UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

August 2023

The Undergraduate Catalog is published at <https://catalog.usf.edu/>

General Use Guidelines:

The announcements, information, policies, rules, regulations, and procedures set forth in this Catalog are for information only and are subject to continual review and change without notice. As the Catalog may change each year, the most current catalog shall apply with exceptions to be approved by the appropriate academic Dean.

To the extent the catalog references and incorporates Florida Board of Governor and USF Board of Trustee Regulations, USF Policies, and state or federal statutes, it is important to note that the Regulations, Policies and Statutes require separate promulgation outside of the catalog and that promulgation may not coincide with the publication of the Catalog. Accordingly, the most recent and current adopted Regulation, Policy or statute should be applied when following this Catalog. See <https://www.usf.edu/regulations-policies/>

The University of South Florida is committed to the principles of equal education, equal access, and equal employment opportunities without regard to race, color, marital status, sex, religion, national origin, disability, age, or Vietnam or disabled veteran status as provided by law and in accordance with the University's respect for personal dignity. These principles are applied in the conduct of University programs and activities and the provision of facilities and services.

LETTER FROM THE PRESIDENT

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Letter from the President

Dear Students:

Welcome to the University of South Florida family! As USF Bulls, you will find wonderful opportunities here to learn, grow and create lasting memories as you form friendships and find new interests in a stimulating environment.

As a proud USF alumna, I know from personal experience how much of an impact our university has on the lives of our students. I credit much of my own personal and professional success to the opportunities provided to me at USF. I am delighted that you have chosen our great university to shape the future and make your mark on the world.

This is a particularly exciting time at USF, as we continue to introduce new programs and services that help our students flourish; open state-of-the-art buildings, including our new Student Health and Wellness Center; and earn further recognition for our world-class research and innovation. We are proud of the fact that over the past 10 years, no other public university in the country has risen faster in U.S. News & World Report's national university rankings than USF.

Across our university's 13 colleges, you can choose from more than 200 majors, minors and concentrations regardless of which of our three campuses you are studying at — Tampa, St. Petersburg or Sarasota-Manatee. On our website, you'll find a complete list of those offerings, from the arts to cybersecurity, from criminology to microbiology, and so much more. I urge you to review the full list to find the course of study that suits your interest and puts you on a path toward a rewarding career.

Opportunities for learning abound at USF, and you can pursue your academic interests at a university that is committed to excellence — and continually recognized for achieving it. As one of only three Preeminent Research Universities in Florida, a designation reserved for institutions that meet stringent metrics in such areas as graduation rates, student retention rates and research expenditures — we are focused on preparing our students for rewarding careers and partnering with a wide variety of businesses and organizations that provide invaluable hands-on experiences to our students.

You can be proud that the degree you will earn from USF will carry weight and respect, because it was earned at a vibrant university making an impact at the state, national and global levels. As a Top 50 research university in the United States, we have our sights set on reaching the Top 25 — and thanks to your continued pursuit of excellence both in the classroom and beyond, we will get there!

In addition to expanding your knowledge, there is so much to experience outside the classroom. USF is home to approximately 800 student organizations across our three campuses, and I am confident you can find one or more that complements your interests. By staying active and involved on campus, you will form lasting friendships and further hone your interests as you also take advantage of everything the Tampa Bay region has to offer — including cultural, recreational and social opportunities, award-winning beaches and exciting collegiate and professional sports. At USF, we are fully committed to inclusive excellence, and to providing a community where everyone feels a sense of belonging and is encouraged to think boldly about the future. We are focused on fostering student and faculty success and remain steadfast in our commitment to making a global impact. Always remember that our university's faculty and staff are here to support you, and please don't hesitate to ask for help as you explore your options.

I wish you all the best in your studies, and, as you will no doubt find yourself saying often from now on — Go Bulls!

In Bull Pride,

Rhea Law
USF President

Campus Visit Experience

Visiting USF is one of the best ways to experience what this institution has to offer. While each of USF campuses have designed campus visit experiences to best reflect their distinctive identity, the goal is for our guests to depart with their questions answered and their next steps determined.

Tampa Campus

The Tampa campus visit experience includes the following:

- **A Tour of Campus** - Student-led by our Green & Gold Guides, the tour will give you an up-close view of our top-rated academic facilities, a spacious suite-style residence hall, delicious dining options, student support offices, high-tech recreation center, and other points of interest. In addition, you will hear from current USF students about what life is really like on our dynamic campus!
- **An Information Session** - Presented by an admission professional, the session will provide an overview of the university, admissions requirements, financial aid, dining services, residential life, scholarships and campus life.

Please visit the Office of Admissions for more information and to schedule a visit at

<https://www.usf.edu/admissions/freshmen/visit-campus/campus-tour/campus-visit-experience.aspx>

A Virtual Campus Tour is available at <https://www.usf.edu/about-usf/tour.aspx>

Saint Petersburg Campus

The St. Petersburg campus student-led tour provides an up-close view of our downtown campus and surrounding waterfront. You and your family will learn about our academic programs, student organizations and waterfront activities, such as sailing, paddle boarding and kayaking. Experience life on-campus when you tour one of our residential halls, including the new Osprey Suites. Our in-person and virtual campus tours introduce you to current students, faculty, and staff, and feature various academic and student life spaces, some of which have earned impressive ratings for their focus on sustainability. You will hear from current students about what life is really like on our dynamic St. Petersburg campus!

All guided tours include an information session or meeting with an admission's professional. Designed to guide prospective students through the application process, the session provides details on the admission requirements and scholarships. You can also experience our Self-Guided Tour or our 360 Virtual Tour (<https://www.stpetersburg.usf.edu/admissions/undergraduate/campus-tours.aspx>) on your own schedule. While visiting our campus, we recommend you take time to explore vibrant downtown St. Petersburg or local beaches. Visit one of the city's many art galleries or museums, such as the Salvador Dali Museum, just steps from campus. If you are hungry, grab a bite to eat, shop and stroll along the waterfront at the new St. Pete Pier. Visit <https://www.visitstpeteclearwater.com/> for more information on area restaurants, accommodations and attractions.

To schedule your St. Petersburg campus tour, please register at

<https://www.usf.edu/admissions/freshmen/visit-campus/visit-st-petersburg/index.aspx>.

Sarasota-Manatee Campus

Sarasota-Manatee campus tours are designed to help students gain an appreciation for the culture of the campus and local community, and help prospective students see why Sarasota-Manatee students choose to receive a preeminent education in a small school atmosphere. Guests take a guided tour of our campus: walking our halls, stepping into the classrooms, and laying beneath the pines in one of our hammocks. The tours are conducted by our Campus Experience guides who share the history and statistics of the campus, while helping flesh out the experience through their unique student lens.

Prior to the tour, students will receive an information session from an admissions counselor. This presentation will help to set the context for the tour, explain the programs and opportunities available on campus, and explain the application and scholarship process.

Tours typically last between 30 to 45 minutes, and are offered Monday, Wednesday, and Fridays at 10:00 a.m. and 3:00 p.m. Tour schedules may change during summer semesters and holiday hours.

To schedule a Sarasota-Manatee campus tour, please register at

<https://www.sarasotamanatee.usf.edu/admissions/visit-usf-sarasota-manatee.aspx>. If you have questions about the tour or other visit opportunities, such as Open Houses, please contact the Campus Experience team at 941-359-4331.

Academic Calendar

Dates are tentative and subject to change. See <https://www.usf.edu/registrar/calendars/> for current and additional *Important Dates and Deadlines*.

Fall 2023

August 2023

21 – Fall Semester - First Day of Class
25 – Fall Drop/Add End; Fee Liability and Tuition Payment Deadline

September 2023

4 – Labor Day Holiday (USF Closed)
18 – Fall Graduation Application Deadline

October 2023

28 – Fall - Last day to withdraw; no refund and no academic penalty
30 – Spring 2024 Begins for degree-seeking students.

November 2023

10 – Veterans Day Holiday (USF Closed)
23-24 – Thanksgiving Holiday (USF Closed)
25-30 – Test Free Week (Note: November 25 through December 1)
27 – Winter Intersession Registration Begins for Non-Degree seeking students.

December 2023

1 – Fall Classes End
2-7 – Fall Final Exam Week
7 – Fall End of Term
8-11 – Fall Commencement
11 – Winter Intersession Classes Begin
20 – Winter Intersession Last day to withdraw; no refund and no academic penalty
25 – Christmas Holiday (Observed; USF Closed)

Spring 2024

January 2024

1 – New Year's Day Holiday (Observed; USF Closed)
5 – Winter Intersession Classes End
8 – Spring First Day of Class
12 – Spring Drop/Add Ends; Fee Liability and Tuition Payment Deadline
15 – Dr. Martin Luther King, Jr. Holiday (USF Closed)

February 2024

5 – Spring Graduation Application Deadline

March 2024

11-17 – Spring Break
23 – Spring Last day to withdraw; no refund and no academic penalty
25 – Summer/Fall Registration Begins for degree-seeking students.

April 2024

20-26 – Test Free Week
26 – Spring Last Day of Class
27 – Spring Final Exam Week (Note: April 27 through May 2)

May 2024

2 – Spring End of Term
2-5 – Spring Commencement

2023-2024 USF UNDERGRADUATE CATALOG

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Summer 2024

May 2024

6 – Maymester Classes Begin
13 – Summer Sessions A & C – First Day of Class
15 – Maymester – Last day to withdraw; no refund and no academic penalty
17 – Summer Sessions A & C Drop/Add End; Fee Liability and Tuition Payment Deadline
27 – Memorial Day Holiday (USF Closed)
31 – Maymester Classes End

June 2024

8 – Summer Session A – Last day to withdraw; no refund and no academic penalty
10 – Summer graduation application deadline
19 – Juneteenth Holiday (USF Closed)
21 – Summer Session A – Last Day of Class
24 – Summer Session B – First Day of Class
28 – Summer Session B – Drop/Add End; Fee Liability and Tuition Payment Deadline
29 – Summer 2023, Session C – Last day to withdraw; no refund and no academic penalty

July 2024

4 – Independence Day Holiday (USF Closed)
19 – Summer Session C – Last Day of Class
20 – Summer Session B – Last day to withdraw, no refund and no academic penalty.

August 2024

2 – Summer Session B – Last Day of Class
3-4 – Summer Commencement

Dates are tentative and subject to change. See <https://www.usf.edu/registrar/calendars/> for current and additional *Important Dates and Deadlines*.

In 2018, the Florida Board of Governors designated USF as a Preeminent State Research University, placing USF in the most elite category among the state's 12 public universities.

For additional administrative areas, visit <https://www.usf.edu/about-usf/administrative-units.aspx>

Mission and Goals

Mission

Led by outstanding faculty and professional staff, the University of South Florida conducts innovative scholarship, creative activity and basic and translational research, and delivers a world-class educational experience promoting the success of our talented and diverse undergraduate, graduate, and professional students. As a public metropolitan research university, USF, in partnership with our communities, serves the people of Florida, the nation, and the world by fostering intellectual inquiry and outcomes that positively shape the future - regionally, nationally and globally.

Goals

Goal 1: Student Success at USF and Beyond

To promote the lifelong success of well-educated, highly skilled, and adaptable alumnae/alumni who lead enriched lives, are engaged citizens and thrive in a dynamic global market.

Goal 2: Faculty Excellence in Research and Innovation

To conduct high-impact research and innovation to advance frontiers of knowledge, solve global problems and improve lives.

Goal 3: Partnerships and Engagement with Local, National, and Global Impact

To be a major social and economic engine creating robust global, national and regional partnerships to build a prosperous and sustainable future for our regional communities and the State of Florida.

Goal 4: A Diverse and Inclusive Community for Learning and Discovery

To provide a safe, inclusive and vibrant community for learning, discovery, creative activities and transformative experiences enabled through adaptive design of physical, social and digital environments.

Goal 5: A Strong, Sustainable, and Adaptable Financial Base

To practice continuous visionary planning and sound management throughout USF to ensure a strong and sustainable financial base, and to adapt proactively to emerging opportunities in a dynamic environment.

Commitment to Honor & Living the Commitment

As an ethical community, the University of South Florida is dedicated to the ideals of excellence in student development, academic learning, scholarship and research. By joining this community, each member is expected to accept and live these commitments.

I resolve to maintain the honor and integrity of the university community in pursuit of student development, academic learning, scholarship and research.

ABOUT USF

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Living the Commitment: A commitment to this resolution upholds our core values of honesty, diligence and trust within our academic and professional lives. This means that authentic and sincere efforts motivate our work while we strive for genuine, trustworthy interactions.

I resolve to respect the dignity and intrinsic value of all persons.

Living the Commitment: A commitment to this resolution requires appreciation for another's personal right to explore freely, to express oneself responsibly, and to participate actively in building an environment of mutual respect and inclusion for each individual. This means that we will support equal rights and opportunities for all people, while exhibiting behaviors which are compassionate and considerate to others.

I resolve to contribute to the progress and greater good of the community.

Living the Commitment: A commitment to this resolution motivates us to serve the University with words and actions that generate a positive impact on the future of the whole community. This means that active and creative thought and contributions within a collegial environment will expand both the nature and scope of knowledge and the quality of community life.

I resolve to strive for excellence and discovery for myself, others, and the University.

Living the Commitment: A commitment to this resolution confirms the shared values that make the University a strong community. We hold high expectations for our own academic and professional work. Concurrently, we endeavor to support the success of others as we *all* seek to contribute to the mission of the University.

About the University of South Florida

USF is the fastest-rising university in America, according to U.S. News and World Report's 2022 Best Colleges rankings. Over the past 10 years, USF has risen 78 spots among all universities and 54 spots among public universities, more than any other university in the country. This is the second consecutive year USF is among the top 50 public universities in the nation, according to U.S. News. Learn more about USF *Points of Pride*.

For more information about USF, visit <https://www.usf.edu/about-usf/index.aspx>. Students can visit <https://www.usf.edu/about-usf/student-consumer-information.aspx> for student-specific information.

Accreditation

The University of South Florida is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award associate, baccalaureate, masters, specialist, and doctoral degrees. The University of South Florida also may offer credentials such as certificates and diplomas at approved degree levels. Questions about the accreditation of the University of South Florida may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, GA 30033-4097, by calling (404) 679-4500, or by using information available on SACSCOC's website (www.sacscoc.org).

Normal inquiries about the institution, such as admission requirements, financial aid, educational programs, etc., should be addressed directly to the institution and not to the Commission's Office.

For more information on Accreditation, visit <https://www.usf.edu/ods/accreditation/accreditation.aspx>.

ABOUT USF

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

In addition to SACSCOC accreditation, which applies to the institution, many academic programs are accredited by specialized accreditors that focus on specific academic disciplines.

The University of South Florida and all colleges, departments and programs therein establish certain academic requirements that must be met before a degree is granted. These requirements concern such things as curricula and courses, majors and minors, and academic residence. Advisors, directors, department chairs, and deans are available to help the student understand and meet these requirements, but the student is responsible for fulfilling them. At the end of a student's course of study, if requirements for graduation have not been satisfied, the degree will not be granted. For this reason, it is important for all students to acquaint themselves with all regulations and to remain currently informed throughout their college careers and to be responsible for completing requirements. Courses, programs, and requirements described in the catalog may be suspended, deleted, restricted, supplemented, or changed in any other manner at any time at the sole discretion of the University and the USF Board of Trustees.

For more information on Specialized Accreditation, visit <https://www.usf.edu/ods/accreditation/index.aspx>.

USF Libraries

<https://www.lib.usf.edu/>

The University Library for the Tampa campus offers access to an extensive selection of print and electronic resources, including books, maps, e-journal, e-books, and countless databases. There is also a collection of audio/visual materials including videos, CDs, DVDs, and even LPs. Students and faculty also have access to specialized research assistance and information literacy instruction from our librarians. Assistance is available from research and reference librarians either by appointment, on-line via our website, by phone, or in a classroom setting.

The University Library for the St. Petersburg campus is home to the Nelson Poynter Memorial Library, and serves as a partner in teaching, learning and research. The St. Petersburg campus Library connects students and faculty to a variety of information sources, innovative opportunities, and diverse perspectives.

The University Library for the Sarasota-Manatee campus Library offers students, faculty, and staff access to the extensive holdings of the University Libraries, which include: over 1.3 million print books; over 52,000 e-journal subscriptions; over 443,000 e-books; and over 800 databases containing articles, media and other materials. Our librarians provide reference and research assistance in all courses of study, and can help you to better organize and execute your search for the things you need to get the job done

In addition to the USF Libraries, there are three special libraries. On the Tampa campus is the Shimberg Health Sciences Library (<https://health.usf.edu/Shimberg-library/>), serving the needs of USF Health, consisting of the Colleges of Medicine, Nursing, Pharmacy, Physical Therapy, and Public Health; and the Louis de la Parte Florida Mental Health Institute (FMHI) Research Library (<https://www.usf.edu/cbcs/fmhi/>), serving the College of Behavioral and Community Sciences. The Jane Bancroft Cook Library serves as a joint-use facility shared by New College and the Sarasota-Manatee campus.

Intercollegiate Athletics

<https://gousfbulls.com/>

The University of South Florida Athletic Department is committed to providing all student-athletes with opportunities to receive a world-class education, win championships, and develop into the leaders of tomorrow while embracing our partnerships within the Tampa Bay community. Programs include:

USF Alumni

alumni@usf.edu

<https://www.usfalumni.org>

The USF Alumni Association is a nonprofit organization composed of former students and friends of the University of South Florida. The mission is to provide meaningful ways for USF Bulls to support, protect and promote their university. Additionally, the USF Alumni Association supports several student programs, including Student Alumni Association - the largest student organization at USF; USF Ambassadors - student representatives for the university; and, Order of the Golden Brahman - USF's newest student service and leadership organization. There are more than 365,000 USF graduates worldwide who are critical to USF in achieving its goals.

Advancement/USF Foundation

The USF Foundation connects the university with donors who want to make a difference by providing private, philanthropic support to promote student success, academic initiatives, research and other strategic priorities of the University of South Florida. The USF Foundation is governed by an elected board whose members serve as advocates for the university, its colleges, campuses and units. Each volunteer board member is guided by a mission to promote private support, advocate for the university and manage the university's endowment.

For more information, visit foundation.usf.edu.

USF Policies

The Office of General Council website is the repository for University of South Florida regulations and University policies. On their website you will find information regarding new and proposed regulations and policies, as well as a searchable archive of regulations and policies that have been adopted or repealed. For more information, visit <http://regulationspolicies.usf.edu/>.

Academic Grievance Procedures for Students

Academic Grievance Procedure for Students - USF Policy 10-002

<https://usf.app.box.com/v/usfpolicy10-002>

PURPOSE & INTENT

The purpose of this Policy is to provide all undergraduate and graduate students taking courses within USF an opportunity for objective review of facts and events pertinent to the cause of the academic grievance.

STATEMENT OF POLICY

Review of the facts and events pertinent to the cause of the academic grievance will be accomplished in a collegial, non-judicial atmosphere rather than an adversarial one, and shall allow the parties involved to participate. All parties will be expected to act in a professional and civil manner. These guidelines are meant to govern all colleges (exclusive of the MD and DPT programs within the College of Medicine and the College of Pharmacy to the extent they maintain procedures and processes for issues regarding professionalism). However, USF may have unique titles and specific administrative levels. Accordingly, USF shall determine the appropriate levels and titles for review at the time a student initiates an appeal ensuring that if it is determined the matter is an academic grievance there is at least one committee level review and recommendation to an administrator to accept or reject.

In the case of Academic Integrity violations, the appeal or grievance of a decision or academic action regarding Academic Integrity is contained in Academic Integrity of Students, USF Policy 3.027

(<https://usf.app.box.com/v/usfregulation3027>).

Academic Integrity of Students

Academic Integrity of Students - USF Regulation 3.027

<https://usf.app.box.com/v/usfregulation3027>

PURPOSE & INTENT

Academic integrity is the foundation of the University of South Florida's commitment to the academic honesty and personal integrity of its university community. Academic integrity is grounded in certain fundamental values, which include honesty, respect and fairness. Broadly defined, academic honesty is the completion of all academic endeavors and claims of scholarly knowledge as representative of one's own efforts. Knowledge and maintenance of the academic standards of honesty and integrity as set forth by the university are the responsibility of the entire academic community, including the instructional faculty, staff and students.

STATEMENT OF REGULATION

This Regulation asserts fairness in that it requires notice to any student accused of a violation of academic integrity and provides a directive for discussion between the instructor and student to seek a fair and equitable resolution. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process. As this Regulation contemplates several levels of administrative or academic review, students are advised to direct emails only to the single designated office identified as responsible for the current level of review. Student's failure to adhere to this directive or ignoring specific directives provided by an administrator such as the emailing all levels of administration, multiple parties not directly involved, or tangentially involved offices may be interpreted as a waiver of the review/appeal process and a failure to follow university directives.

Academic Integrity Tutorial

The Academic Integrity Tutorial is a requirement for all who enroll as a degree-seeking student at USF, whether they are First Time In College (FTIC) or a Transfer student. The purpose of the tutorial is to prepare each new USF student for his/her academic work at USF and beyond with basic understanding about the need for integrity in all areas of scholarship and research. It also informs students about the Academic Integrity Policy at USF. Every new USF student and all students must complete the AI Tutorial before classes begin and achieve an 80% passing rate. Students may take it as many times as needed to pass it.

Academic Renewal

Academic Renewal - USF Policy 10-075

<https://usf.app.box.com/v/usfpolicy10-075>

PURPOSE & INTENT

Academic renewal is the process whereby degree seeking students may request that previously completed courses not be counted in the calculation of their cumulative USF grade point average (GPA). This process may only occur under certain circumstances, which vary by the level of the student (i.e., undergraduate, graduate, professional or doctoral); Non-Degree students are not eligible for Academic Renewal. Academic Renewal will only be applied to the degree seeking student's record one time, per degree level, at USF and may affect the student's financial aid, Tuition Assistance, use of Veterans Educational Benefits, or student visa status. Students returning to the University under Academic Renewal may incur excess hours and associated monetary penalty. This Policy is a general outline of the process; however, all students must refer to the appropriate University catalog for specifics and protocols.

STATEMENT OF POLICY

Academic renewal allows students previously dismissed from the university or former students returning with a USF grade point average (GPA) below 2.00 to renew their pursuit of baccalaureate degrees without having to overcome the entire burden of low grades and low USF GPAs. Students will be required to follow the applicable process outlined in the Undergraduate Catalog. Students who qualify for academic renewal, upon approval from the appropriate Academic Regulations (ARC) Committee, will have some or all of their academic record excluded from calculation of their USF GPAs. To be eligible for academic renewal, the student must select an eligible major in which they will graduate according to the degree progression policy. The student's entire academic record will continue to be reflected on the official transcripts even though select courses are not counted in the USF GPA. In addition, grades or sanctions assigned as a result of academic integrity violations are not eligible for removal or consideration under this Policy.

The Academic Renewal policy allows students previously dismissed from the University or former students returning with a USF grade point average (GPA) below 2.00 to renew their pursuit of baccalaureate degrees without the responsibility of having to overcome the entire burden of low grades and low grade-point-averages. To facilitate this opportunity, students who qualify for academic renewal may, with the approval of the Academic Regulations (ARC) Committee, have portions of their academic record excluded from calculation of their GPAs.

To be eligible for academic renewal, the student must select a major in which they will graduate according to the degree progression policy. The entire academic record, however, will continue to be reflected on the transcript even though a selected portion will not be counted in the GPA. Academic renewal students are admitted with the same terms of academic probation and dismissal as other undergraduate students. Academic renewal will only be applied to a student's academic record one time at USF. Students returning to the University under academic renewal may incur excess hours and associated monetary penalty. For more information, please schedule an appointment with an academic advisor (URL: <https://www.usf.edu/undergrad/students/advising-offices.aspx>) in the major in which you intend to graduate.

Academic Renewal 1 (AR-1)

Students who have been academically dismissed or former students returning with a USF grade point average (GPA) below 2.00 may petition the Academic Regulations Committee (ARC) to return to the University under AR-1. A student will be considered for reinstatement to the University under academic renewal 1 after completing all requirements for the Associate of Arts degree or equivalent (including General Education, State Communication and Computation Requirements) at a two- or four-year college other than USF. Academic Renewal 1 students will enter USF as an upper-level student and their USF GPAs will be calculated from that point forward. While AR-1 is required for students who have earned less than 60 credit hours, it is not restricted to those students. In order to graduate following re-admission under AR-1, all USF and major residency and degree requirements must be met.

Students must:

1. Complete the AA degree. Official transcripts must be received by the Office of Admissions.
2. Meet with the academic advisor in the major they intend to pursue upon return and complete the *Academic Advising Record for Reinstatement Through Academic Renewal I or II form*.

ACADEMIC POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

3. Complete the *Reinstatement After Academic Dismissal* form and check the box for "AR1." (Forms are available at <https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/forms.aspx>)
4. Write personal statements addressing why they should be considered for reinstatement, how they have overcome specific barriers that previously affected academic success and a clear rationale for pursuit of the selected major.
5. Submit the *Reinstatement Petition packet* (steps 1 through 4) to the Academic Regulations Committee (ARC) representative in the College of the major they intend to pursue upon return to USF.

Academic Renewal will only be applied to a student's record one time at USF. Students readmitted under academic renewal may be excluded from admission to specialized admissions programs and will only be considered for University Honors at graduation if they meet the criteria using all attempted grades earned. Students returning to the University under Academic Renewal may incur excess hours and associated monetary penalty. For more information, see <https://www.usf.edu/registrar/services/excess-hours/>.

Academic Renewal II (AR-II)

Academic Renewal II is available to students who were academically dismissed or former students returning with a USF grade point average (GPA) below 2.00 and have 60 or more earned credits from USF or other institutions of higher education. These students will be considered for reinstatement to the University under Academic Renewal II, after a break in USF enrollment for at least three semesters. Students may choose to complete major prerequisites at another institution during this time but are not required to do so. Students who choose to take courses at another institution should meet with the academic advisor of their intended USF major prior to enrolling in courses elsewhere. Following readmission under Academic Renewal II, students will have their USF GPA calculated from that point forward. In order to graduate following readmission under ARII, all USF and major residency and degree requirements must be met.

1. Official transcripts must be received in the Office of Admissions if student was enrolled at another institution during their year away from USF.
2. Complete the *Academic Advising Record for Reinstatement Through Academic Renewal I or II form* with the academic advisor in the major they intend to pursue upon return. (Forms are available at <https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/forms.aspx>)
3. Complete the *Reinstatement After Academic Dismissal form* and check the box for "ARII."
4. Write personal statements addressing why they should be considered for reinstatement, how they have overcome specific barriers that previously affected academic success and a clear rationale for pursuit of the selected major.
5. Submit the *Reinstatement Petition packet* (steps 1 through 4) to the Academic Regulations Committee (ARC) representative in the College of the major they intend to pursue upon return to USF.

Academic Renewal will only be applied to a student's record one time at USF. Students readmitted under academic renewal may be excluded from admission to specialized admissions programs and will only be considered for University Honors at graduation if they meet the criteria using all attempted grades earned. Students returning to the University under Academic Renewal may incur excess hours and associated monetary penalty. For more information, see <https://www.usf.edu/registrar/services/excess-hours/>.

Associate in Arts

Associate in Arts Degree - USF Regulation 3.019
<https://usf.app.box.com/v/usfregulation3019>

All students must satisfy the General Education Requirements of USF and must satisfy the requirements listed in section 1007.25, Florida Statutes and in State Board of Education Rule 6A-10.030, prior to receiving an Associate in Arts Degree.

1. To receive the Associate in Arts, the student must complete sixty (60) hours of university credit; at least twenty (20) of the last thirty (30) credit hours or a total of thirty-six (36) credit hours must be completed at USF. The minimum grade point average must be 2.0 based on work attempted at USF. In addition, a transfer student must have a GPA of 2.0 or higher when combined with transfer work accepted and evaluated by the USF Office of Admissions. Physical Education and military science credits do not count toward the Associate in Arts Degree. In addition, a transfer student must have a GPA of 2.0 or higher when combined with transfer work accepted and evaluated by

ACADEMIC POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- the USF Office of Admissions. Physical Education and military science credits do not count toward the Associate in Arts Degree. All students must satisfy the General Education Requirements of USF and must satisfy the requirements listed in section 1007.25, Florida Statutes and in State Board of Education Rule 6A-10.030, prior to receiving an Associate in Arts Degree.
2. Beginning with students initially entering a Florida College System institution or State University System institution in 2014-2015 and thereafter, coursework for an Associate in Arts Degree shall include demonstration in competency in a foreign language pursuant to Florida Statute http://www.leg.state.fl.us/Statutes/index.cfm?App_mode=Display_Statute&URL=1000-1099/1007/Sections/1007.262.html (Also known as USF's FLENT requirement).
 3. To apply online for an Associate in Arts Degree, please visit the "Apply for Graduation" website. The deadline to apply for a certificate in each semester is stated in the Academic Calendar in the catalog and on the "Apply for Graduation" website.
 4. The Associate in Arts Degree must be awarded prior to the term that the student becomes eligible for the baccalaureate degree.
 5. Final processing for the Associate in Arts will be done after grades are processed at the end of the semester for which the student applied. All work, including transfer work, taken in that semester will be evaluated with respect to the requirements for the Associate in Arts Degree.
 6. Any incomplete grades shown on the permanent record of an Associate in Arts applicant at the time grades are processed will be treated as an "F" in the calculation of grade point average. Transfer students who completed a substantial portion of the Associate in Arts Degree requirements at another institution in the Florida College System will be encouraged to notify that institution of the additional USF credits that may be transferred to that institution towards conferral of that degree. If the former institution will not confer the Associate in Arts Degree with the addition of USF transfer credits, but is eligible for the Associate in Arts Degree at USF, then USF will confer the Associate in Arts Degree.
 7. The General Education Requirements will be based on the approved University policy in effect in the catalog year the student chooses according to the University policy regarding the choice of catalog. The consideration of whether or not General Education Requirements are met will be made without consideration of the student's choice of major at the time he/she applies.
 8. University of South Florida credit hours will be broadly defined to include USF sponsored student exchange programs and the University of Florida Correspondence Division. The grades from these institutions, (except those earned through the University of Florida Correspondence Division) are recorded on the permanent record at USF, and included in the grade point average calculation, and will be counted in the student's grade point average as work attempted at USF for the Associate in Arts Degree.
 9. An applicant who has not been enrolled at USF for three semesters may be contacted to ascertain whether or not that applicant meets the residency requirements.
 10. In approving any application for the Associate in Arts Degree, satisfactory/unsatisfactory grades will be accepted according to the approved University policy in effect during the terms of the student's enrollment without regard for the student's declared major. Students must be aware that if they have taken any courses on a satisfactory/unsatisfactory basis where such grades are not acceptable by the college of the major, the students may be required to repeat particular courses for a traditional letter grade or take additional courses for a traditional letter grade to meet the college requirements.
 11. All University of South Florida colleges with undergraduate programs will accept the Associate in Arts from USF. That is, the student will be placed, at least, at the junior level and will be considered to have met the University's General Education Requirements. The applicability of the courses taken by the student toward his/her major program will be determined by the college of the student's major. Similarly, any special requirements for a student's professional certification (e.g., Education and Engineering) are not necessarily met by the Associate in Arts Degree, but could be included as part of the General Education Requirements. Thus, students should check with their colleges concerning meeting any special requirements in an efficient manner.
 12. The awarding of the Associate in Arts Degree is posted on the permanent record but does not alter the calculation of the grade point average nor does it interrupt the accumulation of the student's record.
 13. Students who follow a baccalaureate degree program as recommended by a college will not necessarily be eligible for the Associate in Arts Degree prior to the completion of ninety (90) credit hours.

ACADEMIC POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Course Attendance at First Class Meeting

Student Registration Changes, Initial, Drop/Add, Withdrawal, and Auditing - USF Policy 10-006
<https://usf.app.box.com/v/usfpolicy10-006>

All instructors teaching undergraduate and graduate courses are required to take attendance on the first day of class and to drop students who do not attend the first day of class. Students who experience extenuating circumstances that are beyond their control and who are unable to attend a first class meeting must notify the instructor via email using the course management system (i.e., Canvas) for that course prior to the first class meeting to request waiver of the first class attendance requirement. Although instructors are authorized to affect the drop, students are fundamentally responsible for knowing their registration status, and the student must ensure that his/her registration status reflects the drop by the end of the drop/add period. For Saturday only courses or courses that begin on a Saturday, students are expected to contact the Office of the Registrar at AskTheRegistrar@usf.edu to drop the course(s).

Distance learning students must log-in to their course(s) and complete an academic activity by the first day of their online course(s). Students who are unable to log-in to their course(s) due to circumstances beyond their control must notify the instructor or the department prior to the calendar start date of the course to request waiver of the first class attendance requirement.

Course Syllabus

Syllabi Policy - USF Policy 11-008
<https://usf.app.box.com/v/usfpolicy11-008>

A *syllabus* is an academic agreement that establishes the academic relationship between instructors and students in a course, and is used as the basis for communication and accountability. It communicates course expectations, organizes information, sets the tone for the learning environment, maps the path of student learning, and provides accountability. A carefully constructed syllabus helps clarify course goals and learning objectives, assessment and evaluation standards, grading policies, and expectations for student and faculty behavior.

The Southern Association of Colleges and Schools Commission on Colleges Criteria for Accreditation require that a syllabus be placed on file in the department for each course taught and that students must be provided written information about the goals and requirements of each course, the nature of the course content, and the methods of evaluation to be employed.

For more information about the components of a course syllabus, visit <https://www.usf.edu/innovative-education/citl/syllabus.aspx>.

Degree Progression

Degree Progression and Completion Deadlines for Undergraduate Students - USF Policy 10-505
<https://usf.app.box.com/v/usfpolicy10-505>

A. Students who have completed all degree requirements will be required to graduate within four years. If a student does not submit the Online Graduation Application for Degree when academic records indicate all degree requirements for the declared major have been met based on the university degree audit system, the university will initiate the degree certification process without an application.

1. Undergraduates must complete the Online Graduation Application for Degree and the Online Graduating Senior Survey by the official University deadline (<https://www.usf.edu/registrar/services/apply-for-graduation/index.aspx>) for the term in which they expect to graduate. Degree application deadlines are available in the Academic Calendar found in the Undergraduate Catalog.
2. If denied for graduation, a student must re-apply for the next applicable term.
3. Students must apply before the On-Time graduation deadline for the term in which they expect to graduate in order to appear in the Commencement brochure. During the Fall and Spring semesters, students are able to apply for graduation up until the last day of class. During Summer term, students may apply for graduation up to the last day of the term.

B. Any curricular or co-curricular work added to a student's declared primary major must be completed prior to or during the same academic term that the student's major requirements are completed. Students should

ACADEMIC POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

be approved to pursue additional curricular and/or co-curricular work only if it can be completed within eight semesters for first time in college (FTIC) students, excluding summer and alternative calendar terms, and without exceeding her/his excess credit hour surcharge (ECHS) threshold. Transfer students should complete in eight semesters accounting for prior postsecondary enrollment, excluding summer and alternative calendar terms. Examples of this work include, but are not limited to: minors, certificates, double majors, concurrent degrees, the Honors program, study abroad experiences, and/or work-based learning (e.g., coops, internships, etc.). Access to the Excess Hour Counter is available on the Office of the Registrar's website (<https://www.usf.edu/registrar/services/excess-hours/index.aspx>).

C. FTIC or transfer students who have 120 earned credit hours or more will not be allowed to enroll in courses that are not required for completion of the declared primary major based on the university degree audit system. Exceptions are provided for students in baccalaureate degree programs with prior approval from the Board of Governors to require more than 120 credit hours for completion. Students in those programs will not be allowed to enroll in courses outside of their major requirements once the approved credit hour threshold for the major has been reached.

D. Advisors and students must follow the guidelines listed below regarding major changes. The final decision to allow a student to change to a new major rests with the college of the new major. Colleges will review student requests to change major by evaluating the student's degree progression as documented in the university degree audit system. Students will review the expected number of years required for degree completion, with special attention to the likelihood that the change may result in ECHS, with an advisor in the new major. The colleges are expected to restrict those changes such that students graduate within the number of years specified in (A) through (C) above and without incurring or increasing ECHS potential.

E. A student will be reselected (RSL) from the primary declared major by the academic college if it is determined they are not meeting degree progression standards. Examples of degree progression standards include, but are not limited to, requirements specified in this policy, college or major D/F grade policies, course repeat/withdrawal policies and/or requirements for admission into major. Specific progression requirements for individual academic programs are listed in the undergraduate catalog under each academic major (<https://catalog.usf.edu/>). Any student reselected (RSL) from the officially declared major after 60 earned hours must be reviewed by the student's current academic advisor for ECHS and degree progression before changing majors. FTIC students will be allowed to change to those majors that can be completed within eight semesters (eight semesters for transfer students accounting for previous postsecondary enrollment), excluding summer and alternative calendar terms, and without incurring ECHS.

F. In the event a student would like to request an exception to any aspect of the above policy, a request must be submitted, in writing, to the Dean of Undergraduate Studies with documentation that provides clear evidence to justify the need to extend enrollment. Only requests submitted prior to the student's undergraduate application for graduation will be considered. Exceptions will not be granted for students wishing to extend enrollment in order to retake courses where earned grades already meet the minimum graduation requirements or to complete additional coursework for admission to graduate programs.

Disruption of Academic Process

Disruption of Academic Process - USF Regulation 3.025

<https://usf.app.box.com/v/usfregulation3025>

PURPOSE & INTENT

Disruptive students in the academic setting hinder the educational process. Although disruptive student conduct is already prohibited by the University of South Florida Student Code of Conduct and any person may make a direct referral regarding student conduct to the Office of Student Conduct and Ethical Development (SCED) (<https://www.usf.edu/student-affairs/student-conduct-ethical-development/>) at any time for a conduct review and possible university wide sanction. This Academic Disruption Regulation provides the steps an instructor may take to immediately address a student disrupting a class or academic setting including restricting a student from class, assigning an academic sanction or other immediate sanction. This is considered an Academic process and provides for academic sanctions. An instructor may/must make additional referrals to SCED for a more comprehensive review and additional conduct sanctions which are considered separate from the Academic process.

ACADEMIC POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATEMENT OF REGULATION

This Regulation provides a mechanism for the Instructor to ensure a positive academic environment. Although academic discussion may include disagreement with the course Instructor during times when the Instructor permits discussion, it is not in itself disruptive behavior and is not prohibited; the Instructor sets the parameters for classroom interaction. Some disruptive students may have emotional or mental health disorders. Although such students may be considered disabled and are protected under the Rehabilitation Act/ADA, they are held to the same standards of conduct as any student.

Misconduct occurring on premises of USF which adversely affects the University community and/or the pursuit of its mission is already prohibited by the Student Code of Conduct (<https://usf.app.box.com/v/usfregulation60021>) and will be handled by those procedures.

Early Notification Requirement for Observed Religious Days

Attendance for the Observance of Religious Days by Students - USF Policy 10-045

<https://usf.app.box.com/v/usfpolicy10-045>

STATEMENT OF POLICY

All students, faculty, and staff within USF have a right to expect reasonable accommodation of their religious observances, practices and beliefs. USF will, at the beginning of each academic term, provide written notice of the class schedule and formal examination periods. USF, through its faculty, will make every attempt to schedule required classes and examinations in view of customarily observed religious holidays of those religious groups or communities comprising USF's constituency.

Students are expected to attend classes and take examinations as determined by USF. No student shall be compelled to attend class or sit for an examination at a day or time prohibited by his or her religious belief. However, students should review the course requirements and meeting days and times to avoid foreseeable conflicts, as excessive absences in a given term may prevent a student from completing the academic requirements of a specific course.

Students are expected to notify their instructors at the beginning of each academic term if they intend to be absent for a class or announced examination, in accordance with this Policy. Students absent for religious reasons, as noticed to the instructor at the beginning of each academic term, will be given reasonable opportunities to make up any work missed. In the event that a student is absent for religious reasons on a day when the instructor collects work for purposes of grading (homework, pop quiz, etc.), the student shall be given a reasonable opportunity to make up such work or shall not have that work averaged into the student's grade at the discretion of the instructor.

If a student believes that an instructor or program has not responded reasonably to a timely notice of expected observance of religious days, they may seek review of a complaint through the University's Office of Diversity, Equity, and Inclusion at <https://www.usf.edu/diversity/>.

Final Examinations

Testing and Final Examinations - USF Policy 10-005

<https://usf.app.box.com/v/usfpolicy10-005>

Examinations in academic subjects are, for most courses, an integral part of the learning process and one part of a procedure for evaluating student performance and determining grades. The University of South Florida requires certain standards for the examination process in order to protect the academic integrity of courses and the best interests of both the student and instructor. Although this policy primarily addresses examinations for undergraduate courses, graduate courses with final exams during the examination week should follow the schedule for exams that is provided with the course schedule for that academic term.

Testing in General

In each academic course the student is expected to undergo a meaningful testing and evaluation that will reveal the student's intellectual growth in the subject matter covered or otherwise reflect the achievement of the course objectives.

The instructor has the responsibility of maintaining a fair and impartial testing and examination procedure, has the right to define and structure the testing process, and shall not be restricted as to form, style, or

ACADEMIC POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

content of the examination. It is USF policy that all students facing an examination (of any type) shall have equal notice of said examination. USF regards the routine use of all or part of the same formal examination for successive academic terms as unsound policy except when used with adequate safeguards such as a random selection of questions from a large pool.

Test Free Week

For each fall and spring semester, the last full week of classes before final examinations is designated as Test Free Week. The intent of this policy is to establish a one week period of substantial and predictable study time for students.

During the Test Free Week period, regular lectures are expected to continue, including the introduction of new content, as deemed appropriate by the instructor. However, no exams will be given. Quizzes of no more than 10 short answer questions that can be taken in 15 minutes or less are allowable to cover new material introduced during the Test Free Week. Due dates for mandatory graded submissions of any kind (i.e., papers, presentations, projects, and practicums) that fall within Test Free Week must be listed on the syllabus provided at the start of the course. Mandatory final examinations may not be given during the Test Free Week period. Refer to the Office of the Registrar's website for specific dates and calendars for each academic term (<https://www.usf.edu/registrar/calendars/>).

Final Course Examinations

The last six (6) days of the Fall and Spring semesters shall be set aside for final examinations and any final examination of a comprehensive nature must be given during this designated period. The length of the final exam will be at the discretion of the instructor, however, no more than two hours shall be allotted for each final examination.

1. Final Exam Matrix: The Final Exam Matrix is designed to facilitate a conflict free schedule for greater student success in the exam process. The Office of the Registrar provides the Matrix and all courses must comply with the Matrix as it is published with no deviations. All makeup exams, either for block exams or the individual exams will be scheduled during the time period allotted for students that require a make-up exam.
2. Conflicts: If a student has a direct conflict of scheduled examinations that are scheduled according to the Final Exam Matrix, the student may petition the appropriate instructor to reschedule one of the student's examinations. If a student has three or more examinations scheduled on the same day, the student may petition the appropriate instructor to reschedule one of the student's examinations, or the student may elect to take all exams on the same day. If a make-up exam is requested, it will be scheduled during the make-up exam time as posted on the Final Exam Matrix.

Foreign Language Entrance Requirement (FLENT)

Admission to Baccalaureate Programs of University of South Florida - USF Regulation USF 3.018
<https://usf.app.box.com/v/usfregulation3018>

All incoming students must have completed two credits of one foreign language or American Sign Language in high school or the equivalent to eight to ten semester hours in the undergraduate institution(s) attended prior to attending USF or demonstrate equivalent foreign language competence as described in BOG Regulation 6.002 and BOG Regulation 6.004.

Graduation Requirements (Baccalaureate)

Degree Requirements: Baccalaureate/Undergraduate - USF Regulation 3.007
<https://usf.app.box.com/v/usfregulation3007>

General Education Requirements

Students must complete 36 hours of general education following state and university requirements. For more information, please visit the General Education Information section of this catalog.

Civics Literacy Requirement

All students earning a baccalaureate degree will need to complete the Civics Literacy requirement as stated in Florida Statute 1007.25

ACADEMIC POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

(http://www.leg.state.fl.us/Statutes/index.cfm?App_mode=Display_Statute&URL=1000-1099/1007/Sections/1007.25.html)

For information on the exact requirement, please visit the USF Civics Literacy website: <https://www.usf.edu/undergrad/students/civics-literacy.aspx>.

Summer Enrollment Requirement

All students entering USF with fewer than 60 semester hours of credit are required to earn at least nine semester hours of credit prior to graduation by attendance during one or more Summer terms in courses offered by USF or any one of the State University System of Florida institutions. The University may waive the application of this rule in cases of unusual hardship.

A student who wishes to have the rule waived must complete a *Request for Waiver of Mandatory Summer Enrollment Form* available in the Office of the Registrar (https://www.usf.edu/registrar/documents/forms_2019/summer_waiver_request_form_2019.pdf). After submission of the form to the Office of the Registrar, the student will receive notification to their USF email of the action taken.

University of South Florida Requirements

In addition to Florida Board of Governors and/or state requirements, USF has the following USF specific minimum requirements that are designed to assure the academic integrity of the degree programs at each System Institution:

1. Successful completion of a minimum of 120 unduplicated semester credit hours through university coursework, acceleration mechanisms, and/or transfer credit, including courses specifically approved as repeatable for credit (e.g. practica, ensembles and field experiences);
2. A minimum adjusted grade point average (GPA) of 2.00 on all course work taken at USF and an overall 2.00 on all college-level work attempted;
3. Satisfactory completion of major requirements in a chosen degree program, including additional requirements set by the college offering the degree, as published in the current Undergraduate Catalog;
4. Successful completion of at least forty-two (42) semester hours in courses numbered 3000 and above;
5. Successful completion of at least 25% of the total credit hours required for the degree program must be in courses offered by USF;
6. Registration and successful completion of at least thirty (30) of the last sixty (60) semester hours must be completed at USF. CLEP credit does not count toward academic residence. Colleges may have specific academic residency requirements for specified degrees and students are responsible for reviewing the current Undergraduate Catalog to ensure compliance
7. Program and/or College Requirements: All students must be aware of and satisfactorily complete any additional requirements that may be required by a specific program and/or college from which they are earning the degree as set forth in the current Undergraduate Catalog.
8. General Academic Approval: Successful completion of academic coursework constituting the student's program of study, minor, honors thesis, or certification examination does not guarantee award of the baccalaureate degree. Faculty judgment of the academic performance of the student is inherent in the educational process in determining whether the award of the baccalaureate degree or admission into a higher-level degree program is warranted.

Foreign Language Graduation Requirement (FLEX)

ACADEMIC POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

All students pursuing a B.A. degree must meet the foreign language exit requirement which for most students will require completing two semesters of the same foreign language or for some majors sign language. Students who already have knowledge of a foreign language may "place out" of the requirement. The following statements summarize the methods for completing FLEX.

1. Two semesters of the same foreign language (e.g., SPN 1120 and SPN 1121), or sign language for some majors, with no less than a "D" in the first semester and no less than a "C" in the second semester. "S" or "P" grades may not be substituted.
2. Completion of the second semester or higher of a foreign language with no less than a "C." (The first semester was not taken because of placement).
3. Successfully passing the USF language placement test by placing into the third course or higher. Visit the placement test site for more information: <http://languages.usf.edu/foreign/>
4. Subject CLEP credit for two semesters.
5. AP Credit for two semesters.
6. For students with a Native language other than English, they can meet the FLEX requirement if:
 - There is official documentation of the student's **English proficiency requirements as accepted by USF Admissions** as an indication of proficiency in another language
 - Student earns passing grades (C- or better) in ENC 1101 and ENC 1102 (or equivalents) demonstrating English language proficiency

The following programs accept American Sign Language Competency for the exit requirement: Africana Studies, Aging Sciences, Anthropology, Chemistry, Communication, Communication Sciences and Disorders, Criminology, Digital Communication and Multimedia Journalism, Economics, English, History, Humanities and Cultural Studies, Interdisciplinary Social Sciences, Mass Communications, Political Science, Psychology, Religious Studies, Sociology, Sustainability Studies, Women's and Gender Studies, and all programs in the College of Education and College of The Arts.

Approval is needed by the student's program/department major.

Students electing to take the examination in French, German, Italian, Portuguese, Russian, Spanish, Ancient or Modern Greek, or Latin should apply to the Director of the Department of World Languages. Students taking the examination in New Testament Greek or Hebrew should apply to the Chairperson of Religious Studies. Students taking the examination in American Sign Language should apply to the Chairperson of Communication Sciences and Disorders.

Medical Amnesty (Student Reporting)

Medical Amnesty (Student Reporting) - USF Policy 30-004

<https://usf.app.box.com/v/usfpolicy30-004>

The University of South Florida (USF) supports an inclusive learning environment that promotes the health and safety of all members of the University community. This Medical Amnesty Policy seeks to diminish fear of University-imposed disciplinary or conduct sanctions in emergency situations due to alcohol or other drug use or misuse. Any student who qualifies for amnesty under this policy will not be charged with violations of any of the USF Student Codes of Conduct as those Codes relate to consumption and/or use of alcohol and/or drugs. Under this Policy, students who seek or receive emergency medical assistance for themselves or students who seek assistance for another student experiencing an emergency related to the consumption of alcohol and/or other drug use or misuse may qualify for amnesty. Although students who qualify for amnesty may be exempt from the Student Conduct (<https://usf.app.box.com/v/usfregulation60021>) process, they may be required to complete educational measures and pay for any incurred cost associated with those requirements.

Mid-Term Grades

Mid-Term Grades Posting - USF Policy 10-504

<https://usf.app.box.com/v/usfpolicy10-504>

PURPOSE & INTENT

The University of South Florida (USF) is committed to student success and providing the necessary information to enable students to manage their academic progress. This Policy is one of many university initiatives directed at assisting students in effectively meeting their academic goals.

ACADEMIC POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATEMENT OF POLICY

It is the student's responsibility to be aware of their academic standing and grade status in all courses. In an attempt to assist the student in evaluating academic status mid-term, the university requires instructors to submit midterm grades electronically for each student enrolled in 1000, 2000, 3000 and 4000 level courses. Instructors are not required to report mid-term grades for alternate calendar courses, study abroad, directed studies, internships, practicum, field experiences, directed research, undergraduate research, independent studies, and other courses that do not follow the normal course schedule for the academic term; however it is expected that instructors will provide feedback to students regarding progress at an appropriate midpoint for the course.

PROCESS STEPS

Midterm grades are submitted after Week 7 or, for summer courses, soon after the midpoint of the time period that the course is conducted. The purpose of the Midterm Grade Report is to provide students in 1000, 2000, 3000 and 4000 level courses with information on whether they are making sufficient progress toward meeting the course requirements. This information is available to students in OASIS as a progress report for all students in Lower Level and early Upper Level courses. This Early Warning System provides midterm grade information that assists students and their advisors in determining if academic progress is sufficient in the course at a time where the student may be permitted to drop the course (although beyond the drop/add period resulting in fee liability) and receive a "W" for the course. This is an academic action only and does not support any financial refund or adjustment and students will remain responsible for all applicable registration fees for the course(s). The academic action will permit a "W" grade to reflect on the student's permanent academic record. Students who drop may not continue attending class. Drop deadlines for each semester and summer sessions are listed in the Academic Calendar and are listed on the Office of the Registrar's Important Dates and Deadlines (<https://www.usf.edu/registrar/calendars/index.aspx>).

Orientation for New Undergraduate Students

Mandatory Orientation for New Undergraduate Students - USF Policy 10-035

<https://usf.app.box.com/v/usfpolicy10-035>

Orientation is required for all newly admitted students. All newly admitted students must complete Orientation for the campus to which they are admitted prior to beginning classes. The Orientation experience is designed to meet the requirements of a student's home campus located in Tampa, St. Petersburg, or Sarasota-Manatee. Orientation provides an introduction to the campus community and facilitates a seamless transition into the academic and social environments unique to the identified home campus and the University of South Florida at large. Primary facilitation of Orientation resides with the designated office(s) at each USF campus.

Posthumous Degrees or Degrees in Memoriam

Posthumous Degrees - USF Policy 10-047

<https://usf.app.box.com/v/usfpolicy10-047>

USF may award a posthumous baccalaureate degree to a student who was in good standing at the University at the time of their death and who had completed all substantive requirements for the degree. USF may award a baccalaureate degree in memoriam to students who were in good academic standing at the time of their death.

To award a non-thesis degree, the student must have completed all courses required for the degree. Courses required for the degree, in which the student was enrolled at the time of death, must have been completed to the satisfaction of the faculty so that passing grades might be posted. All other requirements must have been satisfied as well.

To award a thesis degree, all courses must be completed as described above and the thesis must be sufficiently complete to the satisfaction of the faculty so that certification of completion may be posted to the student's record.

Procedures for Award of Posthumous Degrees or Degrees in Memoriam

ACADEMIC POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Department chairpersons, or appropriate faculty members, on their own initiative or upon request of a student's family, may recommend a posthumous, or an in memoriam degree, by forwarding the recommendation to the appropriate college Dean. If approved by the Dean, the request, accompanied by the supporting documentation, will be forwarded to the Dean of Undergraduate Studies respective to the degree type at USF for approval. If the Dean or Chief Academic Officer approves the recommendation, the Office of the Registrar will be notified. Posthumous degrees and in memoriam degrees may also be presented to the student's family in an appropriate setting, which may include Commencement held in fall and spring.

Diplomas for posthumous degrees will be identical to other degrees awarded in the same colleges and majors. Diplomas for Degrees in Memoriam will be prepared to read "Bachelor of Arts in Memoriam," "Bachelor of Science in Memoriam," etc., depending upon the degree the student was pursuing at the time of death. Undergraduate students who have not chosen a major at the time of death will be awarded the "Bachelor of Arts in Memoriam."

Student Code of Conduct

Student Code of Conduct - USF Regulation 6.0021

<https://usf.app.box.com/v/usfregulation60021>

PURPOSE & INTENT

Student Conduct and Ethical Development (further referred to as "SCED") supports the goals, mission, values, and visions of the University of South Florida ("University" or "USF") by promoting responsibility and adherence to the standards of behavior outlined in this Regulation ("Student Code of Conduct" or "Code").

SCED collaborates with the USF community to advocate for a safe environment that promotes personal accountability and supports student success. SCED facilitates educational opportunities through meaningful interactions with students to encourage their academic, emotional, and professional development. The goal of SCED is to create environments that empower students to engage as ethical citizens in a diverse global society.

STATEMENT OF REGULATION

The USF President has designated SCED, or designee, to administer and maintain this Regulation ("Student Code of Conduct" or "Code"). The Student Code of Conduct describes standards of behaviors that are counteractive to the goals and mission of the University and the process for how the University will hold students and student organizations accountable to these standards of behavior.

Student's Choice of Catalog

University of South Florida Catalogs - USF Policy 10-059

<https://usf.app.box.com/v/usfpolicy10-059>

PURPOSE & INTENT

The University of South Florida (USF) publishes undergraduate and graduate catalogs on each campus. Catalogs are not contracts, but are the source of general information including USF, its campuses, community, curricular offerings, degree and admission requirements, academic calendar, and facilities available to students, faculty and staff.

STATEMENT OF POLICY

USF reserves the right to change or modify academic requirements, course information, and curricula as authorized by the USF Board of Trustees, Florida Board of Governors or Florida law. Revisions to catalogs will not alter provisions, terms, fees, or requirements under existing University regulations or policies.

The catalogs is revised each academic year. The catalogs will be updated without notice as degree programs or curricula changes are approved by the appropriate USF authority, the Florida Board of Governors or Florida law.

In the event of conflict between any provisions in the catalog and any USF regulations or policies, the document most currently revised or adopted by the USF Board of Trustees shall prevail.

ACADEMIC POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

A degree-seeking student may choose any USF catalog published during his/her continuous enrollment. As degree-seeking students will be enrolled over the course of several terms, the catalogs may change. In the event of a conflict, to the extent possible, the University will make every effort to apply the appropriate catalog that protects the interest of the student. However, in the case of policy and program changes, or issues of accreditation and legislative changes, the most current catalog will be applied, if necessary.

Academic Processes

Academic Probation and Dismissal

Note: The information below pertains to *academic* probation or dismissal. This is different than dismissal or suspension due to *academic integrity* issues. For information on *academic integrity*, please see the *Academic Integrity* section above.

The first time an undergraduate student's USF grade point average (GPA) falls below a cumulative 2.0, the student will be placed on academic probation. From the beginning of academic probation, the student must maintain at least a 2.0 GPA each term and may not totally withdraw from any semester without cause. Any student who withdraws from all classes after the fifth day of classes while on academic probation will be academically dismissed.

Once on academic probation, academic advising prior to registration is mandatory until the student is removed from probationary status. Students may remain on academic probation indefinitely as long as the student maintains a GPA of 2.0 or greater each semester. If at any time while on academic probation, the student's semester GPA falls below a 2.0, the student will be academically dismissed from the university. Once academically dismissed, the student may only return under USF's Academic Renewal policies. If academically dismissed from USF, students may not enroll USF as a non-degree seeking student.

First year, first time in college (FTIC) students may be granted a one-time only academic dismissal deferment, allowing an additional semester of enrollment. Students will work with the Office of Academic Advocacy (<https://www.usf.edu/undergrad/academic-advocacy/>) to create a plan for academic success in the deferred semester. It should be noted that deferring academic dismissal will not extend financial aid canceled due to poor academic performance.

The determination and notification of probationary status or academic dismissal is made by the Office of the Registrar; academic standing is noted on the student's transcript. A student who attends another college or university following academic dismissal will be classified as a transfer student and readmission will be based on the total record accumulated from all colleges and universities attended.

Once a student's semester and USF GPA is at or above 2.0, the academic probation status will be removed.

If a student is academically dismissed or falls below a 2.0 cumulative USF GPA and subsequently receives a baccalaureate degree from another four-year institution, that student, when accepted to the University with the post-baccalaureate status, will have his/her academic standing restored to good standing.

Reinstatement

Students placed on Academic Dismissal may only return to USF under the University's Academic Renewal policies. Academic Renewal allows students previously dismissed or former students returning with a USF GPA below 2.00 to renew their pursuit of baccalaureate degrees without the responsibility of having to overcome the entire burden of low grades and low grade-point-averages. To facilitate this opportunity, students who qualify for Academic Renewal may, with the approval of the Academic Regulations Committee and/or the Office of Undergraduate Studies, have portions of their academic record excluded from their grade point averages (GPAs). To be eligible for academic renewal, the student must select a major in which they will graduate according to the degree progression policy. The entire academic record however will continue to be reflected on their transcripts even though a selected portion will not be counted in their GPAs. Academic Renewal students are admitted with the same terms of academic probation and dismissal as all other undergraduate students.

ACADEMIC POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Students petitioning for reinstatement must submit a new application to the Office of Admissions (<https://www.usf.edu/admissions/index.aspx>).

If academically dismissed from USF a student may not return to USF as a non-degree seeking student.

Academic Regulations Committee

Certain academic regulations for the University are managed by the Academic Regulations Committee (ARC) within each college. For specific information, please see <https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/>. Each college's ARC regularly reviews petitions submitted by undergraduate students. Undergraduate students must petition and secure approval from their college's ARC to return to the university after having been academically dismissed or to receive special consideration regarding an academic regulation, including late or retroactive drop of a course, late registration or late add of a course, deletion of a course, and withdrawal from a term. The ARC representatives or designees in each college meet with the student, assist with the petition process, and serve on their college's ARC. Representatives from the college ARC's also meet formally to review ARC policies and procedures for the university.

Each college's ARC will reexamine petitions when the student provides new and substantive information directly related to the petition or evidence that an error was made. A final ARC decision may be appealed first through the appropriate college Dean or designee within ten business days of the initial decision. Then the Dean of Undergraduate Studies (or the Designee) may hear an appeal.

The university has implemented a statute of limitations on student petitions for retroactive drops and withdrawals. A student will be limited to six months from the end of the course to submit a petition to their college for retroactive drops and withdrawals; late adds must be requested no later than the second week of the term.

To petition the committee, completed forms should be submitted to the respective College Advising Office for ARC review. In some cases, a consultation with an ARC representative is required. Students may contact their ARC representative for details regarding their submission. Detailed information and the appropriate forms may be obtained by visiting the ARC's website (<https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/>). Students will receive notification of the committee's decision by mail/email.

If a student is requesting consideration for financial reimbursement, the student must also submit a Fee Adjustment Request (https://www.usf.edu/registrar/fee_adjustment.aspx) to the Office of the Registrar within six months of the applicable semester end date and following final petition decision.

Alternative Academic Process for Seriously Traumatized Students

An alternative academic process is provided for those seriously traumatized students who have received assistance from the Center for Victim Advocacy and Violence Prevention (<https://www.usf.edu/student-affairs/victim-advocacy/index.aspx>) or the Counseling Center (<https://www.usf.edu/student-affairs/counseling-center/>) or Student Health & Wellness (<https://www.usf.edu/student-affairs/student-health-services/services/index.aspx>) when the professionals of those centers have reviewed the personal and confidential information related to the student's experience to determine appropriate actions for the student. The USF Center for Victim Advocacy and Violence Prevention, the Counseling Center and Student Health Services will assist in determining appropriate actions, including waiving certain academic regulations to accommodate the student's needs.

Commencement Ceremony

Commencement ceremonies are held at the end of each academic semester. Ceremonies are held three times a year (Spring, Summer and Fall) with multiple ceremonies hosted in a day.

Students register to participate in a Commencement ceremony through the Commencement website, <https://www.usf.edu/commencement/>. Registration for that term's ceremony is open on the first day of classes for that term.

ACADEMIC POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Deadline for ceremony registration varies by campus. Registration is open to all undergraduate students.

Remember - Graduation is separate process from the Commencement ceremony.

To participate in the Commencement ceremony:

1. Apply to graduate at the Office of the Registrar; submit your application to graduate to receive your diploma at <https://www.usf.edu/registrar/services/apply-for-graduation/index.aspx>.
2. Register for Commencement ceremony at <https://www.usf.edu/commencement/>. Information regarding the ceremony will be mailed to students who apply to graduate by the end of the fourth week of the term.

NOTES:

- Students do not receive their diploma at the Commencement ceremony.
- The list of student names published in the Commencement ceremony program is taken from the list of students who applied to graduate by the end of the fourth week of the term. Students who have elected certain levels of privacy on their records will not have their names published in the Commencement ceremony program.
- Commencement is a most dignified ceremony.
- Academic regalia is required and there is a cost of regalia.
- There is no fee to participate in a Commencement ceremony for graduates and their families and guests.

Dean's List

Full-time undergraduate students who demonstrate superior academic achievement during one semester will be honored on a "Dean's List." To be eligible for the Dean's List, a student must meet the following criteria:

- Complete 12 hours of graded (A-F) USF coursework with no Incomplete, Unsatisfactory and/or W grades during the semester.
- Earn a semester GPA in USF coursework, as designated by the College of their major, as follows:
 - College of Arts and Sciences = 3.9 GPA
 - College of Behavioral and Community Sciences = 3.9 GPA
 - Muma College of Business = 3.9 GPA
 - College of Education = 3.9 GPA
 - College of Engineering = 3.9 GPA
 - College of Nursing = 3.9 GPA
 - College of Public Health = 3.9 GPA
 - College of the Arts = 3.9 GPA
 - Office of Undergraduate Studies = 3.9 GPA

If a student is coded in two undergraduate majors from two different colleges, the student may be honored with Dean's List from each college, presuming the student meets the required GPA threshold for each individual college.

Dean's List is determined at the end of the semester, after grades are posted. If an Incomplete grade is changed after grades processing is finalized, the student will not retroactively receive Dean's List designation.

Students registered in the Student Accessibility Services office whose approved accommodations include a reduced academic load are eligible by meeting the above parameters with at least nine (9) credit hours of graded USF coursework completed in the semester and the recommendation from that office, to be confirmed by the Dean of the college of the student's major.

The Dean of the College in which the student is majoring or the Dean of Undergraduate Studies, for students currently enrolled in an exploratory curriculum, will recognize this academic honor. Students who are eligible should contact their College Advising Office or Student Accessibility Services for information.

ACADEMIC POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Students are eligible to earn the Dean's List designation only once for the entire summer and intersession semesters.

Declaration or Change of Major

It is advantageous for students to make early decisions about their major, to be on track and to remain on track toward their degrees and to graduate in a timely manner. With hundreds of options to choose from, USF provides students a considerable amount of choice in their early course decisions. Students are encouraged to declare a major upon entry to the university. If they are unable to select or declare a major formally or a pre-major, they should follow the exploratory curriculum that best matches their interests (<https://www.usf.edu/undergrad/programs/ecm/>).

First Time in College (FTIC) students must be officially declared in a major or a pre-major before they register for more than 36 credits, including credit earned via Advanced Placement, International Baccalaureate, or Dual Enrollment coursework. Students will not be allowed to register for further credits at the University until they have declared a major or pre-major.

Transfer students should declare their majors upon entry to the University. Transfer students with 60 or more semester hours must declare a major and will not be allowed to register for further credits at the University until they have declared a major or a pre-major.

Many resources are made available by the University to assist students in making career decisions and choosing their majors. The process for Changing a Major is the same as Declaring a Major. Students are encouraged to visit with their academic advisor and to visit Career Services at <https://www.usf.edu/career-services/>.

Early Notification of Instructor Requirement for University Sponsored Activities

The university recognizes the importance of participation in university-sponsored activities such as musical and theatrical performances, athletic competition, and debate. It also recognizes that such participation may result in conflicts with scheduled class times. It is the responsibility of participating students to provide a full list of anticipated conflicting days to instructors by the end of the first week of the term, and directors and advisors of university activity programs have an obligation to assist students with this task. Students are responsible for identifying potential absences specific to a particular class and notifying individual instructors of these conflicts, especially for conflicts with scheduled examinations.

Please note that a general schedule for a team or ensemble does not satisfy this notification requirement. Students should provide instructors with addenda (e.g., end-of-season tournaments, newly scheduled events, or rescheduled events) that result in new conflicts as soon as they are available. Directors and advisors of university activity programs should consult with participating students prior to registration to help them choose courses that do not have excessive anticipated conflicts.

Grade Forgiveness

USF's grade forgiveness process permits a student to repeat a course and have the repeated grade computed in the cumulative grade point average (GPA) in place of the original grade, providing the repeat grade is posted as "D -" or higher (exception - see Honors at Graduation within this section) and is higher than the first grade. Normally, grade forgiveness may only be applied to a specific course that a student chooses to repeat. Under unusual circumstances, a different but similar course may be used if the substitute course has been previously approved by the College Dean and is on file in the Office of the Registrar. No course taken on the S/U grade basis may have the grade forgiveness applied. Similarly, the grade forgiveness process cannot apply to any course in which the grade of "FF" has been recorded.

Any undergraduate or non-degree seeking student who wishes to implement grade forgiveness must:

1. Complete a Grade Forgiveness Request form for each course to be repeated (https://www.usf.edu/registrar/documents/forms_2019/grade_forgiveness_request_2019.pdf).
2. Adhere to the following conditions:

ACADEMIC POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

1. A limitation of applying grade forgiveness to three USF courses with no more than one repeat per course.
2. Once you utilize grade forgiveness, it cannot be rescinded.
3. With prior approval of the college dean, a course different from a course on the approved list may be substituted in the following cases:
 1. The substitute course is a change in prefix, number, hours, or title, but not a substantive change in content from the original course.
 2. The substitute course replaces a course no longer offered by the institution.
 3. The substitute course was approved by the Director Student Accessibility Services and the Dean of Undergraduate Studies as an appropriate alternative for a student with accommodations.
4. The repeated course must be taken under the standard grading system (A - F) and the latest grade must be posted as "D -" or higher (grades of S/U are not permitted) and be higher than the first grade.
5. All grades remain on the transcript. The original course grade will be annotated with "E" to indicate that the course has subsequently been repeated and the original grade is not computed in the GPA.
6. Individual colleges may have further restrictions; therefore, the student should consult with your college.

This process is applicable to undergraduate and non-degree-seeking students only, and applies to 1000-to-5000-level courses. Once students have been awarded a bachelor's degree from USF, they may not repeat a course and be forgiven the original grade, taken prior to graduation.

The process applies only to courses taken originally and repeated at USF.

Honors at Graduation

To be considered for honors at graduation, a baccalaureate candidate must have completed at least 40 credits of graded upper level work at USF and have earned a grade point average (GPA) of 3.50 or higher for all graded coursework attempted at USF. For those students in programs requiring multiple clinical experiences (such as Nursing and Education), a baccalaureate candidate must have completed at least 30 hours of graded upper level coursework and have earned a GPA of 3.50 or higher for all graded coursework attempted at USF. In addition, to be eligible for honors, transfer students and USF students who have postsecondary work elsewhere must have an overall GPA of 3.50 or higher counting all USF courses, as well as, all transferable work attempted at other institutions. The forgiveness policy at USF or other institutions and plus/minus grades awarded at other institutions are not applicable in computing the GPA for honors. In addition, students with a record of academic dishonesty appearing on any transcripts may graduate from a degree program after meeting all degree requirements, but will not be eligible for honors at graduation, including the honor of graduating from the Honors College or a departmental honors program.

- Candidates with a USF GPA of 3.50 or higher and an overall GPA of 3.50 but below 3.70 shall receive a diploma designation of cum laude (with honor).
- Candidates with a USF GPA of 3.50 or higher and an overall GPA of 3.70 but below 3.90 shall receive a diploma designation of magna cum laude (with high honor).
- Candidates with a USF GPA of 3.50 or higher and an overall GPA of 3.90 or above shall receive a diploma designation of summa cum laude (with highest honor).

In addition, each Dean has the option to select on the basis of exceptional achievement 1% of the college's graduates or one student per semester for graduating with distinction.

Undergraduate candidates with an overall GPA of 4.00 are recognized at the commencement ceremony as King O'Neal Scholars. They will be recognized during the ceremony and presented with a certificate and medallion from the Alumni Association.

