MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- ISS 3010 - Introduction to the Social Sciences Credit(s): 3
- ISS 3300 - Research Methods in Social Sciences Credit(s): 3
- ISS 4935 - Seminar in the Social Sciences Credit(s): 3

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

Diversity and Global Context Courses (2-3 courses; 6-9 credit hours)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900).
Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 - Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor).
- International Studies (Courses with INR, CPO prefixes, except INR 4900).
- Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910).
- Upper-Level Courses (3000-/4000-level courses with ISS prefix).

INTERDISCIPLINARY SOCIAL SCIENCES CONCENTRATIONS (12-15 CREDIT HOURS)

Students choose one (1) concentration area from the following:

- Africana Studies
- Aging Sciences
- American Studies
- Anthropology
- Communication
- Communication Sciences and Disorders
- Criminology
- Deaf Studies
- Economics
- Environmental Science and Policy
- Geography
- Government and Global Affairs
- History
- Humanities
- Information Studies
- Integrated Community Research
- International Studies
- Latin American, Caribbean, and Latino Studies
- Mass Communications
- Multidisciplinary Behavioral Sciences
- Political Science
- Psychology
- Public Administration
- Public Health
- Religious Studies
- Social Relations and Policy
- Sociology
- Women's and Gender Studies

RELIGIOUS STUDIES CONCENTRATION

CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)

- REL 3040 - Introduction to Religious Studies Credit(s): 3
- Choose 3 courses (9 credit hours) of 3000-/4000-level coursework with a REL prefix

ADDITIONAL INFORMATION - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

OTHER REQUIREMENTS

- Students declare two concentrations.
- American Sign Language will satisfy the Foreign Language Exit Requirement.

GPA REQUIREMENTS

Students must maintain a minimum grade point average of 2.0 in the major to graduate.
GRADING REQUIREMENTS

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct social scientific research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Dr. Byron Miller at bamille3@usf.edu, for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology or ISS course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Thesis (SYA/ISS 4910 and the thesis itself).

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CAS Academic Advisor Contact information can be found here: CAS Advisors

Plans of Study - Interdisciplinary Social Sciences B.A., with Religious Studies Concentration
### Interdisciplinary Social Sciences B.A., with Religious Studies Concentration - 2 Year Plan of Study

#### YEAR 1

**SEMESTER 1 (FALL)**

- **ISS 3010** - Introduction to the Social Sciences [Credit(s): 3]
- **STA 2122** - Social Science Statistics [Credit(s): 3]
- Concentration Elective [Credit(s): 3]
- Concentration Elective [Credit(s): 3]
  
  Total Credit Hours: 12

**SEMESTER 2 (SPRING)**

- Concentration Elective [Credit(s): 3]
- Concentration Elective [Credit(s): 3]
- Diversity and Global Context [Credit(s): 3]
- Diversity and Global Context [Credit(s): 3]
- Foreign Language Exit [Credit(s): 4]
  
  Total Credit Hours: 16

**SEMESTER 3 (SUMMER)**

- Foreign Language Exit [Credit(s): 4]
- Upper-Level Elective [Credit(s): 3]
  
  Total Credit Hours: 7

#### YEAR 2

**SEMESTER 4 (FALL)**

- **ISS 3300** - Research Methods in Social Sciences [Credit(s): 3]
- Concentration Elective [Credit(s): 3]
- Concentration Elective [Credit(s): 3]
- Diversity and Global Context [Credit(s): 3]
  
  Total Credit Hours: 12

**SEMESTER 5 (SPRING)**

- **ISS 4935** - Seminar in the Social Sciences [Credit(s): 3]
- Concentration Elective [Credit(s): 3]
- Concentration Elective [Credit(s): 3]
- Upper-Level Elective [Credit(s): 4]
Interdisciplinary Social Sciences B.A., with Religious Studies Concentration - 4 Year Plan of Study

YEAR 1

SEMMETER 1 (FALL)

- ENC 1101 - Composition I Credit(s): 3
- SGEH - General Education Core Humanities Credit(s): 3
- SGEM - General Education Core Mathematics Credit(s): 3
- SGES - General Education Core Social Sciences Credit(s): 3
- Civics Literacy Exam
  Total Credit Hours: 12

SEMMETER 2 (SPRING)

- ENC 1102 - Composition II Credit(s): 3
- STA 2122 - Social Science Statistics Credit(s): 3
- TGEC - Creative Thinking Credit(s): 3
- TGED - Human & Cultural Diversity Credit(s): 3
- TGEI - Information and Data Literacy Credit(s): 3
  Total Credit Hours: 15

SEMMETER 3 (SUMMER)

Please consider pursing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 2

SEMMETER 4 (FALL)

- ISS 3010 - Introduction to the Social Sciences Credit(s): 3
- SGEN - General Education Core Natural Sciences Credit(s): 3
- Concentration Elective Credit(s): 3
- Diversity and Global Context Credit(s): 3
- Introductory courses in a Social Sciences discipline Credit(s): 3
  Total Credit Hours: 15

SEMMETER 5 (SPRING)

- Concentration Elective Credit(s): 3
- Concentration Elective Credit(s): 3
- Diversity and Global Context Credit(s): 3
- General/Unrestricted Elective Credit(s): 3
  Total Credit Hours: 12

SEMMETER 6 (SUMMER)

- Diversity and Global Context Credit(s): 3
  Total Credit Hours: 3

YEAR 3
SEMESTER 7 (FALL)
- Concentration Elective Credit(s): 3
- Concentration Elective Credit(s): 3
- Concentration Elective Credit(s): 3
- Foreign Language Exit Credit(s): 4
- General/Unrestricted Elective Credit(s): 3
Total Credit Hours: 16

SEMESTER 8 (SPRING)
- ISS 3300 - Research Methods in Social Sciences Credit(s): 3
- Concentration Elective Credit(s): 3
- Concentration Elective Credit(s): 3
- Foreign Language Exit Credit(s): 4
- General/Unrestricted Elective Credit(s): 3
Total Credit Hours: 16

SEMESTER 9 (SUMMER)
- General/Unrestricted Elective Credit(s): 3
- General/Unrestricted Elective Credit(s): 3
Total Credit Hours: 6

YEAR 4

SEMESTER 10 (FALL)
- ISS 4935 - Seminar in the Social Sciences Credit(s): 3
- TGEE - Ethical Reasoning & Civic Engagement Credit(s): 3
- Upper-Level Elective Credit(s): 3
- Upper-Level Elective Credit(s): 3
- Apply for Graduation
Total Credit Hours: 12

SEMESTER 11 (SPRING)
- TGEE - High Impact Practice - INT - Internship Credit(s): 3
- General/Unrestricted Elective Credit(s): 3
- General/Unrestricted Elective Credit(s): 3
- General/Unrestricted Elective Credit(s): 3
- General/Unrestricted Elective Credit(s): 4
Total Credit Hours: 13
INTERDISCIPLINARY SOCIAL SCIENCES B.A., WITH SOCIAL RELATIONS AND POLICY CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.
STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours

REQUIRED SUPPORTING COURSE: 1 COURSE, 3 CREDIT HOURS

The following course is a supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics Credit(s): 3

REQUIRED COURSES: (42 CREDIT HOURS)

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- ISS 3010 - Introduction to the Social Sciences Credit(s): 3
- ISS 3300 - Research Methods in Social Sciences Credit(s): 3
- ISS 4935 - Seminar in the Social Sciences Credit(s): 3

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

Diversity and Global Context Courses (2-3 courses; 6-9 credit hours)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900).
Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 - Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor).
International Studies (Courses with INR, CPO prefixes, except INR 4900).
Women's and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910).
Upper-Level Courses (3000-/4000-level courses with ISS prefix).

INTERDISCIPLINARY SOCIAL SCIENCES CONCENTRATIONS (12-15 CREDIT HOURS)

Students choose one (1) concentration area from the following:

- Africana Studies
- Aging Sciences
- American Studies
- Anthropology
- Communication
- Communication Sciences and Disorders
- Criminology
- Deaf Studies
- Economics
- Environmental Science and Policy
- Geography
- Government and Global Affairs
- History
- Humanities
- Information Studies
- Integrated Community Research
- International Studies
- Latin American, Caribbean, and Latino Studies
- Mass Communications
- Multidisciplinary Behavioral Sciences
- Political Science
- Psychology
- Public Administration
- Public Health
- Religious Studies
- Social Relations and Policy
- Sociology
- Women's and Gender Studies

SOCIAL RELATIONS AND POLICY CONCENTRATION

CONCENTRATION REQUIREMENTS (5 COURSES; 15 CREDIT HOURS)

Up to 3 Sociology courses with the following prefixes: SYD, SYO, or SYP (3 credits each course).

- AMH 3562 - American Women II Credit(s): 3
- AMH 3572 - African American History since 1865 Credit(s): 3
- ANT 4302 - Gender in Cross-Cultural Perspective Credit(s): 3
- CLP 4143 - Abnormal Psychology Credit(s): 3
- ECP 3203 - Labor Economics Credit(s): 3
- EDF 3802 - The Dynamics of Unity Credit(s): 3
- GEY 3625 - Sociological Aspects of Aging Credit(s): 3
- GEY 4322 - Care Management for Older Adults Credit(s): 3
- GEY 4647 - Ethical and Legal Issues in Aging Credit(s): 3
- INR 3202 - International Human Rights Credit(s): 3
- LDR 3331 - Leading in the Workplace Credit(s): 3
LDR 4114 - Survey of Leadership Readings Credit(s): 3
LDR 4204 - Ethics and Power in Leadership Credit(s): 3
POS 4693 - Women and Law I Credit(s): 3
SOP 4004 - Social Psychology Credit(s): 3
SOP 4777 - Psychology of Human Sexuality Credit(s): 3
SOW 3101 - Human Behavior and the Social Environment I Credit(s): 3
SOW 3102 - Human Behavior and the Social Environment II Credit(s): 3
SOW 3203 - Introduction to Social Work Credit(s): 3
SOW 3210 - The American Social Welfare System Credit(s): 3
SOW 4522 - Multicultural America in a Global Society Credit(s): 3
SSE 4380 - Global and Multicultural Perspectives in Education Credit(s): 3
SYA 4910 - Individual Research Credit(s): 1-3
SYA 4930 - Topics in Sociology Credit(s): 3

ADDITIONAL INFORMATION - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

OTHER REQUIREMENTS
- Students declare two concentrations.
- American Sign Language will satisfy the Foreign Language Exit Requirement.

GPA REQUIREMENTS
- Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS
- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OPTIONAL HONORS PROGRAM
Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct social scientific research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Dr. Byron Miller at bamille3@usf.edu, for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS
- Junior standing.
- 12 semester hours of Sociology or ISS course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS
- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Thesis (SYA/ISS 4910 and the thesis itself).

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. - ISS 4935 - Seminar in the Social Sciences Credit(s): 3

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

Diversity and Global Context Courses (2-3 courses; 6-9 credit hours)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900).
**Disability Studies (SYO 4430 - Disability and Society, ASL 3514 - Deaf Culture, ISS 3420 - Interdisciplinary Approaches to Disability Studies or special topics courses focused on disability studies, as approved by an advisor).**

**International Studies (Courses with INR, CPO prefixes, except INR 4900).**

**Women’s and Gender Studies (Courses with WST prefix except WST 4900 and WST 4910).**

**Upper-Level Courses (3000-/4000-level courses with ISS prefix).**

**INTERDISCIPLINARY SOCIAL SCIENCES CONCENTRATIONS (12-15 CREDIT HOURS)**

Students choose one (1) concentration area from the following:

- Africana Studies
- Aging Sciences
- American Studies
- Anthropology
- Communication
- Communication Sciences and Disorders
- Criminology
- Deaf Studies
- Economics
- Environmental Science and Policy
- Geography
- Government and Global Affairs
- History
- Humanities
- Information Studies
- Integrated Community Research
- International Studies
- Latin American, Caribbean, and Latino Studies
- Mass Communications
- Multidisciplinary Behavioral Sciences
- Political Science
- Psychology
- Public Administration
- Public Health
- Religious Studies
- Social Relations and Policy
- Sociology
- Women’s and Gender Studies

**SOCIOLOGY CONCENTRATION**

**CONCENTRATION REQUIREMENTS (4 COURSES; 12 CREDIT HOURS)**

- SYG 2000 - Introduction to Sociology Credit(s): 3
- SYA 3110 - Classical Theory Credit(s): 3
- Choose 2 courses (6 credit hours) of 3000-/4000-level coursework with SYA, SYD, SYG, SYO, SYP prefixes

**ADDITIONAL INFORMATION - INTERDISCIPLINARY SOCIAL SCIENCES B.A.**

**OTHER REQUIREMENTS**

- Students declare two concentrations.
- American Sign Language will satisfy the Foreign Language Exit Requirement.

**GPA REQUIREMENTS**

Students must maintain a minimum grade point average of 2.0 in the major to graduate.
GRADING REQUIREMENTS

- A grade of C- or better is required in all core courses.
- No more than two grades of D are acceptable in the major.
- No transfer courses with grades of D are acceptable for credit in the major.

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct social scientific research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Dr. Byron Miller at bamille3@usf.edu, for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology or ISS course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Thesis (SYA/ISS 4910 and the thesis itself).

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student’s official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CAS Academic Advisor Contact information can be found here: CAS Advisors

Total Credit Hours: 12

SEMESTER 11 (SPRING)

- TGEH - High Impact Practice - INT - Internship Credit(s): 3
- General/Unrestricted Elective Credit(s): 3
- General/Unrestricted Elective Credit(s): 3
- General/Unrestricted Elective Credit(s): 4
Total Credit Hours: 13
The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

Students complete an Interdisciplinary Social Sciences program of study that includes completing two concentrations (24 total credit hours) from the following list: Africana Studies, Aging Sciences, American Studies, Anthropology, Communication, Communication Sciences and Disorders, Criminology, Deaf Studies, Economics, Environmental Science and Policy, Geography, Global and Government Affairs, History, Humanities, Information Studies, Integrated Community Research, International Studies, Latin American, Caribbean, and Latino Studies, Mass Communications, Multidisciplinary Behavioral Sciences, Political Science, Psychology, Public Administration, Public Health, Religious Studies, Social Relations and Policy, Sociology and Women's and Gender Studies.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.
STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY SOCIAL SCIENCES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

Select two courses (6 credit hours total) from the following courses within the social sciences:

- ANT XXXX - 3 credit hours
- CPO XXXX - 3 credit hours
- ECO XXXX - 3 credit hours
- GEO XXXX - 3 credit hours
- INR XXXX - 3 credit hours
- ISS XXXX - 3 credit hours
- POS XXXX - 3 credit hours
- SYA XXXX - 3 credit hours
- SYD XXXX - 3 credit hours
- SYG XXXX - 3 credit hours
- SYO XXXX - 3 credit hours
- SYP XXXX - 3 credit hours

REQUIRED SUPPORTING COURSE: 1 COURSE, 3 CREDIT HOURS

The following course is a supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics Credit(s): 3

REQUIRED COURSES: (42 CREDIT HOURS)

MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- ISS 3010 - Introduction to the Social Sciences Credit(s): 3
- ISS 3300 - Research Methods in Social Sciences Credit(s): 3
- ISS 4935 - Seminar in the Social Sciences Credit(s): 3

OTHER REQUIREMENTS (6-9 CREDIT HOURS)

Diversity and Global Context Courses (2-3 courses; 6-9 credit hours)

Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.

If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

The remainder of the 42 hours of major coursework (in addition to major core and concentration requirements) will be selected from courses in the following categories:

- Africana Studies (Courses with AFA, AFH and AFS prefixes, except AFA 4900).
Interdisciplinary Social Sciences Concentrations (12-15 Credit Hours)

Students choose one (1) concentration area from the following:

- Africana Studies
- Aging Sciences
- American Studies
- Anthropology
- Communication
- Communication Sciences and Disorders
- Criminology
- Deaf Studies
- Economics
- Environmental Science and Policy
- Geography
- Government and Global Affairs
- History
- Humanities
- Information Studies
- Integrated Community Research
- International Studies
- Latin American, Caribbean, and Latino Studies
- Mass Communications
- Multidisciplinary Behavioral Sciences
- Political Science
- Psychology
- Public Administration
- Public Health
- Religious Studies
- Social Relations and Policy
- Sociology
- Women's and Gender Studies

Women's and Gender Studies Concentration

Concentration Requirements (4 Courses; 12 Credit Hours)

- WST 3015 - Introduction to Women's Studies Credit(s): 3
  or
- WST 3311 - Issues in Feminism Credit(s): 3
- Choose 3 courses (9 credit hours) of 3000 or 4000 level courses with WST prefix

Additional Information - Interdisciplinary Social Sciences B.A.

Other Requirements

- Students declare two concentrations.
- American Sign Language will satisfy the Foreign Language Exit Requirement.

GPA Requirements
Students must maintain a minimum grade point average of 2.0 in the major to graduate.

GRADING REQUIREMENTS

• A grade of C- or better is required in all core courses.
• No more than two grades of D are acceptable in the major.
• No transfer courses with grades of D are acceptable for credit in the major.

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct social scientific research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Dr. Byron Miller at bamille3@usf.edu, for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

• Junior standing.
• 12 semester hours of Sociology or ISS course work with a major GPA of 3.0 by the end of the semester in which application is made.
• Overall USF GPA of 3.0 or higher.
• Selection and approval of faculty mentor.

COMPLETION REQUIREMENTS

• Completion of all requirements for the major.
• Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
• USF overall and major GPA of at least 3.0.
• Successful completion of the Honors Thesis (SYA/ISS 4910 and the thesis itself).

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

SOCIOLOGY B.A.

TOTAL DEGREE HOURS: 120

The Sociology major is designed to provide students with a broad liberal arts education and a greater understanding and insight into the social systems and processes that bear upon everyday lives. Opportunities for students with Bachelor's degrees in Sociology are quite varied. Some go on to work for human service agencies; others work in personnel, criminal justice, and urban planning; others enter graduate programs in sociology, education, law, medicine, or social work. Toward these ends, all students are encouraged to become skilled in the use of computers and libraries.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)

- **International**: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES- SOCIOLOGY B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed
before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- SYA XXXX or SYD XXXX or SYG XXXX or SYO XXXX or SYP XXXX - 6 credit hours total

**SUPPORTING REQUIRED COURSE: 1 COURSE; 3 CREDIT HOURS**

The following course is a prerequisite and supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics Credit(s): 3
  or its equivalent.

**REQUIRED COURSES: (36 CREDIT HOURS)**

The major consists of a minimum of 36 credit hours of Sociology coursework plus STA 2122 - Social Science Statistics or its equivalent.

**MAJOR CORE COURSES: 4 COURSES; 12 CREDIT HOURS**

The minimum of 36 credit hours in Sociology must include the following four core courses (12 credit hours):

- SYG 2000 - Introduction to Sociology Credit(s): 3 Note: SYG 2000 may be replaced with an upper level sociology elective if a total of 12 or more hours of sociology coursework is completed before declaring a Sociology major.
- SYA 3110 - Classical Theory Credit(s): 3
- SYA 3300 - Research Methods Credit(s): 3
  (PR: STA 2122 - Social Science Statistics or its equivalent)
- SYA 4935 - Seminar in Sociology Credit(s): 3

**GENERAL SOCIOLOGY PROGRAM OR CONCENTRATION REQUIREMENT**

Sociology majors may choose to complete a General Sociology program of study OR an optional area of concentration below by completing one required course and three elective courses (all with a grade of C- or better) listed within the area selected.

- Inequality and Social Justice
- Identity and Community

**GENERAL SOCIOLOGY MAJOR ELECTIVES: 8 COURSES; 24 CREDITS**

The remaining 24 hours of Sociology coursework may be comprised of any upper-level courses offered by the Department of Sociology and Interdisciplinary Social Sciences. In addition, SYG 2010 - Contemporary Social Problems may count toward these 24 hours of electives. No more than six (6) hours can be taken between SYA 4910 - Individual Research and SYA 4949 - Sociological Internship toward the 24 hours of electives.

**ADDITIONAL INFORMATION - SOCIOLOGY B.A.**

**GPA REQUIREMENTS**

- Major GPA (All USF courses which are applied to major requirements): 2.0
- General Education GPA (All USF courses which are applied to General Education requirements): 2.0
- USF GPA: 2.0
- Overall GPA: 2.0

**GRADING REQUIREMENTS**

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.
Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENT

- Department Major Academic Residency Requirement - At least 27 hours of the major coursework must be completed at USF.
- College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.
- USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

INTERNSHIP OPPORTUNITIES

The Sociology Internship (SYA 4949 - Sociological Internship) is offered if the student is concurrently enrolled in SYO 4430 - Disability and Society, SYD 4512 - Sustainable Consumption, and a few other specific courses, and only with permission of the instructor of that course. If you are interested in an internship connected to a specific course, please contact the Internship Coordinator, Dr. Brian Turnbull, at btturnbull1@usf.edu for further guidance and information.

This course (SYA 4949 - Sociological Internship) is taught as an S/U (Satisfactory/Unsatisfactory) grade and only for 1-3 credit hours. Further information about Service Internship opportunities can be found on the Sociology department's webpage at https://www.usf.edu/arts-sciences/departments/sociology/academic-programs/undergraduate/internship-community-engagement/index.aspx

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct sociological research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Erica Toothman at eltoothman@usf.edu for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.
- Completed application submitted and approved by Dr. Erica Toothman, Undergraduate Program Director, eltoothman@usf.edu.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Seminar.
- Successful completion of the Honors Thesis (SYA 4910 and the thesis itself).

RESEARCH OPPORTUNITIES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA.
but will show on an official transcript and document the experience. The Office of Undergraduate Research will assist students in understanding the various course options.

**ADVISING INFORMATION**

**Undergraduate Advising Information**

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CAS Academic Advisor Contact information can be found here: CAS Advisors

SOCIOWOGY B.A., WITH IDENTITY AND COMMUNITY CONCENTRATION

TOTAL DEGREE HOURS: 120

The Sociology major is designed to provide students with a broad liberal arts education and a greater understanding and insight into the social systems and processes that bear upon everyday lives. Opportunities for students with Bachelor's degrees in Sociology are quite varied. Some go on to work for human service agencies; others work in personnel, criminal justice, and urban planning; others enter graduate programs in sociology, education, law, medicine, or social work. Toward these ends, all students are encouraged to become skilled in the use of computers and libraries.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option.
- Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES- SOCIOLOGY B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed
before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- SYA XXXX or SYD XXXX or SYG XXXX or SYO XXXX or SYP XXXX - 6 credit hours total

**SUPPORTING REQUIRED COURSE: 1 COURSE; 3 CREDIT HOURS**

The following course is a prerequisite and supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics Credit(s): 3
  or its equivalent.

**REQUIRED COURSES: (36 CREDIT HOURS)**

The major consists of a minimum of 36 credit hours of Sociology coursework plus STA 2122 - Social Science Statistics or its equivalent.

**MAJOR CORE COURSES: 4 COURSES; 12 CREDIT HOURS**

The minimum of 36 credit hours in Sociology must include the following four core courses (12 credit hours):

- SYG 2000 - Introduction to Sociology Credit(s): 3 Note: SYG 2000 may be replaced with an upper level sociology elective if a total of 12 or more hours of sociology coursework is completed before declaring a Sociology major.
- SYA 3110 - Classical Theory Credit(s): 3
- SYA 3300 - Research Methods Credit(s): 3
  (PR: STA 2122 - Social Science Statistics or its equivalent)
- SYA 4935 - Seminar in Sociology Credit(s): 3

**GENERAL SOCIOLOGY PROGRAM OR CONCENTRATION REQUIREMENT**

Sociology majors may choose to complete a General Sociology program of study OR an optional area of concentration below by completing one required course and three elective courses (all with a grade of C- or better) listed within the area selected.

- Inequality and Social Justice
- Identity and Community

**IDENTITY AND COMMUNITY CONCENTRATION: 8 COURSES; 24 CREDIT HOURS**

The Department of Sociology and Interdisciplinary Social Sciences offers an optional area of concentration in "Identity and Community" for Sociology majors. Courses included in this area of concentration focus on the changing relationships among individuals and their communities in light of technological advances, globalization, environmental crises, political developments, and social problems. This area of concentration will be listed on your official transcript and can be useful as you market your skills to potential employers after graduation.

**CONCENTRATION CORE: 1 COURSE; 3 CREDIT HOURS**

- SYP 4111 - Identity and Community Credit(s): 3

**CONCENTRATION ELECTIVES: 7 COURSES; 21 CREDIT HOURS**

Select nine (9) credit hours of coursework from the list below.

The remaining 12 hours of Sociology coursework may be comprised of any upper-level courses offered by the Sociology and Interdisciplinary Social Sciences department.

- SYA 4121 - Queer Theory Credit(s): 3
• SYD 3700 - Racial and Ethnic Relations Credit(s): 3
• SYD 4238 - Immigrants to America Credit(s): 3
• SYD 4410 - Urban Sociology Credit(s): 3
• SYD 4411 - Urban Life Credit(s): 3
• SYG 3235 - Latina/Latino Lives Credit(s): 3
• SYO 3120 - Sociology of Families Credit(s): 3
• SYO 3200 - Sociology of Religion Credit(s): 3
• SYO 4204 - Religion and Immigration Credit(s): 3
• SYO 4573 - Social Networks Credit(s): 3
• SYP 3562 - Family Violence Credit(s): 3
• SYP 4012 - Emotions in Society Credit(s): 3
• SYP 4420 - Consumer Culture Credit(s): 3
• SYP 4650 - Sport in Society Credit(s): 3
• SYP 4675 - Animals & Society Credit(s): 3
• SYP 4763 - Sociology of Childhood and Youth Credit(s): 3
• SYA 4304 - Sociological Research Experience Credit(s): 1-3 - with approval
• SYA 4910 - Individual Research Credit(s): 1-3 - with approval
• SYA 4949 - Sociological Internship Credit(s): 1-6 - with approval
• SYA 4930 - Topics in Sociology Credit(s): 3

* Approved topics

- Contemporary Bodies
- Transitions to Adulthood
- Self and Society
- Muslims in America
- Social Media and Globalization
- Sociology of Culture
- Afro-Brazilian Culture and Society - summer study abroad course

ADDITIONAL INFORMATION - SOCIOLOGY B.A.

GPA REQUIREMENTS

• Major GPA (All USF courses which are applied to major requirements): 2.0
• General Education GPA (All USF courses which are applied to General Education requirements): 2.0
• USF GPA: 2.0
• Overall GPA: 2.0

GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENT

• Department Major Academic Residency Requirement - At least 27 hours of the major coursework must be completed at USF.
• College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.
• USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.
INTERNSHIP OPPORTUNITIES

The Sociology Internship (SYA 4949 - Sociological Internship) is offered if the student is concurrently enrolled in SYO 4430 - Disability and Society, SYD 4512 - Sustainable Consumption, and a few other specific courses, and only with permission of the instructor of that course. If you are interested in an internship connected to a specific course, please contact the Internship Coordinator, Dr. Brian Turnbull, at bturnbull1@usf.edu for further guidance and information.

This course (SYA 4949 - Sociological Internship) is taught as an S/U (Satisfactory/Unsatisfactory) grade and only for 1-3 credit hours. Further information about Service Internship opportunities can be found on the Sociology department's webpage at https://www.usf.edu/arts-sciences/departments/sociology/academic-programs/undergraduate/internship/community-engagement/index.aspx

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct sociological research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Erica Toothman at eltoothman@usf.edu for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.
- Completed application submitted and approved by Dr. Erica Toothman, Undergraduate Program Director, eltoothman@usf.edu.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Seminar.
- Successful completion of the Honors Thesis (SYA 4910 and the thesis itself).

RESEARCH OPPORTUNITIES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research will assist students in understanding the various course options.

ADVISING INFORMATION

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course
offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

SOCIETY B.A., WITH INEQUALITY AND SOCIAL JUSTICE CONCENTRATION
TOTAL DEGREE HOURS: 120

The Sociology major is designed to provide students with a broad liberal arts education and a greater understanding and insight into the social systems and processes that bear upon everyday lives. Opportunities for students with Bachelor's degrees in Sociology are quite varied. Some go on to work for human service agencies; others work in personnel, criminal justice, and urban planning; others enter graduate programs in sociology, education, law, medicine, or social work. Toward these ends, all students are encouraged to become skilled in the use of computers and libraries.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS & SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts & Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option.
- Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES- SOCIOLOGY B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed.
before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- SYA XXXX or SYD XXXX or SYG XXXX or SYO XXXX or SYP XXXX - 6 credit hours total

**SUPPORTING REQUIRED COURSE: 1 COURSE; 3 CREDIT HOURS**

The following course is a prerequisite and supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- STA 2122 - Social Science Statistics Credit(s): 3
  or its equivalent.

**REQUIRED COURSES: (36 CREDIT HOURS)**

The major consists of a minimum of 36 credit hours of Sociology coursework plus STA 2122 - Social Science Statistics or its equivalent.

**MAJOR CORE COURSES: 4 COURSES; 12 CREDIT HOURS**

The minimum of 36 credit hours in Sociology must include the following four core courses (12 credit hours):

- SYG 2000 - Introduction to Sociology Credit(s): 3 Note: SYG 2000 may be replaced with an upper level sociology elective if a total of 12 or more hours of sociology coursework is completed before declaring a Sociology major.
- SYA 3110 - Classical Theory Credit(s): 3
- SYA 3300 - Research Methods Credit(s): 3
  (PR: STA 2122 - Social Science Statistics or its equivalent)
- SYA 4935 - Seminar in Sociology Credit(s): 3

**GENERAL SOCIOLOGY PROGRAM OR CONCENTRATION REQUIREMENT**

Sociology majors may choose to complete a General Sociology program of study OR an optional area of concentration below by completing one required course and three elective courses (all with a grade of C- or better) listed within the area selected.

- Inequality and Social Justice
- Identity and Community

**INEQUALITY AND SOCIAL JUSTICE CONCENTRATION: 8 COURSES; 24 CREDIT HOURS**

The Department of Sociology and Interdisciplinary Social Sciences offers an optional area of concentration in "Inequality and Social Justice" for Sociology majors. Course included in this area of concentration focus on the political, social, and academic intersections among inequalities and the strategies we can implement to address them in a just manner. This area of concentration will be listed on your official transcript and can be useful as you market your skills to potential employers after graduation.

**CONCENTRATION CORE: 1 COURSE; 3 CREDIT HOURS**

- SYO 4536 - Inequalities and Social Justice Credit(s): 3

**CONCENTRATION ELECTIVES: 7 COURSES; 21 CREDIT HOURS**

Select nine (9) credit hours of coursework from the list below.

The remaining 12 hours of Sociology coursework may be comprised of any upper-level courses offered by the Sociology and Interdisciplinary Social Sciences department.
• SYA 4121 - Queer Theory Credit(s): 3
• SYD 3700 - Racial and Ethnic Relations Credit(s): 3
• SYD 4238 - Immigrants to America Credit(s): 3
• SYD 4512 - Sustainable Consumption Credit(s): 3
• SYD 4800 - Gender and Society Credit(s): 3
• SYG 3011 - Social Problems Through Film Credit(s): 3
• SYG 3235 - Latina/Latino Lives Credit(s): 3
• SYO 3120 - Sociology of Families Credit(s): 3
• SYO 3530 - Social Inequalities in a Global Society Credit(s): 3
• SYO 4204 - Religion and Immigration Credit(s): 3
• SYO 4250 - Sociology of Education Credit(s): 3
• SYO 4400 - Medical Sociology Credit(s): 3
• SYO 4430 - Disability and Society Credit(s): 3
• SYO 4572 - Hidden Structures of Social Life Credit(s): 3
• SYP 3060 - Sociology of Sexualities Credit(s): 3
• SYP 3562 - Family Violence Credit(s): 3
• SYP 4420 - Consumer Culture Credit(s): 3
• SYP 4510 - Sociological Aspects of Deviance Credit(s): 3
• SYP 4513 - Elite Deviance Credit(s): 3
• SYP 4651 - Gender, Sport, and the Body Credit(s): 3
• SYA 4304 - Sociological Research Experience Credit(s): 1-3 - with approval
• SYA 4910 - Individual Research Credit(s): 1-3 - with approval
• SYA 4949 - Sociological Internship Credit(s): 1-6 - with approval
• SYA 4930 - Topics in Sociology Credit(s): 3 *

* Approved topics

• Religion and Immigration
• LGBT Youth in Education
• Sociology of the Body
• Children of Immigration
• Environment and Society
• Political Sociology
• Gender and Social Movements

• Afro-Brazilian Culture and Society - summer study abroad course
• Stratification and Mobility
• Social Media and Globalization
• Social Movements

ADDITIONAL INFORMATION - SOCIOLOGY B.A.

GPA REQUIREMENTS

- Major GPA (All USF courses which are applied to major requirements): 2.0
- General Education GPA (All USF courses which are applied to General Education requirements): 2.0
- USF GPA: 2.0
- Overall GPA: 2.0
GRADING REQUIREMENTS

A C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENT

- Department Major Academic Residency Requirement - At least 27 hours of the major coursework must be completed at USF.
- College of Arts & Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.
- USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

INTERNSHIP OPPORTUNITIES

The Sociology Internship (SYA 4949 - Sociological Internship) is offered if the student is concurrently enrolled in SYO 4430 - Disability and Society, SYD 4512 - Sustainable Consumption, and a few other specific courses, and only with permission of the instructor of that course. If you are interested in an internship connected to a specific course, please contact the Internship Coordinator, Dr. Brian Turnbull, at bturnbull1@usf.edu for further guidance and information.

This course (SYA 4949 - Sociological Internship) is taught as an S/U (Satisfactory/Unsatisfactory) grade and only for 1-3 credit hours. Further information about Service Internship opportunities can be found on the Sociology department's webpage at https://www.usf.edu/arts-sciences/departments/sociology/academic-programs/undergraduate/internship-community-engagement/index.aspx

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology and Interdisciplinary Social Sciences provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct sociological research in their area of interest culminating in the preparation of an honors thesis. Students typically apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall.

If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Erica Toothman at eltoothman@usf.edu for more information and application materials.

MINIMUM ELIGIBILITY REQUIREMENTS

- Junior standing.
- 12 semester hours of Sociology course work with a major GPA of 3.0 by the end of the semester in which application is made.
- Overall USF GPA of 3.0 or higher.
- Selection and approval of faculty mentor.
- Completed application submitted and approved by Dr. Erica Toothman, Undergraduate Program Director, eltoothman@usf.edu.

COMPLETION REQUIREMENTS

- Completion of all requirements for the major.
- Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
- USF overall and major GPA of at least 3.0.
- Successful completion of the Honors Seminar.
- Successful completion of the Honors Thesis (SYA 4910 and the thesis itself).

RESEARCH OPPORTUNITIES
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Undergraduate Research will assist students in understanding the various course options.

ADVISING INFORMATION

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

Sociology Minor

Sociology is the study of human social relationships and institutions. Sociology's subject matter is diverse, ranging from crime to religion, from the family to the state, from the divisions of race and social class to the shared beliefs of a common culture, and from social stability to radical change in whole societies.

TOTAL MINOR CREDIT HOURS: 18

MINOR CORE CREDIT HOURS: 6

- SYG 2000 - Introduction to Sociology Credit(s): 3
- SYA 3110 - Classical Theory Credit(s): 3

MINOR ELECTIVE CREDIT HOURS: 12

Please note that all Sociology students can take ISS listed electives for Sociology credit in the Major and Minor only. Any 12 additional credit hours from prefixes SYA, SYD, SYG, SYO, SYP. Can include but not limited to:

- SYA 4121 - Queer Theory Credit(s): 3
- SYA 4910 - Individual Research Credit(s): 1-3
- SYA 4930 - Topics in Sociology Credit(s): 3
- SYA 4949 - Sociological Internship Credit(s): 1-6
- SYD 3700 - Racial and Ethnic Relations Credit(s): 3
- SYD 4238 - Immigrants to America Credit(s): 3
- SYD 4410 - Urban Sociology Credit(s): 3
- SYD 4411 - Urban Life Credit(s): 3
- SYD 4512 - Sustainable Consumption Credit(s): 3
- SYD 4601 - Community Building and Social Change Credit(s): 3

GPA REQUIREMENT

A minimum 2.0 grade point average is required for the Minor.
GRADING REQUIREMENT
Only courses in which a grade of "C-" or better is attained will count toward the minor hours.

RESIDENCY REQUIREMENTS
Nine (9) hours in residency at USF.

OTHER REQUIREMENTS
No more than three hours of SYA 4910 - Individual Research and no more than three hours of SYA 4949 - Sociological Internship may count toward the 18 hour minimum.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES
Undergraduate Advising Information
The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CAS Academic Advisor Contact information can be found here: CAS Advisors
To schedule an advising appointment: Advising Appointments
DEPARTMENT OF WOMEN'S, GENDER, AND SEXUALITY STUDIES
WOMEN’S AND GENDER STUDIES B.A.

TOTAL DEGREE HOURS: 120

The Women's and Gender Studies major focuses on feminist research and practice. WGS promotes social justice through the discovery and production of knowledge that emerges from feminist perspectives on culture and society. Students learn the analytic skills to engage the intersections of gender, race, ethnicity, class, sexuality, ability, and nationality in order to become responsible citizens in a diverse transnational environment. We expose limits in traditional higher education caused by excluding women and other marginalized groups and create knowledge that is transformative and inclusive. We connect academic work to the social, political, and economic world outside the university; in linking knowledge, research, and activism, students learn to think critically about social inequalities.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON COURSE PREREQUISITES - WOMEN’S AND GENDER STUDIES B.A.
Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

There are no State Mandated Common Prerequisites for this program.

REQUIRED COURSES: (36 CREDIT HOURS)

MAJOR CORE COURSES: 5 COURSES; 15 CREDIT HOURS

Students must choose a total of 36 credit hours from Women's and Gender Studies courses. Transfer students may not apply more than 12 hours taken elsewhere toward the major at the University of South Florida.

Students taking Women's and Gender Studies as a second major need to complete 30 credit hours. To do so, they must make a written request to the Undergraduate Director at the time they declare Women's and Gender Studies as a second major.

Courses taken in the first major may not count toward the 30 hours in Women's and Gender Studies as a second major.

- WST 3015 - Introduction to Women's Studies Credit(s): 3
- WST 3311 - Issues in Feminism Credit(s): 3
- WST 4002 - Feminist Research Methods Credit(s): 3
- WST 4522 - Classics in Feminist Theory Credit(s): 3
- OR
- WST 4561 - Contemporary Feminist Theory Credit(s): 3
- WST 4935 - Capstone/Senior Project Credit(s): 3

MAJOR ELECTIVE COURSES: 7 COURSES; 21 CREDIT HOURS

The remaining 21 hours of Women's and Gender Studies coursework may be comprised of any courses offered by the Women's and Gender Studies Department, including approved cross-listed courses. No more than twelve (12) hours of WST 4930 - Selected Topics may count toward the 36 hour minimum.

ADDITIONAL INFORMATION - WOMEN'S AND GENDER STUDIES B.A.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A grade of C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department and College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.
Women's and Gender Studies offers a number of internship opportunities to both majors and minors. Students work on-site and directly with a local organization and can earn from 1-3 credits. Majors may repeat the internship for a maximum of 6 credit hours; minors may repeat once for a maximum of 3 credit hours. Students interested in the internship should contact the Internship Director, Dr. Wendland.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research will assist students in understanding the various course options.

TOTAL MINOR HOURS: 18

The minor in Queer and Sexuality Studies is available to students pursuing any other major at USF. It requires a minimum of 18 hours of interdisciplinary coursework.

MINOR REQUIREMENTS: 18 HOURS

MINOR CORE (6 CREDIT HOURS)

Choose 6 hours from:

- WST 3602 - Introduction to LGBTQ Cultures Credit(s): 3
- WST 3380 - Sexualities Studies Credit(s): 3
- WST 4645 - Queer Theory Credit(s): 3
  or
- SYA 4121 - Queer Theory Credit(s): 3

MINOR ELECTIVES (12 CREDIT HOURS)

Must include a minimum of six (6) hours at the 4000-level or higher.

Twelve (12) credit hours selected from:

- Any course in the Minor Core not counted toward the Core
- WST 2600 - Human Sexual Behavior Credit(s): 3
- WST 3334 - Queer Film & Television Credit(s): 3
- WST 4930 - Selected Topics Credit(s): 1-3
- HIS 3930 - Special Topics Credit(s): 3 Sex Work and Trafficking, Gay and Lesbian U.S. History, History of AIDS, History of Gender and Sexuality, Sexuality in Latin America
- SYA 4930 - Topics in Sociology Credit(s): 3
- SYA 4121 - Queer Theory Credit(s): 3
  or
- WST 4930 Credit(s): 1-3 LGBT Youth in Education
- AFA 4931 - Selected Topics in Africana Studies Credit(s): 1-3

GPA REQUIREMENTS

Minor GPA (all USF courses which are applied to minor requirements): 2.0

GRADING REQUIREMENT

- A grade of "C-" is required for a departmental course to count toward a Women's and Gender Studies minor.
- Courses may not be taken S/U, where a grade option exists.

RESIDENCY REQUIREMENTS

CAS Minor Academic Residency Requirement: 50% of minor must be completed at USF.

OTHER INFORMATION

Students may petition the undergraduate advisor to focus their minor on a specific area within Women's and Gender Studies, such as sexualities, women's health or social justice.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information
The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CAS Academic Advisor Contact information can be found here: CAS Advisors

WOMEN'S AND GENDER STUDIES MINOR

TOTAL MINOR HOURS: 18

The minor in Women's and Gender Studies is available to students pursuing any other major at USF.

MINOR REQUIREMENTS

MINOR CORE (6 CREDIT HOURS)

- WST 3015 - Introduction to Women's Studies Credit(s): 3
- One other WST core course

MINOR ELECTIVES (12 CREDIT HOURS)

Twelve (12) credit hours selected from among departmental offerings and must include a minimum of six (6) hours at the 4000-level or higher.

GPA REQUIREMENTS

Minor GPA (all USF courses which are applied to minor requirements): 2.0

GRADING REQUIREMENTS

- A grade of "C-" is required for a departmental course to count toward a Women's and Gender Studies minor.
- Courses may not be taken S/U, where a grade option exists.

RESIDENCY REQUIREMENTS

CAS Minor Academic Residency Requirement: 50% of minor must be completed at USF.

OTHER REQUIREMENTS

Students may petition the undergraduate advisor to focus their minor on a specific area within Women's and Gender Studies, such as sexualities, women's health or social justice.

The Bachelor of Arts in World Languages and Cultures offers students a solid foundation in language and linguistic skills, as well as knowledge of diverse cultures. Upon completion of the program, students will be able to interact and participate in a global environment.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON PREREQUISITES - WORLD LANGUAGES AND CULTURES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.
Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- XXX XXXX * 6-12 credit hours
  *Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

**REQUIRED COURSES: (30 CREDIT HOURS)**

**MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS**

- LIN 3003 - Language Matters Credit(s): 3
- FOT 4131 - Understanding World Cultures Credit(s): 3

**REQUIRED CONCENTRATION COURSES: (24 CREDIT HOURS)**

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:

- Chinese Language and Culture and East Asian Languages and Cultures
- Classics and Interdisciplinary Classical Civilizations

**APPLIED LINGUISTICS CONCENTRATION COURSES: 8 COURSES; 24 CREDIT HOURS**

The Applied Linguistics concentration will help students comprehend a broad range of language-related issues to better understand how language functions both in the lives of individuals and in society. The coursework in this concentration will prepare students for a wide range of career options, including pedagogical preparation for language teaching domestically or internationally, cross-cultural competency for careers in industry, and foundational knowledge in applied linguistics to be successful in graduate work in the field.

**REQUIRED SUPPORTING COURSES**

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives:

- Completion of 11-12 credit hours of any foreign language through the intermediate level or demonstrated proficiency by testing.

*NOTE: Successful completion of these courses will meet the State Common Prerequisites requirements of the World Languages Degree.

**CONCENTRATION CORE COURSES: 2 COURSES; 6 CREDIT HOURS**
CONCENTRATION RESTRICTED ELECTIVE COURSES: 6 COURSES; 18 CREDIT HOURS

Select six (6) courses from the following list.

Note: Of these six elective courses, one literature or culture course can be substituted (e.g. Russian Literature in Translation, Introduction to Chinese Culture).

- FLE 4390 - Teaching Foreign/Second Languages Credit(s): 3
- LIN 2002 - Language, Culture & Film Credit(s): 3
- LIN 4350 - Sound Systems in American English Credit(s): 3
- LIN 4600 - Sociolinguistics: Language and Society Credit(s): 3
- LIN 4609 - Language and Technology Credit(s): 3
- LIN 4701 - Psycholinguistics Credit(s): 3
- LIN 4903 - Directed Reading Credit(s): 1-3
- LIN 4930 - Selected Topics Credit(s): 1-3
- TSL 4362 - Methodology of Teaching English Overseas Credit(s): 3

DUAL CONCENTRATION IN APPLIED LINGUISTICS

If taking Applied Linguistics as a dual concentration, these are the requirements.

1. Prerequisite (Supporting) Courses
The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives:
   - Completion of 11-12 credit hours of any foreign language through the intermediate level or demonstrated proficiency by testing.

2. Concentration Core Courses: 2 courses; 6 credit hours
- LIN 3010 - Introduction to Linguistics Credit(s): 3
- LIN 4721 - Second Language Acquisition Credit(s): 3

3. Concentration Elective Courses: 2 courses; 6 credit hours
Select two (2) courses from the following list.
- FLE 4390 - Teaching Foreign/Second Languages Credit(s): 3
- LIN 2002 - Language, Culture & Film Credit(s): 3
- LIN 4350 - Sound Systems in American English Credit(s): 3
- LIN 4600 - Sociolinguistics: Language and Society Credit(s): 3
- LIN 4609 - Language and Technology Credit(s): 3
- LIN 4701 - Psycholinguistics Credit(s): 3
- LIN 4903 - Directed Reading Credit(s): 1-3
- LIN 4930 - Selected Topics Credit(s): 1-3
- TSL 4362 - Methodology of Teaching English Overseas Credit(s): 3

4. Twelve (12) hours in another dual concentration.
   - World Languages and Cultures B.A., with Chinese Language and Culture Concentration
   - World Languages and Cultures B.A., with Classics Concentration
   - World Languages and Cultures B.A., with East Asian Languages and Cultures Concentration
   - World Languages and Cultures B.A., with French and Francophone Studies Concentration
   - World Languages and Cultures B.A., with German Concentration
   - World Languages and Cultures B.A., with Interdisciplinary Classical Civilizations Concentration
   - World Languages and Cultures B.A., with Italian Concentration
   - World Languages and Cultures B.A., with Russian Concentration
• World Languages and Cultures B.A., with Spanish and Latin American Studies Concentration

ADDITIONAL INFORMATION - WORLD LANGUAGES AND CULTURES B.A.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A grade of C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department and College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research will assist students in understanding the various course options.

- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

Graduation Requirements - College of Arts and Sciences

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option.
- Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

State Mandated Common Prerequisites - World Languages and Cultures B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.
Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- XXX XXXX * 6-12 credit hours
  *Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

REQUIRED COURSES: (30 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS
- LIN 3003 - Language Matters Credit(s): 3
- FOT 4131 - Understanding World Cultures Credit(s): 3

REQUIRED CONCENTRATION COURSES: (24 CREDIT HOURS)

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:
- Chinese Language and Culture and East Asian Languages and Cultures
- Classics and Interdisciplinary Classical Civilizations

CHINESE LANGUAGE AND CULTURE CONCENTRATION COURSES: 8 COURSES; 24 CREDIT HOURS

The Chinese Language and Culture concentration is designed for students who wish to achieve advanced level proficiency in modern Mandarin Chinese language at the same time they develop the sociocultural skills necessary for interaction with Chinese counterparts in professional contexts. Chinese is spoken by more than one billion people across the globe and has been designated a national Critical Language in the US government. High-level Chinese language skills equip students to be highly competitive for China-related jobs in government, international business, international law, education and the non-profit sector.

REQUIRED SUPPORTING COURSES: 4 COURSES; 16 CREDIT HOURS

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration, but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

*NOTE: Successful completion of these courses will meet the State Common Prerequisites requirements of the World Languages Degree.

- CHI 1120 - Modern Chinese I Credit(s): 4
- CHI 1121 - Modern Chinese II Credit(s): 4
- CHI 2220 - Modern Chinese III Credit(s): 4
- CHI 2221 - Modern Chinese IV Credit(s): 4
CONCENTRATION CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- CHI 3241 - Advanced Chinese Conversation I Credit(s): 3
- CHI 3242 - Advanced Chinese Conversation II Credit(s): 3
- CHI 4443 - Networking in China and America Credit(s): 3

CONCENTRATION CULTURE, LITERATURE, AND FILM ELECTIVE COURSES: 4 COURSES; 12 CREDIT HOURS

Select four (4) courses from the following list.

- CHI 4930 - Special Topics Credit(s): 1-3
- CHT 3110 - Traditional Chinese Literature in Translation Credit(s): 3
- CHT 3124 - Modern Chinese Literature in Translation Credit(s): 3
- CHT 3500 - Introduction to Chinese Culture Credit(s): 3
- CHT 3512 - Contemporary Chinese Language and Society Credit(s): 3
- CHT 3520 - Chinese Film Credit(s): 3

CONCENTRATION ADVANCED LANGUAGE ELECTIVE COURSE: 1 COURSE; 3 CREDIT HOURS

Select one course in advanced language courses (3000-4000 level), study abroad coursework in a USF program in China, or coursework in culture, literature, and film. These three credit hours of electives should be planned with a World Languages advisor.

DUAL CONCENTRATION IN CHINESE LANGUAGE AND CULTURE

If taking Chinese Language and Culture as a dual concentration these are the requirements.

1. Prerequisite (Supporting) Courses:
   The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.
   - CHI 1120 - Modern Chinese I Credit(s): 4
   - CHI 1121 - Modern Chinese II Credit(s): 4
   - CHI 2220 - Modern Chinese III Credit(s): 4

2. Concentration Core Courses: 2 courses; 7 credit hours
   - CHI 2221 - Modern Chinese IV Credit(s): 4
   - CHI 3241 - Advanced Chinese Conversation I Credit(s): 3

3. Concentration Elective Courses: 2 courses; 6 credit hours
   Select two (2) courses from the following list.
   - CHI 3242 - Advanced Chinese Conversation II Credit(s): 3
   - CHI 4443 - Networking in China and America Credit(s): 3
   - CHI 4905 - Directed Study Credit(s): 1-5
   - CHI 4930 - Special Topics Credit(s): 1-3
   - CHT 3110 - Traditional Chinese Literature in Translation Credit(s): 3
   - CHT 3124 - Modern Chinese Literature in Translation Credit(s): 3
   - CHT 3500 - Introduction to Chinese Culture Credit(s): 3
   - CHT 3512 - Contemporary Chinese Language and Society Credit(s): 3
   - CHT 3520 - Chinese Film Credit(s): 3

4. Twelve (12) hours in another dual concentration.
   - World Languages and Cultures B.A., with Applied Linguistics Concentration
   - World Languages and Cultures B.A., with Classics Concentration
• World Languages and Cultures B.A., with French and Francophone Studies Concentration
• World Languages and Cultures B.A., with German Concentration
• World Languages and Cultures B.A., with Interdisciplinary Classical Civilizations Concentration
• World Languages and Cultures B.A., with Italian Concentration
• World Languages and Cultures B.A., with Russian Concentration
• World Languages and Cultures B.A., with Spanish and Latin American Studies Concentration

ADDITIONAL INFORMATION - WORLD LANGUAGES AND CULTURES B.A.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A grade of C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department and College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research will assist students in understanding the various course options.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

  - General/Unrestricted Elective Credit(s): 3
  - Upper-Level Elective Credit(s): 3
  - Upper-Level Elective Credit(s): 3
  - Upper-Level Elective Credit(s): 3
  Total Credit Hours: 15

SEMESTER 11 (SPRING)
  - TGEH - High Impact Practice Credit(s): 3
  - Concentration Course Credit(s): 3
  - General/Unrestricted Elective Credit(s): 3
  - Upper-Level Elective Credit(s): 3
  Total Credit Hours: 12
WORLD LANGUAGES AND CULTURES B.A., WITH CLASSICS CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in World Languages and Cultures offers students a solid foundation in language and linguistic skills, as well as knowledge of diverse cultures. Upon completion of the program, students will be able to interact and participate in a global environment.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON PREREQUISITES - WORLD LANGUAGES AND CULTURES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.
Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- XXX XXXX * 6-12 credit hours
*Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

**REQUIRED COURSES: (30 CREDIT HOURS)**

**MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS**

- LIN 3003 - Language Matters Credit(s): 3
- FOT 4131 - Understanding World Cultures Credit(s): 3

**REQUIRED CONCENTRATION COURSES: (24 CREDIT HOURS)**

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:

- Chinese Language and Culture and East Asian Languages and Cultures
- Classics and Interdisciplinary Classical Civilizations

**CLASSICS CONCENTRATION: 7 COURSES; 24 CREDIT HOURS**

The Classics concentration is an interdisciplinary humanities field. We provide instruction in the Greek and Latin languages and in the Greek and Roman civilization, literature, mythology and religion. Faculty offer courses in diverse aspects of the Greek and Roman world and mentor students in the acquisition of specific applied skills through their studies. The Classics section combines the intimacy of a small liberal arts college with the wide-ranging educational and professional possibilities of a large state university. This concentration is of special interest to students who wish to teach Latin and Greek at the pre-college level, and to those who plan graduate study in a humanistic discipline including law and medicine.

**REQUIRED SUPPORTING COURSES**

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

Select one of two required language tracks in either Latin or Greek.

*NOTE: Successful completion of these courses will meet the State Common Prerequisites requirements of the World Languages Degree.

Latin Language Track

- LAT 1120 - Beginning Latin I Credit(s): 4
- LAT 1121 - Beginning Latin II Credit(s): 4
DUAL CONCENTRATION IN CLASSICS

If taking Classics as a dual concentration, these are the requirements.

1. Prerequisite (Supporting) Courses
The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.
Select one of two required language tracks in either Latin or Greek.

Latin Language Track
- LAT 1120 - Beginning Latin I Credit(s): 4
- LAT 1121 - Beginning Latin II Credit(s): 4
- LAT 2220 - Intermediate Latin Credit(s): 4

Greek Language Track
- GRE 1120 - Beginning Classical Greek I Credit(s): 4
- GRE 1121 - Beginning Classical Greek II Credit(s): 4
- GRE 2220 - Intermediate Classical Greek Credit(s): 4

2. Concentration Core Courses: 2 courses; 7 credit hours
- CLT 3370 - Gods Heroes and Monsters in the Ancient World Credit(s): 3

3. Concentration Elective Courses: 2 courses; 6 credit hours
Select any two (2) courses with a CLA or CLT prefix, which have not been used for another requirement within the major and/or concentration.

4. Twelve (12) hours in another dual concentration.
- World Languages and Cultures B.A., with Applied Linguistics Concentration
- World Languages and Cultures B.A., with Chinese Language and Culture Concentration
- World Languages and Cultures B.A., with East Asian Languages and Cultures Concentration
- World Languages and Cultures B.A., with French and Francophone Studies Concentration
- World Languages and Cultures B.A., with German Concentration
- World Languages and Cultures B.A., with Italian Concentration
- World Languages and Cultures B.A., with Russian Concentration
- World Languages and Cultures B.A., with Spanish and Latin American Studies Concentration

ADDITIONAL INFORMATION - WORLD LANGUAGES AND CULTURES B.A.

GPA REQUIREMENTS
Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS
A grade of C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progress into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES
Department and College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research will assist students in understanding the various course options.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES
Undergraduate Advising Information
The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CAS Academic Advisor Contact information can be found here: CAS Advisors
To schedule an advising appointment: Advising Appointments

Plans of Study - World Languages and Cultures B.A., with Classics Concentration
NOTES:
• SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
• Items that are critical are marked with a ✶ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:
• Interpreter/Translator
• Teacher
• Blogger
• Tour Guide
• Liaison Officer
Potential Entry Level Salary Range: $30,000 - $50,000

Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON PREREQUISITES - WORLD LANGUAGES AND CULTURES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.
Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- XXX XXXX * 6-12 credit hours
  *Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

REQUIRED COURSES: (30 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- LIN 3003 - Language Matters Credit(s): 3
- FOT 4131 - Understanding World Cultures Credit(s): 3

REQUIRED CONCENTRATION COURSES: (24 CREDIT HOURS)

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:

- Chinese Language and Culture and East Asian Languages and Cultures
- Classics and Interdisciplinary Classical Civilizations

EAST ASIAN LANGUAGES AND CULTURES CONCENTRATION COURSES: 8 COURSES; 24 CREDIT HOURS

The East Asian Languages and Cultures concentration is designed to provide students with opportunities to develop broad understandings of East Asia as a region through interdisciplinary explorations into the languages, literatures, cultures, film, humanities, history, geography, arts, and political institutions of China, Japan, and Korea. USF has strong programs in Chinese and Japanese, two critical languages that serve as the core of the East Asian Languages and Cultures concentration. The concentration prepares students be highly attractive in the global marketplace and to be immediate contributors to globally-oriented organizations, companies, and institutions with strong language skills as well as broad sociocultural knowledge that situates the use of those languages in two or more countries in the region. High-level critical language skills equip students to be highly competitive for Japan- and China-related jobs in government, international business, international law, law enforcement, defense, intelligence, and the non-profit sector.

REQUIRED SUPPORTING COURSES: 2 COURSES; 8 CREDIT HOURS

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. A student chooses either Chinese or Japanese coursework from the following list. Students may also demonstrate proficiency by testing.

*NOTE: Successful completion of these courses will meet the State Common Prerequisites requirements of the World Languages Degree.
COLLEGE OF ARTS & SCIENCES

Chinese Coursework
- CHI 1120 - Modern Chinese I Credit(s): 4
- CHI 1121 - Modern Chinese II Credit(s): 4
- CHI 2220 - Modern Chinese III Credit(s): 4

OR Japanese Coursework
- JPN 1120 - Modern Japanese I Credit(s): 4
- JPN 1121 - Modern Japanese II Credit(s): 4
- JPN 2220 - Modern Japanese III Credit(s): 4

CONCENTRATION CORE COURSES: 2 COURSES; 7 CREDIT HOURS

Japanese Focused Required Language Courses
- JPN 2221 - Modern Japanese IV Credit(s): 4
- JPN 3400 - Japanese V Credit(s): 3

OR Chinese Focused Required Language Courses
- CHI 2221 - Modern Chinese IV Credit(s): 4
- CHI 3241 - Advanced Chinese Conversation I Credit(s): 3

CONCENTRATION REGIONAL FOCUS REQUIREMENT COURSE: 1 COURSE; 3 CREDIT HOURS

Select one course from the following list.
- ASN 3201 - East Asian Cinema Credit(s): 3
- ASN 4414 - Introduction to East Asian Cultures Credit(s): 3

CONCENTRATION LITERATURE, CULTURE, AND FILM REQUIREMENT COURSES: 4 COURSES; 11 CREDIT HOURS

Select four (4) courses from the following list.
- ARH 4530 - Asian Art Credit(s): 3
- ASN 3012 - Japan Today Credit(s): 3
- CHI 4905 - Directed Study Credit(s): 1-5
- CHI 4930 - Special Topics Credit(s): 1-3
- CHT 3110 - Traditional Chinese Literature in Translation Credit(s): 3

#### Additional courses from other concentrations
- World Languages and Cultures B.A., with Applied Linguistics Concentration
- World Languages and Cultures B.A., with Classics Concentration
- World Languages and Cultures B.A., with French and Francophone Studies Concentration
- World Languages and Cultures B.A., with German Concentration
- World Languages and Cultures B.A., with Interdisciplinary Classical Civilizations Concentration
- World Languages and Cultures B.A., with Italian Concentration
- World Languages and Cultures B.A., with Russian Concentration
- World Languages and Cultures B.A., with Spanish and Latin American Studies Concentration

### GPA Requirements

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0
COLLEGE OF ARTS & SCIENCES

GRADING REQUIREMENTS
A grade of C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department and College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research will assist students in understanding the various course options.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CAS Academic Advisor Contact information can be found here: CAS Advisors

To schedule an advising appointment: Advising Appointments

Plans of Study - World Languages and Cultures B.A., with East Asian Languages and Cultures Concentration

WORLD LANGUAGES AND CULTURES B.A., WITH FRENCH AND FRANCOPHONE STUDIES CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in World Languages and Cultures offers students a solid foundation in language and linguistic skills, as well as knowledge of diverse cultures. Upon completion of the program, students will be able to interact and participate in a global environment.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- **Transfer**: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- **International**: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major, or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON PREREQUISITES - WORLD LANGUAGES AND CULTURES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.
Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- XXX XXXX * 6-12 credit hours
  *Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

REQUIRED COURSES: (30 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- LIN 3003 - Language Matters Credit(s): 3
- FOT 4131 - Understanding World Cultures Credit(s): 3

REQUIRED CONCENTRATION COURSES: (24 CREDIT HOURS)

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:

- Chinese Language and Culture and East Asian Languages and Cultures
- Classics and Interdisciplinary Classical Civilizations

FRENCH AND FRANCOPHONE STUDIES CONCENTRATION COURSES: 8 COURSES; 24 CREDIT HOURS

The French and Francophone Studies concentration offers solid academic and practical training in the language, literature, and culture of France and the French-speaking world in an engaged, full immersion environment. Students have the opportunity to attain an advanced level of French with regard to comprehension, reading, writing, and speaking. Successful students become conversant in many of the major issues, past and present, relating to French and Francophone cultures, literatures, and civilizations. French graduates are attractive to employers in numerous fields, in addition to graduate and professional schools. USF alumni in French may be found in such professions as education, business, foreign service, politics, law, and health.

REQUIRED SUPPORTING COURSES

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

*NOTE: Successful completion of these courses will meet the State Common Prerequisites requirements of the World Languages Degree.

- FRE 1120 - Beginning French I Credit(s): 4
- FRE 1121 - Beginning French II Credit(s): 4
- FRE 2200 - French III Credit(s): 3
SELECT EIGHT (8) COURSES FROM THE FOLLOWING LIST:

Note: No more than six credit hours of coursework between numbers 2201-2999 may be applied to the French and Francophone Studies concentration.

- FRE 2201 - French IV Credit(s): 3
- FRE 2240 - Intermediate Spoken French in Cultural Context Credit(s): 3
- FRE 2241 - Spoken French in Cultural Context Credit(s): 3
- FRE 3234 - Reading in French Literature and Culture Credit(s): 3
- FRE 3391 - French Cinema Credit(s): 3
- FRE 3420 - Written French in Cultural Context Credit(s): 3
- FRE 3440 - French For Business Credit(s): 3
- FRE 3470 - Overseas Study Credit(s): 1-6
- FRE 3500 - French Civilization Credit(s): 3
- FRE 3502 - The Francophone World: A Global Culture Credit(s): 3
- FRE 4421 - Advanced Written French in Cultural Context Credit(s): 3
- FRE 4471 - Advanced Overseas Study Credit(s): 1-6
- FRE 4700 - French Linguistics Credit(s): 3
- FRE 4930 - Selected Topics Credit(s): 1-3
- FRT 3001 - Great French Love Stories in Translation Credit(s): 3
- FRW 4100 - The French Novel Credit(s): 3

DUAL CONCENTRATION IN FRENCH AND FRANCOPHONE STUDIES

If taking French and Francophone Studies as a dual concentration, these are the requirements.

Note: When declaring a dual concentration, no FRT-prefix courses may be used to fulfill the French and Francophone Studies concentration.

1. Prerequisite (Supporting) Courses
   The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.
   - FRE 1120 - Beginning French I Credit(s): 4
   - FRE 1121 - Beginning French II Credit(s): 4
   - FRE 2200 - French III Credit(s): 3

2. Choose 4 courses (12 credit hours) from the following list of courses.
   - FRE 2201 - French IV Credit(s): 3
   - FRE 2240 - Intermediate Spoken French in Cultural Context Credit(s): 3
   - FRE 2241 - Spoken French in Cultural Context Credit(s): 3
   - FRE 3234 - Reading in French Literature and Culture Credit(s): 3
   - FRE 3391 - French Cinema Credit(s): 3
   - FRE 3420 - Written French in Cultural Context Credit(s): 3
   - FRE 3440 - French For Business Credit(s): 3
   - FRE 3470 - Overseas Study Credit(s): 1-6
   - FRE 3500 - French Civilization Credit(s): 3
   - FRE 3502 - The Francophone World: A Global Culture Credit(s): 3
   - FRE 4421 - Advanced Written French in Cultural Context Credit(s): 3
   - FRE 4471 - Advanced Overseas Study Credit(s): 1-6
   - FRE 4700 - French Linguistics Credit(s): 3
   - FRE 4930 - Selected Topics Credit(s): 1-3
   - FRW 4100 - The French Novel Credit(s): 3

3. Twelve (12) hours in another dual concentration.
   - World Languages and Cultures B.A., with Applied Linguistics Concentration
• World Languages and Cultures B.A., with Classics Concentration
• World Languages and Cultures B.A., with Chinese Language and Culture Concentration
• World Languages and Cultures B.A., with East Asian Languages and Cultures Concentration
• World Languages and Cultures B.A., with German Concentration
• World Languages and Cultures B.A., with Interdisciplinary Classical Civilizations Concentration
• World Languages and Cultures B.A., with Italian Concentration
• World Languages and Cultures B.A., with Russian Concentration
• World Languages and Cultures B.A., with Spanish and Latin American Studies Concentration

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

A grade of C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department and College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research will assist students in understanding the various course options.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON PREREQUISITES - WORLD LANGUAGES AND CULTURES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.
Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- XXX XXXX * 6-12 credit hours
  *Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

REQUIRED COURSES: (30 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- LIN 3003 - Language Matters Credit(s): 3
- FOT 4131 - Understanding World Cultures Credit(s): 3

REQUIRED CONCENTRATION COURSES: (24 CREDIT HOURS)

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:

- Chinese Language and Culture and East Asian Languages and Cultures
- Classics and Interdisciplinary Classical Civilizations

GERMAN CONCENTRATION COURSES: 8 COURSES; 24 CREDIT HOURS

The concentration in German prepares students to understand and critically evaluate the language and cultures of German-speaking countries. The program prepares students in communicative proficiency and cultural literacy so that they are able to competently engage in global and transcultural interactions in the 21st century. Students will be prepared for positions in education, international business, foreign affairs, the arts, politics, and international law.

REQUIRED SUPPORTING COURSES

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

*NOTE: Successful completion of these courses will meet the State Common Prerequisites requirements of the World Languages Degree.

- GER 1120 - Beginning German I Credit(s): 4

Select five (5) courses from the following list.

- GER 2200 - German III Credit(s): 3
- GER 2201 - German IV Credit(s): 3
- GER 2240 - Conversation I Credit(s): 3
- GET 3522 - Fantastic Films of Early German Cinema Credit(s): 3
- GET 4250 - Dungeons Dragons & Dwarfs Germanic Myth & Pop Cult Credit(s): 3
- GET 4523 - New German Cinema to Present Credit(s): 3
- GET 4528 - German Directors in Hollywood Credit(s): 3
- GEW 4100 - Survey of German Literature I Credit(s): 3
- GEW 4101 - Survey of German Literature II Credit(s): 3
- GEW 4900 - Directed Study Credit(s): 1-3
- GEW 4930 - Selected Topics Credit(s): 1-3

DUAL CONCENTRATION IN GERMAN

If taking German as a dual concentration, these are the requirements.

1. Prerequisite (Supporting) Courses
The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

- GER 1120 - Beginning German I Credit(s): 4
- GER 1121 - Beginning German II Credit(s): 4
- GER 2200 - German III Credit(s): 3

2. Concentration Core Courses: 3 courses; 9 credit hours
Select three (3) courses from the following list.

- GER 3333 - German Language & Culture through Film Credit(s): 3
- GER 3500 - The Germans - Past and Present Credit(s): 3
- GER 3501 - Urban Life & Culture in Germany Credit(s): 3
- GER 3573 - Cultural Observations in Germany Credit(s): 3
- GER 4410 - Conversation II Credit(s): 3
- GER 4421 - Composition II Credit(s): 3

3. Concentration Elective Course: 1 course; 3 credit hours
Select one (1) course from the following list.

- GER 2201 - German IV Credit(s): 3
- GER 2240 - Conversation I Credit(s): 3
- GET 3522 - Fantastic Films of Early German Cinema Credit(s): 3
- GET 4250 - Dungeons Dragons & Dwarfs Germanic Myth & Pop Cult Credit(s): 3
- GET 4523 - New German Cinema to Present Credit(s): 3
- GET 4528 - German Directors in Hollywood Credit(s): 3
- GEW 4100 - Survey of German Literature I Credit(s): 3
- GEW 4101 - Survey of German Literature II Credit(s): 3
- GEW 4900 - Directed Study Credit(s): 1-3
- GEW 4930 - Selected Topics Credit(s): 1-3
4. Twelve (12) hours in another dual concentration.
   - World Languages and Cultures B.A., with Applied Linguistics Concentration
   - World Languages and Cultures B.A., with Classics Concentration
   - World Languages and Cultures B.A., with Chinese Language and Culture Concentration
   - World Languages and Cultures B.A., with East Asian Languages and Cultures Concentration
   - World Languages and Cultures B.A., with French and Francophone Studies Concentration
   - World Languages and Cultures B.A., with Interdisciplinary Classical Civilizations Concentration
   - World Languages and Cultures B.A., with Italian Concentration
   - World Languages and Cultures B.A., with Russian Concentration
   - World Languages and Cultures B.A., with Spanish and Latin American Studies Concentration

</table>

GRADING REQUIREMENTS

A grade of C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department and College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research will assist students in understanding the various course options.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CAS Academic Advisor Contact information can be found here: CAS Advisors

- Upper-Level Elective Credit(s): 3
Total Credit Hours: 12
WORLD LANGUAGES AND CULTURES B.A., WITH INTERDISCIPLINARY CLASSICAL CIVILIZATIONS CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in World Languages and Cultures offers students a solid foundation in language and linguistic skills, as well as knowledge of diverse cultures. Upon completion of the program, students will be able to interact and participate in a global environment.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON PREREQUISITES - WORLD LANGUAGES AND CULTURES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.
Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- XXX XXXX * 6-12 credit hours
  *Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

**REQUIRED COURSES: (30 CREDIT HOURS)**

Major Core Courses: 2 courses; 6 credit hours

- LIN 3003 - Language Matters **Credit(s): 3**
- FOT 4131 - Understanding World Cultures **Credit(s): 3**

**REQUIRED CONCENTRATION COURSES: (24 CREDIT HOURS)**

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:

- Chinese Language and Culture and East Asian Languages and Cultures
- Classics and Interdisciplinary Classical Civilizations

**INTERDISCIPLINARY CLASSICAL CIVILIZATIONS CONCENTRATION COURSES: 8 COURSES; 24 CREDIT HOURS**

The concentration in Interdisciplinary Classical Civilizations is of special interest to students who wish to study broadly the literature, history art, and archaeology, philosophy, and religion of Greece, Rome and the Near East, equally emphasizing language and translation courses.

**REQUIRED SUPPORTING COURSES**

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

**NOTE: Successful completion of these courses will meet the State Common Prerequisites requirements of the World Languages Degree.**

- **Latin**
  - LAT 1120 - Beginning Latin I **Credit(s): 4**
  - LAT 1121 - Beginning Latin II **Credit(s): 4**
  - LAT 2220 - Intermediate Latin **Credit(s): 4**
  - OR **Greek**
  - GRE 1120 - Beginning Classical Greek I **Credit(s): 4**

• EUH 3401 - Classical Greece Credit(s): 3
• EUH 3402 - Age of Alexander Credit(s): 3
• EUH 3412 - Roman Republic Credit(s): 3
• EUH 3413 - Roman Empire Credit(s): 3
• HUM 2210 - Studies in Culture: The Classical Through Medieval Periods Credit(s): 3
• LIT 3101 - Literature of the Western World Through the Renaissance Credit(s): 3
• LIT 3374 - The Bible As Literature Credit(s): 3
• PHH 3062 - History of Western Philosophy: Ancient Philosophy Credit(s): 3
• PHP 4000 - Plato Credit(s): 3
• PHP 4010 - Aristotle Credit(s): 3
• POT 3013 - Classical Political Theory Credit(s): 3
• REL 4213 - Early Jewish Literature Credit(s): 3
• REL 4250 - Jesus’ Life and Teachings Credit(s): 3

DUAL CONCENTRATION IN INTERDISCIPLINARY CLASSICAL CIVILIZATIONS

If taking Interdisciplinary Classical Civilizations as a dual concentration, these are the requirements.

1. Prerequisite (Supporting) Courses

   The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

   Latin
### 1. Introductory Course: 4 courses; 16 credit hours
- **LAT 1120** - Beginning Latin I *(Credit(s): 4)*
- **LAT 1121** - Beginning Latin II *(Credit(s): 4)*
- **LAT 2220** - Intermediate Latin *(Credit(s): 4)*
  - OR Greek
- **GRE 1120** - Beginning Classical Greek I *(Credit(s): 4)*
- **GRE 1121** - Beginning Classical Greek II *(Credit(s): 4)*
- **GRE 2220** - Intermediate Classical Greek *(Credit(s): 4)*

### 2. Concentration Core Course: 1 course; 3 credit hours
- **CLT 3370** - Gods Heroes and Monsters in the Ancient World *(Credit(s): 3)*

### 3. Classic Field Elective Course: 1 course; 3 credit hours
Select one (1) course from the following list.
- **CLA 3103** - Daily Life in Ancient Greece *(Credit(s): 3)*
- **CLA 3124** - Daily Life in Ancient Rome *(Credit(s): 3)*
- **CLT 3103** - Epic Battles and Dramatic Reversals in Greek Thought *(Credit(s): 3)*
- **CLT 3123** - Voyages and Metamorphoses in Roman Imagination *(Credit(s): 3)*

### 4. Interdisciplinary Field Elective Courses: 2 courses; 6 credit hours
Select two (2) 3000- and 4000-level courses from the following courses.
- **ARH 4130** - Greek Art *(Credit(s): 3)*
- **ARH 4151** - Roman Art *(Credit(s): 3)*
- **CLA 3103** - Daily Life in Ancient Greece *(Credit(s): 3)*
- **CLA 3124** - Daily Life in Ancient Rome *(Credit(s): 3)*
- **CLA 3435** - Ancient Globalization: East and West in the Hellenistic World *(Credit(s): 3)*
- **CLA 3503** - Ancient Medicine: Quacks, Doctors, and Magicians *(Credit(s): 3)*
- **CLA 4501** - Women in Antiquity *(Credit(s): 3)*
- **CLT 3103** - Epic Battles and Dramatic Reversals in Greek Thought *(Credit(s): 3)*
- **CLT 3123** - Voyages and Metamorphoses in Roman Imagination *(Credit(s): 3)*
- **HUM 2210** - Studies in Culture: The Classical Through Medieval Periods *(Credit(s): 3)*
- **LIT 3101** - Literature of the Western World Through the Renaissance *(Credit(s): 3)*
- **LIT 3374** - The Bible As Literature *(Credit(s): 3)*
- **PHH 3062** - History of Western Philosophy: Ancient Philosophy *(Credit(s): 3)*
- **PHP 4000** - Plato *(Credit(s): 3)*
- **PHP 4010** - Aristotle *(Credit(s): 3)*
- **POT 3013** - Classical Political Theory *(Credit(s): 3)*
- **REL 4213** - Early Jewish Literature *(Credit(s): 3)*
- **REL 4250** - Jesus' Life and Teachings *(Credit(s): 3)*

### 5. Twelve (12) hours in another dual concentration.
- World Languages and Cultures B.A., with Applied Linguistics Concentration

WORLD LANGUAGES AND CULTURES B.A., WITH ITALIAN CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in World Languages and Cultures offers students a solid foundation in language and linguistic skills, as well as knowledge of diverse cultures. Upon completion of the program, students will be able to interact and participate in a global environment.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- **Transfer**: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- **International**: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON PREREQUISITES - WORLD LANGUAGES AND CULTURES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.
Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- XXX XXXX * 6-12 credit hours
  *Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

**REQUIRED COURSES: (30 CREDIT HOURS)**

**MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS**

<td>3</td>
</tr>
</tbody>
</table>

**REQUIRED CONCENTRATION COURSES: (24 CREDIT HOURS)**

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:

- Chinese Language and Culture and East Asian Languages and Cultures
- Classics and Interdisciplinary Classical Civilizations

**ITALIAN CONCENTRATION COURSES: 8 COURSES; 24 CREDIT HOURS**

The Interdisciplinary Italian concentration offers courses in Italian language, film, literature, history, cultural studies, Italian-American studies and the culture of food offered both in Italian and in English. The objective of the concentration is to prepare students to become receptive to the global concerns of our society increasing their capabilities in writing, speaking, intercultural literacy and effective citizenship, all skills that are useful in a variety of professions.

**REQUIRED SUPPORTING COURSES**

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

*NOTE: Successful completion of these courses will meet the State Common Prerequisites requirements of the World Languages Degree.*

**CONCENTRATION CORE COURSES: 3 COURSES; 9 CREDIT HOURS**

Select three (3) courses from the following list.
• ITA 2240 - Italian Conversation Credit(s): 3
• ITA 3234 - Reading and Writing in Italian Credit(s): 3
• ITA 4930 - Special Topics Credit(s): 1-3
• ITT 4505 - Italian Americans on Screen Credit(s): 3
• ITT 4531 - Italian Food in Film Credit(s): 3

CONCENTRATION ELECTIVE COURSES: 5 COURSES; 15 CREDIT HOURS

Select five (5) courses from the following list.

• ITA 2201 - Italian IV Credit(s): 3
• ITA 3420 - Composition Credit(s): 3
• ITA 4930 - Special Topics Credit(s): 1-3
• ITT 3504 - Italian Culture Through Film Credit(s): 3
• ITW 4905 - Directed Study Credit(s): 1-3

DUAL CONCENTRATION IN ITALIAN

If taking Italian as a dual concentration these are the requirements.

1. Prerequisite (Supporting) Courses
The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.
• ITA 1120 - Beginning Italian I Credit(s): 4
• ITA 1121 - Beginning Italian II Credit(s): 4
• ITA 2200 - Italian III Credit(s): 3

2. Concentration Core Courses: 3 courses; 9 credit hours
Select three (3) courses from the following list.
• ITA 2240 - Italian Conversation Credit(s): 3
• ITA 3234 - Reading and Writing in Italian Credit(s): 3
• ITA 4930 - Special Topics Credit(s): 1-3
• ITT 4505 - Italian Americans on Screen Credit(s): 3
• ITT 4531 - Italian Food in Film Credit(s): 3

3. Concentration Elective Course: 1 course; 3 credit hours
Select one (1) course from the following list.
• ITA 2201 - Italian IV Credit(s): 3
• ITA 3420 - Composition Credit(s): 3
• ITT 3504 - Italian Culture Through Film Credit(s): 3
• ITW 4905 - Directed Study Credit(s): 1-3

4. Twelve (12) hours in another dual concentration.
• World Languages and Cultures B.A., with Applied Linguistics Concentration
• World Languages and Cultures B.A., with Classics Concentration
• World Languages and Cultures B.A., with Chinese Language and Culture Concentration
• World Languages and Cultures B.A., with East Asian Languages and Cultures Concentration
• World Languages and Cultures B.A., with French and Francophone Studies Concentration
• World Languages and Cultures B.A., with German Concentration
• World Languages and Cultures B.A., with Interdisciplinary Classical Civilizations Concentration
• World Languages and Cultures B.A., with Russian Concentration
• World Languages and Cultures B.A., with Spanish and Latin American Studies Concentration

ADDITIONAL INFORMATION - WORLD LANGUAGES AND CULTURES B.A.
GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS

A grade of C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Department and College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research will assist students in understanding the various course options.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON PREREQUISITES - WORLD LANGUAGES AND CULTURES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.
Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- XXX XXXX * 6-12 credit hours
  *Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

**REQUIRED COURSES: (30 CREDIT HOURS)**

**MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS**

- LIN 3003 - Language Matters **Credit(s): 3**
- FOT 4131 - Understanding World Cultures **Credit(s): 3**

**REQUIRED CONCENTRATION COURSES: (24 CREDIT HOURS)**

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:

- Chinese Language and Culture and East Asian Languages and Cultures
- Classics and Interdisciplinary Classical Civilizations

**RUSSIAN CONCENTRATION COURSES: 8 COURSES; 24 CREDIT HOURS**

The concentration in Russian seeks to prepare its students to understand the language, literature, and culture of Russia. One of the concentration's primary goals is to prepare students to be able to interact productively with Russian speakers. The concentration seeks to develop the highest possible level of proficiency in the Russian language in each of its students as a foundation for both academic understanding and everyday communication. In order to achieve this goal, the Russian concentration treats language and culture as an inextricably bound up nexus that has to be inculcated at every step of the learning process.

**REQUIRED SUPPORTING COURSES**

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

*NOTE: Successful completion of these courses will meet the State Common Prerequisites requirements of the World Languages Degree.*

- RUS 1120 - Beginning Russian I **Credit(s): 4**
- RUS 1121 - Beginning Russian II **Credit(s): 4**
- RUS 2220 - Intermediate Russian I **Credit(s): 4**

**CONCENTRATION CORE COURSE: 1 COURSE; 4 CREDIT HOURS**
• RUS 2221 - Intermediate Russian II Credit(s): 4

CONCENTRATION ELECTIVE COURSES: 7 COURSES; 20 CREDIT HOURS

Select seven (7) courses from the following list.

• RUS 3240 - Russian Language & Culture through Film Credit(s): 3
• RUS 3470 - Overseas Study Credit(s): 1-6
• RUS 4241 - Russian Language & Culture through Film II Credit(s): 3
• RUS 3500 - Russian Civilization Credit(s): 3
• RUS 4900 - Selected Topics Credit(s): 1-3
• RUS 4905 - Directed Study Credit(s): 1-3
• RUT 3110 - Nineteenth Century Russian Literature in English Credit(s): 3
• RUT 3111 - Twentieth-Century Russian Literature in English Credit(s): 3
• One course from an EUH-, an INR- or a PHI-prefixed course, dealing with Russia (prior approval from an advisor is required).

DUAL CONCENTRATION IN RUSSIAN

If taking Russian as a dual concentration, these are the requirements.

1. Prerequisite/Supporting Courses
   The following courses are prerequisite/supporting courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.
   • RUS 1120 - Beginning Russian I Credit(s): 4
   • RUS 1121 - Beginning Russian II Credit(s): 4
   • RUS 2220 - Intermediate Russian I Credit(s): 4

2. Concentration Core: 1 course; 4 credit hours
   • RUS 2221 - Intermediate Russian II Credit(s): 4

3. Concentration Elective Courses: 3 courses; 8 credit hours
   Select three (3) courses from the following list.
   • RUS 3240 - Russian Language & Culture through Film Credit(s): 3
   • RUS 3470 - Overseas Study Credit(s): 1-6
   • RUS 3500 - Russian Civilization Credit(s): 3
   • RUS 4241 - Russian Language & Culture through Film II Credit(s): 3
   • RUS 4900 - Selected Topics Credit(s): 1-3
   • RUS 4905 - Directed Study Credit(s): 1-3
   • One course from an EUH-, an INR- or a PHI-prefixed course, dealing with Russia (prior approval from an advisor is required).
   • RUT 3111 - Twentieth-Century Russian Literature in English Credit(s): 3
     (Also take as Nineteenth Century Russian Literature in English Credit(s): 3)

4. Twelve (12) hours in another dual concentration.
   • World Languages and Cultures B.A., with Applied Linguistics Concentration
   • World Languages and Cultures B.A., with Classics Concentration
   • World Languages and Cultures B.A., with Chinese Language and Culture Concentration
   • World Languages and Cultures B.A., with East Asian Languages and Cultures Concentration
   • World Languages and Cultures B.A., with French and Francophone Studies Concentration
   • World Languages and Cultures B.A., with German Concentration
   • World Languages and Cultures B.A., with Interdisciplinary Classical Civilizations Concentration
   • World Languages and Cultures B.A., with Italian Concentration
   • World Languages and Cultures B.A., with Spanish and Latin American Studies Concentration

WORLD LANGUAGES AND CULTURES B.A., WITH SPANISH AND LATIN
AMERICAN STUDIES CONCENTRATION

TOTAL DEGREE HOURS: 120

The Bachelor of Arts in World Languages and Cultures offers students a solid foundation in language and linguistic skills, as well as knowledge of diverse cultures. Upon completion of the program, students will be able to interact and participate in a global environment.

UNIVERSITY ADMISSIONS - COLLEGE OF ARTS AND SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Arts and Sciences, see the information at College of Arts and Sciences.

GRADUATION REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES

Satisfactory completion of the following requirements:

- Students must complete all State and University level graduation requirements.
- Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
- The College may approve an exception when a student has successfully earned the minimum grade required for all courses applied in the major but does not have a major GPA of 2.0.
- Physical Education coursework is limited to two (2) semester hours.
- ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
- When earning a second degree, double major, or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. All other areas of the degree audit may have overlapping credit hours applied.
- Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 days of classes.
- Complete all major course requirements.
- College of Arts and Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Arts and Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

STATE MANDATED COMMON PREREQUISITES - WORLD LANGUAGES AND CULTURES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.
Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- XXX XXXX * 6-12 credit hours
  *Must demonstrate proficiency by testing or completion of a foreign language through the intermediate level.

PLEASE NOTE: It is recommended that the student take the degree courses at the lower division, although the courses are not required for entry into the program.

NOTE: Native or heritage speakers or other persons with experience in a foreign language may qualify for a higher level language course, or exempt course(s) entirely. Please see the university to ensure proper advising and placement.

REQUIRED COURSES: (30 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- LIN 3003 - Language Matters Credit(s): 3
- FOT 4131 - Understanding World Cultures Credit(s): 3

REQUIRED CONCENTRATION COURSES: (24 CREDIT HOURS)

Students complete a World Languages and Cultures program of study and at least one concentration in: Applied Linguistics; Chinese Language and Culture; Classics; East Asian Languages and Cultures; French and Francophone Studies; German; Interdisciplinary Classical Civilizations; Italian; Russian; Spanish and Latin American Studies; or a combination of two concentrations (dual concentrations), completing 12 credit hours in one chosen concentration and 12 credit hours in the other chosen concentration.

Prior to declaring a dual concentration, students should consult with the World Languages advisors and faculty to determine the best combination of coursework. Some dual concentrations may require additional credit hours to meet the minimum credit hours for the concentration.

The following dual concentrations are not allowed:

- Chinese Language and Culture and East Asian Languages and Cultures
- Classics and Interdisciplinary Classical Civilizations

SPANISH AND LATIN AMERICAN STUDIES CONCENTRATION COURSES: 8 COURSES; 24 CREDIT HOURS

The Interdisciplinary Spanish and Latin American Studies concentration focuses on the language and culture of the Spanish-speaking world. Spanish is a global language, the second most spoken native language in the world. The historical ties with Spain, the proximity of Spanish America, and the presence of many Spanish speakers in the United States make knowledge of Spanish and the culture of the Spanish-speaking world highly relevant to students in all disciplines.

Please note the following restrictions:

- No more than six credit hours of coursework between 2240-2999 may be applied to the Spanish concentration.
- A student may take no more than one course with an SPT prefix.
- SPN 2240 - Conversation I may also be counted as concentration electives, unless the course has been used to fulfill another concentration and/or major requirement.
- The requirements of SPN 3300 - Advanced Spanish Grammar and Composition or SPN 2340 - Advanced Spanish for Native Speakers I may be waived for qualified students. These students will take an additional course to satisfy the concentration requirements.

REQUIRED SUPPORTING COURSES

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.
**NOTE: Successful completion of these courses will meet the State Common Prerequisites requirements of the World Languages Degree.**

- **SPN 1120** - Beginning Spanish I **Credit(s):** 4
- **SPN 1121** - Beginning Spanish II **Credit(s):** 4
- **SPN 2200** - Spanish III **Credit(s):** 3
- **SPN 2240** - Conversation I **Credit(s):** 3

**CONCENTRATION CORE COURSES: 2 COURSES; 6 CREDIT HOURS**

- **SPW 3030** - Introduction to Hispanic Literary Studies **Credit(s):** 3
  
  Select one course from the following list:

- **SPN 2340** - Advanced Spanish for Native Speakers I **Credit(s):** 3
- **SPN 3300** - Advanced Spanish Grammar and Composition **Credit(s):** 3

**CONCENTRATION ELECTIVE COURSES: 6 COURSES; 18 CREDIT HOURS**

Select six (6) courses from the following list of courses.

- **SPN 2340** - Advanced Spanish for Native Speakers I **Credit(s):** 3
- **SPN 3300** - Advanced Spanish Grammar and Composition **Credit(s):** 3
- **SPN 3391** - Latin American Cinema **Credit(s):** 3
- **SPN 3440** - Spanish for Business and International Trade I **Credit(s):** 3
- **SPN 3441** - Spanish for Business and International Trade II **Credit(s):** 3
- **SPN 3500** - Spanish Civilization **Credit(s):** 3
- **SPN 3514** - The Three Cultures of Medieval Spain **Credit(s):** 3
- **SPN 3520** - Spanish-American Civilization **Credit(s):** 3
- **SPN 4301** - Expository Writing **Credit(s):** 3
- **SPN 4410** - Advanced Conversation **Credit(s):** 3
- **SPN 4470** - Advanced Overseas Study **Credit(s):** 1-6
- **SPN 4700** - Spanish Linguistics **Credit(s):** 3
- **SPT 3100** - Masterpieces of Hispanic Literature **Credit(s):** 3
- **SPW 3030** - Introduction to Hispanic Literary Studies **Credit(s):** 3
- **SPW 3393** - Spanish Culture through Literature and Film **Credit(s):** 3
- **SPW 3399** - Spanish and Latin American Literature **Credit(s):** 3
- **SPW 4130** - Early Latin America Through Literature and Film **Credit(s):** 3
- **SPW 4131** - Survey of Spanish-American Literature **Credit(s):** 3
- **SPW 4145** - Sex and Subversion in Spanish Art, Lit, and Film **Credit(s):** 3
- **SPW 4311** - The Creative Genius of the Golden Age **Credit(s):** 3
- **SPW 4930** - Selected Topics **Credit(s):** 1-3
- **Other USF SPN-, SPT-, SPW-prefixed courses may be applied to the concentration, with prior approval from the World Languages faculty and advisor**

**DUAL CONCENTRATION IN SPANISH AND LATIN AMERICAN STUDIES**

If taking Spanish and Latin American Studies as a dual concentration, these are the requirements.

Note: When declaring a dual concentration, no SPT-prefixed courses may be used to fulfill the Spanish and Latin American Studies concentration.

1. **Prerequisite (Supporting) Courses**

The following courses are prerequisite (supporting) courses for this concentration. They are required for the concentration but are not counted in the total hours for this major but count toward general/unrestricted electives. Students may also demonstrate proficiency by testing.

- **SPN 1120** - Beginning Spanish I **Credit(s):** 4
- **SPN 1121** - Beginning Spanish II **Credit(s):** 4
- **SPN 2200** - Spanish III **Credit(s):** 3
- **SPN 2240** - Conversation I **Credit(s):** 3
2. Concentration Core Courses: 2 courses; 6 credit hours
Note: The requirements of SPN 3300 - Advanced Spanish Grammar and Composition or SPN 2340 - Advanced Spanish for Native Speakers I may be waived for qualified students. These students will take an additional course to satisfy the concentration requirements.

