GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours

REQUIRED SUPPORTING COURSE: 1 COURSE, 3 CREDIT HOURS

The following course is a supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics **Credit(s): 3**

REQUIRED COURSES: (42 CREDIT HOURS)

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- ISS 3010 - Introduction to the Social Sciences **Credit(s): 3**
- ISS 3300 - Research Methods in Social Sciences **Credit(s): 3**
- ISS 4935 - Seminar in the Social Sciences **Credit(s): 3**

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

Diversity and Global Context Courses (2-3 courses; 6-9 credit hours)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900).

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 - Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor).
- International Studies (Courses with INR, CPO prefixes, except INR 4900).
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910).
- Upper-Level Courses (3000-/4000-level courses with ISS prefix).

INTERDISCIPLINARY SOCIAL SCIENCES CONCENTRATIONS (12-15 CREDIT HOURS)

Students choose one (1) concentration area from the following:

- Africana Studies
- Aging Sciences
- American Studies
- Anthropology
- Communication
- Communication Sciences and Disorders
- Criminology
- Deaf Studies
- Economics
- Environmental Science and Policy
- Geography
- Government and Global Affairs
- History
- Humanities
- Information Studies
- Integrated Community Research
- International Studies
- Latin American, Caribbean, and Latino Studies
- Mass Communications
- Multidisciplinary Behavioral Sciences
- Political Science
- Psychology
- Public Administration
- Public Health
- Religious Studies
- Social Relations and Policy
- Sociology
- Women's and Gender Studies

PUBLIC HEALTH CONCENTRATION

CONCENTRATION REQUIREMENTS (5 COURSES; 15 CREDIT HOURS)

- HSC 4537 - Medical Terminology **Credit(s): 3**
- HSC 4551 - Survey of Human Diseases **Credit(s): 3**
- PHC 4030 - Introduction to Epidemiology **Credit(s): 3**
- PHC 4101 - Overview of Public Health Programs and Policies **Credit(s): 3**

Choose 1 course (3 credit hours) from the following list of courses

- HSC 2017 - Careers in Public Health **Credit(s): 3**
- HSC 2100 - Contemporary Health Science **Credit(s): 3**
- HSC 2130 - Sex, Health, and Decision-Making **Credit(s): 3**
- HSC 4172 - Women's Health: A Public Health Perspective **Credit(s): 3**
- HSC 4213 - Environmental and Occupational Risk Analysis **Credit(s): 3**

- HUN 3272 - Sports Nutrition **Credit(s): 3**
- HUN 3296 - Nutrition and Disease **Credit(s): 3**
- PHC 3320 - Environmental Health Science **Credit(s): 3**
- PHC 4031 - Emerging Infectious Diseases **Credit(s): 3**
- PHC 4188 - Public Health Emergencies in Large Populations **Credit(s): 3**
- PHC 4234 - Public and Private Continuity Planning for Emergencies **Credit(s): 3**
- PHC 4375 - Community Participation in Homeland Security **Credit(s): 3**
- PHC 4376 - Disaster by Design: Exercise Development for Homeland Security Professionals **Credit(s): 3**
- PHC 4931 - Health Care Ethics **Credit(s): 3**

ADDITIONAL INFORMATION - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

OTHER REQUIREMENTS

- Students declare two concentrations.
- American Sign Language will satisfy the Foreign Language Exit Requirement.

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct social scientific research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Dr. Byron Miller at bamille3@usf.edu, for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology or ISS course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Thesis ([SYA/ISS 4910](#) and the thesis itself).

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH RELIGIOUS STUDIES CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH SOCIAL RELATIONS AND POLICY CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours

REQUIRED SUPPORTING COURSE: 1 COURSE, 3 CREDIT HOURS

The following course is a supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics **Credit(s): 3**

REQUIRED COURSES: (42 CREDIT HOURS)

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- ISS 3010 - Introduction to the Social Sciences **Credit(s): 3**
- ISS 3300 - Research Methods in Social Sciences **Credit(s): 3**
- ISS 4935 - Seminar in the Social Sciences **Credit(s): 3**

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

Diversity and Global Context Courses (2-3 courses; 6-9 credit hours)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900).

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 - Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor).
- International Studies (Courses with INR, CPO prefixes, except INR 4900).
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910).
- Upper-Level Courses (3000-/4000-level courses with ISS prefix).

INTERDISCIPLINARY SOCIAL SCIENCES CONCENTRATIONS (12-15 CREDIT HOURS)

Students choose one (1) concentration area from the following:

- Africana Studies
- Aging Sciences
- American Studies
- Anthropology
- Communication
- Communication Sciences and Disorders
- Criminology
- Deaf Studies
- Economics
- Environmental Science and Policy
- Geography
- Government and Global Affairs
- History
- Humanities
- Information Studies
- Integrated Community Research

- SSE 4380 - Global and Multicultural Perspectives in Education **Credit(s): 3**
- SYA 4910 - Individual Research **Credit(s): 1-3**
- SYA 4930 - Topics in Sociology **Credit(s): 3**

ADDITIONAL INFORMATION - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

OTHER REQUIREMENTS

- Students declare two concentrations.
- American Sign Language will satisfy the Foreign Language Exit Requirement.

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct social scientific research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Dr. Byron Miller at bamille3@usf.edu, for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology or ISS course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Thesis ([SYA/ISS 4910](#) and the thesis itself).

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH WOMEN'S AND GENDER STUDIES CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
 - **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
 - **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>
- For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours

REQUIRED SUPPORTING COURSE: 1 COURSE, 3 CREDIT HOURS

The following course is a supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics **Credit(s): 3**

REQUIRED COURSES: (42 CREDIT HOURS)

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- ISS 3010 - Introduction to the Social Sciences **Credit(s): 3**
- ISS 3300 - Research Methods in Social Sciences **Credit(s): 3**
- ISS 4935 - Seminar in the Social Sciences **Credit(s): 3**

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

Diversity and Global Context Courses (2-3 courses; 6-9 credit hours)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900).

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 - Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor).
- International Studies (Courses with INR, CPO prefixes, except INR 4900).
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910).
- Upper-Level Courses (3000-/4000-level courses with ISS prefix).

INTERDISCIPLINARY SOCIAL SCIENCES CONCENTRATIONS (12-15 CREDIT HOURS)

Students choose one (1) concentration area from the following:

- Africana Studies
- Aging Sciences
- American Studies
- Anthropology
- Communication
- Communication Sciences and Disorders
- Criminology
- Deaf Studies
- Economics
- Environmental Science and Policy
- Geography
- Government and Global Affairs
- History
- Humanities
- Information Studies
- Integrated Community Research
- International Studies
- Latin American, Caribbean, and Latino Studies
- Mass Communications
- Multidisciplinary Behavioral Sciences
- Political Science
- Psychology
- Public Administration
- Public Health
- Religious Studies
- Social Relations and Policy
- Sociology
- Women's and Gender Studies

WOMEN'S AND GENDER STUDIES CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)

- WST 3015 - Introduction to Women's Studies **Credit(s): 3**
or
- WST 3311 - Issues in Feminism **Credit(s): 3**
- Choose 3 courses (9 credit hours) of 3000 or 4000 level courses with WST prefix

ADDITIONAL INFORMATION - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

OTHER REQUIREMENTS

- Students declare two concentrations.
- American Sign Language will satisfy the Foreign Language Exit Requirement.

GPA REQUIREMENTS

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct social scientific research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Dr. Byron Miller at bamille3@usf.edu, for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology or ISS course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Thesis ([SYA/ISS 4910](#) and the thesis itself).

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

SOCIOLOGY B.A.

TOTAL DEGREE HOURS: 120

The Sociology major is designed to provide students with a broad liberal arts education and a greater understanding and insight into the social systems and processes that bear upon everyday lives. Opportunities for students with Bachelor's degrees in Sociology are quite varied. Some go on to work for human service agencies; others work in personnel, criminal justice, and urban planning; others enter graduate programs in sociology, education, law, medicine, or social work. Toward these ends, all students are encouraged to become skilled in the use of computers and libraries.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- SYA XXXX or SYD XXXX or SYG XXXX or SYO XXXX or SYP XXXX - 6 credit hours total

SUPPORTING REQUIRED COURSE: 1 COURSE; 3 CREDIT HOURS

The following course is a prerequisite and supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics **Credit(s): 3**
or its equivalent.

REQUIRED COURSES: (36 CREDIT HOURS)

The major consists of a minimum of 36 credit hours of Sociology coursework plus STA 2122 - Social Science Statistics or its equivalent.

MAJOR CORE COURSES: 4 COURSES; 12 CREDIT HOURS

The minimum of 36 credit hours in Sociology must include the following four core courses (12 credit hours):

- SYG 2000 - Introduction to Sociology **Credit(s): 3** Note: SYG 2000 may be replaced with an upper level sociology elective if a total of 12 or more hours of sociology coursework is completed before declaring a Sociology major.
- SYA 3110 - Classical Theory **Credit(s): 3**
- SYA 3300 - Research Methods **Credit(s): 3**
(PR: STA 2122 - Social Science Statistics or its equivalent)
- SYA 4935 - Seminar in Sociology **Credit(s): 3**

GENERAL SOCIOLOGY PROGRAM OR CONCENTRATION REQUIREMENT

Sociology majors may choose to complete a General Sociology program of study **OR** an optional area of concentration below by completing one required course and three elective courses (all with a grade of C- or better) listed within the area selected.

- Inequality and Social Justice
- Identity and Community

GENERAL SOCIOLOGY MAJOR ELECTIVES: 8 COURSES; 24 CREDITS

The remaining 24 hours of Sociology coursework may be comprised of any upper-level courses offered by the Department of Sociology and Interdisciplinary Social Sciences. In addition, SYG 2010 - Contemporary Social Problems may count toward these 24 hours of electives. No more than six (6) hours can be taken between SYA 4910 - Individual Research and SYA 4949 - Sociological Internship toward the 24 hours of electives.

ADDITIONAL INFORMATION - SOCIOLOGY B.A.

GPA REQUIREMENTS

- **Major GPA** (All USF courses which are applied to major requirements): 2.0
- **General Education GPA** (All USF courses which are applied to General Education requirements): 2.0
- **USF GPA:** 2.0
- **Overall GPA:** 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENT

- Department Major Academic Residency Requirement - At least 27 hours of the major coursework must be completed at USF.
- College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.
- USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

INTERNSHIP OPPORTUNITIES

The Sociology Internship (SYA 4949 - Sociological Internship) is offered if the student is concurrently enrolled in SYO 4430 - Disability and Society, SYD 4512 - Sustainable Consumption, and a few other specific courses, **and only with permission of the instructor of that course**. If you are interested in an internship connected to a specific course, please contact the Internship Coordinator, Dr. Brian Turnbull, at btturnbull1@usf.edu for further guidance and information.

This course (SYA 4949 - Sociological Internship) is taught as an S/U (Satisfactory/Unsatisfactory) grade and only for 1-3 credit hours. Further information about Service Internship opportunities can be found on the Sociology department's webpage at <https://www.usf.edu/arts-sciences/departments/sociology/academic-programs/undergraduate/internship-community-engagement/index.aspx>

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct sociological research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Erica Toothman at eltoothman@usf.edu for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.
- Completed application submitted and approved by Dr. Erica Toothman, Undergraduate Program Director, eltoothman@usf.edu.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Seminar.
- Successful completion of the Honors Thesis (SYA 4910 and the thesis itself).

RESEARCH OPPORTUNITIES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

but will show on an official transcript and document the experience. The [Office of Undergraduate Research](#) will assist students in understanding the various course options.

ADVISING INFORMATION

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CAS Academic Advisor Contact information can be found here: [CAS Advisors](#)

SOCIOLOGY B.A., WITH IDENTITY AND COMMUNITY CONCENTRATION

TOTAL DEGREE HOURS: 120

The Sociology major is designed to provide students with a broad liberal arts education and a greater understanding and insight into the social systems and processes that bear upon everyday lives. Opportunities for students with Bachelor's degrees in Sociology are quite varied. Some go on to work for human service agencies; others work in personnel, criminal justice, and urban planning; others enter graduate programs in sociology, education, law, medicine, or social work. Toward these ends, all students are encouraged to become skilled in the use of computers and libraries.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES- SOCIOLOGY B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- SYA XXXX or SYD XXXX or SYG XXXX or SYO XXXX or SYP XXXX - 6 credit hours total

SUPPORTING REQUIRED COURSE: 1 COURSE; 3 CREDIT HOURS

The following course is a prerequisite and supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics **Credit(s): 3**
or its equivalent.

REQUIRED COURSES: (36 CREDIT HOURS)

The major consists of a minimum of 36 credit hours of Sociology coursework plus STA 2122 - Social Science Statistics or its equivalent.

MAJOR CORE COURSES: 4 COURSES; 12 CREDIT HOURS

The minimum of 36 credit hours in Sociology must include the following four core courses (12 credit hours):

- SYG 2000 - Introduction to Sociology **Credit(s): 3** Note: SYG 2000 may be replaced with an upper level sociology elective if a total of 12 or more hours of sociology coursework is completed before declaring a Sociology major.
- SYA 3110 - Classical Theory **Credit(s): 3**
- SYA 3300 - Research Methods **Credit(s): 3**
(PR: STA 2122 - Social Science Statistics or its equivalent)
- SYA 4935 - Seminar in Sociology **Credit(s): 3**

GENERAL SOCIOLOGY PROGRAM OR CONCENTRATION REQUIREMENT

Sociology majors may choose to complete a General Sociology program of study **OR** an optional area of concentration below by completing one required course and three elective courses (all with a grade of C- or better) listed within the area selected.

- Inequality and Social Justice
- Identity and Community

IDENTITY AND COMMUNITY CONCENTRATION: 8 COURSES; 24 CREDIT HOURS

The Department of Sociology and Interdisciplinary Social Sciences offers an optional area of concentration in "Identity and Community" for Sociology majors. Courses included in this area of concentration focus on the changing relationships among individuals and their communities in light of technological advances, globalization, environmental crises, political developments, and social problems. This area of concentration will be listed on your official transcript and can be useful as you market your skills to potential employers after graduation.

CONCENTRATION CORE: 1 COURSE; 3 CREDIT HOURS

- SYP 4111 - Identity and Community **Credit(s): 3**

CONCENTRATION ELECTIVES: 7 COURSES; 21 CREDIT HOURS

Select nine (9) credit hours of coursework from the list below.

The remaining 12 hours of Sociology coursework may be comprised of any upper-level courses offered by the Sociology and Interdisciplinary Social Sciences department.

- SYA 4121 - Queer Theory **Credit(s): 3**

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- SYD 3700 - Racial and Ethnic Relations **Credit(s): 3**

 - * Approved topics
 - Contemporary Bodies
 - Transitions to Adulthood
 - Self and Society
 - Muslims in America
 - Social Media and Globalization
 - Sociology of Culture
 - Afro-Brazilian Culture and Society - summer study abroad course

ADDITIONAL INFORMATION - SOCIOLOGY B.A.

GPA REQUIREMENTS

- **Major GPA** (All USF courses which are applied to major requirements): 2.0
- **General Education GPA** (All USF courses which are applied to General Education requirements): 2.0
- **USF GPA:** 2.0
- **Overall GPA:** 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENT

- Department Major Academic Residency Requirement - At least 27 hours of the major coursework must be completed at USF.
- College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.
- USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

INTERNSHIP OPPORTUNITIES

The Sociology Internship (SYA 4949 - Sociological Internship) is offered if the student is concurrently enrolled in SYO 4430 - Disability and Society, SYD 4512 - Sustainable Consumption, and a few other specific courses, **and only with permission of the instructor of that course**. If you are interested in an internship connected to a specific course, please contact the Internship Coordinator, Dr. Brian Turnbull, at bturnbull1@usf.edu for further guidance and information.

This course (SYA 4949 - Sociological Internship) is taught as an S/U (Satisfactory/Unsatisfactory) grade and only for 1-3 credit hours. Further information about Service Internship opportunities can be found on the Sociology department's webpage at <https://www.usf.edu/arts-sciences/departments/sociology/academic-programs/undergraduate/internship-community-engagement/index.aspx>

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct sociological research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Erica Toothman at eltoothman@usf.edu for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.
- Completed application submitted and approved by Dr. Erica Toothman, Undergraduate Program Director, eltoothman@usf.edu.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Seminar.
- Successful completion of the Honors Thesis (SYA 4910 and the thesis itself).

RESEARCH OPPORTUNITIES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The [Office of Undergraduate Research](#) will assist students in understanding the various course options.

ADVISING INFORMATION

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

SOCIOLOGY B.A., WITH INEQUALITY AND SOCIAL JUSTICE CONCENTRATION

TOTAL DEGREE HOURS: 120

The Sociology major is designed to provide students with a broad liberal arts education and a greater understanding and insight into the social systems and processes that bear upon everyday lives. Opportunities for students with Bachelor's degrees in Sociology are quite varied. Some go on to work for human service agencies; others work in personnel, criminal justice, and urban planning; others enter graduate programs in sociology, education, law, medicine, or social work. Toward these ends, all students are encouraged to become skilled in the use of computers and libraries.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES- SOCIOLOGY B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- SYA XXXX or SYD XXXX or SYG XXXX or SYO XXXX or SYP XXXX - 6 credit hours total

SUPPORTING REQUIRED COURSE: 1 COURSE; 3 CREDIT HOURS

The following course is a prerequisite and supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics **Credit(s): 3**
or its equivalent.

REQUIRED COURSES: (36 CREDIT HOURS)

The major consists of a minimum of 36 credit hours of Sociology coursework plus STA 2122 - Social Science Statistics or its equivalent.

MAJOR CORE COURSES: 4 COURSES; 12 CREDIT HOURS

The minimum of 36 credit hours in Sociology must include the following four core courses (12 credit hours):

- SYG 2000 - Introduction to Sociology **Credit(s): 3** Note: SYG 2000 may be replaced with an upper level sociology elective if a total of 12 or more hours of sociology coursework is completed before declaring a Sociology major.
- SYA 3110 - Classical Theory **Credit(s): 3**
- SYA 3300 - Research Methods **Credit(s): 3**
(PR: STA 2122 - Social Science Statistics or its equivalent)
- SYA 4935 - Seminar in Sociology **Credit(s): 3**

GENERAL SOCIOLOGY PROGRAM OR CONCENTRATION REQUIREMENT

Sociology majors may choose to complete a General Sociology program of study **OR** an optional area of concentration below by completing one required course and three elective courses (all with a grade of C- or better) listed within the area selected.

- Inequality and Social Justice
- Identity and Community

INEQUALITY AND SOCIAL JUSTICE CONCENTRATION: 8 COURSES; 24 CREDIT HOURS

The Department of Sociology and Interdisciplinary Social Sciences offers an optional area of concentration in "Inequality and Social Justice" for Sociology majors. Course included in this area of concentration focus on the political, social, and academic intersections among inequalities and the strategies we can implement to address them in a just manner. This area of concentration will be listed on your official transcript and can be useful as you market your skills to potential employers after graduation.

CONCENTRATION CORE: 1 COURSE; 3 CREDIT HOURS

- SYO 4536 - Inequalities and Social Justice **Credit(s): 3**

CONCENTRATION ELECTIVES: 7 COURSES; 21 CREDIT HOURS

Select nine (9) credit hours of coursework from the list below.

The remaining 12 hours of Sociology coursework may be comprised of any upper-level courses offered by the Sociology and Interdisciplinary Social Sciences department.

GPA REQUIREMENTS

- **Major GPA** (All USF courses which are applied to major requirements): 2.0
- **General Education GPA** (All USF courses which are applied to General Education requirements): 2.0
- **USF GPA:** 2.0
- **Overall GPA:** 2.0

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENT

- Department Major Academic Residency Requirement - At least 27 hours of the major coursework must be completed at USF.
- College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.
- USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

INTERNSHIP OPPORTUNITIES

The Sociology Internship (SYA 4949 - Sociological Internship) is offered if the student is concurrently enrolled in SYO 4430 - Disability and Society, SYD 4512 - Sustainable Consumption, and a few other specific courses, **and only with permission of the instructor of that course**. If you are interested in an internship connected to a specific course, please contact the Internship Coordinator, Dr. Brian Turnbull, at btturnbull1@usf.edu for further guidance and information.

This course (SYA 4949 - Sociological Internship) is taught as an S/U (Satisfactory/Unsatisfactory) grade and only for 1-3 credit hours. Further information about Service Internship opportunities can be found on the Sociology department's webpage at <https://www.usf.edu/arts-sciences/departments/sociology/academic-programs/undergraduate/internship-community-engagement/index.aspx>

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct sociological research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Erica Toothman at eltoothman@usf.edu for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.
- Completed application submitted and approved by Dr. Erica Toothman, Undergraduate Program Director, eltoothman@usf.edu.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Seminar.
- Successful completion of the Honors Thesis (SYA 4910 and the thesis itself).

RESEARCH OPPORTUNITIES

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The [Office of Undergraduate Research](#) will assist students in understanding the various course options.

ADVISING INFORMATION

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

DEPARTMENT OF WOMEN'S, GENDER, AND SEXUALITY STUDIES

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

WOMEN'S AND GENDER STUDIES B.A.

TOTAL DEGREE HOURS: 120

The Women's and Gender Studies major focuses on feminist research and practice. WGS promotes social justice through the discovery and production of knowledge that emerges from feminist perspectives on culture and society. Students learn the analytic skills to engage the intersections of gender, race, ethnicity, class, sexuality, ability, and nationality in order to become responsible citizens in a diverse transnational environment. We expose limits in traditional higher education caused by excluding women and other marginalized groups and create knowledge that is transformative and inclusive. We connect academic work to the social, political, and economic world outside the university; in linking knowledge, research, and activism, students learn to think critically about social inequalities.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - WOMEN'S AND GENDER STUDIES B.A.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

There are no State Mandated Common Prerequisites for this program.

REQUIRED COURSES: (36 CREDIT HOURS)

MAJOR CORE COURSES: 5 COURSES; 15 CREDIT HOURS

Students must choose a total of 36 credit hours from Women's and Gender Studies courses. Transfer students may not apply more than 12 hours taken elsewhere toward the major at the University of South Florida.

Students taking Women's and Gender Studies as a second major need to complete 30 credit hours. To do so, they must make a written request to the Undergraduate Director at the time they declare Women's and Gender Studies as a second major.

Courses taken in the first major may not count toward the 30 hours in Women's and Gender Studies as a second major.

- WST 3015 - Introduction to Women's Studies **Credit(s): 3**
 - WST 3311 - Issues in Feminism **Credit(s): 3**
 - WST 4002 - Feminist Research Methods **Credit(s): 3**
 - WST 4522 - Classics in Feminist Theory **Credit(s): 3**
- OR**
- WST 4561 - Contemporary Feminist Theory **Credit(s): 3**
 - WST 4935 - Capstone/Senior Project **Credit(s): 3**

MAJOR ELECTIVE COURSES: 7 COURSES; 21 CREDIT HOURS

The remaining 21 hours of Women's and Gender Studies coursework may be comprised of any courses offered by the Women's and Gender Studies Department, including approved cross-listed courses. No more than twelve (12) hours of WST 4930 - Selected Topics may count toward the 36 hour minimum.

ADDITIONAL INFORMATION - WOMEN'S AND GENDER STUDIES B.A.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A grade of C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department and College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

INTERNSHIP OPPORTUNITIES - WOMEN'S AND GENDER STUDIES

Women's and Gender Studies offers a number of internship opportunities to both majors and minors. Students work on-site and directly with a local organization and can earn from 1-3 credits. Majors may repeat the internship for a maximum of 6 credit hours; minors may repeat once for a maximum of 3 credit hours. Students interested in the internship should contact the Internship Director, Dr. Wendland.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The [Office of High Impact Practices and Undergraduate Research](#) will assist students in understanding the various course options.

QUEER AND SEXUALITY STUDIES MINOR

TOTAL MINOR HOURS: 18

The minor in Queer and Sexuality Studies is available to students pursuing any other major at USF. It requires a minimum of 18 hours of interdisciplinary coursework.

MINOR REQUIREMENTS: 18 HOURS

MINOR CORE (6 CREDIT HOURS)

Choose 6 hours from:

- WST 3602 - Introduction to LGBTQ Cultures **Credit(s): 3**
- WST 3380 - Sexualities Studies **Credit(s): 3**
- WST 4645 - Queer Theory **Credit(s): 3**
or
- SYA 4121 - Queer Theory **Credit(s): 3**

MINOR ELECTIVES (12 CREDIT HOURS)

Must include a minimum of six (6) hours at the 4000-level or higher.

Twelve (12) credit hours selected from:

- Any course in the Minor Core not counted toward the Core
- WST 2600 - Human Sexual Behavior **Credit(s): 3**
- WST 3334 - Queer Film & Television **Credit(s): 3**
- WST 4930 - Selected Topics **Credit(s): 1-3**
- HIS 3930 - Special Topics **Credit(s): 3** Sex Work and Trafficking, Gay and Lesbian U.S. History, History of AIDS, History of Gender and Sexuality, Sexuality in Latin America
- SYA 4930 - Topics in Sociology **Credit(s): 3**
- SYA 4121 - Queer Theory **Credit(s): 3**
or
- WST 4930 **Credit(s): 1-3** LGBT Youth in Education
- AFA 4931 - Selected Topics in Africana Studies **Credit(s): 1-3**

GPA REQUIREMENTS

Minor GPA (all USF courses which are applied to minor requirements): 2.0

GRADING REQUIREMENT

- A grade of "C-" is required for a departmental course to count toward a Women's and Gender Studies minor.
- Courses may not be taken S/U, where a grade option exists.

RESIDENCY REQUIREMENTS

CAS Minor Academic Residency Requirement: 50% of minor must be completed at USF.

OTHER INFORMATION

Students may petition the undergraduate advisor to focus their minor on a specific area within Women's and Gender Studies, such as sexualities, women's health or social justice.

DEPARTMENT OF WORLD LANGUAGES

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

WORLD LANGUAGES AND CULTURES B.A., WITH APPLIED LINGUISTICS CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in World Languages and Cultures offers students a solid foundation in language and linguistic skills, as well as knowledge of diverse cultures. Upon completion of the program, students will be able to interact and participate in a global environment.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON PREREQUISITES - WORLD LANGUAGES AND CULTURES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- XXX XXXX * 6-12 credit hours
- *Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

REQUIRED COURSES: (30 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- LIN 3003 - Language Matters **Credit(s): 3**
- FOT 4131 - Understanding World Cultures **Credit(s): 3**

REQUIRED CONCENTRATION COURSES: (24 CREDIT HOURS)

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:

- Chinese Language and Culture and East Asian Languages and Cultures
- Classics and Interdisciplinary Classical Civilizations

APPLIED LINGUISTICS CONCENTRATION COURSES: 8 COURSES; 24 CREDIT HOURS

The Applied Linguistics concentration will help students comprehend a broad range of language-related issues to better understand how language functions both in the lives of individuals and in society. The coursework in this concentration will prepare students for a wide range of career options, including pedagogical preparation for language teaching domestically or internationally, cross-cultural competency for careers in industry, and foundational knowledge in applied linguistics to be successful in graduate work in the field.

REQUIRED SUPPORTING COURSES

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives:

- Completion of 11-12 credit hours of any foreign language through the intermediate level or demonstrated proficiency by testing.

***NOTE: Successful completion of these courses will meet the State Common Prerequisites requirements of the World Languages Degree.**

CONCENTRATION CORE COURSES: 2 COURSES; 6 CREDIT HOURS

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- LIN 3010 - Introduction to Linguistics **Credit(s): 3**
- LIN 4721 - Second Language Acquisition **Credit(s): 3**

CONCENTRATION RESTRICTED ELECTIVE COURSES: 6 COURSES; 18 CREDIT HOURS

Select six (6) courses from the following list.

Note: Of these six elective courses, one literature or culture course can be substituted (e.g. Russian Literature in Translation, Introduction to Chinese Culture).

- FLE 4390 - Teaching Foreign/Second Languages **Credit(s): 3**
- LIN 2002 - Language, Culture & Film **Credit(s): 3**
- LIN 4350 - Sound Systems in American English **Credit(s): 3**
- LIN 4600 - Sociolinguistics: Language and Society **Credit(s): 3**
- LIN 4609 - Language and Technology **Credit(s): 3**
- LIN 4701 - Psycholinguistics **Credit(s): 3**
- LIN 4903 - Directed Reading **Credit(s): 1-3**
- LIN 4930 - Selected Topics **Credit(s): 1-3**
- TSL 4362 - Methodology of Teaching English Overseas **Credit(s): 3**

DUAL CONCENTRATION IN APPLIED LINGUISTICS

If taking Applied Linguistics as a dual concentration, these are the requirements.

1. Prerequisite (Supporting) Courses

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives:

- Completion of 11-12 credit hours of any foreign language through the intermediate level or demonstrated proficiency by testing.

2. Concentration Core Courses: 2 courses; 6 credit hours

- LIN 3010 - Introduction to Linguistics **Credit(s): 3**
- LIN 4721 - Second Language Acquisition **Credit(s): 3**

3. Concentration Elective Courses: 2 courses; 6 credit hours

Select two (2) courses from the following list.

- FLE 4390 - Teaching Foreign/Second Languages **Credit(s): 3**
- LIN 2002 - Language, Culture & Film **Credit(s): 3**
- LIN 4350 - Sound Systems in American English **Credit(s): 3**
- LIN 4600 - Sociolinguistics: Language and Society **Credit(s): 3**
- LIN 4609 - Language and Technology **Credit(s): 3**
- LIN 4701 - Psycholinguistics **Credit(s): 3**
- LIN 4903 - Directed Reading **Credit(s): 1-3**
- LIN 4930 - Selected Topics **Credit(s): 1-3**
- TSL 4362 - Methodology of Teaching English Overseas **Credit(s): 3**

4. Twelve (12) hours in another dual concentration.

- World Languages and Cultures B.A., with Chinese Language and Culture Concentration
- World Languages and Cultures B.A., with Classics Concentration
- World Languages and Cultures B.A., with East Asian Languages and Cultures Concentration
- World Languages and Cultures B.A., with French and Francophone Studies Concentration
- World Languages and Cultures B.A., with German Concentration
- World Languages and Cultures B.A., with Interdisciplinary Classical Civilizations Concentration
- World Languages and Cultures B.A., with Italian Concentration
- World Languages and Cultures B.A., with Russian Concentration

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A grade of C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department and College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The [Office of High Impact Practices and Undergraduate Research](#) will assist students in understanding the various course options.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

REQUIRED COURSES: (30 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- LIN 3003 - Language Matters **Credit(s): 3**
- FOT 4131 - Understanding World Cultures **Credit(s): 3**

REQUIRED CONCENTRATION COURSES: (24 CREDIT HOURS)

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:

- Chinese Language and Culture and East Asian Languages and Cultures
- Classics and Interdisciplinary Classical Civilizations

CHINESE LANGUAGE AND CULTURE CONCENTRATION COURSES: 8 COURSES; 24 CREDIT HOURS

The Chinese Language and Culture concentration is designed for students who wish to achieve advanced level proficiency in modern Mandarin Chinese language at the same time they develop the sociocultural skills necessary for interaction with Chinese counterparts in professional contexts. Chinese is spoken by more than one billion people across the globe and has been designated a national Critical Language in the US government. High-level Chinese language skills equip students to be highly competitive for China-related jobs in government, international business, international law, education and the non-profit sector.

REQUIRED SUPPORTING COURSES: 4 COURSES; 16 CREDIT HOURS

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration, but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

***NOTE: Successful completion of these courses will meet the State Common Prerequisites requirements of the World Languages Degree.**

- CHI 1120 - Modern Chinese I **Credit(s): 4**
- CHI 1121 - Modern Chinese II **Credit(s): 4**
- CHI 2220 - Modern Chinese III **Credit(s): 4**
- CHI 2221 - Modern Chinese IV **Credit(s): 4**

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

CONCENTRATION CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- CHI 3241 - Advanced Chinese Conversation I **Credit(s): 3**
- CHI 3242 - Advanced Chinese Conversation II **Credit(s): 3**
- CHI 4443 - Networking in China and America **Credit(s): 3**

CONCENTRATION CULTURE, LITERATURE, AND FILM ELECTIVE COURSES: 4 COURSES; 12 CREDIT HOURS

Select four (4) courses from the following list.

- CHI 4930 - Special Topics **Credit(s): 1-3**
- CHT 3110 - Traditional Chinese Literature in Translation **Credit(s): 3**
- CHT 3124 - Modern Chinese Literature in Translation **Credit(s): 3**
- CHT 3500 - Introduction to Chinese Culture **Credit(s): 3**
- CHT 3512 - Contemporary Chinese Language and Society **Credit(s): 3**
- CHT 3520 - Chinese Film **Credit(s): 3**

CONCENTRATION ADVANCED LANGUAGE ELECTIVE COURSE: 1 COURSE; 3 CREDIT HOURS

Select one course in advanced language courses (3000-4000 level), study abroad coursework in a USF program in China, or coursework in culture, literature, and film. These three credit hours of electives should be planned with a World Languages advisor.

DUAL CONCENTRATION IN CHINESE LANGUAGE AND CULTURE

If taking Chinese Language and Culture as a dual concentration these are the requirements.

1. Prerequisite (Supporting) Courses:

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

- CHI 1120 - Modern Chinese I **Credit(s): 4**
- CHI 1121 - Modern Chinese II **Credit(s): 4**
- CHI 2220 - Modern Chinese III **Credit(s): 4**

2. Concentration Core Courses: 2 courses; 7 credit hours

- CHI 2221 - Modern Chinese IV **Credit(s): 4**
- CHI 3241 - Advanced Chinese Conversation I **Credit(s): 3**

3. Concentration Elective Courses: 2 courses; 6 credit hours

Select two (2) courses from the following list.

- CHI 3242 - Advanced Chinese Conversation II **Credit(s): 3**
- CHI 4443 - Networking in China and America **Credit(s): 3**
- CHI 4905 - Directed Study **Credit(s): 1-5**
- CHI 4930 - Special Topics **Credit(s): 1-3**
- CHT 3110 - Traditional Chinese Literature in Translation **Credit(s): 3**
- CHT 3124 - Modern Chinese Literature in Translation **Credit(s): 3**
- CHT 3500 - Introduction to Chinese Culture **Credit(s): 3**
- CHT 3512 - Contemporary Chinese Language and Society **Credit(s): 3**
- CHT 3520 - Chinese Film **Credit(s): 3**

4. Twelve (12) hours in another dual concentration.

WORLD LANGUAGES AND CULTURES B.A., WITH CLASSICS CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in World Languages and Cultures offers students a solid foundation in language and linguistic skills, as well as knowledge of diverse cultures. Upon completion of the program, students will be able to interact and participate in a global environment.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
 - **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
 - **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>
- For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON PREREQUISITES - WORLD LANGUAGES AND CULTURES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- XXX XXXX * 6-12 credit hours
- *Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

REQUIRED COURSES: (30 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- LIN 3003 - Language Matters **Credit(s): 3**
- FOT 4131 - Understanding World Cultures **Credit(s): 3**

REQUIRED CONCENTRATION COURSES: (24 CREDIT HOURS)

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:

- Chinese Language and Culture and East Asian Languages and Cultures
- Classics and Interdisciplinary Classical Civilizations

CLASSICS CONCENTRATION: 7 COURSES; 24 CREDIT HOURS

The Classics concentration is an interdisciplinary humanities field. We provide instruction in the Greek and Latin languages and in the Greek and Roman civilization, literature, mythology and religion. Faculty offer courses in diverse aspects of the Greek and Roman world and mentor students in the acquisition of specific applied skills through their studies. The Classics section combines the intimacy of a small liberal arts college with the wide-ranging educational and professional possibilities of a large state university. This concentration is of special interest to students who wish to teach Latin and Greek at the pre-college level, and to those who plan graduate study in a humanistic discipline including law and medicine.

REQUIRED SUPPORTING COURSES

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

Select one of two required language tracks in either Latin or Greek.

***NOTE: Successful completion of these courses will meet the State Common Prerequisites requirements of the World Languages Degree.**

Latin Language Track

- LAT 1120 - Beginning Latin I **Credit(s): 4**
- LAT 1121 - Beginning Latin II **Credit(s): 4**

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- LAT 2220 - Intermediate Latin **Credit(s): 4**
OR Greek Language Track
- GRE 1120 - Beginning Classical Greek I **Credit(s): 4**
- GRE 1121 - Beginning Classical Greek II **Credit(s): 4**
- GRE 2220 - Intermediate Classical Greek **Credit(s): 4**

CONCENTRATION CORE COURSE: 1 COURSE; 3 CREDIT HOURS

- CLT 3370 - Gods Heroes and Monsters in the Ancient World **Credit(s): 3**

LANGUAGE TRACK COURSE: 1 COURSE; 3-4 CREDIT HOURS

CONCENTRATION ELECTIVE COURSES: 6 COURSES; 17-18 CREDIT HOURS

Select any six (6) courses with a CLA or CLT prefix, which have not been used for another requirement within the major and/or concentration.

DUAL CONCENTRATION IN CLASSICS

If taking Classics as a dual concentration, these are the requirements.

1. Prerequisite (Supporting) Courses

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

Select **one** of two required language tracks in either Latin or Greek.

Latin Language Track

- LAT 1120 - Beginning Latin I **Credit(s): 4**
- LAT 1121 - Beginning Latin II **Credit(s): 4**
- LAT 2220 - Intermediate Latin **Credit(s): 4**
OR Greek Language Track
- GRE 1120 - Beginning Classical Greek I **Credit(s): 4**
- GRE 1121 - Beginning Classical Greek II **Credit(s): 4**
- GRE 2220 - Intermediate Classical Greek **Credit(s): 4**

2. Concentration Core Courses: 2 courses; 7 credit hours

- CLT 3370 - Gods Heroes and Monsters in the Ancient World **Credit(s): 3**

3. Concentration Elective Courses: 2 courses; 6 credit hours

Select any two (2) courses with a CLA or CLT prefix, which have not been used for another requirement within the major and/or concentration.

4. Twelve (12) hours in another dual concentration.

- World Languages and Cultures B.A., with Applied Linguistics Concentration
- World Languages and Cultures B.A., with Chinese Language and Culture Concentration
- World Languages and Cultures B.A., with East Asian Languages and Cultures Concentration
- World Languages and Cultures B.A., with French and Francophone Studies Concentration

- FOT 4131 - Understanding World Cultures **Credit(s): 3**

REQUIRED CONCENTRATION COURSES: (24 CREDIT HOURS)

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:

- Chinese Language and Culture and East Asian Languages and Cultures
- Classics and Interdisciplinary Classical Civilizations

EAST ASIAN LANGUAGES AND CULTURES CONCENTRATION COURSES: 8 COURSES; 24 CREDIT HOURS

The East Asian Languages and Cultures concentration is designed to provide students with opportunities to develop broad understandings of East Asia as a region through interdisciplinary explorations into the languages, literatures, cultures, film, humanities, history, geography, arts, and political institutions of China, Japan, and Korea. USF has strong programs in Chinese and Japanese, two critical languages that serve as the core of the East Asian Languages and Cultures concentration. The concentration prepares students to be highly attractive in the global marketplace and to be immediate contributors to globally-oriented organizations, companies, and institutions with strong language skills as well as broad sociocultural knowledge that situates the use of those languages in two or more countries in the region. High-level critical language skills equip students to be highly competitive for Japan- and China-related jobs in government, international business, international law, law enforcement, defense, intelligence, and the non-profit sector.

REQUIRED SUPPORTING COURSES: 2 COURSES; 8 CREDIT HOURS

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. A student chooses either Chinese or Japanese coursework from the following list. Students may also demonstrate proficiency by testing.

***NOTE: Successful completion of these courses will meet the State Common Prerequisites requirements of the World Languages Degree.**

WORLD LANGUAGES AND CULTURES B.A., WITH FRENCH AND FRANCOPHONE STUDIES CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in World Languages and Cultures offers students a solid foundation in language and linguistic skills, as well as knowledge of diverse cultures. Upon completion of the program, students will be able to interact and participate in a global environment.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
 - **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
 - **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>
- For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON PREREQUISITES - WORLD LANGUAGES AND CULTURES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- XXX XXXX * 6-12 credit hours
- *Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

REQUIRED COURSES: (30 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- LIN 3003 - Language Matters **Credit(s): 3**
- FOT 4131 - Understanding World Cultures **Credit(s): 3**

REQUIRED CONCENTRATION COURSES: (24 CREDIT HOURS)

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:

- Chinese Language and Culture and East Asian Languages and Cultures
- Classics and Interdisciplinary Classical Civilizations

FRENCH AND FRANCOPHONE STUDIES CONCENTRATION COURSES: 8 COURSES; 24 CREDIT HOURS

The French and Francophone Studies concentration offers solid academic and practical training in the language, literature, and culture of France and the French-speaking world in an engaged, full immersion environment. Students have the opportunity to attain an advanced level of French with regard to comprehension, reading, writing, and speaking. Successful students become conversant in many of the major issues, past and present, relating to French and Francophone cultures, literatures, and civilizations. French graduates are attractive to employers in numerous fields, in addition to graduate and professional schools. USF alumni in French may be found in such professions as education, business, foreign service, politics, law, and health.

REQUIRED SUPPORTING COURSES

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

***NOTE: Successful completion of these courses will meet the State Common Prerequisites requirements of the World Languages Degree.**

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

WORLD LANGUAGES AND CULTURES B.A., WITH GERMAN CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in World Languages and Cultures offers students a solid foundation in language and linguistic skills, as well as knowledge of diverse cultures. Upon completion of the program, students will be able to interact and participate in a global environment.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
 - **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
 - **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>
- For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON PREREQUISITES - WORLD LANGUAGES AND CULTURES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- XXX XXXX * 6-12 credit hours
- *Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

REQUIRED COURSES: (30 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- LIN 3003 - Language Matters **Credit(s): 3**
- FOT 4131 - Understanding World Cultures **Credit(s): 3**

REQUIRED CONCENTRATION COURSES: (24 CREDIT HOURS)

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:

- Chinese Language and Culture and East Asian Languages and Cultures
- Classics and Interdisciplinary Classical Civilizations

GERMAN CONCENTRATION COURSES: 8 COURSES; 24 CREDIT HOURS

The concentration in German prepares students to understand and critically evaluate the language and cultures of German-speaking countries. The program prepares students in communicative proficiency and cultural literacy so that they are able to competently engage in global and transcultural interactions in the 21st century. Students will be prepared for positions in education, international business, foreign affairs, the arts, politics, and international law.

REQUIRED SUPPORTING COURSES

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

***NOTE: Successful completion of these courses will meet the State Common Prerequisites requirements of the World Languages Degree.**

- GER 1120 - Beginning German I **Credit(s): 4**
- GER 1121 - Beginning German II **Credit(s): 4**
- GER 2200 - German III **Credit(s): 3**

CONCENTRATION CORE COURSES: 3 COURSES; 9 CREDIT HOURS

Select three (3) courses from the following list.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- GER 3333 - German Language & Culture through Film **Credit(s): 3**
- GER 3500 - The Germans - Past and Present **Credit(s): 3**
- GER 3501 - Urban Life & Culture in Germany **Credit(s): 3**
- GER 3573 - Cultural Observations in Germany **Credit(s): 3**
- GER 4410 - Conversation II **Credit(s): 3**
- GER 4421 - Composition II **Credit(s): 3**

CONCENTRATION ELECTIVE COURSES: 5 COURSES; 15 CREDIT HOURS

Select five (5) courses from the following list.

- GER 2200 - German III **Credit(s): 3**
- GER 2201 - German IV **Credit(s): 3**
- GER 2240 - Conversation I **Credit(s): 3**
- GET 3522 - Fantastic Films of Early German Cinema **Credit(s): 3**
- GET 4250 - Dungeons Dragons & Dwarfs Germanic Myth & Pop Cult **Credit(s): 3**
- GET 4523 - New German Cinema to Present **Credit(s): 3**
- GET 4528 - German Directors in Hollywood **Credit(s): 3**
- GEW 4100 - Survey of German Literature I **Credit(s): 3**
- GEW 4101 - Survey of German Literature II **Credit(s): 3**

- GEW 4930 - Selected Topics **Credit(s): 1-3**

DUAL CONCENTRATION IN GERMAN

If taking German as a dual concentration, these are the requirements.

1. Prerequisite (Supporting) Courses

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

- GER 1120 - Beginning German I **Credit(s): 4**
- GER 1121 - Beginning German II **Credit(s): 4**
- GER 2200 - German III **Credit(s): 3**

2. Concentration Core Courses: 3 courses; 9 credit hours

Select three (3) courses from the following list.

- GER 3333 - German Language & Culture through Film **Credit(s): 3**
- GER 3500 - The Germans - Past and Present **Credit(s): 3**
- GER 3501 - Urban Life & Culture in Germany **Credit(s): 3**
- GER 3573 - Cultural Observations in Germany **Credit(s): 3**
- GER 4410 - Conversation II **Credit(s): 3**
- GER 4421 - Composition II **Credit(s): 3**

3. Concentration Elective Course: 1 course; 3 credit hours

Select one (1) course from the following list.

- GER 2201 - German IV **Credit(s): 3**
- GER 2240 - Conversation I **Credit(s): 3**
- GET 3522 - Fantastic Films of Early German Cinema **Credit(s): 3**
- GET 4250 - Dungeons Dragons & Dwarfs Germanic Myth & Pop Cult **Credit(s): 3**
- GET 4523 - New German Cinema to Present **Credit(s): 3**
- GET 4528 - German Directors in Hollywood **Credit(s): 3**
- GEW 4100 - Survey of German Literature I **Credit(s): 3**
- GEW 4101 - Survey of German Literature II **Credit(s): 3**
- GEW 4900 - Directed Study **Credit(s): 1-3**
- GEW 4930 - Selected Topics **Credit(s): 1-3**

COLLEGE OF ARTS & SCIENCES

- World Languages and Cultures B.A., with Interdisciplinary Classical Civilizations Concentration
- World Languages and Cultures B.A., with Italian Concentration
- World Languages and Cultures B.A., with Russian Concentration
- World Languages and Cultures B.A., with Spanish and Latin American Studies Concentration

ADDITIONAL INFORMATION - WORLD LANGUAGES AND CULTURES B.A.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA 2.0

GRADING REQUIREMENTS

A grade of C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department and College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The [Office of High Impact Practices and Undergraduate Research](#) will assist students in understanding the various course options.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CAS Academic Advisor Contact information can be found here: [CAS Advisors](#)

WORLD LANGUAGES AND CULTURES B.A., WITH INTERDISCIPLINARY CLASSICAL CIVILIZATIONS CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in World Languages and Cultures offers students a solid foundation in language and linguistic skills, as well as knowledge of diverse cultures. Upon completion of the program, students will be able to interact and participate in a global environment.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
 - **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
 - **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>
- For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON PREREQUISITES - WORLD LANGUAGES AND CULTURES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- XXX XXXX * 6-12 credit hours
- *Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

REQUIRED COURSES: (30 CREDIT HOURS)

Major Core Courses: 2 courses; 6 credit hours

- LIN 3003 - Language Matters **Credit(s): 3**
- FOT 4131 - Understanding World Cultures **Credit(s): 3**

REQUIRED CONCENTRATION COURSES: (24 CREDIT HOURS)

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:

- Chinese Language and Culture and East Asian Languages and Cultures
- Classics and Interdisciplinary Classical Civilizations

INTERDISCIPLINARY CLASSICAL CIVILIZATIONS CONCENTRATION COURSES: 8 COURSES; 24 CREDIT HOURS

The concentration in Interdisciplinary Classical Civilizations is of special interest to students who wish to study broadly the literature, history art, and archaeology, philosophy, and religion of Greece, Rome and the Near East, equally emphasizing language and translation courses.

REQUIRED SUPPORTING COURSES

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

***NOTE: Successful completion of these courses will meet the State Common Prerequisites requirements of the World Languages Degree.**

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A grade of C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department and College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The [Office of High Impact Practices and Undergraduate Research](#) will assist students in understanding the various course options.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

WORLD LANGUAGES AND CULTURES B.A., WITH ITALIAN CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in World Languages and Cultures offers students a solid foundation in language and linguistic skills, as well as knowledge of diverse cultures. Upon completion of the program, students will be able to interact and participate in a global environment.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
 - **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
 - **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>
- For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON PREREQUISITES - WORLD LANGUAGES AND CULTURES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- XXX XXXX * 6-12 credit hours
- *Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

REQUIRED COURSES: (30 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- LIN 3003 - Language Matters **Credit(s): 3**
- FOT 4131 - Understanding World Cultures **Credit(s): 3**

REQUIRED CONCENTRATION COURSES: (24 CREDIT HOURS)

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:

- Chinese Language and Culture and East Asian Languages and Cultures
- Classics and Interdisciplinary Classical Civilizations

ITALIAN CONCENTRATION COURSES: 8 COURSES; 24 CREDIT HOURS

The Interdisciplinary Italian concentration offers courses in Italian language, film, literature, history, cultural studies, Italian-American studies and the culture of food offered both in Italian and in English. The objective of the concentration is to prepare students to become receptive to the global concerns of our society increasing their capabilities in writing, speaking, intercultural literacy and effective citizenship, all skills that are useful in a variety of professions.

REQUIRED SUPPORTING COURSES

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

***NOTE: Successful completion of these courses will meet the State Common Prerequisites requirements of the World Languages Degree.**

- ITA 1120 - Beginning Italian I **Credit(s): 4**
- ITA 1121 - Beginning Italian II **Credit(s): 4**
- ITA 2200 - Italian III **Credit(s): 3**

CONCENTRATION CORE COURSES: 3 COURSES; 9 CREDIT HOURS

Select three (3) courses from the following list.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- ITA 2240 - Italian Conversation **Credit(s): 3**
- ITA 3234 - Reading and Writing in Italian **Credit(s): 3**

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON PREREQUISITES - WORLD LANGUAGES AND CULTURES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- XXX XXXX * 6-12 credit hours
- *Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

REQUIRED COURSES: (30 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- LIN 3003 - Language Matters **Credit(s): 3**
- FOT 4131 - Understanding World Cultures **Credit(s): 3**

REQUIRED CONCENTRATION COURSES: (24 CREDIT HOURS)

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:

- Chinese Language and Culture and East Asian Languages and Cultures
- Classics and Interdisciplinary Classical Civilizations

RUSSIAN CONCENTRATION COURSES: 8 COURSES; 24 CREDIT HOURS

The concentration in Russian seeks to prepare its students to understand the language, literature, and culture of Russia. One of the concentration's primary goals is to prepare students to be able to interact productively with Russian speakers. The concentration seeks to develop the highest possible level of proficiency in the Russian language in each of its students as a foundation for both academic understanding and everyday communication. In order to achieve this goal, the Russian concentration treats language and culture as an inextricably bound up nexus that has to be inculcated at every step of the learning process.

REQUIRED SUPPORTING COURSES

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

***NOTE: Successful completion of these courses will meet the State Common Prerequisites requirements of the World Languages Degree.**

- RUS 1120 - Beginning Russian I **Credit(s): 4**
- RUS 1121 - Beginning Russian II **Credit(s): 4**
- RUS 2220 - Intermediate Russian I **Credit(s): 4**

CONCENTRATION CORE COURSE: 1 COURSE; 4 CREDIT HOURS

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- RUS 2221 - Intermediate Russian II **Credit(s): 4**

CONCENTRATION ELECTIVE COURSES: 7 COURSES; 20 CREDIT HOURS

Select seven (7) courses from the following list.

- RUS 3240 - Russian Language & Culture through Film **Credit(s): 3**
- RUS 3470 - Overseas Study **Credit(s): 1-6**
- RUS 4241 - Russian Language & Culture through Film II **Credit(s): 3**
- RUS 3500 - Russian Civilization **Credit(s): 3**
- RUS 4900 - Selected Topics **Credit(s): 1-3**
- RUS 4905 - Directed Study **Credit(s): 1-3**
- RUT 3110 - Nineteenth Century Russian Literature in English **Credit(s): 3**
- RUT 3111 - Twentieth-Century Russian Literature in English **Credit(s): 3**
- One course from an EUH-, an INR- or a PHI-prefixed course, dealing with Russia (prior approval from an advisor is required).

DUAL CONCENTRATION IN RUSSIAN

If taking Russian as a dual concentration, these are the requirements.

1. Prerequisite/Supporting Courses

The following courses are prerequisite/supporting courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

- RUS 1120 - Beginning Russian I **Credit(s): 4**
- RUS 1121 - Beginning Russian II **Credit(s): 4**
- RUS 2220 - Intermediate Russian I **Credit(s): 4**

2. Concentration Core: 1 course; 4 credit hours

- RUS 2221 - Intermediate Russian II **Credit(s): 4**

3. Concentration Elective Courses: 3 courses; 8 credit hours

Select three (3) courses from the following list.

- RUS 3240 - Russian Language & Culture through Film **Credit(s): 3**
- RUS 3470 - Overseas Study **Credit(s): 1-6**
- RUS 3500 - Russian Civilization **Credit(s): 3**
- RUS 4241 - Russian Language & Culture through Film II **Credit(s): 3**
- RUS 4900 - Selected Topics **Credit(s): 1-3**
- RUS 4905 - Directed Study **Credit(s): 1-3**
- One course from an EUH-, an INR- or a PHI-prefixed course, dealing with Russia (prior approval from an advisor is required).
- RUT 3111 - Twentieth-Century Russian Literature in English **Credit(s): 3**
(Also take as Nineteenth Century Russian Literature in English **Credit(s): 3**)

4. Twelve (12) hours in another dual concentration.

- World Languages and Cultures B.A., with Applied Linguistics Concentration
- World Languages and Cultures B.A., with Classics Concentration
- World Languages and Cultures B.A., with Chinese Language and Culture Concentration
- World Languages and Cultures B.A., with East Asian Languages and Cultures Concentration

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department and College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The [Office of High Impact Practices and Undergraduate Research](#) will assist students in understanding the various course options.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CAS Academic Advisor Contact information can be found here: [CAS Advisors](#)

The Bachelor of Arts in World Languages and Cultures offers students a solid foundation in language and linguistic skills, as well as knowledge of diverse cultures. Upon completion of the program, students will be able to interact and participate in a global environment.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
 - **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
 - **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>
- For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON PREREQUISITES - WORLD LANGUAGES AND CULTURES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- XXX XXXX * 6-12 credit hours
- *Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

REQUIRED COURSES: (30 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- LIN 3003 - Language Matters **Credit(s): 3**
- FOT 4131 - Understanding World Cultures **Credit(s): 3**

REQUIRED CONCENTRATION COURSES: (24 CREDIT HOURS)

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:

- Chinese Language and Culture and East Asian Languages and Cultures
- Classics and Interdisciplinary Classical Civilizations

SPANISH AND LATIN AMERICAN STUDIES CONCENTRATION COURSES: 8 COURSES; 24 CREDIT HOURS

The Interdisciplinary Spanish and Latin American Studies concentration focuses on the language and culture of the Spanish-speaking world. Spanish is a global language, the second most spoken native language in the world. The historical ties with Spain, the proximity of Spanish America, and the presence of many Spanish speakers in the United States make knowledge of Spanish and the culture of the Spanish-speaking world highly relevant to students in all disciplines.

Please note the following restrictions:

- No more than six credit hours of coursework between 2240-2999 may be applied to the Spanish concentration.
- A student may take no more than one course with an SPT prefix.
- SPN 2240 - Conversation I may also be counted as concentration electives, unless the course has been used to fulfill another concentration and/or major requirement.
- The requirements of SPN 3300 - Advanced Spanish Grammar and Composition or SPN 2340 - Advanced Spanish for Native Speakers I may be waived for qualified students. These students will take an additional course to satisfy the concentration requirements.

REQUIRED SUPPORTING COURSES

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

CHINESE LANGUAGE MINOR

TOTAL MINOR HOURS: 18

The minor in Chinese Language is designed for majors in any field who wish to demonstrate in-depth knowledge of Chinese language, culture and society. The minor in Chinese Language is designed to equip students with a foundation in Chinese language and culture necessary to successfully interact with Chinese people.

MINOR REQUIREMENTS

A total of 18 semester hours is required for the minor in Chinese Language. Of those 18 hours, 12 hours are to be fulfilled with required core courses in language and culture. An additional 6 hours are to be fulfilled with electives selected in consultation with a Chinese faculty advisor.

MINOR CORE (12 CREDIT HOURS)

- CHI 3241 - Advanced Chinese Conversation I **Credit(s): 3**
- CHI 3242 - Advanced Chinese Conversation II **Credit(s): 3**
- CHT 3500 - Introduction to Chinese Culture **Credit(s): 3**
- CHT 3110 - Traditional Chinese Literature in Translation **Credit(s): 3**
or
- CHT 3124 - Modern Chinese Literature in Translation **Credit(s): 3**

MINOR ELECTIVES (6 CREDIT HOURS)

- CHI 4905 - Directed Study **Credit(s): 1-5**
- CHI 4930 - Special Topics **Credit(s): 1-3**

GPA REQUIREMENTS

Minor GPA (all USF courses which are applied to minor requirements): 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENT

A minimum of 10 of the 18 hours required for the minor must be completed in residence at USF.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

CLASSICS MINOR

TOTAL MINOR HOURS: 17

The interdisciplinary minor is designed to make the study of the ancient world available to students, in a programmatic way, without the requirement of learning Latin or Greek. Students learn about the history, literature, art and culture of antiquity in courses that emphasize the study of primary texts in English translation.

MINOR REQUIREMENTS

The Classics minor requires 17 credit hours, which are divided between language and civilization requirements.

MINOR CORE (17 CREDIT HOURS)

LANGUAGE REQUIREMENTS (8 CREDIT HOURS)

Students are required to take at least two (2) successive courses in a single language, Latin or Ancient Greek (LAT, LNW, GRE, GRW).

CIVILIZATION REQUIREMENTS (9 CREDIT HOURS)

Students are required to take three (3) of the core courses offered by Classics:

- CLA 3103 - Daily Life in Ancient Greece **Credit(s): 3**
- CLA 3124 - Daily Life in Ancient Rome **Credit(s): 3**
- CLT 3103 - Epic Battles and Dramatic Reversals in Greek Thought **Credit(s): 3**
- CLT 3123 - Voyages and Metamorphoses in Roman Imagination **Credit(s): 3**
- CLT 3370 - Gods Heroes and Monsters in the Ancient World **Credit(s): 3**

GPA REQUIREMENTS

Minor GPA (all USF courses which are applied to minor requirements): 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

CAS Minor Academic Residency Requirement: 50% of minor must be completed at USF.

FRENCH AND FRANCOPHONE STUDIES MINOR

French is a truly global language, the official or second language of over forty countries worldwide and an important tool in business and diplomacy. Our faculty offer a large variety of courses in literature and culture across different media, genres, centuries, and geographical regions. Our faculty is attentive and our students form a close community.

The placement record for our graduates is impressive, including students who go on to obtain advanced academic degrees and professional degrees such as law and business. Others apply their French to teaching, politics, academic administration, and federal government jobs.

TOTAL MINOR CREDIT HOURS: 15

MINOR ELECTIVE HOURS: 15

- Select 15 hours of FRE or FRW courses above FRE 2200 (French III).
- One course (3 credits) may be an FRT course given in English.

GPA REQUIREMENT

A GPA of 2.0 or better in the minor is required for certification.

GRADING REQUIREMENT

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

RESIDENCY REQUIREMENTS

CAS Minor Academic Residency Requirement: 50% of minor must be completed at USF.

OTHER REQUIREMENTS

The French minor strongly encourages study abroad and provides advice on the same. [USF World](#)USF World offers several programs in France and Francophone countries.