For purposes of honors recognition at the Commencement ceremony, students must have a 3.50 GPA before the term in which they plan to graduate to have honors recognized publicly at the Commencement ceremony.

The GPA is not rounded up when determining honors at graduation (e.g., 3.69 is not the same as 3.70). The forgiveness policy at USF and other institutions and plus/minus grades awarded at other institutions will not

ACADEMIC POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

be applicable in computing the GPA for honors. In addition, students with a record of academic dishonesty appearing on any transcript(s) will not be eligible for honors at graduation.

"I" Grade

An "I" grade indicates incomplete coursework and may be awarded to undergraduate students. Undergraduate rules apply to non-degree-seeking students. An incomplete may be awarded to an undergraduate student only when a small portion of the student's work is missing and only when the student is otherwise earning a passing grade. The instructor will be required to complete the I-grade contract online when posting the semester grade at the end of the term, identifying the remaining coursework to be completed, the student's last day of attendance, and the percent of work accomplished to this point. This online contract will be automatically sent to the student's email and to the Office of the Registrar. Until removed, the "I" is not computed in the GPA for undergraduate students. The time limit for removing the "I" is to be set by the instructor of the course; this time limit may not exceed two semesters. "I" grades not removed by the end of the time limit will be changed to "IF" or "IU," whichever is appropriate. If an instructor is willing, they may accept work from a student after an I grade has changed to an IF or IU grade, and assign the student a final grade in the course, unless the student has graduated. Whether or not the student is in residence, any change to "IF" grades will be calculated in the cumulative GPA and, if applicable, the student will be placed on appropriate probation or academically dismissed. Students should not re-register for courses in which they are only completing previous course requirements to change an "I" grade; if a student wants to audit a course for review in order to complete course requirements, full fees must be paid.

Steps for Graduation

The Office the Registrar has complete information regarding graduation requirements (see <https://www.usf.edu/registrar/services/apply-for-graduation/>).

STEP 1: Apply for graduation (receive a diploma) and complete the graduation survey.

- Login into OASIS using MyUSF and then follow these steps:
 - Enter your Net ID and self-assigned password.
 - Click on "My Resources."
 - Click on "OASIS."
 - Click on "Student."
 - Near the bottom of the list, select "Apply for Graduation."
 - Please be sure to check the address in OASIS as that is where your diploma will be sent.
- The Office of Decision Support requires all graduation applicants to take a survey; that survey affronts the online graduation application.
- **IMPORTANT NOTES: This does not automatically add the student to the Commencement ceremony. Please read below for further details to complete that process and see other important information about graduation.**
- The student is responsible for checking with your college for any additional graduation requirements and earlier application deadlines they may require.
- Any student who completes the graduation survey and applies after the published deadline will not be included in the Commencement brochure. Applying late may also possibly prevent the application from being processed in time for the degree to be awarded until the next term, even if all degree requirements are met. In order for a degree statement to appear on your transcript, a graduation survey and application must be submitted whether or not the student attends Commencement.

STEP 2: Clear financial obligations. Financial obligations must be cleared prior to graduation or your diploma will be held upon request of the Student Financial Services. Ensure that all fees are paid to the university in full. These include parking, library, etc. or a hold will be placed on the student record. This will prevent release of the student's diploma and transcripts until all fees are collected and the hold is released.

STEP 3: Check grades. It is the student's responsibility to clear all "I" (incomplete grades) for courses required for graduation, and to provide official hard copy transcripts of all transferred course work needed for graduation at least one term prior to graduation.

ACADEMIC POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STEP 4: Check current class schedule. You should notify your college of any change or error in their schedule for the current semester, including any adds/drops or withdrawals. Contact the Office of the Registrar if your name does not appear on a class roll for a course in which you believe you are registered.

STEP 5: Check name in student record. Students may designate a preferred first and/or middle name to appear on their diploma. The student must signify on the form if the changed name is to be listed on your diploma instead of the one in your student record. It is critical that upper/lower case letters, accents, and punctuation be clearly indicated on the application.

STEP 6: RSVP for Commencement. Graduation and Commencement require two different processes. See requirements for Commencement at <https://www.usf.edu/commencement/>.

S/U Grade System

Certain courses have been designated as S/U courses. The "S" and "U" grades are used to indicate the student's final grade. These S/U only courses are identified with (S/U only) after the course definition in this catalog.

Mechanism for Assigning S/U Grades

"S" and "U" grades are not computed in the student's GPA. The method by which a student receives an "S" or "U" grade in an option course will consist of the following:

- A written agreement signed by both instructor and student shall be filed with such offices as may be designated by the college. The college shall set the deadline (no later than the last day of classes for the term) for the student to decide if they wish to take the course on an S/U basis.
- The instructor shall assign final letter grades A, B, C, D, F, or I, but will transmit to the Registrar "S" or "U" consistent with the following:
- Letter grade, A, B, C, or C- shall be equivalent to a letter grade of "S."
- Letter grades D or F shall be equivalent to a letter grade of "U."

Office of Admissions

Student Services Building (SVC) 1036
(813) 974-3350
admissions@usf.edu
<https://www.usf.edu/admissions/>

The Office of Admissions assists prospective students with learning about opportunities available to them at the University of South Florida. The Office is responsible for processing applications for admission for undergraduate students (first time in college -FTIC-, transfer, and former students returning -FSR-, including international students). Admission to the University of South Florida requires evidence of ability to successfully complete academic work, the capacity to think creatively, and strong motivation. The minimum admission requirements are designed to help identify applicants whose academic background indicates the potential for success at USF; however, achieving minimum admission requirements does not guarantee acceptance.

The admission of new students at all levels is on a selective basis within curricular, space, and fiscal limitations. The selection process may include such factors as grades, test scores, date of application completion, the pattern of courses completed, educational objectives, past conduct, and portfolios. Preference for admission in any term will be given to those applicants whose credentials indicate the greatest promise of academic success.

The University encourages applications for admission from all qualified applicants and does not discriminate based on race, color, marital status, sex, religion, national origin, disability, age, sexual orientation, veteran status, genetic information and gender identity and expression, or as otherwise prohibited by state or federal law, in the admission process. Students are offered admission to USF in accordance with the mission and goals of the University and within enrollment limitations established by the Department of Education, State University System of Florida, and the Florida Legislature.

Admissions Application

The Office of Admissions accepts either application below. A \$30 (in U.S. currency) nonrefundable application fee is required. Only one application needs to be submitted from either:

- Institutional Application: The online USF Undergraduate admissions application found on the Office of Admissions web page at <https://www.usf.edu/admissions>
- Common Application: Can be found at <https://www.commonapp.org/>

When to Apply

Applications for admission are accepted as early as nine months before the requested entry term. Applications for admission and the non-refundable application fee should be submitted by the preferred deadline date for the requested entry term or by the application deadline for the requested degree program (see specific Programs (A-Z) in this catalog), whichever is earlier.

FRESHMAN (FTIC) SUMMER/FALL SEMESTER START

- August 1 – Application opens
- November 1 – Priority admissions deadline
- January 15 – Application completion deadline for students to qualify for admissions scholarships
- March 1 – Final application deadline
- May 1 – Admissions deposit deadline

FRESHMAN (FTIC) SPRING SEMESTER START

- March 1 – Application opens
- October 1 – Final admissions deadline (or prior on a space available basis)

- October 15 – Final Completion deadline

FORMER STUDENT RETURNING (FSR) SEMESTER START

Please complete application no later than 20 business days prior to the first day of your desired term of entry

Who **Should** Apply

The University of South Florida offers a variety of programs to meet the diverse needs of the student body. You can apply if you are any one of the following:

- A High School Senior or First Time in College (FTIC) seeking a Bachelor's degree.
- An Undergraduate student with some college credits seeking a Bachelor's degree.
- A non-U.S. citizen seeking an Undergraduate degree.
- Seeking courses and programs for training, professional advancement, certification or personal growth.

An application for admission must be submitted by all students who have not been admitted to and enrolled in a USF degree program within the last three terms. Former or continuing USF degree-seeking students must file another application for admission when applying for a second-degree program, another level of study or readmission (see Readmission). Any previously enrolled student will be required to pay the \$30 application fee. Documents submitted requesting a waiver of the \$30 application fee are considered by the Dean of Admissions based upon the determination that the payment of this fee creates a documented severe financial hardship and serves as a deterrent from submitting the application.

Changing Requested Term of Entry

Applicants may update their application for admission for up to one year from the originally requested term of admission. All requests for changes of entry term must specify any academic work attempted that was not reflected on the original application and must be received by the appropriate published application deadline for the new term of entry or degree program specified, whichever is earlier. Additionally, any issues related to criminal or academic misconduct that was not reflected on the initial application must be reported in writing to the Office of Admissions. A new application and fee must be submitted when applicants wish to be considered for admission for a term that begins more than twelve months after the originally requested entry term.

ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

An applicant who requests a new entry term must meet the admissions requirements in effect for the new term requested. Entry for some programs is limited to specified terms.

General Admission Policies

Transcripts and Other Admission Documents

All official transcripts, test scores, and any other required credentials must be received directly from the issuing agencies. It is the applicant's responsibility to initiate the request for credentials to the issuing agencies and to assure their receipt by the Office of Admissions. (See "Minimum Requirements for Admission" for information concerning required documentation). Official transcripts from all previous institutions are required.

All credentials and documents submitted become the property of USF. The originals or copies of the originals will not be returned to the applicant or forwarded to another institution, agency, or person.

Provisional Admission

An applicant admitted on a provisional basis must submit the requested missing credentials, such as official final transcripts or test scores, which confirm eligibility for admission before a second registration will be permitted.

Conditional Offers of Admission

Some applicants may be offered admission to the University of South Florida with the condition that they enroll in an alternate term, campus and/or program that differs from that requested on the application for admission, or that they meet the conditions outlined in the acceptance offer. For example, a freshman applicant may be offered admission to the summer or spring term due to enrollment limits and/or admission criteria. Continued enrollment is contingent on meeting all conditions of admission.

Admission Denials

Any applicant - freshman or transfer - who does not meet minimum admission requirements and is denied admission may submit an appeal to the Faculty Committee on Student Admissions for reconsideration of the admissions decision.

Undergraduate applicants - freshman or transfer - who are denied admission as a degree-seeking student may not enroll as a non-degree seeking student. Please see information on Non-Degree Seeking Student. Receipt of final official credentials that fail to substantiate eligibility will result in rescinding of admission and denial of continued enrollment in subsequent terms.

An application for admission or a residency declaration submitted by or on behalf of a student that contains false, fraudulent, or incomplete statements may result in denial of admission, further registration and/or degrees awarded.

The University may refuse admission to a student whose record shows previous misconduct not in the best interest of citizens of the University community.

See Florida Board of Governors (BOG) 6.001 General Admissions

https://www.flbog.edu/wp-content/uploads/6.001Regulation-Approved2019_10_30.pdf

USF Regulation 3.018 <https://usf.app.box.com/v/usfregulation3018>

Required Proof of Immunity

All students must have proof of immunity as follows:

- MEASLES: Proof of Immunity.
- RUBELLA: Proof of Immunity.
- HEPATITIS B: Proof of Immunity or signed waiver declining the vaccine.

ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- **MENINGITIS:** Proof of Immunity or signed waiver declining the vaccine.

All students must complete and sign the USF Medical History & Immunization History Form or provide supporting documentation and electronic signature on their student OASIS account. For instructions see <https://www.usf.edu/student-affairs/student-health-services/immunizations/index.aspx>

For students that applied to USF using an international address, a Tuberculosis screening is also required. For details, see <https://usf.app.box.com/v/usfpolicy33-003>.

For detailed information regarding USF's Immunization Policy and Requirements, see <https://usf.app.box.com/v/usfpolicy33-002>.

Required Orientation

Office of Orientation

John & Grace Allen Building (ALN) 102
(813) 974-3060
myorientation@usf.edu
<http://www.usf.edu/orientation/>

St. Petersburg campus Orientation Office

Bayboro (BAY) 117B
727-873-4753
<https://www.stpetersburg.usf.edu/student-services/orientation/index.aspx>

Sarasota – Manatee campus Orientation Office

8350 North Tamiami Trail (SMC B130)
941-359-4342
Sar-Orientation@usf.edu
<https://www.sarasotamanatee.usf.edu/admissions/orientation/index.aspx>

Orientation is required for all newly admitted students. All newly admitted students must complete Orientation for the campus to which they are admitted prior to beginning classes. If a change in major requires a change in campus, students must also change their orientation location to their new home campus.

The Orientation experience is designed to meet the requirements of a student's home campus located in Tampa, St. Petersburg, or Sarasota-Manatee. Orientation provides an introduction to the campus community and facilitates a seamless transition into the academic and social environments unique to the identified home campus and the University of South Florida at large.

Primary facilitation of Orientation resides with the designated office(s) at each USF campus location. See USF Policy 10-035 *Mandatory Orientation for New Undergraduate Students*.

Residency for Tuition Purposes

Florida BOG 7.005 Residency for Tuition Purposes

https://www.flbog.edu/wp-content/uploads/7_005ResidencyforTuitionPurposesSept2015-2.pdf

Residency refers to whether you are an in-state Florida resident or an out-of-state resident, and this classification determines your rate of tuition. Most importantly, living in or attending school in Florida will not, in itself, establish legal residence for tuition purposes.

When you apply to the university, your initial residency classification is determined by the Office of Admissions. Failure to provide sufficient documentation in the residency section of the admissions application will result in a non-Florida or out-of-state residency classification for tuition purposes.

Once you have completed your first term at USF, you can request a reclassification of your residency status from the Office of the Registrar (<https://www.usf.edu/registrar/services/residency/>). Please also refer to that site for important deadlines.

ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Specialized Admissions Programs

Undergraduates seeking entrance to specialized admissions degree programs must meet special program requirements in addition to requirements for admission to the University. The admission criteria and procedures for specialized admissions programs at USF furnish equal access to A.A. degree holders from Florida public colleges, transfers from other SUS institutions and USF students of equivalent status. Transfer applicants with 60 or more transferable semester hours who are seeking admission to specialized admissions programs must meet the grade point average requirement and pre-requisites specified by the program to be eligible for admission to USF. Transfer applicants with 30 to 59 transferable semester hours who are seeking admission to certain specialized admissions programs such as Nursing may be required to meet a higher transfer grade point average requirement that would allow eventual admission to those particular degree programs.

USF, with approval of the Board of Governors and the Articulation Coordinating Committee, has established the following undergraduate programs as specialized admissions:

Biomedical Engineering

Dance

Graphic Design

All College of Education Teacher Certification programs

All College of Nursing programs

The admissions requirements for these degree programs may be found with other program information in appropriate sections of this catalog.

Foreign Language Entrance Requirement (FLENT)

USF Regulation 3.007

(<https://usf.app.box.com/v/usfregulation3007>)

FL BOG Regulation 6.002

(https://www.flbog.edu/wp-content/uploads/6.002FTICAdmissionsTechnicalchange2018_08_17.pdf)

FL BOG Regulation 6.004

(https://www.flbog.edu/wp-content/uploads/6.004-Transfer-Student-Admission_FINAL.pdf)

All applicants admitted to the State University System (SUS) are expected to have demonstrated competency of foreign language or American Sign Language equivalent to the second high school level or higher. A limited number of students not meeting the high school foreign language requirement may be admitted; however, these students must fulfill the foreign language admissions requirement prior to completion of the baccalaureate degree. Satisfaction of the foreign-language admissions requirement by having two (2) sequential units of the same foreign language in high school, or eight (8) credit hours of the same foreign language in college, or documented equivalent proficiency. Satisfaction of the foreign-language admissions requirement by having two (2) sequential units of the same foreign language in high school, or eight (8) credit hours of the same foreign language in college, or documented equivalent proficiency.

Opportunities for Accelerated Progress toward Undergraduate Degrees

USF provides several options by which students may accelerate their progress toward completing the baccalaureate degree. These options recognize knowledge which has been acquired prior to or during attendance at USF and provide the opportunity to earn University credit. Options that may be utilized to accelerate progress include the following:

Recognition of satisfactory performance on standardized tests offered through recognized examination programs. See <https://usf.acalogadmin.com/preview/content.php?catoid=19&navoid=3085> for a complete listing of exams and course equivalencies.

Recognition of the International Baccalaureate Diploma Program. Students who earn the IB Diploma will be awarded 30 semester hours of college credit and sophomore standing. Credit for standard level exams with a score of 4 or higher may be awarded to those students who do not earn the IB diploma.

ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Dual enrollment as a non-degree-seeking student at USF or a community college prior to graduation from high school (see <https://www.usf.edu/honors/accelerated-programs/dual-enrollment.aspx> [Public/Private High/Home School]). Florida College System students should follow eligibility criteria for non-degree seeking students (below).

Early admission for high school students (see Early Admission Freshmen).

Courses completed through USF Distance Learning. See: <http://www.usf.edu/innovative-education/programs/online-programs/courses.aspx>.

Courses completed through the Florida Distance Learning Consortium. See <https://www.floridashines.org/>.

Courses completed through the State University System Correspondence Study program.

Credits may be earned through a combination of the above options. Students should contact their college advisors for further information concerning the application of this credit toward their degree requirements.

Internal processes (such as auditions, portfolio reviews, and placement tests) utilized in the various departments for the sole purpose of determining a student's most appropriate area, level, or section placement in a program of study are not to be construed as examining mechanisms for the granting of credit.

Minimum Requirements for First Time in College (FTIC) Admission

BOG Regulation 6.002

https://www.flbog.edu/wp-content/uploads/6.002FTICAdmissionsTechnicalchange2018_08_17.pdf

USF Regulation 3.018

<https://usf.app.box.com/v/usfregulation3018>

Any freshman applicant who meets minimum admission requirements as stated in Florida Board of Governors Regulation 6.002 is encouraged to submit an application. Each state university reserves the right under Florida BOG regulation to establish admission criteria that exceeds Florida BOG minimums.

To be considered for admission, freshman (FTIC – First Time in College) applicants must submit:

USF Application for Admission

Non-refundable \$30 application fee

Official high school transcript

Official GED scores if applicable

SAT or ACT scores

Although USF has minimum freshman admission requirements, meeting these minimum standards does not guarantee admission. Applicants selected for admission usually exceed the eligibility requirements; however, USF also considers applicants who do not fully meet minimum requirements but who have important attributes, special talents or unique circumstances that may contribute to a representative and diverse student body. These freshman applicants are considered for admission based on other appropriate evidence of ability to do successful academic work at USF.

The University sets admission requirements found on the Undergraduate Admissions web homepage.

Please refer to <https://www.usf.edu/admissions/freshmen/index.aspx> for the current admission requirements.

Admission to the University is selective; therefore, meeting requirements does not guarantee admission.

The institution reserves the right to validate any applicant's admission materials including transcripts and test scores (via a testing agency) such as SAT, ACT, TOEFL, PTE-A or IELTS used in the admission process if, in the judgment of University officials, there is reason to warrant this validation. See

<https://usf.app.box.com/v/usfregulation3018>

Florida College System

High school graduates planning to start their college education at a Florida College System institution should confer with the guidance counselor and ask that their academic program be planned with the assistance of the USF Undergraduate Catalog that is available at <https://catalog.usf.edu>. This catalog, prepared by the USF Office of Undergraduate Studies, explicitly describes the undergraduate program requirements and

ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Florida's common prerequisites that should be followed to ensure maximum ease of transfer into the student's upper-level programs on a par with their native USF counterparts.

Admissions Deposit

Freshmen admitted to the University of South Florida are required to submit a \$200 non-refundable admission deposit by May 1 for either Summer or Fall, or by December 1 for Spring admission.

The admission deposit will be credited to the student's account and applied toward their first-semester tuition. The admission deposit will be waived for admitted freshmen who demonstrate significant financial need on a FAFSA (Free Application for Federal Student Aid) submitted by USF's priority deadline.

Admitted freshmen are encouraged to pay the deposit online via OASIS (USF's Online Access Student Information System). Online payment is the University's preferred payment method. Checks and money orders submitted to the Cashier's Office (SVC 1039) are also acceptable forms of payment.

Early University Programs (Earning USF Credit While Attending Public High School, Private High School, or Home School)

USF Regulation 3.018 <https://usf.app.box.com/v/usfregulation3018>

Highly capable, mature high school students enrolled in a strong college-preparatory curriculum may apply during their Junior year for early admission dual enrollment. To be considered for early admission, students must meet this criteria:

Have minimum scores on one of the following tests:

- SAT: 1300, with at least 580 in Evidence-based Reading and Writing.
- ACT: 29, with at least 29 in English.

Have a minimum high school GPA of 3.8 as calculated by USF.

Early admissions students complete their high school senior year by attending USF fulltime as regularly enrolled, degree-seeking students. Students in the early admission program must take courses that are creditable toward the high school diploma and the associate or baccalaureate degree. For more information about Early Admission qualifications, policies, and application procedures, see <https://www.usf.edu/dual>.

Dual Enrollment

Dual enrollment in USF classes is open to academically qualified students currently enrolled in public/private high schools and home schools who are recommended by their guidance counselor or principal and meet the university's criteria:

- Have proof of one of the following sets of test scores:
 - SAT: 560 Evidence-based Reading and Writing and 530 Math
 - ACT: 21 Reading, 21 English, and 21 Math
 - PERT: 123 Math, 106 Reading and 103 Writing
- Have a 3.5 weighted grade point average or higher on a 4.0 scale.

Dual enrollment students are non-degree-seeking students at USF and may only take courses which are creditable toward their high school diploma. Per F.S. 1007.271. USF offers dual enrollment courses on its three campuses and online for courses not accessible from institutions of the Florida College System. By special agreement with specific school districts, USF offers some courses on high school campuses. For more information about Dual Enrollment qualifications, policies, and application procedures, see <https://www.usf.edu/dual>.

Credit by Examination

<https://catalog.usf.edu/content.php?catoid=17&navoid=2735>

ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The University of South Florida awards credit-by-examination based on the minimum guidelines as established by the Articulation Coordinating Committee (ACC) available on <https://www.floridashines.org/>, pursuant to Florida Statute 1007.27 (http://www.leg.state.fl.us/statutes/index.cfm?App_mode=Display_Statute&Search_String=&URL=1000-1099/1007/Sections/1007.27.html), and approved by the State Board of Education and Board of Governors.

Students may receive up to 45 semester hours of credit towards the baccalaureate degree upon successful completion of any of the examinations listed below. For more information, see USF Policy 10-017 (<https://usf.app.box.com/v/usfpolicy10-017>). Performance levels necessary to achieve credit have been established and are listed under each exam. Credit earned through one examination program may not be duplicated by another examination or course.

- Advanced Placement (AP)
- Advanced International Certificate of Education Program (AICE)
- Caribbean Advanced Proficiency Exams (CAPE)
- College Level Examination Program (CLEP)
- DSST (formerly DANTES Subject Standardized Tests)
- Excelsior (EXCEL)
- General Certificate of Secondary Education
- German Abitur
- Global Assessment Certificate
- International Baccalaureate (IB)

The University of South Florida evaluates all credits earned and grades received for admitted undergraduate students in college-level courses at other accredited institutions. Credits earned at international institutions or during study abroad are also evaluated for transfer. Please contact the Office of Admissions (<https://www.usf.edu/admissions/>) or International Studies for admission requirements (<https://www.usf.edu/admissions/international/admission-information/undergraduate/>).

USF Testing Services accommodates USF and non-USF customers. For more information, see <https://www.usf.edu/testing-services/>.

Additional information on exam credits is published by the Florida Department of Education at <http://www.fldoe.org/core/fileparse.php/5421/urlt/0078391-acc-cbe.pdf>.

Second Bachelor's Degree Applicants

A second bachelor's degree applicant is any degree-seeking undergraduate applicant who has earned a bachelor's degree at USF or another institution and wishes to earn an additional bachelor's degree.

A student who has already graduated from an accredited four-year institution (including USF) must earn a minimum of an additional 30 semester hours of USF undergraduate courses to apply toward their second baccalaureate degree. Students must also meet the University's regular graduation requirements, as well as, the requirements of the college awarding the degree and the residency requirements.

For more information on requirements, please see the information on the Office of Admission's website at <https://www.usf.edu/admissions/transfer/admission-information/requirements-deadlines.aspx>.

Readmission (Former Student Returning)

<https://usf.app.box.com/v/usfregulation3018> (see item 8).

A former student returning (FSR) is any degree-seeking undergraduate student who has not earned their bachelor's degree, who has not been enrolled at USF in any of the last three terms, and who wishes to re-enroll in the University*. In order to be considered for readmission, a former student should file a new application for admission with the Office of Admissions (<https://www.usf.edu/admissions/transfer/>) at least 20 business days prior to the start of classes for the term of requested re-entry. A new \$30 application fee is required.

Undergraduate students returning to seek a baccalaureate degree must:

ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Be in good academic standing and eligible to return to USF as well as the last institution attended as a degree-seeking student. For all college-level academic courses attempted at any institution since last enrolling in USF, the applicant's transfer GPA must meet or exceed the GPA required of new transfer students at the time of readmission.
- Former students who have attended one or more institutions since their last enrollment must request official transcripts of all work attempted at the other institution(s) be sent to the appropriate Office of Undergraduate Admissions. Acceptability of transfer credits toward completion of degree programs will be determined by the college of the student's major.
- The Academic Regulations Committees (ARC) have the Power to Approve (PTA) petitions for undergraduate or non-degree seeking students that fail to maintain a 2.0 GPA and are Academically Dismissed (AD) from USF. (Refer to the Academic Probation and Dismissal Policies in the Undergraduate Catalog.) Academic Regulations Committees also may approve the readmission of students who qualify for Academic Renewal to have portions of their academic record not counted in the determination of the GPA for graduation purposes. (Refer to the Academic Renewal Policy in the Undergraduate Catalog.)

*Transient students and non-degree-seeking students are *not* considered former students returning.

Change of Campus

New FTIC and Transfer Admits and Former Student Returning

Any newly admitted student or former student returning who wishes to change campus BEFORE the beginning of their admit term must do so via their Academic Advisor in the major at new campus. Please note that these requests may NOT be granted due to defined enrollment constraints by campus or college.

Continuing Student

Previous restrictions on movement between campuses have been officially REMOVED from USF Regulation 3.007. There are no current policies or regulations that restrict or govern when or why an undergraduate student can change campuses between Sarasota-Manatee, St. Petersburg, or Tampa. In the absence of prescription, change of campus for continuing students will be processed like the change of major, in that, decision-making is decentralized within the academic colleges.

If an undergraduate student wishes to change their campus of record in Banner

As of July 1st 2020, it is no longer necessary to receive approval from the Office of Undergraduate Studies to process a change of campus (i.e., the change of institution form is discontinued). Due to ongoing SACSCOC reaffirmation, students are REQUIRED to change campuses if they choose to change to a major/program that is not affiliated with their current campus. Please remember students do NOT need to change campuses to register for courses on a different USF campus; they are NOT prohibited from registering for courses on any campus based on their declared campus.

Process Guidelines

1. Change of campus requests should ONLY be processed for future terms and not the student's current active term (this is the same as major changes).
2. Students changing campus BUT program/major remains unchanged: Advisors are permitted to change campus IF the student's program/major is offered on that campus.
3. Students changing program/major AND campus: The student's selected major MUST be offered on that campus to change majors and campus. If it is a multi-campus program/major, then it is within the College's discretion to determine which campus is the campus of record in the Student Information System (e.g., Banner).

Notes:

ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- **Student Fees:** Consolidation governance allows continuing students to grandfather in the localized fees they paid PRIOR to consolidation. If a continuing student decides to change campuses (either in conjunction with a major change or independently), they will experience a change to fee amounts charged. More information can be found on the Student Financial Services website.
- **Scholarships:** If a student has a campus-specific scholarship, it may be impacted by a change of campus (whether connected to a major change OR made independently), including but not limited to adjusted award amounts or loss of eligibility.
- **International Students:** Students are issued an I-20 based on their home campus and are only eligible for on campus employment at the campus listed on their I-20. Students should take at least ½ the courses at the campus listed on their I-20. In the event an international student changes campus, ISS has an alert that is triggered by the change in Banner and they will be issued a new I-20. No action needed by the Colleges or Undergraduate Studies.
- **Housing:** Changing campus does not automatically move housing assignments. If a student's change in campus prompts a desire to change their on-campus housing assignment, the student should contact the Housing & Residential Education office of their current campus to inquire about the process and options available (housing@usf.edu for Tampa campus or housing@usfsp.edu for St. Petersburg campus).

Transfer Applicants

Lower-Level Transfer Applicants (12 to 59 transferable semester credits)

USF Regulation 3.018

<https://usf.app.box.com/v/usfregulation3018> (see item 4d)

To be considered for admission, transfer applicants with fewer than 60 transferable semester credits must submit a USF Admissions Application. Also, the applicant must submit a \$30 non-refundable application fee, an official transcript from each previous college attended, an official high school transcript, official GED scores if applicable, official SAT or ACT scores, and a IELTS or TOEFL score if applicable.

Lower-level transfer applicants who will enter USF with 12-59 transferable semester credits must minimally meet the following requirements to be considered for admission in good standing; however, satisfying these minimum requirements does not guarantee admission. Some programs may have additional requirements including GPAs and course pre-requisites. For programs with selective criteria, see <https://www.usf.edu/admissions/transfer/admission-information/requirements-deadlines/index.aspx>.

- Transfer applicants with less than 30 semester hours of transferable college credit (lower level) must meet all Freshman Admission requirements (see Sec. (4)(b)5.).
- Applicants with 30 or more and 59 or less transferrable semester hours must have successfully completed (C or higher) at least one English Composition course and one college level mathematics course that consists of three (3) semester credit hours. High school transcripts are required to demonstrate completion of the foreign language admission requirement.
- Lower level transfer students who do not meet the foreign language requirements must satisfy the foreign language requirement prior to admission to the upper division and may not exceed 5 percent of the number of freshmen enrolled in the prior academic year.
- Please refer to the International Applicants section for additional requirements for international applicants.

Upper-Level Transfer Applicants (60 or more transferable semester credits)

USF Regulation 3.018

<https://usf.app.box.com/v/usfregulation3018> (see item 4e)

To be considered for admission, transfer applicants with 60 or more transferable semester credits must submit a USF application for admission, a non-refundable application fee, an official transcript from each previous college attended, and a TOEFL or IELTS score if applicable. Final transcripts with any degree awarded, or a minimum of 60 semester hours of transferable credit earned prior to initial enrollment at USF, must be submitted to determine final admissions eligibility.

ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Any transfer student with 60 or more semester hours who designates a desire for admission to a specialized admissions undergraduate program must meet the overall admission GPA criteria of that program in order to be admitted to the University. Some programs may have additional requirements including GPAs and course pre-requisites. For programs with selective criteria, see <https://www.usf.edu/admissions/transfer/admission-information/requirements-deadlines/index.aspx>.

For further information regarding Upper-Level Transfer admissions requirements, visit <https://usfweb2.usf.edu/admissions/>

- Admission as a junior to the upper division of USF will be granted-within curricular, space and fiscal limitations to an Associate of Arts degree graduate of a state- approved Florida public college or university or a transfer applicant from an SUS institution who has received the AA degree/certificate. The admission of AA degree transfers from Florida public colleges and universities is governed by the Florida Articulation Agreement (BOG Resolution adopting Rule 6A-10.024) Articulation Between and Among Universities, Community Colleges, and School Districts).
- Undergraduate transfer students who have not earned the AA degree/certificate from a public community/junior college or state university in Florida or who have attended another college after receipt of the AA degree/certificate from a public community/junior college or state university in Florida must have an overall 2.0 grade point average on a 4.0 scale in all college level courses attempted and acceptable to transfer.
- Associate of Arts degree holders who are not exempt from the foreign language requirement and all other upper level transfer students admitted without meeting the foreign language admission requirement (see Sec. (4)(d)2.) must satisfy the foreign language requirement prior to graduation.

Articulation Agreement

6A-10.024 Articulation Between and Among Universities, Community Colleges, and School Districts
<http://ugs.usf.edu/articulation-agreements/>

It is the intent of the Board of Governors and the State Board of Education to facilitate articulation and seamless integration of the education system by agreeing to the provisions of this rule. The authority to adopt and amend this rule aligns with the Constitutional power given the Board of Governors for the state university system and the statutory authority given the State Board of Education for the district school boards, the community college system, and the Department of Education.

State universities and community colleges shall publish with precision and clarity in their official catalogs the admission, course, and prerequisite requirements of the institution, each unit of the institution, each program, and each specialization.

The agreement defines and establishes the Associate of Arts degree from a Florida public state or community college as the basis for all articulation rights. Among these guarantees, the following are central to the transfer process:

- A.A. graduates will be granted admission to a university within the SUS, but not necessarily to the university or program of choice.
- A.A. graduates will have the same opportunity to enroll in a university specialized admissions program or a program with selective admission requirements, as the native university student (i.e., students who entered the university as an FTIC).
- Upon transferring to a state university, A.A. graduates will be awarded at least 60 credit hours towards the baccalaureate degree, exclusive of occupational courses and basic required physical education courses.
- Credits that are part of the A.A. degree earned through articulated acceleration mechanisms, such as dual enrollment, International Baccalaureate, early admission, Advanced Placement, Advanced International Certificate of Education Program, and Credit by Exam, will be transferable to the state university.
- As participants in the Statewide Course Numbering System, receiving institutions must accept all courses taken at the transfer institution if the courses at each institution have the same prefix and the same last three digits of the course number.

ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- The university catalog in effect the year the A.A. degree student first enrolled at a Florida College System institution will remain in effect for the student's entire program, provided the student maintains continuous enrollment as defined in that catalog.
- Once a student has completed the general education core and this fact is noted on the transcript, regardless of whether or not an A.A. degree is awarded, no other state university or community college to which the student may transfer can require additional courses to the general education core.
- A separate agreement establishes the Associate of Science (A.S.) degree for articulation into specialized programs.
- Included in these transfer guarantees is the right of appeal. Students may appeal to the university and to the Statewide Articulation Coordinating Committee. Students who have questions or want more information about the articulation agreement should contact the Office of Undergraduate Studies at (813) 974-4051 or ugs-dean@usf.edu.

Fuse

Student Services Building (SVC) 2002
(813) 974-4051
transfer-advising@usf.edu
<https://www.usf.edu/undergrad/transfer-student-success/fuse/what-is-fuse/index.aspx>

Fuse is transfer program between the University of South Florida and eight Florida state colleges. This partnership provides a seamless academic pathway for students to complete an associate degree with guaranteed admission to USF.

Students admitted to the Fuse Transfer Program must follow an academic graduation pathway (<https://www.usf.edu/undergrad/transfer-student-success/fuse/graduation-paths/index.aspx>), which provides a seamless transition from one of our eight FCS partner schools to USF. Adherence to the graduation pathway allows for timely completion of both the Associate of Arts (AA) and bachelor's degrees. Students admitted to the program have guaranteed admission to their selected major, offered in the Fuse Transfer Program, provided they meet all requirements of the program upon completion of their AA.

Students seeking admission into limited or restrictive access majors will have to meet additional requirements such as prerequisites, GPA, and/or test scores.

- **Community Scholars:** The Community Scholars initiative is an alternative admission opportunity for first-time-in-college (FTIC) students who apply to the University of South Florida. Created by the Regional Chancellor at the St. Petersburg campus, the Community Scholars program grants select FTICs who are not immediately admissible for the Summer or Fall the opportunity to attend institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission during Fall where they must successfully complete at least 12 transferrable credit hours with a minimum 2.5 GPA. During the Fall, they will have access to St. Petersburg campus academic advisors who will provide course recommendations. Upon successful completion of these academic requirements in the Fall, participants in the program transfer to the St. Petersburg campus the following Spring semester with a one-time transfer award. For questions about Community Scholars, please contact the Office of Admissions at 727-873-4142.
- **Pinellas Access to Higher Education:** PATHe is a collaborative partnership between the St. Petersburg campus and St. Petersburg College (SPC) that aims to provide equitable, flexible, and attainable pathways to higher education for Pinellas County, FL students. Pinellas County first-time-in-college (FTIC) applicants who are not immediately admissible to USF and selected St. Petersburg as their home campus may be eligible for PATHe. With the joint support of PATHe counselors, students afforded this opportunity will receive academic advisement to help them earn an Associate in Arts degree from SPC before they transition to the St. Petersburg campus to

ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

complete their baccalaureate degree. For questions about PATHe, please contact the Compass Student Experience Office at 727-873-4003.

Transfer Credit

The receipt and evaluation of transfer credit is the responsibility of the Office of Admissions (<https://www.usf.edu/admissions/>). The Office of Admissions will evaluate the acceptability of total credits transferable to the University. The college of the student's major will assign equivalent courses in determining which courses are applicable toward a specific degree at the University. In some instances, exact course equivalents will also be determined by other colleges that offer the same or similar courses as part of their programs of study. Transfer students should be prepared with personal copies of their transcripts of all past course work to discuss advisement and placement with the appropriate academic advisor and should contact the college of their major soon after registration so that an official evaluation may be completed. Transfer students from non-Florida institutions should also be prepared to submit course syllabi to assist USF faculty in the official evaluation. For more information, see USF Regulation 3.018.

Credit for Online Coursework

USF Policy 10-071 Award of Credit for Online Coursework
<https://usf.app.box.com/v/usfpolicy10-071>

BOG Regulation 6.020
https://www.flbog.edu/wp-content/uploads/6_020_CollegeCredit-1.pdf

Undergraduate students who are admitted to the University of South Florida and who have completed online college-level courses prior to initial enrollment in undergraduate education may request that the University evaluate that work to determine if credit might be awarded. Award of credit for that work must meet the following conditions:

- USF faculty have determined the online course content and learning outcomes to be comparable to a course offered at the institution;
- Online courses meet the quality and accreditation standards intended for a transfer course; and
- The subject area faculty, have determined that the online course is relevant to the student's intended program of study.

Students wishing to have such online coursework evaluated for the purpose of receiving credit should inform Office of Undergraduate Studies, or the Chief Academic Officer at their branch campus, upon being admitted but prior to enrolling in classes at the university. If credit for the online coursework was awarded by another institution of higher education the student must submit an official transcript reflecting the award of credit and the transferability of that work will be determined with the same processes and criteria for other transferred courses, including coursework recommended for credit by the American Council on Education (ACE).

For more information regarding the process to have coursework evaluated and/or further information on the policy, please visit the USF Policy 10-071 (<https://usf.app.box.com/v/usfpolicy10-071>).

Credit for Military Training

BOG Regulation 6.013 <https://www.flbog.edu/wp-content/uploads/FINAL-6.013-Military-Veterans-and-Active-Duty.pdf>

USF Regulation 6.0025
<https://usf.app.box.com/v/usfregulation60025>

College credit will be granted to students with military training or coursework that is recognized by the American Council on Education (ACE) subject to institution transfer practices and limitations on amount and level of transfer credit. Military training or coursework will be subject to the same treatment as any other transfer credit evaluated, with utilization of the ACE *Guide to the Evaluation of Educational Experiences in the Armed Services* for determining equivalency and alignment of military coursework with appropriate University courses. If the coursework fulfills a general education or major course or degree requirement, the credit will be granted for meeting that requirement towards graduation. Appropriate course credit may include free elective course credit toward the degree.

ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Credit that was previously evaluated and awarded by another college-degree granting institution and that is appropriate to the transfer student's major will be accepted, subject to institution transfer limitations. Credit awarded for military education and training will be noted on the transcript and documentation of the credit equivalency evaluation will be maintained. Credit awarded for military education and training will not count in the excess hours fee per BOG Regulation 7.003 (<https://www.flbog.edu/wp-content/uploads/Amended-Regulation-7.003.pdf>). Priority course registration will be provided for each veteran of the United States Armed Forces who is receiving the GI Bill.

International Student Admission Requirements

International Applicants (Non-resident Aliens)

USF Regulation 3.018

<https://usf.app.box.com/v/usfregulation3018> (item 7)

- International undergraduate applicants who are not permanent U.S. residents (BOG Regulation 6.009) must submit applications for admission, application fees and all required supporting documents by the published deadlines. Applicants living outside of the United States are encouraged to submit required documentation no later than three (3) months prior to the date of desired entry to USF or the deadline for the degree program, whichever is earlier.
- Supporting documentation includes the "Financial Support Requirements" form to show proof of availability of financial resources sufficient to cover all educational, maintenance, personal and travel expenses while attending USF without financial assistance from USF; all transcripts identifying subjects and grades from the first year of secondary work to the time of application or graduation when applying as an entering freshman or a transfer with less than 60 hours of transferable postsecondary credit; appropriate diploma(s), certificate(s), degree(s), mark-sheet(s) and/or examination(s) passed, from the home country, as evidence of United States equivalent qualifications and academic preparation for the degree program requested; and "Transfer Clearance Form" signed by the International Student Advisor, if currently enrolled in a U.S. Institution. Each International applicant must submit a signed health history form, including proof of immunizations as required by USF Policy 33-002, and proof of adequate health insurance coverage as required by USF Regulation 6.0162.
- All transcripts must be in English. It is the applicant's responsibility to have the transcript(s) translated before submitting them as part of their admission credentials. All transcripts not in English must be accompanied by a certified English literal translation; foreign postsecondary transcripts must be evaluated by one of the credential evaluation services identified and published by the appropriate international admissions office. Documents signed by a notary or other public official with no educational affiliation will not be accepted.
- Applicants whose native language is not English, from non-English speaking countries, or who have not earned a degree in the United States must provide, taken within 2 years of the desired term of entry, a minimum IELTS score of 6.5, a minimum PTE-A score of 53, a minimum Test of English as a Foreign Language (TOEFL) score of 79 (internet-based test), 213 (computer-based test) or 550 (written test), a minimum IELA score of 176 (with minimum subscores of 169), a minimum Duolingo score of 110, a minimum TOEFL Essentials score of 8.5, or a minimum FCE score of 176 (with minimum subscores of 169). Official Scores must be submitted to USF directly from the testing agency. See <https://usf.app.box.com/v/usfregulation3018> for more information.
- The English Proficiency requirements may be waived for an undergraduate applicant, if the applicant has: completed successfully the equivalent of English Comp I; has submitted SAT or ACT test scores sufficient to validate English reading and writing proficiency as determined by the Board of Governors of the State University System of Florida; or successfully completed one year of study at a US institution of higher education
- Applicants who earn a baccalaureate or equivalent degree at a foreign institution where English is the language of instruction (for the institution and not just the major) may meet this requirement. However, other related factors (including test scores) will also be considered.

Some post-secondary international credentials may be evaluated by the Office for International Admissions (<https://www.usf.edu/admissions/international/>), while others may require an official course-by-course evaluation completed by an independent credential evaluation service, with associated costs to be paid by the student.

ADMISSIONS AND RELATED MATTERS

Mandatory Health Insurance for International Students on F and J Visas

BOG 6.009 (6) https://www.flbog.edu/wp-content/uploads/6_009-Admiss-of-Intern-Students-1.pdf

USF Regulation 6.0162 <https://usf.app.box.com/v/usfregulation60162>

International students must demonstrate that they have adequate health insurance coverage prior to enrollment. International students in J visa classes must also demonstrate that their accompanying spouse and dependents have adequate health insurance coverage prior to enrollment. Adequate health insurance for international students in F and J visa classes must include:

- Coverage period for full academic year, including annual breaks
- Medical benefits of at least \$100,000 per person per accident or illness per policy year.
- Basic medical benefits to include hospital and physician office visits.
- Mental health care to include hospital and clinician office visits.
- Female students must have maternity benefits covered as any other temporary medical condition.
- Prescription drug benefits.
- Medical Evacuation \$50,000.
- Repatriation of mortal remains \$25,000.
- Insurance carrier must have an "A" rating.
- Medical claims must be paid in U.S. dollars payable on a U.S. financial institution.

To comply with this regulation, USF Student Health Services Compliance Office must receive adequate documentation a minimum of two weeks prior to enrollment. USF Student Health Services sponsors a medical insurance for international students that meets and exceeds the federal, state, and university requirements. Policy information, current costs, and enrollment process are available at <https://www.usf.edu/student-affairs/student-health-services/insurance/inscompliance.aspx>.

The USF Student Health Services Compliance Office administers state and USF mandates for the Tampa, St. Petersburg, and Sarasota-Manatee campuses.

For questions, contact 813-974-5407 or insurance@shs.usf.edu.

Admissions to the Honors College

Judy Genshaft Honors College

4202 E. Fowler Avenue, ALN 241
Tampa, FL 33620
(813) 974-3087
contactus@honors.usf.edu
<https://www.usf.edu/honors/>

Located on all three USF campuses, the Judy Genshaft Honors College offers educational experiences grounded in the Liberal Arts tradition, centered on creative interdisciplinary inquiry and the cultivation of practical wisdom, and intended for students regardless of major. The primary goals of the College are to develop superior critical thinking skills through intensive interdisciplinary seminars and undergraduate research, foster a nuanced global perspective on contemporary issues through an internationalized curriculum and study abroad experiences, and encourage a rich understanding of social concerns through structured community engagement.

First-Time-in-College (FTIC) students can join the Judy Genshaft Honors College by direct admission or admission by application. Students who reach our academic criteria through test scores and GPA will be directly admitted into the College.

Students can also be accepted through our application, which includes an essay and list of extracurricular activities. We employ a holistic review process and take into consideration more than test scores.

ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Non-Degree Seeking Students

Non-degree seeking student enrollment is offered on a space-available basis and has been established for those individuals who, while not interested in earning a degree, would like to enroll in all levels of University courses. Non-degree-seeking students are subject to the same academic policies as undergraduate degree-seeking students and must adhere to deadline dates published on the Office of the Registrar's Important Dates and Deadlines webpage (<https://www.usf.edu/registrar/calendars/index.aspx>.) For more information on non-degree seeking student status, please see USF Policy 30-055 or visit https://www.usf.edu/registrar/services/non-degree-admission/transient_students.aspx.

Non-Degree Seeking Students Academic Standing

A student who is not seeking a degree while at USF but enrolls in classes is classified as a non-degree student. Although not seeking a degree, such a student is subject to the same Academic Warning, Academic Probation, Academic Suspension, and Reinstatement policies as a degree-seeking student by level of courses in which the student enrolled.

Transient Students

USF Policy 10.001
<https://usf.app.box.com/v/usfpolicy10-001>

An undergraduate transient student is one who is currently attending a Florida Public College or State University and wishes to take courses at another Florida Public College or State University for one semester. Transient students from other Florida Public Colleges or State Universities can find more information on enrolling at USF at https://www.usf.edu/registrar/services/non-degree-admission/transient_students.aspx. USF students wishing to enroll at another Florida Public College or State University can find more information in USF Policy 10-001.

<https://www.usf.edu/financial-aid/index.aspx>

The University of South Florida makes every effort to ensure that all qualified students have access to an education. All student financial aid programs are administered or coordinated through the Office of Financial Aid (OFA).

OFA's web site provides step-by-step guidance through the financial aid application process. USF's Online Access Student Information System (OASIS) allows students to monitor the status of their financial aid from application to disbursement of funds.

All students wishing to receive financial aid are encouraged to start the financial aid process as early as possible. The first step is to complete and submit the Free Application for Federal Student Aid (FAFSA) online. For more detailed guidance and information, log onto the OFA website <https://www.usf.edu/financial-aid/apply/> or stop by the Office of Financial Aid. Use our *Contact Us* page at <https://www.usf.edu/financial-aid/questions/> to reach our offices. Save time and use our Chatbot 'Finn' to find answers to common financial aid questions.

Get a head start on a financial plan to attend USF by using our Cost Calculator (<http://usfas.forest.usf.edu/cc/cc.html>). The Cost Calculator will give you an estimate of how much it will cost to attend USF. By inputting your costs and financial aid, you will know if you have the financial resources to pay your USF bill.

The Student Financial Services (SFS) office, located in Student Services room 1039 is responsible for all charges on the student account (bill), payments, Florida Pre-Paid, third-party payments, and refunds. Visit their website for more information: <https://www.usf.edu/business-finance/controller/student-services/index.aspx>.

Financial Aid

In addition to finding a wealth of information on the web regarding your financial aid, you can monitor your aid application status via OASIS: <https://myusf.edu/>.

The first step in obtaining financial aid is filing the Free Application for Federal Student Aid (FAFSA) at <https://studentaid.gov/h/apply-for-aid/fafsa>. Be sure to list the University of South Florida, school code #001537, as a school in order for us to receive your FAFSA information and award financial aid funds. Since many programs are funded on a limited basis, it is to your advantage to apply early. Priority application dates and detailed information regarding financial aid are provided each year on the OFA website. Check out USF's scholarship information at <https://www.usf.edu/financial-aid/scholarships/>. OFA communicates important information regarding aid exclusively via the student's USF e-mail account; check your USF email frequently!

Tuition deferments are automatically provided for qualified financial aid applicants. More information can be found at <https://www.usf.edu/financial-aid/deferments/>.

If you withdraw from USF, either officially or unofficially, before the end of a semester, you may be required to repay all or a portion of the aid you received. For detailed information on the Federal Return of Title IV Funds requirement, go to <https://www.usf.edu/financial-aid/know-this/withdraw.aspx>.

Each USF campus has financial representatives available to assist you:

Tampa: (813) 974-4700

Sarasota-Manatee: (941) 359-4459

St. Petersburg: (727) 553-4128

Financial Aid Application Procedures

STUDENT FINANCIAL INFORMATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The Free Application for Federal Student Aid (FAFSA) can be filed electronically at <https://studentaid.gov/h/apply-for-aid/fafsa>:

- Using the IRS Data Retrieval Tool (DRT) found within the FAFSA is the most accurate and secure method of providing the required federal tax information.
- If selected for verification, applicants who use the unchanged data generated by the IRS DRT will not be required to provide federal tax return transcripts from the IRS to the financial aid office. More information about verification can be found at <https://www.usf.edu/financial-aid/verification/index.aspx>.
- Students who are selected for verification who did not use the IRS Data Retrieval Tool, or changed data after using the tool, may be required to submit IRS tax return transcripts to verify tax information.
- Students selected for verification are advised to submit all requested documents within ten business days of being notified what requirements are needed. Students should have a completed financial aid file no later than 60 days prior to the beginning of a semester.
- Late or incomplete submission of documents can result in delayed disbursements or possible loss of eligibility for aid.

Information provided on the Student Aid Report (SAR) should be reviewed thoroughly;

- Review all correspondence, follow instructions on the SAR, and follow through within 5 – 10 business days. Delays can be costly as well as frustrating.

Student Eligibility Requirements and Conditions for Receiving Financial Aid

Financial Aid Terms & Conditions

Financial aid award offers are based on full-time enrollment and reflects your eligibility based on your grade level, residency status and other program specific criteria at the time of the award offer. If you enroll less than full time, your cost of attendance will be reduced to reflect your enrollment status and award amounts adjusted accordingly. Award amounts may be revised starting 30 days prior to the start of each semester, based on your credit hour enrollment and the length of your courses.

NOTE: If you received an aid offer after these adjustments started in a given semester, your cost of attendance and award amounts may already reflect your enrollment. If you do not enroll in the fall semester, your initial offer is void and you will be re-awarded if you enroll in the spring. This may result in a loss of previously awarded aid funds. Your eligibility for financial aid funds requires you to satisfy the following terms and conditions:

1. **Enroll as a degree seeking student.**
2. **Meet the specific enrollment requirements** (<https://www.usf.edu/financial-aid/enrollment-status.aspx>) **and academic requirements** to receive funds for each financial aid program you have been awarded. More information about the requirements for your specific awards is available in OASIS (<https://bannersso.usf.edu/ssomanager/c/SSB>) after you accept these Terms and Conditions.
3. **Report funds** you expect to receive from sources not shown on your award notice to minimize delay in your aid being paid. Examples of such sources include tuition waivers, fellowships, scholarships, veteran's benefits, or vocational rehabilitation benefits. Notify us immediately via OASIS. Choose 'Financial Aid,' then 'My Award & Loan Information,' then 'Resources/Additional Information' tab. Enter the resource information and submit. Your financial aid offer may need to be reduced and aid repaid.
4. **Attend class.** Attendance is required to receive financial aid (including student loans). If you drop some classes (<https://www.usf.edu/financial-aid/know-this/drop-credits.aspx>), stop attending all classes, or totally withdraw (<https://www.usf.edu/financial-aid/know-this/withdraw.aspx>) you may be required to immediately repay some financial aid (including student loans).
5. **Check your financial aid Satisfactory Academic Progress (SAP) status** (<https://www.usf.edu/financial-aid/sap/index.aspx>) each semester in OASIS. Under the Financial Aid tab, click 'My Award and Loan Information'. Your SAP status each semester must be eligible at your degree level in order to receive funds from most financial aid programs.
6. **Check OASIS** each semester to see that you have satisfied all requirements to receive financial aid. Choose 'Financial Aid,' then 'My Requirements, Bookstore Authorizations and Deferments.'

STUDENT FINANCIAL INFORMATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

7. **Verification** (<https://www.usf.edu/financial-aid/verification/>) must be completed and your **FAFSA** (<https://studentaid.gov/h/apply-for-aid/fafsa>) information updated (if required) before your aid can be disbursed. If you do not complete verification promptly when requested, aid previously offered may be cancelled.

Academic Scholarships

The Office of Financial Aid (OFA) provides prospective and currently enrolled students with a central location to access scholarship information. The office administers the Florida Bright Futures Scholarships, and a variety of privately-funded scholarships made possible through the generosity of friends and alumni of the University of South Florida. OFA also manages the scholarship renewal process for students who have been awarded scholarships through the Office of Admissions (<https://www.usf.edu/admissions/>). An online search for USF scholarships may be found at <https://www.usf.edu/financial-aid/scholarships/>.

The Office of Admissions offers a number of scholarships based on academic merit to students planning to enter USF for the first time as a freshman or upper-level transfer student. These scholarships are highly competitive. The criteria noted for the various scholarships are used as minimum starting points for consideration; meeting or exceeding the minimum requirements will not guarantee selection.

To be considered for **Florida resident** merit-based scholarships from the Office of Admissions, students must submit a complete admissions application prior to the application deadline. For additional information about the awarding process, please visit <https://www.usf.edu/admissions/freshmen/admissions-scholarships/index.aspx>.

For **non-Florida residents**, a limited number of out-of-state tuition waivers are available based on academic performance. See <https://www.usf.edu/admissions/freshmen/admissions-scholarships/nonflorida.aspx> for more information.

The individual colleges of USF administer some scholarships directly through the Dean's Office in each college.

Financial Aid Dates and Deadlines

Make sure you meet all deadlines and respond promptly to requests to submit additional documents. For a Checklist and Priority Dates, see <https://www.usf.edu/financial-aid/checklist.aspx>.

The Office of Student Accounting is here to serve the students who attend our university by maintaining accurate financial records and communicating with students concerning their accounts. Our department is primarily responsible for: tuition assessment, refund processing, recording of waivers, administration of the Florida Prepaid and third-party programs, and daily communication with customers.

Florida Residency Classification for Tuition Purposes

For details on residency for tuition purposes, visit <https://www.usf.edu/registrar/services/residency/>, as well as the Residency for Tuition Purposes section of this catalog.

Veterans and Social Security Benefits

VA Benefits

USF is approved for the education of veterans, eligible dependents, members of the selected reserve, and active-duty personnel who are eligible for benefits under public laws now in effect. All degree programs currently offered at USF are approved by the Department of Veterans Affairs.

Ten federal public laws currently provide education/job-training programs for VA-eligible students.

Five programs serve most students:

- Chapter 30 for U.S. Military Veterans
- Chapter 31 for Disabled U.S. Military Veterans
- Chapter 33 for U.S. Military Veterans or dependents of veterans
- Chapter 35 for Spouse and Children of Deceased or 100 percent (permanent and totally) Disabled Veterans (service connected), and
- Chapter 1606 for personnel in the National Guard or U.S. Military Reserves.
- Chapter 1607 for personnel in the National Guard or U.S. Military Reserves called or ordered to active duty in response to a war or national emergency (contingency operation) as declared by the President or Congress. Members may be eligible after serving 90 consecutive days on active duty after September 11, 2001.

USF's Office of Veterans Success (<https://www.usf.edu/student-affairs/veterans/>), located in the Grace and Allen Building (ALN 130), coordinates veterans services and specific program information. Eligible students must submit an Application for Educational Benefits and request certification for full-time or part-time educational benefits in accordance with VA rules and regulations.

This office also can provide confirmation of student status for VA health care or other benefits. Additionally, the University of South Florida provides military training to college credit evaluation and encourages all veterans to request this service from the campus veterans advocate.

A full-time Fall and Spring semester undergraduate load for VA benefits is twelve (12) credits per semester; a full-time Fall and Spring semester graduate load is 9 credits. Summer terms full and part-time enrollment requirements differ. Students should refer to the USF VA website for specific information about Summer credit requirements.

The Atlanta Regional Processing Office of the U.S. Department of Veterans Affairs determines eligibility based on official service records, evidence submitted by the student and applicable laws. Students with established VA program eligibility at another college or university must submit a Change of Program or Place of Training and a USF enrollment verification request to Office of Veteran Success. They can be contacted at 813-974-2291 or email ovs@usf.edu.

Chapter 30, 1606 and 1607 program participants are required to verify attendance each month to the federal VA. Verification can be done on the Web Automated Verification of Enrollment (WAVE) page, or veterans can call 1.877.823.2378.

STUDENT TUITION AND FEES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

At the end of the term, if an undergraduate student's cumulative grade point average falls below a 2.0 (C) average, the student will receive an academic warning. If at the end of the next term of enrollment, the cumulative GPA remains below 2.0, the student's educational benefits will be terminated and the DVA will be notified of the student's unsatisfactory progress for VA pay purposes. Students must meet the conditions for USF readmission to become eligible again for VA educational programs.

How to Apply

Students who may be eligible for benefits are urged to contact the Office of Veterans Success at <https://www.usf.edu/student-affairs/veterans/>. Once admitted, peer counselors will guide the student veteran through the process of requesting Veterans Educational Benefits through our online Clockworks system. You can contact the Office of Veterans Success at ovs@usf.edu or come by the office at ALN 190 or call 813-974-2291.

Eligibility

To be eligible for full-time VA benefits at USF, undergraduate students must enroll for 12 or more semester hours, and graduate students must enroll for 9 or more semester hours each normal academic term. Additional information for obtaining education benefits can be found at <https://www.usf.edu/student-affairs/veterans/apply/index.aspx>

Out-of-State Waiver

HB 7015-Florida GI Bill, created the "Congressman C.W. Bill Young Tuition Waiver Program." This will waive out-of-state tuition fees for honorably discharged veterans of the U.S. Armed Forces, Reserves, or National Guard who physically reside in Florida and active duty military personnel stationed outside of the state while enrolled at an institution in the State University System of Florida. Persons who are entitled to and use educational assistance provided by the United States Department of Veterans Affairs also qualify for this waiver if they physically reside in Florida while enrolled at the University. Tuition and fees charged to a veteran or person who qualifies for the out-of-state fee waiver under this section may not exceed the tuition and fees charged to a resident student enrolled in the same program. Information on requirements and deadlines for the Out-of-State Waiver is found at <https://www.usf.edu/student-affairs/veterans/admissions/outofstatefeewaiver.aspx>. For more information regarding residency for tuition purposes and residency tuition waiver exceptions visit: <https://www.usf.edu/admissions/other/residency/> or email residency@usf.edu.

Tuition Deferment

The tuition deferment program for Veterans is set up through USF and the VA. Due to VA payments being delayed at times, a tuition deferment gives the student and the VA an extra 90 days past the start of the semester to pay for a student's tuition and fees. See Veterans Benefits and Transition Act of 2018, Section 103 PL 115-407.

Social Security Benefits

Inquiries related to Social Security benefits should be directed to the student's local Social Security Office. The Office of the Registrar (<https://www.usf.edu/registrar/>) will complete enrollment certificates after the Add/Drop period for the applicable academic term issued by the Social Security Administration for students eligible to receive educational benefits, as long as the student is a full-time undergraduate.

A full-time undergraduate load for Social Security benefits is twelve (12) credits per semester; a full-time graduate load is nine (9) credits.

School Costs and Fees

Registration fees are assessed in accordance with University Board of Trustees rules, per USF Regulation 4.0102.

Tuition and fees are based on a number of factors, including undergraduate or graduate status, residency and the type of housing chosen. However, even if you live out of state, our costs often competitive with the in-state rates at your local university.

STUDENT TUITION AND FEES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

USF's Cost of Attendance can be found on the Financial Aid website <https://www.usf.edu/financial-aid/cost-of-attendance/>.

- Students Living On-Campus
- Students Living Off-Campus with Parents
- Students Living Off-Campus Not with Parents

Fees

The levels of the Activity and Service Fee, the Health Fee, and the Athletic fee are determined on each campus by a student fee committee appointed by the President of the University and the Student Government President. The committee includes USF faculty and students with the majority of the committee being students. The fees may be reviewed on a yearly basis.

Registration fees are assessed in accordance with University Board of Trustees rules. All fees are subject to change without prior notice. The University will make every effort to advertise any such changes if they occur.

1. Admissions Application Fee – (Each application - not refundable) \$30.00
2. Non-Degree Application Fee – (Each application - not refundable) \$30.00
3. Tuition

Schedule/Fee Statements are not mailed. Tuition is due by the fifth day of each term. Students may view and/or pay their current term fees online by accessing the "Tuition, Fees & Payments" option in OASIS - <https://webauth.usf.edu>.

The student is responsible for paying fees in full by the appropriate due date as stated at <https://www.usf.edu/business-finance/controller/student-services/deadline-dates.aspx>. Failure to do so may result in cancellation of the student's registration. Checks are payable to USF.

To avoid a \$100.00 late payment fee, all tuition fees must be paid by the fifth day of the term. The University cannot be responsible for lost or misdirected U.S. Mail. A student whose registration has been cancelled may request registration reinstatement through the fourth week of class for the academic term.

Note: All students who successfully petition for reinstatement from financial cancellation due to non-payment will be assessed a \$100 late registration fee along with a \$100 late payment fee. Upon approval for reinstatement, all fees and other debts owed to the University must be paid in full by cash, money order, check or credit card before reinstatement will be affected.

Current fees are posted on the OASIS website.

1. **Students who *only* register for a co-op assignment** must pay a minimum of one (1) hour at the level of the co-op assignment.
2. **Tuition Fee Payment** - Access the "Tuition Fees and Payments" option in OASIS at <https://webauth.usf.edu>.
3. **Late Registration Fee**
 - All degree seeking students who initiate (i.e., those students who have not enrolled for any courses during early or regular registration) their registration during the late registration period will be automatically assessed a \$100.00 late registration fee.
 - All non-degree seeking students who have not registered for any courses by the end of the first week of classes will be automatically assessed a \$100.00 late registration fee.
 - All students who successfully petition for late registration into a course or for reinstatement from financial cancellation due to non-payment will be automatically assessed a \$100.00 late registration fee.

Payment of Accounts Due to the University

Charges against students for loss or breakage of University equipment, books, fines and other charges are due immediately. Delinquent accounts may be considered sufficient cause for cancellation of registration. University regulations prohibit registration and the release of transcripts and diplomas for any student whose account with the University is delinquent. Delinquent accounts may be turned over to a collection agency

STUDENT TUITION AND FEES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

and all collection fees including legal fees will be added to the student account balance. Financial aid from a succeeding academic year cannot be used to repay prior academic year debts.

Payments should be made by the appropriate deadline and can be:

- Dropped in the applicable campus drop-box (checks and money orders only)
- Mailed to the University of South Florida, P.O. Box 864571, Orlando, FL 32886-4571
- Made online by accessing OASIS

Payment Procedures

Payment must be received no later than the fee payment deadlines as specified on the Important Dates & Deadlines page - <https://www.usf.edu/registrar/calendars/>.

The primary form of payment of most account holders is on-line through OASIS via the myUSF portal. Students can pay using an eCheck or a credit card in this system. Payments cannot be transacted by telephone.

Acceptable Forms of Payment

USF accepts online credit/debit cards or eCheck in your OASIS account, via postal mail by check or money order, or by cash or money order in the drop-box located on the applicable campus. For complete details, please visit the University Controller's Office at <https://www.usf.edu/business-finance/controller/student-services/cashiers/index.aspx>.

If your bill is to be paid by an outside agency (government sponsor or other third-party sponsor), your scholarship agency should notify the University in advance by letter stating the amount and length of time of the award and whom to bill for tuition. Keep the original copy in case the immigration officer at the port-of-entry or the University Student Financial Services requests it.

- eCheck (recommended) – check payments can be made in OASIS by entering the routing and account number from your checking account paper checks.
 - Benefits: There is no additional cost to pay using this method and payments post immediately.
- Credit Card – MasterCard, American Express, and Discover credit card payments can be made in OASIS. A 2.5% convenience fee will be charged.
- Mailed Check/Money Order – Checks and money orders (with student ID included) can be mailed to the address below. Please allow sufficient time for the checks to be received before the due date:

University of South Florida
P.O. Box 864571
Orlando, FL 32886-4571

If you have questions regarding charges or payments on your student account or questions about your 1098-T (<https://www.usf.edu/business-finance/controller/student-services/accountsreceivable/1098t.aspx>) **please call 813-974-6056 or email SFSHELP@USF.EDU . You can also visit SVC 1039 on the Tampa campus.**

- For questions about your FAFSA or financial aid awards, please contact the Office of Financial Aid (<https://www.usf.edu/financial-aid/questions/>).

Other Forms of Payment

Tuition and fees may be partially or completely paid by Financial Aid, Florida Prepaid, tuition waivers, or departmental grants. The student is responsible to pay any amount that is not covered by these types of payments by the applicable due date.

Financial Aid

For details on how financial aid works at USF, visit <https://www.usf.edu/financial-aid/index.aspx>, as well as the Student Financial Information section of this catalog.

Florida Prepaid College Plan

The University of South Florida downloads a file from Florida Prepaid and automatically bills for all Florida Prepaid College students with tuition plans that are enrolled for Fall, Spring and/or Summer terms. Dorm plans are billed for students with dorm charges for Fall and Spring terms only. Payment is limited to the maximum amount allowed of the student's available prepaid plan balance. For more information on using Florida Prepaid at USF, visit <https://www.usf.edu/business-finance/controller/student-services/student-accounting/florida-prepaid.aspx>.

For questions concerning USF procedures or student account, contact the customer service department:

Email: SFShelp@usf.edu

Phone: (813) 974-6056

Florida Bright Futures

The Florida Bright Futures Scholarship Program

(<https://www.floridastudentfinancialaidsg.org/SAPBFMAIN/SAPBFMAIN>) rewards students for their academic achievements during high school by providing funding for them to pursue post-secondary educational and career goals in Florida.

For more information on this program, including details on how to receive funding at USF, visit:

<https://www.usf.edu/financial-aid/brightfutures/index.aspx>.

Tuition Waivers

USF may waive tuition and fees as follows:

- Any dependent child of a special risk member killed in the line of duty, per Sections 112.19 and 112.191, Florida Statutes.
- Certain members of active Florida National Guard are entitled to a waiver of tuition and fees pursuant to Section 250.10, Florida Statutes.
- A student enrolled through the Florida Linkage Institutes Program is entitled to a waiver of the non-resident tuition and fees pursuant to Section 288.8175(6), Florida Statutes.
- Intern supervisors for institutions within the State University System may be given one non-transferable certificate (fee waiver) for each full academic term during which the person serves as an intern supervisor, pursuant to 1009.26, Florida Statutes.
- Persons 60 years of age or older who are Florida residents, as provided by Chapter 1009.26, Florida Statutes.
- A student who is or was at the time he or she reached 18 years of age in the custody of the Department of Children and Families or who, after spending at least 6 months in the custody of the department after reaching 16 years of age, was placed in a guardianship by the court. Or a student who is or was at the time he or she reached 18 years of age in the custody of a relative or nonrelative under s. 39.5085 or who was adopted from the Department of Children and Families after May 5, 1997, pursuant to Chapter 1009.25, Florida Statutes.
- Purple Heart recipients pursuant to Chapter 1009.26, Florida Statutes.
- Non-Florida resident fee for qualified students including the Deferred Action for Childhood Arrivals (DACA), as provided by Chapter 1009.26, Florida Statutes.
- Non-Florida resident fee for a veteran; C.W. "Bill" Young Veteran Tuition Waiver, as provided in Chapter 1009.26, Florida Statutes.

Waivers can be brought in person to Tampa Campus SVC 1039 or mailed to:

UCO-Student Accounting

4202 E. Fowler Ave ALN 147

Tampa, FL 33620

STUDENT TUITION AND FEES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The non-Florida student financial aid fee may not be waived for students receiving an out-of-state tuition and fee waiver.

Special Populations Waiver

Out of State Waiver Eligibility Process: Bill HB 851-Postsecondary Education Tuition and Fees (<https://www.usf.edu/registrar/services/forms.aspx>) allows students, including but not limited to undocumented students who meet certain guidelines, to receive waivers to attend college at Florida resident (in-state) tuition rates. These non-resident students, who do not have sufficient ties to Florida as set forth under Florida School Code (SB-20E) section 1009.21, Florida Statutes, may qualify for an out-of-state tuition waiver.

Child Protection & Welfare Tuition Exemption: Section 402.403, Florida Statutes, established the Child Protection and Child Welfare Personnel Tuition Exemption Program for the purpose of recruiting and retaining high-performing individuals who are employed as child protection and child welfare personnel. For those personnel who meet the requirements of the program up to six credit hours of courses per term are exempt from the payment of tuition and fees at an institution in the State University System of Florida.

Homeless Fee Exemption

Florida Statute 1009.25(f)

http://www.leg.state.fl.us/statutes/index.cfm?App_mode=Display_Statute&URL=1000-1099/1009/Sections/1009.25.html

A student who is homeless may be exempt from paying tuition and fees. The statute defines a homeless student as one who "lacks a fixed, regular, and adequate nighttime residence or whose primary nighttime residence is a public or private shelter designed to provide temporary residence for individuals intended to be institutionalized, or a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings."

