Sciences

ESC 3210 - Earth and Space Science Fundamentals

Credit(s): 4

This course is designed to further develop science teachers' understanding of the earth and space sciences commonly found in 6-9 school curricula, with a focus on effective earth and space sciences pedagogy and instructional practice

Restriction(s):
Permit Required

Other Information: Nine semester hours in science coursework is required prior to taking ESC 3210.

ESC 4705 - Geology and Development of Modern Africa

Credit(s): 3

An in-depth look at how geology has affected the politics, history and culture of Africa. Units include the Nile and hydropolitics, deserts and climate, rifting and hominid evolution, and mining and politics.

ESE 4322 - Classroom Management for Diverse School and Society

Credit(s): 3

Focuses on classroom management in secondary schools including classroom climate, specific strategies to address management issues, school safety, violence, diversity, ethics, and educational law.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):
SD04 - Quality Education

ESE 4341 - Secondary Teaching Methods

Credit(s): 3

This course prepares pre-service teachers by developing an understanding of the foundations of the social sciences, science, and English. Pre-service teachers will explore & describe concepts as well as demonstrate knowledge of methods in their discipline.

ESI 4007 - Engineering Programming

Credit(s): 3

A problem based approach to describing programming concepts using Visual Basic for Applications and MS Excel.

Prerequisite(s): MAC 2281, with a minimum grade of C (C- not accepted).

Restriction(s):
Permit Required

ESI 4221 - Statistical Methods in Quality Analytics

Credit(s): 3

This course will present data driven theory and methods of quality monitoring including process capability, control charts, acceptance sampling, quality engineering, and quality design.

Prerequisite(s): EGN 3443 with a minimum grade of C.

ESI 4244 - Design of Experiments

Credit(s): 3

Activity forecasting models and control. Design and use of inventory control models, both designs applicable to engineering analyses. Analysis of variance and regression.

Prerequisite(s): EGN 3443.

ESI 4312 - Foundations of Optimization

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

This course covers basic techniques for modeling and optimizing deterministic systems with emphasis on linear programming, network optimization, basic mixed integer programming, and nonlinear programming. Students learn how to compute solutions of various optimization problems. Applications to production, logistics, and service systems are discussed.

Prerequisite(s): EGN 4450 with a minimum grade of C.

CoPrerequisite(s): ESI 4007 with a minimum grade of C

ESI 4313 - Stochastic Systems**Credit(s): 3**

Probabilistic models in Operations Research. Discrete and continuous time processes, queuing models, inventory models, simulation models, Markovian decision process and decision analysis.

Prerequisite(s): ESI 4007 with a minimum grade of C

ESI 4326 - Engineering the Supply Chain**Credit(s): 3**

Students learn tools to design supply chain networks considering all drivers including: facilities, transportation, inventory, information, sourcing and pricing, as well as techniques to support design, planning and operational decisions in the supply chain.

Restriction(s):
Permit Required

ESI 4523 - Systems Simulation**Credit(s): 3**

A study of the development and analysis of computer simulation models: Monte Carlo, time-slice, and next-event. Introduction to special purpose simulation languages.

Prerequisite(s): ESI 4313.

ESI 4606 - Analytics I - Foundations of Data Science**Credit(s): 3**

With the rapid advancement of sensing

technology and information systems, massive amounts of data are being generated in various fields, ranging from engineering to applied science. There is an increasing need for data scientists and analysts who have skills and knowledge to analyze and interpret such data in order to extract patterns and gain insights for problem solving and decision making.

Prerequisite(s): EGN 3443 with a minimum grade of C, and ESI 4312 with a minimum grade of C.

ESI 4607 - Analytics II- Applied Data Science**Credit(s): 3**

Future-based projections are an integral part of our lives. We make these projections/decisions either with tangible data or with intuition and experience. Massive amounts of data are being generated in various fields, ranging from engineering to applied science. This course focuses on the practice of predictive and prescriptive analytics by developing models using statistical learning tools and quantifying their prediction accuracy on unseen data.

Prerequisite(s): ESI 4606 with a minimum grade of C.

ESI 4620 - Principles of Data Engineering**Credit(s): 3**

This course introduces the fundamentals of database management systems. The basic concepts for the design, use, and implementation of database systems will be presented in this course.

Prerequisite(s): ESI 4007 with a minimum grade of C, and EGN 3443 with a minimum grade of C.

ESI 4905 - Independent Study**Credit(s): 1-5**

Specialized independent study determined by the student's needs and interests.

Restriction(s):
S-U Grade System

EUH 2011 - Ancient History I

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

An introductory survey of ancient history. EUH 2011 treats the ancient Near East, Egypt and Greece from the origins of civilization to the Hellenistic kingdoms following the death of Alexander the Great.

Course Attribute(s): CAHU - Humanities, HHCP - Human Historical Context & Process

EUH 2012 - Ancient History II

Credit(s): 3

An introductory survey of ancient history. EUH 2012 deals with Rome through the Regal, Republican, and Imperial periods, from the beginnings of civilization in Italy to the division of the Roman Empire, A.D. 285.

Course Attribute(s): CAHU - Humanities, HHCP - Human Historical Context & Process, SMEL - General Education Elective, SMSS - Social Sciences

EUH 2022 - The Medieval West

Credit(s): 3

An introductory survey of medieval history. EUH 2022 examines the European and Mediterranean worlds, exploring the evolution and transformation of beliefs, institutions and social structures, ca. 500-1500.

Course Attribute(s): CAHU - Humanities, HHCP - Human Historical Context & Process

EUH 2030 - Modern European History I

Credit(s): 3

A thematic survey of Europe in the modern age. EUH 2030 treats the period from the Renaissance to the French Revolution.

Course Attribute(s): CAHU - Humanities, HHCP - Human Historical Context & Process

EUH 2031 - Modern European History II

Credit(s): 3

This course explores the social, political and economic forces which have shaped Europe over the past two hundred and fifty years.

Course Attribute(s): CAHU - Humanities, HHCP - Human Historical Context & Process

EUH 3124 - Early Crusades

Credit(s): 3

The Early Crusades course will cover the period between the call of the First Crusade in 1095 AD until the fall of the Crusader Kingdom of Jerusalem in 1291.

EUH 3129 - Medieval Warfare

Credit(s): 3

A survey of medieval warfare in Europe and Western Eurasia from 500-1500. This course examines major issues in medieval political, social, and economic history through the lens of conflict.

EUH 3142 - Italy During the Renaissance

Credit(s): 3

This course examines the development and nature of Italian Renaissance society within its political, economic and cultural contexts between the thirteenth and sixteenth centuries.

EUH 3185 - Viking History

Credit(s): 3

The role of the Vikings in the shaping of Western history. A comprehensive survey of their institutions, outlook and daily life. Viking expansion into Europe and North America.

EUH 3202 - History of 17th and 18th Century Europe

Credit(s): 3

A history of Europe from the beginning of the Thirty Years' War to the outbreak of the French Revolution. Political and intellectual developments will be assessed in the light of society and the economy.

EUH 3205 - History of Nineteenth Century Europe

Credit(s): 3

A comparative study of economic, political, social, and intellectual developments in nineteenth century Europe.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

EUH 3206 - History of Twentieth Century Europe

Credit(s): 3

A comparative study of economic, political, social, and intellectual developments in twentieth century Europe.

EUH 3401 - Classical Greece

Credit(s): 3

A study of ancient Greece focusing on the brilliant period following the Persian Wars, but embracing as well the formative Bronze, Middle and Archaic ages, and the decline culminating in the conquest of Greece by Philip II of Macedon in 338 B.C.

EUH 3402 - Age of Alexander

Credit(s): 3

A study focusing on the career of Alexander the Great and on the Greek and Macedonian conquest of Imperial Persia. Also treated are the great hellenistic kingdoms prior to Rome's conquest of the eastern Mediterranean.

EUH 3412 - Roman Republic

Credit(s): 3

A study of the Roman Republic from 509 B.C. to the assassination of Julius Caesar in 44 B. C., with a prelude treating Rome's early development under royal rule. Political growth and change provide the framework for the treatment.

EUH 3413 - Roman Empire

Credit(s): 3

A study of Imperial Roman from the assassination of Julius Caesar in 44 B.C. to the death of the emperor Constantine in A.D. 337. Emphasized is Rome's government of a vast Mediterranean empire including much of the near East and Europe.

EUH 3452 - Age of the French Revolution

Credit(s): 3

This course is a study of the origins, causes and course of the French Revolution, with attention to the economic, political, cultural, intellectual, and social dynamics of the Revolutionary period.

EUH 3501 - British History to 1688

Credit(s): 3

A study of major developments in British history from the 15th century to 1688.

EUH 3533 - Celtic History

Credit(s): 3

This course will cover the history of the Celtic peoples in the Iron Age, the Roman period, and the early histories of Ireland, Scotland, and Wales in the medieval period.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD10 - Reduced Inequality

SD16 - Peace

EUH 3575 - History of Imperial Russia, 1689-1917

Credit(s): 3

A survey of social, political, economic, and cultural development in the Russian Empire from Peter the Great to Nicholas II. Topics include the expansion and modernization of the Empire, the culture of the Imperial court, peasant rebellions, social and legal reforms, the role of the West, and the collapse of the Romanov dynasty.

EUH 3576 - History of the Soviet Union, 1917-1991

Credit(s): 3

A study of Soviet society under communism from the Revolution to the collapse of the USSR. Topics include the origins and development of revolutionary socialism, the Bolshevik seizure of power, Stalinism and the Great Terror, popular dissent and resistance, the treatment and experience of ethnic minorities, Gorbachev and the dissolution of the Soviet Union.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD03 - Good Health and Well-being

SD05 - Gender Equality

SD06 - Clean Water and Sanitation

SD08 - Decent Work

SD09 - Industry

SD12 - Responsible Consumption

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

SD16 - Peace

EUH 3673 - Food and Drink in Antiquity

Credit(s): 3

From Prehistory through the information age, food has been the foundation of economies. Dating back to 100 CE, Roman poet Juvenal measured popular support for the emperor by his ability to provide "bread and circuses", and now even in 2020, debate rages in the U.S. about who is impoverished enough to receive food stamps. The consumption of food is an unbroken reality of human history. It has touched everyone regardless of age, gender, race, class, or nationality. Despite this continuity of consumption, much has changed from how the ancient Romans baked their bread to how we purchase ours at the nearest Publix. Using written, iconographic and archaeological sources combined with contributions from biomolecular chemistry, this course will focus on material culture of food (aka materiality of food) in Graeco-Roman cultures.

EUH 3676 - Early Christians, Pagans, and Heretics

Credit(s): 3

This course provides an overview of the history and theology of Orthodox Christianity. It examines the rise of the early Christian church in the first century AD and explores the eastern Christian Orthodox through the fifteenth century AD.

EUS 3000 - Europe

Credit(s): 3

Area study courses are multi-disciplinary in nature and deal with one or more countries of a region. Each course combines some measure of political, economic, historical, religious, geographic, anthropological, and sociological analysis in dealing with salient features and current problems.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD08 - Decent Work
SD10 - Reduced Inequality
SD16 - Peace

EUS 3022 - Russia

Credit(s): 3

Area study courses are multi-disciplinary in nature and deal with one or more countries of a region. Each course combines some measure of political, economic, historical, religious, geographic, anthropological, and sociological analysis in dealing with salient features and current problems.

EVR 2001 - Introduction to Environmental Science

Credit(s): 3

An introductory lecture course linking the human and physical/biological world. The course will develop an understanding of population and resource interactions.

Course Attribute(s): CANP - Natural Sciences (Physical Science), SGEN - General Education Core Natural Sciences, SMEL - General Education Elective, SMNS - Natural Sciences, SPNS - Natural Sciences

EVR 2001L - Environmental Science Lab

Credit(s): 1

A laboratory course linking the human and physical/biological world. The lab will develop an understanding of population and resource interactions and complement the lecture course. Field trips.

EVR 2861 - Introduction to Environmental Policy

Credit(s): 3

An introduction to environmental policy using class lectures, student projects, and independent readings. Emphasis will be placed on understanding basic policy mechanisms and major policy actions relating to environmental issues at the local, national and international level.

EVR 3218 - Wildlife Research Techniques

Credit(s): 3

This course will review the ways in which data are collected, analyzed, and reported, so that informed decisions about wildlife management

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

and conservation can be made.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, GCPC - Global Citizens Project Course, TGEC - Creative Thinking

UN SDG(s):
SD15 - Life on Land

EVR 3874 - Sustainable Human Systems

Credit(s): 3
Evaluates sustainability, resilience, inequality, environmental justice, and environmental health. Provides framework for public policy that can shape sustainable agriculture, energy and water systems, and sustainable cities.

EVR 4027 - Wetland Environments

Credit(s): 3
Study of the general properties and ecology of wetlands, examination of the distribution and functions of wetlands, and consideration of wetland conservation and policies.

Course Attribute(s): CPST - Capstone Learning Experience, EMWP - Major Works and Major Issues

EVR 4033 - Environmental Regulation

Credit(s): 3
An in-depth review of the federal environmental regulatory structure of the United States, governing air and water quality, waste disposal, safety, and natural resource use and conservation.

Prerequisite(s): EVR 2861 with a grade of C- or better

EVR 4051 - Environmental Field Methods

Credit(s): 3
This course will provide an overview of aspects of conducting environmental research, field experience, the critical analysis of environmental data, and learning the fundamentals of producing a scientifically sound report.

Prerequisite(s): STA 2023 or QMB 2100

EVR 4104 - Karst Environments

Credit(s): 3
The objective is to provide an understanding of the scientific principles pertaining to karst environments in Florida and around the world. Both physical processes and human interactions/impacts will be examined. Not restricted to majors and not repeatable.

Prerequisite(s): EVR 2001 with a grade of C- or better

EVR 4114 - Climate Change

Credit(s): 3
The objective is to provide an understanding of the scientific principles pertaining to global and regional climate change. Both mechanisms causing the change and human impacts on climate will be examined. Not restricted to majors and not repeatable.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CPST - Capstone Learning Experience, TGEC - Creative Thinking

Prerequisite(s): EVR 2001 with a grade of C- or better

EVR 4163 - Forest Ecology and Management

Credit(s): 3
This course provides instruction on the theories and techniques of forest ecology and management. Topics include: forest ecology, silviculture, forest health, dendrology, and forest measurements, global forest biodiversity, urban forestry, and forest stewardship and ethics.

Course Attribute(s): CLB - Collaborative Learning, GCPC - Global Citizens Project Course, TGEE - Ethical Reasoning and Civic Engagement

Prerequisite(s): GIS 3006 or GIS 4043C with a grade of C- or better

Restriction(s):
Junior Standing
Senior Standing

UN SDG(s):
SD15 - Life on Land

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

EVR 4592 - Environmental Soil, Water and Land Use

Credit(s): 3

This course gives an overview of relationships between soil, water, and land use. The course is divided into three conceptual modules: 1. Soils and Landscapes, 2. Water and 3. Land use.

EVR 4807 - Sustainable Healthy Environments

Credit(s): 3

This course examines the human health impacts of our daily activities in a modern world, with a focus on more sustainable options for improving human health.

EVR 4873 - Environmental Policy and Sustainability

Credit(s): 3

This interdisciplinary course is designed to provide students with an informative overview and comprehensive assessment of environmental policy application to sustainability issues, problems, and solutions.

Prerequisite(s): EVR 2861 with a grade of C- or better **AND** ECO 2013 or ECO 2023 with a grade of C- or better

EVR 4878 - Methods for Environmental Policy Analysis and Sustainability

Credit(s): 3

This course will introduce students to the methods and processes used in policy analysis. Emphasis will be on the practical application of policy analysis principles and concepts to address existing natural resources and environmental problems.

EVR 4900 - Directed Readings

Credit(s): 1-6

To provide advanced students with interdisciplinary research experience in areas of specific interest.

EVR 4905 - Independent Study

Credit(s): 1-6

To provide advanced students with the opportunity for independent study in areas of specific interest.

EVR 4910 - Environmental Science and Policy Project

Credit(s): 3-12

Environmental science project consisting of research in a field related to environmental science/environmental policy. Supervised by a faculty member. Contract and report required.

Restriction(s):

Majors Only
S-U Grade System
Senior Standing

EVR 4921 - Environmental Science and Policy Seminar

Credit(s): 1

A topical reading and discussion seminar focusing on the interdisciplinary nature of environmental science and environmental policy.

Restriction(s):

Majors Only
S-U Grade System
Senior Standing

EVR 4930 - Selected Topics

Credit(s): 1-3

Each topic is a course under the direction of a faculty member with the content depending on the interests of the students and faculty involved. All areas of Environmental Science, Policy, Ethics and Law included.

EVR 4940 - Environmental Science Internship

Credit(s): 3-12

The purpose of this course is to promote the student's understanding and application of environmental science and policy within a practical organizational context. Contract and report required.

Restriction(s):

Majors Only
S-U Grade System

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

EVT 4651 - Equity in Schools and the Workplace

Credit(s): 3

Examine equity issues related to gender, race, culture, economics in schools/workplaces. Explore legal, ethical, psychological, social perspectives including stereotyping, prejudice and discrimination for personal implications and systems change.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, CPST - Capstone Learning Experience, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

EXP 4104 - Sensory Processes

Credit(s): 3

Available to both majors and non-majors. Psychophysical and neurophysiological data and theory underlying sensory processes. Visual, auditory, chemical, and somatosensory systems, with particular emphasis on visual processes.

Prerequisite(s): PSY 2012 with a C or better

EXP 4204C - Perception

Credit(s): 3

Topics include sensory and physiological bases of perception and how people process relevant information in their environments.

Prerequisite(s): PSY 2012 with a C or better

EXP 4304 - Motivation

Credit(s): 3

A survey of motivational processes and mechanisms from physiological and psychological viewpoints.

Prerequisite(s): PSY 3213 with a C or better

EXP 4404 - Psychology of Learning

Credit(s): 3

Survey of methods, empirical findings, and theoretical interpretations in conditioning and instrumental learning.

Prerequisite(s): PSY 3213 with a C or better

EXP 4640 - Psychology of Language

Credit(s): 3

Historical survey of relations between psychology and linguistics leading to the emergence of psycholinguistics as a field of study. The current status of theory and research in the field will be covered.

Prerequisite(s): PSY 3213 with a C or better

EXP 4680C - Cognitive Psychology

Credit(s): 3

Survey of methods, empirical findings, and theoretical interpretations of human learning, information processing, verbal learning, and judgment and decision-making.

Prerequisite(s): PSY 3213 with a C or better

FAS 4403 - Marine Aquaculture

Credit(s): 3

Explore issues and technologies used to farm in the marine aquatic environment to produce seafood for human consumption and restore wild stocks; overview of marine species, production systems, and interactions between aquaculture and marine environments.

FIL 1002 - Introduction to Film Studies

Credit(s): 3

Students will be introduced to key concepts and techniques of Film Studies, including the history of film; an examination of film genres; an overview of foreign cinema; and the study of issues of class, race, gender, and sexuality.

Course Attribute(s): 6ACM - State Communication Requirement, CAHU - Humanities, HHCP - Human Historical Context & Process, SMHU - Humanities

FIL 2000 - Film and Culture

Credit(s): 3

This course introduces film as an art form and a social/cultural artifact by providing students with an understanding of the technical, theoretical,

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

and ascetic aspects of film production and analysis.

Course Attribute(s): 6AC - State Communication Requirement, 6ACM - State Communication Requirement, SMEL - General Education Elective, SMHU - Humanities

FIL 3011 - The Film As Mass Com II: Rhetor & Stylist

Credit(s): 3
A continuation of FIL 3004 to include the effective arrangements of scenes and sequences in motion picture and television films.

FIL 3052 - Foundations of Film & New Media

Credit(s): 3
Offering an advanced introduction to the first 65 years of international film history, this course joins questions of aesthetic and narrative practice to explorations of various film genres, film movements, and national cinemas.

Prerequisite(s): FIL 1002 with a grade of C- or better

FIL 3077 - Contemporary Film & New Media

Credit(s): 3
Offering an advanced introduction to global motion picture practice after 1959, this course explores the aesthetics of film and new media across various genres, movements, and national contexts.

Prerequisite(s): FIL 1002 with a grade of C- or better

FIL 3427C - Beginning Film

Credit(s): 3
Intermediate problems in film with emphasis on the exploration of materials and media and the development of individual concepts.

FIL 3720C - Introduction to Animation

Credit(s): 3
Introductory computer graphic techniques utilizing microcomputer systems. Techniques

include basic paint systems, color cycling and 2D animation.

FIL 3736C - Character Animation

Credit(s): 3
Provide instruction on visual storytelling, the dynamics of motion, and the development compelling performances.

Prerequisite(s): FIL 3720C; DIG 3465C; DIG 3306C; ART 3616C

FIL 3854 - Film Art

Credit(s): 3
The course is an in-depth study of film language and history, focusing on its unique social, political and cultural significance. Students explore the heterogeneous nature of film by examining its role in popular culture and visual art discourse.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

FIL 4050 - Social History of the Film, 1945 to the Present

Credit(s): 3
The development of the film from 1945 to the present.

Prerequisite(s): MMC 2100 with a C or better

FIL 4053 - The Hollywood Blockbuster

Credit(s): 3
This course surveys the technological, aesthetic and social significance of the New Hollywood blockbuster from its emergence in the 1970's until the present day.

FIL 4308 - Documentary and Experimental Cinema

Credit(s): 3
This course rethinks conventional oppositions between experimental and documentary cinema by exploring their aesthetics, histories, and dominant theories.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

FIL 4433C - Advanced Film

Credit(s): 3

More advanced projects in filmmaking to further develop works both technically and conceptually.

Prerequisite(s): FIL 3845

FIL 4735 - Advanced Animation

Credit(s): 3

ADVANCED 3D MODELING AND ANIMATION TECHNIQUES. WORKING IN SMALL PRODUCTION TEAMS, STUDENTS WILL CREATE SHORT ANIMATED SEGMENTS USING A HIGH-END 3D ANIMATION SYSTEM.

Prerequisite(s): FIL 3736C or DIG 3184 or ART 4023

Restriction(s):

Junior Standing
Majors Only
Senior Standing

FIL 4808 - Ethics and Film

Credit(s): 3

This course examines contemporary ethical problems and their representation in film.

FIL 4831 - Black American Cinema

Credit(s): 3

This course surveys the history and aesthetics of Black American cinema across a range of genres and periods.

FIL 4832 - Horror Film

Credit(s): 3

This course takes stock of the horror genre, from its early influences in European modernism to its more recent appearances in contemporary cinema and television.

FIL 4834 - The Movie Musical

Credit(s): 3

A history of the movie musical, a distinct genre in cinematic history. The class will focus on the ways scholars have made sense of the genre and analyzed specific films. Students will develop their own analytical interpretations.

FIL 4870 - Film, Sound, and Music

Credit(s): 3

This course provides an overview of sound and music in film history, including both aesthetic and technological aspects. In addition to a historical survey, this course covers important concepts and theories for the analysis of sound and music in cinema.

FIL 4873 - New American Auteurs

Credit(s): 3

This course looks at the artistic and thematic preoccupations of contemporary American directors in the relationship to broader social contexts and issues.

FIL 4883 - Media, Ecology, and the Moving Image

Credit(s): 3

This class explores meetings between media and ecology in moving-image culture that organize novel encounters among places, people, and things.

FIN 2100 - Personal Finance

Credit(s): 3

This course provides general education in financial information and data literacy, along with practical experience in personal financial management to encourage critical thinking and informed financial decision making to improve well-being.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CAQR - Quantitative Reasoning, SMEL - General Education Elective, SMSS - Social Sciences, TGEI - Information and Data Literacy

Other Information: Not available for credit to upper-level students who have been admitted to the Muma College of Business. May not be counted toward major requirements in Finance.

FIN 3005 - Fundamentals of Business Finance

Credit(s): 3

Designed for non-business majors introducing basic financial concepts. The course provides an

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

understanding of the basic concepts and techniques that are required to make informed decisions about how the funds generated by a firm are used.

Prerequisite(s): ACG 3074 with a minimum grade of C or (ACG 2021 with a minimum grade of C and ACG 2071 with a minimum grade of C)

Restriction(s):

Junior Standing
Non-Majors Only

FIN 3144 - Financial Planning Fundamentals

Credit(s): 3

This course is an overview of the problems and techniques of personal, financial planning. It includes: consumer credit, insurance, taxes, home ownership, personal investment, managing cash income, controlling expenditures and estate planning.

Prerequisite(s): FIN 3403 with a minimum grade of C

Restriction(s):

Junior Standing
Senior Standing

FIN 3233 - Money and Banking

Credit(s): 3

Examines the structure and operations of the U.S. monetary system, commercial banking, central banking, money, and capital markets, and provides an introduction to monetary theory and policy.

Prerequisite(s): ECO 2013 with a minimum grade of C-, OR ECO 1013 with a minimum grade of C-, OR AP35 with a minimum score of 3

FIN 3403 - Principles of Finance

Credit(s): 3

Study of the processes, decision structures, and institutional arrangements concerned with the use and acquisition of funds by a firm. Includes the management of the asset and liability structure of the firm under certain and risky situations. The financial decision process will include and recognize the international as well as domestic aspects of financial management.

Prerequisite(s): ACG 2071, ECO 2013, and ECO 2023.

FIN 3604 - International Finance

Credit(s): 3

Study of factors affecting international business, assessment of risks, international managerial finance, institutions and instruments of international business finance.

Course Attribute(s): GCPC - Global Citizens Project Course

Prerequisite(s): FIN 3403 with a minimum grade of C

UN SDG(s):

SD08 - Decent Work

FIN 4128 - Personal Financial Planning Process and Development

Credit(s): 3

This course is a major capstone class that examines professional issues in financial planning, including: ethical considerations; regulation and certification requirements; written and oral communication skills; and professional responsibility.

Prerequisite(s): FIN 4504 with a minimum grade of C, FIN 4133 with a minimum grade of C

Corequisite(s): FIN 4132

Restriction(s):

Junior Standing
Senior Standing

FIN 4132 - Estate Planning

Credit(s): 3

This course focuses on the fundamentals of estate planning, including the social and family implications of federal/state taxation of transfers of wealth by gift or at death. Trusts, guardianships and post mortem planning are covered in this course.

Prerequisite(s): TAX 4001 with a minimum grade of C-, AND FIN 3144 with a minimum grade of C

Restriction(s):

Junior Standing
Senior Standing

FIN 4133 - Retirement Planning

Credit(s): 3

This course engages students in evaluation of retirement plans and employee benefits in the

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

context of making financial planning decisions. Discussion includes advanced time value of money concepts, risk tolerance, life expectancy, social security, retirement plans, tax implications of retirement plans, health insurance, and other group employee benefits.

Restriction(s):

Junior Standing
Senior Standing

FIN 4303 - Financial Institutions and Markets

Credit(s): 3

A study of financial institutions and their roles in the capital markets; includes the savings allocation, investment, and financial decision making processes.

Prerequisite(s): FIN 3403 with a minimum grade of C

FIN 4412 - Working Capital Management

Credit(s): 3

An examination of short-term financial management - that is, policies and decisions related to managing the current operations of a firm. Topics to be covered include cash management, credit and collection policy, inventory decisions, and sources of short-term financing.

Prerequisite(s): FIN 3403 with a minimum grade of C

FIN 4414 - Advanced Corporation Finance

Credit(s): 3

An examination of the financial policies of corporations, with special reference to dividend policy, financial structure, capital expenditures, acquisitions, mergers, and reorganizations.

Prerequisite(s): FIN 3403 with a minimum grade of C

FIN 4443 - Financial Policies and Strategies

Credit(s): 3

A senior seminar for majors in Finance. Primarily

a case course examining financial policies and the application of financial analysis to alternative strategies.

Prerequisite(s): FIN 4453 with a minimum grade of C-, FIN 4504 with a minimum grade of C-

FIN 4453 - Financial Modeling and Analytics

Credit(s): 3

Students develop an understanding of the data and computer technology resources available for use in analyzing financial markets. Traditional financial models and theories are examined and evaluated via statistical and regression analysis.

Prerequisite(s): FIN 3403

FIN 4461 - Financial Statement Analysis

Credit(s): 3

Provides an understanding of the relationship between financial statements produced in accordance with GAAP and the informational content such statements provide. After completing the course, the student should have a better understanding of the usefulness of published financial statements to various users in a variety of circumstances.

Prerequisite(s): FIN 3403 with a minimum grade of C

FIN 4504 - Principles of Investments

Credit(s): 3

Survey of the risks and returns of investment media in relation to the investment objectives of individual and institutional investors. Includes an examination of the capital markets, information flows, and analytical techniques in terms of their impact on the valuation process.

Prerequisite(s): FIN 3403 with a minimum grade of C

FIN 4514 - Advanced Investment Analysis and Management

Credit(s): 3

A comprehensive study of security analysis and portfolio management. The course will utilize a quantitative approach to investment selection and management.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): FIN 4504.

FIN 4533 - Financial Option & Futures

Credit(s): 3

This course covers financial futures and options markets, the fundamental properties and pricing principles of these instruments, as well as hedging and risk management strategies using such instruments. The course is not repeatable for credit.

Prerequisite(s): FIN 4504.

FIN 4560 - Applied Securities Analysis

Credit(s): 3

In this course students manage a portfolio of real money, which provides them hands-on experiences in stock analyses, decision making, and effective communication. Students also network with investment professionals. Repeatable for up to 6 credit hours.

Prerequisite(s): FIN 4504.

FIN 4905 - Independent Study

Credit(s): 1-3

Specialized independent study determined by the student's needs and interests.

Restriction(s):
S-U Grade System

FIN 4912 - Undergraduate Research

Credit(s): 3

In this course, students will conduct a project that enables them, individually or in groups, to pose or work from a defined research question, apply methods of inquiry to generate findings, and share the findings with others.

Course Attribute(s): UGR - Undergraduate Research, TGEH - High Impact Practice

Restriction(s):
Majors Only
Permit Required

FIN 4915 - Independent Research

Credit(s): 1-3

The research project will be mutually determined by the student and instructor.

FIN 4934 - Selected Topics in Finance

Credit(s): 1-3

Topics to be selected by instructor and department chairperson on pertinent finance issues.

FIN 4940 - Finance Internship

Credit(s): 3

The course consists of two components: an academic component focused on professional development skills and an on-site experiential learning experience comprised of at least 120 hours of on-site experience.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

Restriction(s):
Majors Only

Other Information: At least 80 credits earned. 2.75 GPA on all Business courses. Admission to the major.

FIN 4970 - Finance Honors Thesis

Credit(s): 3

This course is the climax of an undergraduate experience in the College of Business. Thesis development supports critical investigation to develop explanations or solutions to academically interesting business problems or opportunities.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

Prerequisite(s): GEB 4970 with a minimum grade of C.

FLE 4290 - Technology in the Foreign and Second Language Classroom

Credit(s): 3

This course prepares pre-service and in-service teachers to infuse technology into foreign language and ESOL instruction. Students will develop technology skills and knowledge based

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

on sound pedagogical principles that reflect research and theory in Second Language Acquisition and will apply this practical and theoretical knowledge to K-16 Foreign Language/ESOL instructional situations.

FLE 4316 - Language Principles and Acquisition

Credit(s): 1-3

Overview of applied Second Language Acquisition theory and the components of language, linking them to methods and techniques of providing comprehensible instruction and supporting the development of oral proficiency and literacy skills for English Learner students.

Prerequisite(s): FLE 4317.

FLE 4317 - Teaching Multilingual Students with Varying Backgrounds and Abilities

Credit(s): 3

This course is designed to prepare preprofessional preservice teachers to provide linguistically and culturally appropriate instruction, learning opportunities, and assessments for English learners with varying backgrounds and abilities in grades K – 12

FLE 4333 - Methods of Teaching Foreign Languages and ESOL in the Secondary School

Credit(s): 3

Methods of teaching foreign languages within a communicative framework. Includes examination and practice of current instructional techniques in listening, speaking, reading and writing skills, testing, error correction, and computer assisted language instruction. The emphasis is on teaching foreign languages and teaching for cultural understanding at the secondary level 7-12.

Other Information: Fluency in the target language and in English

FLE 4390 - Teaching Foreign/Second Languages

Credit(s): 3

Comprehensive review of teaching foreign and

second languages. Practical overview of methods to teach reading, writing, speaking, and listening. The course is open to non-majors.

FLE 4940 - Internship: Foreign Language Education

Credit(s): 1-12

One full semester of internship in a public or private school.

Course Attribute(s): INT - Internship

Restriction(s):
S-U Grade System

Other Information: Intern takes Senior Seminar in Education concurrently.

FOL 2100 - General Foreign Language I

Credit(s): 1-4

A general purpose course that may be used for transfer of credit, credit by examination, and similar matters; may also be used for formal courses in less commonly taught languages or in professional translation.

FOL 4102 - General Foreign Language II

Credit(s): 1-3

A general purpose course that may be used for transfer of credit, credit by examination, and similar matters; may also be used for formal courses in less commonly taught languages or for workshops in professional interpreting.

FOL 4905 - Directed Study

Credit(s): 1-3

Departmental approval required.

FOT 4131 - Understanding World Cultures

Credit(s): 3

In "Understanding World Cultures" students will encounter and explore the characteristics and features of historical and contemporary cultures of the world through the critical analysis of aesthetic production.

UN SDG(s):

SD11 - Sustainable Cities-Communities

GEB 4894 - Healthcare Strategy**Credit(s): 3**

Capstone course; primary focus to understand the role of strategic decision making in evaluating environmental factors impacting a healthcare firm, formulating & implementing decisions based on environment and evaluating the effectiveness of decisions.

GEB 4915 - Independent Research**Credit(s): 1-4**

Individual study contract with instructor and department chairperson required. The research project will be mutually determined by the student and instructor.

GEB 4935 - Selected Topics in Business Administration**Credit(s): 1-3**

The content and organization of this course will vary according to the current interests of the faculty and needs of students.

GEB 4941 - Internship**Credit(s): 1-3**

The business internship class is designed to oversee and guide students internship experience. The course is a practical application in a clinical setting of knowledge acquired in the classroom.

Restriction(s):

Junior Standing
Permit Required
S-U Grade System

GEB 4970 - General Business Honors Thesis**Credit(s): 3**

This course is the climax of an undergraduate experience in the College of Business. Thesis development supports critical investigation to develop explanations or solutions to academically interesting business problems or opportunities.

Course Attribute(s): 6AC - State

Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

GEO 2200 - Introduction to Physical Geography**Credit(s): 3**

This course explores the principles of physical geography; maps; earth sun relationships; meteorological, hydrological, pedagogical, aeolian, and glacial processes, and resulting landforms.

Course Attribute(s): CANP - Natural Sciences (Physical Science), SPNS - Natural Sciences

Prerequisite(s): GEO 2200L with a grade of C- or better (Concurrent: Y)

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GEO 2200L - Introduction to Physical Geography Lab

Credit(s): 1

Laboratory portion of Introduction to Physical Geography (GEO 2200).

Prerequisite(s): GEO 2200 with a grade of C- or better (Concurrent: Y)

Corequisite(s): GEO 2200.

GEO 2400 - Human Geography

Credit(s): 3

Human geography encompasses those branches in geography which focus primarily upon the relationships between humans and the environments they construct. This course will examine the object of study of human geography, as well as explore many of the components of human geography, including economic geography, geopolitics, cultural geography, urban geography, population geography, and the relationships between geography and globalization.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CAGC - Human & Cultural Diversity in a Global Context, GCPC - Global Citizens Project Course, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

UN SDG(s):

SD05 - Gender Equality
SD10 - Reduced Inequality

GEO 2931 - Special Topics

Credit(s): 1-3

Topics are at the discretion of the instructor. This course will offer lower level topics to attract new majors.

GEO 3112 - Qualitative Research Methods in Geography

Credit(s): 3

Discussion and project-based class on qualitative research methods including archival analysis, participant observation, interviewing, and focus groups.

GEO 3164C - Research Methods in Geography

Credit(s): 3

Statistical analysis in geographic research.

Prerequisite(s): STA 2023 or STA 2122 or QMB 2100 with a grade of C or better

GEO 3280 - Environmental Hydrology

Credit(s): 3

Introduction to the general principles that govern hydrologic processes. Approaches to hydrologic measurements and the application of hydrologic analyses to water-resource management issues are examined.

Prerequisite(s): GEO 2200 or GLY 2010 with a grade of C- or better

GEO 3352 - The Human Footprint on the Landscape

Credit(s): 3

The study of human-environment relationships from a primarily geographic perspective, focusing on the human forces that shape landscapes.

GEO 3602 - Urban Geography

Credit(s): 3

Spatial analysis of urban areas; growth, location, spacing, and size. Development, site, situation, internal structure, and hinterland are considered.

Prerequisite(s): GEO 2400 with a grade of C- or better

GEO 4204C - Topics in Physical Geography

Credit(s): 3

Intensive study of a topic selected from physical geography.

Prerequisite(s): GEO 2200 with a grade of C- or better

GEO 4210 - Process Geomorphology

Credit(s): 3

Origin, evolution, and distribution of the landforms of North America.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): GEO 2200 or GLY 2010 with a grade of C- or better

GEO 4265 - Soil Genesis and Classification

Credit(s): 3

A systematic study of soil genesis and classification with a focus on North American and Florida soils.

Prerequisite(s): GEO 2200 or GLY 2010 with a grade of C- or better

GEO 4284 - Water Resources Management

Credit(s): 3

Geographic perspectives on water resources management at the global, national and local scale, including political, socio-economic, technical and scientific aspects.

Restriction(s):
Senior Standing

GEO 4340 - Natural Hazards

Credit(s): 3

Examination of the physical, social, economic, political and cultural forces that create the phenomena of natural hazards. Case studies from around the world will include floods, droughts, tornadoes, hurricanes, freezes, heat waves, wild fires, earthquakes, tsunami, and volcanoes.

Course Attribute(s): GCPC - Global Citizens Project Course

Restriction(s):
Junior Standing
Senior Standing

UN SDG(s):
SD11 - Sustainable Cities-Communities

GEO 4372 - Global Conservation

Credit(s): 3

The course examines environmental conservation and policy from a global perspective. It holistically integrates the science of conservation with environmental, economic, sociocultural, and political realities that challenge

conservation efforts.

Course Attribute(s): 6AC - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - State Communication Requirement, 6ACT - State Communication Requirement, EMWP - Major Works and Major Issues, GCPC - Global Citizens Project Course, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

UN SDG(s):
SD05 - Gender Equality
SD10 - Reduced Inequality
SD11 - Sustainable Cities-Communities

GEO 4379 - Geographic Perspectives on Environment

Credit(s): 3

This course examines human ideas about the natural environment and the fundamental character of the human-nature relationship across space and time through a survey of literature (geography, environmental history, ethics) on environmental perspectives.

Prerequisite(s): GEA 2000 with a grade of C- or better

Restriction(s):
Junior Standing
Senior Standing

GEO 4434 - Senior Seminar in Geography

Credit(s): 3

A capstone course for seniors graduating with a BA degree in Geography. Student will bring the knowledge and skills they acquired to demonstrate their analytical thinking skills through writing exercises, peer review, research and presentation.

Prerequisite(s): GEO 2200 with a grade of C- or better

GEO 4450 - Medical Geography

Credit(s): 3

Deepen understanding of spatial patterns of health/disease at local, regional & global scales; social, cultural, political, economic & epidemiological processes that underlie these patterns; varied approaches to addressing health inequalities/needs.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): GIS 3006 with a grade of C- or better

Restriction(s):
Junior Standing
Senior Standing

GEO 4471 - Political Geography

Credit(s): 3

The geographic factors underlying political decisions and influencing their outcome; the geographic consequences of these decisions; geopolitics.

Course Attribute(s): EMWP - Major Works and Major Issues

GEO 4502 - Economic Geography

Credit(s): 3

The spatial organization of economic production, consumption, and exchange systems.

GEO 4900 - Directed Reading

Credit(s): 1-4

Other Information: 20 hours in geography

GEO 4910 - Individual Research

Credit(s): 1-4

Other Information: 20 hours in geography

GEO 4930 - Selected Topics

Credit(s): 1-3

Topics are at the discretion of the instructor. This course will offer upper level, advanced topics in all aspects of Geography. Course can be repeated for credit as long as the title is different, for up to 8 credits.

GEO 4933 - Geography Colloquium

Credit(s): 1

Weekly topical lectures by faculty and outside speakers. Students will develop a plan for their professional or graduate careers.

Restriction(s):
Majors Only
Senior Standing

Other Information: Geography major

GEO 4940 - Internship in Geography

Credit(s): 1-4

Supervised field experience in local, national, and overseas government, NGOs, and private sector enterprises. Restricted to majors. Nonrepeatable.

Restriction(s):
Majors Only

Other Information: Geography major

GER 1120 - Beginning German I

Credit(s): 4

Development of basic skills in listening and reading comprehension, speaking and writing of German.

GER 1121 - Beginning German II

Credit(s): 4

Continued development of basic skills in listening and reading comprehension, speaking and writing German.

Prerequisite(s): C- or better in GER 1120

GER 2200 - German III

Credit(s): 3

A review of the basic structure of spoken and written German. May be taken concurrently with GER 2201.

Prerequisite(s): C- or better in GER 1121

GER 2201 - German IV

Credit(s): 3

Readings in German on the intermediate level. May be taken concurrently with GER 2200.

Prerequisite(s): C- or better in GER 2200

GER 2240 - Conversation I

Credit(s): 3

For development of basic conversational skills.

Prerequisite(s): C- or better in GER 1121

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GER 3333 - German Language & Culture through Film

Credit(s): 3

This is a German conversation course which allows students to improve upon their German speaking, reading, and listening skills. German films will be used as the basis for oral communication practice. The language of instruction is German. German speaking, reading, and listening skills. German films will be used as the basis for oral communication practice. The language of instruction is German.

GER 3500 - The Germans - Past and Present

Credit(s): 3

Survey of German cultural history.

GER 3501 - Urban Life & Culture in Germany

Credit(s): 3

A language and culture course taught in German that will explore the most important cities located in Germany with an emphasis on contemporary urban life and culture. It will improve speaking, reading, and listening skills and cultural competency.

GER 3573 - Cultural Observations in Germany

Credit(s): 3

This course allows students to experience Germany from a cultural/historical perspective and gives them insights into a city's significance within Germany as a whole. It also includes an emphasis on German language use and cultural practices.

GER 4410 - Conversation II

Credit(s): 3

Free conversation based on the current German idiom.

GER 4421 - Composition II

Credit(s): 3

Practical training in modern German usage and differences of style.

GET 3522 - Fantastic Films of Early German Cinema

Credit(s): 3

An overview of early 20th century German films with emphasis on horror, science fiction, and fantasy films. Course offers insights into Germany's artistic, intellectual, and social history, as well as general film history and criticism. Taught in English.

GET 4250 - Dungeons Dragons & Dwarfs Germanic Myth & Pop Cult

Credit(s): 3

This course explores historical, literary and visual (re)constructions and adaptations of Germanic mythology and history from antiquity to the present.

GET 4523 - New German Cinema to Present

Credit(s): 3

An overview of post-1945 Ger films with emphasis on films from New Ger Cinema (1960s-early 80s) & its aftermath. Course offers insights into Germany's artistic, intellectual, and social history, as well as general film history and criticism. Taught in Eng.

GET 4528 - German Directors in Hollywood

Credit(s): 3

This course examines films by German émigré directors produced in Hollywood throughout the twentieth and twenty-first centuries.

Course Attribute(s): CPST - Capstone Learning Experience, HHCP - Human Historical Context & Process

GET 4931 - Selected Topics in German Studies

Credit(s): 1-3

Study of an author, movement, or theme. Taught in English.

Other Information: Number of Times

Repeatable: 10

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GEW 4100 - Survey of German Literature I

Credit(s): 3

Course will examine a variety of texts from the 9th to the early 19th century, exposing significant moments in German literature and thought and exploring diverse perspectives on German culture and society. Course taught in German. Not repeatable.

GEW 4101 - Survey of German Literature II

Credit(s): 3

Course will examine a variety of texts from the 19th century to the present, exposing significant moments in German literature and thought and exploring diverse perspectives on German culture and society. Course taught in German. Course not repeatable.

GEW 4900 - Directed Study

Credit(s): 1-3

Restriction(s):
Consent of Instructor or Department

GEW 4930 - Selected Topics

Credit(s): 1-3

Study of an author, movement or theme.

GEY 2000 - Introduction to Aging Sciences

Credit(s): 3

This course is designed to be an introduction to the study of aging. The aging process is viewed from a multi-disciplinary perspective including the biological, psychological, and sociological aspects of aging.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CASB - Social & Behavioral Sciences, SMEL - General Education Elective, SMSS - Social Sciences, TGEI - Information and Data Literacy

GEY 3323 - Community Resources for the Older Adult

Credit(s): 3

This class is designed to introduce students to services available to older adults and to careers in the field of Aging Services. Content includes theoretical and practical issues, as well as exposure to opportunities for service and employment.

Course Attribute(s): SMCD - Community Engagement & Diversity Pillar

GEY 3503 - Administration of Assisted Living Facilities

Credit(s): 3

The course provides an overview of administration for assisted living facilities. Upon successful completion of the course, students to sit for the state of Florida's Core Examination to become an assisted living administrator.

GEY 3601 - Physical Changes and Aging

Credit(s): 3

A survey of normal and pathological physical changes occurring from middle age through older age. Course emphasis will be on basic age-related changes and their implications for behavior in older age.

GEY 3625 - Sociological Aspects of Aging

Credit(s): 3

Consideration of human aging in a broad sociocultural context. Course emphasis will be on historical, philosophical, and demographic aspects of aging, theories of social gerontology, attitudes toward aging and the aged, and cross-cultural perspective.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CASB - Social & Behavioral Sciences, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

GEY 4101 - Aging in Special Populations

Credit(s): 3

This course explores how special populations (centenarians; the severely mental ill, homeless

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

older adults; LGBT older adults; older adults with HIV/AIDS; and older offenders) age differently with specific attention paid to their health care needs.

GEY 4102 - Aging in Modern Literature and Film

Credit(s): 3

This class focuses on late 20th century and early 21st century literature and film to explore gender, ethnicity, creativity, social class, caregiving, and many other critical aging issues. Not restricted to majors.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, TGEC - Creative Thinking, WRIN - Writing Intensive Capstone

GEY 4104 - Healthy Global Aging

Credit(s): 3

This course challenges students to understand health and wellness for older adults in a global context at a time when the global population is aging.

Course Attribute(s): GCPC - Global Citizens Project Course

Other Information: Course not repeatable for credit. **UN SDG(s):**

SD03 - Good Health and Well-being

GEY 4322 - Care Management for Older Adults

Credit(s): 3

This course examines the role and function of care management in meeting the needs of older adults. All aspects of care management practice are covered, including the elements of the case management process as well as ethical and legal issues.

GEY 4360 - Counseling for Older Adults

Credit(s): 3

An introduction to the study of the major mental health problems of older adults. Current approaches to counseling older adults in community and institutional settings are discussed.

GEY 4401 - Research Methods in Aging

Credit(s): 3

Methods and techniques of social research in gerontology. Design of gerontological studies, collection and analysis of data, interpretation of results, and preparation of reports.

Course Attribute(s): TGEH - High Impact Practice, UGR - Undergraduate Research

GEY 4475 - Program Evaluation in an Aging Society

Credit(s): 3

Students develop knowledge of the purposes of evaluation research and the approaches and methodologies necessary to evaluate aging services programs and organizations

GEY 4507 - Understanding Policies and Practices of Long Term Care

Credit(s): 3

This course provides principles for managing disability in a variety of settings. Topics include historical context, experience of disability, and challenges of providing care for disabled persons. Course is repeatable and not restricted to GEY majors.

Course Attribute(s): CPST - Capstone Learning Experience

Prerequisite(s): GEY 2000

GEY 4508 - Health Care Operations

Credit(s): 3

This course addresses the health care operations of long-term care facilities. This course is for students in the BS in long-term care administration, but not limited to GEY majors. The course is repeatable for credit.

Prerequisite(s): GEY 4507, ACG 2021, each with a grade of C or better.

GEY 4509 - Regulatory and Clinical Operations

Credit(s): 3

This course will familiarize the student with the basic aspects of nursing home administration

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

through the practical application of management theory and concepts. The course is not repeatable and not restricted to GEY majors.

Prerequisite(s): GEY 4508, ACG 2021, each with a grade of C or better.

GEY 4520 - Legal Aspects of Health Care Administration

Credit(s): 3

This web-based course presents an overview of the legal issues facing the health care industry and provides special emphasis on long-term care settings. It provides students with a basic working knowledge of legal system and court processes.

GEY 4608 - Alzheimer's Disease Management

Credit(s): 3

This course will provide instruction on effective approaches for providing care to persons with Alzheimer's Disease and related disorders in residential and home care settings. The major dementing disorders and typical behaviors presented by patients are presented along with strategies for successful behavior management. Building a dementia program and building dementia care teams are also covered.

Prerequisite(s): GEY 2000

GEY 4612 - Psychology of Aging

Credit(s): 3

A comprehensive overview of psychological aspects of aging. Topics will include age-related changes in sensation/perception, cognition, and personality, as well as application to late-life psychopathology.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CASB - Social & Behavioral Sciences, TGEI - Information and Data Literacy

GEY 4628 - Health, Ethnicity, and Aging

Credit(s): 3

This course addresses how people of different ethnic backgrounds age, in the physical, psychological, and social context, with an emphasis on health.

Other Information: Not repeatable for credit.

GEY 4632 - Economics of Aging

Credit(s): 3

This course provides the foundations of economic reasoning necessary to understand the economic implications of key issues in aging.

Other Information: Course not repeatable for credit.

GEY 4635 - Business Management in an Aging Society

Credit(s): 3

This course provides students with an interdisciplinary perspective that addresses both business management and the impact of our aging society on business.

Course Attribute(s): CPST - Capstone Learning Experience

GEY 4641 - Death and Dying

Credit(s): 3

A broad overview of the basic concepts and psychosocial issues relating to the meaning of loss and death, the process of death, and the experience of grieving. Health care practices are considered along with community resources.

Course Attribute(s): 6AC - State Communication Requirement, CASB - Social & Behavioral Sciences, CLB - Collaborative Learning, TGEE - Ethical Reasoning and Civic Engagement

GEY 4647 - Ethical and Legal Issues in Aging

Credit(s): 3

A consideration of the major ethical and legal issues in aging and their implications for policies, priorities, and services.

Course Attribute(s): CPST - Capstone Learning Experience, SMLE - Leadership & Ethics Pillar

GEY 4690 - Senior Seminar in Aging

Credit(s): 3

In this senior level capstone course, students

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

discuss important professional issues in aging, integrate knowledge from prior courses, and practice professional skills.

Restriction(s):
Majors Only

Other Information: Not repeatable for credit.

GEY 4692 - Professional Development and Engagement in Aging

Credit(s): 3

The intent of the capstone course is threefold: (1) to enhance professional development in gerontology; (2) pragmatically engage students in the field of practice; and (3) demonstrate mastery of core knowledge/skills gained in the gerontological courses.

Course Attribute(s): 6AC - State Communication Requirement, 6ACM - State Communication Requirement, SMCC - Communication & Critical Thinking Pillar

Prerequisite(s): GEY 3601, GEY 3625, and GEY 4612

Restriction(s):
Permit Required

GEY 4900 - Directed Readings in Aging

Credit(s): 1-3

A reading program with topics in aging conducted under the supervision of a faculty member.

GEY 4917 - Directed Research in Aging

Credit(s): 1-4

This course will provide Undergraduate Students with an opportunity to engage in an agreed upon research project under the supervision of a professor. The course is open to any major and is repeatable for credit.

Restriction(s):
Permit Required

GEY 4935 - Special Topics in Gerontology

Credit(s): 3

Courses on topics such as preretirement, mental health, human services organization, nursing home administration, the older woman, and elder abuse will be offered.

GEY 4945 - Internship

Credit(s): 1-9

A full-time internship assignment to an agency or organization if in the Aging Science program (3-6 hours) or to a nursing home if in the Long Term Care Administration program (9 hours).

GIS 2010C - Map Interpretation

Credit(s): 3

Analysis and synthesis of various types of maps and map projections.

GIS 3006 - Mapping and Geovisualization

Credit(s): 3

An introduction to the concepts underlying modern, computer-based mapping and to the collection, storage, and geovisualization of digital spatial data.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, TGEI - Information and Data Literacy

GIS 4035C - Remote Sensing of the Environment

Credit(s): 3

Analysis of satellite images and aerial photographs for studies of the environment.

Prerequisite(s): GIS 3006 with a grade of C- or better

GIS 4043C - Geographic Information Systems

Credit(s): 3

An introduction to the concepts underlying Geographical Information Systems, with an emphasis on analytical capabilities of such systems in both raster and vector domains.

Prerequisite(s): GIS 3006 with a grade of C- or better

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GIS 4300 - Environmental Modeling with GIS

Credit(s): 3

Examine use of geographic information systems (GIS) for environmental modeling; provide students with an overview of applications of GIS to computer-based spatial models using spatial analytic and modeling tools/ applications intrinsic to GIS.

Prerequisite(s): GIS 4043C with a grade of C- or better and **GIS 4300L** with a C- or better (Concurrent: Y)

Corequisite(s): GIS 4300L

GIS 4300L - Environmental Modeling with GIS Laboratory

Credit(s): 1

Laboratory exercises linked to the use of geographic information systems (GIS) for environmental modeling associated with the Environmental Modeling with GIS lecture course.

Prerequisite(s): **GIS 4300** with a grade of C- or better (Concurrent: Y)

Corequisite(s): GIS 4300

GIS 4302C - GIS for Sustainability

Credit(s): 4

Focus on the application of GIS for sustainable planning and development; policymakers & planning agencies increasingly use spatial data/methods to aid in their decisions; this course is relevant to anyone interested in issues for sustainable development.

Prerequisite(s): GIS 3006 with a grade of C- or better

GLY 2000L - Essentials of Geology Laboratory

Credit(s): 1

Fundamental concepts and skills of modern geology, including rock and mineral identification, analysis of geologic maps, field analysis, and applications of computers in Geology.

GLY 2010 - Dynamic Earth: Introduction to Physical Geology

Credit(s): 3

A first course in geology emphasizing the Earth's composition, structure, and dynamics. Lectures/activities include but are not limited to plate tectonics, earthquakes, volcanism, glaciation, global warming, shorelines, and natural resources.

Course Attribute(s): CANP - Natural Sciences (Physical Science)

GLY 2051 - Origins: From the Big Bang to the Ice Age

Credit(s): 3

The history of the cosmos, origin of the universe, galaxies, the solar system, and earth, evolution of life, great extinction's including the dinosaurs, evolution of the primates, and the environmental future of the planet. (For both non-science and science majors.)

GLY 2090 - Preparing for a Career in Geology

Credit(s): 1

This course is designed to help new geology students learn about different career options available, define curricular goals, and strategize objectives that navigate through the USF curriculum to reach those goals.

Restriction(s):

Majors Only
S-U Grade System

GLY 2100 - History of Life

Credit(s): 3

This course has several objectives. It is an introduction not only to basic scientific concepts in geology and evolutionary theory but, perhaps more importantly, to science as a way of understanding the world around you and finding answers to big question.

Course Attribute(s): CANL - Natural Sciences (Life Science)

GLY 2100L - History of Life Laboratory

Credit(s): 1

Laboratory study of the history of life.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Other Information: Required for Geology majors; open to non-majors.

GLY 2930 - Selected Topics in Geology

Credit(s): 1-3

Topical courses in geology of general interest.

Other Information: Does not count toward the geology major.

GLY 3104C - Stratigraphy and Paleontology

Credit(s): 4

The study of "deep time", including how it is measured, how it is correlated over the Earth's surface, and how important physical, biologic, and chemical geologic processes have varied with time. Lec.-Lab.

Prerequisite(s): GLY 2000L with a grade of C- or better, and GLY 3552C with a grade of C- or better, and with a grade of C- or better GLY 2100

GLY 3311C - Mineralogy, Petrology, Geochemistry

Credit(s): 4

Igneous and metamorphic rocks of modern and ancient tectonic environments. Rock-forming processes at plate margins and intraplate sites. Essentials of hand specimen and microscopic mineralogy. Required field trip. Lec-lab.

Prerequisite(s): GLY 2000L with a grade of C- or better, and CHM 2045 with a grade of C- or better

Other Information: May not be repeated for credit.

GLY 3402C - Structural Geology and Tectonics

Credit(s): 4

Plate tectonic theory and its implication re: the formation of structural features on outcrop and regional scales. Field and geophysical tools for structural analysis. Required field trip. Lec-Lab.

Prerequisite(s): GLY 2000L with a grade of C- or better

GLY 3552C - Sedimentary Rocks and Processes

Credit(s): 4

A lecture and laboratory class that discusses sedimentary processes, formation and classification of sedimentary rock, and the sedimentary rock record. Examination of the rock record to solve problems in sedimentary geology.

Prerequisite(s): GLY 2010 with a grade of C- or better, and GLY 3311C with a grade of C- or better

GLY 3850 - Geology For Engineers

Credit(s): 3

An examination of geologic materials and processes designed for engineering students; classification and properties of earth materials, surface processes, site investigation techniques, applications of geology to the solution of engineering problems.

Restriction(s):

Junior Standing
Majors Only

Other Information: College of Engineering student. No credit toward the geology major, or for those with credit for GLY 2010.

GLY 3866 - Computational Geology

Credit(s): 3

Geologic problems and problem-solving from a mathematical perspective. The intersection of geology and math. Calculations and error analysis. Not available as S/U for geology majors; S/U available for others.