- SPW 3030 - Introduction to Hispanic Literary Studies Credit(s): 3
  Select one course from the following list.
- SPN 2340 - Advanced Spanish for Native Speakers I Credit(s): 3
- SPN 3300 - Advanced Spanish Grammar and Composition Credit(s): 3

3. Concentration Elective Courses: 2 courses; 6 credit hours
Select two (2) courses from the following list of courses.

- SPN 2240 - Conversation I Credit(s): 3
- SPN 2340 - Advanced Spanish for Native Speakers I Credit(s): 3
- SPN 3300 - Advanced Spanish Grammar and Composition Credit(s): 3
- SPN 3391 - Latin American Cinema Credit(s): 3
- SPN 3440 - Spanish for Business and International Trade I Credit(s): 3
- SPN 3441 - Spanish for Business and International Trade II Credit(s): 3
- SPN 3500 - Spanish Civilization Credit(s): 3
- SPN 3514 - The Three Cultures of Medieval Spain Credit(s): 3
- SPN 3520 - Spanish-American Civilization Credit(s): 3
- SPN 4301 - Expository Writing Credit(s): 3
- SPN 4410 - Advanced Conversation Credit(s): 3
- SPN 4470 - Advanced Overseas Study Credit(s): 1-6
- SPN 4700 - Spanish Linguistics Credit(s): 3
- SPW 3030 - Introduction to Hispanic Literary Studies Credit(s): 3
- SPW 3393 - Spanish Culture through Literature and Film Credit(s): 3
- SPW 3512 - Religion in Hispanic Literature and Film Credit(s): 3
- SPW 4130 - Early Latin America Through Literature and Film Credit(s): 3
- SPW 4131 - Survey of Spanish-American Literature II Credit(s): 3
- SPW 4145 - Sex and Subversion in Spanish Art, Lit, and Film Credit(s): 3
- SPW 4311 - The Creative Genius of the Golden Age Credit(s): 3
- SPW 4930 - Selected Topics Credit(s): 1-3
  - Other USF SPN-, SPW-prefix courses may be applied to the concentration, with prior approval from the World Languages faculty and advisor.

4. Twelve (12) hours in another dual concentration.
- World Languages and Cultures B.A., with Applied Linguistics Concentration
- World Languages and Cultures B.A., with Classics Concentration
- World Languages and Cultures B.A., with Chinese Language and Culture Concentration
- World Languages and Cultures B.A., with East Asian Languages and Cultures Concentration
- World Languages and Cultures B.A., with French and Francophone Studies Concentration
- World Languages and Cultures B.A., with German Concentration
- World Languages and Cultures B.A., with Interdisciplinary Classical Civilizations Concentration
- World Languages and Cultures B.A., with Italian Concentration
- World Languages and Cultures B.A., with Russian Concentration

ADDITIONAL INFORMATION - WORLD LANGUAGES AND CULTURES B.A.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA 2.0

GRADING REQUIREMENTS
A grade of C- or better to meet major course requirements unless specified elsewhere. Will vary by area.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

**RESIDENCY REQUIREMENTS - COLLEGE OF ARTS AND SCIENCES**

Department and College of Arts and Sciences Major Academic Residency Requirement - 50% of major must be completed at USF.

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF.

**RESEARCH OPPORTUNITIES - COLLEGE OF ARTS AND SCIENCES**

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research will assist students in understanding the various course options.

**ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES**

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs. CAS Academic Advisor Contact information can be found here: CAS Advisor.

To schedule an advising appointment: Advising Appointments

**Plans of Study - World Languages and Cultures B.A., with Spanish and Latin American Studies Concentration**

**NOTES:**
- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
- Items that are critical are marked with a ☑ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:
- Interpreter/Translator
- Teacher
- Blogger
- Tour Guide
- Liaison Officer

Potential Entry Level Salary Range:
$30,000 - $50,000

CHINESE LANGUAGE MINOR

TOTAL MINOR HOURS: 18

The minor in Chinese Language is designed for majors in any field who wish to demonstrate in-depth knowledge of Chinese language, culture and society. The minor in Chinese Language is designed to equip students with a foundation in Chinese language and culture necessary to successfully interact with Chinese people.

MINOR REQUIREMENTS

A total of 18 semester hours is required for the minor in Chinese Language. Of those 18 hours, 12 hours are to be fulfilled with required core courses in language and culture. An additional 6 hours are to be fulfilled with electives selected in consultation with a Chinese faculty advisor.

MINOR CORE (12 CREDIT HOURS)

- CHI 3241 - Advanced Chinese Conversation I Credit(s): 3
- CHI 3242 - Advanced Chinese Conversation II Credit(s): 3
- CHT 3500 - Introduction to Chinese Culture Credit(s): 3
- CHT 3110 - Traditional Chinese Literature in Translation Credit(s): 3
  
  or

- CHT 3124 - Modern Chinese Literature in Translation Credit(s): 3

MINOR ELECTIVES (6 CREDIT HOURS)

- CHI 4905 - Directed Study Credit(s): 1-5
- CHI 4930 - Special Topics Credit(s): 1-3

GPA REQUIREMENTS

Minor GPA (all USF courses which are applied to minor requirements): 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENT

A minimum of 10 of the 18 hours required for the minor must be completed in residence at USF.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

CAS Academic Advisor Contact information can be found here: CAS Advisors

To schedule an advising appointment: Advising Appointments
CLASSICS MINOR

TOTAL MINOR HOURS: 17

The interdisciplinary minor is designed to make the study of the ancient world available to students, in a programmatic way, without the requirement of learning Latin or Greek. Students learn about the history, literature, art and culture of antiquity in courses that emphasize the study of primary texts in English translation.

MINOR REQUIREMENTS

The Classics minor requires 17 credit hours, which are divided between language and civilization requirements.

MINOR CORE (17 CREDIT HOURS)

LANGUAGE REQUIREMENTS (8 CREDIT HOURS)

Students are required to take at least two (2) successive courses in a single language, Latin or Ancient Greek (LAT, LNW, GRE, GRW).

CIVILIZATION REQUIREMENTS (9 CREDIT HOURS)

Students are required to take three (3) of the core courses offered by Classics:

- CLA 3103 - Daily Life in Ancient Greece Credit(s): 3
- CLA 3124 - Daily Life in Ancient Rome Credit(s): 3
- CLT 3103 - Epic Battles and Dramatic Reversals in Greek Thought Credit(s): 3
- CLT 3123 - Voyages and Metamorphoses in Roman Imagination Credit(s): 3
- CLT 3370 - Gods Heroes and Monsters in the Ancient World Credit(s): 3

GPA REQUIREMENTS

Minor GPA (all USF courses which are applied to minor requirements): 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere.

Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

RESIDENCY REQUIREMENTS

CAS Minor Academic Residency Requirement: 50% of minor must be completed at USF.

ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

Undergraduate Advising Information

The College of Arts & Sciences (CAS) Advising Team provides students with support to create timely graduation plans that will integrate both their academic and professional goals. Each of our undergraduate programs has dedicated professional advisors with specialized knowledge and understanding of the major requirements, course offerings, undergraduate research, and career opportunities in their field. Additionally, we have dedicated pre-health and prelaw advisors to help students prepare for admission to professional graduate programs.

FRENCH AND FRANCOPHONE STUDIES MINOR

French is a truly global language, the official or second language of over forty countries worldwide and an important tool in business and diplomacy. Our faculty offer a large variety of courses in literature and culture across different media, genres, centuries, and geographical regions. Our faculty is attentive and our students form a close community.

The placement record for our graduates is impressive, including students who go on to obtain advanced academic degrees and professional degrees such as law and business. Others apply their French to teaching, politics, academic administration, and federal government jobs.

TOTAL MINOR CREDIT HOURS: 15

MINOR ELECTIVE HOURS: 15

- Select 15 hours of FRE or FRW courses above FRE 2200 (French III).
- One course (3 credits) may be an FRT course given in English.

GPA REQUIREMENT

A GPA of 2.0 or better in the minor is required for certification.

GRADING REQUIREMENT

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

RESIDENCY REQUIREMENTS

CAS Minor Academic Residency Requirement: 50% of minor must be completed at USF.

OTHER REQUIREMENTS

The French minor strongly encourages study abroad and provides advice on the same. USF World USF World offers several programs in France and Francophone countries.

INTERDISCIPLINARY CLASSICAL CIVILIZATIONS MINOR

TOTAL MINOR HOURS: 15

MINOR CORE (15 CREDIT HOURS)

The ICC Minor (15 hours) can be fulfilled in one of two ways:

**Option 1: Courses are divided by level, with the "field" of study unrestricted (15 credit hours):**
- Two courses (6 hours) from the ICC Minor “Core:”
  - CLA 3103 - Daily Life in Ancient Greece or CLT 3103 - Epic Battles and Dramatic Reversals in Greek Thought
  - CLA 3124 - Daily Life in Ancient Rome or CLT 3123 - Voyages and Metamorphoses in Roman Imagination
  - CLT 3370 - Gods Heroes and Monsters in the Ancient World
- Three (3) credit hours from 2000- or 3000-level courses in Anthropology, History, Philosophy and Religious Studies, selected with the guidance and approval of the Coordinator.
- Six (6) credit hours from 3000- or 4000-level courses in Anthropology, History, Philosophy and Religious Studies, selected with the guidance and approval of the Coordinator.

**Option 2: Courses are organized along an interdisciplinary principle (15 credit hours):**
- Two courses (6 hours) from the ICC Minor “Core:”
  - CLA 3103 - Daily Life in Ancient Greece or CLT 3103 - Epic Battles and Dramatic Reversals in Greek Thought
  - CLA 3124 - Daily Life in Ancient Rome or CLT 3123 - Voyages and Metamorphoses in Roman Imagination
  - CLT 3370 - Gods Heroes and Monsters in the Ancient World
- Nine (9) credit hours from the Interdisciplinary Requirements. The student will complete three (3) 3-credit courses, one each from three of the following four fields:
  - Anthropology
  - History
  - Philosophy
  - Religious Studies

GPA REQUIREMENTS

Minor GPA (all USF courses which are applied to minor requirements): 2.0

GRADING REQUIREMENTS

C- or better to meet major course requirements unless specified elsewhere.
Note: Some USF courses have higher grade criteria to meet prerequisite knowledge necessary for progression into higher level courses.

LINGUISTICS MINOR
TOTAL MINOR HOURS: 15

The linguistics minor can complement any language major, as well as many other majors. In the linguistics minor, you will have the opportunity to take upper-level classes focusing on language, culture, pedagogy and theoretical linguistics. The minor can prepare you for teaching a foreign language in the United States, teaching English overseas, working for a company in which there are multinational employees, and other similar careers. It will also give you a foundation to pursue graduate work in applied linguistics or languages. Knowledge of the structure of language will help you hone your analytic thinking skills, which can be transferred to other areas such as succeeding on the LSAT or entering a career in the field of computer science. Linguistics courses can also help you improve your writing-related skills, oral communication skills, and intercultural communication.

MINOR REQUIREMENTS

MINOR CORE (3 CREDIT HOURS)

- LIN 3010 - Introduction to Linguistics Credit(s): 3

MINOR ELECTIVES (12 CREDIT HOURS)

- ANT 3610 - Linguistic Anthropology Credit(s): 3
- CLT 3040 - Scientific and Medical Terminology Credit(s): 3
- FLE 4390 - Teaching Foreign/Second Languages Credit(s): 3
- FRE 4700 - French Linguistics Credit(s): 3
- LIN 2002 - Language, Culture & Film Credit(s): 3
- LIN 3003 - Language Matters Credit(s): 3
- LIN 4350 - Sound Systems in American English Credit(s): 3
- LIN 4600 - Sociolinguistics: Language and Society Credit(s): 3
- LIN 4609 - Language and Technology Credit(s): 3
- LIN 4671 - Traditional English Grammar Credit(s): 3
- LIN 4701 - Psycholinguistics Credit(s): 3
- LIN 4721 - Second Language Acquisition Credit(s): 3
- LIN 4930 - Selected Topics Credit(s): 1-3 (may be repeated; title must be different)
- SPA 3004 - Introduction to Language Development and Disorders Credit(s): 3
- SPN 4700 - Spanish Linguistics Credit(s): 3
- TSL 4362 - Methodology of Teaching English Overseas Credit(s): 3

GPA REQUIREMENTS

A minimum 2.0 GPA is required.

GRADING REQUIREMENT

A minimum grade of C- or better must be attained in each course.

RESIDENCY REQUIREMENT

A minimum of nine (9) hours must be completed at the University of South Florida.

SPANISH MINOR

The Spanish minor provides students with linguistic and cultural competencies that enhance preparation for many disciplines such as business, hospitality management, mass communications, and education as well as pre-law and pre-medicine.

MINOR REQUIREMENTS

The minor in Spanish consists of a minimum of six courses beyond Spanish III (SPN 2200) or equivalent: two (2) required courses (6 credit hours) and four (4) upper-level elective courses (12 credit hours).

TOTAL MINOR CREDIT HOURS: 18
MINOR CORE CREDIT HOURS: 6

Notes:
*Students who place out of Spanish IV may substitute a SPN or SPW course beyond SPN 2201.
**Native speakers may substitute SPN 2340 Advanced Spanish for Native Speakers I. In the case of highly qualified students, an upper level SPN/SPW course can be substituted.

- SPN 2201 - Spanish IV Credit(s): 3 *
- SPN 3300 - Advanced Spanish Grammar and Composition Credit(s): 3 **

MINOR ELECTIVE CREDIT HOURS: 12

Select 12 hours of SPN, SPW courses at 3000, 4000 level. (One SPT prefix course may be taken as part of the 12 hours.)

Students must complete a minimum of six (6) credits and two (2) courses exclusive to the minor that will not count toward the student's major or other minors. These credits/courses must be completed at USF.

GPA REQUIREMENT

A GPA of 2.0 or better in the minor is required for certification.

GRADING REQUIREMENT

All coursework completed for the Spanish Minor must have a grade of "C" or better to satisfy program requirements. Each minor course must be taken for a letter grade. No course may be taken Pass/Fail.

RESIDENCY REQUIREMENTS

CAS Minor Academic Residency Requirement: 50% of minor must be completed at USF.

The certificate is constructed for individuals who are pursuing a bachelor’s degree in any field as well as non-degree seeking students and desire to advance their Japanese learning. By developing individuals' knowledge and understanding for the Japanese language and culture, this certificate will prepare them for working in Japan or for Japanese companies, working as a foreign service officer in the U.S. Department of State, or applying for the Japanese Exchange and Teaching (JET) program, etc. in the future. The certificate is offered through the Department of World Languages.

### CERTIFICATE REQUIREMENTS

Students must complete the following two courses or their equivalents before applying to the certificate program.

- JPN 1120 - Modern Japanese I  
  Credit(s): 4
- JPN 1121 - Modern Japanese II  
  Credit(s): 4

### CERTIFICATE CORE (11 CREDIT HOURS)

- JPN 2220 - Modern Japanese III  
  Credit(s): 4
- JPN 2221 - Modern Japanese IV  
  Credit(s): 4
- JPN 3400 - Japanese V  
  Credit(s): 3

### CERTIFICATE ELECTIVES (4-6 CREDIT HOURS)

Students choose two (2) courses from the following list of electives:

- JPN 4020 - Japanese Calligraphy  
  Credit(s): 1
- JPT 4957 - Japan Study Program: Culture, History and Society  
  Credit(s): 3
- JPN 3401 - Japanese VI  
  Credit(s): 3

### GPA REQUIREMENTS

A minimum 2.0 GPA is required.

### GRADING REQUIREMENT

A minimum grade of C (2.0) or higher must be attained in each course.

### RESIDENCY REQUIREMENT

A minimum of 9 credit hours must be completed at the University of South Florida. In case of study abroad programs, exceptions can be made.

### OTHER REQUIREMENTS

Relevant courses not listed as requirements or electives and offered in other departments may be substituted with the approval of the coordinator.

### ADVISING INFORMATION - COLLEGE OF ARTS AND SCIENCES

COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

College of Behavioral and Community Sciences

13301 Bruce B. Downs Blvd, MHC 1110
Tampa, FL 33620
(813) 974-4602
http://www.usf.edu/cbcs/

Physical Location: MHC is located near East Fletcher Avenue and Bruce B. Downs Blvd. on the north-west corner of the USF campus. The main entrance is at USF Holly Drive.

About the College

Established in 2008, the College of Behavioral & Community Sciences is breaking new ground by combining knowledge gained through the behavioral sciences with knowledge gained from the community. Our emphasis on Behavioral Science reflects a focus on individuals, emphasizing behavioral research that examines the problems and challenges people encounter, as well as their need for clinical and supportive services. Our emphasis on Community Science reflects our commitment to understanding the larger contextual factors that have an impact on the well-being and safety of individuals and their families, such as the effectiveness of systems and policies that impact and support the well-being of individuals. We accomplish this by engaging community and neighborhood stakeholders in a partnered, participatory manner and by collaborating with local, state, and national organizations in both the public and private sectors.

The College of Behavioral & Community Sciences serves approximately 3,000 students with eight (8) undergraduate, (11) eleven master’s, and seven (7) doctoral programs housed in six (6) academic departments/schools. The College is the home of the Louis de la Parte Florida Mental Health Institute, one of the largest behavioral health research and training institutes in the country as well as 17 specialized Research Centers and Institutes. Our aim is nothing less than to be among the most influential resources for behavioral and community sciences in the region, nation, and world.

Mission, Vision, Values

Mission
To advance knowledge through interdisciplinary teaching, research, and service that improves the capacity of individuals, families, and diverse communities to promote productive, satisfying, healthy, and safe lives across the lifespan.

Vision
College of Behavioral and Community Sciences envisions the college as a globally recognized leader that creates innovative solutions to the complex conditions that affect the behavior and well-being of individuals, families, and diverse communities.

Values
Inclusion and diversity in all its dimensions are core values that permeate the teaching, research, and service activities of College of Behavioral and Community Sciences. As members of the higher education community, the College of Behavioral and Community Sciences values shared governance, academic freedom, and professional responsibility.

PRINCIPLES THAT GUIDE OUR WORK
In implementing our work, College of Behavioral and Community Sciences strives to incorporate Interdisciplinary approaches to teaching, research, and service; engagement with community partners; and student participation in research, service, and global initiatives.

College-Level Requirements
Entrance Requirement to Declare a Major in the College of Behavioral and Community Sciences  Students must have a minimum 2.00 cumulative grade point average in any previously attempted USF/overall college-level coursework prior to declaring a major in the College of Behavioral and Community Sciences. Exceptions will be considered on an individual basis, with departmental approval required, by the CBCS Academic Regulations Committee.

Major Residency Requirement  College of Behavioral and Community Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Behavioral and Community Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

Other Information - Departmental Minor  Students may not use courses in the major for the minor, unless approved by the department offering the minor.

Graduation Requirements  EACH STUDENT IS RESPONSIBLE FOR MEETING GRADUATION REQUIREMENTS AS FOLLOWS:

- Complete at least 120 accepted semester hours with a minimum USF cumulative Grade Point Average (GPA) and overall GPA of 2.00. All grades including "D"s and "F"s are used to calculate USF, overall, and major GPAs for students in the College of Behavioral and Community Sciences.
- Maintain major GPA of 2.00 in USF coursework.
- Complete the Foreign Language Entrance Requirement. Students pursuing a B.A. degree must also complete the Foreign Language Exit Requirement.
- Satisfy the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math). Transfer students who enter USF with 60 or more semester hours from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission are considered to have met the communication portion of this Regulation.
- Complete 36 hours of General Education State Core courses and Enhanced General Education Curriculum (for more information, see section titled "Enhanced General Education” in Academic Policies and Procedures section).
- Complete at least 9 semester hours at a Florida public university in the Florida State University System during summer terms if entering USF with fewer than 60 semester hours.
- Complete all major course requirements.
- Thirty (30) of the last 60 semester hours must be completed at USF to fulfill the residency requirement.
- When double majoring, a maximum of 2 courses or 8 hours may be used to satisfy requirements between majors. Students should check with the advisors in both departments when pursuing more than one degree.
- S/U contracts must be negotiated in writing within the first three (3) weeks of the term. No credits may be taken S/U in the student’s major unless S/U is the only grading option. Coursework fulfilling the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
- The Audit option is available only during the first 5 (five) days of classes.
- Complete Civics Literacy requirement.
- Complete a minimum of 42 hours of upper-level courses (numbered 3000 or above).
- Students must apply for graduation by the end of the fourth week of their final semester (See Registrar’s calendar for exact dates.). For late application information, please refer to the Application for Graduation section of the Academic Policy and Procedures division of the catalog.

Global Pathways  http://www.usf.edu/gcp/students/index.aspx
A Global Pathway is an undergraduate major or degree program that has significant global content. Global Pathways provide students with the opportunity to practice and apply global competencies through the major or degree program. The following programs are designated as Global Pathway Programs:
Communication Sciences & Disorders  
https://www.usf.edu/cbcs/csd/  
Social Work  
https://www.usf.edu/cbcs/social-work/

Certificates

Undergraduate Research in Behavioral & Community Sciences Certificate  
The Undergraduate Research Certificate provides students with a planned sequence of courses to support their systematic development as undergraduate researchers and prepare them for graduate school. The Undergraduate Research Certificate is a cross-departmental initiative within the College of Behavioral & Community Sciences. See https://www.usf.edu/cbcs/undergraduate/certificates.aspx.

Addictions and Substance Abuse Profession Certificate

Undergraduate Advising Information

Please visit the College of Behavioral and Community Sciences website for advisor information at http://www.usf.edu/cbcs/undergraduate/advising.aspx.

To schedule an advising appointment:
- Prospective or current students with an active UID can schedule an appointment online: https://usf.appiancloud.com/suite/sites/archivum/page/archivum/report/daQeig
- Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major: https://www.usf.edu/undergrad/students/advising.aspx
UNDERGRADUATE RESEARCH IN BEHAVIORAL & COMMUNITY SCIENCES CERTIFICATE

TOTAL CERTIFICATE HOURS: 13

The Undergraduate Research certificate is designed for students interested in attending graduate school or pursuing research careers. Students complete a systematic undergraduate research preparation program consisting of a minimum of 13 hours of coursework, many of which will count toward their general education requirements or requirements for their major.

ADVISING INFORMATION

For questions about the minor, please email bhadvise@usf.edu.
AGING SCIENCES B.S.

TOTAL DEGREE HOURS: 120

The Bachelor of Science degree in Aging Sciences entails 36 credit hours of required coursework. In this program, the course of study provides students with an education in aging sciences and some exposure to the various career opportunities in the field of aging. This degree is especially appropriate for students who plan to pursue graduate or professional work in aging, allied health or a related field, or who plan to work with older adults in careers such as care management, social services, or program development.

STATE MANDATED COMMON COURSE PREREQUISITES - AGING SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- **STA X122 Social Science Statistics** or **QMB X150 or STA X014 or STA X023 or STA X024 or QMB X100** - 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

REQUIRED COURSES: (36 CREDIT HOURS)

MAJOR CORE COURSES: 7 COURSES; 21 CREDIT HOURS

- **GEY 2000 - Introduction to Aging Sciences** Credit(s): 3
- **GEY 3601 - Physical Changes and Aging** Credit(s): 3
- **GEY 4401 - Research Methods in Aging** Credit(s): 3
- **GEY 4612 - Psychology of Aging** Credit(s): 3
- **GEY 4628 - Health, Ethnicity, and Aging** Credit(s): 3
- **GEY 4641 - Death and Dying** Credit(s): 3

REQUIRED CAPSTONE COURSE: 1 COURSE; 3 CREDIT HOURS

Students will choose one.

Note: These courses are School capstone experience courses and do not qualify to meet the General Education requirement.
GEY 4945 - Internship Credit(s): 1-9 (Should be taken for 3 credits)
GEY 4690 - Senior Seminar in Aging Credit(s): 3
GEY 4917 - Directed Research in Aging Credit(s): 1-4 (Should be taken for 3 credits)

MAJOR (RESTRICTED) ELECTIVES: 5 COURSES; 15 CREDIT HOURS

B.S. students complete 15 additional elective hours. Students should meet frequently with the departmental advisor to plan courses that will prepare them for their career goals.

DEP 2004 - The Life Cycle Credit(s): 3
GEY 3503 - Administration of Assisted Living Facilities Credit(s): 3
GEY 3625 - Sociological Aspects of Aging Credit(s): 3
GEY 4102 - Aging in Modern Literature and Film Credit(s): 3
GEY 4322 - Care Management for Older Adults Credit(s): 3
GEY 4360 - Counseling for Older Adults Credit(s): 3
GEY 4475 - Program Evaluation in an Aging Society Credit(s): 3
GEY 4507 - Understanding Policies and Practices of Long Term Care Credit(s): 3
GEY 4520 - Legal Aspects of Health Care Administration Credit(s): 3
GEY 4608 - Alzheimer’s Disease Management Credit(s): 3
GEY 4632 - Business Management in an Aging Society Credit(s): 3
GEY 4900 - Directed Readings in Aging Credit(s): 1-3

ADDITIONAL INFORMATION - AGING SCIENCES B.S.

GRADING REQUIREMENTS

A grade of lower than "C-" in Aging Sciences courses will not be counted toward fulfilling the requirements for the major.

INTERNSHIP OPPORTUNITIES

Students who have completed a major portion (usually in the final 2 semesters of the program) of the Aging Sciences program of study may opt to apply for an internship to fulfill the major capstone requirement required for graduation. Internships are selective and awarded to students who demonstrate considerable professional readiness and have developed well-defined professional goals that will be enriched and advanced through an internship. Internships are typically worth 3 credit hours.

RESEARCH OPPORTUNITIES - AGING SCIENCES B.S.

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript to document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) will assist students in understanding the various course options.

ADVISING INFORMATION - AGING SCIENCES B.S.

Contact the undergraduate advisor as early as possible in your career at the University of South Florida. Students should plan to meet frequently with the advisor to plan courses and internship that will prepare the student for career goals.

Undergraduate Advisor: Lu Norstrand at lubai@usf.edu.
Plans of Study - Aging Sciences B.S.

**NOTES:**
SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergradstudents/civics-literacy.aspx or talk with your academic advisor.
Items that are critical are marked with a ▶ and are included in the plan for a student to stay on track.

**Potential Entry Level Job Titles:**
Social Service Administration
Community Health Educator
Social and Human Service Assistant
Aging Services Manager
Hospice Associate
Geriatric Care Manager
Activities Director
Staff Researcher

**Potential Entry Level Salary Range:**
$35,000 - $65,000

HEALTH CARE ADMINISTRATION B.S.

TOTAL DEGREE HOURS: 120

The Bachelor of Science Degree in Health Care Administration provides students with a basic education in gerontology and the business and administrative aspects of the health care industry. This program is especially appropriate for students who intend to enter the health care industry immediately following graduation. Students may choose an area of specialization to suit their career interests. This would include preparing students to sit for the state licensing examinations to become Assisted Living or Nursing Home Administrators.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH CARE ADMINISTRATION B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

ACG X021 or ACG X024 or (ACG X001 and ACG X011) - 3-6 credit hours
ACG X071 or ACG X301 - 3 credit hours
ECO X023 - 3 credit hours
CGS X061 or CGS X100 or ISM X000 - 3-4 credit hours
STA X023 - 3 credit hours

SUPPORTING REQUIRED COURSES: 2 COURSES; 6 CREDIT HOURS

The following courses are supporting courses for this major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

GEY 2000 - Introduction to Aging Sciences Credit(s): 3
OR
GEY 3601 - Physical Changes and Aging Credit(s): 3
MAN 3025 - Principles of Management Credit(s): 3

REQUIRED COURSES: (39 CREDIT HOURS)

MAJOR CORE COURSES: 13 COURSES; 39 CREDIT HOURS

GEY 4322 - Care Management for Older Adults Credit(s): 3
OR
GEY 4608 - Alzheimer's Disease Management Credit(s): 3
GEY 4475 - Program Evaluation in an Aging Society Credit(s): 3
GEY 4507 - Understanding Policies and Practices of Long Term Care Credit(s): 3

OR

GEY 4520 - Legal Aspects of Health Care Administration Credit(s): 3
GEY 4508 - Health Care Operations Credit(s): 3
GEY 4509 - Regulatory and Clinical Operations Credit(s): 3
GEY 4635 - Business Management in an Aging Society Credit(s): 3
GEY 4945 - Internship Credit(s): 1-9 (Should be taken for 9 credits) *
HSA 3170 - Healthcare Finance Credit(s): 3
HSC 4630 - Understanding U.S. Health Care Credit(s): 3
ISM 3011 - Information Systems in Organizations Credit(s): 3
MAN 3301 - Human Resource Management Credit(s): 3

* Under certain circumstances, students may be able to substitute 3 undergraduate classes (9 credit hours) to replace the Internship with permission from the Undergraduate Director.

ADDITIONAL INFORMATION - HEALTH CARE ADMINISTRATION B.S.

GRADING REQUIREMENT
A grade of lower than "C-" in major core courses will not be counted toward fulfilling the requirements for the major.

INTERNSHIP OPPORTUNITIES
A full-time (650 hours) internship is available for students completing the Bachelor of Science Degree in Health Care Administration. The internship, scheduled after successful completion of all major prerequisites and all but one of the required courses, is intended to prepare students for entry-level positions in nursing home administration. Students should expect to meet with the advisor the semester prior to the internship in preparation of their internship experience.

NOTE: a Level 2 background check is required for most Internships, possibly at the student's expense.

OTHER INFORMATION
Students who do not wish to complete the full-time internship (GEY 4945) will need to choose 3 undergraduate courses (9 credit hours) of electives. Students will need to receive permission from the Undergraduate Director and meet with the Academic Advisor to decide which classes best fit their goals at least a semester in advance.

RESEARCH OPPORTUNITIES - HEALTH CARE ADMINISTRATION B.S.
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - HEALTH CARE ADMINISTRATION B.S.
Students are strongly encouraged to meet each semester with the departmental advisor to plan courses that will prepare the student for career goals.

Undergraduate Advisor: Lu (Lucy) Norstrand at lubai@usf.edu.
### Plans of Study - Health Care Administration B.S.

**NOTES:**
SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor. Items that are critical are marked with a ★ and are included in the plan for a student to stay on track.

**Potential Entry Level Job Titles:**
- Health Care Administrator
- Health Care Business Solutions
- Health Analytics Consultant
- Home Care Agency Administrator
- Life Care Manager
- Human Resources

**Potential Entry Level Salary Range:**
$101,340 median

AGING SCIENCES MINOR

An undergraduate minor is available for students interested in pursuing careers in aging in conjunction with any undergraduate major. It may be particularly beneficial to students majoring in such disciplines as anthropology, business, communication sciences and disorders, government and international affairs, nursing, psychology, public health, health care, social work, and sociology.

MINOR REQUIREMENTS

The minor in Aging Sciences consists of a minimum of five (5) courses (15 credit hours).

TOTAL MINOR CREDIT HOURS: 15

Minor Core Credit Hours: 9
GEY 3601 - Physical Changes and Aging Credit(s): 3
GEY 3625 - Sociological Aspects of Aging Credit(s): 3
GEY 4612 - Psychology of Aging Credit(s): 3

MINOR ELECTIVE HOURS: 6

Six (6) additional credit hours of GEY coursework.
GEY 2000 - Introduction to Aging Sciences Credit(s): 3
GEY 4401 - Research Methods in Aging Credit(s): 3
GEY 4628 - Health, Ethnicity, and Aging Credit(s): 3
GEY 4641 - Death and Dying Credit(s): 3
GEY 3503 - Administration of Assisted Living Facilities Credit(s): 3
GEY 4692 - Professional Development and Engagement in Aging Credit(s): 3
GEY 4102 - Aging in Modern Literature and Film Credit(s): 3
GEY 4322 - Care Management for Older Adults Credit(s): 3
GEY 4507 - Understanding Policies and Practices of Long Term Care Credit(s): 3
GEY 4360 - Counseling for Older Adults Credit(s): 3
GEY 4475 - Program Evaluation in an Aging Society Credit(s): 3
GEY 4520 - Legal Aspects of Health Care Administration Credit(s): 3
GEY 4647 - Ethical and Legal Issues in Aging Credit(s): 3
GEY 4690 - Senior Seminar in Aging Credit(s): 3
GEY 4900 - Directed Readings in Aging Credit(s): 1-3
GEY 4917 - Directed Research in Aging Credit(s): 1-4
GEY 4608 - Alzheimer's Disease Management Credit(s): 3
GEY 4635 - Business Management in an Aging Society Credit(s): 3

GPA REQUIREMENTS

A minimum overall 2.0 GPA in minor coursework.

GRADING REQUIREMENTS

A grade of C- or lower in any Aging Sciences courses will not be counted toward the minor.
A maximum of 3 credits of S/U coursework may be counted toward the minor.

ADVISING INFORMATION

Students are strongly encouraged to meet each semester with the departmental advisor to plan courses that align with career goals.
Undergraduate Advisor: Lucy Norstrand at lubai@usf.edu.

RESIDENCY REQUIREMENTS

Fifty percent (50%) of the minor must be completed through USF coursework.
ADDITIONS STUDIES MINOR

TOTAL MINOR HOURS: 18

The Addictions Studies minor is for students seeking knowledge and skills in the field of addiction treatment and is especially valuable for those seeking state level Certification as an Addictions Professional or those seeking to prepare for a graduate program in Counseling. The Addictions Studies minor is open to all students. The minor will provide students with the skills to successfully enter the field of addictions counseling and work towards state level certification.

GRADING REQUIREMENTS

A grade of B- or higher is required in every course in the minor.

If a student gets a grade lower than a B- in a course, the student must retake that course to stay in the minor.

RESIDENCY REQUIREMENT

Fifty percent (50%) of the minor must be completed through USF coursework.

ADVISING INFORMATION

Students may contact department for general questions at 813-974-2855 or vbuckles@usf.edu.
The Applied Behavior Analysis (ABA) minor is for students seeking knowledge and skills in the field and is especially valuable for those seeking to become a Board Certified Assistant Behavior Analyst (BCaBA)® or those seeking to prepare for a graduate program in ABA. The ABA minor is open to all students.

MINOR REQUIREMENTS

MINOR CORE (18 CREDIT HOURS)

MHS 3204 - Fundamentals of Applied Behavior Analysis Credit(s): 3

or

CLP 4414 - Behavior Modification Credit(s): 3 (Students who take CLP 4414 may not be eligible to take the national certification exam. Contact the ABA minor coordinator with questions.)

MHS 4202 - Behavioral Assessment and Intervention Planning Credit(s): 3

MHS 4204 - Skills Assessment and Training in Applied Behavior Analysis Credit(s): 3

MHS 4208 - Organizational Behavior Management Credit(s): 3

MHS 4412 - Research Methods in Applied Behavior Analysis Credit(s): 3

MHS 4704 - Ethics in Applied Behavior Analysis Credit(s): 3

GRADING REQUIREMENTS

A grade of B- or higher is required in every course in the minor. If a student gets a grade lower than a B- in a course, the student must retake that course to stay in the minor.

RESIDENCY REQUIREMENT

Fifty percent (50%) of the minor must be completed through USF coursework.

ADVISING INFORMATION

Students may contact the Coordinator of the ABA Minor for general questions at bryonmiller@usf.edu.
ADDICTIONS AND SUBSTANCE ABUSE PROFESSION CERTIFICATE

TOTAL CERTIFICATE HOURS: 15

The Addictions and Substance Abuse Certificate is designed for students interested in pursuing a career working in the addiction and substance abuse field. Completion of the certificate program meets partial requirement for state certification as an addiction professional (CAP). According to the Florida Certification Board, the CAP designation is a professional substance abuse credential for people who assess, develop and provide substance abuse treatment services and plans. Individuals holding the CAP are recognized/hold the practice rights of "qualified professionals" per Chapter 397, F.S. Therefore, this credential will allow students to practice in substance abuse field. This certificate program is beneficial to persons in sociology, social work, psychology, criminology, pre-med, nursing, and any closely related human service field.

GPA REQUIREMENTS

An overall USF GPA of at least 2.50 must be maintained.

GRADING REQUIREMENT

A grade of "B" (not B-) must be obtained in all courses applying toward the certificate.

ADVISING INFORMATION

Email Vicky Buckles (vbuckles@usf.edu) with questions.
DEPARTMENT OF COMMUNICATION SCIENCES AND DISORDERS
The ASL Interpreting major seeks to educate students to become sign language interpreters. The major includes instruction in both the theory and practice of sign language interpretation. A program of 49 credit hours is planned for the student majoring in ASL Interpreting. Students entering the major must demonstrate proficiency in ASL at the intermediate level prior to beginning the first semester of core courses in the major. Proficiency is demonstrated through successful completion of the ASL prerequisites courses listed below (or equivalent transfer courses) with a minimum grade of B- or higher in each course.

Certified Global Pathways Program
This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of High-Impact Practices and Undergraduate Research website.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

PROGRESSION REQUIREMENTS - ASL INTERPRETING B.A.

Any student who receives a grade of "D+" or lower in two or more USF Communication Sciences and Disorders courses will be required to pursue major reselection. Note: Students may use grade forgiveness to improve GPA, but all "D+" or lower grades will count towards the maximum allowed total "D+" or lower grades in the major whether grade forgiven or not.

STATE MANDATED COMMON COURSE PREREQUISITES - ASL INTERPRETING B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of B- is the minimum acceptable grade in prerequisite courses.

- ASL X140C Basic American Sign Language - 4 credit hours
- ASL X150C Intermediate American Sign Language - 4 credit hours
- ASL X160 OR ASL X160C American Sign Language III - 3-4 credit hours
- ASL X201 OR ASL X200 OR ASL X220 American Sign Language IV - 3-4 credit hours
- ASL X301 Structure of Sign Language OR ASL X300 Linguistics of ASL - 3 credit hours

**NOTE**: USF accepts ASL X160C and ASL X220C as alternatives for their respective ASL X160 and ASL X220 courses.
FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

REQUIRED COURSES: (49 CREDIT HOURS)

- ASL 3324 - ASL Narratives - Analysis Comprehension and Fluency Credit(s): 3
- ASL 3514 - Deaf Culture Credit(s): 3
- ASL 3202 - American Sign Language V Credit(s): 3

- INT 4947 - Interpreting Practicum Credit(s): 3
- SPA 3470 - Culture and Diversity in CSD Credit(s): 3

ADDITIONAL INFORMATION - ASL INTERPRETING B.A.

FOREIGN LANGUAGE REQUIREMENTS

In addition to the foreign language entrance requirement, all students applying for a Bachelor of Arts degree from USF must demonstrate competency in a foreign language. To demonstrate this competency, students may take either two semesters of a beginning college-level foreign language or one semester of a higher-level course and earn a letter grade of "C" (no "S" grades) or above in the appropriate level course or demonstrate equivalent competency by passing an examination. Students may fulfill this requirement by demonstrating fluency in a language other than English and proficiency in English, as demonstrated in successful coursework or examination in English.

OTHER REQUIREMENTS

Graduation within the ASL Interpreting major also requires successful completion of the Center for the Assessment of Sign Language Interpreters (CASLI) written NIC examination. Students entering the ASL Interpreting major must demonstrate proficiency in ASL at the intermediate level prior to beginning the first semester of core courses in the major. Proficiency is demonstrated through successful completion of the ASL prerequisite courses listed below (or equivalent transfer courses) with a minimum grade of B- or higher in each course.

GPA REQUIREMENTS

Students must have an overall 2.0 GPA in core.

GRADING REQUIREMENTS

A student must receive a "C-" grade or better in all courses within the major (some prerequisites may require higher minimum grades).

RESEARCH OPPORTUNITIES - ASL INTERPRETING B.A.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply.
towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

### ADVISING INFORMATION - ASL INTERPRETING B.A.

For questions related to advising, please contact our advisor at ASLAdvise@usf.edu.

### Plans of Study - ASL Interpreting B.A.

**NOTES:**
- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Global Pathways Certified Program

The Bachelor of Arts in Language, Speech, and Hearing Science prepares students for graduate studies and/or work in communication sciences and disorders or related fields. This program includes required coursework in a variety of topics within communication sciences and disorders.

This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of High-Impact Practices and Undergraduate Research (HIPUR) website.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

PROGRESSION REQUIREMENTS - LANGUAGE, SPEECH, AND HEARING SCIENCES B.A.

Any student who receives a grade of "D+" or lower in two or more USF Communication Sciences and Disorders courses will be required to pursue major reselection. Note: Students may use grade forgiveness to improve GPA, but all "D+" or lower grades will count towards the maximum allowed total "D+" or lower grades in the major whether grade forgiven or not.

STATE MANDATED COMMON COURSE PREREQUISITES - LANGUAGE, SPEECH, AND HEARING SCIENCES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- BSC X000-X999 Biological Sciences – 3 credit hours

ADDITIONAL INFORMATION - LANGUAGE, SPEECH, AND HEARING SCIENCES B.A.

FOREIGN LANGUAGE REQUIREMENTS

In addition to the foreign language entrance requirement, all students applying for a Bachelor of Arts degree from USF must demonstrate competency in a foreign language. To demonstrate this competency, students may take either two semesters of a beginning college-level foreign language or one semester of a higher-level course and earn a letter grade of "C" (no "S" grades) or above in the appropriate level course or demonstrate equivalent competency by passing an examination. Students may fulfill this requirement by demonstrating fluency in a language other than English and proficiency in English, as demonstrated in successful coursework or examination in English. Two semesters of American Sign Language are accepted to meet this requirement, but a student may take any foreign language to meet the requirement.

OTHER REQUIREMENTS

All incoming students in the B.A. LSH program will be classified as pre-LSH until they have completed the state mandated prerequisites with a C- or better. All B.A. LSH students must register to become a CSD-LSH major the semester prior to being qualified (i.e., the semester in which they are finishing their last state mandated prerequisite courses).

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS
RESEARCH OPPORTUNITIES - LANGUAGE, SPEECH, AND HEARING SCIENCES B.A.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - LANGUAGE, SPEECH, AND HEARING SCIENCES B.A.

Students are urged to consult with an advisor at lshadvising@usf.edu.

Plans of Study - Language, Speech, and Hearing Sciences B.A.

NOTES:
- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor. Items that are critical are marked with a ☑ and are included in the plan for a student to stay on track.

MINOR CORE (14 CREDIT HOURS)

- ASL 2140C - American Sign Language I Credit(s): 4
- ASL 2150C - American Sign Language II Credit(s): 4
- ASL 3514 - Deaf Culture Credit(s): 3
  Select one additional course from the following:
- ASL 2160 - American Sign Language III Credit(s): 3
- INT 4490 - Introduction to Cued Speech and its Applications Credit(s): 3
- SPA 3470 - Culture and Diversity in CSD Credit(s): 3

GRADING REQUIREMENT

A minimum grade of C- is required for each course.

GPA REQUIREMENTS

A cumulative GPA of 2.00 or better must be achieved in minor coursework in order for a student to be certified for graduation with a minor in Deaf Studies.

RESIDENCY REQUIREMENT

Fifty percent (50%) of the minor must be completed through USF coursework.

OTHER REQUIREMENTS

Seat availability in ASL courses is limited and is first-come/first-serve, with priority consideration given to ITT and DST majors needing ASL coursework to meet a major requirement to graduate. Declaring the minor does not guarantee seat availability; therefore, students should attempt to register as soon as possible each semester.

ADVISING INFORMATION

For questions about the minor, email csdadvising@bcs.usf.edu.
DEPARTMENT OF CRIMINOLOGY
The Bachelor of Arts degree in Criminology provides students with the skills and knowledge needed in the wide variety of agencies that comprise the criminal justice system, these include law enforcement, detention, the judiciary, corrections, juvenile justice, probation and parole. Also, the undergraduate program prepares criminology students to pursue a graduate degree in Criminology or related disciplines. The undergraduate program in Criminology introduces students to the theory, issues, and methodology of the causes of crime and the criminal justice system. The program provides students with the critical thinking skills necessary for the consumption and production of criminological research. Upon graduation, students must be able to delineate the main theoretical explanations of crime and delinquency, demonstrate knowledge of research methods used in the fields of criminology and criminal justice, and provide an understanding of the structure and process of the U.S. system of criminal justice.

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- **Transfer**: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- **International**: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

Students majoring in Criminology are expected to complete their major coursework in a timely fashion. Students who receive a total of three (3) D and/or F grades in Criminology major coursework will no longer be eligible to continue in the Criminology major and will be required to change their major outside of the Department of Criminology. Grade forgiveness will not exclude a D or F grade from counting for this rule.

When a Criminology student receives three (3) D and/or F grades in Criminology coursework, they will be removed from all Department of Criminology courses for which they are currently registered, removed from the Criminology major and placed into a non-major code, and emailed the notice of changes to their@usf.edu account. The student will then need to select a new major, declare the new major with the appropriate college, and register for courses which apply to their new major.

The D/F Rule application is final and effective from the beginning of Fall 2023. To be considered for an appeal, a student must meet at least one of the following criteria:

- Can (and must) complete all degree or minor requirements within one semester, with no more than ten (10) hours of Criminology area requirements.
- No longer have 3 D/F grades because the Academic Regulations Committee approved a late withdrawal/drop for one or more of the Criminology courses.
- No longer have 3 D/F grades because of an instructor change of grade in one or more of the Criminology area courses.

To appeal, the student must send an email to ccjadvise@usf.edu; in the Subject line indicate D/F Appeal and in the body include name, student's U# and a complete explanation of the reason for the appeal. Appeals will be adjudicated by the Undergraduate Coordinator and students notified of results by email.

Satisfactory completion of the following requirements:
General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
Minimum of 120 unduplicated credit hours;
A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
Major and college requirements in a chosen degree program;
Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
42 credit hours of upper-level coursework;
Civics Literacy;
Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - CRIMINOLOGY B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

There are no State Mandated Common Course Prerequisites for this major.

CRIMINOLOGY MAJOR REQUIREMENTS (39 CREDIT HOURS)

CRIMINOLOGY SUPPORTING REQUIRED COURSES: 1 COURSE; 3 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

NOTE: STA 2122 OR STA 2023  supporting course requirement is excluded from the Major Hours, Major GPA and Major Residency.

STA 2023 - Introductory Statistics I Credit(s): 3 *
OR
STA 2122 - Social Science Statistics Credit(s): 3

*Note: STA 2023 - Introductory Statistics I, OR PSY 3204 - Psychological Statistics, OR EGN 3443 - Probability and Statistics for Engineers will satisfy the STA 2122 - Social Science Statistics requirement.

MAJOR CORE COURSES: 4 COURSES; 12 CREDIT HOURS

CCJ 3024 - Survey of the Criminal Justice System Credit(s): 3
CCJ 3117 - Theories of Criminal Behavior Credit(s): 3
CCJ 3701 - Research Methods in Criminal Justice I Credit(s): 3
CCJ 4934 - Seminar in Criminology Credit(s): 3

CRIMINOLOGY MAJOR (RESTRICTED) ELECTIVES: 8 COURSES; 24 CREDIT HOURS

Students complete a Criminology program of study or the below concentration:

Cybercrime
GENERAL CRIMINOLOGY MAJOR ELECTIVES 8 COURSES; 24 CREDIT HOURS

Choose 8 courses (24 credit hours) of electives from the following list of courses.

Note: CCJ 4940 may be taken S/U.

CCJ 3014 - Crime and Justice in America **Credit(s): 3**
CCJ 3026 - Crime and Social Justice **Credit(s): 3**
CCJ 3058 - Professionalism in Criminology and Criminal Justice **Credit(s): 3**
CCJ 3075 - Introduction to Cybercrime **Credit(s): 3**
CCJ 3081 - Combating Cybercrime **Credit(s): 3**
CCJ 3083 - Cyber Violence **Credit(s): 3**
CCJ 3120 - Hate Crime **Credit(s): 3**
CJE 3213 - Digital Forensics **Credit(s): 3**
CCJ 3336 - Prisoner Reentry and Recidivism: When Inmates Come Home **Credit(s): 3**
CCJ 3620 - Patterns of Criminal Behavior **Credit(s): 3**
CCJ 3624 - Violence **Credit(s): 3**
CCJ 3632 - Serial Killers **Credit(s): 3**
CCJ 3644 - White Collar Crime **Credit(s): 3**
CCJ 3666 - Victimology **Credit(s): 3**
CCJ 3718 - Applied Statistics in Crime **Credit(s): 3**
CCJ 4072 - Introduction to Crime Mapping with ArcGIS **Credit(s): 3**
CCJ 4224 - Miscarriages of Justice **Credit(s): 3**
CCJ 4361 - Death Penalty **Credit(s): 3**
CCJ 4450 - Criminal Justice Administration **Credit(s): 3**
CCJ 4451 - Drugs and Crime **Credit(s): 3**
CCJ 4604 - Abnormal Behavior and Criminality **Credit(s): 3**
CCJ 4613 - Forensic Psychology **Credit(s): 3**
CCJ 4651 - Drugs and Crime **Credit(s): 3**
CCJ 4662 - Race and Crime **Credit(s): 3**
CCJ 4670 - Women and Crime **Credit(s): 3**
CCJ 4681 - Domestic Violence **Credit(s): 3**
CCJ 4690 - Sex Offenders **Credit(s): 3**
CCJ 4794 - Environmental Criminology **Credit(s): 3**
CCJ 4900 - Directed Readings **Credit(s): 1-3**
CCJ 4910 - Directed Research **Credit(s): 1-3**
CCJ 4930 - Critical Issues in Policing **Credit(s): 3**
CCJ 4933 - Selected Topics in Criminology **Credit(s): 3**
CCJ 4934 - Seminar in Criminology **Credit(s): 3**
CCJ 4940 - Internship for Criminal Justice Majors **Credit(s): 3**
CJC 4010 - American Correctional Systems **Credit(s): 3**
CJE 3650 - Introduction to Forensic Science **Credit(s): 3**
CJE 3656 - Introduction to Crime Analysis **Credit(s): 3**
CJE 3689 - Cybercrime Investigations **Credit(s): 3**
CJE 3701 - Gangs **Credit(s): 3**
CJE 4010 - Juvenile Justice System **Credit(s): 3**
CJE 4114 - American Law Enforcement Systems **Credit(s): 3**
CJE 4610 - Criminal Investigation **Credit(s): 3**
CJL 3110 - Substantive Criminal Law **Credit(s): 3**
CJL 3502 - Introduction to Courts **Credit(s): 3**
CJL 4115 - Environmental Law and Crime **Credit(s): 3**
CJL 4117 - Criminal Rights and Procedures **Credit(s): 3**
DSC 3013 - Terrorism and Homeland Security **Credit(s): 3**
DSC 3594 - Introduction to Intelligence Analysis **Credit(s): 3**

ADDITIONAL INFORMATION - CRIMINOLOGY B.A.
FOREIGN LANGUAGE REQUIREMENTS

In addition to the foreign language entrance requirement, all students applying for a Bachelor of Arts degree from USF must demonstrate competency in a foreign language. To demonstrate this competency, students may take either two semesters of a beginning college-level foreign language or one semester of a higher-level course and earn a letter grade of "C" (no "S" grades) or above in the appropriate level course or demonstrate equivalent competency by passing an examination. Students may fulfill this requirement by demonstrating fluency in a language other than English and proficiency in English, as demonstrated in successful coursework or examination in English.

GPA REQUIREMENTS

An overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

In order to graduate, students must maintain an average best attempt 2.0 GPA in all courses counted toward the major.

RESIDENCY REQUIREMENTS

A minimum of 30 credit hours of major course work must be taken in residence at the University of South Florida. Therefore, no more than 6 credit hours of transfer work (two courses) will be accepted to meet major requirements.

INTERNSHIP OPPORTUNITIES

The department provides all students with the opportunity to engage in an internship with a federal, state or local criminal justice related agency within one of the surrounding counties. Internships available with more than 100 agencies afford students the opportunity to network and gain practical experience in conjunction with their degree. Internships maybe taken for up to nine (9) credit hours of Criminology electives, and grades are awarded on a S/U (satisfactory/unsatisfactory) basis. To meet eligibility requirements for the internship, students must successfully complete CCJ 3024, CCJ 3117, six (6) hours of Criminology electives, and have a USF and a major GPA of 2.0 or higher.

RESEARCH OPPORTUNITIES - CRIMINOLOGY B.A.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - CRIMINOLOGY B.A.

Contact the undergraduate advisor at ccjadvise@usf.edu.

Plans of Study - Criminology B.A.

NOTES:
SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Items that are critical are marked with a ⚫ and are included in the plan for a student to stay on track.

### Potential Entry Level Job Titles:
- Victim Services
- Child Protection Investigator
- Police Officer
- Corrections or Probation Officer
- Loss Prevention Manager
- Cyber Threat/Fraud Analyst

### Potential Entry Level Salary Range:
$30,000 - $55,000

CRIMINOLOGY B.A., WITH CYBERCRIME CONCENTRATION

TOTAL DEGREE HOURS: 120

The Cybercrime Concentration within Criminology provides an understanding of human behavior in cyberspace. The Cybercrime Concentration particularly focuses on the etiology of crime and deviance in cyberspace, correlates of cybervictimization, legal and social issues related to cybercrime, digital forensics, and ways to combat and prevent cybercrime.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

PROGRESSION REQUIREMENTS - CRIMINOLOGY B.A.

Students majoring in Criminology are expected to complete their major coursework in a timely fashion. Students who receive a total of three (3) D and/or F grades in Criminology major coursework will no longer be eligible to continue in the Criminology major and will be required to change their major outside of the Department of Criminology. Grade forgiveness will not exclude a D or F grade from counting for this rule.

When a Criminology student receives three (3) D and/or F grades in Criminology coursework, they will be removed from all Department of Criminology courses for which they are currently registered, removed from the Criminology major and placed into a non-major code, and emailed the notice of changes to their@usf.edu account. The student will then need to select a new major, declare the new major with the appropriate college, and register for courses which apply to their new major.

The D/F Rule application is final and effective from the beginning of Fall 2023. To be considered for an appeal, a student must meet at least one of the following criteria:

- Can (and must) complete all degree or minor requirements within one semester, with no more than ten (10) hours of Criminology area requirements.
- No longer have 3 D/F grades because the Academic Regulations Committee approved a late withdrawal/drop for one or more of the Criminology courses.
- No longer have 3 D/F grades because of an instructor change of grade in one or more of the Criminology area courses.

To appeal, the student must send an email to ccjadvise@usf.edu; in the Subject line indicate D/F Appeal and in the body include name, student's U# and a complete explanation of the reason for the appeal. Appeals will be adjudicated by the Undergraduate Coordinator and students notified of results by email.

GRADUATION REQUIREMENTS - CRIMINOLOGY B.A.

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours); Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours; 42 credit hours of upper-level coursework; Civics Literacy; Foreign language admissions coursework.

STATE MANDATED COMMON COURSE PREREQUISITES - CRIMINOLOGY B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

There are no State Mandated Common Course Prerequisites for this major.

CRIMINOLOGY MAJOR REQUIREMENTS (39 CREDIT HOURS)

CRIMINOLOGY SUPPORTING REQUIRED COURSES: 1 COURSE; 3 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

NOTE: STA 2122 OR STA 2023 supporting course requirement is excluded from the Major Hours, Major GPA and Major Residency.

- STA 2023 - Introductory Statistics I Credit(s): 3 *
- OR
- STA 2122 - Social Science Statistics Credit(s): 3

*Note: STA 2023 - Introductory Statistics I, OR PSY 3204 - Psychological Statistics, OR EGN 3443 - Probability and Statistics for Engineers will satisfy the STA 2122 - Social Science Statistics requirement.

MAJOR CORE COURSES: 4 COURSES; 12 CREDIT HOURS

- CCJ 3024 - Survey of the Criminal Justice System Credit(s): 3
- CCJ 3117 - Theories of Criminal Behavior Credit(s): 3
- CCJ 3701 - Research Methods in Criminal Justice I Credit(s): 3
- CCJ 4934 - Seminar in Criminology Credit(s): 3

CRIMINOLOGY MAJOR (RESTRICTED) ELECTIVES: 8 COURSES; 24 CREDIT HOURS

Students complete a Criminology program of study or the below concentration:

Cybercrime

CYBERCRIME CONCENTRATION: 4 COURSES; 12 CREDIT HOURS

Please select four courses from the following list:
CCJ 3075 - Introduction to Cybercrime Credit(s): 3
CCJ 3081 - Combating Cybercrime Credit(s): 3
CCJ 3083 - Cyber Violence Credit(s): 3
CJE 3213 - Digital Forensics Credit(s): 3
CJE 3689 - Cybercrime Investigations Credit(s): 3

GENERAL CRIMINOLOGY MAJOR (RESTRICTED) ELECTIVES: 4 COURSES; 12 CREDIT HOURS

Choose 4 courses (12 credit hours) of electives from the following list of courses.

Note: CCJ 4940 may be taken S/U.

- CCJ 3014 - Crime and Justice in America Credit(s): 3
- CCJ 3026 - Crime and Social Justice Credit(s): 3
- CCJ 3058 - Professionalism in Criminology and Criminal Justice Credit(s): 3
- CCJ 3075 - Introduction to Cybercrime Credit(s): 3
- CCJ 3081 - Combating Cybercrime Credit(s): 3
- CCJ 3083 - Cyber Violence Credit(s): 3
- CCJ 3120 - Hate Crime Credit(s): 3
- CJE 3213 - Digital Forensics Credit(s): 3
- CCJ 3336 - Prisoner Reentry and Recidivism: When Inmates Come Home Credit(s): 3

ADDITIONAL INFORMATION - CRIMINOLOGY B.A.

FOREIGN LANGUAGE REQUIREMENTS
In addition to the foreign language entrance requirement, all students applying for a Bachelor of Arts degree from USF must demonstrate competency in a foreign language. To demonstrate this competency, students may take either two semesters of a beginning college-level foreign language or one semester of a higher-level course and earn a letter grade of "C" (no "S" grades) or above in the appropriate level course or demonstrate equivalent competency by passing an examination. Students may fulfill this requirement by demonstrating fluency in a language other than English and proficiency in English, as demonstrated in successful coursework or examination in English.

GPA REQUIREMENTS
An overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS
In order to graduate, students must maintain an average best attempt 2.0 GPA in all courses counted toward the major.

RESIDENCY REQUIREMENTS
A minimum of 30 credit hours of major coursework must be taken in residence at the University of South Florida. Therefore, no more than 6 credit hours of transfer work (two courses) will be accepted to meet major requirements.

INTERNSHIP OPPORTUNITIES
The department provides all students with the opportunity to engage in an internship with a federal, state or local criminal justice related agency within one of the surrounding counties. Internships available with more than 100 agencies afford students the opportunity to network and gain practical experience in conjunction with their degree. Internships may be taken for up to nine (9) credit hours of Criminology electives, and grades are awarded on a S/U (satisfactory/unsatisfactory) basis. To meet eligibility requirements for the internship, students must successfully complete CCJ 3024, CCJ 3117, six (6) hours of Criminology electives, and have a USF and a major GPA of 2.0 or higher.

RESEARCH OPPORTUNITIES - CRIMINOLOGY B.A.
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course which will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - CRIMINOLOGY B.A.

- CJE 4610 - Criminal Investigation Credit(s): 3
- CJL 3110 - Substantive Criminal Law Credit(s): 3
- CJL 3502 - Introduction to Courts Credit(s): 3
- CJL 4115 - Environmental Law and Crime Credit(s): 3
- CJL 4410 - Criminal Rights and Procedures Credit(s): 3
- DSC 3013 - Terrorism and Homeland Security Credit(s): 3
- DSC 3594 - Introduction to Intelligence Analysis Credit(s): 3

GPA REQUIREMENT

A minimum GPA of 2.0 or higher in minor coursework.

GRADING REQUIREMENT
Students minoring in criminology will be subject to the Department’s “2 D/F” rule (no more than one D+ or below allowed in a Criminology course).

Courses for the minor may not be taken on an S/U basis.

**RESIDENCY REQUIREMENTS**

A minimum of 12 semester hours must be completed at USF.

**OTHER REQUIREMENTS**

Students who are minoring in Criminology will not be permitted to register for CCJ 4934 - Seminar in Criminology capstone requirement as it is designated for Criminology majors only.

At least 9 credit hours must be completed at USF.

CCJ 4934 Seminar in Criminology and CCJ 4940 Internship are restricted to Criminology majors only. Students in the minor are not eligible to take these two courses.

**ADVISING INFORMATION**

Contact the undergraduate advisor.

Tampa: https://www.usf.edu/cbcs/criminology/undergraduate/appointments.aspx

Sarasota Manatee: https://www.sarasotamanatee.usf.edu/academics/academic-resources/academic-advising/
BEHAVIORAL HEALTHCARE B.S., WITH APPLIED BEHAVIOR ANALYSIS CONCENTRATION

TOTAL DEGREE HOURS: 120

Service delivery to individuals with developmental disabilities, Autism spectrum disorders, and other behaviors that may limit functioning is addressed with very specific behavioral techniques. This concentration is appropriate for individuals desiring certification in the field or as a complement to other service delivery strategies. Behavioral health problems, such as mental and substance use disorders, are among the greatest public health challenges facing our communities. New, scientifically-based approaches are available to treat and prevent many behavioral health problems. Students will be exposed to treatment approaches as well as to issues in the organization, financing, delivery, and outcomes of behavioral health services. The emphasis of the curricula is on practices that have been scientifically validated and the delivery of services within the context of current funding, policies and trends. Students must also demonstrate behaviors that are congruent with the professional standards and values of the profession. Students desiring a career in this field should be aware that fingerprinting, a background check, and drug screen may be required to work in this field. Failure to pass one of these checks would be cause to terminate a student from the major. Students may be responsible for any associated costs.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

PROGRESSION REQUIREMENTS - BEHAVIORAL HEALTHCARE B.S

Behavioral Healthcare majors are limited to two (2) grades of "D+" or lower in their major coursework. Any student who receives a grade of D+ or lower in more than two (2) major courses will be required to seek major reselection. Note: Students may use grade forgiveness to improve GPA, but all "D+" or lower grades will count toward the maximum allowed total "D+" grades, regardless of whether grade forgiveness has been applied.

STATE MANDATED COMMON COURSE PREREQUISITES - BEHAVIORAL HEALTHCARE B.S.

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.
COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

PSY X012 Introduction to Psychological Science - 3 credit hours
STA XXXX Any level Statistics course or PSY X204 Psychological Statistics - 3 credit hours
SYG X000 Introduction to Sociology or SYG X010 Contemporary Social Problems - 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with their academic advisor in their major degree area.

BEHAVIORAL HEALTHCARE REQUIRED COURSES (42 CREDIT HOURS)

MAJOR CORE COURSES: 7 COURSES; 21 CREDIT HOURS

MHS 2031 - Mental Health and Addictive Disorders Credit(s): 3
MHS 3063 - Cultural Diversity, Health and Behavioral Health Credit(s): 3
MHS 3411 - Multidisciplinary Behavioral Healthcare Services Credit(s): 3 *
MHS 3753 - Research Methods in Behavioral Healthcare Credit(s): 3
MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment Credit(s): 3
MHS 4703 - Legal, Ethical and Professional Issues in BHC Credit(s): 3
MHS 4723 - Professional Seminar in Behavioral Healthcare Credit(s): 3

NOTE: *MHS 3411 should be taken during the student's first semester of major coursework; a minimum grade of "B" is required.

APPLIED BEHAVIOR ANALYSIS CONCENTRATION: 7 COURSES; 21 CREDIT HOURS

CONCENTRATION CORE: 1 COURSE; 3 CREDIT HOURS

MHS 4002 - Behavioral Health Systems Delivery Credit(s): 3
OR
MHS 4490 - Behavioral Healthcare Issues for Children Credit(s): 3

CONCENTRATION REQUIRED COURSES: 6 COURSES; 18 CREDIT HOURS

MHS 3204 - Fundamentals of Applied Behavior Analysis Credit(s): 3
MHS 4202 - Behavioral Assessment and Intervention Planning Credit(s): 3
MHS 4204 - Skills Assessment and Training in Applied Behavior Analysis Credit(s): 3
MHS 4208 - Organizational Behavior Management Credit(s): 3
MHS 4412 - Research Methods in Applied Behavior Analysis Credit(s): 3
MHS 4704 - Ethics in Applied Behavior Analysis Credit(s): 3

ADDITIONAL INFORMATION - BEHAVIORAL HEALTHCARE B.S.

GPA REQUIREMENTS

Students must maintain a minimum cumulative GPA of 2.50 in major coursework while enrolled in the program. Students falling below the 2.50 GPA requirement will be allowed no more than one semester to improve their GPA to the threshold.

GRADING REQUIREMENT

A grade of lower than "C-" in any Behavioral Healthcare major course will not be counted toward fulfilling the requirements for the major.

RESIDENCY REQUIREMENT

At least 18 hours of major coursework must be taken in residence at USF Tampa.
OTHER INFORMATION

A concentration in Behavioral Healthcare is offered through the Bachelor of Science in Applied Science (BSAS) degree program for Florida A.S. transfers as well as the Bachelor of General Studies (BGS) for returning students. Both majors are offered through Undergraduate Studies.

A concentration in Multidisciplinary Behavioral Sciences is available through the Interdisciplinary Social Sciences (ISS) major, which is offered by the College of Arts & Sciences.

RESEARCH OPPORTUNITIES - BEHAVIORAL HEALTHCARE B.S.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4910 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - BEHAVIORAL HEALTHCARE B.S.

For questions related to advising please contact BHC Advising at bhcadvice@usf.edu.

Plans of Study - Behavioral Healthcare B.S., with Applied Behavior Analysis Concentration

NOTES:
- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
- Items that are critical are marked with an * and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:
- Case Manager
- Emergency Screener
- Family Service Coordinator
- Day Treatment Therapist
- Research Associate

Potential Entry Level Salary Range:
- $25,000 - $40,000

Apply for Graduation

Total Credit Hours: 12
The B.S. in Behavioral Healthcare prepares students for entry-level positions in agencies that provide a variety of treatment services for individuals with diagnosed mental health, substance use, and/or behavioral issues. Other students may be preparing for graduate programs in human services and/or research. The program provides students with three options for concentration in (1) Behavioral Health Across the Lifespan, (2) Children's Behavioral Healthcare, (3) Applied Behavior Analysis. The curriculum emphasizes evidence-based practices utilizing a recovery-focused, holistic and strength-based approach to behavioral healthcare.

University Admissions - College of Behavioral and Community Sciences

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

Progression Requirements - Behavioral Healthcare B.S.

Behavioral Healthcare majors are limited to two (2) grades of "D+" or lower in their major coursework. Any student who receives a grade of D+ or lower in more than two (2) major courses will be required to seek major reselection. Note: Students may use grade forgiveness to improve GPA, but all "D+" or lower grades will count toward the maximum allowed total "D+" grades, regardless of whether grade forgiveness has been applied.

State Mandated Common Course Prerequisites - Behavioral Healthcare B.S.

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- PSY X012 Introduction to Psychological Science - 3 credit hours
- STA XXXX Any level Statistics course or PSY X204 Psychological Statistics - 3 credit hours
- SYG X000 Introduction to Sociology or SYG X010 Contemporary Social Problems - 3 credit hours

For all majors: Students are strongly encouraged to select required lower division electives that will enhance
their general education coursework and that will support their intended baccalaureate degree program. Students should consult with their academic advisor in their major degree area.

ADDITIONAL INFORMATION - BEHAVIORAL HEALTHCARE B.S.

GPA REQUIREMENTS
Students must maintain a minimum cumulative GPA of 2.50 in major coursework while enrolled in the program. Students falling below the 2.50 GPA requirement will be allowed no more than one semester to improve their GPA to the threshold.

GRADING REQUIREMENT
A grade of lower than "C-" in any Behavioral Healthcare major course will not be counted toward fulfilling the requirements for the major.

RESIDENCY REQUIREMENT
At least 18 hours of major coursework must be taken in residence at USF Tampa.

OTHER INFORMATION
A concentration in Behavioral Healthcare is offered through the Bachelor of Science in Applied Science (BSAS) degree program for Florida A.S. transfers as well as the Bachelor of General Studies (BGS) for returning students. Both majors are offered through Undergraduate Studies.

A concentration in Multidisciplinary Behavioral Sciences is available through the Interdisciplinary Social Sciences (ISS) major, which is offered by the College of Arts & Sciences.

RESEARCH OPPORTUNITIES - BEHAVIORAL HEALTHCARE B.S.
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4910 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - BEHAVIORAL HEALTHCARE B.S.
For questions related to advising please contact BHC Advising at bhcadvise@usf.edu.

Plans of Study - Behavioral Healthcare B.S., with Behavioral Health Across the Lifespan Concentration

NOTES:
SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor. Items that are critical are marked with a ✖ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:
Case Manager
Emergency Screener
Family Service Coordinator
Research Associate
Potential Entry Level Salary Range:
$25,000 - $40,000

BEHAVIORAL HEALTHCARE B.S., WITH CHILDREN'S BEHAVIORAL HEALTHCARE CONCENTRATION

TOTAL DEGREE HOURS: 120

Not-for-profit agencies in the community provide services that address a wide spectrum of children's issues ranging from prevention to inpatient or residential care. This concentration is designed for students considering a career in children's mental health.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admissions Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

PROGRESSION REQUIREMENTS - BEHAVIORAL HEALTHCARE B.S.

Behavioral Healthcare majors are limited to two (2) grades of "D+" or lower in their major coursework. Any student who receives a grade of D+ or lower in more than two (2) major courses will be required to seek major reselection. Note: Students may use grade forgiveness to improve GPA, but all "D+" or lower grades will count toward the maximum allowed total "D+" grades, regardless of whether grade forgiveness has been applied.

STATE MANDATED COMMON COURSE PREREQUISITES - BEHAVIORAL HEALTHCARE B.S.

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- PSY X012 Introduction to Psychological Science - 3 credit hours
- STA XXXX Any level Statistics course or PSY X204 Psychological Statistics - 3 credit hours
- SYG X000 Introduction to Sociology or SYG X010 Contemporary Social Problems - 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with their academic advisor in their major degree area.
BEHAVIORAL HEALTHCARE REQUIRED COURSES (42 CREDIT HOURS)

BEHAVIORAL HEALTHCARE MINOR

The minor in Behavioral Healthcare is available to students interested in pursuing a career in the field of behavioral health in conjunction with any undergraduate major. It should be particularly beneficial to persons majoring in disciplines such as psychology, social work, sociology, anthropology, gerontology, long term care administration, pre-med, criminology, and nursing.

MINOR REQUIREMENTS: 15

MINOR CORE (15 CREDIT HOURS)

*NOTE: A student completing a field placement in Psychology, Social Work, or other human services discipline may request an exemption (from the advisor) from MHS 4425 and may substitute an approved elective. Students must apply to take MHS 4425 Field Experience in Behavioral Healthcare two semesters before taking the course. This course has three prerequisites: MHS 3411 with a B- or higher, MHS 4002, and MHS 4408. The application, application deadlines, and additional information about the course can be found on the Field Experience webpage.

- MHS 3411 - Multidisciplinary Behavioral Healthcare Services Credit(s): 3
- MHS 4002 - Behavioral Health Systems Delivery Credit(s): 3
- MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment Credit(s): 3
- MHS 4723 - Professional Seminar in Behavioral Healthcare Credit(s): 3
- MHS 4425 - Field Experience in Behavioral Healthcare Credit(s): 3 *

GPA REQUIREMENTS

A GPA of 2.00, or better in this minor is required for completion.

RESIDENCY REQUIREMENT

Fifty percent (50%) of the minor must be completed through USF coursework.

ADVISING INFORMATION

For questions about the BHC minor, email bhcadvise@usf.edu.
CHILDREN'S BEHAVIORAL HEALTHCARE MINOR

The minor in Children's Behavioral Healthcare is available to students interested in pursuing a career in the field of children's behavioral health in conjunction with any undergraduate major. It should be particularly beneficial to persons majoring in disciplines such as psychology, social work, sociology, anthropology, pre-med, criminology, nursing, public health, and education.

A minor in Children's Behavioral Healthcare consists of a minimum of 15 credit hours.

TOTAL MINOR CREDIT HOURS: 15

MINOR CORE CREDIT HOURS: 6

ADVISING INFORMATION

For questions about the minor, please contact: bhcadvise@usf.edu.
SCHOOL OF SOCIAL WORK
The University of South Florida offers a program of study leading to a Bachelor of Social Work (BSW) degree in the School of Social Work, College of Behavioral & Community Sciences. The BSW has been developed in accordance with the guidelines of the Council on Social Work Education, the national accrediting body for social work education programs, and in accordance with the recommendations of the National Association of Social Workers (NASW). The BSW program is fully accredited by the Council on Social Work Education. The BSW program has as its primary objective to prepare and graduate professionals for entry level positions in areas such as mental health, aging services, child welfare, criminal justice, or substance misuse. The secondary objectives of the BSW program are to:

- Provide for the social work human resources needs of the university service district (the central Florida west coast area), the State of Florida, and the Southeast Region;
- Provide an exposure to social work as a profession and to contemporary issues in the social welfare field;
- Prepare graduates for additional professional training at the graduate level in social work or in related human service professions.

In preparing the BSW graduate for beginning professional practice, the curriculum provides students with an opportunity to develop a knowledge base and skill base as a "generalist" practitioner. Students will develop an understanding of various methods of intervention and skills and how to apply these to a variety of client systems. Intervention methods that students will learn may take the form of case management, individual and group counseling, resource development, consultation, teaching, advocacy, etc. Client systems in this context include individuals, families, groups, organizations, or communities. Students in the BSW program will develop an understanding of the dynamics of human behavior in individual, group and organizational contexts and the influences of the socio-cultural and spiritual environments / influences upon human behavior. Students in the BSW program will also learn about the development of social welfare systems and institutions and about the social, economic, and political processes, policy development and program implementation that impact client systems. Students will develop an understanding of the utilization of basic social research skills particularly related to the processes of problem-solving, planning, and evaluation. Students in the BSW program will also gain awareness of the social work profession's value base, engage in self-examination and reflection to empower their ethical and effective application of social work values in professional practice. The BSW program places great emphasis on the development of a professionally responsible graduate in terms of one's obligations to the client system served, the profession itself, the organization in which one works, and to the general public.

Certified Global Pathways Program
This Bachelor of Social Work (BSW) program is certified as a Global Pathway program. Global Pathway programs have significant global content that align with the goals of USF's Quality Enhancement Plan, the Global Citizens Project. USF fosters three primary qualities that global citizens possess, i.e., global awareness, global responsibility and global participation. These are consistent with social work values. Study abroad opportunities are available through the School of Social Work and have included travel to India, Spain, and Peru. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of High-Impact Practices and Undergraduate Research website.

UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

PROGRESSION REQUIREMENTS - SOCIAL WORK B.S.W.
Students enrolled in the BSW program must maintain a minimum GPA of 2.75 in core courses in the major while enrolled in the program, and, demonstrate behaviors that are congruent with professional standards and values as described by the National Association of Social Work in order to remain in the major.

Completion of the five common course prerequisites with a minimum grade of "C" or better (2.0) in each course. A grade of "C-" is not acceptable.

Students must successfully complete their BSW core courses by earning a "C" or better. A grade of "C-" is not acceptable.

If Introduction to Social Work is completed at another institution, the student must have earned a grade of "B" or better in that course.

A syllabus must be provided by the student and reviewed in the School of Social Work prior to approval of any transfer of social work courses.

If a student withdraws or fails one course in the BSW Program (C- or lower) the student may retake the course one time. If that effort results in a failure, the student will be dismissed from the BSW Program. If a student receives a grade of "C-" or lower in two or more USF Social Work courses, they will be dismissed from the BSW Program.

A student who withdraws from or fails SOW 4510C - Integrative Seminar and Field Placement, or is dismissed from a field placement will not automatically be allowed to retake SOW 4510C. In such cases, special permission to retake SOW 4510C must be obtained from the BSW Chair. If granted permission to retake SOW 4510C, the student is required to register again for the course. When permission is given to retake SOW 4510C, the 460-hour field placement must be completed within the single semester for which the permission is given (A split-field placement is not an option if the student has withdrawn from, failed SOW 4510C, or been dismissed from a field placement).

**Course Grade Requirement:** SOW 3203 - Introduction to Social Work requires a minimum grade of "B" for eligibility into the major. A grade of "B-" is not acceptable

**STATE MANDATED COMMON COURSE PREREQUISITES - SOCIAL WORK B.S.W.**

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- BSC X005 or BSC X085 or BSC X010 or PCB X099 - 3 credit hours
- ECO X000 or ECO X023 or ECO X013 - 3 credit hours
- PSY X012 - 3 credit hours
- SYG X000 or SYG X010 - 3 credit hours
- POS X041 - 3 credit hours

**REQUIRED FOUNDATION COURSE FOR THE MAJOR (3 CREDIT HOURS)**

This course is open to all majors, but it is a prerequisite and foundation course for the Social Work major. Although it is required for the major, it is not counted in the total hours for the major. Students typically take this course at USF.

- SOW 3203 - Introduction to Social Work Credit(s): 3

**REQUIRED COURSES: (41 CREDIT HOURS)**

**MAJOR CORE COURSES: 12 COURSES; 41 CREDIT HOURS**
A major in Social Work requires 41 credits in a lock-step (pre-set) schedule.

Students must take the following courses during their first semester admitted in the program (15 credit hours):

- SOW 3101 - Human Behavior and the Social Environment I Credit(s): 3
- SOW 3210 - The American Social Welfare System Credit(s): 3
- SOW 3401 - Research and Statistics For Social Work Credit(s): 3
- SOW 4341 - Multi-Methods of Social Work Practice I-Micro System Intervention Credit(s): 3
- SOW 4522 - Multicultural America in a Global Society Credit(s): 3

Once the above courses have been successfully completed, students must take the following courses during their 2nd semester in the program (14 credit hours):

- SOW 3102 - Human Behavior and the Social Environment II Credit(s): 3
- SOW 4233 - Social Welfare Policy and Program Analysis Credit(s): 3
- SOW 4315 - Social Work Case Management with Special Populations Credit(s): 3
- SOW 4343 - Multi-Methods of Social Work Practice II Macro-System Intervention Credit(s): 3
- SOW 4414 - Social Work Data Management Credit(s): 2

Once all above courses have successfully been completed, students must take the following courses (12 credit hours):

- SOW 4510C - Integrative Seminar and Field Placement Credit(s): 9
- SOW 4602 - Social Work Practice in Mental Health and Health Care Credit(s): 3

**ADDITIONAL INFORMATION - SOCIAL WORK B.S.W.**

**FOREIGN LANGUAGE REQUIREMENTS**

Students must meet the University's FLENT (Foreign Language Entrance Requirement), which requires successful completion of two high school credits in one foreign language or successful completion of 2 semesters (8 credits) in one foreign language in college, or demonstrating equivalent foreign language competence on the basis of scores determined by the ACC CLEP or demonstrating equivalent foreign language competence through other means approved by USF (such as a Placement Exam). American Sign Language may also be completed for FLENT.

**INTERNSHIP OPPORTUNITIES**

Hands-on, practical experience is integrated in the core curriculum through the 460 hours of field placement that students complete during their final semester in the program. The School of Social Work has partnerships for the field experiences with an abundance of agencies in the surrounding communities. Students have many choices for the populations and environments in which they would like to develop their skills and prepare for professional employment. Internship (field placement) areas include child welfare, substance abuse, medical social work, mental health, children and adolescent services, forensic mental health, domestic violence, veteran's services, court/justice system, crisis management, elder care, hospice and homelessness.

**OTHER INFORMATION**

Students must have junior status and fulfill the following requirements in order to enroll in the social work major courses:

- 2.0 overall GPA, 2.0 USF GPA,
- Completion of the five State Mandated Prerequisites (no grade of "C-" or below).
- Completion of the SOW 3203 foundation course (no grade of "B-" or below).
USF Bachelor of Science Social Work graduates may be eligible for admission into USF’s Master of Social Work Advanced Standing programs.
Membership in the National Social Work Honor Society, Phi-Alpha/Delta Sigma chapter at the University of South Florida is available to students who meet eligibility criteria. Phi Alpha is a national honor society for social work students who have attained excellence in scholarship. Its mission is to provide a network among students of social work and to promote humanitarian goals and ideals.

**RESEARCH OPPORTUNITIES - SOCIAL WORK B.S.W.**

The diverse research interests of the faculty in the School of Social Work provide a wide array of opportunities for students to interface with evidence based research studies. Current research interests include treatment of childhood trauma; quality of care outcomes for vulnerable populations with particular emphasis on older adults with co-occurring mental and physical health disorders; health effects of intimate partner violence; implications of health care practices and interventions involving Latinos; reduction of health and mental health disparities for Haitians, and the development of psycho-social resources in community and long-term care settings.

**ACCREDITATION INFORMATION - SOCIAL WORK B.S.W.**

The School of Social Work programs are accredited by the Council on Social Work Education (CSWE).

**ADVISING INFORMATION - SOCIAL WORK B.S.W.**

Advising is available in office, by phone and email. We welcome students to contact our advisor to learn more about the social work profession and the BSW degree.

Justine Leigh; MSW; 813-974-7292; justinen@usf.edu; MHC 1405.

About the College

As the home to more than 2,200 students and 130 faculty members across three campuses, the University of South Florida's College of Education values high-quality education and excellence in research, teaching, and learning. Our college is nationally accredited by the Council for the Accreditation of Educator Preparation (CAEP) and our educator preparation programs are fully approved by the Florida Department of Education. At a time when the skills and pedagogy of classroom teachers and school administrators is more important than ever, the USF College of Education offers state-of-the-art teacher training and collaborative and collegial graduate studies designed to empower educational leaders. Working closely with our partners in the school districts across the Tampa Bay region, we seek to work with our community to extend proven educational initiatives and discover new ways of preparing life-long learners in an era of increasing access to knowledge and technology.

Mission and Vision

Mission

The Mission of the College of Education is to promote transformative education and social justice through rigorous research, innovative teaching, as well as locally and globally engaged partnerships.

Vision

The USF College of Education envisions itself as a leader in regional, national and international education. Leadership in education encompasses:

- Academic excellence
- Research, scholarship, and inquiry that renews the educational process.
- Collaboration that serves communities, institutions, and individuals
- Preparation that builds on academic excellence, scholarship, clinical practice, and collaboration and that contributes to a just and productive society.

Accreditation

The USF College of Education is proud to be nationally accredited by the Council for the Accreditation of Educator Preparation (CAEP). CAEP accreditation is a voluntary process designed to ensure high-quality practices through a rigorous evaluation process consisting of self-evaluation, on-site accreditation evaluators, and ongoing assessment.

Admission Requirements

Educator Preparation Programs

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in Student Academic Services by making an appointment. (https://www.usf.edu/education/undergraduate/academic-advising/index.aspx).

Effective July 1, 2021, the State of Florida changed its requirement for students to pass the General Knowledge Test (GKT) for admission to teacher preparation programs. The GKT is no longer required for admission. Accordingly, the
College of Education's admission criteria for undergraduate teacher preparation programs include the following:

1. Successful admission to the University of South Florida
2. An application to the College of Education's Teacher Preparation Programs
3. A minimum overall GPA of 2.50 (on a 4.0 scale)
4. Completion of or enrollment in appropriate prerequisite coursework for the student's intended major. (https://www.usf.edu/education/undergraduate/academic-advising/prerequisite-checklists.aspx).

Prior to graduation, however, undergraduate students are required to submit proof of passing scores on all parts of the Florida Teacher Certification Exam (General Knowledge Test, the Professional Education Test, and appropriate subject area examinations). Please see the following URL for additional information: https://www.usf.edu/education/resources-for-educators/teacher-certification/general-knowledge-test.aspx. This change applies to students enrolled in the following undergraduate degree programs:

- Early Childhood Education (ESOL and Reading Endorsements)
- Education (ESOL and Reading Endorsements)
- Elementary Education (ESOL and Reading Endorsements)
- English Education (ESOL and Reading Endorsements)
- Exceptional Student Education (ESOL and Reading Endorsements)
- Mathematics Education (Grades 6-12)
- Middle School Mathematics Education (Grades 5-9)
- Physical Education
- Science Education
- Social Science Education

**Exercise Science Program**

The Exercise Science program is designed to equip future exercise professionals with the knowledge and skills to meet the diverse health and performance needs of our population through the integration of coursework with laboratory-based and field-based experiential learning. It is a highly competitive, specialized admissions program. Enrollment is limited to a select number of students each fall semester based on the successful completion of specific courses and a composite GPA. Students seeking admission are encouraged to meet with an academic advisor in Student Academic Services by making an appointment. (https://www.usf.edu/education/undergraduate/academic-advising/index.aspx)

Students should take the following steps to be considered for the program:

1. Submit an application to the University of South Florida.
2. Submit an application to the College of Education for the Exercise Science program. (https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx)
   - Applicants must have a minimum overall GPA of 2.50
   - Applicants must have successfully completed specific prerequisite courses with an identified minimum grade to be eligible for admission. Learn more by reviewing the major-specific Prerequisite Checklists (https://www.usf.edu/education/undergraduate/academic-advising/prerequisite-checklists.aspx)

**Program-Specific Requirements**

**Background Checks and Fingerprinting**

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. International students should be mindful that fingerprinting requires...
social security number. Depending upon the outcome of the background check, students may be informed they
cannot be placed in a particular school district. As each program determines the school district(s) in which to place
their students, past legal history may impact a student's ability to enter field experience and continue in an educator
preparation program. Please be advised that program and/or course requirements and fingerprinting/background
check procedures are subject to change per state legislative mandates, Florida State Department of Education
program approval standards, accreditation criteria, and school district policy and procedures. Students can learn
more about fingerprinting from Student Academic Services

Insurance

As all undergraduate programs in the college will require a field-based internship, students are encouraged to
purchase liability insurance before entering any course with field experience. Student Academic Services can provide
resources to students regarding coverage options.

Graduation Requirements

1. The College of Education strives to ensure students graduate in a timely fashion and without incurring
unnecessary debt. In order to graduate, students should take the following steps:

2. Meet with your academic advisor each semester to review your progress toward degree.
3. Successfully complete all state, university, and program requirements
4. Earn 120 credit hours
5. Earn a minimum overall GPA of 2.5
6. Complete any required certification exams
7. Apply to graduate. (https://www.usf.edu/education/academics/graduation-information.aspx)

Time Limits for Coursework

The College of Education reserves the right to determine whether courses five years or older can be applied toward a
degree based on the following guidelines:

Courses completed within the last five years may be accepted toward graduation. Courses completed over five years
but less than ten years ago must have the approval of the chairperson from the department in which the equivalent
course is taught. Courses completed ten years ago or longer will count as elective credit only toward graduation.

Baccalaureate-Level Degree Programs

Global Pathways

https://www.usf.edu/gcp/students/index.aspx

A Global Pathway is an undergraduate major or degree program that has significant global content. Global Pathways
provide students with the opportunity to practice and apply global competencies through the major or degree
program. The following programs are designated as Global Pathway Programs:

Global Studies in Education Minor

Exceptional Student Education
https://www.usf.edu/education/areas-of-study/exceptional-student-education/
Bachelor of Science

EARLY CHILDHOOD EDUCATION: PRE KINDERGARTEN/PRIMARY (ESOL AND READING ENDORSEMENTS)
https://www.usf.edu/education/areas-of-study/early-childhood-education/
The program embraces a pedagogy of social justice with community-engaged scholarship and active participation in linguistically, culturally, and socio-economically diverse settings. The program prepares students to acquire the skills and dispositions necessary to advocate for positive change in the lives of children, families, and communities.

EDUCATION (ESOL AND READING ENDORSEMENTS)
https://www.usf.edu/education/areas-of-study/educational-studies/programs/degree-programs.aspx
This program is uniquely designed to integrate the pedagogy, content, and clinical experiences necessary for graduates to gain certification in Exceptional Student Education as well as Elementary Education.

EDUCATIONAL STUDIES
https://www.usf.edu/education/areas-of-study/educational-studies/programs/degree-programs.aspx
The BS in Educational Studies prepares individuals for a variety of career paths such as teaching English abroad, informing educational policy, non-profit work, and childcare, among many others. It also serves as the minimum educational credential for graduate school. This pathway does not lead to teacher certification, nor is it a teacher preparation program. Experiential learning, foundations of education, as well as an exploration of best practices associated with teaching and learning comprise this program of study; effectively preparing graduates to pursue an educationally-focused career outside of the Florida public school system.

ELEMENTARY EDUCATION (ESOL AND READING ENDORSEMENTS)
https://www.usf.edu/education/areas-of-study/elementary-education/
The B.S. in Elementary Education Program develops teachers who possess sound instructional practices as well as an inquiry mindset that allows teachers to differentiate instruction to enhance student learning.

ENGLISH EDUCATION (ESOL AND READING ENDORSEMENTS)
https://www.usf.edu/education/areas-of-study/english-education/
The Bachelor of Science degree in English Education prepares students to develop content knowledge related to structures and functions of language, diverse literatures (including print and non-print texts and multimedia), adolescent literacy and writing theories and processes. This program is a joint program between the College of Education and the College of Arts and Sciences.

EXCEPTIONAL STUDENT EDUCATION (ESOL AND READING ENDORSEMENTS)
https://www.usf.edu/education/areas-of-study/exceptional-student-education/
The Exceptional Student Education program prepares teachers to work with children who have emotional and behavioral disorders, intellectual disabilities, and specific learning disabilities. The undergraduate program is a state-approved program that leads to certification in Exceptional Student Education and an endorsement in teaching English Speakers of a Second Language (ESOL).

EXCERCISE SCIENCE
https://www.usf.edu/education/areas-of-study/exercise-science/
The Bachelor of Science in Exercise Science prepares students for careers in strength and conditioning, corporate fitness, community-based fitness, cardiac rehabilitation and physical therapy school. Students will explore the science of human movement through curriculum in the biological, psychological and social sciences, including health, nutrition, exercise psychology, anatomy, physiology and biomechanics.

SOCIAL SCIENCE EDUCATION
https://www.usf.edu/education/areas-of-study/social-science-education/
The Social Science Education Program engages students with methods of inquiry and pedagogy in the social studies. Attention is given to both an interdisciplinary curriculum and to individual social disciplines including history, geography, civics and government, economics, anthropology, psychology, sociology and related fields of study.

Bachelor of Arts or Bachelor of Science

MATHEMATICS EDUCATION
https://www.usf.edu/education/areas-of-study/mathematics-education/
The Bachelor of Science (B.S.) in Mathematics Education is a 120 credit hour program. The program explores educational foundations, methods, and theory and practice of teaching mathematics at grades 6-12. It is designed to prepare effective teachers of middle and high school mathematics who are knowledgeable, reflective, caring, and are able to meet the needs of a diverse student population.

PHYSICAL EDUCATION
https://www.usf.edu/education/areas-of-study/physical-education/
The Bachelor of Science in Physical Education is designed for those who wish to qualify for Florida certification in teaching Physical Education for students in kindergarten through 12th grade. This degree is a two-year program of study.

SCIENCE EDUCATION
https://www.usf.edu/education/areas-of-study/science-education/
The Bachelor of Science (B.S.) in Science Education explores educational foundations and methods to prepare educators in middle and secondary schools. It also explores the theory and practice of teaching science education. The objective is to prepare reflective and caring educators

Bachelor of Arts

INTERDISCIPLINARY EDUCATION
https://www.usf.edu/education/areas-of-study/interdisciplinary-education/#:~:text=The%20PhD%20concentration%20in%20Interdisciplinary%20Education%20is%20an%20individualized%20program%20of%20study.
The Interdisciplinary Education degree leads to a Bachelor of Arts designed for those not seeking positions as classroom teachers, which would require certification through the Elementary Education degree. The Interdisciplinary Education degree shares common courses with the Elementary Education degree; therefore, it is possible to transfer from Elementary Education into Interdisciplinary Education without losing time toward completion.