If you think you may be eligible for the homeless exemption, you should speak with your Case Manager or Homeless Liaison Officer from the shelter or with a case manager from USF Student Outreach and Support (<https://www.usf.edu/student-affairs/student-outreach-support/>). Student Outreach and Support can be reached at (813) 974-6130.

Senior Citizen Tuition Fee Waiver

Florida residents who are 60 years of age or older as of registration day, and have lived in Florida for the last 12 consecutive months, may enroll on a space available basis in certain undergraduate and graduate courses without paying fees. For more information, visit <https://www.usf.edu/registrar/services/non-degree-admission/senior-citizen-audit.aspx>. A parking permit, purchased from Parking Services (<https://www.usf.edu/administrative-services/parking/>), is required.

The Senior Citizen Tuition Waiver covers a maximum of 12 credit hours per term and is applicable only if the student registers for these courses on the designated registration day. Due to the non-degree seeking status, academic credit is not awarded, examinations are not required, and grades are not assigned. The student's status for that class is an audit, and his/her presence in the classroom is as a listener. For more information see, <https://usf.app.box.com/v/usfpolicy10-006> (page 5-6).

Senior Citizen registration requests are processed on the sixth day of the term. Students need not be present in order to register; the application and registration worksheet may be submitted by mail, fax, or email. Forms submitted after the registration deadline will not be processed.

Many courses require departmental approval, prerequisites, or have other restrictions which may limit registration. You must acquire the necessary permits in advance of registration on a Senior Citizen Audit Registration Worksheet: <https://www.usf.edu/registrar/services/non-degree-admission/senior-citizen-audit.aspx>.

Additionally, the permits must be submitted electronically in OASIS by the issuing department ahead of registration.

STUDENT TUITION AND FEES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Students may not pre-register for courses in which they plan to use the Senior Citizen Tuition Fee Waiver. The waiver will not be processed if a senior citizen pre-registers and then submits a Senior Citizen Tuition Waiver application for those courses (<https://www.usf.edu/registrar/documents/forms/senior-citizen-tuition-waiver.pdf>).

It is the student's responsibility to complete and submit the waiver application, allowing sufficient time for the application to reach the Office of the Registrar by the registration deadline.

Third Party Billings

Third party billing is a service offered to outside agencies and companies requesting to be invoiced for a student's tuition and fees. A third party cannot be an individual (i.e. a student's parent). If you are a student and are expecting an outside agency to pay for your tuition and fees, the Student Accounting Office must be provided with an authorization to bill that agency.

An authorization is a written statement, preferably on agency letterhead, giving the University permission to bill that agency. An authorization should contain the following information:

- Billing Address
- Contact person (name, phone number, e-mail)
- Student's full name and U ID number
- Specific semesters that will be paid
- Specific charges that will be paid

Examples of authorizations include: Vocational Rehabilitation authorizations, financial letters of guarantee, tuition assistance forms, letters of credit, and vouchers.

- If your agency does not have a standard letter of authorization, please use the Third Party Billing Agreement Form - https://www.usf.edu/business-finance/controller/documents/student-services/tpb_agreement_form.pdf
- For information on a student's third party responsibilities - https://www.usf.edu/business-finance/controller/documents/student-services/tpb_student.pdf

QUESTIONS? Email questions related to third party billing to ThirdParty@usf.edu.

State Employee Six-Hours-Free Course Benefit

Admitted USF degree-seeking or non-degree seeking students who are employed by the State of Florida may apply to waive tuition up to a maximum of 6 credit hours (excluding selected directed individual study or research, internship practicum, music & theatre performance, Cooperative education, PACE, lifelong learning, continuing education and correspondence courses).

State employees must also acquire all necessary employer approvals on the state employee *Tuition Waiver Request* form. For more information, visit <https://www.usf.edu/business-finance/controller/student-services/student-accounting/waivers-state.aspx>

State employees, like all other USF students, register via OASIS but only on or after 5 p.m. two business days before the first day of classes each term. For example, state employee students register after 5 p.m. on Thursday preceding the first day of a term when classes begin on a Monday. Any state employee who registers at any time before the approved this registration start- time and day forfeits eligibility to use the State Employee Tuition Waiver and will be held fully liable for all USF tuition and fees.

Tuition Waiver Request forms must be completed and returned to the USF Student Accounting Office by the fourth day of class to avoid the \$100 Late Payment Fee and potential class cancellation. State of Florida employees, who are not employed by the Florida State University System, will earn taxable income equal to the value of tuition waived for both undergraduate and graduate level courses. Since the value of tuition waived is taxable, it is subject to Federal Income Tax, Social Security and Medicare taxes (FICA), and reported to the Department of Financial Services, Bureau of State Payrolls; each term by the appropriate Division of Human Resources sees that all appropriate taxes are withheld.

STUDENT TUITION AND FEES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Since tuition rates for Florida residents are lower than rates for non-residents, it is important for all state employees utilizing *Tuition Waiver Request* forms to verify their residency status is correct.

Direct Deposit

1. Tuition is due at the end of the fifth day of classes each term.
2. Financial aid is paid on the sixth day of classes after enrollment is confirmed.
3. If students do not have a tuition deferment or have not paid their bill by the end of the fifth day of classes, their enrollment will be cancelled.
4. Any excess balance remaining will either be e-deposited to your personal bank account, (Log into OASIS to sign up for E-Deposit) or the Student Financial Services will mail a check to the address listed for the student in OASIS.

Refund of Tuition/Fees Payment Release of Tuition/Fees Liability

For the most current information on student refunds including how to request a refund and how much can be refunded, please refer to this site: <https://www.usf.edu/business-finance/controller/student-services/student-accounting/student-refunds.aspx>.

Fee Adjustment Request After Fifth Day of the Term

One-hundred percent (100%) of tuition and fees may be refunded if, within six (6) months of the end of the term to which the refund is applicable, a student who has withdrawn from a course completes and files with the Office of the Registrar a *Fee Adjustment Request Form*

https://www.usf.edu/registrar/fee_adjustment.aspx citing circumstances outside of the student's control which are confirmed and approved by the Fee Adjustment Committee. Circumstances to be considered within this six-month period include:

1. Illness of a student of such severity or duration, as confirmed in writing by a physician, to preclude completion of the course(s),
2. Death of the student or death in the immediate family (parent, spouse, child or sibling),
3. Active military duty,
4. University error, or
5. Other documented exceptional circumstances beyond the control of the student which precluded completion of the course(s) accompanied by letter of explanation.

Special requests for an extension of the six (6) month deadline must include specific facts indicating special circumstances which (i) were beyond the control of the student (ii) clearly impaired the student's physical or mental ability to correct their academic/financial record at the University and (iii) are supported by written explanation and verifiable documentation.

Pursuant to Public Law 102-325, the Higher Education Amendments of 1992, students attending the University for the first time who withdraw are entitled to a pro rata refund of tuition, fees, room and board.

A student who receives financial aid and subsequently changes the enrollment status which results in a refund in accordance with this section, will have the appropriate share of the refund returned to the University's financial aid programs in accordance with the Financial Aid Policy on Refunds and Repayments.

The University of South Florida will approve a waiver of the Late Payment fee if the student is unable to make payment on time due to circumstances determined by the University to be exceptional and beyond the control of the student. A *Late Payment Fee Waiver Request Form* (<https://www.usf.edu/financial-aid/know-this/withdraw.aspx>) may be completed and submitted to the Student Financial Services, SVC 1039.

Past Due Accounts

The University will cancel the registration of a student whose registration fees have not been paid in full by the deadline as indicated on the Office of the Registrar's Important Dates & Deadlines webpage (<https://www.usf.edu/registrar/calendars/index.aspx>). This means, specifically, that a student will receive no credit for any courses taken during that term. This includes students that registered for Alternative Calendar courses using OASIS and courses that start prior to the first week of classes.

STUDENT TUITION AND FEES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

If the student is only taking Alternative Calendar courses that were not registered using OASIS and have a start date after the first week of classes, register after the first week of classes or have an authorized deferred payment of fees, their registration may not be cancelled.

Late Fees

Late Payment Fees apply to students who do not pay their fees or obtain a full fee deferment by the payment deadline. The Late Payment Fee is \$100 per term.

Late Registration Fees are charged to students who enroll following the close of the regular registration period for the term, who re-register, or who enroll for the first time during Late Registration and Drop/Add period. The Late Registration Fee is \$100.00 per term.

Both a Late Payment Fee and a Late Registration Fee are charged to students who are dropped for non-payment.

Summer term is divided into sessions, and the late fee is charged per session.

Waiver of Late Fees

USF will approve a waiver of the Late Payment fee if the student is unable to make payment on time due to circumstances determined by the University to be exceptional and beyond the control of the student.

Requests for a waiver must meet one of the conditions listed below to be considered:

- University error which precludes timely payment of registration fees. A supporting email from an appropriate USF official's USF email or letter on University letterhead and signed by an appropriate University official or an appropriate official University document must be included with your petition.
- Extraordinary circumstances such as severe illness, death of an immediate family member (parent, step-parent, spouse, child, sibling or grandparent), or call to active duty that precludes timely payment of registration fees. Appropriate documentation (note from physician, copy of military orders, etc.) must be included with your petition.

If you have any questions, contact the Student Financial Services at 813-974-6056.

Return the completed and signed petition form (https://www.usf.edu/business-finance/controller/documents/student-services/late_pay_waiver.pdf) and all relevant documentation to SVC 1039. You can also email your packet to sfscommittee@usf.edu or send via mail:

Student Financial Services
University of South Florida
4202 E. Fowler Ave, ALN 147
Tampa, FL 33620

Auditing Privileges and Fees

Only an admitted student may register to audit a course; as an auditor, the student is not allowed to take exams, earn grades, or receive credit. The student's status for that class is an audit. The student's presence in the classroom is as a listener, which means an instructor may limit auditing student's participation in class, including class projects and other interactive, graded or ungraded activities. For more information see, <https://usf.app.box.com/v/usfpolicy10-006>.

Audit status may only be obtained at the Office of the Registrar and only during the first five days of the term by filing a *Course Audit Form* (http://www.registrar.usf.edu/forms/Course%20Audit%20Form22010-11-03_16_27_53.pdf). A date-stamped permit from the college/department where the course is being offered must accompany a *Course Audit Form* to the Office of the Registrar. In-state fees are assessed for all audited courses.

Excess Hours Surcharge

BOG Regulation 7.003 (21)

<https://www.flbog.edu/wp-content/uploads/Amended-Regulation-7.003.pdf>

USF Regulation 4.0107

<https://usf.app.box.com/v/usfregulation40107> (see item 6)

STUDENT TUITION AND FEES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The Excess Credit Hour Surcharge is a state mandated fee that requires universities to add a surcharge to each credit hour that is more than 120% of hours needed for completion of your degree or 144 hours for 120 credit hour degree programs for First Time in College Students beginning in Fall 2019 or after. An Excess Hour Fee shall be assessed to designated undergraduate students pursuant to the provisions of BOG Regulation 7.003(21).

Effective Fall 2019, USF will calculate an excess hour threshold for each student based on the number of credit hours required for the degree. For any student who changes degree programs, the excess hour threshold must be adjusted only if the number of credit hours required to complete the new degree program exceeds that of the original degree program.

The surcharge is assessed only on the tuition portion of the semester hour cost, not on the fees. The number of total program hours required for the baccalaureate degree will be identified by the student's declared major. This is typically 120 semester hours, although, some programs have been approved to require more than 120 semester hours.

For further information, visit <https://www.usf.edu/registrar/services/excess-hours/index.aspx>.

No institution may waive the excess hours surcharge; the language of the statute is mandatory.

Repeat Course Surcharges

Section 1009.285 of Florida Statutes

http://www.leg.state.fl.us/statutes/index.cfm?App_mode=Display_Statute&URL=1000-1099/1009/Sections/1009.285.html

A student enrolled in the same undergraduate college-credit course more than twice shall pay tuition at 100 percent of the full cost of instruction and shall not be included in calculations of full-time equivalent enrollments for state funding purposes. However, students who withdraw or fail a class due to extenuating circumstances may be granted an exception only once for each class, provided that approval is granted according to policy established by the Florida College System institution board of trustees or the university board of trustees. Each Florida College System institution and state university may review and reduce fees paid by students due to continued enrollment in a college-credit class on an individual basis contingent upon the student's financial hardship. For purposes of this section, first-time enrollment in a class shall mean enrollment in a class beginning fall semester 1997, and calculations of the full cost of instruction shall be based on the system wide average of the prior year's cost of undergraduate programs for the Florida College System institutions and the state universities. Boards of trustees may make exceptions to this section for individualized study, elective coursework, courses that are repeated as a requirement of a major, and courses that are intended as continuing over multiple semesters, excluding the repeat of coursework more than two times to increase grade point average or meet minimum course grade requirements.

The University may grant exceptions to this rule based on extenuating circumstances and financial hardship. However, the University may only approve one appeal per course. The exceptions included in the Statute are extenuating circumstances and financial hardship and are defined as follows:

Extenuating circumstances are those circumstances determined by the University to be exceptional and beyond the control of the student and may include but not be limited to serious illness, death of an immediate family member (parent, step-parents, spouse, child, sibling, or grandparents), orders for active duty; or University error. In all cases, supporting documentation must be submitted with the request for a waiver of this surcharge.

The criteria used by the universities for determining financial hardship should include, but not be limited to, qualification for federal need-based financial aid. Students with other documented financial hardships may also be considered.

For consideration, the student must fill out a *Repeat Course Surcharge Waiver* and provide supporting documentation. Visit https://www.usf.edu/registrar/fee_adjustment.aspx for more information.

STUDENT REGISTRATION AND RECORDS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Office of the Registrar

(813) 974-2000
asktheregistrar@usf.edu
<https://www.usf.edu/registrar/>

Tampa campus
4202 E. Fowler Avenue
Student Services Building - SVC 1034
Tampa, FL 33620

St. Petersburg campus
140 7th Avenue South, Bayboro Hall 102
St. Petersburg, FL 33701

Sarasota-Manatee campus
8350 N. Tamiami Trail, C107
Manatee, FL 34243

The Office of the Registrar provides student, academic, and administrative services, and is responsible for maintaining each student's academic record from the time of admission through graduation. Staff coordinate registration and drop/add activities, process grades, prepare transcripts, and process graduation applications. Staff also review and act on student requests for reclassification of residency, name changes and other student record information updates.

The Office of the Registrar provides information and services to students in the University's Online Access Student Information System (OASIS). Using their Net ID and password, students can register and drop/add courses, process address changes, access registration appointment time and hold information, view their grades and order transcripts and proof of enrollment.

The Office of the Registrar maintains the official academic records for all students and course registrations for currently enrolled students.

Registration for Admitted Degree-Seeking Students

Continuing degree-seeking students may register via OASIS on or after their registration appointment date and time for their next term's courses. Registration occurs during the preceding term. More information is available at <https://www.usf.edu/registrar/register/index.aspx>.

Registered students may make course schedule adjustments from the time of their initial registration through the first five days of the term. Deadlines for each term are published at:

<https://www.usf.edu/registrar/calendars/index.aspx>.

Degree-seeking students not registered prior to the first day of classes may register late during the drop/add week (first week of classes); a \$100.00 late registration fee is charged for not having initiated registration on time. To avoid financial cancellation, fees are due for all registered courses of record on the fifth day of classes (end of drop/add period).

Administrative Holds

A student may be placed on administrative hold by failure to meet obligations to the University. Students with administrative holds may not be allowed to register, receive a diploma, or receive an official transcript. Settlement of financial accounts must be made at the University Controller's Office. Each student placed on administrative hold may determine via OASIS which office to contact in order to clear the obligation. For a current list of common administrative holds and information on how to address them, see <https://www.usf.edu/registrar/services/holds.aspx>.

Late Registration

USF Regulation 4.0101 <https://usf.app.box.com/v/usfregulation40101>

All eligible students* attempting to register for the first time after active registration ends must obtain approval from the authorized college/department Academic Regulations Committee.

* An eligible student must be:

STUDENT REGISTRATION AND RECORDS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

1. A continuing USF student,
2. A new student admitted late, or
3. A late readmitted former student returning after three or more semesters.

Late Registration Fee

All degree-seeking students who wait to initiate or attempt registration for the first time during the Late Registration (drop/add period) will be automatically assessed a \$100.00 late registration fee.

All Non-Degree students who have not registered for any courses by the end of Late Registration (drop/add period) will automatically be assessed a \$100.00 late registration fee.

Any students who successfully petition for late registration or reinstatement following financial cancellation will be automatically assessed a \$100.00 late registration fee.

Requests to waive the \$100 late registration fee must be submitted to the Office of the Registrar using the Late Registration Fee Waiver Request form (https://www.usf.edu/registrar/documents/forms_2019/late_registration_waiver_request_form_2019.pdf).

Adds

After a student has completed registration on the date assigned, the student may continue to add more courses until the fifth day of the term, otherwise known as the end of drop/add period outlined in the Office of the Registrar's Important Dates and Deadlines.

For undergraduate students wishing to add a course after the drop/add period, they must use the Academic Regulations Committee (ARC) petition process. ARC petitions are reviewed by college committees. Contact and submit relevant documentation to the ARC representative in the college of your declared major. It is the student's responsibility to obtain, complete and submit all documentation required by this process. Incomplete petitions will not be considered.

The process and forms are available on the ARC website (<https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/index.aspx>). The forms below are required:

- *ARC Petition Form* (<https://www.usf.edu/undergrad/documents/usf-arc-petition-form.pdf>)
- *Instructor's Documentation Form* (<https://www.usf.edu/undergrad/documents/usf-arc-instructors-documentation-form.pdf>)

Drops

A student may drop courses during the drop/add period. Students with holds preventing registration may contact AskTheRegistrar@usf.edu to request a drop or withdraw. Courses dropped during the drop/add period do not appear on the student's transcript, and no tuition or fees will be assessed. Refer to the **Important Dates and Deadlines** calendar for the drop/add period of a particular term. Students are required to attend the first-class meeting of courses for which they registered. Faculty are required to drop any students who do not attend the first day of class. However, it remains the student's sole responsibility to ensure they drop to avoid fee liability. A faculty member's failure to exercise the right to drop a student for failing to attend the first day is not a university error and is not justification for a refund.

Withdrawals

After the drop/add period, a student may withdraw from courses between the second and tenth week of the semester; these weeks are different for courses in Summer session and alternative calendars. See the Office of the Registrar's Important Dates and Deadlines calendar.

Tuition and fees will not be refunded for course withdrawals, and the student's academic record will reflect a "W" grade for each course withdrawal. Under specific conditions, consideration for refund of tuition and fees for course withdrawals may be requested by submitting a *Fee Adjustment Request* form (<https://www.usf.edu/registrar/documents/forms/uro-far.pdf>) accompanied by supporting documentation to the Office of the Registrar. Per Florida Board of Governor Regulation 7.002, "A written appeal for a refund or other appeal action must be submitted to the University within six (6) months of the close of the semester to

STUDENT REGISTRATION AND RECORDS

which the refund or other appeal action is applicable." Students who withdraw may not continue to attend class.

All undergraduate students will be limited to a total of five course withdrawals while enrolled as a degree-seeking or a Non-Degree student. The five course withdrawals will be limited to three course withdrawals for students with less than 60 semester credit hours, and two course withdrawals for students with more than or equal to 60 semester credit hours. Only in extenuating circumstances will approval be granted for more than five course withdrawals. Appeals for additional course withdrawals due to extenuating circumstances must be submitted to the Academic Regulations Committee in the college of the student's academic major.

Students should be mindful of the Excess Hour Surcharge Policy when requesting late adds or late withdrawals. See <https://usf.app.box.com/v/usfregulation40102>.

All undergraduate students enrolled in graduate-level courses will be limited to a total of two course withdrawals while enrolled as a degree-seeking or Non-Degree student taking graduate courses at USF. Only in extenuating circumstances will approval be granted for more than two course withdrawals. To withdraw from a graduate course after the drop period, submit an *ARC Petition* (<http://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/>) to the College of your major.

Individual Class Withdrawal

A student who withdraws may receive a grade of "W" up until the posted deadline to withdraw without academic penalty for each term. See the Office of the Registrar's Important Dates and Deadlines calendar for specific dates.

Beginning the sixth day of classes each semester, individual course withdrawals are enacted by self-service via Student OASIS after the end of the drop/add period. Students with holds preventing registration may contact AskTheRegistrar@usf.edu to request a drop or withdraw.

The decision about whether or not to drop a class is an academic issue; however, it is **your responsibility** to understand the financial implications of this decision. Dropping classes **may** jeopardize future student aid eligibility, including scholarships & student loans. For more information, visit <https://www.usf.edu/financial-aid/know-this/drop-credits.aspx>.

Courses from which a student successfully withdraws will reflect a "W" grade on the student's academic transcript.

Withdrawals for Active-Duty Military

Any student enrolled in a college credit course shall not incur academic or financial penalties by virtue of performing military service on behalf of our country. Except in cases where the student and faculty member agree that completion is imminent and possible, the university encourages withdrawal and possible eligible refund without academic penalty when a student is performing military service. If the course is no longer offered when the student seeks to resume study, an equivalent course may be selected. If the student chooses to withdraw, the student's record shall reflect that the withdrawal is due to active military service.

The provisions of this section shall apply to:

1. Students who are currently on active duty with any unit of the United States Armed Forces who receive orders that require reassignment to a different duty station or absence from class for an extended period of time during the term in which they are enrolled; and
2. Students who are members of a National Guard, Air National Guard, or other military reserve unit who receive orders calling them to active duty for operational or training purposes during the term in which they are enrolled, excluding any regularly scheduled weekend and annual training duty; and
3. Students who are veterans of the United States Armed Forces and who are recalled to active duty during the term in which they are enrolled; and
4. Students who enlist in any branch of the United States Armed Forces and whose induction date falls within the term in which they are enrolled.

STUDENT REGISTRATION AND RECORDS

Contact the Office of Veteran Success (<https://www.usf.edu/student-affairs/veterans/>) for assistance at ALN 130 or (813) 974-2291.

Appeal for Retroactive Withdrawal

USF Policy 10-006 Registration Changes Including Course Change, Cancelations, Withdrawals, and Auditing

<https://usf.app.box.com/v/usfpolicy10-006>

A student who has an unexpected life event or other extenuating circumstances during a term may request an exception to USF's dates and deadlines. A retroactive withdrawal may be requested whenever there are circumstances beyond the student's control, which make it impossible to complete a course. To initiate the appeal process, the student must submit a Petition to the Academic Regulations Committee.

The Academic Regulations Committee (ARC) Petition process occurs at the college level. Students engaging in this process should contact and submit the relevant documentation to the ARC representative in the college of their declared major. It is the student's responsibility to obtain, complete and submit all required documentation required; incomplete petitions will not be considered.

Students should be mindful of the Excess Hour Surcharge Policy (<https://usf.app.box.com/v/usfregulation40102>) when requesting late adds or late withdrawals.

Petitions may be approved if the ARC determines that you experienced extenuating circumstances beyond your control of such severity that the physical or mental ability to drop by the drop deadline was impaired. Such circumstances need to be supported by independent, objective and verifiable documentation. Per Florida Board of Governor Regulation 7.002, "A written appeal for a refund or other appeal action must be submitted to the University within six (6) months of the close of the semester to which the refund or other appeal action is applicable.

All submitted documentation is subject to verification. Submission of false, forged or fraudulent information will result in a referral to the Office of Student Rights and Responsibilities.

When possible, the student is responsible for ensuring that all applicable courses are dropped or withdrawn from before beginning this process. See Undergraduate Studies' Guide to the Petition Process: <https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/>.

1. Students requesting withdrawals for medical reasons do not typically need to include instructor documentation, but you should be prepared to obtain these forms if requested by your college's ARC. Instructor's Documentation Form is here: <https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/forms.aspx>. If requested, for *all* courses included in your petition, complete Parts 1 and 2 of the Instructor's Documentation form with your information, and have the course instructor fill out Part 3, sign the form and return it to you to upload into Archivum. If the instructor has left the University, the student make seek assistance from the applicable Department Chairperson.
2. If you are petitioning for a Late Withdrawal, Total Withdrawal or Withdrawal Limit Exception for medical reasons, complete Part 1 of the *Medical Documentation Form* (PDF) at <https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/forms.aspx>, and have Part 2 completed by your physician. The *Medical Documentation Form* should be uploaded into Archivum. If filing a paper ARC Petition, the *Medical Documentation Form* should be in a sealed envelope from the physician's office (see instructions on form).
3. All petition requests should be accompanied by a personal statement detailing the nature of your request, and a clear statement of why you feel that you should be granted the requested exception. This statement should include what happened and when it happened, with relevant dates included. You should also include any supporting documentation that can substantiate the claims made in your personal statement.
 - If you are petitioning to withdraw from select courses in a semester, yet keep other courses, you will need to explicitly address why your situation impacted only those courses to be dropped and not the others.
 - If you stop attending class and have no documentation addressing what prevented a timely withdrawal from the class, your petition will be denied.

STUDENT REGISTRATION AND RECORDS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

4. Ensure that all entries in Archivum (or all forms if filing on paper) are filled out completely with all the relevant information for your petition type, and that all the proper signatures are obtained. Submit original copies of all the completed forms, your personal statement, and any supporting documentation to the ARC representative in the college of your major (see listing of ARC representatives on the ARC Petition form). Retain copies for your own records.
5. Decisions regarding ARC petitions can be expected within two weeks of submission, if the ARC package is complete.
6. Approved petitions for medical withdrawals will result in a "WC" grade for all applicable courses; "WC" grades denote withdrawals for extenuating circumstances. ARC decisions do not affect fee liability. Students must complete a Fee Adjustment Request through the Office of the Registrar to address fee liability.
7. ARC petition decisions by the College ARC may be appealed to the next level in the college. Final appeals to the college decision can be made to the Office of Undergraduate Studies (<https://www.usf.edu/undergrad/>) in SVC 2002, (813) 974-4051.

Student Records/Transcripts

Student Records

USF Regulation 2.0021

<https://usf.app.box.com/v/usfregulation20021>

The policies and procedures outlined in this Regulation are designed to implement the provisions of the Family Educational Rights and Privacy Act ("FERPA," 20 U. S. C. s.1232g) and Sections 1002.225 and 1006.52, Florida Statutes pursuant to which the University of South Florida is obligated to inform students of their rights to review and inspect education records, to challenge and seek to amend education records, to control disclosure of education records, and to contact the Student Privacy Policy Office of the U.S. Department of Education for concerns regarding alleged violations of FERPA or to the appropriate court for violations of privacy if applicable. USF has placed the responsibility for administration of this regulation with the University Registrar.

The student's USF education record shall not be changed after the student has graduated.

Student Privacy Rights

In the interest of openness and building trust with our students, USF affords students the right to limit data usage and sharing of their information, without having to request non-disclosure of directory information under the Family Education Rights and Privacy Act (FERPA). Pursuant to the requirements of FERPA, the following types of information designated by law as "directory information" can be released, if the student has not requested privacy or non-disclosure:

- The student's name.
- The student's major field of study
- The student's participation in officially recognized activities and sports.
- The weight and height of members of athletic teams
- The student's dates of attendance, part-time or full-time status, and degrees and awards received.
- The student's photographic image independent of any additional personal identifiers

All other student data is protected. For more information, see <https://usf.app.box.com/v/usfregulation20021>.

Students may update their privacy setting in Archivum to limit the sharing of additional information, such as:

1. Include their information and other designated elements in the online student directory.
2. Release directory information about themselves to any third party.

Such updates must be made no later than the end of the second week of classes of the academic term or the student will be deemed to have waived his/her right of refusal until the next academic term. More information on Student Privacy Rights is available at <https://www.usf.edu/registrar/services/privacy.aspx>.

Student Information Changes

STUDENT REGISTRATION AND RECORDS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Notifications regarding changes to legal name, residency, and citizenship should be filed promptly using the appropriate form(s) accompanied by verifiable supporting legal documentation with the Office of the Registrar (<https://www.usf.edu/registrar/>). Change of local, permanent, and emergency contact addresses; preferred name; and other information affecting the student's permanent academic record may be completed by selecting the appropriate form at <https://www.usf.edu/registrar/services/forms.aspx>.

Preferred Name/Chosen Name

Everyone has a name they prefer to be called, sometimes it's their legal name, but often times it's not. With Policy 11-009, USF is working to ensure that we honor students' chosen, or preferred names, where we are able. For more information on where a preferred name will display as well as how to request a name change, please visit: <https://www.usf.edu/registrar/services/preferred-name.aspx>

Transcript Request

Transcripts may be released only by authorization of the student. For ordering options visit: <https://www.usf.edu/registrar/resources/transcript.aspx>. The student must have no holds or financial obligation of \$500 or more preventing release of the transcript. **NOTE:** All holds preventing release of a transcript must be resolved within 30 days of the request, or the order will be cancelled.

Official transcripts for students who previously attended New College of Florida or participated in the M.D. program of the College of Medicine must be requested directly from those institutions:

Academic Advising Resources for Undergraduate Students

Undergraduate Academic Advising Offices

Advising is available to help guide you through your Plan of Study and serve as a resource while obtaining your degree. Plan on meeting with your advisor once a semester.

New Admits – First Year & Transfer:

Please refer to your Orientation (link <https://www.usf.edu/orientation/index.aspx>) materials and MyBullsPath online in the Archivum platform for more information about how to begin your academic advising experience at USF.

Continuing Students:

Please visit Archivum appointment scheduling to schedule an appointment or to access the virtual drop-in portal for your academic college (Appointment and drop-in availability varies by location – visit location webpages below for more details).

Academic Resources and Programs

Academic Advocacy

Academic Advocates are dedicated to serving undergraduate students in their pursuit of timely progression to graduation. We work individually with students in academic distress to review their options, and we collaborate with academic departments, colleges and university personnel to improve retention and progression to graduation. Undergraduate students identified as experiencing barriers to retention, progression, or graduation may receive direct outreach from an Academic Advocate to review their progress and to advise them towards graduation. Major advisors and university department staff can refer a student to an Academic Advocate when they perceive an academic barrier for that student.

Tampa Campus

4202 E. Fowler Avenue, SVC 2002

Tampa, FL 33620

(813) 974-4051

Academic Success Centers

Learning support services are available to all USF students on all three campuses. Each campus has a dedicated center that offers a supportive environment conducive to helping students achieve their highest learning potential. All services are free to enrolled USF students.

The Academic Success Center (Tampa Campus)

4202 E. Fowler Avenue, LIB 206

Tampa, FL 33620

(813) 974-2713

<https://www.usf.edu/undergrad/academic-success-center/index.aspx>

STUDENT SERVICES AND RESOURCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The Academic Success Center offers a range of options for subject-specific tutoring, a comprehensive Writing Studio, a Math Lab, and other learning support services in the form of workshops, courses for credit, and specialized program support for several student cohorts ranging from first-year access programs to graduate students.

SMART Lab (Tampa Campus)

4202 E. Fowler Avenue, LIB 232

Tampa, FL 33620

(813) 974-9944

smartlab@usf.edu

<https://www.usf.edu/undergrad/academic-success-center/smart-lab/>

The SMART Lab is an innovative learning environment dedicated to supporting students in introductory math courses through tutoring assistance and technology. In the 324-computer lab, students enrolled in SMART Lab courses use software to complete assignments at their own pace, receive instant feedback as they learn mathematics by doing, and get on-demand assistance from instructors, tutors or teaching assistants. Our goal is to help students build a foundation of study skills that will allow them to learn mathematics and progress towards becoming independent learners. To seek help in SMART Lab courses, complete lab work, or ask additional questions visit us during our hours of operation on the second floor of the Library, LIB 232.

Tutoring Hub (Tampa Campus)

University of South Florida

4202 E. Fowler Avenue, LIB 206

Tampa, FL 33620

(813) 974-2713

asctampa@usf.edu

<https://www.usf.edu/undergrad/academic-success-center/tutoring/>

The Tutoring Hub at the Academic Success Center offers USF students tutoring assistance in a wide variety of subjects. Help is available on a drop-in basis or via appointments in a collaborative peer-to-peer group setting. A list of the courses tutored can be found on our website (<https://www.usf.edu/undergrad/academic-success-center/tutoring/courses-tutored.aspx>).

The Writing Studio (Tampa Campus)

University of South Florida

4202 E. Fowler Avenue, LIB 233

Tampa, FL 33620

(813) 974-8293

<https://www.usf.edu/undergrad/academic-success-center/writing-studio/>

The Writing Studio encourages students to engage in writing as a recursive practice through sustained research, analysis, and reflection. The Studio's mission is to support USF students as they develop writing, reading, and critical thinking practices appropriate for their majors and future professions. The Studio is proud to serve writers at all levels of study, from all disciplines, and at all stages of the writing process. Our peer consultants are experienced undergraduate and graduate students and professional writers from a variety of disciplines. We offer face-to-face consultations as well as occasional workshops for campus partners. In keeping with best practices for Writing Studios, we do not provide copyediting services. Our approach emphasizes non-directive feedback, Socratic questioning, and active learning.

Debbie Nye Sembler Academic Student Success Center (St. Petersburg campus)

140 7th Ave. S., DAV 107

St. Petersburg, FL 33701

(727) 873-4632

<https://www.stpetersburg.usf.edu/student-life/student-success-center/>

STUDENT SERVICES AND RESOURCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The Debbie Nye Sembler Academic Student Success Center (SSC) offers: subject-specific appointment and drop-in tutoring; Supplemental Instruction sessions for historically challenging courses like chemistry and psychological statistics; and writing consultations either face-to-face or through its online service. Each semester, the SSC also hosts a variety of workshops focused on key learning strategies and techniques.

The MathLab (St. Petersburg Campus)

140 7th Ave. S., HWH 232
St. Petersburg, FL 33701
(727) 873-4632

<https://www.stpetersburg.usf.edu/student-life/student-success-center/mathlab/>

Like the SMART Lab in Tampa, The MathLab also supports students in introductory math courses through tutoring assistance and technology. In the 30-computer lab located on the second floor of H. William Heller Hall, HWH 232, students enrolled in certain math courses, like College Algebra, use software to complete their homework and can get on-demand support from tutors or instructors. This lab also serves as the primary testing location for College Algebra, as well as the retest location for other introductory math courses.

Academic Success Center (Sarasota-Manatee Campus)

8350 N. Tamiami Trail, SMC B130
Sarasota, FL 34243
(941) 359-4342

<https://www.sarasotamanatee.usf.edu/academics/academic-resources/tutoring.aspx>

The Academic Success Center (ASC) provides academic support to students through subject tutoring, writing consultations, interactive workshops and resource materials. Tutoring is offered face-to-face, through small group sessions, or via online virtual sessions in select subjects and courses. Writing style guides for APA, MLA, Chicago style and other resources are also available to students.

Fishman Family Student-Athlete Enrichment Center (Tampa Campus)

12503 USF Bull Run Dr.
Tampa, FL 33617

<https://gousfbulls.com/sports/2020/3/23/academic-services.aspx>

Welcome to Academic Services and the Fishman Family Student-Athlete Enrichment Center (FFSAEC) at the University of South Florida in amazing Tampa Bay! USF Athletics, the Office of Undergraduate Studies (UGS) and the Academic Services unit are proud to serve and support our student-athletes as they work to achieve their academic, athletic and personal goals at USF. Our dedicated team of professional staff bring a wealth of experience and energy and are committed to providing a comprehensive array of support services and resources aimed at contributing to a first-class student-athlete experience. Collectively, we maintain an environment devoted to integrity and compliance and are holistically committed to USF Athletics' mission of winning in the *Classroom*, the *Community* and on the fields of *Competition*.

Conveniently located on the second floor of the Lee Roy Selmon Athletics Center in the Athletics District, The Fishman Family Student-Athlete Enrichment Center is the hub for our student-athlete support services. The Center houses staff and resources from Athletics Compliance, Student-Athlete Enhancement, Behavioral Health as well as Academic Services. The FFSAEC provides a safe, productive and supportive environment for learning, growth and development as we prepare our student-athletes to be impactful citizens in the USF community and society at-large.

As our student-athletes continue to excel in all phases of their academic and athletic careers at USF, we look forward to continuing to encourage and support them in maximizing their experiences on campus and preparing them for their lives after sport. Once again, welcome and Horns Up!

Education Abroad

<https://www.usf.edu/world/education-abroad/>

Education Abroad offers a variety of study abroad opportunities for students and faculty around the world. Programs include: semester exchanges, dual degree programs, summer and short term programs,

STUDENT SERVICES AND RESOURCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

international internships, and service learning. Programs range from one week to one year and award academic credit. Education Abroad facilitates the incoming and outgoing exchange process and works closely with our international partner universities to develop new academic programming and exchanges.

The Education Abroad Office provides extensive planning assistance for both students and faculty program leaders, including pre-departure orientation sessions. The staff members have extensive experience in study abroad and are able to offer seasoned, insightful advising and information to anyone considering or planning a study abroad experience.

Office for High Impact Practices and Undergraduate Research (Tampa Campus)

4202 E. Fowler Avenue, LIB 122
Tampa, FL 33612

<https://www.usf.edu/undergrad/hipur/index.aspx>

The Office of High Impact Practices and Undergraduate Research (HIPUR) engages students from admissions to graduation in the pursuit of undergraduate research: an inquiry or creative project that makes an original contribution to their discipline. We are committed to HIPUR students, HIPUR community, and HIPUR future through targeted activities to generate meaningful narratives for inspiring exemplary support. We seek to empower the next generation of citizen scholars, equipped with 21st century workforce skills for a global environment, to fulfill USF's vision for students: lifelong success.

USF Libraries

<https://www.lib.usf.edu/>

The USF Libraries offer access to over 1.3 million books and an extensive selection of print and electronic resources, including 52,000 e-journal subscriptions, 443,000 e-books, and over 800 databases containing articles, media and other materials. Students also have access to our physical collections in the libraries on the Tampa and St. Petersburg campuses, which include audio/visual materials including videos, CDs, DVDs, and even LPs.

Tampa Campus

4202 E. Fowler Ave. LIB 122
Tampa FL 33620
(813) 974-1611

<https://lib.usf.edu/tampa-campus/>

The University Library on the Tampa campus is a comfortable and inviting place for students and faculty to meet, study, conduct research, and complete group assignments. Library facilities provide wireless access, electrical connections for laptops, individual and group study seating and instructional labs. The Learning Commons (LC) on the first floor has over 140 computer workstations, as well as the Library Services Desk, a state-of-the-art Digital Media Commons, the Digital Heritage and Humanities Collections and the IT Helpdesk. The Academic Success Center, on the second floor, includes the SMART Lab, with an additional 354 computer workstations and the Writing Studio. Other Library partners include the Office for Undergraduate Research, Division of Health Professions Advising and a Starbucks Café. Students and faculty also have access to specialized research assistance and information literacy instruction from our

4202 E. Fowler Avenue, NEC 116
Tampa, FL 33620
(813) 974-2742
<https://www.usf.edu/testing-services/>

Testing Services is an auxiliary unit within Innovative Education. It supports the university's strategic efforts to ensure student success and program innovation by administering entrance and placement, certification and licensure, distance learning and pre-employment exams for numerous agencies, businesses, and institutions. Testing Services accommodates USF and non-USF customers and delivers more than 1,000 exams per month. Students and professionals alike may take advantage of Testing Services' portfolio of exams.

Student Accessibility Services

<https://www.usf.edu/student-affairs/student-accessibility/>

In accordance with Section 504 of the Rehabilitation Act, the Americans with Disabilities Act, and the ADA Amendments Act, USF is committed to providing reasonable accommodations to students with disabilities. Creating an accessible environment is a collaborative process that involves the office of Students with Accessibility Services, our students, and all faculty and staff. Students who utilize accommodations often share stories about their academic success and the positive impact of accommodations.

Office of Veteran Success

The Office of Veteran Success (OVS) mission is to provide a seamless transition for our nation's veterans from military life, through campus life into a meaningful career by providing high quality services and opportunities for academic success, personal growth, and professional development. The vision of OVS is to empower student veterans to achieve their definition of success beyond service. OVS serves the entire military-connected population across all three campuses in Tampa, St. Petersburg, and Sarasota-Manatee; student veterans, veteran dependents using GI Bill, active-duty service members, and members of the active Reserve and National Guard.

Joint Military Leadership Center

4202 E. Fowler Ave., CWY 408
Tampa, FL 33620
<https://www.usf.edu/undergrad/jmlc/index.aspx>
The Joint Military Leadership Center (JMLC), founded in 2004, plays a significant role in supporting the Army, Naval and Air Force ROTC programs at the University of South Florida. Through a variety of programs and initiatives, our ROTC graduates will gain a better understanding and appreciation for the capabilities, limitations and culture of each military service in addition to the challenges and value of joint and combined operations. As a result, these future military officers will be better prepared to serve in a joint, multi-national environment upon commissioning.

UGS-AskSSS@usf.edu

<https://www.usf.edu/undergrad/sss/index.aspx>

The Student Support Services Program (SSS) is a federally funded retention program designed for students who have been identified as having an academic need and either first generation college student, as having low-income family status, or both. Based on evidenced based research SSS is designed to significantly increase the retention and graduation rates of the participants it is funded to serve. We are committed to providing proactive, intrusive, comprehensive and innovative services to enhance our student's success at USF. SSS provides a plethora of services including individualized academic advising, counseling, coaching, SSS Summer Program, Living Learning Community, financial aid assistance, social and cultural enrichment programs, employment and workshops that broaden career perspectives, improve academic skills, promote self-confidence and address various non-cognitive factors.

Student Benefits

- The summer program is free to all students who complete a FAFSA and meet low-income requirements (tuition, housing, books, meals)
- Receive personalized academic advising and counseling
- Receive priority summer housing and participate in the SSS Living Learning Community
- Receive a head start on the fall curriculum
- Enhance study-skills and problem solving
- Explore career goals or major choice
- Discover the campus and the surrounding Tampa Bay area
- Make friends at the university

Contractual Agreement

Program participants are expected to abide by the SSS contractual agreement made upon their entrance to the institution. Following the guidelines has successfully benefited our students in that an average of 85-95% have remained in good academic standing each year.

As a student in our program, you are responsible to maintain contact with your SSS counselor, participate in student success workshops, become a member of the S Club, utilize the SSS computer lab, and participate in program events and activities.

USF Summer ACE Program

4202 E. Fowler Ave., SVC 2002

Tampa, FL 33620

<https://www.usf.edu/admissions/freshmen/summer-ace/index.aspx>

The Summer Academic and Cultural Engagement Program (ACE) is designed to facilitate a purposeful transition from high school to college for incoming first-year students. The ACE program offers specialized academics, community building, and campus engagement experiences.

As an ACE student at the University of South Florida, you will experience exclusive opportunities for cultural immersion and hands-on learning, which will prepare you for your USF journey by demonstrating skills and knowledge you can utilize throughout your college career!

Tampa, FL 33612
(813) 974-4051

<https://www.usf.edu/undergrad/crop/index.aspx>

Success Is a Journey, Not a Destination!

College Reach-Out Program (CROP) is a statewide pre-college program established in 1983 designed to increase the number of students who successfully enter and complete a postsecondary institution. The program's primary objective is to strengthen the educational motivation and preparation of low-income and educationally disadvantaged students in grades 7 through 12, representing various cultural backgrounds, who "otherwise would be unlikely to seek admission to a community college, state university or independent post secondary institution without special support and recruitment efforts."

Upward Bound Program

4202 E. Fowler Avenue, SVC 2002
Tampa, FL 33612
(813) 974-4051

<https://www.usf.edu/undergrad/ub/>

The University of South Florida Upward Bound Program (UBP) is a TRIO (https://www2.ed.gov/programs/trioupbound/index.html) college-access program funded by the United States Department of Education.

- The goal of UBP is to increase the rate at which participants complete secondary education and enroll in and graduate from institutions of post-secondary education.
- USF UBP serves Hillsborough County high school students living in low-income households or households in which neither parent holds a bachelor's degree (first-generation college students; <https://www.usf.edu/undergrad/ub/program-eligibility.aspx>).
- Services also include instruction, tutoring, counseling, mentoring, cultural enrichment, campus tours, and a college residential experience (<https://www.usf.edu/undergrad/ub/services.aspx>).

Office of Community Engagement and Partnerships (OCEP; Tampa Campus)

4202 E. Fowler Avenue, ALN 185
Tampa, FL 33620
(813) 974-6709

<https://www.usf.edu/engagement/>

At the Tampa campus Office of Community Engagement and Partnerships (OCEP), we work with faculty across disciplines to develop a range of community engaged learning (CEL) courses with real-world impact. Students are able to complement their classroom learning with experiential opportunities that provide valuable service to our local and global communities and become better equipped to succeed.

Community Engaged Learning is considered a "high-impact practice" (HIP), or "an investment of time and energy over an extended period that has unusually positive effects on student engagement in educationally purposeful behavior" (Kuh 2010: vi). A HIP is effective with students because it allows students to interact with faculty and peers about substantive matters; increases the likelihood that students will experience diversity; provides frequent feedback about their performance; offers opportunities for students to see how what they are learning works in different settings, on and off campus; and bring students' values and beliefs into awareness, helping them to better understand themselves in relation to others and the larger world (Kuh 2008).

Center for Civic Engagement (St. Petersburg campus)

STUDENT SERVICES AND RESOURCES

140 7th Avenue South
St. Petersburg, FL 33701
(727) 873-4773

<https://www.stpetersburg.usf.edu/student-life/center-for-civic-engagement/>

At the St. Petersburg campus Office of Civic Engagement, we use the Citizen Scholar Model. The objective of the Citizen Scholar Model is to combine academic instruction with implementation of concepts learned in the classroom into the local community. The local community is broadly defined to include business, educational, and social service agencies as well as local laboratories' faculty use to further their research agendas. We envision these types of experiential and community engaged learning opportunities will become a feature in every academic program.

Student Engagement

New Student and Family Experience

The USF New Student and Family Experience cultivates community and fosters a sense of belonging to aid a student's transition into our community. As students navigate their academic, social, institutional, and emotional adjustment to college, staff and student leaders, on all three campuses, are available to provide care, support, and guidance. Through institutional, community, and individualized offerings, students establish a connection to USF, participate in shared USF traditions, identify a support network, gain an understanding of tools and resources, and receive support to remove barriers to ensure their continued enrollment. Our units also provide families support throughout their student's time at USF. Staff are available to answer family questions, connect families to valuable resources, and provide individualized support so families can help their student navigate their transition into our community and progress towards their degree.

Tampa Campus

The offices of New Student Connections and Parent and Family Engagement provide programs and services to students enrolled on the Tampa campus, and their families.

studentengagement@usf.edu

www.sarasotamanatee.usf.edu/campus-life/student-engagement/

The Office of Student Engagement provides co-curricular experiences for students that encourage relationship building and personal and professional growth. The programs and services offered foster student development, enhance the overall educational experience, and prepare students to be contributing members of a diverse global society. Student Engagement accomplishes this by offering students the opportunity to participate in campus events and programs, join student organizations, become student leaders, and learn about campus traditions, such as Week of Welcome and Homecoming. Currently, there are over 30 active student organizations, and students are encouraged to get involved with any of these student clubs and organizations that the Sarasota-Manatee campus has to offer.

Faith-Based Organizations

The Religious and Spiritual Life at USF is a network of member faith communities committed to an agreed upon set of ethical standards. We provide access to programs, services, and activities that encourage a campus atmosphere of healthy religious and spiritual expression. This is accomplished through meetings, resources allocation, and collaboration between member organizations and the Division of Student Success.

For more information, visit <https://www.usf.edu/student-affairs/dean-of-students/resources/religious-and-spiritual-life.aspx>

(813) 974-1001

getinvolved@usf.edu

<https://www.usf.edu/student-affairs/involvement/fraternity-and-sorority-life/index.aspx>

Being a member of a Greek lettered organization at the University of South Florida is a great opportunity to develop as a person and to enhance the collegiate experience. Through membership development programs that the office hosts to philanthropies created by each organization, members of the Greek community are exposed to multiple learning and growth opportunities. Being a member of a fraternity/sorority means joining an organization that is bigger than yourself where you learn about personal values and ethics and finding that organization that has the values and morals that align with your own. This aspect is something that is unique to a Greek Lettered organization and that no other student organization can offer to the average student.

Office of Multicultural Affairs

Student Wellness and Recreation

Health and Wellness Centers

Wellness consists of different dimensions, such as emotional, environmental, intellectual, social and physical. When you take care of each one, you can be your best and excel in all areas of your life. Most students cite stress and anxiety as major challenges to achieving their goals. We have many resources to help you be well and excel on campus. Our services and resources are designed so you can start develop lifelong healthy habits that can have a positive impact on your college success.

Center for Student Well-Being (Tampa Campus)

4202 East Fowler Avenue, SVC 2127
Tampa, FL 33620
(813) 974-1818

www.usf.edu/student-affairs/wellbeing/

The Center for Student Well-Being aims to increase knowledge, awareness, and access to health and wellness resources in order to facilitate behavior change leading to academic and lifelong success. The Center for Student Well-Being offers both professional and peer-led presentations and outreach on a wide variety of college health topics including but not limited to: healthy routines, stress management, alcohol, and other substances, healthy relationships, sexual health, and disease prevention. The Center for Student Well-Being is also home to the REACH Peer Health Educators.

Wellness Center (St. Petersburg campus)

Support-A-Bull Market is a USF St. Petersburg campus resource pantry. Started through support from student government and motivated to address concerns for students facing food security issues, this resource is available to all active USF students enrolled at the St. Petersburg campus free of charge.

Support-A-Bull Food Pantry (Sarasota-Manatee Campus)

8350 N. Tamiami Trail, C144

Sarasota, FL 34243

<https://www.sarasotamanatee.usf.edu/campus-life/support-a-bull-food-pantry.aspx>

Support-A-Bull Pantry is a USF Sarasota-Manatee campus food pantry supported by All Faiths Food Bank. The pantry is available to students currently enrolled on the USF Sarasota-Manatee campus to address food insecurity by providing supplemental food and toiletry items to students in need.

Student Ombuds Office

<https://www.usf.edu/student-ombuds>

The Student Ombuds Office provides confidential, impartial, informal and independent services to students with complaints or concerns about the University. The mission of the Student Ombuds Office is to facilitate fair and equitable resolution processes that promote student success. Each campus has an ombuds or an ombuds liaison. To schedule a meeting on any campus, please email ombuds@usf.edu.

Student Conduct and Ethical Development (SCED)

<https://www.usf.edu/student-affairs/student-conduct-ethical-development/index.aspx>

Student Conduct and Ethical Development (SCED) supports the goals, mission, values, and visions of the University of South Florida by promoting responsibility and adherence to the standards of behavior outlined in the Student Code of Conduct. SCED collaborates with the community to advocate for a safe environment that promotes personal accountability and supports student success. SCED facilitates educational opportunities through meaningful interactions with students to encourage their academic, emotional, and professional development. The goal of SCED is to create environments that empower students to engage as ethical citizens in a diverse global society.

Tampa, FL 33620
(813) 974-7084

<https://www.usf.edu/student-affairs/campus-rec/index.aspx>

The University of South Florida Recreation & Wellness Department is home to three recreation facilities on the Tampa campus. There is a state-of-the-art fitness facility, located on the Tampa campus, which spans over 180,000 square feet. The Recreation & Wellness Center offers a wealth of space and activities including:

- Two Gymnasiums, with the ability to host Badminton, Basketball, and Volleyball Contests

STUDENT SERVICES AND RESOURCES

- An indoor suspended track
- Five four-walled racquetball courts and one squash court
- An indoor heated pool
- Racquetball & Handball Courts
- Multipurpose Rooms
- Tennis Courts

In addition to the indoor facilities, the Recreation & Wellness Department also has the following facilities:

- The newest 2 story satellite fitness facility located in the Village housing area (The FIT)
 - Cardio, Strength & Conditioning Equipment & Outdoor heated pool
- The satellite fitness facility located in the USF Health area (The WELL)
 - Cardio, Strength & Conditioning Equipment & Group Fitness Studio

In addition, the Recreation & Wellness Department offers a variety of intramural sports, sport clubs, aquatic programming, adventure travel, an outdoor resource center, and a fitness program complete with daily group fitness classes. The Recreation Center also has an equipment check out service, daily use lockers, and expansive cardio and fitness floors with state-of-the-art cardio and strength equipment.

The Recreation & Wellness Department also maintains outdoor facilities for use by USF students, faculty, staff, and other affiliate members. These facilities include 13 football and soccer fields, 2 softball fields, 16 tennis courts, a 1.2 mile shaded running trail, and USF Riverfront Park (located at 6550 E. Fletcher Ave.,) Includes canoe/kayak/paddleboard rentals, picnic facilities, challenge course, disc golf, and sand volleyball.

Campus Recreation (St. Petersburg Campus)

140 7th Ave. South, SLC 1901

St. Petersburg, FL 33713

(727) 873-4589

www.stpetersburg.usf.edu/student-life/facilities/campus-rec/

Our goal is to provide members of the USF community the opportunity to become engaged in physical or leisure activities on the level they desire. Whether you are looking for a team sport, to explore the outdoors or to de-stress with a yoga class; we have it all for you.

We offer a variety of programs to meet your needs including Intramural Sport, Sport Clubs, Fitness, Outdoor Recreation and Aquatics. And, to help you stay active we have:

- Two outdoor basketball courts
- Two sand volleyball courts
- One multiuse recreation field
- A heated outdoor pool
- Several water vessels such as sailboats, kayaks, canoes and paddleboards

Further, our 9,000 square-foot Fitness Center facility is dedicated to providing fitness opportunities for all USF Students. The Fitness Center features two fitness studios, a designated cardio area, strength training equipment and free weights. The Campus Recreation Fitness Center is home to the Personal Training and Group Fitness programs. Recreational sports equipment is available for checkout to enhance your experiences at the outdoor courts and recreation field.

The Edge is a brand new facility designed as a welcoming, enjoyable and space place for students to spend leisure time. It is comprised of many multifunctional spaces such as the lounge and gaming area, which offers a variety of engaging options like video game consoles, foosball, billiards, darts and shuffle board. Students can mingle and relax on the West Deck overlooking the waterfront or take a break from studying to watch one of the multiple TV's in the lounge. Many events are hosted within the lounge and gaming areas, but the two multipurpose rooms provide additional space to meet student event needs. Students are also able to rent out a bike for the day through the Bike Share program which is housed out of the Edge.

Along our beautiful waterfront on the St. Petersburg campus, the Haney Landing Sailing Center houses our Outdoor Recreation program which offers canoes, kayaks, paddleboards, and sailboats on a drop-in basis and we are happy to teach students how to use all of the watercraft we offer for check out. We regularly offer sailing courses, keel boating courses, and powerboating courses. The boathouse also provides

STUDENT SERVICES AND RESOURCES

<i>USF's Enhanced Gen Ed</i>	123

GENERAL EDUCATION INFORMATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Overview

USF's General Education curriculum comprises 36 hours divided into 21 hours prescribed by the State of Florida and 15 hours defined by USF Faculty (referred to as Enhanced General Education). Students must receive a minimum grade of C- in each course that is used to fulfill any requirement in the general education curriculum. S/U grades are not acceptable for general education courses. Those courses completed satisfactorily and applied to meet general education requirements must have an overall GPA of 2.0. Courses may be counted for both the major AND the General Education requirements. All general education courses at USF incorporate critical and analytical thinking, problem solving, and written communication.

State Required General Education

The state requirements of USF's General Education comprise 15 hours from the state-mandated list and 6 hours from State Communication and State Computation graduation requirements.

State-mandated General Education Courses

For students entering the University as a first-time-in-college student beginning Fall term 2015, at least one (1) course must be taken from each of the general education subject areas listed below in this section. These courses comprise the general education core as required per section 1007.25(3), Florida Statutes and defined by Florida Board of Governors Regulation 8.005.

1. One of the following courses in Communication:
 - ENC X101 English Composition I;
 - or**
 - A course with an ENC prefix for which ENCX101 is a direct prerequisite.
2. One of the following courses in Humanities:
 - ARH X000 Art Appreciation;
 - or**
 - HUM X020 Introduction to Humanities;
 - or**
 - LIT X000 Introduction to Literature;
 - or**
 - MUL X010 Introduction to Music Literature/Music Appreciation;
 - or**
 - PHI X010 Introduction to Philosophy;
 - or**
 - THE X000 Theatre Appreciation.
3. One of the following courses in Mathematics:
 - MAC X105 College Algebra;
 - or**
 - MAC X311 Calculus I;
 - or**
 - MGF X106 Liberal Arts Mathematics I;
 - or**
 - MGF X107 Liberal Arts Mathematics II;
 - or**
 - STA X023 Statistical Methods;
 - or**
 - A mathematics course for which one of the above general education core course options in mathematics is a direct prerequisite.
4. One of the following courses in Natural Sciences:
 - AST X002 Descriptive Astronomy;
 - or**
 - BSC X005 General Biology;
 - or**
 - BSC X010 General Biology I;
 - or**

GENERAL EDUCATION INFORMATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- BSC X085 Anatomy and Physiology I;
or
 - CHM X020 Chemistry for Liberal Studies;
or
 - CHM X045 General Chemistry I;
or
 - ESC X000 Introduction to Earth Science;
or
 - EVR X001 Introduction to Environmental Science;
or
 - PHY X020 Fundamentals of Physics;
or
 - PHY X048 General Physics with Calculus;
or
 - PHY X053 General Physics I;
or
 - A natural science course for which one of the above general education core course options in natural science is a direct prerequisite.
5. One of the following courses in Social Sciences:
- AMH X020 Introductory Survey Since 1877;
or
 - ANT X000 Introduction to Anthropology;
or
 - ECO X013 Macroeconomics;
or
 - POS X041 American Government;
or
 - PSY X012 Introduction to Psychology;
or
 - SYG X000 Principles of Sociology.

At USF, we use the following course attributes to distinguish the different requirements:

- SGEC - General Education Core Communication
- SGEH - General Education Core Humanities
- SGEM - General Education Core Mathematics
- SGEN - General Education Core Natural Sciences
- SGES - General Education Core Social Sciences

NOTE: Students who transfer into a state university or between state universities shall be required to meet the above general education core requirements if the students were classified as first-time-in-college at their original postsecondary institution Fall Term 2015 and thereafter. Any course accepted by an institution in the Florida College System or State University System as meeting the general education state-mandated core at that institution shall be accepted as meeting the state-mandated core requirements at all institutions. All credit earned by other transfer students shall be evaluated by the receiving institution on a course-by-course basis to determine core equivalency. Credit earned through an acceleration mechanism in Section 1007.27, Florida Statutes and Board of Governors Regulation 6.006, will meet the related general education core course requirement.

State Required Communication

Besides the state-mandated Communication course (ENC 1101), students must also complete another 3 hours in English Composition coursework. At USF, this requirement is met with ENC 1102 English Composition II. Additionally, students must complete 6 semester hours of coursework in which they are required to demonstrate college-level English Language writing skills through multiple assignments. All Enhanced General Education courses (described below) meet this writing requirement.

At USF, we use the following course attributes to distinguish the different requirements:

- 6AC - State Communication Requirement
- TGEN - ENC 1102

GENERAL EDUCATION INFORMATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

NOTE: Students awarded college credit in English based on their demonstration of writing skills through dual enrollment, advanced placement, or international baccalaureate instruction shall be considered to have satisfied this requirement to the extent of the college credit awarded.

State Required Computation

Besides the state-mandated Mathematics course, and additional 3 hours of mathematics coursework at the level of college algebra or higher is required. Applied logic, statistics and other computation-based coursework that may not be offered by a mathematics department may be used to fulfill three (3) of the six (6) hours required by this section.

- 6AM - State Computation Requirement

NOTE: Students awarded college credit based on their demonstration of mathematics skills at the level of college algebra or higher through dual enrollment, advanced placement, or international baccalaureate instruction shall be considered to have satisfied this requirement to the extent of the college credit awarded.

USF's Enhanced Gen Ed

The remaining 15 hours of a student's required 36 general education hours are fulfilled by completing USF's Enhanced General Education curriculum, which was created to provide a more relevant, coherent, rigorous and student-centered curriculum for intentional learners. USF's Enhanced General Education program seeks to enhance skills most applicable in the 21st global community. Its design directly supports the University of South Florida's commitment to deliver a competitive undergraduate program that generates knowledge, fosters intellectual development, and ensures students success in a global environment. For more information, see <https://www.usf.edu/undergrad/general-education-council/enhanced-gened/index.aspx>.

A student is expected to take a minimum of three (3) credit hours in each of the following areas:

- Creative Thinking - Students will combine or synthesize existing ideas, images, or expertise in original ways.
 - TGEC - Creative Thinking
- Information & Data Literacy - Students will identify, locate, evaluate, and effectively and responsibly use and share information for the problems at hand.
 - TGEI - Information and Data Literacy
- Human & Cultural Diversity - Students will demonstrate an understanding of the diversity of human experiences.
 - TGED - Human & Cultural Diversity
- Ethical Reasoning & Civic Engagement - Students will participate in activities of personal and public concern while recognizing ethical issues and assessing their own ethical values.
 - TGEE - Ethical Reasoning & Civic Engagement
- High Impact Practice - Students will synthesize connections among experiences outside of the formal classroom.
 - TGEH - High Impact Practice

High Impact Practices

The General Education courses in the High Impact Practice (TGEH) area are also distinguished by the type of High Impact Practice (HIP) they incorporate. Below is a list of the different types of HIP courses.

- INT - Internship
- CEL - Community Engaged Learning
- UGR - Undergraduate Research
- EDR - Education Abroad
- FST - Field Study
- CST - Capstone
- CLB - Collaborative Learning
- GCPC - Global Citizens Project

NOTE: Any course at USF can apply to be designated as including a HIP component. Only courses that also have the TGEH attribute will count for the Enhanced Gen Ed requirement.

GENERAL EDUCATION DIGITAL BADGE SERIES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

General Education Digital Badge Series

Overview

During the 2021 Florida Legislative Session, House Bill 1507 amended section (s.) 1007.25, Florida Statutes (F.S.), to require public postsecondary institutions to award students a nationally recognized digital badge upon completion of general education core courses that demonstrate career readiness, beginning with students who initially enter a postsecondary institution in fall 2022 for the 2022-2023 academic year.

What are Digital Badges?

Colleges and universities are working with employers to develop digital badges that highlight the skills students learn.

Digital badges allow you to showcase your achievements and the skills you've learned through related coursework. With a digital badge, you can...

- Highlight skills on your resume, college co-curricular transcript, job applications, social media, and more.
- Learn about competencies employers are looking for in your field.
- Identify open positions linked to the skills and competencies identified in the badges you have earned.
- Separate yourself from other candidates and applicants.

The best news - there is no additional cost to receive a general education badge! The digital badge is earned by completion of general education core courses, which are already built into associate in science, associate in arts and baccalaureate degree programs. Florida's 12 state universities and 28 state colleges will automatically award the badge upon completion of the required coursework. And because the badge will appear on your FASTER* transcript, it will be accepted by all institutions if you choose to transfer.

Fundamentals of Written Communication Badge

Florida public postsecondary institutions now offer students a Fundamentals of Written Communication digital badge. With this badge, you will be able to not only enhance your personal communication skills but also convey to future employers that you have acquired vital skills needed for professional success.

What is Effective Written Communication?

Effective written communication is the ability to communicate ideas, information, and perspective clearly, adapting a message to different audiences and situations, and using the appropriate style to convey meaning in various contexts.

Why is effective written communication important in the workplace?

- Enhances an employee's ability to interpret and evaluate a wide variety of written material
- Promotes research, critical thinking, and problem solving
- Advances the development of clearly written material relevant to the intent
- Enhances the use of appropriate language for an intended audience
- Increases the competent, effective, and responsible use of information

What are you learning by earning this badge?

By completing the college course associated with this badge, you will demonstrate information literacy, comprehension of written material, and conveying information in writing for a variety of rhetorical purposes and audiences.

Some of the learning outcomes associated with the college course that results in this badge include:

GENERAL EDUCATION DIGITAL BADGE SERIES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Examining and analyzing written material
- Synthesizing information and ideas
- Developing content relevant to the purpose
- Demonstrating the ability to write to a specific audience
- Presenting a perspective informed by research and critical thinking
- Revising written communication based on feedback

How to Earn this Digital Badge?

1. Enroll in one of the following college courses: ENC X101 **OR** a course in which ENC X101 is a prerequisite.
2. Successfully complete the course with a grade of "C" or better.
3. Digital badge will automatically be awarded by the public institution where you complete the course and added to your FASTER* transcript.

*FASTER is the Florida Automated System for Transferring Educational Records.

Academic Credit Hour

Credit Hours - USF Policy 10-065

<https://usf.app.box.com/v/usfpolicy10-065>

PURPOSE & INTENT

Academic credit provides the basis for quantifying the amount of engaged learning time expected of a typical student enrolled in traditional classroom settings, laboratories, studios, internships and other forms of experiential learning, and distance and Correspondence Education.

This Policy is intended to ensure that all credit-bearing courses and programs offered by the University of South Florida (USF) meet the requirements of the Federal definition of a credit hour and the Credit Hours Policy Statement issued by the SACSCOC.

STATEMENT OF POLICY

Credit hours are a measure of learning, and support a wide range of activities, including the transfer of students from one institution to another, awarding financial aid, and credentialing for employment. Because of the significance of awarding credit hours, an institution is obligated to ensure that credit hours for courses and programs conform to the commonly accepted standards of higher education, as stated in the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) Policy Statement on Credit Hours and Principles of Accreditation 10.7 (Policies for Awarding Credit), 10.8 (Evaluating and Awarding Academic Credit), and 10.9 (Cooperative Academic Arrangements).

Federal Definition of a Student Credit Hour: A credit hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates the following: (1) not less than one hour of classroom or direct faculty instruction and a minimum of two hours of out of class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time, or (2) at least an equivalent amount of work as required in item (1) above for other academic activities as established by the institution including laboratory work, internships, cooperative education, practica, studio work, independent research, and other academic work leading to the award of credit hours.

Academic Load

The maximum load of an undergraduate student is 18 hours (Fall & Spring semesters) and 14 hours (Summer term), unless approval is received from the dean or an authorized representative of the student's college.

In the Fall or Spring semester, 12 hours is the minimum load for a student to be considered as full-time.

Full-time Undergraduate Student Definition - Summer term

- Sessions "A" & "B" (6 weeks)
- For Academic purposes: 6 hours or more each session
- For Financial Aid purposes: must enroll for 12 hours (undergraduate) in any combination of Sessions "A," "B," or "C"

Session "C" (10 weeks)

- For Academic purposes: 9 hours or more
- For Financial Aid purposes: must enroll for 12 hours (undergraduate) in any combination of Sessions "A," "B," or "C"

Students receiving Veterans' Affairs benefits should confirm their Summer term enrollment with the Office of Veterans' Services or Veterans' Coordinator.

Undergraduates may not enroll in 6000-level courses or higher without approval of the college/department in which the course is offered.

Academic Major

Academic Curricular Offerings - USF Regulation 3.038

<https://usf.app.box.com/v/usfregulation3038>

GLOSSARY

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

A *major* represents a degree-seeking student's primary field of study and is often referred to as a "program of study." A major shall be reasonably associated with the academic discipline within the degree program under which it is offered and shall share common core courses with any other majors within the same degree program. The majors appears on the diploma and on the official transcript.

Academic Minor

Academic Curricular Offerings - USF Regulation 3.038

<https://usf.app.box.com/v/usfregulation3038>

An academic *minor* is an optional complement to a bachelor's degree in a particular field, leading to specific educational goals. A student may declare a minor at any point during the first term of enrollment and thereafter as a degree-seeking student, but is expected to declare it as early as possible but prior to applying for graduation. Students should obtain prior approval with the specific requirements and forms from the college and department in which the minor is offered. The department may require the same admission or retention standards as required for the major. Minors are recorded on the transcript.

Each academic minor conforms to these University requirements:

- A minor is a minimum of 12 semester hours.
- Students must complete a minimum of 6 credits (two courses) exclusive to the minor that will not count toward the student's major or other minors. These credits/courses must be completed at USF and must be upper-level courses.
- A minimum of fifty percent (50%) of the minor coursework must be completed in residence at USF.
- USF coursework for a minor must have a minimum GPA of 2.00; some minors have higher minimum GPA requirements.
- Only an undergraduate, degree-seeking student at USF is eligible for a minor.
- A minor can be applied for and awarded only in conjunction with applying for and receiving a baccalaureate degree.
- A maximum of 3 credits of S/U coursework may be counted toward the minor.

Academic Residency

Any credits transferred into the University of South Florida must be processed as transfer credits from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission.

Candidates for graduation must have completed at least 30 hours of the last 60 hours of their undergraduate credits in courses offered by USF. Individual colleges and programs may have more stringent requirements, approved by the University, such as the number of specific courses in the major that must be completed. Exceptions to the above rules may be made for students who are enrolled at other universities in USF approved exchanges, study abroad programs or co-op training programs. CLEP credit does not count toward academic residence.

Students must successfully complete at least 50 percent of the required courses in the major in courses offered by USF. In cases of hardship or lack of course availability, individual exceptions may be approved by the respective college Dean or designee to help ensure timely graduation.

Academic Standing

Undergraduate students are expected to maintain a 2.00 or higher cumulative USF grade point average (GPA). Students are in good standing if they meet the minimum GPA standards based on GPA hours. A student must be in good academic standing in order to graduate. A student must be in good academic standing in order to graduate.

Students on probation or suspension are not considered to be in good academic standing.

GLOSSARY

Canvas

Canvas is a learning management software that enables you to complete class assignments, read course documents, post discussions, communicate with classmates, and check your grades for each assignment, and access your email. Virtually all professors use Canvas as a way to communicate noteworthy information to their students. You can access Canvas through MyUSF.

Class Standing

The classification of a degree-seeking student is based upon the number of semester hours earned. A student's class is determined by the number of credits they have earned without relation to their GPA.