Prerequisite(s): MAC 2281 or MAC 2311 with a grade of C- or better

GLY 4324C - Physical Volcanology

Credit(s): 4

Physical volcanology explores the nature of volcanism on Earth and nearby planets. Topics in magma production and ascent, eruption dynamics, volcanic hazards, and volcano monitoring will be covered in lecture, laboratory, and independent exercises.

Prerequisite(s): GLY 3311C with a grade of C-

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

or better, **AND** MAC 2241 or MAC 2311 or MAC 2281 with a grade of C- or better

GLY 4462 - Geomechanics

Credit(s): 3

Overview of the mechanical behavior of earth materials including general theory, an introduction to soil mechanics, and introduction to rock mechanics. Includes two field trips to observe geomechanical issues in Florida and modern methods of rock testing.

Prerequisite(s): GLY 2010 with a grade of C- or better, and PHY 2049 with a grade of C- or better, and GLY 3402C with a grade of C- or better (Concurrent: Y)

CoPrerequisite(s): GLY 3402C (or an equivalent structural geology course).

GLY 4480 - Seismology

Credit(s): 4

Comprehensive introduction to theoretical and observational seismology, use of seismic waves and earthquake patterns to study earth structure, seismic hazard and risk mitigation, earthquake prediction, and techniques for the analysis of seismic data.

Prerequisite(s): GLY 2010 with a grade of C- or better, **AND** PHY 2048 or PHY 2053 with a grade of C- or better, **AND** MAC 2281 or MAC 2311 with a grade of C- or better

GLY 4554C - Sedimentary Environments

Credit(s): 4

A lecture lab course on principles of weathering, production, erosion, transport, and deposition on the earth's surface, and the resulting sedimentary environments. Morphologic and sedimentologic characteristics of major earth sedimentary environments are discussed, along with several field trips.

Prerequisite(s): At least one course in Geology with lab.

Other Information: Course is not available on an S/U basis for geology majors; it is for other majors.

GLY 4720C - Aqueous and Environmental Geochemistry

Credit(s): 4

Physical, chemical and biological processes affecting fluids of the lithosphere, oceans and atmosphere. Water as a geologic medium and global entity. A systems approach. Lecture/Lab.

Prerequisite(s): GLY 2000L with a grade of C- or better, and CHM 2046 with a grade of C- or better. (Concurrent: Y)

Corequisite(s): CHM 2046

Other Information: Not available as S/U for geology majors; S/U available for others.

GLY 4734 - Beaches and Coastal Environments

Credit(s): 3

A comprehensive introduction to the nature of all coastal environments including beaches, dunes, tidal inlets, estuaries, reefs, and river deltas. Emphasis will be on the natural state of these environments and how human activities have and will impact them. Consideration of coastal management policies involving economics, ethics, policy, and environmental law.

Course Attribute(s): EMWP - Major Works and Major Issues

GLY 4822C - Hydrogeology

Credit(s): 4

Ground water flow systems, ground water geology, introduction to numerical and analytical models of ground water flow. Lec.-lab.-field trips.

Prerequisite(s): GLY 2010 with a grade of C- or better and GLY 2000L with a grade of C- or better and PHY 2048 or PHY 2053 with a grade of C- or better, and CHM 2045 with a grade of C- or better and MAC 2282 or MAC 2312 or GLY 3866 with a grade of C- or better. (Concurrent: Y)

Corequisite(s): MAC 2282

GLY 4905 - Independent Study

Credit(s): 1-3

Specialized independent study determined by the student's needs and interests.

Restriction(s):

S-U Grade System

GLY 4915 - Undergraduate Research

GLY 4920 - Geology Colloquium**Credit(s): 1**

Weekly topical lectures by faculty, graduate students and invited speakers.

Restriction(s):

Majors Only
S-U Grade System
Senior Standing

Other Information: Geology major

GLY 4930 - Selected Topics in Geology**Credit(s): 1-4**

Each topic is a course under the direction of a faculty member with the content depending on the interests of the students and faculty involved. All areas of geology included.

GLY 4946 - Practical and Applied Geology: Teaching Experience**Credit(s): 2**

Hands-on course designed to give students experience in teaching geology.

Restriction(s):

Junior Standing
Majors Only

Other Information: Completion of Geology supporting course sequence is highly recommended. May be repeated for credit.

GLY 4947 - Practical and Applied Geology: Laboratory Experience**Credit(s): 2**

Hands-on course designed to teach the basic laboratory skills of a practicing geologist.

Restriction(s):

Junior Standing
Majors Only

Other Information: Completion of Geology supporting course sequence highly recommended. May be repeated for credit.

GLY 4948 - Practical and Applied Geology: Field Experience**Credit(s): 2**

Hands-on course designed to teach the basic skills of a practicing field geologist.

Restriction(s):

Junior Standing
Majors Only

Other Information: Completion of Geology supporting course sequence highly recommended. May be repeated for credit.

GRA 2160 - Principles of Animation**Credit(s): 3**

INTRODUCTION TO THE BASIC TOOLS, TECHNIQUES AND APPLICATIONS OF ANIMATION. STUDENTS WILL LEARN TO MANIPULATE OBJECTS, BUILD MODELS, EMPLOY LIGHTING AND DESIGN MOVEMENT.

Prerequisite(s): ART 2301C

GRA 2190 - Graphic Design**Credit(s): 3**

This course explores the fundamentals of graphic design; students develop an understanding of the industry and design principles through projects emphasizing the process of design, exposure to contemporary designers and methods of investigation.

Prerequisite(s): ART2201C with a grade of C- or better

Restriction(s):

Majors Only

GRA 2206C - Typography**Credit(s): 3**

This foundational course explores the structure of letter forms and lettering. This course provides information about the importance of type in the context of graphic design and application for printed and electronic media.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Restriction(s):
Majors Only

GRA 3104 - Computer Graphics

Credit(s): 3

This course is the continuation of Graphic Design I. The coursework emphasizes the utilization of electronic media for visual problem solving. Students will increase their skill with web based design and photo-editing software.

Restriction(s):
Majors Only

GRA 3118 - Design Signs and Symbols

Credit(s): 3

THIS COURSE WILL EXPLORE INSTITUTIONAL IDENTITY DESIGN. SPECIAL EMPHASIS WILL BE PLACED ON THE DESIGN AND APPLICATION OF MONOGRAMS, LOGOTYPES, AND OTHER MARKS COMMONLY USED TO SYMBOLIZE ORGANIZATIONS. THE HISTORY OF INSTITUTIONAL IDENTITIES ALSO EXAMI

Prerequisite(s): GRA 2190 with a minimum grade of C

GRA 3193 - Graphic Design I

Credit(s): 3

Restricted to majors. This course explores the application of formal design principles to visual problem solving through typography, layout, and web design. Students will apply conventional and electronic tools and techniques to the graphic design process.

GRA 3202 - Advanced Typography

Credit(s): 3

Exploration of the Expressive Potential of the Letter Form

Prerequisite(s): GRA 2206C with a minimum grade of C

GRA 3735 - Multimedia Systems I

Credit(s): 3

This course introduces multimedia systems and

focuses on their use as tools in the production of digital multimedia. Content covers all key hardware, navigation, and operating components.

Restriction(s):
Majors Only

GRA 4119 - Packaging Design

Credit(s): 3

An introduction of the basic procedures involved in preparing packaging design. Examine the communication techniques and theories relevant to package design, point-of-purchase displays and sales promotional items.

Prerequisite(s): GRA 2190 with a minimum grade of C

GRA 4128 - Book Design

Credit(s): 3

Historical development of the book with special emphasis on the work of contemporary designers. Modern bindery methods, material and design. Problems in book design, illustration and binding.

Prerequisite(s): GRA 2190 with a minimum grade of C

GRA 4137 - Advanced Web Design

Credit(s): 3

This studio course builds on the principles taught in Graphic Interface. Students are challenged to solve advanced communication problems while addressing technical issues relating to web design and the user experience.

Prerequisite(s): GRA 4522 with a minimum grade of C

GRA 4179 - Social Design

Credit(s): 3

This course will explore the purpose of graphic design for social change outside the scope of advertising. Students will investigate societal issues, and the relevance of design for pro-bono and non-client based causes.

Prerequisite(s): GRA 2190 with a grade of C or better

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GRA 4423 - Business of Graphic Design

Credit(s): 3

Through lectures, discussions, and various assignments, students will be exposed to the legal and business issues affecting graphic designers today.

Prerequisite(s): GRA 2190 with a minimum grade of C

GRA 4522 - Graphic Interface

Credit(s): 3

Focuses on the introduction of principles of interactivity related to user experience. Examines the design of user-interfaces and the development of advanced interactive visual strategies through the study of current or emerging technologies.

Prerequisite(s): GRA 3193 with a minimum grade of C

GRA 4547L - Advanced Graphic Design

Credit(s): 3

A lab course that concentrates on multi-page and three dimensional designs. Continuation of stress on the design process, professional work, habits and market research and problem solving.

Prerequisite(s): GRA 3193 with a minimum grade of C

GRA 4833 - Motion Graphics

Credit(s): 3

This course introduces students to motion graphics, as it relates to special effects, animation, and typography. Students will be challenged to apply their current design knowledge in motion graphics

Prerequisite(s): GRA 3193 with a minimum grade of C

GRA 4880 - Advanced Illustration

Credit(s): 3

This course surveys the broad field of illustration through studio projects examining areas such as concept art, advertising, editorial and book

illustration. Students create illustrations both traditionally and digital.

Prerequisite(s): ART 2251 with a minimum grade of C

Restriction(s):
Permit Required

GRA 4930C - Graphic Design Senior Studio

Credit(s): 3

A capstone course focused on solving advanced problems in graphic design, advertising, and multimedia visual communication systems will be discussed and assigned as projects. Focus is upon efficient and effective use of technology in the design production process.

Course Attribute(s): CST - Capstone

Restriction(s):
Majors Only
Permit Required
Senior Standing

Other Information: COURSE Restrictions
Departments Include: Studio Art and Art History

Field of Study Include: Graphic Arts Program

Student Attribute Include: Senior

Class Include: 4R (Senior) in the Graphic Arts Program

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GRA 4945 - Graphic Design: Professional Practicum

Credit(s): 3

Students fine-tune their portfolios, create self promotional print and digital projects and develop their resumes. Includes field trips to studios, agencies, corporate graphic departments and marketing firms.

Restriction(s):
Majors Only

GRA 4953 - Senior Project: Research

Credit(s): 3

Emphasis on quantitative research, scheduling the project, methods of presentation, and qualitative results. Students present and defend a project suitable for professional presentation

GRA 4955C - Senior Project: Portfolio

Credit(s): 3

This course covers the organization and presentation of a design/advertising/graphic portfolio and appropriate related materials. Emphasis is upon portfolio development, professional production, and self promotional skills.

Restriction(s):
Majors Only

GRE 1120 - Beginning Classical Greek I

Credit(s): 4

An introductory course in classical Greek grammar with appropriate readings.

GRE 1121 - Beginning Classical Greek II

Credit(s): 4

An introductory course in classical Greek grammar with appropriate readings.

Prerequisite(s): C- or better in GRE 1120

GRE 2220 - Intermediate Classical Greek

Credit(s): 4

Readings in Greek at an intermediate level.

Prerequisite(s): C- or better in GRE 1121

GRK 1120 - Beginning Modern Greek I

Credit(s): 4

An intensive study of basic skills; pronunciation, listening comprehension, speaking and some composition.

GRK 1121 - Modern Greek II

Credit(s): 4

A continuation of GRK 1120. An intensive study of basic skills; pronunciation, listening comprehension, speaking and some composition.

Prerequisite(s): C- or better in GRK 1120

GRK 2220 - Modern Greek III

Credit(s): 4

For language students who intend to attain basic proficiency.

Prerequisite(s): C- or better in GRK 1121

GRK 2221 - Modern Greek IV

Credit(s): 4

Continuation of GRK 2220. Practice of writing, speaking and listening skills for language students who intend to attain basic proficiency.

Prerequisite(s): C- or better in GRK 2220

GRK 4905 - Directed Study

Credit(s): 1-5

Permits study options in Modern Greek not available in the regularly scheduled curriculum at departmental discretion.

Consent of Instructor or Department

HFT 2930 - Special Topics in Hospitality

Credit(s): 3

Topics to be selected by instructor and department chairperson for pertinent Hospitality Management issues. Focus is especially on introductory professional hospitality topics.

HFT 3003 - Introduction to Hospitality and Tourism

Credit(s): 3

An overview of the hospitality industry, including all of its related fields: restaurant; lodging; meetings, conventions and expositions. Also featured are the applications of the general marketing, human resources, leadership, and management.

Course Attribute(s): GCPC - Global Citizens Project Course

HFT 3068 - History and Culture of Beer

Credit(s): 3

This course explores beverages with a focus on the geographic, historic, cultural, religious, scientific, and economic influences that shape food availability and consumption. Students will examine how diversity shapes cultural food patterns by critically evaluating relevant literature and participating in beverage-related food & culture ethnic experience.

UN SDG(s):

SD03 - Good Health and Well-being

SD09 - Industry

HFT 3247 - Diversity Equity and Inclusion in Hospitality and Tourism

Credit(s): 3

This course examines how diversity equity and inclusion presents many challenges and opportunities in the workplace and the world at large. Students will examine a variety of local and global issues. They will learn to identify their own values and diversity consciousness in application to the campus and community environment. Practical exercises, assignments, interaction and discussion with established diversity leaders

reinforce learning and aid each student in developing awareness of the vital role of DEI in successful personal and professional leadership.

Course Attribute(s): FST - FST Field Study, GCPC - Global Citizens Project Course, TGEE - Ethical Reasoning and Civic Engagement

HFT 3263 - Restaurant Management

Credit(s): 3

Management of food and beverages as they relate to planning, production, supervision and cost control in restaurants and catering food services, with emphasis on techniques of food preparation, menu merchandising, food safety, bar services and wine list.

Prerequisite(s): FSS 3231 with a minimum grade of C-

HFT 3423 - Hospitality Information Systems

Credit(s): 3

The study of management information systems in the hospitality management industry. The students will evaluate software and hardware computer systems and application software being used in the hospitality industry and develop selection strategies.

HFT 3424 - Cost Control in Hospitality Operations

Credit(s): 3

The objective of this course is to learn basic cost control techniques and apply them to a foodservice industry.

HFT 3503 - Hospitality Marketing and Sales

Credit(s): 3

Principles of marketing and sales and practical application in hospitality marketing philosophies; the marketing mix; product differentiation; market targeting and target communication.

HFT 3603 - Hospitality Industry Law & Leadership Ethics

Credit(s): 3

The course will integrate ethics and ethical

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

decision making with law and legal doctrine in the hospitality industry.

Course Attribute(s): SMLE - Leadership & Ethics Pillar

HFT 3700 - Tourism Management

Credit(s): 3

Introductory course to the world of travel and tourism. Topics covered are cultural tourism, eco-tourism, sociology of tourism, tourism components and supply, tourism development, the economic role of tourism demand, and the marketing of tourism.

HFT 3754 - Conventions and Meetings Management

Credit(s): 3

This course focuses on the meetings and exposition industry and covers the history, current players, technology, management, funding, venues, and types of meetings, trade shows and conferences specific to the resort industry.

HFT 3770 - Cruise Line Operations and Management

Credit(s): 3

Overview of the cruise industry: its history and evolution, operating and marketing procedures, career opportunities, ship profiles, itineraries, and ports of call.

HFT 3803C - Restaurant Operations Advanced Food and Beverage Management

Credit(s): 3

Operations of food & beverage establishments as they relate to production, supervision, & cost control in restaurants & catering food svcs, with emphasis on hands-on planning, real time creative thinking, post-event analysis & understanding of financials.

Prerequisite(s): FSS 3231 with a minimum grade of C

HFT 3861 - Beverage Management

Credit(s): 3

An introduction to the identification, use and service of wines, spirits, and other alcoholic beverages. An in-depth analysis of beverage operations to include selection/storage, inventory, purchasing, sales/promotion/merchandising, profits and bar management.

HFT 3864 - Introduction to Beer Science

Credit(s): 3

The Introduction to Beer Science is a series of investigations into the science underlying various aspects of beer, its brewing process, its pairings with food, and brew pub operations.

HFT 3868 - International Wine and Culture

Credit(s): 3

This course explores wines of the world with a focus on the geographic, historic, cultural, religious, and economic influences that shape wine availability, production, economics and consumption. Students will examine how wine and diversity intertwines and influences cultural patterns.

Course Attribute(s): 6AC - State Communication Requirement, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

HFT 3882 - Street Food Around the World

Credit(s): 3

COURSE DESCRIPTION:

This online course explores the unique culture, history, and heritage that is street food - a phenomenon that has been an integral part of global cultures for centuries. Students investigate exactly who these people are, how they operate and manage their businesses and choose their locations, and what it is that specifically attracts so many people to street food. Students will analyze and reflect upon relevant videos while participating in class discussions, written assignments, street food vendor experience and analyses, and in-depth projects that focus on the geographic, historical, cultural, and economic influences of street food.

HFT 3894 - International Food and Culture

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

This course explores cuisines with a focus on the geographic, historic, cultural, religious, and economic influences that shape food availability and consumption. Students will examine how diversity shapes cultural food patterns.

Course Attribute(s): 6AC - State Communication Requirement, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes), GCPC - Global Citizens Project Course, SMCD - Community Engagement & Diversity Pillar

UN SDG(s):
SD16 - Peace

HFT 4069 - International Whisky and Culture**Credit(s): 3**

This course explores whiskies of the world with a focus on the geographic, historic, production, marketing, cultural, religious, and economic influences that shape whisky availability and consumption. Students will examine how whisky and diversity intertwines and influences cultural patterns.

HFT 4221 - Human Resources Management**Credit(s): 3**

Defines the role of the Human Resources Director, the Hospitality Human Resources Department, and examines the Hospitality Human Resources functions.

Prerequisite(s): MAN 3025

HFT 4243 - Current Issues in Hospitality and Tourism**Credit(s): 3**

This course provides students the opportunity to learn about the key current issues that are pertinent in the hospitality and tourism industry. The course addresses trends that affect hospitality and tourism operations, marketing, and management efforts.

Course Attribute(s): 6AC - State Communication Requirement, TGEC - Creative Thinking

HFT 4253 - Lodging Management**Credit(s): 3**

Principles, practices, procedures of managerial functions; operating procedures & competencies in the lodging industry. Students gain knowledge on ownership, franchise, revenue mgmt, front office, housekeeping, & other major depts. in hotel properties.

HFT 4277 - Club Management**Credit(s): 3**

This course surveys the operation and management of private city, country and athletic clubs.

HFT 4295 - Hospitality Leadership & Strategic Management**Credit(s): 3**

This course serves as the capstone course and upper level critical thinking/communication pillar course. Students use prior knowledge combined with new leadership & strategic management techniques to analyze a hospitality company.

Course Attribute(s): 6AC - State Communication Requirement, 6ACM - State Communication Requirement, SMCC - Communication & Critical Thinking Pillar

Prerequisite(s): HFT 3503, HFT 4221

HFT 4323 - Facilities Management in Hospitality Operations**Credit(s): 3**

Engineering aspects of hospitality establishments, preventive maintenance procedures, energy conservation, waste management, pollution control, life safety systems, and facilities design and layout, air conditioning lighting, sound control.

Prerequisite(s): HFT 3003.

HFT 4468 - Hospitality Revenue Management**Credit(s): 3**

This course is a survey of revenue management related tactics, issues, and trends in the hospitality industry. The course will be taught as a seminar that will include: lectures, class discussions, online sessions and field work time.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

HFT 4471 - Management Accounting and Finance in the Hospitality Industry

Credit(s): 3

The objective of this course is to learn management accounting and finance techniques applicable to the hospitality industry.

Prerequisite(s): ACG 2021, ACG 2071

HFT 4701 - Sustainable Tourism Practices

Credit(s): 3

This course explores the global, national, regional, and local fields of sustainable tourism. The triple bottom line will be the primary perspective used to evaluate tourism and its impact on culture, environment, and economy, including the supply chains of tourism, agritourism, pro-poor tourism, and the sharing economy. Global organizations that set the standards for sustainable tourism including the United Nations Sustainable Development Goals are discussed.

Course Attribute(s): TGEH - High Impact Practice, GCPC - Global Citizens Project Course, CST - Capstone

UN SDG(s):

- SD01 - No Poverty
- SD02 - Zero Hunger
- SD03 - Good Health and Well-being
- SD05 - Gender Equality
- SD06 - Clean Water and Sanitation
- SD07 - Affordable and Clean Energy
- SD08 - Decent Work
- SD09 - Industry
- SD10 - Reduced Inequality
- SD11 - Sustainable Cities-Communities
- SD12 - Responsible Consumption
- SD13 - Climate Action
- SD14 - Life Below Water
- SD15 - Life on Land
- SD17 - Partnerships

HFT 4757 - Event Management

Credit(s): 3

This course will concentrate on established standards, techniques, and practices of event management. The focus will be on social and business functions, and the management of large scale, independent events, such as catering events.

HFT 4930 - Special Topics in Hospitality

Credit(s): 1-3

Topics to be selected by instructor and department chairperson for pertinent Hospitality Management issues.

HFT 4937 - Hospitality Speaker Series

Credit(s): 1

Hospitality industry professionals deliver lectures on various topics related to the hospitality industry. Students prepare questions, engage in interactive discussions with each presenter, and complete detailed substantive reflections.

Other Information: Number of Times Repeatable: 3

HFT 4945 - Hospitality Advanced Internship

Credit(s): 3

Coordinated hospitality training combines practical experience with didactic academic analysis. Principles, theory and standard practices applied to operational situations.

Restriction(s):

- S-U Grade System
- Senior Standing

HIM 4658 - Management of Health Information Systems

Credit(s): 3

Management of health information systems used in healthcare. This course examines project planning, team building, system evaluation and testing, employee training, and other facets involved in managing and developing health IS.

HIS 3002 - Historical Methods and Materials

Credit(s): 3

This course will introduce students to the fundamental concepts, practices, skills and materials associated with the study of history.

HIS 3161 - Digital Archaeology

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

This course provides a hands-on, project based introduction to digital technologies as they are used in the study of the ancient Greek and Roman civilization.

HIS 3308 - War and Society**Credit(s): 3**

Examines the military, political, diplomatic, economic, social, and cultural histories of past wars. As they study the history of conflict, students grapple with difficult ethical questions and consider the responsibilities of engaged citizenship.

Course Attribute(s): EMWP - Major Works and Major Issues, GCPC - Global Citizens Project Course, TGEE - Ethical Reasoning and Civic Engagement, UGR - Undergraduate Research

UN SDG(s):

SD03 - Good Health and Well-being
SD16 - Peace

HIS 3930 - Special Topics**Credit(s): 3**

This course is designed to emphasize a selected historical problem or issue that is meaningful and challenging to the student. A variety of instructional approaches will be taken to the material. Topics will be changed each semester.

HIS 3938 - Major Issues in History**Credit(s): 3**

This is a variable topics class that provides students with an understanding of how the discipline of history is relevant to analyzing human conflict, its multiple roots, and the impact it has in contemporary society.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CPST - Capstone Learning Experience, EMWP - Major Works and Major Issues, HHCP - Human Historical Context & Process, TGEC - Creative Thinking

HIS 4092C - Curating Digital Collections**Credit(s): 3**

This undergraduate research course explores a wide range of digital applications on public

history. Students will learn how to curate digital collections of data.

Course Attribute(s): TGEH - High Impact Practice, UGR - Undergraduate Research

HIS 4104 - Theory and Methods of History**Credit(s): 3**

Introduces history majors to the theories, methods, approaches, and key debates that are central to the modern historical profession. Develops skills in historical research, reading, writing, and oral communication. Restricted to majors.

Course Attribute(s): 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, CST - Capstone, TGEH - High Impact Practice, WRIN - Writing Intensive Capstone

Restriction(s):

Majors Only

Other Information: History major. 2.25 major GPA required.

HIS 4900 - Directed Reading**Credit(s): 1-4**

Arrangement with instructor prior to registration. Readings in special topics.

HIS 4920 - Colloquium in History**Credit(s): 2-4**

Reading and discussion of selected topics in the various fields of history. The subject and scope of inquiry will be determined by the instructor for each section.

HIS 4936 - Pro-Seminar in History**Credit(s): 3**

Advanced topics in the various fields of history. Emphasis on discussion of assigned readings and on research and writing of a major paper.

Course Attribute(s): 6AC - State Communication Requirement, 6ACM - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, CPST - Capstone

HIS 4940 - History Internship

Credit(s): 3
Supervised field experience in a research and writing-related position that relates to the History major. Possible internship sites include historical societies and museums.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

Restriction(s):
Majors Only
Permit Required

Other Information: History major.

HLP 2081 - Personal Wellness: A Lifetime Commitment

Credit(s): 3
An examination of the bases for adopting a positive health lifestyle with a major emphasis on diet, weight management, physical fitness, stress management, and substance-abuse management.

HLP 4710 - Creative Exp in Art, Music, Drama & Physical Movement

Credit(s): 2
Teacher candidates integrate Music, Art, Movement, Physical Education, and Health in elementary curriculum because of the importance of these content areas for children to learn to care for themselves physically, emotionally and aesthetically.

HSA 3170 - Healthcare Finance

Credit(s): 3
This course seeks to broaden and deepen understanding of the issues involved in the financial activities of the healthcare industry. Emphasis is given to the principles and applications of healthcare finance important to entry-level managers.

HSA 4124 - Comparative Health Care Systems

Credit(s): 3
Course covers the core questions of access, cost, quality, and values by a comparative approach to international health care systems.

HSC 2000 - Introduction to Health Professions

Credit(s): 3
This course will introduce students to the US healthcare system and provide an overview of the various careers available within that system.

HSC 2017 - Careers in Public Health

Credit(s): 3
Course provides students with an overview of public health occupations. After students complete self-assessments tools, the information is applied to personal interests and career goals. Guest speakers offer advice related to employment availability.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):
SD03 - Good Health and Well-being
SD08 - Decent Work

HSC 2100 - Contemporary Health Science

Credit(s): 3
A comprehensive approach is used to educate students on how to critically research, understand, evaluate, and apply information and data related to the basic principles of emotional, intellectual, physical, social, occupational and spiritual health.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CASB - Social & Behavioral Sciences, TGEI - Information and Data Literacy

HSC 2130 - Sex, Health, and Decision-Making

Credit(s): 3
This course explores the fundamental

ALL COURSES LISTING

relationship between sexuality, decision making and health outcomes from a public health perspective. Students explore sexuality issues and learn tools that promote sexual health and healthy relationships.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CASB - Social & Behavioral Sciences, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

HSC 2400 - First Aid

Credit(s): 2

Meets the American Red Cross certification requirements in standard and advanced first aid.

HSC 3002 - Orientation to the Health Professions

Credit(s): 3

An orientation to the roles of the various Health Professions to include an understanding of the training and credentialing requirements and legal and ethical issues relevant to the practices of a wide variety of health professions.

HSC 3503 - Principles of Toxicology

Credit(s): 3

Covers basic principles of toxicology, incl. molecular/cellular sites of action of toxicants, physiological effects of toxicants on individual organ systems. Env tox is also covered.

Other Information: Course not repeatable for credit.

HSC 4172 - Women's Health: A Public Health Perspective

Credit(s): 3

From a public health perspective, this course will explore the multidimensional and multidisciplinary dimensions of women's health. The course will emphasize health promotion, disease prevention, and overall well-being.

HSC 4211 - Health, Behavior and Society

Credit(s): 3

This course focuses on an ecological perspective

of the determinants of health including biology, individual behavior, social relationships, social stratification, institutions, neighborhoods and communities, environment, policies and globalization.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD03 - Good Health and Well-being

HSC 4213 - Environmental and Occupational Risk Analysis

Credit(s): 3

This course provides an introduction of risk analysis for environmental and occupational health. Students will gain knowledge of the various regulations and scientific methods for the evaluation of health risk in environmental and occupational settings.

HSC 4430 - Occupational Health and Safety

Credit(s): 3

This course provides a review of occupational health and safety. Regulatory guidance and compliance, and the underlying science that drives occupational safety regulations are covered. The roles of various health and safety professionals are explored.

HSC 4504 - Foundations of Public Health Immunology

Credit(s): 3

This course provides an overview of the principles of Immunology and an introduction to the applications of immunology and immunologic techniques used in the surveillance, prevention and control of diseases of public health importance.

HSC 4537 - Medical Terminology

Credit(s): 3

This course provides a unique educational program to improve the student's medical vocabulary. The course includes medical and scientific content information, which students encounter in other health professional courses. Not restricted to any major.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

HSC 4551 - Survey of Human Diseases

Credit(s): 3

An overview of the nature, types, and mechanisms of diseases of the major body systems.

HSC 4573 - Foundations of Food Safety

Credit(s): 3

This course provides an overview of food safety practices and principles emphasizing the role of food safety in public health. Topics include proper food handling procedures, food safety hazards, food-borne illness prevention, and food safety regulations.

HSC 4579 - Foundations of Maternal and Child Health

Credit(s): 3

This course provides an overview of maternal and child health issues and trends. With this primary aim, the objectives are organized around the knowledge of health assessment and interventions for families and children.

HSC 4624 - Foundations of Global Health

Credit(s): 3

This course introduces students to the principles of public health from a global perspective. Emphasis will be placed on the impact of social, economic, political and environmental factors that influence health and access to health care across the globe.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

- SD01 - No Poverty
- SD03 - Good Health and Well-being
- SD05 - Gender Equality
- SD06 - Clean Water and Sanitation
- SD10 - Reduced Inequality
- SD17 - Partnerships

HSC 4630 - Understanding U.S. Health Care

Credit(s): 3

An introduction to health services; providing an overview of important components of the U.S. health care system, health policy, funding sources, and comparisons with other developed nations.

HSC 4631 - Critical Issues in Public Health

Credit(s): 3

This course provides students the opportunity to learn about the multiple ways to view controversial topics in public health. The course covers topics including biomedical issues, social & behavioral factors related to health, and environmental issues.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, CPST - Capstone Learning Experience, EMWP - Major Works and Major Issues, TGEC - Creative Thinking

HSC 4697 - Performing Artists Health Risk and Care

Credit(s): 3

This course identifies occupational risks of performing artists as workers whose occupational craft is their employment. Students are introduced to the values, culture, physical-mental rigor, health risks and concerns involved in performing arts career

Course Attribute(s): CLB - Collaborative Learning, GCPC - Global Citizens Project Course, TGEH - High Impact Practice

HSC 4851 - Health Sciences Internship

Credit(s): 3

This course will oversee and guide students research project or internship experience coordinated with a mentor external to the course. Students will meet weekly to discuss internship experiences and progress, and present results.

HSC 4932 - Special Topics in Health Sciences

Credit(s): 3

This course will address topics in current interest

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

in the Health Sciences. Special topics will vary from semester to semester at the discretion of the instructor.

HSC 4933 - Special Topics in Public Health

Credit(s): 1-3

Content will be governed by student demand and instructor interest.

HUM 1020 - Introduction to Humanities

Credit(s): 3

Analysis of selected works of literature, music, film, and visual art, representing artists of diverse periods, cultures, genders, and races. Especially recommended for students who later take 4000-level Humanities courses.

Course Attribute(s): 6ACM - State Communication Requirement, 6ACP - State Communication Requirement, CAFA - Fine Arts, SGEH - General Education Core Humanities, SMEL - General Education Elective, SMHU - Humanities, SPHU - Humanities

HUM 2210 - Studies in Culture: The Classical Through Medieval Periods

Credit(s): 3

A survey of literature and the arts of ancient Greece, Rome, and medieval Europe. Issues to be examined may include the dialogue between local traditions and cosmopolitan cultures, the relationship of the individual to society, and the bases for moral values.

Course Attribute(s): CAHU - Humanities, HHCP - Human Historical Context & Process

HUM 2230 - European Humanities: Renaissance - 20th Century

Credit(s): 3

Students will be exposed to the creative expressions and cultural products of Western European societies in order not only to determine the past's values, beliefs, and concerns, but also to enrich our own spirits, imaginations, and intellects.

Course Attribute(s): CAHU - Humanities, HHCP - Human Historical Context & Process

HUM 2250 - Studies in Culture: The Twentieth Century

Credit(s): 3

Analyses of selected works of twentieth century art, including films, paintings, music, and literature, in the context of major political, social, and economic events, such as war, depression, totalitarianism, and technological change.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CAHU - Humanities, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

HUM 2273 - Eastern and Western Culture Since 1400

Credit(s): 3

This course examines the different ways Westerners have viewed, understood, and made sense of Asia since the 15th-century.

Course Attribute(s): CAGC - Human & Cultural Diversity in a Global Context

HUM 2522 - Introduction to the Cultural Study of Popular Music

Credit(s): 3

Variable topic. An interdisciplinary examination of popular music traditions as they affect race, class, and gender, and interact with commerce, technology, and politics. Students will combine critical listening with history and cultural analysis.

Course Attribute(s): CAHU - Humanities

HUM 2593 - Science in Cultural Context

Credit(s): 3

This course is an introduction to science studies, where students will engage with scientific texts and consider their production from a variety of historical, philosophical, and cultural views.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CAHU - Humanities, TGEI - Information and Data Literacy

HUM 2930 - Selected Topics

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 1-3

An introductory course dealing with a recurrent theme in the arts or focusing on a particular artistic center (a nation or city at a particular time).

HUM 3231 - The Renaissance

Credit(s): 3

An examination of the arts of the Renaissance, focusing on primary texts and images. Themes include humanism, the revival of antiquity, the concept of the individual, the Reformation and Counter-Reformation, and the impact of New World explorations.

Restriction(s):

Junior Standing
Senior Standing

HUM 3237 - The Seventeenth Century

Credit(s): 3

An examination of the development of the art and culture of the Baroque Period, roughly the 17th Century, focusing on primary texts and images. Themes will include mysticism, sensuality, rationalism, science, absolutism, and liberty.

Restriction(s):

Junior Standing
Senior Standing

HUM 3240 - The Early Middle Ages: Early Christian Cultures

Credit(s): 3

This course examines early Christianity as a religious, social and cultural phenomenon. Topics include new literary and artistic forms; religious conversion; and Christian ideals of martyrdom, virginity, monasticism, and sainthood.

Restriction(s):

Junior Standing
Senior Standing

HUM 3241 - Central Medieval and Gothic Europe

Credit(s): 3

By studying texts and artifacts, this course examines the diverse cultures of Europe from the eleventh to fourteenth centuries. A central issue covered will be the efforts of the church to create an all-encompassing Christian culture.

HUM 3242 - The Enlightenment

Credit(s): 3

By studying late seventeenth and eighteenth century literature, music, visual art, and philosophy, this course examines phenomena such as rationalism, classification systems, the influence of science, utilitarianism, reform, and secularism.

Restriction(s):

Junior Standing
Senior Standing

HUM 3309 - Introduction to Food Studies

Credit(s): 3

An experiential course addressing historical and contemporary relationships between people and the food they produce/consume, focusing on the impact of industrialization through examination of visual arts, literature, and popular culture texts.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD16 - Peace

HUM 3557 - Jews, Christians, and Muslims: Medieval Light on Modern Issues

Credit(s): 3

To understand relations among medieval Jews, Christians, and Muslims and their modern legacy, we examine how sacred texts defined their relationships; how rival faiths and believers were portrayed; and how communities interacted in harmony or conflict.

HUM 3804 - Cultural Studies Theory and Method

Credit(s): 3

An introduction to the ideas and skills needed for doing scholarly work in interdisciplinary cultural studies. An overview of central critical discussions including gender studies, postcolonialism, class and power relationships, and technology and media.

Course Attribute(s): GCPC - Global Citizens Project Course

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): AMS 2030 or AMS 2270 or FIL 1002 or HUM 2210 or HUM 2230 or HUM 2250 or HUM 2273 or HUM 2522 with a grade of C- or better

UN SDG(s):

SD01 - No Poverty
SD04 - Quality Education
SD05 - Gender Equality
SD08 - Decent Work
SD10 - Reduced Inequality
SD11 - Sustainable Cities-Communities
SD16 - Peace

HUM 3930 - Selected Topics in Humanities

Credit(s): 1-3

Courses offered under this number will always be interdisciplinary, treating more than one art media and relating them historically or in some other way. The interdisciplinary emphasis on literature and the arts, placing them in some larger context of culture or ideas, distinguished HUM courses from related courses offered in other departments of the university. Topics will vary; course may be repeated for credit with change of content.

HUM 4261 - Cultural Periods and Styles

Credit(s): 3

Focuses on the relationships between a particular historical period and the cultural forms characteristic of it. An interdisciplinary examination of cultural texts as responding to social and political issues of the day. Topic varies. Repeatable to 6 cr.

HUM 4331 - Humanities Pro-Seminar

Credit(s): 3

A course emphasizing the analysis of primary works in relation to cultural contexts, the integration of secondary sources, and the construction of a written argument.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD10 - Reduced Inequality
SD16 - Peace

HUM 4391 - Places, Spaces, and Regions

Credit(s): 3

Focuses on relationships between geographical location and cultural dynamics. Emphases include the roles of natural environments, core-periphery relations, and local identities in the development of cultural practices. Topic varies. Repeatable to 6 cr.

HUM 4464 - Modern Latin American Culture

Credit(s): 3

Analysis of selected Latin American works of art in their cultural context, with emphasis on the period since the time of independence. The course will focus on a particular historical, geographical, or thematic topic within that period.

Restriction(s):

Junior Standing
Senior Standing

HUM 4581 - Film and Media Theory

Credit(s): 3

This advanced introduction to film and media theory offers students sophisticated tools for thinking critically and creatively about motion pictures and the psychological, cultural, political, and historical meanings they engender.

Prerequisite(s): FIL 3052 or FIL 3077 with a grade of C- or better

HUM 4582 - Film Auteurs

Credit(s): 3

Surveys the contributions to American culture of major films from the perspectives of genres and styles, critical methodologies and theories. Variable topics such as: region, subject, or period of time. Repeatable up to 9 credit hours with change of topic.

HUM 4824 - Issues in Cultural Theory

Credit(s): 3

Focuses on a critical issue in cultural theory. Students will delve into an issue central to cultural study and develop their ability to apply cultural theory to the analysis of cultural forms. Topic varies. Repeatable up to 6 hours with change of topic.

HUM 4825 - Identity and Power

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Focuses on the relationships between social power and individual or group identity. Emphasizes how discourses on race, class, gender, and/or nationality construct individual subjectivity and imagined communities. Topic varies. Repeatable to 6 credits.

HUM 4890 - Genres and Media**Credit(s): 3**

This course focuses on a particular aesthetic genre or medium. Emphasis is on close readings of generic paradigms and how these shape social ideas and identities. With a different topic, the course can be repeated for credit.

HUM 4905 - Directed Study**Credit(s): 1-4**

Specialized individual study determined by the student's needs and interests

HUM 4930 - Selected Topics in Humanities**Credit(s): 1-3**

This course will deal with a recurrent theme in the arts as, for example, love or death, or will focus on artistic centers such as Renaissance Florence or Paris in the 1920s. Topics will vary.

HUM 4931 - Seminar in Humanities**Credit(s): 3**

Seminar focuses on the writing of a substantial research paper in the humanities. Topic varies. Offered only in spring semester.

Course Attribute(s): 6ACT - Gordon Communication Requirement, CPST - Capstone Learning Experience, CST - Capstone, TGEH - High Impact Practice, WRIN - Writing Intensive Capstone

Prerequisite(s): HUM 4331 with a grade of C- or better

Restriction(s):
Senior Standing

HUM 4938 - Major Issues in the Humanities**Credit(s): 3**

The study of an important topical issue in the

Humanities. Materials representing diverse views relating to that issue will be read, and works of art in different media that have relevance to the debate will be studied. Available to majors and non-majors.

Course Attribute(s): CPST - Capstone Learning Experience

HUM 4940 - Internship in Humanities**Credit(s): 3**

A structured, out-of-class learning experience providing firsthand, practical training in Humanities-related professional careers in the community.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

Restriction(s):
Junior Standing
Senior Standing

UN SDG(s):
SD08 - Decent Work
SD17 - Partnerships

HUM 4941 - Study on Location**Credit(s): 1-4**

The art of a culture will be examined during travel in groups, led by an instructor, to important cities or sites. Monuments, museums, architecture, plays, and/or concerts will be studied. Reading assignments and lectures. Not restricted.

HUN 2201 - Nutrition**Credit(s): 3**

The study of fundamental principles of normal nutrition as they relate to human life and growth from conception through senescence, interpretation of current nutrition information, and application of nutrition knowledge in the establishment of good eating habits

Other Information: Course work in chemistry and biology

HUN 3126 - Food and Culture**Credit(s): 3**

Exploration of the role of cultural diversity in formation of food habits with focus on changes in U.S. dietary patterns related to global cultural

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

plurality.

Other Information: Course is not repeatable.

HUN 3272 - Sports Nutrition

Credit(s): 3

This course explores nutrition in the enhancement of health and fitness. Discussion includes the nutrient requirements for attainment and maintenance of health, disease prevention and sports performance. The course is not restricted to majors and it is not repeatable for credit.

HUN 3296 - Nutrition and Disease

Credit(s): 3

A nutrition course for those wishing to increase their nutrition knowledge in the areas of health care, diet and disease, and therapeutic nutrition. The course is not restricted to majors and is not repeatable for credit.

HUN 3601 - Nutrition Education & Counseling

Credit(s): 3

a nutrition course for those wishing to increase their nutrition knowledge in the areas of health care, diet and disease, and therapeutic nutrition. The course is not restricted to majors and is not repeatable for credit.

Prerequisite(s): HUN 2201

IDC 2000C - Introduction to Scientific Computing

Credit(s): 3

Introduction to computing for scientific applications. No prior programming experience required. Write readable, modular, correct code to solve problems from scientific disciplines. The course is intended to lead to undergraduate-research opportunities

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, TGEI - Information and Data Literacy

IDH 2010 - Honors Acquisition of Knowledge: Interdisciplinary Inquiry and Practical Wisdom

Credit(s): 3

An examination of different ways of knowing, information literacy across disciplines, and the value of interdisciplinary inquiry. Students explore how knowledge is created/consumed and the relationships between theory of knowledge and information literacy.

Course Attribute(s): 6AC - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - State Communication Requirement, CAHU - Humanities, HHCP - Human Historical Context & Process, TGEI - Information and Data Literacy

Restriction(s):
Majors Only

Other Information: Honors College student

IDH 2930 - Honors Selected Topics

Credit(s): 0-3

This course is designed to emphasize a selected problem or issue that is meaningful and challenging to University Honors students and special populations. A variety of instructional approaches will be used. Topics will vary each semester. Repeatable for a total of 8 credits.

Course Attribute(s): SMEL - General Education Elective

IDH 3100 - Honors Arts/Humanities

Credit(s): 1-3

Through the examination of particular historical periods, media or themes the course will examine the relationship between different types of creative cultural production (e.g., art, literature, drama, music, film) and society, politics, history & values.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CAHU - Humanities, HHCP - Human Historical Context & Process, TGEC - Creative Thinking

Restriction(s):
Majors Only

Other Information: Honors College student

IDH 3350 - Honors Natural Sciences

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

An applied exploration of current knowledge, issues, and innovation in the natural sciences, and their potential for problem-solving and engagement with ethical and philosophical questions.

Course Attribute(s): 6AC - State Communication Requirement, CANP - Natural Sciences (Physical Science), TGEC - Creative Thinking

Restriction(s):
Majors Only

Other Information: Honors College student

IDH 3400 - Honors Social and Behavioral Sciences**Credit(s): 3**

This course introduces students to social/behavioral sciences through cultural and sociopolitical inquiry; cultivates ethical ideas and practices pertaining to civic engagement, dimensions of human experience, and the complexity of social interaction.

Course Attribute(s): CASB - Social & Behavioral Sciences, CLB - Collaborative Learning, TGEE - Ethical Reasoning and Civic Engagement

Restriction(s):
Majors Only

Other Information: Honors College student

IDH 3600 - Honors Seminar in Ethics**Credit(s): 3**

This course aims to cultivate an understanding of ethical ideas & practice, evaluate these within specific dimensions of human experience, & develop skill pertaining to the realization of practice or policy within a broad context of civic engagement.

Course Attribute(s): 6AC - State Communication Requirement, CASB - Social & Behavioral Sciences, CLB - Collaborative Learning, TGEE - Ethical Reasoning and Civic Engagement

Restriction(s):
Majors Only

Other Information: Honors College student

IDH 4000 - Honors Major Works/Majors Issues**Credit(s): 3**

This course explores major works and major issues in a variety of disciplines. Each section will be devoted to content in a different academic area.

Course Attribute(s): EMWP - Major Works and Major Issues

IDH 4200 - Honors Geographical Perspectives**Credit(s): 3**

This course explores how the interconnectedness of diverse spaces, places, and peoples constitute community, through the examination of locales, historical periods, and the people who inhabit them.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CAGC - Human & Cultural Diversity in a Global Context, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

IDH 4910 - Honors Undergraduate Research**Credit(s): 0-3**

A supervised program of interdisciplinary research in areas of specific interest. Open to all USF students by application through the undergraduate research coordinator.

Restriction(s):
Consent of Instructor or Department Permit Required

IDH 4930 - Honors Selected Topics**Credit(s): 1-3**

This course is designed to emphasize a selected problem or issue that is meaningful and challenging to University Honors students and special populations. A variety of instructional approaches will be used. Topics will vary each semester. Repeatable for a total of 8 credits.

IDH 4950 - Honors Capstone

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

A culminating experience in the Honors curriculum focused on integrative & applied learning. This course provides in-depth engagement with a specific topic through group research, service-learning, community-engaged education and/or experiential learning.

Course Attribute(s): CPST - Capstone Learning Experience, CST - Capstone, TGEH - High Impact Practice

Restriction(s):

Permit Required

IDH 4970 - Honors Thesis**Credit(s): 3**

Development of an interdisciplinary thesis under the direction of a mentor. Students produce an original project such as a scholarly paper, design project, performance, portfolio, or business plan. Taken for 2 semesters to complete Honors requirements.

Course Attribute(s): 6AC - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, ELWP - Literature and Writing, TGEH - High Impact Practice, UGR - Undergraduate Research, WRIN - Writing Intensive Capstone

Restriction(s):

Majors Only

IDH 1505 - Introduction to Research in Behavioral and Community Sciences**Credit(s): 2**

Overview of research problems and processes in the behavioral and community sciences, research ethics involving human and animal subjects, and the responsible conduct of research.

Course Attribute(s): UGR - Undergraduate Research

Restriction(s):

Other

UN SDG(s):

SD03 - Good Health and Well-being
SD10 - Reduced Inequality

IDS 2192 - Global History and Politics Since 1945**Credit(s): 3**

This interdisciplinary course, team-taught by the History Department and the School of Interdisciplinary Global Studies, introduces students to the major political, economic, and cultural events and forces that have shaped the world since 1945.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

IDS 2231 - Introduction to Global Sustainability**Credit(s): 3**

The course presents theory and practice of sustainability and discusses its three components: environment, society and economy.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, GCPC - Global Citizens Project Course, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

IDS 2378 - Critical Thinking: Foundations of Interdisciplinary Knowledge and Inquiry**Credit(s): 3**

This course provides an overview of five major domains of knowledge and inquiry: STEM, Social Sciences, Health, Business, and Humanities/Arts. Through applied critical thinking, students in this course will examine social problems.

Course Attribute(s): 6AC - State Communication Requirement, TGEC - Creative Thinking

IDS 2600 - Applications of Research in Community Settings

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 1

Research in Community Settings introduces students to the principles of community-based participatory research and provides opportunities for students to observe and analyze the application of evidence-based practices in community settings.

IDS 2912 - Undergraduate Research Experience**Credit(s): 0-4**

Learning objectives determined by faculty and aligned with students career aspirations and/or academic program. May be repeated a maximum of two times. This course is open to all majors.

Other Information: Students may take this course for 0-4 credit hours. For additional information, visit: <http://lib.usf.edu/undergraduate-research/credit/>

IDS 2932 - Selected Topics in Undergraduate Studies**Credit(s): 1-3**

This course offers in-depth exploration of a special topic, issue, or trend in interdisciplinary studies and may integrate two or more disciplines. This course will emphasize interdisciplinary skills and knowledge to support students' pursuit of multidisciplinary and interdisciplinary majors and/or career paths.

IDS 3186 - Scientific and Ethical Dimensions of Human Disease**Credit(s): 3**

An interdisciplinary perspective of the biological basis of human disease combined with critical thinking and medical ethics. Basic concepts of human disease are integrated with bioethical dimensions of patient choice, physician responsibility and current health care issues.

Restriction(s):

Consent of Instructor or Department Permit Required

IDS 3315 - Global Issues, Challenges, and Perspectives**Credit(s): 3**

This course provides students the opportunity to explore global issues, challenges, and

perspectives broadly and participate in a high-impact practice. High-impact practices vary by section.

Course Attribute(s): CEL - Community Engaged Learning, EDR - Education Abroad, GCPC - Global Citizens Project Course, TGEH - High Impact Practice

Restriction(s):

Permit Required

INR 3102 - American Foreign Policy

Credit(s): 3

Analysis of the development and scope of United States foreign policy, emphasizing goals and objectives, policy formulation and implementation, themes and issues.

INR 3202 - International Human Rights

Credit(s): 3

This courses explores the evolution of international rights from the Greeks to the present. It examines human rights issues in major regions of the world.

Course Attribute(s): EMWP - Major Works and Major Issues, SMLE - Leadership & Ethics Pillar

INR 3336 - Intelligence and U.S. Foreign Policy

Credit(s): 3

An examination of the role of intelligence and the intelligence community in U.S. foreign policy, with emphasis on the period since World War II.

INR 3955 - Overseas Study

Credit(s): 1-6

A program of individual or group research in a foreign country.

INR 4035 - International Political Economy

Credit(s): 3

Analysis of the development and politics of the international economic system, focusing on questions of cooperation and conflict in trade, aid, and investment relationships.

INR 4070 - Understanding Extremism in the 21st Century

Credit(s): 3

The course lays the foundations for understanding and explaining extremism, how extremist movements form and recruit, and how they carry out their activities.

INR 4083 - Conflict in the World

Credit(s): 3

An interdisciplinary course examining theories of conflict, conflict resolution processes and strategies, theories and peacemaking strategies, and the concept of Early Warning Systems related to the outburst of conflict.

Course Attribute(s): EMWP - Major Works and Major Issues

Restriction(s):

Junior Standing
Senior Standing

INR 4254 - Africa in World Affairs

Credit(s): 3

An examination of Africa's place and role in world affairs, including an analysis of the impact of external forces, international relations in post-colonial Africa, the relations of African states with the major world powers, the U.N. and its agencies.

Course Attribute(s): EMWP - Major Works and Major Issues

INR 4403 - International Law

Credit(s): 3

Examines essential components of the international legal system; recognition; succession; sea, air and space law, treaties, diplomats, International Court of Justice; laws of war, etc. Introduces the student to legal reasoning as employed in the international context.

INR 4502 - International Organizations

Credit(s): 3

Study of the operations and structure of international organizations and effects on world politics; background and achievement of the UN; regional organizations and multi-national corporations.

INR 4900 - Directed Readings

Credit(s): 1-3

A supervised program of intensive reading of interdisciplinary materials in areas of specific interest.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

INR 4910 - Directed Research

Credit(s): 1-3

A supervised program of interdisciplinary research in areas of specific interest.

INR 4931 - Selected Topics

Credit(s): 1-3

Interdisciplinary studies with course content dependent on student demand and instructor's interest.

INR 4943 - Internship in International Studies

Credit(s): 3-6

The purpose of the course is to promote the student's understanding of global international issues within a local and practical context.

Restriction(s):

Majors Only
S-U Grade System
Senior Standing

INT 3004 - Introduction to the Interpreting Profession

Credit(s): 3

This course will introduce the history of the interpreting profession, interpreting standards, a discussion of skills and competencies necessary for a variety of interpreting settings. Topics include models of interpreting, the interpreting process, cultural competency, Deaf-Centered interpreting, Deaf/Hearing interpreting teams, professional interpreter organizations, and ethics.

Prerequisite(s): ASL 2220 with B- or higher, ASL 2300 with B- or higher

Restriction(s):

Majors Only

INT 3110 - Language and Cognitive Processing Skills in English

Credit(s): 1

Students develop the cognitive processing and language skills within English that are preliminary steps for interpretation. It will develop student's ability to segment information to perform various cognitive tasks intralingually. For Majors only.

Prerequisite(s): ASL 2220 with B- or higher,

ASL 2300 with B- or higher

Restriction(s):

Majors Only

INT 3112 - Translation - ASL and English

Credit(s): 3

This course will introduce the language translation process, specifically English and the ASL-continuum. Discussions include techniques for separating form and meaning, contextualization, modifying lexical items, language matching, and registers for translating texts.

Prerequisite(s): ASL 2220 with B- or higher, ASL 2300 with B- or higher

INT 3120 - Current Issues in the Interpreting Profession

Credit(s): 3

This course focuses on current issues and events that impact the interpreting profession. Biases at the systemic and individual level which contribute to the perpetuation of oppression in our society will be explored. Discussions will center around interpreting with persons of diverse backgrounds, credentialing, power, privilege, and oppression within communities which interpreters work.

Prerequisite(s): ASL 2220, ASL 2300, INT 3004

INT 3205 - Introduction and Application of the Interpreting Process

Credit(s): 3

This course will further develop ASL and English terminology competency as well as introduce the consecutive interpreting process, both expressive and receptive, through drills, practice, and demonstration.

Prerequisite(s): INT 3112, ASL 3324 with a C- or higher

INT 3270 - Interpreting Process and Skill Development

Credit(s): 3

Process-oriented approach for applying essential cognitive strategies to interpretation. Strategies

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

include organizing and manipulating visual and spoken images, analyzing messages for meaning, and self-monitoring for message accuracy.

Prerequisite(s): ASL 2140C, ASL 2150C, ASL 2160, ASL 2220, ASL 2300

Restriction(s):
Majors Only

INT 3403 - Issues in Educational Interpreting

Credit(s): 3

This course explores the role of the interpreter in the educational setting. Issues related to institutional policies, potential role conflicts, interpreter/faculty collaboration, and support service provision will be emphasized.

INT 3481 - Specialized Terminology I

Credit(s): 3

This course will introduce advanced terminology in various interpreting settings including, but not limited to, legal, medical, and mental health. Concepts in both English and ASL will be discussed to determine meaning equivalency and appropriate application within each setting.

Prerequisite(s): ASL 2220 with B- or higher, ASL 2300 with B- or higher

INT 3484 - Specialized Terminology II

Credit(s): 3

This course will continue introducing advanced terminology in various interpreting settings including, but not limited to, legal, educational, medical, mental health, and business. Concepts in both English and ASL will be discussed to determine meaning equivalency and appropriate application within each setting.

Prerequisite(s): ASL 2220, ASL 2300

INT 3945 - Interpreting Practicum 1

Credit(s): 3

Students will observe professional interpreters working in a variety of settings. They will learn specialized vocabulary, discuss ethical issues, develop rapport with Deaf consumers, and determine language usage in a variety of settings.

Prerequisite(s): INT 3270, INT 3112, INT 3004, ASL 3324

Restriction(s):
Permit Required

INT 4111 - Interpreting I - ASL to English

Credit(s): 3

This course will introduce the simultaneous interpreting process from ASL to spoken English. Strategies for selecting conceptually accurate English lexical items and phrases for ASL signs based on factors such as register and semantics will be discussed. Techniques for modifying pitch and intonation, reducing disfluent pausing, and modulating decalage will be introduced.

Prerequisite(s): INT 3205 with a C- or higher

INT 4190 - Application of Ethics in Interpreting Settings

Credit(s): 3

This course will critically examine the application of ethics in a variety of interpreting settings, review of professional interpreter organizations and certifications, best practices in interpreting, and preparation for transitioning into the field of interpreting.

Prerequisite(s): INT 3004 with a C- or higher

INT 4206 - Interpreting I - English to ASL

Credit(s): 3

This course will introduce the simultaneous interpreting process from spoken English to ASL and develop interpreting skills through presentation and class participation. Topics include discussion of individuals who use interpretation, techniques for utilizing ASL grammar structure in an interpretation, and challenges that influence the interpretation process.

Prerequisite(s): INT 3205 with a C- or higher

INT 4208 - Interpreting II - English to ASL

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Advanced level students will strengthen their skills from spoken English to ASL interpretation. Strategies and techniques include cultural considerations, use of transitions, chunking information, disfluent pausing, and information and affect retention. Topics include: proper preparation for interpreting assignments, processing time, interpreting teams, and interpreter entry-level competencies.

Prerequisite(s): INT 4206 with a C- or higher

INT 4211 - Transliterating**Credit(s): 3**

This course will introduce the transliteration process and develop transliterating skills through presentation and class participation. Topics include discussion of individuals who use transliteration, techniques for retaining English grammar structure in a visual language, and issues that influence the transliteration process.

Prerequisite(s): INT 3205 with a C- or higher

INT 4235 - Interpreting II - ASL to English**Credit(s): 3**

Advanced level students will strengthen their skills in an ASL to spoken English interpretation. Strategies and techniques include cultural considerations, idiomatic word choices and phrasing, and retention of affect within the interpretation as well as a focus on receptive fingerspelling and numbering.

Prerequisite(s): INT 4111 with a C- or higher

INT 4456 - Interpreting: Specialized Settings and Populations**Credit(s): 3**

Examines settings in which interpreters work (social service and rehabilitation, employment, religious, performing arts, legal, etc.) and the challenges of specific deaf and hard-of-hearing consumers and those with minimal language skills (MLS).