Minors

FOREIGN LANGUAGE EDUCATION
The minor in Foreign Language Education is for students who are pursuing a degree in another field and who have an interest in teaching a foreign language. The courses in the minor give students a foundation in methods of teaching a foreign or second language. Completing this does not result in Florida teaching certification.

GLOBAL STUDIES IN EDUCATION
Students pursuing a minor in Global Studies in Education will gain knowledge about the relationships between education and the increasingly globalized world and learn how to apply this knowledge within diverse fields and professional settings. This interdisciplinary minor integrates educational, sociological, and psychological perspectives.
PROFESSIONAL TRAINING OPTION

https://catalog.usf.edu/preview_program.php?catoid=13&poid=4848

The Professional Training Option (PTO) is an approved alternative teacher certification program that leads to temporary certification. A Temporary Teaching Certificate enables educators to complete the Professional Certificate requirements while teaching full-time. It is designed for students interested in teaching at the secondary level in English, Social Science, or Science in the State of Florida.

SCIENCE OF PHYSICAL ACTIVITY

Students pursuing a minor in Science of Physical Activity gain experience working with physically active individuals, and learn skills that translate to work in after-school programs, recreation environments, or fitness centers. Completing this minor does not result in Florida teaching certification.

Concentrations

A concentration is any organized set of courses that is offered as part of a major and enhances or complements the degree program to be awarded in a manner that leads to specific educational or occupational goals, and/or from different disciplines that provide an interdisciplinary focus.

Undergraduate Advising Information

USF College of Education
Student Academic Services (SAS)
4202 East Fowler Avenue, EDU 106
Tampa, FL 33620
Phone: 813-974-2979
https://www.usf.edu/education/undergraduate/academic-advising/index.aspx

Sarasota-Manatee campus
SMC 107
Phone: 941-359-4330

Office Hours: Monday - Friday, 8:00 a.m. - 5:00 p.m.

The Student Academic Services (SAS) office provides academic advising to prospective students, newly admitted students, and continuing students in undergraduate and Master of Arts in Teaching programs within the College of Education. Our office is committed to serving the University of South Florida's mission, and the College of Education's mission: collaborating with our academic departments and empowering our students to meet their academic and professional goals.

Follow these guidelines to make an appointment with an academic advisor:
- Prospective or current students with an active UID can schedule an appointment online:
- Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major:
  https://www.usf.edu/undergrad/students/advising.aspx
DEPARTMENT OF CURRICULUM, INSTRUCTION, AND LEARNING
 EARLY CHILDHOOD EDUCATION (ESOL AND READING ENDORSEMENTS) B.S.

TOTAL DEGREE HOURS: 120

Early Childhood Education is a field of study that includes the teaching and learning of young children. This includes the preparation of prospective teachers through both coursework and extensive field experiences in various early childhood settings to enable them to integrate theory with teaching practices. Successful completion of this state-approved program will make the prospective teachers be eligible for the Florida Early Childhood Teaching Certification Pre-Kindergarten/Primary (age 3 – grade 3). The objective of the program is to provide prospective teachers with the necessary knowledge, skills, and dispositions required to teach Pre-K through 3rd grade students, with a particular focus on understanding developmentally appropriate practice; providing inclusive, differentiated, and culturally responsive instruction; utilizing technology to enhance student learning, and demonstrating on-going professional development.

STATE-APPROVED PROGRAM WITH READING AND ESOL ENDORSEMENTS

This degree program is a state-approved program that leads to both the Reading Endorsement and ESOL (English to Speakers of Other Languages) Endorsement. Upon successful completion of the program, teacher candidates are eligible for the endorsements on their Florida teaching certificate.

UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education.

Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida
2. Complete the University of South Florida's Enhanced General Education requirements (see General Education Information in the catalog)
   1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application. See https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx for more information
For former students returning to the college after being inactive, please be aware of the Time Limit for Coursework policy under Additional Information.

GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:

- Meet with your academic advisor each semester to review your progress toward degree.
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
- Earn a minimum overall GPA of 2.5
- Complete any required certification exams
- Apply to graduate

STATE MANDATED COMMON COURSE PREREQUISITES - EARLY CHILDHOOD EDUCATION B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program. Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education - 3 credit hours

REQUIRED COURSES: (72 CREDIT HOURS)

ADDITIONAL INFORMATION - EARLY CHILDHOOD EDUCATION B.S.

GPA REQUIREMENTS

Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

GRADING REQUIREMENTS

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS

A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK - COLLEGE OF EDUCATION

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

Students will be required to pay for costs in addition to tuition, fees, and books such as:

- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

CLINICAL EDUCATION

All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

BACKGROUND CHECK AND FINGERPRINTING

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: Fingerprinting Instructions (usf.edu) International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be
advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

REPEATING A CLINICAL EXPERIENCE

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education he/she must indicate he/she was once in the College and dismissed. If the candidate is admitted and it is determined that he/she did not disclose the dismissal the student will be dismissed immediately.

ACCREDITATION

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

Total Credit Hours: 12
USF's Bachelor of Science in Education integrates the pedagogy, content, and clinical experiences necessary for graduates to be eligible for teacher certification in Exceptional Student Education and Elementary Education from the Florida Department of Education. Students who successfully complete this program are also eligible to add a Reading Endorsement to their teaching certificate.

STATE-APPROVED PROGRAM WITH READING AND ESOL ENDORSEMENTS

This degree program is a state-approved program that leads to both the Reading Endorsement and ESOL (English to Speakers of Other Languages) Endorsement. Upon successful completion of the program, teacher candidates are eligible for the endorsements on their Florida teaching certificate.

UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:
- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education.

Students seeking admission into any of our educator preparation programs must satisfy the following:
1. Successful admission to the University of South Florida
2. Complete the University of South Florida's Enhanced General Education requirements (see General Education Information in the catalog)
   1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application. See https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx for more information

For former students returning to the college after being inactive, please be aware of the Time Limit for Coursework policy under Additional Information.

GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:
- Meet with your academic advisor each semester to review your progress toward degree.
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
COLLEGE OF EDUCATION

- Earn a minimum overall GPA of 2.5
- Complete any required certification exams
- Apply to graduate

STATE MANDATED COMMON COURSE PREREQUISITES - EDUCATION B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education – 3 credit hours

REQUIRED COURSES: (113 CREDIT HOURS)

REQUIRED SUPPORTING COURSE: 1 COURSE; 3 CREDIT HOURS

The following course is a supporting course for this major. The degree will not be awarded if this course has not been taken by the end of the student’s final semester.

- EDF 2085 - Education, Diversity, and Global Society Credit(s): 3

MAJOR REQUIREMENTS COURSES: 22 COURSES; 68 CREDIT HOURS

Professional Education Courses: 9 courses; 32 credit hours

- EDF 3132 - Child and Adolescent Development Credit(s): 3
- EDF 3604 - Schools and Society Credit(s): 3
- EDG 4012 - Standards Based Education Credit(s): 1

COLLEGE OF EDUCATION

• SCE 4313 - Science for all Students Credit(s): 3

*NOTE: EDG 3943 and RED 4348 must be taken concurrently – Spring/Fall.

ADDITIONAL INFORMATION - EDUCATION B.S.

GPA REQUIREMENT
Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

GRADING REQUIREMENT
Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS
A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK - COLLEGE OF EDUCATION
The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

• Courses completed within the last five years may be accepted toward graduation.
• Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
• Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION
Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria. Students will be required to pay for costs in addition to tuition, fees, and books such as:

• Transportation to and from school sites required in courses and internships
• Criminal background checks and fingerprinting for internships
• Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

INTERNSHIP EXPERIENCE - EDUCATION B.S.

QUALIFICATIONS FOR INTERNSHIP EXPERIENCE
The final internship experience involves observing and teaching both in an elementary and exceptional education classroom. Internship sites include the entire spectrum of educational settings available in the local school districts served by USF. Students may not enroll in additional courses during the semester in which the final internship occurs. Special requirements for enrollment in the final internship and seminar courses are:

• Completion of General Education, "State Communication and State Mathematics Requirements -formerly Gordon Rule," and all other program prerequisites (includes passing all sections of the General Knowledge Test, GKT) prior to the first internship.
• Documentation of passing scores on all portions of the Florida Teacher Certification Examinations (FTCE), (General Knowledge Test, Subject Area Exam in both Elementary Education and Exceptional Student Education, and Professional Education) prior to the college-stated deadline.
• Completion of an application for the final internship by the posted deadlines. Applications for final internship are available through a COE Internship Application Portal in Canvas. Completion of all professional education and specialization course work.
• A combined grade point average of 2.5 in professional education and specialization course work as well as an overall USF GPA of 2.5.
• Students must earn a "C-" grade or higher in required major courses. S/U grades will not apply toward qualifying for internship.
• Students must complete all other requirements as prescribed by their program.
• Some school districts have additional requirements, which must also be met by the application deadlines. Please contact the Internship Coordinator, Dr. Heather Duncan, for information related to Hillsborough and Hernando school districts.
• Interns are guests of the school districts in which they are placed and as such they may be removed from their placement with or without cause by either the school or the college. If students are asked to leave their schools for any reason, the college is under no obligation to find another placement until the following semester and/or until remediation activities have taken place.

INTERNSHIP APPLICATION REQUIREMENTS AND DATES OF IMPORTANCE

Complete online applications by the deadline date (see below under Final Internship. (Late Applications will not be accepted).

APPLICATION REQUIREMENTS

K-5: EDG 3943 - Integrated Clinical Experience Grades K-5: Students spend two full teacher days per week in a supervised in-school experience and attend seminars as scheduled.
EEX 4880 - Integrated Clinical Experience: ESE Secondary 6-12: Students spend two full teacher days per week in a supervised internship experience in classroom settings and attend seminars as scheduled.
EDG 4944 - Integrated Final Internship: The teacher candidate is required to demonstrate professional competencies during one semester of fulltime internship in a public elementary school and attend seminars. This internship will be split between a general education classroom and an ESE classroom; eight weeks in each setting. All candidates will also be completing a Teacher Work Sample as part of this capstone experience. (5 days/week)
EDG 4934 - Final Intern Seminar

FINGERPRINTING INFORMATION

All school districts in Florida require students to complete the fingerprinting process prior to beginning date of internships. The cost of the fingerprinting process is the sole responsibility of the intern. Most Florida school districts screen in accordance with Florida Statute 435.03 or 435.04. Pinellas County uses 435.04 (Level 2) screening standard. Be sure to consult school district policy for the district in which you will be interning.

PROGRAM PORTFOLIO REQUIREMENTS

The Florida Department of Education (FLDOE) and the National Association of Colleges of Teacher Education (NCATE) standards through the CAEP Accreditation system require all accredited programs to document individual student performance based on state and national standards. Students are required to demonstrate their achievement of state standards with portfolio assessment one time during coursework and one time during final internship. This program requires Florida Educator Accomplished Practices and ESOL Competencies portfolios. Students are required to upload their critical assignments to the Folio data system for instructors to grade. Students must reach 80% proficiency on all critical assignments to pass the course. This is indicated in the course syllabi and each submission is evaluated by the course instructor. The entire portfolio process will be introduced during EDG 4012 – the Standards Based Education course.
ACCREDITATION
This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student’s official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

EDUCATIONAL STUDIES B.S.

TOTAL DEGREE HOURS: 120

This degree will prepare students to engage in educational settings but not limited to settings such as museums, non-profit organizations, community-based organizations and businesses where teaching and training are an integral part of the organization.

All majors will be assigned to a specified sequence of courses to be followed throughout the program enrollment. Coursework will include internships and field experience. Field experiences usually begin during the second semester of student's enrollment with increasing involvement throughout the program.

The current program of study includes both coursework and extensive field experience in elementary, middle, secondary or other appropriate educational settings to enable students to integrate theory with teaching practice.

University Admissions - College of Education

Admission to the University is based on the University’s Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

Graduation Requirements - Educational Studies B.S.

To be certified by the College of Education for graduation, a student must have:

1. Earned a minimum of 120-semester hours credit.
2. Successfully completed all program requirements for the degree in Educational Studies.
3. A minimum overall USF grade-point average of 2.50 or a minimum GPA of 2.50 in teaching specialization courses and a minimum GPA of 2.50 in the Professional Education sequence Satisfactory completion of the final internship.
4. Successful completion of the major requirements of the Educational Studies degree (which includes general preparation, teaching specialization, and professional preparation). A minimum of 8 credits in professional courses in addition to internship and 12 credits in specialization courses must have been earned at USF. A minimum of 30 hours after admittance to a Bachelor’s of Science Educational Studies program and meet all University requirements.

State Mandated Common Course Prerequisites - Educational Studies B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education – 3 credit hours

Required Courses: (113 credit hours)

The following course is a supporting courses for this major. The degree will not be awarded if this course has not been taken by the end of the student’s final semester.

- EDF 2085 - Education, Diversity, and Global Society Credit(s): 3

MAJOR REQUIRED COURSES: 22 COURSES; 68 CREDIT HOURS

Professional Education Courses: 9 courses; 32 credit hours
Specialization Courses: 13 courses; 36 credit hours
• EDG 4934 - Final Intern Seminar Credit(s): 1
• EDG 3943 - Integrated Clinical Experience Grades K-5 Credit(s): 3
• EDG 4376 - Literacy/Literature and Social Studies/ESE Credit(s): 4
• EDG 4444 - Instructional Design and Classroom Management Credit(s): 3
• EEX 3751 - Enhancing Family Involvement in Education Credit(s): 2
• EEX 4764 - Instructional and Adaptive Technologies for Exceptionalities Credit(s): 3
• EEX 4880 - Integrated Clinical Experience: ESE Secondary 6-12 Credit(s): 2-3
• HLP 4710 - Creative Exp in Art, Music, Drama & Physical Movement Credit(s): 2
• LAE 4343 - Writing across the Curriculum Credit(s): 2
• LAE 3414 - Childrens and Young Adult Literature Diverse Portrayals of the Human Experience Credit(s): 3
• MAE 4314 - Mathematics for all Students Credit(s): 4
• SCE 4313 - Science for all Students Credit(s): 3
• RED 4348 - Literacy Development Credit(s): 3

Additional Information - Educational Studies B.S.

GPA REQUIREMENTS
An overall minimum GPA of 2.50 on all attempted hours. Students must have an overall USF GPA of 2.5 and a GPA of 2.5 in the combined Professional Core and Teaching Specialization prior to final internship and graduation.

GRADING REQUIREMENTS
Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS
A minimum of 8 credits in professional courses in addition to internship and 12 credits in specialization courses must have been earned at USF. A minimum of 30 hours after admittance to a Bachelor's of Science Educational Studies program and meet all University requirements.

TIME LIMIT FOR COURSEWORK - COLLEGE OF EDUCATION
The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:
• Courses completed within the last five years may be accepted toward graduation.
• Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
• Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria. Students will be required to pay for costs in addition to tuition, fees, and books such as:

• Transportation to and from school sites required in courses and internships
• Criminal background checks and fingerprinting for internships
• Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)
• Part-time students in Education (those planning to take 9 hours or fewer per semester) must meet program and internship requirements associated with the program. These requirements include being available to participate in the internships during regular school or business hours.

Because of state and national accreditation requirements, students who take any of the required professional education core courses or education specialization courses at institutions accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission on Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission may be required to submit additional assignments to meet graduation requirements for the USF College of Education.

INTERNSHIP EXPERIENCE - EDUCATIONAL STUDIES B.S.

QUALIFICATIONS FOR INTERNSHIP EXPERIENCE

The final internship experience involves observing and teaching both in educational setting but not limited to settings such as museums, non-profit organizations, community-based organizations and businesses. Internship sites include the entire spectrum of educational settings available in the community served by USF St. Petersburg campus. Other than Final Internship Seminar, students may not enroll in additional courses during the semester in which the final internship occurs.

INTERNSHIP APPLICATION REQUIREMENTS AND DATES OF IMPORTANCE

FINAL INTERNSHIP ADMISSION REQUIREMENTS

• All coursework and incompletes except for the final internship and final internship seminar courses must be completed prior to beginning the final internship.
• Students who withdraw from or who have unsatisfactory grades in the field experiences or internships must petition the college before they will be allowed to repeat the internships.
• A combined grade point average of 2.5 in professional education and specialization course work as well as an overall USF GPA of 2.5.
• Complete all required coursework with a minimum grade of C- or higher.

FINAL INTERNSHIP EXIT REQUIREMENTS:

• Complete coursework and any other university graduation requirements.

FINGERPRINTING INFORMATION

All agencies in Florida require students to complete the fingerprinting process prior to beginning date of internships. The cost of the fingerprinting process is the sole responsibility of the intern. Most Florida school districts screen in accordance with Florida Statute 435.03 or 435.04. Pinellas County uses 435.04 (Level 2) screening standard. Be sure to consult organizational policy for the agency in which you will be interning. Complete online applications by the deadline date posted in The Internship Portal in Canvas.
Research Opportunities - College of Education

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student’s official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ELEMENTARY EDUCATION (ESOL AND READING ENDORSEMENTS) B.S.

TOTAL DEGREE HOURS: 120

The Bachelor of Science program in Elementary Education is designed for students who wish to pursue a career as an elementary classroom teacher. The program of study includes both coursework and extensive field experience in elementary school settings to enable the students to integrate theory with teaching practice.

STATE-APPROVED PROGRAM WITH READING AND ESOL ENDORSEMENTS

This degree program is a state-approved program that leads to both the Reading Endorsement and ESOL (English to Speakers of Other Languages) Endorsement. Upon successful completion of the program, teacher candidates are eligible for the endorsements on their Florida teaching certificate.

UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:
- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education.

Students seeking admission into any of our educator preparation programs must satisfy the following:
1. Successful admission to the University of South Florida
2. Complete the University of South Florida's Enhanced General Education requirements (see General Education Information in the catalog)
   1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application. See https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx for more information

For former students returning to the college after being inactive, please be aware of the Time Limit for Coursework policy under Additional Information.

GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:
- Meet with your academic advisor each semester to review your progress toward degree.
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
- Earn a minimum overall GPA of 2.5
Complete any required certification exams
Apply to graduate

STATE MANDATED COMMON COURSE PREREQUISITES - ELEMENTARY EDUCATION B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program. Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education - 3 credit hours

REQUIRED COURSES: (72 CREDIT HOURS)

MAJOR CORE COURSES: 21 COURSES; 72 CREDIT HOURS

- TSL 4251 - Applying Linguistics to ESOL Teaching and Testing Credit(s): 3

ADDITIONAL INFORMATION - ELEMENTARY EDUCATION B.S.

GPA REQUIREMENTS

Maintain at least a 2.50 GPA in major coursework. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

GRADING REQUIREMENTS
Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS
A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK
The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION
Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria. Students will be required to pay for costs in addition to tuition, fees, and books such as:

- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

CLINICAL EDUCATION
All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

BACKGROUND CHECK AND FINGERPRINTING
All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: Fingerprinting Instructions (usf.edu) International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

REPEATING A CLINICAL EXPERIENCE
A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made. If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-
applies for admission to the College of Education they must indicate they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.

ACCREDITATION INFORMATION - ELEMENTARY EDUCATION B.S.
This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF EDUCATION

ENGLISH EDUCATION (ESOL AND READING ENDORSEMENTS) B.S.

TOTAL DEGREE HOURS: 120

The English Education Program is designed to prepare students to develop content knowledge related to structures and functions of language, diverse literature (including print and non-print texts and multimedia), adolescent literacy, and writing theories and processes. This program is a joint program between the College of Education and the College of Arts and Sciences. Students will learn pedagogical content knowledge, including how to select English Language Arts curriculum, how to implement instructional practices like discussion and peer review, how to assess student compositions, and how to reflect on their pedagogical practices.

STATE-APPROVED PROGRAM WITH READING AND ESOL ENDORSEMENTS

This degree program is a state-approved program that leads to both the Reading Endorsement and ESOL (English to Speakers of Other Languages) Endorsement. Upon successful completion of the program, teacher candidates are eligible for the endorsements on their Florida teaching certificate.

ADDITIONAL INFORMATION - ENGLISH EDUCATION B.S.

GPA REQUIREMENTS
Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

GRADING REQUIREMENTS
Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS
A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK - COLLEGE OF EDUCATION
The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:
• Courses completed within the last five years may be accepted toward graduation.
Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.

Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

- Students will be required to pay for costs in addition to tuition, fees, and books such as:
- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

The following English electives are recommended: CRW 2100 - Narration and Description or CRW X111 and MMC 2100 - Media Writing or ENC X310 and LIT X301.

OPTIONAL FULL ESOL ENDORSEMENT

The College of Education offers a full ESOL Endorsement for all English Education major graduates. The special requirements for ESOL endorsement through infusion are as follows:

Successful completion of:
- FLE 4317 - Teaching Students with Limited English Proficiency and FLE 4316 - Language Principles and Acquisition with a minimum grade of 70 percent or better on part one and part two of the ESOL Comprehensive Exam administered in the two ESOL courses;
- A 20-hour early ESOL field experience in FLE 4317;
- A late ESOL field experience where students plan, implement, and evaluate lessons for one or more ESOL students over 10 days;
- An ESOL binder, containing all ESOL-related assignments taken in the College of Education and an ESOL-performance Standards Checklist that documents the completion of the necessary number of standards.

CLINICAL EDUCATION

All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

BACKGROUND CHECK AND FINGERPRINTING

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: Fingerprinting Instructions (usf.edu). International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

REPEATING A CLINICAL EXPERIENCE

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate
must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.
If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education he/she must indicate he/she was once in the College and dismissed. If the candidate is admitted and it is determined that he/she did not disclose the dismissal the student will be dismissed immediately.

ACCREDITATION INFORMATION - ENGLISH EDUCATION B.S.
This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

The Interdisciplinary Education degree leads to a Bachelor of Arts designed for those not seeking positions as classroom teachers, which would require certification through the Elementary Education degree. The Interdisciplinary Education degree shares common courses with the Elementary Education degree; therefore, it is possible to transfer from Elementary Education into Interdisciplinary Education without losing time toward completion.

**UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION**

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:
- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

**STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY EDUCATION B.A.**

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.
- EDF X005 Intro. to Education and Field Experience – 3 credit hours

**INTERDISCIPLINARY EDUCATION REQUIRED COURSES: (45 CREDIT HOURS)**

**MAJOR CORE COURSES: 10 COURSES; 30 CREDIT HOURS**

- EDE 4223 - Creative Experiences: Using Arts-Based Inquiry & Design Thinking for Problem-Based Learning Credit(s): 3

- Psychology
- Sociology

CRIMINOLOGY CONCENTRATION: 3 COURSES; 9 CREDIT HOURS

- Any 3XXX-4XXX level course with the following prefix: CCJ, CJC, CJE, CJJ, CJL, DSC (3 Credits)
- CCJ 3024 - Survey of the Criminal Justice System Credit(s): 3
- CCJ 3117 - Theories of Criminal Behavior Credit(s): 3

ADDITIONAL INFORMATION - INTERDISCIPLINARY EDUCATION B.A.

GPA REQUIREMENTS
An overall minimum GPA of 2.50 on all attempted hours. Students must have an overall USF GPA of 2.5 and a GPA of 2.5 in the combined Professional Core and Teaching Specialization prior to final internship and graduation.

GRADING REQUIREMENTS
Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS
A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK
The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

INTERNERNSHIP OPPORTUNITIES

- EDE 4947 - Clinical Education I Credit(s): 3

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student’s official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. • General/Unrestricted Elective Credit(s): 3

Total Credit Hours: 13
The Interdisciplinary Education degree leads to a Bachelor of Arts designed for those not seeking positions as classroom teachers, which would require certification through the Elementary Education degree. The Interdisciplinary Education degree shares common courses with the Elementary Education degree; therefore, it is possible to transfer from Elementary Education into Interdisciplinary Education without losing time toward completion.

UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:
- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY EDUCATION B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.
- EDF X005 Intro. to Education and Field Experience – 3 credit hours

INTERDISCIPLINARY EDUCATION REQUIRED COURSES: (45 CREDIT HOURS)

MAJOR CORE COURSES: 10 COURSES; 30 CREDIT HOURS

- EDE 4223 - Creative Experiences: Using Arts-Based Inquiry & Design Thinking for Problem-Based Learning Credit(s): 3
- EDE 4323 - Planning for Instruction of Diverse Learners Credit(s): 3
- EDE 4947 - Clinical Education I Credit(s): 3
- EDF 3122 - Learning and the Developing Child Credit(s): 3
- EDF 3604 - Schools and Society Credit(s): 3

- EEX 4084 - Instruction for Exceptional and Diverse Students Credit(s): 3
- RED 4310 - Reading and Learning to Read Credit(s): 3
- RED 4333 - Content Area Reading Credit(s): 3

MAJOR ELECTIVE COURSES: 2 COURSES; 6 CREDIT HOURS

Select two (2) courses from the following list.
- EDM 4406 - Contemporary Issues in STEM Education Credit(s): 3
- LAE 4424 - Teaching Children's Literature Credit(s): 3
- SCE 4310 - Teaching Elementary School Science Credit(s): 3
- SSE 4313 - Teaching Elementary (K-6) Social Studies Credit(s): 3
- TSL 4080 - ESOL Curriculum and Pedagogy Credit(s): 3

INTERDISCIPLINARY EDUCATION CONCENTRATIONS (9 CREDIT HOURS)

Students choose one (1) concentration area from the following:
ENGLISH CONCENTRATION: 3 COURSES, 9 CREDIT HOURS

- AML 3XXX (3 credits)
- ENL 3XXX (3 credits)
- Any 3XXX-4XXX level course with the following prefix: ENG, AML, ENL, LIT (3 credits)

ADDITIONAL INFORMATION - INTERDISCIPLINARY EDUCATION B.A.

GPA REQUIREMENTS

An overall minimum GPA of 2.50 on all attempted hours. Students must have an overall USF GPA of 2.5 and a GPA of 2.5 in the combined Professional Core and Teaching Specialization prior to final internship and graduation.

GRADING REQUIREMENTS

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS

A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION

INTERNSHIP OPPORTUNITIES

- EDE 4947 - Clinical Education | Credit(s): 3

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

INTERDISCIPLINARY EDUCATION CONCENTRATIONS (9 CREDIT HOURS)

Students choose one (1) concentration area from the following:
HISTORY CONCENTRATION: 3 COURSES, 9 CREDIT HOURS

• Any 3XXX-4XXX level course with the following prefix: AMH, EUH, HIS (9 total credits)

ADDITIONAL INFORMATION - INTERDISCIPLINARY EDUCATION B.A.

GPA REQUIREMENTS

An overall minimum GPA of 2.50 on all attempted hours. Students must have an overall USF GPA of 2.5 and a GPA of 2.5 in the combined Professional Core and Teaching Specialization prior to final internship and graduation.

GRADING REQUIREMENTS

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS

A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

• Courses completed within the last five years may be accepted toward graduation.
• Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
• Courses completed ten years ago or longer will count as elective credit only toward graduation.

INTERNSHIP OPPORTUNITIES

• EDE 4947 - Clinical Education | Credit(s): 3

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student’s official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

• General/Unrestricted Elective Credit(s): 3
Total Credit Hours: 13
INTERDISCIPLINARY EDUCATION B.A., WITH LEADERSHIP CONCENTRATION

TOTAL DEGREE HOURS: 120

The Interdisciplinary Education degree leads to a Bachelor of Arts designed for those not seeking positions as classroom teachers, which would require certification through the Elementary Education degree. The Interdisciplinary Education degree shares common courses with the Elementary Education degree; therefore, it is possible to transfer from Elementary Education into Interdisciplinary Education without losing time toward completion.

UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

STATE MANDATED COMMON COURSE PREREQUISITES - INTERDISCIPLINARY EDUCATION B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program. Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Intro. to Education and Field Experience – 3 credit hours

INTERDISCIPLINARY EDUCATION REQUIRED COURSES: (45 CREDIT HOURS)

MAJOR CORE COURSES: 10 COURSES; 30 CREDIT HOURS

- EDE 4223 - Creative Experiences: Using Arts-Based Inquiry & Design Thinking for Problem-Based Learning Credit(s): 3

SEMESTER 11 (SPRING)

- Apply for Graduation
- EDG 4909 - Directed Studies Credit(s): 1-4 (Students must take for 3 credit hours)
- General Elective Credit(s): 1
- General/Unrestricted Elective Credit(s): 3
- General/Unrestricted Elective Credit(s): 3
- General/Unrestricted Elective Credit(s): 3

Total Credit Hours: 13
The Interdisciplinary Education degree leads to a Bachelor of Arts designed for those not seeking positions as classroom teachers, which would require certification through the Elementary Education degree. The Interdisciplinary Education degree shares common courses with the Elementary Education degree; therefore, it is possible to transfer from Elementary Education into Interdisciplinary Education without losing time toward completion.

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:
- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.
- EDF X005 Intro. to Education and Field Experience – 3 credit hours

MAJOR CORE COURSES: 10 COURSES; 30 CREDIT HOURS
- EDE 4223 - Creative Experiences: Using Arts-Based Inquiry & Design Thinking for Problem-Based Learning Credit(s): 3
- EDE 4323 - Planning for Instruction of Diverse Learners Credit(s): 3
- EDE 4947 - Clinical Education I Credit(s): 3
- EDF 3122 - Learning and the Developing Child Credit(s): 3
- EDF 3604 - Schools and Society Credit(s): 3
- EDG 4909 - Directed Studies Credit(s): 1-4
- EEX 4084 - Instruction for Exceptional and Diverse Students Credit(s): 3
- RED 4310 - Reading and Learning to Read Credit(s): 3
- RED 4333 - Content Area Reading Credit(s): 3

MAJOR ELECTIVE COURSES: 2 COURSES; 6 CREDIT HOURS
Select two (2) courses from the following list.
- EDM 4406 - Contemporary Issues in STEM Education Credit(s): 3
- LAE 4424 - Teaching Children's Literature Credit(s): 3
- SCE 4310 - Teaching Elementary School Science Credit(s): 3
- SSE 4313 - Teaching Elementary (K-6) Social Studies Credit(s): 3
- TSL 4080 - ESOL Curriculum and Pedagogy Credit(s): 3

INTERDISCIPLINARY EDUCATION CONCENTRATIONS (9 CREDIT HOURS)
Students choose one (1) concentration area from the following:

- Criminology
- Education
- English
- Gerontology
- History
- Leadership
- Political Science
- Professional and Technical Communication
- Psychology
- Sociology

**PROFESSIONAL AND TECHNICAL COMMUNICATION CONCENTRATION: 3 COURSES, 9 CREDIT HOURS**

- ENC 3250 - Professional Writing Credit(s): 3
- Any 3XXX-4XXX level course with ENC prefix (2 courses, 6 credits total)

**ADDITIONAL INFORMATION - INTERDISCIPLINARY EDUCATION B.A.**

**GPA REQUIREMENTS**

An overall minimum GPA of 2.50 on all attempted hours. Students must have an overall USF GPA of 2.5 and a GPA of 2.5 in the combined Professional Core and Teaching Specialization prior to final internship and graduation.

**GRADING REQUIREMENTS**

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

**RESIDENCY REQUIREMENTS**

A student must complete 32 hours of major coursework at USF to meet residency requirements.

**TIME LIMIT FOR COURSEWORK**

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

**OTHER INFORMATION**

**INTERNSHIP OPPORTUNITIES**

- EDE 4947 - Clinical Education I Credit(s): 3

**RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION**

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

Plans of Study - Interdisciplinary Education B.A., with Sociology Concentration

Potential Entry Level Job Titles:
- High School Teacher
- Admissions Counselor
- Guidance Counselor

Potential Entry Level Salary Range:
$35,000 - $45,000

Interdisciplinary Education B.A., with Sociology Concentration - 2 Year Plan of Study

NOTES:
- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
- Items that are critical are marked with a ▶ and are included in the plan for a student to stay on track.

YEAR 1

SEMESTER 1 (FALL)

- ▶ RED 4333 - Content Area Reading Credit(s): 3
- Submit passing GKT scores before first term
- EDE 4223 - Creative Experiences: Using Arts-Based Inquiry & Design Thinking for Problem-Based Learning Credit(s): 3
- EDF 3122 - Learning and the Developing Child Credit(s): 3
- EDF 3604 - Schools and Society Credit(s): 3

SEMESTER 2 (SPRING)

- ▶ EDE 4323 - Planning for Instruction of Diverse Learners Credit(s): 3
- EEX 4084 - Instruction for Exceptional and Diverse Students Credit(s): 3
- RED 4310 - Reading and Learning to Read Credit(s): 3
- Major Elective Credit(s): 3
- Major Elective Credit(s): 3

Total Credit Hours: 15

SEMESTER 3 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 2

SEMESTER 4 (FALL)
Interdisciplinary Education B.A., with Sociology Concentration - 4 Year Plan of Study

YEAR 1

SEMESTER 1 (FALL)

- AMH 2020 - American History II \(\text{Credit(s)}: 3\)
- OR POS 2041 - American National Government \(\text{Credit(s)}: 3\)
- ENC 1101 - Composition I \(\text{Credit(s)}: 3\)
- SGEM - General Education Core Mathematics \(\text{Credit(s)}: 3\)
- SLS 2XXX \(\text{Credit(s)}: 3\)

Total Credit Hours: 12

SEMESTER 2 (SPRING)

- EDF 2005 - Introduction to the Teaching Profession \(\text{Credit(s)}: 3\)
- ENC 1102 - Composition II \(\text{Credit(s)}: 3\)
- SGEN - General Education Core Natural Sciences \(\text{Credit(s)}: 3\)
- 6AMT - State Computation Requirement \(\text{Credit(s)}: 3\)
- General Elective \(\text{Credit(s)}: 3\)

Total Credit Hours: 15

SEMESTER 3 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 2

SEMESTER 4 (FALL)

- EME 2040 - Technology for Leading and Learning \(\text{Credit(s)}: 3\)
- OR EDE 4223 - Creative Experiences: Using Arts-Based Inquiry & Design Thinking for Problem-Based Learning \(\text{Credit(s)}: 3\) (Recommended)
- LAE 3414 - Childrens and Young Adult Literature Diverse Portrayals of the Human Experience \(\text{Credit(s)}: 3\)
- SGEH - General Education Core Humanities \(\text{Credit(s)}: 3\)
- Foreign Language 1 (FLEX) \(\text{Credit(s)}: 4\)

Total Credit Hours: 13

SEMESTER 5 (SPRING)
COLLEGE OF EDUCATION

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

- TGEH - High Impact Practice Credit(s): 3
- TGEI - Information and Data Literacy Credit(s): 3
- Foreign Language 2 (FLEX) Credit(s): 4
- General/Unrestricted Elective Credit(s): 3

Total Credit Hours: 13

SEMESTER 6 (SUMMER)

- General/Unrestricted Elective Credit(s): 3
- General/Unrestricted Elective Credit(s): 3
- General/Unrestricted Elective Credit(s): 3

Total Credit Hours: 9

YEAR 3

SEMESTER 7 (FALL)

- RED 4333 - Content Area Reading Credit(s): 3
- Pass GKT Exam via FL DOE
- EDE 4223 - Creative Experiences: Using Arts-Based Inquiry & Design Thinking for Problem-Based Learning Credit(s): 3
- EDF 3122 - Learning and the Developing Child Credit(s): 3
- EDF 3604 - Schools and Society Credit(s): 3

SEMESTER 8 (SPRING)

- EDE 4323 - Planning for Instruction of Diverse Learners Credit(s): 3
- EEX 4084 - Instruction for Exceptional and Diverse Students Credit(s): 3
- RED 4310 - Reading and Learning to Read Credit(s): 3
- Major Elective Credit(s): 3
- Major Elective Credit(s): 3

Total Credit Hours: 15

SEMESTER 9 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 4

SEMESTER 10 (FALL)

- EDE 4947 - Clinical Education I Credit(s): 3
- General Elective Credit(s): 3
- Interdisciplinary Education Concentration Core Credit(s): 3
- Interdisciplinary Education Concentration Core Credit(s): 3
- Interdisciplinary Education Concentration Core Credit(s): 3

Total Credit Hours: 15

SEMESTER 11 (SPRING)

- Apply for Graduation
- EDG 4909 - Directed Studies Credit(s): 1-4 (Students must take for 3 credit hours)
- General Elective Credit(s): 1
- General/Unrestricted Elective Credit(s): 3
- General/Unrestricted Elective Credit(s): 3
- General/Unrestricted Elective Credit(s): 3

Total Credit Hours: 13
MATHEMATICS EDUCATION B.S.

TOTAL DEGREE HOURS: 120

The bachelor’s in mathematics education program explores educational foundations, methods, and theory and practice of teaching mathematics at grades 6-12. This program is designed to prepare effective teachers of middle and high school mathematics who are knowledgeable, reflective, caring, and are able to meet the needs of a diverse student population.

UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education. Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida
2. Complete the University of South Florida’s Enhanced General Education requirements (see General Education Information in the catalog)
   1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application. See https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx for more information

For former students returning to the college after being inactive, please be aware of the Time Limit for Coursework policy under Additional Information.

GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:

- Meet with your academic advisor each semester to review your progress toward degree.
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
- Earn a minimum overall GPA of 2.5
- Complete any required certification exams
- Apply to graduate

STATE MANDATED COMMON COURSE PREREQUISITES - MATHEMATICS EDUCATION B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed.
before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.
Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education and Field Experience - 3 credit hours
- MAC X311 Calculus I - 4 credit hours
- MAC X312 Calculus II - 4 credit hours
- MAC X000-X999 or MTG X000-X999 or MAS X000-X999 - 4 credit hours

REQUIRED COURSES: (70 CREDIT HOURS)

MAJOR CORE COURSES: 21 COURSES; 70 CREDIT HOURS

- EDF 3214 - Human Development and Learning Credit(s): 3
- EDF 3604 - Schools and Society Credit(s): 3
- EDF 4430 - Measurement for Teachers Credit(s): 3
- EEX 4070 - Integrating Exceptional Students in the Regular Classroom Credit(s): 2-3
- ESE 4322 - Classroom Management for Diverse School and Society Credit(s): 3
- RED 4333 - Content Area Reading Credit(s): 3
- TSL 4324 - ESOL Competencies and Strategies Credit(s): 3

SPECIALIZATION COURSES: 8 COURSES; 25 CREDIT HOURS

- MAC 2313 - Calculus III Credit(s): 4
- MAD 3107 - Discrete Mathematics Credit(s): 3
- MAS 3105 - Linear Algebra Credit(s): 3
- OR
- MAS 4301 - Elementary Abstract Algebra I Credit(s): 3
- MAS 4214 - Elementary Number Theory Credit(s): 3
- MGF 3301 - Bridge to Abstract Mathematics Credit(s): 3
- MHF 4403 - The Early History of Mathematics Credit(s): 3
- MTG 3212 - Geometry Credit(s): 3
- OR
- MTG 4214 - Modern Geometry Credit(s): 3
- STA 2023 - Introductory Statistics I Credit(s): 3

ADDITIONAL SPECIALIZATION COURSES: 6 COURSES; 24 CREDIT HOURS

- MAE 4320 - Teaching Mathematics in the Middle Grades Credit(s): 3
- MAE 4330 - Teaching Senior High School Mathematics Credit(s): 3
- MAE 4652 - Technology for Teaching Secondary School Mathematics Credit(s): 3
- MAE 4936 - Senior Seminar in Mathematics Education Credit(s): 3
- MAE 4940 - Internship: Mathematics Education Credit(s): 9
- MAE 4945 - Practicum in Mathematics Education Credit(s): 3

ADDITIONAL INFORMATION - MATHEMATICS EDUCATION B.S.

GPA REQUIREMENTS

Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

GRADING REQUIREMENTS
Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS

A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria. Students will be required to pay for costs in addition to tuition, fees, and books such as:

- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

CLINICAL EDUCATION

All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

BACKGROUND CHECK AND FINGERPRINTING

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: Fingerprinting Instructions (usf.edu) International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

REPEATING A CLINICAL EXPERIENCE

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education they must indicate they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.

ACCREDITATION
This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP: https://caepnet.org/).

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADDITIONAL INFORMATION - MATHEMATICS EDUCATION B.S.

GPA REQUIREMENTS
Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

Grading Requirements
Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS
A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK
The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:
- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION
Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria. Students will be required to pay for costs in addition to tuition, fees, and books such as:
- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

CLINICAL EDUCATION
All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

BACKGROUND CHECK AND FINGERPRINTING
All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: Fingerprinting Instructions (usf.edu) International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

REPEATING A CLINICAL EXPERIENCE
A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.
If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-
applies for admission to the College of Education they must indicate they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.

ACCREDITATION

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP: https://caepnet.org/).

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

SCIENCE EDUCATION B.S., WITH BIOLOGY EDUCATION CONCENTRATION

TOTAL DEGREE HOURS: 120

Science Education explores educational foundations and methods to prepare educators in middle and secondary schools. It also explores the theory and practice of teaching science education. The objective is to prepare reflective and caring educators for a career in middle and high schools.

UNIVERSITY ADMISSIONS

Admission to the University of South Florida is based on the Undergraduate Admission Requirements found by clicking on the following URLs:
- **Freshman**: [https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx](https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx)
- **Transfer**: [https://www.usf.edu/admissions/transfer/admission-information/index.aspx](https://www.usf.edu/admissions/transfer/admission-information/index.aspx)
- **International**: [https://www.usf.edu/admissions/international/admission-information/index.aspx](https://www.usf.edu/admissions/international/admission-information/index.aspx)

ADMISSION REQUIREMENTS - COLLEGE OF EDUCATION

Admission to an educator preparation program is contingent upon meeting the following Department of Education's Teacher Educator Certification requirements:
1. Earn a 2.5 overall GPA;
2. Complete all General Education Information and State Mandated Common Course Prerequisites with a C- or higher in each;
3. Pass all sections of the General Knowledge Test. Information can be found at [https://www.usf.edu/education/academics/teacher-certification/general-knowledge-test.aspx](https://www.usf.edu/education/academics/teacher-certification/general-knowledge-test.aspx);
4. Submit an application to Student Academic Services, EDU 106, 813-974-2979.

Applications can be found at [https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx](https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx)

Students must complete the General Education and the General Knowledge Test before admission to a teacher preparation program. For more information, see Florida Statutes & Constitution, Education Code, Chapter 1004.

ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education.

Students seeking admission into any of our educator preparation programs must satisfy the following:
1. Successful admission to the University of South Florida
2. Complete the University of South Florida's Enhanced General Education requirements (see General Education Information in the catalog)
   1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application. See [https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx](https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx) for more information

For former students returning to the college after being inactive, please be aware of the **Time Limit for Coursework** policy under Additional Information.

GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:
Meet with your academic advisor each semester to review your progress toward degree.
Successfully complete all state, university, and program requirements
Earn 120 credit hours
Earn a minimum overall GPA of 2.5
Complete any required certification exams
Apply to graduate

STATE MANDATED COMMON COURSE PREREQUISITES - SCIENCE EDUCATION B.S., WITH BIOLOGY CONCENTRATION

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 – 3 credits
- [BSC X010/X010L AND BSC X011/X011L] OR [BSC X010C and BSC X011C] – 8 credits
- MAC X311 OR MAC X241 – 4 credits
- Students choose two of the following options – 8 credits
  - CHM X045/X045L OR CHM X045C – 4 credits
  - PHY X048/X048L OR PHY X048C OR PHY X053/X053L – 4 credits
  - CHM X046/X046L OR CHM X046C – 4 credits
  - PHY X049/X049L OR PHY X049C or PHY X054/X054L

REQUIRED COURSES: (61 CREDIT HOURS)

Major Core Courses: 10 courses; 35 credit hours
Professional Education Core for all Science Education concentrations:
- EDF 3214 - Human Development and Learning Credit(s): 3
- EDF 3604 - Schools and Society Credit(s): 3
- EDF 4430 - Measurement for Teachers Credit(s): 3
- EEX 4070 - Integrating Exceptional Students in the Regular Classroom Credit(s): 2-3

- TSL 4324 - ESOL Competencies and Strategies Credit(s): 3
- RED 4333 - Content Area Reading Credit(s): 3
- TGEE - Ethical Reasoning & Civic Engagement Credit(s): 3
- Apply for Final Internship

Total Credit Hours: 6-9

YEAR 4

SEMESTER 10 (FALL)

- EDF 3214 - Human Development and Learning Credit(s): 3
- EDF 4430 - Measurement for Teachers Credit(s): 3
- PCB 3023 - Cell Biology Credit(s): 3
- PCB 3023L - Cell Biology Laboratory Credit(s): 1
- SCE 4863 - Science, Technology, Society Interaction Credit(s): 3
- Complete FTCE: Subject Area & Prof. Ed.

Total Credit Hours: 13

SEMESTER 11 (SPRING)

- SCE 4936 - Senior Seminar in Science Education Credit(s): 3 (Students take this course for 9 credit hours)
- TGEH - High Impact Practice Credit(s): 3
- Apply for Graduation

Total Credit Hours: 12
Science Education explores educational foundations and methods to prepare educators in middle and secondary schools. It also explores the theory and practice of teaching science education. The objective is to prepare reflective and caring educators for a career in middle and high schools.

UNIVERSITY ADMISSIONS

Admission to the University of South Florida is based on the Undergraduate Admission Requirements found by clicking on the following URLs:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION REQUIREMENTS - COLLEGE OF EDUCATION

Admission to an educator preparation program is contingent upon meeting the following Department of Education's Teacher Educator Certification requirements:

1. Earn a 2.5 overall GPA;
2. Complete all General Education Information and State Mandated Common Course Prerequisites with a C- or higher in each;
3. Pass all sections of the General Knowledge Test. Information can be found at https://www.usf.edu/education/academics/teacher-certification/general-knowledge-test.aspx;
4. Submit an application to Student Academic Services, EDU 106, 813-974-2979.

Applications can be found at https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx

Students must complete the General Education and the General Knowledge Test before admission to a teacher preparation program. For more information, see Florida Statutes & Constitution, Education Code, Chapter 1004.

ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education.

Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida
2. Complete the University of South Florida's Enhanced General Education requirements (see General Education Information in the catalog)
   1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application. See https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx for more information

For former students returning to the college after being inactive, please be aware of the Time Limit for Coursework policy under Additional Information.

GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:
• Meet with your academic advisor each semester to review your progress toward degree.
• Successfully complete all state, university, and program requirements
• Earn 120 credit hours
• Earn a minimum overall GPA of 2.5
• Complete any required certification exams
• Apply to graduate

STATE MANDATED COMMON COURSE PREREQUISITES - SCIENCE EDUCATION B.S., WITH CHEMISTRY CONCENTRATION

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education and Field Experience - 3 credit hours
- MAC X311 Calculus I - 4 credit hours
- [(CHM X045 and CHM X045L) and (CHM X046 and CHM X046L)] - 8 total credit hours
- [(PHY X048 and PHY X048L) and (PHY X049 and PHY X049L)] or [(PHY X053 and PHY X053L) and (PHY X054 and PHY X054L)] or (PHY X048C and PHY X049C) or (PHY X053C and PHY X054C) - 8-10 total credit hours

REQUIRED COURSES: (63 CREDIT HOURS)

MAJOR CORE COURSES: 10 COURSES; 35 CREDIT HOURS

Professional Education Core for all Science Education Concentrations:
- EDF 3214 - Human Development and Learning Credit(s): 3
- EDF 3604 - Schools and Society Credit(s): 3
- EDF 4430 - Measurement for Teachers Credit(s): 3
- EEX 4070 - Integrating Exceptional Students in the Regular Classroom Credit(s): 2-3
- ESE 4322 - Classroom Management for Diverse School and Society Credit(s): 3
- RED 4333 - Content Area Reading Credit(s): 3
- SCE 4936 - Senior Seminar in Science Education Credit(s): 3
- SCE 4940 - Internship: Science Education Credit(s): 9
- SCE 4945 - Practicum in Secondary Science Education Credit(s): 3
- TSL 4324 - ESOL Competencies and Strategies Credit(s): 3

REQUIRED CONCENTRATION - SCIENCE EDUCATION B.S.

Students must complete one of the following concentrations in the Science Education B.S.:
- Biology Education
- Chemistry Education
- Physics Education

CHEMISTRY EDUCATION CONCENTRATION

CONCENTRATION REQUIRED COURSES: (28 CREDIT HOURS)

CONCENTRATION CORE COURSES: 10 COURSES; 28 CREDIT HOURS

Specialization Courses: 6 courses; 16 credit hours
COLLEGE OF EDUCATION

- SCE 4305 - Communication Skills in the Science Classroom Credit(s): 3
- SCE 4863 - Science, Technology, Society Interaction Credit(s): 3

ADDITIONAL INFORMATION - SCIENCE EDUCATION B.S.

GPA REQUIREMENTS
Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

GRADING REQUIREMENTS
Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS
A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK
The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:
- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION
Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria. Students will be required to pay for costs in addition to tuition, fees, and books such as:
- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

CLINICAL EDUCATION
All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

BACKGROUND CHECK AND FINGERPRINTING
All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: Fingerprinting Instructions
International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

**REPEATING A CLINICAL EXPERIENCE**

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education they must indicate they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.

**ACCREDITATION - COLLEGE OF EDUCATION**

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

**RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION**

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

**ADVISING INFORMATION - COLLEGE OF EDUCATION**

## Science Education B.S., With Physics Education Concentration

**Total Degree Hours: 120**

Science Education explores educational foundations and methods to prepare educators in middle and secondary schools. It also explores the theory and practice of teaching science education. The objective is to prepare reflective and caring educators for a career in middle and high schools.

### University Admissions

Admission to the University of South Florida is based on the Undergraduate Admission Requirements found by clicking on the following URLs:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

### Admission Requirements - College of Education

Admission to an educator preparation program is contingent upon meeting the following Department of Education's Teacher Educator Certification requirements:

1. Earn a 2.5 overall GPA;
2. Complete all General Education Information and State Mandated Common Course Prerequisites with a C- or higher in each;
3. Pass all sections of the General Knowledge Test. Information can be found at https://www.usf.edu/education/academics/teacher-certification/general-knowledge-test.aspx;
4. Submit an application to Student Academic Services, EDU 106, 813-974-2979.

Applications can be found at https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx

Students must complete the General Education and the General Knowledge Test before admission to a teacher preparation program. For more information, see Florida Statutes & Constitution, Education Code, Chapter 1004.

### Admission Requirements - Educator Preparation Programs

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education.

Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida
2. Complete the University of South Florida's Enhanced General Education requirements (see General Education Information in the catalog)
   
   1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
   3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
   4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
   5. Submit a College of Education application. See https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx for more information

For former students returning to the college after being inactive, please be aware of the **Time Limit for Coursework policy under Additional Information**.

### Graduation Requirements - Educator Preparation Programs

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:
• Meet with your academic advisor each semester to review your progress toward degree.
• Successfully complete all state, university, and program requirements
• Earn 120 credit hours
• Earn a minimum overall GPA of 2.5
• Complete any required certification exams
• Apply to graduate

STATE MANDATED COMMON COURSE PREREQUISITES - SCIENCE EDUCATION B.S., WITH PHYSICS CONCENTRATION

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education and Field Experience - 3 credit hours
- MAC X311 Calculus I - 4 credit hours
- MAC X312 Calculus II - 4 credit hours
- MAC X313 Calculus III - 4 credit hours
- [(CHM X045 and CHM X045L) and (CHM X046 and CHM X046L)] or (CHM X045C and CHM X046C) - 8 total credit hours
- [(PHY X048 and PHY X048L) and (PHY X049 and PHYX049L)] or (PHY X048C and PHY X049C) - 8-10 total credit hours

REQUIRED COURSES: (63 CREDIT HOURS)

MAJOR CORE COURSES: 10 COURSES; 35 CREDIT HOURS

Professional Education Core for all Science Education Concentrations:
- EDF 3214 - Human Development and Learning Credit(s): 3
- EDF 3604 - Schools and Society Credit(s): 3
- EDF 4430 - Measurement for Teachers Credit(s): 3
- EEX 4070 - Integrating Exceptional Students in the Regular Classroom Credit(s): 2-3
- ESE 4322 - Classroom Management for Diverse School and Society Credit(s): 3
- RED 4333 - Content Area Reading Credit(s): 3

REQUIRED CONCENTRATION - SCIENCE EDUCATION B.S.

Students must complete one of the following concentrations in the Science Education B.S.:
- Biology Education
- Chemistry Education
- Physics Education

PHYSICS EDUCATION CONCENTRATION

CONCENTRATION REQUIRED COURSES: (28 CREDIT HOURS)

CONCENTRATION CORE COURSES: 9 COURSES; 28 CREDIT HOURS
Specialization Courses: 5 courses; 16 credit hours
- PHY 2020 - Conceptual Physics Credit(s): 3
- PHY 3101 - Modern Physics Credit(s): 3
- PHY 3220 - Classical Mechanics Credit(s): 4
- PHY 3323 - Electricity and Magnetism I Credit(s): 3
- PHZ 3113 - Mathematical Methods in Physics Credit(s): 3

Teaching Methods Courses: 4 courses; 12 credit hours
- SCE 4320 - Teaching Methods in Middle Grade Science I Credit(s): 3
- SCE 4330 - Methods of Secondary Science Education Credit(s): 3
- SCE 4305 - Communication Skills in the Science Classroom Credit(s): 3
- SCE 4863 - Science, Technology, Society Interaction Credit(s): 3

ADDITIONAL INFORMATION - SCIENCE EDUCATION B.S.

GPA REQUIREMENTS
Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

GRADING REQUIREMENTS
Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS
A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK
The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:
- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION
Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria. Students will be required to pay for costs in addition to tuition, fees, and books such as:
- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

CLINICAL EDUCATION
All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

Background Check and Fingerprinting
All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: Fingerprinting Instructions
International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

REPEATING A CLINICAL EXPERIENCE

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education they must indicate they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.

ACCREDITATION - COLLEGE OF EDUCATION

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF EDUCATION

For prospective and current College of Education students with a home campus of Tampa, please select the following link for information about scheduling an advising appointment: https://www.usf.edu/education/about-us/advising.aspx

For prospective and current College of Education students with a home campus of Sarasota-Manatee, please select the following link for information about scheduling an advising appointment: https://www.sarasotamanatee.usf.edu/academics/academic-resources/academic-advising/

SOCIAL SCIENCE EDUCATION B.S.

TOTAL DEGREE HOURS: 120

Social Science Education explores educational foundations and methods to prepare educators in middle and secondary schools. It also explores the theory and practice of teaching social science education. The objective is to prepare reflective and caring educators. Prepares students for a career in middle and high schools.

UNIVERSITY ADMISSIONS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education.

Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida
2. Complete the University of South Florida's Enhanced General Education requirements (see General Education Information in the catalog)
   1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application. See https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx for more information

For former students returning to the college after being inactive, please be aware of the **Time Limit for Coursework policy under Additional Information**.

GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:

- Meet with your academic advisor each semester to review your progress toward degree.
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
- Earn a minimum overall GPA of 2.5
- Complete any required certification exams
- Apply to graduate

STATE MANDATED COMMON COURSE PREREQUISITES - SOCIAL SCIENCE EDUCATION B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed...
before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education and Field Experience - 3 credit hours
- AMH X010 American History I - 3 credit hours
- AMH X020 American History II - 3 credit hours
- POS X041 American National Government - 3 credit hours
- ECO X000-X999 or SYG X000-X999 or ANT X000-X999 or PSY X000-X999 or GEA X000-X999 - 3 credit hours

REQUIRED COURSES: (87 CREDIT HOURS)

MAJOR CORE COURSES: 27 COURSES; 87 CREDIT HOURS

PROFESSIONAL EDUCATION CORE COURSES: 7 COURSES; 21 CREDIT HOURS

- EDF 3214 - Human Development and Learning Credit(s): 3
- EDF 3604 - Schools and Society Credit(s): 3
- EDF 4430 - Measurement for Teachers Credit(s): 3
- EEX 4070 - Integrating Exceptional Students in the Regular Classroom Credit(s): 2-3 (Should be taken for 3 credits)
- TSL 4324 - ESOL Competencies and Strategies Credit(s): 3
- ESE 4322 - Classroom Management for Diverse School and Society Credit(s): 3
- RED 4333 - Content Area Reading Credit(s): 3

SOCIAL SCIENCES SPECIALIZATION COURSES: 13 COURSES; 39 CREDIT HOURS

History Courses: 5 courses; 15 credit hours
- AMH 2010 - American History I Credit(s): 3
- AMH 2020 - American History II Credit(s): 3
- AMH 3421 - Early Florida Credit(s): 3
- AMH 3423 - Modern Florida Credit(s): 3
- WOH 2022 - Global History since 1750 Credit(s): 3

Two of the following: 2 courses; 6 credit hours
- EUH 2011 - Ancient History I Credit(s): 3
- EUH 2012 - Ancient History II Credit(s): 3
- EUH 2022 - The Medieval West Credit(s): 3
- EUH 2030 - Modern European History I Credit(s): 3
- EUH 2031 - Modern European History II Credit(s): 3

Both of the following: 2 courses; 6 credit hours
- GEA 2000 - World Regional Geography Credit(s): 3
- POS 2112 - State and Local Government and Politics Credit(s): 3

One of the following: 1 course; 3 credit hours
- ANT 2000 - Introduction to Anthropology Credit(s): 3
- ANT 2410 - Cultural Anthropology Credit(s): 3

One of the following: 1 course; 3 credit hours
- ECO 1000 - Basic Economics Credit(s): 3
ECO 2013 - Economic Principles (Macroeconomics) Credit(s): 3

One of the following: 1 course; 3 credit hours
- SYG 2000 - Introduction to Sociology Credit(s): 3
- SYG 2010 - Contemporary Social Problems Credit(s): 3

One of the following: 1 course; 3 credit hours
- POS 2041 - American National Government Credit(s): 3

SOCIAL SCIENCE EDUCATION COURSES: 7 COURSES; 27 CREDIT HOURS
- SSE 4333 - Teaching Middle Grades Social Science Credit(s): 3
- SSE 4334 - Teaching Secondary Grades Social Science Credit(s): 3
- SSE 4335 - Teaching Social Science Themes Credit(s): 3 (Note: SSE 4333 must be successfully completed prior to SSE 4335)
- SSE 4380 - Global and Multicultural Perspectives in Education Credit(s): 3
- SSE 4600 - Reading and Basic Skills in the Social Studies Class Credit(s): 3
- SSE 4936 - Senior Seminar in Social Science Education Credit(s): 3
- SSE 4940 - Internship: Social Science Education Credit(s): 9 **
  **Only SSE 4936 can be taken at the same time as SSE 4940.

ADDITIONAL INFORMATION - SOCIAL SCIENCE EDUCATION B.S.

GPA REQUIREMENTS
Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

GRADING REQUIREMENT
Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENT
Students must successfully complete at least 50 percent (50%) of the required courses in the major in courses offered by USF conferring the degree. In cases of hardship or lack of course availability, individual exceptions may be approved by the respective college Dean or designee to help ensure timely graduation.

TIME LIMIT FOR COURSEWORK
The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:
- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION
Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria. Students will be required to pay for costs in addition to tuition, fees, and books such as:
- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
• Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

INTERNSHIP OPPORTUNITIES

• SSE 4334 - Student observations take place in assigned schools, Criminal Background Clearance not required
• SSE 4335 - Students teach on multiple occasions in assigned Middle or High School, Current Criminal Background Clearance required
• SSE 4940 - Students teach full-time in assigned middle or high school, Current Criminal Background Clearance required

CLINICAL EDUCATION

All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

BACKGROUND CHECK AND FINGERPRINTING

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: Fingerprinting Instructions (usf.edu) International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student’s ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

REPEATING A CLINICAL EXPERIENCE

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made. If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education they must indicate they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.

ACCREDITATION

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student’s official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

EDUCATION MINOR

This minor in Education is approved by the Florida Department of Education to provide professional preparation according to Rule 6A-5.066, F.A.C., for those who seek an approved alternative route to Florida Certification. The minor builds understanding of learners and learning for those earning a baccalaureate degree in a discipline other than education. The program complements discipline expertise by building knowledge and skills of effective teaching. The minor provides rigorous instruction in creating a safe learning environment in P-12 classrooms, effective instructional planning and teaching strategies for diverse learners, and using assessment data to inform instruction with field experiences incorporated into coursework. The course work will build understanding of learning and learners in the prekindergarten-grade 12 environment. Thus, participants in this minor will develop understanding and skill in how to teach their discipline. The minor does need to be declared. A student wishing to receive a minor in Education should complete the course requirements described under "Required Courses." Successful completion of the Minor in Education results in the following endorsement on the student's transcript: "Completed State-Approved Professional Training Option."

MINOR REQUIREMENTS

MINOR CORE COURSES (18 CREDIT HOURS)

- ESE 4322 - Classroom Management for Diverse School and Society Credit(s): 3
- EDF 3122 - Learning and the Developing Child Credit(s): 3
- EDF 4430 - Measurement for Teachers Credit(s): 3
- EDE 4323 - Planning for Instruction of Diverse Learners Credit(s): 3
- RED 4333 - Content Area Reading Credit(s): 3

ADVISING INFORMATION

Contact: Cristyne Ramirez
Email: cristyner@usf.edu
Website: https://www.sarasotamanatee.usf.edu/academics/academic-resources/academic-advising/

To schedule an advising appointment:
Prospective or current students with an active UID can schedule an appointment online:
Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major:
FOREIGN LANGUAGE EDUCATION MINOR

TOTAL MINOR HOURS: 12

This undergraduate minor in Foreign Language Education may be of interest to students who are getting a bachelor's degree in another field and may be interested in teaching a foreign language in the future. This minor would give the student a foundation in methods of teaching a foreign or second language. Please note that the minor in Foreign Language Education does not result in Florida teaching certification.

MINOR CORE (12 HOURS)

- FLE 4290 - Technology in the Foreign and Second Language Classroom **Credit(s): 3**
- FLE 4316 - Language Principles and Acquisition **Credit(s): 1-3**
- FLE 4333 - Methods of Teaching Foreign Languages and ESOL in the Secondary School **Credit(s): 3**
- TSL 4324 - ESOL Competencies and Strategies **Credit(s): 3**

GPA REQUIREMENTS

Students must earn an overall GPA of 2.0.

GRADING REQUIREMENTS

Students must earn a C- or higher in all courses in the minor.

ADVISING INFORMATION

To schedule an advising appointment:
Prospective or current students with an active UID can schedule an appointment online: https://usf.appiancloud.com/suite/sites/archivum/page/archivum/report/daQEig
Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major: https://www.usf.edu/undergrad/students/advising.aspx
GLOBAL STUDIES IN EDUCATION MINOR

TOTAL MINOR HOURS: 15

Certified Global Pathway Program
This program has been certified as a Global Pathway. Global Pathway programs have significant global content and align with the goals of USF’s Quality Enhancement Plan, the Global Citizens Program. Students in Global Pathway programs are well positioned to earn the Global Citizen Award and become eligible to apply for a study abroad scholarship offered by the Global Citizens Project.

MINOR REQUIREMENTS

MINOR CORE (9 CREDIT HOURS)

- EDF 3514 - History of Education in the United States Credit(s): 3
- EEX 4742 - Narrative Perspectives on Exceptionality: Cultural and Ethical Issues Credit(s): 3
- EDF 4490 - Global Studies in Research Design Credit(s): 3

MINOR ELECTIVES (6 CREDIT HOURS)

Choose two electives from the following list.
Students seeking to substitute a course they have taken or are planning to take for one of the electives listed below should consult with an academic advisor in Student Academic Services, EDU 106, 813-974-2979.

- EDF 3604 - Schools and Society Credit(s): 3
- SYO 4250 - Sociology of Education Credit(s): 3
- DEP 4053 - Developmental Psychology Credit(s): 3
- EDF 3122 - Learning and the Developing Child Credit(s): 3
- EDF 3214 - Human Development and Learning Credit(s): 3
- EDF 4124 - Child Growth and Learning Credit(s): 3
- SSE 4380 - Global and Multicultural Perspectives in Education Credit(s): 3
- EDF 2005 - Introduction to the Teaching Profession Credit(s): 3
- EDF 2085 - Education, Diversity, and Global Society Credit(s): 3
- EDG 4909 - Directed Studies Credit(s): 1-4
- EVT 4651 - Equity in Schools and the Workplace Credit(s): 3

GPA REQUIREMENTS

Student must earn an overall GPA of 2.0.

GRADING REQUIREMENTS

Students must earn a C- or higher in all courses.

OTHER REQUIREMENTS

Students seeking to substitute a course they have taken or are planning to take for one of the elective courses should consult with an academic advisor in Student Academic Services, EDU 106, 813-974-2979.

ADVISING INFORMATION

To schedule an advising appointment:
Prospective or current students with an active UID can schedule an appointment online: https://usf.appiancloud.com/suite/sites/archivum/page/archivum/report/daQElg
Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major: https://www.usf.edu/undergrad/students/advising.aspx
Professional Training Option Minor

The Professional Training Option (PTO) is an approved alternative teacher certification program designed for students interested in teaching at the secondary level in English, Social Science, or Science in the State of Florida. Qualified majors include: English, Journalism, History, Political Science, Biology, Psychology, and Environmental Science and Policy, and World Languages.

GRADUATION REQUIREMENTS FOR THE PROGRAM

Passing General Knowledge Test (GKT) scores must be submitted prior to graduation. Certification requires submission of transcripts to the Florida Department of Education, as passing scores on the Professional Education Test and appropriate Subject Area portion of the Florida Teacher Certification Examination (FTCE). For more on testing, please see www.fl.nesinc.com.

MINOR REQUIREMENTS (21 CREDIT HOURS)

MINOR CORE (21 CREDIT HOURS)

Coursework completed in clusters. You must finish one cluster before moving to the next:

First Cluster
- EEX 4070 - Integrating Exceptional Students in the Regular Classroom Credit(s): 2-3
- FLE 4317 - Teaching Multilingual Students with Varying Backgrounds and Abilities Credit(s): 3

Second Cluster
- EDG 4909 - Directed Studies Credit(s): 1-4
- ESE 4341 - Secondary Teaching Methods Credit(s): 3
- EDF 4430 - Measurement for Teachers Credit(s): 3
  or
- EDF 4440 - Measurement Concepts and Assessment of All Students Credit(s): 4

Third Cluster
- ESE 4322 - Classroom Management for Diverse School and Society Credit(s): 3
- EDG 4941 - Practicum in Secondary Teaching Credit(s): 3
  Note: Both courses should be taken concurrently in final semester of minor completion.

GPA REQUIREMENTS

- An overall minimum GPA of 2.50 on all attempted hours.
- A minimum 2.5 GPA is required in all coursework.

GRADING REQUIREMENTS

A minimum grade of C- is required in all coursework.

DEPARTMENT OF EDUCATIONAL AND PSYCHOLOGICAL STUDIES
EXERCISE SCIENCE B.S.

TOTAL DEGREE HOURS: 120

Exercise Science includes the study of the biological and behavioral aspects of exercise, fitness assessment and exercise prescription, behavior modification, and the clinical aspects of exercise. The Exercise Science major integrates classroom study with hands-on practical experiences. The major is structured such that graduates qualify for professional certifications such as ACSM’s Certified Exercise Physiologist, and NSCA’s Certified Strength and Conditioning Specialist, and for positions relating to health promotion, strength and conditioning, clinical rehabilitation, personal fitness training, and sport performance. In addition, the Exercise Science major prepares students for admissions to professional schools such as physical therapy, physician assistant, occupational therapy, chiropractic and athletic training.

UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

PROGRESSION REQUIREMENTS - EXERCISE SCIENCE B.S.

Once admitted to the University, students are required to meet the following requirements:

1. Attend an Exercise Science orientation the week prior to the beginning of the fall semester.
2. Earn a grade of B- or higher in the following courses with no more than two attempts:
   - BSC X085/X085L or PET X322/X322L or BSC X093/X093L or APK X100C or BSC X085C or BSC X093C
   - BSC X086/X086L or APX 105C or BSC X094/X094L or PET X323C
   - HUN X201 or HSC X100
   - MAC X105 or MAC X140 or MAC X147 or MAC X311
   - APK 3120
3. Receive a grade of C- or higher in all other required courses and maintain a 2.5 GPA (overall and in major) in order to progress to the next semester.

STATE MANDATED COMMON COURSE PREREQUISITES - EXERCISE SCIENCE B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses. (Courses with an * must be passed with a grade of B- or better in no more than two attempts)

- (CHM X045 and CHM X045L) or CHM X030 or CHM X045C – 4 credit hours
- HUN X201 or HSC X100 – 3 credit hours*
- (BSC X085 and BSC X085L) or (PET X322 and PET X322L) or (BSC X093 and BSC X093L) or APK X100C or BSC X085C or BSC X093C – 3-4 credit hours*
- APK X105C or (BSC X086 and BSC X086L) or (BSC X094 and BSC X094L) or PET X323C – 4 credit hours*
- STA X023 or MAC X147 – 4 credit hours
- MAC X105 or MAC X140 or MAC X147 or MAC X311 – 4 credit hours*
- SPC X608 Public Speaking – 3 credit hours

REQUIRED SUPPORTING COURSE - EXERCISE SCIENCE B.S.
The following is a required supporting course. It is a prerequisite for major required coursework:

- PSY 2012 - Introduction to Psychological Science Credit(s): 3

**REQUIRED COURSES: (56-59 CREDIT HOURS)**

**MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS**

- APK 3120 - Exercise Physiology Credit(s): 3 *
- PET 4765 - Scientific Principles of Athletic Coaching Credit(s): 3

**MAJOR REQUIRED COURSES: 16 COURSES; 50-53 CREDIT HOURS**

- APK 4138C - Applications of Strength and Conditioning Credit(s): 3 *
- PET 3076 - Physical Activity in Diverse Populations Credit(s): 3 *
- PET 3211 - Stress, Health, and Disease Credit(s): 3 *
- PET 3312 - Biomechanics Credit(s): 3 *
- PET 3314 - Survey in Exercise Science Credit(s): 3
- PET 3361 - Nutrition for Fitness and Sport Credit(s): 3 *
- PET 3370 - Science of Weight Management Credit(s): 3
- PET 3384 - Exercise Testing and Prescription Credit(s): 3 *
- PET 3384L - Exercise Testing and Prescription Lab Credit(s): 1 *
- PET 3940 - Practicum in Fitness/Wellness Credit(s): 3
- PET 4088 - Individualized Fitness Wellness Programming Credit(s): 3 *
- PET 4093 - Strength and Conditioning Credit(s): 3 *
- PET 4219 - Exercise Psychology Credit(s): 3 *
- PET 4413 - Administration of Fitness and Wellness Centers Credit(s): 3
- PET 4550 - Clinical Exercise Testing and Prescription Credit(s): 3 *
- PET 4550L - Clinical Exercise Testing and Prescription Laboratory Credit(s): 1 *
- PET 4941 - Internship in Fitness and Wellness Credit(s): 6-9 *

*Note: Courses with an * have required course corequisites and/or prerequisites.

**EXERCISE SCIENCE B.S. - ADDITIONAL INFORMATION**

**GPA REQUIREMENTS**

Once admitted, students must maintain a 2.0 overall GPA and earn a 2.0 in all major coursework.

**GRADING REQUIREMENTS**

Students must earn a B- or higher (in no more than two attempts) in the following courses:

- BSC X085/X085L or PET X322/X322L or BSC X093/X093L or APK X100C or BSC X085C or BSC X093C
- BSC X086/X086L or APX 105C or BSC X094/X094L or PET X323C
- HUN X201 or HSC X100
- MAC X105 or MAC X140 or MAC X147 or MAC X311
- APK 3120

Students must earn a C- or higher in all major coursework.

**RESIDENCY REQUIREMENTS**

A student must complete 32 hours of major coursework at USF to meet residency requirements.

**TIME LIMIT FOR COURSEWORK**

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
• Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
• Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION

The Exercise Science major is a full-time major. Students must be available for classes from 8:00 a.m. – 5:00 p.m. (EST), Monday through Thursday each semester. Additional time commitments may be necessary for coursework such as PET 3940 - Practicum in Fitness/Wellness and PET 4941 - Internship in Fitness and Wellness. Though no computer course is recommended, students need to possess excellent computer skills, i.e., MS applications.

It is recommended that students take the following courses as electives as they will be helpful in the Exercise Science major:
• PEM 2131 – Weight Training
• HLP 2081 – Personal Wellness

In order to graduate with a BS in Exercise Science, students must complete 15 hours of volunteer community service for a non-profit health and wellness organization.

In addition to tuition, fees, and books the student is responsible for the following costs:
• Material and supply fee for PET 3384 - Exercise Testing and Prescription;
• Student membership for the Exercise Science student organization;
• Professional liability insurance for practicum, internships, and other hands-on experiences;
• Student membership in at least one professional organization;
• Transportation to and from field experiences required in courses including the practicum, internships, and other hands-on experiences;
• Any additional requirements of practicum/internship sites such as health/medical exam, immunizations/vaccines, criminal background check, finger printing, drug/alcohol screening, personal health insurance, uniforms, and parking;
• Any costs associated with obtaining physician clearance (e.g., medical exam and/or tests) prior to participation in physical activity/exercise. Students complete a Pre-Activity Screening Questionnaire (PASQ) based on American College of Sports Medicine guidelines to determine if physician clearance is needed; and,
• Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, etc.).

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF EDUCATION

For prospective and current College of Education students with a home campus of Tampa, please select the following link for information about scheduling an advising appointment: https://www.usf.edu/education/undergraduate/academic-advising/index.aspx.

For prospective and current College of Education students with a home campus of Sarasota-Manatee, please select the following link for information about scheduling an advising appointment: https://www.sarasotamanatee.usf.edu/academics/academic-resources/academic-advising/.

For prospective and current College of Education students with a home campus of St. Pete, please select the following link for information about scheduling an advising appointment: https://www.stpetersburg.usf.edu/academics/academic-resources/academic-advising/advisor/index.aspx.

Plans of Study - Exercise Science B.S.
NOTES:

- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
- Items that are critical are marked with a ▲ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:
- Exercise Physiologist
- Strength/Conditioning Coach

Potential Entry Level Salary Range:
$39,000 - $100,000

Exercise Science B.S. - 2 Year Plan of Study

YEAR 1

SEMESTER 1 (FALL)

- APK 3120 - Exercise Physiology Credit(s): 3
- PET 3312 - Biomechanics Credit(s): 3
- PET 3314 - Survey in Exercise Science Credit(s): 3
- PET 3361 - Nutrition for Fitness and Sport Credit(s): 3
- PET 4219 - Exercise Psychology Credit(s): 3
Total Credit Hours: 15

SEMESTER 2 (SPRING)

- PET 3211 - Stress, Health, and Disease Credit(s): 3
- PET 3370 - Science of Weight Management Credit(s): 3
- PET 3384 - Exercise Testing and Prescription Credit(s): 3
- PET 3384L - Exercise Testing and Prescription Lab Credit(s): 1
- PET 4093 - Strength and Conditioning Credit(s): 3
- PET 4413 - Administration of Fitness and Wellness Centers Credit(s): 3
Total Credit Hours: 16

SEMESTER 3 (SUMMER)

- APK 4138C - Applications of Strength and Conditioning Credit(s): 3
- PET 3940 - Practicum in Fitness/Wellness Credit(s): 3
Total Credit Hours: 6

YEAR 2

SEMESTER 4 (FALL)

- PET 3076 - Physical Activity in Diverse Populations Credit(s): 3
- PET 4088 - Individualized Fitness Wellness Programming Credit(s): 3
- PET 4550 - Clinical Exercise Testing and Prescription Credit(s): 3
- PET 4550L - Clinical Exercise Testing and Prescription Laboratory Credit(s): 1
- PET 4765 - Scientific Principles of Athletic Coaching Credit(s): 3
- General/Unrestricted Elective Credit(s): 3 (HLP 2081 - Personal Wellness: A Lifetime Commitment recommended)
Total Credit Hours: 16

SEMESTER 5 (SPRING)

- PET 4941 - Internship in Fitness and Wellness Credit(s): 6-9
- General/Unrestricted Elective Credit(s): 3 (ask advisor for recommendations)
Total Credit Hours: 9-12

- General/Unrestricted Elective - Credit(s): 3
Total Credit Hours: 6 - 9
DEPARTMENT OF LANGUAGE, LITERACY, ED.D., EXCEPTIONAL EDUCATION, AND PHYSICAL EDUCATION
EXCEPTIONAL STUDENT EDUCATION (ESOL AND READING ENDORSEMENTS)  
B.S.  
TOTAL DEGREE HOURS: 120  

Certified Global Pathway Program  
The undergraduate program is a state-approved program that leads to certification in Exceptional Student Education (ESE). This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of High-Impact Practices and Undergraduate Research (HIPUR) website.

STATE-APPROVED PROGRAM WITH READING AND ESOL ENDORSEMENTS  
This degree program is a state-approved program that leads to both the Reading Endorsement and ESOL (English to Speakers of Other Languages) Endorsement. Upon successful completion of the program, teacher candidates are eligible for the endorsements on their Florida teaching certificate.

UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION  
Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:  
- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx  
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx  
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx  

ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS  
Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus. Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education. Students seeking admission into any of our educator preparation programs must satisfy the following:  
1. Successful admission to the University of South Florida  
2. Complete the University of South Florida's Enhanced General Education requirements (see General Education Information in the catalog)  
   1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.  
   3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)  
   4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.  
   5. Submit a College of Education application. See https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx for more information

For former students returning to the college after being inactive, please be aware of the Time Limit for Coursework policy under Additional Information.

GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS  
The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:  
- Meet with your academic advisor each semester to review your progress toward degree.  
- Successfully complete all state, university, and program requirements  
- Earn 120 credit hours  
- Earn a minimum overall GPA of 2.5  
- Complete any required certification exams
STATE MANDATED COMMON COURSE PREREQUISITES - EXCEPTIONAL STUDENT EDUCATION B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education and Field Experience - 3 credit hours

REQUIRED COURSES: (66 CREDIT HOURS)

PROFESSIONAL EDUCATION CORE COURSES: 9 COURSES; 27 CREDIT HOURS

- EDF 3604 - Schools and Society Credit(s): 3
- EDF 4430 - Measurement for Teachers Credit(s): 3
- EDP 3271 - Child Development within a School Context Credit(s): 1
- EDP 3272 - Learning within a School Context Credit(s): 1
- EDP 4275 - Enhancing Children’s Learning and Development within a School Context Credit(s): 1
- EEX 4942 - Practicum in Exceptional Teacher Candidate Education Credit(s): 1-4 *
- EEX 4944 - Final Internship Credit(s): 1-12 *
- FLE 4316 - Language Principles and Acquisition Credit(s): 1-3 *
- FLE 4317 - Teaching Multilingual Students with Varying Backgrounds and Abilities Credit(s): 3

*Note: Students take this course for 3 credit hours.

EXCEPTIONAL STUDENT EDUCATION CORE COURSES: 10 COURSES; 39 CREDIT HOURS

Students seeking the B.S. degree with certification in Exceptional Student Education are required to take the following courses:

- EEX 4242 - Enhancing Expertise in Teaching and Instructional Decision Making Credit(s): 6
- EEX 4244 - Becoming a Special Education Teacher Credit(s): 3
- EEX 4742 - Narrative Perspectives on Exceptionality: Cultural and Ethical Issues Credit(s): 3
- EEX 4202 - Context and Foundations Credit(s): 6
- EEX 4240 - Beginning to Teach Credit(s): 6
- EEX 4241 - Creating Effective Learning Environments Credit(s): 3
- LAE 4311 - Teaching Print and Multimodal Texts in Elementary Education Credit(s): 3
- MAE 4310 - Teaching Elementary School (K-6) Mathematics I Credit(s): 3
- RED 4312 - Emergent Literacy Strategies and Assessment Credit(s): 3
- RED 4724 - Intermediate Literacy Strategies and Assessment I Credit(s): 3

EXCEPTIONAL STUDENT EDUCATION B.S. - ADDITIONAL INFORMATION

GPA REQUIREMENTS

Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.
GRADING REQUIREMENTS
Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENTS
A student must complete 32 hours of major coursework at USF to meet residency requirements.

TIME LIMIT FOR COURSEWORK
The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

OTHER INFORMATION
Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

Students will be required to pay for costs in addition to tuition, fees, and books such as:

- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

CLINICAL EDUCATION
All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

BACKGROUND CHECK AND FINGERPRINTING
All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: Fingerprinting Instructions (usf.edu) International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

REPEATING A CLINICAL EXPERIENCE
A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education they must indicate they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.
RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student’s official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

Total Credit Hours: 16
PHYSICAL EDUCATION B.A.
TOTAL DEGREE HOURS: 120

Physical Education includes the study of kinesiology, physical skill development, pedagogy, coaching, curriculum development and assessment, and administration of physical activity programs. The Physical Education major offers students extensive preparation in theory and methodology courses leading to K-12 teaching certification. The Physical Education Program also offers a minor in the Science of Physical Activity.

Physical Education is a two-year program that includes mandatory attendance during the summer session between the first and second years. The Physical Education program only admits students in the Fall Semester of each year. Students proceed through the program in cohorts and are required to complete all required courses each semester with a grade of "C-" or better in order to progress to the next semester. Students who do not complete the requirements will be dismissed from the program and may reapply for the next cohort.

The Physical Education program is a full-time program. Students must be available for classes from 8:00 am - 5:00 pm, Monday through Friday each semester. Additional time commitments may be necessary for course work in the evenings.

UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

Admission to the University is based on the University’s Undergraduate Admission Requirements that may be found by clicking on the following urls:
• Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
• Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
• International: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education.

Students seeking admission into any of our educator preparation programs must satisfy the following:
1. Successful admission to the University of South Florida
2. Complete the University of South Florida’s Enhanced General Education requirements (see General Education Information in the catalog)
   - Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application. See https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx for more information

For former students returning to the college after being inactive, please be aware of the Time Limit for Coursework policy under Additional Information.

GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:
• Meet with your academic advisor each semester to review your progress toward degree.
• Successfully complete all state, university, and program requirements
• Earn 120 credit hours
• Earn a minimum overall GPA of 2.5
• Complete any required certification exams
• Apply to graduate
STATE MANDATED COMMON COURSE PREREQUISITES - PHYSICAL EDUCATION B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education and Field Experience - 3 credit hours
- BSC X085 - 3 credit hours
- BSC X086 or PET X622 - 2-3 credit hours
- Skill Development Courses in Physical Activities - 4 credit hours
- Conditioning, Fitness and Wellness Course in Physical Education Activities - 3 credit hours

REQUIRED COURSES: (72 CREDIT HOURS)

MAJOR CORE COURSES: 22 COURSES; 72 CREDIT HOURS

SPECIALIZATION CORE COURSES: 17 COURSES; 57 CREDIT HOURS

- APK 3120 - Exercise Physiology Credit(s): 3
- PET 3031 - Motor Behavior Credit(s): 3
- PET 3421 - Curriculum and Instruction in Physical Education Credit(s): 3

- RED 4333 - Content Area Reading Credit(s): 3
- TSL 4324 - ESOL Competencies and Strategies Credit(s): 3

ADDITIONAL INFORMATION - PHYSICAL EDUCATION B.A.

GPA REQUIREMENTS
Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

Grading Requirements
Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENT
Students successfully must complete at least 50 percent (50%) of the required courses in the major in courses offered by USF conferring the degree. In cases of hardship or lack of course availability, individual exceptions may be approved by the respective college Dean or designee to help ensure timely graduation.

TIME LIMIT FOR COURSEWORK
The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:
- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

INTERNSHIP OPPORTUNITIES
Physical Education students will complete four clinical experiences. The final internship consists of two courses, each of 7 weeks. One will be performed at the elementary level and one at the middle or high school level. Passing grades in internship will only be possible if all sections of the Florida Teacher Certification Exam are taken and passed prior to graduation.

- PET 4942 - Physical Education Pre-Internship: Elementary Credit(s): 3
- PET 4944 - Physical Education Pre-Internship: Secondary Credit(s): 3
- PET 4946 - Internship in Physical Education: Elementary Credit(s): 6
- PET 4947 - Internship in Physical Education: Secondary Credit(s): 6

REQUIREMENTS AFTER ADMISSION
Students accepted into the physical education program must meet the following additional requirements:
- Sign an agreement to abide by the standards set forth in the College of Education Professional Disposition and Ethical Standards Policy and Procedures document.
- Pay for costs in addition to tuition, fees, and books such as:
  - Attendance at the state professional organization conference (minimally 1 year)
  - Student membership in the state physical education professional organization
  - Transportation to and from school sites required in courses and internships
  - Physical Education Teacher Education uniform for internships
  - Criminal background checks and finger printing for internships
  - Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, professional file, etc.)
- Electronic assignment portfolio throughout program
- Complete professional development plans throughout the program.
- Complete and pass individual development plans in identified skill areas during the program.

PHYSICAL EDUCATION ELECTIVE PROGRAM
Physical Education elective offerings are designed to provide opportunities for all students in the University to acquire knowledge and movement skills related to an active healthy lifestyle. Laboratory experiences in over twenty-five different exercise and sports activities allow students to select and develop proficiency appropriate for leisure pursuit and personal development. Special competency courses provide for in-depth study in such areas as personal wellness, current issues in sports, and first aid.
OTHER INFORMATION

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria. Students will be required to pay for costs in addition to tuition, fees, and books such as:

- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

CLINICAL EDUCATION

All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

BACKGROUND CHECK AND FINGERPRINTING

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: Fingerprinting Instructions (usf.edu) International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

REPEATING A CLINICAL EXPERIENCE

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education he/she must indicate he/she was once in the College and dismissed. If the candidate is admitted and it is determined that he/she did not disclose the dismissal the student will be dismissed immediately.

ACCREDITATION

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

PHYSICAL EDUCATION B.S.

TOTAL DEGREE HOURS: 120

Physical Education includes the study of kinesiology, physical skill development, pedagogy, coaching, curriculum development and assessment, and administration of physical activity programs. The Physical Education major offers students extensive preparation in theory and methodology courses leading to K-12 teaching certification. The Physical Education Program also offers a minor in the Science of Physical Activity. Physical Education is a two-year program that includes mandatory attendance during the summer session between the first and second years. The Physical Education program only admits students in the Fall Semester of each year. Students proceed through the program in cohorts and are required to complete all required courses each semester with a grade of "C-" or better in order to progress to the next semester. Students who do not complete the requirements will be dismissed from the program and may reapply for the next cohort. The Physical Education program is a full-time program. Students must be available for classes from 8:00 am - 5:00 pm, Monday through Friday each semester. Additional time commitments may be necessary for course work in the evenings.

UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus. Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education. Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida
2. Complete the University of South Florida’s Enhanced General Education requirements (see General Education Information in the catalog)
   1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application. See https://www.usf.edu/education/undergraduate/academic-advising/coedu-applications.aspx for more information

For former students returning to the college after being inactive, please be aware of the Time Limit for Coursework policy under Additional Information.

GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. In order to graduate, students should take the following steps:

- Meet with your academic advisor each semester to review your progress toward degree.
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
- Earn a minimum overall GPA of 2.5
- Complete any required certification exams
- Apply to graduate
STATE MANDATED COMMON COURSE PREREQUISITES - PHYSICAL EDUCATION B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education and Field Experience - 3 credit hours
- BSC X085 - 3 credit hours
- BSC X086 or PET X622 - 2-3 credit hours
- Skill Development Courses in Physical Activities - 4 credit hours
- Conditioning, Fitness and Wellness Course in Physical Education Activities - 3 credit hours

REQUIRED COURSES: (72 CREDIT HOURS)

ADDITIONAL INFORMATION - PHYSICAL EDUCATION B.S.

GPA REQUIREMENTS

Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

GRADING REQUIREMENTS

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

RESIDENCY REQUIREMENT

Students successfully must complete at least 50 percent (50%) of the required courses in the major in courses offered by USF conferring the degree. In cases of hardship or lack of course availability, individual exceptions may be approved by the respective college Dean or designee to help ensure timely graduation.

TIME LIMIT FOR COURSEWORK

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

INTERNSHIP OPPORTUNITIES

Physical Education students will complete four clinical experiences. The final internship consists of two courses, each of 7 weeks. One will be performed at the elementary level and one at the middle or high school level. Passing grades in internship will only be possible if all sections of the Florida Teacher Certification Exam are taken and passed prior to graduation.

- PET 4942 - Physical Education Pre-Internship: Elementary Credit(s): 3
- PET 4944 - Physical Education Pre-Internship: Secondary Credit(s): 3
- PET 4946 - Internship in Physical Education: Elementary Credit(s): 6
- PET 4947 - Internship in Physical Education: Secondary Credit(s): 6

REQUIREMENTS AFTER ADMISSION

Students accepted into the physical education program must meet the following additional requirements:

1. Sign an agreement to abide by the standards set forth in the College of Education Professional Disposition and Ethical Standards Policy and Procedures document.
2. Pay for costs in addition to tuition, fees, and books such as:
   - Attendance at the state professional organization conference (minimally 1 year)
   - Student membership in the state physical education professional organization
   - Transportation to and from school sites required in courses and internships
   - Physical Education Teacher Education uniform for internships
   - Criminal background checks and finger printing for internships
   - Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, professional file, etc.)
   - Electronic assignment portfolio throughout program
3. Complete professional development plans throughout the program.
4. Complete and pass individual development plans in identified skill areas during the program.

PHYSICAL EDUCATION ELECTIVE PROGRAM

Physical Education elective offerings are designed to provide opportunities for all students in the University to acquire knowledge and movement skills related to an active healthy lifestyle. Laboratory experiences in over twenty-five
different exercise and sports activities allow students to select and develop proficiency appropriate for leisure pursuit and personal development. Special competency courses provide for in-depth study in such areas as personal wellness, current issues in sports, and first aid.

OTHER INFORMATION

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria. Students will be required to pay for costs in addition to tuition, fees, and books such as:
- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

CLINICAL EDUCATION

All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

BACKGROUND CHECK AND FINGERPRINTING

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: Fingerprinting Instructions (usf.edu) International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

REPEATING A CLINICAL EXPERIENCE

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education they must indicate they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.

ACCREDITATION

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

• Apply for Graduation
  Total Credit Hours: 15
STUDENTS who successfully complete the minor in the Science of Physical Activity will have a background in basic physical activity knowledge which may assist individuals interested in coaching and working with adults and children in physical activity settings.

MINOR REQUIREMENTS

The minor in the Science of Physical Activity is 11-12 hours. Students must have completed 45 hours of undergraduate coursework, be considered at the junior level, have an overall GPA of 2.5, and have a major in a program other than Physical Education.

MINOR CORE (9 CREDIT HOURS)

- APK 3120 - Exercise Physiology Credit(s): 3
- PET 3031 - Motor Behavior Credit(s): 3
- PET 4510 - Measurement and Evaluation in Physical Education Credit(s): 3

MINOR ELECTIVES (2-3 CREDIT HOURS)

Students must choose one of the following courses:
- PET 4820 - Sport Skill Proficiency Credit(s): 3
- SPM 3012 - Issues in Sport Credit(s): 3

GPA REQUIREMENTS

Students must earn a 3.0 GPA in each course.

GRADING REQUIREMENTS

Students must earn a C- or higher in all courses.

ADVISING INFORMATION

To schedule an advising appointment:
Prospective or current students with an active UID can schedule an appointment online: https://usf.appiancloud.com/suite/sites/archivum/page/archivum/report/daQEig
Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major: https://www.usf.edu/undergrad/students/advising.aspx

Physical Location: The College of Engineering is at the corner of Leroy Collins Blvd. and Alumni Drive.