Unclassified	Non-degree-seeking student
Freshman	0 through 29 semester hours passed
Sophomore	30 through 59 semester hours passed
Junior	60 through 89 semester hours passed
Senior	90 or more semester hours passed; however, no baccalaureate degree earned at USF
Post Baccalaureate	Baccalaureate degree-holder working on a second undergraduate program or degree

Concentration

Academic Curricular Offerings - USF Regulation 3.038

<https://usf.app.box.com/v/usfregulation3038>

A *concentration* is a structured plan of study which is offered as part of a major and enhances or complements the degree to be awarded in a manner which leads to specific educational or occupational goals, and/or from different disciplines that provide an interdisciplinary focus.

The number of credit hours for a concentration varies, but cannot equal or exceed the number of credit hours established for the major at a degree level - i.e., the number of credit hours for a concentration must be a subset of the credit hours required for the major. The concentration appears on the official transcript.

Each undergraduate concentration conforms to these University requirements:

1. At least 50 percent of the required coursework must be earned from the USF institution awarding the concentration.
2. USF coursework for a concentration must have a minimum GPA of 2.00; some majors/concentrations have higher minimum GPA requirements.
3. Only an undergraduate, degree-seeking student at USF is eligible to pursue a concentration.

A concentration can be applied for and received only in conjunction with applying for and receiving a baccalaureate degree.

Continuous Enrollment

Continuous enrollment is defined as enrolling as a degree seeking student at least one term each twelve (12) month period. Therefore, students cannot choose a USF catalog published prior to or during an academic year in which they did not maintain continuous enrollment. Each catalog is considered to be published during the academic year printed on the title page.

If a student does not maintain continuous enrollment, the student becomes inactive and must reapply.

If the student cannot meet all of the graduation requirements specified in the catalog of their choice due to decisions and policy changes by the University, course offerings, etc., appropriate substitutions will be determined by the department chairperson of the student's major.

GLOSSARY

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

USF's policies are subject to change and apply to all students regardless of their choice of catalog. If the student's graduation requirements are affected by changes in University policies, appropriate arrangements will be made to not penalize the student.

Course Requisites

A *prerequisite* is a course in which credit must be earned prior to enrollment in another course. A *corequisite* is a course that must be taken concurrently with another course. A *co-prerequisite* may be taken either prior to or at the same time (concurrently) as another course.

It is the student's responsibility to review prerequisite and co-requisite information as stated in the course description. Transient and Visiting Students should follow these outlined steps to receive permission to register for a course with requisites. All other non-degree students should contact the academic department for permission to enter any course that requires a prerequisite or co-requisite. USF reserves the right to drop a student who does not meet the course requisites from the appropriate course(s). A student whose registration is cancelled will receive an email notification from the Office of the Registrar to the student's USF email account.

Degree Program

Authorization of New Academic Degree Programs and Other Curricular Offerings - Florida Board Of Governors Regulation 8.011

https://www.fibog.edu/wp-content/uploads/2022/06/Regulation-8.011_Final_Amended.pdf

A *degree program* is an organized curriculum leading to a degree in an area of study recognized as an academic discipline by the higher education community, as demonstrated by the assignment of a Classification of Instructional Programs (CIP) code by the National Center for Educational Statistics (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>) or as demonstrated by the existence of similar degree programs at other colleges and universities.

Each degree program shall have designated faculty effort and instructional resources and shall be assigned a CIP code and included in the State University System Academic Degree Program Inventory. Each degree program shall include at least one program major but may have multiple majors.

Degree Works Academic Audit

Degree Works is a web-based degree audit and tracking system helping students and academic advisors monitor progress toward degree completion. It provides academic information related to degree progress and displaying courses required and completed in the student's degree program. Access Degree Works using the student's activated USF NetID.

Note: Graduate, professional, and non-degree seeking students do not use Degree Works at this time.

Double Major

Students pursuing a double major are receiving only one degree (e.g., Bachelor of Arts) but are completing requirements for two majors. For example, a student may be earning one Bachelors of Arts degree with majors in Anthropology and American History. Students wishing to pursue a double major must work with their advisor to ensure they can finish both majors in time and that both majors are declared and tracked appropriately.

Dual Degrees

Students pursuing dual degrees are receiving two degrees (e.g., a Bachelor of Arts and a Bachelor of Science or two Bachelor of Arts degrees). They must complete at least 150 credits (120 credits for the first degree and at least 30 additional credits for the second degree). For example, a student may be earning a Bachelors of Arts degree in Anthropology and a Bachelors of Science degree in Biology. Students wishing to pursue dual degrees must work with their advisor to ensure they can finish both degrees in time and that both degrees are declared and tracked appropriately.

Grade Point Average

GLOSSARY

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The university uses the quality points in the Grading System. The grade point average (GPA) is computed by dividing the total number of quality points by the total hours attempted at USF. The total quality points are calculated by multiplying the number of credits assigned to each course by the quality point value of the grade given. Credit hours for courses with grades of "I, IU, M, N, S, U, W, WC, Z" and courses that have a repeat indicator of "E" on the academic transcript are subtracted from the total hours attempted before the GPA is calculated.

Credit hours for repeated USF coursework will be awarded only once per course unless the course is an university-approved repeatable course. "D, F, FF, IF and MF" grades, however, for repeated USF coursework will be counted in the computation of the student's GPA as many times as those grades for that course are recorded. If a student originally earns a "C" or higher in a course that may not be repeated for additional credit, and then earns a "C" or higher on a subsequent enrollment, the new grade is not computed in the GPA unless Grade Forgiveness is applied.

Grading System

USF faculty may use a plus/minus grading system to assign student grades. The use of the plus/minus grading system is at the discretion of the individual faculty member.

A student's measure of academic achievement is recorded on the academic record based on the following grading system:

Plus/Minus Grades	Quality Points
A+	4.00
A Excellent performance	4.00
A-	3.67
B+	3.33
B Good performance	3.00
B-	2.67
C+	2.33
C Average performance	2.00
C-	1.67
D+	1.33
D Poor performance	1.00
D-	0.67
F	0.00
FF Failure/academic dishonesty	0.00
IF Incomplete grade changed to failure	0.00
MF Missing grade changed to failure	0.00

Grades not factored into GPA	Explanation
I	Incomplete
IU	Incomplete grade changed to unsatisfactory
M	No grade submitted by instructor
MU	Missing grade changed to unsatisfactory
N	Audit
NC	Not counted transfer coursework
NG	No grade equivalent for transfer coursework
NR	Missing grade that is not resolvable
R	Repeat transfer coursework
S	Satisfactory
T	Graduate transfer coursework

GLOSSARY

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

U	Unsatisfactory
W	Withdrawal from course without penalty
WC	Withdrawal for extenuating circumstances
Z	Continuing registration

Note: The grade of "C-" will satisfy specified minimum requirements for the State Mandated Communication and Computation Requirements courses, General Education, and the common prerequisites unless otherwise specified in the Catalog.

MyUSF

USF's Portal (<https://my.usf.edu/Pages/Home.aspx>). MyUSF is the window to all of your technology needs including access to Canvas.

NetID and USF E-mail Address

Almost all online activity at USF including MyUSF, Canvas and student email requires your USF NetID. Create a student NetID to activate your official USF student email account via MyUSF.

Network Access

Before you begin using the USF network, your computer or mobile device must be registered. Once registered, you are able to surf the USF network. The following items are needed:

- A valid USF email address
- Computer's network adapter address (also known as physical address or mac address)
- A non-USF email address
- A valid phone number

For any University technology questions or concerns, contact the Information Technology Help Desk (<https://www.usf.edu/it/services/client-support>) at (813) 974-1222.

OASIS

Student self-service access via MyUSF. OASIS provides online access to your personal student information and self-service functionality. In OASIS, you can register, pay tuition and fees, and see midterm and final grades.

Second Baccalaureate Degree/ Post-baccalaureate Degree

A student who has already graduated from an accredited four-year institution (including the University of South Florida) **must earn a minimum of an additional 30 semester hours of USF undergraduate courses** to apply toward their second baccalaureate degree. Students must also meet the University's regular graduation requirements, as well as the requirements of the College awarding the degree and the residency requirements. Students should meet with their Academic Advisor to review graduation requirements (<https://www.usf.edu/undergrad/students/advising-offices.aspx>).

Semester System

USF operates on a semester system. Fall semester begins in August and Spring semester begins in January. Summer sessions begin in May and July. See the Important Dates & Deadlines at <https://www.usf.edu/registrar/calendars/index.aspx>.

Undergraduate Certificate

Academic Curricular Offerings - USF Regulation 3.038

<https://usf.app.box.com/v/usfregulation3038>

A *certificate* is an organized set of courses offered as a distinct area of study that leads to specific educational or occupational goals. Certificates may consist of courses that are part of a major or courses

GLOSSARY

that are created outside of a major. The number of credit hours for a certificate shall be set by the university. The credential is the "certificate" (i.e., the student does not earn a degree).

Each undergraduate certificate conforms to these university requirements:

1. Students must be admitted as undergraduate, degree seeking or non-degree seeking to be eligible to receive an undergraduate certificate.
2. A minimum of 12 semester hours of credit used to satisfy the requirements of a certificate must be from USF courses; at least 50 percent of the required coursework must be earned from the institution awarding the certificate.
3. USF coursework for a certificate must have a minimum GPA of 2.00; some undergraduate certificates have higher minimum GPA requirements.
4. In pursuing a certificate, the student should consider the Excess Credit Hour Surcharge (<https://www.usf.edu/registrar/resources/excess-hours/index.aspx>) required by the State for excess credit hours; courses that lead to professional certification may be excluded from excess hours, but certificates on their own are generally not excluded from excess hours.

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

About the College

USF College of Arts and Sciences (CAS) is committed to promoting globally-competitive undergraduate, graduate and professional programs that support interdisciplinary inquiry, intellectual development and skill acquisition.

USF's academic programs are designed to meet the needs of all learners, including traditional learners, special needs learners, adults interested in advancing their careers, veterans and distance learners. Undergraduates are strongly encouraged to take advantage of a wide range of undergraduate research opportunities and study abroad programs.

Students in the College of Arts and Sciences focus on a specific discipline, but degree programs and opportunities for research and internships encourage students to get a broad, interdisciplinary liberal arts education. The CAS Office of Graduate and Undergraduate Studies helps to oversee the administration of these programs and provides resources for faculty members and students to facilitate effective learning.

Mission, Vision, Values

The College of Arts and Sciences is the intellectual heart of the University of South Florida. We are a community of teachers and scholars united in the belief that broadly educated people are the basis of a just, free, and prosperous society. By focusing on the big questions facing all of humanity, we prepare students for successful personal and professional lives. By conducting innovative, interdisciplinary research and scholarship, we advance knowledge in ways that prepare us to address vexing social problems and enhance quality of life for people and communities.

The College of Arts and Sciences aspires to be a national model for integrating the humanities, social sciences, and natural sciences into a dynamic, trans-disciplinary entity focused on knowledge generation, global problem solving, skills development, and real-world applications. We will nurture academic success for a diverse population by creating engaged, inclusive learning environments that prepare students for productive personal and professional lives as global citizens. Through innovative, interdisciplinary research, creative activities, and mutually beneficial community partnerships, the college seeks to become a global leader in scholarship that addresses vexing social and environmental challenges and consequently enhances quality of life for all.

Campus Housing Opportunities

BioLife – First Year Interest Group Housing at the St. Petersburg campus

The BioLife First Year Interest Group is an academic-based community open to first-year students majoring in Biology at the St. Petersburg campus. This community offers residents the opportunity to learn together about the interdisciplinary nature of biology, engage with faculty in the Biological Sciences program, participate in civic engagement activities with a biology focus, and explore potential career opportunities. For more information, visit: <https://www.stpetersburg.usf.edu/student-life/housing/residential-community-programs/#toggle-id-2>

STEM Living Learning Community – Housing for STEM majors at the Tampa campus

The STEM Living Learning Community (LLC), located in Cypress Hall, is a stimulating living learning environment that was created to meet the needs of STEM students interested in various science, technology, engineering, psychology, and math areas. The goals of the STEM LLC are to assist students in achieving academic and personal success while fostering an understanding of the multiple career pathways available to graduating STEM students. The STEM LLC is open to the following majors: Biomedical Sciences, Biology (all related biology), Molecular Biosciences, Chemistry (all related chemistry), Computer Science, Engineering, Geology/Geological Sciences, Health Sciences, Mathematics, Physics, Psychology and Statistics. To learn more and apply, visit: <https://www.usf.edu/housing/residential-learning/llc-major/stem.aspx>

Rising Health Professionals Living Learning Community – Pre-Health Housing at the Tampa campus

Live with other students preparing to become a health professional in the Rising Health Professionals LLC, located in Beacon Hall. Explore a range of careers open to Pre-Health track students via experiential learning opportunities, faculty mentoring and peer connections. Benefit from in-hall academic advising and tutoring in required Pre-Health track courses. The LLC is open to any student on the Pre-Health track in the College of Arts and Sciences. To learn more and apply, visit: <https://www.usf.edu/housing/residential-learning/llc-major/rising-health.aspx>

Zimmerman Advertising Program Living Learning Community – Housing for first-year ZAP students at the Tampa campus

The Zimmerman Advertising Program Living Learning Community (ZAP LLC) is for first-year undergraduates who

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

know that they want to be future leaders in the advertising industry, such as Brand Managers and Chief Marketing Officers. Expand your understanding of this exciting career aspiration with the shared experiences of a built-in peer network. The ZAP LLC creates unique opportunities to interact with Business and Mass Communications faculty; tour agencies, media and marketing firms; interact with working professionals; and prepare for internships. Visit the ZAP Website to learn more

Admission Requirements, Initial Major Declaration and Change of Major

Admission to the College of Arts and Sciences is open to students who have been accepted to the University of South Florida and who declare a major in a particular field provided that students are able to meet degree progression standards per USF Policy 10-505.

Undergraduate students must submit a formal declaration of major for admission into the College. This usually occurs during orientation and advising for new students. Students who wish to change their major after matriculation also need to seek approval. Declaration and Change of major requests should be completed online at <https://www.usf.edu/arts-sciences/students/undergraduate/declare-a-cas-major.aspx>. To ensure students are able to meet degree progression standards per USF Policy 10-505, the Office of Admissions and College of Arts and Sciences staff will review student records before processing declaration or change of major requests. Students who cannot complete the requested major within degree progression limits will not be permitted to pursue the major. Students preparing for a science or mathematics career must plan their courses carefully because of the sequential nature of the curricula. Students seeking entrance into a health professional school or the medical technology internship program require specialized counseling, therefore, immediate application for admission into the College is strongly recommended.

College-Level Graduation Requirements

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major

Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

Other Information - Health Professions

The University of South Florida is an excellent location to prepare for a career in the health professions. The Veterans Administration Hospital, University of South Florida Medical Center, Shriners Hospital for Children, H. Lee Moffitt Cancer Center and Research Institute, University of South Florida Mental Health Institute, University of South Florida Health Byrd Alzheimer's Institute, and Florida Hospital Tampa, are within walking distance of the campus, and offer students excellent opportunities for shadowing, clinical volunteering and research.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The Division of Health Professions Advising (DHPA) in the College of Arts and Sciences, offers programs designed to prepare students for admission to allopathic medicine (M.D.), osteopathic medicine (D.O.), chiropractic medicine, dentistry, optometry, podiatry, veterinary medicine, pharmacy, physician assistant, anesthesiologist assistant, occupational therapy and physical therapy. Most of these health professions require four years of undergraduate pre-professional preparation, followed by four years of training in a professional school. A few well-prepared students with exceptional qualifications may be admitted to some professional schools, as early as the completion of the junior year of pre-professional work. The pre-professional programs do not meet requirements for a degree; therefore, students must choose a major in addition to fulfilling their pre-professional requirements. Most pre-professional students major in biology, biomedical sciences, or chemistry, because of their interest in a health profession. There is considerable overlap between the pre-professional curriculum and the above majors' requirements. However, there is no specific major required for admission into a health profession. Entrance into all professional schools or programs is competitive, and students should begin establishing a record of academic excellence within their first year at USF. Furthermore, it is essential that students also pursue courses in the social sciences and humanities. Students must have shadowing and clinical volunteer experiences related to their intended profession.

Students considering one of the health professions should visit the DHPA website at <https://www.usf.edu/arts-sciences/health-professions/>. They can also contact the Division by email at healthprofadvise@usf.edu. Admitted students to USF should declare their interest in a health profession when they attend Orientation.

The following websites provide information on the study of medicine, physical therapy, pharmacy and physicians assistant programs at the University of South Florida.

Allopathic Medicine (MD), visit <https://health.usf.edu/medicine/>.

Physical Therapy, visit <https://health.usf.edu/medicine/dpt>

Pharmacy, visit <https://health.usf.edu/pharmacy/>.

Physicians Assistant, visit <https://health.usf.edu/medicine/pa/>.

General Requirements for Health Professions Schools

The following courses prepare students for admission to professional schools of chiropractic medicine, dentistry, allopathic medicine, osteopathic medicine, podiatric medicine, optometry, veterinary medicine, and pharmacy. All of these professional schools have in common the following course requirements, which should be completed by the end of the junior year, the usual time of application:

Biology

BSC 2010 - Cellular Processes/BSC 2010L - Cellular Processes Laboratory

BSC 2011 - Biodiversity/BSC 2011L - Biodiversity Laboratory

Chemistry

CHM 2045 - General Chemistry I/CHM 2045L - General Chemistry I Laboratory

CHM 2046 - General Chemistry II/CHM 2046L - General Chemistry II Laboratory

CHM 2210 - Organic Chemistry I/CHM 2210L - Organic Chemistry Laboratory I

CHM 2211 - Organic Chemistry II/CHM 2211L - Organic Chemistry Laboratory II

Physics

PHY 2053 - General Physics I/PHY 2053L - General Physics I Laboratory

PHY 2054 - General Physics II/PHY 2054L - General Physics II Laboratory

Some schools require calculus, and some require one or two courses in biochemistry. CLEP credit is not generally accepted by professional schools. Some schools do not accept AP or IB credit and have specific restrictions for accepting dual enrollment credits. Students should check with the school of their choice regarding acceptable acceleration credit. To be competitive for acceptance into health professions schools, students need to take upper level natural science coursework.

B.S. in Biomedical Sciences for Early Admission Students

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Early admission to professional school is exceptional with today's competitive applicant pool; however, a few students may be admitted prior to completion of the Bachelor's degree through special programs.

There are no State Mandated Common Prerequisites for this degree program.

Students planning on early admission should begin studies at a 4-year institution, as professional schools require at least 1 year of studies at a university prior to application. Depending upon the professional school, additional science courses may be required or strongly recommended as indicated in the preceding sections. Exposure to a health profession is also strongly recommended.

Students who are admitted to an accredited U.S. medical or dental school after completing their junior year at the University of South Florida may be awarded the B.S. degree in Biomedical Sciences from the College of Arts and Sciences subject to the following conditions:

Transfer of a minimum of 30 semester hours of science courses from an accredited medical or dental school.

Completion of a minimum of 90 semester hours of credit with a minimum grade point average of 00 prior to transfer to the medical or dental school.

Completion of the following courses with at least a C in each course.

Completion of the University's General Education Requirements.

Completion of the last 30 hours prior to transfer to a medical or dental school in residence at the University of South Florida.

Application for the degree must be received no later than two years from the date of entrance into the professional school.

Students that are admitted to professional schools of veterinary medicine, optometry, physical therapy, or podiatric medicine prior to completion of their degree may also be able to transfer courses from the professional school and receive their Bachelor's degree. However, approval of the courses to be transferred must be obtained on an individual basis from the College of Arts and Sciences, and in some cases, it may be necessary for students to complete more than 90 hours prior to leaving the University of South Florida.

Global Pathways

<https://www.usf.edu/qcp/students/index.aspx>

A Global Pathway is an undergraduate major or degree program that has significant global content. Global Pathways provide students with the opportunity to practice and apply global competencies through the major or degree program. The following programs are designated as Global Pathway Programs:

Anthropology

<https://www.usf.edu/arts-sciences/departments/anthropology/>

Interdisciplinary Social Sciences

<https://www.usf.edu/career-services/students/wcidwami-interdisciplinary-social-sciences.aspx>

Religious Studies

Undergraduate Advising Information

The College of Arts and Sciences' decentralized advising provides students the opportunity to work with a professional who has specialized knowledge and understanding of the major requirements, course offerings, and undergraduate research and career opportunities in their field. In addition to major advising, the college offers pre-professional advising for students intending to pursue careers in law and the health professions. Each program has

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

its own advising office. The advisor should be contacted for information on curriculum planning, graduation requirements, and admission to professional schools.

Undergraduate Advisors List

<http://www.usf.edu/arts-sciences/students/academic-advising/undergraduate-advising.aspx>

To schedule an advising appointment:

Prospective or current students with an active UID can schedule an appointment online:

<https://usf.appiancloud.com/suite/sites/archivum/page/archivum/report/daQEig>

Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major:

<https://www.usf.edu/undergrad/students/advising.aspx>

Health Professions Advising: Please refer to <http://cas.usf.edu/healthprofessions/advising/>.

Pre Law Advising: Please email questions to PreLawAdvise@usf.edu.

SUSTAINABILITY STUDIES B.A.

TOTAL DEGREE HOURS: 120

The Sustainability Studies Bachelor of Arts degree at University of South Florida will prepare graduates for careers in industrial settings, commercial outlets, not-for-profit organizations, and government agencies. A degree in Sustainability Studies allows the individual to become the point of contact for managers, owners, and politicians when implementing new technologies and policies. Sustainability Studies provides the tools to safeguard the well-being of future generations, increase profits today, and understand the role science plays in developing new technologies to address societal challenges.

The program establishes a foundation in Sustainability Studies by integrating the natural sciences, social sciences and business into the core curriculum. This distinctive core curriculum makes it unique in the state, providing students with a broad base of skills, knowledge, and abilities, in the context of a recognizable and valued program of preparation for careers or graduate studies.

A degree in sustainable studies will increase the value of a degree in:

Business: By understanding how sustainability concepts can increase efficiency and profits and provide corporate direction to deal with the ever-changing policy landscape.

Social Science and Policy: To help create and implement new policies, laws, and techniques to create a stable and enriched future and to protect the well-being of future generations.

Science: By enhancing the understanding behind new technologies and the ability to help businesses and government agencies to implement sustainable processes.

Students must complete 120 course hours, including all required prerequisite and core courses. The curriculum includes all university and college degree requirements.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - SUSTAINABILITY STUDIES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

There are no specified common prerequisites for this major.

MAJOR REQUIREMENTS: (37 CREDIT HOURS)

MAJOR REQUIRED CORE COURSES: 12 COURSES; 33 CREDIT HOURS

The core courses are designed to provide students with a broad interdisciplinary knowledge base in business, social sciences and the natural sciences to prepare students for a wide variety of careers or graduate work in fields related to sustainability studies.

Natural Science Courses: 3 courses; 9 credit hours

- CHM 3080 - Chemistry for Sustainability **Credit(s): 3**
- EVR 2001 - Introduction to Environmental Science **Credit(s): 3**
- PHY 2036 - The Physics of Sustainability **Credit(s): 3**

Social Science Courses: 3 courses; 9 credit hours

- EVR 3874 - Sustainable Human Systems **Credit(s): 3**
- EVR 4878 - Methods for Environmental Policy Analysis and Sustainability **Credit(s): 3**
- GEO 3112 - Qualitative Research Methods in Geography **Credit(s): 3**

Business Courses: 3 courses; 9 credit hours

- ENT 3004 - Principles of Entrepreneurship **Credit(s): 3**
- ENT 4803 - Sustainable Entrepreneurship **Credit(s): 3**
- GEB 3373 - International Business **Credit(s): 3**

Capstone Course: 1 course; 4 credit hours

- ISS 4942 - Practicing Sustainability **Credit(s): 4**

MAJOR ELECTIVE COURSES: 2 COURSES; 6 CREDIT HOURS

Select **two (2) courses** for a total of **six (6) credit hours** from the list below:

- ANT 4403 - Environmental Anthropology **Credit(s): 3**
- ANT 4442 - Urban Life and Culture **Credit(s): 3**
- ANT 4467 - Food, Health, and Culture **Credit(s): 3**

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ANT 4495 - Methods in Cultural Research **Credit(s): 3**
CPO 4034 - Politics of the Developing Areas **Credit(s): 3**
ECP 3201 - Economics of Women and Work **Credit(s): 3**
ECP 3302 - Environmental Economics **Credit(s): 3**
ECS 3013 - Economic Development **Credit(s): 3**
EVR 2861 - Introduction to Environmental Policy **Credit(s): 3**
EVR 4027 - Wetland Environments **Credit(s): 3**
EVR 4051 - Environmental Field Methods **Credit(s): 3**
EVR 4114 - Climate Change **Credit(s): 3**
GEO 3352 - The Human Footprint on the Landscape **Credit(s): 3**
GEO 4340 - Natural Hazards **Credit(s): 3**
GEO 4372 - Global Conservation **Credit(s): 3**
GEO 4379 - Geographic Perspectives on Environment **Credit(s): 3**
GIS 4302C - GIS for Sustainability **Credit(s): 4**
GLY 4734 - Beaches and Coastal Environments **Credit(s): 3**
PHI 3640 - Environmental Ethics **Credit(s): 3**
PUP 4203 - Environmental Politics and Policy **Credit(s): 3**

ADDITIONAL INFORMATION - SUSTAINABILITY STUDIES B.A.

GPA REQUIREMENTS

An overall average of 2.50 GPA or greater in all core courses.
A transfer student must have a 2.0 GPA or higher when combined with all work attempted at other institutions.

GRADING REQUIREMENTS

A minimum of score of C (not C-) or greater in all core courses.

RESIDENCY REQUIREMENT

Students are required to complete 50% of the Sustainability Studies major at USF.

INTERNSHIP OPPORTUNITIES

The Sustainability Studies Degree requires a Senior Capstone Course ISS 4942 Practicing Sustainability (fully vetted) which enables students to choose either a Practicum experience or an Internship. A wide range of internship experiences are available to students, including opportunities with:

Pinellas Community Composting Alliance - (Food Justice & Sustainability Program)
Keep Pinellas Beautiful
Feeding Florida - Fresh Access Bucks Program - (Food Justice & Sustainability Program)
Brick Street Farms
Southwest Florida Water Management District - FARMS (Facilitating Agricultural Resource Management Systems) program
The Florida Aquarium - Corals research / regeneration
Rocky Mountain Biological Laboratory - plant taxonomy / research
Florida Wildlife Corridor
Environmental Protection Commission
Montana Conservation Corps via Americorps
Reef Monitoring Inc
Tampa Bay Network to End Hunger (Food Justice & Sustainability Program)
Bartlett Park Community Garden (Food Justice & Sustainability Program)
WunderFarms (Food Justice & Sustainability Program)
Edible Peace Patch (Food Justice & Sustainability Program)
Surfriders Foundation - Rise Above Plastics

Please note this is not an exhaustive list.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

INTEGRATED PUBLIC RELATIONS AND ADVERTISING B.S.

TOTAL DEGREE HOURS: 120

The Bachelor of Science in Integrated Public Relations and Advertising will prepare students for leadership positions in the fields of public relations, advertising, and integrated communications. Graduates will understand persuasive communication and be able to apply technology. Graduates will also find themselves developing advertising, public relations, or integrated campaigns for clients in a growing digital media environment.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - INTEGRATED PUBLIC RELATIONS AND ADVERTISING B.S.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

There are no State Mandated Common Prerequisites for this program.

SUPPORTING REQUIRED COURSES: 2 COURSES; 6 CREDIT HOURS

The following courses are supporting required courses for this major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

A minimum grade of "C" (not C-) in each supporting course is required.

ENC 1101 - Composition I **Credit(s): 3**

MASS COMMUNICATIONS B.A., WITH BROADCAST NEWS CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in Mass Communications prepares students for media careers in broadcast journalism, digital media, broadcast production, or promotional communication. The program has two concentrations: Broadcast-News and Broadcast-Program and Production.

Graduates should understand the structure and functions of media systems as well as the basic processes of mass communication. Students learn writing and video skills that prepare them for a variety of media jobs. The Tampa media market, which consistently ranks in the top 15 in the country, provides students with opportunities to learn from industry professionals who visit classes and host students in their workplaces. While pursuing their studies, students are strongly encouraged to expand their learning beyond the classroom by completing internships and working in the field.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

MASS COMMUNICATIONS B.A., WITH BROADCAST PROGRAM AND PRODUCTION CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in Mass Communications prepares students for media careers in broadcast journalism, digital media, broadcast production, or promotional communication. The program has two concentrations: Broadcast-News and Broadcast-Program and Production.

Graduates should understand the structure and functions of media systems as well as the basic processes of mass communication. Students learn writing and video skills that prepare them for a variety of media jobs. The Tampa media market, which consistently ranks in the top 15 in the country, provides students with opportunities to learn from industry professionals who visit classes and host students in their workplaces. While pursuing their studies, students are strongly encouraged to expand their learning beyond the classroom by completing internships and working in the field.

MASS COMMUNICATIONS MINOR

The minor in Mass Communications is available to students pursuing any other major at USF.

MINOR REQUIREMENTS

The minor in Mass Communications requires a minimum of 18 hours of School coursework.

TOTAL MINOR CREDIT HOURS: 18

MINOR CORE CREDIT HOURS: 6

MMC 2100 - Media Writing **Credit(s): 3**

MMC 3602 - Media and Society **Credit(s): 3**

MINOR ELECTIVE CREDIT HOURS: 12

Twelve (12) hours may be selected from among School offerings and must include a minimum of nine (9) hours at the 3000-level or higher.

Any course with a prefix of: MMC, ADV, JOU, PGY, PUR, RTV, VIC

GPA REQUIREMENT

A 2.5 GPA in all minor coursework must be maintained.

GRADING REQUIREMENTS

A "C" (2.0, Not C-) or better is required to meet minor course requirements.

RESIDENCY REQUIREMENTS

Fifty percent (50%) of the minor must be completed through USF coursework.

OTHER REQUIREMENTS

All major course prerequisites must be met.

Students who wish to minor must apply for admission to the Zimmerman School of Advertising & Mass Communications and must meet all admission standards required of majors. Please see the Major in Mass Communications for more admission information.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

DEPARTMENT OF ANTHROPOLOGY

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ANTHROPOLOGY B.A.

TOTAL DEGREE HOURS: 120

Anthropology aims at comprehending people as biological and social beings. It is concerned with all forms of people through time and space. This holistic and broad-ranging view is reflected by the presence within the Anthropology program of four branches or sub-fields: Archaeology, Biological Anthropology, Cultural Anthropology, and Linguistics. Exposure to anthropological information and the cross-cultural perspective produces heightened sensitivity in the student to the world about him/her. This helps the student to adopt an intellectual posture of disciplined skepticism with respect to any scheme that purports to define and account for regularities in human life. Students majoring in other fields may find Anthropology coursework an exciting and valuable supplement to their primary academic interest.

Certified Global Pathway

This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of High Impact Practices and Undergraduate Research website.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES-ANTHROPOLOGY B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

ADDITIONAL INFORMATION - ANTHROPOLOGY B.A.

OTHER REQUIREMENTS

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Anthropology majors are urged to become competent readers and speakers of a relevant foreign language (which may include American Sign Language, Latin, or Greek, depending on their interests). They are also urged to enhance their English reading, writing, speaking and critical thinking capabilities and develop their skills in computational, statistical and other forms of quantitative analysis at every opportunity. Students are encouraged to fulfill General Education and Exit requirements with courses relevant to their interests in anthropology whenever possible. In pursuit of all these goals, they should meet with the department's undergraduate advisor at least once each semester to discuss such topics as academic progress, future course plans, Anthropology's Honors Program, summer field schools, job opportunities, graduate education and professional careers in anthropology.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.5

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

INTERNSHIP OPPORTUNITIES - ANTHROPOLOGY B.A.

Through the internship program, anthropology students have the opportunity to receive educational, hands-on training from various organizations, agencies, companies or institutions for credit. The course includes an exploration of the ethics of applied anthropology and careers in applied settings, such as community organizing, forensics, public/community health, or cultural resource management. Students will complete field journals and receive feedback from advisers throughout. This course fulfills selective credits required for the completion of the anthropology program. For more information, please visit: <http://anthropology.usf.edu/internships/>.

OPTIONAL HONORS PROGRAM - ANTHROPOLOGY B.A.

The purpose of the Honors Program is to provide outstanding Anthropology undergraduates with advanced, individually tailored training in areas of anthropology of interest to them. The program, operating independently of the major itself, involves a year of coursework and research culminating in the writing of an Honors thesis. Students in the first semester of their junior year, prior to completion of 90 semester hours, may apply to the program.

Admission is competitive, based on the student's overall academic record:

Minimum overall 3.25 GPA,

3.5 GPA for USF Anthropology coursework,

A two-page, personal statement indicating research interests, and

A letter of recommendation and commitment from a faculty member of the Department of Anthropology.

Successful completion of the program requires:

Maintenance of an overall 3.25 GPA,

Maintenance of a 3.5 GPA in the major,

Completion of ANT 4932 Honors Seminar, with a grade of B or better,

Completion of ANT 4970 (3) (Honors Thesis) with a grade of "S,"

Presentation of the research at the Department's Honors Colloquium, and

Completion of all other requirements for graduation.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Please see the Anthropology Department undergraduate advisor for further information and application forms.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. Students may do a ANT 4901 - Directed Reading or ANT 4905 - Individual Research with credits applying to the major. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research will assist students in understanding the various course options (<https://www.usf.edu/undergrad/hipur/index.aspx>).

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

BIOMEDICAL ANTHROPOLOGY B.S.

TOTAL DEGREE HOURS: 120

The Bachelor of Science in Biomedical Anthropology will ground students in key concepts in anthropology, health and illness, and human biology. Students will learn to use biological, cultural, and medical anthropology to approach human health from a holistic, cross-cultural perspective. Students will learn how to examine human health and well-being in the context of human biological and cultural diversity, understand the connections between health and disease and human social and evolutionary contexts, and apply these anthropological perspectives to human illness, treatment, and healthcare systems

The Biomedical Anthropology major provides 1) an understanding of the core anthropological theories and methods used to study human health and illness, 2) an introduction to the basics of biological science, 3) an awareness of social inequalities and how they are manifested in human bodies, 4) an introduction to the ethics of human research, and 5) research, critical thinking, and writing skills that can be used in a wide variety of professional settings and graduate work, including professional school for allied health careers. Alongside their coursework, students will learn through community-based, applied research that is holistic and interdisciplinary.

Anthropology examines culture, race, ethnicity, class, gender, and inequality and emphasizes effective cross-cultural communication. Students will learn how to work with diverse populations and how to better understand local and global diversity. Biomedical Anthropology (BAN) majors will be able to identify inequalities in health outcomes (including race, ethnicity, class, gender, sexuality, dis/ability, and others) and apply anthropological concepts to explain these outcomes and identify potential solutions. BAN majors will be ready for success in health careers that address complex health problems and provide effective services to the varied populations in the state of Florida and across the United States.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - BIOMEDICAL ANTHROPOLOGY B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

ANTHROPOLOGY ELECTIVE COURSES: 3 COURSES; 9 CREDIT HOURS

Students need to complete 9 credit hours in anthropology electives. Note that students can take either ANT 3101 Archaeology or ANT 3610 Linguistic Anthropology, but not have both count towards filling these 9 credit hours. Also note that for ANT 4930 Special Topics to count towards this requirement, the Special Topic class must be related to biomedical anthropology. ANT 4930 courses that are related to biomedical anthropology include Nutritional Anthropology, Paleopathology, Global Health, Human Reproductive Ecology, Human Growth and Development, Human Sexuality, Research in Physician-Patient Interaction, Brain and Culture, and Research Methods in Human Biology.

ANT 3101 - Archaeology **Credit(s): 3**
ANT 3610 - Linguistic Anthropology **Credit(s): 3**
ANT 4520C - Forensic Anthropology **Credit(s): 4**
ANT 4465 - Anthropology of Food **Credit(s): 3**
ANT 4468 - Biocultural Bases of Health and Disease **Credit(s): 3**
ANT 4525 - Human Osteology and Osteometry **Credit(s): 3**
ANT 4532 - Anthropology of Infectious and Contagious Diseases **Credit(s): 3**
ANT 4593 - Evolution and Health **Credit(s): 3**
ANT 4930 - Special Topics in Anthropology **Credit(s): 1-3**

ADDITIONAL INFORMATION - BIOMEDICAL ANTHROPOLOGY B.S.

OTHER REQUIREMENTS

Biomedical Anthropology majors are urged to become competent readers and speakers of a relevant foreign language (which may include American Sign Language, Latin, or Greek, depending on their interests). They are also urged to enhance their English reading, writing, speaking and critical thinking capabilities and develop their skills in computational, statistical and other forms of quantitative analysis at every opportunity. Students are encouraged to fulfill General Education and Exit requirements with courses relevant to their interests in biomedical anthropology whenever possible. In pursuit of all these goals, they should meet with the department's undergraduate advisor at least once each semester to discuss such topics as academic progress, future course plans, the Department of Anthropology's Honors Program, summer field schools, job opportunities, graduate education and professional careers in anthropology.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.5
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

RESIDENCY REQUIREMENT

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

INTERNSHIP OPPORTUNITIES

Through the internship program, anthropology students have the opportunity to receive educational, hands-on training from various organizations, agencies, companies or institutions for credit. The course includes an exploration of the ethics of applied anthropology and careers in applied settings, such as community organizing, forensics, public/community health, or cultural resource management. Students will complete field journals and receive feedback from advisers throughout. This course fulfills selective credits required for the completion of the anthropology program. For more information, please visit: <http://anthropology.usf.edu/internships/>.

OPTIONAL HONORS PROGRAM

The purpose of the Honors Program is to provide outstanding Anthropology undergraduates with advanced, individually tailored training in areas of anthropology of interest to them. The program, operating independently of the major itself, involves a year of coursework and research culminating in the writing of an Honors thesis. Students in the first semester of their junior year, prior to completion of 90 semester hours, may apply to the program.

Admission is competitive, based on the student's overall academic record:

- Minimum overall 3.25 GPA,

- 3.5 GPA for USF Anthropology coursework,

- A two-page, personal statement indicating research interests, and

- A letter of recommendation and commitment from a faculty member of the Department of Anthropology.

Successful completion of the program requires:

- Maintenance of an overall 3.25 GPA,

- Maintenance of a 3.5 GPA in the major,

- Completion of ANT 4932 Honors Seminar, with a grade of B or better,

- Completion of ANT 4970 (3) (Honors Thesis) with a grade of "S,"

- Presentation of the research at the Department's Honors Colloquium, and

- Completion of all other requirements for graduation.

Please see the Anthropology Department undergraduate advisor for further information and application forms.

RESEARCH OPPORTUNITIES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research will assist students in understanding the various course options.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

ANTHROPOLOGY MINOR

Students in many other programs will find an anthropological perspective of benefit. The minor program is structured to allow the student maximum flexibility in course selection within a broadly defined progression of anthropological concerns. Thus, the student is able to tailor a minor in anthropology to best suit specific wants and needs in the context of an overall curriculum.

MINOR REQUIREMENTS

The minor in Anthropology consists of a minimum of 15 credit hours. Students will normally begin progress toward the minor by taking at least one course from the minor core, as these often serve as prerequisites for the electives. No more than seven (7) credit hours from the minor core will count to the minor.

TOTAL MINOR CREDIT HOURS: 15

MINOR CORE CREDIT HOURS: 3-7

- ANT 2000 - Introduction to Anthropology **Credit(s): 3**
- ANT 2410 - Cultural Anthropology **Credit(s): 3**
- ANT 2511 - Biological Anthropology **Credit(s): 3**
- ANT 2511L - Biological Anthropology Laboratory **Credit(s): 1**
- ANT 3101 - Archaeology **Credit(s): 3**
- ANT 3610 - Linguistic Anthropology **Credit(s): 3**

MINOR ELECTIVE CREDIT HOURS: 9-12

Any combination of 4000 level elective courses in Archaeology, Biological Anthropology and Cultural Anthropology can be chosen.

GPA REQUIREMENTS

A 2.0 GPA is required for the minor.

GRADING REQUIREMENTS

A C (2.0) average is required for the minor.

RESIDENCY REQUIREMENT

Fifty percent (50%) of the minor must be completed through USF coursework.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

APPLIED ANTHROPOLOGY MINOR

This minor provides students with a practical toolkit for problem solving using an anthropological way of seeing and doing. Anthropology engages human diversity through research and application. With this minor, students will expand their cross-cultural awareness and learn to put anthropological methods to work. Through better understanding both past and present, students will learn how to engage with communities, environments, resources, and organizations, and gain experience in how to foster systemic change. Given anthropology's interdisciplinary approach, this minor is an excellent complement to a wide range of student majors and interests, including engineering, business, environmental science, mass communications, cultural resource management and museum studies, public health and health sciences, architecture, system design, and computer science.

MINOR REQUIREMENTS

The minor in Applied Anthropology consists of a minimum of 15 credit hours. Students have to take the two Core courses and at least 1 Methods course. ANT 2410 Cultural Anthropology and ANT 3101 Archaeology are both good entry courses into this minor, and act as prerequisites for many of the methods courses. Students may also take certain electives to fulfill the 15 credit hours.

REQUIRED MINOR COURSES: 9 CREDIT HOURS

Students must take the two required core courses and at least 3 credits of a designated ANT methodology course.

MINOR CORE COURSES (6 CREDITS)

- ANT 2410 - Cultural Anthropology **Credit(s): 3**
- ANT 4401 - Exploring Cross-Cultural Diversity **Credit(s): 3**

REQUIRED METHODS ELECTIVE

Required Methods Elective (3-9 credits)

Students must take at least one Method Course from the Methods Subfield List. To increase student acquisition of applied skills, students can take up to 9 credit hours in Methods. Please note that many methods courses have prerequisites such as ANT 2410 Cultural Anthropology and ANT 3101 Archaeology.

- ANT 4114 - Seminar in Archaeological Method and Theory **Credit(s): 3**
- ANT 4180 - Laboratory Methods in Archaeology **Credit(s): 3**
- ANT 4181 - Museum Methods **Credit(s): 3**
- ANT 4183C - Archaeological Science **Credit(s): 4**
- ANT 4185 - Ancient Diets **Credit(s): 3**
- ANT 4260 - Ancient Trade **Credit(s): 3**
- ANT 4285 - Oral History **Credit(s): 3**
- ANT 4390 - Visual Anthropology **Credit(s): 3**
- ANT 4403 - Environmental Anthropology **Credit(s): 3**
- ANT 4465 - Anthropology of Food **Credit(s): 3**
- ANT 4495 - Methods in Cultural Research **Credit(s): 3**
- ANT 4520C - Forensic Anthropology **Credit(s): 4**
- ANT 4525 - Human Osteology and Osteometry **Credit(s): 3**
- ANT 4824 - Archaeological Field Methods **Credit(s): 4-12**
- ANT 4932 - Honors Seminar **Credit(s): 3**

ADDITIONAL INFORMATION

MINOR ELECTIVE CREDIT HOURS (0-6 CREDITS)

Any of the electives listed below count towards the Applied Anthropology minor. ANT 3101 Archaeology acts as a prerequisite for many methods courses. To gain practical experience, students are encouraged to find an internship and use ANT 4940 Anthropology Internship to gain credit towards the minor.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Please note that for ANT 4930 Special Topics to count towards this requirement, the Special Topic class must be related to applied anthropology. Applied Anthropology ANT 4930 courses include Cultural Resource Management, Human Growth and Development, Environmental Justice, Ecofeminism, Nutritional Anthropology, Ancestral Landscapes: Heritage and Community Archaeology, and other related courses.

- ANT 2000 - Introduction to Anthropology **Credit(s): 3**
- ANT 3101 - Archaeology **Credit(s): 3**
- ANT 3610 - Linguistic Anthropology **Credit(s): 3**
- ANT 4302 - Gender in Cross-Cultural Perspective **Credit(s): 3**
- ANT 4403 - Environmental Anthropology **Credit(s): 3**
- ANT 4445 - Ancient Cities and Sustainability **Credit(s): 3**
- ANT 4930 - Special Topics in Anthropology **Credit(s): 1-3**
- ANT 4940 - Directed Internship Including Practicum **Credit(s): 2-4**

GPA REQUIREMENTS

A 2.0 GPA is required for the minor.

GRADING REQUIREMENTS

A C (2.0) average is required for the minor.

RESIDENCY REQUIREMENTS

Fifty percent (50%) of the minor must be completed through USF coursework.

BIOMEDICAL ANTHROPOLOGY MINOR

This minor prepares undergraduates for futures in medical-related disciplines such as medicine, nursing, and dentistry. The required courses give students a strong foundation on evolutionary and cross-cultural factors affecting human biological variation. The elective course list provides students with ample choices among more specialized topics in biomedical anthropology.

MINOR REQUIREMENTS: 19

The minor in Biomedical Anthropology consists of a minimum of 19 credit hours.

MINOR CORE (7 CREDIT HOURS)

- ANT 2511 - Biological Anthropology **Credit(s): 3**
- ANT 2511L - Biological Anthropology Laboratory **Credit(s): 1**
- ANT 4516 - Human Variation **Credit(s): 3**

MINOR ELECTIVES (12 CREDIT HOURS)

Students must choose among any of the following courses for a total of twelve (12) credit hours:

- ANT 2410 - Cultural Anthropology **Credit(s): 3**
- ANT 4520C - Forensic Anthropology **Credit(s): 4**
- ANT 4462 - Health, Illness, and Culture **Credit(s): 3**
- ANT 4465 - Anthropology of Food **Credit(s): 3**
- ANT 4468 - Biocultural Bases of Health and Disease **Credit(s): 3**
- ANT 4525 - Human Osteology and Osteometry **Credit(s): 3**
- ANT 4532 - Anthropology of Infectious and Contagious Diseases **Credit(s): 3**
- ANT 4593 - Evolution and Health **Credit(s): 3**
- ANT 4930 - Special Topics in Anthropology **Credit(s): 1-3**, when taught as:

- Nutritional Anthropology
- Paleopathology
- Neuroanthropology
- Brain and Culture
- Global Health
- Human Reproductive Ecology
- Anthropology of Human Growth and Development
- Human Sexuality
- Research in Physician-Patient Interaction

Note: ANT 4930 should be taken for 3 hours.

GPA REQUIREMENTS

A 2.0 GPA is required for the minor.

GRADING REQUIREMENT

A C (2.0) average is required for all courses that count toward the minor.

RESIDENCY REQUIREMENT

Fifty percent (50%) of the minor must be completed through USF coursework.

DEPARTMENT OF MOLECULAR BIOSCIENCES

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

CELL AND MOLECULAR BIOLOGY B.S.

TOTAL DEGREE HOURS: 120

The Cell and Molecular Biology degree program will provide a strong foundation in general biology with an emphasis on biomedical-related areas, and focusing on the cellular and molecular processes that occur within cells. Many recent breakthroughs in this field have shed light on how cells function in the context of the whole organism. The fields of genomics/computational biology are contributing knowledge to underlying gene regulation, cell-cell interactions, and organismal-environmental interactions. Advances in cell and molecular biology are leading to new treatments for age-related diseases including cancer.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

PROGRESSION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES (CAS)

All students in the below listed programs must successfully complete the below science and math coursework without earning three (3) D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major. Grade Forgiveness will NOT apply to the mandated requirement of changing majors.

Included Departments/Divisions:

Effective Fall 2022: Department of Physics* and all other Departments/Divisions continued from Fall 2018.

Effective Fall 2018: Division of Health Professions Advising; Department of Chemistry; Department of Molecular Biosciences; and Department of Integrative Biology.

Furthermore, any student who requests a change of major to one offered in the above identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Students who are able to complete a major in one of the above Departments/Divisions by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception to the CAS Sciences D/F Policy and should contact the School of Natural Sciences and Mathematics Advising Office (sdfx@usf.edu) for instructions.

*Students who are redirected from one of the above Departments/Divisions as a result of the CAS Sciences D/F Policy may pursue the following degrees offered by the Department of Physics: B.S. Physical Sciences and B.A. Physical Sciences.

Included courses:

Biology: BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; MCB 3020; PCB 3023; PCB 3063.

Chemistry: BCH 3053; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440.

Mathematics & Statistics: MAT 1033; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281; MAC 2282; MAC 2311; MAC 2312; STA 2023.

Physics: PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; PHY 3101; PHZ 3113.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major

Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - CELL AND MOLECULAR BIOLOGY B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

(BSC X010 and BSC X010L Biology I with Lab) **or** BSC X010C **or** BSC X040C - 4 credit hours

(BSC X011 and BSC X011L Biology II with Lab) **or** BSC X011C **or** (ZOO X010 and ZOO X010L) **or** (BOT X010 and BOT X010L) **or** BSC X041C **or** ZOO X010C **or** BOT X010C - 4 credit hours

(CHM X045 and CHM X045L Chemistry I with Lab) **or** CHM X045C **or** (CHM X040 and CHM X041) - 4-6 credit hours

(CHM X046 and CHM X046L Chemistry II with Lab) **or** CHM X046C - 4 credit hours

[(CHM X210 and CHM X210L) and (CHM X211 and CHM X211L) **or** (CHM X210C and CHM X211C)] **or** [(PHY X053 and PHY X053L) and (PHY X054 and PHY X054L) **or** (PHY X048 and PHY X048L) and (PHY X049 and PHY X049L) **or** (PHY X053C and PHY X054C) **or** (PHY X048C and PHY X049C)] - 8-10 credit hours

MAC X311 **or** MAC X233 **or** MAC X253 **or** MAC X281 **or** MAC X241 - 3-4 credit hours

MAC X312 **or** MAC X282 **or** MAC X234 **or** STA X023 **or** STA X024 **or** STA X321 - 3-4 credit hours

CELL AND MOLECULAR BIOLOGY SUPPORTING REQUIRED COURSES:

The following courses are supporting courses for this major. They are required for the major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

The minimum acceptable grade in each Supporting Required Course is a grade of C-.

Note: The course sequence that will count toward the Support Required Courses requirement is based on which sequence (Organic Chemistry or Physics) the student took to meet the common prerequisite requirement. If the

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Organic Chemistry sequence was taken to fulfill the common prerequisite requirement, the Physics sequence will meet the Supporting Required Courses requirement. The opposite is true if the Physics requirement was used to meet the common course requirement.

ORGANIC CHEMISTRY SEQUENCE: 4 COURSES; 10 CREDIT HOURS

CHM 2210 - Organic Chemistry I **Credit(s): 3**
CHM 2210L - Organic Chemistry Laboratory I **Credit(s): 2**
CHM 2211 - Organic Chemistry II **Credit(s): 3**
CHM 2211L - Organic Chemistry Laboratory II **Credit(s): 2**

PHYSICS SEQUENCE: 4 COURSES; 8 CREDIT HOURS

Physics Option 1 - Take these 4 courses

PHY 2048 - General Physics I - Calculus Based **Credit(s): 3**
PHY 2048L - General Physics I Laboratory **Credit(s): 1**
PHY 2049 - General Physics II - Calculus Based **Credit(s): 3**
PHY 2049L - General Physics II Laboratory **Credit(s): 1**

or Physics Option 2 - Take these 4 courses

PHY 2053 - General Physics I **Credit(s): 3**
PHY 2053L - General Physics I Laboratory **Credit(s): 1**
PHY 2054 - General Physics II **Credit(s): 3**
PHY 2054L - General Physics II Laboratory **Credit(s): 1**

CELL AND MOLECULAR BIOLOGY B.S. REQUIRED COURSES: (32 CREDIT HOURS)

CELL AND MOLECULAR BIOLOGY MAJOR CORE COURSES: 7 COURSES; 17 CREDIT HOURS

MCB 3410 - Cell Metabolism **Credit(s): 3**
PCB 3063 - General Genetics **Credit(s): 3**
PCB 3063L - General Genetics Laboratory **Credit(s): 1**
PCB 3023 - Cell Biology **Credit(s): 3**
PCB 3023L - Cell Biology Laboratory **Credit(s): 1**
PCB 4024 - Molecular Biology of the Cell **Credit(s): 3**

Students choose one (1) course from the following list of courses.

PCB 4026 - Molecular Biology of the Gene **Credit(s): 3**
PCB 4109 - Cancer Biology **Credit(s): 3**

MAJOR (RESTRICTED) ELECTIVE COURSES: 5 COURSES; 15 CREDIT HOURS

Students choose a minimum of 15 credit hours of electives from the following list of courses.

BCH 3053 - General Biochemistry **Credit(s): 3**
BSC 4905 - Independent Study **Credit(s): 1-3 (Students take this course for 1 credit hour.)**
BSC 4910 - Undergraduate Research **Credit(s): 1-4**
BSC 4933 - Selected Topics in Biology **Credit(s): 1-4 ***
MCB 3020 - General Microbiology **Credit(s): 3**
MCB 3020L - General Microbiology Laboratory **Credit(s): 1**
MCB 4503 - Virology **Credit(s): 3**
PCB 3043 - Principles of Ecology **Credit(s): 3**
PCB 3043L - Principles of Ecology Laboratory **Credit(s): 1**
PCB 3712 - General Physiology **Credit(s): 3**
PCB 3713L - General Physiology Laboratory **Credit(s): 1**

*Selected Topics courses require advanced approval from the Undergraduate Program Director or Advisor.

ADDITIONAL INFORMATION - CELL AND MOLECULAR BIOLOGY B.S.

GPA REQUIREMENTS

Major GPA (All USF Courses which are applied to major requirements): 2.0

General Education GPA (All USF Courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENT

A student must receive a C- grade or better in all Department of Molecular Biosciences courses and supporting courses in the natural sciences, except if they are used as general elective courses. This specification applies to both USF and transfer courses.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENT

Department and College of Arts and Sciences Major Academic Residency Requirement - Fifty percent (50%) of major must be completed at USF.

USF Academic Residency Requirement - thirty (30) of the last sixty (60) credit hours earned must be from USF.

RESEARCH OPPORTUNITIES

A maximum of 4 credit hours of Undergraduate Research (BSC 4910) may be applied as electives.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CAS Academic Advisor Contact information can be found here: [CAS Advisors](#)

MICROBIOLOGY B.S.

TOTAL DEGREE HOURS: 120

This degree specializes in the study of bacteria and other microbes, primarily at the cell and molecular level, and focuses on disease-causing microbes. The Microbiology core and elective requirements include specialized microbiology courses necessary to qualify for certification by the National Registry of Microbiologists, American Society of Microbiology, and employment in microbiology and related fields. Many microbiology majors plan to apply to medical or dental school, while others plan careers as professional microbiologists in industry and government. Others become teachers or aspire to graduate training in microbiology.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

PROGRESSION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES (CAS)

All students in the below listed programs must successfully complete the below science and math coursework without earning three (3) D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major. Grade Forgiveness will NOT apply to the mandated requirement of changing majors.

Included Departments/Divisions:

Effective Fall 2022: Department of Physics* and all other Departments/Divisions continued from Fall 2018.

Effective Fall 2018: Division of Health Professions Advising; Department of Chemistry; Department of Molecular Biosciences; and Department of Integrative Biology.

Furthermore, any student who requests a change of major to one offered in the above identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Students who are able to complete a major in one of the above Departments/Divisions by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception to the CAS Sciences D/F Policy and should contact the School of Natural Sciences and Mathematics Advising Office (sdfx@usf.edu) for instructions.

*Students who are redirected from one of the above Departments/Divisions as a result of the CAS Sciences D/F Policy may pursue the following degrees offered by the Department of Physics: B.S. Physical Sciences and B.A. Physical Sciences.

Included courses:

Biology: BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; MCB 3020; PCB 3023; PCB 3063.

Chemistry: BCH 3053; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440.

Mathematics & Statistics: MAT 1033; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281; MAC 2282; MAC 2311; MAC 2312; STA 2023.

Physics: PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; PHY 3101; PHZ 3113.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - MICROBIOLOGY B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

(BSC X010 and BSC X010L) **or** BSC X010C **or** BSC X040C - 4 credit hours

(BSC X011 and BSC X011L) **or** BSC X011C **or** BSC X041C - 4 credit hours

(CHM X045 and CHM X045L) **or** CHM X045C **or** (CHM X040 and CHM X041) - 4 credit hours

(CHM X046 and CHM X046L) **or** CHM X046C - 4 credit hours

[(CHM X210 and CHM X210L) and (CHM X211 and CHM X211L) **or** (CHM X210C and CHM X211C)] **or** [(PHY X053 and PHY X053L) and (PHY X054 and PHY X054L) **or** (PHY X048 and PHY X048L) and (PHY X049 and PHY X049L) **or** (PHY X053C and PHY X054C) **or** (PHY X048C and PHY X049C)] - 8-10 credit hours

MAC X311 **or** MAC X233 **or** MAC X253 **or** MAC X281 - 4 credit hours

MAC X312 **or** MAC X282 **or** MAC X234 **or** STA X023 **or** STA X024 **or** STA X321 - 4 credit hours

MICROBIOLOGY SUPPORTING REQUIRED COURSES

The following courses are supporting courses for this major. They are required for the major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

The minimum acceptable grade in each Supporting Required Course is a grade of C-.

Note: The course sequence that will count toward the Support Required Courses requirement is based on which sequence (Organic Chemistry or Physics) the student took to meet the common prerequisite requirement. If the Organic Chemistry sequence was taken to fulfill the common prerequisite requirement, the Physics sequence will

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

meet the Supporting Required Courses requirement. The opposite is true if the Physics requirement was used to meet the common course requirement.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department and College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

A maximum of 4 credit hours of Undergraduate Research MCB 4905 may be applied as electives.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

MICROBIOLOGY MINOR

TOTAL MINOR HOURS: 26

The Microbiology minor exists to recognize those students who wish to add a limited but sound understanding of microbiology to their major.

MINOR REQUIREMENTS

MINOR CORE (26 CREDIT HOURS)

BSC 2010 - Cellular Processes **Credit(s): 3**
BSC 2010L - Cellular Processes Laboratory **Credit(s): 1**
PCB 3023 - Cell Biology **Credit(s): 3**
PCB 3023L - Cell Biology Laboratory **Credit(s): 1**
PCB 3063 - General Genetics **Credit(s): 3**
MCB 3410 - Cell Metabolism **Credit(s): 3**
or
BCH 3053 - General Biochemistry **Credit(s): 3**
MCB 3020 - General Microbiology **Credit(s): 3**
MCB 3020L - General Microbiology Laboratory **Credit(s): 1**
MCB 4115 - Determinative Bacteriology **Credit(s): 3**
MCB 4115L - Determinative Bacteriology Laboratory **Credit(s): 2**
MCB 4320 - Molecular Microbiology **Credit(s): 3**

GPA REQUIREMENTS

A minimum 2.0 average in the 26 credits is required for obtaining this minor.

GRADING REQUIREMENT

A grade of C- is the minimum acceptable grade for courses in the minor.

RESIDENCY REQUIREMENT

Students must complete a minimum of 8 hours in Microbiology minor coursework at USF. At least 6 of these hours must be upper-level.

OTHER INFORMATION

Students who are declared in any Biology or Microbiology major offered by the Department of Molecular Biosciences or the Department of Integrative Biology are ineligible for this minor.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

DEPARTMENT OF CHEMISTRY

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

BIOMEDICAL SCIENCES B.S.

TOTAL DEGREE HOURS: 120

The Biomedical Sciences degree serves as a gateway into a variety of health-professional programs such as Medicine, Pharmacy, Dentistry, and Physician Assistant. Required courses include Biology, Chemistry, Math, and Physics. This degree provides the flexibility to choose advanced-level science coursework based on academic and professional interests. Students contemplating graduate study should pursue a major in the discipline of their interest, such as Biology, Chemistry, or Microbiology.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

PROGRESSION REQUIREMENT - COLLEGE OF ARTS AND SCIENCES

All students in the below listed programs must successfully complete the below science and math coursework without earning three (3) D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major. Grade Forgiveness will NOT apply to the mandated requirement of changing majors.

Included Departments/Divisions:

Effective Fall 2022: Department of Physics* and all other Departments/Divisions continued from Fall 2018.

Effective Fall 2018: Division of Health Professions Advising; Department of Chemistry; Department of Molecular Biosciences; and Department of Integrative Biology.

Furthermore, any student who requests a change of major to one offered in the above identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Students who are able to complete a major in one of the above Departments/Divisions by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception to the D/F Policy and should contact the School of Natural Sciences and Mathematics Advising Office (sdfx@usf.edu) for instructions.

*Students who are redirected from one of the above Departments/Divisions as a result of the D/F Policy may pursue the following degrees offered by the Department of Physics: B.S. Physical Sciences and B.A. Physical Sciences.

Included courses:

Biology: BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; MCB 3020; PCB 3023; PCB 3063.

Chemistry: BCH 3053; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440.

Mathematics & Statistics: MAT 1033; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281, MAC 2282, MAC 2311; MAC 2312; STA 2023.

Physics: PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; PHY 3101; PHZ 3113.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - BIOMEDICAL SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

BSC X010C or (BSC X010 and BSC X010L) - 4 credit hours

BSC X011C or (BSC X011 and BSC X011L) - 4 credit hours

CHM X045C or (CHM X045 and CHM X045L) - 4 credit hours

CHM X046C or (CHM X046 and CHM X046L) - 4 credit hours

CHM X210C or (CHM X210 and CHM X210L) - 5 credit hours

CHM X211C or (CHM X211 and CHM X211L) - 5 credit hours

(PHY X053 and PHY X053L) and (PHY X054 and PHY X054L) - 8 credit hours OR

PHY X053C and PHY X054C - 8 credit hours OR

(PHY X048 and PHY X048L) and (PHY X049 and PHY X049L) - 8 credit hours OR

(BSC X093 and BSC X093L) and (BSC X094 and BSC X094L) - 8 credit hours OR

BSC X093C and BSC X094C - 8 credit hours OR

BSC X085C and BSC X086C - 8 credit hours OR

(BSC X085 and BSC X085L) and (BSC X086 and BSC X086L) - 8 credit hours OR

PHY X048C and PHY X094C - 10 credit hours

MAC X241 **or** MAC X281 **or** MAC X311 - 3-4 credit hours

MAC X242 **or** MAC X282 **or** MAC X312 **or** STA X023 **or** STA X014 - 3-4 credit hours

REQUIRED COURSES: (21-22 CREDIT HOURS)

CHM 4060 - Use of Chemical Literature **Credit(s): 1**
HSC 4504 - Foundations of Public Health Immunology **Credit(s): 3 ***
PHZ 4702 - Applications of Physics to Biology and Medicine I **Credit(s): 4**
PHZ 4703 - Applications of Physics to Biology and Medicine II **Credit(s): 4**

* Students may not use both HSC 4504 and PCB 4234 to meet Biomedical Electives requirements.

ADDITIONAL INFORMATION - BIOMEDICAL SCIENCES B.S.

OTHER REQUIREMENTS

No duplicate credit allowed.

GPA REQUIREMENT

Major GPA (all USF courses which are applied to major requirements): 2.0
Gen Ed GPA (all USF courses which are applied to gen ed requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENT

A grade of C- (1.67) or better to meet major course requirements unless specified elsewhere. All courses in any Chemistry major must be taken with letter grade (A, B, C, D, F, I), except those courses which are graded S/U only. Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENT

Department Major Academic Residency Requirement -

At least seven (7) credits of Chemistry coursework, upper or lower level, must be completed at USF, and
At least 12 credit hours of major-applicable, upper-level natural science courses must be completed at USF.

College Academic Residency Requirement - Interdisciplinary majors do not have an additional college academic resident requirement.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

OTHER PROGRAM INFORMATION

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

General Electives. Courses over and above the required courses should be taken to complete a 120 hour program. Additional courses in computer programming, economics, management, engineering, statistics, writing, and other applied disciplines are strongly recommended to strengthen the degree for subsequent professional employment.

Transfer Credit: It is strongly recommended that students transferring from community/state colleges to the University of South Florida complete whole sequences of chemistry courses, such as general and organic chemistry, before they transfer. Even though courses may carry the same common course number, topics covered may vary significantly from school to school.

BACHELOR'S/MASTER'S PATHWAYS

Students majoring in Biomedical Sciences have the option to pursue one of the following Bachelor's/Master's Pathways:

B.S. Biomedical Sciences/MD Medicine

B.S. Biomedical Sciences/PharmD Pharmacy

For more information, see the Graduate Catalog.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CHEMISTRY B.A.

TOTAL DEGREE HOURS: 120

The Chemistry B.A. gives students exposure to analytical, inorganic, organic and physical chemistry while providing the flexibility to take additional elective courses. Students interested in professional, law, or graduate school or those who anticipate working in careers related to secondary education or business will find this degree attractive. The B.A. student whose goals include graduate study should supplement this curriculum by addition and/or substitution of a selection of advanced courses from the B.S. program. The Bachelor of Arts in Chemistry provides opportunities for curricula individually tailored to meet many career objectives.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

PROGRESSION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES (CAS)

All students in the below listed programs must successfully complete the below science and math coursework without earning three (3) D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major. Grade Forgiveness will NOT apply to the mandated requirement of changing majors.

Included Departments/Divisions:

Effective Fall 2022: Department of Physics* and all other Departments/Divisions continued from Fall 2018.

Effective Fall 2018: Division of Health Professions Advising; Department of Chemistry; Department of Molecular Biosciences; and Department of Integrative Biology.

Furthermore, any student who requests a change of major to one offered in the above identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Students who are able to complete a major in one of the above Departments/Divisions by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception to the CAS Sciences D/F Policy and should contact the School of Natural Sciences and Mathematics Advising Office (sdfx@usf.edu) for instructions.

*Students who are redirected from one of the above Departments/Divisions as a result of the CAS Sciences D/F Policy may pursue the following degrees offered by the Department of Physics: B.S. Physical Sciences and B.A. Physical Sciences.

Included courses:

Biology: BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; MCB 3020; PCB 3023; PCB 3063.

Chemistry: BCH 3053; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440.

Mathematics & Statistics: MAT 1033; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281; MAC 2282; MAC 2311; MAC 2312; STA 2023.

Physics: PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; PHY 3101; PHZ 3113.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - CHEMISTRY B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

(CHM X045 and CHM X045L) **or** (CHM X040 and CHM X041) **or** CHM X045C - 4-6 credit hours

(CHM X046 and CHM X046L) **or** CHM X046C - 4 credit hours

MAC X311 **or** MAC X281 - 4 credit hours

MAC X312 **or** MAC X282 - 4 credit hours

[(CHM X210 and CHM X210L) and (CHM X211 and X211L)] **or** (CHM X210C and CHM X211C) - 10 credit hours

[(PHY X048 and PHY X048L)* and (PHY X049 and PHY X049L)*] **or** (PHY X048C and PHY X049C)* **or** [(PHY X053 and PHY X053L)** and (PHY X054 and PHY X054L)**] **or** (PHY X053C and PHY X054C) - 8-10 credit hours

* The PHY X048 and PHY X049 sequence is required for the Bachelor in Science degree. It is an option for the Bachelor in Arts degree.

REQUIRED COURSES: (29 CREDIT HOURS)

Students complete either a General Chemistry program of study or a Biochemistry/Biotechnology concentration.

CHEMISTRY B.A. MAJOR CORE COURSES: 3 COURSES; 8 CREDIT HOURS

CHM 3120C - Elementary Analytical Chemistry **Credit(s): 4**

CHM 3610 - Intermediate Inorganic Chemistry **Credit(s): 3**

CHM 3610L - Intermediate Inorganic Chemistry Laboratory **Credit(s): 1**

COLLEGE OF ARTS & SCIENCES

CHS 4300 - Fundamentals of Clinical Chemistry **Credit(s): 3**
CHS 4301L - Clinical Laboratory **Credit(s): 2**

REQUIRED NATURAL SCIENCE OR ENGINEERING ELECTIVES COURSES: 4 COURSES; 8 CREDIT HOURS

Students must choose eight (8) hours of required natural science or engineering electives from the following suggested list of courses.

BSC 2010 - Cellular Processes **Credit(s): 3**
BSC 2010L - Cellular Processes Laboratory **Credit(s): 1**
BSC 2011 - Biodiversity **Credit(s): 3**
BSC 2011L - Biodiversity Laboratory **Credit(s): 1**
CGS 2060 - Introduction to Computers and Computer Programming **Credit(s): 3**
EVR 2001 - Introduction to Environmental Science **Credit(s): 3**
EVR 2001L - Environmental Science Lab **Credit(s): 1**
GLY 2000L - Essentials of Geology Laboratory **Credit(s): 1**
GLY 2010 - Dynamic Earth: Introduction to Physical Geology **Credit(s): 3**
GLY 2100 - History of Life **Credit(s): 3**
GLY 2100L - History of Life Laboratory **Credit(s): 1**
STA 2023 - Introductory Statistics I **Credit(s): 3**

ADDITIONAL INFORMATION - CHEMISTRY B.A.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A grade of C- (1.67) or better is required for science and mathematics courses and each supporting course for the Major. All courses in any chemistry major must be taken with letter grade (A, B, C, D, F, I) except those courses which are graded S/U only.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

Department Major Academic Residency Requirement - At least Nine (9) hours of upper-level chemistry courses must be completed at USF.

College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

OTHER PROGRAM INFORMATION - DEPARTMENT OF CHEMISTRY

General Electives. Courses over and above the required courses should be taken to complete a 120 hour program. Additional courses in computer programming, economics, management, engineering, statistics, writing, and other applied disciplines are strongly recommended to strengthen the degree for subsequent professional employment.

Transfer Credit: It is strongly recommended that students transferring from community/state colleges to the University of South Florida complete whole sequences of chemistry courses, such as general and organic chemistry, before they transfer. Even though courses may carry the same common course number, topics covered may vary significantly from school to school.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CAS Academic Advisor Contact information can be found here: [CAS Advisors](#)
To schedule an advising appointment: [Advising Appointments](#)

PLANS OF STUDY – CHEMISTRY B.A.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see

BIOCHEMISTRY/BIOTECHNOLOGY CONCENTRATION ELECTIVES: 2 COURSES; 5 CREDIT HOURS

Students must choose five (5) credit hours of coursework at 3000-level or above; may not include more than 1 hour of CHM 4970 - Undergraduate Research.