INT 4460 - Video Interpreting**Credit(s): 3**

Video Remote Interpreting (VRI) and Video Relay Service (VRS) are new settings for sign language interpreters. This course will explore differences between VRI and VRS, ethical considerations related to video interpreting, and required specialized skills.

INT 4490 - Introduction to Cued Speech and its Applications**Credit(s): 3**

This course covers the fundamentals of the Cued Speech system, including an overview of how it is typically used with children who are deaf. Common applications of cueing and other communication options and relevant research are discussed.

INT 4942 - Internship in Deaf Studies**Credit(s): 3**

Supervised field experience in a social service agency with children and/or adults who are deaf or hard of hearing or student teaching placement in high school American Sign Language (ASL) classroom. Requires a minimum of 90 hours of field placement.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

INT 4947 - Interpreting Practicum**Credit(s): 3**

This course will provide interpreting opportunities in a variety of settings under the supervision of experienced mentors and course instructors. Interns will also observe certified interpreters in the field and participate in discussions pertaining to their interpreting experiences.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

Prerequisite(s): INT 3004 with a C- or higher and INT 4206 with a C- or higher and INT 4111 with a C- or higher and INT 4211 with a C- or higher

Restriction(s):

Permit Required

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ISM 3011 - Information Systems in Organizations

Credit(s): 3

An introduction to the language, concepts, structures and processes involved in the management of information systems including fundamentals of computer-based technology and the use of business-based software for support of managerial decisions.

Prerequisite(s): CGS 2100 or equivalent.

ISM 3113 - Systems Analysis and Design

Credit(s): 3

The course presents concepts, procedures, and tools needed to build computer-based information systems. The objective is to develop project management, data collection, analysis, design, testing and documentation skills.

Prerequisite(s): ISM 3011 with a minimum grade of C.

ISM 3115 - Business Informatics

Credit(s): 3

Business informatics is concerned with the use of information technology to solve business problems. The course will present the methods and technical tools required to design systems to support managerial decision making.

Prerequisite(s): ISM 3011.

ISM 3232 - Business Application Development

Credit(s): 3

Presentation of business application development using an object-oriented programming language. Good program design techniques are emphasized. Business applications are developed.

CoPrerequisite(s): ISM 3011 with a grade of "C" or better (not C-).

ISM 4041 - Global Cyber Ethics

Credit(s): 3

This course provides students an in-depth look at the social costs and moral problems that have

arisen by the expanded use of the Internet, and offers up-to-date legal and philosophical perspectives on the global scale for the business community.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, GCPC - Global Citizens Project Course, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

Prerequisite(s): ISM 3011 with a minimum grade of C

UN SDG(s):

SD09 - Industry

SD10 - Reduced Inequality

ISM 4141 - Java Programming

Credit(s): 3

Utilizes Java to provide hands-on experience in working with object-oriented programming concepts and techniques. Covers a variety of application features including GUIs, database connectivity, client-server computing, and web applications.

Prerequisite(s): ISM 3232 with a minimum grade of B

ISM 4153 - Enterprise Resource Planning Systems

Credit(s): 3

An introduction to the use, configuration and implementation of enterprise resource planning systems, and their application to key business processes. This course is restricted to business majors only.

Prerequisite(s): ISM 3011 with a minimum grade of C

ISM 4212 - Database Design and Administration

Credit(s): 3

An introduction to the concepts and principles of database management. Provides potential designers, users and managers of database systems with an understanding of physical vs. logical representations, data modeling, implementation, and data management.

Prerequisite(s): ISM 3113 with a grade of "C" or better (not C-).

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ISM 4213 - Advanced Database Administration

Credit(s): 3

Essential concepts of database administration in a business environment are covered in order to prepare students to understand and deal with database administration issues and concepts. Students gain hands-on experience by administering a database environment and completing assignments that involve resource management, data administration, security, backup, recovery and database tuning issues.

Prerequisite(s): ISM 3113, ISM 4212, with grades of "C" or better (not C-).

ISM 4220 - Business Data Communications

Credit(s): 3

Fundamentals of data communication, including network architectures, communication protocols, transmission standards, and internetworking. Basic concepts in distributed computing will also be covered.

Prerequisite(s): ISM 3011 with a grade of "C" or better (not C-).

ISM 4234 - Object-Oriented Design and Development

Credit(s): 3

This course presents an object-oriented approach to software development of business information systems. Students will learn to create object models of the business world and to develop information system designs based on these objects.

Prerequisite(s): ISM 3232 with a grade of "B" or better.

ISM 4263 - Cloud Solution Architectures

Credit(s): 3

Introduction to Cloud architecture fundamentals, principles and practices and their application in Cloud adoption and implementation. Exposure to latest thinking on Cloud Native Architectures, Cloud technology services, Cloud performance, and Cloud Security.

Prerequisite(s): ISM 4220

Restriction(s):
Junior Standing
Senior Standing

Other Information: Restriction - Class Include: 3J and 4R only
ONLINE Course: 50-79% Hybrid; 80-99% Primarily Distance Learning; 100% Full Distance Learning

ISM 4300 - Managing Information Resources

Credit(s): 3

Current issues in information systems management focusing on managing computer resources and social issues such as ethics, privacy, and legal issues including intellectual property.

Prerequisite(s): ISM 4212 with a minimum grade of C and (ISM 4220 with a minimum grade of C or ISM 4402 with a minimum grade of C)

ISM 4314 - Project Management

Credit(s): 3

This course in project management covers the basic principles, processes, and tools of modern project management. Principles and areas of the Project Management Body of Knowledge (PMBOK) are covered utilizing information technology examples.

Prerequisite(s): ISM 3011 with a minimum grade of C

ISM 4321 - Cybersecurity Threat Intelligence

Credit(s): 3

Exploration of cyber intelligence key concepts, tools and terminologies used by professionals in the field. Investigation of practical applications of cyber intelligence tools and models in real-world events.

Prerequisite(s): New Course: ISM 4641: Python for Business Analytics

Restriction(s):
Junior Standing
Senior Standing

Hybrid; 80-99% Primarily Distance Learning;
100% Full Distance Learning

Class Include: 3J and 4R only

ISM 4323 - Information Security and IT Risk Management

Credit(s): 3

Senior standing, all majors. Introduction to information security and IT risk management in organizations. Covers essential IT general controls and frameworks to assess IT risk in a business environment.

Prerequisite(s): ISM 3011 with a minimum grade of C

Other Information: Interest in computers and information security.

ISM 4402 - Business Intelligence

Credit(s): 3

For undergraduate information systems students, as well as other interested business students. The course covers the rapidly emerging business intelligence and data mining technologies that are likely to play a strategic role in business organizations.

Prerequisite(s): ISM 4212, with a grade of C or better

ISM 4432 - Software Testing

Credit(s): 3

The quality assurance of software systems requires rigorous methods for the verification of requirements, design, and implementation. This course surveys the best practices of software testing and explores the latest research ideas.

Prerequisite(s): ISM 3113

ISM 4541 - Data Mining and Predictive Analytics

Credit(s): 3

This course is designed for undergraduate students. The course covers the rapidly evolving data mining techniques that are becoming critical for customer relationship management and other applications.

ISM 4542 - Statistical Programming for Business Analytics

Credit(s): 3

This course introduces SAS for statistical programming as a business analytics tool to explore data for managerial purposes such as maintaining or improving day-to-day operations or identifying new opportunities.

Prerequisite(s): QMB 3200 with a minimum grade of C-

ISM 4543 - Applied Data Science

Credit(s): 3

Applied Data Science is a hands-on course using projects, providing in-depth understanding and application of programming, machine learning, and cognitive computing.

Prerequisite(s): ISM 3232 with a minimum grade of C, QMB 3200 with a minimum grade of C-

Restriction(s):

Junior Standing
Senior Standing

ISM 4545 - Big Data Processing with R

Credit(s): 3

This course covers how to process Big Data using an open-source computing platform called R. Fundamental, intermediate and advanced concepts of R are covered. The course also covers some other computing tools that are currently popular, e.g. SAS, Python.

Prerequisite(s): STA 2122

ISM 4547 - Excel with Data Modeling for Business Analytics

Credit(s): 3

This project-based course provides students with an opportunity to explore business analytics using advanced Excel techniques, incorporating SQL.

Prerequisite(s): CGS 2100, ISM 3011, both courses with a minimum grade of C-

Restriction(s):

Junior Standing
Senior Standing

ISM 4570 - Cybersecurity Governance and Planning

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Investigation of the role of Governance, Risk Management, and Compliance (GRC) in Cybersecurity management process including key functions of cybersecurity policies, management, planning and implementation.

Prerequisite(s): ISM 4323 with a minimum grade of C.

ISM 4641 - Python for Business Analytics**Credit(s): 3**

Introduction to Programming using Python is a hands-on course using projects, providing in-depth understanding and application of programming, machine learning, and data science.

Prerequisite(s): ISM 3011 with a minimum grade of C.

Restriction(s):
Majors Only

Other Information: Field of Study Include: ISM

ISM 4905 - Independent Study**Credit(s): 1-6**

Independent study as directed by designated faculty.

Restriction(s):
S-U Grade System

ISM 4912 - Undergraduate Research**Credit(s): 3**

In this course, students will conduct a project that enables them, individually or in groups, to pose or work from a defined research question, apply methods of inquiry to generate findings, and share the findings with others.

Course Attribute(s): UGR - Undergraduate Research, TGEH - High Impact Practice

Restriction(s):
Majors Only
Permit Required

ISM 4930 - Selected Topics in MIS

Credit(s): 1-3
Selected topics in MIS.

ISM 4940 - Business Analytics & Information Systems Internship**Credit(s): 3**

The course focuses on professional development skills and an experiential learning experience. The on-site experience averages 10 hrs/week for a total of 120 hours and provides industry experience and the ability to apply knowledge of business practices.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

Restriction(s):
Majors Only
Permit Required
S-U Grade System

Other Information: Minimum 80 earned credits. 2.75 GPA on all Business course.

ISM 4950 - Independent Research**Credit(s): 1-6**

Individual study contract with instructor and department chairperson required. The research project will be mutually determined by the student and instructor.

ISM 4970 - Information Systems Honors Thesis**Credit(s): 3**

This course is the climax of an undergraduate experience in the College of Business. Thesis development supports critical investigation to develop explanations or solutions to academically interesting business problems or opportunities.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

Prerequisite(s): GEB 4970 with a minimum grade of C.

ISS 1102 - Self and Society**Credit(s): 3**

This course considers the history of the intellectual and social underpinnings of individualism. Why do we consider ourselves

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

"selves," independent of social forces which we so readily recognize in others?

better and STA 2023 or STA 2122 with a grade of C- or better

ISS 1103 - Nature and Culture

Credit(s): 3

This course examines competing ideas and theories concerning the relationship between nature and culture. Among the issues and questions examined are the relationship between nature and our awareness of it; to what extent is nature transformable; should "nature" dictate the shape of social institutions; how does technology affect our society and environment.

ISS 3010 - Introduction to the Social Sciences

Credit(s): 3

Integrates the range of social science fields into a global interdisciplinary perspective. Views social institutions and issues from perspectives of changing paradigms.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

- SD01 - No Poverty
- SD02 - Zero Hunger
- SD03 - Good Health and Well-being
- SD04 - Quality Education
- SD05 - Gender Equality
- SD06 - Clean Water and Sanitation
- SD07 - Affordable and Clean Energy
- SD08 - Decent Work
- SD09 - Industry
- SD10 - Reduced Inequality
- SD11 - Sustainable Cities-Communities
- SD12 - Responsible Consumption
- SD13 - Climate Action
- SD14 - Life Below Water
- SD15 - Life on Land
- SD16 - Peace
- SD17 - Partnerships

ISS 3300 - Research Methods in Social Sciences

Credit(s): 3

This course introduces students to the methodologies used in social science research. It covers both qualitative and quantitative research design, sampling, measurement, analysis, and critical evaluation of scholarly literature.

Prerequisite(s): ISS 3010 with a grade of C- or

ISS 3311 - Applied Statistics for the Social Sciences

Credit(s): 3

This course builds on a basic knowledge of descriptive and inferential statistics and demonstrates the application of statistics in the social scientific research. Students test hypotheses using statistical software and interpret statistical output.

Prerequisite(s): STA 2023 or STA 2122 or QMB 2100 with a grade of C or better

ISS 3420 - Interdisciplinary Approaches to Disability Studies

Credit(s): 3

This course examines disability as an aspect of human and cultural diversity and explores moral, religious, historical, cultural, social, medical, artistic, and legal perspectives on minds and bodies that do not conform to normative expectations.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, GCPC - Global Citizens Project Course, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

UN SDG(s):

- SD10 - Reduced Inequality

ISS 3930 - Selected Topics in the Social Sciences

Credit(s): 1-3

Interdisciplinary studies of varying topics, with course content dependent on student demand and instructor's interest.

ISS 3931 - Selected Topics in the Social Sciences

Credit(s): 3

Interdisciplinary studies of varying topics, with course content dependent on student demand and instructor's interest. The course builds on the knowledge attained from the Research Methods

ITA 1120 - Beginning Italian I

Credit(s): 4
The first course in the study of elementary Italian. Emphasis is on the development of basic skills in comprehension, speaking, and reading.

ITA 1121 - Beginning Italian II

Credit(s): 4
The second course in the study of elementary Italian. Emphasis is on the development of basic skills in comprehension, speaking and reading.

Prerequisite(s): C- or better in ITA 1120

ITA 2200 - Italian III

Credit(s): 3
Readings in Italian on the elementary level. A review of the basic structure of spoken and written Italian.

Prerequisite(s): C- or better in ITA 1121

ITA 2201 - Italian IV

Credit(s): 3
This course marks the fourth level in the acquisition of Italian language. It continues to encourage students to speak, listen, read and write in the target language through frequent communicative activities.

Prerequisite(s): C- or better in ITA 2200

ITA 2240 - Italian Conversation

Credit(s): 3
This advanced-level Italian course belongs to the third level of modules leading to proficiency. It aims at consolidating student's knowledge of Italian grammar and vocabulary with the ultimate goal of fostering accuracy in Italian conversation.

Prerequisite(s): C- or better in ITA 1121

ITA 2241 - Italian Conversation II

Credit(s): 3
This advanced-level Italian course belongs to the third level of modules leading to proficiency. It aims at consolidating student's knowledge of Italian grammar and vocabulary with the ultimate goal of fostering accuracy in Italian conversation.

ITA 3234 - Reading and Writing in Italian

Credit(s): 3
This course marks an advanced level in the acquisition of Italian language. It continues to encourage students to speak, listen, read, and write in the target language through intensive reading.

ITA 3420 - Composition

Credit(s): 3
A fundamental composition course for students who have completed ITA 2200.

ITA 3470 - Overseas Study

Credit(s): 1-6
An intensive study-travel project in Italy.

Restriction(s):
Consent of Instructor or Department

Other Information: Prior approval and early registration required.

ITA 4930 - Special Topics

Credit(s): 1-3
This course focuses on any area of special

interest of students or faculty in Italian studies. The topics and hours may vary by semester, and may be taught in either English or Italian.

ITT 3504 - Italian Culture Through Film

Credit(s): 3

An overview of Italian culture from the Unification to the present. It aims at tracing the ways in which the concept of Italian culture has been defined according to different social, historical, and political perspectives. Taught in English

ITT 4505 - Italian Americans on Screen

Credit(s): 3

The focus of this course is on the representation of Southern Italy in a selection of novels, films, memoir writing, and music and on the history of the Italian diaspora – mainly made of Southerners migrated to the United States.

ITT 4531 - Italian Food in Film

Credit(s): 3

This course explores Italian food represented in different cinematic texts and its connection to culture, economics, and politics in Italy and beyond.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD04 - Quality Education

ITW 4905 - Directed Study

Credit(s): 1-3

Selected topics in Italian literature.

Restriction(s):

Consent of Instructor or Department

JOU 2100 - Beginning Reporting

Credit(s): 3

Basic instruction in news judgment, sources of news, newsgathering, and newswriting techniques for various media. Typing ability is required.

Prerequisite(s): MMC 2100 with a C or better

JOU 3101 - Advanced Reporting

Credit(s): 3

Reporting and writing the more complex and specialized story. Techniques of investigative and analytical reporting, including ethical and legal considerations.

Prerequisite(s): JOU 2100 or RTV 3301 with a C or better

CoPrerequisite(s): JOU 4201

JOU 3302 - Critical Writing: Editorials, Reviews, Columns

Credit(s): 3

Interpretive and opinion writing for the mass media. Analysis and discussion of current events as a basis for critical thinking and editorial writing. Evaluation of editorial pages of leading newspapers. Study of journalistic techniques involved in writing reviews and personal columns.

Prerequisite(s): JOU 3101 with a C or better and JOU 4201 with a C or better

Other Information: Course changed from JOU 3306 as of 08/01/2015.

JOU 3308 - Magazine Article and Feature Writing

Credit(s): 3

Planning, researching, writing, and marketing articles for general and special interest magazines and newspaper supplements. Experiences in developing article ideas and analysis of magazine articles.

JOU 3346C - Multimedia Reporting

Credit(s): 3

The course prepares students for a digital media environment. Students learn to write, report, as well as produce audio, video, photos, and digital content for news stories. Students produce multimedia news stories for the web.

Prerequisite(s): MMC 2100 with a minimum grade of C

JOU 3424 - Reporting Practicum

Credit(s): 1

Practical experience outside the classroom where the student works for academic credit

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

under the supervision of a professional practitioner. Periodic written and oral reports to the faculty member coordinating the study.

Restriction(s):

Majors Only
S-U Grade System

Other Information: Journalism sequence major.

JOU 4181 - Public Affairs Reporting

Credit(s): 3

Covering city council meetings, courthouse, city hall, courts, society, and other special assignments. Emphasis is on coverage of major governmental units of all levels of government, including examination and interpretation of public documents and records.

Prerequisite(s): JOU 2100 or RTV 3301 with a C or better

JOU 4188 - Neighborhood News Bureau

Credit(s): 3

This course provides students with experience and news clips. Classes are conducted as editorial meetings and students report and write about minority and multi-ethnic communities. The course is restricted to majors and is not repeatable for credit.

Prerequisite(s): JOU 2100 with a grade of C- or better, and MMC 2100 with a grade of C- or better, and MMC 3602 with a grade of C- or better

JOU 4201 - News Editing I

Credit(s): 3

Evaluating news and its display. Editing and rewriting copy for the mass media including new media, with emphasis on the daily newspaper. News judgment, headlines and makeup. Ethical problems. Introduction to theories of design and graphics.

Prerequisite(s): JOU 2100 or RTV 3301 with a C or better

JOU 4212 - Magazine Design and Production

Credit(s): 3

Theoretical and practical application of design principles for magazines. Design software. Study of visual design, page architecture, typography, color and illustrations. Integration of design elements in the design of magazine covers. Design elements specific to magazine and production preparation.

JOU 4213 - Newspaper and News Publication Design

Credit(s): 3

Theoretical and practical applications of newspaper and news publication design, including typography, graphics, graphics software and electronic picture editing. Exercises in design for newspapers and news publications in both print and electronic formats.

Prerequisite(s): JOU 4201

JOU 4950 - Senior Capstone Seminar

Credit(s): 2-3

Students complete a final professional project, a portfolio, and exit examination. Senior Seminar is the result of the department's development of a plan to set and measure learning outcomes. It is restricted to majors and not repeatable for credit.

Restriction(s):

Majors Only
Senior Standing

JPN 1120 - Modern Japanese I

Credit(s): 4

An intensive study of basic skills: pronunciation, listening comprehension, speaking, and some composition.

JPN 1121 - Modern Japanese II

Credit(s): 4

A continuation of JPN 1120. More sophisticated oral/aural skills are attained. Basic reading skills are acquired.

Prerequisite(s): C- or better in JPN 1120

JPN 2220 - Modern Japanese III

Credit(s): 4

Continuing study to attain basic proficiency in

Japanese.

Consent of Instructor or Department
S-U Grade System

Prerequisite(s): C- or better in JPN 1121

JPN 2221 - Modern Japanese IV

Credit(s): 4

Continuation of JPN 2200.

Prerequisite(s): C- or better in JPN 2220

JPN 3400 - Japanese V

Credit(s): 3

This course is the fifth course in the Japanese language sequence and is designed to integrate all the language skills. It is also intended to develop communication strategies, cultural awareness and connections.

Prerequisite(s): JPN 2221 with a grade of C- or better

JPN 3401 - Japanese VI

Credit(s): 3

This course is the sixth course in the Japanese language sequence and designed to guide your Japanese from a low intermediate level to a high intermediate level by integrating all the language skills.

Prerequisite(s): JPN 3400 with a grade of C- or better

JPN 4020 - Japanese Calligraphy

Credit(s): 1

This course provides students with the correct order of strokes in kanji writing, the foundation for appreciating calligraphic letters used for commercial purposes as well as subjects of fine arts practiced in Japan today and in the past.

Prerequisite(s): JPN 1120 with a grade of C- or better

JPN 4905 - Directed Study

Credit(s): 1-5

Permits study options in Japanese not available in regularly scheduled curriculum at departmental discretion.

Restriction(s):

JPN 4930 - Selected Topics

Credit(s): 1-3

Course permits study options in Japanese not available in the regularly scheduled curriculum at departmental discretion.

Restriction(s):

Consent of Instructor or Department

JPT 4957 - Japan Study Program: Culture, History and Society

Credit(s): 3

This intensive course is designed to facilitate a successful knowledge base of Japan. This course seeks to nurture students' multicultural awareness which is needed to successfully navigate in today's society.

LAE 3414 - Childrens and Young Adult Literature Diverse Portrayals of the Human Experience

Credit(s): 3

Students will examine children's literature as a literary art form, a visual art form, and a powerful genre that communicates messages about the human experience.

Course Attribute(s): 6AC - State

Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, ELWP - Literature and Writing, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes), WRIN - Writing Intensive Capstone

Restriction(s):

Permit Required

LAE 4311 - Teaching Print and Multimodal Texts in Elementary Education

Credit(s): 3

The purpose of this course is to understand children's writing processes and effective instructional strategies for supporting composition.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): LAE 4424.

LAE 4314 - Teaching Writing in the Elementary School, Grades K-6

Credit(s): 3

The purpose of this course is for students to understand children's writing development and to design and implement instructional strategies for teaching composition in an integrated Language Arts curriculum.

Restriction(s):
Majors Only

Other Information: Elementary Education major

LAE 4323 - Methods of Teaching English: Middle School

Credit(s): 3

Whole language methods of integrating reading, writing, speaking, listening, viewing, and critical thinking activities into a literature-based program for middle school students.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):
SD04 - Quality Education

LAE 4332 - Traditional English Grammar for Teachers

Credit(s): 3

Prepares teachers to teach secondary English with an interactive approach to grammar instruction in which students learn, not only the basic elements of English grammar, but also pertinent and engaging classroom activities for teaching grammar.

Restriction(s):
Majors Only

Other Information: English Education major

LAE 4335 - Methods of Teaching English: High School

Credit(s): 3

Whole language methods of integrating reading, writing, speaking, listening, viewing, and critical

thinking activities into a literature-based program for high school students.

Course Attribute(s): GCPC - Global Citizens Project Course

Corequisite(s): LAE 4464.

UN SDG(s):
SD04 - Quality Education

LAE 4343 - Writing across the Curriculum

Credit(s): 2

Prepares pre-service teachers by developing an understanding of the foundations of writing through the use of Writers workshops and instructional strategies necessary to provide adequate instruction to emergent, novice, and transitional writers.

LAE 4424 - Teaching Children's Literature

Credit(s): 3

Building on an appreciation for children's literature, this class is for undergraduate teacher candidates to learn how to select quality literature for children and to demonstrate instructional strategies for developing children's engagement.

LAE 4464 - Adolescent Literature for Middle and Secondary Students

Credit(s): 3

A study of the types of literature read by adolescents with an emphasis upon the criteria for the choice of good books and knowledge of available books and teaching materials.

Course Attribute(s): 6AC - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, ELWP - Literature and Writing

Restriction(s):
Majors Only

Other Information: English Education major

LAE 4469 - Teaching World Literature to Middle and Secondary Students

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

World literature encompasses more than Western European literature. This course is designed to emphasize, but is not limited to, the study of Eastern literature. This course fulfills the world literature course requirement for teacher certification in English.

LAE 4530 - Methods of Teaching English: Practicum**Credit(s): 3**

This course provides students an opportunity to demonstrate their ability to plan, deliver instruction, and reflect upon the effectiveness of their teaching in secondary school English/Language Arts classrooms. Course is restricted to majors.

LAE 4936 - Senior Seminar in English Education**Credit(s): 3**

Synthesis of teacher candidate's courses in complete college program.

Course Attribute(s): CPST - Capstone Learning Experience

Restriction(s):

Senior Standing

Other Information: Required concurrently with internship.

LAE 4940 - Internship: English Education**Credit(s): 9**

One full semester of internship in a public or private school. In special programs where the intern experience is distributed over two or more semesters, students will be registered for credit which accumulates from 9 to 12 semester hours.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

Restriction(s):

Permit Required
S-U Grade System

LAH 2020 - Latin American Civilization**Credit(s): 3**

This course introduces the principle historical events, trends, conflicts and outcomes that have shaped the Spanish and Portuguese Americas from the Pre-Columbian period (prior to 1492) to the present.

Course Attribute(s): CAGC - Human & Cultural Diversity in a Global Context, HHCP - Human Historical Context & Process, SMEL - General Education Elective

LAH 3130 - Colonial Latin America**Credit(s): 3**

A study of the Spanish and Portuguese Colonial empires in the New World from 1492-1830.

LAH 3200 - Modern Latin America**Credit(s): 3**

A study of the emergence of the Latin American states. The course will examine developments in Latin America during the nineteenth and twentieth centuries. Special attention is given to the Third World character of the region.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD05 - Gender Equality
SD10 - Reduced Inequality
SD16 - Peace

LAH 3430 - History of Mexico**Credit(s): 3**

Mexican history from pre-Columbian cultures to the twentieth century. Emphasis falls on the colonial political economy, social development, the wars of independence, development of the 19th century Mexican state and the Mexican revolution.

LAH 3630 - Modern Brazil**Credit(s): 3**

Political, economic and cultural history of Brazil from colonization to the present with emphasis on the twentieth century. Topics include colonization, slavery, independence, nation building, economic development, the Cold War, race, class and gender.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

LAH 3743 - Spanish America in the Age of Revolution

Credit(s): 3

This course investigates the Age of Revolution in Spain's American colonies from 1750-1848 that followed a wave of revolutionary activity in Europe and the forced resignation of the Spanish monarch by Napoleon Bonaparte.

LAS 3002 - Latin America

Credit(s): 3

Area study courses are multi-disciplinary in nature and deal with one or more countries of a region. Each course combines some measure of political, economic, historical, religious, geographic, anthropological, and sociological analysis in dealing with salient features and current problems.

LAS 3116 - Latin America Through Film

Credit(s): 3

This course will use film, video, selected readings, and lectures to teach the interested student about Latin America.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

- SD01 - No Poverty
- SD02 - Zero Hunger
- SD03 - Good Health and Well-being
- SD04 - Quality Education
- SD08 - Decent Work
- SD10 - Reduced Inequality
- SD12 - Responsible Consumption
- SD13 - Climate Action
- SD16 - Peace
- SD17 - Partnerships
- SD05 - Gender Equality

LAS 4934 - Selected Topics: Latin American Studies

Credit(s): 1-3

Latin America region will be analyzed through different specific topics to provide students analytical tools to understand hemispheric relations and the relevance of this complex region for the USA. Open to non-majors, repeatable up to 09 credits.

LAS 4940 - Internship in Latin American and the Caribbean

Credit(s): 1-9

Designed to complement other instruction focused on Latin America and the Caribbean. Open to all majors and is repeatable up to 9 hours.

LAT 1120 - Beginning Latin I

Credit(s): 4

An introductory course in Latin grammar with appropriate readings.

LAT 1121 - Beginning Latin II

Credit(s): 4

An introductory course in Latin grammar with appropriate readings.

Prerequisite(s): C- or better in LAT 1120

LAT 2220 - Intermediate Latin

Credit(s): 4

Readings in Latin at an intermediate level.

Prerequisite(s): C- or better in LAT 1121

LDR 2010 - Leadership Fundamentals

Credit(s): 3

This introductory course includes the study and application of leadership theories, concepts, and skills. Students will analyze their leadership responsibilities for the common good and purposeful change in a global context.

Course Attribute(s): 6AC - State Communication Requirement, GCPC - Global Citizens Project Course, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

UN SDG(s):

- SD16 - Peace

LDR 3003 - Introduction to Leadership Studies

Credit(s): 3

This course focus is understanding self and personal leadership. It covers a broad range of

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

leadership topics from understanding self, group behavior, teamwork, organizational design, ethics, and change.

LDR 3216 - Leadership and Social Change

Credit(s): 3

This course explores the role of leadership in movements of social change. Grand feats to small initiatives and even failed attempts will be analyzed in order to consider the common practices of those who seek to improve society.

LDR 3261 - Leadership in the Great Outdoors

Credit(s): 3

Students will plan and execute a group outdoor expedition. They will explore the dynamics of leadership relevant in an outdoor context using articles, film/documentaries, short fiction, role playing and experiential activities.

Other Information: Repeatable up to 2 times.

LDR 3263 - Community Leadership Practicum

Credit(s): 3

This course involves the transference of leadership theories into practice. It provides a practical forum for students to examine and develop personal leadership skills.

Course Attribute(s): 6ACM - State Communication Requirement, SMCC - Communication & Critical Thinking Pillar

Prerequisite(s): LDR 2010 or LDR 3331, with a minimum grade of C-.

LDR 3280 - Leadership in the Political Context

Credit(s): 3

This course offers students the dynamics of political leadership, exploring relevant leadership trends and examines leadership theory using articles, film/documentaries, short fiction, experiential activities, and role playing as the learning medium.

LDR 3301 - Leadership in Public and Community Service

Credit(s): 3

This course explores the theories, principles, and practice of leadership in the public domain, with a particular focus on their application in furtherance of "the public interest" by government and non-governmental organizations.

Course Attribute(s): CEL - Community Engaged Learning, GCPC - Global Citizens Project Course, TGEE - Ethical Reasoning and Civic Engagement

UN SDG(s):

SD04 - Quality Education
SD05 - Gender Equality
SD07 - Affordable and Clean Energy
SD08 - Decent Work
SD10 - Reduced Inequality
SD11 - Sustainable Cities-Communities
SD16 - Peace
SD17 - Partnerships

LDR 3331 - Leading in the Workplace

Credit(s): 3

Explores the complex challenges of leadership through the examination of leaders and workforce situations. Designed to view leadership as a process focusing on the leader, the followers, and real-world workplace situations. Appropriate for working adults.

Restriction(s):

Junior Standing

LDR 3340 - Community Leadership and Nonprofit Organizations

Credit(s): 3

This course will teach students how to engage in community leadership by establishing and managing a not-for-profit, charitable corporation.

LDR 3363 - Team Dynamics and Leading Diverse Groups

Credit(s): 3

Course is designed to explore the essential role teamwork plays in any leadership endeavor. It picks up from LDR Fundamentals by building upon the concept that leadership is a relational ethical process of people coming together for positive change.

Course Attribute(s): CLB - Collaborative Learning, TGEH - High Impact Practice

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): LDR 2010 or equivalent leadership studies minor core credit is recommended but not required.

LDR 3365 - From Conflict to Consensus Decision Making and Change

Credit(s): 3

This course is designed to learn and apply consensus decision making techniques to avoid becoming paralyzed by indecision and to manage potential conflict and the need for change.

LDR 3371 - Language of Leadership: Communicating with Clarity and Impact

Credit(s): 3

The study of leadership communication concepts in multiple contexts to improve the ability to lead others and help to transform an organization through effective leadership dialogue with others.

LDR 3930 - Selected Topics in Leadership

Credit(s): 0-3

Course content will depend upon the interest of the faculty member and student demand. Repeatable up to 15 credits.

LDR 3950 - Independent Study in Leadership

Credit(s): 1-6

This course is designed to encourage students to research areas of interest in leadership studies that relate to their personal goals or an area of interest they desire to know better. Topics of interest will be provided by instructor to maximize success.

Restriction(s):

Permit Required
S-U Grade System

LDR 4104 - Theories of Leadership

Credit(s): 3

Focuses on historical and modern views of leadership. It is designed to assist students analyzing and understanding the historical,

social, political aspects of leadership theories and styles as well as the application of leadership theories in settings.

Prerequisite(s): LDR 2010 or LDR 3331, with a minimum grade of C-.

LDR 4114 - Survey of Leadership Readings

Credit(s): 3

Survey of historical and contemporary writings on leadership skills and practices. Examines the contextual manner in which the leader functions.

LDR 4204 - Ethics and Power in Leadership

Credit(s): 3

This course addresses the possibility of ethical leadership. Challenges to ethical leadership are explored and responses from leadership and moral theories and from moral psychology are reviewed. Personal moral development is emphasized.

Course Attribute(s): EMWP - Major Works and Major Issues, GCPC - Global Citizens Project Course, SMLE - Leadership & Ethics Pillar, TGEE - Ethical Reasoning and Civic Engagement, UGR - Undergraduate Research

UN SDG(s):

SD10 - Reduced Inequality
SD16 - Peace

LDR 4230 - Global Leadership

Credit(s): 3

A focus on historical and contemporary issues concerning the role, responsibilities and processes for leaders in the global environment. Addresses leadership concerns relating to social, cultural, ethical, political, economical, and environmental issues.

Course Attribute(s): GCPC - Global Citizens Project Course, TGEH - High Impact Practice, CLB - Collaborative Learning

UN SDG(s):

LDR 4951 - Leadership Capstone Seminar

Credit(s): 3

This is the culminating course/experience for the Leadership minor assisting students in the integration of their study of leadership. Students will analyze and synthesize the concept of leadership using cultural, ethical, sociological, political, economic and historical perspectives addressed in prior Leadership courses.

Course Attribute(s): GCPC - Global Citizens Project Course

Prerequisite(s): LDR 2010

UN SDG(s):

SD10 - Reduced Inequality
SD16 - Peace

LIN 2002 - Language, Culture & Film

Credit(s): 3

This course offers an introductory exposure to an array of major world languages and the corresponding cultural and social contexts, using lectures about and films in the target languages, as well as linguistic and cultural study materials.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CAHU - Humanities, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes), GCPC - Global Citizens Project Course

LIN 3003 - Language Matters

Credit(s): 3

This course aims to encompass issues regarding language, culture, and myths, including the facts about language learning, cultural dynamics in relation to the use of language, and current cross-cultural issues in the aspect of language as

a medium.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD04 - Quality Education

LIN 3010 - Introduction to Linguistics

Credit(s): 3

Introduction to the basic principles of linguistic science; phonological and grammatical analysis and description; language change and genetic relationships.

LIN 4350 - Sound Systems in American English

Credit(s): 3

A comprehensive overview of the phonology and phonetics of the English language with a focus on both research and pedagogy. Theoretical and practical introduction to pronunciation teaching.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD04 - Quality Education

LIN 4600 - Sociolinguistics: Language and Society

Credit(s): 3

Comprehensive introduction to sociolinguistics, the study of language variation and change.

LIN 4609 - Language and Technology

Credit(s): 3

This course covers linguistic and discourse-level variation that occurs in different or genres of online communication, including social networking sites, blogs and micro-blogs, and online reviews.

LIN 4671 - Traditional English Grammar

Credit(s): 3

A course primarily using the sentence diagram to present a detailed analysis of the parts of speech, verb tenses, sentence functions, and other basic grammatical classifications of

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

traditional English grammar.

Prerequisite(s): ENC 1102 with a grade of C- or better

LIN 4680 - Structure of American English

Credit(s): 3

An introductory survey of traditional, structural, and generative transformational grammars and their techniques for the analysis and description of linguistic structure in general, and contemporary American English, in particular.

Prerequisite(s): ENC 1102 with a grade of C- or better

LIN 4701 - Psycholinguistics

Credit(s): 3

General introduction to the theory and methodology of psycholinguistics at the undergraduate level.

LIN 4721 - Second Language Acquisition

Credit(s): 3

General introduction to second language acquisition theories at the undergraduate level including characteristics of learner language.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD04 - Quality Education

LIN 4903 - Directed Reading

Credit(s): 1-3

Readings in special topics.

LIN 4930 - Selected Topics

Credit(s): 1-3

Course content depends upon students' needs and instructor's interest and may range over the entire field of linguistics.

LIS 2005 - Information Literacy

Credit(s): 3

This course covers the development of undergraduate research and critical thinking skills to identify, evaluate, and use appropriate information sources to address educational, research, and other information needs.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CASB - Social & Behavioral Sciences, TGEI - Information and Data Literacy

LIS 2780 - Database Concepts

Credit(s): 3

This course examines Relational Database Management Systems using a typical commercial DBMS, such as Microsoft Access. Data modeling, database design, implementation, forms and reports, and remote access to databases are covered.

LIS 2937 - Selected Topics in Library/Information Science

Credit(s): 1-3

Covers a variety of topics in the field of library/information science such as emerging technologies, administration and service, and current professional issues.

LIS 3261 - Introduction to Information Science

Credit(s): 3

Foundations of the discipline, history, core theories and methodologies, and approaches to information science, with an emphasis on the critical role of information technology. Majors only or permission of instructor.

LIS 3352 - Interaction Design

Credit(s): 3

Covers the process of interaction design with an emphasis on a user-centered approach. Major topics include cognition; user needs assessment, interface design, modeling, prototyping, usability testing, and evaluation. Majors only or permission of instr.

Prerequisite(s): LIS 3353 with a grade of C- or better

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

LIS 3353 - IT Concepts for Information Professionals

Credit(s): 3

Covers the history, development, and current state of computer hardware and software. Also examines programming basics, networks, the internet and web, emerging technologies, information industries, and careers. Majors only or permission of instructor.

LIS 3361 - World Wide Web Page Design and Management

Credit(s): 3

Covers a variety of strategies in designing and maintaining effective World Wide Web pages for publication on the Internet.

LIS 3783 - Information Architecture

Credit(s): 3

Covers design, organization, implementation, and maintenance of digital information spaces for human access, navigation, and use. Examines core concepts and dominating technologies in IA. Majors only or permission of instructor.

Prerequisite(s): LIS 3261 or LIS 3361 with a grade of C- or better

LIS 4029 - Professional & Technical Comm. for Analysts

Credit(s): 3

Professional and Technical Communication for Analysts introduces students to how they can critically think about risks, threats, and uncertainties, to write and brief effectively and to work productively on individual and group projects.

LIS 4204 - Information Behaviors

Credit(s): 3

Theories and issues surrounding various information behaviors, such as information needs, seeking, and use, and understanding the practices of information professionals and design of information systems. Majors only or permission of instructor.

Prerequisite(s): LIS 3261 with a grade of C- or better

LIS 4273 - Advanced Statistics and Analytics

Credit(s): 3

Building on elementary statistics, this course focuses on the assumptions, mechanisms, and data science applications for advanced statistical topics, such as logistic regression, maximum likelihood, bootstrapping, nonparametrics, & Bayesian methods.

Prerequisite(s): STA 2023 or STA 2122 with a grade of C- or better

LIS 4317 - Introduction to Visual Analytics

Credit(s): 3

This course introduces the science of analytical reasoning facilitated by combining statistical analysis with visualizations methods and techniques to promote effective understanding, reasoning and decision-making involving data.

Prerequisite(s): LIS 4800 with minimum grade of C- and LIS 4273 with minimum grade of C-

LIS 4365 - Web Design Technologies

Credit(s): 3

Exploration of advanced applications of key Web Technologies. Majors only or permission of instructor.

Prerequisite(s): LIS 3361 with a grade of C- or better

LIS 4370 - R Programming for Data Science

Credit(s): 3

This course teaches the use of R, a programming language and software environment for statistical computing and graphics, in applied Data Science. According to InfoWorld, R is the preferred statistical application among data scientists.

Prerequisite(s): LIS 4800 with a grade of C- or better and LIS 4273 with a grade of C- or better

LIS 4380 - Information and Social Media

Credit(s): 3

Focusing on social media immersion this course

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

explores the roles of people, information, technology and social structures to discover new ways information can contribute to personal goals, an organization's success, and societal inclusion in general.

LIS 4414 - Information Policy and Ethics

Credit(s): 3

Examines issues related to information and cybersecurity technology development and use in a global society. Topics include governmental regulations, policy and ethical perspectives related to information literacy, access, security and the digital divide.

Course Attribute(s): CEL - Community Engaged Learning, GCPC - Global Citizens Project Course, TGEE - Ethical Reasoning and Civic Engagement

Other Information: Number of Times

Repeatable: 2UN **SDG(s):**

SD16 - Peace

LIS 4477 - Clinical Decision Support

Credit(s): 3

This course examines how to take advantage of the ever increasing amounts of data available to healthcare professionals and utilize systems for knowledge discovery and clinical decision support.

LIS 4482 - Networks and Communication

Credit(s): 3

This course is designed to provide a solid foundation in data communication and networking. Topics include local area networks (LANs), wide area networks (WANs), protocols used to implement networks & management issues of IT professionals. Majors or PI.

Prerequisite(s): LIS 3353 with a grade of C- or better

LIS 4671 - Introduction to Intelligence Studies

Credit(s): 3

This course will introduce the students to the field of intelligence studies and to the U.S. intelligence community and its processes and practices.

LIS 4672 - Critical Thinking & Methods for Intel Analysis

Credit(s): 3

This course will introduce students to critical thinking and sensemaking as it applies to intelligence analysis, providing connections between the study of intelligence analysis and human judgment and decision-making.

LIS 4673 - Open Source Intelligence (OSINT)

Credit(s): 3

This course introduces students to the collection and integration of publicly available information and its uses in addressing specific information or intelligence requirements.

Prerequisite(s): LIS 4273 with a grade of C- or better and LIS 4800 with a grade of C- or better

LIS 4761 - Introduction to Data & Text Mining

Credit(s): 3

Introduction to the Data Mining provides an in-depth study of what data mining is, how it is used, and how it has evolved, including different data types and applications of new technologies.

Prerequisite(s): LIS 4800 with a grade of C- or better, and LIS 4273 with a grade of C- or better

LIS 4776 - Health Information Technology

Credit(s): 3

The course focuses on students applying the IT knowledge to address real-life problems in the health community. Students address various topics with emerging technical solutions that can help improve health service, and health decision making.

LIS 4779 - Health Information Security

Credit(s): 3

Examines soft and technological threats to protected health information and methods for reducing these threats with a focus on HIPAA compliance.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

LIS 4785 - Introduction to Health Informatics

Credit(s): 3

Introduction to core concepts and practices in the interdisciplinary field of Health Informatics.

LIS 4800 - Introduction to Data Science

Credit(s): 3

Introduction to Data Science will provide an overview of an up-and-coming field in the information sciences working with large amounts of data as it pertains to the collection, organization, analysis, visualization and preservation of that data.

LIS 4805 - Predictive Analytics

Credit(s): 3

This course will introduce the students to predictive analytics and analysis of probabilities and future trends using statistical algorithms and machine-learning tools.

Prerequisite(s): LIS 4317 with a minimum grade of C-, LIS 4761 with a minimum grade of C-, LIS 4370 with a minimum grade of C-

LIS 4930 - Selected Topics in Information Studies

Credit(s): 3

Covers a variety of topics in the field of library/information science such as emerging technologies, administration and service, and current professional issues.

LIS 4934 - Information Science Senior Capstone

Credit(s): 3

A culmination and application of Information Studies concepts and acquired skill sets. Students will be immersed in an exploration of contemporary issues that face information professionals.

Course Attribute(s): CST - Capstone, TGEH - High Impact Practice

CoPrerequisite(s): STA 2023 with a minimum grade of C-, PSY 2012 with a minimum grade of C-, PHI 1600 with a minimum grade of C-, MAC

1147 with a minimum grade of C-

Restriction(s):

Consent of Instructor or Department
Majors Only
Senior Standing

LIT 2000 - Introduction to Literature

Credit(s): 3

This course will introduce students to the three major literary forms of prose, poetry and drama as well as to various "schools" of literary criticism.

Course Attribute(s): 6AC - State Communication Requirement, 6ACM - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, CAHU - Humanities, SGEH - General Education Core Humanities, SMEL - General Education Elective, SMHU - Humanities, SPHU - Humanities

LIT 2030 - Introduction to Poetry

Credit(s): 3

A study of the poem as literary form; approached from an historical perspective though not restricted to any historical period. Will not count toward the English major.

Course Attribute(s): 6AC - State Communication Requirement, 6ACM - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, CAHU - Humanities, SMEL - General Education Elective, SMHU - Humanities

LIT 3022 - Modern Short Prose

Credit(s): 3

This course for English majors and minors explores modern short prose in World, British, and American literatures; genres include the short story, the long short story, the short novel, and the essay. Not repeatable.

Prerequisite(s): ENC 1102 with a grade of C- or better

LIT 3031 - Survey of Poetry

Credit(s): 3

A chronological sampling of the major poems

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

written in English from the Middle Ages to the present. Recommended as the first literature course in the CRW (Poetry emphasis) Option.

Course Attribute(s): SMCD - Community Engagement & Diversity Pillar

Prerequisite(s): ENC 1102 with a grade of C- or better

LIT 3043 - Modern Drama

Credit(s): 3

A study of such modern and contemporary dramatists as Ibsen, Strindberg, Chekhov, Pirandello, Shaw, O'Neill, Pinter, Stoppard, Brecht, Beckett, and Ionesco.

Course Attribute(s): SMCD - Community Engagement & Diversity Pillar

Prerequisite(s): ENC 1102 with a grade of C- or better

LIT 3093 - Contemporary Literature

Credit(s): 3

An introduction to the fiction, poetry, and drama written since 1945--American, British, Continental, or Multicultural. Focus may be on one, two, or all three genres or on works from any combination of nationalities.

Course Attribute(s): SMCD - Community Engagement & Diversity Pillar

Prerequisite(s): ENC 1102 with a grade of C- or better

LIT 3101 - Literature of the Western World Through the Renaissance

Credit(s): 3

A study in English of the great works of Western Literature from its beginnings through the Renaissance, including the Bible, Homer, Sophocles, Plato, Euripides, Virgil, Cicero, Dante, Petrarch, Machiavelli, and Rabelais, among others.

Course Attribute(s): 6ACP - State Communication Requirement

Prerequisite(s): ENC 1102 with a grade of C- or better

LIT 3102 - Literature of the Western World Since the Renaissance

Credit(s): 3

A study in English of the great works of Western Literature from the Neoclassic to the Modern Period, including such writers as Moliere, Racine, Voltaire, Dostoevsky, Chekhov, Ibsen, Kafka, Gide, Sartre, and Camus, among others.

Course Attribute(s): 6ACP - State Communication Requirement

Prerequisite(s): ENC 1102 with a grade of C- or better

LIT 3103 - Great Literature of the World

Credit(s): 3

A survey of world literature including samples from the ancient and modern era, Western and Eastern traditions, male and female writers, and various ethnic cultures. Focus on values/ethics, race, ethnicity and gender; thinking and writing skills.

Course Attribute(s): 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, ELWP - Literature and Writing, EMWP - Major Works and Major Issues, WRIN - Writing Intensive Capstone

Prerequisite(s): ENC 1102 with a grade of C- or better

LIT 3144 - Modern European Novel

Credit(s): 3

A study of the Modern European novel in translation as it developed from the nineteenth century to the present, including such writers as Dostoevsky, Flaubert, Kafka, Hesse, Camus, and Solzhenitsyn.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

Prerequisite(s): ENC 1102 with a grade of C- or better

LIT 3155 - Twentieth-Century Literature

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Examines major literary works of the 20th Century written in English and explores ways authors have expressed the age, its great issues and conflicts, in order to gain an historical perspective that will help relate the present to the recent past.

Course Attribute(s): 6AC - State

Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, ELWP - Literature and Writing, EMWP - Major Works and Major Issues, WRIN - Writing Intensive Capstone

Prerequisite(s): ENC 1102 with a grade of C- or better

LIT 3301 - Cultural Studies and the Popular Arts**Credit(s): 3**

A study of American and international cultures as they are represented in the film, fiction, and other cultural artifacts of various ethnic groups and nationalities. Focuses on values/ethics, race, ethnicity and gender; thinking and writing skills.

Course Attribute(s): 6AC - State

Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, ELWP - Literature and Writing, EMWP - Major Works and Major Issues, WRIN - Writing Intensive Capstone

Prerequisite(s): ENC 1102 with a grade of C- or better

LIT 3353 - Literature, Race, and Ethnicity**Credit(s): 3**

This course explores the intersections of race, ethnicity, and diverse literary and other cultural texts. Students interpret how identities are formed in marginalized groups and engage in assignments involving ethics, empathy, and the Tampa Bay community.

Course Attribute(s): 6AC - State

Communication Requirement, CEL - Community Engaged Learning, TGEE - Ethical Reasoning and Civic Engagement

Prerequisite(s): ENC 1102 with a grade of C or better

LIT 3374 - The Bible As Literature**Credit(s): 3**

Major emphasis on literary types, literary personalities of the Old (Fall semester) and New (Spring semester) Testaments, and Biblical archetypes of British and American literary classics. Focuses on values/ethics, race, ethnicity and gender; thinking and writing skills. May be taken twice for credit with different subject matter. May count once toward the major.

Course Attribute(s): 6AC - State

Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, EMWP - Major Works and Major Issues, WRIN - Writing Intensive Capstone

Prerequisite(s): ENC 1102 with a grade of C- or better

LIT 3383 - The Image of Women in Literature**Credit(s): 3**

This course seeks to trace the origins of contemporary views about women, to analyze major Eastern and Western literary portrayals of women, to examine ideas about women's roles, and to compare and contrast cultural and racial images of women. Will not count toward the English major.

Course Attribute(s): 6AC - State

Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, ELWP - Literature and Writing, EMWP - Major Works and Major Issues, WRIN - Writing Intensive Capstone

LIT 3410 - Religious and Philosophical Themes**Credit(s): 3**

Theological and philosophical ideas, allusions, and symbols in the writings of Dostoevsky, Nietzsche, Mann, Joyce, Eliot, Camus, Sartre, among others.

Course Attribute(s): 6AC - State

Communication Requirement, 6ACT - State Communication Requirement, TGEI - Information and Data Literacy

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

LIT 3451 - Literature and the Occult

Credit(s): 3

An introduction to the occult tradition as a major ingredient in English, Continental, American, and Multicultural literature. Focuses on values/ethics, race/ethnicity and gender; thinking and writing skills.

Course Attribute(s): 6AC - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, ELWP - Literature and Writing, EMWP - Major Works and Major Issues, WRIN - Writing Intensive Capstone

Prerequisite(s): ENC 1102 with a grade of C- or better

LIT 3513 - Literature, Gender, and Sexuality

Credit(s): 3

Surveys literature from the perspective of gender & sexuality; studying a variety of genres/forms, familiar as well as lesser-known figures; analyze texts aesthetically & rhetorically within various historical, cultural, & theoretical contexts.

Prerequisite(s): ENC 1102 with a grade of C- or better.

LIT 3621 - Literature of Climate Change: Climate Fiction

Credit(s): 3

A study of literature about climate change in the new genre of Climate Fiction, including works by Margaret Atwood, T.C. Boyle, Kim Stanley Robinson and the like.

Course Attribute(s): CEL - Community Engaged Learning, SMLE - Leadership & Ethics Pillar, TGEE - Ethical Reasoning and Civic Engagement

LIT 3930 - Special Topics in English Studies

Credit(s): 3

The study of variable specialized areas of literary interest, suitable for junior and senior English majors. Topics will vary according to student interest and instructor expertise. May be taken twice for credit with different topics.

Prerequisite(s): ENC 1102 with a grade of C- or better

LIT 4233 - Postcolonial Literature

Credit(s): 3

This course is a critical introduction to Postcolonial Literature. We will strive to understand the colonial encounter as it has shaped and continues to shape global modernity and some of the new literature in its cultural and historical contexts.

Prerequisite(s): ENC 1102 with a grade of C- or better

LIT 4386 - British and American Literature by Women

Credit(s): 3

Survey of women's literary tradition in England and America from the seventeenth century to the present. Thematic focus includes self, marriage, sexuality, madness, race and generations. Writing intensive.

Course Attribute(s): 6AC - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, ELWP - Literature and Writing, EMWP - Major Works and Major Issues

Prerequisite(s): ENC 1102 with a grade of C- or better

LIT 4804 - Literature as Cultural Study

Credit(s): 3

The study of literary texts as cultural artifacts. Literary texts as historical, social, political, psychological, philosophical, religious, etc. documents. Topics and works vary.

Prerequisite(s): ENC 1102 with a grade of C- or better

LIT 4930 - Selected Topics in English Studies

Credit(s): 1-3

The content of the course will be governed by student demand and instructor interest. It will

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

examine in depth a recurring literary theme or the work of a small group of writers. Special courses in writing may also be offered under this title. May be taken twice for credit with different topics.

Prerequisite(s): ENC 1102 with a grade of C- or better

LIT 4932 - Selected World Authors

Credit(s): 3

Course examines selected world authors, beyond England and/or the United States, showing how the work of a particular writer, or group of writers, intersect with global, economic, social, and political concerns, as well as literary and cultural movements

Prerequisite(s): ENC 1102 with a grade of C- or better

LIT 4933 - World Literary Movements And Genres

Credit(s): 3

Examines in-depth a selected movement and/or genre of world literature (romanticism, postcolonialism, African fiction, etc.); building upon skills in survey courses, class requires intensive reading, a grasp of current scholarship, and rigorous writing.

Prerequisite(s): ENC 1102, with a minimum grade of C-

LNW 4900 - Directed Reading

Credit(s): 1-4

Restriction(s):

Consent of Instructor or Department

MAA 4211 - Intermediate Analysis I

Credit(s): 3

Sequences, series, metric spaces, continuity, differentiation.

Course Attribute(s): 6AM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement

Prerequisite(s): MGF 3301 with a minimum grade of C AND MAS 3105 with a minimum grade of C

MAA 4212 - Intermediate Analysis II

Credit(s): 3

Riemann-Stieltjes integration, uniform convergence, and related topics.

Course Attribute(s): 6AM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement

Prerequisite(s): C or better in MAA 4211

MAA 4402 - Complex Variables

Credit(s): 3

Complex numbers, Cauchy-Riemann equations, analytic and conformal functions, power series, Cauchy Theorem, Cauchy Integral Formula, residue theory.

Course Attribute(s): 6AM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement

Prerequisite(s): C or better in MAP 2302

Other Information: No credit for students with credit in MAA 5405.

MAC 1105 - College Algebra

Credit(s): 3

Concepts of the real number system, functions, graphs, and complex numbers. Analytic skills for solving linear, quadratic, polynomial, exponential, and logarithmic equations. Mathematical modeling of real life applications. College Algebra may be taken either for General Education credit or as preparation for a pre-calculus course.

Course Attribute(s): 6AM - State Computation Requirement, 6AMM - State Computation Requirement, 6AMP - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement, CAMA - Mathematics, SGEM - General Education Core Mathematics, SMEL - General Education Elective, SMMA - Mathematics, SPMA - Mathematics

Prerequisite(s): C or better in MAT 1033, or 520 or better in SAT Math score, or 21 or better in ACT Math score, or 90 or better in Elementary Algebra CPT score, or 40 or better in College-Level Math CPT score, or 12 or better in Basic Algebra MPT score.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Other Information: No credit for students with prior credit for MAC 1147.

MAC 1147 - Precalculus Algebra and Trigonometry

Credit(s): 4

Course Attribute(s): 6AM - State Computation Requirement, 6AMM - State Computation Requirement, 6AMP - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement, CAMA - Mathematics, SMEL - General Education Elective, SMMA - Mathematics

Prerequisite(s): C or better in MAC 1105, or 570 or better in SAT Math score, or 24 or better in ACT Math score, or 60 or better in College-Level Math CPT score, or 12 or better in College Algebra MPT Score.

MAC 2233 - Business Calculus

Credit(s): 3

Linear equations and functions, mathematics of finance, differentiation and integration of algebraic, exponential and logarithmic functions with applications to business, finance and economics.

Course Attribute(s): 6AM - State Computation Requirement, 6AMM - State Computation Requirement, 6AMP - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement, CAMA - Mathematics, SMEL - General Education Elective, SMMA - Mathematics

Prerequisite(s): C or better in MAC 1105, or 610 or better in SAT Math score, or 26 or better in ACT Math score, or 78 or better in College-Level Math CPT score, or 12 or in better College Algebra MPT Score.

Other Information: No credit for mathematics majors.

MAC 2241 - Life Sciences Calculus I

Credit(s): 3

No credit for math majors. Differentiation and integration of algebraic, trigonometric, exponential, and logarithmic functions with applications to life sciences.

Course Attribute(s): 6AM - State Computation

Requirement, 6AMM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement, CAMA - Mathematics, SMEL - General Education Elective, SMMA - Mathematics

Prerequisite(s): C or better in MAC 1147, or 670 or better in SAT Math score, or 29 or better in ACT Math score, or 90 or better in College-Level Math CPT score, or 12 or better in PreCalc & Trig MPT score.

Other Information: knowledge of trigonometry.

MAC 2242 - Life Sciences Calculus II

Credit(s): 3

Techniques of integration, differential equations, functions of several variables, series and Taylor polynomials.

Course Attribute(s): 6AM - State Computation Requirement, 6AMM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement, CAMA - Mathematics

Prerequisite(s): C or better in MAC 2241, or MAC 2311, or MAC 2281.