About the College

The College of Engineering offers undergraduate and graduate programs to prepare students for a broad spectrum of professional careers in engineering. Laboratory experiences, as well as real-world participation in technological problem solving, are key aspects of a student's education. The laboratory and research facilities of the College of Engineering, close collaboration with professional societies and the many industries in the metropolitan Tampa Bay area provide a wide range of experiential learning opportunities for College of Engineering students at the University of South Florida. The college offers undergraduate degrees in Biomedical Engineering, Chemical Engineering, Civil Engineering, Computer Engineering, Computer Science, Cybersecurity, Electrical Engineering, Industrial Engineering, Information Technology, and Mechanical Engineering. In addition, the college offers minors in Biomedical Engineering, Computer Science, and Information Technology. The degree programs of the College are developed with an emphasis on three broad aspects of engineering and technological activity: design, research, and the operation of complex technological systems. The undergraduate degree programs provide a strong, broad-based, fundamental education as preparation for careers in industry and government, or as preparation for advanced studies in professional schools of engineering, technology, science, law, business, and medicine.

At the graduate level, students work in close collaboration with faculty, pursuing advanced topics within their disciplines which will result in advancements in their fields and society at large. Students who are interested in advanced design or research should pursue a traditional or accelerated program leading to a Master of Science degree in the designated discipline. The supervision of the academic programs is the function of the administrative departments together with several coordinators. Each department is responsible for specific professional programs, faculty, laboratories, and student advising.

The Departments and Programs section that follows contains descriptions of the baccalaureate degrees offered by the College. Students interested in particular programs offered by the College of Engineering should direct their inquiries to the College of Engineering's Office of Student Services. Information is also available on the College's website: https://www.usf.edu/engineering/.

Mission, Vision, Values

MISSION
To profoundly shape and impact lives through the steadfast pursuit of world-class engineering research, education, and innovation.

VISION
We aspire to be at the forefront of engineering research and education, cultivating knowledgeable, passionate engineers who are dedicated to need-based, solutions-oriented engineering.

VALUES
We share a culture of excellence, characterized by an emphasis on students, research, innovation, partnership, inclusivity, agility, and the future.

Accreditation

The USF Bachelor of Science degree programs in Chemical Engineering, Civil Engineering, Computer Engineering, Electrical Engineering, Industrial Engineering, and Mechanical Engineering are accredited by the Engineering Accreditation Commission of ABET (http://www.abet.org/).

The USF Bachelor of Science degree programs in Computer Science and Cybersecurity are accredited by the Computing Accreditation Commission of ABET (http://www.abet.org/).
Professional Registration
Students who have attained senior status, and are in good academic standing in an EAC/ABET-accredited engineering program, are eligible to register for examinations leading to licensure as a professional engineer. The first examination, called the Fundamentals of Engineering (FE) Exam, is offered by the Florida Board of Professional Engineers and is usually taken the semester prior to graduation. In addition to the knowledge acquired through the engineering curriculum, many students take advantage of review courses offered in the College of Engineering to prepare for the FE examination. Registering for the FE exam during the senior year is strongly encouraged.

Students in the University Honors College
College of Engineering students participating in the University Honors Program are able to complete their Engineering Bachelor’s degree in four years. Students who qualify for the Honors Program at USF should contact the Honors College or Engineering Student Services to learn about the benefits of this prestigious program.

Army, Air Force and Naval R.O.T.C. for Students
The academic and technological knowledge from a College of Engineering degree grants a distinct advantage to individuals interested in a military appointment or career. This is especially true for those participating in one of the ROTC programs at USF.

Bachelor's/Master's Pathway Programs
Well-qualified students who, at the beginning of their senior year, are clearly interested in graduate study are invited to apply to the individual Bachelor’s/Master’s Pathways academic programs offered by various departments within the College of Engineering.

Housing

The Engineering Living Learning Community – College of Engineering Housing at the Tampa campus
The Engineering Living Learning Community provides extra support and services for College of Engineering students. Freshmen and continuing residents have a built-in network of peer support, tutoring services, and academic support programs right in the hall. The LLC is open to all first time in college and returning Engineering LLC students declared in the College of Engineering. To learn more and apply, visit https://www.usf.edu/housing/residential-learning/lhc-major/engineering.aspx.

The BioLife First Year Interest Group is an academic-based community open to first-year students majoring in Biology at the St. Petersburg campus. This community offers residents the opportunity to learn together about the interdisciplinary nature of biology, engage with faculty in the Biological Sciences program, participate in civic engagement activities with a biology focus, and explore potential career opportunities. For more information, visit: https://www.usfsp.edu/housing/residential-community-programs/.

Women Advancing and Rising in Engineering (A.R.E.) Living Learning Community – Housing for Female Engineering Students at the Tampa campus
If you are determined to succeed in a career in engineering, then commit to rising with other students in the Women A.R.E. Living Learning Community. This LLC empowers students to advance in their academic pursuits in the College of Engineering by connecting them to special opportunities for in-hall tutoring, peer mentoring, faculty mentoring, and career readiness workshops. This LLC is located in Poplar Hall and open to all first time in college and returning women students enrolled in the College of Engineering. To learn more and apply, visit: https://www.usf.edu/housing/residential-learning/lhc-major/women-are.aspx

STEM Living Learning Community – Housing for STEM majors at the Tampa campus
The STEM Living Learning Community (LLC), located in Cypress Hall, is a stimulating living learning environment that was created to meet the needs of STEM students interested in various science, technology, engineering, psychology, and math areas. The goals of the STEM LLC are to assist students in achieving academic and personal success while fostering an understanding of the multiple career pathways available to graduating STEM students. The STEM LLC is open to the following majors: Biomedical Sciences, Biology (all related biology), Cellular and Molecular Biology, Chemistry (all related chemistry), Computer Science, Engineering, Geology/Geological Sciences,
Health Sciences, Mathematics, Physics, Psychology and Statistics. To learn more and apply, visit: https://www.usf.edu/housing/index.aspx

**College-Level Requirements**

**Minimum Continuation Requirements**
All College of Engineering undergraduate students must meet the following criteria:
- Maintain a cumulative 2.0 USF GPA
- Maintain a cumulative 2.0 Overall GPA
- Earn a minimum 2.0 semester GPA
- Earn the required grade in math, science and college courses in no more than two (2) registered attempts.
  
  Grades of W, IF, U, and R are considered attempts.

**Warning**
Students who do not meet the required minimum semester GPA are initially given a warning.

**Probation**
Students will be placed on probation if they have any of the following:
- Two semesters with a term GPA under 2.0 or
- Less than a 2.0 cumulative USF GPA or
- Less than a 2.0 Overall GPA.

Students on probation will be ineligible for further registration in the College. In order to continue, students must obtain individually designed academic plans approved by their academic advisor and will be closely monitored. Failure to meet the terms of the academic plans will result in the reselection of a major outside the College of Engineering.

**Reselect Major**
In addition to the conditions outlined above, students who fail to meet the grade requirement in math, science and college courses in no more than two (2) registered attempts must reselect a major outside the College of Engineering. Please keep in mind that the College provides a wide range of services to assist in selecting a new academic and career path.

**Academic Dismissal**
Students academically dismissed from the University of South Florida, or those who leave on probation, may choose to attend another post-secondary institution, and reapply to USF after their overall GPA meets minimum requirements. The College may consider them for readmission if they meet the minimum College of Engineering admission requirements for transfer students, as well as the program entrance requirements for their intended major as published in the University of South Florida Undergraduate Catalog for their term of readmission.

**Other Requirements**

**Years to Degree**
The College of Engineering requires that a student completes the baccalaureate degree within five years after beginning the specialization courses for their major. Specialization courses taken more than five years prior to graduation will not be counted toward the degree. Exceptions may be granted by the academic department.

**University, College and Program Requirements**
The College requirements described in this section above are in addition to requirements set forth in the University policy and procedures section and the departmental sections of this catalog. It is the student's responsibility to complete all university, college, program and curricular requirements prior to graduation.

**Student Laptop Computer Requirement**
All students entering the College of Engineering are required to have a laptop computer that they can use in their major classes and labs.

**Disruption of Academic Process and Academic Dishonesty**
The College of Engineering will maintain an environment that encourages all to study and conduct engineering research free from undue disruption. Disruption of the Academic Process is a matter the College is obliged to report to Student Judicial Services. Academic dishonesty, in any form, is taken very seriously by the College of Engineering and will result in sanctions. The most serious penalty is dismissal from the University. (See University policies - Academic Integrity of Students)
Admission Requirements

Preparation for Entering the College of Engineering

High school students anticipating a career in engineering or computer science must present a strong academic record that includes four years of advanced high school mathematics (analytical geometry, trigonometry, pre-calculus, calculus) and science, including chemistry and physics. High school students seeking to matriculate into the Information Technology or Cybersecurity program of study must present a strong academic record that includes at least three years of highly advanced high school mathematics (analytical geometry, trigonometry, pre-calculus) and science, including physics. Prospective students who lack sufficient preparation in high school may need additional preparatory coursework.

Newly admitted first year students are required to take and successfully complete the university’s Math Placement Test (MPT) first two subjects, basic algebra and college algebra. Students who completed pre-calculus or calculus in high school will also take the MPT for pre-calculus/trigonometry. A score of 12 out of 15 on the MPT subject exams is passing. Students who successfully complete all three MPT subjects are encouraged to start in Calculus I fall term for degree progression. More information about the MPT is online at http://math.usf.edu/placement/. Exemption for students who have already received credit for calculus I.

All summer admits are required to enroll in a 3-credit math preparatory course during the Summer B session and earn a minimum grade of “S” satisfactory. Students who are unable to successfully complete the course may be redirected to another major as stated in the university Degree Progression policy 10-505.

First year summer admits and conditional admits will participate in at least one College of Engineering academic support program geared toward successful degree progression their first fall/spring semester. Examples of an academic support program include course-based learning communities, weekly academic guidance sessions, and/or weekly tutoring.

Admission Requirements for First Year Students

First time in college students and lower-level transfer students (12-29 credits), who meet the criteria below, are granted entry into the specific College of Engineering program.

Chemical Engineering, Civil Engineering, Electrical Engineering, Environmental Engineering, Industrial Engineering, or Mechanical Engineering:

Admitted to the University of South Florida as a degree seeking student;
Meets at least one of the below requirements:
  SATM - a minimum quantitative score of 610 or
  ACTM - a minimum score of 26 or
Have a minimum High School GPA of 3.6 on the USF adjusted scale.

Computer Science, Computer Engineering, Cybersecurity, or Information Technology:

Admitted to the University of South Florida as a degree seeking student;
Have a minimum High School GPA of 4.0 on the USF adjusted scale and (SATM with a minimum quantitative score of 570 or ACTM with a minimum score of 24).

Biomedical Engineering is a specialized admissions program. Students interested in this program need to refer to the Biomedical Engineering program section in the catalog.

Once admitted, students may need to meet additional program specific requirements for progression to the upper division. Please refer to the program section in the catalog for details.

For the specific state mandated common prerequisite courses for each program within the College of Engineering, please see the section entitled, “State Mandated Common Prerequisites” located under the program section of the catalog.

Admission Requirements for Transfer Students

Lower-level transfer students with 12-29 credits of post-secondary course work will be admitted under the requirements for first year students.
Mid-level transfer students who have completed 30-59 credit hours of post-secondary course work who meet the criteria below and are in compliance with college-level requirements and college graduation requirements are accepted directly into the specific College of Engineering program*.

Fully admitted to the University of South Florida as a degree-seeking student with at least 30 earned credits. Meet one of the following (A or B):

A. Students pursuing a major in engineering or computer science must have successfully completed two of the following four courses and must have earned a minimum grade of B or better (no B-) in at least one of the requirements (maximum two attempts allowed to earn required grade and a withdrawal is considered an attempt):

- Calculus I (MAC X281 or MAC X311 or equivalent)
- Calculus II (MAC X282 or MAC X312 or equivalent)
- Calculus-based Physics I plus lab (PHY X048L or PHY X045L)
- Chemistry I with lab (CHM X045 and CHM X045L) or CHM X045C or (CHS X440 and CHS X440L)

In addition to completing the above requirements, students pursuing a major in computer science or computer engineering must also have completed COP 2510 - Programming Concepts (or equivalent) with a minimum grade of B or better (not B-) (maximum two (2) attempts to earn the required grade and a withdrawal is considered an attempt). Note that computer science majors are not required to complete chemistry.

B. Students pursuing a major in information technology or cybersecurity must have successfully completed CGS 1540 - Introduction to Databases for Information Technology (or equivalent) with a minimum grade of B or better (no B-) in at least one of the courses (maximum two attempts allowed to earn required grade and a withdrawal is considered an attempt)

- Introductory Statistics I (STA X023 or STA X122)
- Pre-Calculus Algebra and Trigonometry [(MAC X147 or (MAC X140 and MAC X114)] or MAC 2233 - Business Calculus
- Any Physics course (PHY 1000 - PHY 2999) - 3 credit hours

Successful completion of courses requires earning the minimum required grade within two attempts. Unless stated otherwise, the minimum required grade is a C (not C-).

Upper-level transfer students with 60 or more credit hours of post-secondary course work, who meet all of the criteria below and are in compliance with college-level requirements and college graduation requirements are accepted directly into the specific College of Engineering program*.

Fully admitted to the University of South Florida as a degree-seeking student; Meet one of the following (A or B):

Students pursuing a major in engineering or computer science must have successfully completed all of the following courses and must have earned a minimum grade of B or better (no B-) in at least one of the requirements (maximum two attempts allowed to earn required grade and a withdrawal is considered an attempt):

- Calculus I (MAC X281 or MAC X311 or equivalent)
- Calculus II (MAC X282 or MAC X312 or equivalent)
- Calculus-based Physics I plus lab (PHY X048L or PHY X045L)

In addition to completing the above requirements, students pursuing a major in computer science or computer engineering must also have successfully completed COP 2510 - Programming Concepts (or equivalent) with a minimum grade of B or better (not B-) (maximum two (2) attempts to earn required grade and a withdrawal is considered an attempt)

B. Students pursuing a major in information technology or cybersecurity must have successfully completed CGS 1540 - Introduction to Databases for Information Technology (or equivalent) with a minimum grade of B or better (not B-) in at least one of the courses (maximum two attempts allowed to earn required grade and a withdrawal is considered an attempt).

- Introductory Statistics I (STA X023 or STA X122)
- Pre-Calculus Algebra and Trigonometry [(MAC X147 or (MAC X140 and MAC X114)] or MAC 2233 - Business Calculus
- Any Physics course (PHY 1000 - PHY 2999) - 3 credit hours

Successful completion of courses requires earning the minimum required grade within two (2) attempts. Unless stated otherwise, the minimum required grade is a C (not C-).
*Biomedical Engineering is a limited access program. Students interested in this program need to refer to the Biomedical Engineering program section in the catalog for details.

Students who are not admissible to the college are ineligible to enroll in college restricted courses. **Once admitted, students may need to meet additional program specific requirements for progression to the upper division.** Please refer to the program section in the catalog for details.

For the specific state-mandated common prerequisite courses for each program within the College of Engineering, please see the section entitled, "State Mandated Common Prerequisites" located under the program section of the catalog.

The USF College of Engineering will accept transfer credit from non-Florida Statewide Common Course Numbering System courses when appropriate if the transferred course has been passed with a grade of C or better, and it is determined to be equivalent in both content and quality. In some cases, credit for a course may be granted, but the hours accepted may be less than the hours earned at another school. In general, engineering and technology courses taken at technical schools, or as part of professional or military training, are not applicable to the degree programs of the College of Engineering. Transfer students should be prepared to submit detailed course syllabi from the previous institution if requested.

While credit for work from other institutions may be granted subject to the conditions of the previous paragraph, at least 30 credit hours including a minimum number of semester hours of engineering coursework, specified by the degree-granting department, must be taken at USF to receive the Baccalaureate degree. Prospective transfer students may contact the Office of Engineering Student Services at (813) 974-2684 to request an assessment.

**Graduation Requirements**

**Minimum Graduation Requirements**

All undergraduate students admitted to any academic program in the College of Engineering must maintain a minimum cumulative GPA of 2.0 in each of the following categories:

- Overall Undergraduate GPA
- USF GPA
- Math and Science courses (best attempt)
- Engineering Courses
- Courses within the major

As stated in USF Policy 10-505, students not meeting minimum GPA requirements for graduation may be redirected to another major.

**Graduation Application Procedures**

Each College of Engineering student is required to complete an application for graduation and graduation checklist. Students should meet with their program advisor to review graduation qualifications and obtain approval well in advance of the College graduation application deadline. The graduation application deadline for the college is set prior to the university deadline and is posted on the College of Engineering Student Services website or department website.

Note: Applications are generally due before the beginning of the graduating term. Individual academic departments may have a graduation application deadline that precedes the college one.

**Baccalaureate-Level Degree Programs**

**Bachelor of Science**

**Biomedical Engineering (BSBE)**

https://www.usf.edu/engineering/bme/

Biomedical Engineering is the confluence of engineering, biology and medicine. Main application areas are the development and testing of new medical devices, systems and drugs/medications to prevent or cure illnesses and medical conditions.
Chemical Engineering (BSCH)
https://www.usf.edu/engineering/chbme/
Students take course work in advanced chemistry, thermodynamics, fluids, heat and mass transfer, separation processes, and reaction systems. The program prepares students upon graduation to pursue careers in industry or with government organizations.

Civil Engineering (BSCE)
https://www.usf.edu/engineering/cee/#&slider1=3
Civil engineers design and supervise the construction of roads, buildings, airports, tunnels, dams, bridges, and water supply and sewage systems. Students can focus on these specialties: structures, water resources, environmental, transportation, and geotechnical.

Computer Engineering (BSCP)
https://www.usf.edu/engineering/cse/
The Computer Engineering program emphasizes the application of engineering principles to the design of computer hardware and software, and devotes additional time to computer architecture and advanced topics in hardware design, including extensive laboratory work. Students in this program also acquire a background in engineering topics through related coursework in the College.

Computer Science (BSCS)
https://www.usf.edu/engineering/cse/
The Computer Science program focuses on the design, development, and application of software systems. Additional course work in algorithms, discrete structures, object-oriented design, data structures, operating systems, digital logic design, computer architecture, and a wide range of advanced electives extend and supplement the core.

Cybersecurity (BSCYS)
https://www.usf.edu/engineering/cse/
The Cybersecurity program focuses on technology, people, information, and processes to enable assured cyber operations in the context of adversaries. The program is built on a technical foundation of computing and information technology. Students in this program acquire a background in cybersecurity related to information, software, systems, users, and organizations including aspects of policy, human factors, risk management, ethics, and impact on society.

Electrical Engineering (BSEE)
https://www.usf.edu/engineering/ee/
The program offers study in all areas fundamental to electrical engineering and the electrical sciences - circuit analysis and design, bioelectrical systems, mechatronics and robotics, embedded systems, wireless circuits and systems, communication systems, power and energy, MEMS, and nano- and micro- devices and systems.

Environmental Engineering (BSEV)
https://www.usf.edu/engineering/cee/
The program offers study to solve complex problems, supporting human and environmental needs while mitigating adverse environmental, health, and economic impacts associated with human activities. The degree is an interdisciplinary engineering program designed to provide students with a strong foundation in both theoretical and applied aspects of Environmental Engineering.

Industrial Engineering (BSIE)
https://www.usf.edu/engineering/imse/
Industrial engineering is ideal for individuals interested in formulating mathematical, statistical, and computer simulation models of complex systems in manufacturing, logistics, information, healthcare, transportation, financial, utilities, entertainment, and service. IE’s analyze model results to make engineering decisions for improving system performance and developing public policies.

Information Technology (BSIT)
https://www.usf.edu/engineering/cse/
The Information Technology program focuses on programming, databases, networking, human-computer interaction, web systems, and cybersecurity to meet the technology requirements of business, government, healthcare,
education, and other organizations. Students in this program acquire the right combination of fundamental knowledge and practical expertise to solve computing technology problems and meet user needs.

**Mechanical Engineering (BSME)**
https://www.usf.edu/engineering/me/
Mechanical engineering is a discipline that applies the principles of physics and materials science for analysis, design, manufacturing, and maintenance of mechanical systems. It is the branch of engineering that involves the production and usage of heat and mechanical power for the design, production, and operation of machines and tools. It is one of the oldest and broadest engineering disciplines.

**Bachelor’s/Master’s Pathways**

- B.S.C.H. in Chemical Engineering/M.S.B.E. in Biomedical Engineering
- B.S.C.H. in Chemical Engineering/M.S.C.H. in Chemical Engineering
- B.S.C.H. in Chemical Engineering/M.S.E.M. in Engineering Management
- B.S.C.H. in Chemical Engineering/M.S.M.S.E. in Materials Science and Engineering
- B.S.C.E. in Civil Engineering/M.S.C.E. in Civil Engineering
- B.S.C.E. in Civil Engineering/M.S.E.M. in Engineering Management
- B.S.C.E. in Civil Engineering/M.E.M.S.E. in Materials Science and Engineering
- B.S.C.E. in Civil Engineering/M.S.E.V. in Environmental Engineering
- B.S.E.E. in Electrical Engineering and M.S.E.E. in Electrical Engineering
- B.S.E.E. in Electrical Engineering and M.S.M.S.E. in Materials Science and Engineering
- B.S.I.T. in Information Technology/M.S.I.T. in Information Technology

**Minors**

**Biomedical Engineering**
https://www.usf.edu/engineering/undergraduate/
This 15 credit hour program is open to all engineering majors (except Biomedical Engineering) and other students that meet the prerequisites

**Computer Science**
https://www.usf.edu/engineering/undergraduate/
This 18 credit hour program is open to all students except for department majors. The minor is particularly attractive to students in other engineering majors, and students in the maths and sciences.

**Information Technology**
https://www.usf.edu/engineering/undergraduate/
The Information Technology minor covers key topics in the discipline - a 21-credit hour program that is attractive to students in other engineering depts. and students in mathematics and the sciences (physics, chemistry, biology) who have no background in software development. The IT minor is open to all students, except students majoring in Computer Science, Computer Engineering, Cybersecurity, and Information Technology, who meet the prerequisites.

**Undergraduate Advising Information**

Effective pursuit of studies within the College of Engineering requires careful attention to both the sequence and the type of courses taken. The college curriculum differs in key respects from the study plans of other majors even in the first year. Professional advisors in the College of Engineering provide individualized academic planning and guidance. New students must attend the University's Orientation program. They will be introduced to the college advisors during this program and receive advisement for their first semester. The student and advisors jointly work out a plan of study that meets both the student's career objectives and the College of Engineering's degree requirements. While the College provides advising services to assist students with academic planning, the student is responsible for knowing and meeting all performance standards and graduation requirements.

All majors are initially advised in the Office of Engineering Student Services. Please visit https://www.usf.edu/engineering/student-services/academic-advising/index.aspx for a list of advisors and their contact information.

**Contact Information**
University of South Florida
Engineering Student Services
4202 E. Fowler Avenue, ENG030
Tampa, FL 33620-5350
https://www.usf.edu/engineering/student-services/

Office Hours: Monday through Friday from 8 am until 5 pm
Office Location: ENC 1302, Engineering Building III room 1302
Main Phone: 813-974-2684

To schedule an advising appointment:

- Prospective or current students with an active UID can schedule an appointment online: https://usf.appiancloud.com/suite/sites/archivum/page/archivum/report/daQEig
- Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major: https://www.usf.edu/undergrad/students/advising.aspx
DEPARTMENT OF CHEMICAL, BIOLOGICAL, AND MATERIALS ENGINEERING
CHEMICAL ENGINEERING B.S.C.H.

TOTAL DEGREE HOURS: 131

Students pursuing the Bachelor of Science in Chemical Engineering take coursework in advanced chemistry, thermodynamics, fluids, heat, and mass transfer, numerical methods, separation processes, reacting systems, instrumentation, control, and plant and product design. Students must also satisfactorily complete a design project as part of their major. Chemical engineering students must maintain a GPA of 2.0 in required departmental courses. Therefore, it is imperative that the students retain close contact with their advisor. Students completing this major normally initiate their careers in manufacturing, environmental, and biological enterprises. Chemical engineers are found in administrative, technical, and research positions in these industries. Main products of these industries are petrochemicals, polymers, fibers, natural and synthetic fuels, electronic materials, fertilizers, pharmaceuticals, biomaterials, etc.

MISSION STATEMENT

The mission of the Department of Chemical & Biomedical Engineering is to prepare graduates with fundamental knowledge and contemporary skills for the development, economic design, and safe operation of chemical and biological systems, processes, products, and methods in a manner compatible with societal values.

PROGRAM EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES

Program Educational Objectives

The overall objective of the Bachelor's Degree Program in Chemical Engineering at the University of South Florida is to prepare graduates for successful careers in the chemical engineering and related professions. Accordingly, graduates of this program who have chosen to pursue a career in engineering shall achieve the following within a few years after graduation:

- Demonstrate professional engineering competence by holding positions of increasing responsibility in industry, business, government and/or educational institutions.
- Publish papers, reports, patents and/or technical presentations at local, national, international meetings or within the professional organization/company that they are affiliated with.
- Continue to improve their technical skills, knowledge and understanding through continuing education, pursuit of advanced degrees, and/or pursuit of professional license in their chosen profession.

Please refer to the mission statement on the department website for additional information.

Student Outcomes

The graduates of the B.S. degree program in Chemical Engineering Program at USF will demonstrate that they have:

- An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
- An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
- An ability to communicate effectively with a range of audiences.
- An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
- An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
- An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
- An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.
- An ability to analyze the hazards associated with chemical, physical and/or biological processes.

Student Enrollment Data

Student enrollment data are posted on the departmental web site: https://www.usf.edu/engineering/chbme/.
UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

Admission to the University is based on the University’s Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Engineering, see the information at College of Engineering.

DEPARTMENTAL POLICIES

In addition to the College of Engineering’s graduation requirements, the department has the following policies:

- Mandatory academic advising of students for each term.
- Exit interviews as a graduation requirement.

PROGRESSION REQUIREMENTS - CHEMICAL ENGINEERING B.S.C.H.

In addition to meeting the College of Engineering’s continuation requirements, students majoring in the Chemical Engineering program must meet all of the following progression requirements to continue in the major:

First Year Students must complete ECH 3023 - Material and Energy Balances Credit(s): 3 with a minimum grade of C (C- is insufficient) by no later than the end of the fifth semester (not counting summers). Upper level transfer students must meet the same course and grade requirement by the end of the third semester (not counting summers). The semester count begins upon admission to USF. Students are encouraged to complete this course as soon as possible upon entry at the university.

Each student must not accumulate more than a total of three (3) grades of D, F, or W, in any combination, for the collection of required major specialization courses.

Students unable to satisfy these progression requirements will be required to reselect their major.

STATE MANDATED COMMON COURSE PREREQUISITES - CHEMICAL ENGINEERING B.S.C.H.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper-division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower-level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to their intended department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

The following are transferable courses from the Florida College System Institution that will be accepted in the Math/Science/Engineering areas:

**Mathematics:**

Courses at USF

- MAC 2281 - Engineering Calculus I Credit(s): 4 OR MAC 2311 - Calculus I Credit(s): 4
- MAC 2312 - Calculus II Credit(s): 4
- MAC 2283 - Engineering Calculus III Credit(s): 4 OR MAC 2313 - Calculus III Credit(s): 4
- MAP 2302 - Differential Equations Credit(s): 3

Courses at a Florida College System Institution
MAC X311 OR MAC X281 - 4 credit hours
MAC X312 OR MAC X282 - 4 credit hours
MAC X313 OR MAC X283 - 4 credit hours
MAP X302 OR MAP X305 - 3 credit hours

**Natural Sciences:**

**Courses at USF**

- CHM 2045 - General Chemistry I  Credit(s): 3 AND CHM 2045L - General Chemistry I Laboratory  Credit(s): 1 OR CHS 2440 - General Chemistry for Engineers  Credit(s): 3 AND CHS 2440L - General Chemistry for Engineers Lab  Credit(s): 1
- CHM 2046 - General Chemistry II  Credit(s): 3 AND CHM 2046L - General Chemistry II Laboratory  Credit(s): 1
- PHY 2048 - General Physics I - Calculus Based  Credit(s): 3 AND PHY 2048L - General Physics I Laboratory  Credit(s): 1

**ADDITIONAL INFORMATION - CHEMICAL ENGINEERING B.S.C.H.**

**GPA REQUIREMENTS**

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

**GRADING REQUIREMENTS**

Many courses required for the B.S. degree in Chemical Engineering have other prerequisite courses. Prerequisite courses must be completed with a grade of "C" or better (C is insufficient) before the student is allowed to take the course. This applies to prerequisite courses taken in other departments as well. The passing grade for terminal courses which are not prerequisite courses is a D-.

Below is a list of courses for which a D- or better is sufficient:

- BCH 3053 - General Biochemistry
- CHM 2211 - Organic Chemistry II
ECH 4241L - Chemical Engineering Laboratory II
ECH 4715 - Chemical Process Safety and Ethics
EMA 4003 - Introduction to Materials Science

Any course in the Major Elective section that is NOT S/U

Note: There are two terminal courses that are an exception, in that they require a C or better. Specifically,

ECH 4615C - Product and Process Design
ECH 4680C - Product Development

RESIDENCY REQUIREMENTS

Transfer students must complete a minimum of 18 hours of approved specialization courses in the major at USF. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in Chemical Engineering degree program.

INTERNSHIP OPPORTUNITIES

The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the College of Engineering and pursue actual internships during their sophomore, junior and senior years.

BACHELOR'S/MASTER'S PATHWAYS

Students majoring in Chemical Engineering have the option to pursue one of the following Bachelor's/Master's Pathways:

B.S.C.H. in Chemical Engineering and M.S.B.E. in Biomedical Engineering
B.S.C.H. in Chemical Engineering and M.S.C.H. in Chemical Engineering
B.S.C.H. in Chemical Engineering and M.S.E.M. in Engineering Management
B.S.C.H. in Chemical Engineering and M.S.M.S.E. in Materials Science and Engineering

For more information, see the Graduate Catalog.

ACCREDITATION INFORMATION - COLLEGE OF ENGINEERING

This Engineering degree program is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - CHEMICAL ENGINEERING B.S.C.H.

For questions about college and departmental admission, transferring from another institution or registration for prerequisite courses: http://www.usf.edu/engineering/student-services/academic-advising/index.aspx.

For questions specific to Chemical Engineering courses and curriculum: http://www.usf.edu/engineering/chbme/undergraduate/index.aspx.
# Chemical Engineering B.S.C.H. - 2 Year Plan of Study

## YEAR 1

### SEMESTER 1 (SUMMER)
- **ECH 3023** - Material and Energy Balances **Credit(s):** 3
- **EGN 3000** - Foundations of Engineering **Credit(s):** 0-3
- **Total Credit Hours:** 6

### SEMESTER 2 (FALL)
- **ECH 3002** - Introduction to Chemical and Biomolecular Engineering **Credit(s):** 2
- **ECH 3101** - Chemical Engineering Thermodynamics I **Credit(s):** 3
- **ECH 3854** - Engineering Computations **Credit(s):** 3
- **EMA 4003** - Introduction to Materials Science **Credit(s):** 3
- **Upper Level Department Elective** **Credit(s):** 3
- **Total Credit Hours:** 14

### SEMESTER 3 (SPRING)
- **ECH 3266** - Transport Phenomena I **Credit(s):** 3
- **ECH 4123** - Chemical Engineering Thermodynamics II **Credit(s):** 3
- **ECH 4846** - Numerical Methods in Chemical Engineering **Credit(s):** 3
- **Upper Level Department Elective** **Credit(s):** 3
- **Total Credit Hours:** 12

## YEAR 2

### SEMESTER 4 (SUMMER)
- **ECH 4267** - Transport Phenomena II **Credit(s):** 3
- **ECH 4418** - Separation Processes **Credit(s):** 3
- **Upper Level Department Elective** **Credit(s):** 3
- **Total Credit Hours:** 9

### SEMESTER 5 (FALL)
- **ECH 3240L** - Chemical Engineering Laboratory I **Credit(s):** 2
- **ECH 4323** - Process Dynamics and Control **Credit(s):** 3
- **ECH 4504** - Kinetics and Reaction Engineering **Credit(s):** 3
- **ECH 4605** - Product and Process Systems Engineering **Credit(s):** 3
- **ECH 4715** - Chemical Process Safety and Ethics **Credit(s):** 2
- **Free Elective** **Credit(s):** 3
SEMMETER 6 (SPRING)

ECH 4241L - Chemical Engineering Laboratory II Credit(s): 2
ECH 4615C - Product and Process Design Credit(s): 3
ECH 4680C - Product Development Credit(s): 3
Upper Level Department Elective Credit(s): 3
Upper Level Department Elective Credit(s): 3

NOTE: ECH 4615C meets TGEH - High Impact Practice
NOTE: ECH 4680C meets TGEE - Ethical Reasoning & Civic Engagement

Total Credit Hours: 14

Chemical Engineering B.S.C.H. - 4 Year Plan of Study

YEAR 1

SEMMETER 1 (FALL)

ECH 3002 - Introduction to Chemical and Biomolecular Engineering Credit(s): 2
EGN 3000 - Foundations of Engineering Credit(s): 0-3
CHM 2045 - General Chemistry I Credit(s): 3
CHM 2045L - General Chemistry I Laboratory Credit(s): 1

MAC 2281 - Engineering Calculus I Credit(s): 4

OR
MAC 2311 - Calculus I Credit(s): 4

NOTE: TGEC - Creative Thinking met with EGN 3000L

Total Credit Hours: 19

SEMMETER 2 (SPRING)

CHM 2046 - General Chemistry II Credit(s): 3
CHM 2046L - General Chemistry II Laboratory Credit(s): 1
ECH 3854 - Engineering Computations Credit(s): 3
MAC 2282 - Engineering Calculus II Credit(s): 4

OR
MAC 2312 - Calculus II Credit(s): 4
PHY 2048 - General Physics I - Calculus Based Credit(s): 3
PHY 2048L - General Physics I Laboratory Credit(s): 1

Total Credit Hours: 15

SEMMETER 3 (SUMMER)

Upper-Level Department Elective Credit(s): 3

Total Credit Hours: 3

YEAR 2

SEMMETER 4 (FALL)

ECH 3023 - Material and Energy Balances Credit(s): 3
BSC 2010 - Cellular Processes Credit(s): 3
ENC 1102 - Composition II Credit(s): 3
MAC 2283 - Engineering Calculus III Credit(s): 4

OR
MAC 2313 - Calculus III Credit(s): 4
PHY 2049 - General Physics II - Calculus Based Credit(s): 3
PHY 2049L - General Physics II Laboratory Credit(s): 1

Total Credit Hours: 17

SEMMETER 5 (SPRING)

CHM 2210 - Organic Chemistry I Credit(s): 3
CHM 2210L - Organic Chemistry Laboratory I Credit(s): 2
ECH 3101 - Chemical Engineering Thermodynamics I Credit(s): 3
ECH 4846 - Numerical Methods in Chemical Engineering Credit(s): 3
EGN 3433 - Modeling and Analysis of Engineering Systems Credit(s): 3
OR MAP 2302 - Differential Equations Credit(s): 3
TGED - Human & Cultural Diversity Credit(s): 3
Total Credit Hours: 17

SEMESTER 6 (SUMMER)
Upper-Level Department Elective Credit(s): 3
Total Credit Hours: 3

YEAR 3

SEMESTER 7 (FALL)
BCH 3053 - General Biochemistry Credit(s): 3
ECH 3266 - Transport Phenomena I Credit(s): 3
ECH 4123 - Chemical Engineering Thermodynamics II Credit(s): 3
TGEI - Information and Data Literacy Credit(s): 3
Upper-level Department Elective Credit(s): 3
Total Credit Hours: 15

SEMESTER 8 (SPRING)
ECH 4267 - Transport Phenomena II Credit(s): 3
ECH 4418 - Separation Processes Credit(s): 3
ECH 4504 - Kinetics and Reaction Engineering Credit(s): 3
EMA 4003 - Introduction to Materials Science Credit(s): 3
Upper-level Department Elective Credit(s): 3
Total Credit Hours: 15

SEMESTER 9 (SUMMER)
Upper-Level Department Elective Credit(s): 3
Total Credit Hours: 3

YEAR 4

SEMESTER 10 (FALL)
ECH 3240L - Chemical Engineering Laboratory I Credit(s): 2
ECH 4323 - Process Dynamics and Control Credit(s): 3
ECH 4605 - Product and Process Systems Engineering Credit(s): 3
ECH 4715 - Chemical Process Safety and Ethics Credit(s): 2
Free Elective Credit(s): 3
Total Credit Hours: 13

SEMESTER 11 (SPRING)
ECH 4241L - Chemical Engineering Laboratory II Credit(s): 2
ECH 4615C - Product and Process Design Credit(s): 3
ECH 4680C - Product Development Credit(s): 3
SGEH - General Education Core Humanities Credit(s): 3
SGES - General Education Core Social Sciences Credit(s): 3
SCIV - Civics Literacy can be meet with AMH 2020 or POS 2041 or with exam (see advisor)
NOTE: TGEE - Ethical Reasoning & Civic Engagement is met with ECH 4680C
NOTE: TGEH - High Impact Practice is met with ECH 4615C
Total Credit Hours: 14
DEPARTMENT OF CIVIL AND ENVIRONMENTAL ENGINEERING
CIVIL ENGINEERING B.S.C.E.

TOTAL DEGREE HOURS: 131

Civil engineers will be entrusted by society to create a sustainable world and enhance the global quality of life. Civil engineers will serve as master planners, designers, constructors, and operators of society's economic and social engine, the built environment (i.e., infrastructure); innovators and integrators of ideas and technology across the public, private, and academic sectors; managers of risk and uncertainty caused by natural events, accidents, and other threats; stewards of the natural environment and its resources; and, leaders in discussions and decisions shaping public environmental and infrastructure policy.

MISSION STATEMENT

The Bachelor of Science in Civil Engineering in the Department of Civil and Environmental Engineering at the University of South Florida will provide undergraduate students with strong, broad-based, engineering education which gives them the basic intellectual and organization skills that allow them to work with complex systems with technological, social and environmental components.

As many of the major's graduates begin work upon graduation in industry or with governmental organizations, the curriculum is designed to prepare students for these roles by requiring a number of courses in the various fields of civil engineering and by providing limited specialization in one given area. The curriculum is designed to encourage lifelong learning and to prepare students for undertaking advanced studies in engineering or in other professional areas.

PROGRAM EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES

The following list defines the Student Outcomes of the Civil and Environmental Engineering program:

- An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics
- An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors
- An ability to communicate effectively with a range of audiences
- An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts
- An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
- An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions
- An ability to acquire and apply new knowledge as needed, using appropriate learning strategies

Please refer to the mission statement on the department website for additional information.

UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
PROGRESSION REQUIREMENT IN THE UPPER DIVISION - CIVIL ENGINEERING B.S.C.E.

Civil Engineering students who have fully met the below requirements and are in good academic standing, may progress into the upper division of the major. Prior to progression into the upper division, a student may be permitted to take no more than two departmental engineering courses. The Department may have continuation requirements which specify minimum performance standards in core engineering courses which must be met before further registration in the Department is granted.

Completion of with a minimum grade of a C in each course and a 3.0 GPA (based on best attempt with a maximum of two attempts) in these prerequisites:

- MAC 2311 - Calculus I Credit(s): 4 OR MAC 2281 - Engineering Calculus I Credit(s): 4
  AND MAC 2312 - Calculus II Credit(s): 4 OR MAC 2282 - Engineering Calculus II Credit(s): 4
  AND MAC 2313 - Calculus III Credit(s): 4 OR MAC 2283 - Engineering Calculus III Credit(s): 4
  PHY 2048 - General Physics I - Calculus Based Credit(s): 3 AND PHY 2048L - General Physics I Laboratory Credit(s): 1
  PHY 2049 - General Physics II - Calculus Based Credit(s): 3 AND PHY 2049L - General Physics II Laboratory Credit(s): 1
  CHM 2045 - General Chemistry I Credit(s): 3 AND CHM 2440 - General Chemistry for Engineers Credit(s): 3
  OR CHS 2440L - General Chemistry for Engineers Lab Credit(s): 1

A minimum overall GPA of 2.0
A minimum USF GPA of 2.0

MINIMUM CONTINUATION REQUIREMENTS - CIVIL ENGINEERING B.S.C.E.

Continuation requires a minimum grade of C- as well as a 2.5 GPA (based on best attempt) for the following courses:

- EGN 3311 - Statics Credit(s): 3
- EGN 3331 - Mechanics of Materials Credit(s): 3
- EGN 3353 - Basic Fluid Mechanics Credit(s): 3
- EGN 3365 - Materials Engineering I Credit(s): 3

DEPARTMENTAL POLICIES

In addition to the College’s graduation requirements, the department has the following policies:

- All students must participate in mandatory advising prior to each term.
- All students must participate in department assessment activities and successfully complete an exit interview before graduating.
- All students must consider the advice of the Department to complete and pass the Fundamentals of Engineering Exam (F.E. Exam).
- All students must periodically provide writing samples as part of the department's writing assessment program. Students must pass the capstone design course with a grade of C- or better during the calendar year of graduation.

STATE MANDATED COMMON COURSE PREREQUISITES - CIVIL ENGINEERING B.S.C.E.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper-division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower-level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the
degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to their intended department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all of the other admissions requirements of the University and College.

The following are transferable courses from a Florida College System institution that will be accepted in the Math/Science/Engineering areas:

**Mathematics:**

Courses at USF

- MAC 2281 - Engineering Calculus I  **Credit(s): 4** OR MAC 2311 - Calculus I  **Credit(s): 4**
- MAC 2282 - Engineering Calculus II  **Credit(s): 4** OR MAC 2312 - Calculus II  **Credit(s): 4**
- MAC 2283 - Engineering Calculus III  **Credit(s): 4** OR MAC 2313 - Calculus III  **Credit(s): 4**
- MAP 2302 - Differential Equations  **Credit(s): 3**

Courses at a Florida College System Institution

- MAC X311 OR MAC X281 - 4 credit hours
- MAC X312 OR MAC X282 - 4 credit hours
- MAC X313 OR MAC X283 - 4 credit hours
- MAP X302 OR MAP X305 - 3 credit hours

**Natural Sciences:**

Courses at USF

- CHM 2045 - General Chemistry I  **Credit(s): 3** AND CHM 2045L - General Chemistry I Laboratory  **Credit(s): 1**
- PHY 2048 - General Physics I - Calculus Based  **Credit(s): 3** AND PHY 2048L - General Physics I Laboratory  **Credit(s): 1**
- PHY 2049 - General Physics II - Calculus Based  **Credit(s): 3** AND PHY 2049L - General Physics II Laboratory  **Credit(s): 1**

Courses at a Florida College System Institution

- (CHM X045 and CHM X045L) OR CHM X045C OR (CHS X440 and CHS X440L) - 4 credit hours
- (PHY X048 and PHY X048L) OR PHY X048C OR (PHY X041 and PHY X048L) - 4-5 credit hours
- (PHY X049 and PHY X049L) OR PHY X049C OR (PHY X044 and PHY X049L) OR (PHY X042 and PHY X049L) - 4-5 credit hours

**REQUIRED COURSES: (117 CREDIT HOURS)**

**MAJOR CORE COURSES: 44 COURSES; 117 CREDIT HOURS**

**MATH AND SCIENCE COURSES: 10 COURSES; 27 CREDIT HOURS**

- MAC 2281 - Engineering Calculus I  **Credit(s): 4**
- OR MAC 2311 - Calculus I  **Credit(s): 4**
- MAC 2282 - Engineering Calculus II  **Credit(s): 4**
- OR MAC 2312 - Calculus II  **Credit(s): 4**
- MAC 2283 - Engineering Calculus III  **Credit(s): 4**
- OR MAC 2313 - Calculus III  **Credit(s): 4**
- MAP 2302 - Differential Equations  **Credit(s): 3**

OR
CHM 2045L - General Chemistry I Laboratory Credit(s): 1
PHY 2048 - General Physics I - Calculus Based Credit(s): 3
PHY 2048L - General Physics I Laboratory Credit(s): 1
PHY 2049 - General Physics II - Calculus Based Credit(s): 3
PHY 2049L - General Physics II Laboratory Credit(s): 1

BASIC ENGINEERING COURSES: 12 COURSES; 28 CREDIT HOURS

EGN 3000 - Foundations of Engineering Credit(s): 0-3
EGN 3000L - Foundations of Engineering Lab Credit(s): 3
GLY 3850 - Geology For Engineers Credit(s): 3
EGN 1113 - Introduction to Design Graphics Credit(s): 3
EGN 3321 - Dynamics Credit(s): 3
EGN 4453 - Numerical & Computer Tools I in Civil & Env Eng Credit(s): 3
EGN 3331 - Mechanics of Materials Credit(s): 3
EGN 3331L - Mechanics of Materials Laboratory Credit(s): 1
EGN 3343 - Thermodynamics I Credit(s): 3
EGN 3443 - Probability and Statistics for Engineers Credit(s): 3
EGN 3615 - Engineering Economics with Social and Global Implications Credit(s): 3
EGN 3373 - Electrical Systems I Credit(s): 3

CONTINUATION COURSES: 4 COURSES; 12 CREDIT HOURS

EGN 3311 - Statics Credit(s): 3
EGN 3331 - Mechanics of Materials Credit(s): 3
EGN 3353 - Basic Fluid Mechanics Credit(s): 3
EGN 3365 - Materials Engineering I Credit(s): 3

SPECIALIZATION COURSES: 10 COURSES; 26 CREDIT HOURS

EGN 4454 - Numerical & Computer Tools II in Civil & Env Eng Credit(s): 3
ENV 4001 - Environmental Systems Engineering Credit(s): 3
TTE 4004 - Transportation Engineering I Credit(s): 3
CES 3102 - Structures I Credit(s): 3
CWR 4202 - Hydraulics Credit(s): 3
ENV 4004L - Environmental Engineering Lab Credit(s): 1
CEG 4011 - Geotechnical Engineering I Credit(s): 3
CEG 4011L - Geotechnical Engineering Laboratory Credit(s): 1
CGN 4122 - Professional and Ethical Issues in Engineering Credit(s): 3
CGN 3021L - Civil Engineering Laboratory Credit(s): 3

TECHNICAL WRITING COURSE: 1 COURSE; 3 CREDIT HOURS

ENC 3246 - Communication for Engineers Credit(s): 3

CAPSTONE DESIGN COURSE: 1 COURSE; 3 CREDIT HOURS

Students choose one course from the three tracks listed below:

STRUCTURES/MATERIALS/GEOTECHNICAL TRACK

CES 4750 - Capstone Structural/Geotechnical/ Material Design Credit(s): 3

GEOTECHNICAL/TRANSPORTATION TRACK

CEG 4850 - Capstone Geotechnical/Transportation Design Credit(s): 3
ENVIRONMENTAL/WATER RESOURCES TRACK

CWR 4812 - Capstone Water Resources-Environmental Design Credit(s): 3

CIVIL ENGINEERING TRACK AND CAPSTONE DESIGN REQUIREMENTS: 6 COURSES; 18 CREDIT HOURS

Civil Engineering students choose one of the three tracks listed below:

STRUCTURES/MATERIALS/GEOTECHNICAL TRACK

CES 4702 - Concepts of Concrete Design Credit(s): 3
CES 4605 - Concepts of Steel Design Credit(s): 3
CGN 4851 - Concrete Construction Materials Credit(s): 3
CEG 4012 - Geotechnical Engineering II Credit(s): 3

OR

TTE 4005 - Transportation Engineering II Credit(s): 3
Technical Elective (six credit hours total, from the approved list of courses)
CES 4750 - Capstone Structural/Geotechnical/ Material Design Credit(s): 3

GEOTECHNICAL/TRANSPORTATION TRACK

CGN 4851 - Concrete Construction Materials Credit(s): 3
CEG 4012 - Geotechnical Engineering II Credit(s): 3
TTE 4005 - Transportation Engineering II Credit(s): 3
Technical Elective (nine credit hours total, from the approved list of courses)
CEG 4850 - Capstone Geotechnical/Transportation Design Credit(s): 3

ENVIRONMENTAL/WATER RESOURCES TRACK

ENV 4417 - Water Quality and Treatment Credit(s): 3
CWR 4540 - Water Resources Engineering I Credit(s): 3
CEG 4012 - Geotechnical Engineering II Credit(s): 3

OR

TTE 4005 - Transportation Engineering II Credit(s): 3
Technical Elective (nine credit hours total, from the approved list of courses)
CWR 4812 - Capstone Water Resources-Environmental Design Credit(s): 3

TECHNICAL ELECTIVE COURSES FOR THE TRACKS

In addition to designated common coursework in engineering mechanics, civil, and environmental engineering, students undertake a concentration of 18 hours of coursework plus a 3 hour capstone design course and a 3 hour Professional and Ethical Issues in Engineering. These courses are based on the student's choice of track.

Consult with the department undergraduate advisor for additional electives that may be available. The approved list of technical elective courses for the tracks include:

CCE 4031 - Construction Management Credit(s): 3
CGN 4933 - Special Topics in Civil and Environmental Engineering Credit(s): 1-3
CWR 4541 - Water Resources Engineering II Credit(s): 3
ENV 4053C - Fate and Transport of Chemicals in the Environment Credit(s): 3
SUR 2101C - Engineering Land Surveying Credit(s): 3
TTE 4003 - Transportation and Society Credit(s): 3

ADDITIONAL INFORMATION - CIVIL ENGINEERING B.S.C.E.

GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, 2.0 overall GPA, and 2.5 continuation GPA.
Unless otherwise stated, the minimum acceptable grade in all BSCE required courses is a C- or higher.

A total of only two D grades are allowed in all BSCE required engineering, and most specialization courses. Students cannot graduate with Ds in the following lists of courses that correspond to their track (specialty):

- **Environmental/Water track:** Environmental Systems Engineering, Hydraulics, Water Quality and Treatment, Water Resources Engineering I, and Capstone Design (CWR 4812 - Capstone Water Resources-Environmental Design Credit(s): 3).
- **Geotechnical/Transportation track:** Mechanics of Materials, Geotechnical Engineering I, Geotechnical Engineering II, Transportation Engineering I, Transportation Engineering II, and Capstone Design (CEG 4850 - Capstone Geotechnical/Transportation Design Credit(s): 3).

**RESIDENCY REQUIREMENTS**

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

**INTERNSHIP OPPORTUNITIES**

The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the College of Engineering and pursue actual internships during their sophomore, junior and senior years.

**BACHELOR'S/MASTER'S PATHWAYS**

Students majoring in Civil Engineering have the option to pursue one of the following Bachelor's/Master's Pathways:

- B.S.C.E. in Civil Engineering and M.S.C.E. in Civil Engineering
- B.S.C.E. in Civil Engineering and M.S.E.M. in Engineering Management
- B.S.C.E. in Civil Engineering and M.S.E.V. in Environmental Engineering
- B.S.C.E. in Civil Engineering and M.S.M.S.E. in Materials Science and Engineering

For more information, see the Graduate Catalog.

**ACCREDITATION INFORMATION - COLLEGE OF ENGINEERING**

This Engineering degree program is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

**RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING**

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will
show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

**ADVISING INFORMATION - CIVIL ENGINEERING B.S.C.E.**

All incoming freshman and transfer students must meet with one of the college advisors in the Engineering Student Services (ESS).

**Engineering Student Services**

**Office:** Engineering Building III (ENC) 1302  
**Phone:** (813) 974-2684  
**Email:** eng-advisingmail@usf.edu  
**Website:** [www.usf.edu/engineering/student-services](http://www.usf.edu/engineering/student-services)

Students who have completed the entrance requirements and are accepted into the major:  

**Plans of Study - Civil Engineering B.S.C.E.**

**NOTES:**

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see [https://www.usf.edu/undergrad/students/civics-literacy.aspx](https://www.usf.edu/undergrad/students/civics-literacy.aspx) or talk with your academic advisor. Items that are critical are marked with a [ ] and are included in the plan for a student to stay on track.

**Potential Entry Level Job Titles:**

- Environmental Engineer  
- Project Engineer  
- Civil Engineer  
- Geotechnical Engineer  
- Structural Engineer  
- Design Engineer

**Potential Entry Level Salary Range:**

$45,000 - $70,000

**Civil Engineering B.S.C.E. - 2 Year Plan of Study**

**YEAR 1**

**SEMESTER 1 (FALL)**

- EGN 1113 - Introduction to Design Graphics Credit(s): 3  
- EGN 3000 - Foundations of Engineering Credit(s): 0-3  
- EGN 3311 - Statics Credit(s): 3  
- EGN 3365 - Materials Engineering I Credit(s): 3  
- EGN 3443 - Probability and Statistics for Engineers Credit(s): 3  
- EGN 4453 - Numerical & Computer Tools I in Civil & Env Eng Credit(s): 3  
- ENC 3246 - Communication for Engineers Credit(s): 3

**NOTE:** SCIV - Civics Literacy requirement needs to be fulfilled prior to graduation. See advisor.  
**Total Credit Hours:** 18

**SEMESTER 2 (SPRING)**

- EGN 3321 - Dynamics Credit(s): 3  
- EGN 3331 - Mechanics of Materials Credit(s): 3  
- EGN 3331L - Mechanics of Materials Laboratory Credit(s): 1  
- EGN 3353 - Basic Fluid Mechanics Credit(s): 3  
- EGN 3615 - Engineering Economics with Social and Global Implications Credit(s): 3

NOTE: TGEE - Ethical Reasoning & Civic Engagement met with CGN 4122
ENVIRONMENTAL ENGINEERING B.S.E.V.
TOTAL DEGREE HOURS: 120

Environmental engineers solve complex problems, supporting human and environmental needs while mitigating adverse environmental, health, and economic impacts associated with human activities. The degree is an interdisciplinary engineering program designed to provide students with a strong foundation in both theoretical and applied aspects of environmental engineering. It emphasizes traditional areas of transport, fate, and treatment of chemical, physical, and microbial pollutants in water, air, and soil along with important 21st-century themes of infrastructure, sustainability, health, data science, community engagement, and global citizenship. Coursework covers fundamental science and engineering concepts applied to environmental processes, natural and built environments, and engineering design, as well as applied learning experiences including community-engaged laboratory projects and a capstone design course that partners with stakeholders to solve local environmental problems.

Graduates are trained to integrate considerations of risk, uncertainty, sustainability, life-cycle principles, and environmental impacts into their problem solving, to apply concepts of professional practice and project management, and to understand the roles and responsibilities of public institutions and private organizations pertaining to environmental policy and regulations. The world needs environmental engineers to provide economic and social opportunities for: an increasing population, reliable water and wastewater systems, improved air quality and transportation systems, protection of public and environmental health, management of nutrient pollution that adversely impacts water bodies, ecosystem and brownfield restoration, other infrastructure improvements, advancing global health and food systems, managing wastes in a more sustainable manner, and developing strategies to mitigate global climate change. Graduates have local and global employment opportunities with industry, engineering design firms, local/state/federal governments, and nongovernmental organizations, along with numerous opportunities to advance their education at the Master's or Ph.D. levels.

Certified Global Pathway
This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of High-Impact Practices and Undergraduate Research website.

MISSION STATEMENT
The Bachelor of Science in Environmental Engineering in the Department of Civil and Environmental Engineering at the University of South Florida will provide undergraduate students with strong, broad-based, engineering education which gives them the basic intellectual and organization skills that allow them to work with complex systems with technological, social and environmental components.

As many of the major's graduates begin work upon graduation in industry or with governmental organizations, the curriculum is designed to prepare students for these roles by requiring a number of courses in the various fields of environmental engineering and by providing limited specialization in one given area. The curriculum is designed to encourage lifelong learning and to prepare students for undertaking advanced studies in engineering or in other professional areas.

PROGRAM EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES
The Environmental Engineering major and curriculum of the Department of Civil and Environmental Engineering are designed to meet the needs of all students within the context of the Major's Mission Statement. The Major Educational Objectives associated with the Major's Mission Statement are:

- Graduates apply their technical and civic knowledge and a systems approach in developing smart, sustainable, and inclusive solutions for critical infrastructures that protect public health and well-being and the environment while promoting safety.
- Graduates engage meaningfully and effectively with diverse local, state, and global stakeholders and communities to develop environmental engineering solutions.
- Graduates behave ethically and responsibly, continue their professional development, and participate fully in their profession and society.

The following list defines the Student Outcomes of the Civil and Environmental Engineering program:
An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics (critical thinking skill).

An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors (critical thinking skill).

An ability to communicate effectively with a range of audiences (communication skill).

An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts (critical thinking skill).

An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives (communication skill).

An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions (critical thinking skill).

An ability to acquire and apply new knowledge as needed, using appropriate learning strategies (critical thinking skill).

ABET accreditation program criteria also require that graduates of the program have the ability to design environmental engineering systems that include considerations of risk, uncertainty, sustainability, life-cycle principles, and environmental impacts, to apply concepts of professional practice and project management, and to understand the roles and responsibilities of public institutions and private organizations pertaining to environmental policy and regulations. A cumulative capstone design experiences allows students to use modern engineering techniques, skills and tools to design appropriate environmental systems to meet the needs of a local community.

Assessment of student learning outcomes will be performed through a variety of mechanisms that include core task assessments, examinations, assignments, and capstone experiences. Also, students’ achievement of the identified core learning outcomes will be measured. The results of the assessments will be used to improve student achievement and program effectiveness.

UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Engineering, see the information at College of Engineering.

PROGRESSION REQUIREMENTS IN THE UPPER DIVISION - ENVIRONMENTAL ENGINEERING B.S.E.V.

Environmental Engineering students who have fully met the below requirements and are in good academic standing, may progress into the upper division of the major. Prior to progression into the upper division, a student may be permitted to take no more than two departmental Engineering courses. The Department may have continuation requirements that specify minimum performance standards in core Engineering courses that must be met before further registration in the Department is granted.

Completion of each of the following prerequisite courses with a minimum grade of a C in each course and a 3.0 GPA (based on best attempt with a maximum of two attempts):

- MAC 2311 - Calculus I Credit(s): 4 OR MAC 2281 - Engineering Calculus I Credit(s): 4 AND MAC 2312 - Calculus II Credit(s): 4 OR MAC 2282 - Engineering Calculus II Credit(s): 4 AND MAC 2313 - Calculus III Credit(s): 4 OR MAC 2283 - Engineering Calculus III Credit(s): 4
- PHY 2048 - General Physics I - Calculus Based Credit(s): 3 AND PHY 2048L - General Physics I Laboratory Credit(s): 1
- PHY 2049 - General Physics II - Calculus Based Credit(s): 3 AND PHY 2049L - General Physics II Laboratory Credit(s): 1
- CHM 2045 - General Chemistry I Credit(s): 3 AND CHM 2045L - General Chemistry I Laboratory Credit(s): 1 OR CHS 2440 - General Chemistry for Engineers Credit(s): 3 AND CHS 2440L - General Chemistry for Engineers Lab Credit(s): 1
A minimum overall GPA of 2.0
A minimum USF GPA of 2.0

MINIMUM CONTINUATION REQUIREMENTS - ENVIRONMENTAL ENGINEERING B.S.E.V.

Continuation requires a minimum grade of C-, as well as a 2.5 GPA (based on best attempt), for the following courses:

- EGN 3311 - Statics Credit(s): 3
- EGN 3353 - Basic Fluid Mechanics Credit(s): 3

DEPARTMENTAL POLICIES

In addition to the College's graduation requirements, the department has the following policies:

All students must participate in mandatory advising prior to each term.
All students must participate in department assessment activities and successfully complete an exit interview before graduating.
All students must consider the advice of the Department to complete and pass the Fundamentals of Engineering Exam (F.E. Exam).
All students must periodically provide writing samples as part of the department's writing assessment program.
All students must pass the capstone design course with a grade of C- or better during the calendar year of graduation.

STATE MANDATED COMMON COURSE PREREQUISITES - ENVIRONMENTAL ENGINEERING B.S.E.V.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to their intended department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all of the other admissions requirements of the University and College.

The following are transferable courses from a Florida College System institution that will be accepted in the Math/Science/Engineering areas:

Mathematics:

Courses at USF

- MAC 2281 - Engineering Calculus I Credit(s): 4 OR MAC 2311 - Calculus I Credit(s): 4
- MAC 2282 - Engineering Calculus II Credit(s): 4 OR MAC 2312 - Calculus II Credit(s): 4
- MAC 2283 - Engineering Calculus III Credit(s): 4 OR MAC 2313 - Calculus III Credit(s): 4
- MAP 2302 - Differential Equations Credit(s): 3

Courses at a Florida College System Institution

- MAC X311 OR MAC X281 - 4 credit hours
- MAC X312 OR MAC X282 - 4 credit hours
- MAC X313 OR MAC X283 - 4 credit hours
MAP X302 OR MAP X305 - 3 credit hours

Natural Sciences:

Courses at USF

- CHM 2045 - General Chemistry I Credit(s): 3 AND CHM 2045L - General Chemistry I Laboratory Credit(s): 1
- OR CHS 2440 - General Chemistry for Engineers Credit(s): 3 AND CHS 2440L - General Chemistry for Engineers Lab Credit(s): 1
- CHM 2046 - General Chemistry II Credit(s): 3 AND CHM 2046L - General Chemistry II Laboratory Credit(s): 1
- PHY 2048 - General Physics I - Calculus Based Credit(s): 3 AND PHY 2048L - General Physics I Laboratory Credit(s): 1
- OR CHS 2440 - General Chemistry for Engineers Credit(s): 3 AND CHS 2440L - General Chemistry for Engineers Lab Credit(s): 1
- CHM 2046 - General Chemistry II Credit(s): 3 AND CHM 2046L - General Chemistry II Laboratory Credit(s): 1
- PHY 2049 - General Physics II - Calculus Based Credit(s): 3 AND PHY 2049L - General Physics II Laboratory Credit(s): 1

Courses at a Florida College System Institution

- (CHM X045 and CHM X045L) OR CHM X045C OR (CHS X440 and CHS X440L) - 4 credit hours
- (CHM X046 and CHM X046L) OR CHM X046C - 4 credit hours
- (PHY X048 and PHY X048L) OR PHY X048C - 4 credit hours
- (PHY X049 and PHY X049L) OR PHY X049C OR (PHY X044 and PHY X049L) - 4 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

REQUIRED SUPPORTING COURSES: 4 COURSES; 10 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

- BSC 2010 - Cellular Processes Credit(s): 3
- BSC 2010L - Cellular Processes Laboratory Credit(s): 1
- EGN 1113 - Introduction to Design Graphics Credit(s): 3
- GLY 3850 - Geology For Engineers Credit(s): 3 - Note: ESC 2000 - Introduction to Earth Science OR GLY 2010
  - Dynamic Earth: Introduction to Physical Geology are acceptable substitutes

REQUIRED COURSES: (108 CREDIT HOURS)

MAJOR CORE COURSES: 22 COURSES; 58 CREDIT HOURS

BASIC ENGINEERING COURSES: 6 COURSES; 15 CREDIT HOURS

- EGN 3000 - Foundations of Engineering Credit(s): 0-3
- EGN 3000L - Foundations of Engineering Lab Credit(s): 3 *
- EGN 3343 - Thermodynamics I Credit(s): 3
- EGN 3443 - Probability and Statistics for Engineers Credit(s): 3
- OR
- STA 2023 - Introductory Statistics I Credit(s): 3
  - Note: Students are strongly encouraged to take EGN 3443, if they have not transferred STA 2023 to USF.
- EGN 3615 - Engineering Economics with Social and Global Implications Credit(s): 3 *
- EGN 4453 - Numerical & Computer Tools I in Civil & Env Eng Credit(s): 3

  * Note: Any TGEC - Creative Thinking course will count for students transferring to USF with a Florida Public A.A.

CONTINUATION COURSES: 2 COURSES; 6 CREDIT HOURS

- EGN 3311 - Statics Credit(s): 3
- EGN 3353 - Basic Fluid Mechanics Credit(s): 3

1242
### SPECIALIZATION COURSES: 13 COURSES; 34 CREDIT HOURS

- **CGN 4122** - Professional and Ethical Issues in Engineering  Credit(s): 3  
- **CWR 4202** - Hydraulics  Credit(s): 3  
- **CWR 4202L** - Civil Engineering Hydraulics Laboratory  Credit(s): 1  
- **CWR 4540** - Water Resources Engineering I  Credit(s): 3  
- **ENV 2061** - Engineering Sustainable and Healthy Environments  Credit(s): 2  
- **ENV 4001** - Environmental Systems Engineering  Credit(s): 3  
- **ENV 4004L** - Environmental Engineering Lab  Credit(s): 1  
- **ENV 4053C** - Fate and Transport of Chemicals in the Environment  Credit(s): 3  
- **ENV 4071** - Environmental Site Assessment  Credit(s): 3  
- **ENV 4102** - Air Pollution Fundamentals  Credit(s): 3  
- **ENV 4417** - Water Quality and Treatment  Credit(s): 3  
- **ENV 4612** - Green Engineering for Sustainability  Credit(s): 3  
- **ENV 4620** - Envision Sustainable Communities  Credit(s): 3

### CAPSTONE DESIGN COURSE: 1 COURSE; 3 CREDIT HOURS

- **CWR 4812** - Capstone Water Resources-Environmental Design  Credit(s): 3

### UNRESTRICTIVE/GENERAL ELECTIVES: 9 CREDIT HOURS

The Department suggests the following list of technical electives student make take to supplement their Environmental Engineering knowledge and meet the credit hour requirements of the degree program. The courses may be utilized to fulfill unrestricted/general electives.

### BASIC AND ENVIRONMENTAL SCIENCES TECHNICAL ELECTIVE OPTIONS

- **CHM 2210** - Organic Chemistry  Credit(s): 3  
- **ENV 4082** - Environmental Field Sampling  Credit(s): 3  
- **EVR 4027** - Wetland Environments  Credit(s): 3  
- **GLY 4734** - Beaches and Coastal Environments  Credit(s): 3

### CRITICAL INFRASTRUCTURE TECHNICAL ELECTIVE OPTIONS

- **CCE 4031** - Construction Management  Credit(s): 3  
- **CWR 4541** - Water Resources Engineering II  Credit(s): 3  
- **CWR 4620** - Ecological Engineering  Credit(s): 3  
- **ENV 4351** - Solid Waste Engineering  Credit(s): 2  
- **SUR 2101C** - Engineering Land Surveying  Credit(s): 3  
- **TTE 4003** - Transportation and Society  Credit(s): 3

### DATA SCIENCE TECHNICAL ELECTIVE OPTIONS

- **EGN 4454** - Numerical & Computer Tools II in Civil & Env Eng  Credit(s): 3  
- **GEO 3164C** - Research Methods in Geography  Credit(s): 3  
- **GIS 3006** - Mapping and Geovisualization  Credit(s): 3  
- **GIS 4035C** - Remote Sensing of the Environment  Credit(s): 3  
- **GIS 4043C** - Geographic Information Systems  Credit(s): 3

### HEALTH AND SAFETY TECHNICAL ELECTIVE OPTIONS

- **HSC 3503** - Principles of Toxicology  Credit(s): 3  
- **HSC 4213** - Environmental and Occupational Risk Analysis  Credit(s): 3  
- **HSC 4430** - Occupational Health and Safety  Credit(s): 3

### ENERGY TECHNICAL ELECTIVE OPTIONS

- **EEL 4283** - Sustainable Energy  Credit(s): 3  
- **ENV 2073** - Global Warming: Science and Politics of a Contemporary Issue  Credit(s): 3
GLOBAL CITIZENS TECHNICAL ELECTIVE OPTIONS

- GEO 4340 - Natural Hazards Credit(s): 3
- HSC 4211 - Health, Behavior and Society Credit(s): 3
- HSC 4624 - Foundations of Global Health Credit(s): 3
- PHC 4250 - Crisis Leadership in Disasters Credit(s): 3

EDUCATION ABROAD TECHNICAL ELECTIVE OPTION

Students are able to take 3-6 credit hours of their Technical electives through education abroad programs. The specific education abroad course(s) must be approved in advance by the Department.

ADDITIONAL INFORMATION - ENVIRONMENTAL ENGINEERING B.S.E.V.

GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Basic Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, 2.0 overall GPA, and 2.5 continuation GPA.

GRADING REQUIREMENTS

Unless otherwise stated, the minimum acceptable grade in all BSENV required courses is a C- or higher.

A total of only two D grades are allowed in all BSENV required Basic Engineering, and most specialization courses.

RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved Specialization courses in the major at USF. The minimum number of USF Specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic Engineering courses are not considered Specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved Specialization hours taken in the degree-granting department beyond those Specialization hours required for the first degree.

INTERNSHIP OPPORTUNITIES

The College of Engineering and USF’s Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the College of Engineering and pursue actual internships during their sophomore, junior and senior years.

RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student’s official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - ENVIRONMENTAL ENGINEERING B.S.E.V.

All incoming freshman and transfer students must meet with one of the college advisors in the Engineering Student Services (ESS).

Engineering Student Services
Plans of Study - Environmental Engineering B.S.E.V.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Items that are critical are marked with a ☑ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

- Environmental/Water Resource Engineer
- Air Quality Engineer
- Environmental Remediation Engineer
- Environmental Health and Safety Director
- Environmental Regulator / Policy Specialist
- Environmental Analyst

Potential Entry Level Salary Range:

$38,000 - $79,000

Environmental Engineering B.S.E.V. - 2 Year Plan of Study

YEAR 1

SEMMETER 1 (FALL)

- EGN 3000 - Foundations of Engineering Credit(s): 0-3 Students take this course for 0 credit hours.
- EGN 3311 - Statics Credit(s): 3
- EGN 4453 - Numerical & Computer Tools I in Civil & Env Eng Credit(s): 3

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING
The Computer Engineering program emphasizes the application of engineering principles to the design of computer hardware and software, and devotes additional time to computer architecture and advanced topics in hardware design, including extensive laboratory work. Students in this program also acquire a broad background in engineering topics through related coursework in the College.

MISSION STATEMENT

In keeping with the mission of the College of Engineering, the Department of Computer Science and Engineering strives for excellence in teaching, research, and public service. Specifically, the Department aspires to:

- Lead the advancement of computer science, computer engineering, information technology, and cybersecurity through internationally recognized research and education, as well as technology transfer.
- Prepare students for full and ethical participation in a diverse society and encourage lifelong learning.
- Educate students in the best practices of the field as well as integrate the latest research into the curriculum.
- Foster the development of problem solving and communication skills as an integral component of the profession.
- Provide quality learning experiences through effective classroom practices, active learning styles of teaching, and opportunities for meaningful interactions between students and faculty.

Program Educational Objectives and Student Outcomes

The Department has established the following program educational objectives for Computer Engineering graduates.

**Objective 1:** Our graduates will apply their knowledge and skills to succeed in their careers and/or obtain advanced degrees.

**Objective 2:** Our graduates will function ethically and responsibly, and will remain informed and involved as full participants in our profession and society.

**Objective 3:** Our graduates will creatively solve problems, communicate effectively, and successfully function in multi-disciplinary teams.

**Objective 4:** Our graduates will apply principles and practices of computing grounded in mathematics and science to successfully complete hardware and/or software-related engineering projects to meet customer business objectives and/or productively engage in research

The following are the Student Outcomes. Graduates of the program will have an ability to:

- Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
- Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
- Communicate effectively with a range of audiences.
- Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
- Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
- Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
- Acquire and apply new knowledge as needed, using appropriate learning strategies.

Student enrollment data is posted on the Department website.
Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Engineering, see the information at College of Engineering.

PROGRESSION REQUIREMENTS IN THE UPPER DIVISION - COMPUTER ENGINEERING B.S.C.P.

Computer Engineering students who have fully met the below requirements and are in good academic standing, may progress into the upper level of the major. Prior to progression into the upper level, a student may take no more than two Departmental courses. The department may have continuation requirements, which specify minimum performance standards in core major courses which must be met before further registration in the department is granted.

1. Completion of:

   MAC 2311 - Calculus I Credit(s): 4 OR MAC 2281 - Engineering Calculus I Credit(s): 4 AND MAC 2312 - Calculus II Credit(s): 4 OR MAC 2282 - Engineering Calculus II Credit(s): 4

   PHY 2048 - General Physics I - Calculus Based Credit(s): 3 AND PHY 2048L - General Physics I Laboratory Credit(s): 1

   All students must complete the equivalent of USF Engineering Calculus I & II, and Calculus-based General Physics I (with lab) with minimum grades of C in each course (grades of C are insufficient). The minimum overall grade average in these three courses required for progression to the upper level is between 3.0 and 3.8 for any given year. The minimum acceptable grade average will be posted on the Department's website one year prior to the fall semester that the revised grade average is applicable. The computed grade average is based on the best attempts in these courses. These requirements must be met with a maximum of two attempts allowed for each course.

2. Completion of COP 2510 - Programming Concepts Credit(s): 3 with a minimum grade of B (grade of B is insufficient) or another introductory programming course covering a modern programming language, with an emphasis on programming concepts and design methodology with a minimum grade of B (grade of B is insufficient).

3. A minimum overall GPA of 2.0

4. A minimum USF GPA of 2.0

MINIMUM CONTINUATION REQUIREMENTS - COMPUTER ENGINEERING B.S.C.P.

Students meeting the above requirements may progress to either of the Computer Engineering or Computer Science degree tracks; however, continuation in the major will be allowed only for students who complete CDA 3103 - Computer Organization Credit(s): 3 and COP 3514 - Program Design Credit(s): 3 with minimum grades of B, based on best attempts in each course (grades of B are insufficient). These requirements must be met with a maximum of two attempts allowed for each course.

DEPARTMENTAL POLICIES

In addition to the College's graduation requirements, the Department has the following policies:

- Mandatory academic advising and/or mentoring of students.
- Exit interview and/or survey as a graduation requirement

STATE MANDATED COMMON COURSE PREREQUISITES - COMPUTER ENGINEERING B.S.C.P.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper-division of a particular baccalaureate degree program.
Transfer students should complete the following prerequisite courses at the lower-level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to the Department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

**Mathematics:**

**Courses at USF**

MAC 2281 - Engineering Calculus I **Credit(s): 4** OR MAC 2311 - Calculus I **Credit(s): 4**
MAC 2282 - Engineering Calculus II **Credit(s): 4** OR MAC 2312 - Calculus II **Credit(s): 4**

CDA 4203L - Computer System Design Lab Credit(s): 1
CDA 4205 - Computer Architecture Credit(s): 3
CDA 4205L - Computer Architecture Lab Credit(s): 1
CDA 4213 - CMOS-VLSI Design Credit(s): 3
CDA 4213L - CMOS-VLSI Design Lab Credit(s): 1
COT 4400 - Analysis of Algorithms Credit(s): 3
CIS 4250 - Ethical Issues and Professional Conduct Credit(s): 3
CIS 4910 - Computer Science and Engineering Project Credit(s): 3

COMPOSITION AND TECHNICAL WRITING COURSES: 3 COURSES; 9 CREDIT HOURS
ENC 1101 - Composition I Credit(s): 3
ENC 1102 - Composition II Credit(s): 3
ENC 3246 - Communication for Engineers Credit(s): 3

MAJOR ELECTIVES: 4 COURSES; 12 CREDIT HOURS
Computer Engineering students must choose 6 hours of hardware electives and an additional, non-overlapping 6 hours of CSE technical electives ("software", "hardware", or "theory") in the Department.

Note: The Department website undergraduate section contains the most up to date list of Departmental upper-level technical electives. Additional electives may be available with a special topics course number (typically, CIS 4930). The prerequisite for Departmental upper-level technical electives is CDA 3201 Computer Logic and Design and COP
4530 Data Structures. Consult with the Department Undergraduate Advisor to learn more about available electives. A maximum of six (6) hours of CIS 4900 and/or any other supervised individual study (including CIS 4915 and CIS 4940) are allowed as Department major elective credit.

HARDWARE ELECTIVES

- **CDA 4253** - Field Programmable Gate Array System Design and Analysis  **Credit(s):** 3
- **CDA 4321** - Cryptographic Hardware and Embedded Systems  **Credit(s):** 3
- **CDA 4322** - Principles of Secure Hardware Design  **Credit(s):** 3
- **CDA 4323** - Practical Hardware Security  **Credit(s):** 3

CSE ELECTIVES: 6 CREDIT HOURS

- **CAP 4034** - Computer Animation Fundamentals  **Credit(s):** 3
- **CAP 4103** - Mobile Biometrics  **Credit(s):** 3
- **CAP 4111** - Introduction to Augmented and Virtual Reality  **Credit(s):** 3
- **CAP 4160** - Brain-Computer Interfaces  **Credit(s):** 3
- **CAP 4401** - Image Processing Fundamentals  **Credit(s):** 3
- **CAP 4410** - Computer Vision  **Credit(s):** 3
- **CAP 4621** - Introduction to Artificial Intelligence  **Credit(s):** 3
- **CAP 4628** - Affective Computing  **Credit(s):** 3
- **CAP 4641** - Natural Language Processing  **Credit(s):** 3
- **CAP 4662** - Introduction to Robotics  **Credit(s):** 3
- **CAP 4744** - Interactive Data Visualization  **Credit(s):** 3
- **CDA 4253** - Field Programmable Gate Array System Design and Analysis  **Credit(s):** 3
- **CDA 4321** - Cryptographic Hardware and Embedded Systems  **Credit(s):** 3
- **CDA 4322** - Principles of Secure Hardware Design  **Credit(s):** 3
- **CDA 4323** - Practical Hardware Security  **Credit(s):** 3
- **CDA 4621** - Control of Mobile Robots  **Credit(s):** 3
- **CEN 4020** - Software Engineering  **Credit(s):** 3
- **CEN 4072** - Software Testing  **Credit(s):** 3
- **CIS 4212** - Privacy-Preserving and Trustworthy Cyber-Infrastructures  **Credit(s):** 3
- **CIS 4345** - Big Data Storage and Analysis with Hadoop  **Credit(s):** 3
- **CIS 4900** - Independent Study in Computer Science  **Credit(s):** 1-5
- **CIS 4915** - Supervised Research in Computer Science  **Credit(s):** 1-5
- **CIS 4930** - Special Topics in Computer Science  **Credit(s):** 1-3
  
  (See department website for list of approved topics)
- **CIS 4940** - Industry Internship  **Credit(s):** 0-6
- **CNT 4004** - Computer Networks I  **Credit(s):** 3
- **CNT 4411** - Computing and Network Security  **Credit(s):** 3
- **CNT 4419** - Secure Coding  **Credit(s):** 3
- **COP 4020** - Programming Languages  **Credit(s):** 3
- **COP 4365** - Software System Development  **Credit(s):** 3
- **COP 4520** - Computing in Massively Parallel Systems  **Credit(s):** 3
- **COP 4620** - Compilers  **Credit(s):** 3
- **COP 4656** - Software Development for Mobile Devices  **Credit(s):** 3

- **COT 4210** - Automata Theory and Formal Languages  **Credit(s):** 3
- **COT 4521** - Computational Geometry  **Credit(s):** 3
- **COT 4601** - Quantum Computing and Quantum Algorithms  **Credit(s):** 3

ADDITIONAL INFORMATION - COMPUTER ENGINEERING B.S.C.P.

GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

GRADING REQUIREMENTS
Unless otherwise stated, the minimum acceptable grade in all BSCP required math, science, and engineering courses is a C or higher (C- is insufficient). The minimum acceptable grade in specialization courses is a C-, except as stated in the major progression and continuation requirements.

RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

INTERNSHIP OPPORTUNITIES

The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the College of Engineering and pursue actual internships during their sophomore, junior and senior years. See the Department Undergraduate Advisor for more information on earning academic credit for internships.

ACCREDITATION INFORMATION - COLLEGE OF ENGINEERING

This Engineering degree program is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - COMPUTER ENGINEERING B.S.C.P.

Department Undergraduate Advisor: http://www.usf.edu/engineering/cse/undergraduate/contacts.aspx

Plans of Study - Computer Engineering B.S.C.P.

NOTES:
- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
- Items that are critical are marked with a ✱ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:
- Hardware Developer
- Hardware Tester
- Software Developer
- Software Tester

Potential Entry Level Salary Range:
$55,000 - $85,000

Computer Engineering B.S.C.P. - 2 Year Plan of Study
YEAR 1

SEMESTER 1 (FALL)

CDA 3103 - Computer Organization Credit(s): 3
COP 3514 - Program Design Credit(s): 3

COMPUTER SCIENCE B.S.C.S.

TOTAL DEGREE HOURS: 120

The Computer Science program focuses on the design, development, and application of software systems. Additional course work in algorithms, discrete structures, object oriented design, data structures, operating systems, digital logic design, computer architecture, and a wide range of advanced electives extend and supplement the core.

MISSION STATEMENT

In keeping with the mission of the College of Engineering, the Department of Computer Science and Engineering strives for excellence in teaching, research, and public service. Specifically, the Department aspires to:

- Lead the advancement of computer science, computer engineering, information technology, and cybersecurity through internationally recognized research and education, as well as technology transfer.
- Prepare students for full and ethical participation in a diverse society and encourage lifelong learning.
- Educate students in the best practices of the field as well as integrate the latest research into the curriculum.
- Foster the development of problem solving and communication skills as an integral component of the profession.
- Provide quality learning experiences through effective classroom practices, active learning styles of teaching, and opportunities for meaningful interactions between students and faculty.

PROGRAM EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES

The Department has established the following program educational objectives for Computer Science graduates.

Objective 1: Our graduates will apply their knowledge and skills to succeed in their careers and/or obtain advanced degrees.

Objective 2: Our graduates will function ethically and responsibly, and will remain informed and involved as full participants in our profession and society.

Objective 3: Our graduates will creatively solve problems, communicate effectively, and successfully function in multi-disciplinary teams.

Objective 4: Our graduates will apply principles and practices of computing grounded in mathematics and science to successfully complete software-related projects to meet customer business objectives and/or productively engage in research.

The following are the Student Outcomes. Graduates of the program will have an ability to:

- Analyze a complex computing problem and to apply principles of computing and other relevant disciplines to identify solutions.
- Design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program’s discipline.
- Communicate effectively in a variety of professional contexts.
- Recognize professional responsibilities and make informed judgments in computing practice based on legal and ethical principles.
- Function effectively as a member or leader of a team engaged in activities appropriate to the program’s discipline.
- Apply computer science theory and software development fundamentals to produce computing-based solutions.

STUDENT ENROLLMENT DATA

Student enrollment data is posted on the Department website.
Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

**Freshman:** https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx  
**Transfer:** https://www.usf.edu/admissions/transfer/admission-information/index.aspx  
**International:** https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Engineering, see the information at College of Engineering.

### PROGRESSION REQUIREMENTS IN THE UPPER DIVISION - COMPUTER SCIENCE B.S.C.S.

Computer Science students who have fully met the below requirements and are in good academic standing, may progress into the upper level of the major. Prior to progression into the upper level, a student may take no more than two Departmental courses. The department may have continuation requirements, which specify minimum performance standards in core major courses which must be met before further registration in the department is granted.

Completion of:

- **MAC 2311 - Calculus I** Credit(s): 4  
- **MAC 2281 - Engineering Calculus I** Credit(s): 4  
- **MAC 2312 - Calculus II** Credit(s): 4  
- **MAC 2282 - Engineering Calculus II** Credit(s): 4

- **PHY 2048 - General Physics I - Calculus Based** Credit(s): 3  
- **PHY 2048L - General Physics I Laboratory** Credit(s): 1

All students must complete the equivalent of USF Engineering Calculus I & II, and Calculus-based General Physics I (with lab) with minimum grades of C in each course (grades of C- are insufficient). The minimum overall grade average in these three courses required for progression to the upper level is between 3.0 and 3.8 for any given year. The minimum acceptable grade average will be posted on the Department's website one year prior to the fall semester that the revised grade average is applicable. The computed grade average is based on the best attempts in these courses. These requirements must be met with a maximum of two attempts allowed for each course.

Completion of **COP 2510 - Programming Concepts** Credit(s): 3 with a minimum grade of B (grade of B- is insufficient) or another introductory programming course covering a modern programming language, with an emphasis on programming concepts and design methodology with a minimum grade of B (grade of B- is insufficient).

- A minimum overall GPA of 2.0  
- A minimum USF GPA of 2.0

### MINIMUM CONTINUATION REQUIREMENTS - COMPUTER SCIENCE B.S.C.S.

Students meeting the above requirements may progress to either of the Computer Science or Computer Engineering degree tracks; however, continuation in the major will be allowed only for students who complete **CDA 3103 - Computer Organization** Credit(s): 3 and **COP 3514 - Program Design** Credit(s): 3 with minimum grades of B, based on best attempts in each course (grades of B- are insufficient). These requirements must be met with a maximum of two attempts allowed for each course.

### DEPARTMENTAL POLICIES

In addition to the College's graduation requirements, the Department has the following policies:

- Mandatory academic advising and/or mentoring of students.  
- Exit interview and/or survey as a graduation requirement.

### STATE MANDATED COMMON COURSE PREREQUISITES - COMPUTER SCIENCE B.S.C.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.
Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to the Department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

COP XXXX* - 3 credit hours
MAC X311 OR MAC X281 Calculus I - 4 credit hours
MAC X312 OR MAC X282 Calculus II - 4 credit hours
(PHY X048 and PHY X048L OR PHY X048C General Physics I with Lab - 4 credit hours
(PHY X049 and PHY X049L OR PHY X049C General Physics I with Lab - 4 credit hours

XXX XXXX** - 6 credit hours
*Introductory Programming in C, C++, Java, or equivalent language. Choose programming language required by the university to which the student wishes to transfer.

**Science courses for Science majors.

REQUIRED COURSES: (96 CREDIT HOURS)

MAJOR CORE COURSES: 28 COURSES; 75 CREDIT HOURS

MATH AND SCIENCE COURSES: 7 COURSES; 19 CREDIT HOURS

COT 3100 - Introduction to Discrete Structures Credit(s): 3

ENC 1102 - Composition II Credit(s): 3
ENC 3246 - Communication for Engineers Credit(s): 3

MAJOR ELECTIVES: 7 COURSES; 21 CREDIT HOURS

Computer Science students must choose 6 hours of software electives, 3 hours of theory electives, and an additional, non-overlapping 12 hours of CSE electives ("software", "hardware", or "theory") in the Department.

Note: The Department website undergraduate section contains the most up to date list of Departmental upper-level technical electives. Additional electives may be available with a special topics course number (typically, CIS 4930). The prerequisite for Departmental upper-level technical electives is CDA 3201 Computer Logic and Design and COP 4530 Data Structures. Consult with the Department Undergraduate Advisor to learn more about available electives. A maximum of six (6) hours of CIS 4900 and/or any other supervised individual study (including CIS 4915 and CIS 4940) are allowed as Department major elective credit.

SOFTWARE ELECTIVES: 6 CREDIT HOURS

CAP 4034 - Computer Animation Fundamentals Credit(s): 3

**ADDITIONAL INFORMATION - COMPUTER SCIENCE B.S.C.S.**

**GPA REQUIREMENTS**

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

**GRADING REQUIREMENTS**

Unless otherwise stated, the minimum acceptable grade in all BSCS required math, science, and engineering courses is a C or higher (C- is insufficient). The minimum acceptable grade in specialization courses is a C-, except as stated in the major progression and continuation requirements.

**RESIDENCY REQUIREMENTS**

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

**INTERNSHIP OPPORTUNITIES**
The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the College of Engineering and pursue actual internships during their sophomore, junior and senior years. See the Department Undergraduate Advisor for more information on earning academic credit for internships.

BACHELOR'S/MASTER'S PATHWAYS

Students majoring in Computer Science have the option to pursue one of the following Bachelor's/Master's Pathways:

- B.S.C.S. in Computer Science and M.S.C.S. in Computer Science

For more information, see the Graduate Catalog.

ACCREDITATION INFORMATION - COLLEGE OF ENGINEERING

This Engineering degree program is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - COMPUTER SCIENCE B.S.C.S.

Department Undergraduate Advisor: http://www.usf.edu/engineering/cse/undergraduate/contacts.aspx

Plans of Study - Computer Science B.S.C.S.

NOTES:
- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
- Items that are critical are marked with a ★ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:
- Software Developer
- Software Tester
- Software Engineer
- Device Application Developer
- Cloud Software Developer

Potential Entry Level Salary Range:
$55,000 - $85,000

Total Credit Hours: 12
The Cybersecurity major focuses on technology, people, information, and processes to enable assured cyber operations in the context of adversaries. The program is built on a technical foundation of computing and information technology. Students in this program acquire a background in cybersecurity related to information, software, systems, users, and organizations including aspects of policy, human factors, risk management, ethics, and impact on society.

MISSION STATEMENT

In keeping with the mission of the College of Engineering, the Department of Computer Science and Engineering strives for excellence in teaching, research, and public service. Specifically, the Department aspires to:

- Lead the advancement of computer science, computer engineering, information technology, and cybersecurity through internationally recognized research and education, as well as technology transfer.
- Prepare students for full and ethical participation in a diverse society and encourage lifelong learning.
- Educate students in the best practices of the field as well as integrate the latest research into the curriculum.
- Foster the development of problem solving and communication skills as an integral component of the profession.
- Provide quality learning experiences through effective classroom practices, active learning styles of teaching, and opportunities for meaningful interactions between students and faculty.

PROGRAM EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES

The Department has established the following program educational objectives for the Cybersecurity graduates.

Objective 1: Our graduates will apply their knowledge and skills to succeed in their careers and/or obtain an advanced degree.

Objective 2: Our graduates will function ethically and responsibly, and will remain informed and involved as full participants in our profession and society.

Objective 3: Our graduates will creatively solve problems, communicate effectively, and successfully function in multi-disciplinary teams.

Objective 4: Our graduates will develop and apply principles and practices of cybersecurity to protect computing equipment, data, process, and people from adversaries and exposure.

The following are the Student Outcomes. Graduates of the program will have an ability to:

- Analyze a complex computing problem and to apply principles of computing and other relevant disciplines to identify solutions.
- Design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program's discipline.
- Communicate effectively in a variety of professional contexts.
- Recognize professional responsibilities and make informed judgments in computing practice based on legal and ethical principles.
- Function effectively as a member or leader of a team engaged in activities appropriate to the program's discipline.
- Apply security principles and practices to maintain operations in the presence of risks and threats.

STUDENT ENROLLMENT DATA

Student enrollment data is posted on the Department website.
UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

  Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
  Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
  International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Engineering, see the information at College of Engineering.

PROGRESSION REQUIREMENTS IN THE UPPER DIVISION - CYBERSECURITY B.S.C.Y.S.

Cybersecurity students who have fully met the below requirements and are in good standing may progress into the upper division for the major. Prior to progression into the upper division, a student may be permitted to take no more than two Departmental courses. The department may have continuation requirements, which specify minimum performance standards in core major courses which must be met before further registration in the department is granted.

Completion of with a minimum acceptable grade for each of the courses is C (grades of C- are insufficient).

  MAD 2104 - Discrete Mathematics Credit(s): 3
  STA 2023 - Introductory Statistics I Credit(s): 3
  PHY 2020 - Conceptual Physics Credit(s): 3
  MAC 1147 - Precalculus Algebra and Trigonometry Credit(s): 4

All students must complete the equivalent of USF Discrete Mathematics (MAD 2104), Introductory Statistics (STA 2023), Conceptual Physics (PHY 2020), and Pre-calculus with Algebra and Trigonometry (MAC 1147) with minimum grades of C in each course (grades of C- are insufficient). The minimum overall grade average in these four courses required for progression to the upper level is between 2.0 and 3.5 for any given year. The minimum acceptable grade average will be posted on the department's website one year prior to the fall semester that the revised grade average is applicable. The computed grade average is based on the best attempts in these courses. These requirements must be met with a maximum of two attempts allowed for each course.