CHM 3415C - Physical Chemistry Methods **Credit(s): 4**
CHM 4060 - Use of Chemical Literature **Credit(s): 1**
CHM 4070 - Historical Perspectives in Chemistry **Credit(s): 3**
CHM 4230 - Spectroscopic Analysis of Organic Compounds **Credit(s): 3**
CHM 4274 - Introduction to Drug Discovery **Credit(s): 3**
CHM 4292 - Introduction to Medicinal Chemistry **Credit(s): 3**
CHM 4300 - Biomolecules I **Credit(s): 3**
CHM 4307 - Bio-Organic Chemistry **Credit(s): 3**
CHM 4410 - Physical Chemistry I **Credit(s): 4**
CHM 4410L - Physical Chemistry Laboratory **Credit(s): 1**
CHM 4411 - Physical Chemistry II **Credit(s): 4**
CHM 4413 - Biophysical Chemistry **Credit(s): 3**
CHM 4455 - Chemistry of High Polymers **Credit(s): 3**
CHM 4611 - Advanced Inorganic Chemistry **Credit(s): 3**
CHM 4932 - Selected Topics in Chemistry **Credit(s): 1-3 ***
*Contact Advisor for approval of CHM 4932 Courses
CHM 4970 - Undergraduate Research **Credit(s): 1-3**
CHS 4300 - Fundamentals of Clinical Chemistry **Credit(s): 3**
CHS 4301L - Clinical Laboratory **Credit(s): 2**

REQUIRED NATURAL SCIENCE ELECTIVE COURSES: 4 COURSES; 8 CREDIT HOURS

BSC 2010 - Cellular Processes **Credit(s): 3**
BSC 2010L - Cellular Processes Laboratory **Credit(s): 1**
PCB 3023 - Cell Biology **Credit(s): 3**
PCB 3023L - Cell Biology Laboratory **Credit(s): 1**

ADDITIONAL INFORMATION - CHEMISTRY B.A.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A grade of C- (1.67) or better to meet major course requirements unless specified elsewhere. Will vary by area. All courses in any Chemistry major must be taken with letter grade (A, B, C, D, F, I), except those courses which are graded S/U only.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

RESIDENCY REQUIREMENT

Department Major Academic Residency Requirement - At least nine (9) hours of upper-level chemistry courses must be completed at USF.

College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

OTHER PROGRAM INFORMATION - DEPARTMENT OF CHEMISTRY

General Electives. Courses over and above the required courses should be taken to complete a 120 hour program. Additional courses in computer programming, economics, management, engineering, statistics, writing, and other applied disciplines are strongly recommended to strengthen the degree for subsequent professional employment.

Transfer Credit: It is strongly recommended that students transferring from community/state colleges to the University of South Florida complete whole sequences of chemistry courses, such as general and organic chemistry, before they transfer. Even though courses may carry the same common course number, topics covered may vary significantly from school to school.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914, or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research will assist students in understanding the various course options (<https://www.usf.edu/undergrad/hipur/index.aspx>).

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CAS Academic Advisor Contact information can be found here: [CAS Advisors](#)

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

CHEMISTRY B.S.

TOTAL DEGREE HOURS: 120

The Bachelor of Science in Chemistry is designed for students wishing to continue with graduate training in chemistry and closely allied disciplines and the degree is certified by the American Chemical Society. The Bachelor of Science in Chemistry provides a firm foundation in all five disciplines of chemistry: organic, physical chemistry, inorganic, analytical and biochemistry. Students interested in research, the pursuit of an advanced degree, employment in the chemical industry, or who want to teach at the secondary education level may find this degree attractive. The curriculum for the B.S. degree in Chemistry meets the requirements for degree certification by the American Chemical Society.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

PROGRESSION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES (CAS)

All students in the below listed programs must successfully complete the below science and math coursework without earning three (3) D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major. Grade Forgiveness will NOT apply to the mandated requirement of changing majors.

Included Departments/Divisions:

Effective Fall 2022: Department of Physics* and all other Departments/Divisions continued from Fall 2018.
Effective Fall 2018: Division of Health Professions Advising; Department of Chemistry; Department of Molecular Biosciences; and Department of Integrative Biology.

Furthermore, any student who requests a change of major to one offered in the above identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Students who are able to complete a major in one of the above Departments/Divisions by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception to the CAS Sciences D/F Policy and should contact the School of Natural Sciences and Mathematics Advising Office (sdfx@usf.edu) for instructions.

*Students who are redirected from one of the above Departments/Divisions as a result of the CAS Sciences D/F Policy may pursue the following degrees offered by the Department of Physics: B.S. Physical Sciences and B.A. Physical Sciences.

Included courses:

Biology: BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; MCB 3020; PCB 3023; PCB 3063.

Chemistry: BCH 3053; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440.

Mathematics & Statistics: MAT 1033; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281; MAC 2282; MAC 2311; MAC 2312; STA 2023.

Physics: PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; PHY 3101; PHZ 3113.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - CHEMISTRY B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

(CHM X045 and CHM X045L) **or** (CHM X040 and CHM X041) **or** CHM X045C - 4-6 credit hours

(CHM X046 and CHM X046L) **or** CHM X046C - 4 credit hours

MAC X311 **or** MAC X281 - 4 credit hours

MAC X312 **or** MAC X282 - 4 credit hours

[(CHM X210 and CHM X210L) and (CHM X211 and X211L)] **or** (CHM X210C and CHM X211C) - 10 credit hours

[(PHY X048 and PHY X048L)* and (PHY X049 and PHY X049L)*] **or** (PHY X048C and PHY X049C)* **or** [(PHY X053 and PHY X053L)** and (PHY X054 and PHY X054L)**] **or** (PHY X053C and PHY X054C)** - 8 credit hours

* The PHY X048 and PHY X049 sequence is required for the Bachelor in Science degree. It is an option for the Bachelor in Arts degree.

REQUIRED COURSES: (42 CREDIT HOURS)

MAJOR CORE COURSES: 3 COURSES; 8 CREDIT HOURS

CHM 3120C - Elementary Analytical Chemistry **Credit(s): 4**

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

A grade of C- (1.67) or better to meet major course requirements unless specified elsewhere. Will vary by area. All courses in any Chemistry major must be taken with letter grade (A, B, C, D, F, I), except those courses which are graded S/U only.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

Department Major Academic Residency Requirement - At least Nine (9) hours of upper-level chemistry courses must be completed at USF.

College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

OTHER PROGRAM INFORMATION - DEPARTMENT OF CHEMISTRY

General Electives. Courses over and above the required courses should be taken to complete a 120 hour program. Additional courses in computer programming, economics, management, engineering, statistics, writing, and other applied disciplines are strongly recommended to strengthen the degree for subsequent professional employment.

Transfer Credit: It is strongly recommended that students transferring from community/state colleges to the University of South Florida complete whole sequences of chemistry courses, such as general and organic chemistry, before they transfer. Even though courses may carry the same common course number, topics covered may vary significantly from school to school.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

Upper-Level Elective **Credit(s): 3**
Total Credit Hours: 13

SEMESTER 9 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.
Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 4

SEMESTER 10 (FALL)

* CHM 3610 - Intermediate Inorganic Chemistry **Credit(s): 3**
* CHM 4130C - Methods of Instrument Analysis **Credit(s): 4**
CHM 3610L - Intermediate Inorganic Chemistry Laboratory **Credit(s): 1**
General/Unrestricted Elective **Credit(s): 3**
Upper-Level Elective **Credit(s): 3**
Total Credit Hours: 14

SEMESTER 11 (SPRING)

* CHM 4131C - Methods of Chemical Investigation II **Credit(s): 4**
* CHM 4611 - Advanced Inorganic Chemistry **Credit(s): 3**
General/Unrestricted Elective **Credit(s): 3**
General/Unrestricted Elective **Credit(s): 3**
Apply for Graduation
Total Credit Hours: 13

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

INTERDISCIPLINARY NATURAL SCIENCES B.S.

TOTAL DEGREE HOURS: 120

The Interdisciplinary Natural Sciences degree serves the academic and career goals of undergraduate students who seek a broad education in the Natural Sciences (Biology, Chemistry, Physics, Mathematics, Geology). Students select a sequence of upper-level courses based on career goals, choosing three of the five natural science areas. Students interested in secondary education, public health, and other fields may choose this degree.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

PROGRESSION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES (CAS)

All students in the below listed programs must successfully complete the below science and math coursework without earning three (3) D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major. Grade Forgiveness will NOT apply to the mandated requirement of changing majors.

Included Departments/Divisions:

Effective Fall 2022: Department of Physics* and all other Departments/Divisions continued from Fall 2018.

Effective Fall 2018: Division of Health Professions Advising; Department of Chemistry; Department of Molecular Biosciences; and Department of Integrative Biology.

Furthermore, any student who requests a change of major to one offered in the above identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Students who are able to complete a major in one of the above Departments/Divisions by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception to the CAS Sciences D/F Policy and should contact the School of Natural Sciences and Mathematics Advising Office (sdfx@usf.edu) for instructions.

*Students who are redirected from one of the above Departments/Divisions as a result of the CAS Sciences D/F Policy may pursue the following degrees offered by the Department of Physics: B.S. Physical Sciences and B.A. Physical Sciences.

Included courses:

Biology: BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; MCB 3020; PCB 3023; PCB 3063.

Chemistry: BCH 3053; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440.

Mathematics & Statistics: MAT 1033; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281; MAC 2282; MAC 2311; MAC 2312; STA 2023.

Physics: PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; PHY 3101; PHZ 3113.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY NATURAL SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

There are no specified common prerequisites for this major.

REQUIRED COURSES: (62-64 CREDIT HOURS)

MAJOR CORE (18 COURSES; 38-40 CREDIT HOURS)

Two introductory courses in each of the five (5) natural sciences areas: Mathematics, Physics, Chemistry, Biology, Geology. Choose from the following courses:

Mathematics Courses

MAC 2241 - Life Sciences Calculus I **Credit(s): 3** (*MAC 2311 and MAC 2312 are also acceptable for the major.)

MAC 2242 - Life Sciences Calculus II **Credit(s): 3** (*MAC 2281 and MAC 2282 are also acceptable for the major.)

OR

STA 2023 - Introductory Statistics I **Credit(s): 3**

Biology Courses

BSC 2010 - Cellular Processes **Credit(s): 3**

BSC 2010L - Cellular Processes Laboratory **Credit(s): 1**

BSC 2011 - Biodiversity **Credit(s): 3**

BSC 2011L - Biodiversity Laboratory **Credit(s): 1**

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Chemistry Courses

- CHM 2045 - General Chemistry I **Credit(s): 3**
- CHM 2045L - General Chemistry I Laboratory **Credit(s): 1**
- CHM 2046 - General Chemistry II **Credit(s): 3**
- CHM 2046L - General Chemistry II Laboratory **Credit(s): 1**

Geology Courses

- GLY 2010 - Dynamic Earth: Introduction to Physical Geology **Credit(s): 3**
- GLY 2000L - Essentials of Geology Laboratory **Credit(s): 1**
- GLY 2100 - History of Life **Credit(s): 3**
- GLY 2100L - History of Life Laboratory **Credit(s): 1**

Physics Courses

- PHY 2053 - General Physics I **Credit(s): 3**
 - PHY 2053L - General Physics I Laboratory **Credit(s): 1**
 - PHY 2054 - General Physics II **Credit(s): 3**
 - PHY 2054L - General Physics II Laboratory **Credit(s): 1**
- OR**
- PHY 2048 - General Physics I - Calculus Based **Credit(s): 3**
 - PHY 2048L - General Physics I Laboratory **Credit(s): 1**
 - PHY 2049 - General Physics II - Calculus Based **Credit(s): 3**
 - PHY 2049L - General Physics II Laboratory **Credit(s): 1**

MAJOR ELECTIVE COURSES: 8 COURSES; 24 CREDIT HOURS

Students are required to complete a minimum total of 24 credit hours. A minimum of 6 credit hours of structured, upper-level (3000-level or higher) courses in three of the five natural sciences areas is required. The remaining six credits of upper-level courses can be taken in any of the three Natural Science areas that the student has selected. All major elective courses in the sciences will be selected by the individual student, but must be chosen from the list of courses approved for department major credit.

ADDITIONAL INFORMATION - INTERDISCIPLINARY NATURAL SCIENCES B.S.

GPA REQUIREMENTS

Major GPA (all USF courses which are applied to major requirements): 2.0
Gen Ed GPA (all USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENT

Students must achieve a C- (1.67) or better to meet major course requirements unless specified elsewhere. All courses in any Chemistry major must be taken with letter grade (A, B, C, D, F, I), except those courses which are graded S/U only.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department Major Academic Residency Requirement - at least 12 credit hours of major-applicable, upper-level natural science courses must be completed at USF.

College Academic Residency Requirement - Interdisciplinary majors do not have an additional college academic resident requirement.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CAS Academic Advisor Contact information can be found here: [CAS Advisors](#)

To schedule an advising appointment: [Advising Appointments](#)

Plans of Study - Interdisciplinary Natural Sciences B.S.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see <https://www.usf.edu/undergrad/students/civics-literacy.aspx> or talk with your academic advisor.

Items that are critical are marked with a  and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

Natural Scientist
Science Teacher
Museum Curator
Laboratory Technician

Potential Entry Level Salary Range:

\$30,000 - \$50,000

MEDICAL TECHNOLOGY B.S.

TOTAL DEGREE HOURS: 120

The University of South Florida offers a four-year program leading to the Bachelor of Science degree in Medical Technology. The first three years are completed on campus; the fourth year (12 months) is completed at one of three affiliated hospitals in Florida, located in Tampa, St. Petersburg, and Jacksonville. Admission to the fourth year is limited by the number of openings in affiliated hospitals and, at the present time, is competitive. Selection for the clinical program is made by the hospitals and students not admitted to a clinical program will need to select an alternate degree. Generally, hospitals require a minimum GPA of 2.50 to a 2.75, and our students admitted to clinical programs in recent years have had a mean GPA of 3.4 or higher. Students successfully completing this program will be granted a Bachelor of Science degree in Medical Technology.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

PROGRESSION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES (CAS)

All students in the below listed programs must successfully complete the below science and math coursework without earning three (3) D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major. Grade Forgiveness will NOT apply to the mandated requirement of changing majors.

Included Departments/Divisions:

Effective Fall 2022: Department of Physics* and all other Departments/Divisions continued from Fall 2018.
Effective Fall 2018: Division of Health Professions Advising; Department of Chemistry; Department of Molecular Biosciences; and Department of Integrative Biology.

Furthermore, any student who requests a change of major to one offered in the above identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Students who are able to complete a major in one of the above Departments/Divisions by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception to the CAS Sciences D/F Policy and should contact the School of Natural Sciences and Mathematics Advising Office (sdfx@usf.edu) for instructions.

*Students who are redirected from one of the above Departments/Divisions as a result of the CAS Sciences D/F Policy may pursue the following degrees offered by the Department of Physics: B.S. Physical Sciences and B.A. Physical Sciences.

Included courses:

Biology: BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; MCB 3020; PCB 3023; PCB 3063.

Chemistry: BCH 3053; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440.

Mathematics & Statistics: MAT 1033; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281; MAC 2282; MAC 2311; MAC 2312; STA 2023.

Physics: PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; PHY 3101; PHZ 3113.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - MEDICAL TECHNOLOGY B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

BSC X010C or BSC X011C or (BSC X010 and BSC X010L) or (BSC X011 and BSC X011L) - 4 credit hours

BSC X093C or BSC X085C or ZOO X733C or (BSC X093 and BSC X093L) or (BSC X085 and BSC X085L) or (ZOO X733 and ZOO X733L) or (ZOO X731 and ZOO X731L) - 4 credit hours

BSC X094C or BSC X086C or PCB X703C or (BSC X094 and BSC X094L) or (BSC X086 and BSC X086L) or (PCB X703 and PCB X703L) or (PCB X134 and PCB X134L) - 4 credit hours

CHM X045C or (CHM X045 and CHM X045L) - 4 credit hours

CHM X046C or (CHM X046 and CHM X046L) - 4 credit hours

CHM X210C or (CHM X210 and CHM X210L) - 5 credit hours

CHM X211C or (CHM X211 and CHM X211L) - 5 credit hours

MCB X013C or MCB X020C or MCB X010C or (MCB X020 and MCB X020L) or (MCB X023 and MCB X023L) or (MCB X010 and MCB X010L) - 4 credit hours

STA X014 or STA X023 or STA X024 or STA X321 - 3 credit hours

MEDICAL TECHNOLOGY SUPPORTING REQUIRED COURSES

The following courses are supporting courses for this major. They are required for the major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

The minimum acceptable grade in each Supporting Required Course is a grade of C-.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Note: The course sequence that will count toward the Support Required Courses requirement is based on which course (Cellular Processes or Biodiversity) the student took to meet the common prerequisite requirement. If the Cellular Processes sequence was taken to fulfill the common prerequisite requirement, the Biodiversity sequence will meet the Supporting Required Courses requirement. The opposite is true if the Biodiversity requirement was used to meet the common course requirement.

Cellular Processes: 2 courses; 4 credit hours

BSC 2010 BSC 2010 - Cellular Processes
BSC 2010L BSC 2010L - Cellular Processes Laboratory

Biodiversity: 2 courses; 4 credit hours

BSC 2011 BSC 2011 - Biodiversity
BSC 2011L BSC 2011L - Biodiversity Laboratory

REQUIRED COURSES: (55-56 CREDIT HOURS)

MAJOR CORE COURSES: 10 COURSES; 25-26 CREDIT HOURS

OR
HSC 4504 - Foundations of Public Health Immunology **Credit(s): 3**

CLINICAL TRAINING COURSES: 8 COURSES; 30 HOURS

Upon successful completion of this curriculum and acceptance by one of the affiliated hospitals, the student will complete twelve (12) continuous months of training at that hospital. Hospital programs begin in July or early August each year and some hospitals also have programs beginning in January. During this clinical training, the student will continue to be registered as a full-time student at the University and will receive a total of 30 credit hours of coursework in the following courses, which will be taught at the hospital.

MLS 4038 - Introduction to Medical Technology **Credit(s): 1-2**
MLS 4860 - Clinical Urinalysis and Body Fluids **Credit(s): 2**
MLS 4861 - Clinical Immunology **Credit(s): 2**
MLS 4862 - Clinical Hematology **Credit(s): 6**
MLS 4863 - Clinical Microbiology **Credit(s): 6**
MLS 4864 - Clinical Chemistry **Credit(s): 6**
MLS 4865 - Clinical Immunohematology **Credit(s): 6**
MLS 4866 - Clinical Laboratory Management and Education **Credit(s): 1**

ADDITIONAL INFORMATION - MEDICAL TECHNOLOGY B.S.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GRADING REQUIREMENTS

A grade of C- (1.67) or better to meet major course requirements unless specified elsewhere. Will vary by area. All courses in any chemistry major must be taken with letter grade (A, B, C, D, F, I), except those courses which are graded S/U only.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department and College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

OTHER PROGRAM INFORMATION

All courses required for admission to the clinical program must be completed prior to beginning the clinical year. These requirements include:

A minimum of 90 semester hours (excluding physical education).

All university Enhanced General Education requirements.

State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math).

All sciences and mathematics requirements, including common prerequisites and those specific to USF.

Note: Clinical Internship programs may have higher grade criteria to meet prerequisite knowledge necessary for admission.

Transfer Credit: It is strongly recommended that students transferring from community/state colleges to the University of South Florida complete whole sequences of chemistry courses, such as general and organic chemistry, before they transfer. Even though courses may carry the same common course number, topics covered may vary significantly from school to school.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

CHEMISTRY MINOR

The Chemistry minor provides a broad and general exposure to the traditional areas of the chemical sciences. This minor is a natural companion to careers in biology, physics, geology, environmental science, genetics, science education, etc. A science minor is an excellent credential in the eyes of future employers and enhances opportunities for students interested in medical, allied health or other professional schools.

TOTAL MINOR CREDIT HOURS: 27

MINOR CORE CREDIT HOURS: 18

- CHM 2045 - General Chemistry I **Credit(s): 3**
- CHM 2045L - General Chemistry I Laboratory **Credit(s): 1**
- CHM 2046 - General Chemistry II **Credit(s): 3**

- CHM 4455 - Chemistry of High Polymers **Credit(s): 3**
- CHM 4970 - Undergraduate Research **Credit(s): 1-3**
- CHM 4932 - Selected Topics in Chemistry **Credit(s): 1-3**
- CHS 4300 - Fundamentals of Clinical Chemistry **Credit(s): 3**

GPA REQUIREMENT

A 2.0 GPA is required for the minor.

GRADING REQUIREMENT

A grade of C- (1.67) or better is required for each course in the Chemistry minor. Courses in the Chemistry minor must be taken with letter grade (A, B, C, D, F, I) except those courses which are graded S/U only. A maximum of 3 credits of S/U coursework may be counted toward the minor.

NOTE: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

OTHER REQUIREMENTS

Chemistry, Biomedical Sciences, Interdisciplinary Natural Sciences, Medical Technology majors and environmental Chemistry majors are not eligible for the minor in Chemistry.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Students must complete a minimum of 6 credits and two courses exclusive to the minor that will not count toward the student's major or other minors. These credits/courses must be completed at USF and must be upper level courses.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

DEPARTMENT OF COMMUNICATION

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

COMMUNICATION B.A.

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in Communication is a liberal arts degree that prepares students to communicate effectively and ethically in personal and professional relationships and in both face-to-face and mediated contexts. More specifically this degree prepares students to:

Collaborate, work, and lead in culturally-diverse teams and organizations;
Develop advanced communication skills and competencies in oral, written, social media, and/or other forms of communication;
Analyze and create messages, presentations, and persuasive communication strategies;
Understand, build, and strengthen personal and professional identities and relationships;
Study and critique culture and media including: media organizations, communication technologies, and mediated content (e.g., television, film, music, print, computer, Internet, and social media);
Apply communication knowledge and related skills in one or more specialized contexts (e.g., health care; media; marketing; law; politics; profits and not-for-profits; government; public advocacy; social movements; religion; world cafés; public dialogues; performance; intimate and family relationships);
Engage in undergraduate communication research; and
Become active and productive U.S. and global citizens.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major

Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - COMMUNICATION B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

SPC X608 Public Speaking - 3 credit hours

REQUIRED COURSES: (39 CREDIT HOURS)

MAJOR CORE: 9 COURSES; 27 CREDIT HOURS

REQUIRED CORE COURSES: 6 COURSES; 18 CREDIT HOURS

There are six required core courses including one prerequisite. Once enrolled in the major, students should take as early as possible the prerequisite (if not already taken) and the first five core courses listed below (15 credit-hours); next students should take one course each from the three Required Distribution Area Courses (9 credit-hours); and finally students should complete the major by taking the required department capstone course either late in the students' junior year or early in the students' senior year (3 credit-hours) and four department electives (12 credit-hours).

SPC 2608 - Public Speaking **Credit(s): 3** (prerequisite for the Communication major)

COM 2000 - Introduction to Communication **Credit(s): 3** (students must take this course during their first semester in the major, if not taken previously)

ORI 3004 - Communication as Performance **Credit(s): 3**

SPC 3301 - Interpersonal Communication **Credit(s): 3**

SPC 3544 - Persuasion and Media **Credit(s): 3**

COM 4958 - Communication Senior Capstone **Credit(s): 3** [or other approved Communication course]

REQUIRED DISTRIBUTION AREA COURSES: 3 COURSES; 9 CREDIT HOURS

Students must take one course in each of the three distribution areas (Communication and Human Relationships, Public Communication and Media, and Applied Communication) for a total of three courses.

COMMUNICATION AND HUMAN RELATIONSHIPS (SELECT ONE COURSE; 3 CREDIT HOURS)

Communication and Human Relationships focuses on the role of communication in constructing, sustaining, and changing human relationships. This area includes the study of intimate relationships (family, friendships, and romantic); professional relationships (patient-health care provider); personal identity (self-awareness and personal narrative); verbal and nonverbal communication (talk, conversations, and writing); performance (performing literary and real-life relationships); and communication and cultural diversity (communicating across human differences based on gender and gender identity; sexuality and sexual orientation, race, ethnicity, and nationality; social class, physical and mental abilities, age and age cohorts, spirituality, and religion; etc.)

COM 3014 - Communication, Gender and Identity **Credit(s): 3**

COM 3052 - Cultural Studies and Communication **Credit(s): 3**

COM 3120 - Organizational Communication **Credit(s): 3**

COM 4030 - Women and Communication **Credit(s): 3**

COM 4702 - Communication, Language, and Mental Illness **Credit(s): 3**

COLLEGE OF ARTS & SCIENCES

- SPC 4431 - Family Communication **Credit(s): 3**
- SPC 4701 - Intercultural Communication **Credit(s): 3**

PUBLIC COMMUNICATION AND MEDIA (SELECT ONE COURSE; 3 CREDIT HOURS)

Public Communication and Media focuses on the critical study and analyses of communication, culture, and media in the public sphere. Specific areas include media and media texts (television, film, music, print, Internet and social media), media literacy; culture and power; public opinion; political communication, social justice and social movements; and public performances of literature and other texts. Academic approaches include critical and cultural studies, rhetorical studies, performance studies, diversity studies and survey research.

- SPC 3680 - Rhetorical Analysis **Credit(s): 3**
- SPC 4930 - Selected Topics **Credit(s): 1-3** (Political Communication)

APPLIED COMMUNICATION (SELECT ONE COURSE; 3 CREDIT HOURS)

Applied Communication focuses on the development of advanced communication skills and how communication theory and research inform communication in specialized contexts. Advanced communication skills include leadership (working in teams and organizations); oral communication (interviewing, performing, public speaking, creating presentations); written, digital and electronic communication, and undergraduate research. The specialized contexts of "applied" communication include for profit corporations, not-for-profit organizations, health care institutions, families, civic organizations and communities in both domestic and global settings.

- COM 3051 - Analyzing Culture and Media **Credit(s): 3**
- COM 3120 - Organizational Communication **Credit(s): 3**
- COM 3122 - Interview Communication **Credit(s): 3**

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MAJOR ELECTIVES: 4 COURSES; 12 CREDIT HOURS

ADDITIONAL DEPARTMENTAL ELECTIVES

Students must take additional 3000- or 4000-level Communication courses to fulfill the remaining 12 hour elective requirement.

Please consult Catalog for full listing of Communication course titles, and consult Oasis for current SPC 4930 - Selected Topics courses. Faculty strongly recommend that students interested in a specialization within their major select and take at least 9 of these 12 elective hours within one of the three Department Distribution Areas: Communication and Human Relationships, Public Communication and Media, or Applied Communication.

ADDITIONAL INFORMATION - COMMUNICATION B.A.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.
Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department and College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.
USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

OPTIONAL HONORS PROGRAM

The Honors Program in Communication provides an opportunity for exceptional undergraduate students in Communication to work closely with a faculty member in an intensive research experience. Each Honors student is required to complete and defend an undergraduate Honors Thesis.

Application to the program ordinarily occurs during the second semester of the junior year or prior to completion of 90 semester hours. Students interested in the Honors Program should consult the department for further information about admission and program requirements.

Admission to the program is based on the student's overall academic record, performance in communication courses, and recommendations of faculty. To be admitted to the program, a student should have at least a 3.5 GPA in all Communication courses and a 3.0 cumulative GPA.

Students are required to complete 3 hours of Honors Reading and 3 hours of Honors Thesis.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

COMMUNICATION MINOR

TOTAL MINOR HOURS: 18

The minor in Communication prepares students to communicate effectively and ethically in a variety of relationships and contexts (see description of the major). Students may choose to emphasize a particular area of study including human relationships, health communication, public communication, media and culture, public advocacy, performance, organizational communication, leadership, diversity, or applied communication.

MINOR REQUIREMENTS (15 CREDIT HOURS)

The minor in Communication requires a minimum of 15 hours of departmental coursework.

MINOR CORE (6 CREDIT HOURS)

There are two required core courses in the minor:

SPC 2608 - Public Speaking **Credit(s): 3**

COM 2000 - Introduction to Communication **Credit(s): 3**

MINOR ELECTIVES (9 CREDIT HOURS)

Nine credit hours may be selected from among departmental offerings and must be at the 3000-level or higher.

GPA REQUIREMENTS

A grade point average of 2.0 minimum is required for this minor.

GRADING REQUIREMENT

A grade of "C-minus" is required for a departmental course to count toward a Communication minor.

Courses may not be taken S/U where a grade option exists.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

DEPARTMENT OF ECONOMICS

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ECONOMETRICS AND QUANTITATIVE ECONOMICS B.S.

TOTAL DEGREE HOURS: 120

The B.S. in Econometrics and Quantitative Economics is a baccalaureate degree focusing on the more analytical and applied aspects of economics, including forecasting, program and business evaluation, benefit/cost analysis and economic impact analysis.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

PROGRESSION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

All students entering USF for the first time, in Fall 2012 or later, who earn **3 (three) D and/or F grades** in any of the following courses at USF: ECO 2013, ECO 2023, ECO 3101, ECO 3203, **STA 2023** (or QMB 2100 or QMB 3200) and **ECO 2052** (or MAC 2233 or MAC 2311 or equivalent) will be required to change their major to a major more appropriate to their goals and academic performance, and to a major that is not conferred by the Department of Economics through the College of Arts and Sciences.

All continuing USF students who entered USF prior to Fall 2012 and who **have not** earned any D or F grades in any of the following courses at USF: ECO 2013, ECO 2023, ECO 3101, ECO 3203, **STA 2023** (or QMB 2100 or QMB 3200) and **ECO 2052** (or MAC 2233 or MAC 2311 or equivalent) by the beginning of Fall 2012, will also be allowed **3 (three) D and/or F grades** in those courses before being required to change their major to a major more appropriate to their goals and academic performance, and to a major that is not conferred by the Department of Economics through the College of Arts and Sciences. .

All continuing USF students who entered USF prior to Fall 2012 and who **have** earned 1 (one) or more D or F grades in any of the following courses at USF: ECO 2013, ECO 2023, ECO 3101, ECO 3203, **STA 2023** (or QMB 2100 or QMB 3200) and **ECO 2052** (or MAC 2233 or MAC 2311 or equivalent) by the beginning of Fall 2012, will only be allowed **2 (two) more D and/or F grades** in those courses before being required to change their major to a major more appropriate to their goals and academic performance, and to a major that is not conferred by the Department of Economics through the College of Arts and Sciences.

Grade Forgiveness will NOT apply to the mandated requirement of changing majors.

Appeals to the required change of major will be handled in the Economics Department and ONLY those students whose appeal is based on exceptional circumstances will be considered.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major

Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - ECONOMETRICS AND QUANTITATIVE ECONOMICS B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

ECO X013 and ECO X023

or ECO XXXX and ECO XXXX - 3 credit hours each for 6 total credit hours

Note: If transfer students do not take ECO 2013 - Economic Principles (Macroeconomics) and ECO 2023 - Economic Principles (Microeconomics) to meet the State Mandated Common Prerequisite courses, they will be expected to complete ECO 2013 and ECO 2023 prior to taking upper-level Economics courses.

REQUIRED COURSES: (27 CREDIT HOURS)

ECONOMETRICS AND QUANTITATIVE ECONOMICS CORE COURSES: 6 COURSES; 18 CREDIT HOURS

MAC 2233 - Business Calculus or MAC 2311 - Calculus I or MAC 2241 - Life Sciences Calculus I or MAC 2281 - Engineering Calculus I are acceptable substitutes for ECO 2052 - Analytical Tools for Economists.

QMB 3200 - Business and Economic Statistics II is an acceptable substitute for STA 2023 - Introductory Statistics I.

ECO 2052 - Analytical Tools for Economists, MAC 2233 - Business Calculus, or MAC 2311 - Calculus I (or the equivalent) must be taken as a prerequisite for ECO 3101 - Intermediate Price Theory and ECO 3203 - Intermediate Macroeconomics.

ECO 2052 - Analytical Tools for Economists **Credit(s): 3**

ECO 3101 - Intermediate Price Theory **Credit(s): 3**

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENT

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.
Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

COURSE GRADE REQUIREMENT

Students must obtain a grade of "C-" or higher in ECO 3101 in order to enroll in any course for which ECO 3101 is a prerequisite. Some courses require a grade of "B-" or higher in ECO 3101.

RESIDENCY REQUIREMENT

Department Major Academic Residency Requirement - Minimum of 18 hours of upper-level Economics coursework must be completed at USF.
College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF
USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - ECONOMICS B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

ECO X000-X999 - 6 total credit hours

Note: If transfer students do not take ECO 2013 - Economic Principles (Macroeconomics) and ECO 2023 - Economic Principles (Microeconomics) to meet the State Mandated Common Prerequisite courses, they will be expected to complete ECO 2013 and ECO 2023 prior to taking upper-level Economics courses.

REQUIRED COURSES: (33 CREDIT HOURS)

ECONOMICS MAJOR CORE: 6 COURSES; 18 CREDIT HOURS

Students may substitute QMB 3200 - Business and Economic Statistics II for STA 2023 - Introductory Statistics I.

Students may substitute MAC 2233 - Business Calculus or MAC 2311 - Calculus I or MAC 2241 - Life Sciences Calculus I or MAC 2281 - Engineering Calculus I or an equivalent Calculus course for ECO 2052 - Analytical Tools for Economists.

ECO 2013 - Economic Principles (Macroeconomics) **Credit(s): 3**

ECO 2023 - Economic Principles (Microeconomics) **Credit(s): 3**

ECO 3101 - Intermediate Price Theory **Credit(s): 3**

ECO 3203 - Intermediate Macroeconomics **Credit(s): 3**

ECO 2052 - Analytical Tools for Economists **Credit(s): 3**

STA 2023 - Introductory Statistics I **Credit(s): 3**

ECONOMICS MAJOR RESTRICTED ELECTIVES: 5 COURSES; 15 CREDIT HOURS

Choose five courses (15 credit hours) of Economics electives numbered 3000 or higher from the list of potential elective courses.

Notes: No more than 3 hours credit hours of ECO 4914 - Independent Research may be applied toward the major.

ECO 3622 - American Economic History **Credit(s): 3**

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

Students must obtain a grade of C- or higher in all courses required for the major or minor in Economics.

Students must obtain a grade of "C-" or higher in ECO 3101 - Intermediate Price Theory in order to enroll in any course for which ECO 3101 is a prerequisite.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENT

Department Major Academic Residency Requirement - Minimum of 18 hours of upper-level major coursework must be completed at USF.

College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF
USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

DEPARTMENT OF ENGLISH

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ENGLISH B.A., WITH CREATIVE WRITING CONCENTRATION

TOTAL DEGREE HOURS: 120

A bachelor's degree in English prepares students for any field that values critical thinking, high reading comprehension, clear and effective writing, and the ability to interpret and analyze language. It provides two concentrations from which students must choose one: Creative Writing and Literary Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major

Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - ENGLISH B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

ADDITIONAL INFORMATION - ENGLISH B.A.

OTHER REQUIREMENTS

Students must complete a minimum of 6 credit hours at the 4000 level.

Students declaring English as a second major need to complete 30 credit hours. To do so, they must make a written request to the Undergraduate Director at the time they declare English as a second major. Courses taken in the first major may not count toward the 30 hours in English as a second major.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.5

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENT

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

OPTIONAL HONORS PROGRAM

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The Department of English Honors Program provides a carefully selected group of seniors with opportunities for advanced scholarship:

- Closer contact with faculty tutors than students in the regular major program;
- An opportunity to work and exchange ideas in the stimulating environment of a small group of fellow students with similar aims and abilities;
- An opportunity to develop individual initiative and sophisticated critical skills.

The English Honors Program will benefit those interested in graduate work, advanced professional study, or greater intellectual challenges.

ADMISSIONS CRITERIA

Students may apply for the program after completing 60 hours of coursework. Applicants should have a GPA of 3.30 in the major and an overall GPA of 3.00 and should submit signatures of recommendation from two English faculty supporting their applications.

After screening all applications, the Department's Honors Committee will select participants for each year's program.

REQUIREMENTS FOR COMPLETION OF DEPARTMENTAL HONORS

The Honors student will complete the requirements of his/her chosen English Department major as described in the current catalog.

The Honors program requires 9 hours of Honors-level work.

All Honors students are required to complete at least one (three-hour) Honors seminar (ENG 4935 or ENG 4936).

Students may select from the following options to fulfill the remaining six hours of credit in Honors:

Up to two more (three-hour) Honors seminars (ENG 4935 or ENG 4936).

A three-hour independent study. The independent study should be connected to an eligible upper-level course in the major being taught in that semester.**

A list of courses available for this option will be made available prior to registration each semester. Students will attend some or all of the scheduled course meetings but will be enrolled in an independent study with the instructor. The independent study will be considered a special "Honors section" of the course and will require additional work that may include extra reading, class presentations, and advanced research-based writing. To enroll in an independent study, students will need written permission of the instructor, who will determine an Honors-appropriate workload for the course. The proposed plan for independent study must be approved by the Honors Committee and filed with the Undergraduate Director prior to registration. Students may count a maximum of one independent study in fulfillment of their degree requirements.

A three-hour Honors thesis, supervised by a member of the English faculty. The Director of the English Honors Program will serve as instructor of record for the thesis hours. Under the direction of the instructors of the Honors seminars and/or the Director of the English Honors Program, the student will choose a member of the English Department faculty to serve as director of his/her thesis and one or two additional faculty members to serve as readers of the thesis. The completed thesis must be at least 25-pages in length, not including bibliography.

A three-hour graduate-level course. Enrollment in a graduate course is limited to Honors students in their final semester and requires written permission of the Undergraduate Director, Graduate Director, and the instructor of the course. To be eligible, students must have completed at least one Honors seminar with a grade of A- or higher.

To graduate with Departmental Honors, the student must satisfy the following requirements:

Complete 9 hours of English Honors courses as described above with a 3.30 GPA;

Complete all major requirements with a 3.30 GPA and academic coursework with an overall GPA of 3.0.

The student who completes all requirements above will graduate with Honors in English.

**Faculty who are willing to accommodate the extra needs of Honors students will notify the Undergraduate Director before registration to have their course put on the list of eligible courses. The Honors student will enroll in an independent study but will attend the scheduled course and complete the bulk of the reading and written requirements for the course in addition to a special Honors project for the course (this could include a formal presentation of research, an independent research project, a longer research paper, a long annotated bibliography, a larger collection of creative work, etc. The independent study represents 3 hours of coursework.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

ENGLISH B.A., WITH LITERARY STUDIES CONCENTRATION

TOTAL DEGREE HOURS: 120

A bachelor's degree in English prepares students for any field that values critical thinking, high reading comprehension, clear and effective writing, and the ability to interpret and analyze language. It provides two concentrations from which students must choose one: Creative Writing and Literary Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major

Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - ENGLISH B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

ADDITIONAL INFORMATION - ENGLISH B.A.

OTHER REQUIREMENTS

Students must complete a minimum of 6 credit hours at the 4000 level.

Students declaring English as a second major need to complete 30 credit hours. To do so, they must make a written request to the Undergraduate Director at the time they declare English as a second major. Courses taken in the first major may not count toward the 30 hours in English as a second major.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.5
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENT

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

OPTIONAL HONORS PROGRAM

The Department of English Honors Program provides a carefully selected group of seniors with opportunities for advanced scholarship:

Closer contact with faculty tutors than students in the regular major program;
An opportunity to work and exchange ideas in the stimulating environment of a small group of fellow students with similar aims and abilities;
An opportunity to develop individual initiative and sophisticated critical skills.
The English Honors Program will benefit those interested in graduate work, advanced professional study, or greater intellectual challenges.

ADMISSIONS CRITERIA

Students may apply for the program after completing 60 hours of coursework. Applicants should have a GPA of 3.30 in the major and an overall GPA of 3.00 and should submit signatures of recommendation from two English faculty supporting their applications.

After screening all applications, the Department's Honors Committee will select participants for each year's program.

REQUIREMENTS FOR COMPLETION OF DEPARTMENTAL HONORS

The Honors student will complete the requirements of his/her chosen English Department major as described in the current catalog.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The Honors program requires 9 hours of Honors-level work.

All Honors students are required to complete at least one (three-hour) Honors seminar (ENG 4935 or ENG 4936).

Students may select from the following options to fulfill the remaining six hours of credit in Honors:

Up to two more (three-hour) Honors seminars (ENG 4935 or ENG 4936).

A three-hour independent study. The independent study should be connected to an eligible upper-level course in the major being taught in that semester.**

A list of courses available for this option will be made available prior to registration each semester. Students will attend some or all of the scheduled course meetings but will be enrolled in an independent study with the instructor. The independent study will be considered a special "Honors section" of the course and will require additional work that may include extra reading, class presentations, and advanced research-based writing. To enroll in an independent study, students will need written permission of the instructor, who will determine an Honors-appropriate workload for the course. The proposed plan for independent study must be approved by the Honors Committee and filed with the Undergraduate Director prior to registration. Students may count a maximum of one independent study in fulfillment of their degree requirements.

A three-hour Honors thesis, supervised by a member of the English faculty. The Director of the English Honors Program will serve as instructor of record for the thesis hours. Under the direction of the instructors of the Honors seminars and/or the Director of the English Honors Program, the student will choose a member of the English Department faculty to serve as director of his/her thesis and one or two additional faculty members to serve as readers of the thesis. The completed thesis must be at least 25-pages in length, not including bibliography.

A three-hour graduate-level course. Enrollment in a graduate course is limited to Honors students in their final semester and requires written permission of the Undergraduate Director, Graduate Director, and the instructor of the course. To be eligible, students must have completed at least one Honors seminar with a grade of A- or higher.

To graduate with Departmental Honors, the student must satisfy the following requirements:

Complete 9 hours of English Honors courses as described above with a 3.30 GPA;

Complete all major requirements with a 3.30 GPA and academic coursework with an overall GPA of 3.0.

The student who completes all requirements above will graduate with Honors in English.

**Faculty who are willing to accommodate the extra needs of Honors students will notify the Undergraduate Director before registration to have their course put on the list of eligible courses. The Honors student will enroll in an independent study but will attend the scheduled course and complete the bulk of the reading and written requirements for the course in addition to a special Honors project for the course (this could include a formal presentation of research, an independent research project, a longer research paper, a long annotated bibliography, a larger collection of creative work, etc. The independent study represents 3 hours of coursework.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

PROFESSIONAL AND TECHNICAL COMMUNICATION B.A.

TOTAL DEGREE HOURS: 120

The Bachelor of Arts degree in Professional and Technical Communication prepares students to use their writing and communication skills to solve problems in a variety of workplaces and settings. The B.A. program affords students the opportunity to make and produce a wide variety of documents and texts using technological tools and media; to assess existing structures and to propose alternative solutions; and to learn the value of diversity, culture, and ethics.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major

Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - PROFESSIONAL AND TECHNICAL COMMUNICATION B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

ENC X101 or ENC X000-X999* – 3 credit hours

ENC X102 or ENC X000-X999* – 3 credit hours

ENC X210 Technical Writing – 3 credit hours

SPC X608 Public Speaking – 3 credit hours

*Any ENC XXXX equivalent to English Composition I and English Composition II.

REQUIRED COURSES: (36 CREDIT HOURS)

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

ENC 3242 - Technical Communication for Majors **Credit(s): 3**

ENC 4260 - Technical and Professional Communication Capstone **Credit(s): 3**

ENC 3266 - Research Methods for Professional and Technical Communication **Credit(s): 3**

MAJOR (RESTRICTED) ELECTIVES: 9 COURSES; 27 CREDIT HOURS

PROFESSIONAL AND TECHNICAL COMMUNICATION ELECTIVES: 6 COURSES; 18 CREDIT HOURS

Students choose 18 credit hours of Professional and Technical Communication electives from the following list of courses.

LIS 2005 - Information Literacy **Credit(s): 3**

ENC 3310 - Expository Writing **Credit(s): 3**

ENC 3331 - Client and Civic Communication **Credit(s): 3**

ENC 3371 - Rhetorical Theory for Technical Communication **Credit(s): 3**

ENC 3373 - Rhetoric of Marginalized Communities **Credit(s): 3**

ENC 3376 - Multimodal Composition **Credit(s): 3**

ENC 3416 - New Media for Technical Communication **Credit(s): 3**

ENC 4212 - Professional & Technical Editing **Credit(s): 3**

ENC 4218 - Visual Rhetoric for Technical Communication **Credit(s): 3**

ENC 4264 - Managerial Communications **Credit(s): 3**

ENC 4931 - Selected Topics in Professional and Technical Writing **Credit(s): 3**

ENC 4940 - Technical and Professional Communication Internship **Credit(s): 3**

ENC 4311 - Advanced Composition **Credit(s): 3**

ENC 3370 - Writing Technologies **Credit(s): 3**

ENC 4403 - Grant Writing **Credit(s): 3**

OTHER ELECTIVE COURSES: 3 COURSES; 9 CREDIT HOURS

Select nine (9) credit hours of electives from the Major Restricted Electives listed above. Students may choose six of the nine credit hours from electives outside of the Department, in consultation with their advisor.

ADDITIONAL INFORMATION - PROFESSIONAL AND TECHNICAL COMMUNICATION B.A.

OTHER REQUIREMENTS

Students will be required to compile a portfolio of their work throughout the degree program. It is completed and presented during the capstone course.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The requirements for the Professional and Technical Communication degree allow for open electives of any English Department course, as well as electives outside the major. Students are encouraged to use these credits to pursue a minor or certificate that will broaden and enrich their major studies. Students may elect to pursue any minor.

GPA REQUIREMENTS

The major GPA is a 2.0.

GRADING REQUIREMENTS

A minimum grade of C- or better is required to meet major course.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department and College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

INTERNSHIP OPPORTUNITIES - PROFESSIONAL AND TECHNICAL COMMUNICATION B.A.

It is highly recommended that students take advantage of participating in an internship. The Department of English and the Professional and Technical Communication program have developed a number of long-term relationships with organizations. Talk to your advisor or one of the faculty about these opportunities.

OPTIONAL HONORS PROGRAM - DEPARTMENT OF ENGLISH

The Department of English Honors Program provides a carefully selected group of seniors with opportunities for advanced scholarship:

Closer contact with faculty tutors than students in the regular major program;

An opportunity to work and exchange ideas in the stimulating environment of a small group of fellow students with similar aims and abilities;

An opportunity to develop individual initiative and sophisticated critical skills.

The English Honors Program will benefit those interested in graduate work, advanced professional study, or greater intellectual challenges.

ADMISSIONS CRITERIA

Students may apply for the program after completing 60 hours of coursework. Applicants should have a GPA of 3.30 in the major and an overall GPA of 3.00 and should submit signatures of recommendation from two English faculty supporting their applications.

After screening all applications, the Department's Honors Committee will select participants for each year's program.

REQUIREMENTS FOR COMPLETION OF DEPARTMENTAL HONORS

The Honors student will complete the requirements of his/her chosen English Department major as described in the current catalog.

The Honors program requires 9 hours of Honors-level work.

All Honors students are required to complete at least one (three-hour) Honors seminar (ENG 4935 - Honors Seminar I or ENG 4936 - Honors Seminar II).

Students may select from the following options to fulfill the remaining six hours of credit in Honors:

Up to two more (three-hour) Honors seminars (ENG 4935 or ENG 4936).

A three-hour independent study. The independent study should be connected to an eligible upper-level course in the major being taught in that semester.**

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

A list of courses available for this option will be made available prior to registration each semester. Students will attend some or all of the scheduled course meetings but will be enrolled in an independent study with the instructor. The independent study will be considered a special "Honors section" of the course and will require additional work that may include extra reading, class presentations, and advanced research-based writing. To enroll in an independent study, students will need written permission of the instructor, who will determine an Honors-appropriate workload for the course. The proposed plan for independent study must be approved by the Honors Committee and filed with the Undergraduate Director prior to registration. Students may count a maximum of one independent study in fulfillment of their degree requirements.

A three-hour Honors thesis, supervised by a member of the English faculty. The Director of the English Honors Program will serve as instructor of record for the thesis hours. Under the direction of the instructors of the Honors seminars and/or the Director of the English Honors Program, the student will choose a member of the English Department faculty to serve as director of his/her thesis and one or two additional faculty members to serve as readers of the thesis. The completed thesis must be at least 25-pages in length, not including a bibliography.

A three-hour graduate-level course. Enrollment in a graduate course is limited to Honors students in their final semester and requires written permission of the Undergraduate Director, Graduate Director, and the instructor of the course. To be eligible, students must have completed at least one Honors seminar with a grade of A- or higher.

3. To graduate with Departmental Honors, the student must satisfy the following requirements:

Complete 9 hours of English Honors courses as described above with a 3.30 GPA;

Complete all major requirements with a 3.30 GPA and academic coursework with an overall GPA of 3.0.

4. The student who completes all requirements above will graduate with Honors in English.

**Faculty who are willing to accommodate the extra needs of Honors students will notify the Undergraduate Director before registration to have their course put on the list of eligible courses. The Honors student will enroll in an independent study but will attend the scheduled course and complete the bulk of the reading and writing requirements for the course in addition to a special Honors project for the course (this could include a formal presentation of research, an independent research project, a longer research paper, a long annotated bibliography, a larger collection of creative work, etc. The independent study represents 3 hours of coursework.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CREATIVE WRITING MINOR

TOTAL MINOR HOURS: 15

The Creative Writing minor is designed for aspiring writers of fiction, poetry, creative nonfiction, comics, and many other genres. Students learn to read others' work and produce their own with attention to cultural and philosophical contexts. As they explore their individual interests in small, workshop-oriented classes, they also gain valuable career competencies and skills necessary to enter multiple graduate programs.

MINOR REQUIREMENTS

Courses used to satisfy concentration requirements cannot be used to satisfy minor requirements. Any course appearing in both the Creative Writing Minor and the Creative Writing Concentration will be manually removed by your advisor.

MINOR CORE (9 CREDIT HOURS)

CRW 3311 - Form and Technique of Poetry **Credit(s): 3**

CRW 3111 - Form and Technique of Fiction **Credit(s): 3**

Or

CRW 3211 - Form and Technique of Nonfiction **Credit(s): 3**

Any major course listed in the Literary Studies concentration including a 2000-level LIT course

Any two of the following:

CRW 3112 - Fiction I **Credit(s): 3**

CRW 3121 - Fiction II **Credit(s): 3**

CRW 3212 - Nonfiction I **Credit(s): 3**

CRW 3221 - Nonfiction II **Credit(s): 3**

CRW 3312 - Poetry I **Credit(s): 3**

CRW 3321 - Poetry II **Credit(s): 3**

CRW 4930 - Selected Topics in Creative Writing **Credit(s): 1-3**

GRADING REQUIREMENT

A grade of below C- will not be counted toward fulfilling the minor requirements.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

LITERARY STUDIES MINOR

TOTAL MINOR CREDIT HOURS: 15

The Literary Studies minor (LTS) is designed to provide curious students with the opportunity to study a wide range of works from a diverse collection of authors. Students engage with fiction, drama, graphic novels, poetry, nonfiction, comics, and film while developing analytical thinking skills and gaining empathy for multiple perspectives. Classes are discussion-driven and build both valuable career competencies and skills necessary to enter multiple graduate programs.

MINOR CORE CREDIT HOURS: 15

Select five courses that fit the categories below:

- One AML course from the Literary Studies concentration
- One ENL course from the Literary Studies concentration
- One 4000-level literature course from the Literary Studies concentration (AML, ENG, ENL, or LIT prefix)
- One 3000- or 4000-level literature course from the Literary Studies concentration
- One additional course (any level) from the Literary Studies concentration

GPA REQUIREMENT

A grade point average of 2.0 minimum is required for this minor.

GRADING REQUIREMENT

The minor course minimum grade is a "C" (2.00). A grade of C- will not be counted toward fulfilling the minor requirements.

ENVIRONMENTAL SCIENCE AND POLICY B.S., WITH ENVIRONMENTAL ANALYSIS CONCENTRATION

TOTAL DEGREE HOURS: 120

This B.S. in Environmental Science and Policy emphasizes the understanding of interrelationships between social phenomena and the natural (i.e., biological-physical-chemical) environment. It is intended to: (1) increase student awareness of these interconnections in their everyday lives; (2) introduce students to a variety of social science perspectives (including politics and policies), along with hard environmental science perspectives, that help students make sense of these connections; (3) identify the contributions of each of these perspectives to our understanding of environmental problems; (4) discuss how natural resource management and environmental policy reflect these perspectives; and (5) produce graduates who promote sustainability in all facets of human enterprise.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - ENVIRONMENTAL SCIENCE AND POLICY B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

BSC X010C or (BSC X010 and BSC X010L) - 4 credit hours
CHM X045C or (CHM X045 and CHM X045L) - 4 credit hours
CHM X046C or (CHM X046 and CHM X046L) - 4 credit hours
GLY X010C or (GLY X010 and GLY X010L) - 4 credit hours
MAC X311 - 4 credit hours
MCB X013C - 4 credit hours
STA X023 - 3 credit hours

REQUIRED COURSES: (44 CREDIT HOURS)

URP 4052 - Urban Planning and Sustainability **Credit(s): 3**

Note: Courses completed as a part of the Major Core cannot also be used to meet the Concentration Elective requirement.

ADDITIONAL INFORMATION - ENVIRONMENTAL SCIENCE AND POLICY B.S.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

INTERNSHIP OPPORTUNITIES - ENVIRONMENTAL SCIENCE AND POLICY B.S.

All students are required to complete an internship or research project as a part of the major. EVR 4910 and EVR 4940 fulfill this requirement and are included in the Major Course Courses above. Speak to the undergraduate advisor concerning internship opportunities. See advising information below.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course

ENVIRONMENTAL SCIENCE AND POLICY B.S., WITH ENVIRONMENTAL SCIENCE CONCENTRATION

TOTAL DEGREE HOURS: 120

This B.S. in Environmental Science and Policy emphasizes the understanding of interrelationships between social phenomena and the natural (i.e., biological-physical-chemical) environment. It is intended to: (1) increase student awareness of these interconnections in their everyday lives; (2) introduce students to a variety of social science perspectives (including politics and policies), along with hard environmental science perspectives, that help students make sense of these connections; (3) identify the contributions of each of these perspectives to our understanding of environmental problems; (4) discuss how natural resource management and environmental policy reflect these perspectives; and (5) produce graduates who promote sustainability in all facets of human enterprise.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major

Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - ENVIRONMENTAL SCIENCE AND POLICY B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

BSC X010C or (BSC X010 and BSC X010L) - 4 credit hours
CHM X045C or (CHM X045 and CHM X045L) - 4 credit hours
CHM X046C or (CHM X046 and CHM X046L) - 4 credit hours
GLY X010C or (GLY X010 and GLY X010L) - 4 credit hours

EVR 4873 - Environmental Policy and Sustainability **Credit(s): 3**
EVR 4930 - Selected Topics **Credit(s): 1-3**
GEO 3280 - Environmental Hydrology **Credit(s): 3**
GEO 4210 - Process Geomorphology **Credit(s): 3**
GEO 4265 - Soil Genesis and Classification **Credit(s): 3**
GEO 4284 - Water Resources Management **Credit(s): 3**
GEO 4340 - Natural Hazards **Credit(s): 3**
GIS 4035C - Remote Sensing of the Environment **Credit(s): 3**
GIS 4043C - Geographic Information Systems **Credit(s): 3**
GLY 3104C - Stratigraphy and Paleontology **Credit(s): 4**
GLY 3552C - Sedimentary Rocks and Processes **Credit(s): 4**
GLY 4734 - Beaches and Coastal Environments **Credit(s): 3**
GLY 4822C - Hydrogeology **Credit(s): 4**
MET 4106C - Climate Studies **Credit(s): 4**
PCB 3043 - Principles of Ecology **Credit(s): 3**
and
PCB 3043L - Principles of Ecology Laboratory **Credit(s): 1**

Note: Courses completed as a part of the Major Core cannot also be used to meet the Concentration Elective requirement.

ADDITIONAL INFORMATION - ENVIRONMENTAL SCIENCE AND POLICY B.S.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

INTERNSHIP OPPORTUNITIES - ENVIRONMENTAL SCIENCE AND POLICY B.S.

All students are required to complete an internship or research project as a part of the major. EVR 4910 and EVR 4940 fulfill this requirement and are included in the Major Course Courses above. Speak to the undergraduate advisor concerning internship opportunities. See advising information below.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

GEOGRAPHY AND GEOGRAPHIC INFORMATION SYSTEMS B.A., WITH GEOGRAPHIC INFORMATION SYSTEMS CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in Geography and Geographic Information Systems offers courses in Physical Geography, Human Geography, and Geographic Information Systems. Human Geography courses focus on the social and spatial effects of the growth of cities, including issues such as the historical evolution of urban form and function, land-use changes and conflicts, economic restructuring, the growth and decline of inner cities, and urban racial and ethnic relations. Physical Geography courses focus on major environmental systems including the hydrosphere, atmosphere, and biosphere. Geographic Information Systems (GIS) courses provide skills in GIS and technology, remote sensing, geovisualization, and spatial analysis and modelling. Particular emphasis is placed on the human modification of the natural environment and the global interconnections of the major earth systems.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - GEOGRAPHY AND GEOGRAPHIC INFORMATION SYSTEMS B.A.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

GEOGRAPHY AND GEOGRAPHIC INFORMATION SYSTEMS B.A., WITH GEOGRAPHY CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in Geography and Geographic Information Systems offers courses in Physical Geography, Human Geography, and Geographic Information Systems. Human Geography courses focus on the social and spatial effects of the growth of cities, including issues such as the historical evolution of urban form and function, land-use changes and conflicts, economic restructuring, the growth and decline of inner cities, and urban racial and ethnic relations. Physical Geography courses focus on major environmental systems including the hydrosphere, atmosphere, and biosphere. Geographic Information Systems (GIS) courses provide skills in GIS and technology, remote sensing, geovisualization, and spatial analysis and modelling. Particular emphasis is placed on the human modification of the natural environment and the global interconnections of the major earth systems.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - GEOGRAPHY AND GEOGRAPHIC INFORMATION SYSTEMS B.A.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

INTERNSHIP OPPORTUNITIES - GEOGRAPHY AND GEOGRAPHIC INFORMATION SYSTEMS B.A.

Speak to the undergraduate advisor concerning internship opportunities. See advising information below.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

GEOLOGY B.A.

TOTAL DEGREE HOURS: 120

The Bachelor of Arts program is designed primarily for the liberal arts student who has an interest in careers in Geoscience education or environmental policy and law. A student who elects the B.A. program and decides to pursue the geology profession or attend graduate school will need at least field geology in his/her program.

This degree emphasizes a comprehensive understanding of the Earth's structure, materials, processes, and history. The intent of a Geology Bachelor's degree is to provide students with a strong foundation in geology and the skills necessary to pursue various career paths within the geosciences, including environmental consulting, natural resource exploration, geological surveys, research, or further studies at the graduate level. Specifically, a geology degree aims to achieve the following:

- Foundational Knowledge of the basic principles of geology such as mineralogy, petrology, sedimentology, stratigraphy, structural geology, and plate tectonics.
- Field-based courses where students learn to gather data and observations, and apply their knowledge in real-world settings.
- Laboratory work to teach students essential analytical and scientific techniques.
- Earth History and Processes that shape the Earth's surface, such as volcanism, erosion, weathering, and the formation of geological structures.
- Problem-Solving and Critical Thinking. Students learn to analyze geological data, interpret complex geological phenomena, and make informed decisions based on evidence and scientific principles.
- Environmental and Resource Management.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - GEOLOGY B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

(CHM X045 and CHM X045L) **or** (CHM X040 and CHM X041) **or** CHM X045C - 4-6 credit hours

(CHM X046 and CHM X046L) **or** CHM X046C - 4 credit hours

MAC X311 **or** MAC X281 - 4 credit hours

GLY X010C **or** (GLY X010 and GLY X010L) - 4 credit hours

(PHY X048C and PHY X049C)* **or** [(PHY X048 and PHY X048L) and (PHY X049 and PHY X049L)] **or** (PHY X053C and PHY X054C) - 8-10 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

*The choice of Physics sequence depends on the area of Geology specialization.

Historical Geology STRONGLY recommended.

GLY 4948 - Practical and Applied Geology: Field Experience **Credit(s): 2**

Note: Other 3000- or 4000-level GLY courses may be approved by the undergraduate advisor as appropriate.

QUANTITATIVE REQUIREMENT

Of these upper-level electives, at least three (3) hours must be drawn from courses identified by the department as including high-quantitative content. Courses that meet this requirement are indicated with a *. Other comparable quantitative offerings in geology may be approved by the undergraduate advisor.

ADDITIONAL INFORMATION - GEOLOGY B.A.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

GEOLOGY B.S.

TOTAL DEGREE HOURS: 120

The Bachelor of Science degree program provides the student with a hands-on foundation in the fundamentals of geosciences. As a result of faculty interests and geographic locations, several geologic sub-disciplines are emphasized, including applied geophysics, coastal geology, geochemistry, geomorphology, geoscience education, hydrogeology, paleobiology, petrology, and volcanology. However, the wide variety of courses and electives offered by the Geology, Environmental Sciences, and Geography programs within the School of Geosciences provides students with programs of study that can be tailored to fit individual needs while maintaining a sound background in all general aspects of geology.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - GEOLOGY B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

(CHM X045 and CHM X045L General Chemistry I) **or** CHM X045C **or** (CHM X040 and CHM X041) - 4-6 credit hours

OR
MAC 2283 - Engineering Calculus III **Credit(s): 4**

ADDITIONAL INFORMATION - GEOLOGY B.S.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

A grade of C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department and College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

OPTIONAL HONORS PROGRAM

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The purpose of the Honors Program is to provide a select group of undergraduate Geology majors an opportunity to undertake an intensive, individualized research experience. The culmination of the program is the completion and presentation of an honors thesis. To apply, interested students should contact the Geology undergraduate advisor during the second semester of the student's junior year. Admission to the program requires a GPA of 3.50 in the major and an overall GPA of 3.2.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

Plans of Study - Geology B.S.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see <https://www.usf.edu/undergrad/students/civics-literacy.aspx> or talk with your academic advisor.

Items that are critical are marked with a * and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

- Petroleum and Mining Industries
- Geologist
- Environmental Geologist
- State and Federal Government
- Environmental Consulting
- National Laboratories

Potential Entry Level Salary Range:

\$45,000 - \$55,000

ENVIRONMENTAL SCIENCE AND POLICY MINOR

This minor emphasizes the understanding of interrelationships between social phenomena and the natural (i.e., biological-physical-chemical) environment. It is intended to

1. Increase student awareness of these interconnections in their everyday lives;
2. Introduce students to a variety of social science perspectives (including politics and policies) along with hard environmental science perspectives, that help students make sense of these connections;
3. Identify the contributions of each of these perspectives to our understanding of environmental problems;
4. Discuss how natural resource management and environmental policy reflect these perspectives; and
5. Produce graduates who promote sustainability in all facets of human enterprise.

TOTAL MINOR CREDIT HOURS: 16

MINOR CORE CREDIT HOURS: 7

- EVR 2001 - Introduction to Environmental Science **Credit(s): 3**
- EVR 2001L - Environmental Science Lab **Credit(s): 1**
- EVR 2861 - Introduction to Environmental Policy **Credit(s): 3**

MINOR ELECTIVE CREDIT HOURS: 9

Select nine (9) hours from the following list:

- EVR 3218 - Wildlife Research Techniques **Credit(s): 3**
- EVR 4027 - Wetland Environments **Credit(s): 3**
- EVR 4033 - Environmental Regulation **Credit(s): 3**
- EVR 4051 - Environmental Field Methods **Credit(s): 3**
- EVR 4104 - Karst Environments **Credit(s): 3**
- EVR 4114 - Climate Change **Credit(s): 3**
- EVR 4163 - Forest Ecology and Management **Credit(s): 3**
- EVR 4807 - Sustainable Healthy Environments **Credit(s): 3**
- EVR 4873 - Environmental Policy and Sustainability **Credit(s): 3**
- EVR 4930 - Selected Topics **Credit(s): 1-3**
- GEO 3280 - Environmental Hydrology **Credit(s): 3**
- GEO 4265 - Soil Genesis and Classification **Credit(s): 3**
- GEO 4284 - Water Resources Management **Credit(s): 3**
- GEO 4340 - Natural Hazards **Credit(s): 3**
- GEO 4372 - Global Conservation **Credit(s): 3**
- GLY 4734 - Beaches and Coastal Environments **Credit(s): 3**
- GIS 3006 - Mapping and Geovisualization **Credit(s): 3**
- GIS 4035C - Remote Sensing of the Environment **Credit(s): 3**
- GIS 4043C - Geographic Information Systems **Credit(s): 3**
- GIS 4300 - Environmental Modeling with GIS **Credit(s): 3**
- GIS 4302C - GIS for Sustainability **Credit(s): 4**
- MET 4106C - Climate Studies **Credit(s): 4**
- BSC 4057 - Environmental Issues **Credit(s): 3**
- ECP 3302 - Environmental Economics **Credit(s): 3**
- PHI 3640 - Environmental Ethics **Credit(s): 3**
- PUP 4203 - Environmental Politics and Policy **Credit(s): 3**
- POS 3697 - Environmental Law **Credit(s): 3**

GPA REQUIREMENT

Minimum GPA in the minor of 2.0.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GRADING REQUIREMENT

Unless stated otherwise, a grade of C- is the minimum acceptable grade.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

GEOGRAPHIC INFORMATION SYSTEMS AND TECHNOLOGY MINOR

Geographic information systems (GIS) and related spatial technologies enable us to acquire, archive, analyze, and communicate information regarding people, places, and other processes on or near the Earth's surface. The mission of the minor in the GIST program is provide students:

Broad understanding of the fundamental theories and concepts underlying geographic information science, Hands-on experience with contemporary GIS, remote sensing, and global positioning systems hardware and software, and

Practical skills with the application of geospatial analysis to contemporary problems in environmental management, urban planning, business management, disease and health management, crime analysis, and other fields.

TOTAL MINOR CREDIT HOURS: 15-16

MINOR CORE CREDIT HOURS: 12

GIS 3006 - Mapping and Geovisualization **Credit(s): 3**
GEO 3164C - Research Methods in Geography **Credit(s): 3**
GIS 4035C - Remote Sensing of the Environment **Credit(s): 3**
GIS 4043C - Geographic Information Systems **Credit(s): 3**

MINOR ELECTIVE HOURS: 3-4

Students choose one of the following courses:

EVR 3218 - Wildlife Research Techniques **Credit(s): 3**
EVR 4051 - Environmental Field Methods **Credit(s): 3**
GEO 4450 - Medical Geography **Credit(s): 3**
GIS 4300 - Environmental Modeling with GIS **Credit(s): 3**
GIS 4302C - GIS for Sustainability **Credit(s): 4**

GPA REQUIREMENT

A minimum grade point average of 2.00 is required.

GRADING REQUIREMENT

A grade of below "C-" will not be counted toward fulfilling the minor requirements.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GEOLOGY MINOR

This minor emphasizes a comprehensive understanding of the Earth's structure, materials, processes, and history to provide students with a strong foundation in geology and the skills necessary to pursue various career paths within the geosciences, including environmental consulting, natural resource exploration, geological surveys, research, or further studies at the graduate level. Specifically, a geology degree aims to achieve the following:

Foundational Knowledge of the basic principles of geology such as mineralogy, petrology, sedimentology, stratigraphy, structural geology, and plate tectonics.

Laboratory work to teach students essential analytical and scientific techniques.

Problem-Solving and Critical Thinking. Students learn to analyze geological data, interpret complex geological phenomena, and make informed decisions based on evidence and scientific principles.

MINOR REQUIREMENTS

Sixteen (16) credit hours are required. The completion of the introductory sequence courses (4 credit hours) listed and any three Geology Core courses (12 hours).

MINOR CORE (2 COURSES; 4 CREDIT HOURS)

NOTE: GLY 2010 is a pre-requisite for the required Core Courses. Students must complete this course prior to beginning the Core Courses sequence as a part of the Introductory sequence.

INTRODUCTORY SEQUENCE (4 CREDIT HOURS)

One course, chosen from:

GLY 2010 - Dynamic Earth: Introduction to Physical Geology **Credit(s): 3**

OR other comparable acceptable course offerings, as approved by the undergraduate advisor

GLY 2000L - Essentials of Geology Laboratory **Credit(s): 1**

MINOR ELECTIVES (3 COURSES; 12 CREDIT HOURS)

Choose three of the following Geology courses:

GEO 3280 - Environmental Hydrology **Credit(s): 3**

GLY 3104C - Stratigraphy and Paleontology **Credit(s): 4**

GLY 3311C - Mineralogy, Petrology, Geochemistry **Credit(s): 4**

GLY 3402C - Structural Geology and Tectonics **Credit(s): 4**

GLY 3552C - Sedimentary Rocks and Processes **Credit(s): 4**

GPA REQUIREMENT

A minimum grade point average of 2.00 is required.

GRADING REQUIREMENT

A grade of below "C-" will not be counted toward fulfilling the minor requirements.

OTHER INFORMATION

TEACHER EDUCATION PROGRAMS

Prospective elementary and secondary school teachers desiring to teach science should include basic courses in geology and related sciences as part of their curriculum.

DEPARTMENT OF HISTORY

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

HISTORY B.A.

TOTAL DEGREE HOURS: 120

The discipline of History embraces a diverse world of ideas, peoples, and events. Our faculty seek to inform and to question, to provoke, and to challenge our students to a higher level of understanding of the past. History at the University of South Florida (USF) offers the student an opportunity to explore civilizations from around the globe and from the ancient through contemporary eras. Students are encouraged to move beyond traditional memorization of material to a critical level of thinking, analysis, and synthesis. Accomplished History majors are attractive to all kinds of employers in any number of fields, as well as to graduate and professional schools. USF History alumni may be found in such diverse professions as law, medicine, business, government, foreign-service, politics, and education.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - HISTORY B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

AFH X000-X999 or AMH X000-X999 or ASH X000-X999 or EUH X000-X999 or HIS X000-X999 or LAH X000-X999 or WOH X000-X999 - 6 total credit hours (2 courses)

Note: Do not duplicate course selection.