Other Information: No credit for Mathematics majors or students with credit in MAC 2282 or MAC 2312.

MAC 2281 - Engineering Calculus I

Credit(s): 4

Differentiation, limits, differentials, extremes, indefinite integral. No credit for mathematics majors.

Course Attribute(s): 6AM - State Computation Requirement, 6AMM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement, CAMA - Mathematics

Prerequisite(s): C or better in MAC 1147, or 670 or better in SAT Math score, or 29 or better in ACT Math score, or 90 or better in College-Level Math CPT score, or 12 or better in PreCalc & Trig MPT score.

Other Information: knowledge of trigonometry. No credit for mathematics majors.

MAC 2282 - Engineering Calculus II

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 4

Definite integral, trigonometric functions, log, exponential, series, applications.

Course Attribute(s): 6AM - State Computation Requirement, 6AMM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement, CAMA - Mathematics

Prerequisite(s): C or better in MAC 2281 or MAC 2311

Other Information: No credit for students with credit in MAC 2242 or MAC 2312

MAC 2283 - Engineering Calculus III**Credit(s): 4**

Vector algebra, vector-valued functions, and analytic geometry in space. Polar, cylindrical, and spherical coordinate systems. Quadric surfaces and functions of several variables, partial derivatives, and optimization problems. Multiple integrals and applications to engineering and the sciences. Line Integrals if time permits.

Course Attribute(s): 6AM - State Computation Requirement, 6AMM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement

Prerequisite(s): MAC 2282 or MAC 2312 with a grade of C or better

MAC 2311 - Calculus I**Credit(s): 4**

Differentiation, limits, differentials, extremes, indefinite integral.

Course Attribute(s): 6AM - State Computation Requirement, 6AMM - State Computation Requirement, 6AMP - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement, CAMA - Mathematics, SGEM - General Education Core Mathematics, SMEL - General Education Elective, SPMA - Mathematics

Prerequisite(s): C or better in MAC 1147, or 670 or better in SAT Math score, or 29 or better in ACT Math score, or 90 or better in College-Level Math CPT score, or 12 or better in PreCalc & Trig MPT score.

Other Information: knowledge of trigonometry.

MAC 2312 - Calculus II**Credit(s): 4**

Antiderivatives, the definite integral, applications, series, log, exponential and trig functions.

Course Attribute(s): 6AM - State Computation Requirement, 6AMM - State Computation Requirement, 6AMP - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement, CAMA - Mathematics

Prerequisite(s): C or better in MAC 2311 or MAC 2281.

Other Information: No credit for students with credit in MAC 2242 or MAC 2282.

MAC 2313 - Calculus III**Credit(s): 4**

Vector algebra, vector-valued functions, and analytic geometry in space. Polar, cylindrical, and spherical coordinate systems. Quadric surfaces and functions of several variables, partial derivatives, and optimization problems. Multiple integrals and applications to engineering and the sciences. Line Integrals if time permits.

Course Attribute(s): 6AM - State Computation Requirement, 6AMM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement

Prerequisite(s): C or better in MAC 2312 or MAC 2282.

Other Information: No credit for students with credit in MAC 2283.

MAD 2104 - Discrete Mathematics**Credit(s): 3**

This course covers set theory, logic, proofs, counting techniques, and graph theory.

Course Attribute(s): SMEL - General Education Elective

MAD 2470 - Introduction to Cryptography and its Applications**Credit(s): 3**

This course starts with a review of the mathematical foundations of cryptography and then introduces classical cryptographic

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

techniques. This course further discusses modern symmetric encryption, asymmetric encryption, and hash functions with their practical applications.

UN SDG(s):
SD09 - Industry

MAD 3107 - Discrete Mathematics

Credit(s): 3

An introduction to some of the aspects of discrete mathematics that are fundamental to digital computing. Topics include sets, numbers, algorithms, Boolean algebra, computer arithmetic, elementary combinatorics and an introduction to graph theory.

Course Attribute(s): 6AM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement

Prerequisite(s): C or better in MAC 2281 or MAC 2311

Other Information: No credit for Mathematics majors.

MAD 4203 - Introduction to Combinatorics

Credit(s): 3

Fundamental principles of counting. Topics include bijective proofs, arrangements and permutations, sets and multisets, the Principle of Inclusion-Exclusion, partitions, generating functions, recurrence relations, and the Polya theory of counting.

Prerequisite(s): C or better in MGF 3301

MAD 4301 - Introduction to Graph Theory

Credit(s): 3

Fundamental principles of Graph Theory, including isomorphism, trees and connectivity, Eulerian circuitry, Hamiltonicity, matching theory, planarity, graph colorings, Ramsey theory, and graph algorithms.

Prerequisite(s): C or better in MGF 3301

MAD 4401 - Numerical Analysis I

Credit(s): 3

Numerical solution of algebraic and transcendental equations, interpolation and polynomial approximation, numerical differentiation and integration, numerical solution of differential equations.

Course Attribute(s): 6AM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement

Prerequisite(s): MAP 2302 with a minimum grade of C AND (MAS 3114 with a minimum grade of C OR MAS 3105 with a minimum grade of C)

MAD 4402 - Numerical Analysis II

Credit(s): 3

Numerical linear algebra, approximation theory, eigenvalue approximation, systems of nonlinear equations, boundary value problems.

Prerequisite(s): C or better in MAD 4401

MAD 4471 - Introduction to Cryptography and Coding Theory

Credit(s): 3

Cryptology combines the studies of cryptography, the creating of masked messages, and cryptanalysis, the unraveling of masked messages. Coding theory is the study of coding schemes used to detect and correct errors that occur during the data transmission.

Prerequisite(s): C or better in MAS 3105 and MGF 3301

MAD 4472 - Modern Cryptography

Credit(s): 3

This course introduces fundamental notions of modern cryptography. The three main modules are:

- Formal definition of security goals of cryptographic primitives.
- Basic public key cryptographic primitives: key exchange, encryption, and digital signature.
- Post-quantum cryptosystems based on the Learning With Error (LWE) and Module-LWE problems, which is the new standard of the National Institute for Standard and Technology (NIST).

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): MAS 3105 or MAS 3114 or EGN 4450 with a minimum grade of C

UN SDG(s):
SD09 - Industry

MAD 4504 - Theory of Computation

Credit(s): 3

Mathematical aspects of alphabets and languages. Chomsky's hierarchy. Grammars. Regular languages, grammars and finite states machines. Context-free languages and grammars. Turing machines and languages. Decidability. Inductive definition of functions and basic computable functions. Introduction to computational complexity.

Course Attribute(s): 6AM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement

Prerequisite(s): C or better in MGF 3301 or MAD 3107

MAD 4515 - Mathematics of Quantum Computing

Credit(s): 3

This course introduces the concept of quantum algorithms, and the tools to measure their performances. Special attention will be given to the description and the analysis of Shor's algorithm for factoring large integers and Grover's algorithm for searching an unsorted database.

A goal of the course is to provide students with the necessary background for understanding quantum algorithms when formalized in the gate model. This involves being able to decompose the action of a unitary matrix on an input quantum state into a sequence of actions of elementary unitary matrices (the elementary gates). This course provides such a description of two of the most famous quantum algorithms, namely Shor's factoring algorithm, and Grover's search algorithm. In this course, the students also study Kuperberg's algorithm for searching subgroups of the dihedral group and its concrete applications.

Prerequisite(s): C or better in MAS 3105 or EGN 4450

MAD 4605 - Introduction to Coding Theory

Credit(s): 3

This course introduces the concept of error correcting codes, the tools to measure their performance, and their practical applications. The focus of this course is on

An introduction to the concept of error correction (with linear codes as an example)

The use of error correcting codes for data storage.

The applications of error correcting codes to cryptography.

Prerequisite(s): C or better in MAS 3105 or EGN 4450

UN SDG(s):
SD09 - Industry

MAE 3224 - Middle School Mathematics Methods Course 1

Credit(s): 3

This course provides prospective middle school teachers with initial skills to develop an inquiry-based learning environment that facilitates high academic achievement for all students, focusing on curriculum and learning at the task and lesson level.

Restriction(s):
Majors Only

Other Information: Middle School Mathematics Education program

MAE 3225 - Middle School Mathematics Methods Course 2

Credit(s): 3

This course provides prospective middle school teachers with advanced skills to develop an inquiry-based learning environment that facilitates high academic achievement for all students, focusing on assessment and learning at unit and semester levels.

Course Attribute(s): GCPC - Global Citizens Project Course

Prerequisite(s): Middle School Mathematics Residency Program Methods Course 1

Restriction(s):
Majors Only

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Other Information: College of Education student
UN SDG(s):
SD04 - Quality Education

MAE 3941 - Practicum I: Middle School Mathematics Education

Credit(s): 1-3

The candidate will spend six hours a week in an assigned school, becoming acquainted with the middle grades classroom, and providing supervised one-on-one, small group and whole group instruction and will attend university seminars.

Restriction(s):
Majors Only

Other Information: Middle School Mathematics Education program

MAE 3942 - Practicum II: Middle School Mathematics Education

Credit(s): 1-3

Candidates will spend nine hours a week in an assigned school, in a grade level or subject area other than the one completed in Practicum I, providing supervised one-on-one, small group, and whole group instruction, and will attend university seminars.

Restriction(s):
Majors Only

Other Information: Middle School Mathematics Education program. Completion Semester I with no grades lower than a C.

MAE 4310 - Teaching Elementary School (K-6) Mathematics I

Credit(s): 3

Methods for teaching number ideas, computation skills, and mathematical reasoning in elementary (K – 6) classrooms.

Prerequisite(s): two college level mathematics courses

Restriction(s):
Majors Only

Other Information: College of Education student

MAE 4314 - Mathematics for all Students

Credit(s): 4

Elementary, ESOL, & Exceptional Student Education methods for teaching, diagnosing, and remediating problem solving; numeration systems; whole number concepts and computation; fraction, decimal, and percent concepts and computation. Includes research perspectives.

Prerequisite(s): EEX 4012 and MAC 1105 or higher minimum grade C-.

Corequisite(s): EDG 4943.

MAE 4320 - Teaching Mathematics in the Middle Grades

Credit(s): 3

This course provides prospective middle school teachers the opportunity to develop concepts, skills, and pedagogical procedures for effective teaching of mathematics in grades 5-9.

Restriction(s):
Majors Only

Other Information: Mathematics Education Program

MAE 4326 - Teaching Elementary School (K-6) Mathematics II

Credit(s): 3

Methods for teaching informal geometry, measurement, probability, statistics, and algebraic thinking for elementary school (K – 6) classrooms.

Prerequisite(s): MAE 4310.

MAE 4330 - Teaching Senior High School Mathematics

Credit(s): 3

The course is designed to prepare the student for a successful internship experience as well as an induction to teaching mathematics in the high schools of today. The experiences help bridge the perceived gap between theory and practice.

Prerequisite(s): MAE 4320

ALL COURSES LISTING

MAE 4551 - Reading the Language of Mathematics

Credit(s): 3

This course provides an opportunity to develop concepts, skills and procedures for effective communication (reading, writing, listening and speaking) in the mathematics curriculum. The State DOE required preparation in basic reading is covered.

Course Attribute(s): GCPC - Global Citizens Project Course

Prerequisite(s): MAE 4320

UN SDG(s):

SD02 - Zero Hunger
SD12 - Responsible Consumption
SD13 - Climate Action

MAE 4652 - Technology for Teaching Secondary School Mathematics

Credit(s): 3

This course provides prospective teachers an opportunity to develop concepts, skills, and instructional procedures for integrating technology for teaching in secondary mathematics classrooms. The course is restricted to majors.

Restriction(s):
Majors Only

Other Information: Mathematics Education Program

MAE 4909 - Directed Study: Mathematics Education

Credit(s): 1-3

To extend competency in teaching field.

Restriction(s):
Senior Standing

MAE 4936 - Senior Seminar in Mathematics Education

Credit(s): 3

Synthesis of teacher candidate's courses in complete college program.

Course Attribute(s): CPST - Capstone Learning Experience

Corequisite(s): MAE 4940

Restriction(s):
Senior Standing

MAE 4940 - Internship: Mathematics Education

Credit(s): 9

One full semester of internship in a public or private school. In special programs where the intern experience is distributed over two or more semesters, students will be registered for credit which accumulates from 9 to 12 semester hours.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

Corequisite(s): MAE 4936

Restriction(s):
Permit Required
S-U Grade System

MAE 4941 - Internship I: Middle School Mathematics Education

Credit(s): 1-12

Candidates will spend each day of the semester in an assigned school implementing acquired knowledge from Practicum I and II, with increased responsibility for planning instruction and assessing student learning, and will attend internship seminars.

Restriction(s):
Majors Only

Other Information: Middle School Mathematics Program. Completion Semesters I, II, and Summer Session with C or better.

MAE 4942 - Internship II: Middle School Mathematics Education

Credit(s): 6

Internship II is a continuation of Internship I. Candidates will spend each day of the semester co-teaching in the same school, with responsibility for planning instruction and assessing impact on student learning, and will attend internship seminars.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

Restriction(s):
Majors Only

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Other Information: Middle School Mathematics Program. Completion Semesters I, II, and Summer Session with C or better.

MAE 4945 - Practicum in Mathematics Education

Credit(s): 3

This course provides students an opportunity to demonstrate their ability to plan, deliver instruction, and reflect upon the effectiveness of their teaching in secondary school mathematics classrooms. Course is restricted to majors.

Prerequisite(s): MAE 4320 and MAE 4652.

MAN 3025 - Principles of Management

Credit(s): 3

Examines intrapersonal, interpersonal, group/team, organizational, and environmental (both stakeholder and societal) factors influencing the management task.

Course Attribute(s): GCPC - Global Citizens Project Course, SMLE - Leadership & Ethics Pillar

Restriction(s):

Junior Standing

UN SDG(s):

SD03 - Good Health and Well-being
SD04 - Quality Education
SD05 - Gender Equality
SD09 - Industry
SD10 - Reduced Inequality
SD11 - Sustainable Cities-Communities
SD12 - Responsible Consumption
SD13 - Climate Action

MAN 3093 - Healthcare Management

Credit(s): 3

This class is designed to prepare the student for a management role within the healthcare industry and will focus upon the fundamental building blocks necessary to manage a firm that provides high quality healthcare delivery.

MAN 3301 - Human Resource Management

Credit(s): 3

To develop a broad exposure to new approaches, techniques, and future trends in the management of personnel. A study of the major functions in personnel including job analysis, manpower planning, selection, performance evaluation, training, and wage and salary administration.

Prerequisite(s): MAN 3025 with a minimum grade of C-.

MAN 4063 - Management Ethics

Credit(s): 3

Examines moral and ethical responsibilities of managing organizations at the personal, interpersonal, and organizational level.

Prerequisite(s): MAN 3025.

MAN 4280 - Organizational Development and Change

Credit(s): 3

A lab course where students experimentally apply behavioral science techniques in an "action-research" framework to the cycle of planned change so as to build a more effective organization.

Prerequisite(s): MAN 3025 with a minimum grade of C-

MAN 4329 - People Analytics

Credit(s): 3

This course provides an overview of people analytics in today's organizations. It looks at how data is being increasingly utilized to drive data-based and evidence-based decision making into intra-organizational decision-making.

Prerequisite(s): MAN 3025 with a minimum grade of C-

Restriction(s):

Junior Standing
Senior Standing

MAN 4402 - Employment Laws

Credit(s): 3

This course covers Federal and state laws and regulations such as wage and hour laws; EEO; affirmative action programs; employee benefits; insurance; workers' compensation, safety, health,

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

employee's personal rights and collective bargaining.

Prerequisite(s): MAN 3025 with a minimum grade of C-

MAN 4441 - Negotiation and Conflict Resolution

Credit(s): 3

Examines what conflict is, how it occurs, and how it can be managed through negotiation, particularly in the workplace.

Prerequisite(s): MAN 3240 with a minimum grade of C-

MAN 4504 - Operations and Supply Chain Management

Credit(s): 3

This course provides an introduction to the integration of operations and supply chain management that enables organizations to compete successfully in the global marketplace.

Prerequisite(s): QMB 2100 with a minimum grade of C- **OR** STA 2023 with a minimum grade of C- **OR** STA 2122 with a minimum grade of C- **OR** QMB 3253 with a minimum grade of C-.

MAN 4600 - International Management

Credit(s): 3

Examines the effects of international cultural differences on business practices within and outside the United States and provides methods to build synergies and establish/enhance competitive advantage via those differences.

Prerequisite(s): MAN 3025 with a minimum grade of C-

Restriction(s):
Senior Standing

MAN 4631 - Global Perspectives and Management Choices

Credit(s): 3

Capstone course for IB major. Integrates business core, International business, concentration, area studies & required overseas experience information. Synthesizes theoretical and practical aspects of doing business in an

increasingly global environment.

Prerequisite(s): FIN 3403, MAN 3025, MAR 3023. Two upper-level international courses.

Restriction(s):
Senior Standing

MAN 4702 - Disaster Recovery and Business Continuity Planning

Credit(s): 3

When organizations are interrupted by disasters, accidents, or natural events, a loss of money, data, and/or productivity occurs. The extent to which the loss affects the organization's health depends on its ability to deal with these disruptions.

MAN 4737 - Integrated Management Applications

Credit(s): 3

This capstone course integrates the major topics of management. Students will acquire a broad view of organizations, learning to analyze organizational strengths and weaknesses, and to recommend appropriate actions for improvement.

Prerequisite(s): MAN 3240 with a minimum grade of C-, AND MAN 3301 with a minimum grade of C-

MAN 4743 - Response of Business to Global Environmental Problems

Credit(s): 3

Focuses on managing the effectiveness of multinational corporations and other global organizations operating in the Anthropocene--an era of unprecedented human impact on the rest of the natural environment. Relevant to macro and micro policy issues.

Prerequisite(s): MAN 3240 with a minimum grade of C-

MAN 4905 - Independent Study

Credit(s): 1-3

Specialized independent study determined by the students needs and interests.

Restriction(s):
S-U Grade System

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MAN 4912 - Undergraduate Research

Credit(s): 3

In this course, students will conduct a project that enables them, individually or in groups, to pose or work from a defined research question, apply methods of inquiry to generate findings, and share the findings with others.

Course Attribute(s): UGR - Undergraduate Research, TGEH - High Impact Practice

Restriction(s):

Majors Only
Permit Required

MAN 4930 - Selected Topics in Management

Credit(s): 1-3

Topics to be selected by instructor and department chairperson for pertinent Management issues.

MAN 4931 - Independent Research

Credit(s): 1-4

Individual study contract with instructor and department chairperson required. The research project will be mutually determined by the student and instructor.

MAN 4940 - Management Internship

Credit(s): 3

This course consists of two components: an academic component focused on professional development skills and an on-site experiential learning experience comprised of at least 120 hours of on-site experience.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

Restriction(s):

Majors Only

Other Information: Minimum 80 credits earned. 2.75 GPA on all Business courses. Admitted to the major.

MAN 4970 - Management Honors Thesis

Credit(s): 3

This course is the climax of an undergraduate experience in the College of Business. Thesis development supports critical investigation to develop explanations or solutions to academically interesting business problems or opportunities.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

Prerequisite(s): GEB 4970 with a minimum grade of C

MAP 2302 - Differential Equations

Credit(s): 3

First order linear and nonlinear differential equations, higher order linear equations, applications.

Course Attribute(s): 6AM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement

Prerequisite(s): B or better in MAC 2282 or MAC 2312 OR C or better in MAC 2283 or MAC 2313

MAP 4103 - Mathematical Modeling

Credit(s): 3

Mathematical models are formulated for problems arising in various areas where mathematics is applied. Techniques are developed for analyzing the problem and testing validity of proposed model in the context of the specific field.

Prerequisite(s): C or better in MAP 2302 AND MAS 3105 or MAS 3114

MAP 4202 - Optimization

Credit(s): 3

Linear and nonlinear programming, the simplex method, duality and sensitivity, constrained and unconstrained optimization.

Prerequisite(s): MAP 2302 with a minimum grade of C AND (MAS 3105 with a minimum grade of C OR MAS 3114 with a minimum grade of C)

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MAP 4341 - Introduction to Partial Differential Equations

Degree Include: B.A. and B.S.

College Include: BA, BM, BP, BU

Credit(s): 3

Heat, Laplace, and Wave Equations; Initial and Boundary Value Problems; Separation of Variables; Fourier Series; Sturm-Liouville Problems

Prerequisite(s): MAP 2302 with a minimum grade of C AND (MAS 3105 with a minimum grade of C OR MAS 3114 with a minimum grade of C)

MAR 2931 - Selected Topics in Marketing

Credit(s): 1-3

Topics to be selected by department chairman.

Other Information: Not available for credit to upper-level students who have been admitted to the College of Business.

MAR 3023 - Basic Marketing

Credit(s): 3

Survey of the marketing of goods and services within the economy. Attention is paid to the impact of marketing on other functional areas of business as well as society.

Restriction(s):

Junior Standing

MAR 3400 - Professional Selling

Credit(s): 3

A study of the stages of the professional selling process, and the role of sales in today's marketing environment. Emphasis on learning adaptive selling techniques and developing effective interpersonal communications skills. Sales careers are examined.

Restriction(s):

Other

Other Information: Field of Study Include: ACC, FIN, BAV, BAIS, ETB, GPB, GBAS, IAM, MAN, MKT, PFP, RMN, SCX
Student Attribute EXCLUDE: XCOB

Class Include: 3J, 4R, 5B

Level Include: Undergraduate

MAR 3613 - Marketing Research

Credit(s): 3

A study of research methods and techniques applicable to problem solving in marketing. Attention is also given to defining information needs, determining the value of information, interpreting and reporting information for use in marketing decision making.

Prerequisite(s): (QMB 2100 with a minimum grade of C-, OR STA 2023 with a minimum grade of C-) AND (QMB 3253 with a minimum grade of C-, or AP90 with a score of 3 or higher), AND MAR 3023 with a minimum grade of C.

MAR 3700 - Digital Marketing

Credit(s): 3

The course is designed to familiarize students with digital marketing concepts and applications. It provides a detailed understanding of relevant digital channels and platforms, in regard to both paid, earned and owned digital media.

Prerequisite(s): MAR 3023 with a minimum grade of C-

MAR 4156 - International Marketing

Credit(s): 3

A study of procedures and problems associated with establishing marketing operations in foreign countries. Includes the institutions, principles and methods involved in the solution of these business problems as well as the effects of national differences on business practices and buyer behavior.

Prerequisite(s): MAR 3023.

MAR 4213 - Logistics and Physical Distribution Management

Credit(s): 3

A study of logistics in the marketing of goods and services. Includes a description and analysis of the logistics environment as well as components of the physical distribution system with emphasis on information flows and the application of

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

quantitative techniques used in establishing and controlling customer service levels.

Prerequisite(s): MAR 3023

MAR 4231 - Retailing Management

Credit(s): 3

A comprehensive study of the retailing structure, institutions, and environment. Includes pertinent management theories and practices in analyzing, organizing, planning and controlling retail operations, both large and small.

Prerequisite(s): MAR 3023

MAR 4333 - Marketing Communications Management

Credit(s): 3

A study of the role of promotion in the marketing program of the firm, including the promotional tools available to the marketing manager and the various types of decisions made in the promotional area. Decision making process in development of a promotional program is emphasized.

Course Attribute(s): GCPC - Global Citizens Project Course

Prerequisite(s): MAR 3023

Restriction(s):

- Junior Standing
- Majors Only
- Other
- Senior Standing

Other Information: Field of Study Include: ACC, FIN, BAV, BAIS, ETB, GBP, GBAS, IAM, MAN, MKT, PFP, RMN, SCX

Degree Include: BS and BA

College Include: BU, BA, BP and BM

Access - Majors ONLY

MAR 4403 - Sales Management

Credit(s): 3

A study of sales management and strategy as a subset of marketing management. Emphasis is placed on developing the problem-solving and

decision-making skills required of the sales manager in the modern market-oriented company.

Prerequisite(s): MAR 3023

MAR 4415 - Advanced Professional Selling

Credit(s): 3

Advanced study of the professional selling process, including team selling, negotiating, customer conflict management, and CRM systems.

Prerequisite(s): MAR 3400 with a minimum grade of C-

MAR 4431 - Financial Services Marketing

Credit(s): 3

This course is designed to introduce students to financial services marketing in a global environment. It examines the interdependence of product, price, distribution and promotion in a financial services context.

Prerequisite(s): MAR 3023 with a minimum grade of C-

MAR 4503 - Buyer Behavior

Credit(s): 3

A study of the basic concepts of buyer behavior, including pre- and post-purchase attitudes and behavior patterns, information processing relating to the functional areas of marketing and the buyer's decision-making process. Managerial applications to marketing are emphasized.

Prerequisite(s): MAR 3023

MAR 4712 - Healthcare Marketing

Credit(s): 3

A foundational knowledge of the principles of marketing and their application in healthcare administration including the concepts of marketing strategy, customer/patient orientation, products and services, promotion, distribution and pricing issues.

MAR 4824 - Marketing Management Problems

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

The integration of marketing knowledge applied to decision roles in managing the total marketing effort of firms, and coordination with other major functional areas on specific problems. Restricted to Marketing majors.

Prerequisite(s): MAR 3613 with a minimum grade of C-.

Restriction(s):
Majors Only
Senior Standing

MAR 4841 - Services Marketing**Credit(s): 3**

The course focuses on challenges of designing, promoting, and managing services while delivering quality service to customers across industry sectors.

Prerequisite(s): MAR 3023 with a minimum grade of C

MAR 4903 - Independent Research**Credit(s): 1-3**

Individual study contract with instructor and department chairperson required. The research project will be mutually determined by the student and instructor.

MAR 4905 - Independent Study**Credit(s): 1-3**

Specialized independent study determined by the students' needs and interests.

Restriction(s):
S-U Grade System

MAR 4912 - Undergraduate Research**Credit(s): 3**

In this course, students will conduct a project that enables them, individually or in groups, to pose or work from a defined research question, apply methods of inquiry to generate findings, and share the findings with others.

Course Attribute(s): UGR - Undergraduate Research, TGEH - High Impact Practice

Restriction(s):
Majors Only
Permit Required

MAR 4933 - Selected Topics in Marketing**Credit(s): 1-3**

Topics to be selected by instructor and department chairperson.

MAR 4940 - Marketing Internship/Practicum**Credit(s): 3**

This course consists of two components: an academic component focused on professional development skills and an on-site experiential learning experience comprised of at least 120 hours of on-site experience.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

Restriction(s):
Majors Only

Other Information: Minimum 80 credits earned. 2.75 GPA on business courses. Admitted to major.

MAR 4941 - Student Consulting**Credit(s): 3**

The Student Consulting course is designed to provide student teams (Consultants) with the opportunity to apply their learning, experience and skills to a company's or organization's (Client) real-world, business challenge or opportunity. Throughout the course, students will deepen their understanding of business, and develop and practice consulting, teamwork and communication skills. This course is built around the principles of "high impact" and "experiential" learning.

Course Attribute(s): CLB - Collaborative Learning, GCPC - Global Citizens Project Course, TGEH - High Impact Practice

Other Information: Restriction: Level - Include Undergraduate (UG)

UN SDG(s):

SD08 - Decent Work
SD09 - Industry

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

Prerequisite(s): GEB 4970 with a minimum grade of C.

MAS 3105 - Linear Algebra

Credit(s): 3

Linear systems, matrix algebra, vector spaces, linear independence, inner product spaces, Gram-Schmidt algorithm, linear transformations and matrix representations, determinants, eigenvalues, diagonalization, quadratic forms.

Course Attribute(s): 6AM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement

Prerequisite(s): C or better in MAC 2283 or MAC 2311, **AND** MGF 3301 (Concurrent: Y)

CoPrerequisite(s): MGF 3301 and either MAC 2283 or MAC 2313.

MAS 3108 - Algebra Connections

Credit(s): 3

This course will provide prospective teachers with experiences that will help them develop the specialized content knowledge needed to support the teaching of mathematics in middle level education.

MAS 3114 - Computational Linear Algebra

Credit(s): 3

Linear equations, matrices, and determinants; vector spaces and linear transformations; inner products and eigenvalues. This course emphasizes computational aspects of linear algebra.

Prerequisite(s): C or better in MAC 2312 or MAC 2282

Corequisite(s): MAC 2312 - Calculus II or MAC 2282 - Engineering Calculus II

Restriction(s):
Majors Only

MAS 3156 - Vector Calculus

Credit(s): 3

Vector-valued functions of several variables, gradient, divergence and curl; polar, spherical and cylindrical coordinates; surface elements, multiple integration on surfaces and volumes; divergence, Green's, and Stokes' theorems; manifolds, vector fields and exterior forms; differentials and elements of homotopy theory. Applications to related areas, including Gaussian fundamental forms and curvature, Maxwell's equations of electrodynamics, potential and harmonic analysis, Hamiltonian mechanics.

Course Attribute(s): 6AM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement

Prerequisite(s): C (2.0) or better in MAC 2313 or MAC 2283

MAS 3205 - Number Concepts Connections

Credit(s): 3

This course will provide prospective teachers with experiences in number theory that will help them develop the specialized content knowledge needed to support the teaching of mathematics in middle level education.

MAS 4214 - Elementary Number Theory

Credit(s): 3

Divisibility, prime numbers, Fundamental Theorem of Arithmetic, Diophantine equations, the algebra of congruencies, number functions and other selected topics.

Course Attribute(s): 6AM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement

Prerequisite(s): C or better in MAC 2312 or MAC 2282

Other Information: No credit towards Mathematics major.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MAS 4301 - Elementary Abstract Algebra I

Credit(s): 3

An introduction to the basic algebraic structures; groups, rings, integral domains, and fields; homeomorphisms and isomorphisms.

Course Attribute(s): 6AM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement

Prerequisite(s): C or better in MAS 3105 and MGF 3301

MAS 4302 - Elementary Abstract Algebra II

Credit(s): 3

This course is a continuation of Elementary Abstract Algebra (MAS 4301). Advanced topics in abstract algebra, including ring theory, field theory, and introductory Galois theory, are taught.

Prerequisite(s): C or better in MAS 4301

MAT 1033 - Intermediate Algebra

Credit(s): 3

This course provides students with an opportunity to develop algebraic knowledge needed for further study in several fields such as engineering, business, science, computer technology, and mathematics.

Prerequisite(s): MAT 0024 with a grade of "C" or better or appropriate score on the Scholastic Aptitude Test, Mathematics (SATM)

MAT 1033L - Intermediate Algebra Laboratory

Credit(s): 1

This course provides students with an opportunity to develop algebraic knowledge needed for further study in several fields such as engineering, business, science, computer technology, and mathematics.

Prerequisite(s): MAT 0024 with a grade of "C" or better or appropriate score on the Scholastic Aptitude Test, Mathematics (SATM)

Corequisite(s): MAT 1033.

MAT 2930 - Selected Topics in Mathematics

Credit(s): 1-3

The course content will depend on the interest of faculty members and student demand.

MAT 4906 - Independent Study

Credit(s): 1-4

Specialized independent study determined by the student's needs and interests. The written contract required by the College of Arts and Sciences specifies the regulations governing independent study.

Course Attribute(s): 6AM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement

Restriction(s):

MCB 2000 - Microbiology for Nursing and other Healthcare Professionals

Credit(s): 3

Basics of microbiology for health professionals. Focus on disease states and the role of bacteria, viruses, fungi, rickettsiae and other pathogenic organisms.

Corequisite(s): MCB 2000L

MCB 2000L - Microbiology Lab for Nursing and other Healthcare Professionals

Credit(s): 1

Basics of microbiology for health professionals. Focus on disease states and the role of bacteria, viruses, fungi, rickettsiae and other pathogenic organisms.

Corequisite(s): MCB 2000

MCB 3020 - General Microbiology

Credit(s): 3

Structure and function of bacteria, archaea, viruses, and eukaryotic microbes.

Prerequisite(s): BSC 2010 with a C- or better and BSC 2010L with a C- or better and BSC 2011 with a C- or better and BSC 2011L with a C- or better and CHM 2046 with a C- or better and MCB 3020L with a C- or better (Concurrent: Y)

CoPrerequisite(s): PCB 3023 or PCB 3043 or PCB 3063 or PCB 3712.

MCB 3020L - General Microbiology Laboratory

Credit(s): 1

The laboratory involves preparation of culture media, staining, pure culture methodology, isolation of microbes from nature, enumeration techniques, resistance to infectious disease.

Prerequisite(s): BSC 2010 with a C- or better and BSC 2010L with a C- or better and BSC 2011 with a C- or better and BSC 2011L with a C- or better and CHM 2046 with a C- or better and MCB 3020 with a C- or better (Concurrent: Y)

Corequisite(s): MCB 3020

MCB 3410 - Cell Metabolism

Credit(s): 3

This course will provide a broad framework and overview of major metabolic pathways that occur in living cells with emphasis on integration and regulation of those pathways. For majors and non-majors.

Prerequisite(s): BSC 2010 with a C- or better and BSC 2010L with a C- or better and CHM 2046 with a C- or better

MCB 4115 - Determinative Bacteriology

Credit(s): 3

Survey of bacterial classification; detailed examinations of bacteria important to man in agriculture, in industry and as pathogens.

Prerequisite(s): MCB 3020 with a C- or better and MCB 3020L with a C- or better

MCB 4115L - Determinative Bacteriology Laboratory

Credit(s): 2

Laboratory associated with Determinative Bacteriology.

Prerequisite(s): MCB 3020 with a C- or better and MCB 3020L with a C- or better and MCB 4115 with a C- or better (Concurrent: Y)

Corequisite(s): MCB 4115

MCB 4223 - Food Microbiology

Credit(s): 3

Food Microbiology is a comprehensive course designed for students interested in microbiology. This course provides an introductory knowledge of food composition and food processing methods essential in the control of microbial growth and food contamination.

Prerequisite(s): MCB 3020 with a C- or better and MCB 3020L with a C- or better

MCB 4276 - Disease Biology

Credit(s): 3

The course explores the basic fundamentals in disease ecology and evolution using theory, basic research, and practical examples of

ALL COURSES LISTING

application in humans and non-human systems.

Prerequisite(s): PCB 3063 with a minimum grade of C-, PCB 3043 with a minimum grade of C-.

UN SDG(s):

SD03 - Good Health and Well-being

MCB 4277 - Insect-Borne Diseases and Global Health

Credit(s): 3

This course examines the biology of medically important insects and the pathogens they transmit to humans. This course also discusses important socio-cultural-political factors in disease-endemic countries that maintain disease.

Course Attribute(s): SMCD - Community Engagement & Diversity Pillar

Prerequisite(s): BSC 2010 with a grade of C- or better, and BSC 2011 with a grade of C- or better

MCB 4320 - Molecular Microbiology

Credit(s): 3

Lecture based course building on principles from gen. microbiology to explore advanced topics in molecular microbiology. Emphasis is on: molecular genetics of bacteria and bacteriophages and genetic regulation of responses to the natural environment.

Prerequisite(s): MCB 3020 with a C- or better and MCB 3020L with a C- or better and PCB 3023 with a C- or better and PCB 3063 with a C- or better

MCB 4404 - Microbial Physiology and Genetics

Credit(s): 3

Physiological, metabolic, and genetic phenomena pertinent to understanding the growth, development, ecology, regulation, and reproduction of microorganisms. Emphasizes the interdependence of physiological and genetic approaches. Lecture only.

Prerequisite(s): MCB 3020 with a C- or better and CHM 2210 with a C- or better

MCB 4404L - Microbial Physiology and Genetics Laboratory

Credit(s): 1

Laboratory portion of Microbial Physiology and Genetics relating to biochemical characteristics and metabolic capabilities of bacteria. Laboratory only.

Prerequisite(s): MCB 4404 with a C- or better (Concurrent: Y)

CoPrerequisite(s): MCB 4404

MCB 4503 - Virology

Credit(s): 3

The biology of viruses associated with plants, animals, and bacteria will be considered; the nature of viruses, mechanisms of viral pathogenesis, and interactions with host cells.

Prerequisite(s): MCB 3020 with a C- or better and MCB 3020L with a C- or better

MCB 4905 - Microbiology Undergraduate Research

Credit(s): 1-4

S/U only. Junior standing and 3.0 GPA required. Individual investigation with faculty supervision. Written contract by Department is necessary prior to registration.

MCB 4933 - Selected Topics in Microbiology

Credit(s): 1-3

This course covers various topics in microbiology. The content varies depending on student demand and instructor interest.

MCB 4934 - Seminar in Microbiology

Credit(s): 1

Restriction(s):

Junior Standing
S-U Grade System
Senior Standing

Other Information: Biology majors may take for elective credit.

MET 2010C - Weather Studies

Credit(s): 4

Weather Studies covers the structure, composition, and physical basis of the atmosphere. Topics include atmospheric

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

composition and structure, energy and moisture flows, observations, cloud and precipitation development, circulations and weather systems. This course includes several integrated lab investigations.

MET 4106C - Climate Studies

Credit(s): 4

Information will be provided on the climate system, the scientific principles that govern climate, its variability and change with implications for society and risk management strategies aimed at countering negative impacts of global climate change. This course includes several integrated lab investigations.

MGF 1106 - Finite Mathematics

Credit(s): 3

Concepts and analytical skills in areas of logic, linear equations, linear programming, mathematics of finance, permutations and combinations, probability, and descriptive statistics.

Course Attribute(s): 6AM - State Computation Requirement, 6AMM - State Computation Requirement, 6AMP - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement, CAMA - Mathematics, SGEM - General Education Core Mathematics, SMEL - General Education Elective, SMMA - Mathematics, SPMA - Mathematics

MGF 1107 - Mathematics for Liberal Arts

Credit(s): 3

This terminal course is intended to present topics which demonstrate the beauty and utility of mathematics to the general student population. Among the topics which might be included are: Financial Mathematics, Linear and Exponential Growth, Numbers and Number Systems, Elementary Number Theory, Voting Techniques, Graph Theory, and the History of Mathematics.

Course Attribute(s): 6AM - State Computation Requirement, 6AMP - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement, CAMA - Mathematics, SGEM - General Education Core Mathematics, SPMA - Mathematics

MGF 3301 - Bridge to Abstract Mathematics

Credit(s): 3

Techniques and logic of the construction of proofs. Topics will be selected from propositional logic, set theory, relations and functions, equivalence relations, Boolean algebra, cardinality, and limits.

Course Attribute(s): 6AM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement

Prerequisite(s): C or better in MAC 2283 or MAC 2313 (Concurrent: Y)

CoPrerequisite(s): MAC 2313 or MAC 2283.

MHF 4403 - The Early History of Mathematics

Credit(s): 3

A study of the history and development of mathematics and its cultural impact from the formation of number systems to the Renaissance.

Course Attribute(s): 6AM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement

Prerequisite(s): C or better in MAC 2312 or MAC 2282

Restriction(s):

Junior Standing
Senior Standing

MHS 2031 - Mental Health and Addictive Disorders

Credit(s): 3

Introduction to mental illness and addictive disorders and provides them with knowledge and skills to transform traditional, stigmatized views to promote innovative solutions to respond to ever-changing socio-cultural-political contexts.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, TGEC - Creative Thinking

MHS 3062 - Behavioral Healthcare Services for Older Adults

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

This course provides an overview of behavioral health disorders, service sectors, service utilization, and evidence-based service delivery models for older adults with behavioral health issues.

MHS 3063 - Cultural Diversity, Health and Behavioral Health**Credit(s): 3**

This course examines critical issues around cultural diversity, behavioral health, health disparities, promoting social change and culturally competent practice with a focus on race/ethnicity, gender, sexual orientation and identity, class and disability.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, GCPC - Global Citizens Project Course, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

Restriction(s):

Permit Required

UN SDG(s):

SD03 - Good Health and Well-being
SD10 - Reduced Inequality

MHS 3204 - Fundamentals of Applied Behavior Analysis**Credit(s): 3**

The Fundamentals of Applied Behavior Analysis (ABA) course provides the student with information in the form of lectures, demonstrations, and practical exercises on the basic principles and procedures of the field of ABA.

MHS 3411 - Multidisciplinary Behavioral Healthcare Services**Credit(s): 3**

Working in behavioral healthcare requires the application of specific knowledge and skills. This open enrollment course offers a practical multidisciplinary look at service delivery. Students will examine their career and educational goals in context.

Restriction(s):

Junior Standing

Senior Standing

MHS 3753 - Research Methods in Behavioral Healthcare**Credit(s): 3**

This course focuses on research methods through social and behavioral science perspectives. Topics include: ethics, literature reviews, measurement, sampling, quantitative and qualitative designs, data collection, data analysis, and report writing. This course was built to provide students with maximum flexibility and support. The course is fully equipped with tools students need to succeed.

UN SDG(s):

SD03 - Good Health and Well-being
SD04 - Quality Education
SD05 - Gender Equality
SD10 - Reduced Inequality
SD16 - Peace

MHS 4002 - Behavioral Health Systems Delivery**Credit(s): 3**

This course is designed to provide students with an understanding of the significant issues and trends in behavioral health delivery systems in America. Four major areas will be emphasized: 1) history and legislation; 2) systems delivery; 3) programs and policies; 4) selected at-risk populations. This course is not repeatable for credit and is open to non-minors in behavioral healthcare.

Prerequisite(s): MHS 3411 with a minimum grade of a B-

MHS 4022 - Adult Psychopathology in the Community**Credit(s): 3**

This course will review the experience of persons with mental illness in public service settings. Justice involvement, co-occurring disorders, funding streams, and evidence based practices will be discussed. Not restricted to majors; not repeatable.

MHS 4023 - Recovery Oriented Mental Health Services

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

This course describes the principles and practices of services that promote recovery and rehabilitation for individuals with severe mental illnesses, with special focus on integration of mental health consumers into meaningful community roles.

MHS 4052 - Human Relations Skills in Counseling

Credit(s): 3

Introduction to the theory of human relations dynamics and development of skills required for effective interpersonal relations. Lecture sessions and experiential training.

MHS 4074 - Child Development and Trauma

Credit(s): 3

Students will acquire a thorough knowledge of normal development and the impact of trauma from the prenatal period through adolescence, in addition to screening, differential diagnosis and selection of appropriate evidence based trauma treatments.

Restriction(s):

Junior Standing
Senior Standing

MHS 4202 - Behavioral Assessment and Intervention Planning

Credit(s): 3

A course on how to identify functions of behavior; collect and analyze data; identify and conduct approaches for functional assessment; identify, select, and implement functional interventions; and identify monitoring procedures and ethical considerations.

Prerequisite(s): MHS 4412 (minimum grade: B-)

MHS 4203 - Practical Skills-Children's Behavioral Healthcare

Credit(s): 3

Students will apply system of care values and principles to children's behavioral health services in the assessment of family needs and strengths, working with teams to achieve goals, and development, implementation and evaluation of

support plans.

Prerequisite(s): MHS 4490 with a minimum grade of C-

MHS 4204 - Skills Assessment and Training in Applied Behavior Analysis

Credit(s): 3

This course exposes students to a variety of conventional skill acquisition assessments and programs that make up core components of behavioral interventions in the populations served by applied behavior analysts. The course focuses on the use and application of empirically validated skill acquisition assessments and skill development programs that are consistent with principles of ABA.

Prerequisite(s): MHS 4412

MHS 4206 - Applied Behavior Analysis in Autism and Developmental Disabilities

Credit(s): 3

ABA in Autism and Developmental Disabilities covers the history of autism and developmental disabilities, developmental milestones, skills assessment, developing programs, verbal behavior, and programming for generalization and maintenance.

Prerequisite(s): MHS 4202. B-

MHS 4208 - Organizational Behavior Management

Credit(s): 3

This introductory course will examine the principles, methods, and selected applications of performance management in business and human service settings. The field of organizational behavior management relies on established behavioral assessment and intervention techniques to achieve performance management in business and organizational settings.

Corequisite(s): MHS 4412 Research Methods in Applied Behavior Analysis with a minimum grade of B-.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment

Credit(s): 3

This course explores exemplary clinical practices in public behavioral health service delivery. Best or exemplary practices are defined as those that have both a track record and their efficacy has been empirically validated. Modules may begin with a historical perspective of the treatment of a specific population or a treatment strategy but will primarily focus on emerging methodologies.

Prerequisite(s): MHS 3411 with a minimum grade of a B-

MHS 4412 - Research Methods in Applied Behavior Analysis

Credit(s): 3

How to identify ethical practices in behavior analysis research as well as how to implement various single subject research and group designs; write literature reviews and research proposals; and complete the IRB process.

Prerequisite(s):

CoPrerequisite(s): MHS 3204 or CLP 4414 with a minimum grade of B-.

MHS 4413 - Applied Data Analysis for Behavioral Health Research

Credit(s): 3

Students will obtain the analytic skills necessary to conduct basic quantitative using SPSS and qualitative analyses using NVivo through a practical and applied introduction to the analysis and interpretation of both forms of data.

Prerequisite(s): STA 2122 and (PSY 3213 or CCJ 3701 or GEY 4401 or SOW 3401) with a minimum grade of C-

MHS 4425 - Field Experience in Behavioral Healthcare

Credit(s): 3

This experiential class allows the student to observe and participate with multidisciplinary staff of a provider agency. The student will attend team meetings, observe individual, group, and case management services. Assignments will be

made to maximize the student's time investment in the field. Observations and experiences will be discussed in biweekly class meetings. Students are required to spend 120 hours (an average of 8 hours per week for 15 weeks) in an agency. Application approval required two semesters in advance.

Course Attribute(s): CPST - Capstone Learning Experience, CST - Capstone, TGEH - High Impact Practice

Prerequisite(s): MHS 3411 with a minimum grade of a B-, MHS 4002 or MHS 4490, MHS 4408, MHS 4723 with a minimum grade of C-
CoPrerequisite(s): MHS 4408 with a minimum grade of C-

Restriction(s):
Permit Required

MHS 4434 - Behavioral Health and the Family

Credit(s): 3

This course covers ways that illness/injury affect the family of a person who is ill or injured; how family relations/behavioral patterns affect healing and return to good health; and how MH professionals serve families struggling with an ailing loved one.

Course Attribute(s): GCPC - Global Citizens Project Course

Restriction(s):
Junior Standing
Senior Standing

UN SDG(s):
SD03 - Good Health and Well-being

MHS 4452 - Co-Occurring Disorders

Credit(s): 3

This unrestricted course is designed to introduce the topic of co-occurring disorders, impart their knowledge and understanding, and teach skills needed to apply for and obtain employment in behavioral healthcare. It is not repeatable for credit.

MHS 4453 - Applied Psychopharmacology in Drug Abuse and Dependency

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

This survey course will cover a range of topics pertinent to the observation and recognition of drug use and abuse behavior, focusing on a knowledge base useful in applied (treatment) settings, and public and non-profit drug-policy institutions.

MHS 4454 - Alcohol Drugs and Crime**Credit(s): 3**

This course will provide an overview of research and clinical techniques related to the assessment, diagnosis and treatment of alcohol/drug use and the intersection with criminal behavior and the criminal justice system.

MHS 4455 - Drug Abuse Prevention and Treatment**Credit(s): 3**

This course will provide students with an orientation to drug abuse in the U.S., and introduce them to the most commonly used prevention and treatment techniques. The impact of important drug legislation will also be discussed.

MHS 4463 - Suicide Issues in Behavioral Health**Credit(s): 3**

Students explore the psychological and social factors contributing to suicide-related behaviors. Lectures, group activities, and guest speakers help students better understand the dynamics of suicide and the processes of assessment and interventions.

MHS 4490 - Behavioral Healthcare Issues for Children**Credit(s): 3**

Students explore children's mental health field & systems of care for children and their families. Lectures, group activities, & guest speakers help examine children's mental health treatment, service delivery, case management, & wraparound processes.

MHS 4703 - Legal, Ethical and Professional Issues in BHC**Credit(s): 3**

Behavioral healthcare professionals are expected to adhere to professional codes and respect legal rights of clients. Course investigates legal and ethical issues that influence the practice and helps students develop skills in ethical decision-making.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, TGEC - Creative Thinking

MHS 4704 - Ethics in Applied Behavior Analysis**Credit(s): 3**

This course provides the student with an understanding of ethical responsibilities for behavior analysts along with skills for assessing, problem solving, and addressing ethical dilemmas in both clinical practice and research. Students will also learn be exposed to current and historical ethical conversations within the field of Applied Behavior Analysis and disability.

MHS 4723 - Professional Seminar in Behavioral Healthcare**Credit(s): 3**

This course prepares students for fieldwork and professional development in behavioral health. Students apply professional ethics and explore civic engagement strategies that reduce stigma and promote the community integration of marginalized people.

Course Attribute(s): CEL - Community Engaged Learning, TGEE - Ethical Reasoning and Civic Engagement

Prerequisite(s): MHS 3411, with a minimum grade of B-

Restriction(s):
Junior Standing
Senior Standing

MHS 4731 - Writing for Research and Publication in Behavioral and Community Sciences**Credit(s): 3**

This course is a writing intensive exit course that fulfills the Gordon rule requirement. Students will develop a research problem statement, complete

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

a literature review, and learn to prepare manuscripts for publication.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

MHS 4741 - Applied Research Methods

Credit(s): 3

This course provides students with the opportunity to apply knowledge gained in research methods classes to contemporary problems in the behavioral sciences using quantitative and qualitative methods.

Prerequisite(s): An introductory Statistics and Research Methods course with a minimum grade of C is required prior to registering for this course.

Other Information: An introductory Statistics and Research Methods course is required prior to registering for this course.

MHS 4906 - Directed Study

Credit(s): 1-4

Directed study. Student must have a contract with an instructor.

MHS 4912 - Independent Research in Behavioral Health

Credit(s): 1-4

Students will conduct an independent research project in behavioral health (mental health and/or substance abuse) under the guidance of a faculty mentor. May be repeated for maximum of 8 credits.

MHS 4931 - Selected Topics

Credit(s): 1-3

The course content will depend on student demand and instructor's interest. The course may be repeated for different topics up to 9 hours.

MHS 4943 - Practicum Seminar in Applied Behavior Analysis

Credit(s): 3

How to find a quality placement in the community in order to become certified as an Assistant

Behavior Analyst, navigate the Behavior Analyst Certification Board process, and receive training on current ABA technologies.

CoPrerequisite(s): MHS 4202 and Intervention Planning in ABA.

MLS 4038 - Introduction to Medical Technology

Credit(s): 1-2

A hospital clinical course on principles and methods of medical technology, including professional ethics, safety regulations, quality control, phlebotomy, medical terminology, labor.

Restriction(s):

Senior Standing

Other Information: Acceptance into an approved affiliated hospital.

MLS 4860 - Clinical Urinalysis and Body Fluids

Credit(s): 2

A hospital clinical course on laboratory methodology and diagnosis using urine and other fluids such as semen, spinal, pleural, peritoneal, and joint fluids.

Restriction(s):

Senior Standing

Other Information: Acceptance into an approved affiliated hospital.

MLS 4861 - Clinical Immunology

Credit(s): 2

A hospital clinical course on the tissues, cells, and molecules of the human immune system, emphasizing the detection of serum antibodies and disease states.

Restriction(s):

Senior Standing

Other Information: Acceptance into an approved affiliated hospital.

MLS 4862 - Clinical Hematology

Credit(s): 6

A hospital clinical course on cellular components of the blood as related to laboratory diagnosis

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

and disease, including blood coagulation and morphological and biochemical aspects of blood cells.

Restriction(s):
Senior Standing

Other Information: Acceptance into an approved affiliated hospital.

MLS 4863 - Clinical Microbiology

Credit(s): 6
A hospital clinical course emphasizing pathogens responsible for diseases in man, including morphology, physiology, and laboratory diagnosis of bacteria, fungi, parasites, and viruses.

Restriction(s):
Senior Standing

Other Information: Acceptance into an approved affiliated hospital.

MLS 4864 - Clinical Chemistry

Credit(s): 6
A hospital clinical course on the analysis of chemical substances found in the body as related to the diagnosis of human disease, including topics such as instrumentation, electrophoresis, therapeutic drug-monitoring assays, tumor markers, and toxicology.

Restriction(s):
Senior Standing

Other Information: Acceptance into an approved affiliated hospital.

MLS 4865 - Clinical Immunohematology

Credit(s): 6
A hospital clinical course on blood and tissue typing, including blood group systems, transfusion associated diseases, HLA testing, and preparation of blood and blood components for transfusion therapy.

Restriction(s):
Senior Standing

Other Information: Acceptance into an approved affiliated hospital.

MLS 4866 - Clinical Laboratory Management and Education

Credit(s): 1
A hospital clinical course on concepts of laboratory management, including personnel staffing, reimbursements, quality assurance, and regulatory issues, and clinical education techniques, including writing, lecture presentation, and evaluation.

Restriction(s):
Senior Standing

Other Information: Acceptance into an approved affiliated hospital.

COM 4054 - Disney and the Politics of Popular Culture

Credit(s): 3
As a ubiquitous form of popular culture, Disney pervades the everyday lives of most people through virtual spaces, film, television, and in the flesh. In this course, we will study a selective Disney history so as to be able to contextualize contemporary digital content, legacy media, cities and urban developments, theme parks, travel, corporate reports, and more. Using in-class screenings, discussions, readings, and writing, students will examine a wide variety of Disney media, looking at global representation, production, and audiences through an intersectional lens.

Prerequisite(s): Open to students with junior and senior standing only. Other students can be allowed by permit only.

UN SDG(s):
SD05 - Gender Equality

MMC 2100 - Media Writing

Credit(s): 3
An introduction to the basic skills of accurate media writing with practice in print writing, broadcast writing, persuasive writing, and informational writing.

CoPrerequisite(s): MMC 3602 with a minimum grade of C.

Other Information: Sophomore standing; 2.75

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

overall grade point average and passing score on English Diagnostic Test.

MMC 3127C - Radio and Podcasting

Credit(s): 3

The course explores the study and practical application of writing, production, and performance for audio storytelling. Students will create live and pre-recorded news, promotions, and/or episodic content for podcasts and radio shows.

Prerequisite(s): MMC 2100 with a C or better and RTV 3301 with a C or better or JOU 2100 with a C or better

MMC 3140 - Web Publishing

Credit(s): 3

Course is intended for those with little previous Web design/publishing experience. Course will introduce students to the basic topics, nomenclature, pragmatics, and mechanics involved in Web publishing. Restricted to majors; not repeatable for credit.

Prerequisite(s): JOU 2100 with a C or better or MMC 2100 with a C or better

MMC 3602 - Media and Society

Credit(s): 3

A survey of the history, theory, processes, and philosophy of the mass media in the United States and their relationship to the other major institutions of American society.

Course Attribute(s): CASB - Social & Behavioral Sciences, HHCP - Human Historical Context & Process, SPCO - Communication

MMC 3734 - Social Media as Mass Communication

Credit(s): 3

This is a special topics course that covers topics related to social media used for journalistic and other professional purposes. Journalistic practices in the newsroom and the audience's content expectations will be reviewed as they relate to the use of social media.

Restriction(s):
Majors Only

MMC 4031C - Student-Run Communications Agency

Credit(s): 1-3

The student-run agency provides a High Impact Practice learning environment in which students learn while doing to develop mastery of professional level concepts and skills in the management and creation of effective communications for real-world clients.

Prerequisite(s): ADV 3101 with a C or better and ADV 3300 with a C or better and PUR 3000 with a C or better

Restriction(s):
Permit Required

Other Information: Maximum Hours
Repeatable: 6

MMC 4111 - Entrepreneurial Journalism

Credit(s): 3

This course is set-up in a seminar format will offer and present ways students can become independent entrepreneurs in an ever-evolving media market. Students will have hands-on experience and given an opportunity to network with local business owners.

Restriction(s):
Majors Only

MMC 4120 - Media Convergence

Credit(s): 3

Students will learn to write for various media and develop news judgment across platforms. A project will include writing, digital photography and capturing audio for a Web news report. Restricted to majors; not repeatable for credit.

Prerequisite(s): JOU 2100, MMC 2100, MMC 3602.

MMC 4131 - Video Storytelling

Credit(s): 3

Students will be introduced to concepts and technologies needed to begin working with video as a medium of communication. Basic principles of video editing are taught with short and long form projects. Restricted to majors; not repeatable for credit.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MMC 4133 - Video Storytelling II

Credit(s): 3

This course will cover advanced video shots, audio, post production editing and industry work flow, the art of storytelling through a lens, on camera interviewing techniques, and tight editing for a "two train" story arc will be emphasized.

Prerequisite(s): MMC 4131 with a grade of B or better

Restriction(s):
Majors Only
Permit Required

MMC 4141 - Web Publishing II

Credit(s): 3

Web Publishing II is an advanced course in creating web-based content, with a focus on dynamic news and informational websites. Essential database technologies are covered all within the context of building effective publication-based websites.

Prerequisite(s): MMC 3140 with a grade of B or better

Restriction(s):
Majors Only
Permit Required

MMC 4200 - History and Principles of Communications Law

Credit(s): 3

Historical and constitutional backgrounds of freedom and control of expression, statutory enactments, major court decisions and administrative rulings which affect print media, telecommunications, advertising, public relations, and new media.

Prerequisite(s): MMC 2100 with a C or better

MMC 4203 - Communication Ethics

Credit(s): 3

A study of the fundamental principles and philosophies of ethics and their application to the decision-making process in the various professions of mass communications.

Prerequisite(s): MMC 2100 with a C or better

MMC 4208 - Media Law and Ethics

Credit(s): 3

A study of the fundamental principles and philosophies of law and ethics and their application to various professions of mass communications.