2. A minimum overall GPA of 2.0.

3. A minimum USF GPA of 2.0.

4. Completion of CGS 1540 - Introduction to Databases for Information Technology Credit(s): 3 with a minimum grade of B (grade of B- is insufficient) or another introductory database course with a minimum grade of B (grade of B- is insufficient).

DEPARTMENTAL POLICIES

In addition to the College's graduation requirements, the Department has the following policies:

  Mandatory academic advising and/or mentoring of students.
  Exit interview and/or survey as a graduation requirement.

STATE MANDATED COMMON COURSE PREREQUISITES - CYBERSECURITY B.S.C.Y.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.
Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

ENC 1101 - Composition I Credit(s): 3
ENC 1102 - Composition II Credit(s): 3
ENC 3246 - Communication for Engineers Credit(s): 3

MAJOR ELECTIVES: 3 COURSES; 9 CREDIT HOURS

The undergraduate section of the department website contains the most up-to-date list of approved cybersecurity electives. The posted list also describes the required pre-requisites for the electives. Additional electives may be available with a Special Topics course number (COP 4931). A maximum of nine (9) hours combined of COP 4900 Independent Study in IT and CIS 4947 Industry Internship for IT are allowed as cybersecurity electives, with no more than 3 hours in any one given company for CIS 4947 credit. Consult with the Department Undergraduate Advisor to learn more about available electives.

COLLEGE OF ENGINEERING – DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

CAP 4136 - Malware Analysis and Reverse Engineering Credit(s): 3
CIS 4947 - Industry Internship for IT Credit(s): 1-5
CNT 4716C - Network Programming for IT Credit(s): 3
COP 4368 - Adv Object-Oriented Programming for IT Credit(s): 3
COP 4900 - Independent Study in Information Technology Credit(s): 1-5
COP 4931 - Special Topics for Information Technology Credit(s): 3
Check department website for list of approved electives under COP 4931

COLLEGE OF ARTS AND SCIENCES – SCHOOL OF INFORMATION

CIS 3360 - Principles of Information Security Credit(s): 3
CIS 3362 - Cryptography and Information Security Credit(s): 3
CIS 4361 - Information Assurance and Security Management for IT Credit(s): 3
LIS 4779 - Health Information Security Credit(s): 3

MUMA COLLEGE OF BUSINESS – DEPARTMENT OF INFORMATION SYSTEMS

CIS 4203 - Cyber Forensics and Investigations Credit(s): 3
CIS 4368 - Database Security and Audits Credit(s): 3
ISM 4041 - Global Cyber Ethics Credit(s): 3

COLLEGE OF EDUCATION – DEPARTMENT OF TEACHING AND LEARNING

EDG 3801 - Cybersecurity and the Everyday Citizen Credit(s): 3

INDUSTRY INTERNSHIP

The Department of Computer Science and Engineering and the College of Engineering recommend that BSCYS students complete an industry internship. Students may earn up to nine credit hours, as elective, for CIS 4947 - Industry Internship for IT Credit(s): 1-5 Industry Internship for IT, no more than three credit hours in any one given company. Internships for CIS 4947 must be in the area of Cybersecurity.

ADDITIONAL INFORMATION - CYBERSECURITY B.S.C.Y.S.

OTHER REQUIREMENTS

Currently, a student pursuing the Cybersecurity major may not pursue a second major while simultaneously enrolled in the Cybersecurity undergraduate major.

GPA REQUIREMENTS
Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

GRADING REQUIREMENTS

Unless otherwise stated, the minimum acceptable grade in all major required math, science, and engineering courses is a C or higher (C- is insufficient). The minimum acceptable grade in state mandated prerequisite courses is a C or higher (C- is insufficient). The minimum acceptable grade in specialization courses is a C-, expect as stated in the program progression and continuation requirements.

RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved major core courses in the major at USF. The minimum number of USF major core credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A concurrent degree (dual degree) student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - CYBERSECURITY B.S.C.Y.S.

Department Undergraduate Advisor: http://www.usf.edu/engineering/cse/undergraduate/contacts.aspx

Plans of Study - Cybersecurity B.S.C.Y.S.

NOTES:
- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
- Items that are critical are marked with a 🌟 and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:
- Cybersecurity Specialist
- Information Technology Security Specialist
- Cybersecurity Consultant
- Information Security Analyst
- Penetration and Vulnerability Tester

Potential Entry Level Salary Range:
$45,000 - $75,000

Cybersecurity B.S.C.Y.S. - 2 Year Plan of Study

YEAR 1

SEMESTER 1 (FALL)

- CGS 3303 - IT Concepts Credit(s): 3
- CIS 3213 - Foundations of Cybersecurity Credit(s): 3
- CIS 4622 - Hands-on Cybersecurity Credit(s): 3
- COP 3515 - Advanced Program Design for Information Technology Credit(s): 3
COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

EGN 3000 - Foundations of Engineering Credit(s): 0-3
ISM 4323 - Information Security and IT Risk Management Credit(s): 3

NOTE: SCIV - Civics Literacy needs to be fulfilled prior to graduation. See advisor.
Total Credit Hours: 15

SEMESTER 2 (SPRING)

CEN 3722 - Human Computer Interfaces for Information Technology Credit(s): 3
CIS 3363 - Information Technology Systems Security Credit(s): 3
CNT 4104 - Computer Information Networks for Information Technology Credit(s): 3
CNT 4104L - Computer Information Networks Laboratory for Information Technology Credit(s): 1
ENC 3246 - Communication for Engineers Credit(s): 3
Total Credit Hours: 15

SEMESTER 3 (SUMMER)

Internship/Co-op Participation (see advisor for credit options - CIS 4947 - Industry Internship for IT)
Total Credit Hours: 0

YEAR 2

SEMESTER 4 (FALL)

CGS 3853 - Web Systems for IT Credit(s): 3
CIS 4200 - Penetration Testing for IT Credit(s): 3
CNT 4403 - Network Security and Firewalls Credit(s): 3
COP 4703 - Advanced Database Systems for Information Technology Credit(s): 3
Approved Cybersecurity Elective Credit(s): 3
Total Credit Hours: 15

SEMESTER 5 (SPRING)

CIS 4219 - Human Aspects of Cybersecurity Credit(s): 3
CIS 4935 - Senior Project in Information Technology Credit(s): 4
LIS 4414 - Information Policy and Ethics Credit(s): 3
Approved Cybersecurity Elective Credit(s): 3
Approved Cybersecurity Elective Credit(s): 3
NOTE: TGEE - Ethical Reasoning & Civic Engagement requirement is met with LIS 4414
Total Credit Hours: 16

Cybersecurity B.S.C.Y.S. - 4 Year Plan of Study

YEAR 1

SEMESTER 1 (FALL)

CGS 1540 - Introduction to Databases for Information Technology Credit(s): 3
EGN 3000 - Foundations of Engineering Credit(s): 0-3
EGN 3000L - Foundations of Engineering Lab Credit(s): 3
ENC 1101 - Composition I Credit(s): 3
MAC 1147 - Precalculus Algebra and Trigonometry Credit(s): 4
NOTE: TGEC - Creative Thinking requirement is met with EGN 3000L
NOTE: SCIV - Civics Literacy requirement needs to be fulfilled prior to graduation. See advisor.
Total Credit Hours: 13

SEMESTER 2 (SPRING)

COP 2512 - Programming Fundamentals for Information Technology Credit(s): 3
### SEMESTER 3 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

INFORMATION TECHNOLOGY B.S.I.T.
TOTAL DEGREE HOURS: 120

The Information Technology program focuses on programming, databases, networking, human-computer interaction, web systems, and cybersecurity to meet the technology requirements of business, government, healthcare, education, and other organizations. Students in this program acquire the right combination of fundamental knowledge and practical expertise to solve computing technology problems and meet user needs.

MISSION STATEMENT

In keeping with the mission of the College of Engineering, the Department of Computer Science and Engineering strives for excellence in teaching, research, and public service. Specifically, the Department aspires to:

- Lead the advancement of computer science, computer engineering, information technology, and cybersecurity through internationally recognized research and education, as well as technology transfer.
- Prepare students for full and ethical participation in a diverse society and encourage lifelong learning.
- Educate students in the best practices of the field as well as integrate the latest research into the curriculum.
- Foster the development of problem solving and communication skills as an integral component of the profession.
- Provide quality learning experiences through effective classroom practices, active learning styles of teaching, and opportunities for meaningful interactions between students and faculty.

Program Educational Objectives and Student Outcomes

The Department has established the following program educational objectives for the Computer Engineering graduates.

Objective 1: Our graduates will apply their knowledge and skills to succeed in their careers and/or obtain an advanced degree.

Objective 2: Our graduates will function ethically and responsibly, and will remain informed and involved as full participants in our profession and society.

Objective 3: Our graduates will creatively solve problems, communicate effectively, and successfully function in multi-disciplinary teams.

Objective 4: Our graduates will apply principles and practices of information technology to identify, implement, and enable effective technologies and apply fundamental computing knowledge to solve information technology problems.

The following are the Student Outcomes. Graduates of the program will have an ability to:

- Analyze a complex computing problem and to apply principles of computing and other relevant disciplines to identify solutions.
- Design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program's discipline.
- Communicate effectively in a variety of professional contexts.
- Recognize professional responsibilities and make informed judgments in computing practice based on legal and ethical principles.
- Function effectively as a member or leader of a team engaged in activities appropriate to the program's discipline.
- Identify and analyze user needs and to take them into account in the selection, creation, integration, evaluation, and administration of computing-based systems.

Student Enrollment Data

Student enrollment data is posted on the Department website.

UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Engineering, see the information at College of Engineering.
PROGRESSION REQUIREMENTS IN THE UPPER DIVISION - INFORMATION TECHNOLOGY B.S.I.T.

Information Technology students who have fully met the below requirements and are in good standing may progress into the upper division of the major. Prior to progression into the upper division, a student may be permitted to take no more than two Departmental courses. The department may have continuation requirements, which specify minimum performance standards in core major courses which must be met before further registration in the department is granted.

Completion of with a minimum grade of C in each course (grades of C- are insufficient)

- MAD 2104 - Discrete Mathematics Credit(s): 3
- STA 2023 - Introductory Statistics I Credit(s): 3
- PHY 2020 - Conceptual Physics Credit(s): 3
- MAC 1147 - Precalculus Algebra and Trigonometry Credit(s): 4

All students must complete the equivalent of USF Discrete Mathematics (MAD 2104), Introductory Statistics (STA 2023), Conceptual Physics (PHY 2020), and Pre-calculus with Algebra and Trigonometry (MAC 1147) with minimum grades of C in each course (grades of C- are insufficient). The minimum overall grade average in these four courses required for progression to the upper level is between 2.0 and 3.5 for any given year. The minimum acceptable grade average will be posted on the department's website one year prior to the fall semester that the revised grade average is applicable. The computed grade average is based on the best attempts in these courses. These requirements must be met with a maximum of two attempts allowed for each course.

2. A minimum overall GPA of 2.0
3. A minimum USF GPA of 2.0
4. Completion of CGS 1540 - Introduction to Databases for Information Technology Credit(s): 3 with a minimum grade of B (grade of B- is insufficient) or another introductory database course with a minimum grade of B (grade of B- is insufficient).

DEPARTMENTAL POLICIES

In addition to the College's graduation requirements, the department has the following policies:

- Mandatory academic advising and/or mentoring of students.
- Exit interview and/or survey as a graduation requirement.

STATE MANDATED COMMON COURSE PREREQUISITES - INFORMATION TECHNOLOGY B.S.I.T.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- MAC X000-X999 Any Precalculus course - 3 credit hours
- MAD X000-X999 Any Discrete Mathematics course - 3 credit hours
- PHY X000-X999 Physics - 3 credit hours
- PSY X000-X999 Psychology - 3 credit hours
- CGS X000-X999 Any Database course - 3 credit hours
- STA X023 Introductory Statistics I OR STA X122 Social Science Statistics - 3 credit hours
- ECO X013 Economic Principles II Macroeconomics - 3 credit hours
- COP X000-X999 Any Computer Programming course - 3 credit hours
- COP X000-X999 Any Computer Programming course - 3 credit hours
Note: Introductory Programming in C, C++, Java, Python or equivalent language. Choose programming language required by the university to which the student wishes to transfer.

REQUIRED COURSES: (102 CREDIT HOURS)

MAJOR CORE COURSES: 36 COURSES; 87 CREDIT HOURS

MATH AND SCIENCE COURSES: 5 COURSES; 16 CREDIT HOURS

STA 2023 - Introductory Statistics I Credit(s): 3
MAC 1147 - Precalculus Algebra and Trigonometry Credit(s): 4
MAD 2104 - Discrete Mathematics Credit(s): 3
PHY 2020 - Conceptual Physics Credit(s): 3
SGEN - General Education Core Natural Sciences Elective

BREADTH COURSES: 3 COURSES; 9 CREDIT HOURS

PSY 2012 - Introduction to Psychological Science Credit(s): 3
ECO 2013 - Economic Principles (Macroeconomics) Credit(s): 3
INR 3033 - International Political Cultures Credit(s): 3 *

* If you are planning to transfer into the Computer Engineering program after obtaining an AA degree, a substitute for this course should be taken as part of your two-year degree program at the lower level to be equated into USF's upper-level curriculum. Please refer to the Fuse Graduation Pathway, or your advisor, for guidance on equivalent lower-level courses. See https://www.usf.edu/undergrad/transfer-student-success/fuse/graduation-paths/index.aspx for more information.

BASIC ENGINEERING COURSES: 2 COURSES; 3 CREDIT HOURS

EGN 3000 - Foundations of Engineering Credit(s): 0-3
EGN 3000L - Foundations of Engineering Lab Credit(s): 3

SPECIALIZATION COURSES: 17 COURSES; 50 CREDIT HOURS

CEN 3722 - Human Computer Interfaces for Information Technology Credit(s): 3
CGS 1540 - Introduction to Databases for Information Technology Credit(s): 3
CGS 3303 - IT Concepts Credit(s): 3
CGS 3853 - Web Systems for IT Credit(s): 3
CIS 3213 - Foundations of Cybersecurity Credit(s): 3
CIS 3433 - System Integration and Architecture for IT Credit(s): 3
CIS 4083 - Cloud Computing for IT Credit(s): 3
CIS 4253 - Ethics for Information Technology Credit(s): 3
CIS 4935 - Senior Project in Information Technology Credit(s): 4
CIS 4935 - Senior Project in Information Technology Credit(s): 4
CNT 4104 - Computer Information Networks for Information Technology Credit(s): 3
CNT 4104L - Computer Information Networks Laboratory for Information Technology Credit(s): 1
CNT 4603 - System Administration and Maintenance for Information Technology Credit(s): 3
COP 2512 - Programming Fundamentals for Information Technology Credit(s): 3
COP 2513 - Object Oriented Programming for Information Technology Credit(s): 3
COP 4538 - Data Structures and Algorithms for Information Technology Credit(s): 3
COP 4703 - Advanced Database Systems for Information Technology Credit(s): 3

COMPOSITION AND TECHNICAL WRITING COURSES: 3 COURSES; 9 CREDIT HOURS

ENC 1101 - Composition I Credit(s): 3
ENC 1102 - Composition II Credit(s): 3
ENC 3246 - Communication for Engineers Credit(s): 3

MAJOR ELECTIVES: 5 COURSES; 15 CREDIT HOURS
The undergraduate section of the department website contains the most up-to-date list of approved IT electives. The posted list also describes the required pre-requisites for the electives. Additional electives may be available with a Special Topics course number (COP 4931). A maximum of nine (9) hours combined of COP 4900 Independent Study in IT and CIS 4947 Industry Internship for IT are allowed as IT electives, with no more than 3 hours in any one given company for CIS 4947 credit. Consult with the Department Undergraduate Advisor to learn more about available electives.

- **CAP 4136 - Malware Analysis and Reverse Engineering** Credit(s): 3
- **CIS 4947 - Industry Internship for IT** Credit(s): 1-5
- **CNT 4716C - Network Programming for IT** Credit(s): 3
- **COP 3353 - User-Level Introduction to Linux for IT** Credit(s): 3
- **COP 4368 - Adv Object-Oriented Programming for IT** Credit(s): 3
- **COP 4900 - Independent Study in Information Technology** Credit(s): 1-5
- **COP 4931 - Special Topics for Information Technology** Credit(s): 3

Check department website for list of approved electives under COP 4931.

### ADDITIONAL INFORMATION - INFORMATION TECHNOLOGY B.S.I.T.

#### GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

#### GRADING REQUIREMENTS

Unless otherwise stated, the minimum acceptable grade in all BSIT required math, science, and engineering courses is a C or higher (C- is insufficient). The minimum acceptable grade in state mandated prerequisite courses is a C or higher (C- is insufficient). The minimum acceptable grade in a specialization course is a C-, expect as stated in the major progression and continuation requirements.

#### RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved major core courses in the major at USF. The minimum number of USF major core credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A concurrent degree (duale degree) student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

#### INTERNSHIP OPPORTUNITIES

The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the engineering college and pursue actual internships during their sophomore, junior, and senior years. See the Department Undergraduate Advisor for more information on earning academic credit for internships.

#### RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will
show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

**ADVISING INFORMATION - INFORMATION TECHNOLOGY B.S.I.T.**

### Plans of Study - Information Technology B.S.I.T.

**NOTES:**
- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see [https://www.usf.edu/undergrad/students/civics-literacy.aspx](https://www.usf.edu/undergrad/students/civics-literacy.aspx) or talk with your academic advisor.
- Items that are critical are marked with a ⚫ and are included in the plan for a student to stay on track.

**Potential Entry Level Job Titles:**
- Information Technology Specialist
- System Administrator
- Database Administrator
- Network Administrator

**Potential Entry Level Salary Range:**
- $45,000 - $75,000

COMPUTER SCIENCE MINOR
TOTAL MINOR HOURS: 15

The Computer Science minor covers key topics in the discipline and is an 15 credit hour program that is expected to be attractive to students in other Engineering departments and to students in Mathematics and the Sciences (including Physics, Chemistry, and Biology).

MINOR REQUIREMENTS
The Computer Science minor is open to all students, except for students majoring in Computer Science, Computer Engineering, Information Technology, and Cybersecurity who meet the prerequisites described below.

MINOR ELECTIVES (6 CREDIT HOURS)
Two Departmental electives of student's choice for which prerequisites have been met. See the Computer Science degree program for a list of electives.

OTHER REQUIREMENTS
Students must register with the Department Undergraduate Advisor prior to starting this minor program. Consultation with the Department Undergraduate Advisor will ensure that students are informed of all offered courses. All catalog prerequisites and registration requirements must be met for enrollment in any of the courses required for the minor. All students desiring to pursue the minor must meet the same prerequisites, entry, and continuation requirements as a Departmental major.

Note: Introduction to Discrete Structures (COT 3100 or equivalent) is required as a prerequisite for COP 4530 Data Structures and COT 4400 Analysis of Algorithms.

GPA REQUIREMENTS
All students desiring to pursue the minor must meet the same continuation requirements as a Departmental major.

GRADING REQUIREMENTS
Continuation in the minor requires successful completion of CDA 3103 and COP 3514 with minimum grades of B, based on best attempts in each course. Grades of B- are insufficient. These requirements must be met with a maximum of two attempts allowed for each course.

OTHER INFORMATION
Specialty tracks in hardware, software, and theory can be defined in consultation with the Department Undergraduate Advisor. A specific pre-graduate school track intended for students planning to seek admission into the Department graduate program has been defined with 9 hours of electives. The electives are as follows.

Note: These electives may have prerequisites not met by the Minor Core.

ADVISING INFORMATION
Department Undergraduate Advisor: http://www.usf.edu/engineering/cse/undergraduate/contacts.aspx
INFORMATION TECHNOLOGY MINOR

TOTAL MINOR HOURS: 21

The Information Technology minor covers key topics in the discipline and is a 21 credit hour program that is expected to be attractive to students in other Engineering departments and to students in Mathematics and the Sciences (including Physics, Chemistry, and Biology) who have no background in software development.

MINOR REQUIREMENTS

The Information Technology minor is open to all students, except for students majoring in Computer Science, Computer Engineering, Information Technology, and Cybersecurity, who meet the prerequisites described below.

MINOR CORE (15 CREDIT HOURS)

- CGS 1540 - Introduction to Databases for Information Technology Credit(s): 3
- CGS 3303 - IT Concepts Credit(s): 3
- COP 2512 - Programming Fundamentals for Information Technology Credit(s): 3
- COP 2513 - Object Oriented Programming for Information Technology Credit(s): 3
- COP 3515 - Advanced Program Design for Information Technology Credit(s): 3

MINOR ELECTIVES (6 CREDIT HOURS)

Two Departmental electives of student's choice (in consultation with the Department Undergraduate Advisor) for which prerequisites have been met.

GPA REQUIREMENTS

Successful completion of the minor requires a minimum 2.0 GPA in the above listed courses.

OTHER REQUIREMENTS

Students must register with the Department Undergraduate Advisor prior to starting this minor program. Consultation with the Department Undergraduate Advisor will ensure that students are informed of all offered courses. All catalog prerequisites and registration requirements must be met for enrollment in any of the courses taken for the minor.

All students desiring to pursue the minor must meet the same prerequisites, entry, and continuation requirements as a Departmental major.

Note: Discrete Mathematics (MAD 2104 or equivalent) is required as a prerequisite for COP 3515 - Advanced Program Design for Information Technology.

ADVISING INFORMATION

Department Undergraduate Advisor:
https://www.usf.edu/engineering/student-services/academic-advising/
ELECTRICAL ENGINEERING B.S.E.E.
TOTAL DEGREE HOURS: 128

The Electrical Engineering major offers study in all areas fundamental to the analysis, design, and development of electrical devices and systems. The areas covered by the major include foundational topics such as circuits and electrical power, to applications such as Internet of Things, Smart Grid, Security, and Data Analytics. The major offers curriculum tracks that include: Bioelectrical Systems, Communication Systems, Energy, Power and Sustainability, Mechatronics, Robotics and Embedded Systems, Micro and Nano-scale Systems and Wireless Systems. Additional information on these areas may be found at: http://www.usf.edu/engineering/ee/documents/trackdescriptions.pdf. Well-equipped laboratories reinforce fundamental concepts, while providing real world hands-on exposure.

MISSION STATEMENT

The mission of the Electrical Engineering Department in the College of Engineering at the University of South Florida is to provide a high quality education in electrical engineering for our students and practicing professionals; create new knowledge and solve real world problems via innovative research, and disseminate this information for the benefit of society; and to engage in effective regional, national and international service and outreach.

Program Educational Objectives and Student Outcomes

Educational Objectives

The Electrical Engineering Department in the College of Engineering at the University of South Florida is committed to graduating electrical engineers who shall within a few years of graduation:

- Demonstrate a progression in technical competence and increasing responsibility in the practice of engineering, and the ability to contribute to the diversity of thought and creativity in the workplace.
- Engage in written and oral professional communication within and beyond the engineering community.
- Continue to develop professionally through life-long learning, advanced education, and other creative pursuits in science and technology.

Student Outcomes

- An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics
- An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors
- An ability to communicate effectively with a range of audiences
- An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts
- An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives
- An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions
- An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

Please refer to the mission statement on the department website for additional information.

Student Enrollment Data

Student enrollment data can be found at the department's website: https://www.usf.edu/engineering/ee/about-us/factsandtrends.aspx.

UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:
PROGRESSION REQUIREMENTS IN THE UPPER DIVISION - ELECTRICAL ENGINEERING B.S.E.E.

Electrical Engineering students who have fully met the below requirements and are in good academic standing, may progress into the upper division of the major. Prior to progression into the upper division, a student may be permitted to take no more than two departmental engineering courses beyond the first two years. Upon admission to the department all students must meet with the Undergraduate Program Coordinator, to discuss their pathway to graduation, and the department's Academic Integrity policies. The Department has continuation requirements which specify minimum performance standards in core major courses which must be met before further registration in the Department is granted.

Completion of:
MAC 2311 - Calculus I Credit(s): 4

**OR**
MAC 2281 - Engineering Calculus I Credit(s): 4

AND
MAC 2312 - Calculus II Credit(s): 4

**OR**
MAC 2282 - Engineering Calculus II Credit(s): 4

AND
MAC 2313 - Calculus III Credit(s): 4

**OR**
MAC 2283 - Engineering Calculus III Credit(s): 4

PHY 2048 - General Physics I - Calculus Based Credit(s): 3

**AND**
PHY 2048L - General Physics I Laboratory Credit(s): 1

CHM 2045 - General Chemistry I Credit(s): 3

**AND**
CHM 2045L - General Chemistry I Laboratory Credit(s): 1

**OR**
CHS 2440 - General Chemistry for Engineers Credit(s): 3

**AND**
CHS 2440L - General Chemistry for Engineers Lab Credit(s): 1

A minimum grade of C in each course and a 3.0 GPA based upon the best attempt in these courses (maximum two attempts) for guaranteed progression to the upper division, OR a 2.75 GPA based upon the best attempt in these courses for a conditional progression to the upper division pending review of complete transcript.

2. A minimum overall GPA of 2.0
3. A minimum USF GPA of 2.0

MINIMUM CONTINUATION REQUIREMENTS - ELECTRICAL ENGINEERING B.S.E.E.

Continuation in the major requires successful completion of EGN 3433 - Modeling and Analysis of Engineering Systems Credit(s): 3

**OR**
MAP 2302 - Differential Equations Credit(s): 3 with a grade of C or higher (best attempt).

DEPARTMENTAL POLICIES

In addition to the College’s graduation requirement, the department has the following policies:

Students must consult with an academic advisor for the development of their individual academic study plan, and selection and approval of their Electrical Engineering Technical Electives.

To hear a brief welcome message, access current course listings and to schedule an appointment with an EE undergraduate advisor, the student can use the following link: https://www.usf.edu/engineering/ee/undergraduate/ugadvising.aspx

In order to reach an EE undergraduate advisor via e-mail, please use the following: ENG-EEAdvising@usf.edu

Students must complete Exit interviews as a graduation requirement.

STATE MANDATED COMMON COURSE PREREQUISITES - ELECTRICAL ENGINEERING B.S.E.E.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.
Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to the department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

Mathematics:
Courses at USF

MAC 2281 - Engineering Calculus I Credit(s): 4  OR MAC 2311 - Calculus I Credit(s): 4
MAC 2282 - Engineering Calculus II Credit(s): 4  OR MAC 2312 - Calculus II Credit(s): 4
MAC 2283 - Engineering Calculus III Credit(s): 4  OR MAC 2313 - Calculus III Credit(s): 4
MAP 2302 - Differential Equations Credit(s): 3

Courses at a Florida College System Institution

MAC X311 OR MAC X281 - 4 credit hours
MAC X312 OR MAC X282 - 4 credit hours
MAC X313 OR MAC X283 - 4 credit hours
MAP X302 OR MAP X305 - 3 credit hours

Natural Sciences:
Courses at USF

CHM 2045 - General Chemistry I Credit(s): 3  AND CHM 2045L - General Chemistry I Laboratory Credit(s): 1
CHS 2440 - General Chemistry for Engineers Credit(s): 3  AND CHS 2440L - General Chemistry for Engineers Lab Credit(s): 1
PHY 2048 - General Physics I - Calculus Based Credit(s): 3  AND PHY 2048L - General Physics I Laboratory Credit(s): 1
PHY 2049 - General Physics II - Calculus Based Credit(s): 3  AND PHY 2049L - General Physics II Laboratory Credit(s): 1

Courses at a Florida College System Institution

(CHM X045 and CHM X045L) OR CHM X045C OR (CHS X440 and CHS X440L)* - 4 credit hours
(PHY X048 and PHY X048L) OR PHY X048C - 4-5 credit hours
(PHY X049 and PHY X049L) OR PHY X049C OR (PHY X044 and PHY X049L) OR (PHY X042 and PHY X049L) - 4-5 credit hours

*CHS X440 if 4 credit hours with included laboratory.

REQUIRED COURSES: (116 CREDIT HOURS)

MAJOR CORE COURSES: 39 COURSES; 99 CREDIT HOURS

Math and Science Courses: 10 courses; 27 credit hours

MAC 2281 - Engineering Calculus I Credit(s): 4
OR
MAC 2311 - Calculus I Credit(s): 4
MAC 2282 - Engineering Calculus II Credit(s): 4
OR
MAC 2312 - Calculus II Credit(s): 4
MAC 2283 - Engineering Calculus III Credit(s): 4
OR
MAC 2313 - Calculus III Credit(s): 4
MAP 2302 - Differential Equations Credit(s): 3
OR
EGN 3433 - Modeling and Analysis of Engineering Systems Credit(s): 3
CHM 2045 - General Chemistry I Credit(s): 3
OR
CHS 2440 - General Chemistry for Engineers Credit(s): 3
CHM 2045L - General Chemistry I Laboratory Credit(s): 1
OR
CHS 2440L - General Chemistry for Engineers Lab Credit(s): 1
PHY 2048 - General Physics I - Calculus Based Credit(s): 3
PHY 2048L - General Physics I Laboratory Credit(s): 1
EEL 3472C - Electrical Engineering Science II - Electromagnetics Credit(s): 4
OR
PHY 2049 - General Physics II - Calculus Based Credit(s): 3
AND
PHY 2049L - General Physics II Laboratory Credit(s): 1

Note: EEL 3472C is required; if Physics II is transferred, it will count as a major elective. Physics II does not count as an upper-level elective for the major if taken after being admitted to the department (Upper level Degree Progression).

BASIC ENGINEERING COURSES: 4 COURSES; 9 CREDIT HOURS

EGN 3000 - Foundations of Engineering Credit(s): 0-3
EGN 3000L - Foundations of Engineering Lab Credit(s): 3
EGN 3443 - Probability and Statistics for Engineers Credit(s): 3
EGN 3615 - Engineering Economics with Social and Global Implications Credit(s): 3

MAJOR CORE COURSES: 17 COURSES; 40 CREDIT HOURS

REQUIRED CORE: 13 COURSES; 28 CREDIT HOURS

EEE 3394 - Electrical Engineering Science I - Electronic Materials Credit(s): 3
EEL 2161 - Programming with C Credit(s): 3
EEL 3115L - Laboratory I Credit(s): 1
EEL 3163C - Computer Tool Lab Credit(s): 1
EEL 3705 - Fundamentals of Digital Circuits Credit(s): 3
EEL 3705L - Fundamentals of Digital Circuits Laboratory Credit(s): 1
EEL 4102 - Signals and Systems Credit(s): 3
EGN 3373 - Electrical Systems I Credit(s): 3
EGN 3374 - Introduction to Electrical Systems II Credit(s): 3
EGN 3420 - Engineering Analysis Credit(s): 4
EGS 2070 - Professional Formation of Engineers 1 Credit(s): 1
EGS 3071 - Professional Formation of Engineers 2 Credit(s): 1
EGS 3072 - Professional Formation of Engineers 3 Credit(s): 1

ELECTIVE CORE: 4 COURSES; 12 CREDIT HOURS

Students must choose four (4) out of the seven (7) courses listed below. Each course serves as a "gateway" to the Technical Tracks (see technical tracks and technical electives lists below).

EEE 3302 - Electronics I Credit(s): 3 (Gateway Course for Technical Track #1)
EEL 4512C - Introduction to Communication Systems Credit(s): 3 (Gateway Course for Technical Tracks #2 & #7)
EGN 3375 - Electromechanical Systems Credit(s): 3 (Gateway Course for Technical Track #3)
EEL 4657 - Linear Control Systems Credit(s): 3 (Gateway Course for Technical Track #4)
EEL 4351C - Semiconductor Devices Credit(s): 3 (Gateway Course for Technical Track #5)
EEL 4423C - Wireless Circuits & Systems Design Laboratory Credit(s): 3 (Gateway Course for Technical Track #6)
EEL 4835 - Programming Design Credit(s): 3 (Gateway Course for Technical Track #7)

1288
MAJOR SPECIALIZATION COURSES: 6 COURSES; 14 CREDIT HOURS

Students must choose a minimum of two (2) technical tracks as areas of specialization and select at least two (2) 3-credit hour courses and one (1) 1-credit hour laboratory from courses listed under each track, except Track 6 in which the lab component is included in the Gateway course. Courses cannot be double counted across tracks.

See Track and Technical Electives lists below; graduate-level courses are also available under each track area.

TRACK 1: BIOELECTRICAL SYSTEMS

- EEE 4260C - Bioelectricity Credit(s): 3
- EEE 4271 - Bioelectronics Credit(s): 3
- EEE 4410 - System on a Chip Credit(s): 3
- EEE 4506 - Biomedical Image Processing Credit(s): 3
- EEL 3116L - Laboratory II Credit(s): 1

TRACK 2: COMMUNICATION SYSTEMS

- EEL 4595 - Mobile and Personal Communication Credit(s): 3
- EEL 4727C - Digital Signal Processing with Field Programmable Credit(s): 3
- EEL 4756 - Digital Signal Processing Credit(s): 3
- EEL 4743L - Microprocessor Laboratory Credit(s): 1
- EEL 4423C - Wireless Circuits & Systems Design Laboratory Credit(s): 3

TRACK 3: ENERGY, POWER, AND SUSTAINABILITY

- EEL 4212 - Energy Delivery Systems Credit(s): 3
- EEL 4214 - Electric (Utility) Distribution Systems Credit(s): 3
- EEL 4224 - Electric Machines and Drives Credit(s): 3
- EEL 4241 - Power Electronics Credit(s): 3
- EEL 4251 - Power System Analysis Credit(s): 3
- EEL 4252 - Power Systems II Credit(s): 3
- EEL 4271 - Power System Protection Credit(s): 3
- EEL 4283 - Sustainable Energy Credit(s): 3
- EEL 4295 - Power Quality Credit(s): 3
- EEL 4206L - Electromechanical Energy System Lab Credit(s): 1

TRACK 4: MECHATRONICS, ROBOTICS, AND EMBEDDED SYSTEMS

- EEL 3100 - Network Analysis and Design Credit(s): 3
- EEL 4657L - Linear Control Systems Laboratory Credit(s): 1
- EEL 4663 - Applied Robotics Credit(s): 3
- EEL 4680 - Applied Mechatronics Credit(s): 3
- EEL 4740 - Embedded Systems Credit(s): 3
- EEL 4643L - Microprocessor Laboratory Credit(s): 1
- EEL 4744 - Microprocessor Principles and Applications Credit(s): 3

TRACK 5: MICRO AND NANO-SCALE SYSTEMS

- EEE 3302 - Electronics I Credit(s): 3
- EEE 4274 - MEMS I: Chemical/Biomedical Sensors and Microfabrication Credit(s): 3
- EEE 4359 - Analog CMOS/VLSI Design Credit(s): 3
- EEL 3116L - Laboratory II Credit(s): 1
- EEL 4567 - Electro-Optics Credit(s): 3

TRACK 6: WIRELESS CIRCUITS AND SYSTEMS

- EEL 4420 - RF & Microwave Measurements Credit(s): 2-3
- EEL 4421 - RF/Microwave Circuits I Credit(s): 3
- EEL 4422 - RF/Microwave Circuits II Credit(s): 3
- EEL 4461 - Antenna Theory Credit(s): 3
### TRACK 7: SYSTEMS AND SECURITY
- EEE 4746 - Wireless Mobile Computing and Security **Credit(s): 3**
- EEE 4748 - Cryptography and Data Security **Credit(s): 3**
- EEE 4774 - Data Analytics **Credit(s): 3**
- EEL 4782 - Data Networks and Systems and Security **Credit(s): 3**
- EEL 4872 - AI and Security in Cyber Physical Systems **Credit(s): 3**

### CAPSTONE DESIGN SEQUENCE COURSES: 2 COURSES; 6 CREDIT HOURS
- EEL 4906 - EE Design 1 **Credit(s): 3**
- EEL 4914 - EE Design 2 **Credit(s): 3**
  
  Please note that the capstone design sequence including the EEL 4906 - EE Design 1 and the EEL 4914 - EE Design 2 courses, must be taken within the final year of the student's degree program.

### TECHNICAL WRITING COURSE: 1 COURSE; 3 CREDIT HOURS
- ENC 3246 - Communication for Engineers **Credit(s): 3**

### MAJOR ELECTIVES: 17 CREDIT HOURS
Select 17 credit hours of course and laboratory work from any of the Electrical Engineering upper-level (3000- or 4000-level) courses listed in the Undergraduate Catalog. Students may choose more coursework under the two specialization tracks, or choose breadth over depth by choosing courses in other Electrical Engineering areas.

Students can complete up to 3 credit hours of general technical elective courses at the 3000 and 4000 levels, with prior department approval such as an engineering course outside of the Electrical Engineering department, courses in physics, math, biology etc. or the Leadership in Engineering course.

In order to recognize our students' extra-curricular professional formation activities, the department also allows the students to take an EE internship course up to 3-credit hours if they secure an internship within the electrical engineering discipline. The credit hours will depend on the specifics of the internship (i.e., part-time versus full-time) and will be approved by the undergraduate program director Dr. Ismail Uysal. Students are encouraged to reach out to EE Advising at eng-eeadvising@usf.edu when they receive an offer for an internship.

### ADDITIONAL INFORMATION - ELECTRICAL ENGINEERING B.S.E.E.

#### GPA REQUIREMENTS
Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA

#### GRADING REQUIREMENTS
Unless otherwise stated, the minimum acceptable grade in BSEE required math, science, engineering and specialization courses is a C or higher (C- is insufficient).

#### RESIDENCY REQUIREMENTS
Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

#### INTERNSHIP OPPORTUNITIES
The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies
offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the engineering college and pursue actual internships during their sophomore, junior, and senior years.

Students seeking to secure an internship, are strongly encouraged to sign up on Handshake (https://usf.joinhandshake.com/login) and complete their profile.

**BACHELOR’S/MASTER’S PATHWAYS**

Students majoring in Electrical Engineering have the option to pursue one of the following Bachelor’s/Master’s Pathways:

- B.S.E.E. in Electrical Engineering and M.S.E.E in Electrical Engineering
- B.S.E.E. in Electrical Engineering and M.S.E.M. in Engineering Management
- B.S.E.E. in Electrical Engineering and M.S.M.S.E. in Materials Science and Engineering

For more information, see the Graduate Catalog.

**ACCREDITATION INFORMATION - COLLEGE OF ENGINEERING**

This Engineering degree program is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

**RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING**

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

**ADVISING INFORMATION - ELECTRICAL ENGINEERING B.S.E.E.**

All incoming freshman and transfer students must meet with one of the college advisors in the Engineering Student Services (ESS).

**Engineering Student Services**
Office: Engineering Building Ill (ENC) 1302
Phone: (813) 974-2684
Email(s): Can be found here: https://www.usf.edu/engineering/student-services/academic-advising/advisors.aspx
Website: www.usf.edu/engineering/student-services

Electrical Engineering students progressing into the upper-division should meet with the EE Department Undergraduate Advisor.

**Dr. Ismail Uysal**
UG, Program Director
iuysal@usf.edu
Engineering Building II (ENB) 366
(813) 974-8823

**Ms. Gabriela Franco**
Academic Services Administrator
gabriela4@usf.edu
Engineering Building II (ENB) 379E
(813) 974-2659
More information on upper-division EE advising can be found on the following website: https://www.usf.edu/engineering/ee/undergraduate/ugadvising.aspx

### Plans of Study - Electrical Engineering B.S.E.E.

**NOTES:**
- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
- Items that are critical are marked with a ✓ and are included in the plan for a student to stay on track.

**Potential Entry Level Job Titles:**
- Systems Engineer
- Design Engineer
- Process Engineer
- Biomedical Engineer
- Hardware Engineer
- Government Service Technical Service Representative

**Potential Entry Level Salary Range:**
$40,000 - $70,000

  NOTE: SCIV - Civics Literacy requirement needs to be fulfilled prior to graduation. See advisor.
- NOTE: TGEC - Creative Thinking is met with EGN 3000L
  Total Credit Hours: 14

SEМESTER 2 (SPRING)
- EEL 3705 - Fundamentals of Digital Circuits Credit(s): 3
- ENC 1102 - Composition II Credit(s): 3
- MAC 2282 - Engineering Calculus II Credit(s): 4
  OR MAC 2312 - Calculus II Credit(s): 4
- PHY 2048 - General Physics I - Calculus Based Credit(s): 3
- PHY 2048L - General Physics I Laboratory Credit(s): 1
  Total Credit Hours: 14

SEМESTER 3 (SUMMER)

Please consider pursing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.
YEAR 2

SEMESTER 4 (FALL)

- EEE 3394 - Electrical Engineering Science I - Electronic Materials **Credit(s):** 3
- EEL 3705L - Fundamentals of Digital Circuits Laboratory **Credit(s):** 1
- EGN 3420 - Engineering Analysis **Credit(s):** 4
- MAC 2283 - Engineering Calculus III **Credit(s):** 4
  OR MAC 2313 - Calculus III **Credit(s):** 4
- SGEH - General Education Core Humanities **Credit(s):** 3

**Total Credit Hours:** 15

SEMESTER 5 (SPRING)

- EGN 3373 - Electrical Systems I **Credit(s):** 3
- EGN 3433 - Modeling and Analysis of Engineering Systems **Credit(s):** 3
  OR MAP 2302 - Differential Equations **Credit(s):** 3
- EGS 2070 - Professional Formation of Engineers 1 **Credit(s):** 1
- EEL 2161 - Programming with C **Credit(s):** 3
- EEL 3472C - Electrical Engineering Science II - Electromagnetics **Credit(s):** 4
  OR PHY 2049 - General Physics II - Calculus Based **Credit(s):** 3 AND PHY 2049L - General Physics II Laboratory **Credit(s):** 1

**Total Credit Hours:** 14

SEMESTER 6 (SUMMER)

- EGN 3374 - Introduction to Electrical Systems II **Credit(s):** 3
- EGN 3443 - Probability and Statistics for Engineers **Credit(s):** 3
- EGN 3615 - Engineering Economics with Social and Global Implications **Credit(s):** 3
  NOTE: TGED - Human & Cultural Diversity is met with EGN 3615
  NOTE: TGEI - Information and Data Literacy is met with EGN 3443

**Total Credit Hours:** 9

YEAR 3

SEMESTER 7 (FALL)

- EEL 3115L - Laboratory I **Credit(s):** 1
- EEL 3163C - Computer Tool Lab **Credit(s):** 1
- EEL 4102 - Signals and Systems **Credit(s):** 3
- EGS 3071 - Professional Formation of Engineers 2 **Credit(s):** 1
- ENC 3246 - Communication for Engineers **Credit(s):** 3
- EE Core Technical Elective **Credit(s):** 3
- EE Core Technical Elective **Credit(s):** 3

**Total Credit Hours:** 15

SEMESTER 8 (SPRING)

- EGS 3072 - Professional Formation of Engineers 3 **Credit(s):** 1
- EE Core Technical Elective **Credit(s):** 3
- EE Core Technical Elective **Credit(s):** 3
- EE Track Elective **Credit(s):** 3
- EE Track Elective **Credit(s):** 3
- EE Track Elective Lab **Credit(s):** 1
  NOTE: TGEE - Ethical Reasoning & Civic Engagement is meet with EGS 2070, EGS 3071 and EGS 3072 (3 hours total)

**Total Credit Hours:** 15

SEMESTER 9 (SUMMER)
**Internship/Co-op Participation**

Total Credit Hours: 0

Total Credit Hours: 16
DEPARTMENT OF INDUSTRIAL AND MANAGEMENT SYSTEMS ENGINEERING
INDUSTRIAL ENGINEERING B.S.I.E.

TOTAL DEGREE HOURS: 120

Industrial engineering (IE) is a field of study intended for individuals who are interested in formulating mathematical, statistical, and computer simulation models of complex systems in manufacturing, logistics, information, healthcare, transportation, financial, utilities, entertainment, and service. IEs connect big data sets and models to make engineering decisions for improving system performance and developing public policies. Unlike traditional disciplines in engineering, the scope of the industrial engineering field is very broad.

MISSION STATEMENT

The mission of the IMSE Department is to:

- Assure student success through a high-quality education which integrates the latest research and practices of the field;
- Pursue excellence in interdisciplinary research and innovation;
- Engage with the profession and the community.

Please see the mission statement on the department website for additional information.

Program Educational Objectives

Our graduates are expected to:

- Have applied concepts industrial engineering effectively and creatively
- Have demonstrated effective communication and teamwork
- Have engaged in community service and leadership
- Have continued to pursue life-long learning

Student Outcomes

The graduates of the B.S. degree program in Industrial Engineering at USF will demonstrate that they have an ability to:

- Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
- Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social environmental, and economic factors.
- Communicate effectively with a range of audiences.
- Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
- Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
- Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
- Acquire and apply new knowledge as needed, using appropriate learning strategies.

Student Enrollment Data

Student enrollment data is posted on the Department website.

UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Engineering, see the information at College of Engineering.
PROGRESSION REQUIREMENTS IN THE UPPER DIVISION - INDUSTRIAL ENGINEERING B.S.I.E.

Industrial Engineering students who have fully met the below requirements and are in good academic standing, may progress into the upper division for the major. Prior to progression into the upper division, a student may be permitted to take no more than two departmental Engineering courses. The department may have continuation requirements which specify minimum performance standards in core major courses which must be met before further registration in the department is granted.

Completion of with a minimum grade of C in each course and a 3.0 GPA based upon the best attempt in these courses:

- MAC 2311 - Calculus I Credit(s): 4 OR MAC 2281 - Engineering Calculus I Credit(s): 4
  AND MAC 2312 - Calculus II Credit(s): 4 OR MAC 2282 - Engineering Calculus II Credit(s): 4
  AND MAC 2313 - Calculus III Credit(s): 4 OR MAC 2283 - Engineering Calculus III Credit(s): 4
- PHY 2048 - General Physics I - Calculus Based Credit(s): 3 AND PHY 2048L - General Physics I Laboratory Credit(s): 1
- PHY 2049 - General Physics II - Calculus Based Credit(s): 3 AND PHY 2049L - General Physics II Laboratory Credit(s): 1
- CHM 2045 - General Chemistry I Credit(s): 3 AND CHM 2045L - General Chemistry I Laboratory Credit(s): 1
  OR CHS 2440 - General Chemistry for Engineers Credit(s): 3 AND CHS 2440L - General Chemistry for Engineers Lab Credit(s): 1

A minimum overall GPA of 2.5
A minimum USF GPA of 2.5

Students who meet the minimum USF GPA and overall GPA requirements, but not the preferred qualifications (#1 above) may submit a Conditional Progression form to the IMSE Undergraduate Committee for consideration. Forms for the Fall term are due by October 1st and Spring term are due by March 1st.

MINIMUM CONTINUATION REQUIREMENTS - INDUSTRIAL ENGINEERING B.S.I.E.

Continuation in the major requires successful completion of EGN 3443 - Probability and Statistics for Engineers Credit(s): 3 with a grade of B (not B-) or higher (best attempt).

DEPARTMENTAL POLICIES

The Department has the following policies:

- Mandatory academic advising of students for each term,
- Exit interviews as a graduation requirement,
- Students are encouraged to take the FE Exam.

STATE MANDATED COMMON COURSE PREREQUISITES - INDUSTRIAL ENGINEERING B.S.I.E.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to the department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.
Mathematics:

Courses at USF

MAC 2281 - Engineering Calculus I Credit(s): 4  OR  MAC 2311 - Calculus I Credit(s): 4
MAC 2282 - Engineering Calculus II Credit(s): 4  OR  MAC 2312 - Calculus II Credit(s): 4
MAC 2283 - Engineering Calculus III Credit(s): 4  OR  MAC 2313 - Calculus III Credit(s): 4
MAP 2302 - Differential Equations Credit(s): 3

Courses at a Florida College System Institution

MAC X311 OR MAC X281 - 4 credit hours
MAC X312 OR MAC X282 - 4 credit hours
MAC X313 OR MAC X283 - 4 credit hours
MAP X302 OR MAP X305 - 3 credit hours

Natural Sciences:

Courses at USF

CHM 2045 - General Chemistry I Credit(s): 3 AND CHM 2045L - General Chemistry I Laboratory Credit(s): 1
OR CHS 2440 - General Chemistry for Engineers Credit(s): 3 AND CHS 2440L - General Chemistry for Engineers Lab Credit(s): 1
PHY 2048 - General Physics I - Calculus Based Credit(s): 3  AND PHY 2048L - General Physics I Laboratory Credit(s): 1
PHY 2049 - General Physics II - Calculus Based Credit(s): 3  AND PHY 2049L - General Physics II Laboratory Credit(s): 1

Courses at a Florida College System Institution

(CHM X045 and CHM X045L) OR CHM X045C OR (CHS X440 and CHS X440L) - 4 credit hours
(PHY X048 and PHY X048L) OR PHY X048C - 4 credit hours
(PHY X049 and PHY X049L) OR PHY X049C OR (PHY X044 and PHY X049L) - 4 credit hours

REQUIRED COURSES: (105 CREDIT HOURS)

MAJOR CORE COURSES: 35 COURSES; 98 CREDIT HOURS

MATH AND SCIENCE COURSES: 10 COURSES; 27 CREDIT HOURS

MAC 2281 - Engineering Calculus I Credit(s): 4
OR
MAC 2311 - Calculus I Credit(s): 4
MAC 2282 - Engineering Calculus II Credit(s): 4
OR
MAC 2312 - Calculus II Credit(s): 4
MAC 2283 - Engineering Calculus III Credit(s): 4
OR
MAC 2313 - Calculus III Credit(s): 4

EGN 3433 - Modeling and Analysis of Engineering Systems Credit(s): 3
CHS 2440 - General Chemistry for Engineers Credit(s): 3
OR
CHM 2045 - General Chemistry I Credit(s): 3
CHS 2440L - General Chemistry for Engineers Lab Credit(s): 1
OR
CHM 2045L - General Chemistry I Laboratory Credit(s): 1
PHY 2048 - General Physics I - Calculus Based Credit(s): 3
PHY 2048L - General Physics I Laboratory Credit(s): 1
PHY 2049 - General Physics II - Calculus Based Credit(s): 3
PHY 2049L - General Physics II Laboratory Credit(s): 1
COLLEGE OF ENGINEERING

BASIC ENGINEERING COURSES: 9 COURSES; 23 CREDIT HOURS

- EGN 3000 - Foundations of Engineering Credit(s): 0-3
- EGN 3000L - Foundations of Engineering Lab Credit(s): 3
- EGN 3443 - Probability and Statistics for Engineers Credit(s): 3
- EGN 4450 - Introduction to Linear Systems Credit(s): 2
- EGN 1113 - Introduction to Design Graphics Credit(s): 3
- EGN 3311 - Statics Credit(s): 3
- EGN 3373 - Electrical Systems I Credit(s): 3
- EGN 3365 - Materials Engineering I Credit(s): 3
- EGN 3615 - Engineering Economics with Social and Global Implications Credit(s): 3

SPECIALIZATION COURSES: 15 COURSES; 45 CREDIT HOURS

- EIN 4241 - Human-Machine Systems Engineering Credit(s): 3
- EIN 4333 - Production Control Credit(s): 3
- EIN 4601C - Automation and Robotics Credit(s): 3
- EIN 4621 - Manufacturing Processes Credit(s): 3
- EIN 4890 - Industrial Engineering Senior Design Project I Credit(s): 3
- EIN 4891 - Industrial Engineering Senior Design Project II Credit(s): 3
- ESI 4007 - Engineering Programming Credit(s): 3
- ESI 4221 - Statistical Methods in Quality Analytics Credit(s): 3
- ESI 4244 - Design of Experiments Credit(s): 3
- ESI 4312 - Foundations of Optimization Credit(s): 3
- ESI 4313 - Stochastic Systems Credit(s): 3
- ESI 4523 - Systems Simulation Credit(s): 3
- ESI 4606 - Analytics I - Foundations of Data Science Credit(s): 3
- ESI 4607 - Analytics II - Applied Data Science Credit(s): 3
- ESI 4620 - Principles of Data Engineering Credit(s): 3

Note: The BSIE Senior Design Project is a full academic year experience. Therefore EIN 4890 and EIN 4891 must be taken sequentially and completed within the same academic year.

TECHNICAL WRITING COURSE: 1 COURSE; 3 CREDIT HOURS

- ENC 3246 - Communication for Engineers Credit(s): 3

MAJOR ELECTIVES: 3 COURSES; 7 CREDIT HOURS

Seven (7) credit hours of Departmental Upper-Level Electives (Industrial Engineering Technical Elective)

- EIN 4142 - Project Management Credit(s): 3
- EIN 4172 - ISO 9000/14000 Credit(s): 3
- EIN 4173 - Quality Management Systems Credit(s): 3
- EIN 4180 - Principles of Engineering Management Credit(s): 3
- EIN 4200 - Creativity in Technology Credit(s): 3
- EIN 4213 - Engineering Systems Safety Credit(s): 3
- EIN 4214 - Occupational Safety Engineering Credit(s): 3
- EIN 4933 - Special Topics in Industrial Engineering Credit(s): 1-3
- EIN 4940 - Industry Internship Credit(s): 0-3
- ESI 4326 - Engineering the Supply Chain Credit(s): 3

ADDITIONAL INFORMATION - INDUSTRIAL ENGINEERING B.S.I.E.

GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

GRADING REQUIREMENTS
Unless otherwise stated, the minimum acceptable grade in all BSIE required math, science, engineering, and specialization courses is a C or higher (C- is insufficient).

**Major Course Grade Requirement**

Continuation in the major requires successful completion of EGN 3443 - Probability and Statistics for Engineers with a grade of B (not B-) or higher (best attempt).

**RESIDENCY REQUIREMENTS**

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

**INTERNSHIP OPPORTUNITIES**

The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the engineering college and pursue actual internships during their sophomore, junior, and senior years. The IMSE department strongly encourages all BSIE students to pursue internship opportunities and provides continual information to students as new opportunities become available.

**ACCREDITATION INFORMATION - COLLEGE OF ENGINEERING**

This Engineering degree program is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

**RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING**

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

**ADVISING INFORMATION - INDUSTRIAL ENGINEERING B.S.I.E.**

Students who wish to declare Industrial Engineering as their major must apply to be admitted into the department. A department application and an IE flowchart with courses completed must be obtained from Engineering Student Services in Engineering Building III (ENC) 1302 prior to an initial advising appointment request in the department. This should be done when the four core prerequisites of EGN 1113 - Introduction to Design Graphics, EGN 3443 - Probability and Statistics for Engineers, EGN 4450 - Introduction to Linear Systems, and EGN 3615 - Engineering Economics with Social and Global Implications have been satisfactorily completed, and the minimum entrance requirements are met. The first departmental advising session will be scheduled with the Undergraduate Director, Dr. Kingsley Reeves. Subsequently, the student will be assigned to an IE faculty as their permanent advisor for the remainder of their semesters until completion of their degree.

**Plans of Study - Industrial Engineering B.S.I.E.**
NOTES:
SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor. Items that are critical are marked with a * and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:
Data Analyst
Health Care Optimization Manager
Manufacturing Product and Process Improvement Engineer
Transportation Systems Analysis and Design Analyst
Logistics Director in U.S. Military

Potential Entry Level Salary Range:
$60,000 - $72,000

Industrial Engineering B.S.I.E. - 2 Year Plan of Study

YEAR 1

SEMESTER 1 (FALL)

EGN 3000 - Foundations of Engineering Credit(s): 0-3

Total Credit Hours: 12
DEPARTMENT OF MECHANICAL ENGINEERING
MECHANICAL ENGINEERING B.S.M.E.

TOTAL DEGREE HOURS: 120

Students pursuing the Bachelor of Science in Mechanical Engineering take coursework in thermodynamics, heat transfer, instrumentation, measurements, computer-aided design, solid and fluid mechanics, dynamics, machine analysis and design, mechanical design, manufacturing processes, vibrations and controls. This is supplemented by elective coursework in such areas as sustainability, internal combustion engines, refrigeration and air conditioning, mechanical design, robotics, propulsion, manufacturing, bio-engineering, alternative energy, thermal design, composite materials, and tribology. Laboratories are available for basic instrumentation, thermal and fluid sciences, solid mechanics, data acquisition, controls, CAD/CAE, and vibrations. Graduates of this major are employed in design, manufacturing, contracting, operations, marketing, and management in virtually all segments of industry and government, including, but not limited to: aeronautics, aerospace and propulsion; automotive, internal combustion engines, fuel cells and transportation; propulsion systems; power generation; heating, ventilation and air conditioning; structures and machinery design; mining and oil exploration; paper, textile, food, and petrochemical industries/processing/manufacturing; micro and nano materials and semiconductors; and biomaterials and bioengineering. There are abundant career opportunities in a wide range of industries because mechanical equipment is required in every aspect of modern industry.

MISSION STATEMENT

The Mission of the Department of Mechanical Engineering in the College of Engineering at the University of South Florida is to provide a quality undergraduate and graduate education for students entering the mechanical engineering profession or seeking careers in related fields: to advance scientific knowledge through basic and applied research; to disseminate technical information through scholarly publications, conferences and continuing education; to advance the profession through service within the associated societies, and to promote activities which serve global development.

PROGRAM EDUCATIONAL OBJECTIVES AND ABET STUDENT OUTCOMES

PROGRAM EDUCATIONAL OBJECTIVES

Our Graduates, within a few years after graduation, will successfully:

A. Apply concepts of science, mathematics, computation, and mechanical engineering, including design theory, experimental techniques and manufacturing.

B. Pursue a productive career using strong critical thinking, innovation, and problem solving skills.

C. Demonstrate professional growth and leadership by using effective communication skills and participating in multi-disciplinary collaborations.

D. Engage in life-long learning and pursue continued career development with professional and ethical responsibility.

ABET STUDENT OUTCOMES

The graduates of the B.S. degree program in Mechanical Engineering at USF will demonstrate that they have an ability to:

- Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
- Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
- Communicate effectively with a range of audiences.
- Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
- Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.

Acquire and apply new knowledge as needed, using appropriate learning strategies.

The curriculum must require students to apply principles of engineering, basic science, and mathematics (including multivariate calculus and differential equations); to model, analyze, design, and realize physical systems, components or processes; and prepare students to work professionally in either thermal or mechanical systems while requiring topics in each area.

STUDENT ENROLLMENT DATA

Student enrollment data is posted on the Department website.

UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Engineering, see the information at College of Engineering.

PROGRESSION REQUIREMENTS IN THE UPPER DIVISION: MECHANICAL ENGINEERING B.S.M.E.

Mechanical Engineering students who have fully met the below requirements and are in good academic standing, may progress into the upper division of the major. Prior to progression into the upper division, a student may be permitted to take no more than two departmental engineering courses. The department may have continuation requirements which specify minimum performance standards in core major courses which must be met before further registration in the department is granted.

Completion of the following courses with a cumulative 3.0 GPA based on best attempt (maximum two attempts) and a minimum grade of C in each course:

- MAC 2311 - Calculus I Credit(s): 4 OR MAC 2281 - Engineering Calculus I Credit(s): 4
- MAC 2312 - Calculus II Credit(s): 4 OR MAC 2282 - Engineering Calculus II Credit(s): 4
- MAC 2313 - Calculus III Credit(s): 4 OR MAC 2283 - Engineering Calculus III Credit(s): 4
- PHY 2048 - General Physics I - Calculus Based Credit(s): 3 AND PHY 2048L - General Physics I Laboratory Credit(s): 1
- PHY 2049 - General Physics II - Calculus Based Credit(s): 3 AND PHY 2049L - General Physics II Laboratory Credit(s): 1
- CHM 2045 - General Chemistry I Credit(s): 3 AND CHM 2045L - General Chemistry I Laboratory Credit(s): 1
- OR CHS 2440 - General Chemistry for Engineers Credit(s): 3 AND CHS 2440L - General Chemistry for Engineers Lab Credit(s): 1

A minimum overall GPA of 2.5
A minimum USF GPA of 2.5

MINIMUM CONTINUATION REQUIREMENTS - MECHANICAL ENGINEERING B.S.M.E.

Completion of EGN 3311 - Statics Credit(s): 3 and EGN 3321 - Dynamics Credit(s): 3 with a minimum grade of "C+" in each course (grade of C is insufficient).

Completion of EML 3500 - Mechanics of Solids Credit(s): 3 and EGN 3343 - Thermodynamics I Credit(s): 3 with a minimum grade of C in each course (C- is insufficient).

STATE MANDATED COMMON COURSE PREREQUISITES - MECHANICAL ENGINEERING B.S.M.E.
Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to the department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

**Mathematics:**

**Courses at USF**

MAC 2281 - Engineering Calculus I Credit(s): 4
MAC 2282 - Engineering Calculus II Credit(s): 4
MAC 2283 - Engineering Calculus III Credit(s): 4
MAP 2302 - Differential Equations Credit(s): 3

**Courses at a Florida College System Institution**

MAC X311 OR MAC X281 - 4 credit hours
MAC X312 OR MAC X282 - 4 credit hours
MAC X313 OR MAC X283 - 4 credit hours
MAP X302 OR MAP X305 - 3 credit hours

**Natural Sciences:**

**Courses at USF**

CHM 2045 - General Chemistry I Credit(s): 3 AND CHM 2045L - General Chemistry I Laboratory Credit(s): 1
CHS 2440 - General Chemistry for Engineers Credit(s): 3 AND CHS 2440L - General Chemistry for Engineers Lab Credit(s): 1
PHY 2048 - General Physics I - Calculus Based Credit(s): 3 AND PHY 2048L - General Physics I Laboratory Credit(s): 1
PHY 2049 - General Physics II - Calculus Based Credit(s): 3 AND PHY 2049L - General Physics II Laboratory Credit(s): 1

**Courses at a Florida College System Institution**

(CHM X045 & CHM X045L) OR CHM X045C OR (CHS X440 & CHS X440L) OR (CHS X440 & CHM X045L) - 4 credit hours
(PHY X048 & PHY X048L) OR PHY X048C OR (PHY X041 & PHY X048L) - 4-5 credit hours
(PHY X049 & PHY X049L) OR PHY X049C OR (PHY X044 & PHY X049L) OR (PHY X042 & PHY X049L) - 4-5 credit hours

**REQUIRED COURSES: (108 CREDIT HOURS)**

**MAJOR CORE COURSES: 35 COURSES; 99 CREDIT HOURS**

**MATH AND SCIENCE COURSES: 10 COURSES; 27 CREDIT HOURS**

MAC 2281 - Engineering Calculus I Credit(s): 4
MAC 2311 - Calculus I Credit(s): 4
MAC 2282 - Engineering Calculus II Credit(s): 4
MAC 2312 - Calculus II Credit(s): 4
MAC 2283 - Engineering Calculus III Credit(s): 4
MAC 2313 - Calculus III Credit(s): 4
MAP 2302 - Differential Equations Credit(s): 3
CHS 2440 - General Chemistry for Engineers Credit(s): 3
OR
CHM 2045 - General Chemistry I Credit(s): 3
CHS 2440L - General Chemistry for Engineers Lab Credit(s): 1
OR
CHM 2045L - General Chemistry I Laboratory Credit(s): 1
PHY 2048 - General Physics I - Calculus Based Credit(s): 3
PHY 2048L - General Physics I Laboratory Credit(s): 1
PHY 2049 - General Physics II - Calculus Based Credit(s): 3
PHY 2049L - General Physics II Laboratory Credit(s): 1

BASIC ENGINEERING COURSES: 9 COURSES; 24 CREDIT HOURS

EGN 3000 - Foundations of Engineering Credit(s): 0-3
EGN 3000L - Foundations of Engineering Lab Credit(s): 3
EGN 3311 - Statics Credit(s): 3
EGN 3321 - Dynamics Credit(s): 3
EGN 3615 - Engineering Economics with Social and Global Implications Credit(s): 3
EGN 3365 - Materials Engineering I Credit(s): 3
EGN 3373 - Electrical Systems I Credit(s): 3
EGN 3343 - Thermodynamics I Credit(s): 3
EGN 3443 - Probability and Statistics for Engineers Credit(s): 3

SPECIALIZATION COURSES: 16 COURSES; 48 CREDIT HOURS

EML 3035 - Programming Concepts for Mechanical Engineers Credit(s): 3
EML 3500 - Mechanics of Solids Credit(s): 3
EML 3022 - Computer Aided Design and Engineering Credit(s): 3
EML 3041 - Computational Methods Credit(s): 3
EML 3262 - Kinematics and Dynamics of Machinery Credit(s): 3
EML 3701 - Fluid Systems Credit(s): 3
EML 4325 - Mechanical Manufacturing Processes Credit(s): 3
EML 3303 - Mechanical Engineering Lab I Credit(s): 3
EML 4123 - Heat Transfer Credit(s): 3
EML 4501 - Machine Design Credit(s): 3
EML 4106C - Thermal Systems and Economics Credit(s): 3
EML 4220 - Vibrations Credit(s): 3
EML 4302 - Mechanical Engineering Laboratory II Credit(s): 3
EML 4312 - Mechanical Controls Credit(s): 3
EML 4550 - Capstone I - Ethics Credit(s): 3
EML 4551 - Capstone II - Design Credit(s): 3
EML 4106C - Thermal Systems and Economics Credit(s): 3
EML 4220 - Vibrations Credit(s): 3
EML 4302 - Mechanical Engineering Laboratory II Credit(s): 3
EML 4312 - Mechanical Controls Credit(s): 3
EML 4550 - Capstone I - Ethics Credit(s): 3
EML 4551 - Capstone II - Design Credit(s): 3

MAJOR ELECTIVES: 3 COURSES; 9 CREDIT HOURS

9 hours of Upper-Level Departmental Electives (Technical Design Elective) from the list below or a course approved by the departmental academic advisor.

BME 4440 - Introduction to Bioastronautics Credit(s): 3
EAS 4121 - Hydro and Aerodynamics Credit(s): 3
EML 4141 - Thermal Management of Electronic Systems Credit(s): 3
EML 4230 - Introduction to Composite Materials Credit(s): 3
EML 4310 - Microcontrollers Credit(s): 3
EML 4419 - Propulsion I Credit(s): 3
EML 4421 - Internal Combustion Engines Credit(s): 3
EML 4450 - Alternative & Renewable Energy Credit(s): 3
EML 4503 - Sustainable Design and Materials Credit(s): 3
EML 4536 - Applied Finite Element Analysis Credit(s): 3
EML 4552 - Senior Mechanical Design Credit(s): 3
EML 4575 - Principles of Fracture Mechanics Credit(s): 3
EML 4593 - Haptics Credit(s): 3
EML 4601 - Air Conditioning Design  
Credit(s): 3
EML 4702 - Fluid Dynamics II  
Credit(s): 3
EML 4703 - Mechanics of Compressible Fluids  
Credit(s): 3
EML 4905 - Independent Study  
Credit(s): 1-4
EML 4930 - Special Topics in Mechanical Engineering  
Credit(s): 1-3
OSE 4601 - Optical Product Technology  
Credit(s): 3

ADDITIONAL INFORMATION - MECHANICAL ENGINEERING B.S.M.E.

GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

GRADING REQUIREMENTS

The minimum acceptable grade in all BSME required math and science courses is a C or higher (C- is insufficient). The minimum acceptable grade in engineering and specialization courses which are prerequisites to other degree required courses is a C-, except as stated in the Department Continuation Requirements. The passing grade for terminal engineering and specialization courses is a C-.

Course Grade Requirement

Continuation requires completion of EGN 3311 - Statics and EGN 3321 - Dynamics with a minimum grade of "C+" in each course (grade of C is insufficient). Also, completion of EML 3500 - Mechanics of Solids and EGN 3343 - Thermodynamics I with a minimum grade of C in each course (C- is insufficient).

RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

INTERNSHIP OPPORTUNITIES

The College of Engineering and USF's Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the engineering college and pursue actual internships during their sophomore, junior, and senior years.

ACCREDITATION INFORMATION - COLLEGE OF ENGINEERING

This Engineering degree program is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.
ADVISING INFORMATION - MECHANICAL ENGINEERING B.S.M.E.

https://www.usf.edu/engineering/student-services/
Dr. Ajit Mujumdar, Undergraduate Advisor, 813-974-9677, Engineering Building III (ENC) 1201.

Plans of Study - Mechanical Engineering B.S.M.E.

NOTES:
SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
Items that are critical are marked with a ★ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:
- Aeronautics, Aerospace and Propulsion Engineer
- Automotive, Fuel Cells and Transportation Engineer
- Propulsion Systems, Electronic Systems, Power Generation Engineer
- Heating, Ventilation, and Air Conditioning Engineer
- Structures and Machinery Design Engineer
- Micro and Nano Materials, Semiconductors Engineer

Potential Entry Level Salary Range:
$50,000 - $128,000

Mechanical Engineering B.S.M.E. - 2 Year Plan of Study

YEAR 1

SEMESTER 1 (FALL)
- EGN 3000 - Foundations of Engineering Credit(s): 0-3
- EGN 3311 - Statics Credit(s): 3
- EGN 3365 - Materials Engineering I Credit(s): 3
- EGN 3373 - Electrical Systems I Credit(s): 3
- EGN 3443 - Probability and Statistics for Engineers Credit(s): 3
- EGN 3615 - Engineering Economics with Social and Global Implications Credit(s): 3

NOTE: SCIV - Civics Literacy requirement needs to be fulfilled prior to graduation. See advisor.
Total Credit Hours: 15

SEMESTER 2 (SPRING)
- EGN 3321 - Dynamics Credit(s): 3
- EGN 3343 - Thermodynamics I Credit(s): 3
- EML 3022 - Computer Aided Design and Engineering Credit(s): 3
- EML 3035 - Programming Concepts for Mechanical Engineers Credit(s): 3
- EML 3500 - Mechanics of Solids Credit(s): 3

Total Credit Hours: 15

SEMESTER 3 (SUMMER)
- EML 3041 - Computational Methods Credit(s): 3
- EML 3262 - Kinematics and Dynamics of Machinery Credit(s): 3
- EML 3701 - Fluid Systems Credit(s): 3
- EML 4325 - Mechanical Manufacturing Processes Credit(s): 3

Total Credit Hours: 12

YEAR 2

SEMESTER 4 (FALL)
- EML 3303 - Mechanical Engineering Lab I Credit(s): 3
- EML 4106C - Thermal Systems and Economics Credit(s): 3
- EML 4220 - Vibrations Credit(s): 3
- EML 4501 - Machine Design Credit(s): 3
- EML 4550 - Capstone I - Ethics Credit(s): 3
Approved Technical Elective Credit(s): 3
Total Credit Hours: 18

SEMESTER 5 (SPRING)

EML 4123 - Heat Transfer Credit(s): 3
EML 4302 - Mechanical Engineering Laboratory II Credit(s): 3
EML 4312 - Mechanical Controls Credit(s): 3
EML 4551 - Capstone II - Design Credit(s): 3 (Meets TGEH - High Impact Practice requirement)
Approved Technical Elective Credit(s): 3
Approved Technical Elective Credit(s): 3

Total Credit Hours: 18

Mechanical Engineering B.S.M.E. - 4 Year Plan of Study

YEAR 1

SEMESTER 1 (FALL)

EGN 3000 - Foundations of Engineering Credit(s): 0-3
CHM 2045 - General Chemistry I Credit(s): 3
CHM 2045L - General Chemistry I Laboratory Credit(s): 1
EGN 3000L - Foundations of Engineering Lab Credit(s): 3
ENC 1101 - Composition I Credit(s): 3
MAC 2281 - Engineering Calculus I Credit(s): 4
OR MAC 2311 - Calculus I Credit(s): 4
NOTE: SCIV - Civics Literacy requirement needs to be fulfilled prior to graduation. See advisor.
NOTE: TGEC - Creative Thinking is met with EGN 3000L

Total Credit Hours: 14

SEMESTER 2 (SPRING)

ENC 1102 - Composition II Credit(s): 3
MAC 2282 - Engineering Calculus II Credit(s): 4
OR MAC 2312 - Calculus II Credit(s): 4
PHY 2048 - General Physics I - Calculus Based Credit(s): 3
PHY 2048L - General Physics I Laboratory Credit(s): 1
SGEH - General Education Core Humanities Credit(s): 3

Total Credit Hours: 14

SEMESTER 3 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.
Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 2

SEMESTER 4 (FALL)

EGN 3311 - Statics Credit(s): 3
EGN 3615 - Engineering Economics with Social and Global Implications Credit(s): 3
MAC 2283 - Engineering Calculus III Credit(s): 4
OR MAC 2313 - Calculus III Credit(s): 4
PHY 2049 - General Physics II - Calculus Based Credit(s): 3
PHY 2049L - General Physics II Laboratory Credit(s): 1
NOTE: TGED - Human & Cultural Diversity is met with EGN 3615

Total Credit Hours: 14

DEPARTMENT OF MEDICAL ENGINEERING
MISSION STATEMENT

The mission of the USF Department of Medical Engineering is to advance excellence in biomedical engineering education through a joint venture between the Morsani College of Medicine and the College of Engineering by conducting innovative translational research, developing impactful cutting-edge technologies, and preparing highly talented students for success as multidisciplinary global leaders across the fields of engineering, healthcare, and biomedical sciences.

PROGRAM EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES

The graduates from the Department of Medical Engineering undergraduate biomedical engineering major are expected to achieve the following educational objectives:

- To develop into successful, ethical biomedical engineers, healthcare professionals, or other related practitioners guided by an interdisciplinary curriculum, extracurricular activities and targeted internship experience.
- To continue to pursue and expand their technical and professional knowledge and skills through academic and industrial training and lifelong learning.
- To contribute to the local, national and global communities using experiences and skills acquired through their biomedical engineering education at the University of South Florida (USF).

ABET STUDENT LEARNING OUTCOMES

The graduates of the B.S. degree program in Biomedical Engineering at USF will demonstrate that they have:

- An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
- An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
- An ability to communicate effectively with a range of audiences.
- An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
- An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
- An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
- An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

Furthermore, the structure of the curriculum provide both breadth and depth across the range of engineering and science topics consistent with the program educational objectives and student outcomes. The curriculum prepares graduates with experience in:

- (a) Applying principles of engineering, biology, human physiology, chemistry, calculus-based physics, mathematics (through differential equations) and statistics;
- (b) Solving bio/biomedical engineering problems, including those associated with the interaction between living and non-living systems;
- (c) Analyzing, modeling, designing, and realizing bio/biomedical engineering devices, systems, components, or processes; and
- (d) Making measurements on and interpreting data from living systems.

SPECIALIZED ADMISSIONS - BIOMEDICAL ENGINEERING B.S.B.E.
This major has additional admissions requirements as listed in this section.

The Biomedical Engineering major is a specialized admissions program due to the following reasons: 1) limited space, equipment and other instructional facilities, including required laboratories; and 2) the program is of such a nature that in order to demonstrate potential for success in the program, applicants must attain a grade point average as noted below.

First-Year Students:

Incoming first-year students who are interested in the Biomedical Engineering Major program should meet the following criteria to ensure success in this rigorous specialized admissions program:

- Recommended minimum SAT Math 710 or ACT Math 30
- Recommended minimum High School Weighted GPA of 4.0 (as determined by USF Undergraduate Admissions)
- Ideally, students will have completed advanced high school courses in Chemistry, Physics, Calculus and Biology.

Sophomores:

Current USF students must meet the following minimum requirements to be considered for admission to the upper-division program.

- Minimum cumulative 3.5 GPA for the prerequisite courses, as listed below (best attempt);*
- Minimum grade of C in each prerequisite course listed below;
- No more than two attempts allowed for the prerequisite courses listed below (withdrawals included);
- Completion of the first three semesters of the BME plan of study by the end of the third semester after matriculation to the University with a minimum 3.2 cumulative GPA for those semesters;
- Completed BME departmental online application.

*Only the best attempt in each prerequisite course as listed below, is considered for admission into the BME program.

Students apply for admission to the upper-division BME major once all prerequisite courses are complete, which would typically happen in the spring semester of the sophomore year.

Continuation Requirement:

In addition to the requirements above, in order for students to be allowed to continue into the upper-division BME major beginning in the fall semester of the junior year, they must also earn a 3.2 or higher Engineering GPA (includes all College of Engineering courses) by the end of the fourth semester of the BME plan of study.

Transfers:

Transfer students must meet the following minimum requirements to be considered for admission into the BME program.

- Completed BME departmental online application:
  - Minimum 2.0 cumulative (overall) GPA;
  - Minimum cumulative 3.5 GPA in the prerequisite courses listed below;
  - Minimum grade of C in each prerequisite course listed below;
  - No more than two attempts allowed for the prerequisite courses listed below (withdrawals included).

Applicants who do not meet the minimum admission requirements as stated above will not be eligible for admission into the BME program.

Transfer applications are referred to the department only after the USF Office of Admissions (including official transcripts) considers them complete. Applications are reviewed periodically and not on a rolling basis. The date of review may vary depending on the number of applications received.

Transfer applicants coming from out-of-state or private Florida institutions will be considered on a space available basis only.

PREREQUISITE COURSES FOR ADMISSION TO THE UPPER-DIVISION MAJOR

MAC 2311 - Calculus I Credit(s): 4 OR MAC 2281 - Engineering Calculus I Credit(s): 4
MAC 2312 - Calculus II Credit(s): 4 OR MAC 2282 - Engineering Calculus II Credit(s): 4
MAC 2313 - Calculus III Credit(s): 4 OR MAC 2283 - Engineering Calculus III Credit(s): 4
MAP 2302 - Differential Equations Credit(s): 3 OR EGN 3433 - Modeling and Analysis of Engineering Systems Credit(s): 3
PHY 2048 - General Physics I - Calculus Based Credit(s): 3 AND PHY 2048L - General Physics I Laboratory Credit(s): 1
PHY 2049 - General Physics II - Calculus Based Credit(s): 3 AND PHY 2049L - General Physics II Laboratory Credit(s): 1
CHM 2045 - General Chemistry I Credit(s): 3 AND CHM 2045L - General Chemistry I Laboratory Credit(s): 1
CHM 2046 - General Chemistry II Credit(s): 3 AND CHM 2046L - General Chemistry II Laboratory Credit(s): 1
BSC 2010 - Cellular Processes Credit(s): 3 AND BSC 2010L - Cellular Processes Laboratory Credit(s): 1
CHM 2210 - Organic Chemistry I Credit(s): 3 AND CHM 2210L - Organic Chemistry Laboratory I Credit(s): 2

UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

   Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
   Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
   International: https://www.usf.edu/admissions/international/admission-information/index.aspx

For Admission information specific to the College of Engineering, see the information at College of Engineering.

DEPARTMENTAL POLICIES

In addition to the college's graduation requirements, the department has the following policies:

   Mandatory academic advising of students for each term.
   Exit interviews as a graduation requirement.

STATE MANDATED COMMON COURSE PREREQUISITES - BIOMEDICAL ENGINEERING B.S.B.E.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper-division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower-level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to their intended department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

The following are transferable courses from the Florida College System Institution that will be accepted in the Math/Science/Engineering areas:

Mathematics:

   (MAC X311 and MAC X312 and MAC X313) OR (MAC X281 and MAC X282 and MAC X283) - 4 credit hours
   MAP X302 OR MAP X305 OR ECH X301 - 3 credit hours
   STA X037 OR STA X023 - 3 credit hours

Natural Sciences:
CHM X045C OR (CHM X045 and CHM X045L) OR (CHM X095 and CHM X095L) OR CHS X440C OR (CHM X440 and CHM X440L) - 4 credit hours
PHY X048C OR [PHY X048 and (PHY X048L OR PHY X064L)] - 5 credit hours
PHY X049C OR [PHY X049 and (PHY X049L OR PHY X064L)] - 5 credit hours
(CHM X046 and CHM X046L) OR (CHM X096 and CHM X096L) OR CHM X046C - 4 credit hours
BSC X010C OR [BSC X010 and (BSC X010L OR BSC X044L)] - 4 credit hours
CHM X046C - 4 credit hours

RECOMMENDED COURSES: (111 CREDIT HOURS)
MAJOR CORE COURSES: 37 COURSES; 98 CREDIT HOURS

MATH AND SCIENCE: 16 COURSES; 40 CREDIT HOURS
MAC 2281 - Engineering Calculus I Credit(s): 4
OR
MAC 2311 - Calculus I Credit(s): 4
MAC 2282 - Engineering Calculus II Credit(s): 4
OR
MAC 2312 - Calculus II Credit(s): 4
MAC 2283 - Engineering Calculus III Credit(s): 4
OR
MAC 2313 - Calculus III Credit(s): 4
EGN 3433 - Modeling and Analysis of Engineering Systems Credit(s): 3
OR
MAP 2302 - Differential Equations Credit(s): 3
BSC 2010 - Cellular Processes Credit(s): 3
BSC 2010L - Cellular Processes Laboratory Credit(s): 1
CHM 2045 - General Chemistry I Credit(s): 3
CHM 2045L - General Chemistry I Laboratory Credit(s): 1
CHM 2046 - General Chemistry II Credit(s): 3
CHM 2046L - General Chemistry II Laboratory Credit(s): 1
CHM 2210 - Organic Chemistry I Credit(s): 3
CHM 2210L - Organic Chemistry I Laboratory Credit(s): 2
PHY 2048 - General Physics I - Calculus Based Credit(s): 3
PHY 2048L - General Physics I Laboratory Credit(s): 1
PHY 2049 - General Physics II - Calculus Based Credit(s): 3
PHY 2049L - General Physics II Laboratory Credit(s): 1

BASIC ENGINEERING: 8 COURSES; 21 CREDIT HOURS
EGN 3000 - Foundations of Engineering Credit(s): 0-3
EGN 3000L - Foundations of Engineering Lab Credit(s): 3
EGN 3343 - Thermodynamics I Credit(s): 3
EGN 3311 - Statics Credit(s): 3
EGN 3321 - Dynamics Credit(s): 3
EGN 3365 - Materials Engineering I Credit(s): 3
EGN 3373 - Electrical Systems I Credit(s): 3
EGN 3443 - Probability and Statistics for Engineers Credit(s): 3

SPECIALIZATION: 12 COURSES; 34 CREDIT HOURS
BME 3632 - Biomedical Transport Process Credit(s): 3
BME 3082 - Ethics for Biomedical Engineers Credit(s): 3
BME 3312 - Molecular and Cellular Engineering Credit(s): 3
BME 4056C - Biomedical Engineering Lab I Credit(s): 2
BME 4057C - Biomedical Engineering Lab II Credit(s): 2
BME 4409 - Engineering Physiology Credit(s): 3
BME 4503 - Biomedical Instrumentation Credit(s): 3
BME 4508 - Biomedical Signals and Systems Analysis Credit(s): 3
BME 4882 - Biomedical Engineering Design I Credit(s): 3
BME 3053 - Computer Programming for BME Credit(s): 3
BME 4100 - Introduction to Biomedical Engineering Credit(s): 3
BME 4883C - Biomedical Engineering Design II Credit(s): 3

TECHNICAL WRITING: 1 COURSE; 3 CREDIT HOURS
ENC 3246 - Communication for Engineers Credit(s): 3

MAJOR ELECTIVES: 5 COURSES; 13 CREDIT HOURS
In addition to the core curriculum, students are required to complete 6 credits of STEM electives, 6 credits of BME electives, and 1 professional elective. Students may select elective courses from the lists below or petition the Medical Engineering department, prior to registration, for approval of any non-listed courses.

6 hours of BME Upper-Level Electives
6 hours of STEM Upper-Level Electives (Students pursuing Medical School will take CHM 2211 - Organic Chemistry II and CHM 2211L - Organic Chemistry Laboratory II as well as BSC 2011 - Biodiversity and BSC 2011L - Biodiversity Laboratory)
1 hour professional elective

BME ELECTIVE OPTIONS
BME 4423 - Connectomics Credit(s): 3
BME 4440 - Introduction to Bioastronautics Credit(s): 3
BME 4509 - Bioelectronics Credit(s): 3
BME 4571 - Nanomedicine Credit(s): 3
BME 4931 - Selected Topics in Biomedical Engineering Credit(s): 1-3
CAP 4662 - Introduction to Robotics Credit(s): 3
ECH 4504 - Kinetics and Reaction Engineering Credit(s): 3
EEE 4260C - Bioelectricity Credit(s): 3
EEE 4274 - MEMS I: Chemical/Biomedical Sensors and Microfabrication Credit(s): 3
EEE 4506 - Biomedical Image Processing Credit(s): 3
EML 3022 - Computer Aided Design and Engineering Credit(s): 3
EML 4575 - Principles of Fracture Mechanics Credit(s): 3

STEM ELECTIVE OPTIONS
Any Engineering course at 3xxx or 4xxx level.
Any BSC or CHM or MCB or PCB or PHY or Math courses in 3xxx or 4xxx level for Science major.

PROFESSIONAL ELECTIVE OPTIONS
BME 4914 - Biomedical Engineering Research Experience Credit(s): 0-3
BME 4943 - Biomedical Engineering Industry Internship Experience Credit(s): 0-3

ADDITIONAL INFORMATION - BIOMEDICAL ENGINEERING B.S.B.E.

GPA REQUIREMENTS
Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

GRADING REQUIREMENTS
A total of one D grade is allowed in all BSBE required courses. Upon receiving a D, a grade petition form must be submitted to progress in the BME major. If another D is received, the student must repeat the petitioned course. The student will not be required able to take additional BME courses until the second D is successfully completed with a passing grade.
Unless otherwise stated, the minimum acceptable grade in BSBE required math, science, engineering and specialization courses is a C or higher (C- is insufficient).

RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic Engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

BACHELOR’S/MASTER’S PATHWAYS

Students majoring in Biomedical Engineering have the option to pursue one of the following Bachelor's/Master's Pathways:

B.S.B.E. Biomedical Engineering/M.S.B.E. Biomedical Engineering

For more information, see the Graduate Catalog.

RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - BIOMEDICAL ENGINEERING B.S.B.E.

All incoming freshman and transfer students must meet with the Medical Engineering Department undergraduate advisor.

Medical Engineering Department
Office: Interdisciplinary Science Building (ISA) 7031
Phone: (813) 974-9379
Email: eng-bme@usf.edu
Website: https://www.usf.edu/engineering/bme/

Plans of Study - Biomedical Engineering B.S.B.E.

NOTES:
SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
Items that are critical are marked with a ✪ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:
Biomedical Engineer

Potential Entry Level Salary Range:
$48,000 - $93,000

NOTE: TGEH - High Impact Practice TGEH - High Impact Practice requirement is met with BME 4883C.
Total Credit Hours: 15
BIOMEDICAL ENGINEERING MINOR

The Biomedical Engineering Minor is open only to non-Engineering students majoring in STEM fields (including Biology, Chemistry, Mathematics, and Physics) who satisfy the prerequisites listed below and are interested in engineering approaches to biomedical problems. The 15-credit minor covers key topics in the discipline. The minor also fulfills the majority of coursework requirements for non-Engineering applicants to the Master's degree program in Biomedical Engineering.

MINOR REQUIREMENTS: 15

ENGINEERING SCIENCE CORE (9 CREDIT HOURS)

Students must complete any three (9 credit hours) of the following engineering science courses:

- EGN 3311 - Statics Credit(s): 3
- EGN 3343 - Thermodynamics I Credit(s): 3
- EGN 3373 - Electrical Systems I Credit(s): 3
- EGN 3331 - Mechanics of Materials Credit(s): 3 or
- EGN 3365 - Materials Engineering I Credit(s): 3

BIOMEDICAL ENGINEERING ELECTIVES (6 CREDIT HOURS)

Students must complete any two (6 credit hours) of the following biomedical engineering courses:

- BME 3053 - Computer Programming for BME Credit(s): 3
- BME 4100 - Introduction to Biomedical Engineering Credit(s): 3
- BME 4503 - Biomedical Instrumentation Credit(s): 3

PREREQUISITE COURSES:

BIOLOGY I

BSC 2010 - Cellular Processes Credit(s): 3

CALCULUS I/II/III

- MAC 2241 - Life Sciences Calculus I Credit(s): 3
- MAC 2242 - Life Sciences Calculus II Credit(s): 3
- MAC 2283 - Engineering Calculus III Credit(s): 4 or
- MAC 2281 - Engineering Calculus I Credit(s): 4
- MAC 2282 - Engineering Calculus II Credit(s): 4
- MAC 2283 - Engineering Calculus III Credit(s): 4 or
- MAC 2311 - Calculus I Credit(s): 4
- MAC 2312 - Calculus II Credit(s): 4
- MAC 2313 - Calculus III Credit(s): 4

DIFFERENTIAL EQUATIONS

- MAP 2302 - Differential Equations Credit(s): 3 or
- EGN 3433 - Modeling and Analysis of Engineering Systems Credit(s): 3

CHEMISTRY I/II

- CHM 2045 - General Chemistry I Credit(s): 3
- CHM 2046 - General Chemistry II Credit(s): 3

PHYSICS I/II

- PHY 2048 - General Physics I - Calculus Based Credit(s): 3
PHY 2049 - General Physics II - Calculus Based Credit(s): 3
or
PHY 2053 - General Physics I Credit(s): 3
PHY 2054 - General Physics II Credit(s): 3

STATISTICS

STA 2023 - Introductory Statistics I Credit(s): 3
or
EGN 3443 - Probability and Statistics for Engineers Credit(s): 3

OTHER REQUIREMENTS

Student must register with the Department of Medical Engineering's undergraduate advisor prior to starting this minor program.

Successful completion of the minor requires a minimum 2.0 GPA in minor courses.

College of Nursing

About the College

The College of Nursing is an integral part of USF Health and the University of South Florida. We strive to live by our mission to employ the core values of excellence, innovation, inclusion, and respect to educate future nurses, advance nursing science, and implement evidence-based clinical practice to improve health and wellness.

At the College of Nursing, the faculty and staff strive to assist students in excelling in a high-impact, innovative research and entrepreneurial environment. Students can choose from a baccalaureate, master's, Doctorate of Nursing Practice, and Ph.D. Nursing science degrees. We offer the V-CARE pathway, a Bachelor of Science in Nursing pathway, created for service members and veterans who have completed training as Army or Air Force medics and Navy corpsmen.

Mission, Vision, Values

**Mission:** USF College of Nursing provides innovation and leadership in preparing 21st-century nurses to demonstrate excellence in research, education, and clinical care while promoting health and wellness in our community and around the world.

**Vision:** By educating students from diverse demographics, we ensure that our USF Bull nurses mirror the populations they serve.

**Values:** Respect, Integrity, Inclusion, Excellence, Innovation, Partnership

Accreditation

The baccalaureate degree program in nursing at the University of South Florida is accredited by the Commission on Collegiate Nursing Education, 655 K Street NW, Suite 750, Washington, DC 20001, 202-887-6791.

The University of South Florida (USF) is accredited by the Southern Association of Colleges and Schools' Commission on Colleges to award associate, baccalaureate, master's, specialist and doctorate degrees.

Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, or call 404-679-4500 for questions about the accreditation of the University of South Florida.

College-Level Requirements

The College of Nursing is a specialized admissions college and uses selective criteria for the admission of students. Any student who applies to the undergraduate program in the College of Nursing is initially coded as "pre-nursing" prior to official acceptance to the College of Nursing. Final admission to all Nursing programs is conditional upon passing a Level 2 background check.

Admission Requirements

In addition to University admission requirements, the College of Nursing has additional admission requirements for each pathway. Please review admission requirements for the specific pathway to which you are applying.

Background Checks, Fingerprinting, Drug Testing and Immunizations

All students who are admitted to the College of Nursing are required to complete a background check, drug screening, and immunization verification. In addition, students are mandated to carry health insurance during their enrollment in the College of Nursing. All required documentation should be submitted via https://portal.castlebranch.com/ud98.