REQUIRED COURSES: (30 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

HIS 3002 - Historical Methods and Materials **Credit(s): 3**
HIS 4936 - Pro-Seminar in History **Credit(s): 3**

MAJOR (RESTRICTED) ELECTIVES COURSES: 8 COURSES; 24 CREDIT HOURS

LOWER-LEVEL COURSE REQUIREMENT: 1 COURSE; 3 CREDIT HOURS

Select one lower-level course from the following list.

Note: The lower-level course may not be the same course taken to meet the State Mandated Common Prerequisites requirement.

AMH 2010 - American History I **Credit(s): 3**
AMH 2020 - American History II **Credit(s): 3**
ASH 2270 - Southeast Asian History **Credit(s): 3**
EUH 2011 - Ancient History I **Credit(s): 3**

USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A grade of C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department and College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

HISTORY MINOR

The discipline of history embraces a diverse world of ideas, people, and events and seeks to inform and to question, to provoke and to challenge students to a higher level of understanding of the past. The minor in History consists of a minimum of eighteen (18) credit hours.

MINOR REQUIREMENTS

A minor in History is an excellent complement to any undergraduate degree that benefits from a humanities discipline.

TOTAL MINOR CREDIT HOURS: 18

MINOR CORE (18 CREDIT HOURS)

Students must select six (6) credit hours from 2000-level History Department course offerings.
Students must select twelve (12) credit hours from 3000- and 4000 upper-level History Department course offerings.

GPA REQUIREMENT

The student must maintain a 2.0 GPA in the minor.

GRADING REQUIREMENT

A minimum grade of "C" or better must be attained in each minor course.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. DEPARTMENT OF HUMANITIES AND CULTURAL STUDIES

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

HUMANITIES AND CULTURAL STUDIES B.A. WITH AMERICAN STUDIES CONCENTRATION

TOTAL DEGREE HOURS: 120

The Humanities program offers an interdisciplinary curriculum that investigates the visual arts, music, literature, film, and the social and historical contexts from which they emerge.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major

Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - HUMANITIES AND CULTURAL STUDIES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

There are no State Mandated Common Prerequisites for this program.

REQUIRED COURSES: (36 CREDIT HOURS)

Humanities and Cultural Studies Core Courses: 3 courses; 9 credit hours

HUM 3804 - Cultural Studies Theory and Method **Credit(s): 3**

HUM 4331 - Humanities Pro-Seminar **Credit(s): 3**

HUM 4931 - Seminar in Humanities **Credit(s): 3**

CONCENTRATION REQUIREMENT

Students choose **one** of the three concentrations from the following list:

American Studies

Film and New Media Studies

Humanities

AMERICAN STUDIES CONCENTRATION

The American Studies concentration is an interdisciplinary study of the cultures and cultural expressions in the United States of America.

TOTAL CONCENTRATION HOURS: 27

Concentration Core Courses: 3 courses; 9 credit hours

Required courses for the concentration:

AMS 2030 - Introduction to American Studies **Credit(s): 3**

AMS 2270 - Twentieth-Century American Culture **Credit(s): 3**

Students select one course from the following list:

HUM 1020 - Introduction to Humanities **Credit(s): 3**

HUM 2522 - Introduction to the Cultural Study of Popular Music **Credit(s): 3**

CONCENTRATION ELECTIVE COURSES: 6 COURSES; 18 CREDIT HOURS

Students take an additional 18 credit hours of upper-level coursework from Humanities and Cultural Studies with an AMS, FIL, or HUM prefix.

ADDITIONAL INFORMATION - HUMANITIES AND CULTURAL STUDIES B.A.

GPA Requirements

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA 2.0

GRADING REQUIREMENTS

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

A grade of C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department and College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

BACHELOR'S/MASTER'S PATHWAYS

This program intends for students to complete a B.A. in Humanities and Cultural Studies with a concentration in Film and New Media Studies and M.A. Liberal Arts with a concentration in Film Studies over the span of five years. Completion of this program allows students to complete 12 credit hours toward the M.A. in during their junior or senior year in the Humanities and Cultural Studies major. Students who decide not to pursue the M.A. but who complete the B.A. requirements will receive the B.A. degree.

See Graduate Catalog for more information on Bachelor's/Master's Pathways.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914, or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research will assist students in understanding the various course options (<https://www.usf.edu/undergrad/hipur/index.aspx>).

HUMANITIES AND CULTURAL STUDIES B.A., WITH HUMANITIES CONCENTRATION

TOTAL DEGREE HOURS: 120

The Humanities program offers an interdisciplinary curriculum that investigates the visual arts, music, literature, film, and the social and historical contexts from which they emerge.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - HUMANITIES AND CULTURAL STUDIES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

There are no State Mandated Common Prerequisites for this program.

REQUIRED COURSES: (36 CREDIT HOURS)

Humanities and Cultural Studies Core Courses: 3 courses; 9 credit hours

HUM 3804 - Cultural Studies Theory and Method **Credit(s): 3**

HUM 4331 - Humanities Pro-Seminar **Credit(s): 3**

HUM 4931 - Seminar in Humanities **Credit(s): 3**

CONCENTRATION REQUIREMENT

Students choose **one** of the three concentrations from the following list:

American Studies

Film and New Media Studies

Humanities

HUMANITIES CONCENTRATION

The Humanities concentration is the study of humanity itself and uses specifically the seven arts to investigate and analyze the fundamental human activities. The seven arts which include painting, sculpture, architecture, music, dance, literature, theatre, and cinema are the branches of learning responsible for human sentiments, aspirations and opinions.

TOTAL CONCENTRATION HOURS: 27

CONCENTRATION CORE COURSES: 3 COURSES; 9 CREDIT HOURS

Students select two courses from the following list:

AMS 2270 - Twentieth-Century American Culture **Credit(s): 3**

HUM 2210 - Studies in Culture: The Classical Through Medieval Periods **Credit(s): 3**

HUM 2230 - European Humanities: Renaissance - 20th Century **Credit(s): 3**

HUM 2250 - Studies in Culture: The Twentieth Century **Credit(s): 3**

HUM 2273 - Eastern and Western Culture Since 1400 **Credit(s): 3**

Students select one course from the following list:

FIL 1002 - Introduction to Film Studies **Credit(s): 3**

HUM 2522 - Introduction to the Cultural Study of Popular Music **Credit(s): 3**

CONCENTRATION ELECTIVE COURSES: 6 COURSES; 18 CREDIT HOURS

Students take an additional 18 credit hours of upper-level coursework from Humanities and Cultural Studies with an AMS, FIL, or HUM prefix.

ADDITIONAL INFORMATION - HUMANITIES AND CULTURAL STUDIES B.A.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA 2.0

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GRADING REQUIREMENTS

A grade of C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department and College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

BACHELOR'S/MASTER'S PATHWAYS

This program intends for students to complete a B.A. in Humanities and Cultural Studies with a concentration in Film and New Media Studies and M.A. Liberal Arts with a concentration in Film Studies over the span of five years. Completion of this program allows students to complete 12 credit hours toward the M.A. in during their junior or senior year in the Humanities and Cultural Studies major. Students who decide not to pursue the M.A. but who complete the B.A. requirements will receive the B.A. degree.

See Graduate Catalog for more information on Bachelor's/Master's Pathways.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914, or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research will assist students in understanding the various course options (<https://www.usf.edu/undergrad/hipur/index.aspx>).

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

AMERICAN STUDIES MINOR

TOTAL MINOR HOURS: 18

American Studies is an interdisciplinary field dealing with the study of the United States. By means of a combination of foundational lecture courses, core seminars, American Studies courses, and courses from relevant disciplines (literature, history, the arts, and the social or behavioral sciences), students in the American Studies program explore diverse aspects of the American experience locally, nationally, and globally.

MINOR REQUIREMENTS

A total of 18 credit hours is required for the minor in American Studies. At least 8 credit hours for the minor must be USF coursework.

MINOR CORE (6 CREDIT HOURS)

AMS 2270 - Twentieth-Century American Culture **Credit(s): 3**
HUM 1020 - Introduction to Humanities **Credit(s): 3**

MINOR ELECTIVES (12 CREDIT HOURS)

Twelve (12) hours of upper-level AMS courses or other courses approved by the undergraduate advisor.

GPA REQUIREMENTS

A minimum grade point average of 2.00 is required.

GRADING REQUIREMENTS

A grade of below "C-" will not be counted toward fulfilling the minor requirements.

RESIDENCY REQUIREMENT

At least 8 credit hours for the minor must be USF coursework.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

FILM AND NEW MEDIA STUDIES MINOR

TOTAL MINOR HOURS: 18

The Minor in Film and New Media Studies is designed to train students in the historical contexts and analytical skills necessary to understand how film and new media (including television, video games, and Internet culture) communicate cultural values and shape our apprehensions of the world.

MINOR REQUIREMENTS

The minor consists of 18 credit hours.

MINOR CORE (9 CREDIT HOURS)

- FIL 1002 - Introduction to Film Studies **Credit(s): 3**
- FIL 3052 - Foundations of Film & New Media **Credit(s): 3**
- FIL 3077 - Contemporary Film & New Media **Credit(s): 3**

MINOR ELECTIVES (9 CREDIT HOURS)

Students take an additional nine (9) credit hours of upper-level coursework from Humanities and Cultural Studies with an AMS, FIL, or HUM prefix.

GPA REQUIREMENTS

A minimum grade point average of 2.00 is required.

GRADING REQUIREMENTS

A grade of below "C-" will not be counted toward fulfilling the minor requirements.

RESIDENCY REQUIREMENTS

At least 8 credit hours for the minor must be USF coursework.

HUMANITIES MINOR

TOTAL MINOR HOURS: 18

The Humanities program offers an interdisciplinary curriculum that investigates the visual arts, music, and literature, film, and the social and historical contexts from which they emerge.

MINOR REQUIREMENTS

The curriculum for the Humanities minor is comparable to that of the program for the B.A. degree, but it is less comprehensive.

MINOR CORE (18 CREDIT HOURS)

Students take eighteen (18) credit hours of upper-level coursework from Humanities and Cultural Studies with an AMS, FIL, or HUM prefix.

No more than six of these eighteen hours may be taken below the 3000 level.

RESIDENCY REQUIREMENTS

At least 8 credit hours for the minor must be USF coursework.

INFORMATION SCIENCE B.S., WITH DATA SCIENCE AND ANALYTICS CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Science in Information Science program is meant to prepare students for leadership careers in a wide array of environments and contexts related to the emerging knowledge economy. Concentrations are available in five high-demand job areas:

- Data Science and Analytics
- Health Informatics
- Information Security
- Intelligence Analysis
- Web Development Technologies

The program integrates critical skills in information technology with the solid theoretical and disciplinary foundations of Information Science. Emphasis is given to understanding how people interact with information and technology; the complexities of the information society; information creation, storage, and organization applications and theories; information architecture; and related knowledge and skills needed to design, implement, and evaluate new tools and approaches to solve emerging information problems.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

GPA REQUIREMENTS

Major GPA (all USF courses which are applied to major requirements): 2.0

Gen Ed GPA (all USF courses which are applied to gen ed requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENTS

A "C" (2.0) or better to meet major course requirements unless specified elsewhere

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

CAS Major Academic Residency Requirement: Fifty percent (50%) of the major must be taken at USF.

USF Academic Residency Requirement: Thirty (30) of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research will assist students in understanding the various course options.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course

INFORMATION SCIENCE B.S., WITH HEALTH INFORMATICS CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Science in Information Science program is meant to prepare students for leadership careers in a wide array of environments and contexts related to the emerging knowledge economy. Concentrations are available in five high-demand job areas:

- Data Science and Analytics
- Health Informatics
- Information Security
- Intelligence Analysis
- Web Development Technologies

The program integrates critical skills in information technology with the solid theoretical and disciplinary foundations of Information Science. Emphasis is given to understanding how people interact with information and technology; the complexities of the information society; information creation, storage, and organization applications and theories; information architecture; and related knowledge and skills needed to design, implement, and evaluate new tools and approaches to solve emerging information problems.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major

Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - INFORMATION SCIENCE B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

STA X023 Introductory Statistics I or STA X122 Social Science Statistics course - 3 Credit Hours
MAD X107 or MAD X105 or MAD X104 Discrete Math course or MAC X148 Mathematics (Calculus and Pre-calculus) or MAC X106 (Combined College Algebra/Pre-Calculus) - 3 Credit Hours
COP X220 C Programming or COP X030 Programming Concepts I or COP X006 Orientation to Programming course - 3 Credit Hours
COP X513 Object Oriented Programming (OOP) for IT or COP X800 Java Programming or COP X334 OOP in C++I or COP X272C C/C++/Java Programming (L) or COP X210 Pascal Programming I or COP X551 Intro to OOP or COP X250 OOP (Java SE) course - 3 Credit Hours
CGS X540 Intro to Databases for IT or CGS X542 Database Management Systems or LIS X780 Database Concepts or COP X710 Database Design course - 3 Credit Hours

LIS 4776 - Health Information Technology **Credit(s): 3**
LIS 4779 - Health Information Security **Credit(s): 3**
LIS 4785 - Introduction to Health Informatics **Credit(s): 3**
HIM 4658 - Management of Health Information Systems **Credit(s): 3**
LIS 4800 - Introduction to Data Science **Credit(s): 3**
LIS 4805 - Predictive Analytics **Credit(s): 3**
LIS 4930 - Selected Topics in Information Studies **Credit(s): 3** (topic must be approved by the advisor or program director)

ADDITIONAL INFORMATION - INFORMATION SCIENCE B.S.

GPA REQUIREMENTS

Major GPA (all USF courses which are applied to major requirements): 2.0
Gen Ed GPA (all USF courses which are applied to gen ed requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

A "C" (2.0) or better to meet major course requirements unless specified elsewhere
Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

CAS Major Academic Residency Requirement: Fifty percent (50%) of the major must be taken at USF.
USF Academic Residency Requirement: Thirty (30) of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research will assist students in understanding the various course options.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has

COLLEGE OF ARTS & SCIENCES

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

INFORMATION SCIENCE B.S., WITH INTELLIGENCE ANALYSIS CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Science in Information Science program is meant to prepare students for leadership careers in a wide array of environments and contexts related to the emerging knowledge economy. Concentrations are available in five high-demand job areas:

- Data Science and Analytics
- Health Informatics
- Information Security
- Intelligence Analysis
- Web Development Technologies

The program integrates critical skills in information technology with the solid theoretical and disciplinary foundations of Information Science. Emphasis is given to understanding how people interact with information and technology; the complexities of the information society; information creation, storage, and organization applications and theories; information architecture; and related knowledge and skills needed to design, implement, and evaluate new tools and approaches to solve emerging information problems.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major

Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - INFORMATION SCIENCE B.S.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

STA X023 Introductory Statistics I or STA X122 Social Science Statistics course - 3 Credit Hours
MAD X107 or MAD X105 or MAD X104 Discrete Math course or MAC X148 Mathematics (Calculus and Pre-calculus) or MAC X106 (Combined College Algebra/Pre-Calculus) - 3 Credit Hours
COP X220 C Programming or COP X030 Programming Concepts I or COP X006 Orientation to Programming course - 3 Credit Hours
COP X513 Object Oriented Programming (OOP) for IT or COP X800 Java Programming or COP X334 OOP in C++I or COP X272C C/C++/Java Programming (L) or COP X210 Pascal Programming I or COP X551 Intro to OOP or COP X250 OOP (Java SE) course - 3 Credit Hours
CGS X540 Intro to Databases for IT or CGS X542 Database Management Systems or LIS X780 Database Concepts or COP X710 Database Design course - 3 Credit Hours

REQUIRED COURSES: (39 CREDIT HOURS)

INFORMATION SCIENCE CORE COURSES: 6 COURSES; 18 CREDIT HOURS

ENC 3249 - Communication for IT Professionals **Credit(s): 3**
LIS 3261 - Introduction to Information Science **Credit(s): 3**
LIS 3353 - IT Concepts for Information Professionals **Credit(s): 3**
LIS 4204 - Information Behaviors **Credit(s): 3**
LIS 4414 - Information Policy and Ethics **Credit(s): 3**
LIS 4934 - Information Science Senior Capstone **Credit(s): 3**

INFORMATION SCIENCE CONCENTRATION REQUIREMENT

Students must choose **one** of the following five concentrations:

Data Science and Analytics
Health Informatics
Information Security
Intelligence Analysis
Web Development Technologies

Note: Some elective courses from outside the school are only offered face-to-face, rather than online. There are a sufficient number of online electives, however, to meet the needs of students who do not wish to take on-campus courses.

TOTAL CONCENTRATION HOURS: 7 COURSES; 21 CREDIT HOURS

Area of emphasis: profession and practice of intelligence, emphasizing analytic methods for generating actionable knowledge to inform critical decisions.

INTELLIGENCE ANALYSIS CONCENTRATION CORE: 5 COURSES; 15 CREDIT HOURS

The following courses are required for the concentration.

LIS 4029 - Professional & Technical Comm. for Analysts **Credit(s): 3**
LIS 4671 - Introduction to Intelligence Studies **Credit(s): 3**
LIS 4672 - Critical Thinking & Methods for Intel Analysis **Credit(s): 3**
LIS 4673 - Open Source Intelligence (OSINT) **Credit(s): 3**
LIS 4800 - Introduction to Data Science **Credit(s): 3**

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

INTELLIGENCE ANALYSIS CONCENTRATION ELECTIVE COURSES: 2 COURSES; 6 CREDIT HOURS

Students choose six (6) credit hours of electives from the following list. Additional course options (including select foreign languages) may be approved by the advisor or program director.

- ANT 2410 - Cultural Anthropology **Credit(s): 3**
- ANT 4243 - The Middle East and North Africa **Credit(s): 3**
- ANT 4352 - Peoples of Africa **Credit(s): 3**
- ASN 3014 - China Today **Credit(s): 3**
- ASN 3030 - The Middle East **Credit(s): 3**
- CCJ 3117 - Theories of Criminal Behavior **Credit(s): 3**
- CIS 3360 - Principles of Information Security **Credit(s): 3**
- CIS 3367 - Architecting Operating System Security **Credit(s): 3**
- CIS 4200 - Penetration Testing for IT **Credit(s): 3**
- CIS 4204 - Ethical Hacking **Credit(s): 3**
- CIS 4361 - Information Assurance and Security Management for IT **Credit(s): 3**
- CIS 4365 - Computer Security Policies and Disaster Preparedness **Credit(s): 3**
- EUH 3576 - History of the Soviet Union, 1917-1991 **Credit(s): 3**
- EUS 3022 - Russia **Credit(s): 3**
- GEA 2000 - World Regional Geography **Credit(s): 3**
- GEO 2400 - Human Geography **Credit(s): 3**
- GEO 3164C - Research Methods in Geography **Credit(s): 3**
- GEO 4471 - Political Geography **Credit(s): 3**
- GIS 3006 - Mapping and Geovisualization **Credit(s): 3**
- GIS 4035C - Remote Sensing of the Environment **Credit(s): 3**
- GIS 4043C - Geographic Information Systems **Credit(s): 3**
- HIS 4936 - Pro-Seminar in History **Credit(s): 3** Global History of Communism
- IDS 4942 - Community Internship **Credit(s): 1-4**
- INR 3084 - International Terrorism **Credit(s): 3**
- INR 3102 - American Foreign Policy **Credit(s): 3**
- INR 3336 - Intelligence and U.S. Foreign Policy **Credit(s): 3**
- INR 4083 - Conflict in the World **Credit(s): 3**
- INR 4254 - Africa in World Affairs **Credit(s): 3**
- LIS 3783 - Information Architecture **Credit(s): 3**
- LIS 4273 - Advanced Statistics and Analytics **Credit(s): 3**
- LIS 4370 - R Programming for Data Science **Credit(s): 3**
- LIS 4482 - Networks and Communication **Credit(s): 3**
- LIS 4671 - Introduction to Intelligence Studies **Credit(s): 3**
- LIS 4930 - Selected Topics in Information Studies **Credit(s): 3** (Topic must be approved by the Advisor or Program Director)
- RUS 3500 - Russian Civilization **Credit(s): 3**
- SOP 4004 - Social Psychology **Credit(s): 3**
- SOP 4723 - Cross-Cultural Psychology **Credit(s): 3**
- Any Study Abroad course

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major

Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - INFORMATION SCIENCE B.S.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

STA X023 Introductory Statistics I or STA X122 Social Science Statistics course - 3 Credit Hours
MAD X107 or MAD X105 or MAD X104 Discrete Math course or MAC X148 Mathematics (Calculus and Pre-calculus) or MAC X106 (Combined College Algebra/Pre-Calculus) - 3 Credit Hours
COP X220 C Programming or COP X030 Programming Concepts I or COP X006 Orientation to Programming course - 3 Credit Hours
COP X513 Object Oriented Programming (OOP) for IT or COP X800 Java Programming or COP X334 OOP in C++I or COP X272C C/C++/Java Programming (L) or COP X210 Pascal Programming I or COP X551 Intro to OOP or COP X250 OOP (Java SE) course - 3 Credit Hours
CGS X540 Intro to Databases for IT or CGS X542 Database Management Systems or LIS X780 Database Concepts or COP X710 Database Design course - 3 Credit Hours

REQUIRED COURSES: (39 CREDIT HOURS)

INFORMATION SCIENCE CORE COURSES: 6 COURSES; 18 CREDIT HOURS

ENC 3249 - Communication for IT Professionals **Credit(s): 3**
LIS 3261 - Introduction to Information Science **Credit(s): 3**
LIS 3353 - IT Concepts for Information Professionals **Credit(s): 3**
LIS 4204 - Information Behaviors **Credit(s): 3**
LIS 4414 - Information Policy and Ethics **Credit(s): 3**
LIS 4934 - Information Science Senior Capstone **Credit(s): 3**

INFORMATION SCIENCE CONCENTRATION REQUIREMENT

Students must choose **one** of the following five concentrations:

- Data Science and Analytics
- Health Informatics
- Information Security
- Intelligence Analysis
- Web Development Technologies

Note: Some elective courses from outside the school are only offered face-to-face, rather than online. There are a sufficient number of online electives, however, to meet the needs of students who do not wish to take on-campus courses.

TOTAL CONCENTRATION HOURS: 7 COURSES; 21 CREDIT HOURS

Area of emphasis: full-stack (front-end and back-end) Web Development and Design.

WEB DEVELOPMENT TECHNOLOGIES CONCENTRATION CORE: 6 COURSES; 18 CREDIT HOURS

The following courses are required for the concentration.

CIS 3360 - Principles of Information Security **Credit(s): 3**
LIS 3352 - Interaction Design **Credit(s): 3**
LIS 3361 - World Wide Web Page Design and Management **Credit(s): 3**
LIS 3783 - Information Architecture **Credit(s): 3**
LIS 4365 - Web Design Technologies **Credit(s): 3**
LIS 4482 - Networks and Communication **Credit(s): 3**

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

WEB DEVELOPMENT TECHNOLOGIES CONCENTRATION ELECTIVES: 1 COURSE; 3 CREDIT HOURS

Student choose three (3) credit hours of electives from the following list. Additional course options may be approved by the advisor or program director.

- CEN 3722 - Human Computer Interfaces for Information Technology **Credit(s): 3**
- CGS 3853 - Web Systems for IT **Credit(s): 3**
- CIS 4361 - Information Assurance and Security Management for IT **Credit(s): 3**
- CIS 4365 - Computer Security Policies and Disaster Preparedness **Credit(s): 3**
- HIM 4658 - Management of Health Information Systems **Credit(s): 3**
- IDS 4942 - Community Internship **Credit(s): 1-4**
- LIS 2005 - Information Literacy **Credit(s): 3**
- LIS 4029 - Professional & Technical Comm. for Analysts **Credit(s): 3**
- LIS 4477 - Clinical Decision Support **Credit(s): 3**
- LIS 4776 - Health Information Technology **Credit(s): 3**
- LIS 4779 - Health Information Security **Credit(s): 3**
- LIS 4785 - Introduction to Health Informatics **Credit(s): 3**
- LIS 4930 - Selected Topics in Information Studies **Credit(s): 3** (Topic must be approved by the advisor or program director)

ADDITIONAL INFORMATION - INFORMATION SCIENCE B.S.

GPA REQUIREMENTS

Major GPA (all USF courses which are applied to major requirements): 2.0
Gen Ed GPA (all USF courses which are applied to gen ed requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

A "C" (2.0) or better to meet major course requirements unless specified elsewhere

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

CAS Major Academic Residency Requirement: Fifty percent (50%) of the major must be taken at USF.

USF Academic Residency Requirement: Thirty (30) of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research will assist students in understanding the various course options.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health

COLLEGE OF ARTS & SCIENCES

Plans of Study - Information Science B.S., with Web Development Technologies Concentration

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see <https://www.usf.edu/undergrad/students/civics-literacy.aspx> or talk with your academic advisor.
Items that are critical are marked with a * and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

- Clinical Data Manager
- Data Scientist
- Desktop Support Technician
- Database Administrator
- Informatics Optimization Specialist
- IT Audit Manager
- Medical Records and Health Information Technician
- Web Administrator
- Web Developer (Information Architect)

Potential Entry Level Salary Range:

\$35,000 - \$75,000

INTELLIGENCE STUDIES MINOR

TOTAL MINOR HOURS: 12

The Minor in Intelligence Studies provides an introductory foundation to the profession and practice of intelligence. Students are acquainted with the structure and function of the US Intelligence Community; ethical and professional issues in the intelligence field; intelligence analytic methods; tools and techniques for collecting/analyzing data and information from publicly available sources; and professional writing and briefing skills that are essential for effective analytic communication. This minor can complement undergraduate majors such as Political Science, International Studies, Foreign Language studies, Criminology, Business, or Social/Behavioral Sciences.

MINOR REQUIREMENTS

MINOR CORE (12 CREDIT HOURS)

- LIS 4029 - Professional & Technical Comm. for Analysts **Credit(s): 3**
- LIS 4671 - Introduction to Intelligence Studies **Credit(s): 3**
- LIS 4672 - Critical Thinking & Methods for Intel Analysis **Credit(s): 3**
- LIS 4673 - Open Source Intelligence (OSINT) **Credit(s): 3**

GPA REQUIREMENTS

A GPA of 3.0, or better is required to meet the requirements of the minor.

RESIDENCY REQUIREMENT

Six (6) credit hours must be taken at USF.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

DEPARTMENT OF INTEGRATIVE BIOLOGY

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

BIOLOGY B.S.

TOTAL MAJOR HOURS: 120

The Bachelor of Science in Biology provides a broad, robust foundation in the biological sciences. It prepares students for graduate programs in biology (e.g. zoology, botany, conservation biology, microbiology, marine biology, ecology and evolution) as well as professional degrees in medicine, dentistry, veterinary medicine and pharmacology, or biology careers with industry and government agencies. The program emphasizes the development of critical thinking and communication skills, as well as competency in experimental design, data analysis and methodology for lab and field research. The concentrations allow students to focus coursework according to their interests. A wide range of skill-building opportunities are available to students through undergraduate research, internships, study abroad, service learning, and field courses.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

PROGRESSION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES (CAS)

All students in the below listed programs must successfully complete the below science and math coursework without earning three (3) D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major. Grade Forgiveness will NOT apply to the mandated requirement of changing majors.

Included Departments/Divisions:

Effective Fall 2022: Department of Physics* and all other Departments/Divisions continued from Fall 2018.

Effective Fall 2018: Division of Health Professions Advising; Department of Chemistry; Department of Molecular Biosciences; and Department of Integrative Biology.

Furthermore, any student who requests a change of major to one offered in the above identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Students who are able to complete a major in one of the above Departments/Divisions by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception to the CAS Sciences D/F Policy and should contact the School of Natural Sciences and Mathematics Advising Office (sdfx@usf.edu) for instructions.

*Students who are redirected from one of the above Departments/Divisions as a result of the CAS Sciences D/F Policy may pursue the following degrees offered by the Department of Physics: B.S. Physical Sciences and B.A. Physical Sciences.

Included courses:

Biology: BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; MCB 3020; PCB 3023; PCB 3063.

Chemistry: BCH 3053; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440.

Mathematics & Statistics: MAT 1033; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281; MAC 2282; MAC 2311; MAC 2312; STA 2023.

Physics: PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; PHY 3101; PHZ 3113.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major

Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - BIOLOGY B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

(BSC X010 and BSC X010L Biology I with Lab) or BSC X010C or BSC X040C - 4 credit hours

(BSC X011 and BSC X011L Biology II with Lab) or BSC X011C or BSC X041C - 4 credit hours

(CHM X045 and CHM X045L Chemistry I with Lab) or CHM X045C or (CHM X040 and CHM X041) - 4-6 credit hours

CHM X046C or (CHM X046 & CHM X046L Chemistry II with Lab) - 4 credit hours

MAC X311 or MAC X233 or MAC X253 or MAC X281 or MAC X241 - 3-4 credit hours

(PHY X054 & PHY X053L & PHY X048L & PHY X053) or (PHY X048 & PHY X048L & PHY X049 & PHY X049L)

or (PHY X054 & PHY X053 & PHY X054L & PHY X053L) or (CHM X210C & CHM X211C) or (CHM X210 &

CHM X210L & CHM X211 & CHM X211L) - 8-10 credit hours

STA X024 or STA X321 or STA X023 or MAC X234 or MAC X312 or MAC X282 - 3-4 credit hours

BIOLOGY SUPPORTING REQUIRED COURSES: 4 COURSES; 8-10 CREDIT HOURS

Students choose one of two supporting course sequence options, based on the completed common course prerequisites. The two course sequence options are as follows.

A minimum grade of C- is required in each Required Supporting course.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Note: The course sequence that will count toward the Supporting Courses requirement is based on which sequence (Organic Chemistry or Physics) the student took to meet the Common Prerequisite requirement. If the Organic Chemistry sequence was taken to fulfill the Common Prerequisite requirement, the Physics sequence will meet the Supporting Courses requirement. The opposite is true if the Physics requirement was used to meet the Common Prerequisite requirement.

The following courses are supporting courses for this major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

1. Organic Chemistry I and II, with Laboratories (10 credit hours)

- CHM 2210 - Organic Chemistry I **Credit(s): 3**
- CHM 2210L - Organic Chemistry Laboratory I **Credit(s): 2**
- CHM 2211 - Organic Chemistry II **Credit(s): 3**
- CHM 2211L - Organic Chemistry Laboratory II **Credit(s): 2**

2. Physics I and II (Calculus-based or General), with Laboratories (8 credit hours)

Physics Option 1 - Take these 4 courses:

- PHY 2053 - General Physics I **Credit(s): 3**
- PHY 2053L - General Physics I Laboratory **Credit(s): 1**
- PHY 2054 - General Physics II **Credit(s): 3**
- PHY 2054L - General Physics II Laboratory **Credit(s): 1**

OR

Physics Option 2 - Take these 4 courses:

- PHY 2048 - General Physics I - Calculus Based **Credit(s): 3**
- PHY 2048L - General Physics I Laboratory **Credit(s): 1**
- PHY 2049 - General Physics II - Calculus Based **Credit(s): 3**
- PHY 2049L - General Physics II Laboratory **Credit(s): 1**

BIOLOGY REQUIRED COURSES: (28 CREDIT HOURS)

Note: A course used to complete one major requirement/area may not be used to fulfill other major requirements.

BIOLOGY MAJOR CORE COURSES: 5 COURSES: 11 CREDIT HOURS

- PCB 3043 - Principles of Ecology **Credit(s): 3**
- PCB 3043L - Principles of Ecology Laboratory **Credit(s): 1**
- PCB 3063 - General Genetics **Credit(s): 3**
- PCB 3063L - General Genetics Laboratory **Credit(s): 1**
- PCB 4674 - Organic Evolution **Credit(s): 3**

BIOLOGY MAJOR (RESTRICTED) ELECTIVE COURSES: 7 COURSES; 17 CREDIT HOURS

Students complete a General Biology program of study or complete one of four concentrations:

- Animal Biology
- Ecology and Evolution
- Medical Biology
- Plant Biology

If students do not declare a concentration, they will follow the General Biology program of study and take a minimum of 17 credit hours to meet the major electives requirement.

GENERAL BIOLOGY MAJOR ELECTIVES: 7 COURSES; 17 CREDITS

STRUCTURE/FUNCTION REQUIREMENT: 1 COURSE; 3 CREDIT HOURS

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Select a minimum of one of the following courses.

*Registration in Selected Topics courses requires prior Departmental approval.

BOT 3015C - General Botany **Credit(s): 4**

ZOO 4513 - Animal Behavior **Credit(s): 3**

ADDITIONAL COURSE REQUIREMENT: 3 COURSES; 9 CREDIT HOURS

Select a minimum of three upper-level courses with a BOT, BSC, MCB, PCB, or ZOO prefix, with the exception of those intended for non-majors.*

Additionally, OCB 3108 - Marine Field Studies **Credit(s): 4**, PHZ 4702 - Applications of Physics to Biology and Medicine I **Credit(s): 4**, and BCH 3053 - General Biochemistry **Credit(s): 3** are approved by the department.

Additional electives as approved for the major by the department.

Note: *BSC 4933 - Selected Topics in Biology cannot be taken as an elective credit without prior departmental approval.

MAJOR LABORATORY COURSE REQUIREMENT: 2 LAB COURSES; 2 CREDIT HOURS

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

A minimum of two courses from the Major Structure/Function option, Major Biodiversity/Ecology Option, and major Electives must include a laboratory component (Both "L" and "C" courses approved for the major count towards this requirement).

ADDITIONAL INFORMATION - BIOLOGY B.S.

OTHER REQUIREMENTS

A maximum of four credit hours of BSC 4910 Undergraduate Research and BSC 4940 Internship may be applied to the Biology major.

No pass/fail or S/U minimum grades for major coursework.

A course(s) used to complete one major requirement may not be used to fulfill another major requirement.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

INTERNSHIP OPPORTUNITIES

A maximum of four credit hours of BSC 4910 Undergraduate Research and BSC 4940 Internship may be applied to the Biology major.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914, or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research will assist students in understanding the various course options (<https://www.usf.edu/undergrad/hipur/index.aspx>).

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

BIOLOGY B.S., WITH ANIMAL BIOLOGY CONCENTRATION

TOTAL MAJOR HOURS: 120

The Bachelor of Science in Biology provides a broad, robust foundation in the biological sciences. It prepares students for graduate programs in biology (e.g. zoology, botany, conservation biology, microbiology, marine biology, ecology and evolution) as well as professional degrees in medicine, dentistry, veterinary medicine and pharmacology, or biology careers with industry and government agencies. The program emphasizes the development of critical thinking and communication skills, as well as competency in experimental design, data analysis and methodology for lab and field research. The concentrations allow students to focus coursework according to their interests. A wide range of skill-building opportunities are available to students through undergraduate research, internships, study abroad, service learning, and field courses.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

PROGRESSION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES (CAS)

All students in the below listed programs must successfully complete the below science and math coursework without earning three (3) D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major. Grade Forgiveness will NOT apply to the mandated requirement of changing majors.

Included Departments/Divisions:

Effective Fall 2022: Department of Physics* and all other Departments/Divisions continued from Fall 2018.
Effective Fall 2018: Division of Health Professions Advising; Department of Chemistry; Department of Molecular Biosciences; and Department of Integrative Biology.

Furthermore, any student who requests a change of major to one offered in the above identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Students who are able to complete a major in one of the above Departments/Divisions by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception to the CAS Sciences D/F Policy and should contact the School of Natural Sciences and Mathematics Advising Office (sdfx@usf.edu) for instructions.

*Students who are redirected from one of the above Departments/Divisions as a result of the CAS Sciences D/F Policy may pursue the following degrees offered by the Department of Physics: B.S. Physical Sciences and B.A. Physical Sciences.

Included courses:

Biology: BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; MCB 3020; PCB 3023; PCB 3063.

Chemistry: BCH 3053; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440.

Mathematics & Statistics: MAT 1033; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281; MAC 2282; MAC 2311; MAC 2312; STA 2023.

Physics: PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; PHY 3101; PHZ 3113.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major

Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - BIOLOGY B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

(BSC X010 and BSC X010L Biology I with Lab) or BSC X010C or BSC X040C - 4 credit hours

(BSC X011 and BSC X011L Biology II with Lab) or BSC X011C or BSC X041C - 4 credit hours

(CHM X045 and CHM X045L Chemistry I with Lab) or CHM X045C or (CHM X040 and CHM X041) - 4-6 credit hours

CHM X046C or (CHM X046 & CHM X046L Chemistry II with Lab) - 4 credit hours

MAC X311 or MAC X233 or MAC X253 or MAC X281 or MAC X241 - 3-4 credit hours

(PHY X054 & PHY X053L & PHY X048L & PHY X053) or (PHY X048 & PHY X048L & PHY X049 & PHY X049L)

or (PHY X054 & PHY X053 & PHY X054L & PHY X053L) or (CHM X210C & CHM X211C) or (CHM X210 &

CHM X210L & CHM X211 & CHM X211L) - 8-10 credit hours

STA X024 or STA X321 or STA X023 or MAC X234 or MAC X312 or MAC X282 - 3-4 credit hours

BIOLOGY SUPPORTING REQUIRED COURSES: 4 COURSES; 8-10 CREDIT HOURS

Students choose one of two supporting course sequence options, based on the completed common course prerequisites. The two course sequence options are as follows.

A minimum grade of C- is required in each Required Supporting course.

Note: The course sequence that will count toward the Supporting Courses requirement is based on which sequence (Organic Chemistry or Physics) the student took to meet the Common Prerequisite requirement. If the Organic Chemistry sequence was taken to fulfill the Common Prerequisite requirement, the Physics sequence will meet the

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Supporting Courses requirement. The opposite is true if the Physics requirement was used to meet the Common Prerequisite requirement.

The following courses are supporting courses for this major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

1. Organic Chemistry I and II, with Laboratories (10 credit hours)

- CHM 2210 - Organic Chemistry I **Credit(s): 3**
- CHM 2210L - Organic Chemistry Laboratory I **Credit(s): 2**
- CHM 2211 - Organic Chemistry II **Credit(s): 3**
- CHM 2211L - Organic Chemistry Laboratory II **Credit(s): 2**

2. Physics I and II (Calculus-based or General), with Laboratories (8 credit hours)

Physics Option 1 - Take these 4 courses:

- PHY 2053 - General Physics I **Credit(s): 3**
- PHY 2053L - General Physics I Laboratory **Credit(s): 1**
- PHY 2054 - General Physics II **Credit(s): 3**
- PHY 2054L - General Physics II Laboratory **Credit(s): 1**

OR

Physics Option 2 - Take these 4 courses:

- PHY 2048 - General Physics I - Calculus Based **Credit(s): 3**
- PHY 2048L - General Physics I Laboratory **Credit(s): 1**
- PHY 2049 - General Physics II - Calculus Based **Credit(s): 3**
- PHY 2049L - General Physics II Laboratory **Credit(s): 1**

BIOLOGY REQUIRED COURSES: (28 CREDIT HOURS)

Note: A course used to complete one major requirement/area may not be used to fulfill other major requirements.

BIOLOGY MAJOR CORE COURSES: 5 COURSES: 11 CREDIT HOURS

- PCB 3043 - Principles of Ecology **Credit(s): 3**
- PCB 3043L - Principles of Ecology Laboratory **Credit(s): 1**
- PCB 3063 - General Genetics **Credit(s): 3**
- PCB 3063L - General Genetics Laboratory **Credit(s): 1**
- PCB 4674 - Organic Evolution **Credit(s): 3**

BIOLOGY MAJOR (RESTRICTED) ELECTIVE COURSES: 7 COURSES; 17 CREDIT HOURS

Students complete a General Biology program of study or complete one of four concentrations:

- Animal Biology
- Ecology and Evolution
- Medical Biology
- Plant Biology

If students do not declare a concentration, they will follow the General Biology program of study and take a minimum of 17 credit hours to meet the major electives requirement.

ANIMAL BIOLOGY CONCENTRATION: 6 COURSES; 17 CREDIT HOURS

CONCENTRATION CORE: 1 COURSE; 4 CREDIT HOURS

Select a minimum of one of the following courses.

NOTE: Course not completed in the Concentration Core may be taken toward the Restricted Electives requirement.

- ZOO 3205C - Advanced Invertebrate Zoology **Credit(s): 4**

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

or
ZOO 4307 - Vertebrate Zoology **Credit(s): 3**
and
ZOO 4307L - Vertebrate Zoology Laboratory **Credit(s): 1**

RESTRICTED ELECTIVES: 3 COURSES; 9 CREDIT HOURS

Select a minimum of three (3) courses from of the following list and/or chose unused courses from the concentration core section above.

*Registration in Selected Topics courses requires prior Departmental approval.

Note: A course used as a concentration core requirement cannot also be used to meet the restricted elective requirement.

BSC 3312 - Marine Biology **Credit(s): 3**
BSC 4052 - Conservation Biology **Credit(s): 3**
BSC 4444 - Genomics **Credit(s): 3**
BSC 4933 - Selected Topics in Biology **Credit(s): 1-4 ***
PCB 3712 - General Physiology **Credit(s): 3**
PCB 4744 - Biomedical Physiology **Credit(s): 3**
ZOO 3205C - Advanced Invertebrate Zoology **Credit(s): 4**
ZOO 3713C - Comparative Vertebrate Anatomy **Credit(s): 4**
ZOO 4233 - Parasitology **Credit(s): 3**
ZOO 4307 - Vertebrate Zoology **Credit(s): 3**
and
ZOO 4307L - Vertebrate Zoology Laboratory **Credit(s): 1**
ZOO 4454 - Fish Biology **Credit(s): 3**
ZOO 4513 - Animal Behavior **Credit(s): 3**
ZOO 4694 - Developmental Biology **Credit(s): 3**

ADDITIONAL CONCENTRATION ELECTIVE: 1 COURSE; 3 CREDIT HOURS

Select a minimum of one upper-level course (minimum 3 credit hours) with a BOT, BSC, MCB, PCB, or ZOO prefix, with the exception of those intended for non-majors.*

Additionally, OCB 3108 - Marine Field Studies Credit(s): 4, PHZ 4702 - Applications of Physics to Biology and Medicine I Credit(s): 4, and BCH 3053 - General Biochemistry Credit(s); 3 are approved by the department.

Additional electives as approved for the major by the department.

Note: *BSC 4933 - Selected Topics in Biology cannot be taken as an elective credit without prior departmental approval

MAJOR LABORATORY COURSE REQUIREMENT: 1 LAB COURSES; 1 CREDIT HOUR

A minimum of one course from the restricted electives and additional course requirement must include a laboratory component (Both "L" and "C" courses approved for the major count for this requirement).

ADDITIONAL INFORMATION - BIOLOGY B.S.

OTHER REQUIREMENTS

A maximum of four credit hours of BSC 4910 Undergraduate Research and BSC 4940 Internship may be applied to the Biology major.

No pass/fail or S/U minimum grades for major coursework.

A course(s) used to complete one major requirement may not be used to fulfill another major requirement.

BIOLOGY B.S., WITH ECOLOGY AND EVOLUTION CONCENTRATION

TOTAL MAJOR HOURS: 120

The Bachelor of Science in Biology provides a broad, robust foundation in the biological sciences. It prepares students for graduate programs in biology (e.g. zoology, botany, conservation biology, microbiology, marine biology, ecology and evolution) as well as professional degrees in medicine, dentistry, veterinary medicine and pharmacology, or biology careers with industry and government agencies. The program emphasizes the development of critical thinking and communication skills, as well as competency in experimental design, data analysis and methodology for lab and field research. The concentrations allow students to focus coursework according to their interests. A wide range of skill-building opportunities are available to students through undergraduate research, internships, study abroad, service learning, and field courses.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

PROGRESSION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES (CAS)

All students in the below listed programs must successfully complete the below science and math coursework without earning three (3) D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major. Grade Forgiveness will NOT apply to the mandated requirement of changing majors.

Included Departments/Divisions:

Effective Fall 2022: Department of Physics* and all other Departments/Divisions continued from Fall 2018.
Effective Fall 2018: Division of Health Professions Advising; Department of Chemistry; Department of Molecular Biosciences; and Department of Integrative Biology.

Furthermore, any student who requests a change of major to one offered in the above identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Students who are able to complete a major in one of the above Departments/Divisions by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception to the CAS Sciences D/F Policy and should contact the School of Natural Sciences and Mathematics Advising Office (sdfx@usf.edu) for instructions.

*Students who are redirected from one of the above Departments/Divisions as a result of the CAS Sciences D/F Policy may pursue the following degrees offered by the Department of Physics: B.S. Physical Sciences and B.A. Physical Sciences.

Included courses:

Biology: BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; MCB 3020; PCB 3023; PCB 3063.

Chemistry: BCH 3053; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440.

Mathematics & Statistics: MAT 1033; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281; MAC 2282; MAC 2311; MAC 2312; STA 2023.

Physics: PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; PHY 3101; PHZ 3113.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major

Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - BIOLOGY B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

(BSC X010 and BSC X010L Biology I with Lab) or BSC X010C or BSC X040C - 4 credit hours

(BSC X011 and BSC X011L Biology II with Lab) or BSC X011C or BSC X041C - 4 credit hours

(CHM X045 and CHM X045L Chemistry I with Lab) or CHM X045C or (CHM X040 and CHM X041) - 4-6 credit hours

CHM X046C or (CHM X046 & CHM X046L Chemistry II with Lab) - 4 credit hours

MAC X311 or MAC X233 or MAC X253 or MAC X281 or MAC X241 - 3-4 credit hours

(PHY X054 & PHY X053L & PHY X048L & PHY X053) or (PHY X048 & PHY X048L & PHY X049 & PHY X049L)

or (PHY X054 & PHY X053 & PHY X054L & PHY X053L) or (CHM X210C & CHM X211C) or (CHM X210 &

CHM X210L & CHM X211 & CHM X211L) - 8-10 credit hours

STA X024 or STA X321 or STA X023 or MAC X234 or MAC X312 or MAC X282 - 3-4 credit hours

BIOLOGY SUPPORTING REQUIRED COURSES: 4 COURSES; 8-10 CREDIT HOURS

Students choose one of two supporting course sequence options, based on the completed common course prerequisites. The two course sequence options are as follows.

A minimum grade of C- is required in each Required Supporting course.

Note: The course sequence that will count toward the Supporting Courses requirement is based on which sequence (Organic Chemistry or Physics) the student took to meet the Common Prerequisite requirement. If the Organic Chemistry sequence was taken to fulfill the Common Prerequisite requirement, the Physics sequence will meet the

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Supporting Courses requirement. The opposite is true if the Physics requirement was used to meet the Common Prerequisite requirement.

The following courses are supporting courses for this major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

1. Organic Chemistry I and II, with Laboratories (10 credit hours)

- CHM 2210 - Organic Chemistry I **Credit(s): 3**
- CHM 2210L - Organic Chemistry Laboratory I **Credit(s): 2**
- CHM 2211 - Organic Chemistry II **Credit(s): 3**
- CHM 2211L - Organic Chemistry Laboratory II **Credit(s): 2**

2. Physics I and II (Calculus-based or General), with Laboratories (8 credit hours)

Physics Option 1 - Take these 4 courses:

- PHY 2053 - General Physics I **Credit(s): 3**
- PHY 2053L - General Physics I Laboratory **Credit(s): 1**
- PHY 2054 - General Physics II **Credit(s): 3**
- PHY 2054L - General Physics II Laboratory **Credit(s): 1**

OR

Physics Option 2 - Take these 4 courses:

- PHY 2048 - General Physics I - Calculus Based **Credit(s): 3**
- PHY 2048L - General Physics I Laboratory **Credit(s): 1**
- PHY 2049 - General Physics II - Calculus Based **Credit(s): 3**
- PHY 2049L - General Physics II Laboratory **Credit(s): 1**

BIOLOGY REQUIRED COURSES: (28 CREDIT HOURS)

Note: A course used to complete one major requirement/area may not be used to fulfill other major requirements.

BIOLOGY MAJOR CORE COURSES: 5 COURSES: 11 CREDIT HOURS

- PCB 3043 - Principles of Ecology **Credit(s): 3**
- PCB 3043L - Principles of Ecology Laboratory **Credit(s): 1**
- PCB 3063 - General Genetics **Credit(s): 3**
- PCB 3063L - General Genetics Laboratory **Credit(s): 1**
- PCB 4674 - Organic Evolution **Credit(s): 3**

BIOLOGY MAJOR (RESTRICTED) ELECTIVE COURSES: 7 COURSES; 17 CREDIT HOURS

Students complete a General Biology program of study or complete one of four concentrations:

- Animal Biology
- Ecology and Evolution
- Medical Biology
- Plant Biology

If students do not declare a concentration, they will follow the General Biology program of study and take a minimum of 17 credit hours to meet the major electives requirement.

ECOLOGY AND EVOLUTION CONCENTRATION: 6 COURSES; 17 CREDIT HOURS

CONCENTRATION CORE: 2 COURSES; 7 CREDIT HOURS

Evolution/Biodiversity

Select a minimum of one course from the following list.

- BOT 3015C - General Botany **Credit(s): 4**
- MCB 3020 - General Microbiology **Credit(s): 3**

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

and

MCB 3020L - General Microbiology Laboratory **Credit(s): 1**

ZOO 3205C - Advanced Invertebrate Zoology **Credit(s): 4**

ZOO 4307 - Vertebrate Zoology **Credit(s): 3**

and

ZOO 4307L - Vertebrate Zoology Laboratory **Credit(s): 1**

Ecology

Select a minimum of one course from the following list.

*Registration in Selected Topics courses requires prior Departmental approval.

BSC 4052 - Conservation Biology **Credit(s): 3**

BSC 4933 - Selected Topics in Biology **Credit(s): 1-4 ***

PCB 3306 - Stream Ecology **Credit(s): 3**

PCB 4315 - Marine Ecology **Credit(s): 3**

RESTRICTED ELECTIVES: 2 COURSES, 6 CREDIT HOURS

Select a minimum of two courses from the following list and/or choose unused courses from the Evolution/Biodiversity and Ecology sections above.

*Registration in Selected Topics courses requires prior Departmental approval.

Note: A course used as a concentration core requirement cannot also be used to meet the restricted elective requirement.

BSC 3312 - Marine Biology **Credit(s): 3**

BSC 4057 - Environmental Issues **Credit(s): 3**

BSC 4333 - Ecology Of Aquatic Vascular Plants **Credit(s): 3**

BSC 4444 - Genomics **Credit(s): 3**

BSC 4933 - Selected Topics in Biology **Credit(s): 1-4 ***

BOT 3015C - General Botany **Credit(s): 4**

BOT 3152C - Field Botany **Credit(s): 3**

BOT 4404C - Phycology **Credit(s): 4**

BOT 4714C - Plant Taxonomy **Credit(s): 4**

MCB 3020 - General Microbiology **Credit(s): 3**

and

MCB 3020L - General Microbiology Laboratory **Credit(s): 1**

MCB 4277 - Insect-Borne Diseases and Global Health **Credit(s): 3**

MCB 4503 - Virology **Credit(s): 3**

OCB 3108 - Marine Field Studies **Credit(s): 4**

PCB 3306 - Stream Ecology **Credit(s): 3**

PCB 4315 - Marine Ecology **Credit(s): 3**

PCB 4402 - Disease Ecology **Credit(s): 3**

ZOO 3205C - Advanced Invertebrate Zoology **Credit(s): 4**

ZOO 4233 - Parasitology **Credit(s): 3**

ZOO 4307 - Vertebrate Zoology **Credit(s): 3**

and

ZOO 4307L - Vertebrate Zoology Laboratory **Credit(s): 1**

ZOO 4454 - Fish Biology **Credit(s): 3**

and

ZOO 4454L - Fish Biology Lab **Credit(s): 1**

ZOO 4512 - Sociobiology **Credit(s): 3**

ZOO 4513 - Animal Behavior **Credit(s): 3**

ADDITIONAL CONCENTRATION ELECTIVE: 1 COURSE; 3 CREDIT HOURS

Select a minimum of one upper-level course (minimum 3 credit hours) with a BOT, BSC, MCB, PCB, or ZOO prefix, with the exception of those intended for non-majors.*

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Additionally, OCB 3108 - Marine Field Studies Credit(s): 4, PHZ 4702 - Applications of Physics to Biology and Medicine I Credit(s): 4, and BCH 3053 - General Biochemistry Credit(s): 3 are approved by the department.

Additional electives as approved for the major by the department.

Note: * BSC 4933 - Selected Topics in Biology cannot be taken as an elective credit without prior departmental approval.

MAJOR LABORATORY COURSE REQUIREMENT: 1 LAB COURSES; 1 CREDIT HOUR

A minimum of one course from the restricted electives and additional course requirement must include a laboratory component (Both "L" and "C" courses approved for the major count for this requirement).

ADDITIONAL INFORMATION - BIOLOGY B.S.

OTHER REQUIREMENTS

A maximum of four credit hours of BSC 4910 Undergraduate Research and BSC 4940 Internship may be applied to the Biology major.

No pass/fail or S/U minimum grades for major coursework.

A course(s) used to complete one major requirement may not be used to fulfill another major requirement.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

INTERNSHIP OPPORTUNITIES

A maximum of four credit hours of BSC 4910 Undergraduate Research and BSC 4940 Internship may be applied to the Biology major.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914, or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research will assist students in understanding the various course options (<https://www.usf.edu/undergrad/hipur/index.aspx>).

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major

Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - BIOLOGY B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

(BSC X010 and BSC X010L Biology I with Lab) or BSC X010C or BSC X040C - 4 credit hours

(BSC X011 and BSC X011L Biology II with Lab) or BSC X011C or BSC X041C - 4 credit hours

(CHM X045 and CHM X045L Chemistry I with Lab) or CHM X045C or (CHM X040 and CHM X041) - 4-6 credit hours

CHM X046C or (CHM X046 & CHM X046L Chemistry II with Lab) - 4 credit hours

MAC X311 or MAC X233 or MAC X253 or MAC X281 or MAC X241 - 3-4 credit hours

(PHY X054 & PHY X053L & PHY X048L & PHY X053) or (PHY X048 & PHY X048L & PHY X049 & PHY X049L)

or (PHY X054 & PHY X053 & PHY X054L & PHY X053L) or (CHM X210C & CHM X211C) or (CHM X210 &

CHM X210L & CHM X211 & CHM X211L) - 8-10 credit hours

STA X024 or STA X321 or STA X023 or MAC X234 or MAC X312 or MAC X282 - 3-4 credit hours

BIOLOGY SUPPORTING REQUIRED COURSES: 4 COURSES; 8-10 CREDIT HOURS

Students choose one of two supporting course sequence options, based on the completed common course prerequisites. The two course sequence options are as follows.

A minimum grade of C- is required in each Required Supporting course.

Note: The course sequence that will count toward the Supporting Courses requirement is based on which sequence (Organic Chemistry or Physics) the student took to meet the Common Prerequisite requirement. If the Organic Chemistry sequence was taken to fulfill the Common Prerequisite requirement, the Physics sequence will meet the

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Supporting Courses requirement. The opposite is true if the Physics requirement was used to meet the Common Prerequisite requirement.

The following courses are supporting courses for this major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

1. Organic Chemistry I and II, with Laboratories (10 credit hours)

CHM 2210 - Organic Chemistry I **Credit(s): 3**
CHM 2210L - Organic Chemistry Laboratory I **Credit(s): 2**
CHM 2211 - Organic Chemistry II **Credit(s): 3**
CHM 2211L - Organic Chemistry Laboratory II **Credit(s): 2**

2. Physics I and II (Calculus-based or General), with Laboratories (8 credit hours)

Physics Option 1 - Take these 4 courses:

PHY 2053 - General Physics I **Credit(s): 3**
PHY 2053L - General Physics I Laboratory **Credit(s): 1**
PHY 2054 - General Physics II **Credit(s): 3**
PHY 2054L - General Physics II Laboratory **Credit(s): 1**

OR

Physics Option 2 - Take these 4 courses:

PHY 2048 - General Physics I - Calculus Based **Credit(s): 3**
PHY 2048L - General Physics I Laboratory **Credit(s): 1**
PHY 2049 - General Physics II - Calculus Based **Credit(s): 3**
PHY 2049L - General Physics II Laboratory **Credit(s): 1**

BIOLOGY REQUIRED COURSES: (28 CREDIT HOURS)

Note: A course used to complete one major requirement/area may not be used to fulfill other major requirements.

BIOLOGY MAJOR CORE COURSES: 5 COURSES: 11 CREDIT HOURS

PCB 3043 - Principles of Ecology **Credit(s): 3**
PCB 3043L - Principles of Ecology Laboratory **Credit(s): 1**
PCB 3063 - General Genetics **Credit(s): 3**
PCB 3063L - General Genetics Laboratory **Credit(s): 1**
PCB 4674 - Organic Evolution **Credit(s): 3**

BIOLOGY MAJOR (RESTRICTED) ELECTIVE COURSES: 7 COURSES; 17 CREDIT HOURS

Students complete a General Biology program of study or complete one of four concentrations:

Animal Biology
Ecology and Evolution
Medical Biology
Plant Biology

If students do not declare a concentration, they will follow the General Biology program of study and take a minimum of 17 credit hours to meet the major electives requirement.

MEDICAL BIOLOGY CONCENTRATION: 5 COURSES; 17 CREDIT HOURS

CONCENTRATION CORE COURSES: 2 COURSES; 8 CREDIT HOURS

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Select a minimum of two courses (8 credit hours) from the following list.

BSC 2093C - Human Anatomy and Physiology I **Credit(s): 4**

MCB 3020 - General Microbiology **Credit(s): 3**

and

MCB 3020L - General Microbiology Laboratory **Credit(s): 1**

PCB 3023 - Cell Biology **Credit(s): 3**

and

PCB 3023L - Cell Biology Laboratory **Credit(s): 1**

PCB 3712 - General Physiology **Credit(s): 3**

and

PCB 3713L - General Physiology Laboratory **Credit(s): 1**

CONCENTRATION RESTRICTED ELECTIVE COURSES: 2 COURSES, 6 CREDIT HOURS

Select a minimum of two courses (6 credit hours) from the following list.

*Registration in Selected Topics courses requires prior Departmental approval.

**Students may not use both BCH 3023 and BCH 3053 to meet the Concentration Restricted Electives.

Note: A course used as a concentration core requirement cannot also be used to meet the restricted elective requirement.

BCH 3023 - Introductory Biochemistry **Credit(s): 3 ****

and

BCH 3023L - Basic Biochemistry Laboratory **Credit(s): 2**

BCH 3053 - General Biochemistry **Credit(s): 3 ****

BOT 3850 - Medical Botany **Credit(s): 3**

BOT 4851 - Plants and Human Health **Credit(s): 3**

BSC 2093C - Human Anatomy and Physiology I **Credit(s): 4**

BSC 2094C - Human Anatomy and Physiology II **Credit(s): 4**

BSC 2932 - Selected Topics in Biology **Credit(s): 1-3 ***

BSC 4444 - Genomics **Credit(s): 3**

BSC 4933 - Selected Topics in Biology **Credit(s): 1-4 ***

MCB 3020 - General Microbiology **Credit(s): 3**

and

MCB 3020L - General Microbiology Laboratory **Credit(s): 1**

MCB 4503 - Virology **Credit(s): 3**

PCB 3023 - Cell Biology **Credit(s): 3**

and

PCB 3023L - Cell Biology Laboratory **Credit(s): 1**

PCB 3712 - General Physiology **Credit(s): 3**

and

PCB 3713L - General Physiology Laboratory **Credit(s): 1**

PCB 4109 - Cancer Biology **Credit(s): 3**

PCB 4234 - Principles of Immunology **Credit(s): 3**

PCB 4402 - Disease Ecology **Credit(s): 3**

PCB 4663 - Human Genetics **Credit(s): 3**

PCB 4744 - Biomedical Physiology **Credit(s): 3**

PHZ 4702 - Applications of Physics to Biology and Medicine I **Credit(s): 4**

ZOO 3713C - Comparative Vertebrate Anatomy **Credit(s): 4**

ADDITIONAL CONCENTRATION COURSE REQUIREMENT: 1 COURSE; 3 CREDIT HOURS

Select a minimum of one upper-level course (minimum 3 credit hours) with a BOT, BSC, MCB, PCB, or ZOO prefix, with the exception of those intended for non-majors.*

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Additionally, OCB 3108 - Marine Field Studies **Credit(s): 4**, PHZ 4702 - Applications of Physics to Biology and Medicine I **Credit(s): 4**, and BCH 3053 - General Biochemistry **Credit(s): 3** are approved by the department.

Additional electives as approved for the major by the department.

Note: *BSC 4933 - Selected Topics in Biology cannot be taken as an elective credit without prior departmental approval.

ADDITIONAL INFORMATION - BIOLOGY B.S.

OTHER REQUIREMENTS

A maximum of four credit hours of BSC 4910 Undergraduate Research and BSC 4940 Internship may be applied to the Biology major.

No pass/fail or S/U minimum grades for major coursework.

A course(s) used to complete one major requirement may not be used to fulfill another major requirement.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

INTERNSHIP OPPORTUNITIES

A maximum of four credit hours of BSC 4910 Undergraduate Research and BSC 4940 Internship may be applied to the Biology major.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914, or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research will assist students in understanding the various course options (<https://www.usf.edu/undergrad/hipur/index.aspx>).

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs. CAS Academic Advisor Contact information can be found here: CAS Advisors
To schedule an advising appointment: Advising Appointments

Plans of Study - Biology B.S., with Medical Biology Concentration

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see <https://www.usf.edu/undergrad/students/civics-literacy.aspx> or talk with your academic advisor.

Items that are critical are marked with a * and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

Physician Assistant
Project Manager
Veterinarian

Potential Entry Level Salary Range:

\$60,000 - \$70,000

BIOLOGY B.S., WITH PLANT BIOLOGY CONCENTRATION

TOTAL MAJOR HOURS: 120

The Bachelor of Science in Biology provides a broad, robust foundation in the biological sciences. It prepares students for graduate programs in biology (e.g. zoology, botany, conservation biology, microbiology, marine biology, ecology and evolution) as well as professional degrees in medicine, dentistry, veterinary medicine and pharmacology, or biology careers with industry and government agencies. The program emphasizes the development of critical thinking and communication skills, as well as competency in experimental design, data analysis and methodology for lab and field research. The concentrations allow students to focus coursework according to their interests. A wide range of skill-building opportunities are available to students through undergraduate research, internships, study abroad, service learning, and field courses.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

PROGRESSION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES (CAS)

All students in the below listed programs must successfully complete the below science and math coursework without earning three (3) D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major. Grade Forgiveness will NOT apply to the mandated requirement of changing majors.

Included Departments/Divisions:

Effective Fall 2022: Department of Physics* and all other Departments/Divisions continued from Fall 2018.
Effective Fall 2018: Division of Health Professions Advising; Department of Chemistry; Department of Molecular Biosciences; and Department of Integrative Biology.

Furthermore, any student who requests a change of major to one offered in the above identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Students who are able to complete a major in one of the above Departments/Divisions by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception to the CAS Sciences D/F Policy and should contact the School of Natural Sciences and Mathematics Advising Office (sdfx@usf.edu) for instructions.

*Students who are redirected from one of the above Departments/Divisions as a result of the CAS Sciences D/F Policy may pursue the following degrees offered by the Department of Physics: B.S. Physical Sciences and B.A. Physical Sciences.

Included courses:

Biology: BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; MCB 3020; PCB 3023; PCB 3063.

Chemistry: BCH 3053; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440.

Mathematics & Statistics: MAT 1033; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281; MAC 2282; MAC 2311; MAC 2312; STA 2023.

Physics: PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; PHY 3101; PHZ 3113.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major

Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - BIOLOGY B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

(BSC X010 and BSC X010L Biology I with Lab) or BSC X010C or BSC X040C - 4 credit hours

(BSC X011 and BSC X011L Biology II with Lab) or BSC X011C or BSC X041C - 4 credit hours

(CHM X045 and CHM X045L Chemistry I with Lab) or CHM X045C or (CHM X040 and CHM X041) - 4-6 credit hours

CHM X046C or (CHM X046 & CHM X046L Chemistry II with Lab) - 4 credit hours

MAC X311 or MAC X233 or MAC X253 or MAC X281 or MAC X241 - 3-4 credit hours

(PHY X054 & PHY X053L & PHY X048L & PHY X053) or (PHY X048 & PHY X048L & PHY X049 & PHY X049L)

or (PHY X054 & PHY X053 & PHY X054L & PHY X053L) or (CHM X210C & CHM X211C) or (CHM X210 &

CHM X210L & CHM X211 & CHM X211L) - 8-10 credit hours

STA X024 or STA X321 or STA X023 or MAC X234 or MAC X312 or MAC X282 - 3-4 credit hours

BIOLOGY SUPPORTING REQUIRED COURSES: 4 COURSES; 8-10 CREDIT HOURS

Students choose one of two supporting course sequence options, based on the completed common course prerequisites. The two course sequence options are as follows.

A minimum grade of C- is required in each Required Supporting course.

Note: The course sequence that will count toward the Supporting Courses requirement is based on which sequence (Organic Chemistry or Physics) the student took to meet the Common Prerequisite requirement. If the Organic Chemistry sequence was taken to fulfill the Common Prerequisite requirement, the Physics sequence will meet the Supporting Courses requirement. The opposite is true if the Physics requirement was used to meet the Common Prerequisite requirement.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The following courses are supporting courses for this major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

1. Organic Chemistry I and II, with Laboratories (10 credit hours)

CHM 2210 - Organic Chemistry I **Credit(s): 3**
CHM 2210L - Organic Chemistry Laboratory I **Credit(s): 2**
CHM 2211 - Organic Chemistry II **Credit(s): 3**
CHM 2211L - Organic Chemistry Laboratory II **Credit(s): 2**

2. Physics I and II (Calculus-based or General), with Laboratories (8 credit hours)

Physics Option 1 - Take these 4 courses:

PHY 2053 - General Physics I **Credit(s): 3**
PHY 2053L - General Physics I Laboratory **Credit(s): 1**
PHY 2054 - General Physics II **Credit(s): 3**
PHY 2054L - General Physics II Laboratory **Credit(s): 1**

OR

Physics Option 2 - Take these 4 courses:

PHY 2048 - General Physics I - Calculus Based **Credit(s): 3**
PHY 2048L - General Physics I Laboratory **Credit(s): 1**
PHY 2049 - General Physics II - Calculus Based **Credit(s): 3**
PHY 2049L - General Physics II Laboratory **Credit(s): 1**

BIOLOGY REQUIRED COURSES: (28 CREDIT HOURS)

Note: A course used to complete one major requirement/area may not be used to fulfill other major requirements.

BIOLOGY MAJOR CORE COURSES: 5 COURSES: 11 CREDIT HOURS

PCB 3043 - Principles of Ecology **Credit(s): 3**
PCB 3043L - Principles of Ecology Laboratory **Credit(s): 1**
PCB 3063 - General Genetics **Credit(s): 3**
PCB 3063L - General Genetics Laboratory **Credit(s): 1**
PCB 4674 - Organic Evolution **Credit(s): 3**

BIOLOGY MAJOR (RESTRICTED) ELECTIVE COURSES: 7 COURSES; 17 CREDIT HOURS

Students complete a General Biology program of study or complete one of four concentrations:

Animal Biology
Ecology and Evolution
Medical Biology
Plant Biology

If students do not declare a concentration, they will follow the General Biology program of study and take a minimum of 17 credit hours to meet the major electives requirement.

PLANT BIOLOGY CONCENTRATION: 6 COURSES; 17 CREDIT HOURS

CONCENTRATION CORE: 1 COURSE; 4 CREDIT HOURS

BOT 3015C - General Botany **Credit(s): 4**

RESTRICTED ELECTIVES: 3 COURSES, 9 CREDIT HOURS

Select a minimum of three courses from the following list.

*Registration in Selected Topics courses requires prior Departmental approval.

Note: A course used a concentration core requirement cannot also be used to meet the restricted elective requirement.

BOT 3152C - Field Botany **Credit(s): 3**

BSC 4933 - Selected Topics in Biology **Credit(s): 1-4 ***

ADDITIONAL COURSE REQUIREMENT: 1 COURSE; 3 CREDIT HOURS

Select a minimum of one upper-level course (minimum 3 credit hours) with a BOT, BSC, MCB, PCB, or ZOO prefix, with the exception of those intended for non-majors.*

Additionally, OCB 3108 - Marine Field Studies Credit(s): 4, PHZ 4702 - Applications of Physics to Biology and Medicine I Credit(s): 4, and BCH 3053 - General Biochemistry Credit(s): 3 are approved by the department.

Additional electives as approved for the major by the department.

Note: *BSC 4933 - Selected Topics in Biology cannot be taken as an elective credit without prior departmental approval.

MAJOR LABORATORY COURSE REQUIREMENT: 1 LAB COURSES; 1 CREDIT HOUR

A minimum of one course from the restricted electives and additional course requirement must include a laboratory component (Both "L" and "C" courses approved for the major count for this requirement).

ADDITIONAL INFORMATION - BIOLOGY B.S.

OTHER REQUIREMENTS

A maximum of four credit hours of BSC 4910 Undergraduate Research and BSC 4940 Internship may be applied to the Biology major.

No pass/fail or S/U minimum grades for major coursework.

A course(s) used to complete one major requirement may not be used to fulfill another major requirement.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

INTERNSHIP OPPORTUNITIES

A maximum of four credit hours of BSC 4910 Undergraduate Research and BSC 4940 Internship may be applied to the Biology major.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed,

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914, or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research will assist students in understanding the various course options (<https://www.usf.edu/undergrad/hipur/index.aspx>).

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CAS Academic Advisor Contact information can be found here: [CAS Advisors](#)

MARINE BIOLOGY B.S.