Prerequisite(s): MMC 2100 or ADV 2214 with a C or better

MMC 4211 - Communication Law and Democracy

Credit(s): 3

The course is designed to introduce you to the legal responsibilities and privileges that journalists and other communication professionals must be aware of in disseminating news and information to the public and your role as communicators in the landscape of our democracy. Through a combination of lectures, class discussions, and other means, you will study, analyze, and apply the cases and problems relevant to the communication field.

MMC 4420 - Research Methods in Mass Communications

Credit(s): 3

An introduction to the theory and practice of quantitative and historical research methods as applicable to the study of media and mass communications. Emphasis on survey research, evaluation of data, and report writing.

Prerequisite(s): MMC 2100 with a C or better

MMC 4900 - Directed Reading in Mass Communications

Credit(s): 1-3

Reading and directed study in special topics.

Restriction(s):
Junior Standing

MMC 4910 - Individual Research in Mass Communications

Credit(s): 1-3

The course provides means for a student to do independent study in an area not covered by a numbered course.

Prerequisite(s): MMC 2100 with a C or better
Restriction(s):

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Junior Standing

MMC 4936 - Selected Topics in Mass Communications Studies

Credit(s): 1-3

Courses designed to meet current or specific topics of interest to instructors and students.

Prerequisite(s): MMC 2100 or ADV 2214 with a C or better

MMC 4945 - Internship

Credit(s): 1-3

Students work for an employer within the field of mass communications to practice skills and apply knowledge.

Course Attribute(s): INT - Internship

Prerequisite(s): MMC 2100 with a minimum grade of C.

Restriction(s):

S-U Grade System

Other Information: Overall GPA of 3.0 or consent of instructor; restricted to majors and minors;

MSL 1001C - Leadership and Personal Development

Credit(s): 2

Introduces to personal challenges & competencies critical to effective leadership; teaches personal development life skills relative to leadership, officership, & Army profession; focuses on gaining understanding of ROTC Program & its purpose in Army.

MSL 1002C - Introduction to Tactical Leadership

Credit(s): 2

Presents leadership basics (eg: setting direction, problem-solving, listening, briefs, giving feedback & use of effective writing skills); explores dimensions of leadership values, attributes, skills & actions in context of practical hands-on exercises.

MSL 2101C - Innovative Team Leadership

Credit(s): 2

Explores creative & innovative tactical leadership strategies & styles. Develops knowledge of leadership values & attributes by understanding Army rank, structure, & duties. Broadens knowledge of land navigation & squad tactics.

MSL 2102C - Foundations of Tactical Leadership

Credit(s): 2

Examines challenges of leading tactical teams in complex current operating environment; highlights dimensions of terrain analysis, patrolling & operation orders; develops greater self-awareness, communication & team building skills.

MSL 2900 - Army Physical Readiness

Credit(s): 1

This course will train students in the unique role of Army physical readiness in sustaining military operations. It will also prepare students to plan, prepare, and conduct military fitness training. Repeatable for 8 semesters, but only 4 credit hours will be counted toward the program.

MSL 3201C - Adaptive Team Leadership

Credit(s): 3

Challenges to study, practice, & evaluate adaptive team leadership skills as demands of the ROTC LDAC are presented. Uses challenging scenarios to develop self-awareness & critical thinking skills. Provides specific feedback on leadership abilities.

MSL 3202C - Leadership in Changing Environments

Credit(s): 3

Challenges to study, practice, & evaluate adaptive leadership skills as demands of ROTC Leader Development Assessment Course are presented. Develops self-awareness & critical thinking skills with challenging scenarios. Provides feedback on leader skills.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MSL 4301C - Developing Adaptive Leaders

Credit(s): 3

Develops ability to plan, & assess complex operations, functioning as member of a staff; provides performance feedback to subordinates; gives opportunities to assess risk, make ethical decisions, & lead fellow cadets; prepares in becoming Army officer.

MSL 4302C - Leadership in a Complex World

Credit(s): 3

Explores dynamics of leadership in complex situations of current military operations in current operating environment; examines differences in courtesies, military law, principles of war & rules of engagement in face of international terror & more.

MSL 4930 - Advanced Directed Study and Research

Credit(s): 1-3

Intensive individual study in a particular aspect of military science that is not covered in regular course offerings. Request for enrollment must be made prior to registration in the form of a written proposal.

MTG 3207 - Geometry Connections

Credit(s): 3

This course will provide prospective teachers with experiences in geometry that will help them develop the specialized content knowledge needed to support the teaching of mathematics in middle level education

MTG 3212 - Geometry

Credit(s): 3

Emphasis on axiomatics, advanced Euclidean geometry, elements of projective geometry, non-Euclidean geometry.

Course Attribute(s): 6AM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement

Prerequisite(s): C or better in MAC 2311 or MAC 2281

Other Information: No credit towards Mathematics major.

MTG 4214 - Modern Geometry

Credit(s): 3

Topics will be selected from modern plane geometry. Mobius geometry, elliptic and hyperbolic geometry.

Course Attribute(s): 6AM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement

Prerequisite(s): C or better in MAS 4301 (Concurrent: Y)

CoPrerequisite(s): MAS 4301

MTG 4254 - Differential Geometry

Credit(s): 3

The intrinsic geometry of curves and surfaces will be explored using fundamental concepts and techniques from classical differential geometry.

Prerequisite(s): (MAC 2283 with a minimum grade of C OR MAC 2313 with a minimum grade of C) AND MGF 3301 with a minimum grade of C AND MAS 3105 with a minimum grade of C AND MAP 2302 with a minimum grade of C

MTG 4302 - Introduction to Topology

Credit(s): 3

Metric spaces, completeness, topological spaces, subspaces, product spaces, continuity, homeomorphisms, connectedness, compactness, separation axioms, countability axioms.

Course Attribute(s): 6AM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement

Prerequisite(s): MGF 3301 with a minimum grade of C AND MAS 3105 with a minimum grade of C

MUC 1211 - Freshman Composition and Instrumentation 1

Credit(s): 2

Introduction to Composition is a skill-building course designed for freshman music composition majors. Students will study techniques to ideate,

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

compose, orchestrate, notate and obtain documented performances of their music. (Majors only--not repeatable).

MUC 1212 - Freshman Composition and Instrumentation 2

Credit(s): 2

Introduction to Composition is a skill-building course designed for freshman music composition majors. Students will study techniques to ideate, compose, orchestrate, notate and obtain documented performances of their music. (Majors only--not repeatable).

Prerequisite(s): MUC 1211.

MUC 2221 - Sophomore Composition and Instrumentation 1

Credit(s): 2

Students will complete two large-scale chamber works (continuing to learn to orchestrate for strings and winds), two business-oriented projects, lead a discussion based on the writing of a selected composer, and explore major pieces from the literature.

Prerequisite(s): MUC 1212.

MUC 2222 - Sophomore Composition and Instrumentation 2

Credit(s): 2

Sophomore Composition is a two-semester course which requires each student to complete two pieces per semester, two business-oriented projects, lead a discussion based on the writing of a selected composer, and explore major pieces from the literature.

Prerequisite(s): MUC 1212.

MUC 2301 - Introduction To Electronic Music

Credit(s): 3

History and repertory of electronic music; standard sound studio techniques; basic electronics as applied in electronic sound synthesis; mathematics for music, composition and electronic music.

Course Attribute(s): 6AC - State
Communication Requirement, 6ACT - State

Communication Requirement, CAFA - Fine Arts, TGECC - Creative Thinking

MUC 3231 - Junior Composition and Instrumentation 1

Credit(s): 2

A skill-building course designed for junior music composition majors. Students will compose music, notate and orchestrate it and obtain a performance of 2 large-scale pieces, one for large wind ensemble.

Prerequisite(s): MUC 2222.

MUC 3232 - Junior Composition and Instrumentation 2

Credit(s): 2

A skill-building course designed for junior music composition majors. Students will compose music, notate and orchestrate it and obtain a performance of it. Students will begin writing for large ensembles, e.g. wind ensemble and choir.

Prerequisite(s): MUC 3231.

MUC 3401 - Electronic Music-Analog Synthesis I

Credit(s): 3

Composition for tape medium with analog synthesizers; use of sound recording studio; repertory or analog music synthesis; technical basis of analog systems design and construction.

Prerequisite(s): MUC 2301

Restriction(s):

Consent of Instructor or Department
Permit Required

MUC 3402 - Electronic Music-Analog Synthesis II

Credit(s): 3

Composition for tape medium with analog synthesizers; use of sound recording studio; repertory or analog music synthesis; technical basis of analog systems design and construction.

Prerequisite(s): MUC 2301

Restriction(s):

Consent of Instructor or Department
Permit Required

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MUC 3441 - Electronic Music-Digital Synthesis I

Credit(s): 3

Computer assisted composition for conventional instruments; composition for tape medium with computer controlled analog synthesizers; direct digital synthesis; digital systems design and construction.

Prerequisite(s): MUC 3401 or MUC 3402

Restriction(s):

Consent of Instructor or Department
Permit Required

MUC 3442 - Electronic Music-Digital Synthesis II

Credit(s): 3

Computer assisted composition for conventional instruments; composition for tape medium with computer controlled analog synthesizers; direct digital synthesis; digital systems design and construction.

Prerequisite(s): MUC 3401 or MUC 3402

Restriction(s):

Consent of Instructor or Department
Permit Required

MUC 4241 - Senior Composition and Instrumentation

Credit(s): 2

A one-semester course which requires each student to complete two pieces, seven business-oriented projects, lead a discussion based on the writing of a selected composer, and explore major pieces from the literature.

Prerequisite(s): MUC 3232.

MUC 4403 - Electronic Music-Real-Time Performance I

Credit(s): 3

Composition for analog/digital equipment, performance applications; sound synthesis, interfacing electronics with conventional instruments.

Prerequisite(s): MUC 3402 and MUC 3442 or equivalent.

Restriction(s):

Consent of Instructor or Department
Permit Required

MUC 4404 - Electronic Music-Real-Time Performance II

Credit(s): 3

Composition for analog/digital equipment, performance applications; sound synthesis, interfacing electronics with conventional instruments.

Prerequisite(s): MUC 3402 and MUC 3442 or equivalent.

Restriction(s):

Consent of Instructor or Department
Permit Required

MUC 4950 - Senior Recital/Project/Portfolio Presentation

Credit(s): 2

This course is a "capstone"-type of experience requiring 8th-semester senior to produce and promote 2 concerts: one of his or her own music (on campus), and one with other seniors to be held off campus. A portfolio/database presentation is also required.

Prerequisite(s): MUC 4241.

MUE 1111 - Keyboard Skills for Music Educators I

Credit(s): 2

This course is designed to help students develop musicianship skills through the use of a music keyboard and to develop skills for using the keyboard in teaching and learning situations.

Restriction(s):

Permit Required

MUE 1121 - Keyboard Skills for Music Educators II

Credit(s): 2

This course is designed to help students continue development of musicianship skills through the use of a music keyboard and to continue development of skills for using the keyboard in teaching and learning situations.

Prerequisite(s): MUE 1111

Restriction(s):

Permit Required

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MUE 2090 - Foundations of Music Education

Credit(s): 3

The course is designed to investigate music education practices in the schools. Through the experience and information offered in this course a student will be able to determine his/her commitment to professional music education.

Course Attribute(s): GCPC - Global Citizens Project Course

Restriction(s):

Consent of Instructor or Department Permit Required

UN SDG(s):

SD04 - Quality Education
SD16 - Peace

MUE 3414 - Creative Performance Chamber Ensemble

Credit(s): 1

This course will provide students opportunities to apply concepts of informal learning, gained through various course work, in a non-traditional, student directed, music education performance setting. The course is repeatable for a total of four credits.

Prerequisite(s): MUE 2090.

Corequisite(s): MUE 3424

MUE 3415 - Creative Performance Chamber Ensemble II

Credit(s): 1

This course will provide students opportunities to apply concepts of informal learning, gained through various course work, in a non-traditional, student directed, music education performance setting.

Prerequisite(s): MUE 3414

Corequisite(s): MUE 3425

Restriction(s):

Permit Required

Other Information: Course repeatable up to 4 times.

MUE 3421 - Choral Techniques

Credit(s): 1

A study of choral materials in a laboratory setting appropriate to elementary and secondary school music programs. Course content will change each semester.

MUE 3422 - Wind Techniques

Credit(s): 1

A two-semester sequence intended to equip music education students with basic performance, pedagogical, and rehearsal techniques, applicable to brass and woodwind instruments and ensembles.

Prerequisite(s): MUG 3104

MUE 3423 - String Techniques

Credit(s): 1

A study of orchestra materials, in a laboratory setting, appropriate to elementary and secondary school music programs. Course content will change each semester.

Restriction(s):

Consent of Instructor or Department Permit Required

MUE 3424 - Progressive Music Education Methods I

Credit(s): 3

This course will provide students a grounding in methods for music education settings outside the traditional general, band, choir and string programs.

Prerequisite(s): MUE 2090

Corequisite(s): MUE 3414

MUE 3425 - Progressive Music Education Methods II

Credit(s): 3

This course will provide students a further grounding in methods for music education settings outside the traditional general, band, choir and string programs.

Prerequisite(s): MUE 3424.

Corequisite(s): MUE 3415

MUE 3475 - Percussion Techniques

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 1

Introduction to percussion pedagogy for the music educator.

MUE 3691 - Introduction to Technology for Music Educators**Credit(s): 3**

This course is designed as an introduction to computer technology and its role in teaching and learning processes. Topics include educational software and applications, ethical and social issues and models for integrating technology into instruction.

Restriction(s):

Permit Required

MUE 4311 - General Music Methods**Credit(s): 3**

This course will consist of theoretical and practical information in teaching General Music PreK-12. It will include approaches and methodologies from the USA and internationally.

Course Attribute(s): GCPC - Global Citizens Project Course

Prerequisite(s): MUE 2090

Restriction(s):

Majors Only
Permit Required

UN SDG(s):

SD04 - Quality Education
SD16 - Peace

MUE 4331 - Choral Methods**Credit(s): 3**

Development and implementation of methods techniques for teaching secondary school choral music.

Restriction(s):

MUE 4480 - Marching Band Methods**Credit(s): 2**

This course is designed for students who are planning to be high school or college band directors and will be in charge of running a marching band. Students will arrange music, write drill, and cover other important marching band topics.

MUE 4854C - Global Music Pedagogy in Local Context**Credit(s): 3**

Explore global musical traditions and their local social contexts. Reflect on Western musical values and global music traditions. Awareness of and respect for competing values. Design pedagogical approaches involving civic engagement and social action.

Course Attribute(s): CLB - Collaborative Learning, GCPC - Global Citizens Project Course, TGEE - Ethical Reasoning and Civic Engagement

Restriction(s):

Majors Only
Permit Required

UN SDG(s):

SD04 - Quality Education
SD10 - Reduced Inequality
SD16 - Peace

MUE 4930 - General Music Pedagogy**Credit(s): 3**

Designed to provide students with an in-depth understanding of music education pedagogies (approaches and methods) focused upon Dalcroze, Orff, Kodaly, Feierabend, and Gordon. This is an active participatory course in which students will differentiate different approaches/methods and then be expected to demonstrate proficiency through teaching presentations and a 10-week pre-internship experience (1 hour per week).

Prerequisite(s):

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

All students are required to have successfully completed MUE 4311 with a "C" or better, prior to the start of this course.

UN SDG(s):

SD04 - Quality Education

MUE 4936 - Senior Seminar in Music Education

Credit(s): 1

Synthesis of teacher candidate's courses in complete college program. Required concurrently with internship.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

Corequisite(s): MUE 4940

Restriction(s):

Consent of Instructor or Department
Majors Only
Permit Required
Senior Standing

MUE 4940 - Internship: Music Education

Credit(s): 3-11

One full semester of internship in public or private elementary and secondary schools.

Course Attribute(s): CPST - Capstone Learning Experience, INT - Internship, TGEH - High Impact Practice

Corequisite(s): MUE 4936

Restriction(s):

Majors Only

Other Information: Not Repeatable

MUE 4941 - Global Awareness Music Education Internship

Credit(s): 3-6

The Global Awareness Music Education Internship will be a four-week intensive summer experience where music education students are assigned to work with one Musical Futures teacher in a k-12 school setting.

Prerequisite(s): MUE 3424 and MUE 3425

Restriction(s):

Permit Required

MUG 3104 - Basic Conducting

Credit(s): 2

The study and practical application of basic conducting techniques. Development of skills related to the conducting of musical scores.

Restriction(s):

Consent of Instructor or Department
Permit Required

MUG 3108 - Advanced Conducting

Credit(s): 2

Provides USF music education majors with a competency-based lab experience in conducting while placing an emphasis on developing advanced skills necessary to lead an ensemble in rehearsal and performance. Restricted to Music Education Majors.

Prerequisite(s): MUG 3104.

MUG 4302 - Instrumental Conducting

Credit(s): 2

A study of those techniques of conducting unique to instrumental music ensembles: baton technique, score reading, terminology, rehearsal management.

Prerequisite(s): MUG 3404

Restriction(s):

Consent of Instructor or Department
Permit Required

MUH 2020 - The History of Blues and Rock

Credit(s): 3

A study of the history of rock music: its roots, regions and countries of origin, evolution, styles, influences, social/cultural context, etc. Blues and rock are particularly American forms of music, but they reflect ancient practice as well.

Course Attribute(s): CAFA - Fine Arts, HHCP - Human Historical Context & Process

MUH 2051 - Folk and Traditional Music of World Cultures

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

A comparative survey of the stylistic traits and functions of folk and traditional music, both sacred and secular, of diverse Western and non-Western cultures. For non-majors and music education majors; may be taken by applied music majors.

Course Attribute(s): CAFA - Fine Arts, GCPC - Global Citizens Project Course

UN SDG(s):

SD04 - Quality Education
SD11 - Sustainable Cities-Communities

MUH 3016 - Survey of Jazz**Credit(s): 3**

This course introduces undergraduate students to Jazz music. Students will study historical, cultural and social issues associated with the evolution of jazz music and learn to hear and discern specific musical traits found in jazz music.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CAFA - Fine Arts, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

Restriction(s):

Non-Majors Only

MUH 3300 - Music History/Medieval and Renaissance**Credit(s): 2**

Required of music majors; a study of the historical development of musical styles of the Medieval and Renaissance periods and of the music of those periods.

Restriction(s):

Consent of Instructor or Department
Permit Required

MUH 3301 - Music History/Baroque and Classic**Credit(s): 3**

A study of the historical development of musical styles of the Baroque and Classic periods and of the music of those periods.

Restriction(s):

Consent of Instructor or Department
Permit Required

MUH 3302 - Music History/Romantic and 20th Century**Credit(s): 3**

A study of the historical development of musical styles of the Romantic and Twentieth Century eras and of the music of those periods.

Restriction(s):

Consent of Instructor or Department
Permit Required

MUH 4003 - History of Musical Instruments**Credit(s): 3**

A comparative survey of the historical development and characteristics of musical instruments throughout the world.

Prerequisite(s): MUH 2051, OR MUH 3300, OR MUH 3301, OR MUH 3302 all with a minimum grade of C.

MUH 4058 - Intercultural Music in the Twentieth Century**Credit(s): 3**

An in-depth investigation of composers born after c. 1880, from all parts of the world, who have attempted to integrate elements from two or more cultures into their compositions.

Prerequisite(s): MUH 2051

Restriction(s):

Consent of Instructor or Department
Permit Required

MUH 4801 - History of Jazz**Credit(s): 3**

An in-depth study of the historical development of Jazz, including the representative musical literature and sociological implications.

Prerequisite(s): MUT 1112

Restriction(s):

Consent of Instructor or Department
Permit Required

MUL 2010 - Music and Culture

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

This course is intended to expose students to a variety of music and musical experiences through lecture, discussion, and direct experience involving critical listening. Students will enhance their awareness of the various elements, origins, and developments in music, as well as enrich critical thinking skills related to evaluating music. Students will prepare critiques of music performances in writing. By the end of the course, the student should have the background for appreciating the major genres of music, as well as having an enhanced ability to appreciate the various primary elements of any musical creation and /or performance.

Course Attribute(s): 6AC - State

Communication Requirement, 6ACM - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, SGEH - General Education Core Humanities, SMEL - General Education Elective, SMHU - Humanities, SPHU - Humanities

MUL 3001 - Issues In Music**Credit(s): 3**

This class offers a unique opportunity to address and critically analyze current and historical trends within the popular music recording and publishing industry. The course will also emphasize the importance of consumer awareness and responsibility.

Course Attribute(s): 6AC - State

Communication Requirement, 6ACT - State Communication Requirement, TGEI - Information and Data Literacy

Restriction(s):

Non-Majors Only

MUL 3011 - Western Art Music in Your Life**Credit(s): 3**

A study in the art of music and its materials, designed to develop an understanding of basic principles of music and a technique for listening to music.

Course Attribute(s): CAFA - Fine Arts**Restriction(s):**

Non-Majors Only

MUN 1100 - University Pep Band and Winter Guard**Credit(s): 1-3**

To provide performance experiences with the USF Pep Band and Winter Guard. It is open to any major area. Auditions are required for the Winter Guard and members of the Pep Band who did not march in the Fall.

Prerequisite(s): Auditions for Pep Band are required for students who did not march in the Fall. Auditions for Winter Guard are required for all members.

Other Information: The course is repeatable for 5 credit hours.

MUN 1110 - University Marching Band**Credit(s): 1-3**

This course provides performance experiences with the Marching Band. The course is open to any major area.

MUN 1120 - Concert Band**Credit(s): 1**

The concert band provides music majors and non-major enthusiasts the opportunity to rehearse and perform quality wind band literature under the direction of multiple conductors. The course can be taken multiple years for one credit each time.

MUN 1439 - Tuba-Euphonium Ensemble**Credit(s): 1**

Course is a vital/required performance outlet for all USF tuba/euphonium majors. Repertoire & class size provide for personalized instruction/dynamic musical growth. Non-majors may enroll. Course is repeatable for credit- total 8 credits

MUN 3113 - Marching Ensemble for Experienced Members**Credit(s): 0**

Participation in the USF Marching Band. Performances at all home football games, select away football games and various exhibitions and community performances throughout the semester.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): 2 semesters of MUN 1110

Restriction(s):

Consent of Instructor or Department
Permit Required

Other Information: Repeatable for no more than 2 years.

MUN 3133 - Symphonic Band

Credit(s): 1

The Symphonic Band fosters the highest performance standards of wind and percussion literature. Although made up primarily of music majors, the course is open to all university students by comprehensive auditions. It is repeatable for up to 8 credits.

MUN 3143 - Wind Ensemble

Credit(s): 1

Open to all university students with the necessary proficiency in their performing media; study and performance of music for large combinations of voices, string, woodwind, brass, or percussion instruments.

Restriction(s):

Consent of Instructor or Department
Permit Required

MUN 3213 - University Orchestra

Credit(s): 1

Open to all university students with the necessary proficiency in their performing media; study and performance of music for large combinations of voices, string, woodwind, brass, or percussion instruments.

Restriction(s):

Consent of Instructor or Department
Permit Required

MUN 3313 - University Singers

Credit(s): 1

Open to all university students with the necessary proficiency in their performing media; study and performance of music for large combinations of voices, string, woodwind, brass, or percussion instruments.

Restriction(s):

Consent of Instructor or Department

Permit Required

MUN 3343 - Chamber Singers

Credit(s): 1

Open to all university students with the necessary proficiency in their performance media; study and performance of music for small combinations of voices, string, woodwind, brass, or percussion instruments, and piano.

Restriction(s):

Consent of Instructor or Department
Permit Required

MUN 3383 - University-Community Chorus

Credit(s): 1

Open to all university students with the necessary proficiency in their performing media; study and performance of music for large combinations of voices, string, woodwind, brass, or percussion instruments.

Restriction(s):

Consent of Instructor or Department
Permit Required

MUN 3411 - String Quartet

Credit(s): 1

Open to all university students with the necessary proficiency in their performance media; study and performance of music for small combinations of voices, string, woodwind, brass, or percussion instruments, and piano.

MUN 3424 - Woodwind Quintet

Credit(s): 1

Open to all university students with the necessary proficiency in their performance media; study and performance of music for small combinations of voices, string, woodwind, brass, or percussion instruments, and piano.

Restriction(s):

Consent of Instructor or Department

MUM 2050 - Introduction to Entrepreneurship in Music

Credit(s): 3

This course provides the basic knowledge and hands-on experience necessary to navigate and craft innovative career paths in the changing musical world.

Today's landscape for professional music careers is rapidly changing and diversifying. Music is ubiquitous and consumed by all peoples, but graduates of schools of music, well-trained in traditional music, often lack skills to craft effective career paths to produce, distribute, and educate audiences. Charting this vast field of opportunity requires knowledge, imagination, and motivation. This course is designed to provide the basic knowledge and experience necessary to become creative entrepreneurs as music educators, performers, producers, marketers, managers, and other adaptive careers.

MUS 2010 - Recital Attendance

Credit(s): 0

BA students must pass the course 4 times, BS students 5 times, and BM students 6 times. A passing grade (S) requires a minimum of 7 attendances per semester. Only performances sponsored by the School of Music will count toward Recital Attendance.

Restriction(s):

S-U Grade System

MUS 2201 - Language Diction For Singers

Credit(s): 1

Specialized study in Language Diction for Singers. Specific language varies, to be arranged at each course offering.

Restriction(s):

Consent of Instructor or Department
Permit Required

MUS 2301 - Beat Making and Arranging

Credit(s): 3

This course is to help students along the way at various stages of their beat-making recording and production process.

MUS 2302 - Hip Hop and Vocal Songwriting

Credit(s): 3

We will be creating a rap song this semester. You will explore different Hip Hop themes and find music that speaks to your interest. Topics will emerge from our listening sessions and unfold organically over the course of the semester.

MUS 2304 - Intro to DJ

Credit(s): 3

This course will create opportunities for students to learn the basic techniques of playing pre-recorded music using turntables and DJ software.

MUS 3351 - Commercial Music Techniques

Credit(s): 1

In this course, students will learn basic performance techniques on a variety of instruments. With this basic grounding, students should be able to independently continue their instrument study in order to meet their own personal goals.

MUS 3352 - Seminar in Commercial Music

Credit(s): 3

This seminar course is designed to explore the world of commercial music, including its history, development, and impact on the music industry. Through a series of lectures, discussions, and listening exercises, students will gain a deeper

ALL COURSES LISTING

NSC 1101L - Naval Science Laboratory

Credit(s): 0

A weekly two-hour laboratory covering professional and military subject matter. Attendance is mandatory for all midshipmen.

NSC 1110 - Introduction to Naval Science

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Emphasis on the mission, organization, regulations and components of the U.S. Navy and Marine Corps.

NSC 1140 - Sea Power and Maritime Affairs

Credit(s): 3

This course deals with the importance of seapower in historical events, including emphasis on worldwide political-military confrontations following the cold war.

NSC 2121 - Naval Ships Systems I

Credit(s): 3

Types, structures & purpose of naval ships. Hydrodynamic forces, stability, compartmentalization, electrical, & auxiliary systems. Theory of design & operation of steam turbine, gas turbine, & nuclear propulsion plants. Shipboard safety & firefighting.

NSC 2212C - Navigation/Naval Operations I: Navigation

Credit(s): 3

Piloting and celestial navigation theory, principles, and procedures. Tides, currents, weather, use of navigation instruments and equipment, and practicum. Laboratory required.

NSC 2220 - Evolution of Warfare

Credit(s): 3

A survey of military history emphasizing principles of warfare, strategy and tactics, and significant military leaders and organizations.

NSC 2231 - Principles of Naval Management I

Credit(s): 3

Theory and principles of management, focusing on the officer-manager as an organizational decision maker. Includes interpersonal skills, behavior factors, and group dynamics.

NSC 3123 - Naval Ships Systems II

Credit(s): 3

Capabilities and limitations of fire control systems and weapons, radar and underwater sound for

target acquisition, threat analysis, tracking, weapons selection, delivery, and guidance. Various aspects of explosives, fusing and Naval ordnance.

Prerequisite(s): NSC 2121.

NSC 3214C - Navigation/Naval Operations II: Seamanship and Ship Operations

Credit(s): 3

International and inland rules of the road; relative motion-vector analysis; ship handling, employment, and tactics, afloat communications; and operations analysis. Laboratory required.

Prerequisite(s): NSC 2212C.

NSC 3225 - Fundamentals of Maneuver Warfare

Credit(s): 3

This course analyzes the United States Marine Corps as the overarching case study for the advent of maneuver warfare.

Restriction(s):
Permit Required

NSC 4224 - Amphibious Warfare

Credit(s): 3

History of amphibious warfare emphasizing doctrine and techniques as well as an understanding of the interrelations of political, strategic, operational, tactical, and technical levels of war from the past.

NSC 4232 - Principles of Naval Management II (Leadership and Ethics)

Credit(s): 3

Integration of professional competencies and qualities of effective leadership with emphasis on moral and ethical responsibilities, accountability, communications and military law for the junior officer.

Prerequisite(s): NSC 2231.

NSP 3147 - Web-Based Education for Staff Development

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

This course provides the learner with the knowledge and skills to facilitate the development of web-based educational materials for nursing and healthcare staff.

NSP 3640 - Introduction to Military and Veteran Healthcare**Credit(s): 3**

This course will provide an introduction to the military/veteran culture and the healthcare needs and concerns related to this unique population.

NSP 3667 - Introduction to Global Health**Credit(s): 3**

This course provides an overview of global health focusing on public/population health promotion and chronic/acute disease prevention and management. Evidence-based and basic epidemiological principles are presented throughout the course.

Course Attribute(s): 6AC - State Communication Requirement, GCPC - Global Citizens Project Course, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

UN SDG(s):

SD03 - Good Health and Well-being
SD10 - Reduced Inequality

NSP 3875 - Digital Health**Credit(s): 3**

Students will explore Digital Health technologies and their use in meeting consumer needs. The course emphasizes empowering patients and consumers to safely obtain information, services, and support through effective use of communication technologies.

Course Attribute(s): 6AC - State Communication Requirement, TGEI - Information and Data Literacy

NSP 4095 - Registered Nurse First Assistant Course**Credit(s): 3**

This course will provide a foundation of knowledge and technical skills necessary for the experienced preoperative registered nurse to

function in the role of registered nurse first assistant (RNFA).

NSP 4148 - Simulation for Nursing Practice**Credit(s): 3**

This course is designed to explore the knowledge, skills, and competencies needed to develop, implement and evaluate the integration of simulation into nursing curriculum. It examines the educational theories and simulation framework.

NSP 4545 - Substance Abuse Across the Lifespan**Credit(s): 3**

Introduction to concepts of substance abuse and theories of addiction. The applicability of theories and concepts of substance use/abuse to clinical assessment, diagnosis and intervention with client populations across the lifespan is explored.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

NSP 4614 - Preventative Cardiology for Healthcare Professionals**Credit(s): 3**

This course focuses on knowledge and evidence-based guidelines for prevention and management of modifiable risk factors for atherosclerotic cardiovascular disease and is appropriate for individuals with knowledge of pathophysiology and pharmacology.

NSP 4880 - Foundations of Healthcare QI & Patient Safety**Credit(s): 3**

Provides foundational principles, concepts and methods for promoting and improving healthcare quality and patient safety at the micro-, meso-, and macro-system levels with a focus on application at the micro-system level.

Prerequisite(s): NUR 4828C with a minimum grade of C

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

NUR 3026 - Patient Centered Care: Essentials of Nursing Practice

Credit(s): 3

The focus will be on professional nursing techniques for patients of various cultures. Concepts will include the nursing process, safety, quality care, intraprofessional education, therapeutic communication, and health promotion.

Course Attribute(s): GCPC - Global Citizens Project Course

Corequisite(s): NUR 3026L

UN SDG(s):
SD03 - Good Health and Well-being

NUR 3026L - Patient Centered Care: Essentials of Nursing Practice Clinical

Credit(s): 2

Focus is to provide the student with experience in the promotion of wellness and prevention of illness in the clinical arena. Students will provide safe clinical care and therapeutic communication with clients in selected settings.

Corequisite(s): NUR 3026

Restriction(s):
S-U Grade System

NUR 3027L - Patient Centered Care: Essentials of Nursing Practice Lab

Credit(s): 1

Focuses on preparing students for clinical experiences by developing foundational nursing skill techniques in the laboratory that will be used to provide safe and effective patient centered care to patients from all cultures.

Corequisite(s): NUR 3026, NUR 3026L

Restriction(s):
S-U Grade System

NUR 3066 - Health Assessment, Wellness, and Prevention Across the Life Span

Credit(s): 2

Focus is on physical assessment and health promotion of individuals across the lifespan. Included are the use of techniques and

instruments necessary for the examination, as well as wellness promotion initiatives.

Corequisite(s): NUR 3066L

NUR 3066L - Health Assessment, Wellness, and Prevention Across the Life Span Lab

Credit(s): 1

Physical application of the techniques and instruments necessary for the examination of infants, children and adults. Included are models of wellness and health promotion of individuals across the lifespan.

Corequisite(s): NUR 3066

Restriction(s):
Majors Only
S-U Grade System

Other Information: Nursing major

NUR 3078 - Information Technology Skills for Nurses

Credit(s): 1

Introduction to information technology in order to enhance efforts and improve communication in the classroom and workplace environment. Focuses on developing technical skills and knowledge.

Corequisite(s): NUR 3805.

NUR 3081 - Bridge to Professional Nursing

Credit(s): 4

This course assists in transitioning military medic/corpsmen to professional registered nursing practice. Addresses clinical reasoning and communication skills when applying concepts of health to nursing needs of individuals/families across the lifespan.

NUR 3081L - Bridge to Professional Nursing Practice

Credit(s): 2

Facilitates transition from military medic/corpsman to clinical nursing practice using nursing process. Provides opportunities to apply clinical reasoning and therapeutic communication

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

skills in meeting nursing needs of individuals and families.

NUR 3125 - Pathophysiology for Nursing Practice

Credit(s): 3

This course will provide students with an understanding of pathophysiological concepts and the clinical presentation in humans across the lifespan including genetic, and sociocultural and environmental influences on the expression of disease and injury.

Restriction(s):

Majors Only

NUR 3145 - Pharmacology in Nursing Practice

Credit(s): 3

Builds on foundation of liberal arts and sciences. Focuses on the concepts of pharmacology essential to generalist nursing practice. Emphasizes quality and safety in preventing, monitoring, and managing the effects of pharmacotherapeutic agents.

Restriction(s):

Majors Only

NUR 3225 - Complex Health Nursing I

Credit(s): 4

This course focuses on using person-centered care principles to cultivate clinical judgment and provide evidence-based nursing care to achieve improved health outcomes and quality of life in adults with complex chronic illnesses. The Chronic Care Model (CCM), multidisciplinary care, and current therapeutic modalities and chronic disease management for selected conditions are explored.

Prerequisite(s): NUR 3026 with a minimum grade of C, NUR 3026L with a minimum grade of S

Corequisite(s): NUR 3225L

NUR 3225L - Complex Health Nursing I Clinical

Credit(s): 3-4

This course provides the necessary skills and experiences to use the nursing process, demonstrate clinical judgment, and provide

evidence-based care in collaborative partnerships with adults and families living with complex chronic illnesses to prevent negative sequelae. Integrates principles of biobehavioral health, communication, information management, and self-care management in healthcare settings focused on secondary prevention.

Prerequisite(s): NUR 3026 with a minimum grade of C, NUR 3026L with a minimum grade of S

Corequisite(s): NUR 3225

NUR 3678 - Nursing Healthcare for Vulnerable Populations

Credit(s): 3

The course focuses on the cultural aspects of providing health-related care through experiential analysis of a selected program designed to serve a vulnerable population either here or abroad.

NUR 3805 - Nursing as a Profession

Credit(s): 3

Focus is on knowledge needed for the professional nurse to be an effective member of the healthcare team.

Restriction(s):

Majors Only

Other Information: Nursing major

NUR 3825 - Introduction to the Profession of Nursing

Credit(s): 2

Focus is on initial knowledge needed for the professional nurse to be an effective member of the healthcare team. These include the history of nursing, definition of nursing, ethics, values, professionalism and healthcare in the United States.

NUR 3826 - Ethical/Legal Aspects in Nursing and Healthcare

Credit(s): 3

Exploration of contemporary bioethical and legal issues confronting health care providers. Focuses on reflection and discourse of ethical legal principles underlying the decision-making processes to enhance application of professional excellence.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Restriction(s):
Majors Only

Other Information: Nursing major

NUR 4069 - Health Assessment for Registered Nurses

Credit(s): 3

This course builds on the RN's previous knowledge and clinical expertise in developing health and physical assessment skills. The emphasis is on the analysis and synthesis of health assessment data as a basis for patient teaching.

NUR 4128 - Pathophysiology/Pharmacology

Credit(s): 3

Updates pathophysiological and pharmacological concepts critical to clinical decision making in nursing. Focuses on commonly occurring disease processes.

NUR 4165 - Evidence-Based Practice

Credit(s): 3

This course provides the foundations of clinical inquiry, research methodology and critical appraisal in the synthesis of research findings for application in evidence-based nursing practice.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

Restriction(s):
Majors Only

NUR 4169C - Evidence-Based Practice for Bacc Prepared Nurse

Credit(s): 3

This course provides the foundations of clinical inquiry, research methodology and critical appraisal in the synthesis of research findings for application in evidence-based nursing practice.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State

Communication Requirement, WRIN - Writing Intensive Capstone

NUR 4227 - Complex Health Nursing II

Credit(s): 4

Integrate biopsychosocial models of nursing care management and clinical judgment for the adult patient experiencing primary threats to physiological integrity due to acute complex health disorders.

Prerequisite(s): NUR 3225 with a minimum grade of C, NUR 3225L with a minimum grade of S

Corequisite(s): NUR 4227L

NUR 4227L - Complex Health Nursing II Clinical

Credit(s): 3-4

Focus is on student clinical experiences for care clients and families with acute complex health disorders in the adult population. Emphasis is on application of safe, evidence-based, person-centered care and evaluation of healthcare outcomes

Prerequisite(s): NUR 3225 with a minimum grade of C, NUR 3225L with a minimum grade of S

Corequisite(s): NUR 4227

NUR 4285 - Healthy Aging: Nursing Care of Older Adults

Credit(s): 2

This course focuses on the development & mastery of gerontology core competencies as identified as essential components of baccalaureate nursing ed necessary to provide holistic, evidence-based, & patient-centered care to the older adult population.

NUR 4467 - Nursing Care of Women, Children, and Families

Credit(s): 4

Students will learn about the care of the family during the childbearing, parenting, and child developmental phases. The nursing care of the childbearing family will be explored within the social, cultural and community context.

injury, promote health and wellness across diverse populations.

Prerequisite(s): NUR 4227 with a minimum grade of C, NUR 4227L with a minimum grade of S

Corequisite(s): NUR 4635

NUR 4636L - Community/Public Health Nursing Clinical

Credit(s): 3

The course provides clinical learning experiences in community-based sites in both urban and rural settings. Focuses on nursing care designed to prevent and/or reduce risk of disease and injury, promote health and wellness, and to diverse populations across the age spectrum.

NUR 4690 - Introduction to Ambulatory Care Nursing

Credit(s): 3

This course examines the nurses role in ambulatory care settings exploring the organizational, professional, clinical knowledge, and skills necessary to facilitate health and navigate the current health care system.

NUR 4827 - Role Transition and Leadership in Nursing

Credit(s): 2

Professional development and role transition of Baccalaureate graduates entering professional nursing practice focusing on principles of leadership and management applied to health care settings.

NUR 4828C - Essentials of Healthcare Leadership and Management

Credit(s): 3

Overview of leadership essentials, organizational theories and strategies required in complex, patient-centered healthcare environments, including communication, quality/safety, ethics, and inter-professional practice incorporating community engagement.

Course Attribute(s): CEL - Community Engaged Learning, TGEH - High Impact Practice

Prerequisite(s): NUR 3805 with a minimum grade of C

NUR 4850 - Fundamentals of Healthcare Finance for Nurses and Nurse Leaders

Credit(s): 3

This course provides the nurse and nurse leader with fundamental knowledge and tools to promote fiscal accountability and effective healthcare.

Prerequisite(s): NUR 4828C, with a minimum grade of C

NUR 4888 - Coordination of Care in Nursing

Credit(s): 2-3

Complexity of patient care requires multiple providers across settings. Effective coordination of care and transition management improves outcomes and contributes to high value care. Focus is on care coordination emphasizing collaboration and teamwork.

NUR 4895 - Educational Role of the Nurse in Healthcare

Credit(s): 3

The focus of this course is to prepare the nurse as a patient educator by providing the foundation in the principles of teaching and learning as it relates to diverse patient populations.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD03 - Good Health and Well-being
SD05 - Gender Equality

NUR 4935 - Selected Topics In Nursing

Credit(s): 1-3

Content will depend upon student demand and faculty interest and may focus on any area relevant to nursing practice. May involve class, seminar, and/or clinical laboratory.

Restriction(s):

Junior Standing
Senior Standing

NUR 4937 - Nursing Seminar

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

The course focuses on an exploration of variable specialized nursing topics to enhance entry-level transition to practice. Additional focus includes individualized NCLEX-RN preparation and test-taking strategies.

NUR 4948L - Preceptorship

Credit(s): 6

Individually contracted clinical practicum collaboratively planned by students, faculty, and agency personnel. Opportunity to synthesize theory and clinical practice for professional nursing.

Course Attribute(s): TGEH - High Impact Practice, INT - Internship

Prerequisite(s): NUR 4227 with a minimum grade of C, NUR 4227L with a minimum grade of S

Restriction(s):

Majors Only
S-U Grade System

Other Information: Restrictions:

College Include: Nursing (USF)
Access - Majors ONLY – NUR, SBN, VCA

OCB 3108 - Marine Field Studies

Credit(s): 4

A field course introducing students to marine biological field methods, biodiversity and key biotic/abiotic features of Florida coastal ecosystems. The course will involve travel around the state exploring the coral reefs, estuaries and the open ocean.

Prerequisite(s): BSC 2010 with a C- or better and BSC 2011 with a C- or better and CHM 2046 with a C- or better

Restriction(s):

Permit Required

OCB 3265 - Coral Reefs

Credit(s): 3

Biology of reef animals and reef ecology; emphasis on Florida and Caribbean reefs. Classroom instruction and observation of coral reef and turtle grass communities.

Prerequisite(s): BSC010 or BSC 2011, either with a minimum grade of C- or better.

OCB 4204 - Coral Reef Ecology

Credit(s): 3

This course explores the diversity and function of coral reef ecosystems. It focuses on ecological concepts, but also explores important aspects of the physiology & behavior of reef organisms and ends with a strong emphasis on conservation and management.

Prerequisite(s): BSC 3312 with a C- or better

OCE 2001 - Introduction to Oceanography

Credit(s): 3

This is a class in basic oceanography covering chemical (what is the sea made of), physical (tides, currents, waves), geological (ocean floor and coasts) and biological (all life in the oceans) aspects, and their interactions.

Course Attribute(s): CANP - Natural Sciences (Physical Science), CEL - Community Engaged Learning, SMEL - General Education Elective, SMNS - Natural Sciences, TGEH - High Impact Practice

OCE 4655C - Scanning Electron Microscopy

Credit(s): 4

Students will work on an individual project using both biological and non-biological specimens the student has prepared and imaged on the SEM instrument.

Restriction(s):

Junior Standing
Permit Required
Senior Standing

OCE 4930 - Selected Topics in Marine Science

Credit(s): 1-3

Selected topics in marine science including marine biology, marine chemistry, marine geology and geophysics, physical oceanography, and interdisciplinary topics relating to marine environments.

ORI 3004 - Communication as Performance

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Designed to develop an understanding of performance as a communicative process and as a method through which to study communication. This course emphasizes the ways performance communicates social, cultural, and political perspectives and identities.

ORI 4019 - Performing Identity and Culture**Credit(s): 3**

Focuses on theory and practice of identity and culture as performed in ritual, community, and aesthetic contexts.

Course Attribute(s): GCPC - Global Citizens Project Course

Restriction(s):
Majors Only

Other Information: Non-Majors by permit only. Not repeatable for credit. **UN SDG(s):**

SD05 - Gender Equality
SD10 - Reduced Inequality

ORI 4150 - Performing Nonfiction**Credit(s): 3**

Explores the genre of nonfiction, including diaries, memoirs, travelogues, new journalism, personal essays, and weblogs, through performance.

Restriction(s):
Majors Only

Other Information: Non-Majors by permit only. Not repeatable for credit.

ORI 4220 - Performing Young Adult Literature**Credit(s): 3**

Performance of literature written for young adults with an emphasis on cultural values and beliefs.

Prerequisite(s): ORI 3004 min grade C

Restriction(s):
Majors Only

Other Information: Non-Majors by permit only. Not repeatable for credit.

ORI 4310 - Group Performance of Literature**Credit(s): 3**

Designed to introduce the student to and give experience in various forms of group approaches to performance.

ORI 4320 - Writing for Performance**Credit(s): 3**

Explores the intersection of writing and performance as aesthetic and communicative practices.

Restriction(s):
Majors Only

Other Information: Non-Majors by permit only. Not repeatable for credit.

ORI 4410 - Performance Art**Credit(s): 3**

Explores history, criticism, and practice of performance art as a genre of performance.

Restriction(s):
Majors Only

Other Information: Non-Majors by permit only. Not repeatable for credit.

ORI 4460 - Performing Relationships**Credit(s): 3**

Explores interpersonal, organizational, and intercultural theories of human relationships as realized in literary texts through performance.

Restriction(s):
Majors Only

Other Information: Non-Majors by permit only. Not repeatable for credit.

ORI 4461 - Listening and Performance**Credit(s): 3**

This class focuses on listening as a performance, or as a fully embodied act of engaging the world and others in a *multi-sensory and multi-modal practice*. In this class, listening is broadly understood and approached as a cultural,

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

contextual, and relational act that relies on and uses all of the senses together. In the class students will engage in listening as a performance by creating a variety of listening performances.

UN SDG(s):

SD10 - Reduced Inequality

ORI 4931 - Performance and Video

Credit(s): 3

This course features adaptation, direction, and performance of literature for video productions.

OSE 4601 - Optical Product Technology

Credit(s): 3

Overview of the operating principles, design, and construction of a broad range of optically-based products, such as: lamps, cameras, displays/monitors, night vision, cloaking, bar codes, rangefinders, locks, etc. Aimed at mechanical engineering seniors.

Prerequisite(s): EML 3500, EGN 3343, both with a minimum grade of C or better

PAD 3003 - Introduction to Public and Community Service

Credit(s): 3

Examination of policy design and implementation, organizational behavior and change, public management, financial administration, and personnel management in the context of public service and community leadership.

Course Attribute(s): CEL - Community Engaged Learning, GCPC - Global Citizens Project Course, TGEE - Ethical Reasoning and Civic Engagement

UN SDG(s):

SD04 - Quality Education
SD08 - Decent Work
SD09 - Industry
SD10 - Reduced Inequality
SD11 - Sustainable Cities-Communities
SD17 - Partnerships

PAD 4144 - Nonprofit Organizations and Public Policy

Credit(s): 3

Role and importance of third sector (voluntary) organizations in American society; focus on public policy through service in a voluntary organization.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

PAD 4204 - Public Financial Administration

Credit(s): 3

Analysis of problems in the growth and development of public budgetary theory and Federal budgetary innovations.

PAD 4415 - Personnel & Supervision in Today's Diverse Organizations

Credit(s): 3

Introduces students to concepts, principles and practices of personnel management and supervision that influence the attainment of desired performance goals in today's public and not-for profit organizations. Course participants will explore issues that influence the successful management of human resources in dynamic employment settings.

PAD 4712 - Managing Information Resources in the Public Sector

Credit(s): 3

Introduces students to the fundamental concepts, theories, principles and practices in public information management. Internet access is required.

PAD 4930 - Selected Topics in Public Administration and Public Policy

Credit(s): 3

Selected issues and topics in Public Administration and Public Policy with course content based on student demand and instructor's interest. May be repeated for up to 6 credits as topics vary.

PCB 3023 - Cell Biology

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Cell Biology is the study of living properties of cells and encompasses a broad area of the life sciences that includes cellular physiology and life cycle, organelle structure and function, and biomolecular structure and function.

Prerequisite(s): BSC 2010 with a C- or better and BSC 2010L with a C- or better and CHM 2046 with a C- or better

Corequisite(s): CHM 2210

PCB 3023L - Cell Biology Laboratory**Credit(s): 1**

Laboratory portion of Cell Biology. Metabolic processes within the cell.

Prerequisite(s): PCB 3023 with a C- or better (Concurrent: Y)

CoPrerequisite(s): PCB 3023.

PCB 3043 - Principles of Ecology**Credit(s): 3**

An introduction to the basic principles and concepts of ecology at the ecosystem, community, and population level of organization. Lecture only.

Prerequisite(s): BSC 2010 with a C- or better and BSC 2010L with a C- or better and BSC 2011 with a C- or better and BSC 2011L with a C- or better and CHM 2046 with a C- or better

PCB 3043L - Principles of Ecology Laboratory**Credit(s): 1**

Laboratory portion of PCB 3043, Principles of Ecology.

Prerequisite(s): PCB 3043 with a C- or better (Concurrent: Y)

CoPrerequisite(s): PCB 3043.

PCB 3063 - General Genetics**Credit(s): 3**

Introduction to genetics including the fundamental concepts of Mendelian, molecular and population genetics. Lecture only.

Prerequisite(s): BSC 2010 with a C- or better and BSC 2010L with a C- or better and CHM

2046 with a C- or better

CoPrerequisite(s): CHM 2210.

PCB 3063L - General Genetics Laboratory**Credit(s): 1**

Laboratory investigation techniques in general genetics including Mendelian and non-Mendelian relationships, and gene interactions.

Prerequisite(s): PCB 3063 with a C- or better (Concurrent: Y)

CoPrerequisite(s): PCB 3063.

PCB 3306 - Stream Ecology**Credit(s): 3**

An introduction to the ecology of streams, abiotic influences on streams, and the diversity and adaptations of stream-dwelling organisms.

Prerequisite(s): BSC 2010, BSC 2011 and PCB 3043, all with a minimum grade of C- or better

PCB 3346C - Field Research Experience Abroad - Costa Rica**Credit(s): 3**

This course is a field research experience that takes place at biological research stations and preserves in Costa Rica.

Course Attribute(s): SMCD - Community Engagement & Diversity Pillar

Prerequisite(s): BSC 3453 with a minimum grade of C

PCB 3404 - Medicines of the Rainforest**Credit(s): 3**

This course examines the natural sources of medicinal compounds and their traditional use throughout history. It also provides a review of the approaches utilized in the development of therapeutic agents based upon these natural resources.

Course Attribute(s): CEL - Community Engaged Learning, GCPC - Global Citizens Project Course, TGEH - High Impact Practice

Prerequisite(s): CHM 2211 with a minimum grade of C and BSC 2010 with a minimum grade

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

of C

UN SDG(s):

SD03 - Good Health and Well-being
SD12 - Responsible Consumption
SD13 - Climate Action
SD14 - Life Below Water
SD15 - Life on Land

PCB 3712 - General Physiology

Credit(s): 3

Comparative analysis of animal structure and function: organ systems and activities of body tissue and organs. Functional responses of plants to both internal and environmental signals lecture only.

Prerequisite(s): BSC 2010 with a C- or better and BSC 2010L with a C- or better and BSC 2011 with a C- or better and BSC 2011L with a C- or better and CHM 2046 with a C- or better

PCB 3713L - General Physiology Laboratory

Credit(s): 1

Laboratory portion of General Physiology.

Prerequisite(s): PCB 3712 with a C- or better (Concurrent: Y)

CoPrerequisite(s): PCB 3712

PCB 4024 - Molecular Biology of the Cell

Credit(s): 3

This lecture-based course will focus on advanced principles of molecular cell biology with emphasis on protein structure and function in key cellular pathways. The course is suitable for majors/nonmajors.

Course Attribute(s): TGEH - High Impact Practice, UGR - Undergraduate Research

Prerequisite(s): PCB 3023 with a C- or better and PCB 3063 with a C- or better and MCB 3410 with a C- or better

PCB 4026 - Molecular Biology of the Gene

Credit(s): 3

This lecture-based course will provide fundamental knowledge of scientific concepts and principles of the molecular aspects of DNA

metabolism in pro- and eukaryotes for majors/nonmajors.

Prerequisite(s): PCB 3023 with a C- or better and PCB 3063 with a C- or better and MCB 3410 with a C- or better

PCB 4109 - Cancer Biology

Credit(s): 3

This course will provide a background in basic cancer biology, including genetics, cellular physiology and metabolism associated with cancer development. Aspects of drug therapy and discovery will be considered.

Prerequisite(s): PCB 3023 with a C- or better and PCB 3063 with a C- or better and MCB 3410

PCB 4234 - Principles of Immunology

Credit(s): 3

Emphasis is on organization and functions of vertebrate immune system. Basic cellular and molecular mechanisms of immune responses in health and disease are addressed as well as the principles and applications of immunological methods. Lecture only.

Prerequisite(s): PCB 3023 with a C- or better

PCB 4312 - Marine Ecosystem Dynamics

Credit(s): 3

Overview of the fundamental processes in the marine environment that drive biological production and regulate biological patterns in the ocean.

Prerequisite(s): BSC 3312 with a C or better

PCB 4315 - Marine Ecology

Credit(s): 3

Develop understanding of contemporary marine research. Topics include: reproductive strategies, deep-sea adaptations, biogeography, biodiversity studies, migrations, primary productivity, microbial loop, ecosystem diversity and marine conservation efforts.

Prerequisite(s): BSC 3312 with a C- or better

PCB 4334 - Ecosystem Ecology

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Examines concepts and applications in ecosystem ecology, such as the history of the ecosystem concept; environmental and biological controls on organic matter production and decomposition; biogeochemical cycling of energy, water, and nutrients among the atmosphere, soils, organisms, and aquatic systems; food web dynamics; ecosystem succession and landscape dynamics; and ecosystem resilience.

Prerequisite(s): PCB 3043 with a minimum grade of C-

UN SDG(s):

SD13 - Climate Action
SD14 - Life Below Water
SD15 - Life on Land

PCB 4402 - Disease Ecology**Credit(s): 3**

Introduction to the interdisciplinary field of disease ecology, and its importance and application in public health. Examination of host-pathogen interactions, and the influence of environmental and ecological factors on the spread of disease.

Prerequisite(s): BSC 2010 with a C or better and BSC 2011 with a C or better

PCB 4408 - Urban Ecology**Credit(s): 3**

Interrogates advanced concepts in ecology in the context of urban systems. The course examines flows of energy and matter through and in urban ecosystems; ecological populations, species interactions, food webs, and biodiversity in cities; interactions between urban and non-urban areas; and feedbacks among the social, ecological, and technological systems that shape urban resilience and human well-being.

Prerequisite(s): PCB 3043 with a minimum grade of C- OR PCB 3306 with a minimum grade of C- OR PCB 4315 with a minimum grade of C- OR PCB 4402 with a minimum grade of C- OR BSC 3312 with a minimum grade of C- OR BSC 3368C with a minimum grade of C- OR BSC 4052 with a minimum grade of C- OR BSC 4866 with a minimum grade of C- OR EVR 3874 with a minimum grade of C- OR EVR 4027 with a minimum grade of C- OR EVR 4163 with a minimum grade of C- OR EVR 4807 with a minimum grade of C-

UN SDG(s):

SD11 - Sustainable Cities-Communities
SD13 - Climate Action
SD14 - Life Below Water
SD15 - Life on Land

PCB 4522C - Experimental Genetics and Cell Biology**Credit(s): 3**

This course will teach students how to utilize and integrate concepts from genetics and cell biology in a research laboratory environment using current scientific literature, model organisms and molecular techniques.

Prerequisite(s): PCB 3023 with a C- or better and PCB 3063 with a C- or better and PCB 3023L with a C- or better or PCB 3063L with a C- or better

PCB 4663 - Human Genetics**Credit(s): 3**

A lecture-based course building upon principles introduced in Cell Biology and Genetics to explore advanced topics applied to human heredity and inherited disorders. Instruction includes problem solving, group activities, internet and individual projects.

Prerequisite(s): PCB 3023 with a C- or better and PCB 3063 with a C- or better

PCB 4674 - Organic Evolution**Credit(s): 3**

An introduction to modern evolutionary theory. Lecture on population genetics, adaptations, speciation theory, phylogeny, human evolution and related areas. Lec.-dis.

Prerequisite(s): BSC 2011 with a C- or better and PCB 3063 with a C- or better

PCB 4707 - Survival Physiology**Credit(s): 3**

Survival Physiology surveys a variety of environments and investigates their challenges to human survival. Human physiology, critical thinking, and collaborative learning will be emphasized. Additional course work will focus on research methods and scientific writing skills.

Course Attribute(s): CLB - Collaborative Learning, TGEH - High Impact Practice

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): PCB 3712 with a minimum grade of C-, or BSC 2093 with a minimum grade of C-.

Restriction(s):
Majors Only
Other

Other Information: Majors offered within the Department of Integrative Biology, with the expectation of Medical Biology. Please see an advisor.

PCB 4744 - Biomedical Physiology

Credit(s): 3

Detailed examination of mammalian physiology focusing on the cellular and molecular mechanisms that underlie and regulate physiological function.

Prerequisite(s): PCB 3023 with a C- or better

PCB 4812 - Venoms Poisons and Toxins

Credit(s): 3

An introduction to the science of toxinology that integrates concepts and details from various biological sub-disciplines. Emphasis is placed on the evolution of toxin diversity and includes toxic species, molecular motifs, and physiological effects. Other themes include toxins to therapeutics, first aid, antivenom production, and techniques for analysis.