The requirements are as follows: MMR, Varicella, Hepatitis B, Documentation of a Tdap booster, TB skin test, CPR certification from the American Heart Association, a flu shot, HIPPA, and health insurance. All requirements must be completed by the first week of class to matriculate.

The Castle Branch account must be created with a USF email address, which is only available to students who have been admitted to the College of Nursing.
Final admission to all nursing majors is conditional upon passing a Level 2 background check. Students who do not pass the level 2 background check will not be refunded the cost by either the college or Castle Branch. For Castlebranch.com questions regarding requirements, documents, or status, please contact Castle Branch at (888) 914-7279.

Program-Specific Requirements

Students must be admitted by the USF Office of Admissions before they can submit their application to the College of Nursing (Students must have the Tampa campus as their home campus).

Student Computer Requirement

https://usf.box.com/s/ytq1ettwdjr1qi0e01issc4gn00dxii

All USF College of Nursing students are required to have a laptop/notebook computer with wireless internet connection. Students are also required to have a compatible webcam and microphone; the webcam and microphone should either be built into your notebook or be a portable model. Specific information on requirements can be found via the link provided.

Students in all nursing courses are expected to meet these requirements to successfully participate in their courses. Failure to meet these technology standards may result in inability to complete course or program requirements. It is the student's responsibility to ensure all requirements are met prior to the start of the semester.

Nursing Living Learning Community – Housing at the Tampa campus

The Nursing LLC, located in Poplar Hall, creates a unique opportunity for nursing, pathway students to live and study together. Students co-enroll in critical prerequisite course work, participate in special events and activities designed to introduce them to the healthcare profession, and network with College of Nursing administrators, faculty, and student leaders. Students also enjoy in-hall academic advising throughout the year, as well as in-hall tutoring for selected courses! To learn more and apply, visit: https://www.usf.edu/housing/residential-learning/llc-major/pre-nursing.aspx

Nursing Programs

Nursing: RN to BSN
HTTPS://HEALTH.USF.EDU/NURSING/UNDERGRADUATE/PROGRAMS/RN-TO-BS

The RN to BSN (NRN) is for students currently licensed to practice as a Registered Nurse. The RN to BSN pathway allows an RN with a diploma or an associate's degree in nursing from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission to earn a Bachelor of Science in Nursing.

Criteria for Nursing: RN to BSN Degree:

Admission to the University of South Florida (Tampa campus) as a degree-seeking undergraduate student. Completed application to the College of Nursing prior to the published deadline for the intended term of entry. An overall GPA of 2.50 or higher on all undergraduate work (excluding Associate of Science Nursing courses). Associate's Degree in Nursing from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission; nursing diplomas will be evaluated on a case by case basis. Residence in the state of Florida with evidence of a current Florida RN licensure in good standing. Completion of the following prerequisite courses by the application deadline for the intended term of entry with a minimum grade of "C" in each:

English Composition I (3) ENC 1101
English Composition II (3) ENC 1102
Nursing: Accelerated Second Degree
HTTPS://HEALTH.USF.EDU/NURSING/UNDERGRADUATE/PROGRAMS/SECOND-DEGREE

The Accelerated Second Bachelor's Degree pathway (SBN) is for students who have a baccalaureate degree in another field and a minimum undergraduate GPA of 3.00. Students with a bachelor's degree in a non-nursing field and who have completed all the nursing pre-requisite courses may be considered for admission into the Accelerated Second Bachelor's Degree pathway; upon completion, students will earn a second bachelor's degree. This is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive.

Criteria for Accelerated Second Bachelor's Degree

Admission to the University of South Florida (Tampa campus), as a degree-seeking undergraduate student.
Completed application to the College of Nursing prior to the published deadline for the intended term of entry.
Completion of first bachelor's degree from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission at the time of application to the USF College of Nursing.
Minimum 3.0 cumulative GPA on all undergraduate work.
Completion of at least seven of the eight nursing prerequisite courses by the published deadline for the intended term of entry.

Note: Any outstanding nursing prerequisites must be completed by the program state date, with a minimum grade of C or better, while maintaining a cumulative GPA greater than or equal to 3.0.
Participation in a formal interview with College of Nursing faculty, if selected.
If a student receives a grade of less than C in any two prerequisite courses while declared as pre-nursing, the student will be required to select another major at the University of South Florida. Grade forgiveness will not apply to the mandated requirement of changing the major. In addition, if a student does not meet the minimum GPA to be eligible to apply for admission following 60 completed hours and all prerequisite courses attempted, the student will be required to select another major at the University of South Florida.

Nursing: Upper Division
HTTPS://HEALTH.USF.EDU/NURSING/UNDERGRADUATE/PROGRAMS/UPPER-DIVISION

The Upper Division pathway (NUR) is our traditional baccalaureate nursing pathway for students who have completed nursing prerequisite courses and university general education requirements. This is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive.

Criteria for Nursing: Upper Division:

Admission to the University of South Florida (Tampa campus), as a degree-seeking undergraduate student.
Completed application to the College of Nursing prior to the published deadline for the intended term of entry.
Minimum 3.20 cumulative GPA on all undergraduate work.
Completion of at least seven of the eight nursing prerequisite courses by published application deadline for the intended term of entry.

Note: Any outstanding nursing prerequisites must be completed by the program start date, with a C or better, while maintaining a cumulative GPA equal to or greater than 3.0.
Completion of English Composition I, English Composition II, and State General Education Mathematics requirement by published application deadline.
Completion of the University's foreign language entrance requirement (FLENT) and University General Education requirement by the intended term of entry.
Participation in a formal interview with College of Nursing faculty, if selected.
If a student receives a grade of less than C in any two prerequisite courses while declared as pre-nursing, the student will be required to select another major at the University of South Florida. Grade forgiveness will not apply to the mandated requirement of changing the major. In addition, if a student does not meet the minimum GPA to be eligible to apply for admission following 60 completed hours and all prerequisite courses attempted, the student will be required to select another major at the University of South Florida.
Nursing: Veteran to BSN (V-CARE)
https://health.usf.edu/nursing/undergraduate/programs/vbsn

The Veteran to BSN (V-CARE) pathway allows service members and veterans with medical training experience as Army or Air Force medics or Navy corpsmen the opportunity to receive a Bachelor's of Science in Nursing degree. Graduates may then take the National Council Licensure Examination (NCLEX) to earn their RN license. Prerequisites can be completed at an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission with completion of nursing coursework at the Tampa campus.

The V-CARE pathway is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive.

Criteria for Nursing: Veteran to BSN (V-CARE):

- Admission to the University of South Florida (Tampa campus) as a degree-seeking undergraduate student.
- Completed application to the College of Nursing prior to the published deadline for the intended term of entry.
- Applicants must have U.S. Army Medic, U.S. Air Force Medic, or U.S. Navy Corpsman training and experience to be a candidate for the V-CARE pathway.
- Minimum 3.0 cumulative GPA on all undergraduate coursework.
- Completion of the nursing prerequisite courses by the published application deadline for the intended term of entry.
- Students who do not have all prerequisite courses completed by the Fall admission cycle may be eligible for conditional admission.
- Note: Any outstanding nursing prerequisite courses must be completed by the program start date, with a C or better, while maintaining a cumulative GPA greater than or equal to 3.0.
- Completion of English Composition I, English Composition II, and State General Education Mathematics requirement by the published application deadline.
- Participation in a formal interview with College of Nursing faculty, if selected.
- Completion of the University’s foreign language entrance requirement (FLENT) and University General Education requirements by the intended term of entry.
- Submission of a professional resume.

Grading & Progression Policy

In addition to the University's policies on progression, The College of Nursing holds a progression policy for all students within the nursing undergraduate program. Students admitted to all nursing pathways at The College of Nursing are required to earn a minimum grade of C in didactic courses and an S in lab/clinical courses. Progression in the pathways is based on GPA, course content and overall performance in lab/clinical. Failure to meet the grade minimum may result in dismissal from the College.

For further information on progression and grading policies, please visit the College of Nursing Handbook: https://health.usf.edu/nursing/current-students/handbooks.

Other Program Information

NCLEX-RN Examination

Upon successful completion of the program requirements and upon recommendation by the Dean, graduates are eligible to take the National Council Licensure Examination (NCLEX-RN) leading to the registered nurse (RN) license to practice nursing.

The College of Nursing cannot guarantee that the Board of Nursing will authorize students with criminal or substance abuse histories to complete NCLEX-RN licensure examination. Therefore, it is of the utmost importance (1) to address such situations with the College of Nursing and the Board of Nursing as early as possible and (2) to notify the College of Nursing Compliance Officer within 72 hours on any changes in conduct records, including arrests, convictions, changes to RN license status, or other activities that impact the background investigation or the ability to practice that occur at any time during their program of study.
Other Nursing Pathways

Freshman Nursing Pathways

Freshmen Nursing Pathway (FNR) is a distinct pathway for first time in college (FTIC) students who have been admitted to the university as nursing majors. Those students who meet high SAT/ACT scores and a competitive high school GPA will be offered admissions into the Freshmen Nursing Pathway. Students admitted into this pathway will follow progression criteria established by the College of Nursing to remain in the pathway. This is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive.

Maintain a 3.6 overall GPA.
Complete the Nursing state-mandated prerequisites at the University of South Florida with a minimum grade of "B" or better.
5 of 8 prerequisite courses completed by the fall semester of the student's sophomore year. The remaining three prerequisite courses must be completed in the fall semester of the sophomore year.
Complete General Education requirements and the Foreign Language Entrance Requirement (FLENT) by the end of the spring semester of the sophomore year.
Complete the Civics Literacy requirement by the end of the spring semester of the sophomore year.
Participate in a formal interview with the College of Nursing faculty and receive a passing score.
Successfully complete NUR 3825 - Introduction to the Profession of Nursing (2 credits) Grade of "C" or better (Nursing Progression Policy).

USF/HCC Concurrent Pathway

https://health.usf.edu/nursing/undergraduate/programs/asn-to-bs

The University of South Florida (USF) & Hillsborough Community College (HCC) Concurrent Pathway allows students to enroll in select RN to BSN courses at USF as a non-degree student (beginning in second semester of Year 1) while completing the ASN degree at HCC. Students will remain in non-degree status at USF until awarded the ASN. After graduating from HCC'S ASN program, students will be eligible to sit for the National Licensure Exam for Registered Nurses (NCLEX-RN).

Criteria for Admissions:

- Students must complete the steps for admission as a degree-seeking student at USF/HCC before they may be considered for the Concurrent Pathway.
- Students must have a cumulative GPA of at least a 3.0.
- Students must meet the definition of residency at each institution to qualify for in-state tuition.
- Student must be admitted into HCC's nursing program.
- Students must be admitted as non-degree seeking students into USF and be eligible for admission as a degree-seeking student into USF's College of Nursing upon completion of the ASN portion of the USF/HCC Concurrent Pathway.

As a condition of membership in the USF/HCC Concurrent Pathway, students must meet the following requirements:

- Maintain active enrollment status at both institutions.
- Comply with your designated plan of study.*
- Have a minimum overall GPA of 3.0 for admissions into the concurrent program.
- Comply with each institution's policy regarding progression & compliance.
- Acquire a valid RN license within 3 months of completion of the ASN.**

* If students are not successful in following the plan of study, they can no longer remain in the USF/HCC Concurrent Pathway.

** If a student is not able to obtain a valid RN license within 3 months of completing the ASN, the student will be unable to take the remaining RN to BSN courses at USF until they have successfully passed. Students who are off plan for the USF/HCC Concurrent Pathway will no longer be able to remain in the USF/HCC Concurrent Pathway but can apply for the RN to BSN pathway at USF through Undergraduate Admissions and the College of Nursing.

Nursing Honors Program B.S. to PhD Accelerated Pathway
The Honors College has partnered with the USF College of Nursing to provide first-time in college (FTIC) freshmen with an accelerated pathway into the USF PhD program. This pathway allows Honors College students majoring in nursing the opportunity to receive admission to the College of Nursing and complete a PhD in Nursing Science degree in seven years, provided that the student continues to meet all the benchmarks of the program, including a successful interview with the College of Nursing. This is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive.

Criteria for Admission:
- Admission to the University of South Florida's (Tampa campus) Honors College as a Nursing student.
- Minimum SAT score of 1360 or a combined ACT of 29.
- Minimum 3.8+ weighted high school GPA, as calculated by USF Office of Undergraduate Admissions.
- U.S. Citizenship or permanent residency (this pathway does not admit international applicants).

As a condition of membership in the Nursing Honors Program B.S. to PhD Accelerated Pathway, students must meet the following requirements:
- Maintenance of a 3.6 GPA with grades of B or better in all state-mandated nursing prerequisites.
- Adherence to approved program plan of study.
- Completion of BSN degree and successful Florida RN licensure by the start of the PhD program.

Baccalaureate Degree Pathways

Global Pathways
http://www.usf.edu/gcp/students/index.aspx

A Global Pathway is an undergraduate major or degree program that has significant global content and align with the goals of USF’s Quality Enhancement Plan, the Global Citizens Project. Global Pathways provide students with the opportunity to practice and apply global competencies through the major or degree program. Students in the Global Pathway programs are well-positioned to earn the Global Citizen Award and become eligible to apply for a study abroad scholarship offered by the Global Citizens Project. The following programs are designated as Global Pathway Programs:

Nursing – BSN Upper Division Major
http://health.usf.edu/nursing/

Bachelor of Science in Nursing

Accelerated Second Bachelor’s Degree
http://health.usf.edu/nursing/academics/second-degree
The Accelerated Second Bachelor’s Degree pathway (SBN) is for students who have a baccalaureate degree in another field and a minimum undergraduate GPA of 3.00. Students with a bachelor's degree in a non-nursing field and who have completed all the nursing pre-requisite courses may be considered for admission into the Accelerated Second bachelor’s Degree pathway; upon completion, students will earn a second bachelor’s degree. This is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive.

RN to BSN (Online)
https://health.usf.edu/nursing/undergraduate/programs/rn-to-bs
The RN to BSN (NRN) pathway is for students currently licensed to practice as a Registered Nurse. The RN to BSN option allows an RN with a diploma or an associate's degree in nursing from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission to earn a Bachelor of Science in Nursing.

Upper Division
https://health.usf.edu/nursing/undergraduate/programs/upper-division
The Upper Division pathway (NUR) is our traditional baccalaureate nursing pathway for students who have
completed nursing prerequisite courses and university general education requirements. This is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive.

Veteran to BSN (V-CARE)  
[https://health.usf.edu/nursing/undergraduate/programs/vbsn](https://health.usf.edu/nursing/undergraduate/programs/vbsn)

The Veteran to BSN (V-CARE) pathway allows service members and veterans with medical training experience as Army or Air Force medics and Navy corpsmen the opportunity to receive a Bachelor of Science in Nursing degree. Graduates may then take the National Council Licensure Examination (NCLEX) to earn their RN license. Prerequisites can be completed at an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, or the WASC Senior College and University Commission with completion of nursing coursework at the Tampa campus. The V-CARE pathway is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive.

Advising Information

Advising for the College of Nursing is available for admitted nursing students at the USF Health Wellness, Engagement, Leadership & Learning (W.E.L.L.) building (MDA) location at 12901 Bruce B. Downs Blvd., MDC 22, Tampa, FL 33612-4766. See for [https://health.usf.edu/nursing/undergraduate/advising](https://health.usf.edu/nursing/undergraduate/advising) more information.

The College of Nursing Student Affairs Office is open from 8:00 AM to 5:00 PM on weekdays and closed on University holidays. You may schedule an appointment to meet with an advisor by scheduling online via [https://usf.appiancloud.com/](https://usf.appiancloud.com/).

In order to schedule a meeting with an advisor in this college, please use [https://usf.appiancloud.com/](https://usf.appiancloud.com/).

Office Hours: Monday - Friday, 8:00 a.m. - 5:00 p.m.  
(813) 974-2191  
nurstudent@usf.edu

Prospective Students: For more information, see [https://confluence.usf.edu/display/CON/Information+Sessions](https://confluence.usf.edu/display/CON/Information+Sessions)
The Accelerated Second Bachelor's Degree (SBN) pathway is for students who have a baccalaureate degree in another field and a minimum undergraduate GPA of 3.00. Students with a bachelor's degree in a non-nursing field and who have completed all the Nursing prerequisite courses may be considered for admission into the Accelerated Second Bachelor's Degree pathway; upon completion, students will earn a second bachelor's degree.

SPECIALIZED ADMISSIONS

This major has additional admissions requirements as listed in this section.

This is a full-time, specialized admissions program, as mandated by the State, and is structured sequentially. Admission is competitive. Any student who applies to the undergraduate program in the College of Nursing is initially coded as “Pre-Nursing” prior to official acceptance to the College of Nursing.

Admissions Requirements:

Admission to the University of South Florida (Tampa), as a degree-seeking undergraduate student.
Completed application to the College of Nursing prior to the published deadline for the intended term of entry.
Completion of first bachelor's degree from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission at the time of application to the USF College of Nursing.
Minimum 3.0 cumulative GPA on all undergraduate work.
Completion of at least seven of the eight Nursing prerequisite courses by the published deadline for the intended term of entry.
Note: Any outstanding Nursing prerequisites must be completed by the program state date, with a minimum grade of C or better, while maintaining a cumulative GPA greater than or equal to 3.0.
Participation in a formal interview with College of Nursing faculty, if selected.
If a student receives a grade of less than C in any two prerequisite courses while declared as pre-nursing, the student will be required to select another major at the University of South Florida. Grade forgiveness will not apply the mandated requirement of changing the major. In addition, if a student does not meet the minimum GPA to be eligible to apply for admission following 60 completed hours and all prerequisite courses attempted, the student will be required to select another major at the University of South Florida.

UNIVERSITY ADMISSIONS - COLLEGE OF NURSING

Admission to the University is based on the University’s Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
International: https://www.usf.edu/admissions/international/admission-information/index.aspx

PROGRESSION REQUIREMENTS - COLLEGE OF NURSING

Please refer to the USF College of Nursing Student Handbook for grade and progression requirements.

STATE MANDATED COMMON COURSE PREREQUISITES

The state-mandated nursing common prerequisites are required to be completed before the published application deadline for the intended term of entry. A grade of “C” or better is required while maintaining a cumulative GPA equal to or greater than 3.0.
**COLLEGE OF NURSING**

**UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG**

All courses not approved by the Florida State Course Numbering System (includes all Florida public colleges, universities, and College System institutions) used to satisfy these prerequisite requirements will be evaluated individually on the basis of content and will require a catalog course description and a copy of the syllabus for assessment.

BSC X085C or (BSC X085 and BSC X085L) or BSC X093C or (BSC X093 and BSC X093L) - 4 credit hours  
BSC X086C or (BSC X086 and BSC X086L) or BSC X094C or (BSC X094 and BSC X094L) - 4 credit hours  
CHM XXXX or BCH XXXX or BSC XXXX or PCB XXXX or PHY XXXX - 3 credit hours  
DEP X004 or DEP X054 or DEP X000 - 3 credit hours  
HUN X201 - 3 credit hours  
MCB X010C or (MCB X010 and MCB X010L) or MCB X013C or (MCB X000 and MCB X000L) or (MCB X004 and MCB X004L) - 4 credit hours  
PSY XXXX or SOP XXXX or SYG XXXX - 3 credit hours  
STA X014 or STA X023 or STA X122 - 3 credit hours  

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

NOTE: Epidemiology (3 credits) is recommended but not required.

**REQUIRED COURSES**: (62 CREDIT HOURS)

**MAJOR CORE: 22 COURSES; 62 CREDIT HOURS**

- NUR 3026 - Patient Centered Care: Essentials of Nursing Practice  **Credit(s): 3**  
- NUR 3026L - Patient Centered Care: Essentials of Nursing Practice Clinical  **Credit(s): 2**

- NUR 4827 - Role Transition and Leadership in Nursing  **Credit(s): 2**  
- NUR 4888 - Coordination of Care in Nursing  **Credit(s): 2-3**  
- NUR 4948L - Preceptorship  **Credit(s): 6**

**ADDITIONAL INFORMATION - NURSING: ACCELERATED SECOND BACHELOR'S B.S.N.**

**GPA REQUIREMENTS**

Minimum 3.0 cumulative GPA on all undergraduate work.

**GRADING REQUIREMENT**

All nursing courses must be passed with a C or better in didactic and an S in clinical.

**RESEARCH OPPORTUNITIES - COLLEGE OF NURSING**

1335
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - COLLEGE OF NURSING

USF students can schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor to discuss course planning, degree progression, and career preparation.

Plan of Study - Nursing: Accelerated Second Bachelor's Degree Pathway B.S.N.

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Items that are critical are marked with a ✶ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:

- Intensive Care Nurse
- Neonatal Nurse
- Medical Surg Nurse
- Community Health Nurse
- Emergency Department Nurse
- Staff nurse other areas

Potential Entry Level Salary Range:

$41,000 - $79,000

Certified Global Pathway Program

The Upper Division pathway (NUR) is for traditional baccalaureate nursing pathway for students who have completed all nursing prerequisite courses and university general education requirements.

This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of High Impact Practices and Undergraduate Research website.

SPECIALIZED ADMISSIONS

THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

This is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive. Any student who applies to the undergraduate program at the College of Nursing is initially coded as "pre-nursing" prior to official acceptance to the College of Nursing.

Admissions Requirements:

- Admission to the University of South Florida (Tampa campus), as a degree seeking undergraduate student.
- Completed application to the College of Nursing prior to the published deadline for the intended term of entry.
- Minimum 3.60 cumulative GPA on all undergraduate work.
- Completion of at least seven of the eight nursing pre-requisites courses by published application deadline for the intended term of entry.
  
  Note: Any outstanding nursing prerequisites must be completed by the program start date, with a C or better, while maintaining a cumulative GPA equal to or greater than 3.0.
- Completion of English Composition I, English Composition II, and State General Education Mathematics requirement by the published application deadline.
- Participation in a formal interview with the College of Nursing faculty, if selected.
- Completion of the University’s foreign language entrance requirement (FLENT) and University General Education requirement by the intended term of entry.

If a student receives a grade less than a C in any two prerequisite courses while declared as pre-nursing, the student will be required to select another major at the University of South Florida. Grade forgiveness will not apply to the mandated requirement of changing the major. In addition, if a student does not meet the minimum GPA requirement to be eligible to apply for admission following 60 completed hours and all prerequisite courses attempted, the student will be required to select another major at the University of South Florida.

UNIVERSITY ADMISSIONS - COLLEGE OF NURSING

Admission to the University is based on the University’s Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

PROGRESSION REQUIREMENTS - COLLEGE OF NURSING

Please refer to the USF College of Nursing Student Handbook for grade and progression requirements.

TRANSFERRING TO USF NURSING
The University’s Enhanced General Education requirements and College of Nursing’s prerequisite/support courses may be completed through the A.A. degree from a Florida College System institution. If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. The A.A. degree satisfies admission requirements only if courses are carefully selected and include the required major prerequisite/support courses.

**STATE MANDATED COMMON COURSE PREREQUISITES**

The state-mandated nursing common pre-requisites are required to be completed before the published application deadline for the intended term of entry. A grade of ‘C’ or better is required while maintaining a cumulative GPA equal to or greater than 3.0.

The College of Nursing requires certain courses within the Enhanced General Education requirement for the natural, social and behavioral sciences, and mathematics. Students must complete the prerequisite courses listed below prior to being admitted to the Upper Division pathway. All prerequisite courses must be completed with a grade of “C” or higher.

All courses not approved by the Florida State Course Numbering System (includes all Florida public colleges, universities, and College System institutions) used to satisfy these prerequisite requirements will be evaluated individually on the basis of content and will require a catalog course description and a copy of the syllabus for assessment.

- BSC X085C or (BSC X085 and BSC X085L) or BSC X093C or (BSC X093 and BSC X093L) - 4 credit hours
- BSC X086C or (BSC X086 and BSC X086L) or BSC X094C or (BSC X094 and BSC X094L) - 4 credit hours
- CHM XXXX or BCH XXXX or BSC XXXX or PCB XXXX or PHY XXXX - 3 credit hours
- DEP X004 or DEP X054 or DEP X000 - 3 credit hours
- HUN X201 - 3 credit hours
- MCB X010C or (MCB X010 and MCB X010L) or MCB X013C or (MCB X000 and MCB X000L) or (MCB X004 and MCB X004L) - 4 credit hours
- PSY XXXX or SOP XXXX or SYG XXXX - 3 credit hours
- STA X014 or STA X023 or STA X122 - 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

NOTE: Epidemiology (3 credits) is recommended but not required.

**REQUIRED COURSES: (68 CREDIT HOURS)**

Total Credit Hours: 14
The Veteran to BSN (V-CARE) major allows service members and veterans with medical training experience as medics and corpsmen the opportunity to receive a Bachelor of Science in Nursing degree. The V-CARE major is typically completed in consecutive semesters (after prerequisites, Foreign Language, and General Education requirements). Graduates may then take the National Council Licensure Examination (NCLEX) to earn their RN license. Prerequisites can be completed at an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission with completion of nursing coursework at the Tampa campus.

SPECIALIZED ADMISSIONS

THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

This is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive.

Admission Requirements

Admission to the University of South Florida (Tampa campus) as a degree seeking undergraduate student. Completed application to the College of Nursing prior to the published deadline for the intended term of entry. Applicants must have U.S. Army Medic, U.S. Air Force Medic, or U.S. Navy Corpsman training and experience to be a candidate for the V-CARE major. Minimum 3.0 cumulative GPA on all undergraduate coursework. Completion of the Nursing prerequisite courses by the published application deadline for the intended term of entry. Students who do not have all prerequisite courses completed by the intended term of entry may be eligible for conditional admission.

Note: Any outstanding Nursing prerequisite courses must be completed by the program start date, with a C or better, while maintaining a cumulative GPA greater than or equal to 3.0. Completion of English Composition I, English Composition II and State General Education Mathematics requirement by the published application deadline. Participation in a formal interview with College of Nursing faculty, if selected. Completion of the University's foreign language entrance requirement (FLENT) and University General Education requirements. Submission of a professional resume.

UNIVERSITY ADMISSIONS - COLLEGE OF NURSING

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx

Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx

International: https://www.usf.edu/admissions/international/admission-information/index.aspx

PROGRESSION REQUIREMENTS - COLLEGE OF NURSING

Please refer to the USF College of Nursing Student Handbook for grade and progression requirements.

TRANSFERRING TO USF NURSING

The University's Enhanced General Education requirements and College of Nursing's prerequisite/support courses may be completed through the A.A. degree from a Florida College System institution. If a student wishes to transfer...
without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. The A.A. degree satisfies admission requirements only if courses are carefully selected and include the required major prerequisite/support courses.

STATE MANDATED COMMON COURSE PREREQUISITES

The state-mandated nursing common pre-requisites are required to be completed before the published application deadline for the intended term of entry. A grade of 'C' or better is required while maintaining a cumulative GPA equal to or greater than 3.0.

The College of Nursing requires certain courses within the Enhanced General Education requirement for the natural, social and behavioral sciences, and mathematics. Students must complete the prerequisite courses listed below prior to being admitted to the V-CARE major. All prerequisite courses must be completed with a grade of "C" or higher.

All courses not approved by the Florida State Course Numbering System (includes all Florida public colleges, universities, and College System institutions) used to satisfy these prerequisite requirements will be evaluated individually on the basis of content and will require a catalog course description and a copy of the syllabus for assessment.

- BSC X085C or (BSC X085 and BSC X085L) or BSC X093C or (BSC X093 and BSC X093L) - 4 credit hours

COLLEGE OF PUBLIC HEALTH

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

College of Public Health

About the College

3010 USF Banyan Circle
Tampa, FL 33612
(813) 974-4633
https://health.usf.edu/publichealth

Location: The College of Public Health is located on the corner of Bruce B. Downs Avenue and Fletcher Avenue in the North-West corner of USF.

With selfless dedication, we promise to use our transformational research and interdisciplinary approach to passionately solve problems and create conditions that allow every person the universal right to health and well-being. Our Practice is Our Passion. Degree programs are offered in multiple platforms to accommodate student needs. On-campus courses are available throughout the day and evening. The College offers almost 100 courses online, including six (6) complete degree programs. College of Public Health (COPH) students embrace opportunities to see public health in practice in a variety of global settings. Through study abroad courses, international field experiences, and other opportunities, students annually travel to more than 20 countries, including Panama, Belize, Uganda, Malaysia and Ecuador among others.

Mission, Vision, Values

Mission
Advancing the public's health by developing a talented pool of public health leaders through education, research, and practice.

Vision
To be the exemplar in discovery, innovation, and transformation to advance the public's health.

COPH Core Values

Accreditation

The College of Public Health is accredited by the Council on Education in Public Health (CEPH) - URL: http://ceph.org/.
CEPH (800 Eye Street, NW, Suite 202, Washington, D.C. 20001-3710) is an independent agency that is recognized by the US Department of Education to accredit schools of public health. The College has been reaccredited for seven years, through July 1st, 2026; this is the maximum possible number of years attainable in a reaccreditation cycle.

Campus Housing Opportunities

College of Public Health Bulls in Health Living Learning Community (LLC)
The COPH Bulls in Health Living Learning Community is open to first year students, transfer students and current students who either currently major or plan to major in Health Sciences or Public Health. In the College of Public Health, our practice is our passion and the COPH Bulls in Health LLC will set you on a path to success. Students in the LLC will co-enroll in critical health sciences prerequisites or public health course work, participate in special events and activities to introduce you to the College of Public Health and USF Health. Additionally, the LLC allows you to network with administrators, faculty and high achieving student leaders in the College of Public Health. You will also have an Academic Advisor from your major with office hours in your residence hall to answer your questions and assist you in reaching your individualized goals. While in the LLC, you will develop the skills necessary to reach your personal, professional, and educational goals throughout your time at USF and in your future career. For more information, visit: https://health.usf.edu/publichealth/undergrad/living-learning-community.

College-Level Requirements

Admission Requirements, Initial Major Declaration and Change of Major
Admission to the College of Public Health is open to students who have been accepted to the University of South Florida and who declare a major in a particular field provided that students are able to meet degree progression standards per USF Policy 10-505. Please be advised that the Public Health major is offered on the Tampa campus. The Health Sciences major is offered on both the Tampa and St. Petersburg campuses.

Declaration of Major: Undergraduate students must submit a formal declaration of major for admission into the College. This usually occurs during orientation and advising for new students. Students who wish to change their major after matriculation also need to seek approval. Declaration and Change of major requests should be completed online at: https://health.usf.edu/publichealth/undergrad/declaration. To insure students are able to meet degree progression standards per USF Policy 10-505, the Office of Admissions and College of Public Health staff will review student records before processing declaration or change of major requests. Students who cannot complete the requested major within degree progression limits will not be permitted to pursue the major. Students preparing for a career in health professions must plan their courses carefully because of the sequential nature of the curricula.

Declaration of Minor: Undergraduate student may declare a minor at any point during the first term of enrollment and thereafter (as early as possible), but prior to applying for graduation. Students must complete a minimum of six (6) upper level credits exclusive to the minor that will not count toward the student's major or other minors at USF. Students should obtain prior approval with the specific requirements and forms from the college and department in which the minor is offered. Minor declarations should be completed online at: https://health.usf.edu/publichealth/undergrad/declaration.

College-Level Graduation Requirements

Students must complete all State and University level graduation requirements.

Maintain a minimum GPA of 2.0 in USF coursework.

Physical Education coursework is limited to two (2) semester hours.

ROTC courses that are primarily physical training and field experiences will not be applied to College of Public Health degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.

When earning a double major/dual degree, a maximum of two (2) departmental courses or eight (8) credit hours may be used to satisfy requirements between majors. Students should check with the college and respective departments when pursuing more than one major/degree.

The College of Public Health defines a “major” as courses listed in the major requirements (including electives and concentration coursework).

Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the Major, General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U. The Audit option is available only during the first 5 days of classes.

Must successfully complete (C- or higher) a minimum of 120 unduplicated credit hours with a USF and cumulative GPA of a 2.0 or higher. "D" grades are not acceptable in the majors of Public Health and Health Sciences.

Complete all major course requirements.

College of Public Health students are expected to complete a minimum of 50% of their major, concentration and/or minor coursework in residence at USF.

Graduation Requirements

Must successfully complete (C- or higher) a minimum of 120 unduplicated credit hours with a USF and cumulative GPA of a 2.0 or higher.

Must meet the Foreign Language Entrance Requirement.
Students must satisfy State Communication Requirement and State Computation Requirement. Transfer students who enter the University of South Florida with 60 or more semester hours from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission are considered to have met the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math).

Complete the General Education Core and State Communication and Computation Requirement of 36 hours.

Complete all major course requirements.

None of the coursework taken for the major may be taken as an S/U grade, unless S/U is the only grading option available.

The Audit option is available only during the first five (5) days of classes.

Complete a minimum of 42 hours of upper-level courses (numbered 3000 or above).

Thirty (30) of the last 60 semester hours must be completed at USF to fulfill the residency requirement.

**Baccalaureate-Level Degree Programs**

When earning a double major/concurrent degree, a maximum of two (2) departmental or programmatic courses or eight (8) credit hours may be used to satisfy requirements between majors. Students should check with the college and respective departments when pursuing more than one major/degree.

Health Sciences, as an interdisciplinary program, requires prior approval for overlapping coursework between double majors/concurrent degrees.

**Bachelor of Science in Health Sciences**

[https://health.usf.edu/publichealth/undergrad/bshs](https://health.usf.edu/publichealth/undergrad/bshs)

The Bachelor of Science in Health Sciences is a highly interdisciplinary degree and offers a valuable combination of hard science, social science, and humanities. This high-quality program offers classroom-based & distance instruction to prepare students for many exciting careers in one of the nation's fastest-growing industries. Courses in the program are offered from 5 different colleges and more than 20 departments at USF. Students can choose to focus their degree based on the health career they plan to pursue after graduation. Students take core foundational courses in Health Science then choose from 5 concentrations (30 credits from one concentration or a combination of 15 credits from two different concentrations) for their advanced studies based on their career goals.

Depending on the concentrations chosen students can go on to everything from clinical graduate programs to social services, administrative and technology positions. The flexible and interdisciplinary nature of this exciting degree prepares tomorrow's healthcare leaders with a strong foundation for success.

**Career Options:** This program prepares students for clinical graduate programs such as physical and occupational therapy, physician assistant programs and athletic training, as well as healthcare administration graduate programs, social and behavioral programs, public health or employment in a wide range of health related areas including community agencies, hospitals, or pharmaceutical companies.

Students can focus their studies in one concentration (30 credits) or a combination of 2 concentrations (15 credits in each) depending on career goals.

Concentrations include:

- Aging Health Studies and Health Information Technology Concentration
- Aging Health Studies and Health Care Administration Concentration
- Aging Health Studies Concentration
- Biological Health Sciences and Aging Health Studies Concentration

Global Pathways
https://www.usf.edu/gcp/students/index.aspx

A Global Pathway is an undergraduate major or degree program that has significant global content. Global Pathways provide students with the opportunity to practice and apply global competencies through the major or degree program.

Bachelor of Science in Public Health
https://health.usf.edu/publichealth/undergrad/bsph

USF offers the first Bachelor of Science in Public Health housed in an accredited College of Public Health in Florida. The Bachelor of Science in Public Health at the University of South Florida provides students with a flexible degree emphasizing skill development to promote future academic and career success within public health and clinical health professions. Students majoring in public health can pursue specialized coursework in pre-health, epidemiology, biostatistics, food safety, infection control, nutrition, global health, environmental and occupational health, and health coaching, among others. This innovative curriculum can be completed either fully online or through a mix of online and classroom-based courses. The B.S. in Public Health provides student-centered courses required for entry-level public health jobs found in government agencies, health corporations, community non-profit organizations and health care facilities.

Accelerated Programs

The College offers several programs the Fast Track from BSPH to MPH/MSPH for USF Honors Students.

Minors

The College of Public Health offers the following minors. For more information, see https://health.usf.edu/publichealth/undergrad/minors

General Public Health
The goal of the General Public Health minor is to provide students with a broad foundation necessary to understand and appreciate the field of Public Health.

Community Engaged Homeland Security & Emergency Management
The Community Engaged Homeland Security & Emergency Management minor provides a broad foundation of homeland security and emergency management coursework for individuals interested in pursuing a career in local, state or national government and military careers.

Environmental Health
The Environmental Health minor provides students with a broad range of courses necessary to pursue an advanced degree in the field of Environmental and Occupational Health and Safety or to seek entry-level employment in a related field and is preparatory for careers in: environmental science, industrial hygiene, toxicology, risk assessment, and related health sciences careers.

Infection Control
The Infection Control minor is based on the competencies in the National Board Certification Exam for infection control. The minor provides a foundation of infection prevention and control principles for individuals interested in pursuing a career in infection prevention and control at a healthcare facility or
alternate setting; or those who need this knowledge base to pursue opportunities at a local, state or national public health department; a governmental agency; an academic and/or research institution; or any other applicable arena.

**Nutrition**

The Nutrition science minor is both personally and professionally relevant, emphasizing health promotion, optimal human performance, disease prevention, quality of life and longevity. Career opportunities that are complemented by a nutrition minor include public health, health sciences, food technology, psychology, gerontology, social work, health promotion and communication, with potential employment in the public and/or private sector.

### Undergraduate Advising Information

College of Public Health  
The WELL - USF Health Shared Student Services (MDA)  
12901 Bruce B. Downs Blvd.  
Tampa, FL 33612  
(813) 974-4633  
Health Sciences Advising:  [HHSAdvise@usf.edu](mailto:HHSAdvise@usf.edu)  
Public Health Advising:  [UG-PublicHealthAdvising@usf.edu](mailto:UG-PublicHealthAdvising@usf.edu)

The advising team at the USF College of Public Health provides guidance on academic policies, requirements, and processes. Just as each College of Public Health student is unique, so is each degree plan. Advising is determined to working alongside students to design individualized plans while providing compassionate guidance in their educational journey.

**Undergraduate Students** can schedule an appointment with an advisor via Archivum.

To schedule an advising appointment:

Prospective or current students with an active UID can schedule an appointment online:  

Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major:  
[https://www.usf.edu/undergrad/students/advising.aspx](https://www.usf.edu/undergrad/students/advising.aspx)
HEALTH SCIENCES B.S., WITH AGING HEALTH STUDIES AND HEALTH CARE ADMINISTRATION CONCENTRATION

TOTAL DEGREE HOURS: 120

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS - HEALTH SCIENCES B.S.

All students earning a B.S. in Health Sciences must complete the following course prior to graduation:

PHC 4101 - Overview of Public Health Programs and Policies

This course can be taken as one of the Concentration Elective options if students choose.

STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

- BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours
- MAC X105 College Algebra – 3 credit hours
- PSY X012 Introduction to Psychological Science – 3 credit hours
- STA X000-X999 or STA X023 or STA X014 – 3 credit hours
- DEP X053 or DEP X004 or DEP X000 or CLP X140 – 3 credit hours
- APK X105C or (BSC X085 and BSC X085L) or BSC X093 or BSC X094 – 3-4 credit hours
- ENC X210 or ENC X254 – 3 credit hours

HEALTH SCIENCES REQUIRED COURSES (12 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- CLT 3040 - Scientific and Medical Terminology Credit(s): 3
- HSC 2000 - Introduction to Health Professions Credit(s): 3
OTHER REQUIRED COURSES: 2 COURSES; 6 CREDIT HOURS

ETHICS COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- CLP 4620 - Ethics in Psychology and Health Credit(s): 3
- PHI 3633 - Biomedical Ethics Credit(s): 3
- PHI 3636 - Professional Ethics Credit(s): 3

OUTSIDE THE MAJOR COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- ACG 2021 - Principles of Financial Accounting Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
- ANT 2410 - Cultural Anthropology Credit(s): 3
- ANT 2511 - Biological Anthropology Credit(s): 3
- COM 2000 - Introduction to Communication Credit(s): 3
- COM 2130 - Communication Skills for Health Professionals Credit(s): 3
- GEY 2000 - Introduction to Aging Sciences Credit(s): 3
- SYG 2000 - Introduction to Sociology Credit(s): 3

HEALTH SCIENCES MAJOR CONCENTRATION ELECTIVES (30 CREDIT HOURS)

Students complete a Health Sciences program of study and one of five concentrations in:

- Aging Health Studies
- Biological Health Sciences
- Health Information Technology
- Health Care Administration
- Social and Behavioral Health Sciences

Students choose 30 credit hours in one (1) concentration or 15 credit hours each in two (2) concentrations.

AGING HEALTH STUDIES AND HEALTH CARE ADMINISTRATION CONCENTRATION (30 CREDIT HOURS)

Students choose fifteen (15) credit hours from the following list of courses.

- BSC 3022 - Biology of Aging Credit(s): 3
- GEY 3601 - Physical Changes and Aging Credit(s): 3
- GEY 4322 - Care Management for Older Adults Credit(s): 3
- GEY 4360 - Counseling for Older Adults Credit(s): 3
- GEY 4507 - Understanding Policies and Practices of Long Term Care Credit(s): 3
- GEY 4608 - Alzheimer's Disease Management Credit(s): 3
- GEY 4628 - Health, Ethnicity, and Aging Credit(s): 3
- GEY 4641 - Death and Dying Credit(s): 3
- GEY 4935 - Special Topics in Gerontology Credit(s): 3
- HSC 4658 - Management of Health Information Systems Credit(s): 3
- HSC 4211 - Health, Behavior and Society Credit(s): 3
- HSC 4630 - Understanding U.S. Health Care Credit(s): 3
- HSC 4851 - Health Sciences Internship Credit(s): 3
- LIS 4930 - Selected Topics in Information Studies Credit(s): 3
- MHS 4931 - Selected Topics Credit(s): 1-3
- PAD 4930 - Selected Topics in Public Administration and Public Policy Credit(s): 3
- PHC 4931 - Health Care Ethics Credit(s): 3
- SOW 3210 - The American Social Welfare System Credit(s): 3
- SPA 3002 - Introduction to Communication Sciences and Disorders Credit(s): 3

1358
SPA 4257 - Adult Communication Disorders Credit(s): 3

HEALTH CARE ADMINISTRATION CONCENTRATION: 5 COURSES; 15 CREDIT HOURS

Students choose fifteen (15) credit hours from the following list of courses.

ACG 2071 - Principles of Managerial Accounting Credit(s): 3
ECP 3530 - Economics of Health Credit(s): 3
GEY 4635 - Business Management in an Aging Society Credit(s): 3
HIM 4658 - Management of Health Information Systems Credit(s): 3
HSA 3170 - Healthcare Finance Credit(s): 3
HSC 4211 - Health, Behavior and Society Credit(s): 3
HSC 4640 - Foundations of Global Health Credit(s): 3
HSC 4630 - Understanding U.S. Health Care Credit(s): 3
HSC 4631 - Critical Issues in Public Health Credit(s): 3
HSC 4851 - Health Sciences Internship Credit(s): 3
HSC 4933 - Special Topics in Public Health Credit(s): 1-3
ISM 3011 - Information Systems in Organizations Credit(s): 3
LIS 4930 - Selected Topics in Information Studies Credit(s): 3
MAN 3025 - Principles of Management Credit(s): 3
MAN 3301 - Healthcare Management Credit(s): 3
MAN 4300 - Human Resource Management Credit(s): 3

** PHC 4101 is a graduation requirement for all Health Science B.S. students.

TWO SPC, MMC, AND/OR COM COURSES MAY APPLY TO THIS CONCENTRATION.

SPC 3710 - Communication and Cultural Diversity Credit(s): 3
SPC 4930 - Selected Topics Credit(s): 1-3
Patient Provider Communication
Intercultural Health Communication

ADDITIONAL INFORMATION - HEALTH SCIENCES B.S.

GPA REQUIREMENTS
A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS
Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.
Residency Requirement

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

Research Opportunities - Health Sciences B.S.

A maximum of 4 credits of Undergraduate Research IDS 4910 - Community Research may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

HEALTH SCIENCES B.S., WITH AGING HEALTH STUDIES AND HEALTH INFORMATION TECHNOLOGY CONCENTRATION

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS - HEALTH SCIENCES B.S.

All students earning a B.S. in Health Sciences must complete the following course prior to graduation:

- PHC 4101 PHC 4101 - Overview of Public Health Programs and Policies
This course can be taken as one of the Concentration Elective options if students choose.

STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

- BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours
- MAC X105 College Algebra – 3 credit hours
- PSY X012 Introduction to Psychological Science – 3 credit hours
- STA X000-X999 or STA X023 or STA X014 - 3 credit hours
- DEP X053 or DEP X004 or DEP X000 or CLP X140 – 3 credit hours
- APK X105C or (BSC X085 and BSC X085L) or BSC X093 or BSC X094 – 3-4 credit hours
- ENC X210 or ENC X254 – 3 credit hours

HEALTH SCIENCES REQUIRED COURSES (12 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- CLT 3040 - Scientific and Medical Terminology Credit(s): 3
- HSC 2000 - Introduction to Health Professions Credit(s): 3

OTHER REQUIRED COURSES: 2 COURSES; 6 CREDIT HOURS
COLLEGE OF PUBLIC HEALTH

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ETHICS COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- CLP 4620 - Ethics in Psychology and Health Credit(s): 3
- PHI 3633 - Biomedical Ethics Credit(s): 3
- PHI 3636 - Professional Ethics Credit(s): 3

OUTSIDE THE MAJOR COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- ACG 2021 - Principles of Financial Accounting Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
- ANT 2410 - Cultural Anthropology Credit(s): 3
- ANT 2511 - Biological Anthropology Credit(s): 3

HEALTH SCIENCES MAJOR CONCENTRATION ELECTIVES (30 CREDIT HOURS)

Students complete a Health Sciences program of study and one of five concentrations in:

- Aging Health Studies
- Biological Health Sciences
- Health Information Technology
- Health Care Administration
- Social and Behavioral Health Sciences

Students choose 30 credit hours in one (1) concentration or 15 credit hours each in two (2) concentrations.

AGING HEALTH STUDIES AND HEALTH INFORMATION TECHNOLOGY CONCENTRATION (30 CREDIT HOURS)

Students choose fifteen (15) credit hours from the following list of courses:

AGING HEALTH STUDIES CONCENTRATION: 5 COURSES; 15 CREDIT HOURS

Students choose fifteen (15) credit hours from the following list of courses.

- BSC 3022 - Biology of Aging Credit(s): 3
- GEY 3601 - Physical Changes and Aging Credit(s): 3
- GEY 4322 - Care Management for Older Adults Credit(s): 3
- GEY 4360 - Counseling for Older Adults Credit(s): 3
- GEY 4507 - Understanding Policies and Practices of Long Term Care Credit(s): 3
- GEY 4608 - Alzheimer's Disease Management Credit(s): 3
- GEY 4628 - Health, Ethnicity, and Aging Credit(s): 3
- GEY 4641 - Death and Dying Credit(s): 3
- GEY 4935 - Special Topics in Gerontology Credit(s): 3

HEALTH SCIENCES B.S., WITH AGING HEALTH STUDIES CONCENTRATION
TOTAL DEGREE HOURS: 120

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH

Admission to the University is based on the University’s Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS - HEALTH SCIENCES B.S.

All students earning a B.S. in Health Sciences must complete the following course prior to graduation:

PHC 4101 PHC 4101 - Overview of Public Health Programs and Policies
This course can be taken as one of the Concentration Elective options if students choose.

STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

- BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours
- MAC X105 College Algebra – 3 credit hours
- PSY X012 Introduction to Psychological Science – 3 credit hours
- STA X000-X999 or STA X023 or STA X014 - 3 credit hours
- DEP X053 or DEP X004 or DEP X000 or CLP X140 – 3 credit hours
- APK X105C or (BSC X085 and BSC X085L) or BSC X093 or BSC X094 – 3-4 credit hours
- ENC X210 or ENC X254 – 3 credit hours

HEALTH SCIENCES REQUIRED COURSES (12 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- CLT 3040 - Scientific and Medical Terminology Credit(s): 3
- HSC 2000 - Introduction to Health Professions Credit(s): 3

OTHER REQUIRED COURSES: 2 COURSES; 6 CREDIT HOURS
COLLEGE OF PUBLIC HEALTH

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

ETHICS COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- CLP 4620 - Ethics in Psychology and Health Credit(s): 3
- PHI 3633 - Biomedical Ethics Credit(s): 3
- PHI 3636 - Professional Ethics Credit(s): 3

OUTSIDE THE MAJOR COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- ACG 2021 - Principles of Financial Accounting Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
- ANT 2410 - Cultural Anthropology Credit(s): 3
- ANT 2511 - Biological Anthropology Credit(s): 3
- COM 2000 - Introduction to Communication Credit(s): 3
- COM 2130 - Communication Skills for Health Professionals Credit(s): 3
- GEY 2000 - Introduction to Aging Sciences Credit(s): 3
- SYG 2000 - Introduction to Sociology Credit(s): 3

HEALTH SCIENCES MAJOR CONCENTRATION ELECTIVES (30 CREDIT HOURS)

Students complete a Health Sciences program of study and one of five concentrations in:

- Aging Health Studies
- Biological Health Sciences
- Health Information Technology
- Health Care Administration
- Social and Behavioral Health Sciences

Students choose 30 credit hours in one (1) concentration or 15 credit hours each in two (2) concentrations.

AGING HEALTH STUDIES CONCENTRATION: 10 COURSES; 30 CREDIT HOURS

Select 10 courses (30 credit hours) from the following list of courses:

- BSC 3022 - Biology of Aging Credit(s): 3
- GEY 3601 - Physical Changes and Aging Credit(s): 3
- GEY 4322 - Care Management for Older Adults Credit(s): 3
- GEY 4360 - Counseling for Older Adults Credit(s): 3
- GEY 4507 - Understanding Policies and Practices of Long Term Care Credit(s): 3
- GEY 4608 - Alzheimer's Disease Management Credit(s): 3
- GEY 4628 - Health, Ethnicity, and Aging Credit(s): 3
- GEY 4641 - Death and Dying Credit(s): 3
- GEY 4935 - Special Topics in Gerontology Credit(s): 3
- HSC 4211 - Health, Behavior and Society Credit(s): 3
- HSC 4630 - Understanding U.S. Health Care Credit(s): 3
- HSC 4851 - Health Sciences Internship Credit(s): 3
- LIS 4930 - Selected Topics in Information Studies Credit(s): 3
- MHS 4931 - Selected Topics Credit(s): 1-3
- PAD 4930 - Selected Topics in Public Administration and Public Policy Credit(s): 3
- PHC 4931 - Health Care Ethics Credit(s): 3
- SOW 3210 - The American Social Welfare System Credit(s): 3
- SPA 3002 - Introduction to Communication Sciences and Disorders Credit(s): 3
- SPA 4257 - Adult Communication Disorders Credit(s): 3

ADDITIONAL INFORMATION - HEALTH SCIENCES B.S.

GPA REQUIREMENTS
A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

**GRADING REQUIREMENTS**

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

**RESIDENCY REQUIREMENT**

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

**RESEARCH OPPORTUNITIES - HEALTH SCIENCES B.S.**

A maximum of 4 credits of Undergraduate Research IDS 4910 - Community Research may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

**HEALTH SCIENCES B.S., WITH BIOLOGICAL HEALTH SCIENCES AND HEALTH CARE ADMINISTRATION CONCENTRATION**

**TOTAL DEGREE HOURS: 120**

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

**UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH**

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

**GRADUATION REQUIREMENTS - HEALTH SCIENCES B.S.**

All students earning a B.S. in Health Sciences must complete the following course prior to graduation:

- PHC 4101 PHC 4101 - Overview of Public Health Programs and Policies
  This course can be taken as one of the Concentration Elective options if students choose.

**STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH SCIENCES B.S.**

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

- BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours
- MAC X105 College Algebra – 3 credit hours
- PSY X012 Introduction to Psychological Science– 3 credit hours
- STA X000-X999 or STA X023 or STA X014 - 3 credit hours
- DEP X053 or DEP X004 or DEP X000 or CLP X140 – 3 credit hours
- APK X105C or (BSC X085 and BSC X085L) or BSC X093 or BSC X094 – 3-4 credit hours
- ENC X210 or ENC X254 – 3 credit hours

**HEALTH SCIENCES REQUIRED COURSES (12 CREDIT HOURS)**

**MAJOR CORE COURSES; 2 COURSES; 6 CREDIT HOURS**

- CLT 3040 - Scientific and Medical Terminology Credit(s): 3
- HSC 2000 - Introduction to Health Professions Credit(s): 3
OTHER REQUIRED COURSES: 2 COURSES; 6 CREDIT HOURS

ETHICS COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- CLP 4620 - Ethics in Psychology and Health Credit(s): 3
- PHI 3633 - Biomedical Ethics Credit(s): 3
- PHI 3636 - Professional Ethics Credit(s): 3

OUTSIDE THE MAJOR COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- ACG 2021 - Principles of Financial Accounting Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
- ANT 2410 - Cultural Anthropology Credit(s): 3
- ANT 2511 - Biological Anthropology Credit(s): 3
- COM 2000 - Introduction to Communication Credit(s): 3
- COM 2130 - Communication Skills for Health Professionals Credit(s): 3
- GEY 2000 - Introduction to Aging Sciences Credit(s): 3
- SYG 2000 - Introduction to Sociology Credit(s): 3

HEALTH SCIENCES MAJOR CONCENTRATION ELECTIVES (30 CREDIT HOURS)

Students complete a Health Sciences program of study and one of five concentrations in:

- Aging Health Studies
- Biological Health Sciences
- Health Information Technology
- Health Care Administration
- Social and Behavioral Health Sciences

Students choose 30 credit hours in one (1) concentration or 15 credit hours each in two (2) concentrations.

BIOLOGICAL HEALTH SCIENCES AND HEALTH CARE ADMINISTRATION CONCENTRATION (30 CREDIT HOURS)

BIOLOGICAL HEALTH SCIENCES CONCENTRATION: 5 COURSES; 15 CREDIT HOURS

Students choose fifteen (15) credit hours from the following list of courses.

- ANT 4462 - Health, Illness, and Culture Credit(s): 3
- ANT 4520C - Forensic Anthropology Credit(s): 4
- APK 3120 - Exercise Physiology Credit(s): 3
- BSC 3022 - Biology of Aging Credit(s): 3
- BSC 4933 - Selected Topics in Biology Credit(s): 1-4
- CHM 2023 - Chemistry for Today Credit(s): 3
  OR
- CHM 2045 - General Chemistry I Credit(s): 3 AND CHM 2045L - General Chemistry I Laboratory Credit(s): 1
- CHM 2046 - General Chemistry II Credit(s): 3 AND CHM 2046L - General Chemistry II Laboratory Credit(s): 1
- DEP 4053 - Developmental Psychology Credit(s): 3
- GEY 3601 - Physical Changes and Aging Credit(s): 3
- HIM 4658 - Management of Health Information Systems Credit(s): 3
- HSC 4430 - Occupational Health and Safety Credit(s): 3
- HSC 4504 - Foundations of Public Health Immunology Credit(s): 3
- HSC 4551 - Survey of Human Diseases Credit(s): 3
- HSC 4573 - Foundations of Food Safety Credit(s): 3
- HSC 4624 - Foundations of Global Health Credit(s): 3

COLLEGE OF PUBLIC HEALTH

PAD 4930 - Selected Topics in Public Administration and Public Policy Credit(s): 3
PHC 4101 - Overview of Public Health Programs and Policies Credit(s): 3 **
PHC 4931 - Health Care Ethics Credit(s): 3
PHI 3636 - Professional Ethics Credit(s): 3
PUP 4002 - Public Policy Credit(s): 3
SYO 4400 - Medical Sociology Credit(s): 3

** PHC 4101 is a graduation requirement for all Health Science B.S. students.

TWO SPC, MMC, AND/OR COM COURSES MAY APPLY TO THIS CONCENTRATION.

SPC 3710 - Communication and Cultural Diversity Credit(s): 3
SPC 4930 - Selected Topics Credit(s): 1-3
Patient Provider Communication
Intercultural Health Communication

ADDITIONAL INFORMATION - HEALTH SCIENCES B.S.

GPA REQUIREMENTS
A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS
Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

RESIDENCY REQUIREMENT
Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES - HEALTH SCIENCES B.S.
A maximum of 4 credits of Undergraduate Research IDS 4910 - Community Research may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - HEALTH SCIENCES B.S.
Physical Address: The WELL – USF Health Shared Student Services (MDA), 12901 Bruce B Downs Blvd, Tampa, FL 33612
Phone: (813) 974-4633
Office Hours: 8 a.m. - 5 p.m., Monday through Friday
Web Address: https://health.usf.edu/publichealth/undergrad/advising

ETHICS COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- CLP 4620 - Ethics in Psychology and Health Credit(s): 3
- PHI 3633 - Biomedical Ethics Credit(s): 3
- PHI 3636 - Professional Ethics Credit(s): 3

OUTSIDE THE MAJOR COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- ACG 2021 - Principles of Financial Accounting Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
- ANT 2410 - Cultural Anthropology Credit(s): 3
- ANT 2511 - Biological Anthropology Credit(s): 3
- COM 2000 - Introduction to Communication Credit(s): 3
- COM 2130 - Communication Skills for Health Professionals Credit(s): 3
- GEY 2000 - Introduction to Aging Sciences Credit(s): 3
- SYG 2000 - Introduction to Sociology Credit(s): 3

HEALTH SCIENCES MAJOR CONCENTRATION ELECTIVES (30 CREDIT HOURS)

Students complete a Health Sciences program of study and one of five concentrations in:

- Aging Health Studies
- Biological Health Sciences
- Health Information Technology
- Health Care Administration
- Social and Behavioral Health Sciences

Students choose 30 credit hours in one (1) concentration or 15 credit hours each in two (2) concentrations.

BIOLOGICAL HEALTH SCIENCES AND HEALTH INFORMATION TECHNOLOGY CONCENTRATION (30 CREDIT HOURS)

BIOLOGICAL HEALTH SCIENCES CONCENTRATION: 5 COURSES; 15 CREDIT HOURS

Students choose fifteen (15) credit hours from the following list of courses.

- ANT 4462 - Health, Illness, and Culture Credit(s): 3
- ANT 4520C - Forensic Anthropology Credit(s): 4
- APK 3120 - Exercise Physiology Credit(s): 3
- BSC 3022 - Biology of Aging Credit(s): 3
- BSC 4933 - Selected Topics in Biology Credit(s): 1-4
- CHM 2023 - Chemistry for Today Credit(s): 3
- OR
- CHM 2045 - General Chemistry I Credit(s): 3 AND CHM 2045L - General Chemistry I Laboratory Credit(s): 1
- CHM 2046 - General Chemistry II Credit(s): 3 AND CHM 2046L - General Chemistry II Laboratory Credit(s): 1
- DEP 4053 - Developmental Psychology Credit(s): 3
- GEY 3601 - Physical Changes and Aging Credit(s): 3
- HIM 4658 - Management of Health Information Systems Credit(s): 3
- HSC 4430 - Occupational Health and Safety Credit(s): 3
- HSC 4504 - Foundations of Public Health Immunology Credit(s): 3
- HSC 4551 - Survey of Human Diseases Credit(s): 3
- HSC 4573 - Foundations of Food Safety Credit(s): 3
- HSC 4624 - Foundations of Global Health Credit(s): 3
## HSC 4933 - Special Topics in Public Health
Credit(s): 1-3

## HUN 3272 - Sports Nutrition
Credit(s): 3

## HUN 3296 - Nutrition and Disease
Credit(s): 3

## LIS 4785 - Introduction to Health Informatics
Credit(s): 3

Credit(s): 1-3

### ADDITIONAL INFORMATION - HEALTH SCIENCES B.S.
GPA REQUIREMENTS
A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS
Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

RESIDENCY REQUIREMENT
Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES - HEALTH SCIENCES B.S.
A maximum of 4 credits of Undergraduate Research IDS 4910 - Community Research may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

HEALTH SCIENCES B.S., WITH BIOLOGICAL HEALTH SCIENCES AND SOCIAL AND BEHAVIORAL HEALTH SCIENCES CONCENTRATION

TOTAL DEGREE HOURS: 120

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS - HEALTH SCIENCES B.S.

All students earning a B.S. in Health Sciences must complete the following course prior to graduation:

PHC 4101 - Overview of Public Health Programs and Policies

This course can be taken as one of the Concentration Elective options if students choose.

STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

- BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours
- MAC X105 College Algebra – 3 credit hours
- PSY X012 Introduction to Psychological Science – 3 credit hours
- STA X000-X999 or STA X023 or STA X014 - 3 credit hours
- DEP X053 or DEP X004 or DEP X000 or CLP X140 – 3 credit hours
- APK X105C or (BSC X085 and BSC X085L) or BSC X093 or BSC X094 – 3-4 credit hours
- ENC X210 or ENC X254 – 3 credit hours

HEALTH SCIENCES REQUIRED COURSES (12 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

## Communication Sciences & Disorders Cluster

These courses are recommended for students interested in pursuing graduate degrees in Communication Sciences.

- **SPA 3002** - Introduction to Communication Sciences and Disorders \( \text{Credit(s)}: 3 \)
- **SPA 3004** - Introduction to Language Development and Disorders \( \text{Credit(s)}: 3 \)
- **SPA 3030** - Introduction to Hearing Science \( \text{Credit(s)}: 3 \)
- **SPA 3101** - Anatomy and Physiology of the Speech and Hearing Mechanism \( \text{Credit(s)}: 3 \)
- **SPA 4104** - Neuroanatomy for Speech, Language and Hearing \( \text{Credit(s)}: 3 \)

## Social and Behavioral Health Sciences Concentration: 5 Courses; 15 Credit Hours

Students choose fifteen (15) credit hours from the following list of courses.

- **CLP 4143** - Abnormal Psychology \( \text{Credit(s)}: 3 \)
- **COM 4020** - Communicating Illness, Grief, and Loss \( \text{Credit(s)}: 3 \)
- **COM 4021** - Family Communication and the End of Life \( \text{Credit(s)}: 3 \)
- **COM 4022** - Health Communication \( \text{Credit(s)}: 3 \)
- **COM 4702** - Communication, Language, and Mental Illness \( \text{Credit(s)}: 3 \)
- **HIM 4658** - Management of Health Information Systems \( \text{Credit(s)}: 3 \)
- **HSC 4172** - Women's Health: A Public Health Perspective \( \text{Credit(s)}: 3 \)
- **HSC 4211** - Health, Behavior and Society \( \text{Credit(s)}: 3 \)
- **HSC 4579** - Foundations of Maternal and Child Health \( \text{Credit(s)}: 3 \)
- **HSC 4631** - Critical Issues in Public Health \( \text{Credit(s)}: 3 \)
- **HSC 4933** - Special Topics in Public Health \( \text{Credit(s)}: 1-3 \)
- **LIS 4776** - Health Information Technology \( \text{Credit(s)}: 3 \)
- **LIS 4930** - Selected Topics in Information Studies \( \text{Credit(s)}: 3 \)
- **MHS 4022** - Adult Psychopathology in the Community \( \text{Credit(s)}: 3 \)
- **MHS 4452** - Co-Occurring Disorders \( \text{Credit(s)}: 3 \)
- **MHS 4490** - Behavioral Healthcare Issues for Children \( \text{Credit(s)}: 3 \)
- **PAD 4930** - Selected Topics in Public Administration and Public Policy \( \text{Credit(s)}: 3 \)
- **PHI 4930** - Selected Topics \( \text{Credit(s)}: 1-3 \)
- **SOW 3102** - Human Behavior and the Social Environment II \( \text{Credit(s)}: 3 \)
- **SOW 3203** - Introduction to Social Work \( \text{Credit(s)}: 3 \)
- **SOW 3210** - The American Social Welfare System \( \text{Credit(s)}: 3 \)
- **SPC 4930** - Selected Topics \( \text{Credit(s)}: 1-3 \)
- **SYO 4400** - Medical Sociology \( \text{Credit(s)}: 3 \)
- **WST 4320** - Politics and Issues in Women's Health \( \text{Credit(s)}: 3 \)

**PHC 4101 is a graduation requirement for all Health Science B.S. students**
MENTAL HEALTH CLUSTER

These courses are for students interested in Mental Health professions.

Note: Special Topics courses are chosen in advance of registration, in coordination with an academic advisor.

- MHS 3411 - Multidisciplinary Behavioral Healthcare Services Credit(s): 3
- MHS 4002 - Behavioral Health Systems Delivery Credit(s): 3
- MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment Credit(s): 3
- MHS 4703 - Legal, Ethical and Professional Issues in BHC Credit(s): 3
- MHS 4931 - Selected Topics Credit(s): 1-3

SUBSTANCE ABUSE CLUSTER

These courses are for students interested in Substance Abuse Counseling and Treatment professions.

Note: Special Topics courses are chosen in advance of registration, in coordination with an academic advisor.

- MHS 3411 - Multidisciplinary Behavioral Healthcare Services Credit(s): 3
- MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment Credit(s): 3
- MHS 4703 - Legal, Ethical and Professional Issues in BHC Credit(s): 3
- MHS 4931 - Selected Topics Credit(s): 1-3
- PSB 3444 - Drugs and Behavior Credit(s): 3

HEALTH SCIENCES B.S., WITH BIOLOGICAL HEALTH SCIENCES CONCENTRATION

TOTAL DEGREE HOURS: 120

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS - HEALTH SCIENCES B.S.

All students earning a B.S. in Health Sciences must complete the following course prior to graduation:

PHC 4101 PHC 4101 - Overview of Public Health Programs and Policies
This course can be taken as one of the Concentration Elective options if students choose.

STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

- BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours
- MAC X105 College Algebra – 3 credit hours
- PSY X012 Introduction to Psychological Science – 3 credit hours
- STA X000-X999 or STA X023 or STA X014 - 3 credit hours
- DEP X053 or DEP X004 or DEP X000 or CLP X140 – 3 credit hours
- APK X105C or (BSC X085 and BSC X085L) or BSC X093 or BSC X094 – 3-4 credit hours
- ENC X210 or ENC X254 – 3 credit hours

HEALTH SCIENCES REQUIRED COURSES (12 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

CLT 3040 - Scientific and Medical Terminology Credit(s): 3
HSC 2000 - Introduction to Health Professions Credit(s): 3
OTHER REQUIRED COURSES: 2 COURSES; 6 CREDIT HOURS

ETHICS COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- CLP 4620 - Ethics in Psychology and Health Credit(s): 3
- PHI 3633 - Biomedical Ethics Credit(s): 3
- PHI 3636 - Professional Ethics Credit(s): 3

OUTSIDE THE MAJOR COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- ACG 2021 - Principles of Financial Accounting Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
- ANT 2410 - Cultural Anthropology Credit(s): 3
- ANT 2511 - Biological Anthropology Credit(s): 3
- COM 2000 - Introduction to Communication Credit(s): 3
- COM 2130 - Communication Skills for Health Professionals Credit(s): 3
- GEY 2000 - Introduction to Aging Sciences Credit(s): 3
- SYG 2000 - Introduction to Sociology Credit(s): 3

HEALTH SCIENCES MAJOR CONCENTRATION ELECTIVES (30 CREDIT HOURS)

Students complete a Health Sciences program of study and one of five concentrations in:

- Aging Health Studies
- Biological Health Sciences
- Health Information Technology
- Health Care Administration
- Social and Behavioral Health Sciences

Students choose 30 credit hours in one (1) concentration or 15 credit hours each in two (2) concentrations.

BIOLOGICAL HEALTH SCIENCES CONCENTRATION: 10 COURSES; 30 CREDIT HOURS

Select 10 courses (30 credit hours) from the following list of courses:

- ANT 4462 - Health, Illness, and Culture Credit(s): 3
- ANT 4520C - Forensic Anthropology Credit(s): 4
- APK 3120 - Exercise Physiology Credit(s): 3
- BSC 3022 - Biology of Aging Credit(s): 3
- BSC 4933 - Selected Topics in Biology Credit(s): 1-4
- CHM 2023 - Chemistry for Today Credit(s): 3
- CHM 2045 - General Chemistry I Credit(s): 3 and CHM 2045L - General Chemistry I Laboratory Credit(s): 1
- CHM 2046 - General Chemistry II Credit(s): 3 and CHM 2046L - General Chemistry II Laboratory Credit(s): 1
- DEP 4053 - Developmental Psychology Credit(s): 3
- GEY 3601 - Physical Changes and Aging Credit(s): 3
- HSC 4430 - Occupational Health and Safety Credit(s): 3
- HSC 4504 - Foundations of Public Health Immunology Credit(s): 3
- HSC 4551 - Survey of Human Diseases Credit(s): 3
- HSC 4573 - Foundations of Food Safety Credit(s): 3
- HSC 4624 - Foundations of Global Health Credit(s): 3
- HSC 4933 - Special Topics in Public Health Credit(s): 1-3
- HUN 3272 - Sports Nutrition Credit(s): 3
- HUN 3296 - Nutrition and Disease Credit(s): 3
- LIS 4785 - Introduction to Health Informatics Credit(s): 3
- LIS 4930 - Selected Topics in Information Studies Credit(s): 3
COLLEGE OF PUBLIC HEALTH

MCB 3020 - General Microbiology Credit(s): 3
MCB 3020L - General Microbiology Laboratory Credit(s): 1
PCB 3063 - General Genetics Credit(s): 3
PCB 3063L - General Genetics Laboratory Credit(s): 1
PHC 3302 - Introduction to Environmental & Occupational Health Credit(s): 3
PHC 3320 - Environmental Health Science Credit(s): 3
PHC 4030 - Introduction to Epidemiology Credit(s): 3
PHC 4101 - Overview of Public Health Programs and Policies Credit(s): 3
PHY 2020 - Conceptual Physics Credit(s): 3

or

PHY 2053 - General Physics I Credit(s): 3 and PHY 2053L - General Physics I Laboratory Credit(s): 1
PHY 2054 - General Physics II Credit(s): 3 and PHY 2054L - General Physics II Laboratory Credit(s): 1
SPC 4930 - Selected Topics Credit(s): 1-3
ZOO 4512 - Sociobiology Credit(s): 3

COMMUNICATION SCIENCES & DISORDERS CLUSTER

These courses are recommended for students interested in pursuing graduate degrees in Communication Sciences.

SPA 3002 - Introduction to Communication Sciences and Disorders Credit(s): 3
SPA 3004 - Introduction to Language Development and Disorders Credit(s): 3
SPA 3030 - Introduction to Hearing Science Credit(s): 3
SPA 3101 - Anatomy and Physiology of the Speech and Hearing Mechanism Credit(s): 3
SPA 4104 - Neuroanatomy for Speech, Language and Hearing Credit(s): 3

ADDITIONAL INFORMATION - HEALTH SCIENCES B.S.

GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

RESIDENCY REQUIREMENT

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES - HEALTH SCIENCES B.S.

A maximum of 4 credits of Undergraduate Research IDS 4910 - Community Research may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - HEALTH SCIENCES B.S.

Physical Address: The WELL – USF Health Shared Student Services (MDA), 12901 Bruce B Downs Blvd, Tampa, FL 33612
Phone: (813) 974-4633
Office Hours: 8 a.m. - 5 p.m., Monday through Friday
# Plans of Study - Health Sciences B.S., with Biological Health Sciences Concentration

**NOTES:**
- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see [https://www.usf.edu/undergrad/students/civics-literacy.aspx](https://www.usf.edu/undergrad/students/civics-literacy.aspx) or talk with your academic advisor.
- Items that are critical are marked with a ☑ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:
- Health Scientist
- Healthcare Sales Executive

Potential Entry Level Salary Range:
$33,000 - $60,000

PSY X012 Introduction to Psychological Science – 3 credit hours
STA X000-X999 or STA X023 or STA X014 - 3 credit hours
DEP X053 or DEP X004 or DEP X000 or CLP X140 – 3 credit hours
APK X105C or (BSC X085 and BSC X085L) or BSC X093 or BSC X094 – 3-4 credit hours
ENC X210 or ENC X254 – 3 credit hours

HEALTH SCIENCES REQUIRED COURSES (12 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- CLT 3040 - Scientific and Medical Terminology Credit(s): 3
- HSC 2000 - Introduction to Health Professions Credit(s): 3

1410
OTHER REQUIRED COURSES: 2 COURSES; 6 CREDIT HOURS

ETHICS COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- CLP 4620 - Ethics in Psychology and Health Credit(s): 3
- PHI 3633 - Biomedical Ethics Credit(s): 3
- PHI 3636 - Professional Ethics Credit(s): 3

OUTSIDE THE MAJOR COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- ACG 2021 - Principles of Financial Accounting Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
- ANT 2410 - Cultural Anthropology Credit(s): 3
- ANT 2511 - Biological Anthropology Credit(s): 3
- COM 2000 - Introduction to Communication Credit(s): 3
- COM 2130 - Communication Skills for Health Professionals Credit(s): 3
- GEY 2000 - Introduction to Aging Sciences Credit(s): 3
- SYG 2000 - Introduction to Sociology Credit(s): 3

HEALTH SCIENCES MAJOR CONCENTRATION ELECTIVES (30 CREDIT HOURS)

Students complete a Health Sciences program of study and one of five concentrations in:

- Aging Health Studies
- Biological Health Sciences
- Health Information Technology
- Health Care Administration
- Social and Behavioral Health Sciences

Students choose 30 credit hours in one (1) concentration or 15 credit hours each in two (2) concentrations.

HEALTH CARE ADMINISTRATION AND HEALTH INFORMATION TECHNOLOGY CONCENTRATION: (30 CREDIT HOURS)

HEALTH CARE ADMINISTRATION CONCENTRATION: 5 COURSES; 15 CREDIT HOURS

Students choose fifteen (15) credit hours from the following list of courses.

- ACG 2071 - Principles of Managerial Accounting Credit(s): 3
- ECP 3530 - Economics of Health Credit(s): 3
- GEY 4635 - Business Management in an Aging Society Credit(s): 3
- HIM 4658 - Management of Health Information Systems Credit(s): 3
- HSA 3170 - Healthcare Finance Credit(s): 3
- HSC 4211 - Health, Behavior and Society Credit(s): 3
- HSC 4624 - Foundations of Global Health Credit(s): 3
- HSC 4630 - Understanding U.S. Health Care Credit(s): 3
- HSC 4631 - Critical Issues in Public Health Credit(s): 3
- HSC 4851 - Health Sciences Internship Credit(s): 3
- HSC 4933 - Special Topics in Public Health Credit(s): 1-3
- ISM 3011 - Information Systems in Organizations Credit(s): 3
- LIS 4930 - Selected Topics in Information Studies Credit(s): 3
- MAN 3025 - Principles of Management Credit(s): 3
- MAN 3093 - Healthcare Management Credit(s): 3
- MAN 3301 - Human Resource Management Credit(s): 3
- MAR 3400 - Professional Selling Credit(s): 3
- MAR 4503 - Buyer Behavior Credit(s): 3
**MAR 4712 - Healthcare Marketing** Credit(s): 3
**MMC 4936 - Selected Topics in Mass Communications Studies** Credit(s): 1-3
**PAD 3003 - Introduction to Public and Community Service** Credit(s): 3
**PAD 4204 - Public Financial Administration** Credit(s): 3
**PAD 4415 - Personnel & Supervision in Today’s Diverse Organizations** Credit(s): 3
**PAD 4712 - Managing Information Resources in the Public Sector** Credit(s): 3
**PAD 4930 - Selected Topics in Public Administration and Public Policy** Credit(s): 3
**PHC 4101 - Overview of Public Health Programs and Policies** Credit(s): 3 **
**PHC 4931 - Health Care Ethics** Credit(s): 3
**PHI 3636 - Professional Ethics** Credit(s): 3
**PUP 4002 - Public Policy** Credit(s): 3
**SYO 4400 - Medical Sociology** Credit(s): 3

**PHC 4101 is a graduation requirement for all Health Science B.S. students.**

**TWO SPC, MMC, AND/OR COM COURSES MAY APPLY TO THIS CONCENTRATION.**

- **SPC 3710 - Communication and Cultural Diversity** Credit(s): 3
- **SPC 4930 - Selected Topics** Credit(s): 1-3
  - Patient Provider Communication
  - Intercultural Health Communication

**HEALTH INFORMATION TECHNOLOGY CONCENTRATION: 5 COURSES; 15 CREDIT HOURS**

Students choose fifteen (15) credit hours from the following list of courses.

- **HIM 4658 - Management of Health Information Systems** Credit(s): 3
- **HSC 4851 - Health Sciences Internship** Credit(s): 3
- **ISM 3113 - Systems Analysis and Design** Credit(s): 3
- **LIS 3261 - Introduction to Information Science** Credit(s): 3
- **LIS 3352 - Interaction Design** Credit(s): 3
- **LIS 3353 - IT Concepts for Information Professionals** Credit(s): 3
- **LIS 3361 - World Wide Web Page Design and Management** Credit(s): 3
- **LIS 3783 - Information Architecture** Credit(s): 3
- **LIS 4204 - Information Behaviors** Credit(s): 3
- **LIS 4365 - Web Design Technologies** Credit(s): 3
- **LIS 4380 - Information and Social Media** Credit(s): 3
- **LIS 4414 - Information Policy and Ethics** Credit(s): 3
- **LIS 4477 - Clinical Decision Support** Credit(s): 3
- **LIS 4482 - Networks and Communication** Credit(s): 3
- **LIS 4776 - Health Information Technology** Credit(s): 3
- **LIS 4779 - Health Information Security** Credit(s): 3
- **LIS 4785 - Introduction to Health Informatics** Credit(s): 3
- **LIS 4930 - Selected Topics in Information Studies** Credit(s): 3
- **PAD 4712 - Managing Information Resources in the Public Sector** Credit(s): 3
- **SPC 4930 - Selected Topics** Credit(s): 1-3

**ADDITIONAL INFORMATION - HEALTH SCIENCES B.S.**

**GPA REQUIREMENTS**

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

**GRADING REQUIREMENTS**

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.
RESIDENCY REQUIREMENT

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES - HEALTH SCIENCES B.S.

A maximum of 4 credits of Undergraduate Research IDS 4910 - Community Research may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

HEALTH SCIENCES B.S., WITH HEALTH CARE ADMINISTRATION CONCENTRATION

TOTAL DEGREE HOURS: 120

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS - HEALTH SCIENCES B.S.

All students earning a B.S. in Health Sciences must complete the following course prior to graduation:

- PHC 4101 PHC 4101 - Overview of Public Health Programs and Policies
  This course can be taken as one of the Concentration Elective options if students choose.

STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

- BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours
- MAC X105 College Algebra – 3 credit hours
- PSY X012 Introduction to Psychological Science– 3 credit hours
- STA X000-X999 or STA X023 or STA X014 - 3 credit hours
- DEP X053 or DEP X004 or DEP X000 or CLP X140 – 3 credit hours
- APK X105C or (BSC X085 and BSC X085L) or BSC X093 or BSC X094 – 3-4 credit hours
- ENC X210 or ENC X254 – 3 credit hours

HEALTH SCIENCES REQUIRED COURSES (12 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- CLT 3040 - Scientific and Medical Terminology Credit(s): 3
- HSC 2000 - Introduction to Health Professions Credit(s): 3
OTHER REQUIRED COURSES: 2 COURSES; 6 CREDIT HOURS

ETHICS COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- CLP 4620 - Ethics in Psychology and Health Credit(s): 3
- PHI 3633 - Biomedical Ethics Credit(s): 3
- PHI 3636 - Professional Ethics Credit(s): 3

OUTSIDE THE MAJOR COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- ACG 2021 - Principles of Financial Accounting Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
- ANT 2410 - Cultural Anthropology Credit(s): 3

HEALTH SCIENCES B.S., WITH HEALTH INFORMATION TECHNOLOGY CONCENTRATION

TOTAL DEGREE HOURS: 120

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS - HEALTH SCIENCES B.S.

All students earning a B.S. in Health Sciences must complete the following course prior to graduation:

PHC 4101 PHC 4101 - Overview of Public Health Programs and Policies
This course can be taken as one of the Concentration Elective options if students choose.

STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

- BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours
- MAC X105 College Algebra – 3 credit hours
- PSY X012 Introduction to Psychological Science – 3 credit hours
- STA X000-X999 or STA X023 or STA X014 - 3 credit hours
- DEP X053 or DEP X004 or DEP X000 or CLP X140 – 3 credit hours
- APK X105C or (BSC X085 and BSC X085L) or BSC X093 or BSC X094 – 3-4 credit hours
- ENC X210 or ENC X254 – 3 credit hours

HEALTH SCIENCES REQUIRED COURSES (12 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- CLT 3040 - Scientific and Medical Terminology Credit(s): 3
- HSC 2000 - Introduction to Health Professions Credit(s): 3
OTHER REQUIRED COURSES: 2 COURSES; 6 CREDIT HOURS

ETHICS COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- CLP 4620 - Ethics in Psychology and Health Credit(s): 3
- PHI 3633 - Biomedical Ethics Credit(s): 3
- PHI 3636 - Professional Ethics Credit(s): 3

OUTSIDE THE MAJOR COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- ACG 2021 - Principles of Financial Accounting Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
- ANT 2410 - Cultural Anthropology Credit(s): 3
- ANT 2511 - Biological Anthropology Credit(s): 3
- COM 2000 - Introduction to Communication Credit(s): 3
- COM 2130 - Communication Skills for Health Professionals Credit(s): 3
- GEY 2000 - Introduction to Aging Sciences Credit(s): 3
- SYG 2000 - Introduction to Sociology Credit(s): 3

HEALTH SCIENCES MAJOR CONCENTRATION ELECTIVES (30 CREDIT HOURS)

Students complete a Health Sciences program of study and one of five concentrations in:

- Aging Health Studies
- Biological Health Sciences
- Health Information Technology
- Health Care Administration
- Social and Behavioral Health Sciences

Students choose 30 credit hours in one (1) concentration or 15 credit hours each in two (2) concentrations.

HEALTH INFORMATION TECHNOLOGY CONCENTRATION: 10 COURSES; 30 CREDIT HOURS

Select 10 courses (30 credit hours) from the following list of courses:

- HIM 4658 - Management of Health Information Systems Credit(s): 3
- HSC 4851 - Health Sciences Internship Credit(s): 3
- ISM 3113 - Systems Analysis and Design Credit(s): 3
- LIS 3261 - Introduction to Information Science Credit(s): 3
- LIS 3352 - Interaction Design Credit(s): 3
- LIS 3353 - IT Concepts for Information Professionals Credit(s): 3
- LIS 3361 - World Wide Web Page Design and Management Credit(s): 3
- LIS 3783 - Information Architecture Credit(s): 3
- LIS 4204 - Information Behaviors Credit(s): 3
- LIS 4365 - Web Design Technologies Credit(s): 3
- LIS 4414 - Information Policy and Ethics Credit(s): 3
- LIS 4477 - Clinical Decision Support Credit(s): 3
- LIS 4482 - Networks and Communication Credit(s): 3
- LIS 4776 - Health Information Technology Credit(s): 3
- LIS 4779 - Health Information Security Credit(s): 3
- LIS 4785 - Introduction to Health Informatics Credit(s): 3
- LIS 4930 - Selected Topics in Information Studies Credit(s): 3
- PAD 4712 - Managing Information Resources in the Public Sector Credit(s): 3
- SPC 4930 - Selected Topics Credit(s): 1-3
ADDITIONAL INFORMATION - HEALTH SCIENCES B.S.

GPA REQUIREMENTS
A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS
Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

RESIDENCY REQUIREMENT
Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES - HEALTH SCIENCES B.S.
A maximum of 4 credits of Undergraduate Research IDS 4910 - Community Research may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - HEALTH SCIENCES B.S.
Physical Address: The WELL – USF Health Shared Student Services (MDA), 12901 Bruce B Downs Blvd, Tampa, FL 33612
Phone: (813) 974-4633
Office Hours: 8 a.m. - 5 p.m., Monday through Friday
Web Address: https://health.usf.edu/publichealth/undergrad/advising
Contact Email: HHSAdvise@usf.edu
Declaration of Major: https://health.usf.edu/publichealth/undergrad/declaration

Plans of Study - Health Sciences B.S., with Health Information Technology Concentration

NOTES:
SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
Items that are critical are marked with a ☑ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:
Health Scientist
Healthcare Sales Executive

Potential Entry Level Salary Range:
$33,000 - $60,000

HEALTH SCIENCES MAJOR CONCENTRATION ELECTIVES (30 CREDIT HOURS)

Students complete a Health Sciences program of study and one of five concentrations in:

- Aging Health Studies
- Biological Health Sciences
- Health Information Technology
- Health Care Administration
- Social and Behavioral Health Sciences

Students choose 30 credit hours in one (1) concentration or 15 credit hours each in two (2) concentrations.

SOCIAL AND BEHAVIORAL HEALTH SCIENCES AND AGING HEALTH STUDIES CONCENTRATION: (30 CREDIT HOURS)

SOCIAL AND BEHAVIORAL HEALTH SCIENCES CONCENTRATION: 5 COURSES; 15 CREDIT HOURS

Students choose fifteen (15) credit hours from the following list of courses.

- CLP 4143 - Abnormal Psychology Credit(s): 3
- COM 4020 - Communicating Illness, Grief, and Loss Credit(s): 3
- COM 4021 - Family Communication and the End of Life Credit(s): 3
- COM 4022 - Health Communication Credit(s): 3
- COM 4702 - Communication, Language, and Mental Illness Credit(s): 3
- HIM 4658 - Management of Health Information Systems Credit(s): 3
- HSC 4172 - Women's Health: A Public Health Perspective Credit(s): 3
- HSC 4211 - Health, Behavior and Society Credit(s): 3
- HSC 4579 - Foundations of Maternal and Child Health Credit(s): 3
- HSC 4631 - Critical Issues in Public Health Credit(s): 3
- HSC 4933 - Special Topics in Public Health Credit(s): 1-3
- LIS 4776 - Health Information Technology Credit(s): 3
- LIS 4930 - Selected Topics in Information Studies Credit(s): 3
- MHS 4022 - Adult Psychopathology in the Community Credit(s): 3
- MHS 4452 - Co-Occurring Disorders Credit(s): 3
- MHS 4490 - Behavioral Healthcare Issues for Children Credit(s): 3
- PAD 4930 - Selected Topics in Public Administration and Public Policy Credit(s): 3
- PHI 4930 - Selected Topics Credit(s): 1-3
Mental Health Cluster

These courses are for students interested in Mental Health professions.

Note: Special Topics courses are chosen in advance of registration, in coordination with an academic advisor.

- MHS 3411 - Multidisciplinary Behavioral Healthcare Services Credit(s): 3
- MHS 4002 - Behavioral Health Systems Delivery Credit(s): 3
- MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment Credit(s): 3
- MHS 4703 - Legal, Ethical and Professional Issues in BHC Credit(s): 3
- MHS 4931 - Selected Topics Credit(s): 1-3

Substance Abuse Cluster

These courses are for students interested in Substance Abuse Counseling and Treatment professions.

Note: Special Topics courses are chosen in advance of registration, in coordination with an academic advisor.

- MHS 3411 - Multidisciplinary Behavioral Healthcare Services Credit(s): 3
- MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment Credit(s): 3
- MHS 4703 - Legal, Ethical and Professional Issues in BHC Credit(s): 3
- MHS 4931 - Selected Topics Credit(s): 1-3
- PSB 3444 - Drugs and Behavior Credit(s): 3

Aging Health Studies Concentration: 5 Courses; 15 Credit Hours

Students choose fifteen (15) credit hours from the following list of courses.

- BSC 3022 - Biology of Aging Credit(s): 3
- GEY 3601 - Physical Changes and Aging Credit(s): 3
- GEY 4322 - Care Management for Older Adults Credit(s): 3
- GEY 4360 - Counseling for Older Adults Credit(s): 3

Additional Information - Health Sciences B.S.
GPA REQUIREMENTS

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

RESIDENCY REQUIREMENT

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES - HEALTH SCIENCES B.S.

A maximum of 4 credits of Undergraduate Research IDS 4910 - Community Research may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student’s official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

HEALTH SCIENCES B.S., WITH SOCIAL AND BEHAVIORAL HEALTH SCIENCES AND HEALTH CARE ADMINISTRATION CONCENTRATION

TOTAL DEGREE HOURS: 120

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS - HEALTH SCIENCES B.S.

All students earning a B.S. in Health Sciences must complete the following course prior to graduation:

- PHC 4101 PHC 4101 - Overview of Public Health Programs and Policies

This course can be taken as one of the Concentration Elective options if students choose.

STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

- BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours
- MAC X105 College Algebra – 3 credit hours
- PSY X012 Introduction to Psychological Science– 3 credit hours
- STA X000-X999 or STA X023 or STA X014 - 3 credit hours
- DEP X053 or DEP X004 or DEP X000 or CLP X140 – 3 credit hours
- APK X105C or (BSC X085 and BSC X085L) or BSC X093 or BSC X094 – 3-4 credit hours
- ENC X210 or ENC X254 – 3 credit hours

HEALTH SCIENCES REQUIRED COURSES (12 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- CLT 3040 - Scientific and Medical Terminology Credit(s): 3
- HSC 2000 - Introduction to Health Professions Credit(s): 3
OTHER REQUIRED COURSES: 2 COURSES; 6 CREDIT HOURS

ETHICS COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- CLP 4620 - Ethics in Psychology and Health Credit(s): 3
- PHI 3633 - Biomedical Ethics Credit(s): 3
- PHI 3636 - Professional Ethics Credit(s): 3

OUTSIDE THE MAJOR COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- ACG 2021 - Principles of Financial Accounting Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
- ANT 2410 - Cultural Anthropology Credit(s): 3
- ANT 2511 - Biological Anthropology Credit(s): 3
- COM 2000 - Introduction to Communication Credit(s): 3
- COM 2130 - Communication Skills for Health Professionals Credit(s): 3
- GEY 2000 - Introduction to Aging Sciences Credit(s): 3
- SYG 2000 - Introduction to Sociology Credit(s): 3

HEALTH SCIENCES MAJOR CONCENTRATION ELECTIVES (30 CREDIT HOURS)

Students complete a Health Sciences program of study and one of five concentrations in:

- Aging Health Studies
- Biological Health Sciences
- Health Information Technology
- Health Care Administration
- Social and Behavioral Health Sciences

Students choose 30 credit hours in one (1) concentration or 15 credit hours each in two (2) concentrations.

SOCIAL AND BEHAVIORAL HEALTH SCIENCES AND HEALTH CARE ADMINISTRATION CONCENTRATION: (30 CREDIT HOURS)

SOCIAL AND BEHAVIORAL HEALTH SCIENCES CONCENTRATION: 5 COURSES; 15 CREDIT HOURS

Students choose fifteen (15) credit hours from the following list of courses.