INTERDISCIPLINARY CLASSICAL CIVILIZATIONS MINOR

TOTAL MINOR HOURS: 15

MINOR CORE (15 CREDIT HOURS)

The ICC Minor (15 hours) can be fulfilled in one of two ways:

Option 1: Courses are divided by level, with the "field" of study unrestricted (15 credit hours):

- Two courses (6 hours) from the ICC Minor "Core:"
- CLA 3103 - Daily Life in Ancient Greece **or** CLT 3103 - Epic Battles and Dramatic Reversals in Greek Thought
- CLA 3124 - Daily Life in Ancient Rome **or** CLT 3123 - Voyages and Metamorphoses in Roman Imagination
- CLT 3370 - Gods Heroes and Monsters in the Ancient World
- Three (3) credit hours from 2000- or 3000-level courses in Anthropology, History, Philosophy and Religious Studies, selected with the guidance and approval of the Coordinator.
- Six (6) credit hours from 3000- or 4000-level courses in Anthropology, History, Philosophy and Religious Studies, selected with the guidance and approval of the Coordinator.

Option 2: Courses are organized along an interdisciplinary principle (15 credit hours):

- Two courses (6 hours) from the ICC Minor "Core:"
- CLA 3103 - Daily Life in Ancient Greece **or** CLT 3103 - Epic Battles and Dramatic Reversals in Greek Thought
- CLA 3124 - Daily Life in Ancient Rome **or** CLT 3123 - Voyages and Metamorphoses in Roman Imagination
- CLT 3370 - Gods Heroes and Monsters in the Ancient World
- Nine (9) credit hours from the Interdisciplinary Requirements. The student will complete three (3) 3-credit courses, one each from three of the following four fields:
 - Anthropology
 - History
 - Philosophy
 - Religious Studies

GPA REQUIREMENTS

Minor GPA (all USF courses which are applied to minor requirements): 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

LINGUISTICS MINOR

TOTAL MINOR HOURS: 15

The linguistics minor can complement any language major, as well as many other majors. In the linguistics minor, you will have the opportunity to take upper-level classes focusing on language, culture, pedagogy and theoretical linguistics. The minor can prepare you for teaching a foreign language in the United States, teaching English overseas, working for a company in which there are multinational employees, and other similar careers. It will also give you a foundation to pursue graduate work in applied linguistics or languages. Knowledge of the structure of language will help you hone your analytic thinking skills, which can be transferred to other areas such as succeeding on the LSAT or entering a career in the field of computer science. Linguistics courses can also help you improve your writing-related skills, oral communication skills, and intercultural communication.

MINOR REQUIREMENTS

MINOR CORE (3 CREDIT HOURS)

- LIN 3010 - Introduction to Linguistics **Credit(s): 3**

MINOR ELECTIVES (12 CREDIT HOURS)

- ANT 3610 - Linguistic Anthropology **Credit(s): 3**
- CLT 3040 - Scientific and Medical Terminology **Credit(s): 3**
- FLE 4390 - Teaching Foreign/Second Languages **Credit(s): 3**
- FRE 4700 - French Linguistics **Credit(s): 3**
- LIN 2002 - Language, Culture & Film **Credit(s): 3**
- LIN 3003 - Language Matters **Credit(s): 3**

JAPANESE CERTIFICATE

TOTAL CERTIFICATE HOURS: 15-17

The certificate is constructed for individuals who are pursuing a bachelor's degree in any field as well as non-degree seeking students and desire to advance their Japanese learning. By developing individuals' knowledge and understanding for the Japanese language and culture, this certificate will prepare them for working in Japan or for Japanese companies, working as a foreign service officer in the U.S. Department of State, or applying for the Japanese Exchange and Teaching (JET) program, etc. in the future. The certificate is offered through the Department of World Languages

CERTIFICATE REQUIREMENTS

Students must complete the following two courses or their equivalents before applying to the certificate program.

- JPN 1120 - Modern Japanese I **Credit(s): 4**
- JPN 1121 - Modern Japanese II **Credit(s): 4**

CERTIFICATE CORE (11 CREDIT HOURS)

- JPN 2220 - Modern Japanese III **Credit(s): 4**
- JPN 2221 - Modern Japanese IV **Credit(s): 4**
- JPN 3400 - Japanese V **Credit(s): 3**

CERTIFICATE ELECTIVES (4-6 CREDIT HOURS)

Students choose two (2) courses from the following list of electives:

- JPN 4020 - Japanese Calligraphy **Credit(s): 1**
- JPT 4957 - Japan Study Program: Culture, History and Society **Credit(s): 3**
- JPN 3401 - Japanese VI **Credit(s): 3**

GPA REQUIREMENTS

A minimum 2.0 GPA is required.

GRADING REQUIREMENT

A minimum grade of C (2.0) or higher must be attained in each course.

RESIDENCY REQUIREMENT

A minimum of 9 credit hours must be completed at the University of South Florida. In case of study abroad programs, exceptions can be made.

OTHER REQUIREMENTS

Relevant courses not listed as requirements or electives and offered in other departments may be substituted with the approval of the coordinator.

College of Behavioral and Community Sciences

13301 Bruce B. Downs Blvd, MHC 1110
Tampa, FL 33620
(813) 974-4602
<http://www.usf.edu/cbcs/>

Physical Location: MHC is located near East Fletcher Avenue and Bruce B. Downs Blvd. on the north-west corner of the USF campus. The main entrance is at USF Holly Drive.

About the College

Established in 2008, the College of Behavioral & Community Sciences is breaking new ground by combining knowledge gained through the behavioral sciences with knowledge gained from the community. Our emphasis on Behavioral Science reflects a focus on individuals, emphasizing behavioral research that examines the problems and challenges people encounter, as well as their need for clinical and supportive services. Our emphasis on Community Science reflects our commitment to understanding the larger contextual factors that have an impact on the well-being and safety of individuals and their families, such as the effectiveness of systems and policies that impact and support the well-being of individuals. We accomplish this by engaging community and neighborhood stakeholders in a partnered, participatory manner and by collaborating with local, state, and national organizations in both the public and private sectors.

The College of Behavioral & Community Sciences serves approximately 3,000 students with eight (8) undergraduate, (11) eleven master's, and seven (7) doctoral programs housed in six (6) academic departments/schools. The College is the home of the Louis de la Parte Florida Mental Health Institute, one of the largest behavioral health research and training institutes in the country as well as 17 specialized Research Centers and Institutes. Our aim is nothing less than to be among the most influential resources for behavioral and community sciences in the region, nation, and world

Mission, Vision, Values

Mission

To advance knowledge through interdisciplinary teaching, research, and service that improves the capacity of individuals, families, and diverse communities to promote productive, satisfying, healthy, and safe lives across the lifespan.

Vision

College of Behavioral and Community Sciences envisions the college as a globally recognized leader that creates innovative solutions to the complex conditions that affect the behavior and well-being of individuals, families, and diverse communities.

Values

Inclusion and diversity in all its dimensions are core values that permeate the teaching, research, and service activities of College of Behavioral and Community Sciences. As members of the higher education community, the College of Behavioral and Community Sciences values shared governance, academic freedom, and professional responsibility.

PRINCIPLES THAT GUIDE OUR WORK

In implementing our work, College of Behavioral and Community Sciences strives to incorporate Interdisciplinary approaches to teaching, research, and service; engagement with community partners; and student participation in research, service, and global initiatives.

College-Level Requirements

COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Entrance Requirement to Declare a Major in the College of Behavioral and Community Sciences Students must have a minimum 2.00 cumulative grade point average in any previously attempted USF/overall college-level coursework prior to declaring a major in the College of Behavioral and Community Sciences. Exceptions will be considered on an individual basis, with departmental approval required, by the CBCS Academic Regulations Committee.

Major Residency Requirement

College of Behavioral and Community Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Behavioral and Community Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

Other Information - Departmental Minor

Students may not use courses in the major for the minor, unless approved by the department offering the minor.

Graduation Requirements

EACH STUDENT IS RESPONSIBLE FOR MEETING GRADUATION REQUIREMENTS AS FOLLOWS:

Complete at least 120 accepted semester hours with a minimum USF cumulative Grade Point Average (GPA) and overall GPA of 2.00. All grades including "D"s and "F"s are used to calculate USF, overall, and major GPAs for students in the College of Behavioral and Community Sciences.

Maintain major GPA of 2.00 in USF coursework.

Complete the Foreign Language Entrance Requirement. Students pursuing a B.A. degree must also complete the Foreign Language Exit Requirement.

Satisfy the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math). Transfer students who enter USF with 60 or more semester hours from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission are considered to have met the communication portion of this Regulation.

Complete 36 hours of General Education State Core courses and Enhanced General Education Curriculum (for more information, see section titled "Enhanced General Education" in Academic Policies and Procedures section).

Complete at least 9 semester hours at a Florida public university in the Florida State University System during summer terms if entering USF with fewer than 60 semester hours.

Complete all major course requirements.

Thirty (30) of the last 60 semester hours must be completed at USF to fulfill the residency requirement.

When double majoring, a maximum of 2 courses or 8 hours may be used to satisfy requirements between majors. Students should check with the advisors in both departments when pursuing more than one degree.

S/U contracts must be negotiated in writing within the first three (3) weeks of the term. No credits may be taken S/U in the student's major unless S/U is the only grading option. Coursework fulfilling the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 (five) days of classes.

Complete Civics Literacy requirement.

Complete a minimum of 42 hours of upper-level courses (numbered 3000 or above).

Students must apply for graduation by the end of the fourth week of their final semester (See Registrar's calendar for exact dates.). For late application information, please refer to the Application for Graduation section of the Academic Policy and Procedures division of the catalog.

Global Pathways

<http://www.usf.edu/gcp/students/index.aspx>

A Global Pathway is an undergraduate major or degree program that has significant global content. Global Pathways provide students with the opportunity to practice and apply global competencies through the major or degree program. The following programs are designated as Global Pathway Programs:

UNDERGRADUATE RESEARCH IN BEHAVIORAL & COMMUNITY SCIENCES CERTIFICATE

TOTAL CERTIFICATE HOURS: 13

The Undergraduate Research certificate is designed for students interested in attending graduate school or pursuing research careers. Students complete a systematic undergraduate research preparation program consisting of a minimum of 13 hours of coursework, many of which will count toward their general education requirements or requirements for their major.

CERTIFICATE REQUIREMENTS

CERTIFICATE CORE (13 CREDIT HOURS)

IDS 1505 - Introduction to Research in Behavioral and Community Sciences **Credit(s): 2**

IDS 2600 - Applications of Research in Community Settings **Credit(s): 1**

Advanced Research Course (MHS 4741 or MHS 4731)

STA 2122 - Social Science Statistics **Credit(s): 3** (or approved Statistics course)

Research Methods Course (PSY 3213; CCJ 3701; GEY 4401; SOW 3401; MHS 3753 or equivalent)

Directed Research or Thesis

GPA REQUIREMENTS

An overall USF GPA of at least 2.0 must be maintained.

RESIDENCY REQUIREMENTS

Students must complete 50% of the minor requirements at USF.

OTHER INFORMATION

This certificate can be completed online.

ADVISING INFORMATION

For questions about the minor, please email bhcadvise@usf.edu.

SCHOOL OF AGING STUDIES

COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

AGING SCIENCES B.S.

TOTAL DEGREE HOURS: 120

The Bachelor of Science degree in Aging Sciences entails 36 credit hours of required coursework. In this program, the course of study provides students with an education in aging sciences and some exposure to the various career opportunities in the field of aging. This degree is especially appropriate for students who plan to pursue graduate or professional work in aging, allied health or a related field, or who plan to work with older adults in careers such as care management, social services, or program development.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

STATE MANDATED COMMON COURSE PREREQUISITES - AGING SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

STA X122 Social Science Statistics or QMB X150 or STA X014 or STA X023 or STA X024 or QMB X100 - 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

REQUIRED COURSES: (36 CREDIT HOURS)

MAJOR CORE COURSES: 7 COURSES; 21 CREDIT HOURS

GEY 2000 - Introduction to Aging Sciences **Credit(s): 3**

GEY 3601 - Physical Changes and Aging **Credit(s): 3**

GEY 4401 - Research Methods in Aging **Credit(s): 3**

GEY 4612 - Psychology of Aging **Credit(s): 3**

GEY 4628 - Health, Ethnicity, and Aging **Credit(s): 3**

GEY 4641 - Death and Dying **Credit(s): 3**

REQUIRED CAPSTONE COURSE; 1 COURSE; 3 CREDIT HOURS

Students will choose one.

Note: These courses are School capstone experience courses and do not qualify to meet the General Education requirement.

COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- GEY 4945 - Internship **Credit(s): 1-9** (Should be taken for 3 credits)
GEY 4690 - Senior Seminar in Aging **Credit(s): 3**
GEY 4917 - Directed Research in Aging **Credit(s): 1-4** (Should be taken for 3 credits)

MAJOR (RESTRICTED) ELECTIVES: 5 COURSES; 15 CREDIT HOURS

B.S. students complete 15 additional elective hours. Students should meet frequently with the departmental advisor to plan courses that will prepare them for their career goals.

- DEP 2004 - The Life Cycle **Credit(s): 3**
GEY 3503 - Administration of Assisted Living Facilities **Credit(s): 3**
GEY 3625 - Sociological Aspects of Aging **Credit(s): 3**
GEY 4102 - Aging in Modern Literature and Film **Credit(s): 3**
GEY 4322 - Care Management for Older Adults **Credit(s): 3**
GEY 4360 - Counseling for Older Adults **Credit(s): 3**
GEY 4475 - Program Evaluation in an Aging Society **Credit(s): 3**
GEY 4507 - Understanding Policies and Practices of Long Term Care **Credit(s): 3**
GEY 4520 - Legal Aspects of Health Care Administration **Credit(s): 3**
GEY 4608 - Alzheimer's Disease Management **Credit(s): 3**
GEY 4632 - Economics of Aging **Credit(s): 3**
GEY 4635 - Business Management in an Aging Society **Credit(s): 3**
GEY 4900 - Directed Readings in Aging **Credit(s): 1-3**

ADDITIONAL INFORMATION - AGING SCIENCES B.S.

GRADING REQUIREMENTS

A grade of lower than "C-" in Aging Sciences courses will not be counted toward fulfilling the requirements for the major.

INTERNSHIP OPPORTUNITIES

Students who have completed a major portion (usually in the final 2 semesters of the program) of the Aging Sciences program of study may opt to apply for an internship to fulfill the major capstone requirement required for graduation. Internships are selective and awarded to students who demonstrate considerable professional readiness and have developed well-defined professional goals that will be enriched and advanced through an internship. Internships are typically worth 3 credit hours.

RESEARCH OPPORTUNITIES - AGING SCIENCES B.S.

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript to document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) will assist students in understanding the various course options.

ADVISING INFORMATION - AGING SCIENCES B.S.

Contact the undergraduate advisor as early as possible in your career at the University of South Florida. Students should plan to meet frequently with the advisor to plan courses and internship that will prepare the student for career goals.

Undergraduate Advisor: Lu Norstrand at lubai@usf.edu.

HEALTH CARE ADMINISTRATION B.S.

TOTAL DEGREE HOURS: 120

The Bachelor of Science Degree in Health Care Administration provides students with a basic education in gerontology and the business and administrative aspects of the health care industry. This program is especially appropriate for students who intend to enter the health care industry immediately following graduation. Students may choose an area of specialization to suit their career interests. This would include preparing students to sit for the state licensing examinations to become Assisted Living or Nursing Home Administrators.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

HSC 4630 - Understanding U.S. Health Care **Credit(s): 3**
ISM 3011 - Information Systems in Organizations **Credit(s): 3**
MAN 3301 - Human Resource Management **Credit(s): 3**

* Under certain circumstances, students may be able to substitute 3 undergraduate classes (9 credit hours) to replace the Internship with permission from the Undergraduate Director.

ADDITIONAL INFORMATION - HEALTH CARE ADMINISTRATION B.S.

GRADING REQUIREMENT

A grade of lower than "C-" in major core courses will not be counted toward fulfilling the requirements for the major.

INTERNSHIP OPPORTUNITIES

A full-time (650 hours) internship is available for students completing the Bachelor of Science Degree in Health Care Administration. The internship, scheduled after successful completion of all major prerequisites and all but one of the required courses, is intended to prepare students for entry-level positions in nursing home administration. Students should expect to meet with the advisor the semester prior to the internship in preparation of their internship experience.

NOTE: a Level 2 background check is required for most Internships, possibly at the student's expense.

OTHER INFORMATION

Students who do not wish to complete the full-time internship (GEY 4945) will need to choose 3 undergraduate courses (9 credit hours) of electives. Students will need to receive permission from the Undergraduate Director and meet with the Academic Advisor to decide which classes best fit their goals at least a semester in advance.

RESEARCH OPPORTUNITIES - HEALTH CARE ADMINISTRATION B.S.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - HEALTH CARE ADMINISTRATION B.S.

Students are strongly encouraged to meet each semester with the departmental advisor to plan courses that will prepare the student for career goals.

Undergraduate Advisor: Lu (Lucy) Norstrand at lubai@usf.edu.

AGING SCIENCES MINOR

An undergraduate minor is available for students interested in pursuing careers in aging in conjunction with any undergraduate major. It may be particularly beneficial to students majoring in such disciplines as anthropology, business, communication sciences and disorders, government and international affairs, nursing, psychology, public health, health care, social work, and sociology.

MINOR REQUIREMENTS

The minor in Aging Sciences consists of a minimum of five (5) courses (15 credit hours).

TOTAL MINOR CREDIT HOURS: 15

Minor Core Credit Hours: 9

- GEY 3601 - Physical Changes and Aging **Credit(s): 3**
- GEY 3625 - Sociological Aspects of Aging **Credit(s): 3**
- GEY 4612 - Psychology of Aging **Credit(s): 3**

MINOR ELECTIVE HOURS: 6

Six (6) additional credit hours of GEY coursework.

- GEY 2000 - Introduction to Aging Sciences **Credit(s): 3**
- GEY 4401 - Research Methods in Aging **Credit(s): 3**
- GEY 4628 - Health, Ethnicity, and Aging **Credit(s): 3**
- GEY 4641 - Death and Dying **Credit(s): 3**
- GEY 3503 - Administration of Assisted Living Facilities **Credit(s): 3**
- GEY 4692 - Professional Development and Engagement in Aging **Credit(s): 3**
- GEY 4102 - Aging in Modern Literature and Film **Credit(s): 3**
- GEY 4322 - Care Management for Older Adults **Credit(s): 3**
- GEY 4507 - Understanding Policies and Practices of Long Term Care **Credit(s): 3**
- GEY 4360 - Counseling for Older Adults **Credit(s): 3**
- GEY 4475 - Program Evaluation in an Aging Society **Credit(s): 3**
- GEY 4520 - Legal Aspects of Health Care Administration **Credit(s): 3**
- GEY 4647 - Ethical and Legal Issues in Aging **Credit(s): 3**
- GEY 4690 - Senior Seminar in Aging **Credit(s): 3**
- GEY 4900 - Directed Readings in Aging **Credit(s): 1-3**
- GEY 4917 - Directed Research in Aging **Credit(s): 1-4**
- GEY 4608 - Alzheimer's Disease Management **Credit(s): 3**
- GEY 4635 - Business Management in an Aging Society **Credit(s): 3**

GPA REQUIREMENTS

A minimum overall 2.0 GPA in minor coursework.

GRADING REQUIREMENTS

A grade of C- or lower in any Aging Sciences courses will not be counted toward the minor.
A maximum of 3 credits of S/U coursework may be counted toward the minor.

ADVISING INFORMATION

Students are strongly encouraged to meet each semester with the departmental advisor to plan courses that align with career goals.

Undergraduate Advisor: Lucy Norstrand at lubai@usf.edu.

RESIDENCY REQUIREMENTS

Fifty percent (50%) of the minor must be completed through USF coursework.

ADDICTIONS STUDIES MINOR

TOTAL MINOR HOURS: 18

The Addictions Studies minor is for students seeking knowledge and skills in the field of addiction treatment and is especially valuable for those seeking state level Certification as an Addictions Professional or those seeking to prepare for a graduate program in Counseling. The Addictions Studies minor is open to all students. The minor will provide students with the skills to successfully enter the field of addictions counseling and work towards state level certification.

MINOR REQUIREMENTS (18 HOURS)

RCS 4051 - Addictions Counseling and Coordination of Services **Credit(s): 3**

RCS 4502 - Group Counseling for Addictive Disorders **Credit(s): 3**

RCS 4503 - Addiction Treatment with Special Populations **Credit(s): 3**

or

MHS 4455 - Drug Abuse Prevention and Treatment **Credit(s): 3**

RCS 4504 - Therapeutic Communication Skills for Addiction Counseling **Credit(s): 3**

RCS 4452 - Introduction to Assessment and Treatment Approaches for Addictive Disorders **Credit(s): 3**

RCS 4453 - Overview of Addictive Disorders **Credit(s): 3**

or

MHS 4453 - Applied Psychopharmacology in Drug Abuse and Dependency **Credit(s): 3**

GRADING REQUIREMENTS

A grade of B- or higher is required in every course in the minor.

If a student gets a grade lower than a B- in a course, the student must retake that course to stay in the minor.

RESIDENCY REQUIREMENT

Fifty percent (50%) of the minor must be completed through USF coursework.

ADVISING INFORMATION

Students may contact department for general questions at 813-974-2855 or vbuckles@usf.edu.

APPLIED BEHAVIOR ANALYSIS MINOR

TOTAL MINOR HOURS: 18

The Applied Behavior Analysis (ABA) minor is for students seeking knowledge and skills in the field and is especially valuable for those seeking to become a Board Certified Assistant Behavior Analyst (BCaBA)® or those seeking to prepare for a graduate program in ABA. The ABA minor is open to all students.

MINOR REQUIREMENTS

MINOR CORE (18 CREDIT HOURS)

MHS 3204 - Fundamentals of Applied Behavior Analysis **Credit(s): 3**

or

CLP 4414 - Behavior Modification **Credit(s): 3** (Students who take CLP 4414 may not be eligible to take the national certification exam. Contact the ABA minor coordinator with questions.)

MHS 4202 - Behavioral Assessment and Intervention Planning **Credit(s): 3**

MHS 4204 - Skills Assessment and Training in Applied Behavior Analysis **Credit(s): 3**

MHS 4208 - Organizational Behavior Management **Credit(s): 3**

MHS 4412 - Research Methods in Applied Behavior Analysis **Credit(s): 3**

MHS 4704 - Ethics in Applied Behavior Analysis **Credit(s): 3**

GRADING REQUIREMENTS

A grade of B- or higher is required in every course in the minor. If a student gets a grade lower than a B- in a course, the student must retake that course to stay in the minor.

RESIDENCY REQUIREMENT

Fifty percent (50%) of the minor must be completed through USF coursework.

ADVISING INFORMATION

Students may contact the Coordinator of the ABA Minor for general questions at bryonmiller@usf.edu.

ADDICTIONS AND SUBSTANCE ABUSE PROFESSION CERTIFICATE

TOTAL CERTIFICATE HOURS: 15

The Addictions and Substance Abuse Certificate is designed for students interested in pursuing a career working in the addiction and substance abuse field. Completion of the certificate program meets partial requirement for state certification as an addiction professional (CAP). According to the Florida Certification Board, the CAP designation is a professional substance abuse credential for people who assess, develop and provide substance abuse treatment services and plans. Individuals holding the CAP are recognized/hold the practice rights of "qualified professionals" per Chapter 397, F.S. Therefore, this credential will allow students to practice in substance abuse field. This certificate program is beneficial to persons in sociology, social work, psychology, criminology, pre-med, nursing, and any closely related human service field.

CERTIFICATE REQUIREMENTS

CERTIFICATE CORE (15 CREDIT HOURS)

RCS 4504 - Therapeutic Communication Skills for Addiction Counseling **Credit(s): 3**

RCS 4452 - Introduction to Assessment and Treatment Approaches for Addictive Disorders **Credit(s): 3**

RCS 4453 - Overview of Addictive Disorders **Credit(s): 3**

or

MHS 4453 - Applied Psychopharmacology in Drug Abuse and Dependency **Credit(s): 3**

RCS 4503 - Addiction Treatment with Special Populations **Credit(s): 3**

or

MHS 4455 - Drug Abuse Prevention and Treatment **Credit(s): 3**

RCS 4051 - Addictions Counseling and Coordination of Services **Credit(s): 3**

GPA REQUIREMENTS

An overall USF GPA of at least 2.50 must be maintained.

GRADING REQUIREMENT

A grade of "B" (not B-) must be obtained in all courses applying toward the certificate.

ASL INTERPRETING B.A.

TOTAL DEGREE HOURS: 120

The ASL Interpreting major seeks to educate students to become sign language interpreters. The major includes instruction in both the theory and practice of sign language interpretation. A program of 49 credit hours is planned for the student majoring in ASL Interpreting. Students entering the major must demonstrate proficiency in ASL at the intermediate level prior to beginning the first semester of core courses in the major. Proficiency is demonstrated through successful completion of the ASL prerequisites courses listed below (or equivalent transfer courses) with a minimum grade of B- or higher in each course.

Certified Global Pathways Program

This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of High-Impact Practices and Undergraduate Research website.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - ASL INTERPRETING B.A.

Any student who receives a grade of "D+" or lower in two or more USF Communication Sciences and Disorders courses will be required to pursue major reselection. Note: Students may use grade forgiveness to improve GPA, but all "D+" or lower grades will count towards the maximum allowed total "D+" or lower grades in the major whether grade forgiven or not.

STATE MANDATED COMMON COURSE PREREQUISITES - ASL INTERPRETING B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of B- is the minimum acceptable grade in prerequisite courses.

ASL X140C Basic American Sign Language - 4 credit hours

ASL X150C Intermediate American Sign Language - 4 credit hours

ASL X160 **OR** ASL X160C American Sign Language III - 3-4 credit hours

ASL X201 **OR** ASL X200 **OR** ASL X220 American Sign Language IV - 3-4 credit hours

ASL X301 Structure of Sign Language **OR** ASL X300 Linguistics of ASL - 3 credit hours

NOTE: USF accepts ASL X160C and ASL X220C as alternatives for their respective ASL X160 and ASL X220 courses.

COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

REQUIRED COURSES: (49 CREDIT HOURS)

ASL 3324 - ASL Narratives - Analysis Comprehension and Fluency **Credit(s): 3**
ASL 3514 - Deaf Culture **Credit(s): 3**
ASL 3202 - American Sign Language V **Credit(s): 3**

SPA 3470 - Culture and Diversity in CSD **Credit(s): 3**

ADDITIONAL INFORMATION - ASL INTERPRETING B.A.

FOREIGN LANGUAGE REQUIREMENTS

In addition to the foreign language entrance requirement, all students applying for a Bachelor of Arts degree from USF must demonstrate competency in a foreign language. To demonstrate this competency, students may take either two semesters of a beginning college-level foreign language or one semester of a higher-level course and earn a letter grade of "C" (no "S" grades) or above in the appropriate level course or demonstrate equivalent competency by passing an examination. Students may fulfill this requirement by demonstrating fluency in a language other than English and proficiency in English, as demonstrated in successful coursework or examination in English.

OTHER REQUIREMENTS

Graduation within the ASL Interpreting major also requires successful completion of the Center for the Assessment of Sign Language Interpreters (CASLI) written NIC examination. Students entering the ASL Interpreting major must demonstrate proficiency in ASL at the intermediate level prior to beginning the first semester of core courses in the major. Proficiency is demonstrated through successful completion of the ASL prerequisite courses listed below (or equivalent transfer courses) with a minimum grade of B- or higher in each course.

GPA REQUIREMENTS

Students must have an overall 2.0 GPA in core.

GRADING REQUIREMENTS

A student must receive a "C-" grade or better in all courses within the major (some prerequisites may require higher minimum grades).

RESEARCH OPPORTUNITIES - ASL INTERPRETING B.A.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply

COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - ASL INTERPRETING B.A.

For questions related to advising, please contact our advisor at ASLAdvise@usf.edu.

Plans of Study - ASL Interpreting B.A.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see <https://www.usf.edu/undergrad/students/civics-literacy.aspx> or talk with your academic advisor. Items that are critical are marked with a * and are included in the plan for a student to stay on track.

ADDITIONAL INFORMATION - LANGUAGE, SPEECH, AND HEARING SCIENCES B.A.

FOREIGN LANGUAGE REQUIREMENTS

In addition to the foreign language entrance requirement, all students applying for a Bachelor of Arts degree from USF must demonstrate competency in a foreign language. To demonstrate this competency, students may take either two semesters of a beginning college-level foreign language or one semester of a higher-level course and earn a letter grade of "C" (no "S" grades) or above in the appropriate level course or demonstrate equivalent competency by passing an examination. Students may fulfill this requirement by demonstrating fluency in a language other than English and proficiency in English, as demonstrated in successful coursework or examination in English. Two semesters of American Sign Language are accepted to meet this requirement, but a student may take any foreign language to meet the requirement.

OTHER REQUIREMENTS

All incoming students in the B.A. LSH program will be classified as pre-LSH until they have completed the state mandated prerequisites with a C- or better. All B.A. LSH students must register to become a CSD-LSH major the semester prior to being qualified (i.e., the semester in which they are finishing their last state mandated prerequisite courses).

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework

GRADING REQUIREMENTS

COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

A student must receive a grade of C- or better in all major coursework.

RESEARCH OPPORTUNITIES - LANGUAGE, SPEECH, AND HEARING SCIENCES B.A.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - LANGUAGE, SPEECH, AND HEARING SCIENCES B.A.

Students are urged to consult with an advisor at lshadvising@usf.edu.

Plans of Study - Language, Speech, and Hearing Sciences B.A.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see <https://www.usf.edu/undergrad/students/civics-literacy.aspx> or talk with your academic advisor.

Items that are critical are marked with a * and are included in the plan for a student to stay on track.

DEAF STUDIES MINOR

TOTAL MINOR HOURS: 14

The 14-credit hour minor is open to all students who are currently not majoring in ASL Interpreting.

MINOR REQUIREMENTS

MINOR CORE (14 CREDIT HOURS)

ASL 2140C - American Sign Language I **Credit(s): 4**

ASL 2150C - American Sign Language II **Credit(s): 4**

ASL 3514 - Deaf Culture **Credit(s): 3**

Select one additional course from the following:

ASL 2160 - American Sign Language III **Credit(s): 3**

INT 4490 - Introduction to Cued Speech and its Applications **Credit(s): 3**

SPA 3470 - Culture and Diversity in CSD **Credit(s): 3**

GRADING REQUIREMENT

A minimum grade of C- is required for each course.

GPA REQUIREMENTS

A cumulative GPA of 2.00 or better must be achieved in minor coursework in order for a student to be certified for graduation with a minor in Deaf Studies.

RESIDENCY REQUIREMENT

Fifty percent (50%) of the minor must be completed through USF coursework.

OTHER REQUIREMENTS

Seat availability in ASL courses is limited and is first-come/first-serve, with priority consideration given to ITT and DST majors needing ASL coursework to meet a major requirement to graduate. Declaring the minor does not guarantee seat availability; therefore, students should attempt to register as soon as possible each semester.

ADVISING INFORMATION

For questions about the minor, email csdadvising@bcs.usf.edu.

COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

DEPARTMENT OF CRIMINOLOGY

COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

CRIMINOLOGY B.A.

TOTAL DEGREE HOURS: 120

The Bachelor of Arts degree in Criminology provides students with the skills and knowledge needed in the wide variety of agencies that comprise the criminal justice system, these include law enforcement, detention, the judiciary, corrections, juvenile justice, probation and parole. Also, the undergraduate program prepares criminology students to pursue a graduate degree in Criminology or related disciplines. The undergraduate program in Criminology introduces students to the theory, issues, and methodology of the causes of crime and the criminal justice system. The program provides students with the critical thinking skills necessary for the consumption and production of criminological research. Upon graduation, students must be able to delineate the main theoretical explanations of crime and delinquency, demonstrate knowledge of research methods used in the fields of criminology and criminal justice, and provide an understanding of the structure and process of the U.S. system of criminal justice.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - CRIMINOLOGY B.A.

Students majoring in Criminology are expected to complete their major coursework in a timely fashion. Students who receive a total of three (3) D and/or F grades in Criminology major coursework will no longer be eligible to continue in the Criminology major and will be required to change their major outside of the Department of Criminology. Grade forgiveness will not exclude a D or F grade from counting for this rule.

When a Criminology student receives three (3) D and/or F grades in Criminology coursework, they will be removed from all Department of Criminology courses for which they are currently registered, removed from the Criminology major and placed into a non-major code, and emailed the notice of changes to their@ usf. edu account. The student will then need to select a new major, declare the new major with the appropriate college, and register for courses which apply to their new major.

The D/F Rule application is final and effective from the beginning of Fall 2023. To be considered for an appeal, a student must meet at least one of the following criteria:

Can (and must) complete all degree or minor requirements within one semester, with no more than ten (10) hours of Criminology area requirements.

No longer have 3 D/F grades because the Academic Regulations Committee approved a late withdrawal/drop for one or more of the Criminology courses.

No longer have 3 D/F grades because of an instructor change of grade in one or more of the Criminology area courses.

To appeal, the student must send an email to ccjadvise@usf.edu; in the Subject line indicate D/F Appeal and in the body include name, student's U# and a complete explanation of the reason for the appeal. Appeals will be adjudicated by the Undergraduate Coordinator and students notified of results by email.

GRADUATION REQUIREMENTS - CRIMINOLOGY B.A.

Satisfactory completion of the following requirements:

COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
Minimum of 120 unduplicated credit hours;
A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
Major and college requirements in a chosen degree program;
Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
42 credit hours of upper-level coursework;
Civics Literacy;
Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - CRIMINOLOGY B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

There are no State Mandated Common Course Prerequisites for this major.

CRIMINOLOGY MAJOR REQUIREMENTS (39 CREDIT HOURS)

CRIMINOLOGY SUPPORTING REQUIRED COURSES: 1 COURSE; 3 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

NOTE: STA 2122 **OR** STA 2023 supporting course requirement is excluded from the Major Hours, Major GPA and Major Residency.

STA 2023 - Introductory Statistics I **Credit(s): 3 ***
OR
STA 2122 - Social Science Statistics **Credit(s): 3**

***Note: STA 2023 - Introductory Statistics I, OR PSY 3204 - Psychological Statistics, OR EGN 3443 - Probability and Statistics for Engineers will satisfy the STA 2122 - Social Science Statistics requirement.**

MAJOR CORE COURSES: 4 COURSES; 12 CREDIT HOURS

COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

FOREIGN LANGUAGE REQUIREMENTS

In addition to the foreign language entrance requirement, all students applying for a Bachelor of Arts degree from USF must demonstrate competency in a foreign language. To demonstrate this competency, students may take either two semesters of a beginning college-level foreign language or one semester of a higher-level course and earn a letter grade of "C" (no "S" grades) or above in the appropriate level course or demonstrate equivalent competency by passing an examination. Students may fulfill this requirement by demonstrating fluency in a language other than English and proficiency in English, as demonstrated in successful coursework or examination in English.

GPA REQUIREMENTS

An overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

In order to graduate, students must maintain an average best attempt 2.0 GPA in all courses counted toward the major.

RESIDENCY REQUIREMENTS

A minimum of 30 credit hours of major course work must be taken in residence at the University of South Florida. Therefore, no more than 6 credit hours of transfer work (two courses) will be accepted to meet major requirements.

INTERNSHIP OPPORTUNITIES

The department provides all students with the opportunity to engage in an internship with a federal, state or local criminal justice related agency within one of the surrounding counties. Internships available with more than 100 agencies afford students the opportunity to network and gain practical experience in conjunction with their degree. Internships may be taken for up to nine (9) credit hours of Criminology electives, and grades are awarded on a S/U (satisfactory/unsatisfactory) basis. To meet eligibility requirements for the internship, students must successfully complete CCJ 3024 , CCJ 3117 , six (6) hours of Criminology electives, and have a USF and a major GPA of 2.0 or higher.

RESEARCH OPPORTUNITIES - CRIMINOLOGY B.A.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

CRIMINOLOGY B.A., WITH CYBERCRIME CONCENTRATION

TOTAL DEGREE HOURS: 120

The Cybercrime Concentration within Criminology provides an understanding of human behavior in cyberspace. The Cybercrime Concentration particularly focuses on the etiology of crime and deviance in cyberspace, correlates of cybervictimization, legal and social issues related to cybercrime, digital forensics, and ways to combat and prevent cybercrime.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - CRIMINOLOGY B.A.

Students majoring in Criminology are expected to complete their major coursework in a timely fashion. Students who receive a total of three (3) D and/or F grades in Criminology major coursework will no longer be eligible to continue in the Criminology major and will be required to change their major outside of the Department of Criminology. Grade forgiveness will not exclude a D or F grade from counting for this rule.

When a Criminology student receives three (3) D and/or F grades in Criminology coursework, they will be removed from all Department of Criminology courses for which they are currently registered, removed from the Criminology major and placed into a non-major code, and emailed the notice of changes to their@ usf. edu account. The student will then need to select a new major, declare the new major with the appropriate college, and register for courses which apply to their new major.

The D/F Rule application is final and effective from the beginning of Fall 2023. To be considered for an appeal, a student must meet at least one of the following criteria:

Can (and must) complete all degree or minor requirements within one semester, with no more than ten (10) hours of Criminology area requirements.

No longer have 3 D/F grades because the Academic Regulations Committee approved a late withdrawal/drop for one or more of the Criminology courses.

No longer have 3 D/F grades because of an instructor change of grade in one or more of the Criminology area courses.

To appeal, the student must send an email to ccjadvise@usf.edu; in the Subject line indicate D/F Appeal and in the body include name, student's U# and a complete explanation of the reason for the appeal. Appeals will be adjudicated by the Undergraduate Coordinator and students notified of results by email.

GRADUATION REQUIREMENTS - CRIMINOLOGY B.A.

Satisfactory completion of the following requirements:

General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;

Minimum of 120 unduplicated credit hours;

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;

Major and college requirements in a chosen degree program;

COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
42 credit hours of upper-level coursework;
Civics Literacy;
Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - CRIMINOLOGY B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

There are no State Mandated Common Course Prerequisites for this major.

CRIMINOLOGY MAJOR REQUIREMENTS (39 CREDIT HOURS)

CRIMINOLOGY SUPPORTING REQUIRED COURSES: 1 COURSE; 3 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

NOTE: STA 2122 OR STA 2023 supporting course requirement is excluded from the Major Hours, Major GPA and Major Residency.

STA 2023 - Introductory Statistics I **Credit(s): 3 ***

OR

STA 2122 - Social Science Statistics **Credit(s): 3**

***Note: STA 2023 - Introductory Statistics I, OR PSY 3204 - Psychological Statistics, OR EGN 3443 - Probability and Statistics for Engineers will satisfy the STA 2122 - Social Science Statistics requirement.**

MAJOR CORE COURSES: 4 COURSES; 12 CREDIT HOURS

CCJ 3024 - Survey of the Criminal Justice System **Credit(s): 3**

CCJ 3117 - Theories of Criminal Behavior **Credit(s): 3**

CCJ 3701 - Research Methods in Criminal Justice I **Credit(s): 3**

CCJ 4934 - Seminar in Criminology **Credit(s): 3**

CRIMINOLOGY MAJOR (RESTRICTED) ELECTIVES: 8 COURSES; 24 CREDIT HOURS

Students complete a Criminology program of study or the below concentration:

Cybercrime

CYBERCRIME CONCENTRATION: 4 COURSES; 12 CREDIT HOURS

ADDITIONAL INFORMATION - CRIMINOLOGY B.A.

FOREIGN LANGUAGE REQUIREMENTS

In addition to the foreign language entrance requirement, all students applying for a Bachelor of Arts degree from USF must demonstrate competency in a foreign language. To demonstrate this competency, students may take either two semesters of a beginning college-level foreign language or one semester of a higher-level course and earn a letter grade of "C" (no "S" grades) or above in the appropriate level course or demonstrate equivalent competency by passing an examination. Students may fulfill this requirement by demonstrating fluency in a language other than English and proficiency in English, as demonstrated in successful coursework or examination in English.

GPA REQUIREMENTS

An overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

In order to graduate, students must maintain an average best attempt 2.0 GPA in all courses counted toward the major.

RESIDENCY REQUIREMENTS

A minimum of 30 credit hours of major course work must be taken in residence at the University of South Florida. Therefore, no more than 6 credit hours of transfer work (two courses) will be accepted to meet major requirements.

INTERNSHIP OPPORTUNITIES

The department provides all students with the opportunity to engage in an internship with a federal, state or local criminal justice related agency within one of the surrounding counties. Internships available with more than 100 agencies afford students the opportunity to network and gain practical experience in conjunction with their degree. Internships may be taken for up to nine (9) credit hours of Criminology electives, and grades are awarded on a S/U (satisfactory/unsatisfactory) basis. To meet eligibility requirements for the internship, students must successfully complete CCJ 3024 , CCJ 3117 , six (6) hours of Criminology electives, and have a USF and a major GPA of 2.0 or higher.

RESEARCH OPPORTUNITIES - CRIMINOLOGY B.A.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

GPA REQUIREMENT

A minimum GPA of 2.0 or higher in minor coursework.

GRADING REQUIREMENT

COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Students minoring in criminology will be subject to the Department's "2 D/F" rule (no more than one D+ or below allowed in a Criminology course).

Courses for the minor may not be taken on an S/U basis.

RESIDENCY REQUIREMENTS

A minimum of 12 semester hours must be completed at USF.

OTHER REQUIREMENTS

Students who are minoring in Criminology will not be permitted to register for CCJ 4934 - Seminar in Criminology capstone requirement as it is designated for Criminology majors only.

At least 9 credit hours must be completed at USF.

CCJ 4934 Seminar in Criminology and CCJ 4940 Internship are restricted to Criminology majors only. Students in the minor are not eligible to take these two courses.

DEPARTMENT OF MENTAL HEALTH LAW AND POLICY

COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

BEHAVIORAL HEALTHCARE B.S., WITH APPLIED BEHAVIOR ANALYSIS CONCENTRATION

TOTAL DEGREE HOURS: 120

Service delivery to individuals with developmental disabilities, Autism spectrum disorders, and other behaviors that may limit functioning is addressed with very specific behavioral techniques. This concentration is appropriate for individuals desiring certification in the field or as a complement to other service delivery strategies. Behavioral health problems, such as mental and substance use disorders, are among the greatest public health challenges facing our communities. New, scientifically-based approaches are available to treat and prevent many behavioral health problems. Students will be exposed to treatment approaches as well as to issues in the organization, financing, delivery, and outcomes of behavioral health services. The emphasis of the curricula is on practices that have been scientifically validated and the delivery of services within the context of current funding, policies and trends. Students must also demonstrate behaviors that are congruent with the professional standards and values of the profession. Students desiring a career in this field should be aware that fingerprinting, a background check, and drug screen may be required to work in this field. Failure to pass one of these checks would be cause to terminate a student from the major. Students may be responsible for any associated costs.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - BEHAVIORAL HEALTHCARE B.S

Behavioral Healthcare majors are limited to two (2) grades of "D+" or lower in their major coursework. Any student who receives a grade of D+ or lower in more than two (2) major courses will be required to seek major reselection. Note: Students may use grade forgiveness to improve GPA, but all "D+" or lower grades will count toward the maximum allowed total "D+" grades, regardless of whether grade forgiveness has been applied.

STATE MANDATED COMMON COURSE PREREQUISITES - BEHAVIORAL HEALTHCARE B.S.

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

PSY X012 Introduction to Psychological Science - 3 credit hours
STA XXXX Any level Statistics course or PSY X204 Psychological Statistics - 3 credit hours
SYG X000 Introduction to Sociology or SYG X010 Contemporary Social Problems - 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with their academic advisor in their major degree area.

BEHAVIORAL HEALTHCARE REQUIRED COURSES (42 CREDIT HOURS)

MAJOR CORE COURSES: 7 COURSES; 21 CREDIT HOURS

MHS 2031 - Mental Health and Addictive Disorders **Credit(s): 3**

BEHAVIORAL HEALTHCARE B.S., WITH BEHAVIORAL HEALTH ACROSS THE LIFESPAN CONCENTRATION

TOTAL DEGREE HOURS: 120

The B.S. in Behavioral Healthcare prepares students for entry-level positions in agencies that provide a variety of treatment services for individuals with diagnosed mental health, substance use, and/or behavioral issues. Other students may be preparing for graduate programs in human services and/or research. The program provides students with three options for concentration in (1) Behavioral Health Across the Lifespan, (2) Children's Behavioral Healthcare, (3) Applied Behavior Analysis. The curriculum emphasizes evidence-based practices utilizing a recovery-focused, holistic and strength-based approach to behavioral healthcare.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - BEHAVIORAL HEALTHCARE B.S

Behavioral Healthcare majors are limited to two (2) grades of "D+" or lower in their major coursework. Any student who receives a grade of D+ or lower in more than two (2) major courses will be required to seek major reselection. Note: Students may use grade forgiveness to improve GPA, but all "D+" or lower grades will count toward the maximum allowed total "D+" grades, regardless of whether grade forgiveness has been applied.

STATE MANDATED COMMON COURSE PREREQUISITES - BEHAVIORAL HEALTHCARE B.S.

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

PSY X012 Introduction to Psychological Science - 3 credit hours

STA XXXX Any level Statistics course or PSY X204 Psychological Statistics - 3 credit hours

SYG X000 Introduction to Sociology or SYG X010 Contemporary Social Problems - 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance

COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

their general education coursework and that will support their intended baccalaureate degree program. Students should consult with their academic advisor in their major degree area.

BEHAVIORAL HEALTHCARE REQUIRED COURSES (42 CREDIT HOURS)

MAJOR CORE COURSES: 7 COURSES; 21 CREDIT HOURS

- MHS 2031 - Mental Health and Addictive Disorders **Credit(s): 3**
- MHS 3063 - Cultural Diversity, Health and Behavioral Health **Credit(s): 3**
- MHS 3411 - Multidisciplinary Behavioral Healthcare Services **Credit(s): 3 ***
- MHS 3753 - Research Methods in Behavioral Healthcare **Credit(s): 3**
- MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment **Credit(s): 3**
- MHS 4703 - Legal, Ethical and Professional Issues in BHC **Credit(s): 3**
- MHS 4723 - Professional Seminar in Behavioral Healthcare **Credit(s): 3**

NOTE: *MHS 3411 should be taken during the student's first semester of major coursework; a minimum grade of "B-" is required.

BEHAVIORAL HEALTH ACROSS THE LIFESPAN CONCENTRATION: 7 COURSES; 21 CREDIT HOURS

Students should work with their advisor to craft a 5-course track in general Behavioral Health across the lifespan or a focused track in the areas of Evaluation and Research, Substance use/misuse, Adult or Children's behavioral health issues from the courses listed below (other courses may be allowed by special permission). Students must take MHS 4425 - Field Experience in Behavioral Healthcare (application needed two semesters before taking the course). The application, deadlines, and additional information about the course can be found on the Field Experience webpage: <http://www.usf.edu/cbcs/mhlp/students/field-experience.aspx>.

CONCENTRATION CORE: 1 COURSE; 3 CREDIT HOURS

- MHS 4002 - Behavioral Health Systems Delivery **Credit(s): 3**

A grade of lower than "C-" in any Behavioral Healthcare major course will not be counted toward fulfilling the requirements for the major.

RESIDENCY REQUIREMENT

At least 18 hours of major coursework must be taken in residence at USF Tampa.

OTHER INFORMATION

A concentration in Behavioral Healthcare is offered through the Bachelor of Science in Applied Science (BSAS) degree program for Florida A.S. transfers as well as the Bachelor of General Studies (BGS) for returning students. Both majors are offered through Undergraduate Studies.

A concentration in Multidisciplinary Behavioral Sciences is available through the Interdisciplinary Social Sciences (ISS) major, which is offered by the College of Arts & Sciences.

RESEARCH OPPORTUNITIES - BEHAVIORAL HEALTHCARE B.S.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4910 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - BEHAVIORAL HEALTHCARE B.S.

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

BEHAVIORAL HEALTHCARE MINOR

The minor in Behavioral Healthcare is available to students interested in pursuing a career in the field of behavioral health in conjunction with any undergraduate major. It should be particularly beneficial to persons majoring in disciplines such as psychology, social work, sociology, anthropology, gerontology, long term care administration, pre-med, criminology, and nursing.

MINOR REQUIREMENTS: 15

MINOR CORE (15 CREDIT HOURS)

*NOTE: A student completing a field placement in Psychology, Social Work, or other human services discipline may request an exemption (from the advisor) from MHS 4425 and may substitute an approved elective. Students must apply to take MHS 4425 Field Experience in Behavioral Healthcare two semesters before taking the course. This course has three prerequisites: MHS 3411 with a B- or higher, MHS 4002, and MHS 4408. The application, application deadlines, and additional information about the course can be found on the Field Experience webpage.

MHS 3411 - Multidisciplinary Behavioral Healthcare Services **Credit(s): 3**

MHS 4002 - Behavioral Health Systems Delivery **Credit(s): 3**

MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment **Credit(s): 3**

MHS 4723 - Professional Seminar in Behavioral Healthcare **Credit(s): 3**

MHS 4425 - Field Experience in Behavioral Healthcare **Credit(s): 3 ***

GPA REQUIREMENTS

A GPA of 2.00, or better in this minor is required for completion.

RESIDENCY REQUIREMENT

Fifty percent (50%) of the minor must be completed through USF coursework.

ADVISING INFORMATION

For questions about the BHC minor, email bhcadvise@usf.edu.

SCHOOL OF SOCIAL WORK

COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

SOCIAL WORK B.S.W.

TOTAL DEGREE HOURS: 120

The University of South Florida offers a program of study leading to a Bachelor of Social Work (BSW) degree in the School of Social Work, College of Behavioral & Community Sciences. The BSW has been developed in accordance with the guidelines of the Council on Social Work Education, the national accrediting body for social work education programs, and in accordance with the recommendations of the National Association of Social Workers (NASW). The BSW program is fully accredited by the Council on Social Work Education. The BSW program has as its primary objective to prepare and graduate professionals for entry level positions in areas such as mental health, aging services, child welfare, criminal justice, or substance misuse. The secondary objectives of the BSW program are to:

- Provide for the social work human resources needs of the university service district (the central Florida west coast area), the State of Florida, and the Southeast Region;
- Provide an exposure to social work as a profession and to contemporary issues in the social welfare field;
- Prepare graduates for additional professional training at the graduate level in social work or in related human service professions.

In preparing the BSW graduate for beginning professional practice, the curriculum provides students with an opportunity to develop a knowledge base and skill base as a "generalist" practitioner. Students will develop an understanding of various methods of intervention and skills and how to apply these to a variety of client systems. Intervention methods that students will learn may take the form of case management, individual and group counseling, resource development, consultation, teaching, advocacy, etc. Client systems in this context include individuals, families, groups, organizations, or communities. Students in the BSW program will develop an understanding of the dynamics of human behavior in individual, group and organizational contexts and the influences of the socio-cultural and spiritual environments / influences upon human behavior. Students in the BSW program will also learn about the development of social welfare systems and institutions and about the social, economic, and political processes, policy development and program implementation that impact client systems. Students will develop an understanding of the utilization of basic social research skills particularly related to the processes of problem-solving, planning, and evaluation. Students in the BSW program will also gain awareness of the social work profession's value base, engage in self-examination and reflection to empower their ethical and effective application of social work values in professional practice. The BSW program places great emphasis on the development of a professionally responsible graduate in terms of one's obligations to the client system served, the profession itself, the organization in which one works, and to the general public.

Certified Global Pathways Program

This Bachelor of Social Work (BSW) program is certified as a Global Pathway program. Global Pathway programs have significant global content that align with the goals of USF's Quality Enhancement Plan, the Global Citizens Project. USF fosters three primary qualities that global citizens possess, i.e., global awareness, global responsibility and global participation. These are consistent with social work values. Study abroad opportunities are available through the School of Social Work and have included travel to India, Spain, and Peru. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of High-Impact Practices and Undergraduate Research website.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - SOCIAL WORK B.S.W.

COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Students enrolled in the BSW program must maintain a minimum GPA of 2.75 in core courses in the major while enrolled in the program, and, demonstrate behaviors that are congruent with professional standards and values as described by the National Association of Social Work in order to remain in the major.

Completion of the five common course prerequisites with a minimum grade of "C" or better (2.0) in each course. A grade of "C-" is not acceptable.

Students must successfully complete their BSW core courses by earning a "C" or better. A grade of "C-" is not acceptable.

If Introduction to Social Work is completed at another institution, the student must have earned a grade of "B" or better in that course.

A syllabus must be provided by the student and reviewed in the School of Social Work prior to approval of any transfer of social work courses.

If a student withdraws or fails one course in the BSW Program (C- or lower) the student may retake the course one time. If that effort results in a failure, the student will be dismissed from the BSW Program. If a student receives a grade of "C-" or lower in two or more USF Social Work courses, they will be dismissed from the BSW Program.

A student who withdraws from or fails SOW 4510C - Integrative Seminar and Field Placement , or is dismissed from a field placement will not automatically be allowed to retake SOW 4510C. In such cases, special permission to retake SOW 4510C must be obtained from the BSW Chair. If granted permission to retake SOW 4510C, the student is required to register again for the course. When permission is given to retake SOW 4510C, the 460-hour field placement must be completed within the single semester for which the permission is given (A split-field placement is not an option if the student has withdrawn from, failed SOW 4510C, or been dismissed from a field placement).

Course Grade Requirement: SOW 3203 - Introduction to Social Work requires a minimum grade of "B" for eligibility into the major. A grade of "B-" is not acceptable

STATE MANDATED COMMON COURSE PREREQUISITES - SOCIAL WORK B.S.W.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

BSC X005 or BSC X085 or BSC X010 or PCB X099 - 3 credit hours
ECO X000 or ECO X023 or ECO X013 - 3 credit hours
PSY X012 - 3 credit hours
SYG X000 or SYG X010 - 3 credit hours
POS X041 - 3 credit hours

REQUIRED FOUNDATION COURSE FOR THE MAJOR (3 CREDIT HOURS)

This course is open to all majors, but it is a prerequisite and foundation course for the Social Work major. Although it is required for the major, it is not counted in the total hours for the major. Students typically take this course at USF.

SOW 3203 - Introduction to Social Work **Credit(s): 3**

REQUIRED COURSES: (41 CREDIT HOURS)

MAJOR CORE COURSES: 12 COURSES; 41 CREDIT HOURS

COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

A major in Social Work requires 41 credits in a lock-step (pre-set) schedule.

Students must take the following courses during their first semester admitted in the program (15 credit hours):

- SOW 3101 - Human Behavior and the Social Environment I **Credit(s): 3**
- SOW 3210 - The American Social Welfare System **Credit(s): 3**
- SOW 3401 - Research and Statistics For Social Work **Credit(s): 3**
- SOW 4341 - Multi-Methods of Social Work Practice I-Micro System Intervention **Credit(s): 3**
- SOW 4522 - Multicultural America in a Global Society **Credit(s): 3**

Once the above courses have been successfully completed, students must take the following courses during their 2nd semester in the program (14 credit hours):

- SOW 3102 - Human Behavior and the Social Environment II **Credit(s): 3**
- SOW 4233 - Social Welfare Policy and Program Analysis **Credit(s): 3**
- SOW 4315 - Social Work Case Management with Special Populations **Credit(s): 3**
- SOW 4343 - Multi-Methods of Social Work Practice II Macro-System Intervention **Credit(s): 3**
- SOW 4414 - Social Work Data Management **Credit(s): 2**

Once all above courses have successfully been completed, students must take the following courses (12 credit hours):

- SOW 4510C - Integrative Seminar and Field Placement **Credit(s): 9**
- SOW 4602 - Social Work Practice in Mental Health and Health Care **Credit(s): 3**

ADDITIONAL INFORMATION - SOCIAL WORK B.S.W.

FOREIGN LANGUAGE REQUIREMENTS

Students must meet the University's FLENT (Foreign Language Entrance Requirement), which requires successful completion of two high school credits in one foreign language or successful completion of 2 semesters (8 credits) in one foreign language in college, or demonstrating equivalent foreign language competence on the basis of scores determined by the ACC CLEP or demonstrating equivalent foreign language competence through other means approved by USF (such as a Placement Exam). American Sign Language may also be completed for FLENT.

INTERNSHIP OPPORTUNITIES

Hands-on, practical experience is integrated in the core curriculum through the 460 hours of field placement that students complete during their final semester in the program. The School of Social Work has partnerships for the field experiences with an abundance of agencies in the surrounding communities. Students have many choices for the populations and environments in which they would like to develop their skills and prepare for professional employment. Internship (field placement) areas include child welfare, substance abuse, medical social work, mental health, children and adolescent services, forensic mental health, domestic violence, veteran's services, court/justice system, crisis management, elder care, hospice and homelessness.

OTHER INFORMATION

Students must have junior status and fulfill the following requirements in order to enroll in the social work major courses:

- 2.0 overall GPA, 2.0 USF GPA.
- Completion of the five State Mandated Prerequisites (no grade of "C-" or below).
- Completion of the SOW 3203 foundation course (no grade of "B-" or below).

COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

USF Bachelor of Science Social Work graduates may be eligible for admission into USF's Master of Social Work Advanced Standing programs.

Membership in the National Social Work Honor Society, Phi-Alpha/Delta Sigma chapter at the University of South Florida is available to students who meet eligibility criteria. Phi Alpha is a national honor society for social work students who have attained excellence in scholarship. Its mission is to provide a network among students of social work and to promote humanitarian goals and ideals.

RESEARCH OPPORTUNITIES - SOCIAL WORK B.S.W.

The diverse research interests of the faculty in the School of Social Work provide a wide array of opportunities for students to interface with evidence based research studies. Current research interests include treatment of childhood trauma; quality of care outcomes for vulnerable populations with particular emphasis on older adults with co-occurring mental and physical health disorders; health effects of intimate partner violence; implications of health care practices and interventions involving Latinos; reduction of health and mental health disparities for Haitians, and the development of psycho-social resources in community and long-term care settings.

ACCREDITATION INFORMATION - SOCIAL WORK B.S.W.

The School of Social Work programs are accredited by the Council on Social Work Education (CSWE).

ADVISING INFORMATION - SOCIAL WORK B.S.W.

Advising is available in office, by phone and email. We welcome students to contact our advisor to learn more about the social work profession and the BSW degree.

Justine Leigh; MSW; 813-974-7292; justinen@usf.edu; MHC 1405.

About the College

As the home to more than 2,200 students and 130 faculty members across three campuses, the University of South Florida's College of Education values high-quality education and excellence in research, teaching, and learning. Our college is nationally accredited by the Council for the Accreditation of Educator Preparation (CAEP) and our educator preparation programs are fully approved by the Florida Department of Education.

At a time when the skills and pedagogy of classroom teachers and school administrators is more important than ever, the USF College of Education offers state-of-the-art teacher training and collaborative and collegial graduate studies designed to empower educational leaders. Working closely with our partners in the school districts across the Tampa Bay region, we seek to work with our community to extend proven educational initiatives and discover new ways of preparing life-long learners in an era of increasing access to knowledge and technology.

Mission and Vision

Mission

The Mission of the College of Education is to promote transformative education and social justice through rigorous research, innovative teaching, as well as locally and globally engaged partnerships.

Vision

The USF College of Education envisions itself as a leader in regional, national and international education. Leadership in education encompasses:

- Academic excellence
- Research, scholarship, and inquiry that renews the educational process.
- Collaboration that serves communities, institutions, and individuals
- Preparation that builds on academic excellence, scholarship, clinical practice, and collaboration and that contributes to a just and productive society.

Accreditation

The USF College of Education is proud to be nationally accredited by the Council for the Accreditation of Educator Preparation (CAEP). CAEP accreditation is a voluntary process designed to ensure high-quality practices through a rigorous evaluation process consisting of self-evaluation, on-site accreditation evaluators, and ongoing assessment.

Admission Requirements

Educator Preparation Programs

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in Student Academic Services by making an appointment.

(<https://www.usf.edu/education/undergraduate/academic-advising/index.aspx>).