Prerequisite(s): BSC 2010 with a minimum grade of C AND BSC 2011 with a minimum grade of C AND PCB 3063 with a minimum grade of C

UN SDG(s):
SD15 - Life on Land

PCB 4955 - USF Singapore Urban Ecology

Credit(s): 3

An introduction to urban ecology and the culture of Singapore. Emphasis will be placed on examining aspects of sustainability, biodiversity, and resource management through the lens of the unique geography, history, and ecology of Singapore.

Course Attribute(s): EDR - Education Abroad

Prerequisite(s): BSC 2010 with a minimum grade of C- or BSC 2011 with a minimum grade

of C-

UN SDG(s):

SD06 - Clean Water and Sanitation
SD07 - Affordable and Clean Energy
SD11 - Sustainable Cities-Communities

PEL 1121 - Golf I

Credit(s): 2

Introductory experience in the sport of golf. Fundamental skills, information, strategy, and participation.

Restriction(s):

S-U Grade System

PEL 1341 - Tennis I

Credit(s): 2

Introductory experiences in the sport of tennis. Basic skills, playing strategies, lecture, demonstration, and participation.

Restriction(s):

S-U Grade System

PEL 2122 - Golf II

Credit(s): 2

Continuation of PEL 1121. Emphasis on course play and refinement of strokes.

Restriction(s):

S-U Grade System

PEM 2131 - Weight Training

Credit(s): 2

Knowledge and techniques necessary for increasing muscle function. Assessment of status and development of a personal program

Restriction(s):

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

PEN 2136 - Skin & Scuba Diving

Credit(s): 2

Development of the essential skills and knowledge necessary for enjoying the sport of Skin & Scuba Diving. Correct utilization and care of equipment; emphasis on personal safety.

Restriction(s):

S-U Grade System

PET 3031 - Motor Behavior

Credit(s): 3

Study of the assessment, evaluation and motor development performance of children and adolescents and application of principles of motor skills acquisition in physical education instruction. Open to non-majors.

PET 3076 - Physical Activity in Diverse Populations

Credit(s): 3

The course is designed to assist students in developing an understanding of physical activity limitations, benefits and recommendations in diverse populations (youth, adolescents, older adults, pregnant women, people with disabilities, etc.).

Course Attribute(s): CEL - Community Engaged Learning, GCPC - Global Citizens Project Course, TGEE - Ethical Reasoning and Civic Engagement

Prerequisite(s): APK 4138C with a minimum grade of C

Restriction(s):
Majors Only

Other Information: Exercise Science Program

UN SDG(s):
SD03 - Good Health and Well-being

PET 3211 - Stress, Health, and Disease

Credit(s): 3

This course will focus on the psychophysiological aspects of stress and its impact on health and disease. An overview of stress and its role in the development and progression of chronic diseases will be covered.

Prerequisite(s): BSC X086/X086L with a B or

better.

Restriction(s):

Majors Only
Permit Required

Other Information: Exercise Science Program

PET 3312 - Biomechanics

Credit(s): 3

This course will focus on the structure and function of the skeletal and muscular systems as well as the mechanical principles related to motor performance.

Prerequisite(s): BSC X085 and BSC X085L with a grade of B or better.

Restriction(s):
Majors Only

Other Information: Exercise Science Program

PET 3314 - Survey in Exercise Science

Credit(s): 3

An introduction to the field of Exercise Science designed to introduce the students to aspects of professionalism, education, research and service necessary to be personally and professionally successful as graduates.

Restriction(s):
Majors Only

Other Information: Exercise Science Program

PET 3361 - Nutrition for Fitness and Sport

Credit(s): 3

This course will address weight management/weight loss, common diets, dietary supplements, ergogenic aids, and eating disorders. Content will focus on nutrition and weight management guidelines established by the American College of Sports Medicine.

Prerequisite(s): HUN X201 AND BSC X086/X086L with a minimum grade of B

Restriction(s):
Majors Only

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

PET 3364 - Physical Activity Epidemiology

Credit(s): 3

A presentation of the background and main concepts of epidemiology and discussion and summary of original research. Major topics include coronary artery disease, cerebrovascular disease, peripheral vascular disease, diabetes, arthritis, and COPD.

Restriction(s):
Majors Only

Other Information: Exercise Science Program

PET 3370 - Science of Weight Management

Credit(s): 3

This course is designed to provide students with an understanding of the current practices and scientific principles related to weight management.

Restriction(s):
Permit Required

PET 3384 - Exercise Testing and Prescription

Credit(s): 3

In this course students will become proficient in performing a variety of exercise tests and prescribe appropriate exercises for aerobic capacity, muscular strength and endurance, body composition, flexibility and other parameters of physical fitness.

Prerequisite(s): APK 3120 with a minimum grade of B AND (MAC X105 or MAC X140 or MAC X147 or MAC X311) with a minimum grade of B

Corequisite(s): PET 3384L

Restriction(s):
Majors Only

Other Information: Exercise Science Program

PET 3384L - Exercise Testing and prescription Lab

Credit(s): 1

In this course students will become proficient in performing a variety of exercise tests and prescribe appropriate exercises for

aerobic capacity, muscular strength and endurance, body composition, flexibility and other parameters of physical fitness.

Prerequisite(s): APK 3120 with a minimum grade of B, AND (MAC X105 OR MAC X140 OR MAC X147 OR MAC X311) with a minimum grade of B

Corequisite(s): PET 3384

PET 3404 - Emergency Response and Planning

Credit(s): 3

Students will develop emergency response knowledge and skills through ARC first aid emergency response, CPR/AED certifications and will proactively assess, develop and implement a plan of response for emergency situations in fitness/wellness centers.

Restriction(s):
Majors Only

Other Information: Exercise Science Program

PET 3421 - Curriculum and Instruction in Physical Education

Credit(s): 3

Development of knowledge and skills related to the instruction process of physical education. Preparation of materials and planning instruction.

Restriction(s):
Majors Only

Other Information: Physical Education major

PET 3441 - Instructional Design and Content: Middle School Physical Education

Credit(s): 3

The development of physical education content and instructional practices for middle school students. The focus is upon matching appropriate content and learning experiences to the unique needs of the pre- and early adolescent learner.

Course Attribute(s): GCPC - Global Citizens Project Course

SD04 - Quality Education

PET 3640 - Adapted Physical Education

Credit(s): 3

A study of characteristics, programming needs and teaching of physical education for students with disabilities.

Restriction(s):

Majors Only

Other Information: Physical Education major

PET 3713 - Theory and Practice of Teaching Group Exercise

Credit(s): 3

In developing group exercise leadership skills, students will learn how to apply principles of teaching safe and effective exercises designed to enhance cardiovascular endurance, muscular strength/endurance, and flexibility.

Restriction(s):

Majors Only

Other Information: Exercise Science Program.

PET 3940 - Practicum in Fitness/Wellness

Credit(s): 3

This course will provide the initial field experience in a community fitness/wellness center serving general populations. Students will gain practical experience with regard to teaching group exercise and conducting fitness testing and prescription.

Restriction(s):

Majors Only

Other Information: Exercise Science Program.

PET 4088 - Individualized Fitness Wellness Programming

Credit(s): 3

In this course students will learn how to assess, evaluate, and design safe and effective programs for individual clients. Students will also learn how to incorporate appropriate activities for specialized clients or populations.

Course Attribute(s): CPST - Capstone Learning Experience

Prerequisite(s): PET 4219 with a minimum grade of C AND APK 4138C with a minimum grade of C AND PET 3384 with a minimum grade of C

Restriction(s):

Majors Only

Other Information: Exercise Science Program.

PET 4093 - Strength and Conditioning

Credit(s): 3

This course will provide students with the information necessary for designing and implementing a successful strength and conditioning program through assessment and analysis of fitness and sport movement.

Prerequisite(s): APK 3120 with a minimum grade of B

Restriction(s):

Majors Only

Other Information: Exercise Science Program.

PET 4219 - Exercise Psychology

Credit(s): 3

A presentation of the basic concepts related to exercise behavior. The content will include topics related to the psychosocial dimensions of exercise behavior to include participation, motivation, and adherence. Theoretical models will also be presented.

Prerequisite(s): PSY 2012 with a minimum grade of C

Restriction(s):

Majors Only

Other Information: Exercise Science Program.

PET 4380 - Applied Exercise Science

Credit(s): 3

This course will explore the application of physiological and kinesiological principles to

Other Information: Physical Education Program.

PET 4401 - Class Management, Safety, Ethics, Law, and Organization and Administration of Physical Education

Credit(s): 3
This course will examine the various classroom management approaches, professional ethics, school law, safety, and the organization and administration of physical education programs.

Restriction(s):
Majors Only

Other Information: Physical Education Program.

PET 4402 - Planning and Evaluating Fitness/Wellness Programs

Credit(s): 3
This course will focus on the design of high quality fitness/wellness programs in worksite and other settings. Students will learn and apply the major components of program planning – needs assessment, development, implementation, and evaluation.

Restriction(s):
Majors Only

Other Information: Exercise Science Program.

PET 4413 - Administration of Fitness and Wellness Centers

Credit(s): 3
An introduction to facility management concepts for fitness professionals. Included in the class is: human resource, fiscal, program, risk and facility management. Students will also develop, manage and evaluate a needs assessment for a community partner.

Restriction(s):
Majors Only
Permit Required

Other Information: Exercise Science Program.

PET 4432 - Instructional Design & Content: Physical Education Elementary I

Credit(s): 3
This is the first in a two-course sequence in which students study movement forms and instructional processes suitable for elementary age students. Majors only.

Restriction(s):
Majors Only

Other Information: Physical Education major

PET 4433 - Instructional Design & Content: Physical Education Elementary II

Credit(s): 3
This course prepares students to select, plan and conduct complex movement experiences for K-6 students.

Restriction(s):
Majors Only
Permit Required

PET 4442 - Instructional Design and Content: Physical Education Secondary

Credit(s): 3
Development of knowledge and skills related to the teaching of selected movement activities such as team sports, gymnastics, and physical fitness. Focus is on understanding mechanical principles utilized within those activities as well as on instructional progression and the preparation of materials for instruction at the secondary school level.

Restriction(s):
Majors Only

Other Information: Physical Education major

PET 4510 - Measurement and Evaluation in Physical Education

Credit(s): 3
A study of the principles and techniques of

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

educational measurement as applied to the teaching of physical education; study of the functions and techniques of measurement in the evaluation of student progress toward the objectives of physical education.

Restriction(s):
Majors Only

Other Information: Physical Education major

PET 4550 - Clinical Exercise Testing and Prescription

Credit(s): 3

A presentation of concepts related to the clinical aspects of fitness assessment and exercise programming. Clinical conditions that will be considered include: cardiovascular disease, pulmonary disease, metabolic disease, arthritis, and geriatrics.

Prerequisite(s): PET 3384 AND PET 3384L with minimum grade C.

Corequisite(s): PET 4550L

Restriction(s):
Majors Only

Other Information: Exercise Science Program.

PET 4550L - Clinical Exercise Testing and Prescription Laboratory

Credit(s): 1

A laboratory-based course that provides skill development related to assessment of variables linked to clinical populations, namely: heart rate, blood pressure, exertion, angina, dyspnea, electrocardiography, pulse oximetry, and spirometry.

Prerequisite(s): PET 3384 AND PET 3384L with a minimum grade of C-

Corequisite(s): PET 4550 with a minimum grade of C-

PET 4742 - Secondary Physical Education Methods: Physical Act

Credit(s): 3

The course will prepare students to plan and conduct PE programs which meet National and State Content Standards related to physical activity, fitness, nutrition, and healthy living concepts. PE majors only. Not repeatable for credit.

Restriction(s):
Majors Only

Other Information: Physical Education program.

PET 4765 - Scientific Principles of Athletic Coaching

Credit(s): 3

The application of principles from philosophy, psychology, sociology, and physiology to competitive athletics and coaching.

Restriction(s):
Majors Only

Other Information: Physical Education program.

PET 4820 - Sport Skill Proficiency

Credit(s): 3

This course is designed to assist students in becoming proficient in and acquiring a foundation of the fundamental physical skills necessary to participate in and teach a variety of individual and team sports.

Restriction(s):
Majors Only

Other Information: physical education teacher education program.

PET 4905 - Independent Study: Professional Physical Education

Credit(s): 1-4

Specialized independent study determined by the student's needs and interests.

Restriction(s):
Consent of Instructor or Department
Permit Required
S-U Grade System

PET 4929 - Senior Seminar in Physical Education

Credit(s): 3

Students engage in self-reflection and synthesis of university coursework and K-12 physical education final internship experiences.

Course Attribute(s): CPST - Capstone Learning Experience, CST - Capstone, TGEH - High

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Impact Practice

Corequisite(s): PET 4946 and PET 4947

Restriction(s):
Majors Only

PET 4941 - Internship in Fitness and Wellness

Credit(s): 6-9

This course will provide the final field experience in a community fitness/wellness center serving both general and special populations. Practical experiences will focus on all aspects of program development, delivery, and management.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

Prerequisite(s): APK 3120 with a minimum grade of B- AND
PET 3312 with a minimum grade of C- AND

PET 3361 with a minimum grade of C- AND

PET 3370 with a minimum grade of C- AND

PET 3940 with a minimum grade of C- AND

PET 4088 with a minimum grade of C-

Restriction(s):

Majors Only
Permit Required

Other Information: It is recommended that students take PET 3076 prior to taking this course, but it is not required.
Must have CPR/AED and First Aid certifications that are current through the internship dates.
Must have professional liability insurance that is current through internship dates.

Students in the Clinical Settings track must also take PET 4550 with a minimum grade of C prior to taking Internship.

Students in the Community settings and Corporate Fitness track must also take PET 4413 and PET 3384 prior to taking Internship.

Students in the Strength and Conditioning and Personal Training track must also take APK 4138C prior to taking Internship.

PET 4942 - Physical Education Pre-Internship: Elementary

Credit(s): 3

A part-time internship in elementary school physical education. Focus on the nature of the total elementary school curriculum, characteristics of students, and application of appropriate content and instructional competencies.

PET 4944 - Physical Education Pre-Internship: Secondary

Credit(s): 3

A part time internship in middle or high school level physical education with focus on the relationship of physical education to the needs of the adolescent and the implementation of appropriate content and methodology.

PET 4946 - Internship in Physical Education: Elementary

Credit(s): 6

A full-time internship in the elementary school in which the student undertakes the full range of teaching responsibilities in elementary physical education.

PET 4947 - Internship in Physical Education: Secondary

Credit(s): 6

A full-day internship in middle, junior or senior high school physical education programs with focus on the implementation of appropriate content and methodology to meet the needs of secondary students.

Corequisite(s): PET 4946 and PET 4929

Restriction(s):
Majors Only
S-U Grade System

Other Information: Physical Education major

PGY 2401C - Beginning Photography

Credit(s): 3

Introduction to the expressive possibilities of photographic media. Projects and assignments will introduce students to both traditional and experimental ways of working with light-sensitive materials with an emphasis on the interdependence of form, technique, and concept. The course will also provide an overview of significant trends and directions in contemporary art photography.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

PGY 3410C - Intermediate Photography

Credit(s): 3

A mid level course expanding the student's visual and technical skills while establishing the beginning of a personal artistic direction.

Other Information: Repeatable up to 9 hours.

PGY 3610C - Photojournalism I

Credit(s): 3

Fundamentals of news and feature photography. Camera operation, picture composition, darkroom techniques, editing in digital format with introduction to software applications. History, ethics and law of photojournalism.

Prerequisite(s): MMC 2100 with a C or better

PGY 3820C - Digital Media I

Credit(s): 3

This course builds upon the concepts introduced in Introduction to Multimedia Systems and focuses upon digital photographic creation and editing.

Restriction(s):
Majors Only

PGY 3930C - Special Topics: Photography

Credit(s): 3

A mid-level course expanding the student's visual and technical skills while establishing the beginning of a personal artistic direction by exposing the student to new ideas, technical skills and genres, including, but not limited to: color photography, digital photography, non-silver and documentary photography. Repeatable up to 9 hours.

Prerequisite(s): ART 2201C, ART 2203C, ARH 2050, ARH 2051, ART 2301C, ART 3310C, PGY 2401C, PGY 3410C.

Restriction(s):
Majors Only

PGY 4420C - Advanced Photography

Credit(s): 3

Continued problems in photography.

Prerequisite(s): ART 3939, ARH 4450, ARH 4475C, PGY 3410C (3 cr.), PGY 3930C (9 cr.) and a 3.25 major GPA.

Restriction(s):
Majors Only

Other Information: May be repeated.

PHC 2100 - Introduction to Public Health

Credit(s): 3

A course serving as primer to study of public health. Provides overview of core disciplines of public health, and platform for future undergraduate study in public health.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, TGEC - Creative Thinking

Other Information: Course not repeatable for credit.

PHC 3302 - Introduction to Environmental & Occupational Health

Credit(s): 3

Introduces the principles of environmental health from a public health perspective. This course is designed for students with an interest in the environment, assessment of risk, human health issues, and control strategies to reduce health risks.

PHC 3320 - Environmental Health Science

Credit(s): 3

Introduces students to environmental health science topics in the context of their impact on human and public health. It is open to all major programs. It may not be repeated for credit.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, TGEI - Information and Data Literacy

PHC 4030 - Introduction to Epidemiology

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Course provides an overview of epidemiological methods and the application to understanding health- and non-health issues. Students will develop critical thinking skills and apply the concepts applied problems, both in and outside the field of health.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD03 - Good Health and Well-being

PHC 4031 - Emerging Infectious Diseases**Credit(s): 3**

This course addresses important infectious diseases and the principles of detection, diagnosis, prevention and control, as well as their impact on public health. Students will be presenting information on emerging infectious disease trends in group projects.

Course Attribute(s): GCPC - Global Citizens Project Course

Prerequisite(s): N/A

Corequisite(s): N/A

CoPrerequisite(s): N/A

UN SDG(s):

SD03 - Good Health and Well-being

SD06 - Clean Water and Sanitation

PHC 4032 - Foundations of Infection Control**Credit(s): 3**

This course is based on infection control competencies from the board certification in infection control exam. With successful completion of this course, students will demonstrate mastery and application of these principles to real-world situations.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD03 - Good Health and Well-being

SD06 - Clean Water and Sanitation

PHC 4069 - Biostatistics in Society**Credit(s): 3**

This course exposes students to the role of biostatistics in advancing healthcare and improving health through landmark studies and cases in a wide range of fields, including clinical trials, epidemiology, environmental studies, and healthcare evaluation.

PHC 4101 - Overview of Public Health Programs and Policies**Credit(s): 3**

A survey of policies and programs in public/community health with emphasis on specific needs and problems of Florida.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD03 - Good Health and Well-being

SD06 - Clean Water and Sanitation

SD07 - Affordable and Clean Energy

SD10 - Reduced Inequality

SD11 - Sustainable Cities-Communities

SD13 - Climate Action

SD17 - Partnerships

PHC 4116 - Public Health in Selected Locations**Credit(s): 3**

This course provides an experiential overview of public health in selected locations. This will include site visits to public health agencies, organizations and communities to examine various levels and functions of public health.

Course Attribute(s): EDR - Education Abroad, GCPC - Global Citizens Project Course, TGEH - High Impact Practice

Restriction(s):

Permit Required

UN SDG(s):

SD03 - Good Health and Well-being

PHC 4117 - Workforce & Leadership Development**Credit(s): 3**

This course will provide students with an overview of the skills that are necessary to find and obtain employment in the field of public health. It will also cover leadership styles & skills

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

so that students can succeed as public health professionals.

PHC 4140 - Introduction to Public Health Geographic Information Systems

Credit(s): 3

This course covers the theory and application of geographic information systems (GIS) for public health and includes an overview of the principles of GIS and its use.

Prerequisite(s): MAC 1105 with a minimum grade of C, STA 2023 with a minimum grade of C, ENC 1101 with a minimum grade of C

PHC 4188 - Public Health Emergencies in Large Populations

Credit(s): 3

This course is designed to develop or improve the skills of persons interested in providing emergency health services in global humanitarian emergencies for refugees and displaced populations.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD02 - Zero Hunger
SD03 - Good Health and Well-being
SD05 - Gender Equality
SD06 - Clean Water and Sanitation
SD10 - Reduced Inequality
SD13 - Climate Action
SD16 - Peace
SD17 - Partnerships

PHC 4234 - Public and Private Continuity Planning for Emergencies

Credit(s): 3

This course identifies, examines and integrates the diverse emergency management, crisis management, contingency planning, and organizational continuity, recovery and restoration issues facing public and private sector organizations.

PHC 4250 - Crisis Leadership in Disasters

Credit(s): 3

Explore analytical and intuitive aspects of leadership during disasters including the root cause of domestic and international disaster prevention, preparedness, response, recovery, and mitigation challenges while identifying solutions to complex problems.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD03 - Good Health and Well-being
SD05 - Gender Equality
SD09 - Industry
SD10 - Reduced Inequality
SD11 - Sustainable Cities-Communities
SD13 - Climate Action
SD15 - Life on Land
SD16 - Peace
SD17 - Partnerships

PHC 4375 - Community Participation in Homeland Security

Credit(s): 3

This course is intended as an introduction to the role of volunteers in emergency management.

PHC 4376 - Disaster by Design: Exercise Development for Homeland Security Professionals

Credit(s): 3

This course is an introduction to the Homeland Security Exercise and Evaluation Program and will discuss the role of planning, training, and exercises in the context of organizational preparedness for emergency management related activities.

Course Attribute(s): CEL - Community Engaged Learning, GCPC - Global Citizens Project Course, TGEE - Ethical Reasoning and Civic Engagement

UN SDG(s):

SD03 - Good Health and Well-being
SD13 - Climate Action
SD17 - Partnerships

PHC 4431 - Economic Rationale of Health Policy

Credit(s): 3

This course introduces the economic rationale for

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

policies that regulate health care markets, focusing on the market failures that triggered policy changes and the successes and failures of those policies.

Prerequisite(s): PHC 2100, HSC 4630

PHC 4464 - Introduction to Health Disparities & Social Determ

Credit(s): 3

This course provides an overview of health disparities. We will examine social and cultural determinants of health, including race/ethnicity, geography, SES, gender, sexual orientation, disability status, migration status, age, religion and spirituality.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, GCPC - Global Citizens Project Course, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

UN SDG(s):

- SD03 - Good Health and Well-being
- SD04 - Quality Education
- SD05 - Gender Equality
- SD06 - Clean Water and Sanitation
- SD10 - Reduced Inequality

PHC 4471 - College Peer Health Education

Credit(s): 3

This course provides students the opportunity to become certified peer health educators and receive credit for career-related, "real world" work experience as they provide health education to USF students.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

PHC 4472 - Health and Wellness Coaching: Core Methods

Credit(s): 3

Introduction to core frameworks, methods, and skills required for Health & Wellness Coach credentialing. Emphasis is placed on professional competencies & skill building practice to effectively guide clients toward healthy and sustained lifestyle change.

Course Attribute(s): CEL - Community Engaged Learning, CLB - Collaborative Learning, TGEH - High Impact Practice

PHC 4720 - Foundation to Professional Writing in Public Health

Credit(s): 3

This course provides students the opportunity to learn about all aspects of professional writing techniques including grammar and spelling errors, writing styles, authorship, reference and citation systems, and guidance for scientific communication.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, TGEI - Information and Data Literacy, WRIN - Writing Intensive Capstone

PHC 4734 - College Peer Health Research

Credit(s): 3

This course provides students the opportunity to conduct "real world" research on the health and wellness issues of college students through an internship with the Peer Academy in the University of South Florida's Center for Transdisciplinary Research.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

PHC 4755 - Foundations of Evaluation and Research in Public Health

Credit(s): 3

Course covers evaluation and research including literature reviews; ethical issues; differences between evaluation and research; define quantitative and qualitative, use of spreadsheet for budgets and data analysis, and communication of results.

Course Attribute(s): GCPC - Global Citizens Project Course, TGEH - High Impact Practice, UGR - Undergraduate Research

UN SDG(s):

- SD01 - No Poverty
- SD02 - Zero Hunger
- SD03 - Good Health and Well-being

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

SD05 - Gender Equality
SD10 - Reduced Inequality

PHC 4931 - Health Care Ethics

Credit(s): 3

This course provides the student with a broad overview of health care ethics. Will cover ethical issues that concern a wide variety of health professionals who are interested in clinical situations, as well as public health professionals and researchers.

PHC 4941 - Health and Wellness Coaching Practicum

Credit(s): 3

Students will demonstrate competencies required for Health & Wellness Coaching credentialing through engaging as a Health & Wellness Coach in professional/clinical practice settings under the supervision of a certified health and wellness coach.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

Prerequisite(s): PHC 4472 with a minimum grade of C.

Corequisite(s): PHC 4472

CoPrerequisite(s): PHC 4472

Restriction(s):
Permit Required

UN SDG(s):
SD03 - Good Health and Well-being

PHC 4942 - Public Health Field Seminar

Credit(s): 2-3

This course provides students with an overview of field experiences in public health. Representatives from public health organizations will speak about worksites. Students will observe public health professionals in their practice environment. Repeatable for a maximum of 12 credit hours.

Prerequisite(s): PHC 4101.

PHH 3062 - History of Western Philosophy: Ancient Philosophy

Credit(s): 3

A survey of Western philosophy from the Pre-Socratics to Late Antiquity.

PHH 3280 - Medieval and Renaissance Philosophy

Credit(s): 3

This course is a survey of medieval and early Renaissance philosophy in the Latin West, focusing on the thought of Augustine, Anselm, Peter Abelard, Thomas Aquinas, John Duns Scotus, and William Ockham.

PHH 3420 - Early Modern Philosophy

Credit(s): 3

A survey of Western Philosophy from the end of the Renaissance to the beginnings of the Enlightenment.

PHH 3442 - Late Modern Philosophy

Credit(s): 3

A survey of Western Philosophy during the Enlightenment.

PHH 4440 - Continental Philosophy

Credit(s): 3

A study of developments in post-Kantian European philosophy.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

PHH 4600 - Contemporary Philosophy

Credit(s): 3

Selected schools of twentieth century thought such as idealism, positivism, pragmatism, realism, and existentialism.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

PHH 4820 - Chinese Philosophy

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

A survey of Confucianism, Taoism and other aspects of Chinese thought. The course is available to both majors and non-majors and does not have laboratory sections associated with it.

PHI 1103 - Critical Thinking**Credit(s): 3**

Critical thinking is the mind's faculty for catching its own (potential or actual) mistakes, and correcting its own misapprehensions. We will hone this faculty by practicing the critical evaluation of real-world decisions.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, CASB - Social & Behavioral Sciences

PHI 1600 - Introduction to Ethics**Credit(s): 3**

In order to promote reflection concerning how we should act and what kinds of people we should be, this course introduces students to ethical theories, concepts, problems, and methods.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CAHU - Humanities, HHCP - Human Historical Context & Process, TGEC - Creative Thinking

PHI 2010 - Introduction to Philosophy**Credit(s): 3**

An introduction to several major themes in philosophy, as well as central philosophical concepts, texts, and methods.

Course Attribute(s): 6AC - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, CAHU - Humanities, SGEH - General Education Core Humanities, SMHU - Humanities, SPHU - Humanities

PHI 2101 - Introduction to Formal Logic**Credit(s): 3**

This course is an introduction to the basic terms, concepts, and methods of formal logic.

Course Attribute(s): 6AM - State Computation Requirement, 6AMP - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement, CAQR - Quantitative Reasoning

PHI 2630 - Contemporary Moral Issues**Credit(s): 3**

Open to all students. A study of contemporary moral issues concerning racism, sex, sexism, abortion, poverty, crime, war, suicide, and human rights in general.

Course Attribute(s): 6ACP - State Communication Requirement, SPHU - Humanities

PHI 3130 - Formal Logic**Credit(s): 3**

A study of predicate calculus, predicate calculus with identity, formal semantics, and elementary metalogic. Strongly recommended for philosophy majors.

Course Attribute(s): 6AM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement, CAQR - Quantitative Reasoning

PHI 3403 - Paradoxes, Pathologies, and Provocations in Science**Credit(s): 3**

Conflict in the practice of science takes many forms, from collegial disagreement to outright fraud. We consider both the science and the philosophy of areas such as evolution, quantum physics, climate change, and polywater.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, TGEI - Information and Data Literacy

PHI 3404 - Philosophy of Science**Credit(s): 3**

How is science different from other methods of inquiry about the world? What distinguishes

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

science from pseudoscience? From religion?
How we do test scientific theories? What are the
factors that lead scientists to accept a theory?

PHI 3633 - Biomedical Ethics

Credit(s): 3

This course will focus on the ethical issues arising from advances in medical practice, delivery of health care, and scientific research.

PHI 3636 - Professional Ethics

Credit(s): 3

An examination of the ethical problems that professionals will face in the complex, global society of the next few decades: confidentiality, divided loyalty, racism/sexism, etc.

PHI 3640 - Environmental Ethics

Credit(s): 3

A study of alternative theories of environmental ethics, including the application of these theories to contemporary environmental problems, such as pollution, resource depletion, species extinction, and land use.

PHI 3700 - Philosophy of Religion

Credit(s): 3

Analysis of religious experience and activity and examination of principal religious ideas in light of modern philosophy.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

PHI 4300 - Theory of Knowledge

Credit(s): 3

An examination of human knowledge; its scope and limits, and an evaluation of evidence, criteria of truth, the nature of belief, conditions for meaningfulness, theories of perception, and a study of memory and sense perception in the four major fields of nature, history, personal experience, and the a priori.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

PHI 4320 - Philosophy of Mind

Credit(s): 3

A study of historical and current issues in philosophy of mind, including the nature and status of mind, mind/body dualism, the relationship of mind and body, the problems of other minds, the physical basis for intelligence.

Course Attribute(s): 6ACT - Gordon Communication Requirement, TGEH - High Impact Practice, UGR - Undergraduate Research, WRIN - Writing Intensive Capstone

PHI 4632 - Feminist Ethics

Credit(s): 3

A study of the varied approaches to moral reasoning taken by feminist ethical writers such as Wollstonecraft, Mill, Gilligan, Daly, Hoagland and others.

PHI 4670 - Contemporary Ethical Theory

Credit(s): 3

A survey of contemporary ethical theory, focusing both on the literature about the status of ethical theorizing--moral skepticism, moral nihilism, narrative ethics--and on specific types of theories--deontological theories, consequentialist theories, rights-based theories, virtue theories.

PHI 4800 - Aesthetics

Credit(s): 3

A study of traditional and contemporary aesthetic theories with emphasis on creative process, the nature of the art work, the aesthetic response, expressiveness, form and content, as well as art and morality.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

PHI 4905 - Directed Study

Credit(s): 1-4

Individual study directed by a faculty member.

Restriction(s):

Consent of Instructor or Department

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Majors Only
Senior Standing

Other Information: philosophy major

PHM 3020 - Philosophies of Love and Sex

Credit(s): 3

Discussion of Philosophies of Love/Sex of Plato, Aristotle, Epicurus, Aquinas, Hume, Kant, Schopenhauer, Russell, Sartre, Marx, etc.

PHM 3100 - Social Philosophy

Credit(s): 3

An analysis of rival theories of social order and their philosophical foundations.

Course Attribute(s): 6AC - State

Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

PHM 3400 - Introduction to Philosophy of Law

Credit(s): 3

A study of the fundamental concepts of law from a philosophical standpoint including crime, justice, punishment, free speech, insanity.

PHM 4331 - Modern Political Philosophy

Credit(s): 3

A survey of political philosophy from 1600 A.D. until 1900 A.D., including an examination of the ethical, metaphysical, and epistemological bases of these philosophies.

Course Attribute(s): 6AC - State

Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

PHM 4340 - Contemporary Political Philosophy

Credit(s): 3

A survey of political philosophy in the twentieth century, including an examination of the ethical, metaphysical and epistemological bases of these philosophies.

Course Attribute(s): 6AC - State

Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

PHP 3786 - Existentialism

Credit(s): 3

A study of the religious and atheistic existentialists and the bearing of their views on religion, ethics, metaphysics, and theory of knowledge.

Course Attribute(s): 6AC - State

Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

PHP 4000 - Plato

Credit(s): 3

The examination of Plato will include the dialogues Protagoras, Georgias, Meno, Republic.

PHY 2020 - Conceptual Physics

Credit(s): 3

A qualitative investigation of physics concepts.
Emphasis is placed on using physics to describe
how common things work. No previous physics
knowledge required.

Course Attribute(s): CANP - Natural Sciences
(Physical Science), SGEN - General Education
Core Natural Sciences, SMEL - General

Education Elective, SMNS - Natural Sciences

Other Information: No credit for Physics or
Mathematics majors.

PHY 2036 - The Physics of Sustainability

Credit(s): 3

Students should have a firm grasp of applications
of physical concepts introduced in General
Physics to sustainability and other related areas.
We examine the physics of sustainable
technologies, their economics and social
consequences.

Prerequisite(s): MAC 1105 with a grade of C or
better

PHY 2048 - General Physics I - Calculus Based

Credit(s): 3

First semester of a two-semester sequence of
calculus-based General Physics which includes a
study of mechanics, wave motion, sound,
thermodynamics, geometrical and physical
optics, electricity and magnetism for students
majoring in Physics, Chemistry and Engineering.

Course Attribute(s): CANP - Natural Sciences
(Physical Science), SGEN - General Education
Core Natural Sciences, SMNS - Natural Sciences

Prerequisite(s): MAC 2281 or MAC 2311 with a
C- or better and PHY 2048L with a C- or better
(Concurrent: Y)

Other Information: Must be taken concurrently
with lab and, if dropped, then dropped
simultaneously. May not receive credit for both
the PHY 2053 and PHY 2048 courses.
Not repeatable.

PHY 2048L - General Physics I Laboratory

Credit(s): 1

First semester of a two-semester sequence of
general physics (mechanics, wave motion,
sound, thermodynamics, geometrical and
physical optics, electricity, and magnetism) and
laboratory for physics majors and engineering
students.

Prerequisite(s): MAC 2281 or MAC 2311 with a
C- or better and PHY 2048 with a C- or better

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

(Concurrent: Y)

Corequisite(s): PHY 2048

Other Information: Must be taken concurrently with lecture and, if dropped, then dropped simultaneously. May not receive credit for both the PHY 2053L and PHY 2048L courses.

PHY 2049 - General Physics II - Calculus Based

Credit(s): 3

PHY 2048 Second semester of calculus based general physics. Topics studied include wave mechanics, electricity and magnetism, and optics.

Course Attribute(s): CANP - Natural Sciences (Physical Science)

Prerequisite(s): MAC 2282 or MAC 2312 with a C- or better and PHY 2048 or PHY 2060 with a C- or better and PHY 2048L with a C- or better and PHY 2049L with a C- or better (Concurrent: Y)

Other Information: Must be taken concurrently with lab and, if dropped, then dropped simultaneously. May not receive credit for both the PHY 2054 and PHY 2049 courses.

PHY 2049L - General Physics II Laboratory

Credit(s): 1

Second semester of general physics and laboratory for physics majors and engineering students.

Prerequisite(s): MAC 2282 or MAC 2312 with a C- or better and PHY 2048 or PHY 2060 with a C- or better and PHY 2048L with a C- or better and PHY 2049 with a C- or better (Concurrent: Y)

CoPrerequisite(s): PHY 2049

Other Information: Must be taken concurrently with lecture and, if dropped, then dropped simultaneously. May not receive credit for both PHY 2054L and PHY 2049L.

PHY 2053 - General Physics I

Credit(s): 3

First semester of a two semester sequence of non-calculus-based general physics (mechanics, heat, wave motion, sound, electricity, magnetism, optics, modern physics) for science students.

Course Attribute(s): CANP - Natural Sciences

(Physical Science), SGEN - General Education Core Natural Sciences, SMEL - General Education Elective, SMNS - Natural Sciences, SPNS - Natural Sciences

Prerequisite(s): MAC 1147 or MAC 2311 or MAC 2281 with a C- or better and PHY 2053L with a C- or better (Concurrent: Y)

Corequisite(s): PHY 2053L

Other Information: Must be taken concurrently with lab and, if dropped, then dropped simultaneously. May not receive credit for both the PHY 2053 and PHY 2048 courses.

PHY 2053L - General Physics I Laboratory

Credit(s): 1

First semester of a two semester sequence of general physics (mechanics, heat, wave motion, sound, electricity, magnetism, optics, modern physics) laboratory for science students.

Prerequisite(s): PHY 2053 with a C- or better (Concurrent: Y)

Corequisite(s): PHY 2053

Other Information: Must be taken concurrently with lecture and, if dropped, then dropped simultaneously. May not receive credit for both the PHY 2053L and PHY 2048L courses.

PHY 2054 - General Physics II

Credit(s): 3

Second semester of non-calculus based general physics. Topics studied include electricity and magnetism, optics and modern physics.

Course Attribute(s): CANP - Natural Sciences (Physical Science), SMEL - General Education Elective, SMNS - Natural Sciences

Prerequisite(s): PHY 2053 with a C- or better and PHY 2053L with a C- or better and PHY 2054L with a C- or better (Concurrent: Y)

Corequisite(s): PHY 2054L

Other Information: Must be taken concurrently with lab and, if dropped, then dropped simultaneously. May not receive credit for both the PHY 2054 and PHY 2049 courses.

PHY 2054L - General Physics II Laboratory

Credit(s): 1

Second semester of general physics lab for

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

science students.

Prerequisite(s): PHY 2053 with a C- or better and PHY 2053L with a C- or better and PHY 2054 with a C- or better (Concurrent: Y)

Corequisite(s): PHY 2054

Other Information: Must be taken concurrently with lecture and, if dropped, then dropped simultaneously. May not receive credit for both the PHY 2054L and PHY 2049L courses.

PHY 2060 - Enriched General Physics I with Calculus

Credit(s): 3

First semester of an enriched sequence of calculus based general physics designed for physics majors and other students seeking a deeper understanding of mechanics, kinematics, conservation laws, central forces, harmonic motion, and mechanical waves.

Course Attribute(s): CANP - Natural Sciences (Physical Science)

Prerequisite(s): MAC 2311 or MAC 2281 with a B- or better and PHY 2048L with a C- or better (Concurrent: Y)

Corequisite(s): PHY 2048L

Other Information: completion of high school physics or exposure to physics in previous college course

PHY 2061 - Enriched General Physics II with Calculus

Credit(s): 3

Second semester of an enriched sequence of calculus based general physics designed for physics majors and other students seeking a deeper understanding of thermodynamics, electricity, magnetism, electromagnetic fields and waves, circuits, and optics.

Prerequisite(s): MAC 2312 or MAC 2282 with a B- or better and PHY 2060 or PHY 2048 with a B- or better and PHY 2048L with a C- or better and PHY 2049L with a C- or better (Concurrent: Y)

Corequisite(s): PHY 2049L

PHY 3101 - Modern Physics

Credit(s): 3

Special relativity. Interaction of radiation with matter. Particle-wave duality. Atomic and x-ray spectra and Bohr model of atom. Schrodinger

wave equation. Introduction to solid state physics.

Prerequisite(s): MAC 2313 or MAC 2283 with a C- or better and PHY 2049 or PHY 2061 with a C- or better

PHY 3220 - Classical Mechanics

Credit(s): 4

Topics covered: Newtonian mechanics, oscillatory motion, gravitation, Lagrangian and Hamiltonian Dynamics, Central-Force Motion, Dynamics of a System of Particles, Dynamics of Rigid Bodies, and Non-linear and coupled oscillations.

Prerequisite(s): PHY 3101 with a C- or better and PHZ 3113 with a C- or better

PHY 3323 - Electricity and Magnetism I

Credit(s): 3

Electrostatic fields and potentials, dielectrics, classical conductivity, RC circuits, Fourier and finite element methods. First semester of sequence PHY 3323, PHY 4324.

Prerequisite(s): PHY 3101 with a C- or better and PHZ 3113 with a C- or better

PHY 3822L - Intermediate Laboratory

Credit(s): 3

Experiments in modern physics, including the areas of atomic, nuclear, solid state and wave phenomena.

Prerequisite(s): PHY 3101 with a C- or better (Concurrent: Y)

CoPrerequisite(s): PHY 3101.

PHY 4324 - Electricity and Magnetism II

Credit(s): 3

Introduction to special relativity, magnetic fields and potentials, magnetic materials, RL and RLC circuits, Maxwell's equations and applications.

Prerequisite(s): PHY 3323 with a C- or better

PHY 4424 - Optics

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Reflection, refraction, dispersion, interference, diffraction and polarization.

Prerequisite(s): PHY 3101 with a C- or better

PHY 4523 - Statistical Physics**Credit(s): 3**

Statistical approach to thermodynamics and kinetic theory and introduction to statistical mechanics.

Prerequisite(s): PHY 3323 or PHY 4604 with a C- or better

PHY 4604 - Introduction to Quantum Mechanics**Credit(s): 3**

Basic concepts of quantum mechanics with applications in atomic, nuclear, and condensed matter Physics.

Prerequisite(s): PHY 3101 with a C- or better and PHZ 3113 with a C- or better

PHY 4605 - Quantum Mechanics II**Credit(s): 3**

Second semester of a two-semester sequence in quantum mechanics. Focus given to applications of Schrodinger equation.

Prerequisite(s): PHY 4604 with a C- or better

PHY 4744C - Introduction to Electronics and Test Instrumentation**Credit(s): 3**

Introduces the fundamentals of analog and digital electronics used in measurements and instrumentation. Weekly labs give hands-on experience in breadboarding electronic circuits and using test instrumentation (oscilloscopes, digital multimeters, etc.)

Prerequisite(s): PHY 3822L with a C- or better

PHY 4823L - Advanced Laboratory**Credit(s): 3**

Experimental work primarily related to modern physics. Emphasis on experimental techniques used in current research.

Prerequisite(s): PHY 3822L with a C- or better

PHY 4910 - Undergraduate Research**Credit(s): 1-4**

An individual investigation in the laboratory or library or both, under the supervision of the instructor. Credit hours and other contractual terms, are to be determined by student/instructor agreement.

Prerequisite(s): PHY 2048 or PHY 2053 or PHY 2060, with a minimum grade of C-

Restriction(s):

Junior Standing
S-U Grade System
Senior Standing

PHY 4930 - Undergraduate Seminar**Credit(s): 1**

All undergraduate physics majors must enroll in this course at least once. Regular attendance is required. This course introduces students to the research areas in the Physics Department.

Restriction(s):

Junior Standing
S-U Grade System
Senior Standing

PHY 4936 - Selected Topics in Physics**Credit(s): 1-3**

Each topic is a course in directed study and under the supervision of a faculty member.

Restriction(s):

Junior Standing
Senior Standing

PHZ 2102 - Problems in General Physics I**Credit(s): 1**

First semester of a two-semester sequence on solving problems in General Physics I. A course designed to be taken with the lecture course and to help students with developing problem-solving skills.

Prerequisite(s): PHY 2048 or PHY 2060 with a C- or better (Concurrent: Y)

Corequisite(s): PHY 2048 or PHY 2053.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

PHZ 2103 - Problems in General Physics II

Credit(s): 1

Second semester of a two-semester sequence on solving problems in General Physics II. A course designed to be taken with the lecture course and to help students with developing problem-solving skills.

Prerequisite(s): PHY 2049 or PHY 2061 with a C- or better (Concurrent: Y)

Corequisite(s): PHY 2049 or PHY 2054.

PHZ 2104 - Problems in Algebra Based General Physics I

Credit(s): 1

First semester of a two-semester sequence on solving problems in algebra based General Physics. A course designed to be taken with the lecture course and to help students with developing problem-solving skills.

Prerequisite(s): PHY 2053 with a C- or better (Concurrent: Y)

Corequisite(s): PHY 2053

PHZ 2105 - Problems in Algebra Based General Physics II

Credit(s): 1

Second semester of a two-semester sequence on solving problems in algebra based General Physics. A course designed to be taken with the lecture course and to help students with developing problem-solving skills.

Prerequisite(s): PHY 2054 with a C- or better (Concurrent: Y)

Corequisite(s): PHY 2054

PHZ 3113 - Mathematical Methods in Physics

Credit(s): 3

The course is designed to develop the basic mathematical skills required in subsequent courses in physics, as well as form the basis for a fundamental understanding of the mathematics needed for the study of physics.

Prerequisite(s): MAC 2313 or MAC 2283 with a C- or better (Concurrent: Y) and PHY 2049 or PHY 2061 with a C- or better

CoPrerequisite(s): MAC 2283 or MAC 2313.

PHZ 4151C - Computational Physics

Credit(s): 3

Introduction to computer applications in physics. Emphasis on numerical modeling and simulation of physics problems using linear algebra, differential equations and Monte Carlo methods. No prior programming experience required.

Prerequisite(s): PHY 3101 with a C- or better

PHZ 4434 - Materials Physics

Credit(s): 3

The physics and physical properties of materials. Strong emphasis is on the underlying physics of materials. Particular topics covered include crystal structure, phase, and electrical, thermal, optical, and magnetic properties of materials.

Prerequisite(s): PHY 3101 with a C- or better

PHZ 4702 - Applications of Physics to Biology and Medicine I

Credit(s): 4

The first semester of a two-semester sequence, to discuss the applications of the physical concepts introduced in the General Physics sequence to biological systems and for medical applications. Restricted to non-majors.

Prerequisite(s): PHY 2054 or PHY 2049 or PHY 2061 with a C- or better and PHY 2054L or PHY 2049L with a C- or better

PHZ 4703 - Applications of Physics to Biology and Medicine II

Credit(s): 4

The second semester of a two-semester sequence, to discuss the applications of the physical concepts introduced in the General Physics sequence to biological systems and for medical applications. Restricted to non-majors.

Prerequisite(s): PHY 2054 or PHY 2049 or PHY 2061 with a C- or better and PHY 2054L or PHY 2049L with a C- or better

POR 1120 - Beginning Portuguese I

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 4

Development of basic skills in listening and reading comprehension, speaking and writing of Brazilian Portuguese.

POR 1121 - Beginning Portuguese II**Credit(s): 4**

Development of basic skills in listening and reading comprehension, speaking and writing of Portuguese. Portuguese 1 and Portuguese 2 are **not** designed for native speakers or heritage speakers of Portuguese.

Prerequisite(s): C- or better in POR 1120

POR 2200 - Intermediate Portuguese I**Credit(s): 3**

POR 2200 builds upon the four language skills (speaking, comprehension, reading, and writing) introduced in POR 1120 and POR 1121.

POR 3010 - Accelerated Portuguese**Credit(s): 4**

Accelerated Portuguese course (structure and vocabulary as spoken in Brazil) for speakers of Spanish or other Romance languages. Exposes students to some aspects of Portuguese speaking cultures.

Restriction(s):

Permit Required

POR 4905 - Directed Study**Credit(s): 1-5**

Course permits study options in Portuguese not available in the regularly scheduled curriculum at departmental discretion. May be repeated up to 10 hours. S/U Only. Departmental approval required.

POR 4930 - Selected Topics**Credit(s): 1-3**

Course permits study options in Portuguese not available in the regularly scheduled curriculum at departmental discretion. May be repeated up to 10 credit hours. Departmental approval required.

POS 2041 - American National Government**Credit(s): 3**

This course is intended to introduce students to the theory, institutions, and processes of American government and politics. In addition to learning fundamental information about the American political system, this course is designed to help students think critically about American government and politics.

Course Attribute(s): CASB - Social & Behavioral Sciences, HHCP - Human Historical Context & Process, SCIV - Civics Literacy, SGES - General Education Core Social Sciences, SMEL - General Education Elective, SMSS - Social Sciences, SPSS - Social Sciences

POS 2112 - State and Local Government and Politics**Credit(s): 3**

Analysis of the structure and function of state and local governments, of the social and political influences that shape them, and of the dynamics of their administrative processes.

POS 3078 - Veterans' Reintegration and Resilience**Credit(s): 3**

This course seeks to better understand the socio-political challenges and opportunities encountered by military veterans as they attempt to rejoin American society.

Course Attribute(s): SMCD - Community Engagement & Diversity Pillar

POS 3142 - Introduction to Urban Politics and Government**Credit(s): 3**

Governmental and political structures and processes as they function in urban areas, with special focus on municipalities and locally based public services.

POS 3173 - Southern Politics**Credit(s): 3**

Examines changes in electoral politics in the South, and the role of interest groups and the state and federal government in facilitating change.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

POS 3182 - Florida Politics and Government

Credit(s): 3

A study of Florida political culture, political parties and elections, the legislative, executive, and judicial systems, and policy patterns.

POS 3273 - Practical Politics

Credit(s): 3

Coordinated scholarly and practical activity through class lecture and supervised field work in local political parties and election campaigns.

POS 3275 - The Campaign Process

Credit(s): 3

Lectures will cover topics such as the motivation and the decision to run for the office, developing a campaign strategy, the role of political parties in modern campaign. Students will intern on a major campaign as a major course requirement.

POS 3453 - Political Parties and Interest Groups

Credit(s): 3

Analysis and understanding of role, functions, structure, and composition of such, and their impact on American governmental institutions.

POS 3691 - Introduction to Law and Politics

Credit(s): 3

Nature of law, legal process, relationship to political life of constitutional law, administrative law, the judicial process, and private law.

POS 3697 - Environmental Law

Credit(s): 3

Examines some of the major issues involving environmental law. Specially, the course provides a survey and analysis of statutes, both state and federal, regulating water, air, soil pollution, and resource conservation and recovery. It will also address questions pertaining to problems of implementation, interpretation, enforcement, and development of environmental laws.

POS 3713 - Empirical Political Analysis

Credit(s): 3

Fundamentals of empirical political inquiry: systematic data collection and quantitative analysis techniques. Laboratory exercises using the computer are required.

POS 3931 - Selected Topics

Credit(s): 3

Selected topics in political science with course content based upon student demand and instructor's interest.

POS 4204 - Political Behavior, Public Opinion, and Elections

Credit(s): 3

Analysis of economic and socio-psychological factors influencing mass and elite political behavior; voting behavior, public opinion, and political activism.

POS 4413 - The American Presidency

Credit(s): 3

The presidency as a political institution; analysis of powers; legislative, administrative, political, and foreign policy leadership; crisis management and decision making; White House staffing; limits on power.

Course Attribute(s): 6AC - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

POS 4424 - The American Congress

Credit(s): 3

Organization, procedures, committee system, party leadership, relations with governmental and non-governmental organizations and agencies, oversight, decision-making processes, House/Senate comparisons.

POS 4614 - Constitutional Law I

Credit(s): 3

Leading social problems, principle institutions, and the scope of powers. Analysis of Supreme

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Court decisions, scholarly commentaries, and the writings of leading public figures.

Prerequisite(s): POS 2041 with a grade of C- or better

POS 4624 - Constitutional Law II

Credit(s): 3

Analysis of Supreme Court decisions and scholarly commentaries on the constitutional rights of individuals.

Prerequisite(s): POS 2041 with a grade of C- or better

POS 4693 - Women and Law I

Credit(s): 3

Introduction to issues concerning the legal aspects of sex and sex-based discrimination as embodied in statutory and case law, focusing on constitutional and family law and reproductive freedom issues.

POS 4905 - Independent Study

Credit(s): 1-3

Specialized study determined by the student's needs and interests.

Restriction(s):

S-U Grade System

Other Information: 3.0 average in Political Science

POS 4910 - Individual Research

Credit(s): 1-3

Investigation of some aspect of political science culminating in the preparation of an original research paper.

Other Information: 3.0 average in Political Science

POS 4941 - Field Work

Credit(s): 3-15

Opportunity for students to obtain practical experience as aides to agencies of government and political parties.

Other Information: 3.0 average in Political Science

POT 3003 - Introduction to Political Theory

Credit(s): 3

Examines various kinds of theory used in political science for understanding political life: normative theory, empirical theory, historicism theory, analytical theory, and critical theory.

POT 3013 - Classical Political Theory

Credit(s): 3

Analysis of basic ideas of Plato, Aristotle, Cicero, St. Thomas, and other leading pre-modern political philosophers.

POT 4054 - Modern Political Theory

Credit(s): 3

Analysis of basic political ideas of Machiavelli, Hobbes, Locke, Rousseau, Burke, and other modern philosophers.

POT 4064 - Contemporary Political Thought

Credit(s): 3

Examines various political views and political phenomena in the nineteenth and twentieth centuries. Diverse theoretical types and salient political phenomena will be presented.

POT 4109 - Politics and Literature

Credit(s): 3

Critical examination of the connections between politics and literature.

Course Attribute(s): 6AC - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, ELWP - Literature and Writing

POT 4204 - American Political Thought

Credit(s): 3

Examines political writings in the U.S. and responses to critical periods in history, beginning

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

with the Founding Fathers, and culminating in recent contributions and understanding contemporary political problems and solutions.

POT 4936 - Selected Topics in Political Theory

Credit(s): 3

Selected topics or thinkers in political theory.

PPE 4003 - Personality

Credit(s): 3

Methods and findings of personality theories and an evaluation of constitutional, biosocial, and psychological determinants of personality.

Prerequisite(s): PSY 2012 with a C or better

PSB 3444 - Drugs and Behavior

Credit(s): 3

This is a basic introduction to drugs and their effects on society and behavior. Specifically, drug regulations and laws will be covered as well as how drugs interact with the brain to alter consciousness.

PSB 3842 - Sleep and Dreams

Credit(s): 3

An overview of the psychological and physiological foundations of sleep and dreams. Disorders and disturbances of sleep and cultural perspectives on sleep and dreams.

Prerequisite(s): PSY 2012 with a grade of C or better

PSB 4004C - Physiological Psychology

Credit(s): 3

Gross neural and physiological components of behavior. Structure and function of the central nervous system and theory of brain functions.

Prerequisite(s): PSY 2012 with a C or better

PSC 2515 - Energy and Humanity

Credit(s): 3

Explores energy use and its environmental impacts, including climate change. Energy

resources, including alternatives to fossil fuels, are discussed. Basic science concepts as well as contemporary technologies are covered.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CANP - Natural Sciences (Physical Science), TGEI - Information and Data Literacy

PSY 2012 - Introduction to Psychological Science

Credit(s): 3

This course is an introduction to psychology for majors and nonmajors. It presents psychological theory and methods in a survey of various areas of psychology including clinical, cognitive, developmental, health, industrial, social and biopsychology.

Course Attribute(s): CASB - Social & Behavioral Sciences, SGES - General Education Core Social Sciences, SMEL - General Education Elective, SMSS - Social Sciences, SPSS - Social Sciences

PSY 3017 - Psychological Science II

Credit(s): 3

Designed as an in-depth examination of the basic principles and concepts of psychological science. Extensive coverage will be given to the areas of learning, perception, physiological psychology, and cognition.

Prerequisite(s): PSY 2012

Restriction(s):
Majors Only

Other Information: psychology major

PSY 3204 - Psychological Statistics

Credit(s): 3

Introduction to analyzing psychological data, in the context of behavioral research. Covers basic research design, descriptive statistics, analysis procedures, use of computer analysis packages, interpretation of outputs, and implications for research.

Course Attribute(s): 6AM - State Computation Requirement, 6AMP - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement, CAQR - Quantitative Reasoning

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

PSY 3213 - Research Methods in Psychology

Credit(s): 4

This course considers the logic of experimental design, concept of control and the analysis of experimentally obtained data. The laboratory section provides experience applying the concepts discussed in lecture. Two lectures plus two-hour lab.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, TGEI - Information and Data Literacy

Prerequisite(s): PSY 3204 or STA 2023 or STA 2122 or QMB 2100, with a grade of C or better.

PSY 3630 - Psychology of Human-Animal Interactions

Credit(s): 3

This course will introduce students to the interdisciplinary field of Human-Animal Interactions from a psychological perspective and an overview of current issues in Human-Animal Studies.

PSY 4205 - Experimental Design and Analysis

Credit(s): 3

Detailed coverage of those research designs and statistical techniques having the greatest utility for research problems in psychology. Emphasis on topics from analysis of variance.

Prerequisite(s): PSY 3213 with grade of C or better

PSY 4215 - Discovering Research in Psychology

Credit(s): 3

This course involves advanced study of approaches to research in psychology and development of various research skills as preparation for conducting independent research.

Course Attribute(s): CPST - Capstone Learning Experience

Prerequisite(s): PSY 3213 with a C or better

Restriction(s):
Consent of Instructor or Department

Permit Required

PSY 4604 - History and Systems of Psychology

Credit(s): 3

The historical roots of modern psychological theories, investigation of the various schools of psychology such as behaviorism, Gestalt psychology, psychoanalysis, and phenomenological psychology.

Prerequisite(s): PSY 3213 with a grade of C or better

PSY 4724 - Programming with Data for Psychological Science

Credit(s): 3

This course empowers students to use the R programming language for modern data science and programming for applied psychology. It covers data wrangling, exploration, visualization, and communication; functional programming; and principles of text mining and web scraping to address human behavioral research questions. It addresses best practices in data management and reproducible workflows.

PSY 4913 - Directed Study

Credit(s): 1-3

The student plans and conducts an individual research project or program of directed readings under the supervision of a faculty member. S/U only.

Prerequisite(s): PSY 3213 with a C or better

Restriction(s):
S-U Grade System

Other Information: A maximum of 3 credits of either PSY 4913 or PSY 4970 may count toward the major.

PSY 4931 - Selected Topics: Seminar

Credit(s): 3

Graduate-type seminar designed to provide the advanced undergraduate student with an in-depth understanding of a selected sub-area within psychology.