- CLP 4143 - Abnormal Psychology Credit(s): 3
- COM 4020 - Communicating Illness, Grief, and Loss Credit(s): 3
- COM 4021 - Family Communication and the End of Life Credit(s): 3
- COM 4022 - Health Communication Credit(s): 3
- COM 4702 - Communication, Language, and Mental Illness Credit(s): 3
- HIM 4658 - Management of Health Information Systems Credit(s): 3
- HSC 4172 - Women's Health: A Public Health Perspective Credit(s): 3
- HSC 4211 - Health, Behavior and Society Credit(s): 3
- HSC 4579 - Foundations of Maternal and Child Health Credit(s): 3
- HSC 4631 - Critical Issues in Public Health Credit(s): 3
- HSC 4933 - Special Topics in Public Health Credit(s): 1-3
- LIS 4776 - Health Information Technology Credit(s): 3
- LIS 4930 - Selected Topics in Information Studies Credit(s): 3
- MHS 4022 - Adult Psychopathology in the Community Credit(s): 3
- MHS 4452 - Co-Occurring Disorders Credit(s): 3
- MHS 4490 - Behavioral Healthcare Issues for Children Credit(s): 3
- PAD 4930 - Selected Topics in Public Administration and Public Policy Credit(s): 3
- PHI 4930 - Selected Topics Credit(s): 1-3
SOW 3102 - Human Behavior and the Social Environment II Credit(s): 3
SOW 3203 - Introduction to Social Work Credit(s): 3
SOW 3210 - The American Social Welfare System Credit(s): 3
SPC 4930 - Selected Topics Credit(s): 1-3
SYO 4400 - Medical Sociology Credit(s): 3
WST 4320 - Politics and Issues in Women's Health Credit(s): 3

MENTAL HEALTH CLUSTER

These courses are for students interested in Mental Health professions.

Note: Special Topics courses are chosen in advance of registration, in coordination with an academic advisor.

MHS 3411 - Multidisciplinary Behavioral Healthcare Services Credit(s): 3
MHS 4002 - Behavioral Health Systems Delivery Credit(s): 3
MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment Credit(s): 3
MHS 4703 - Legal, Ethical and Professional Issues in BHC Credit(s): 3
MHS 4931 - Selected Topics Credit(s): 1-3

SUBSTANCE ABUSE CLUSTER

These courses are for students interested in Substance Abuse Counseling and Treatment professions.

Note: Special Topics courses are chosen in advance of registration, in coordination with an academic advisor.

MHS 3411 - Multidisciplinary Behavioral Healthcare Services Credit(s): 3
MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment Credit(s): 3
MHS 4703 - Legal, Ethical and Professional Issues in BHC Credit(s): 3
MHS 4931 - Selected Topics Credit(s): 1-3
PSB 3444 - Drugs and Behavior Credit(s): 3

HEALTH CARE ADMINISTRATION CONCENTRATION: 5 COURSES; 15 CREDIT HOURS

Students choose fifteen (15) credit hours from the following list of courses.

ACG 2071 - Principles of Managerial Accounting Credit(s): 3
ECF 3530 - Economics of Health Credit(s): 3
GEY 4635 - Business Management in an Aging Society Credit(s): 3
HIM 4658 - Management of Health Information Systems Credit(s): 3
HSA 3170 - Healthcare Finance Credit(s): 3
HSC 4211 - Health, Behavior and Society Credit(s): 3
HSC 4624 - Foundations of Global Health Credit(s): 3
HSC 4630 - Understanding U.S. Health Care Credit(s): 3
HSC 4631 - Critical Issues in Public Health Credit(s): 3
HSC 4851 - Health Sciences Internship Credit(s): 3
HSC 4933 - Special Topics in Public Health Credit(s): 1-3
ISM 3011 - Information Systems in Organizations Credit(s): 3
LIS 4930 - Selected Topics in Information Studies Credit(s): 3
MAN 3025 - Principles of Management Credit(s): 3
MAN 3093 - Healthcare Management Credit(s): 3
MAN 3301 - Human Resource Management Credit(s): 3
MAR 3400 - Professional Selling Credit(s): 3
MAR 4503 - Buyer Behavior Credit(s): 3
MAR 4712 - Healthcare Marketing Credit(s): 3
MMG 4936 - Selected Topics in Mass Communications Studies Credit(s): 1-3
PAD 3003 - Introduction to Public and Community Service Credit(s): 3
PAD 4204 - Public Financial Administration Credit(s): 3
PAD 4415 - Personnel & Supervision in Today's Diverse Organizations Credit(s): 3
PAD 4712 - Managing Information Resources in the Public Sector Credit(s): 3
PAD 4930 - Selected Topics in Public Administration and Public Policy Credit(s): 3
PHC 4101 - Overview of Public Health Programs and Policies Credit(s): 3 **
PHC 4931 - Health Care Ethics Credit(s): 3
PHI 3636 - Professional Ethics Credit(s): 3
PUP 4002 - Public Policy Credit(s): 3
SYO 4400 - Medical Sociology Credit(s): 3

** PHC 4101 is a graduation requirement for all Health Science B.S. students.

TWO SPC, MMC, AND/OR COM COURSES MAY APPLY TO THIS CONCENTRATION.

SPC 3710 - Communication and Cultural Diversity Credit(s): 3
SPC 4930 - Selected Topics Credit(s): 1-3
Patient Provider Communication
Intercultural Health Communication

HEALTH SCIENCES B.S., WITH SOCIAL AND BEHAVIORAL HEALTH SCIENCES AND HEALTH INFORMATION TECHNOLOGY CONCENTRATION

TOTAL DEGREE HOURS: 120

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS - HEALTH SCIENCES B.S.

All students earning a B.S. in Health Sciences must complete the following course prior to graduation:

- PHC 4101 PHC 4101 - Overview of Public Health Programs and Policies
  This course can be taken as one of the Concentration Elective options if students choose.

STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

- BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours
- MAC X105 College Algebra – 3 credit hours
- PSY X012 Introduction to Psychological Science – 3 credit hours
- STA X000-X999 or STA X023 or STA X014 – 3 credit hours
- DEP X053 or DEP X004 or DEP X000 or CLP X140 – 3 credit hours
- APK X105C or (BSC X085 and BSC X085L) or BSC X093 or BSC X094 – 3-4 credit hours
- ENC X210 or ENC X254 – 3 credit hours

HEALTH SCIENCES REQUIRED COURSES (12 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- CLT 3040 - Scientific and Medical Terminology Credit(s): 3
- HSC 2000 - Introduction to Health Professions Credit(s): 3
OTHER REQUIRED COURSES: 2 COURSES; 6 CREDIT HOURS

ETHICS COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- CLP 4620 - Ethics in Psychology and Health Credit(s): 3
- PHI 3633 - Biomedical Ethics Credit(s): 3
- PHI 3636 - Professional Ethics Credit(s): 3

OUTSIDE THE MAJOR COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- ACG 2021 - Principles of Financial Accounting Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3
- ANT 2410 - Cultural Anthropology Credit(s): 3
- ANT 2511 - Biological Anthropology Credit(s): 3
- COM 2000 - Introduction to Communication Credit(s): 3
- COM 2130 - Communication Skills for Health Professionals Credit(s): 3
- GEY 2000 - Introduction to Aging Sciences Credit(s): 3
- SYG 2000 - Introduction to Sociology Credit(s): 3

HEALTH SCIENCES MAJOR CONCENTRATION ELECTIVES (30 CREDIT HOURS)

Students complete a Health Sciences program of study and one of five concentrations in:

- Aging Health Studies
- Biological Health Sciences
- Health Information Technology
- Health Care Administration
- Social and Behavioral Health Sciences

Students choose 30 credit hours in one (1) concentration or 15 credit hours each in two (2) concentrations.

SOCIAL AND BEHAVIORAL HEALTH SCIENCES AND HEALTH INFORMATION TECHNOLOGY CONCENTRATION: (30 CREDIT HOURS)

SOCIAL AND BEHAVIORAL HEALTH SCIENCES CONCENTRATION: 5 COURSES; 15 CREDIT HOURS

Students choose fifteen (15) credit hours from the following list of courses.

- CLP 4143 - Abnormal Psychology Credit(s): 3
- COM 4020 - Communicating Illness, Grief, and Loss Credit(s): 3
- COM 4021 - Family Communication and the End of Life Credit(s): 3
- COM 4022 - Health Communication Credit(s): 3
- COM 4702 - Communication, Language, and Mental Illness Credit(s): 3
- HIM 4658 - Management of Health Information Systems Credit(s): 3
- HSC 4172 - Women's Health: A Public Health Perspective Credit(s): 3
- HSC 4211 - Health, Behavior and Society Credit(s): 3
- HSC 4579 - Foundations of Maternal and Child Health Credit(s): 3
- HSC 4631 - Critical Issues in Public Health Credit(s): 3
- HSC 4933 - Special Topics in Public Health Credit(s): 1-3
- LIS 4776 - Health Information Technology Credit(s): 3
- LIS 4930 - Selected Topics in Information Studies Credit(s): 3
- MHS 4022 - Adult Psychopathology in the Community Credit(s): 3
- MHS 4452 - Co-Occurring Disorders Credit(s): 3
- MHS 4490 - Behavioral Healthcare Issues for Children Credit(s): 3
- PAD 4930 - Selected Topics in Public Administration and Public Policy Credit(s): 3
- PHI 4930 - Selected Topics Credit(s): 1-3
### Mental Health Cluster

These courses are for students interested in Mental Health professions.

Note: Special Topics courses are chosen in advance of registration, in coordination with an academic advisor.

- MHS 3411 - Multidisciplinary Behavioral Healthcare Services Credit(s): 3
- MHS 4002 - Behavioral Health Systems Delivery Credit(s): 3
- MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment Credit(s): 3
- MHS 4703 - Legal, Ethical and Professional Issues in BHC Credit(s): 3
- MHS 4931 - Selected Topics Credit(s): 1-3

### Substance Abuse Cluster

These courses are for students interested in Substance Abuse Counseling and Treatment professions.

Note: Special Topics courses are chosen in advance of registration, in coordination with an academic advisor.

- MHS 3411 - Multidisciplinary Behavioral Healthcare Services Credit(s): 3
- MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment Credit(s): 3
- MHS 4703 - Legal, Ethical and Professional Issues in BHC Credit(s): 3
- MHS 4931 - Selected Topics Credit(s): 1-3
- PSB 3444 - Drugs and Behavior Credit(s): 3

### Health Information Technology Concentration: 5 Courses; 15 Credit Hours

Students choose fifteen (15) credit hours from the following list of courses.

- HIM 4658 - Management of Health Information Systems Credit(s): 3
- HSC 4851 - Health Sciences Internship Credit(s): 3
- ISM 3113 - Systems Analysis and Design Credit(s): 3
- LIS 3261 - Introduction to Information Science Credit(s): 3
- LIS 3352 - Interaction Design Credit(s): 3
- LIS 3353 - IT Concepts for Information Professionals Credit(s): 3
- LIS 3361 - World Wide Web Page Design and Management Credit(s): 3
- LIS 3783 - Information Architecture Credit(s): 3
- LIS 4204 - Information Behaviors Credit(s): 3
- LIS 4365 - Web Design Technologies Credit(s): 3
- LIS 4380 - Information and Social Media Credit(s): 3
- LIS 4414 - Information Policy and Ethics Credit(s): 3
- LIS 4477 - Clinical Decision Support Credit(s): 3
- LIS 4482 - Networks and Communication Credit(s): 3
- LIS 4776 - Health Information Technology Credit(s): 3
- LIS 4779 - Health Information Security Credit(s): 3
- LIS 4785 - Introduction to Health Informatics Credit(s): 3
- LIS 4930 - Selected Topics in Information Studies Credit(s): 3
- PAD 4712 - Managing Information Resources in the Public Sector Credit(s): 3
- SPC 4930 - Selected Topics Credit(s): 1-3

### ADDITIONAL INFORMATION - HEALTH SCIENCES B.S.

#### GPA Requirements

1445
COLLEGE OF PUBLIC HEALTH

A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework.

GRADING REQUIREMENTS

Unless stated otherwise, a grade of “C-” is the minimum acceptable grade.

RESIDENCY REQUIREMENT

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

RESEARCH OPPORTUNITIES - HEALTH SCIENCES B.S.

A maximum of 4 credits of Undergraduate Research IDS 4910 - Community Research may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

HEALTH SCIENCES B.S., WITH SOCIAL AND BEHAVIORAL HEALTH SCIENCES CONCENTRATION

TOTAL DEGREE HOURS: 120

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools.

UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
International: https://www.usf.edu/admissions/international/admission-information/index.aspx

GRADUATION REQUIREMENTS - HEALTH SCIENCES B.S.

All students earning a B.S. in Health Sciences must complete the following course prior to graduation:

PHC 4101 PHC 4101 - Overview of Public Health Programs and Policies
This course can be taken as one of the Concentration Elective options if students choose.

STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH SCIENCES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

BSC X000-X999 or (BSC X005 and BSC X005L) or (BSC X010 and BSC X010L) or BSC X007C – 4 credit hours
MAC X105 College Algebra – 3 credit hours
PSY X012 Introduction to Psychological Science – 3 credit hours
STA X000-X999 or STA X023 or STA X014 - 3 credit hours
DEP X053 or DEP X004 or DEP X000 or CLP X140 – 3 credit hours
APK X105C or (BSC X085 and BSC X085L) or BSC X093 or BSC X094 – 3-4 credit hours
ENC X210 or ENC X254 – 3 credit hours

HEALTH SCIENCES REQUIRED COURSES (12 CREDIT HOURS)

MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

CLT 3040 - Scientific and Medical Terminology Credit(s): 3
HSC 2000 - Introduction to Health Professions Credit(s): 3
OTHER REQUIRED COURSES: 2 COURSES; 6 CREDIT HOURS

ETHICS COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- CLP 4620 - Ethics in Psychology and Health Credit(s): 3
- PHI 3633 - Biomedical Ethics Credit(s): 3
- PHI 3636 - Professional Ethics Credit(s): 3

OUTSIDE THE MAJOR COURSE: 1 COURSE; 3 CREDIT HOURS

Choose one from the following list:

- ACG 2021 - Principles of Financial Accounting Credit(s): 3
- ECO 2023 - Economic Principles (Microeconomics) Credit(s): 3

**Certified Global Pathway Program**

USF offers the first Bachelor’s in Public Health housed in its accredited College of Public Health in Florida. The Bachelor of Science in Public Health provides the student-centered courses required for entry-level public health jobs found in government agencies, health corporations, community non-profit organizations and healthcare facilities.

This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of High-Impact Practices and Undergraduate Research (HIPUR) website.

**UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH**

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

**STATE MANDATED COMMON COURSE PREREQUISITES - PUBLIC HEALTH B.S.**

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Students desiring to transfer to USF should complete an A.A. degree at a Florida College System institution. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the University’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

**NOTE:** The University of South Florida B.S. in Public Health does not require any common prerequisites.

**REQUIRED COURSES: (54 CREDIT HOURS)**

**MAJOR CORE COURSES: 10 COURSES; 30 CREDIT HOURS**

- HSC 4537 - Medical Terminology Credit(s): 3

SPECIALIZATION ELECTIVES: 4 COURSES; 12 CREDIT HOURS
USF offers a Bachelor of Science in Public Health with an option to choose a specialization based on their major electives in the following areas. Students may choose (but are not required) an area of specialization and take 12 credit hours from that chosen area.

Nutrition
- HSC 4573 - Foundations of Food Safety Credit(s): 3
- HUN 3126 - Food and Culture Credit(s): 3
- HUN 3272 - Sports Nutrition Credit(s): 3
- HUN 3296 - Nutrition and Disease Credit(s): 3

Infection Control
- HSC 4504 - Foundations of Public Health Immunology Credit(s): 3
- HSC 4573 - Foundations of Food Safety Credit(s): 3
- PHC 4031 - Emerging Infectious Diseases Credit(s): 3
- PHC 4032 - Foundations of Infection Control Credit(s): 3

Environmental and Occupational Health
- HSC 3503 - Principles of Toxicology Credit(s): 3
- HSC 4213 - Environmental and Occupational Risk Analysis Credit(s): 3
- HSC 4430 - Occupational Health and Safety Credit(s): 3
- PHC 3320 - Environmental Health Science Credit(s): 3

Global Health
- PHC 4188 - Public Health Emergencies in Large Populations Credit(s): 3
- PHC 4234 - Public and Private Continuity Planning for Emergencies Credit(s): 3
- PHC 4250 - Crisis Leadership in Disasters Credit(s): 3
- PHC 4375 - Community Participation in Homeland Security Credit(s): 3
- PHC 4376 - Disaster by Design: Exercise Development for Homeland Security Professionals Credit(s): 3

LOWER-LEVEL PUBLIC HEALTH ELECTIVES
(Choose up to 2 courses)
The following lower-level courses are not required for the major, but may be taken and applied toward the total degree hours requirement (120 hours).
- HSC 2017 - Careers in Public Health Credit(s): 3
- HSC 2100 - Contemporary Health Science Credit(s): 3
- HSC 2130 - Sex, Health, and Decision-Making Credit(s): 3
- HUN 2201 - Nutrition Credit(s): 3
- PHC 2100 - Introduction to Public Health Credit(s): 3

ADDITIONAL INFORMATION - PUBLIC HEALTH B.S.

GPA REQUIREMENTS
Maintain a major GPA of 2.0 in USF coursework.

GRADING REQUIREMENT
None of the coursework taken in the student's major may be taken as an S/U grade, unless S/U is the only grading option. Coursework fulfilling the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) and General Education requirements may not be taken as S/U.

The Audit option is available only during the first 5 days of classes.

Grades of D+ or lower are not acceptable in the major.

RESIDENCY REQUIREMENT

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

OTHER INFORMATION

Students completing the B.S. in Public Health will be able to:

- Identify and articulate the core functions of public health.
- Explain the basic principles of epidemiology.
- Assess social and behavioral interventions to improve health of populations.
- Identify the impact of the environment and communicable diseases on health.
- Explain the role that public health plays in disaster prevention and management and evaluate public policy issues with respect to access, quality and cost when understanding health disparities within vulnerable populations.
- Exhibit critical thinking and analytical abilities, including the capacities to engage in inductive and deductive thinking and quantitative reasoning, and to construct sound arguments.
- Identify topics pertaining to public health research.
- Generate research questions, analyze and present data, and interpret and discuss findings.
- Demonstrate awareness about current public health topics including an analysis of the societal attitudes that generate differences on current public health topics.
- Communicate using effective oral skills.
- Demonstrate an ability to contribute effectively to group discussions and presentations.
- Apply effective public speaking skills during classroom presentations.
- Develop effective written presentations.
- Demonstrate the use of information literacy skills such as locating and evaluating pertinent public health information.
- Demonstrate the ability to use library resources and scientific databases.
- Exhibit proper referencing secondary materials in APA format.

RESEARCH OPPORTUNITIES - PUBLIC HEALTH B.S.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION - PUBLIC HEALTH B.S.

Physical Address: The WELL – USF Health Shared Student Services (MDA), 12901 Bruce B Downs Blvd, Tampa, FL 33612

## Public Health B.S. - 4 Year Plan of Study

### YEAR 1

#### SEMESTER 1 (FALL)

- **ENC 1101** - Composition I [Credit(s): 3]
- **PHC 2100** - Introduction to Public Health [Credit(s): 3] (Meets the TGEC - Creative Thinking & lower-level elective requirements)
- **SLS 2901** - Academic Foundations Seminar [Credit(s): 1-3]
- **SGEM** - General Education Core Mathematics [Credit(s): 3]
- **SGES** - General Education Core Social Sciences [Credit(s): 3]

*NOTE: SCIV (Civics Literacy requirement) needs to be fulfilled prior to graduation. See advisor.*

Total Credit Hours: 15

#### SEMESTER 2 (SPRING)

- **ENC 1102** - Composition II [Credit(s): 3]
- **HSC 2130** - Sex, Health, and Decision-Making [Credit(s): 3] (Meets the TGED - Human & Cultural Diversity requirement)
- **STA 2023** - Introductory Statistics I [Credit(s): 3] (Meets the SGEM - General Education Core Mathematics requirement)
- **SGEH** - General Education Core Humanities [Credit(s): 3]
- **SGEN** - General Education Core Natural Sciences [Credit(s): 3]

Total Credit Hours: 15

#### SEMESTER 3 (SUMMER)

- General Elective [Credit(s): 3]

Total Credit Hours: 3

### YEAR 2

#### SEMESTER 4 (FALL)

- **PHC 4101** - Overview of Public Health Programs and Policies [Credit(s): 3]
- Lower Level Elective [Credit(s): 3]
- **HSC 2100** - Contemporary Health Science [Credit(s): 3] (TGEI - Information and Data Literacy requirement is met with HSC 2100)
- **PHC 3302** - Introduction to Environmental & Occupational Health [Credit(s): 3]
- Lower-level Elective (HSC 2017 recommended) [Credit(s): 3]

Total Credit Hours: 15

#### SEMESTER 5 (SPRING)

- **PHC 4030** - Introduction to Epidemiology [Credit(s): 3]
- General Elective [Credit(s): 3]
- **HSC 4624** - Foundations of Global Health [Credit(s): 3]
- TGEI - Information and Data Literacy [Credit(s): 3]
- Major Upper-Level Specialization Elective [Credit(s): 3]

Total Credit Hours: 15

#### SEMESTER 6 (SUMMER)

- General Elective [Credit(s): 3]
- General Elective [Credit(s): 3]

Total Credit Hours: 6

### YEAR 3
# SEMESTER 7 (FALL)
- **HSC 4551** - Survey of Human Diseases *(Credit(s)): 3*
- **HSC 4211** - Health, Behavior and Society *(Credit(s)): 3*
- **HSC 4630** - Understanding U.S. Health Care *(Credit(s)): 3*
- **TGEE** - Ethical Reasoning & Civic Engagement *(Credit(s)): 3*
- **General Elective** *(Credit(s)): 3*
- **Total Credit Hours**: 15

# SEMESTER 8 (SPRING)
- **PHC 4069** - Biostatistics in Society *(Credit(s)): 3*
- **PHC 4720** - Foundation to Professional Writing in Public Health *(Credit(s)): 3* (Meets TGEE - Information and Data Literacy requirement)
- **Major Upper-Level Skills Elective** *(Credit(s)): 3*
- **Major Upper-Level Specialization Elective** *(Credit(s)): 3*
- **Total Credit Hours**: 12

# SEMESTER 9 (SUMMER)
Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.

Questions about opportunities? Schedule an appointment with your academic advisor.

# YEAR 4

## SEMESTER 10 (FALL)
- **HSC 4631** - Critical Issues in Public Health *(Credit(s)): 3*
- **PHC 4117** - Workforce & Leadership Development *(Credit(s)): 3*
- **TGEEH** - High Impact Practice *(Credit(s)): 3*
- **Major Upper-Level Specialization Elective** *(Credit(s)): 3*
- **Total Credit Hours**: 12

## SEMESTER 11 (SPRING)
- **PHC 4464** - Introduction to Health Disparities & Social Determinants *(Credit(s)): 3*
- **PHC 4755** - Foundations of Evaluation and Research in Public Health *(Credit(s)): 3*
- **General Elective** *(Credit(s)): 3*
- **Major Upper-Level Specialization Elective** *(Credit(s)): 3*
- **Apply for Graduation**
- **Total Credit Hours**: 12
COMMUNITY ENGAGED HOMELAND SECURITY & EMERGENCY MANAGEMENT MINOR

TOTAL MINOR HOURS: 15

The Community Engaged Homeland Security and Emergency Management minor provides a broad foundation of homeland security and emergency management coursework for individuals interested in pursuing a career in local, state or national government and military careers.

GPA REQUIREMENTS

A minimum average 2.0 GPA is required in all of the required courses for the minor.

GRADING REQUIREMENT

A minimum grade of C- for all required courses.

RESIDENCY REQUIREMENT

A minimum of 6 credit hours must be obtained from upper-level electives at USF, that are unique to the minor.

OTHER INFORMATION

Declaration of Minor: http://health.usf.edu/publichealth/undergrad/continuing-students.htm

ADVISING INFORMATION - COLLEGE OF PUBLIC HEALTH

It is highly recommended that students meet with an advisor in the College of Public Health early to verify coursework for the minor.

For additional information about the minor, please contact:
Email: UG-PublicHealthAdvising@usf.edu
Phone: (813) 974-4633
ENVIRONMENTAL HEALTH MINOR

TOTAL MINOR HOURS: 15

The minor provides students with a broad range of courses necessary to pursue an advanced degree in the field of Environmental and Occupational Health and Safety or to seek entry-level employment in a related field and is preparatory for careers in: environmental science, industrial hygiene, toxicology, risk assessment, and related health sciences careers.

MINOR CORE (15 CREDIT HOURS)

These courses will give students a broad overview of environmental and occupational health concepts.

- HSC 3503 - Principles of Toxicology Credit(s): 3
- HSC 4213 - Environmental and Occupational Risk Analysis Credit(s): 3
- HSC 4430 - Occupational Health and Safety Credit(s): 3
- PHC 3302 - Introduction to Environmental & Occupational Health Credit(s): 3
- PHC 3320 - Environmental Health Science Credit(s): 3

GPA REQUIREMENTS

A minimum average 2.0 GPA is required for all courses required for the minor.

GRADING REQUIREMENT

A minimum grade of C- for all required courses.

RESIDENCY REQUIREMENT

A minimum of 6 credit hours must be obtained from upper-level electives at USF, that are unique to the minor.

OTHER INFORMATION

Declaration of Minor: http://heal th.usf.edu/publichealth/undergrad/continuing-students.htm

ADVISING INFORMATION - COLLEGE OF PUBLIC HEALTH

It is highly recommended that students meet with an advisor in the College of Public Health early to verify coursework for the minor.

Public Health Minor
TOTAL MINOR HOURS: 15

The goal of the general Public Health minor is to introduce students to the field of public health. Public health professionals seek to prevent disease and promote health and well-being among communities. This is important for human and environmental health. This minor provides students with a range of courses designed to understand important public health concepts such as epidemiology, health disparities, social determinants of health, and health policy. And, students can tailor the minor by selecting a course that most interests them and prepares them for their future career aspirations.

MINOR CORE (15 CREDIT HOURS)

- HSC 4551 - Survey of Human Diseases Credit(s): 3
- PHC 4030 - Introduction to Epidemiology Credit(s): 3
- PHC 4101 - Overview of Public Health Programs and Policies Credit(s): 3
- PHC 4464 - Introduction to Health Disparities & Social Determinants Credit(s): 3

SELECT ONE OF THE FOLLOWING COURSES:

- HSC 4211 - Health, Behavior and Society Credit(s): 3
- HSC 4624 - Foundations of Global Health Credit(s): 3
- PHC 3302 - Introduction to Environmental & Occupational Health Credit(s): 3
- PHC 4069 - Biostatistics in Society Credit(s): 3

GPA REQUIREMENTS

USF coursework for a minor must have a minimum GPA of at least 2.0.

RESIDENCY REQUIREMENTS

A minimum of 6 credit hours must be obtained from upper-level electives at USF, that are unique to the minor.

OTHER INFORMATION

Declaration of Minor: http://health.usf.edu/publichealth/undergrad/continuing-students.htm

College of The Arts

4202 E. Fowler Avenue, FAH 110
Tampa, FL 33620
(813) 974-2301
https://www.usf.edu/arts/

Physical Location: The College of The Arts Administrative and Student Services/Advising offices for all programs on the Tampa campus are located in FAH 120 on the Tampa campus. The FAH building is adjacent to parking lot 3C on USF Holly Drive. The physical address of 13001 USF S. Laurel Drive adjacent to parking lot 9A. The St. Petersburg campus Graphic Arts Program Student Services/Advising office is located in HBR 129.

About the College

The College of The Arts is the creative center of the University of South Florida's Tampa campus and offers programs to prepare students for careers in architecture, community design, art, art history, music, theatre, and dance. The St. Petersburg campus offers the Graphic Arts program. USF is not only the starting point of a career in the arts, but Tampa Bay is also a perfect place to become part of the arts community.

At USF, we provide our students with hands-on experiences and real-world opportunities for exhibitions, performances, concerts, and creative practice within the College of The Arts facilities and venues. Students also participate in design, research, performance and exhibition projects across the Tampa Bay community. We proudly feature our students, faculty and guest artists in more than 250-300 stage productions, concerts, exhibitions and lectures each year. College of The Arts events (exhibitions, performances, concerts, guest artist/scholar lectures) are free and open to the public.

Research and Professional Practice conducted by faculty, staff, and students in the College of The Arts provides significant opportunities for discovery and expands the practice of our students, staff, faculty and community of artists through individual and interdisciplinary work, global explorations of perspectives and local community engagement. The academic programs and three research units of the College of The Arts – the Institute for Research in Art, the Center for Music Education Research and the Florida Center for Community Design and Research – exemplify the interdisciplinary significance of the arts. Through these academic and research units, our students are exposed to various contemporary works that become incorporated into their curriculum and expand their own scholarly research and creative professional practices.

Mission, Vision, Guiding Principles and Values

Mission
The mission of the college is to conduct research/professional practice that transforms art, performance, and design at the highest level which, in turn, enhances our ability to offer a world-class education to our students. The college facilitates and promotes an interdisciplinary ecosystem that nurtures, prepares, and educates students and faculty to become creative leaders dedicated to promoting a more just society. We aspire to elevate the level of inquiry and discourse within and beyond the classroom while we innovate and create new approaches, crafts, methodologies, and skills that change creative practice and arts disciplines as our global context evolves.

Vision
The college strives to become nationally prominent for being a creative community vested in addressing the most pressing issues of our time while maintaining a firm grounding in equity, excellence, and diversity that will empower students and faculty to frame their own futures. The college will be an engine for socio-economic progress through professional practice, research, advocacy, and meaningful engagement.

Guiding Principles and Values
We believe the arts are a vital component in achieving a just society that fosters engaged citizens, prosperous communities, and fulfilled individuals.

The college values an inclusive and diverse educational environment where ethnic, racial, cultural, and gender differences, among others, are respected and supported. The College strives to establish policies and practices that
COLLEGE OF THE ARTS

will ensure equity in leadership and equal access to resources and opportunities for academic success and career advancement for faculty, staff, and students.

Students and faculty together will study and engage, through their practice, challenging social, political, cultural, and ecological issues facing the world today.

We recognize that individual and collective excellence entails a responsibility to ensure that every member of our community has support and the opportunity to succeed.

Accreditation

School of Architecture & Community Design
The USF School of Architecture & Community Design is accredited by the National Architectural Accrediting Board. For additional information about NAAB, visit their website at http://www.naab.org

School of Art & Art History
The USF School of Art & Art History is accredited by the National Association of Schools of Art and Design. For additional information about NASAD, visit their website at http://www.nasad.accredit.org

School of Music
The USF School of Music is accredited by the National Association of Schools of Music. For additional information about NASM, visit their website at http://www.nasm.accredit.org

School of Theatre & Dance
The Theatre Program is accredited by the National Association of Schools of Theatre. For additional information about NAST, visit their website at https://nast.accredit.org/

The Dance Program is accredited by the National Association of Schools of Dance. For additional information about NASD, visit their website at: https://nasd.accredit.org

Contemporary Art Museum
The USF Contemporary Art Museum is accredited by American Alliance of Museums. For additional information about AAM, visit their website at https://www.aam-us.org/

College-Level Requirements

Admission Requirements

To apply for academic programs in the College of The Arts, you must first be accepted to the University of South Florida. Once you meet USF requirements (https://www.usf.edu/admissions/), you can apply to your program of interest. Some programs require an audition or portfolio submission. Check individual requirements for your program of interest before applying.

Step 1: Apply for admission to the University of South Florida  https://secure.vzcollegeapp.com/usf/

Step 2: Apply for admission to the College of The Arts' schools, please see Program-Specific Requirements.

General Requirements for Bachelor Degree Programs within the College of The Arts

All Bachelor degree programs require 120 credit hours.

Students admitted to the College of The Arts with transfer credits, or former students returning with credits dating ten or more years prior to admission (or readmission), will have those credits reviewed by the College and department/school and may be required to take specified competency tests in their major area.

A maximum number of ROTC credits totaling no more than the maximum allowed in the Free Elective Area for each major may be counted toward all degrees.

A maximum of four credit hours of elective Physical Education credits taken at USF may be counted as general elective credit.

Students must satisfactorily meet the State Communication Requirement and State Computation Requirement.

Students applying for a B.A. degree must demonstrate competency in a foreign language as described under Foreign Language Competency Policy of this catalog.

For degree programs, see requirements listed under each School.
Students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. A student must also earn 30 of the last 60 hours of credits in residence at USF. However, any course work to be taken and any credits to be earned outside of the university must have prior approval from the appropriate school and the college in order to apply these credits toward graduation.

Waiver of prerequisite coursework totaling no more than 12 credit hours in the major or College requirements is possible by demonstration of competence. Unless credit is awarded by approved official tests, i.e., AP, CLEP, the credit hours must be made up according to school or college recommendations. A faculty committee conducts waiver reviews. Specific questions concerning program requirements for all degrees in the College or other related problems should be directed to the College of The Arts.

College Policy for Academic Progress

The following criteria will serve as the bases for unenrollment from a major in the College of The Arts:

- Grade point average below 2.0 in the major.
- Recommendation by major applied (studio) art, art history, graphic arts, dance, music or theatre faculty with approval of respective school director.
- The school may recommend probationary status (rather than unenrollment) for one semester when academic progress is not maintained.

Directed Studies Contracts

All Directed Studies and other variable credit courses in the College of The Arts require contracts between students and instructors describing the work to be undertaken by the student and specifying the credit hours. It is the student's responsibility to obtain the necessary signatures and make the required distribution of all copies. Important: the student must have his/her signed copy of a contract at the time of registration.

Permission Procedures

Admission into some courses is possible only by consent of instructor (CI), consent of chairperson (CC), consent of advisor, or by audition or portfolio review. When such special permission is required, it will be the student's responsibility to obtain any required permission prior to registration.

Program-Specific Requirements

School of Architecture & Community Design
https://www.usf.edu/arts/architecture/

Bachelor degrees are not awarded through the School of Architecture & Community Design. However, you can enroll in the Pre-Architecture program as an undergraduate. Once you have completed those courses, you are able to enroll in the Master degree programs.

School of Art & Art History
https://www.usf.edu/arts/art/apply/index.aspx

The School of Art & Art History offers Bachelor degrees in both Studio Art and Art History. No additional materials are required for admission to the undergraduate BA and BFA in Studio Art, or BA in Art History.

Graphic Arts B.F.A.
https://www.usf.edu/arts/art/academics/graphic-arts/

The B.F.A. Degree in Graphic Arts on the St. Petersburg campus is a specialized admissions, upper-level program of study. Students are accepted in the Spring and begin the program as a cohort in the Fall semester. Admission into the B.F.A. program is contingent upon the student having a 3.25 or higher major GPA, which must be maintained after admission for the degree to be awarded. Student competency will be evaluated individually and is based upon criteria such as GPA, writing skill, and a portfolio of work indicative of: (1) concept, execution and presentation of studio artwork, (2) conceptual understanding of art and design standards, (3) applications of art and design concepts, (4) examples of drawing methods and materials, and (5) historical knowledge of art and design as evidenced by previous assignments in visual problem solving.

School of Music
https://www.usf.edu/arts/music/
The School of Music provides a variety of areas of study for undergraduate programs. This includes brass, acoustic and electronic composition, jazz studies, music education, percussion, piano, strings, voice, and woodwinds. An instrument and/or voice audition is required for admission to all degree programs and concentrations.

School of Theatre & Dance

https://www.usf.edu/arts/theatre-and-dance/

The School of Theatre & Dance offers undergraduate degrees only. Auditions are required for admission to the Dance programs. Theatre auditions only take place for upper-level performance coursework but are not required for admission.

Graduation Requirements

Degree Requirements: Baccalaureate/Undergraduate - USF Regulation 3.007
https://usf.app.box.com/v/usfregulation3007

General Education Requirements

Students must complete 36 hours of general education following state and university requirements. For more information, please visit the General Education Information section of this catalog.

Civics Literacy Requirement

All students earning a baccalaureate degree will need to complete the Civics Literacy requirement as stated in Florida Statute 1007.25 (http://www.leg.state.fl.us/Statutes/index.cfm?App_mode=Display_Statute&URL=1000-1099/1007/Sections/1007.25.html). For information on the exact requirement, please visit the USF Civics Literacy website: https://www.usf.edu/undergrad/students/civics-literacy.aspx.

Summer Enrollment Requirement

All students entering USF with fewer than 60 semester hours of credit are required to earn at least nine semester hours of credit prior to graduation by attendance during one or more Summer terms in courses offered by USF or any one of the State University System of Florida institutions. The University may waive the application of this rule in cases of unusual hardship.

A student who wishes to have the rule waived must complete a Request for Waiver of Mandatory Summer Enrollment Form available in the Office of the Registrar (https://www.usf.edu/registrar/documents/forms_2019/summer_waiver_request_form_2019.pdf). After submission of the form to the Office of the Registrar, the student will receive notification to their USF email of the action taken.

University of South Florida Requirements

In addition to Florida Board of Governors and/or state requirements, USF has the following USF specific minimum requirements that are designed to assure the academic integrity of the degree programs at each System Institution:

- Successful completion of a minimum of 120 unduplicated semester credit hours through university coursework, acceleration mechanisms, and/or transfer credit, including courses specifically approved as repeatable for credit (e.g. practica, ensembles and field experiences);
- A minimum adjusted grade point average (GPA) of 2.00 on all course work taken at USF and an overall 2.00 on all college-level work attempted;
- Satisfactory completion of major requirements in a chosen degree program, including additional requirements set by the college offering the degree, as published in the current Undergraduate Catalog;
- Successful completion of at least forty-two (42) semester hours in courses numbered 3000 and above;
- Successful completion of at least 25% of the total credit hours required for the degree program must be in courses offered by USF;
- Registration and successful completion of at least thirty (30) of the last sixty (60) semester hours must be completed at USF. CLEP credit does not count toward academic residence. Colleges may have specific
academic residency requirements for specified degrees and students are responsible for reviewing the current Undergraduate Catalog to ensure compliance.

Program and/or College Requirements: All students must be aware of and satisfactorily complete any additional requirements that may be required by a specific program and/or college from which they are earning the degree as set forth in the current Undergraduate Catalog.

General Academic Approval: Successful completion of academic coursework constituting the student's program of study, minor, honors thesis, or certification examination does not guarantee award of the baccalaureate degree. Faculty judgment of the academic performance of the student is inherent in the educational process in determining whether the award of the baccalaureate degree or admission into higher-level degree program is warranted.

Instructions for submitting your USF Graduation Application are available on the Office of Registrar's website at https://www.usf.edu/registrar/services/apply-for-graduation/index.aspx

Remember to keep up with deadlines when applying for graduation and registering for commencement. These dates are different each semester, so check the Office of the Registrar’s website regularly.

For information about The Art's Graduation Celebration, see https://www.usf.edu/arts/advising/graduation-celebration.aspx.

Other Information - Interdisciplinary Study

There is no formal interdisciplinary arts degree offered in the College of The Arts. However, it is possible for a student to pursue such a program of study in the College by utilizing general electives allowed in the major program. A student may also choose a double undergraduate major in two units or arts disciplines within the College of The Arts as a means of interdisciplinary study. See the major advisor in the programs of particular interest.

Baccalaureate-Level Degree Programs

Bachelor of Arts

Art History
https://www.usf.edu/arts/art/academics/art-history/bachelor-of-arts.aspx
Our B.A. program develops skills in critical looking, thinking and writing, and is excellent preparation for students interested in pursuing graduate studies in art history or considering a museum profession or other work in today's professional art world.

Dance
The focus of this degree is to enable the student to combine dance with another area of interest and encourage the development of an individualized program of study through the selection of general education requirements as well as a focused selection of elective courses.

Music Studies
https://www.usf.edu/arts/music/academics/undergraduate-degrees.aspx
The Bachelor of Arts in Music Studies is a non-professional degree for students who wish to supplement other interests with music study. This program is ideal as part of a double major with a field outside of music. Requirements include approximately 50 hours in music with emphasis choices in performance, composition, history and theory. An instrument and/or vocal audition is required for admission to this degree program.

Studio Art
https://www.usf.edu/arts/art/academics/undergraduate-degrees/ba-in-studio-art.aspx
The B.A. in Studio Art is a 120 credit hour degree that is designed to develop the student's consciousness of aesthetic and ideological aspects of art and its relationship to life. The degree also assists students in the realization of personal ideas, art making skills and imagery. The B.A. is oriented toward a general and broad immersion in the field. Studio courses are supplemented with studies in art history, foreign language and an abundance of electives both within the School of Art and Art History and throughout the campus.

Theatre
Through its curriculum and production program, students have the opportunity to prepare for a professional career in the theatre or to continue their studies at the graduate level. Our exclusively undergraduate program boasts intensive studies in the disciplines of performance, design and theatre arts as well as a close working relationship with our nationally and internationally recognized faculty.

**Bachelor of Fine Arts**

**Dance**

The BFA in Dance Performance offers professional preparation, which includes extensive study in Studio Technique, Choreographic Studies and Dance Theory. The focus of this degree is the development of dancers who will enter the professional world of dance/arts as performers and choreographers.

**Graphic Arts (GRAP)**
https://www.usf.edu/arts/art/academics/graphic-arts/

The Graphic Arts degree offers students a sequence of rigorous courses that balance critical thinking and pragmatic experience, complemented by the enriched experience of the liberal arts environment of the St. Petersburg campus. At USF, Graphic Arts students have the option of a concentration in illustration or graphic design. This program guides students in building the imagination, aesthetic sensitivity, and powers of critical thought required to succeed as visual communicators. The curriculum emphasizes expertise in image development, typography, print and screen-based graphics, and interactive design. The program prepares students for the rigor of professional design practice through an internship program, courses in production, and portfolio development. Additionally, students design, organize and promote an exhibition of their final senior project.

**Studio Art**
https://www.usf.edu/arts/art/academics/undergraduate-degrees/bfa-in-studio-art.aspx

The BFA in Studio Art is a 120 credit hour degree that is the initial professional degree in the field. As such, it has a concentrated focus on the development of art making skills combined with conceptual and critical thinking. The degree is designed to develop the student's consciousness of aesthetic and ideological aspects of art and its relationship to life. Studio studies and experiences are of prime importance in the preparation of BFA students for professional lives in the visual arts.

**Bachelor of Music**

**Music Performance**
https://www.usf.edu/arts/music/academics/undergraduate-degrees.aspx

The Bachelor of Music is a professional degree for students who wish to pursue a career in music. Students interested in a BM can choose between three areas of concentration: acoustic and electronic composition, jazz studies and performance. This program requires 120 credit hours that includes intense private study on their principle instrument and participation in ensembles. An instrument and/or vocal audition is required for admission to this degree program.

**Bachelor of Science**

**Music Education**
https://www.usf.edu/arts/music/academics/undergraduate-degrees.aspx

The Bachelor of Science degree in Music Education is a professional degree for students who are interested in teaching music in K-12 schools in the ever-changing music classrooms of the 21st century. This program is an intense study of music and education courses that provide students with state certification upon graduation. In addition to private study on their principle instrument and participation in ensembles, students complete music theory, history and literature sequences, and take a variety of music education courses. An instrument and/or vocal audition is required for admission to this degree program.

**Minors**

**Art**
https://www.usf.edu/arts/art/academics/minors-and-certificates/

A minor in the arts strengthens your critical thinking and visual communication skills, enhancing your ability to solve problems creatively. The School of Art & Art History offers two concentrations for the Minor in Studio Art and Art History.
Dance
The Dance Minor is designed to provide students with a scope of experiences in dance, which includes studio technique, creative studio studies and dance theory. The student seeking a Dance Minor should arrange to meet with the academic advisor in dance.

Theatre
The Theatre minor is structured to give students an overview of drama and theatre, in terms of history, performance, and criticism. The curriculum involves the student in both the practical and theoretical aspects of the theatre process.

Concentrations
A concentration is any organized set of courses that is offered as part of a major and enhances or complements the degree program to be awarded in a manner that leads to specific educational or occupational goals, and/or from different disciplines that provide an interdisciplinary focus.

DANCE – B.A.
   Dance Studies
DANCE – B.F.A.
   Ballet
   Modern Dance
MUSIC PERFORMANCE
   Jazz Studies
   Performance
   Acoustic & Electronic Composition
THEATRE
   Theatre Arts
   Design
   Performance

Certificates
Advanced Dance Studies
This certificate is designed for students who possess a strong background in dance technique (ballet/modern). It is meant for individuals who would like to heighten their studies in dance and earn advanced level training.

Art History
https://www.usf.edu/arts/art/academics/minors-and-certificates/
The Certificate in Art History is designed for undergraduate students majoring in another field who also seek a concentration in art history. This certificate constitutes a sequence of five art history courses (15 credit hours) that provides students with a broad introduction to the field of art history.

Dance Medicine and Science
This certificate is designed for students who are degree-seeking (any major) OR non-degree seeking and who possess a strong interest in exploring the field of dance medicine/science. This certificate program will give students a basic understanding of issues pertaining to the wellness of dancers such as: typical injury and misalignment patterns, injury prevention and treatment, injury risk factors, effective conditioning, muscular analysis of dance movement, and current topics in dance medicine/science research.

Visualization and Design
The Certificate in Visualization and Design provides theoretical studies and hands-on practice for all majors interested in the creative design of visual communication. Outcomes include building a portfolio from a variety of visual media and prepares those who complete the certificate for fields (depending on course selections) ranging from media designers, to animators, to research and product designers, to graphic/data developers.

Undergraduate Advising Information

USF College of The Arts
Office of Student Services & Advising
4202 East Fowler Ave, FAH 120
Tampa, FL 33620
(813) 974-3660
https://www.usf.edu/arts/advising/contact.aspx

Student Services & Advising offers academic support to prospective and current students in the USF College of The Arts. This includes the School of Architecture & Community Design, School of Art & Art History, School of Music and School of Theatre & Dance.

The Student Services & Advising Office assists prospective and current students with individualized academic planning. A few services provided include academic advisement, career guidance, and opportunities to engage with the College of The Arts community. Our academic advisors meet with students one-on-one to help each student map a path to graduation with opportunities for growth and knowledge during their time at USF.

To schedule an advising appointment:

Prospective or current students with an active UID can schedule an appointment online through USF Archivum Platform

Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major: https://www.usf.edu/undergrad/students/advising.aspx
ART HISTORY B.A.
TOTAL DEGREE HOURS: 120

The curriculum in Art History reflects the belief that a traditional liberal arts program, supplemented by travel, is the best preparation for students who wish to teach the history of art at the college level or work in museums and galleries. Students will not specialize in a particular area such as Renaissance or Modern, but will acquire a general knowledge of the history of art. All Art History majors are required to take at least one 4000-level non-Western Art History course. Courses in areas such as history, philosophy, and literature are recommended as electives, both as supplement to undergraduate courses in art history and as a background for future graduate work. Art History majors are required to take courses in studio art as a means of better understanding what is involved in the art making process. It is important that students make every effort to travel to major museums in this country and, if possible, abroad.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

STATE MANDATED COMMON COURSE PREREQUISITES - ART HISTORY B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- ART X201 Design I or ART X202C Design II or ART X203 Design II or ART X205 Art - 3 credit hours
- ART X300 Drawing I or ART X301 Drawing II or ART X310C Intermediate Drawing - 3 credit hours
- ARH X050 History of Visual Arts I - 3 credit hours
- ARH X051 History of Visual Arts II - 3 credit hours
- XXX X000-X999 - 9 credit hours (Competency requirement of a single foreign language)

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

REQUIRED COURSES: (43 CREDIT HOURS)

MAJOR CORE COURSES: 13 COURSES; 43 CREDIT HOURS

ART PREPARATION: 4 COURSES; 12 CREDIT HOURS

- ARH 2050 - History of Visual Arts I Credit(s): 3
- ARH 2051 - History of Visual Arts II Credit(s): 3
- ART 2201C - Concepts and Practices I Credit(s): 3
- ART 2301C - Beginning Drawing Credit(s): 3

Art History Survey: 6 courses; 18 credit hours
Students choose 6 courses from the following list:

ARH 4115 - Ancient Egyptian and Near Eastern Art Credit(s): 3
ARH 4130 - Greek Art Credit(s): 3
ARH 4151 - Roman Art Credit(s): 3
ARH 4200 - Medieval Art Credit(s): 3
ARH 4301 - Renaissance Art Credit(s): 3
ARH 4310 - Early Italian Renaissance Credit(s): 3
ARH 4312 - Late Italian Renaissance Credit(s): 3
ARH 4333 - Northern Renaissance Art Credit(s): 3
ARH 4350 - Baroque and Rococo Art Credit(s): 3
ARH 4430 - Nineteenth Century Art Credit(s): 3
ARH 4475C - Contemporary Issues in Art Credit(s): 3
ARH 4530 - Asian Art Credit(s): 3
ARH 4571 - Themes in Islamic Art and Architecture Credit(s): 3
ARH 4930 - Art History: Selected Topics Credit(s): 1-3 *

* may be taken for degree credit only by approval of the academic advisor for the School of Art and Art History.

OTHER REQUIRED COURSE: 1 COURSE; 1 CREDIT HOUR

ARH 4940 - Art History Practicum Credit(s): 1

ART HISTORY CRITICAL STUDIES: 9 CREDIT HOURS

ARH 4800 - Critical Studies in Art History Credit(s): 3

NOTE: Students may substitute 3 hours of ARH 4800 Critical Studies for 3 hours of 4000-level Art History Survey by permission of the instructor.

EXTENDED STUDIES: 1 COURSE; 3 CREDIT HOURS

ART 4940 - Art and Art History Internship Credit(s): 3 *

Extended Studies required of all majors - London Middlesex Program, Paris Program, Public Art Museum Internships, Community Art, Artists Internship/Apprenticeships, Art History Apprenticeships.

* ART 4940 satisfies the TGEH - High Impact Practice requirement.

ADDITIONAL INFORMATION - ART HISTORY B.A.

FOREIGN LANGUAGE REQUIREMENT

All Students earning a BA degree in Art History must complete the Foreign Language Exit Requirement.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENT

All coursework in The School of Art & Art History must have a grade of "C" or better to satisfy program requirements.

RESIDENCY REQUIREMENT

Department and College of The Arts Major Academic Residency Requirement - 50% of major must be completed at USF
USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

OTHER PROGRAM INFORMATION

Students are encouraged to take additional credits in Art History critical studies courses and Art History survey courses.

RESEARCH OPPORTUNITIES - COLLEGE OF THE ARTS

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914, or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) will assist students in understanding the various course options.

BACHELOR'S/MASTER'S PATHWAYS

Students majoring in Art History have the option to pursue one of the following Bachelor's/Master's Pathways:

Art History B.A. to Art History M.A.
For more information, see the Graduate Catalog.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

For questions, Art-Advise@usf.edu

Plans of Study - Art History B.A.

NOTES:
- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
- Items that are critical are marked with a [ ] and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:
- Research Assistant

Potential Entry Level Salary Range:
- $20,000 - $45,000

Art History B.A. - 2 Year Plan of Study

YEAR 1

SEMESTER 1 (FALL)
- ARH 4XXX - Art History Survey Credit(s): 3
- ARH 4XXX - Art History Survey Credit(s): 3
- ARH 4XXX - Art History Survey Credit(s): 3
- Foreign Language Credit(s): 4
Total Credit Hours: 13

SEMESTER 2 (SPRING)
- ARH 4800 - Critical Studies in Art History Credit(s): 3
- ARH 4XXX - Art History Survey Credit(s): 3

- General Elective Credit(s): 1
Total Credit Hours: 10
The Graphic Arts degree offers students a sequence of rigorous courses that balance critical thinking and pragmatic experience, complemented by the enriched experience of the liberal arts environment of the University of South Florida.

Graphic artists develop the images that give voice to the world around us. Using their raw materials - the ability to think, draw, write, speak and design - students learn the skills to solve specific visual problems. The study of typography, design concepts, and digital technology develops an understanding of the tradition, practice, and process of graphic design.

This program guides students in building the imagination, aesthetic sensitivity, and powers of critical thought required to succeed as visual communicators. The curriculum emphasizes expertise in image development, typography, print and screen-based graphics, and interactive design. The program prepares students for the rigor of professional design practice through an internship program, courses in production, and portfolio development. Additionally, students design, organize and promote an exhibition of their final senior project.

SPECIALIZED ADMISSIONS - GRAPHIC ARTS B.F.A.

The Graphic Arts B.F.A. program requires a portfolio submission, along with completion of the State Mandated Common Course Prerequisites. Completion of each common prerequisite with a minimum grade of C- is required, along with a 3.25 GPA. An overall 2.5 GPA is another requirement for admission into the program.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

PROGRESSION REQUIREMENTS - GRAPHIC ARTS B.F.A.

After the annual portfolio review, if the student is not accepted into the Graphic Arts program, they have the following options:

- Reapply the following year after refining their drafting skills and exploring more conceptual aspects to their work;
- or
- Explore the following majors: B.F.A in Studio Art; B.A. in Studio Art; or B.A. in Art History. Contact your advisor at Art-Advise@usf.edu.

GRADUATION REQUIREMENTS - GRAPHIC ARTS B.F.A.

- Major GPA (All USF courses which are applied to major requirements): 3.25
- General Education GPA (All USF courses which are applied to General Education requirements): 2.0
- USF GPA: 2.0
- Overall GPA: 2.0

STATE MANDATED COMMON COURSE PREREQUISITES - GRAPHIC ARTS B.F.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is
granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Completion of each common prerequisite with a minimum grade of C- is required, along with a 3.25 GPA.

- ART X300 – 3 credit hours
- ART X201 – 3 credit hours
- DIG X000 or ART X602 or GRA X143C or ART X600 – 3 credit hours
- ARH X053 or ARH X051 or ARH XXXX – 3 credit hours
- ART X301 or ART X203 or PGY X101 or ART X330C or PGY X401 – 3 credit hours
- GRA X111 or GRA X190 – 3 credit hours
- GRA XXXX or GRA X208 or DIG X025 – 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

**GRAPHIC ARTS REQUIRED COURSES: (69 CREDIT HOURS)**

**GRAPHIC ARTS FOUNDATION COURSES: 8 COURSES; 24 CREDIT HOURS**

Students are required to take the Foundation Courses prior to registering for upper-level major coursework.

Note: Some or all of these requirements may be met through the State Mandated Common Course Prerequisites.

- ARH 2050 - History of Visual Arts I Credit(s): 3
- ARH 2051 - History of Visual Arts II Credit(s): 3
- ART 2203C - Concepts and Practices II Credit(s): 3
- ART 2251 - Illustration I Credit(s): 3

- GRA 4137 - Advanced Web Design  Credit(s): 3
- GRA 4179 - Social Design  Credit(s): 3
- GRA 4423 - Business of Graphic Design  Credit(s): 3
- GRA 4880 - Advanced Illustration  Credit(s): 3

ADDITIONAL INFORMATION - GRAPHIC ARTS B.F.A.

OTHER REQUIREMENTS

Ten-piece portfolio submission is required during the spring semester of student's second year. Portfolio evaluation is subject to Department review.

GPA REQUIREMENTS

- Major GPA (All USF courses which are applied to major requirements): 3.25
- General Education GPA (All USF courses which are applied to General Education requirements): 2.0
- USF GPA: 2.0
- Overall GPA: 2.0

GRADING REQUIREMENTS

A grade of C- or better is required for all major-specific and common prerequisite coursework.

RESIDENCY REQUIREMENTS

- School and College of The Arts Major Academic Residency Requirement: 50% of major must be completed at USF
- USF Academic Residency Requirement: 30 of the last 60 hours earned must be from USF

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

INTERNship OPPORTUNITIES

ART 4940 - Art and Art History Internship is the internship course students are required to take within their concentration.

ADVISING INFORMATION
USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

For questions, Art-Advise@usf.edu

**Plans of Study - Graphic Arts B.F.A, with Graphic Design Concentration**

**NOTES:**
- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
- Items that are critical are marked with a ★ and are included in the plan for a student to stay on track.

**Potential Entry Level Job Titles:**
- Production Artist
- Graphic Designer
- Freelance Illustrator

**Potential Entry Level Salary**
Range: $35,000 - $50,000

**Specialized Admissions:**
- All prerequisite coursework must be completed along with portfolio submission and faculty invitation to complete 2-year upper-level curriculum.
- By invite only after faculty portfolio review.

**Note:** ART 4940 - Art and Art History Internship is required for Graphic Arts B.F.A., with Graphic Design concentration.

## Graphic Arts B.F.A, with Illustration Concentration - 4 Year Plan of Study

### YEAR 1

#### SEMESTER 1 (FALL)
- ART 2201C: Concepts and Practices I  **Credit(s): 3**
- ART 2344: Beginning Drawing for Graphic Arts  **Credit(s): 3**
- ARH 205X: Information and Data Literacy  **Credit(s): 3** (Recommend ARH 2050 which also satisfies required prerequisite)
- ENC 1101: Composition I  **Credit(s): 3**
- SGEM: General Education Core Mathematics  **Credit(s): 3** (Suggest MGF 1106 or MGF 1107)

Total Credit Hours: 15

#### SEMESTER 2 (SPRING)
- ART 2203C: Concepts and Practices II  **Credit(s): 3**
- ART 2301C: Beginning Drawing  **Credit(s): 3**
- ART 2602: Digital Imaging  **Credit(s): 3**
- ARH 205X: Human & Cultural Diversity  **Credit(s): 3** (suggest ARH 2051 which also satisfies required prerequisite)
- ENC 1102: Composition II  **Credit(s): 3**

Total Credit Hours: 15

#### SEMESTER 3 (SUMMER)
- SGEM: General Education Core Humanities  **Credit(s): 3**

Total Credit Hours: 3

### YEAR 2

#### SEMESTER 4 (FALL)
- ART 2345: Intermediate Drawing for Graphic Arts  **Credit(s): 3**
- ART 2400C: Beginning Printmaking  **Credit(s): 3**
- GRA 2206C: Typography  **Credit(s): 3**
- SGEN: General Education Core Natural Sciences  **Credit(s): 3**
- SGES: General Education Core Social Sciences  **Credit(s): 3** (Recommend POS 2041 OR AMH 2020)
- Attend Portfolio Workshop

Total Credit Hours: 15

#### SEMESTER 5 (SPRING)
- ART 2251: Illustration I  **Credit(s): 3**
- ART 2500C: Beginning Painting  **Credit(s): 3**
- OR ART 2430: Silkscreen  **Credit(s): 3**
- GRA 2190: Graphic Design  **Credit(s): 3**
- TGEE: Ethical Reasoning & Civic Engagement  **Credit(s): 3**
- 6AMT: State Computation Requirement  **Credit(s): 3**
- Submit 10 piece portfolio

Total Credit Hours: 15

#### SEMESTER 6 (SUMMER)
- ARH 4724: History of Graphic Design  **Credit(s): 3**
- Free Elective  **Credit(s): 3** (see Advisor)

Total Credit Hours: 6

### YEAR 3
NOTE: Junior & Senior year are specialized admissions by invite only after faculty portfolio review.

**SEMESTER 7 (FALL)**
- GRA 3118 - Design Signs and Symbols **Credit(s): 3**
- GRA 3193 - Graphic Design I **Credit(s): 3**
- ARH 4XXX varies (any 4000-level ARH course) **Credit(s): 3**
- Concentration Course #1 varies (see Advisor) **Credit(s): 3**
  
  **Total Credit Hours: 12**

**SEMESTER 8 (SPRING)**
- GRA 3202 - Advanced Typography **Credit(s): 3**
- GRA 4547L - Advanced Graphic Design **Credit(s): 3**
- Concentration Course #2 varies (see Advisor) **Credit(s): 3**
- Concentration Course #3 varies (see Advisor) **Credit(s): 3**
  
  **Total Credit Hours: 12**

**SEMESTER 9 (SUMMER)**
- Concentration Course #4 varies (see Advisor) **Credit(s): 3**
  
  **Total Credit Hours: 3**

**YEAR 4**

**SEMESTER 10 (FALL)**
- GRA 4953 - Senior Project: Research **Credit(s): 3**
- ART 4940 - Art and Art History Internship **Credit(s): 3**
  
  **(NOTE: Course will count for both concentration and TGEH - High Impact Practice requirements. Students will need to complete 3 more elective credits if this option is selected.)**
- Concentration Course #5 varies (see Advisor) **Credit(s): 3**
- Unrestricted Elective varies (see Advisor) **Credit(s): 3**
- Apply for Graduation
  
  **Total Credit Hours: 12**

**SEMESTER 11 (SPRING)**
- GRA 4930C - Graphic Design Senior Studio **Credit(s): 3**
- GRA 4955C - Senior Project: Portfolio **Credit(s): 3**
- Concentration Required Course #6 **Credit(s): 3**
- Unrestricted Elective varies (see Advisor) **Credit(s): 3**
  
  **Total Credit Hours: 12**
STUDIO ART B.A.
TOTAL DEGREE HOURS: 120

This degree is designed to develop the student's consciousness of aesthetic and ideological aspects of art and its relationship to life. The degree also assists students in the realization of personal ideas, art making skills and imagery. The BA is oriented toward a general and broad immersion in the field. Studio courses are supplemented with studies in art history, foreign language, and an abundance of electives both within the School of Art and Art History and throughout the campus. While the BA in Studio Art is not usually the preferred preparation for moving on to the Master of Fine Arts degree, it is quite appropriate for seeking other advanced degrees, especially in the Liberal Arts or other similar programs.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

  Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
  Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
  International: https://www.usf.edu/admissions/international/admission-information/index.aspx

STATE MANDATED COMMON COURSE PREREQUISITES -STUDIO ART B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Note: It is recommended that transfer students complete both Design I and Design II prior to transfer. If a student does not complete Design I and Design II prior to transfer they should wait and enroll in ART 2201C - Concepts and Practices I and ART 2203C - Concepts and Practices II at USF.

ART X201 Design I - 3 credit hours
Select an option that does not duplicate another course taken:
  ART X202C Design II, Lower (2-D) - 3 credit hours
  ART X203 Design II, Lower (3-D) - 3 credit hours
  ART X710C Beginning Sculpture - 3 credit hours
  ART X203C - Concepts and Practices II - 3 credit hours

ART X300C Drawing I, Lower - 3 credit hours
Select an option that does not duplicate another course taken:
  ART X301 Drawing II - 3 credit hours
  ART X205 Art - 3 credit hours
  ART X310C Intermediate Drawing, Upper - 3 credit hours
  ART X305C Perceptual Drawing - 3 credit hours
  ART X330C Life Drawing I, Lower - 3 credit hours
  ART X200C Three Dimensional Design - 1-3 credit hours
  ART X353C Drawing Studio - 3 credit hours
  ART X301C Drawing I - 3 credit hours
  ART X312C Drawing III, Upper
  ART X500 Painting 1, Lower - 3 credit hours
  ART X500C Beginning Painting - 3 credit hours

ARH X050 History of the Visual Arts I - 3 credit hours
ARH X051 History of the Visual Arts II - 3 credit hours
Select two courses below that do not duplicate others taken:
ART X000-X999 - 3 credit hours
ART X000-X999 - 3 credit hours
Do not duplicate courses as you make choices. When given the option for alternative course selection, pick a course that you have not previously taken.

All courses except ARHX050 and ARHX051 require a "C" or higher.

REQUIRED COURSES: (58 CREDIT HOURS)

MAJOR CORE COURSES: 20 COURSES; 58 CREDIT HOURS

ART 4941 - Avant-garde: Professional Practices for BA Studio Majors Credit(s): 1

Art Preparation: 6 courses; 18 credit hours

ARH 2050 - History of Visual Arts I Credit(s): 3 * ^
ARH 2051 - History of Visual Arts II Credit(s): 3 ** ^
ART 2201C - Concepts and Practices I Credit(s): 3 *** ^
ART 2203C - Concepts and Practices II Credit(s): 3 *** ^
ART 2301C - Beginning Drawing Credit(s): 3 ^
ART 3310C - Intermediate Drawing Credit(s): 3 ^
or
DIG 3119C - Digital Drawing Credit(s): 3

* History of Visual Arts I can be used to satisfy TGEI - Information and Data Literacy
** History of Visual Arts II can be used to satisfy TGED - Human & Cultural Diversity under the Enhanced General Education system.
*** Concepts and Practices I can be used to satisfy the TGEC - Creative Thinking requirement under the Enhanced General Education requirement system.

^ These courses, or their equivalents, are required for all studio courses, other than those designated as core or beginning studios.

Beginning Studio Workshops: 4 courses; 12 credit hours

ART 2XXX or PGY 2XXX 2000 Level 2-D Studio Credit(s): 3
ART 2XXX 2000 Level 3-D Studio Credit(s): 3
ART 2XXX or PGY 2XXX 2000 Level Studio Credit(s): 3
ART 2XXX or PGY 2XXX 2000 Level Studio Credit(s): 3

These courses may not be repeated. These courses are prerequisites to the intermediate-level Studio Courses. Students must take at least one two-dimensional and one three-dimensional studio course.

Intermediate Studio Workshops: 4 courses; 12 credit hours

ART 3XXX or PGY 3XXX or DIG 3XXX 3000 Level Studio Credit(s): 3
ART 3XXX or PGY 3XXX or DIG 3XXX 3000 Level Studio Credit(s): 3
ART 3XXX or PGY 3XXX or DIG 3XXX 3000 Level Studio Credit(s): 3
ART 3XXX or PGY 3XXX or DIG 3XXX 3000 Level Studio Credit(s): 3

Intermediate or Advanced Level Major Elective: 1 course; 3 credit hours

ART 3XXX or PGY 3XXX or DIG 3XXX or ART 4XXX or PGY 4XXX Credit(s): 3

Art History: 3 courses; 9 credit hours

ARH 4450 - Twentieth Century Art Credit(s): 3 *
ARH 4XXX
ARH 4XXX
* ARH 4450 is required of all majors.

**NOTE:** ARH 4930 Art History: Selected Topics & ARH 4890 Paris Art History may be taken for degree credit only by approval of the academic advisor for the School of Art and Art History.

**Internship: 1 course; 3 credit hours**

ART 4940 - Art and Art History Internship Credit(s): 3

**ADDITIONAL INFORMATION - STUDIO ART B.A.**

**FOREIGN LANGUAGE REQUIREMENT**

Any student seeking a B.A. in Studio Art must satisfy the Foreign Language Exit requirement (FLEX).

**GPA REQUIREMENTS**

- **Major GPA** (All USF courses which are applied to major requirements): 2.0
- **General Education GPA** (All USF courses which are applied to General Education requirements): 2.0
- **USF GPA**: 2.0
- **Overall GPA**: 2.0

**GRADING REQUIREMENT**

All coursework in the School of Art & Art History must have a grade of C or better to satisfy program requirements.

**RESIDENCY REQUIREMENT**

- **Department and College of The Arts Major Academic Residency Requirement** - 50% of major must be completed at USF
- **USF Academic Residency Requirement** - 30 of the last 60 hours earned must be from USF

**OTHER INFORMATION**

Students are encouraged to take additional credits in the Studio Workshops and Theme Studio Courses to fulfill art electives.

**RESEARCH OPPORTUNITIES**

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

**ADVISING INFORMATION**

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

For questions, Art-Advise@usf.edu

**Plans of Study - Studio Art B.A.**

**NOTES:**

- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
Items that are critical are marked with a * and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:
Professional Artist or Illustrator

Potential Entry Level Salary Range:
$20,000 - $45,000

NOTES:
ARH 2050 - History of Visual Arts I can count towards TGEI - Information and Data Literacy Requirement
ARH 2051 - History of Visual Arts II can count towards TGED - Human & Cultural Diversity Requirement
ART 2201C - Concepts and Practices I can count towards TGEC - Creative Thinking Requirement
ART 4940 - Art and Art History Internship counts towards TGEH - High Impact Practice Requirement

The B.F.A. program in Studio Art will expose the student to many possibilities in the art-making process. The areas of emphasis in art media are animation, painting, drawing, printmaking, photography, sculpture, ceramics, and video. These options provide access to a comprehensive program of study in art. Students can develop their conceptual and technical skills in a particular art discipline or decide to investigate a specific subject through the use of numerous media and "mixed" forms of art.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS
Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

ART 4XXX or PGY 4XXX 4000 Level Specialization Credit(s): 3

NOTE: Advanced Studios in Specialization must be taken sequentially and may not be completed during the same term.

INTERMEDIATE OR ADVANCED LEVEL MAJOR ELECTIVE: 2 COURSES; 6 CREDIT HOURS
ADDITIONAL INFORMATION - STUDIO ART B.F.A.

FOREIGN LANGUAGE REQUIREMENT
If a student has satisfied the FLENT (Foreign Language Entrance) requirement of two years of a single foreign language, there is no further foreign language required for the B.F.A. in Studio Art. If a student has not satisfied the FLENT requirement, they must do so prior to graduation.

GPA REQUIREMENTS
- Major GPA (All USF courses which are applied to major requirements): 3.25
- General Education GPA (All USF courses which are applied to General Education requirements): 2.0
- USF GPA: 2.0
- Overall GPA: 2.0

GRADING REQUIREMENT
The minimum acceptable grade for major courses in the School of Art and Art History is a “C” grade.

RESIDENCY REQUIREMENT
- Department and College of The Arts Major Academic Residency Requirement - 50% of major must be completed at USF
- USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

RESEARCH OPPORTUNITIES
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

OTHER INFORMATION
The USF School of Art & Art History hosts fully equipped studios in all of these disciplines. Transfer credit from other institutions is accepted on the basis of a transcript evaluation. The School of Art & Art History accepts transfer credit from all Florida programs that are part of the “common course prerequisites.”

ADVISING INFORMATION
USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation. For questions, Art-Advise@usf.edu

Studio Art B.F.A. - 2 Year Plan of Study

YEAR 1
## Studio Art B.F.A. - 4 Year Plan of Study

### YEAR 1

#### SEMESTER 1 (FALL)
- ENC 1101 - Composition I Credit(s): 3
- ARH 2050 - History of Visual Arts I Credit(s): 3
- ART 2201C - Concepts and Practices I Credit(s): 3
- SGEM - General Education Core Mathematics Credit(s): 3
- SGES - General Education Core Social Sciences Credit(s): 3
- Total Credit Hours: 15

#### SEMESTER 2 (SPRING)
- ENC 1102 - Composition II Credit(s): 3
- ARH 2051 - History of Visual Arts II Credit(s): 3
- ART 2203C - Concepts and Practices II Credit(s): 3
- SGEM - General Education Core Natural Sciences Credit(s): 3
- 6AMT - State Computation Requirement Credit(s): 3
- Total Credit Hours: 15

### YEAR 2

#### SEMESTER 4 (FALL)
- ART 4940 - Art and Art History Internship Credit(s): 3
- Advanced Studio Specialization (ART/DIG/PGY 4XXX) Credit(s): 3
- Intermediate or Advanced Level Studio Elective Credit(s): 3
- 4000 Level Period Art History Credit(s): 3
- Total Credit Hours: 15

#### SEMESTER 5 (SPRING)
- ART 4970C - Senior Thesis Credit(s): 4
- Advanced Studio Specialization (ART/DIG/PGY 4XXX) Credit(s): 3
- Elective Credit(s): 2
- Elective Credit(s): 3
- Elective Credit(s): 3
- Total Credit Hours: 15
SEMESTER 3 (SUMMER)
Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.
Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 2

SEMESTER 4 (FALL)

ART 2301C - Beginning Drawing Credit(s): 3
ART XXXX - Beginning 2D Studio Credit(s): 3
OR PGY XXXX - Beginning 2D Studio Credit(s): 3
ART XXXX - Beginning Studio Specialization Credit(s): 3
OR PGY XXXX - Beginning Studio Specialization Credit(s): 3
Elective Credit(s): 3
SGEH - General Education Core Humanities Credit(s): 3
Total Credit Hours: 15

SEMESTER 5 (SPRING)

ART 3310C - Intermediate Drawing Credit(s): 3
OR DIG 3119C - Digital Drawing Credit(s): 3
ARH 4450 - Twentieth Century Art Credit(s): 3
ART XXXX - Beginning 3D Studio (Ceramics or Sculpture) Credit(s): 3
ART XXXX - Intermediate Specialization Credit(s): 3
OR PGY XXXX - Intermediate Specialization Credit(s): 3
OR DIG XXXX - Intermediate Specialization Credit(s): 3
Elective Credit(s): 3
Total Credit Hours: 15

SEMESTER 6 (SUMMER)
Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.
Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 3

SEMESTER 7 (FALL)

ARH 4475C - Contemporary Issues in Art Credit(s): 3
ART XXXX - Beginning Studio Credit(s): 3
OR PGY XXXX - Beginning Studio Credit(s): 3
ART XXXX - Intermediate Studio Specialization Credit(s): 3
OR DIG XXXX - Intermediate Studio Specialization Credit(s): 3
OR PGY XXXX - Intermediate Studio Specialization Credit(s): 3
ART XXXX - Intermediate Studio Specialization Credit(s): 3
OR DIG XXXX - Intermediate Studio Specialization Credit(s): 3
OR PGY XXXX - Intermediate Studio Specialization Credit(s): 3
Elective Credit(s): 3
Total Credit Hours: 15

SEMESTER 8 (SPRING)

ART 3939 - The Real World Credit(s): 1
ART XXXX - Intermediate Specialization Credit(s): 3
OR DIG XXXX - Intermediate Specialization Credit(s): 3
OR PGY XXXX - Intermediate Specialization Credit(s): 3
ART XXXX - Intermediate Studio Elective Credit(s): 3
OR DIG XXXX - Intermediate Studio Elective Credit(s): 3
OR PGY XXXX - Intermediate Studio Elective Credit(s): 3
4000 Level Art History Credit(s): 3
COLLEGE OF THE ARTS

UNIVERSITY OF SOUTH FLORIDA 2023-2024 UNDERGRADUATE CATALOG

Total Credit Hours: 12

SEMESTER 9 (SUMMER)
- ART 4940 - Art and Art History Internship Credit(s): 3
- SCIV - Civics Literacy Credit(s): 3
- TGEE - Ethical Reasoning & Civic Engagement Credit(s): 3

Total Credit Hours: 9

YEAR 4

SEMESTER 10 (FALL)
- ART XXXX - Advanced Specialization Credit(s): 3
- OR PGY XXXX - Advanced Specialization Credit(s): 3
- ART XXXX - Intermediate or Advanced Major Elective Credit(s): 3
- OR DIG XXXX - Intermediate or Advanced Major Elective Credit(s): 3

- ART 4970C - Senior Thesis Credit(s): 4
- ART XXXX - Advanced Studio Specialization Credit(s): 3
- OR PGY XXXX - Advanced Studio Specialization Credit(s): 3
- General Elective Credit(s): 2
- General Elective Credit(s): 3

Total Credit Hours: 12
The B.F.A. program in Studio Art will expose the student to many possibilities in the art-making process. The program has a concentration in animation and areas of specialization in painting, drawing, printmaking, photography, sculpture, ceramics, and video. These options provide access to a comprehensive program of study in art. Students can develop their conceptual and technical skills in a particular art discipline or decide to investigate a specific subject through the use of numerous media and "mixed" forms of art.

The concentration in animation is a blend between art and design, courses offered within the program explore a range of topics in motion, composition, acting, visual storytelling, 3D modeling, lighting, and concept design. Also, students can selectively combine the study of Animation and Digital Modeling with other disciplines within the department in order to fully explore their creative interests.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

STATE MANDATED COMMON COURSE PREREQUISITES - STUDIO ART B.F.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

**Note:** It is recommended that transfer students complete both Design I and Design II prior to transfer. If a student does not complete Design I and Design II prior to transfer they should wait and enroll in ART 2201C - Concepts and Practices I and ART 2203C - Conceptual Drawing I at USF.

ART X202C Design II, Lower (2-D) or ART X203 Design II, Lower (3D) or ART 2701C Beginning Sculpture or ART X203C Concepts and Practices II - 3 credit hours

ART X300C Drawing I, Lower - 3 credit hours
ART X050 History of the Visual Arts I - 3 credit hours
ART X051 History of Visual Arts II - 3 credit hours

Select an option that does not duplicate another course taken:

ART X330C Life Drawing I, Lower - 3 credit hours
ART X205 Art - 3 credit hours
ART X310C Intermediate Drawing - 3 credit hours
ART X301C Drawing I - 3 credit hours
ART X305C Perceptual Drawing - 3 credit hours
ART X330C Life Drawing I Lower - 3 credit hours
ART X301C Drawing I - 3 credit hours
ART X200C Three Dimensional Design - 1-3 credit hours
ART X353C Drawing Studio - 3 credit hours
ART X312C Drawing III, Upper
ART X500C Beginning Painting - 3 credit hours
ART X500 Painting 1, Lower - 3 credit hours

Do not duplicate courses as you make choices. When given the option for alternative course selection, pick a course that you have not previously taken.

All courses except ARHX050 and ARHX051 require a "C" or higher.

STUDIO ART REQUIRED COURSES: (77 CREDIT HOURS)

STUDIO ART MAJOR CORE COURSES: 12 COURSES; 35 CREDIT HOURS

1507
ART FOUNDATIONS: 6 COURSES; 18 CREDIT HOURS

ARH 2050 - History of Visual Arts I Credit(s): 3 ^
ARH 2051 - History of Visual Arts II Credit(s): 3 ** ^
ART 2201C - Concepts and Practices I Credit(s): 3 *** ^
ART 2203C - Concepts and Practices II Credit(s): 3 *** ^
ART 2301C - Beginning Drawing Credit(s): 3 ^
ART 3310C - Intermediate Drawing Credit(s): 3 ^
OR DIG 3119C - Digital Drawing Credit(s): 3

* History of Visual Arts I can be used to satisfy TGEI - Information and Data Literacy
** History of Visual Arts II can be used to satisfy TGED - Human & Cultural Diversity under the Enhanced General Education system.
*** Concepts and Practices I can be used to satisfy the TGEC - Creative Thinking requirement under the Enhanced General Education requirement system.
^ These courses, or their equivalents, are required for all studio courses, other than those designated as core or beginning studios.

ART HISTORY: 3 COURSES; 9 CREDIT HOURS

ARH 4450 - Twentieth Century Art Credit(s): 3
ARH 4475C - Contemporary Issues in Art Credit(s): 3

4000 Level Period Art History

NOTE: ARH 4930 - Art History: Selected Topics AND ARH 4890 - Paris Art History may be taken for degree credit only by approval of the academic advisor for the School of Art and Art History.

ADDITIONAL REQUIREMENTS: 3 COURSES; 8 CREDIT HOURS

ART 3939 - The Real World Credit(s): 1
ART 4940 - Art and Art History Internship Credit(s): 3 *
ART 4970C - Senior Thesis Credit(s): 4 **

* ART 4940 satisfies the TGEH - High Impact Practice requirement
** Must be taken with the second Advanced Studio in the student's specialization/concentration

GENERAL STUDIO ART PROGRAM OR CONCENTRATION REQUIREMENT

Students complete a General Studio Art program of study OR complete a Concentration in Animation and Digital Modeling.

ANIMATION AND DIGITAL MODELING CONCENTRATION (42 CREDIT HOURS)

LOWER LEVEL STUDIO: 3 COURSES; 9 CREDIT HOURS

FIL 3720C - Introduction to Animation Credit(s): 3
ART 2XXX or PGY 2XXX 2000 Level 2-D Studio Credit(s): 3
ART 2XXX 2000 Level 3-D Studio Credit(s): 3

These courses are prerequisites to the intermediate-level Studio Courses. Students must take at least one two-dimensional and one three-dimensional beginning studio course.

3000 LEVEL STUDIO: 7 COURSES; 21 CREDIT HOURS

Take all of the following:
ART 3610C - Digital Modeling Credit(s): 3
ART 3616C - Computer Animation Credit(s): 3
DIG 3306C - 3D Animation Credit(s): 3
DIG 3323C - Digital Sculpture Credit(s): 3
DIG 3465C - Visual Storytelling Credit(s): 3

Choose two of the following three courses:
ART 4023 - Animation Process Credit(s): 3
DIG 3184 - Motion Design Credit(s): 3
FIL 3736C - Character Animation Credit(s): 3
4000 LEVEL STUDIO: 1 COURSE; 6 CREDIT HOURS

FIL 4735 - Advanced Animation Credit(s): 3

Note: Students will repeat FIL 4735 for a total of 6 credit hours.

INTERMEDIATE OR ADVANCED LEVEL MAJOR ELECTIVE: 2 COURSES; 6 CREDIT HOURS

ART 3XXX or PGY 3XXX or DIG 3XXX/FIL 3XXX (within SAAH) or ART 4XXX or PGY 4XXX or FIL 4XXX (within SAAH) Credit(s): 3

ART 3XXX or PGY 3XXX or DIG 3XXX/FIL 3XXX (within SAAH) or ART 4XXX or PGY 4XXX or FIL 4XXX (within SAAH) Credit(s): 3

ADDITIONAL INFORMATION - STUDIO ART B.F.A.

FOREIGN LANGUAGE REQUIREMENT

If a student has satisfied the FLENT (Foreign Language Entrance) requirement of two years of a single foreign language, there is no further foreign language required for the B.F.A. in Studio Art. If a student has not satisfied the FLENT requirement, they must do so prior to graduation.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 3.25
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENT

The minimum acceptable grade for major courses in the School of Art and Art History is a “C” grade.

RESIDENCY REQUIREMENT

Department and College of The Arts Major Academic Residency Requirement - 50% of major must be completed at USF
USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research is able to assist with further inquiries.

OTHER INFORMATION

The USF School of Art & Art History hosts fully equipped studios in all of these disciplines.

Transfer credit from other institutions is accepted on the basis of a transcript evaluation. The School of Art & Art History accepts transfer credit from all Florida programs that are part of the “common course prerequisites.”

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.
For questions, Art-Advise@usf.edu

Plans of Study - Studio Art B.F.A., with Animation and Digital Modeling Concentration

NOTES:

SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Items that are critical are marked with a ✶ and are included in the plan for a student to stay on track.
Potential Entry Level Job Titles:
  Professional Artist
  Animator
Potential Entry Level Salary Range:
  $20,000 - $45,000

ART HISTORY MINOR

The minor in art history consists of 15 credit hours. Students pursuing this minor may study art history from a variety of areas, including but not limited to Greek Art, Roman Art, Ancient Egyptian and Near Eastern Art, Renaissance Art, Islamic Art, and Twentieth Century Art. As a writing discipline, the Minor in Art History develops the student's critical analysis and communication skills.

MINOR REQUIREMENTS

A minimum of 15 credit hours is required for the minor in art history, in the following distribution.

- A maximum of three credit hours in ARH 4800 - Critical Studies in Art History and ARH 4930 - Art History: Selected Topics can be applied to the minor.

TOTAL MINOR CREDIT HOURS: 15

MINOR CORE CREDIT HOURS: 15

GPA REQUIREMENTS

A minimum overall GPA of 2.0 is required for the minor.

GRADING REQUIREMENTS

Students must earn a "C" or better in their minor coursework.

OTHER REQUIREMENTS

Studio Art majors (BA/BFA) and Graphic Arts majors may apply Art History courses required for their program toward an Art History minor. Per University guidelines, these students "must complete a minimum of 6 credits and two courses exclusive to the minor that will not count toward the student's major or other minors. These credits/courses must be completed at USF and must be upper level courses." Interested students in these programs should consult with their advisor to clarify expectations before declaring an Art History minor.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation. For questions, Art-Advise@usf.edu
Art Studio Minor

The Minor in Art Studio at the University of South Florida is designed to provide students with a scope of experiences in art. The program consists of 24 credit hours of study that strengthens your critical thinking and visual communication skills, enhancing your ability to solve problems creatively.

MINOR REQUIREMENTS (24 CREDIT HOURS)

A minimum of 24 credit hours is required for the minor in Art Studio, in the following distribution:

ART AREA PREPARATION (15 CREDIT HOURS)

- ARH 2050 - History of Visual Arts I Credit(s): 3
- ARH 2051 - History of Visual Arts II Credit(s): 3
- ART 2201C - Concepts and Practices I Credit(s): 3
- ART 2203C - Concepts and Practices II Credit(s): 3
- ART 2301C - Beginning Drawing Credit(s): 3

ART STUDIO (9 CREDIT HOURS)

- Beginning Studio Workshop (two courses)
- Intermediate Studio Workshops (one course)

Students have the opportunity for studio experience in a variety of areas: Animation & Digital Modeling, Ceramics, Drawing, Painting, Photography, Printmaking, Sculpture & Extended Media, and Video.

GPA REQUIREMENTS

A minimum overall GPA of 2.0 is required for the minor.

GRADING REQUIREMENTS

Students must earn a "C" or better in their minor coursework.

ADVISING INFORMATION

For questions, Art-Advise@usf.edu.
ART HISTORY CERTIFICATE
TOTAL CERTIFICATE HOURS: 15

The Certificate in Art History is designed for undergraduate students majoring in another field who also seek a concentration in art history. This certificate constitutes a sequence of five art history courses (15 credit hours) that provides students with a broad introduction to the field of art history.

CERTIFICATE CORE (6 CREDIT HOURS)

The Certificate in Visualization and Design provides theoretical studies and hands-on practice for all majors interested in the creative design of visual communication. Outcomes include building a portfolio from a variety of visual media and prepares those who complete the certificate for fields (depending on course selections) ranging from media designers, to animators, to research and product designers, to graphic/data developers.

CERTIFICATE CORE (6 CREDIT HOURS)

Required courses (6 credit hours):

- ART 2201C - Concepts and Practices Credit(s): 3
- VIC 3001 - Visual Literacy Credit(s): 3

CERTIFICATE ELECTIVES (12 CREDIT HOURS)

Art Electives (6 Credit Hours)

Select two courses:

- ART 2301C - Beginning Drawing Credit(s): 3
- ART 3612C - Beginning Film and Video Credit(s): 3
- ART 3613C - Live Action Filmmaking Credit(s): 3
- ART 3616C - Computer Animation Credit(s): 3
- PGY 2401C - Beginning Photography Credit(s): 3
- PGY 3410C - Intermediate Photography Credit(s): 3

Mass Communication Electives (6 Credit Hours)

Select two courses:

- ADV 2214 - Graphic Programs in Mass Communications Credit(s): 3
- ADV 4710 - Portfolio Building Credit(s): 3
- JOU 4212 - Magazine Design and Production Credit(s): 3
- MMC 4936 - Selected Topics in Mass Communications Studies Credit(s): 1-3
  Graphics in Visual Communication
  Visualization of Big Data
  Visual Analytics
  PGY 3610C - Photojournalism Credit(s): 3
  PUR 4101 - Public Relations Design and Production Credit(s): 3
  VIC 3400C - Visual Design for Globalized Media Credit(s): 3
  VIC 3943 - Visual Communication Internship Credit(s): 1-3

OTHER PROGRAM INFORMATION

Undergraduate, degree-seeking students must get pre-approval from Kevin Hawley (kevinhawley@usf.edu) for any MMC 4936 topic not listed above in Certificate Electives that they intend to utilize toward the certificate.

This certificate is offered for degree-seeking students only.
SCHOOL OF MUSIC
MUSIC EDUCATION B.S.
TOTAL DEGREE HOURS: 120

Certified Global Pathway Program

The Bachelor of Science (B.S.) in Music Education is designed to prepare students as practitioners in the field. Practical experience is the underlying value in all courses and field experiences. Students receive direct experience with music education philosophies, theories, and practices through course work and laboratory settings, as well as the K-12 schools at all stages in the program. Students’ progress towards a robust, semester-long, student-teaching experience and participate in experimental and professional opportunities offered by formal and informal undergraduate and graduate symposia and contemporary consortia. This degree program challenges and prepares students to not only embrace the traditions of music education in the schools, but also to incorporate new potentials for the future.

This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of High Impact Practices and Undergraduate Research website.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University’s Undergraduate Admission Requirements that may be found by clicking on the following links:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
International: https://www.usf.edu/admissions/international/admission-information/index.aspx

PROGRESSION REQUIREMENTS - MUSIC EDUCATION B.S.

In order to take advanced coursework in the music education program, students must present evidence that they have attained an average of B for three aural theory courses (MUT 1241, MUT 1242, MUT 2246) and have maintained an overall USF GPA of 3.0. These standards are prerequisites for MUE 3424, MUE 3425, MUE 4311, MUE 4331, MUE 4332, MUE 4936, and MUE 4940. Evidence can be in the form of either an updated USF transcript or a current degree audit report. This information must be presented to the academic advisor before the end of the drop/add week in order to enroll in any of these seven music education courses.

STATE MANDATED COMMON COURSE PREREQUISITES - MUSIC EDUCATION B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Flood College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless state otherwise, a grade of C is the minimum acceptable grade in a prerequisite course.

Core Requirements:

EDF X005 Introduction to Education and Field Experience or MUE X040 Foundations of Music Education (K-12) - 3 credit hours
MUT X111 Music Theory I or MUT X121 Music Theory I-Integrated - 3 credit hours
MUT X112 Music Theory II or MUT X122 Music Theory II-Integrated - 3 credit hours
National Accreditation Requirement: Music program national accreditation requires minimum semesters of exposure in specified coursework. Repeat the course work for 4 semesters.

MUN X000-X999 Music Ensembles - 4 credit hours

Student Focus Requirement: This is defined as courses under one of the specified prefixes that constantly maintain the digit 1 or 2 (depending upon which course) while allowing 0-9 to replace each "X." The prefix varies depending upon the student's focus (i.e., Brass, Strings, Woodwinds, etc.) Two examples of possible courses for MVBx011 are MVB1011 or MVB1311. Two examples for MVWXX2X are MVW2223 and MVW2222. Repeat the course work for 2 semesters.

MVW XX2X Applied Music Woodwinds or
MVV XX2X Applied Music Voice or
MVP XX2X Applied Music: Percussion or
MVS XX2X Applied Music: Strings or
MVB XX2X Applied Music: Brasses or
MVH XX2X Historical Instruments or
MVJ XX2X Applied Music: Jazz or
MVK XX2X Applied Music: Keyboard or
MVO XX2X Applied Music: Other - 2 credit hours

Piano Proficiency Requirement - Repeat the course work for 4 semesters

MVK X111* Keyboard Skills I - 2 credit hours
MVK X112* Class Instruction - Freshman - Keyboard - 1 credit hour
MVK X121* Keyboard Skills III - 2 credit hours
MVK X122* Keyboard Skills IV - 2 credit hours

Additional Requirement

MUT X241 Aural Theory I - 1 credit hour
MUT X242 Aural Theory II - 1 credit hour
MUT X246 Aural Theory III - 1 credit hour
MUT X247 Aural Theory IV - 1 credit hour

or

MUT X221 1st YR Sight Singing I - 1 credit hour
MUT X222 1st YR Sight Singing II - 1 credit hour
MUT X226 1st YR Sight Singing III - 1 credit hour
MUT X227 1st YR Sight Singing IV - 1 credit hour

or

MUT X271 ET, SS & KBD Harmony I - 1 credit hour
MUT X272 ET, SS & KBD Harmony II - 1 credit hour
MUT X276 ET, SS & KBD Harmony III - 1 credit hour
MUT X277 ET, SS & KBD Harmony IV - 1 credit hour

* USF accepts competency test credits for this course (Secondary Piano Proficiency by examination).

REQUIRED COURSES: (54 CREDIT HOURS)
MUSIC COURSES: 8 COURSES; 16 CREDIT HOURS
### Recital Attendance: 1 course; 0 credit hours
- **MUS 2010** - Recital Attendance
  - Credit(s): 0
  - Attendance at minimum seven (7) programs per semester for five semesters. Must be registered each semester.