Effective July 1, 2021, the State of Florida changed its requirement for students to pass the General Knowledge Test (GKT) for admission to teacher preparation programs. The GKT is no longer required for admission. Accordingly, the

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

College of Education's admission criteria for undergraduate teacher preparation programs include the following:

1. Successful admission to the University of South Florida
2. An application to the College of Education's Teacher Preparation Programs
3. A minimum overall GPA of 2.50 (on a 4.0 scale)
4. Completion of or enrollment in appropriate prerequisite coursework for the student's intended major.
(<https://www.usf.edu/education/undergraduate/academic-advising/prerequisite-checklists.aspx>).

Prior to graduation, however, undergraduate students are required to submit proof of passing scores on all parts of the Florida Teacher Certification Exam (General Knowledge Test, the Professional Education Test, and appropriate subject area examinations). Please see the following URL for additional information:

<https://www.usf.edu/education/resources-for-educators/teacher-certification/general-knowledge-test.aspx>). This change applies to students enrolled in the following undergraduate degree programs:

- Early Childhood Education (ESOL and Reading Endorsements)
- Education (ESOL and Reading Endorsements)
- Elementary Education (ESOL and Reading Endorsements)
- English Education (ESOL and Reading Endorsements)
- Exceptional Student Education (ESOL and Reading Endorsements)
- Mathematics Education (Grades 6-12)
- Middle School Mathematics Education (Grades 5-9)
- Physical Education
- Science Education
- Social Science Education

Exercise Science Program

The Exercise Science program is designed to equip future exercise professionals with the knowledge and skills to meet the diverse health and performance needs of our population through the integration of coursework with laboratory-based and field-based experiential learning. It is a highly competitive, specialized admissions program. Enrollment is limited to a select number of students each fall semester based on the successful completion of specific courses and a composite GPA. Students seeking admission are encouraged to meet with an academic advisor in Student Academic Services by making an appointment. (<https://www.usf.edu/education/undergraduate/academic-advising/index.aspx>)

Students should take the following steps to be considered for the program:

1. Submit an application to the University of South Florida.
2. Submit an application to the College of Education for the Exercise Science program.
(<https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx>)
 1. Applicants must have a minimum overall GPA of 2.50
 2. Applicants must have successfully completed specific prerequisite courses with an identified minimum grade to be eligible for admission. Learn more by reviewing the major-specific Prerequisite Checklists (<https://www.usf.edu/education/undergraduate/academic-advising/prerequisite-checklists.aspx>)

Program-Specific Requirements

Background Checks and Fingerprinting

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. International students should be mindful that fingerprinting requires a

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services

Insurance

As all undergraduate programs in the college will require a field-based internship, students are encouraged to purchase liability insurance before entering any course with field experience. Student Academic Services can provide resources to students regarding coverage options.

Graduation Requirements

1. The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:
2. Meet with your academic advisor each semester to review your progress toward degree.
3. Successfully complete all state, university, and program requirements
4. Earn 120 credit hours
5. Earn a minimum overall GPA of 2.5
6. Complete any required certification exams
7. Apply to graduate. (<https://www.usf.edu/education/academics/graduation-information.aspx>)

Time Limits for Coursework

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

Courses completed within the last five years may be accepted toward graduation. Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught. Courses completed ten years ago or longer will count as elective credit only toward graduation.

Baccalaureate-Level Degree Programs

Global Pathways

<https://www.usf.edu/gcp/students/index.aspx>

A Global Pathway is an undergraduate major or degree program that has significant global content. Global Pathways provide students with the opportunity to practice and apply global competencies through the major or degree program. The following programs are designated as Global Pathway Programs:

Global Studies in Education Minor

<https://www.usf.edu/education/documents/advising/undergraduate/minor-guide-global-studies-education.pdf>

Exceptional Student Education

<https://www.usf.edu/education/areas-of-study/exceptional-student-education/>

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Bachelor of Science

EARLY CHILDHOOD EDUCATION: PRE KINDERGARTEN/PRIMARY (ESOL AND READING ENDORSEMENTS)

<https://www.usf.edu/education/areas-of-study/early-childhood-education/>

The program embraces a pedagogy of social justice with community-engaged scholarship and active participation in linguistically, culturally, and socio-economically diverse settings. The program prepares students to acquire the skills and dispositions necessary to advocate for positive change in the lives of children, families, and communities.

EDUCATION (ESOL AND READING ENDORSEMENTS)

<https://www.usf.edu/education/areas-of-study/educational-studies/programs/degree-programs.aspx>

This program is uniquely designed to integrate the pedagogy, content, and clinical experiences necessary for graduates to gain certification in Exceptional Student Education as well as Elementary Education.

EDUCATIONAL STUDIES

<https://www.usf.edu/education/areas-of-study/educational-studies/programs/degree-programs.aspx>

The BS in Educational Studies prepares individuals for a variety of career paths such as teaching English abroad, informing educational policy, non-profit work, and childcare, among many others. It also serves as the minimum educational credential for graduate school. This pathway does not lead to teacher certification, nor is it a teacher preparation program. Experiential learning, foundations of education, as well as an exploration of best practices associated with teaching and learning comprise this program of study; effectively preparing graduates to pursue an educationally-focused career outside of the Florida public school system.

ELEMENTARY EDUCATION (ESOL AND READING ENDORSEMENTS)

<https://www.usf.edu/education/areas-of-study/elementary-education/>

The B.S. in Elementary Education Program develops teachers who possess sound instructional practices as well as an inquiry mindset that allows teachers to differentiate instruction to enhance student learning.

ENGLISH EDUCATION (ESOL AND READING ENDORSEMENTS)

<https://www.usf.edu/education/areas-of-study/english-education/>

The Bachelor of Science degree in English Education prepares students to develop content knowledge related to structures and functions of language, diverse literatures (including print and non-print texts and multimedia), adolescent literacy and writing theories and processes. This program is a joint program between the College of Education and the College of Arts and Sciences.

EXCEPTIONAL STUDENT EDUCATION (ESOL AND READING ENDORSEMENTS)

<https://www.usf.edu/education/areas-of-study/exceptional-student-education/>

The Exceptional Student Education program prepares teachers to work with children who have emotional and behavioral disorders, intellectual disabilities, and specific learning disabilities. The undergraduate program is a state-approved program that leads to certification in Exceptional Student Education and an endorsement in teaching English Speakers of a Second Language (ESOL).

EXERCISE SCIENCE

<https://www.usf.edu/education/areas-of-study/exercise-science/>

The Bachelor of Science in Exercise Science prepares students for careers in strength and conditioning, corporate fitness, community-based fitness, cardiac rehabilitation and physical therapy school. Students will explore the science of human movement through curriculum in the biological, psychological and social sciences, including health, nutrition, exercise psychology, anatomy, physiology and biomechanics.

SOCIAL SCIENCE EDUCATION

<https://www.usf.edu/education/areas-of-study/social-science-education/>

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The Social Science Education Program engages students with methods of inquiry and pedagogy in the social studies. Attention is given to both an interdisciplinary curriculum and to individual social disciplines including history, geography, civics and government, economics, anthropology, psychology, sociology and related fields of study.

Bachelor of Arts or Bachelor of Science

MATHEMATICS EDUCATION

<https://www.usf.edu/education/areas-of-study/mathematics-education/>

The Bachelor of Science (B.S.) in Mathematics Education is a 120 credit hour program. The program explores educational foundations, methods, and theory and practice of teaching mathematics at grades 6-12. It is designed to prepare effective teachers of middle and high school mathematics who are knowledgeable, reflective, caring, and are able to meet the needs of a diverse student population.

PHYSICAL EDUCATION

<https://www.usf.edu/education/areas-of-study/physical-education/>

The Bachelor of Science in Physical Education is designed for those who wish to qualify for Florida certification in teaching Physical Education for students in kindergarten through 12th grade. This degree is a two-year program of study.

SCIENCE EDUCATION

<https://www.usf.edu/education/areas-of-study/science-education/>

The Bachelor of Science (B.S.) in Science Education explores educational foundations and methods to prepare educators in middle and secondary schools. It also explores the theory and practice of teaching science education. The objective is to prepare reflective and caring educators

Bachelor of Arts

INTERDISCIPLINARY EDUCATION

<https://www.usf.edu/education/areas-of-study/interdisciplinary-education/#:~:text=The%20PhD%20concentration%20in%20Interdisciplinary,an%20individualized%20program%20of%20study.>

The Interdisciplinary Education degree leads to a Bachelor of Arts designed for those not seeking positions as classroom teachers, which would require certification through the Elementary Education degree. The Interdisciplinary Education degree shares common courses with the Elementary Education degree; therefore, it is possible to transfer from Elementary Education into Interdisciplinary Education without losing time toward completion.

Minors

FOREIGN LANGUAGE EDUCATION

<https://www.usf.edu/education/documents/advising/undergraduate/minor-guide-foreign-language-edu.pdf>

The minor in Foreign Language Education is for students who are pursuing a degree in another field and who have an interest in teaching a foreign language. The courses in the minor give students a foundation in methods of teaching a foreign or second language. Completing this does not result in Florida teaching certification.

GLOBAL STUDIES IN EDUCATION

<https://www.usf.edu/education/documents/advising/undergraduate/minor-guide-global-studies-education.pdf>

Students pursuing a minor in Global Studies in Education will gain knowledge about the relationships between education and the increasingly globalized world and learn how to apply this knowledge within diverse fields and professional settings. This interdisciplinary minor integrates educational, sociological, and psychological perspectives.

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

PROFESSIONAL TRAINING OPTION

https://catalog.usf.edu/preview_program.php?catoid=13&moid=4848

The Professional Training Option (PTO) is an approved alternative teacher certification program that leads to temporary certification. A Temporary Teaching Certificate enables educators to complete the Professional Certificate requirements while teaching full-time. It is designed for students interested in teaching at the secondary level in English, Social Science, or Science in the State of Florida.

SCIENCE OF PHYSICAL ACTIVITY

<https://www.usf.edu/education/documents/advising/undergraduate/minor-guide-science-physical-activity.pdf>

Students pursuing a minor in Science of Physical Activity gain experience working with physically active individuals, and learn skills that translate to work in after-school programs, recreation environments, or fitness centers. Completing this minor does not result in Florida teaching certification.

Concentrations

A concentration is any organized set of courses that is offered as part of a major and enhances or complements the degree program to be awarded in a manner that leads to specific educational or occupational goals, and/or from different disciplines that provide an interdisciplinary focus.

Sarasota-Manatee campus

SMC 107
Phone: 941-359-4330

Office Hours: Monday - Friday, 8:00 a.m. - 5:00 p.m.

The Student Academic Services (SAS) office provides academic advising to prospective students, newly admitted students, and continuing students in undergraduate and Master of Arts in Teaching programs within the College of Education. Our office is committed to serving the University of South Florida's mission, and the College of Education's mission: collaborating with our academic departments and empowering our students to meet their academic and professional goals.

Follow these guidelines to make an appointment with an academic advisor:

- Prospective or current students with an active UID can schedule an appointment online:
<https://usf.appiancloud.com/suite/sites/archivum/page/archivum/report/daQEig>
- Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major:
<https://www.usf.edu/undergrad/students/advising.aspx>

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

DEPARTMENT OF CURRICULUM, INSTRUCTION, AND LEARNING

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

EARLY CHILDHOOD EDUCATION (ESOL AND READING ENDORSEMENTS) B.S.

TOTAL DEGREE HOURS: 120

Early Childhood Education is a field of study that includes the teaching and learning of young children. This includes the preparation of prospective teachers through both coursework and extensive field experiences in various early childhood settings to enable them to integrate theory with teaching practices. Successful completion of this state-approved program will make the prospective teachers be eligible for the Florida Early Childhood Teaching Certification Pre-Kindergarten/Primary (age 3 – grade 3). The objective of the program is to provide prospective teachers with the necessary knowledge, skills, and dispositions required to teach Pre-K through 3rd grade students, with a particular focus on understanding developmentally appropriate practice; providing inclusive, differentiated, and culturally responsive instruction; utilizing technology to enhance student learning, and demonstrating on-going professional development.

STATE-APPROVED PROGRAM WITH READING AND ESOL ENDORSEMENTS

This degree program is a state-approved program that leads to both the Reading Endorsement and ESOL (English to Speakers of Other Languages) Endorsement. Upon successful completion of the program, teacher candidates are eligible for the endorsements on their Florida teaching certificate.

UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education.

Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida
2. Complete the University of South Florida's Enhanced General Education requirements (see General Education Information in the catalog)
 1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application. See <https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx> for more information

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

For former students returning to the college after being inactive, please be aware of the **Time Limit for Coursework** policy under *Additional Information*.

GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:

- Meet with your academic advisor each semester to review your progress toward degree.
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
- Earn a minimum overall GPA of 2.5
- Complete any required certification exams
- Apply to graduate

STATE MANDATED COMMON COURSE PREREQUISITES - EARLY CHILDHOOD EDUCATION B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program. Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

ADDITIONAL INFORMATION - EARLY CHILDHOOD EDUCATION B.S.

GPA REQUIREMENTS

Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

GRADING REQUIREMENTS

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS

A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK - COLLEGE OF EDUCATION

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

Students will be required to pay for costs in addition to tuition, fees, and books such as:

- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

CLINICAL EDUCATION

All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

BACKGROUND CHECK AND FINGERPRINTING

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: Fingerprinting Instructions (usf.edu) International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

REPEATING A CLINICAL EXPERIENCE

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education he/she must indicate he/she was once in the College and dismissed. If the candidate is admitted and it is determined that he/she did not disclose the dismissal the student will be dismissed immediately.

ACCREDITATION

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

EDUCATION (ESOL AND READING ENDORSEMENTS) B.S.

TOTAL DEGREE HOURS: 120

USF's Bachelor of Science in Education integrates the pedagogy, content, and clinical experiences necessary for graduates to be eligible for teacher certification in Exceptional Student Education and Elementary Education from the Florida Department of Education. Students who successfully complete this program are also eligible to add a Reading Endorsement to their teaching certificate.

STATE-APPROVED PROGRAM WITH READING AND ESOL ENDORSEMENTS

This degree program is a state-approved program that leads to both the Reading Endorsement and ESOL (English to Speakers of Other Languages) Endorsement. Upon successful completion of the program, teacher candidates are eligible for the endorsements on their Florida teaching certificate.

UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education.

Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida
2. Complete the University of South Florida's Enhanced General Education requirements (see General Education Information in the catalog)
 1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application. See <https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx> for more information

For former students returning to the college after being inactive, please be aware of the **Time Limit for Coursework** policy under *Additional Information*.

GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:

- Meet with your academic advisor each semester to review your progress toward degree.
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Earn a minimum overall GPA of 2.5
- Complete any required certification exams
- Apply to graduate

STATE MANDATED COMMON COURSE PREREQUISITES - EDUCATION B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education – 3 credit hours

REQUIRED COURSES: (113 CREDIT HOURS)

REQUIRED SUPPORTING COURSE: 1 COURSE; 3 CREDIT HOURS

The following course is a supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- EDF 2085 - Education, Diversity, and Global Society **Credit(s): 3**

MAJOR REQUIREMENTS COURSES: 22 COURSES; 68 CREDIT HOURS

Professional Education Courses: 9 courses; 32 credit hours

- EDF 3132 - Child and Adolescent Development **Credit(s): 3**
- EDF 3604 - Schools and Society **Credit(s): 3**
- EDG 4012 - Standards Based Education **Credit(s): 1**

- RED 4348 - Literacy Development **Credit(s): 3 ***

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- SCE 4313 - Science for all Students **Credit(s): 3**

*NOTE: EDG 3943 and RED 4348 must be taken concurrently – Spring/Fall.

ADDITIONAL INFORMATION - EDUCATION B.S.

GPA REQUIREMENT

Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

GRADING REQUIREMENT

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS

A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK - COLLEGE OF EDUCATION

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

Students will be required to pay for costs in addition to tuition, fees, and books such as:

- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

INTERNSHIP EXPERIENCE - EDUCATION B.S.

QUALIFICATIONS FOR INTERNSHIP EXPERIENCE

The final internship experience involves observing and teaching both in an elementary and exceptional education classroom. Internship sites include the entire spectrum of educational settings available in the local school districts served by USF. Students may not enroll in additional courses during the semester in which the final internship occurs. Special requirements for enrollment in the final internship and seminar courses are:

- Completion of General Education, "State Communication and State Mathematics Requirements -formerly Gordon Rule," and all other program prerequisites (includes passing all sections of the General Knowledge Test, GKT) prior to the first internship.
- Documentation of passing scores on all portions of the Florida Teacher Certification Examinations (FTCE), (General Knowledge Test, Subject Area Exam in both Elementary Education and Exceptional Student Education, and Professional Education) prior to the college-stated deadline.

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Completion of an application for the final internship by the posted deadlines. Applications for final internship are available through a COE Internship Application Portal in Canvas. Completion of all professional education and specialization course work.
- A combined grade point average of 2.5 in professional education and specialization course work as well as an overall USF GPA of 2.5.
- Students must earn a "C-" grade or higher in required major courses. S/U grades will not apply toward qualifying for internship.
- Students must complete all other requirements as prescribed by their program.
- Some school districts have additional requirements, which must also be met by the application deadlines. Please contact the Internship Coordinator, Dr. Heather Duncan, for information related to Hillsborough and Hernando school districts.
- Interns are guests of the school districts in which they are placed and as such they may be removed from their placement with or without cause by either the school or the college. If students are asked to leave their schools for any reason, the college is under no obligation to find another placement until the following semester and/or until remediation activities have taken place.

INTERNSHIP APPLICATION REQUIREMENTS AND DATES OF IMPORTANCE

Complete online applications by the deadline date (see below under Final Internship. **(Late Applications will not be accepted).**)

APPLICATION REQUIREMENTS

- K-5: **EDG 3943 - Integrated Clinical Experience Grades K-5** : Students spend two full teacher days per week in a supervised in-school experience and attend seminars as scheduled.
- 6-12: **EEX 4880 - Integrated Clinical Experience: ESE Secondary 6-12** : Students spend two full teacher days per week in a supervised internship experience in classroom settings and attend seminars as scheduled.
- Final Internship: **EDG 4944 - Integrated Final Internship** : The teacher candidate is required to demonstrate professional competencies during one semester of fulltime internship in a public elementary school and attend seminars. This internship will be split between a general education classroom and an ESE classroom; eight weeks in each setting. All candidates will also be completing a Teacher Work Sample as part of this capstone experience. (5 days/week)
- EDG 4934 - Final Intern Seminar**

FINGERPRINTING INFORMATION

All school districts in Florida require students to complete the fingerprinting process prior to beginning date of internships. The cost of the fingerprinting process is the sole responsibility of the intern. Most Florida school districts screen in accordance with Florida Statute 435.03 or 435.04. Pinellas County uses 435.04 (Level 2) screening standard. Be sure to consult school district policy for the district in which you will be interning.

PROGRAM PORTFOLIO REQUIREMENTS

The Florida Department of Education (FLDOE) and the National Association of Colleges of Teacher Education (NCATE) standards through the CAEP Accreditation system require all accredited programs to document individual student performance based on state and national standards. Students are required to demonstrate their achievement of state standards with portfolio assessment one time during coursework and one time during final internship. This program requires Florida Educator Accomplished Practices and ESOL Competencies portfolios. Students are required to upload their critical assignments to the Folio data system for instructors to grade. Students must reach 80% proficiency on all critical assignments to pass the course. This is indicated in the course syllabi and each submission is evaluated by the course instructor. The entire portfolio process will be introduced during EDG 4012 – the Standards Based Education course.

EDUCATIONAL STUDIES B.S.

TOTAL DEGREE HOURS: 120

This degree will prepare students to engage in educational settings but not limited to settings such as museums, non-profit organizations, community-based organizations and businesses where teaching and training are an integral part of the organization.

All majors will be assigned to a specified sequence of courses to be followed throughout the program enrollment. Coursework will include internships and field experience. Field experiences usually begin during the second semester of student's enrollment with increasing involvement throughout the program.

The current program of study includes both coursework and extensive field experience in elementary, middle, secondary or other appropriate educational settings to enable students to integrate theory with teaching practice.

University Admissions - College of Education

Graduation Requirements - Educational Studies B.S.

To be certified by the College of Education for graduation, a student must have:

1. Earned a minimum of 120-semester hours credit.
2. Successfully completed all program requirements for the degree in Educational Studies.
3. A minimum overall USF grade-point average of 2.50 or a minimum GPA of 2.50 in teaching specialization courses and a minimum GPA of 2.50 in the Professional Education sequence Satisfactory completion of the final internship.
4. Successful completion of the major requirements of the Educational Studies degree (which includes general preparation, teaching specialization, and professional preparation). A minimum of 8 credits in professional courses in addition to internship and 12 credits in specialization courses must have been earned at USF. A minimum of 30 hours after admittance to a Bachelor's of Science Educational Studies program and meet all University requirements.

State Mandated Common Course Prerequisites - Educational Studies B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education – 3 credit hours

Required Courses: (113 credit hours)

REQUIRED SUPPORTING COURSE: 1 COURSE; 3 CREDIT HOURS

The following course is a supporting courses for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- EDF 2085 - Education, Diversity, and Global Society **Credit(s): 3**

MAJOR REQUIRED COURSES: 22 COURSES; 68 CREDIT HOURS

Professional Education Courses: 9 courses; 32 credit hours

Additional Information - Educational Studies B.S.

GPA REQUIREMENTS

An overall minimum GPA of 2.50 on all attempted hours. Students must have an overall USF GPA of 2.5 and a GPA of 2.5 in the combined Professional Core and Teaching Specialization prior to final internship and graduation.

GRADING REQUIREMENTS

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS

A minimum of 8 credits in professional courses in addition to internship and 12 credits in specialization courses must have been earned at USF. A minimum of 30 hours after admittance to a Bachelor's of Science Educational Studies program and meet all University requirements.

TIME LIMIT FOR COURSEWORK - COLLEGE OF EDUCATION

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

Students will be required to pay for costs in addition to tuition, fees, and books such as:

- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)
- Part-time students in Education (those planning to take 9 hours or fewer per semester) must meet program and internship requirements associated with the program. These requirements include being available to participate in the internships during regular school or business hours.

Because of state and national accreditation requirements, students who take any of the required professional education core courses or education specialization courses at institutions accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission may be required to submit additional assignments to meet graduation requirements for the USF College of Education.

INTERNSHIP EXPERIENCE - EDUCATIONAL STUDIES B.S.

QUALIFICATIONS FOR INTERNSHIP EXPERIENCE

The final internship experience involves observing and teaching both in educational setting but not limited to settings such as museums, non-profit organizations, community-based organizations and businesses. Internship sites include the entire spectrum of educational settings available in the community served by USF St. Petersburg campus. Other than Final Internship Seminar, students may not enroll in additional courses during the semester in which the final internship occurs.

INTERNSHIP APPLICATION REQUIREMENTS AND DATES OF IMPORTANCE

FINAL INTERNSHIP ADMISSION REQUIREMENTS

- All coursework and incompletes except for the final internship and final internship seminar courses must be completed prior to beginning the final internship.
- Students who withdraw from or who have unsatisfactory grades in the field experiences or internships must petition the college before they will be allowed to repeat the internships.
- A combined grade point average of 2.5 in professional education and specialization course work as well as an overall USF GPA of 2.5.
- Complete all required coursework with a minimum grade of C- or higher.

FINAL INTERNSHIP EXIT REQUIREMENTS:

- Complete coursework and any other university graduation requirements.

FINGERPRINTING INFORMATION

All agencies in Florida require students to complete the fingerprinting process prior to beginning date of internships. The cost of the fingerprinting process is the sole responsibility of the intern. Most Florida school districts screen in accordance with Florida Statute 435.03 or 435.04. Pinellas County uses 435.04 (Level 2) screening standard. Be sure to consult organizational policy for the agency in which you will be interning. Complete online applications by the deadline date posted in The Internship Portal in Canvas.

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Research Opportunities - College of Education

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ELEMENTARY EDUCATION (ESOL AND READING ENDORSEMENTS) B.S.

TOTAL DEGREE HOURS: 120

The Bachelor of Science program in Elementary Education is designed for students who wish to pursue a career as an elementary classroom teacher. The program of study includes both coursework and extensive field experience in elementary school settings to enable the students to integrate theory with teaching practice.

STATE-APPROVED PROGRAM WITH READING AND ESOL ENDORSEMENTS

This degree program is a state-approved program that leads to both the Reading Endorsement and ESOL (English as Speakers of Other Languages) Endorsement. Upon successful completion of the program, teacher candidates are eligible for the endorsements on their Florida teaching certificate.

UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education.

Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida
2. Complete the University of South Florida's Enhanced General Education requirements (see General Education Information in the catalog)
 1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application. See <https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx> for more information

For former students returning to the college after being inactive, please be aware of the **Time Limit for Coursework** policy under *Additional Information*.

GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:

- Meet with your academic advisor each semester to review your progress toward degree.
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
- Earn a minimum overall GPA of 2.5

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Complete any required certification exams
- Apply to graduate

STATE MANDATED COMMON COURSE PREREQUISITES - ELEMENTARY EDUCATION B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education - 3 credit hours

- TSL 4251 - Applying Linguistics to ESOL Teaching and Testing **Credit(s): 3**

ADDITIONAL INFORMATION - ELEMENTARY EDUCATION B.S.

GPA REQUIREMENTS

Maintain at least a 2.50 GPA in major coursework. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

GRADING REQUIREMENTS

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS

A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

Students will be required to pay for costs in addition to tuition, fees, and books such as:

- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

CLINICAL EDUCATION

All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

BACKGROUND CHECK AND FINGERPRINTING

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: [Fingerprinting Instructions \(usf.edu\)](http://usf.edu) International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

REPEATING A CLINICAL EXPERIENCE

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

applies for admission to the College of Education they must indicate they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.

ACCREDITATION INFORMATION - ELEMENTARY EDUCATION B.S.

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ENGLISH EDUCATION (ESOL AND READING ENDORSEMENTS) B.S.

TOTAL DEGREE HOURS: 120

The English Education Program is designed to prepare students to develop content knowledge related to structures and functions of language, diverse literature (including print and non-print texts and multimedia), adolescent literacy, and writing theories and processes. This program is a joint program between the College of Education and the College of Arts and Sciences. Students will learn pedagogical content knowledge, including how to select English Language Arts curriculum, how to implement instructional practices like discussion and peer review, how to assess student compositions, and how to reflect on their pedagogical practices.

STATE-APPROVED PROGRAM WITH READING AND ESOL ENDORSEMENTS

This degree program is a state-approved program that leads to both the Reading Endorsement and ESOL (English to Speakers of Other Languages) Endorsement. Upon successful completion of the program, teacher candidates are eligible for the endorsements on their Florida teaching certificate.

UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education.

Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida
2. Complete the University of South Florida's Enhanced General Education requirements (see General Education Information in the catalog)
 1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application. See <https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx> for more information

For former students returning to the college after being inactive, please be aware of the **Time Limit for Coursework** policy under *Additional Information*.

GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:

- Meet with your academic advisor each semester to review your progress toward degree.

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
- Earn a minimum overall GPA of 2.5
- Complete any required certification exams
- Apply to graduate

STATE MANDATED COMMON COURSE PREREQUISITES - ENGLISH EDUCATION B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education - 3 credit hours
- ENC X101 Composition I - 3 credit hours
- ENC X102 Composition II - 3 credit hours

- LAE 4940 - Internship: English Education **Credit(s): 9**

ADDITIONAL INFORMATION - ENGLISH EDUCATION B.S.

GPA REQUIREMENTS

Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

GRADING REQUIREMENTS

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS

A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK - COLLEGE OF EDUCATION

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

- Students will be required to pay for costs in addition to tuition, fees, and books such as:
- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

The following English electives are recommended: CRW 2100 - Narration and Description or **CRW X111** and MMC 2100 - Media Writing or **ENC X310** and **LIT X301**.

OPTIONAL FULL ESOL ENDORSEMENT

The College of Education offers a full ESOL Endorsement for all English Education major graduates. The special requirements for ESOL endorsement through infusion are as follows:

Successful completion of:

- FLE 4317 - Teaching Students with Limited English Proficiency and FLE 4316 - Language Principles and Acquisition with a minimum grade of 70 percent or better on part one and part two of the ESOL Comprehensive Exam administered in the two ESOL courses;
- A 20-hour early ESOL field experience in FLE 4317;
- A late ESOL field experience where students plan, implement, and evaluate lessons for one or more ESOL students over 10 days;
- An ESOL binder, containing all ESOL-related assignments taken in the College of Education and an ESOL-performance Standards Checklist that documents the completion of the necessary number of standards.

CLINICAL EDUCATION

All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

BACKGROUND CHECK AND FINGERPRINTING

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: Fingerprinting Instructions (usf.edu). International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

REPEATING A CLINICAL EXPERIENCE

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education he/she must indicate he/she was once in the College and dismissed. If the candidate is admitted and it is determined that he/she did not disclose the dismissal the student will be dismissed immediately.

ACCREDITATION INFORMATION - ENGLISH EDUCATION B.S.

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

- TSL 4080 - ESOL Curriculum and Pedagogy **Credit(s): 3**

INTERDISCIPLINARY EDUCATION CONCENTRATIONS (9 CREDIT HOURS)

Students choose one (1) concentration area from the following:

- Criminology
- Education
- English
- Gerontology
- History
- Leadership
- Political Science
- Professional and Technical Communication
- Psychology
- Sociology

CRIMINOLOGY CONCENTRATION: 3 COURSES; 9 CREDIT HOURS

- Any 3XXX-4XXX level course with the following prefix: CCJ, CJC, CJE, CJJ, CJL, DSC (**3 Credits**)
- CCJ 3024 - Survey of the Criminal Justice System **Credit(s): 3**
- CCJ 3117 - Theories of Criminal Behavior **Credit(s): 3**

ADDITIONAL INFORMATION - INTERDISCIPLINARY EDUCATION B.A.

GPA REQUIREMENTS

An overall minimum GPA of 2.50 on all attempted hours. Students must have an overall USF GPA of 2.5 and a GPA of 2.5 in the combined Professional Core and Teaching Specialization prior to final internship and graduation.

GRADING REQUIREMENTS

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS

A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

INTERNSHIP OPPORTUNITIES

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

INTERDISCIPLINARY EDUCATION B.A., WITH EDUCATION CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Education degree leads to a Bachelor of Arts designed for those not seeking positions as classroom teachers, which would require certification through the Elementary Education degree. The Interdisciplinary Education degree shares common courses with the Elementary Education degree; therefore, it is possible to transfer from Elementary Education into Interdisciplinary Education without losing time toward completion.

UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY EDUCATION B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Intro. to Education and Field Experience – 3 credit hours

INTERDISCIPLINARY EDUCATION REQUIRED COURSES: (45 CREDIT HOURS)

MAJOR CORE COURSES: 10 COURSES; 30 CREDIT HOURS

- EDE 4223 - Creative Experiences: Using Arts-Based Inquiry & Design Thinking for Problem-Based Learning **Credit(s): 3**
- EDE 4323 - Planning for Instruction of Diverse Learners **Credit(s): 3**

INTERDISCIPLINARY EDUCATION B.A., WITH GERONTOLOGY CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Education degree leads to a Bachelor of Arts designed for those not seeking positions as classroom teachers, which would require certification through the Elementary Education degree. The Interdisciplinary Education degree shares common courses with the Elementary Education degree; therefore, it is possible to transfer from Elementary Education into Interdisciplinary Education without losing time toward completion.

UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY EDUCATION B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Intro. to Education and Field Experience – 3 credit hours

INTERDISCIPLINARY EDUCATION REQUIRED COURSES: (45 CREDIT HOURS)

MAJOR CORE COURSES: 10 COURSES; 30 CREDIT HOURS

- EDE 4223 - Creative Experiences: Using Arts-Based Inquiry & Design Thinking for Problem-Based Learning **Credit(s): 3**
- EDE 4323 - Planning for Instruction of Diverse Learners **Credit(s): 3**
- EDE 4947 - Clinical Education I **Credit(s): 3**

- GEY 3625 - Sociological Aspects of Aging **Credit(s): 3**
- GEY 4612 - Psychology of Aging **Credit(s): 3**

ADDITIONAL INFORMATION - INTERDISCIPLINARY EDUCATION B.A.

GPA REQUIREMENTS

An overall minimum GPA of 2.50 on all attempted hours. Students must have an overall USF GPA of 2.5 and a GPA of 2.5 in the combined Professional Core and Teaching Specialization prior to final internship and graduation.

GRADING REQUIREMENTS

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS

A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION

INTERNSHIP OPPORTUNITIES

- EDE 4947 - Clinical Education I **Credit(s): 3**

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

INTERDISCIPLINARY EDUCATION B.A., WITH LEADERSHIP CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Education degree leads to a Bachelor of Arts designed for those not seeking positions as classroom teachers, which would require certification through the Elementary Education degree. The Interdisciplinary Education degree shares common courses with the Elementary Education degree; therefore, it is possible to transfer from Elementary Education into Interdisciplinary Education without losing time toward completion.

UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY EDUCATION B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Intro. to Education and Field Experience – 3 credit hours

INTERDISCIPLINARY EDUCATION REQUIRED COURSES: (45 CREDIT HOURS)

MAJOR CORE COURSES: 10 COURSES; 30 CREDIT HOURS

- EDE 4223 - Creative Experiences: Using Arts-Based Inquiry & Design Thinking for Problem-Based Learning **Credit(s): 3**
- EDE 4323 - Planning for Instruction of Diverse Learners **Credit(s): 3**

- Sociology

LEADERSHIP CONCENTRATION: 3 COURSES, 9 CREDIT HOURS

- LDR 3003 - Introduction to Leadership Studies **Credit(s): 3**
 - Any 3XXX-4XXX level course with LDR prefix (2 courses, 6 credits total)

ADDITIONAL INFORMATION - INTERDISCIPLINARY EDUCATION B.A.

GPA REQUIREMENTS

An overall minimum GPA of 2.50 on all attempted hours. Students must have an overall USF GPA of 2.5 and a GPA of 2.5 in the combined Professional Core and Teaching Specialization prior to final internship and graduation.

GRADING REQUIREMENTS

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS

A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION

INTERNSHIP OPPORTUNITIES

- EDE 4947 - Clinical Education I **Credit(s): 3**

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY EDUCATION B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

MATHEMATICS EDUCATION B.S.

TOTAL DEGREE HOURS: 120

The bachelor's in mathematics education program explores educational foundations, methods, and theory and practice of teaching mathematics at grades 6-12. This program is designed to prepare effective teachers of middle and high school mathematics who are knowledgeable, reflective, caring, and are able to meet the needs of a diverse student population.

UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education.

Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida
2. Complete the University of South Florida's Enhanced General Education requirements (see General Education Information in the catalog)
 1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application. See <https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx> for more information

For former students returning to the college after being inactive, please be aware of the **Time Limit for Coursework** policy under *Additional Information*.

GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:

- Meet with your academic advisor each semester to review your progress toward degree.
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
- Earn a minimum overall GPA of 2.5
- Complete any required certification exams
- Apply to graduate

STATE MANDATED COMMON COURSE PREREQUISITES - MATHEMATICS EDUCATION B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education and Field Experience - 3 credit hours
- MAC X311 Calculus I - 4 credit hours
- MAC X312 Calculus II - 4 credit hours
- MAC X000-X999 or MTG X000-X999 or MAS X000-X999 - 4 credit hours

REQUIRED COURSES: (70 CREDIT HOURS)

MAJOR CORE COURSES: 21 COURSES; 70 CREDIT HOURS

- OR
- MTG 4214 - Modern Geometry **Credit(s): 3**
- STA 2023 - Introductory Statistics I **Credit(s): 3**

ADDITIONAL SPECIALIZATION COURSES: 6 COURSES; 24 CREDIT HOURS

- MAE 4320 - Teaching Mathematics in the Middle Grades **Credit(s): 3**
- MAE 4330 - Teaching Senior High School Mathematics **Credit(s): 3**
- MAE 4652 - Technology for Teaching Secondary School Mathematics **Credit(s): 3**
- MAE 4936 - Senior Seminar in Mathematics Education **Credit(s): 3**
- MAE 4940 - Internship: Mathematics Education **Credit(s): 9**
- MAE 4945 - Practicum in Mathematics Education **Credit(s): 3**

ADDITIONAL INFORMATION - MATHEMATICS EDUCATION B.S.

GPA REQUIREMENTS

Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

GRADING REQUIREMENTS

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS

A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

Students will be required to pay for costs in addition to tuition, fees, and books such as:

- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

CLINICAL EDUCATION

All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

BACKGROUND CHECK AND FINGERPRINTING

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: [Fingerprinting Instructions \(usf.edu\)](http://usf.edu) International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

REPEATING A CLINICAL EXPERIENCE

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education they must indicate they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.

ACCREDITATION

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP: <https://caepnet.org/>).

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

The Bachelors in Mathematics Education program explores educational foundations, methods, and theory and practice of teaching mathematics at grades 6-12. This program is designed to prepare effective teachers of middle and high school mathematics who are knowledgeable, reflective, caring, and are able to meet the needs of a diverse student population.

UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education.

Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida
2. Complete the University of South Florida's Enhanced General Education requirements (see General Education Information in the catalog)
 1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application. See <https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx> for more information

For former students returning to the college after being inactive, please be aware of the **Time Limit for Coursework** policy under *Additional Information*.

GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:

- Meet with your academic advisor each semester to review your progress toward degree.
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
- Earn a minimum overall GPA of 2.5
- Complete any required certification exams
- Apply to graduate

STATE MANDATED COMMON COURSE PREREQUISITES - MATHEMATICS EDUCATION B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education and Field Experience - 3 credit hours

MIDDLE SCHOOL MATHEMATICS CONCENTRATION

This program is part of the Helios STEM Middle School Teacher Residency Program in the Department of Secondary Education. Collaboratively developed with Hillsborough County Public Schools (HCPS), this program is designed to prepare effective teachers of middle grades mathematics who are able to meet the needs of a diverse student population. This program includes extensive field experiences, including a yearlong residency using a co-teach model with a HCPS teacher. Program graduates will be eligible for certification in Middle Grades Mathematics 5-9.

CONCENTRATION CORE COURSES: 14 COURSES; 46 CREDIT HOURS

The STEM Middle School Mathematics program is a cohort, residency program.

- EDM 3403 - Middle Level Education **Credit(s): 3**
- EDM 3620 - Teaching the Young Adolescent Learner **Credit(s): 3**
- EDM 4406 - Contemporary Issues in STEM Education **Credit(s): 3**
- MAE 3224 - Middle School Mathematics Methods Course 1 **Credit(s): 3**
- MAE 3225 - Middle School Mathematics Methods Course 2 **Credit(s): 3**
- MAE 3941 - Practicum I: Middle School Mathematics Education **Credit(s): 1-3**
- MAE 3942 - Practicum II: Middle School Mathematics Education **Credit(s): 1-3**
- MAE 4551 - Reading the Language of Mathematics **Credit(s): 3**

- MAE 4942 - Internship II: Middle School Mathematics Education **Credit(s): 6**
- MAS 3108 - Algebra Connections **Credit(s): 3**
- MAS 3205 - Number Concepts Connections **Credit(s): 3**
- MTG 3207 - Geometry Connections **Credit(s): 3**
- STA 3027 - Statistics and Probability Connections **Credit(s): 3**

ADDITIONAL INFORMATION - MATHEMATICS EDUCATION B.S.

GPA REQUIREMENTS

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

Grading Requirements

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS

A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

Students will be required to pay for costs in addition to tuition, fees, and books such as:

- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

CLINICAL EDUCATION

All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

BACKGROUND CHECK AND FINGERPRINTING

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: [Fingerprinting Instructions \(usf.edu\)](#) International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

REPEATING A CLINICAL EXPERIENCE

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

applies for admission to the College of Education they must indicate they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.

ACCREDITATION

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP: <https://caepnet.org/>).

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

SCIENCE EDUCATION B.S., WITH BIOLOGY EDUCATION CONCENTRATION

TOTAL DEGREE HOURS: 120

Science Education explores educational foundations and methods to prepare educators in middle and secondary schools. It also explores the theory and practice of teaching science education. The objective is to prepare reflective and caring educators for a career in middle and high schools.

UNIVERSITY ADMISSIONS

Admission to the University of South Florida is based on the Undergraduate Admission Requirements found by clicking on the following URLs:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

ADMISSION REQUIREMENTS - COLLEGE OF EDUCATION

Admission to an educator preparation program is contingent upon meeting the following Department of Education's Teacher Educator Certification requirements:

1. Earn a 2.5 overall GPA;
2. Complete all General Education Information and State Mandated Common Course Prerequisites with a C- or higher in each;
3. Pass all sections of the General Knowledge Test. Information can be found at <https://www.usf.edu/education/academics/teacher-certification/general-knowledge-test.aspx>;
4. Submit an application to Student Academic Services, EDU 106, 813-974-2979.

Applications can be found at <https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx>

Students must complete the General Education and the General Knowledge Test before admission to a teacher preparation program. For more information, see Florida Statutes & Constitution, Education Code, Chapter 1004.

ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education.

Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida
2. Complete the University of South Florida's Enhanced General Education requirements (see General Education Information in the catalog)
 1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application. See <https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx> for more information

For former students returning to the college after being inactive, please be aware of the **Time Limit for Coursework** policy under *Additional Information*.

GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Meet with your academic advisor each semester to review your progress toward degree.
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
- Earn a minimum overall GPA of 2.5
- Complete any required certification exams
- Apply to graduate

STATE MANDATED COMMON COURSE PREREQUISITES - SCIENCE EDUCATION B.S., WITH BIOLOGY CONCENTRATION

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 – 3 credits
- [BSC X010/X010L **AND** BSC X011/X011L] **OR** [BSC X010C and BSC X011C] – 8 credits
- MAC X311 **OR** MAC X241 – 4 credits
- Students choose two of the following options – 8 credits
 - CHM X045/X045L **OR** CHM X045C – 4 credits

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

SCIENCE EDUCATION B.S., WITH CHEMISTRY EDUCATION CONCENTRATION

TOTAL DEGREE HOURS: 120

Science Education explores educational foundations and methods to prepare educators in middle and secondary schools. It also explores the theory and practice of teaching science education. The objective is to prepare reflective and caring educators for a career in middle and high schools.

UNIVERSITY ADMISSIONS

Admission to the University of South Florida is based on the Undergraduate Admission Requirements found by clicking on the following URLs:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

ADMISSION REQUIREMENTS - COLLEGE OF EDUCATION

Admission to an educator preparation program is contingent upon meeting the following Department of Education's Teacher Educator Certification requirements:

1. Earn a 2.5 overall GPA;
2. Complete all General Education Information and State Mandated Common Course Prerequisites with a C- or higher in each;
3. Pass all sections of the General Knowledge Test. Information can be found at <https://www.usf.edu/education/academics/teacher-certification/general-knowledge-test.aspx>;
4. Submit an application to Student Academic Services, EDU 106, 813-974-2979.

Applications can be found at <https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx>

Students must complete the General Education and the General Knowledge Test before admission to a teacher preparation program. For more information, see Florida Statutes & Constitution, Education Code, Chapter 1004.

ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education.

Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida
2. Complete the University of South Florida's Enhanced General Education requirements (see General Education Information in the catalog)
 1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application. See <https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx> for more information

For former students returning to the college after being inactive, please be aware of the **Time Limit for Coursework** policy under *Additional Information*.

GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Meet with your academic advisor each semester to review your progress toward degree.
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
- Earn a minimum overall GPA of 2.5
- Complete any required certification exams
- Apply to graduate

STATE MANDATED COMMON COURSE PREREQUISITES - SCIENCE EDUCATION B.S., WITH CHEMISTRY CONCENTRATION

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education and Field Experience - 3 credit hours
- MAC X311 Calculus I - 4 credit hours
- [(CHM X045 and CHM X045L) **and** (CHM X046 and CHM X046L)] - 8 total credit hours
- [(PHY X048 and PHY X048L) **and** (PHY X049 and PHY X049L)] **or** [(PHY X053 and PHY X053L) **and** (PHY X054 and PHY X054L)] **or** (PHY X048C and PHY X049C) **or** (PHY X053C and PHY X054C) - 8-10 total credit hours

REQUIRED COURSES: (63 CREDIT HOURS)

- SCE 4863 - Science, Technology, Society Interaction **Credit(s): 3**

ADDITIONAL INFORMATION - SCIENCE EDUCATION B.S.

GPA REQUIREMENTS

Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

GRADING REQUIREMENTS

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS

A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

Students will be required to pay for costs in addition to tuition, fees, and books such as:

- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

CLINICAL EDUCATION

All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

BACKGROUND CHECK AND FINGERPRINTING

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: [Fingerprinting Instructions](#)

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

(usf.edu) International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

REPEATING A CLINICAL EXPERIENCE

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education they must indicate they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.

ACCREDITATION - COLLEGE OF EDUCATION

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

- SCE 4863 - Science, Technology, Society Interaction **Credit(s): 3**

ADDITIONAL INFORMATION - SCIENCE EDUCATION B.S.

GPA REQUIREMENTS

Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

GRADING REQUIREMENTS

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS

A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

Students will be required to pay for costs in addition to tuition, fees, and books such as:

- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

CLINICAL EDUCATION

All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

Background Check and Fingerprinting

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: [Fingerprinting Instructions](#)

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

(usf.edu) International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

REPEATING A CLINICAL EXPERIENCE

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education they must indicate they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.

ACCREDITATION - COLLEGE OF EDUCATION

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

SOCIAL SCIENCE EDUCATION B.S.

TOTAL DEGREE HOURS: 120

Social Science Education explores educational foundations and methods to prepare educators in middle and secondary schools. It also explores the theory and practice of teaching social science education. The objective is to prepare reflective and caring educators. Prepares students for a career in middle and high schools.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education.

Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida
2. Complete the University of South Florida's Enhanced General Education requirements (see General Education Information in the catalog)
 1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application. See <https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx> for more information

For former students returning to the college after being inactive, please be aware of the **Time Limit for Coursework** policy under *Additional Information*.

GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:

- Meet with your academic advisor each semester to review your progress toward degree.
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
- Earn a minimum overall GPA of 2.5
- Complete any required certification exams
- Apply to graduate

STATE MANDATED COMMON COURSE PREREQUISITES - SOCIAL SCIENCE EDUCATION B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education and Field Experience - 3 credit hours
- AMH X010 American History I - 3 credit hours
- AMH X020 American History II - 3 credit hours
- POS X041 American National Government - 3 credit hours
- ECO X000-X999 or SYG X000-X999 or ANT X000-X999 or PSY X000-X999 or GEA X000-X999 - 3 credit hours

ADDITIONAL INFORMATION - SOCIAL SCIENCE EDUCATION B.S.

GPA REQUIREMENTS

Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

GRADING REQUIREMENT

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENT

Students must successfully complete at least 50 percent (50%) of the required courses in the major in courses offered by USF conferring the degree. In cases of hardship or lack of course availability, individual exceptions may be approved by the respective college Dean or designee to help ensure timely graduation.

TIME LIMIT FOR COURSEWORK

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria. Students will be required to pay for costs in addition to tuition, fees, and books such as:

- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships

COLLEGE OF EDUCATION

- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

INTERNSHIP OPPORTUNITIES

- SSE 4334 - Student observations take place in assigned schools, Criminal Background Clearance not required
- SSE 4335 - Students teach on multiple occasions in assigned Middle or High School, Current Criminal Background Clearance required
- SSE 4940 - Students teach full-time in assigned middle or high school, Current Criminal Background Clearance required

CLINICAL EDUCATION

All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

BACKGROUND CHECK AND FINGERPRINTING

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: Fingerprinting Instructions (usf.edu) International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

REPEATING A CLINICAL EXPERIENCE

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education they must indicate they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.

ACCREDITATION

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. EDUCATION MINOR

This minor in Education is approved by the Florida Department of Education to provide professional preparation according to Rule 6A-5.066, F.A.C., for those who seek an approved alternative route to Florida Certification. The minor builds understanding of learners and learning for those earning a baccalaureate degree in a discipline other than education. The program complements discipline expertise by building knowledge and skills of effective teaching. The minor provides rigorous instruction in creating a safe learning environment in P-12 classrooms, effective instructional planning and teaching strategies for diverse learners, and using assessment data to inform instruction with field experiences incorporated into coursework. The course work will build understanding of learning and learners in the prekindergarten- grade 12 environment. Thus, participants in this minor will develop understanding and skill in how to teach their discipline. The minor does need to be declared. A student wishing to receive a minor in Education should complete the course requirements described under "Required Courses." Successful completion of the Minor in Education results in the following endorsement on the student's transcript: "Completed State-Approved Professional Training Option."

MINOR REQUIREMENTS

MINOR CORE COURSES (18 CREDIT HOURS)

- ESE 4322 - Classroom Management for Diverse School and Society **Credit(s): 3**
- EDF 3122 - Learning and the Developing Child **Credit(s): 3**
Education majors or minors only
- EDF 4430 - Measurement for Teachers **Credit(s): 3**
Education majors or minors only
See advisor to waive prerequisites
- EDE 4323 - Planning for Instruction of Diverse Learners **Credit(s): 3**
See advisor to waive prerequisites
- RED 4333 - Content Area Reading **Credit(s): 3**

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

FOREIGN LANGUAGE EDUCATION MINOR

TOTAL MINOR HOURS: 12

This undergraduate minor in Foreign Language Education may be of interest to students who are getting a bachelor's degree in another field and may be interested in teaching a foreign language in the future. This minor would give the student a foundation in methods of teaching a foreign or second language. Please note that the minor in Foreign Language Education does not result in Florida teaching certification.

MINOR CORE (12 HOURS)

- FLE 4290 - Technology in the Foreign and Second Language Classroom **Credit(s): 3**
- FLE 4316 - Language Principles and Acquisition **Credit(s): 1-3**
- FLE 4333 - Methods of Teaching Foreign Languages and ESOL in the Secondary School **Credit(s): 3**
- TSL 4324 - ESOL Competencies and Strategies **Credit(s): 3**

GPA REQUIREMENTS

Students must earn an overall GPA of 2.0.

GRADING REQUIREMENTS

Students must earn a C- or higher in all courses in the minor.

GLOBAL STUDIES IN EDUCATION MINOR

TOTAL MINOR HOURS: 15

Certified Global Pathway Program

This program has been certified as a Global Pathway. Global Pathway programs have significant global content and align with the goals of USF's Quality Enhancement Plan, the Global Citizens Program. Students in Global Pathway programs are well positioned to earn the Global Citizen Award and become eligible to apply for a study abroad scholarship offered by the Global Citizens Project.

MINOR REQUIREMENTS

MINOR CORE (9 CREDIT HOURS)

- EDF 3514 - History of Education in the United States **Credit(s): 3**
- EEX 4742 - Narrative Perspectives on Exceptionality: Cultural and Ethical Issues **Credit(s): 3**
- EDF 4490 - Global Studies in Research Design **Credit(s): 3**

MINOR ELECTIVES (6 CREDIT HOURS)

Choose two electives from the following list.

Students seeking to substitute a course they have taken or are planning to take for one of the electives listed below should consult with an academic advisor in Student Academic Services, EDU 106, 813-974-2979.

- EDF 3604 - Schools and Society **Credit(s): 3**
- SYO 4250 - Sociology of Education **Credit(s): 3**
- DEP 4053 - Developmental Psychology **Credit(s): 3**
- EDF 3122 - Learning and the Developing Child **Credit(s): 3**
- EDF 3214 - Human Development and Learning **Credit(s): 3**
- EDF 4124 - Child Growth and Learning **Credit(s): 3**
- SSE 4380 - Global and Multicultural Perspectives in Education **Credit(s): 3**
- EDF 2005 - Introduction to the Teaching Profession **Credit(s): 3**
- EDF 2085 - Education, Diversity, and Global Society **Credit(s): 3**
- EDG 4909 - Directed Studies **Credit(s): 1-4**
- EVT 4651 - Equity in Schools and the Workplace **Credit(s): 3**

GPA REQUIREMENTS

Student must earn an overall GPA of 2.0.

GRADING REQUIREMENTS

Students must earn a C- or higher in all courses.

OTHER REQUIREMENTS

Students seeking to substitute a course they have taken or are planning to take for one of the elective courses should consult with an academic advisor in Student Academic Services, EDU 106, 813-974-2979.

Professional Training Option Minor

The Professional Training Option (PTO) is an approved alternative teacher certification program designed for students interested in teaching at the secondary level in English, Social Science, or Science in the State of Florida. Qualified majors include: English, Journalism, History, Political Science, Biology, Psychology, and Environmental Science and Policy, and World Languages.

GRADUATION REQUIREMENTS FOR THE PROGRAM

Passing General Knowledge Test (GKT) scores must be submitted prior to graduation. Certification requires submission of transcripts to the Florida Department of Education, as passing scores on the Professional Education Test and appropriate Subject Area portion of the Florida Teacher Certification Examination (FTCE). For more on testing, please see www.fl.nesinc.com.

MINOR REQUIREMENTS (21 CREDIT HOURS)

MINOR CORE (21 CREDIT HOURS)

Coursework completed in clusters. You must finish one cluster before moving to the next:

First Cluster

- EEX 4070 - Integrating Exceptional Students in the Regular Classroom **Credit(s): 2-3**
- FLE 4317 - Teaching Multilingual Students with Varying Backgrounds and Abilities **Credit(s): 3**

Second Cluster

- EDG 4909 - Directed Studies **Credit(s): 1-4**
- ESE 4341 - Secondary Teaching Methods **Credit(s): 3**
- EDF 4430 - Measurement for Teachers **Credit(s): 3**
- or
- EDF 4440 - Measurement Concepts and Assessment of All Students **Credit(s): 4**

Third Cluster

- ESE 4322 - Classroom Management for Diverse School and Society **Credit(s): 3**
 - EDG 4941 - Practicum in Secondary Teaching **Credit(s): 3**
- Note: Both courses should be taken concurrently in final semester of minor completion.

GPA REQUIREMENTS

- An overall minimum GPA of 2.50 on all attempted hours.
- A minimum 2.5 GPA is required in all coursework.

GRADING REQUIREMENTS

A minimum grade of C- is required in all coursework.

DEPARTMENT OF EDUCATIONAL AND PSYCHOLOGICAL STUDIES

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

EXERCISE SCIENCE B.S.

TOTAL DEGREE HOURS: 120

Exercise Science includes the study of the biological and behavioral aspects of exercise, fitness assessment and exercise prescription, behavior modification, and the clinical aspects of exercise. The Exercise Science major integrates classroom study with hands-on practical experiences. The major is structured such that graduates qualify for professional certifications such as ACSM's Certified Exercise Physiologist, and NSCA's Certified Strength and Conditioning Specialist, and for positions relating to health promotion, strength and conditioning, clinical rehabilitation, personal fitness training, and sport performance. In addition, the Exercise Science major prepares students for admissions to professional schools such as physical therapy, physician assistant, occupational therapy, chiropractic and athletic training.

UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - EXERCISE SCIENCE B.S.

Once admitted to the University, students are required to meet the following requirements:

1. Attend an Exercise Science orientation the week prior to the beginning of the fall semester.
2. Earn a grade of B- or higher in the following courses with no more than two attempts:
 - BSC X085/X085L or PET X322/X322L or BSC X093/X093L or APK X100C or BSC X085C or BSC X093C
 - BSC X086/X086L or APX 105C or BSC X094/X094L or PET X323C
 - HUN X201 or HSC X100
 - MAC X105 or MAC X140 or MAC X147 or MAC X311
 - APK 3120
3. Receive a grade of C- or higher in all other required courses and maintain a 2.5 GPA (overall and in major) in order to progress to the next semester.

STATE MANDATED COMMON COURSE PREREQUISITES - EXERCISE SCIENCE B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses. (Courses with an * must be passed with a grade of B- or better in no more than two attempts)

- (CHM X045 and CHM X045L) or CHM X030 or CHM X045C – 4 credit hours
- HUN X201 or HSC X100 – 3 credit hours*
- (BSC X085 and BSC X085L) or (PET X322 and PET X322L) or (BSC X093 and BSC X093L) or APK X100C or BSC X085C or BSC X093C – 3-4 credit hours*
- APK X105C or (BSC X086 and BSC X086L) or (BSC X094 and BSC X094L) or PET X323C – 4 credit hours*
- STA X023 or MAC X147 – 4 credit hours
- MAC X105 or MAC X140 or MAC X147 or MAC X311 – 4 credit hours*
- SPC X608 Public Speaking – 3 credit hours

REQUIRED SUPPORTING COURSE - EXERCISE SCIENCE B.S.

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The following is a required supporting course. It is a prerequisite for major required coursework:

- PSY 2012 - Introduction to Psychological Science **Credit(s): 3**

REQUIRED COURSES: (56-59 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- APK 3120 - Exercise Physiology **Credit(s): 3 ***
- PET 4765 - Scientific Principles of Athletic Coaching **Credit(s): 3**

MAJOR REQUIRED COURSES: 16 COURSES; 50-53 CREDIT HOURS

- APK 4138C - Applications of Strength and Conditioning **Credit(s): 3 ***
- PET 3076 - Physical Activity in Diverse Populations **Credit(s): 3 ***
- PET 3211 - Stress, Health, and Disease **Credit(s): 3 ***
- PET 3312 - Biomechanics **Credit(s): 3 ***
- PET 3314 - Survey in Exercise Science **Credit(s): 3**
- PET 3361 - Nutrition for Fitness and Sport **Credit(s): 3 ***
- PET 3370 - Science of Weight Management **Credit(s): 3**
- PET 3384 - Exercise Testing and Prescription **Credit(s): 3 ***
- PET 3384L - Exercise Testing and prescription Lab **Credit(s): 1 ***
- PET 3940 - Practicum in Fitness/Wellness **Credit(s): 3**
- PET 4088 - Individualized Fitness Wellness Programming **Credit(s): 3 ***
- PET 4093 - Strength and Conditioning **Credit(s): 3 ***
- PET 4219 - Exercise Psychology **Credit(s): 3 ***
- PET 4413 - Administration of Fitness and Wellness Centers **Credit(s): 3**
- PET 4550 - Clinical Exercise Testing and Prescription **Credit(s): 3 ***
- PET 4550L - Clinical Exercise Testing and Prescription Laboratory **Credit(s): 1 ***
- PET 4941 - Internship in Fitness and Wellness **Credit(s): 6-9 ***

Note: Courses with an * have required course corequisites and/or prerequisites.

EXERCISE SCIENCE B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Once admitted, students must maintain a 2.0 overall GPA and earn a 2.0 in all major coursework.

GRADING REQUIREMENTS

Students must earn a B- or higher (in no more than two attempts) in the following courses:

- BSC X085/X085L or PET X322/X322L or BSC X093/X093L or APK X100C or BSC X085C or BSC X093C
- BSC X086/X086L or APX 105C or BSC X094/X094L or PET X323C
- HUN X201 or HSC X100
- MAC X105 or MAC X140 or MAC X147 or MAC X311
- APK 3120

Students must earn a C- or higher in all major coursework.

RESIDENCY REQUIREMENTS

A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION

The Exercise Science major is a full-time major. Students must be available for classes from 8:00 a.m. – 5:00 p.m. (EST), Monday through Thursday each semester. Additional time commitments may be necessary for coursework such as PET 3940 - Practicum in Fitness/Wellness and PET 4941 - Internship in Fitness and Wellness. Though no computer course is recommended, students need to possess excellent computer skills, i.e., MS applications.

It is recommended that students take the following courses as electives as they will be helpful in the Exercise Science major:

- PEM 2131 – Weight Training
- HLP 2081 – Personal Wellness

In order to graduate with a BS in Exercise Science, students must complete 15 hours of volunteer community service for a non-profit health and wellness organization.