TOTAL MAJOR HOURS - 120

The undergraduate Marine Biology program explores the ecology of marine environments and the nature of organisms inhabiting the oceans. The objective of this program is to augment the students' foundation in basic biology with specialized knowledge and skills in marine biology that address contemporary issues such as coastal resilience, coastal pollution, diseases of marine organisms and restoring damaged habitats. An emphasis on data collection and research methods in the field and laboratory will ready students for employment in places such as consulting firms, environmental agencies, aquaria, and parks, while also preparing them for graduate school. Internships, undergraduate research experiences, upper-level seminars, and reading from the primary literature will develop critical thinking skills and prepare students to address the many complex issues in marine biology, thereby practicing critical thinking and the application of science to grand societal/economic challenges.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

PROGRESSION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES (CAS)

All students in the below listed programs must successfully complete the below science and math coursework without earning three (3) D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major. Grade Forgiveness will NOT apply to the mandated requirement of changing majors.

Included Departments/Divisions:

Effective Fall 2022: Department of Physics* and all other Departments/Divisions continued from Fall 2018.

Effective Fall 2018: Division of Health Professions Advising; Department of Chemistry; Department of Molecular Biosciences; and Department of Integrative Biology.

Furthermore, any student who requests a change of major to one offered in the above identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Students who are able to complete a major in one of the above Departments/Divisions by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception to the CAS Sciences D/F Policy and should contact the School of Natural Sciences and Mathematics Advising Office (sdfx@usf.edu) for instructions.

*Students who are redirected from one of the above Departments/Divisions as a result of the CAS Sciences D/F Policy may pursue the following degrees offered by the Department of Physics: B.S. Physical Sciences and B.A. Physical Sciences.

Included courses:

Biology: BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; MCB 3020; PCB 3023; PCB 3063.

Chemistry: BCH 3053; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440.

Mathematics & Statistics: MAT 1033; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281; MAC 2282; MAC 2311; MAC 2312; STA 2023.

Physics: PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; PHY 3101; PHZ 3113.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED PROGRAM PREREQUISITES - MARINE BIOLOGY B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

(BSC X010 and BSC X010L) or BSC X010C or BSC X040C - 4 credit hours

(BSC X011 and BSC X011L) or BSC X011C - 4 credit hours

(CHM X045 and CHM X045L) or CHM X045C or (CHM X040 and CHM X041) - 4 credit hours

(CHM X046 and CHM X046L) or CHM X046C - 4 credit hours

(CHM X210 and CHM X210L) or CHM X210C or (PHY X048 and PHY X048L) or PHY X048C or PHY X053C or (PHY X053 & PHY X053L) - 4 credit hours

(CHM X211 and CHM X211L) or CHM X211C or (PHY X054 and PHY X054L) or PHY X054C or PHY X049C or (PHY X049 and PHY X049L) - 4 credit hours

MAC X311 or MAC X233 or MAC X281 or MAC X253 - 3-4 credit hours

STA X014 or STA X023 or MAC X234 or MAC X312 or STA X024 or MAC X282 - 4 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

SUPPORTING REQUIRED COURSES: 4 COURSES; 8-10 CREDIT HOURS

The following courses are supporting courses for this major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester. A minimum grade of "C" is required in each required supporting course.

Students choose one of two supporting course sequence options, based on the completed common course prerequisites. The two course sequence options are as follows.

Note: The course sequence that will count toward the Supporting Courses requirement is based on which sequence (Organic Chemistry or Physics) the student took to meet the Common Prerequisite requirement. If the Organic Chemistry sequence was taken to fulfill the Common Prerequisite requirement, the Physics sequence will meet the Supporting Courses requirement. The opposite is true if the Physics requirement was used to meet the Common Prerequisite requirement.

1. Organic Chemistry I and II, with Laboratories (10 credit hours)

CHM 2210 - Organic Chemistry I **Credit(s): 3**

COLLEGE OF ARTS & SCIENCES

BIOLOGY MINOR

MINOR REQUIREMENTS: 18 CREDIT HOURS

MINOR CORE COURSES: 4 COURSES; 8 CREDIT HOURS

The following four (4) courses are required (8 credit hours)

- BSC 2010 - Cellular Processes **Credit(s): 3**
- BSC 2010L - Cellular Processes Laboratory **Credit(s): 1**
- BSC 2011 - Biodiversity **Credit(s): 3**
- BSC 2011L - Biodiversity Laboratory **Credit(s): 1**

MINOR ELECTIVES (10 CREDIT HOURS)

Ten (10) credits of any upper-level courses with the prefixes (excluding coursework indicated for non-majors):

- BOT
- BSC
- MCB
- PCB
- ZOO

GPA REQUIREMENTS

Students in the Biology minor must maintain 2.0 grade point average.

GRADING REQUIREMENTS

A minimum grade of C- is required for all courses and labs.

OTHER INFORMATION

Students who are declared in any Biology or Microbiology major offered by the Department of Molecular Biosciences or the Department of Integrative Biology are ineligible for this minor.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

SCHOOL OF INTERDISCIPLINARY GLOBAL STUDIES

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

AFRICANA STUDIES B.A.

TOTAL DEGREE HOURS: 120

Africana Studies is a liberal arts program offering a Bachelor of Arts in Africana Studies and a Minor in Africana Studies. This program provides all students with the opportunity to study the history, culture, and lived experiences of people of African descent--on the African continent and throughout the world. Students will study the influence of Africa and people of African descent on the world-at-large, learn interdisciplinary methods to investigate the social construction of race and racism, and practice research and problem-solving skills. The Africana Studies curriculum encourages the development of critical thinking skills while challenging students to explore new ideas, seek new connections, and become actively engaged in the global community.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - AFRICANA STUDIES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

There are no State Mandated Common Prerequisites for this program.

AFRICANA STUDIES REQUIRED COURSES: (30 CREDIT HOURS)

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

AFA 2000 - Introduction to the Black Experience **Credit(s): 3**
AFA 3110 - Key Issues in Black Thought **Credit(s): 3**
AFA 4936 - Capstone in Africana Studies **Credit(s): 3**

MAJOR ELECTIVES COURSES: 7 COURSES; 21 CREDIT HOURS

Students will take seven additional elective courses from the following list of courses:

AFA 2380 - History and Theory of Genocide **Credit(s): 3**
AFA 4335 - Black Women in America **Credit(s): 3**
AFA 4350 - African American Community Research **Credit(s): 3**
AFA 4430 - Afro-Diasporic Literature and Political Movements **Credit(s): 3**
AFA 4900 - Directed Readings **Credit(s): 2-3**
AFA 4905 - Independent Study **Credit(s): 1-3**
AFA 4931 - Selected Topics in Africana Studies **Credit(s): 1-3**
AFH 3100 - African History to 1850 **Credit(s): 3**
AFH 3200 - African History since 1850 **Credit(s): 3**
AFS 2250 - Culture and Society in Africa **Credit(s): 3**
AFS 4910 - Individual Research **Credit(s): 1-3**
AMH 3571 - African American History to 1865 **Credit(s): 3**
AMH 3572 - African American History since 1865 **Credit(s): 3**
AML 3604 - African American Literature **Credit(s): 3**
AMS 3700 - Racism in American Society **Credit(s): 3**
ANT 4340 - The Caribbean **Credit(s): 3**
LAS 3002 - Latin America **Credit(s): 3**
LAS 3116 - Latin America Through Film **Credit(s): 3**
LAS 4934 - Selected Topics: Latin American Studies **Credit(s): 1-3**
LAS 4940 - Internship in Latin American and the Caribbean **Credit(s): 1-9**

Other courses may be vetted for approval as electives for the Africana Studies degree. Please see the undergraduate advisor or the Africana Studies Undergraduate Director for further information.

AFRICANA STUDIES B.A. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.
Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

Department and College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.
USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914, or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research will assist students in understanding the various course options (<https://www.usf.edu/undergrad/hipur/index.aspx>).

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

International Studies B.A.

TOTAL DEGREE HOURS: 120

The major in International Studies enables students to undertake programs of study which emphasize: (a) preparation for careers in international activities, or (b) the study of particular international themes or topics, or (c) the study of particular regions or cultures. Each student develops a course of study designed to fulfill his or her career and educational goals in consultation with the International Studies advisor.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - INTERNATIONAL STUDIES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

There are no State Mandated Common Prerequisites for this program.

REQUIRED COURSES: (36 CREDIT HOURS)

MAJOR CORE COURSES: 6 COURSES; 18 CREDIT HOURS

The major consists of a minimum of 36 credit hours. At least 27 of these credit hours (nine courses) must be from the International Studies Program offerings.

INR 3011 - Globalization **Credit(s): 3**

INR 4083 - Conflict in the World **Credit(s): 3**

INR 3038 - International Wealth and Power **Credit(s): 3**

or

CPO 4034 - Politics of the Developing Areas **Credit(s): 3**

INR 3202 - International Human Rights **Credit(s): 3**

or

INR 4502 - International Organizations **Credit(s): 3**

Two (2) area studies courses from the INT upper-division electives (3 credit hours each)

MAJOR ELECTIVE COURSES: 6 COURSES; 18 CREDIT HOURS

The additional 18 credit hours must include at least three elective courses (9 credit hours) from within the International Studies discipline offered in the School of Interdisciplinary Global Studies; the remaining 9 credit hours can be selected from courses offered from other departments which are approved by the major advisor as having adequate international or cross-cultural content. Please see the International Studies advisor for a full list of courses to meet the INT elective requirements.

With the approval of the major advisor, credits earned in INR 4900 - Directed Readings and INR 4910 - Directed Research may be used to augment or substitute for the foregoing requirements.

Students must pass a 2000-level foreign language course (that is, at least one semester of foreign language study beyond the first year introductory courses), or complete one year of study of a non-Western language. Students who are bilingual or who are already conversationally fluent or who can translate with facility from a foreign language text are exempt from the above course requirement, but the INT faculty may require demonstration of proficiency.

Students are encouraged, but not required, to engage in study abroad programs, a large number of which have been approved by the USF Education Abroad Department. Credits earned in such programs apply toward graduation and many also apply to the International Studies major. A limited number of internships in the Tampa Bay area are available to provide students with real-world experience while earning credits in the major. Also, USF is affiliated with The Washington Center, an internship program in the nation's Capital.

ADDITIONAL INFORMATION - INTERNATIONAL STUDIES B.A.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department Major Academic Residency Requirement - At least 21 hours of the major coursework must be completed at USF.

College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

INTERNSHIP OPPORTUNITIES - SCHOOL OF INTERDISCIPLINARY GLOBAL STUDIES

The School of Interdisciplinary Global Studies encourages students majoring in International Studies to complete an internship as part of their undergraduate degree program. While an internship is not required for the degree, it does provide the student with valuable, real world experience that can assist the student in preparation for a career after finishing the International Studies degree. The School of Interdisciplinary Global Studies allows up to 6 credits of paid or unpaid internship with an appropriate international focus to count as an INT elective. In order to qualify for credit, the internship does need to be approved by the International Studies Internship faculty advisor. Additionally, in order to earn credit for the internship, students will be required to register for INR 4943 - Internship in International Studies and complete all requirements for this course in order to earn credit. For more information, please visit <https://www.usf.edu/arts-sciences/departments/school-of-interdisciplinary-global-studies/index.aspx>.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

POLITICAL SCIENCE B.A.

TOTAL DEGREE HOURS: 120

The undergraduate program leading to a B.A. degree in Political Science offers a general purpose, career flexible degree with a number of more specialized areas of focus. The program is designed for students interested in and seeking to understand political problems, issues, and the nature of the political process, as well as the philosophical and legal basis of political structures and processes at local, state, national, and international levels. Satisfying the degree requirements prepares students for positions in the public and private sectors, for law school, for graduate work in political science, international relations, public administration, and related disciplines, for positions in education, and for applied political activity.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - POLITICAL SCIENCE B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

POS X041 American Government or POS X000-X999 Political Science or INR X000-X999 International Relations or CPO X000-X999 Comparative Politics - 3 credit hours
POS X000-X999 Political Science or INR X000-X999 International Relations or CPO X000-X999 Comparative Politics - 3 credit hours

SUPPORTING REQUIRED COURSE: 1 COURSE; 3 CREDIT HOURS

The following course is a supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

ECO 1000 - Basic Economics **Credit(s): 3**
or
ECO 2013 - Economic Principles (Macroeconomics) **Credit(s): 3**
or
ECO 2023 - Economic Principles (Microeconomics) **Credit(s): 3**

REQUIRED COURSES: (36 CREDIT HOURS)

A minimum of 36 credit hours is required to satisfy the requirements of the major. Students must take the 12 credit hours of required core courses in Political Science coursework. No more than six (6) credit hours can be taken from POS 4905, POS 4910 and POS 4941.

Note: Students enrolled in the Washington, D.C. semester program or the Tallahassee Internship program, may have this rule altered by their advisor. (A GPA of 3.0 is required to enroll in these courses; the Chair may grant special exception for students with a GPA between 2.70 and 2.99).

MAJOR CORE COURSES: 4 COURSES; 12 CREDIT HOURS

CPO 2002 - Introduction to Comparative Politics **Credit(s): 3**
OR
INR 2002 - Introduction to International Relations **Credit(s): 3**
Note: Either CPO 2002 or INR 2002 must be taken as a core course. The course that counts toward the major core is dependent upon the course the student took to satisfy the common course prerequisites. The other may be taken as a major elective.
POS 2041 - American National Government **Credit(s): 3**
POS 3713 - Empirical Political Analysis **Credit(s): 3**
POT 3003 - Introduction to Political Theory **Credit(s): 3**

MAJOR (RESTRICTED) ELECTIVE COURSES: 8 COURSES; 24 CREDIT HOURS

FIELD AREAS

Choose 8 courses (24 credit hours) of electives from the seven fields listed below with at least one course from Field I, one course from Field II or III, and one course from any of Fields IV, V, VI, or VII.

Field I: Political Theory

POT 3013 - Classical Political Theory **Credit(s): 3**
POT 4054 - Modern Political Theory **Credit(s): 3**
POT 4064 - Contemporary Political Thought **Credit(s): 3**
POT 4204 - American Political Thought **Credit(s): 3**

POS 4905 - Independent Study **Credit(s): 1-3**
POS 4910 - Individual Research **Credit(s): 1-3**
POS 4941 - Field Work **Credit(s): 3-15**
POT 4109 - Politics and Literature **Credit(s): 3**
URP 4052 - Urban Planning and Sustainability **Credit(s): 3**

ADDITIONAL INFORMATION - POLITICAL SCIENCE B.A.

OTHER REQUIREMENTS

All Political Science majors are required to take at least three (3) credit hours of Economics coursework.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENT

A grade of C- or better to meet major course requirements unless specified elsewhere. Will vary by area. **For Political Science, a C- or higher is required in courses used for the major core.**

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher-level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department Major Academic Residency Requirement - at least 21 hours of the major coursework must be completed at USF.

College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

INTERNSHIP OPPORTUNITIES - POLITICAL SCIENCE B.A.

Political Science has a fieldwork program that allows students to obtain part-time internships with state and local government and with political parties at the state and local level. Academic credit is available for such internships. For further information, please refer to <http://gia.usf.edu/el/>.

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

OTHER INFORMATION - COLLEGE OF ARTS AND SCIENCES

The Political Science major offers many courses that are beneficially for students planning to attend law school. Courses listed under Field VII Law and Politics on the Political Science undergraduate curriculum are recommended to be taken as major electives by students on a pre-law career pathway. The pre-law career pathway is an option for students of all majors at USF. The courses in Field VII are often of particular interest to Political Science majors planning to attend law school but may be taken by others as well. Those planning to pursue law school are recommended to complete courses in Field VII that can help them develop skills and competencies for their future legal studies.

Students can self-enroll into the Pre-law Canvas page via this link. Additional resources can be found via https://www.usf.edu/arts-sciences/departments/school-of-interdisciplinary-global-studies/programs/undergraduate-programs/pre-law_track.aspx. Majors planning to attend law are encouraged to meet with their major academic advisor to develop an academic plan to prepare for their future legal studies & to discuss the Law School Admission Exam (LSAT.)

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs. CAS Academic Advisor Contact information can be found here: [CAS Advisors](#)

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

LATIN AMERICAN AND CARIBBEAN STUDIES CERTIFICATE

TOTAL CERTIFICATE HOURS: 15

The College of Arts and Sciences offers a Certificate in Latin American and Caribbean Studies for students who wish to gain an intensive multi-disciplinary understanding of this important area, and have that knowledge formally recognized in their academic record. This program is open to all USF majors of all colleges.

CERTIFICATE REQUIREMENTS

The certificate requires a minimum of 15 semester hours of courses about Latin America and the Caribbean.

CERTIFICATE CORE (3 CREDIT HOURS)

LAS 3002 - Latin America **Credit(s): 3**

CERTIFICATE ELECTIVES (12 CREDIT HOURS)

Students should choose four courses (12 credit hours) from the following list of courses.

Study abroad programs are encouraged and will be credited toward the Certificate. Up to 6 study abroad credits earned in residence in Latin America and/or the Caribbean will count for the certificate.

1. ANTHROPOLOGY

ANT 4165 - South American Archaeology **Credit(s): 3**

ANT 4340 - The Caribbean **Credit(s): 3**

ANT 4472 - Work and Migration in the Americas **Credit(s): 3**

2. GEOGRAPHY/GOVERNMENT & INTERNATIONAL AFFAIRS

CPO 4034 - Politics of the Developing Areas **Credit(s): 3**

CPO 4930 - Comparative Government and Politics of Select Areas **Credit(s): 3 (when selected area is Latin America)***

GEA 3405 - Geography of Latin America **Credit(s): 3**

3. HISTORY

LAH 3430 - History of Mexico **Credit(s): 3**

LAH 3743 - Spanish America in the Age of Revolution **Credit(s): 3**

LAS 4934 - Selected Topics: Latin American Studies **Credit(s): 1-3**

LAS 4940 - Internship in Latin American and the Caribbean **Credit(s): 1-9**

4. ART/HUMANITIES/LITERATURE

AML 3630 - U.S. Latino/Latina Literature in English **Credit(s): 3**

HUM 4464 - Modern Latin American Culture **Credit(s): 3**

SPN 3520 - Spanish-American Civilization **Credit(s): 3**

SPT 3100 - Masterpieces of Hispanic Literature **Credit(s): 3**

SPW 3030 - Introduction to Hispanic Literary Studies **Credit(s): 3**

SPW 4130 - Early Latin America Through Literature and Film **Credit(s): 3**

SPW 4131 - Survey of Spanish-American Literature II **Credit(s): 3**

5. OTHERS

REL 3375 - Issues in Caribbean Religions **Credit(s): 3**

SOW 4522 - Multicultural America in a Global Society **Credit(s): 3**

SSE 4380 - Global and Multicultural Perspectives in Education **Credit(s): 3**

SYD 4238 - Immigrants to America **Credit(s): 3**

SYG 3235 - Latina/Latino Lives **Credit(s): 3**

SYO 4204 - Religion and Immigration **Credit(s): 3**

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

WST 4262 - Literature by Women of Color in the Diaspora **Credit(s): 3**

FOREIGN LANGUAGE REQUIREMENT

Two semesters of course work in a relevant language such as: Spanish, Portuguese, French, or an Amerindian language such Quechua, Haitian Creole, etc.

OTHER INFORMATION

The program is open to all majors in all colleges.

Course offerings can be checked at: <http://islac.usf.edu/course/>.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CAS Academic Advisor Contact information can be found here: [CAS Advisors](#)

DEPARTMENT OF JOURNALISM AND DIGITAL COMMUNICATION

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

DIGITAL COMMUNICATION AND MULTIMEDIA JOURNALISM B.A.

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in Digital Communication and Multimedia Journalism is a hands-on program that allows students to prepare for careers in journalism, digital media, promotional communication, web development, photography, videography, and other jobs requiring the production of digital media content.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.

The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Complete all major course requirements.

College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - DIGITAL COMMUNICATION AND MULTIMEDIA JOURNALISM B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Note: A grade of 'C' or higher is required for all common prerequisites.

ENC X101 Composition I - 3 credit hours
ENC X102 Composition II - 3 credit hours
MMC X000-X999 Mass Media Communication or MMC X540 Media Aesthetics- 3 credit hours (Majors must take MMC 2100)

REQUIRED COURSES: (48 CREDIT HOURS)

MAJOR CORE: 9 COURSES; 27 CREDIT HOURS

MMC 3602 - Media and Society **Credit(s): 3**
VIC 3001 - Visual Literacy **Credit(s): 3**
JOU 3346C - Multimedia Reporting **Credit(s): 3**

JOU 3101 - Advanced Reporting **Credit(s): 3**
JOU 4188 - Neighborhood News Bureau **Credit(s): 3**
JOU 4950 - Senior Capstone Seminar **Credit(s): 2-3**

* Note: Majors are required to take JOU 4950 for 3 credit hours.

MAJOR OTHER REQUIRED COURSE: 1 COURSE; 3 CREDIT HOURS

- ANT 2410 - Cultural Anthropology **Credit(s): 3**

MAJOR ELECTIVES: 6 COURSES; 18 CREDIT HOURS

Select six courses (18 credit hours) from the following list of courses.

NOTE: Up to 6 credit hours of MMC 4945 - Internship may count toward the Major Electives.

- JOU 3308 - Magazine Article and Feature Writing **Credit(s): 3**
- MMC 3140 - Web Publishing **Credit(s): 3**
- MMC 3734 - Social Media as Mass Communication **Credit(s): 3**
- MMC 4131 - Video Storytelling **Credit(s): 3**
- MMC 4133 - Video Storytelling II **Credit(s): 3**
- MMC 4945 - Internship **Credit(s): 1-3** (up to 6 credit hours)
- MMC 4936 - Selected Topics in Mass Communications Studies **Credit(s): 1-3**
- PGY 3610C - Photojournalism I **Credit(s): 3**
- RTV 3411 - Race, Gender, & Class Issues in the Media **Credit(s): 3**
- VIC 4311 - InfoGraphics Design **Credit(s): 3**

ADDITIONAL INFORMATION - DIGITAL COMMUNICATION AND MULTIMEDIA JOURNALISM B.A.

FOREIGN LANGUAGE REQUIREMENTS

Sign Language may be used as an option for students to fulfill the Foreign Language EXIT requirement.

GPA REQUIREMENTS

Major GPA (All USF Courses which are applied to major requirements): 2.0

General Education GPA (All USF Courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENTS

A 2.5 GPA in Digital Communication and Multimedia Journalism coursework is required for graduation.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

COLLEGE OF ARTS AND SCIENCES PROGRESSION POLICY

A grade of "D" or "F" will not be counted toward meeting major requirements.

RESIDENCY REQUIREMENTS

Department and College of Arts and Sciences Major Academic Residency Requirement - Fifty percent (50%) of major must be completed at USF.

USF Academic Residency Requirement - thirty (30) of the last sixty (60) credit hours earned must be from USF.

OTHER INFORMATION

Most Digital Communication and Multimedia Journalism courses have prerequisites as specified in the course descriptions (these prerequisites are separate from the State Mandated Common Prerequisites for program admission listed below). Refer to each prerequisite listed to determine progressive prerequisites for each course. Students should also note that the Digital Communication and Multimedia Journalism major is a four-semester program at a minimum and the majority of courses are offered only during the day.

All material submitted by students as assignments in writing, reporting, editing, photography and electronic news gathering and production classes is subject to publication or broadcast. The Department uses a variety of online, print and electronic media outlets.

Students are required to complete a minimum of 72 credit hours outside the major.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

MATHEMATICS B.A., WITH APPLIED/COMPUTATIONAL MATHEMATICS CONCENTRATION

TOTAL DEGREE HOURS: 120

The mathematics program offers a diversity of courses designed not only to enable the student to pursue a profession in mathematics itself, but also to enhance the student's competence in the fields of engineering, the physical sciences, the life sciences, and the social sciences. The program emphasizes the broad nature of modern mathematics and its close associations with the real world and prepares students for careers in industry or secondary education as well as entry into graduate school.

- COP X271C or COP X210 or COP X270 or COP X272C or COP X001 or COP X500 or COP X006 - 3-4 credit hours

NOTE: All universities require a 'C' grade or better for admission.

MATHEMATICS REQUIRED COURSES: (30 CREDIT HOURS)

Minimum 30 credit hours: 15 credit hours in major coursework and 15 credit hours in concentration coursework.

MATHEMATICS MAJOR CORE COURSES: 5 COURSES; 15 CREDIT HOURS

Upon completing the three requirements below (15 credit hours), students are required to complete **one** of the following three concentrations: Applied/Computational Mathematics, General Mathematics, or Pure Mathematics.

MATHEMATICS CORE REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

Majors must complete the following three courses:

- MAS 3105 - Linear Algebra **Credit(s): 3**
- MAS 3156 - Vector Calculus **Credit(s): 3**
- MGF 3301 - Bridge to Abstract Mathematics **Credit(s): 3**

ALGEBRA REQUIREMENT COURSE: 1 COURSE; 3 CREDIT HOURS

Majors must complete the following course:

- MAS 4301 - Elementary Abstract Algebra I **Credit(s): 3**

SYMBOLIC COMPUTATIONS REQUIREMENT COURSE: 1 COURSE; 3 CREDIT HOURS

Majors must complete the following course:

- COP 4313 - Symbolic Computations in Mathematics **Credit(s): 3**

APPLIED/COMPUTATIONAL MATHEMATICS CONCENTRATION

This concentration is designed for majors whose interests lie in applications and/or computations. Majors who complete this concentration will be well prepared to explore problems from science, industry, and government.

CONCENTRATION REQUIREMENTS: (15 CREDIT HOURS)

CONCENTRATION CORE COURSES: 4 COURSES; 12 CREDIT HOURS

Majors in this concentration must complete at least one (1) course (three credit hours) in each of the following areas: Numerical/Algorithms, Partial Differential Equations and Applications, Discrete Mathematics, and Statistics/Probability.

NUMERICAL/ALGORITHMS REQUIREMENT

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Choose one course.

- MAD 4401 - Numerical Analysis I **Credit(s): 3**
- MAD 4402 - Numerical Analysis II **Credit(s): 3**
- MAP 4202 - Optimization **Credit(s): 3**

PARTIAL DIFFERENTIAL EQUATIONS AND APPLICATIONS REQUIREMENT

- MAP 4341 - Introduction to Partial Differential Equations **Credit(s): 3**

DISCRETE MATHEMATICS REQUIREMENT

Choose one course.

- MAD 4203 - Introduction to Combinatorics **Credit(s): 3**
- MAD 4301 - Introduction to Graph Theory **Credit(s): 3**
- MAD 4471 - Introduction to Cryptography and Coding Theory **Credit(s): 3**
- MAD 4472 - Modern Cryptography **Credit(s): 3**
- MAD 4504 - Theory of Computation **Credit(s): 3**
- MAD 4605 - Introduction to Coding Theory **Credit(s): 3**

STATISTICS/PROBABILITY REQUIREMENT

Choose one course.

- STA 4321 - Introduction to Mathematical Statistics I **Credit(s): 3**
- STA 4442 - Introduction to Probability **Credit(s): 3**

CONCENTRATION ELECTIVE COURSE: 1 COURSE; 3 CREDIT HOURS

Majors must complete at least one (1) course from the following electives. This course may NOT be used to fulfill any of the above requirements.

One course from another department that is of high mathematical content may also be taken as an elective, with the prior approval of the department chair.

- MAD 4203 - Introduction to Combinatorics **Credit(s): 3**
- MAD 4301 - Introduction to Graph Theory **Credit(s): 3**
- MAD 4401 - Numerical Analysis I **Credit(s): 3**

- MAD 4471 - Introduction to Cryptography and Coding Theory **Credit(s): 3**
- MAD 4472 - Modern Cryptography **Credit(s): 3**
- MAD 4504 - Theory of Computation **Credit(s): 3**
- MAD 4515 - Mathematics of Quantum Computing **Credit(s): 3**
- MAD 4605 - Introduction to Coding Theory **Credit(s): 3**
- MAP 4202 - Optimization **Credit(s): 3**
- MAP 4341 - Introduction to Partial Differential Equations **Credit(s): 3**
- MAT 4930 - Selected Topics in Mathematics **Credit(s): 1-3 (may be taken as an elective with the prior approval of the Department Chair)**

ADDITIONAL INFORMATION - MATHEMATICS B.A.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENTS

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

A grade of C- or better is required for courses in the mathematics major and minor and in the statistics major.

However, C- is not an acceptable grade for any course that is being used as a prerequisite for a follow-on course. For these courses, a grade of C (2.0 grade points) or better is required. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

OTHER PROGRAM INFORMATION

Those interested in pursuing advanced degrees in Mathematics may also be interested in the Honors Program.

OPTIONAL HONORS PROGRAM

HONORS PROGRAM IN MATHEMATICS

The program is designed for students who wish to obtain a B.A. degree that will indicate unusual strength in the field of mathematics. Successful completion of the program will be prominently displayed on the student's diploma and will be recorded on the official USF transcript of the student's work.

Students are eligible for admission to the program when they:

- have completed MAS 4301 - Elementary Abstract Algebra I;
- have at least a 3.0 GPA for all college courses; and
- have at least a 3.5 GPA for all Mathematics courses.

Applications are submitted to the Undergraduate Committee in the Department of Mathematics and Statistics. The requirements for a B.A. degree in Mathematics with Honors are as follows:

- Completion of the requirements of the major in Mathematics;
- Completion of MAA 4211 - Intermediate Analysis I;
- Completion of MAT 4970 - Mathematics Senior Thesis;

- Completion of eight Mathematics courses at or above the 4000-level;

- At least a 3.0 average for all college courses; and
- At least a 3.5 average for all Mathematics courses.

At least 3 (and usually 6) credit hours of Mathematics Senior Thesis are required. There will be a thesis committee and the thesis will need to be successfully defended.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CAS Academic Advisor Contact information can be found here: [CAS Advisors](#)

Plans of Study - Mathematics B.A., with Applied/Computational Mathematics Concentration

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see <https://www.usf.edu/undergrad/students/civics-literacy.aspx> or talk with your academic advisor.

Items that are critical are marked with a * and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

Data Analyst
Actuary
Engineer/Computer and Information Technology
Film Animation
Computer Systems Analyst
Cryptographer

Potential Entry Level Salary Range:

\$30,000 - \$60,000

Mathematics B.A., with Applied/Computational Mathematics Concentration - 2 Year Plan of Study

YEAR 1

SEMESTER 1 (FALL)

- * MAS 3105 - Linear Algebra **Credit(s): 3**
 - * MGF 3301 - Bridge to Abstract Mathematics **Credit(s): 3**
 - Foreign Language I **Credit(s): 4**
 - Upper-Level Elective **Credit(s): 3**
- Total Credit Hours: 13**

SEMESTER 2 (SPRING)

- * COP 4313 - Symbolic Computations in Mathematics **Credit(s): 3**
 - * MAP 4341 - Introduction to Partial Differential Equations **Credit(s): 3**
 - * MAS 3156 - Vector Calculus **Credit(s): 3**
 - Foreign Language II **Credit(s): 4**
- Total Credit Hours: 13**

SEMESTER 3 (SUMMER)

- Science Elective Course **Credit(s): 3**
 - Science Elective Lab **Credit(s): 1**
 - Upper-Level Elective **Credit(s): 3**
- Total Credit Hours: 7**

YEAR 2

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

SEMESTER 4 (FALL)

- * MAS 4301 - Elementary Abstract Algebra I **Credit(s): 3**
 - * Major Numerical/Algorithms Elective **Credit(s): 3**
 - Science Elective Course **Credit(s): 3**
 - Science Elective Lab **Credit(s): 1**
 - Upper-Level Elective **Credit(s): 3**
- Total Credit Hours: 13**

SEMESTER 5 (SPRING)

- * Major Discrete Mathematics Elective **Credit(s): 3**
 - * Major Statistics/Probability Elective **Credit(s): 3**
 - * Upper-Level Major Elective **Credit(s): 3**
 - General/Unrestricted Elective **Credit(s): 2**
 - Upper-Level Elective **Credit(s): 3**
 - Apply for Graduation
- Total Credit Hours: 14**

Mathematics B.A., with Applied/Computational Mathematics Concentration - 4 Year Plan of Study

YEAR 1

SEMESTER 1 (FALL)

- * MAC 2281 - Engineering Calculus I **Credit(s): 4**
OR MAC 2311 - Calculus I **Credit(s): 4**
 - ENC 1101 - Composition I **Credit(s): 3**
 - SGEH - General Education Core Humanities **Credit(s): 3**
 - SGEN - General Education Core Natural Sciences Supporting Science and Lab (CHM, BSC, GLY, PHY) **Credit(s): 4**
- NOTE:** SCIV - Civics Literacy requirement needs to be fulfilled prior to graduation. See advisor.
- Total Credit Hours: 14**

SEMESTER 2 (SPRING)

- * MAC 2282 - Engineering Calculus II **Credit(s): 4**
OR MAC 2312 - Calculus II **Credit(s): 4**
 - ENC 1102 - Composition II **Credit(s): 3**
 - TGEC - Creative Thinking **Credit(s): 3**
 - Supporting Science and Lab (CHM, BSC, GLY, PHY) **Credit(s): 4**
- Total Credit Hours: 14**

SEMESTER 3 (SUMMER)

- TGEI - Information and Data Literacy **Credit(s): 3**
 - General/Unrestricted Elective **Credit(s): 3**
- Total Credit Hours: 6**

YEAR 2

SEMESTER 4 (FALL)

- * MAC 2283 - Engineering Calculus III **Credit(s): 4**
OR MAC 2313 - Calculus III **Credit(s): 4**
 - SGES - General Education Core Social Sciences **Credit(s): 3**
 - TGED - Human & Cultural Diversity **Credit(s): 3**
 - Foreign Language I **Credit(s): 4**
- Total Credit Hours: 14**

SEMESTER 8 (SPRING)

- * COP 4313 - Symbolic Computations in Mathematics **Credit(s): 3**
 - * MAS 4301 - Elementary Abstract Algebra I **Credit(s): 3**
 - TGEH - High Impact Practice **Credit(s): 3**
 - General/Unrestricted Elective **Credit(s): 3**
 - Upper-Level Elective **Credit(s): 3**
- Total Credit Hours: 15**

SEMESTER 9 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities. Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 4

SEMESTER 10 (FALL)

- * Discrete Mathematics Elective **Credit(s): 3**
 - * Numerical/Algorithms Elective **Credit(s): 3**
 - * Statistics/Probability Elective **Credit(s): 3**
 - Upper-Level Elective **Credit(s): 3**
- Total Credit Hours: 12**

SEMESTER 11 (SPRING)

- * MAP 4341 - Introduction to Partial Differential Equations **Credit(s): 3**
 - * Upper-Level Major Elective **Credit(s): 3**
 - General/Unrestricted Elective **Credit(s): 3**
 - Upper-Level Elective **Credit(s): 3**
 - Apply for Graduation
- Total Credit Hours: 12**

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MATHEMATICS B.A., WITH GENERAL MATHEMATICS CONCENTRATION

TOTAL DEGREE HOURS: 120

The mathematics program offers a diversity of courses designed not only to enable the student to pursue a profession in mathematics itself, but also to enhance the student's competence in the fields of engineering, the physical sciences, the life sciences, and the social sciences. The program emphasizes the broad nature of modern mathematics and its close associations with the real world and prepares students for careers in industry or secondary education as well as entry into graduate school.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following URLs:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - MATHEMATICS B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- MAC X311 Calculus I - 4 credit hours
- MAC X312 Calculus II - 4 credit hours
- MAC X313 Calculus III - 4 credit hours
- (BSC X010 and BSC X010L) or (CHM X045 and CHM X045L) or (PHY X048 and PHY X048L) or (GLY X010 and GLY X010L) or BSC X010C or CHM X045C or PHY X048C or GLY X010C - 4-5 credit hours
- MAP X302 - 3 credit hours
- COP X271C or COP X210 or COP X270 or COP X272C or COP X001 or COP X500 or COP X006 - 3-4 credit hours

NOTE: All universities require a 'C' grade or better for admission.

MATHEMATICS REQUIRED COURSES: (30 CREDIT HOURS)

Minimum 30 credit hours: 15 credit hours in major coursework and 15 credit hours in concentration coursework.

MATHEMATICS MAJOR CORE COURSES: 5 COURSES; 15 CREDIT HOURS

Upon completing the three requirements below (15 credit hours), students are required to complete **one** of the following three concentrations: Applied/Computational Mathematics, General Mathematics, or Pure Mathematics.

MATHEMATICS CORE REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

Majors must complete the following three courses:

- MAS 3105 - Linear Algebra **Credit(s): 3**
- MAS 3156 - Vector Calculus **Credit(s): 3**
- MGF 3301 - Bridge to Abstract Mathematics **Credit(s): 3**

ALGEBRA REQUIREMENT COURSE: 1 COURSE; 3 CREDIT HOURS

Majors must complete the following course:

- MAS 4301 - Elementary Abstract Algebra I **Credit(s): 3**

SYMBOLIC COMPUTATIONS REQUIREMENT COURSE: 1 COURSE; 3 CREDIT HOURS

Majors must complete the following course:

- COP 4313 - Symbolic Computations in Mathematics **Credit(s): 3**

GENERAL MATHEMATICS CONCENTRATION

This concentration is designed for students whose interests lie in both applications and theory. Students who complete this concentration will be exposed to a variety of topics to help prepare the student for future endeavors in either aspect.

CONCENTRATION REQUIREMENTS: (15 CREDIT HOURS)

CONCENTRATION CORE COURSES: 2 COURSES; 6 CREDIT HOURS

Majors in this concentration must complete at least one (1) course in each of the following areas:

APPLIED MATHEMATICS REQUIREMENT

Majors in this concentration must complete one (1) course from the list below.

- MAD 4401 - Numerical Analysis I **Credit(s): 3**
- MAD 4402 - Numerical Analysis II **Credit(s): 3**

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- MAD 4471 - Introduction to Cryptography and Coding Theory **Credit(s): 3**
- MAD 4472 - Modern Cryptography **Credit(s): 3**
- MAD 4504 - Theory of Computation **Credit(s): 3**
- MAD 4605 - Introduction to Coding Theory **Credit(s): 3**
- MAP 4202 - Optimization **Credit(s): 3**
- MAP 4341 - Introduction to Partial Differential Equations **Credit(s): 3**
- STA 4321 - Introduction to Mathematical Statistics I **Credit(s): 3**
- STA 4442 - Introduction to Probability **Credit(s): 3**

PURE MATHEMATICS REQUIREMENT

Majors in this concentration must complete one (1) course from the list below.

- MAA 4211 - Intermediate Analysis I **Credit(s): 3**
- MAA 4212 - Intermediate Analysis II **Credit(s): 3**
- MAA 4402 - Complex Variables **Credit(s): 3**
- MAD 4203 - Introduction to Combinatorics **Credit(s): 3**
- MAD 4301 - Introduction to Graph Theory **Credit(s): 3**
- MAS 4302 - Elementary Abstract Algebra II **Credit(s): 3**
- MTG 4214 - Modern Geometry **Credit(s): 3**
- MTG 4254 - Differential Geometry **Credit(s): 3**
- MTG 4302 - Introduction to Topology **Credit(s): 3**

CONCENTRATION ELECTIVE COURSES: 3 COURSES; 9 CREDIT HOURS

Majors in this concentration must complete three (3) courses from the list below. These courses may NOT be used to fulfill any of the above requirements.

One course from another department that is of high mathematical content may also be taken as an elective, with the prior approval of the department chair.

- MAA 4211 - Intermediate Analysis I **Credit(s): 3**
- MAA 4212 - Intermediate Analysis II **Credit(s): 3**
- MAA 4402 - Complex Variables **Credit(s): 3**
- MAD 4203 - Introduction to Combinatorics **Credit(s): 3**
- MAD 4301 - Introduction to Graph Theory **Credit(s): 3**
- MAD 4401 - Numerical Analysis I **Credit(s): 3**
- MAD 4402 - Numerical Analysis II **Credit(s): 3**
- MAD 4471 - Introduction to Cryptography and Coding Theory **Credit(s): 3**
- MAD 4472 - Modern Cryptography **Credit(s): 3**
- MAD 4504 - Theory of Computation **Credit(s): 3**
- MAD 4515 - Mathematics of Quantum Computing **Credit(s): 3**
- MAD 4605 - Introduction to Coding Theory **Credit(s): 3**
- MAP 4202 - Optimization **Credit(s): 3**
- MAP 4341 - Introduction to Partial Differential Equations **Credit(s): 3**
- MAS 4302 - Elementary Abstract Algebra II **Credit(s): 3**
- MTG 4214 - Modern Geometry **Credit(s): 3**
- MTG 4254 - Differential Geometry **Credit(s): 3**
- MTG 4302 - Introduction to Topology **Credit(s): 3**
- MAT 4930 - Selected Topics in Mathematics **Credit(s): 1-3 (may be taken as an elective with the prior approval of the Department Chair)**

ADDITIONAL INFORMATION - MATHEMATICS B.A.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

A grade of C- or better is required for courses in the mathematics major and minor and in the statistics major.

However, C- is not an acceptable grade for any course that is being used as a prerequisite for a follow-on course. For these courses, a grade of C (2.0 grade points) or better is required. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

OTHER PROGRAM INFORMATION

Those interested in pursuing advanced degrees in Mathematics may also be interested in the Honors Program.

OPTIONAL HONORS PROGRAM

HONORS PROGRAM IN MATHEMATICS

The program is designed for students who wish to obtain a B.A. degree that will indicate unusual strength in the field of mathematics. Successful completion of the program will be prominently displayed on the student's diploma and will be recorded on the official USF transcript of the student's work.

Students are eligible for admission to the program when they:

- have completed MAS 4301 - Elementary Abstract Algebra I;
- have at least a 3.0 GPA for all college courses; and
- have at least a 3.5 GPA for all Mathematics courses.

Applications are submitted to the Undergraduate Committee in the Department of Mathematics and Statistics. The requirements for a B.A. degree in Mathematics with Honors are as follows:

- Completion of the requirements of the major in Mathematics;
- Completion of MAA 4211 - Intermediate Analysis I;
- Completion of MAT 4970 - Mathematics Senior Thesis;
- Completion of eight Mathematics courses at or above the 4000-level;
- At least a 3.0 average for all college courses; and
- At least a 3.5 average for all Mathematics courses.

At least 3 (and usually 6) credit hours of Mathematics Senior Thesis are required. There will be a thesis committee and the thesis will need to be successfully defended.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has

COLLEGE OF ARTS & SCIENCES

- MAC X313 Calculus III - 4 credit hours
- (BSC X010 and BSC X010L) or (CHM X045 and CHM X045L) or (PHY X048 and PHY X048L) or (GLY X010 and GLY X010L) or BSC X010C or CHM X045C or PHY X048C or GLY X010C - 4-5 credit hours
- MAP X302 - 3 credit hours
- COP X271C or COP X210 or COP X270 or COP X272C or COP X001 or COP X500 or COP X006 - 3-4 credit hours

NOTE: All universities require a 'C' grade or better for admission.

MATHEMATICS REQUIRED COURSES: (30 CREDIT HOURS)

Minimum 30 credit hours: 15 credit hours in major coursework and 15 credit hours in concentration coursework.

MATHEMATICS MAJOR CORE COURSES: 5 COURSES; 15 CREDIT HOURS

Upon completing the three requirements below (15 credit hours), students are required to complete **one** of the following three concentrations: Applied/Computational Mathematics, General Mathematics, or Pure Mathematics.

MATHEMATICS CORE REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

Majors must complete the following three courses:

- MAS 3105 - Linear Algebra **Credit(s): 3**
- MAS 3156 - Vector Calculus **Credit(s): 3**
- MGF 3301 - Bridge to Abstract Mathematics **Credit(s): 3**

ALGEBRA REQUIREMENT COURSE: 1 COURSE; 3 CREDIT HOURS

Majors must complete the following course:

- MAS 4301 - Elementary Abstract Algebra I **Credit(s): 3**

SYMBOLIC COMPUTATIONS REQUIREMENT COURSE: 1 COURSE; 3 CREDIT HOURS

Majors must complete the following course:

- COP 4313 - Symbolic Computations in Mathematics **Credit(s): 3**

PURE MATHEMATICS CONCENTRATION

This concentration is designed for majors whose interests lie in mathematical theory. Majors who complete this concentration will be well prepared to continue mathematical studies in graduate school and/or to explore mathematical theory in government and industry.

CONCENTRATION REQUIREMENTS: (15 CREDIT HOURS)

CONCENTRATION CORE COURSES: 4 COURSES; 12 CREDIT HOURS

Students in this concentration will need to complete the Analysis requirement and complete one course in the following areas: Algebra and Discrete Mathematics, Advanced Analysis, Geometry and Topology.

Analysis Requirement

Majors in this concentration must complete the following course:

- MAA 4211 - Intermediate Analysis I **Credit(s): 3**

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Algebra and Discrete Mathematics Requirement

Choose one course.

- MAD 4203 - Introduction to Combinatorics **Credit(s): 3**
- MAD 4301 - Introduction to Graph Theory **Credit(s): 3**
- MAD 4471 - Introduction to Cryptography and Coding Theory **Credit(s): 3**
- MAD 4472 - Modern Cryptography **Credit(s): 3**
- MAD 4504 - Theory of Computation **Credit(s): 3**
- MAD 4605 - Introduction to Coding Theory **Credit(s): 3**
- MAS 4302 - Elementary Abstract Algebra II **Credit(s): 3**

Advanced Analysis Requirement

Choose one course.

- MAA 4212 - Intermediate Analysis II **Credit(s): 3**
- MAA 4402 - Complex Variables **Credit(s): 3**
- MAP 4341 - Introduction to Partial Differential Equations **Credit(s): 3**

Geometry and Topology Requirement

Choose one course.

- MTG 4214 - Modern Geometry **Credit(s): 3**
- MTG 4254 - Differential Geometry **Credit(s): 3**
- MTG 4302 - Introduction to Topology **Credit(s): 3**

CONCENTRATION ELECTIVE COURSE: 1 COURSE; 3 CREDIT HOURS

Majors must complete at least one (1) course from the following electives. This course may NOT be used to fulfill any of the above requirements.

One course from another department that is of high mathematical content may also be taken as an elective, with the prior approval of the department chair.

- MAA 4212 - Intermediate Analysis II **Credit(s): 3**
- MAA 4402 - Complex Variables **Credit(s): 3**
- MAD 4203 - Introduction to Combinatorics **Credit(s): 3**
- MAD 4301 - Introduction to Graph Theory **Credit(s): 3**
- MAD 4471 - Introduction to Cryptography and Coding Theory **Credit(s): 3**
- MAD 4472 - Modern Cryptography **Credit(s): 3**
- MAD 4504 - Theory of Computation **Credit(s): 3**
- MAD 4515 - Mathematics of Quantum Computing **Credit(s): 3**
- MAD 4605 - Introduction to Coding Theory **Credit(s): 3**
- MAP 4341 - Introduction to Partial Differential Equations **Credit(s): 3**
- MAS 4302 - Elementary Abstract Algebra II **Credit(s): 3**
- MTG 4214 - Modern Geometry **Credit(s): 3**
- MTG 4254 - Differential Geometry **Credit(s): 3**
- MTG 4302 - Introduction to Topology **Credit(s): 3**
- MAT 4930 - Selected Topics in Mathematics **Credit(s): 1-3 (may be taken as an elective with the prior approval of the Department Chair)**

ADDITIONAL INFORMATION - MATHEMATICS B.A.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GRADING REQUIREMENTS

A grade of C- or better is required for courses in the mathematics major and minor and in the statistics major.

However, C- is not an acceptable grade for any course that is being used as a prerequisite for a follow-on course. For these courses, a grade of C (2.0 grade points) or better is required. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

OTHER PROGRAM INFORMATION

Those interested in pursuing advanced degrees in Mathematics may also be interested in the Honors Program.

OPTIONAL HONORS PROGRAM

HONORS PROGRAM IN MATHEMATICS

The program is designed for students who wish to obtain a B.A. degree that will indicate unusual strength in the field of mathematics. Successful completion of the program will be prominently displayed on the student's diploma and will be recorded on the official USF transcript of the student's work.

Students are eligible for admission to the program when they:

- have completed MAS 4301 - Elementary Abstract Algebra I;
- have at least a 3.0 GPA for all college courses; and
- have at least a 3.5 GPA for all Mathematics courses.

Applications are submitted to the Undergraduate Committee in the Department of Mathematics and Statistics. The requirements for a B.A. degree in Mathematics with Honors are as follows:

- Completion of the requirements of the major in Mathematics;
- Completion of MAA 4211 - Intermediate Analysis I;
- Completion of MAT 4970 - Mathematics Senior Thesis;
- Completion of eight Mathematics courses at or above the 4000-level;
- At least a 3.0 average for all college courses; and
- At least a 3.5 average for all Mathematics courses.

At least 3 (and usually 6) credit hours of Mathematics Senior Thesis are required. There will be a thesis committee and the thesis will need to be successfully defended.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

and prelaw advisors to help students prepare for admission to professional graduate programs.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MATHEMATICS: COMPUTATIONAL AND APPLIED B.S., WITH DATA ANALYTICS AND BUSINESS INTELLIGENCE CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Science in Mathematics: Computational and Applied will prepare graduates for careers in mathematics, statistics, data analytics, and other fields that rely on employees with excellent quantitative skills. Graduates may be employed in a wide array of industries including aerospace, banking, computing, consulting, data analytics, data sciences, electronics, energy, finance, government, medical device development, transportation, and many others.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - COMPUTATIONAL AND APPLIED B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of "C" is the minimum acceptable grade in prerequisite courses.

- COP X030 or COP X360 or COP X222 or COP X250 - 3 credit hours
 - STA X023 - 3 credit hours
 - MAC X311 Calculus I - 4 credit hours
 - MAC X312 Calculus II - 4 credit hours
 - MAC X313 Calculus III- 4 credit hours
 - MAP X302 - 3 credit hours
 - (PHY X053 & PHY X053L) or (PHY X048 & PHY X048L) or (PHY X020 & PHY X020L) or (EVR X001 & EVR X001L) or (ESC X000 & ESC X000L) or CHM X045 & CHM X045L) or CHM X020 & CHM X020L) or (BSC X085 & BSC X085L) or (BSC X010 & BSC X010L) or (BSC X005 & BSC X005L) or (AST X002 & AST X002L) - 4 credit hours
- Note: Students are required to take a four (4) credit hour general education core natural science course and its associated lab prior to being admitted into this program. Please select a course at your institution that includes both lecture and lab options.

REQUIRED COURSES: (30 CREDIT HOURS)

MATHEMATICS: COMPUTATIONAL AND APPLIED CORE COURSES: 4 COURSES; 12 CREDIT HOURS

MATHEMATICS: COMPUTATIONAL AND APPLIED REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

Majors must complete the following three courses:

- MAP 4103 - Mathematical Modeling **Credit(s): 3**
- MAS 3114 - Computational Linear Algebra **Credit(s): 3**
- MAS 3156 - Vector Calculus **Credit(s): 3**

MATHEMATICS: COMPUTATIONAL AND APPLIED SYMBOLIC COMPUTATIONS REQUIREMENT: 1 COURSE; 3 CREDIT HOURS

Select **one** of the following courses:

- COP 2030 - Programming Concepts I **Credit(s): 3**
- OR
- COP 4313 - Symbolic Computations in Mathematics **Credit(s): 3**

DATA ANALYTICS AND BUSINESS INTELLIGENCE CONCENTRATION

This concentration provides a solid foundation in mathematical modeling and data analytics and emphasizes their integration into the business environment.

DATA ANALYTICS AND BUSINESS INTELLIGENCE CONCENTRATION: (18 CREDIT HOURS)

CONCENTRATION CORE COURSES: 5 COURSES; 15 CREDIT HOURS

Majors in this concentration must complete the following core concentration courses:

- STA 4102 - Computational Methods for Applied Statistics **Credit(s): 3**
- STA 4321 - Introduction to Mathematical Statistics I **Credit(s): 3**
- STA 4442 - Introduction to Probability **Credit(s): 3**
- ISM 4541 - Data Mining and Predictive Analytics **Credit(s): 3**
- ISM 4930 - Selected Topics in MIS **Credit(s): 1-3**

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

CONCENTRATION ELECTIVE COURSE: 1 COURSE; 3 CREDIT HOURS

Majors in this concentration must complete one course from the list below.

- ACG 2021 - Principles of Financial Accounting **Credit(s): 3**
- ECO 2013 - Economic Principles (Macroeconomics) **Credit(s): 3**
- FIN 3403 - Principles of Finance **Credit(s): 3**
- MAD 2470 - Introduction to Cryptography and its Applications **Credit(s): 3**
- MAR 3023 - Basic Marketing **Credit(s): 3**
- MAN 3025 - Principles of Management **Credit(s): 3**

ADDITIONAL INFORMATION - MATHEMATICS: COMPUTATIONAL AND APPLIED B.S.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENTS

In general, grades of C- or better are required for courses in the mathematics major and minor and in the statistics major. However, C- is not an acceptable grade for any course that is being used as a prerequisite for a follow-on course. For these courses, a grade of C (2.0 grade points) or better is required.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MATHEMATICS: COMPUTATIONAL AND APPLIED B.S., WITH MATHEMATICS CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Science in Mathematics: Computational and Applied will prepare graduates for careers in mathematics, statistics, data analytics, and other fields that rely on employees with excellent quantitative skills. Graduates may be employed in a wide array of industries including aerospace, banking, computing, consulting, data analytics, data sciences, electronics, energy, finance, government, medical device development, transportation, and many others.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - COMPUTATIONAL AND APPLIED B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of "C" is the minimum acceptable grade in prerequisite courses.

- COP X030 or COP X360 or COP X222 or COP X250 - 3 credit hours
 - STA X023 - 3 credit hours
 - MAC X311 Calculus I - 4 credit hours
 - MAC X312 Calculus II - 4 credit hours
 - MAC X313 Calculus III- 4 credit hours
 - MAP X302 - 3 credit hours
 - (PHY X053 & PHY X053L) or (PHY X048 & PHY X048L) or (PHY X020 & PHY X020L) or (EVR X001 & EVR X001L) or (ESC X000 & ESC X000L) or CHM X045 & CHM X045L) or CHM X020 & CHM X020L) or (BSC X085 & BSC X085L) or (BSC X010 & BSC X010L) or (BSC X005 & BSC X005L) or (AST X002 & AST X002L) - 4 credit hours
- Note: Students are required to take a four (4) credit hour general education core natural science course and its associated lab prior to being admitted into this program. Please select a course at your institution that includes both lecture and lab options.

REQUIRED COURSES: (30 CREDIT HOURS)

MATHEMATICS: COMPUTATIONAL AND APPLIED CORE COURSES: 4 COURSES; 12 CREDIT HOURS

MATHEMATICS: COMPUTATIONAL AND APPLIED REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

Majors must complete the following three courses:

- MAP 4103 - Mathematical Modeling **Credit(s): 3**
- MAS 3114 - Computational Linear Algebra **Credit(s): 3**
- MAS 3156 - Vector Calculus **Credit(s): 3**

MATHEMATICS: COMPUTATIONAL AND APPLIED SYMBOLIC COMPUTATIONS REQUIREMENT: 1 COURSE; 3 CREDIT HOURS

Select **one** of the following courses:

- COP 2030 - Programming Concepts I **Credit(s): 3**
- OR
- COP 4313 - Symbolic Computations in Mathematics **Credit(s): 3**

MATHEMATICS CONCENTRATION

This concentration emphasizes the broad nature of modern mathematics and its close associations with the real world.

MATHEMATICS CONCENTRATION: (18 CREDIT HOURS)

CONCENTRATION CORE COURSES: 4 COURSES; 12 CREDIT HOURS

Majors in this concentration must complete the following core concentration courses:

- MAD 4401 - Numerical Analysis I **Credit(s): 3**
- STA 4102 - Computational Methods for Applied Statistics **Credit(s): 3**
- STA 4321 - Introduction to Mathematical Statistics I **Credit(s): 3**
- STA 4442 - Introduction to Probability **Credit(s): 3**

CONCENTRATION ELECTIVE COURSES: 2 COURSES; 6 CREDIT HOURS

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Majors in this concentration must complete two courses from the list below. These courses may NOT be used to fulfill any of the above requirements.

- MAA 4211 - Intermediate Analysis I **Credit(s): 3**
- MAA 4402 - Complex Variables **Credit(s): 3**
- MAD 4203 - Introduction to Combinatorics **Credit(s): 3**
- MAD 4301 - Introduction to Graph Theory **Credit(s): 3**
- MAD 4402 - Numerical Analysis II **Credit(s): 3**
- MAD 4471 - Introduction to Cryptography and Coding Theory **Credit(s): 3**
- MAD 4472 - Modern Cryptography **Credit(s): 3**
- MAD 4515 - Mathematics of Quantum Computing **Credit(s): 3**
- MAD 4605 - Introduction to Coding Theory **Credit(s): 3**
- MAP 4341 - Introduction to Partial Differential Equations **Credit(s): 3**
- MAT 4930 - Selected Topics in Mathematics **Credit(s): 1-3 ***
* May be taken as an elective with the prior approval of the department chair.

ADDITIONAL INFORMATION - MATHEMATICS: COMPUTATIONAL AND APPLIED B.S.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENTS

In general, grades of C- or better are required for courses in the mathematics major and minor and in the statistics major. However, C- is not an acceptable grade for any course that is being used as a prerequisite for a follow-on course. For these courses, a grade of C (2.0 grade points) or better is required.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course

- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - STATISTICS B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- COP X000-X999 Computer Programming* - 3 credit hours
- MAC X311 Calculus I - 4 credit hours
- MAC X312 Calculus II - 4 credit hours
- MAC X313 Calculus III- 4 credit hours
- (BSC X000-X999 & BSC X000-X999L)** or (CHM X000-X999 & CHM X000-X999L)** or (PHY X000-X999 & PHY X000-X999L)** or (GLY X000-X999 & GLY X000-X999L)** - 4-5 credit hours
- STA X000-X999 Statistics - 3 credit hours

* COP must be a scientific programming course designed for computer science majors.

** One science with lab course must be a science course designed for science majors.

NOTE that all universities require a 'C' grade or better for admission.

REQUIRED COURSES: (30 CREDIT HOURS)

MAJOR CORE COURSES: 6 COURSES; 18 CREDIT HOURS

- MAS 3105 - Linear Algebra **Credit(s): 3**
OR
- MAS 3114 - Computational Linear Algebra **Credit(s): 3**
- STA 2023 - Introductory Statistics I **Credit(s): 3**
- STA 3024 - Introductory Statistics II **Credit(s): 3**
- STA 4102 - Computational Methods for Applied Statistics **Credit(s): 3**
- STA 4321 - Introduction to Mathematical Statistics I **Credit(s): 3**
- STA 4442 - Introduction to Probability **Credit(s): 3**

NOTE: Successful completion of any of the above STA courses may meet the State Common Prerequisite requirement of STA X000-X999.

MAJOR ELECTIVE COURSES: 4 COURSES; 12 CREDIT HOURS

Students must complete four courses from the following list of electives (Minimum 12 credit hours).

Note: One course from another department which is of high statistical content may be taken as an elective, with the prior approval of the Chair of the Department of Mathematics and Statistics.

STA 4930 - Selected Topics in Statistics may be taken as an elective, with the prior approval of the Chair of the Department of Mathematics and Statistics.

- MAP 2302 - Differential Equations **Credit(s): 3**
- STA 4202 - Design of Experiments **Credit(s): 3**
- STA 4222 - Sample Survey Design **Credit(s): 3**
- STA 4322 - Introduction to Mathematical Statistics II **Credit(s): 3**
- STA 4502 - Nonparametric Statistical Methods **Credit(s): 3**
- STA 4504 - Categorical Data Analysis **Credit(s): 3**
- STA 4671 - Reliability and Life Testing **Credit(s): 3**
- STA 4702 - Multivariate Statistical Methods **Credit(s): 3**
- STA 4852 - Applied Time Series **Credit(s): 3**

MATHEMATICS MINOR

TOTAL MINOR HOURS: 27

The Mathematics minor offers a diversity of courses designed to emphasize the broad nature of modern mathematics and its close associations with the real world.

MINOR REQUIREMENTS

MINOR CORE (21 CREDIT HOURS)

- MAC 2311 - Calculus I **Credit(s): 4**
or
- MAC 2281 - Engineering Calculus I **Credit(s): 4**
- MAC 2312 - Calculus II **Credit(s): 4**
or
- MAC 2282 - Engineering Calculus II **Credit(s): 4**
- MAC 2313 - Calculus III **Credit(s): 4**
or
- MAC 2283 - Engineering Calculus III **Credit(s): 4**
- MGF 3301 - Bridge to Abstract Mathematics **Credit(s): 3**
- MAS 3105 - Linear Algebra **Credit(s): 3**
- MAS 3156 - Vector Calculus **Credit(s): 3**

MINOR ELECTIVES (6 CREDIT HOURS)

Complete any two (2) Mathematics courses from the following list.

One course from another department which is of high mathematical content may also be taken as an elective, with the prior approval of the department chair.

- COP 4313 - Symbolic Computations in Mathematics **Credit(s): 3**
- MAA 4211 - Intermediate Analysis I **Credit(s): 3**
- MAA 4212 - Intermediate Analysis II **Credit(s): 3**
- MAA 4402 - Complex Variables **Credit(s): 3**
- MAD 4203 - Introduction to Combinatorics **Credit(s): 3**
- MAD 4301 - Introduction to Graph Theory **Credit(s): 3**
- MAD 4401 - Numerical Analysis I **Credit(s): 3**
- MAD 4402 - Numerical Analysis II **Credit(s): 3**
- MAD 4472 - Modern Cryptography **Credit(s): 3**
- MAD 4504 - Theory of Computation **Credit(s): 3**
- MAD 4515 - Mathematics of Quantum Computing **Credit(s): 3**
- MAD 4605 - Introduction to Coding Theory **Credit(s): 3**
- MAP 2302 - Differential Equations **Credit(s): 3**
- MAP 4103 - Mathematical Modeling **Credit(s): 3**
- MAP 4202 - Optimization **Credit(s): 3**
- MAP 4341 - Introduction to Partial Differential Equations **Credit(s): 3**
- MAS 4301 - Elementary Abstract Algebra I **Credit(s): 3**
- MAS 4302 - Elementary Abstract Algebra II **Credit(s): 3**
- MTG 4214 - Modern Geometry **Credit(s): 3**
- MTG 4254 - Differential Geometry **Credit(s): 3**
- MTG 4302 - Introduction to Topology **Credit(s): 3**
- STA 4321 - Introduction to Mathematical Statistics I **Credit(s): 3**
- STA 4442 - Introduction to Probability **Credit(s): 3**
- MAT 4930 - Selected Topics in Mathematics **Credit(s): 1-3** may be taken as an elective with the prior approval of the department chair.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

RESIDENCY REQUIREMENT

A student wishing to receive a minor in Mathematics is required to take a minimum of eight (8) credit hours of required courses in the Department of Mathematics and Statistics at the Tampa campus.

OTHER INFORMATION

The minor in Mathematics is open to all students. Students with majors in the sciences, engineering, business, and the social sciences are particularly encouraged to pursue the minor.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CRYPTOGRAPHY CERTIFICATE

TOTAL CERTIFICATE HOURS: 12

Cryptography is an essential component of cybersecurity, which has been a strategic priority at the USF since the creation of the Florida Center for Cybersecurity (CyberFlorida) in 2014. Moreover, it falls within the scope of two of the strategic initiatives of the 2021-2031 USF Strategic Plan. First, it aligns with the "Analytics and Data Science" initiative. Indeed, cryptography is at the heart of all mechanisms that protect data's privacy by ensuring its confidentiality, integrity, and authenticity. Moreover, it also aligns with the the "Global and National Security". Indeed, it is absolutely essential to keep an edge in this domain to prevail in the Great Power Competition. Indeed, cryptography is the cornerstone of cybersecurity, and the cyberspace is expected to be tomorrow's battlefield.

CERTIFICATE REQUIREMENTS

CERTIFICATE CORE (6 CREDIT HOURS)

- MAD 2470 - Introduction to Cryptography and its Applications **Credit(s): 3**
- MAD 4472 - Modern Cryptography **Credit(s): 3**

CERTIFICATE ELECTIVES (6 CREDIT HOURS)

- CDA 4321 - Cryptographic Hardware and Embedded Systems **Credit(s): 3**
- CIS 4212 - Privacy-Preserving and Trustworthy Cyber-Infrastructures **Credit(s): 3**
- CNT 4403 - Network Security and Firewalls **Credit(s): 3**
- COT 4601 - Quantum Computing and Quantum Algorithms **Credit(s): 3**
- MAD 4504 - Theory of Computation **Credit(s): 3**
- MAD 4515 - Mathematics of Quantum Computing **Credit(s): 3**
- MAD 4605 - Introduction to Coding Theory **Credit(s): 3**

GPA REQUIREMENTS

A minimum 2.0 GPA is required.

GRADING REQUIREMENTS

A minimum grade of C (2.0) or higher must be attained in each course.

RESIDENCY REQUIREMENTS

A minimum of nine (9) credit hours must be completed at the University of South Florida.

DEPARTMENT OF PHYSICS

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

PHYSICAL SCIENCES B.A.

TOTAL DEGREE HOURS: 120

The degree in Physical Sciences will prepare students for employment in technical fields requiring a background in one or more of the physical sciences.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - PHYSICAL SCIENCES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- CHM X045C or (CHM X040 and CHM X041) or (CHM X045 and CHM X045L) - 4-6 credit hours
- CHM X046C or (CHM X046 and CHM X046L) - 4 credit hours
- MAC X311 or MAC X281 - 4 credit hours
- MAC X312 or MAC X282 - 4 credit hours
- MAC X313 or MAC X283 - 4 credit hours
- [(PHY X048 and PHY X048L) and (PHY X049 and PHY X049L)] or (PHY X048C and PHY X049C) - 4 credit hours

REQUIRED COURSES: (25 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

Computational Science Requirement

Choose any two of the following courses:

- COP 4313 - Symbolic Computations in Mathematics **Credit(s): 3**
- GLY 3866 - Computational Geology **Credit(s): 3**
- MAD 4401 - Numerical Analysis I **Credit(s): 3**
- MAD 4471 - Introduction to Cryptography and Coding Theory **Credit(s): 3**
- MAD 4504 - Theory of Computation **Credit(s): 3**
- PHZ 4151C - Computational Physics **Credit(s): 3**

MAJOR ELECTIVE COURSES: 19 CREDIT HOURS

Choose 19 credit hours from the following list of courses. Other courses may count, subject to approval by the Physics Undergraduate Coordinator.

A maximum of 12 credit hours may be included from courses in Chemical, Biomedical, Electrical, Mechanical, and Civil Engineering that have either PHY 2049 - General Physics II - Calculus Based, PHY 2061 - Enriched General Physics II with Calculus or CHM 2046 - General Chemistry II as prerequisites.

Note: Students may need to satisfy additional prerequisites prior to taking some of the listed courses.

- AST 4721L - Astrophysics Laboratory **Credit(s): 3**
- CHM 2210 - Organic Chemistry I **Credit(s): 3**
- CHM 2210L - Organic Chemistry Laboratory I **Credit(s): 2**
- CHM 3120C - Elementary Analytical Chemistry **Credit(s): 4**
- CHM 3610 - Intermediate Inorganic Chemistry **Credit(s): 3**
- CHM 3610L - Intermediate Inorganic Chemistry Laboratory **Credit(s): 1**
- CHM 4410 - Physical Chemistry I **Credit(s): 4**
- CHM 4410L - Physical Chemistry Laboratory **Credit(s): 1**
- CHM 4413 - Biophysical Chemistry **Credit(s): 3**
- ESC 2000 - Introduction to Earth Science **Credit(s): 3**
- GEO 3280 - Environmental Hydrology **Credit(s): 3**
- GLY 2010 - Dynamic Earth: Introduction to Physical Geology **Credit(s): 3**
- GLY 3311C - Mineralogy, Petrology, Geochemistry **Credit(s): 4**
- MAP 2302 - Differential Equations **Credit(s): 3**
- MAS 3105 - Linear Algebra **Credit(s): 3**
- MAS 3156 - Vector Calculus **Credit(s): 3**
- MGF 3301 - Bridge to Abstract Mathematics **Credit(s): 3**

- PHY 3101 - Modern Physics **Credit(s): 3**

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- PHY 3220 - Classical Mechanics **Credit(s): 4**
- PHY 3323 - Electricity and Magnetism I **Credit(s): 3**
- PHY 3822L - Intermediate Laboratory **Credit(s): 3**
- PHY 4424 - Optics **Credit(s): 3**
- PHY 4604 - Introduction to Quantum Mechanics **Credit(s): 3**
- PHY 4744C - Introduction to Electronics and Test Instrumentation **Credit(s): 3**
- PHY 4823L - Advanced Laboratory **Credit(s): 3**
- PHY 4930 - Undergraduate Seminar **Credit(s): 1**
- PHZ 3113 - Mathematical Methods in Physics **Credit(s): 3**
- PHZ 4151C - Computational Physics **Credit(s): 3** (may not count for both the computational science and major electives requirements)

ADDITIONAL INFORMATION - PHYSICAL SCIENCES B.A.

GPA REQUIREMENTS

Major GPA (all USF courses which are applied to major requirements): 2.0
Gen Ed GPA (all USF courses which are applied to gen ed requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A grade of C- or better to meet major course requirements unless specified elsewhere

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department Major Academic Residency Requirement - A minimum of 13 credits in **Physical Science major** must be completed at USF.

College Academic Residency Requirement - Interdisciplinary majors do not have an additional college academic resident requirement.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

Plans of Study - Physical Sciences B.A.