Prerequisite(s): PSY 3213 with a grade of C or better

Restriction(s):

ALL COURSES LISTING

Junior Standing
Majors Only
Senior Standing

Majors Only

Other Information: Psychology major

Other Information: Psychology honors program. A maximum of 3 credits of either PSY 4913 or PSY 4970 may count toward the major.

PSY 4932 - Honors Seminar

Credit(s): 3

The student, under supervision of a faculty member, will complete a thesis project.

Course Attribute(s): CPST - Capstone Learning Experience

Prerequisite(s): PSY 3213 with a grade of C or better

Restriction(s):
Majors Only

Other Information: Psychology honors program. A maximum of 3 credits of either PSY 4913 or PSY 4970 may count toward the major.

PSY 4938 - Pro Seminar

Credit(s): 3

This course is intended to provide advanced undergraduates with a "capstone" experience in psychology and provides the opportunity to synthesize and apply learning from other courses as they explore a specific topic, which will vary.

Course Attribute(s): 6ACM - State Communication Requirement, CST - Capstone, SMCC - Communication & Critical Thinking Pillar, TGEH - High Impact Practice

Prerequisite(s): PSY 3213 with a grade of C or better

Restriction(s):
Senior Standing

Other Information: Area I and Area II requirements complete. Students should take this course close to the end of the psychology program.

PSY 4970 - Honors Thesis

Credit(s): 1-3

The student, under supervision of a faculty member, will complete a thesis project.

Prerequisite(s): PSY 3213 with a grade of C or better

Restriction(s):

PSY 4974 - Honors Seminar in Psychology - Second Semester

Credit(s): 3

Honors Seminar in Psychology (Second Semester) provides students who complete the first semester of Honors Seminar in Psychology an opportunity to conduct their thesis, complete their thesis document, and defend their thesis before a committee.

Course Attribute(s): 6ACT - Gordon Communication Requirement, TGEH - High Impact Practice, UGR - Undergraduate Research, WRIN - Writing Intensive Capstone

Prerequisite(s): PSY 3213 with a C or better

Corequisite(s): PSY 4970

Restriction(s):
Permit Required

PUP 4002 - Public Policy

Credit(s): 3

Examines the formation and implementation of public policy in areas such as the economy, health, etc.

PUP 4203 - Environmental Politics and Policy

Credit(s): 3

Examines the politics of environmental issues, formation and implementation of environmental policy.

PUP 4323 - Women and Politics

Credit(s): 3

An analysis of the impact of gender on power and influence in American society, and women's changing role in the political process.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

PUR 3000 - Principles of Public Relations

Credit(s): 3

The underlying theory and professional practice of public relations within corporate and institutional structures and its vital role in society; ethical standards of practice, and relationships of the practice to the public media; public relations problem-solving process.

Prerequisite(s): MMC 2100 or ADV 2214 with a C or better

PUR 3500 - Public Relations Research

Credit(s): 3

The theory and practice of quantitative and qualitative research methods as applicable to the study of public relations and public relations campaigns. Emphasis is on the scope of research methods available to public relations practitioners, evaluation of data and report writing.

Prerequisite(s): ADV 3008 with a C or better and PUR 3000 with a C or better

PUR 4100 - Writing For Public Relations

Credit(s): 3

Techniques for creating effective written public relations communications to achieve organizational goals, including news releases, proposal letters, broadcast scripts, and memos. Exercises based on case study scenarios.

Prerequisite(s): PUR 3000 with a C or better

PUR 4101 - Public Relations Design and Production

Credit(s): 3

Theoretical and practical applications of design for public relations publications. Design software. Study of visual design, page architecture, typography, color and illustrations. Integration of design elements in the design of different types of public relations publications.

Prerequisite(s): ADV 3008 or PUR 3000 with a C or better

PUR 4401 - Public Relations: Issues, Practices and Problems

Credit(s): 3

The theory of public relations practice and its application in the real world. The role of the public relations practitioner in business, government, and social institutions, and the nature of specialized areas of the practice. Identification of public issues, analysis of potential impact on organizations and development of strategies to deal with them successfully and responsibly. Communication techniques and trends.

Course Attribute(s): GCPC - Global Citizens Project Course

Prerequisite(s): PUR 3000 with a C or better

UN SDG(s):

SD02 - Zero Hunger
SD08 - Decent Work
SD13 - Climate Action

PUR 4412 - Persuasion in Digital Media

Credit(s): 3

Understanding major issues involved in decision-making in mediated communications. Focuses on theories, concepts that underlie good decision making in persuasive messaging and key theoretical concepts of how strategy is used throughout a campaign.

Prerequisite(s): ADV 3008 with a C or better and PUR 3000 with a C or better

PUR 4700 - Public Relations Practicum

Credit(s): 1

Practical experience outside the classroom where the student works for academic credit under the supervision of a professional practitioner. Periodic written and oral reports to the faculty member coordinating the study.

Restriction(s):

Majors Only
S-U Grade System
Senior Standing

Other Information: public relations sequence major

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

PUR 4801 - Advanced Public Relations

Credit(s): 3

As final course in Public Relations sequence, it involves intensive study of counseling and problem-solving techniques used in professional practice. Analysis of case studies and preparation of complete Public Relations program. Extensive reading in the literature of contemporary practice.

Prerequisite(s): ADV 3101 with a C or better and ADV 3300 with a C or better and PUR 3500 with a C or better

QMB 2100 - Business and Economic Statistics I

Credit(s): 3

Data description; exploratory data analysis; introduction to probability; binomial and normal distributions; sampling distributions; estimation with confidence intervals; tests of hypotheses; control charts for quality improvement.

Course Attribute(s): 6AM - State Computation Requirement, 6AMP - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement, CAQR - Quantitative Reasoning

Prerequisite(s): MAC 1105 with a minimum grade of C, OR MAC 1147 with a minimum grade of C, OR MAC 2233 with a grade of C-, OR MAC 2241 MAC 2241 with a grade of C-, OR MAC 2281 with a grade of C-, OR MAC 2311 with a grade of C-, OR SAT Math score of 610 or better, OR ACT Math score of 26 or better, OR College Level Math CPT score of 78 or better, OR CalculusAB (AP66) score of 3, OR CalculusBC (AP68) score of 3, OR CalculusAB Subscore (AP69) score of 4.

QMB 3200 - Business and Economic Statistics II

Credit(s): 3

Simple linear regression and correlation; multiple regression and model building; forecasting models; analysis of variance; chi-square tests; nonparametric methods.

Prerequisite(s): MAC 2233 or MAC 2241, QMB 2100.

QMB 3253 - Business Honors Advanced Statistics

Credit(s): 3

Comprehensive course in statistics for Business Honors students. Includes the application of statistical concepts to business problems.

Course Attribute(s): 6AM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement, CAQR - Quantitative Reasoning

Restriction(s):
Permit Required

QMB 3701 - Computational Methods in Business

Credit(s): 3

Introduces Algorithms and Computational Thinking, Linear Programming, Data Analytics, and Game theory used in business decision making; extensive computer-based methods and analysis employed. Restricted to Business Honors students, not repeatable.

Prerequisite(s): (QMB 3253 with a minimum grade of C or QMB 2100 with a minimum grade of C) and QMB 3200 with a minimum grade of C

QMB 4250 - Business Analytics

Credit(s): 3

This course covers the concepts and methods in the field of business analytics. It involves the analysis of large quantities of data found in businesses, for supporting business decisions. Data Mining and multivariate statistical techniques are covered.

Prerequisite(s): QMB 3200.

QMB 4690 - Lean Operations and Six Sigma

Credit(s): 3

Focuses on concepts and principles of Lean Six Sigma, methods/tools/techniques utilized to optimize operational efficiencies, designing and improving product/process/service quality as applicable for manufacturing, service, and healthcare organizations.

Prerequisite(s): QMB 2100, QMB 3200.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

QMB 4700 - Business Decision Modeling

Credit(s): 3

Formulate and solve optimization and simulation models to assist in business decision-making on a variety of manufacturing, healthcare, and service systems problems such as: scheduling, routing, logistics, financials, and manpower planning.

Prerequisite(s): QMB 2100

RCS 4051 - Addictions Counseling and Coordination of Services

Credit(s): 3

This course examines counseling and service coordination by investigating the collaborative processes that exist between helping professionals, individuals, groups, families, and couples in addictions counseling.

Other Information: Not repeatable

RCS 4452 - Introduction to Assessment and Treatment Approaches for Addictive Disorders

Credit(s): 3

This course introduces and provides an overview of current assessment, diagnosis, and treatment processes aimed at best serving individuals with addictions across the continuum of care.

Course Attribute(s): CEL - Community Engaged Learning, GCPC - Global Citizens Project Course, TGEE - Ethical Reasoning and Civic Engagement

Other Information: Not repeatable **UN SDG(s):**
SD03 - Good Health and Well-being

RCS 4453 - Overview of Addictive Disorders

Credit(s): 3

Course is designed to provide students with the history of substance use, current policy & trends, as well as description of commonly used substance. Furthermore, the course will introduce students to common prevention & treatment modalities.

Other Information: Not repeatable

RCS 4502 - Group Counseling for Addictive Disorders

Credit(s): 3

This course introduces and provides an overview of group counseling as a treatment modality for addictive disorders. Specifically, the course will focus on how to assess individuals for group counseling as well as plan and implement successful groups.

RCS 4503 - Addiction Treatment with Special Populations

Credit(s): 3

This course is designed to provide students with the skills necessary to navigate addiction treatment with special populations including LGBTQ, domestic violence, criminal justice diversion, people with disabilities, and women.

Other Information: Not repeatable

RCS 4504 - Therapeutic Communication Skills for Addiction Counseling

Credit(s): 3

This course is designed to provide students with basic therapeutic communication skills which are essential for Addiction Counseling.

Other Information: Not repeatable

REA 2604 - Strategic Learning

Credit(s): 1

For students in academic difficulty, this course introduces students to advanced learning system used to understand individual learning preferences, analyze task demands, and then intentionally select effective strategies for each learning challenge.

RED 4310 - Reading and Learning to Read

Credit(s): 3

This course will prepare pre-service teachers to understand the foundations of reading and the inherent learning principles to produce successful readers. The course focuses on appropriate instructional strategies to enhance reading development and reading across the curriculum.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Restriction(s):
Majors Only

Other Information: College of Education student.

RED 4312 - Emergent Literacy Strategies and Assessment

Credit(s): 3
The purpose of this course is to create an understanding of developmentally appropriate, research-based theories and practices that support young children's emergent literacy and language learning.

RED 4333 - Content Area Reading

Credit(s): 3
In-depth study of reading comprehension, cognition and learning, metacognition, reading and writing in the content areas. Candidates learn research supported comprehension strategies and procedures applicable to content area reading.

RED 4335 - Teaching Reading in Secondary English Curriculum

Credit(s): 3
Analysis of the reading process; introduction to diagnosis of reading abilities; reading and study skill strategies to increase student achievement in reading.

RED 4348 - Literacy Development

Credit(s): 3
This course for preservice teachers focuses on foundations of reading and learning principles that lead to successful readers, including ESOL and ESE students. Instructional strategies and materials for early literacy development are introduced.

Corequisite(s): EDG 3943.

Restriction(s):
Majors Only

Other Information: BXE Major

RED 4511 - Linking Literacy Assessment to Instruction

Credit(s): 3

This course will prepare pre-service teachers to use multiple assessment measures to assess and diagnose students' strengths and needs in literacy learning. Based on individual student profiles, teachers will design instruction to enhance literacy development.

Prerequisite(s): RED 4310.

RED 4724 - Intermediate Literacy Strategies and Assessment I

Credit(s): 3

The purpose of this course is to create an understanding of developmentally appropriate, research-based theories and practices that support children's literacy learning in the intermediate grade levels.

Prerequisite(s): RED 4312.

RED 4943 - Practicum in Supporting Students with Reading Difficulties

Credit(s): 3

Students will work one-on-one with a child experiencing difficulties in reading and writing. Students will conduct assessments, plan and deliver lessons that draw on research-based instructional practices, and engage in critical self-reflection.

Course Attribute(s): CST - Capstone, TGEH - High Impact Practice

Restriction(s):
Majors Only

REE 3043 - Real Estate Decision Making

Credit(s): 3

Acquaints students with the range of knowledge required to engage in real estate decision-making in the United States. Integrates the institutional framework with which decisions are made, the elements of financial analysis, deal structuring and marketing, and the pricing, financing, and allocation of real property in the real estate markets.

Prerequisite(s): FIN 3403 with a minimum grade of C

REE 4103 - Real Estate Valuation

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

This course acquaints students with the valuation process and the basics of valuation terminology. It also demonstrates the application of a variety of valuation techniques to both residential and income-producing properties.

Prerequisite(s): FIN 3403 with a minimum grade of C-

REE 4732 - Real Estate Development**Credit(s): 3**

This course is a case study in real estate development. As such, students will work in 2 or 3 person teams on a semester-long assignment based on an actual development project. The primary deliverable will be a 30 to 40-minute PowerPoint presentation to the instructor and a panel of judges (made up of Tampa area real estate professionals) along with a written "executive summary" of their analysis of the optimal development project. The class will visit the project site and meet with the developer on different occasions.

Prerequisite(s): FIN 3403 (Principles of Finance)
Minimum Grade: C
REE 3043 (Real Estate Decision Making)
Minimum Grade: C

REE 4940 - Real Estate Internship**Credit(s): 3**

This course has both an academic component (that focuses on professional development skills) and an on-site experiential learning experience with an approved real estate company, greatly increasing students' chances of finding meaningful employment.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

Prerequisite(s): FIN 3403 with a minimum grade of C, REE 3043 with a minimum grade of C

Restriction(s):
Permit Required

REL 2166 - Introduction to Religion and Ecology**Credit(s): 3**

This course introduces students to the academic study of religion with a focus on the relationship between religion and ecology, and the developing subfield of Religious Studies concerned with this

relationship.

Course Attribute(s): CAHU - Humanities, HHCP - Human Historical Context & Process

REL 2240 - Introduction to the New Testament**Credit(s): 3**

An introduction to the critical study of the New Testament in the context of Christian beginnings in the first century C.E. This will include readings from the Apocrypha, other Gospels, and letters.

REL 2300 - Introduction to World Religions**Credit(s): 3**

Introduction to World Religions is designed to give students a broad and general overview of the major religious traditions of the world. Students will be exposed to the history, primary beliefs, and information necessary for a primary understanding of each of the religions studied in the course.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CAGC - Human & Cultural Diversity in a Global Context, GCPC - Global Citizens Project Course, HHCP - Human Historical Context & Process, SMEL - General Education Elective, SMSS - Social Sciences, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

REL 3040 - Introduction to Religious Studies**Credit(s): 3**

This course introduces students to the academic study of religion. Religious thought and behavior are examined from a variety of methodological perspectives. Restricted to majors and minors. Required for the major and the minor in Religious Studies.

REL 3043 - Introduction to Major Religious Texts**Credit(s): 3**

The course provides an introduction to the study of some of the foundational texts of selected religious traditions by focusing on reading and

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

interpretative strategies in order to understand the central beliefs and practices presented in these texts.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):
SD16 - Peace

REL 3063 - Religion and Social Justice

Credit(s): 3

This course introduces students to the ethical world-views of major world religions and how they understand the concept of social justice. It explores the intersection between theory and practice with respect to how people live on a daily basis.

Course Attribute(s): GCPC - Global Citizens Project Course, TGEH - High Impact Practice, UGR - Undergraduate Research

UN SDG(s):
SD01 - No Poverty
SD02 - Zero Hunger
SD08 - Decent Work
SD10 - Reduced Inequality
SD12 - Responsible Consumption
SD16 - Peace
SD17 - Partnerships

REL 3084 - Religion: Peace & Conflict

Credit(s): 3

This course explores the relations between religion, peace & conflict as it manifests itself today. Using case studies of multiple religious traditions, we will analyze incidents of violence in response to social, political, and historical circumstances

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):
SD10 - Reduced Inequality
SD16 - Peace
SD17 - Partnerships

REL 3111 - The Religious Quest in Contemporary Films

Credit(s): 3

This course uses contemporary films such as

Gandhi, Malcolm X, The Long Walk Home, The Chosen, and Grand Canyon to explore the personal and social aspects of religion in modern secular societies, pinpointing issues of racism, sexism, liberation, etc.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, CAHU - Humanities

REL 3117 - Religion and Contemporary American Sports

Credit(s): 3

This course explores the function of sports in America. It covers the history of sports; the status of American sports; and sports as religious events. The course is open to majors and nonmajors and is not repeatable for credit.

REL 3120 - Religion in America

Credit(s): 3

To examine the movement from state church to pluralism in American religious institutions, the religious results of non-Protestant immigration; the Jewish factor; the effect of home missions and social concern programs upon American life; political entanglements and the concept of church/state separation.

REL 3131 - New Religions in America

Credit(s): 3

This course entitled New Religions in America is designed to give students an overview of the rich religious history of America particularly in regard to the unique cultivation of new religious movements in America spanning from 1850 – the present.

Course Attribute(s): CAGC - Human & Cultural Diversity in a Global Context, HHCP - Human Historical Context & Process

REL 3140 - Religion, Culture, and Society

Credit(s): 3

Introductory scholarly survey of religion in its complex relationship to culture and society, including definitions and theories of religion, research methods, becoming religious, social

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

organization, and interconnections with other social institutions. Open to non majors.

REL 3145 - In Search of the Goddess

Credit(s): 3

This course explores Goddess religion/sacred Feminine, from prehistory, to the pagan Near East and Mediterranean, Western monotheistic religions, pluralistic religions of the East, and revivals of Goddess spirituality in contemporary Europe/N. America.

REL 3167 - Sustainable Development and Religion

Credit(s): 3

In the course students will research one or more of the seventeen (17) UN Sustainable Goals, in conjunction with a related Tampa Bay area problem, while considering the different roles of religion in relation to the challenge posed.

Course Attribute(s): CLB - Collaborative Learning, GCPC - Global Citizens Project Course, TGEE - Ethical Reasoning and Civic Engagement

UN SDG(s):

- SD01 - No Poverty
- SD02 - Zero Hunger
- SD03 - Good Health and Well-being
- SD06 - Clean Water and Sanitation

REL 3335 - Gods and Goddesses of India

Credit(s): 3

This course explores the ways Hindus see, speak about, and encounter the Divine through an examination of the multitude of stories about the gods and goddesses and their various physical manifestations in the sacred geography of India.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

- SD16 - Peace

REL 3367 - Islam in the Modern World

Credit(s): 3

Examines the major developments in Islamic thought since the 13th century, with emphasis on the 19th and 20th century Islamic resurgence. Issues of diversity, gender, and social values will

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

be stressed.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

REL 3375 - Issues in Caribbean Religions

Credit(s): 3

The course examines major social, political, economic, and cultural issues in Caribbean religions mainly in Jamaica, Cuba, Haiti, and Trinidad. Issues reflected in African diasporan religions and encounters with Western and Eastern ones are studied.

Course Attribute(s): CLB - Collaborative Learning, CPST - Capstone Learning Experience, GCPC - Global Citizens Project Course, TGEE - Ethical Reasoning and Civic Engagement

UN SDG(s):

SD01 - No Poverty
SD05 - Gender Equality
SD10 - Reduced Inequality
SD16 - Peace
SD17 - Partnerships

REL 3444 - Womanist Vision in Religion

Credit(s): 3

This course examines the works of Black Womanist writers in religion for their contributions to and insights into the phenomena of religion in America and the world.

REL 3465 - Religion and the Meaning of Life

Credit(s): 3

What is the meaning of life? An exploration of answers to this question in Eastern and Western religions, and in humanistic philosophies of life.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

REL 3500 - History of Christianity

Credit(s): 3

Historical development of Western Christianity, its ideas and institutions, from the first century to the rise of religious modernism in the 19th century.

Course Attribute(s): 6AC - State Communication Requirement, 6ACP - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, GCPC - Global Citizens Project Course

UN SDG(s):

SD16 - Peace

REL 3602 - Classics of Judaism

Credit(s): 3

How to read the principal documents of Judaism beyond the Hebrew Bible, including the Mishnah, Talmud, Midrash, and classics of philosophy, mysticism, and theology through the modern period.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

REL 3613 - Modern Judaism

Credit(s): 3

A study of modern Jewish life and thought in the West, including the study of beliefs, practices, institutions, major thinkers, and intellectual trends.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

REL 3850 - World Religions for Healthcare Professionals

Credit(s): 3

This course will engage in a general overview of some of the world's major religious traditions in order to explore how various traditions view key healthcare topics such as sickness, health, birth, and death.

Course Attribute(s): CST - Capstone, GCPC - Global Citizens Project Course, TGEH - High Impact Practice

RMI 4292 - Property and Casualty Insurance Operations

Credit(s): 3

Analysis of insurer operations and the issues facing managers of such operations. Topics covered include regulation, accounting, finance, marketing, underwriting, reinsurance, ratemaking, and claims.

CoPrerequisite(s): RMI 3011

RMI 4354 - Enterprise Risk Management

Credit(s): 3

Society and business are changing rapidly in response to evolving risks such as COVID, cyber, climate change, etc. This course is designed to help you understand how firms manage risk to create more resilient organizations that can adapt and thrive.

Prerequisite(s): FIN 3403 with a minimum grade of C

RMI 4930 - Special Topics in Risk Management/Insurance

Credit(s): 3

Special Topics related to Risk Management/Insurance

Prerequisite(s): RMI 3011 with a minimum grade of C

RMI 4941 - Risk Management/Insurance Internship

Credit(s): 3

This course is for those students who desire a career in Risk Management and Insurance. It will provide practical experience in the area.

Prerequisite(s): RMI 3011

RTV 2100 - Writing For Radio and TV

Credit(s): 3

This course is designed to teach how to write scripts for radio, television and new media with exposure to non-broadcast media writing. This course will teach standard formats and techniques used by professional scriptwriters.

Prerequisite(s): MMC 2100 with a C or better

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

RTV 3001 - Introduction to Telecommunications

Credit(s): 3

A survey of the organization, structure, and function of the broadcasting industry.

Prerequisite(s): MMC 2100 with a C or better

RTV 3301 - Broadcast News

Credit(s): 3

Methods in gathering, writing, and editing newscasts for radio and television.

Prerequisite(s): RTV 2100 or JOU 2100 with a C or better (Concurrent: Y)

RTV 3411 - Race, Gender, & Class Issues in the Media

Credit(s): 3

This course is a survey of how those outside mainstream American life, whether by race, ethnicity, gender or socio-economic class are portrayed in and sometimes marginalized by mainstream media. Emphasis on news media with a secondary focus on entertainment.

Restriction(s):
Majors Only

RTV 3543 - Multi Camera Field Production

Credit(s): 3

The Multi Camera Field Production course is designed to blend and emphasize professional-level television production with post-production editing. Programs will be produced as Live or Live to Tape.

Prerequisite(s): RTV 3301 with a minimum grade of C

Restriction(s):
Permit Required

RTV 4304 - TV News

Credit(s): 3

Advanced television reporting, integrating broadcast news writing, ENG production and television performance.

Prerequisite(s): RTV 4321 with a C or better

RTV 4321 - Electronic Field Production

Credit(s): 3

Advanced producing, scripting, lighting, camera, and editing for video and news production. Introduction to computer editing and graphics.

Prerequisite(s): RTV 3001 with a C or better and RTV 3301 with a C or better

RTV 4332C - Documentary Production

Credit(s): 3

This course offers instruction in the theory and practice of production of non-fiction documentary video. Students produce a final video product after studying the documentary tradition, theory, and history.

Prerequisite(s): RTV 4321 with a minimum grade of C

Restriction(s):
Permit Required

RTV 4500 - Telecommunications Programming and Management

Credit(s): 3

Program and management concepts, resources, costs, selection, and scheduling. Analysis of programming and management in terms of structures, appeals and strengths.

Prerequisite(s): RTV 3001 with a C or better

RTV 4522C - Drone Videography

Credit(s): 3

This course is designed to teach the basic safety rules and legal regulations associated with the use of drones as well as how to use aerial footage to enhance the art of digital media storytelling.

RTV 4542 - TV Production and Direction

Credit(s): 3

A basic course in the techniques of producing and directing TV programs.

Prerequisite(s): RTV 3001 with a C or better and

Repeatable: 6

RUS 1120 - Beginning Russian I

Credit(s): 4

The first course in the study of elementary Russian. Emphasis on the development of basic skills in comprehension, speaking and reading.

RUS 1121 - Beginning Russian II

Credit(s): 4

The second course in the study of elementary Russian. Emphasis on the development of basic skills in comprehension, speaking and reading.

Prerequisite(s): C- or better in RUS 1120

RUS 2220 - Intermediate Russian I

Credit(s): 4

Review and development of basic skills in conversation, composition, and reading.

Prerequisite(s): C- or better in RUS 1121

RUS 2221 - Intermediate Russian II

Credit(s): 4

Review and development of basic skills in conversation, composition, and reading.

Prerequisite(s): C- or better in RUS 2220

RUS 2270 - Overseas Study

Credit(s): 1-6

Intensive study of the Russian language in Russia involving at least 20 hours per week of classroom instruction and cultural excursions conducted in Russian around Moscow and other parts of Russia.

RUS 3240 - Russian Language & Culture through Film

Credit(s): 3

Development of basic conversational skills.

RUS 3470 - Overseas Study

Credit(s): 1-6

Intensive Russian at Moscow Linguistic University with excursions in Moscow and Russia. Students from other institutions eligible.

Other Information: Must be enrolled in the USF Summer Study in Moscow program.

RUS 3500 - Russian Civilization

Credit(s): 3

A survey of the cultural history of Russia.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, GCPC - Global Citizens Project Course

UN SDG(s):

SD16 - Peace

RUS 4241 - Russian Language & Culture through Film II

Credit(s): 3

Development of conversational skills.

RUS 4900 - Selected Topics

Credit(s): 1-3

Study of an author, movement or theme.

RUT 3110 - Nineteenth Century Russian Literature in English

Credit(s): 3

Masterpieces of 19th Century Russian Literature in English. Works by Pushkin, Gogol, Lermontov, Turgenyev, Dostoevsky, Tolstoy, Chekhov.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone, TGEH - High Impact Practice, UGR - Undergraduate Research

Restriction(s):

Junior Standing

RUT 3111 - Twentieth-Century Russian Literature in English

Credit(s): 3

Survey of the major authors of 20th Century Russian literature in English. Major works of Babel, Bulgakov, Olesha, Pasternak, Solzhenitsyn, and Zamyatin.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, CPST - Capstone Learning Experience, WRIN - Writing Intensive Capstone

SCE 2041 - Foundations of Science and Science Education

Credit(s): 3

Course employs tools and exploratory assignments to aid students in a discovery style of learning. Testing and experimenting allow students to draw conclusions on how science works. The virtual activities provide an engaging way of exploring concepts.

Course Attribute(s): 6AC - State Communication Requirement, 6ACP - State Communication Requirement, ELWP - Literature and Writing, EMWP - Major Works and Major Issues, SPHU - Humanities, SPSS - Social Sciences, TGEI - Information and Data Literacy

SCE 4305 - Communication Skills in the Science Classroom

Credit(s): 3

Reading and communication skills important in understanding scientific and science education literature and communicating findings to others.

SCE 4310 - Teaching Elementary School Science

Credit(s): 3

Techniques and materials for teaching science in the elementary school.

Restriction(s):

Majors Only

Other Information: Admission to College of Education and completion of General Distribution Requirements in the Natural Science area.

SCE 4313 - Science for all Students

Credit(s): 3

Designed to equip students with inquiry- and standards-based techniques and materials for teaching elementary school-aged children science. Includes strategies and resources for teaching English language learners and students with exceptionalities.

SCE 4320 - Teaching Methods in Middle Grade Science I

Credit(s): 3

The purpose of this course for education majors is to develop pedagogical content knowledge as it pertains to the teaching and learning of science, concentrating on skills and strategies necessary to teach science at the middle school level.

Corequisite(s): EDM 3403

Other Information: Admission to the College of Education. STEM Middle School Science students must be admitted to the Middle School Science Teacher Preparation program.

SCE 4330 - Methods of Secondary Science Education

Credit(s): 3

The purpose of this course for science education majors is to develop pedagogical content

SLS 1101 - The University Experience

Credit(s): 1-3

An extended introduction to USF. Topics include purposes of higher education, structure and function of USF, career planning, selecting a major, study skills, managing time, academic advising, computer resources, and decision-making.

Other Information: Freshman only.

SLS 1107 - Foundations for University Success

Credit(s): 1-3

This course is designed to develop skills required for success in university courses & campus life such as: -effective use of campus resources - community engagement -critical thinking & writing skills -academic & career planning.

Course Attribute(s): SMFS - Foundations of Success

SLS 2122 - Foundations of Professional Success

Credit(s): 2

This lower-level required course is designed to develop the skills required for success in university courses and the workplace. The course seeks to guide students toward self-discovery and enable the mapping of appropriate career and academic paths.

Course Attribute(s): SMFS - Foundations of Success

Prerequisite(s): SLS 1107

SLS 2320C - Exploring and Mapping Your Career Journey

Credit(s): 3

This is a project-based/experiential learning course providing students with guidance in developing their career journey map and components of dynamic career goal, career

action plan, and personal mission statement supported through an ePortfolio.

SLS 2401 - Explore Career Pathways

Credit(s): 1-3

Students will study vocational choice theories and participate in career decision processes. Development of self-awareness and knowledge of career opportunities and requirements necessary for decision making.

SLS 2901 - Academic Foundations Seminar

Credit(s): 1-3

This course offers an introduction to students' first years at USF that is designed to prepare them for a successful college experience. The course provides the necessary knowledge and experiences for students to be successful personally and academically.

SLS 3113 - Critical Thought for Academic Transitions

Credit(s): 1-3

This course is designed to facilitate transfer students' academic integration into a research university. Students will gain an understanding of the academic standards and expectations at a research university and discover how to be successful.

Restriction(s):
Permit Required

SLS 3275 - Student Leadership on Campus

Credit(s): 0-3

This course promotes leadership and university knowledge among student leadership candidates. Students will learn about communication, customer service, team dynamics, student transition issues, academic support and issues of diversity, among many other topics.

Other Information: One year of general education coursework completed.

SLS 3308 - Job Search

Credit(s): 1-3

Students will prepare for a smooth transition to

SOP 4004 - Social Psychology

Credit(s): 3
Survey of methods, empirical findings, and theoretical interpretations in the study of an individual's behavior as it is affected by others.

Prerequisite(s): PSY 2012 with a C or better

SOP 4450 - Psychology of Religion

Credit(s): 3
The purpose of this course is to introduce students to the empirical study of the psychology

of religion and spirituality. This course will also focus on the origin of this field of study, including the pioneering work of William James.

Prerequisite(s): PSY 2012 with a grade of C or better, and PSY 3204 with a grade of C or better

SOP 4702 - Psychology of Gender

Credit(s): 3
This course is designed to introduce students to the psychological study of gender, from developmental, biological, social, and cultural perspectives.

Prerequisite(s): PSY 2012 with a C or better
Corequisite(s): PSY 3213, with a minimum grade of C-

SOP 4723 - Cross-Cultural Psychology

Credit(s): 3
Cross-cultural psychology focuses on understanding culture and psychology, emphasizing cross-cultural research methodology and critical thinking. Cross-cultural psychology underscores the connections between culture, emotions, thoughts, and behaviors.

Prerequisite(s): PSY 2012 with a grade of C or better

SOP 4744 - Women's Mental Health

Credit(s): 3
This course will stimulate students' critical engagement of research related to the psychology of women. This course will also enable students to understand women's experiences resulting from biological and social/cultural factors.

Prerequisite(s): PSY 2012 with a grade of C or better, and PSY 3204 or PSY 3213 with a grade of C or better

SOP 4751 - Psychology Applied to Law

Credit(s): 3
Course is designed to explore the application of psychological research and theory to the problems faced by the Legal System. Students will be given a broad overview of the relevant

SOW 4602 - Social Work Practice in Mental Health and Health Care

Credit(s): 3

The purpose of this course is to introduce students to social work practice in mental health and health care settings. Students will be introduced to a variety of mental health and health assessments and interventions.

UN SDG(s):

SD03 - Good Health and Well-being

SOW 4650 - Child Maltreatment and Child Welfare

Credit(s): 3

Child Maltreatment is a course designed to enhance understanding regarding the maltreatment of children and their family dynamics (abuse and neglect) around the globe, nationally and locally, i.e., in the Tampa Bay region, and to enhance understanding of the systems that serve them. The course focuses on the role case management plays and personal as well as social and ethical responsibilities in the child welfare systems. Specifically, the course prepares students to understand the ever-changing field of child welfare as it relates to Goal 16 of the Sustainable Development Goals 2030. Students will learn to "promote peaceful and inclusive societies for sustainable development...Identify and intervene in abuse, exploitation, trafficking, and all forms of violence against and torture of children...Develop effective, accountable, and transparent intervention to address Child Welfare at all levels".

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD10 - Reduced Inequality
SD16 - Peace

SOW 4910 - Directed Research

Credit(s): 1-6

Directed Research is intended to provide students with research experience in areas of specific interest in social work. A contract will be developed between student and instructor specifying nature of work to be completed.

Prerequisite(s): Completion of four social work

courses including SOW 3401

Restriction(s):

Junior Standing
Majors Only
Senior Standing

SOW 4930 - Variable Topics in Social Work

Credit(s): 1-3

Variable title courses to expand on the four sequence areas in the Social Work core curriculum. Allows focus on areas relevant to student's educational interest.

Restriction(s):

Majors Only

Other Information: Restricted to Social Work majors

UN SDG(s):

SD10 - Reduced Inequality

SPA 3002 - Introduction to Communication Sciences and Disorders

Credit(s): 3

This course introduces the field of Communication Sciences and Disorders. It will include information about the professions and practice settings therein. Students will also learn about the educational and licensure requirements for these professions.

Restriction(s):

Junior Standing
Permit Required

SPA 3004 - Introduction to Language Development and Disorders

Credit(s): 3

This course introduces theoretical concepts and research findings concerning the normal developmental process of language learning as a basis for differentiating developmental delay or disorder of language.

SPA 3011 - Introduction to Speech Science

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Concentrated study of the acoustic, physiological and perceptual aspects of sound as related to normal and pathological speech communication. Introduction to instrumentation and measurement procedures.

Prerequisite(s): SPA 3030 with a minimum grade of C-, SPA 3112 with a minimum grade of C-

Restriction(s):
Junior Standing

SPA 3030 - Introduction to Hearing Science

Credit(s): 3

Introduction to the field of hearing including: physics of sound, auditory anatomy and physiology, and psychophysics of hearing.

Restriction(s):
Junior Standing

SPA 3101 - Anatomy and Physiology of the Speech and Hearing Mechanism

Credit(s): 3

The neurological and anatomical basis of communication disorders. Comparisons of normal and pathological organic structures and their functional dynamics.

Restriction(s):
Junior Standing

SPA 3112 - Applied Phonetics in Communication Disorders

Credit(s): 3

Introduction to phonetic analysis of normal and disordered speech, including training in phonetic transcription of normal and disordered speech using the International Phonetic Alphabet.

SPA 3261 - Language Science for Comm. Sciences & Disorders

Credit(s): 3

This course will present a focused introduction to linguistics and psycholinguistics from the perspective of CSD. Students will learn the fundamentals of language structure, basic facts about language processing, and how they relate

to CSD.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD03 - Good Health and Well-being
SD04 - Quality Education
SD10 - Reduced Inequality

SPA 3310 - Introduction to Disorders of Hearing

Credit(s): 3

The etiology, pathology, and management of disorders of the outer ear, middle ear, inner ear, retrocochlear, and central auditory systems.

Prerequisite(s): SPA 3030 with a minimum grade of C-

SPA 3470 - Culture and Diversity in CSD

Credit(s): 3

An in-depth exploration of diversity issues within CSD. Consideration of groups and cultures of various groups highly represented in the US. Application of concepts to scenarios which affect ASL interpreters, speech pathologists, and audiologists.

Course Attribute(s): CPST - Capstone Learning Experience, CST - Capstone, GCPC - Global Citizens Project Course, TGEE - Ethical Reasoning and Civic Engagement

UN SDG(s):

SD05 - Gender Equality
SD10 - Reduced Inequality

SPA 4031 - Survey of the Profession of Audiology

Credit(s): 3

This course provides an overview of audiology as a profession. Topics include the history of the profession, clinical practice settings, responsibilities of an audiologist, and clinical, professional, ethical and legal issues related to audiology.

SPA 4050 - Advanced Clinical Methods

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Observation and participation in speech-language pathology and audiology services provided at USF-CSD clinical laboratory. Professional and ethical issues, oral and written communication skills are stressed through clinical and practical projects.

Course Attribute(s): 6ACM - State Communication Requirement, CPST - Capstone Learning Experience, FST - FST Field Study, SMCC - Communication & Critical Thinking Pillar, TGEH - High Impact Practice

Prerequisite(s): [SPA 4510](#)

SPA 4052 - Case Studies and Observation

Credit(s): 3

This course consist of communication disorders case studies, along with clinical observation will provide students with the link between knowledge and clinical settings.

Prerequisite(s): SPA 3003, SPA 3102, SPA 3262

SPA 4104 - Neuroanatomy for Speech, Language and Hearing

Credit(s): 3

Students will learn neuroanatomical & neurophysiological principles, structures, and functions that subserve speech, hearing, language and cognition. A case-based approach will enable understanding of behavioral manifestations of neuropathologies.

Prerequisite(s): SPA 3101 (highly recommended).

SPA 4210 - Vocal Disorders

Credit(s): 3

A comprehensive study of the medical and physical aspects of voice disorders. Differential diagnosis, principles of therapeutic intervention, and procedures for children and adults will be stressed.

Prerequisite(s): SPA 3011 and SPA 3310.

SPA 4222 - Fluency Disorders

Credit(s): 3

A comprehensive study of disfluent speech behavior. Differential diagnosis, principles of therapeutic intervention, and procedures for children and adults will be studied. Major theories and models of the development and origin of stuttering are also presented.

SPA 4250 - Introduction to Speech Disorders

Credit(s): 3

This course will provide an overview of the mechanisms involved in speech production, and will review the nature and impact of speech sound disorders, fluency disorders, voice and resonance disorders, and organic speech disorders.

Prerequisite(s): SPA 3101 with a minimum grade of C-

SPA 4257 - Adult Communication Disorders

Credit(s): 3

This course provides an overview of communication disorders seen in adult populations & prepares students for clinical encounters with this population. The disorders include those involving language, cognitive-communication, & speech & motor control.

Prerequisite(s): SPA 4104 with a minimum grade of C-

Restriction(s):
Junior Standing

SPA 4321 - Introduction to Audiologic Rehabilitation

Credit(s): 3

Assessment and management of individuals with hearing loss. Topics include: effects of hearing loss; assessment and intervention, including: a) amplification and cochlear implants; b) speechreading and auditory training; c) communication intervention.

Prerequisite(s): SPA 3310 with a minimum grade of C-

UN SDG(s):
SD10 - Reduced Inequality

SPA 4510 - Introduction to Clinical Methods and Counseling in CSD

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

This course introduces the student to fundamental skills and knowledge needed prior to beginning clinical work in speech-language pathology/audiology. Professional/ethical issues, principles of assessment/intervention, and interviewing skills are included.

Course Attribute(s): SMLE - Leadership & Ethics Pillar

Prerequisite(s): SPA 3004 with a minimum grade of C-, SPA 3310 with a minimum grade of C-

SPA 4632 - Nature and Needs of the Deaf and Hard of Hearing

Credit(s): 3

This course presents an overview of the diverse identities, communication choices, audiological realities, and educational options common to the American Deaf and Hard-of-hearing communities.

Prerequisite(s): ASL 3514 with a minimum grade of C-

SPA 4901 - Research Methods in Communication Sciences and Disorders

Credit(s): 3

This course introduces students to principles of research in CSD & provides an introduction to advanced areas of study in the field. Students are presented with the basic tools of research & will learn about the breadth of research conducted in the field.

Restriction(s):
Majors Only

Other Information: Admission to CSD departmental honors.

SPA 4910 - Directed Research

Credit(s): 1-10

Directed Research will allow the UG student to obtain supervised research experience under the direction of a Faculty member. The course is repeatable for a total of 10 credits. Majors only.

SPA 4930 - Selected Topics

Credit(s): 1-3

Intensive study of topics in Speech-Language Pathology, Audiology, and/or Aural Rehabilitation conducted under the supervision of a faculty member.

Restriction(s):

Consent of Instructor or Department Permit Required

SPA 4962 - Undergraduate Comprehensive Examination

Credit(s): 1

This purpose of this course is to ensure that graduates from ITT are thoroughly prepared for entry into the job market. For majors only and repeatable if necessary. It consists of 2 parts: individual meetings with an advisor and a comprehensive exam.

Prerequisite(s): INT 4206 with a minimum grade of C-, INT 3004 with a minimum grade of C-

SPB 3704 - Digital Content for Esport

Credit(s): 3

The course is designed to familiarize students with digital content creation and applications within the esport industry. It provides a detailed understanding of relevant digital content channels and platforms relevant specifically to esport content creators.

SPB 3713 - Business of Esport

Credit(s): 3

This course provides students with insight into the business side of esport. Throughout the course, students will become familiarized with business and esport terminology. Students will learn the business principles underpinning the growth explosion within esport. Specifically, this course will explore the revenue streams impacting esport and the logistics behind hosting esport events. These learning experiences will be supplemented with experiential learning opportunities and hearing from individuals working within the world of esport.

SPC 2608 - Public Speaking

Credit(s): 3

The nature and basic principles of human communication; emphasis on improving speaking and listening skills common to all forms of oral

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

communication through a variety of experiences in public discourse.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CAHU - Humanities, SMEL - General Education Elective, TGEI - Information and Data Literacy

SPC 3212 - Communication Theory

Credit(s): 3

The study of source, message, and receiver variables in human communication; communication settings; descriptive and predictive models of communication; communication as a process.

SPC 3301 - Interpersonal Communication

Credit(s): 3

A study of interpersonal communication in informally structured settings with emphasis on the understanding, description, and analysis of human communication.

Course Attribute(s): CASB - Social & Behavioral Sciences

SPC 3425 - Group Communication

Credit(s): 3

A survey of theory and research in group communication. Group discussions and communication exercises to increase awareness of the dynamics of human communication in small group settings.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, SMCD - Community Engagement & Diversity Pillar

SPC 3544 - Persuasion and Media

Credit(s): 3

This course develops critical awareness of the persuasive messages encountered in an information-rich society. Introduces key concepts and theories of persuasion, with emphasis on the role of socio-technical systems and mediated communication.

SPC 3602 - Advanced Public Speaking

Credit(s): 3

Study and application of communication strategies in speaking extemporaneously and from manuscript. The course includes study of selected public addresses as aids to increased understanding of speaking skills.

SPC 3653 - Popular Forms of Public Communication

Credit(s): 3

Analysis of public communication with emphasis on various presentational forms.

SPC 3680 - Rhetorical Analysis

Credit(s): 3

This course introduces students to fundamentals of message analysis. Student examines persuasive strategies and language in oral and written discourse.

SPC 3710 - Communication and Cultural Diversity

Credit(s): 3

Examination of communication and cultural diversity within the United States. Cultural groups include gender, racial and ethnic (e.g., African American, Latino American, Asian American), social class, age and generation, religious (e.g. Jewish) and physical ability.

Course Attribute(s): 6AC - State Communication Requirement, CAGC - Human & Cultural Diversity in a Global Context, GCPC - Global Citizens Project Course, HHCP - Human Historical Context & Process, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

UN SDG(s):

SD01 - No Poverty
SD02 - Zero Hunger
SD03 - Good Health and Well-being
SD04 - Quality Education
SD05 - Gender Equality
SD06 - Clean Water and Sanitation
SD08 - Decent Work
SD10 - Reduced Inequality
SD11 - Sustainable Cities-Communities
SD14 - Life Below Water
SD16 - Peace

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

SD17 - Partnerships

SPC 4307 - Talk in Relationships

Credit(s): 3

Explores talk as practical action through observation, transcription, and analysis.

Restriction(s):

Majors Only

Other Information: Non-Majors by permit only. Not repeatable for credit.

SPC 4431 - Family Communication

Credit(s): 3

Examines the processes and functions of communication in family relationships. Examination of scholarly and popular literature on family structure, family systems, family development, and family stories. Analysis of families in fiction and cinema.

SPC 4701 - Intercultural Communication

Credit(s): 3

Explores issues of culture, power, and politics inherent in the ways we practice intercultural communication.

Course Attribute(s): SMLE - Leadership & Ethics Pillar, GCPC - Global Citizens Project Course

Restriction(s):

Majors Only

Other Information: Non-Majors by permit only. Not repeatable for credit.

UN SDG(s):

- SD01 - No Poverty
- SD02 - Zero Hunger
- SD04 - Quality Education
- SD05 - Gender Equality
- SD08 - Decent Work
- SD10 - Reduced Inequality
- SD11 - Sustainable Cities-Communities
- SD16 - Peace
- SD17 - Partnerships

SPC 4714 - Communication, Culture and Community

Credit(s): 3

Examines the relationships among culture,

communication, institutions, and public and private life. Students explore the possibilities and problems of contemporary forms of community through service in a volunteer organization.

SPC 4800 - Online Communication

Credit(s): 3

How is communication changing as technologies of mediation are multiplying? In readings and exercises, this class examines online communication as unfolding dynamics of interaction and sites of engagement, allowing students to analyze their own practices.

SPC 4900 - Directed Readings

Credit(s): 1-3

Individualized reading with professor to complement undergraduate research projects.

Restriction(s):

Senior Standing

Other Information: a minimum GPA of 2.5, 15 hours of core requirements and 9 elective hours completed

SPC 4903 - Honors Readings

Credit(s): 3

Focused readings directed toward preparation of a proposal for an undergraduate honors thesis.

Restriction(s):

Majors Only

Other Information: Admission to Communication Honors Program

SPC 4905 - Undergraduate Research

Credit(s): 1-3

Individual investigations with faculty supervision.

Restriction(s):

Senior Standing

Other Information: a minimum GPA of 2.5, 15 hours of core requirements and 9 elective hours completed

SPC 4930 - Selected Topics

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 1-3
Variable topics.

Restriction(s):
Senior Standing

Other Information: minimum GPA 2.5, 15 hours of core requirements and 9 elective hours completed

SPC 4970 - Honors Thesis

Credit(s): 3
Involves individual research and preparation of an undergraduate honors thesis.

Other Information: Admission to Communication Honors Program.

SPM 3012 - Issues in Sport

Credit(s): 3
A study of organized sport as a pervasive part of contemporary society. By increasing understanding of some of the issues and controversies based on the structure of sport and society, individuals will be able to understand and improve sport experiences for themselves and others.

Course Attribute(s): 6AC - State Communication Requirement, TGEI - Information and Data Literacy

SPM 3256 - Sport in Society: Contemporary Issues

Credit(s): 3
A study of organized sport in society. Individuals will be able to understand issues such as race, social class, gender, politics, religion, economics, media, physical disabilities, sexual orientation, and ethics as they relate to sports.

SPN 1110 - Introductory Spanish for High Beginners

Credit(s): 3
This course is for students who have had prior development in Spanish language either through high school education or through informal experiences, but who still need a refresher course before taking Beginning Spanish. The focus of the course is the continued development of communicative abilities in speaking, reading, writing, and comprehension of Spanish at the

Novice-Mid+ level and an introduction to the cultural practices of the Spanish-speaking world.

Restriction(s):
Consent of Instructor or Department Permit Required

SPN 1120 - Beginning Spanish I

Credit(s): 4
Development of basic skills in listening and reading comprehension, speaking and writing of Spanish.

Other Information: Not open to native or near-native speakers of Spanish.

SPN 1121 - Beginning Spanish II

Credit(s): 4
Continued development of basic skills in listening and reading comprehension, speaking and writing of Spanish.

Prerequisite(s): C- or better in SPN 1120
Other Information: Not open to native or near-native speakers of Spanish.

SPN 2200 - Spanish III

Credit(s): 3
Continued development of basic skills in listening and reading comprehension, speaking and writing of Spanish.

Prerequisite(s): C- or better in SPN 1121
Other Information: May NOT be taken concurrently with SPN 2201. Not open to native or near-native speakers of Spanish.

SPN 2201 - Spanish IV

Credit(s): 3
Continued development of basic skills in listening and reading comprehension, speaking and writing of Spanish.

Prerequisite(s): C- or better in SPN 2200
Other Information: May NOT be taken concurrently with SPN 2200. Not open to native or near-native speakers of Spanish.

SPN 2240 - Conversation I

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

For development of basic conversational skills.

Prerequisite(s): C- or better in SPN 1121

Other Information: Not open to native or near-native speakers of Spanish.

SPN 2270 - Overseas Study**Credit(s): 1-6**

An intensive study-travel program in a Spanish-speaking country.

Restriction(s):

Consent of Instructor or Department

Other Information: Prior departmental approval and early registration are required.

SPN 2340 - Advanced Spanish for Native Speakers I**Credit(s): 3**

Course for native and near-native speakers of Spanish due to home environment and/or residence in a Spanish speaking country, but without formal training in the language. Emphasis on cultural exploration and the grammatical problems of such speakers.

Other Information: Native and near-native oral/aural proficiency. May not count as Spanish major elective.

SPN 3300 - Advanced Spanish Grammar and Composition**Credit(s): 3**

A study of syntax, grammar and writing.

Other Information: Not open to native or near-native speakers of Spanish.

SPN 3391 - Latin American Cinema**Credit(s): 3**

Interdisciplinary & cross-cultural survey of Latin American Cinema from the 1960's and 1970's to the present. Cover many of the principle countries. Discuss films as cultural, historical, political, & economic products. The course is taught in Spanish.

Prerequisite(s): SPN 2240 with a grade of C or better

SPN 3440 - Spanish for Business and International Trade I**Credit(s): 3**

A study of vocabulary and business practices of the Spanish speaking world. Overview of cultural differences within the Spanish speaking world, with emphasis on their impact on business and international trade.

SPN 3441 - Spanish for Business and International Trade II**Credit(s): 3**

Continuation of SPN 3440. A study of vocabulary and business practices of the Spanish speaking world. Overview of cultural differences within the Spanish speaking world, with emphasis on their impact on business and international trade.

Other Information: Open to Spanish and Business majors and minors.

SPN 3500 - Spanish Civilization**Credit(s): 3**

The culture and civilization of Spain. For majors and non-majors.

SPN 3514 - The Three Cultures of Medieval Spain**Credit(s): 3**

In this course students will have the opportunity to explore the history and traditions of three of the world's leading religions in the context of the Iberian Peninsula and its Jewish, Christian, and Arabic past.

SPN 3520 - Spanish-American Civilization**Credit(s): 3**

Readings and discussions on the culture and civilization of Spanish America. For majors and non-majors.

SPN 4301 - Expository Writing**Credit(s): 3**

Practical training in contemporary Spanish structure, usage and stylistic devices.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

SPN 4410 - Advanced Conversation

Credit(s): 3

Intensive practice in the formulation and expression of ideas in standard Spanish.

Other Information: Not open to native or near-native speakers of Spanish.

SPN 4470 - Advanced Overseas Study

Credit(s): 1-6

Intensive language study in Spain.

Restriction(s):

Consent of Instructor or Department

SPN 4700 - Spanish Linguistics

Credit(s): 3

An introduction to Hispanic linguistics: Phonology, morphology, syntax, and lexicography.

SPS 3003 - The Meaning of Madness

Credit(s): 3

We will discuss the effects of the stigma of mental illness on individuals and families; biological, social, and cultural factors that influence mental illness, perceptions of individuals with mental illness, and treatments of mental illness over time and across cultural groups.

Course Attribute(s): CEL - Community Engaged Learning, TGEE - Ethical Reasoning and Civic Engagement

Prerequisite(s): None

Corequisite(s): None

CoPrerequisite(s): None

Restriction(s):

Junior Standing
Other
Senior Standing

Other Information: Restrictions:

Class Include: 3J and 4R (Junior and Senior)

Level Include: UG, Non-Degree; Level
EXCLUDE: Graduate

Attribute: TGEE, HIP-CELUN **SDG(s):**

SD03 - Good Health and Well-being
SD04 - Quality Education
SD10 - Reduced Inequality

SPS 3004 - Introduction to School Psychology

Credit(s): 3

This course will introduce you to the field of school psychology, including the typical roles and functions of a school psychologist, the multiple pathways to becoming a school psychologist, and the specific ways in which school psychologists work to promote the academic performance, behavioral functioning, and mental health of the students they serve.

Course Attribute(s): CEL - Community Engaged Learning, TGEE - Ethical Reasoning and Civic Engagement

UN SDG(s):

SD03 - Good Health and Well-being
SD04 - Quality Education
SD10 - Reduced Inequality

SPT 3100 - Masterpieces of Hispanic Literature

Credit(s): 3

This course analyzes major literary works from Spain and Latin America. Through a selection of works from the medieval period to the present students will view the intellectual and cultural history of the Spanish speaking world.

SPW 3030 - Introduction to Hispanic Literary Studies

Credit(s): 3

Prose fiction, drama, poetry, and essay; techniques of literary analysis.

SPW 3393 - Spanish Culture through Literature and Film

Credit(s): 3

This course teaches modern Spanish culture, history, and thought through a variety of interdisciplinary expressions, such as poetry, narrative, essay, visual arts, and film. The scope of the course spans from the early nineteenth

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

century up to now.

Other Information: Students must function on an intermediate (or higher) language level, must be able to follow lectures in Spanish, and contribute to discussions in Spanish, as well as to produce a level-appropriate (intermediate or higher) written Spanish.

SPW 3512 - Religion in Hispanic Literature and Film

Credit(s): 3

This course studies the diverse representations of religions in the Hispanic world through close reading and close viewing of literary and critical texts and films.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):
SD16 - Peace

SPW 4130 - Early Latin America Through Literature and Film

Credit(s): 3

Introduction to early Latin American literature and culture, from pre-hispanic times to the end of the 19th century through reading, discussion and analysis of texts, movies, music and the arts.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):
SD16 - Peace

SPW 4131 - Survey of Spanish-American Literature II

Credit(s): 3

An introduction to the study of Spanish-American literature from the Modernism period to the present. Emphasis on modern writers since Dario.

SPW 4145 - Sex and Subversion in Spanish Art, Lit, and Film

Credit(s): 3

This course teaches Spanish culture and thought through a variety of artistic expressions related to the theme of sex and subversion, such as

surrealism (art, film, poetry, theatre, essays) and the "new wave" of the 1980s (visual art, film), among others.

SPW 4311 - The Creative Genius of the Golden Age

Credit(s): 3

In this course we will explore the works of art produced by master painters (Velázquez, etc.), the music of renowned musicians (Encina, etc.), and the literary works of some of the worlds most renowned writers.

SPW 4900 - Directed Study

Credit(s): 1-3

Restriction(s):
Consent of Instructor or Department

SPW 4930 - Selected Topics

Credit(s): 1-3

Study of an author, movement or theme.

SSE 4313 - Teaching Elementary (K-6) Social Studies

Credit(s): 3

This course is designed to study techniques and strategies employed by K-6 social studies teachers that are effective in motivating elementary school aged youth to acquire the information, skills, and modes of reasoning unique to the social sciences.

Restriction(s):
Majors Only

Other Information: Admission to College of Education

SSE 4333 - Teaching Middle Grades Social Science

Credit(s): 3

This course is designed to study techniques and strategies employed by social sciences teachers that are effective in motivating teenage youth to acquire the information, skills, and modes of reasoning unique to the social sciences. Students are expected to plan and present instructional plan(s) demonstrating use of various methods, techniques, and material that achieve concrete

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

outcomes. Theoretical foundations of social studies are also studied. Field work is required.

SSE 4334 - Teaching Secondary Grades Social Science

Credit(s): 3

This course is a continuation of SSE 4333 with further development of the instructional techniques and strategies and the information, skills, and modes of reasoning unique to the social sciences with an emphasis on the secondary school environment. The teaching profession, school settings, legal, and classroom management issues are also studied. Fieldwork in a high school is required.

Prerequisite(s): SSE 4333.

SSE 4335 - Teaching Social Science Themes

Credit(s): 3

The course is a laboratory-based, capstone course in which knowledge, skills, and dispositions are demonstrated by students teaching social studies content using the thematic approaches adopted by the National and State accrediting bodies.

Prerequisite(s): SSE 4333

Restriction(s):
Majors Only

SSE 4380 - Global and Multicultural Perspectives in Education

Credit(s): 3

Examination of the major issues surrounding global and multicultural perspectives in education. Available to non-Education majors.

Course Attribute(s): GCPC - Global Citizens Project Course, SMCD - Community Engagement & Diversity Pillar

UN SDG(s):
SD04 - Quality Education

SSE 4600 - Reading and Basic Skills in the Social Studies Class

Credit(s): 3

Reading skills and other basic skills as applied to the social studies are examined. Students plan

and present instruction appropriate to the social studies classroom. Fieldwork in middle or senior high schools is required. Restricted to majors.

SSE 4936 - Senior Seminar in Social Science Education

Credit(s): 3

Synthesis of teacher candidate's courses and preparation for the professional interview and application process.

Course Attribute(s): CPST - Capstone Learning Experience

Corequisite(s): SSE 4940.

Restriction(s):
Senior Standing

SSE 4940 - Internship: Social Science Education

Credit(s): 9

One full semester of internship in a public or private school. In special programs where the intern experience is distributed over two or more semesters, students will be registered for credit which accumulates from 9 to 12 Semester hours.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

Corequisite(s): SSE 4936

Restriction(s):
Permit Required
S-U Grade System

STA 2023 - Introductory Statistics I

Credit(s): 3

Descriptive and Inferential Statistics; Principles of Probability Theory, Discrete and Continuous Probability Distributions: Binomial Probability Distribution, Poisson Probability Distribution, Uniform Probability Distribution, Normal Dist and more.