In addition to tuition, fees, and books the student is responsible for the following costs:

- Material and supply fee for PET 3384 - Exercise Testing and Prescription;
- Student membership for the Exercise Science student organization;
- Professional liability insurance for practicum, internships, and other hands-on experiences;
- Student membership in at least one professional organization;
- Transportation to and from field experiences required in courses including the practicum, internships, and other hands-on experiences;
- Any additional requirements of practicum/internship sites such as health/medical exam, immunizations/vaccines, criminal background check, finger printing, drug/alcohol screening, personal health insurance, uniforms, and parking;
- Any costs associated with obtaining physician clearance (e.g., medical exam and/or tests) prior to participation in physical activity/exercise. Students complete a Pre-Activity Screening Questionnaire (PASQ) based on American College of Sports Medicine guidelines to determine if physician clearance is needed; and,
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, etc.).

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

EXCEPTIONAL STUDENT EDUCATION (ESOL AND READING ENDORSEMENTS) B.S.

TOTAL DEGREE HOURS: 120

Certified Global Pathway Program

The undergraduate program is a state-approved program that leads to certification in Exceptional Student Education (ESE).

This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of High-Impact Practices and Undergraduate Research (HIPUR) website.

STATE-APPROVED PROGRAM WITH READING AND ESOL ENDORSEMENTS

This degree program is a state-approved program that leads to both the Reading Endorsement and ESOL (English to Speakers of Other Languages) Endorsement. Upon successful completion of the program, teacher candidates are eligible for the endorsements on their Florida teaching certificate.

UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education.

Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida
2. Complete the University of South Florida's Enhanced General Education requirements (see General Education Information in the catalog)
 1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application. See <https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx> for more information

For former students returning to the college after being inactive, please be aware of the **Time Limit for Coursework** policy under *Additional Information*.

GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:

- Meet with your academic advisor each semester to review your progress toward degree.
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
- Earn a minimum overall GPA of 2.5
- Complete any required certification exams

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- Apply to graduate

STATE MANDATED COMMON COURSE PREREQUISITES - EXCEPTIONAL STUDENT EDUCATION B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education and Field Experience - 3 credit hours

- RED 4724 - Intermediate Literacy Strategies and Assessment I **Credit(s): 3**

EXCEPTIONAL STUDENT EDUCATION B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GRADING REQUIREMENTS

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS

A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

Students will be required to pay for costs in addition to tuition, fees, and books such as:

- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

CLINICAL EDUCATION

All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

BACKGROUND CHECK AND FINGERPRINTING

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: [Fingerprinting Instructions \(usf.edu\)](http://www.usf.edu/fingerprinting) International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

REPEATING A CLINICAL EXPERIENCE

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education they must indicate they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

PHYSICAL EDUCATION B.A.

TOTAL DEGREE HOURS: 120

Physical Education includes the study of kinesiology, physical skill development, pedagogy, coaching, curriculum development and assessment, and administration of physical activity programs. The Physical Education major offers students extensive preparation in theory and methodology courses leading to K-12 teaching certification. The Physical Education Program also offers a minor in the Science of Physical Activity.

Physical Education is a two-year program that includes mandatory attendance during the summer session between the first and second years. The Physical Education program only admits students in the Fall Semester of each year. Students proceed through the program in cohorts and are required to complete all required courses each semester with a grade of "C-" or better in order to progress to the next semester. Students who do not complete the requirements will be dismissed from the program and may reapply for the next cohort.

The Physical Education program is a full-time program. Students must be available for classes from 8:00 am - 5:00 pm, Monday through Friday each semester. Additional time commitments may be necessary for course work in the evenings.

UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

GPA REQUIREMENTS

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

Grading Requirements

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENT

Students successfully must complete at least 50 percent (50%) of the required courses in the major in courses offered by USF conferring the degree. In cases of hardship or lack of course availability, individual exceptions may be approved by the respective college Dean or designee to help ensure timely graduation.

TIME LIMIT FOR COURSEWORK

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

INTERNSHIP OPPORTUNITIES

Physical Education students will complete four clinical experiences. The final internship consists of two courses, each of 7 weeks. One will be performed at the elementary level and one at the middle or high school level. Passing grades in internship will only be possible if all sections of the Florida Teacher Certification Exam are taken and passed prior to graduation.

- PET 4942 - Physical Education Pre-Internship: Elementary **Credit(s): 3**
- PET 4944 - Physical Education Pre-Internship: Secondary **Credit(s): 3**
- PET 4946 - Internship in Physical Education: Elementary **Credit(s): 6**
- PET 4947 - Internship in Physical Education: Secondary **Credit(s): 6**

REQUIREMENTS AFTER ADMISSION

Students accepted into the physical education program must meet the following additional requirements:

- Sign an agreement to abide by the standards set forth in the College of Education Professional Disposition and Ethical Standards Policy and Procedures document.
- Pay for costs in addition to tuition, fees, and books such as:
 - Attendance at the state professional organization conference (minimally 1 year)
 - Student membership in the state physical education professional organization
 - Transportation to and from school sites required in courses and internships
 - Physical Education Teacher Education uniform for internships
 - Criminal background checks and finger printing for internships
 - Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, professional file, etc.)
- Electronic assignment portfolio throughout program
- Complete professional development plans throughout the program.
- Complete and pass individual development plans in identified skill areas during the program.

PHYSICAL EDUCATION ELECTIVE PROGRAM

Physical Education elective offerings are designed to provide opportunities for all students in the University to acquire knowledge and movement skills related to an active healthy lifestyle. Laboratory experiences in over twenty-five different exercise and sports activities allow students to select and develop proficiency appropriate for leisure pursuit and personal development. Special competency courses provide for in-depth study in such areas as personal wellness, current issues in sports, and first aid.

Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

REPEATING A CLINICAL EXPERIENCE

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education he/she must indicate he/she was once in the College and dismissed. If the candidate is admitted and it is determined that he/she did not disclose the dismissal the student will be dismissed immediately.

ACCREDITATION

This program is accredited by the **Council for the Accreditation of Educator Preparation (CAEP)**.

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

PHYSICAL EDUCATION B.S.

TOTAL DEGREE HOURS: 120

Physical Education includes the study of kinesiology, physical skill development, pedagogy, coaching, curriculum development and assessment, and administration of physical activity programs. The Physical Education major offers students extensive preparation in theory and methodology courses leading to K-12 teaching certification. The Physical Education Program also offers a minor in the Science of Physical Activity.

Physical Education is a two-year program that includes mandatory attendance during the summer session between the first and second years. The Physical Education program only admits students in the Fall Semester of each year. Students proceed through the program in cohorts and are required to complete all required courses each semester with a grade of "C-" or better in order to progress to the next semester. Students who do not complete the requirements will be dismissed from the program and may reapply for the next cohort.

The Physical Education program is a full-time program. Students must be available for classes from 8:00 am - 5:00 pm, Monday through Friday each semester. Additional time commitments may be necessary for course work in the evenings.

UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education.

Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida
2. Complete the University of South Florida's Enhanced General Education requirements (see General Education Information in the catalog)
 1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application. See <https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx> for more information

For former students returning to the college after being inactive, please be aware of the **Time Limit for Coursework** policy under *Additional Information*.

GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:

- Meet with your academic advisor each semester to review your progress toward degree.
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
- Earn a minimum overall GPA of 2.5
- Complete any required certification exams
- Apply to graduate

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - PHYSICAL EDUCATION B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education and Field Experience - 3 credit hours
- BSC X085 - 3 credit hours
- BSC X086 or PET X622 - 2-3 credit hours
- Skill Development Courses in Physical Activities - 4 credit hours
- Conditioning, Fitness and Wellness Course in Physical Education Activities - 3 credit hours

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ADDITIONAL INFORMATION - PHYSICAL EDUCATION B.S.

GPA REQUIREMENTS

Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

GRADING REQUIREMENTS

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENT

Students successfully must complete at least 50 percent (50%) of the required courses in the major in courses offered by USF conferring the degree. In cases of hardship or lack of course availability, individual exceptions may be approved by the respective college Dean or designee to help ensure timely graduation.

TIME LIMIT FOR COURSEWORK

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

INTERNSHIP OPPORTUNITIES

Physical Education students will complete four clinical experiences. The final internship consists of two courses, each of 7 weeks. One will be performed at the elementary level and one at the middle or high school level. Passing grades in internship will only be possible if all sections of the Florida Teacher Certification Exam are taken and passed prior to graduation.

- PET 4942 - Physical Education Pre-Internship: Elementary **Credit(s): 3**
- PET 4944 - Physical Education Pre-Internship: Secondary **Credit(s): 3**
- PET 4946 - Internship in Physical Education: Elementary **Credit(s): 6**
- PET 4947 - Internship in Physical Education: Secondary **Credit(s): 6**

REQUIREMENTS AFTER ADMISSION

Students accepted into the physical education program must meet the following additional requirements:

1. Sign an agreement to abide by the standards set forth in the College of Education Professional Disposition and Ethical Standards Policy and Procedures document.
2. Pay for costs in addition to tuition, fees, and books such as:
 - Attendance at the state professional organization conference (minimally 1 year)
 - Student membership in the state physical education professional organization
 - Transportation to and from school sites required in courses and internships
 - Physical Education Teacher Education uniform for internships
 - Criminal background checks and finger printing for internships
 - Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, professional file, etc.)
 - Electronic assignment portfolio throughout program
3. Complete professional development plans throughout the program.
4. Complete and pass individual development plans in identified skill areas during the program.

PHYSICAL EDUCATION ELECTIVE PROGRAM

Physical Education elective offerings are designed to provide opportunities for all students in the University to acquire knowledge and movement skills related to an active healthy lifestyle. Laboratory experiences in over twenty-five

COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

different exercise and sports activities allow students to select and develop proficiency appropriate for leisure pursuit and personal development. Special competency courses provide for in-depth study in such areas as personal wellness, current issues in sports, and first aid.

OTHER INFORMATION

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

Students will be required to pay for costs in addition to tuition, fees, and books such as:

- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

CLINICAL EDUCATION

All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

BACKGROUND CHECK AND FINGERPRINTING

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: [Fingerprinting Instructions \(usf.edu\)](#) International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

REPEATING A CLINICAL EXPERIENCE

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education they must indicate they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.

ACCREDITATION

This program is accredited by the **Council for the Accreditation of Educator Preparation (CAEP)**.

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

SCIENCE OF PHYSICAL ACTIVITY MINOR

TOTAL MINOR HOURS: 11-12

Students who successfully complete the minor in the Science of Physical Activity will have a background in basic physical activity knowledge which may assist individuals interested in coaching and working with adults and children in physical activity settings.

MINOR REQUIREMENTS

The minor in the Science of Physical Activity is 11-12 hours. Students must have completed 45 hours of undergraduate coursework, be considered at the junior level, have an overall GPA of 2.5, and have a major in a program other than Physical Education.

MINOR CORE (9 CREDIT HOURS)

- APK 3120 - Exercise Physiology **Credit(s): 3**
- PET 3031 - Motor Behavior **Credit(s): 3**
- PET 4510 - Measurement and Evaluation in Physical Education **Credit(s): 3**

MINOR ELECTIVES (2-3 CREDIT HOURS)

Students must choose one of the following courses:

- PET 4820 - Sport Skill Proficiency **Credit(s): 3**
- SPM 3012 - Issues in Sport **Credit(s): 3**

GPA REQUIREMENTS

Students must earn an overall GPA of 2.0

GRADING REQUIREMENTS

Students must earn a C- or higher in each course.

ADVISING INFORMATION

To schedule an advising appointment:

Prospective or current students with an active UID can schedule an appointment online:

<https://usf.appiancloud.com/suite/sites/archivum/page/archivum/report/daQEig>

Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major:

<https://www.usf.edu/undergrad/students/advising.aspx>

COLLEGE OF ENGINEERING

4202 E. Fowler Avenue, ENG 030
Tampa, FL 33620
(813) 974-3780
<https://www.usf.edu/engineering/index.aspx>

Physical Location: The College of Engineering is at the corner of Leroy Collins Blvd. and Alumni Drive.

About the College

The College of Engineering offers undergraduate and graduate programs to prepare students for a broad spectrum of professional careers in engineering. Laboratory experiences, as well as real-world participation in technological problem solving, are key aspects of a student's education. The laboratory and research facilities of the College of Engineering, close collaboration with professional societies and the many industries in the metropolitan Tampa Bay area provide a wide range of experiential learning opportunities for College of Engineering students at the University of South Florida. The college offers undergraduate degrees in Biomedical Engineering, Chemical Engineering, Civil Engineering, Computer Engineering, Computer Science, Cybersecurity, Electrical Engineering, Industrial Engineering, Information Technology, and Mechanical Engineering. In addition, the college offers minors in Biomedical Engineering, Computer Science, and Information Technology. The degree programs of the College are developed with an emphasis on three broad aspects of engineering and technological activity: design, research, and the operation of complex technological systems. The undergraduate degree programs provide a strong, broad-based, fundamental education as preparation for careers in industry and government, or as preparation for advanced studies in professional schools of engineering, technology, science, law, business, and medicine.

At the graduate level, students work in close collaboration with faculty, pursuing advanced topics within their disciplines which will result in advancements in their fields and society at large. Students who are interested in advanced design or research should pursue a traditional or accelerated program leading to a Master of Science degree in the designated discipline. The supervision of the academic programs is the function of the administrative departments together with several coordinators. Each department is responsible for specific professional programs, faculty, laboratories, and student advising.

The Departments and Programs section that follows contains descriptions of the baccalaureate degrees offered by the College. Students interested in particular programs offered by the College of Engineering should direct their inquiries to the College of Engineering's Office of Student Services. Information is also available on the College's website: <https://www.usf.edu/engineering/>.

Mission, Vision, Values

MISSION

To profoundly shape and impact lives through the steadfast pursuit of world-class engineering research, education, and innovation.

VISION

We aspire to be at the forefront of engineering research and education, cultivating knowledgeable, passionate engineers who are dedicated to need-based, solutions-oriented engineering.

VALUES

We share a culture of excellence, characterized by an emphasis on students, research, innovation, partnership, inclusivity, agility, and the future.

Accreditation

The USF Bachelor of Science degree programs in Chemical Engineering, Civil Engineering, Computer Engineering, Electrical Engineering, Industrial Engineering, and Mechanical Engineering are accredited by the Engineering Accreditation Commission of ABET (<http://www.abet.org/>).

The USF Bachelor of Science degree programs in Computer Science and Cybersecurity are accredited by the Computing Accreditation Commission of ABET (<http://www.abet.org/>).

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Other Information

Professional Registration

Students who have attained senior status, and are in good academic standing in an EAC/ABET-accredited engineering program, are eligible to register for examinations leading to licensure as a professional engineer. The first examination, called the Fundamentals of Engineering (FE) Exam, is offered by the Florida Board of Professional Engineers and is usually taken the semester prior to graduation. In addition to the knowledge acquired through the engineering curriculum, many students take advantage of review courses offered in the College of Engineering to prepare for the FE examination. Registering for the FE exam during the senior year is strongly encouraged.

Students in the University Honors College

College of Engineering students participating in the University Honors Program are able to complete their Engineering Bachelor's degree in four years. Students who qualify for the Honors Program at USF should contact the Honors College or Engineering Student Services to learn about the benefits of this prestigious program.

Army, Air Force and Naval R.O.T.C. for Students

The academic and technological knowledge from a College of Engineering degree grants a distinct advantage to individuals interested in a military appointment or career. This is especially true for those participating in one of the ROTC programs at USF.

Bachelor's/Master's Pathway Programs

Well-qualified students who, at the beginning of their senior year, are clearly interested in graduate study are invited to apply to the individual Bachelor's/Master's Pathways academic programs offered by various departments within the College of Engineering.

Housing

The Engineering Living Learning Community – College of Engineering Housing at the Tampa campus

The Engineering Living Learning Community provides extra support and services for College of Engineering students. Freshmen and continuing residents have a built-in network of peer support, tutoring services, and academic support programs right in the hall. The LLC is open to all first time in college and returning Engineering LLC students declared in the College of Engineering. To learn more and apply, visit <https://www.usf.edu/housing/residential-learning/llc-major/engineering.aspx>.

The BioLife First Year Interest Group is an academic-based community open to first-year students majoring in Biology at the St. Petersburg campus. This community offers residents the opportunity to learn together about the interdisciplinary nature of biology, engage with faculty in the Biological Sciences program, participate in civic engagement activities with a biology focus, and explore potential career opportunities. For more information, visit: <https://www.usfsp.edu/housing/residential-community-programs/>.

Women Advancing and Rising in Engineering (A.R.E.) Living Learning Community – Housing for Female Engineering Students at the Tampa campus

If you are determined to succeed in a career in engineering, then commit to rising with other students in the Women A.R.E. Living Learning Community. This LLC empowers students to advance in their academic pursuits in the College of Engineering by connecting them to special opportunities for in-hall tutoring, peer mentoring, faculty mentoring, and career readiness workshops. This LLC is located in Poplar Hall and open to all first time in college and returning women students enrolled in the College of Engineering. To learn more and apply, visit: <https://www.usf.edu/housing/residential-learning/llc-major/women-are.aspx>

STEM Living Learning Community – Housing for STEM majors at the Tampa campus

The STEM Living Learning Community (LLC), located in Cypress Hall, is a stimulating living learning environment that was created to meet the needs of STEM students interested in various science, technology, engineering, psychology, and math areas. The goals of the STEM LLC are to assist students in achieving academic and personal success while fostering an understanding of the multiple career pathways available to graduating STEM students. The STEM LLC is open to the following majors: Biomedical Sciences, Biology (all related biology), Cellular and Molecular Biology, Chemistry (all related chemistry), Computer Science, Engineering, Geology/Geological Sciences,

College-Level Requirements

Minimum Continuation Requirements

All College of Engineering undergraduate students must meet the following criteria:

- Maintain a cumulative 2.0 USF GPA
- Maintain a cumulative 2.0 Overall GPA
- Earn a minimum 2.0 semester GPA
- Earn the required grade in math, science and college courses in no more than two (2) registered attempts. Grades of W, IF, U, and R are considered attempts.

Warning

Students who do not meet the required minimum semester GPA are initially given a warning.

Probation

Students will be placed on probation if they have any of the following:

- Two semesters with a term GPA under 2.0 or
- Less than a 2.0 cumulative USF GPA or
- Less than a 2.0 Overall GPA.

Students on probation will be ineligible for further registration in the College. In order to continue, students must obtain individually designed academic plans approved by their academic advisor and will be closely monitored. Failure to meet the terms of the academic plans will result in the reselection of a major outside the College of Engineering.

Reselect Major

In addition to the conditions outlined above, students who fail to meet the grade requirement in math, science and college courses in no more than two (2) registered attempts must reselect a major outside the College of Engineering. Please keep in mind that the College provides a wide range of services to assist in selecting a new academic and career path.

Academic Dismissal

Students academically dismissed from the University of South Florida, or those who leave on probation, may choose to attend another post-secondary institution, and reapply to USF after their overall GPA meets minimum requirements. The College may consider them for readmission if they meet the minimum College of Engineering admission requirements for transfer students, as well as the program entrance requirements for their intended major as published in the University of South Florida Undergraduate Catalog for their term of readmission.

Other Requirements

Years to Degree

The College of Engineering requires that a student completes the baccalaureate degree within five years after beginning the specialization courses for their major. Specialization courses taken more than five years prior to graduation will not be counted toward the degree. Exceptions may be granted by the academic department.

University, College and Program Requirements

The College requirements described in this section above are in addition to requirements set forth in the University policy and procedures section and the departmental sections of this catalog. It is the student's responsibility to complete all university, college, program and curricular requirements prior to graduation.

Student Laptop Computer Requirement

All students entering the College of Engineering are required to have a laptop computer that they can use in their major classes and labs.

Disruption of Academic Process and Academic Dishonesty

The College of Engineering will maintain an environment that encourages all to study and conduct engineering research free from undue disruption. Disruption of the Academic Process is a matter the College is obliged to report to Student Judicial Services. Academic dishonesty, in any form, is taken very seriously by the College of Engineering and will result in sanctions. The most serious penalty is dismissal from the University. (See University policies - Academic Integrity of Students)

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Admission Requirements

Preparation for Entering the College of Engineering

High school students anticipating a career in engineering or computer science must present a strong academic record that includes four years of advanced high school mathematics (analytical geometry, trigonometry, pre-calculus, calculus) and science, including chemistry and physics. High school students seeking to matriculate into the Information Technology or Cybersecurity program of study must present a strong academic record that includes at least three years of highly advanced high school mathematics (analytical geometry, trigonometry, pre-calculus) and science, including physics. Prospective students who lack sufficient preparation in high school may need additional preparatory coursework.

Newly admitted first year students are required to take and successfully complete the university's Math Placement Test (MPT) first two subjects, basic algebra and college algebra. Students who completed pre-calculus or calculus in high school will also take the MPT for pre-calculus/trigonometry. A score of 12 out of 15 on the MPT subject exams is passing. Students who successfully complete all three MPT subjects are encouraged to start in Calculus I fall term for degree progression. More information about the MPT is online at <http://math.usf.edu/placement/>. Exemption for students who have already received credit for calculus I.

All summer admits are required to enroll in a 3-credit math preparatory course during the Summer B session and earn a minimum grade of "S" satisfactory. Students who are unable to successfully complete the course may be redirected to another major as stated in the university Degree Progression policy 10-505.

First year summer admits and conditional admits will participate in at least one College of Engineering academic support program geared toward successful degree progression their first fall/spring semester. Examples of an academic support program include course-based learning communities, weekly academic guidance sessions, and/or weekly tutoring.

Admission Requirements for First Year Students

First time in college students and lower-level transfer students (12-29 credits), who meet the criteria below, are granted entry into the specific College of Engineering program.

Chemical Engineering, Civil Engineering, Electrical Engineering, Environmental Engineering, Industrial Engineering, or Mechanical Engineering:

Admitted to the University of South Florida as a degree seeking student;

Meets at least one of the below requirements:

SATM - a minimum quantitative score of 610 or

ACTM - a minimum score of 26 or

Have a minimum High School GPA of 3.6 on the USF adjusted scale.

Computer Science, Computer Engineering, Cybersecurity, or Information Technology:

Admitted to the University of South Florida as a degree seeking student;

Have a minimum High School GPA of 4.0 on the USF adjusted scale and (SATM with a minimum quantitative score of 570 or ACTM with a minimum score of 24).

Biomedical Engineering is a specialized admissions program. Students interested in this program need to refer to the Biomedical Engineering program section in the catalog.

Once admitted, students may need to meet additional program specific requirements for progression to the upper division. Please refer to the program section in the catalog for details.

For the specific state mandated common prerequisite courses for each program within the College of Engineering, please see the section entitled, "State Mandated Common Prerequisites" located under the program section of the catalog.

Admission Requirements for Transfer Students

Lower-level transfer students with 12-29 credits of post-secondary course work will be admitted under the requirements for first year students.

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Mid-level transfer students who have completed 30-59 credit hours of post-secondary course work who meet the criteria below and are in compliance with college-level requirements and college graduation requirements are accepted directly into the specific College of Engineering program*.

Fully admitted to the University of South Florida as a degree-seeking student with at least 30 earned credits.

Meet one of the following (A or B):

A. Students pursuing a major in engineering or computer science must have successfully completed two of the following four courses and must have earned a minimum grade of B or better (no B-) in at least one of the requirements (maximum two attempts allowed to earn required grade and a withdrawal is considered an attempt):

Calculus I (MAC X281 or MAC X311 or equivalent)

Calculus II (MAC X282 or MAC X312 or equivalent)

Calculus-based Physics I plus lab (PHY X048L or PHY X045L)

Chemistry I with lab (CHM X045 and CHM X045L) or CHM X045C or (CHS X440 and CHS X440L)

In addition to completing the above requirements, students pursuing a major in computer science or computer engineering must also have completed COP 2510 - Programming Concepts (or equivalent) with a minimum grade of B or better (not B-) (maximum two (2) attempts to earn the required grade and a withdrawal is considered an attempt. Note that computer science majors are not required to complete chemistry.

B. Students pursuing a major in information technology or cybersecurity must have successfully completed CGS 1540 - Introduction to Databases for Information Technology (or equivalent) with a minimum grade of B or better (no B-) in at least one of the courses (maximum two attempts allowed to earn required grade and a withdrawal is considered an attempt)

Introductory Statistics I (STA X023 or STA X122)

Pre-Calculus Algebra and Trigonometry [MAC X147 or (MAC X140 and MAC X114)] or MAC 2233 - Business Calculus

Any Physics course (PHY 1000 - PHY 2999) - 3 credit hours

Successful completion of courses requires earning the minimum required grade within two attempts. Unless stated otherwise, the minimum required grade is a C (not C-).

Upper-level transfer students with 60 or more credit hours of post-secondary course work, who meet all of the criteria below and are in compliance with college-level requirements and college graduation requirements are accepted directly into the specific College of Engineering program*.

Fully admitted to the University of South Florida as a degree-seeking student;

Meet one of the following (A or B):

Students pursuing a major in engineering or computer science must have successfully completed all of the following courses and must have earned a minimum grade of B or better (no B-) in at least one of the requirements (maximum two attempts allowed to earn required grade and a withdrawal is considered an attempt).

Calculus I (MAC X281 or MAC X311 or equivalent)

Calculus II (MAC X282 or MAC X312 or equivalent)

Calculus-based Physics I plus lab (PHY X048L or PHY X045L)

In addition to completing the above requirements, students pursuing a major in computer science or computer engineering must also have successfully completed COP 2510 - Programming Concepts (or equivalent) with a minimum grade of B or better (no B-) (maximum two attempts to earn required grade and a withdrawal is considered an attempt)

B. Students pursuing a major in information technology or cybersecurity must have successfully completed CGS 1540 - Introduction to Databases for Information Technology (or equivalent) with a minimum grade of B or better (not B-) and have completed all of the following courses with a minimum grade of B or better (not B-) in at least one of the courses (maximum two (2) attempts allowed to earn required grade and a withdrawal is considered an attempt).

Introductory Statistics I (STA X023 or STA X122)

Pre-Calculus Algebra and Trigonometry [MAC X147 or (MAC X140 and MAC X114)] or MAC 2233 - Business Calculus

Any Physics course (PHY 1000 - PHY 2999) - 3 credit hours

Successful completion of courses requires earning the minimum required grade within two (2) attempts. Unless stated otherwise, the minimum required grade is a C (not C-).

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

*Biomedical Engineering is a limited access program. Students interested in this program need to refer to the Biomedical Engineering program section in the catalog for details.

Students who are not admissible to the college are ineligible to enroll in college restricted courses. **Once admitted, students may need to meet additional program specific requirements for progression to the upper division.** Please refer to the program section in the catalog for details.

For the specific state-mandated common prerequisite courses for each program within the College of Engineering, please see the section entitled, "State Mandated Common Prerequisites" located under the program section of the catalog.

The USF College of Engineering will accept transfer credit from non-Florida Statewide Common Course Numbering System courses when appropriate if the transferred course has been passed with a grade of C or better, and it is determined to be equivalent in both content and quality. In some cases, credit for a course *may* be granted, but the hours accepted may be less than the hours earned at another school. In general, engineering and technology courses taken at technical schools, or as part of professional or military training, are not applicable to the degree programs of the College of Engineering. Transfer students should be prepared to submit detailed course syllabi from the previous institution if requested.

While credit for work from other institutions may be granted subject to the conditions of the previous paragraph, at least 30 credit hours including a minimum number of semester hours of engineering coursework, specified by the degree-granting department, must be taken at USF to receive the Baccalaureate degree. Prospective transfer students may contact the Office of Engineering Student Services at (813) 974-2684 to request an assessment.

Graduation Requirements

Minimum Graduation Requirements

All undergraduate students admitted to any academic program in the College of Engineering must maintain a minimum cumulative GPA of 2.0 in each of the following categories:

- Overall Undergraduate GPA
- USF GPA
- Math and Science courses (best attempt)
- Engineering Courses
- Courses within the major

As stated in USF Policy 10-505, students not meeting minimum GPA requirements for graduation may be redirected to another major.

Graduation Application Procedures

Each College of Engineering student is required to complete an application for graduation and graduation checklist. Students should meet with their program advisor to review graduation qualifications and obtain approval well in advance of the College graduation application deadline. The graduation application deadline for the college is set prior to the university deadline and is posted on the College of Engineering Student Services website or department website.

Note: Applications are generally due before the beginning of the graduating term. Individual academic departments may have a graduation application deadline that precedes the college one.

Baccalaureate-Level Degree Programs

Bachelor of Science

Biomedical Engineering (BSBE)

<https://www.usf.edu/engineering/bme/>

Biomedical Engineering is the confluence of engineering, biology and medicine. Main application areas are the development and testing of new medical devices, systems and drugs/medications to prevent or cure illnesses and medical conditions.

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Chemical Engineering (BSCH)

<https://www.usf.edu/engineering/chbme/>

Students take course work in advanced chemistry, thermodynamics, fluids, heat and mass transfer, separation processes, and reaction systems. The program prepares students upon graduation to pursue careers in industry or with government organizations.

Civil Engineering (BSCE)

<https://www.usf.edu/engineering/cee/#&slider1=3>

Civil engineers design and supervise the construction of roads, buildings, airports, tunnels, dams, bridges, and water supply and sewage systems. Students can focus on these specialties: structures, water resources, environmental, transportation, and geotechnical.

Computer Engineering (BSCP)

<https://www.usf.edu/engineering/cse/>

The Computer Engineering program emphasizes the application of engineering principles to the design of computer hardware and software, and devotes additional time to computer architecture and advanced topics in hardware design, including extensive laboratory work. Students in this program also acquire a background in engineering topics through related coursework in the College.

Computer Science (BSCS)

<https://www.usf.edu/engineering/cse/>

The Computer Science program focuses on the design, development, and application of software systems. Additional course work in algorithms, discrete structures, object-oriented design, data structures, operating systems, digital logic design, computer architecture, and a wide range of advanced electives extend and supplement the core.

Cybersecurity (BSCYS)

<https://www.usf.edu/engineering/cse/>

The Cybersecurity program focuses on technology, people, information, and processes to enable assured cyber operations in the context of adversaries. The program is built on a technical foundation of computing and information technology. Students in this program acquire a background in cybersecurity related to information, software, systems, users, and organizations including aspects of policy, human factors, risk management, ethics, and impact on society.

Electrical Engineering (BSEE)

<https://www.usf.edu/engineering/ee/>

The program offers study in all areas fundamental to electrical engineering and the electrical sciences - circuit analysis and design, bioelectrical systems, mechatronics and robotics, embedded systems, wireless circuits and systems, communication systems, power and energy, MEMS, and nano- and micro- devices and systems.

Environmental Engineering (BSEV)

<https://www.usf.edu/engineering/cee/>

The program offers study to solve complex problems, supporting human and environmental needs while mitigating adverse environmental, health, and economic impacts associated with human activities. The degree is an interdisciplinary engineering program designed to provide students with a strong foundation in both theoretical and applied aspects of Environmental Engineering.

Industrial Engineering (BSIE)

<https://www.usf.edu/engineering/imse/>

Industrial engineering is ideal for individuals interested in formulating mathematical, statistical, and computer simulation models of complex systems in manufacturing, logistics, information, healthcare, transportation, financial, utilities, entertainment, and service. IE's analyze model results to make engineering decisions for improving system performance and developing public policies.

Information Technology (BSIT)

<https://www.usf.edu/engineering/cse/>

The Information Technology program focuses on programming, databases, networking, human-computer interaction, web systems, and cybersecurity to meet the technology requirements of business, government, healthcare,

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

education, and other organizations. Students in this program acquire the right combination of fundamental knowledge and practical expertise to solve computing technology problems and meet user needs.

Mechanical Engineering (BSME)

<https://www.usf.edu/engineering/me/>

Mechanical engineering is a discipline that applies the principles of physics and materials science for analysis, design, manufacturing, and maintenance of mechanical systems. It is the branch of engineering that involves the production and usage of heat and mechanical power for the design, production, and operation of machines and tools. It is one of the oldest and broadest engineering disciplines.

Bachelor's/Master's Pathways

B.S.C.H. in Chemical Engineering/M.S.B.E. in Biomedical Engineering
B.S.C.H. in Chemical Engineering/M.S.C.H. in Chemical Engineering
B.S.C.H. in Chemical Engineering/M.S.E.M. in Engineering Management
B.S.C.H. in Chemical Engineering/M.S.M.S.E. in Materials Science and Engineering
B.S.C.E. in Civil Engineering/M.S.C.E. in Civil Engineering
B.S.C.E. in Civil Engineering/M.S.E.M. in Engineering Management
B.S.C.E. in Civil Engineering/M.E.M.S.E. in Materials Science and Engineering
B.S.C.E. in Civil Engineering/M.S.E.V. in Environmental Engineering
B.S.E.E. in Electrical Engineering and M.S.E.E. in Electrical Engineering
B.S.E.E. in Electrical Engineering and M.S.M.S.E. in Materials Science and Engineering
B.S.I.T. in Information Technology/M.S.I.T. in Information Technology

Minors

Biomedical Engineering

<https://www.usf.edu/engineering/undergraduate/>

This 15 credit hour program is open to all engineering majors (except Biomedical Engineering) and other students that meet the prerequisites

Computer Science

<https://www.usf.edu/engineering/undergraduate/>

This 18 credit hour program is open to all students except for department majors. The minor is particularly attractive to students in other engineering majors, and students in the maths and sciences.

Information Technology

<https://www.usf.edu/engineering/undergraduate/>

The Information Technology minor covers key topics in the discipline - a 21-credit hour program that is attractive to students in other engineering depts. and students in mathematics and the sciences (physics, chemistry, biology) who have no background in software development. The IT minor is open to all students, except students majoring in Computer Science, Computer Engineering, Cybersecurity, and Information Technology, who meet the prerequisites.

Undergraduate Advising Information

Effective pursuit of studies within the College of Engineering requires careful attention to both the sequence and the type of courses taken. The college curriculum differs in key respects from the study plans of other majors even in the first year. Professional advisors in the College of Engineering provide individualized academic planning and guidance. New students must attend the University's Orientation program. They will be introduced to the college advisors during this program and receive advisement for their first semester. The student and advisors jointly work out a plan of study that meets both the student's career objectives and the College of Engineering's degree requirements. While the College provides advising services to assist students with academic planning, the student is responsible for knowing and meeting all performance standards and graduation requirements.

All majors are initially advised in the Office of Engineering Student Services. Please visit <https://www.usf.edu/engineering/student-services/academic-advising/index.aspx> for a list of advisors and their contact information.

DEPARTMENT OF CHEMICAL, BIOLOGICAL, AND MATERIALS ENGINEERING

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

CHEMICAL ENGINEERING B.S.C.H.

TOTAL DEGREE HOURS: 131

Students pursuing the Bachelor of Science in Chemical Engineering take coursework in advanced chemistry, thermodynamics, fluids, heat, and mass transfer, numerical methods, separation processes, reacting systems, instrumentation, control, and plant and product design. Students must also satisfactorily complete a design project as part of their major. Chemical engineering students must maintain a GPA of 2.0 in required departmental courses. Therefore, it is imperative that the students retain close contact with their advisor. Students completing this major normally initiate their careers in manufacturing, environmental, and biological enterprises. Chemical engineers are found in administrative, technical, and research positions in these industries. Main products of these industries are petrochemicals, polymers, fibers, natural and synthetic fuels, electronic materials, fertilizers, pharmaceuticals, bio-materials, etc.

MISSION STATEMENT

The mission of the Department of Chemical & Biomedical Engineering is to prepare graduates with fundamental knowledge and contemporary skills for the development, economic design, and safe operation of chemical and biological systems, processes, products, and methods in a manner compatible with societal values.

PROGRAM EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES

Program Educational Objectives

The overall objective of the Bachelor's Degree Program in Chemical Engineering at the University of South Florida is to prepare graduates for successful careers in the chemical engineering and related professions. Accordingly, graduates of this program who have chosen to pursue a career in engineering shall achieve the following within a few years after graduation:

- Demonstrate professional engineering competence by holding positions of increasing responsibility in industry, business, government and/or educational institutions

- Publish papers, reports, patents and/or technical presentations at local, national, international meetings or within the professional organization/company that they are affiliated with.

- Continue to improve their technical skills, knowledge and understanding through continuing education, pursuit of advanced degrees, and/or pursuit of professional license in their chosen profession.

Please refer to the mission statement on the department website for additional information.

Student Outcomes

The graduates of the B.S. degree program in Chemical Engineering Program at USF will demonstrate that they have:

- An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.

- An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.

- An ability to communicate effectively with a range of audiences.

- An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.

- An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.

- An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.

- An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

- An ability to analyze the hazards associated with chemical, physical and/or biological processes.

Student Enrollment Data

Student enrollment data are posted on the departmental web site: <https://www.usf.edu/engineering/chbme/>.

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Engineering, see the information at College of Engineering.

DEPARTMENTAL POLICIES

In addition to the College of Engineering's graduation requirements, the department has the following policies:

Mandatory academic advising of students for each term.

Exit interviews as a graduation requirement.

PROGRESSION REQUIREMENTS - CHEMICAL ENGINEERING B.S.C.H.

In addition to meeting the College of Engineering's continuation requirements, students majoring in the Chemical Engineering program must meet all of the following progression requirements to continue in the major:

First Year Students must complete ECH 3023 - Material and Energy Balances **Credit(s): 3** with a minimum grade of C (C- is insufficient) by no later than the end of the fifth semester (not counting summers). Upper level transfer students must meet the same course and grade requirement by the end of the third semester (not counting summers). The semester count begins upon admission to USF. Students are encouraged to complete this course as soon as possible upon entry at the university.

Each student must not accumulate more than a total of three (3) grades of D, F, or W, in any combination, for the collection of required major specialization courses.

Students unable to satisfy these progression requirements will be required to reselect their major.

STATE MANDATED COMMON COURSE PREREQUISITES - CHEMICAL ENGINEERING B.S.C.H.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper-division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower-level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to their intended department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

The following are transferable courses from the Florida College System Institution that will be accepted in the Math/Science/Engineering areas:

Mathematics:

Courses at USF

MAC 2281 - Engineering Calculus I **Credit(s): 4** OR MAC 2311 - Calculus I **Credit(s): 4**

MAC 2312 - Calculus II **Credit(s): 4**

MAC 2283 - Engineering Calculus III **Credit(s): 4** OR MAC 2313 - Calculus III **Credit(s): 4**

ECH 4715 - Chemical Process Safety and Ethics **Credit(s): 2**

MAJOR ELECTIVES: 5 COURSES; 15 CREDIT HOURS

15 HOURS OF DEPARTMENTAL UPPER-LEVEL ELECTIVES.

Note: Consult with the department undergraduate advisor for additional departmental and/or science electives and special topics courses that may be available.

BME 4100 - Introduction to Biomedical Engineering **Credit(s): 3**
BME 4406 - Engineering of Biological Systems **Credit(s): 3**
BME 4409 - Engineering Physiology **Credit(s): 3**
BME 4571 - Nanomedicine **Credit(s): 3**
BME 4931 - Selected Topics in Biomedical Engineering **Credit(s): 1-3**
ECH 4905 - Independent Study **Credit(s): 1-4**
ECH 3702 - Instrument Systems I **Credit(s): 3**
ECH 4931 - Special Topics in Chemical Engineering II **Credit(s): 1-3**
ECH 4936 - Undergraduate Seminar **Credit(s): 1**
ECH 4944 - Industry Internship **Credit(s): 1-3**
ENV 4053C - Fate and Transport of Chemicals in the Environment **Credit(s): 3**

ADDITIONAL INFORMATION - CHEMICAL ENGINEERING B.S.C.H.

GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

GRADING REQUIREMENTS

Many courses required for the B.S. degree in Chemical Engineering have other prerequisite courses. Prerequisite courses must be completed with a grade of "C" or better (C- is insufficient) before the student is allowed to take the course. This applies to prerequisite courses taken in other departments as well. The passing grade for terminal courses which are not prerequisite courses is a D-.

Below is a list of courses for which a D- or better is sufficient:

BCH 3053 - General Biochemistry
CHM 2211 - Organic Chemistry II

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ECH 4241L - Chemical Engineering Laboratory II
ECH 4715 - Chemical Process Safety and Ethics
EMA 4003 - Introduction to Materials Science
Any course in the **Major Elective section** that is NOT S/U

Note: There are two terminal courses that are an exception, in that they require a C or better. Specifically,

ECH 4615C - Product and Process Design
ECH 4680C - Product Development

RESIDENCY REQUIREMENTS

Transfer students must complete a minimum of 18 hours of approved specialization courses in the major at USF. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in Chemical Engineering degree program.

INTERNSHIP OPPORTUNITIES

The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the College of Engineering and pursue actual internships during their sophomore, junior and senior years.

BACHELOR'S/MASTER'S PATHWAYS

Students majoring in Chemical Engineering have the option to pursue one of the following Bachelor's/Master's Pathways:

B.S.C.H. in Chemical Engineering and M.S.B.E. in Biomedical Engineering
B.S.C.H. in Chemical Engineering and M.S.C.H. in Chemical Engineering
B.S.C.H. in Chemical Engineering and M.S.E.M. in Engineering Management
B.S.C.H. in Chemical Engineering and M.S.M.S.E. in Materials Science and Engineering

For more information, see the Graduate Catalog.

ACCREDITATION INFORMATION - COLLEGE OF ENGINEERING

This Engineering degree program is accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org>.

RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - CHEMICAL ENGINEERING B.S.C.H.

DEPARTMENT OF CIVIL AND ENVIRONMENTAL ENGINEERING

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

CIVIL ENGINEERING B.S.C.E.

TOTAL DEGREE HOURS: 131

Civil engineers will be entrusted by society to create a sustainable world and enhance the global quality of life. Civil engineers will serve as master planners, designers, constructors, and operators of society's economic and social engine, the built environment (i.e., infrastructure); innovators and integrators of ideas and technology across the public, private, and academic sectors; managers of risk and uncertainty caused by natural events, accidents, and other threats; stewards of the natural environment and its resources; and, leaders in discussions and decisions shaping public environmental and infrastructure policy.

MISSION STATEMENT

The Bachelor of Science in Civil Engineering in the Department of Civil and Environmental Engineering at the University of South Florida will provide undergraduate students with strong, broad-based, engineering education which gives them the basic intellectual and organization skills that allow them to work with complex systems with technological, social and environmental components.

As many of the major's graduates begin work upon graduation in industry or with governmental organizations, the curriculum is designed to prepare students for these roles by requiring a number of courses in the various fields of civil engineering and by providing limited specialization in one given area. The curriculum is designed to encourage lifelong learning and to prepare students for undertaking advanced studies in engineering or in other professional areas.

PROGRAM EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES

The Civil Engineering major and curriculum of the Department of Civil and Environmental Engineering are designed to meet the needs of all students within the context of the Major's Mission Statement. The Major Educational Objectives associated with the Major's Mission Statement are:

Graduates can obtain positions in both public and private organizations.

Graduates are continuing their professional development by extending their professional knowledge through independent learning, continuing education courses, conferences, workshops, short courses, graduate study and involvement in professional societies.

Graduates who are working in public or private organizations which encourage professional registration, will have made appropriate progress towards achieving that registration.

The following list defines the Student Outcomes of the Civil and Environmental Engineering program:

An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics

An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors

An ability to communicate effectively with a range of audiences

An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts

An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.

An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions

An ability to acquire and apply new knowledge as needed, using appropriate learning strategies

Please refer to the mission statement on the department website for additional information.

UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

PROGRESSION REQUIREMENT IN THE UPPER DIVISION - CIVIL ENGINEERING B.S.C.E.

Civil Engineering students who have fully met the below requirements and are in good academic standing, may progress into the upper division of the major. Prior to progression into the upper division, a student may be permitted to take no more than two departmental engineering courses. The Department may have continuation requirements which specify minimum performance standards in core engineering courses which must be met before further registration in the Department is granted.

Completion of with a minimum grade of a C in each course and a 3.0 GPA (based on best attempt with a maximum of two attempts) in these prerequisites:

MAC 2311 - Calculus I **Credit(s): 4** OR MAC 2281 - Engineering Calculus I **Credit(s): 4**
AND MAC 2312 - Calculus II **Credit(s): 4** OR MAC 2282 - Engineering Calculus II **Credit(s): 4**
AND MAC 2313 - Calculus III **Credit(s): 4** OR MAC 2283 - Engineering Calculus III **Credit(s): 4**
PHY 2048 - General Physics I - Calculus Based **Credit(s): 3** **AND** PHY 2048L - General Physics I
Laboratory **Credit(s): 1**
PHY 2049 - General Physics II - Calculus Based **Credit(s): 3** **AND** PHY 2049L - General Physics II
Laboratory **Credit(s): 1**
CHM 2045 - General Chemistry I **Credit(s): 3** **AND** CHM 2045L - General Chemistry I
Laboratory **Credit(s): 1** OR CHS 2440 - General Chemistry for Engineers **Credit(s): 3** **AND** CHS
2440L - General Chemistry for Engineers Lab **Credit(s): 1**

A minimum overall GPA of 2.0

A minimum USF GPA of 2.0

MINIMUM CONTINUATION REQUIREMENTS - CIVIL ENGINEERING B.S.C.E.

Continuation requires a minimum grade of C- as well as a 2.5 GPA (based on best attempt) for the following courses:

EGN 3311 - Statics **Credit(s): 3**
EGN 3331 - Mechanics of Materials **Credit(s): 3**
EGN 3353 - Basic Fluid Mechanics **Credit(s): 3**
EGN 3365 - Materials Engineering I **Credit(s): 3**

DEPARTMENTAL POLICIES

In addition to the College's graduation requirements, the department has the following policies:

- All students must participate in mandatory advising prior to each term.
- All students must participate in department assessment activities and successfully complete an exit interview before graduating.
- All students must consider the advice of the Department to complete and pass the Fundamentals of Engineering Exam (F.E. Exam).
- All students must periodically provide writing samples as part of the department's writing assessment program. Students must pass the capstone design course with a grade of C- or better during the calendar year of graduation.

STATE MANDATED COMMON COURSE PREREQUISITES - CIVIL ENGINEERING B.S.C.E.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper-division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower-level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to their intended department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all of the other admissions requirements of the University and College.

The following are transferable courses from a Florida College System institution that will be accepted in the Math/Science/Engineering areas:

Mathematics:

Courses at USF

MAC 2281 - Engineering Calculus I **Credit(s): 4** **OR** MAC 2311 - Calculus I **Credit(s): 4**
MAC 2282 - Engineering Calculus II **Credit(s): 4** **OR** MAC 2312 - Calculus II **Credit(s): 4**
MAC 2283 - Engineering Calculus III **Credit(s): 4** **OR** MAC 2313 - Calculus III **Credit(s): 4**
MAP 2302 - Differential Equations **Credit(s): 3**

Courses at a Florida College System Institution

MAC X311 **OR** MAC X281 - 4 credit hours
MAC X312 **OR** MAC X282 - 4 credit hours
MAC X313 **OR** MAC X283 - 4 credit hours
MAP X302 **OR** MAP X305 - 3 credit hours

Natural Sciences:

Courses at USF

CHM 2045 - General Chemistry I **Credit(s): 3** **AND** CHM 2045L - General Chemistry I Laboratory **Credit(s): 1** **OR** CHS 2440 - General Chemistry for Engineers **Credit(s): 3** **AND** CHS 2440L - General Chemistry for Engineers Lab **Credit(s): 1**

ENV 4001 - Environmental Systems Engineering **Credit(s): 3**

TTE 4004 - Transportation Engineering I **Credit(s): 3**

CES 3102 - Structures I **Credit(s): 3**

CWR 4202 - Hydraulics **Credit(s): 3**

ENV 4004L - Environmental Engineering Lab **Credit(s): 1**

CEG 4011 - Geotechnical Engineering I **Credit(s): 3**

CEG 4011L - Geotechnical Engineering Laboratory **Credit(s): 1**

CGN 4122 - Professional and Ethical Issues in Engineering **Credit(s): 3**

CGN 3021L - Civil Engineering Laboratory **Credit(s): 3**

TECHNICAL WRITING COURSE: 1 COURSE; 3 CREDIT HOURS

ENC 3246 - Communication for Engineers **Credit(s): 3**

CAPSTONE DESIGN COURSE: 1 COURSE; 3 CREDIT HOURS

Students choose one course from the three tracks listed below:

STRUCTURES/MATERIALS/GEOTECHNICAL TRACK

CES 4750 - Capstone Structural/Geotechnical/ Material Design **Credit(s): 3**

GEOTECHNICAL/TRANSPORTATION TRACK

CEG 4850 - Capstone Geotechnical/Transportation Design **Credit(s): 3**

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ENVIRONMENTAL/WATER RESOURCES TRACK

CWR 4812 - Capstone Water Resources-Environmental Design **Credit(s): 3**

CIVIL ENGINEERING TRACK AND CAPSTONE DESIGN REQUIREMENTS: 6 COURSES; 18 CREDIT HOURS

Civil Engineering students choose one of the three tracks listed below:

STRUCTURES/MATERIALS/GEOTECHNICAL TRACK

CES 4702 - Concepts of Concrete Design **Credit(s): 3**

CES 4605 - Concepts of Steel Design **Credit(s): 3**

CGN 4851 - Concrete Construction Materials **Credit(s): 3**

CEG 4012 - Geotechnical Engineering II **Credit(s): 3**

OR

TTE 4005 - Transportation Engineering II **Credit(s): 3**

Technical Elective (six credit hours total, from the approved list of courses)

CES 4750 - Capstone Structural/Geotechnical/ Material Design **Credit(s): 3**

GEOTECHNICAL/TRANSPORTATION TRACK

CGN 4851 - Concrete Construction Materials **Credit(s): 3**

CEG 4012 - Geotechnical Engineering II **Credit(s): 3**

TTE 4005 - Transportation Engineering II **Credit(s): 3**

Technical Elective (nine credit hours total, from the approved list of courses)

CEG 4850 - Capstone Geotechnical/Transportation Design **Credit(s): 3**

ENVIRONMENTAL/WATER RESOURCES TRACK

ENV 4417 - Water Quality and Treatment **Credit(s): 3**

CWR 4540 - Water Resources Engineering I **Credit(s): 3**

CEG 4012 - Geotechnical Engineering II **Credit(s): 3**

OR

TTE 4005 - Transportation Engineering II **Credit(s): 3**

Technical Elective (nine credit hours total, from the approved list of courses)

CWR 4812 - Capstone Water Resources-Environmental Design **Credit(s): 3**

TECHNICAL ELECTIVE COURSES FOR THE TRACKS

In addition to designated common coursework in engineering mechanics, civil, and environmental engineering, students undertake a concentration of 18 hours of coursework plus a 3 hour capstone design course and a 3 hour Professional and Ethical Issues in Engineering. These courses are based on the student's choice of track.

Consult with the department undergraduate advisor for additional electives that may be available. The approved list of technical elective courses for the tracks include:

CCE 4031 - Construction Management **Credit(s): 3**

CGN 4933 - Special Topics in Civil and Environmental Engineering **Credit(s): 1-3**

CWR 4541 - Water Resources Engineering II **Credit(s): 3**

ENV 4053C - Fate and Transport of Chemicals in the Environment **Credit(s): 3**

SUR 2101C - Engineering Land Surveying **Credit(s): 3**

TTE 4003 - Transportation and Society **Credit(s): 3**

ADDITIONAL INFORMATION - CIVIL ENGINEERING B.S.C.E.

GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, 2.0 overall GPA, and 2.5 continuation GPA.

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GRADING REQUIREMENTS

Unless otherwise stated, the minimum acceptable grade in all BSCE required courses is a C- or higher.

A total of only two D grades are allowed in all BSCE required engineering, and most specialization courses. Students cannot graduate with Ds in the following lists of courses that correspond to their track (specialty):

- Environmental/Water track: Environmental Systems Engineering, Hydraulics, Water Quality and Treatment, Water Resources Engineering I, and Capstone Design (CWR 4812 - Capstone Water Resources-Environmental Design **Credit(s): 3**).
- Geotechnical/Transportation track: Mechanics of Materials, Geotechnical Engineering I, Geotechnical Engineering II, Transportation Engineering I, Transportation Engineering II, and Capstone Design (CEG 4850 - Capstone Geotechnical/Transportation Design **Credit(s): 3**).
- Structures/Materials/Geotechnical track: Structures, Materials Engineering I, Mechanics of Materials, Geotechnical Engineering I, Concepts of Steel Design, Concepts of Concrete Design, Concrete Construction Materials, and Capstone Design (CES 4750 - Capstone Structural/Geotechnical/ Material Design **Credit(s): 3**).

RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

INTERNSHIP OPPORTUNITIES

The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the College of Engineering and pursue actual internships during their sophomore, junior and senior years.

BACHELOR'S/MASTER'S PATHWAYS

Students majoring in Civil Engineering have the option to pursue one of the following Bachelor's/Master's Pathways:

- B.S.C.E. in Civil Engineering and M.S.C.E. in Civil Engineering
- B.S.C.E. in Civil Engineering and M.S.E.M. in Engineering Management
- B.S.C.E. in Civil Engineering and M.S.E.V. in Environmental Engineering
- B.S.C.E. in Civil Engineering and M.S.M.S.E. in Materials Science and Engineering

For more information, see the Graduate Catalog.

ACCREDITATION INFORMATION - COLLEGE OF ENGINEERING

This Engineering degree program is accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org>.

RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - CIVIL ENGINEERING B.S.C.E.

All incoming freshman and transfer students must meet with one of the college advisors in the Engineering Student Services (ESS).

Engineering Student Services

Office: Engineering Building III (ENC) 1302

Phone: (813) 974-2684

Email: eng-advisingmail@usf.edu

Website: www.usf.edu/engineering/student-services

Students who have completed the entrance requirements and are accepted into the major:

ENVIRONMENTAL ENGINEERING B.S.E.V.

TOTAL DEGREE HOURS: 120

Environmental engineers solve complex problems, supporting human and environmental needs while mitigating adverse environmental, health, and economic impacts associated with human activities. The degree is an interdisciplinary engineering program designed to provide students with a strong foundation in both theoretical and applied aspects of environmental engineering. It emphasizes traditional areas of transport, fate, and treatment of chemical, physical, and microbial pollutants in water, air, and soil along with important 21st-century themes of infrastructure, sustainability, health, data science, community engagement, and global citizenship. Coursework covers fundamental science and engineering concepts applied to environmental processes, natural and built environments, and engineering design, as well as applied learning experiences including community-engaged laboratory projects and a capstone design course that partners with stakeholders to solve local environmental problems.

Graduates are trained to integrate considerations of risk, uncertainty, sustainability, life-cycle principles, and environmental impacts into their problem solving, to apply concepts of professional practice and project management, and to understand the roles and responsibilities of public institutions and private organizations pertaining to environmental policy and regulations. The world needs environmental engineers to provide economic and social opportunities for: an increasing population, reliable water and wastewater systems, improved air quality and transportation systems, protection of public and environmental health, management of nutrient pollution that adversely impacts water bodies, ecosystem and brownfield restoration, other infrastructure improvements, advancing global health and food systems, managing wastes in a more sustainable manner, and developing strategies to mitigate global climate change. Graduates have local and global employment opportunities with industry, engineering design firms, local/state/federal governments, and nongovernmental organizations, along with numerous opportunities to advance their education at the Master's or Ph.D. levels.

Certified Global Pathway

This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of High-Impact Practices and Undergraduate Research website.

MISSION STATEMENT

The Bachelor of Science in Environmental Engineering in the Department of Civil and Environmental Engineering at the University of South Florida will provide undergraduate students with strong, broad-based, engineering education which gives them the basic intellectual and organization skills that allow them to work with complex systems with technological, social and environmental components.

As many of the major's graduates begin work upon graduation in industry or with governmental organizations, the curriculum is designed to prepare students for these roles by requiring a number of courses in the various fields of environmental engineering and by providing limited specialization in one given area. The curriculum is designed to encourage lifelong learning and to prepare students for undertaking advanced studies in engineering or in other professional areas.

PROGRAM EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES

The Environmental Engineering major and curriculum of the Department of Civil and Environmental Engineering are designed to meet the needs of all students within the context of the Major's Mission Statement. The Major Educational Objectives associated with the Major's Mission Statement are:

- Graduates apply their technical and civic knowledge and a systems approach in developing smart, sustainable, and inclusive solutions for critical infrastructures that protect public health and well-being and the environment while promoting safety.
- Graduates engage meaningfully and effectively with diverse local, state, and global stakeholders and communities to develop environmental engineering solutions.
- Graduates behave ethically and responsibly, continue their professional development, and participate fully in their profession and society.

The following list defines the Student Outcomes of the Civil and Environmental Engineering program:

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics (*critical thinking skill*)
- An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors (*critical thinking skill*).
- An ability to communicate effectively with a range of audiences (*communication skill*).
- An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts (*critical thinking skill*).
- An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives (*communication skill*).
- An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions (*critical thinking skill*).
- An ability to acquire and apply new knowledge as needed, using appropriate learning strategies (*critical thinking skill*).

ABET accreditation program criteria also require that graduates of the program have the ability to design environmental engineering systems that include considerations of risk, uncertainty, sustainability, life-cycle principles, and environmental impacts, to apply concepts of professional practice and project management, and to understand the roles and responsibilities of public institutions and private organizations pertaining to environmental policy and regulations. A cumulating capstone design experiences allows students to use modern engineering techniques, skills and tools to design appropriate environmental systems to meet the needs of a local community.

Assessment of student learning outcomes will be performed through a variety of mechanisms that include core task assessments, examinations, assignments, and capstone experiences. Also, students' achievement of the identified core learning outcomes will be measured. The results of the assessments will be used to improve student achievement and program effectiveness.

UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Engineering, see the information at College of Engineering.

PROGRESSION REQUIREMENTS IN THE UPPER DIVISION - ENVIRONMENTAL ENGINEERING B.S.E.V.

Environmental Engineering students who have fully met the below requirements and are in good academic standing, may progress into the upper division of the major. Prior to progression into the upper division, a student may be permitted to take no more than two departmental Engineering courses. The Department may have continuation requirements that specify minimum performance standards in core Engineering courses that must be met before further registration in the Department is granted.

Completion of each of the following prerequisite courses with a minimum grade of a C in each course and a 3.0 GPA (based on best attempt with a maximum of two attempts):

- MAC 2311 - Calculus I Credit(s): 4** **OR** **MAC 2281 - Engineering Calculus I Credit(s): 4**
AND **MAC 2312 - Calculus II Credit(s): 4** **OR** **MAC 2282 - Engineering Calculus II Credit(s): 4**
AND **MAC 2313 - Calculus III Credit(s): 4** **OR** **MAC 2283 - Engineering Calculus III Credit(s): 4**
- PHY 2048 - General Physics I - Calculus Based Credit(s): 3** **AND** **PHY 2048L - General Physics I Laboratory Credit(s): 1**
- PHY 2049 - General Physics II - Calculus Based Credit(s): 3** **AND** **PHY 2049L - General Physics II Laboratory Credit(s): 1**
- CHM 2045 - General Chemistry I Credit(s): 3** **AND** **CHM 2045L - General Chemistry I Laboratory Credit(s): 1**
OR **CHS 2440 - General Chemistry for Engineers Credit(s): 3** **AND** **CHS 2440L - General Chemistry for Engineers Lab Credit(s): 1**

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

A minimum overall GPA of 2.0
A minimum USF GPA of 2.0

MINIMUM CONTINUATION REQUIREMENTS - ENVIRONMENTAL ENGINEERING B.S.E.V.

Continuation requires a minimum grade of C-, as well as a 2.5 GPA (based on best attempt), for the following courses:

EGN 3311 - Statics Credit(s): 3
EGN 3353 - Basic Fluid Mechanics Credit(s): 3

DEPARTMENTAL POLICIES

In addition to the College's graduation requirements, the department has the following policies:

All students must participate in mandatory advising prior to each term.
All students must participate in department assessment activities and successfully complete an exit interview before graduating.
All students must consider the advice of the Department to complete and pass the Fundamentals of Engineering Exam (F.E. Exam).
All students must periodically provide writing samples as part of the department's writing assessment program.
Students must pass the capstone design course with a grade of C- or better during the calendar year of graduation.
All students must pass the capstone design course with a grade of C- or better during the calendar year of graduation.