• NOTES:

- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see <https://www.usf.edu/undergrad/students/civics-literacy.aspx> or talk with your academic advisor.
- Items that are critical are marked with a * and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

- Laboratory Technician
- Research Assistant
- Geoscience Technician
- Engineering Technician
- Forensic Science Technician

Potential Entry Level Salary Range:

\$30,000 - \$60,000

Physical Sciences B.A. - 2 Year Plan of Study

YEAR 1

SEMESTER 1 (FALL)

- * CHM 2045 - General Chemistry I **Credit(s): 3**
 - * CHM 2045L - General Chemistry I Laboratory **Credit(s): 1**

- PHY 4823L - Advanced Laboratory **Credit(s): 3**
- PHY 4930 - Undergraduate Seminar **Credit(s): 1**
- PHZ 3113 - Mathematical Methods in Physics **Credit(s): 3**
- PHZ 4151C - Computational Physics **Credit(s): 3** (may not count for both the computational science and major electives requirements)

ADDITIONAL INFORMATION - PHYSICAL SCIENCES B.S.

GPA REQUIREMENTS

Major GPA (all USF courses which are applied to major requirements): 2.0

Gen Ed GPA (all USF courses which are applied to gen ed requirements): 2.0

USF GPA: 2.0

Overall GPA 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department Major Academic Residency Requirement - A minimum of 13 credits in **Physical Science major** must be completed at USF.

College Academic Residency Requirement - Interdisciplinary majors do not have an additional college academic resident requirement.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The **Office of High Impact Practices and Undergraduate Research** is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

PHYSICS B.A.

TOTAL DEGREE HOURS: 120

The B.A. program is designed for students who are not currently planning to attend physics graduate school and/or who want to pursue parallel studies in other fields such as mathematics, biology, chemistry, computer science, engineering, business, pre-med, pre-law, and teacher education.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

PROGRESSION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES (CAS)

All students in the below listed programs must successfully complete the below science and math coursework without earning three (3) D and/or F grades. Students unable to successfully complete these courses within these prescribed parameters will be required to select a different major and will not be permitted to take any additional courses offered by the below Departments/Divisions. In addition, registration for all courses offered by these departments will be dependent on students meeting the prescribed parameters regardless of their major. Grade Forgiveness will NOT apply to the mandated requirement of changing majors.

Included Departments/Divisions:

- **Effective Fall 2022:** Department of Physics* and all other Departments/Divisions continued from Fall 2018.
- **Effective Fall 2018:** Division of Health Professions Advising; Department of Chemistry; Department of Molecular Biosciences; and Department of Integrative Biology.

Furthermore, any student who requests a change of major to one offered in the above identified departments will be required to meet these prescribed parameters as well as those criteria outlined in the Degree Progression Policy 10-505. Students who are able to complete a major in one of the above Departments/Divisions by earning fewer credit hours than required to complete any other major offered at USF may petition to request an exception to the CAS Sciences D/F Policy and should contact the School of Natural Sciences and Mathematics Advising Office (sdfx@usf.edu) for instructions.

*Students who are redirected from one of the above Departments/Divisions as a result of the CAS Sciences D/F Policy may pursue the following degrees offered by the Department of Physics: B.S. Physical Sciences and B.A. Physical Sciences.

Included courses:

- **Biology:** BSC 2010; BSC 2011; BSC 2085; BSC 2086; BSC 2093C; BSC 2094C; BSC 2932; MCB 3020; PCB 3023; PCB 3063.
- **Chemistry:** BCH 3053; CHM 2023; CHM 2045; CHM 2046; CHM 2210; CHM 2211; CHS 2440.
- **Mathematics & Statistics:** MAT 1033; MAC 1105; MAC 1147; MAC 2241; MAC 2242; MAC 2281; MAC 2282; MAC 2311; MAC 2312; STA 2023.
- **Physics:** PHY 2053; PHY 2054; PHY 2048; PHY 2049; PHY 2060; PHY 2061; PHY 3101; PHZ 3113.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - PHYSICS B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- CHM X045C or (CHM X045 and CHM X045L) **or** (CHM X040 and CHM X041) - 4-6 credit hours
- CHM X046C or (CHM X046 and CHM X046L) - 4 credit hours
- MAC X311 **or** MAC X281 - 4 credit hours
- MAC X312 **or** MAC X282 - 4 credit hours
- MAC X313 **or** MAC X283 - 4 credit hours
- [(PHY X048 and PHY X048L) and (PHY X049 and PHY X049L)] **or** (PHY X048C and PHY X049C) - 4 credit hours

REQUIRED COURSES: (25 CREDIT HOURS)

MAJOR CORE COURSES: 8 COURSES; 23 CREDIT HOURS

- PHY 3101 - Modern Physics **Credit(s): 3**
- PHY 3822L - Intermediate Laboratory **Credit(s): 3**
- PHY 3220 - Classical Mechanics **Credit(s): 4**
- PHY 3323 - Electricity and Magnetism I **Credit(s): 3**
- PHY 4823L - Advanced Laboratory **Credit(s): 3 ***
- PHY 4930 - Undergraduate Seminar **Credit(s): 1**
- PHY 4604 - Introduction to Quantum Mechanics **Credit(s): 3**

Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- CHM X045C **or** (CHM X045 and CHM X045L) **or** (CHM X040 and CHM X041) - 4-6 credit hours
- CHM X046C **or** (CHM X046 and CHM X046L) - 4 credit hours
- MAC X311 **or** MAC X281 - 4 credit hours
- MAC X312 **or** MAC X282 - 4 credit hours
- MAC X313 **or** MAC X283 - 4 credit hours
- [(PHY X048 and PHY X048L) and (PHY X049 and PHY X049L)] **or** (PHY X048C and PHY X049C) - 4 credit hours

REQUIRED COURSES: (39 CREDIT HOURS)

MAJOR CORE COURSES: 12 COURSES; 32 CREDIT HOURS

- PHY 3101 - Modern Physics **Credit(s): 3**
- PHY 3220 - Classical Mechanics **Credit(s): 4**
- PHY 3323 - Electricity and Magnetism I **Credit(s): 3**
- PHY 3822L - Intermediate Laboratory **Credit(s): 3**
- PHY 4324 - Electricity and Magnetism II **Credit(s): 3**
- PHY 4523 - Statistical Physics **Credit(s): 3**
- PHY 4604 - Introduction to Quantum Mechanics **Credit(s): 3**

COLLEGE OF ARTS & SCIENCES

- PHY 4605 - Quantum Mechanics II **Credit(s): 3**
- PHY 4823L - Advanced Laboratory **Credit(s): 3 ***
- PHY 4910 - Undergraduate Research **Credit(s): 1-4**
- PHY 4930 - Undergraduate Seminar **Credit(s): 1**
- PHZ 3113 - Mathematical Methods in Physics **Credit(s): 3**

* **AST 4721L - Astrophysics Laboratory may substitute for PHY 4823L - Advanced Laboratory with department approval.**

MAJOR ELECTIVE COURSE: 2 COURSES; 5 CREDIT HOURS

Plus five (5) credit hours of Physics electives subject to approval of an undergraduate advisor.

ADDITIONAL INFORMATION - PHYSICS B.S.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA 2.0

GRADING REQUIREMENTS

A grade of C (2.0) or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries

ACCELERATED B.S./M.A.T. PROGRAM

Accelerated B.S. in Physics and M.A.T. in Science Education

ASTRONOMY MINOR

TOTAL MINOR HOURS: 12

The Astronomy Minor provides an in-depth overview of Astronomy from a mainly conceptual perspective. Any student wanting to learn more about the universe can earn the Minor in Astronomy regardless of their degree, including physics majors.

MINOR REQUIREMENTS

A minor in Astronomy consists of 12 credit hours.

MINOR CORE (12 CREDIT HOURS)

- AST 2002 - Descriptive Astronomy **Credit(s): 3**
- AST 2004 - Stellar Astronomy and Cosmology **Credit(s): 3**
- AST 3033 - Contemporary Thinking in Astronomy **Credit(s): 3**
- AST 3044 - Archaeoastronomy **Credit(s): 3**

GPA REQUIREMENTS

A minimum 2.0 GPA average in the 12 credit hours is required for obtaining this minor.

GRADING REQUIREMENT

A "C-" is the minimum acceptable grade for any course in the minor.

OTHER INFORMATION

None of the courses for the Astronomy minor count towards a Physics B.A. or B.S.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

DEPARTMENT OF PHILOSOPHY

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

PHILOSOPHY B.A.

TOTAL DEGREE HOURS: 120

This degree prepares our majors to go on to graduate school, medical school, law school, or choose to enter the workforce in a wide variety of public, private, governmental, and non-profit agencies. Faculty in the department collaborate with an extensive group of disciplines, providing students across campus with a site for interdisciplinary learning and teaching. Given the intensity and rigor of the study, including analytical reading and critical writing, our majors make themselves extremely attractive to potential employers

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - PHILOSOPHY B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

There are no specified common prerequisites for this major.

REQUIRED COURSES: (36 CREDIT HOURS)

PHILOSOPHY CORE COURSES: 5 COURSES; 15 CREDIT HOURS

Courses for the major are divided into four groups: history, logic, capstone, and electives. Within the history and elective groups, students have considerable latitude in selecting their courses; however, it is expected that they do so in consultation with their major advisor and Philosophy faculty with a view toward achieving a balanced program of study.

Students pursuing Philosophy as a second major are required to complete 30 hours in Philosophy coursework.

I. HISTORY OF PHILOSOPHY: 3 COURSES; 9 CREDIT HOURS

Choose three of the following courses:

- PHH 3062 - History of Western Philosophy: Ancient Philosophy **Credit(s): 3**
- PHH 3280 - Medieval and Renaissance Philosophy **Credit(s): 3**
- PHH 3420 - Early Modern Philosophy **Credit(s): 3**
- PHH 3442 - Late Modern Philosophy **Credit(s): 3**
- PHH 4440 - Continental Philosophy **Credit(s): 3**
- PHH 4600 - Contemporary Philosophy **Credit(s): 3**
- PHH 4820 - Chinese Philosophy **Credit(s): 3**
- PHM 4331 - Modern Political Philosophy **Credit(s): 3**
- PHP 3786 - Existentialism **Credit(s): 3**
- PHP 4000 - Plato **Credit(s): 3**
- PHP 4010 - Aristotle **Credit(s): 3**
- PHP 4410 - Kant **Credit(s): 3**
- PHP 4784 - Analytical Philosophy **Credit(s): 3**

II. LOGIC: 1 COURSE; 3 CREDIT HOURS

Choose one of the following courses:

- PHI 2101 - Introduction to Formal Logic **Credit(s): 3**
- PHI 3130 - Formal Logic **Credit(s): 3** (Strongly encouraged)

III. CAPSTONE SEMINAR: 1 COURSE; 3 CREDIT HOURS

- PHI 4938 - Philosophy Capstone Seminar **Credit(s): 3**

PHILOSOPHY ELECTIVE COURSES: 7 COURSES; 21 CREDIT HOURS

Choose seven courses (21 credit hours) from the following prefixes: PHH, PHI, PHM and PHP. (Fifteen credit hours for students taking Philosophy as a second major) No more than six elective hours taken at the 1000 and 2000 level may count toward the Philosophy major.

Courses taken to fulfill the nine hours of History of Philosophy requirement (I.) will not count toward elective hours in the major.

ADDITIONAL INFORMATION - PHILOSOPHY B.A.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A grade of C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

OTHER INFORMATION

Students pursuing Philosophy as a second major are required to complete 30 hours in Philosophy coursework. To do so they must make a written request to the Undergraduate Director at the time they declare their Philosophy major.

RESIDENCY REQUIREMENT

Department Major Academic Residency Requirement - No more than six hours of Philosophy electives and three hours of required Philosophy coursework taken at institutions other than USF may count toward the major.

College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

OPTIONAL HONORS PROGRAM - PHILOSOPHY B.A.

Honors Program

The Honors Program in Philosophy allows superior students to pursue philosophical studies at a more advanced level than is customary in undergraduate Philosophy programs. Students in the Honors Program will be required to do independent research and to write and defend an undergraduate thesis.

ADMISSION CRITERIA

- Students must already have declared a major in Philosophy.
- Students must complete nine (9) hours in Philosophy at the 3000-level or higher (PHI 2101 - Introduction to Formal Logic may count toward the nine hours).
- Students must have an overall grade point average of 3.5 or better, and their grade point average in Philosophy coursework must be at least a 3.50 or better.
- Students who wish to be considered for the Honors Program must request to be nominated by a member of the faculty. Once nominated by a faculty member, a majority of the faculty who have taught the student must approve the student's admission to the Honors Program.

PROGRAM REQUIREMENTS

In addition to completing the requirements for the Major in Philosophy, students must meet the following requirements:

- Students cannot receive a grade lower than a "B" in any Philosophy course, and their GPA in Philosophy coursework must be at least 3.50 to remain in, or be graduated from, the Honors Program.
- Students must write a senior thesis and undergo an oral examination on the thesis before a committee of two Philosophy faculty members. Students will register for three hours in directed study in Philosophy (PHI 4905 - Directed Study or IDH equivalent), with supervision of Philosophy faculty, for work on their thesis. Students who are in the Honors College may use the same project to count for both Philosophy Honors and an Honors College thesis.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

In such cases, the student shall not register for directed study in PHI 4905 - Directed Study as part of completing the thesis.

- Students must complete 36 credit hours in Philosophy.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. PHILOSOPHY MINOR

TOTAL MINOR HOURS: 18

MINOR REQUIREMENTS

A minor in Philosophy consists of the completion of at least 18 credit hours, which includes the following courses:

MINOR CORE (6 CREDIT HOURS)

HISTORY OF PHILOSOPHY (6 CREDIT HOURS)

Choose two of the following courses:

- PHH 3062 - History of Western Philosophy: Ancient Philosophy **Credit(s): 3**
- PHH 3280 - Medieval and Renaissance Philosophy **Credit(s): 3**
- PHH 3420 - Early Modern Philosophy **Credit(s): 3**
- PHH 3442 - Late Modern Philosophy **Credit(s): 3**
- PHH 4440 - Continental Philosophy **Credit(s): 3**
- PHH 4600 - Contemporary Philosophy **Credit(s): 3**
- PHH 4820 - Chinese Philosophy **Credit(s): 3**
- PHM 4331 - Modern Political Philosophy **Credit(s): 3**
- PHP 3786 - Existentialism **Credit(s): 3**
- PHP 4000 - Plato **Credit(s): 3**
- PHP 4010 - Aristotle **Credit(s): 3**
- PHP 4410 - Kant **Credit(s): 3**
- PHP 4784 - Analytical Philosophy **Credit(s): 3**
- PHP 4788 - Philosophy of Marxism **Credit(s): 3**

MINOR ELECTIVES (12 CREDIT HOURS)

Choose four courses (12 credit hours) from the following prefixes: PHH, PHI, PHM and PHP. No more than three elective hours taken at the 1000- and 2000-level may count toward the Philosophy minor. Courses taken to fulfill the six hours of History of Philosophy requirement will not count toward elective hours in the minor.

GRADING REQUIREMENT

No course taken on an "S/U" basis may be applied toward the minor.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

DEPARTMENT OF PSYCHOLOGY

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

PSYCHOLOGY B.A.

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in Psychology offers students a well-rounded liberal arts education, relevant to many areas of study both inside and outside of the social and behavioral sciences. The program provides excellent training for qualified students who wish to pursue graduate work in such disciplines as Clinical, Cognitive and Neural Sciences or Industrial Psychology, Education, Gerontology, Counseling, Management, Medicine, Law, and other human service programs. The undergraduate program emphasizes the breadth of psychology while allowing students electives to pursue a particular aspect of the field in-depth.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

PROGRESSION REQUIREMENT - COLLEGE OF ARTS AND SCIENCES

Department of Psychology students are expected to complete their major coursework in a timely fashion. Students who receive a total of three (3) D and/or F grades in Psychology major coursework will no longer be eligible to continue in the Psychology major and will be required to change their major to a field outside of the Department of Psychology. Grade forgiveness will not exclude a D or F grade from counting for this rule.

Students who began as Psychology majors prior to Fall 2012 will be provided a phase-in period. Specifically, students who accumulated D and/or F grades in Psychology coursework at USF prior to Fall 2012 will be allowed to count any and all prior non-pass grades as one (1) D/F grade. Beginning Fall 2012, these students can still receive two (2) more D and/or F grades at USF before being required to choose a new major.

Once Psychology major students have received three (3) D and/or F grades in Psychology major coursework, they will be removed from all Department of Psychology courses for which they are currently registered, removed from the Psychology major and placed into a non-major code, and emailed the notice of changes to their "@usf.edu" account. Students will then need to select a new major, declare the new major with the appropriate college, and register for courses which apply to their new major.

The D/F Rule application is final and effective from the beginning of Fall 2012. To be considered for an appeal, a student must meet at least one of the following criteria:

- Can (and must) complete all degree or minor requirements within one semester, with no more than ten (10) hours of Psychology area requirements.
- No longer have 3 D/F grades because the Academic Regulations Committee approved a late withdrawal/drop for one or more of the Psychology courses.
- No longer have 3 D/F grades because of an instructor change of grade in one or more of the Psychology area courses.

To appeal, students must send an email to psychadvise@usf.edu, and in the Subject line indicate **D/F Appeal**. The body of the email should then include the student's full name, U#, and a complete explanation of the reason for the appeal. Appeals will be adjudicated by the Undergraduate Coordinator and students notified of results by email.

Undergraduate Coordinator decisions may be appealed in writing to the Psychology department's Undergraduate Program Committee.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON PREREQUISITES - PSYCHOLOGY B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- BSC X0XX or BSC X20X or ZOO X010 - 3 credit hours
- PSY X012 - 3 credit hours
- PSY XXXX or CLP XXXX or DEP XXXX or EAB XXXX or EXP XXXX or INP XXXX or PCO XXXX or PPE XXXX or PSB XXXX or SOP XXXX - 3 credit hours
- STA XXXX - 3 credit hours

ADDITIONAL INFORMATION - PSYCHOLOGY B.A.

OTHER REQUIREMENTS

PSY 3204 or any other approved statistics course is the prerequisite to PSY 3213. After the introductory Psychology requirements have been successfully met, students may choose among courses within the following categories to satisfy this requirement.

No more than a total of three (3) credit hours of the following courses may count toward the major:

Notes: * Indicates a course requiring enrollment of 3 credit hours. ** Indicates courses requiring PSY 3213.

- PSY 4913 - Directed Study**
- PSY 4970 - Honors Thesis**
- CLP 4941 - Community Practicum in Selected Topics
- IDS 4942 - Community Internship*
- PSY 4931 - Selected Topics: Seminar may be repeated three (3) times for credit under three different topics.**

The following courses do not count toward the major requirements:

- SYP 3000 - Social Psychology
- PSY 4932 - Honors Seminar
- PSY 4974 - Honors Seminar in Psychology - Second Semester

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA 2.0

GRADING REQUIREMENTS

A grade of C- or higher must be attained in each course in the major, except for PSY 2012, PSY 3204 (or other qualifying statistics course) and PSY 3213, where a C or better is required. Will vary by area.

Unless stated otherwise, a grade of C is the minimum acceptable grade in the common prerequisite courses

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department Major Academic Residency Requirement - At least 16 hours of the major coursework must be completed at USF.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

OPTIONAL HONORS PROGRAM - DEPARTMENT OF PSYCHOLOGY

The purpose of the Honors Program is to provide a select group of qualified undergraduate Psychology majors an opportunity to undertake an intensive individualized research experience. The culmination of the Honors Program is the completion and defense of an honors thesis. Application for the program will take place during the first semester of the student's junior year or, typically, prior to completion of 90 semester credits. Admission to the program is competitive and based on the student's overall academic record, performance in psychology courses, a letter of recommendation from a member of the Department of Psychology's faculty, agreement of a faculty member to serve as the thesis advisor, and strong performance in the Discovering Research in Psychology course, if offered.

Successful completion of the program requires:

- A GPA of 3.50 in all major coursework,
 - An overall GPA of 3.25 at USF, and,
 - Completion of 43 hours in Psychology including **PSY 4932 - Honors Seminar**, **PSY 4974 - Honors Seminar in Psychology - Second Semester**, and 6 hours of **PSY 4970 - Honors Thesis**.
- Please see the Department of Psychology's website (<http://psychology.usf.edu>) for details and the application form.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in Psychology offers students a well-rounded liberal arts education, relevant to many areas of study both inside and outside of the social and behavioral sciences. The program provides excellent training for qualified students who wish to pursue graduate work in such disciplines as Clinical, Cognitive and Neural Sciences or Industrial Psychology, Education, Gerontology, Counseling, Management, Medicine, Law, and other human service programs. The undergraduate program emphasizes the breadth of psychology while allowing students electives to pursue a particular aspect of the field in-depth.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

PROGRESSION REQUIREMENT - COLLEGE OF ARTS AND SCIENCES

Department of Psychology students are expected to complete their major coursework in a timely fashion. Students who receive a total of three (3) D and/or F grades in Psychology major coursework will no longer be eligible to continue in the Psychology major and will be required to change their major to a field outside of the Department of Psychology. Grade forgiveness will not exclude a D or F grade from counting for this rule.

Students who began as Psychology majors prior to Fall 2012 will be provided a phase-in period. Specifically, students who accumulated D and/or F grades in Psychology coursework at USF prior to Fall 2012 will be allowed to count any and all prior non-pass grades as one (1) D/F grade. Beginning Fall 2012, these students can still receive two (2) more D and/or F grades at USF before being required to choose a new major.

Once Psychology major students have received three (3) D and/or F grades in Psychology major coursework, they will be removed from all Department of Psychology courses for which they are currently registered, removed from the Psychology major and placed into a non-major code, and emailed the notice of changes to their "**@usf.edu**" account. Students will then need to select a new major, declare the new major with the appropriate college, and register for courses which apply to their new major.

The D/F Rule application is final and effective from the beginning of Fall 2012. To be considered for an appeal, a student must meet at least one of the following criteria:

- Can (and must) complete all degree or minor requirements within one semester, with no more than ten (10) hours of Psychology area requirements.
- No longer have 3 D/F grades because the Academic Regulations Committee approved a late withdrawal/drop for one or more of the Psychology courses.
- No longer have 3 D/F grades because of an instructor change of grade in one or more of the Psychology area courses.

To appeal, students must send an email to psychadvise@usf.edu, and in the Subject line indicate **D/F Appeal**. The body of the email should then include the student's full name, U#, and a complete explanation of the reason for the appeal. Appeals will be adjudicated by the Undergraduate Coordinator and students notified of results by email.

Undergraduate Coordinator decisions may be appealed in writing to the Psychology department's Undergraduate Program Committee.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON PREREQUISITES - PSYCHOLOGY B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- BSC X0XX or BSC X20X or ZOO X010 - 3 credit hours
- PSY X012 - 3 credit hours
- PSY XXXX or CLP XXXX or DEP XXXX or EAB XXXX or EXP XXXX or INP XXXX or PCO XXXX or PPE XXXX or PSB XXXX or SOP XXXX - 3 credit hours
- STA XXXX - 3 credit hours

REQUIRED COURSES: (31 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 7 CREDIT HOURS

- PSY 3204 - Psychological Statistics **Credit(s): 3** OR any approved Statistics course (STA 2023 - Introductory Statistics I, STA 2122 - Social Science Statistics or QMB 2100 - Business and Economic Statistics I).
- PSY 3213 - Research Methods in Psychology **Credit(s): 4**

OTHER REQUIRED COURSES: 5 COURSES; 15 CREDIT HOURS

After the introductory Psychology requirements have been successfully met (PSY 3204 - Psychological Statistics or the specific equivalent courses - STA 2023, STA 2122, or QMB 2100), students may choose among courses within the following categories to satisfy this requirement.

Note: ** Indicates courses requiring PSY 3213 - Research Methods in Psychology.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

COGNITIVE AND NEURAL SCIENCES (2 COURSES; 6 CREDIT HOURS)

- EXP 4204C - Perception **Credit(s): 3**
- EXP 4304 - Motivation **Credit(s): 3 ****
- EXP 4404 - Psychology of Learning **Credit(s): 3 ****
- EXP 4640 - Psychology of Language **Credit(s): 3 ****
- EXP 4680C - Cognitive Psychology **Credit(s): 3 ****
- PSB 4004C - Physiological Psychology **Credit(s): 3**

Methods Course (1 course; 3 credit hours)

- CLP 4433 - Psychological Tests and Measurement **Credit(s): 3 ****

SOCIAL/APPLIED PSYCHOLOGY (2 COURSES; 6 CREDIT HOURS)

- CLP 4143 - Abnormal Psychology **Credit(s): 3 ****
- CLP 4314 - Health Psychology **Credit(s): 3 ****
- DEP 4053 - Developmental Psychology **Credit(s): 3**
- INP 4004 - Industrial Psychology **Credit(s): 3 ****
- PPE 4003 - Personality **Credit(s): 3**
- SOP 4004 - Social Psychology **Credit(s): 3**

GENERAL PSYCHOLOGY PROGRAM OR CONCENTRATION REQUIREMENT

Students complete a General Psychology program of study **OR** one of the two concentrations:

- Advanced Research Experience in Psychology
- Diversity

ADVANCED RESEARCH EXPERIENCE IN PSYCHOLOGY CONCENTRATION (9 CREDIT HOURS)

Notes: * Indicates a course requiring enrollment of 3 credit hours. ** Indicates courses requiring PSY 3213 - Research Methods in Psychology.

CONCENTRATION CORE COURSE: 1 COURSE; 3 CREDIT HOURS

- PSY 4205 - Experimental Design and Analysis **Credit(s): 3 ****
Note: PSY 4205 - Experimental Design and Analysis cannot be used to fulfill the General and Concentration Methods requirement.

CONCENTRATION ELECTIVE COURSES: 2 COURSES; 6 CREDIT HOURS

Choose one of the following courses:

- PSY 4215 - Discovering Research in Psychology **Credit(s): 3 ****
- PSY 4913 - Directed Study **Credit(s): 1-3 ****
- PSY 4938 - Pro Seminar **Credit(s): 3 ****

AND

- **Choose one course (3 credit hours) of additional Psychology coursework**, in consultation with an advisor. However, if STA 2023 or STA 2122 is substituted for PSY 3204 and a student declares the Advanced Research Experience in Psychology concentration, the student will be required to take PSY 3204 which will replace these three credit hours.

ADDITIONAL INFORMATION - PSYCHOLOGY B.A.

OTHER REQUIREMENTS

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

PSY 3204 or any other approved statistics course is the prerequisite to PSY 3213. After the introductory Psychology requirements have been successfully met, students may choose among courses within the following categories to satisfy this requirement.

No more than a total of three (3) credit hours of the following courses may count toward the major:

Notes: * Indicates a course requiring enrollment of 3 credit hours. ** Indicates courses requiring PSY 3213.

- PSY 4913 - Directed Study**
- PSY 4970 - Honors Thesis**
- CLP 4941 - Community Practicum in Selected Topics
- IDS 4942 - Community Internship*
- PSY 4931 - Selected Topics: Seminar may be repeated three (3) times for credit under three different topics.**

The following courses do not count toward the major requirements:

- SYP 3000 - Social Psychology
- PSY 4932 - Honors Seminar
- PSY 4974 - Honors Seminar in Psychology - Second Semester

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA 2.0

GRADING REQUIREMENTS

A grade of C- or higher must be attained in each course in the major, except for PSY 2012, PSY 3204 (or other qualifying statistics course) and PSY 3213, where a C or better is required. Will vary by area.

Unless stated otherwise, a grade of C is the minimum acceptable grade in the common prerequisite courses

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department Major Academic Residency Requirement - At least 16 hours of the major coursework must be completed at USF.

College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

OPTIONAL HONORS PROGRAM - DEPARTMENT OF PSYCHOLOGY

The purpose of the Honors Program is to provide a select group of qualified undergraduate Psychology majors an opportunity to undertake an intensive individualized research experience. The culmination of the Honors Program is

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

the completion and defense of an honors thesis. Application for the program will take place during the first semester of the student's junior year or, typically, prior to completion of 90 semester credits. Admission to the program is competitive and based on the student's overall academic record, performance in psychology courses, a letter of recommendation from a member of the Department of Psychology's faculty, agreement of a faculty member to serve as the thesis advisor, and strong performance in the Discovering Research in Psychology course, if offered.

Successful completion of the program requires:

- A GPA of 3.50 in all major coursework,
 - An overall GPA of 3.25 at USF, and,
 - Completion of 43 hours in Psychology including **PSY 4932 - Honors Seminar**, **PSY 4974 - Honors Seminar in Psychology - Second Semester**, and 6 hours of **PSY 4970 - Honors Thesis**.
- Please see the Department of Psychology's website (<http://psychology.usf.edu>) for details and the application form.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CAS Academic Advisor Contact information can be found here: [CAS Advisors](#)

General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A grade of C- or higher must be attained in each course in the major, except for PSY 2012, PSY 3204 (or other qualifying statistics course) and PSY 3213, where a C or better is required. Will vary by area.

Unless stated otherwise, a grade of C is the minimum acceptable grade in the common prerequisite courses

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department Major Academic Residency Requirement - At least 16 hours of the major coursework must be completed at USF.

College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

OPTIONAL HONORS PROGRAM - DEPARTMENT OF PSYCHOLOGY

The purpose of the Honors Program is to provide a select group of qualified undergraduate Psychology majors an opportunity to undertake an intensive individualized research experience. The culmination of the Honors Program is the completion and defense of an honors thesis. Application for the program will take place during the first semester of the student's junior year or, typically, prior to completion of 90 semester credits. Admission to the program is competitive and based on the student's overall academic record, performance in psychology courses, a letter of recommendation from a member of the Department of Psychology's faculty, agreement of a faculty member to serve as the thesis advisor, and strong performance in the Discovering Research in Psychology course, if offered.

Successful completion of the program requires:

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- A GPA of 3.50 in all major coursework,
 - An overall GPA of 3.25 at USF, and,
 - Completion of 43 hours in Psychology including **PSY 4932 - Honors Seminar**, **PSY 4974 - Honors Seminar in Psychology - Second Semester**, and 6 hours of **PSY 4970 - Honors Thesis**.
- Please see the Department of Psychology's website (<http://psychology.usf.edu>) for details and the application form.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

PSYCHOLOGY MINOR

The purpose of the minor is to help students majoring in other disciplines obtain an appropriate psychology background that will complement their work in their major.

MINOR REQUIREMENTS

A minor in Psychology consists of a minimum of 18 credit hours, comprising of PSY 2012, PSY 3204 (or any approved statistics course), and any four (4) upper-level psychology courses listed within the minor elective category, except PSY 4913.

TOTAL MINOR CREDIT HOURS: 18

MINOR CORE CREDIT HOURS: 6

- PSY 2012 - Introduction to Psychological Science **Credit(s): 3**
- PSY 3204 - Psychological Statistics **Credit(s): 3** or any approved statistics course (STA XXXX, QMB 2100)

MINOR ELECTIVE CREDIT HOURS: 12

Four (4) upper-level psychology courses from the following list.

* Indicates a course requiring enrollment of 3 credit hours.

** Indicates courses requiring PSY 3213.

- CBH 4004 - Comparative Psychology **Credit(s): 3**
- CLP 4134 - Abnormal Child Psychology **Credit(s): 3 ****
- CLP 4143 - Abnormal Psychology **Credit(s): 3 ****
- CLP 4302 - Introduction to Clinical Psychology **Credit(s): 3 ****
- CLP 4314 - Health Psychology **Credit(s): 3 ****
- CLP 4414 - Behavior Modification **Credit(s): 3 ****
- CLP 4433 - Psychological Tests and Measurement **Credit(s): 3 ****

GPA REQUIREMENT

A GPA of 2.0 or better in the minor is required for certification.

GRADING REQUIREMENT

Students minoring in Psychology must obtain a "C" or better in PSY 2012 and PSY 3204 (or any approved statistics course).

In addition, a "C-" or better is required for all other courses that count toward the Psychology minor.

RESIDENCY REQUIREMENTS

A minimum of 6 credit hours must be obtained from upper-level electives at USF, that are unique to the minor.

PUBLIC SERVICE AND LEADERSHIP MINOR

TOTAL MINOR HOURS: 15

The minor in Public Service and Leadership provides an introduction to career opportunities in public service for students from all academic disciplines. It is a smart choice for any student considering future employment in the public sector, as well as for those who would like to "give back" and "make a difference" in their careers.

MINOR REQUIREMENTS

The minor in Public Service and Leadership consists of 15 credit hours.

MINOR CORE (9 CREDIT HOURS)

- PAD 3003 - Introduction to Public and Community Service **Credit(s): 3**
- LDR 3301 - Leadership in Public and Community Service **Credit(s): 3**
- PUP 4002 - Public Policy **Credit(s): 3**

MINOR ELECTIVES (6 CREDIT HOURS)

Select six (6) credit hours from the following list:

- PAD 4204 - Public Financial Administration **Credit(s): 3**
- PAD 4415 - Personnel & Supervision in Today's Diverse Organizations **Credit(s): 3**
- PAD 4930 - Selected Topics in Public Administration and Public Policy **Credit(s): 3**
- PAD 4144 - Nonprofit Organizations and Public Policy **Credit(s): 3**
- PAD 4712 - Managing Information Resources in the Public Sector **Credit(s): 3**
- URS 3002 - Introduction to Urban Studies **Credit(s): 3**
- URP 4050 - Introduction to Urban Planning **Credit(s): 3**
- URP 4052 - Urban Planning and Sustainability **Credit(s): 3**

GPA REQUIREMENTS

Minor GPA (all USF courses which are applied to minor requirements): 2.0

GRADING REQUIREMENTS

Only courses in which a grade of "C-" or better is attained will count toward the minimum hours.

RESIDENCY REQUIREMENTS

A minor in Public Service and Leadership consists of a minimum of 15 credit hours, at least 12 of which must be USF credits.

URBAN STUDIES MINOR

TOTAL MINOR HOURS: 15

Understanding the economic, social, cultural, political and spatial phenomena of urban areas, and how they came to be, is essential if one is to thrive in today's world. The Urban Studies minor offers students the opportunity to supplement their education and training with a focus on the problems and potentials of the urban world around us. Eighty percent of Americans live in one of the country's nearly 400 major metropolitan areas. The Urban Studies curriculum begins with an interdisciplinary Introduction to Urban Studies and then weaves the multidisciplinary urban offerings into a coherent understanding of urban life. This highly interdisciplinary minor is a great complement to any degree program. Students who are interested in pursuing a Masters of Urban and Regional Planning are strongly encouraged to consider this field of study.

MINOR REQUIREMENTS

The minor in Urban Studies consists of 15 credit hours.

MINOR CORE (9 CREDIT HOURS)

- PAD 3003 - Introduction to Public and Community Service **Credit(s): 3**
- URP 4052 - Urban Planning and Sustainability **Credit(s): 3**
- URS 3002 - Introduction to Urban Studies **Credit(s): 3**

MINOR ELECTIVES (6 CREDIT HOURS)

Select six (6) credit hours from the following list.

- AMH 3530 - Immigration History **Credit(s): 3**
- ANT 4442 - Urban Life and Culture **Credit(s): 3**
- ARC 4784 - The City **Credit(s): 3**
- CCJ 3014 - Crime and Justice in America **Credit(s): 3**
- PAD 4930 - Selected Topics in Public Administration and Public Policy **Credit(s): 3**
- PUP 4002 - Public Policy **Credit(s): 3**
- SOW 3210 - The American Social Welfare System **Credit(s): 3**
- SYD 4410 - Urban Sociology **Credit(s): 3**
- SYD 4411 - Urban Life **Credit(s): 3**
- URP 4050 - Introduction to Urban Planning **Credit(s): 3**
- URS 4930 - Special Topics in Urban Studies **Credit(s): 3**

GPA REQUIREMENTS

Minor GPA (all USF courses which are applied to minor requirements): 2.0

GRADING REQUIREMENTS

Only courses in which a grade of "C-" or better is attained will count toward the minimum hours.

RESIDENCY REQUIREMENT

A minor in Urban Studies consists of a minimum of 15 credit hours, at least 12 of which must be USF credits.

DEPARTMENT OF RELIGIOUS STUDIES

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

RELIGIOUS STUDIES B.A.

TOTAL DEGREE HOURS: 120

In Religious Studies, students are exposed to a cross-cultural and multi-disciplinary study of the way in which both individuals and civilizations are deeply influenced by human religious experience. The goal is to enable the educated person to understand better the various ways in which religious values and institutions shape human behavior through a comparative study of religions and cultures. Such an education is invaluable for careers as diverse as journalism, law, medicine, business, as well as careers more directly related to the practice of religion. Majors in Religious Studies will also find courses designed to give them the methodological, theoretical and linguistic skills needed to go on to advanced graduate study in the field.

Certified Global Pathway Program

This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of High Impact Practices and Undergraduate Research website.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - RELIGIOUS STUDIES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

There are no State Mandated Common Prerequisites for this program.

Note: Students are encouraged to take several Religion courses with the REL prefix.

REQUIRED COURSES: (36 CREDIT HOURS)

Students must choose a total of 36 credit hours from Religious Studies courses. Transfer students may not apply more than 12 hours taken elsewhere toward the major at the University of South Florida.

Students declaring Religious Studies as a second major need to complete 30 credit hours. To do so they must make a written request to the Undergraduate Director at the time they declare the second major.

MAJOR CORE COURSES: 4 COURSES; 12 CREDIT HOURS

Select **one** of the following **two** courses (**only one will count toward Religious Studies requirements**):

- REL 2300 - Introduction to World Religions **Credit(s): 3**
- OR
- REL 3308 - World Religions **Credit(s): 3**

The following three courses are required:

- REL 3040 - Introduction to Religious Studies **Credit(s): 3**
- REL 3043 - Introduction to Major Religious Texts **Credit(s): 3**
- REL 4931 - Seminar in Religion **Credit(s): 3**

ADDITIONAL COURSE REQUIREMENTS: 8 COURSES; 24 CREDIT HOURS

Complete 24 additional credit hours of Religious Studies courses, of which at least 18 credit hours must be at the 3000- and/or 4000-level (see listing below) and of which no more than 6 credit hours can be the following variable credit individualized courses: REL 3900 - Directed Readings or REL 4910 - Undergraduate Research.

- REL 2166 - Introduction to Religion and Ecology **Credit(s): 3**
- REL 2240 - Introduction to the New Testament **Credit(s): 3**
- REL 3063 - Religion and Social Justice **Credit(s): 3**
- REL 3084 - Religion: Peace & Conflict **Credit(s): 3**
- REL 3111 - The Religious Quest in Contemporary Films **Credit(s): 3**
- REL 3117 - Religion and Contemporary American Sports **Credit(s): 3**
- REL 3120 - Religion in America **Credit(s): 3**
- REL 3131 - New Religions in America **Credit(s): 3**
- REL 3140 - Religion, Culture, and Society **Credit(s): 3**
- REL 3145 - In Search of the Goddess **Credit(s): 3**
- REL 3167 - Sustainable Development and Religion **Credit(s): 3**
- REL 3191 - Life After Death **Credit(s): 3**
- REL 3192 - Agrarianism and the Sacred **Credit(s): 3**
- REL 3303 - Comparative Religion: Judaism and Islam **Credit(s): 3**
- REL 3335 - Gods and Goddesses of India **Credit(s): 3**
- REL 3367 - Islam in the Modern World **Credit(s): 3**
- REL 3375 - Issues in Caribbean Religions **Credit(s): 3**

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENT

A grade of C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department Major Academic Residency Requirement - At least 24 hours of the major coursework must be completed at USF.

College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

RELIGION AND HEALTH MINOR

The goal of the Religion and Health minor is to prepare students entering healthcare professions to recognize, understand and show concern for varying religious beliefs, traditions, and values at the intersection of a patient's individual healthcare needs.

With courses such as World Religions for Healthcare Professionals, Health, Ethics and Religion, and Religious Perspectives on Health, Death, and Dying, the minor provides students with courses addressing general understanding of the intersection of religion and health such as issues surrounding sickness, health, birth, and death. While it is impossible for healthcare professionals to be familiar with all religious traditions, this minor exposes them to a variety of traditions as well as teaching self-awareness and willingness to make decisions reflecting concern for a patient's needs and desires. The most important translatable skill from this minor is the recognition and respect for varying cultures, beliefs, ways of life, religions, and the way those impact healthcare decision making. This minor prepares students for their lives as members of communities, professionals in society, and as individuals part of the larger global world.

This minor provides directly translatable skills to complement a wide variety of majors related to the healthcare profession including, but not limited to, Health Sciences, Public Health, Nursing, Pre-Med, etc.

REQUIRED COURSES

There are two required courses for this minor.

- REL 3040 - Introduction to Religious Studies **Credit(s): 3**
- REL 3850 - World Religions for Healthcare Professionals **Credit(s): 3**

ELECTIVE COURSES

Student needs 9 credit hours of electives listed below to fulfill the minor.

- REL 3167 - Sustainable Development and Religion **Credit(s): 3**
- REL 3192 - Agrarianism and the Sacred **Credit(s): 3**
- REL 3375 - Issues in Caribbean Religions **Credit(s): 3**
- REL 3851 - Health, Ethics, and Religion **Credit(s): 3**
- REL 4108 - Religion and Food **Credit(s): 3**
- REL 3852 - Religious Perspectives on Health, Death, & Dying **Credit(s): 3**

RELIGIOUS STUDIES MINOR

TOTAL MINOR HOURS: 18

MINOR REQUIREMENTS

Students choose a total of 18 credit hours from Religious Studies courses.

MINOR CORE (6 CREDIT HOURS)

All minors must take:

- REL 3040 - Introduction to Religious Studies **Credit(s): 3**
- REL 3043 - Introduction to Major Religious Texts **Credit(s): 3**

MINOR ELECTIVES (12 CREDIT HOURS)

An additional 12 credit hours chosen from Religious Studies courses are required.

GRADING REQUIREMENT

Only letter grades will be counted for coursework taken for the minor.

OTHER INFORMATION

It is the prerogative of the Department of Religious Studies to determine whether courses taken at other universities may be applied toward the minor at USF. This will be decided as soon as the student declares a minor in the Department of Religious Studies at USF.

Transfer students may not apply more than 6 credit hours taken elsewhere toward the minor at USF. Requests for transfer of credit must be made to the Undergraduate Director in writing when declaring a minor.

DEPARTMENT OF SOCIOLOGY AND INTERDISCIPLINARY SOCIAL SCIENCES

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH AFRICANA STUDIES CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

COLLEGE OF ARTS & SCIENCES

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours

REQUIRED SUPPORTING COURSE: 1 COURSE, 3 CREDIT HOURS

The following course is a supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics **Credit(s): 3**

REQUIRED COURSES: (42 CREDIT HOURS)

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- ISS 3010 - Introduction to the Social Sciences **Credit(s): 3**
- ISS 3300 - Research Methods in Social Sciences **Credit(s): 3**
- ISS 4935 - Seminar in the Social Sciences **Credit(s): 3**

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

DIVERSITY AND GLOBAL CONTEXT COURSES (2-3 COURSES; 6-9 CREDIT HOURS)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900).

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 - Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor).
- International Studies (Courses with INR, CPO prefixes, except INR 4900).
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910).
- Upper-Level Courses (3000-/4000-level courses with ISS prefix).

INTERDISCIPLINARY SOCIAL SCIENCES CONCENTRATIONS (12-15 CREDIT HOURS)

Students choose one (1) concentration area from the following:

- Africana Studies
- Aging Sciences
- American Studies
- Anthropology
- Communication
- Communication Sciences and Disorders
- Criminology
- Deaf Studies
- Economics
- Environmental Science and Policy
- Geography
- Government and Global Affairs
- History
- Humanities
- Information Studies
- Integrated Community Research
- International Studies
- Latin American, Caribbean, and Latino Studies
- Mass Communications
- Multidisciplinary Behavioral Sciences
- Political Science
- Psychology
- Public Administration
- Public Health
- Religious Studies
- Social Relations and Policy
- Sociology
- Women's and Gender Studies

AFRICANA STUDIES CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)

Choose either Option 1 or Option 2.

Option 1

- AFA 2000 - Introduction to the Black Experience **Credit(s): 3**
- Three courses (9 credit hours) of 3000-/4000-level coursework with an AFA prefix.

Option 2

- Four courses (12 credit hours) of 3000-/4000-level coursework with an AFA prefix

ADDITIONAL INFORMATION - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

OTHER REQUIREMENTS

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Students declare two concentrations.
- American Sign Language will satisfy the Foreign Language Exit Requirement.

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct social scientific research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Dr. Byron Miller at bamille3@usf.edu, for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology or ISS course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Thesis ([SYA/ISS 4910](#) and the thesis itself).

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours

REQUIRED SUPPORTING COURSE: 1 COURSE, 3 CREDIT HOURS

The following course is a supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics **Credit(s): 3**

REQUIRED COURSES: (42 CREDIT HOURS)

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- ISS 3010 - Introduction to the Social Sciences **Credit(s): 3**
- ISS 3300 - Research Methods in Social Sciences **Credit(s): 3**
- ISS 4935 - Seminar in the Social Sciences **Credit(s): 3**

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

DIVERSITY AND GLOBAL CONTEXT COURSES (2-3 COURSES; 6-9 CREDIT HOURS)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900).

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 - Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor).
- International Studies (Courses with INR, CPO prefixes, except INR 4900).
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910).
- Upper-Level Courses (3000-/4000-level courses with ISS prefix).

INTERDISCIPLINARY SOCIAL SCIENCES CONCENTRATIONS (12-15 CREDIT HOURS)

Students choose one (1) concentration area from the following:

- Africana Studies
- Aging Sciences
- American Studies
- Anthropology
- Communication
- Communication Sciences and Disorders
- Criminology
- Deaf Studies
- Economics
- Environmental Science and Policy
- Geography
- Government and Global Affairs
- History
- Humanities
- Information Studies
- Integrated Community Research
- International Studies
- Latin American, Caribbean, and Latino Studies
- Mass Communications
- Multidisciplinary Behavioral Sciences
- Political Science
- Psychology
- Public Administration
- Public Health
- Religious Studies
- Social Relations and Policy
- Sociology
- Women's and Gender Studies

AGING SCIENCES CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)

- GEY 2000 - Introduction to Aging Sciences **Credit(s): 3**
- Choose 3 courses (9 credit hours) of 3000-/4000-level coursework with a GEY prefix

ADDITIONAL INFORMATION - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

OTHER REQUIREMENTS

- Students declare two concentrations.
- American Sign Language will satisfy the Foreign Language Exit Requirement.

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GRADING REQUIREMENTS

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct social scientific research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Dr. Byron Miller at bamille3@usf.edu, for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology or ISS course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Thesis ([SYA/ISS 4910](#) and the thesis itself).

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH AMERICAN STUDIES CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours

REQUIRED SUPPORTING COURSE: 1 COURSE, 3 CREDIT HOURS

The following course is a supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics **Credit(s): 3**

REQUIRED COURSES: (42 CREDIT HOURS)

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- ISS 3010 - Introduction to the Social Sciences **Credit(s): 3**
- ISS 3300 - Research Methods in Social Sciences **Credit(s): 3**
- ISS 4935 - Seminar in the Social Sciences **Credit(s): 3**

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

Diversity and Global Context Courses (2-3 courses; 6-9 credit hours)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900).

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 - Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor).
- International Studies (Courses with INR, CPO prefixes, except INR 4900).
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910).
- Upper-Level Courses (3000-/4000-level courses with ISS prefix).

INTERDISCIPLINARY SOCIAL SCIENCES CONCENTRATIONS (12-15 CREDIT HOURS)

Students choose one (1) concentration area from the following:

- Africana Studies
- Aging Sciences
- American Studies
- Anthropology
- Communication
- Communication Sciences and Disorders
- Criminology
- Deaf Studies
- Economics
- Environmental Science and Policy
- Geography
- Government and Global Affairs
- History

CHOOSE 3 COURSES (9 CREDIT HOURS) OF 3000-/4000-LEVEL COURSEWORK WITH AN ANT PREFIX

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ADDITIONAL INFORMATION - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

OTHER REQUIREMENTS

- Students declare two concentrations.
- American Sign Language will satisfy the Foreign Language Exit Requirement.

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct social scientific research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Dr. Byron Miller at bamille3@usf.edu, for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology or ISS course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Thesis ([SYA/ISS 4910](#) and the thesis itself).

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH COMMUNICATION CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH COMMUNICATION SCIENCES AND DISORDERS CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
 - **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
 - **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>
- For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours

REQUIRED SUPPORTING COURSE: 1 COURSE, 3 CREDIT HOURS

The following course is a supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics **Credit(s): 3**

REQUIRED COURSES: (42 CREDIT HOURS)

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- ISS 3010 - Introduction to the Social Sciences **Credit(s): 3**
- ISS 3300 - Research Methods in Social Sciences **Credit(s): 3**
- ISS 4935 - Seminar in the Social Sciences **Credit(s): 3**

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

Diversity and Global Context Courses (2-3 courses; 6-9 credit hours)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900).

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 - Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor).
- International Studies (Courses with INR, CPO prefixes, except INR 4900).
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910).
- Upper-Level Courses (3000-/4000-level courses with ISS prefix).

INTERDISCIPLINARY SOCIAL SCIENCES CONCENTRATIONS (12-15 CREDIT HOURS)

Students choose one (1) concentration area from the following:

- Africana Studies
- Aging Sciences
- American Studies
- Anthropology
- Communication
- Communication Sciences and Disorders
- Criminology
- Deaf Studies
- Economics
- Environmental Science and Policy
- Geography
- Government and Global Affairs
- History
- Humanities
- Information Studies
- Integrated Community Research
- International Studies
- Latin American, Caribbean, and Latino Studies
- Mass Communications
- Multidisciplinary Behavioral Sciences
- Political Science
- Psychology
- Public Administration
- Public Health
- Religious Studies
- Social Relations and Policy
- Sociology
- Women's and Gender Studies

COMMUNICATION SCIENCES AND DISORDERS CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)

Choose four courses (12 credit hours) from the following list.

- SPA 3002 - Introduction to Communication Sciences and Disorders **Credit(s): 3**
- SPA 3004 - Introduction to Language Development and Disorders **Credit(s): 3**
- SPA 3011 - Introduction to Speech Science **Credit(s): 3**
- SPA 3030 - Introduction to Hearing Science **Credit(s): 3**
- SPA 3101 - Anatomy and Physiology of the Speech and Hearing Mechanism **Credit(s): 3**
- SPA 3112 - Applied Phonetics in Communication Disorders **Credit(s): 3**
- SPA 3310 - Introduction to Disorders of Hearing **Credit(s): 3**
- SPA 3470 - Culture and Diversity in CSD **Credit(s): 3**
- SPA 4901 - Research Methods in Communication Sciences and Disorders **Credit(s): 3**

ADDITIONAL INFORMATION - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

OTHER REQUIREMENTS

- Students declare two concentrations.
- American Sign Language will satisfy the Foreign Language Exit Requirement.

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct social scientific research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Dr. Byron Miller at bamille3@usf.edu, for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology or ISS course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Thesis ([SYA/ISS 4910](#) and the thesis itself).

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH DEAF STUDIES CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours

REQUIRED SUPPORTING COURSE: 1 COURSE, 3 CREDIT HOURS

The following course is a supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics **Credit(s): 3**

REQUIRED COURSES: (42 CREDIT HOURS)

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- ISS 3010 - Introduction to the Social Sciences **Credit(s): 3**
- ISS 3300 - Research Methods in Social Sciences **Credit(s): 3**
- ISS 4935 - Seminar in the Social Sciences **Credit(s): 3**

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

Diversity and Global Context Courses (2-3 courses; 6-9 credit hours)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement. The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900).
- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 - Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor).
- International Studies (Courses with INR, CPO prefixes, except INR 4900).
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910).

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Upper-Level Courses (3000-/4000-level courses with ISS prefix).

INTERDISCIPLINARY SOCIAL SCIENCES CONCENTRATIONS (12-15 CREDIT HOURS)

Students choose one (1) concentration area from the following:

- Africana Studies
- Aging Sciences
- American Studies
- Anthropology
- Communication
- Communication Sciences and Disorders
- Criminology
- Deaf Studies
- Economics
- Environmental Science and Policy
- Geography
- Government and Global Affairs
- History

DEAF STUDIES CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 14 CREDIT HOURS)

- ASL 2140C - American Sign Language I **Credit(s): 4**
- ASL 2150C - American Sign Language II **Credit(s): 4**
- ASL 3514 - Deaf Culture **Credit(s): 3**
- SYO 4430 - Disability and Society **Credit(s): 3**
or
- ISS 3420 - Interdisciplinary Approaches to Disability Studies **Credit(s): 3**
or
- 1 course (3 credit hours) of 3000-/4000-level coursework with an ASL or an INT prefix

ADDITIONAL INFORMATION - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

OTHER REQUIREMENTS

- Students declare two concentrations.
- American Sign Language will satisfy the Foreign Language Exit Requirement.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct social scientific research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Dr. Byron Miller at bamille3@usf.edu, for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology or ISS course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Thesis ([SYA/ISS 4910](#) and the thesis itself).

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH ENVIRONMENTAL SCIENCE AND POLICY CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
 - **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
 - **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>
- For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours

REQUIRED SUPPORTING COURSE: 1 COURSE, 3 CREDIT HOURS

The following course is a supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics **Credit(s): 3**

REQUIRED COURSES: (42 CREDIT HOURS)

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- ISS 3010 - Introduction to the Social Sciences **Credit(s): 3**
- ISS 3300 - Research Methods in Social Sciences **Credit(s): 3**
- ISS 4935 - Seminar in the Social Sciences **Credit(s): 3**

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

Diversity and Global Context Courses (2-3 courses; 6-9 credit hours)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900).

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 - Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor).
- International Studies (Courses with INR, CPO prefixes, except INR 4900).
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910).
- Upper-Level Courses (3000-/4000-level courses with ISS prefix).

INTERDISCIPLINARY SOCIAL SCIENCES CONCENTRATIONS (12-15 CREDIT HOURS)

Students choose one (1) concentration area from the following:

- Africana Studies

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ADDITIONAL INFORMATION - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

OTHER REQUIREMENTS

- Students declare two concentrations.
- American Sign Language will satisfy the Foreign Language Exit Requirement.

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct social scientific research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Dr. Byron Miller at bamille3@usf.edu, for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology or ISS course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Thesis ([SYA/ISS 4910](#) and the thesis itself).

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has

Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct social scientific research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Dr. Byron Miller at bamille3@usf.edu, for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology or ISS course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Thesis ([SYA/ISS 4910](#) and the thesis itself).

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH GOVERNMENT AND GLOBAL AFFAIRS CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours

REQUIRED SUPPORTING COURSE: 1 COURSE, 3 CREDIT HOURS

The following course is a supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics **Credit(s): 3**

REQUIRED COURSES: (42 CREDIT HOURS)

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- ISS 3010 - Introduction to the Social Sciences **Credit(s): 3**
- ISS 3300 - Research Methods in Social Sciences **Credit(s): 3**
- ISS 4935 - Seminar in the Social Sciences **Credit(s): 3**

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

Diversity and Global Context Courses (2-3 courses; 6-9 credit hours)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900).

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 - Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor).
- International Studies (Courses with INR, CPO prefixes, except INR 4900).
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910).
- Upper-Level Courses (3000-/4000-level courses with ISS prefix).

INTERDISCIPLINARY SOCIAL SCIENCES CONCENTRATIONS (12-15 CREDIT HOURS)

Students choose one (1) concentration area from the following:

- Africana Studies
- Aging Sciences
- American Studies
- Anthropology
- Communication
- Communication Sciences and Disorders
- Criminology
- Deaf Studies
- Economics
- Environmental Science and Policy
- Geography
- Government and Global Affairs
- History
- Humanities
- Information Studies
- Integrated Community Research
- International Studies
- Latin American, Caribbean, and Latino Studies
- Mass Communications
- Multidisciplinary Behavioral Sciences
- Political Science
- Psychology
- Public Administration
- Public Health
- Religious Studies
- Social Relations and Policy
- Sociology
- Women's and Gender Studies

GOVERNMENT AND GLOBAL AFFAIRS CONCENTRATION

CONCENTRATION REQUIREMENTS (5 COURSES; 15 CREDIT HOURS)

Choose 5 courses (15 credit hours) from the following list of courses. A maximum of three (3) courses may be taken from a single department.

- AMH 3130 - The American Revolutionary Era **Credit(s): 3**
- AMH 3140 - The Age of Jefferson **Credit(s): 3**
- AMH 3201 - The United States, 1877-1914 **Credit(s): 3**
- AMH 3231 - The United States, 1914-1945 **Credit(s): 3**
- AMH 3423 - Modern Florida **Credit(s): 3**
- CPO 2002 - Introduction to Comparative Politics **Credit(s): 3**
- CPO 4034 - Politics of the Developing Areas **Credit(s): 3**
- ECO 2013 - Economic Principles (Macroeconomics) **Credit(s): 3**
- ECO 2023 - Economic Principles (Microeconomics) **Credit(s): 3**
- ECO 3703 - International Economics **Credit(s): 3**

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- INR 3102 - American Foreign Policy **Credit(s): 3**

- POS 4910 - Individual Research **Credit(s): 1-3**
- REL 2300 - Introduction to World Religions **Credit(s): 3**
- REL 3613 - Modern Judaism **Credit(s): 3**
- SYA 4910 - Individual Research **Credit(s): 1-3**

ADDITIONAL INFORMATION - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

OTHER REQUIREMENTS

- Students declare two concentrations.
- American Sign Language will satisfy the Foreign Language Exit Requirement.

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct social scientific research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Dr. Byron Miller at bamille3@usf.edu, for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology or ISS course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Thesis ([SYA/ISS 4910](#) and the thesis itself).

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH HISTORY CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
 - **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
 - **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>
- For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours

REQUIRED SUPPORTING COURSE: 1 COURSE, 3 CREDIT HOURS

The following course is a supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics **Credit(s): 3**

REQUIRED COURSES: (42 CREDIT HOURS)

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- ISS 3010 - Introduction to the Social Sciences **Credit(s): 3**
- ISS 3300 - Research Methods in Social Sciences **Credit(s): 3**
- ISS 4935 - Seminar in the Social Sciences **Credit(s): 3**

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

Diversity and Global Context Courses (2-3 courses; 6-9 credit hours)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900).
- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 - Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor).
- International Studies (Courses with INR, CPO prefixes, except INR 4900).
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910).

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Upper-Level Courses (3000-/4000-level courses with ISS prefix).

INTERDISCIPLINARY SOCIAL SCIENCES CONCENTRATIONS (12-15 CREDIT HOURS)

Students choose one (1) concentration area from the following:

- Africana Studies
- Aging Sciences
- American Studies
- Anthropology
- Communication
- Communication Sciences and Disorders
- Criminology
- Deaf Studies
- Economics
- Environmental Science and Policy
- Geography
- Government and Global Affairs
- History
- Humanities
- Information Studies
- Integrated Community Research
- International Studies
- Latin American, Caribbean, and Latino Studies
- Mass Communications
- Multidisciplinary Behavioral Sciences
- Political Science
- Psychology
- Public Administration
- Public Health
- Religious Studies
- Social Relations and Policy
- Sociology
- Women's and Gender Studies

HISTORY CONCENTRATION

Concentration Requirements (4 courses; 12 Credit Hours)

Choose 4 courses (12 credit hours) of 3000-/4000-level coursework with AFH, AMH, ASH, EUH, HIS, LAH prefixes

ADDITIONAL INFORMATION - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

OTHER REQUIREMENTS

- Students declare two concentrations.
- American Sign Language will satisfy the Foreign Language Exit Requirement.

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct social scientific research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Dr. Byron Miller at bamille3@usf.edu, for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology or ISS course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Thesis ([SYA/ISS 4910](#) and the thesis itself).

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH HUMANITIES CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours

REQUIRED SUPPORTING COURSE: 1 COURSE, 3 CREDIT HOURS

The following course is a supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics **Credit(s): 3**

REQUIRED COURSES: (42 CREDIT HOURS)

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- ISS 3010 - Introduction to the Social Sciences **Credit(s): 3**
- ISS 3300 - Research Methods in Social Sciences **Credit(s): 3**
- ISS 4935 - Seminar in the Social Sciences **Credit(s): 3**

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

Diversity and Global Context Courses (2-3 courses; 6-9 credit hours)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- African Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900).
- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 - Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor).
- International Studies (Courses with INR, CPO prefixes, except INR 4900).
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910).

None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours

REQUIRED SUPPORTING COURSE: 1 COURSE, 3 CREDIT HOURS

The following course is a supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics **Credit(s): 3**

REQUIRED COURSES: (42 CREDIT HOURS)

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- ISS 3010 - Introduction to the Social Sciences **Credit(s): 3**
- ISS 3300 - Research Methods in Social Sciences **Credit(s): 3**
- ISS 4935 - Seminar in the Social Sciences **Credit(s): 3**

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

Diversity and Global Context Courses (2-3 courses; 6-9 credit hours)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900).

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 - Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor).
- International Studies (Courses with INR, CPO prefixes, except INR 4900).
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910).
- Upper-Level Courses (3000-/4000-level courses with ISS prefix).

INTERDISCIPLINARY SOCIAL SCIENCES CONCENTRATIONS (12-15 CREDIT HOURS)

Students choose one (1) concentration area from the following:

- Africana Studies
- Aging Sciences
- American Studies
- Anthropology
- Communication
- Communication Sciences and Disorders
- Criminology
- Deaf Studies
- Economics
- Environmental Science and Policy
- Geography
- Government and Global Affairs
- History
- Humanities
- Information Studies
- Integrated Community Research
- International Studies
- Latin American, Caribbean, and Latino Studies
- Mass Communications
- Multidisciplinary Behavioral Sciences
- Political Science
- Psychology
- Public Administration
- Public Health
- Religious Studies
- Social Relations and Policy
- Sociology
- Women's and Gender Studies

INFORMATION STUDIES CONCENTRATION

Concentration Requirements (4 courses; 12 Credit Hours)

- LIS 2937 - Selected Topics in Library/Information Science **Credit(s): 1-3**
- LIS 3361 - World Wide Web Page Design and Management **Credit(s): 3**
- **Choose 2 courses (6 credit hours) of 3000-/4000-level coursework with a LIS prefix**

ADDITIONAL INFORMATION - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

OTHER REQUIREMENTS

- Students declare two concentrations.
- American Sign Language will satisfy the Foreign Language Exit Requirement.

GPA REQUIREMENTS

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct social scientific research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Dr. Byron Miller at bamille3@usf.edu, for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology or ISS course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Thesis ([SYA/ISS 4910](#) and the thesis itself).

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH INTEGRATED COMMUNITY RESEARCH CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
 - **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
 - **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>
- For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours

REQUIRED SUPPORTING COURSE: 1 COURSE, 3 CREDIT HOURS

The following course is a supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics **Credit(s): 3**

REQUIRED COURSES: (42 CREDIT HOURS)

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- ISS 3010 - Introduction to the Social Sciences **Credit(s): 3**
- ISS 3300 - Research Methods in Social Sciences **Credit(s): 3**
- ISS 4935 - Seminar in the Social Sciences **Credit(s): 3**

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

Diversity and Global Context Courses (2-3 courses; 6-9 credit hours)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900).

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 - Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor).
- International Studies (Courses with INR, CPO prefixes, except INR 4900).
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910).
- Upper-Level Courses (3000-/4000-level courses with ISS prefix).

INTERDISCIPLINARY SOCIAL SCIENCES CONCENTRATIONS (12-15 CREDIT HOURS)

Students choose one (1) concentration area from the following:

- Africana Studies
- Aging Sciences
- American Studies
- Anthropology
- Communication
- Communication Sciences and Disorders
- Criminology
- Deaf Studies
- Economics
- Environmental Science and Policy
- Geography
- Government and Global Affairs
- History
- Humanities
- Information Studies
- Integrated Community Research
- International Studies
- Latin American, Caribbean, and Latino Studies
- Mass Communications
- Multidisciplinary Behavioral Sciences
- Political Science
- Psychology
- Public Administration
- Public Health
- Religious Studies
- Social Relations and Policy
- Sociology
- Women's and Gender Studies

INTERNATIONAL STUDIES CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)

Choose 4 courses (12 credit hours) of 3000-/4000-level coursework with ASH, ASN, EUH, EUS, INR, LAH, LAS, RUS, RUT prefixes

ADDITIONAL INFORMATION - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

OTHER REQUIREMENTS

- Students declare two concentrations.
- American Sign Language will satisfy the Foreign Language Exit Requirement.

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GRADING REQUIREMENTS

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct social scientific research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Dr. Byron Miller at bamille3@usf.edu, for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology or ISS course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Thesis ([SYA/ISS 4910](#) and the thesis itself).

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH MASS COMMUNICATIONS CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
 - **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
 - **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>
- For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours

REQUIRED SUPPORTING COURSE: 1 COURSE, 3 CREDIT HOURS

The following course is a supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics **Credit(s): 3**

REQUIRED COURSES: (42 CREDIT HOURS)

Major Core Courses: 3 courses; 9 credit hours

- ISS 3010 - Introduction to the Social Sciences **Credit(s): 3**
- ISS 3300 - Research Methods in Social Sciences **Credit(s): 3**
- ISS 4935 - Seminar in the Social Sciences **Credit(s): 3**

Other Requirements (6-9 credit hours)

Diversity and Global Context Courses (2-3 courses; 6-9 credit hours)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- VIC 3001 - Visual Literacy **Credit(s): 3**

ADDITIONAL INFORMATION - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

Other Requirements

- Students declare two concentrations.
- American Sign Language will satisfy the Foreign Language Exit Requirement.

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct social scientific research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Dr. Byron Miller at bamille3@usf.edu, for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology or ISS course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Thesis ([SYA/ISS 4910](#) and the thesis itself).

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH POLITICAL SCIENCE CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours

REQUIRED SUPPORTING COURSE: 1 COURSE, 3 CREDIT HOURS

The following course is a supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics **Credit(s): 3**

REQUIRED COURSES: (42 CREDIT HOURS)

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- ISS 3010 - Introduction to the Social Sciences **Credit(s): 3**
- ISS 3300 - Research Methods in Social Sciences **Credit(s): 3**
- ISS 4935 - Seminar in the Social Sciences **Credit(s): 3**

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

Diversity and Global Context Courses (2-3 courses; 6-9 credit hours)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900).

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 - Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor).
- International Studies (Courses with INR, CPO prefixes, except INR 4900).
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910).
- Upper-Level Courses (3000-/4000-level courses with ISS prefix).

INTERDISCIPLINARY SOCIAL SCIENCES CONCENTRATIONS (12-15 CREDIT HOURS)

Students choose one (1) concentration area from the following:

- Africana Studies
- Aging Sciences
- American Studies
- Anthropology
- Communication
- Communication Sciences and Disorders
- Criminology
- Deaf Studies
- Economics
- Environmental Science and Policy
- Geography
- Government and Global Affairs
- History
- Humanities
- Information Studies
- Integrated Community Research
- International Studies
- Latin American, Caribbean, and Latino Studies
- Mass Communications
- Multidisciplinary Behavioral Sciences
- Political Science
- Psychology
- Public Administration
- Public Health
- Religious Studies
- Social Relations and Policy
- Sociology
- Women's and Gender Studies

POLITICAL SCIENCE CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)

- POS 2041 - American National Government **Credit(s): 3**
 - **Choose 3 courses (9 credit hours) of 3000-/4000-level coursework with POS, POT, PUP prefixes**

ADDITIONAL INFORMATION - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

OTHER REQUIREMENTS

- Students declare two concentrations.
- American Sign Language will satisfy the Foreign Language Exit Requirement.

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GRADING REQUIREMENTS

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct social scientific research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Dr. Byron Miller at bamille3@usf.edu, for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology or ISS course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Thesis ([SYA/ISS 4910](#) and the thesis itself).

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CAS Academic Advisor Contact information can be found here: [CAS Advisors](#)

- Junior standing.
- 12 semester hours of Sociology or ISS course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Thesis ([SYA/ISS 4910](#) and the thesis itself).

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH PUBLIC ADMINISTRATION CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours

REQUIRED SUPPORTING COURSE: 1 COURSE, 3 CREDIT HOURS

The following course is a supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics **Credit(s): 3**

REQUIRED COURSES: (42 CREDIT HOURS)

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- ISS 3010 - Introduction to the Social Sciences **Credit(s): 3**
- ISS 3300 - Research Methods in Social Sciences **Credit(s): 3**
- ISS 4935 - Seminar in the Social Sciences **Credit(s): 3**

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

Diversity and Global Context Courses (2-3 courses; 6-9 credit hours)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900).

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 - Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor).
- International Studies (Courses with INR, CPO prefixes, except INR 4900).
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910).
- Upper-Level Courses (3000-/4000-level courses with ISS prefix).

INTERDISCIPLINARY SOCIAL SCIENCES CONCENTRATIONS (12-15 CREDIT HOURS)

Students choose one (1) concentration area from the following:

- Africana Studies
- Aging Sciences
- American Studies
- Anthropology
- Communication
- Communication Sciences and Disorders
- Criminology
- Deaf Studies
- Economics
- Environmental Science and Policy
- Geography
- Government and Global Affairs
- History
- Humanities
- Information Studies
- Integrated Community Research
- International Studies
- Latin American, Caribbean, and Latino Studies
- Mass Communications
- Multidisciplinary Behavioral Sciences
- Political Science
- Psychology
- Public Administration
- Public Health
- Religious Studies
- Social Relations and Policy
- Sociology
- Women's and Gender Studies

PUBLIC ADMINISTRATION CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)

- Choose 4 courses (12 credit hours) of 3000-/4000-level coursework with PAD or URS prefixes

ADDITIONAL INFORMATION - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

OTHER REQUIREMENTS

- Students declare two concentrations.
- American Sign Language will satisfy the Foreign Language Exit Requirement.

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GRADING REQUIREMENTS

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct social scientific research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Dr. Byron Miller at bamille3@usf.edu, for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology or ISS course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Thesis ([SYA/ISS 4910](#) and the thesis itself).

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.