Course Attribute(s): 6AM - State Computation Requirement, 6AMM - State Computation Requirement, 6AMP - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement, CAQR - Quantitative Reasoning, SGEM - General Education Core Mathematics, SMEL - General Education Elective, SMMA - Mathematics, SPMA - Mathematics

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): C (2.0) or better in MAT 1033, or 480 or better in SAT Math score, or 19 or better in ACT Math score, or 72 or better in Elementary Algebra CPT score

STA 2122 - Social Science Statistics

Credit(s): 3

Students are taught the fundamental vocabulary and symbols of statistics as well as commonly used statistical procedures in social sciences. Students conduct analyses, interpret results and make conclusions about research questions.

Course Attribute(s): 6AM - State Computation Requirement, 6AMP - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement, CAQR - Quantitative Reasoning

STA 3024 - Introductory Statistics II

Credit(s): 3

Hypothesis testing; Inferences based on two samples; Analysis of variance; Linear and multiple regression; Categorical data analysis; Nonparametric statistics; Applications.

Course Attribute(s): 6AM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement

Prerequisite(s): C (2.0) or better in STA 2023

STA 3027 - Statistics and Probability Connections

Credit(s): 3

This course will provide prospective teachers with experiences in statistics and probability theory that will help them develop the specialized content knowledge needed to support the teaching of mathematics in middle level education.

Prerequisite(s): C (2.0) or better in MAC 2281 or MAC 2311

STA 4102 - Computational Methods for Applied Statistics

Credit(s): 3

This course introduces fundamentals of the R and SAS statistical software packages. Topics include data manipulation, graphs, regression,

ANOVA, hypothesis testing, and non-parametric tests.

Prerequisite(s): C or better in STA 3024

STA 4202 - Design of Experiments

Credit(s): 3

An introduction to the areas of statistical design of experiments and data analysis that integrates statistical experimental design fundamentals and regression modeling techniques.

Prerequisite(s): STA 3024 with a minimum grade of C AND STA 4102 with a minimum grade of C

STA 4222 - Sample Survey Design

Credit(s): 3

The course covers common statistical survey design methods, including random sampling, stratified sampling, systematic sampling, and cluster sampling. Other topics include bias and non-sampling errors.

Prerequisite(s): C or better in STA 3024

STA 4321 - Introduction to Mathematical Statistics I

Credit(s): 3

Common distribution functions, sampling distributions, statistical point and interval estimation, properties of estimators, hypothesis testing.

Course Attribute(s): 6AM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement

Prerequisite(s): C or better in STA 4442

STA 4322 - Introduction to Mathematical Statistics II

Credit(s): 3

Linear regression models, one-way and two-way ANOVA, Bayesian estimation and inference, empirical methods

Prerequisite(s): C or better in STA 4321

STA 4442 - Introduction to Probability

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Introduction to probability theory using calculus. Basic ideas of probability and random variables, discrete probability functions, continuous probability densities, joint distributions, transformations of random variables, moments and generating functions of random variables, limit theorems.

Course Attribute(s): 6AM - State Computation Requirement, 6AMT - Gordon Computation Requirement, 6AMT - State Computation Requirement

Prerequisite(s): C or better in MAC 2313 or MAC 2283

STA 4502 - Nonparametric Statistical Methods**Credit(s): 3**

This course covers the fundamental concepts, and provides examples, of nonparametric statistical methods. Topics to be covered include sample testing, estimation methods, layout models, correlation and regression models, and goodness of fit tests.

Prerequisite(s): C or better in STA 4321

STA 4504 - Categorical Data Analysis**Credit(s): 3**

Fundamental concepts and examples of categorical data analysis. Topics include description and inference using proportions and odd ratios, multi-way contingency tables, logistic regression and other generalized linear models, and log linear models.

Prerequisite(s): C or better in STA 4321

STA 4671 - Reliability and Life Testing**Credit(s): 3**

The course will cover parametric and nonparametric methods for reliability analysis, and introduce key metrics commonly used to assess reliability performance for various applications.

Prerequisite(s): STA 4102 with a minimum grade of C AND STA 4321 with a minimum grade of C

STA 4702 - Multivariate Statistical Methods**Credit(s): 3**

This course covers the fundamental concepts of multivariate analysis. Topics to be covered include Matrix theory and distributions (normal, t, chi-squared, F), inference about multivariate means and inference about covariance structure.

Prerequisite(s): STA 4321 with a minimum grade of C AND (MAS 3114 with a minimum grade of C OR MAS 3105 with a minimum grade of C)

STA 4852 - Applied Time Series**Credit(s): 3**

This course covers the fundamental concepts, estimations, and hypothesis testing of discrete time series models. The models will be developed using the autoregressive and moving average processes. Numerous examples will be provided.

Prerequisite(s): STA 4321 with a minimum grade of C AND STA 4442 with a minimum grade of C AND (MAS 3114 with a minimum grade of C OR MAS 3105 with a minimum grade of C)

STA 4930 - Selected Topics**Credit(s): 1-3**

Rotating topics designed to meet the need and interests of students.

SUR 2101C - Engineering Land Surveying**Credit(s): 3**

Principles of land surveying for engineering practice. Traverses, levels, boundary surveys, route surveys, coordinate geometry, and mapping.

SYA 3110 - Classical Theory**Credit(s): 3**

The analysis of the philosophical foundations, central principles, and historical development of Sociological theory. Required for Sociology majors and minors.

Prerequisite(s): SYG 2000 with a grade of C- or better

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

SYA 3300 - Research Methods

Credit(s): 3

Introduction to the scientific method and its application to social science research. Research design, sampling techniques, and critical evaluation of social research. Required for Sociology majors.

Prerequisite(s): STA 2122 or equivalent with a grade of C- or better

SYA 4121 - Queer Theory

Credit(s): 3

Examines queer theory's radical deconstruction of categories for understanding the possibility of theorizing "women's" and "men's" lives. The primary goal of this course is to introduce students to queer theory and feminist theories of sexuality.

Prerequisite(s): SYG 2000 or SYG 2010 or WST 2600 or WST 3015 or WST 2250 or WST 3311 with a grade of C- or better

SYA 4304 - Sociological Research Experience

Credit(s): 1-3

A flexible-unit course for advanced undergraduate students interested in participating in an ongoing faculty research project. Students will complete selected research tasks (background research, data collection and data analysis) with faculty supervision.

Prerequisite(s): SYG 2000 with a grade of C- or better

SYA 4910 - Individual Research

Credit(s): 1-3

Content depends on the interest of the student. A contract between the student and the sponsoring faculty member must be signed before class registration.

Prerequisite(s): SYA 3300 with a grade of C- or better and Four (4) additional Sociology elective courses with a grade of C- or better

Restriction(s):

Consent of Instructor or Department
Junior Standing
Permit Required
Senior Standing

Other Information: at least 3.0 overall GPA

SYA 4930 - Topics in Sociology

Credit(s): 3

Selected specialized topics in Sociology. Topics such as AIDS in society, drugs in society, problems in education, sociology of childhood, public life, socio-biology. Content will vary by semester and by section. See class schedule for specific contents each semester. This course, in different content areas, may be repeated for credit.

SYA 4935 - Seminar in Sociology

Credit(s): 3

The opportunity for senior sociology majors to apply sociological theory and methods to topics of relevance in today's society.

Course Attribute(s): CPST - Capstone Learning Experience, CST - Capstone, GCPC - Global Citizens Project Course, TGEH - High Impact Practice

Prerequisite(s): SYG 2000 with a grade of C- or better, and SYA 3110 with a grade of C- or better, and SYA 3300 with a grade of C- or better, and Six (6) additional credits of Sociology electives with a grade of C- or better

Restriction(s):

Majors Only
Permit Required
Senior Standing

UN SDG(s):

SD10 - Reduced Inequality
SD16 - Peace

SYA 4949 - Sociological Internship

Credit(s): 1-6

Supervised placement in community organization or agency for a minimum of 10 hours of volunteer work per week, and a weekly seminar on applying sociological skills and methods in the placement setting.

Restriction(s):

Graduate Standing
Majors Only
Senior Standing

Other Information: Sociology

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

SYD 3700 - Racial and Ethnic Relations

Credit(s): 3

This course introduces students to a sociological understanding of race and ethnic relations. Students will analyze sociological theories on race and stratification through readings, lectures, discussion, multimedia, and group research projects.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CASB - Social & Behavioral Sciences, TGEC - Creative Thinking

SYD 4238 - Immigrants to America

Credit(s): 3

Examines major sociological debates in the field of immigration with an emphasis on recent immigrants to the United States.

Prerequisite(s): SYG 2000 or SYG 2010 with a grade of C- or better

SYD 4410 - Urban Sociology

Credit(s): 3

The social structure of the community in modern industrial societies. Analysis of community change.

SYD 4411 - Urban Life

Credit(s): 3

This exit course introduces students to the theory and practice of urban and community research. Students will conduct supervised individual and group research on a Tampa Bay neighborhood of their choice.

Course Attribute(s): CPST - Capstone Learning Experience

Prerequisite(s): SYG 2000 with a grade of C- or better

Restriction(s):
Junior Standing
Senior Standing

SYD 4512 - Sustainable Consumption

Credit(s): 3

1. This course examines the relationship between

the current environmental crisis and the consumer lifestyle shared by most Americans that is spreading globally.

Prerequisite(s): SYG 2000 with a grade of C- or better

SYD 4601 - Community Building and Social Change

Credit(s): 3

This course will introduce students to the community building paradigm (i.e., how to address collective problems in diverse communities) as well as guide students as they become actively involved in various comprehensive community building initiatives.

Course Attribute(s): SMCD - Community Engagement & Diversity Pillar

SYD 4800 - Gender and Society

Credit(s): 3

Historical and current issues surrounding gender in America. Emphasis on exploring the causes, meaning, and consequences of gender differences, interpersonal relationships, and institutional participation.

Prerequisite(s): SYG 2000 or SYG 2010 with a grade of C- or better

SYG 2000 - Introduction to Sociology

Credit(s): 3

This course introduces undergraduate students to the discipline of sociology. During the semester, we will analyze sociological theories, core concepts, and issues through readings, lectures, discussions, films, and hands-on research assignments.

Course Attribute(s): CASB - Social & Behavioral Sciences, SGES - General Education Core Social Sciences, SMEL - General Education Elective, SMSS - Social Sciences, SPSS - Social Sciences

SYG 2010 - Contemporary Social Problems

Credit(s): 3

This course introduces students to a sociological understanding of "contemporary social problems." Drawing on such concepts as culture,

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

deviance and social institutions, we will analyze varying definitions, causes and solutions to these problems.

Course Attribute(s): CASB - Social & Behavioral Sciences

SYG 3011 - Social Problems Through Film

Credit(s): 3

Examines, through films, how sociologists define and study social problems, and investigates the role of the popular media in the construction of social problems. Explores the solutions aimed at social problems in a comparative, international perspective.

Prerequisite(s): SYG 2000 or SYG 2010 with a grade of C- or better

SYG 3235 - Latina/Latino Lives

Credit(s): 3

An exploration of the experiences of Latinas and Latinos in the United States. Examines such sociological themes as oppression, migration, work, family, activism, spirituality, and sexuality through short stories, poetry, and scholarly research.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, SMCD - Community Engagement & Diversity Pillar, WRIN - Writing Intensive Capstone

Prerequisite(s): SYG 2000 or SYG 2010 with a grade of C- or better

SYO 3120 - Sociology of Families

Credit(s): 3

With a goal to understand American families in the present, this course will examine variations in family types by social class, race, ethnicity, and historical era. Exploration of current controversies about how families should be organized and about what they should do for their members as well as social policies related to families.

SYO 3200 - Sociology of Religion

Credit(s): 3

An examination of the meanings of religion lived

in experiences in the contemporary United States. Includes the construction and maintenance of religious meanings and communities, the impact of those meanings and communities on daily lives, use and impact of religious discourse in daily lives, social movements motivated by religious beliefs.

Prerequisite(s): SYG 2000 with a grade of C- or better

SYO 3530 - Social Inequalities in a Global Society

Credit(s): 3

Introduction to the major concepts and theories used to explain inequality. The topics of race, gender, and sexual orientation will be treated in relation to class, rather than as a parallel dimension of stratification.

SYO 4204 - Religion and Immigration

Credit(s): 3

This course examines: 1) how immigrant communities have been, and are currently, influenced by religion; and 2) how immigrant communities have transformed, and are currently transforming, the religious landscape of the U.S.

Prerequisite(s): SYG 2000 with a grade of C- or better

SYO 4250 - Sociology of Education

Credit(s): 3

Application of sociological theory to the social institution of education. Primary attention directed toward the social organization of educational systems.

Prerequisite(s): SYG 2000 with a grade of C- or better

SYO 4400 - Medical Sociology

Credit(s): 3

The study of disease and the sick person including the analysis of health practices, beliefs, and practitioners, the hospital as an organization, the cost, financing, and politics of health care.

Prerequisite(s): SYG 2000 with a grade of C- or better

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

SYO 4430 - Disability and Society

Credit(s): 3

Examination of the applicability of sociological concepts to the experience of disability, and of disability as a means to a better understanding of the nature of social experience.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

Prerequisite(s): SYG 2000 with a grade of C- or better

SYO 4534 - Poverty and Society

Credit(s): 3

Explores poverty by looking at the United States and selected less developed countries around the world. Utilizing sociological theories of poverty, different aspects of poverty will be explored.

Prerequisite(s): SYG 2000 or SYG 2010 with a grade of C- or better

SYO 4536 - Inequalities and Social Justice

Credit(s): 3

This course draws on the insights of the social sciences and the humanities to understand social inequalities in our global age and to formulate "socially just" responses to those inequalities.

Prerequisite(s): SYG 2000 or SYG 2010 with a grade of C- or better

SYO 4572 - Hidden Structures of Social Life

Credit(s): 3

Communication networks and the social structures that emerge in them constitute the subject matter for this course: structures of interaction in informal groups and formal organizations, social networks, and class and stratification structures.

Prerequisite(s): SYG 2000 or SYG 2010 with a grade of C- or better

SYO 4573 - Social Networks

Credit(s): 3

Examines how relationships among individuals organize larger social systems (such as social groups and communities) and how these patterned relationships impact actors within social systems.

Prerequisite(s): SYG 2000 with a grade of C- or better, and STA 2122 or equivalent with a grade of C- or better

SYP 3000 - Social Psychology

Credit(s): 3

Course explores social forces shaping individual perceptions/behaviors/personality/identity. Addresses our participation in society, how people influence each other, how we act based on beliefs and why & this is important.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CASB - Social & Behavioral Sciences, TGEI - Information and Data Literacy

SYP 3060 - Sociology of Sexualities

Credit(s): 3

Explores the interactions, among and between people, and people and institutions that form the boundaries through which sexualities are understood in the United States. Addresses interactions with and within medical and religious institutions, racial/ethnic cultures, families and popular culture.

SYP 3562 - Family Violence

Credit(s): 3

An exploration of the complexity of the causes and consequences of physical and emotional violence among family members. Topics include the meanings and behaviors of violence, the process of help-seeking, and social interventions for offenders and victims. Open to nonmajors.

SYP 4012 - Emotions in Society

Credit(s): 3

Examines the theories, concepts, and larger social contexts of emotions, and investigates sociological research on feelings such as anger and fear; pride and shame; love, friendship and sympathy; sadness and depression; grief and loss.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): SYG 2000 or SYG 2010 with a grade of C- or better

SYP 4111 - Identity and Community

Credit(s): 3

This course is a sociological examination of the meanings of identity in the post-modern era. Topics will include the characteristics of identity at the levels of individuals, institutions, culture, and the processes of identity construction and change.

SYP 4420 - Consumer Culture

Credit(s): 3

The exploration of how Americans' purchasing behavior connects to larger historical shifts in our economy, including disenchantment, alienation, inequality, and the rise of the credit card society.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

Prerequisite(s): SYG 2000 with a grade of C- or better

SYP 4510 - Sociological Aspects of Deviance

Credit(s): 3

The examination of the social construction of deviance: how deviance is defined, implications of deviance designations. Applications of theories of deviance to questions such as motivations of deviants and implications of criminal justice processing of deviants.

SYP 4513 - Elite Deviance

Credit(s): 3

The course challenges traditional definitions of deviance by examining social harms caused by the very wealthy, corporations, and large organizations such as the federal government.

Prerequisite(s): SYG 2000 or SYG 2010 with a grade of C- or better

SYP 4550 - Drugs and Society

Credit(s): 3

Explores the social construction of substance use in the United States. Examines individual users and the popular perspectives on the causes of substance use and abuse such as the medical, psychoanalytic, and sociological models.

SYP 4650 - Sport in Society

Credit(s): 3

An examination of the broad issues concerning sport in both a historical and contemporary perspective. Sport will be viewed in relation to social institutions, economic considerations, mass media, and the sport group as a micro-social system.

SYP 4651 - Gender, Sport, and the Body

Credit(s): 3

Explores ways sport in U.S. culture is organized by and used to recreate gender in social interaction. Examines the recent history of women in sport and questions the relationship between masculinity, sport participation and women's and men's embodiment.

Prerequisite(s): SYG 2000 or SYG 2010 with a grade of C- or better

SYP 4675 - Animals & Society

Credit(s): 3

Explores the complex role of non-human animals in human society by exploring how we, as humans, socially construct animals.

Course Attribute(s): GCPC - Global Citizens Project Course

Prerequisite(s): SYG 2000 with a grade of C- or better

UN SDG(s):

SD14 - Life Below Water

SD15 - Life on Land

SYP 4763 - Sociology of Childhood and Youth

Credit(s): 3

Examines a variety of issues including: child-rearing; invention of adolescence; child abuse; children's schooling; juvenile delinquency; dating; children in the movies; children as consumers; youth culture and rebellion; transition into

adulthood.

Prerequisite(s): SYG 2000 or SYG 2010 with a grade of C- or better

TAX 4001 - Concepts of Federal Income Taxation

Credit(s): 3

Major concepts used in taxation of income by federal government including enactment of tax laws, basic tax research, preparation of basic tax returns and exploration of tax policy issues.

Prerequisite(s): ACG 2021 with a minimum grade of C, AND ACG 2071 with a minimum grade of C.

CoPrerequisite(s): ACG 3103 with a minimum grade of C

TAX 4011 - Federal Tax Accounting II

Credit(s): 3

Concepts and Methods of Determining Income for Corporations, Partnerships, Estates and Trusts for Tax purposes: Interpretation of the Internal Revenue Code, Related Regulations, and Tax Advisory Services. Subsequent credit for TAX 5015 is NOT permitted.

Prerequisite(s): TAX 4001 with a minimum grade of C

Restriction(s):
Majors Only

Other Information: Number of Times Repeatable: 1

TAX 4940 - IRS VITA Internship

Credit(s): 3

The course consists of two components: an academic component focused on professional development skills and an experiential learning component involving at least 120 hours of practical experience gained through technical training and tax return preparation for low and moderate-income taxpayers through the IRS VITA program.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

Restriction(s):
Permit Required

THE 2000 - Theater and Culture

Credit(s): 3

This course explores the contributions of theater practitioners and audiences to the performance experience, aspects of theater making and an overview of theater history.

Course Attribute(s): 6AC - State Communication Requirement, 6ACM - State Communication Requirement, 6ACP - State Communication Requirement, CAFA - Fine Arts, SGEH - General Education Core Humanities, SMEL - General Education Elective, SMHU - Humanities, SPHU - Humanities

THE 2020 - Introduction to Theatre

Credit(s): 3

An introduction to the art of theatre as part of the larger context of the nature of art itself. The approach will be both chronological and multi-cultural. Required of all theatre majors.

THE 2023 - Entry Seminar: Theatre as an Art Form

Credit(s): 1

This is a study of theatre-related career opportunities through lectures, assigned reading, and group projects. This course will aid majors in understanding theatre as an aesthetic art form through discussion and critical evaluation.

Prerequisite(s): None
Corequisite(s): None
CoPrerequisite(s): None

Restriction(s):
Majors Only

THE 2252 - Great Performances on Film

Credit(s): 3

This class traces the evolution of acting styles as evidenced through 100 years of cinema, and explores how movies and actors have mirrored or influenced cultural, political, and social change.

Course Attribute(s): CAFA - Fine Arts, HHCP - Human Historical Context & Process

THE 2305 - Script Analysis

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

This course teaches theatre students the techniques of close reading of dramatic texts.

THE 3110 - Theatre History I**Credit(s): 3**

The study of theatrical production in its cultural context, including theatre architecture, scenography, acting and directing from Greek antiquity to the Elizabethan era. Normally fifteen plays will be read.

Course Attribute(s): CPST - Capstone Learning Experience, HHCP - Human Historical Context & Process

THE 3111 - Theatre History II**Credit(s): 3**

A study of theatrical production in its cultural context including theatre architecture, scenography, acting and directing from Shakespeare to the contemporary stage. Normally fifteen plays will be read.

Course Attribute(s): CPST - Capstone Learning Experience, HHCP - Human Historical Context & Process

THE 4264 - History of Costume**Credit(s): 3**

A survey of clothing and dress from Ancient Egypt to the 20th Century with an emphasis on cultural and social influences. (A requirement in the design track/costume.)

THE 4283 - Architecture And Decoration**Credit(s): 3**

A survey of architecture and furniture from ancient Egypt to the 20th Century. (A requirement in the design track/scenic.)

Restriction(s):
Majors Only

THE 4330 - Shakespeare for the Theatre**Credit(s): 3**

Study of select Shakespeare plays through current and past performance. Examination of

texts, filmed rehearsals, scholarly sources, and commercial movies. Performance required in face to face sections.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, HHCP - Human Historical Context & Process, WRIN - Writing Intensive Capstone

Prerequisite(s): ENC 1102

THE 4401 - American Drama**Credit(s): 3**

THE 4401 examines seminal American plays and high quality film adaptations derived from them. Each play is examined as a script for performance and as an object in an aesthetic, social and historic context.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, HHCP - Human Historical Context & Process, WRIN - Writing Intensive Capstone

Prerequisite(s): ENC 1102

THE 4434 - Caribbean Theatre**Credit(s): 3**

A study of plays and popular theatrical forms of the Caribbean including carnival and calypso. The student will investigate the social and political forces that shape the culture of the Caribbean.

Course Attribute(s): 6ACT - Gordon Communication Requirement, CPST - Capstone Learning Experience

THE 4480 - Drama-Special Topics**Credit(s): 3**

A study of a significant playwright or grouping of playwrights, e.g. Moliere, Brecht, recent American dramatists.

Prerequisite(s): THE 3110 or THE 3111.

Restriction(s):
Majors Only

THE 4562 - Contemporary Performance Theory

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

A seminar for advanced students focusing on theatrical and dramatic theory in relation to actual stage practice.

Course Attribute(s): 6ACT - Gordon Communication Requirement, CPST - Capstone Learning Experience, CST - Capstone, GCPC - Global Citizens Project Course, HHCP - Human Historical Context & Process, TGEH - High Impact Practice

Prerequisite(s): THE 3110 or THE 3111 and one from the following: THE 4320, THE 4330, THE 4360, THE 4401, THE 4434, THE 4435, THE 4442, THE 4480.

Junior Standing
Permit Required
Senior Standing

UN SDG(s):

SD02 - Zero Hunger
SD03 - Good Health and Well-being
SD05 - Gender Equality
SD10 - Reduced Inequality
SD16 - Peace

THE 4574 - Sport as Performance**Credit(s): 3**

Students will use contemporary theory to critique and analyze the interconnected elements of athletic and stage performance, including the athlete/artist, stadium/stage and audience/spectator. Spanning topics from the body to the arena, team mascots, professional wrestling and social media, the course will inform and expand our knowledge in both disciplines.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CPST - Capstone Learning Experience, GCPC - Global Citizens Project Course, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

UN SDG(s):

SD05 - Gender Equality
SD10 - Reduced Inequality

THE 4905 - Directed Studies**Credit(s): 1-4**

Independent studies in the various areas of Theatre. Course of study and credits must be assigned prior to registration.

THE 4930 - Selected Topics In Theatre**Credit(s): 1-3**

The content of the course will be governed by student demand and instructor interest. May be lecture or class discussion or studio format.

TPA 2200 - Introduction to Technical Theatre I**Credit(s): 3**

An introductory course in technical production including coursework in the areas of scenic construction, theatre production/organization, and sound. Required for Theatre majors. Requires sequential semester enrollment with TPA 2211 and TPA 2291L. Open to non-majors.

Corequisite(s): TPA 2290L

TPA 2211 - Introduction to Technical Theatre II**Credit(s): 3**

An introductory course in technical production including stage lighting, costume construction, and sound. Required for Theatre majors. Requires sequential semester enrollment with TPA 2200 and TPA 2290L. Open to non-majors.

Corequisite(s): TPA 2291L

TPA 2220 - Introduction to Technical Theatre III**Credit(s): 3**

An introductory course designed to acquaint students with a working knowledge of the basic skills, equipment and terminology in stage lighting production. Open to non-majors.

Corequisite(s): TPA 2220L.

TPA 2220L - Technical Theatre Lab III**Credit(s): 1**

A practical laboratory providing an understanding of the duties associated with lighting crews through hands on production experiences. Open to non-majors.

Corequisite(s): TPA 2220.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

TPA 2248 - Workshop In Stage Makeup

Credit(s): 1

Beginning theory and practice in make-up for the stage. Open to non-majors. Theatre majors given preference. A studio course.

TPA 2290L - Technical Theatre Lab I

Credit(s): 1

A practical laboratory involving the pre-performance preparation of all technical aspects of a major production such as: painting, sewing, lighting, and sound. Students are assigned two areas of study per semester. Required of all Theatre majors. Open to non-majors.

Corequisite(s): TPA 2200

TPA 2291L - Technical Theatre Lab II

Credit(s): 1

A practical laboratory involving the pre-performance preparation of all technical aspects of a major production such as: painting, sewing, lighting, and sound. Students are assigned two areas of study per semester. Required of all Theatre majors. Open to non-majors.

Corequisite(s): TPA 2211

TPA 2292 - Production Involvement I

Credit(s): 1

The rehearsal, construction, and performance of major theatrical works. Assignments are made by a faculty committee following the students completion of a PI request form, available in the Theatre Office, and enrollment in this course. This course is repeatable (2 credit hours maximum).

Prerequisite(s): TPA 2200, TPA 2290L, TPA 2211, TPA 2291L

Other Information: This course is repeatable.

TPA 3007C - Introduction to Entertainment Design

Credit(s): 3

An introductory Theatre and Entertainment Design course, covering Costume, Scenic, Lighting and Sound Design. This course will

include lectures, demonstrations, individual student presentations, and group projects.

TPA 3008 - Introduction to Design II

Credit(s): 3

This course will include lectures, demonstrations, individual student presentations, and studio activities. The course work will provide an introduction to the various aspects of design including: two and three dimensional design, basic presentation and visual communication skills, research, and project analysis/organization. Open to non-majors.

Prerequisite(s): TPA 3007 .

TPA 3208 - Drafting and CAD I

Credit(s): 3

The course will include lectures, demonstrations, individual student presentations, and studio activities. The course work will provide an opportunity to develop skills and techniques in the visual presentation of various design and technical draftings. Open to non-majors.

Prerequisite(s): TPA 2200 and TPA 2290L

TPA 3223C - Technical Theatre: Lighting

Credit(s): 3

Intermediate Lighting Technology for lighting designers, Projection designers, and theatre or entertainment industry electricians. This course engages hands on practical experience with computer lighting, programming, and automation systems.

Prerequisite(s): TPA 2200 with a minimum grade of C

Corequisite(s): TPA 3208

Restriction(s):
Permit Required

TPA 3231C - Technical Theatre: Costume Construction

Credit(s): 3

Intermediate Costume construction techniques. Materials, skills, tools and methods for construction of clothing and garments for entertainment, fashion, and character design will be demonstrated and practiced.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): TPA 2200 with a minimum grade of C

Restriction(s):

TPA 3251 - Drafting and CAD II

Credit(s): 3

Continuation of TPA 3208. The course will include lectures, demonstrations, field trip(s), individual student presentations, and studio activities. The course work will provide an opportunity to develop your skills and techniques in the visual presentation of various design and technical draftings. Open to non-majors.

Prerequisite(s): TPA 3208

TPA 3265 - Sound For The Stage

Credit(s): 3

Basic study of audio components, fundamental properties of sound, multiple channel recording, editing, reproduction and reinforcement. Methods and techniques used in theatre to create sound effects.

Prerequisite(s): TPA 2200 and TPA 2290LTPA 2211 - Introduction to Technical Theatre II

Restriction(s):
Majors Only

TPA 3289C - Technical Theatre I: Scenic Technology

Credit(s): 3

Intermediate Scenic Construction techniques and technology are introduced. Topics introduced include stage carpentry, intermediate construction tools and machines, as well as tromp l'oeil painting.

Prerequisite(s): TPA 2200 with a minimum grade of C

TPA 3296 - Design Practicum

Credit(s): 2

This is a studio/laboratory course in the practical aspects of production. The course is intended to provide realized production experience to the advanced theatre design student in such areas as costume, lighting, and scenic design; stage properties design; technical direction; and theatrical production craft/skill areas. The student will be individually mentored by a faculty member

through the process of developing and realizing a production design/craft/skill. This course is repeatable (4 credit hours maximum).

Prerequisite(s): TPA 3007C

Other Information: This course is repeatable.

TPA 3601 - Stage Management

Credit(s): 2

A practical course in the working organizational function of the stage manager in theatre, dance, opera, and other live performance situations.

CoPrerequisite(s): TPA 2200 and TPA 2290L

Restriction(s):
Majors Only

TPA 4011C - Design Studio: Scenic Design

Credit(s): 3

Intermediate study and exploration of scenic design processes and techniques. Continued discussion of Script Analysis, Visual Research, Visual Storytelling, Styles, and Stage Mechanics. Refinement of the Design Process as it impacts designing environments.

Prerequisite(s): TPA 3007C with a minimum grade of C

Corequisite(s): TPA 3208

CoPrerequisite(s): TPA 2200 with a minimum grade of C

Restriction(s):
Junior Standing
Permit Required
Senior Standing

TPA 4013C - Design Studio: Lighting Design

Credit(s): 3

A lighting design course concerned with graphic presentations, color theory, design concepts, and practical experience with computer lighting systems, stressing collaborative work and the various stages and processes in lighting design development.

Prerequisite(s): TPA 3007C with a minimum grade of C

Corequisite(s): TPA 2200

CoPrerequisite(s): TPA 3208 with a minimum grade of C

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Restriction(s):

TPA 4045C - Design Studio: Costume Design**Credit(s): 3**

Intermediate study of costume and character design for art and entertainment media. Costume design is explored using theatre literature as a basis. Character and costume Design for diverse Entertainment genres is discussed.

Prerequisite(s): TPA 3007C with a minimum grade of C

CoPrerequisite(s): TPA 2200 with a minimum grade of C

Restriction(s):

Junior Standing
Permit Required
Senior Standing

TPA 4077 - Scene Painting**Credit(s): 2**

A practical course in the painting of stage scenery: media and application.

Prerequisite(s): TPA 3007

Restriction(s):
Majors Only

TPA 4094C - Advanced Entertainment Design**Credit(s): 4**

An advanced problems class in theatre design. Students explore advanced genres of entertainment design through demonstrations, labs, and collaborative projects. Students will work in interdisciplinary teams. May be offered as a Special Topics Course.

Prerequisite(s): TPA 3007C with a minimum grade of C

Restriction(s):
Junior Standing
Senior Standing

Other Information: Number of Times Repeatable: 4

TPA 4273 - Stage Properties: Techniques And Materials Studio**Credit(s): 2**

Demonstration of and experience with materials used in construction of stage properties. Modeling of prototypes and basic casting techniques. Organization of shop.

Prerequisite(s): TPA 3007

Restriction(s):
Majors Only

TPA 4293 - Production Involvement II**Credit(s): 1**

The rehearsal, construction, and performance of major theatrical works. Assignments are made by a faculty committee following the student's completion of a PI request form, available in the Theatre Office, and enrollment in this course. This course is repeatable (2 credit hours maximum).

Prerequisite(s): TPA 2292 with a minimum grade of S

Other Information: This course is repeatable.

TPA 4298 - Advanced Design Practicum**Credit(s): 3**

This is a studio/laboratory course in the practical aspects of production. The course is intended to provide realized production experience to the advanced theatre design student in such areas as costume, lighting, and scenic design; stage properties design; technical direction; and theatrical production craft/skill areas. The student will be individually mentored by a faculty member through the process of developing and realizing a production design/craft/skill.

Prerequisite(s): TPA 4011 .

TPA 4359C - Advanced Theatre Technology**Credit(s): 4**

Advanced training for students in live entertainment technology. In-depth study and practice of current methodologies and technologies in the field of technical theatre and entertainment design. May be offered as a special topics course.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): TPA 2200 with a minimum grade of C

Restriction(s):
Junior Standing
Senior Standing

Other Information: Number of Times Repeatable: 4

TPA 4993C - Portfolio

Credit(s): 2

A Senior thesis class focused on preparing a Design & Technology portfolio. Techniques, standards, materials, and career planning will be covered. This course will prepare students for professional interviews and graduate school applications.

Prerequisite(s): TPA 2200 with a minimum grade of C

Restriction(s):
Junior Standing
Majors Only
Permit Required
Senior Standing

Other Information: Number of Times Repeatable: 1

TPP 2110 - Acting I

Credit(s): 3

Exploring the elements basic to acting skills, a participation course. Required of all theatre majors. Open to non-majors.

Course Attribute(s): GCPC - Global Citizens Project Course

Restriction(s):
Permit Required

UN SDG(s):
SD16 - Peace

TPP 3155 - Acting II

Credit(s): 3

Identify and investigate the fundamental elements of acting as applied to scene exploration, rehearsal, and presentation.

Prerequisite(s): TPP 2110 and THE 2305

Restriction(s):
Permit Required
Other

Other Information: Audition and all core 2000 level courses.

TPP 3230 - Laboratory Workshop In Performance

Credit(s): 3

The content of the course will be governed by student demand and instructor interest.

Prerequisite(s): TPP 2110

TPP 3251C - Acting the Song

Credit(s): 3

This course will enable the student to approach music and lyrics from the actor's point of view. Lyrics are explored as monologues and music is explored as a way to support the emotional life of the character.

Prerequisite(s): TPP 2110 with a minimum grade of C and Audition

Restriction(s):
Permit Required

TPP 3252C - Musical Theater Scene Study

Credit(s): 3

This course teaches acting for the musical theatre. It addresses why songs occur, how to transition from dialogue to song, and the use of underscoring. It explores these techniques in distinct genres from the Golden Age of Musical Theater to the present. This course is repeatable (6 credit hours maximum).

Prerequisite(s): TPP 3155, TPP 3251C both with a minimum grade of C and audition

Restriction(s):
Permit Required

Other Information: This course is repeatable.

TPP 3510 - Movement for Actors

Credit(s): 3

A laboratory course in various disciplines or systems and understanding the body's motive powers, with focus on their use for the stage performer.

Course Attribute(s): GCPC - Global Citizens Project Course

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

TPP 3580 - Special Skills In Movement

Credit(s): 3

Stage combat, circus and acrobatic techniques, and other special techniques of movement.

Prerequisite(s): TPP 2110

Restriction(s):
Majors Only

TPP 3790 - Voice for Actors

Credit(s): 3

A concentrated laboratory on freeing the breathing function, developing body and oral resonance, and strengthening muscles used on the formation of speech sounds.

Prerequisite(s): TPP 2110

Restriction(s):
Permit Required

TPP 4140 - Styles of Acting

Credit(s): 3

Examination of the actor's craft and skills needed to fulfill the demands of classical theatre forms.

Prerequisite(s): TPP 3155

TPP 4180 - Acting III

Credit(s): 3

An acting workshop focusing on application of character development and rehearsal techniques over a sustained period leading toward a project showing at semester's end.

Course Attribute(s): GCPC - Global Citizens Project Course

Prerequisite(s): TPP 3155

Other Information: Audition

UN SDG(s):

SD05 - Gender Equality
SD10 - Reduced Inequality
SD16 - Peace

TPP 4193 - Studio Theatre Performance II

Credit(s): 1

A practical laboratory involving the rehearsal and

performance of a major production. Activities may include acting, directing, stage management, and the activities of the performance production crews. Placement by audition. If cast in production student must accept role. Required of all Theatre majors. May be repeated. Open to non-majors with CI.

Prerequisite(s): TPP 2190.

TPP 4221 - Audition Workshop for Actors

Credit(s): 3

Preparation for professional audition; discussion of professional objectives.

Prerequisite(s): TPP 3155

TPP 4235 - Ensemble Studio

Credit(s): 3

This class develops the student's ability to work and perform as part of an acting ensemble. Its focus is to create theatre as an ensemble collective and engage in exploring collaborative art. Through a series of ensemble exercises and projects, students will develop scripted performances and/or devised pieces 30 – 60 minutes in length. Each actor will be a member of a larger ensemble and together, the ensemble will create and rehearse each performance piece as if for production.

Prerequisite(s): TPP 4180 with a minimum grade of a C, TPP 3790 with a minimum grade of a C, TPP 2500 with a minimum grade of a C

TPP 4310 - Directing I

Credit(s): 3

An elective sequence in directing. A workshop course in which the student first encounters the basic tasks of the director by preparing and directing one or two scenes and then progresses to more complex scene work in a variety of styles and finally proceeds to the short play or theatre pieces.

Prerequisite(s): THE 2305

TPP 4600 - Writing For The Theatre

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

An elective sequence in writing, in which the student first encounters the problems unique to dramatic language and situation, then progresses to complexities of character, plot, and stage dynamics. Normally the aim would be to complete several performance-worthy self-contained scenes.

Prerequisite(s): TPP 3110 or THE 3111.

TPP 4920 - Special Topics in Performance**Credit(s): 3**

A workshop in advanced vocal and movement techniques.

Prerequisite(s): TPP 3510, TPP 3790 and TPP 3155

TPP 4923 - Music Theatre Workshop**Credit(s): 3**

Exploration of Musical Theatre materials and performance techniques for the performer. Individual and ensemble work.

Prerequisite(s): TPP 2110

Other Information: audition

TSL 4080 - ESOL Curriculum and Pedagogy**Credit(s): 3**

This course is designed to prepare pre-professional (pre-service) teachers to provide linguistically and culturally appropriate instruction, learning opportunities, and assessment for English Learners (ELs) in grades K-12.

Course Attribute(s): GCPC - Global Citizens Project Course, TGEE - Ethical Reasoning and Civic Engagement, UGR - Undergraduate Research

UN SDG(s):

SD04 - Quality Education

SD10 - Reduced Inequality

TSL 4251 - Applying Linguistics to ESOL Teaching and Testing**Credit(s): 3**

This course provides an overview of the components of language, linking them to

methods and techniques of providing comprehensible instruction to English Learners. Designed for pre-service and in-service teachers, this course supports the development of professional literacy skills geared toward appropriate pedagogical practices for the instruction of EL students in the United States.

Prerequisite(s): TSL 4080

TSL 4324 - ESOL Competencies and Strategies**Credit(s): 3**

This course is designed for degree pursuing, preservice and inservice teachers to prepare them to provide culturally and linguistically responsive instruction, assessment, and learning opportunities for English Learners in the content areas. This will include an overview of equity issues as they relate to linguistically diversity and preparation for multilevel and inclusive pedagogy.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD04 - Quality Education

TSL 4362 - Methodology of Teaching English Overseas**Credit(s): 3**

Designed to introduce and prepare the enrollee in the various facets of teaching English as a foreign language in the overseas setting, including a focus on English as an international language.

Course Attribute(s): GCPC - Global Citizens Project Course

Restriction(s):

Junior Standing

Senior Standing

UN SDG(s):

SD04 - Quality Education

TSL 4941 - ESOL Practicum**Credit(s): 1**

Students will apply knowledge and skills in the areas of ESOL methods, culture, curriculum, assessment, applied linguistics and second language acquisition to teaching English language learners. Restricted to education

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

majors. Not repeatable.

Prerequisite(s): FLE 4317 and FLE 4316.

Restriction(s):
Majors Only

Other Information: BXE Majors only.

TSL 4942 - TESOL Practicum

Credit(s): 3

This course is designed to provide candidates with guided practice in planning and delivering instruction in a linguistically diverse classroom.

Restriction(s):
Permit Required

TTE 4003 - Transportation and Society

Credit(s): 3

This course provides a multidisciplinary introduction to transportation and its impacts on society. It explores how transportation interacts with the economy, the environment and the social and political nature of society

TTE 4004 - Transportation Engineering I

Credit(s): 3

Principles of surface transportation system development, design, and operations; administration, modal characteristics, capacities, and functional classifications; vehicle kinematics, human factors and minimum design standards; traffic flow theory and queuing, capacity and signalization; transportation planning and economics.

Prerequisite(s): EGN 3321.

TTE 4005 - Transportation Engineering II

Credit(s): 3

Techniques for the geometric route design of surface transportation systems; horizontal and vertical alignments. Spiral curves, superelevations and earthwork analysis; drainage, soils, and a rigid and flexible pavement design; right-of-way acquisition and Environmental Impacts; site layout & design, and operation of alternate models including bus, air, rail, water, and pipeline facilities and terminals.

Prerequisite(s): TTE 4004.

URP 4053 - Planning for Equitable Cities

Credit(s): 3

This course explores US urban development with a focus on social and political issues, and a discussion of policy approaches that lead to enhanced quality of life for all residents.

UN SDG(s):
SD10 - Reduced Inequality
SD11 - Sustainable Cities-Communities

URS 3002 - Introduction to Urban Studies

Credit(s): 3

An interdisciplinary introduction to the process of urbanization and the diverse communities it has created. Urban areas in the United States, as well as global cities, will be examined.

URS 4930 - Special Topics in Urban Studies

Credit(s): 3

Selected issues and topics in Urban Studies with course content based on student demand and instructor's interest. May be repeated as topics vary.

VIC 3001 - Visual Literacy

Credit(s): 3

In this course, learners will journey from looking to seeing in order to identify, critique and discern meaning in visual communication within a cultural, ethical, aesthetic, intellectual and technological context.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, TGEI - Information and Data Literacy

VIC 3400C - Visual Design for Globalized Media

Credit(s): 3

The course explores the relationship between images and messages in global media and the

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

primary role that visual design plays in globalized media presentations.

VIC 3943 - Visual Communication Internship

Credit(s): 1-3

Practical experience outside the classroom where the student works for academic credit under the supervision of a professional practitioner. Periodic written and oral reports to the faculty member coordinating the study.

Restriction(s):

Majors Only
Permit Required
S-U Grade System
Senior Standing

Other Information: For visual communications option majors.

VIC 4311 - InfoGraphics Design

Credit(s): 3

This course is designed to use principles to construct and create visual representation of news information. Advanced techniques with Adobe Illustrator and Photoshop to design signage, logos, charts and tables, new graphics and other creative projects will be used.

Restriction(s):

Majors Only
Permit Required

WOH 2022 - Global History since 1750

Credit(s): 3

This course offers an introduction to the major themes and events in modern global history from 1750 to the present.

Course Attribute(s): CAGC - Human & Cultural Diversity in a Global Context, HHCP - Human Historical Context & Process

WOH 2030 - World History since 1815

Credit(s): 3

This course will examine the major events and developments of world history since 1815, with particular attention to the political, cultural economic and technological dynamics that have shaped global history and the interaction among

peoples since 1815.

Course Attribute(s): SPHU - Humanities

Restriction(s):

S-U Grade System

WOH 3245 - History of Sports from National to Global Contexts

Credit(s): 3

This class will analyze the development of modern sports (soccer, baseball, basketball, netball, tennis) in the Americas. Students will discuss the meaning of sports in modern culture, from the end of the nineteenth century to globalization.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD05 - Gender Equality

WOH 3266 - The Modern British Empire

Credit(s): 3

This course is designed to introduce students to the history of Empire and will particularly focus on British colonization in Asia and Africa from 1776-1970.

WOH 3293 - Islam in World History

Credit(s): 3

This course examines the origins, spread, and development of Islam within the context of the main global historical processes and events of the past 1500 years.

WOH 3423 - Epidemics and Pandemics in World History

Credit(s): 3

This course examines epidemics and pandemics in world history, from antiquity to the present, with a focus on the political, economic, social, cultural, and medical consequences of various infectious diseases.

Course Attribute(s): CLB - Collaborative Learning, TGEH - High Impact Practice

UN SDG(s):

SD03 - Good Health and Well-being

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

WST 2250 - Female Experience in America

Credit(s): 3

This course explores the lives and experiences of women and girls in America from 1870 to the present, examining how issues of gender, race, class, ethnicity, and sexuality shaped both their experiences and our historical understanding of their lives.

Course Attribute(s): CAHU - Humanities, HHCP - Human Historical Context & Process

WST 2600 - Human Sexual Behavior

Credit(s): 3

The dynamics of human sexuality: biological, constitutional, cultural, and psychological aspects. The range of sexual behavior across groups. Sources of beliefs and attitudes about sex, including sex roles and especially human sexuality.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CASB - Social & Behavioral Sciences, TGEC - Creative Thinking

WST 3006 - Careers & Professionalism in WGS

Credit(s): 3

Focus on professional, career, and personal strategies and skills within a feminist and social justice framework, with special attention on balancing ethics/career and on sex, gender, race, and orientation in the contemporary workplace

WST 3015 - Introduction to Women's Studies

Credit(s): 3

This course introduces the interdisciplinary field of Women's Studies through a critical examination of the way gender, race, class and sexuality are socially constructed and demonstrates how activism is inherent in Women's Studies discourse.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - State Communication Requirement, CASB - Social & Behavioral Sciences, TGED - Human & Cultural Diversity (also requires two Global Citizens Project learning outcomes)

WST 3311 - Issues in Feminism

Credit(s): 3

Survey of major issues relevant to the female experience: marriage and the family, sexuality, work, creativity.

Course Attribute(s): CASB - Social & Behavioral Sciences

WST 3324 - Women, Environment and Gender

Credit(s): 3

Investigation of intersection of women's studies, gender and environment with focus on women's health. Exploration of hypothesis formulation and testing, current issues.

Course Attribute(s): CANL - Natural Sciences (Life Science), EMWP - Major Works and Major Issues

WST 3334 - Queer Film & Television

Credit(s): 3

Examines how queerness is figured within film and television to produce sexual identities, represent non-heteronormative sexualities, and both reify and challenge norms of gender and sexuality.

WST 3370 - Women and Social Action

Credit(s): 3

Course focuses on ordinary women working collectively in diverse social settings to empower themselves and others to challenge gender stereotypes; to reduce harassment, poverty, violence and homelessness; to enhance health-care and family life and to confront barriers in education, the media and the criminal justice system.

WST 3380 - Sexualities Studies

Credit(s): 3

Overview of the interdisciplinary field of sexuality studies, covering theories of sexualities, social control and regulation, and how sexualities intersect with other axes of identities such as race, gender, class, age, and ability.

WST 3412 - Women in the Developing World

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Survey of status of women in Asia, Africa, Latin and Caribbean America, compared to that in USA, Canada, West Europe, Marxist-Leninist countries. (May also be taken for credit in Government and International Affairs.)

SD08 - Decent Work

SD10 - Reduced Inequality

WST 3602 - Introduction to LGBTQ Cultures**Credit(s): 3**

Explores the experiences of people who identify as lesbian, gay, bisexual, transgender, and/or queer (LGBTQ).

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD03 - Good Health and Well-being

SD05 - Gender Equality

SD08 - Decent Work

SD10 - Reduced Inequality

SD12 - Responsible Consumption

SD16 - Peace

WST 4002 - Feminist Research Methods**Credit(s): 3**

The survey, design, and practice of qualitative and quantitative methods in feminist research. Restricted to majors; non-majors by permission of instructor.

WST 4106 - Global and Transnational Feminism**Credit(s): 3**

Women, gender, and feminism in transnational perspective, focusing on various theories and movements engendered in diverse contemporary geopolitical contexts. Development, globalization, reproductive politics, and women's health will be examined.

Course Attribute(s): GCPC - Global Citizens Project Course

Restriction(s):

Permit Required

UN SDG(s):

SD03 - Good Health and Well-being

SD04 - Quality Education

SD05 - Gender Equality

WST 4110 - Women and Social Justice**Credit(s): 3**

This course examines the complexities of transnational social justice for women by investigating health, violence, reproduction and work within the context of international human rights law, nationalist policies, and global capitalism.

Course Attribute(s): GCPC - Global Citizens Project Course

UN SDG(s):

SD05 - Gender Equality

WST 4262 - Literature by Women of Color in the Diaspora**Credit(s): 3**

An introduction to contemporary women writers of color in the U.S.: Native Americans, African Americans, Asian Americans, and Chicanas/U.S. Latinas. Readings will include literature and contextual articles on historical and cultural issues.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement, WRIN - Writing Intensive Capstone

Other Information: Will not be counted toward the English major.

WST 4310 - History of Feminism in the U.S.**Credit(s): 3**

A study of feminist critiques of American women's experiences and status, and their implications for women's lives, by 19th- and 20th-century theorists, and how adequately these various critiques address the intersections of gender, class, ethnicity, and race.

Course Attribute(s): 6AC - State Communication Requirement, 6ACT - Gordon Communication Requirement, 6ACT - State Communication Requirement

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

WST 4313 - Black Feminisms--Past and Present

Credit(s): 3

Black Feminisms is an interdisciplinary course in the Department of Women's and Gender Studies that introduces students to Black feminist theory and the intersections of race, class, gender, sexuality, and disability. In addition to understanding how black women are defined in a variety of cultural and social contexts, students will examine how the above identities intersect and collide in different cultures of the African Diaspora. This course will utilize a variety of texts (e.g. fiction, critical texts, films, first-person narratives, etc.) to define and analyze Black feminisms.

Prerequisite(s): WST 3015 with a minimum grade of C- or better OR AFA 2000 with a minimum grade of C- or better

Restriction(s):

Junior Standing
Senior Standing
Sophomore Standing

WST 4320 - Politics and Issues in Women's Health

Credit(s): 3

This course will focus on celebrating women's health and wholeness: mental, physical, emotional, spiritual, social, economic, and understanding the potential negative effects of institutional and interpersonal oppression on health and wellness.

Course Attribute(s): CASB - Social & Behavioral Sciences

WST 4336 - Feminist Theories of Media & Popular Culture

Credit(s): 3

This course surveys key topics, people, concepts, theories, and issues under the general topic of feminist theories of the media and popular culture using critical frameworks that account for power, access, representation, and difference.

WST 4522 - Classics in Feminist Theory

Credit(s): 3

Introduces students to first and second wave

feminist theories, which explain the pervasiveness of sexist, racist, classist, heterosexist bias in our everyday lives.

Course Attribute(s): CAHU - Humanities

WST 4561 - Contemporary Feminist Theory

Credit(s): 3

An exposure to and an exploration of a wide range of current feminist theories and debates, as well as an examination of the possible political and practical implications for various theoretical positions.

WST 4645 - Queer Theory

Credit(s): 3

Intellectual and political history of queer theory; theories of sexuality, gender, sociality, and subjectivity; emphasis on sexual variation across cultures.

WST 4900 - Directed Readings

Credit(s): 1-3

To provide advanced students with interdisciplinary research experience in areas of specific interest.

Other Information: Registration requires written contract signed by student and instructor of choice.

WST 4910 - Directed Research

Credit(s): 1-3

To provide advanced students with interdisciplinary research experience in areas of specific interest.

Other Information: Registration requires written contract signed by student and instructor of choice.

WST 4930 - Selected Topics

Credit(s): 1-3

Study in special areas such as Women and Work, Reproductive Law, Women and Health.

WST 4935 - Capstone/Senior Project

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit(s): 3

Recognizing the interplay between personal connections and intellectual experience, this capstone course is designed to focus on topical areas related to women's studies and facilitate linking student learning experience to future plans.

Course Attribute(s): CPST - Capstone Learning Experience, CST - Capstone, TGEH - High Impact Practice

Restriction(s):
Majors Only

Other Information: Women's Studies Major

WST 4940 - Internship in Women's & Gender Studies**Credit(s): 1-3**

Supervised work-and-learning experience in women's and gender studies under the direction of a University faculty member/administrator and an employee of a sponsor organization. Restricted to majors only. Repeatable once for a total of 6 credit hours.

Course Attribute(s): INT - Internship, TGEH - High Impact Practice

ENY 4662 - Medical and Applied Entomology**Credit(s): 3**

This course gives an overview of medical entomology, the study of insects that impact the health of humans and domesticated animals, and applied entomology, the study of insects that impact agriculture, forestry, and stored products.

Prerequisite(s): BSC 2011 with a minimum grade of C-.

ZOO 2710C - Anatomy of Chordates**Credit(s): 4**

Anatomy of selected vertebrate types emphasizing evolutionary trends. Lec.-lab.

Prerequisite(s): BSC 2010 with a C- or better and BSC 2010L with a C- or better and BSC 2011 with a C- or better and BSC 2011L with a C- or better

ZOO 3205C - Advanced Invertebrate Zoology**Credit(s): 4**

Phylogeny, taxonomy, development, physiology, macro-, microanatomy and natural history of marine/freshwater dwelling invertebrate phyla (including protists and excluding parasites and insects) covered in integrated manner. Extensive lab work/Some fieldwork.

Prerequisite(s): BSC 2010 with a C- or better and BSC 2010L with a C- or better and BSC 2011 with a C- or better and BSC 2011L with a C- or better

ZOO 3713C - Comparative Vertebrate Anatomy**Credit(s): 4**

Anatomy of selected vertebrate types emphasizing evolutionary trends. Lecture and Laboratory.

Prerequisite(s): BSC 2010 with a C- or better and BSC 2010L with a C- or better and BSC 2011 with a C- or better and BSC 2011L with a C- or better and CHM 2046 with a C- or better

ZOO 4233 - Parasitology**Credit(s): 3**

Fundamentals of animal parasitology and parasitism, the biology of selected animal parasites, including those of major importance to man. Lecture and laboratory.

Prerequisite(s): BSC 2010 with a C- or better and BSC 2010L with a C- or better and BSC 2011 with a C- or better and BSC 2011L with a C- or better and CHM 2046 with a C- or better

CoPrerequisite(s): PCB 3023 or PCB 3043 or PCB 3063 or PCB 3712 and CHM 2211.

ZOO 4307 - Vertebrate Zoology**Credit(s): 3**

This course examines the organismal biology of vertebrate animals, their anatomy, physiology, ecology, evolution, and behavior, how vertebrates interact with their environments, and how the many diverse groups of vertebrates have evolved.

ALL COURSES LISTING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Prerequisite(s): BSC 2011 with a C- or better and BSC 2011L with a C- or better

ZOO 4307L - Vertebrate Zoology Laboratory

Credit(s): 1

This course examines the organismal biology of vertebrates in field and lab, their anatomy, physiology, ecology, evolution, and behavior, how they interact with the environment, and how the diverse groups of vertebrates have evolved.

Prerequisite(s): ZOO 4307 with a C- or better

ZOO 4454 - Fish Biology

Credit(s): 3

Covers the systematics, anatomy, physiology, reproductive biology, behavior and ecology of fish.

Prerequisite(s): BSC 2011 with a C- or better and BSC 2011L with a C- or better

Restriction(s):
Senior Standing

ZOO 4454L - Fish Biology Lab

Credit(s): 1

This is a lab course in fish biology designed to familiarize undergraduate students with the anatomy, ecology, behavior, and classification of fishes.

Prerequisite(s): ZOO 4454.

ZOO 4462C - Herpetology

Credit(s): 4

The course explores the ecology and evolution of non-avian reptiles and amphibians using theory, basic research, field experiences, and laboratory practicals, with a particular focus on the species found here in Florida and locally in Tampa.

Prerequisite(s): BSC 2011 with a minimum grade of C-.

Restriction(s):
Junior Standing
Senior Standing

ZOO 4485 - Marine Mammal Biology

Credit(s): 3

This course will focus on the biology, ecology and behavior of marine mammals through the central concept of adaptation to marine environments. Topics to be covered include taxonomy, anatomy, physiology, behavior, conservation, and management.

Prerequisite(s): BSC 3312 with a C- or better

ZOO 4512 - Sociobiology

Credit(s): 3

An analysis of Animal and human behavior such as sex, territoriality, and aggression in the context of evolution.

Course Attribute(s): EMWP - Major Works and Major Issues

Restriction(s):
Senior Standing

Other Information: Not for major's credit.

ZOO 4513 - Animal Behavior

Credit(s): 3

An introduction to comparative animal behavior, with analysis of types of animal behavior, their function and evolutionary origin. Lecture only.

Prerequisite(s): BSC 2010 with a C- or better and BSC 2010L with a C- or better and BSC 2011 with a C- or better and BSC 2011L with a C- or better and CHM 2046 with a C- or better
CoPrerequisite(s): CHM 2211.

ZOO 4694 - Developmental Biology

Credit(s): 3

This course will use a problem solving approach to provide fundamental knowledge of scientific concepts and principles involved in the mechanisms underlying patterns of embryonic development for majors/nonmajors

Prerequisite(s): PCB 3023 with a C- or better and PCB 3063 with a C- or better

ZOO 4753 - Human Histology & Molecular Pathology of Disease

Credit(s): 3

The study of cellular and molecular mechanisms underlying various disease states of the human

ALL COURSES LISTING