STATE MANDATED COMMON COURSE PREREQUISITES - ENVIRONMENTAL ENGINEERING B.S.E.V.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to their intended department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all of the other admissions requirements of the University and College.

The following are transferable courses from a Florida College System institution that will be accepted in the Math/Science/Engineering areas:

Mathematics:

Courses at USF

MAC 2281 - Engineering Calculus I Credit(s): 4 OR MAC 2311 - Calculus I Credit(s): 4
MAC 2282 - Engineering Calculus II Credit(s): 4 OR MAC 2312 - Calculus II Credit(s): 4
MAC 2283 - Engineering Calculus III Credit(s): 4 OR MAC 2313 - Calculus III Credit(s): 4
MAP 2302 - Differential Equations Credit(s): 3

Courses at a Florida College System Institution

MAC X311 OR MAC X281 - 4 credit hours
MAC X312 OR MAC X282 - 4 credit hours
MAC X313 OR MAC X283 - 4 credit hours

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MAP X302 OR MAP X305 - 3 credit hours

Natural Sciences:

Courses at USF

CHM 2045 - General Chemistry I Credit(s): 3 AND CHM 2045L - General Chemistry I Laboratory Credit(s):

1

OR CHS 2440 - General Chemistry for Engineers Credit(s): 3 AND CHS 2440L - General Chemistry for Engineers Lab Credit(s): 1

CHM 2046 - General Chemistry II Credit(s): 3 AND CHM 2046L - General Chemistry II Laboratory Credit(s):

1

PHY 2048 - General Physics I - Calculus Based Credit(s): 3 AND PHY 2048L - General Physics I Laboratory Credit(s): 1

PHY 2049 - General Physics II - Calculus Based Credit(s): 3 AND PHY 2049L - General Physics II Laboratory Credit(s): 1

Courses at a Florida College System Institution

(CHM X045 and CHM X045L) OR CHM X045C OR (CHS X440 and CHS X440L) - 4 credit hours

(CHM X046 and CHM X046L) OR CHM X046C - 4 credit hours

(PHY X048 and PHY X048L) OR PHY X048C - 4 credit hours

(PHY X049 and PHY X049L) OR PHY X049C OR (PHY X044 and PHY X049L) - 4 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

REQUIRED SUPPORTING COURSES: 4 COURSES; 10 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

BSC 2010 - Cellular Processes **Credit(s): 3**

BSC 2010L - Cellular Processes Laboratory **Credit(s): 1**

EGN 1113 - Introduction to Design Graphics **Credit(s): 3**

GLY 3850 - Geology For Engineers **Credit(s): 3** - Note: ESC 2000 - Introduction to Earth Science OR GLY 2010 - Dynamic Earth: Introduction to Physical Geology are acceptable substitutes

REQUIRED COURSES: (108 CREDIT HOURS)

MAJOR CORE COURSES: 22 COURSES; 58 CREDIT HOURS

BASIC ENGINEERING COURSES: 6 COURSES; 15 CREDIT HOURS

EGN 3000 - Foundations of Engineering **Credit(s): 0-3**

EGN 3000L - Foundations of Engineering Lab **Credit(s): 3 ***

EGN 3343 - Thermodynamics I **Credit(s): 3**

EGN 3443 - Probability and Statistics for Engineers **Credit(s): 3**

OR

STA 2023 - Introductory Statistics I **Credit(s): 3**

Note: Students are strongly encouraged to take EGN 3443, if they have not transferred STA 2023 to USF.

EGN 3615 - Engineering Economics with Social and Global Implications **Credit(s): 3 ***

EGN 4453 - Numerical & Computer Tools I in Civil & Env Eng **Credit(s): 3**

* Note: Any TGEC - Creative Thinking course will count for students transferring to USF with a Florida Public A.A.

CONTINUATION COURSES: 2 COURSES; 6 CREDIT HOURS

EGN 3311 - Statics **Credit(s): 3**

EGN 3353 - Basic Fluid Mechanics **Credit(s): 3**

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

SPECIALIZATION COURSES: 13 COURSES; 34 CREDIT HOURS

CGN 4122 - Professional and Ethical Issues in Engineering **Credit(s): 3**
CWR 4202 - Hydraulics **Credit(s): 3**
CWR 4202L - Civil Engineering Hydraulics Laboratory **Credit(s): 1**
CWR 4540 - Water Resources Engineering I **Credit(s): 3**
ENV 2061 - Engineering Sustainable and Healthy Environments **Credit(s): 2**
ENV 4001 - Environmental Systems Engineering **Credit(s): 3**
ENV 4004L - Environmental Engineering Lab **Credit(s): 1**
ENV 4053C - Fate and Transport of Chemicals in the Environment **Credit(s): 3**
ENV 4071 - Environmental Site Assessment **Credit(s): 3**
ENV 4102 - Air Pollution Fundamentals **Credit(s): 3**
ENV 4417 - Water Quality and Treatment **Credit(s): 3**
ENV 4612 - Green Engineering for Sustainability **Credit(s): 3**
ENV 4620 - Envision Sustainable Communities **Credit(s): 3**

CAPSTONE DESIGN COURSE: 1 COURSE; 3 CREDIT HOURS

CWR 4812 - Capstone Water Resources-Environmental Design **Credit(s): 3**

UNRESTRICTIVE/GENERAL ELECTIVES: 9 CREDIT HOURS

The Department suggests the following list of technical electives student make take to supplement their Environmental Engineering knowledge and meet the credit hour requirements of the degree program. The courses may be utilized to fulfill unrestricted/general electives.

BASIC AND ENVIRONMENTAL SCIENCES TECHNICAL ELECTIVE OPTIONS

CHM 2210 - Organic Chemistry I **Credit(s): 3**
ENV 4082 - Environmental Field Sampling **Credit(s): 3**
EVR 4027 - Wetland Environments **Credit(s): 3**
GLY 4734 - Beaches and Coastal Environments **Credit(s): 3**

CRITICAL INFRASTRUCTURE TECHNICAL ELECTIVE OPTIONS

CCE 4031 - Construction Management **Credit(s): 3**
CWR 4541 - Water Resources Engineering II **Credit(s): 3**
CWR 4620 - Ecological Engineering **Credit(s): 3**
ENV 4351 - Solid Waste Engineering **Credit(s): 2**
SUR 2101C - Engineering Land Surveying **Credit(s): 3**
TTE 4003 - Transportation and Society **Credit(s): 3**

DATA SCIENCE TECHNICAL ELECTIVE OPTIONS

EGN 4454 - Numerical & Computer Tools II in Civil & Env Eng **Credit(s): 3**
GEO 3164C - Research Methods in Geography **Credit(s): 3**
GIS 3006 - Mapping and Geovisualization **Credit(s): 3**
GIS 4035C - Remote Sensing of the Environment **Credit(s): 3**
GIS 4043C - Geographic Information Systems **Credit(s): 3**

HEALTH AND SAFETY TECHNICAL ELECTIVE OPTIONS

HSC 3503 - Principles of Toxicology **Credit(s): 3**
HSC 4213 - Environmental and Occupational Risk Analysis **Credit(s): 3**
HSC 4430 - Occupational Health and Safety **Credit(s): 3**

ENERGY TECHNICAL ELECTIVE OPTIONS

EEL 4283 - Sustainable Energy **Credit(s): 3**
ENV 2073 - Global Warming: Science and Politics of a Contemporary Issue **Credit(s): 3**

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GLOBAL CITIZENS TECHNICAL ELECTIVE OPTIONS

GEO 4340 - Natural Hazards **Credit(s): 3**
HSC 4211 - Health, Behavior and Society **Credit(s): 3**
HSC 4624 - Foundations of Global Health **Credit(s): 3**
PHC 4250 - Crisis Leadership in Disasters **Credit(s): 3**

EDUCATION ABROAD TECHNICAL ELECTIVE OPTION

Students are able to take 3-6 credit hours of their Technical electives through education abroad programs. The specific education abroad course(s) must be approved in advance by the Department.

ADDITIONAL INFORMATION - ENVIRONMENTAL ENGINEERING B.S.E.V.

GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Basic Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, 2.0 overall GPA, and 2.5 continuation GPA.

GRADING REQUIREMENTS

Unless otherwise stated, the minimum acceptable grade in all BSENV required courses is a C- or higher.

A total of only two D grades are allowed in all BSENV required Basic Engineering, and most specialization courses.

RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved Specialization courses in the major at USF. The minimum number of USF Specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic Engineering courses are not considered Specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved Specialization hours taken in the degree-granting department beyond those Specialization hours required for the first degree.

INTERNSHIP OPPORTUNITIES

The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the College of Engineering and pursue actual internships during their sophomore, junior and senior years.

RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - ENVIRONMENTAL ENGINEERING B.S.E.V.

All incoming freshman and transfer students must meet with one of the college advisors in the Engineering Student Services (ESS).

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

COMPUTER ENGINEERING B.S.C.P.

TOTAL DEGREE HOURS: 120

The Computer Engineering program emphasizes the application of engineering principles to the design of computer hardware and software, and devotes additional time to computer architecture and advanced topics in hardware design, including extensive laboratory work. Students in this program also acquire a broad background in engineering topics through related coursework in the College.

MISSION STATEMENT

In keeping with the mission of the College of Engineering, the Department of Computer Science and Engineering strives for excellence in teaching, research, and public service. Specifically, the Department aspires to:

Lead the advancement of computer science, computer engineering, information technology, and cybersecurity through internationally recognized research and education, as well as technology transfer. Prepare students for full and ethical participation in a diverse society and encourage lifelong learning. Educate students in the best practices of the field as well as integrate the latest research into the curriculum. Foster the development of problem solving and communication skills as an integral component of the profession. Provide quality learning experiences through effective classroom practices, active learning styles of teaching, and opportunities for meaningful interactions between students and faculty.

Program Educational Objectives and Student Outcomes

The Department has established the following program educational objectives for Computer Engineering graduates.

Objective 1: Our graduates will apply their knowledge and skills to succeed in their careers and/or obtain advanced degrees.

Objective 2: Our graduates will function ethically and responsibly, and will remain informed and involved as full participants in our profession and society.

Objective 3: Our graduates will creatively solve problems, communicate effectively, and successfully function in multi-disciplinary teams.

Objective 4: Our graduates will apply principles and practices of computing grounded in mathematics and science to successfully complete hardware and/or software-related engineering projects to meet customer business objectives and/or productively engage in research

The following are the Student Outcomes. Graduates of the program will have an ability to:

Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.

Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.

Communicate effectively with a range of audiences.

Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.

Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.

Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.

Acquire and apply new knowledge as needed, using appropriate learning strategies.

Student enrollment data is posted on the Department website.

UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Engineering, see the information at College of Engineering.

PROGRESSION REQUIREMENTS IN THE UPPER DIVISION - COMPUTER ENGINEERING B.S.C.P.

Computer Engineering students who have fully met the below requirements and are in good academic standing, may progress into the upper level of the major. Prior to progression into the upper level, a student may take no more than two Departmental courses. The department may have continuation requirements, which specify minimum performance standards in core major courses which must be met before further registration in the department is granted.

1. Completion of:

MAC 2311 - Calculus I **Credit(s): 4** OR MAC 2281 - Engineering Calculus I **Credit(s): 4** AND MAC 2312 - Calculus II **Credit(s): 4** OR MAC 2282 - Engineering Calculus II **Credit(s): 4**
PHY 2048 - General Physics I - Calculus Based **Credit(s): 3** AND PHY 2048L - General Physics I Laboratory **Credit(s): 1**

All students must complete the equivalent of USF Engineering Calculus I & II, and Calculus-based General Physics I (with lab) with minimum grades of C in each course (grades of C- are insufficient). The minimum overall grade average in these three courses required for progression to the upper level is between 3.0 and 3.8 for any given year. The minimum acceptable grade average will be posted on the Department's website one year prior to the fall semester that the revised grade average is applicable. The computed grade average is based on the best attempts in these courses. These requirements must be met with a maximum of two attempts allowed for each course.

2. Completion of COP 2510 - Programming Concepts **Credit(s): 3** with a minimum grade of B (grade of B- is insufficient) or another introductory programming course covering a modern programming language, with an emphasis on programming concepts and design methodology with a minimum grade of B (grade of B- is insufficient).

3. A minimum overall GPA of 2.0

4. A minimum USF GPA of 2.0

MINIMUM CONTINUATION REQUIREMENTS - COMPUTER ENGINEERING B.S.C.P.

Students meeting the above requirements may progress to either of the Computer Engineering or Computer Science degree tracks; however, continuation in the major will be allowed only for students who complete CDA 3103 - Computer Organization **Credit(s): 3** and COP 3514 - Program Design **Credit(s): 3** with minimum grades of B, based on best attempts in each course (grades of B- are insufficient). These requirements must be met with a maximum of two attempts allowed for each course.

DEPARTMENTAL POLICIES

In addition to the College's graduation requirements, the Department has the following policies:

Mandatory academic advising and/or mentoring of students.
Exit interview and/or survey as a graduation requirement

STATE MANDATED COMMON COURSE PREREQUISITES - COMPUTER ENGINEERING B.S.C.P.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper-division of a particular baccalaureate degree program.

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Transfer students should complete the following prerequisite courses at the lower-level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to the Department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

Mathematics:

Courses at USF

MAC 2281 - Engineering Calculus I **Credit(s): 4** OR MAC 2311 - Calculus I **Credit(s): 4**

MAJOR ELECTIVES: 4 COURSES; 12 CREDIT HOURS

Computer Engineering students must choose 6 hours of hardware electives and an additional, non-overlapping 6 hours of CSE technical electives ("software", "hardware", or "theory") in the Department.

Note: The Department website undergraduate section contains the most up to date list of Departmental upper-level technical electives. Additional electives may be available with a special topics course number (typically, CIS 4930). The prerequisite for Departmental upper-level technical electives is CDA 3201 Computer Logic and Design and COP

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

4530 Data Structures. Consult with the Department Undergraduate Advisor to learn more about available electives. A maximum of six (6) hours of CIS 4900 and/or any other supervised individual study (including CIS 4915 and CIS 4940) are allowed as Department major elective credit.

HARDWARE ELECTIVES

- CDA 4253 - Field Programmable Gate Array System Design and Analysis **Credit(s): 3**
- CDA 4321 - Cryptographic Hardware and Embedded Systems **Credit(s): 3**
- CDA 4322 - Principles of Secure Hardware Design **Credit(s): 3**

ADDITIONAL INFORMATION - COMPUTER ENGINEERING B.S.C.P.

GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

GRADING REQUIREMENTS

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Unless otherwise stated, the minimum acceptable grade in all BSCP required math, science, and engineering courses is a C or higher (C- is insufficient). The minimum acceptable grade in specialization courses is a C-, except as stated in the major progression and continuation requirements.

RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

INTERNSHIP OPPORTUNITIES

The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the College of Engineering and pursue actual internships during their sophomore, junior and senior years. **See the Department Undergraduate Advisor for more information on earning academic credit for internships.**

ACCREDITATION INFORMATION - COLLEGE OF ENGINEERING

This Engineering degree program is accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org>.

RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - COMPUTER ENGINEERING B.S.C.P.

Department Undergraduate Advisor: <http://www.usf.edu/engineering/cse/undergraduate/contacts.aspx>

Plans of Study - Computer Engineering B.S.C.P.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see <https://www.usf.edu/undergrad/students/civics-literacy.aspx> or talk with your academic advisor.

Items that are critical are marked with a * and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

Hardware Developer
Hardware Tester
Software Developer
Software Tester

Potential Entry Level Salary Range:

\$55,000 - \$85,000

COMPUTER SCIENCE B.S.C.S.

TOTAL DEGREE HOURS: 120

The Computer Science program focuses on the design, development, and application of software systems. Additional course work in algorithms, discrete structures, object oriented design, data structures, operating systems, digital logic design, computer architecture, and a wide range of advanced electives extend and supplement the core.

MISSION STATEMENT

In keeping with the mission of the College of Engineering, the Department of Computer Science and Engineering strives for excellence in teaching, research, and public service. Specifically, the Department aspires to:

- Lead the advancement of computer science, computer engineering, information technology, and cybersecurity through internationally recognized research and education, as well as technology transfer.
- Prepare students for full and ethical participation in a diverse society and encourage lifelong learning.
- Educate students in the best practices of the field as well as integrate the latest research into the curriculum.
- Foster the development of problem solving and communication skills as an integral component of the profession.
- Provide quality learning experiences through effective classroom practices, active learning styles of teaching, and opportunities for meaningful interactions between students and faculty.

PROGRAM EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES

The Department has established the following program educational objectives for Computer Science graduates.

Objective 1: Our graduates will apply their knowledge and skills to succeed in their careers and/or obtain advanced degrees.

Objective 2: Our graduates will function ethically and responsibly, and will remain informed and involved as full participants in our profession and society.

Objective 3: Our graduates will creatively solve problems, communicate effectively, and successfully function in multi-disciplinary teams.

Objective 4: Our graduates will apply principles and practices of computing grounded in mathematics and science to successfully complete software-related projects to meet customer business objectives and/or productively engage in research.

The following are the Student Outcomes. Graduates of the program will have an ability to:

- Analyze a complex computing problem and to apply principles of computing and other relevant disciplines to identify solutions.
- Design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program's discipline.
- Communicate effectively in a variety of professional contexts.
- Recognize professional responsibilities and make informed judgments in computing practice based on legal and ethical principles.
- Function effectively as a member or leader of a team engaged in activities appropriate to the program's discipline.
- Apply computer science theory and software development fundamentals to produce computing-based solutions. [CS]

STUDENT ENROLLMENT DATA

Student enrollment data is posted on the Department website.

UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Engineering, see the information at College of Engineering.

PROGRESSION REQUIREMENTS IN THE UPPER DIVISION - COMPUTER SCIENCE B.S.C.S.

Computer Science students who have fully met the below requirements and are in good academic standing, may progress into the upper level of the major. Prior to progression into the upper level, a student may take no more than two Departmental courses. The department may have continuation requirements, which specify minimum performance standards in core major courses which must be met before further registration in the department is granted.

Completion of:

MAC 2311 - Calculus I Credit(s): 4 **OR** **MAC 2281 - Engineering Calculus I Credit(s): 4** **AND** **MAC 2312 - Calculus II Credit(s): 4** **OR** **MAC 2282 - Engineering Calculus II Credit(s): 4**
PHY 2048 - General Physics I - Calculus Based Credit(s): 3 **AND** **PHY 2048L - General Physics I Laboratory Credit(s): 1**

All students must complete the equivalent of USF Engineering Calculus I & II, and Calculus-based General Physics I (with lab) with minimum grades of C in each course (grades of C- are insufficient). The minimum overall grade average in these three courses required for progression to the upper level is between 3.0 and 3.8 for any given year. The minimum acceptable grade average will be posted on the Department's website one year prior to the fall semester that the revised grade average is applicable. The computed grade average is based on the best attempts in these courses. These requirements must be met with a maximum of two attempts allowed for each course.

Completion of **COP 2510 - Programming Concepts Credit(s): 3** with a minimum grade of B (grade of B- is insufficient) or another introductory programming course covering a modern programming language, with an emphasis on programming concepts and design methodology with a minimum grade of B (grade of B- is insufficient).

A minimum overall GPA of 2.0

A minimum USF GPA of 2.0

MINIMUM CONTINUATION REQUIREMENTS - COMPUTER SCIENCE B.S.C.S.

Students meeting the above requirements may progress to either of the Computer Science or Computer Engineering degree tracks; however, continuation in the major will be allowed only for students who complete **CDA 3103 - Computer Organization Credit(s): 3** and **COP 3514 - Program Design Credit(s): 3** with minimum grades of B, based on best attempts in each course (grades of B- are insufficient). These requirements must be met with a maximum of two attempts allowed for each course.

DEPARTMENTAL POLICIES

In addition to the College's graduation requirements, the Department has the following policies:

Mandatory academic advising and/or mentoring of students.

Exit interview and/or survey as a graduation requirement.

STATE MANDATED COMMON COURSE PREREQUISITES - COMPUTER SCIENCE B.S.C.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to the Department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

COMPOSITION AND TECHNICAL WRITING COURSES: 3 COURSES; 9 CREDIT HOURS

ENC 1101 - Composition I **Credit(s): 3**
ENC 1102 - Composition II **Credit(s): 3**
ENC 3246 - Communication for Engineers **Credit(s): 3**

MAJOR ELECTIVES: 7 COURSES; 21 CREDIT HOURS

Computer Science students must choose 6 hours of software electives, 3 hours of theory electives, and an additional, non-overlapping 12 hours of CSE electives ("software", "hardware", or "theory") in the Department.

Note: The Department website undergraduate section contains the most up to date list of Departmental upper-level technical electives. Additional electives may be available with a special topics course number (typically, CIS 4930). The prerequisite for Departmental upper-level technical electives is CDA 3201 Computer Logic and Design and COP 4530 Data Structures. Consult with the Department Undergraduate Advisor to learn more about available electives. A maximum of six (6) hours of CIS 4900 and/or any other supervised individual study (including CIS 4915 and CIS 4940) are allowed as Department major elective credit.

SOFTWARE ELECTIVES: 6 CREDIT HOURS

CAP 4034 - Computer Animation Fundamentals **Credit(s): 3**
CAP 4103 - Mobile Biometrics **Credit(s): 3**
CAP 4111 - Introduction to Augmented and Virtual Reality **Credit(s): 3**
CAP 4160 - Brain-Computer Interfaces **Credit(s): 3**
CAP 4401 - Image Processing Fundamentals **Credit(s): 3**
CAP 4410 - Computer Vision **Credit(s): 3**
CAP 4621 - Introduction to Artificial Intelligence **Credit(s): 3**
CAP 4628 - Affective Computing **Credit(s): 3**
CAP 4641 - Natural Language Processing **Credit(s): 3**
CAP 4662 - Introduction to Robotics **Credit(s): 3**
CAP 4744 - Interactive Data Visualization **Credit(s): 3**
CDA 4621 - Control of Mobile Robots **Credit(s): 3**
CEN 4072 - Software Testing **Credit(s): 3**
CIS 4345 - Big Data Storage and Analysis with Hadoop **Credit(s): 3**

ADDITIONAL INFORMATION - COMPUTER SCIENCE B.S.C.S.

GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

GRADING REQUIREMENTS

Unless otherwise stated, the minimum acceptable grade in all BSCS required math, science, and engineering courses is a C or higher (C- is insufficient). The minimum acceptable grade in specialization courses is a C-, except as stated in the major progression and continuation requirements.

RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

INTERNSHIP OPPORTUNITIES

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the College of Engineering and pursue actual internships during their sophomore, junior and senior years. **See the Department Undergraduate Advisor for more information on earning academic credit for internships.**

BACHELOR'S/MASTER'S PATHWAYS

Students majoring in Computer Science have the option to pursue one of the following Bachelor's/Master's Pathways:

B.S.C.S. in Computer Science and M.S.C.S. in Computer Science
For more information, see the Graduate Catalog.

ACCREDITATION INFORMATION - COLLEGE OF ENGINEERING

This Engineering degree program is accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org>.

RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - COMPUTER SCIENCE B.S.C.S.

Department Undergraduate Advisor: <http://www.usf.edu/engineering/cse/undergraduate/contacts.aspx>

Plans of Study - Computer Science B.S.C.S.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see <https://www.usf.edu/undergrad/students/civics-literacy.aspx> or talk with your academic advisor.

Items that are critical are marked with a * and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

Software Developer
Software Tester
Software Engineer
Device Application Developer
Cloud Software Developer

Potential Entry Level Salary Range:

\$55,000 - \$85,000

CYBERSECURITY B.S.C.Y.S.

TOTAL DEGREE HOURS: 120

The Cybersecurity major focuses on technology, people, information, and processes to enable assured cyber operations in the context of adversaries. The program is built on a technical foundation of computing and information technology. Students in this program acquire a background in cybersecurity related to information, software, systems, users, and organizations including aspects of policy, human factors, risk management, ethics, and impact on society.

MISSION STATEMENT

In keeping with the mission of the College of Engineering, the Department of Computer Science and Engineering strives for excellence in teaching, research, and public service. Specifically, the Department aspires to:

- Lead the advancement of computer science, computer engineering, information technology, and cybersecurity through internationally recognized research and education, as well as technology transfer.
- Prepare students for full and ethical participation in a diverse society and encourage lifelong learning.
- Educate students in the best practices of the field as well as integrate the latest research into the curriculum.
- Foster the development of problem solving and communication skills as an integral component of the profession.
- Provide quality learning experiences through effective classroom practices, active learning styles of teaching, and opportunities for meaningful interactions between students and faculty.

PROGRAM EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES

The Department has established the following program educational objectives for the Cybersecurity graduates.

Objective 1: Our graduates will apply their knowledge and skills to succeed in their careers and/ or obtain an advanced degree.

Objective 2: Our graduates will function ethically and responsibly, and will remain informed and involved as full participants in our profession and society.

Objective 3: Our graduates will creatively solve problems, communicate effectively, and successfully function in multi-disciplinary teams.

Objective 4: Our graduates will develop and apply principles and practices of cybersecurity to protect computing equipment, data, process, and people from adversaries and exposure.

The following are the Student Outcomes. Graduates of the program will have an ability to:

- Analyze a complex computing problem and to apply principles of computing and other relevant disciplines to identify solutions.
- Design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program's discipline.
- Communicate effectively in a variety of professional contexts.
- Recognize professional responsibilities and make informed judgments in computing practice based on legal and ethical principles.
- Function effectively as a member or leader of a team engaged in activities appropriate to the program's discipline.
- Apply security principles and practices to maintain operations in the presence of risks and threats.

STUDENT ENROLLMENT DATA

Student enrollment data is posted on the Department website.

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Engineering, see the information at College of Engineering.

PROGRESSION REQUIREMENTS IN THE UPPER DIVISION - CYBERSECURITY B.S.C.Y.S.

Cybersecurity students who have fully met the below requirements and are in good standing may progress into the upper division for the major. Prior to progression into the upper division, a student may be permitted to take no more than two Departmental courses. The department may have continuation requirements, which specify minimum performance standards in core major courses which must be met before further registration in the department is granted.

Completion of with a minimum acceptable grade for each of the courses is C (grades of C- are insufficient).

MAD 2104 - Discrete Mathematics Credit(s): 3

STA 2023 - Introductory Statistics I Credit(s): 3

PHY 2020 - Conceptual Physics Credit(s): 3

MAC 1147 - Precalculus Algebra and Trigonometry Credit(s): 4

All students must complete the equivalent of USF Discrete Mathematics (MAD 2104), Introductory Statistics (STA 2023), Conceptual Physics (PHY 2020), and Pre-calculus with Algebra and Trigonometry (MAC 1147) with minimum grades of C in each course (grades of C- are insufficient). The minimum overall grade average in these four courses required for progression to the upper level is between 2.0 and 3.5 for any given year. The minimum acceptable grade average will be posted on the department's website one year prior to the fall semester that the revised grade average is applicable. The computed grade average is based on the best attempts in these courses. These requirements must be met with a maximum of two attempts allowed for each course.

2. A minimum overall GPA of 2.0.

3. A minimum USF GPA of 2.0.

4. Completion of **CGS 1540 - Introduction to Databases for Information Technology Credit(s): 3** with a minimum grade of B (grade of B- is insufficient) or another introductory database course with a minimum grade of B (grade of B- is insufficient).

DEPARTMENTAL POLICIES

In addition to the College's graduation requirements, the Department has the following policies:

Mandatory academic advising and/or mentoring of students.

Exit interview and/or survey as a graduation requirement.

STATE MANDATED COMMON COURSE PREREQUISITES - CYBERSECURITY B.S.C.Y.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

PSY X012 Intro to Psychology - 3 credit hours
ECO X013 Macroeconomics - 3 credit hours
STA X023 Introductory Statistics I **OR** STA X122 - 3 credit hours

COLLEGE OF EDUCATION – DEPARTMENT OF TEACHING AND LEARNING

- EDG 3801 - Cybersecurity and the Everyday Citizen **Credit(s): 3**

INDUSTRY INTERNSHIP

The Department of Computer Science and Engineering and the College of Engineering recommend that BSCYS students complete an industry internship. Students may earn up to nine credit hours, as elective, for CIS 4947 - Industry Internship for IT **Credit(s): 1-5** Industry Internship for IT, no more than three credit hours in any one given company. Internships for CIS 4947 must be in the area of Cybersecurity.

ADDITIONAL INFORMATION - CYBERSECURITY B.S.C.Y.S.

OTHER REQUIREMENTS

Currently, a student pursuing the Cybersecurity major may not pursue a second major while simultaneously enrolled in the Cybersecurity undergraduate major.

GPA REQUIREMENTS

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

GRADING REQUIREMENTS

Unless otherwise stated, the minimum acceptable grade in all major required math, science, and engineering courses is a C or higher (C- is insufficient). The minimum acceptable grade in state mandated prerequisite courses is a C or higher (C- is insufficient). The minimum acceptable grade in specialization courses is a C-, except as stated in the program progression and continuation requirements.

RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved major core courses in the major at USF. The minimum number of USF major core credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A concurrent degree (dual degree) student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

INFORMATION TECHNOLOGY B.S.I.T.

TOTAL DEGREE HOURS: 120

The Information Technology program focuses on programming, databases, networking, human-computer interaction, web systems, and cybersecurity to meet the technology requirements of business, government, healthcare, education, and other organizations. Students in this program acquire the right combination of fundamental knowledge and practical expertise to solve computing technology problems and meet user needs.

MISSION STATEMENT

In keeping with the mission of the College of Engineering, the Department of Computer Science and Engineering strives for excellence in teaching, research, and public service. Specifically, the Department aspires to:

- Lead the advancement of computer science, computer engineering, information technology, and cybersecurity through internationally recognized research and education, as well as technology transfer.
- Prepare students for full and ethical participation in a diverse society and encourage lifelong learning.
- Educate students in the best practices of the field as well as integrate the latest research into the curriculum.
- Foster the development of problem solving and communication skills as an integral component of the profession.
- Provide quality learning experiences through effective classroom practices, active learning styles of teaching, and opportunities for meaningful interactions between students and faculty.

Program Educational Objectives and Student Outcomes

The Department has established the following program educational objectives for the Computer Engineering graduates.

Objective 1: Our graduates will apply their knowledge and skills to succeed in their careers and/ or obtain an advanced degree.

Objective 2: Our graduates will function ethically and responsibly, and will remain informed and involved as full participants in our profession and society.

Objective 3: Our graduates will creatively solve problems, communicate effectively, and successfully function in multi-disciplinary teams.

Objective 4: Our graduates will apply principles and practices of information technology to identify, implement, and enable effective technologies and apply fundamental computing knowledge to solve information technology problems.

The following are the Student Outcomes. Graduates of the program will have an ability to:

- Analyze a complex computing problem and to apply principles of computing and other relevant disciplines to identify solutions.
- Design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program's discipline.
- Communicate effectively in a variety of professional contexts.
- Recognize professional responsibilities and make informed judgments in computing practice based on legal and ethical principles.
- Function effectively as a member or leader of a team engaged in activities appropriate to the program's discipline.
- Identify and analyze user needs and to take them into account in the selection, creation, integration, evaluation, and administration of computing-based systems.

Student Enrollment Data

Student enrollment data is posted on the Department website.

UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Engineering, see the information at College of Engineering.

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

PROGRESSION REQUIREMENTS IN THE UPPER DIVISION - INFORMATION TECHNOLOGY B.S.I.T.

Information Technology students who have fully met the below requirements and are in good standing may progress into the upper division of the major. Prior to progression into the upper division, a student may be permitted to take no more than two Departmental courses. The department may have continuation requirements, which specify minimum performance standards in core major courses which must be met before further registration in the department is granted.

Completion of with a minimum grade of C in each course (grades of C- are insufficient)

MAD 2104 - Discrete Mathematics Credit(s): 3

STA 2023 - Introductory Statistics I Credit(s): 3

PHY 2020 - Conceptual Physics Credit(s): 3

MAC 1147 - Precalculus Algebra and Trigonometry Credit(s): 4

All students must complete the equivalent of USF Discrete Mathematics (MAD 2104), Introductory Statistics (STA 2023), Conceptual Physics (PHY 2020), and Pre-calculus with Algebra and Trigonometry (MAC 1147) with minimum grades of C in each course (grades of C- are insufficient). The minimum overall grade average in these four courses required for progression to the upper level is between 2.0 and 3.5 for any given year. The minimum acceptable grade average will be posted on the department's website one year prior to the fall semester that the revised grade average is applicable. The computed grade average is based on the best attempts in these courses. These requirements must be met with a maximum of two attempts allowed for each course.

2. A minimum overall GPA of 2.0

3. A minimum USF GPA of 2.0

4. Completion of CGS 1540 - Introduction to Databases for Information Technology **Credit(s): 3** with a minimum grade of B (grade of B- is insufficient) or another introductory database course with a minimum grade of B (grade of B- is insufficient).

DEPARTMENTAL POLICIES

In addition to the College's graduation requirements, the department has the following policies:

Mandatory academic advising and/or mentoring of students.
Exit interview and/or survey as a graduation requirement.

STATE MANDATED COMMON COURSE PREREQUISITES - INFORMATION TECHNOLOGY B.S.I.T.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

MAC X000-X999 Any Precalculus course - 3 credit hours

MAD X000-X999 Any Discrete Mathematics course - 3 credit hours

PHY X000-X999 Physics - 3 credit hours

PSY X000-X999 Psychology - 3 credit hours

CGS X000-X999 Any Database course - 3 credit hours

STA X023 Introductory Statistics I **OR** STA X122 Social Science Statistics - 3 credit hours

ECO X013 Economic Principles II Macroeconomics - 3 credit hours

COP X000-X999 Any Computer Programming course - 3 credit hours

COP X000-X999 Any Computer Programming course - 3 credit hours

COLLEGE OF ENGINEERING

MAJOR ELECTIVES: 5 COURSES; 15 CREDIT HOURS

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The undergraduate section of the department website contains the most up-to-date list of approved IT electives. The posted list also describes the required pre-requisites for the electives. Additional electives may be available with a Special Topics course number (COP 4931). A maximum of nine (9) hours combined of COP 4900 Independent Study in IT and CIS 4947 Industry Internship for IT are allowed as IT electives, with no more than 3 hours in any one given company for CIS 4947 credit. Consult with the Department Undergraduate Advisor to learn more about available electives.

CAP 4136 - Malware Analysis and Reverse Engineering **Credit(s): 3**
CIS 4947 - Industry Internship for IT **Credit(s): 1-5**
CNT 4716C - Network Programming for IT **Credit(s): 3**
COP 3353 - User-Level Introduction to Linux for IT **Credit(s): 3**
COP 4368 - Adv Object-Oriented Programming for IT **Credit(s): 3**
COP 4900 - Independent Study in Information Technology **Credit(s): 1-5**
COP 4931 - Special Topics for Information Technology **Credit(s): 3**

Check department website for list of approved electives under COP 4931.

ADDITIONAL INFORMATION - INFORMATION TECHNOLOGY B.S.I.T.

GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

GRADING REQUIREMENTS

Unless otherwise stated, the minimum acceptable grade in all BSIT required math, science, and engineering courses is a C or higher (C- is insufficient). The minimum acceptable grade in state mandated prerequisite courses is a C or higher (C- is insufficient). The minimum acceptable grade in a specialization course is a C-, except as stated in the major progression and continuation requirements.

RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved major core courses in the major at USF. The minimum number of USF major core credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A concurrent degree (dual degree) student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

INTERNSHIP OPPORTUNITIES

The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the engineering college and pursue actual internships during their sophomore, junior, and senior years. See the Department Undergraduate Advisor for more information on earning academic credit for internships.

RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

COMPUTER SCIENCE MINOR

TOTAL MINOR HOURS: 15

The Computer Science minor covers key topics in the discipline and is an 15 credit hour program that is expected to be attractive to students in other Engineering departments and to students in Mathematics and the Sciences (including Physics, Chemistry, and Biology).

MINOR REQUIREMENTS

The Computer Science minor is open to all students, except for students majoring in Computer Science, Computer Engineering, Information Technology, and Cybersecurity who meet the prerequisites described below.

MINOR CORE (9 CREDIT HOURS)

COP 3514 - Program Design **Credit(s): 3**
CDA 3103 - Computer Organization **Credit(s): 3**
COP 4530 - Data Structures **Credit(s): 3**

MINOR ELECTIVES (6 CREDIT HOURS)

Two Departmental electives of student's choice for which prerequisites have been met. See the Computer Science degree program for a list of electives.

OTHER REQUIREMENTS

Students must register with the Department Undergraduate Advisor prior to starting this minor program. Consultation with the Department Undergraduate Advisor will ensure that students are informed of all offered courses. All catalog prerequisites and registration requirements must be met for enrollment in any of the courses required for the minor. All students desiring to pursue the minor must meet the same prerequisites, entry, and continuation requirements as a Departmental major.

Note: Introduction to Discrete Structures (COT 3100 or equivalent) is required as a prerequisite for COP 4530 Data Structures and COT 4400 Analysis of Algorithms.

GPA REQUIREMENTS

All students desiring to pursue the minor must meet the same continuation requirements as a Departmental major.

GRADING REQUIREMENTS

Continuation in the minor requires successful completion of CDA 3103 and COP 3514 with minimum grades of B, based on best attempts in each course. Grades of B- are insufficient. These requirements must be met with a maximum of two attempts allowed for each course.

OTHER INFORMATION

Specialty tracks in hardware, software, and theory can be defined in consultation with the Department Undergraduate Advisor. A specific pre-graduate school track intended for students planning to seek admission into the Department graduate program has been defined with 9 hours of electives. The electives are as follows.

Note: These electives may have prerequisites not met by the Minor Core.

COT 4400 - Analysis of Algorithms **Credit(s): 3**
COP 4600 - Operating Systems **Credit(s): 3**
CDA 4205 - Computer Architecture **Credit(s): 3**

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

INFORMATION TECHNOLOGY MINOR

TOTAL MINOR HOURS: 21

The Information Technology minor covers key topics in the discipline and is a 21 credit hour program that is expected to be attractive to students in other Engineering departments and to students in Mathematics and the Sciences (including Physics, Chemistry, and Biology) who have no background in software development.

MINOR REQUIREMENTS

The Information Technology minor is open to all students, except for students majoring in Computer Science, Computer Engineering, Information Technology, and Cybersecurity, who meet the prerequisites described below.

MINOR CORE (15 CREDIT HOURS)

- CGS 1540 - Introduction to Databases for Information Technology **Credit(s): 3**
- CGS 3303 - IT Concepts **Credit(s): 3**
- COP 2512 - Programming Fundamentals for Information Technology **Credit(s): 3**
- COP 2513 - Object Oriented Programming for Information Technology **Credit(s): 3**
- COP 3515 - Advanced Program Design for Information Technology **Credit(s): 3**

MINOR ELECTIVES (6 CREDIT HOURS)

Two Departmental electives of student's choice (in consultation with the Department Undergraduate Advisor) for which prerequisites have been met.

GPA REQUIREMENTS

Successful completion of the minor requires a minimum 2.0 GPA in the above listed courses.

OTHER REQUIREMENTS

Students must register with the Department Undergraduate Advisor prior to starting this minor program. Consultation with the Department Undergraduate Advisor will ensure that students are informed of all offered courses. All catalog prerequisites and registration requirements must be met for enrollment in any of the courses taken for the minor.

All students desiring to pursue the minor must meet the same prerequisites, entry, and continuation requirements as a Departmental major.

Note: Discrete Mathematics (MAD 2104 or equivalent) is required as a prerequisite for COP 3515 - Advanced Program Design for Information Technology.

DEPARTMENT OF ELECTRICAL ENGINEERING

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ELECTRICAL ENGINEERING B.S.E.E.

TOTAL DEGREE HOURS: 128

The Electrical Engineering major offers study in all areas fundamental to the analysis, design, and development of electrical devices and systems. The areas covered by the major include foundational topics such as circuits and electrical power, to applications such as Internet of Things, Smart Grid, Security, and Data Analytics. The major offers curriculum tracks that include: Bioelectrical Systems, Communication Systems, Energy, Power and Sustainability, Mechatronics, Robotics and Embedded Systems, Micro and Nano-scale Systems and Wireless Systems. Additional information on these areas may be found at: <http://www.usf.edu/engineering/ee/documents/trackdescriptions.pdf>. Well-equipped laboratories reinforce fundamental concepts, while providing real world hands-on exposure.

MISSION STATEMENT

The mission of the Electrical Engineering Department in the College of Engineering at the University of South Florida is to provide a high quality education in electrical engineering for our students and practicing professionals; create new knowledge and solve real world problems via innovative research, and disseminate this information for the benefit of society; and to engage in effective regional, national and international service and outreach.

Program Educational Objectives and Student Outcomes

Educational Objectives

The Electrical Engineering Department in the College of Engineering at the University of South Florida is committed to graduating electrical engineers who shall within a few years of graduation:

- Demonstrate a progression in technical competence and increasing responsibility in the practice of engineering, and the ability to contribute to the diversity of thought and creativity in the workplace.
- Engage in written and oral professional communication within and beyond the engineering community.
- Continue to develop professionally through life-long learning, advanced education, and other creative pursuits in science and technology.

Student Outcomes

- An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics
 - An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors
 - An ability to communicate effectively with a range of audiences
 - An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts
 - An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives
 - An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions
 - An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.
- Please refer to the mission statement on the department website for additional information.

Student Enrollment Data

Student enrollment data can be found at the department's website: <https://www.usf.edu/engineering/ee/about-us/factsandtrends.aspx>.

UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Engineering, see the information at College of Engineering.

PROGRESSION REQUIREMENTS IN THE UPPER DIVISION - ELECTRICAL ENGINEERING B.S.E.E.

Electrical Engineering students who have fully met the below requirements and are in good academic standing, may progress into the upper division of the major. Prior to progression into the upper division, a student may be permitted to take no more than two departmental engineering courses beyond the first two years. Upon admission to the department all students must meet with the Undergraduate Program Coordinator, to discuss their pathway to graduation, and the department's Academic Integrity policies. The Department has continuation requirements which specify minimum performance standards in core major courses which must be met before further registration in the Department is granted.

Completion of:

MAC 2311 - Calculus I Credit(s): 4 OR **MAC 2281 - Engineering Calculus I Credit(s): 4**

AND MAC 2312 - Calculus II Credit(s): 4 OR **MAC 2282 - Engineering Calculus II Credit(s): 4**

AND MAC 2313 - Calculus III Credit(s): 4 OR **MAC 2283 - Engineering Calculus III Credit(s): 4**

PHY 2048 - General Physics I - Calculus Based Credit(s): 3

AND PHY 2048L - General Physics I Laboratory Credit(s): 1

CHM 2045 - General Chemistry I Credit(s): 3 **AND CHM 2045L - General Chemistry I Laboratory Credit(s): 1**

OR **CHS 2440 - General Chemistry for Engineers Credit(s): 3** **AND CHS 2440L - General Chemistry for Engineers Lab Credit(s): 1**

A minimum grade of C in each course and a 3.0 GPA based upon the best attempt in these courses (maximum two attempts) for guaranteed progression to the upper division, OR a 2.75 GPA based upon the best attempt in these courses for a conditional progression to the upper division pending review of complete transcript.

2. A minimum overall GPA of 2.0

3. A minimum USF GPA of 2.0

MINIMUM CONTINUATION REQUIREMENTS - ELECTRICAL ENGINEERING B.S.E.E.

Continuation in the major requires successful completion of EGN 3433 - Modeling and Analysis of Engineering Systems **Credit(s): 3** OR **MAP 2302 - Differential Equations Credit(s): 3** with a grade of C or higher (best attempt).

DEPARTMENTAL POLICIES

In addition to the College's graduation requirement, the department has the following policies:

Students must consult with an academic advisor for the development of their individual academic study plan, and selection and approval of their Electrical Engineering Technical Electives.

To hear a brief welcome message, access current course listings and to schedule an appointment with an EE undergraduate advisor, the student can use the following

link <https://www.usf.edu/engineering/ee/undergraduate/ugadvising.aspx>

In order to reach an EE undergraduate advisor via e-mail, please use the following: ENG-EEAdvising@usf.edu

Students must complete Exit interviews as a graduation requirement.

STATE MANDATED COMMON COURSE PREREQUISITES - ELECTRICAL ENGINEERING B.S.E.E.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to the department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

Mathematics:

Courses at USF

MAC 2281 - Engineering Calculus I Credit(s): 4 OR MAC 2311 - Calculus I Credit(s): 4
MAC 2282 - Engineering Calculus II Credit(s): 4 OR MAC 2312 - Calculus II Credit(s): 4
MAC 2283 - Engineering Calculus III Credit(s): 4 OR MAC 2313 - Calculus III Credit(s): 4
MAP 2302 - Differential Equations Credit(s): 3

Courses at a Florida College System Institution

MAC X311 OR MAC X281 - 4 credit hours
MAC X312 OR MAC X282 - 4 credit hours
MAC X313 OR MAC X283 - 4 credit hours
MAP X302 OR MAP X305 - 3 credit hours

Natural Sciences:

Courses at USF

CHM 2045 - General Chemistry I Credit(s): 3 AND CHM 2045L - General Chemistry I Laboratory Credit(s): 1
OR CHS 2440 - General Chemistry for Engineers Credit(s): 3 AND CHS 2440L - General Chemistry for Engineers Lab Credit(s): 1
PHY 2048 - General Physics I - Calculus Based Credit(s): 3 AND PHY 2048L - General Physics I Laboratory Credit(s): 1
PHY 2049 - General Physics II - Calculus Based Credit(s): 3 AND PHY 2049L - General Physics II Laboratory Credit(s): 1

Courses at a Florida College System Institution

(CHM X045 and CHM X045L) OR CHM X045C OR (CHS X440 and CHS X440L)* - 4 credit hours
(PHY X048 and PHY X048L) OR PHY X048C - 4-5 credit hours
(PHY X049 and PHY X049L) OR PHY X049C OR (PHY X044 and PHY X049L) OR (PHY X042 and PHY X049L) - 4-5 credit hours

*CHS X440 if 4 credit hours with included laboratory.

REQUIRED COURSES: (116 CREDIT HOURS)

MAJOR CORE COURSES: 39 COURSES; 99 CREDIT HOURS

Math and Science Courses: 10 courses; 27 credit hours

MAC 2281 - Engineering Calculus I **Credit(s): 4**
OR
MAC 2311 - Calculus I **Credit(s): 4**
MAC 2282 - Engineering Calculus II **Credit(s): 4**
OR
MAC 2312 - Calculus II **Credit(s): 4**

OR

CHS 2440 - General Chemistry for Engineers **Credit(s): 3**

CHM 2045L - General Chemistry I Laboratory **Credit(s): 1**

OR

CHS 2440L - General Chemistry for Engineers Lab **Credit(s): 1**

PHY 2048 - General Physics I - Calculus Based **Credit(s): 3**

PHY 2048L - General Physics I Laboratory **Credit(s): 1**

EEL 3472C - Electrical Engineering Science II - Electromagnetics **Credit(s): 4**

OR

PHY 2049 - General Physics II - Calculus Based **Credit(s): 3**

AND

PHY 2049L - General Physics II Laboratory **Credit(s): 1**

Note: EEL 3472C is required; if Physics II is transferred, it will count as a major elective. Physics II does not count as an upper-level elective for the major if taken after being admitted to the department (Upper level Degree Progression).

BASIC ENGINEERING COURSES: 4 COURSES; 9 CREDIT HOURS

EGN 3000 - Foundations of Engineering **Credit(s): 0-3**

EGN 3000L - Foundations of Engineering Lab **Credit(s): 3**

EGN 3443 - Probability and Statistics for Engineers **Credit(s): 3**

EGN 3615 - Engineering Economics with Social and Global Implications **Credit(s): 3**

MAJOR CORE COURSES: 17 COURSES; 40 CREDIT HOURS

REQUIRED CORE: 13 COURSES; 28 CREDIT HOURS

EEE 3394 - Electrical Engineering Science I - Electronic Materials **Credit(s): 3**

EEL 2161 - Programming with C **Credit(s): 3**

EEL 3115L - Laboratory I **Credit(s): 1**

EEL 3163C - Computer Tool Lab **Credit(s): 1**

EEL 3705 - Fundamentals of Digital Circuits **Credit(s): 3**

EEL 3705L - Fundamentals of Digital Circuits Laboratory **Credit(s): 1**

EEL 4102 - Signals and Systems **Credit(s): 3**

EGN 3373 - Electrical Systems I **Credit(s): 3**

EGN 3374 - Introduction to Electrical Systems II **Credit(s): 3**

EGN 3420 - Engineering Analysis **Credit(s): 4**

EGS 2070 - Professional Formation of Engineers 1 **Credit(s): 1**

EGS 3071 - Professional Formation of Engineers 2 **Credit(s): 1**

EGS 3072 - Professional Formation of Engineers 3 **Credit(s): 1**

ELECTIVE CORE: 4 COURSES; 12 CREDIT HOURS

Students must choose four (4) out of the seven (7) courses listed below. Each course serves as a "gateway" to the Technical Tracks (see technical tracks and technical electives lists below).

EEE 3302 - Electronics I **Credit(s): 3** (Gateway Course for Technical Track #1)

EEL 4512C - Introduction to Communication Systems **Credit(s): 3** (Gateway Course for Technical Tracks #2 & #7)

EGN 3375 - Electromechanical Systems **Credit(s): 3** (Gateway Course for Technical Track #3)

EEL 4657 - Linear Control Systems **Credit(s): 3** (Gateway Course for Technical Track #4)

EEE 4351C - Semiconductor Devices **Credit(s): 3** (Gateway Course for Technical Track #5)

EEL 4423C - Wireless Circuits & Systems Design Laboratory **Credit(s): 3** (Gateway Course for Technical Track #6)

EEL 4835 - Programming Design **Credit(s): 3** (Gateway Course for Technical Track #7)

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MAJOR SPECIALIZATION COURSES: 6 COURSES; 14 CREDIT HOURS

Students must choose a minimum of two (2) technical tracks as areas of specialization and select at least two (2) 3-credit hour courses and one (1) 1-credit hour laboratory from courses listed under each track, except Track 6 in which the lab component is included in the Gateway course. Courses cannot be double counted across tracks.

See Track and Technical Electives lists below; graduate-level courses are also available under each track area.

TRACK 1: BIOELECTRICAL SYSTEMS

- EEE 4260C - Bioelectricity **Credit(s): 3**
- EEE 4271 - Bioelectronics **Credit(s): 3**
- EEE 4410 - System on a Chip **Credit(s): 3**
- EEE 4506 - Biomedical Image Processing **Credit(s): 3**
- EEL 3116L - Laboratory II **Credit(s): 1**

TRACK 2: COMMUNICATION SYSTEMS

- EEL 4595 - Mobile and Personal Communication **Credit(s): 3**
- EEL 4727C - Digital Signal Processing with Field Programmable **Credit(s): 3**
- EEL 4756 - Digital Signal Processing **Credit(s): 3**
- EEL 4743L - Microprocessor Laboratory **Credit(s): 1**
- EEL 4423C - Wireless Circuits & Systems Design Laboratory **Credit(s): 3**

TRACK 3: ENERGY, POWER, AND SUSTAINABILITY

- EEL 4212 - Energy Delivery Systems **Credit(s): 3**
- EEL 4214 - Electric (Utility) Distribution Systems **Credit(s): 3**
- EEL 4224 - Electric Machines and Drives **Credit(s): 3**
- EEL 4241 - Power Electronics **Credit(s): 3**
- EEL 4251 - Power System Analysis **Credit(s): 3**
- EEL 4252 - Power Systems II **Credit(s): 3**
- EEL 4271 - Power System Protection **Credit(s): 3**
- EEL 4283 - Sustainable Energy **Credit(s): 3**
- EEL 4295 - Power Quality **Credit(s): 3**
- EEL 4206L - Electromechanical Energy System Lab **Credit(s): 1**

TRACK 4: MECHATRONICS, ROBOTICS, AND EMBEDDED SYSTEMS

- EEL 3100 - Network Analysis and Design **Credit(s): 3**
- EEL 4657L - Linear Control Systems Laboratory **Credit(s): 1**
- EEL 4663 - Applied Robotics **Credit(s): 3**
- EEL 4680 - Applied Mechatronics **Credit(s): 3**
- EEL 4740 - Embedded Systems **Credit(s): 3**
- EEL 4743L - Microprocessor Laboratory **Credit(s): 1**
- EEL 4744 - Microprocessor Principles and Applications **Credit(s): 3**

TRACK 5: MICRO AND NANO-SCALE SYSTEMS

- EEE 3302 - Electronics I **Credit(s): 3**
- EEE 4274 - MEMS I: Chemical/Biomedical Sensors and Microfabrication **Credit(s): 3**
- EEE 4359 - Analog CMOS/VLSI Design **Credit(s): 3**
- EEL 3116L - Laboratory II **Credit(s): 1**
- EEL 4567 - Electro-Optics **Credit(s): 3**

TRACK 6: WIRELESS CIRCUITS AND SYSTEMS

- EEL 4420 - RF & Microwave Measurements **Credit(s): 2-3**
- EEL 4421 - RF/Microwave Circuits I **Credit(s): 3**
- EEL 4422 - RF/Microwave Circuits II **Credit(s): 3**
- EEL 4461 - Antenna Theory **Credit(s): 3**

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

TRACK 7: SYSTEMS AND SECURITY

EEE 4746 - Wireless Mobile Computing and Security **Credit(s): 3**
EEE 4748 - Cryptography and Data Security **Credit(s): 3**
EEE 4774 - Data Analytics **Credit(s): 3**
EEL 4782 - Data Networks and Systems and Security **Credit(s): 3**
EEL 4872 - AI and Security in Cyber Physical Systems **Credit(s): 3**

CAPSTONE DESIGN SEQUENCE COURSES: 2 COURSES; 6 CREDIT HOURS

EEL 4906 - EE Design 1 **Credit(s): 3**
EEL 4914 - EE Design 2 **Credit(s): 3**
Please note that the capstone design sequence including the EEL 4906 - EE Design 1 and the EEL 4914 - EE Design 2 courses, must be taken within the final year of the student's degree program.

TECHNICAL WRITING COURSE: 1 COURSE; 3 CREDIT HOURS

ENC 3246 - Communication for Engineers **Credit(s): 3**

MAJOR ELECTIVES: 17 CREDIT HOURS

Select 17 credit hours of course and laboratory work from any of the Electrical Engineering upper-level (3000- or 4000-level) courses listed in the Undergraduate Catalog. Students may choose more coursework under the two specialization tracks, or choose breadth over depth by choosing courses in other Electrical Engineering areas.

Students can complete up to 3 credit hours of general technical elective courses at the 3000 and 4000 levels, with prior department approval such as an engineering course outside of the Electrical Engineering department, courses in physics, math, biology etc. or the Leadership in Engineering course.

In order to recognize our students' extra-curricular professional formation activities, the department also allows the students to take an EE internship course up to 3-credit hours if they secure an internship within the electrical engineering discipline. The credit hours will depend on the specifics of the internship (i. e., part-time versus full-time) and will be approved by the undergraduate program director Dr. Ismail Uysal. Students are encouraged to reach out to EE Advising at eng-eeadvising@usf.edu when they receive an offer for an internship.

ADDITIONAL INFORMATION - ELECTRICAL ENGINEERING B.S.E.E.

GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA

GRADING REQUIREMENTS

Unless otherwise stated, the minimum acceptable grade in BSEE required math, science, engineering and specialization courses is a C or higher (C- is insufficient).

RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

INTERNSHIP OPPORTUNITIES

The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the engineering college and pursue actual internships during their sophomore, junior, and senior years.

Students seeking to secure an internship, are strongly encouraged to sign up on Handshake (<https://usf.joinhandshake.com/login>) and complete their profile.

BACHELOR'S/MASTER'S PATHWAYS

Students majoring in Electrical Engineering have the option to pursue one of the following Bachelor's/Master's Pathways:

B.S.E.E. in Electrical Engineering and M.S.E.E in Electrical Engineering

B.S.E.E. in Electrical Engineering and M.S.E.M. in Engineering Management

B.S.E.E. in Electrical Engineering and M.S.M.S.E. in Materials Science and Engineering

For more information, see the Graduate Catalog.

ACCREDITATION INFORMATION - COLLEGE OF ENGINEERING

This Engineering degree program is accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org>.

RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - ELECTRICAL ENGINEERING B.S.E.E.

All incoming freshman and transfer students must meet with one of the college advisors in the Engineering Student Services (ESS).

DEPARTMENT OF INDUSTRIAL AND MANAGEMENT SYSTEMS ENGINEERING

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

INDUSTRIAL ENGINEERING B.S.I.E.

TOTAL DEGREE HOURS: 120

Industrial engineering (IE) is a field of study intended for individuals who are interested in formulating mathematical, statistical, and computer simulation models of complex systems in manufacturing, logistics, information, healthcare, transportation, financial, utilities, entertainment, and service. IEs connect big data sets and models to make engineering decisions for improving system performance and developing public policies. Unlike traditional disciplines in engineering, the scope of the industrial engineering field is very broad.

MISSION STATEMENT

The mission of the IMSE Department is to:

- Assure student success through a high-quality education which integrates the latest research and practices of the field;
- Pursue excellence in interdisciplinary research and innovation;
- Engage with the profession and the community.

Please see the mission statement on the department website for additional information.

Program Educational Objectives

Our graduates are expected to:

- Have applied concepts industrial engineering effectively and creatively
- Have demonstrated effective communication and teamwork
- Have engaged in community service and leadership
- Have continued to pursue life-long learning

Student Outcomes

The graduates of the B.S. degree program in Industrial Engineering at USF will demonstrate that they have an ability to:

- Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
- Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social environmental, and economic factors.
- Communicate effectively with a range of audiences.
- Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
- Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
- Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
- Acquire and apply new knowledge as needed, using appropriate learning strategies.

Student Enrollment Data

Student enrollment data is posted on the Department website.

UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Engineering, see the information at College of Engineering.

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

PROGRESSION REQUIREMENTS IN THE UPPER DIVISION - INDUSTRIAL ENGINEERING B.S.I.E.

Industrial Engineering students who have fully met the below requirements and are in good academic standing, may progress into the upper division for the major. Prior to progression into the upper division, a student may be permitted to take no more than two departmental Engineering courses. The department may have continuation requirements which specify minimum performance standards in core major courses which must be met before further registration in the department is granted.

Completion of with a minimum grade of C in each course and a 3.0 GPA based upon the best attempt in these courses:

MAC 2311 - Calculus I Credit(s): 4 OR MAC 2281 - Engineering Calculus I Credit(s): 4

AND MAC 2312 - Calculus II Credit(s): 4 OR MAC 2282 - Engineering Calculus II Credit(s): 4

AND MAC 2313 - Calculus III Credit(s): 4 OR MAC 2283 - Engineering Calculus III Credit(s): 4

PHY 2048 - General Physics I - Calculus Based Credit(s): 3 AND PHY 2048L - General Physics I Laboratory Credit(s): 1

PHY 2049 - General Physics II - Calculus Based Credit(s): 3 AND PHY 2049L - General Physics II Laboratory Credit(s): 1

CHM 2045 - General Chemistry I Credit(s): 3 AND CHM 2045L - General Chemistry I Laboratory Credit(s): 1

OR CHS 2440 - General Chemistry for Engineers Credit(s): 3 AND CHS 2440L - General Chemistry for Engineers Lab Credit(s): 1

A minimum overall GPA of 2.5

A minimum USF GPA of 2.5

Students who meet the minimum USF GPA and overall GPA requirements, but not the preferred qualifications (#1 above) may submit a Conditional Progression form to the IMSE Undergraduate Committee for consideration. Forms for the Fall term are due by October 1st and Spring term are due by March 1st.

MINIMUM CONTINUATION REQUIREMENTS - INDUSTRIAL ENGINEERING B.S.I.E.

Continuation in the major requires successful completion of EGN 3443 - Probability and Statistics for Engineers **Credit(s): 3** with a grade of B (not B-) or higher (best attempt).