### Keyboard Skills: 2 courses; 4 credit hours
- **MUE 1111** - Keyboard Skills for Music Educators I
  - Credit(s): 2
- **MUE 1121** - Keyboard Skills for Music Educators II
  - Credit(s): 2

### Conducting: 2 courses; 4 credit hours
- **MUG 3104** - Basic Conducting
  - Credit(s): 2
- **MUG 3108** - Advanced Conducting
  - Credit(s): 2

### Music History: 3 courses; 8 credit hours
- **MUH 3300** - Music History/Medieval and Renaissance
  - Credit(s): 2
- **MUH 3301** - Music History/Baroque and Classic
  - Credit(s): 3
- **MUH 3302** - Music History/Romantic and 20th Century
  - Credit(s): 3

### PROFESSIONAL EDUCATION COURSES: 2 COURSES; 6 CREDIT HOURS
- **TSL 4324** - ESOL Competencies and Strategies
  - Credit(s): 3
- **RED 4333** - Content Area Reading
  - Credit(s): 3

### MUSIC EDUCATION: 14 COURSES; 29 CREDIT HOURS
- **MUE 2090** - Foundations of Music Education
  - Credit(s): 3
- **MUE 3421** - Choral Techniques
  - Credit(s): 1
- **MUE 3422** - Wind Techniques
  - Credit(s): 1 (taken twice - one brass/one woodwind)
- **MUE 3423** - String Techniques
  - Credit(s): 1
- **MUE 3475** - Percussion Techniques
  - Credit(s): 1
  - or
- **MUN 3443** - Percussion Ensemble
  - Credit(s): 1
- **MUE 3414** - Creative Performance Chamber Ensemble
  - Credit(s): 1
- **MUE 3415** - Creative Performance Chamber Ensemble II
  - Credit(s): 1
- **MUE 3424** - Progressive Music Education Methods I
  - Credit(s): 3
- **MUE 3425** - Progressive Music Education Methods II
  - Credit(s): 3
- **MUE 4311** - General Music Methods
  - Credit(s): 3 (includes pre-internship)
- **MUE 4331** - Choral Methods
  - Credit(s): 3 (includes pre-internship)
  - or
- **MUE 4332** - Instrumental Methods
  - Credit(s): 3 (includes pre-internship)
- **MUE 4854C** - Global Music Pedagogy in Local Context
  - Credit(s): 3
- **MUE 4936** - Senior Seminar in Music Education
  - Credit(s): 1 (taken with Internship)
- **MUE 4940** - Internship: Music Education
  - Credit(s): 3-11 (3-11 credit hours; 3 hours apply to HIP requirement)

### ADDITIONAL INFORMATION - MUSIC EDUCATION B.S.

#### OTHER REQUIREMENTS

**The Florida Teacher Certification Exam (FTCE)**

The FTCE (Florida Teacher Certification Exam), which includes the GKT (General Knowledge Test), the PEd (Professional Education Exam), and the SAE (Subject Area Examination in Music) must be taken before entering the internship and successfully completed for the degree and for Florida teacher certification. A copy of the GKT results must be given by the student to the Music Advisor immediately upon receipt.

The exam includes the General Knowledge Test (GKT), the Professional Education Exam (PEd), and the Subject Area Exam (SAE in Music). The GKT is taken separately. However, the PEd and the SAE can be taken together. Observe deadline notes below!
If you are interning in the Fall semester, you must submit all passing scores of the required General Knowledge Test to the Music Advisor no later than 5:00 pm on the Friday after the preceding Spring commencement date in order to be guaranteed certification for degree completion.

If you are interning in the Spring semester, you must submit all passing scores of the required General Knowledge Test to the Music Advisor no later than 5:00 pm on the Friday after the preceding Summer commencement date in order to be guaranteed certification for degree completion.

Warning: Failure to adhere to the guidelines above will result in your inability to intern during the semester for which you have applied.

Copies of passing scores of the Professional Education Exam and the Subject Area Exam must be submitted to the Music Advisor. These scores must be submitted no later than 5:00 pm on the Friday following the graduation ceremony during the semester in which you are interning.

Junior Recital For BS Degree in Music Education

A public recital will be given during the student's last year of applied music study. The student should have achieved junior classification as defined by the university and should be enrolled at the 3000 level in applied music. A recital performed at another institution will not satisfy graduation requirements for USF. The recital must be performed on the USF campus and the student must be enrolled in the studio of a USF faculty member during the term of said recital. Exceptions may be made by the Director of the School of Music when deemed appropriate.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.5

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

GRADING REQUIREMENTS

The minimum acceptable grade for music, music education, education, and State Communication Requirement and State Computation Requirement courses is "C-".

Aural theory courses must have an average grade of "B."

All music education courses must be completed with a C- or better. No "S" grades.

RESIDENCY REQUIREMENT

Department and College of The Arts Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

OTHER PROGRAM INFORMATION

An application to change from pre-Music Education (MPE) to Music Education (MUE) is necessary for the major to be official. This is available through the Music Advisor's website and should be submitted when MUE 2090, the General Knowledge Test (GKT), and the Aural Theory courses have been completed.

ACCREDITATION INFORMATION

National Association of Schools of Music

RESEARCH OPPORTUNITIES
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

OTHER INFORMATION

All-Steinway School

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

For questions, MusicAdvising@usf.edu

Plans of Study - Music Education B.S.

NOTES:
SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.

Items that are critical are marked with a ☑ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:
K-12 Classroom Teaching, Studio Teaching, Solo and Ensemble Performance
Commercial Music Production, Sales, and/or Management
Voice Teacher
Music Librarian
Music Therapist
Talent Director

Potential Entry Level Salary Range:
$25,000 - $45,000

Music Education B.S. - 2 Year Plan of Study

YEAR 1

SEMESTER 1 (FALL)

- MUG 3104 - Basic Conducting Credit(s): 2
- MUE 2090 - Foundations of Music Education Credit(s): 3
- MUE 3422 - Wind Techniques Credit(s): 1
- MUE 3423 - String Techniques Credit(s): 1

MUSIC EDUCATIONAL STUDIES B.S. - NON-TEACHER CERTIFICATION MAJOR

TOTAL DEGREE HOURS: 120

The Bachelor of Science (B.S.) in Music Educational Studies is designed to prepare students as entrepreneurial music teachers in settings outside the k-12 public schools. Practical experience is the underlying value in all courses and field experiences. Students receive direct experience with music education philosophies, theories, and practices through course work and laboratory settings. Students' progress towards a robust, semester-long, student-teaching experience and participate in experimental and professional opportunities offered by formal and informal undergraduate and graduate symposia and contemporary consortia. This degree program challenges and prepares students to not only embrace the traditions of music education, but also to incorporate new potentials for the future. This program does not lead to Florida teacher certification.

This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of High Impact Practices and Undergraduate Research website.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University’s Undergraduate Admission Requirements that may be found by clicking on the following links:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

PROGRESSION REQUIREMENTS - MUSIC EDUCATIONAL STUDIES B.S.

In order to take advanced coursework in the music education program, students must present evidence that they have attained an average of B for three aural theory courses (MUT 1241, MUT 1242, MUT 2246) and have maintained an overall USF GPA of 3.0. These standards are prerequisites for MUE 3424, MUE 3425, MUE 4311, MUE 4331, MUE 4332, MUE 4936, and MUE 4940. Evidence can be in the form of either an updated USF transcript or a current degree audit report. This information must be presented to the academic advisor before the end of the drop/add week in order to enroll in any of these seven music education courses.

STATE MANDATED COMMON COURSE PREREQUISITES - MUSIC EDUCATIONAL STUDIES B.S.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program. Unless state otherwise, a grade of C is the minimum acceptable grade in a prerequisite course.

Core Requirements:
- EDF X005 Introduction to Education and Field Experience or MUE X040 Foundations of Music Education (K-12) - 3 credit hours
- MUT X111 Music Theory I or MUT X121 Music Theory I-Integrated - 3 credit hours
- MUT X112 Music Theory II or MUT X122 Music Theory II-Integrated - 3 credit hours
- MUT X116 Music Theory III or MUT X126 Music Theory III-Integrated - 3-4 credit hours
- MUT X117 Music Theory IV or MUT X127 Music Theory IV-Integrated - 3 credit hours

MUE 4940 - Internship: Music Education Credit(s): 3-11 (3-11 credit hours; 3 hours apply to HIP requirement)

ADDITIONAL INFORMATION - MUSIC EDUCATIONAL STUDIES B.S.

OTHER REQUIREMENTS

Junior Recital For BS Degree in Music Educational Studies B.S.

A public recital will be given during the student's last year of applied music study. The student should have achieved junior classification as defined by the university and should be enrolled at the 3000 level in applied music. A recital performed at another institution will not satisfy graduation requirements for USF. The recital must be performed on the USF campus and the student must be enrolled in the studio of a USF faculty member during the term of said recital. Exceptions may be made by the Director of the School of Music when deemed appropriate.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.5
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

The minimum acceptable grade for music, music education, education, and State Communication Requirement and State Computation Requirement courses is "C-.”

Aural theory courses must have an average grade of "B." 

All music education courses must be completed with a C- or better. No "S" grades.

RESIDENCY REQUIREMENTS

Department and College of The Arts Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF
OTHER PROGRAM INFORMATION

An application to change from pre-Music Education (MPE) to Music Education (MUE) is necessary for the major to be official. This is available through the Music Advisor’s website https://www.usf.edu/arts/advising/permits.aspx and should be submitted when MUE 2090, the General Knowledge Test (GKT), and the Aural Theory courses have been completed.

ACCREDITATION INFORMATION

National Association of Schools of Music

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student’s official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

OTHER INFORMATION

All-Steinway School

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

For questions, MusicAdvise@usf.edu

Plans of Study - Music Educational Studies B.S. - Non-Teacher Certification Major

NOTES:
SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
Items that are critical are marked with a ☑ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:
K-12 Classroom Teaching, Studio Teaching, Solo and Ensemble Performance
Commercial Music Production, Sales, and/or Management
Voice Teacher
Music Librarian
Music Therapist
Talent Director

Potential Entry Level Salary Range:
$25,000 - $45,000

- MUE 4940 - Internship: Music Education Credit(s): 3-11

Apply for Graduation

Total Credit Hours: 12
The Music Performance degree is a degree for students who wish to pursue a career in music. Students interested in a B.M. degree may choose between concentrations in: Performance, Contemporary Commercial Music, Jazz Studies, or Acoustic & Electronic Composition. This degree program requires 120 credit hours of study that include private study on the student's principal instrument and participation in ensembles. Additionally, students complete music theory, history and literature sequences, and take additional coursework in their chosen concentration. Graduates from BM programs at USF find themselves in very competitive positions for graduate study and musical careers. Admission into the BM in music degree requires an audition on your major instrument.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

STATE MANDATED COMMON COURSE PREREQUISITES - MUSIC PERFORMANCE B.M.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Music Theory Requirement (12-13 credits)
- MUT X111 Music Theory 1 or MUT X121 Music Theory I-Integrated - 3 credit hours
- MUT X112 Music Theory II or MUT X122 Music Theory II-Integrated - 3 credit hours
- MUT X116 Music Theory III or MUT X126 Music Theory III-Integrated - 3-4 credit hours
- MUT X127 Music Theory IV-Integrated or MUT X117 Music Theory IV - 3 credit hours

Piano Proficiency Requirement (28 credits) - Repeat the course work for 4 semesters.
- MKV X111* Keyboard Skills - 1 - 2 credit hours
- MKV X112* Class Instruction - Freshman - Keyboard - 1 credit hour
- MKV X121* Keyboard Skills III - 2 credit hours
- MKV X122* Keyboard Skills IV - 2 credit hours

* USF accepts competency test credits (Secondary Piano Proficiency by examination).

Student Focus Requirement (4 credits) - This is defined as courses under one of the specified prefixes that constantly maintain the digit 1 or 2 (depending upon which course) while allowing 0-9 to replace each "X." The prefix varies depending upon the student's focus (i.e., Brass, Strings, Woodwinds, etc.) Two examples of possible courses for MVB X011 are MVB 1011 or MVB 1311. Two examples for MVW XX2X are MVW 2223 and MVW 2222.

Repeat the course work for 2 semesters:
- MVK XX1X Applied Music: Jazz - 2 credit hours
- MVK XX1X Applied Music: Keyboard - 2 credit hours
MVO XX1X Applied Music: Other - 2 credit hours
MVP XX1X Applied Music: Percussion - 2 credit hours
MVS XX1X Applied Music: Strings - 2 credit hours
MVV XX1X Applied Music: Voice - 2 credit hours
MVW XX1X Applied Music: Woodwinds - 2 credit hours
MVH XX1X Historical Instruments - 2 credit hours
MVB XX1X Applied Music: Brasses - 2 credit hours

National Accreditation Requirement (16 credits) - Music program national accreditation requires minimum semesters of exposure in specified coursework.
Repeat the course work for 4 semesters.
MUN X000-X999 Music Ensembles - 4 credit hours

Additional Requirement (4-6 credits)
MUT X272 ET, SS & KBD Harmony I - 1 credit hour
MUT X276 ET, SS & KBD Harmony II - 1 credit hour
MUT X277 ET, SS & KBD Harmony IV - 3 credit hours
MUT X271 ET, SS & KBD Harmony I - 1 credit hour

or
MUT X221 1st YR Sight Singing I - 1 credit hour
MUT X222 1st YR Sight Singing II - 1 credit hour
MUT X226 1st YR Sight Singing I - 1 credit hour
MUT X227 1st YR Sight Singing IV - 1 credit hour

or
MUT X241 Aural Theory I - 1 credit hour
MUT X242 Aural Theory II - 1 credit hour
MUT X246 Aural Theory III - 1 credit hour
MUT X247 Aural Theory IV - 1 credit hour

MUSIC PERFORMANCE REQUIRED COURSES: (52 CREDIT HOURS)

MUSIC PERFORMANCE SUPPORTING REQUIRED COURSES: 1 COURSE; 0 CREDITS

The following course is a supporting course for this major. It is required for the major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

All B.M. degree students must register and pass MUS 2010 for six semesters. A passing grade requires a minimum of seven recorded attendances at School of Music concert/recital events each semester.

MUS 2010 - Recital Attendance Credit(s): 0

MUSIC PERFORMANCE MAJOR CORE COURSES: 8 COURSES; 20 CREDIT HOURS

Music Theory: 2 courses; 6 credit hours
MUT 4421 - Eighteenth Century Practice Credit(s): 3
MUT 4571 - Twentieth Century Practice Credit(s): 3

Music History: 3 courses; 8 credit hours
MUH 3300 - Music History/Medieval and Renaissance Credit(s): 2
MUH 3301 - Music History/Baroque and Classic Credit(s): 3
MUH 3302 - Music History/Romantic and 20th Century Credit(s): 3

Major (Restricted) Electives: 1 course; 3 credit hours
Choose one of the following courses:
MUH 2020 - The History of Blues and Rock Credit(s): 3
MUH 2051 - Folk and Traditional Music of World Cultures Credit(s): 3
MUH 4058 - Intercultural Music in the Twentieth Century Credit(s): 3
MUH 4801 - History of Jazz Credit(s): 3

Senior Seminar: 1 course; 1 credit hour
MUS 4935 - Music Senior Seminar Credit(s): 1
"S/U" grade only

Basic Conducting: 1 course; 2 credit hours
MUG 3104 - Basic Conducting Credit(s): 2

ACOUSTIC & ELECTRONIC COMPOSITION CONCENTRATION: 14 COURSES; 34 CREDIT HOURS

CONCENTRATION CORE: 14 COURSES; 34 CREDIT HOURS

Acoustic Music: 8 courses; 16 credit hours
MUC 1211 - Freshman Composition and Instrumentation 1 Credit(s): 2
MUC 1212 - Freshman Composition and Instrumentation 2 Credit(s): 2
MUC 2221 - Sophomore Composition and Instrumentation 1 Credit(s): 2
MUC 2222 - Sophomore Composition and Instrumentation 2 Credit(s): 2
MUC 3231 - Junior Composition and Instrumentation 1 Credit(s): 2
MUC 3232 - Junior Composition and Instrumentation 2 Credit(s): 2
MUC 4241 - Senior Composition and Instrumentation Credit(s): 2
MUC 4950 - Senior Recital/Project/Portfolio Presentation Credit(s): 2

Electronic Music: 6 courses; 18 credit hours
MUC 2301 - Introduction To Electronic Music Credit(s): 3
MUC 3401 - Electronic Music-Analog Synthesis I Credit(s): 3
MUC 3402 - Electronic Music-Analog Synthesis II Credit(s): 3
MUC 3441 - Electronic Music-Digital Synthesis I Credit(s): 3
MUC 3442 - Electronic Music-Digital Synthesis II Credit(s): 3
MUC 4403 - Electronic Music-Real-Time Performance I Credit(s): 3

OTHER CONCENTRATION REQUIREMENTS

Senior Recital Requirement
The second semester of the senior year is the only semester in the composition sequence that does not require the student to be in a composition class. Instead, students are required to register for Senior Recital (2 credits), which will have a scheduled meeting time (1 hour a week) and syllabus. This meeting time will be student-directed, but one or more composition faculty will be available to help answer questions at the students’ request.

The Senior Recital Requirement consists of the following:
- Portfolio Presentation (30 percent of final grade)
- Recital (30 percent of final grade)
- Participation in the Senior Project Concert (15 percent of final grade)
- Senior Presentation in Composition Seminar (12 percent of final grade)
- Composers Orchestra composition (13 percent of final grade)
- Continued participation in Composition Seminar and Notation Emporium

Portfolio
Portfolios must be presented in final form by Monday, 5:00 PM, the last week of classes. Students will consult with faculty throughout the semester on assembling and fine-tuning the material. Faculty will review the portfolio by the time of final jury (final exam week). The portfolio will consist of the following:
- A digital archive of all of the student's acoustic and electronic projects created over the 8-semester MUC sequence (this can be presented on the web or in physical copy, e.g. DVD, flash drive, etc.)
A database of performances, performers, etc. (hard copy)
3 to 5 scores individually bound and professionally presented (at least one of these scores needs to be for both acoustic instruments and electronic media)
A curriculum vitae (hard copy)
A 300-word artist's statement (hard copy)

Recital
Seniors are responsible for scheduling, preparing for and presenting a 60-minute concert of their music during their final semester. This recital must take place during the semester that the student is registered for Senior Recital, and it is recommended to be before week 15 to allow time for preparing the video for the portfolio. It is expected to be professionally produced in one of the USF SOM halls, most likely in the Barness Recital Hall. The programming must include works for acoustic instruments, electronic media and work that combines the two. The recital will be assessed on quality of preparation, presentation and professional effectiveness (publicity, draw, archiving, etc.).

Senior Project Concert
Senior composition majors who are registered for Senior Recital will collaborate on and present a concert during the same semester. It will feature music and performances by the seniors primarily, but can involve other performers as well. Unlike the solo senior recital concert, it is required that this concert be off campus. Students have a scheduled meeting time that they can use each week for this purpose. This concert will be assessed on quality of preparation, presentation and professional effectiveness (publicity, draw, archiving, etc.).

Senior Presentation in Composition Seminar
Each senior will give 30-50 minute presentation on their music and issues surrounding it. This can be as a preview to their senior recital. Presentations must be scheduled by week 4, and no presentation will be scheduled after week 14. The presentation will be assessed on content as well as professionalism of presentation.

Composers' Orchestra Composition
Each senior will be required to compose and program a piece written especially for the Composers' Orchestra, an ad-hoc group of performing composition majors assembled for this purpose. The performance may take place in the Senior Recital or Senior Project concert, but it needs to be performed by week 15 at the latest. This final score and recording will be provided with the portfolio in addition to the 3-5 scores of other work.

Composition Seminar and Notation Emporium
Seniors in their final semester are expected to participate in the weekly seminar and emporium. Attendance is required and excessive absences or late arrivals can affect the Senior Recital final grade. (See attendance policy) The Recital Approval form (available on music advisor's door) must be completed and returned to the advisor.

ADDITIONAL INFORMATION - MUSIC PERFORMANCE B.M.

OTHER REQUIREMENTS

JUNIOR RECITAL FOR BM DEGREES: A public recital (must be shared with another junior recital) will be given during the student's junior year. The student should have achieved junior classification as defined by the university and should be enrolled at the 3000 level in applied music, which would normally occur during a student's third year of study. Credit may be granted to transfer students for junior recitals completed at other institutions. This recital should have been completed during the student's junior year at that institution and a request for recognition of that recital should be made in writing to the applied division coordinator. No studio teacher is under any obligation to accept these transfer recitals.

SENIOR RECITAL FOR BM DEGREE: A public recital will be given during a student's senior year. The student should have achieved senior classification as defined by the university and should be enrolled at the 4000 level in applied music, which would normally occur during a student's fourth year of study. A senior recital performed at another institution will not satisfy graduation requirements for USF. The recital must be performed on the USF campus and the student must be enrolled in the studio of a USF faculty member during the term of said recital unless written permission to deviate from this policy is obtained from the School of Music Director.
GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENT

All music majors must earn at least a C- in every music course required for their degree program. Sequel courses may not be taken until prerequisites are satisfied with appropriate grades or waivers.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student’s official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

**Apply for Graduation**

**Total Credit Hours: 14**
The Music Performance degree is a degree for students who wish to pursue a career in music. Students interested in a B.M. degree may choose between concentrations in: Performance, Contemporary Commercial Music, Jazz Studies, or Acoustic & Electronic Composition. This degree program requires 120 credit hours of study that include private study on the student's principal instrument and participation in ensembles. Additionally, students complete music theory, history and literature sequences, and take additional coursework in their chosen concentration. Graduates from BM programs at USF find themselves in very competitive positions for graduate study and musical careers. Admission into the BM in music degree requires an audition on your major instrument.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

STATE MANDATED COMMON COURSE PREREQUISITES - MUSIC PERFORMANCE B.M.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

**Music Theory Requirement (12-13 credits)**

- MUT X111 Music Theory 1 or MUT X121 Music Theory I - Integrated - 3 credit hours
- MUT X112 Music Theory II or MUT X122 Music Theory II - Integrated - 3 credit hours
- MUT X116 Music Theory III or MUT X126 Music Theory III - Integrated - 3-4 credit hours
- MUT X127 Music Theory IV - Integrated or MUT X117 Music Theory IV - 3 credit hours

**Piano Proficiency Requirement (28 credits)** - Repeat the course work for 4 semesters.

- MVK X111* Keyboard Skills - 1 - 2 credit hours
- MVK X112* Class Instruction - Freshman - Keyboard - 1 credit hour
- MVK X121* Keyboard Skills III - 2 credit hours
- MVK X122* Keyboard Skills IV - 2 credit hours

* USF accepts competency test credits (Secondary Piano Proficiency by examination).

**Student Focus Requirement (4 credits)** - This is defined as courses under one of the specified prefixes that constantly maintain the digit 1 or 2 (depending upon which course) while allowing 0-9 to replace each "X." The prefix varies depending upon the student's focus (i.e., Brass, Strings, Woodwinds, etc.) Two examples of possible courses for MVJ X011 are MVJ 1011 or MVJ 1311. Two examples for MVW XX2X are MVW 2223 and MVW 2222.

Repeat the course work for 2 semesters:
- MVJ XX1X Applied Music: Jazz - 2 credit hours
### MVK XX1X Applied Music: Keyboard - 2 credit hours
### MVO XX1X Applied Music: Other - 2 credit hours
### MVP XX1X Applied Music: Percussion - 2 credit hours
### MVS XX1X Applied Music: Strings - 2 credit hours
### MVP XX1X Applied Music: Voice - 2 credit hours
### MVW XX1X Applied Music: Woodwinds - 2 credit hours
### MVH XX1X Historical Instruments - 2 credit hours
### MVW XX1X Applied Music: Brasses - 2 credit hours

**National Accreditation Requirement (16 credits)** - Music program national accreditation requires minimum semesters of exposure in specified coursework. Repeat the course work for 4 semesters.
- **MUN X000**
- **X999 Music Ensembles** - 4 credit hours

**Additional Requirement (4-6 credits)**
- **MUT X272** ET, SS & KBD Harmony I - 1 credit hour
- **MUT X276** ET, SS & KBD Harmony II - 1 credit hour
- **MUT X277** ET, SS & KBD Harmony IV - 3 credit hour
- **MUT X271** ET, SS & KBD Harmony I - 1 credit hour

or
- **MUT X221** 1st YR Sight Singing I - 1 credit hour
- **MUT X222** 1st YR Sight Singing II - 1 credit hour
- **MUT X226** 1st YR Sight Singing I - 1 credit hour
- **MUT X227** 1st YR Sight Singing IV - 1 credit hour

or
- **MUT X241** Aural Theory I - 1 credit hour
- **MUT X242** Aural Theory II - 1 credit hour
- **MUT X246** Aural Theory III - 1 credit hour
- **MUT X247** Aural Theory IV - 1 credit hour

### MUSIC PERFORMANCE REQUIRED COURSES: (52 CREDIT HOURS)

### MUSIC PERFORMANCE SUPPORTING REQUIRED COURSES: 1 COURSE; 0 CREDITS

The following course is a supporting course for this major. It is required for the major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

All B.M. degree students must register and pass **MUS 2010** for six semesters. A passing grade requires a minimum of seven recorded attendances at School of Music concert/recital events each semester.

**MUS 2010** - Recital Attendance **Credit(s): 0**

### MUSIC PERFORMANCE MAJOR CORE COURSES: 8 COURSES; 20 CREDIT HOURS

**Music Theory:** 2 courses; 6 credit hours
- **MUT 4421** - Eighteenth Century Practice **Credit(s): 3**
- **MUT 4571** - Twentieth Century Practice **Credit(s): 3**

**Music History:** 3 courses; 8 credit hours
- **MUH 3300** - Music History/Medieval and Renaissance **Credit(s): 2**
- **MUH 3301** - Music History/Baroque and Classic **Credit(s): 3**
- **MUH 3302** - Music History/Romantic and 20th Century **Credit(s): 3**

### MAJOR (RESTRICTED) ELECTIVES: 1 COURSE; 3 CREDIT HOURS

Choose one of the following courses:
MUH 2020 - The History of Blues and Rock Credit(s): 3
MUH 2051 - Folk and Traditional Music of World Cultures Credit(s): 3
MUH 4058 - Intercultural Music in the Twentieth Century Credit(s): 3
MUH 4801 - History of Jazz Credit(s): 3

Senior Seminar: 1 course; 1 credit hour

MUS 4935 - Music Senior Seminar Credit(s): 1
“S/U” grade only

Basic Conducting: 1 course; 2 credit hours

MUG 3104 - Basic Conducting Credit(s): 2

CONTEMPORARY COMMERCIAL MUSIC CONCENTRATION: 9 COURSES; 32 CREDIT HOURS

CONCENTRATION CORE: 9 COURSES; 32 CREDIT HOURS

ENT 3613 - Creativity and Innovation in Entrepreneurial Firms Credit(s): 3
ENT 4024 - Small Business Management - Entrepreneurship Credit(s): 3
MUM 2050 - Introduction to Entrepreneurship in Music Credit(s): 3
MUS 2302 - Hip Hop and Vocal Songwriting Credit(s): 3
MUS 2304 - Intro to DJ Credit(s): 3
MUS 3351 - Commercial Music Techniques Credit(s): 1 (taken 4 times)
MUS 3352 - Seminar in Commercial Music Credit(s): 3
(taken 4 times)
MUS 3353 - Commercial Musicianship Credit(s): 3 (taken 2 times)
MUS 3373 - Video Recording Production Credit(s): 3

OTHER CONCENTRATION REQUIREMENTS

Senior Recital Requirement
The second semester of the senior year is the only semester in the composition sequence that does not require the student to be in a composition class. Instead, students are required to register for Senior Recital (2 credits), which will have a scheduled meeting time (1 hour a week) and syllabus. This meeting time will be student-directed, but one or more composition faculty will be available to help answer questions at the students’ request.

The Senior Recital Requirement consists of the following:
Portfolio Presentation (30 percent of final grade)
Recital (30 percent of final grade)
Participation in the Senior Project Concert (15 percent of final grade)
Senior Presentation in Composition Seminar (12 percent of final grade)
Composers Orchestra composition (13 percent of final grade)
Continued participation in Composition Seminar and Notation Emporium

Portfolio
Portfolios must be presented in final form by Monday, 5:00 PM, the last week of classes. Students will consult with faculty throughout the semester on assembling and fine-tuning the material. Faculty will review the portfolio by the time of final jury (final exam week). The portfolio will consist of the following:
A digital archive of all of the student's acoustic and electronic projects created over the 8-semester MUC sequence (this can be presented on the web or in physical copy, e.g. DVD, flash drive, etc.)
A database of performances, performers, etc. (hard copy)
3 to 5 scores individually bound and professionally presented (at least one of these scores needs to be for both acoustic instruments and electronic media)
A curriculum vitae (hard copy)
A 300-word artist's statement (hard copy)
Recital
Seniors are responsible for scheduling, preparing for and presenting a 60-minute concert of their music during their final semester. This recital must take place during the semester that the student is registered for Senior Recital, and it is recommended to be before week 15 to allow time for preparing the video for the portfolio. It is expected to be professionally produced in one of the USF SOM halls, most likely in the Barness Recital Hall. The programming must include works for acoustic instruments, electronic media and work that combines the two. The recital will be assessed on quality of preparation, presentation and professional effectiveness (publicity, draw, archiving, etc.).

Senior Project Concert
Senior composition majors who are registered for Senior Recital will collaborate on and present a concert during the same semester. It will feature music and performances by the seniors primarily, but can involve other performers as well. Unlike the solo senior recital concert, it is required that this concert be off campus. Students have a scheduled meeting time that they can use each week for this purpose. This concert will be assessed on quality of preparation, presentation and professional effectiveness (publicity, draw, archiving, etc.).

Senior Presentation in Composition Seminar
Each senior will give 30-50 minute presentation on their music and issues surrounding it. This can be as a preview to their senior recital. Presentations must be scheduled by week 4, and no presentation will be scheduled after week 14. The presentation will be assessed on content as well as professionalism of presentation.

Composers’ Orchestra Composition
Each senior will be required to compose and program a piece written especially for the Composers’ Orchestra, an ad hoc group of performing composition majors assembled for this purpose. The performance may take place in the Senior Recital or Senior Project concert, but it needs to be performed by week 15 at the latest. This final score and recording will be provided with the portfolio in addition to the 3-5 scores of other work.

Composition Seminar and Notation Emporium
Seniors in their final semester are expected to participate in the weekly seminar and emporium. Attendance is required and excessive absences or late arrivals can affect the Senior Recital final grade. (See attendance policy) The Recital Approval form (available on music advisor's door) must be completed and returned to the advisor.

ADDITIONAL INFORMATION - MUSIC PERFORMANCE B.M.

OTHER REQUIREMENTS

JUNIOR RECITAL FOR BM DEGREES: A public recital (must be shared with another junior recital) will be given during the student's junior year. The student should have achieved junior classification as defined by the university and should be enrolled at the 3000 level in applied music, which would normally occur during a student's third year of study. Credit may be granted to transfer students for junior recitals completed at other institutions. This recital should have been completed during the student's junior year at that institution and a request for recognition of that recital should be made in writing to the applied division coordinator. No studio teacher is under any obligation to accept these transfer recitals.

SENIOR RECITAL FOR BM DEGREE: A public recital will be given during a student's senior year. The student should have achieved senior classification as defined by the university and should be enrolled at the 4000 level in applied music, which would normally occur during a student's fourth year of study. A senior recital performed at another institution will not satisfy graduation requirements for USF. The recital must be performed on the USF campus and the student must be enrolled in the studio of a USF faculty member during the term of said recital unless written permission to deviate from this policy is obtained from the School of Music Director.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0
GRADING REQUIREMENT

All music majors must earn at least a C- in every music course required for their degree program. Sequel courses may not be taken until prerequisites are satisfied with appropriate grades or waivers.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

For questions, MusicAdvise@usf.edu

Plans of Study - Music Performance B.M., with Contemporary Commercial Music Concentration

NOTES:

- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
- Items that are critical are marked with a ⚫ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:
- Solo and Ensemble Performance
- Commercial Music Management
- Studio Teaching
- Commercial Music Production
- Commercial Music Sales

Potential Entry Level Salary Range:
- $25,000 - $45,000

Apply for Graduation
Total Credit Hours: 13
The Music Performance degree is a degree for students who wish to pursue a career in music. Students interested in a B.M. degree may choose between concentrations in: Performance, Contemporary Commercial Music, Jazz Studies, or Acoustic & Electronic Composition. This degree program requires 120 credit hours of study that include private study on the student’s principal instrument and participation in ensembles. Additionally, students complete music theory, history and literature sequences, and take additional coursework in their chosen concentration.

Graduates from BM programs at USF find themselves in very competitive positions for graduate study and musical careers. Admission into the BM in music degree requires an audition on your major instrument.

Admission to the University is based on the University’s Undergraduate Admission Requirements that may be found by clicking on the following links:
- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

ADDITIONAL INFORMATION - MUSIC PERFORMANCE B.M.

OTHER REQUIREMENTS

JUNIOR RECITAL FOR BM DEGREES: A public recital (must be shared with another junior recital) will be given during the student's junior year. The student should have achieved junior classification as defined by the university and should be enrolled at the 3000 level in applied music, which would normally occur during a student's third year of study. Credit may be granted to transfer students for junior recitals completed at other institutions. This recital should have been completed during the student's junior year at that institution and a request for recognition of that recital should be made in writing to the applied division coordinator. No studio teacher is under any obligation to accept these transfer recitals.

SENIOR RECITAL FOR BM DEGREE: A public recital will be given during a student's senior year. The student should have achieved senior classification as defined by the university and should be enrolled at the 4000 level in applied music, which would normally occur during a student's fourth year of study. A senior recital performed at another institution will not satisfy graduation requirements for USF. The recital must be performed on the USF campus and the student must be enrolled in the studio of a USF faculty member during the term of said recital unless written permission to deviate from this policy is obtained from the School of Music Director.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENT

All music majors must earn at least a C- in every music course required for their degree program. Sequel courses may not be taken until prerequisites are satisfied with appropriate grades or waivers.

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation. For questions, MusicAdvise@usf.edu

Plans of Study - Music Performance B.M., with Jazz Studies Concentration

NOTES:
SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
Items that are critical are marked with a 🟢 and are included in the plan for a student to stay on track.
Potential Entry Level Job Titles:
Solo and Ensemble Performance
Commercial Music Management
Studio Teaching
Commercial Music Production
Commercial Music Sales

Potential Entry Level Salary Range:
$25,000 - $45,000

The Music Performance degree is a degree for students who wish to pursue a career in music. Students interested in a B.M. degree may choose between concentrations in: Performance, Contemporary Commercial Music, Jazz Studies, or Acoustic & Electronic Composition. This degree program requires 120 credit hours of study that include private study on the student’s principal instrument and participation in ensembles. Additionally, students complete music theory, history and literature sequences, and take additional coursework in their chosen concentration. Graduates from BM programs at USF find themselves in very competitive positions for graduate study and musical careers. Admission into the BM in music degree requires an audition on your major instrument.

Admission to the University is based on the University’s Undergraduate Admission Requirements that may be found by clicking on the following links:

- **Freshman**: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- **Transfer**: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- **International**: https://www.usf.edu/admissions/international/admission-information/index.aspx

**STATE MANDATED COMMON COURSE PREREQUISITES - MUSIC PERFORMANCE B.M.**

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

**Music Theory Requirement (12-13 credits)**

- MUT X111 Music Theory 1 or MUT X121 Music Theory I-Integrated - 3 credit hours
- MUT X112 Music Theory II or MUT X122 Music Theory II-Integrated - 3 credit hours
- MUT X116 Music Theory III or MUT X126 Music Theory III-Integrated - 3-4 credit hours
- MUT X127 Music Theory IV-Integrated or MUT X117 Music Theory IV - 3 credit hours

**Piano Proficiency Requirement (28 credits)** - Repeat the course work for 4 semesters.

- MKV X111* Keyboard Skills - 1 - 2 credit hours
- MKV X112* Class Instruction - Freshman - Keyboard - 1 credit hour
- MKV X121* Keyboard Skills III - 2 credit hours
- MKV X122* Keyboard Skills IV - 2 credit hours

* USF accepts competency test credits (Secondary Piano Proficiency by examination).

**Student Focus Requirement (4 credits)** - This is defined as courses under one of the specified prefixes that constantly maintain the digit 1 or 2 (depending upon which course) while allowing 0-9 to replace each "X." The prefix varies depending upon the student’s focus (i.e., Brass, Strings, Woodwinds, etc.) Two examples of possible courses for MVB X01 are MVB 1011 or MVB 1311. Two examples for MVV XX2X are MVV 2223 and MVV 2222.

Repeat the course work for 2 semesters:

- MVJ X1XX Applied Music: Jazz - 2 credit hours
- MKV X1XX Applied Music: Keyboard - 2 credit hours
- MVO X1XX Applied Music: Other - 2 credit hours
- MVP X1XX Applied Music: Percussion - 2 credit hours
- MVS X1XX Applied Music: Strings - 2 credit hours
MVV XX1X Applied Music: Voice - 2 credit hours
MVW XX1X Applied Music: Woodwinds - 2 credit hours
MVH XX1X Historical Instruments - 2 credit hours
MVB XX1X Applied Music: Brasses - 2 credit hours

National Accreditation Requirement (16 credits) - Music program national accreditation requires minimum semesters of exposure in specified coursework. Repeat the course work for 4 semesters.
MUN X000-X999 Music Ensembles - 4 credit hours

Additional Requirement (4-6 credits)
- MUT X272 ET, SS & KBD Harmony I - 1 credit hour
- MUT X276 ET, SS & KBD Harmony II - 1 credit hour
- MUT X277 ET, SS & KBD Harmony IV - 3 credit hour
- MUT X271 ET, SS & KBD Harmony I - 1 credit hour
  or
- MUT X221 1st YR Sight Singing I - 1 credit hour
- MUT X222 1st YR Sight Singing II - 1 credit hour
- MUT X226 1st YR Sight Singing I - 1 credit hour
- MUT X227 1st YR Sight Singing IV - 1 credit hour
  or
- MUT X241 Aural Theory I - 1 credit hour
- MUT X242 Aural Theory II - 1 credit hour
- MUT X246 Aural Theory III - 1 credit hour
- MUT X247 Aural Theory IV - 1 credit hour

MUSIC PERFORMANCE REQUIRED COURSES: (47-60 CREDIT HOURS)

MUSIC PERFORMANCE SUPPORTING REQUIRED COURSES: 1 COURSE; 0 CREDITS

The following course is a supporting course for this major. It is required for the major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

All B.M. degree students must register and pass MUS 2010 for six semesters. A passing grade requires a minimum of seven recorded attendances at School of Music concert/recital events each semester.

MUS 2010 - Recital Attendance Credit(s): 0

MUSIC PERFORMANCE MAJOR CORE COURSES: 8 COURSES; 20 CREDIT HOURS

Music Theory: 2 courses; 6 credit hours
- MUT 4421 - Eighteenth Century Practice Credit(s): 3
- MUT 4571 - Twentieth Century Practice Credit(s): 3

Music History: 3 courses; 8 credit hours
- MUH 3300 - Music History/Medieval and Renaissance Credit(s): 2
- MUH 3301 - Music History/Baroque and Classic Credit(s): 3
- MUH 3302 - Music History/Romantic and 20th Century Credit(s): 3

MAJOR (RESTRICTED) ELECTIVE: 1 COURSE; 3 CREDIT HOURS

Choose one course from the list below:
- MUH 4058 - Intercultural Music in the Twentieth Century Credit(s): 3
- MUH 4801 - History of Jazz Credit(s): 3
Senior Seminar: 1 course; 1 credit hour
MUS 4935 - Music Senior Seminar Credit(s): 1
“S/U” grade only

Basic Conducting: 1 course; 2 credit hours
MUG 3104 - Basic Conducting Credit(s): 2

PERFORMANCE CONCENTRATION: 27-40 CREDIT HOURS

CONCENTRATION ELECTIVES: 3-16 CREDIT HOURS

3-16 credit hours of music electives:

Voice performance majors must enroll in MUS 2201 for a total of 3 credits as part of their Music Electives.
Voice performance majors are required to be competent at the beginning level of French, German, and Italian languages in addition to taking foreign language diction classes offered in the School of Music. Proficiency tests are administered by the Department of World Language Education. If needed, courses 1120 (4 credit hours) and 1120L (lab for 1 credit hour) in each language may be taken in the College of Arts and Sciences for up to 15 credit hours to meet the foreign language proficiency requirement.
Upper division BM voice performance majors may take up to two semesters of opera as a major ensemble.
Students who elect to take applied music beyond their minimal degree requirements will have the option of enrolling in either choral ensembles or in opera.
Performance majors in piano are required to enroll in MVK 4640 for 4 credits as a part of the Music Electives.
The following requirements for the piano pedagogy emphasis are to be taken as a part of the Music Electives:
   MVK 4640 - Piano Pedagogy I
   MVK 4641 - Piano Pedagogy II

ADDITIONAL INFORMATION - MUSIC PERFORMANCE B.M.

OTHER REQUIREMENTS

JUNIOR RECITAL FOR BM DEGREES: A public recital (must be shared with another junior recital) will be given during the student's junior year. The student should have achieved junior classification as defined by the university and should be enrolled at the 3000 level in applied music, which would normally occur during a student's third year of study. Credit may be granted to transfer students for junior recitals completed at other institutions. This recital should have been completed during the student's junior year at that institution and a request for recognition of that recital should be made in writing to the applied division coordinator. No studio teacher is under any obligation to accept these transfer recitals.

SENIOR RECITAL FOR BM DEGREE: A public recital will be given during a student's senior year. The student should have achieved senior classification as defined by the university and should be enrolled at the 4000 level in applied music, which would normally occur during a student's fourth year of study. A senior recital performed at another institution will not satisfy graduation requirements for USF. The recital must be performed on the USF campus and the student must be enrolled in the studio of a USF faculty member during the term of said recital unless written permission to deviate from this policy is obtained from the School of Music Director.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENT

All music majors must earn at least a C- in every music course required for their degree program. Sequel courses may not be taken until prerequisites are satisfied with appropriate grades or waivers.
RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

The B.A. degree in Music Studies is part of the Provost's Scholars Program (PSP). This is a program in which qualified students who enter USF directly from high school with 18 or more credits will be offered the opportunity to complete their undergraduate education in 3 years. Each selected student will be provided preferred registration privileges so that critical courses are not closed when they register. They will be given summer scholarships if they need to take summer classes and will be given scholarships to help them participate in study abroad programs. PSP students will live in the Honors College Living/Learning Community year 1. Students will be offered the assistance of faculty or off campus mentors, depending upon career goals and will be encouraged to use the fourth year for graduate study here at USF. Participants will not need to take larger academic loads and can take advantage of all that USF has to offer.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

STATE MANDATED COMMON COURSE PREREQUISITES - MUSIC STUDIES B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- MUT X111 or MUT X121 - 3 credit hours
- MUT X112 or MUT X122 - 3 credit hours
- MUT X116 or MUT X126 - 3 credit hours
- MUT X117 or MUT X127 - 3 credit hours

Select from the following options for 4 credits:

- (MUT X241 and MUT X242 and X246 and MUT X247) - 1 credit each for 4 total credit hours
- (MUT X221 and MUT X222 and X226 and X227) - 1 credit each for 4 total credit hours
- (MUT X271 and X272 and X276 and X277) - 1 credit each for 4 total credit hours

Take 4 semesters of the following coursework: *
- MUN XXXX (4 credit hours)

Take 2 semesters of the following coursework: *
- MVX XX1X (2-4 credit hours) **

Take 2 semesters of the following coursework: *
- MVX XX2X (2-4 credit hours) **

Repeat these courses up to 4 semesters in order to gain piano proficiency: ***
- (MVK X111 and MVK X112 and MVK X121 and MVK X122)

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

* Music program national accreditation requires minimum semesters of exposure in specified coursework.
** DEFINITIONS: MVxXX1X and MVxXX2X are defined as courses under one of the specified prefixes that constantly maintain the digit 1 or 2 (depending upon which course) while allowing 0-9 to replace each "X." The prefix varies depending upon the student's focus (i.e., Brass, Strings, Woodwinds, etc.) Prefix areas to choose from are MVB, MVH, MVJ, MVK, MVO, MVP, MVS, MVV, and MVW. Two examples of possible courses are MVB1011 or MVP1311. Examples for MVxXX2X are MVV2223 and MVK2222.

*** Or Secondary Piano Proficiency by examination.

REQUIRED COURSES: (26 CREDIT HOURS)

SUPPORTING REQUIRED COURSE: 1 COURSE; 0 CREDIT HOURS

The following course is a prerequisite and supporting course for this major. It is required for the major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

MUS 2010 - Recital Attendance Credit(s): 0
Attendance at minimum seven (7) programs per semester for four semesters. Must be registered each semester.

MAJOR CORE COURSES: 7 COURSES; 18 CREDIT HOURS

Academic Courses: 5 courses; 12 credit hours

Jazz Theory: 2 courses; 4 credit hours
* MUT 2641 - Jazz Theory and Improvisation I Credit(s): 2
MUT 2642 - Jazz Theory and Improvisation II Credit(s): 2 *

* may substitute for MUT 2116 and MUT 2246

Music History: 3 courses; 8 credit hours
MUH 3300 - Music History/Medieval and Renaissance Credit(s): 2

Choose 2 of the following 3 courses:
MUH 3301 - Music History/Baroque and Classic Credit(s): 3
MUH 3302 - Music History/Romantic and 20th Century Credit(s): 3
MUH 4801 - History of Jazz Credit(s): 3 [recommended for jazz students]

Music Emphasis: 2 courses; 6 credit hours
Choose only one:

Academic Studies
[cannot share courses used for Music Electives]
Choose two (2) of the following:
MUC 2301 - Introduction To Electronic Music Credit(s): 3
MUH 2020 - The History of Blues and Rock Credit(s): 3
MUH 2051 - Folk and Traditional Music of World Cultures Credit(s): 3
MUH 3016 - Survey of Jazz Credit(s): 3
MUL 3011 - Western Art Music in Your Life Credit(s): 3
MUH 4058 - Intercultural Music in the Twentieth Century Credit(s): 3
MUT 2117 - Music Theory IV Credit(s): 3
or
MUT 2247 - Aural Theory IV Credit(s): 1
MUH 4421 - Eighteenth Century Practice Credit(s): 3
MUH 4571 - Twentieth Century Practice Credit(s): 3

Applied Studies
Completion of Junior Level (MVX 333X) & Junior Recital
Two additional terms of major ensemble

MAJOR (RESTRICTED) ELECTIVES: 8 CREDIT HOURS
Electives: Music credits beyond those required may be used as program electives.

Keyboard Skills - Piano proficiency at Level 2 required by testing or course(s).
Other music courses which are not used for Music Emphasis.
MUT 3353/MUT 3354 and MUT 3663/MUT 3664 are recommended for jazz students.

ADDITIONAL INFORMATION - MUSIC STUDIES B.A.

OTHER REQUIREMENTS
Junior Recital for BA Degree: A public recital (must be shared with another junior recital) will be given during the student's junior year. The student should have achieved junior classification as defined by the university and should be enrolled at the 3000 level in applied music, which would normally occur during a student's third year of study. Credit may be granted to transfer students for junior recitals completed at other institutions. This recital should have been completed during the student's junior year at that institution and a request for recognition of that recital should be made in writing to the applied division coordinator. No studio teacher is under any obligation to accept these transfer recitals.

GPA REQUIREMENT
Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS
C- is the minimum acceptable grade for music courses.

RESEARCH OPPORTUNITIES
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

OTHER INFORMATION
Revocation of Awards
Scholarship awards may be revoked if students

- Fail to maintain full-time status (12 credit hours)
- Fail to maintain required GPA
- Fail to participate in appropriate ensembles (as determined by applied teachers and ensemble directors)
- Switch major area of study outside of music
- Fail to perform satisfactorily in applied lessons or major ensemble(s)
- Fail to maintain satisfactory progress in academic studies in music

Repayment of award will be sought from any student who drops out of school, drops out of ensemble/applied music participation, or fails to maintain 12 credit hours during a semester in which they have received an award.

ADVISING INFORMATION
USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

For questions, MusicAdvise@usf.edu

**Plans of Study - Music Studies B.A.**

**NOTES:**
- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
- Items that are critical are marked with a ✦ and are included in the plan for a student to stay on track.

1568
SCHOOL OF THEATRE AND DANCE
DANCE B.A., WITH DANCE STUDIES CONCENTRATION
TOTAL DEGREE HOURS: 120

The focus of this degree is to enable the student to combine dance with another area of interest and encourage the development of an individualized program of study through the selection of general education requirements as well as a focused selection of elective courses. The selection of electives should be designed to provide each student with the maximum value of a liberal arts education within a focused area of study. A student with additional interest in another field (e.g., African Studies, Anthropology, Communications, Education, Health Science, History, Psychology, Religious Studies, Theatre, Women’s Studies, etc.) should complete a focused study in that area along with the core of study in dance. Each student is required to develop a final independent project incorporating dance with their focused study. Dance students must continue to take at least one technique course each semester. At the end of the third semester, the faculty will determine if appropriate progression has been made for continuation in the B.A. Dance major.

SPECIALIZED ADMISSIONS - DANCE B.A.

THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

The B.A. in Dance is a specialized admissions program and is designed to provide students with a comprehensive core of study in Studio Technique, Choreographic Studies, and Dance Studies. After applying to USF, visit the Dance Admissions page to schedule and prepare for your audition. Auditions are required for admission to the dance program. To become a USF dance major you must be 1) admitted into the University of South Florida; and 2) accepted by the dance department through the audition process.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
International: https://www.usf.edu/admissions/international/admission-information/index.aspx

PROGRESSION REQUIREMENTS - DANCE B.A.

Critiques

All students will be evaluated periodically by the faculty and critiqued each semester and will participate in progress conferences with the faculty.
If a student evidences deficiency in some area or in continuing progress toward the degree, the student may be placed on probation within the Dance program.
Failure to make satisfactory progress after being placed on probation shall constitute grounds for program recommendation to drop and discontinue the major.

Additional Standards

In addition to meeting the specific requirements and standards discussed above, the student and advisor will periodically evaluate the student's general progress. Students are required to meet with the Academic Advisor in Dance each semester. An unsatisfactory rating in one or more of the following areas could place the student on probation. A student on probation is given a specific amount of time to achieve a satisfactory rating before being dropped from the major program. The criteria include:

Appropriate academic progress.
Adequate technical skills and adaptability.
B average in concentration core studio technique classes.
Adequate physical conditioning that includes: nutrition, flexibility, strength, and healthful weight management necessary to facilitate safe technical and artistic expression.
Class probation and program probation require review, i.e., reinstatement in good standing or recommendation to drop major.
STATE MANDATED COMMON COURSE PREREQUISITES - DANCE B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Although credit or elective credit toward the major will be given for these courses, placement in upper-level technique classes will continue to be based on individual proficiency. Other technique courses in other styles of dance may be accepted toward the major on a case-by-case basis at the discretion of the university. Transfer dance credits must be evaluated by faculty and dance advisor at time of entrance.

DAN X610 Music and Dance (two course sequence) - 3 credit hours
TPA X200 or TPA X223 or TPA X232 - 3 credit hours
DAA X200-X209* - 3 credit hours
DAA X100-X109** - 3 credit hours

*Up to 10 credit hours of any lower-level Ballet Technique courses within the X200-X209 taxonomy.

**Up to 10 credit hours of any lower level-Modern Technique courses within the X100-X109 taxonomy.

REQUIRED COURSES: (72 CREDIT HOURS)

MAJOR CORE COURSES: 14 COURSES; 30 CREDIT HOURS

CONCENTRATION STUDIO TECHNIQUE REQUIREMENT: 5 COURSES; 26 CREDIT HOURS

Dance BA majors are required to achieve level 3 in one of the technique dance forms and level 2 in the other dance form. All dance majors are required to register for at least one technique course each semester (fall and spring) they are enrolled as a dance major at USF, even after they have met
the appropriate level requirement. Progression to the required level assumes that the student will need to complete 2 semesters of level 1 and level 2 in both techniques. All incoming first-year majors* start in Level 1 in the Modern course sequence and take the following:

DAA 2104 - Modern Dance I Credit(s): 2
DAA 3108 - Modern Dance II Credit(s): 1-3

In the Ballet course sequence, all incoming students begin based on their audition placement. If placed in Level 1, students take the following:

DAA 2204 - Ballet I Credit(s): 2
DAA 3214 - Ballet II Credit(s): 1-3

In their third year, following the above model, students can take either of the following to fulfill their technique level requirement:

DAA 3109 - Modern Dance III Credit(s): 1-3
OR
DAA 3209 - Ballet III Credit(s): 1-3

In their fourth year, students continue to take at least one technique course each semester. Variable credit hours for studio technique courses are available once the degree concentration requirement has been met. Please check in with your academic advisor with any questions.

*Incoming transfers may be placed at a higher level within the modern technique sequence.

CONCENTRATION PERFORMANCE REQUIREMENT: 1 COURSE; 1 CREDIT HOUR

Dance BA majors are required to register for at least one performance credit. As a part of the curriculum within the USF Dance Department, majors are expected to participate in the co-curricular Dance Concert(s). Majors may be in more than this number of works throughout their time at USF, but each major must enroll in at least the required number of credits. Please check in with your academic advisor with any questions.

DAA 4687 - Performance Credit(s): 1-2

CONCENTRATION INTERDISCIPLINARY STUDIES REQUIREMENT: 3 COURSES; 9 CREDIT HOURS

Students choose 9 credit hours of focused electives in the other area of interest in consultation with the advisor.

ADDITIONAL INFORMATION - DANCE B.A.

FOREIGN LANGUAGE REQUIREMENT

All Students earning a BA degree in Dance must complete the Foreign Language Exit Requirement.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

A student must receive a C grade or better in required prerequisite courses and major course for Dance majors.

RESIDENCY REQUIREMENT
Department and College of The Arts Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

RESEARCH OPPORTUNITIES

Note: Students in the B.A. take two Research courses as part of their degree program and complete an independent research project.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ACCREDITATION INFORMATION - DANCE B.A./B.F.A.

The University of South Florida is an accredited institutional member of the National Association of Schools of Dance (NASD).

ADVISING INFORMATION - SCHOOL OF THEATRE AND DANCE

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation. For questions, TheatreAndDance@usf.edu

Plans of Study - Dance B.A., with Dance Studies Concentration

NOTES:
- SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
- Items that are critical are marked with a ⚫ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:
- Performer
- Choreographer
- Teacher
- Dance/Arts Administrator
- Dance Production/Technical Manager

Potential Entry Level Salary Range:
$20,000 - $40,000

Dance B.A., with Dance Studies Concentration - 2 Year Plan of Study

This plan assumes that the Dance BA Major was placed into the major at the Level 2 technique in at least one technique and Level 1 in other, that the Major has fulfilled their general education requirements, and that the Major is beginning in the Fall semester. There are separate plans for those starting in the Spring and for completing the degree in 2.5-3 years. Please contact your advisor for these plans.

YEAR 1

SEMESTER 1 (FALL)

DAA 2104 - Modern Dance I Credit(s): 2
OR
DAA 2204 - Ballet I Credit(s): 2
DAA 3108 - Modern Dance II Credit(s): 1-3
OR
DAA 3214 - Ballet II Credit(s): 1-3
⚫ DAN 2160 - Entry Seminar Credit(s): 2
DAN 3584 - Technical Theatre in Dance Credit(s): 2
DAN 4162 - Research in Dance I Credit(s): 3
DAA 3614 - Choreography I Credit(s): 2
Elective outside the major (Focused Elective) Credit(s): 3
Total Credit Hours: 17

SEMESTER 2 (SPRING)
DAA 2104 - Modern Dance I Credit(s): 2
OR
DAA 2204 - Ballet I Credit(s): 2
DAA 3108 - Modern Dance II Credit(s): 1-3
OR
DAA 3214 - Ballet II Credit(s): 1-3
DAA 3395 - World Dance Topics Credit(s): 1
DAA 3615 - Choreography II Credit(s): 2
DAA 3686 - Junior Performance Project Credit(s): 1
DAN 3714 - Dance Kinesiology Credit(s): 3
OR
DAN 4163 - Research in Dance II Credit(s): 2
DAN 2100 - Understanding the Dance Experience Credit(s): 3 *
Total Credit Hours: 17
* could possibly be taken in the summer

SEMESTER 3 (SUMMER)
Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities.
Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 2

SEMESTER 4 (FALL)
DAA 3108 - Modern Dance II Credit(s): 1-3
OR
DAA 3214 - Ballet II Credit(s): 1-3
OR
DAA 3209 - Ballet III Credit(s): 1-3
DAN 4180 - Dance Senior Seminar Credit(s): 2
DAA 4616 - Choreography III Credit(s): 2
DAN 4134 - Ballet History Credit(s): 3
DAA 4687 - Performance Credit(s): 1-2
Focused Elective Credit(s): 3
Total Credit Hours: 17

SEMESTER 5 (SPRING)
DAA 3108 - Modern Dance II Credit(s): 1-3
OR
DAA 3214 - Ballet II Credit(s): 1-3
OR
DAA 3209 - Ballet III Credit(s): 1-3
DAN 4906 - Directed Study Credit(s): 1-5
DAA 4617 - Choreography IV Credit(s): 2
DAN 4135 - 20th Century Dance History Credit(s): 3
DAA 3624 - Dance Improvisation Credit(s): 2
Focused Elective Credit(s): 3
Apply for Graduation Credit(s): 3
Total Credit Hours: 17
This plan assumes that the Dance BA Major was placed into the major at Level 1 in both techniques, and that the Major is beginning in the Fall semester. Please contact your advisor with any questions.

YEAR 1

SEMESTER 1 (FALL)
- DAN 2160 - Entry Seminar Credit(s): 2
- DAA 2104 - Modern Dance I Credit(s): 2
- DAA 2204 - Ballet I Credit(s): 2
- DAN 3584 - Technical Theatre in Dance Credit(s): 2
- ENC 1101 - Composition I Credit(s): 3
- SGEM - General Education Core Mathematics Credit(s): 3

NOTE: SCIV - Civics Literacy requirement needs to be fulfilled prior to graduation. See advisor.

Total Credit Hours: 14

SEMESTER 2 (SPRING)
- DAA 2104 - Modern Dance I Credit(s): 2
- DAA 2204 - Ballet I Credit(s): 2
- DAA 3395 - World Dance Topics Credit(s): 1

SEMESTER 8 (SPRING)

- DAA 4617 - Choreography IV Credit(s): 2
- DAA 3109 - Modern Dance III Credit(s): 1-3 (take for 3 credits)
- OR DAA 3209 - Ballet III Credit(s): 1-3
- DAA 3686 - Junior Performance Project Credit(s): 1
- DAN 4135 - 20th Century Dance History Credit(s): 3
- DAN 4163 - Research in Dance II Credit(s): 2
- Elective outside the major (Focused elective) Credit(s): 3
Total Credit Hours: 14

SEMESTER 9 (SUMMER)

Please consider pursuing High Impact Practice opportunities this semester such as Education Abroad, Internship Opportunities, Community Engagement, or Research Opportunities. Questions about opportunities? Schedule an appointment with your academic advisor.

YEAR 4

SEMESTER 10 (FALL)

- DAN 4180 - Dance Senior Seminar Credit(s): 2
- DAA 3109 - Modern Dance III Credit(s): 1-3
- OR DAA 3209 - Ballet III Credit(s): 1-3
- IDS 4914 - Advanced Undergraduate Research Experience Credit(s): 0-4
- SGEH - General Education Core Humanities Credit(s): 3
- Focused Elective Credit(s): 3
- Foreign Language I Credit(s): 4
Total Credit Hours: 13-15

SEMESTER 11 (SPRING)

- DAA 3109 - Modern Dance III Credit(s): 1-3
- OR DAA 3209 - Ballet III Credit(s): 1-3
- DAA 4687 - Performance Credit(s): 1-2 (take for 1 credit)
- DAN 4906 - Directed Study Credit(s): 1-5 (Independent Research Project)
- Foreign Language II Credit(s): 4
- General Elective Credit(s): 3-6
- Apply for Graduation
Total Credit Hours: 10-14
DANCE B.F.A., WITH BALLET CONCENTRATION
TOTAL HOURS: 120

The B.F.A. in Dance (Ballet or Modern concentrations) offers professional preparation, which includes extensive study in Studio Technique, Choreographic Studies, and Dance Studies. The focus of this degree is the development of dancers who will enter the professional world of dance/arts as performers and choreographers. Beyond the expectations for continuing opportunities for performance, students selecting the B.F.A. will develop and present solo and group senior choreographic projects.

SPECIALIZED ADMISSIONS - DANCE B.F.A.

This major has additional admissions requirements as listed in this section.

The B.F.A. is a specialized admissions program. Students must participate in a selective admissions procedure. At the end of their third semester, students will be assessed by Dance faculty to determine eligibility for continuing in the BFA Dance Major. Dancers must continue to take technique courses throughout their degree program.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

PROGRESSION REQUIREMENTS - DANCE B.F.A.

Critiques

All students will be evaluated periodically by the faculty and critiqued each semester and will participate in progress conferences with the faculty.

- If a student evidences deficiency in some area or in continuing progress toward the degree, the student may be placed on probation within the Dance program.
- Failure to make satisfactory progress after being placed on probation shall constitute grounds for program recommendation to drop and discontinue the major.

Additional Standards

In addition to meeting the specific requirements and standards discussed above, the student and advisor will periodically evaluate the student's general progress. Students are required to meet with the Academic Advisor in Dance each semester. An unsatisfactory rating in one or more of the following areas could place the student on probation. A student on probation is given a specific amount of time to achieve a satisfactory rating before being dropped from the major program. The criteria include:

- Appropriate academic progress.
- Adequate technical skills and adaptability.
- B average in concentration core studio technique classes.
- Physical conditioning that includes: nutrition, flexibility, strength, and healthful weight management necessary to facilitate safe technical and artistic expression.
- Class probation and program probation require review, i.e., reinstatement in good standing or recommendation to drop major.

STATE MANDATED COMMON COURSE PREREQUISITES - DANCE B.F.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.
Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Although credit or elective credit toward the major will be given for these courses, placement in upper-level technique classes will continue to be based on individual proficiency. Other technique courses in other styles of dance may be accepted toward the major on a case-by-case basis, at the discretion of the University. Transfer dance credits must be evaluated by faculty and the Dance advisor at time of entrance.

Any 24 credit hours from the following 30 hours will be accepted toward the major:

- DAA X610 Dance Composition/Choreography - 2 credit hours
- DAA X611 Dance Composition/Choreography - 2 credit hours
- DAA X680 Performance I * - 1 credit hour
- DAA X681 Performance II * - 1 credit hour
- DAA X200-X209 Dance, Emphasis on Activity ** - 8 credit hours
- DAA X100-X109 Dance, Emphasis on Activity *** - 8 credit hours
- DAN X610 Music and Dance (Two course sequence) or DAN X600 (single course) - 3 credit hours
- DAN X611 or DAN X601 - 3 credit hours

*Or any lower-level Repertory course in the X400-X499 series up to 4 credit hours.

**Up to 8 credit hours of any lower-level Ballet Technique courses within the X200-X209 taxonomy.

***Up to 8 credit hours of any lower-level Modern Technique courses within the X100-X109 taxonomy.

**REQUIRED COURSES: (80 CREDIT HOURS)**

**DANCE B.F.A. MAJOR CORE COURSES: 14 COURSES; 30 CREDIT HOURS**

**DANCE STUDIES: 7 COURSES; 18 CREDIT HOURS**

- DAN 2100 - Understanding the Dance Experience Credit(s): 3
- DAN 2160 - Entry Seminar Credit(s): 2
- DAN 3584 - Technical Theatre in Dance Credit(s): 2
- DAN 3714 - Dance Kinesiology Credit(s): 3
- DAN 4134 - Ballet History Credit(s): 3
- DAN 4135 - 20th Century Dance History Credit(s): 3
- DAN 4180 - Dance Senior Seminar Credit(s): 2

**CREATIVE STUDIO STUDIES: 7 COURSES; 12 CREDIT HOURS**

- DAA 3395 - World Dance Topics Credit(s): 1
- DAA 3614 - Choreography I Credit(s): 2
- DAA 3615 - Choreography II Credit(s): 2
- DAA 3624 - Dance Improvisation Credit(s): 2
- DAA 3686 - Junior Performance Project Credit(s): 1
- DAA 4616 - Choreography III Credit(s): 2
- DAA 4617 - Choreography IV Credit(s): 2

**BALLET CONCENTRATION: 13 COURSES; 50 CREDIT HOURS**

All Dance BFA Majors with a Ballet Concentration must take these courses:

**CONCENTRATION DANCE STUDIES REQUIREMENT: 3 COURSES; 7 CREDIT HOURS**
DAE 4340 - Dance Pedagogy: Secondary Curriculum Credit(s): 3
DAE 4340L - Dance Pedagogy: Internship Credit(s): 1
DAN 4434 - Laban Movement Analysis Credit(s): 3

CONCENTRATION CREATIVE STUDIO REQUIREMENT: 1 COURSE; 2 CREDIT HOURS

DAA 4694 - Senior Choreography Project Credit(s): 1-5 (x2 semesters = 2 credits)

CONCENTRATION STUDIO TECHNIQUE: 7 COURSES; 34 CREDIT HOURS

Dance BFA majors with a Ballet Concentration are required to achieve level 4 in ballet technique and level 2 in modern technique. All dance majors are required to register for at least one technique course each semester (fall and spring) they are enrolled as a dance major at USF, even after they have met the appropriate level requirement. Progression to the required level assumes that the student will need to complete 2 semesters of level 1 and level 2 in both techniques.

All incoming first-year majors* start in Level 1 in the Modern course sequence and take the following to fulfill the Ballet concentration requirements:

DAA 2104 - Modern Dance I Credit(s): 2
DAA 3108 - Modern Dance II Credit(s): 1-3

In the Ballet course sequence, all incoming students begin based on their audition placement. If placed in Level 1, students take the following in progression each year to fulfill the Ballet concentration requirements:

DAA 2204 - Ballet I Credit(s): 2
DAA 3214 - Ballet II Credit(s): 1-3
DAA 3209 - Ballet III Credit(s): 1-3
DAA 4211 - Ballet IV Credit(s): 1-3
DAA 3294 - Ballet Variations Credit(s): 1

Reminder, dance majors students continue to take at least one technique course each semester. Variable credit hours for studio technique courses are available once the degree concentration requirement has been met; Please check in with your academic advisor with any questions.

*Incoming transfers may be placed at a higher level within the modern technique sequence.

CONCENTRATION PERFORMANCE REQUIREMENT: 1 COURSE; 4 CREDIT HOURS

Dance BFA majors with a Ballet concentration are required to register for at least four performance credits. As a part of the curriculum within the USF Dance Department, majors are expected to participate in the co-curricular Dance Concert(s). Majors may be in more than this number of works throughout their time at USF, but each major must enroll in at least the required number of credits. Please check in with your academic advisor with any questions.

DAA 4687 - Performance Credit(s): 1-2 (repeated for total 4 credits)

CONCENTRATION ELECTIVES: 1 COURSE; 3 CREDIT HOURS

Students are encouraged to take additional 2000-, 3000- or 4000-level Dance and Theatre courses to fulfill the remaining general elective requirement for the concentration.

Please consult Catalog for full listing of Dance and Theatre course titles and consult Oasis for current selected topics courses.

ADDITIONAL INFORMATION - DANCE B.F.A.

GPA REQUIREMENTS
Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS
A student must receive a C grade or better in required prerequisite courses and major course for Dance majors.

RESIDENCY REQUIREMENT
Department and College of The Arts Major Academic Residency Requirement - 50% of major must be completed at USF
USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

RESEARCH OPPORTUNITIES
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

DANCE B.F.A., WITH MODERN DANCE CONCENTRATION
TOTAL DEGREE HOURS: 120

The B.F.A. in Dance (Ballet or Modern concentrations) offers professional preparation, which includes extensive study in Studio Technique, Choreographic Studies, and Dance Studies. The focus of this degree is the development of dancers who will enter the professional world of dance/arts as performers and choreographers. Beyond the expectations for continuing opportunities for performance, students selecting the B.F.A. will develop and present solo and group senior choreographic projects.

SPECIALIZED ADMISSIONS - DANCE B.F.A.

THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

The B.F.A. is a specialized admissions program. Students must participate in a selective admissions procedure. At the end of their third semester, students will be assessed by Dance faculty to determine eligibility for continuing in the BFA Dance Major. Dancers must continue to take technique courses throughout their degree program.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

PROGRESSION REQUIREMENTS - DANCE B.F.A.

Critiques

All students will be evaluated periodically by the faculty and critiqued each semester and will participate in progress conferences with the faculty.

If a student evidences deficiency in some area or in continuing progress toward the degree, the student may be placed on probation within the Dance program.

Failure to make satisfactory progress after being placed on probation shall constitute grounds for program recommendation to drop and discontinue the major.

Additional Standards

In addition to meeting the specific requirements and standards discussed above, the student and advisor will periodically evaluate the student's general progress. Students are required to meet with the Academic Advisor in Dance each semester. An unsatisfactory rating in one or more of the following areas could place the student on probation. A student on probation is given a specific amount of time to achieve a satisfactory rating before being dropped from the major program. The criteria include:

- Appropriate academic progress.
- Adequate technical skills and adaptability.
- B average in concentration core studio technique classes.
- Physical conditioning that includes: nutrition, flexibility, strength, and healthful weight management necessary to facilitate safe technical and artistic expression.
- Class probation and program probation require review, i.e., reinstatement in good standing or recommendation to drop major.

STATE MANDATED COMMON COURSE PREREQUISITES - DANCE B.F.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.
Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Although credit or elective credit toward the major will be given for these courses, placement in upper-level technique classes will continue to be based on individual proficiency. Other technique courses in other styles of dance may be accepted toward the major on a case-by-case basis, at the discretion of the University. Transfer dance credits must be evaluated by faculty and the Dance advisor at time of entrance.

Any 24 credit hours from the following 30 hours will be accepted toward the major:

- DAA X610 Dance Composition/Choreography - 2 credit hours
- DAA X611 Dance Composition/Choreography - 2 credit hours
- DAA X680 Performance I * - 1 credit hour
- DAA X681 Performance II * - 1 credit hour
- DAA X200-X209 Dance, Emphasis on Activity ** - 8 credit hours
- DAA X100-X109 Dance, Emphasis on Activity *** - 8 credit hours
- DAN X610 Music and Dance (Two course sequence) or DAN X600 (single course) - 3 credit hours
- DAN X611 or DAN X601 - 3 credit hours

*Or any lower-level Repertory course in the X400-X499 series up to 4 credit hours.

**Up to 8 credit hours of any lower-level Ballet Technique courses within the X200-X209 taxonomy.

***Up to 8 credit hours of any lower-level Modern Technique courses within the X100-X109 taxonomy.

**REQUIRED COURSES: (78 CREDIT HOURS)**

**DANCE B.F.A. MAJOR CORE COURSES: 14 COURSES; 30 CREDIT HOURS**

**DANCE STUDIES: 7 COURSES; 18 CREDIT HOURS**

- DAN 2100 - Understanding the Dance Experience Credit(s): 3
- DAN 2160 - Entry Seminar Credit(s): 2
- DAN 3584 - Technical Theatre in Dance Credit(s): 2
- DAN 3714 - Dance Kinesiology Credit(s): 3
- DAN 4134 - Ballet History Credit(s): 3
- DAN 4135 - 20th Century Dance History Credit(s): 3
- DAN 4180 - Dance Senior Seminar Credit(s): 2

**CREATIVE STUDIO STUDIES: 7 COURSES; 12 CREDIT HOURS**

- DAA 3395 - World Dance Topics Credit(s): 1
- DAA 3614 - Choreography I Credit(s): 2
- DAA 3615 - Choreography II Credit(s): 2
- DAA 3624 - Dance Improvisation Credit(s): 2
- DAA 3686 - Junior Performance Project Credit(s): 1
- DAA 4616 - Choreography III Credit(s): 2
- DAA 4617 - Choreography IV Credit(s): 2

**MODERN DANCE CONCENTRATION: 12 COURSES; 48 CREDIT HOURS**

All Dance BFA Majors with a Modern Dance Concentration must take these courses:

**CONCENTRATION DANCE STUDIES REQUIREMENT: 3 COURSES; 7 CREDIT HOURS**
DAE 4340 - Dance Pedagogy: Secondary Curriculum Credit(s): 3
DAE 4340L - Dance Pedagogy: Internship Credit(s): 1
DAN 4434 - Laban Movement Analysis Credit(s): 3

CONCENTRATION CREATIVE STUDIO REQUIREMENT: 1 COURSE; 2 CREDIT HOURS

DAA 4694 - Senior Choreography Project Credit(s): 1-5 (x2 semesters = 2 credits)

CONCENTRATION STUDIO TECHNIQUE REQUIREMENT: 6 COURSES; 32 CREDIT HOURS

Dance BFA majors with a Modern Dance Concentration are required to achieve level 4 in modern dance technique and level 2 in ballet technique. All dance majors are required to register for at least one technique course each semester (fall and spring) they are enrolled as a dance major at USF, even after they have met the appropriate level requirement. Progression to the required level assumes that the student will need to complete 2 semesters of level 1 and level 2 in both techniques.

All incoming first-year majors* start in Level 1 in the Modern course sequence and take the following to fulfill the Modern Dance concentration requirements:

DAA 2104 - Modern Dance I Credit(s): 2
DAA 3108 - Modern Dance II Credit(s): 1-3
DAA 3109 - Modern Dance III Credit(s): 1-3
DAA 4110 - Modern Dance IV Credit(s): 1-4

In the Ballet course sequence, all incoming students begin based on their audition placement. If placed in Level 1, students take the following in progression each year to fulfill the Modern Dance Concentration requirements:

DAA 2204 - Ballet I Credit(s): 2
DAA 3214 - Ballet II Credit(s): 1-3

Reminder, dance majors students continue to take at least one technique course each semester. Variable credit hours for studio technique courses are available once the degree concentration requirement has been met; Please check in with your academic advisor with any questions.

*Incoming transfers may be placed at a higher level within the modern technique sequence.

CONCENTRATION PERFORMANCE REQUIREMENT: 1 COURSE; 4 CREDIT HOURS

Dance BFA majors with a Modern Dance concentration are required to register for at least four performance credits. As a part of the curriculum within the USF Dance Department, majors are expected to participate in the co-curricular Dance Concert(s). Majors may be in more than this number of works throughout their time at USF, but each major must enroll in at least the required number of credits. Please check in with your academic advisor with any questions.

DAA 4687 - Performance Credit(s): 1-2 (repeated for total 4 credits)

CONCENTRATION ELECTIVES: 1 COURSE; 3 CREDIT HOURS

Students are encouraged to take additional 2000-, 3000- or 4000-level Dance and Theatre courses to fulfill the remaining general elective requirement for the concentration.

Please consult Catalog for full listing of Dance and Theatre course titles and consult Oasis for current selected topics courses.

ADDITIONAL INFORMATION - DANCE B.F.A.

GPA REQUIREMENTS

1586
Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS
A student must receive a C grade or better in required prerequisite courses and major course for Dance majors.

RESIDENCY REQUIREMENT
Department and College of The Arts Major Academic Residency Requirement - 50% of major must be completed at USF
USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

RESEARCH OPPORTUNITIES
Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ACCREDITATION INFORMATION - DANCE B.A./B.F.A.
The University of South Florida is an accredited institutional member of the National Association of Schools of Dance (NASD).

ADVISING INFORMATION - SCHOOL OF THEATRE AND DANCE
USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

For questions, TheatreAndDance@usf.edu

Plans of Study - Dance B.F.A., with Modern Dance Concentration

NOTES:
SCIV - Civics Literacy needs to be completed prior to graduation. For more information, see https://www.usf.edu/undergrad/students/civics-literacy.aspx or talk with your academic advisor.
Items that are critical are marked with a ✶ and are included in the plan for a student to stay on track.

Potential Entry Level Job Titles:
Performer
Choreographer
Art, Drama, and Music Teacher

Potential Entry Level Salary Range:
$20,000 - $40,000

Dance B.F.A., with Modern Dance Concentration - 2 Year Plan of Study
This plan assumes that the Dance BFA Major with a Modern Dance Concentration was placed into the major at the Level 3 modern dance technique and Level 1 in ballet, that the Major has fulfilled their general education requirements, that the Major has qualifying transfer credit for Choreography 1 and 2, and that the Major is beginning in the Fall semester. There are separate plans for those starting in the Spring and for completing the degree in 2.5-3 years. Please contact your advisor for these plans.

Theatre B.A., with Design and Technology Concentration

Total Degree Hours: 120

Through its curriculum and production program, students have the opportunity to prepare for a professional career in the theatre or to continue their studies at the graduate level. Our exclusively undergraduate program boasts intensive studies in the disciplines of performance, design and theatre arts as well as a close working relationship with our nationally and internationally recognized faculty.

Certified Global Pathway Program

This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of High Impact Practices and Undergraduate Research website.

University Admissions - College of the Arts

Admission to the University is based on the University’s Undergraduate Admission Requirements that may be found by clicking on the following links:

- Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
- Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
- International: https://www.usf.edu/admissions/international/admission-information/index.aspx

State Mandated Common Course Prerequisites - Theatre B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students need not have completed a concentration of courses in theatre in order to consider a Theatre major at USF. However, admission to the upper-level Theatre Performance program is by audition and admission to the upper-level Design sequence is by portfolio review. If the student does not succeed in passing the audition or portfolio review certain Theatre program requirements may have to be repeated until successful completion of the audition or portfolio review can be achieved.

THE X000 Theatre and Culture - 3 credit hours*
THE X305 Script Analysis or THE X300 Dramatic Literature - 3 credit hours
THE X925 Colloquiums/Symposiums/Workshops - 1 credit hour
TPA X290 Tech Theatre Lab I - 1 credit hour
TPA X200 Introduction to Technical Theatre or TPA X210 Stagecraft I - 3 credit hours
TPP X190 Studio Theatre Performance I or TPP X110 Acting I - 1-3 credit hours
THE X000-X999 or TPA X000-X999 or TPP X000-X999 - 3 credit hours
THE X000-X999 or TPA X000-X999 or TPP X000-X999 - 3 credit hours
THE X000-X999 or TPA X000-X999 or TPP X000-X999 - 3 credit hours

*Any introductory course from THE X001-X035.

Theatre Required Courses: (44 Credit Hours)

Theatre Major Core: 8 Courses; 14 Credit Hours

The 2023 - Entry Seminar: Theatre as an Art Form Credit(s): 1
THE 3110 - Theatre History I Credit(s): 3
OR
THE 3111 - Theatre History II Credit(s): 3
THE 4562 - Contemporary Performance Theory Credit(s): 3
TPA 2292 - Production Involvement I Credit(s): 1
TPA 3007C - Introduction to Entertainment Design Credit(s): 3
TPA 4293 - Production Involvement II Credit(s): 1
TPP 2190 - Studio Theatre Performance I Credit(s): 1
TPP 4193 - Studio Theatre Performance II Credit(s): 1

THEATRE HISTORY/THEORY ELECTIVE: 1 COURSE; 3 CREDIT HOURS
Choose one Theatre History/Theory course from the following list:

THE 3110 - Theatre History I Credit(s): 3
THE 3111 - Theatre History II Credit(s): 3
THE 4264 - History of Costume Credit(s): 3
THE 4283 - Architecture And Decoration Credit(s): 3
THE 4574 - Sport as Performance Credit(s): 3
THE 4930 - Selected Topics In Theatre Credit(s): 1-3

DRAMATIC LITERATURE ELECTIVE: 1 COURSE; 3 CREDIT HOURS
Choose one Dramatic Literature course from the following list:

THE 4330 - Shakespeare for the Theatre Credit(s): 3
THE 4401 - American Drama Credit(s): 3
THE 4434 - Caribbean Theatre Credit(s): 3
THE 4480 - Drama-Special Topics Credit(s): 3

THEATRE CONCENTRATIONS: 8 COURSES; 24 CREDIT HOURS
Students must choose one of three concentrations for the B.A. degree:

Design and Technology
Performance
Theatre Arts

DESIGN & TECHNOLOGY CONCENTRATION: 8 COURSES; 24 CREDIT HOURS
The Design and Technology concentration provides in-depth study and experience in costume, set, or lighting design. Students gain theoretical knowledge and develop their skills in design-based courses, such as Drafting and Computer-Aided Design, Costume Construction, Lighting Theory and Practice, and Architecture and Decoration.

CONCENTRATION CORE: 3 COURSES; 8 CREDIT HOURS

TPA 3208 - Drafting and CAD I Credit(s): 3
TPA 4298 - Advanced Design Practicum Credit(s): 3
TPA 4993C - Portfolio Credit(s): 2

CONCENTRATION ELECTIVES: 5 COURSES; 16 CREDIT HOURS
Choose 4 credits from:

TPA 4094C - Advanced Entertainment Design Credit(s): 4
TPA 4359C - Advanced Theatre Technology Credit(s): 4

Choose 6 credits from:

TPA 3223C - Technical Theatre: Lighting Credit(s): 3
TPA 3231C - Technical Theatre: Costume Construction Credit(s): 3
TPA 3289C - Technical Theatre I: Scenic Technology Credit(s): 3

Choose 6 credits from:
TPA 4011C - Design Studio: Scenic Design Credit(s): 3
TPA 4013C - Design Studio: Lighting Design Credit(s): 3
TPA 4045C - Design Studio: Costume Design Credit(s): 3

ADDITIONAL INFORMATION - THEATRE B.A.

AUDITION AND PORTFOLIO REVIEW

All students desiring admittance into the upper level acting courses must audition and those entering the upper level design sequence must present a portfolio. This normally occurs after the completion of the sophomore year.

GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.0
General Education GPA (All USF courses which are applied to General Education requirements): 2.0
USF GPA: 2.0
Overall GPA: 2.0

GRADING REQUIREMENTS

A minimum grade of C is required in major courses.

RESIDENCY REQUIREMENT

Department and College of The Arts Major Academic Residency Requirement - 50% of major must be completed at USF

USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

ACCREDITATION INFORMATION

USF is fully accredited by the National Association of Schools of Theatre (NAST).

ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

Through its curriculum and production program, students have the opportunity to prepare for a professional career in the theatre or to continue their studies at the graduate level. Our exclusively undergraduate program boasts intensive studies in the disciplines of performance, design and theatre arts as well as a close working relationship with our nationally and internationally recognized faculty.

Certified Global Pathway Program

This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of High Impact Practices and Undergraduate Research website.

UNIVERSITY ADMISSIONS - COLLEGE OF THE ARTS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

Freshman: https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx
Transfer: https://www.usf.edu/admissions/transfer/admission-information/index.aspx
International: https://www.usf.edu/admissions/international/admission-information/index.aspx

STATE MANDATED COMMON COURSE PREREQUISITES - THEATRE B.A.

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students need not have completed a concentration of courses in theatre in order to consider a Theatre major at USF. However, admission to the upper-level Theatre Performance program is by audition and admission to the upper-level Design sequence is by portfolio review. If the student does not succeed in passing the audition or portfolio review certain Theatre program requirements may have to be repeated until successful completion of the audition or portfolio review can be achieved.

THE X000 Theatre and Culture- 3 credit hours*
THE X305 Script Analysis or THE X300 Dramatic Literature - 3 credit hours
THE X925 Colloquiums/Symposiums/Workshops- 1 credit hour
TPA X290 Tech Theatre Lab I- 1 credit hour
TPA X200 Introduction to Technical Theatre or TPA X210 Stagecraft I - 3 credit hours
TPP X190 Studio Theatre Performance I or TPP X110 Acting I - 1-3 credit hours
THE X000-X999 or TPA X000-X999 or TPP X000-X999 - 3 credit hours
THE X000-X999 or TPA X000-X999 or TPP X000-X999 - 3 credit hours
THE X000-X999 or TPA X000-X999 or TPP X000-X999 - 3 credit hours

*Any introductory course from THE X001-X035.

THEATRE REQUIRED COURSES: (44 CREDIT HOURS)

THEATRE MAJOR CORE: 8 COURSES; 14 CREDIT HOURS

THE 2023 - Entry Seminar: Theatre as an Art Form Credit(s): 1
THE 3110 - Theatre History I Credit(s): 3
OR
THE 3111 - Theatre History II Credit(s): 3
THE 4562 - Contemporary Performance Theory Credit(s): 3
TPA 2292 - Production Involvement I Credit(s): 1
TPA 3007C - Introduction to Entertainment Design Credit(s): 3
TPA 4293 - Production Involvement II Credit(s): 1
TPP 2190 - Studio Theatre Performance I Credit(s): 1
TPP 4193 - Studio Theatre Performance II Credit(s): 1

THEATRE HISTORY/THEORY ELECTIVE: 1 COURSE; 3 CREDIT HOURS

Choose one Theatre History/Theory course from the following list:

THE 3110 - Theatre History I Credit(s): 3
THE 3111 - Theatre History II Credit(s): 3
THE 4264 - History of Costume Credit(s): 3
THE 4283 - Architecture And Decoration Credit(s): 3
THE 4574 - Sport as Performance Credit(s): 3
THE 4930 - Selected Topics In Theatre Credit(s): 1-3

DRAMATIC LITERATURE ELECTIVE: 1 COURSE; 3 CREDIT HOURS

Choose one Dramatic Literature course from the following list:

THE 4330 - Shakespeare for the Theatre Credit(s): 3
THE 4401 - American Drama Credit(s): 3
THE 4434 - Caribbean Theatre Credit(s): 3
THE 4480 - Drama-Special Topics Credit(s): 3

THEATRE CONCENTRATIONS: 8 COURSES; 24 CREDIT HOURS

Students must choose one of three concentrations for the B.A. degree:

Design and Technology
Performance
Theatre Arts

PERFORMANCE CONCENTRATION: 8 COURSES; 24 CREDIT HOURS

The theatre performance concentration enables the student to explore and develop acting skills. Core courses in the concentration delve into the craft and its fundamental elements. Students learn how to move their bodies and use their voices, to collaborate, to examine a scene and rehearse consciously. The advanced acting sequence emphasizes character development and improvisation practices, culminating in the performance of a complex, multi-layered character.

CONCENTRATION CORE: 5 COURSES; 15 CREDIT HOURS

TPP 3790 - Voice for Actors Credit(s): 3
TPP 3155 - Acting II Credit(s): 3
TPP 4180 - Acting III Credit(s): 3
TPP 4920 - Special Topics in Performance Credit(s): 3
TPP 3510 - Movement for Actors Credit(s): 3

CONCENTRATION ELECTIVES: 3 COURSES; 9 CREDIT HOURS

In addition to the Concentration Core courses, students must take 9 hours of upper-level Performance Elective (TPP) courses (TPP 3XXX and TPP 4XXX).

ADDITIONAL INFORMATION - THEATRE B.A.
AUDITION AND PORTFOLIO REVIEW

All students desiring admittance into the upper level acting courses must audition and those entering the upper level design sequence must present a portfolio. This normally occurs after the completion of the sophomore year.

  **Credit(s):** 3

### THEATRE CONCENTRATIONS: 8 COURSES; 24 CREDIT HOURS

Students must choose one of three concentrations for the B.A. degree:

- Design and Technology
- Performance
- Theatre Arts

### THEATRE ARTS CONCENTRATION: 8 COURSES; 24 CREDIT HOURS

The Theatre Arts Concentration is intended for the student who, in consultation with the Theatre Advisor, wishes to construct his/her own degree program from a broad spectrum of theatre courses. In addition to courses in performance and design, areas of study available are Technical Theatre, Playwriting, Stage Management, Directing, Literature and Criticism, and more.

### CONCENTRATION CORE: 8 COURSES; 24 CREDIT HOURS

24 additional Theatre credits must include:

- 3 credit hours of TPP courses.
- 21 credit hours of THE; TPA, TPP courses (9 credit hours must be at the upper level).

### ADDITIONAL INFORMATION - THEATRE B.A.

### AUDITION AND PORTFOLIO REVIEW

All students desiring admittance into the upper level acting courses must audition and those entering the upper level design sequence must present a portfolio. This normally occurs after the completion of the sophomore year.

### GPA REQUIREMENTS
Major GPA (All USF courses which are applied to major requirements): 2.0  
General Education GPA (All USF courses which are applied to General Education requirements): 2.0  
USF GPA: 2.0  
Overall GPA: 2.0

**GRADING REQUIREMENTS**

A minimum grade of C is required in major courses.

**RESIDENCY REQUIREMENT**

Department and College of The Arts Major Academic Residency Requirement - 50% of major must be completed at USF  
USF Academic Residency Requirement - 30 of the last 60 hours earned must be from USF

**RESEARCH OPPORTUNITIES**

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of High Impact Practices and Undergraduate Research (HIPUR) is able to assist with further inquiries.

**ACCREDITATION INFORMATION**

USF is fully accredited by the National Association of Schools of Theatre (NAST).

**ADVISING INFORMATION**

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation. For questions, TheatreAndDance@usf.edu

**Plans of Study - Theatre B.A., with Theatre Arts Concentration**

The Dance Minor is designed to provide students with a scope of experiences in dance that include studio technique, creative studio studies and dance studies. The student selecting a Dance Minor should arrange to meet with the academic advisor in dance prior to enrolling for classes.

## DANCE MINOR REQUIREMENTS

### MINOR CORE: 5 HOURS

All Dance Minors must complete these courses (5 credit hours):

- DAA 3624 - Dance Improvisation Credit(s): 2
- DAN 2100 - Understanding the Dance Experience Credit(s): 3

### MINOR STUDIO TECHNIQUE REQUIREMENT: 4 CREDIT HOURS

All Minors must complete at least 4 credit hours of Studio Technique classes.

More can be taken as electives for the minor. All students can take the Dance Fundamentals courses. Additionally, Dance minors may audition for Upper-Level technique courses. Please visit the Dance website for audition information and application. Note: Many major-level classes are limited access and require an audition for placement into these specific class and instructor approval. Dance Majors have priority in registering for dance classes.

- DAA 2100 - Fundamentals Of Modern Dance Credit(s): 2
- DAA 2104 - Modern Dance I Credit(s): 2
- DAA 2200 - Fundamentals Of Ballet Credit(s): 2
- DAA 2204 - Ballet I Credit(s): 2
- DAA 2500 - Fundamentals Of Jazz Dance Credit(s): 2
- DAA 3108 - Modern Dance II Credit(s): 1-3
- DAA 3109 - Modern Dance III Credit(s): 1-3
- DAA 3209 - Ballet III Credit(s): 1-3
- DAA 3214 - Ballet II Credit(s): 1-3
- DAA 4110 - Modern Dance IV Credit(s): 1-4
- DAA 4211 - Ballet IV Credit(s): 1-3

### MINOR ELECTIVES: 9 CREDIT HOURS

Dance minors should complete at least 9 credit hours of electives, at least 6 hours of which needs to be at the 3000+ level. Many classes require an audition and placement into the class and instructor approval.

- DAA 2100 - Fundamentals Of Modern Dance Credit(s): 2
- DAA 2104 - Modern Dance I Credit(s): 2
- DAA 2200 - Fundamentals Of Ballet Credit(s): 2
- DAA 2204 - Ballet I Credit(s): 2
- DAA 2500 - Fundamentals Of Jazz Dance Credit(s): 2
- DAA 3108 - Modern Dance II Credit(s): 1-3
- DAA 3109 - Modern Dance III Credit(s): 1-3
- DAA 3209 - Ballet III Credit(s): 1-3
- DAA 3214 - Ballet II Credit(s): 1-3
- DAA 3395 - World Dance Topics Credit(s): 1
- DAA 3614 - Choreography I Credit(s): 2
- DAA 3615 - Choreography II Credit(s): 2
- DAA 4110 - Modern Dance IV Credit(s): 1-4
- DAA 4211 - Ballet IV Credit(s): 1-3
- DAN 3584 - Technical Theatre in Dance Credit(s): 2
- DAN 3714 - Dance Kinesiology Credit(s): 3
- DAN 4134 - Ballet History Credit(s): 3
- DAN 4135 - 20th Century Dance History Credit(s): 3
DAN 4162 - Research in Dance I Credit(s): 3