DEPARTMENTAL POLICIES

The Department has the following policies:

Mandatory academic advising of students for each term,
Exit interviews as a graduation requirement,
Students are encouraged to take the FE Exam.

STATE MANDATED COMMON COURSE PREREQUISITES - INDUSTRIAL ENGINEERING B.S.I.E.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to the department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

EIN 4214 - Occupational Safety Engineering **Credit(s): 3**
EIN 4933 - Special Topics in Industrial Engineering **Credit(s): 1-3**
EIN 4940 - Industry Internship **Credit(s): 0-3**
ESI 4326 - Engineering the Supply Chain **Credit(s): 3**

ADDITIONAL INFORMATION - INDUSTRIAL ENGINEERING B.S.I.E.

GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

GRADING REQUIREMENTS

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Unless otherwise stated, the minimum acceptable grade in all BSIE required math, science, engineering, and specialization courses is a C or higher (C- is insufficient).

Major Course Grade Requirement

Continuation in the major requires successful completion of EGN 3443 - Probability and Statistics for Engineers with a grade of B (not B-) or higher (best attempt).

RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

INTERNSHIP OPPORTUNITIES

The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the engineering college and pursue actual internships during their sophomore, junior, and senior years. The IMSE department strongly encourages all BSIE students to pursue internship opportunities and provides continual information to students as new opportunities become available.

ACCREDITATION INFORMATION - COLLEGE OF ENGINEERING

This Engineering degree program is accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org>.

RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - INDUSTRIAL ENGINEERING B.S.I.E.

Students who wish to declare Industrial Engineering as their major *must apply to be admitted into the department*. A department application and an IE flowchart with courses completed must be obtained from Engineering Student Services in Engineering Building III (ENC) 1302 prior to an initial advising appointment request in the department. This should be done when the four core prerequisites of EGN 1113 - Introduction to Design Graphics, EGN 3443 - Probability and Statistics for Engineers, EGN 4450 - Introduction to Linear Systems, and EGN 3615 - Engineering Economics with Social and Global Implications have been satisfactorily completed, *and* the minimum entrance requirements are met. The first departmental advising session will be scheduled with the Undergraduate Director, Dr. Kingsley Reeves. Subsequently, the student will be assigned to an IE faculty as their permanent advisor for the remainder of their semesters until completion of their degree.

Visit <http://www.usf.edu/engineering/imse/about-us/contacts.aspx> for contact information.

Plans of Study - Industrial Engineering B.S.I.E.

MECHANICAL ENGINEERING B.S.M.E.

TOTAL DEGREE HOURS: 120

Students pursuing the Bachelor of Science in Mechanical Engineering take coursework in thermodynamics, heat transfer, instrumentation, measurements, computer-aided design, solid and fluid mechanics, dynamics, machine analysis and design, mechanical design, manufacturing processes, vibrations and controls. This is supplemented by elective coursework in such areas as sustainability, internal combustion engines, refrigeration and air conditioning, mechanical design, robotics, propulsion, manufacturing, bio-engineering, alternative energy, thermal design, composite materials, and tribology. Laboratories are available for basic instrumentation, thermal and fluid sciences, solid mechanics, data acquisition, controls, CAD/CAE, and vibrations. Graduates of this major are employed in design, manufacturing, contracting, operations, marketing, and management in virtually all segments of industry and government, including, but not limited to: aeronautics, aerospace and propulsion; automotive, internal combustion engines, fuel cells and transportation; propulsion systems; power generation; heating, ventilation and air conditioning; structures and machinery design; mining and oil exploration; paper, textile, food, and petrochemical industries/processing/manufacturing; micro and nano materials and semiconductors; and biomaterials and bioengineering. There are abundant career opportunities in a wide range of industries because mechanical equipment is required in every aspect of modern industry.

MISSION STATEMENT

The Mission of the Department of Mechanical Engineering in the College of Engineering at the University of South Florida is to provide a quality undergraduate and graduate education for students entering the mechanical engineering profession or seeking careers in related fields: to advance scientific knowledge through basic and applied research; to disseminate technical information through scholarly publications, conferences and continuing education; to advance the profession through service within the associated societies, and to promote activities which serve global development.

PROGRAM EDUCATIONAL OBJECTIVES AND ABET STUDENT OUTCOMES

PROGRAM EDUCATIONAL OBJECTIVES

Our Graduates, within a few years after graduation, will successfully:

- A. Apply concepts of science, mathematics, computation, and mechanical engineering, including design theory, experimental techniques and manufacturing.
- B. Pursue a productive career using strong critical thinking, innovation, and problem solving skills.
- C. Demonstrate professional growth and leadership by using effective communication skills and participating in multi-disciplinary collaborations.
- D. Engage in life-long learning and pursue continued career development with professional and ethical responsibility.

ABET STUDENT OUTCOMES

The graduates of the B.S. degree program in Mechanical Engineering at USF will demonstrate that they have an ability to:

- Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
- Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
- Communicate effectively with a range of audiences.
- Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
- Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.

Acquire and apply new knowledge as needed, using appropriate learning strategies.

The curriculum must require students to apply principles of engineering, basic science, and mathematics (including multivariate calculus and differential equations); to model, analyze, design, and realize physical systems, components or processes; and prepare students to work professionally in either thermal or mechanical systems while requiring topics in each area.

STUDENT ENROLLMENT DATA

Student enrollment data is posted on the Department website.

UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Engineering, see the information at College of Engineering.

PROGRESSION REQUIREMENTS IN THE UPPER DIVISION: MECHANICAL ENGINEERING B.S.M.E.

Mechanical Engineering students who have fully met the below requirements and are in good academic standing, may progress into the upper division of the major. Prior to progression into the upper division, a student may be permitted to take no more than two departmental engineering courses. The department may have continuation requirements which specify minimum performance standards in core major courses which must be met before further registration in the department is granted.

Completion of the following courses with a cumulative 3.0 GPA based on best attempt (maximum two attempts) and a minimum grade of C in each course:

MAC 2311 - Calculus I Credit(s): 4 OR MAC 2281 - Engineering Calculus I Credit(s): 4

MAC 2312 - Calculus II Credit(s): 4 OR MAC 2282 - Engineering Calculus II Credit(s): 4

MAC 2313 - Calculus III Credit(s): 4 OR MAC 2283 - Engineering Calculus III Credit(s): 4

PHY 2048 - General Physics I - Calculus Based Credit(s): 3 AND PHY 2048L - General Physics I Laboratory Credit(s): 1

PHY 2049 - General Physics II - Calculus Based Credit(s): 3 AND PHY 2049L - General Physics II Laboratory Credit(s): 1

CHM 2045 - General Chemistry I Credit(s): 3 AND CHM 2045L - General Chemistry I

Laboratory Credit(s): 1

OR CHS 2440 - General Chemistry for Engineers Credit(s): 3 AND CHS 2440L - General

Chemistry for Engineers Lab Credit(s): 1

A minimum overall GPA of 2.5

A minimum USF GPA of 2.5

MINIMUM CONTINUATION REQUIREMENTS - MECHANICAL ENGINEERING B.S.M.E.

Completion of EGN 3311 - Statics **Credit(s): 3** and EGN 3321 - Dynamics **Credit(s): 3** with a minimum grade of "C+" in each course (grade of C is insufficient).

Completion of EML 3500 - Mechanics of Solids **Credit(s): 3** and EGN 3343 - Thermodynamics I **Credit(s): 3** with a minimum grade of C in each course (C- is insufficient).

STATE MANDATED COMMON COURSE PREREQUISITES - MECHANICAL ENGINEERING B.S.M.E.

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to the department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

Mathematics:

Courses at USF

- MAC 2281 - Engineering Calculus I **Credit(s): 4**
- MAC 2282 - Engineering Calculus II **Credit(s): 4**
- MAC 2283 - Engineering Calculus III **Credit(s): 4**
- MAP 2302 - Differential Equations **Credit(s): 3**

Courses at a Florida College System Institution

- MAC X311 **OR** MAC X281 - 4 credit hours
- MAC X312 **OR** MAC X282 - 4 credit hours
- MAC X313 **OR** MAC X283 - 4 credit hours
- MAP X302 **OR** MAP X305 - 3 credit hours

Natural Sciences:

Courses at USF

- CHM 2045 - General Chemistry I **Credit(s): 3 AND** CHM 2045L - General Chemistry I Laboratory **Credit(s): 1**
- CHS 2440 - General Chemistry for Engineers **Credit(s): 3 AND** CHS 2440L - General Chemistry for Engineers Lab **Credit(s): 1**
- PHY 2048 - General Physics I - Calculus Based **Credit(s): 3 AND** PHY 2048L - General Physics I Laboratory **Credit(s): 1**
- PHY 2049 - General Physics II - Calculus Based **Credit(s): 3 AND** PHY 2049L - General Physics II Laboratory **Credit(s): 1**

Courses at a Florida College System Institution

- (CHM X045 & CHM X045L) **OR** CHM X045C **OR** (CHS X440 & CHS X440L) **OR** (CHS X440 & CHM X045L) - 4 credit hours
- (PHY X048 & PHY X048L) **OR** PHY X048C **OR** (PHY X041 & PHY X048L) - 4-5 credit hours
- (PHY X049 & PHY X049L) **OR** PHY X049C **OR** (PHY X044 & PHY X049L) **OR** (PHY X042 & PHY X049L) - 4-5 credit hours

REQUIRED COURSES: (108 CREDIT HOURS)

MAJOR CORE COURSES: 35 COURSES; 99 CREDIT HOURS

MATH AND SCIENCE COURSES: 10 COURSES; 27 CREDIT HOURS

- MAC 2281 - Engineering Calculus I **Credit(s): 4**
OR
- MAC 2311 - Calculus I **Credit(s): 4**
- MAC 2282 - Engineering Calculus II **Credit(s): 4**

EML 4905 - Independent Study **Credit(s): 1-4**
EML 4930 - Special Topics in Mechanical Engineering **Credit(s): 1-3**
OSE 4601 - Optical Product Technology **Credit(s): 3**

ADDITIONAL INFORMATION - MECHANICAL ENGINEERING B.S.M.E.

GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

GRADING REQUIREMENTS

The minimum acceptable grade in all BSME required math and science courses is a C or higher (C- is insufficient). The minimum acceptable grade in engineering and specialization courses which are prerequisites to other degree required courses is a C-, except as stated in the Department Continuation Requirements. The passing grade for terminal engineering and specialization courses is a C-.

Course Grade Requirement

Continuation requires completion of EGN 3311 - Statics and EGN 3321 - Dynamics with a minimum grade of "C+" in each course (grade of C is insufficient). Also, completion of EML 3500 - Mechanics of Solids and EGN 3343 - Thermodynamics I with a minimum grade of C in each course (C- is insufficient).

RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

INTERNSHIP OPPORTUNITIES

The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the engineering college and pursue actual internships during their sophomore, junior, and senior years.

ACCREDITATION INFORMATION - COLLEGE OF ENGINEERING

This Engineering degree program is accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org>.

RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

DEPARTMENT OF MEDICAL ENGINEERING

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

BIOMEDICAL ENGINEERING B.S.B.E.

TOTAL DEGREE HOURS: 126

MISSION STATEMENT

The mission of the USF Department of Medical Engineering is to advance excellence in biomedical engineering education through a joint venture between the Morsani College of Medicine and the College of Engineering by conducting innovative translational research, developing impactful cutting-edge technologies, and preparing highly talented students for success as multidisciplinary global leaders across the fields of engineering, healthcare, and biomedical sciences.

PROGRAM EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES

The graduates from the Department of Medical Engineering undergraduate biomedical engineering major are expected to achieve the following educational objectives:

- To develop into successful, ethical biomedical engineers, healthcare professionals, or other related practitioners guided by an interdisciplinary curriculum, extracurricular activities and targeted internship experience.
- To continue to pursue and expand their technical and professional knowledge and skills through academic and industrial training and lifelong learning.
- To contribute to the local, national and global communities using experiences and skills acquired through their biomedical engineering education at the University of South Florida (USF).

ABET STUDENT LEARNING OUTCOMES

The graduates of the B.S. degree program in Biomedical Engineering at USF will demonstrate that they have:

- An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
 - An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
 - An ability to communicate effectively with a range of audiences.
 - An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
 - An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
 - An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
 - An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.
- Furthermore, the structure of the curriculum provide both breadth and depth across the range of engineering and science topics consistent with the program educational objectives and student outcomes. The curriculum prepares graduates with experience in:

- (a) Applying principles of engineering, biology, human physiology, chemistry, calculus-based physics, mathematics (through differential equations) and statistics;
- (b) Solving bio/biomedical engineering problems, including those associated with the interaction between living and non-living systems;
- (c) Analyzing, modeling, designing, and realizing bio/biomedical engineering devices, systems, components, or processes; and
- (d) Making measurements on and interpreting data from living systems.

SPECIALIZED ADMISSIONS - BIOMEDICAL ENGINEERING B.S.B.E.

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

This major has additional admissions requirements as listed in this section.

The Biomedical Engineering major is a specialized admissions program due to the following reasons: 1) limited space, equipment and other instructional facilities, including required laboratories; and 2) the program is of such a nature that in order to demonstrate potential for success in the program, applicants must attain a grade point average as noted below.

First-Year Students:

Incoming first-year students who are interested in the Biomedical Engineering Major program should meet the following criteria to ensure success in this rigorous specialized admissions program:

Recommended minimum SAT Math 710 or ACT Math 30

Recommended minimum High School Weighted GPA of 4.0 (as determined by USF Undergraduate Admissions)

Ideally, students will have completed advanced high school courses in Chemistry, Physics, Calculus and Biology.

Sophomores:

Current USF students must meet the following minimum requirements to be considered for admission to the upper-division program.

Minimum cumulative 3.5 GPA for the prerequisite courses, as listed below (best attempt);*

Minimum grade of C in each prerequisite course listed below;

No more than two attempts allowed for the prerequisite courses listed below (withdrawals included);

Completion of the first three semesters of the BME plan of study by the end of the third semester after matriculation to the University with a minimum 3.2 cumulative GPA for those semesters;

Completed BME departmental online application.

*Only the best attempt in each prerequisite course as listed below, is considered for admission into the BME program.

Students apply for admission to the upper-division BME major once all prerequisite courses are complete, which would typically happen in the spring semester of the sophomore year.

Continuation Requirement:

In addition to the requirements above, in order for students to be allowed to continue into the upper-division BME major beginning in the fall semester of the junior year, they must also earn a 3.2 or higher Engineering GPA (includes all College of Engineering courses) by the end of the fourth semester of the BME plan of study.

Transfers:

Transfer students must meet the following minimum requirements to be considered for admission into the BME program.

Completed BME departmental online application:

Minimum 2.0 cumulative (overall) GPA;

Minimum cumulative 3.5 GPA in the prerequisite courses listed below;

Minimum grade of C in each prerequisite course listed below;

No more than two attempts allowed for the prerequisite courses listed below (withdrawals included).

Applicants who do not meet the minimum admission requirements as stated above will not be eligible for admission into the BME program.

Transfer applications are referred to the department only after the USF Office of Admissions (including official transcripts) considers them complete. Applications are reviewed periodically and not on a rolling basis. The date of review may vary depending on the number of applications received.

Transfer applicants coming from out-of-state or private Florida institutions will be considered on a space available basis only.

PREREQUISITE COURSES FOR ADMISSION TO THE UPPER-DIVISION MAJOR

UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Engineering, see the information at College of Engineering.

DEPARTMENTAL POLICIES

In addition to the college's graduation requirements, the department has the following policies:

Mandatory academic advising of students for each term.

Exit interviews as a graduation requirement.

STATE MANDATED COMMON COURSE PREREQUISITES - BIOMEDICAL ENGINEERING B.S.B.E.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper-division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower-level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to their intended department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

The following are transferable courses from the Florida College System Institution that will be accepted in the Math/Science/Engineering areas:

Mathematics:

(MAC X311 and MAC X312 and MAC X313) OR (MAC X281 and MAC X282 and MAC X283) - 4 credit hours

MAP X302 OR MAP X305 OR ECH X301 - 3 credit hours

STA X037 OR STA X023 - 3 credit hours

Natural Sciences:

BME 4883C - Biomedical Engineering Design II **Credit(s): 3**

TECHNICAL WRITING: 1 COURSE; 3 CREDIT HOURS

ENC 3246 - Communication for Engineers **Credit(s): 3**

MAJOR ELECTIVES: 5 COURSES; 13 CREDIT HOURS

In addition to the core curriculum, students are required to complete 6 credits of STEM electives, 6 credits of BME electives, and 1 professional elective. Students may select elective courses from the lists below or petition the Medical Engineering department, prior to registration, for approval of any non-listed courses.

6 hours of BME Upper-Level Electives
6 hours of STEM Upper-Level Electives (Students pursuing Medical School will take CHM 2211 - Organic Chemistry II **and** CHM 2211L - Organic Chemistry Laboratory II as well as BSC 2011 - Biodiversity **and** BSC 2011L - Biodiversity Laboratory)
1 hour professional elective

BME ELECTIVE OPTIONS

BME 4423 - Connectomics **Credit(s): 3**
BME 4440 - Introduction to Bioastronautics **Credit(s): 3**
BME 4509 - Bioelectronics **Credit(s): 3**
BME 4571 - Nanomedicine **Credit(s): 3**
BME 4931 - Selected Topics in Biomedical Engineering **Credit(s): 1-3**
CAP 4662 - Introduction to Robotics **Credit(s): 3**
ECH 4504 - Kinetics and Reaction Engineering **Credit(s): 3**
EEE 4260C - Bioelectricity **Credit(s): 3**
EEE 4274 - MEMS I: Chemical/Biomedical Sensors and Microfabrication **Credit(s): 3**
EEE 4506 - Biomedical Image Processing **Credit(s): 3**
EML 3022 - Computer Aided Design and Engineering **Credit(s): 3**
EML 4575 - Principles of Fracture Mechanics **Credit(s): 3**

STEM ELECTIVE OPTIONS

Any Engineering course at 3xxx or 4xxx level.
Any BSC or CHM or MCB or PCB or PHY or Math courses in 3xxx or 4xxx level for Science major.

PROFESSIONAL ELECTIVE OPTIONS

BME 4914 - Biomedical Engineering Research Experience **Credit(s): 0-3**
BME 4943 - Biomedical Engineering Industry Internship Experience **Credit(s): 0-3**

ADDITIONAL INFORMATION - BIOMEDICAL ENGINEERING B.S.B.E.

GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA , 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

GRADING REQUIREMENTS

A total of one D grade is allowed in all BSBE required courses. Upon receiving a D, a grade petition form must be submitted to progress in the BME major. If another D is received, the student must repeat the petitioned course. The student will not be required able to take additional BME courses until the second D is successfully completed with a passing grade.

COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Unless otherwise stated, the minimum acceptable grade in BSBE required math, science, engineering and specialization courses is a C or higher (C- is insufficient).

RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic Engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

BACHELOR'S/MASTER'S PATHWAYS

Students majoring in Biomedical Engineering have the option to pursue one of the following Bachelor's/Master's Pathways:

B.S.B.E. Biomedical Engineering/M.S.B.E. Biomedical Engineering
For more information, see the Graduate Catalog.

RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - BIOMEDICAL ENGINEERING B.S.B.E.

All incoming freshman and transfer students must meet with the Medical Engineering Department undergraduate advisor.

Medical Engineering Department
Office: Interdisciplinary Science Building (ISA) 7031
Phone: (813) 974-9379
Email: eng-bme@usf.edu

BIOMEDICAL ENGINEERING MINOR

The Biomedical Engineering Minor is open only to non-Engineering students majoring in STEM fields (including Biology, Chemistry, Mathematics, and Physics) who satisfy the prerequisites listed below and are interested in engineering approaches to biomedical problems. The 15-credit minor covers key topics in the discipline. The minor also fulfills the majority of coursework requirements for non-Engineering applicants to the Master's degree program in Biomedical Engineering.

MINOR REQUIREMENTS: 15

ENGINEERING SCIENCE CORE (9 CREDIT HOURS)

Students must complete any three (9 credit hours) of the following engineering science courses:

- EGN 3311 - Statics **Credit(s): 3**
- EGN 3343 - Thermodynamics I **Credit(s): 3**
- EGN 3373 - Electrical Systems I **Credit(s): 3**
- EGN 3331 - Mechanics of Materials **Credit(s): 3 or**
- EGN 3365 - Materials Engineering I **Credit(s): 3**

BIOMEDICAL ENGINEERING ELECTIVES (6 CREDIT HOURS)

Students must complete any two (6 credit hours) of the following biomedical engineering courses:

- BME 3053 - Computer Programming for BME **Credit(s): 3**
- BME 4100 - Introduction to Biomedical Engineering **Credit(s): 3**
- BME 4503 - Biomedical Instrumentation **Credit(s): 3**

PREREQUISITE COURSES:

BIOLOGY I

- BSC 2010 - Cellular Processes **Credit(s): 3**

CALCULUS I/II/III

- MAC 2241 - Life Sciences Calculus I **Credit(s): 3**
- MAC 2242 - Life Sciences Calculus II **Credit(s): 3**
- MAC 2283 - Engineering Calculus III **Credit(s): 4**
- or
- MAC 2281 - Engineering Calculus I **Credit(s): 4**
- MAC 2282 - Engineering Calculus II **Credit(s): 4**
- MAC 2283 - Engineering Calculus III **Credit(s): 4**
- or
- MAC 2311 - Calculus I **Credit(s): 4**
- MAC 2312 - Calculus II **Credit(s): 4**
- MAC 2313 - Calculus III **Credit(s): 4**

DIFFERENTIAL EQUATIONS

- MAP 2302 - Differential Equations **Credit(s): 3**

COLLEGE OF NURSING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

College of Nursing

About the College

The College of Nursing is an integral part of USF Health and the University of South Florida. We strive to live by our mission to employ the core values of excellence, innovation, inclusion, and respect to educate future nurses, advance nursing science, and implement evidence-based clinical practice to improve health and wellness.

At the College of Nursing, the faculty and staff strive to assist students in excelling in a high-impact, innovative research and entrepreneurial environment. Students can choose from a baccalaureate, master's, Doctorate of Nursing Practice, and Ph.D. Nursing science degrees. We offer the V-CARE pathway, a Bachelor of Science in Nursing pathway, created for service members and veterans who have completed training as Army or Air Force medics and Navy corpsmen.

Mission, Vision, Values

Mission: USF College of Nursing provides innovation and leadership in preparing 21st-century nurses to demonstrate excellence in research, education, and clinical care while promoting health and wellness in our community and around the world.

Vision: By educating students from diverse demographics, we ensure that our USF Bull nurses mirror the populations they serve.

Values: Respect, Integrity, Inclusion, Excellence, Innovation, Partnership

Accreditation

The baccalaureate degree program in nursing at the University of South Florida is accredited by the Commission on Collegiate Nursing Education, 655 K Street NW, Suite 750, Washington, DC 20001, 202-887-6791.

The University of South Florida (USF) is accredited by the Southern Association of Colleges and Schools' Commission on Colleges to award associate, baccalaureate, master's, specialist and doctorate degrees.

Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, or call 404-679-4500 for questions about the accreditation of the University of South Florida.

College-Level Requirements

The College of Nursing is a specialized admissions college and uses selective criteria for the admission of students. Any student who applies to the undergraduate program in the College of Nursing is initially coded as "pre-nursing" prior to official acceptance to the College of Nursing. Final admission to all Nursing programs is conditional upon passing a Level 2 background check.

Admission Requirements

In addition to University admission requirements, the College of Nursing has additional admission requirements for each pathway. Please review admission requirements for the specific pathway to which you are applying.

Background Checks, Fingerprinting, Drug Testing and Immunizations

All students who are admitted to the College of Nursing are required to complete a background check, drug screening, and immunization verification. In addition, students are mandated to carry health insurance during their enrollment in the College of Nursing. All required documentation should be submitted via <https://portal.castlebranch.com/ud98>.

The requirements are as follows: MMR, Varicella, Hepatitis B, Documentation of a Tdap booster, TB skin test, CPR certification from the American Heart Association, a flu shot, HIPPA, and health insurance.

All requirements must be completed by the first week of class to matriculate.

The Castle Branch account must be created with a USF email address, which is only available to students who have been admitted to the College of Nursing.

COLLEGE OF NURSING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Final admission to all nursing majors is conditional upon passing a Level 2 background check. Students who do not pass the level 2 background check will not be refunded the cost by either the college or Castle Branch. For Castlebranch.com questions regarding requirements, documents, or status, please contact Castle Branch at (888) 914-7279.

Program-Specific Requirements

Students must be admitted by the USF Office of Admissions before they can submit their application to the College of Nursing (Students must have the Tampa campus as their home campus).

Student Computer Requirement

<https://usf.box.com/s/ytq1ettwdjri1qi0e01issc4qn00dxii>

All USF College of Nursing students are required to have a laptop/notebook computer with wireless internet connection. Students are also required to have a compatible webcam and microphone; the webcam and microphone should either be built into your notebook or be a portable model. Specific information on requirements can be found via the link provided.

Students in all nursing courses are expected to meet these requirements to successfully participate in their courses. Failure to meet these technology standards may result in inability to complete course or program requirements. It is the student's responsibility to ensure all requirements are met prior to the start of the semester.

Nursing Living Learning Community – Housing at the Tampa campus

The Nursing LLC, located in Poplar Hall, creates a unique opportunity for nursing, pathway students to live and study together. Students co-enroll in critical prerequisite course work, participate in special events and activities designed to introduce them to the healthcare profession, and network with College of Nursing administrators, faculty, and student leaders. Students also enjoy in-hall academic advising throughout the year, as well as in-hall tutoring for selected courses! To learn more and apply, visit: <https://www.usf.edu/housing/residential-learning/llc-major/pre-nursing.aspx>

Nursing Programs

Nursing: RN to BSN

[HTTPS://HEALTH.USF.EDU/NURSING/UNDERGRADUATE/PROGRAMS/RN-TO-BS](https://health.usf.edu/nursing/undergraduate/programs/rn-to-bs)

The RN to BSN (NRN) is for students currently licensed to practice as a Registered Nurse. The RN to BSN pathway allows an RN with a diploma or an associate's degree in nursing from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission to earn a Bachelor of Science in Nursing.

Criteria for Nursing: RN to BSN Degree:

Admission to the University of South Florida (Tampa campus) as a degree-seeking undergraduate student.
Completed application to the College of Nursing prior to the published deadline for the intended term of entry.
An overall GPA of 2.50 or higher on all undergraduate work (excluding Associate of Science Nursing courses).
Associate's Degree in Nursing from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission; nursing diplomas will be evaluated on a case by case basis.

Residence in the state of Florida with evidence of a current Florida RN licensure in good standing.

Completion of the following prerequisite courses by the application deadline for the intended term of entry with a minimum grade of "C" in each:

English Composition I (3) ENC 1101

English Composition II (3) ENC 1102

COLLEGE OF NURSING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Nursing: Accelerated Second Degree

[HTTPS://HEALTH.USF.EDU/NURSING/UNDERGRADUATE/PROGRAMS/SECOND-DEGREE](https://health.usf.edu/nursing/undergraduate/programs/second-degree)

The Accelerated Second Bachelor's Degree pathway (SBN) is for students who have a baccalaureate degree in another field and a minimum undergraduate GPA of 3.00. Students with a bachelor's degree in a non-nursing field and who have completed all the nursing pre-requisite courses may be considered for admission into the Accelerated Second Bachelor's Degree pathway; upon completion, students will earn a second bachelor's degree. This is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive.

Criteria for Accelerated Second Bachelor's Degree

Admission to the University of South Florida (Tampa campus), as a degree-seeking undergraduate student.

Completed application to the College of Nursing prior to the published deadline for the intended term of entry.

Completion of first bachelor's degree from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission at the time of application to the USF College of Nursing.

Minimum 3.0 cumulative GPA on all undergraduate work.

Completion of at least seven of the eight nursing prerequisite courses by the published deadline for the intended term of entry.

Note: Any outstanding nursing prerequisites must be completed by the program state date, with a minimum grade of C or better, while maintaining a cumulative GPA greater than or equal to 3.0.

Participation in a formal interview with College of Nursing faculty, if selected.

If a student receives a grade of less than C in any two prerequisite courses while declared as pre-nursing, the student will be required to select another major at the University of South Florida. Grade forgiveness will not apply to the mandated requirement of changing the major. In addition, if a student does not meet the minimum GPA to be eligible to apply for admission following 60 completed hours and all prerequisite courses attempted, the student will be required to select another major at the University of South Florida.

Nursing: Upper Division

<https://health.usf.edu/nursing/undergraduate/programs/upper-division>

The Upper Division pathway (NUR) is our traditional baccalaureate nursing pathway for students who have completed nursing prerequisite courses and university general education requirements. This is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive.

Criteria for Nursing: Upper Division:

Admission to the University of South Florida (Tampa campus), as a degree-seeking undergraduate student.

Completed application to the College of Nursing prior to the published deadline for the intended term of entry.

Minimum 3.20 cumulative GPA on all undergraduate work.

Completion of at least seven of the eight nursing prerequisites courses by published application deadline for the intended term of entry

Note: Any outstanding nursing prerequisites must be completed by the program start date, with a C or better, while maintaining a cumulative GPA equal to or greater than 3.0.

Completion of English Composition I, English Composition II, and State General Education Mathematics requirement by published application deadline.

Completion of the University's foreign language entrance requirement (FLENT) and University General Education requirement by the intended term of entry.

Participation in a formal interview with College of Nursing faculty, if selected.

If a student receives a grade of less than C in any two prerequisite courses while declared as pre-nursing, the student will be required to select another major at the University of South Florida. Grade forgiveness will not apply to the mandated requirement of changing the major. In addition, if a student does not meet the minimum GPA to be eligible to apply for admission following 60 completed hours and all prerequisite courses attempted, the student will be required to select another major at the University of South Florida

Nursing: Veteran to BSN (V-CARE)

<https://health.usf.edu/nursing/undergraduate/programs/vbsn>

The Veteran to BSN (V-CARE) pathway allows service members and veterans with medical training experience as Army or Air Force medics or Navy corpsmen the opportunity to receive a Bachelor's of Science in Nursing degree. Graduates may then take the National Council Licensure Examination (NCLEX) to earn their RN license. Prerequisites can be completed at an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission with completion of nursing coursework at the Tampa campus.

The V-CARE pathway is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive.

Criteria for Nursing: Veteran to BSN (V-CARE):

Admission to the University of South Florida (Tampa campus) as a degree-seeking undergraduate student. Completed application to the College of Nursing prior to the published deadline for the intended term of entry. Applicants must have U.S. Army Medic, U.S. Air Force Medic, or U.S. Navy Corpsman training and experience to be a candidate for the V-CARE pathway.

Minimum 3.0 cumulative GPA on all undergraduate coursework.

Completion of the nursing prerequisite courses by the published application deadline for the intended term of entry. Students who do not have all prerequisite courses completed by the Fall admission cycle may be eligible for conditional admission.

Note: Any outstanding nursing prerequisite courses must be completed by the program start date, with a C or better, while maintaining a cumulative GPA greater than or equal to 3.0.

Completion of English Composition I, English Composition II, and State General Education Mathematics requirement by the published application deadline.

Participation in a formal interview with College of Nursing faculty, if selected.

Completion of the University's foreign language entrance requirement (FLENT) and University General Education requirements by the intended term of entry.

Submission of a professional resume.

Grading & Progression Policy

In addition to the University's policies on progression, The College of Nursing holds a progression policy for all students within the nursing undergraduate program. Students admitted to all nursing pathways at The College of Nursing are required to earn a minimum grade of C in didactic courses and an S in lab/clinical courses. Progression in the pathways is based on GPA, course content and overall performance in lab/clinical. Failure to meet the grade minimum may result in dismissal from the College.

For further information on progression and grading policies, please visit the College of Nursing Handbook:

<https://health.usf.edu/nursing/current-students/handbooks>.

Other Program Information

NCLEX-RN Examination

Upon successful completion of the program requirements and upon recommendation by the Dean, graduates are eligible to take the National Council Licensure Examination (NCLEX-RN) leading to the registered nurse (RN) license to practice nursing.

The College of Nursing cannot guarantee that the Board of Nursing will authorize students with criminal or substance abuse histories to complete NCLEX-RN licensure examination. Therefore, it is of the utmost importance (1) to address such situations with the College of Nursing and the Board of Nursing as early as possible and (2) to notify the College of Nursing Compliance Officer within 72 hours on any changes in conduct records, including arrests, convictions, changes to RN license status, or other activities that impact the background investigation or the ability to practice that occur at any time during their program of study.

COLLEGE OF NURSING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Other Nursing Pathways

Freshman Nursing Pathways

Freshmen Nursing Pathway (FNR) is a distinct pathway for first time in college (FTIC) students who have been admitted to the university as nursing majors. Those students who meet high SAT/ACT scores and a competitive high school GPA will be offered admissions into the Freshmen Nursing Pathway. Students admitted into this pathway will follow progression criteria established by the College of Nursing to remain in the pathway. This is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive.

Maintain a 3.6 overall GPA.

Complete the Nursing state-mandated prerequisites at the University of South Florida with a minimum grade of "B" or better.

5 of 8 prerequisite courses completed by the fall semester of the student's sophomore year. The remaining three prerequisite courses must be completed in the fall semester of the sophomore year.

Complete General Education requirements and the Foreign Language Entrance Requirement (FLENT) by the end of the spring semester of the sophomore year.

Complete the Civics Literacy requirement by the end of the spring semester of the sophomore year.

Participate in a formal interview with the College of Nursing faculty and receive a passing score.

Successfully complete NUR 3825 - Introduction to the Profession of Nursing (2 credits) Grade of "C" or better (Nursing Progression Policy).

USF/HCC Concurrent Pathway

<https://health.usf.edu/nursing/undergraduate/programs/asn-to-bs>

The University of South Florida (USF) & Hillsborough Community College (HCC) Concurrent Pathway allows students to enroll in select RN to BSN courses at USF as a non-degree student (beginning in second semester of Year 1) while completing the ASN degree at HCC. Students will remain in non-degree status at USF until awarded the ASN. After graduating from HCC'S ASN program, students will be eligible to sit for the National Licensure Exam for Registered Nurses (NCLEX-RN).

Criteria for Admissions:

Students must complete the steps for admission as a degree-seeking student at USF/HCC before they may be considered for the Concurrent Pathway.

Students must have a cumulative GPA of at least a 3.0.

Students must meet the definition of residency at each institution to qualify for in-state tuition.

Student must be admitted into HCC's nursing program.

Students must be admitted as non-degree seeking students into USF and be eligible for admission as a degree-seeking student into USF's College of Nursing upon completion of the ASN portion of the USF/HCC Concurrent Pathway.

As a condition of membership in the USF/HCC Concurrent Pathway, students must meet the following requirements:

Maintain active enrollment status at both institutions.

Comply with your designated plan of study.*

Have a minimum overall GPA of 3.0 for admissions into the concurrent program.

Comply with each institution's policy regarding progression & compliance.

Acquire a valid RN license within 3 months of completion of the ASN.**

* If students are not successful in following the plan of study, they can no longer remain in the USF/HCC Concurrent Pathway.

** If a student is not able to obtain a valid RN license within 3 months of completing the ASN, the student will be unable to take the remaining RN to BSN courses at USF until they have successfully passed. Students who are off plan for the USF/HCC Concurrent Pathway will no longer be able to remain in the USF/HCC Concurrent Pathway but can apply for the RN to BSN pathway at USF through Undergraduate Admissions and the College of Nursing.

Nursing Honors Program B.S. to PhD Accelerated Pathway

COLLEGE OF NURSING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The Honors College has partnered with the USF College of Nursing to provide first-time in college (FTIC) freshmen with an accelerated pathway into the USF PhD program. This pathway allows Honors College students majoring in nursing the opportunity to receive admission to the College of Nursing and complete a PhD in Nursing Science degree in seven years, provided that the student continues to meet all the benchmarks of the program, including a successful interview with the College of Nursing. This is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive.

Criteria for Admission:

- Admission to the University of South Florida's (Tampa campus) Honors College as a Nursing student.
- Minimum SAT score of 1360 or a combined ACT of 29.
- Minimum 3.8+ weighted high school GPA, as calculated by USF Office of Undergraduate Admissions.
- U.S. Citizenship or permanent residency (this pathway does not admit international applicants).

As a condition of membership in the Nursing Honors Program B.S. to PhD Accelerated Pathway, students must meet the following requirements:

- Maintenance of a 3.6 GPA with grades of B or better in all state-mandated nursing prerequisites.
- Adherence to approved program plan of study.
- Completion of BSN degree and successful Florida RN licensure by the start of the PhD program.

Baccalaureate Degree Pathways

Global Pathways

<http://www.usf.edu/gcp/students/index.aspx>

A Global Pathway is an undergraduate major or degree program that has significant global content and align with the goals of USF's Quality Enhancement Plan, the Global Citizens Project. Global Pathways provide students with the opportunity to practice and apply global competencies through the major or degree program. Students in the Global Pathway programs are well-positioned to earn the Global Citizen Award and become eligible to apply for a study abroad scholarship offered by the Global Citizens Project. The following programs are designated as Global Pathway Programs:

Nursing – BSN Upper Division Major

<http://health.usf.edu/nursing/>

Bachelor of Science in Nursing

Accelerated Second Bachelor's Degree

<http://health.usf.edu/nursing/academics/second-degree>

The Accelerated Second Bachelor's Degree pathway (SBN) is for students who have a baccalaureate degree in another field and a minimum undergraduate GPA of 3.00. Students with a bachelor's degree in a non-nursing field and who have completed all the nursing pre-requisite courses may be considered for admission into the Accelerated Second bachelor's Degree pathway; upon completion, students will earn a second bachelor's degree. This is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive.

RN to BSN (Online)

<https://health.usf.edu/nursing/undergraduate/programs/rn-to-bs>

The RN to BSN (NRN) pathway is for students currently licensed to practice as a Registered Nurse. The RN to BSN option allows an RN with a diploma or an associate's degree in nursing from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission to earn a Bachelor of Science in Nursing.

RESEARCH OPPORTUNITIES - COLLEGE OF NURSING

COLLEGE OF NURSING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF NURSING

USF students can schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor to discuss course planning, degree progression, and career preparation.

Plan of Study - Nursing: Accelerated Second Bachelor's Degree Pathway B.S.N.

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The University's Enhanced General Education requirements and College of Nursing's prerequisite/support courses may be completed through the A.A. degree from a Florida College System institution. If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. The A.A. degree satisfies admission requirements only if courses are carefully selected and include the required major prerequisite/support courses.

STATE MANDATED COMMON COURSE PREREQUISITES

The state-mandated nursing common pre-requisites are required to be completed before the published application deadline for the intended term of entry. A grade of 'C' or better is required while maintaining a cumulative GPA equal to or greater than 3.0.

The College of Nursing requires certain courses within the Enhanced General Education requirement for the natural, social and behavioral sciences, and mathematics. Students must complete the prerequisite courses listed below prior to being admitted to the Upper Division pathway. All prerequisite courses must be completed with a grade of "C" or higher.

All courses not approved by the Florida State Course Numbering System (includes all Florida public colleges, universities, and College System institutions) used to satisfy these prerequisite requirements will be evaluated individually on the basis of content and will require a catalog course description and a copy of the syllabus for assessment.

BSC X085C or (BSC X085 and BSC X085L) or BSC X093C or (BSC X093 and BSC X093L) - 4 credit hours

BSC X086C or (BSC X086 and BSC X086L) or BSC X094C or (BSC X094 and BSC X094L) - 4 credit hours

CHM XXXX or BCH XXXX or BSC XXXX or PCB XXXX or PHY XXXX - 3 credit hours

DEP X004 or DEP X054 or DEP X000 - 3 credit hours

HUN X201 - 3 credit hours

MCB X010C or (MCB X010 and MCB X010L) or MCB X013C or (MCB X000 and MCB X000L) or (MCB X004 and MCB X004L) - 4 credit hours

PSY XXXX or SOP XXXX or SYG XXXX - 3 credit hours

STA X014 or STA X023 or STA X122 - 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

NOTE: Epidemiology (3 credits) is recommended but not required.

ADDITIONAL INFORMATION - NURSING: UPPER DIVISION B.S.N.

GPA REQUIREMENTS

Minimum 3.60 cumulative GPA on all undergraduate work.

GRADING REQUIREMENT

All nursing courses must be passed with a C or better in didactic and an S in clinical.

RESEARCH OPPORTUNITIES - COLLEGE OF NURSING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF NURSING

USF students can schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor to discuss course planning, degree progression, and career preparation.

Plans of Study - Nursing: Upper Division Pathway B.S.N.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see <https://www.usf.edu/undergrad/students/civics-literacy.aspx> or talk with your academic advisor.
Items that are critical are marked with a * and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

Intensive Care Nurse
Neonatal Nurse
Medical Surg Nurse
Community Health Nurse
Emergency Department Nurse

Potential Entry Level Salary Range:

\$41,000 - \$79,000

COLLEGE OF NURSING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

NURSING: V-CARE B.S.N.

TOTAL DEGREE HOURS: 120

The Veteran to BSN (V-CARE) major allows service members and veterans with medical training experience as medics and corpsmen the opportunity to receive a Bachelor of Science in Nursing degree. The V-CARE major is typically completed in consecutive semesters (after prerequisites, Foreign Language, and General Education requirements). Graduates may then take the National Council Licensure Examination (NCLEX) to earn their RN license. Prerequisites can be completed at an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission with completion of nursing coursework at the Tampa campus.

SPECIALIZED ADMISSIONS

THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

This is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive.

Admission Requirements

Admission to the University of South Florida (Tampa campus) as a degree seeking undergraduate student. Completed application to the College of Nursing prior to the published deadline for the intended term of entry. Applicants must have U.S. Army Medic, U.S. Air Force Medic, or U.S. Navy Corpsman training and experience to be a candidate for the V-CARE major.

Minimum 3.0 cumulative GPA on all undergraduate coursework.

Completion of the Nursing prerequisite courses by the published application deadline for the intended term of entry. Students who do not have all prerequisite courses completed by the intended term of entry may be eligible for conditional admission.

Note: Any outstanding Nursing prerequisite courses must be completed by the program start date, with a C or better, while maintaining a cumulative GPA greater than or equal to 3.0.

Completion of English Composition I, English Composition II and State General Education Mathematics requirement by the published application deadline.

Participation in a formal interview with College of Nursing faculty, if selected.

Completion of the University's foreign language entrance requirement (FLENT) and University General Education requirements.

Submission of a professional resume.

UNIVERSITY ADMISSIONS - COLLEGE OF NURSING

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - COLLEGE OF NURSING

Please refer to the USF College of Nursing Student Handbook for grade and progression requirements.

TRANSFERRING TO USF NURSING

The University's Enhanced General Education requirements and College of Nursing's prerequisite/support courses may be completed through the A.A. degree from a Florida College System institution. If a student wishes to transfer

COLLEGE OF NURSING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. The A.A. degree satisfies admission requirements only if courses are carefully selected and include the required major prerequisite/support courses.

STATE MANDATED COMMON COURSE PREREQUISITES

The state-mandated nursing common pre-requisites are required to be completed before the published application deadline for the intended term of entry. A grade of 'C' or better is required while maintaining a cumulative GPA equal to or greater than 3.0.

The College of Nursing requires certain courses within the Enhanced General Education requirement for the natural, social and behavioral sciences, and mathematics. Students must complete the prerequisite courses listed below prior to being admitted to the V-CARE major. All prerequisite courses must be completed with a grade of "C" or higher.

All courses not approved by the Florida State Course Numbering System (includes all Florida public colleges, universities, and College System institutions) used to satisfy these prerequisite requirements will be evaluated individually on the basis of content and will require a catalog course description and a copy of the syllabus for assessment.

BSC X085C or (BSC X085 and BSC X085L) or BSC X093C or (BSC X093 and BSC X093L) - 4 credit hours
BSC X086C or (BSC X086 and BSC X086L) or BSC X094C or (BSC X094 and BSC X094L) - 4 credit hours
CHM XXXX or BCH XXXX or BSC XXXX or PCB XXXX or PHY XXXX - 3 credit hours
DEP X004 or DEP X054 or DEP X000 - 3 credit hours
HUN X201 - 3 credit hours
MCB X010C or (MCB X010 and MCB X010L) or MCB X013C or (MCB X000 and MCB X000L) or (MCB X004 and MCB X004L) - 4 credit hours
PSY XXXX or SOP XXXX or SYG XXXX - 3 credit hours
STA X014 or STA X023 or STA X122 - 3 credit hours

NOTE: Epidemiology (3 credits) is recommended but not required.

REQUIRED COURSES: (68 CREDIT HOURS)

MAJOR CORE COURSES: 24 COURSES; 64 CREDIT HOURS

Note: Up to 4 hours will be awarded for military medic or corpsman experience. Please consult with a College of Nursing Academic Advisor for your path of study within this program.

- * TGEI - Information and Data Literacy **Credit(s): 3**

Total Credit Hours: 12

SEMESTER 6 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 3

SEMESTER 7 (FALL)

- * NUR 3026 - Patient Centered Care: Essentials of Nursing Practice **Credit(s): 3**
 - * NUR 3026L - Patient Centered Care: Essentials of Nursing Practice Clinical **Credit(s): 2**
 - * NUR 3027L - Patient Centered Care: Essentials of Nursing Practice Lab **Credit(s): 1**
 - * NUR 3066 - Health Assessment, Wellness, and Prevention Across the Life Span **Credit(s): 2**
 - * NUR 3066L - Health Assessment, Wellness, and Prevention Across the Life Span Lab **Credit(s): 1**
 - * NUR 3125 - Pathophysiology for Nursing Practice **Credit(s): 3**
 - * NUR 3825 - Introduction to the Profession of Nursing **Credit(s): 2**
- Total Credit Hours: 14**

COLLEGE OF NURSING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

SEMESTER 8 (SPRING)

- * NUR 3145 - Pharmacology in Nursing Practice **Credit(s): 3**
 - * NUR 3225 - Complex Health Nursing I **Credit(s): 4**
 - * NUR 3225L - Complex Health Nursing I Clinical **Credit(s): 3-4**
 - * NUR 4467 - Nursing Care of Women, Children, and Families **Credit(s): 4**
 - * NUR 4467L - Nursing Care of Women Children and Families Clinical **Credit(s): 3**
- NOTE:** Up to 1 hour credit awarded through Military Medical Training and Experiences for NUR 3225L
Total Credit Hours: 16

SEMESTER 9 (SUMMER)

- * NUR 4165 - Evidence-Based Practice **Credit(s): 3**
 - * NUR 4285 - Healthy Aging: Nursing Care of Older Adults **Credit(s): 2**
 - * NUR 4535 - Psychiatric Mental Health Nursing **Credit(s): 3**
 - * NUR 4535L - Psychiatric/Mental Health Nursing Clinical **Credit(s): 2**
- Total Credit Hours: 10**

YEAR 4

SEMESTER 10 (FALL)

- * NUR 4227 - Complex Health Nursing II **Credit(s): 4**
 - * NUR 4227L - Complex Health Nursing II Clinical **Credit(s): 3-4**
 - * NUR 4888 - Coordination of Care in Nursing **Credit(s): 2-3**
 - * NUR 4937 - Nursing Seminar **Credit(s): 3**
- Apply for Graduation
NOTE: Up to 1 credit awarded through Military Medical Training and Experiences for NUR 4227L
Total Credit Hours: 13-15

SEMESTER 11 (SPRING)

- * NUR 4635 - Public Health Nursing **Credit(s): 3**
 - * NUR 4635L - Public Health Nursing Clinical **Credit(s): 0-3** meets TGEE - Ethical Reasoning & Civic Engagement requirement.
 - * NUR 4827 - Role Transition and Leadership in Nursing **Credit(s): 2**
 - * NUR 4948L - Preceptorship **Credit(s): 6** meets TGEH - High Impact Practice requirement.
- Apply for Graduation
NOTE: Up to 2 credits awarded through Military Medical Training and Experiences for NUR 4635L
Total Credit Hours: 12

College of Public Health

About the College

3010 USF Banyan Circle
Tampa, FL 33612
(813) 974-4633
<https://health.usf.edu/publichealth>

Location: The College of Public Health is located on the corner of Bruce B. Downs Avenue and Fletcher Avenue in the North-West corner of USF.

With selfless dedication, we promise to use our transformational research and interdisciplinary approach to passionately solve problems and create conditions that allow every person the universal right to health and well-being. Our Practice is Our Passion. Degree programs are offered in multiple platforms to accommodate student needs. On-campus courses are available throughout the day and evening. The College offers almost 100 courses online, including six (6) complete degree programs. College of Public Health (COPH) students embrace opportunities to see public health in practice in a variety of global settings. Through study abroad courses, international field experiences, and other opportunities, students annually travel to more than 20 countries, including Panama, Belize, Uganda, Malaysia and Ecuador among others.

Mission, Vision, Values

Mission

Advancing the public's health by developing a talented pool of public health leaders through education, research, and practice.

Vision

To be the exemplar in discovery, innovation, and transformation to advance the public's health.

COPH Core Values

Excellence, Social and Ethical Responsibility, Social Justice, Collaboration, Global Perspective, Altruism, Boldness.

Accreditation

The College of Public Health is accredited by the Council on Education in Public Health (CEPH) - URL: <http://ceph.org/>. CEPH (800 Eye Street, NW, Suite 202, Washington, D.C. 20001-3710) is an independent agency that is recognized by the US Department of Education to accredit schools of public health. The College has been reaccredited for seven years, through July 1st, 2026; this is the maximum possible number of years attainable in a reaccreditation cycle.

Campus Housing Opportunities

College of Public Health Bulls in Health Living Learning Community (LLC)

The COPH Bulls in Health Living Learning Community is open to first year students, transfer students and current students who either currently major or plan to major in Health Sciences or Public Health. In the College of Public Health, our practice is our passion and the COPH Bulls in Health LLC will set you on a path to success. Students in the LLC will co-enroll in critical health sciences prerequisites or public health course work, participate in special events and activities to introduce you to the College of Public Health and USF Health. Additionally, the LLC allows you to network with administrators, faculty and high achieving student leaders in the College of Public Health. You will also have an Academic Advisor from your major with office hours in your residence hall to answer your questions and assist you in reaching your individualized goals. While in the LLC, you will develop the skills necessary to reach your personal, professional, and educational goals throughout your time at USF and in your future career. For more information, visit: <https://health.usf.edu/publichealth/undergrad/living-learning-community>.

College-Level Requirements

Admission Requirements, Initial Major Declaration and Change of Major

COLLEGE OF PUBLIC HEALTH

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Admission to the College of Public Health is open to students who have been accepted to the University of South Florida and who declare a major in a particular field provided that students are able to meet degree progression standards per USF Policy 10-505. Please be advised that the Public Health major is offered on the Tampa campus. The Health Sciences major is offered on both the Tampa and St. Petersburg campuses.

Declaration of Major: Undergraduate students must submit a formal declaration of major for admission into the College. This usually occurs during orientation and advising for new students. Students who wish to change their major after matriculation also need to seek approval. Declaration and Change of major requests should be completed online at: <https://health.usf.edu/publichealth/undergrad/declaration>. To insure students are able to meet degree progression standards per USF Policy 10-505, the Office of Admissions and College of Public Health staff will review student records before processing declaration or change of major requests. Students who cannot complete the requested major within degree progression limits will not be permitted to pursue the major. Students preparing for a career in health professions must plan their courses carefully because of the sequential nature of the curricula.

Declaration of Minor: Undergraduate student may declare a minor at any point during the first term of enrollment and thereafter (as early as possible), but prior to applying for graduation. Students must complete a minimum of six (6) upper level credits exclusive to the minor that will not count toward the student's major or other minors at USF. Students should obtain prior approval with the specific requirements and forms from the college and department in which the minor is offered. Minor declarations should be completed online at: <https://health.usf.edu/publichealth/undergrad/declaration>.

College-Level Graduation Requirements

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Public Health degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a double major/dual degree, a maximum of two (2) departmental courses or eight (8) credit hours may be used to satisfy requirements between majors. Students should check with the college and respective departments when pursuing more than one major/degree.

The College of Public Health defines a "major" as courses listed in the major requirements (including electives and concentration coursework).

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option.

Coursework fulfilling the Major, General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.

The Audit option is available only during the first 5 days of classes.

Must successfully complete (C- or higher) a minimum of 120 unduplicated credit hours with a USF and cumulative GPA of a 2.0 or higher. "D" grades are not acceptable in the majors of Public Health and Health Sciences.

Complete all major course requirements.

College of Public Health students are expected to complete a minimum of 50% of their major, concentration and/or minor coursework in residence at USF.

Graduation Requirements

Must successfully complete (C- or higher) a minimum of 120 unduplicated credit hours with a USF and cumulative GPA of a 2.0 or higher.

Must meet the Foreign Language Entrance Requirement.

COLLEGE OF PUBLIC HEALTH

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Students must satisfy State Communication Requirement and State Computation Requirement. Transfer students who enter the University of South Florida with 60 or more semester hours from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission are considered to have met the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math).

Complete the General Education Core and State Communication and Computation Requirement of 36 hours.

Complete all major course requirements.

None of the coursework taken for the major may be taken as an S/U grade, unless S/U is the only grading option available.

The Audit option is available only during the first five (5) days of classes.

Complete a minimum of 42 hours of upper-level courses (numbered 3000 or above).

Thirty (30) of the last 60 semester hours must be completed at USF to fulfill the residency requirement.

Baccalaureate-Level Degree Programs

When earning a double major/concurrent degree, a maximum of two (2) departmental or programmatic courses or eight (8) credit hours may be used to satisfy requirements between majors. Students should check with the college and respective departments when pursuing more than one major/degree.

Health Sciences, as an interdisciplinary program, requires prior approval for overlapping coursework between double majors/concurrent degrees.

Bachelor of Science in Health Sciences

<https://health.usf.edu/publichealth/undergrad/bshs>

The Bachelor of Science in Health Sciences is a highly interdisciplinary degree and offers a valuable combination of hard science, social science, and humanities. This high-quality program offers classroom-based & distance instruction to prepare students for many exciting careers in one of the nation's fastest-growing industries. Courses in the program are offered from 5 different colleges and more than 20 departments at USF. Students can choose to focus their degree based on the health career they plan to pursue after graduation. Students take core foundational courses in Health Science then choose from 5 concentrations (30 credits from one concentration or a combination of 15 credits from two different concentrations) for their advanced studies based on their career goals.

Depending on the concentrations chosen students can go on to everything from clinical graduate programs to social services, administrative and technology positions. The flexible and interdisciplinary nature of this exciting degree prepares tomorrow's healthcare leaders with a strong foundation for success.

Career Options: This program prepares students for clinical graduate programs such physical and occupational therapy, physician assistant programs and athletic training, as well as healthcare administration graduate programs, social and behavioral programs, public health or employment in a wide range of health related areas including community agencies, hospitals, or pharmaceutical companies.

Students can focus their studies in one concentration (30 credits) or a combination of 2 concentrations (15 credits in each) depending on career goals.

Concentrations include:

- Aging Health Studies and Health Information Technology Concentration
- Aging Health Studies and Health Care Administration Concentration
- Aging Health Studies Concentration
- Biological Health Sciences and Aging Health Studies Concentration

Global Pathways

<https://www.usf.edu/gcp/students/index.aspx>

A Global Pathway is an undergraduate major or degree program that has significant global content. Global Pathways provide students with the opportunity to practice and apply global competencies through the major or degree program.

Bachelor of Science in Public Health

<https://health.usf.edu/publichealth/undergrad/bsph>

USF offers the first Bachelor of Science in Public Health housed in an accredited College of Public Health in Florida. The Bachelor of Science in Public Health at the University of South Florida provides students with a flexible degree emphasizing skill development to promote future academic and career success within public health and clinical health professions. Students majoring in public health can pursue specialized coursework in pre-health, epidemiology, biostatistics, food safety, infection control, nutrition, global health, environmental and occupational health, and health coaching, among others. This innovative curriculum can be completed either fully online or through a mix of online and classroom-based courses. The B.S. in Public Health provides student-centered courses required for entry-level public health jobs found in government agencies, health corporations, community non-profit organizations and health care facilities.

Accelerated Programs

The College offers several programs the Fast Track from BSPH to MPH/MSPH for USF Honors Students.

Minors

The College of Public Health offers the following minors. For more information, see

<https://health.usf.edu/publichealth/undergrad/minors>

General Public Health

The goal of the General Public Health minor is to provide students with a broad foundation necessary to understand and appreciate the field of Public Health.

Community Engaged Homeland Security & Emergency Management

The Community Engaged Homeland Security & Emergency Management minor provides a broad foundation of homeland security and emergency management coursework for individuals interested in pursuing a career in local, state or national government and military careers.

Environmental Health

The Environmental Health minor provides students with a broad range of courses necessary to pursue an advanced degree in the field of Environmental and Occupational Health and Safety or to seek entry-level employment in a related field and is preparatory for careers in: environmental science, industrial hygiene, toxicology, risk assessment, and related health sciences careers.

Infection Control

The Infection Control minor is based on the competencies in the National Board Certification Exam for infection control. The minor provides a foundation of infection prevention and control principles for individuals interested in pursuing a career in infection prevention and control at a healthcare facility or

COLLEGE OF PUBLIC HEALTH

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

alternate setting; or those who need this knowledge base to pursue opportunities at a local, state or national public health department; a governmental agency; an academic and/or research institution; or any other applicable arena.

Nutrition

The Nutrition science minor is both personally and professionally relevant, emphasizing health promotion, optimal human performance, disease prevention, quality of life and longevity. Career opportunities that are complemented by a nutrition minor include public health, health sciences, food technology, psychology, gerontology, social work, health promotion and communication, with potential employment in the public and/or private sector.

Undergraduate Advising Information

College of Public Health
The WELL - USF Health Shared Student Services (MDA)
12901 Bruce B. Downs Blvd.
Tampa, FL 33612
(813) 974-4633

Health Sciences Advising: HHSAdvise@usf.edu
Public Health Advising: UG-PublicHealthAdvising@usf.edu

The advising team at the USF College of Public Health provides guidance on academic policies, requirements, and processes. Just as each College of Public Health student is unique, so is each degree plan. Advising is determined to working alongside students to design individualized plans while providing compassionate guidance in their educational journey.

Undergraduate Students can schedule an appointment with an advisor via Archivum.

To schedule an advising appointment:

Prospective or current students with an active UID can schedule an appointment online:

<https://usf.appiancloud.com/suite/sites/archivum/page/archivum/report/daQEig>

Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major:

<https://www.usf.edu/undergrad/students/advising.aspx>

COLLEGE OF PUBLIC HEALTH

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

HEALTH SCIENCES B.S., WITH AGING HEALTH STUDIES AND HEALTH CARE ADMINISTRATION CONCENTRATION

TOTAL DEGREE HOURS: 120

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

GRADUATION REQUIREMENTS - HEALTH SCIENCES B.S.

All students earning a B.S. in Health Sciences must complete the following course prior to graduation:

PHC 4101 PHC 4101 - Overview of Public Health Programs and Policies

This course can be taken as one of the Concentration Elective options if students choose.

STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours

SPC 4930 - Selected Topics **Credit(s): 1-3**
Patient Provider Communication
Intercultural Health Communication

ADDITIONAL INFORMATION - HEALTH SCIENCES B.S.

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

COLLEGE OF PUBLIC HEALTH

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

RESIDENCY REQUIREMENT

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES - HEALTH SCIENCES B.S.

A maximum of 4 credits of Undergraduate Research IDS 4910 - Community Research may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

HEALTH SCIENCES B.S., WITH AGING HEALTH STUDIES AND HEALTH INFORMATION TECHNOLOGY CONCENTRATION

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

GRADUATION REQUIREMENTS - HEALTH SCIENCES B.S.

All students earning a B.S. in Health Sciences must complete the following course prior to graduation:

PHC 4101 PHC 4101 - Overview of Public Health Programs and Policies

This course can be taken as one of the Concentration Elective options if students choose.

STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours

MAC X105 College Algebra – 3 credit hours

PSY X012 Introduction to Psychological Science– 3 credit hours

STA X000-X999 or STA X023 or STA X014 - 3 credit hours

DEP X053 or DEP X004 or DEP X000 or CLP X140 – 3 credit hours

APK X105C or (BSC X085 and BSC X085L) or BSC X093 or BSC X094 – 3-4 credit hours

ENC X210 or ENC X254 – 3 credit hours

ADDITIONAL INFORMATION - HEALTH SCIENCES B.S.

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

RESIDENCY REQUIREMENT

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES - HEALTH SCIENCES B.S.

A maximum of 4 credits of Undergraduate Research IDS 4910 - Community Research may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

GPA REQUIREMENTS

COLLEGE OF PUBLIC HEALTH

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

RESIDENCY REQUIREMENT

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES - HEALTH SCIENCES B.S.

A maximum of 4 credits of Undergraduate Research IDS 4910 - Community Research may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

HEALTH SCIENCES B.S., WITH BIOLOGICAL HEALTH SCIENCES AND AGING HEALTH STUDIES CONCENTRATION

TOTAL DEGREE HOURS: 120

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

GRADUATION REQUIREMENTS - HEALTH SCIENCES B.S.

All students earning a B.S. in Health Sciences must complete the following course prior to graduation:

PHC 4101 PHC 4101 - Overview of Public Health Programs and Policies

This course can be taken as one of the Concentration Elective options if students choose.

STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours

MAC X105 College Algebra – 3 credit hours

PSY X012 Introduction to Psychological Science– 3 credit hours

STA X000-X999 or STA X023 or STA X014 - 3 credit hours

DEP X053 or DEP X004 or DEP X000 or CLP X140 – 3 credit hours

APK X105C or (BSC X085 and BSC X085L) or BSC X093 or BSC X094 – 3-4 credit hours

ENC X210 or ENC X254 – 3 credit hours

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

GRADUATION REQUIREMENTS - HEALTH SCIENCES B.S.

All students earning a B.S. in Health Sciences must complete the following course prior to graduation:

PHC 4101 PHC 4101 - Overview of Public Health Programs and Policies

This course can be taken as one of the Concentration Elective options if students choose.

STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours

MAC X105 College Algebra – 3 credit hours

PSY X012 Introduction to Psychological Science– 3 credit hours

STA X000-X999 or STA X023 or STA X014 - 3 credit hours

DEP X053 or DEP X004 or DEP X000 or CLP X140 – 3 credit hours

APK X105C or (BSC X085 and BSC X085L) or BSC X093 or BSC X094 – 3-4 credit hours

ENC X210 or ENC X254 – 3 credit hours

HEALTH SCIENCES REQUIRED COURSES (12 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

CLT 3040 - Scientific and Medical Terminology **Credit(s): 3**

ADDITIONAL INFORMATION - HEALTH SCIENCES B.S.

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

RESIDENCY REQUIREMENT

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES - HEALTH SCIENCES B.S.

A maximum of 4 credits of Undergraduate Research IDS 4910 - Community Research may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

HEALTH SCIENCES B.S., WITH BIOLOGICAL HEALTH SCIENCES AND HEALTH INFORMATION TECHNOLOGY CONCENTRATION

TOTAL DEGREE HOURS: 120

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES - HEALTH SCIENCES B.S.

A maximum of 4 credits of Undergraduate Research IDS 4910 - Community Research may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

HEALTH SCIENCES B.S., WITH BIOLOGICAL HEALTH SCIENCES AND SOCIAL AND BEHAVIORAL HEALTH SCIENCES CONCENTRATION

TOTAL DEGREE HOURS: 120

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

GRADUATION REQUIREMENTS - HEALTH SCIENCES B.S.

All students earning a B.S. in Health Sciences must complete the following course prior to graduation:

PHC 4101 PHC 4101 - Overview of Public Health Programs and Policies

This course can be taken as one of the Concentration Elective options if students choose.

STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours

MAC X105 College Algebra – 3 credit hours

PSY X012 Introduction to Psychological Science– 3 credit hours

STA X000-X999 or STA X023 or STA X014 - 3 credit hours

DEP X053 or DEP X004 or DEP X000 or CLP X140 – 3 credit hours

APK X105C or (BSC X085 and BSC X085L) or BSC X093 or BSC X094 – 3-4 credit hours

ENC X210 or ENC X254 – 3 credit hours

Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

GRADUATION REQUIREMENTS - HEALTH SCIENCES B.S.

All students earning a B.S. in Health Sciences must complete the following course prior to graduation:

PHC 4101 PHC 4101 - Overview of Public Health Programs and Policies

This course can be taken as one of the Concentration Elective options if students choose.

STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours

MAC X105 College Algebra – 3 credit hours

PSY X012 Introduction to Psychological Science– 3 credit hours

STA X000-X999 or STA X023 or STA X014 - 3 credit hours

DEP X053 or DEP X004 or DEP X000 or CLP X140 – 3 credit hours

APK X105C or (BSC X085 and BSC X085L) or BSC X093 or BSC X094 – 3-4 credit hours

ENC X210 or ENC X254 – 3 credit hours

COMMUNICATION SCIENCES & DISORDERS CLUSTER

These courses are recommended for students interested in pursuing graduate degrees in Communication Sciences.

SPA 3002 - Introduction to Communication Sciences and Disorders **Credit(s): 3**
SPA 3004 - Introduction to Language Development and Disorders **Credit(s): 3**
SPA 3030 - Introduction to Hearing Science **Credit(s): 3**
SPA 3101 - Anatomy and Physiology of the Speech and Hearing Mechanism **Credit(s): 3**
SPA 4104 - Neuroanatomy for Speech, Language and Hearing **Credit(s): 3**

ADDITIONAL INFORMATION - HEALTH SCIENCES B.S.

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

RESIDENCY REQUIREMENT

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES - HEALTH SCIENCES B.S.

A maximum of 4 credits of Undergraduate Research IDS 4910 - Community Research may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

HEALTH SCIENCES B.S., WITH HEALTH CARE ADMINISTRATION AND HEALTH INFORMATION TECHNOLOGY CONCENTRATION

TOTAL DEGREE HOURS: 120

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

HEALTH SCIENCES B.S., WITH HEALTH CARE ADMINISTRATION CONCENTRATION

TOTAL DEGREE HOURS: 120

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

GRADUATION REQUIREMENTS - HEALTH SCIENCES B.S.

All students earning a B.S. in Health Sciences must complete the following course prior to graduation:

PHC 4101 PHC 4101 - Overview of Public Health Programs and Policies

This course can be taken as one of the Concentration Elective options if students choose.

STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours

MAC X105 College Algebra – 3 credit hours

PSY X012 Introduction to Psychological Science– 3 credit hours

STA X000-X999 or STA X023 or STA X014 - 3 credit hours

SPC 4930 - Selected Topics **Credit(s): 1-3**
Patient Provider Communication
Intercultural Health Communication

ADDITIONAL INFORMATION - HEALTH SCIENCES B.S.

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

RESIDENCY REQUIREMENT

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES - HEALTH SCIENCES B.S.

A maximum of 4 credits of Undergraduate Research IDS 4910 - Community Research may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

HEALTH SCIENCES B.S., WITH SOCIAL AND BEHAVIORAL HEALTH SCIENCES AND AGING HEALTH STUDIES CONCENTRATION

TOTAL DEGREE HOURS: 120

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

GRADUATION REQUIREMENTS - HEALTH SCIENCES B.S.

All students earning a B.S. in Health Sciences must complete the following course prior to graduation:

PHC 4101 PHC 4101 - Overview of Public Health Programs and Policies

This course can be taken as one of the Concentration Elective options if students choose.

STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours

MAC X105 College Algebra – 3 credit hours

PSY X012 Introduction to Psychological Science– 3 credit hours

STA X000-X999 or STA X023 or STA X014 - 3 credit hours

DEP X053 or DEP X004 or DEP X000 or CLP X140 – 3 credit hours

APK X105C or (BSC X085 and BSC X085L) or BSC X093 or BSC X094 – 3-4 credit hours

ENC X210 or ENC X254 – 3 credit hours

SPA 4257 - Adult Communication Disorders **Credit(s): 3**

ADDITIONAL INFORMATION - HEALTH SCIENCES B.S.

COLLEGE OF PUBLIC HEALTH

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

RESIDENCY REQUIREMENT

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES - HEALTH SCIENCES B.S.

A maximum of 4 credits of Undergraduate Research IDS 4910 - Community Research may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADDITIONAL INFORMATION - HEALTH SCIENCES B.S.

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

RESIDENCY REQUIREMENT

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES - HEALTH SCIENCES B.S.

A maximum of 4 credits of Undergraduate Research IDS 4910 - Community Research may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

HEALTH SCIENCES B.S., WITH SOCIAL AND BEHAVIORAL HEALTH SCIENCES AND HEALTH INFORMATION TECHNOLOGY CONCENTRATION

TOTAL DEGREE HOURS: 120

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

GRADUATION REQUIREMENTS - HEALTH SCIENCES B.S.

All students earning a B.S. in Health Sciences must complete the following course prior to graduation:

PHC 4101 PHC 4101 - Overview of Public Health Programs and Policies

This course can be taken as one of the Concentration Elective options if students choose.

STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours

HEALTH SCIENCES B.S., WITH SOCIAL AND BEHAVIORAL HEALTH SCIENCES CONCENTRATION

TOTAL DEGREE HOURS: 120

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

GRADUATION REQUIREMENTS - HEALTH SCIENCES B.S.

All students earning a B.S. in Health Sciences must complete the following course prior to graduation:

PHC 4101 PHC 4101 - Overview of Public Health Programs and Policies

This course can be taken as one of the Concentration Elective options if students choose.

STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours

MAC X105 College Algebra – 3 credit hours

PSY X012 Introduction to Psychological Science– 3 credit hours

STA X000-X999 or STA X023 or STA X014 - 3 credit hours

DEP X053 or DEP X004 or DEP X000 or CLP X140 – 3 credit hours

APK X105C or (BSC X085 and BSC X085L) or BSC X093 or BSC X094 – 3-4 credit hours

ENC X210 or ENC X254 – 3 credit hours

ADDITIONAL INFORMATION - HEALTH SCIENCES B.S.

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

RESIDENCY REQUIREMENT

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES - HEALTH SCIENCES B.S.

A maximum of 4 credits of Undergraduate Research IDS 4910 - Community Research may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

Certified Global Pathway Program

USF offers the first Bachelor's in Public Health housed in its accredited College of Public Health in Florida. The Bachelor of Science in Public Health provides the student-centered courses required for entry-level public health jobs found in government agencies, health corporations, community non-profit organizations and healthcare facilities.

This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of High-Impact Practices and Undergraduate Research (HIPUR) website.

UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

STATE MANDATED COMMON COURSE PREREQUISITES - PUBLIC HEALTH B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Students desiring to transfer to USF should complete an A.A. degree at a Florida College System institution. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the University's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

NOTE: The University of South Florida B.S. in Public Health does not require any common prerequisites.

REQUIRED COURSES: (54 CREDIT HOURS)

MAJOR CORE COURSES: 10 COURSES; 30 CREDIT HOURS

- HSC 4211 - Health, Behavior and Society **Credit(s): 3**
- HSC 4551 - Survey of Human Diseases **Credit(s): 3**
- HSC 4624 - Foundations of Global Health **Credit(s): 3**
- HSC 4630 - Understanding U.S. Health Care **Credit(s): 3**
- PHC 3302 - Introduction to Environmental & Occupational Health **Credit(s): 3**
- PHC 4030 - Introduction to Epidemiology **Credit(s): 3**
- PHC 4069 - Biostatistics in Society **Credit(s): 3**
- PHC 4101 - Overview of Public Health Programs and Policies **Credit(s): 3**
- PHC 4117 - Workforce & Leadership Development **Credit(s): 3**
- PHC 4464 - Introduction to Health Disparities & Social Determ **Credit(s): 3**

MAJOR (RESTRICTED) ELECTIVES: 8 COURSES; 24 CREDIT HOURS

SKILLS COURSES: 4 COURSES; 12 CREDIT HOURS

- HSC 4631 - Critical Issues in Public Health **Credit(s): 3 ***
- PHC 4720 - Foundation to Professional Writing in Public Health **Credit(s): 3**
- PHC 4755 - Foundations of Evaluation and Research in Public Health **Credit(s): 3**

- HSC 4537 - Medical Terminology **Credit(s): 3**

SPECIALIZATION ELECTIVES: 4 COURSES;12 CREDIT HOURS

USF offers a Bachelor of Science in Public Health with an option to choose a specialization based on their major electives in the following areas. Students may choose (but are not required) an area of specialization and take 12 credit hours from that chosen area.

Nutrition

- HSC 4573 - Foundations of Food Safety **Credit(s): 3**
- HUN 3126 - Food and Culture **Credit(s): 3**
- HUN 3272 - Sports Nutrition **Credit(s): 3**
- HUN 3296 - Nutrition and Disease **Credit(s): 3**

Infection Control

- HSC 4504 - Foundations of Public Health Immunology **Credit(s): 3**
- HSC 4573 - Foundations of Food Safety **Credit(s): 3**
- PHC 4031 - Emerging Infectious Diseases **Credit(s): 3**
- PHC 4032 - Foundations of Infection Control **Credit(s): 3**

Environmental and Occupational Health

- HSC 3503 - Principles of Toxicology **Credit(s): 3**
- HSC 4213 - Environmental and Occupational Risk Analysis **Credit(s): 3**
- HSC 4430 - Occupational Health and Safety **Credit(s): 3**
- PHC 3320 - Environmental Health Science **Credit(s): 3**

Global Health

- PHC 4188 - Public Health Emergencies in Large Populations **Credit(s): 3**
- PHC 4234 - Public and Private Continuity Planning for Emergencies **Credit(s): 3**
- PHC 4250 - Crisis Leadership in Disasters **Credit(s): 3**
- PHC 4375 - Community Participation in Homeland Security **Credit(s): 3**
- PHC 4376 - Disaster by Design: Exercise Development for Homeland Security Professionals **Credit(s): 3**

LOWER-LEVEL PUBLIC HEALTH ELECTIVES

(Choose up to 2 courses)

The following lower-level courses are not required for the major, but may be taken and applied toward the total degree hours requirement (120 hours).

- HSC 2017 - Careers in Public Health **Credit(s): 3**
- HSC 2100 - Contemporary Health Science **Credit(s): 3**
- HSC 2130 - Sex, Health, and Decision-Making **Credit(s): 3**
- HUN 2201 - Nutrition **Credit(s): 3**
- PHC 2100 - Introduction to Public Health **Credit(s): 3**

ADDITIONAL INFORMATION - PUBLIC HEALTH B.S.

GPA REQUIREMENTS

Maintain a major GPA of 2.0 in USF coursework.

GRADING REQUIREMENT

COLLEGE OF PUBLIC HEALTH

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

None of the coursework taken in the student's major may be taken as an S/U grade, unless S/U is the only grading option. Coursework fulfilling the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) and General Education requirements may not be taken as S/U.

The Audit option is available only during the first 5 days of classes.

Grades of D+ or lower are not acceptable in the major.

RESIDENCY REQUIREMENT

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

OTHER INFORMATION

Students completing the B.S. in Public Health will be able to:

- Identify and articulate the core functions of public health.
 - Explain the basic principles of epidemiology.
 - Assess social and behavioral interventions to improve health of populations.
 - Identify the impact of the environment and communicable diseases on health.
 - Explain the role that public health plays in disaster prevention and management and evaluate public policy issues with respect to access, quality and cost when understanding health disparities within vulnerable populations.
- Exhibit critical thinking and analytical abilities, including the capacities to engage in inductive and deductive thinking and quantitative reason, and to construct sound arguments.
 - Identify topics pertaining to public health research.
 - Generate research questions, analyze and present data, and interpret and discuss findings.
 - Demonstrate awareness about current public health topics including an analysis of the societal attitudes that generate differences on current public health topics.
- Communicate using effective oral skills.
 - Demonstrate an ability to contribute effectively to group discussions and presentations.
 - Apply effective public speaking skills during classroom presentations.
- Develop effective written presentations.
 - Demonstrate the use of information literacy skills such as locating and evaluating pertinent public health information.
 - Demonstrate the ability to use library resources and scientific databases.
 - Exhibit proper referencing secondary materials in APA format.

RESEARCH OPPORTUNITIES - PUBLIC HEALTH B.S.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

College of The Arts

4202 E. Fowler Avenue, FAH 110
Tampa, FL 33620
(813) 974-2301
<https://www.usf.edu/arts/>

Physical Location: The College of The Arts Administrative and Student Services/Advising offices for all programs on the Tampa campus are located in FAH 120 on the Tampa campus. The FAH building is adjacent to parking lot 3C on USF Holly Drive. The physical address of 13001 USF S. Laurel Drive adjacent to parking lot 9A. The St. Petersburg campus Graphic Arts Program Student Services/Advising office is located in HBR 129.

About the College

The College of The Arts is the creative center of the University of South Florida's Tampa campus and offers programs to prepare students for careers in architecture, community design, art, art history, music, theatre, and dance. The St. Petersburg campus offers the Graphic Arts program. USF is not only the starting point of a career in the arts, but Tampa Bay is also a perfect place to become part of the arts community.

At USF, we provide our students with hands-on experiences and real-world opportunities for exhibitions, performances, concerts, and creative practice within the College of The Arts facilities and venues. Students also participate in design, research, performance and exhibition projects across the Tampa Bay community. We proudly feature our students, faculty and guest artists in more than 250-300 stage productions, concerts, exhibitions and lectures each year. College of The Arts events (exhibitions, performances, concerts, guest artist/scholar lectures) are free and open to the public.

Research and Professional Practice conducted by faculty, staff, and students in the College of The Arts provides significant opportunities for discovery and expands the practice of our students, staff, faculty and community of artists through individual and interdisciplinary work, global explorations of perspectives and local community engagement. The academic programs and three research units of the College of The Arts – the Institute for Research in Art, the Center for Music Education Research and the Florida Center for Community Design and Research – exemplify the interdisciplinary significance of the arts. Through these academic and research units, our students are exposed to various contemporary works that become incorporated into their curriculum and expand their own scholarly research and creative professional practices.

Mission, Vision, Guiding Principles and Values

Mission

The mission of the college is to conduct research/professional practice that transforms art, performance, and design at the highest level which, in turn, enhances our ability to offer a world-class education to our students.

The college facilitates and promotes an interdisciplinary ecosystem that nurtures, prepares, and educates students and faculty to become creative leaders dedicated to promoting a more just society.

We aspire to elevate the level of inquiry and discourse within and beyond the classroom while we innovate and create new approaches, crafts, methodologies, and skills that change creative practice and arts disciplines as our global context evolves.

Vision

The college strives to become nationally prominent for being a creative community vested in addressing the most pressing issues of our time while maintaining a firm grounding in equity, excellence, and diversity that will empower students and faculty to frame their own futures. The college will be an engine for socio-economic progress through professional practice, research, advocacy, and meaningful engagement.

Guiding Principles and Values

We believe the arts are a vital component in achieving a just society that fosters engaged citizens, prosperous communities, and fulfilled individuals.

The college values an inclusive and diverse educational environment where ethnic, racial, cultural, and gender differences, among others, are respected and supported. The College strives to establish policies and practices that

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

will ensure equity in leadership and equal access to resources and opportunities for academic success and career advancement for faculty, staff, and students.

Students and faculty together will study and engage, through their practice, challenging social, political, cultural, and ecological issues facing the world today.

We recognize that individual and collective excellence entails a responsibility to ensure that every member of our community has support and the opportunity to succeed.

Accreditation

School of Architecture & Community Design

The USF School of Architecture & Community Design is accredited by the National Architectural Accrediting Board. For additional information about NAAB, visit their website at <http://www.naab.org>

School of Art & Art History

The USF School of Art & Art History is accredited by the National Association of Schools of Art and Design. For additional information about NASAD, visit their website at <http://www.nasad.arts-accredit.org>

School of Music

The USF School of Music is accredited by the National Association of Schools of Music. For additional information about NASM, visit their website at <http://www.nasm.arts-accredit.org>

School of Theatre & Dance

The Theatre Program is accredited by the National Association of Schools of Theatre. For additional information about NAST, visit their website at <https://nast.arts-accredit.org/>

The Dance Program is accredited by the National Association of Schools of Dance. For additional information about NASD, visit their website at: <https://nasd.arts-accredit.org>

Contemporary Art Museum

The USF Contemporary Art Museum is accredited by American Alliance of Museums. For additional information about AAM, visit their website at <https://www.aam-us.org/>

College-Level Requirements

Admission Requirements

To apply for academic programs in the College of The Arts, you must first be accepted to the University of South Florida. Once you meet USF requirements (<https://www.usf.edu/admissions/>), you can apply to your program of interest. Some programs require an audition or portfolio submission. Check individual requirements for your program of interest before applying.

Step 1: Apply for admission to the University of South Florida <https://secure.vzcollegeapp.com/usf/>

Step 2: Apply for admission to the College of The Arts' schools, please see Program-Specific Requirements.

General Requirements for Bachelor Degree Programs within the College of The Arts

All Bachelor degree programs require 120 credit hours.

Students admitted to the College of The Arts with transfer credits, or former students returning with credits dating ten or more years prior to admission (or readmission), will have those credits reviewed by the College and department/school and may be required to take specified competency tests in their major area.

A maximum number of ROTC credits totaling no more than the maximum allowed in the Free Elective Area for each major may be counted toward all degrees.

A maximum of four credit hours of elective Physical Education credits taken at USF may be counted as general elective credit.

Students must satisfactorily meet the State Communication Requirement and State Computation Requirement. Students applying for a B.A. degree must demonstrate competency in a foreign language as described under Foreign Language Competency Policy of this catalog.

For degree programs, see requirements listed under each School.

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. A student must also earn 30 of the last 60 hours of credits in residence at USF. However, any course work to be taken and any credits to be earned outside of the university must have prior approval from the appropriate school and the college in order to apply these credits toward graduation.

Waiver of prerequisite coursework totaling no more than 12 credit hours in the major or College requirements is possible by demonstration of competence. Unless credit is awarded by approved official tests, i.e., AP, CLEP, the credit hours must be made up according to school or college recommendations. A faculty committee conducts waiver reviews. Specific questions concerning program requirements for all degrees in the College or other related problems should be directed to the College of The Arts.

College Policy for Academic Progress

The following criteria will serve as the bases for unenrollment from a major in the College of The Arts:

Grade point average below 2.0 in the major.

Recommendation by major applied (studio) art, art history, graphic arts, dance, music or theatre faculty with approval of respective school director.

The school may recommend probationary status (rather than unenrollment) for one semester when academic progress is not maintained.

Directed Studies Contracts

All Directed Studies and other variable credit courses in the College of The Arts require contracts between students and instructors describing the work to be undertaken by the student and specifying the credit hours. It is the student's responsibility to obtain the necessary signatures and make the required distribution of all copies. Important: the student must have his/her signed copy of a contract at the time of registration.

Permission Procedures

Admission into some courses is possible only by consent of instructor (CI), consent of chairperson (CC), consent of advisor, or by audition or portfolio review. When such special permission is required, it will be the student's responsibility to obtain any required permission prior to registration.

Program-Specific Requirements

School of Architecture & Community Design

<https://www.usf.edu/arts/architecture/>

Bachelor degrees are not awarded through the School of Architecture & Community Design. However, you can enroll in the Pre-Architecture program as an undergraduate. Once you have completed those courses, you are able to enroll in the Master degree programs.

School of Art & Art History

<https://www.usf.edu/arts/art/apply/index.aspx>

The School of Art & Art History offers Bachelor degrees in both Studio Art and Art History. No additional materials are required for admission to the undergraduate BA and BFA in Studio Art, or BA in Art History.

Graphic Arts B.F.A.

<https://www.usf.edu/arts/art/academics/graphic-arts/>

The B.F.A. Degree in Graphic Arts on the St. Petersburg campus is a specialized admissions, upper-level program of study. Students are accepted in the Spring and begin the program as a cohort in the Fall semester. Admission into the B.F.A. program is contingent upon the student having a 3.25 or higher major GPA, which must be maintained after admission for the degree to be awarded. Student competency will be evaluated individually and is based upon criteria such as GPA, writing skill, and a portfolio of work indicative of: (1) concept, execution and presentation of studio artwork, (2) conceptual understanding of art and design standards, (3) applications of art and design concepts, (4) examples of drawing methods and materials, and (5) historical knowledge of art and design as evidenced by previous assignments in visual problem solving.

School of Music

<https://www.usf.edu/arts/music/>

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The School of Music provides a variety of areas of study for undergraduate programs. This includes brass, acoustic and electronic composition, jazz studies, music education, percussion, piano, strings, voice, and woodwinds. An instrument and/or voice audition is required for admission to all degree programs and concentrations.

School of Theatre & Dance

<https://www.usf.edu/arts/theatre-and-dance/>

The School of Theatre & Dance offers undergraduate degrees only. Auditions are required for admission to the Dance programs. Theatre auditions only take place for upper-level performance coursework but are not required for admission.

Graduation Requirements

Degree Requirements: Baccalaureate/Undergraduate - USF Regulation 3.007
<https://usf.app.box.com/v/usfregulation3007>

General Education Requirements

Students must complete 36 hours of general education following state and university requirements. For more information, please visit the **General Education Information** section of this catalog.

Civics Literacy Requirement

All students earning a baccalaureate degree will need to complete the Civics Literacy requirement as stated in Florida Statute 1007.25 (http://www.leg.state.fl.us/Statutes/index.cfm?App_mode=Display_Statute&URL=1000-1099/1007/Sections/1007.25.html).

For information on the exact requirement, please visit the USF Civics Literacy website: <https://www.usf.edu/undergrad/students/civics-literacy.aspx>.

Summer Enrollment Requirement

All students entering USF with fewer than 60 semester hours of credit are required to earn at least nine semester hours of credit prior to graduation by attendance during one or more Summer terms in courses offered by USF or any one of the State University System of Florida institutions. The University may waive the application of this rule in cases of unusual hardship.

A student who wishes to have the rule waived must complete a *Request for Waiver of Mandatory Summer Enrollment Form* available in the Office of the Registrar (https://www.usf.edu/registrar/documents/forms_2019/summer_waiver_request_form_2019.pdf). After submission of the form to the Office of the Registrar, the student will receive notification to their USF email of the action taken.

University of South Florida Requirements

In addition to Florida Board of Governors and/or state requirements, USF has the following USF specific minimum requirements that are designed to assure the academic integrity of the degree programs at each System Institution:

Successful completion of a minimum of 120 unduplicated semester credit hours through university coursework, acceleration mechanisms, and/or transfer credit, including courses specifically approved as repeatable for credit (e.g. practica, ensembles and field experiences);

A minimum adjusted grade point average (GPA) of 2.00 on all course work taken at USF and an overall 2.00 on all college-level work attempted;

Satisfactory completion of major requirements in a chosen degree program, including additional requirements set by the college offering the degree, as published in the current Undergraduate Catalog;

Successful completion of at least forty-two (42) semester hours in courses numbered 3000 and above;

Successful completion of at least 25% of the total credit hours required for the degree program must be in courses offered by USF;

Registration and successful completion of at least thirty (30) of the last sixty (60) semester hours must be completed at USF. CLEP credit does not count toward academic residence. Colleges may have specific

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

academic residency requirements for specified degrees and students are responsible for reviewing the current Undergraduate Catalog to ensure compliance

Program and/or College Requirements: All students must be aware of and satisfactorily complete any additional requirements that may be required by a specific program and/or college from which they are earning the degree as set forth in the current Undergraduate Catalog.

General Academic Approval: Successful completion of academic coursework constituting the student's program of study, minor, honors thesis, or certification examination does not guarantee award of the baccalaureate degree. Faculty judgment of the academic performance of the student is inherent in the educational process in determining whether the award of the baccalaureate degree or admission into higher-level degree program is warranted.

Instructions for submitting your USF Graduation Application are available on the Office of Registrar's website at <https://www.usf.edu/registrar/services/apply-for-graduation/index.aspx>

Remember to keep up with deadlines when applying for graduation and registering for commencement. These dates are different each semester, so check the Office of the Registrar's website regularly.

For information about *The Art's Graduation Celebration*, see <https://www.usf.edu/arts/advising/graduation-celebration.aspx>.

Other Information - Interdisciplinary Study

There is no formal interdisciplinary arts degree offered in the College of The Arts. However, it is possible for a student to pursue such a program of study in the College by utilizing general electives allowed in the major program. A student may also choose a double undergraduate major in two units or arts disciplines within the College of The Arts as a means of interdisciplinary study. See the major advisor in the programs of particular interest.

Bachelor of Arts

Art History

<https://www.usf.edu/arts/art/academics/art-history/bachelor-of-arts.aspx>

Our B.A. program develops skills in critical looking, thinking and writing, and is excellent preparation for students interested in pursuing graduate studies in art history or considering a museum profession or other work in today's professional art world.

Dance

<https://www.usf.edu/arts/theatre-and-dance/academics/dance-programs/dance-studies/index.aspx>

The focus of this degree is to enable the student to combine dance with another area of interest and encourage the development of an individualized program of study through the selection of general education requirements as well as a focused selection of elective courses.

Music Studies

<https://www.usf.edu/arts/music/academics/undergraduate-degrees.aspx>

The Bachelor of Arts in Music Studies is a non-professional degree for students who wish to supplement other interests with music study. This program is ideal as part of a double major with a field outside of music. Requirements include approximately 50 hours in music with emphasis choices in performance, composition, history and theory. An instrument and/or vocal audition is required for admission to this degree program.

Studio Art

<https://www.usf.edu/arts/art/academics/undergraduate-degrees/ba-in-studio-art.aspx>

The B.A. in Studio Art is a 120 credit hour degree that is designed to develop the student's consciousness of aesthetic and ideological aspects of art and its relationship to life. The degree also assists students in the realization of personal ideas, art making skills and imagery. The B.A. is oriented toward a general and broad immersion in the field. Studio courses are supplemented with studies in art history, foreign language and an abundance of electives both within the School of Art and Art History and throughout the campus.

Theatre

<https://www.usf.edu/arts/theatre-and-dance/academics/theatre-programs/index.aspx>

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Through its curriculum and production program, students have the opportunity to prepare for a professional career in the theatre or to continue their studies at the graduate level. Our exclusively undergraduate program boasts intensive studies in the disciplines of performance, design and theatre arts as well as a close working relationship with our nationally and internationally recognized faculty.

Bachelor of Fine Arts

Dance

<https://www.usf.edu/arts/theatre-and-dance/academics/dance-programs/dance-performance/index.aspx>

The BFA in Dance Performance offers professional preparation, which includes extensive study in Studio Technique, Choreographic Studies and Dance Theory. The focus of this degree is the development of dancers who will enter the professional world of dance/arts as performers and choreographers.

Graphic Arts (GRAP)

<https://www.usf.edu/arts/art/academics/graphic-arts/>

The Graphic Arts degree offers students a sequence of rigorous courses that balance critical thinking and pragmatic experience, complemented by the enriched experience of the liberal arts environment of the St. Petersburg campus. At USF, Graphic Arts students have the option of a concentration in illustration or graphic design. This program guides students in building the imagination, aesthetic sensitivity, and powers of critical thought required to succeed as visual communicators. The curriculum emphasizes expertise in image development, typography, print and screen-based graphics, and interactive design. The program prepares students for the rigor of professional design practice through an internship program, courses in production, and portfolio development. Additionally, students design, organize and promote an exhibition of their final senior project.

Studio Art

<https://www.usf.edu/arts/art/academics/undergraduate-degrees/bfa-in-studio-art.aspx>

The BFA in Studio Art is a 120 credit hour degree that is the initial professional degree in the field. As such, it has a concentrated focus on the development of art making skills combined with conceptual and critical thinking. The degree is designed to develop the student's consciousness of aesthetic and ideological aspects of art and its relationship to life. Studio studies and experiences are of prime importance in the preparation of BFA students for professional lives in the visual arts.

Bachelor of Music

Music Performance

<https://www.usf.edu/arts/music/academics/undergraduate-degrees.aspx>

The Bachelor of Music is a professional degree for students who wish to pursue a career in music. Students interested in a BM can choose between three areas of concentration: acoustic and electronic composition, jazz studies and performance. This program requires 120 credit hours that includes intense private study on their principle instrument and participation in ensembles. An instrument and/or vocal audition is required for admission to this degree program.

Bachelor of Science

Music Education

<https://www.usf.edu/arts/music/academics/undergraduate-degrees.aspx>

The Bachelor of Science degree in Music Education is a professional degree for students who are interested in teaching music in K-12 schools in the ever-changing music classrooms of the 21st century. This program is an intense study of music and education courses that provide students with state certification upon graduation. In addition to private study on their principle instrument and participation in ensembles, students complete music theory, history and literature sequences, and take a variety of music education courses. An instrument and/or vocal audition is required for admission to this degree program.

Minors

Art

<https://www.usf.edu/arts/art/academics/minors-and-certificates/>

A minor in the arts strengthens your critical thinking and visual communication skills, enhancing your ability to solve problems creatively. The School of Art & Art History offers two concentrations for the Minor in Studio Art and Art History.

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Dance

<https://www.usf.edu/arts/theatre-and-dance/academics/minors-undergraduate-certificates/index.aspx>

The Dance Minor is designed to provide students with a scope of experiences in dance, which includes studio technique, creative studio studies and dance theory. The student seeking a Dance Minor should arrange to meet with the academic advisor in dance.

Theatre

<https://www.usf.edu/arts/theatre-and-dance/academics/minors-undergraduate-certificates/index.aspx>

The Theatre minor is structured to give students an overview of drama and theatre, in terms of history, performance, and criticism. The curriculum involves the student in both the practical and theoretical aspects of the theatre process.

Concentrations

A concentration is any organized set of courses that is offered as part of a major and enhances or complements the degree program to be awarded in a manner that leads to specific educational or occupational goals, and/or from different disciplines that provide an interdisciplinary focus.

Certificates

Advanced Dance Studies

<https://www.usf.edu/arts/theatre-and-dance/academics/minors-undergraduate-certificates/index.aspx>

This certificate is designed for students who possess a strong background in dance technique (ballet/modern). It is meant for individuals who would like to heighten their studies in dance and earn advanced level training.

Art History

<https://www.usf.edu/arts/art/academics/minors-and-certificates/>

The Certificate in Art History is designed for undergraduate students majoring in another field who also seek a concentration in art history. This certificate constitutes a sequence of five art history courses (15 credit hours) that provides students with a broad introduction to the field of art history.

Dance Medicine and Science

<https://www.usf.edu/arts/theatre-and-dance/academics/minors-undergraduate-certificates/dance-medicine-science-certificate.aspx>

This certificate is designed for students who are degree-seeking (any major) OR non-degree seeking and who possess a strong interest in exploring the field of dance medicine/science. This certificate program will give students a basic understanding of issues pertaining to the wellness of dancers such as: typical injury and misalignment patterns, injury prevention and treatment, injury risk factors, effective conditioning, muscular analysis of dance movement, and current topics in dance medicine/science research.

Visualization and Design

<https://www.usf.edu/arts/art/academics/minors-and-certificates/certificate-in-visualization-and-design.aspx>

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

The Certificate in Visualization and Design provides theoretical studies and hands-on practice for all majors interested in the creative design of visual communication. Outcomes include building a portfolio from a variety of visual media and prepares those who complete the certificate for fields (depending on course selections) ranging from media designers, to animators, to research and product designers, to graphic/data developers.

Undergraduate Advising Information

USF College of The Arts

Office of Student Services & Advising
4202 East Fowler Ave, FAH 120
Tampa, FL 33620
(813) 974-3660
<https://www.usf.edu/arts/advising/contact.aspx>

Student Services & Advising offers academic support to prospective and current students in the USF College of The Arts. This includes the School of Architecture & Community Design, School of Art & Art History, School of Music and School of Theatre & Dance.

The Student Services & Advising Office assists prospective and current students with individualized academic planning. A few services provided include academic advisement, career guidance, and opportunities to engage with the College of The Arts community. Our academic advisors meet with students one-on-one to help each student map a path to graduation with opportunities for growth and knowledge during their time at USF.

To schedule an advising appointment:

Prospective or current students with an active UID can schedule an appointment online through USF Archivum Platform

Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major:

<https://www.usf.edu/undergrad/students/advising.aspx>

SCHOOL OF ART AND ART HISTORY

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ART HISTORY B.A.

TOTAL DEGREE HOURS: 120

The curriculum in Art History reflects the belief that a traditional liberal arts program, supplemented by travel, is the best preparation for students who wish to teach the history of art at the college level or work in museums and galleries. Students will not specialize in a particular area such as Renaissance or Modern, but will acquire a general knowledge of the history of art. **All Art History majors are required to take at least one 4000-level non-Western Art History course.** Courses in areas such as history, philosophy, and literature are recommended as electives, both as supplement to undergraduate courses in art history and as a background for future graduate work. Art History majors are required to take courses in studio art as a means of better understanding what is involved in the art making process. It is important that students make every effort to travel to major museums in this country and, if possible, abroad.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

STATE MANDATED COMMON COURSE PREREQUISITES - ART HISTORY B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

ART X201 Design I or ART X202C Design II or ART X203 Design II or ART X205 Art - 3 credit hours

ART X300 Drawing I or ART X301 Drawing II or ART X310C Intermediate Drawing - 3 credit hours

ARH X050 History of Visual Arts I - 3 credit hours

ARH X051 History of Visual Arts II - 3 credit hours

XXX X000-X999 - 9 credit hours (Competency requirement of a single foreign language)

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

REQUIRED COURSES: (43 CREDIT HOURS)

MAJOR CORE COURSES: 13 COURSES; 43 CREDIT HOURS

ART PREPARATION: 4 COURSES; 12 CREDIT HOURS

ARH 2050 - History of Visual Arts I **Credit(s): 3**

ARH 2051 - History of Visual Arts II **Credit(s): 3**

ART 2201C - Concepts and Practices I **Credit(s): 3**

ART 2301C - Beginning Drawing **Credit(s): 3**

Art History Survey: 6 courses; 18 credit hours

COLLEGE OF THE ARTS

ARH 4530 - Asian Art **Credit(s): 3**

ARH 4571 - Themes in Islamic Art and Architecture **Credit(s): 3**

ARH 4930 - Art History: Selected Topics **Credit(s): 1-3 ***

* may be taken for degree credit only by approval of the academic advisor for the School of Art and Art History.

OTHER REQUIRED COURSE: 1 COURSE; 1 CREDIT HOUR

ARH 4940 - Art History Practicum **Credit(s): 1**

ART HISTORY CRITICAL STUDIES: 9 CREDIT HOURS

ARH 4800 - Critical Studies in Art History **Credit(s): 3**

NOTE: Students may substitute 3 hours of ARH 4800 Critical Studies for 3 hours of 4000-level Art History Survey by permission of the instructor.

EXTENDED STUDIES: 1 COURSE; 3 CREDIT HOURS

ART 4940 - Art and Art History Internship **Credit(s): 3 ***

Extended Studies required of all majors - London Middlesex Program, Paris Program, Public Art Museum Internships, Community Art, Artists Internship/Apprenticeships, Art History Apprenticeships.

* ART 4940 satisfies the TGEH - High Impact Practice requirement.

ADDITIONAL INFORMATION - ART HISTORY B.A.

FOREIGN LANGUAGE REQUIREMENT

All Students earning a BA degree in Art History must complete the Foreign Language Exit Requirement.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENT

All coursework in The School of Art & Art History must have a grade of "C" or better to satisfy program requirements.

RESIDENCY REQUIREMENT

Department and College of The Arts Major Academic Residency Requirement - 50% of major must be completed at USF

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

OTHER PROGRAM INFORMATION

Students are encouraged to take additional credits in Art History critical studies courses and Art History survey courses.

RESEARCH OPPORTUNITIES - COLLEGE OF THE ARTS

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914, or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) will assist students in understanding the various course options.

BACHELOR'S/MASTER'S PATHWAYS

Students majoring in Art History have the option to pursue one of the following Bachelor's/Master's Pathways:

Art History B.A. to Art History M.A.

For more information, see the Graduate Catalog.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

For questions, Art-Advise@usf.edu

Plans of Study - Art History B.A.

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GRAPHIC ARTS B.F.A, WITH GRAPHIC DESIGN CONCENTRATION

TOTAL DEGREE HOURS: 120

The Graphic Arts degree offers students a sequence of rigorous courses that balance critical thinking and pragmatic experience, complemented by the enriched experience of the liberal arts environment of the University of South Florida.

Graphic artists develop the images that give voice to the world around us. Using their raw materials - the ability to think, draw, write, speak and design - students learn the skills to solve specific visual problems. The study of typography, design concepts, and digital technology develops an understanding of the tradition, practice, and process of graphic design.

This program guides students in building the imagination, aesthetic sensitivity, and powers of critical thought required to succeed as visual communicators. The curriculum emphasizes expertise in image development, typography, print and screen-based graphics, and interactive design. The program prepares students for the rigor of professional design practice through an internship program, courses in production, and portfolio development. Additionally, students design, organize and promote an exhibition of their final senior project.

SPECIALIZED ADMISSIONS - GRAPHIC ARTS B.F.A.

The Graphic Arts B.F.A. program requires a portfolio submission, along with completion of the State Mandated Common Course Prerequisites. Completion of each common prerequisite with a minimum grade of C- is required, along with a 3.25 GPA. An overall 2.5 GPA is another requirement for admission into the program.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

INTERNSHIP OPPORTUNITIES

ART 4940 - Art and Art History Internship is the internship course students are required to take within their concentration.

ADVISING INFORMATION

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

- Total Credit Hours: 12**

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GRAPHIC ARTS B.F.A, WITH ILLUSTRATION CONCENTRATION

TOTAL DEGREE HOURS: 120

The Graphic Arts degree offers students a sequence of rigorous courses that balance critical thinking and pragmatic experience, complemented by the enriched experience of the liberal arts environment of the University of South Florida.

Graphic artists develop the images that give voice to the world around us. Using their raw materials - the ability to think, draw, write, speak and design - students learn the skills to solve specific visual problems. The study of typography, design concepts, and digital technology develops an understanding of the tradition, practice, and process of graphic design.

This program guides students in building the imagination, aesthetic sensitivity, and powers of critical thought required to succeed as visual communicators. The curriculum emphasizes expertise in image development, typography, print and screen-based graphics, and interactive design. The program prepares students for the rigor of professional design practice through an internship program, courses in production, and portfolio development. Additionally, students design, organize and promote an exhibition of their final senior project.

SPECIALIZED ADMISSIONS - GRAPHIC ARTS B.F.A.

The Graphic Arts B.F.A. program requires a portfolio submission, along with completion of the State Mandated Common Course Prerequisites. Completion of each common prerequisite with a minimum grade of C- is required, along with a 3.25 GPA. An overall 2.5 GPA is another requirement for admission into the program.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - GRAPHIC ARTS B.F.A.

After the annual portfolio review, if the student is not accepted into the Graphic Arts program, they have the following options:

Reapply the following year after refining their drafting skills and exploring more conceptual aspects to their work;
or

Explore the following majors: B.F.A in Studio Art; B.A. in Studio Art; or B.A. in Art History. Contact your advisor at Art-Advise@usf.edu.

GRADUATION REQUIREMENTS - GRAPHIC ARTS B.F.A.

Major GPA (All USF courses which are applied to major requirements): 3.25

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

STATE MANDATED COMMON COURSE PREREQUISITES - GRAPHIC ARTS B.F.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Completion of each common prerequisite with a minimum grade of C- is required, along with a 3.25 GPA.

ART X300 – 3 credit hours

ART X201 – 3 credit hours

DIG X000 or ART X602 or GRA X143C or ART X600 – 3 credit hours

ARH X053 or ARH X051 or ARH XXXX – 3 credit hours

ART X301 or ART X203 or PGY X101 or ART X330C or PGY X401 – 3 credit hours

COLLEGE OF THE ARTS

STUDIO ART B.A.

TOTAL DEGREE HOURS: 120

This degree is designed to develop the student's consciousness of aesthetic and ideological aspects of art and its relationship to life. The degree also assists students in the realization of personal ideas, art making skills and imagery. The BA is oriented toward a general and broad immersion in the field. Studio courses are supplemented with studies in art history, foreign language, and an abundance of electives both within the School of Art and Art History and throughout the campus. While the BA in Studio Art is not usually the preferred preparation for moving on to the Master of Fine Arts degree, it is quite appropriate for seeking other advanced degrees, especially in the Liberal Arts or other similar programs.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

STATE MANDATED COMMON COURSE PREREQUISITES -STUDIO ART B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Note: It is recommended that transfer students complete both Design I and Design II prior to transfer. If a student does not complete Design I and Design II prior to transfer they should wait and enroll in ART 2201C - Concepts and Practices I and ART 2203C - Concepts and Practices II at USF.

ART X201 Design I - 3 credit hours

Select an option that does not duplicate another course taken:

ART X202C Design II, Lower (2-D) - 3 credit hours

ART X203 Design II, Lower (3-D) - 3 credit hours

ART X710C Beginning Sculpture - 3 credit hours

ART X203C - Concepts and Practices II - 3 credit hours

ART X300C Drawing I, Lower - 3 credit hours

Select an option that does not duplicate another course taken:

ART X301 Drawing II - 3 credit hours

ART X205 Art - 3 credit hours

ART X310C Intermediate Drawing, Upper - 3 credit hours

ART X305C Perceptual Drawing - 3 credit hours

ART X330C Life Drawing I, Lower - 3 credit hours

ART X200C Three Dimensional Design - 1-3 credit hours

ART X353C Drawing Studio - 3 credit hours

ART X301C Drawing I - 3 credit hours

ART X312C Drawing III, Upper

ART X500 Painting 1, Lower - 3 credit hours

ART X500C Beginning Painting - 3 credit hours

ARH X050 History of the Visual Arts I - 3 credit hours

ARH X051 History of the Visual Arts II - 3 credit hours

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Select two courses below that do not duplicate others taken:

ART X000-X999 - 3 credit hours

ART X000-X999 - 3 credit hours

Do not duplicate courses as you make choices. When given the option for alternative course selection, pick a course that you have not previously taken.

All courses except ARHX050 and ARHX051 require a "C" or higher.

REQUIRED COURSES: (58 CREDIT HOURS)

MAJOR CORE COURSES: 20 COURSES; 58 CREDIT HOURS

ADDITIONAL INFORMATION - STUDIO ART B.A.

FOREIGN LANGUAGE REQUIREMENT

Any student seeking a B.A. in Studio Art must satisfy the Foreign Language Exit requirement (FLEX).

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENT

All coursework in the School of Art & Art History must have a grade of C or better to satisfy program requirements.

RESIDENCY REQUIREMENT

Department and College of The Arts Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

OTHER INFORMATION

Students are encouraged to take additional credits in the Studio Workshops and Theme Studio Courses to fulfill art electives.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

STUDIO ART B.F.A.

TOTAL DEGREE HOURS: 120

The B.F.A. program in Studio Art will expose the student to many possibilities in the art-making process. The areas of emphasis in art media are animation, painting, drawing, printmaking, photography, sculpture, ceramics, and video. These options provide access to a comprehensive program of study in art. Students can develop their conceptual and technical skills in a particular art discipline or decide to investigate a specific subject through the use of numerous media and "mixed" forms of art.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

STATE MANDATED COMMON COURSE PREREQUISITES - STUDIO ART B.F.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Note: It is recommended that transfer students complete both Design I and Design II prior to transfer. If a student does not complete Design I and Design II prior to transfer they should wait and enroll in ART 2201C - Concepts and Practices I and ART 2203C - Concepts and Practices II (Concepts and Practices II) at USF.

ART X202C Design II, Lower (2-D) or ART X203 Design II, Lower (3D) or ART 2701C Beginning Sculpture or

ART X203C Concepts and Practices II - 3 credit hours

ART X300C Drawing I, Lower - 3 credit hours

ARH X050 History of the Visual Arts I - 3 credit hours

ARH X051 History of Visual Arts II - 3 credit hours

Select an option that does not duplicate another course taken:

ART X330C Life Drawing I, Lower - 3 credit hours

ART X205 Art - 3 credit hours

ART X310C Intermediate Drawing - 3 credit hours

ART X301C Drawing I - 3 credit hours

ART X305C Perceptual Drawing - 3 credit hours

ART X330C Life Drawing I Lower - 3 credit hours

ART X301C Drawing I - 3 credit hours

ART X200C Three Dimensional Design - 1-3 credit hours

ART X353C Drawing Studio - 3 credit hours

ART X312C Drawing III, Upper

ART X500C Beginning Painting - 3 credit hours

ART X500 Painting 1, Lower - 3 credit hours

Do not duplicate courses as you make choices. When given the option for alternative course selection, pick a course that you have not previously taken.

All courses except ARHX050 and ARHX051 require a "C" or higher.

ADDITIONAL INFORMATION - STUDIO ART B.F.A.

FOREIGN LANGUAGE REQUIREMENT

If a student has satisfied the FLENT (Foreign Language Entrance) requirement of two years of a single foreign language, there is no further foreign language required for the B.F.A. in Studio Art. If a student has not satisfied the FLENT requirement, they must do so prior to graduation.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 3.25

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENT

The minimum acceptable grade for major courses in the School of Art and Art History is a "C" grade.

RESIDENCY REQUIREMENT

Department and College of The Arts Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

OTHER INFORMATION

The USF School of Art & Art History hosts fully equipped studios in all of these disciplines.

Transfer credit from other institutions is accepted on the basis of a transcript evaluation. The School of Art & Art History accepts transfer credit from all Florida programs that are part of the "common course prerequisites."

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

STUDIO ART B.F.A., WITH ANIMATION AND DIGITAL MODELING CONCENTRATION

TOTAL DEGREE HOURS: 120

The B.F.A. program in Studio Art will expose the student to many possibilities in the art-making process. The program has a concentration in animation and areas of specialization in painting, drawing, printmaking, photography, sculpture, ceramics, and video. These options provide access to a comprehensive program of study in art. Students can develop their conceptual and technical skills in a particular art discipline or decide to investigate a specific subject through the use of numerous media and "mixed" forms of art.

The concentration in animation is a blend between art and design, courses offered within the program explore a range of topics in motion, composition, acting, visual storytelling, 3D modeling, lighting, and concept design. Also, students can selectively combine the study of Animation and Digital Modeling with other disciplines within the department in order to fully explore their creative interests.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

STATE MANDATED COMMON COURSE PREREQUISITES - STUDIO ART B.F.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower level prior to entering the university.

If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Note: It is recommended that transfer students complete both Design I and Design II prior to transfer. If a student does not complete Design I and Design II prior to transfer they should wait and enroll in ART 2201C - Concepts and Practices I and ART 2203C - Concepts and Practices II (Concepts and Practices II) at USF.

ART X202C Design II, Lower (2-D) or ART X203 Design II, Lower (3D) or ART 2701C Beginning Sculpture or

ART X203C Concepts and Practices II - 3 credit hours

ART X300C Drawing I, Lower - 3 credit hours

ARH X050 History of the Visual Arts I - 3 credit hours

ARH X051 History of Visual Arts II - 3 credit hours

Select an option that does not duplicate another course taken:

ART X330C Life Drawing I, Lower - 3 credit hours

ART X205 Art - 3 credit hours

ART X310C Intermediate Drawing - 3 credit hours

ART X301C Drawing I - 3 credit hours

ART X305C Perceptual Drawing - 3 credit hours

ART X330C Life Drawing I Lower - 3 credit hours

ART X301C Drawing I - 3 credit hours

ART X200C Three Dimensional Design - 1-3 credit hours

ART X353C Drawing Studio - 3 credit hours

ART X312C Drawing III, Upper

ART X500C Beginning Painting - 3 credit hours

ART X500 Painting 1, Lower - 3 credit hours

Do not duplicate courses as you make choices. When given the option for alternative course selection, pick a course that you have not previously taken.

All courses except ARHX050 and ARHX051 require a "C" or higher.

ADDITIONAL INFORMATION - STUDIO ART B.F.A.

FOREIGN LANGUAGE REQUIREMENT

If a student has satisfied the FLENT (Foreign Language Entrance) requirement of two years of a single foreign language, there is no further foreign language required for the B.F.A. in Studio Art. If a student has not satisfied the FLENT requirement, they must do so prior to graduation.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 3.25

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENT

The minimum acceptable grade for major courses in the School of Art and Art History is a "C" grade.

RESIDENCY REQUIREMENT

Department and College of The Arts Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

OTHER INFORMATION

The USF School of Art & Art History hosts fully equipped studios in all of these disciplines.

Transfer credit from other institutions is accepted on the basis of a transcript evaluation. The School of Art & Art History accepts transfer credit from all Florida programs that are part of the "common course prerequisites."

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

For questions, Art-Advise@usf.edu

Plans of Study - Studio Art B.F.A., with Animation and Digital Modeling Concentration

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see <https://www.usf.edu/undergrad/students/civics-literacy.aspx> or talk with your academic advisor.

Items that are critical are marked with a * and are included in the plan for a student to stay on track.

ART HISTORY MINOR

The minor in art history consists of 15 credit hours. Students pursuing this minor may study art history from a variety of areas, including but not limited to Greek Art, Roman Art, Ancient Egyptian and Near Eastern Art, Renaissance Art, Islamic Art, and Twentieth Century Art. As a writing discipline, the Minor in Art History develops the student's critical analysis and communication skills.

MINOR REQUIREMENTS

A minimum of 15 credit hours is required for the minor in art history, in the following distribution.

- A maximum of three credit hours in ARH 4800 - Critical Studies in Art History and ARH 4930 - Art History: Selected Topics can be applied to the minor.

TOTAL MINOR CREDIT HOURS: 15

MINOR CORE CREDIT HOURS: 15

I. Art History Foundations (6 hours)

ARH 2050 - History of Visual Arts I **Credit(s): 3**

ARH 2051 - History of Visual Arts II **Credit(s): 3**

II. Specialized Art History Study (9 hours)

Three (3) 4000-level courses in Art History (3 hours each) from the following list:

ARH 4115 - Ancient Egyptian and Near Eastern Art **Credit(s): 3**

ARH 4130 - Greek Art **Credit(s): 3**

ARH 4151 - Roman Art **Credit(s): 3**

ARH 4200 - Medieval Art **Credit(s): 3**

ARH 4301 - Renaissance Art **Credit(s): 3**

ARH 4310 - Early Italian Renaissance **Credit(s): 3**

ARH 4312 - Late Italian Renaissance **Credit(s): 3**

ARH 4333 - Northern Renaissance Art **Credit(s): 3**

ARH 4350 - Baroque and Rococo Art **Credit(s): 3**

ARH 4430 - Nineteenth Century Art **Credit(s): 3**

ARH 4450 - Twentieth Century Art **Credit(s): 3**

ARH 4475C - Contemporary Issues in Art **Credit(s): 3**

ARH 4530 - Asian Art **Credit(s): 3**

ARH 4571 - Themes in Islamic Art and Architecture **Credit(s): 3**

ARH 4800 - Critical Studies in Art History **Credit(s): 3**

ARH 4890 - Paris Art History **Credit(s): 3**

ARH 4930 - Art History: Selected Topics **Credit(s): 1-3**

GPA REQUIREMENTS

A minimum overall GPA of 2.0 is required for the minor.

GRADING REQUIREMENTS

Students must earn a "C" or better in their minor coursework.

OTHER REQUIREMENTS

Studio Art majors (BA/BFA) and Graphic Arts majors may apply Art History courses required for their program toward an Art History minor. Per University guidelines, these students "must complete a minimum of 6 credits and two courses exclusive to the minor that will not count toward the student's major or other minors. These credits/courses must be completed at USF and must be upper level courses." Interested students in these programs should consult with their advisor to clarify expectations before declaring an Art History minor.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

For questions, Art-Advise@usf.edu

Art Studio Minor

The Minor in Art Studio at the University of South Florida is designed to provide students with a scope of experiences in art. The program consists of 24 credit hours of study that strengthens your critical thinking and visual communication skills, enhancing your ability to solve problems creatively.

MINOR REQUIREMENTS (24 CREDIT HOURS)

A minimum of 24 credit hours is required for the minor in Art Studio, in the following distribution:

ART AREA PREPARATION (15 CREDIT HOURS)

- ARH 2050 - History of Visual Arts I **Credit(s): 3**
- ARH 2051 - History of Visual Arts II **Credit(s): 3**
- ART 2201C - Concepts and Practices I **Credit(s): 3**
- ART 2203C - Concepts and Practices II **Credit(s): 3**
- ART 2301C - Beginning Drawing **Credit(s): 3**

ART STUDIO (9 CREDIT HOURS)

- Beginning Studio Workshop (two courses)
- Intermediate Studio Workshops (one course)

Students have the opportunity for studio experience in a variety of areas: Animation & Digital Modeling, Ceramics, Drawing, Painting, Photography, Printmaking, Sculpture & Extended Media, and Video.

GPA REQUIREMENTS

A minimum overall GPA of 2.0 is required for the minor.

GRADING REQUIREMENTS

Students must earn a "C" or better in their minor coursework.

MUSIC EDUCATION B.S.

TOTAL DEGREE HOURS: 120

Certified Global Pathway Program

The Bachelor of Science (B.S.) in Music Education is designed to prepare students as practitioners in the field. Practical experience is the underlying value in all courses and field experiences. Students receive direct experience with music education philosophies, theories, and practices through course work and laboratory settings, as well as the K-12 schools at all stages in the program. Students' progress towards a robust, semester-long, student-teaching experience and participate in experimental and professional opportunities offered by formal and informal undergraduate and graduate symposia and contemporary consortia. This degree program challenges and prepares students to not only embrace the traditions of music education in the schools, but also to incorporate new potentials for the future.

This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of High Impact Practices and Undergraduate Research website.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUSIC EDUCATION B.S.

In order to take advanced coursework in the music education program, students must present evidence that they have attained an average of B for three aural theory courses (MUT 1241, MUT 1242, MUT 2246) and have maintained an overall USF GPA of 3.0. These standards are prerequisites for MUE 3424, MUE 3425, MUE 4311, MUE 4331, MUE 4332, MUE 4936, and MUE 4940. Evidence can be in the form of either an updated USF transcript or a current degree audit report. This information must be presented to the academic advisor before the end of the drop/add week in order to enroll in any of these seven music education courses.

STATE MANDATED COMMON COURSE PREREQUISITES - MUSIC EDUCATION B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Flood College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless state otherwise, a grade of C is the minimum acceptable grade in a prerequisite course.

Core Requirements:

EDF X005 Introduction to Education and Field Experience or MUE X040 Foundations of Music Education (K-12)
- 3 credit hours

MUT X111 Music Theory I or MUT X121 Music Theory I-Integrated - 3 credit hours

MUT X112 Music Theory II or MUT X122 Music Theory II-Integrated - 3 credit hours

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MUT X116 Music Theory III or MUT X126 Music Theory III-Integrated - 3-4 credit hours
MUT X117 Music Theory IV or MUT X127 Music Theory IV-Integrated - 3 credit hours

National Accreditation Requirement: Music program national accreditation requires minimum semesters of exposure in specified coursework. Repeat the course work for 4 semesters.

MUN X000-X999 Music Ensembles - 4 credit hours

Student Focus Requirement: This is defined as courses under one of the specified prefixes that constantly maintain the digit 1 or 2 (depending upon which course) while allowing 0-9 to replace each "X." The prefix varies depending upon the student's focus (i.e., Brass, Strings, Woodwinds, etc.) Two examples of possible courses for MVBx011 are MVB1011 or MVB1311. Two examples for MVWXX2X are MVW2223 and MVW2222. Repeat the course work for 2 semesters.

MVW XX2X Applied Music Woodwinds or

OTHER REQUIREMENTS

The Florida Teacher Certification Exam (FTCE)

The FTCE (Florida Teacher Certification Exam), which includes the GKT (General Knowledge Test), the PEd (Professional Education Exam), and the SAE (Subject Area Examination in Music) must be taken before entering the internship and successfully completed for the degree and for Florida teacher certification. A copy of the GKT results must be given by the student to the Music Advisor immediately upon receipt.

The exam includes the General Knowledge Test (GKT), the Professional Education Exam (PEd), and the Subject Area Exam (SAE in Music). The GKT is taken separately. However, the PEd and the SAE can be taken together. Observe deadline notes below!

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

If you are interning in the Fall semester, you must submit all passing scores of the required General Knowledge Test to the Music Advisor no later than 5:00 pm on the Friday after the preceding Spring commencement date in order to be guaranteed certification for degree completion.

If you are interning in the Spring semester, you must submit all passing scores of the required General Knowledge Test to the Music Advisor no later than 5:00 pm on the Friday after the preceding Summer commencement date in order to be guaranteed certification for degree completion.

Warning: Failure to adhere to the guidelines above will result in your **inability to intern** during the semester for which you have applied.

Copies of passing scores of the Professional Education Exam and the Subject Area Exam must be submitted to the Music Advisor. These scores must be submitted no later than 5:00 pm on the Friday following the graduation ceremony during the semester in which you are interning.

Junior Recital For BS Degree in Music Education

A public recital will be given during the student's last year of applied music study. The student should have achieved junior classification as defined by the university and should be enrolled at the 3000 level in applied music. A recital performed at another institution will not satisfy graduation requirements for USF. The recital must be performed on the USF campus and the student must be enrolled in the studio of a USF faculty member during the term of said recital. Exceptions may be made by the Director of the School of Music when deemed appropriate.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.5

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENTS

The minimum acceptable grade for music, music education, education, and State Communication Requirement and State Computation Requirement courses is "C-."

Aural theory courses must have an average grade of "B."

All music education courses must be completed with a C- or better. No "S" grades.

RESIDENCY REQUIREMENT

Department and College of The Arts Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

OTHER PROGRAM INFORMATION

An application to change from pre-Music Education (MPE) to Music Education (MUE) is necessary for the major to be official. This is available through the Music Advisor's website and should be submitted when MUE 2090, the General Knowledge Test (GKT), and the Aural Theory courses have been completed.

RESEARCH OPPORTUNITIES

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

MUSIC EDUCATIONAL STUDIES B.S. - NON-TEACHER CERTIFICATION MAJOR TOTAL DEGREE HOURS: 120

The Bachelor of Science (B.S.) in Music Educational Studies is designed to prepare students as entrepreneurial music teachers in settings outside the k-12 public schools. Practical experience is the underlying value in all courses and field experiences. Students receive direct experience with music education philosophies, theories, and practices through course work and laboratory settings. Students' progress towards a robust, semester-long, student-teaching experience and participate in experimental and professional opportunities offered by formal and informal undergraduate and graduate symposia and contemporary consortia. This degree program challenges and prepares students to not only embrace the traditions of music education, but also to incorporate new potentials for the future. This program does not lead to Florida teacher certification.

This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of High Impact Practices and Undergraduate Research website.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - MUSIC EDUCATIONAL STUDIES B.S.

In order to take advanced coursework in the music education program, students must present evidence that they have attained an average of B for three aural theory courses (MUT 1241, MUT 1242, MUT 2246) and have maintained an overall USF GPA of 3.0. These standards are prerequisites for MUE 3424, MUE 3425, MUE 4311, MUE 4331, MUE 4332, MUE 4936, and MUE 4940. Evidence can be in the form of either an updated USF transcript or a current degree audit report. This information must be presented to the academic advisor before the end of the drop/add week in order to enroll in any of these seven music education courses.

STATE MANDATED COMMON COURSE PREREQUISITES - MUSIC EDUCATIONAL STUDIES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Flood College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program. Unless state otherwise, a grade of C is the minimum acceptable grade in a prerequisite course.

Core Requirements:

EDF X005 Introduction to Education and Field Experience or MUE X040 Foundations of Music Education (K-12) - 3 credit hours

MUT X111 Music Theory I or MUT X121 Music Theory I-Integrated - 3 credit hours

MUT X112 Music Theory II or MUT X122 Music Theory II-Integrated - 3 credit hours

MUT X116 Music Theory III or MUT X126 Music Theory III-Integrated - 3-4 credit hours

MUT X117 Music Theory IV or MUT X127 Music Theory IV-Integrated - 3 credit hours

National Accreditation Requirement: Music program national accreditation requires minimum semesters of exposure in specified coursework. Repeat the course work for 4 semesters.

MUN X000-X999 Music Ensembles - 4 credit hours

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Student Focus Requirement: This is defined as courses under one of the specified prefixes that constantly maintain the digit 1 or 2 (depending upon which course) while allowing 0-9 to replace each "X." The prefix varies depending upon the student's focus (i.e., Brass, Strings, Woodwinds, etc.) Two examples of possible courses for MVBx011 are MVB1011 or MVB1311. Two examples for MVWXX2X are MVW2223 and MVW2222. Repeat the course work for 2 semesters.

MUSIC PERFORMANCE B.M., WITH ACOUSTIC & ELECTRONIC COMPOSITION CONCENTRATION

TOTAL DEGREE HOURS: 120

The Music Performance degree is a degree for students who wish to pursue a career in music. Students interested in a B.M. degree may choose between concentrations in: Performance, Contemporary Commercial Music, Jazz Studies, or Acoustic & Electronic Composition. This degree program requires 120 credit hours of study that include private study on the student's principal instrument and participation in ensembles. Additionally, students complete music theory, history and literature sequences, and take additional coursework in their chosen concentration. Graduates from BM programs at USF find themselves in very competitive positions for graduate study and musical careers. Admission into the BM in music degree requires an audition on your major instrument.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

STATE MANDATED COMMON COURSE PREREQUISITES - MUSIC PERFORMANCE B.M.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Music Theory Requirement (12-13 credits)

- MUT X111 Music Theory I or MUT X121 Music Theory I-Integrated - 3 credit hours
- MUT X112 Music Theory II or MUT X122 Music Theory II-Integrated - 3 credit hours
- MUT X116 Music Theory III or MUT X126 Music Theory III-Integrated - 3-4 credit hours
- MUT X127 Music Theory IV-Integrated or MUT X117 Music Theory IV - 3 credit hours

Piano Proficiency Requirement (28 credits) - Repeat the course work for 4 semesters.

- MVK X111* Keyboard Skills - 1 - 2 credit hours
- MVK X112* Class Instruction - Freshman - Keyboard - 1 credit hour
- MVK X121* Keyboard Skills III - 2 credit hours
- MVK X122* Keyboard Skills IV - 2 credit hours

* USF accepts competency test credits (Secondary Piano Proficiency by examination).

Student Focus Requirement (4 credits) - This is defined as courses under one of the specified prefixes that constantly maintain the digit 1 or 2 (depending upon which course) while allowing 0-9 to replace each "X." The prefix varies depending upon the student's focus (i.e., Brass, Strings, Woodwinds, etc.) Two examples of possible courses for MVB X011 are MVB 1011 or MVB 1311. Two examples for MVW XX2X are MVW 2223 and MVW 2222.

Repeat the course work for 2 semesters:

- MVJ XX1X Applied Music: Jazz - 2 credit hours
- MVK XX1X Applied Music: Keyboard - 2 credit hours

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MVO XX1X Applied Music: Other - 2 credit hours
MVP XX1X Applied Music: Percussion - 2 credit hours
MVS XX1X Applied Music: Strings - 2 credit hours
MVV XX1X Applied Music: Voice - 2 credit hours
MVW XX1X Applied Music: Woodwinds - 2 credit hours
MVH XX1X Historical Instruments - 2 credit hours
MVB XX1X Applied Music: Brasses - 2 credit hours

National Accreditation Requirement (16 credits) - Music program national accreditation requires minimum semesters of exposure in specified coursework.

Repeat the course work for 4 semesters.

MUN X000-X999 Music Ensembles - 4 credit hours

Additional Requirement (4-6 credits)

MUT X272 ET, SS & KBD Harmony I - 1 credit hour
MUT X276 ET, SS & KBD Harmony II - 1 credit hour
MUT X277 ET, SS & KBD Harmony IV - 3 credit hour
MUT X271 ET, SS & KBD Harmony I - 1 credit hour

or

MUT X221 1st YR Sight Singing I - 1 credit hour
MUT X222 1st YR Sight Singing II - 1 credit hour

or

MUT X241 Aural Theory I - 1 credit hour
MUT X242 Aural Theory II - 1 credit hour
MUT X246 Aural Theory III - 1 credit hour
MUT X247 Aural Theory IV - 1 credit hour

MUSIC PERFORMANCE REQUIRED COURSES: (52 CREDIT HOURS)

MUSIC PERFORMANCE SUPPORTING REQUIRED COURSES: 1 COURSE; 0 CREDITS

The following course is a supporting course for this major. It is required for the major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

All B.M. degree students must register and pass **MUS 2010** for six semesters. A passing grade requires a minimum of seven recorded attendances at School of Music concert/recital events each semester.

MUS 2010 - Recital Attendance **Credit(s): 0**

MUSIC PERFORMANCE MAJOR CORE COURSES: 8 COURSES; 20 CREDIT HOURS

Music Theory: 2 courses; 6 credit hours

MUT 4421 - Eighteenth Century Practice **Credit(s): 3**
MUT 4571 - Twentieth Century Practice **Credit(s): 3**

Music History: 3 courses; 8 credit hours

MUH 3300 - Music History/Medieval and Renaissance **Credit(s): 2**
MUH 3301 - Music History/Baroque and Classic **Credit(s): 3**
MUH 3302 - Music History/Romantic and 20th Century **Credit(s): 3**

Major (Restricted) Electives: 1 course; 3 credit hours

Choose one of the following courses:

MUH 2020 - The History of Blues and Rock **Credit(s): 3**

COLLEGE OF THE ARTS

MUC 3402 - Electronic Music-Analog Synthesis II **Credit(s): 3**

MUC 3441 - Electronic Music-Digital Synthesis I **Credit(s): 3**

MUC 3442 - Electronic Music-Digital Synthesis II **Credit(s): 3**

MUC 4403 - Electronic Music-Real-Time Performance I **Credit(s): 3**

OTHER CONCENTRATION REQUIREMENTS

Senior Recital Requirement

The second semester of the senior year is the only semester in the composition sequence that does not require the student to be in a composition class. Instead, students are required to register for Senior Recital (2 credits), which will have a scheduled meeting time (1 hour a week) and syllabus. This meeting time will be student-directed, but one or more composition faculty will be available to help answer questions at the students' request.

The Senior Recital Requirement consists of the following:

Portfolio Presentation (30 percent of final grade)

Recital (30 percent of final grade)

Participation in the Senior Project Concert (15 percent of final grade)

Senior Presentation in Composition Seminar (12 percent of final grade)

Composers Orchestra composition (13 percent of final grade)

Continued participation in Composition Seminar and Notation Emporium

Portfolio

Portfolios must be presented in final form by Monday, 5:00 PM, the last week of classes. Students will consult with faculty throughout the semester on assembling and fine-tuning the material. Faculty will review the portfolio by the time of final jury (final exam week). The portfolio will consist of the following:

A digital archive of all of the student's acoustic and electronic projects created over the 8-semester MUC sequence (this can be presented on the web or in physical copy, e.g. DVD, flash drive, etc.)

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- A database of performances, performers, etc. (hard copy)
- 3 to 5 scores individually bound and professionally presented (at least one of these scores needs to be for both acoustic instruments and electronic media)
- A curriculum vitae (hard copy)
- A 300-word artist's statement (hard copy)

Recital

Seniors are responsible for scheduling, preparing for and presenting a 60-minute concert of their music during their final semester. This recital must take place during the semester that the student is registered for Senior Recital, and it is recommended to be before week 15 to allow time for preparing the video for the portfolio. It is expected to be professionally produced in one of the USF SOM halls, most likely in the Barnes Recital Hall. The programming must include works for acoustic instruments, electronic media and work that combines the two. The recital will be assessed on quality of preparation, presentation and professional effectiveness (publicity, draw, archiving, etc.).

Senior Project Concert

Senior composition majors who are registered for Senior Recital will collaborate on and present a concert during the same semester. It will feature music and performances by the seniors primarily, but can involve other performers as well. Unlike the solo senior recital concert, it is required that this concert be off campus. Students have a scheduled meeting time that they can use each week for this purpose. This concert will be assessed on quality of preparation, presentation and professional effectiveness (publicity, draw, archiving, etc.).

Senior Presentation in Composition Seminar

Each senior will give 30-50 minute presentation on their music and issues surrounding it. This can be as a preview to their senior recital. Presentations must be scheduled by week 4, and no presentation will be scheduled after week 14. The presentation will be assessed on content as well as professionalism of presentation.

Composers' Orchestra Composition

Each senior will be required to compose and program a piece written especially for the Composers' Orchestra, an ad-hoc group of performing composition majors assembled for this purpose. The performance may take place in the Senior Recital or Senior Project concert, but it needs to be performed by week 15 at the latest. This final score and recording will be provided with the portfolio in addition to the 3-5 scores of other work.

Composition Seminar and Notation Emporium

Seniors in their final semester are expected to participate in the weekly seminar and emporium. Attendance is required and excessive absences or late arrivals can affect the Senior Recital final grade. (See attendance policy) *The Recital Approval form (available on music advisor's door) must be completed and returned to the advisor.*

ADDITIONAL INFORMATION - MUSIC PERFORMANCE B.M.

OTHER REQUIREMENTS

JUNIOR RECITAL FOR BM DEGREES: A public recital (must be shared with another junior recital) will be given during the student's junior year. The student should have achieved junior classification as defined by the university and should be enrolled at the 3000 level in applied music, which would normally occur during a student's third year of study. Credit may be granted to transfer students for junior recitals completed at other institutions. This recital should have been completed during the student's junior year at that institution and a request for recognition of that recital should be made in writing to the applied division coordinator. No studio teacher is under any obligation to accept these transfer recitals.

SENIOR RECITAL FOR BM DEGREE: A public recital will be given during a student's senior year. The student should have achieved senior classification as defined by the university and should be enrolled at the 4000 level in applied music, which would normally occur during a student's fourth year of study. A senior recital performed at another institution will not satisfy graduation requirements for USF. The recital must be performed on the USF campus and the student must be enrolled in the studio of a USF faculty member during the term of said recital unless written permission to deviate from this policy is obtained from the School of Music Director.

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENT

All music majors must earn at least a C- in every music course required for their degree program. Sequel courses may not be taken until prerequisites are satisfied with appropriate grades or waivers.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

For questions, MusicAdvise@usf.edu

Plans of Study - Music Performance B.M., with Acoustic & Electronic Composition Concentration

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see <https://www.usf.edu/undergrad/students/civics-literacy.aspx> or talk with your academic advisor.

Items that are critical are marked with a * and are included in the plan for a student to stay on track.

MUSIC PERFORMANCE B.M., WITH CONTEMPORARY COMMERCIAL MUSIC CONCENTRATION

TOTAL DEGREE HOURS: 120

The Music Performance degree is a degree for students who wish to pursue a career in music. Students interested in a B.M. degree may choose between concentrations in: Performance, Contemporary Commercial Music, Jazz Studies, or Acoustic & Electronic Composition. This degree program requires 120 credit hours of study that include private study on the student's principal instrument and participation in ensembles. Additionally, students complete music theory, history and literature sequences, and take additional coursework in their chosen concentration. Graduates from BM programs at USF find themselves in very competitive positions for graduate study and musical careers. Admission into the BM in music degree requires an audition on your major instrument.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

STATE MANDATED COMMON COURSE PREREQUISITES - MUSIC PERFORMANCE B.M.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Music Theory Requirement (12-13 credits)

MUT X111 Music Theory I or MUT X121 Music Theory I-Integrated - 3 credit hours

MUT X112 Music Theory II or MUT X122 Music Theory II-Integrated - 3 credit hours

MUT X116 Music Theory III or MUT X126 Music Theory III-Integrated - 3-4 credit hours

MUT X127 Music Theory IV-Integrated or MUT X117 Music Theory IV - 3 credit hours

Piano Proficiency Requirement (28 credits) - Repeat the course work for 4 semesters.

MVK X111* Keyboard Skills - 1 - 2 credit hours

MVK X112* Class Instruction - Freshman - Keyboard - 1 credit hour

MVK X121* Keyboard Skills III - 2 credit hours

MVK X122* Keyboard Skills IV - 2 credit hours

* USF accepts competency test credits (Secondary Piano Proficiency by examination).

Student Focus Requirement (4 credits) - This is defined as courses under one of the specified prefixes that constantly maintain the digit 1 or 2 (depending upon which course) while allowing 0-9 to replace each "X." The prefix varies depending upon the student's focus (i.e., Brass, Strings, Woodwinds, etc.) Two examples of possible courses for MVB X011 are MVB 1011 or MVB 1311. Two examples for MVW XX2X are MVW 2223 and MVW 2222.

Repeat the course work for 2 semesters:

MVJ XX1X Applied Music: Jazz - 2 credit hours

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MVK XX1X Applied Music: Keyboard - 2 credit hours
MVO XX1X Applied Music: Other - 2 credit hours

MUS 3373 - Video Recording Production **Credit(s): 3**

OTHER CONCENTRATION REQUIREMENTS

Senior Recital Requirement

The second semester of the senior year is the only semester in the composition sequence that does not require the student to be in a composition class. Instead, students are required to register for Senior Recital (2 credits), which will have a scheduled meeting time (1 hour a week) and syllabus. This meeting time will be student-directed, but one or more composition faculty will be available to help answer questions at the students' request.

The Senior Recital Requirement consists of the following:

- Portfolio Presentation (30 percent of final grade)
- Recital (30 percent of final grade)
- Participation in the Senior Project Concert (15 percent of final grade)
- Senior Presentation in Composition Seminar (12 percent of final grade)
- Composers Orchestra composition (13 percent of final grade)
- Continued participation in Composition Seminar and Notation Emporium

Portfolio

Portfolios must be presented in final form by Monday, 5:00 PM, the last week of classes. Students will consult with faculty throughout the semester on assembling and fine-tuning the material. Faculty will review the portfolio by the time of final jury (final exam week). The portfolio will consist of the following:

- A digital archive of all of the student's acoustic and electronic projects created over the 8-semester MUC sequence (this can be presented on the web or in physical copy, e.g. DVD, flash drive, etc.)
- A database of performances, performers, etc. (hard copy)
- 3 to 5 scores individually bound and professionally presented (at least one of these scores needs to be for both acoustic instruments and electronic media)
- A curriculum vitae (hard copy)
- A 300-word artist's statement (hard copy)

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Recital

Seniors are responsible for scheduling, preparing for and presenting a 60-minute concert of their music during their final semester. This recital must take place during the semester that the student is registered for Senior Recital, and it is recommended to be before week 15 to allow time for preparing the video for the portfolio. It is expected to be professionally produced in one of the USF SOM halls, most likely in the Barnes Recital Hall. The programming must include works for acoustic instruments, electronic media and work that combines the two. The recital will be assessed on quality of preparation, presentation and professional effectiveness (publicity, draw, archiving, etc.).

Senior Project Concert

Senior composition majors who are registered for Senior Recital will collaborate on and present a concert during the same semester. It will feature music and performances by the seniors primarily, but can involve other performers as well. Unlike the solo senior recital concert, it is required that this concert be off campus. Students have a scheduled meeting time that they can use each week for this purpose. This concert will be assessed on quality of preparation, presentation and professional effectiveness (publicity, draw, archiving, etc.).

Senior Presentation in Composition Seminar

Each senior will give 30-50 minute presentation on their music and issues surrounding it. This can be as a preview to their senior recital. Presentations must be scheduled by week 4, and no presentation will be scheduled after week 14. The presentation will be assessed on content as well as professionalism of presentation.

Composers' Orchestra Composition

Each senior will be required to compose and program a piece written especially for the Composers' Orchestra, an ad-hoc group of performing composition majors assembled for this purpose. The performance may take place in the Senior Recital or Senior Project concert, but it needs to be performed by week 15 at the latest. This final score and recording will be provided with the portfolio in addition to the 3-5 scores of other work.

Composition Seminar and Notation Emporium

Seniors in their final semester are expected to participate in the weekly seminar and emporium. Attendance is required and excessive absences or late arrivals can affect the Senior Recital final grade. (See attendance policy) *The Recital Approval form (available on music advisor's door) must be completed and returned to the advisor.*

ADDITIONAL INFORMATION - MUSIC PERFORMANCE B.M.

OTHER REQUIREMENTS

JUNIOR RECITAL FOR BM DEGREES: A public recital (must be shared with another junior recital) will be given during the student's junior year. The student should have achieved junior classification as defined by the university and should be enrolled at the 3000 level in applied music, which would normally occur during a student's third year of study. Credit may be granted to transfer students for junior recitals completed at other institutions. This recital should have been completed during the student's junior year at that institution and a request for recognition of that recital should be made in writing to the applied division coordinator. No studio teacher is under any obligation to accept these transfer recitals.

SENIOR RECITAL FOR BM DEGREE: A public recital will be given during a student's senior year. The student should have achieved senior classification as defined by the university and should be enrolled at the 4000 level in applied music, which would normally occur during a student's fourth year of study. A senior recital performed at another institution will not satisfy graduation requirements for USF. The recital must be performed on the USF campus and the student must be enrolled in the studio of a USF faculty member during the term of said recital unless written permission to deviate from this policy is obtained from the School of Music Director.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

GRADING REQUIREMENT

All music majors must earn at least a C- in every music course required for their degree program. Sequel courses may not be taken until prerequisites are satisfied with appropriate grades or waivers.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

OTHER REQUIREMENTS

JUNIOR RECITAL FOR BM DEGREES: A public recital (must be shared with another junior recital) will be given during the student's junior year. The student should have achieved junior classification as defined by the university and should be enrolled at the 3000 level in applied music, which would normally occur during a student's third year of study. Credit may be granted to transfer students for junior recitals completed at other institutions. This recital should have been completed during the student's junior year at that institution and a request for recognition of that recital should be made in writing to the applied division coordinator. No studio teacher is under any obligation to accept these transfer recitals.

SENIOR RECITAL FOR BM DEGREE: A public recital will be given during a student's senior year. The student should have achieved senior classification as defined by the university and should be enrolled at the 4000 level in applied music, which would normally occur during a student's fourth year of study. A senior recital performed at another institution will not satisfy graduation requirements for USF. The recital must be performed on the USF campus and the student must be enrolled in the studio of a USF faculty member during the term of said recital unless written permission to deviate from this policy is obtained from the School of Music Director.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENT

All music majors must earn at least a C- in every music course required for their degree program. Sequel courses may not be taken until prerequisites are satisfied with appropriate grades or waivers.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation. For questions, MusicAdvise@usf.edu

Plans of Study - Music Performance B.M., with Jazz Studies Concentration

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see <https://www.usf.edu/undergrad/students/civics-literacy.aspx> or talk with your academic advisor.
Items that are critical are marked with a * and are included in the plan for a student to stay on track.

MUSIC PERFORMANCE B.M., WITH PERFORMANCE CONCENTRATION TOTAL DEGREE HOURS: 120

The Music Performance degree is a degree for students who wish to pursue a career in music. Students interested in a B.M. degree may choose between concentrations in: Performance, Contemporary Commercial Music, Jazz Studies, or Acoustic & Electronic Composition. This degree program requires 120 credit hours of study that include private study on the student's principal instrument and participation in ensembles. Additionally, students complete music theory, history and literature sequences, and take additional coursework in their chosen concentration. Graduates from BM programs at USF find themselves in very competitive positions for graduate study and musical careers. Admission into the BM in music degree requires an audition on your major instrument.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

STATE MANDATED COMMON COURSE PREREQUISITES - MUSIC PERFORMANCE B.M.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Music Theory Requirement (12-13 credits)

MUT X111 Music Theory I or MUT X121 Music Theory I-Integrated - 3 credit hours
MUT X112 Music Theory II or MUT X122 Music Theory II-Integrated - 3 credit hours
MUT X116 Music Theory III or MUT X126 Music Theory III-Integrated - 3-4 credit hours
MUT X127 Music Theory IV-Integrated or MUT X117 Music Theory IV - 3 credit hours

Piano Proficiency Requirement (28 credits) - Repeat the course work for 4 semesters.

MVK X111* Keyboard Skills - I - 2 credit hours
MVK X112* Class Instruction - Freshman - Keyboard - 1 credit hour
MVK X121* Keyboard Skills III - 2 credit hours
MVK X122* Keyboard Skills IV - 2 credit hours

* USF accepts competency test credits (Secondary Piano Proficiency by examination).

Student Focus Requirement (4 credits) - This is defined as courses under one of the specified prefixes that constantly maintain the digit 1 or 2 (depending upon which course) while allowing 0-9 to replace each "X." The prefix varies depending upon the student's focus (i.e., Brass, Strings, Woodwinds, etc.) Two examples of possible courses for MVB X011 are MVB 1011 or MVB 1311. Two examples for MVW XX2X are MVW 2223 and MVW 2222.

Repeat the course work for 2 semesters:

MVJ XX1X Applied Music: Jazz - 2 credit hours
MVK XX1X Applied Music: Keyboard - 2 credit hours
MVO XX1X Applied Music: Other - 2 credit hours
MVP XX1X Applied Music: Percussion - 2 credit hours
MVS XX1X Applied Music: Strings - 2 credit hours

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

MVV XX1X Applied Music: Voice - 2 credit hours
MVW XX1X Applied Music: Woodwinds - 2 credit hours
MVH XX1X Historical Instruments - 2 credit hours
MVB XX1X Applied Music: Brasses - 2 credit hours

National Accreditation Requirement (16 credits) - Music program national accreditation requires minimum semesters of exposure in specified coursework.

Repeat the course work for 4 semesters.

MUN X000-X999 Music Ensembles - 4 credit hours

Additional Requirement (4-6 credits)

MUT X272 ET, SS & KBD Harmony I - 1 credit hour
MUT X276 ET, SS & KBD Harmony II - 1 credit hour
MUT X277 ET, SS & KBD Harmony IV - 3 credit hour
MUT X271 ET, SS & KBD Harmony I - 1 credit hour

or

MUT X221 1st YR Sight Singing I - 1 credit hour
MUT X222 1st YR Sight Singing II - 1 credit hour
MUT X226 1st YR Sight Singing I - 1 credit hour
MUT X227 1st YR Sight Singing IV - 1 credit hour

or

MUT X241 Aural Theory I - 1 credit hour
MUT X242 Aural Theory II - 1 credit hour
MUT X246 Aural Theory III - 1 credit hour
MUT X247 Aural Theory IV - 1 credit hour

MUSIC PERFORMANCE REQUIRED COURSES: (47-60 CREDIT HOURS)

MUSIC PERFORMANCE SUPPORTING REQUIRED COURSES: 1 COURSE; 0 CREDITS

The following course is a supporting course for this major. It is required for the major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

All B.M. degree students must register and pass **MUS 2010** for six semesters. A passing grade requires a minimum of seven recorded attendances at School of Music concert/recital events each semester.

MUS 2010 - Recital Attendance **Credit(s): 0**

MUSIC PERFORMANCE MAJOR CORE COURSES: 8 COURSES; 20 CREDIT HOURS

Music Theory: 2 courses; 6 credit hours

MUT 4421 - Eighteenth Century Practice **Credit(s): 3**
MUT 4571 - Twentieth Century Practice **Credit(s): 3**

Music History: 3 courses; 8 credit hours

MUH 3300 - Music History/Medieval and Renaissance **Credit(s): 2**
MUH 3301 - Music History/Baroque and Classic **Credit(s): 3**
MUH 3302 - Music History/Romantic and 20th Century **Credit(s): 3**

MAJOR (RESTRICTED) ELECTIVE: 1 COURSE; 3 CREDIT HOURS

Choose one course from the list below:

MUH 4058 - Intercultural Music in the Twentieth Century **Credit(s): 3**
MUH 4801 - History of Jazz **Credit(s): 3**

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Senior Seminar: 1 course; 1 credit hour

MUS 4935 - Music Senior Seminar **Credit(s): 1**
"S/U" grade only

Basic Conducting: 1 course; 2 credit hours

MUG 3104 - Basic Conducting **Credit(s): 2**

PERFORMANCE CONCENTRATION: 27-40 CREDIT HOURS

CONCENTRATION ELECTIVES: 3-16 CREDIT HOURS

3-16 credit hours of music electives:

Voice performance majors must enroll in **MUS 2201** for a total of 3 credits as part of their Music Electives.

Voice performance majors are required to be competent at the beginning level of French, German, and Italian languages in addition to taking foreign language diction classes offered in the School of Music. Proficiency tests are administered by the Department of World Language Education. If needed, courses 1120 (4 credit hours) and 1120L (lab for 1 credit hour) in each language may be taken in the College of Arts and Sciences for up to 15 credit hours to meet the foreign language proficiency requirement.

Upper division BM voice performance majors may take up to two semesters of opera as a major ensemble.

Students who elect to take applied music beyond their minimal degree requirements will have the option of enrolling in either choral ensembles or in opera.

Performance majors in piano are required to enroll in **MVK 4640** for 4 credits as a part of the Music Electives.

The following requirements for the piano pedagogy emphasis are to be taken as a part of the Music Electives:

MVK 4640 - Piano Pedagogy I
MVK 4641 - Piano Pedagogy II

ADDITIONAL INFORMATION - MUSIC PERFORMANCE B.M.

OTHER REQUIREMENTS

JUNIOR RECITAL FOR BM DEGREES: A public recital (must be shared with another junior recital) will be given during the student's junior year. The student should have achieved junior classification as defined by the university and should be enrolled at the 3000 level in applied music, which would normally occur during a student's third year of study. Credit may be granted to transfer students for junior recitals completed at other institutions. This recital should have been completed during the student's junior year at that institution and a request for recognition of that recital should be made in writing to the applied division coordinator. No studio teacher is under any obligation to accept these transfer recitals.

SENIOR RECITAL FOR BM DEGREE: A public recital will be given during a student's senior year. The student should have achieved senior classification as defined by the university and should be enrolled at the 4000 level in applied music, which would normally occur during a student's fourth year of study. A senior recital performed at another institution will not satisfy graduation requirements for USF. The recital must be performed on the USF campus and the student must be enrolled in the studio of a USF faculty member during the term of said recital unless written permission to deviate from this policy is obtained from the School of Music Director.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENT

All music majors must earn at least a C- in every music course required for their degree program. Sequel courses may not be taken until prerequisites are satisfied with appropriate grades or waivers.

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

MUSIC STUDIES B.A.

TOTAL DEGREE HOURS: 120

The B.A. degree in Music Studies is part of the Provost's Scholars Program (PSP). This is a program in which qualified students who enter USF directly from high school with 18 or more credits will be offered the opportunity to complete their undergraduate education in 3 years. Each selected student will be provided preferred registration privileges so that critical courses are not closed when they register. They will be given summer scholarships if they need to take summer classes and will be given scholarships to help them participate in study abroad programs. PSP students will live in the Honors College Living/Learning Community year 1. Students will be offered the assistance of faculty or off campus mentors, depending upon career goals and will be encouraged to use the fourth year for graduate study here at USF. Participants will not need to take larger academic loads and can take advantage of all that USF has to offer.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

STATE MANDATED COMMON COURSE PREREQUISITES - MUSIC STUDIES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

MUT X111 **or** MUT X121 - 3 credit hours

MUT X112 **or** MUT X122 - 3 credit hours

MUT X116 **or** MUT X126 - 3 credit hours

MUT X117 **or** MUT X127 - 3 credit hours

Select from the following options for 4 credits:

(MUT X241 **and** MUT X242 **and** X246 **and** MUT X247) - 1 credit each for 4 total credit hours

(MUT X221 **and** MUT X222 **and** X226 **and** X227) - 1 credit each for 4 total credit hours

(MUT X271 **and** X272 **and** X276 **and** X277) - 1 credit each for 4 total credit hours

Take 4 semesters of the following coursework: *

MUN XXXX (4 credit hours)

Take 2 semesters of the following coursework: *

MVX XX1X (2-4 credit hours) **

Take 2 semesters of the following coursework: *

MVX XX2X (2-4 credit hours) **

Repeat these courses up to 4 semesters in order to gain piano proficiency: ***

(MVK X111 and MVK X112 and MVK X121 and MVK X122)

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

* Music program national accreditation requires minimum semesters of exposure in specified coursework.

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

** DEFINITIONS: MVxXX1X and MVxXX2X are defined as courses under one of the specified prefixes that constantly maintain the digit 1 or 2 (depending upon which course) while allowing 0-9 to replace each "X." The prefix varies depending upon the student's focus (i.e., Brass, Strings, Woodwinds, etc.) Prefix areas to choose from are MVB, MVH, MVJ, MVK, MVO, MVP, MVS, MVV, and MVW. Two examples of possible courses are MVB1011 or MVP1311. Examples for MVxXX2X are MVW2223 and MVK2222.

*** Or Secondary Piano Proficiency by examination.

REQUIRED COURSES: (26 CREDIT HOURS)

SUPPORTING REQUIRED COURSE: 1 COURSE; 0 CREDIT HOURS

The following course is a prerequisite and supporting course for this major. It is required for the major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

MUS 2010 - Recital Attendance **Credit(s): 0**

Attendance at minimum seven (7) programs per semester for four semesters. Must be registered each semester.

MAJOR CORE COURSES: 7 COURSES; 18 CREDIT HOURS

Academic Courses: 5 courses; 12 credit hours

Jazz Theory: 2 courses; 4 credit hours

* MUT 2641 - Jazz Theory and Improvisation I **Credit(s): 2**

MUT 2642 - Jazz Theory and Improvisation II **Credit(s): 2 ***

* may substitute for MUT 2116 and MUT 2246

Music History: 3 courses; 8 credit hours

MUH 3300 - Music History/Medieval and Renaissance **Credit(s): 2**

Choose 2 of the following 3 courses:

MUH 3301 - Music History/Baroque and Classic **Credit(s): 3**

MUH 3302 - Music History/Romantic and 20th Century **Credit(s): 3**

MUH 4801 - History of Jazz **Credit(s): 3** [recommended for jazz students]

Music Emphasis: 2 courses; 6 credit hours

Choose only one:

Academic Studies

[cannot share courses used for Music Electives]

Choose two (2) of the following:

MUC 2301 - Introduction To Electronic Music **Credit(s): 3**

MUH 2020 - The History of Blues and Rock **Credit(s): 3**

MUH 2051 - Folk and Traditional Music of World Cultures **Credit(s): 3**

MUH 3016 - Survey of Jazz **Credit(s): 3**

MUL 3011 - Western Art Music in Your Life **Credit(s): 3**

MUH 4058 - Intercultural Music in the Twentieth Century **Credit(s): 3**

MUT 2117 - Music Theory IV **Credit(s): 3**

or

MUT 2247 - Aural Theory IV **Credit(s): 1**

MUT 4421 - Eighteenth Century Practice **Credit(s): 3**

MUT 4571 - Twentieth Century Practice **Credit(s): 3**

Applied Studies

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Completion of Junior Level (MVX 333X) & Junior Recital
Two additional terms of major ensemble

MAJOR (RESTRICTED) ELECTIVES: 8 CREDIT HOURS

Electives: Music credits beyond those required may be used as program electives.

Keyboard Skills - Piano proficiency at Level 2 required by testing or course(s).
Other music courses which are not used for Music Emphasis.

MUT 3353/MUT 3354 and MUT 3663/MUT 3664 are recommended for jazz students.

ADDITIONAL INFORMATION - MUSIC STUDIES B.A.

OTHER REQUIREMENTS

Junior Recital for BA Degree: A public recital (must be shared with another junior recital) will be given during the student's junior year. The student should have achieved junior classification as defined by the university and should be enrolled at the 3000 level in applied music, which would normally occur during a student's third year of study. Credit may be granted to transfer students for junior recitals completed at other institutions. This recital should have been completed during the student's junior year at that institution and a request for recognition of that recital should be made in writing to the applied division coordinator. No studio teacher is under any obligation to accept these transfer recitals.

GPA REQUIREMENT

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENTS

C- is the minimum acceptable grade for music courses.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

OTHER INFORMATION

Revocation of Awards

Scholarship awards may be revoked if students

Fail to maintain full-time status (12 credit hours)

Fail to maintain required GPA

Fail to participate in appropriate ensembles (as determined by applied teachers and ensemble directors)

Switch major area of study outside of music

Fail to perform satisfactorily in applied lessons or major ensemble(s)

Fail to maintain satisfactory progress in academic studies in music

Repayment of award will be sought from any student who drops out of school, drops out of ensemble/applied music participation, or fails to maintain 12 credit hours during a semester in which they have received an award.

SCHOOL OF THEATRE AND DANCE

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

DANCE B.A., WITH DANCE STUDIES CONCENTRATION

TOTAL DEGREE HOURS: 120

The focus of this degree is to enable the student to combine dance with another area of interest and encourage the development of an individualized program of study through the selection of general education requirements as well as a focused selection of elective courses. The selection of electives should be designed to provide each student with the maximum value of a liberal arts education within a focused area of study. A student with additional interest in another field (e.g., African Studies, Anthropology, Communications, Education, Health Science, History, Psychology, Religious Studies, Theatre, Women's Studies, etc.) should complete a focused study in that area along with the core of study in dance. Each student is required to develop a final independent project incorporating dance with their focused study. Dance students must continue to take at least one technique course each semester. At the end of the third semester, the faculty will determine if appropriate progression has been made for continuation in the B.A. Dance major.

SPECIALIZED ADMISSIONS - DANCE B.A.

THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

The B.A. in Dance is a **specialized admissions program** and is designed to provide students with a comprehensive core of study in Studio Technique, Choreographic Studies, and Dance Studies. After applying to USF, visit the Dance Admissions page to schedule and prepare for your audition. Auditions are required for admission to the dance program. To become a USF dance major you must be 1) admitted into the University of South Florida; and 2) accepted by the dance department through the audition process.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - DANCE B.A.

Critiques

All students will be evaluated periodically by the faculty and critiqued each semester and will participate in progress conferences with the faculty.

If a student evidences deficiency in some area or in continuing progress toward the degree, the student may be placed on probation within the Dance program.

Failure to make satisfactory progress after being placed on probation shall constitute grounds for program recommendation to drop and discontinue the major.

Additional Standards

In addition to meeting the specific requirements and standards discussed above, the student and advisor will periodically evaluate the student's general progress. Students are required to meet with the Academic Advisor in Dance each semester. An unsatisfactory rating in one or more of the following areas could place the student on probation. A student on probation is given a specific amount of time to achieve a satisfactory rating before being dropped from the major program. The criteria include:

Appropriate academic progress.

Adequate technical skills and adaptability.

B average in concentration core studio technique classes.

Adequate physical conditioning that includes: nutrition, flexibility, strength, and healthful weight management necessary to facilitate safe technical and artistic expression.

Class probation and program probation require review, i.e., reinstatement in good standing or recommendation to drop major.

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

STATE MANDATED COMMON COURSE PREREQUISITES - DANCE B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Although credit or elective credit toward the major will be given for these courses, placement in upper-level technique classes will continue to be based on individual proficiency. Other technique courses in other styles of dance may be accepted toward the major on a case-by-case basis at the discretion of the university. Transfer dance credits must be evaluated by faculty and dance advisor at time of entrance.

DAN X610 Music and Dance (two course sequence) - 3 credit hours

TPA X200 or TPA X223 or TPA X232 - 3 credit hours

DAA X200-X209* - 3 credit hours

DAA X100-X109** - 3 credit hours

*Up to 10 credit hours of any lower-level Ballet Technique courses within the X200-X209 taxonomy.

**Up to 10 credit hours of any lower level-Modern Technique courses within the X100-X109 taxonomy.

REQUIRED COURSES: (72 CREDIT HOURS)

MAJOR CORE COURSES: 14 COURSES; 30 CREDIT HOURS

Dance Studies Requirement: 7 courses; 18 credit hours

DAN 2100 - Understanding the Dance Experience **Credit(s): 3**

DAN 2160 - Entry Seminar **Credit(s): 2**

DAN 4162 - Research in Dance I **Credit(s): 3**

DAN 4163 - Research in Dance II **Credit(s): 2**

DAN 4906 - Directed Study **Credit(s): 1-5** (Independent Research Project)

CONCENTRATION STUDIO TECHNIQUE REQUIREMENT: 5 COURSES; 26 CREDIT HOURS

Dance BA majors are required to achieve level 3 in one of the technique dance forms and level 2 in the other dance form. All dance majors are required to register for at least one technique course each semester (fall and spring) they are enrolled as a dance major at USF, even after they have met

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

the appropriate level requirement. Progression to the required level assumes that the student will need to complete 2 semesters of level 1 and level 2 in both techniques. All incoming first-year majors* start in Level 1 in the Modern course sequence and take the following:

DAA 2104 - Modern Dance I **Credit(s): 2**
DAA 3108 - Modern Dance II **Credit(s): 1-3**

In the Ballet course sequence, all incoming students begin based on their audition placement. If placed in Level 1, students take the following:

DAA 2204 - Ballet I **Credit(s): 2**
DAA 3214 - Ballet II **Credit(s): 1-3**

In their third year, following the above model, students can take either of the following to fulfill their technique level requirement:

DAA 3109 - Modern Dance III **Credit(s): 1-3**
OR
DAA 3209 - Ballet III **Credit(s): 1-3**

In their fourth year, students continue to take at least one technique course each semester. Variable credit hours for studio technique courses are available once the degree concentration requirement has been met. Please check in with your academic advisor with any questions.

*Incoming transfers may be placed at a higher level within the modern technique sequence.

CONCENTRATION PERFORMANCE REQUIREMENT: 1 COURSE; 1 CREDIT HOUR

Dance BA majors are required to register for at least one performance credit. As a part of the curriculum within the USF Dance Department, majors are expected to participate in the co-curricular Dance Concert(s). Majors may be in more than this number of works throughout their time at USF, but each major must enroll in at least the required number of credits. Please check in with your academic advisor with any questions.

DAA 4687 - Performance **Credit(s): 1-2**

CONCENTRATION INTERDISCIPLINARY STUDIES REQUIREMENT: 3 COURSES; 9 CREDIT HOURS

Students choose 9 credit hours of focused electives in the other area of interest in consultation with the advisor.

ADDITIONAL INFORMATION - DANCE B.A.

FOREIGN LANGUAGE REQUIREMENT

All Students earning a BA degree in Dance must complete the Foreign Language Exit Requirement.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

A student must receive a C grade or better in required prerequisite courses and major course for Dance majors.

RESIDENCY REQUIREMENT

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Department and College of The Arts Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

RESEARCH OPPORTUNITIES

Note: Students in the B.A. take two Research courses as part of their degree program and complete an independent research project.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

Dance B.A., with Dance Studies Concentration - 4 Year Plan of Study

This plan assumes that the Dance BA Major was placed into the major at Level 1 in both techniques, and that the Major is beginning in the Fall semester. Please contact your advisor with any questions.

YEAR 1

SEMESTER 1 (FALL)

- * DAN 2160 - Entry Seminar **Credit(s): 2**
 - DAA 2104 - Modern Dance I **Credit(s): 2**
 - DAA 2204 - Ballet I **Credit(s): 2**
 - DAN 3584 - Technical Theatre in Dance **Credit(s): 2**
 - ENC 1101 - Composition I **Credit(s): 3**
 - SGEM - General Education Core Mathematics **Credit(s): 3**
- NOTE:** SCIV - Civics Literacy requirement needs to be fulfilled prior to graduation. See advisor.
Total Credit Hours: 14

SEMESTER 2 (SPRING)

- DAA 2104 - Modern Dance I **Credit(s): 2**
 - DAA 2204 - Ballet I **Credit(s): 2**
 - DAA 3395 - World Dance Topics **Credit(s): 1**
 - DAA 3624 - Dance Improvisation **Credit(s): 2**
 - ENC 1102 - Composition II **Credit(s): 3**
 - 6AMT - State Computation Requirement **Credit(s): 3**
- Elective outside the major (Focused elective) **Credit(s): 3**
Total Credit Hours: 16

SEMESTER 3 (SUMMER)

- AMH 2020 - American History II **Credit(s): 3**
 - OR POS 2041 - American National Government **Credit(s): 3**
 - SGEH - General Education Core Humanities **Credit(s): 3**
- NOTE:** SGES - General Education Core Social Sciences and SCIV - Civics Literacy requirements are met with AMH 2020 or POS 2041
Total Credit Hours: 6

YEAR 2

SEMESTER 4 (FALL)

- * DAA 3614 - Choreography I **Credit(s): 2**
 - DAA 3108 - Modern Dance II **Credit(s): 1-3** (take for 3 credits)
 - DAA 3214 - Ballet II **Credit(s): 1-3** (take for 3 credits)
 - DAN 2100 - Understanding the Dance Experience **Credit(s): 3**
 - TGEI - Information and Data Literacy **Credit(s): 3**
- Elective outside the major (Focused elective) **Credit(s): 3**
NOTE: TGEC - Creative Thinking requirement is met with DAN 2100
Total Credit Hours: 17

SEMESTER 5 (SPRING)

- * DAA 3615 - Choreography II **Credit(s): 2**
 - DAA 3108 - Modern Dance II **Credit(s): 1-3** (take for 3 credits)
 - DAA 3214 - Ballet II **Credit(s): 1-3** (take for 3 credits)
 - DAN 3714 - Dance Kinesiology **Credit(s): 3**
 - TGED - Human & Cultural Diversity **Credit(s): 3**
- Total Credit Hours: 14**

SEMESTER 6 (SUMMER)

- SGEN - General Education Core Natural Sciences **Credit(s): 3**
- Total Credit Hours: 3**

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

YEAR 3

SEMESTER 7 (FALL)

- * DAA 4616 - Choreography III **Credit(s): 2**
- * DAA 3109 - Modern Dance III **Credit(s): 1-3** (take for 3 credits)
OR DAA 3209 - Ballet III **Credit(s): 1-3**
- DAN 4134 - Ballet History **Credit(s): 3**
- DAN 4162 - Research in Dance I **Credit(s): 3**
- TGEE - Ethical Reasoning & Civic Engagement **Credit(s): 3**
- Total Credit Hours: 14**

SEMESTER 8 (SPRING)

- * DAA 4617 - Choreography IV **Credit(s): 2**
- * DAA 3109 - Modern Dance III **Credit(s): 1-3** (take for 3 credits)
OR DAA 3209 - Ballet III **Credit(s): 1-3**
- DAA 3686 - Junior Performance Project **Credit(s): 1**
- DAN 4135 - 20th Century Dance History **Credit(s): 3**
- DAN 4163 - Research in Dance II **Credit(s): 2**
- Elective outside the major (Focused elective) **Credit(s): 3**
- Total Credit Hours: 14**

SEMESTER 9 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.
Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 4

SEMESTER 10 (FALL)

- * DAN 4180 - Dance Senior Seminar **Credit(s): 2**
- DAA 3109 - Modern Dance III **Credit(s): 1-3**
OR DAA 3209 - Ballet III **Credit(s): 1-3**

- SGEH - General Education Core Humanities **Credit(s): 3**
- Focused Elective **Credit(s): 3**
- Foreign Language I **Credit(s): 4**
- Total Credit Hours: 13-15**

SEMESTER 11 (SPRING)

- DAA 3109 - Modern Dance III **Credit(s): 1-3**
OR DAA 3209 - Ballet III **Credit(s): 1-3**
- DAA 4687 - Performance **Credit(s): 1-2** (take for 1 credit)
- DAN 4906 - Directed Study **Credit(s): 1-5** (Independent Research Project)
- Foreign Language II **Credit(s): 4**
- General Elective **Credit(s): 3-6**
- Apply for Graduation
- Total Credit Hours: 10-14**

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

DANCE B.F.A., WITH BALLET CONCENTRATION

TOTAL HOURS: 120

The B.F.A. in Dance (Ballet or Modern concentrations) offers professional preparation, which includes extensive study in Studio Technique, Choreographic Studies, and Dance Studies. The focus of this degree is the development of dancers who will enter the professional world of dance/arts as performers and choreographers. Beyond the expectations for continuing opportunities for performance, students selecting the B.F.A. will develop and present solo and group senior choreographic projects.

SPECIALIZED ADMISSIONS - DANCE B.F.A.

THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

The B.F.A. is a **specialized admissions program**. Students must participate in a selective admissions procedure. At the end of their third semester, students will be assessed by Dance faculty to determine eligibility for continuing in the BFA Dance Major. Dancers must continue to take technique courses throughout their degree program.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

PROGRESSION REQUIREMENTS - DANCE B.F.A.

Critiques

All students will be evaluated periodically by the faculty and critiqued each semester and will participate in progress conferences with the faculty.

If a student evidences deficiency in some area or in continuing progress toward the degree, the student may be placed on probation within the Dance program.

Failure to make satisfactory progress after being placed on probation shall constitute grounds for program recommendation to drop and discontinue the major.

Additional Standards

In addition to meeting the specific requirements and standards discussed above, the student and advisor will periodically evaluate the student's general progress. Students are required to meet with the Academic Advisor in Dance each semester. An unsatisfactory rating in one or more of the following areas could place the student on probation. A student on probation is given a specific amount of time to achieve a satisfactory rating before being dropped from the major program. The criteria include:

Appropriate academic progress.

Adequate technical skills and adaptability.

B average in concentration core studio technique classes.

Physical conditioning that includes: nutrition, flexibility, strength, and healthful weight management necessary to facilitate safe technical and artistic expression.

Class probation and program probation require review, i.e., reinstatement in good standing or recommendation to drop major.

STATE MANDATED COMMON COURSE PREREQUISITES - DANCE B.F.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Although credit or elective credit toward the major will be given for these courses, placement in upper-level technique classes will continue to be based on individual proficiency. Other technique courses in other styles of dance may be accepted toward the major on a case-by-case basis, at the discretion of the University. Transfer dance credits must be evaluated by faculty and the Dance advisor at time of entrance.

Any 24 credit hours from the following 30 hours will be accepted toward the major:

DAA X610 Dance Composition/Choreography - 2 credit hours
DAA X611 Dance Composition/Choreography - 2 credit hours
DAA X680 Performance I * - 1 credit hour
DAA X681 Performance II * - 1 credit hour
DAA X200-X209 Dance, Emphasis on Activity ** - 8 credit hours
DAA X100-X109 Dance, Emphasis on Activity *** - 8 credit hours
DAN X610 Music and Dance (Two course sequence) or DAN X600 (single course) - 3 credit hours
DAN X611 or DAN X601 - 3 credit hours

*Or any lower-level Repertory course in the X400-X499 series up to 4 credit hours.

**Up to 8 credit hours of any lower-level Ballet Technique courses within the X200-X209 taxonomy.

***Up to 8 credit hours of any lower-level Modern Technique courses within the X100-X109 taxonomy.

REQUIRED COURSES: (80 CREDIT HOURS)

DANCE B.F.A. MAJOR CORE COURSES: 14 COURSES; 30 CREDIT HOURS

DANCE STUDIES: 7 COURSES; 18 CREDIT HOURS

DAN 2100 - Understanding the Dance Experience **Credit(s): 3**
DAN 2160 - Entry Seminar **Credit(s): 2**
DAN 3584 - Technical Theatre in Dance **Credit(s): 2**
DAN 3714 - Dance Kinesiology **Credit(s): 3**
DAN 4134 - Ballet History **Credit(s): 3**
DAN 4135 - 20th Century Dance History **Credit(s): 3**
DAN 4180 - Dance Senior Seminar **Credit(s): 2**

CREATIVE STUDIO STUDIES: 7 COURSES; 12 CREDIT HOURS

DAA 3395 - World Dance Topics **Credit(s): 1**
DAA 3614 - Choreography I **Credit(s): 2**
DAA 3615 - Choreography II **Credit(s): 2**
DAA 3624 - Dance Improvisation **Credit(s): 2**
DAA 3686 - Junior Performance Project **Credit(s): 1**
DAA 4616 - Choreography III **Credit(s): 2**
DAA 4617 - Choreography IV **Credit(s): 2**

BALLET CONCENTRATION: 13 COURSES; 50 CREDIT HOURS

All Dance BFA Majors with a Ballet Concentration must take these courses:

CONCENTRATION DANCE STUDIES REQUIREMENT: 3 COURSES; 7 CREDIT HOURS

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

DAE 4340 - Dance Pedagogy: Secondary Curriculum **Credit(s): 3**

DAE 4340L - Dance Pedagogy: Internship **Credit(s): 1**

DAN 4434 - Laban Movement Analysis **Credit(s): 3**

CONCENTRATION CREATIVE STUDIO REQUIREMENT: 1 COURSE; 2 CREDIT HOURS

DAA 4694 - Senior Choreography Project **Credit(s): 1-5** (x2 semesters = 2 credits)

CONCENTRATION STUDIO TECHNIQUE: 7 COURSES; 34 CREDIT HOURS

Dance BFA majors with a Ballet Concentration are required to achieve level 4 in ballet technique and level 2 in modern technique. All dance majors are required to register for at least one technique course each semester (fall and spring) they are enrolled as a dance major at USF, even after they have met the appropriate level requirement. Progression to the required level assumes that the student will need to complete 2 semesters of level 1 and level 2 in both techniques.

All incoming first-year majors* start in Level 1 in the Modern course sequence and take the following to fulfill the Ballet concentration requirements:

DAA 2104 - Modern Dance I **Credit(s): 2**

DAA 3108 - Modern Dance II **Credit(s): 1-3**

In the Ballet course sequence, all incoming students begin based on their audition placement. If placed in Level 1, students take the following in progression each year to fulfill the Ballet concentration requirements:

DAA 2204 - Ballet I **Credit(s): 2**

DAA 3214 - Ballet II **Credit(s): 1-3**

DAA 3209 - Ballet III **Credit(s): 1-3**

DAA 4211 - Ballet IV **Credit(s): 1-3**

DAA 3294 - Ballet Variations **Credit(s): 1**

Reminder, dance majors students continue to take at least one technique course each semester. Variable credit hours for studio technique courses are available once the degree concentration requirement has been met; Please check in with your academic advisor with any questions.

*Incoming transfers may be placed at a higher level within the modern technique sequence.

CONCENTRATION PERFORMANCE REQUIREMENT: 1 COURSE; 4 CREDIT HOURS

Dance BFA majors with a Ballet concentration are required to register for at least four performance credits. As a part of the curriculum within the USF Dance Department, majors are expected to participate in the co-curricular Dance Concert(s). Majors may be in more than this number of works throughout their time at USF, but each major must enroll in at least the required number of credits. Please check in with your academic advisor with any questions.

DAA 4687 - Performance **Credit(s): 1-2** (repeated for total 4 credits)

CONCENTRATION ELECTIVES: 1 COURSE; 3 CREDIT HOURS

Students are encouraged to take additional 2000-, 3000- or 4000-level Dance and Theatre courses to fulfill the remaining general elective requirement for the concentration.

Please consult Catalog for full listing of Dance and Theatre course titles and consult Oasis for current selected topics courses.

ADDITIONAL INFORMATION - DANCE B.F.A.

GPA REQUIREMENTS

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENTS

A student must receive a C grade or better in required prerequisite courses and major course for Dance majors.

RESIDENCY REQUIREMENT

Department and College of The Arts Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ACCREDITATION INFORMATION - DANCE B.A./B.F.A.

The University of South Florida is an accredited institutional member of the National Association of Schools of Dance (NASD).

ADVISING INFORMATION - SCHOOL OF THEATRE AND DANCE

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

For questions, TheatreAndDance@usf.edu

Plans of Study - Dance B.F.A., with Ballet Concentration

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see <https://www.usf.edu/undergrad/students/civics-literacy.aspx> or talk with your academic advisor.

Items that are critical are marked with a * and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

Performer

Choreographer

Art, Drama, and Music Teacher

Potential Entry Level Salary Range:

\$20,000 - \$40,000

Dance B.F.A., with Ballet Concentration - 2 Year Plan of Study

This plan assumes that the Dance BFA Major with a Ballet Concentration was placed into the major at the Level 3 ballet technique and Level 1 in modern dance technique, that the Major has fulfilled their general education requirements, that the Major has qualifying transfer credit for Choreography 1 and 2, and that the Major is beginning in the Fall semester. There are separate plans for those starting in the Spring and for completing the degree in 2.5-3 years. Please contact your advisor for these plans.

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Although credit or elective credit toward the major will be given for these courses, placement in upper-level technique classes will continue to be based on individual proficiency. Other technique courses in other styles of dance may be accepted toward the major on a case-by-case basis, at the discretion of the University. Transfer dance credits must be evaluated by faculty and the Dance advisor at time of entrance.

Any 24 credit hours from the following 30 hours will be accepted toward the major:

DAA X610 Dance Composition/Choreography - 2 credit hours
DAA X611 Dance Composition/Choreography - 2 credit hours
DAA X680 Performance I * - 1 credit hour
DAA X681 Performance II * - 1 credit hour
DAA X200-X209 Dance, Emphasis on Activity ** - 8 credit hours
DAA X100-X109 Dance, Emphasis on Activity *** - 8 credit hours
DAN X610 Music and Dance (Two course sequence) or DAN X600 (single course) - 3 credit hours
DAN X611 or DAN X601 - 3 credit hours

*Or any lower-level Repertory course in the X400-X499 series up to 4 credit hours.

**Up to 8 credit hours of any lower-level Ballet Technique courses within the X200-X209 taxonomy.

***Up to 8 credit hours of any lower-level Modern Technique courses within the X100-X109 taxonomy.

CONCENTRATION DANCE STUDIES REQUIREMENT: 3 COURSES; 7 CREDIT HOURS

COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

DAA 4340 - Dance Pedagogy: Secondary Curriculum **Credit(s): 3**

DAA 4340L - Dance Pedagogy: Internship **Credit(s): 1**

DAN 4434 - Laban Movement Analysis **Credit(s): 3**

CONCENTRATION CREATIVE STUDIO REQUIREMENT: 1 COURSE; 2 CREDIT HOURS

DAA 4694 - Senior Choreography Project **Credit(s): 1-5** (x2 semesters = 2 credits)

CONCENTRATION STUDIO TECHNIQUE REQUIREMENT: 6 COURSES; 32 CREDIT HOURS

Dance BFA majors with a Modern Dance Concentration are required to achieve level 4 in modern dance technique and level 2 in ballet technique. All dance majors are required to register for at least one technique course each semester (fall and spring) they are enrolled as a dance major at USF, even after they have met the appropriate level requirement. Progression to the required level assumes that the student will need to complete 2 semesters of level 1 and level 2 in both techniques.

All incoming first-year majors* start in Level 1 in the Modern course sequence and take the following to fulfill the Modern Dance concentration requirements:

DAA 2104 - Modern Dance I **Credit(s): 2**

DAA 3108 - Modern Dance II **Credit(s): 1-3**

DAA 3109 - Modern Dance III **Credit(s): 1-3**

DAA 4110 - Modern Dance IV **Credit(s): 1-4**

In the Ballet course sequence, all incoming students begin based on their audition placement. If placed in Level 1, students take the following in progression each year to fulfill the Modern Dance Concentration requirements:

DAA 2204 - Ballet I **Credit(s): 2**

DAA 3214 - Ballet II **Credit(s): 1-3**

Reminder, dance majors students continue to take at least one technique course each semester. Variable credit hours for studio technique courses are available once the degree concentration requirement has been met; Please check in with your academic advisor with any questions.

*Incoming transfers may be placed at a higher level within the modern technique sequence.

CONCENTRATION PERFORMANCE REQUIREMENT: 1 COURSE; 4 CREDIT HOURS

Dance BFA majors with a Modern Dance concentration are required to register for at least four performance credits. As a part of the curriculum within the USF Dance Department, majors are expected to participate in the co-curricular Dance Concert(s). Majors may be in more than this number of works throughout their time at USF, but each major must enroll in at least the required number of credits. Please check in with your academic advisor with any questions.

DAA 4687 - Performance **Credit(s): 1-2** (repeated for total 4 credits)
